

### Today on the Home Front

By JAMES MARLOW and GEORGE ZIELKE  
 WASHINGTON, Jan. 28 (AP)—The "complete agreement" reached at Casablanca by President Roosevelt and Winston Churchill will touch every American home.  
 Their decisions on military matters will ultimately decide, too:  
 1. Whether the man of the house will be needed in the armed forces or in essential industrial or farm work.  
 2. How much food you'll get.  
 3. How warm you'll be next winter.  
 4. How much higher your taxes will go.  
 For on their decisions depends, in great measure, the length of the war—and, in turn, what it will cost in lives, money and discomforts.  
 One of the top considerations must have been manpower:  
 Shall the United States put its manpower into the largest possible armed forces?  
 Or shall the United States become even more the arsenal and granary of the United Nations, and use its manpower to increase output of armaments and food?  
 Senator Lodge (R-Mass.), a member of the military affairs committee which has been hearing from the army and navy about their expected needs, told reporters that by the end of this year the armed forces would total 10 to 11 million men.  
 And Chairman Reynolds (D-N.C.) of the committee said he "rather

imagined there may be some national service legislation" for work on the home front.  
 The army's announced goal still is around 7,500,000 enlisted men by the end of 1943. Current total is around 5,500,000. Under Secretary of War Patterson said the other day.  
 Numerous congressmen have declared that available manpower and womanpower must be balanced among the armed forces, essential industry and farming.  
 Some have estimated that industry will need 6,000,000 new workers this year. These estimates have brought discussion of a longer work-week.  
 Congressmen who want to limit the size of our armed forces ask what effect the army's manpower program and industry and farms would have on our aid to our Allies through lease-lend shipments of armaments and food.  
 The question is, they say:  
 How can America's manpower be put to the best possible use for the United Nation's cause?  
 Some answer to that question must have been sought at Casablanca. The decision reached there will have far-reaching effects on the home front.

### Rites for Former Roberts Judge Held At Miami Wednesday

Special to THE NEWS.—Funeral rites were held at the Methodist church Wednesday afternoon, for J. M. Smith, 79, resident of the Panhandle for 36 years, and a former county judge of Roberts county for 31 years.  
 Mr. Smith died at his home here Monday afternoon after an illness of several weeks. He leaves his widow, four sons and six grandchildren, and two great grandchildren.  
 Rev. Lee Stanford, pastor of the Miami Methodist church, and Rev. R. L. Campbell, minister of the Church of Christ at Pampa, officiated.

Mr. Smith came to the Panhandle from Arkansas at the same time as other prominent citizens from that state came to the Panhandle, namely, the late Dr. Archie Cole and Dr. G. N. Powell.  
 He located near Lakeon where he had extensive farming interests. In the year 1907, in 1914 he moved to Miami, and in 1924 he was elected county judge of Roberts county.  
 He was a former teacher and maintained active interests in the field of politics and education. He and Mrs. Smith celebrated their golden wedding anniversary February 10, 1939. He was an active church attendant and was a member of the Church of Christ.  
 He is survived by the widow, two sons, Leo R. and Roy, all of Miami, Doyle, another son, Houston; and the fourth son, Troy of Tyler, brothers, G. C. Casa, Ark. Al, Hobart, Okla., W. S., Margaret, six great grandchildren and two great-grandchildren.

Pallbearers were Tom and Bill O'Loughlin, George Philpott, Lee Newman, Joe F. Cuff, Audrey Wilkerson, Ollie Durivan, Clark Mathers, honorary pallbearers, M. M. Craig, Ernest Gordon, Jerry Ramsey, Logan Coffee, John Cantrell, John White, N. M. Maddox, John Philpott, C. F. Burnett, Harry Hardin, T. J. Barnett, W. L. Mathers of Amarillo.  
 Arrangements were by Duengel-Carmichael Funeral home.

BRITISH SHIP SUNK  
 WASHINGTON, Jan. 28 (AP)—A small British merchant vessel was torpedoed and sunk by an enemy submarine late in December in the south Atlantic off South America and survivors have been landed at Miami, the navy announced today.

