MOTHERS MARCH ON POLIO—Paul Brown, chairman of the Gray County polio campaign, speaks to volunteer mothers who gathered in the Palm Room Sunday to outline plans for their March on Polio to be staged between 7 and 8 p. m. Tuesday. About 75 women attended the meeting to receive instructions and hear the Rev. E. W. Henshaw, pastor of the Episcopal Church, speak on the responsibilities of the local fund in the polio wards of hospitals. A movie was shown by Brown to explain the procedure of the campaign. Mothers will call on houses Tuesday night, which invite them with a burning porch light. No solicitation will be used. (News Photo and Engraving.)

Atom Blasts Shake Nevada Residents

Atom Blasts Shake Nevada Residents

LAS VEGAS, Nev. (AP)—What was the government testing in the two atomic explosions here over the weekend and why was the second blast so much greater than the first? The fact that the Atomic Energy Commission would disclose no details on history's 10th and 11th major atomic outbursts has intensified speculation. The first explosion Saturday morning at the new AEC testing range 40 miles north of here didn't attract much attention. Most citizens slept through it. But yesterday morning's thunderous outburst was heard and felt as far away as Cedar City, Utah, 175 miles from the testing area. As to what the AEC was up to, many persons said that probably the government would not soon test the same types of atomic weapons used or tested in previous blasts. Others reasoned that the difference in intensity of blasts 10 and 11 mean that different types of weapons possibly such as atomic warheads or atomic shells, were being studied. Hundreds of rudely-awakened witnesses saw a tremendous white flash in the sky, followed closely by a dimmer orange one. The Civil Aeronautics Administration had ordered all planes out of the air for seven hours in the southwest Nevada area, the citizen said. "It looked like moon even though it was payday." All the AEC would say immediately was that this was atomic explosion No. 11, and that a survey by its technicians indicated no radioactivity within a 150-mile radius of blast no. 10 on Saturday.

A ROOM—Newsmag shows where full-scale atomic test explosion—one of a government scheduled series—was set off at the Las Vegas, Nev., bombing and gunnery range. The super solar light generated by the blast illuminated the sky so brilliantly that people scores of miles away saw the flash. (NEA Newsmag)

Solons Await New Tax Plan

WASHINGTON (AP)—President Truman advised congressional leaders today he will send his special tax message to Congress late next week. One highly placed member of Congress, who did not want his name used, said it is a fair guess that the administration recommendations will call for: 1. A reduction in personal exemptions from \$600 to \$500, and an increase of three percentage points in the rate applied at all levels of taxable income. Also, he said, there may be some steps to offset part of the advantage of split-income reporting by husbands and wives. 2. A broad expansion and increase in the excise list, aimed especially at so-called luxury items. The member said the administration probably will ask that the liquor tax be increased from \$9 a gallon to \$12, and that the impost be raised on wine, beer, cigarettes, gasoline, and many other items. 3. An increase in corporation income rates, probably from the present 47 percent rate to 55 to bring it close to \$2,000,000 a year. 4. Broad action in the "loop hole plugging" field, along with stern efforts to crack down on persons who do not now list all their income in making tax reports, especially from dividend and interest. Some Capitol Hill sources speculate that Mr. Truman may ask for a two-package bill, providing for a quick bill getting the easiest sources of new revenue, with another bill later dealing with technical and more controversial subjects.

Funeral Services To Be Held Tuesday For Mrs. McNally

Funeral services have been set for Mrs. W. L. McNally who died Saturday at her home west of Pampa. Services will be held at 2 p. m. Tuesday at the First Baptist Church, Rev. E. Douglas Greer officiating. Interment will be in Fairview Cemetery. Pallbearers will be A. T. Peterson, L. H. Anderson, E. L. Anderson, Roy Guston, D. B. Jameson and Earl Brekink. The Duenkel-Carmichael Funeral Home is in charge of arrangements.

Communies Die Fighting As UN Forces Continue Drive

Plea For Finishing Highway To Be Set Before Commission

The State Highway Commission at Austin Tuesday will be faced with a request for a turnkey job by Gray, Roberts and Ochiltree County officials on completion of State Highway 70—the Pampa-Perryton Road including construction of a bridge over the Canadian River. Included in the request, besides the bridge, will be the paving of 20.87 miles from the end of paving in Roberts County to the south bank of the river and paving the remaining 11 miles north of the river toward Perryton. To date the highway paving has been extended only 4.4 miles on the south side of the river. That project was included in the 26.29 miles road building contract awarded Ernest Lloyd, Fort Worth, in 1950. Attending the hearing from Pampa are Fred Thompson, Sherman White, and E. O. Wedgeworth. The group left Pampa by automobile at 7 a. m. today. They will be joined in Austin by Roberts County Judge Woody Pond, and Roberts County Commissioner Woods King; Ochiltree County Commissioner John King; Harland Hawk, Jerome Wood, and W. B. LaMaster of Perryton. County Judge Bruce Parker was refused permission to accompany the Pampa group by his physician, but the judge hopes to be allowed to fly to Austin Tuesday or Wednesday. If the request is finally granted by the State Highway Commission it will leave only one important item left until the highway is considered complete—an underpass at the N. Hobart railroad crossing. Funds have already been allocated by the state for widening and paving the N. Hobart section of the highway. A contract for that project is slated to be let in March.

Ice Crawling Across Texas

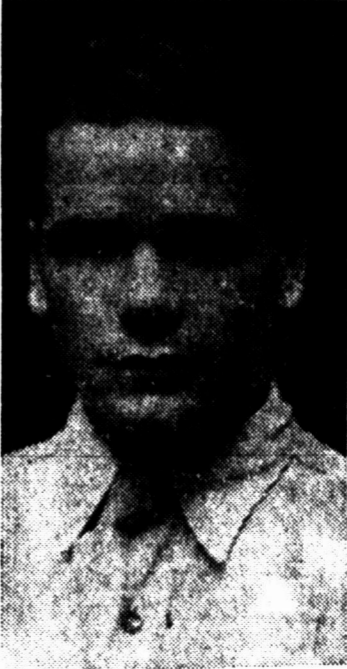

The sight of automobiles, both old and new, being pushed to start, today, was not an unusual one in Pampa, as the mercury dropped to one below zero at 7 a. m. The cold wave, which got a good start Sunday, caused a small rush, late Saturday, on the part of automobile owners, to business houses carrying anti-freeze. Although no moisture fell in Pampa or surrounding area, the Associated Press reports a thin sheet of ice crawling across Texas. Freezing rain coated much of the Eastern half of the state, Sunday, and was expected to continue through last night and early today—spreading west and southward. The heaviest fall was reported in the Texarkana area, where the temperature was 24 degrees. The weather bureau said .60 of an inch of precipitation was recorded there. The bureau said it was general over the eastern and southern parts of the state. Amarillo and Dalhart reported a minus-one for the minimum. Sunday. Lubbock reported 3 above, Big Spring, 9, and it was 11 at Abilene and San Angelo. Up to press time no reports have come in concerning cattle or other livestock losses in the Pampa area.

