WEATHER

West Texas: Partly cloudy Sunday and Monday, becoming cooler except in Del Rio-Eagle Pass and El Paso areas Sunday. Cooler except in Panhandle Sunday. Cooler Del Rio-Eagle Pass and El Paso areas Monday.

"In the realm of the spirit, as of the flesh, certain salutary ways, certain lines of wholesome and rewarding procedure, seem to be worked out for us, and we cannot profitably transgress from them."
— Albert Jay Nock

Eisenhower In U.S.; No Political Aims

WASHINGTON —(AP)— Gen. Eisenhower flew back to America Saturday with a fresh disclaimer of political ambitions, and amid indications he may step swinging into a Washington clash over the speed of re-armament.

"I have never had any political aspirations—period," the supreme commander of the Allied powers in Europe said on his arrival at New York from Paris.

He wouldn't even say whether he was a Democrat or a Republican. Asked whether it would be correct to say that "come what may, you will not be a candidate for the Presidency next year," Eisenhower replied: "Of course you can't say that. I will not indicate political leanings of any kind. I'm doing a job. That's my statement."

While the general thus shut off political questions, and said the progress of European defense is partly encouraging and partly discouraging, the stage was being set for the talks he will have here with President Truman and other leaders Monday and Tuesday.

DISSATISFIED

Informed officials passed the word that Eisenhower is deeply dissatisfied with the rate to military buildup in Europe, and also wants Washington to join in creating a small, battleworthy military force there in six months or so.

This schedule would be far ahead of the long range, full strength defense plans now envisaged. To put it into effect, Eisenhower is expected to press for some changed procedures in U. S. arms production and distribution. Some officials predicted he would be heard down hard to get these changes ordered during his Washington talks.

In discussing European defense, he said: "The advances of the past year have been encouraging but there is always the gray zone of human affairs. There are some fine advantages and some discouraging ones."

Mrs. Eisenhower flew with her husband from Paris. They will visit their son, Major John Eisenhower, at Fort Knox, Ky., before the general comes on to Washington for his talks. He will return to Paris Wednesday.

Churchill Lays Plans For A Better Britain

LONDON —(AP)— Winston Churchill will put before a divided House of Commons Tuesday his plans for winning back Britain's prestige and bank account.

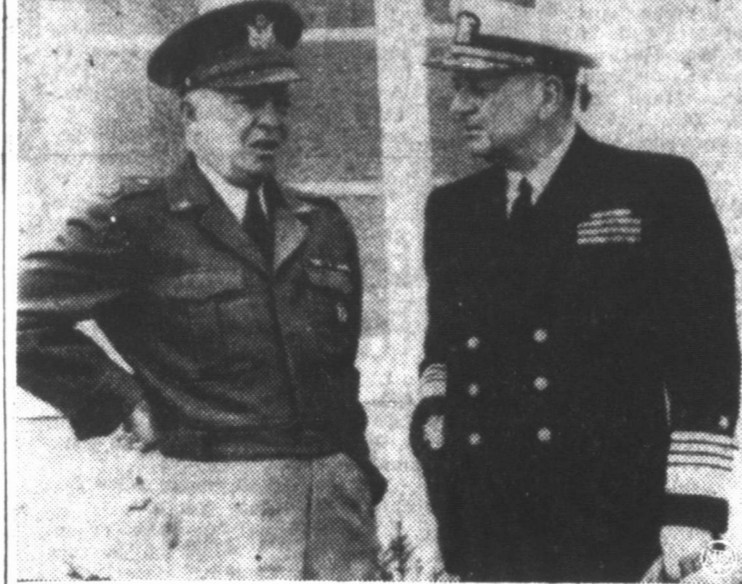

The 76-year-old Prime Minister's program will be presented in the traditional speech of the King at the state opening of the new parliament.

It will deal with the nation's troubles at home and abroad. Much of the pomp and pageantry of the state opening will be missing. Ailing King George VI won't attend. His speech will be read for him.

The King doesn't write the speech anyhow. Traditionally this is done by the government in power — in this case by Churchill and his Conservative cabinet leaders.

MAJOR PROBLEM Churchill's government is faced with these major problems abroad: Sagging British prestige. The loss of the Iranian oil concession. Mounting demands upon Britain's military forces in Egypt, Malaya, Korea and Europe. Egypt's junking of the treaties with Britain.

Problems on the home front include: The growing inability of the country to earn its own living by selling as much abroad as it imports.

COMING HOME — U.S. Chief of Naval Operations, Adm. William F. Fechteler, talks with Gen. Dwight D. Eisenhower during his visit to SHAPE headquarters at Marly France. The White House has announced that Gen. Eisenhower would return to the U.S. for military talks with President Truman. (SHAPE Photo from NEA Telephone)

Juillard, Former News Head, Takes New Post In Valley

Ralph Juillard, former publisher of The Pampa Daily News, leaves today for the Rio Grande valley where he will represent the new owners of the three valley daily newspapers.

Juillard will act for the Hoiles family and associates who on Oct. 1 purchased the Harlingen Valley Morning Star, the McAllen Evening Monitor and the Brownsville Herald. Each of the three papers has a circulation of approximately 13,000.

Juillard came to Pampa as publisher of The News on April 1, 1946 from Santa Ana, Calif., where he was advertising director of The Register. He joined the Hoiles organization in Santa Ana in July, 1937.

Replacing Juillard as publisher of The News is E. Roy Smith, former advertising director of the Odessa American.

Mrs. Juillard and their daughter, Judy, will remain in Pampa until the first of the year, according to present plans. Juillard said at present he is undecided in which of the valley towns he will make his home.

On Friday, News employees presented Mr. and Mrs. Juillard with a luggage set as a going away gift.

Ralph Juillard

New Peace Offer Made By Allies

Reds Lend A Cool Ear To Surprise Move

MUNSAN, Korea —(AP)— United Nations truce negotiators in a surprise move proposed to the Communists Saturday that disputed Kaesong be placed in a demilitarized zone. Decision on the Red-held city was the final main issue blocking agreement on a Korean armistice cease-fire line.

Red negotiators at the Panmunjom talks apparently were cool toward the offer of the United Nations but a UN spokesman said the Communists "had not categorically turned down the proposal."

He said the Communists repeated the reasons why they felt Kaesong and its surrounding high terrain should remain in their control.

The UN Allies want Kaesong, situated about two miles south of Parallel 38 to protect the northern approaches to Seoul, 34 miles to the southeast.

There were no details available on the UN plan but it could mean one of three things: 1. Set up a separate demilitarized zone around Kaesong under joint control. 2. Enlarge the already proposed UN buffer zone to include Kaesong. 3. Full the proposed UN buffer zone back so that it runs through Kaesong.

Brig. Gen. William P. Nuckols said the suggestion was merely "an oral statement of principle" by Brig. Gen. Henry J. Hodges, head of the UN armistice subcommittee meeting with its Communist counterpart.

The United Nations offer came in the 10th meeting of the subcommittees of the main armistice delegations.

Nuckols said: "The United Nations command suggested, since the Communists have insisted on the control of Kaesong, and the UN has done likewise, that Kaesong be put in a demilitarized zone."

"The suggestion was made in general terms only by General Hodges after a fruitless day of discussion," he said.

The subcommittees are in tentative agreement on a UN proposed 2 1/2 mile-wide buffer zone on the eastern and central battle fronts. It is almost entirely in North Korea and follows the present battle line.

Allied Bombers Blast Rail Yards

U. S. EIGHTH ARMY HEADQUARTERS, Korea —(AP)— United Nations fighter bombers blasted Northwest Korean rail yards Saturday without interference.

Russian-made MIG jets sighted showed no desire to fight after Friday's record nine air duels.

On the ground, Communists punched out one minor gain Friday. United Nations units threw back several fierce Red probing attacks.

Temperatures Climb Upward In Panhandle

Clearing skies and rising temperatures Saturday marked an end to a sudden siege of winter that gripped Pampa and the area late last week.

Pampa's temperatures shot up 27 degrees Saturday from 27 to 54 degrees. This was in contrast to early Friday morning's 13 degrees, low temperature for the week.

Highest mercury reading last week was 72 degrees recorded last Tuesday.

The weather picture looked much the same over the remainder of the state.

It was the first real break in the cold wave that was blamed for seven deaths in the state, shot down and four were damaged. All UN Allied planes landed safely, the Fifth Air Force said.

The biggest ground action was in the Kumsong sector of the central front. Two Chinese companies attacked for 20 hours, supported by a heavy artillery barrage. The United Nations line failed to budge.

In a separate action in the Kumsong area, UN troops were forced back 800 yards.

To the east, Allied Forces fought four small-scale battles north of Yangju and Inje. In a separate action, UN troops threw back a Red force which attacked under cover of a mortar barrage north of Koryangpo, only a few miles from Panmunjom, site of the truce talks.

If it comes from a hardware store we have it. Lewis Hdw. Ph. 1312.

Panpan Returns From War Front

Cpl. Johnnie J. Marshall, Pampa, was among 4061 combat veterans from Korea that arrived in San Francisco Friday aboard the transport Gen. John Pope.

He was part of rotation combat personnel coming home for leave and reassignment.

Still have a few new and used boats in stock. Bert A. Howell & Co. 119 N. Ward. Ph. 152.

56 New Polio Cases In State

AUSTIN —(AP)— Fifty-six more polio victims were counted in Texas last week.

The State Health Dept. reported the new cases, five more than for the week preceding, boosted the state's total for the year to 1,640.

The new incidence struck in 20 counties, with 10 cases in Harris county heading the list. Dallas county ran a close second with eight cases.

Other counties counted cases as follows: Tarrant, six; Jefferson and Ector five each; Bexar and Swisher four each; McLennan, two; and one each for the following: Austin, Brazos, Dewitt, Ellis, Gray, Grayson, Hall, Hidalgo, Hill, Hopkins, Potter and Smith.

Newsman Parker Breathes Easy; So Does AP Bureau

By The Associated Press
We're breathing easier around the big news desk of the Texas AP bureau.

Editor Tim Parker's rare and difficult heart operation, called commissurotomy, was successful. He is breathing easier at Baylor hospital at Dallas. So are Jane, his wife, and the tots, Susie and Patty.

The operation takes a toll of those who risk it and only 500 patients have ever had their hearts exposed for the awesome ordeal which was developed only a few years ago.

HOOKLIKE KNIFE After a long incision lays open the left side to reach the heart, the surgeon uses his finger or takes a little hook-like knife they call a quilting steed. It is in a covering sheath attached to his finger and a thrust is made through the mitral valve, tearing the flesh, removing scar tissue and restoring normal function of the valve which is the opening between the left auricle and left ventricle.

The scarring of a heart valve—mitral stenosis—is the result of rheumatic fever. Tim had it when he was nine.

You didn't notice much the matter with Tim. He is a fast man with a news story, a typewriter, a lawn mower or a smile. But the functioning of a scarred heart valve becomes more difficult as the years roll by. So his good physical condition made it advisable to undergo the operation now—if he had the heart to do it.

HAD THE HEART Tim had the heart. He arranged everything, even to an orbit of himself for the AP wires—just in case. He cleared up the state news desk and arranged to fit in with the staff vacation list.

He went under the anesthetic a month ago, but at that time the doctors decided he couldn't stand the ordeal.

Several weeks of rest and buildup were needed. With time on his hands Tim subscribed to some Texas AP member newspapers—so he could stay abed and keep up with the state news.

The AP editors heard about that at their Fort Worth meeting recently. President Charles A. Guy of the Lubbock Avalanche-Journal proposed a resolution, James R. Record of the Fort Worth Star-Telegram drafted a letter for all of them and don't (See NEWSMENN, Page 3)

Need For Pullers Is Said Desperate
Need for cotton harvest laborers continues to be desperate in Gray and Wheeler counties, according to L. P. Fort, manager of the Pampa office of the Texas Employment commission.

There are a few crews coming in from the South Plains. Dismissal of school and use of pullers holding non-agricultural jobs who spend their days off pulling are contributing to ease the situation, Fort says.

FLU EPIDEMIC HOUSTON —(AP)— Influenza kept more than 400 Baytown children out of school Friday, School Supt. George H. Gentry reported.

Black Market Baby Ring Revealed

NEW YORK —(AP)— A Brooklyn lawyer was under indictment Saturday as the alleged brains of a big cash-and-carry black market in newborn babies that extended from Massachusetts to Florida.

The attorney, Marcus Siegel, 45, was cited by grand juries in three of New York's five counties—Manhattan, Queens and Brooklyn.

Ten other persons also were named.

Manhattan Dist. Atty. Frank S. Hogan said unwed mothers were a prime source of supply for the ring. So were mothers too poor to afford their babies.

SUSPENDED SENTENCE SAN SABA, Tex. —(AP)— Clarence Simon, charged with the theft of a yearling, was given a five-year suspended sentence here Friday night.

In connection with the same theft, Peter Timney was placed on probation and Pete Berry, who gave state's evidence, was ordered to report at intervals to Sheriff Brantley Barker.

Booklets, folders, menus Phone 666. The Pampa News, Commercial Dept.*

PROTECTING EMPLOYEES "The (company) decision is based solely on the obvious necessity of protecting our employees from the possibility of being subjected to arrest and prosecution for the alleged violation of laws not clearly specified in statutes."

