## NAVY SUPPORTS BRITISH DRIVE

### Nip Defenses on Wake Are Blasted by American Guns

#### Raid Seen As Beginning Of Bigger Drive

(By The Associated Press)  
Japanese defenses on stolen Wake Island appeared overwhelmed today after a naval bombardment and carrier plane bombing Tuesday of the tiny Pacific speck which the Nipponese converted into a strong air base.

The island, on which a gallant band of Marines held off the violent attack until Dec. 22, 1941, lies 2,300 miles west of Hawaii, 1,500 miles northeast of Guam and 1,300 miles from the great Japanese naval base of Truk, north of the Solomons and New Guinea where Gen. Douglas MacArthur was painfully amputating bases from the Japanese octopus. Rear Adm. Alfred E. Montgomery was in command of the raiding party.

The navy withheld details until the task force returns.

The blow at Wake followed rather closely four apparently related moves in the Central Pacific:

1. A carrier plane bombardment of Marcus Island, between Wake and Japan, on Aug. 30.
2. A carrier bombing of Tarawa and other principal bases of the Gilbert Islands on Sept. 18 and 19.
3. The seizure of Nanumea, the extreme northern island of the Ellice archipelago, by Marines on Sept. 4.
4. A recent conference of the three ranking U. S. admirals at Pearl Harbor.

Lumped together, the actions suggested that the United States Pacific fleet was sparring in the preliminaries of a smash into Japan's holdings in the center of her far-flung Pacific holdings—possibly at the Gilberts and Marshall islands, which bar the direct approach to Truk.

The reduction of Truk would insure NIPS, Page 3

### Brazle, Borowy Vie In Third Contest

YANKEE STADIUM, New York, Oct. 7.—(AP)—Tied with a victory apiece, the New York Yankees and St. Louis Cardinals clashed today in the third game of the 1943 World Series and the last that will be played in this big concrete arena where approximately 70,000 fans again jammed into practically every available seat.

To gain the get-away victory before the two teams move to St. Louis to resume play Sunday, Righthander Hank Borowy went to the mound for the Yankee and Lefty Alpha Brazle pitched for the Cardinals.

**FIRST INNING**  
On the second pitch Klein flied to Stainback to center. With the count one and one, Walker doubled down the left field foul line. Mustal walked on five pitches. W. Cooper bounced into a double play, Crossett to Gordon to Eften.

No runs, one hit, no errors, one left.

**YANKEES**  
Stainback singled to left. On the first pitch, Crossett sacrificed, Brazle to Klein. Johnson grounded to Marion who threw to Kurovski in time to nab Stainback sliding.

into third and Johnson was safe at first on the fielder's choice. Keller fanned on four pitches.

No runs, one hit, no errors, one left.

**SECOND INNING**  
**CARDINALS**  
With the count two strikes and one ball, Kurovski popped foul to Dickey in back of the plate. Sanders struck out on three pitches. Litwhiler bounced a single off Borowy's left leg. Marion lifted a high fly which Keller caught by reaching over into the stands a few feet foul.

No runs, one hit, no errors, one left.

**YANKEES**  
Litwhiler made a spectacular running gloved hand catch of Gordon's sinking liner to rob him of what seemed a certain hit. On the first pitch Dickey rolled to Klein and was thrown out. Eften worked the count to three and two and then tapped to Kurovski and was thrown out.

No runs, no hits, no errors, none left.

**THIRD INNING**  
**CARDINALS**—Brazle struck out. Klein dragged a bunt down the first.

### Servicemen's Dependents To Get Pay Boost

WASHINGTON, Oct. 7.—(AP)—The house military committee voted today to pare down the liberal allowances for dependent children of enlisted service men which the senate approved yesterday in refusing to halt the draft of per-war fathers.

Writing a new formula for such payments, the committee approved increases of \$13 monthly over the present scale to the first dependent child, a \$10 boost for the second child, and an increase of \$15 for all additional children.

The committee left unchanged the present monthly payment of \$50 for a wife and one child, \$55 for a wife and two children, \$110 for a wife and three children, and an extra \$15 for any additional children under 18.

The senate, taking the initiative in seeking to ease the financial burden on soldiers' families, approved monthly allotments of \$50 for a wife, plus \$30 for the first child and \$20 for each additional child.

The law now provides for \$50 to a wife, \$12 to the first child and \$10 for each additional child.

The senate measure was passed after rejection, 48 to 26, of a final proposal by Senator Wheeler to prohibit further father drafting. In its final form the bill sent to the house would:

1. Defeat federal employment to able-bodied, draft-age non-fathers whose "indispensability" can not be certified to congress within 30 days after the bill's enactment.
2. Require evidence of the indispensability of workers in war plants to be submitted to draft boards for all occupational deferments of non-fathers of draft age.
3. Direct establishment of a medical commission (one army, one navy, three civilian doctors) to determine if physical requirements can be lowered to permit induction of some of the more than 3,000,000 men now in class 4-F.
4. Require draft boards to provide for pre-induction physical examinations for fathers whose induction is imminent, if they demand at induction centers would be used to certify a father's physical condition and would be binding on the boards.

So broad were the provisions that Senators Taft ("R-Ohio") and Reed ("R-Kans.") called the bill a victory for Wheeler, leader of the bloc opposing induction of fathers.

Reed said that "only the courage, the genius and the persistence of the senator from Montana has made this bill possible."

### Machinists Go Back into AFL

BOSTON, Oct. 7.—(AP)—The American Federation of Labor today welcomed back the International Association of Machinists as the largest of its affiliated unions.

A packed convention hall cheered the news of the reconciliation and Secretary George Meany's announcement that the AFL's total paid membership now was 6,564,141. The machinists' membership as of August 31 was officially announced as 625,000.

The machinists' membership made it the No. 1 AFL union in size, a rank long held by the Brotherhood of Teamsters. The teamsters paid on 602,900 members last year.

The machinists quit the federation last May 31 after an extended row over jurisdictional rights involving principally the carpenters' union. The terms of reconciliation, however, were not immediately announced.

### Lord Mountbatten Arrives in India

NEW DELHI, Oct. 7.—(AP)—Admiral Lord Louis Mountbatten, Allied commander-in-chief in southeast Asia, arrived today by plane at the New Delhi airport to take over the new post.

Wearing a semi-tropical royal navy uniform and a big smile, Mountbatten was met by a large escorting of American, British and Chinese officers.

Original leader of Britain's famed Commandos and a cousin of King George VI, Mountbatten is the first British officer to be placed in supreme command of Allied forces in an entire theater of war.

### Political Boss In Chicago Dies

CHICAGO, Oct. 7.—(AP)—Patrick A. (Pat) Nash, Democratic leader in Chicago and Illinois for many years and co-chief of the nationally known and powerful Kelly-Nash political organization, died last night of pneumonia after an illness of four days.

The 80-year-old party chief—who did not object to being called a political boss—for the last decade shared leadership of Chicago Democrats with Mayor Edward J. Kelly.