Britain Calls 235,000 Men For Training

LONDON (AP)—Prime Minister Attlee announced today Britain will call up 235,000 army reserves for 15 days of training this summer. At the same time the Royal Air Force will recall 10,000 officers and men from its own reserve. Attlee gave this information at the start of a statement to the House of Commons outlining Britain's plans for rearmament against Red aggression. Attlee said the total strength of this nation's armed forces will be 800,000 men by April 1. This compares with 882,000 in April, 1950. The army reserves to be called up this summer will be mainly Class "Z" men—that is, draftees who served between the start of World War Two and Jan. 1, 1949. Attlee said the expanded defense program will cost \$4,700,000,000 pounds sterling or \$13,760,000,000 over the next three years. This compares with a government estimate last September of \$3,600,000,000 pounds sterling or \$10,080,000,000 for the same period. The royal navy will call up about 6,000 enlisted men and 600 officers for 18 months of service. Attlee said the army call up will include 40,000 men for the anti-aircraft command. Another 80,000 will train with the territorial units in which they would serve if war broke out. The territorial units are the equivalent of the National Guard in the United States. The remaining 115,000 will go into already active army formations in the United Kingdom. Attlee said, "and in various technical, administrative and fighting units which would be required in the event of war to support the forces overseas and in this country."

Wage, Price Officials Begin Job Melting Freeze Pressure

WASHINGTON (AP)—Price and wage stabilization officials set to work today on the delicate and tedious job of releasing some of the pressures behind the dam they built last Friday to hold back living costs. Their task is to remove as quickly as possible the acknowledged inequities which resulted when the government on Friday night froze most prices at peak levels between Dec. 19 and Jan. 25 and all wages as of Jan. 25. The Wage Stabilization Board prepared a statement expected to announce that large groups of employees are exempt from the wage freeze. These would include 1,000,000 federal, state and municipal workers and also employees of small firms—all exempt from stabilization during World War II. There are whole industries exempt from price controls under the defense production act, too. These include newspaper and publishing fields, radio, television and similar communications, utilities, carriers and movie theater admissions. Whether wages in those industries will be controlled is up to the lawyers already holding their heads. Besides the statement on exemptions, the wage board headed by Cyrus S. Chang is driving to come out with a formula possibly on Tuesday or Wednesday for granting blanket ap-

SLAIN—Double funeral rites were conducted Saturday for Lloyd Hulsey, a former Pampa and son of Jess Hulsey, Pampa, and his sister-in-law, Mrs. Dorothy Brooks, in Galveston. The two were killed Thursday by Mrs. Brooks' estranged husband, Raymond D. Brooks.

Pampan's Son Shot To Death

A double funeral was held Saturday in Galveston for Lloyd Hulsey, 20, former Pampa and son of Jess Hulsey, Pampa, and his sister-in-law, Mrs. Dorothy Brooks, in Galveston. The two were killed Thursday by Mrs. Brooks' estranged husband, Raymond D. Brooks. Mrs. Hulsey, after seeing her husband shot down, escaped by fleeing the house, she said, after Brooks threatened to "kill every one in sight." Survivors of Hulsey include his widow; his mother, Mrs. Ruby Yeaman of Galveston; his father; a daughter, Barbara Ann; two brothers, Walter Hulsey of Pampa, O'Neal Hulsey of Borger, and a step-brother, Aaron Vaughn of Galveston.

House Junks Plan For Agency Budgets

WASHINGTON (AP)—By a 31 to 18 vote, the House Appropriations Committee today junked the one-package system of handling federal appropriations. It decided to return to the old system of handling the budget of each agency in a separate bill. The one-package plan was used for the first time last year. Chairman Cannon (D-Mo.) told newsmen 13 of the 20 Republicans joined 18 of the 30 Democrats on the committee in deciding the one-package system. Against discarding it were 16 Democrats and 2 Republicans. U.S. Battery for all cars; 18 month guarantee; \$12.95 each. The Auto Mart, 220 N. Somerville.

Chinese Blasted By Rifle, Grenade Fire

TOKYO (AP)—Chinese Communists died fighting in their mountain foxholes today. They resisted to the bitter end a wary but seemingly relentless allied advance to within 10 miles of Seoul in Western Korea. Associated Press Correspondent Jim Becker reported 130 Reds were killed on one hill alone. Only eight were captured. Air strikes and artillery raked the enemy positions, but UN infantrymen finally had to scramble up the frozen hillsides and blast out the Reds with grenades and rifle fire. The U. S. Eighth Army reported advances up to three miles along the 40-mile western front. In the area north of Suwon, 38 P-51 fighter-bombers dumped 3,000 gallons of fiery napalm (jellied gasoline) in the heaviest Mustang mass attack of the war. Red troops and buildings were hit. Early estimates were that 100 Reds were killed and 240 buildings destroyed or damaged.

