Weekdays 5 Cents Sunday 10 Cents

FIGHT POLIO TONIGHT—Mr. and Mrs. Fred Neslage and family all receive the volunteer mother, who is participating in the Mothers' March on Polio. Left to right, the children are Freddie, Bobby, Marian, John, Judy and Billy. Note the glowing porch light has served to invite Mrs. C. A. Husted to knock on the Neslage door to receive the donation to the March of Dimes. Tonight at 7, the march will begin. (News Photo and Engraving)

Turn On Your Porch Light:

Pampa Mothers To March Tonight In Drive On Polio

ANOTHER WELCOME—Mrs. E. L. Lightfoot, 720 S. Gray, has discovered the porch light of Mr. and Mrs. Oscar Redd, who are signing the scroll showing that they have made their donation to the polio fund in this Mothers' March on Polio, which will be staged between 7 and 8 tonight. Looking on during this transaction and making their donations are left to right, Ola Mae Lightfoot, Curtis Johnson, Jr., Aaron Hickey, Willie James Hickey, Jr., and Boots Johnson. (News Photo and Engraving)

Damage Toll Heavy In Childs Blaze

CHILDRESS — (AP) — Ice-cold big explosion blew the front window from that store. Bert McDearman and Bill Sims, local firemen, were burned and cut but released from a hospital after emergency treatment. The buildings burned were the First State Bank of Childress, a Western Auto store, the drug store, the Gem Theatre, the Hood News Stand and Fashion Shoppe. All but the news stand and fashion shop were on Commerce Street (the main street of Childress). The other two buildings were around a corner on the same city block. The Cline Appliance Store was also damaged. All local telephone lines were knocked out at the nearby Southwestern Bell Telephone Co. exchange. One long distance line remained open. C. C. Kerby of Wichita Falls, Southwestern Bell district manager, said local service would be partially restored by night but several days would be required to complete repairs. The flames scorched scores of guests from the Knox Hotel in the next block. The Childress Hotel also is nearby. Neither caught fire.

Changes Proposed For Livestock

WASHINGTON — (AP) — The Agriculture Department proposes to revise the carcass and slaughter grades for veal and calves. The changes would be in line with those made in cattle and beef grades recently. The department said the changes are needed because of differing livestock production practices and consumer preferences. Interested persons have until March 2 to submit objections.

Truman Tries Depletion Cut

WASHINGTON — (AP) — President Truman will again ask a reduction in the special tax deductions allowed oil and gas interests, the president's tax recommendations to Congress next week, an informed source said today. Mr. Truman has recommended the same thing before without success as did President Roosevelt before him. Reduction of the oil-gas special tax deductions reportedly will be among the loophole-plugging recommendations included in a tax-boosting program Mr. Truman has said will be aimed at raising at least \$18,500,000,000 to balance the budget. By administration estimates, the government would get an extra \$500,000,000 or so annually. Administration officials contend present tax laws give these interests much more liberal tax treatment than other business. Their complaints are directed against provisions of the law which permit the owner of an oil or gas well to: 1. Deduct from taxes 27 1/2 percent of the gross income of each such property, up to a limit of half the net income or profit.

Defense Is French Goal

By JOHN SCALI WASHINGTON — (AP) — President Truman and French Premier Rene Pleven turned today to the problem of thrusting out top secret plans for defending France and western Europe from any surprise attack by Soviet Russia. Officials said the French leader will assure the President that France will fight if necessary to curb possible Communist aggression in the North Atlantic area. Pleven was also reported ready to pledge France's solid support to arrangements for creating an all-European army which would include German units. The two men were officially reported already agreed on Paris Eastern policy. Pleven was expected to reaffirm France's pro-western policy in an address today before a luncheon gathering of the National Press Club. He was also said to be primed to answer critics who claim France is dragging her feet because she is afraid to help re-arm Germany. This was the final day of a two-day conference between the President and Premier. They were reported discussing a wide basket of top-order subjects ranging from France's battle against Communist insurgents in the jungles of Indo-China to dangers arising from France's own large Communist population.

Home Turns Out Like Menagerie

PATERSON, N.J. — (AP) — A monkey with a housing problem got loose in a candy store yesterday and made a fool of a milk in a china shop. For an hour-and-a-half he vacillated about the place, swinging from the chandelier and raised all kinds of havoc. Finally cornered, he was returned to his owner, 14-year-old Jack Koch and taken home. Except for several dogs, ducks, a rabbit, a pair of lovebirds, three hamsters and a cat with six toes, the monkey has the Koch house all to himself.

Allied Drive Crawls Ahead As Reds Stiffen Resistance

Increase For Draft Limits Is Considered

WASHINGTON — (AP) — The House Armed Services Committee called for testimony today from the Defense Department on suggestions to raise the draft age two years and draft married men under 26 who have no children. These were two possible alternatives advanced by legislators in the House and Senate who are reluctant to approve the Defense Department's request that the draft age be dropped from 19 to 18. The Pentagon asks that this be part of a Universal Military Service and Training (UMST) bill to replace the present draft law. The Senate preparedness subcommittee hoped to wind up tonight its public hearings on UMST, started Jan. 10. It scheduled 14 witnesses for the final session. Senator Lyndon B. Johnson (D-Tex.), the subcommittee chairman, said the group will start closed door sessions tomorrow at which it will revise the measure and consider proposed amendments. Among these are two proposed by Johnson himself, to require the drafting of non-veteran husbands in the 19-26 age group and a lowering of physical and mental standards for induction before any 18-year-old may be drafted. The House committee called Assistant Secretary of Defense Anna Rosenberg (10 a.m. EST) to present the pros and cons on men of 26 and 27 years as a source of manpower for the armed forces. In earlier recommendations to Congress the Defense Department has frowned on taking older men if it can get 18-year-olds.

