FAREWELL WAVE FOR WAACS

Here's a truckload of soldiers at the San Angelo, Texas, bombardier school heading out for combat duty as WAACS arrive to take over their desk jobs.

Ickes Say Government Will Give Mines Back To Owners

WASHINGTON, June 28 (AP)—Secretary Ickes told the House Ways and Means committee today the government has "no desire and no plans for the nationalization" of the coal industry and hopes to return the mines to private ownership "at the earliest possible moment."

When return would be possible but said the government, which took over the mines during the recent strike, would "seize the first opportunity to return them to private ownership."

DeGaulle Warned Against Playing African Politics

WASHINGTON, June 28 (AP)—Gen. Charles de Gaulle and his adherents had unofficial but emphatic notice today that the Allied commander in French Africa—charged with final preparations for an assault on Axis-held Europe—will brook no interference due to French political controversies.

Ickes, whom President Roosevelt placed in charge of government operation of the mines on May 1, was called to testify on legislation to extend the life of the Guffey Coal Act designed to stabilize the bituminous coal industry through a system of minimum prices on a regional basis.

He said he favored extension of the act, which will expire August 23 unless continued by congress. Pending legislation would continue the act until two years after the end of the war.

In Ohio, United Mine Workers leaders reported all except 2,350 of its 15,000 miners back in the pits with the expectation all would be back tomorrow. Only 3,200 worked in Ohio last week.

The United States Steel corporation reported operations "better" at its mines but none of the four Jones & Laughlin Steel corporation mines worked. A. J. & L. spokes-

4 Children Die As P-38 Crashes Beach

HUNTINGTON BEACH, Calif., June 28 (AP)—Four children died today from injuries they received when a P-38 Army pursuit plane crashed and exploded on the beach yesterday before the eyes of 20,000 bathers yesterday.

Sixteen other persons sustained injuries and burns as the plane rocketed down in a circular dive from an altitude of 8,000 feet and scattered wreckage and flaming gasoline over a wide area.

The pilot parachuted to safety but burned so seriously they succumbed were Mary Silva, 12, her sister Frances, 4, Faith Barrega, 8, and her sister, Rosalvo, 5.

Third Daughter Born To Joan Bennett

HOLLYWOOD, June 28 (AP)—Screen actress Joan Bennett now has three daughters.

Her third child, Stephanie, was born Saturday night at Good Samaritan hospital. The baby weighed six pounds, and is Miss Bennett's first child by Film Producer Walter Wenger, to whom she was wed in January, 1940.

WEATHER FORECAST

Continued cloudy and cool in Panhandle tonight. Probable rain.

AXIS SUPPLY LINE CUT BY ALLIED AIR ATTACK

Congress Told War Going Rapidly Ahead To Victory

Japan To Get What's Coming Very Shortly

WASHINGTON, June 28 (AP)—Congress was assured today the United Nations were rapidly approaching a "final victory" and that the war would be brought home to Japan in such a manner that "the whole empire will feel its full impact in a most violent and destructive way."

This statement from Lieut. General Joseph T. McNarney, deputy chief of staff, was included in testimony made public by the Senate Appropriations committee as the senate made ready to pass the army's \$71,500,000,000 "decisive budget" war bill.

At one point, General McNarney told Senator Gurney (R-SD) the use of the word "rapidly" might have been an overstatement, but added:

"In the training and equipping of our armies and getting them ready for combat, we have made enormous progress in the last year. We have now committed to act, in concert with other United Nations, a rather large force."

Asserting that "strong and experienced" enemies confronted the United Nations on widely separated fronts, General McNarney nevertheless declared in a statement bristling with confidence:

"The co-ordinated operation of our land and air forces is rapidly bringing us toward a final victory. Our operations in the Pacific have turned the tide of Japanese advance into a gradual withdrawal toward their home bases. Since our victory at Attu, the strategic movements of the Japanese have favored our lead."

"Our intention to bring the war home to Japan in such a manner that the whole empire will feel its full impact in a most violent and destructive way."

In this, he declared, "our Allies are with us and we are united in our efforts to defeat the Axis." "Our combined chiefs of staff have well-defined plans to accomplish this end."

McNarney asserted recent conferences with Prime Minister Churchill in Washington and in North Africa in which French officials participated.

Cool Spell Eases City Water Load

Gray county wheat farmers, busy getting in the 1943 crop, looked apprehensively at a cloudy sky today, but James H. Massa, city water department superintendent, was all smiles.

The weatherman, however, can't please everybody but he did a good job today for most people by pulling the thermometer reading down from Sunday's maximum of 98 degrees, highest to date this season, to 62, near noon today. Minimum temperature in Pampa Sunday was 68.

There was only a trace of precipitation here. Some rain fell to the north, west and northeast, but only a sprinkle hit Pampa.

Superintendent Massa was looking relieved as every time there is a cool spell water consumption drops, and the city wells have been pumping a consistent 2,500,000 gallons for some time now. Friday, an all-time high was set with 2,674,000 gallons.

The forecast was for showers and cooler this afternoon in the Pan handle.

Friday's maximum was 94, not 74, as was inadvertently stated in Sunday's issue.

Administration Seeks To Salvage Price Rollback Program

WASHINGTON, June 28 (AP)—A last week to end this program as expressing a determination by congress to "prevent an increase of the purchasing power of industrial workers as against that of the farmers."

Administration leaders were said to be attempting to seek congressional authority for direct subsidy payments to farmers, instead of to food processors.

This move was seen on Capitol Hill as an effort to salvage part of the price rollback program rejected by both houses.

