**Twinkles**  
A good report card by Son or Daughter is a credit to the entire family. Maybe that's why parents raise Cain when a poor report card reaches home—regardless of the merits of the case.

Doggone it, guys with the obsession that we have an experienced football team won't believe us until we've had time to get enough experience to make them right in their views.

Guessing at football crowds is difficult. Remember this: The west grandstand seats about 2,200, and at the average game only two persons sit on every three seat places.

Lipscomb county has lost a few feet of ground to Ochiltree in a boundary dispute. The row ended amicably, what's a few feet when it may all blow away next spring anyhow!

Mussolini is "playing favorites" with newspaper correspondents. Proving again that he's the world's worst politician and diplomat.

Musing of the moment: If you are so smart, says W. W. Simmons of the White Deer Review, tell what is the present tense of wrought. We made a quick stab and gave what seemed to be a satisfactory answer. What would you have said? And what is the plural of chassis?

**Brevitorials**  
A BLACK-BROWN Negro who likes to sleep was an easy victor over a magnificently muddled white man who likes the Great White Way. The first is physically an excellent example of his race; the second a poor example of the fighting white man, mentally. Statistics on racial troubles, including lynchings, show the danger when the black man is uppermost in sport. Whites are inclined to provoke trouble. And it is a peculiar fact that Selassie declares he is no negro, although there are negroes in Ethiopia.

**ORDINARILY** the American public can be depended upon to show a fine sportsmanship. It is usually for the underdog. Halle Selassie and his North Africans have had popular sympathy in this country because of Italy's superior strength and aggressiveness. It will be interesting to note what effect, if any, the ascendancy of a dusky fighter will have in this country. And it is a peculiar fact that Selassie declares he is no negro, although there are negroes in Ethiopia.

**WHAT CAN HAPPEN** in a wet state was illustrated in Clovis, N. M., this week. A defendant was charged with selling home. The jury returned a verdict of guilty in 3 minutes. We would not say that this is typical. The defendant acted as his own attorney. He virtually admitted the charge, which proves that he was a poor witness for himself. The charge was making beer.

**WHAT EDITORS** think of the new deal was learned in a recent poll of 2,306 papers. The survey showed that the new deal program was at least in part opposed by 51.8 per cent of the editors. A total of 739 papers were heartily supporting the Roosevelt administration, while 379 did so with reservations. The papers canvassed serve nearly half the population of the country and may be regarded as representative. In most cases, the papers also included opinions as to what their communities thought about the new deal. It is significant that in the previous year the vote was 943 to 816.

What the vote really means, we believe, is that the feeling is growing that the emergency has passed and that heading spending and experimenting should stop. If Mr. Roosevelt succeeds in slowing the tempo he has built up, these same editors may favor him in the next poll.

**SIGNS OF THE** swift departure of the age we knew as a lad in the Panhandle appear frequently. The one of the moment happened near Roswell. Sheen men had complained that a particularly clever coyote had been killing many antelope. Efforts to run him down with dogs failed. An aviator at Fort Stockton heard of it, flew to Roswell, and after two days of hunting killed the coyote from the plane with a machine gun.

### SNOW COVERS KANSAS AREA-- CROPS FREEZE

TEMPERATURE IN CITY DROPS TO 40 DEGREES

GOODLAND, Kas., Sept. 27 (AP)—Several inches of snow covered northwestern Kansas today and the wet, heavy flakes continued to fall. Freezing temperatures accompanied the snow-storm and killed late feed crops and gardens.

A temperature of 40 degrees last night reminded Pampans that "northerners" are really here. The chill north wind brought out heavier clothing and created a demand for new merchandise suited to the cold weather.

The sun peeped through heavy clouds this morning, but was obscured this afternoon. The cold north wind continued blowing, although the thermometer had risen more than ten degrees. There was no precipitation in sight.

### LATE NEWS

AUSTIN, Sept. 27 (AP)—The house today passed a bill to amend a miry report of an investigating committee recommending that J. E. McDonald, commissioner of agriculture, be impeached. A majority of the committee protested the action and said McDonald was innocent of any misconduct.

SPORTSMAN PARK, St. Louis, Mo., Sept. 27 (AP)—In an effort to clinch the National league pennant, Manager Chas. Grimm selected Bill Lee to face the world champions here this afternoon in the first game of a doubleheader. The weather was threatening and cool, and the crowd numbered not more than 4,500.

TULSA, Sept. 27 (AP)—Charles A. Lindbergh left Tulsa for Chicago today to meet at 10:45 a. m. (CST) after a ten-minute stop. They came from Wichita Falls, Texas, and flew eastward without revealing their destination.

GENEVA, Sept. 27 (AP)—The League of Nations council, meeting as a committee of the whole, today adopted in principle Emperor Haile Selassie's plea for the dispatch of League observers to the Italo-Ethiopian trouble zone.

ROME, Sept. 27 (AP)—An Italian government spokesman said today that Italy was willing to observe a two-week "unofficial truce" with Ethiopia, "unless something happens."

W. W. Simmons of White Deer transacted business here this morning.

### After 19 Years

Smiling his joy at breathing "outside" air for the first time in 19 years, Warren K. Billings is shown, left, leaving Folsom prison in California, carrying papers for use in his testimony for Tom Mooney, his co-defendant in the San Francisco preparedness day bombing. With Billings is Warden Court Smith of Folsom prison.

### AFRICAN RAINS CEASE; NATIVES READY FOR WAR

Maskal Festival Is Celebrated in Ethiopia

ADDIS ABABA, Sept. 27 (AP)—Heavy rain today interrupted the ceremonies of the Maskal festival, which celebrates the end of the rainy season in Ethiopia. The scores of richly-robed priests leading the festivities hurriedly sought shelter from the rain which became so heavy that it was feared the remainder of the Maskal ceremonies might have to be abandoned. However, the downpour turned to a drizzle and the festivities continued to be climaxed with a great tribal review.

ADDIS ABABA, Sept. 27 (AP)—The people of Ethiopia celebrated with pomp and ritual today the great maskal festival, marking the end of the tropical rainy season—until now a natural barrier to war with Italy.

The populace, however, evidenced a grim realization that the crisis might momentarily force Emperor Haile Selassie to sound the tocsin for a nation-wide mobilization. This feeling tempered the customary exuberance of the Ethiopians who regard their festival, also commemorating the discovery of what they believe to be the true cross, as one of the peace.

With undiminished confidence in their broken centuries of victory, many of the people expressed a resolve to face Italy's blackbirds.

### CUBS TO PLAY DETROIT FOR CHAMPIONSHIP

GREAT DIZZY BEATEN BY ONRUSHING RIVALS

SPORTSMAN PARK, St. Louis, Sept. 27 (AP)—The sensational Chicago Cubs came to the end of their glorious baseball ride today by slugging the great Dizzy Dean into submission with 15 hits and clinching the National league pennant with their 20th straight victory, a six to two triumph over the St. Louis Cardinals.

The men of Grimm spotted the "curable" Dean with two runs in the first inning of the first game of the now useless doubleheader and then came back to smash his offerings to bits for an easy victory. Sensational fielding, notably by Bill Jurkes, who handled 12 plays faultlessly and brilliantly, saved Bill Lee from several bad situations. Lee came through with his 20th victory of the season with a 6-hit performance pitched on a cold and dreary day before 8,000 fans.

### HEAD OF LEGION DOESN'T SMOKE, AND CAN FIGHT

But Does Sing Tenor; Is Catholic and Was Grid Star

ST. LOUIS, Sept. 27 (AP)—J. Ray Murphy, the new commander of the American Legion, doesn't smoke. He does sing tenor. And he can take care of himself.

"Ray Murphy is the last man in Iowa that I'd choose for a fist fight," said a buddy of the 48-year-old, 235-pound, 6-foot 10-inch Iowa attorney today.

The Iowa insurance commissioner didn't say much. He doesn't waste words. After his election as head of the World War veterans at the close of the seventeenth annual Legion convention here yesterday, he pledged his efforts toward stamping out propaganda subversive to American principles, asserted, "the first obligation of the American Legion is to the disabled war veterans and to the widows and orphans of those who gave their support for their country in the World War" and promised full support to the Legion program.

That program includes a demand for immediate cash payment of adjusted compensation certificates (bonus) cancellation of accrued interest and refund of interest paid "without having it complicated or confused with other issues of government finance or theories of currency with which the Legion does not intend to become involved."

