Good Morning

It is easier to forget joy than sorrow.

REDS REACH KHARKOV SUBURBS

America's Armed Forces Will Require 12,000 Men Daily

Determent Basis Is Vital Job

WASHINGTON, Feb. 13 (AP)—With cold, hard figures, the top manpower officials told the American people tonight that 12,000 men a day must go into the armed forces this year and that no man 18 to 38 can be deferred, regardless of dependents, unless his work is essential and he is irreplaceable over the Blue network.

Paul V. McNutt, chairman of the war manpower commission, and Maj. Gen. Lewis B. Hershey, director of selective service, disclosed the actual rate of inductions in outlining the draft outlook in a joint broadcast over the Blue network. Heretofore, this rate has been a closely-guarded secret but in the telling there was no comfort for the Axis.

Pampa's Fire Credit Is Cut

Pampa's fire credit with the fire insurance commissioner was reduced five per cent under the preceding year, in a list announced Saturday by Marvin Hall, state fire insurance commissioner.

Shortage of Protein Feed Being Studied

COLLEGE STATION, Feb. 13 (AP)—Representatives of departments of livestock, poultry and agronomy today discussed the shortage of protein feed in Texas and appointed committees to make a further study of the situation.

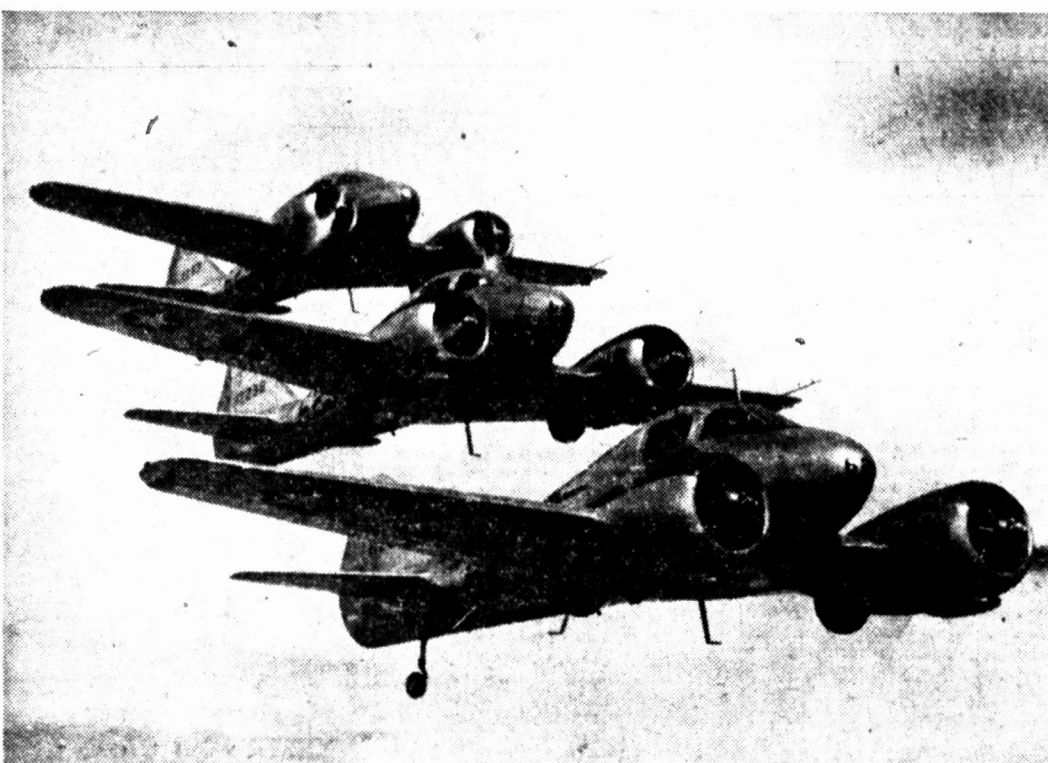

I HEARD . . .

Sheriff G. H. Kyle, in his freshly-painted offices, saying the feed had been all chancy up, too. Talk of the county jail brought out the fact that no longer is it a detention point for federal prisoners. Potter county's jail now has the designation of being a Federal one.

For moist, warm, circulated air, see the Heaters, Heaters, Lewis Hardware—Adv.

General Davies To Pin Silver Wings On First Cadet Class Tuesday Morning

With only two days left to go before they receive the sheepskins that qualify them as full-fledged fighting pilots in the army air force, aviation cadets in the first class at Pampa's air base yesterday were merrily soaring over the North Texas skies, demonstrating the skill they have acquired in 26 weeks of strenuous flying training.

These Curtiss AT-9's are one of the three types of twin-engine trainers used at the Pampa army advanced flying school.

Graduation exercises for the future second lieutenant pilots are scheduled for 10 o'clock Tuesday morning in the post theater. Brig. Gen. Isaiah Davies, commanding general of the 34th flying training wing, who will deliver the graduation address, will pin the coveted silver pilot's wings on the tunics of the graduate fliers, and will hand them the commissions that entitle them to wear gleaming gold second lieutenant bars on their shoulders.

Brother of Pampa Woman Escapes Death

Mrs. J. M. Boring of Pampa paid little attention when she read a brief item in "The News" last week about a U. S. barge explosion in Havana which killed several Americans.

Texas Asks Jump In Oil Allowable

AUSTIN, Feb. 13 (AP)—Federal Administrator Harold Ickes today had a request from the Texas railroad commission to increase the federal petroleum certification for March production in Texas by a minimum of 140,000 barrels daily over the February recommendation of 1,452,000 barrels.

Every Bus and Train Brings New Arrivals for Cadet Graduation

Every bus and train that has been arriving for the past two days has been bringing guests from all parts of the United States for the first graduation exercises of the army air force advanced flying school of Pampa.

General Davies Is Exponent Of Aerial Bombing

Brig. Gen. Isaiah Davies, commanding general of the 34th flying wing, who will come to Pampa Tuesday to deliver the graduation address to the first group of aviation cadets to win their wings and second lieutenant's commissions at the army air force advanced flying school here, is an up-from-the-ranks general, and is one of the nation's foremost advocates of heavy aerial bombardment.

Hollywood Friends Meet in Pacific

GUADALCANAL, Feb. 3 (Delayed) (AP)—Two old Hollywood friends—Commander Gene Markey, writer-producer, and Lieut. Robert Montgomery, a film star—had a reunion today far from chameleons' bright lights and sound stages.

Recording Firms, Petrillo to Confer

NEW YORK, Feb. 13 (AP)—Spokesmen for several recording firms said today they would accept an invitation of the American Federation of Musicians (AFM) to a meeting Monday to discuss proposals of the union submitted for ending the ban on the making of canned music.

Americans Favor Pay-As-You-Go Tax

WASHINGTON, Feb. 13 (AP)—Congressmen reported today that mail from their constituents is overwhelmingly in favor of a pay-as-you-go plan with opinion widely divided as to the details.

Temperatures In Pampa

Table showing temperatures in Pampa for various times of the day: 6 p. m. Friday 50, 9 p. m. Friday 34, Midnight Friday 32, 6 a. m. Saturday 28, 9 a. m. 27, 11 a. m. 26, 12 Noon 26, 2 p. m. 26, 4 p. m. 26, 6 p. m. 26, 8 p. m. 26, 9 p. m. 26, Yesterday's maximum 58, Yesterday's minimum 26.

Panhandle Gas Will Help Relieve East

Additional gas from the Texas Panhandle will be used to relieve the Eastern fuel shortage, according to a statement received by "The News" Saturday from the Panhandle Eastern Pipe Line company.

Italians Capture Bedford Russell

First Lieut. Bedford E. Russell, 26, son of Mrs. F. W. Baker, 414 W. Francis, and nephew of Mrs. B. C. Priest, 112 W. Browning, has been captured by the Italians and is being held as a prisoner of war.

45 Oil Completions Reported Past Week

AUSTIN, Feb. 13 (AP)—The railroad commission today listed 45 oil completions in Texas for the week, bringing the total for the year to 230.

Henry Kaiser Gets East Coast Contract

WASHINGTON, Feb. 13 (AP)—Henry J. Kaiser, shipbuilder, who already is building about one third of all liberty ships, today was awarded his first east coast contract.

Milk Puzzle Solved: Price Will Advance One Cent in Pampa Area

"From" means an increase in the price of milk in Pampa. The new price is a raise of 1 cent a quart, wholesale and retail, as the old price was 11 1/2 cents wholesale, 13 cents retail; new, 12 1/2 cents wholesale, 14 cents retail.

Jap Patrol Wiped Out In New Guinea

ALLIED HEADQUARTERS IN AUSTRALIA, Sunday, Feb. 14 (AP)—The process of whittling down Jap resistance in New Guinea on the approaches to the enemy's Huon gulf base of Salamaua and Lae is continuing, with 22 more Jap dead added to the some 1,000 slain in recent weeks in that sector, the Allied high command reported today.

British Troops Repel Terrific Nazi Onslaught

ALLIED HEADQUARTERS IN NORTH AFRICA, Feb. 13 (AP)—British troops, clinging to their positions low on the slopes east of Ousseltia, in Tunisia, hurled back a strong German attack, it was announced today, while to the south the British eighth army duelled with artillery patrols against the rearguard of Marshal Erwin Rommel's Africa corps.

People Rush To Buy Clothing

Maybe it was shoe rationing that started it or rumors that clothing may be rationed soon.

Absenteeism Halt Urged by U. S., CIO

WASHINGTON, Feb. 13 (AP)—The CIO and the government appealed today to all affiliates requesting that "means be worked out for cutting preventable absenteeism to a minimum."

Henry Kaiser Gets East Coast Contract

WASHINGTON, Feb. 13 (AP)—Henry J. Kaiser, shipbuilder, who already is building about one third of all liberty ships, today was awarded his first east coast contract.

Absence of Food Nauseates Gandhi

BOMBAY, Feb. 13 (AP)—Mohandas K. Gandhi, who began a three-week hunger strike Feb. 10 in an effort to obtain release from the palace of the Aga Khan at Poona where he is a prisoner, was reported officially today to have had disturbed sleep because of nausea but the government's communique described his condition as satisfactory.

Milk Puzzle Solved: Price Will Advance One Cent in Pampa Area

"From" means an increase in the price of milk in Pampa. The new price is a raise of 1 cent a quart, wholesale and retail, as the old price was 11 1/2 cents wholesale, 13 cents retail; new, 12 1/2 cents wholesale, 14 cents retail.

Food Poisoning Warning Issued

WASHINGTON, Feb. 13 (AP)—A warning that some hoarders of canned goods may be poisoning themselves was posted today by the agriculture department.

Threat of Starvation Seen in Puerto Rico

SAN JUAN, Puerto Rico, Feb. 13 (AP)—Danger that "a vast number of people will quickly and assuredly starve to death" on this island was seen today by Sen. Homer T. Bone (D-Wash.), member of a senatorial committee investigating food and material shortages in Puerto Rico.

This Guy's Best At Killing Enemy

WASHINGTON, Feb. 13 (AP)—A 19-year-old draft registrant, selective service headquarters disclosed today, gave these answers in filling out the occupational questionnaire sent him by his board:

Rostov Set Ablaze By German Army

LONDON, Feb. 13 (AP)—Kharkov, Germany's defense hub for the entire eastern Ukraine, was within reach of Russian artillery from three sides and all its main railway communications were cut by Red army advances pounding into the suburbs, two communique recorded by the Soviet radio monitor indicated tonight.

Rostov Set Ablaze By German Army

The Red army drove to the northwest of the city where the railway to Bryansk was cut 20 miles outside the city limits, and battered down barriers on the north, northeast, southeast and south where it advanced to within 22, 15, 11 and 24 miles, respectively, the communique announced.

Rostov Set Ablaze By German Army

Kharkov's main railway communications to the north and south and northwest were cut. Only three smaller lines branching to the west and southwest were left open.

### Last Bites Held For Bob Gribbon

Impressive military and religious rites marked the funeral here yesterday of Second Lieut. Robert Henry Gribbon, 25, former Price Memorial college student, and son of Mr. and Mrs. D. J. Gribbon, 1206 Mary Ellen, who was killed when an army bomber crashed at Sioux City, Iowa, Monday.

At 10 a. m. at Holy Souls Catholic church, a solemn requiem mass was held with the Rev. John Botoms of Amarillo as the celebrant, the Rev. J. J. Casey of Pampa as the deacon, and the Rev. James J. Lewis of Canadian as the sub-deacon.

So many persons were present for the mass that the church was filled and at least half of those attending had to remain outside during the rites.

Besides the three priests who conducted the mass there were five other clergymen from out-of-town present. They were the Rt. Rev. Msgr. John A. Steingale of Panhandle, Rev. Thomas Drury, Amarillo, Rev. J. A. Zienta, White Deer, Rev. Charles A. Knapp, Berger, former assistant pastor of Holy Souls, and Rev. Atholomew O'Brien, chaplain of St. Anthony's hospital, Amarillo.

The Rev. William J. Stack, pastor of Holy Souls, conducted rites at Fairview cemetery. A color guard and firing squad was provided by Company D, Texas Defense guard.

The detail was composed of Sgts. L. R. Franks, Ed Mazy, A. L. Prigmore, C. A. Vaughn, Cpls. P. J. Boyd, L. B. Cole, Wendell Cox, Pvt. H. P. Gassaway, Clinton Henry, J. A. Rogers, Winston Savage, Earl Scheig, H. E. Schwartz, J. P. Wehrung, R. L. Westbrook.

Funeral services were held under First Lieut. Dan E. Williams, who is in charge of the detail.

After ceremonies at the graves conducted by the Rev. Stack, Second Lieut. D. J. Andrews, who had accompanied the body of Lieutenant Gribbon from Sioux City to Pampa, presented the flag from the coffin to the mother of the deceased.

A prayer was said by Chaplain Maurice P. Garner, of Pampa air field, after which the firing squad fired a salute, and taps, with echo, was sounded by Buglers James Harrah and Eugene Lively, Boy Scouts.

Funerals were Second Lieut. Milton L. Clifford, Ralph W. Christian, Lieut. Harold M. Brown, Andrew R. Bagley, James H. Brantley, Franklin M. Moensch, assigned from the Pampa air base by Lieut. Col. Daniel S. Campbell, commanding officer.

Arrangements were by Duenkel-Carmichael Funeral home.

### Mainly About Pampa And Her Neighbor Towns

Promoted to the rank of staff sergeant recently, was Robert Dunlap, former Pampa and son-in-law of Mr. and Mrs. Jack Huggins, both here. He is stationed at Bolling Field, Washington, D. C. His parents live in Beaumont.

Income tax returns correctly prepared now. Mail later. Room 13, First National Bank Building, Ph. 388.