Allies Prepared To 'Pour It On' Still Harder

A U. S. AIR BASE IN BRITAIN, June 28 (AP)—Major Gen. Henry P. Miller, head of the U. S. Army's eighth air force service command, declared today that "we are definitely set for a great new flow of planes to this theater for the increased offensive against Germany."

"We have plenty of bombs, including 4,000-pounders," general Miller said in a press conference after he bestowed on four officers and one enlisted man the first awards for valor ever presented members of the eighth air force service command, whose job is to keep the air force fighting.

"Our supplies are more than adequate. And we are ready to meet demands for a step-up by 45 per cent of the bomb load on Germany if called for."

This was a reference to reports from Washington that the Allies were planning a 45 per cent increase in the tonnage for the offensive by the end of July.

Kiska Land Invasion Is Believed Imminent

WASHINGTON, June 28 (AP)—Joint arm and navy air raids on Kiska, last Japanese-held island in the Aleutian chain, raised the prospect today of an imminent land invasion by amphibious troops.

Six shattering raids on the island last Friday damaged the main Japanese camp area there, the navy reported yesterday. There was little resistance to the assaults, indicating the enemy garrison already may be feeling the pinch of the Attu blockade.

Naval observers expressed belief the United States forces were undertaking a campaign to immobilize the Japanese garrison on Kiska as a prelude to landing operations. The Friday raids followed three air attacks Thursday.

Kiska is the last enemy-held foothold in the American chain in the north Pacific.

Army Plans To Recommend Increases For Dependents Of Men In U. S. Armed Forces

WASHINGTON, June 28 (AP)—The war department is expected soon to submit to congress a compromise proposal for increasing the allowances for dependents of men in the armed forces and proponents predicted it would receive speedy approval.

A Senate Military Affairs subcommittee called Brig. Gen. M. G. White before it in a closed session today as it began hearings on a bill by Senator Lodge (R-Mass.) to increase the present dependency allowance by 15 per cent to meet rising living costs.

Congress Set To Clear Way For Vacation

WASHINGTON, June 28 (AP)—A recess-minded congress opened full throttle today in an effort to complete legislative action this week on appropriation bills totaling \$115,000,000,000.

The way was cleared for quick passage of the war department's \$71,500,000,000 "decisive budget," which provides for nearly 100,000 new planes, and for a finish fight over house demands for liquidation of the national youth administration (NYA).

Barring unexpected complications, congressional leaders hope to start a vacation soon lasting until about the middle of September, after taking the unusual precaution of empowering minority leaders, as well.

Colorado Town Given Taste Of Realistic Warfare

GRAND JUNCTION, Colo., June 28 (AP)—Residents of this inland city dug jagged shrapnel from their yards and the walls of buildings today as souvenirs of a terrifying four-hour bombardment from munitions set off by a freight train fire.

At least four persons were injured yesterday by particles of high-powered shells, some of which hurtled a mile from the siding where the blazing cars were isolated by trainmen.

Fire Chief Charles Downing's right arm, torn by shell fragments, was amputated. He was given two blood transfusions.

A piece of the flying metal struck Bob Walraven, railroad workman, while he stood on a freight caroose half a mile from the fire. He suffered a possible jaw fracture.

Sharp reports awoke the community about 1:30 a. m.

"I was scared the daylight out of people," said Joseph Lowe, Grand Junction newspaper man.

"It was a glorified fireworks with lots of noise and pyrotechnics, except that it was a week early for the Fourth of July," said Joe Brady, a fire captain.

Railroad men discovered the fire in one of the cars soon after the freight train pulled into Grand Junction. They cut off the two cars and shunted them onto a track about a half mile west of the depot, near a warehouse and lumber yard district.

"The freak damage done by the explosions is comparable to cyclonic damage," declared Clarence Kurtz, hardware and lumber dealer.

Although the nearby buildings escaped fire damage, roofs and walls were riddled.

Demolition crews were disposing of shells which landed without exploding. The area was under military guard.

Messina and Naples Hard Hit; Atlantic Wall Gets Pounding

LONDON, June 28 (AP)—A large force of Allied warplanes believed by watchers to include U. S. heavy bombers, swept across southeast England late today toward France after morning British fighters sank two German ships, forced another on a beach and brought three others to a standstill off the Dutch coast. The drum of the multi-engined machines continued for several minutes as the big formation headed toward the continent between Boulogne and Calais.

Lashing at Axis targets in Greece for the second time in a week, American heavy bombers hammered two airdromes near Athens Sunday, it was disclosed today, and Naples was battered again Saturday in the powerful Allied air offensive overspreading the Mediterranean.

The American heavies of the middle east command rained bombs upon the Eleusis and Hassani airdromes, dramatically reviving the threat of Allied invasion in the eastern Mediterranean, and creating heavy damage with a thick carpet of bombs.

RAF Wellingtons from the northwest African command delivered the punch at Naples, hitting docks and industrial areas in that rail hub of southern Italy, in an attack following three straight blows in 36 hours upon Messina, ferry terminal and supply city of Sicily.

The heavy Mediterranean actions brought frank warnings from Italian newspapers that invasion was imminent.

Meanwhile over Europe, RAF Mosquito bombers sustaining the greatest air attack of the war through its night, slashed at railways and airports in France last night to sever main arteries of Germany's invasion-defense behind her "Atlantic wall."

The new raids upon Greek airdromes followed a 50-plane attack Thursday on Seda airdrome at Salonika. To the invasion-conscious Axis strategists, attempting to build up their strength in the Balkans, was left the decision whether the bombings were the customary prelude to attack, or a feint to hide operations elsewhere.

The Paris radio and Reuters reported passage of German landing craft through the Bosphorus on the Black Sea enroute to the Aegean.