Murphy, a Catholic, was born on an Iowa farm. As a high school athlete he once won a state track and field meet virtually single-handedly. He explained the University of Iowa football team in his senior year.

### LEGISLATORS SAY R. R. BODY IS 'LUDICROUS'

Workers Inefficient And Incompetent, Report Says

AUSTIN, Sept. 27 (AP)—Rep. Lon E. Alsop of Carthage charged today the railroad commission was guilty of incompetency in oil conservation enforcement and "could be impeached if a special investigating committee made the kind of report it should make."

"There is not a single member of the commission that is competent to carry on the people's business as far as oil is concerned," Alsop stated, addressing the house.

Alsop's statements were in reply to a telegram from East Texas officers of the commission stating running of hot oil had been reduced to a minimum.

"They are like a majority of the commission's employees, they don't know anything about it," Alsop said. "The legislature has permitted the commission to write the oil laws and the commission doesn't know how to do it."

Alsop asserted 90 per cent of the See LEGISLATORS, Page 8

### MEMEL VOTE WILL NOT END NAZI DISPUTE

Foreign Observers Believe Election Will Not Settle Controversy in Lithuania

MEMEL, Sept. 27 (AP)—Frank skepticism in the Memel territory election Sunday would settle the controversy between Germany and Lithuania was expressed today by foreign observers.

Lithuanian political leaders charged that Germany, in an effort to force pro-German sympathy in the Memel territory, had in effect declared an economic war on the region.

These leaders declared Germany had stopped virtually all imports from Lithuania, had limited Lithuanian transit shipments through the third Reich, and had gained a hold on Memel farmers through mortgage loans.

The German press pointed to reports of an army mutiny and a farmers' strike in Memel as evidences of unrest preceding the legislative elections. The Lithuanian government countered German charges of pre-election discriminations by inviting representatives of Great Britain, Italy and France to attend the elections as observers.

The real Memel question, observers pointed out, is whether 145,000 people, divided in language and See MEMEL, Page 8

### FEW CASES OF ILLNESS FOUND BY CITY NURSE

Schools Remarkably Free From Diseases so far

Remarkably few cases of illness have been found this term in the schools, according to Miss L. Shelby, health nurse.

Teachers and other school employees, as well as students, are undergoing thorough physical examinations this month. Findings to date have been good.

Diseases for which pupils may be excluded from school are measles, whooping cough, mumps, German measles, chicken pox, tonsillitis, scabies (itch), and favus. There has been one case of mumps and a few of itch so far discovered. By keeping sick children at home, infections and contagions are being avoided. Teachers watch for such symptoms as drowsiness, red or inflamed eyes, discharge from eyes, nose, or throat, flushed cheeks, fever, vomiting, chills, or coughs.

Once each week pupils in the ward schools are inspected for symptoms of contagious diseases. Cleanliness is stressed.

Cooperation with health authorities in an educational campaign on tuberculosis is being extended.

Centers are in operation on the high school campus, Horace Mann school, and Sam Houston school. Food that is best for children is being served.

Graduated penalties were proposed, the first offense punishable by a fine up to \$100 or jail sentence up to 90 days. Second offenders would be jailed for one year, and third offenders sent to the penitentiary for one to five years.

Small explained it would permit sale by the drink of beer and unfortified wines, which the original draft would ban.

His said he understood "there has been some hilarity by the drug store crowd over my bill," adding: "Let 'em enjoy it now. I expect to get to them under the other bill, for I think they have demonstrated the fact that they should not be entrusted to sell intoxicating liquors."

### DEFINITION OF OPEN SALOON IS PERFECTED

SENATOR WILL TANGLE UP 'DRUG STORE CROWD HARD'

AUSTIN, Sept. 27 (AP)—The senate today finally passed 17 to 8 with two pairs a bill defining an open saloon to restrict liquor sales to unbroken packages.

An unyielding debate rejected, 19 to 18 two amendments which Senator W. K. Hopkins of Gonzales, vet leader, contended were necessary to close loopholes of "false front" drug stores.

Answering his challenge that they were a "medium for real drys to accept," Senator Clint Small of Amarillo, the author, asserted the amendment were unworkable and would weaken the bill. He said they should be placed in a liquor regulation measure.

One of Hopkins' amendments would have prohibited sale of liquor in places where other merchandise was sold, and the other would have made consumption on the premises an offense, supplementing the bill's prohibition against sale for consumption where sold.

AUSTIN, Sept. 27 (AP)—The house reversed itself today and instructed its state affairs committee to remove a tax section from a bill to prohibit old-age pensions. The vote was 81 to 60. Tuesday the house defeated the motion, 61 to 60.

AUSTIN, Sept. 27 (AP)—Senate vet leader today demanded an amendment to the anti-saloon bill prohibiting sale of liquor by drug stores.

Senator W. K. Hopkins of Gonzales, sponsor of a license system bill, proposed a ban against sale of liquor in places where other medicated compounds or carbonated water was dispensed.

"It will plug up the loop hole of camouflage drug stores," he said. "It will prohibit a person from buying a 'traveling saloon' at one place."

Some of the dry bloc, disclaiming criticism of the purpose, questioned the practicability of the amendment. Senator Tom Deberry of Bogota, one of the dry group, suggested it should be in a regulatory bill and not in separate statute defining a saloon.

# CHAIN STORES ARE TAXED IN REVENUE BILL

### LOBBYISTS SATISFIED, SPONSORS BITTERLY COMPLAIN

AUSTIN, Sept. 27 (P)—The session's first major tax bill approved by the house progressed today to the senate which tussled with the problem of defining an "open saloon."

The proposed levy was a graduated tax on chain stores, estimated to raise \$3,000,000 annually, which the house passed 117 to 19 after amendments included gasoline filling stations and utilities selling appliances.

Sponsors protested the inclusions and charged the bill was "loaded down" to the satisfaction of lobbyists and to the detriment of its chances for enactment. The only exemption, lumber yards, was voted 78 to 47.

Proceeds would help pay old age pensions. Another purpose was to equalize competition between chains and independent merchants.

Wet and dry-bloc senators prepared for a final test on a bill to prohibit sale of intoxicating liquor by the drink through a strict definition of a saloon. It had cleared two trial votes with strong majorities.

Senator Clint Small of Amarillo, the author, had ready an amendment to perfect it, while the wet group had proposals to broaden the definition. Senator Small's revision would add to the ban against sale of distilled liquors for consumption on the premises a direct prohibition against sale in unsealed packages.

Senate bills to pay pensions were assigned to an unstructured sub-group of the finance committee for revision into a composite measure. One bill, which former Gov. James E. Ferguson helped write, proposed a three per cent retail sales tax.

Revenue and taxation committees added to recommended tax proposals two bills which would double the state's "take" on horse race wagers and the gross receipts levy on utilities other than telephone companies.

The state collected \$330,000 on horse race betting during the late winter and spring season, while the gross receipts tax increase was calculated to yield \$600,000 annually.

The committee reported adversely bills to let cities and counties tax utilities one-half of the state levy and to tax dance halls \$25 annually.

### CLUB TO OPEN MANY EVENTS TO THE PUBLIC

#### BPW PROGRAM OF YEAR INCLUDES FORUMS AND SOCIALS

Bringing their club into closer contact with the public and with other civic organizations is one aim of the Business and Professional Women's club program for this year, as outlined in year-books that were issued to members this week.

Each standing committee in the club has charge of the programs for one month. Several public programs, including community forums, a style revue, and the annual public relations banquet are scheduled. Guest speakers will bring outside views to the club at almost every meeting.

Since the club year started in July, programs have been presented by the attendance committee, health committee, and vocational and educational committee. An outline of coming programs follows:

**Forum on Beautification.** October, in charge of membership committee. Oct. 1, board meeting and business meeting. Oct. 8, parliamentary program. Oct. 15, Halloween costume party at Schneider hotel, with Grace Pool and Mary Lou Downs as hostesses. Oct. 22, open forum at city hall on community beautification.