Pleven Seeks Friendship Of U. S. On Visit

WASHINGTON (AP)—French Premier Rene Pleven arrived today for cold war strategy talks and President Truman told him he hopes to prove the United States is the "real friend" of France. The President greeted the visiting French leader at Union Station, a few hours before they were to begin conferences on world problems. Pleven came here reportedly seeking assurances from the President that the United States will retaliate immediately with the atomic bomb in the event Russian armies invade France. Mr. Truman, Secretary of State Acheson, Defense Secretary, and all and most of the cabinet were on hand to meet Pleven on the dark, rainy morning. The 49-year-old French leader shook hands warmly with the President and said: "I am looking forward to the conversations with you which begin today. I shall always remember that the United States did for France during the last war. I also remember that during the last two centuries our countries have always been friends and I am sure ways will be found. Mr. Truman replied: "I am pleased to welcome you. I hope you will have a pleasant and profitable visit. We are all friends of France here in the United States. We have always been your friends during your stay here and we are the real friends of France." Mr. Truman and Pleven met on a roped-off side street, surrounded by police and secret service men, about a half hour after Pleven's train pulled in from New York. Chinese and North Korean troops mined roads and set up road blocks behind some of the forward UN units. One attack by 600 enemy troops six miles west of Icheon forced allied units to fall back, but they later restored their lines. The biggest clash started three miles north of Suwon, where an estimated enemy battalion attacked shortly after midnight Sunday. The fire fight was not heavy for about two hours and then simmered down to skirmishing which continued long after daylight. Later Monday, Associated Press Correspondent Jim Becker reported the allies had pushed eight miles north of Suwon, but the going was rough. At one point Red troops believed to comprise elements of two regiments held up progress. (See COMMEN, Page 2)

Home Is Destroyed Near Wheeler By Fire Early Today

WHEELER (Special)—The farm home of Mr. and Mrs. W. M. Sanders, 5 miles northwest of Wheeler, was destroyed by fire this morning and several acres of pasture were also burned off before the blaze could be extinguished by the Wheeler Volunteer Fire Department. Mr. Sanders is a retired preacher. The fire was reported to fire chief Jack Garrison a building by Johnny Reed, but before the fire truck could get to the house it was destroyed. The high wind blew burning debris across the highway to the pasture of O. V. Fendleton, setting it ablaze. While fighting the pasture blaze, the fire truck burst a tire and only through the hand-fighting of neighboring farmers was the Fendleton home saved. No immediate estimate of the damage was available.

Pampans Fined For Drunken Driving

Buster Elgin Bell, Pampa, pleaded guilty today to a charge of driving while intoxicated and was fined \$150 and costs in Gray County Court. Bell was picked up Sunday after he drove his car up on the sidewalk the time "opportunity" curb on Alcock, through a fence, back through it, and back on the highway. In the act of stopping, he scraped the side of another automobile. Bell was Pampa man. Kell Wagner, was fined \$100 and costs for the same offense.

McLean Shower Compliments A Recent Bride

McLEAN — Mrs. Jerry Hamilton, the former Miss Patsy Lowary, was honored with a bridal shower and come-and-go tea in the home of Mrs. Roger Powers in McLean.

In the receiving line were Mrs. Hamilton, her mother, Mrs. Custer Lowary, and her mother-in-law, Mrs. Martha Noel.

Presiding over the tea table were Mrs. Bill Reeves, Mrs. C. P. Hamilton, Mrs. Bill Cash, and Mrs. Don Salisbury of Pampa, aunt of the bride, registered the guests.

The following called during the afternoon: Mmes. Don Salisbury, Bud Salisbury, Escobedo Lowary, Nell Brown and Bob Ewing of Pampa; and John Rapetine of White Deer.

From McLean were Mmes. R. T. Dickinson, C. F. Callahan, Emory Crockett, C. P. Peabody, Ernest Beck, C. E. Cooke, Forrest Hupp, Don Haslam and John Haynes.

Mmes. Bill Webb, Earl Stubbfield, Ruel Smith, Lester Campbell, Johnnie Hayes, E. J. Windom, Sr., E. J. Windom, Jr., C. R. Griffith, Clyde Brown, Woody Wilkerson, Herschel McCarty, George Colebank, Don Alexander, Ray McDonald and Alma Turman and Misses Loyce Miller and Ruby Cook.

Gifts were received from many who were unable to be present.

WE, THE WOMEN

By RUTH MILLET

NEA Staff Writer

In predicting how "Life Will Be Different in 1951" for various groups, U. S. News and World Report says:

"The housewife will have much to grumble about in 1951. Household budgets will not stretch as far. It will be harder to get a table at reasonable cost. Clothing for the children will seem to be sky high. Sometimes things will be scarce. Later there may be ration books to deal with. It will be more difficult than ever to get help around the house."

Well, that ought not to scare the housewife. She has gone through all that before.

She learned during World War II that budgets could be stretched to unbelievable lengths by the simple expedient of saying: "We just can't afford it." Remember, it was downright fashionable during the war years to economize in every possible way.

Rationing taught her all sorts of ways of providing good meals with a minimum of this or that scarce or rationed food. If in 1951 she has to ration her own buying because of higher prices, she can get out some of those old recipes she accumulated during the years of rationing.

NO ONE SUFFERED UNDER RATIONING. Food rationing itself, if it comes again, shouldn't scare her. It was a nuisance, but nothing worse. And it did provide endless conversation.

As for children's clothing going sky high, that may call for a little ingenuity. But any woman who is willing to spend some time at the sewing machine can make and make over clothes for children. And remember the swapping that went on during the last war when Mrs. Jones gave Bobby's outgrown clothes to Billy Smith and Billy's mother

Catholic Women's Group Gives Card Party For Charity

The Household of Martha of Holy Souls Church entertained members and guests with a bridge and canasta party in Parish Hall. Hostesses were Mrs. Walter Pung, Mrs. Hampton Waddell, Mrs. Harold Allendorf and Mrs. Jacob Garman.

Mrs. A. B. Zahn was at the door to receive and Mrs. V. J. Jamieson was in charge of scoring. Play procedure was announced by Mrs. F. A. Hollenbeck.

Proceeds from the event will be donated to needy missions both here and overseas. The next party will be March 28.

After awarding of prizes refreshments were served to 20 women and to the Rev. Otto Meyer.

Mrs. C. A. Tignor Heads Entre Nous

Mrs. C. A. Tignor was installed as president of the Entre Nous Club at a meeting in the home of Mrs. Dave Turcotte.

Other newly installed officers of the club are Mrs. Guy Farrington, vice president; Mrs. J. R. Spearman, secretary and treasurer; Mrs. Joe Lewis, reporter and Mrs. Doyle Osborne, parliamentarian.

Mrs. Guy Farrington led a discussion of "Living Room Color Schemes."

All members were asked to take something for a package for Girls' Town to the next meeting. The meeting will be held in the home of Mrs. Maye Skaggs on Feb. 2.

Members present were Mrs. Guy Farrington, Mrs. Maye Skaggs, Mrs. Tignor, Mrs. Boyde Brown, Mrs. J. C. Farrington, Mrs. Norman Walberg, and one visitor, Mrs. Bill Ridgeway.