Size of the new raid on Naples was not disclosed, and the Italians admitted only slight damage.

The Algiers radio, quoting a Spanish newspaper, reported that the Italian fleet had sailed on an offensive operation, but this was not confirmed.

On other battle fronts on this day marking the 29th anniversary of the assassination at Sarajevo:

Psychological War—Italian newspapers sought to rally the public for attack. Paraphrasing Churchill's words when invasion threatened England, one paper declared each city would become a fort, defended street by street, by soldiers with cannon and people with "guns and knives."

Russia—The great eastern front still remained relatively inactive, but on the Karelian Isthmus, scene of bitter but local fighting in the last few days the Soviets reported capture of a Finnish stronghold in and to hand combat. In the air, the Russians announced a toll of 211 Nazi planes for the week ended last Saturday.

South Pacific—Attacks on two Japanese submarines over the week end, in the Fiji islands and in the southern Coral sea, were reported by south Pacific headquarters. One was possibly destroyed. New raids on Japanese strongpoints in the Solomons were disclosed. Allied headquarters.

New York Man Held As Espionage Agent

WASHINGTON, June 28 (AP)—The justice department announced today the arrest of Ernest Frederick Lehmitz in New York City on charges of gathering espionage information for Germany.

J. Edgar Hoover, director of the federal bureau of investigation, said Lehmitz had written letters to the German intelligence in Europe containing information on shipping conditions in New York harbor and describing troop and convoy movements.

The arrest was made by FBI agents on a warrant issued by the United States commissioner in Brooklyn.

Cantaloupes Are Scarce But Good

AUSTIN, June 28 (AP)—There won't be as many cantaloupes in Texas this summer, but they will be good.

The United States department of agriculture today announced that while probable production is indicated at 34 per cent under last year's, conditions are right for quality.

Look Fishermen! Nylon casting and fly lines. Lewis Hardware Co.—Adv.

Members of the retail trade committee of the chamber of commerce, with Frank Smith as committee chairman, Pampa merchants will meet at 10 a. m. tomorrow in the committee room at the chamber of commerce in city hall to map plans for participation in the "Shangri-La Mystery Ship" Victory bond campaign to be held over the nation in July.

The campaign is similar to the "War Heroes Day" in which the retailers of the nation took part a year ago. Like the project of last year, the 1943 "Mystery Ship" is sponsored by the U. S. Treasury department.

Goal in the national campaign next month is \$10,000,000 for every man, woman and child in the United States. Similarly, the county goal for Gray county is \$23,911, or \$1 for each person residing in this county.

Other business that may possibly come up at the committee meeting tomorrow will include a further discussion of a new schedule of store opening and closing hours, and discussion of what holidays will be observed during the year.

San Francisco Under Hour-Long Air Alert

SAN FRANCISCO, June 28 (AP)—An hour long air raid alert in the San Francisco bay area yesterday brought the usual explanation that it was caused by "the approach of unidentified targets," but the army failed to add the customary phrase "later identified as friendly."

There was no explanation issued for the omission in the army announcement.

Today's Best LAFF

NO COUPON NEEDED. MARION, Va.—A young man and his girl are sitting out the OPA's pleasure driving ban.

When his gasoline was exhausted, the young man pushed his car to a street curb. Since then he and his girl come out each night and sit in the sedan. One by one the tires have gone flat.

The young man says "It's a pleasure, even if it's not driving."

Members of the British mission stated that the British development had resulted from articles reporting the preliminary work between 1926 and 1930 of (Dr. Albert Hoyt) Taylor and Mr. (Leo C.) Young of the naval research laboratory, and Dr. (Gregory) Breit and Dr. (Merle A.) Tave of the Carnegie Institute, studying the heights of the Kennelly-Heaviside Layer (the world's electric roof, 150 miles up).

Watson-Watt's equipment provided the country with the radio wave wall around its coasts when the German air force tried to blitz England out of the war. Other equipment he made went into British night-fighter planes which helped greatly in the end to break the back of the Nazi aerial offensive.

Further evidence of the use of such devices on the Bismarck is found in the fact that a British plane which subsequently located the battleship and guided British warships and aircraft in for the destruction of the big new German capital ship was fired on while it was still out of sight above the clouds.

Several days later, at four o'clock in the morning, a car pulled up in front of the Liloan Beach Club where we were staying. It was Lieutenant Colonel Edmunds and his aide.

WE steamed out through the north channel from Cebu, passing two smaller and slower inter-island ships. Both of them were sunk by the Jap cruiser that afternoon. We hardly dared look to the south across the calm blue waters. The ship's crew went about their jobs as if nothing was up. At noon they announced lunch and we went down to the comfortable dining saloon. There was a large table in the center with eight places where the American machine gunners sat and two smaller tables at each side. The Englishmen who had come out of Corregidor with us were already eating.

Corn Shipment Drop Explained

CHICAGO, June 28 (AP)—Four factors were listed by grain men today as responsible for the light corn shipments from farm areas which have closed one corn refining plant, threaten to shut others, and delay a start of livestock feeding supplies in the East.

Soldier Who Claims He's Father Of Joan Berry's Baby Fooled

LOS ANGELES, June 28 (AP)—Private Fred Steinhauer, who hitch-hiked all the way here from Camp Hulen, Tex., to claim fatherhood of Joan Berry's unborn child, was in military custody today, tripped up, her attorney says.

To Achieve Goal Woman 108 Fails

SAN ANTONIO, June 28 (AP)—Mrs. Martha Moore, who died here yesterday at the age of 108, failed to achieve the goal she had set by 30 years. She had wanted to live to be as old as her grandmother, who died at the age of 138.