**November, in charge of magazine committee with education as the theme.** Nov. 5, board meeting. Nov. 12, business meeting. Nov. 19, social meeting with R. B. Fisher as the speaker. ### MRS. V. TAYLOR VISITS CLUBS AT CANADIAN

#### Lunch Honors State President of Federation

CANADIAN, Sept. 27.—The federated clubs were hostess Thursday to Mrs. Volney Taylor, president of the Texas Federation of Women's Clubs, and Mrs. W. P. Avriett, president of seventh district.

These officials arrived for a 10:30 program in the main auditorium of the Methodist church. Mrs. W. L. Helton, president of the local club, presided during the session and at the luncheon which followed. Clubs at Higgins, Wheeler, and Miami were co-hostesses, each furnishing a musical number for the program.

Mrs. Avriett spoke briefly, then introduced Mrs. Taylor who made the address of the day. Mrs. Robinson of Higgins gave a musical reading with Mrs. Wells at the piano.

Following the program, a four-course luncheon was served in Fellowship hall to 90 women. Dainty mint cups in silver and light green, the Woman's club colors, were used and the tables were decorated with baskets of beautiful dahlias from Mrs. John Taylor's flower garden. Bouquets of carnas, double marigolds and other flowers were placed about the room.

The group was entertained by a cornet solo by Earl Lee Wilbur of Canadian and a piano number by Mrs. John Pennington of Wheeler. Miss Capicola Gerlach, the first president of the Woman's club, now residing in Woodward, was a guest at the meeting and luncheon.

Public speaking is being taught this year in fourth, fifth, and sixth grades. Miss Mims, a new teacher, is in charge. Miss Allie Elliott, another new faculty member, directs art in those grades, and W. C. Burr is band director. Miss Lois Stallings again is in charge of public school music.

Two supervised study periods daily have been introduced, so that pupils may do most of their lesson preparation at school and secure the help of teachers when needed.

### BOTH ELEVENS DECIDE TO BE ON OFFENSIVE

A strictly offensive battle is in prospect at Harvesters field tonight at 8 o'clock when the Pampa Harvesters meet the Bowie high Bears of El Paso. It will be the second meeting of the two teams, the Harvesters having won the game in El Paso last year, 21 to 6.

Harvester coaches have already announced that they will "shoot the works" offensively. The Bears are firm believers in a strong attack being the best defense and coaches have been drilling their charges long and hard on a scoring offense.

The Harvesters will take the field with a wide weight advantage of about 18 pounds to the man. They will be facing a team of fleet-footed ball toters, capable of skirting the ends at terrific speed and hurling passes far in any direction. Most of the little Mexicans saw service against the Harvesters last year when they proved themselves tough and able to take anything coming their way.

The major weight advantage will be in the line. Last week the Lawton Wolves showed that weight could be overcome by speed and science by breaking the Bears' invaders repeatedly. Coaches worked on the weaknesses this week and a difference in play is expected to be noticeable tonight.

Pass defense was improved during the week. The Mexicans, in the past, used a "hand" defense built up this year is about the same and coaches are anticipating considerable trouble stopping the Montoyo to Hernandez pass combination.

The Bear offensive will be largely in the capable hands of Montoyo and Caro, two veterans from last year. Miranda was a reserve last season. Nieto, at left half, is a new boy who is rated all district material his first year out.

Heading the line work is the little veteran, "Poppy" Perez, who dealt Harvester backs trouble galore last year. Hernandez is a veteran pass receiving end, who sometimes comes out of the line to carry the ball or pass, as the case may be. Cojas and Garibay are two more stars back from last year. Bulos, Najar and Valle are other starting linemen.

Coach Odus Mitchell will send the same team against the Bears that started against Lawton last week—Fanning, Brown, Drake and Stewart will be in the backfield. The three "Greens," Hartman, Nix, Noland and Noblitt will fill out the line.

Ryder Cup Golf Series to Open On Tomorrow

RIDGEWOOD, N. J., Sept. 27 (AP)—Signs point to an American victory when the best of Uncle Sam's and John Bull's professional golfers meet in the first renewal of the international Ryder cup team series.

Sometimes, however, even the stars in the heavens are misleading, are misleading.

An invading team in the biennial competition has yet to score a victory. The team of the young players from overseas and the quality of golf displayed in practice performances hint that tradition may be shattered this time.

They have found the Ridgewood Country club's 27-hole layout similar to many inland courses in England and have adapted themselves to it quickly. Captain Charlie Whitcombe says the team represents the strongest in Britain's history.

The American side also presents some international freshmen—Henry Fieard, Sam Parks Jr., Ky Laffoon, and Johnny Revolta. They are backed up by such stalwarts as the veterans Walter Hagen and Gene Sarazen, Horton Smith, Craig Wood, Olin Dutra, and Paul Runyan. Hagen and Sarazen have been members of every American Ryder team, while Whitcombe is the only Briton with that distinction.

The two-day series opens tomorrow with four two-ball foursome matches. It concludes Sunday with eight singles. All matches are at 86 holes.

SOONERS SIGNED

DALLAS, Sept. 27 (AP)—Dr. R. N. Blackwell of the athletic events committee of the Texas Centennial celebration announced last night that a contract had been signed between the University of Oklahoma and the University of Texas to meet in a football game here Oct. 12, 1936.

Hunk Anderson, coaching at North Carolina state college, has a bona fide cowboy on his football squad. Everett Robinson, who hails from Wallace, Okla., and says he has "rode the range." The cowboy was a freshman at Notre Dame and went along with Anderson when he left his alma mater.

## Bill Lee And Dizzy Dean To Pitch In Opening Game

### Rain May Cause 2nd Battle To Be Postponed

BY PAUL MICKELSON, Associated Press Sports Writer.

ST. LOUIS, Sept. 27 (AP)—The "gas house gang" of St. Louis swarmed across the tracks for their last ditch fight today.

Led by almost unbeatable Dizzy Dean, just spoiling for his twenty-ninth winning scrap of the season, the Cardinals looked hopelessly beaten in their final struggle to halt the merry, mad pennant parade by the 19-in-a-row Chicago Cubs, who had two chances to march into the world series in a doubleheader starting at 12:45 p.m. (CST).

Four up and four to go, with rain threatening to clinch the pennant by washing out one or two of the remaining games, the Cubs seemed to have nothing to worry about except the awaiting Detroit Tigers in the world series opener next week.

"General" Bill Lee, a six-foot right hander who has won 19 and lost six for the best winning percentage of the National league this season, was Manager Chas. Grimm's mound choice for the first game of the twin bill with the surprising gray beard of the Bruins, Charlie Root, refreshed and ready to pitch the second, win or lose. Grimm expected Paul Dean to hurl the second for the Cardinals in case they beat Lee despite the statement of Manager Frankie Frisch that Mike Ryba, a versatile farm hand from Columbus, probably would do the casting.

An all day's rain washed out the second game of the deciding 5-game series yesterday, forcing the doubleheader. Should it rain today—"possibly showers" was the forecast—it would be necessary to play doubleheaders Saturday and Sunday. Any interruption by the elements thereafter would be just too bad for the Cardinals as they forbid three games in one day and the season ends Sunday regardless of the number of contests left on the schedule except in the case of a tie. To tie, the Cardinals must play and win all four remaining games.

(This is the first of a series analyzing the world series contenders and their prospects.)

BY ALAN GOULD, Associated Press Sports Writer.

NEW YORK, Sept. 27 (AP)—The world series, America's next million-dollar sports show, will be renewed next week in Detroit where it was ended in a shower of fruit and vegetables a year ago.

No matter what steps, if any, are taken to prevent a recurrence of such riotous conduct by Tiger fans, it appears certain that Joe Medwick, target of the 1934 shower, will be missing, along with the rest of the St. Louis gas house gang.

It's yet to be settled definitely, but you can write your own ticket on the proposition that Lon Warneke, Pride of the Ozarks, and the sensational Chicago Cubs will fling this year's National league challenge to the two-time American league champions.

All of which gives the Tigers something to ponder about for the second year in a row. Last season, Mickey Cochrane and his team, the Beanevals were all set to grapple with the New York Giants, only to find Cardinals climbing all over them.

The Cubs have been the "hot" National league team since the first of September, when they began their spectacular winning streak. They expect to have the same kind of momentum that carried the Cardinals to victory in 1934 and the Giants to the top in 1933.

It's a vital point to be considered in "doping" the outcome of the series.

The Tigers have had nothing to worry about since they put on their mid-season drive and shook off the Yankees. Cochrane's crew clinched the flag Saturday.