### Treasury Secretary Knows His Apples

WASHINGTON, Oct. 7.—(AP)—The home ways and means committee disagrees with Treasury Secretary Morgenthau on taxes but agrees that he knows his apples.

Morgenthau's \$10,500,000,000 new revenue program got tough treatment. So did the crate of choice apples from his New York state farm which he presented to the committee.

### Solons Oppose Tax Program

WASHINGTON, Oct. 7.—(AP)—A warning that inflation threatens the nation, voiced by Economic Stabilization Director Fred M. Vinson failed today to kindle congressional enthusiasm for the administration's \$10,500,000,000 new tax program.

Vinson pleaded apparently in vain for the program before the house ways and means committee, declaring that the additional taxes were "a minimum requirement to head off inflation and bring in needed wartime revenue."

However, the bi-partisan opposition to so large a tax increase continued unabated and leading members of the ways and means group indicated that a bill would be drawn for a sharply reduced figure, probably nearer \$5,000,000,000.

The additional taxes, he said, are needed to siphon off a part of the \$136,000,000,000 in purchasing power.

Treasury Secretary Morgenthau presented the administration tax plan to congress Monday, proposing large increases in levies on individual and corporate incomes and on so-called luxuries. Congressional reaction showed quickly that the program, as presented, had no chance of becoming law.

### Polio Case Closes Schools at McLean

Schools of the McLean Independent district have been closed for an indefinite period, possibly two weeks, as the result of the outbreak of a case of infantile paralysis affecting a student who resides in McLean.

Supt. Carl Chaudoin said one of the McLean pupils had been ill one day and the next day his case was diagnosed as polio.

In Pampa, out of the 13 cases reported, half have recovered. Dr. R. Malcolm Brown, city health officer, said he believed today.

Dr. R. A. Webb, county health officer, was making a residence call and therefore could not be contacted at press time for additional details on the McLean case.

### Nazi Spy Ring Is Broken Up

NEWARK, N. J., Oct. 7.—(AP)—Federal investigation of a pre-war Nazi spy ring and a German-American organization was "cleaned up" today, Assistant United States Attorney Thorn Lord said, with the arrest of seven naturalized citizens of German birth, two of them soldiers.

The seven were charged in a sealed indictment opened here yesterday with conspiring to transmit to the German reich in violation of the espionage act, "documents, writings, code books, sketches, photographs, blue prints, maps to the injury of the United States."

Among those named as defendants were three men who were indicted Tuesday in a separate indictment which charged them, and 24 others.

### All County Cafe Prices Are Frozen

A "freeze" on the prices cafes may charge for meals is now in effect in the Lubbock OPA district, of which Gray is a part, the county rationing board office said today.

The price ceiling has been set as of April 4-10 this year and was to have gone into effect Sept. 22 but the Lubbock district office didn't notify the Gray county board until this month.

A prelude to the freezing order was the filing of cafe menus some time ago with the local board.

### Press Freedom Is True Friend Of Civil Liberty

(This is the second of a series of articles specially designed to acquaint our readers with the various functions of the Press in a democratic community.)

Great men of history who have left us the legacy of democratic government all seem to have been of one mind, that the preservation of freedom depended to a large degree on the preservation of the freedom of the press. That is a free press is more than just a tradition—it is an essential principle of democracy.

One of the prerequisites of an autocracy is the abrogation of the freedom of the press, because this freedom has essentially, through the centuries, shown itself to be the one great force which has seen to it that the freedom of the individual has been preserved. When freedom of the press is abolished other freedoms go with it. There is little need at this time to stress that point. There are so many poignant and tragic examples in the world today of a subservient press, that it must be obvious to any intelligent person that the freedom of the press is synonymous with the freedom which is democracy.

There have always been those, who for reasons of personal aggrandizement or lust for power, would rob the press of this precious jewel in the crown of liberty. There have been others who cry out for personal freedom of expression, but who would deny this right to the press. It has been claimed that this freedom can become license, but this is one of those half-truths which unthinking people are likely to accept at its face value.

Actually the press enjoys a freedom which gives it no privilege above the individual. It must conform to the laws of the state. Its freedom is bound by the laws of libel and slander. It certainly offers

### Yanks March Ahead Fast On Road to Rome

(By The Associated Press)  
The American Fifth Army was battering forward close to the main German defenses in southern Italy along the Volturno river today and were declared by Radio France of Algiers to be only three miles from Capua, a principal bastion on the road to Rome.

The German communique said "at the Volturno river, repeated enemy infantry and tank attacks were repulsed, mostly in counter-thrusts." Dispatches from Allied headquarters said enemy defenses on the north bank were intact.

Instead of crossing the river as reported yesterday, the Fifth Army forced a tributary arm of the Volturno, the Calore which flows into the Volturno 15 miles west of Benevento. At that confluence, the Volturno turns abruptly north and the Calore course is east-west. Thus the crossing was equivalent to a bridgehead over the Volturno system and threatened to outflank the whole defense system 20 miles north of Naples.

British destroyers pushed more than 200 miles into the Adriatic to support Gen. Montgomery's reinforced Eighth Army. The British greyhounds of the sea bombarded the railway and military targets northwest of Termini "to dislocate enemy attacks in that area," the Allied communique said. A German attack with infantry and tanks was repulsed along the Adriatic coast.

An entire German tank division supported the Eighth Army along the Biferno river.

In the Dodecanese islands guarding entry to the Aegean sea, the Germans captured the town of Coo on the island of that name and several landing strips. The Middle East command, acknowledging these further reverses, insisted that resistance was continuing.

American heavy bombers spanned the length of the Italian boot to attack the railway yards of Mestre at Mestre. Five miles to the northwest, warehouses and engine shops were struck. It was another blow at the tenuous German communications serving the battlefields of southern Italy. Other targets at Migonno, Formia and Ischia were hit. The combat zones were attacked and six German planes were destroyed at the cost of three.

Middle East bombers, supporting the British garrison on Coo, attacked Rhodes and Crete. Airfields on both islands were pounded along with a German camp near Kattavia on Rhodes and the harbor of Syros.

### U. S. Suffers 8,307 Salerno Casualties

WASHINGTON, Oct. 7.—(AP)—Secretary Stimson reported today that army casualties during the four weeks since bitterly-contested landings began at Salerno, Italy, total 8,307, of whom only 811 now are listed as killed in action.

The war secretary told his press conference that 5,428 American soldiers have been wounded in the campaign on the Italian mainland, and 2,568 are missing.

"I understand," Stimson said, "that this is somewhat greater than the total casualties suffered by the British components of the 5th army."

At the time of the initial landings in the Bay of Salerno, the secretary said, the 5th army under Lt. Gen. Mark W. Clark was composed almost equally of American and British troops, but subsequent reinforcements have been largely American.

The 5th army's capture of Naples was the outstanding event of the war during the last week, Stimson said, and engineers now are working day and night to clear the harbor with greater prospects of success than was first believed possible.

