SUN SWEET

Maybe the Chamber of Commerce prompted her, but Jean Bartel, crowned "Miss California," insists on giving Old Sol all the credit for her lovely face and figure.

Oil Shortage In U. S. Feared When War Reaches End

By CHARLES MOLONY WASHINGTON, Aug. 16—(AP)—Steps to promote more efficient use of United Nations oil resources are being pushed steadily but quietly throughout the world. The agencies taking part, so far as this country is concerned, are the petroleum administration for war, as principal developer of the program, and the petroleum reserve corporation as financial backer.

Interior secretary Ickes set up a new division in the PAW under Stewart P. Coleman, Texas-born petroleum economist with international experience, to work toward development of "a tightly knit and fairly coordinated petroleum supply program to meet the military and essential civilian requirements of the United States."

About the same time, the PRC was chartered by commerce secretary Jones along lines of the reconstruction finance corporation. The PRC charter fixed its authorized capital stock at \$1,000,000, but the corporation was empowered to borrow money "without limitation" on its secured or unsecured notes.

Tommy's 7th Marriage Lasts Only 8 Hours

NEW YORK, Aug. 26.—(AP)—Tommy Manville said today that he had called it quits with his seventh wife, the former Maude Marie (Sunny) Answorth whom he married yesterday, and that he would seek an annulment. He said the breakup occurred last night, seven hours and 45 minutes after the wedding ceremony.

I SAW...

NEW DRIVE ON JAPS SEEN

Public Asked To Help in Fight Against Polio

Ban on Public Gatherings In City Is Urged

Although two of the six Pampa children afflicted with infantile paralysis have recovered and the condition of the others is regarded as not serious, city and county health authorities today renewed their plea to property owners to clean up their premises as thoroughly and as quickly as possible.

Following up the Pampa action, Supt. E. R. Reeves of the LeFevre schools announced today that school opening there would be postponed from Aug. 30 to Sept. 6. Dr. R. Malcolm Brown, city health officer, said today that Becky Palmer, 3-year-old daughter of Mr. and Mrs. Buster B. Palmer, 108 S. Wynne, has completely recovered and has been released from the hospital, and that Bonnie Glaxner, 3 1-2, daughter of Mr. and Mrs. Dan Glaxner, 701 N. Gray, also has recovered and will go from the hospital shortly.

The condition of the other four is not too serious, he said. The city health officer said he believed that all public gatherings in Pampa should be suspended unless absolutely essential. "Keep your children away from picture shows and churches," he advised. "If school officials believe school should be suspended for a while, then parents certainly should not allow their children to attend movies and church. Keep them at home."

Dr. R. A. Webb, county health officer, urged all residents of the city and county to clean up dirt and filth to prevent the breeding of flies and mosquitoes. Mayor Fred Thompson asserted that the city was doing all possible to clean up the town, but emphasized that cooperation of individual property owners is necessary to do the job.

Prisoners Cleaning Up Pampa Alleys

Pampa alleys were being cleaned up today by 16 German war prisoners from the McLean Internment Camp, and City Manager W. C. de Cordova declared they were doing a good job. He also revealed that several citizens had telephoned him protesting the use of German prison labor in Pampa, fearing they would spread disease and others constitutionally against using Germans.

Air Field Band To Play In Central Park Tonight

Tonight's the night when the popular Pampa Army Air Field band presents its first local concert for the entertainment of the residents of Pampa and vicinity. A program of classical, light classical and popular music will be presented at Central Park, starting at 7:30 p. m. Warrant Officer Kenneth Carpenter will direct the field organization. The program will be as follows: 1. The Army Air Corps Song... by Crawford; 2. Thunder and Blazes, march... by Fuellek; 3. First Movement from Symphony in B Flat Minor (The Unfinished Symphony)... by Schubert. This is one of the best known and best loved of all symphonic works. Because of its soft and melodic warmth, the entire symphony may be considered a tone poem. It was never played during Schubert's life.

Texas Will Stage Grass Roots Campaign To Sell War Bonds

DALLAS, Aug. 26.—(AP)—A grass-roots campaign to sell war bonds in the big drive next month will call on a million Texas workers at benches, machines and desks, state chairman Nathan Adams said today. His job, he said, would be to organize into small groups in each business firm to meet with the local county war finance committee chairman to set up a bond sales quota for the firm's employees based upon total employees and their monthly payroll, and to turn over to the employees the job of working out the best method for selling to themselves. A million Texas workers by this method could put 100 million dollars of employer's money to work, at interest, and raise almost two-thirds of the \$140,000,000 net bond sales sought from individual citizens as part of the \$420,000,000 total Texas net sales quota for the 3rd war loan's September drive.

Autopsy Ordered After Death Of Actress' Husband

HOLLYWOOD, Aug. 26.—(AP)—The coroner's office ordered an autopsy today in the death of Arthur Farnsworth, 36, husband of screen actress Bette Davis and western representative of a Minneapolis firm manufacturing aeronautical equipment. Farnsworth, former commercial pilot, succumbed yesterday to injuries sustained in a manner which police said was puzzling. He was found unconscious on a Hollywood boulevard sidewalk Monday. Dr. Paul Moore said Farnsworth suffered from "blind flying" training.

Old Age Pension Change Advised

WASHINGTON, August 26.—(AP)—An amendment to the Texas Old Age Pension plan will be submitted to the Social Security Board, and, if approved, will clear the way for certification of \$1,900,000 in federal grants to Texas for September. John H. Winters, executive director of the Texas Public Welfare department, said last night that "we believe a way has been found to meet the requirements of the Social Security Act and at the same time carry out the spirit and intent of the Texas Senate Bill 169." Details of the amendment were not disclosed.

Swedish Boats Sunk by Nazis

STOCKHOLM, August 26.—(AP)—Three German destroyers sank two Swedish boats in the North Sea off the northwest tip of Denmark last night, the Swedish news agency reported in a Gothenburg dispatch today. A foreign office spokesman said that if the attack occurred, the Swedish government would regard it as an "extremely serious" affair and the worst in a series of incidents involving Germany since the sinking of the Swedish submarine Ulven April 16.

250 Coming To District FBI Meet Tuesday

Two hundred and fifty peace officers and war plants guards from all over the Panhandle will gather here next Tuesday afternoon, Aug. 31 for the district federal bureau of investigation meeting, the first in a series of state-wide gatherings. The program will begin at 1:30 p. m. Tuesday at the junior high school auditorium, with Mayor Fred Thompson making the address of welcome, Chief of Police Ray Dudley announced. R. G. (Dick) Danner in charge of the Dallas FBI office, will then take over the program with new information for the officers. A forum discussion will follow with Capt. Polk Ivy of the state highway patrol from Amarillo in charge.

Stinson Kidnapers Are Held For Trial

GRAHAM, Texas, Aug. 26.—(AP)—Examining trial was set for today for Willard Holton, 22, and Herbert Frazer, 18, charged with extortion and burglary in connection with the imprisonment of a Young county ranch employe and the abduction of an Ellenville merchant. The charges were filed here last night before Justice of the Peace J. T. Rickman after District Attorney Ben Dean took written statements from the youths. Two men used armed force Monday night to lock John Hogue, the ranch employe, in a barn and compel Merchant Tom Stinson to accompany them in Stinson's automobile to Fort Worth, where they later released him and abandoned the car. Holton and Frazer were captured Tuesday night after police used tear gas to rout them from a small cave in Fort Worth's south side residential area.