Baby Shower Honors Mrs. Charlie Hammonds

A baby shower in the home of Mrs. Marvin Gray, 2067 N. Hamilton, honored Mrs. Charlie Hammonds, hostesses were Mrs. Herbert Cowan and Mrs. Boyd White.

Those present were Mmes. Marvin Colgrove, A. W. Johns, Jim Blasingame, Homer Snider, Bob Knight, Marion Moore, Wayne Couch, Boyd Moore, Joe Gabriel, Leroy Thompson, T. L. Posey, George Gray, O. N. McDaniel, James Martin, J. L. Dykes, Earl Brooks and Alfred Reynolds.

Gifts were sent by several who could not be present.

Church Members Have Covered Dish Supper

CANADIAN — (Special) — Members of the First Christian Church held a covered dish supper in Fellowship Hall. A business meeting followed the supper.

Rev. Thos. Gray, pastor of the church, and Mrs. Gray provided entertainment by singing several numbers and accompanying themselves with ukulele and guitar.

Read the NEWS Classified Ads passed his on to someone else's child?

As for household help, many a woman learned during the war that she could get along without any help at all. And sometimes even found it was a relief to have her house to herself and not have to try to keep a maid happy.

No, if those should be the worst hardships the housewife will have to face in 1951 she won't have anything at all to grumble about. In fact, she ought to be downright grateful for having it so good.

Raid Linen Shelf For Home Decorating Change

A budget-minded housewife raids her linen shelves for decorating materials, producing eye-trimmed draperies and vanity skirt from pastel sheets (right) and a window swag (center) from a colorful bath towel. Gay nursery ensemble (left) is made from broadcloth in a bright drum print.

Save Money With Chuck Steak

By GAYNOR MADDOX NEA Staff Writer

Use chuck or round steak often to lower meat costs. But use them in delicious dishes all the family will relish. Study your cookbooks and read your food columns for new and less expensive main dish meat dishes. You'll find many. Here are two for you.

Tasty Beef Rice Balls in Tomato Sauce (Serves 3 to 4)

One pound beef chuck or round, 3 tablespoons chopped onion, 1 1/2 cup rice, uncooked, 1 1/2 cup cracker crumbs, 1-3 cup milk, 1 teaspoon salt, 1-8 teaspoon pepper, 2 tablespoons fat, one 10 1/2-oz. can tomato soup, 1 cup (small can) mushroom pieces.

Mix thoroughly beef, onion, rice, crumbs, milk and seasonings. Shape with hands into 1-inch balls. Fry slowly in fat in heavy skillet. Turn to brown evenly. Add soup mixed with water. Cover and simmer about 15 minutes. Add cracker crumbs to hot platter. Stir mushrooms and liquid into gravy in pan. Boil up and serve in bowl with the meat balls.

VARIANATIONS: In place of tomato soup, use cream of mushroom, celery or chicken soup.

Hearty Beef and Gravy (Serves 6 to 8)

Two pounds beef neck or shank meat, 1-4 cup flour, 1-4 cup finely chopped onion, 1-4 cup finely chopped celery, 2 tablespoons fat, 2 cups water, 2 teaspoons salt, 1-8 teaspoon pepper, 1 teaspoon Worcestershire sauce.

Cut beef into 1-inch cubes. Roll in flour. Pan fry onions and celery in hot fat in heavy skillet. Remove from pan. Pan fry beef until well browned. Return onions and celery to pan. Add water, salt, pepper and Worcestershire sauce. Cover. Simmer until fork tender (about 1 1/2 to 2 hours). Thicken gravy if necessary. Serve over hot noodles, baked potatoes or steamed rice.

MILLER CHIROPRACTIC CLINIC

309 N. BALLARD PHONE 539 OFFICE HOURS MONDAY, WEDNESDAY, FRIDAY 9 a. m. to 12 Noon — 2 p. m. to 5 p. m. TUESDAY & SATURDAY 9 a. m. to 12 Noon FROM 7-8 P. M. MON., WED., FRI. Closed Thursday & Sunday

DR. GORDON MILLER LEARNS VALUE OF CHIROPRACTIC

Evansville, Ind., March 14, 1950 To Whom It May Concern:

Six years ago last summer I was taken very ill with a female disorder. I was treated by several doctors, told there was no relief without a surgical operation, and after six years of suffering, I had to submit to surgery as a last resort. I thought, I never recovered from the weakness brought on by the operation, which only made my disorder more pronounced. In about seven months I was ordered by my physician to go to the hospital for a second operation. I was in such a weakened condition that I just didn't feel I could go through another surgical operation.

About that time a friend recommended that I try Chiropractic. After the first adjustment I could feel an improvement, and after series of adjustments I have gained my normal weight and also my strength. Now I do all my work and am feeling fine.

Recently, out of curiosity, I went to a medical doctor for a physical examination, and he found no sign of the disorder for which they wanted to operate.

I have learned the value of Chiropractic not only in getting me well, but also as a means of keeping in good health, so I go to the Chiropractor for a spinal check-up about once a month.

I write this in sincere interest that others will try Chiropractic, no matter how bad or how insignificant their illness might seem to be.

(Signed) ROXIE RHODES. Subscribed and sworn to before me this 14th day of March, 1950. (SEAL) VIRGINIA RICH, Notary Public My Commission Expires March 16, 1951.

Moscow Trying to Keep Italy Stirred Up, Keep Tito Uneasy

By JOHN FISHER

Italian Communists have mapped out a program of increasing violence and brutality...

The mass movements of protest might have caused even greater rioting had not Mario Scelba, security chief, flooded "Red belt" districts with energetic carabinieri...

Rome still has grievances against the Italian stogies to keep volatile Italy in eruption...

Although the recently defeated country has made remarkable progress from the moral collapse and material wreckage of war...

It is a newsworld, showing President Truman addressing the American people...

Christian Democratic and socialist party members agreed on an anti-Communist program...

He charges that Scelba's secret service is "inspired by the dog of the underworld, against thieves, criminals, murderers and journalists devoid of honor..."

In the final saying, it holds out the hope that the 18-year-olds will give us maximum protection...

Washington... by Peter Edson

By PETER EDSON

national income on defense as the United States—eight percent for the British and French against eight and a half for the U. S.

CONTRIBUTIONS

So the mutual criticism may be all to the good. It should sharpen alertness to responsibilities in both Europe and America.