Fleanor Hutchens, daughter of Mr. and Mrs. H. H. Hutchens, visited in Pampa the first of the week. She has been studying aircraft communications in Ft. Worth since October 16. Miss Hutchens left Wednesday evening to report back to Fort Worth before being transferred to Crestview, Fla.

Wanted—Man for all or part time work. Apply after 12 at 112 N. Somerville.

Mrs. Dan Williamson of Houston has returned home after visiting with Mr. and Mrs. Homer Quarles during the past week.

Mrs. Alene Tipton left Friday to spend a week in Austin and San Antonio.

Wanted—Woman for light house work and care of baby for employed mother. Ph. 197-W.

Perry Franklin, 808 E. Groven, service manager for the Culberson Chevrolet company, was moved to the St. Anthony Hospital today where he will undergo treatment.

For Sale—32 Chevrolet sedan, good condition. 722 W. Kingsmill, Apt. 10.

County and road tax collections in Gray for January, 1943, totaled \$163,782.16, or 93.47 per cent of the total assessment of \$175,224.43.

County Auditor R. C. Wilson reported Saturday. Discounts totaling \$4,673.40 or 2.67 per cent, unpaid taxes, not delinquent until July 1, \$6,768.87, or 3.86 per cent.

Due to the graduation at the army air forces flying school, the ladies night program of the Pampa Lions club scheduled for Tuesday night at the Pampa Country club has been postponed until Thursday night, February 25. Place of the program is unchanged.

A marriage license was issued here Friday to Frederick Tobkins of Minnesota and Miss Holly Barnhill of Colorado.

James B. Massa, water department superintendent, E. S. Lowry, street department employe, and Nelson L. Nicholl, city sanitary inspector, left yesterday for College Station where they will attend the Texas Waterworks and Sewerage Short course at Texas A. & M. college. The course opens tomorrow and will end Wednesday.

CANADIAN.—Rev. E. E. Orton, pastor of the Canadian Church of the Nazarene, was elected chairman of the ministerial association at the February meeting of that organization. Rev. James R. Hill, pastor of the Canadian Christian church, was chosen secretary-treasurer.

CANADIAN.—Registration for securing Nation Book 2 will be held in the Canadian High school, beginning February 24. Mrs. Logan Owens, secretary for the Hemphill county Rationing board, will be assisted in the work by several members of the faculty.

CANADIAN.—Elen Crawford Texas Waterworks and Sewerage Association, reported at Daytona Beach, Fla. for training in the Women's Auxiliary Army corps.

### ARMY V-MAIL VALENTINE—1943 STYLE

Bombardier cadets at the San Angelo army air field send a message with a meaning to express their Valentine sentiments to the Axis this year. Deliveries will be made in person next year, they say, and how!

### WAVES Recruiting Begins Again Here; Girls Feted at Amarillo

#### GENERAL

(Continued From Page 1)

In 1921, the first sinking of a battleship by aerial bombardment.

Throughout his army career, General Davies has advocated increased emphasis on aerial bombardment. In recent public statements he has stated that 1943 will prove the effectiveness of aerial bombardment as a weapon to decide wars.

A veteran aviator, rated both as command pilot and observer, General Davies has more than 5,000 hours flying time to his credit and has served in the Philippines and at fields in Texas, including Kelly Field and the Midland AAF Bombardier school, where he was the first commander.

As the head of the big Midland field, General Davies welcomed the opportunity to put into practice many of his theories of aerial bombardment and spurred its growth into the world's bombardier school, and trained key personnel for the three new bombardier schools since established at San Angelo, Big Spring and Childress. He is responsible for many advances in bombardier training technique.

General Davies was named to his new command on January 28, and now makes his headquarters at San Angelo.

#### WAVES

Recruiting for the WAVES, women's reserve corps of the navy, was started again in Pampa last night and will be continued from 10 a. m. to noon today by Mrs. Lillian McNutt, at the Schneider hotel.

Applicants may start their enlistment here, take their aptitude tests in Amarillo this afternoon. Regular visit of the navy recruiters will be made here tomorrow at the Pampa postoffice.

A month ago Pampa joined in the movement for the recruiting of a Panhandle platoon of WAVES. That movement was climaxed in Amarillo Friday night when the first platoon of WAVES to be recruited from any one section of the nation was sworn in at an impressive ceremony in the Crystal ballroom of the Herring hotel.

Administering the oath was Capt. John W. Donelson, U. S. N., military science and tactics officer of the navy. A score of high ranking naval officers, Amarillo officials and civic leaders, Lieut. Francis Rich, representing Lieut. Comdr. Mildred McAfee and the navy department, took part in the program, which included a banquet, and floor show.

Miss Ulane Zecek of Pampa, first officer candidate sworn into the Texas Bluebonnets, as the platoon is called, spoke on behalf of the platoon at the banquet.

There are 69 in all in the platoon. From Pampa, WAVES are Louise Martin, Mary Lee Strang, Lee Fender, Beulah Vanderlinden, Pearl Green, Margaret Tomberlin, Pauline Johnson, according to the list as announced by Mrs. McNutt, local recruiter.

Misses Tomberlin, Green, and Zecek are officer candidates and will report according to individual instructions.

Also awaiting further orders will be Pauline Johnson.

The platoon will leave Amarillo by train at 1:55 p. m. Monday and go to New York to start training at Hunter college on February 17.

Not only the navy, but also the coast guard and now the marines have women's corps. Women enlisting in the marine branch, known as the women's reserve, will be called marines.

Information on WAVES, SPARS, the coast guard's corps of women, and the women's reserve of the marines corps, can be obtained from navy recruiters, Mrs. McNutt has announced.

Setup for the 'Marinettes' is similar to that of the WAVES and SPARS.

Ages 20 to 36, at least two years of high school or business school education, or special qualifications in a particular field; both married and unmarried women accepted, but no married woman with children under 18 years of age.

Applicants for officer commissions must be between 20 and 50 and have a college degree or two years of college and at least two years of business experience, or special qualifications in a particular field.

### REDS

Continued from Page 1

ed the German winter line to a point almost directly north of Dnieperpetrovsk on the big bend of the Dnieper river where, some observers believed, the Germans were preparing to form a second line of defense. Dnieperpetrovsk is about 120 miles south and slightly north of Zolachay.

Kharkov was now closely menaced by Russian forces on three sides, previous penetrations having carried the Red army to Chuguyeva, 22 miles to the south, and villages and towns 18 miles directly to the east.

Rostov, already reported under Russian artillery fire from three sides, fell tighter within near-circling Russian lines with the announcement of the capture of Novocherkassk, only 19 miles from Rostov and the last large town on the Voronezh railway to the northeast of the city.

A CBS correspondent, reporting from Moscow, said it was reported that the Germans had set fire to Rostov, an action which presumably would be ordered only in case the Germans were getting ready to evacuate their forces for the second time.

No such drastic action was taken in November, 1941, when the Germans were forced to withdraw at the beginning of this first Russian winter counteroffensive and if they had fired the city this time it presumably was because they expected never to return.

The Russians also announced the capture of a string of towns farther north on the Rostov-Voronezh railway, including Likhaya, 75 miles north of Rostov, Zverovo, 10 miles to the south of Likhaya, and Novovorshakly, 15 miles northwest of Shakhty.

Shakhty, only 45 miles north of Rostov, was reported captured yesterday, and the towns occupied by the Russians today were more or less behind the Russian lines.

The Russians, with today's capture, were in control of all the Rostov-Voronezh railway except a few miles in the immediate vicinity of Rostov.

Lending credence to reports that the Germans were getting ready to quit Rostov was the fact that when the Germans gave up Shakhty they withdrew to the west instead of toward Rostov.

### BUS

(Continued From Page 1)

order. Every parent contacted by letter who responded has been assigned to one of the Pampa homes volunteered and a few homes are yet unassigned, according to Dan E. Williams, chairman of the committee.

Committee members have been meeting trains and buses for the past three days. A Texas coffee and reception from 4:30 to 5:30 p. m. will be staged at the high school Monday afternoon. All cadets of the 43-B class, their parents, wives and other relatives, all Pampa citizens helping entertain relatives of the cadets and all members of the Pampa Chamber of Commerce are given a cordial invitation to attend. Other members of the committee include: Lieut. Harold B. Smith, Joe Gordon, Fred Thompson, Crawford Atkinson, H. E. Schwartz, and Henry Ellis.

Among the other Pampa citizens expecting guests are the following: Messrs. and Mesdames: Crawford Atkinson, R. B. Allen, Russ Allen, George Bealin, Carl Benefield, Lynn Boyd, Bob Curry, Irvin Cole, W. DeCordova, W. F. Dean, Mel Davis, M. P. Downs, Ivy E. Duncan, Henry Ellis, S. C. Evans, Frank Foster, D. A. Finkelstein, Leonard Hilday, Matthews, Roy McMillen, Luke McClellan, E. L. Naugle, E. L. Norman, B. R. Nuckles, Fred L. Radcliff.

G. K. Reading, Garnet Reeves, J. Schmidt, H. E. Schwartz, Frank D. Smith, Gene Sidwell, E. E. Shelhamer, C. L. Thomas, Paul S. Taylor, H. R. Thompson, Bob Thomas, Charles Vaughn, C. F. Walton, C. H. Walker, E. V. Ward, Joe Wells, Ewing Williams, W. C. Willson, H. C. Wilson.

Dr. and Mrs. W. Purviance, Dr. and Mrs. Roy A. Webb, Rev. and Mrs. E. E. Ben, Rev. and Mrs. Douglas Carver, Miss Delda Dean, Judge and Mrs. W. R. Ewing, Mrs. T. D. Hobart, Miss Leora Kinard and Miss Wilma Jarrell, Mrs. John Osborne, Mrs. Floyd Voss, Judge and Mrs. Sherman White, and Mrs. J. S. Wayne.

Pampa hosts are expected to provide only sleeping accommodations in Pampa homes, the army hospitality committee pointed out in a letter mailed to all cooperating in the program.

While many may extend other courtesies, the hosts are not expected to provide meals, transportation or other services.

"You are hereby advised that you are not obligated, or encouraged, to furnish meals or transportation to your guests," the letter reads. "Many are unable to do so. What courtesies you may wish to extend are entirely optional."

"You are providing sleeping accommodations because of the lack of sufficient hotel rooms for the graduation crowd. Other graduations will be held each few weeks and Pampa will again face this crowded condition and need your help to relieve it."

"It is hoped that you will go to a minimum amount of trouble this time in order that you may feel inclined to help again at each graduation exercise."

### GRADUATES

(Continued From Page 1)

and his orchestra, plays the music for the final activity of the embryo second lieutenants at Pampa's air base.

A farewell dinner will be held for the graduating cadets at 8 o'clock Tuesday night, immediately prior to the dance, Colonel Campbell declared.

Twenty-six states are represented in the first class to complete its nine-week advanced training course at Pampa's army air forces advanced flying school, according to Colonel Campbell. Their average age is 24.

### Man Who Dedicated Air Plant Returns

FORT WORTH, Feb. 13 (AP)—Less than 22 months ago, Maj. Gen. Gerald C. Brant, commander of the Gulf Coast air forces training center, turned a silver spade of earth on a prairie near Fort Worth.

"We're digging Hitler's grave today," he remarked.

Saturday, after a tour of duty in Newfoundland, he stood on the same site and elaborated:

"And that's just what we're doing with this production from Consolidated aircraft's Fort Worth plant."

"It will take airplanes to rid the world of Hitler," General Brant continued. "And nowhere have I seen more efficiency in production and more time-saving details than in this magnificent creation that wasn't even here two years ago."

NEW MEXICO'S Gran Quivira National monument had 2,494 visitors during 1940.

### JAP

(Continued From Page 1)

Guinea and the Solomons and made the wholly unconfirmed claim that 98 Allied warships and 33 cargo carriers had been destroyed in those areas from August 7 to February 7.

The stumulation of the naval operations was compiled by the news agency Domei on the basis of a new communique from imperial headquarters which listed these figures which the Japanese said "have not yet previously been announced."

Allied losses: Sunk four destroyers, three torpedo boats, one patrol ship, eight merchantmen. Heavily damaged three destroyers, four submarines, one patrol ship, two merchantmen. Aircraft destroyed 237.

Japanese losses: Sunk three destroyers, three submarines, one patrol ship, five merchantmen. Damaged one cruiser, four submarines, one patrol ship, five merchantmen. Aircraft lost or damaged 329.

### Shoe Repair Shops Swamped with Work

HOUSTON, Feb. 13 (AP)—Whoa! cry shoe repair shops.

One woman brought in 17 pair, consulted the repair chart, and ordered the works.

Shops are rushed to where there's no storage space. Old shoes by the bushel basketful are piling in.

Bring in shoes for needed repairs, the stores ask, but leave the relics home.

### Expecting a Baby?

Mother's Friend helps bring ease and comfort to expectant mothers.

MOTHER'S FRIEND, an exclusively prepared emollient, is useful in all conditions where a bland, mild anodyne message medium in skin lubrication is desired. One condition in which women for more than 70 years have used it is an application for massaging the body during pregnancy. It helps keep the skin soft and pliable, thus avoiding unnecessary discomfort due to stiffness and tightness. It refreshes and tones the skin. An ideal massage application for the numb, tingling or burning sensations of the skin. For the tired feet, muscles or cramp-like pains in the legs. Quickly absorbed. Delightful to use.

Mother's Friend

Highly praised by users, many doctors' courses. Just ask any druggist for Mother's Friend—the skin lubricant. Try it today.

### Former Bulgarian Minister Killed

LONDON, Sunday, Feb. 14 (AP)—The Berlin radio announced today that Gen. Christo Loukoff, Bulgarian minister of war from 1935 to 1938 in the Kossivianoff cabinet, was assassinated at 9 p. m. Saturday.

### BEER SALES BANNED

DALLAS, Feb. 13 (AP)—Irving and four neighboring Dallas county communities voted today to continue their ban on the sale of beer and rejected a suggestion that the sale of wine, up to 14 per cent in alcohol, be permitted in that district.

# FOR PROMISES EUROPEAN INVASIONS, BLOWS AGAINST JAPAN

## Allies Plan Destruction Of Enemies

WASHINGTON, Feb. 13 (AP)—President Roosevelt followed up his promise of "actual invasions" of Europe and blows against the Japanese homeland with a conference at the White House today with top military leaders.

Admiral William D. Leahy, his chief of staff, General George C. Marshall, army chief of staff, and Admiral Ernest J. King, fleet commander in chief called even as telegrams by the score poured in congratulating the President for his assurance last night that "great and decisive actions" are in store against the enemy.

The President in his speech gave assurance that the United Nations were in this war until they march in triumph through the streets of Berlin, Rome and Tokyo and were determined that the Nazi, Fascist or Japanese warlord form of government shall "never again" dominate a nation guaranteed post-war self-determination.