### Tire Inventory Reports Needed By OPA Board

January 15 was the deadline for the tire dealers quarterly report on tire inventory but some Gray county dealers have not yet turned in these reports, the Gray County War Price and Rationing board office said today. In such cases, an immediate report is asked.  
 These reports are due on the fifteenth of the month following the end of the quarter. The January 15 report, for example, is for the quarter ending December 31, 1942.  
 After compiling the report, the form should be mailed to the office of price administration inventory unit, 46th floor, Empire State building, 350 Fifth avenue, New York.  
 Gray county tire dealers were also instructed by the board to have motorists give full information on question 5 of tire application forms. Question 5 concerns the use to which the automobile is put.  
 In this connection, they further admonished motorists to remember the periodic inspection of passenger automobiles, January 31 deadline for these inspections has been postponed in accordance with the table below, listing in order, type or ration, must have first inspection by, subsequent inspections, and minimum time between inspections, in days:  
 A. March 31, 1943, every six-month period, i. e., September 30, 1943, March 31, 1944, etc., 90.  
 B. February 28, 1943, every-four-month period, i. e., June 30, 1943, October 31, 1943, etc., 60.  
 C. or bulk, February 28, 1943, every three-month period, i. e., May 31, 1943, August 31, 1943, etc., 45.

### Miner to Speak To Bible Class

L. H. "Jack" Johnson and D. H. "Lock" Coffey will act as hosts to the Everyman's Bible class at a supper to be held in the dining room of the First Baptist church tonight at 7:30 o'clock. Guests of honor will be 25 cadets from the Pampa advanced flying school. Other special guests will be prospective members for the class which meets in the city club rooms at the Pampa city hall.  
 A varied musical program has been planned by Dock Coffey, social vice president of the organization, and Bob Westbrook, director of music for the Bible class. Among the musical numbers to be presented will be accordion selections by Miss Ernestine Holmes, talented Pampa musician, and vocal numbers by H. Paul Briggs, associate pastor and director of music of the First Baptist church. Mr. Briggs will sing "Friend of Mine" and "The Midship Mite."  
 The featured speaker of the evening will be H. W. Miner, Jr., director of religious education at the First Baptist church of Amarillo. Mr. Miner, formerly of Pampa, is recognized as one of the outstanding young religious workers in the south and west.  
 All members, former members and prospective members of the Everyman's class are cordially invited to attend the dinner.

### Knights of Pythias To Hold Open House

Open house for all Knights of Pythias, their wives, friends, and guests, will be held by Pampa Lodge 480 at 8 o'clock tonight at the castle hall, 109 1/2 S. Cavalier.  
 A bingo party will be the initial event.  
 Knights Fred Tinsley and Leo Tilley will furnish the music on the program. Tilley, Herman Dees, and J. C. Payne are in charge of arrangements for the open house, aided by the Pythian Sister Lodge.  
 Coffee and doughnuts will be served. A special invitation is given to any knight who is serving in the armed forces, whether stationed here in Pampa on furlough.

### American Bombers Meet Amateur Fighters During Raid on Germany

By GLADWIN BELL  
AT A UNITED STATES BOMBER BASE IN ENGLAND, Jan. 28 (P)—The first bombing of Germany by the United States army air forces reflects the growing strength of the American air arm in Britain and presages a continuing series of attacks against the heart of the dwindling Nazi empire.

The pilots, bombardiers and the rest of the crews participating in the raid by Flying Fortresses and Liberators assayed the results today with the declaration that they would do better and the German defenses did not do so well.

The unexpected weakness of anti-aircraft and fighter plane resistance over Wilhelmshaven indicates that the Germans have not enough first-class aerial talent to cover all vulnerable points, it was agreed here.

Sergeant C. E. Chezem, of Tulsa, Okla., a waist gunner of the "Go-pher," one of the Fortresses, said that the pilots of the German fighters which sought to intercept them appeared to be "just green—they attacked only the rear planes."

Men of another Fortress named "Carter and His Pills" said that the German fighter pilots "were just primary and basic training fellows, they didn't know which way to kick the rudder." Their Fortress, named for its pilot, Capt. J. W. Carter, of Lawton, Okla., has weathered 11 raids without a scratch.

Two German fighters attacked the plane yesterday simultaneously from each side, Engineer Sgt. S. A.

### MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backache quickly, once they discover the cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids out of the blood. They help most people pass about 3 pints a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pain, leg pain, loss of pep and energy, grinding up nights, swelling, puffiness under the eyes, headache, indigestion, nervousness or scanty passages with smarting and burning sometimes above there is something wrong with your kidneys.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Kirk of Lincoln, Ark., the left waist gunner, and Sgt. R. A. Livengood, of Butler, Pa., nalled them at the same time.

The crew of the "Carter" plane said it got at least two and the "Devil's Playmate" crew claimed two. The "Royal Flush" and the "Connecticut Yankee" each claimed three.