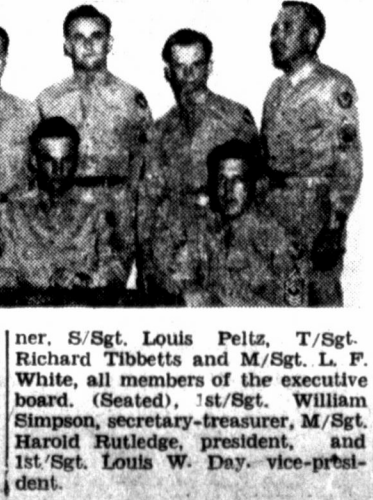

Red Army Passes High-Water Mark In New Offensive

LONDON, August 26.—(AP)—Forging steadily ahead on an ever-widening front, Red army troops today were beyond the high-water mark of their winter counter-offensive after capturing Zhenkov, 85 miles northwest of Kharkov. A Soviet communique, announcing the fall of Zhenkov and 60 nearby villages, said Soviet German counterattacks had failed to halt a Russian surge toward the Dnieper river bend as Red army units streamed through fallen Kharkov pointing toward Poltava and Loozova, 75 miles to the southwest and south, respectively. Russian forces on the lower Donets, meanwhile, were reported to be widening a breach in the German lines southwest of Voroshilovgrad and penetrating ever deeper into the Donets Basin. Capture of Loozova, strongly fortified Nazi anchor, would sever one of the Germans' main railway supply lines in the important Donets area.

Five Picked Up For Draft Investigation

Five men have been picked up in Pampa for not having their draft registration and classification cards, police department records showed today. Their draft boards are being checked to determine their status. Two persons charged with drunkenness paid fines of \$10 each in city court. Record C. E. McGraw said a 16-year-old boy accused of not having driver's license was fined \$5 and one driving while intoxicated case was transferred to county court.

OFFICERS OF SERGEANTS' CLUB

Pictured above are the officers of the Pampa Army Air Field's Sergeants' Club, which had its official opening Saturday night, August 21st, at the new headquarters at 121 West Foster Street. Left to right (standing) 1st/Sgt. Patrick De Zeller, 1st/Sgt. Charles Morris, S/Sgt. Milton Sund-

Berlin Plastered Again For Third Night In a Row

LONDON, Aug. 26.—(AP)—RAF Mosquitoes kept the nerves of Berliners on edge last night with the third raid on the German Capital in as many nights. The air ministry communique said one of last night's raiders was missing. Simultaneously with the raid, a new stab at Berlin, other aircraft laid mines in enemy waters, it was announced. Three German airfields and a power station in western France were raided yesterday by American and British medium bombers without loss. A Berlin broadcast by the German news agency DNB today said Allied "nuisance raiders" again were over northern Germany and had dropped bombs, causing slight damage. The broadcast was recorded by the Associated Press.

People of Berlin Living in Terror

BERN, Switzerland, Aug. 26.—(AP)—Berlin lives in real panic, and many persons, terrified by Allied air raids, are fleeing to the protection of surrounding forests, an article in the weekly Die Nation reported today. (NBC Correspondent John MacVane said in a London broadcast that German government officials are being dispersed throughout Germany as a result of the Berlin bombings. "Apparently the damage to Berlin by the Allied air raids was greater than had first been indicated," MacVane said.) The Die Nation article, written before the German capital's heaviest pounding last Monday night, said Berliners' "eyes were opened" by flaming red placards signed by Propaganda Minister Paul Joseph Goebbels telling them to protect their lives and possessions. The city is "in feverish fear, packing trunks, packages and boxes x x x." Die Nation continued, "The war of nerves has reached a peak in Berlin hitherto thought impossible."

Many Texas Ares In Need of Rain

(By The Associated Press) Texas, needs rain. In irrigated sections of the Rio Grande Valley the situation was described as bad. Drying shallow-wells in some parts of the state forced farmers to haul water for livestock. The U. S. Department of Agriculture reported the "range feed and stock situation serious through a wide belt of Texas from the lower Rio Grande to the West Central area."

King's Cousin Takes Over In Southeast Asia

By ALEX H. SINGLETON WASHINGTON, Aug. 26.—(AP)—Sharply-accelerated pressure on Japan from the east, together with a sea-air-land drive to reopen the Burma road, were regarded here today as likely outcomes of the appointment of Lord Louis Mountbatten as supreme Allied commander in Southeast Asia. Mountbatten, chief of Britain's famed commands and cousin of King George VI, is due in Washington today to begin plotting details of the broad operational plan laid down in Quebec by President Roosevelt and Prime Minister Churchill for crushing Japan. His appointment, first concrete result of the momentous conferences between the Allied leaders, underscored the emphasis which undoubtedly was placed on the Pacific part of the global war at Quebec and served notice of an impending start in Allied efforts to bring aid to China. It brought to the command of the southeastern Asian Allied forces a man trained for amphibious operations—one who rose from midshipman to skipper of the illustrious, one who gained first-hand knowledge of land fighting and guerrilla tactics in building up the command. In Mountbatten's background military observers found basis for speculation that a direct blow by air and sea may be aimed in the near future at the vital port of Rangoon, even as the offensive down the Arakan coast is continued with stepped-up intensity. Success in reopening the Burma road would serve the double objective of getting more supplies in to the Chinese forces of Generalissimo Chiang Kai-shek, and as a route for bringing in fuel for Allied planes and bombers for a close-up air attack on Japan from Chinese bases. Mountbatten will command American and Chinese as well as British, Canadian and Indian forces. One factor probably taken into consideration in his appointment is that the preponderance of his troops are British and principally natives.

Allies Now Within Mile of Salamaua

By WILLIAM F. BONI ALLIED HEADQUARTERS IN THE SOUTHWEST PACIFIC, Aug. 26.—(AP)—American and Australian jungle troops now are within a mile of the Salamaua, New Guinea, airstrip, a spokesman for Gen. Douglas MacArthur disclosed today. The spokesman said that the south-west end of the airstrip. The spokesman said that along the Francisco river, which flows south of the airstrip into Bayern Bay, the only Japanese still holding out below the river are at dot inlets on the coast. The only semblance of a line held by the enemy begins at the inlet and runs to Nuk Nuk, directly south of the airstrip. Along that line, the enemy has made several counterattacks. The spokesman said that Allied troops north of the river were encountering rather weak resistance. Today's communique reported no major changes either on New Guinea or New Georgia and said bad weather greatly limited air activity.

### General Patton Congratulates Americans on Sicilian Victory

PALERMO, Sicily, Aug. 26—(AP)—Lt. Gen. George S. Patton, Jr., in orders congratulating his seventh army on the civilian victory, told them today "your fame shall never die."

"You have destroyed the prestige of the enemy," he said.

"Born at sea, baptized in blood and crowned with victory in the course of 35 days of incessant battle and unceasing labor you have added a glorious chapter to the history of the war."

"Pitted against the best the Germans and Italians could offer you have been unflinchingly successful. The rapidity of your dash which culminated in the capture of Palermo was equaled by the dogged tenacity with which you stormed Troina and captured Messina."

"The engineers performed prodigies in construction and maintenance of impossible roads over impassable country. The services of maintenance and supply performed a miracle. The signal corps laid over 10,000 miles of wire and the medical department evacuated and cared for our sick and wounded."

"On all occasions the navy has given generous and gallant support. Throughout the operation our air force has kept the sky clear and tirelessly supported the operation of the ground troops."

"As a result of this combined effort, you have killed or captured 113,350 enemy troops. You have destroyed 235 of his tanks, 2,324 vehicles and 1,162 large guns and in addition have collected a mass of military booty running into hundreds of tons."

"But your victory has significance above and beyond its physical aspect—you have destroyed the prestige of the enemy."

"The President of the United States, the secretary of war, the chief of staff, General Eisenhower, General Alexander and General Montgomery have all congratulated you."

"Your fame shall never die."