Navy Hurls Steel In Supply Sectors

TOKYO — (AP) — Doughboys spearheading the allies limited offensive were slowed to a crawl by dihard resistance today. An officer said they apparently hit the main enemy force arrayed along the frozen western Korean warfront. On the east coast, UN naval power hurled hot steel and bombs into a North Korean town from carrier-based planes and big guns of warships. Hundreds of enemy supply vehicles were seen in North Korea moving southward toward the western battle line. Forward UN units in the western sector advanced laboriously only a few hundred yards on the sixth day of their northward limited offensive. A regimental officer told Associated Press Correspondent Jim Becker: "I think we've hit their main defense line."

Enlistments In Air Force Stopped Again

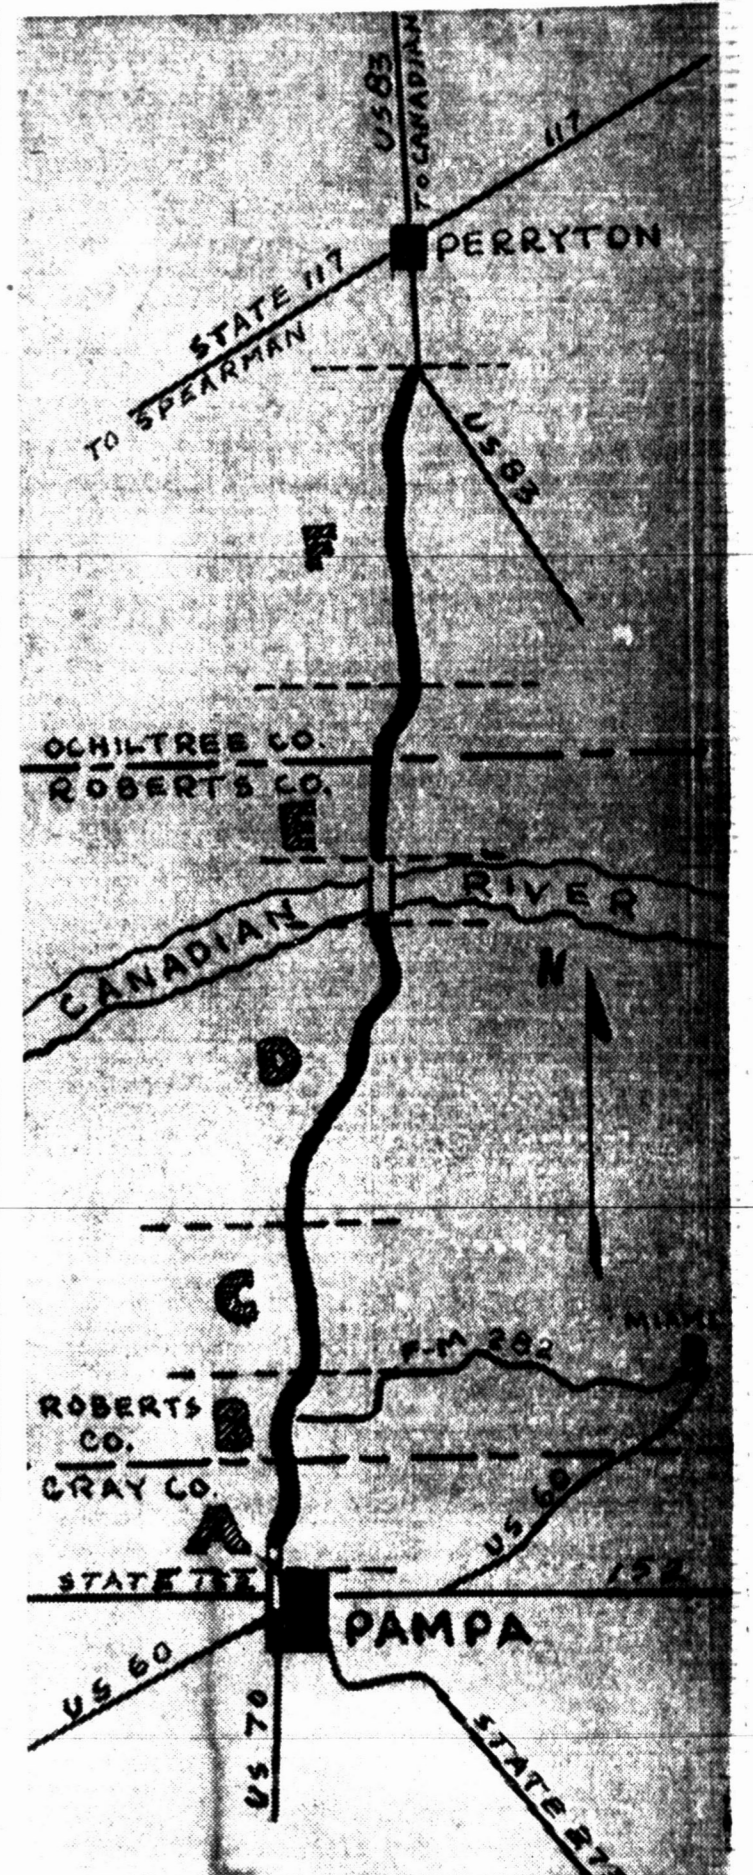

The U. S. Air Force sent word to all of its recruiters this morning that effective immediately there will be no enlistments accepted until the end of February. This is with some exceptions, such as ex-servicemen, applicants for OCS, Aviation Cadets, and WAF. A total of eight ex-servicemen per day is the quota at the Amarillo main recruiting station. The Air Force closed enlistments in mid-January due to overtaxed facilities at Lackland AFB. But a new quota for February was announced several days ago. Now, this too, has been closed down. The WAF program has been increased. All eligible young women between the ages of 18 and 34, high school graduates and of high moral character, may obtain their old MOS if desired. All high school graduates will, if qualified, get a choice of field of work in the Army under the three-year enlistment. The WAC program is unlimited at the present time. OCS applicants are accepted for the Army. OCS training divisions are Ft. Riley, Kans., and Ft. Benning, Ga. One 45-man allied patrol, entirely surrounded by a Chinese Communist battalion Monday 18 miles northwest of Wonsu, was rescued Tuesday by another UN patrol after 15 hours of arduous fighting. The battleship Missouri and a heavy naval attack force teamed with carrier-based planes to plaster the Korean east coast town of Kunsong, 25 miles north of Parallel 38. The Navy's east coast bombardment was called the heaviest of recent months. A spokesman said rail and highway bridges were the principal targets. A naval release late Tuesday said the battleship Missouri alone poured more than 1,000 rounds of 16-inch and five-inch ammunition into the Kunsong area in the last hour of the neutralization bombardment. The light cruiser Manchester and nine destroyers, firing on the masts of minesweepers clearing the area, added to the tremendous volume of naval gunfire. Task Force 77 carrier-based planes had previously assigned targets in the same area. The coastal town behind the store got it at Lewis Hill.

