Good Evening

Everybody likes candid people—but avoids them.

ALLIES STOP ROMMEL'S THRUST

President Promises Quickest Possible Aid For Chinese

Transport Is Big Problem, He Stresses

WASHINGTON, Feb. 13. (AP)—Madame Chiang Kai-Shek said at the White House today that Americans could help the Chinese best by sending more implements of war and President Roosevelt declared this was going to be done as quickly as the Lord will let us.

President and Mrs. Roosevelt united in their press conferences for the first time and the first lady of China and the chief executive both submitted to questioning.

At one point Mr. Roosevelt re-emphasized the intention of the United Nations to use China actively as a base for attacking Japan, while efforts continue to whip the Japanese lines in the Pacific islands.

To a question as to how aid to the Chinese might be stepped up, Madame Chiang referred to the President's remark about as soon as the Lord will let us and said she would append the saying that the Lord helps those who help themselves.

The press conference turned to the question of the size of the American army and Mr. Roosevelt asserted that the goal was still 7,500,000 men in khaki by the end of 1943. He said that he could not now figure beyond that point.

At that time, he said, there will be approximately 10,800,000 in all the armed services.

More than 200 reporters crowded into the chief executive's circular office for the joint press conference.

Members of the White House staff peered in eagerly from the corridors hoping for a glimpse of the petite wife of China's famed generalissimo.

While the President made a few brief introductory remarks, she sat in one of his big arm chairs, her feet falling by several inches to reach the floor. Again, as on every appearance thus far in Washington, she wore an ankle length dress.

See PRESIDENT, Page 5

Texas, Arizona Men Executed

HUNTSVILLE, Feb. 13. (AP)—Lera, calm with prayer, died in the electric chair early today for the slaying of Harry Phillips on Christmas morning, 1938.

Lera, 33, of Galveston county walked into the death chamber unassisted. While the straps were being applied, he repeated the Lord's prayer aloud.

The switch was pulled at 12:17 a. m. and Lera was pronounced dead at 12:27 a. m.

FLORENCE, Ariz., Feb. 13. (AP)—Big Jim Rawlins, 46, died in Arizona's lethal gas chamber today as the state exacted its toll for the rape and murder of tousel-headed little Marilyn Emma Atkins.

The Kilfoys were glad to oblige. Both boys are in the same division at Camp Howze, Gainesville, Tex.

I SAW

That Pampa women are not as patriotic as others from other parts of the Panhandle, judging by the response given to the call for enlistment in the WAVES. Not a single applicant appeared at the recruiting station at the LaNora theater last night. There is still time to join the famous Texas Shebanget squadron but you'll have to make your application right now, so be ready to report by March 2. Is Pampa going to let the rest of the Panhandle beat us in WAVE enlistment? The answer is up to you.

For moist, warm, circulated, air, see the Estate Heaton. Lewis Hardware.

Nickel Tax on Highballs, National Lotteries Suggested By Taxpayers

WASHINGTON, Feb. 13. (AP)—Kitchen porch tax experts casually mailed congress this week a couple of hundred personally guaranteed designs for financing the war.

They ranged from a levy of a nickel on every highball "The money would roll in," its backer said to a national lottery with tickets on sale at every postoffice.

Congressmen say they can't recall a time when so many of their constituents exercised the fifth freedom, or the right of every man to be his own tax expert.

A Philadelphia proposed that the government sell low-premium life insurance to persons who could not pay their 1942 taxes.

The policy, in the exact amount of taxes due, would name the treasury as beneficiary. Presumably, a desperate and conscientious taxpayer could cut his throat and square his accounts with the government.

The proprietor of a Florida tourist camp and a New Jersey meat gusher under the wire simultaneously with ideas for government lotteries. The Floridian suggested that 5 per cent of the take go to the Warm Springs foundation, 45 per cent to the treasury, and 50 per cent back to the ticket purchasers.

The New Jersey man predicted that "people in all walks of life would buy the tickets. I bet you would yourself."

Many of the letters endorsed the Ruml "pay-as-you-go" income tax plan which would write off 1942 tax liabilities and collect 1943 taxes on a current basis. The treasury had proposed it on the ground that the government would lose money.

"But I don't see how the government is going to lose any money unless it intends to collect taxes for one year past eternity," a Colorado woman wrote.

The injured on the motorcar were: Mrs. Morgan's two children; L. H. Bromet of Pampa, rear brakeman, son of J. F. Bromet of Amarillo, serious cranial injuries, in critical condition; a Mrs. Swanson of Reardon, Okla., head injuries; Conductor F. N. Eddings of Pampa, broken arm.

Injured on the mixed train were: Engineer H. B. Hackney, Clinton, Okla., facial injuries; Mrs. Laura Jones, 1929 S. 9th St., Woodward, Okla., leg injuries; Albert Lane, 49 Bakersfield, back injuries; E. W. Pride, Rock Island employe, address unknown, facial injuries.

The motorcar was heading east toward Clinton and the mixed train was going toward Pampa when the collision occurred.

C. R. Tucker, assistant general manager, and J. B. Briscoe, superintendent of Santa Fe, left Pampa for the scene of the accident by motorcar as soon as word was received and are making an examination as to the cause of the accident, Mr. Cassell said.

BUY VICTORY STAMPS—Saturday Is Last Day For Canned Goods

You'd better buy your groceries before mid-night Saturday or you'll be mighty hungry for nine days.

Midnight Saturday marks the beginning of the "freeze" and the purchase of canned vegetables and fruits. The freeze will last until March 1 when point rationing begins.

Registration for War Ration Book 2, a prelude to the lifting of the freeze, will start on Wednesday, February 24, and continue through Saturday, February 27.

Local grocers are anticipating an extra run of business this weekend. With point rationing looming, Pampa housewives will be anxious to stock up as much as possible before the "freeze" and the point system of buying groceries is started.

Stocks are in good shape at a majority of Pampa grocery stores, although some items, like pineapple for example, are exhausted.

The large local store is setting a limit of one can to the customer on each product, for example, permitting purchase of only one can of corn, one can of peas, and so on.

The situation was reversed at another large store, however, with no limit definitely set. Manager of the second store said he was putting up "family size" orders and where persons bought a "general run" of groceries, was not drawing the line, but might do so, if a person ordered an extra large amount of one item.

Most places are limiting the number of cans that can be purchased, however.

BUY VICTORY STAMPS—Clothing Purchases May Bring Rationing

O. Terry of Oklahoma City, sales manager for C. R. Anthony stores over the southwest, was in Pampa yesterday on a regular business visit.

Mr. Terry, who recently returned from a trip to the East, said that unnecessary purchases of clothing may result in a shortage and bring on rationing.

BUY VICTORY STAMPS—Pampa Banks Will Be Closed Monday

Because of Washington's birthday, a legal holiday, Pampa banks will be closed all day Monday, Feb. 22.

Bank officials today urged Pampans to transact banking business Saturday.

BUY VICTORY STAMPS—BURNS PROVE FATAL

HOUSTON, Feb. 13. (AP)—Mrs. Emma Boulet, 80, died in a hospital early today of burns received Monday at her home when her dress caught fire from a heater.

Manpower, Food Shortages Cut Aircraft Output

DETROIT, Feb. 13. (AP)—Manpower shortage has presented the major obstacle to accelerating production of the giant B-24 bomber planes at the government-owned, Ford-operated Willow Run plant, according to authoritative Ford sources.

The high turnover of employment and a heavy rate of absenteeism undoubtedly will be emphasized to the senate investigators headed by Senator Truman (D-Mo.) visiting the plant today for a first hand view of operations both on fly-away bombers and parts for final assembly at other factories.

The huge four-engine Liberator is in production at Willow Run, but the volume is described by the Office of War Information as "only a small fraction" of the plant's ultimate capacity. A Ford announcement last week said the bombers were coming off production lines "on schedule."

Ford engineers agree with Hugh Fulton, counsel for the senate war investigating committee, that numerous design changes have delayed the production rate. However, they are not inclined to complain of these changes.

LOS ANGELES, Feb. 13. (AP)—Testimony before a legislative committee that warplant workers in this region are quitting their jobs because of food shortages has prompted State Senator George J. Hatfield to propose that California install its own rationing system.

Hatfield, chairman of a fact-finding committee on food, told an open hearing that drastic steps might have to be taken to correct alarming shortages, wipe out the black market and maintain the war production tempo.

George Gore, executive of the Northrop Aircraft Corp., informed the committee that the plant's cafeteria has paid for the last two months higher than ceiling prices for meat, butter and certain other foods and that many workers were quitting because of the scarcity.