### Hospital Fund Shows Loss In Audit Report

AUSTIN, August 26—(AP)—Investments owned by the special fund of the Sealy and Smith Foundation for the John Sealy hospital, Galveston, had a book value of \$702,604 last August 31 compared with a market value on that date of \$327,109, State Auditor C. H. Cavness has reported.

The figures were presented in a special audit of the fund covering 15 years and seven months.

Book value, said the auditor, was the original appraisal set-up or the actual cost of securities purchased except where premiums were paid in three instances.

The legislature created the fund by the remission of inheritance taxes due the state for the purpose of building and equipping the John Sealy hospital, property of the state, for clinical use by the University of Texas medical branch at Galveston.

The auditor noted that the greater part of the \$375,494 book loss in investments was in 15,000 shares of Socony-Vacuum Corporation stock carried at a book value of \$480,000 and which had a market value of \$120,000 last August 31.

Market value of all stocks and bonds owned on that date was 46.5 per cent of book value while par value was 64.78 per cent of book value.

Disbursements of the fund for the audited period were \$563,550 compared with receipts of \$564,902, leaving a cash balance of \$1,351.

The auditor said that while the question of constitutionality of the act creating the fund had not been questioned it was by its nature "at least an unusual legislative procedure—the state secured certain perpetual rights to certain designated property, accepting same in lieu of inheritance taxes." He declared, however, the fund had been fully accounted for.

By this act the state entrusted the joint supervision of investment, reinvestment and control of expending the income to the board of regents of the University of Texas. Neither the University of Texas, the comptroller of public accounts nor the state treasurer have ever set up a book record of the fund to charge the board of regents with accountability for same to the state, nor has the university made it part of its balance sheet to show the fund as an asset of the state.

"Standard practice would call for the inclusion of this fund certainly in the books and accounts of the University of Texas."

"We recommend also that the assets and liabilities of this special fund of the Sealy and Smith Foundation, with a complete and separate accounting record."

"We feel that the segregation provision of the original act and the January 31, 1927, agreement have not been as completely carried out as was intended by the legislature, even though in our opinion the fund has been fully accounted for."

### Health Insurance For Livestock Conceived

ST. LOUIS, Aug. 26—(AP)—Health insurance for livestock may be a new field for enterprising agents.

A system of animal health insurance to help the farmer provide better care for livestock and promote more efficient production was suggested in a committee report to the war conference of the American Veterinary Medical Association.

"Medical service for the average family obliged to live on a restricted budget is a problem in the medical profession today," the report drafted by Committee Chairman Dr. E. C. W. Schubel, Blissfield, Mich., explained.

"Perhaps we have a comparable situation among certain groups of farmers and animal owners who feel that adequate veterinary service is beyond their financial reach. An equitable system of animal health insurance which would provide veterinary service would go a long way toward solving this problem."

### Tommy Manville Weds Texas Girl

NEW YORK, August 26—(AP)—Tommy Manville, wealthy asbestos heir, was married Wednesday to Marie Marie "Sunny" Ainsworth, 19, a showgirl from Matagorda, Texas, by Supreme Court Justice Louis A. Valentine. It was Manville's seventh marriage and the bride's third.

The ceremony took place without previous announcement in Justice Valentine's office, just two weeks after Miss Ainsworth announced she and Manville had broken off their engagement because they were not well enough acquainted.

### Rules To Observe In Prevention Of Polio In Pampa

(Editor's Note: This is the third in a series of articles written for the purpose of giving the public information on how to prevent poliomyelitis and other diseases by sanitary methods. These are not based on theories, but are measures which have been proved in actual practice by communities, and especially by the armed forces.)

By MAJOR MORTON W. ADLER, Post Surgeon Pampa Army Air Field

It has been known for a long time that poliomyelitis may be transmitted by the secretions of the respiratory tract (nose, mouth, throat and lungs). These secretions include saliva from the mouth, pleural cougher up from the lungs, and mucous discharges from the nose.

A person with the polio virus in his secretions could throw it as far as fifty feet by sneezing. A person does not need to have polio in order to spread it. There are many "carriers" who carry the germs who have never been sick with polio. They are apparently healthy individuals who are difficult to detect as "carriers."

Therefore, EVERYONE must observe these rules to keep down the spread of polio and also of many other diseases:

1. Do not use the same glass for drinking that someone else has used. This also applies to other things that people may have had in their mouths such as cigarettes, drinking straws, musical instruments, water dippers, candy, etc.
2. Cover your mouth and nose when sneezing or coughing. A handkerchief is preferable but use your hand if necessary.
3. Do not expectorate on the street or on floors. A handkerchief should be used.
4. Avoid large crowds as much as possible especially if you have any sign of a cold or hayfever.
5. Be sure all rooms, especially sleeping rooms are well ventilated, summer AND winter.
6. Avoid undue fatigue by rest periods and plenty of sleep.
7. Do not chill the body by cold showers when hot, or by standing in front of a fan in wet or damp clothing.
8. Kissing of children should be kept to a minimum, especially by visiting friends and relatives who may be innocently carrying germs.

**DELUXE ACCOMMODATIONS**  
HARRISBURG, Pa. — Wartime travel discomforts don't bother Lt. Col. George H. Haer, Pennsylvania selective service officer.

When he leaves Friday to visit his family in Seattle, Wash., he'll be riding in a locomotive cab.

"I enjoy it more than riding in one of the cars," said Col. Haer, who has been traveling elbow-to-elbow with firemen for six years. "I always ride the second locomotive if there are two because you don't get dirty enough in the first one."

### Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up nights. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep.

When doctor says kidney function is poor, it may also cause nagging backache, rheumatic pains, leg pains, loss of sleep and energy, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give heavy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

### Chicago Infantile Paralysis Epidemic Continues To Spread

CHICAGO, August 26—(AP)—Dr. Herman N. Buidesen, president of the board of health, describing Chicago's epidemic of infantile paralysis as the "worst in the city's history," believes that the outbreak of the disease "has by no means reached its peak."

All fire apparatus in Hawaii has been painted green to lessen visibility.

The case of the runaway girl who escaped from a window in the police chief's office this week was an item of interest at the police department today.

The night before, it developed, she had taken a dress, pair of shoes, and two pairs of stockings from a Pampa home. The clothing was identified and returned to the owner.

The girl's sister and mother came over from Stinnett to see the runaway, who had been missing from home for three days.

Allen left the girl in Chief of Police Ray Dudley's office for a few minutes, with the door closed. When he returned, he discovered she had opened a screen window on the east side and had vanished. She was last seen crawling under a boxcar over at the railroad tracks.

If the girl is caught, juvenile officers will handle the case, police said.

### Russia Intends To Take Lead In Post-War World

WASHINGTON, August 26—(AP)—A statement that Moscow intends to have a leading role in the post-war organization of the world and would look with disfavor on a United States of Europe or a Europe divided into "various federations, confederations and regional blocs of states" was circulated in Washington today by the Soviet embassy.

This expression of Soviet views originally appeared as an editorial in the Moscow periodical War and the Working Class, which has come into prominence recently as a mouthpiece of Soviet policy. It took on added significance with its republication in the official embassy bulletin here.

"Every right-minded person," the editorial says, "understands that one of the leading roles in the organization of post-war Europe, and of the whole world, will belong to the U. S. S. R., the largest continental power, which in the course of war has displayed its state and military might."

"Anti-Democratic and semi-Fascist elements, however, are striving to prevent the participation of the U. S. S. R. in the organization of the post-war world, setting up the most fantastic plans in the direction, plans obviously hostile to the Soviet union."

"There are quite a few such plans, starting with the plan for the creation of a United States of Europe, Pan-Europe, and ending with the plan for creating a Europe divided into various federations, confederations and regional blocs of states."