FCC To Check On Programming

WASHINGTON — (AP) — The Federal Communications Commission is undertaking an inquiry into the content of television shows. Announcing it yesterday, the commission gave no details. But officials said it undoubtedly will cover such things as off-color humor, low necklines and horror programs. Commission members and critics have been critical of such aspects of television programming. The commission's inquiry is coming in one of the earliest statements of the board. Wages and salaries of the 600,000 federal, state and city employees are fixed by legislation and order, and therefore they were left out of the general stabilization program in World War II. Some members of the wage board favored an immediate interim formula which would apply to all workers in the future, clearing the way for completion of negotiations in hundreds of industries, now at a standstill because of that order. That should come first, the Labor members argued. Others on the board thought the agency's first step should be to act on contracts or negotiations completed before Jan. 25. The board's existing deadline would include the agreements hurried through by John L. Lewis to get his miners \$1.60 a day wage boosts in hard and soft coal mines. That increase, estimated at 10 percent, was due to go into effect Feb. 1.

Wage, Price Officials Turn To Control Of Profit Margin

WASHINGTON — (AP) — A plan to control prices by limiting profits was under government study today while wage stabilizers pressed for their first major point statement designed to force large blocs of wage earners from the pay freeze of last week. A new "margin of profit" system of price controls was advanced as one way to replace the dead-halt ordered last Friday on price markups. Price Administrator Michael V. DeSalle said the plan, under which sellers would have to pay prices at cost plus a fixed margin of profit, might be ordered by the end of the week. The plan DeSalle said he is considering would limit profit margins all along the line from manufacture to prices at retail. Priority price order fixed price ceilings at the highest level between Dec. 19 and Jan. 25. Wages were sealed at Jan. 25. In the middle of the struggle for an orderly retreat from the Reds from Korea to Manchuria

STATE HIGHWAY COMMISSIONERS today are being asked for a turkey job by Gray, Roberts and Ochiltree county officials to complete Highway 70 from Pampa to Perryton. They are asking for paving of 20.8 miles south of the Canadian River and 8.9 miles grading, structure and paving north of the river (C, D, and E); construction of a bridge and approaches of 1.6 miles (not lettered, but clearly seen). Letter B shows the 1.4 miles paved last year north of Pampa. Letter A, the proposed stretch to be widened and paved on N. Hobart, owners already appropriated. Letter F shows paving completed for 11.1 miles south of Perryton. (News Photo and Engraving)

Cost Rise To Delay N. Hobart Project

AUSTIN — State Highway 70 E. O. Wedgworth, Pampa boosters and officials from Gray, Roberts and Ochiltree counties in a telephone call to the Pampa News said the proposed Co-State Highway Commission here today. The highway commission project would not be completed to cost about \$1,100,000. The commission had a preliminary study and may take some cost estimates had, taken above. The group, headed by E. F. Thompson, former Pampa mayor, also informed that a contract for one portion of the road north from the river to the end of the backtop can be expected in the 1951 program. Wedgworth added the commission was unable to give them anything definite today, but he added, "we were greatly pleased with our reception and what we resorted today after 15 hours of steady fighting against Chinese troops who had surrounded it. The patrol drove into a sus for County Judge Bruce Parker miles northwest of Wonsu. Mon-who was refused permission to leave yesterday by his physician, after noon, just after it got out of trucks. The patrol withdrew to a hill, established a perimeter and rained from help. It was surrounded by an estimated battalion of Chinese. The Reds attacked throughout the afternoon and into the night. An allied rescue force fought its way through to the besieged men early Tuesday. The whole force then withdrew.

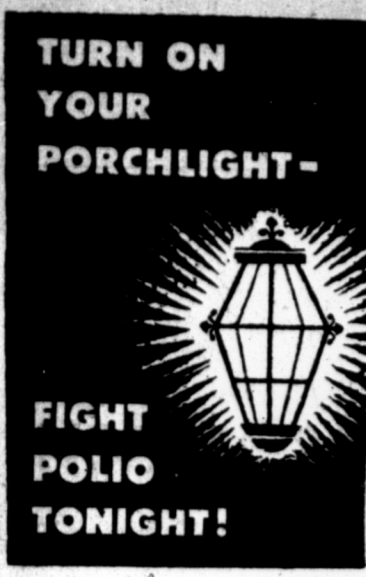

Patrol Rescued After 15 Hours

CENTRAL FRONT — (AP) — A 45-man allied patrol was rescued today after 15 hours of steady fighting against Chinese troops who had surrounded it. The patrol drove into a sus for County Judge Bruce Parker miles northwest of Wonsu. Mon-who was refused permission to leave yesterday by his physician, after noon, just after it got out of trucks. The patrol withdrew to a hill, established a perimeter and rained from help. It was surrounded by an estimated battalion of Chinese. The Reds attacked throughout the afternoon and into the night. An allied rescue force fought its way through to the besieged men early Tuesday. The whole force then withdrew.

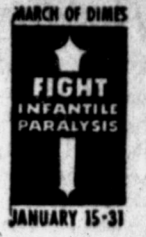

Police Withdraw

NEW YORK — (AP) — The special police detail guarding St. Patrick's Cathedral because of a mailed bomb threat was withdrawn last night after more than 46 hours passed without incident. For expert commercial refrigeration service call Bert A. Howarth & Co., 119 N. Ward. Day ph. 152; night phs. 4374J or 880M.