Two operators of a commissary that feeds men employed on 15 government war jobs testified they had not been able to get sufficient meat, butter and certain other foods and that many workers were quitting because of the scarcity.

BUY VICTORY STAMPS—Price to Milk Producer Lifted

DALLAS, Feb. 13. (AP)—Federal OPA administrator Max McCullough today issued an order which in effect lifted the Feb. 13 order freezing milk producer prices at January levels, the amendment permitting buyers to pay up to \$3.90 for 100 pounds of milk.

The Office of Price Administration said the order was designed to help producers "who were caught in a tough spot by OPA's order of Feb. 13." Missouri, Arkansas, Louisiana, Kansas and Texas are affected.

The new order is effective tomorrow. McCullough said that many producers had not yet received price increases contemplated under the Feb. 13 order. Some producers have got price increases this month but many are still negotiating for more money. The Feb. 13 order, however, required them to hold prices at the highest January level, so increases obtained now would not prevail.

The new order stipulates that where a retail ceiling of 15 cents per quart is in effect, purchasers "may" pay \$3.90 per hundred-weight of milk with four per cent butterfat content. For 14 cent milk the price is \$3.50, for 13, \$3.10.

BUY VICTORY STAMPS—U. S. Intervention For Gandhi Sought

NEW DELHI, Feb. 13. (AP)—Mohandas K. Gandhi in the tenth day of his fast and reported so much weaker that he had stopped talking almost altogether, Indians gathering here for the annual conference of business, professional and educational leaders expressed hope—only faintly—that the United States would intervene to obtain his release.

Gandhi is fasting in protest against his detention by the British, who arrested him last Aug. 9 and have kept him behind barred wire in the ornate palace of the Aga Khan at Poona.

### Woodrow Wilson To Give Concert

Highlighting the victory concert to be presented by the Woodrow Wilson school in the school auditorium, at 8 o'clock tonight, nine-year-old Gerald Comer will tell the story of an old Texas cowboy, "Pecos Bill."

Gerald, who is in the fourth grade at Woodrow Wilson school, will be accompanied by the choral club singing "Get Along, Get Along." His twin brother, Harold Comer, is in the choir.

Price of admission to the concert, which is one of a series of monthly victory concerts given by Texas schools, is a war stamp or bond which the buyer may keep.

Scheduled on tonight's program are patriotic and other selections by the school band and choral club, under direction of Miss Mary Elizabeth Armstrong.

Among numbers offered are "Anchors Aweigh," the "Caisson Song," and Irving Berlin's "Angels of Mercy," by the band; and the "Army Air Corps" song, "Mairies Hymn," and "How Sweet to be a Cloud," by the choral club. The program will open with the "Star Spangled Banner" and close with "America."

### Churchill Suffers From Acute Catarrh

LONDON, Feb. 19 (AP)—Prime Minister Churchill, confined to his bed by a cold, has acute catarrh of the upper respiratory passages, a statement from No. 10 Downing street announced today.

### Mrs. New Entertains Skellytown Group

**Special to The News.**  
SKEELLYTOWN, Feb. 19.—Eleanor Roosevelt Study club met with Mrs. Earl New last Tuesday. Mrs. Ivan Reeder presided over the meeting, which included talks on "International Red Cross Work," by Mrs. Tom Oats, "Vitamins," by Mrs. J. E. Collins, and "War-Time Safety," by Mrs. Herman Ford.

The following committees were appointed:  
Year book, Mmes. S. C. Dickey, K. A. Sorenson, Chester Strickland, Berry Barnes, J. C. Jarvis, social welfare, Mmes. J. E. Collins and Earl New; financial, Mmes. Herman Ford and C. Zugar; social, Mmes. W. L. Waggoner, O. L. Staton, Tom Oats, J. W. Lee, W. H. Price, and B. R. Satterfield.

Those who attended were Mmes. J. C. Collins, S. C. Dickey, Herman Ford, J. C. Jarvis, J. W. Lee, Ivan Reeder, K. A. Sorenson, Chester Strickland, W. L. Waggoner, and Tom Oats. The next meeting will be held in the home of Mrs. Oats.

### Canadian PEO Group Hears Mrs. Wright

**Special to The News.**  
CANADIAN, Feb. 19.—Mrs. Florence Hawley Wright of Pampa addressed members of the Canadian PEO sisterhood at the home of Mrs. Calvin Isaacs Monday.

Mrs. Wright discussed PEO work in New York state, where she was a past president of the PEO before moving to Pampa last fall.

The regular afternoon program was devoted to "Modern Poetry," with talks given by Mrs. Carl Studer and Mrs. Marian Karr.

Mrs. E. H. Snyder, chairman of Red Cross sewing, reported that 400 kits for men in the armed forces had been made, filled, and shipped, but that 95 have been made which are yet to be filled.

Club members voted to pay a dollar each to buy articles to place in these kits.

### New Teacher Greeted By Bethany Class

When the Bethany class of the First Baptist church and members in service met this week at the home of Mrs. D. M. Scief, a new teacher was welcomed, Mrs. H. C. Wilkie. The class presented a red and white carnation corsage to Mrs. Wilkie, who in turn pinned it on the outgoing teacher, Mrs. T. B. Solomon, who is resigning because of illness.

The meeting featured a covered dish luncheon. Mrs. Ellen Chapman gave the devotional from the 26th chapter of Matthew, and Mrs. O. R. Wasson conducted the business meeting.

Among those attending were Mmes. T. B. Solomon, Tom Alford, D. W. Slaton, Ellen Chapman, Cora Patterson, L. Rittenhouse, T. H. Baker, T. V. Lane, Mamie Hartgraves, O. R. Wasson, A. B. Kitchens, J. H. Richey, L. A. Baxter, E. Sidham, Louis Davis, T. L. Anderson, J. E. Reeves, Ella Brake, Bass Clay, H. C. Wilkie, Charles Ketting, D. M. Scief, W. E. James, and H. H. Keyser.

### Shower Honors Mrs. Woody Pond

Mrs. Woody Pond (Juanita Higgins) was honored with a shower at the home of Mrs. Tom Cotton recently. The fireplace, illuminated by candles, was the center of attraction with a miniature bride in the foreground and the gifts arranged at her feet.

Presiding at the bride's book was Mrs. Clyde Carson. Games were played and refreshments served. Among those registering were Mrs. T. A. Higgins, the bride's mother, Mmes. Clyde Carson of Borger, J. T. Little, Doc Kitchings, Jack Kennedy, Freeman Rowe, Edward Gething, Floyd Smith, Minnie Turner, Hazel Smiley, and Misses Margaret Dull, Doris Smith, Corene Steely, Wilma Crowley, and the honoree.

Gifts were sent by Mmes. O. R. Payne, Viola Board, Jean Scarborough, Barbara Austin, Esther McKay, Norma Finney, Georgia Peoples, A. M. Higgins of Dumas, and Misses Wileta Stark, Ozella Dunn, Elva Tubbs, Mary Tubbs, Fern Simmons, Clara Jane Weathered, Alleen Weathered, Helen Sandy, June Hutton, Pearl Hughes, Mary Edna Tunnicliffe, and Ola Mae Smith.

### Mrs. Seiber Hostess To Miami W. S. C. S.

**Special to The News.**  
MIAMI, Feb. 19.—Mrs. J. L. Seiber, assisted by Mrs. Rex Cowan, was hostess to the members of the W. S. C. S. Wednesday afternoon when sixteen members were present for the Spiritual Life program and a combined social and business meeting.

After roll call and minutes, a short business session was held and reports were given by the officers. Mrs. Carr led the prayer, and Mrs. H. E. Baird gave the devotional.

### Methodists Observe 'Laymen's Day'

Next Sunday, February 21, is to be Laymen's Day in every Methodist church throughout the United States. The laymen will have charge of the programs, and a layman will speak from every pulpit. In many cases, several laymen will speak on the same program.

The topic of discussion in all programs will be "Methodist Men in World Reconstruction."

All Methodists and other interested are cordially invited to services.

Eugene L. Naule, pastor, will bring the message for the evening hour at the Harrah Methodist church.

THE SAVIOUR CALLED  
By WILLIAM E. GILROY, D. D.  
Editor of Advance

It would be interesting to list and study the various terms and figures in which Jesus spoke of himself. To the woman of Samaria at Jacob's Well, He

announced quite plainly that He was the Messiah whom she and many devout people were expecting. He called Himself "the Son of Man," saying that He had come to seek and to save the lost. Similarly, He implied that He was the Master Fisherman. It is a shame that they may have life and that they may have it more abundantly than they do.