### General's Wife Works In Chicago Hospital

CHICAGO, Jan. 28 (P)—While Brig. Gen. William Hale Wilbur was earning the Congressional Medal of Honor, highest American decoration, in Africa, his wife was working the night shift in a laboratory, checking blood plasma to save the lives of her husband's comrades-in-arms.

Mrs. Wilbur, mother of two children, was at the Abbott Laboratories in North Chicago one night this week when she heard the news that her husband had been decorated personally by President Roosevelt in Casablanca.

"President Roosevelt in Africa? Why, this is marvelous, simply wonderful news," she exclaimed. "It is a great honor!"

At first she dodged questions about what she was doing, saying: "It's the general who's doing things. Wouldn't you rather talk about him, I'm just doing what I can do."

"I received a letter from my husband in Africa. He told of going through an American hospital and seeing 20 soldiers whose lives had been saved that very day by blood plasma.

"That was when I decided to go to work."

**HEALTH OF TROOPS IN AFRICA GOOD**

WASHINGTON, Jan. 28 (P)—Health of American troops in North Africa is excellent, Major General James C. MaGee said today, despite the prevalence of "almost every disease you can think of among the native population there."

The army surgeon general, just back from a flying inspection trip to North Africa, England, West Africa and South America, said the sick rate is little more than one per cent, though the troops have been through the worst rainy season North Africa has had in years.

World's smallest independent state, Vatican City, is about the size of an 18-hole golf course.

### Special Field Orders Issued

AUSTIN, Jan. 28 (P)—The railroad commission today released special orders affecting individual gas and oil fields in Texas.

They were:

Authorizing recompletion and conversion of General American Oil company's Thomas wells No. 13 in the G. W. Hooper survey, Upshur county, into a salt water injection well.

Permitting recompletion and conversion of the Rooth and Genecew Production company's No. McDavid well in the James Jordan survey, Smith county, into a salt water injection well.

Authorizing completion and use of East Texas Salt Water Disposal company's No. 1 Bryan W. Payne well in the W. P. Chism survey, Gregg county, as a salt water injection well.

Permitting recompletion and conversion of Olan Brothers' No. 7 W. R. Wolford well in the James

Jordan survey, Smith county, into a salt water injection well.

### Employment Office Open on Saturday

The recent regulation affecting federal employees whereby the work is increased to 48 hours now requires that all offices of the United States Employment Service be open on Saturday afternoons the same as any other work day according to Lonnie Hood, manager of the Pampa office of the United States Employment Service.

All operations of the offices usually carried on during any work day are to be maintained on Saturday afternoons for the benefit of employers and workers engaged in essential war industries.

Wyoming was the 44th state to join the Union.

### Golden Glove Tax Opposed in Bill

AUSTIN, Jan. 28 (P)—A bill exempting golden glove boxing tournaments as charitable affairs from state taxes and other state regulations has been expedited in the house of representatives.

Rep. Obel McAllister of Fort Worth obtained unanimous consent to refer the measure to the temporary committee on rules, instead of the committee on state affairs, which had not been named.

A WORD ABOUT BUYING ON THE SPUR OF THE MOMENT

Everyone knows that careful planning makes for better buying. Things bought on the spur of the moment often turn out to be mistakes. And this is especially true of clothes.

Clothes money has to do a special job these days. It's necessary to wartime morale for us to be well-dressed—for a feeling of confidence and well-being. At the same time, the clothes we buy should cost as little as possible. War Bonds are much more important. Wardrobes should be planned so that everything harmonizes with everything else, so that a few clothes will provide variety. The basis of every woman's wardrobe is a good coat. And a good coat must be bought with special thought. As always, we've planned our spring coat stock early so you can choose yours now, and pay for it in small weekly amounts. In that way you will have your coat when you need it, without a big all-at-once expenditure that might interfere with your regular purchases of War Bonds.

# Chicago Cubs May Rely Entirely on Right-Handed Pitchers This Year

## Derringer Is Purchased By N. L. Club

CHICAGO, Jan. 28 (AP)—The Chicago Cubs, who believe they have a chance to go places this season, may have taken a step in the right direction last night in acquiring Paul Derringer, veteran Cincinnati pitcher.

Certainly they had the right-handed pitcher—an entire starting staff as a result of the cash deal—and there was every indication that it would be strictly righthanders the club would rely on in their 1943 title bid.

## Army Call Will Cost Texas U.

AUSTIN, Jan. 28 (AP)—The University of Texas is expected to lose heavily of its athletes as a result of the army's decision to call up college reserves at the end of the first term.