One Taxpayer In Every Three Still Will Have To Make Usual Quarterly Income Tax Payment

By JAMES MARLOW and GEORGE ZELKE WASHINGTON, June 28 (AP)—About one taxpayer in every three still will have to make quarterly income tax payments under pay-as-you-go—including many who also come under the payroll deduction system of collection.

Generally speaking, the new tax law requires quarterly payments of all income and victory taxes not paid through deductions from salary checks and wage envelopes.

The law calls for new tax returns, estimating 1943 income and victory taxes, on or before Sept. 15—along with payments Sept. 15 and Dec. 15—from the following groups of taxpayers:

- 1. All those whose income this year will be less than in 1942.
2. Those who won't be subject to the wage and salary deductions—individuals who aren't on regular wages or salaries, ministers, certain members of the armed forces, farm laborers, casual laborers and household servants. Exception: farmers who have until Dec. 15 to make their returns.

- 3. Those whose wages or salaries are above certain levels—\$27,000 a year for a single person, \$35,000 for a married couple (with or without dependents).
4. Those who are on regular wages or salaries but who also have income from other sources amounting to at least \$100 a year.

(We'll take up tomorrow the whole matter of taxes on men and women going into the armed services.)

When these four groups file a declaration of estimated 1943 taxes Sept. 15, they will be able to subtract the payments they made in March and June of this year, also any amounts taken out of their wages or salaries for the victory tax during the first half of the year and under the deduction system (20 per cent of everything above exemptions) which starts in July.

The balance of tax will be due in equal installments Sept. 15 and Dec. 15.

For those whose 1943 income is smaller than in 1942, these installments will be the amounts necessary for carrying their payments up to their 1942 taxes—because of the provision for cancellation of 75 per cent (or 85 or up to \$66.67) of the 1942 or 1943 tax, whichever is smaller.

Taxpayers' estimates on the new returns must be substantially accurate. There's a penalty if they are not.

All taxpayers must make a final 1943 return next March 15. If the final return shows that the earlier tax estimate was less than 80 per cent of the final figure, the taxpayer must not only pay the difference but also a penalty on the amount by which his payments during the year fell short of 80 per cent of the final tax figure.

Example: a man estimates his tax at \$100, which he pays. Next March he finds he should have paid \$200. Now, 80 per cent of \$200 is \$160—so he should have paid at least \$160 during the year. The penalty is 6 per cent of \$60 (the difference between \$160 and the \$100 he paid) and of course he'll have to pay the \$100 of tax.

Note in this connection that a taxpayer may file a revised estimate on Dec. 15 and pay accordingly—the theory being that by that date he should know at least 80 per cent of his income for the year will be.

The farmer gets special consideration: he has until Dec. 15 to pay his estimated tax—and will be charged a penalty only if he falls short by one-third (33 1-3 per cent) on his estimate.

Governor Reaffirms Good Neighbor Idea

AUSTIN, June 28 (AP)—The good neighbor policy has been reaffirmed by Gov. Coke Stevenson as the public policy of Texas.

In a proclamation issued yesterday, he directed "all citizens of the state to observe the principles of said good neighbor policy and to abide by it to the fullest extent in both spirit and letter."

The policy set up by resolution of the house during the last session of the legislature, extending "full and equal accommodations, advantages, and privileges of all public places of business or amusement" to Mexicans and other latin-Americans resident or visiting in Texas was re-stated by the governor in the document, which was issued with this explanation in its text:

"The cordial relations between the Republic of Mexico and the United States of America are vulnerable to injury or sabotage on the part of a few irresponsible or malicious persons who may make unjust distinctions against Mexicans or the descendants of Mexicans, and in so doing may succeed in hampering the prompt and full utilization of all resources in this emergency."

U. S. Ships Join With British Battle Fleet

LONDON, June 28 (AP)—A Reuters report from Stockholm said today that United States battleships have reached the Mediterranean and joined the British battle fleet.

The report, quoting the Scandinavian Telegram Bureau, came a day after the Italian fleet was reported to have sailed into the open sea—perhaps for a fight, or perhaps for a safer refuge from Allied bombs pounded from two sides of the mainland. The Italian fleet sailing was reported also by Reuters quoting an Algiers radio report credited to the Spanish newspaper Arriba.

Neither story had any official confirmation.

Mainly About Pampa And Her Neighbor Towns

Dance every night. Belvedere Cafe. Mr. and Mrs. Malcolm J. Carr and Mrs. Phillis of Bloomington, Ind., are visiting Mr. Carr's mother, Mrs. May F. Carr this week before leaving for Chicago where they will make their home. Mr. Carr has been an instructor of sociology at the Indiana State university for the past three years.

4th of July beer at Belvedere. Corp. John W. Hale, son of Mrs. Ella Hale, 220 1/2 N. Starkweather, stationed with the Coast Artillery at Santa Monica, Cal., is in Pampa on a furlough.

Beer by the case at Belvedere. Mrs. George Walstad Sr., and Mrs. W. C. Mitchell returned Sunday evening from San Antonio, where they attended the wedding of Miss Louise Walstad.

WANTED—Working men to help organize carnival. Good pay apply Harry Craig Shows, Rodeo grounds.

Mrs. C. T. Hunkapillar returned Sunday from a visit with her daughter, Mrs. Francis Smith and Mr. Smith, in Winters, Tex. Mrs. Hunkapillar will return to her home in Oregon this week end.

WANTED—An experienced alterations lady at Pampa Dry Cleaners.

Miss Esther June Mullinax has returned to Pampa after attending a business school in Canyon this summer.

WANTED 2 men for work at Champlin Service Station 422 South Cuyler.