"The gates of hell shall not prevail against it," said Jesus, 1900 years ago. Today and every day God, through His church on earth, still says to every human being: "For you the doors of heaven are wide open, if you will but repent of your sins and believe in Jesus as the One who has paid for them with His innocent suffering and His substitutionary death on Calvary's cross."

Every word and every claim that He made concerning Himself there was no boasting, no spirit of self-assertiveness, and no purpose of self-aggrandizement. In everything that Jesus said concerning Himself He was still the meek and lowly Jesus, the Master who washed the disciples' feet, teaching the lesson of humility and service.

Every word and every claim that He made concerning Himself there was no boasting, no spirit of self-assertiveness, and no purpose of self-aggrandizement. In everything that Jesus said concerning Himself He was still the meek and lowly Jesus, the Master who washed the disciples' feet, teaching the lesson of humility and service.

Every word and every claim that He made concerning Himself there was no boasting, no spirit of self-assertiveness, and no purpose of self-aggrandizement. In everything that Jesus said concerning Himself He was still the meek and lowly Jesus, the Master who washed the disciples' feet, teaching the lesson of humility and service.

### Rev. Wolter to Speak On 'Christ's Kingdom'

Basing his 11 o'clock address on the word of God found in Matthew 16, 13-20, Rev. Henry G. Wolter, pastor of the Lutheran church, will stress the fact that God's Church on earth would not be a kingdom which would have an easy existence, but a kingdom which, despite all opposing factors would remain victorious.

"The gates of hell shall not prevail against it," said Jesus, 1900 years ago. Today and every day God, through His church on earth, still says to every human being: "For you the doors of heaven are wide open, if you will but repent of your sins and believe in Jesus as the One who has paid for them with His innocent suffering and His substitutionary death on Calvary's cross."

At the evening service, 7:45 o'clock, the sermon theme will be: "Forgive us our trespasses as we forgive those who trespass against us." Matthew 6:12.

### Odessa Man Gets Army Silver Star

**HEADQUARTERS ALASKA DEFENSE COMMAND, Feb. 19 (AP)—**Award of silver stars to seven officers for aerial action over the Aleutians was announced yesterday by Maj. Gen. Simon B. Buckner, Jr. One of the stars went to Capt. Joe M. Larkin, Jr., box 1883, Odessa, Texas.

### TO EASE MISERY OF CHILD'S COLD RUB ON VICK'S VAPORUB

When you buy a diamond, you are investing in a ring that will affect your happiness for years to come. The beauty and the quality of the stone is everlasting. Why not give yourself the thrill of owning a truly fine diamond? Zale's will be glad to advise you in the selection. Come in today and see these lovely new rings.

### 'Mind' to Be Topic Of Lesson Sermon

"Mind" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, February 21.

The Golden Text is: "The Lord of hosts hath sworn, saying, surely I have thought, so shall it come to pass; and as I have purposed, so shall it stand" (Isaiah 14:24).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "O house of Jacob, come ye, and let us walk in the light of the Lord" (Isaiah 2:5).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "When the divine precepts are understood, they unfold the foundation of fellowship, in which one mind is not at war with another, but all have one Spirit. God, or Infinite Intelligence, in accordance with the Scriptural command: 'Let this Mind be in you, which was also in Christ Jesus'" (page 276).

### Rev. Carver's Sermon Offers Challenge

Sunday morning at 10:55 o'clock E. Douglas Carver, pastor of the First Baptist church, will speak on the theme, "You Have Dwelt Long Enough in This Mountain." Rev. Carver's sermon will challenge when he points his hearers to greater Christian achievement and challenges them with the opportunities of today. It was announced. The First Baptist pastor's sermon subject for the 8:00 p. m. service will be "The Forgotten Man."

Featured on the musical portions of both services will be special music by the large chorus choir under the direction of H. Paul Briggs.

Rev. Benson's "Light after Darkness" will be among the special numbers presented at the morning worship service, while at the evening hour the choir will lead in the popular "Hymn-sing" as well as sing special hymn-anthems.

"Visitor's Night" will be observed in each of the Training Union groups which meet at 7:00 p. m. Special programs have been arranged in honor of visitors. It was said.

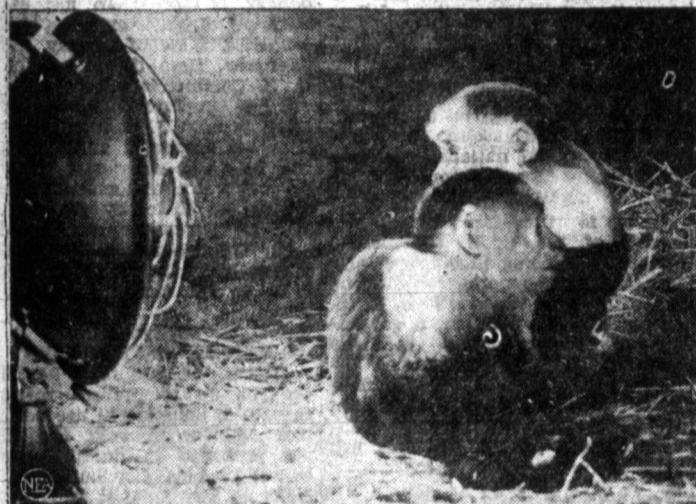

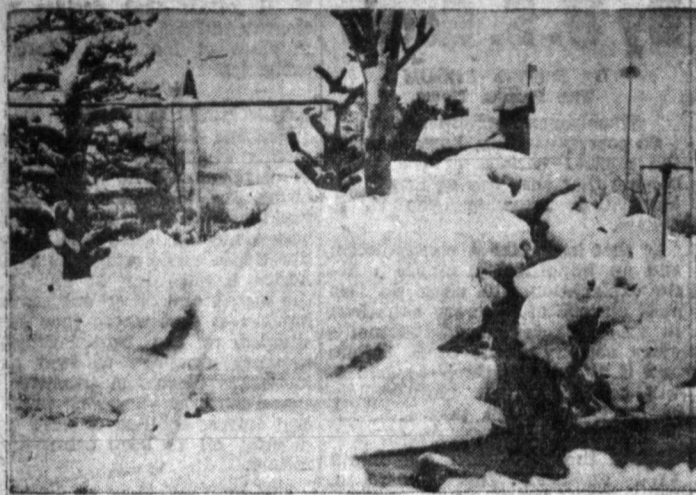

### Rev. Sumrall to Talk On 'Why Pray'

"Why Pray" will be the sermon subject of Rev. T. D. Sumrall at 11 o'clock Sunday morning at the Central Baptist Church, Mr. James E. Frost, music director, has arranged special music on the theme of prayer and invites every one to attend and assist in singing the old faithful songs.

In his sermon Rev. Sumrall will point out that men of all ages and races have had some form of prayer. Many have prayed to idol gods and have become psychologically satisfied, but we turn to the spiritual and divine side of prayer and find access to God, the Creator of all things. God's reaction to human supplications and soul desires is the Christian's answer to prayer. Those who have learned to pray have learned life's greatest lesson.

"Life's Most Important Question," will be the sermon theme at 8 o'clock Sunday evening, in which it will be emphasized that there are many important questions in this life and there would be a variety of opinions among men as to the greatest question. It seems that life in eternity, the life after death would mean more than the life here. Therefore, the

**Pampa News WAVE Recruits Find New York City Is All Dimmed Out**

NEW YORK, Feb. 19 (AP)—New York, with its traditional bright lights dimmed out by war necessity, disappointed a contingent of Texas Panhandle WAVES Wednesday night.

The Texas Bluebonnet squadron, eight recruited by The Pampa News, others by Amarillo Globe-News Publishing company, had given up the life of Texas' cow-country for berths in Uncle Sam's navy for the duration. So in spite of a disillusioning glimpse of a darkened Broadway, they thrilled as they registered for "boot school," the United States naval training school in

what was formerly Hunter college. The 57 arrived in a seven-car train including WAVES from California and Colorado. Many of the Texas girls are real ranchers who ride and rope like veterans, and there are some who have performed in rodeos and exhibitions. No 10-gallon hats, boots or saddles were in evidence.

One of the Bluebonnet—the state's official flower—was Wanda Fearson, a former state tennis champion and a motorcycle exhibition rider.

After a brief glimpse of Broadway they went to Student hall where they were logged in and billeted in nearby apartments.

Thursday they started their training courses. So there's a touch of Texas talk in the Bronx now.