What these contributions reveal is that it is necessary for the politicians of any of the powers to show convictions and responsibilities at any of the others.

When the late Dr. Charles A. Beard, the political scientist, was spending a few days in a small apartment town, the postmaster asked him what kind of a doctor he was.

Better Jobs

By R. C. HOILES

"Where We Are At" In the last issue I was quoting from the book "Where We Are At" by Thomas H. Barber...

Every man craves freedom—that is his own exemption from the interference of others. He craves it with a passion that amounts to a natural instinct.

Unfortunately, this strong instinct for personal liberty is almost universally accompanied by an equally strong desire to interfere with others.

Brother James's smashing defeat for the governorship of California last fall leaves the field clear, and virtually forces Junior to put aside his brush and youthful ways...

He is smart enough to know, even if his mother did not so advise him, that New York night clubs do not furnish a good avenue of approach to the renovated White House.

TRY — Young Roosevelt may undergo the same metamorphosis his father did, so his ambitious friends believe.

SHFT — We persuaded the leadership to shift him from the important but unimportant Expenditures Committee of Foreign Affairs...

He will go down the line for the Truman policy on domestic and foreign problems. Possibly winning White House support in an all-out war for future ballot-box ventures...

CALENDAR — His constant study of the political calendar convinces that he has no time to make for the main chance, and especially if counties, cities and towns had hardly any salaries...

EXPANSION — Other figures that may deter Stalin concern industrial expansion of a kind not generally appreciated. A kind not generally appreciated...

PREPARED — The recent rash of statements at Washington forecasting no World War III in the near future are based on the prophet's recapitulation of America's industrial and agricultural resources for a prolonged conflict.

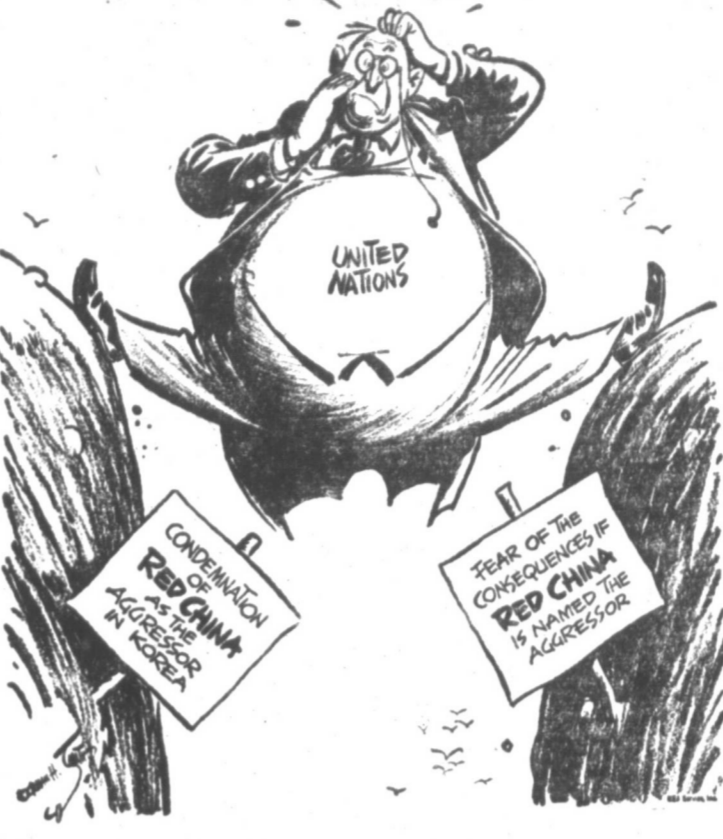

But the question still disturbing even these optimists is whether Stalin and his Kremlin conspirators know it, or whether they credit their own propaganda that the United States is a decadent country...

MECHANIZATION — Mechanization has brought a productivity, releasing manpower for other war-essential purposes.

Several Americans are familiar with these figures, or recognize their significance. Our greatest prospect of peace is that Stalin knows what they will mean sooner or later, if he goes on a rampage.

Trying to Set an Endurance Record

National Whirligig

By RAY TUCKER

WASHINGTON — Representative Franklin D. Roosevelt, Jr., has not exactly stunned his congressional colleagues...

Not every skin rash is eczema by a long shot, though some people seem to think so. Eczema, or dermatitis, is a skin condition...

Another global war should produce strange faces and new problems. The magic of the Roosevelt name may have lost its appeal to future electorates.

Several major possibilities lie ahead of him. Although he will be only 38 years old in 1952, he may seek the Senate seat now held by Senator Ives.

He might be left at the gate if he delayed any major attempt until the expiration in 1956 of Senator Lehman's term, even though it is not expected that this elder will seek reelection.

HANDY — But there are other prospects lurking in his backers' minds. Should President Truman run again next year, the name of Roosevelt might still be a valuable asset...

Indeed, FDR, Jr., might come in handy politically, if somebody like Chief Justice Fred Vinson should be the next Democratic presidential nominee.

But the question still disturbing even these optimists is whether Stalin and his Kremlin conspirators know it, or whether they credit their own propaganda that the United States is a decadent country...

Mechanization has brought a productivity, releasing manpower for other war-essential purposes.

Several Americans are familiar with these figures, or recognize their significance. Our greatest prospect of peace is that Stalin knows what they will mean sooner or later, if he goes on a rampage.

Another Wolf In Sheep's Clothing

By DAVID BAXTER

According to the New York Times (12/20/50), "Dr. Dryden L. Phelps, a Baptist missionary in China since 1921 and a nephew of the late William Lyon Phelps of Yale University, has been recalled to this country by church officials to explain a letter published under his name in the November issue of the magazine Soviet Russia Today."

In the article Phelps hailed the Chinese Communists as "the most comprehensive renaissance the human spirit has ever experienced" and "the most dynamic change in human history."

In his letter the Baptist missionary Phelps said that he and a Chinaman had translated into Chinese an article by Rev. William Howard Melish, ex-associate pastor of Holy Trinity Episcopal church, Brooklyn.

Not every skin rash is eczema by a long shot, though some people seem to think so. Eczema, or dermatitis, is a skin condition...

Another global war should produce strange faces and new problems. The magic of the Roosevelt name may have lost its appeal to future electorates.

Several major possibilities lie ahead of him. Although he will be only 38 years old in 1952, he may seek the Senate seat now held by Senator Ives.