The editorial condemns particularly the proposed establishment of an East Europe federation, to include Poland and other eastern countries and involving an aggregate population of nearly 125,000,000.

This plan in particular, it says, is being propagated "by Polish and other enemies" of the Soviet union, ostensibly as a safeguard against future German aggression but also, and "by no means least of all, levelled against the Soviet union."

BUY VICTORY STAMPS

CHICAGO—A Chicago navy officer, now on duty at a southern base, sent his small son to Sunday school down there, he related in a letter to friends here. The boy's first assignment was to learn the ten commandments.

His father asked if he intended to complete the homework.

"Gosh no," the boy exclaimed, "Why should I? We're only here for the duration, and I don't need them back home in Chicago."

### If Japs Won't Dodge, Yanks Didn't Say So

SAN ANGELO, August 26—(AP)—Capt. Thomas G. Lanphier, Jr., seven-times decorated army air forces P-38 hero with seven Japanese planes to his credit, told this one to Goodfellow Field aviation cadets on Major Joe Foss, marine fighter pilot ace:

At Guadalcanal, Major Foss habitually assured new, inexperienced pilots, to have no fear of allegedly fanatical Japanese pilots who pretend they'll crash into an American fighter plane head-on.

"You have superior fire power, you have the best plane, just keep going straight into the Zero and keep shooting, he'll turn away," Foss would say.

One day a skeptical youngster asked: "Are you sure the Zero pilot will veer off to avoid the crash, Captain?" (Foss was promoted later).

"Sure," Foss answered, "ask any of the old-timers, everyone will tell you the Jap at the last second will pull off to miss you. And anyway, you've never heard of one coming back and saying the Jap didn't dodge, have you?"

### Sister of Will Rogers Dies

CHELSEA, Okla., August 26—(AP)—Mrs. Sallie Rogers McSpadden, 79, known throughout the Southwest as "Aunt Sally" and the only surviving sister of the late Will Rogers, died Wednesday.

She had been ill for about a year of heart disease.

Mrs. McSpadden was active in civic and church affairs here and was one of the pioneers of this part of the state.

### Mmes. Holbig, Hale Are Shower Honorees This Week

Mrs. Ted R. Holbig was honored with a farewell handkerchief shower Tuesday afternoon in the home of Mrs. W. O. Prewitt with Mrs. Willard Johns and Mrs. C. W. Hays as co-hostesses.

Friends who called during the afternoon were: Mmes. L. M. Batten, Fred Sweeney, A. W. Skewes, H. L. Ledrick, Jr., Fred Lamb, S. W. Rockwell, Ray Sheehy, Morris Enloe and Charles Madala.

Those sending handkerchiefs were: Mmes. Hetschel Bellew, O. B. Schifman, Y. O. Turbno and Miss Anna Mae Darling.

### Pollyanna Class Has "Kid Party" In Henry Home

As entertainment for the month of August, the Pollyanna class of the First Baptist church was entertained recently with a "Kid Party" at the home of Mrs. Baker Henry.

Games in keeping with the theme of the party were played. The prize given to the one dressed most like a kid was won by Dora Taylor. Pictures were taken of the group during the evening.

A short business meeting was held following the social hour in which Miss Allene Vaughn was elected president succeeding Miss Dorance Jean Caldwell who will leave shortly to attend college at Texas University.

### Informal Dance To Be Held Saturday Night At PAAF

The Wilco club will honor Aviation Cadets of Class 42-1 at the recreation hall at Pampa Army Air Field this Saturday evening, August 28. The post orchestra, led by T/Sgt. Albert Fish and featuring the vocals of Pvt. Barry Shuman, will provide the music.

Members of Pampa's Wilco club today sent out invitations to girls on their guest list requesting their presence at the dance. Wives of married Cadets have also been invited to attend.

### Three Out Of Four Born On August 26

Three out of four in the family have birthdays today.

August 26 is the anniversary of the birthday of Mrs. W. H. Wells, 912 Fisher, her father, C. F. Mercer of Pawnee, Okla., and of her sister, Mrs. C. F. Meyers, also of Pawnee.

Each year the group gathers in Texas or Oklahoma in order to celebrate their birthday anniversaries, and this year they are the guests of Mrs. W. H. Wells.

### Hourly Fires Keep Firemen on Jump

A fire every hour on the hour kept the Pampa fire department pretty busy yesterday afternoon.

At 4:30, a blaze in a cellar of a house at 41 Malone was extinguished with small damage to clothing. Fire Chief Ben White reported.

At 5:30, a small furnished house at 915 S. Barnes caught fire and was extinguished with small damage.

At 6:30, a gasoline blaze at the Pursley Motor Co., 211 N. Ballard, was extinguished.

### Knights of Pythias Open House Tonight

Open house will be held by Pampa lodge No. 480, Knights of Pythias, at 8 o'clock tonight at the castle hall, 109 1/2 S. Cuyler, for all Knights, their wives and guests.

A. L. Weathered, Russell Kennedy and Tony Smith are in charge of arrangements. Games or 42, dominos and bridge are planned.

"B" (in front of orderly rooms), stopping at 517 1/2, 908th, Mess Hall PX office, 454th Supply and WAC buildings, West on 11th St. with stop at corner of Post Cleaning Shop, North one block on Rafferty Ave. "C": West one block on 10th St. and North on George St. "B" with stops at the Officers' Mess, Post Headquarters, Cadet Mess and proceed on out the North Gate. Appropriate signs will designate all stops, and bus drivers will be prohibited from discharging or loading passengers at any point except specified bus stops.

### Buses To Take New Route at Air Field

Effective today, Wednesday, all Liberty buses on the Pampa Army Air Field-Pampa run will enter the post at the north gate and travel over the main streets on the post before leaving via the same gate on the return trip to Pampa.

The new route of the buses will enable field officials to discontinue the running of the converted Army truck that has been used as a post bus.

Upon entering the field, Liberty buses will proceed up Second Street, stopping at the Post Engineer Quartermaster and Sub-Depot ofices; then, south on Walker Ave.

### More than 60,000 men and women have been trained for radio work under the sponsorship of the War Manpower Commission.

### Various Entertainments, Showers Are Given Maxine Chambers, Bride-Elect

Special To The NEWS.  
CANADIAN, Aug. 25—Miss Maxine Joan Chambers, daughter of Mr. and Mrs. Frank C. Chambers, Canadian is to become the bride at 10 a. m. Thursday, August 26, of Edw. Jack Osborne of the U. S. Navy and son of Mr. and Mrs. J. P. Osborne, of Miami.

The ceremony will be solemnized in the family residence in Canadian in the presence of the immediate families of the bride and groom and a few school girl friends of the bride.

A luncheon was given Wednesday by Mrs. Frank P. McDermid in honor of her niece's approaching marriage.

Guests included the bride-to-be, her mother, Mrs. F. C. Chambers, her sister, Frances Owen Chambers, Miss Peggy O'Neill, Miss Georgia Mae Little, Mrs. James Woodyard, Mrs. Wallace Locke and Mrs. Jack King.

Favors for the guests were wrist corsages of rainbow asters.

Miss Chambers was complimented Tuesday by a luncheon and personal shower in the home of Mrs. James Woodyard. Co-hostesses were Mrs. Wallace Locke and Miss Peggy O'Neill.

Luncheon was served at quartette tables at one o'clock, garden flowers providing decorations.

Following luncheon, the guests engaged in bridge, several prizes being won, all of which were given to the bride-to-be.

A shower of personal articles was brought by the guests. The hostesses presented the honoree with a set of linen sheets and pillow slips.