Football letterman include Walton Roberts, Max Humbergardner, and Glen Morris, and Mac Charles Huff, squadman, with the following freshmen: Frank Guss, Loran Weems, John Cowan, Kenneth Baker, Ed Bacaak, F. G. Martin, Vernon Engel, Wayland Hill and Harold McFarlane.

The varsity basketball squad includes Lloyd Gregory and John Langdon who are in the army reserves.

Grady Hatton, captain of the baseball team, is another athlete due to go in the army reserve call.

## Pollution Laws Held Invalid

AUSTIN, Jan. 28 (AP)—The Court of Criminal Appeals Wednesday invalidated three articles of the penal code dealing with the pollution of fresh water streams.

The court declared articles 687, 688 and 689, all dealing with the offense of pollution but each provided a different penalty. Therefore the articles are so indefinite as to be inoperative, the tribunal ruled.

The opinion was given in reversing conviction and ordering prosecution against B. B. Stevenson of Smith county dismissed. Stevenson had questioned the sufficiency of the complaint and information. He had been fined \$300 in a lower court.

The articles involved defined various methods by which streams may be polluted by oil, well waste, salt water and other substances.

## Jap Antiaircraft Fire Fizzles Out

By WILLIAM M. HIPPLE  
IN A FLYING FORTRESS OVER NEW GEORGIA ISLAND, Jan. 24 (Delayed) (AP)—This four-engine weapon of destruction has just contributed another two sons of T. N. T. to the greatest all-out air offensive yet launched from the Solomon Islands against Japanese positions to the north.

It's dawn, and the enemy field at Munda is now a temporarily useless strip of ground, full of craters and denuded of air and surface defenses.

We cannot see any planes or activity on the ground. The one-heavy Munda anti-aircraft fire was laughable this morning. It's reduced to a scarecrow half dozen guns, widely aimed and wildly shot.

Our heavy bombs hit the runway, dispersal areas and quarters to the east of the field. There were great columns of white smoke as the bombs hit but no flames. It seems there's just nothing left to burn at Munda.

To the north—15 miles away on the southern tip of Kolombangara Island in the New Georgia group—we can see plainly that fires are burning on the Jap airfield and other positions at Vila.

A few hours ago a strong force of U. S. navy surface vessels made an audacious moonlight attack on the enemy airfield, a recent installation. These high-blasting flames are the result of the pulverizing shell-fire the warships poured into Vila.

(The sea and air attacks on Kolombangara and Munda here described first hand were previously reported by the navy Jan. 25 in a communique which said that "fires from explosions from fuel dumps indicated that the enemy held area was completely burned out.")

## Hike in Pension Money Urged

AUSTIN, Jan. 28 (AP)—A \$1,154,000 increase in old age assistance expenditures is authorized in a bill which headed toward house of representatives consideration today.

Approved by the appropriations committee, the measure would avert a \$3 horizontal reduction in each pension check beginning in March, sponsors said.

Appearing before the committee Director J. S. Murchison of the public welfare department testified that the appropriation, which will supplement a current authorized expenditure of \$1,750,000 monthly, would result in full assistance payments for a period of about four months.

Murchison said appropriation of the \$1,154,000 would bring about full payment of certified amounts to recipients. He revealed that 145 per cent or 25,500 now are eligible for a \$30 payment but receive only \$29 because of the horizontal reduction.

## Allie Stolz Is Thinking Type Of Pugilist

NEW YORK, Jan. 28 (AP)—It is neither polite nor true to say Allie Stolz is a mental case, because everyone knows Allie can read and write and operate his mental machinery with the rest of 'em.

As a matter of fact, Willie Pep, with whom Allie collides in Madison Square Garden tomorrow night, admits that the one thing he's a little leery about is that Allie is "one of those smart fellas, and I'd rather fight a slugger who doesn't know too much than one of those smart guys."

But it is obvious that as Stolz nears his punch party with the New York version of the world featherweight champion tomorrow night, the wise guys want to know much more about what he says and does—more than in just what condition he is in.

For there's no doubt, the curly-haired Newark stylist is one of those "think" fighters whose performances in the ring depend on just how they feel "inside their heads" on any given evening. Jack Sharkey was one; so was Max Baer, and going back a piece, Ruby Goldstein and a lot of others.

## San Francisco's Heroic Battle Described Here

Vivid details of the valiant battle which the U. S. cruiser San Francisco waged and won against larger Jap naval forces near the Solomon Islands last November were told to the Pampa Rotary club yesterday noon by Seaman Glenn Cruise of the San Francisco, son of Mr. and Mrs. Everett M. Cruise, 1014 Denver.