Again, they must wait around to find out who they will meet in the big series. The strain was such a year ago that the "iron man" Tiger infield had a bad case of "jitters" on opening day.

This year, things should be different. The Tigers have experience now, plus additional confidence, just much power and the same capable pitching resources. Bridges, Rowe, Auker, and Crowder will be Cochrane's "big four" on the firing line.

The Cubs have made a poor showing in the world series since the early pennant days of Frank Chance, but that may not be an encouragement to Tiger supporters. Chicago polished off Detroit twice in succession the last time they tangled, in 1907 and 1908.

Since then the Cubs have been trimmed four times by the American league champions, winning only four out of 20 games played.

More to the point from Detroit's angle is the fact that the current Cubs include few regulars with world series experience. Billy Herman, Gabby Hartnett, Billy Jurgens, Lon Warneke and Charley Root are the only men who can be classed as regulars of the team that was slaughtered in 1932 by the Yankees. Frank Demaree and Stanley Hack,

regulars now, were substitutes then. The club has been shifted repeatedly since the start of the season. Kiki Cuyler has been sold, Manager Charley Grimm has retired from active play in favor of Phil Cavarretta, and Chuck Klein, who cost \$125,000, has yielded to Demaree. Sensational sophomore pitching by Bill Lee and a comeback by the veteran Root, plus the deal that brought Southpaw Larry French and hard-hitting Freddy Lindstrom into the picture, all contribute to the remarkable rise of this made-over outfit. It is led by a fun-loving banjo-playing manager in Grimm, who is well equipped to match wits with the fiery Cochrane.

## Sports Roundup

NEW YORK, Sept. 27 (AP)—Joe Gould, Jimmy Braddock's smart little manager, was among those who called the turn on the big fight. Louis in the fourth round was his story all along... Braddock picked Baer.

Detroit was crazy over the Tigers last year, but the town has gone plumb mad this time.

Wisconsin's hefty line ranges downward from a 245-pound guard, Doc Spears, you know, likes his huskies big... As an All-American guard at Dartmouth he weighed about 210... Jim Hopkins plays football for Johns Hopkins... Maryland has a center who calls signals, and Villanova has a blocking back named Stopper.

Hats off to Tom Yawkey... He has decided to spend another million to bring a pennant to Beantown... Minnesota may lose Alfonso, star back, who is in trouble with the faculty... But Bernie Bierman should worry so long as Turfy Thompson, sensational sophomore, escapes the scholastic ax.

Kansas City fans presented Wilcy Moore, the old Yankee relief pitcher, with a gold bat in token of his popularity... Earl Caddel of the Detroit Lions is leading the National football league in point scoring... There hasn't been a tie game in the world's series since 1922... Joe Louis already has knocked out two former world champions—Primo Carnera and Max Baer—and is aiming for a third, Max Schmeling.

## OWLS FACING STRONG TEST IN LOUISIANA

### MANY OF BOYS SUFFER FROM INJURIES, BAD COLDS

(By The Associated Press.)

The Rice Owls and Texas A. & M. Aggies faced road trips today while the other five teams in the Southwest conference, most of them weakened by injuries, remained at home to finish their training for non-conference tilts.

The Owls, 36 strong, were headed for Baton Rouge to meet the Louisiana State Tigers tomorrow night. Many of the players had colds, and it was feared that leg injuries would keep "Red" Bale, guard, and Harry Witt, backfield performer, on the sidelines.

Coach Homer Norton's Aggies, one of the few teams in the conference without a long list of injured players, faced the Sam Houston Bearkats, a strong aggregation that had

perfected a tricky offensive, at Huntsville tonight.

A light drizzle was on the program for the Texas Christian Horned Frogs, who were reported in fine shape to meet the North Texas Teachers college Eagles at Fort Worth tomorrow.

The Southern Methodist Mustangs prepared for a contest with the Austin college Kangaroos at Dallas tomorrow without the services of Jake Gray and Cotton Meyers, dependable reserve backs who nursed leg injuries.

The Baylor Bears' list of injured stood at 4 as the Bruins perfected plays to be used against the strong Eardin-Simmons university Cowboys of Abilene at Waco tomorrow night. Emmet Kriel, tackle, had malaria; Hermon Ross, center, was out with mumps. John Manning, second-string back, was treated for a shoulder injury, and Judson Moncrief, sophomore back, had a broken nose.

Injuries threatened to hurt the Arkansas Razorbacks' chances to handle the Pittsburg (Kan.) State Teachers college eleven at Fayetteville tomorrow. Tommy Wynne, fleet quarter, was out with a bruised heel; Spillers, tackle, had a broken nose, and Gilmore, guard, had an injured ankle.

Manager Charley Dresen of the Cincinnati Reds made good his pre-season promise that his club wouldn't finish last and fans gave him an automobile.

### ENGINEER HELD FOR AIDING IN BREMER SNATCH

#### Government Claims He Exchanged Ransom

DETROIT, Sept. 27. (AP)—Federal officers held Cassius M. McDonald, 52-year old engineer, today on a warrant charging him with having made arrangements for exchange of \$72,000 or the \$200,000 ransom paid kidnapers of Edward G. Bremer, St. Paul banker.

McDonald was arrested at his isolated lake front villa in Gross Pointe village last night and was immediately arraigned before United States Commissioner Frank Q. Quinn, who fixed McDonald's bond at \$100,000, and set the removal hearing for Oct. 8.

McDonald, at liberty since February under \$10,000 bond after he was indicted at Miami, Florida, for harboring Alvin Karpis, credited with having planned the kidnaping of Bremer, was arrested on order of William G. Comb, first assistant United States attorney, who said he acted at the request of District Attorney George F. Sullivan of St. Paul.

With McDonald at his arraignment were two attorneys, who said they hoped to complete arrangements for McDonald's release on bond.

Federal officers said McDonald is charged specifically with having made arrangements in Havana, Cuba, for the exchange of \$72,000 of the "hot" Bremer ransom money.

Bremer was kidnaped in January, 1934, at St. Paul and released near Rochester, Minn., after he had been held captive 21 days. The subsequent department of justice investigation involved the notorious Barker-Karpis gang in the kidnaping. Karpis, now classified as public enemy No. 1, and Harry Campbell, a lieutenant, are the only major suspects in the case still sought.

### MINERS WILL RESUME WORK NEXT TUESDAY

#### SOFT COAL STRIKE IS AVERTED; INCREASES IN PAY GIVEN

WASHINGTON, Sept. 27. (AP)—A peace pact that spells the end of the nation's soft coal strike in all but four producing districts was reached early today. The miners will go back to work next Tuesday, after being out since Monday.

Union leaders and operators agreed upon a new wage contract giving the miners increases in pay for virtually all types of work. The contract, replacing one which originally expired last April 1, will extend until April 1, 1937.

Representatives of operators in the Virginia and Hazard, Kentucky, districts refused to sign the new agreement until they received assurances that mine owners in the Tennessee and Harlan fields in Kentucky would sign.

John L. Lewis, president of the United Mine Workers, said the strike would be continued in these areas until the contract was signed.

After expressing satisfaction with the new wage pact, Lewis criticized the stand of the dissenting producers who have been at loggerheads over wage differentials for the competing fields.

"The whole nation," he said, "should not be compelled to suffer and the coal industry returned to chaos because operators producing only 3,500,000 tons fail to find themselves in agreement with this contract."

The new wage agreement, praised by President Roosevelt last night before he left for the west coast, provides for an increase of 50 cents a day for day laborers; 9 cents a ton for the miners who dig and load the coal and a 10 per cent increase for yardage and deadwork (cleaning out slate, etc.).

Originally the union demanded a 50-cent a day increase in day work; 15 cents a ton for tonnage rates and 25 per cent increase for yardage and deadwork.

### Mustangs Will Play Memphians On Wheeler Grid

WHEELER, Sept. 26.—The Wheeler Mustangs will play their second conference game and the third of the season on Friday night when the crack Memphis Owls invade the Mustang corral. Both teams are undefeated.

Pendleton will be missing from the Wheeler lineup because of an injured eye received last week. Two or three other players are "banged up" after hard scrimmage sessions.

The Wheeler backfield is well fixed in passing and punting. Fans look for a wide open game against Memphis. The entire Mustang backfield shoots passes and three of them can be called to punt. Conner and Sherwood come out of the line to block for the ball carriers, giving the team a great opportunity to show sweeping end runs.