"The issues are simple: It has been our position that the company was required by law as a public carrier to accept all messages and money orders offered by the public unless specifically prohibited by state law from doing so."

Western Union Co. Bans Money Orders Relating To Bets
NEW YORK —(AP)— The Western Union Telegraph Co. has ordered a nationwide ban on use of its wires for sending money orders relating to bets.

The company action, announced Friday, followed conviction Thursday of the firm and its manager at Bridgeton, N. J., on misdemeanor charges. The state contended the Western Union office there handled \$300,000 a year in horse race bets.

A seven-man, five-woman jury returned a verdict of guilty against the company and the manager, Charles H. Frake, 40, for "accepting money orders addressed to alleged gamblers."

Absentee Voting Total Hits Six

Absentee voting in the Nov. 13 constitutional amendments election moved ahead slowly at the close of the week as a total of six persons cast ballots in the county clerk's office and one request for a ballot was received through the mails.

Only five days remain before balloting absentee comes to an end. The deadline is midnight Friday.

Five amendments to the Constitution are to be voted on by the qualified voters of the state, along with the question.

Readers are invited to send in questions on which they would like to get public opinion.

Published on The News editorial page.

What improvement do you think would be most beneficial to Pampa?

Mrs. J. Max Harbison, president of Holy Souls Parents-Teacher Assn., 1201 S. Hobart: "I think an underpass at the railroad crossing at South Hobart is badly needed for Pampa. In fact, the danger was considered so great by the Pampa school system, it re-routed all of its school buses."

Mrs. R. M. Bellamy, housewife, 1024 Christine; Mrs. Melvin Watkins, housewife, 1321 Terrace; Mrs. W. E. Hinton, Girl Scout Leader, 1201 S. Hobart; Mrs. J. Max Harbison, president of Holy Souls Parents-Teacher Assn., 1201 S. Hobart.

DISTINCTIVE TREATMENT
For a long room containing blond wood furniture, the decorator directed that three walls be painted white and the fourth wall — the one farthest from

the windows — should be coated in a soft red. The same treatment could have been used successfully with one of several other hues — pale blue, spring green or citron yellow.

A painter's signboard in Australia carries the slogan, "Repaint or Repent" — just another way of saying that it's wise to renew a protective paint coating when the need for it appears.

ROY O. HOLDER, JR.

Roy O. Holder, Jr., ships serviceman third class, USN, recently was advanced in rate while serving aboard the submarine tender USS Sperry operating out of San Diego, Calif.

He is the son of Mr. and Mrs. Roy O. Holder, 60 E. Brurrow. Before entering service in 1948 he attended Guymon High school, Guymon, Okla.

Conrad L. Wallace, seaman apprentice, USN, recently arrived in the United States aboard the aircraft carrier USS Boxer after serving in Korean waters six months. He is the son of Mrs. Jewell Wallace, 405 N. Doyle.

Since arriving in the Far East in March, the Boxer's air group which consists of seven squadrons have made more than 7000 strikes against North Korean targets.

Pvt. Roy C. Fulcher, whose wife, Maxine, lives here, recently was graduated from the Far East Command Chemical school, at Camp Gifu, Japan.

Fulcher arrived in Japan last September and was selected from his unit at Camp Drake, Japan, to attend this special course. In civilian life he attended Lefors High school.

Pfc. Harmon D. Crutcher, Lefors, has been assigned as an automobile mechanic with the U.S. Air force's 87th Aircraft Control and Warning group, responsible for transmitting the initial warning in the event of imminent hostile air attack on certain areas of Japan.

Crutcher enlisted last March. Prior to his assignment with the

Far East Air forces in August he was stationed at Chicago. He is the son of Mr. and Mrs. E. D. Crutcher, Lefors, and is a graduate of Lefors High school.

John L. Organ, machinist's mate fireman apprentice, USN, son of Mr. and Mrs. Clyde C. Organ, Box 1794, was scheduled to graduate from the Naval Machinist's Mate school, Great Lakes, Ill., Nov. 2.

Organ, who entered the service last April, received his recruit training at the U. S. Naval Training center, San Diego, Calif. Before entering the Navy, Organ attended Pampa High school. Students at the school are taught to install, operate, and make repairs to ships' engines and all mechanical equipment. This includes maintenance and repair of outside machinery such as the ship's steering engines, cranes, refrigeration and air conditioning equipment.

The privilege of volunteering for the "service of your choice" after receipt of a pre-induction notice, expires at midnight Nov. 30, the Amarillo Navy recruiting station announced yesterday. Men in this category desiring to volunteer for enlistment in the Navy should make application immediately. Several days are required to process pre-enlistment papers prior to the date of actual enlistment.

Pvt Carl W. Grace, 504 Doucette, is a member of October's honor company at the signal corps training center, Camp Gordon, Ga.

The unit was given the award for outstanding work during the previous month.

Prior to entering service three

Operations To Make Irish Boy Walk Again Successful

LEFORS — (Special) — National Education week, Nov. 11 through Nov. 17, will be observed in the Lefors schools as well as throughout the nation. The general theme of the week will be "Unite for Freedom."

Daily topics carrying out this theme are as follows: Sunday, Nov. 11 — "Our Faith in God"; Monday, Nov. 12 — "School and Defense"; Tuesday, Nov. 13 — "Schools Keep Us Free"; Wednesday, Nov. 14 — "Education for the Long Pull"; Thursday, Nov. 15 — "Teaching the Fundamentals"; Friday, Nov. 16 — "Citizenship School Needs"; Saturday, Nov. 17 — "Home-School-Community."

The Lefors schools will be open Monday, Nov. 12 — "School and Defense"; Tuesday, Nov. 13 — "Schools Keep Us Free"; Wednesday, Nov. 14 — "Education for the Long Pull"; Thursday, Nov. 15 — "Teaching the Fundamentals"; Friday, Nov. 16 — "Citizenship School Needs"; Saturday, Nov. 17 — "Home-School-Community."

Lefors PTA Hears Fred Cary Thursday

LEFORS — (Special) — Lefors PTA will meet Thursday night, at 7:30 in the high school auditorium with Attorney Fred Cary as guest speaker.

Mr. Cary will speak on "Discipline For Our Youth." The high school PTA organization will conduct a nursery in the homemaking department, for infants and pre-school age children. The nursery children are asked to furnish their own toys.

months ago Grace was employed by the Texas Co. here. He is a graduate of Pampa Junior High school.

CITRUS GREEN FAVORED
A new citrus green tone has joined the ranks of the pale greens favored as wall colors. This color gives quiet charm to a bed-sitting room in a new suburban home where the owners desired a restful effect and something quite different from their other interiors. The ceiling is painted to match the walls and the black iron work of the casement windows creates a striking accent.

Free Book on Arthritis And Rheumatism

How to Avoid Gripping Deformities
An amazing newly enlarged 44-page book entitled "Rheumatism" will be sent free to anyone who will write for it.

It reveals why drugs and medicines give only temporary relief and fail to remove the cause of the trouble; explains a specialized non-surgical, non-medical treatment which has proven successful for the past 33 years.

You incur no obligation in sending for this instructive book. It may be the means of saving you years of untold misery. Write today to The Ball Clinic, Dept. 2348, Excelsior Springs, Missouri.

EAT PLENTY AND TAKE OFF UGLY FAT

Many people have reported amazing results with this home recipe. It's easy to trouble at all and costs little. Just go to your drugstore and ask for 4 ounces of liquid Barcozate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take two tablespoonfuls twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if it reduces pounds and inches of excess fat—don't just seem to disappear almost like magic, from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back.

Lost 39 Pounds
"I was really happy and surprised with the results obtained taking Barcozate," says Mrs. Lillian Flowers, 214 Burnett St., San Antonio, Texas. "I have lost 39 pounds and feel so much better and look 10 years younger."

Lost 15 Pounds
Mrs. D. C. Baker, Box 21, Bryson, Texas, writes as follows: "I weighed 115 pounds when I commenced to take Barcozate. After one month I have lost 15 pounds and am going to continue taking it until I am down to 100 pounds. I have several of my friends taking Barcozate and they are losing weight also."

Scout Leader Training Course To Open In Pampa Thursday

First two sessions of Boy Scout leaders basic training, Nov. 8, will deal with troop meetings and individual advancement of the Scout.

The meetings, which will be held at 7:20 p.m. in the city commission room and the Palm room, will concern Scout masters and assistants. Bob Barrett and Sam Begert will be in charge.

Courses will be concluded Nov. 17 and 18 at Lake McClellan.

Junior leaders of troops will begin courses which will run parallel to other training and will cover two topics, one by Walter Elliott, "Patrol and Troop Hiking," and "Patrol and Troop Camping." Following this, the group will go on an overnight camping trip to put into use new techniques learned.

Sunday will be the troops committee training course including "Patrol and Troop Leadership and Organization" by Ross Buzzard, Scout master of Troop 80. That will be followed by "Patrol and Troop Program Planning" and "Use of Committees in that Planning" by Harry McWaters, leader of Troop 14.

Three Fined On Driving Charges

Fines totaling \$35 were levied against three people Saturday morning in corporation court on traffic violations.

Jimmy Bennett, 112 N. Houston, Henry Hunt, 845 E. Denver, and Robert A. Wall, 822 N. Russell, were fined \$10 each for speeding. Wall also was fined \$5 for driving without an operators license.

Pampan's Mother Dies In Missouri

Mrs. Virginia Campbell, mother of Mrs. Oren A. James, 1133 N. Duncan, died late Friday night in Kansas City, Mo., after a short illness. She was 51.

Surviving are one daughter; three grandchildren: Ronald Lee, Richard Wayne and Sharon James, all of Pampa; and three brothers, John Howard, Excelsior Springs, Mo., Robert Davenport, Kansas City, and Jack Davenport, Richmond, Calif.

Services are pending.

GERMANS SENTENCED

BERLIN (AP)—Three West German industrialists were sentenced today to prison terms for illegal sale of iron and steel to the Soviet zone. Eight other defendants were acquitted.

McLEAN—McLean is trying again to build a new school. McLean school board members are advertising for sealed bids for a \$142,000 building, to house the elementary grades in the district.

Deadline for the bids is 7 p. m. Nov. 20, according to School Board President Milton Carpenter and Secretary W. G. Carter. The board met with representatives of the architectural firm of Nofziger and Lawrence of Oklahoma City last week.

Proposed location for the building is at Sixth and Main just north of the Veterans school building.

This is the second time an attempt has been made to construct a new grade school building. The board advertised for bids shortly after the Korean war broke out. But prices had advanced so sharply that the \$150,000 bond issue was not enough to cover bids, nearest of which was \$40,000 over available funds.

However, two classrooms have been taken off plans and it is believed the remainder can be built for about \$142,000.

He was picked up by city police Friday night.

their names. Not ethical, you know.

DAMAGES \$40 IN Accident Here
An accident between two vehicles at Tyng and Cuyler resulted damage estimated by involved were Jack O. Garrett, 801 W. Francis, and Oliver Harvey, 33 W. Foster.

The accident, at 1:06 p.m. Friday, happened when Harvey skidded into the rear of Garrett's vehicle which, was stopped on Tyng for a stop light.

No injuries or arrests were reported.

Dealers Must Post New Car Prices
Monday is the deadline for all automobile dealers who sell new cars to meet posting requirements of the new ceiling price regulation covering sales, Hoyle Bowles, of the district Office of Price Stabilization, said Saturday.

The regulation became effective Oct. 15, but dealers were given 20 days to meet posting requirements.

Father of Pampan Dies In Oklahoma
P. R. Jefferies, 70, died Friday night at Oklahoma City after a long illness. He was the father of Mrs. Mage Keyser, 935 S. Summer.

Surviving are three sons and two daughters. Services are pending at the Hahn Funeral home, Oklahoma City.

Ex-Convict Is Sentenced
Jack Crain, a 37-year-old ex-convict, was sentenced to three years in prison by Judge Lewis M. Goodrich in District Court for theft of a pistol from Dudley's Store, 309 S. Cuyler, on Oct. 15.

The ex-convict, a three-time loser, attempted to rob the Iva Rae Grill in Lefors at gunpoint two years ago. His attempt failed when Constable Charles Clendenann of Lefors took the loaded shotgun from him by force.

At that time Crain was turned over to Cameron authorities where he was sentenced to two years in the penitentiary for theft. Charges were not filed against him here for the attempted robbery in Lefors.

His arrest this time came after several people called Sheriff R. H. Jordan on Oct. 16, saying a drunk, waving a pistol, was frightening people in the vicinity of a cafe on the Amarillo Hwy. Crain was picked up and investigation disclosed the gun he was carrying was stolen from the Dudley store.

Trucks Collide At Intersection; Boy Is Slightly Injured
A teenage boy was slightly injured and one truck was damaged with drunk driving at 5:30 p.m. yesterday following a collision in front of The Pampa Daily News building, Atchison and S. Somerville.

Charged with driving while intoxicated was Richard H. Daniels, 52, of 38 S. Reid, who was driving south on Somerville and attempting to turn east at Atchison at the time of the crack-up.

Robert Glenn Cornelius, 17, of 202 E. Fisher, suffered a small cut on the inside of his lip when his face hit the steering wheel of his pick-up truck. The Cornelius boy was driving west on W. Atchison when his truck and the pickup truck Daniels was driving collided.