He might be left at the gate if he delayed any major attempt until the expiration in 1956 of Senator Lehman's term, even though it is not expected that this elder will seek reelection.

HANDY — But there are other prospects lurking in his backers' minds. Should President Truman run again next year, the name of Roosevelt might still be a valuable asset...

Indeed, FDR, Jr., might come in handy politically, if somebody like Chief Justice Fred Vinson should be the next Democratic presidential nominee.

Steers Get Cage Test This Week

By WILBUR MARTIN
Associated Press Staff

This week will tell if Jack Gray's Texas Longhorns are just lucky—as he claims—or if they're really the class of Southwest Conference basketball.

The Longhorns, boasting the only undefeated record in conference play, tackle powerful Texas A & M Wednesday at College Station, then play host to the equally rough Texas Christian Horned Frogs Saturday at Austin.

By winning their first four games—three by a total of six points—the Longhorns claim they surprised even themselves. They did the filberts who figured them for a final spot in the standings only a cut above the cellar.

Texas Christian, tied with A & M for second place, tuned up for tomorrow's tilt with Baylor last week by polishing off Lackland Air Force Base, 54-44 and Howard Payne, 79-44.

In the only other game, Baylor dropped a decision to Oklahoma City University, 82-48.

In other games this week, Arkansas plays Tulane at Little Rock Thursday and Rice meets Sam Houston State the same night at Houston.

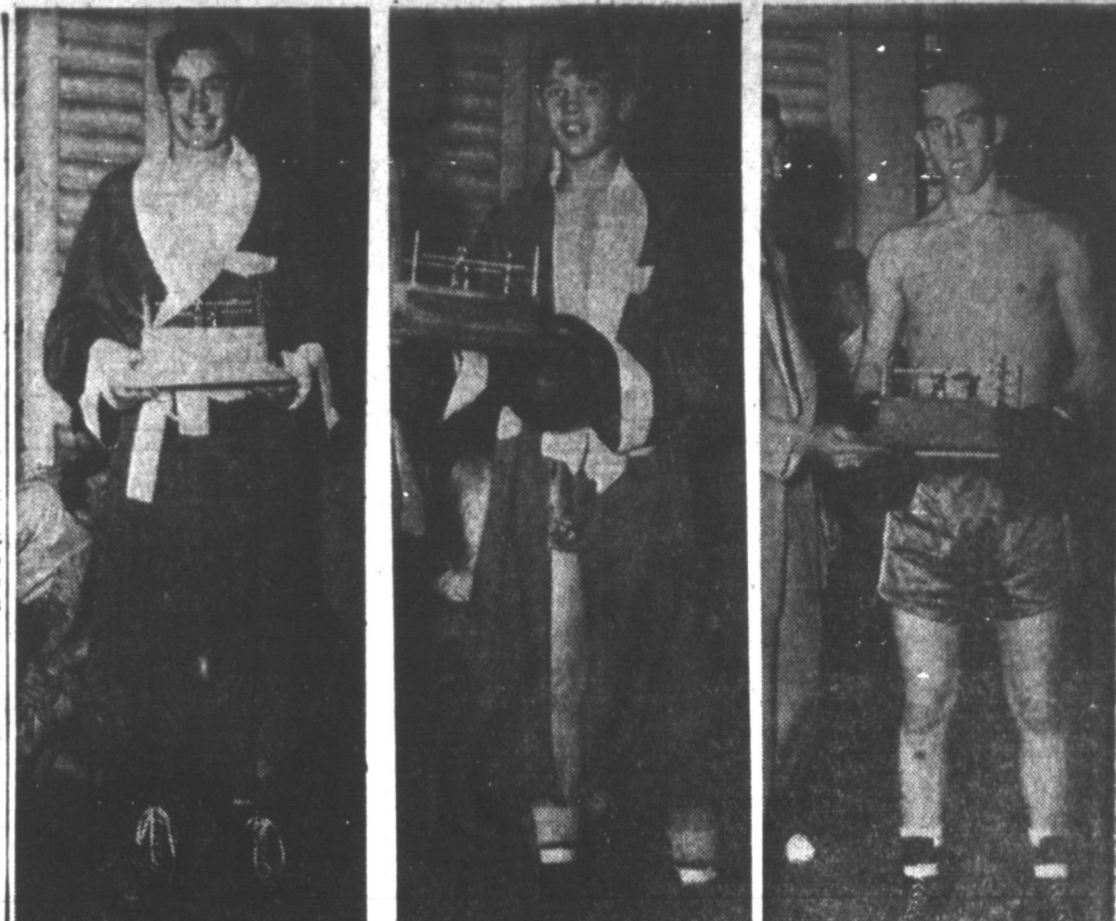

Southern Methodist University entertains Tulsa Saturday at Dallas.

This week's games mark the half-way mark in the conference race. For all practical purposes, there's just three teams left—Texas, A & M and Texas Christian. The other four quintas have lost three or more games.

Texas will face two different type ball clubs as it seeks to build a commanding lead in the conference race. A & M is an exponent of the ball control method while Texas Christian depends on the fast break.

Joe McDermott of Rice paces season scorers with 230 points, four better than George McLeod of Texas Christian.

Jack Brown of Southern Methodist paces conference scoring with 82 points, eight better than teammate Fred Freeman has posted.

ALL SMILES—Durwood Lynch, Panhandle courier representing the Pampa District, proudly holds on to his trophy at Amarillo Saturday night. Lynch TKO'd Jimmy Bennett of Pampa in the finals to take the 155-pound regional title. (News Photo and Engraving)

WINNING TROPHY—Bobby Wilhelm, 185-pound swinger for the Pampa Boys Club Inc., holds his trophy gently with two gloves. Wilhelm dethroned Billy Helms of Shamrock in the 135-pound class at Amarillo Saturday night. (News Photo and Engraving)

PAMPA WINNER—Dick Murray receives the winning trophy in the 115-pound class at the Amarillo Regional Golden Gloves Saturday night. Murray still has his mouthpiece in place. He TKO'd Roy Boyd, Jr., of Amarillo to annex the regional title. (News Photo and Engraving)

Columbia Is Only Quintet In Major Ranks Undefeated

By JOE FALLS

NEW YORK —(AP)— Now that LIU has taken its place among the vanquished, Columbia's basketball team today stood alone as the only major club in the land with an unscathed record.

