

PANTELLERIA PUNISHED AGAIN

Ramirez Assumes Control in Argentina

Rawson Quits In Cabinet Dispute

BUENOS AIRES, June 7.—(AP)—Gen. Arturo Rawson resigned as head of Argentina's new government today and charged Gen. Pedro Ramirez with organizing a new regime after the two revolutionary leaders had failed to agree on the constitution of a cabinet.

Gen. Pedro Ramirez (center) became head of the Argentine government today when Gen. Arturo Rawson (left of Ramirez) resigned. They are shown addressing a crowd beneath the government house balcony at Buenos Aires after the coup d'etat which unseated President Ramon Castillo. This photo was radioed from Buenos Aires to New York. (NEA Radio-Telephoto.)

Gen. Dominguez Martinez resigned as foreign minister in a continuation of the reshuffling of the provisional government cabinet.

Private reports reaching Montevideo said that Minister of Finance Jose Marie Rosa and Minister of Public Education Horacio Calderon also resigned.

The censorship in Buenos Aires was said to have been made strict.

Rawson, who ousted President Ramon S. Castillo in a coup d'etat last Friday, was to have been sworn in as president at noon today.

In a brief communique, he announced that "the impossibility of reaching an agreement on the constitution of a new cabinet" had compelled him to resign "as leader of the revolutionary forces and chief of the provisional government."

At the same time Ramirez, minister of war under Castillo and slated to hold the same post under Rawson, issued a statement advising the people and the armed forces that he had assumed the powers abandoned by Rawson.

He also announced postponement of today's scheduled swearing-in ceremonies for which a national holiday had been decreed. There was no indication as to when the Ramirez administration might be sworn in.

Rawson's communique was addressed to the national armed forces and said: "Having fulfilled the aim to overthrow the government and being unable to reach an agreement on the constitution of the cabinet, I deliver to Gen. Pedro Ramirez my indeclinable resignation from the position as chief of the provisional government, for which I was scheduled to swear oath today."

Ramirez addressed the armed forces and the people in a communique which said: "On this date take charge of the provisional government and command of the national armed forces."

The rapid change in Argentina's confusing political situation followed by only a few hours the issuance See RAWSON, Pg. 6

Small Grocery Stores Fight OPA Orders

WASHINGTON, June 7.—(AP)—Spokesmen for retail grocers told the house small business committee today that thousands of them would be forced out of business unless OPA price regulations were changed.

First of a group of witnesses here for three days of hearings on the grocers' complaints, P. M. Brinker of Dallas, president of the National Association of Retail Grocers, said OPA price-margin rulings were so impractical as to lead to a suspicion they were drawn by someone whose "experience in the food line has been with his feet under a table, pulling the meat off a chicken leg."

"Small business is everywhere on the defensive, fighting a desperate, rear-guard action for survival," Brinker said.

Brinker recommended that all food controls be placed under one head and prices be set at the producers' levels, with markups in the retail and wholesale fields to be added.

W. D. Haderer, secretary of the California Retail Grocers and Merchants association, San Francisco, told the committee that present pricing plans do not allow margins sufficient to permit retailers to stay in business.

Haderer filed an exhibit showing that on one popular brand of breakfast food, the lowest possible purchase price to the retailer was \$2.04 per case of 24 packages, with a price ceiling of eight cents per package, entailing a loss of 12 cents a case.

Another OPA regulation he attacked was that classifying stores according to size and business volume and price ceilings based on the class of store.

The effect of the regulation, he said, was to give the public the impression that class One and Two stores charged much higher prices than classes Three and Four.

Haderer recommended abolition of OPA controls, reduction of the number of reports required from business, and dismissal from OPA of "all persons who wish to inject their theoretical plans for the form of business."

Blue G, H, J, Food Stamps Expire Tonight

Blue stamps G, H, and J, in Ration Book 2, used for canned and frozen fruits and vegetables, expire at midnight today, leaving K, L, and M valid through July 7.

Red stamps J, K, and L, good for meat, cheese, etc., will be valid through June. M becomes valid next Sunday.

Spain Invasion By Either Side Speculated On

STOCKHOLM, June 7.—(AP)—Dispatches from Berlin and Rome today said Axis leaders were expressing fears that the Allies may strike a hard invasion blow through Spain.

Rome dispatches said the Italian press had warned that the Allies may strike through Spain, still weak from the blood letting of the long civil war.

Spain would provide either belligerent with good air bases. For the Allies, observers said, it would be an ideal bridgehead from which to furnish aerial cover for landing operations in western or southern France.

Berlin dispatches said German leaders were looking anxiously toward Spain but the Nazis were quoted as saying Franco was prepared for any eventuality.

After the Hitler and Mussolini conference April 12, there was considerable speculation that Spain might figure in Axis plans to buttress Europe, were north Africa lost.

While Italy was steadily being bombed into impotence, Spain looked ever more important if the Axis hoped to continue aerial blows to Mediterranean shipping.

Franco's recent appeal for restriction of bombing was interpreted here as a plea not only for Germany and Italy, but for Spain itself, to continue a month, a peace feeler from the Spanish leader.

P-38 Rams House, Kills Pilot, Woman

HOLLYWOOD, June 7.—(AP)—A housewife and an army pilot were killed, one home was destroyed and other houses were damaged when a P-38 fighter plane crashed in a north Hollywood residential district.

The woman was identified last night as Mrs. Margaret Baker, 45, whose dwelling was razed by fire after the plane, falling to pull out of a dive, plunged into the garage adjoining her home yesterday. Army authorities said the pilot's name would be withheld until relatives are notified.

Arms Production Up 7 Per Cent

WASHINGTON, June 7.—(AP)—Arms production in April jumped 7 per cent over March, Chairman Donald M. Nelson of the war production board reported today, with all major categories of munitions showing gains and the total increase "something more than can be expected as an average at this stage of the program."