Edna Mae Dyer, James Barker Marry In Wheeler

CSANADIAN (Special) — Miss Edna Mae Dyer, granddaughter of Mrs. M. L. Risner of Allison, and James Barker, son of Mrs. Emma Barker of Samnorwood, were married Sunday afternoon, Jan. 21 at 2 o'clock.

Nuptial vows were exchanged in the First Methodist Church of Wheeler, with the Rev. Darius Egger, pastor of the church, officiating at the singing ceremony.

For her wedding the bride chose a light blue satin gown accented by black accessories. Following a brief wedding trip

the young couple will be at home on the Barker farm near Samnorwood.

Mrs. Barker attended high school in Allison and was a member of the graduating class of 1948.

Mr. Barker attended high school in Childress, and is a veteran of three years in the United States Navy.

Guests attending the wedding were Mr. and Mrs. James Hall, Miss Annie Risner, Helen Marie Marshall, all of Allison; Mrs. Charles Dorman of Wheeler, and Mr. and Mrs. Frank Dyer of Shamrock.

Light trucks are today's "work horses" on American farms. Currently, 92 percent of all farm trucks are classified as light vehicles, rated at 1 1/2-ton capacity or less.

Beta Sigma Phi Sorority Plans Valentine Dance For February 9

The Beta Sigma Phi Sorority held a regular meeting at the City Club Rooms, Mr. William Ballard and Mrs. Joe Fischer were in charge of the program. Mr. B. R. Cantrell gave a discussion on home architecture, showing sketches of different types of homes.

Following the program, plans were made for the Valentine Dance to be held Feb. 9 at the Moose Hall. The following committees were appointed to work on the dance: invitation—Joyce Wanner, Pat Fitzmaurice, Sara Parker, Sue Myers, and Toole Cone; decoration—Ruth Culver, Ella Faye Price, Lois Shelhamer, and Len Lowe; presentation—Joann Hall and Louis Chittendon; and door hostesses—Ardie Hamilton and Janice Sills.

Refreshments were served to the following: Mmes. Wm. Ballard, Stanley Chittendon, George Culver, R. L. Edmondson, Jr., Joe Fischer, Norman Fulps, C. Reed Grady, Raymond Hall, Vergil Hamilton, Roy McKee, Fred Myers, Herman Olsen, John Plaster, James Poole, Louis Sills, Martin Stubbs, and Betty Book. Virginia Vaughn, and Joyce Wanner.

Shamrock Women Organize Ladies' Golf Club

SHAMROCK — (Special) — Shamrock women have organized the Shamrock Ladies Golf Club, with Mrs. J. B. Wright as president.

Other officers chosen are Mrs. Clayton Sanders, vice-president; Mrs. Glynn Bell, secretary-treasurer and Mrs. Wallace Fields, reporter.

Charter members in the new golf club are Mmes. Louis Hill, Curtis Chaffin, Wallace Fields, Louis DeVaney, James Brothers, Lonnie Burke, Sol Blonstein, Roy Berton, Glynn Bell, Perry Bear, Marshall Adams, Cabot Brannon, Seibert Worley and Norman Patrick.

Mmes. R. Stuart Tisdal, Albert Ryan, Clayton Sanders, Hubert Tindall, Royce Lewis, Sr., J. B. Wright, Jack Stroup, Bonnie Potts, Claude Montgomery, George Copeland, Walter Pendleton, E. C. Hofmann, A. N. Holmes, B. F. Holmes, E. C. Hunter, Lyle Holmes, O. A. Laycock, Billy Holmes, Gerald Mayfield and Winfred Lewis.

WE, THE WOMEN

By RUTH MILLET
NEA Staff Writer

Observing her 102nd birthday, a New York woman passed on this tip to other women who want to live to a ripe old age: "Never get up in the night with a child make your husband do it. Sprinkle your day with plenty of cat naps."

Only sour note in the advice is that the lady's husband didn't live to the same ripe old age she has achieved. He died back in 1902 at age 55.

That "Let-George-do-it" philosophy is all right for the wife. It often results in the extra load that makes George's broad shoulders start to sag.

It's easy enough for a woman to have an easy life if she pushes a lot of her responsibilities off on her husband.

If she takes the "Let-George-worry-about-it" attitude, she can often have many luxuries they can't really afford, such as a maid or all the latest labor-saving devices. That makes life easy for the wife, even if it does mean the husband is going to have to drive himself and work harder in order to pay the bills.

IT'S EASY — IF HUSBY TAKES THE RAP

It's the same thing if, instead

SOCIAL CALENDAR

The Council of Clubs will meet in the City Club Room at 9:30 a.m. Thursday.

Bridal Shower Fetes

Mrs. Wayne Gaylord

KELLERVILLE — (Special) — Mrs. Vera Tinkler was hostess at her home at a miscellaneous bridal shower honoring Mrs. Wayne Gaylord. Co-hostesses were Mrs. R. C. Shirley, Mrs. O. A. Havens, Mrs. Dick Sargent and Mrs. Jack Boyd.

After several games, the gifts were presented.

Present were Mmes. Tom Hefner, R. A. Tindall, Jack Harris, Archie Farren, H. Price Bishop, Forrest Switzer, Huey Cook, Jr., L. P. McDonald, J. M. Bruton, A. A. Wharton, V. W. Tindler, A. V. Jones, E. H. Kephart, Ernest C. West, W. C. Sargent, Ray K. Gossett, Jack Boyd, Elmer Immel, Edwin Owen, D. O. Haslam, Bryan Holley, J. W. Harris, R. C. Shirley, Bradley Kiser, L. G. Sargent, B. R. Gray and Haven.

of hiring help, Mama decides to "Let George do it" when she figures she needs help around the house, all on top of the job part of the housework, get up at night with the baby, as well as seeing after the things that are a husband's rightful responsibility, such as taking care of the yard, and making repairs around the house, all on top of the job of earning a living, then, again, Mama is taking good care of herself at her husband's expense.

The United States released 30 different issues of stamps in 1948, more than ever before.

Mother And Daughter Dress Alikes

Every little girl adores a dress that looks exactly like Mother's—it makes her feel so grown-up and important. The button-back pinafiores illustrated are perfect for this look-alike vogue and answer many request for these styles.