Mrs. J. E. Murfee, Jr., returned Sunday from a business trip to Chicago.

FOUND pair gold rimmed glasses. Owner call at News pay for ad and recognize them. Edna Combs, Worley Bldg. Phone 232.

Guests of Dr. and Mrs. W. Purviance here Sunday were Mr. and Mrs. Carroll Purviance and Mr. and Mrs. Fred Surratt, all of Panhandle.

Engineer Corps Drive Continues

Continuing the drive in the Pampa-Borger area to secure volunteers for the U. S. Army's "Fighting Engineers," R. W. Pfeiffer of the U. S. Engineer's office at Pampa Field, will be present in Borger Thursday, July 1, to interview applicants who want to serve with the colorful corps of engineers.

The Pampa Field representative will be present in the civil service room at the Borger post office from 8:30 a. m. to 5 p. m. For the convenience of men who may not be able to visit the civil service room between those hours, an evening session is being considered.

The engineers, who played such an important part in building the Alcan highway, in establishing bases in the South Pacific and in contributing so much toward the African victory, are mainly interested in recruiting specialists, specialists whose civilian occupations will be of aid to them in their "Fighting Engineer" posts.

Qualified men who have the following skills are being sought in particular: all types of mechanics, carpenters, blacksmiths, electricians, blastmen, powdermen, utility repairmen, sign painters, operators of highway-building equipment, bridge-builders, bricklayers, operators of various types of construction equipment and crane and power shovel operators.

Persons interested in signing up and in choosing their own army branch of the engineers, usually may contact Pfeiffer at his office at Pampa Field, located 12 miles east of Pampa, for an interview and details on enlistment, about which he is available on weekdays, between 8:30 a. m. and 5 p. m., but suggests that prospective volunteers write or phone him for an appointment.

After a man's skills are certified, he is given three letters of recommendation requesting assignment to the engineering unit of his choice. The next step is to volunteer through selective service for active duty. Volunteers who request assignment with the Army Air Force will be sent to March Field, Calif., and volunteers for the ground forces will go to Camp Claiborne, La., for their training.

Specialists will have an excellent opportunity for advancement in enlisted grade, and those who exhibit qualities of leadership may compete for attendance at the engineer's officers' candidate school at Fort Belvoir, Va.