**PIPELINE SOUGHT**  
FORT WORTH, Feb. 19 (AP)—Oil operators awaiting the statewide proration hearing here yesterday adopted a resolution asking the Texas Railroad commission to urge construction of the 20-inch petroleum products line from the Beaumont-Houston refining area to Seymour, Ind., as approved recently by the War Production Board.

American farms have about 1-800,000 tractors, according to estimates.

**Beware Coughs from common colds That Hang On**

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

**Food Producing In Texas Will Show Increase**

By BRACK CURRY  
Associated Press Staff  
The greatest food raw materials producing state in the nation, Texas is increasing its food manufacturing facilities at a pace that may displace petroleum processing as the state's foremost industry in value of products.

Spurred by global demands upon the United States for food to avert famine and pestilence in Europe and Asia, food manufacturing in Texas is increasing in importance, reports the Bureau of Business Research of the University of Texas.

Indications are that the upward trend will continue, bridging the gap between the state's prime rank as a food raw material producer and its 15th position as a manufacturer of food.

Increasing production of food raw materials, substantial rate of growth of Texas' population, rapid increase in urban population, the shift of food manufacturing from homes to manufacturing plants are cited by the bureau as factors that will continue the increase in the state's food manufacturing establishments.

These figures help clinch their contentions.

With 4.7 per cent of the nation's population, Texas in 1939 produced 3.2 per cent of the value added by manufacture of the food group for the United States.

In the 1930-40 period, the number of food manufacturing establishments in the state increased 0.95 per cent, the number of people employed in these establishments 48.9 per cent, total salaries 31 per cent and the value added by manufacturing 10.7 per cent.

During the same period the number of establishments manufacturing food decreased 8.7 per cent for the United States.

Meat packing, suggests the bureau, is an example of what can be done to expand Texas' food manufacturing industry.

In value of products, meat packing ranks second to the petroleum industry. Focused principally around Fort Worth, Houston, Dallas and San Antonio, meat packing is now the most important division of the food industry in Texas.

Possibilities for further expansion are suggested by these figures released by the bureau:

In 1939 Texas ranked first in the nation in production of cattle and calves with 10.4 per cent, first in beef cattle, with 10 per cent, first in cattle and calf production, with 9.6 per cent and fourth in cows and heifers kept for milk, with 5.8 per cent.

Texas was second in rice production, with 29 per cent, ninth in corn production, first in grain sorghums, with 42 per cent, eighth in winter wheat production, with 5.1 per cent and tenth in all wheat.

In 1939 Texas ranked first in the production of cottonseed with 27 per cent of the nation's supply, fifth in the production of peanuts, with 11 per cent of the total, and third in production of peanut oil.

In acres planted to all commercial truck crops, Texas ranked second in 1939 with 14.1 per cent of the national total. Texas was also first in production of cabbage, with 10 per cent; second in production of carrots, with eight per cent; second in spinach, with 32 per cent;

first, in number of acres planted to beets, with 33 per cent.

The state is first in the production of grapefruit, second in production of figs, third in production of oranges and sixth in production of peaches.

Texas, because of its wide range

of climatic conditions, produces a greater variety of food raw materials than any other state with the possible exception of California, says the bureau.

To process these products, there were in 1939, 2,118 plants in Texas turning out manufactured food

products. Employees numbered 39,432, salaries and wages totaled \$42,639,452, food products were valued at \$342,456,298, of which \$107,379,449 was the value added by manufacture.

Food manufacturing represents 39.4 per cent of the total number

of manufacturing plants in Texas producing at least \$5,000 annually in products and food products represent 22.4 per cent of the total value of manufactured products for the state.

Installments in Advance: Henry Kaiser's idea for Post-War Trade Bonds deserves serious consideration.

There will be an enormous demand for everything—automobiles, electric refrigerators, air conditioning units, homes, oil burners, radios, typewriters—the list is endless.

It will be found that every man who believes in some form of dictatorship, some form of socialistic government, cannot reduce his ideas of government to impersonal rules.

On the other hand the man who believes in true democracy, in a scientific form of government, can reduce the operation of government to impersonal rules.

It is because we have so largely discarded a scientific, impersonal government that we find ourselves so confused and bewildered that we have had more unemployment in the last decade than any time in our history.

Most defenders of labor unions will inquire whether we remember the 12-hour day of the past. They want to leave the impression that labor unions are the cause of reduced hours.

But the fact of the matter is that labor unions are the cause of the 12-hour day being continued. They make the 12-hour day necessary for the farmer and the man who has to buy the products made scarce by labor unions in order to eke out a living.

Of course, labor unions can make their own day shorter just as a bank robber or a hold-up man in a gas station who robs the till can shorten his own working hours.

The 12-hour day has been retained because of labor unions. We will all of us go back to the 12-hour day in order to make a living, as they are in Germany, Italy and France.

Meanwhile, the money invested in such bonds would be taken out of circulation at a time when too much spending will promote inflation.

Among other things, there could be no public confidence unless it were made abundantly clear that the government is acting only as a banker—that the setup can not be used indirectly to control production and distribution of commodities.

There probably will be strong criticism of the whole idea. That which is honest and sane should be considered on its merits.

Let anyone in Washington or anywhere else who thinks that the Nov. 3 congressional election was an accident read the returns from the special election in the sixth Missouri district.

Let anyone in Washington or anywhere else who thinks that the Nov. 3 congressional election was an accident read the returns from the special election in the sixth Missouri district.

Common Ground

I speak the past-ward primer. I give the sign of democracy. By God! I will accept nothing which all cannot have their counterparts of on the same terms.

Few people have given enough thought to the kind of a government they believe would be desirable so that they can reduce their ideas to impersonal rules and principles.

In most every case, it will be found that if they attempt to describe and define a good government, their description will be so vague and general that it will be necessary to come back to them to have them make decisions as to the kind of force the government is to use.

But a real scientific, democratic government that respects the equal rights of all men can be defined and reduced to impersonal rules. Most people's knowledge of government is of little value.

When you can measure what you are speaking about and express it in numbers, you know something about it, but when you cannot measure it, when you cannot express it in numbers, your knowledge is of a meager and unsatisfactory kind.

It will be found that every man who believes in some form of dictatorship, some form of socialistic government, cannot reduce his ideas of government to impersonal rules.

On the other hand the man who believes in true democracy, in a scientific form of government, can reduce the operation of government to impersonal rules.

It is because we have so largely discarded a scientific, impersonal government that we find ourselves so confused and bewildered that we have had more unemployment in the last decade than any time in our history.

Most defenders of labor unions will inquire whether we remember the 12-hour day of the past. They want to leave the impression that labor unions are the cause of reduced hours.

But the fact of the matter is that labor unions are the cause of the 12-hour day being continued. They make the 12-hour day necessary for the farmer and the man who has to buy the products made scarce by labor unions in order to eke out a living.

Of course, labor unions can make their own day shorter just as a bank robber or a hold-up man in a gas station who robs the till can shorten his own working hours.

The 12-hour day has been retained because of labor unions. We will all of us go back to the 12-hour day in order to make a living, as they are in Germany, Italy and France.

Meanwhile, the money invested in such bonds would be taken out of circulation at a time when too much spending will promote inflation.

Among other things, there could be no public confidence unless it were made abundantly clear that the government is acting only as a banker—that the setup can not be used indirectly to control production and distribution of commodities.

There probably will be strong criticism of the whole idea. That which is honest and sane should be considered on its merits.

Released Soldiers Declared Jailed

WASHINGTON, Feb. 19 (AP)—Declaring many soldiers released from the army because of mental ailments or other disabilities have been held in jail, Representative Shafer (R-Mich.) urged the House Thursday to expedite legislation to permit such men to receive treatment in veterans' institutions.

The house delayed action earlier in the week on a bill that would have extended to veterans of the present war the same domiciliary and hospital care now provided for men who served in the first World War.

Neutrals Won By U. S. Goods

By PETER EDSON: The Pampa News Washington Correspondent

So poverty-stricken have some of the neutral nations of the world become that they are no longer interested in receiving even U. S. dollars.

If that looks like a contradiction and an impossibility, maybe a little explanation will clear up this most curious of all crazy situations in this coked-up world.

What these countries like Spain and Portugal, Turkey, Sweden, Switzerland, North Africa and the Argentine want more than dollars are goods with which to stock the shelves of their own stores, goods which they can sell to their own people.

This is the situation which agents of the U. S. Commercial Corporation, doing preemptive buying all over the world, are meeting up with, increasingly.