U. S. Airmen In England Reinforced

LONDON, June 7.—(AP)—The eighth U. S. Army Air Force was expanded today by the arrival of another large contingent of airmen and equipment, and already-feverish invasion speculation was heightened by Prime Minister Churchill's continuing round of conferences believed to bear directly on the Washington strategy meeting and his visit to North Africa.

For military reasons the strength of the U. S. air unit just arrived at a British port was kept secret, but it is known that bombers and their crews have steamed across the Atlantic as the weather improved and that ground personnel, bombs and other equipment have been arriving regularly by boat.

The lull in the aerial onslaught to soften Europe for land invasion continued into its ninth day. The last heavy raids were May 29, when U. S. fliers hammered Rennes and St. Nazaire and the RAF smashed at Wuppertal.

Bad weather over the continent was given as the reason for the lull, although there was some speculation the heavy bombers had shifted to the Mediterranean area for concentrated action on that potential invasion front.

The RAF struck at channel shipping and French coastal districts Sunday and Nazi fighter-bombers hit at a southeast coastal town, which the German Radio said was Eastbourne.

The invasion guessing continued in London's press with the Daily Herald declaring Gen. George C. Marshall, U. S. army chief of staff, probably would head invasion forces in the Mediterranean theater while a British general might direct any invasion against the northern Europe coast.

The Daily Express said the north African conferences, attended by Churchill, Gen. Marshall and Gen. Sid Alan Brooke, "put the finishing touches to the United Nations summer campaign," and that Lieut. Gen. Mark W. Clark's fifth U. S. army would play a large role.

The invasion-conscious Germans clamped another state of emergency down on the Norwegian port of Bergen, a potential landing point, it was disclosed that German defensive demolitions had blasted a 600-yard wide belt, with anti-tank ditches more than a mile from the sea, clear across the four miles of the Hague. The radio reported new mass arrests of persons along the French coast who might have aided Allied invaders. A Spanish report said Gibraltar was practically bare of shipping.

Another Coal Crisis Feared

WASHINGTON, June 7.—(AP)—The bulk of John L. Lewis' half-million coal miners trudged back to their pits today under a fourth truce agreement even as indications appeared of a new crisis in the prolonged dispute—reports of dissension among the southern operators.

Hours after the men returned to work the UMW chieftain and his aides closed themselves briefly with operator representatives to discuss negotiations.

A few minutes later Lewis emerged, saying the miners recessed to permit an operators' caucus. He said the negotiators had received no word from the War Labor Board, which last week ordered the contract talks halted until actual production had been resumed. He had no other comment.

The WLB also was silent, but one unnamed board official said he doubted that the board would issue formal instructions for a resumption of negotiations. As he put it "the miners and operators would be smart just to go ahead" without waiting for a WLB nod.

Later, formal negotiations were resumed by a subcommittee composed of Charles O'Neil and former Senator Edward Burke, representing the northern and southern operators, respectively, and Lewis and Percy Tietlow of the UMW.

Eisenhower Named 'Father of 1943'

NEW YORK, June 7.—(AP)—General Dwight D. Eisenhower will be honored as the outstanding father of 1943 on Father's Day, June 20.

Police Radio Station Receives License

Pampa's police radio station was one step closer to being "officially" open today when notice of the license being granted for Station KPAM, dated June 2, was received today by the police department.

Still lacking, however, are the licenses for operators. The department has already been notified that the local applicants have passed the tests but the licenses have not been received, nor has any information been given by the federal communications commission as to when this would be done.

The radio station was installed in April of this year, 11 months after application was first made, on May 6, 1942, but it took until November of the same year to cut the last bit of red tape to get the application approved.

Aviation Cadet Is Bridesmaid

New Haven, Conn., June 7.—(AP)—Aviation Cadet Charles Grimm of Cincinnati probably won't be a bride but he can say truthfully that he was a bridesmaid.

When Miss Bobbie Inez Ritter arrived from San Diego, Calif., recently to marry Cadet Leonard J. Koenig, Aviation Technical School student at Yale, she had no wedding attendants and Koenig knew no local girls upon whom to call so he asked Grimm, a classmate, to stand up with the bride.

Japs Trying To Raise Repulse

London, June 7.—(AP)—The Tokyo radio reported today that Japanese engineers had started efforts to raise the British Battleship Repulse, which was sunk by Japanese planes off the east coast of Malaya in December, 1941, together with the battleship Prince of Wales.

ACTOR IN ENGLAND

LONDON, June 7.—(AP)—First Lieut. Burgess Meredith, star of the stage, screen and radio, has arrived in London and has been assigned to the public relations office of the Air Transport command, it was learned today.

5 Perish, 4 Saved In Textline Crash

DALHART, Tex., June 7.—(AP)—The Dalhart army air base public relations office announced five men were killed and four parachuted to safety when a heavy plane from the base crashed Saturday night near Textline, Tex.

The dead were Lt. Harland S. Severson, Santa Maria, Calif.; Lt. Phillip R. Sallee, Lexington, Ky.; Lt. Edgar C. Hanks, Monrovia, Cal.; Staff Sgt. Richard L. Waters Jacksonville, Ala.; and Staff Sgt. Edward M. Profforth, Etta, Penn.

The four who parachuted were Staff Sgt. Stephen A. Wedge, Westfield, Mass.; Staff Sgt. Charles R. Patterson, Franklin, Ind.; Staff Sgt. Oscar A. Nelson, Broton, Minn.; and Sgt. Frederick P. Babb Highland, Kan.

Patterson and Nelson were placed under observation in the Dalhart base hospital but were not believed badly hurt. Babb was taken to a Clayton, N. M., hospital for second-degree burns. Wedge was unharmed.