Six From Canadian Attend Ceta Camp

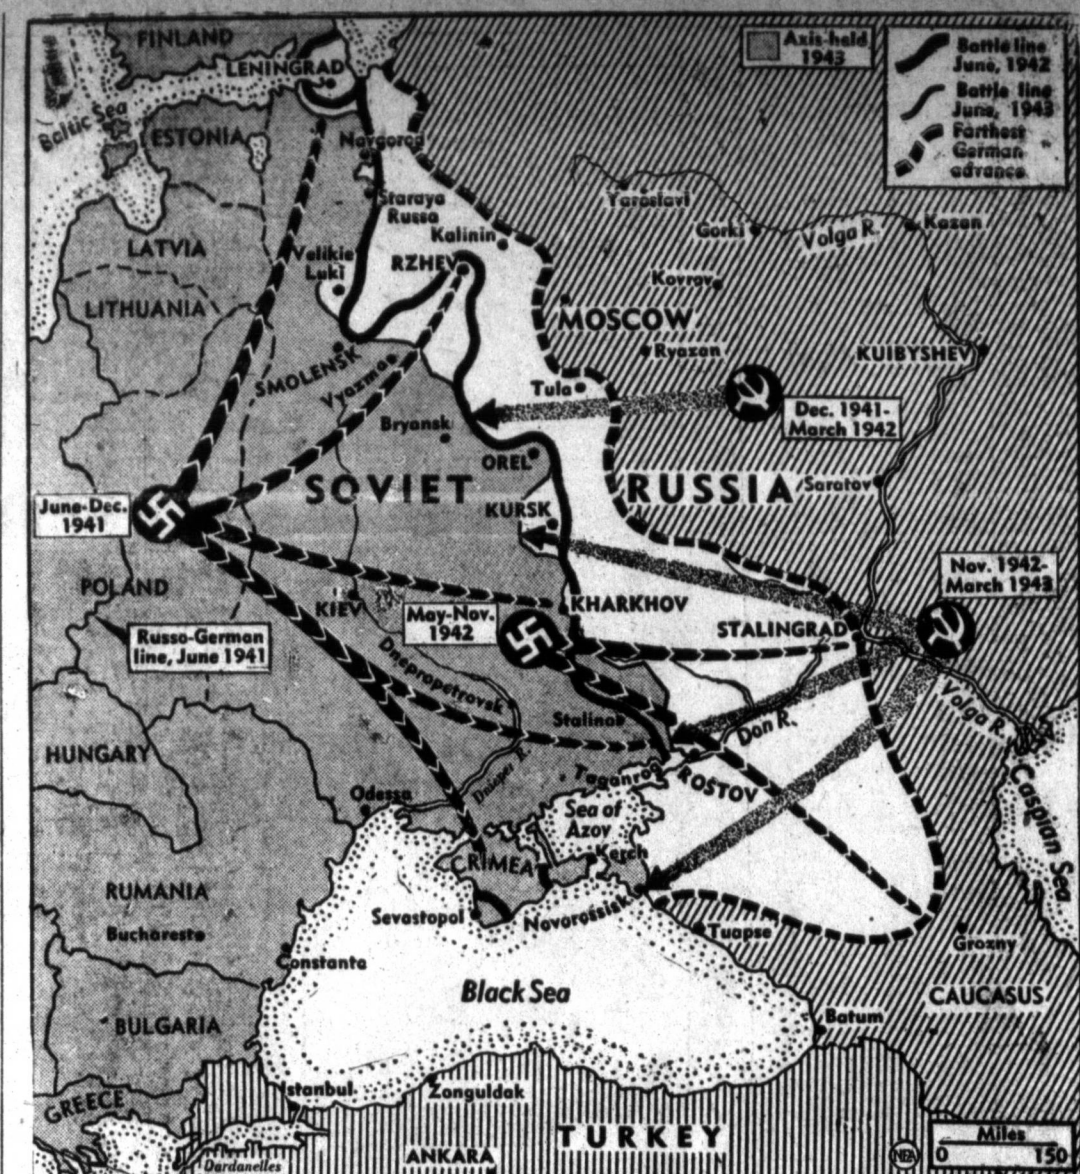

(Special to The News) CANADIAN, June 28—The Canadian Christian church was represented at the Pioneer Boys' and Girls' camp in Ceta Canyon last week by the pastor's wife, Mrs. Edward Fraim, and five of the juniors.

Thomas Jones and W. L. Job took the group to the camp Monday morning and will bring them home at the end of the week.

Frieda Zybach, Joyce Bernson, Billy Job, Fred Rathjen and Stanley Jones are the five juniors.

The Christian church leases the Methodist grounds and camp facilities each summer for the encampment. Bible study occupies the mornings and recreation the afternoons.

The older group of young people from this church were in the Ceta Canyon camp last week.

This is the geographic record of two years of war in Russia—two years of terror for the civilian population of areas overrun by brutal Nazis, two years of hardship and death for the armies of both sides, two years of attack and counter-attack as the greatest military machines in European history clashed in costly conflict. There were German drives each summer and fall, Russian counter-blow in the winter and spring hills as each side regrouped its forces after heavy losses. But the pattern may not be the same in the third year of war in Russia, for dramatic display of Soviet airpower coupled with Mediterranean invasion threats to Germany's rear may hold off a new Nazi drive toward Moscow or the Caucasus. Russia may even turn the tables and regain more of her lost territory.

Many Turn Out To Hear Boy Evangelist

"An Important Question" will be the sermon subject tonight of the Rev. James Elton Wood, 17-year-old evangelist, who is conducting a series of meetings at the Salvation Army citadel, 831 S. Cuyler.

The series of meetings will continue until July 4. Interest and attendance at the meetings is increasing each night. Capt. Herschel Murphy, corps officer, said today.

Everyone attending is asked to come early to be sure of getting a seat. Extra chairs were placed in the hall Sunday night, with a number outside the building.

A. C. Enloe Dies In Hot Springs, N. M.

A. C. Enloe, 55, fourteen-year resident of Pampa, died yesterday at Hot Springs, N. M.

Enloe was a drifter with Sinclair Prairie Oil and Gas company in Pampa.

Survivors are his widow; five sons, Morris Enloe of Pampa, A. C. Enloe, Jr., army; Hall Enloe, navy; Doyle Enloe, aviation cadet, Phoenix, Ariz.; and David Enloe of Pampa.

Seven daughters, Joy Enloe, Pampa; Mrs. Marjorie Claunch, Pampa; Mrs. Lois Skidmore, Pampa; Mrs. Wynona Freeman, Burton, Kas.; Mary Lou Enloe, Pampa; and Anna Sue, Pampa.

Funeral arrangements have not been completed at this time, pending the arrival of out-of-state relatives.

Hopmann Funeral Rites Held Today

Funeral services for Mrs. Louise Sophie Hopmann, 75, who died at 3:30 p. m. Saturday, at the home of her daughter, Mrs. Lily Sarat, on Brunow street, were conducted at 10 a. m. today in the chapel of a local funeral home, by the Rev. E. L. Naugle, pastor of Harrah Methodist church, and the Rev. J. Edmund Kirby of Borger. Burial will be in Fairview cemetery.

Survivors include the husband, H. Y. Hopmann of Pampa, to whom she was married on November 22, 1889 at Brenham; three daughters, three brothers, two sisters, two sons, 16 grandchildren, and seven great-grandchildren.

Mrs. Hopmann was a native of Germany, born in that country on August 18, 1868, but had lived in Texas for 70 years.

Jeff M. Mayberry, 66 Succumbs In Letors

Jeff M. Mayberry, 66, a resident of LeFors for nine years, died at his home there at 12:30 a. m. Sunday, of a heart attack.

Funeral services will be conducted at 3 p. m. Wednesday at the Pentecostal Holiness church in LeFors by Sister Irene Wilson. Burial will be in Fairview cemetery here.

Survivors are the widow, and mother, three sons, Holley, Herbert, and Carl, all of LeFors, and another son, Luther, in the armed forces and now in New Guinea; daughters, Mrs. Alice Capes, Lookoba, Okla.; Mrs. Nell Monday, Sulphur, Okla.; Mrs. Myrtle Kelsay, and Mrs. Romona French, both of LeFors.

IT'S DANGEROUS DOWN HERE MANCHESTER, Conn.—Steeplejack John F. Tynan fell down stairs and broke his arm. It's the same arm he broke once before—falling off a four-foot-high step-ladder.

Lions Club Will Install Officers Thursday Night

E. L. Pitts of Amarillo, chief justice of the court of civil appeals of the seventh supreme judicial district, and a past governor of Lions District 2-T will install new officers of the Pampa Lions club at the annual ladies night and installation banquet to be held Thursday night, July 1, in the basement of the First Methodist church.

The banquet will take the place of the regular Thursday noon luncheon.

In charge of arrangements for the banquet are C. H. Walker and Crawford Atkinson, Arthur M. Teed will be toastmaster.