The teams boast two midget ends in Whitner, 144, and A. Weeks, 138. The rest of the line is fairly heavy with Newkirk and Tillman, tackles, starting so far.

### Shinski Leads Series Hitters

Little Johnnie Shinski, who played baseball for the Coltexo Gassers of LeFors earlier in the season, led the hitters in the play-off series between Sloux City and St. Joseph, in the West League. Shinski was on the losing team, St. Joseph, winning from the Sloux City sluggers in a full seven game series.

The little centerfielder collected 12 hits in 31 trips to the plate for an average of .387. Shinski got only two extra base hits in the series, a double and triple. He had 16 putouts with one error.

Shinski joined Coltexo early in the season when his hitting and fielding was brilliant. He was reinstated by the minor league association and joined Sloux City two months ago in time to help the team down the home stretch.

### Kennedy To Be FDR'S Business Eyes in Europe

WASHINGTON, Sept. 27. (AP)—Joseph P. Kennedy, resigned chairman of the securities commission, is planning to do some unofficial economic observing for President Roosevelt while in Europe.

Now enroute across the Atlantic, Kennedy is seeking a rest, but authoritative sources said he will find time to interview high officials of foreign governments on the general economic situation.

Kennedy's status was described as highly informal, and it was said he has no power to negotiate, but the president is known to respect his judgment highly.

# HOME SUPPLY WILL HOLD BIG FREE DOG SHOW AND BANQUET SATURDAY

Dog owners and dog lovers, ATTENTION!  
The first dog banquet and show of its kind will be held in Pampa tomorrow—Saturday—from 1 to 2:30 p. m.  
Every dog "attending" the affair

will be generously fed on a popular brand of dog food. And there will be prizes for the lucky ones.  
The Home Supply store next to Penney's will hold the dog show under the auspices of Swift & Co. James Mannatt, manager, will be

in charge of the event.  
Mr. Mannatt announced that there would be free balloons at the store all day for the children.  
The dog "convention" will be held in front of Home Supply. City police Judges for the show, it was announced last night, will be Dr. T. J.

of the store during the show. A large crowd and many dogs are expected for the event, inasmuch as this community has many canines of various breeds and pedigrees.  
Judges for the show, it was announced last night, will be Dr. T. J.

Worrell, Frank Hunt, and H. D. Tucker. Prizes will be awarded to the following:  
Dog with longest tail.  
Largest dog.  
Smallest dog.  
Trickiest dog.

Ugliest dog.  
Prizes will be a dozen cans of dog food to each winner.  
Those who expect to enter dogs in the contests are being urged to be present promptly.  
Decision to hold the dog banquet

and show resulted from the fact and this is National Dog Week.  
Those who enter dogs will do well, perhaps, to have leashes so that they can control their animals when the feast begins.  
Several officials of the company

making the dog food are expected to attend the event.  
More than 1,200,000 trout were planted in lakes and streams of Yosemite National park in the summer of 1935.

# NEGROES AND WHITES RIOT IN CINCINNATI

## REMARK CONCERNING LOUIS IS BLAMED FOR OUTBREAK

CINCINNATI, Sept. 27 (AP)—Heavily armed police squads, in cruisers and foot-patrolled Cincinnati's west end today after a night of sporadic outbreaks and threatened mass attacks between whites and negroes.

Behind the trouble, said negro children who were victims of sticks and stones as they made their way to school, was a remark concerning boxer Joe Louis, victor over Max Baer, in New York Tuesday night.

At least 20 men and youths of both races were under arrest on assorted charges. One patrolman reported he was injured as he chased negro assailants of an unidentified white man; another said he dodged numerous rocks as he attempted to take a man into custody.

Classes continued at Oyer Junior high school, center of the disturbance today. John M. Downer, the principal, reported a 10 per cent decrease in attendance of the 1,200 students registered. That represented the negro enrollment there, he said. Police stationed at both ends of the Eighth street viaduct, leading from the principal negro quarter to the school, kept crowds from gathering.

URGES BIG ALLOWABLE  
MARSHALL, Sept. 27 (AP)—Congressman Wright Patman of Texas urged today the Texas railroad commission to give the "Texas side" of the Redsea oil field a larger allowable in order that Texas operators may have "a fair and impartial chance with Louisiana operators."

BORGFR MAN KILLED  
SAYRE, Okla., Sept. 27 (AP)—T. C. Stinson, Borgfer, Tex. oil man, was killed near here yesterday when the car in which he was riding overturned.

commission's staff never saw an oil well but was hired for political purposes and because they were recommended by members of the legislature.

AUSTIN, Sept. 27 (AP)—A legislative investigating committee formally charged the railroad commission today with administration of oil production re inefficient in instances it was "ludicrous."

It reported many commission employees were incompetent, East Texas refineries were running huge quantities of hot oil, the tender system was based on inaccurate bookkeeping and the commission had been victimized by designing operators.

Operation of the law authorizing confiscation of illegal oil had put the state in the "hot oil" business, the committee charged, "legal racketeering" had arisen and law violators had kept "at least a full length ahead" of enforcement.

The report was signed by all members of the committee which conducted exhaustive investigations last summer. They were reps. Augustine Celaya of Brownsville, chairman; Harry N. Graves of Georgetown; Walter E. Jones of Jourdanton; Sidney Latham of Longview and Hugh B. Steward of Fairfield.

Ernest O. Thompson, commission chairman, who had testified at the hearings, delayed comment pending a study of the report. Other commissioners are Lon Smith and C. V. Terrell.

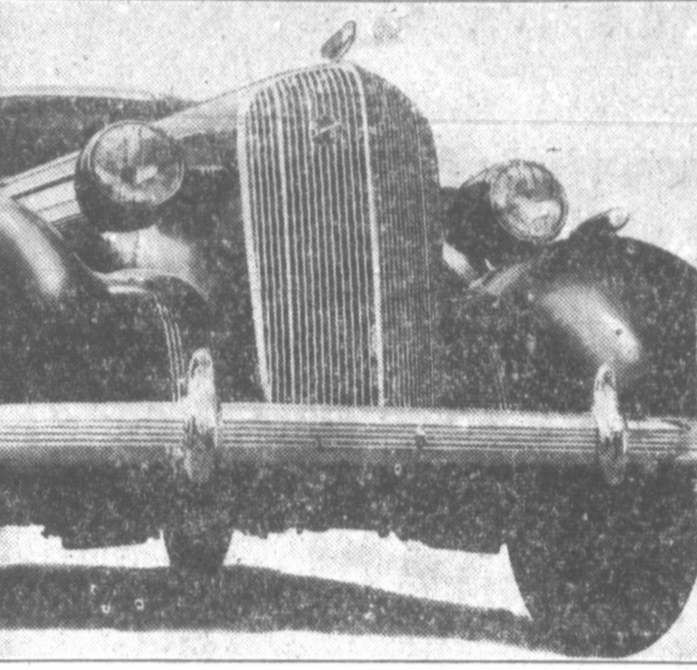

Alleging poor coordination between the commission, the attorney general's department and the comptroller, the committee said the attorney general had been handicapped in legal actions against law violators by lack of information supplied by the oil and gas division of the commission.

Incompetent Men Employed  
It said it had found "wholesale employment of inexperienced, incompetent men in whose hands was placed the administration and control of one of the state's largest and most valuable industries from which the state derives its greatest revenues."

Asserting the tender system under which oil is allowed to move from the field was predicated upon keeping voluminous records, the committee said it found "little except inaccuracies, incompetencies, ineffectiveness, and practically nothing would bespeak an efficient administration of the system."

It was not surprising to find that with such a slack and inefficient system of keeping records, the committee reported, "the commission has been victimized at the hands of designing operators who furnished the commission with false state-

## MARKET BRIEFS

NEW YORK, Sept. 27 (AP)—The stock market gave most of its buying attention to specialties today as many of the recent leaders milled about indifferently.

Gains of 1 to 3, or more points were scored by various favorites. But there were a number of soft spots in evidence. The close was irregular. Transfers approximated 1,150,000 shares.

CHICAGO GRAIN  
CHICAGO, Sept. 27 (AP)—Tumbles of corn values took the corn market down more than 2 cents at times today, and led the late set-backs of wheat prices.