Allied Invasion Of Italian Islands Is Expected Any Time

(By Associated Press) Pantelleria Island, the "Italian Gibraltar" which has been all but pulverized by weeks of aerial and naval pounding, bore the scars of a new round-the-clock American and British bombing offensive today as a continuing series of strategy conferences focused attention on Allied invasion preparations.

Pantelleria, standing on the possible ferry route of an invasion army, underwent a series of heavy assaults both through Saturday night and Sunday, an Allied headquarters communique said, while U. S. airmen from the desert air force pounded with their four-engined bombers at both sides of Messina Strait, between Sicily and the Italian mainland.

Other War Headlines. Lull in aerial assault on Germany from British bases stills question, "where is the RAF?" arouses speculation that British air force may be shifting bases for concentrated blows from other directions.

Russia—Russian announced 752 Nazi planes destroyed in week of fierce aerial warfare on eastern front.

The aerial assault on Pantelleria Island followed its fifth bombardment in a week by units of the British navy which sent shells screaming into coastal defenses at dawn Saturday.

These attacks obviously were designed to knock out the island's defenses preparatory to actual landing attempts or to neutralize military establishments that the enemy garrison would be powerless to interfere with an amphibious attack elsewhere.

The largest formations of American flying fortresses ever sent from Africa flew 1,400 miles, round trip, Saturday to the naval base of La Spezia to tumble heavy cargoes 2,000-pound bombs on a concentration of premier Mussolini's battleships.

Some of the returning airmen said bombs fell among three 35,000-ton battleships, the Littorio, Vittorio Veneto and the Roma, damaging at least one and possibly all three, damaging a heavy cruiser, blowing up a merchant ship and doing great damage to port installations. There was so much smoke and fire that an official report on the wreckage was left until later reconnaissance.

The raid, by more than 100 fortresses, was the farthest north raid yet made from north Africa.

This onslaught against Mussolini's ace card against invasion was matched by the audacity of British submarines prowling the gulf and harrying the Italian coast. A British admiralty communique yesterday said one submarine had shelled an airfield on the north Corsican coast, while others had sunk six ships, damaged a seventh and probably torpedoed the Italian coast.

The radio station was installed in April of this year, 11 months after application was first made, on May 6, 1942, but it took until November of the same year to cut the last bit of red tape to get the application approved.

Today's Best LAFF

PAGE DIAGENES! PITTSBURGH, June 7.—(AP)—A building supply company owner walked into the Office of Price Administration here and tossed a check for \$20,000 to Enforcement Attorney Lora L. Lewis.

"I guess I owe that to the federal government under OPA regulations because one of my managers has been selling material above ceiling prices," he explained, and walked out.

"We'd never had a complaint about him," Lewis gasped as he recovered from the surprise.

84 Men Die In Ship Collision

NORFOLK, Va., June 6.—(AP)—Eighty-four men lost their lives in terrific explosions and blazing oil when an American tanker and an American freighter loaded with ammunition collided in the dark a few days ago off the United States east coast.

The navy announced the collision yesterday and said an investigation is being made.

So tremendous were the explosions that debris was showered on the decks of a coast guard ship a quarter of a mile away.

The blast killed 66 of the 69 men aboard the freighter, tore the ship to pieces and sent her to the bottom almost immediately after the collision. Eighteen of the tanker's 82 seamen perished in the seething flames which burned the lifeboats before they could be launched and forced those still alive to leap overboard.

The victims included 35 members of navy gun crews, of whom 25 were aboard the freighter and 10 aboard the tanker.

The two ships, survivors said, were proceeding in opposite directions when the freighter veered suddenly and rammed her bow into the tanker's port side aft of the forecastle head.

Survivors were landed at Norfolk by coast guard and naval rescue ships. The navy said crew lists were not available.

Arms Production Up 7 Per Cent

WASHINGTON, June 7.—(AP)—Arms production in April jumped 7 per cent over March, Chairman Donald M. Nelson of the war production board reported today, with all major categories of munitions showing gains and the total increase "something more than can be expected as an average at this stage of the program."

The aircraft program alone totaled \$1,640,000,000 in the month, or one third of the record-breaking \$5,000,000,000 worth of munitions produced.

Although aircraft, with its related ordnance, showed the greatest dollar gain of all armament, it still "did not quite meet the month's objectives," Nelson said. Actual numbers of planes produced was not revealed, but it was apparent that the 7,000 mark once predicted for April had not been attained.

Aircraft alone gained 11 per cent in dollar-volume. Big bombers, the focal point of the program, jumped 18 per cent, while navy single-engine fighters showed a gain of all, 50 per cent.

Summarized, the April production score was: Aircraft, including plane armament, gliders, blimps, barrage balloons, propellers, engines, ordnance, etc.—up 8 per cent.

Ground ordnance, including tanks, artillery, self-propelled guns, anti-aircraft weapons, small arms and ammunition—up 4 per cent.

Navy and army vessels—up 3 per cent.

Merchant ships—up 11 per cent. Miscellaneous munitions, including vehicles, uniforms, machine tools and export equipment—up 11 per cent.

Roosevelt Was To Speak Today

WASHINGTON, June 7.—(AP)—President Roosevelt will speak over all radio networks today at 4:15 P. M., Central War Time.

The address, to run about 10 minutes, is intended primarily for delegates to the recently concluded United Nations food conference at Hot Springs, Va.

Centenarian Still Likes His Whiskey

NEW YORK, June 7.—(AP)—George W. Collier, who was 100 years old today, was host at his birthday party here Saturday night and happily accepted gifts of cigars, bottles of whiskey and shirts which were brought by 68 relatives and numerous friends.

Collier said he had been drinking since he was 18 years old, preferring whiskey to all other stimulants. He said he attributed his longevity to his boyhood training of going to bed at 9 p. m.