Guests were Miss Joan Chambers, Mrs. Frank Chambers, Mrs. Frank McDermid, Miss Mary Culbertson, Mrs. Wiley Wright, Miss Mary Lee Type, Mrs. M. M. Meeks, Mrs. Mike O'Neill, Mrs. J. L. Yockey, and Mrs. Jack King.

### Here Is Recipe For Canning Potatoes

From the Home Demonstration office comes this recipe for canning Irish potatoes. Suggestion is made, however, for the recipe to be used only when it is impossible or impractical to store Irish potatoes or to dry them in the sun or in dehydrators.

The procedure in canning potatoes first concerns the selection. Use only fresh small potatoes one inch in diameter or smaller. Large potatoes are not satisfactorily canned and they may be stored or cured easily. Irish Cobbler, Red Bliss and Spalding Rose are recommended varieties for canning.

Wash thoroughly before and after peeling.

For fresh potatoes peel by scrubbing with brush or coarse cloth. Also peelings are removed when potatoes are placed in a burlap sack with a few small rocks or coarse rock salt. Shake the sack up and down. In case the skins have dried peel about 5 to 10 minutes or until the skins can be removed easily.

Precook potatoes 5 to 10 minutes in boiling water. It is best to can potatoes alone, but if they are mixed with snapped beans, use the time table for potatoes.

Pack into cans loosely and not too full.

Add 1/2 teaspoon salt per No. 2 can or pint jar. Cover with boiling water to fill container. Cool cans in cold water immediately and cool jars as quickly as possible without applying cold water or placing in a draft.

Store in a cool dark dry place. Always heat these foods at least 10 or 15 minutes in open kettle at boiling temperature after they are removed from the container and before they are tasted. There is more danger of botulism in potatoes because botulinus bacteria are found in the soil and it is difficult to remove every trace of dirt. Potatoes are so starchy that heat cannot penetrate the container easily, therefore, the bacteria that are present may not be destroyed.

Iced tea and coffee are the predominant warm weather beverages served in the army.

### School Lunch Should Include One Hot Dish

The opening of school is probably sweet relief to working mothers because they know that their children will be well taken care of during the day. But, at the same time, mothers have another burden placed on their shoulders. It's packing lunches for the youngsters each day.

The actual packing requires only a few minutes. It is the planning that often takes time, for the box lunch should provide one-third of the day's nutritive requirements. This sometimes poses a problem because foods selected for lunch boxes must be easy to handle, and they must pack and keep well besides.

The rule about having at least one hot dish at every meal applies to the box lunch, too. Since most lunch boxes contain a thermos bottle, a hot soup or beverage may fill this need. Milk is now available to youngsters in most schools, so it is probably wiser to use the thermos for a nourishing soup. To compete the soup "course," include a few soda crackers. They require little space in the lunch box and, in addition to enhancing the flavor of the soup, they help to supply the energy which youngsters need.

Sandwiches, of course, go into every lunch box. Try to vary the bread and fillings from day to day, however so your child will not tire of his meals away from home. Keep in mind, too, the fact that all youngsters love surprises. They need not be elaborate — just an extra something to make lunch more interesting. Fancy wax paper or napkins, for instance, make an ordinary meal unusual. Or you might tuck in a few crackers and jelly sandwiches for a recess snack.

For dessert, a few cookies and some fruit will turn the trick. There are so many variations of packaged cookies, you will have no difficulty satisfying your youngster's sweet tooth. Remember, however, that the heavily iced cookies do not pack as well as the plain ones. Save frosted cookies for dessert at home.

### CRIB DOLL

By MRS. ANNE CABOT  
"Sleepy Mary" is a soft, cotton stuffed doll who never opens her eyes at all! Her little pajamas can be made of left-over material from your child's pajamas—this costume will entrance your youngster! Sleepy Mary is 14 inches tall, has soft cotton yarn hair, long black thread eyebrows and a sweet little pink embroidered mouth. Cotton body is made in sections so the

most inexperienced sewer can manage it beautifully.  
To obtain patterns for the doll body and pajamas, complete finishing directions for the Sleepy Mary Doll (Pattern No. 5252) send 10 cents in coin, your name and address and the pattern number to: Anne Cabot, The Pampa News Pattern Service, 108 Seventh Avenue, New York 11, N. Y. Enclose 1 cent postage for each pattern ordered.

### Ohio Miners Walk Out In WLB Protest

WASHINGTON, August 26—(AP)—Aggressive John L. Lewis is on the defensive.

On successive days the government turned back a batch of 53 mines to their owners, in disregard of his union's terms, and then refused for a second time to approve portal-to-portal pay for the miners.

But the United Mine Workers' president, with a reputation for making and exploiting opportunities, is keeping everybody guessing about his next move.

While Lewis was silent, the statutory status given the War Labor Board which he once defied, the penalties for striking under the labor disputes act and the WLB compliance sanctions approved by the president apparently have forced Lewis to revamp his entire strategy. He may await the WLB's decision on the anthracite wage dispute before determining upon his next move.

The interpretation that a turn-back of the mines to private ownership automatically meant a strike is unofficially disclaimed in UMW circles. The policy committee's statement in June directed the miners to return to work until Oct. 31 with the proviso that this arrangement would "automatically terminate" if the government relinquished its custody of the mines before then.

UMW sources now say this was a reservation, not a threat, and furthermore they emphasize that it was an official policy committee statement and not a personal commitment by Lewis. They say, in effect, that no general work stoppage is contemplated, at least for the present.

BELLAIRE, O., August 26—(AP)—Two large mines in this Eastern Ohio coal belt closed today as miners walked out in protest against what a mine official said was dissatisfaction with the War Labor Board decision denying portal-to-portal pay.

More than 1,000 men left the Powhatan mine, operated by the Powhatan Mining Co., and 650 quit at the Dunlap pit, operated by the Hanna Coal Co.

Roy W. Fox, superintendent at Powhatan, said the men reported on the midnight and 8 a. m. shifts, but went home after expressing dissatisfaction with the WLB's mine decision.

All other mines in the area were reported working.

### Texas Ammunition Plant Head and Army Officer Are Indicted

WASHINGTON, Aug. 26—(AP)—The justice department announced today that a federal grand jury here has indicted a Texas ammunition manufacturing company, its president and a court-martialed army officer on charges of bribery and conspiracy to defraud the government.

One indictment charges the American manufacturing company of Texas, President William J. Gourley, of Austin, and court-martialed army officer on charges of bribery and conspiracy to defraud the government in the purchase of machine tools.

A second indictment charges that between Aug. 15, 1941, and March 5, 1942, Gourley gave the officer six checks totalling \$5,200 "with the intent to influence the decision and action of Cayouette in his official capacity" as a war department official assigned to recommend the amount and kind of tools for government purchase.

The announcement said Cayouette was convicted April 15, 1943, by a general court martial at Fort Myer, Va., on charges of "conduct of a nature to bring discredit to the military service and of conduct unbecoming an officer and gentleman."

Cayouette was dismissed from the service, the announcement added fined \$5,000 and sentenced to two years of hard labor.

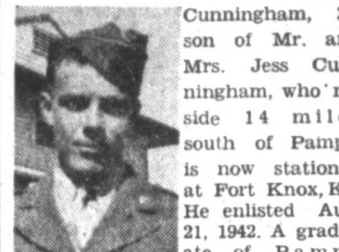

The justice department reported that the indictments were based on information supplied by the war department and a federal bureau of penalties under the first indictment are a \$10,000 fine and two years imprisonment and under the second, three years imprisonment plus three times the amount of the alleged bribe.

Some of the oldest rocks known to geologists have been found in the Grand Canyon in Arizona.

He enlisted Aug. 21, 1942. A graduate of Pampa High school, where he was a member of the basketball team, Private Cunningham worked for the Savage construction company.