The chief executive made these declarations last night in a radio address from the 20th annual dinner of the White House correspondents' association. It was his first war review since his Casablanca "unconditional surrender" conference with Prime Minister Churchill.

He spoke of world-wide offensives stemming from that conference and of the developing battle of Tunisia with its expected "heavy" losses on the Allied side in the attempt to push the enemy into the sea and open the way for what he called "invasions"—he used the plural twice—of the European continent.

He described the whole world today as "one neighborhood" and said unless the peace that follows this war recognizes this and does justice to the human race, the germs of another world war "will remain as a constant threat to mankind."

On the home front, the President said that on his African journey he had told American soldiers and sailors who had expressed concern over reports of labor troubles and rationing complaints at home that most of these reports were "just gross exaggerations" and that the people as a whole were only too willing to give up shoes and sugar, and coffee and automobile riding—and privileges and profits—for the sake of the common cause.

Mr. Roosevelt said fighting men abroad also had heard reports, which he said were "exaggerated," that farm groups were attempting to profiteer on food and that "there are serious partisan quarrels over the petty things of life here in Washington."

He said he told them, however, there were a few chiselers, a few politicians, and a few publicists—fortunately a very few—who had placed personal ambition or greed above the nation's interests.

Describing the struggle for Tunisia as one of the "major battles of the war," he said that while the Axis had maintained its supply lines at great cost Hitler had been willing to pay that cost for he "knows the consequences of Allies victory in Tunisia."

"These consequences," he said "are actual invasions of the continent of Europe. We do not disguise our intention to make these invasions. The pressure on Germany and Italy will be constant and unrelenting. The amazing Russian armies in the east have been delivering overpowering blows; we must go likewise in the west."

As for the Pacific zone, the President spoke of the recently concluded battle in the Solomons and declared:

"Great and decisive actions against the Japanese will be taken to drive the invader from the soil of China. Important actions will be taken in the skies over China—and over Japan itself."

"The discussions at Casablanca have been continued in Chungking with the generalissimo by General Arnold and have resulted in definite plans for offensive operations."

The President reemphasized the Atlantic charter's pledge of self-determination for all nations after the war and declared Frenchmen were uniting to "strike a blow for liberation."

"The President added that the right of self-determination included in the Atlantic charter "does not carry with it the right of any government to commit wholesale murder or the right to make slaves of its own people or of any other peoples in the world."

"Before this year is out," he promised, "it will be made known to the world—in actions rather than in words—that the Casablanca conference produced plenty of news; and it will be bad news for the Germans and Italians—and the Japanese."

"In our uncompromising policy," he added, "we mean to harm to the common people of the Axis nations. But we do mean to impose punishment and retribution in full upon their guilty, barbaric leaders."

He said the enemy could be quite sure that if Japan should be the first of the Axis partners to fall, the United Nations would concentrate all on the job of crushing Germany, and that if Germany were conquered first Britain, China and the United States would make an "out-and-out final attack" on Japan.

The President, turning again to post-war problems, said one main objective was to assure jobs for the returning soldiers and sailors. He was certain, he said, that private enterprise would be able to provide the vast majority with jobs and in those cases where this could not be accomplished congress would pass legislation "which will make good the assurance of jobs."

He termed "professional skeptics" and "pettifoggers" those who claim the nation cannot achieve its aims

## Two Oil Wells Tested in Gray County Field

Gray county came back into the oil picture this past week in the Panhandle field with the only two new wells tested located in this county. They were Phillips' Clay 1, which tested 147 barrels and Texas' Chapman B-10, 131 barrels.

While Gray monopolized the oil setting Hutchinson tallied on gassers with two wells, both of the Phillips Petroleum company.

Intentions to drill: Devore & Slade, W. D. Dinwiddie No. 1, 660' from the north and 600' from the east lines of Sec. 10, Blk. 9-T, T&MC survey, Castro county.

J. M. Huber Corp., Weatherly 29, 1280' from the west and 1980' from the south lines of SE-4 of Sec. 25, Blk. Y, A&B survey, Hutchinson county.

Continental Oil Co., S. B. Burnett G-2, 1880' from the south and 660' from the east lines of Sec. 126, Blk. 5, I&GN survey, Hutchinson county.

Shamrock O&G, Ryan 1, 660' north and 660' east of SW corner of E-2 of Sec. 1, Blk. M-24, TCR survey, Hutchinson county.

Samrock O&G, Sneed-Halle 1, 2640' from the west and 2640' from the south lines of Sec. 9, Blk. 1, J. Poitevint survey, Moore county.

Shamrock O&G, Hunt 1, 2640' from the east and 2640' from the north lines of Sec. 9, Blk. 1, J. Poitevint survey, Moore county.

Shamrock O&G, Taylor 1, 2640' from the west and 2490' from the north lines of Sec. 1, Blk. 1, J. Poitevint survey, Moore county.

## 'Common Sense' Basis of Drafting

AUSTIN, Feb. 13 (AP)—Local draft boards in Texas have been instructed to consider all cases under the new selective service rulings with "common sense," Gen. J. Watt Page, state selective service director, said today.

He explained that men of military age engaged in non-deferred activities listed by the war manpower commission should not flock to defense centers to get jobs in war plants.

"It is not the purpose of the order to encourage mass movements of workers to busy defense centers which are already overcrowded," he said.

Page said a list of essential activities is available at any U. S. employment service office.

The state office notified local boards today to re-classify all physically qualified registrants in the 18-37 age bracket in non-deferred occupations, without consideration to dependency status, April 1.

In further amplification of the order, Page said:

Since the new policy does not become effective until April 1, time is allowed for systematic transfer of manpower from non-essential to essential activities. A grace period of 30 days will be granted to any registrant with the United States employment service for transfer to other employment.

## Gray County Draftees Will Leave Tuesday

Gray county's latest group of draftees, the men who were examined Tuesday at the district induction station at Lubbock, will meet at 9 o'clock Tuesday morning at the court house, ready for the trip to Fort Sill, Okla.

Missing from the group will be several who went directly from the district station to Fort Sill, four who signed up in the navy, one in the coast guard, and one in the marines.

There were 61 men in the contingent that left here last Monday for Lubbock. They took physical examinations Tuesday and those making the return trip arrived in Pampa Tuesday night.

## Three of 19 Armed Convicts Captured

JACKSON, Miss., Feb. 13 (AP)—State highway patrol headquarters announced tonight the capture near Clarksdale, Miss., of three of 19 armed convicts who escaped early today from Parchman penitentiary after overpowering a watchman and slugging a guard.

Patrolmen listed the captured men as Herman Frost, serving 10 years for highway robbery, and Joe Karmegay, under 25-year sentence for robbery, caught together four miles northwest of Clarksdale; and Jessie Durham, serving three years for grand larceny, taken about five miles south of that town.

Arkansas patrolmen, they said, aided in the captures.

for post-war security.

The President defined "pettifoggers" as "the type of man who is always seeking to create a smoke screen, or fog, for the purpose of obscuring the plain truth."

Mr. Roosevelt disclosed that Churchill had suggested General Dwight D. Eisenhower for the supreme command in Tunisia. The prime minister, the President said, pledged Britain to join America in crushing Japan in the event the European Axis powers are defeated before the Pacific enemy.

## Prisoner of Japs Considered Engaged In Vital War Effort

ST. CLOUD, Minn., Feb. 13 (AP)—Albert Peter Steffes' draft board came up with something new today in the way of classifications.

Steffes, 36 and single, isn't in the Army and he isn't 4-F. The board after trying to summon him and getting no response, discovered he

was a prisoner of the Japanese. He was a civilian employe on Wake Island when the Japs took over.

Anxious to have its records complete, the board finally put him in 2-B. That is a class for men engaged in essential industrial war effort.

The board figures that with Steffes a Jap prisoner he must be keeping some Jap guards busy, which means aiding the American war effort.

BUY VICTORY BONDS—Viborg, Finnish port of so much effort, fighting a few years ago, was founded by Sweden in 1293 and captured by the Russians in 1709.

## Styles in Shoes To Be Simpler

WASHINGTON, Feb. 13 (AP)—Shoes, now rationed, will be simpler for both men and women next year, and for the duration.

The ladies won't be able to replace their high-heeled shoes or evening slippers, and the gentlemen can't buy any more patent leather footwear.

The War Production board yesterday placed a ceiling of 2 5-8

inches on the height of heels on women's shoes and banned the manufacture of footwear with leather-covered platform soles.

WPB's conservation order, designed to save leather for military use and, to distribute the civilian supply, also prohibited the manufacture of metal-spiked golf footwear for either men or women.

Shoes henceforth will be restricted to four colors—black, white, army russet and taupe brown. This is intended to reduce the number of styles and thereby increase the amount of footwear available in

any standard size or style. It won't be until next fall that the customers will notice WPB's order, because spring lines of shoes already are in the manufacturing process or are on their way to dealers. Most provisions of the regulation are effective immediately, but shoe factories which must change their production processes have until April 30 to comply.

BUY VICTORY BONDS—Longest known salmon run from the open sea to fresh water is 2,250 miles up the Yukon river to Caribou crossing.

# Texas League Asks McNutt to Decide on Operations During 1943

## Club Owners Afraid To Make Plans

SHREVEPORT, La., Feb. 13 (AP)—Texas league club owners in session here today put the operation of their 1943 campaign up to Paul V. McNutt, chairman of the War Manpower Commission by asking him to define the status of professional baseball players relative to essential employment to the war effort.

After filing a telegram addressed to McNutt in Washington the club owners adjourned their first day's business session to await a reply. They will reconvene at 10 a. m. tomorrow, and if no word is received from McNutt the moguls will make their own decision on the advisability of starting the season.

The decision to place the matter before McNutt came after several hours of discussion by the club owners behind closed doors. Fort Worth and Oklahoma City were openly in favor of starting the season while the report is that Beaumont, Dallas, Houston, Shreveport, San Antonio and Tulsa were only lukewarm.

The question of manpower was the main topic of discussion. A check of the circuit by Pres. J. Alvin Gardner revealed that the eight clubs have only a total of 71 players and that considerable buying and rebuilding will have to be carried out. In view of McNutt's recent "work or fight" ruling a majority of club owners deemed it inadvisable to gather talent unless the status of baseball to the nation's welfare is clarified.

The telegram, which places the matter directly up to the government representative follows: "The Texas Baseball league directors are now holding their annual meeting formulating plans for the 1943 season. It is imperative that we know at once if baseball players who report to their clubs will subject themselves to reclassification as having thus entered employment non-essential to the war effort. An immediate reply will be appreciated."

## Pampa Seniors Lose to Amarillo, But Sophomores Whip Yannigans

A chance to avenge their 29 to 21 loss, the score in the Harvesters' initial basketball game this season, will be given the Pampa team when they go to Berger next Tuesday night for a game there against Coach Tex Tanna's Bulldogs.

Last Tuesday night the Borgans beat the Harvesters in a game here, 46 to 22.

## Lakeview Wins 2-A Pennant

Special to THE NEWS.  
WHITE DEER, Feb. 13.—Lakeview won the basketball championship of District 2-A by soundly trouncing the White Deer Bucks, winners of the north half, in two successive games, 33 to 14 and 40 to 24.

The Bucks journeyed to Lakeview for the first game of the series Wednesday night and went down under the flashing attack of the Lakeview quintet, 33 to 14.

In Thursday night's game here, the Bucks took the initiative and led at the end of the first quarter by one point, 9 to 8. They held this narrow lead until near the end of the second period when three goals in quick succession placed the opposing team ahead at the half, 17 to 11.

From then on it was Lakeview's game. The Bucks strove gallantly, but were no match for the fast and accurate Lakeview team.

Gibson of Lakeview was easily the star of the game, not only in scoring but in sportsmanship as well. He scored 16 points, while Guy Hester of White Deer was second with 11 points.

Following the game, Supt. Chester Strickland presented to the winning team the trophy representing the district title.

Playing for Lakeview were Butler, Burnett, Gibson, Bounds, Johnson, Dial, Fite, Byars, Neal and Merrill; for White Deer were Milton, L. Hester, G. Hester, Clements, Musselman, Morris, Lassiter, and Roberts.

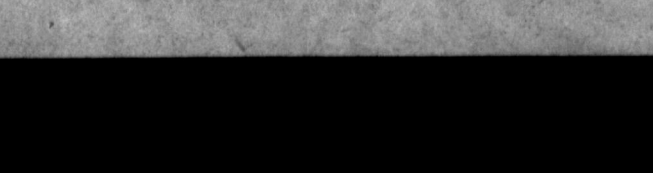

## Fort Worth Player Sold to Brewers

FORT WORTH, Feb. 13 (AP)—The outright sale of Merv Connors by the Fort Worth ball club to the Milwaukee Brewers of the American Association was announced today by Rogers Hornsby, general manager of the Cats.

Connors, who was obtained from Dallas during the 1942 season, is a combination first baseman and outfielder.

## Manpower Shortage—So What?

Never forgets sign. Will play for peanuts. Ideal for T formation. Nifty ball-handler.

## Phillips Loses Two Games To Air Base Teams

Post and mess squadron basketball teams made it two in a row over the Phillips cagers in a double-header Friday night at the Pampa army air field gymnasium.

Phillips played the Post team first, at 7:30, losing 15 to 46, and at 8:30 lost again, this time to the mess squadron, 34 to 42.

Positions of the Phillips players were changed in the second game. Patric, center on the mess squadron team, paced the field for high scoring honors of the double-header, tossing nine field goals and sinking two free throws for a total of 20 points.

Both 1104 and 454 are up near the top in post conference standings, each with one win and one loss. The 908th team is in the cellar, along with the 1103rd, each having two losses, no wins, and the 833rd ranks along with 1104 and 454 at 500.

Summary of Friday night's games: Post (44) vs Phillips (15), Mess Squadron (42) vs Phillips (34). Includes scores and player statistics.

## Coach of Beaten Team Is Emcee

DALLAS, Feb. 13 (AP)—Speaking of brotherly love among coaches: When head coach Herman Cowley and assistants Byron Rhome and Abe Barnett of Sunset High school's state finalist football team were honored with a smoker by the school's dads club the master of ceremonies was Perry Fite, coach of Crozier Tech, a team beaten by Sunset in the district race.

## AVIATION CADET KILLED

SAN ANGELO, Feb. 13 (AP)—The public relations office at Goodfellow field said that Aviation Cadet Jack Kennedy Gibson, 24, son of Mr. and Mrs. W. A. Gibson of Lucedale, Miss., was killed today when his training plane crashed northeast of here.

## Whirlaway Is Out of New Orleans Race

NEW ORLEANS, Feb. 13 (AP)—Whirlaway is out of the \$25,000 New Orleans handicap to be run at the Fair Grounds track here two weeks from today.