Seaman Cruise, who is only 17 years old and was a member of the Rotary club Scout troop before joining the navy several months ago, revealed that the enemy warships were only 2,000 yards away during the battle.

"The Japs are good fighters," he said, adding, however, that the San Francisco accounted for eight warships during the historic engagement.

While the cruiser is in San Francisco being repaired Glenn is in Pampa on a short leave visiting his parents.

"I'm ready to put to sea again and have another crack at the Japs," he said.

The program opened with two musical numbers by Miss Evelyn Thoma, violinist, junior high teacher, accompanied by Miss Marian Reichling, pianist, teacher at the Horace Mann school.

James Glasscock, city editor of The News who recently returned from West Africa where he was a junior airport manager for Pan American Airways - Africa, Ltd., spoke briefly on development of the airline and the part it has played in carrying warplanes and supplies to the fighting fronts.

## Ration Coupon Banking Begins

NEW YORK, Jan. 28 (AP)—A new type of bank account—with deposit slips and checks, but using ration coupons instead of money—was opened in banks throughout the United States this week by thousands of food and gasoline distributors.

These ration bank accounts take up "where the public's transactions leave off, that is, after consumers have surrendered their ration currency to merchants and other distributors," E. S. Ferguson, regional OPA rationing executive, explained.

## Only One of Louis' Boxers Wins Fight

KANSAS CITY, Jan. 28 (AP)—Boxing Teacher Joe Louis insists he's proud of his Fort Riley army pupils, although they won only one of eight bouts last night.

Sergeant Louis was in the corner with each of his fighters, and the series of defeats didn't appear to embarrass the world's heavyweight champion in the least.

He did seem a bit more cheerful, though, when Fort Riley's Joe Prodosky, 160, drew a terrific right from the depths of his weariness and floored Ray Spurlock for the count in the third round.

## McAllen Will Stage Grid Game in April

MCCALLEN, Jan. 28 (AP)—Football in April! It will be played here by the seniors of the 1942 McAllen high school squad and the 1943 eligibles.

Admission will be by war bonds or stamps—and they have to be purchased at the ticket window.

## Ortiz Keeps His Bantam Crown

SAN FRANCISCO, Jan. 28 (AP)—Manuel Ortiz of El Centro, Calif., successfully defended his world's bantamweight championship last night scoring a technical knockout over George Freitas of San Jose after the tenth round of a scheduled 15-rounder.

Freitas suffered a badly cut right eye and the bout was awarded the champion after they had finished the tenth.

## Louis Says Ray Faces Hard Fight

NEW YORK, Jan. 28 (AP)—Heavyweight Champion Joe Louis phoned Promoter Mike Jacobs from Fort Riley, Kas., yesterday, to tell Mike he'd just heard the announcement of the February 19 Madison Square Garden match between his pal Ray Robinson and California Jackie Wilson.

"And don't let anybody kid you about Robinson having an easy time that night," he informed Mike. "Ray's won 44 fights in a row up to now, and Wilson will be the toughest of 'em all."

## Plans to Continue Grid Games Aired

FORT WORTH, Jan. 28 (AP)—Despite wartime difficulties, the athletic committee of the Texas Association of School Administrators will seek means to carry on inter-school football games, members decided at a meeting yesterday.

"It must be remembered that carrying out an expanded program of physical fitness, which is part of the victory corps program adopted by the nation's schools, will require funds," said H. D. Fillers of Wichita Falls, chairman of the committee.

"The admissions paid by the public to football games between high school teams are the only source of funds for carrying on the program."

## Service Teams May Take Over

CHICAGO, Jan. 28 (AP)—"If the war lasts another year, this date in 1944 will see the major leagues in all sports composed of service teams," predicts Lieut. Jim McMullen.

McMullen, a former college and pro grid star, professional wrestler, vice-president of the Chicago Bears and now athletic officer at Chicago's navy pier, added:

"By this time next year, college and professional rosters will have been depleted to such an extent that I see no likelihood of those teams being able to operate."