But, despite their glamorous 12-0 record, the Lions are forced to take a back seat to the hot duel between Kentucky and Oklahoma A&M, battling for national honors.

Last week Kentucky edged out Long Island University for No. 1 spot in the Associated Press poll, with the Aggies placing third. While Kentucky handled its assignments against Georgia Tech and Vanderbilt in fine style, Oklahoma A&M gained stature in its successive victories over Bradley, the No. 4 team, and ever-tough DePaul.

LIU's Blackbirds took a 15-game winning streak 3,000 miles to San Francisco and almost had it snapped by the unimpressive San Francisco Dons. Long Island prevailed, however, 58-52.

But luck deserted the Blackbirds Saturday night. Their 16-game run was smashed by California's Golden Bears—a team which had lost nine times—69-67.

Columbia now is the only club with a chance to complete the season undefeated, a most elusive trick last turned by Army's 1944 squad. That year the Cadets won 15 games without a set-back.

But getting back to the Kentucky-Oklahoma A&M feud, the Aggies are idle this week while the Wildcats play no fewer than four conference games—Tulane (tonight), LSU (Wednesday), Mississippi State (Friday) and Mississippi (Saturday). All are road games except the LSU tilt. Kentucky defeated Vanderbilt, 74-49, to take the undisputed lead in the Southeastern Conference. It gave the Wildcats a 6-0 loop record, compared to Vanderbilt's 7-1 and Tulane's 5-1. The men of Adolph Rupp should have clear sailing from now on. Oklahoma A&M by virtue of its one-point victory over Bradley last Friday, has a mild stranglehold on the Missouri Valley lead. The Aggies, 18-1 overall, have a 5-0 conference record, but, more important, have whipped both Bradley and St. Louis, the teams considered to give them the most trouble.

Long Island University by no means is out of the woods. In fact, the worst is yet to come. The Blackbirds play a formidable Arizona team at Tucson tonight, then make stops at Kansas State, the Big Seven leader, Wednesday and St. Louis Saturday. The lack of dependable reserves is starting to tell on LIU.

Sports Round-Up

By HUGH FULLERTON, JR.

NEW YORK —(AP)— The long and short of it at Fordham: Genial Jack Coffey begins his 20th year as Fordham's graduate manager of athletics next Thursday. A few weeks later he'll begin his 30th season as baseball manager of the Red Bulls.

John Each, 27-year-old basketball tutor, is in his first year of coaching of any kind. Coffey, who warmed several major league benches, was a shortstop in his playing days, but his most noted pupils have been pitchers—Hank Borowy, Johnny Murphy and, more recently, Tom Casagrande.

Although the National League was organized in 1876, it wasn't until 1883 that the circuit hired its first staff of umpires—paying them five bucks per game. Ernie (The Rock) Durando, the Bayonne, N.J., lad who fights Harold Green at St. Nick's Friday, raises pigeons as a hobby. When his boxing days end, Ernie plans to make that his fulltime business. Which doesn't mean he'd ever take a dove.

Returning from the Indiana-Purdue school game at Lafayette, Ind., Coach Branch McCracken of Indiana asked his players if any of the Purdue boys had tried to talk to them on the floor. Forward Phil Buck, who had played two years of high school ball as a team, spoke up: "Yeah, Price did." "What did he say, Phil?" "What did he say?" Branch demanded excitedly. "Hi," replied Buck.

The Pampa Daily News

SPORTS

PAMPA NEWS, MONDAY, JANUARY 29, 1951 PAGE 5

Pampa Plays Borger Team Here Tuesday

Coach Cliff McNeely's underdog Green and Gold basketball crew faces the tough Borger Bulldogs in the junior high gym at 8 o'clock Tuesday night.

A Borger victory tomorrow night will knock the Harvesters out of the District 1-AA cage race. The Bulldogs are leading the loop with a 3-0 record. Amarillo is second with a 2-1, and Pampa is third with a 1-1 record. A win over the Bulldogs would give the Harvesters a chance at the flag.

Pampa has two games left with the Amarillo Sandies and one with the Plainview Bulldogs. Borger will have two games left, one each with Amarillo and Plainview. The Bulldogs checked the Harvesters at Borger, 48-43, for their conference loss. Pampa defeated Plainview here for its loop win.

Borger has lost only three games this year while Pampa has dropped four. Lubbock halted the Bulldogs twice, and Stratford edged Tex Hanna's quintet in an overtime in the season opener. Pampa has lost to Borger, Lubbock, Port Arthur and Guyton, Okla. The Harvesters have notched 19 victories this season.

All reserve seats have been sold for Tuesday night's contest.

At Last! Amarillo Hires Grid Coach

AMARILLO —(AP)— Bill Deefe, Texas' "Junior College Coach of the Year in 1949," has been named head football coach at Amarillo High School.

School Superintendent Charles M. Rogers yesterday announced Deefe had signed a three year contract. He succeeds Howard (Bull) Lynch, coach of the Golden Sandstorm for 14 years.

Deefe will receive \$6,500 for the first year of his contract, \$6,750 the second, and \$7,000 the third. Deefe formerly coached at Carlisle High School and has been head coach at Panola County Junior College the last two years. He played football for East Texas State.

Lynch coached Amarillo to one state championship. His team went to the finals of the Class AA race in 1948.

East Texas Baseball League Suspends Operations For '51

LONGVIEW —(AP)— The East Texas League joined the Rio Grande League on the sidelines for this baseball season.

Directors of the Class C circuit yesterday voted to suspend operations for the 1951 season and authorized club owners to sell their players immediately.

The Rio Grande, a Class C loop, folded recently when three of its members—Harlingen, Brownsville and Laredo—pulled out to join the Class B Gulf Coast. The Rio Grande had only five teams—McAllen and Del Rio were the others—and had been looking for the sixth entry.

The East Texas, too, was faced with a problem of getting a sixth member. Six towns were in the league, but Kilgore had announced it would not field a team, then a "maybe" was tacked on to the decision.

But yesterday just two teams—Tyler and Henderson—favored continuing operations this year. Marshall, represented by proxy, said it would field a team if the league operated.

"We are not disbanding the East Texas League," President Jimmy Dalrymple said. "We merely are suspending operations temporarily until conditions improve."

Dalrymple and club owners at the meeting were of the opinion that the present worst situation had taken the "minds and interests of fans off baseball."