"Now, the young people stay up all night," he said.

18 Soldiers Die In Truck Mishap

NASHVILLE, Tenn., June 7.—(AP)—Eighteen soldiers were killed when an army truck smashed through a wooden bridge railing and rolled 30 feet down an embankment near midnight Saturday.

Eight were injured, two of them critically.

Miss Ruby Crawford Honored With Dinner Party In Canadian

Special to The News: CANADIAN June 7—Dr. and Mrs. E. H. Snyder entertained Thursday evening with a six o'clock dinner for Miss Ruby Crawford who has recently joined the WAACS.

Miss Crawford has been secretary for Dr. Snyder for the past several years.

Dinner guests were Miss Maxine Owens and Melba Errington Thrusair.

Each of the three young women has one or more brothers in the armed forces. Mrs. Thrasher's three brothers and her husband, are in the U. S. armed forces somewhere outside the United States.

Attendance at the local theatre followed the dinner.

Make-Up Stays Fresh When 'Set' With Cold Water

MISS McNEELIS; tells secret.

By ALICIA HART NEA Staff Writer

Supper club singers have what seems to be a magic means of looking just as fresh at 4 o'clock in the morning as they did when they made their first appearance several hours earlier.

Maggi McNeellis, whose sultry style of singing songs has made her a great favorite of New York night club goers, says the secret of an ever-fresh make-up is its foundation.

Select a cream powder base that blends with the color of your skin, Maggi recommends, and smooth it on in a thin layer from hairline to just under your chin.

Use a facial tissue to blot any excess base so that it will be evenly distributed. Then, blend in a small bit of cream rouge and powder generously.

Now here is the "magic" touch. Dash cold water over the powder and pat dry. This will "set" your make-up so that it will last through long evenings of dancing at the service club or serving at the canteen, without once having to be powdered over.

From then on, proceed with your regular make-up routine of lipstick, eyeshadow and mascara.

Evangelist Meeting Is Conducted At Church of Christ

Evangelist Foy E. Wallace, Jr., who is conducting a meeting at the Central Church of Christ, in his first sermon last night asked the question "Who Can Understand the Bible?" He stated some could not understand the Bible, not because it was too hard to understand, but due to the condition of their minds.

Mr. Wallace said that as long as some are bound by the creeds and disciplines and prayer books of man, they can not understand the Bible. He stated that we must take the Bible, and it only, as our guide.

He said "We must never distrust Holy Writ. There must be implicit faith in it on our part. Bible cannot be read with any doubt as to its authenticity. Some today manifest an attitude of indifference, do not feel their responsibility to God or His word. Others let the affairs of this life keep them from understanding God's word."

Mr. Wallace concluded by suggesting that any honest man can understand the Bible. He stated "Good crowds were on hand at all services yesterday. The public is invited to the meeting at the Central Church of Christ, 500 N. Sommerlyne. Services are daily at 10:00 a. m. and 8:30 p. m."

Women's Council Elects New Officers

Six groups of the Women's Council of the First Christian church met recently in the homes of the members.

Groups one and two met in the home of Mrs. W. F. Taylor. Mrs. F. E. Imel presided over the business session. It was decided to have a nine o'clock breakfast in the home of Mrs. F. R. Gilchrist at the next regular meeting. The group elected officers with Mrs. Imel elected to serve as group leader for the second year. Mrs. L. E. Frary was elected co-leader; Mrs. A. W. Skewes secretary; Mrs. A. A. Teiman, treasurer and Mrs. F. R. Gilchrist, program chairman.

The program for the afternoon was led by Mrs. Gilchrist. Those taking part on the program were Mrs. Ora Wagner, Mrs. Jessie Sowers, Mrs. Ivan Marlin, Mrs. A. W. Skewes and Mrs. W. F. Taylor. The devotional was given by Mrs. J. F. Meers. An offering for a missionary in Mexico was taken.

Members of group three met at the church. Mrs. C. H. Wood led in the business session during which the following officers were elected: Mrs. C. H. Wood, leader; Mrs. Roy Moore, co-leader; Mrs. R. A. Mack, secretary; Mrs. Delea Vicars, treasurer; and Mrs. W. G. Kinzer, program chairman. A continuation of study on Latin America was given by Mrs. Wood. Round table discussion concluded the program.

Group four met with Mrs. Emory Noblitt for luncheon. The group was led in a hymn by Rev. Robt. Fink and a prayer by the Rev. S. D. McLean. Mrs. John Beverly led the lesson and Mrs. C. L. Shearer gave the devotional. A solo, "In Christ There is No East or West," was sung by Rev. Fink. The program closed with the members forming a circle and singing "Blessed Be Thee That Bindest." Mrs. John Beverly conducted the installation of new officers which followed. Those installed were Mrs. Noblitt, leader; Mrs. Roy W. Williams, co-leader; Mrs. W. C. Brewitt, secretary; treasurer. Appropriate gifts were presented to those present by Mrs. Noblitt in appreciation for their faithful service during the past year. Eleven members and nine visitors attended.

Group five convened in the home of Mrs. E. B. Smith. Mrs. Burl Graham officiated in the business session for the afternoon. Plans were made to pay the expenses of a young person from the church to the Pioneer camp to be held during the month of June. Mrs. C. W. Hays led a round-table discussion on "South American Neighbors. Nine members and one visitor, Miss Anna Mae Darling, attended. Members of the group presented Mrs. Graham with a defense stamp corsage in appreciation for her services as leader during the past two years.

Mrs. Morris Enloe was hostess to members of group six. Mrs. H. L. Ledrick presided over the brief business session during which the following new officers were elected: Mrs. Fred Sweeney, leader; Mrs. Lloyd Rinehart, co-leader; and Mrs. Ennis Favors, secretary-treasurer. The installation service was conducted by Mrs. C. T. Hightower. The group will meet soon to make hospital bandages under the direction of Mrs. Hightower. Refreshments were served by the hostess to twelve members present. The next regular meeting will be in the home of Mrs. Ennis Favors.