SERIAL STORY 'I AM A MURDERER'

BY MORRIS MARKEY

CAUSE FOR VENGEANCE CHAPTER XXII ON the fifth day, when it seemed likely that the next procedure would be to move calmly down to the Settlement and begin certain arrangements with the Land Office, Norman Tinker had a suggestion. He had spent many hours off by himself, walking along the water upstream and now he had this to say: "I have an idea, John, that we had better find out what lies up the river. We're going to have the problem of bringing machinery in—and maybe we can barge up the stream. I'd like for you to take one of the canoes and go as far as you can, and make some sketch maps—you're so much better at that sort of thing than I am."

the canoe, sending it down stream. The boy ran into the woods. Norman Tinker hesitated for a moment. He almost started after the boy. Then he looked at the canoe, and looked at another canoe, pulled up on the sandy little beach. He rushed toward it, and fought it into the water, and swung the paddle fiercely until he was in midstream. The boy struck away through the woods. He reached the Settlement three days later. A few men were there, sitting along the jetty with their fishing lines in the water. They told him that a canoe had come in—one canoe. It was a long, brown canoe, paddled by a tired-looking man who had, of all absurd things, a baby wrapped in blankets in the bows. No woman at all. The man had got hold of the only automobile round about, and gone off. Whereupon the boy, from exhaustion and from hunger and from fear, fell into delicious rics. A woman took him in and nursed him and listened to his muttered raving. She almost believed him, and said to her dubious husband, "Well, tell me what a tike like that is doing, wandering around the big woods, all by himself? There must be some reason for it." The husband shook his head. If he had learned one lesson in his life, he told her, it was to keep hands off other folks' doings, especially if the other folks seemed to be in trouble. "I never trouble trouble," he intoned gravely, "till trouble troubles me." But then he said, "I'll tell Sheriff Raven whenever I see him next." But Sheriff Raven did not get around to the Settlement very often. The country was as big as many a state. There was no telephone in the Settlement, and no automobile save the one the Norman Tinker had hired to take him away. People who had horses had work of their own to do. Then the man who owned the automobile came back. He came back very drunk, because he had come upon unexpected money. He fought with two men, and was hurt quite badly, so that he did not feel like driving for a while. But he did tell the boy, when both he and the boy were somewhat recovered, that Norman Tinker had taken the baby to Spokane, and had said something or another about a train down California way. The boy started out to walk to California. (To Be Continued)

Story Of Naval Battles Is Told

DALLAS, Jan. 28 (AP)—The story of almost 10 months contact with Japanese combat ships in the Pacific battle area was related here by Lt. L. S. Eubanks, young submarine officer, in Dallas on leave. Formerly of McKinney, Tex., and a graduate of Annapolis, the lieutenant told of several narrow escapes. "In one action, after we had fired our torpedoes, we were attacked with depth charges," he said. "We hit the bottom three times and finally got stuck underwater on the side of a cliff. We couldn't get out without giving ourselves away so we stayed under until night. When we came up the Japs were on the beach looking for survivors. We got away quick without being detected. "The Japs claimed we had been sunk and our own navy checked us off the list as lost. "That was a bad situation, but another was lots worse. Bombs from Japanese planes falling while we were submerged caused such damage that we lost control of the boat. Then patrol boats began dropping more depth charges and we bounced up and down under the water, unable to do anything. "While we were playing acey-deucey in the ward room, one of the mess boys came in asking for a flashlight. He said it was smoky and he couldn't see without a light. We found that the ship was on fire. We isolated the burning compartments and the patrol boats finally left. We surfaced at night, made emergency repairs and were able to get back to base."