Another field of operations where disinterest in U. S. dollars has been most apparent is North Africa. It is reported obvious in even the lowest-class workmen.

Board of Economic Warfare people will argue that just as important as the military aspects of the North African occupation were the economic factors—the shutting off from Axis nations of supplies which they need in the west.

The Axis had bid North Africa white, but it is in rags. Everything that was loose was exported and nothing was left in the country.

Orson Welles, the precocious jack of all trades in the theatrical world, is about to try something new in his latest production.

Today's War Analysis

BY GLENN BABE: Associated Press Writer

No nation ever has had a more moving leader of its cause than the gifted, heroic woman who received an ovation when she appeared in congress yesterday to tell of the urgent need of Japan's destruction.

A poignant aspect of Madame Chiang Kai-Shek's appeal is that it was made to an audience, the American people, which was already convinced of nearly everything she said and which wishes fervently it could accept the rest, her insistence that Japan's defeat should come first.

In the nation, in congress and in the highest levels of the government there is almost complete agreement with Madame Chiang as to the peril of giving Japan time to exploit her stolen riches, the heroic role of China through nearly six years of war, the desirability of coming to her aid now with all available resources.

But it is a question of relative urgency. If there was a feeling abroad recently as a consequence of Hitler's defeats in Russia, that the Nazi peril had been overrated, events in Africa should have dispelled it.

The defeat of the relatively untried American forces in central Tunisia is a reminder that the German army remains a terrible force and that there can be no delay in our concerted action to destroy it.

Acceptance of what Madame Chiang calls "the prevailing opinion that Hitler is our first concern" does not mean that America and Britain are doing nothing about China's plight. President Roosevelt and Prime Minister Churchill with in the past 10 days have given assurance that preparations, the na-

Sweetwater Flyer Active over Burma

RAF BASE NEAR BURMA BORDER (Delayed) (AP)—Fellows like Bill Gibbs are winning this war for the United Nations.

Gibbs is typical of hundreds of young American, Canadian, British, Australian and New Zealand fliers in eastern India.

They make communiques but rarely are mentioned in them. Daily they are plastering the enemy with their flyers, but they are anxious to do even more.

Plying Officer Gibbs, from Sweetwater, Texas, is one of the few Americans in the Royal Canadian Air Force in India.

Only 20, though he has been flying for five years. Gibbs is tall and handsome. He flies one of the Hurricanes which tangle with Jap bombers and fighters over India and Burma.

Recently he caught seven Jap-filled lorries in his sights and blew them to smithereens.

First fort in Idaho was built by David Thompson. It was called Kalspeli House, on Lake Pend Oreille.

Bicycles Help Relieve Transportation Trouble

Since the first of the month, after the relaxing of government restrictions, bicycles have become an important aid to local transportation problems and school children are now "pedaling" their way to work and school.

Invaluable gasoline and rubber is being saved by these willing bike riders.

This has been made possible through the relaxed government restrictions on bicycle rationing. The new ruling permits ration boards to authorize bicycle purchases by anyone, regardless of occupation, who needs one to go to work or perform his job.

Ownership of an automobile no longer prevents any person from getting a certificate for a new bike. School children, too, who live 1-2 miles from school are eligible to apply to their ration board for permission to purchase a new bicycle.

Not only do these riders relieve the strain on congested transportation facilities, but they keep themselves in good physical condition.

Ownership of an automobile no longer prevents any person from getting a certificate for a new bike. School children, too, who live 1-2 miles from school are eligible to apply to their ration board for permission to purchase a new bicycle.

### Mainly About Pampa And Her Neighbor Towns

Miss Elizabeth Wood has resigned her place on the Berger school staff to accept a position as civilian instructor of aeronautics at the Amarillo air field. She is the daughter of Mrs. Albert Wood of Pampa.

**WANTED—A lady's Green wrist watch.** Liberal reward. Ph. 1343.

**WELLINGTON—Thirty-one** antelope have been released in the Enterprise Game preserve near here by the Texas Game, Fish and Oyster commission. The animals were secured through the efforts of Earl Breeding, Sannorwood agriculture teacher.

**WANTED—Pantry woman** at Schneider Hotel.

**HEREFORD—Miss Rosalee Fullwood** of McAllen, formerly of Hereford, a niece of Bob Fullwood of this city, recently won the honor of being the first woman in the Lower Rio Grande valley to win a commercial pilot's license and be accepted for training in the Women's Auxiliary Flying Squadron.

**Income Tax returns** correctly prepared now. Mail later Room 13 First National Bank Building, Ph. 388.

**WHITE DEER—A photograph** of Lieut. John R. Wells, army air force, formerly with Radio Station KPDM, Pampa, appears in a current issue of the White Deer Review. The same issue also notes that T. Sgt. John R. Vineyard, 29, former White Deer grade school principal, has received his commission at Camp Barkeley as a second lieutenant in the medical corps.

**CLARENDON—Miss Joan Thompson**, daughter of Mr. and Mrs. Louie Thompson of Clarendon, has taken employment as a hostess with Braniff Airways.

**CANADIAN—Ernest E. Orten**, pastor of the Church of the Nazarene, has been elected chairman and James R. Hill, pastor of the First Christian church, secretary, of the Canadian Ministerial association.

**CANADIAN—Mrs. Estelle Todd** returned a few days ago from California where she had been visiting with Captain Dale Nix and family.

**Captain Nix** has been transferred to the East coast training camps for a couple of months and Mrs. Nix and Billy Dale are now visiting in Clarendon with her parents, Rev. and Mrs. J. O. Quattlebaum.

### Three Persons Hurt in Crash

Three persons were injured, none seriously, and two automobiles were badly damaged in a three-car collision at 8 a. m. today at the city limits on Frederic street.

The accident happened, Police Chief Ray Dudley said, when one of two vehicles headed east, made a left-hand turn, placing it in front of a west-bound automobile, which whipped out to avoid a collision with the car making the turn.

A second east-bound car, following the first, was in head-on collision with the west-bound car. The car making the turn continued on its way and did not stop after the accident, the police chief said. A bumper was ripped loose from the car turning left.

Police have a description of the automobile that failed to stop and will file charges and arrest the driver today, Police Chief Dudley said this forenoon.

He said he was not certain what the charge would be.

The west-bound car was a 1937 Plymouth sedan, in which were riding Mr. and Mrs. Leonard Karns and their son, 12 years old, and Mrs. Karns' mother. Mrs. Karns suffered a head injury, and the Karns boy, bruises on the face.

The second eastbound car was a 1940 Ford tudor. In it were Albert Olson, of New Jersey, a construction superintendent at one of the projects at Pampa field, and two other men, O. P. Merten of 527 Barnes, who suffered a cut leg, and Albert Martin, Santa Fe hotel.

First east-bound car was a model A Ford.

### More Motorists Can Get 'C' Gas Books

WASHINGTON, Feb. 19 (AP)—The Office of Price Administration has made thousands of additional motorists eligible for "C" books gasoline ration. (Information on the change had not been received in Pampa today by the county rationing board.)

"C" books formerly could be issued only to drivers on a preferred list, such as physicians and essential war workers.

Thursday's order provided that, under certain circumstances, persons who could not get enough gas on a "A" book to drive to and from work could get "C" books regardless of occupation. Applications, however, must be approved not only by local ration boards but also by district OPA offices.

The applicant must prove that his driving is in connection with his work, including to and from work, that he pools his car with others and that no reasonably adequate alternative means of transportation is available.

### Chiang Kai-Shek Speaks to Nation

CHUNGKING, Feb. 18 (Delayed) (AP)—Generalissimo Chiang Kai-Shek said in a broadcast tonight that the main purpose of China's new life movement, initiated in 1934, was to prepare the nation for the task of resisting aggression.

The generalissimo spoke to his people on the eve of the ninth anniversary of the movement.

### Tire Inspection Deadline Nears

Nettles F. Nelson, district manager of the Office of Defense Transportation, 1008 Plank Building, Amarillo, today reminded commercial vehicle owners that February 28 is the dead line for having tires inspected.

Those who have not had their tires inspected should do so at once. Delay will be particularly costly to the operators whose vehicle or tires need some minor repair or adjustment, Mr. Nelson said.

"Your Certificate of War Necessity should be presented to the inspector for his endorsement on the back, in the space provided, at the time of inspection," he said.

### PRESIDENT

(Continued From Page 1)

black dress with a collar high on the neck.

Mrs. Roosevelt, attired in a rose-hued street dress, sat on one side of their visitor and the President on the other.

The President had told reporters not to attempt to ask any questions in the room for which she was sure she would not be heckled with any.