The Germans attempted to render the harbor useless by sinking ships and destroying the docks and port facilities, he said, but a preliminary survey indicates that the damage was not so great as the Allies had feared.

### Referendum Convention Being Held by West Texas Chamber

The West Texas Chamber of Commerce, for the second consecutive year, will hold a referendum convention, says announcement from the headquarters office. The 1943 referendum will be conducted in the period from Oct. 1 to Nov. 3, inclusive.

The announcement was in line with the vote by the organization's 200 directors, a year ago, to pioneer a convention-by-mail plan while the war lasts, as a travel conservation step.

The 1942 referendum consisted of 145 town meetings held throughout the West Texas area during October, culminating in a clearance session of an executive and referendum board. News that the same plan somewhat enlarged will be followed by the mail has been conveyed to directors and affiliated towns in a 12-page referendum document containing a ballot covering policies and activities for the coming year, and procedure for electing the new officers, district and assistant and local directors.

Plans for this year's referendum were made, and dates and procedure set, by the WTCC officers' committee in an all-day meeting at Lubbock. Present were President M. C. Ulmer, Vice-Presidents G. A. Simmons and E. W. Hutton, and Manager D. A. Bantley. The next date named, Oct. 1, was for beginning of action by affiliates on policy proposals and recommendations made by various committees. As in 1942, these will be voted upon by the directors joined by their town groups in local referendum meetings. Last year 145 such meetings were held over the territory with total attendance of 2500.

The second date, Oct. 30, is for preliminary reports to WTCC headquarters on local referendum actions or plans.

The third date, Wednesday, Nov. 3, is that set for the main referendum session to be held in the WTCC headquarters building. Present there will be the officers, past presidents, district and local directors, and committees in charge, and a company of some 250. They will have a short one-day session devoted entirely to business—the first gathering of the entire directorate since the U. S. went to war. The officers' committee said that "there has been no meeting since before Pearl Harbor, and as the progress of the war is so gratifying, we feel that assembling the board is not only justifiable but necessary."

That decision, and the complete referendum-by-mail plan, has the approval of the federal government. The WTCC has recently received a letter from Jos. B. Eastman, director of the Office of Defense Transportation, thanking it for the plan it has pioneered and expressing the hope that other large organizations will adopt it.

The WTCC referendum ballot contains 11 planks. The committee, policy and work proposals for 1943 will, if adopted, commit the organization to favoring post-war return of free enterprise and private initiative in American life. Another

### Relatives of Texas Soldier Are Sought

WASHINGTON, Oct. 7 — (AP) — The war department said today it had been unable to locate the emergency addressee, next of kin or beneficiaries of 2nd Lieut. William T. Richardson, listed as a prisoner of war, and requested relatives or friends to communicate with the chief of the casualty branch, adjutant general's office, Washington, D. C.

The war department listed this information about Richardson: Formerly a master sergeant assigned to 701st Ordnance Co. (aviation) soldier apparently commissioned in the Philippine Islands. Mainly About Pampa And Her Neighbor Towns

Boy Scout patrols in the Gray district took application for the sale of \$2,000 worth of Series E Victory Bonds in the campaign which ended, except for certain classes of bonds, on Saturday, according to F. E. Imel, Pampa banker, and scout neighborhood commissioner.

Revenue of the Pampa water department for the month ending Aug. 31 was \$15,975.50, according to the department's monthly report, released today.

After a rainy spell lasting almost a week, sunshine came back to Pampa today along with warmer temperatures. Early this afternoon the thermometer read 55 degrees.

A report of the building committee, of which W. L. (Bill) Heskew is chairman, will be given at the regular meeting of Kerley-Crossman Post 334 of the American Legion, to be held at 8 tonight in the city commission room.

Three marriage licenses were issued here yesterday, G. H. Swartz and Miss Marguerite Hutchinson; Bert Simmons and Miss Louise Davis; H. B. Bagwell and Mrs. Vera Green. Dances were not listed.

Sgt. Charles Lamka, former manager of The Pampa Ice Company, is in town on a furlough from the Salt Lake, Utah, air base.

S/Sgt. Carl Cockburn of Freeman Field, Ind., arrived this morning to spend 12 days with his parents, Mr. and Mrs. H. G. Cockburn, 107 N. Hobart.

SHAMROCK—Mr. and Mrs. M. A. Leitch returned from Glencoe, Okla., where on Sept. 30 they attended the funeral of George H. Leith, 87, father of M. A., who died on Sept. 27 after a year's illness.

### Business Women Plan Activities For Coming Week

Executive board members of the Business and Professional Women's club met Tuesday evening in the home of Ann Chapman, 1311 N. Russell, for a business meeting with Maurine Jones, president, in charge. Vera Land gave the business report and Lillian Jordan gave a report on plans made for the Halloween party which is to be held Oct. 26 at the City club room.

Business women will fold breads for Gray County Red Cross each Wednesday night from 8 until 10 o'clock. All members are asked to help with this work.

Ann Chapman, health chairman, will be in charge of activities conducted during National Business and Professional Women's club week, opening Sunday, Oct. 10.

Refreshments were served to Maurine Jones, Lillian Jordan, Vera Land, Elsie Gee, Violet McAfee, Jessie Stroup, Laura Bell Cornelius, Lillian McNitt, Ann Chapman, Madge Rank, Tommie Stone, Ruth Walstad, Mildred Overall, Mildred Lafferty and Ida Hughes.

### Pampa Garden Club Board Members To Meet Friday Night

Mrs. Doc Schwartz announced today that a board meeting of Pampa Garden club members would be held at 9:30 Friday, Oct. 8, in her home, 1022 N. Somerville.

The regular meeting of club members will be held in conjunction with the flower show which is to be held Oct. 22, weather permitting.

A number of Pampa Garden club members who attended the Amarillo flower show last Friday were Mrs. Roy Reeder, Mrs. Hugh Morrow, Mrs. Doc Schwartz and Mrs. W. F. Hendricks. These members were invited by the Amarillo club to serve as judges for flowers brought to the show by various Panhandle garden clubs.

Among the attractions on display were various flower arrangements suitable primarily for table centerpieces during special holidays, such as Christmas, Valentine, Thanksgiving and Easter. Arrangements suitable for luncheon and console tables were also shown.

### Miami Bride Is Shower Honoree

**Special To The NEWS.**  
**MIAMI, Oct. 5**—Mrs. Avary J. Sullivan, a recent bride, formerly Miss Grace Ruth Pennington, was the honoree of a wedding shower Thursday at 3:30 p. m., in the home of Mrs. Jim Johnston.

Hostesses were: Mesdames W. F. Locke, L. A. Maddox, Clarence Williamson, J. E. George, R. W. Beck, Alfred Cowan, Homer Ratliff, Dan Graham and Miss Lorene Thompson.

Miss Thompson presided at the guest book where over 20 guests registered.