Ben Jones, who trains Warren Wright's world money winning champion, said his charge was not trained well and that it would be impossible to get him ready for his best effort.

"I haven't breezed the horse in a week," explained Jones. "He just wasn't right and I saw he couldn't make it for the race here, so I finally had to give up the idea. There's nothing wrong with Whirlaway, but he hasn't had a let-up for a long, long time and deserves a rest. He hasn't responded to training and seems to need an extended layoff."

"I don't want to fool anybody and give the impression that Whirlaway would run here when I have in my own mind that I can't get him ready. I want to show good faith and let it be known now that the horse won't run. He's too good a horse to take a chance on rushing; if I did, it might knock him out altogether."

Ben has 10 horses here, including the highly regarded Ocean Wave, which is being pointed for the Louisiana derby and later, the Kentucky derby, if all goes well.

## Colleges to Carry On Despite Ruling

NEW YORK, Feb. 13 (AP)—Despite the army's ruling against student-soldier participation in intercollegiate sports, college officials today expressed a grim determination to carry on.

Colonel Herman Beukema, director of the army's specialized training camp in Washington, explained that because previously the college authorities had hinted that soldiers sent to 271 campuses would be declared eligible to compete on the teams of those schools.

His decision was the more stunning because previously the college authorities had hinted that soldiers sent to 271 campuses would be declared eligible to compete on the teams of those schools.

## Anti-New Dealers Attack Conduct Of Nation's War

By The Associated Press  
A call for a coalition of Republicans and "real Democrats," coupled with an attack on "arrogant bureaucracy" and criticism of the administration's conduct of the war, highlighted the traditional Lincoln day gatherings of Republicans Friday night.

Alf M. Landon, the party's 1936 presidential candidate, Governor John W. Bricker of Ohio, mentioned as a Republican presidential possibility for 1944; and Rep. Joseph Martin of Massachusetts, minority leader of the house and former national Republican chairman, joined in assailing what Martin described as "expanding, arrogant bureaucracy."

## PARR TO SPEAK

Landon, speaking at Omaha, proposed the Democrat-Republican coalition as a guarantee that Vice-President Wallace "and his fellow travelers will not lead us down the same disastrous primrose path which Hitler has led his people."

Bricker, speaking at Nashville, Tenn., charged that "a lot of these bureaucrats are especially contemptuous of elected representatives of the people" and we "even find some in high places who are unpatriotic enough to use the war as a means of imposing their peculiar philosophy of un-American government upon our people."

Martin, at Pittsburgh, declared the people "are dangerously close to losing their system of free government when a bureaucrat can put into effect, on his own initiative, regulations which congress has turned down."

The Republican party, Martin said, intends "to restore control of the government to the people."

## By Order of General Rickey

"No, no, Elmer. We drafted you to play shortstop."

## Texas U. Is Heaviest Loser As Army Air Corps Calls Athletes

By The Associated Press  
The University of Texas and other Southwest conference members counted their losses to the army air forces Saturday.

The university appeared to be the heaviest loser to the air force call for non-reserve reserves for training. The Steers, 1942 Southwest conference football champions and currently tied with Arkansas for leadership in the basketball race, lost 19 men. Eight were from the football squad and there were two basketball players, one track man, six baseball players and a student manager.

Co-Capt. Audrey Gill of Sweetwater and Robert Patterson, another center from Texarkana, Ark., were included.

Guards Ed Heap of Temple and Duane Coltharp of Austin, backs Travis Eaves of Austin, Wayland Hill of Temple, Coy Warren of Cisco and Johnny Petrorich of Alhambra, Calif., completed the football list.

Lewis (Mickey) Mayne, graduating fullback and track performer, a key member of Coach Clyde Littlefield's spring relay team, was included. Mac Umstادت, Austin, former conference champion in the half-mile, was called.

Lyle Green of Grand Forks, N. D., Ray Fortune of Austin and Hobbs Williams of Jefferson were called from the baseball roster. Catcher Jack O'Reagan, infielder George Schwoebel and Outfielder Jan Pierce were called.

Basketball gave up starting Guard Curtis Popham, who played in the Arkansas series, and Freshman Philip George of Austin.

The Texas A&M football team lost Gel Redus, squadman end; Bill McKinrow, junior punter; manager guard and Bob Buntin, manager.

Basketball lost Lynn Smith, forward.

Springfield, Ill., scene of Lincoln's tomb. Recalling that Lincoln had been subjected to criticism, Knox said: "We see history repeating itself. Our president, our leaders have been subjected to all the same familiar charges of 80 years ago. We have seen again in these hours of another supreme struggle the same temptations of partisan advantage obstruct our larger purposes."

Landon, speaking at Omaha, proposed the Democrat-Republican coalition as a guarantee that Vice-President Wallace "and his fellow travelers will not lead us down the same disastrous primrose path which Hitler has led his people."

## Big Leaguers Train in Texas

HOUSTON, Feb. 13 (AP)—Thawed by a kindly gulf sun, two championship pitchers and a veteran catcher held an outdoor workout today—probably the first major leaguers in the country to loosen up outside a gymnasium.

Wearing uniforms borrowed from the Houston Buffaloes of the Texas league, Harry Gumbert and Howard Pollet, St. Louis Cardinal moundsmen, and Gus Mancuso, New York Giants shortstopper, spent an hour on the Buff's diamond.

They worked slowly with pepper games, fly snagging and a few cuts at the plate. For several days they've loosened kirked muscles in a gymnasium.

"It was a swell workout," Mancuso said. "The weather was much better than Florida. During the war I think more clubs should train in Texas."

Mancuso now weighs 185 and hopes to take off about 10 pounds. Gumbert, tall righthander, looks to be just about at his regular playing weight. Pollet, slim 21-year-old southpaw, has added a few cuts at the plate. Howard's six feet can easily carry the added weight.

The players have received contracts but have not signed them. However, no difficulty is anticipated in reaching terms, it was indicated. All are fathers but Pollet's only child is of such recent birth that his draft status is in doubt.

## Wolf Says Southwest May Drop Football

WACO, Feb. 13 (AP)—It is highly probable that Southwest conference officials at their meeting in May will drop all athletic programs for the duration, Ralph E. Wolf, athletic director of Baylor university, said yesterday.

Wolf declared that, in his opinion, there will be no intercollegiate football in the conference next fall. "I dropped all hopes for survival of intercollegiate athletics several months ago," Wolf said, "because I couldn't see any way to carry on without manpower, and it looks as though all boys 18 or older will be in uniform."

## 150 Germans Are Held in Venezuela

CARACAS, Venezuela, Feb. 13 (AP)—Approximately 150 German male citizens of military age were denied permission to leave Venezuela yesterday en route to their homeland.

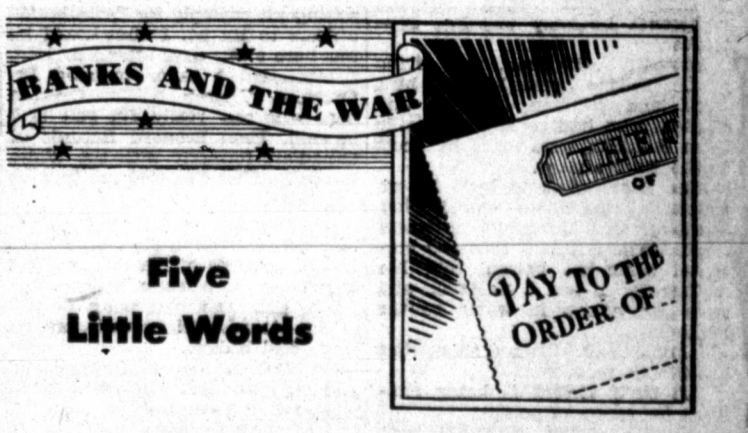

Eight German women and four Italian women and a number of children and elderly men were permitted to depart for Lisbon, however, on the Spanish steamer Cabo de Horno.

# SERVICE NEWS From Pampa's Army Air Forces Advanced Flying School -- And All Parts of the State, Nation and World

## Pampa Field Instructors Are Veterans

To the men who are learning to fly at Pampa's army air forces advanced flying school, and all other fields, there is one thing as important as flying itself. The aviation cadet may possess inherent flying ability, but unless his instructor is capable of developing these talents, the fledgling will never spread his wings.

Flight instructors are principally men who have completed the same training program their students are going through. They are not combat pilots because they not only learned how to fly, but had an additional, and ever rare attribute; that of being able to work with, and teach others.

They have the patience, resourcefulness and ability to pass on their knowledge and skill under the most demanding circumstances, to put a student at his ease when he is tense, give him confidence when he is nervous and simultaneously teach him the fine art of flying.

The development of pilots is an essential part of the nation's war program, the responsibility for which has been placed in the hands of these expert pilot, instructors. This is indeed a tribute to their own ability and importance to the war effort.

Here at Pampa's twin-engine aerial university the instructors themselves have chalked up a total flying time of 59,813 hours or 3,588, 780 minutes. At an average speed of 150 miles per hour this time represents 3,979,950 miles of air travel, the equivalent of nearly 359 times around the earth.

Leading all officers is Lt. Col. Daniel S. Campbell, commanding officer of the post, with 3,602 officially recorded hours of flying time. Though he does not serve as an instructor, his understanding of the needs and problems of flying men makes him sensitive to the demands of administering his command.

During his entire training period the young pilot looks upon his instructor as his best friend. Bringing to him many of his problems, both personal and military, he has confidence that they will be treated with confidence and understanding.

After the student receives his silver pilot's wings, as many here will Tuesday, his former instructors become more than friends. They are then fellow flyers, now having mutual interests and mutual problems. They are, in short, brother men who fly—and, almost to a man, brother pilots who are anxious to get into actual combat where they can fly out and fight the best that any enemy has to offer.

## Girl Is Charged With Poisoning

AMARILLO, Feb. 13 (AP)—Eighteen-year-old Dorothy Frisbie, quoted by District Attorney Jim Lumpkin as saying she gave rat poison to the children of Homer Scott "because they were all that stood between me living with Homer," today faced charges of murder in the death of 16-month-old Johnnie Scott.

Scott, 20-year-old Amarillo cab driver, was charged with statutory rape in connection with his relations with Miss Frisbie, an expectant mother. Miss Frisbie's eighteenth birthday was last September.

Lumpkin said Scott was living at the Frisbie home, Monday Mrs. Scott and children, Johnnie and Glenda, who had come to Amarillo from Paducah, were taken by Scott to the Frisbie place.

Mrs. Scott went to look for an apartment and Homer was sleeping. Lumpkin said Dorothy's statement related, the girl said that she borrowed some rat poison, told her mother to go see a neighbor and gave the poison in water to the children.

Johnnie died within a short time but Glenda recovered. The boy's viscera is being analyzed for traces of poison.

## Pythian Sisters Will Gave Dinner-Dance

A dinner-dance will be given tomorrow night at the castle hall by the Pythian sisters, it was announced at the meeting Thursday of Pampa Lodge, Knights of Pythias.

At the meeting, two new members, James Culppepper and R. W. (Dick) Wilson, received the rank of page. Tracy Cary, chancellor commander, presided at the meeting and Bob Cecil, master of works, was in charge of the rank team.

Members present at the meeting were S. J. Spears, H. C. Payne, Fred Tinsley, Sam W. Turner, Leo Tilley, Odie B. Cox, A. M. Edmiston, Bob Cecil, Tracy Cary, Ralph Mangel, A. L. Weathered, Russell Kennedy, Roy Dyson, Tony Smith, B. B. Altman Jr., James Culppepper, R. W. (Dick) Wilson.

## BERN IS ALARMED

BERN, Switzerland, Sunday, Feb. 14 (AP)—Air raid alarms sounded in Bern just after midnight today.

## Henry King's Orchestra to Play For Graduation Dance Tuesday

Henry King and his orchestra, society's favorites, and one of America's most popular radio, dance and recording orchestras, has been secured to play for the graduation dance at Pampa's army air forces advanced flying school Tuesday night, Lt. Col. Daniel S. Campbell, commanding officer of the post, announced Saturday.

The dance, which will be held in the post recreation building, will be attended by the graduate pilots, their parents, wives or girl friends, and a selected list of officers of the air base.

Special guests will be Brig. Gen. Isaiah Davies, commanding general of the 34th flying training wing; Colonel and Mrs. Campbell; and Lt. Col. Robert C. McBride, director of training, and Mrs. McBride.

Arrangements to secure Henry King for this event were completed through the Music Corporation of America. Mr. King, whose group of polished musicians is en route to the dance, had cancelled another engagement in order to provide the music for the first graduating class at Pampa's air base.

Handsome Henry King's orchestra is noted for its special popularity at leading smart spots, and his long list of engagements and resorts. He comes to Pampa from Chicago, where he has just completed a long-term engagement.

Perhaps one of the reasons that officials of Pampa's air base were able to induce Henry King to bring his orchestra here for the graduation dance is because the piano-playing maestro is an aviation enthusiast himself. He has his own Waco plane in which he used to fly from one engagement to another before war conditions made this means of travel impractical.

His orchestra also features lovely Beverly Madison and Tommy Smith, vocalists, who have found great popularity among audiences everywhere.

Always popular with radio audiences—their Decca records are sell-

ing heavily because of their skill with current popular music—Henry King's orchestra is sure to provide a

smashing climax to the graduation day program of Pampa's first class to win its pilot's wings.

## Pampa Doctor in South Pacific Is Well Known for Medical Skill

By ARCHER FULLINGIM  
SOMEWHERE IN THE SOUTH-WEST PACIFIC, Feb. 2.—The Routing Reporter of The Pampa News was never as glad to see anyone as he was Sunday when he located Dr. M. C. Overton, Jr., in his tent in a coccoloba grove, and again last night when he found Billy Hawkins in his radio shack in the jungle.

Both are residents of Pampa, both are in the navy, and both live within almost "hollering distance" of the R. R. Not only that but the R. R. missed seeing Jack Stroup, son of Mrs. Jessye Stroup by only a few days. His ship was here recently and he came ashore to see Dr. Overton, who is a lieutenant commander in the navy.

The former Pampa surgeon and present owner of Worley hospital at Pampa, had just received a letter from Thelma, Jack's wife, which was in answer to one he had written her, telling her that he had seen Jack and that the latter was safe and well. Dr. Overton was also feeling particularly good that day because he had just received letters from Miss Jackson and Miss Mason of the hospital staff.

Dr. Overton is not only doing wonderful work here, but he is setting an example for "gold braided" officers to hit at. I first heard he was here a few days after I arrived. I overheard a sailor praising Dr. Overton. "There's a Dr. Overton here who can really fix you up," he said. Then Leonard Records of Canadian, formerly with the White House Lumber Co., told me that he was here.