The six groups will meet Wednesday, June 16th in general session at the church at 12:30 for a chicken dinner with each group providing enough food for those attending from their respective group. An installation service for the new officers of the council will be conducted by Mrs. D. V. Burton.

WAKE UP, AMERICA!

Is Centralized Political Power Here to Stay?

As debated by Henry Morton Robinson Author of Fantastic Interim; James Burnham Author of The Machiavellian; Defenders of Freedom.

MR. ROBINSON OPENS: Centralization of political power comes to us in the barest-glancing and wishful-thinking in the world will not reverse the process by which political energy is streaming from local communities to the central government of the United States. This transfer of power is only one phase of the consolidation that is taking place in our socio-economic life. It is already far advanced, for example in industry. The village shoemaker, the independent automobile manufacturer and the local flour-mill have been supplanted by vast combines such as General Motors, the Rockwell and U. S. Steel. Champions of industry point with pride to this concentration, claiming greater economies and efficiencies. No industrialist would dream of hammering out airplane parts on a rural anvil. The whole concept is obsolete.

Similarly, the concept of local self-government is outmoded. The town meeting ideal of democracy, admirable in a small community, is miserably inadequate when applied to problems of national magnitude, and efficiency. Crime-control, control offers dramatic proof. During the '30's, local tipstaff police were powerless to stem the tide of kidnaping and bank robberies. When the FBI took over, these crimes became almost extinct. Another instance of centralized efficiency—perhaps the most persuasive of all—is the TVA.

MR. BURNHAM CHALLENGES: MR. ROBINSON CHALLENGES: Will Mr. Burnham stop pussy-footing and tell us what he means by "bureaucratized, unbribeable, monstrous government?" Is he sniping at the Administration in Washington? Does he realize much vaster power is concentrated in the hands of a few industrial monopolists? The real threat to American liberty is not political centralization. It is the totalitarian design for power being formulated by great corporations for control of post-war America. If successful, these corporations will stamp out labor gains, wrench monopoly prices from consumers—and as I demonstrated in FANTASTIC INTERIM, will be the government of the U. S., as they were under Harding, Coolidge and Hoover.

MR. BURNHAM REPLIES: Of course I include, among "monstrous governments" of our time the government of this country. Not yet, zap! zap! so all-embracing, so unbribeable as the fully totalitarian governments already consolidated elsewhere, but moving steadily in that same freedom-destroying direction. By reviving the long discredited theory that Fascism is not a plot but a plot of big business, Mr. Robinson helps undermine public resistance to the real totalitarian threat. We agree—a large measure of centralization has taken place. The difference is: he believes freedom will be preserved by centralization. I believe the problem of modern politics is to preserve freedom in spite of centralization.

Interesting Notes To Housewives

Hot Weather Builder-Upper Do take advantage of the new low point value of tomato juice and serve it often all summer. Many persons who don't appreciate its taste at breakfast time will reach eagerly for a very cold, well-seasoned glass on hot afternoons or before the evening meal. It's chock full of granulated Vitamin C for teeth and bones to stand up under years of wear and tear (if you get some every day). Salt it well not only for flavor but to replace the salt you perspire away these days. Add lemon juice for an extra fillip and additional C.

BUY VICTORY BONDS

Canned Milk Rationed

Mothers of young babies who use condensed milk in the formula will have to re-adjust their red point budgets to take care of baby's milk. But after all, the 16 points in the baby's book are more than enough, and the baby on a formula hasn't been using up for meats, fats or cheeses up to now. And rationing of this content that don't leave everybody get his fair share—that's the reason for rationing while there is still plenty available.

BUY VICTORY BONDS

Snapper Salads

For those fresh vegetable salads you should be glorying in now, a variety of dressings is suggested. Gives the family some surprise to look forward to. To turn half a cupful of home-made mayonnaise or bought-in jar dressing into something a bit of something interesting, try some of these.

Miss Evelyn Barnes Is Married To Cpl. S. G. Brock Sunday

Miss Evelyn Barnes, daughter of Mr. and Mrs. W. B. Barnes, 414 N. Hobart, became the bride of Cpl. S. G. Brock, of Chillicothe, Texas in a single ring ceremony performed at the Central Church of Christ, Sunday, June 6, with the Rev. Foy E. Wallace, of Oklahoma City, Oklahoma officiating.

The Central Church of Christ choir of Amarillo sang "Ah, Sweet Mystery of Life," and "Whispering Hope."

Miss Barnes was attended by Miss Peggy June Roberson, brides maid, who wore a British-tan suit with white accessories. Her corsage was of Tallman roses.

Doris Jarvis was candle-lighter wearing a navy blue suit, and white accessories. The bride wore a blue street length dress, with a lace yolk, and white accessories. For something old she wore some pearls that were 100 years old, belonging to Mrs. J. E. Williams. She carried a white Bible, topped with an orchid.

Immediately following the ceremony a reception was held in the home of the bride, where wedding cake and punch were served to guests.

Out of town guests include Mr. and Mrs. O. C. Brock, Chillicothe; Mr. and Mrs. D. J. Brown, McAlester; Mrs. J. M. White, Ardmore, Okla., and Mr. and Mrs. Floyd Owens of Amarillo.

After the reception the couple left for Wichita Falls, San Antonio, and to visit the bridegroom's parents in Chillicothe.

Mrs. Brock graduated from Pampa High school, and before her marriage was employed by the telephone company here.

Cpl. and Mrs. Brock will make their home in Pampa.