Principal speech on the program will be delivered by Justice Pitts, who was formerly 99th district court judge at Lubbock, before his election to the court of civil appeals.

Frank Smith is the new president of the club, succeeding Roy McMillen. Other new officers are Charlie Thut, secretary-treasurer; Joe Mitchell, tall twister; Henry Ellis, lion tamer. The retiring president, McMillen, becomes vice-president for the new year.

New directors are Charlie Duenkel, H. P. Dossier, D. M. Dieker; holdover directors, Roy Bourland, William T. Fraser, Veri Hagaman.

Outgoing officers are McMillen, president; Crawford Atkinson, vice-president; Vernon Hall, tall twister; D. L. Parker, lion tamer; directors, Bob Thompson, L. L. Sone, Frank Smith.

Cadet Wives Help Those Of Class 43-H

Wives of the cadets of Class 43-G of Pampa Field welcomed the wives of the cadets of Class 43-H and helped them, when needed, in finding rooms in Pampa, as wives of the new cadets arrived aboard the Santa Fe westbound train in Pampa over the week-end.

This is the third time the group, known as cadet wives hospitality committee, has performed this service, in conjunction with the chamber of commerce.

Chairman of the present committee is Mrs. Marie S. Jacobs. The wives of the cadets are coming here from Garden City, Kas., and Independence, Kas., location of basic flying schools.

Members of the hospitality committee are Chairman Jacobs, and Mrs. T. G. Poole, Letya Chism, R. E. McGlasson, Sybil Davidson, Max Martin, Ann Tovenbaum, Alleen Harrison, Dorothy Cross.

AXIS

(Continued From Page 1) quarters in Australia also reported fresh attacks in New Guinea, particularly on the enemy supply route between Lae and Madang.

Aleutians—The main Japanese camp area on Kiska, last of the Aleutian islands remaining to the enemy, was blasted by six great raids on Friday, and joint army and navy attacks indicated that an invasion of the island might be near.

Burma—Without loss, U. E. medium bombers again attacked enemy-held railroads and plants in central Burma and the RAF bombed Japanese troop quarters on Akyah island.

Camels—Have carried 250-pound loads from Tunis to Tripoli, a distance of 600 miles, in four days.

ICKES

(Continued From Page 1) man said pickets prevented workers from entering one mine.

President James Mark of the big Central Pennsylvania district said incomplete reports showed 15,000 out of 45,000 miners were working, an improvement over last week by several thousand.

Kentucky reported 51,600 of its 60,000 miners working—a gain of more than 7,000 over last week. Union officials explained that "local conditions" prevented the return at some mines. In western Kentucky 4,500 men were out "on vacation" protesting they received only \$29 vacation pay instead of \$50 agreed upon.

Indiana reported 6,500 in the mines out of 8,000, a decrease of 500 from last week.

Hopes for a back to work surge in the Pennsylvania anthracite fields collapsed when less than 25,000 of the industry's 83,000 workers returned to their jobs. Last week 28,000 worked in the anthracite mines.

Although at least 18 United Mine Workers locals voted at stormy weekend meetings to resume production in the hard coal fields, only a few thousand miners carried out the decision, and some mines that operated last week failed to reopen.

West Virginia reported the majority of its 130,000 miners working although absenteeism was described as high in the Pocahontas field in the southern part of the state. United Mine Workers leaders described the turnout as "better than ordinary." At least two mines there were closed because of mechanical difficulty, but early repairs were to be made.

Many Gadgets Planned After War Declared To Be Impractical

PASADENA, Calif., June 28 (AP)—Those fanciful post-war electronic gadgets envisioned by architects of a wonderful world of tomorrow aren't probable, says a Cal Tech scientist, and some of them are hardly possible.

"The application of recent and continuing discoveries in electronics will be mostly in industry," said Prof. W. H. Pickering of the physics department at the California Institute of Technology. "Individual members of society will feel their effects only indirectly."

"To say, for instance, that we'll all possess miniature walky-talkie sets that can be carried in a pocket and with which we can communicate at will with relatives and friends wherever they may be, is stretching the facts," he declared.

Television and frequency modulation, Prof. Pickering said, are the two electronic developments which may be expected to play leading roles in the future home life of the nation. Both are already available in workable form, ready for general use and enjoyment after the war.

BUY VICTORY BONDS

CONGRESS

(Continued From Page 1) ed "will bring further successful offensive action."

Pointing out that the nation had only 2,500,000 partially-trained and equipped men in the army last year, McNarney declared "we have in the service at this moment in the vicinity of 6,800,000."

The army had no plans, he said, for raising its armed forces beyond the 8,200,000 officers and men, including 150,000 WAACS, set for its goal by the end of this year.

Once the goal of 7,000,000 enlisted men and non-commissioned officers is reached, he declared, "it is our intention to maintain our army of 7 and a half million troop strength for the balance of the 1944 fiscal year."

McNarney said the army's manpower goals were based "on the strength of our enemies on land, sea and in the air, their complete resources, and the total resources of our Allies and ourselves, and our combined abilities to train and to service our troops, and keep them in excellent fighting condition, without impairing the efficiency of our domestic economy."

McNarney's testimony was made public as congress drove ahead toward clearing up \$115,000,000,000 in appropriation bills ahead of a summer recess.

VACATION

(Continued From Page 1) as those of the majority, to call members back into session in event of an emergency.

Senator Truman (D-Mo.) sought support for a \$47,000,000 amendment to the \$1,100,000,000 labor-security bill to finance a continuation of youth training and student aid program under the war manpower commission.