Dr. Overton's surgical skill is well-known in the South Pacific, and literally hundreds of marines, soldiers and sailors have reason to be grateful to him. Day and night he operates, attends their wounds, broken bones and bodies.

Dr. Overton loves his patients, and his eyes filled with tears as he told of the bravery of his patients, and of their touching gratitude. "I wouldn't trade places with anyone at any price," he said, and I believe it. As he talked of the brave boys he has given medical attention, I became aware that few have done, and will do as much in this war as Dr. Overton. His patriotism is all the more appreciated because we all know what he gave up to get into this war. He could have stayed in the States, or have been stationed away from the battle area, but he wanted to be near the boys in the foxholes.

You know Billy Hawkins. He's the son of Bill Hawkins who has the radio repair shop just below Five Points on the LeFors road. The day before I left Pampa, Bill told me to keep a sharp lookout for Billy, but I never thought I'd find him here. Bill is a radio man, second class, and he's performing a valuable task with skill and fervor. Bill works day and night sometimes—he works all day and several hours every night, but he thrives on it and he looks well, has good color, and his morale is like a shot in the arm.

Dr. Overton has lost several pounds and has a lot of gray hairs that he didn't have when he enlisted last May, but I have never seen anyone who was so devoted to his work and who loved the boys who do the fighting any more than he does. You hear of hard-boiled, heartless doctors in the service. Well, I have not met any yet, but

## G. C. Austin, Jr., Is At Pre-Flight Field

Grover Cleveland Austin, Jr., son of Mr. and Mrs. Grover C. Austin, 1019 Duncan, is now enrolled as an aviation cadet at the army air forces pre-flight school for pilots at Maxwell Field, which is located on the outskirts of Montgomery, the capital of Alabama.

Cadet Austin is a former Pampa High school student, entered the army on February 24, 1942, and was taking a course as a truck mechanic at Pendleton field when he was appointed an aviation cadet on November 13, 1942. He began his pre-flight course at Maxwell field on January 31 of this year.

## 'Old Blood and Guts' Decorated by Sultan

WASHINGTON, Feb. 13 (AP)—Major General George S. Patton, Jr., commander of the first armored corps and of army troops in French Morocco, has been decorated by the Sultan of Morocco, Secretary of War Stimson said today.

Patton, known as "Old Blood and Guts," received the Grand Cross of the Order of Oussama Alaouite—a white enamel star and wreath of palms edged in crimson, and suspended on an orange blossom.

"I think," Stimson said, smiling, "the real interest is in the citation, which said 'The lions in their dens tremble at his approach.'"

—BUY VICTORY STAMPS—

## 13 Will Never Jinx This Bombarrier

WILLIAMS FIELD, ARIZ., Feb. 13 (AP)—They'll never Jinx Bombarrier Cadet Eugene Jackson with the number 13.

He was born on a farm 13 miles from Carter, Mont.

There are 13 letters in his name. On Friday the 13th, 1942, he passed his cadet-training test and soloed on July 13th for 13 minutes.

He was transferred to Williams Field from the 13th army air force training detachment, and will be graduated a second lieutenant today — Feb. 13.

—BUY VICTORY STAMPS—

## Thurlow Services To Be Held on Monday

Funeral services for Don Richard Thurlow, 18, naval aviation radio-man third class, killed in a plane crash February 9 at Floyd Bennett field, N. Y., are to be conducted at 10:30 tomorrow morning at the Presbyterian church by the Rev. Robert Boshen, pastor, and the Rev. H. H. Bratcher of Rails.

Don, graduate of White Deer High school, enlisted in the navy on Feb. 2, 1942, and graduated with highest honors from the naval radio school at the University of Wisconsin on Sept. 1, 1942.

He is a grandson of Mrs. F. G. Thornburg, of 211 N. Sumner, Pampa. His mother, Mrs. Hazel Thurlow, resides in Marshall, Okla.

Burial will be in Fairview cemetery under direction of Duenkell-Carmichael Funeral home.

—BUY VICTORY STAMPS—

## New Device Helps Discover U-Boats

LONDON, FEB. 13 (AP)—The war against the U-boat is being intensified with new devices used by the RAF and the Royal Navy, which spot surfaced submarines no matter how thick the fog or how dark the night, it was made known today.

The airforce uses a radio "magic eye" for its tracing of undersea-craft. The British navy employs radio locators.

## Funds From Red Cross Budgeted

More than \$65,000,000 has been budgeted by the American Red Cross for direct national services to the armed forces in 1943. Ray L. Ellis, Red Cross field director at Pampa's army air forces flying school announced yesterday. This represents more than 65 per cent of the amount of the national organization will require for the year to finance its national and international program.

A goal of \$125,000,000 has been fixed as the 1943 Red Cross War Fund, which will be held in March. "Instead of holding its customary membership Roll Call last November, the Red Cross decided upon one campaign in March, which, barring unforeseen emergencies, will finance the organization's work until February 28, 1944," Ellis said. "A balance of \$20,000,000 left from the first War Fund also will be applied on the 1943 budget."

Red Cross chapters will require \$45,000,000 to finance their indispensable needs and their rapidly-growing local work on behalf of families of servicemen, he explained.

## Willie Cries-For-War Serves at Texas Post

BROWNSVILLE, Feb. 13 (AP)—Fort Brown thinks it has the soldier with the most war-like name in the nation.

He is Willie Cries-For-War, a full-blooded Ponca Indian now stationed here. He was inducted into the army with two brothers from Ponca City, Okla.

—BUY VICTORY STAMPS—

Most densely populated island in the West Indies is Barbados.

## PAMPAN TEACHES CLARK GABLE

Serg. C. D. Stephens of Pampa (right) instructed former screen star Clark Gable in the art of aerial gunnery while the latter was stationed at the Spokane, Wash., air field recently. Steve's

family, Mr. and Mrs. O. E. Stephens, reside at 121 N. Gray. He is a brother-in-law of Grover Lewis at The News commercial department

## 'Bum' Is Free Again after Brief Term in Air Force's Guardhouse

He stood before the court, his face downcast, a trace of moisture in his eyes . . .

"I sentence you," the court officer intoned, "to one week in the guardhouse . . . ." The officer paused for a moment.

A tear dropped from the prisoner's face. Lt. Edward C. Alloo, presiding officer at the trial cleared his throat before resuming passing of sentence. After all, court officers are human, just like you or I, and there comes a time when the going is tough. But duty must come before personal feelings.

He resumed sentence. . . . to one week in the guardhouse. This sentence to be suspended on the basis that you are not to be cajoled or petted—within the hours of 3 a. m. and 4 p. m., for a period of one week."

The prisoner, one "Bum" by name—was led out, whimpering, his tail between his legs.

—BUY VICTORY STAMPS—

It was a stiff sentence for Bum, the affectionate, mongrel mascot of the 960th quartermaster detachment

## Air Conditioning Contract Is Let

The Matthews Engineering Company of Dallas has been awarded a contract by the war department for installing air conditioning equipment in the Link trainer buildings at the Pampa army air forces advanced flying school, according to an Associated Press dispatch from Washington.

The work is to be supervised by the army engineers' office of Tulsa.

The Washington announcement said the contract was under \$50,000, but did not name the exact sum.

## Eisenhower Had To Borrow Extra Quarters

ALLIED HEADQUARTERS IN NORTH AFRICA, Feb. 13 (AP)—This is how Gen. Dwight D. Eisenhower learned he was entitled to wear four stars on each shoulder.

The news that he had been made a full general was announced in Washington and sent by cable to London, whence it was broadcast Thursday night. The broadcast was heard here by the captain of a British naval vessel, who came ashore to telephone his congratulations to "Ike."

Next came a wireless message of congratulation from Mrs. Eisenhower. Then there was one from Prime Minister Churchill and another from Gen. George Marshall, chief of staff. Finally, early Friday morning, came the official notification from the war department in Washington.

Caught short of stars, Eisenhower had to borrow two from a spare tin to make his first official appearance as a full general.

It taught him a lesson. Bum got properly registered.

And now, with his registration tag jangling, tail defiantly aloft, he struts disdainfully past the toughest of the M. F.s, unmolested and unafraid, once again a free citizen in the community of dogs at the field.

He's happy too. For he can be cajoled or petted anytime, day or night.

Four Pampa Couples Take Wedding Vows, Announcements Reveal

Betty Myers, Cpl. Addington Wed

Mrs. Janice Myers of 1105 E. Francis street announces the marriage of her daughter, Miss Betty Jean Myers, to Corporal Robert E. Addington, son of Mr. and Mrs. B. F. Addington.

MRS. ROBERT E. ADDINGTON

ROBERT E. ADDINGTON

The wedding ceremony was performed at 8 o'clock last night in the chapel of the Presbyterian church by the Rev. Robert Boshen. Attending the couple were Miss Frankie Foster, maid of honor, and Merle Polson, best man.

The bride wore a three piece white and red plaid suit with black accessories and a corsage of red and white carnations.

Mrs. Addington was graduated from Pampa High school. While in school she was a member of the student council for three years, served as yell leader, and has been an active member of La Rosa society.

Corporal Addington, who also attended Pampa High school, was a band member and drum major for the Harvester band. He is now a member of the United States Army Air Corps stationed at the Pampa Advanced Flying school.

The couple will be at home at 1206 E. Francis street.

Methodist Services Offer Special Music

There will be special music at both services of worship at the First Methodist church today. At the morning hour the choir will sing the anthem, "Let Not Your Heart Be Troubled" by Speaks. Miss Mary Elizabeth Armstrong will play a violin solo at the evening service.

The pastor, Rev. E. B. Bowen, will preach at both services of worship. The subject for the morning hour will be, "Are Ye Able," and at the evening service, "The Dynamic of Life."

The church school begins at 9:45 a. m. morning worship service 10:55 a. m., youth fellowships 7:00 p. m., evening service of worship 7:45 p. m. At the close of the evening service there is a period of fellowship and recreation honoring the service men.

Mrs. H. H. Keyser Has Birthday Party

Mrs. H. H. Keyser was honored by a birthday party given at the home of Mrs. W. E. James by Mrs. T. L. Anderson and Mrs. James recently.

Gifts were presented to the honoree, and games and contests preceded serving of refreshments. Guests for the occasion were Mmes. Keyser, Ella Brake, Gladys Davis, Ora Alford, Mollie Richey, Pearl Slaton, Willie Reeves, Stella Stidham, Jewel Perlett, Pearl Keyser, Grace Wasson, Nell Keutling, Ellen Chapman and Frances Kltebens.

Torpedoed Ship Remains Afloat

WASHINGTON, Feb. 13 (AP)—A British merchant ship, her hull punctured by an enemy torpedo, remained afloat in mid-Atlantic in December, the navy reported today, and finally was towed to a United Nations port where she was repaired.

Four men of a crew of 50 were lost—two when the torpedo struck and two others when the vessel was being abandoned in heavy weather. The ship was reported when the crew decided it might be saved.

Horace Mann P.-T. A. Hears Rev. Henshaw

The Rev. E. W. Henshaw, pastor of St. Matthews Episcopal church, was guest speaker at the meeting of the Horace Mann Parent-Teacher association Thursday afternoon at the school. In his talk on "Who Is My Neighbor," he urged that after the war we must feed the starving nations before we talk peace to them, and rebuild them spiritually as well.

Mrs. H. H. Boynton, president of the City Council of Parents and Teachers, had charge of the founder's day service, commemorating the 46th birthday of the Parent-Teacher association.

During the short business session conducted by Mrs. W. A. Spoonemore, president, Mrs. O. B. Schiffman reported that on February 25 the Red Cross group will meet at the school for a showing of films on home nursing and activities of the Red Cross. The public is invited.

The nominating committee named at this meeting included Mrs. W. O. Prewitt, Mrs. F. N. Bonner, and Miss Josephine Thomas.

Junior Club Planned By Tarde Felice

Plans for sponsoring a Tarde Felice Junior club were made by the Tarde Felice club at a meeting in the home of Neva Lou Woodhouse recently. Present for the meeting were Juanita Osborn, Marjorie Hill, Geraldine Gebert, Marjorie Roth, Joyce Wanner, Mary Nelson, Loretta McArthur, Joan Hawkins, Grace Hines, Neva Lou Woodhouse, and a guest, Billie Louise Crawford.

Tucker, Gaines Nuptials Performed

Mrs. Lucille Frankie Tucker, daughter of Mr. and Mrs. W. E. Kennedy of McLean, and W. A. Gaines, son of Mrs. Charlie Gaines of Grapeland, were married at 8 o'clock last night. The ceremony was performed by Judge Charles Hughes in the home of the bride's aunt, Mrs. Sidney Stone of Pampa.

Mr. and Mrs. Kennedy will leave next week for Ada, Okla., where they will make their home.

Program To Welcome Cadets and Guests

In typical Texas fashion, a warm welcome is being planned for the parents and friends of aviation cadets in class 43-B who are graduating this week from the Pampa field. Not only will the out-of-towners be given lodgings, but a welcoming program from 4:30 p. m. to 5:30 at the high school is scheduled for tomorrow.

All graduating cadets, their friends and relatives, and Pampa hosts to the visitors are invited to be there for a brief welcoming talk, Texas coffee and doughnuts, and a general get-together.

H. E. Schwartz is chairman of the committee in charge of tomorrow's entertainment and he will be assisted by Henry Ellis, Lieut. Harold B. Smith, and Joe Gordon. Dan E. Williams is head of the army hospital committee of the Pampa Board of City Development and Chamber of Commerce which has organized the whole welcoming program.

Rev. West Addresses Sam Houston P.-T. A.

Sam Houston P.-T. A. met Thursday with "Citizens Strong With Spirit Free" as its theme. Rev. E. G. West, guest speaker, discussed "Patriotism and Our World Tomorrow," stating that a real patriot for the future world should love the whole world and all mankind.

Mrs. W. E. Campbell supervised the meeting, introducing Mrs. A. A. Procter, who gave the founder's day address. Special music was under the direction of Mrs. Robert Carter. Two scouts, Carl Tillstrom and Jim Warner, led the association in the pledge of allegiance.

Following the business meeting, Miss LaNelle Scheinagen announced a victory concert to be presented at Sam Houston school February 19 at 2:30 p. m. Admission will be the purchase of war bonds or stamps.

Sweater Girls Fired By Aircraft Plant

BRIDGEPORT, Conn., Feb. 13 (AP)—Fifty-three sweater girls have been dismissed at Sikorsky aircraft plant here for what an executive described as violating the company's "uniform rule." Twenty-two sympathetic co-workers joined them.

The sweater girls took their troubles to a labor board there which attempted to soothe their feelings. George Anderson, Sikorsky executive, said that rules are rules and the girls can't go back to work while wearing sweaters.