Figures Show Hike In Police Activity

What the city said was the May, 1943, report of the Pampa police department, and what the city included in a digest of the report of city departments for the past month, turned out today to be for May but it was for May, 1942.

This resulted in the figures used in a story yesterday being for the wrong period, but the correct figures show an interesting increase.

Instead of \$380 collected in fines in the past month, the correct amount was \$967.47 out of \$1,285.50 assessed. Days worked by prisoners was 41½; days served in jail 128½; total arrests, 134; released to county, nine; meals served, 549.

Germany Believe Our Cities Bombed

PHOENIXVILLE, Pa., June 7.—(AP)—The first wounded veterans of the capture of Bizerte, which preceded the fall of Bizerte in the North African campaign last month, have arrived at Valley Forge General Hospital.

Pvt. Harry McGovern, 25, of Ed-dystone, Pa., a former shipyard welder, who later witnessed the fall of Bizerte, said captured Germans were "pretty cocky."

"They had been told, and believed, that Philadelphia, New York and Washington had been wiped out by their bombers. We laughed, but they still believed such propaganda," he said.

Another straggler victim, Albert De Lello, 22, of Philadelphia, said he saw German newspapers carrying pictures from Life magazine illustrating a new style hairdo shaped like a hat.

"The newspaper explained," De Lello said, "that conditions were so bad in America, there was not enough cloth to make hats so the poor women had to cover themselves with their own hair."

Soviet War Loan Is Oversubscribed

MOSCOW, June 7 (AP)—Soviet Russia's second war loan of 12,000,000,000 rubles was oversubscribed by 2,561,000,000 rubles in the first 24 hours it was announced today, and subscriptions were said to be mounting steadily. The foreign trade the ruble has had a nominal value of 19 cents but conditions governing Russia's economic contracts with the outside world make accurate conversion into the dollar impossible. (On the basis of a 19-cent figure, however, 12,000,000,000 rubles would be \$2,280,000,000.)

Pet Parrot's Wings Help To Lift B-26 Over African Hill

AN ADVANCED AMERICAN MEDIUM BOMBING BASE IN NORTH AFRICA, June 4—(Delayed)—The wings of a pet parrot, Sergeant, helped lift a mountain-climbing B-26 Marauder bomber into the "Swag" or so its crew solemnly swears—after a jumping jack takeoff that the thrill of their lives.

The plane was lumbering down the runway when one motor lost its power, too late for the pilot, Lieut. Robert W. (Swag) Swigard, Long Beach, Calif., to try to stop.

"We were only making 110 miles an hour," he said, "I nosed it over a raised road at the end of the runway, bounding on one wheel. We hit on the other side and gained a little more speed as we rose over the valley and then bounced again on a sloping hillside wheat patch.

"There was an Arab and some goats on the hill. He threw himself down and began trying to paw himself a foxhole when he saw us heading his way."

"We moved his grain for 200 yards," said Sergeant Lon L. Stone, engineer gunner, of Janesville, Wis.

Witch Doctor

"After we made it over the hill we came to another valley and we got up enough speed to climb out of danger," he added. "Swag was as white as a sheet when it was over."

"We had flak bombs aboard and if Swag hadn't kept it from stalling by a beautiful flying job we would be pushing up daisies by now," said the co-pilot, Flight Officer Alfred C. Coleman, of Montell, Tex. "After it was all over Swag and I debated whether to ride kiddie cars or walk the rest of our lives."

"We had a pet parrot named Sergeant, in our navigator's compartment," said Swigard. "He got excited and flew up against the roof and helped lift us off the ground. We would never have got off without him."

"Yeah, but we ought to ground that bird," said Coleman. "Every time we take him up something happens. He's had luck."

By unanimous voice Sergeant had been read out of the force.

Well, Richard Ought to Know

KANSAS CITY, June 7 (AP)—Pvt. Richard Carr's family was notified by the War Department two weeks ago that he had been killed in action in Alaska.

His fiancée, Miss Marie Arnold, received two letters from him written last Monday, saying he is excellent in his work.

They Call It Pacific

by CLARK LEE

"We're Sure in a Hell of a Fix"

Chapter 7 THROUGH A mutual friend in Honolulu, I met Captain Colin Kelly a few days before the war and he told me he had come out to the Philippines prepared to fight. Before he left Hawaii to ferry his B-17 out to Manila he spent three days studying the data on the Japanese Mandated Islands and other Pacific islands gathered by John Williams, a Honolulu newspaper man. The B-17's were to fly from Honolulu to Wake, and then across the Japanese Mandated Islands at night and land at Rabaul in New Britain.

For three days Kelly studied and made notes and copied maps. When he had finished he stretched his long legs out in front of his wicker chair and ran his big hands through his thick black hair.

"We're sure in a hell of a fix out there, aren't we," he said. "What are you going to do about it?" Williams asked. "Well, I'm going out and bomb the first thing I see and blow it to bits," said Kelly.

They started rehashing the old argument as to whether airplanes could sink battleships. Kelly had some decided ideas about that. He promised, "I'm going to put an end to that argument personally by sinking one of those Jap ships."

Kelly got his chance on December 11 and dropped his bombs on the Japanese battleship Haruna and left her blazing, although, apparently, she did not sink.

ON HIS way home two Zeros dropped out of a cloud and got on the gunless tail of his plane and shot it up so badly that it wobbled, on fire, toward the ground. Kelly stuck at the controls until the rest of the crew had parachuted. Before he could jump his plane exploded in the air.

Captain Jesus Villamor of the Philippine Air Force fought too, in a nine-year-old plane that proved a better match for the Zero than did the P-40. Villamor and six other members of his squadron were flying P-26's which the U.S. Army had long decided were obsolete. Those were the only planes that MacArthur could get for the Philippine Air Force he was trying to build.