Unfulfillment of corn crop frost damage suggestions did much to weaken the corn market. Another bearish factor was late reports indicating likelihood of rains in Argentina relieving prolonged drought.

Corn closed unsettled at the same as yesterday's finish to 1 1/4 lower. Dec. 58 1/2-59, wheat unchanged to 1/2 higher. Dec. 98 1/4-99, oats 1/4-1/2 off, and provisions unchanged to 3/4 cents down.

## Girl Afflicted With Wanderlust Returned Home

A 15-year-old girl is safe in her parents' home near Eureka Springs, Arkansas, and Chief of Police and Mrs. Art Hurst has returned to Pampa after taking her there. The girl was picked up here more than a week ago. Her identity was established only after long hours of questioning and telegraphing by relief officials and police.

Money to send the girl back home was secured from the relief commission and an interested Pampa woman.

Chief Hurst reported that the family resided in an old log cabin off all main roads a few miles from Eureka Springs. The family consisted of the mother and father and an older sister. The parents said the two girls were on a visit to Joplin, Mo., and that en route home the younger daughter decided to travel.

## Tributaries of Brazos on Rise

TEMPLE, Sept. 27 (AP)—The Little river, largest tributary of the Brazos, was on the biggest of its many rises of the year today as plans were shaped to rush work on the \$30,000,000 Brazos watershed flood control project, which has been approved by President Roosevelt.

The Leon river, on which one of the major dams of the PWA project was planned, had overflowed thousands of acres of farm land, creek poured floodwater into the Little river. Several bridges were washed out, and heavy damages to crops were predicted.

The Brazos project, said to be the first in the nation planned on the watershed control basis, calls for construction of 13 major dams, for which specifications have been completed.

John Morris, chairman of the state board of water engineers, estimated that the project would soon put to work 52,000 men, local and transient WPA labor at a man year cost of less than \$600. Morris, who is in Washington, told the Brazos headquarters here by telephone that he would remain in the capital several days to work out details considered necessary to get work started immediately on the conservation project.

R. J. Andrews of the Phillips Petroleum company was admitted to Pampa-Jarratt hospital this morning to undergo treatment.

## PIONEER

(Continued from page 1)

Flower arrangements will be in charge of Miss Miriam Wilson, Mrs. C. E. Vincent, and Mrs. DeLea Vance. Music will be in charge of Miss Sinclair Rice.

Mrs. Short was born April 7, 1887, at Pittsburgh, Pa., and came to Texas with her parents when 12 years old. They lived at Loren ranch near Gainesville, Cook county. Before her marriage to J. C. Short Sept. 20, 1885, she was Amanda Elizabeth McCarty.

She and Mr. Short came to the Panhandle about 1890 at the same time that many other pioneers arrived, and homesteaded the land on which the home is today located. Since settling near LeFors, they saw Pampa and LeFors started and the county organized.

Mrs. Short was a member of the Church of Christ and had been devoted to it since an early age. She had been ill about a month. All of the children were present at the last Friday, but the intended festivities could not be held because of her condition.

Survivors are her husband and eight children, Mrs. F. F. Sanders, McLean; Mrs. J. M. Cox, Shamrock; Mrs. T. E. McCampbell, Lyons, Kan.; Mrs. A. W. Henry, Perryton; Mrs. Leo Gardner, Vigo Park; Miss Alice Short, Pampa; Mrs. Josephine Sparks, LeFors; James M. Short, Houston; fourteen grandchildren; one sister, Mrs. Henry Kirkes, San Antonio, and two brothers, John and Charles McCarty, of Gainesville.

NEW ORLEANS COTTON  
NEW ORLEANS, Sept. 27 (AP)—Active months broke out of their narrow range on the upside during the morning and showed small net gains ranging from 3 to 5 points.

Weather reports were largely responsible for the reversal in sentiment as professionals picked up a little cotton on unfavorable climatic conditions in Texas and the uncertainty of the tropical storms in the Caribbean sea.

Oct. touched 10.47 on this movement. Dec. 10.45 at 10.51 and May was up to 10.65.

Preliminary estimates of spinners takings mentioned a figure between 186,000 and 196,000 bales for the past week.

This showed a sharp advance from the 151,000 bales taken in the previous week, but the figure was still considerably below the similar week of 1934.

REGULARS TO START  
HOUSTON, Sept. 27 (AP)—Indications today were that all the Rice regulars would be able to start against Louisiana State tomorrow night although several have been weakened by illnesses and injuries.

The Owls were in poor shape for the hard struggle because of rains interfering with practices through the week.

## Frost Predicted On Plains Tonight

(By The Associated Press.)  
The frosty breath of autumn blew over the middle west today causing some crop damage and dispersing the heat that earlier in the week shattered long standing records.

Growing vegetables and field crops were threatened as far south as northern Kansas and Missouri. Frost was forecast in the Panhandle of Texas tonight.

Further to the south general rains were beneficial for the most part, moistening soil in many areas, enough so farmers could begin sowing winter wheat.

Snow flurries fell in Colorado, western Nebraska and eastern Wyoming, grounding planes at Cheyenne.

Oklahoma and Texas reported rains halted cotton picking for the time being and there was some damage to open bolls in Texas.

In central Texas rains of near cloudburst volume sent Little river out of its banks.

Temperatures were in the high thirties and low forties over most of Kansas and Missouri. Amarillo, Tex., had 47 degrees last night and generally cooler weather prevailed as far south as the Gulf of Mexico.

STRONG WINDS STRIKE  
JACKSONVILLE, Fla., Sept. 27 (AP)—The southern coast of Cuba had begun to feel early this afternoon strong winds on the outer fringe of a tropical hurricane in the western Caribbean sea.

Oct. touched 10.47 on this movement. Dec. 10.45 at 10.51 and May was up to 10.65.

Preliminary estimates of spinners takings mentioned a figure between 186,000 and 196,000 bales for the past week.

This showed a sharp advance from the 151,000 bales taken in the previous week, but the figure was still considerably below the similar week of 1934.

"APPAREL FOR WOMEN"

"No more 'by-guess-and-by-golly' baking . . .  
I've discovered Calumet's big, new 10¢ can!"

SAYS MRS. OWEN H. FLEMING, OF  
1235 JUDSON AVE., EVANSTON, ILL.

A SIMPLE TWIST . . . and the Easy-Off top lifts off. No delays, no spilling, no broken finger-nails! AND LOOK! Inside there's a special self-leveler—as convenient as can be!

"NO NEED FOR any woman to take chances with her baking now," she says. "That new 10c can of Calumet certainly means that the very best can be bought at a bargain. What's the sense of putting up with anything but perfect cakes, Calumet cakes?"

Why does Calumet give such astonishing "baking luck"? Why is it different from other baking powders?

It's because of the way Calumet combines two distinct leavening actions. A quick action for the mixing bowl—set free by liquid. A slower action for the oven—set free by heat. Calumet's double action is so perfectly balanced and controlled that it produces perfect leavening. And it's perfection that you can always count on.

And here's one of Mrs. Fleming's favorite Calumet recipes—far . . .

**CHOCOLATE LAYER CAKE (2 EGGS)**  
2 1/4 cups sifted Swiss Down 1/2 cup butter or other shortening  
1 cup Cake Flour 1 cup sugar  
2 1/4 teaspoon Calumet Baking Powder 2 eggs, well beaten  
1/4 teaspoon salt 1/2 cup milk  
1 teaspoon vanilla

Sift flour once, measure, add baking powder and salt, and sift together three times. Cream butter thoroughly, add sugar gradually, and cream together until light and fluffy. Add eggs and beat well. Add flour, alternately with milk, in small amount at a time, beating after each addition until smooth. Add vanilla. Bake in two greased 9-inch layer pans in moderate oven (375° F.) 25 minutes. Spread Fudge Frosting between layers and on top and sides of cake. (All measurements are level.)  
Calumet goes farther! Only one level teaspoonful to each cup of sifted flour.

All Calumet prices are lower! Calumet is now selling at the lowest prices in its history. The Full-Pound Can now sells regularly for only 25c. And if you want a smaller size—get the new, big 10c can—a lot of good baking for a dime with Calumet—the Double-Acting Baking Powder.

## A COUNTY PAROLE BOARD SYSTEM

Civic club leaders of every county are being asked to appoint or recommend for appointment county parole boards, whose duty will be the responsibility of rehabilitating paroled or pardoned criminals and making periodical reports to the governor of the state.