She said she had been on all the active war fronts in China and never had known the fear of Japanese swords, but she was not quite sure whether she was afraid to face the American press with its pencils streaking across the pages of notebooks. But she said she felt she was among friends.

Mr. Roosevelt emphasized that transportation is the key to getting more assistance to the Chinese, whom Madame Chiang said has been fighting for years without overhead protection and sometimes only with swords.

Asked whether China is using all her manpower effectively in the effort to smash the Japanese, she replied that all the manpower is being employed to the extent that munitions are available for it. The Chinese, she said, can not fight bare handed.

Mr. Roosevelt said the American people are all for sending more munitions to the Chinese, but he pointed out that this can not be done directly except by air over the route from the southwest. Transport planes, he said, must carry not only enough gasoline to get them into China, but enough for their return to their bases, and still find room for munitions and the supplies to keep fighting planes going in China itself.

Madame Chiang said that the American volunteer group not only has given material aid and helped to prevent indiscriminate bombing of civilian centers, but also brought to the Chinese the feeling that America really is with them in the common cause of combatting aggression.

She remarked that China herself had trained pilots and had manpower but lacked planes and gasoline, and raised the question how they would be obtained.

But President Roosevelt, she continued, has solved so many problems and come through so many crises with flying colors that she thought the matter could be left safely with him.

Taking his cue at this point, the chief executive observed that we are beginning to send help in increased volume. But he suggested a look at the map, which would show the difficulty of getting assistance into China.

We are just as keen to knock out Japan as are the Chinese, Mr. Roosevelt asserted, and we shall do all we can in that direction. But the Japanese lines are a long way from Tokyo as well as a long way from this country, he added, and he said it is not enough to move forward inch by inch and island by island.

By taking one island a month, it would require about 50 years to get to Japan, was his estimate.

### Terms of Court Changed Here

Gov. Coke R. Stevenson today signed a bill changing court terms of the 31st judicial district, comprised of Roberts, Wheeler, Gray, and Lipscomb counties.

The bill, made a law by the governor's signature, actually does not change the court terms, as there will still be three terms a year at Pampa, but does change the terms inasmuch as court will not be in continuous operation the year around.

Take the present court term here for example. It began the first week in January. The term is 10 weeks, set to end March 13. Under the old setup, any late business would have to be taken up at the next term, which begins in June.

By means of the new law it is possible for court proceedings to continue until May 29, or the Saturday preceding the opening of the next term.

Another law, signed by Governor Stevenson today, was an emergency measure providing business pending before a district court, if for any reason the bench becomes vacant, may be disposed of by another district judge.

Origin of this law was a case that happened recently at Lubbock, when the district court bench was vacant and District Judge W. R. Ewing, presiding judge of the Ninth Administrative Judicial district of Texas, appointed Judge A. B. Chapman of Floydada to fill in.

While the continuous court term has not been made a law until now, the plan has long been favored by bar associations. District Judge Ewing and E. C. Favors of Pampa, 122nd District representative, conferred on drafting of such a law before Representative Favors' departure from Pampa for the opening of the current legislative term.

### ALLIES

(Continued From Page 1)

tion, and the British communique itself made no mention of fighting in capturing the outpost.

Thirty miles to the north, Gen. Montgomery's big guns were reported shelling the Axis in the Medenine area, immediately in front of the Mareth defense works.

A Berlin broadcast, going even farther than the British war bulletin, said the 8th army was attacking beyond Medenine.

In the American-defended sector, 130 miles northwest of the Mareth line, Rommel's smashing 69-mile advance spearheaded by heavy new Mark VI tanks appeared to have come to a standstill.

Gen. Alphonse Juin, the French commander-in-chief, said the Nazi drive had been "broken after decisive action of American tanks" and "German large-scale tank attacks have been ward off by good shooting of British artillery."

An Italian communique, however, declared that "local operations in central Tunisia are still in progress" and asserted that the Axis had captured 2,876 prisoners and seized or destroyed 169 tanks, 95 armored cars, 36 mobile guns and 66 other guns.

These figures were not confirmed by Allied sources, although it was officially admitted that American losses were heavy.

The Fascist communique also reported that Axis forces had repulsed an Allied attack in the northern sector, where Lieut. Gen. K. A. N. Anderson's British 1st army has been operating.

On the Russian front, Gen. Nikolai F. Vatutin's Red armies slashed more than half way through the 70-mile-wide German "escape corridor" from Rostov, driving to a point only 25 miles north of Taganrog on the Sea of Azov.

Taganrog, 40 miles west of Rostov,

was the stumbling-block of the Soviet counteroffensive in 1941 when the Russians recaptured Rostov for the first time.

Dispatches said Taganrog's life-line was severed with the Red army's capture of Matveev-Kurgan on the rail line to the north.

With the Germans apparently falling back in all haste toward the Dnieper river—under hammering assault by the Red army's "wild greatness," as Nazi Propaganda Minister Goebbels termed it—Soviet headquarters reported fresh triumphs along a 400-mile front.

In the north, the Russians stormed within 30 miles of the major German base at Orel, 200 miles below Moscow, and drove on at a rapid clip beyond Kharkov toward Poltava 84 miles away.

Frontline dispatches said Russian artillery broke up German counterattacks west of Kharkov and mobile Soviet troops dashed in to batter at the German flanks and speed the retreat.

The Russian command said Red army troops captured 60 towns and villages, killed 1,000 Axis soldiers and took 1,500 prisoners in the westward drive from Rostov, while in the Caucasus the remnants of some 200,000 Nazis were pinned tighter against the coast.

Presumably, large numbers of the Germans in the Caucasus had already escaped across the ice-covered Kerch strait to the Crimea and had been evacuated by sea from Novorossiisk.

In the western air war, the RAF's huge bombers thundered back to the attack on Wilhelmshaven, German naval base, and other Allied planes strafed rail lines in France and Belgium and shipping off the coast.

The London air minister said the attack on Wilhelmshaven was "heavy" and carried out in good weather. Seven planes were listed as missing.

### TUNISIA

(Continued From Page 1)

of steadily more successful operations with every branch of the American army, I had my first opportunity to see how they reacted when the going really got rough.

Well, here's the way one infantryman summed it up after plodding 15 miles cross-country at night: "That means it will take us another week more now to win the war. But every week I have to spend away from the United States because of those Kraut hounds makes me just that much sorer at them."

Capt. Edward E. Cutler, 31, of Corning, Ia., led an infantry group which made a 15-mile trek to safety. Resting on a rock, he observed cheerfully, "we came through with all our men and with no trouble but sore feet."

The withdrawal was orderly and without any signs of panic. It began two nights ago and continued as American tank, artillery and infantry forces held the Germans from a major break-through. These outfits then withdrew themselves, still engaging the enemy.

### Veteran Ranchman

Dies at Miami Home

Thomas Van Webb, 50, a resident of Miami for 22 years, died this morning at his home following a long illness. Funeral services will be conducted Sunday at a Miami church but definite arrangements had not been completed today.

Born at Crystal Falls, Mr. Van Webb, at one time moved to Oklahama, then to Gray county in 1900, where he established a ranch south of LeFors.

Survivors are the widow, and two daughters, Joyce and Marie, of Miami; four sons, Clark and Evan, both in the U. S. Army, T. V. Jr., Washington, D. C., and Verner, who resides at the ranch; brothers, Bill and Charlie, Webb ranch, Arthur and Leslie, both of Canadian; and mother, Mrs. L. H. Webb.

Arrangements are by Duenkel-Carmichael Funeral home.

WHY A FUSE BLOWS OUT

The circuit fuses in most homes are 15 am-
peres, which means the circuit can stand
15 x 120 volts, or 1800 watts of electricity at one
time. If you operate too many electric appli-
cances on a circuit at one time (appliances
whose wattage totals more than 1800 watts)
your fuse blows out.

For example—the electric iron shown at
left takes 1000 watts, the electric toaster 600
watts and the electric coffeemaker 600 watts
—a total of 2,200 watts! If these are put in
operation on the same circuit at one time it is
too much wattage for a fuse of 15 ampères,
and it blows out!

Be careful about the use of too many elec-
tric appliances at one time on one circuit.

