Governor Allred inherited a huge deficit. And there's no disposition on Uncle Sam's part to grab a part of this inheritance, as he does in other cases.

Uncle Sam is turning back to the states the difficult problem of transients. Somebody must have talked too loud about states rights.

Water-drinking contests are the latest. But as to that, grows the West Foster grouch, he'll stay off the water wagon.

Remember the old Pampa motto: "Where the Oil Flows and the Wheat Grows (and the Wind Blows)?" Well, we have a hunch that you can see the wheat glowing and waving next spring.

Skippy, the family pup, is becoming surprisingly docile—probably the conservatism of advancing age. He's approaching two.

Musing of the moment: Strange words these, received recently by C. H. Walker: "You are requested to appear before the (Textline) equalization board to show cause why your assessment for 1935 should not be LOWERED". . . . Most of the trouble with negroes lately is north of the Mason-Dixon line. Draw your own conclusion. . . . Old Mizou won a ball game. Maybe prayers are answered.

Brevitorials

NOTE TO CANADIAN readers: We'd like to hear from somebody up there who has pessimisms on his place. We know where they are, but property has changed hands a lot since we lived in Hemphill county while a lad. We don't wish to trespass on anybody's land, but we do crave pessimisms about this time of year. . . . Fact is, we have always waited for frost to kill the

When Governor Allred spoke at the Cuyler-Foster intersection last Pre-Centennial, he sat in a special chair borrowed for the occasion by the Junior chamber of commerce. In the rush, this chair was lost. It had come back and seat, high back, and was in good used condition. Somebody here has this chair. Please telephone THE NEWS so that it may be returned to the owner.

astriogeneity (pucker) of the fruit, but we have a release from the U. S. department of agriculture saying that a frost is not necessary to make it edible. The tract says that frost really hurts pessimisms, as it does other fruits. The Ladians ripe fruit is best when soft and yellowish. . . . Back in the seventh century John Smith wrote about "plums with the flavor of an apricot." When ripe, pessimisms make good puddings, cakes, sherbets, custards and candy. The Ladians crushed the pulp with corn in making bread. . . . Maybe it's a lowly fruit, but we like our pessimisms.

FRANKLIN D. ROOSEVELT Jr., charged with speeding, failed to appear to answer the charge and his bond of \$15 was forfeited. . . . The officers and court officials are to be commended for showing no favoritism in dealing with the president's son. . . . It is a peculiar fact that everyone wants something done about the traffic situation—the other side of the coin is the instance where a citizen gracefully admits that he was violating a law or ordinance and commends the officers for doing their duty. The more common thing is to plead ignorance of the law—which is no excuse—deny the charge, or even to become intensely angry. Funny things, we humans.

WE SELDOM, if ever, quote Walter Winchell. But we do print today his "Ten reasons for not becoming a newspaper man":

ITALIAN ARMY AND ETHIOPIAN FORCES CLASH

HAILE SELASSIE FILES PROTEST WITH LEAGUE

ADDIS ABABA, Oct. 2. (AP)—In preparation for the official mobilization order tomorrow, great armies headed by provincial chiefs were reported tonight heading for the Italian colonial front.

The emperor made his decision to call for the general mobilization, it was understood, after a conference with his advisers.

At his direction, they prepared a note of protest to the League of Nations against an alleged invasion of Ethiopia by Italian forces.

ADDIS ABABA, Oct. 2. (AP)—High authorities said tonight that Emperor Haile Selassie has protested to the League of Nations against an alleged invasion of Ethiopia by Italian forces.

PARIS, Oct. 2. (AP)—The Addis Ababa correspondent of the newspaper Paris Soir reported today that fighting between Italian and Ethiopian troops had broken out in the Mussa Al region of Ethiopia. He reported that there had been casualties.

The newspaper said three advancing columns of Italians, numbering 25,000 men, attacked with irregular Danakil tribal warriors, but that they had not yet engaged Ethiopian regulars.

Stocks Lose As War Clouds In Europe Thicken

NEW YORK, Oct. 2. (AP)—Critical conditions in the African war situation plunged the stock market into gloom today.

Active shares lost 1 to 3 or more points before steadying slightly in the afternoon. The Dow Jones industrial average closed at 195.47, down 1.50 points from 197.00. The S. & P. 500 index fell 1.25 points to 148.75. The volume of trading was heavy, with 1.2 billion shares changing hands.

The market was weighed down by news of the Italian invasion of Ethiopia and the general mobilization in Italy. Investors were also concerned about the possibility of a wider European conflict.

Some sectors, such as oil and steel, showed relative stability, while others, like transportation and utilities, experienced significant declines.

Mrs. Waddell New Auxiliary Chief

Mrs. Hamp Waddell was elected and installed as president of the auxiliary of the Pampa Veterans of Foreign Wars chapter last night at a meeting in the Legion hut on West Foster avenue. Mrs. W. S. Birge of Amarillo, representing the state president, was the installing officer.

Other officers elected were: Mrs. H. B. Carlson, senior vice-president; Mrs. O. E. Gaylor, junior vice-president; Mrs. D. A. Bartlett, secretary; Mrs. L. A. Baxter, treasurer; Mrs. Howard A. Neath, chaplain; Mrs. Charlie Maisel, conductor; Mrs. H. P. Lusby, patriotic instructor; Mrs. A. J. Stallings, historian; Mrs. L. S. Hall, guard; Mrs. Alison, Mrs. Stella Pollard and Mrs. H. P. Lusby, trustees.

The chapter will meet on the first and third Tuesday nights of each month in the Legion hut until other arrangements can be made.

The VFW members also met in a business session last night with Commander Hamp Waddell presiding.

'Angel' To Poor Farmers Is Dead

MCKINNEY, Oct. 2. (AP)—The overvalued philanthropist of Collins county was buried today in the old family plot—a remnant of a faded fortune of land holdings.

A. M. (Uncle Gus) Wilson, 91-year-old farmer who gave his life and \$800,000 to deserving farm folk, was no trouble or worry to his friends in death.

His coffin and tombstone had been selected and paid for 10 years ago. The undertaker had been paid in full. Elder R. C. Horn, Christian minister for 60 years, an octogenarian himself and a bosom friend

BRUINS CHALK UP 2 RUNS IN FIRST INNING

WARNEKE DULLS BATS OF DETROIT BOMBERS

NAVIN FIELD, DETROIT, Oct. 2. (AP)—The claws of the scrappy Chicago Cubs drew first blood in the 1935 world series today as long Lonnie Warneke, in brilliant form, shut out the Detroit Tigers, 3 to 0. The Cub ace allowed only four hits as he equalled the world series record with eight assists in an all-Arkansas duel with Lynnwood (Schwab) Row.

FIRST INNING

Cubs—Galan hit sharply over the second base and raced to second as Rogell deflected the ball to short center. It was scored as a two base hit. Herman dragged a roller along the third base line and reached at first base. Lindstrom sacrificed. Rowe to Greenberg as Herman ranced to second. Hartnett singled to right scoring Herman. Demaree pipped to Rogell, behind the pitcher's box. Cavarretta grounded to Gehring and Farnett was a force out at second. Gehring to Rogell. Two runs, two hits, one error, one left.

Tigers—White struck out, bat on shoulder. Cochran hoisted a short fly to Galan. Gehring lifted a high one to Jurgens who backed up on the grass for the catch. Warneke to Cavarretta. Fox doubled against the right field screen. The ball missed clearing the barrier for a home run by barely a foot. Rogell hit and backed up just in time to get the Tiger lookers let loose their first roar. No runs, one hit, one error, one left.

Tigers—Greenberg up. Greenberg bounced to Hack and was thrown out at first on a close play. Goslin dribbled one along the first base line. The Tiger lookers let loose their first roar. No runs, one hit, one error, one left.

THIRD INNING

Cubs—Herman lined to Greenberg who made a sensational leaping catch with his glove hand to rob the Cub second sacker of a base hit. Lindstrom smacked the first pitch to left for a single. Hartnett was called out on strikes and Lindstrom was doubled trying to steal. Cochran to Gehring. No runs, one hit, no errors, none left.

Tigers—Owen hit sharply to the

Mel-Roy Will Play in Pampa

Mel-Roy, famous radio figure and magician, will be brought to Pampa October 29 by the Kiwanis club.

Proceeds, on a liberal basis, will be divided with the club and used in its work with and for underprivileged children.

There will be matinee and evening performances at the city auditorium. Popular prices will prevail.

U. S. Determined To Stay Out Of War, FDR Avers

'Shall And Must Remain, Untangled And Free'

SAN DIEGO, Calif., Oct. 2. (AP) President Roosevelt served notice on the war-threatened world today that the United States is sternly determined "to avoid those perils that will endanger our peace."

Without directly mentioning the Italo-Ethiopian situation, he said this country "shall and must remain . . . untangled and free."

"The gospel of the good neighbor" was preached with fervor an hour before he was scheduled to view maneuvers of 130 warships in sight offshore as he spoke.

"This country seeks no conquest," he said. "We have no imperial designs."

Addressing himself to the domestic situation, Mr. Roosevelt also warned against "those who would raise false issues." He spoke of present conditions as offsetting false preachment. Although the depression is not finally solved, he said, "the outlook is clearer."

As the burden lifts, the federal government can and will greatly divert itself of the emergency responsibility, but it cannot ignore the imperfections of the old order.

A review of existing circumstances led to this presidential conclusion:

"We stand once more upon an economic plateau. We have, therefore, a right to look forward to the brighter future while, at the same time, we remember the mistakes of the past."

NEW YORK, Oct. 2. (AP)—Nervous selling swept through the stock exchange today, accompanied by excited rumors on the floor of a start of hostilities between Italy and Ethiopia.

Prices of many leading issues dipped \$1 to \$3 a share, and trading swelled to such a volume that the ticker tape fell a few minutes behind transactions.

BRIGHTON, England, Oct. 2. (AP)—The British labor party backed by an overwhelming majority today its executive committee's policy of urging use of military sanctions, if necessary.

WAR FLASHES

LONDON, Oct. 2. (AP)—A Reuters British news agency dispatch from Addis Ababa said the Ethiopian government protested to the League of Nations today against Italy's alleged violation of the frontier near Mount Mussa Ali and asked for a commission of inquiry to be sent immediately to establish the violation.

GENEVA, Oct. 2. (AP)—Gloom bordering on despair seized the League of Nations headquarters today. Almost simultaneously with a protest of Emperor Haile Selassie against an alleged Italian invasion of Ethiopia news came from Rome that the Italians were beginning their mass mobilization to demonstrate their national solidarity. "It looks like the beginning," commented one league official. He pointed out that the present uncertainty is likely to remain until after Mussolini has spoken (at 12:30 p. m., eastern standard time) but little hope prevailed that he would say anything to refute the general belief here that he is determined to go ahead.