Dahlia were arranged throughout the entertaining rooms.

The program consisted of a medley of appropriate music played by Mrs. Alfred Cowan. The bride was assisted in opening and displaying the gifts by her mother, Mrs. Porter Pennington, and also by her sister, Wanda Payne.

Refreshment plates of sandwiches and cocoa were passed.

Mrs. Sullivan was married to Ensign Sullivan of the navy air corps Sept. 4, at Pampa. She is a graduate of the Miami High school. She is also a graduate of Wayland college, Plainview, and taught school last year at Hart Camp near Littlefield.

The bridegroom, a native of Littlefield, is the son of Mr. and Mrs. O. L. Sullivan, a graduate of Wayland college and a student for the ministry. He was serving as pastor at Circle Park church in Lamb county before he volunteered for U. S. service.

Mrs. Sullivan expects to join her husband at an early date.

### Mrs. Ralph Byrum Is Honored With Shower By Friends

A pink and blue shower honoring Mrs. Ralph Byrum was given yesterday afternoon at the Church of the Brethren with Mrs. J. R. Shelton, Mrs. Jess Broome, Mrs. J. W. Ellington, Sr., and Mrs. T. C. Ellington as hostesses.

Guests attending were: Mesdames Alie Byrum, W. P. Maul, R. E. Turriate, R. B. Dial, N. C. Scott, Addie S. Wood, Clyde L. Carruth, John Turcotte, Vernon Alexander, Bill Cable, Charlie Welton, C. E. Pipes, J. W. Ellington, Garwin Elkins, J. B. Benton, J. W. Ellington, Sr., J. E. Walker, Mary M. Watterbarger, Amos Harris, R. G. West, Jess Broome and Mrs. J. S. Moss.

Sending gifts were: Mesdames P. L. Allen, F. O. Anderson, N. L. Welton, Bus Benton, John Hall, Chester Nicholson, Cecil Hubbard, Lenora Ellington, J. F. Shelton, Jim Cooper, W. E. Bourdreaux, O. D. Cobb, Clarence Gray, Sam Green, William Freeman and Mrs. Rita Hicks.

### Top Gunner Shoots Down 16 Nip Planes

**U. S. 14TH AIR FORCE HEADQUARTERS IN CHINA, Oct. 2**—(Delayed)—(AP)—Grey-haired sharpshooting Tech Sgt. Arthur Benko, a rifle champion with a hobby of hunting, is one of the leading if not the top aerial gunner of the U. S. army-air force, with 16 planes to his credit.

He boosted his score to that deadly total in a blazing, busy afternoon Friday (Oct. 1) when from his gun post on a Liberator he bagged seven Zeros in a raid on Halphong in Indo-China.

Benko, who hails from Bisbee, Ariz., already had shot down nine enemy planes. He nailed four Zeros on a mission to Ichang last May, and later got five in a raid on Hankow.

He accounted all alone for nearly one-quarter of the 30 Zeros knocked from the skies by the Liberators and their escorts that dumped in one of the heaviest raids of the Far Eastern war. The Japanese swarmed up to wage a 40-minute running battle.

Benko's apparent whiteness is due to reflection and refraction of light from the numerous surfaces of his crystals.

### U. S. Manufacture Of Tires Discussed

**OMAHA, Oct. 7**—(AP)—The government may find it necessary to "go into the manufacture of tires and rubber goods generally" to avert "unnecessary interference" and "continual bickering and knifing" of the rubber program, former Rubber Administrator William M. Jeffers believes.

Jeffers disclosed his views in reply to a telegram from the Philadelphia Record, which cited a news story from Akron, O., containing warnings from five rubber company executives that immediate steps must be taken to avoid a threatened collapse of motor transport.

The newspaper asked that "in view of these facts hadn't you better return to your job as rubber director, and stick to the job, until it is done right?"

Jeffers reiterated his resignation declaration that "the big job covered by the recommendations in

### Kid Party Honors Young Married Women's Class

Mrs. Hugh Anderson, Mrs. J. P. Boswell and Mrs. C. J. McNaughton entertained the Young Married Women's class of the First Methodist church with a kid party recently in the church.

The group was entertained with accordion and piano selections given by Virginia McNaughton. Games were played and a prize for the best costume was awarded to Mrs. Leon Cook. Gifts were presented to Mrs. M. H. Brown, Mrs. F. E. Converse and Mrs. E. L. Emerson.

A short business session was held when the following officers were elected: teacher, Mrs. Hugh Anderson; assistant teacher, Mrs. W. J. Harrison; vice-president, Mrs. C. J. McNaughton; secretary, Mrs. J. P. Boswell; treasurer, Mrs. M. H. Patterson; reporter, Mrs. Paul Harrel.

Hot dogs and cold drinks were served to guests which included Mesdames Leon Cook, Paul Harrel, J. P. Boswell, W. J. Harrison, M. H. Brown, Bob Windsor, E. L. Emerson, M. A. Patterson, Hugh Anderson, Hood Willis, F. E. Converse, C. L. Brownlee, C. J. McNaughton and Judy Wooten, Francis Enright and Virginia McNaughton.

### Shamrock W. S. C. S. Has Meeting Monday

**Special To The NEWS.**  
**SHAMROCK, Oct. 6**—The W. S. C. S. of the First Methodist church met at the church Monday afternoon.

Mrs. Winfred Lewis was leader of the program and Mrs. J. M. Adams brought the meditation. Mrs. Jack Montgomery led the prayer.

The group sang "A Charge to Keep," which was followed by an article on "Where Our Dollars Go," by Mrs. Winfred Lewis.

Mrs. L. E. Clay presided over a short business session.

The lesson for "For All of Life," was taught by Mrs. Ethel Darlington. Mrs. L. E. Clay dismissed the meeting with prayer.

Members present were: Mesdames J. B. Zeigler, Jack Montgomery, O. T. Glasscock, Winfred Lewis, J. M. Adams, Wm. Kyle, L. E. Clay, Ethel Burkhalter, N. J. Burkhalter and J. B. Christner.

The group has been divided into two circles. Circle One on the south side, will meet with Mrs. O. T. Glasscock and Circle Two on the north side will meet with Mrs. L. E. Clay, on Monday afternoon.

### Mrs. Frank Smith To Be Hostess To Auxiliary Tonight

Mrs. Frank Smith will be hostess to members of circle four of the Women's Auxiliary of the Presbyterian church at 1336 N. Russell tonight.

"My Home" will be the devotional topic. Mrs. Harvey Nestiel as guest speaker will present a program on "The Amarillo Children's Home."

### Merten H.D. Club Has Business And Social Meeting

The Merten Home Demonstration club met in the home of Mrs. C. B. Haney, Tuesday, Oct. 5, when the afternoon was spent playing games.

Mrs. C. B. Haney was elected to complete the year as club secretary, and a vote was taken to give \$3 to the council to buy gifts for the Pampa Army Air Field. Plans were also made for observance of achievement day.