Mike O'Daniel Inducted

WASHINGTON, Feb. 13 (AP)—Senator W. Lee O'Daniel and his son, Pat, 24, a corporal in the Adjutant General branch, accompanied another son, Mike, as he was inducted into military service today.

Insurance Man Dies

HOUSTON, Feb. 13 (AP)—John C. Cameron, vice president and acting manager of Southern Life Insurance company, died last night here.

set. Although she may learn at school to pursue ways other than yours, she'll learn faster, safer. If there's no contradiction of school habits and home habits. The school is no complete substitute, it's just an effective supplement to your guidance.

Shamrock Comings and Goings

Special to The NEWS. SHAMROCK, Feb. 13.—The Many More Circle of the W.M.S. of the First Baptist church met in the home of Mrs. Henry Holmes Monday afternoon. Mrs. J. R. Brown presided over the business session and gave the devotional from the 4th Psalm. Lesson for the afternoon was given by Mrs. George Beatty from the book, "Moving Millions." Mmes. J. L. Blackburn, Emma Skidmore, George Beatty, J. R. Brown, T. D. Bland, and Fred Holmes were present.

The Rex Ray Circle of the First Baptist church W. M. S. met in the home of Mrs. Charles Daughtry Monday afternoon. Mrs. B. R. Risinger presided over the business session, and Mrs. E. K. Bechtol gave the devotional from the 6th chapter of Galatians, closing with a poem "Procrastination," by Alice Whitson Norton. Mrs. P. T. Boston taught the lesson from "Moving Millions." The hostess served refreshments to the following members present: Mmes. P. T. Boston, E. K. Bechtol, B. F. Risinger, Charles Green, B. F. Kersh and George Stanley.

The Blanche Grooves Circle met in the home of Mrs. E. C. Derr Monday. Mrs. Dean McMurtry presided over the business session. The devotional was given by Mrs. Tom Martin. Mrs. Derr gave the lesson for the afternoon on "The Life of Basil Lee Lockett." Attending were

Miss Helen Purdy Becomes Bride Of Sergeant Maxey

In a double ring ceremony, Miss Helen Carolyn Purdy and Staff Sgt. Glen M. Maxey were united in marriage Wednesday afternoon in the army air field chapel at Columbia, S. C.

Announcement of the wedding was made by the bride's mother, Mrs. N. A. Purdy of 415 N. Frost street.

For the military service performed by the chaplain Mrs. Maxey wore a white suit with green accessories and carried a bouquet of pink roses. The couple was attended by Mrs. H. F. Maxey of Pampa and by friends of the bridegroom in Columbia.

Mrs. Maxey, who graduated from Pampa High school in 1933, was president of the Coterie club and has been employed by the Southwestern Bell Telephone company for the past three years.

Sergeant Maxey, son of Mr. and Mrs. H. F. Maxey of N. Christy street, is in the aviation mechanics department at Columbia Army Air field. The couple will reside in Columbia.

USO Sponsors Valentine Dance

For the entertainment of enlisted men, the USO sponsored a formal Valentine dance at the Junior High school gymnasium from 8:30 to 12 last night. Music was provided by an orchestra from the Pampa air field.

Mrs. Paul Tabor, chairman of decorations, assisted by members of the soldiers' wives club, managed to catch the spirit of St. Valentine's day with decorations in red and white—a Valentine table featuring a heart centerpiece crowned with flowers, tiny Valentine cakes, and rose colored punch.

The soldiers were entertained by girls approved by the USO who were escorted to and from the dance by USO hostesses.

Tuesday Club Has Victory Luncheon

Special to The NEWS. SHAMROCK, Feb. 13.—A unique social affair was given by Mrs. Hubert Tindall when she entertained the Tuesday club with a "Victory" luncheon at the noon hour Tuesday.

In the dining room the table was laid with an old-fashioned red and white checked table cloth. Fiesta ware was used, and popcorn balls formed the centerpiece. No meat was served and all foods were non-rational. The menu consisted of brown beans, deviled eggs, combination salad and corn bread. Tapioca pudding was served for dessert and water for the drink.

Small American flags were used as place cards. During the afternoon bridge was enjoyed, with high score for guests going to Mrs. B. F. Holmes, high score for members to Mrs. Frank DuBose and low to Mrs. S. J. Scott. All the prizes came from China.

The guests were Mesdames W. S. Pendleton, B. F. Holmes L. E. Earl Koger and J. M. Haise. Members present were Mesdames W. H. Walker, Frank DuBose, J. H. Caperton, Shirley Draper, S. Q. Scott, Royce Lewis and Carl Linkey.

Measuring Wing Speed

Scientists determine the speed of an insect's wings by comparing the pitch of the resultant hum with that of a tuning fork.

Oscar Candidate?

Bette Davis, twice winner of the Academy Award, is being mentioned as a candidate for a third Oscar for her work in "Now, Voyager."

Gloria Posey Weds Sgt. Mullinax

MR. AND MRS. ANDREW STARK (Martha Marek) are now at home at 219 North Houston street.

Announcement of their marriage on January 25 was made recently. The single ring ceremony, witnessed by Miss Willetta Stark, sister of the bridegroom, and Don C. Dewey, was performed by the Rev. Robert Boshen in the Presbyterian church. The bride wore an aqua suit with black accessories and a gardenia corsage.

Mrs. Stark, daughter of Mr. and Mrs. Peter Marek, is a graduate of Pampa and was employed at the Pampa Army Flying school before her marriage. Mr. Stark, son of Mr. and Mrs. A. P. Stark, is affiliated with Phillips Rubber plant at Borger.

A A U W Book Review Attended by Many

A large group of members and guests of the American Association of University women heard Mrs. H. H. Hicks review Dr. Beran Wolfe's book, "A Woman's Best Years," Thursday evening in the city club rooms.

Author and Dr. Wolfe

The author and Dr. Wolfe made to women who are entering the fourth decade of life. The point was stressed throughout the book that women who look ahead instead of back grow up but never grow old.

Good Laying Hen

A good laying hen requires about 13 gallons of water annually.

During the playing of "Oh Promise Me," Miss Bobbie Lou Posey, sister of the bride, and Esther Jane Mullinax, sister of the bridegroom, lit the tapers, and the bridal chorus from Lohengrin was played as the bridal party entered.

The bride, who was given in marriage by her father, wore a blue frock with blue accessories and carried a nosegay bouquet of carnations and pink buds.

Attending Mrs. Mullinax as matron of honor was her sister, Mrs. Ralph McKinley, who wore powder blue with pink accessories and a corsage of white and pink carnations. Capt. Lawrence C. McMurtry acted as best man.

An informal reception followed the ceremony, with Miss Elizabeth Mullinax serving wedding cake in the shape of bells encircled with a lei of smilax and pink and blue sweet-peas. Miss Freda Barrett presided at the punch bowl, and Miss Jane Kerbow assisted with serving. Miss Marguerite Jones had charge of the registry.

Following the reception the couple left for Dallas. For the trip, Mrs. Mullinax chose a powder blue suit with pink and black accessories. The couple will be at home in Houston.

The Bride is a Graduate

The bride is a graduate of the University of Texas and a member of the local Beta Gamma Kappa club. She has been employed by Cabot Co.

Sergeant Mullinax

attended the University of Texas and Texas Technological school. He is now stationed at Ellington field.

BUY VICTORY BONDS

COPPER USE CUT 10 PER CENT

The 24,000,000 pounds of copper turned over to scrap dealers by the nation's electric utilities during 1942 represented approximately 10 per cent of their annual copper needs. The electric industry is the largest user of this metal.

BUY VICTORY BONDS

They'll stand the wear and tear of years and hold their shape against time and trouble.

The price isn't nearly as big as their performance... and that's the way it should be.

New Spring ROTHMOOR SUITS

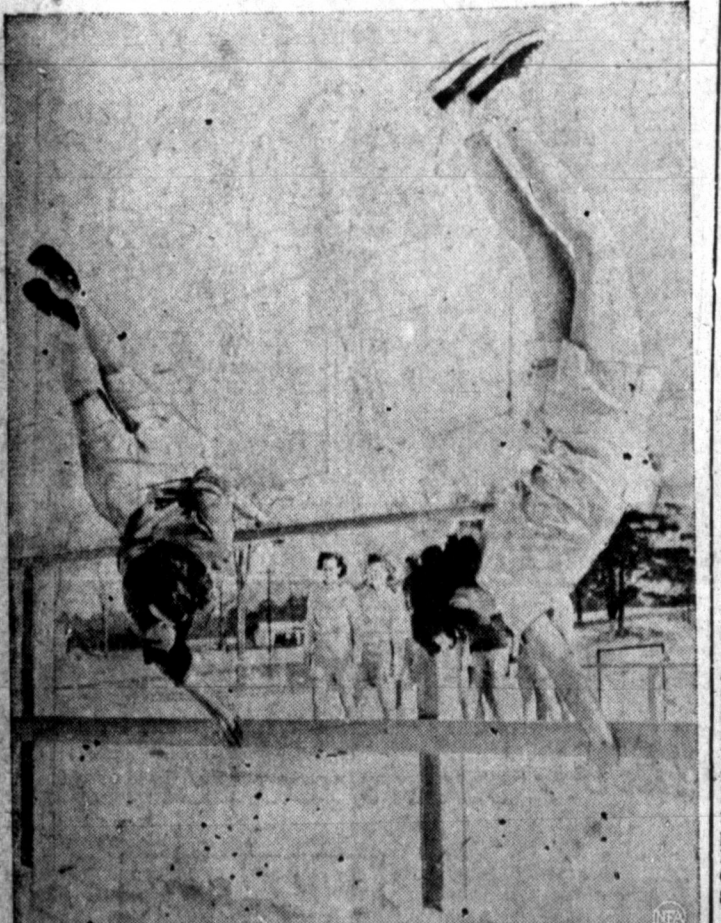

Advertisement for ROTHMOOR SUITS, priced at \$45.00 and \$49.95. The ad features a woman in a stylish suit and a small dog silhouette.

Murfee's

Pampa's Quality Department Store

Co-ed Commandos

Pinwheeling over a four-foot wall on the University of New Hampshire commando-type obstacle course, co-eds show they are as agile as their fellow male students. The girls march, scale walls, broad jump, drill at double-time, and take group calisthenics—all as a part of wartime fitness program—and don't mind the snow either.

# LITTLE HARVESTER

## Pampa High School Will Not Have Victory Corps, Says Dr. Osborne

"Unless the student body demands that a Victory corps be organized, one will not be had in high school," said Dr. D. F. Osborne, principal.

Dr. Osborne and four teachers, Mrs. Leslie Hart, Miss Louise Smelzer, Mrs. Robert Sanford and J. C. Prejan, attended a supervisors meeting in Amarillo Friday to hear reports from various schools over the Panhandle on the Victory corps.

The main purpose of this corps is to encourage students to take physical education. The schools that reported on activities listed selling stamps and bonds and collecting scrap iron as main projects.

Dr. Osborne said, "Since students in high school are already meeting the requirements of the corps, and are doing such activities as those suggested through other organizations having a Victory corps would be of little value."

The Victory corps has six divisions in it, general membership, land service, production service, sea service, community service and air service. To qualify for general membership physical education must be taken, the student must participate in a wartime activity such as Junior Red Cross, model airplane building, home economics or work on a farm.

For production service, the student must take physical education, agriculture and work part time; community service requires the student to take physical education and the college preparation course. Land, sea, and air service courses have the same requirements except that more mathematics and science are required.

## Red Cross Needs Helpers During Noon To Work on Projects

Here is a real opportunity for all you girls who want to do something for the Red Cross, but "just don't have time."

During the noon hour, in the home economics living room, there will be a Red Cross session.

It will be conducted just like the main Red Cross branch downtown. Each girl will be given credit for the number of hours she puts in, and a regular check will be kept on the girls' activities.

There will be a variety of things to work on, and each will have a girl to aid her in any way. That way there will be a variety of things to choose from.

Each committee will have its chairman, such as an Afghan chairman, a scrap book chairman, and the service kits, or housewares.

All available help is needed.

## Students Give Illness As Prominent Excuse For Being Absent

If you are one of the few who have not been absent so far, these six months and six days of school, then learn what to use for an excuse for your absences.

The most prominent excuse is, "Please excuse John for his absence yesterday as he was ill." But there are those who have excuse for staying home to work, tend the baby, or see service boyfriends or relatives who are on furlough.

According to the school records the last runs as follows for absences: 3-10 per cent were absent the first six weeks, 6-10 per cent were absent the second six weeks, and 4-10 per cent were absent for the third six weeks.

Unhappy girls in school will be going with cadets who graduate soon at the end of the year. It means that they will soon have to leave. (The cadets, I mean.)

There were a number of unhappy students in school last Wednesday afternoon when four teachers said their goodbyes to high school for the duration. In assembly Wednesday morning, students from different classes presented Miss Ullian Zecek, Miss Pearl Gafen and Miss Margaret Tomberlin with red, white and blue corsages. These three are leaving for the WAVES. A corsage was also presented to Miss Dorothy Summers, who left also to become an instructor at the air base in Amarillo.

Bonnie Bell McBee is going to make someone a good secretary if she continues to do what she is doing this year. In her sophomore year she can type 53 words a minute.

Evelyn Ratcliff is wearing a new wrist watch which is a gift from her husband in the air corps.

Daltry Betty Saunders is wearing a pair of silver wings. Could that be the reason that her favorite song is "He Wears a Pair of Silver Wings"?

Everyday scene is Mary Gurley and Jerry Kerbow sitting on some hall steps studying Mary's English.

Evelyn Kidwell finds the company with Ethel Lane, now in the air corps, just as nice as it used to be.

Back in the halls this past week was former Senior Class President Eddie Zane Graves wearing an air corps identification bracelet but she insists that the boy means nothing to her. Could be, could be.

If the old saying is true that a woman is fickle, then the weather must be feminine because it has changed more in one week than change in a month.

Since the girls have started wearing jeans the boys have gone back to wearing their bright plaid shirts. One of the latest to become a

## Girls Go Dutch With New Wooden Shoes

Pampa High school is turning "Dutch" with many wooden shoes which will be seen in the future clapping down the halls.

The 12 girls in Mr. Paul Boyer's fifth hour shop class, are taking up the fad of these shoes.

Tools which are used in making these shoes are band saw, electric sander and the plane. These shoes are made of pine wood and are out at the instep in order for the sole to bend to the shape of the feet. The girls cannot do this part of the work but can take the wooden soles down to one of the local shoe shops and have it sewn on for 75 cents.

Wood for these shoes will cost each girl 25 cents a pair plus the sewing of the material on top which totals \$1.00, very economical, don't you think?