Pattern No. 8571 is a sew-rite perforated pattern in sizes 12, 14, 16, 18, 20, 40, 42 and 44. Size 14, 4 1/8 yards of 36-inch.

Pattern No. 8572 in a sew-rite perforated pattern for sizes 2, 4, 6, 8, 10 and 12 years. Size 4, 2 1/4 yards of 36-inch.

Two separate patterns, 25 cents each.

For these patterns, send 25 cents, in COINS, for Each pattern ordered, your name, address, sizes desired, and the PATTERN NUMBER to Sue Burnett Pampa Daily News, 1150 Ave. Americas, New York 19, N. Y.

Grace Friend

DIET PROBLEM
Dear Mrs. Friend:

I am afraid that I have been very rude although I didn't think about it at the time. Later my sister told me that I had been rude and suggested that I check with you to find out what to do.

I have been on a very strict diet for sometime and have had to be very quiet and spend most of my time at home. Lately I have felt a lot better and am going out again but I still must watch my diet.

What I did that I think was wrong is tell my hostess what I could eat. My sister says that is causing them much trouble and that it would be better to keep quiet about the diet and just eat what I can and leave the rest.

Do you think that is right?

Myra

Dear Myra:

If you accept the invitation, don't tell the hostess what you can eat but make the best of what you are served.

However, if your diet is very strict it might be better to decline the invitation entirely as leaving your food would make your hostess feel that something is wrong. It would be quite correct to explain why you decline an invitation if your hostess asks.

LETTER FORWARDED
Dear A. L. A.

I will forward your letter.

SIGNATURES
Dear Miss Grace:

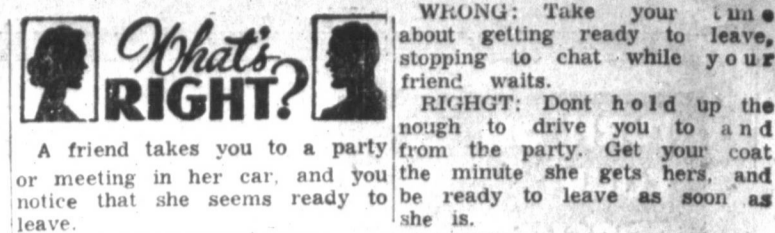

Will you tell me whether it is correct to sign something "Mr. and Mrs. Jack Jones" or is it better to sign "Jack and Mary Jones?"

M. J.

Dear M. J.

The correct signature is "Mary and Jack Jones."

In the English system, a billion is a million millions, and written 1,000,000,000,000.

WRONG: Take your time about getting ready to leave, stopping to chat while your friend waits.

RIGHT: Don't hold up the night to drive you to a and from the party. Get your coat the minute she gets hers, and be ready to leave as soon as she is.

BOWL LIKE A CHAMP

By DICK HOOVER
World Champion

Unlike many stars, I roll a fairly fast ball. I do this, not to overpower the pins, but because that type of delivery is normal to me. I would lose effectiveness if I were to slow it up. It is impossible to overpower the pins.

Most experts favor a medium speed ball which mixes the pins, sets them to sweeping back and forth to topple timber.

My ball, shown in the accompanying illustration at the lowest point of the downswing, is a bit faster, but I still get that mixing motion.

In addition, I carry a fair percentage of thin and heavy hits because of the action off the kickbacks.

I strongly advise against excessive speed. It usually spells the difference between a good bowler and a great one. With my ball being somewhat faster than normal, I must place a heavy accent on good balance, lest my delivery be jerky and awkward.

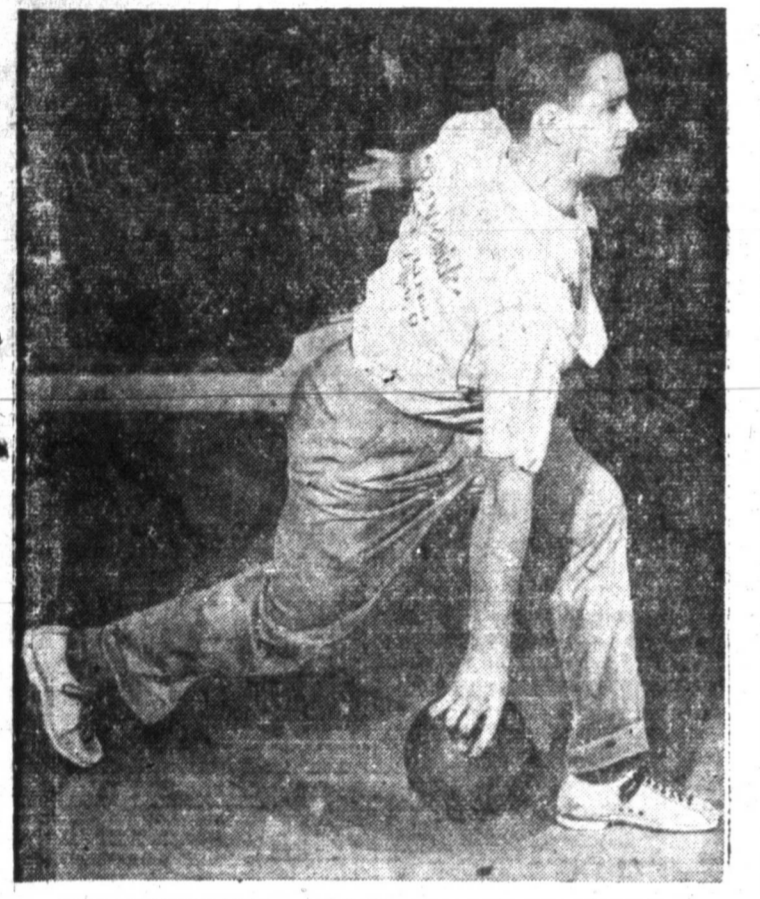

See how my left arm is stretched and slightly to the rear.

The left foot is planted squarely as it slides toward the foul line.

The shoulders are held straight with no dip of the right arm. The right leg acts as a brace and a brake for the slide.