The next meeting will be held on Oct. 19.

The western art of boxing was introduced to the Chinese by the U. S. Marines.

Canada sends the United States about 64,000 tons of bacon in normal years.

### Multicolor Hat

By Mrs. Anne Cabot

One 2-ounce skein of multicolored wool produces a hat that accents all your dark fall and winter clothes. Wool shaded from lime to deep yellow with traces of deep green, purple and blue was used for the model. It sounds a bit wild, but isn't—it's gay and dashing. Of course you can make it in a solid color, but I highly recommend a skein of any sort of multicolor wool for the hat.

To obtain complete crocheting instructions for the Multicolor Hat (Pattern No. 5630) send 10 cents in coin, your name and address and the pattern number to Anne Cabot, The Pampa News, 106 Seventh Avenue, New York 11, N. Y. Enclose 1 cent postage for each pattern ordered.

Find other new, interesting patterns for needlework you'll enjoy doing in the new issue of Anne Cabot's famous Album! It is a 32-page booklet entirely devoted to new designs, new ideas for your home and your wardrobe. The price is 15 cents.

### Restore Luster To Your Hair With Exercise

If you've been a foolish girl and abused your hair as so many others have at the seashore this summer, then you are probably bemoaning the fact now that you neglected to wear a bandana while sunbathing, and exposed your salt-water-wetted head to the scorching sun.

Regrets won't help, ladies, but action will. You can help bring back the natural luster to your hair, says stage and screen star Martha Scott, with a twice-daily scalp massage.

"Use the fleshy part of your finger tips in a firm, rotating motion, until your scalp fairly tingles," she explains. And incidentally, if you are fortunate enough to have a healthy head of hair, this routine will keep it so.

Be certain to brush out all the scaly particles that have been loosened by the massage before shampooing your hair. There is one liquid soapless shampoo on the market which has a hair conditioner added, or you may find that a bit of heated mineral oil or castor oil rubbed in the scalp an hour before the shampoo will hasten the business of bringing your hair back to normal.

An old superstition holds that when five bees come buzzing around your head they are supposed to bring good luck.

Killer whales prey on sperm whales.

### Three War Veterans Describe Experiences to Pampa Cadets

Three battle veterans, just back from combat duty in North Africa, Pantelleria, Sicily, Sardinia and England, recounted tales of air combat and lessons they learned for benefit of Pampa Field aviation cadets in the post theatre yesterday morning.

Made up of Capt. William F. Edwin of Houston, pilot, Capt. Randall L. Jones of Roanoke, Va., bombardier, and Lt. Richard W. Meldon of Boston, Mass., co-pilot, the trio arrived late Tuesday afternoon in "Sky Pilot II," battle scarred B-26 bomber that has flown 37 missions and is credited with destruction of two German supply ships and downing of one Italian and seven German planes.

### Japanese Don't Believe Their News Reports

By MAX HILL  
Former Chief of the Associated Press Bureau in Tokyo

NEW YORK, Oct. 7.—(AP)—Kikuchi-San sat huddled before the fire in his village home, warming his hands over the glowing charcoal, and raving about the war in China.

He lives not far from Tokyo, in Japan, and his sons are in the Japanese army—or rather, they were. The newspaper story, datelined "A Certain Base in China" told of a glorious Japanese victory. But Kikuchi-San didn't put much stock in the words he read.

One of his sons came home only as a small white box of ashes, one of thousands of Japanese who died in that battle. His second son was in a hospital, a leg shot away by a Chinese guerrilla.

The Japanese know of what happens in the world only through the small trickle of news that filters through one of the most rigid censorships in the world. And through a word-of-mouth channel which can't be shut off no matter how hard the government tries.

Kikuchi-San isn't an exception in Japan. He is the rule. He knows that Japan is not winning the war in China—and may never win it. And that Japan is on the defensive in her war against the Anglo-American powers. The government but he knows the trend of events just the same.

Let me give you another example. One day in Sugamo prison in Tokyo, where I was held for six months after Pearl Harbor, Inspector Takehara told me about the battle in the Java Sea.

First of all, he told me about the battle, grinning while he spoke. He said that 17 Allied vessels had been sunk, and that only one Japanese destroyer had been damaged. Then Takehara asked me what I thought about it. I told him that it was impossible for any battle to be that one-sided.

"That's what we think, too," he replied. "But that's what they announced." It was one of the few times I ever heard him laugh. This is what censorship has done

### 'Baby' Bonds

I'll take twice as many war bonds to fill the safety deposit box now. New paper-conserving war bond certificates, rolling off government printing presses to meet increasing orders in Third War Loan Drive, are just half their former size.

to Japan. The people no longer believe the stories they read in the newspapers, and are told on the radio.

The only name you can give Japan's censorship, both for her own newspapermen and the foreign correspondents, is that it is blind. Japan's newspapermen see only a small part of the copy which is filed by Domei, the official Japanese news agency. Most of it is held up and turned over to the army, the navy, and the foreign office.

A foreign correspondent in Tokyo turns his copy over to the central postoffice, and from there it is routed to the censor. From that time on, no correspondent can find out what happens. The message may be sent, and again, the entire dispatch may be spliced.

After I was in prison and got a glimpse of the censored portions of my file, I found that thousands of words had been eliminated. But the Associated Press was charged for the full message. The rest just got lost somewhere between Tokyo and New York.

In America, we have censorship by co-operation between the press and radio and the government. In Japan the weapon is coercion, backed up with prison and a club.

### AP Wins Right To Choose Its Own Members

NEW YORK, Oct. 7.—(AP)—The right of the Associated Press membership to pass upon the admission of applicants has been upheld in United States district court here which ruled, however, that the by-laws of the news gathering cooperative "in their present form" are in violation of anti-trust laws.

The three-judge court, specifically named to hear the federal government's effort to force the AP to abandon its membership structure and make available the news report to all without restrictions, in a summary judgment yesterday, gave the AP 120 days to make changes in its by-laws to remedy the courts' objections to present operations as to membership qualifications.

The court left open to the AP the adoption "of substitutes which will restrict admission" provided that members in the same "field" (morning, evening or Sunday in the same city) as the applicant shall not have power to impose, or dispense with, any conditions upon his admission, and that the by-laws shall declare affirmatively that the effect of admission upon the ability of an applicant to compete with members in the same "field" shall not be taken into consideration in passing upon his application.

The court also held that the purchase of Wide World Photos from the New York Times by the Associated Press does not violate the anti-trust laws as charged by the government.

Provided the by-laws are changed as directed, the court also said the executive news exchange contract between the Associated Press and the Canadian Press, would not be in violation of law.

It also was the opinion of the court, composed of Judges Learned Hand, Augustus N. Hand and Thomas W. Swan, that if the by-laws were changed as directed, the exclusivity of local news of spontaneous origin which members now furnish the AP as an obligation of membership, would be within the law.