Church Holds Annual Meeting In Boston

BOSTON, June 7—The Christian Science Board of Directors today placed "prayer" at the top of the list of defensive and offensive weapons that free-thinking peoples are counting upon to win the global war against oppression and suppression.

In a statement to the annual meeting of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, the Directors first emphasized the word "prayer," then followed with the term "miracle of deliverance" which is to be accepted, they said, as the logical answer to righteous prayer.

Thus, deliverance from the hand of the oppressor was seen by the Directors to be no miracle at all, but rather a simple witnessing to the fact that power springs from the prayer of understanding.

"A praying people can never suffer defeat," summarized the Directors' remarks to several thousand Christian Scientists assembled in The Mother Church.

# Best Friend Is Killed; Spaniel Takes His Place

By DANIEL DE LUCE

ALLIED HEADQUARTERS IN NORTH AFRICA, June 5.—This is a story of Duckworth, a little black and white cocker spaniel with a big heart filled with devotion for two American Spitfire pilots—one dead, the other living—and a letter Gen. Dwight D. Eisenhower wrote to make sure the comradeship of an American flier and his dog would not be broken.

The story actually began when Lieut. Harold F. Taff of Otto, Ind., and Lieut. Richard J. East of New York City brought the spaniel on a troop ship across the Atlantic and set up home together on a Tunisian fighter airfield.

With Allied victory near, East one day failed to return from a mission. Taff and Duckworth shared their grief.

Then the army mail man brought a message to Eisenhower from Dr. B. R. East of Columbia University College of Physicians and Surgeons which said he and his wife had been notified that their son was missing and asked if the pet dog might be returned to them, if it is not inconsistent with general policy and it doesn't interfere with the war effort.

The Allied commander-in-chief who had not known about Duckworth's co-master ordered the request granted.

Just in time Lieut. Gen. Carl A. Spaatz, Allied air commander of the Northwest African air force, learned of the situation and dispatched an explanation to Eisenhower. Duckworth and the former Indiana University student were reunited.

To the parents of the dead pilot went this reply from Eisenhower: "When I received your letter asking for the return of the dog owned by your son I was deeply touched. I immediately directed that every effort be made to comply with your request. Today I received from Gen. Spaatz a report in which appears the following statement:

"It is learned that the dog Duckworth belonged jointly to Lieut. East and his best friend Harold Taff. Lieut. East was killed in action April 4. His plane and grave were located after our forces moved into the Tunis area. The loss of his best friend deeply affected Taff. The commanding officer of the fighter group brought Taff with the dog to the airfield. Taff was heartbroken at the thought of losing his dog and wanted to spend every possible minute with him until the plane took off. He placed him in the plane and carefully tied him. He left the plane just before the takeoff. Col. West had been waiting in his car to take Taff back to his quarters but Taff was seen to thank him and walk away from the car to an adjoining field.

"Under the circumstances and in particular view of the statement that the dog was jointly owned by your son and his best friend, and especially as Taff has shown strong affection for the dog, I believe you will agree with me it would be unwise to return the dog to you as requested.

"The friendship of a dog is precious. It becomes even more so when one is far removed from home as we are in Africa. I have a scottie. In him I find consolation and diversion. For me he is the one 'person' to whom I can talk without the conversation turning back to the war. Duckworth is performing a patriotic service. I respect the quality of warm friendship shown by Taff for the dog. I am confident you and Mrs. East will understand and sympathize with your natural and understandable desire to have with you this close companion of your gallant son who died for his country on the field of battle."

There isn't any end to this story. Taff and Duckworth are carrying on together in the war.

Young Lieut. Taff has been on more than 20 missions. Duckworth is always right there wagging his tail when the plane comes home.

## Upper Air Cools Beer for Flyers

SALT LAKE CITY, June 7 (AP)—Corp. George Wigginton and his fellow crewmen always had cold beer waiting when they returned from an operational flight. "We used to take a case with us into the cold upper air and when we landed, we had ice cold beer, ready to serve."

A small gold pig is worn as a good luck charm by George Arliss, English actor.

Indians are less "taste-blind" than white people.

## PANTELLERIA

(Continued From Page 1)

The fiercest battle occurred when 50 American liberators attacked Messina in Sicily, and San Giovanni and Reggio Calabria across the Straits in Italy. They encountered 30 enemy fighters. The Cairo communiqué said eight of the interceptors were shot down without an American loss.

The Italian communiqué said 50 persons were killed at Reggio Calabria.

Oil tanks, a power station, barracks and ferry terminals were smashed by the falling bombs at the three places, the Americans said.

A big force of Allied aircraft headed over the English channel toward the French coast today, but for the ninth successive night the RAF's heavyweights failed to put in a mass appearance over Germany.

Observers said they believed the lull was due to a stretch of bad weather, but there was speculation that a sizeable shift of RAF strength might have been made to the Mediterranean area.

Nervous over their northern defenses, the Germans were reported to have demolished a 600-yard belt for miles long through the center of the Hague in the Netherlands, in order to make room for a giant anti-tank ditch and other defenses facing the north sea. A state of emergency was clamped on Bergen, Norwegian port.

The Russians said German air losses last week brought to 2,821 the number of Nazi planes destroyed on the eastern front in five weeks. The Russians told of new aerial assaults on German airdromes behind the lines in the Lischansk area of the Donets front, while the Germans said they had made a heavy raid on Gorki east of Moscow, and destroyed 83 Soviet planes in two days.

## Today on the Home Front

By JAMES MARLOW and GEORGE ZILKE

WASHINGTON, (AP)—Labor's discontent with the anchor hung on wages while living costs float upward is only one of the factors in the rising tide of strikes—racial discrimination is another, a labor department official said today.

Discrimination also has been shown against Mexicans, he said, analyzing the situation this way.