If it is confirmed that Italian troops actually have invaded Ethiopia, the Associated Press was informed, it is likely that the council committee of thirteen in its meeting tomorrow will call an immediate meeting of the council itself.

Fire Runs During September Few

Only three runs were made by the Pampa Fire department during September, Chief Clyde Gold reported to city officials. There was no insured property loss.

The first call of the month was to extinguish a blazing door frame. The second call was to a burning automobile. The third and last call was one of the most unusual of the year—to a hot tamale wagon.

Next week will be national fire prevention week. Pampa will participate as usual.

CAMPAIGN ON ACCIDENTS TO BE HELD HERE

Red Cross and Fire Prevention Group Cooperate

Next week is Fire Prevention week by proclamation of President Franklin D. Roosevelt.

Accident prevention will be the particular theme in Pampa this year, according to Fire Chief Clyde Gold and Chairman Alex Schneider of the Pampa Red Cross chapter. The two groups will cooperate this year in Fire Prevention week and the Red Cross campaign will continue through October.

The program of the week will be planned tomorrow at the city hall at 10 a. m.

The president's proclamation follows:

Whereas, disastrous and destructive fires annually take an enormous toll of human life and property and disrupt the orderly course of business productivity; and

Whereas it is the duty of every citizen to aid in the prevention of such fires as far as possible; and

Whereas such fires can largely be prevented by the exercise of proper care and the use of appropriate fire-prevention measures; and

Whereas it is highly desirable that the attention of the people be directed to the necessity for the prevention of such fires:

Now, therefore, I, Franklin D. Roosevelt, president of the United States of America, do hereby proclaim and designate the week beginning October 6, 1935, as Fire Prevention Week, and I particularly urge state and municipal officials, civic and commercial organizations, school authorities, the clergy, and

MADE DRUM MAJOR

Paul Schneider, recently enrolled as a freshman at Texas university, has been elected drum major of the university and, his parents, Mr. and Mrs. Alex Schneider, have been notified. He will go with the band and football team this week-end to Baton Rouge, La., and next week to Dallas. He was drum major of the high school band here last year.

MOBILIZATION CALL FINALLY ISSUED TODAY

POPULATION GATHERS IN SQUARES ALL OVER NATION

BY A. E. STUNTZ, Associated Press Foreign Staff.

ROME, Oct. 2. (AP)—Premier Mussolini today told his millions of fervent followers that "a millennium hour is about to break in history."

He made this declaration to the multitudes of Italians assembled in all their cities and villages—rank upon rank—around loud speakers which conveyed their leader's words to the expectant throngs.

(A few hours before Il Duce began his speech, Emperor Haile Selassie of Ethiopia protested to the League of Nations that Italian troops already had crossed his frontiers.)

Virtually the entire population of Italy had gathered in general mobilization at the call of Mussolini to hear their leader's words.

Although the call had been expected for some time, it was flashed out today only three hours before Mussolini began speaking.

"Black shirt men and women of Italy," said Mussolini. "I speak to 20,000,000 men and women."

Il Duce appeared on the balcony of Venezia Palace at 6:35 p. m. (11:35 a. m. central standard time).

For several minutes before and after his appearance the crowd roared in salute of Il Duce. The swelling chorus of voices drowned all other sounds.

These massed voices blared through the loud speakers in the 7,329 communities of Italy where joyful masses gathered.

Their own voices answered the cue from Rome.

Then Il Duce declared:

"Not only our army marches toward its goal, but 44,000,000 Italians are marching with the army."

He said Italy would respond to "war with war."

He declared he did not believe that "the real French associate themselves with sanctions against Italy."

"War," he said, "would be met with war."

He was heard by millions of fascists in uniform who, thrilled by the knowledge that war with Ethiopia might be imminent, massed in every city and village of the nation at a sudden call of mobilization.

Il Duce, in the light of huge flaming oil pots, spoke into a microphone on the balcony of Venezia Palace.

He told his listeners that he did not believe "real French" or "genial British" would execute sanctions against Italy.

He declared: "A solemn hour is about to break in history."

Texas Senate Seats Nelson

AUSTIN, Oct. 2. (AP)—G. H. Nelson of Tahoka was sworn in as senator from the 6th district today after a point of order raised by Senator T. H. Holbrook of Galveston that he was ineligible was over-ruled.

The senate sustained, 22 to 3, the ruling by President Pro Tem Will M. Martin of Hillsboro that Nelson was eligible.

Senator Holbrook contended he was ineligible because he had been district attorney of the 106th district immediately prior to the election. Senator Will D. Pace of Tyler based a motion to seat Nelson on the Red Cross campaign authorizing the senate and house to determine the qualifications of its members.

Nelson succeeded the late Senator Arthur P. Duggan of Littlefield, who died recently. His term would extend to January, 1937.

American Legion To Meet Tonight

The Kerley-Crossman post of the American Legion will meet tonight in the Legion hut on West Foster. All members were urged to be present.

Installation of new Legion officers will take place in two weeks; it was announced.

Local ex-service men are mourning the death of J. A. Pearson, former Pampian, and prominent in the 40 and 8. Mr. Pearson will be buried in the national cemetery in Fayetteville, Ark.

CAPITOL CHATTER

BY CHARLES E. SIMONS

CALLES AND HIS RETIREMENT

Iron Man Calles of Mexico, who has grown rich and rusty in his years of dictatorship of the revolutionary party, left the country in a huff recently when he disagreed with President Cardenas, but now announces that he will return.

To many this right-about-face has the possibility of trouble for Cardenas. The facts indicate otherwise. Calles built the foundation of Cardenas' power. They see eye-to-eye on many things, such as labor laws and anti-clerical measures. Of the two, Cardenas appears to have the most idealism, the most radical ideas in government, and the most zeal for the welfare of the common (Indian or Indian-Spanish) people.

Both are arch enemies of the Spanish aristocracy, the Church, and the old order. Both belong to the small group of military and political leaders who dominate the revolutionary party. Their philosophy is a mixture of socialism (pink), capitalism (for favored concessionaires), and "Mexico for the Mexicans-ism."

Official Mexico today has an unpredictable assortment of progressive movements, idealism, brutality, atheism, nationalism, intolerance, graft, wealth, and poverty. You can find anything you seek, good or bad. Calles' great failing and the thing which has lowered him in popular esteem is his wealth. He is the richest man in Mexico, has a huge bank account in England. Most of Mexico's modern leaders have become wealthy. Admittedly, they have done considerable for the Indian element; also admittedly, they have used high-handed tactics and little tact, judgment, or law. Cardenas has a brain trust which is issuing endless high-sounding statements. Mexico today is bidding for much of the tourist trade which goes to California. Completion of the Laredo-Mexico City highway this year seems to guarantee this outcome.

Cardenas has bitter enemies, especially among the suppressed elements and the rival politicians in the states. Calles is popularly believed to be his enemy, but the current president denies this fact and says Calles will be welcomed home as a country gentleman. In any crisis endangering the revolutionary party, Mr. Calles would likely be found joining hands with Cardenas.

Revolutionary movements are always possible in the neighbor republic, but Mr. Calles is not expected to start one. Meanwhile, THE revolution, the social upheaval dating back to 1910, continues as the most thoroughgoing experiment in socialism in the New World.

OUT OUR WAY

THE NEW DEAL IN WASHINGTON

By WILLIS THORNTON

NEA Service Staff Correspondent

WASHINGTON.—More pressure than ever before will be thrown into the convention of the American Federation of Labor at Atlantic City, starting Oct. 7, looking to formation of a distinctive labor party. Certain of the more radical A. F. of L. affiliates have always wanted this, but the pressure is growing.

Representative Ernest Lundeen, House Farmer-Laborite, says the following unions are favorable to a new party and are ready to abandon the traditional A. F. of L. practice of supporting friends and defeating enemies within the old parties:

Amalgamated Clothing Workers, Bakery and Confectionery Workers, Brewery Workers, Cloth Hat and Cap Makers, Fur Workers, Hotel and Restaurant Workers, Iron, Steel and Tin Workers, Jewelry Workers, Ladies' Garment Workers, Lithographers, Pulp, Sulphite, and Paper Mill Workers, Patternmakers, Quarry Workers, Railway Clerks, Journeymen Tailors, Teachers, Textile Workers, Amalgamated Food Workers, and Railroad Trainmen.

Even admitting that in some of these cases Lundeen's wish may have been at least stepfather to the thought, and that many members of all these unions may be less enthusiastic to the idea than Lundeen, enough of them will have a voice in A. F. of L. proceedings to make it plain that there will be plenty of labor party speeches at the convention.

There will also be spirited rows over new international unions such as have just been formed in automobiles and rubber. One that you haven't heard much about as yet is in the radio industry, where a youthful and peppery organizer, only about 26 years old, James B. Carey, has organized 10,000 radio workers into the National Radio and Allied Trades in Philadelphia, Buffalo, Cincinnati, Chicago, Terre Haute, Springfield, Mass., and New York City.

Carey is going to bat for an international charter for radio workers, but has up to now been opposed by the Electrical Workers and Machinists, who claim jurisdiction. Carey has promoted perhaps the most successful of the A. F. of L.'s federal unions, and will be hard to stop.

Why the A. F. of L. tends to go slow with these new international is shown by the rubber workers, who refused to elect the federation's organizer, Coleman Claherty, as their president, picking their own local man, S. H. Dalrymple.

You haven't heard the last of the death of the 300 war veterans in the Florida hurricane. The most will be made of it in the coming campaign for the bonus when Congress reconvenes, and the Veterans of Foreign Wars and the Communists are already making the most of it. The fact that both are drumming at it may make it necessary to find some official goat to sacrifice, after all.

Speaking of World War veterans, there are only 4,178,887 of them left, according to Veterans' Bureau figures for July 1 of this year. Since 4,764,071 were inducted into service in 1917-18, that means that more than a half million have died since that time.

A pleasant warning, issued by a smiling traffic policeman would help prevent accidents, says Detroit commissioner. We'd imagine the dazed driver would collide with the first thing that passed.

Nineteen snakes escape from Chicago zoo. In the search, it will save time to brand immediately as false alarms all frantic calls from taverns.

Roosevelt petitions everyone to be a good neighbor. Most people would sooner have their lawnmowers.

Ethiopians might prolong their rains and postpone war with Italy by scheduling a series of picnics.

DINNER CONTINUES ENTERTAINMENTS FOR ENGAGED COUPLE

BARRETT'S ARE HOSTS AT THE LATEST EVENT

BRIDAL MOTIF USED FOR A LOVELY EFFECT

Miss Virginia Faulkner and E. L. Green, Jr., who are to be married Saturday, were complimented at a dinner party given by Mr. and Mrs. Clarence Barrett last evening at the Schneider hotel.