This is a serious step toward helping those deemed worthy of a "second chance" and to avoid extending clemency to those who are unworthy. The state pardon board is expected to give great weight to the opinions of the disinterested county boards selected by public-spirited civic club leaders.

Convicts released in the past on parole or pardon have been without supervision and often without friends. The inclination to return to crime often has been based as much on economic necessity as on desire. It is Governor Allred's hope that the spirit of the civic club may be extended to include the unfortunate men and women who have been sent to prison, with the hope that good citizens may yet be made of them.

The idea is in a theoretical stage, but it bears the possibility of being worthwhile if given careful and conscientious study by the county boards. Periodical reports to the governor, and reports requested by him, should be illuminating.

## THE NEW DEAL IN WASHINGTON

By WILLIS THORNTON  
NEA Service Staff Correspondent

WASHINGTON—The government's campaign to sell "baby bonds" to the average citizen is going to get a lift this fall.

Plans are under way for a fairly intensive campaign throughout the country. It calls for posters and an advertising campaign, and one treasury official is already out "pepping up" local postmasters in good-sized cities.

Total of these "baby bonds" already sold, some \$132,000,000 worth to date, means nothing in a national debt of 30 billions, but it does mean something in a couple of other ways, especially if it could be multiplied by ten.

First, all war-time Liberty Bonds having been called, there is now no government bond issue widely held among the masses of the people. War campaigns taught the people the advantages of government bonds for the first time in American history and millions of "little fellows" had government obligations in small denominations.

That's regarded as a stable factor in government, as France has found. Most every peasant there has a government bond tucked away in his sock. Such do not "revolute."

Many government officials would feel better if a couple of million more people here had just such a direct interest in their government, as they did during and just after the World War.

Second, the "baby bonds", bought with regularity, offer a chance for people whose middle-sized incomes exclude them from the provisions of the security program to create their own annuities and make their own security.

And, third, they tend to relieve by just so much as can be accomplished the condition of banks which for months have been gorged with government bonds.

The Liberty League went a little too far, Washington consensus goes, when it released, with great ceremony, an opinion of a lawyers' committee damning the Wagner act as definitely unconstitutional. . . can't be considered as anything but an effort to influence the Supreme Court, say most observers, and as such is likely to bounce back.

Treasury Secretary Morgenthau chose cannily in going for his vacation to Portugal. . . nobody is going to charge him with secretly planning stabilization of the escudo.

One unexpected result of the increased income tax bill is said to be a rush of contributions to the Republican National Committee's coffers. . . The Rockefeller are said to be kicking in again, rather liberally. . . but the Democratic committee is worse off than ever, with a debt rapidly climbing toward \$500,000.

Employees of WPA and PWA bureaus put in one of the biggest stretches of overtime known to the government service as the deadline approached for filing applications for allotment of money from the new works fund to end relief. . . Both were open almost 24 hours a day, with employees voluntarily on the job for as long as 40 and 48 hours straight. . . They rated a nice little "thank you" memo from Secretary Ickes.

# CAPITOL JIGSAW

By HOWARD C. MARSHALL

AUSTIN, Sept. 27 (AP)—The Rangers have a new captain, but he won't wear a six-gun, ten-gallon hat or other accepted paraphernalia of the famous man-hunters.

He is Major Edward Bowes, announced on amateur radio programs. Governor Allred recently made him an honorary "Centennial captain of Texas Rangers," adding, "I am not seeking an audition."

Major Bowes, accepting the appointment, said an honorary captain of "Texas Rangers" "certainly rated higher than the colonels most governors appoint."

Jesse Jones, head of the Reconstruction Finance corporation, and Mrs. Jones will be guests of Governor and Mrs. Allred at the mansion when Jones visits Austin Oct. 7 for the hanging of his portrait in the senate chamber.

"All Texas is proud of the splendid record you have made which has attracted the admiration of the nation," Allred telegraphed Jones.

The state paid \$500 for the portrait.

Committeemen who have had experience with house action on bills they have prepared do not attach great importance to precise figures.

A sub-committee preparing a pension bill blocked out general provisions and instructed Chairman Bob Calvert to write the final draft. There was discussion about the salary of pension board members.

"Put down \$10 a day," someone said. "It doesn't make much difference. Everybody in the house will have his own ideas."

"What about an auditor?" another asked.

"Make it \$4,000."

"OK, here she goes."

Governor Allred declined to comment on the announcement for reelection of Ernest O. Thompson, chairman of the railroad commission. He also refused to discuss his own intentions.

"I think it's a mistake to encourage political announcements," he said good-humoredly. "It takes as much courage for a candidate to announce as the Texans had who fought Mexico 100 years ago."

"Anyhow there is plenty else to think about while the legislature is in session."

Football officials governed by the Duke of Manchester was found guilty in an old Bailey court trial today on all six counts, charging theft and forgery of a check.

### COMPETITION WILL BE KEENEST IN SOUTH AND MIDWEST

By HERBERT W. BARKER, Associated Press Sports Writer  
NEW YORK, Sept. 27. (AP)—The Alabama and the Kansas inter-collegiate football formally lay the cornerstone of a new and promising campaign this week.

Already touched off by scattering games last week, the season will be in full swing tonight and tomorrow, even though many of the game's traditional powers delay their inaugurals for another week.

There appears to be no reasonable doubt that the fans will be rewarded by as spectacular a display of offensive football as the game ever has known.

The ever increasing use of the lateral pass, encouraged by the removal of some of the more excessive penalties that retarded its development, has brought about a wide open game with gratifying results at the box office.

The depression, given a bad beating a year ago, should be in full retreat this season. No section of the country holds a mortgage on football talent, and the striking increase in inter-sectional games has made two seasons grow where only one grew before.

Despite the unquestioned trend toward their elimination, this week's scheduled is dominated by "turn-up" games in which the sacrificial lamb of football are tossed in against overpowering opposition. The slaughter, as usual, will be terrific.

In the midwest and south, however, real competition should be forthcoming in such contests as those involving Notre Dame and Kansas, Nebraska and Chicago, Oklahoma and Colorado university, Rice and Louisiana State, and Duke and South Carolina.

In the east, Duquesne's tussle tonight with Kansas State, surprise champions of the Big Six last year, should be the high spot, although Navy, beaten only by Pittsburgh a year ago, expects no romp with William and Mary.

Southern California, matched with Montana and Washington, backing Idaho, get the Pacific coast conference race under way early. Pre-season calculations point to a wide open tussle for the mythical national crown to which most experts believed Minnesota's undefeated steam-roller was entitled last year.

In the east, Pitt, Colgate, Fordham, Temple, Princeton, Pennsylvania, and possibly Holy Cross look especially formidable. Army, Navy, Columbia, Yale and Syracuse should be pushovers for none.

Midwestern critics hail Ohio State as potentially the strongest in the Big Ten, if not in the country, but the Buckeyes may have trouble capturing the crown at the expense of Minnesota, Illinois and Purdue.

Rice, Southwest conference champion, has put together another strong eleven, but Texas, Southern Methodist and Texas Christian may be real title threats.

Alabama, Tulane, Louisiana State and Tennessee may be the "big four" of the Southeastern conference, and Duke, North Carolina, North Carolina State and Washington and Lee in the Southern conference.

Kansas State's chief Big Six threat apparently will be Nebraska. Stanford, the 1934 title winner, looks best in the Pacific coast sector.

Among the independents, Notre Dame's progress under Elmer Layden will be watched with considerable interest. Reports from South Ben indicate the Ramblers may come back to the peak this year.

Twenty-two Michigan State college footballers were called into service prior to formal opening of substantial season to serve as teams "A" and "B" for Coach Charley Bachman's lecture and annual rules interpretation meeting.

**MASONIC HOME CLUB WILL BE STRONG AGAIN**

HOWEVER, EACH TEAM HAS GOOD CHANCE AT TITLE

PORT WORTH, Sept. 27. (AP)—The scramble for the 1935 district seven football championship promise to be the merriest in history. The pre-season dope gives each of the six clubs a chance at the title and right now there is no outstanding favorite.

With the return of Weatherford to class B, there are only six clubs in sector seven this year. They are Paschal, North Side, W. C. Stripling, Polytechnic, Masonic Home and Mineral Wells. Five of the six are Fort Worth schools. Paschal was formerly known as Central high school.