Damage to the two trucks was estimated by city police at \$400.

Cost Of Medical Care Lags Behind As Prices In Spiral

The cost of medical care by 1950 lagged at least 10 cents on the dollar behind the spiraling cost of living, a survey by the Consumer's Price Index reported.

The figures of the index were taken from a compilation of findings made by the Bureau of Labor Statistics which claims that today's dollar will buy only 38 cents of commodities as compared to the 88 cents in medical care it will provide.

Taking the base period of chased one roller's worth of goods or medical gear," the Texas Medical Assn. declared medical care today is actually 14 percent less than it was 15 years ago.

During the last decade, as food, rent, and clothing continued a steady price rise medical care costs also spiraled, but not as rapidly. Today, the general cost of living is 72 percent above the 1935-39 base period while medical costs are up only 48 percent in terms of dollars.

For 1950 the index of medical care excluding drugs was 158.1; If eye-level were 50 feet high the ocean's horizon would be more than 7 miles distant.

The index of prescriptions as drugs was 124.5. The index physician's fees, including the general practitioner, the surgeon, and the specialists, was 140. The index of dentists' fees was 154.3 and the highest index 256.3 was for hospital rates. The Consumer's Price Index for 1950 was 371.9. Thus, with the exception of hospital rates, the prices of individual medical items have risen considerably less than the Consumer Price Index. Medical care has become increasingly expensive, but relative to the other items which make up the average consumer's budget, the cost medical care has declined, the association declared.

The Pampa Daily News

Published daily except Saturday by The Pampa News, Atchison at Overville, Pampa, Texas. Phone 666.

Subscription Rates: By carrier in Pampa 25c per week in advance (at office) \$2.00 per month, \$6.00 per six months, \$12.00 per year.

We believe that one truth is always consistent with another truth. We endeavor to be consistent with the truths expressed in such Great Moral guides as the Golden Rule, the Ten Commandments and the Declaration of Independence.

Answer This Question! The new tax bill is now in effect. What will it do to your income?

But, you may say, we can always "soak the rich" more and more, and so it won't hurt the average man very much, even if the cost of government keeps on climbing forever.

\$10,000 For A Job

It costs a lot of money to locate a job for an industrial worker. Even in 1949, when a dollar was worth a dollar, an average of about \$6,000 was invested in industry for each worker employed.

Invested money is known as capital. It is the savings of people who put it into industrial stocks and bonds in the hope of earning a little return over the years.

Who are the capitalists? The answer is that they are a cross-section of America. About 15,000,000 people, for instance, are owners of industrial stocks.

Better Jobs

By R. C. HOLLES

"A Christian Economy Is A Free Economy" I want to continue to quote from an article in "Christian Economics" under the heading of "A Christian Economy Is A Free Economy."

"In our every day life we must decide which of many things we shall do with our time and worldly possessions. Within the limitations of our time and worldly possessions we are to make such choices as we consider desirable in obtaining our objectives.

"Each and every interference by individuals or groups of individuals with the free market is a violation of the laws of God's commandments. God has requested that we love our neighbor as ourselves, and that we do unto others as we would have them do unto us.

"The only economic system which permits the Christian spirit to pervade its every operation is the free market system. It is only under this system that buyers and sellers can meet to decide, in a free market, the price of goods and services which are to be traded.

"In a free market system, men are free to produce all the goods and services that they can and may want for themselves. They participate in the market only so long as they feel they benefit by doing so.

"The so-called middle way, whereby many people save their consciences and their Christian obligations to the more unfortunate neighbors by advocating legislation compelling others to contribute to the support of needy families, is not a Christian way. It is not only a violation of the commandment: 'Thou shalt not steal,' but it is a violation of God's wish that we love our neighbors as we love ourselves.

"The free market is the only economic system whereby individuals cooperate freely in producing and distributing the things that people want most. It is the system which best promotes the practice of Christian charity while at the same time doing the most to eliminate the need for it.

"The temptation to misuse such power is always present. The temptation is always strong to use such power so as to continue and increase it. Finally those who become dependent upon moral threats for their sustenance are forced to bow down and worship them in violation of the First and Great Commandment. No such system of force or compulsory servitude can be a Christian system."

LOOKING SIDWAYS

By WHITNEY BOLTON

The story out of the West the other day was that Adolph Menjou, a reliable guardian of a buck, had sold his moustache for \$10,000 cash and it brought back to memory the day that Dolph took a pool table apart to retrieve a quarter.

We met first about 15 years ago and one of the immediate things I learned about him was that he was a web-brained actor equipped with a closetful of clothes. Instead, I found a man of the highest education, a man who had been destined for a combined career of engineering and hotel management.

"I think the average pool player would have made the shot and let the quarter go, but Dolph is a different matter. He put down his cue, stood up with a firm air and demanded a screwdriver.

"What for?" asked La Cava. "My quarter," said Dolph. "I can take the cushion off and get it."

"I can hear you perfectly, there is no need to shout," said Menjou. "Of course I would." In something of a daze, La Cava walked from the room and reappeared in a few minutes with a screwdriver and a crescent wrench. Silently he handed the tools to Menjou, who, after a moment's glance, under the table loosened the screws and bolts which held the cushions to the table, carefully lifted it from the table, pocketed his quarter, put the cushion back, bolted it down, handed the tools back to La Cava and with complete poise bent again over the table and completed his shot. Successfully, what's more, with the result that five more quarters were handed to him.

Success Secrets

By ELMER WHEELER

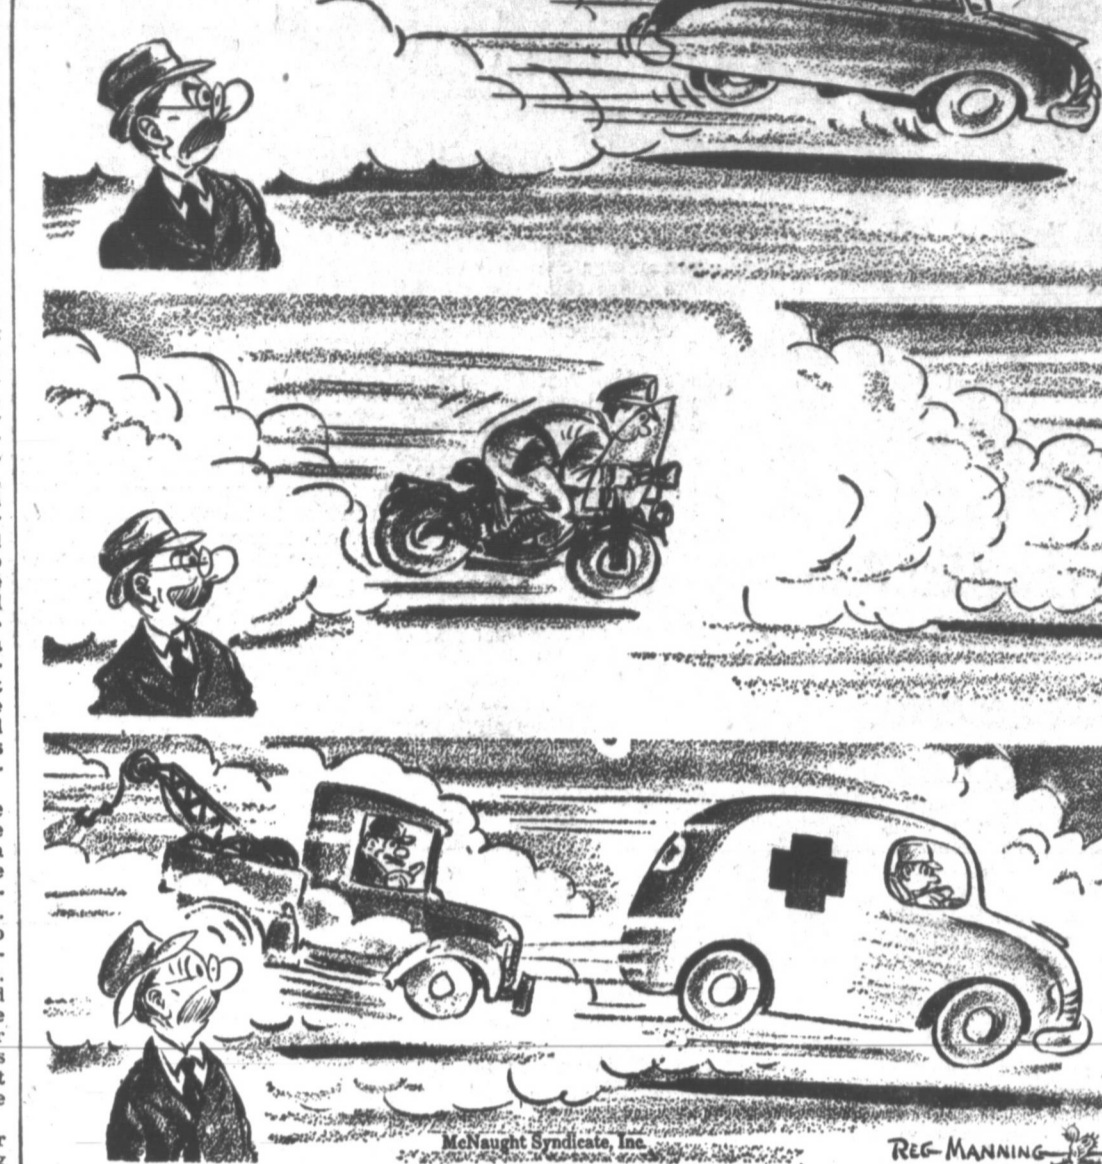

In almost every language there is a proverb: "Nothing is more important to a man than himself." When you meet Walter R. McSee of the Blue Cross-Blue Shield, you soon realize that he thinks you are important.

Luck did not make Blue Cross-Blue Shield the two largest health prepayment plans. Luck did not add three million new members each year since 1913.

One of the secrets behind that success is what I might call a "Good Morning, Mr. Big" philosophy. McSee and other Blue Cross officials from coast to coast do not reserve their "Mr. Big" philosophy for customers only. Blue Cross employees are made to feel Big. A Big Job—enroll 27,000 new members each working day of the year.

Very few potentials require that a customer or potential customer be a millionaire. The next time you see a I-I-t-I-e man, financially or socially, remember that he may be a big man insofar as the prospect of your own organization is concerned.

National Whirligig... Demo Vote Drops Steadily

By RAY TUCKER

WASHINGTON — "General Eisenhower, General MacArthur and Senator Taft, if they were three men in one, will never defeat the Truman ticket," declares Mrs. M. C. of Houston, Texas, in an extremely interesting analysis of political "trends". She continues: "Look at the world trend, or whatever you want to call it. It is fast moving toward the average man, the working man and woman."

SIGNIFICANT — The answer: There is no disputing the fact that the twentieth century seems to be the era of what Henry Wallace calls the "common man." Never before have the masses of people taken such a great and active interest in politics and economics. It is also true that the Truman - Roosevelt and Atlee - Ewan programs should make a switch in the more conservative platforms of the Churchills and Tafts.

The Nation's Press

PEOPLE ON PROBATION (Wall Street Journal)

We confess to a certain weariness with exhortation. For months Administration spokesmen have been urging the people to vaguely defined greater efforts and alternately scolding them for alleged apathy and complacency. One example of many was a speech Defense Mobilizer Wilson made in New York the other night. "The next eight months will test our national character in the crucible of an historic emergency," he said. "This period will test whether we are ready for the role of world leadership that has been thrust upon us."

In the first place, the national character has already been tested in enough crucibles, one would think, to satisfy anyone. It did not fail the test in World War II. It can hardly be said to be found wanting in Korea. Why does Mr. Wilson expose so little confidence in the people? How long must they be on probation in the Administration's eyes?

In the second place, it is very doubtful if the next eight months will do any such thing as "test whether we are ready for the role of world leadership." It is highly debatable that world leadership is in fact either a practicable or a moral aim. But even if it is—or if the Administration assumption that it has been thrust upon us is valid—the test will not come in the next eight months. The test has been placed long ago and over many years, in the formation of the national character.

Suppose, however, that Mr. Wilson has cause for complaint. What would he have us do more than we are doing? To his credit, he offers something reasonably specific on this point. He asks for restraint in the months ahead, especially on the part of organizing agriculture, business and labor.

That is a commendable goal; yet here an almost savage irony intrudes itself. It is the Administration which sees the United States "in grave danger"—from the threat of war abroad and from the almost equal peril of inflation at home. But it is the Administration which is least restrained in its outbursts against the potential enemy it hopes not to fight. More important, it is the Administration which is recklessly spurring the inflation it is exhorting the people to fight.

Bid For A Smile

CAA Lists 266 New Airport Projects; Texas Plans Eight

WASHINGTON — (AP) — The Civil Aeronautics administration has announced 266 airport construction projects, costing \$28,831,739, will be undertaken between now and June 30.

The construction, based on the federal aid program, involves expenditures of \$15,030,607 in federal money and \$13,821,132 to be put up by either local or state sponsors.

The program, now in its sixth year, has resulted in a total appropriation of \$199,389,842 by Congress. Sponsors have contributed a nearly equal amount.

The current program involves projects in 45 states and also in Alaska, Hawaii, Puerto Rico and the Virgin Islands.