Tiny brides and grooms marked places for the honorees and Mr. and Mrs. Siler Faulkner, Mrs. C. W. Forrest of Dallas, Mrs. P. O. Sanders, Mr. and Mrs. M. K. Brown, Mr. and Mrs. Clyde Patherne, Mr. and Mrs. W. J. Smith, Mr. and Mrs. Arthur Swanson, Mr. and Mrs. Lynn Boyd, Mr. and Mrs. Gilmore Nunn and Mr. and Mrs. Barrett.

A miniature bridal couple stood on the long mirror that centered the table, surrounded with white asters and fern. White candles were lighted at the four corners of the centerpiece, which was flanked with bowls of white sweet peas and snapdragons. At either end of the table were white tapers in candelabra and white asters.

Miss Faulkner and Mr. Green are being entertained at a number of parties preceding their marriage after which they are to make their home in Houston. With Miss Margaret Buckler and Russel G. Allen, another couple to be married this month, they were honorees at an informal party given Sunday by Dr. and Mrs. H. H. Hicks, Mr. and Mrs. B. C. Low, Mr. and Mrs. P. O. Sanders. Another group of friends will entertain in their honor tomorrow evening with a dinner-dance.

MRS. ROBERTS IS HOSTESS TO TUESDAY CLUB

Guests and Members Are Entertained With Bridge

Mrs. Skeet Roberts entertained Tuesday bridge club yesterday afternoon at the home of Mrs. Jim White, with Mrs. Bob Montgomery and Mrs. Ted White as extra guests.

Green and silver appointments made the tables attractive. Each table was centered with a green vase of garden flowers, which went to Mrs. H. P. Elliott, Mrs. Roger McConnell, and Mrs. Bob McCoy as cut prizes.

Mrs. McConnell also made high score for club members, and Mrs. White for guests.

Members were: Mmes. Carl Boston, Roy Bourland, F. M. Culbertson, H. E. Carlson, Elliott, Felix Stalls, McCoy McConnell, P. C. Ledrick Sherman White, and Jim White.

Holiness Church Will Be Host to District Meeting

The Rev. Isador Cohen of New York, a converted Jew, will preach at the Pentecostal Holiness church this evening at 7:30. This service will precede a district quarterly conference which convenes here tomorrow evening.

Conference sessions will be conducted at the church building on Roberts street in the Talley addition. They will continue through Sunday.

The Rev. S. D. Dodd, local pastor, will conduct a missionary service Friday evening, and a business session Saturday. The Sunday school rally will be held Sunday afternoon.

Other services through the conference will be in charge of visiting ministers.

Business and an entertainment program for young people will be on Saturday evening.

The public is invited to all these services. Rev. Dodd announces that evening meetings will begin at 7:30.

Box Supper Adds \$90 to Fund For School Equipment

A box supper at Gracey school Thursday evening netted \$90 to be used for purchase of stage curtains and rhythm band equipment. Miss Norma Carter was voted the prettiest girl and received a cake. George Berlin was given a cake of soap when he was voted the ugliest man. The Helena Oil company had the largest representation present.

FRIENDS HONOR MRS. CANTRELL WITH SHOWER

Surprise Party For Birthday Given In Kingsmill

KINGSMILL, Oct. 2.—Mrs. Oliver Lee Cantrell was given a surprise handkerchief shower at her home on her birthday Wednesday evening. The women in the party had prepared delicious pie and coffee to serve, and Mrs. R. J. Jinks had baked the birthday cake.

Those present were Misses Leona Varnon, Faye Singleton, Billy McBride, Lorene and Letha Harrelson; Messrs. and Mmes. Sam Harrelson, Custer Lowary, Clyde Frye, Sam Cooper, M. D. Morton, John Cantrell, Francis Boyles, F. J. Frier, J. J. Franks, Lee Cantrell.

Mrs. J. M. Kirby, Mrs. B. G. Stone, Mrs. LeRoy McBride, Mrs. R. T. Jinks and children, Max Kirby, Mac McBride, Ray Singleton, Joe Jinks.

Dancing was enjoyed through the evening.

LIVING ROOM CAN EXPRESS PERSONALITY OF HOME MAKER

Who does not recall the old-fashioned living room? "Sitting room" it was called more aptly, for its furnishing often consisted merely of a circle of more or less uncomfortable chairs around a "center table."

When we remember it, we realize how far we have come in recent years toward making the living room a happy and comfortable center for family life, a hospitable spot in which to receive friends.

Although enough places in which to sit still are a major requirement of a living room, present-day standards demand not only that they be adequate in quantity, but comfortable as well, and that they be arranged in groups for sociability and convenience. Where there are children, chairs of suitable size should be provided.

Today we recognize that to achieve maximum convenience and an atmosphere of easy informality, there must be other furniture besides chairs in the room—several small tables, set against the wall or by the bases of chairs and convenient for a radio, bookcase, a desk, perhaps.

The whole must be knit together by a pleasing color harmony. The color and, at night, the lamps give the room its emotional tone, make it depressing or cheerful, restful or stimulating.

Furniture, hangings and upholstery fabrics should be harmonious in texture. If the furniture is oak in old English, Spanish or Italian style, the fabrics used in the room with it should be rough-textured and coarse-patterned. If the furniture belongs to a more refined type—colonial or modern—with smooth, shining surfaces, the other textures and the patterns in the room with it must also bespeak refinement.

The furniture need not be of identical period, but should be related in spirit. Light, graceful, smooth-textured pieces may be used together. Conversely, sturdy, coarse grained, heavily-carved types are combined.

In this day of apartments and small houses, it is of the utmost importance to consider the scale of living room furniture. The prospective buyer should ask of each piece: "Is it the right size in proportion to the rest of the furniture and to the room itself?" If there is any doubt about it, she should actually measure the furniture under discussion before buying it.

Accessories can contribute much charm to a living room, for it is through these that the owner can most emphatically express her individuality. If they are truly to represent her taste, she must rigorously exclude everything which is mediocre or inferior or which simply does not particularly appeal to her.

Pictures, maps, plants, books and magazines, bits of colorful pottery, hanging shelves, if well chosen and well placed, will give your living room the look of being lived in, and lived in by you.

NEW WAYS FOR USING CHEESE IN MENU GIVEN

Dishes for Luncheon Or Supper Are Unusual

Menus and Recipes Prepared by Department of Home Economics Texas State College for Women (CIA)

DENTON, Oct. 2.—Cheese is an excellent substitute for meat in the diet. In combination with starchy foods and green vegetables, cheese introduces color and flavor as well as food value.

Luncheon Menus No. 1 — Peppers stuffed with cheese, hot biscuits, lettuce salad, orange short cake, and tea.

No. 2 — Buttered peas and carrots, cornbread sticks, cheese and apple fritters, lemon sauce, and tea.

No. 3 — Scalloped corn and tomatoes, pineapple and cheese salad, bread sticks, and coffee.

Supper Menus No. 1—Cheese souffle, toast, baked apple, and tea.

No. 2 — Macaroni and cheese, stewed raisins, and tea.

No. 3 — Potatoes and onions au gratin, Marguerites, and tea.

Peppers stuffed with cheese: Cut off thin slices from the stem ends of sweet peppers; remove seed. Parboil three minutes; drain and fill with mixture of one-fourth pound grated American cheese, two tablespoons melted butter, one teaspoon finely chopped onion, two cups bread crumbs and dry and pepper to taste. Sprinkle grated cheese over tops of peppers. Place in a well-greased baking dish and cook in a moderate oven twenty minutes. One fourth cup finely chopped celery may be added to the mixture.

Cheese and Apple Fritters: Beat two eggs and add one cup milk. Sift together one cup flour, one teaspoon baking powder and one-fourth teaspoon salt; add to the egg mixture; stir in one cup grated cheese and one cup chopped apples; mix well. Drop by teaspoons into hot fat and fry until golden brown. Drain and serve with lemon sauce; mix one tbspn. corn starch, one half cup water, gradually, stirring constantly. Boil five minutes. Remove from the fire and add two tablespoons lemon juice, two tablespoons butter, and a sprinkling of nutmeg and salt.

Pineapple and Cheese Salad: Cream together one-fourth pound American cheese (grated) and one tablespoon salad dressing until very smooth. Roll into ball and place in center of pineapple slices. Sprinkle lightly with paprika and serve on crisp lettuce and mayonnaise dressing.

Cheese Souffle: Melt two tablespoons butter, add four tablespoons flour; when well mixed, gradually add one cup scalded milk, then add one-half teaspoon salt, a few grains cayenne pepper, and one-fourth cup grated cheese. Remove from the fire and add the yolks of three eggs beaten until thick and lemon colored. Cool the mixture and cut and fold in the whites of three eggs beaten until stiff and dry. Pour into a buttered baking dish and bake 20 minutes in a slow oven.

FRIDAY The J. O. Y. Union of First Baptist church will be entertained in the church basement, 8 p. m.

Priscilla Home Demonstration club will meet with Mrs. Clyde Carruth, at 1 p. m.

A membership tea will be sponsored by Woodrow Wilson PTA for all mothers of pupils.

Order of Eastern Star will meet at Masonic hall, 8 p. m.

Class Has New List of Officers New officers will be in charge of J. Y. P. class of First Christian church when it meets Sunday. Roundup day will be observed then, and all old and new members are urged to be present to help reach the class goal of 50.

Odeli Walker was named president in an election Sunday, Sidney Maples vice president and reporter, Madeline Gantz treasurer, Elsie Mundy and Alice Reedy pianists.

The class is planning a picnic or party for next week.

From Your Doctor if the "Pain" Remedy You Take Is Safe.

Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations

BEFORE you take any preparation you don't know all about, for the relief of headaches; or the pains of rheumatism, neuritis or neuralgia, ask your doctor what he thinks about it—in comparison with Genuine Bayer Aspirin.

We say this because, before the discovery of Bayer Aspirin, most so-called "pain" remedies were advised against by physicians as being bad for the stomach; or, often, for the heart. And the discovery of Bayer Aspirin largely changed medical practice.

Countless thousands of people who have taken Bayer Aspirin year in and out without ill effect, have proved that the medical findings about its safety were correct.

Remember this: Genuine Bayer Aspirin is rated among the fastest methods yet discovered for the relief of headaches and all common pains... and safe for the average person to take regularly.

You can get real Bayer Aspirin at any drug store—simply by never asking for it by the name "aspirin" alone, but always saying BAYER ASPIRIN when you buy.

AIR BLOCKADE OF ITALY WILL BE CONSIDERED

SANCTIONS PROBLEMS BECOMING MORE COMPLICATED

BY WADE WERNER,
Associated Press Foreign Staff.

GENEVA, Oct. 1 (AP)—Officials of the League of Nations were reported speculating today as to whether—in the event that sanctions were imposed against Italy under the league covenant—Great Britain would request France to join in an air blockade of Italy.

At the same time, Italian sources, concerned with the possibility that the Suez canal might be closed to Italian use, said that such action would be the most serious sanction which the League could take against Italy. Since it would cut off the Italian armies in East Africa from direct contact with their homeland.