Judge Swan, in a dissenting opinion, held that the motion for summary judgment—decision by the court without trial—should be denied, and he declared:

"Clearly the provisions of AP's by-laws as to admission of members have had no tendency to create a monopoly in news gathering—without the growth of United Press, International News Service and other news gathering agencies. Nor is there proof that they (the by-laws) have stifled competition between member newspapers and other newspaper owners or prospective publishers."

In Washington, John Henry Lewin, first assistant to the head of the department of justice's anti-trust division and originally in charge of the government's suit against the AP commented on the decision.

"This decision holding the by-laws of the Associated Press violative of the Sherman act is a victory for freedom of the press in the true sense."

"The press cannot be truly free if its main source of news is an asset of a private club and denied

other worthy newspapers simply because they are business competitors of those who are members of the AP.

Lewin declined further comment pending an opportunity to study the decision.

The Associated Press stated there would be no statement at this time. There will be a meeting of the board of directors starting Oct. 19 to consider the matter.

### 'Sick' Strike Spreads Among Milk Drivers

NEW YORK, Oct. 7.—(AP)—A work stoppage by 3,500 drivers of the Sheffield Farms Milk company which deprived an estimated 350,000 families here of their morning milk spread today as officials of a Bronx plant of the Borden company announced its employees had reported sick.

The Borden spokesman, declining to give the number of employees out of the number of families and stores affected by the halt in deliveries said only men employed in processing and milk production had reported.

### Pricing Orders Being Issued

A community pricing order covering approximately 700 staple grocery commodities is being distributed this week by local war price and rationing boards in the 71 counties of the Lubbock district of the office of price administration, Howard R. Gholson, district director, said at Lubbock. The order, effective immediately, relieves the merchants of figuring mark-ups on these staple products to arrive at their top legal prices.

### Arrangements can be Made To accommodate special dinner parties for families, clubs or social groups. Opens 24 Hours A Day Hillson Hotel Coffee Shop

The order varies little from the original district-wide order issued by the office in July when community pricing went into effect in the Lubbock district. A number of items included in the original order were Clapp's and Gerber's Dry Cereal and Dry Cat Meal and L. B. Wheat Germ and will go back under the general maximum price regulations. A few changes in price include the lowering and raising of the retail selling prices a few cents on certain brands of coffee, flour, canned peaches, honey and shorten-

ing due to varying wholesale costs. Community prices are posted in all retail grocery stores in order that consumers may know the top ceiling prices of these staple items. Since there are very few changes in the original community pricing order, the merchants and consumers are both becoming familiar with these standard prices and there should be little confusion regarding the order now effective, the director said. He added that copies of the order were also available at the local war price and rationing board offices.

## Safeguard for Goodness!

When vacuum packed coffee went to war, we examined dozens of packages. . . . We needed one that would safeguard Admiration's wonderful freshness, aroma and flavor. Finally, in collaboration with a prominent container manufacturer, we developed our own. It's called the LAMOFILM Package. Lamofilm seals out moisture, thus preventing staleness and rancidity. Lamofilm also seals in the goodness of freshly ground coffee. When freshness evaporates, losses occur in aroma, strength, richness and other qualities that are blended into a fine coffee like Admiration. Buy a package of Admiration today. Examine it closely. Then, as you open it, observe especially how the aroma floods the room.

The Lamofilm package is really four packages-in one. The inner-liner is two sheets of special grease-proof paper bonded with a film of patented, rubberized cohesive. To see this, tear a piece from an Admiration package and hold briefly over a match. Sheets when heated will separate. This inner-liner is contained in a lithographed paper bag—another protection—and both are heat-sealed in moisture-proof cellophane. Four packages therefore safeguard the goodness of Admiration.

# 1943 World Series Is Proving Carbon Copy of Last Year's Race

## Contest Will Move Sunday To St. Louis

**By SID FEDER**  
NEW YORK, Oct. 7.—(AP)—All even at one game a piece, the New York Yankees and St. Louis Cardinals today were not only right back where they started from as a result of Mort Cooper's refrigerated job of pitching his way out of a pot-full of boiling water, but also had a running start on a carbon copy of the World Series history book.

As they went into their third game today—the last of the set in New York—and the thousands began gathering again in the huge stadium, all hands admitted it will be many a day before they forget the mastery of Mort, burdened with grief over the death of his father, shaky and near tears, hanging on for a 4-3 decision in yesterday's second game.

And along with the way the big right-hander came off the ropes punching each time the Yanks had him softened up, the boys and girls will remember the job Mort's catch-ex-brother, Walter, did, setting his jaw grimly sticking it out behind the plate, although you knew the heart of neither of the Missouri farm boys was within a thousand miles.

With the Cards' win in the book from that second game, squaring the show for the Yanks' opener decision on Tuesday, the National League cheering section perked up and pointed out that up to now this 1943 set couldn't be any more like the '42 get-together if they were cut off the same rib roast. A year ago, the Yanks took the opener and the Cards came charging back to grab the second game by 4-3, incidentally—and then galloped through the next three to pick up all the marbles.

And while he admits he's no history professor, manager Billy the kid Southworth sent his gangling rookle sinker-bell southpaw, Alpha (Bak) Brazle, to the firing line in the third game confident that history was well on the way to a return engagement and would stay on the track. Brazle was practically bubbling with even more confidence, admitting meekly that he's going to "sinker-ball" those Yanks to death in this third best, which was slated for the usual 12:30 p. m. (cwt) for the entertainment of an expected third straight crowd of more than 60,000.

Both Billy the kid and long lean Alpha were calling it this way in spite of the fact Joe McCarthy had selected just about the "hottest" hurler in the American League in the last few weeks of the regular season to set the Yanks pointed up to the right street again. This was Wilfong Hank Broowy, the right-handed one-time Fordham flinger, winner of his last seven starts during the '43 campaign and considerably better than a green hand when he's right.

Hank knows, too, that there's one big thing he has to catch out for. This is to take particular care not to serve boom boom balls at even the weakest-walloping of the St. Louis batsmen, because they know exactly what to do in such situations. Ernie (Tiny) Bonham made this mistake a couple of times yesterday and by the time the shooting was over he had not only ruined an otherwise well-pitched job, but was all out and bruised from what happened.

For instance, he did it to Slats Marion with the first pitch of the third inning. Now Slats is a nice fellow and good to his folks, but in five months of the 1943 season, he hit a grand total of one homer. Well, sir, he doubted that production for the year right then and there yesterday. And in the fourth, after the St. Louis swiftness had scored another run on two line singles that whistled past Tiny's ear, and almost took his head into center field with them, the stylish stout fork-baller put another of his "gopher balls" on a tray for Ray Sanders. Ray gave it a ride into right field seats to ring the cash register for two runs and the ball game.

Except for these two lapses which gave the Cards all the opportunity they needed to do their Christmas shopping early, Bonham even out-pitched Cooper. All told, he gave up only seven hits and fanned (Continued on Page 10)

## Harvesters Set To Break Up 'T-Party'

Pampa Harvesters will have their first away-from-home game of the season when they play the Lawton, Okla., Wolverines, at Lawton, at 8:30 tomorrow night.