Despite the obvious action here, I am in perfect balance, ready in the next instant to release the ball.

NEXT: The delivery.

THE DOWNSWING—Dick Hoover at the lowest point.

Kentucky Keeps First Spot In AP Poll, Aggies Second

By JOHN CHANDLER

NEW YORK —(AP)— With another full month before the first of the basketball tournaments begins, the Kentucky Wildcats and Oklahoma A&M appear due for a battle right down to the wire for the No. 1 collegiate ranking.

For the second week in a row, Kentucky topped the weekly AP poll today, but the margin was by a slim 19 votes over the Aggies of Oklahoma.

Of course, something could pop up to blow down the rankings of one or the other — or both clubs.

On the other hand, Oklahoma A&M has a tougher row to hoe, especially with some Big Seven and Missouri Valley foes waiting to ambush Coach Hank Iba's lads.

With 138 sportswriters and

broadcasters voting in this week's poll, Kentucky received 42 first place votes and Oklahoma A&M 31. The Aggies, with an 18-1 record, were third last week.

On the basis of 10 points for first place, nine for second, and so forth, Coach Adolph Rupp's Kentucky quints has 988 points this week, compared with 969 for Oklahoma A&M.

The same 10 teams in the top 10 remained there, but seven of them changed positions in a skimpy week of basketball play due to mid-year examinations.

Indiana (13-1), leading the Big Ten pack, moved up from fifth a week ago to third place, with 636 points. After Long Island comes Bradley (18-3) in fifth, a drop from fourth; Columbia, the country's only unbeaten team with 12 straight, up from seventh to sixth; Kansas State (19-2) holding to eighth; St. John's of Brooklyn (13-2), dropping from sixth to ninth; and St. Louis (14-4) hanging on to tenth.

Here are the leading teams with points based on ten for first place vote, nine for second, etc.

1. Kentucky (42) 15-1 ... 988
2. Okla. A&M (31) 18-1 ... 969
3. Indiana (7) 13-1 ... 636
4. Long Island (1) 18-3 ... 551
5. Bradley (1) 18-3 ... 551
6. Columbia (4) 13-0 ... 455
7. Kansas State (4) 13-2 ... 400
8. N. Carolina (7) 19-2 ... 376
9. St. John's (2) 13-2 ... 341
10. St. Louis (14-4) ... 238
- The average life of vehicles before scrapping has doubled since 1925, and the average accumulated mileage during a vehicle's lifetime has quadrupled.

Abandonment of the sanity code of the NCAA will undoubtedly add to the pressure because now athletes can be offered more and competition for them will be stronger.

The fact remains that the more pressure college coaches now are getting into the \$20,000-a-year bracket.

College football has grown into a great industry. Gates of a quarter of a million dollars are common. The coaches have built Frankenstein. They used every method to get the best athletes. Everybody wants a winner and when it became the goal of every coach to get into a bowl game or produce a national champion the fans swung into line.

There are some colleges left that do not have to have an all-winning team for the coach to stay and pursue a peaceful and happy life. They, however, are getting scarcer by the moment.

Wichita Falls sports writers are going to develop ulcers if they don't quit worrying so much about the All-State Class AA football team selected by the Texas Sports Writers Association.

Only one Wichita Falls player—Ed Beach—made the team. Thereupon the scribes of that city figured they had been done dirt because Billy Harris, Wichita Falls center, and Tommy Fields, Wichita Falls halfback, were not put on the all-state selection.

They also lamented that "all except three players on the team were from South Texas."

Without going into the merits of Harris and Fields, let us point out that every year in the city south of Wichita Falls is in "South Texas." There are more than two sections in this state—North and South. There are East and West and Central and then there is the Rio Grande Valley and there is the Panhandle.

The All-State team, selected through the committee headed by Jinx Tucker of the Waco News-Tribune, has two from North Texas, two from East Texas, one from West Texas, one from the Rio Grande Valley and three from South Texas and two from Central Texas.

That looks pretty representative of the various sections.

Tucker and his committee made the selections after receiving recommendations from sports writers in the districts and from members of the Texas High School Coaches Association. The coaches all were sent ballots by the secretary of the association. If they didn't vote nothing could be done about it. Many did.

The committee did the best job possible. It is true that no all-state team will satisfy everybody. But there were 89 Class AA schools playing football. That's some 3,000 players. It would seem that no one school could expect more than one player on the team. Picking 11 out of 3,000 is quite a job.

Some of the boys were sitting around figuring out what Fred Beumers, Southern Methodist's mighty bomber, would have to do next fall to beat the greatest passing record in Southwest Conference football history.

That record is 599 attempts, 274 completions for 3,479 yards in three varsity years, Sam Baugh, the old Texas Christian star, holds it.

Benners in two seasons tried 277, connected on 156 for 2,067 yards.

So he will need to throw 323 and complete 119 for 1413 yards next fall to better Baugh's record.

Quite a job.

UC to Hold Cage Meet At Dallas

DALLAS — (AP) — The annual state basketball tournament of the Texas schoolboy City Conference will be held in Dallas Mar. 9-10 with the champion a runner-up of Fort Worth, Houston, San Antonio and Dallas participating.

Pairings for the tournament were announced today by P. C. Cobb, Dallas Athletic Director who will have charge of the event.

Semi-finals will be played at 9:30 and 11 a.m. Mar. 10 with the third game at 7:30 p.m. and the championship game at 9 p.m.

It will be the last championship of any kind to be decided by the City Conference which is merging with the Class AA Division of schoolboy sports.

Rupp Says Slow Game Will Kill Roundball Sport

NEW ORLEANS — (AP) — The surest way to kill basketball as America's number one spectator sport is to slow the game down to a crawl, Kentucky Coach Adolph Rupp said today.

The coach of the nation's number one ranking basketball team believes his players should run with the speed of a bluegrass thoroughbred. His team walloped Tulane 104-68 here last night to give his argument a convincing ring.

"Basketball is a game of action. When you take the action away, the customer will stay away, too." A bitter opponent of slow-style deliberate basketball, Rupp picked up a newspaper to make his point.