These sources said such a step would be regarded by Italy as intolerable.

The league circles in which the talk of an air blockade was reported continued their study of the consultation between Great Britain and France over the question of collaboration between those two countries in the event of hostilities affecting either one.

Authoritative sources said they saw increasing difficulties toward making an economic boycott effective as a measure of restraint. This view was based first on the uncertainty regarding the attitude of states which are not members of the league—such as Japan, the United States, and Brazil—and concerning the reaction of smaller countries which are league members, particularly Switzerland and Austria which are neighbors of Italy.

Regarding Japan it was recalled in league circles that when the league asked for Japan's views on an arms embargo against Paraguay and Bolivia, Japan replied this was a political question and that Japan no longer had any political relations with the league.

Further complications in the problem of sanctions were seen as it was learned from various southern eastern capitals that some system of trade compensation must be devised to balance the losses that would be suffered by the smaller countries joining any prospective economic boycott against Italy.

The economic situation in some of these countries is precarious, and government leaders have pointed out that a refusal to trade with Italy might upset their own economic balance.

Certain authoritative sources regrettably expressed a conviction that open fighting would precede any peaceful settlement of the controversy.

Guess Who!

Look well at this happy-go-lucky hobo with frayed clothes and frizzled hair, then see whether you can recognize one of the most accomplished actors on stage and screen. He's a consummate artist when it comes to character parts, and he's a master at makeup, as you see here. Haven't you guessed yet? Well, he's the imitator George Arliss in a new British movie to be shown soon.

METHODIST MINISTER ISSUED STIRRING CALL TO ARMS ON EVE OF 'LEXINGTON OF TEXAS'

The Texas revolution was conceived in the minds of peaceful men. While mounted messengers were still carrying across Texas the speech delivered at Brazoria Sept. 8, 1835, by Stephen F. Austin, in which the gentle "Father of Texas" counseled resistance against destruction of constitutional government the restless Texans at Gonzales were stirred to action by a man of God.

As Mexican forces approached the little community which was soon to become famous as the Lexington of Texas—the site of the first shot fired in the Texas struggle for independence, October 2, 1835—the Texans of Gonzales responded to a stirring address delivered on the eve of the battle by the Reverend W. P. Smith, picturesque Methodist minister and circuit rider. His heroic words helped to change the destiny of the western world:

"Fellow soldiers: To cap the climax of a long catalogue of injuries and grievances attempted to be heaped upon us, the government of Mexico, in the person of Santa Anna, has sent an army to commence the disarming system. Give up the cannon and we may surrender our small arms also, and at once be the vassals of the most impotent and unstable government upon earth.

"But will Texas give up the cannon? Will she surrender her small arms? Every response is 'No, never!' Never will she submit to a degradation of that character.

"Fellow soldiers, the cause for which we are contending is just, honorable, and glorious—our liberty! The same blood that animated the hearts of our ancestors of '76 still flows warm in our veins.

"Having waited several days for the Mexican army to make an attack upon us, we have now determined to attack them on tomorrow morning at the dawn of day. Some of us may fall, but if we do, let us be sure to fall with our face toward the enemy. Your humble speaker has had the pleasure of examining the contemplated plan of attack. It is judiciously arranged; and to show you that he has some opportunity of judging, he would simply say that he was with General Jackson, Carroll, and Coffee in the great battles at New Orleans in 1814-15.

"Fellow soldiers, let us march silently, obey the commands of our superior officers, and, united as one man, present a bold front to the enemy. Victory will be ours! We have passed the Rubicon, and we have borne the insults and indignities of Mexico until forbearance has ceased to be a virtue. A resort to arms is our only alternative; we must fight and we will fight. In numerical strength, the nation against whom we contend is our superior; but so just and so noble is the cause for which we contend that the strong arm of Jehovah will lead us to victory, to glory, and to empire.

"With us, everything is at stake—

KING GEORGE CONFERS WITH WAR MINISTER

MORE WAR DOGS ARE CONCENTRATED AT SUEZ CANAL

BY CHARLES F. NUTTER,
Associated Press Foreign Staff.

LONDON, Oct. 2 (AP)—King George consulted with his foreign secretary and his minister of war today, then the British cabinet considered anew its policy in an anticipated Italo-Ethiopian war.

The king received Sir Samuel Hoare, foreign secretary, and Viscount Halifax, war minister, in separate audiences at Buckingham palace immediately before the cabinet met for a full report from Anthony Eden on Geneva efforts to avert an African conflict.

Great significance was attached generally to the visits by the ministers to the monarch, who had already received a complete report on the situation from Prime Minister Stanley Baldwin.

The cabinet session coincided with further news of concentration of British ships at the mouth of the Suez canal, gateway to East Africa. The admiralty announced that the mine sweepers Dacon and Me-

Your Eyes Are Precious—Protect Them

SEEING UNDER
Poor Light
WASTES HUMAN ENERGY

Insufficient Light at the office, and inadequate lighting conditions at home are responsible for many business men nodding off to sleep while reading after dinner!

Maybe you don't know it, but there are probably many hours every day when you must force your eyes to strain their tiny muscles so that you may see clearly!

This unconscious exertion may not be noticeable to you—but if too prolonged or too frequently repeated, it may result not only in harmful strain to the eyes but in a drain of nervous energy that can have a serious effect on health.

If you want to avoid the danger of eyestrain, do two things—have your eyes examined by a competent eyesight specialist and have the lighting in your home and office checked with a Light Measuring Meter.

Your eyes can't tell you when light is inadequate for seeing, but a Light Measuring Meter registers it at once. With this simple little device you can learn accurately the amount of light necessary to eye comfort at every type of visual task.

One of our lighting experts will measure your light without charge and will advise you about your lamps and fixtures so that you can get maximum efficiency from the electricity you buy. This service is yours without charge or obligation and we are glad to have you request it. Phone for an appointment to suit your convenience.

Legal Notice

ORDINANCE NO. 173
AN ORDINANCE WHEREBY THE CITY OF PAMPA, TEXAS, AND THE SOUTHWESTERN BELL TELEPHONE COMPANY AGREE THAT THE TELEPHONE COMPANY SHALL CONTINUE TO ERECT AND MAINTAIN ITS POLES, WIRES, ANCHORS, CABLES, MANHOLES, CONDUITS, AND OTHER NECESSARY CONSTRUCTION AND APPURTENANCES ALONG, ACROSS, OVER, THROUGH, ABOVE AND UNDER ALL PUBLIC STREETS, AVENUES, ALLEYS, PUBLIC GROUNDS AND PLACES IN SAID CITY, UNDER CONDITIONS, REGULATIONS AND RESTRICTIONS, AND THAT THE CITY SHALL RECEIVE AN ANNUAL PAYMENT FOR THE FACILITIES OF THE TELEPHONE COMPANY, ALL AS HEREIN PROVIDED:

WHEREAS, the Southwestern Bell Telephone Company, hereinafter referred to as the "Telephone Company," is now and has been engaged in the telephone business in the State of Texas, and in furtherance thereof, has erected and maintained certain items of its place construction in the City of Pampa, Texas, hereinafter referred to as the "City," for many years pursuant to such rights as have been granted it by and under the laws of the State of Texas, and subject to the exercise of such reasonable rights of regulation under the police power as have been also lawfully granted by and under said laws to said City; and

WHEREAS, it is to the mutual advantage of both said City and said Telephone Company that a contract-agreement should be entered into between the Telephone Company and the City establishing the conditions under which the Telephone Company shall operate in said City;

NOW, THEREFORE, BE IT ORDERED BY THE CITY OF PAMPA THAT:

Section 1—Construction and Maintenance of Telephone Plant and Service.

The poles, wires, anchors, cables, manholes, conduits and other plant construction and appurtenances,

Legal Notice

used in or incident to the giving of telephone service and to the maintenance of a telephone business and system by the Telephone Company in said City, shall remain as now constructed, subject to such changes as under the limitations and conditions herein prescribed may be considered necessary by the City in the exercise of its lawful powers and by the Telephone Company in the exercise of its business of furnishing telephone services; and said Telephone Company shall continue to exercise its right to place, remove, construct, and reconstruct, extend and maintain its said plant and appurtenances as the business and purpose for which it is or may be incorporated may from time to time require, along, across, over, through, above and under the public streets, avenues, alleys, and public grounds and places within the present limits of said City, and within said limits as the same from time to time may be extended, subject to the regulations, limitations and conditions herein prescribed.

Section 2—Supervision by City of Location of Poles and Conduit.

All poles to be placed shall be of sound material and reasonably straight, and shall be so set that they will not interfere with the flow of water in any gutter or drain, and that the same will interfere as little as practicable with the ordinary travel on the street or sidewalk. The location and route of all poles, stubs, guys, anchors, conduits and cables to be placed and constructed by the Telephone Company in the construction and maintenance of its telephone system in the City, and the location of all conduits to be laid by the Telephone Company within the limits of the City under this ordinance, shall be subject to the reasonable and proper regulation, control and direction of the City Commission or said City, or of any city official to whom such duties have been or may be delegated.

Section 3—Streets to be Restored to Good Condition.

The surface of any street, alley, highway, or public place disturbed by the Telephone Company in building, constructing, renewing or maintaining its telephone plant and system shall be restored within a reasonable time after the completion of the work to as good a condition as before the commencement of the work and maintained to the satisfaction of the City Commission, or of any city official to whom such duties have been or may be delegated, for one year from the date the surface of said street, alley, highway or public place is broken for such construction or maintenance work, after which time responsibility for the maintenance shall become the duty of the City. No street, alley, highway or public place shall be encumbered for a longer period than shall be necessary to execute the work.

Section 4—Operation and Maintenance of Telephone Plant.

The Telephone Company shall maintain its system in reasonable operating condition at all normal times during the continuance of this contract-agreement. An exception to this condition is automatically in effect when service furnished by the Telephone Company is interrupted, impaired, or prevented by fires, strikes, riots or other occurrences beyond the control of the Telephone Company, or by storms, floods, or other casualties, in any of which events the Telephone Company shall do all things reasonably within its power to do, to restore normal service.

Section 5—Temporary Removal of Wires.

The Telephone Company on the request of any person shall remove or relocate its wires temporarily to permit the moving of houses or other built structures. The expense of such temporary removal, raising or lowering of wires shall be paid by the benefited party or parties, and the Telephone Company may require such payment in advance. The Telephone Company shall be given not less than forty-eight hours' advance notice to arrange for such temporary wire changes.

Section 6—Tree Trimming.

The right, license, privilege and permission is hereby granted to the Telephone Company, its successors and assigns, to trim trees upon and overhanging the streets, alleys, and public places of the City, so as to prevent the branches of such trees from coming in contact with the wires or cables of the Telephone Company, all of said trimming to be done under the supervision and direction of the City Commission or of any City official to whom said duties have been or may be delegated.

Section 7—Annual Cash Consideration to be Paid by the Telephone Company.