WAACs Will Enroll In Army Staff School

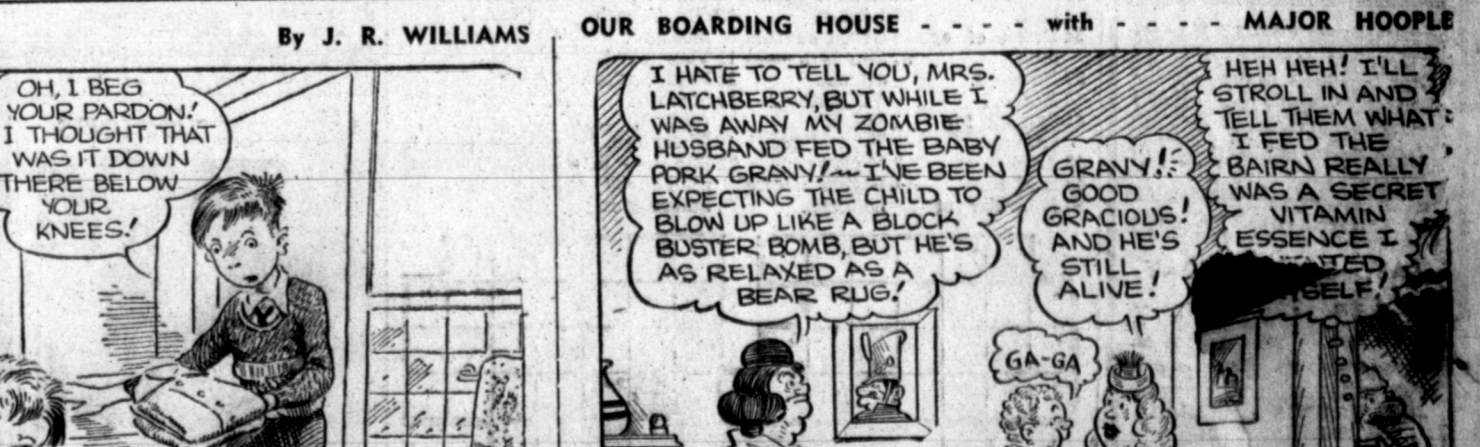

PORT DES MOINES, Ia., Jan. 28 (AP)—First Officer Mollie E. Christian of Rotan, Tex., and Second Officer Mattie Evelyn Treadwell of Uvalde, Tex., will be among 16 Women's Army Auxiliary Corps officers to pioneer in military history when they enroll at the command and general staff school of the U. S. army at Fort Leavenworth, Kan., Feb. 8. First Officer Christian is a graduate of Hardin-Simmons university at Abilene, Tex., and taught English and speech at Rotan grammar school before her marriage to Capt. G. L. Christian, now in the Pacific with the U. S. army engineer corps. Second Officer Treadwell was valedictorian of her class at the University of Texas. She did personnel research with the civil service commission in Washington before enrolling in the WAAC. She once taught at the Port Arthur, Tex., junior high school.

Editor Eulogized At Last Rites

BEAUMONT, Jan. 28 (AP)—Alfred Jones, editor-in-chief of the Beaumont Enterprise and the Journal, who died Monday, was eulogized at his funeral services Tuesday as a true humanitarian. The eulogy was pronounced by the Rev. David Worth Roberts, pastor of Westminster Presbyterian church, where the services were conducted.

Prominent Texans from all sections of the state sent messages of condolence and regret. Long-time members of the two newspaper staffs acted as pallbearers.

BOMBAY, Jan. 28 (AP)—About 200 persons were arrested in various parts of India yesterday in incidents growing out of the celebration of India Independence day by members of the All-India congress.

Brinkley Case Finally Ends

LITTLE ROCK, Ark., Jan. 28 (AP)—Criminal charges growing out of the late Dr. John R. Brinkley's hospital business here were settled in U. S. district court this week when his widow and a former chief assistant paid fines of \$5,000 each and with four other persons were placed on probation for three years for using the mails to defraud. Dr. H. Dwight Osborne, who operated the hospital established here by the famous gland specialist after Brinkley moved to Del Rio, Tex., pleaded guilty to the mail fraud charge. Mrs. Brinkley, Dr. J. H. Davis, Dr. O. B. Chandler, Dr. A. Lewis Kilne and Chief Nurse Vera Wederbrook pleaded nolo contendere (no defense). District Judge T. C. Trimble said Dr. Brinkley, who died last year shortly before he was to face trial here, was "the principal offender in this matter," but added that "the doctors who were working for him were violating the law and Mrs. Brinkley was a partner with her husband." The court dismissed a second mail fraud indictment against the group and perjury indictments against Davis, Chandler, Kilne and Miss Wederbrook.

Nazis to Mobilize Boys from 15 to 19

BERN, Switzerland, Jan. 28 (AP)—The Berlin correspondent of the Italian newspaper Corriere Della Sera at Milan reported today that Nazi authorities will mobilize all boys from 15 to 19 years old. The correspondent said the boys will be assigned tasks of secondary importance to release older soldiers for combat service. Finland has a national debt of less than \$25 per head of the population.

Market Briefs. NEW YORK, Jan. 27 (AP)—Stock prices turned downward today in the wake of announcement of the major Allied war conference in French North Africa. Profit cashing on recent advances accounted for much of the selling in the face of the dramatic news, brokers said, while there was disappointment over the lack of more immediate and tangible results from the Casablanca meeting. Shares which ran into fairly heavy going most of the day included American Telephone, U. S. Steel, Bethlehem, General Motors, Chrysler, Goodyear, Westinghouse, General Electric, Sears Roebuck, J. I. Case, Oliver Farm, Du Pont, American Smelting, Allied Chemical, Santa Fe and Standard Oil (NJ).