"Look here," he said as he pointed to a story of the Oklahoma A & M-DePaul game last Saturday in Chicago.

"Only 7,000 people turned out to see the Aggies play DePaul in Chicago. Fifth largest town in the world."

(The Aggies are coached by the veteran Henry Iba, leading exponent of a slow deliberate offense that is built around ball control.)

"Why when we played DePaul at Lexington, a tank town in comparison to Chicago, we had 'em standing in the aisles. Sold all 13,500 seats and standing room, too."

San Antonio To Host Bowlers

BEAUMONT — (AP) — The twentieth annual Texas Bowling Tournament will be held at San Antonio Mar. 17-April 8. A. G. Fontana, president of the Texas State Bowling Association, announced today.

The Main Bowling Center, which has 28 lanes, has been selected for the tournament.

Fontana said 275 teams were expected to enter, setting a new record. Last year 237 teams entered at Fort Worth for the all-time high.

Prize money will be more than \$10,000.

Entry blanks have been mailed to league secretaries and bowling

Waco Ball Club Picks Business Manager

PITTSBURGH — (AP) — Charles L. (Buster) Chatham will be business manager of Waco's Class B Big State League baseball team this year. He succeeds Joe E. Brown, Jr. Chatham coached the New Orleans Pelicans in the Southern Association last year. He used to shortstop for the Atlanta Crackers. Waco is a farm of the Pittsburgh National League entry, which announced the appointment.

League proprietors throughout the state. They may be obtained from C. M. Miller, tournament manager, at 4214 Houston Street, San Antonio.

BEST-OF-YEAR—Hans Jeppson trots in training at London's Charlton grounds. In England on business for his Stockholm firm, the 25-year-old Jeppson agreed to play as an amateur for three months to help Charlton, a side way down the table. The center-forward rejected an Italian offer of \$10,000 for himself plus \$2,100 a month. He has 12 times been "capped" by Sweden. Led his country's World Cup team in South America last summer. He is claimed to be the best soccer catch of the year.

High School Pitcher Turns Down Offers

DALLAS — (AP) — Melvin Work, Woodrow Wilson High School's ace pitcher who has been sought by major league clubs, has decided to enter the University of Texas on a baseball scholarship.

Work graduated from Woodrow Wilson last week. He pitched one no-hitter, a one-hitter and a two-hitter last season and averaged eight strike-outs per game. Last summer he pitched for a Dallas amateur team and won two games in the National World Series at Butte Creek, Mich.

Cleveland, the Boston Braves, and the New York Yankees.

Phillips Hands Tiger Cagers Two Defeats

McLEAN (Special) — The Phillips Blackhawk routed the McLean Tiger quintets here Saturday night, the A team winning 72-38, and the B cagers, 41-26.

Don Tindall scored nine points for McLean in the B game as L. M. Watson fouled out in the third quarter in the A game but he was still high point man for McLean with 12.

James Reddick canned 18 points for Phillips and Bobby Wells pushed in 16.

St. Louis Cardinals and New York Giants had sought him.

Local Radio Expert Is Far Ahead Of Field

Behind the unpretentious facade of the Hawkins Radio Laboratory is one of the finest, most modern and scientific collections of radio testing and repair equipment to be found in the state. The Hawkins entourage is well schooled in the use of this equipment. One reason that Pampa, in a difficult reception area, has the fine radio reception it enjoys. (Pampa News Photo and Engraving)

Modern Miracle Quietly Invades Local Audio Circles With Considerable Ease

There are those who would have it believed that Pampa is a sleepy little hamlet of the type that stirs fitfully in its sleep; in a fit of passionate effort adjusts itself to the forced growing pains of a steadily growing nation; crows mightily and flaps its wings, then returns to its position and state of fast repose with the benevolent expression of a smiling Buddha. Such, however, is not quite the truth. There is in the midst of Pampa Radio circles a man who has a bad habit, good in most cases, of defying the supposedly defined limits of his profession.

Take a moment or two to familiarize yourself with the area near the junction of Cuyler and Barnes streets. Although the particular point of real estate in question is not much in the public eye, it houses a covey of radio experts who go quietly about their business without so much as a word in praise of their own efforts. This, in and of itself, is a modern phenomenon. Most people can't avoid their horn blowing long enough to do the job they brag about. By now you know that the subject of this piece is the family Hawkins of the Hawkins Radio Lab.

In order to avoid confusion among strangers who might be so foolish as to read this drivel the following: The family Hawkins is, insofar as the radio lab is concerned, composed of two Bills, Jr. and Sr., and Red. It all started some thirty-five years ago when the elder Hawkins was afflicted with a bad case of radio-itis. In spite of all the doctors of the day could do, the bug of radio stayed with Bill, Sr., and he could not be guided away from the newfangled invention that had families glued to a pair of earphones or an old-fashioned phonograph horn that blared forth with scatchy, sputtering, static-laden sounds called words and music.

Bill Hawkins did everything he could to amass a workable knowledge of the new industry that was to have such a tremendous effect on this nation and the world. Eventually his wanderings and studies brought him to Pampa. With an infant family, he set up shop and became one of the first, if not the first radio experts in the Panhandle. After twenty-five or more years in the Panhandle, there are few of the veterans who will argue the point that Bill Hawkins, Sr., is the dean of Panhandle Radio experts.

There are few radio sets in Pampa that haven't known the

"It's men like you in fringe areas who are proving television is as practicable as radio and can be brought to remote areas."
More power to Hawkins Radio Lab. With experts like this in Pampa, no one need be without the latest improvements in radio or television.

Chieftains Are In Ascendancy At Noblitt Co.

It takes a good deal more than a price freeze, bad weather and a few 'down - the - nose' thinkers and talkers to keep this man Noblitt of the Noblitt-Coffey Company from making every effort possible to publicize, popularize and otherwise keep the public conscious of the silver anniversary Pontiac automobiles.