To indemnify the City for any and

Legal Notice

all possible damage to its streets, alleys and public grounds which may result from the placing and maintenance therein or thereon of the Telephone Company's poles, conduits or other telephone equipment or apparatus, and to compensate the City for its superintendence of this contract-agreement, and as cash consideration for the same, the Telephone Company agrees to pay to the City annually a sum of money equal to one and one-half per cent (1 1/2%) of the gross receipts for the preceding year received by the Company from the rendition of local telephone exchange transmission service within the corporate limits of the City. The first payment hereunder shall be made April 1, 1935, and shall be equal in amount to one and one-half per cent (1 1/2%) of the gross receipts received from September 1, 1935 to December 31, 1935, inclusive; the second payment shall be made April 1, 1937, and shall be equal in amount to one and one-half per cent (1 1/2%) of the gross receipts for the year 1936; thereafter payments shall be made annually on April 1, as herein provided. The said sum of one and one-half per cent (1 1/2%) of the gross receipts aforesaid shall be paid and received in lieu of any tax, license, charge, fee, street or alley rental or other character of charge for use and occupancy of the streets, alleys and public places of the City and in lieu of any other imposition other than the usual general or special ad valorem taxes now or hereafter levied.

Section 8—Facilities to be Furnished City as Additional Consideration.

In addition to the consideration set forth in Section 7, the Telephone Company shall reserve for and hold, subject to the use of the City, such wire space as may be required from time to time by the City upon the poles now owned or hereafter erected by the Telephone Company in the City for the use of the City's police and fire alarm system; provided that the required wire space shall not exceed the wire capacity of one cross-arm on any one pole. The location on the poles of this fire and police wire space shall be determined on specific applications for space, at the time the applications are received from the City, and will be allocated in accordance with the considerations for electrical construction of the United States Department of Commerce, Bureau of Standards. In its wire construction on the Telephone Company poles, the City will follow the suggestions and requirements laid down for wire construction in the Rules and Regulations of the Bureau of Standards of the United States Department of Commerce, and such wires shall further be constructed, maintained and operated in such manner as not to interfere with nor create undue hazard in the operation of the telephone system of the Telephone Company.

Section 9—Attachments Not Herein Affected.

Nothing in this ordinance contained shall be construed to require or permit any electric light or power wire attachments by the City or for the City, and will be a separate, non-contingent agreement shall be prerequisite to such attachments. Nothing herein contained shall obligate or restrict the City upon the poles now owned or hereafter erected by the Telephone Company, its successors and assigns, shall be for a full term and period of Twenty (20) Years from and after the time this agreement goes into effect.

Section 10—Period of Time of This Ordinance—Termination.

The rights, license, privileges and permissions granted to and controlled by the Telephone Company herein, its successors and assigns, shall be for a full term and period of Twenty (20) Years from and after the time this agreement goes into effect.

Section 11—No Exclusive Privileges Conferred by This Ordinance.

Nothing herein contained shall be construed as giving to the Telephone Company any exclusive privileges.

Section 12—Successors and Assigns.

The rights, powers, limitations, duties and restrictions herein provided for shall inure to and be binding upon the parties hereto and upon their respective successors and assigns.

Section 13—Partial Invalidity and Repeal Provisions.

If any section, sentence, clause or phrase of this ordinance is for any reason held to be illegal, ultra vires or unconstitutional, such invalidity shall not affect the validity of the remaining portions of this ordinance. All ordinances and agreements and parts of ordinances and agreements in conflict herewith are hereby repealed.

Section 14—Acceptance of Contract-Agreement.

The Telephone Company shall have thirty (30) days from and after its passage and approval to file its written acceptance of this ordinance with the City Clerk, and upon such acceptance being filed, the ordinance shall effectuate and make binding the contract-agreement provided by the terms hereof.

APPROVED THIS 23rd day of September, 1935.

LEAGUE ACTION IS EXPECTED TO BE SPEEDED UP

Invasion To Hasten Application Of Sanctions

BY STUART MORONEY,
Associated Press Foreign Staff.
PARIS, Oct. 2 (AP)—Reports of an invasion of Ethiopia by Italian troops, French officials said today, "gravely" clouds the situation, if true, and probably hasten the League of Nations action.

The officials indicated that while such an invasion would be of "great importance," it was not unexpected. The French said, however, that they were awaiting official notification by Emperor Haile Selassie and the League of Nations before considering any action.

(A British Reuters news agency dispatch from Addis Ababa said the Ethiopian government confirmed reports that Italian troops entered Ethiopian territory west of Mount Mussa Ali, but that no fighting occurred.)

The gravity of the Italo-Ethiopian crisis for Europe, from the French viewpoint, was not hidden by officials, with authoritative reports of a controversy among members of the cabinet of Premier Pierre Laval.

Pro-English ministers, including former Premier Edouard Herriot, were reported insisting that Laval take a strong stand against Italy, alongside Britain, with a favorable response to London on its inquiry as to French naval cooperation in the Mediterranean.

If Laval refused to take such a stand, informed sources said, other ministers might resign, precipitating a cabinet crisis.

Their attitude was represented as being that the premier was no longer able to "ride both Italian and British horses."

romantic about a newspaperman's life is the time spent with his wife or honey—about two hours a week . . . 3—The chances for advancement are slimmer than Greta Garbo after a Turkish bath, and promotion means only more work, more responsibilities and less gratitude. . . 4—They are assigned to banquets, but all they have time for are the speeches. . . 5—They are pestered to death by publicity hounds—but the only time reporters get publicity is when some judge wants them to betray their professional honor. . . 6—They spend their lives covering dull and colorless assignments, and when something really exciting happens, such as the Hauptmann Horror, everybody is sent to cover the event except newspapermen. . . 7—Newspapermen, on the whole, earn so little money that they can't resist the temptation to write bad plays and movies. . . 8—The only interesting people a newspaperman meets are the members of his family whom he doesn't meet often enough. . . 9—Too many people have the illusion that an invitation to a night club, a pass to a show, or a half-dollar drink is the price for getting a mess of tripe printed in the papers. . . 10—Newspapermen are called Fourth Estimators, but most of the time they are treated like fourth-offenders.

AND THE FOLLOWING IS FROM "The Panhandler"

Hundreds of readers of the Panhandler Herald will be interested to know that Dr. J. E. Nunn of Amarillo, who has written the Sunday school lesson for this newspaper for many years, was 84 years old Monday, Sept. 23.

Many readers have told us that they feel they know Dr. Nunn because of reading the Sunday school

lesson. The interest that he has taken in writing this lesson is a marvel to his friends.

If Dr. Nunn were to state that he is going to stop writing the Sunday school lessons, few persons would criticize him because they would believe that he is entitled to take a well deserved rest. But friends believe that his interest is so keen in this work that physical disability alone will prevent him from making his weekly contribution to the press of the Panhandle.

Dr. Nunn has lived a rich and a full life. Never has he wavered in standing for the highest ideals in life. He became interested in the Amarillo Daily News about 25 years ago because he believed that prohibition was a necessity for the nation. As long as he was in control MORE ON GAL 2—

of that newspaper, he did not falter in upholding the cause of prohibition.

As a native of Kentucky and a resident of eastern Missouri during his childhood days, Dr. Nunn has a deep love for the old south. When he was 70 years old, he gave a dinner to all Confederate veterans in Amarillo. It happened that The Panhandler was talking with Dr. Nunn during the recent Confederate reunion, and it is doubtful if more than one person present on that occasion is living today with the exception of the host.

Dr. Nunn's stand for the best thing in life has made him one of the important characters in the Panhandle. Instead of the sunset years of life being a burden to him, he has been enjoying them and frequently has said that the "best years are those after seventy because people do not criticize you so much and because they do not expect too much of you."

The Panhandler is sure that Herald readers will be glad to join this paper in extending greetings to Dr. Nunn and wishing him many more happy birthdays.

CHILDRESS' INJURED CAPTAIN AND GUARD WILL BE IN LINEUP TOMORROW

BOBCAT STARS' RETURN HIKE ENEMY STOCK

HARVESTERS EXPECTED TO HAVE STRONG OPPOSITION

Bobcat opposition is expected to be much stronger than anticipated on Thursday night when the Harvesters go to Childress. Word that Captain John Andrews, creek letterman, injured in an automobile accident last week, will be back in the Childress lineup like the Bobcat stock considerably.

Alex Coleman, regular guard who was injured in the same accident, will also be in the front line against the Harvesters. Andrews received a five-inch gash on his head, and bruises. Coleman's ankle was sprained.

Although an end, Andrews is one of the mainstays of the Bobcat attack. Defensively he is a demon tackling all over the field. Besides being an excellent pass receiver, Andrews comes out of the line to carry the ball on fumbles around the end and out for touchdowns.

Also on the ball carrying assignment are James Brummett, quarterback, Carl Lanningham and Les Kimbrough, halfbacks, and Co-Captain Paul Carter, ramming fullback. Lanningham and Kimbrough are in third place in the scoring race in District 5.

Holms, a 165-pound letterman, and Andrews hold down the end positions. Stephens, 198 pounds, and White are the tackles. Coleman and Woods are a pair of 165-pound guards. Terrell, veteran, holds down the center position and back the line.

Opposing the small but fleet Childress team will be a Harvester team, green, but learning fast. The wealth of veteran players being talked over the state as comprising the Harvester team, consist of J. R. Green and Leon Noblitt, the only two regulars back from last year. Other players are newcomers or squadmen from last season.

Coaches Odus Mitchell and J. C. Prejean are spending most of this week working on blocking and offense. The Harvesters showed a strong defense but a somewhat weak offense against Bowie of El Paso last week.

The question of how good are the Harvesters reserve may be settled on Thursday night if the regulars can get the substitutes a lead. Coaches have been letting the first string get all the experience possible, but now the reserves are to come into the limelight, it is believed.

Between halves in Childress, the crack Childress high school drum corps and pep squad will play intricate marches. The pep squad will appear in its new uniforms of solid blue wool two-piece knit, with white shoes and white tams. The leaders will be all in white. The band, with the exception of the drum major, will appear in the same uniform as the squad.

Leaders of the pep squad are Mac Leshe, Buddy Cordell, and Cyrus King. Miss Charlene Towles, drum major, will wear a regulation uniform.

Many Pampans plan to drive to Childress for the game. A request for a block of tickets has been made to Childress, but up to this morning the tickets had not arrived.

A report of the score and high lights of the game will be received by quarters at the office of the Pampa Daily News. The game is scheduled to begin at 8 o'clock.

Jacobs Angles For Garden In Colonel Battle

NEW YORK, Oct. 2 (AP)—The boxing world was waiting today to see whether Mike Jacobs was going to have a big-time boxing promotion all to himself.

The Associated Press learned from reliable sources in Detroit last night that Jacobs, promoter of the Louis-Baer fight which grossed more than a million dollars recently, expected to take over the prize ring privileges of New York's Madison Square Garden, main competitor to Jacob's Twentieth Century club.