Texas projects (with locality, airport, amount of federal contribution, the sponsor's share, and a description of the proposed work in that order):

- Abilene — Municipal (state): \$200,000 and \$200,000; construct and light runway, taxiway and apron.
- Corpus Christi — Cliff Maus: \$100,000 and \$100,000; pave apron.
- Dallas — Love field: \$25,000 and \$25,000; land and easements; clear new approach.
- El Paso — International: \$40,000 and \$13,330; high intensity

Large Attendance Expected At West Texas C of C Convention

Armstrong reported that more than 100 business men of Dallas, Houston, and other cities will come here from Dallas on special railway cars. WTCC headquarters at Abilene reported number of towns are planning to charter buses to bring delegations.

The Herring hotel will be convention headquarters.

The committee announced that Guy Jackson, Jr., of Anahuac, president of the Texas Water Conservation association, has been added to the list of speakers.

Another program feature will be a panel discussion on "What is Happening in Korea," led by Frank H. King, Dallas, general executive of the Associated Press, and David Rasco of the Amarillo Globe-News, a former war correspondent in Korea. King recently returned from a tour of Japan and Korea.

Keynote speaker will be Rep. George Mahon of Colorado City and Lubbock, who will appear Thursday morning. He is chairman of the House Defense Appropriations subcommittee, which must initiate the appropriations that now consume more of the tax dollar than any other. His theme will be "Taking Stock of the Situation."

Other speakers will be Jack D. Neal, a native Texan who is acting officer in charge of Mexican affairs of the U. S. department of state; R. B. (Bob) Anderson, Vernon, chairman of the State Board of Education; E. H. Thornton, Jr., Galveston, chairman of the Texas Highway commission; and Dr. Umphrey Lee, president of Southern Methodist university.

Registration will begin at 10 a.m. Wednesday.

A style show luncheon will be given Thursday for visiting women.

B. P. Bludworth of Brownwood WTCC president, will open the convention business Thursday morning with presentation of his annual report. Rev. F. W. Pritchard, pastor of the First Presbyterian church of Amarillo, will offer the invocation. T. W. Gilstrap, president of the Amarillo Chamber of Commerce, will give the welcoming address. Harley Sadler of Abilene will respond.

Delegates will be on their own for luncheon Thursday. The Thursday afternoon session will hear the addresses of Neal and Jackson and the panel discussion by King and Rasco.

Dr. Lee will speak at the convention dinner at Fair Park pavilion Thursday evening. The Amarillo Air Base orchestra will play dinner music. The Amarillo high school Bel Canto Choral club and the widely known Blackburn-Shaw barbershop quartet will sing.

WTCC directors will gather at breakfast Friday to honor past presidents and hold their annual meeting.

Anderson and Thornton will be heard in the final session Friday morning. Chairmen of

Uncle Sam Issues New Draft Call

WASHINGTON — (AP) — The Defense Dept. Friday offset its "Christmas gift" lull in drafting men into service by asking for \$3,650 in January — the largest number for any month since last spring.

The December call was for only 16,900 men, with all inducements suspended during the Dec. 21-Jan. 2 holiday period. The record high was 80,000 last March. The average has been about 40,000 a month.

Of the January total 48,000 will go to the Army, 11,650 to the Marine Corps.

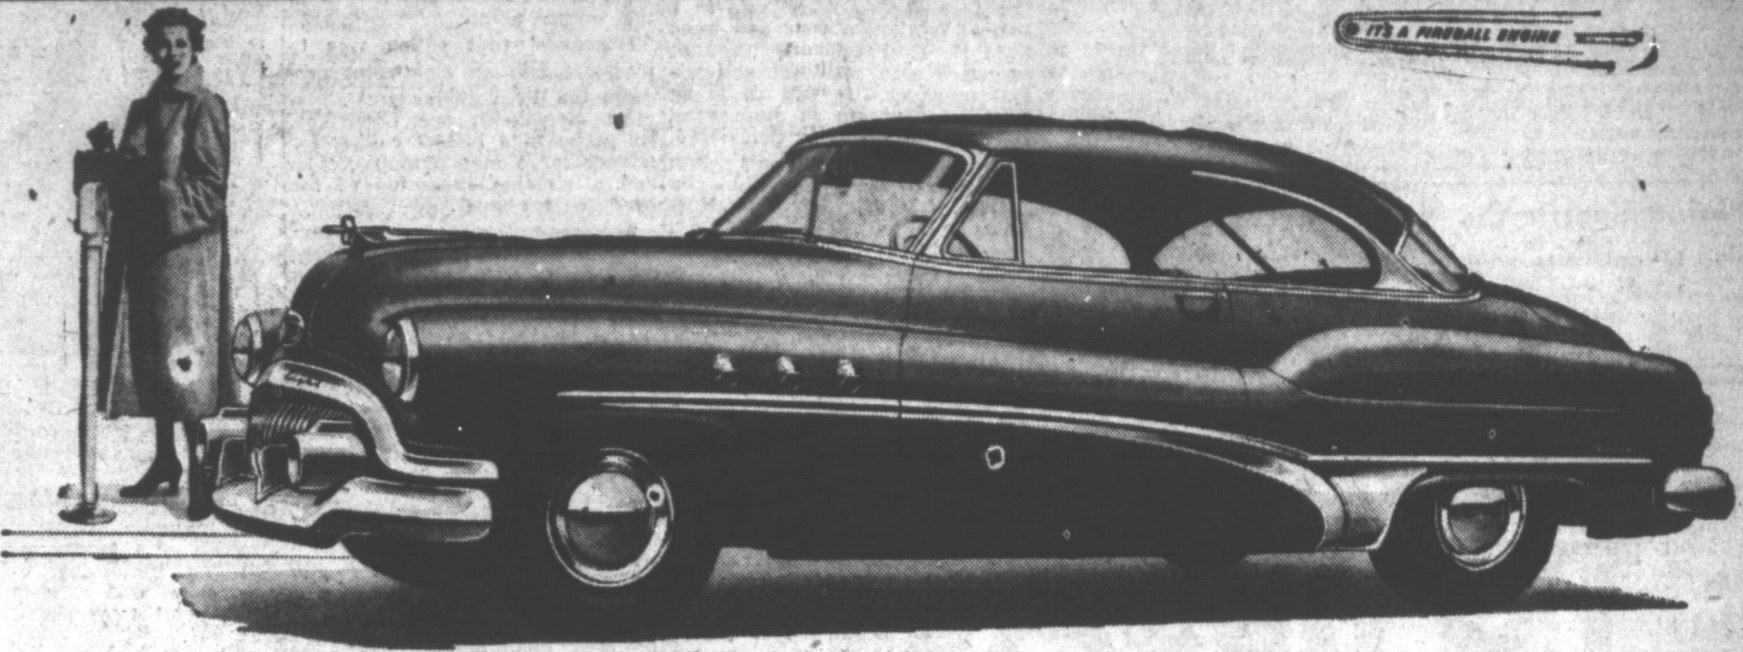

The department explained the January jump by saying it made up for the low December call and provided for "an orderly build-up of the armed forces,"

particularly the Marine Corps which is being boosted from 204,000 to 236,000 men.

In another announcement Friday, Selective Service estimated that about 2,000,000 men have had their liability for military duty extended from their 26th to their 35th birthday.

These are men under 26 who have been deferred from the draft since June 19, 1951, for some reason or other.

The Selective Service act of 1948 set ages 19 to 26 as the period in which men would remain liable for training and service in the Armed Forces.

It has a Way with Women

SOMETIMES we think that too little attention is given to the fair sex in automobile advertising.

After all, it's the woman of the house who has to do most of the shopping, which involves getting into tight places at the curb. And it's surprising what tight spots a Buick can fit into at a turn of the wheel.

It's the woman who likes complete freedom from things that it takes an engineer to operate—and a complete and utter freedom from mechanical complications is exactly what makes Dynaflow Drive* such a joy.

It's the woman who has an eye for style and fine fabrics—and a nose for economy. On both counts, a Buick is tops.

But we suspect something else. We suspect that a woman gets just as great a lift as a man from commanding this great-powered and trigger-quick bundle of vitality to bow to her will.

Here's a car to win any woman's heart—by its level-gaited stride—its willing response to her hand on the wheel—its smart

style and its smart performance—its spaciousness and comfort—and its thrift.

How about taking time off, some afternoon, to boss around a Buick? It's a date that's bound to thrill you.

Beauty knows no season

... and rightfully so! Your home, too, knows no season for beauty but it does seem that the holidays bring on a special glow. Thanksgiving ... Christmas—they are such "at home" occasions. We're suggesting one of our loveliest dining rooms to help make the coming season more glamorous and beautiful.

As traditional as Thanksgiving — this mahogany-rich Chippendale adaption. Buffet and China have graceful bow fronts and solid, pedestal bases. Double pedestal extension table has brass-tipped feet. Host chair and five side chairs are elegantly upholstered. Antique brass bail type drawer pulls.

THE MOST EXQUISITE RUG IN THE WORLD may now be in the making in Pakistan by a 45 year old refugee weaver, Mahmoud Sultan, The rug, which is destined to make art history, is being woven in a bombed-out workshop high on a hill. A single square inch on the rug has 2,400 knots, compared to the world's record which is a rug two feet by four feet that sold for \$4000.00 and had 2,000 knots per square inch. The weaver is working from a coded design, a reproduction of the world famous prayer rug from the Arbedil mosque in Persia. Three experts check his work with magnifying glasses. After 15 months of labor, he has now completed about four inches of a rug two feet wide. It will be finished in 1954. His eyes will stand only three to four hours work a day, for which he is paid \$1.90.

Although we have no such carpets in stock, we do claim to offer for your acceptance the best values obtainable in the carpet industry, professional assistance with your problems of color and weaves, and expert installation technique. We are particularly proud of our most complete selection of cotton carpeting in regular Wilton weave — the same weave as used in our most expensive wool carpets. Sculptured designs, twist weaves, loop weaves, cut pile velvets — all can be yours at prices starting at \$8.95 per square yard, completely installed.

Flurry In Liquor Sales

By The Associated Press
A person who hadn't been watching Congress might get a real scare — might figure there was an epidemic of snake bite. A good many Texans Wednesday were stocking up heavily on the household snake bite remedy — Whiskey.

But if he'd been reading the papers, he'd know it was just thirty citizens trying to lay in their winter stock before the boost of liquor taxes.

The levy goes up \$1.50 a gallon.

Also increased are taxes on a number of other items, including automobiles and cigarettes. People didn't start a buying rush on those items.

Said one happy liquor dealer, "It's almost like Christmas time." For instance, at Corpus Christi liquor sales were about 50 percent higher Tuesday than on the corresponding day a year ago. Many persons bought liquor in case lots.

Bryan reported heavy traffic on roads from dry Brazos county to wet Burleson county. Burleson county liquor dealers said business boomed.

Dallas liquor dealers reported skyrocketing sales. A spokesman for Dallas automobile dealers said the impending tax increase had stimulated sales somewhat, but previous scare buying had just about exhausted the rush market.

West Texas Chamber Has Had Grass-Roots Revival This Year

ABILENE — (AP) — West Texans have witnessed a grass roots revival of their Chamber of Commerce during the past year.

The 33-year-old West Texas Chamber of Commerce was in a critical position a year ago when Fred H. Husbands was hired as executive vice president and general manager. He had made an outstanding record as manager of the Waco Chamber of Commerce.

When the organization's 34th annual convention is held in Amarillo Nov. 14, 15 and 16, Husbands can tell its more than 5000 members that it has been brought back into direct contact with the 140 towns affiliated with it. He can report that it has friendly relations with local chambers of commerce, some of which had become critical toward it. He can show substantial services rendered the whole region and progress toward solution of some of the problems common to the entire area.

Husbands' first action was to translate into an eight-point program the directors' general statement of policies and objectives. He proposed a budget calling for a very large membership growth and a sizeable expansion of the headquarters staff.

The general manager says that he feels the chamber's usefulness depends upon its being an efficient clearing house for expressions of the interests of all segments of West Texas economy.

"It is basically important that we enlist and organize leadership representing all phases of West Texas business," Husbands said as he finished his first year.

"Each major phase of our economy has its own organizations. The West Texas Chamber of Commerce is the only agency with the responsibility of acting for all region-wide interests."

He added that his first concern had been to retain a staff of men qualified by education and experience, each of whom "can stand on his own merits" in directing various phases of organizational activity.

Staff members have covered the 151,475 mile territory almost like a local chamber of commerce manager covers his own community. The area is larger than any of the states except Texas and California. It is almost 52 percent of Texas.

E. P. Bludworth of Brownwood, WTCC president, says he feels the financial support it receives is the best index to usefulness of an organization like this. He noted that hundreds of firms and individuals have raised their annual payments substantially.

The WTCC led a successful effort to retain water priority rights of municipalities in the last session of the legislature. Tax surveys of counties have been inaugurated. They measure the financial condition of county governments by a five-point standard. Summaries of these surveys are made available to local chambers, county commissioners courts, major taxpayers, and are publicized.

The taxation and legislation department began a series of Education for Citizenship conferences last spring. They bring high school seniors to college campuses to hear speeches about the American economic system and the importance of assuming responsibilities of citizenship as well as accepting its rights and privileges.

Directors in affiliated towns have been polled on the five constitutional amendments to be voted upon Nov. 13. The taxation and legislation committee had declared its position on each. During the legislature's session, members are provided a weekly letter interpreting proposed legislation that would affect West Texas.