Army To Call Its Reservists. WASHINGTON, Jan. 28 (AP)—Most of the army's enlisted reservists in the nation's colleges soon will be called to active duty. The War department, in making that announcement, said the dates on which the students would be inducted will vary. Orders were sent Saturday to the commanding generals of the nine service commands reminding them that under the specialized training program, announced Dec. 17, the reservists would be ordered up at the end of the first college term after Dec. 31, 1942. This means, department officials said, that induction dates will depend upon whether a college has a six-month term, a four-month or a quarterly semester. The induction will be keyed to the program for giving specialized training at a number of colleges to about 150,000 soldiers annually. Each reservist after induction must complete 13 weeks of basic army training before he will be eligible for reassignment to a college for further instruction. Not all of the reservists, however, will necessarily be sent back to college for this training. Maj. Gen. Sherman Miles of the first service command, said in Boston yesterday that exceptions to the

Chinese Eagerly Await Supplies. WASHINGTON, Jan. 28 (AP)—The Chinese have pretty definite ideas of how to use the "full measure of help" promised by President Roosevelt after his unprecedented conference with Prime Minister Churchill in North Africa. It cannot arrive too soon to suit them. The promise of increased aid to China comes as a vindication of the predictions of Chinese leaders of all political complexions. Here's how it looks from China and the Pacific theater: Entrenched in Asia from Manchuria to Burma, Japan now operates as a continental power. She must be overcome by continental offensives. When Prime Minister Churchill described the North African campaign as exposing the "soft underbelly of Axis Europe," the Chinese lost no time in reviving their old contention that the development and use of Chinese bases by the United Nations would lay equally bare the armored torso of the Japanese empire. Fortunately, Japan does not occupy the entire Chinese coast, and long stretches of it are in the possession of Chinese guerrilla troops in the provinces of Kiangsu, Fukian, and Kuangtung. These coastal areas, though subject to Japanese naval blockade, are potential bases for air and sea attack against Japan. "Give us the weapons," the Chinese have long pleaded, "and with our millions of men and years of experience fighting the Japanese we will drive them into the sea." To the Chinese, that "full measure of help" will mean first of all the receipt of the Burma supply road over which such help must come into China unless it is to be borne in on the greatest air transport fleet man has ever dreamed of.

This is how your paycheck may be chopped up under Treasury proposal to call off Victory Tax and substitute a 25 per cent deduction to put income tax payments on a pay-as-you-go basis. By deduction this deduction and other taxes, contributions and war bond purchases are taken out of a paycheck in the lower income brackets, only about 57 per cent is left. But your dollar buys about 15 per cent less than in normal times because of higher cost of living, leaving 42 per cent for spending. (Withholding tax would actually be only 22 to 24 per cent of total income because it would be on 'income over \$12 weekly or \$624 annually.)

Paratroopers Land in Washington To Aid Morale--They Do Fine

By KENNETH L. DIXON. WASHINGTON, Jan. 28 (AP)—It isn't exactly clear who is entertaining whom, but the paratroopers have landed and the situation is well in hand. Headed by Capt. William E. Hornby, four officers and 40 men of the 50th parachute infantry of Fort Bragg, N. C., hit town Sunday, saying they heard Washington

Use of Substitute Anti-Freeze Opposed

WASHINGTON, Jan. 27 (AP)—The office of price administration today had joined the war production board in discouraging the use of substitute automobile anti-freeze made out of kerosene, naphtha and certain types of salt solutions, because of possible damage to motors. Last week, WPB banned further production of these types of anti-freeze. Today, OPA reduced drastically the ceiling prices on such anti-freezes which had been made before the WPB order, and also required sellers to label their products with warnings to motorists about the possible damage from overheating, deterioration, and corrosion.

'Touch of Texas' Pays off Marcy

HOLLYWOOD, Jan. 28 (AP)—A "touch of Texas" was worth \$250 weekly to Marcy Maguire, 17. Marcy is from Chicago, but it was her torch-singing of "A Touch of Texas" in a recent movie that impressed producer Tim Whelan, and yesterday her seven-year RKO studio contract was signed.

2,000,000-Man Navy Seen by December. WASHINGTON, Jan. 28 (AP)—Senator Chandler (D-Ky.) said today that the navy had informed the senate military committee of plans to have a strength of 2,220,000 by December, 1943, which would make the nation's armed forces total 10,430,000 by the end of this year. Chandler told reporters of the figures upon leaving a committee meeting where Rear Admiral Randall Jacobs, chief of naval personnel, discussed navy plans. Yesterday the committee heard army proposals for a force of 8,200,000 officers and men by 1944.