His control would cover the next five years and include the Garden's outdoor bowl.

A proposal that Jacobs take over the department was learned, was the outcome of the proxy battle between Col. John R. Kilpatrick, president of the Garden corporation, and Col. John S. Hammond. Hammond and Jacobs are former associates of Tex Rickard.

The battle of the colonels ended yesterday when Hammond, who was defeated in the proxy contest, lost his position as chairman of the board of directors. Kilpatrick was again named president of the corporation and its subsidiary, the New York Rangers professional hockey club. The latter position had been held by Hammond.

DETROIT, Oct. 2 (AP)—Major league magnates and managers, taking a busman's holiday for the world series, already have seized opportunities to lay the groundwork for one of the biggest player shake-ups any off season has witnessed in years.

Even with a fair percentage deducted for lobby gossip and feelers that fall through, at point blank conversational range it appears today that at least a dozen of the 16 big league teams will figure in the wholesale swapping session before the call is sounded for spring training.

Most of the trade talk revolves around the Philadelphia Athletics, who finished last in the American league, and the St. Louis Cardinals, knocked out of the National league race by the sensational Chicago Cubs. Both have some tempting material. Their motives for parting with any of it, however, are vastly different.

The Cards, still a great ball club, contemplate only a few strategic shifts designed to build up another pennant winner but Branch Rickey, the David Harum of the St. Louis outfit, has an attractive list of chain-store talent for prospective bidders.

All reports to the contrary, the celebrated Dean brothers, as well as Joe Medwick, Pepper Martin and Ripper Collins, are not for sale. The Giants would like to have Collins as a replacement for Manager Bill Terry, on record as planning to retire next year, but the best guess is that New York will do business again with the Phillies for the purpose desired.

The deal that's "on the fire" would send Dolph Camilli, slugging first sacker of the Phils, to the Polo Grounds in exchange for Roy Parmelee, erratic right-handed pitcher, Phil Weintraub, combination

HUGE BONDS STRUGGLE FOR GAME TICKETS

SCALPERS GROW RICH AS SELL-OUT IS ASSURED

BY EDWARD J. NEIL,
Associated Press Sports Writer.
DETROIT, Oct. 2 (AP)—The long, limber right arms of a couple of former boys from Arkansas—Lennie Warneke, ace of the Chicago Cubs, and Lynwood (Schoolboy) Rowe, the pet and hero of Detroit—hailed back the drapes on baseball's big show today, the world series of 1935, a tradition given way to reality, and thousands headed for the ball park.

In a setting of mad enthusiasm, crowds jamming the streets, battling for tickets, the high and low tossed about alike in the whirlwind of hysteria stirred up by the big fall climax of American sport, professional baseball gave way to reality, and thousands headed for the ball park.

It seemed certain to be another \$1,000,000 spectacle—this duel of the young, high flying Cubs, still winning along on the impetus of a 21-game winning streak down the National league stretch, and the slugger Tigers who swept the American league boards for the second straight year. It was a case of "quit arguing, now, and get out your money with Chicago influences and cash lifting the Cubs from the underdog role to even money favoritism."

Sell-Out Sure.
The setting was the sun-lit stadium of Navin field, where only a year ago the curtain rang down on the Tigers in a storm of vegetables, aimed at the St. Louis Cardinals, victorious in as rough and turbulent a seven-game struggle as modern history of the series knows. Nothing like that threatened today, as the widely contrasting battle fronts drew up on strictly business lines, full of respect for each other as well as admonitions from the high moguls that nothing of the sort must happen again.

Around the park swirled the front ranks of the throng heading through the gates at 9 a. m. for the 19,000 individual perches on the vast expanse of pine seats stretching beyond the left field walls, encroaching on that part of the playing field so that the home run distance has been cut to 301 feet in that direction. Every reserved seat was sold, and scalpers demanded \$75 each for choice box locations originally priced at \$60.

The slightest doubt in anyone's mind of a sell-out, the biggest crowd ever to see a ball game here, and a fine financial start toward the record for series receipts \$1,207,000, taken in at the seven-game series between the Yankees and Cardinals. Radio right started the pot off with \$100,000.

Warneke Favored.
Despite the fact that the big Rowe, who'll always be a schoolboy despite his fine start toward raising a family, has the advantage of a veteran world series club behind him. His friends packed around him, his surroundings friendly and familiar, the dynamic young Cubs, behind their great rifleman, A. K. A. Keene, were widely favorites to win the game.

It was a case of youth and drive on the side of the Cubs, flaring courage that showed through the National league stretch, against a passivity that had been the time it clubbed the last vestige of opposition out of the American league about a month ago. It was Mickey Cochrane's problem today to lift up the faithful—non, but the mystery of where to locate the last ticket needed to get into the ball yard.

The weatherman, after a shaky start, promised clear, warm skies.

Fleeters Named.
The managers laid nothing, not even their beliefs in the ability of their teams to win. It was Warneke, the lean sharp-shooter who won seven games for the Cubs in their amazing rally, against a giant Fox, last of the A's great championship galaxy, is headed for Boston. It may be confirmed, soon, though another grapevine rumor has it that Fox will wind up with his old pal, Jimmie Dykes, in a White Sox uniform. The price tag on Fox is at least \$150,000.

The Red Sox may be rivaled by the Detroit Tigers or the New York Yankees in any bidding for Roger Cramer and Wally Moses, outfield stars of the A's. Moses was the recruit sensation of the league until he was hurt and put out of action. Mr. Mack is badly in need of pitchers but he will find it difficult to get what he wants without parting with most of the power on his club. He may wind up by engineering another big shake-up, the way he did after the 1932.

All Simmons of the White Sox and Chuck Klein of the Cubs, names to conjure with for years but benchriders a good share of the past season, may shift to new surroundings. Marriagee Mickey Cochrane of the Tigers, who must bolster his old patrol for 1936, could use his team-mate, Simmons, in case he can't get the younger talent he wants.

Rogers (Trader) Hornsby, the sensation of this year's swapping, has real money to spend bolstering the Tigers, who must bolster his old patrol for 1936, could use his team-mate, Simmons, in case he can't get the younger talent he wants.

HORNSBY FOR DETROIT
MEMPHIS, Tenn., Oct. 2 (AP)—Stopping over here last night en route to Logansport, Texas, for an exhibition game, Rogers Hornsby reiterated his belief that Detroit will win the world series.

Bill McKechnie, commissioned by his boss, Charles F. Adams, to do something drastic for 1936, has some real money to spend bolstering the Boston Braves. The Brooklyn Dodgers lack the cash but they are in a receptive mood.

Grayson Sees Tigers Series Victor; Bengals' Power Too Much For Chicago Pitchers

Think Cub Pitchers Too Weakened By Now

By HARRY GRAYSON,
Sports Editor, NEA Service

Slay with Detroit! I have an idea that you fellows who parlayed Joe Louis and the Tigers of the big automobile town, have nothing to worry about other than doing your Christmas shopping early. The Batting Bengals, as Mickey Cochrane calls them, are likely to trot those upstarts, the Chicago Cubs, something like Louis handled Max Baer.

Never before, not even in the case of the 1914 Braves, has a club catapulted into a world series with the stunning velocity of the Cubs. The cohorts of Cholly Grimm came from nowhere on Labor Day to put together an incredible winning streak which wiped the warring New York Giants and St. Louis Cardinals clear out of the picture.

Stunning as was this great winning streak of the Cubs, which lasted through an entire howl-squid against western clubs, it was typical of the ball the Cubs played earlier in the year. It's a streak club, one which can go into a tallspin just as easy as it can start off on a winning hurricane.

For that reason, baseball observers, the writer among them, look for a short world series, a comparative walkover for Cochrane's Tigers.

The American Leaguers even may sweep all four games without giving the Cubs a chance to draw a deep breath.

The Cubs are a whoop-to-do club, capable of great spurts on their home lot, but greatly similar to their 1932 team, which was beaten four straight by the New York Yankees.

To pick Detroit as the probable world series winner, it is not necessary to enumerate the shortcomings of the Cubs any more than you have to bring up the weak points of Baer to explain the victory of Louie. Like the Brown Bomber, Cochrane's white bombers have enough dynamite on their side of the ledger to more than balance all books.

There is Hank Greenberg, the power man of baseball today. The Bronx boy is the No. 1 guy in his racket. In the scramble for the spot left vacant by Babe Ruth, Greenberg beat out Gehrig and Foxx with plenty to spare.

Take Cochrane himself, an inspirational leader and a 200 hitter for Chicago Gehrig, the Michigan Automaton, Charley has no more waste motion than a cop with a Communist, or Goose Goslin, a veteran who enjoyed a remarkable season.

There's the setup: Black Mike and his G-men, who have accounted for more than 80 per cent of all runs scored by Detroit this year. And against it, what have you? A lot of guys named Joe.

Detroit's pitching staff has been signally effective this season. Tommy Bridges, the bellweather of the staff, went through one bad month, Cochrane plucked Eiden Auker out of the grab bag and the submarine-able came up with six straight wins to more than offset the defection of Bridges.

Rowe Has the Staff This Year
Schoolboy Rowe is a better pitcher than he was last season. Rowe has no impressive winning streak to point to this year, but neither has the hoop-la and the "How'ma" of "Edna" gasp of 1934. He'll be real tough in this series, entirely too tough for the Cubs, a team which can be overpowered by fast ball pitching.

As a whole, the Detroit outfit is steadily better than the one which fell before the Cardinals. The boys have been through the mill and know all the answers.

Chicago's pitching, the backbone of the club during its spurt, is not as strong as the Cardinals'. Lennie Warneke, the best pitcher of the bunch, is likely to walk everybody in the park when it comes to a world series. For hitting, Gabby Hartnett, a slow veteran, is still the punch of the club, despite the September spurt of Augie Galan.

Looking them both over, the writer can see only Detroit. Allowance for baseball's breaks, the series likely to end in four, but the Cubs figure to pick up a game or two. They won't leave all their luck behind them when the bell rings.

INDIANS WILL PLAY ATLANTA IN THIRD TILT

OKLAHOMA CITY IS IN GALA ATTIRE FOR BIG WELCOME

OKLAHOMA CITY, Oct. 2 (AP)—They had the flags and bunting up today and the band was set to do its loudest tooting at the arrival of the Atlanta Crackers and the Oklahoma City Indians for the third game of the Dixie series.

Both teams have a victory apiece in the playoff between the Southern association and the Texas league.

All the fanfare in the book of rules for civic welcomes was ready at game time. A crowd to dwarf all other Oklahoma City baseball crowds was in prospect.

Mr. and Mrs. Sam Morris and daughter, Miss Martha, of Moebette, spent the week-end here with a son, R. D. Morris, and family. They left this morning.