### Officers Re-Elected At Bank In Wheeler Now In Its 36th Year

WHEELER, Aug. 26—Thirty-five years ago this month, The Citizens State Bank began business in Wheeler and has been serving the community as a banking institution ever since.

Stockholders met on the bank's thirty-fifth birthday, and re-named directors and officers for the coming year. They are D. E. Holt, president; R. J. Holt, vice-president; R. D. Holt, cashier; and D. E. Holt, R. J. Holt, R. D. Holt, Buck Britt and J. H. Caperton directors. Stockholders declared a dividend when they met, the forty-first that has been paid since the bank opened in 1908.

Former assistant cashier, Glenn O. Render, gave up his duties at the bank to enter the armed forces last December and after only a few weeks of training was sent to the southern Pacific war zone where he remains with an infantry division. Mrs. R. J. Holt and Mrs. R. D. Holt have been assisting at the bank since Render entered the armed forces.

The late E. E. Holt of Wheeler was the bank's principle organizer and first president. D. E. Holt is his nephew and has been with the bank ever since the day it opened in temporary quarters at the old frame court house. His sons, Robert and Raymond, have been connected with the bank for several years, Robert since 1922 and Raymond since 1924.

Surviving charter members of the institution include its president, D. E. Holt, R. B. Holt of Walsh, Colo., and John Holt of Phoenix, Ariz. First officers of the bank were E. E. Holt, president; J. E. Stauley, vice-president, and D. E. Holt, cashier. Other charter members and stockholders were J. M. Porter, G. W. Porter, Blake Leo, P. H. Higgins, Jr., R. B. J. W., and Sam Holt.

Originally capitalized at \$10,000, the bank's present certified capital and surplus is \$40,000.

### Four Indicted Here By June Grand Jury

Four indictments have been returned by the June term grand jury, district court records revealed today. They follow:

T. J. Chilton, theft, accused of taking welding equipment valued at \$125 from Ray Williams on March 29.

Annie Ruth Johnson, two counts of forgery, accused of forging the name of C. M. Whittle on two checks for \$45 on July 29 and 30.

Don O'Mara, burglary, accused of entering the home of Bob Miller on May 9.

R. Chester Massenaile, theft from person, accused of taking \$10 from James T. Parker on Aug. 11.

### Teacher Exams Set Here On Sept. 3 and 4

State examinations for teaching certificates will be conducted Sept. 3 and 4 at the county school superintendent's office in the court-house here, County Supt. W. B. Weathered announced today.

All persons interested in taking the examinations must make application at the superintendent's office not later than Saturday, Aug. 28, Weathered said.

No education requirements other than ability to pass the tests are necessary to secure the teaching certificates, the school man said. War-time conditions have made necessary the hiring of teachers without college degrees or college work as required formerly, he explained.

The first settlement in Rhode Island was made in 1636 by Roger Williams

### Mainly About Pampa And Her Neighbor Towns

J. W. Rochele, 923 W. Ripley, who has been a civil service employe for the war department at Amarillo Field and the Liberal, Kan., army field, will leave Friday for Corpus Christi to work for the navy department in the aircraft division.

Liberated Nation Aid Is Explained LAKE COUCHING, Ontario, August 26—(AP)—The United Nations will play neither Santa Claus nor Simon Legree in helping liberated peoples in this war and afterward. It was indicated today by Eugene Staley, technical expert of the U. S. office of foreign relief and rehabilitation.

Staley, speaking before the Canadian Institute on public affairs, said the program will be "directed toward rescuing people, by soup kitchens and handouts where necessary, but above all by helping them to become self-sustaining action as quickly as possible."

RED ARMY (Continued from Page 1) of enemy troops. South of Izum and southwest of Voroshilovgrad, the Soviet war bulletin said, hundreds of Nazi soldiers were slain as they stubbornly contested every mile. Another 600 fell south of Kharkov, while a heavy toll was exacted as the Germans fell back from Zenkov.

Capture of Zenkova, a rail city 25 miles southwest of Lebedin, places the advance guard of the Soviet forces 42 miles northwest of Poltava, key German base on the approaches to the Dnieper bend. Other Red army spearheads were reported within 25 miles of the city, capture of which would unhinge a huge section of the Dnieper western defenses.

GATHERINGS (Continued from Page 1) patron, appointing block leaders to see that each property owner cooperates. School Supt. L. L. Sone announced yesterday that opening of the city schools had been postponed a week, from Sept. 7 to 13 because of the infantile paralysis situation here.

Cato is working in a textile mill storeroom at Palestine, Texas, and received the decoration July 16, soon after his record was called to the attention of the adjutant general's office.

Cato, a sergeant, whose home is here, was wounded while leading a machine gun platoon with the 7th infantry, 3rd division.

BUY VICTORY STAMPS

### ALLIED AIRMEN SHOOT UP FOGGIA DEFENSES

ALLIED HEADQUARTERS IN NORTH AFRICA, Aug. 26—(AP)—Boarding Lightning fighters hedged-jumped all the way across Italy and shot up ground defenses at Foggia yesterday, preparing the way for the all-American wrecking of the airbase and 10 satellite fields by three waves of Flying Fortresses and Liberators.

The Lightnings were specially equipped for the long-distance run to Foggia, southeast of Naples and on the Adriatic side of the peninsula. Twenty-six enemy planes were shot down in combat and Allied sweeps over southern Italy and scores of others were knocked to pieces on the ground.

Paying the way for the assaults, which were delivered from bases in both northwest Africa and the middle east, a force of P-38 Lightning fighters attacked at treetop level, knocking out a large proportion of the enemy's potential fighter strength.

CHERAW, S. C., August 26—(AP)—Twenty-five years after receiving a hip injury from an exploding German shell in the Chateaux Thierry battle of World War I, Leo Cato, 48, has been accorded the Purple Heart decoration.

Cato is working in a textile mill storeroom at Palestine, Texas, and received the decoration July 16, soon after his record was called to the attention of the adjutant general's office.

Cato, a sergeant, whose home is here, was wounded while leading a machine gun platoon with the 7th infantry, 3rd division.

# All-Stars Bury Washington Redskins 27-7 in Annual Dream Game

## Baugh Okay, But So Were Collegians

By DAVE HOFF  
 EVANSTON, Ill., August 26—(AP)—Sammy Baugh was "right," the Washington Redskins acted the part of professional champions—but what can you do against the greatest collection of collegiate All-Stars, fellows who have the benefit of magnificent training?

The answer would seem to be: Lose. And that's what the Redskins did last night. Not only did they bow to the Harry Stuhldreher-coached 1943 all-star edition, but they took the worst thumping of any pro team in the 10-year history of this traditional preview of the nation's football season.

The score was 27 to 7, a supremacy margin of 20 points that outdid the performance of the 1938 All-Stars, who also defeated Washington, 28 to 16. That, incidentally, was the last time the collegians had won in the series, but they musted the pros' four-year victory monopoly wide open last night.

In the first period Missouri's Bob Steuber took a Redskins punt at midfield and scampered 50 yards for a touchdown, a placement by Wisconsin's Pat Harder making it 7 to 0 in favor of the All-Stars.

Baugh, who ended up with 22 pass completions good for 273 yards, chucked a four-yard throw to Joe Aguirre good for a Redskins touchdown opening the second period and tying the score, 7 to 7, after Bob Masterson's placement kick.

But the All-Stars had a passer, too, a brilliant fellow from Tulsa University named Glenn Dobbs, who threw to Harder in a play carrying 37 yards for another All-Star touchdown, Harder's kick making it 14 to 7 for the college boys.

In the third period the Redskins, with Baugh pitching, were sneaking deep into All-Star territory, and Sammy lofted one for a touchdown try. Also Glenn intercepted on the three-yard line and traveled the entire 97-yard route for a touchdown. The score was 20 to 7 for the All-Stars.