Three farm labor conferences held late in August by the agriculture and livestock department attracted hundreds of farmers and ranchers. They heard discussions of farm labor regulations by spokesmen of all agencies that make and enforce them.

The community services department has held Community Clinics in several towns where chambers of commerce were being organized or reorganized. A placement service is maintained to assist local chambers in obtaining competent managers. A short course for young chamber of commerce executives and office secretaries will be held soon in cooperation with the Chamber of Commerce Managers Assn. of West Texas. At request of that organization a survey of budgets of local chambers is being conducted.

Burma for centuries has been the world's leading source of fine rubies. Thailand is known for its sapphires.

Know the candidates. Compare their records as office holders and citizens and analyze their platforms. Give careful consideration to any amendments up for a vote. Learn beforehand which levers on the voting machines represent your choices.

SAFEGUARD LADDER
To maintain the flexibility and strength of a ladder and to prevent its splintering, rub it with linseed oil into it once a week for several weeks. Each year thereafter, repeat with one or two coats. If the surface of the ladder is rough, first rub it down with sandpaper. If it's smooth and in good condition, you can apply the oil with a cloth.

BUZ SAWYER leads the kind of life every one of us, at some time, has day-dreamed of — one that's packed with adventure, sparked with danger and colorful action. Always on the "go" as trouble-shooter for the Frontier Oil Company, Buz finds himself doing everything from breaking up South American revolutions to outwitting Red police behind the Iron Curtain. BUZ SAWYER is shaded with humor and realistic detail — it makes exciting reading.

The Pampa Daily News

Business Profits Drop One-Fourth In Third Quarter

By RAM DAWSON
NEW YORK (AP) — Profits of business dropped by almost one-fourth in the third quarter of this year as compared to a year ago. About three-fourths of leading corporations reporting so far show earnings declines — blaming the new record high taxes, curtailment of supplies, curbs on prices, rising labor and material costs, and, in some cases, sluggish consumer demand for their particular products.

A sampling of 126 companies, leaders in their many and varied fields, shows 36 companies doing better during July, August and

September than they did a year before, but 90 doing worse — some decidedly worse. Only three companies operated at a loss, however, and in most cases the highly profitable first quarter of 1951 keeps earnings on even keel for the year so far.

Combined, the profits of the 126 total \$960,822,977. In the third quarter of 1950 these same companies had combined earnings of \$1,340,450,285. The decline of \$289,627,308 is 23.1 per cent.

Notre Dame Sinks Navy

BALTIMORE — (AP) — Notre Dame and Navy football teams measured each other to a standstill in the mud for 50 minutes Saturday, but the famed Irish long distance scoring hit three times in the other minute for a 19-0 victory.

It took the Irish only 55 seconds for two touchdowns in the second quarter. Bill Barrett, senior speedball, went 74 yards in a punt return in the fourth quarter.

Navy failed to crash over the goal one yard away on the last play.

Navy had only one other scoring opportunity, and it fumbled that away on the Notre Dame 10 in the third quarter.

Alabama Takes 16-14 Thriller

ATHENS, Ga. — (AP) — Clell Hobson threw two touchdown screen passes and Red Lutz booted a field goal Saturday to give Alabama an exciting 16-14 victory over Georgia.

After trailing 7-0 at intermission, Alabama found room to maneuver in the second half and urged back.

Alabama had to overcome a brilliant individual effort by Con of Manners, sophomore Georgia quarterback. The younger scored two Georgia touchdowns — one spectacular 72-yard punt return.

Maniera counted the final Alabama score in the fourth quarter by racing around end and diving over from the one.

Lutz' field goal, which provided a victory margin, traveled 21 yards.

UCLA Blasts California

LOS ANGELES — (AP) — UCLA blasted some more shine off the Golden Bears of California, 21-7, in one of the nation's biggest surprises of yesterday.

Led by sensational sophomore tailback, Paul Cameron, the Bruins handed the big brother Bears their second setback of the season.

Outplaying the bigger, power-laden Bears in every department, and gaining revenge for the 35-0 walloping inflicted on them last year, UCLA broke a 7-7 deadlock in the third quarter and clinched the decision with a third touchdown in the final period.

The 19-year-old, 180-pound Cameron passed for one touchdown and led the attack to the other two Bruin scores. California, plying without its injured fullback star, Johnny Olson, scored its lone touchdown on a brilliant 63-yard run from scrimmage by halfback Harry West.

Parilli Passes Kentucky To Win

LEXINGTON, Ky. — (AP) — Kentucky's Babe Parilli tossed three touchdowns passes yesterday to pace a 32-0 football victory over Miami.

He was master as the Kentucky offense rolled at will and the defense stopped the Floridians' attack as seven yards rushing and 15 passing.

The Kentucky Babe twice pitched touchdowns to end Steve Mellinger and once to halfback Ed Hamilton.

WARREN'S ARM UP

By Warren Hesse—News Sports Editor

A GOOD OLD country kicking is just what the Pampa Harvesters got Friday night at Lubbock.

"What was the matter," the fans asked. Perhaps the boy who did a great share toward giving them that licking best explained it.

James Sides, Westerner fullback and a boy who ripped the front wall of the Harvesters to shreds, said after the game that "it's too bad that the Harvesters had to play three of their toughest games in a row. I'm sure that the Odessa game took too much out of them for them to come back to night." Sides went on to say that he felt sure that Pampa had a better club than they showed Friday night.

We can't help but agree with Sides that the Odessa scrap, which saw the line perform brilliantly, took so much out of the youngsters physically, that they weren't able to recuperate and once again reach the playing peak both physically and mentally for the Westerners' struggle.

It was a fine game in one respect. Once again it was the most important clash of the schoolboy weekend, and once again there weren't too many fouls, most being for outside. It was a hard game, the blocking and tackling by the Westerners being vicious, but not over zealous.

Most pleasing was the fine manner in which the huge Pampa delegation took the loss. There were no excuses being made, no accusation being bandied about that "we were robbed." Everyone admitted

the loss left just one Pampa football team undefeated and untied. That club is the well-coached Junior High school Reapers, which will return to action Tuesday afternoon at Berger against the Poodles. A win would assure the Blue and White of the district football crown. Then they are scheduled to close their season on Friday against the Elizabeth Wilson Wheelwinds at Harvesters park.

The Guerrillas also swing back into action this week after a fouled up schedule because of some changes with Plainview. They will journey back over to Amarillo, according to the schedule, to take another crack at the Amarillo Yankigan White team on Thursday afternoon. They should have whipped them before, but should be able to turn the trick this time.

One more football reminder about Quarterback club meeting Monday night at 8, in the Woodrow Wilson auditorium. Let's

Irishmen Smash Dalhart Pack, 39-7

By GEORGE BURESS
Pampa News Writer

SHAMROCK — Shamrock Irishmen smashed the Dalhart Wolves, 39-7, at Denver field here Friday night to take the lead in the District 1-AA conference race.

Showing for the first time this year their tremendous offensive power, the Irish, regarded as a defensive team, astonished the Wolves, who had beaten Dumas, 7-6, the week before.

Dalhart made only 17 yards net rushing.

With only four minutes gone, Shamrock took a bad punt on the Dalhart 32. Three plays later Don Carlton, right half, opened the scoring parade with a 25-yard run around left end to pay dirt. Carlton kicked goal.

Two minutes later the Irish covered a Wolf fumble on the Dalhart 18. Four plays later Jimmy Pennington, left half, bulled over from the one. Carlton's kick was wide.

DALHART SPUTTERS

Dalhart then showed its only burst of offensive strength. Following the kickoff, Billy Ritter, quarterback, hit end Cloyse Howell twice, for 47 and 13 yards, and the Irish 19. Shamrock drew a 15-yard penalty and then Bill Cessman, Wolf half, sliced off tackle for the TD from the four.

Cessman's kick was perfect and the Irish led, 13-7.

Shamrock joined the Wolves in the second end on straight power and end sweeps, with a 70-yard drive that ended with Jimmy Pennington again slicing over from the two. Carlton's kick failed.

Just before the half, Don Carlton raced to the Wolf 6 on a pitch out run of 19 yards. A moment later all get out. The Amarillo contest is going to be rough and tough as ever this weekend.

Support the Harvesters — win, lose or draw.

Cougars Beat Colorado Ags

PROVO, Utah — (AP) — Bob Karpowitz and Ray Oliverson booted and ran Brigham Young to an upset 21-1 victory over Colorado A&M yesterday, topping the Ags from first place in the Skyline Conference.

Oliverson ran over all of the Cougar touchdowns and Karpowitz' unerring toe thudded a trio of conversions between the goal posts — the margin of victory.

Bright, playing his first game since receiving a broken jaw two weeks ago, showed few ill effects of his injury. He wore a mask over his injured jaw.

The great Negro halfback passed for two touchdowns, scored another on a short run and was an effective decoy.

Bright, the nation's all-time offensive leader, added 204 yards to boost his three-year total to 5903.

Bright Returns And Leads Drake To Win

DES MOINES — (AP) — Johnny Bright, the masked marvel, accounted for three touchdowns as the Drake Bulldogs stopped previously undefeated Great Lakes, 35-20, yesterday.

The game, played in 25-degree weather and intermittent snow blown by 45-mile-an-hour winds, was dominated by Drake after midway in the first quarter.

Bright, playing his first game since receiving a broken jaw two weeks ago, showed few ill effects of his injury. He wore a mask over his injured jaw.

The great Negro halfback passed for two touchdowns, scored another on a short run and was an effective decoy.

Bright, the nation's all-time offensive leader, added 204 yards to boost his three-year total to 5903.

Field Goal By Sub Is Margin

NEW ORLEANS — (AP) — Pete Polovina, a substitute halfback, kicked a fourth quarter field goal to give Mississippi State a 10-7 Tulane and Mississippi State eastern Conference game Saturday.

Tulane and Mississippi State stumbled and fumbled for almost four full quarters before Polovina broke the 7-7 deadlock.

Tulane scored in the second quarter after recovering a Mason fumble on Mississippi State's 19-yard line. Tulane quarterback Fred Dempsey passed to halfback Ray Weidenbacher near the sidelines on the 30- and Weidenbacher dashed across for the Greenies' lone score. Tackle Tommy Comeaux converted.

Mississippi State scored immediately afterward when halfback Norman Duplain took the kickoff on his own 15-yard line and raced 85 yards for a touchdown. Polovina converted.

Win Over Huskers

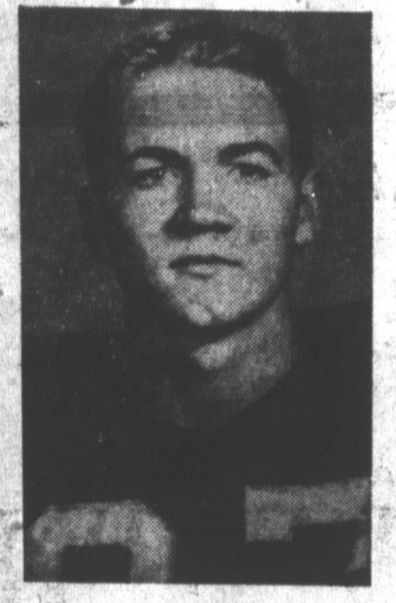

LINCOLN, Nebr. — (AP) — Opportunity beckoned to Kansas in the second quarter and the team responded with three touchdowns to set up a 27 to 7 Big Seven victory over Nebraska Saturday.

W&M Surprises

PHILADELPHIA — (AP) — Triple-four Dickie Lewis led a dazzling covey of William and Mary to set up a surprising 20-12 victory over Pennsylvania Saturday.

Meet The HARVESTERS

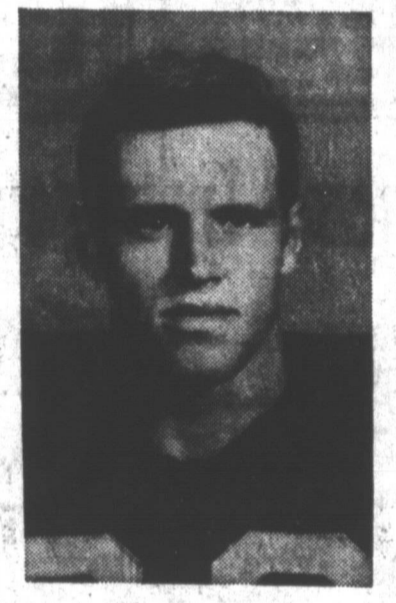

ROY POOL
Right End

Roy is the only boy in a family of four, having three younger sisters. He is 16, a senior and was born June 10, 1933, in Gainesville. Roy weighs 160, plays right end and is 5 feet nine and one-half. He has lettered one year and plays basketball. His major subjects are math, English, woodshop, typing and history.

Roy played Junior high football in '48, Guerrilla football in '49, Harvesters football in '50 and '51, Junior High basketball in '49, Guerrilla basketball in '50 and Harvesters basketball in '51.

Roy is the son of Mr. and Mrs. Elmer Pool and lives at 1609 W. Ripley.

JOHN YOUNG
Fullback

John Young is 18, senior and was born Oct. 31, Graham. He is the oldest in his family, having two younger sisters. John is a full-back, weighs 176, is six feet, and has lettered one year. He likes history best and also is on the track team. John belongs to the H-X, Esquire Club, is an Eagle Scout, and likes dancing.