## School Board Meets To Discuss Problems Of Higher Living

The problem of the rise in the cost of living as it affects teachers' salaries was discussed by school board members, school principals, and superintendent Sone Tuesday night.

It was debated whether teachers should receive a raise in their salaries since the cost of living has increased. Members thought that since the cost of living had gone up that perhaps teachers are not receiving enough pay to enable them to live properly.

It was decided to give the janitors a five dollar a month raise in pay, while the question of teachers' salaries was carried over till the next meeting.

School board members attending were V. L. Boyles, W. D. Kelley and Dr. H. H. Hicks.

## WHY'S FAULT IS IT?

When the majority of those who attend the basketball games of Pampa High school are soldiers, parents, or junior highers it's a wee bit discouraging to the team. We're not just treating them right. After all it's our team and if we expect it to be as good as our teams have been in the past we have to support it. The price is only 10 cents, the place is the junior high gymnasium, within walking distance. Why not take your girl to the basketball games, boys? You'll save money, find and incidentally support the Harvesters!

Member of Panhandle High School Press Association, West Texas Scholastic Press Clinic, Texas High Press Association, and Quill and Scroll, International Honor Society for High School Journalists.

## Harvesters Lose To Sandie Cagers Friday 46 to 22

By downing the Harvesters of Pampa High school 46 to 22, the Amarillo Sandie cage squad clinched the northern division of District IAA Friday night at the Amarillo High School armory.

In the second game the Pampa sophomores edged out a Sandie B team 13 to 12.

Reginald Bridges, Harvester forward, opened the scoring by sinking a crisp shot. Vessey of Amarillo followed with two field goals. Robbins was fouled while sinking a long shot and added a free shot. The Harvesters led 5 to 4.

At the quarter Amarillo led 14 to 9, and 29 to 11 at the half. The IAA score was 46 to 22.

High point men were Bridges, Pampa forward, and Ratcliff, Amarillo center, with 10 points each.

In the game between the B teams Cree, sophomore forward, led the scoring with seven points. Fatheree followed with four.

## March 3 Is Date Of Livestock Show

March 3, 1943, will be the date for this year's Junior Livestock show given by the Pampa and McLean Future Farmers of America chapters and the local 4-H club, Hood Wills, agriculture instructor, announced Thursday. The announcement came after a meeting of the agriculture committee of the local chamber of commerce with Tom Cox as chairman.

The chamber of commerce holds the annual show and a prize is given to the beef judged to be first place. After the show a sale is held for the Pampa merchants and the beeves are sold.

## Origin Of Valentine's Day Written, Candy Replaced

Roses are red,  
Violets are blue,  
Candy is scarce  
So won't you be my Valentine anyway?

It may not satisfy your sweet tooth, but the sentiment is just the same when this time of year rolls around. As sugar is used to make candy and candy is used to make love, most girls will think that cupid is on a sit-down strike this Valentine's day.

The shortage of candy has both good and bad viewpoints. The boys who have been growling because of sugar rationing now call it their deliverer. This will afford a plausible excuse for not buying their best girl a beautiful, delicious box of chocolates, but they can always send that certain someone flowers.

Such is the curse of the males when those special days that require sweet remembrances for "her" round. But let's get down to facts and the plague of St. Valentine.

Once upon a time there lived in an old country a very nice man. He befriended all those who needed help and never asked for anything (much). But due to evading his income tax, the government officials came and hauled him away to Alcatraz. Here he brooded over his terrible plight and was about to give up when he thought of a little girl whom he had befriended once in the good old days.

Immediately he devised a plan and called upon one of his pals, Red Wing, the carrier pigeon, to come to his cell.

Here they conversed and the pigeon flew out of his window and across the bay to a tree. From this tree he picked a heart-shaped leaf and took it back to St. Valentine.

The convict wrote a message on it and plucked one of the little pigeon's feathers out and stuck it through the leaf. The bird took the first Valentine in his "shop-lifting" bill and stealthily flew from Alcatraz.

Quickly he glided to Myrtle Gunshot, the little girl whom St. Valentine had befriended, and she decoded the message on it and saw the light.

Myrtle then baked the first anniversary food cake that had ever been baked with a file in it. Then she went to see St. Valentine. Dressed as an old woman she wasn't detected by the guards and got in, cake and all, to see the income tax evader.

St. Valentine broke the cake open and filed his way out of Alcatraz. He, Red Wing, and Myrtle Gunshot lived happily ever after, continuing their "befriending racket." And this, my friends, is the beloved story of the first Valentine.

## Only 260 Days Left In Which To Do Your Christmas Shopping

Better start thinking about some of those Christmas things that you want to buy for Santa Claus to bring you next Christmas. About 260 days are left in which you can tear your hair and rack your brain, as well as work on your folks for that snazzy portable radio you saw last week.

But there is just one thing wrong with doing your Christmas shopping early—you buy a present for some of your friends and in that long space between now and Christmas, he or she might start going with your best friend, then what would you do with the gift? Certainly not keep it for yourself, especially some of those lovely Christmas ties and socks that one sees only for about a week after Christmas.

Here is something else to think a little about—there are only 75 days of school left. Most of the usual trips will be out this time though, unless you happen to have some gasoline hidden under the bed along with some tires.

## Four Teachers Are Lost by High School

Pampa High school lost four of its teachers this week. Miss Ullian Zecek, history teacher; Miss Pearl Gafen, history teacher, and Miss Margaret Tomberlin, journalism and English teacher left this week.

Miss Tomberlin, Miss Gafen, and Miss Zecek will go to the Waves. They will go to an officers training school at Smith College in Massachusetts. Miss Summers will be a mechanical instructor at the air base in Amarillo.

Miss Dorothy Firebaugh, social editor of The Pampa News and a graduate of Stanford University, will teach the sixth period Journalism class. Miss Jessie Bumpass from Junior High School will teach History II. Mrs. Winston Savage will teach one class of English and will have study halls.

Rev. Russell West will take the dramatics classes and Mr. D. F. Osborne, principal, will teach the first period Economic class, and Tom Herod, assistant principal, will teach the third period History III class.

## Plant Victory Garden; Aid In War Effort

If you are planning a Victory garden you should first pick your garden spot and decide on the type of the garden you wish to have, then choose the vegetables you wish to grow and start your garden.

The first vegetables should be planted between February 15 and March 1. Vegetables and varieties that should be planted then are radishes, scabot lettuce, black seeded sison; mustard, tendergreen; spinach, King of Denmark; parsley, moss curled; Chinese cabbage, Wong Bok; English peas; beets, Crosby's Egyptian; carrots, Nantes; and onions, white Bermuda (plants or seed).

The vegetables should be planted in rows 8 to 12 inches apart; such vegetables as bush beans should have more space. Don't limit your garden to mustard greens and beans. Have a large variety of different kinds of vegetables to make the job of raising them more enjoyable and to give the family the greatest measure of health.

## Tuberculosis Group Tests 1700 Students

Only 243 of the 1700 students examined since the beginning of the Tuberculosis drive were found to have any positive reaction. W. E. Future Farmers of America, chapters and the local 4-H club, Hood Wills, agriculture instructor, announced Thursday. The announcement came after a meeting of the local chamber of commerce with Tom Cox as chairman.

The chamber of commerce holds the annual show and a prize is given to the beef judged to be first place. After the show a sale is held for the Pampa merchants and the beeves are sold.

St. Valentine broke the cake open and filed his way out of Alcatraz. He, Red Wing, and Myrtle Gunshot lived happily ever after, continuing their "befriending racket." And this, my friends, is the beloved story of the first Valentine.

## Small Details To Be Featured by Class

Sewing classes will feature the smaller details of the present day dress, rather than the main pattern, Mrs. Charles Hart, home economics teacher, said recently.

While the first year sewing class girls are experimenting with the more simple garments, such as pajamas and house-coats, they are learning the basic principles of sewing.

Second and third year girls are making their garments for their needs on the street, church, or for date dresses. While the dress patterns are very similar to those of last year, more stress is being placed on the originality of the garment.

For example, the girls are going to bind the button-holes, or make a cute pocket or some added accessories to the dress or jacket.

Only girls who wish to make formal this year will do so, as the travel situation will probably cut out a lot formal affairs.

Doris Jean Caldwell Billy Waters

## Student Council Plans Box Supper, Skating Party

The student council is going to have a box supper and skating party Friday 19, 1943. The announcement of the party was made Wednesday by Miss Anne Louise Jones, co-sponsor of the student council.

At a meeting Tuesday the student council decided to have a swell affair. This will include three phases of entertainment.

Games of all sizes, shapes and kinds will be gathered by the student council and will be conducted for those who wish to play them in the cafeteria. All students who would enjoy this are urged to attend the cafeteria and "have at it."

"Skate me around again, Willie," will be the words on every girl's pretty, ruby lips. The gym will be the scene of many thrills and spills as the roly-polly people skate gleefully around the gym floor. (P. S. Skating will be held in the gym and the admission will be a defense stamp.)

The first of its kind in high school for many a day will be an old-fashioned box supper after all the games and skating. It is here that the girls will get to show their beauteous what wonderful cooks they are, (even if their mothers did fix the box). This will climax the evening's entertainment.

These are the reasons you better get your gal and come out for a whooping good time at the student council's party next week.

## Plane Production For Navy Use Gets Underway

Plane production in Pampa High school got underway as nine planes are being produced in the production line knocking off, one by one, toward that 200 plane quota to be reached by May 30. The planes are being made for identification purposes for the navy department, announced Paul Boyer, faculty supervisor of the plane production, Wednesday.

The planes are types used by four nations, both enemy and Allied. There are German fighters, German heavy bombers or flying boats, British heavy bombers, Jap Zero fighters and American scout planes. The models are so perfect in scale that at a distance of 30 feet they look identical to the real plane at a distance of one-half mile.

There are four high school students and 14 junior high school students participating in the production. The junior high students will receive points toward a courtesy card in the Victory corps used in junior high.

One boy who built model airplanes was a victim of infantile paralysis. He tried to enlist in some branch of the service, but due to his ailment he was not accepted. Later, upon learning of his ability in building model airplanes, the navy drafted him for this purpose.

High school students building planes are Hubert Janssen, Grover Crook, Clifford Jones, and Don Childers.

## SENIOR WHO'S WHO

Seventeen-year-old Beth Bailey was born in Ochelata, Okla. Her ambition is to become a physical education director; her favorite teacher was Miss Maxine Richardson, the former physical education director. She is majoring in history, mathematics and science. Beth wants to attend the University of Oklahoma, Miss Richardson's alma mater. Beth has been active in all sports, especially football. Probably because she loves sports she is her home room coach, and her hobby is collecting pictures.

A native of New Mexico is Martha Marie Brummett, who was born in Clovis. Her talents as an artist are well known in the school and not too strange is her ambition: she wants to become a great artist. Her activities are bookroom and library assistant. She is majoring in mathematics, art, home economics and attended school in Clovis before she came here. She plans to attend an art college. Martha won three first places in art contests and one second place. Her hobby is collecting dirt from each state in the Union and foreign countries.

Bicycle riding, modeling airplanes and driving a car are Wilma Jean Bryan's hobbies. Her ambition is to become a doctor. She is majoring in mathematics. She has attended school in Eugene Field, Pittsburgh, Kansas, and Pampa grade schools. Wilma wants to attend college in the east.

Betty Jean Carlson, dark and 19, wants to be an army or navy nurse. She was born in Arkansas City and lists her activities as Little Harvester staff, member tennis team, and library assistant. She is majoring in mathematics and science. Betty Jean attended school in Arkansas City and Hopkins. She wants to attend Texas university. She is news editor of the Little Harvester one semester. Betty collects stamps in her hobby hours.

Ava Chesler has a "everything girl" Ava is the type that lets nothing stop her from attaining an ambitious desire. She has gone to school in Pampa all her life. Ava is a science and mathematics

major. She has been active in shorthand, library, P. H. T. Little Harvester and Red Cross clubs. Ava won third and received a sweater in shorthand. Her hobbies are reading and dancing.

Donald Childress, like many other high school boys, is 18 and will probably go to most popular of colleges when he graduates, the army. He was born in Broken Arrow, Okla. Don is a mathematics major and has attended school only in Pampa. His hobby hours are filled with radio experiments. Don is radio minded, both technically and musically, but his ambition lies in the direction of that of a rancher.

Born in Blue Jacket, Okla., is Robert Leroy Clasy, Jr. Imagine two people stuck with that name; we are kidding of course, Bob, for it looked mighty important on the program of last year's junior play, but we think not. Charlie says he's going to join the navy after graduation. He was active in football and choir and is majoring in science. Bob has quite a sense of humor and knowing him, we know he isn't really going to attend college at Alcatraz, nor is his most cherished honor being elected president of the Iars club. We are nearly sure he doesn't spend his hobby hours cracking locks and picking safes as he is listed on the Who's Who blank and marked "ensored."

Charles Henry Clemmons is the mathematics major who spends his noon hours playing basketball. This could be a notice to the draft board but we think not. Charlie says he's 17 years and 11 months old. He was born in Jallsboro, Texas. Charlie is going to join the navy after graduation. His hobbies were listed as collecting stamps and shells.

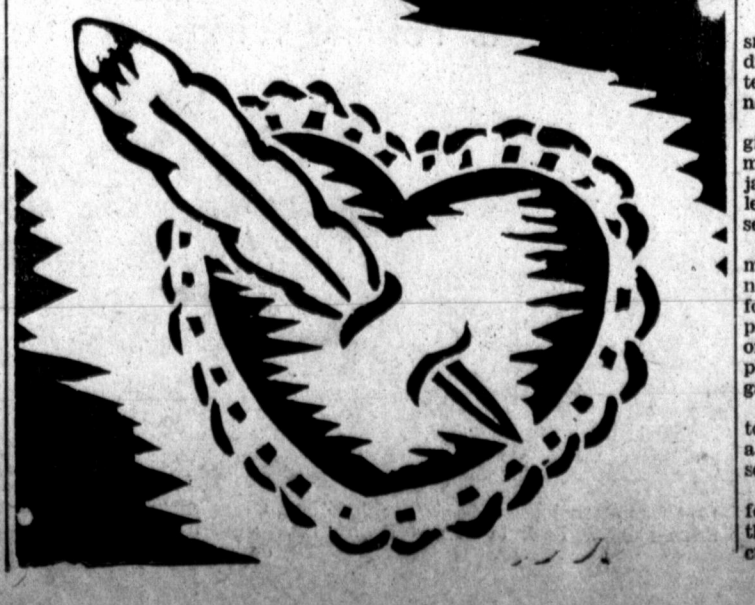

Small, dark and pretty Charlotte Cline was born in Fort Worth, Texas, 16 years ago. She is majoring in history but her ambition is to be a stenographer. She has attended school in Fort Worth and Pampa. Last year Charlotte was voted one of the three most beautiful girls in high school and was later chosen the most beautiful. Charlotte is a brummett.