Truman, chairman of the senate's war investigating committee, contended NYA's work was "absolutely essential" in training young men and women for manual tasks in war plants and shipyards.

Meanwhile, the senate appropriations committee sought to complete hearings today on a \$2,800,000,000 war agency bill from which the house looped \$35,000,000 of price administration funds. The house wrote in a ban against subsidies and deducted \$5,500,000 from office of war information (OWI) funds with a view to scrapping its domestic operations.

Administration leaders also hoped to salvage some part of their food price subsidy program, although both houses voted last week against the use of federal funds to keep prices down.

NOTICE Board of Equalization meeting, Pampa Independent School District

In obedience to the order of the Board of Equalization, regularly convened and sitting, notice is hereby given that said Board of Equalization will be in session at its regular meeting place in the City Hall in the City of Pampa, Gray County, Texas, at 10 o'clock A. M. Thursday the 8th day of July, 1943, for the purpose of determining, fixing and equalizing the value of any and all taxable property situated in the said Pampa Independent School District, for taxable purposes for the year, 1943, and any and all persons interested or having business with said board are hereby notified to be present.

Secretary, Roy McMillen, June 27th, 28th, 29th.

Great Increase In Wheat Crop Will Be Asked

WASHINGTON, June 28 (AP)—Food Administrator Chester Davis is expected to announce soon the general outline of an "all-out" food production program for 1944 removing virtually all acreage and marketing restrictions, even perhaps abolishing AAA allotments.

The program will call for a record of about 380,000,000 acres for cultivated food, feed, fiber, and tobacco crops. This compared with 350,000,000 acres used for such crops in 1942. Accurate figures of this year's crop acreage are not yet available, but they may not be far different than last year, due to unfavorable weather conditions and labor shortages during the past planting season.

Wheat, which a year ago was looked upon as a surplus crop, will come in for the largest increase in acreage, because supplies have declined rather sharply under the impact of a livestock feeding program which required use of extra heavy amounts of the bread grain. The 1944 goal for wheat is expected to be between 65,000,000 and 70,000,000 acres compared with about 52,000,000 seeded for this year's crop.

Increases are planned for such other protein and vegetable oil crops as dry beans and peas, soybeans, peanuts, flaxseed, and such direct crops as potatoes, sweet potatoes, and vegetables for both fresh markets and processing, and corn and other livestock feed crops.

Definite acreage goals for these crops will be announced after food officials have obtained a more definite line on this year's production prospects.

Decreases in goals for cotton, tobacco and sugar beets and sugar cane are under consideration.

The program will seek to bring livestock production more nearly in line with the feed supply. In view of the fact that feed is limited, emphasis will be given to types of livestock that will yield the largest returns of critical food nutrients for the feed and labor involved.

FDR Sends Letter To Polish Premier

LONDON, June 28 (AP)—President Roosevelt has sent a secret letter to Premier Wladyslaw Sikorski by Ambassador Anthony J. Drexle Biddle, Jr., the Polish telegraph agency said today.

The agency likened the message to the one delivered to Premier Stalin of Russia by Joseph E. Davies recently.

Quarters close to Biddle's office said that the embassy did not know the contents of the letter, but that it was a reply to a letter from Premier Sikorski to Mr. Roosevelt.

Aviation spokesmen expect that 60 ton transport planes will be flying regularly by 1945.

CHEAP PAINT

Why do so many painters use Sherwin-Williams paint? BECAUSE a painter knows that a quality paint is the cheapest paint to use. We have a complete stock of these paints.

Jap Subs Attacked By Aerial Bombers

SOUTH PACIFIC HEADQUARTERS, June 28 (AP)—Two Japanese submarines were attacked from the air in widely separated parts of the South Pacific over the week-end.

South Pacific headquarters announced today that a Hudson navy patrol bomber on reconnaissance spotted an enemy submarine Friday some 200 miles southwest of Suva in the Fiji islands, and dropped a depth charge on the undersea craft.

Shortly afterward, a heavy oil slick appeared on the surface of the water. A search of the area for the enemy vessel or further evidence of its possible destruction is being continued.

Another Japanese submarine was bombed in the southern Coral sea yesterday afternoon, and was last seen making a crash dive.

Police Busy With Weekend Rumpuses

Pampa police had a busy weekend with six arrests for intoxication, a Negro gang fight broken up and four charged with affray, one with assault and affray, and one case of disturbing the peace.

Fines collected in corporation court today totaled \$56.

One Negro suffered a cut on one hand, cut on temple, and had his shirt cut off and trousers ripped by a knife, in the fight that occurred in The Plaza Saturday night.

FDR Sends Letter To Polish Premier

LONDON, June 28 (AP)—President Roosevelt has sent a secret letter to Premier Wladyslaw Sikorski by Ambassador Anthony J. Drexle Biddle, Jr., the Polish telegraph agency said today.

The agency likened the message to the one delivered to Premier Stalin of Russia by Joseph E. Davies recently.

Quarters close to Biddle's office said that the embassy did not know the contents of the letter, but that it was a reply to a letter from Premier Sikorski to Mr. Roosevelt.

Aviation spokesmen expect that 60 ton transport planes will be flying regularly by 1945.

Wherever He May Be HE'S ON THE JOB ARE YOU?

The tropic sun beats down—his throat is parched—he hasn't slept in more hours than he can remember to count; but Victory is at stake—and our shooting fighter is right in there, back of his gun, peppering the enemy with bullets. That's the attitude each of us on the home front must take to our jobs. Nothing must distract us for a minute: nothing must be permitted to interrupt our turning out the machines our boys and allies must have—to win! We all know how easy it is to let down when you're weary—but wars must be won the hard way—so, on the job America!