After several lean years, the North Side Steers under Coach Herman Clark has bright prospects this season. With 13 returning lettermen, the maroon can put a team of veterans on the field. The club will have outstanding players in Fred Shook at center and Marian Pugh at fullback.

The Masonic home Masons, district champions in 1932 and 1934, lost seven starters from last year's team including Ailie White, three times all-state tackle. However, Coach H. N. Russell has found capable replacements and his team is due to again be in the running. He has ten returning lettermen, including Robert Cook, all-state tackle.

W. C. Stripling with 11 returning lettermen but few reserves may be the surprise team. The Poly Parrots, undefeated last year although losing the district title to Masonic Home on penetrations, is building a new club.

Paschal, under Bennie Winkelman, boasts only three returning lettermen but has a squad of youngsters that should improve as the season progresses. Mineral Wells is not expected to give the stronger Port Worth teams much trouble even though the Mountaineers have eight returning lettermen.

Early season dope gives North Side, Masonic Home and Stripling the district seven championship edge.

### International Sunday School Lesson

By DR. J. E. NUNN

General Topic: John (The Minister and His People).

Scripture Lesson: 3 John 1-14.

1. The elder unto the well beloved Gaius, whom I love in the truth.

2. Beloved, I wish above all things that thou mayest prosper and be in health, even as thy soul prospereth.

3. For I rejoiced greatly, when the brethren came and testified of the truth that is in thee, even as thou walkest in the truth.

4. I have no greater joy than to hear that my children walk in truth.

5. Beloved, thou dost faithfully whatsoever thou dost to the brethren, and to strangers.

6. Which have borne witness of thy charity before the church: whom if thou bring forward on their journey after a godly sort, thou shalt do well.

7. Because that for his name's sake they went forth, taking nothing of the Gentiles.

8. We therefore ought to receive such, that we might be fellow-helpers to the truth.

9. I wrote unto the church; but Diotrephes, who loveth to have the preeminence among them, receiveth us not.

10. Wherefore, if I come, I will remember his deeds which he doeth, praiving against us with malicious words: and not content therewith, neither doth he himself receive the brethren, and forbid them that would, and casteth them out of the church.

11. Beloved, follow not that which is evil, but that which is good. He that doeth good is of God; but he that doeth evil hath not seen God.

12. Demetrius hath good report of all men, and of the truth itself: yea, and we also bear record; and he knows that our record is true.

13. I had many things to write, but I will not with ink and pen write unto thee.

14. But I trust I shall shortly see thee, and we shall speak face to face. Peace be to thee. Our friends salute thee. Greet the friends by name.

Golden Text: Beloved, follow not that which is evil, but that which is good. He that doeth good is of God; but he that doeth evil hath not seen God.

Introduction

The Apostle John was the son of Zebedee, a fisherman on the sea of Galilee (Matt. 4:21; Mark 1:19) and of Salome, a sister of Mary, the

mother of Jesus (Mark 15:40; 16:1; John 19:25). He was thus a first cousin of the Lord Jesus and a brother of James, probably a younger brother, whom, strange to say, John never mentions, nor himself, in his Gospel. The brothers were in partnership with Simon and Andrew (Luke 5:10). The fact that there were hired servants in John's home (Mark 1:20); that his mother was enabled to minister to Christ of her substance (Mark 15:40, 41); and that the Apostle was acquainted with the High Priest (John 18:15) would indicate that the Apostle was born in a home of some means. The city of his birth and childhood is never given definitely, though it was probably in or near Bethsaida, the city of Andrew, Peter, and Philip (John 1:44).

A Disciple of Jesus

Chapter Nine

EDWIN AGAIN

Emily snatched off her hat and was about to drop it on a chair when the beautiful room caught her eye. She held it instead in her hand.

"It's good to be here, Mother. How pretty you look!"

Frances's face softened. She was not entirely in sympathy with personal beauty, but it helped her to accomplish her work. Beauty, like money, was a Great Responsibility.

"Thank you, dear. I can say the same thing of you."

Emily's face was flushed and her hair curled demurely about it. But it didn't really matter how she looked, she thought regretfully, since David wasn't here to approve.

"You'd better go and get ready for lunch, now," Frances suggested. "It will be ready in half an hour."

Emily went slowly, wishing with all her heart that pictures of Carrollton would cease to rise and plague her.

Jeffrey welcomed her with an eagerness that was almost pathetic. Life with Frances was fine of course, but it wasn't what she had hoped, would bring life and gaiety and a great many young people to the house.

"Pleasant trip home, honey?" he asked.

"Very," she smiled at him adoringly, critically. "I can see that you've been positively wasting away."

He chuckled guiltily. "I have put on weight. Needed you to worry about so I wouldn't have such an appetite. By the way," he looked bland, "there was a young man down town asking about you this morning. I imagine he'll be around before many days."

The inner light went dim. Edwin! She'd forgotten about him completely. There was even a letter to him in a memory that held David. Mercifully, lunch was announced and her silence went unnoticed.

Edwin came that evening, as slight and immaculate as ever, wearing the little deprecating air that was his wont. Emily, she found her heart for a long moment after he had shaken it, and then dropped it apologetically.

"I believe college agrees with you," he said haltingly.

After all these years, she thought with a slightly contemptuous pity, she was still shy after a little formal. He would never get over it, she knew; would never treat her with the camaraderie that Judith—and David—had taught her.

"I'm glad you think so. Whether it agrees with you or not, it changes you. For better or worse," she said lightly.

"Not for worse."

They were on the terrace now, chaperoned by the same flood of golden light. Could you ever, she wondered, turn the clock back three-quarters of a year, to another existence?

There would be tennis in a moment, and swimming, and details of the wholesale grocery business. With the insight that love had given her she suddenly felt that Edwin cared a great deal for her and that he was uncertain and unhappy. Unfortunately, the same love made it impossible for her to do anything about it.

When he had gone she went to her room and wrote to Judith—a long, intimate, homesick letter. "Judith, darling," she ended it, "I'm lost without you. Please, please kiss the family quickly, and come and see me!"

Then, with a long look at the picture of David, which Judith had given her just before they were leaving, she undressed and went to bed.

When Emily came home for the summer she brought with her a determination to widen her field of

acquaintances. College had taught her that it was easy to have people like you if you liked them: a great many people had liked her at Ardmore.

With the girls it was easy; they had always felt that all Emily needed was to "get away from her mother's apron strings for a while," and when she sought them out they met her with outstretched hands.

But the boys were more difficult. They agreed among themselves that "college had done wonders for Emily Felton," and wanted to ask her for dates; but the thought of her mother's celebrated conscience and Edwin's unswerving devotion restrained them.

It didn't really matter, Emily felt, except that it might help her to pass the time until Judith came and took her back to Carrollton.

But Judith didn't write. There was one hurried scrawl from David: "Believe me or not, I'm working like a fiend! Have to, to stave off the sheriff. Jude says you're coming down soon. Thank God! If I had you to kiss I could stand all the rest. I adore you, sweetest." And again silence.

Days became long, breathless intervals of waiting for the postman, and when he had failed her, of waiting for him again. She wanted to write again but pride held her back; she couldn't beg.

When she had seen at home five weeks Judith's letter came.

Emily darling—

I didn't forget you! I've thought of you every day, but it's been so busy—

Emily, we're smashed, cleaned out, flat. No chance of a comeback. Of course there have been crises before, but not cataclysms. This time it's all gone, including Carrollton, and there's no hope of getting it back.

It seems that the clouds were gathering before we left school, but they didn't tell me until they had to. Dad, bless his incompetent heart, but on the wrong stock, magnificently. Now we're living in an apartment in Montgomery, and God, what an apartment!

Overstuffed velvet. Emily, in sets. And the whole family is, for the first time in history, looking for work.

I won't sob to you, because you know how I feel without that. David is pitiful. I loved Carrollton, but I would probably have married and left it some time anyway: I've always wanted a big house of my own and five children.

But he intended to die there, and leave it to his son, and this has done something awful to him. His eyes look like blue ice. I asked: "Have you written to Emily?" and he said, "No. Since you're telling her about it there's nothing more to say." And I couldn't say another word.

God knows when I'll see you again. I'd come up now for the