SERIAL STORY

THE TERRIBLE EYE

BY EDWIN RUTT

Copyright, 1943, NEA Service, Inc.

"The Terrible Eye" is indeed a remarkable invention. It can create and televise events dating way back into ancient history.

fast idea. What else will I tell him? Hildy spoke at length. When she had finished, Jonah scratched his head.

his heart leapt, like a pronged grampus. "Hildy," he called softly. "Is that you, Jonah?" Her voice was a stupefied blend of raindrops and quicksilver.

TERRIBLY WORRIED

HILDY frowned. "It isn't Father's wretched money I'm worrying about. It's just that Aunt Meg left me some that's to be all my own. Only I don't get it until next winter when I'm 21.

"It's strictly screwy," Hildy said. "Look here, Jonah," said Hildy. "I've been hounded and spied upon for weeks. Now I'm being deprived of the kind of wedding that every girl wants. There'll be no orange blossoms for me, Jonah.

"Hildy," he cried. "This is swell. What are you doing here? Wait! He held up a hand. 'Don't tell me. I—I know.' Mr. Logan was an optimist. He was wont to string along with the Pollyanna and look on the brighter side.

"Jonah, for a bright boy, you're incredibly dumb. Nobody's to know about the elopement, you goon. We'll get it over with Saturday night, under cover of the party father is giving."

"Hold it, lady," said Jonah. "I'm not saying a word. Where do I find this wad—Mr. Saxton?"

"Shut up, Jonah!" interrupted Hildy. "You're perfectly wacky. I'm mooning in love with Chet than ever."

"Listen, Hildy," said Jonah. "The thinking behind this is cockeyed. I strongly suggest that, if you insist on marrying this lug, you wait until you collect your aunt's shekels."

"When can you go, Jonah?" asked Hildy, a girl for details. Jonah stiffened the celebrated upper lip. "Tomorrow."

"Oh!" Jonah made a noise like a pricked balloon. "In fact, I'm here on his behalf." Jonah folded his arms, aware that the world had become a flop again. "Proceed," he invited bleakly.

"Unh, unh," said Hildy. "Chet Saxton is too attractive to be left around loose that long."

CONNECTICUT languished in the embrace of a soft purplish night. In a deck chair on the porch of his converted barn sat Jonah Logan, thinking wishfully. The central figure in his mental gyrations had ashen-gold hair and Mediterranean eyes. And she was engaged in tying the knot, but definitely in a different fashion than he learned in dowdier fashion against the wing of an airplane.

"Nothing of importance," said Jonah. "It's just Mahoney. He's got the Rape of the Sabines. On the Terrible Eye."

"There's no call for cracks. What I want you to do is see Chet for me. I can't get away from here without having father suspect something. And I'm absolutely certain that he or Meath tamper with my mail. So you're a kind of envoy, Jonah. I want you to tell Chet that I've decided on this Saturday night."

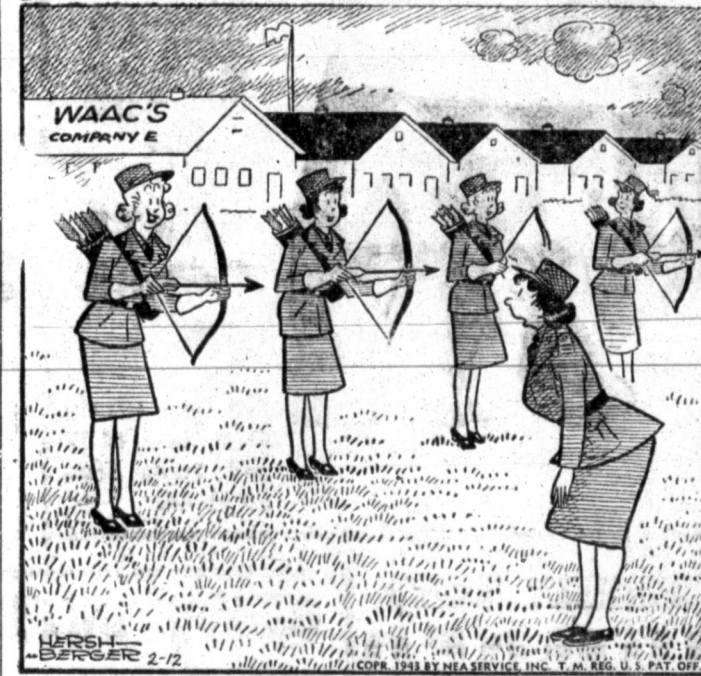

When she looked up at him with so much appeal in her eyes, Jonah knew all over again that his life would never be complete without her. She was so truly beautiful, so obviously meant for him. He felt warm inside, proud that she should come to him for help.

"I'm listening," said Jonah. (To Be Continued)

Medical Measure Up In Texas House

OUR BOARDING HOUSE

By J. R. WILLIAMS

Wonder where all that food is that used to be on the grocers' shelves? A lot of it is feeding our armed forces—to make ours the best fed army in the world. Bombardier cadet at San Angelo, Tex., Army Air Field looks over the mountain of food he will eat during his 12-week training period.

light, now he arises in Stygian blackness, and stays in it until his important and sometimes complicated job is done.

This is no academic treatment I'm giving the case.

I actually bailed out of the covers at 3 a. m. yesterday and toured a portion of his route with one of these young pre-daylight pedestrians. I can therefore report from personal experience that the job takes some doing. This young man had a route of some 75 stops, and I never realized before that there was anything more to delivering a paper than just walking up close and tossing it in.

There's a lot more to it at that hour of the morning, and especially in what amounts to pitch darkness. If you want to start to get an idea, just visualize the houses in your neighborhood. Are some well back from the street? Are some on high terraces with a lot of steps leading up to the front door? Do some have verandas, and others not? Do some have gates? Would some, in warmer weather, have husky dogs that might not understand?

All these things give this young man a lot of different sorts of mechanical problems. These are further complicated by the fact that a lot of customers want their papers delivered a certain way, or deposited in a certain place. The boy's job is to get the paper there dry and undamaged. He's prepared to fight the weather, like the other types of "men who come around," but don't forget that the milkman, the mailman and the others are men.

Frequently, the newsboy is such a little fellow, and it's the dark that makes it really tough. That's especially true in the case of a new subscriber. House numbers are hard to see. Sometimes there aren't any. Sometimes, there isn't even any name on the street. It's a flashlight job, and there's nobody to ask at that time of the morning. If you order a new paper and don't get it, don't be too quick with that complaint. Hang a sign out for the kid, or get some house numbers he can see.

Your greatest contribution, however, can be made in the department of seeing that he gets his money the first time he calls. He's the collecting agent for the company and he can't settle up his accounts until all his customers are duly accounted for. If he has to keep coming back because you haven't the change, aren't home, or for whatever reason, you're tying him up and only making his job harder.

Keep the change in a pot for him. Tell him where he can find it, under the mat, or somewhere, if you're not going to be home on his collection day. Don't make him make extra trips. Bicycle tires aren't as easy to get as they once were, and shoe-leather worn out in these times unnecessarily is war effort waste. And that's not to mention the wear and tear on the kid.

This is a job that requires some real manhood. It's no cinch to get up that early. It takes a good man to do it, and to do it punctually every day in the year. It takes moral courage to stick to the job, regardless of weather, but that's the stuff of which worthwhile manhood is made. But moral courage, and a certain amount of physical stamina

SERVICE FOR SAILORS—One of Uncle Sam's flying sailors is shown here getting assistance on a personal problem from Red Cross Field Director Glenn Gerges at the Corpus Christi, Texas, Naval Air Base. Red Cross men like Gerges are with U. S. fighting men on all foreign fronts, as well as at home.

### Bill Cunningham Calls Newsboy True Soldier of Home Front

By BILL CUNNINGHAM  
I'd like a piece of the platform, Ladies & Gentlemen, long enough to say a little speech to, and in behalf of, as gallant a band of young gentlemen as I know. We don't toss military terms around carelessly in these times, but I'd call these fellows soldiers in the general fight. I'd call them war workers, too. The public would be in a bad way without them, and the war has increased their problems in ways the public ought to know about before it's too late.

I'm referring to the newsboys, specifically to the kids who carry the routes in the residential districts, and don't tune me out yet, for this means you, and is important to you wherever you may live in these United States, if a boy brings your paper to your door. I said "war worker."

Do I have to elucidate? News, full and factual information, is definitely a part of the war effort. We can't win without morale. News, good news when possible, but the truth, good or bad, is its foundation stone. The Holy Scriptures state, "The truth shall make you free," and, in the world as it is, the truth will keep us free. Did you ever pause to consider how best we are that we can have news? Consider the plight of the people in the nations we are fight-

ing, and the more wretched plight of the people of the nations they have conquered. They are shot and hanged and hurled into prison if suspected of listening to, or of reading, the type of full and factual reporting, the interpretation and comment that are ours, and all ours, thanks to the daily newspaper.

But there's got to be a contact man, a delivery agent, to provide a free and informed public with these daily vitamins of victory. That's the kid who comes up your street, breasting drifts, bowed against the rain, hunched against the wind, plowing manfully through the dark while the rest of the world is still asleep—doing his gallant bit of public service, making his personal contribution to the general war effort, while still too young to fly a plane or point a gun.

There's a new national situation in connection with these newsboys, and every paper in the country is up against it. It's that the manpower situation is reaching into their ranks. The older and huskier kids are more in demand for after-school and weekend jobs, and this automatically forces the age limit of the route-carriers downward. Some of them now are as low as 12 years.

And in the case of morning newspapers, the new and duration-established War Time has complicated the routines of all carriers, of no matter what age. That's because it's so doggone dark in those early hours now. Whereas a young gentleman used to arise at 5:30, and walk or bicycle to his local headquarters, pick up his papers and tour his route at least in breaking day-

### Today on the Home Front

By JAMES MARLOW and GEORGE ZIELKE

WASHINGTON, Feb. 10 (AP)—In as many conversations as we could manage in one day, we found the average reaction to the shoe rationing order was: "It's o.k. with me."

The shoe problems of the individuals questioned varied widely, as might well be expected, but each one expected to "get along somehow," in spite of doing more walking than in peacetime.

Greatest concern was expressed by a couple of young women who said they wore out shoes in six or eight weeks, and by fathers of larger-than-average families, whose children will make heavy demands on the family's resources.

Some seemed reassured by a provision in the rationing order that local boards can issue additional certificates in the cases of "need."

While sales have increased greatly in the last two years, the per capita consumption of all types of shoes for 1940 was 3.07 pairs; for women it was 3.61; for men, 2.01; misses and children, 3.33; boys and youths, 1-31.

These figures, of course, include casual or "play" types. Some of the trends indicated in the day's conversations:

1. "That's all the shoes I'll be able to afford, anyway."

2. Plans to purchase higher qual-

ity shoes, spending more to get longer wear out of each pair.

3. Father and mother of children who are hard on shoes will have to wear their own shoes longer.

4. The youngsters may have to cut down on jitterbug dancing.

5. People will take better care of their shoes, get them repaired often and wear old ones in bad weather.

6. More women probably will wear slippers (not rationed) around the house.

7. One conversationalist suggested women might wear "more sensible" shoes—but some of the women said they hoped footwear wouldn't become "too standardized."

8. Our interviewees seemed to think wooden-soled shoes wouldn't be popular, except for some play shoes.

9. People won't be apt to spend ration stamps on play shoes.

10. This raised a point mentioned in the ration order—that if rationing results in little demand for certain types of footwear now in stock, the OPA may take them off the list and permit them to be sold out unrationed.

**False Uniform Helps Youth Cash Checks**

TULSA, Okla., Feb. 13 (AP)—Police ended a two-year trail of fraudulent checks throughout the Southwest with arrest at the Union Bus depot last night of a youth wearing the uniform of a first lieutenant in the army.

Questioned for more than two hours by police, he said he was from Alta Loma, Texas.

In a voluminous statement transcribed by a police stenographer he admitted that on the strength of the army officer's uniform he has passed fraudulent checks in Texas, Louisiana, Arkansas, Kansas, California and Oklahoma that probably have totaled several thousands of dollars.

**17 DESTROYERS "LOST"**

Industrial eye accidents are estimated to have cost 9,500,000 man-days of work during 1941, enough time to build 17 destroyers.

## EYES at WORK

CAUTION . . .

EYES AT WORK

NEED Good Light

- Protect Precious Eyesight
- Use Good Light Where You Do Work Requiring Close Vision

Men of America are using their eyes, day and night, to turn out extra work, to study new requirements—to produce those things that contribute to victory!

Now, more than ever, GOOD LIGHT is needed to protect precious eyesight. Therefore, when artificial light is needed, it is important that you use light of adequate intensity—light that does not glare. That means using a good-reading lamp equipped with a fresh Mazda bulb of the right size.

### Students Guests Of Canadian Rotarians

Special to The NEWS.

CANADIAN, Feb. 12—The Canadian Rotary club had as guests Tuesday two high school students, Jim Alexander and Bill Hodges who are the February Junior Rotarians.

The club has purchased a bond and sent to Rotary International for the Rotary foundation, a fund being created to use for organization of Rotary clubs in occupied countries after the present war ends. The Canadian Rotary club in one of the first four clubs of the 127th District of Rotary to comply with this request from Rotary International to purchase a bond for the Rotary Foundation.

Miss Marie Cleveland who has signed up as a member of the Women's Auxiliary Army corps and awaiting her call to report was a guest at the weekly luncheon and was presented with the Rotary pencil similar to those given each girl from Hemphill county who has joined the WAACs and each man who has entered U. S. service.

Mr. L. A. McAdams, Hemphill county chairman of Red Cross, reported to the Canadian Rotary club that the Canadian Rotary club had just fall and the amount asked of this county is \$1,700.

### Texas Will Protest Dove Regulations

AUSTIN, Feb. 13 (AP)—Federal officials will hear the latest protest from Texas over mourning dove zoning at a conference Feb. 15-18. Texans have claimed that the zoning regulations—over which the state has no control—do not apply justly to local conditions here.

The house of representatives authorized C. S. McClellan of Eagle Lake, chairman of its committee on game affairs, to attend the conference of Wildlife officials from Mexico, Canada, and the United States and seek an adjustment.

### Jap - Sponsored Troops Desert

CHUNGKING, Feb. 13 (AP)—The army of 300,000 men which the puppet Nanking regime of Wang Ching Wei claims to have organized in occupied China is threatening to boom against the Japanese, a Chinese military spokesman said today.

He described it as an untrained, ill-equipped group brought into an army at the instigation of the Japanese. However, free Chinese have filtered into it and are persuading an increasing number to desert to Free China, the spokesman said.