HENDERSON IS GRID FAVORITE IN DISTRICT 11

ATHENS HORNETS WILL BE STRONGEST CONTENDER AGAIN

PALESTINE, Oct. 2 (AP)—Seven district 11 football camps bristled with activity the last week as contenders polished up their offense for this year's championship race.

The Henderson Lions, early championship favorites, have 35 candidates for the job. Coaches Earl Adams and C. C. Petch. Henderson appears to be the best bet despite a heavy schedule.

The defending champion Athens Hornets returned only two letters from the hands of the district office. The Hornets, known for their fight, are considered as dangerous again this year and may sweep aside other clubs and win the title.

Palestine, Jacksonville, Nacogdoches, Mexia, and Laikin will produce fairly strong teams but none is expected to measure up strong enough to whip Henderson or Athens. Mexia is a new member of the district, coming up from the class B division.

Palestine will present the biggest game mark. Otis Coffey, former Eagle Lake minor, is starting his first coaching year with the Wildcats. Having enjoyed excellent success at Eagle Lake, Coffey may whip Wildcats into a dangerous team before the district race grows very old.

AMARILLO PICKED TO DEFEAT CAPITOL HILL ON SATURDAY

Looking beyond the Childress game tomorrow night, the Pampa Foresters see the rampaging Indians of Capitol Hill, Oklahoma City, on the horizon. The sight is anything but inspiring, excepting that it should make the Green and Gold dig in and get ready for their first real test of the 1935 season.

Coaches and fans alike are wondering if their previous two games have been setups or if the Harvesters really have "something." Lawton fell first, then Bowie high of El Paso followed. Childress is expected to meet the same fate tomorrow night in Childress.

Coaches Jim Lookabaugh and Perk Whitman will bring 30 scalping Indians to Pampa the week after they meet Amarillo Sandies. Despite the Amarillo record on Butler field—no defeats—these look bad for the Sandies. According to the NEW grid guess contest however, fans are picking Amarillo to win by one touch down.

The Sandies will have a weight advantage in the game. The Indians have a line that averages 170 pounds to face an Amarillo line of about 177 pounds to the man. The Capitol Hill backfield average 160 pounds against a Sandie secondary of 165 pounds per man.

Eleven lettermen from last year will be in the Oklahoma starting lineup. Most of them were on the second string last season. They were considered about as potent as the first stringers, however. A pair of brothers, C. Baker and L. Baker held down the halfback positions at Childress, but the other is a plodder. Corn at quarterback is the veteran and trick artist of the backfield. Kemp, at fullback, weighs only 158 pounds and is tall and slender but a power-house. Captain Speed, center, and George Darrow, end, are the line veterans from last year's first team. Other linemen were squadmen.

The Indian second string is heavier than the starters, coaches admit.

SOUTHWEST ELEVENS PREPARE FOR TOUGH TILTS SATURDAY

Serious and secret practice sessions on Southwest conference football fields Tuesday emphasized the fact that coaches and teams realize that the warm-up days are over. Grueling scrimmages with nothing held back took place in virtually every training camp.

Freshmen shock troops, using Arkansas plays, drilled the Texas Christian Horned Frogs for the opening conference game of the season against Arkansas university Saturday at Fayetteville, aerial work was stressed on the offensive. The Frogs leave Fort Worth Thursday night and will work out at Fayetteville Friday afternoon.

Secret practice with emphasis on effective offense was held at Fayetteville. In addition, Coach Fred Thomsen went back to fundamentals in an effort to cure his charges of fumbling which was so costly in the Porker's opener.

Tulsa university plays, checked off smoothly by the Southern Methodist Colts, gave Coach Madison Bell something to worry about at Dallas. An hour's scrimmage with the freshmen was considered tougher than most warm-up opposition by the Mustangs.

Chicago Police Hunt Ticket Scalping Horde

CHICAGO, Oct. 2 (AP)—Ticket hungry Cub fans, police and the department of internal revenue, joined in a big hunt for world series duet speculators today.

Thousands of fans, disappointed yesterday when the entire supply of 37,000 reserved seats—grand stands and boxes—was exhausted in less than four hours of an over-the-counter sale at Wrigley field, were willing to pay premiums on numerous pastebards reported to be in the hands of scalpers.

Police, however, were out to see that no scalping was done. The department of internal revenue was alerted to see that the government received its share of money in tax, should scalping be accomplished in spite of police.

Speculators last night offered strips of three box seat tickets—one for each game in Chicago—which cost \$19.80 at Wrigley field at \$75. On stations on the \$16.80 grandstand seats ran as high as \$45. Later, however, they were not so bold, refusing to discuss the ticket situation in public.

Sports Roundup

NEW YORK, Oct. 2 (AP)—Good news, Dick Mulvaney, former western coach, will be back at the helm of a major college eleven next season. . . . Everything is fixed for Dick to sign on the dotted line as soon as the present coach's contract expires.

Pepper Martin wants to drive in one of those 500-mile Indianapolis auto races. . . . Under Steve O'Neill, the Indians won 36 out of 59 games for a percentage of .610. . . . This compares favorably with the .616 average of the pennant-winning Tigers. . . . Buzz Borries, ex-Navy ace, is going great guns for the U. S. S. Arizona eleven.

Forced out of tennis by an automobile accident, Vincent Richards, formerly one of the best, makes his start at a tournament golfer today at the Crestmont club, West Orange, N. J.

The championship Loboos, playing under Coach F. E. Showwell, will be lost without the service of the two Whitten boys, but will have to be satisfied with little Jack Skipper, triple threat star, who will play quarterback. The remainder of the backfield material is mediocre, but the prospects are bright for a good forward wall built around Charles Lowenthal, 210 pound tackle, and Dick Brannon, a former guard who has been switched to the pivot position.

Coaches Rufus King at Tyler, Bob Waters at Kilbuck, and J. T. Myracle at Marshall were greeted by a death of experienced men when training started but have been working hard to mold teams out of material badly in need of experience.

RUSSELL AND KLINE LEADING LOOP SCORING

AGGIES WANT REVENGE FOR LAST YEAR'S BEATING

BY BILL PARKER
Associated Press Sports Writer
George Kline, Texas Christian university's busy halfback, and Lloyd Russell, Baylor university's plunging crooner, are pacing the Southwest conference scoring race, each with four touchdowns for 24 points. Russell, who croons tunes when he is lagging the leader, pulled up even with Kline for high point honors Saturday when he raced 66 yards for a touchdown.

Several of the better known touchdown artists are tied for runner-up with 18 points. These include J. R. Smith and Robert Wilson of the Mustangs, and Jimmy Neashta, A. & M. All-American Bill Wallace of Rice has scored only one touchdown and is 18 points behind the leader. However, Wallace is the big football name on the streets this week because of his 54-yard run Saturday against Louisiana state, which tilted the Tigers' defense and sent Rice to a 10 to 7 victory.

John Sylvester, Rice end and the conference's outstanding punter is away to a good season with his educated toe. He is credited with two placement kicks and a field goal.

City officials had better nail down Tyler's sidewalks before Saturday's game between "Pop" Warner's Temple university Owls and Homer Norton's battling Texas A. & M. Aggians, the Aggies never forget, and they certainly haven't neglected to remember that Temple whipped them last year, 40 to 6. Since that 1934 Philadelphia rout, the Aggies have lived for the day of revenge. It will be offered them Saturday when the game will be played as a feature of the annual Tyler rose festival.

Military Honors Will Be Given Former Pampan

Funeral services for J. A. Pearson, former Pampa resident who died Monday morning at his home in Lincoln, Ark. were to be conducted at 2 o'clock this afternoon at Lincoln. Later, the body was to be taken to Fayetteville, where full military services were to be conducted. Burial was to be in the Fayetteville National cemetery.

Mr. Pearson was an outstanding figure in veterans' organizations; having been head of the Texas Forty and Eight and a vice president of the national organization. At the time of his death, he was National Historian of the Forty and Eight.

Jimmie Pearson, who has been making Pampa his home for some time, left Monday for Lincoln. Other survivors are Mrs. Pearson, two daughters, and two sons.

Pampa veterans' organizations voted expressions of sympathy to the family and sent flowers.

MUSSOLINI

Mussolini said that the league "instead of recognizing Italy's rights, talks sanctions."

As he spoke of the "real French," he said:

"I refuse to believe that the genuine Britons will associate themselves with sanctions to protect a barbarous people."

Mussolini spoke fifteen minutes. Discussing sanctions—the punishment of aggressor nations under the League of Nations covenant—he declared:

"We will not pretend to economic sanctions, we will reply with the discipline of our people. To military ones, we will reply with military action."

ROME, Oct. 2 (AP)—Italy's fascist millions—called in an instant from their businesses and homes—gathered today in 7,329 cities, towns and villages to hear a message from the lips of Premier Benito Mussolini.

At the sight of stuns, church bells, and drums, 10,000,000 men and women laid down their work to rush to prearranged assembly places.

The men dressed themselves in their black shirt uniforms. With their women they reported at local fascist headquarters, then marched, with hands playing, to the public squares of their communities.

The loud speakers erected to carry the Duce's words to the waiting multitude were already in place.

Flags flew over their heads. The marching millions sang the Giovinetta—the fascist national hymn. Business came to a standstill.

This was the anniversary of the plebiscite of 1920 which decided on the union of provinces into the empire—Kingdom of Italy.

Achille Starace, the fascist party's secretary-general, issued the official call to the general mobilization—the long-expected "adunata"—over the Rome radio at 3:20 p. m. (8:20 a. m. CST) just 10 minutes before the signal for general mobilization was given.

He gave the population two hours to reach their places where they were to hear the Duce speak to them.

Bands suddenly appeared in the streets playing "Giovinetta," the fascist national anthem, and crowds took to their places of assembly to look up the tune.

Flags were unfurled from buildings throughout the country. Other banners appeared in the street waved by women at their departing menfolk.

During the 2-hour interval the fascist party arranged for a nationwide radio hook-up covering 7,329 cities, towns, and villages.

The call for "adunata" caught most of the people off guard. There had been many rumors it was imminent, but even today the government again denied it would be for today. It was stated, when the denial was made, "it is raining."

Cessation of the rain in the afternoon brought the decision for the mobilization. It had always been intended that the signal should surprise the people and test their alertness.

When the signal came millions of men left their work, often in the midst of a task. All offices and stores were obliged to close. Only the public service enterprises continued to operate, but some of them were briefly affected because of reduced staffs.

Members of the fire prevention board include: Lynn Boyl, Frank Keim, J. O. Gillham, Sherman White, Alex Schneider, A. G. Post, Charlie Duenkel, Jim Collins, C. T. Hunkapillar, C. P. Buckler, Fred Cullum, B. W. Rose, Sheriff Earl Talley, Chief of Police Art Hurst, Fire Chief Clyde Gold, members of the city commission, all ministers, and Supt. R. B. Fisher and principals of all schools in the district.