Dalrymple had contacted several East Texas towns prior to the meeting in an effort to interest them in joining the league. Corsicana was the only town to show interest. But R. W. Knight, chamber of commerce manager there, pointed out the town had no baseball park.

"And with the current ban on that type construction, it doesn't seem feasible for us to enter organized baseball at this time," he said.

Longview, Marshall, Tyler, Gladewater and Henderson were listed as members of the league. Before the show-down meeting there had been some speculation that Gladewater would announce it would not operate.

The action climaxed a series of difficulties which started at mid-season last year. Then Paris had to quit and Bryan suspended operations in order for the circuit to last out the year with an even number of teams—six.

Almost every city in the league had noted a continuing decrease in attendance.

Suspension of operations by the East Texas League left Texas with six professional leagues: Texas, Big State, Longhorn, Gulf Coast, West Texas-New Mexico, and Arizona-Texas.

Only one Texas town is represented in the Arizona-Texas—El Paso—and there has been reports this circuit would not operate this year.

The membership of all of these leagues is set with the exception of the Big State where Greenville today will decide whether it will continue.

Tyler and Longview have expressed an interest in joining the Big State if Greenville does not operate.

Chiefs Meet Wayland At Clovis Gym

The Noblitt-Coffey Chiefs battle Wayland College of Plainview in a basketball tilt tonight at Clovis, N.M., with proceeds from the game going to the March of Dimes.

Pampa's AAU cagers have won six and dropped one game this season. The Whiskered Wizards is the only club to check the Chiefs, 60-52.

Wayland and the Chiefs have defeated Dowells Cafe of Amarillo. The Chiefs edged the cafe 67-65, in the last second of play, and Wayland defeated them four points in an overtime.

The Chiefs will be playing without the service of their star forward, Cliff McNeely. The Harvesters cage mentor has a tough game with the Borger Bulldogs here tomorrow night and was unable to make the trip.

Clovis fans will get to see one of their favorites when the Chiefs take the floor tonight. Garland Head, Chiefs guard, led three years at Clovis High School in 1937-40. His parents, Mr. and Mrs. Joe Head, live north of Clovis.

Probable starters for the Chiefs: Kenneth Simpson and Jimmy King or Bill Bond at forwards; Don Loyd at center; and J. W. Malone and Head at guards.

Also making the trip are reserve Caddo Matthews, Manager Jim Arndt and Ivan Noblitt.

Connecticut first raised tobacco between 1640 and 1660.

Worsham Shoots 272 To Capture Phoenix Tourney

PHOENIX —(AP)— Lew Worsham and his reclaimed fame brought a refreshing note to the tournament golf scene today.

The 33-year-old professional from Oakland, Pa., who won the U. S. Open crown in 1947 and very little since, captured the \$10,000 Phoenix Open yesterday and led the links guppies in the tournament golf scene today.

Worsham finished the 72-hole stretch with a wobbly 70 and a total score of 272, 12 strokes under par.

It was good enough to beat out veteran Layton Little, who finished with a 68 for 273, and two other dangerous rivals, Chick Harbert and Jim Ferrier, who tied at 274.

Jimmy Clark, a promising young pro from Los Angeles Beach, Calif., shot a 68 for 275, one stroke ahead of Dutch Harrison and two ahead of Lloyd Mangrum and Johnny Bulla.

Of the other name pros, Cary Middlecoff finished at 278, Ben Futral with 279, and the Phoenix Champion Jimmy Demaret at 281. National Amateur Champion Steve Riesel at 272.

And watching the first round from the gallery was the pre-tournament favorite, Ben Hogan, who led the field with a 65 in the first round and then surrendered to a flu bug and had to withdraw.

School Teacher Wins Golf Open

MIAMI —(AP)— Claire Doran, a tall, well-poised Cleveland school teacher who entered the Helen Lee Doherty Amateur Golf Tournament "hoping to qualify," owned the championship trophy today after a tense 3 and 2 victory over Polly Riley.

Her defeat of the veteran defending champion in the 36-hole finals gave Doran the biggest championship she had captured in ten years of tournament play.

The Cleveland girl was anything but a sensation in the qualifying round as she took 83, seven over par, to tie for 22nd place. In the first round of match play, she barely got past Miami's Evelyn Odom, 1-up.

She looked better in the second round as she whipped Ann Sparrow of Tampa, Fla., 5 and 4, and she was terrific in the third round, 2 and 1, against former Marjorie Lindsay of Decatur, Ill., the tournament medalist.

Doran downed Betsey Rawls of Austin, 3 and 1, to move into the finals.

BOWL LIKE A CHAMP

BALANCE—Dick Hoover's left arm is maintaining his balance.

By DICK HOOVER
World Champion

A good backswing and timing almost invariably will produce a smooth delivery.

A jerky step and backswing is almost certain to yield disastrous results.

The third step produces the backswing, therefore is the most important phase of bowling.

How far to take the backswing scheduled gymnastic meet between Kent State College of Ohio and Michigan State was cancelled when Kent's No. 1 man suffered a broken finger; the next two men were declared ineligible and the next three were drafted.

Note that my left arm is maintaining my balance, while my right is something each bowler has to decide.

The main thing to avoid is over-throwing the backswing, with consequent loss of control, resulting in a swaying, zig-zag approach and a faulty delivery.

A good rule for the average bowler is to take the backswing no higher than the shoulder.

The important thing is to maintain control, while at the same time assuring sufficient momentum on the downswing to carry through as your fourth step carries you to the foul line in a smooth glide.

Note that my left arm is maintaining my balance, while my right is something each bowler has to decide.

Passports Delay Basketball Game

DALLAS —(AP)— The top-ranking Mexican women's basketball team—Tintoreria Coahuila—won't be able to make it to Dallas in time for a game tonight with the Dallas Hornets. They'll be here tomorrow night, however.

Martin Weber, manager of the Hornets, was informed yesterday that the team was being held up at Laredo because they had gone off and left their passports at home. It took time to send back for them.

By WOODIE

Reapers Seek Fifth Cage Victory Today

Coach Pernal Scoggin's once defeated Reapers tangle with Elizabeth Nixon Junior High School of Amarillo this afternoon in a conference game at the junior high gym.

Pampa is leading the Panhandle Junior Basketball League with four wins and one loss. Frisco College handed the Reapers a 27-25 setback last week for their only loss this season.