Anyone reading the sports columns of the Pampa Daily News is familiar with the exploits of the Noblitt-Coffey Chiefs. This stellar aggregation of casaba artists is not only doing a bangup job of publicizing Noblitt-Coffey, it is winning a goodly share of tough basketball games. The recent showing the quintet made against a polished aggregation of visitors should be sufficient evidence that anything Noblitt lends a hand to is going to turn out in pretty good shape.

Signs Of Spring Despite Cold In The Panhandle

Could be someone is rushing the season. On the other hand it might be that David Caldwell isn't the wait and see type. At least the man can't be blamed for getting ready for the rush of fishermen for new gear and equipment.

Services To Be Led By Shamrock Youth At Christian Church

SHAMROCK —(Special)— Next week is Youth Week throughout the nation, and in recognition of this, young people will be in charge of the morning and evening services at the First Christian church here, announces the Rev. J. Tracey Hopper, minister.

Mrs. Joy Conner will lead the morning services, and Rodney Sutterfield will be the speaker.

The evening program will be directed by Miss Betty Tinsley, while Teddy Joe Loving will bring the message.

All of the young people are students at the Shamrock High School.

India Buys Radio Sets To Improve Broadcasts

KARACHI, India — (P) — The government has purchased \$50,000 worth of radio sets from The Netherlands with funds provided by UNESCO for improving broadcasting facilities.

Mrs. Rex Rose is P-TA City Council Speaker Thursday

Mrs. Rex Rose will be the guest speaker when the Parent-Teachers Assn. City Council meets at 2 p.m. Thursday.

Topic for her discussion will be "Patterns for Family Living." The Woodrow Wilson P-TA unit will be in charge of the program.

Silver Dollar Day Held At Shamrock

SHAMROCK —(Special)— Shamrock's eighth Silver Dollar Day will be held here Monday, Feb. 5, according to Norman Patrick, chairman of the retail merchant's committee of the Chamber of Commerce.

Shamrock inaugurated the event last July, with a Silver Dollar day the first Monday of each month since. Residents have made a good response, Patrick says.

Chinese From Malaya Avoiding Hong Kong

SINGAPORE — (P) — Chinese from Malaya are visiting Communist China through Portuguese Macao to avoid difficulties in landing at Hong Kong, where the British have tightened visa laws.

The chancellor-in-charge of the Portuguese consulate here, Jorges Manhao, said some 150 Chinese applications to land at Macao have been approved. Manhao said the travellers had to provide evidence that they can obtain food and lodging in Macao, where they are allowed to remain only 48 hours.

OUT FOR VENGEANCE—Vowing to kill 180 Koreans to avenge the death of his brother, Roy Shadrick, right, of Skin Fork, W. Va., is sworn into the Army by Capt. Robert Cashman in the Cincinnati, Ohio, recruiting office. The brother was Pvt. Kenneth Shadrick, 18, first U. S. soldier to be killed in Korea. Five-foot-two-inch Roy, 26, was turned down by the Army as underweight. He went on a week's eating spree and finally made the grade. He aims to kill 16 Koreans for every year of his late brother's age.

65-Year-Old Women Feted At Shamrock

SHAMROCK —(Special)— Shamrock Methodist Church leaders are sponsoring a "Golden Age" party to honor all Shamrock women 65 years of age and older. The event will be held at the church Sunday, Jan. 28 at 3 p.m. Transportation will be arranged by Mrs. W. Y. Burden for any lady in this age class.

Pacific salmon are the most valuable fish in the western hemisphere.

About one-fifth of the population of Florida owns motor cars.

Woman, 13, Gives Report

By CYNTHIA LOWRY

NEW YORK — (P) — "Women," says Edna Williams with complete assurance, "know men better than they know themselves. Any woman knows how to keep a man in his place and how to keep him from making a fool of himself."

Miss Williams, who is 75 and looks 90, was one of America's first traveling saleswomen—in a day when even being a working girl was considered quite daring.

It was back in 1898 when Miss Williams went to work for a cocoa manufacturing company at \$10 a week. The company was undertaking a major experiment—sending nice young ladies around to stores, fairs and exhibits to demonstrate how easy it was to whip up a pot of the company's product.

"They dressed us in the costume of the company's trademark," Miss Williams recalled, "and wherever we went, the company provided us with chaperones."

Occasionally an irrepressible wolf would attempt to date up one of the girls on duty, "but that was easy enough to handle," she said.

In the course of some 35 years of traveling Miss Williams never once was embarrassed or annoyed, by over-enthusiastic males.

"A woman soon learns how to flag down that sort of thing," she said. "If she wants to go out with men, it's easy enough to do it. But if she shows from

her face, the men are too afraid to respect her wishes."

After living most of her adult life out of suitcases in hotel rooms, Miss Williams retired in 1937.

"I've never been so busy in my life," she exclaimed. "I joined some clubs, and I took some courses and learned to swim."

Now she swims a couple of times a week — and to it she attributes her fine health and her youthful appearance.

Malay Chinese Visit Homeland

SINGAPORE — (P) — Whether China be under Nationalists or Communists, large numbers of Chinese from Malaya still like to visit their homeland.

Between The Hours Of
4 to 5 p.m.

10%

OF ALL SALES
At Both Your

Ideal Food Stores Will Be Given
To The March Of Dimes!

As all Ideal Food employees work on a profit-sharing plan, they are glad to donate their time and profit to this worthy cause.

Help the March of Dimes by buying all your food needs at Ideal between the hours of 4 and 5 p. m., on WEDNESDAY, JAN. 31.

Turn On Your Porch Light
Tonight! 7 to 8 P.M.

LET

Reddy Kilowatt HELP YOU

FIGHT POLIO TONIGHT!

Turn on your porch lights
at 7:00 tonight for the

MOTHERS' MARCH ON POLIO!

Reddy Kilowatt Will Do the Rest!

Yes, Sir. Folks REDDY KILOWATT is proud to play a part in the Pampa Mothers March On Polio Tonight.

HERE'S WHAT YOU DO. When you hear the Sirens and Whistles tonight at 7, TURN ON YOUR PORCH LIGHT. In response to your invitation one of the hundreds of Pampa Mothers who will be marching tonight will call on you for your contribution, of whatever you wish to give.