John played football for the Reapers in the seventh and eighth grades, for the Guerrillas his freshman year and for the Harvesters his sophomore, junior and senior years.

John's parents are Mr. and Mrs. J. V. Young and lives at 1323 Terrace.

Sports Round-Up

By HUGH FULLERTON, JR.
NEW YORK — (AP) — There's a move under way to interest the Gator Bowl promoters in matching the Fort Jackson, S.C., and Carswell Air Force Base (Texas) teams for the service championship New Year's Day instead of trying to book a pair of top college teams, which may play hard to get. Both teams are heavily loaded with ex-college stars and figure they can't claim the all-service title unless they meet.

The Refrigerator Bowl at Evansville, Ind., also is interested and so is a Columbia, S.C., service club, which wants to stage the match there.

Leo Johnson who scouted Michigan for Illinois, estimates that Bennie Oosterbaan's team has improved more than 25 percent since it lost the first two games. Dick Malocco, New York U. quarter miler, has accepted an invitation to run in the Sugar Bowl meet. And that's the only way NYU can get a bowl bid.

THE PLAY'S THE THING

Report from upstate New York that Port Washington High school had scored a 52-yard point-after-touchdown in a 40-0 victory over Hudson, N.Y., was investigated, bringing to light these facts: . . . First Kick successful but Port Washington offside. From the seven, P.W. pushed over but was penalized for holding. Third try, completed pass from the 22; 15 yard penalty for clipping. . . fourth attempt, completed pass from the 37 penalty for illegal use of hands put ball back on the Port Washington 48. . . a pass from there finally was completed legally for the point.

SPORTSFOURI

Cliff (Fido) Purpur, former big league hockey player, has installed a "farm" system for his U. of North Dakota hockey team. With 15 Canadians and ten others on his squad, Fido plans to keep the top 15 on the varsity and let the others gain experience with the Grand Forks Amerks, which he also coaches.

When Baylor rallied to tie the Texas A&M football team at 21-21 last Saturday, several hundred Aggie Cadets carried the Baylor players off the field on their shoulders. . . The first offspring of Stymie will get to the races at Hialeah this winter. Whether it's their names will reflect the language that Stymies (in golf) produce. . . College talent scouts are giving Portsmouth, Va., hotels plenty of business. They all want to look over Jerry Mingia, a big tackle at Woodrow Wilson High; Jessel Curry, a great basketball prospect and a good quarterback; and Mickey Riggs, who can sprint with or without a football.

WEAK END NOTES

Oklahoma's secondary defense trio, two sophomores and a freshman, has grabbed off seven enemy passes in two games. . . Best football recruiting story heard this fall doesn't even concern a college. . . It has to do with a Western Pennsylvania scholastic star who was ineligible for his senior year because he was ever 19. . . Somehow he turned up in a nearby Ohio city, along with his kid brother who also is quite a player, and the folks who arranged the deal also found a job for his widowed mother.

The undefeated list was down to 33 and Lubbock was projected as the No. 1 team today as the Texas schoolboy football campaign plunged into its final month.

Lubbock Friday night whipped Pampa 33-7 in the feature game of the week and by so doing not only remained undefeated and untied but pushed to the undisputed leadership of raucous District 1 in Class AAAA.

Pampa, Stephenville, Stamford, Lockhart, Bay City and Jucos Springs were added to the casualty list. Today there are only 26 undefeated, untied teams left in the four divisions of schoolboy football playing to state championships. Seven are undefeated but have been tied, Stephenville was slammed 33-7 by Breckenridge in the top game of Class AAA.

In Class AA, Anson removed Stamford 12-7. Lockhart, undefeated but tied, was knocked out by Gonzales 13-12. Bay City, in the same category, was tumbled by Lamar of Rosenberg 13-7.

In Class A Hicken Springs fell to the unbeaten and untied before the power of Linden, 38-21. Newcastle, the team with the best record, rolled on unbeaten, untied and unscored on Newcastle. Chickito 24-0 and now has scored 191 points to none in eight games.

Undefeated and untied in Class AAAA are Lubbock, Ray (Corpus Christi) and Lamar (Houston).

In Class AAA, Grand Prairie and Palestine remain with unblemished records.

In Class AA, Anson, La Vega, Lampasas, Lamarque, La Porte, Cuero and Gonzales are undefeated and untied. Brownfield, Shamrock, Pittsburg and Center are undefeated but have been tied.

In Class A Canadian, Dimmitt, Iraan, Abernathy, Wink, Eldorado, Wylie of Abilene, Newcastle, Giddings, Whitney, Farmerville, Hawkins and Hon do have perfect records. Elkhart, Wilmer-Hutchins and Taft are undefeated but have been tied. Day kept its state clean Friday night by downing Breckenridge (San Antonio) 26-6. Lamar did not play this week.

Grand Prairie rolled on with a 33-0 trouncing of Denton while Palestine edged Bryan 14-12. Lockney could have won the first district championship of the season had it beaten Abernathy but fell 19-7. Abernathy thus virtually sewed up the District 3 crown in Class A.

One of the most impressive showings was that of La Vega in Class AA. La Vega met a strong west team that was expected to give it trouble but won 33-7.

Lefors Powerful Pirates In 52-0 Slaughter Of White Deer

JIMMY DOOM scores 6 touchdowns

Cabot Offices led the bowling in the City League with 21 wins and three losses. Sparked by a 533 of Buck Donnell and a 520 game by Stanley Brake, the Cabot white collar workers took two games from Your Laundry in Monday night bowling, putting them in undisputed first place. The BPOE took three games from the boys at Cabot Plant, putting them in second with 22 wins and five losses. Duerkel - Carmichael is in third after taking two out of three from Coffey. Pagine, despite a 609 of Bill Barenthin, the S&Q Clubbers dropped all three games to Sheehan Cleaners, putting the cleaners in fourth place, followed by Coffey-Pontiac in fifth, Cabot Plant and Your Laundry tied for sixth, with S&Q in undisputed last.

In the Top of Texas women's league, bowling on Tuesday nights, Elmer's Super Smoke leads with 18 wins and 12 losses after taking three games from Pooler's Drive Inn. Brannon took three from Hill and Pinson, placing them in second. Behrman's took two from Service Liquor for a third place berth, followed by the cleaners of Neal Sparks, who despite dropping three games to C. M. Jones, still maintained the fourth place spot.

In the Industrial League, bowling on Wednesday nights, Tom Rose is way out in front with 30 wins and six losses, taking three from Harvester Drug last week. Transmix is in second with Gulf No. 1 in third and Texas Gas and Power and Gulf No. 2 tied for fourth. The captains report absences in this league every week resulting in the forfeit of several games. Let's all turn out in force this week.

Cabot No. 2 leads the Lone Star League bowling on Thursday, after taking three games from the Maguire. Sier Inn and Maguire are tied for second after the Steer Inn took three from Clyde's. They are followed by Cabot No. 5 and No. 1 in last place. A couple of good scores that deserve mention were a 449 rolled by Ina Petrie and a 451 by Ira Matheas.

One of the Panhandle's largest tournaments will be attended by several Pampa bowlers the week-end of Nov. 10-11 and 1-1. It's the ABC sanctioned Panhandle

WHITE DEER Scoring at better than a point a minute pace, the Lefors Pirates, charges of Coach Frank Sonntag and Bob Callan, overwhelmed a good White Deer eleven here Friday night, 52-0.

Playing on a snow-covered field the Pirates unleashed a new scoring threat in the person of Jimmy Doom who scored six touchdowns in his first game as a fullback for the Pirates. Doom, a converted end, chalked up 283 yards rushing and averaged 9.1 yards per try while the Pirate line ripped large holes in the Buck forwards to enable Doom and Ray Dickerson to go all the way several times.

LINEMAN SCORES Dickerson, always great, likewise cut himself a choice hunk of cake as he racked up 155 yards on 25 carries to average 6.2 yards per carry. Gordon Rutledge, Buccaneer tackle, realized a lineman's ambition as he picked up a blocked punt on the Buck 12 yard line and carried it over the goal for the fifth Pirate touchdown of the night.

While Deer kicked off to Ed Wiggins, Pirate guard, on the 45 of Lefors and it took the swash-buckling Buccaneers but five plays to engineer their first TD as Doom carried over from the 15.

After that the Bucks were Doomed. Valiant tries by Cordell Pugh and Jackie Freeman met solid resistance and the Bucks just could not go. Approximately 800 chilly fans sat through the fracas and watched the game.

Bucks play with their backs to the wall most of the time.

Quarterbacks Meet Monday

The Pampa Quarterback Club will hold its regular weekly meeting tomorrow night at 8 o'clock in the Woodrow Wilson grade school auditorium.

The film of the Lubbock-Pampa game will be shown as well as another movie.

The Harvester coaches will be present to review the Lubbock game and preview the Saturday afternoon with the Amarillo Sandies.

Tulsa Runs Over Oklahoma Aggies

STILLWATER, Okla. — (AP) — Tulsa's Golden Hurricane, stalled in the first quarter by keyed-up Oklahoma A.M., boomed from behind Saturday to win, 38-7, and clinch at least a tie for the Missouri Valley football conference title.

The Agies passed to their lone score in the first quarter but their sophomore quarterback sensation Don Babers was injured in the second period and they couldn't move after that.

Babers went into the game as the nation's leading passer and had completed 8 of 11 for 89 yards and one touchdown when he was knocked unconscious. He was hit under the chin when tackled after being trapped on a pass play.

Only two weeks ago on the same field the nation's leading ground gainer, Johnny Bright of Drake, received a broken jaw.

Tulsa still has to defeat Detroit before it can claim the pennant for the second straight year.

Purdue Rolls To 28-0 Victory

LAFAYETTE, Ind. — (AP) — Purdue broke a three-game football losing streak by cutting off the State's defense with a gang of unknown sophomore and freshmen. Sophomore Max Schmaling, sub fullback, scored the first two Purdue touchdowns in the 28-0 victory yesterday.

Canadian Wildcats Have No Trouble With Clarendon

By RUDY MARTI
Pampa News Writer

CLARENDON — The unbeaten Canadian Wildcats kept their string alive and remained in a tie with the Lefors Pirates for the leadership of District 1-A here Saturday after a narrow victory trouncing the host Clarendon Bronchos, 31-7. The game was a postponement, originally scheduled for Friday night but delayed because of the bad weather.

It was a scoreless first quarter, but action was lacking. The Wildcats broke a Clarendon punt early in the game but the Bronchos held on their own 10, taking over on a fumble. The Wildcats then held and the ball returned to the Cats who moved down again to the 10 where another fumble was recovered by Clarendon. A pass interception by Buddy Gross stopped the Broncho offensive but the Cats couldn't penetrate the Bronchos' goal.

In the second quarter the scoring opened with Schaeff going around end for the first score. Later in the period Ramirez returned a punt 80 yards to the home club's 15. On the first play Hoover scored and the halftime score was 12-0 Canadian.

In the third period Julian hauled down a pass for the third touchdown. Schaeff drove over for the next Cat score and Julian took down another pass for the final TD.

The lone Clarendon score came on a pass, Leftey taking it in the end zone, Bait taking a pass for the conversion.

Randy Clay, The Soldier, Running Hard For Brooke Medical Center Grid Squad

SAN ANTONIO — (Special) — From the annals of the University of Texas, come the names of numerous fine backfield stars. One of the latest is now starting fullback for the Brooke Army Medical Center Comets.

RANDY CLAY in Giant uniform

On May 30, 1928, a boy was born to Mr. and Mrs. Jesse Clay of Pampa, Texas. Unknown to many, destiny had big plans for this youngster. In just eighteen years, this same lad had already attained the heights of high school greatness; winning all-state honors.

It didn't take long for Randall Oscar Clay to win college football's highest honor, being judged an all-American. In his first year as a professional, Randy was voted on the All-Rookie Professional eleven.

But just how did this lad come to his greatness?

ENCOURAGEMENT OF FOLKS It's quite simple, says Clay, "I wanted to play football and I got encouragement from my folks." Things didn't look so bright for the young Clay when he first started playing the gridiron sport.

"I was only 123 pounds when I first started playing," Randy elaborated, "and even when I got out of school I was only 143 pounds, but it seems that mother nature has helped me out some as I got older." And she has, for now Clay is a scrapping six footer tipping the scales at 195 pounds.

Clay first broke into football as an end at Pampa high, but in his junior year he was shifted to backfield, where he has stayed since. In 1944, he was named to all state first team. In '45, he was an all district back in District 1-AA.

His first year in college was played on the Texas "TV" team, the team that was to begin the "TV" formation at the university when Coach Blair Cherry was to take over.

BIGGEST MOMENT In his first year on the Texas Varsity, Clay was a regular, something of an exception at the 40 acres. He alternated at fullback and halfback his sophomore and junior years, but in his senior he settled at the halfback post.

Yorkers used the "TV" he would start on the offense. While the Giants toyed with the A formation, Randy was starting on the defense.

Professional football provided the Pampa with his greatest football thrill. It was the last time the Giants tripped the Philadelphia Eagles, 6-0. Clay scored that touchdown late in the final period when he carried 58 yards, to the Eagles 20, then carried those 20 yards to the touchdown on the next play.