It will be the Harvesters third game of the season and the fourth for the Oklahomans. The Harvesters have won one, and lost one game, while the Wolverines have made a clean sweep of their first three games.

Practice of the Harvesters this week has been devoted to punting, pass defense, with special attention to formations to be used on defense against the Lawton's T-formation. Lawton will be the first team the Harvesters have played this season that uses the T.

Coach Otis Coffey will have for the Harvesters starting lineup: Starters for the Harvesters will be Cree, left end; Noblitt, left tackle; Curtis, left guard; Winburn, right guard; McKinley, right guard; Alen or Turner, right tackle; Billy Clay, right end; Robbins or Neef, fullback; Washington, wingback; Bridges, blocking back; Sheehan, fullback.

Conference games take the spotlight for the first time this season as 14 districts move into title play in Texas schoolboy football.

Top battle of the week will be between John Reagan and Stephen P. Austin at Houston, bringing together two unbeaten teams.

Few other undefeated elevens appear in danger of being ushered out, but with upsets the rule rather than the exception this campaign, it would not be surprising if at least a half-dozen took the count.

District 2 has the busiest conference schedule with eight teams in action while the Fort Worth, Dallas, Houston sectors and districts 11 and 14 each boasts three title tilts.

After this week every district will have had conference play except the Panhandle where Amarillo's Sandies, somewhat delated after being scared by their clematis by the unheralded Vernon Lions, still rate long favorites.

There are 53 games on the schedule, 29 of them conference and only 13 inter-district. Until this week it had been the other way around. Also, there are four intersectional tilts, the major game being Waco's clash with Norman, Okla., at Waco Bowl (El Paso) plays Mesa, Ariz., El Paso High meets Douglas, Ariz., and Pampa invades Lawton, Okla.

The complete schedule by districts:  
1—Friday: Lamesa at Lubbock, Austin (El Paso) at Amarillo, Pampa at Lawton, Okla., Tahoka at Brownfield.  
2—Friday: Burk Burnett at Vernon (conference), Wichita Falls at Graham (conference), Olney at Quannah (conference), Childress at Electra (conference).  
3—Friday: Big Spring at Odessa (conference), Sweetwater at Midland (conference), Plainview at San Angelo; Saturday: Brownwood at Abilene.  
4—Friday: Mesa, Ariz., at Bowie (El Paso), El Paso High at Douglas, Ariz., Cathedral (El Paso) at Ysleta.  
5—Friday: Sherman at Bonham (conference), McKinney at Gainesville, Waxahachie at Paris.  
6—Friday: Arlington at Sulphur Springs (conference), Paschal (Fort Worth) at Highland Park (Dallas).  
7—Thursday: Masonic Home (Fort Worth) vs. Arlington Heights (Fort Worth) (conference); Friday: Poly (Fort Worth) vs. Amon Carter-Riverside (Fort Worth) (conference); Saturday: North Side (Fort Worth) vs. Fort Worth Tech (conference).  
8—Thursday: Adamson (Dallas) vs. Sunset (Dallas) (conference); Friday: North Dallas vs. Crozier Tech (Dallas) (conference); Saturday: Woodrow Wilson (Dallas) vs. Forest (Dallas) (conference).  
9—Friday: Clisco at Mineral Wells (conference), Stephenville at Weatherford (conference).

**Pirates To Play Pelican Eleven For Navy Relief**  
HOUSTON, Oct. 7.—(AP)—An Oct. 23 football game between powerful Southwestern Louisiana Institute and undefeated Southwestern of Texas apparently is assured.

The Houston War Bond Sports Activities committee, composed of sports writers, announced last night that R. L. Brown, athletic director of S. L. I. had accepted an invitation to play. R. M. Medley, Southwestern coach, previously had agreed.

Net proceeds will go to naval relief. The two teams are made up largely of marine trainees who formerly played in the Southwest Conference.

## Aviators Seek Baseball Caps

**By WILLIAM HIPPLE**  
SOUTH PACIFIC HEADQUARTERS, Oct. 7.—(AP)—Those caps the New York Yankees and St. Louis Cardinals are wearing in the World Series may be traded for Japanese Zero planes—and quickly. At least, the caps of the winning team may be.

Such baseball caps are popular headgear in the tropics because they keep the sun out of the fliers' eyes. But they are scarce down here.

Today, major Gregory Boyington, a South Pacific ace with 15 planes to his credit, said his marine fighter squadron has an offer to make. It is willing to shoot down a Japanese Zero in trade for each cap of the winning team.

Major Boyington, of Okanagan and Tacoma, Wash., said his squadron was willing to put up 13 enemy planes which his men have shot down during the past two weeks as collateral in the deal.

The kick-off whistle will be sounded at 8 o'clock. General admission tickets are on sale at all Shamrock drug stores. No reserved seats tickets are being sold with the "first come, first served" method being used for bleacher accommodations.

It will be the fourth battle of the season for both teams, and although the Irish have three wins to their credit, while the Cyclone has suffered three defeats, Coach Bob Clark and his proteges are not expecting a push-over team for opposition Friday night.

The Wheeler Mustangs defeated the Memphis Eleven 14 to 0 in the opening game of the year, and since that time two AA clubs, the Childress Bobcats and Quannah Indians have handed the Hall county squad the caps which have adorned the should help bring them luck. In return, they promise to make a clean sweep of the South Pacific aerial series.

## Pampa Field Kept Posted On Series

The officers and enlisted men stationed at Pampa Army Air Field are enjoying a new service this week-up-to-the-minute World Series bulletins.

During the current baseball classic, the public relations office at the air base is "covering" the series for the men while they continue their regular duties.

A bulletin, containing the final score by innings and game write-up, is mimeographed and distributed to all offices, orderly rooms, squadron day rooms, mess halls and hangars within 30 minutes after the final "out" goes into the record book.

One of the best-liked farmers in these parts is Bert Childers! And he has the best way of beating the man shortage, too. Come husking time, Bert invites all of his farmer neighbors over to have a glass of beer. When they ask politely "Where's the beer?" Bert points to a bucket-full of frosty bottles in the middle of the field.

"All you got to do," he says, "is work your way out to it."

Well, Bert's idea has caught on all over the countryside.

mine, whiffing the side in order in the sixth, the first time this has been done in a series in ten years. With the Cards borrowing the Yanks' usual block-buster belting role, the two clubs put on each other's Sunday suits in this second game, for the American Leaguers looked their best by using the customary Cardinal tactics of running rapidly and far. For instance, Frankie Crosetti stepped on the gas in the fourth inning and eventually scored the Yanks' first run. And in the ninth, Bill Johnson—the series' leading hitter to date with a 500 average—galloped onto a double, to be followed immediately by Charley Keller, who high-balled to third with a triple on his 450-foot smash to left center. An infield grounder brought him home a moment later, but right there Mort Cooper came off those ropes for the last time, set down three men in order, and walked into the winner's circle on the one of the great, competitive exhibitions in series history.