The All-Stars, before the game was over, cut loose Pat Harder on a sideline sprint for 13 yards and a fourth, collegian, after Baugh and Stuhldreher sent it reserves so fast the officials got eyestrain counting noses before the gun sounded.

### Finals Tomorrow In Junior Golf

SAN ANTONIO, August 26—(AP)—L. M. Crannell of Dallas today met Tony Holguin of San Antonio, and Porter Vaughn of Fort Worth battled Sterling Browning, another Alamo city lad, for berth as finalists in the annual state junior golf championship.

The final match will be held tomorrow.

In the quarter-finals yesterday, Crannell shot one-under-par 70 and defeated George Hendrix of San Antonio one up; Vaughn carded a one-over-par 72 to beat Charles Timb of Arlington, 2 and 1; Browning ousted Gilbert Gavanagh, San Antonio, one up, after being two down at the turn; and Holguin ousted Palmer Lee Lawrence of Arlington 3 and 1.

## Sports Roundup

By HUGH FULLERTON, JR.  
 NEW YORK, August 26—(AP)—Latest casting from the rumor foundry is that Leo Bondy is leaving the Giants' official family—which isn't the kind of a shakeup that Giant fans have been demanding. . . . While lunching recently with AP's John Colburn, Paavo Nurmi asked to be remembered to all his American friends. . . . And he remarked that Anglo-Saxon athletes generally were tops in the long run.

—BUY VICTORY STAMPS

### SCRAP COLLECTION

After Lou Nova was stopped by Lee Savold in Chicago recently, he asked Trainer Ray Arcel what was the matter with him. Ray told him just what anyone else could have: "You don't have the right spirit to be a fighter." . . . The Cards Alpha Brazz credits a sore arm with making him a winning pitcher. It forced him to change his pitching style and that cured him of wildness.

### Traffic Men Urged To Crack Down On Speeding Soldiers

DALLAS, Aug. 26—(AP)—Traffic enforcement officials were urged by Col. Robert Cray, chief of the transportation branch of the eighth service command, to "crack down" on army personnel who exceed local speed limits.

In an address Wednesday before a highway traffic advisory committee representing the states in the command, Colonel Cray said "the army does not sanction violations of local laws. Crack down on army personnel violating the state highway speed laws, just as is done with everyone else."

The conferees also took up matters pertaining to conservation of equipment operated by state enforcement agencies, keeping their own personnel up to standard in the face of manpower demands for the armed services, and the difficulties of obtaining materials for maintenance of highways burdened with war traffic.

Other speakers were sergeant Frank McGiboney of the Arkansas state police, Brig. Gen. Steve Alford of Baton Rouge, director of safety of Louisiana; Aaron R. Abalard of Albuquerque, executive secretary, highway traffic advisory committee, New Mexico; and J. M. Gentry of Oklahoma City, commissioner of public safety, Oklahoma.

## Yanks Close Door on Another Pennant, 7th in Eight Years

By JUDSON BAILEY  
 Associated Press Sports Writer  
 The mathematical lock hasn't been turned yet, but the New York Yankees have just closed the door on another American League pennant. It was the Yankees' seventh in eight years.

The St. Louis Cardinals have been conceded the National League flag for a couple of weeks or longer, but up until yesterday the diehards refused to admit the American League race was over. The Yankees had been inconsistent and the Washington Senators had been persistent. "There no longer is any reason to doubt that the Yankees will be host team when the World Series opens in a little more than a month. They finished their last western trip with a bang (it was that dog slammung) by drubbing the Detroit Tigers in both ends of a doubleheader 7-5 and 5-1."

This performance gave them a record of having won 12 consecutive series, a feat not equaled even by the great Yankee clubs of the past, and sent them home with a 10 1/2 game lead in friendly Yankee Stadium where they have won 36 out of 52 games this season.

Rudy York took personal issue with the Yankees in their final games, hitting a home run in each half of the bill to spring his total for the season to 28 and his record for the month to 15.

In the other American League contests Cleveland beat the Boston Red Sox twice, 8-3 and 4-1, the St. Louis Browns whipped Washington 7-4 and the Philadelphia Athletics resumed their losing habits by falling before the Chicago White Sox 4-0 as Jake Wade pitched four-hit

### Aggie Swimmer Sets 3 Records

NEW ORLEANS, August 26—(AP)—Diminutive Danny Green, one-man swimming team from Texas A. & M., entered only three events in the Southern AAU swimming meet, and set new records in all three.

He splashed the 100 yards in 55.3 seconds to nose out former national champion Halo Hixson and clip 2.7 seconds from the old mark. He lowered his own mark of 5 minutes 21.4 seconds for the 440 by racing the distance in 5:17.9. His new record of 2 minutes 22.6 seconds for the 220 clipped nearly two seconds off the old mark.

### Sports Pay Off In Air Forces

BLACKLAND ARMY AIR FIELD, Waco, Texas, August 26—(AP)—American youths' participation in sports is paying dividends to the army air forces, says Major Guy C. Richardson, flight surgeon at Blackland Army Air Field.

"We have found that former athletes can more easily develop the high coordination needed in modern flying, and are more physically fit," he declared.

"Aviation cadets are the best physical specimens in the army. Because of their former athletic experiences we find less of them go on sick call, fewer are injured in the rough training classes which go over our combat obstacle course."

Analysis of one class of aviation cadets here show that 60 per cent had had athletic experience in high school or college.

## Corsicana Man Wins Trap Shoot

VANDALIA, Ohio, August 26—(AP)—Fourteen championships were up for decision today at the 44th annual grand American trapshoot, 11 on a carry-over from yesterday's 200-target 16-yard program, which was halted by darkness, and three on the regular schedule.

Heading the list was the 50-pair doubles competition in which Rudy Eichen of Kansas City, now a shooting instructor at Great Lakes naval base, will defend the title he won a year ago.

Carried over from yesterday's opening program were the amateur North American clay target races for men and women, the junior, sub-junior, veterans, husband-wife, father-son, service, state team, champion of champions and class championships. About 250 shooters went to the traps early today to finish yesterday's schedule.

J. R. Hinkle, 64-year-old Corsicana, Texas, crackshot, won the only title decided in the curtain-raiser program of the abbreviated "Grand," his 295 of 300 being good for the

professional clay target championship at 16 yards.

Five years ago Hinkle suffered a broken neck in an automobile accident and bone was taken from his leg and grafted to his vertebra. The loss of bone from his leg forced him to use a cane. The victory was his first major title in 37 years of trapshooting.

### FALSE ALARM

NEW YORK—Several hundred Waves, training at Hunter College, were roused from their dormitories for a routine fire drill which turned out more realistic than scheduled.

There was no fire—but up to the school rolled two engine companies, two hook and ladder trucks, the fire patrol, two battalion chiefs and several police cars.

It seems one of the Waves, assigned to a nearby fire alarm box, misunderstood her orders and pulled the lever.

## Lake McClellan Fish Are Not Big Enough; Fishermen To Meet

All Panhandle fishermen and boat owners are called to a meeting in the district court room here at 8 o'clock tonight to discuss methods of increasing the size and amount of fish in McClellan lake.

W. A. Noland, commodore of the McClellan Boat club, said the meeting was called to map a program for fish management at the lake. An open forum will be held and suggested plans for remedying the situation.

Homer Towne, soil conservation service biologist for Texas, Oklahoma, Louisiana and Arkansas, conducted a survey of fish at the lake

and declared they were underweight, explaining there was not enough food.

Tonight's meeting will be in charge of Noland, J. W. Canerta of the government soil conservation agency, and Rufe Thompson, chairman of the Panhandle fishermen committee.