His great ability was proved when the Giants needed someone to kick extra points and field goals when big end Ray Fosse was injured, and the job was handed to Clay. The first time he was called on to kick a field goal, was in the championship game with the Cleveland Browns and his kick was good enough to tie the score 3-3. The Giants finally lost the game 8-3, on a great kick by Lou (The Toe) Groza.

PRO AND COLLEGE According to Clay, the Browns have the best back in professional football — Otto Graham. "If he don't beat you this week he's back again next week," Randy chirps with a smile, "and this time he's using everything in the book. "He is great; he can run, kick and pass as good or better than anyone."

The Giants' mammoth 250 pound tackle, Arnie Weinmeister, was the greatest lineman Clay ever played with or against. "That guy can run as fast as anyone up there and he's a full 60 minute man." In college it was a toss up between Dick Harris, Lewis "Bud" McFadin, and George Perovich. All just happened to be from Texas.

"Someone asked the difference between professional and college football. "Well," Randall drawled, "the only difference is the teams on a whole are bigger and they hit you harder a little more often."

In everyone's past, there are some strange happenings, but to clay this one holds top rung: It was in 1947, in Dallas when the Longhorns met their traditional rivals, the Oklahoma Sooners. It was the last play of the first half; the score was tied 14-14.

His most exciting moment in college football was in the Orange Bowl game with Georgia in 14. The score was tied, 21-21, in the last three minutes of play. Clay punched across the double stripe twice in those three minutes and the Longhorns went on to win 41-28.

Clay saw a lot of action in 1950, when he signed up with the New York professional football Giants. When the New Yorkers used the "TV" he would start on the offense. While the Giants toyed with the A formation, Randy was starting on the defense.

READ "SMALL TALK" NOV. 5

DANCE TO THE MUSIC OF Johnnie Lee Wells "The Rag Mop Kid" And His Boys at The Southern Club Tuesday Nite NOV-13th Get Your Tables NOW!

A memo from your doctor...

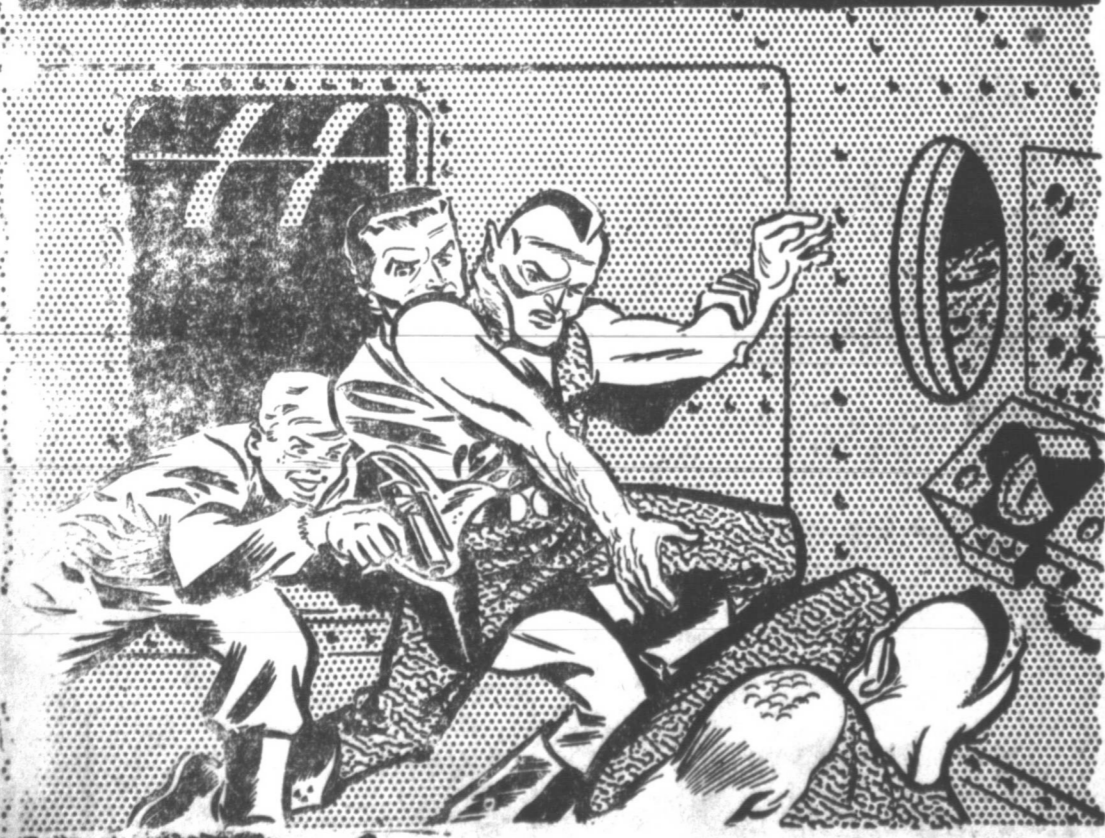

"The profession has for its prime objective the service it can render to humanity; reward or financial gain should be a subordinate consideration..." That's the first provision in our code of medical ethics. Medical Doctors mean what they say in that provision. We want you to have the finest medical care in the world regardless of your ability to pay.

Here are a few simple suggestions to help you get it, also a means whereby you can make sure that any complaint you may have against medicine will receive fair, thorough, and completely confidential investigation and action.

- Your Doctor suggests...**
- Your doctor wants you to tell him when a fee, which is reasonable for others, is more than you can pay without depriving yourself of the other necessities of life.
 - Frankly and honestly discuss your situation with your doctor in advance. Don't put off explaining your circumstances until after you receive the doctor's bill. It isn't fair to either of you.
 - Arrange now, while you are well, to have a family doctor... one that will know you and your financial circumstances and who will be immediately available in an emergency. Call (0000) night or day.
 - Arrange, while you are well, to cushion your budget against the economic shock of sudden illness. Ask your doctor about the many low-cost plans of voluntary health insurance. They cost but a few cents a day.
- If you have a complaint let us know about it...**
- If you follow the suggestions above, you likely will seldom have one. But if you do, the doctors of your city and the entire state want to know about it.
 - They have established a Grievance Committee designed to receive and investigate any complaint against medicine from any source. It is one more way the medical profession can demonstrate its earnest intention of providing the best medical care in the world at a price you can afford to pay.
 - You will be assured of a full, fair and completely confidential investigation.
- Remember...**
- Most complaints result from misunderstandings between patient and doctor. They should be avoided by a frank discussion in advance. Your doctor's primary concern is and always has been the protection of your health.

BATTLE ABOARD A SPACE SHIP!

CHRIS WELKIN and his sidekick, Rocky Starr, fight for their lives with strange creatures from a distant planet. It's another action-filled episode in the fascinating new comic strip, **CHRIS WELKIN, Planeteer**... thrilling you with its interplanetary invaders, space ships, futuristic weapons and uniforms, and realistic adventures in the not-too-distant future! **STARTS MONDAY.**

CHRIS WELKIN

BUNGLED BANNER — The Star Spangled Banner was hoisted over Culzean Castle, Ayrshire, Scotland, in honor of visiting Gen. Dwight D. Eisenhower. It was General Ike himself who noted that the flag was flying upside down, an international distress signal. The embarrassed Scots hastily corrected the error.

HEARD SWAN SONG, MAYBE—Unperturbed by the presence of the Fyle family, a swan sits at ease in their Edinburgh, Scotland, home, after waddling indoors from the garden. The family had tried to coax it in with food and drink, which it refused. What finally lured it in was music from the phonograph.

Pride In Work Brings Young Farmer Achievement Award

ST. PAUL, Minn. — (NEA) — Bill Capeder, an 18-year-old Minnesota farm boy, is one of 1951's top examples of what young men can do if they are encouraged to take pride in fine workmanship.

A few months ago he graduated from St. Paul Vocational School. Now he's an apprentice in the tool and die department of a precision instrument factory. Some day he may become an engineer.

The big milestone in his life so far, however, was winning one of the year's nine Industrial Arts outstanding achievement awards in competition with high school students all over the U.S. He earned it by a combination of old-fashioned pride in good workmanship and new-fangled scientific teaching methods.

Son of a Swiss dairy farmer, Bill is a quiet, slender boy who decided to become a machinist by the time he completed grade school in Edgerton, just outside St. Paul, in 1946.

After a year of regular high school, his vocational aptitude tests showed he was ideally suited for the trade he wanted to make his future. He enrolled in St. Paul Vocational. That year his dad brought him a good metal lathe for Christmas. Bill started right in repairing farm implement parts, his father recalls.

St. Paul Vocational makes a point of appraising students' needs as an individual while they get ready for a real job in industry. That means courses in which students make something real that fits into a practical pattern for future work.

In his machine shop and tool and die classes, Bill got acquainted with lathes, planers, shapers, surface grinders, drill presses, filers, vertical milling machines, and all the tools and gauges which are the heart of his trade.

After the first year, he was recommended for transfer to the tool and die maker class as part of the select group of young men most likely to succeed in that difficult field.

His new teacher was David E. Geske, who graduated in 1926 from the same classroom. Geske came back to St. Paul in 1941 as a faculty member, and now is rated by Principal A. C. Taylor as a teacher who can get the most out of his students.

Bill's Industrial Arts Award, which he received last month at

Involves 30,000 Sympathy Strike

BIRMINGHAM, Ala. — (AP) — The Tennessee Coal, Iron and Railroad Co. was paralyzed Thursday by a sympathy strike involving most of its over 30,000 workers.

Operating unions of the United Steelworkers of America (CIO) and 4,500 USW ore miners, walked out Wednesday night in support of 100 coke workers who struck six days ago.

The dispute already had reduced BCI steel production from a daily average of 9,500 to 10,000 tons to around 3,000.

Only Wednesday, the company banked two blast furnaces to bring the total idle to eight out of nine. Nine of its 19 open hearth furnaces also had been closed.

The dispute began when the coke workers objected to transfer of certain employees, and set up picket lines.

Farmers today are producing more vegetable and animal fats than can be consumed domestically.

Radar Post Near Dallas Revealed

DALLAS — (AP) — A highly secret Air Force installation at nearby Duncanville has been revealed as a radar listening post — one comprising a network throughout the United States to protect key cities and areas.

The revelation was made by Louis A. Delaney. He received permission from the commanding general of the 33rd air division with headquarters at Oklahoma City.

The Dallas Morning News said it was the first time that the location of such a radar warning station had been told.

It is manned by the 147th AC&W squadron. This is a Van Nuys, Calif., Air National Guard outfit.

Much of the information about the base still is classified. Maj. Delaney would not say what "AC&W" meant. No pictures are allowed.

Wholesale Food Prices Decline

NEW YORK — (AP) — Wholesale food prices dropped to a new low this week, according to the Dun & Bradstreet food index. At \$6.85, the index compared with \$6.89 last week (the previous low so far this year), and was just 2 percent above the year-ago level of \$6.52. The index peak this year was

\$7.31, reached on Feb. 20. When the Korean war broke out, the index was at \$5.96. The record high was \$7.36 on July 13, 1948. This index represents the total cost of wholesale of one pound each of 31 foods in general use. It's now lowest since late last November.

At least 75 cents of every dollar consumers spend for pork goes for cuts that make up less than half of a hog's live weight.

Like People, Animals Often Get The Strangest Notions

By RONALD AUTRY
Associated Press Staff Reporter
Just like people, animals sometimes do the strangest things. And Wednesday they outdid themselves in a burst of headline happenings. Almost everywhere you looked,

animals were in the news. An Arkansas posse tramped through the rugged Ouachita National forest after a leopard, two bears, a polar bear and six monkeys — escapeses from a circus. Two bull moose, locked in horn-to-horn combat, started a big air-rescue operation with elements of drama up in Alaska. The audience included a batch of wolves and ravens, with food in mind.

Ten elevated-subway trains in Philadelphia ran behind schedule because a cocker spaniel took a walk for 20 blocks on the train tracks. A little ole fox turned up the other day in the Massachusetts State house, of all places. Yesterday they caught him after he was weakened by ammonia fumes.

Near Dedham, Me., a 300-pound bear and a truck collided. One of the vehicle's passengers, Amos Wilson, grabbed an ax, chased the bear 500 feet and killed it.

A dog named Skippy surprised the Roger Fossen household in Morris, Minn. Eight months ago the Fossens moved to Morris from Seattle and gave Skippy to a neighbor boy. Sunday there was a scratching at the front door of the Fossen home. It was Skippy — 1,800 miles from Seattle.

Twelve more dogs made the news in Louisville. A grocer had the prized bulldogs seized to cover Mrs. Margaret Hoagland's \$239 grocery bill. But Mrs. Hoagland will keep the dogs for a while, anyway. The sheriff appointed her as special bailiff to care for them at her home.

So much for the small fry. Let's return to the kingdom of the wild beasts. The Arkansas safari continued into the night long after it became dark and cold. But the hunters stayed pretty close to the highway. They shot and killed one leopard.

The beasts escaped from the Campa Bros. circus when a truck overturned about 15 miles

Panhandle Bank Sets Record In Deposits

PANHANDLE — The First National bank of Panhandle set a new record for gain in deposits in one day Monday, Oct. 29, when the increase was more than \$1,000,000, according to Vern Wisdom, vice-president and cashier. He reported total deposits were \$5,543,000 at the close of business.