EXECUTION DATE SET

MIAMI, Okla., Oct. 2 (AP)—December 20 was set today as the date of execution for Henry Metheny, 24-year-old associate of Clyde Barrow and Bonnie Parker, convicted as the murderer of Constable Cal Campbell.

District Judge Ad V. Coppedge set the date after overruling a motion for a new trial.

of religion and liberty of conscience were upheld, as he reminded that these principles were being violated under other flags.

The president spoke in the San Diego high school stadium, with a seating capacity of 60,000, after inspecting the California-Pacific exposition and before departing to review the fleet and cruise the Pacific following his cross-country tour. The address was broadcast to the nation.

He recalled that centuries ago a writer said the two most menacing clouds that hang over human government and human society are "malice domestic and fierce foreign war."

"Never was there more genuine reason," he said, "for Americans to face down these two causes of war. 'Malice domestic' from time to time will come to you in the shape of those who would raise false issues, pervert facts, preach the gospel of hate, and minimize the importance of public action to secure human rights or spiritual ideals. There are those today who would sow these seeds, but you answer to them in the possession of the plain facts of our present condition."

"The second cloud—'foreign war'—is more real—a more potent danger at this moment to the future of civilization."

"It is not surprising that many of our citizens feel a deep sense of apprehension lest some of the nations of the world repeat the follies of 20 years ago and drag civilization to a level from which world-wide recovery may be all but impossible."

"In the face of this apprehension the American people can have but one concern and speak but one sentiment: Despite what happens in continents overseas, the United States of America shall and must remain, as long ago the father of our country prayed that it might remain, unentangled and free."

"At home we have preached and will continue to preach the gospel of the good neighbor. I hope from the bottom of my heart that as the years go on in every continent and in every clime nation will follow nation in proving by deed as well as by word their adherence to the ideal of the Americas—I am a good neighbor."

In this most extensive review of national and international affairs prior to his Pacific cruise, Mr. Roosevelt reaffirmed belief of "unmistakable signs of the restoration of sound and genuine confidence."

He reiterated his conviction in the principles of the dead NRA for fair trade practices and labor laws, but by adding to the public debt, frankly and honestly.

Speaking of recovery he recited these figures:

"From March, 1933, through June, 1935, the following gains have been recorded in the industrial and business life of America. Industrial production increased 45 per cent; factory employment 35 per cent; rural general store sales 104 per cent; automobile sales 157 per cent; life insurance written 41 per cent; electrical power production 18 per cent—this last being, incidentally, a higher mark than in any other time in our history."

CUBS WIN

box and Warneke made a quick recovery, after deflecting the ball to Cavarretta. The Tiger third baseman with a quick throw to Cavarretta. Rowe grounded out, Warneke to Cavarretta. White hit sharply over Cavarretta's head for a single. Cochran rolled to Warneke and was tossed cut at first. No runs, one hit, no errors, one left.

FOURTH INNING

Cubs—Demaree cracked the first pitch past Rogell for a single. Cavarretta bunted along the first base line and was tossed out. Rowe to Greenberg on a close play as Demaree reached second on the sacrifice. Hack rolled out. Gehring to Greenberg. Demaree going to third. Juges fanned swinging at a high hard one and the crowd let loose a yell. No runs, one hit, no errors, one left.

Tigers—Gehring rolled to the box and was tossed out. Warneke caught the Greenberg walked. Goslin walked on the fourth straight ball. Fox grounded to Juges who came in fast and nipped the hitter with a quick toss to Cavarretta. Greenberg went to third and Goslin to second on the putout. Rogell rolled out to Cavarretta unassisted. No runs, no hits, no errors, two left.

FIFTH INNING

Cubs—Warneke grounded out sharply to Greenberg unassisted. Galan grounded out. Gehring to Greenberg. Herman lifted a high fly that Goslin grabbed near the left field foul line. No runs, no hits, no errors, none left.

Tigers—Owen lined to Demaree in deep right. Rowe caromed a hit through the box and it went for a double as Juges, in making a fly-line stab for the ball, deflected it right field. White grounded out. Herman to Cavarretta. Rowe went to third. Cochran dribbled to Warneke who made the putout at first unassisted after taking the ball on the run. No runs, one hit, no errors, one left.

SIXTH INNING

Cubs—Lindstrom lifted the first pitch to Gehring who made the catch a few steps back of second base. Hartnett smashed a single between Owen and Rogell. Demaree fanned swinging at a fast ball. Cavarretta fanned swinging at a curve. No runs, one hit, no errors, one left.

Tigers—Gehring rolled out. Herman to Cavarretta. Greenberg pitched to Hack who made the catch near the base line back of third. Goslin hit sharply toward the box. Warneke deflecting the ball to Herman who threw out the runner at first. No runs, no hits, no errors, none left.

SEVENTH INNING

Cubs—Hack fanned on a called third strike. Juges popped to Rogell who made a nice catch on the grass behind third base. The ball flew from Juges' hands as he swung at a curve. Warneke grounded out on the first pitch, Gehring to Greenberg. No runs, no hits, no errors, none left.

Tigers—Fox rolled out. Warneke to Cavarretta. Rogell lifted a short fly that Juges caught in foul territory after a hard run. Owen walked, the fourth ball being inside. Rowe hit a towering fly that Lindstrom caught while standing a few feet in front of the screen in left center. No runs, no hits, no errors, one left.

EIGHTH INNING

Cubs—Galan bunted to Greenberg and reached first safely with iron. Hack fumbled the ball. The Tiger first baseman was charged with an error. Herman sacrificed on a nice bunt down the first base line. Rowe tossing to Greenberg for the putout as Galan raced to second. Lindstrom up. Galan raced to third as ball caromed away from Cochran on the first pitch. It was passed ball. Lindstrom pitched to Rowe who whirled, later taking a throw to third, and barely caught the hitter with a fast throw to Greenberg. No runs, no hits, no errors, one left.

Tigers—White bunted to Hack and was called out at first on a close play. Hack to Cavarretta. The Tigers kicked vigorously over Umpire Quigley's decision and the crowd booted. Cochran grounded out. Warneke to Cavarretta as the Cub pitcher registered his eighth assist and equalled the world series record. Gehring walked on four straight balls. Greenberg grounded out. Eack to Cavarretta who stretched his full length to the right to beg the throw. No run, no hits, no errors, one left.

NINTH INNING

Cubs—Demaree cracked a home run half way up into the open stands in left field. Cavarretta fanned, swinging and hurled his bat toward the Chicago bench. Hack lined to White in short center. Juges fanned swinging. One run, one hit, no errors, none left.

Tigers—Goslin flied to Lindstrom. Fox rapped a single through the infield to center. Rogell grounded out to Cavarretta unassisted. Fox ran to second on the play. Owen grounded out. Juges to Cavarretta. No runs, one hit, no errors, one left.

POSTAL RECEIPTS

At New Records

The Pampa postoffice continues to set new records.

During September of this year receipts amounted to \$4,948.74, the largest total of any September since the postoffice was opened in Pampa. On the same month last year, receipts were \$4,293.31.

Receipts for the past quarter also reached a new high with \$16,908.70 compared with \$15,120.50 the same quarter last year, giving an increase of \$1,788.20 or about 12 per cent.

Other departments also showed increases. The demand for boxes increased until extension of mail routes to relieve the congestion is being advocated.

youth didn't look up—just kept hoeing. To the lad who had work on his mind "Uncle Gus" gave \$1,000 in stocks.

A farm owed "Uncle Gus" a heavy balance on a farm. The farmer and his wife toiled long in the fields; paid when they could. One night the farm couple turned over their supper plates and found a "paid in full" receipt on the bill owed "Uncle Gus."

Newly married couples who sought his fancy returned from honeymoons to find fully-equipped automobiles in their garage. He gave farms to poor, industrious men of the soil.

He paid for the erection of churches, irrespective of denomination; built a school and a home for teachers and set apart 150 acres of rich farming land for his maintenance. Several times he guaranteed teachers' salaries to keep school doors open.

He came to Collin county with his parents from Kentucky 86 years ago and resided in the log cabin built six miles from here until his death. He never married, living alone with a faithful dog which died a few years ago.

He erected a tombstone for the dog and now lies within a few paces of his lifetime companion.

by his advisers—including Everett Colson, American—resulted from government reports thru French sources that the Italians had penetrated from Eritrea into a triangular portion of Ethiopia at Mount Mussa Ali.

The Italians were said to have moved in about 50,000 native Eritrean troops and fleets of motor trucks, tanks, and airplanes.

There are no Ethiopian troops in the desolate region and, consequently, it was said the Italians had been able to construct air-roads, munitions depots, and barracks without opposition.

The emperor's note read:

"We call to the attention of the League of Nations that Italy has prepared a base of attack of great size in the region south of Mount Mussa Ali. The nearness of this region to the sea and its facility of access through Somali would allow the council (of the League) either to send observers or to obtain confirmation from French government in Somaliland that that is a violation of Ethiopian territory."

In anticipation of the possibility of air raids, the emperor ordered all hotels in Addis Ababa to construct bomb-proof shelters.

It was stated that the Italians have moved into this triangular area—described as roughly about 15 miles across—from Assab, Eritrea.

No Ethiopian Forces

The center of the aviation and military bases was said to be Mount Mussa Ali, which is 6,000 feet high and surveys a great stretch of Ethiopian desert.

The Ethiopians have no forces in that area, it was stated, while the Italians have 60,000 native and white troops at Assab.

The government statement added that the Italians had completed six roads leading from Assab to these new bases. The roads were reported to stretch a distance of 60 miles.

Since the government has no means of communication with this area, it was said that it was unformed of the size of the Italian forces supposed to be quartered in the advance area.

Mobilization Tomorrow

There were predictions that, partly as the result of this report, Emperor Haile Selassie would order national mobilization tomorrow.

The government was informed that the French have erected barriers, visible from the air along the Italo-Franco border (the dividing line between French Somaliland and the Italian colony of Eritrea) warning the Italians not to invade French territory.

Mussa Ali is famous for its labyrinth of slave caves which once formed the center of operation in the shipment of slaves to Arabia.

The Italian minister to Ethiopia, Luigi Vinciguerra, today ordered all Italian-born residents and Italian-protected Greeks to leave the country by Nov. 5.

The minister and legation authorities planned to leave together after the arrival here of consular officials en route to the capital from the interior.

This may be within a fortnight.

able trade balance was \$778,000,000 for the first six months, the report said. The analysis asserted that manufactured articles were displacing farm products as the United States' leading export commodities.

In its review of food imports for the first six months, the report said: "Feeding grains, cattle, meats, butter, vegetable oil and oil seeds flowed into the United States in the heaviest importation in many years."

"Imports of wheat for the half year amounted to 12,170,000 bushels which was 117 per cent larger than in the corresponding half of 1934 and 92 per cent above the five-year average."

"In the same period, we imported 230,581 cattle, 356 per cent more than last year and 183 per cent above the five-year period."