### British Say German Civilian Morale Is Still Holding Up

LONDON, Aug. 26—(AP)—In a review of the Monday night attack against Berlin, the British ministry of economic warfare today emphasized the effect of the RAF bombing on industrial output, but cautioned against the hope of breaking civilian morale with bombs.

The ministry said flames and smoke still veiled full results of the saturation raid.

"Berlin is the country's most important single manufacturing center," an official told a press conference.

It is safe to assume that all its industries lay in the target area and must have been damaged, an official said.

"Don't place too much hope on German civilian morale breaking," he added. "We have hopes of breaking industrial power, but we don't think German civilian morale is a target worthy of the cost."

U. S. Eighth air force headquarters announced that reconnaissance photographs made weeks after the American Flying Fortress attack on the German Synthetic rubber plant at Huls July 22 showed the factory still out of operation.

### STRIKE!

COLUMBIA, S. C. — A woman summoned police to a spot on the highway near her home where she said she had seen a "bomb" fall from a passing vehicle. The officers were anything but bowled over when they arrived, however.

They found a large bowling ball, half out of its packing case.

### Deputy Collector Due Here To Aid In Filing Declarations

One out of every three taxpayers will be required to file declarations of their earned income and Victory taxes for the year 1943 on or before Sept. 15. Farmers, considered to be those persons receiving at least 80 per cent of their gross income from farming operations (as distinguished from agricultural laborers receiving wages or salaries) must file their Declarations on or before Dec. 15.

In order to assist taxpayers in the preparation of these Declarations, Deputy Collector Ralph Kenniston will be in Pampa at the Postoffice Building, Wednesday, Thursday and Friday of next week.

Deputy Collector Kenniston will also visit Canadian on Sept. 4, Fortson on Sept. 6, and Spearman on Sept. 7.

### Boys Pull Fast One On Elderly Gambler

"It just goes to show," said City Recorder C. E. McGrew today, telling this story.

Three young boys were competing against each other for high marks on a pinball machine at a local firm the other day.

An elderly man, somewhat in his cups, wanted to get into the game and laid a \$10 bill on the machine for the boys to cover. The boys said nothing, and the man walked away, leaving the bill on the machine.

When he returned, the boys and the money were gone.

And, said McGrew, no one around the place seemed to care.

### Normal Operation for School Buses over County Assured

The 44 school buses which carry students to and from schools in Gray county will operate as usual this year, with assurance from office of defense transportation officials that operation procedure and routes will be determined by school men.

About 100 school trustees, bus drivers and owners, superintendents and business men from Gray and other counties attended meeting in the junior high school here Tuesday afternoon with Earl H. Brown, school bus specialist, and John J. Van Pelt, maintenance specialist of Amarillo. The meeting has held with the co-

### operation of Nettles F. Nelson, Amarillo, district manager for the ODT.

Brown told the school men that it was their patriotic duty to conserve equipment, since it must last for the duration. He disclosed that permanent anti-freeze solutions will be available for school buses.

Last March 17, all school buses were "frozen" in operation, and bus drivers from Gray and other counties hired by school districts must continue to do that work unless the district has obtained another bus.

W. B. Weathered, county superintendent, said release permits could be obtained from his office, if buses had been replaced by other vehicles.

Van Pelt said there would still be difficulty in getting parts for the next 60 to 90 days, but said more should be available after that time. He promised aid of the ODT in securing necessary replacement parts.

He said there are no new school buses in sight, revealing that 92,000 are now in operation over the nation, compared with 364 during World War 1 days.

Thirty-seven of the 44 buses in use in Gray county are school-owned, while the others are owned by private contractors. The buses cover 1940 miles daily.

### Kelland Urges Strong America After Victory

NEW YORK, Aug. 26—(AP)—Clarence Budington Kelland has presented to the Republican party a post-war foreign policy based on "United Nations" collaboration, but added that the United States regardless must ring itself with such a defense that "no nation, no coalition of nations, shall be able to penetrate our fortifications or reach our shores."

Kelland, author and Republican national committeeman from Arizona, conceded that the collaboration program he proposed might fall, leaving this nation alone to face a hostile world, and declared:

"Come war or peace, come upheaval or convulsion, come whirlwind or convulsion, come hell or high water, the United States of America must and shall be impregnable."

"Our nation must build, and maintain, a fleet the most powerful in the world. Not a two-ocean navy but a five-ocean navy. It must provide itself with an air force so numerous and efficient as to stand alone. It must continue a standing army of sufficient size and training. From this day forth our country must not merely be prepared for war, but must stand prepared, equipped to the last button, and ready for war."

He said his plan would be presented at the Sept. 6-7 meeting of the Republican post-war advisory council at Mackinac Island, Michigan.

### Oil Is Analyzed Quickly by New Device in U. S.

NORMAN, Okla., Aug. 26—(AP)—Dr. J. Rud Nielsen, a University of Oklahoma scientist who has ferreted out many a secret of the elements in the depths of space, has perfected an instrument to analyze oil quickly which the navy wants.

Working under the university's research institute, the physicist hit on a means of making advisory compounds draw their own picture, so to speak.

Dr. Nielsen, long a student of the behavior of the elements under the microscope, coaxed the chemical compounds into drawing their own pictures and it was an easy step to the analysis of various types of crude oil.

He could take a sample of crude and take a picture that would be a composite of the complicated conglomeration of hydrocarbons that make up crude.

Great Britain became interested and sent two leading scientists to the university for first hand information.

Today university authorities entered into a contract with the university into a contract with the university for manufacture of the instrument.

Already, said the announcement, the new method of analysis has enabled oil companies in Oklahoma to provide several essential materials used successfully on the battle front.

It is expected to become an important factor in the development of high grade synthetic rubber.

### City Approves Surety Bond

A \$2,000 surety bond with the Employers Liability Assurance Corp., Ltd., for the Davis Electric Co. of Pampa was approved at the regular meeting of the city commission Tuesday. The bond is necessary for doing electrical work here.

### Yanks in China Answer Japs By Downing Zeros

By J. REILLY O'SULLIVAN

HEADQUARTERS OF THE U. S. 14TH AIRFORCE IN CHINA, Aug. 26—(Delayed)—(AP)—The Zero-flying sharpshooters of the 14th airforce gave Maj. Gen. Claire L. Chennault's answer to the Japanese airforce boast that it would drive the 14th out of free China by setting a record for destroying enemy aircraft in the China theater.

In a series of raids on the enemy's central China base at Hankow yesterday, Chennault's Liberators, Mitchell medium bombers and fighters knocked down 39 Japanese planes, probably destroyed 13 more and damaged two others.

Preceding the Hankow bombing raids, 33 Zeros attacked our P-40's near an advanced American base in Hunan province. The P-40's shot down four which were confirmed, plus two probables.

An additional flight of American fighters gave chase as the Zeros fled northward and caught them over Changsha. Three Zeros were claimed probably destroyed in this engagement.

Col. Bruce Holloway of Knoxville, Tenn., the day's group commander, shot down one for a personal total of 12 confirmed in air battles. Fighter Pilots Lt. James Williams, Huntsville, Texas, and Lt. Richard Templeton of Steinauer, Neb., each got one confirmed.

Benko is the top turret gunner in a Liberator whose crew accounted for six Zeros.

A Liberator christened "Escalator II" shot down eight Zeros which were confirmed. Sgt. John Peacock, 31-year-old former accountant of Dallas, Texas, bagged three Zeros—two of them burst into pieces and I saw the third go down into the river." He named the tall guns.

The score for other members of the Liberator crews included:

One confirmed each: Lt. Jack Cummings, Mirando, Tex. Jack Ferguson, Sulphur Springs, Texas.