Negroes or Mexicans, hired in the last two years in plants where manpower was growing scarce, now automatically have begun moving up to skilled jobs as they fall vacant.

This advance is made possible through union contracts guaranteeing seniority rights.

But even though they had fought for those seniority guarantees, skilled American white workers have protested and walked out when they saw negroes or Mexicans move into the skilled field.

Such strike causes in the past were of such minor nature that they were lumped together with other factors under the name "miscellaneous" in labor department bulletins on strike whys and wherefores.

Now they have become prominent enough to get a regular classification of their own, just as strikes over wage demands are listed individually.

President Roosevelt last week said

# Mainly About Pampa And Her Neighbor Towns

Mrs. E. W. Clark of Bartlesville, Okla., is making her home in Pampa with her daughter, Miss Ann Clark.

FULLER Brush—514 Cook P. 2153J. Billy Sackett and Joella Shelton returned Saturday from Abilene, where they have been attending the summer assembly for Young People of Northwest Texas Conference, representing the young people of the First Methodist church here.

FOR SALE BY OWNER—Lovely 5 room modern home. Ventilation blinds, floor furnace, hardwood floors, beautiful yard. Must be seen to be appreciated. 415 N. Gray St.

Mrs. C. T. Hunkapillar, formerly of Pampa, now of Beaverton, Ore., arrived in Pampa to visit with friends.

DANCE AT SOUTHERN CLUB Wednesday night, June 9th. Adm. 55c per person.

Three couples were married here Saturday and Sunday by D. R. Henry, justice of the peace. They were Neal Dennis Bahr and Lucille Hunt, from Wheeler county, whose residence is 903 W. Fifth, Elk City, Okla.; Fredman G. Brock and Evelyn Sylvia Barnes; Scott Neill and Miss Molly Bayless, both of Berger.

FOR RENT—3 room modern apartment. Furnished. Bills paid. Phone 2063.

Recorded in district court today were convictions in the cases of Robert T. Spears, indicated by the grand jury on a charge of fraudulently taking an automobile valued at more than \$50; and Roy Lamb, charged with forgery in two indictments. Both entered pleas of guilty and waived juries. Spears was assessed a 10-year term in the penitentiary; Lamb, from two to seven years, on each of the two indictments against him. Sentences were pronounced Friday.

In corporation court today, a \$10 fine was paid by a man who gave his name as Roger Haynes, a Negro charged with assault in connection with a fight that occurred Sunday night, when Haynes allegedly threw his wife out of their automobile. The wife suffered minor injuries, was given first aid treatment at a local hospital. Other fines paid in corporation court today were three for \$15 each by three men, each charged with intoxication.

## Memorial Rites Held For Lieutenant Harlan

The Rev. E. Douglas Carver, pastor of the First Baptist church of Pampa, was one of the four ministers conducting the memorial services at the White Deer Baptist church yesterday afternoon for Lieut. Orman F. Harlan, 22, who was killed May 30 in an airplane accident in Europe.

Other pastors conducting the rites were the Rev. J. W. Hardin, pastor of the Baptist church at White Deer; the Rev. W. H. Pike, pastor of the Church of Christ, and the Rev. Alton Vaughn, pastor of the Skellytown Community church.

Col. Daniel S. Campbell, commanding officer of Pampa Field, assigned four lieutenants to attend the services. Four planes from the field flew over the cemetery at the time of the services.

Lieutenant Harlan was the son of Mr. and Mrs. W. H. Harlan of Skellytown. He enlisted in the army air forces in August, 1941, after three years at Oklahoma A. & M. college, married Miss Helen Urbanczyk, daughter of Mr. and Mrs. Ben Urbanczyk of White Deer, on March 16, 1942, in California, on the same day he received his wings. He had been overseas since September, 1942.

## RADAR--

(Continued From Page 1)

last year. I was an Associated Press correspondent aboard the senior escort vessel on a convoy trip. I was permitted to see the Radar equipment after a warning that nothing could be written about it, nor could its existence be hinted at or its name used.

I learned that Radar transmits waves which keep going if interrupted, but rebound if they strike some solid object, even the periscope of a submarine. A receiving set catches the returning waves and instantly computes the direction and distance of the object.

One day our convoy was joined by a second group of ships. Our skipper was told that during the night a vessel had strayed away and now was alone somewhere on the sea, easy prey for a submarine. Our ship searched for the straggler, its Radar sweeping the vast stretch of water. We steamed a considerable distance, losing sight of the convoy. At last the Radar showed a contact and we raced over the horizon directly to the straggler and shepherded him to safety.

On nights so dark that the eye could see nothing, Radar kept our skipper informed about every ship in our convoy. We "looked" for miles in every direction to make sure no submarines were creeping up for an attack. We checked our aerial escort, frequently watched the passage of planes miles away.

Enough can be told about Radar to disclose it as the wonder weapon of the war.

# RAWSON--

(Continued From Page 1)

of a decree by Rawson dissolving congress, which was to have convened tomorrow.

Some observers expressed the opinion that Rawson had been considered from the very first as not quite in line with the ultra rightist political tinge of his new ministers.

Ramirez was generally regarded as having more pronounced rightist tendencies than Rawson, but the effort his leadership would have on Argentina's foreign policy was not immediately clear.

(Dispatches from Montevideo said that observers here had seen a clear pattern of ultra-rightist tendencies in the first moves of the Rawson government which in several proclamations, decrees and orders failed to mention even once the words democracy and freedom.

(These observers noted, the dispatches said, that the decree dissolving congress had carefully avoided the word "elections," and had referred instead to the "constitution of a new congress," which might leave the door open to the appointment of a legislative branch of the government rather than an elected body.

(These sources, who are mainly interested in Argentina's foreign policy, said that nothing had yet happened either to confirm or deny initial assurances following Cast-