Keep 'em handy and a FLASHLIGHT

## Today on the Home Front

By JAMES MARLOW and GEORGE ZIELKE  
WASHINGTON, Feb. 18 (AP)—The capital's brains have been working overtime on two related questions posed by the 48-hour work week order:

1. What will it cost?  
2. Is it inflationary?  
When the order was announced, the first reaction in many circles was that it meant a big boost in total pay rolls—perhaps an inflationary boost—which some employers thought would mean "complete ruin" for them.  
Studies here indicate, say Washington economists who can't be quoted directly, that these conclusions need to be modified.  
To begin with, Manpower Chief Paul V. McNutt points out that the purpose of the order is to free workers for essential activities, and promises to make exceptions where this aim won't be achieved.  
Too, in the labor-scarce areas involved, employees in practically all fields have been working 48 hours a week already.  
Now, the order is designed to make the employer who has been running on a 40-hour, five-day week, put his men on a 48-hour, six-day week, generally speaking. In effect, this would increase his work-

## In Darlan Plot?

WASHINGTON, Feb. 18 (AP)—This employer, therefore, is expected to release one-fifth of his employees for other jobs.  
Obviously, if a person has been working 40 hours and now gets time-and-a-half for 8 hours more, he'll find 30 per cent more in his pay envelope. But he'll work 20 per cent longer and, presumably, increase his output by that much.  
As viewed here, payment of time-and-a-half for the extra 8 hours would actually increase employers' labor costs by a maximum of 8 1-3 per cent.  
An employer who was getting \$40 for a 40-hour week, or \$1 an hour, would get \$52 for 48 hours' work—in effect, raising the hourly pay to \$1.08 1-3 (a boost of 8 1-3 per cent).  
This means the employer is going to be under financial pressure, not only to spare one-fifth of his employees, but also to use the others more efficiently so that he can spare still more workers—and pare down his over-all labor costs accordingly.  
Because of this additional factor, it's considered well-nigh impossible to say how much total pay rolls will be increased or, in turn, how

## THE GREMLINS

## Rubber Inventory To Drop Considerably

WASHINGTON, Feb. 19 (AP)—Rubber Director William M. Jeffers predicted today the rubber "working inventory" would decline to 104,000 tons by January 1, 1944, a figure he termed "too small for comfort."

Jeffers said a 100,000-ton inventory was an "irreducible minimum below which stocks cannot fall without a critical dislocation of the entire military, industrial, and civilian economies."  
The Baruch committee said it regarded a 120,000-ton inventory as a danger point.  
—BUY VICTORY STAMPS

## Ample Wool Stocks Reported by Times

NEW YORK, Feb. 19 (AP)—The New York Times today said a survey of wool goods markets disclosed that all talk of clothing rationing was absurd and there would be an abundance of material available for civilian use next fall. Growers, weavers, clothing manufacturers and retailers were covered in the canvass.  
Spokesmen for the various branches of the industry said they expected government demand for cloth and clothing would drop at least 30 per cent during March and April.  
—BUY VICTORY STAMPS

## Netherlands Banks Converted by Nazis

LONDON, Feb. 19 (AP)—(Netherlands Indies News Agency)—The banks of the Netherlands have been completely converted to the purposes of the German war economy.  
The organ of German heavy industry, Deutsche Bergwerk Zeitung, declared that the banks "have become fully incorporated in the state financial system" and at the beginning of this year held German treasury bills valued at 1,150,000,000 guilders (\$620,000,000).  
The paper failed to explain that the German notes which the Netherlands banks have been forced to purchase are backed only by the word of the Nazi authorities and represent no concrete value.  
Inflationary the 48-hour week may be.

## WALL STREET

NEW YORK, Feb. 18 (AP)—American battle reverses in Tunisia received the principal blame for a sell-off in today's stock market with other factors more or less contributory.  
American Telephone, reflecting the regular quarterly declaration yesterday, also touched back levels for 1942-43 but was subsequently backed into minus territory.  
Backward the treasurer, General Motors were U. S. Steel, Bethlehem, Crucible, Kaiser Fe. N. Y., Central, Great Northern, Chrysler, Chrysler, General Motors, Gen. S., Sears, Roebuck, Westinghouse, U. S. Gyro, Douglas Aircraft, Consolidated Edison, Du Pont, Standard Oil (Ind.) and International Harvester.  
Bonds were steady, and commodities mostly higher.  
At Chicago wheat slipped at the last and ended off 1/2 cent, 1/2 cent of bushel and corn was unchanged. Cotton, approaching the finish, was up to 10 to 40 cents a bale.

## KANSAS CITY LIVESTOCK

KANSAS CITY, Feb. 18 (AP)—U. S. Dept. Agr.—Hogs: 2000; 1500; good to choice 150 lbs up 14.00-15.00; sows 14.50-15.00; 160-170 lb feeders 15.00-25.00.  
Cattle: 2300; calves 250; strictly good to choice light weight fed steers 15.50; mostly medium to heavy 12.50-13.50; 15.15; 2 loads good heifers 15.10; medium to good cows 16.00-12.50; few medium to good sausage bulls with weight 12.75-13.50; good to choice vealers 13.50-15.50.  
Sheep: 6000; best held above 16.00; ewes steady; good to choice lots 8.25-9.00.

## FORT WORTH LIVESTOCK

FORT WORTH, Feb. 18 (AP)—Good and choice fed steers and yearlings sold 13.00-14.75; common and medium steers and yearlings ranged 10.00-13.00.  
Good fat cows brought 11.00-12.00; butcher cows 9.25-10.50.  
Good weighty bulls 12.00-50; common and medium offered 9.00-11.50.  
Good and choice fat calves earned 12.25-14.25; with common and medium butcher calves 10.00-13.00.  
Stocker steer calves 14.50 down; stocker heifers 14.00 down; common and medium stocker calves 9.00-14.00.  
Good and choice 190-300 lb butcher hogs brought 14.25; good and choice 160-185 lb 13.65-14.44. Packing sows were steady at 13.75-14.00.  
Fat lambs mostly 25c higher with medium, good and a few choice offerings at 14.25-75. Slaughter ewes and feeders lamb 14.00 down.

## OKLAHOMA CITY LIVESTOCK

OKLAHOMA CITY, Feb. 18 (AP)—(U. S. Dept. Agr.)—Cattle: 1500; calves 300; most common and medium short-fed 12.25-13.25; most beef 12.25-13.25; part load good yearlings 13.50; vealer top 15.00; odd lots slaughter 14.00-15.00.  
Hogs: 2500; few sales to small killers up to 14.50; packers paying 14.80 down; sows 12 lower 14.00 down.  
Sheep: 600; lambs steady, top 15.00; most good and choice lots 14.75-15.00; medium and odd sorts 13.50-14.50.

## CHICAGO GRAIN

CHICAGO, Feb. 18 (AP)—An early upturn in wheat was lost today when a moderate amount of selling from houses with elevator connections entered the market. The selling was believed to have come from the southwest and to represent hedging.  
Other grains were up early, with rice moving to new seasonal highs, but weakened later with the bread cereal. Although all corn contracts were at ceilings for most of the session, the May contract eased fractionally below its maximum on several occasions.  
At the close wheat was down 3/4%, May \$1.41 1/2, July \$1.41 1/2, corn was unchanged 9 1/4%, "old timer" 3/4%, the dropped 3/4% and May soybeans closed 1/2 above yesterday's final bid quotations.

## CHICAGO PRODUCE

CHICAGO, Feb. 18 (AP)—(U. S. Dept. Agr.)—Potatoes: market slightly stronger; Idaho Russet Burbank US No. 1, 3.75-5; Nebraska Bliss Triumphs US No. 1, 2.45; North Dakota Cobblers Commercial 2.65; Wisconsin Chippewas US No. 1, 2.30. Florida Beans: Cratie Bliss Triumphs No. 1, 2.60-65 per crate.

## CHICAGO GRAIN TABLE

May	High	Low	Close
Wheat	1.42 1/2	1.41 1/2	1.41 1/2
July	1.42 1/2	1.41 1/2	1.41 1/2
Sept.	1.42 1/2	1.41 1/2	1.41 1/2

## Anti-Submarine Work Is Extended

WASHINGTON, Feb. 19 (AP)—The anti-submarine command of the air forces, set up originally to take over coastal patrol duties, now has extended its operations over the entire Atlantic ocean, Secretary of War Stimson said today.

### Babson Reports Need for Greater Civilian Effort in Global War

Special To The NEWS  
**BABSON PARK, Mass., Feb. 19**—In this global war we in America are fighting for the non-essential and inefficient businesses as much as we are striving to build up businesses essential to the war effort. We want to continue certain of our recreations, our rights of free speech and other factors which make up our American way of living. However, temporarily, we must now be prepared to give up many things which we have long felt constitute our inalienable rights.