Maybe The OPA's Running This, Too

LIBERTY, Mo., Oct. 7.—(AP)—William Jewel College football players, read for a trip to Fayetteville to play the Arkansas Razorbacks Oct. 9, were a bit surprised to learn the Razorbacks will play Monticello A. and M. Marine-Naval trainees that day. It was the fourth try for Arkansas, which had tentatively scheduled the Monticello game, then substituted the Albuquerque, N. M., army team, then substituted William Jewel — and finally reverted to Monticello.

Sports Roundup

By HUGH FULLERTON, JR. NEW YORK, Oct. 7.—(AP)—Just before yesterday's second World Series game, Dixie Walker, (the Brooklyn one) was exercising the common privilege of second-guessing. "We'll have a better played game today," he said. "All the rest of them will be better played." But if he were managing the Cards (and he made it clear that he isn't) Dixie figured he'd have Johnny Hopp in there somewhere. "I think Hopp's running had a lot to do with beating these Yankees last year," Dixie argued. "It kept them on edge. I'd play him even if it meant taking my own brother out." In the fifth inning when Brother Harry kicked Joe Gordon's single around and let Joe reach second, Dixie probably wished that Bill Southworth had come up with the same idea about keeping him out.

QUOTE, UNQUOTE Joe McCarthy: "I don't know if it will be for us having to play two or more games in St. Louis instead of just one. During the season we hit about as many home runs on their field as anybody else did."

SERIES SIGHTS AND SOUNDS On the field before the game: Charley Keller looking at low outside pitches in batting practice and letting four go by before he slammed a liner to right. . . . Whitney Kurowski refusing to sign an autograph because "we got batting practice on." . . . Billy Southworth telling reporters how his boys were determined to "win this one for Mort." . . . And didn't they? . . . Al Schacht, who isn't clowning this season, standing behind the batting cage and discussing his troubles in the restaurant business. . . . Cooper refusing to step over on the Yankees' side of the field to shake hands with someone and asking, "Can't you bring him over here?" . . . Dixie Walker kidding Brother Harry about his habit of yanking his cap and Harry insisting "I didn't do it yesterday as much as usual." . . . The first time he went to bat, Harry either removed his cap or tugged the visor 22 times before he finally struck out.

HIT OR MISS Walker, Cooper and Nick Etten were charged with the first game "skulls" while Tiny Bonham and Ray Sanders escaped without censure for mistakes that might have been just as bad. . . . With Stan Musial on second in the fourth inning, Bonham wheeled for a throw to the base. Just in time he noticed that no one was covering the bag and he managed to bounce the ball to Frank Crosetti in the base line. . . . It could easily have gone into center field. . . . Sanders played Crosetti too far back in the same inning, rushed in when Frank failed to hunt and then skidded trying to turn as the ball turned into a pop fly just a few feet back of where he had been standing. . . . A run developed each time, but the later tallies were the ones that counted.

TRY, TRY AGAIN About the best yarn of the many floating around World Series press headquarters is the one about a southern association player who struck out four times in an important game. . . . With each whiffing he became more and more annoyed over his inability to hit. . . . After the ump called "strike three" for the fourth time, the batter turned around and pleaded: "Just let him throw it once more. It won't count."

WAR TODAY

(Continued from Page 8) clear back to Premier General Tojo whose policies call for such barbarities. The Allied weakness is that they yelled "wolf" too much in the last war. We were going to hang the kaiser, and going to do this and going to do that. However, we didn't do anything—and let nobody doubt that the Germans and the Japs soaked that away for future reference. General MacArthur now seems to have provided the Allies with a perfect case to work on. His headquarters even identified the Jap officer who committed this awful act. The sword was wielded by Sub Lieutenant Komai, and the next senior officer responsible was Lieutenant Commander Tsukioka. Why not officially name these criminals as "wanted for murder" and let this be the start of a systematic campaign in all theaters to pin down atrocities for punishment?

Everyone Wants To Fly Planes Over the World

By JAMES J. STREIBIG Associated Press Aviation Editor WASHINGTON, Oct. 7.—(AP)—Nearly twice as many companies want to fly the stars and stripes to foreign lands as now carry it over the continental United States. Before the war only one company—Pan American Airways—bore the flag regularly across the seas, but its routes reached to most of the globe and totaled more than twice the length of the 41,000 miles of certified airways in this country flown by 17 domestic carriers. The civil aeronautics board, which grants route certificates, both domestic and foreign—the latter only with the approval of the president—already has on file more than 50 requests for new routes or extensions sought by 29 applicants. Among these are every large domestic air carrier, all of which are flying beyond their normal route

Some Milk Price Changes Allowed

WASHINGTON, Oct. 7.—(AP)—The Office of Price Administration has permitted regional directors to raise local milk prices, under limited conditions, to avert threatened shortages. The order specified that emergency price increases could be authorized in communities under 25,000 population where the following conditions prevail: Neighboring markets pay higher prices for fluid milk; low fluid prices in relation to prices paid by nearby plants where milk is processed into dairy products; unusual and localized cost factors related to war activities which threaten to reduce or to eliminate a small community's milk supply.

53 Snakes Killed In Short Period

THROCKMORTON, Tex., Oct. 7.—(AP)—Louis Robinette found another use for his hatchet recently. He shot a cottonmouth moccasin in the head, then in the body. Out of the mother snake, now dead, crawled a baby snake, with more following. With his hatchet he chopped off their heads as they emerged. Final count: 52 little ones plus the mother. A tornado usually lasts less than one minute in any one place.

MIDLAND WOMAN DIES

MIDLAND, Oct. 7.—(AP)—Funeral services were held here for Mrs. J. A. Haley, 75, club woman and civic leader and for 10 years a member of the board of regents of Texas Technological college. She died at her home here.

War Veterans Train At Texas University

AUSTIN, Oct. 7.—(AP)—Men with a goodly taste of battle are training for more of it at the U. S. naval flight preparatory school at the University of Texas. Numbered among the aviation cadets in the school are several with decorations and citations for exploits which preceded their transference to aviation training. A partial lineup: L. H. Bouette, Abbeville, La., earned air medal for participating in the rescue of Capt. Eddie Rickenbacker.

Arrests Average Four Daily Here

An average of four arrests a day was made by the Pampa police department in September, according to the department's monthly report, released today by City Manager W. C. DeCordova. Arrests totaled 120, of which, 55 were for intoxication, 12 for traffic violations, and 17 for investigation. Fines collected totaled \$888.50; days worked by prisoners, 37½; days served by prisoners in jail, 73. Seven cases were transferred to higher courts.

Bombgators To Finish Course

CHILDRESS, Oct. 7.—(AP)—The first class of bombgators of the AAF central flying training command were graduated today. Bombgator is a combination of bombardier-navigator.