**Net War Minded**  
 I venture to say that by far the bulk of our people still do not realize we are at war. People are either having one last fling or are totally unconscious of what is going on in the world. Many people justify their usual way of living today by saying that it is what the boys in the armed services expect. They say that the country clubs, amusement places and general hilarious way of living must be kept going for the boys to enjoy when they are on leave or when they return after finishing their job.

I do not begrudge anyone a good time. Moreover, I do not believe that good times can be or should be legislated out of our lives. Whatever we can do and enjoy without effect upon the war effort should be continued as a part of the familiar American scene. But 1943 should be our readjustment year. It may be our hardest year of the war or it may be just a preliminary to a harder one to come. At any rate, some real sacrifices are now in order to back up to the fullest extent our armed forces.

**Easy Days To De-Te**  
 If every civilian were to ask himself, "What have I done to help the war effort?" perhaps only one-third of them would be able to state a clear case. Many of these are registered for enlistment, while over 60,000 parents have had a boy killed, wounded or captured. Certainly, these have contributed their share. Millions of people are actually engaged in war work and even though highly paid they feel, and rightly so, that they are doing their part. Many millions more have bought War bonds which, while commend-

able, is only a passive form of contribution.

The only way the majority of us have felt the war is through a slight readjustment in our normal way of living. This has resulted from rationing, restrictions, priorities, lack of residential building, limited use of automobiles and the cumulative effect of wartime upon our nervous systems. The rank and file of our people have continued their lives in accustomed ruts. They feel that things are getting better and leave the worrying to the military.

**The War in Russia**  
 For some weeks now we have been informed of much territory regained by Stalin's great armies, told of the booty captured from the Germans, of hundreds of German fighters and transport planes being shot down. Russia is certainly waging some real offensive attacks, but her success to date does not necessarily mean Germany is all through on the eastern front.

The line of battle in Russia is a series of spearheads. A great attempt is being made by Russia to turn the German flanks. From a military point of view, the territory now taken in middle Russia is of relatively small importance. Only when the main German strongholds are evacuated can the flanks be turned and the territory between collapse into the hands of the Russians. Smolensk and Rostov must both be retaken before we can get a clear picture, but the fall of Rostov may be the beginning of the end.

**Labor Requirements Urgent**  
 The situation in Russia and in Africa and the preparation for a continental offensive require supplies from this country almost beyond comprehension. Losses through U-boat action are still bad. Until we have adequate surpluses of munitions and food there will be continual need of more and more employment and rationing for purely military purposes. How suddenly new regulations governing civilian purchases can be enforced is seen by the recent restrictions on shoe purchases.

The importance of employment is seen by the civilian selective service act. Under this bill, all men 18 to 65 and women 18 to 50 would have a legal obligation to directly aid the war effort by non-combatant work at home. We can no longer rely upon volunteer hit and miss methods of recruiting productive manpower. At least half our population must be engaged in active fighting and in producing the wherewithal to fight and to eat. This means the recruiting of some 55,000,000 individuals. How this will affect business is something to ponder. Businessmen and investors should realize this in their plans for 1943.

**Livestock Reaches Record Numbers**  
 WASHINGTON, Feb. 19 (AP)—Sharp increases in hogs and cattle brought the number of livestock on farms on January 1 to a new record level and to the highest value in history, the Agriculture department said today in its annual livestock inventory report.

In terms of animal units, the number was 5 per cent larger than a year ago and 11 per cent above the 10-year (1932-41) average. Accompanying the increases in hogs and cattle was a decline in sheep, horses and mules.

### Ban on Liquor Near Camps Loses

AUSTIN, Feb. 19 (AP)—The question of prohibiting liquor sales in areas adjacent to military establishments flared briefly in the house Thursday with opponents winning a preliminary round.

Rejected was a motion of Rep. Tom Deen of Florida to refer from the liquor regulation committee to the military affairs committee his bill prohibiting sale of whiskey, wine and beer within a 10-mile radius of military camps.

### Winchell Placed On Inactive Duty

WASHINGTON, Feb. 19 (AP)—Secretary of the Navy Knox has informed the House Naval committee that he had ordered Walter Winchell, newspaper columnist and radio commentator and a lieutenant commander in the naval reserve, placed on inactive duty.

Beyond the bare announcement, there was no explanation, but Rep. Hoffman (R-Mich.) recently charged Winchell on the house floor with making "inflammatory" and derogatory remarks about members of congress in his radio broadcasts.

### Oil Industry Is Flayed by Sinclair

HOUSTON, Feb. 19 (AP)—Harty F. Sinclair, president of the Consolidated Oil corporation, criticized the oil industry this week for what he termed its failure to proceed more rapidly with the joint use of facilities and release of unneeded manpower.

Sinclair said that for months industry committees have been talking about pooling facilities, joint use of bulk stations, closing of service stations and elimination of unnecessary truck hauling, but that little had been done.

### Relief for Oil Producers Seen

FORT WORTH, Feb. 19 (AP)—Prospect of relief for West Texas oil producers beset with low per well allowances and few producing days is expected with the completion of the "big inch" pipeline to the Atlantic seaboard. This indication was given at the statewide production hearing here Thursday before the Texas railroad commission.

Under questioning by members of the commission, J. A. Neath, vice president of the Humble Oil and Refining company, said that with completion of the big line to the Atlantic coast, it was planned to erect storage facilities along the line to enable west Texas sour crude to be batched in the line along with sweet crude oil from Texas and other states.

H. P. Nichols, of Tyler, protested the granting of the whole 50,000 barrels daily increase in the state's demand certification by the P.A.W. to the Gulf coast and asked that the allowable of the east Texas field be increased.

Amon Carter, Fort Worth, told the commission that West Texas always had been the "orphan child of the oil industry" and protested any action by a governmental agency would grant any Texas oil province an increase of 50,000 barrels daily while West Texas permits basin received a reduction of 18,000 barrels daily.

### Circuit Court Will Get Full Number

NEW ORLEANS, Feb. 19 (AP)—Nomination by President Roosevelt of former Governor James V. Allred of Texas and Curtis L. Wall of Florida to the Fifth United States Circuit Court of Appeals here, confirmed by the senate, gives the court its full membership of six.

One of the vacancies was caused by the recent death of Senior Judge Rufus E. Foster of Louisiana. The other position is a new one created by congress.

### Hospital Is Sued Over Baby Mixup

LOS ANGELES, Feb. 19 (AP)—"It's a boy," Mrs. Ann Irene Pelle says she was told after giving birth to a baby last Jan. 16.

But three days later she was informed there had been a mistake, that she had actually given birth to a girl, she alleged in a suit today for \$110,000 damages as a result of the alleged mix-up. The Methodist hospital, Dr. C. P. Cosgrove and several unidentified hospital attaches were named as defendants.

### Evangelism School To Open at Berger

A School of Evangelism will be in progress at the Berger Methodist church, beginning Monday, February 22 and continuing through Thursday, February 25. In this school will be some of the outstanding leaders of Evangelism in the Methodist church. There will be a large number of preachers and laymen from various parts of the Panhandle attending this school.

On Monday, Tuesday and Wednesday nights, it is planned to have perceiving services at the Harrah Methodist church. The speakers will be men who are attending the school at Berger.

### Only Mothers Can Embrace Sailors

NORMAN, Okla., Feb. 19 (AP)—This general order is posted at the Norman Naval training station: "Holding hands, hugging and other displays of affection are proper only when a lady admits she is the sailor's mother."

### Church of Brethren To Hear Rev. Fink

Rev. R. W. Fink, associate pastor of the First Christian church will preach at eleven o'clock on Sunday morning at the Church of the Brethren, Rev. Russell C. West, pastor, is out of the state attending a seven-day church conference.

If people around the country knew about things that go on in their capital, you can bet your last dollar they wouldn't stand for it.—Prof. Alvan Oederkirk, who quit OPA to go back to Iowa State.

**THE OLD JUDGE SAYS...**

"You can't imagine, Judge, how much comfort Louise and I got out of reading that report by the Office of War Information on drinking habits in and around Army camps. If you hadn't loaned us your copy we'd still be worrying about our Jim... all because of those silly rumors goin' around."

"I'm mighty glad to hear that, John. As the report says, no Army in American history has been so orderly, so well-behaved, so well-trained. Why, even on pay-night, there's very little drinking done. I was particularly interested in that part which said the Army, with an eye to its own problem, usually prefers to have its camps in wet communities rather than dry communities because wet communities can be regulated... dry communities with their bootleggers can't. It's just more proof that prohibition does not prohibit."