The bank's increase was attributed to the receipt of the \$495,000 school bond issue credit, \$300,000 in cattle sales and \$200,000 in maize from the Carson county bumper crop. Wisdom said the bank had gained \$1,585,000 deposits since the call was made Oct. 10. Deposits then were \$4,957,000. By Oct. 22 they had passed \$4,600,000.

The First National Bank is the offspring of the old Panhandle bank, which was established May 6, 1888, by the late Judge J. C. Paul and associates. His son, F. A. Paul, is chairman of the board and David M. Warren succeeded him as president in 1944.

Despite this record day's increase the deposits did not equal the totals of a few years ago when the \$6,000,000 mark was passed for a short time.

Northwest of Mt. Ida. On Tuesday one of the circus lions killed a nine-year-old girl, Maria de la Luez, a member of the troupe. As widespread as was this mountain search, it didn't compare in scope with the one conducted by agents of the U. S. fish and wildlife service in Alaska.

An agent saw two moose locked in battle in a remote area 20 miles south of Fairbanks Monday. They still were there Tuesday.

Later — fish and wildlife agents landed their plane near the scene and separated the animals. One stomped away into the woods. The other had died of a broken neck.

As the fight raged, the wolves and ravens waited patiently.

Hallowe'en, although an ancient Christian festival, long antedates Christianity and is largely of a Druidical character.

Funeral Services Held In Wheeler For Accident Victim

WHEELER — (Special) — The body of Frank Carl Rickert Jr., 34, was returned to Wheeler for burial Nov. 1. He was the son of Mr. and Mrs. F. C. Rickert of Kirkland and formerly of Wheeler. He was found dead beside the Union Pacific railroad track near Perry, Kans., Tuesday morning. A coroner's jury returned an "open verdict" of death from excessive bleeding but failed to state how the accident occurred. Sheriff George Killinger of Jefferson county said investigation is continuing.

Rickert worked as a mechanic for a time at Truitt Buick Co. in Amarillo and at the time of his death he was working for the Santa Fe railway at Lawrence, Kans.

Survivors are his wife and six children, Frank, Carlene and Michael, all of Childress, Betty Larue, Frances Ann and Elaine all living in California; his parents, Mr. and Mrs. F. C. Rickert of Kirkland and two sisters, Mrs. Bill Cathey of Dallas and Mrs. Kenneth Davis of Levelland.

Funeral services were conducted Thursday afternoon in Stewart-Carter Funeral home in Childress with Rev. L. C. Royal officiating.

WITHOUT A SONG
MINEOLA, N. Y. — (AP) — No standby musician — no "Star Spangled Banner."

That's what happened at coronation ceremonies yesterday for the new \$2,500,000 Nassau County Administration building.

With no musician immediately available, ceremonies went on without playing the anthem.

Barehand Catch

VANCOUVER, B.C. — (AP) — Robert McBay, 67, caught a 10-pound salmon with his bare hands at Kitsilano Beach here. He waded into the water with his clothing on and scooped the fish up, taking 10 minutes to subdue the flipping salmon. The scenic town of Bled, in the Julian Alps of northwest Yugoslavia, becomes that country's unofficial capital in August when Belgrade gets hot.

Pampa Pays Tribute To Gray County 4-H Group

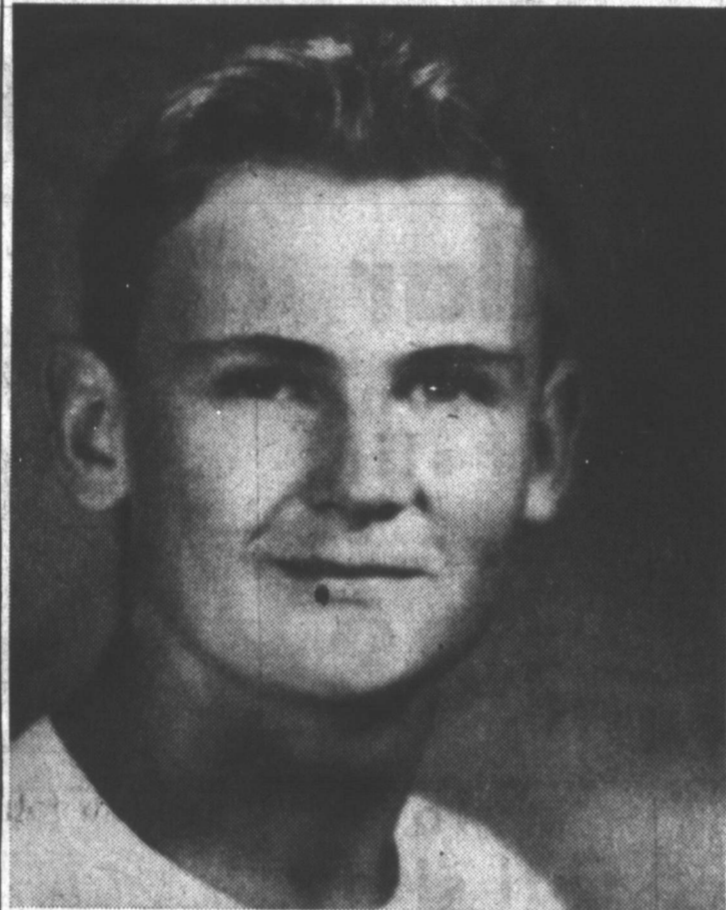

ALL ACTIVITY for observance of National 4-H Achievement week here was planned by the group pictured above, left to right, Brent Carruth, Jacquelin Robertson, Shirley Keel and Glen Harris. They are members of the Pampa High boys and girls clubs.

THIS IS THE FIRST year for Bob Combs, 12-year-old son of Mr. and Mrs. Pete Combs, to feed a calf, but his progress is evidenced in the picture above. He borrowed money from the bank to pay for the calf and is paying interest as any businessman would. His father insists that he take care of the calf by himself, and that is a real job—and one Bob is learning well.

LEADERSHIP TRAINING is an important part of 4-H work. Pictured above is the county-wide 4-H council composed of the following: front row, left to right, David Engle, Brent Carruth, Billie Mae Osborne; back row, Margaret Baggerman and Ruben Baggerman. This group plans special Gray county 4-H recreation and money-making events such as pie sales, rummage sales and box suppers.

AMONG ACTIVITIES planned for the observance of National 4-H week here are teas for the various groups. Pictured above, left to right, are Miss Joyce Newman, Miss Joan Robertson and Miss Shirley Keel of the Pampa High school club. The girls plan everything from table decorations to the refreshment plates.

OUTSTANDING BOY — John Lloyd Carruth, son of Mr. and Mrs. Clyde Carruth, represents nine counties as the outstanding 4-H boy. He has participated in the junior livestock show here and was a member of the grass judging team that went to state this year. He won the talent club award this summer and made the trip to Logan, Utah. His most re-

OUTSTANDING GIRL — Winning the Gold Star Girl award for 1951 is the highlight of Miss Barbara Edwards' 4-H career. In the past, she has held every office in her 4-H club. She lives in the Wayside community where she spends much of her summer vacation canning and helping with other farm duties. She also does her own sewing. In 1950 she modeled in the dress review at Texas A&M and this year participated in the state dairy food demonstration.

SEWING is a special talent of 4-H girls. Pictured above wearing a suit she made is Miss Ernestine Edwards who was first place dress review winner in her division in the 1951 county review. She attended the district camp at West Texas State College in May as a reward for that honor. She is the daughter of Mr. and Mrs. Ernest Edwards.

National 4-H Week

News Photos By Don Duncan

JACQUELIN ROBERTSON—This outstanding 4-H girl is typical of girls who live in town and participate in 4-H work, proving the work is not only for rural girls. She and Barbara Edwards won first place in the district dairy food contest, and Jacquelin later gave the demonstration at the State Roundup. She is president of the Pampa High school club and is the daughter of Mr. and Mrs. Jack Robertson, 448 E. Graham.

FUN, TOO, has its part in the life of the 4-H boy and girl. And they are young. The group of square dancers pictured above are students at the Grandview school. Front couples, left to right, are Nace Baggerman, Caro-

lyn Wallin, Franklin Baggerman and Mary O'Gorman. Back couples are Jimmy McCracken, Aimee Babcock, Joe Babcock and Harry Haidul. Mr. and Mrs. S. H. Hendricks coached the group in square dancing.

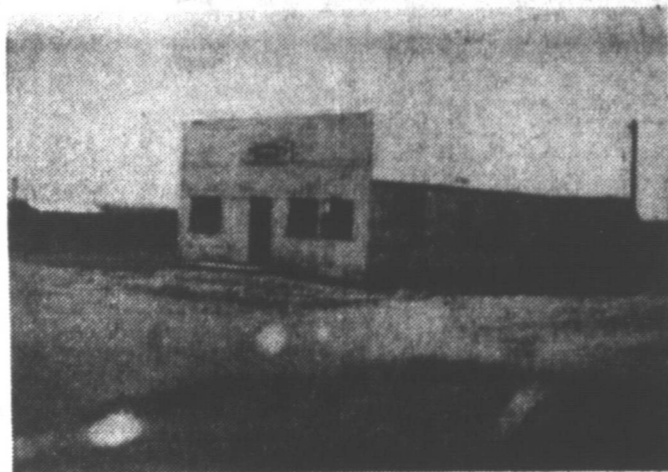

GRASS JUDGING, an outstanding feature of 4-H work, enables boys to better judge range conditions and grazing capacity if they ever become ranchers. Jimmy Keel, 16, son of Mr. and Mrs. Joe Merle Keel, south of Kingsmill, has been in 4-H work four years. He was second high point man at the Amarillo judging center which included 80 contestants from Texas, New Mexico and Oklahoma. He was a member of the team that took first in the Extension District 1 elimination contest, and placed high in the State Roundup at College Station.

Skellytown Community Church Has Formal Dedication Service Today

BEFORE

AFTER

Formal dedication services at the Skellytown Community church will be held at 2:30 p.m. today with Capt. Carl D. Moorhead, former pastor, delivering the dedication address. Capt. Moorhead is now Protestant chaplain of the Sheppard Air Base, Wichita Falls. The Skellytown church had its beginning in June, 1934, through the interest of Rev. Gaston Foot and Lance Webb of Pampa. Hubert H. Bratcher, Lubbock, became the first pastor in July, 1934. On January 1, 1935, a constitution was adopted and charter members of the Skellytown Community Church signed the church roll.

In April, 1942, Rev. Carl D. Moorhead became pastor of the church and served until March, 1943. The building fund was started during Rev. Moorhead's ministry, and that resulted in the building and completion of the present building which is free of indebtedness. In April, 1948, a group of workers under the direction and help of Ray Gaynor, a trained carpenter, began the erection of the building. The first service was held in the church Sept. 1, 1948. During June, 1950, new pews, choir chairs and pulpit chairs were installed in the church, and the baptistry was completed in September, 1951. On October 14, 1951, the first baptismal service was held. Mrs. John Beight painted the "River Jordan Scene" in the background of the baptistry. Rev. Albert G. Stroh, present pastor, came here Feb. 17, 1950. The public is invited to attend the dedication today.

Irish Bank Deposits Set October Record

SHAMROCK — (Special) — Shamrock bank deposits are up more than \$200,000 over the corresponding period in 1950, according to quarterly statements issued as of Oct. 10. The exact total is \$208,238, an increase which is greater than three months ago, a low for the 1951 year.

This is National 4-H Achievement Week, which is an important week in the life of any 4-H'er.

Here is a schedule of the many activities for this week:
SUNDAY, November 4 — McLean 4-H Girls will meet at the First Baptist church at 11 a.m. in McLean with their adult leaders, Mrs. O. O. Tate and Mrs. E. L. Stokes. Letora 4-H Girls will meet in front of the First Baptist church at 11 a.m. in Letora with their adult leader, Mrs. George Smith.

MONDAY, November 5 — Blue Bell 4-H girls will meet with their sponsors, Mrs. T. D. Anderson and Mrs. D. W. Swain, in front of the LaNora at 4:00 for a Show Party.

THURSDAY, November 8 — County-Wide 4-H Party! Every 4-H boy and girl is invited to the Parish Hall at 8:00 p.m.

FRIDAY, November 9 — Grandview 4-H Girls will have a slumber party at 8:00 p.m. at the home of their sponsor, Mrs. Fred Haiduk.

SATURDAY, November 10 — Wayside 4-H Girls will be honored at a tea in the home of Mrs. Clint Caylor.

SUNDAY, November 11 — Pampa High Girls 4-H Club will

Parties Given In Wheeler, Mobeetie

WHEELER — (Special) — A series of surprise birthday parties have been given in Wheeler and Mobeetie recently. Friends of Mrs. I. B. Lee of Wheeler brought covered dishes to her house last week and had a birthday dinner.

Mrs. Stanley Beck of Mobeetie was also given a birthday party by friends.

When neighbors and friends surprised Mrs. Guy Holliday on Tuesday she returned the favor by giving each present a bouquet of dahlias from her garden. Mr. Holliday had a cake decorated with "Happy Birthday" for the party.

attend church and have dinner together. Let's all make this week one we will want to remember.

Sam Houston Open House Is Success

About 1000 persons were present for the Sam Houston open house at the school Thursday night. Dinner was served from 5 to 8:30 p.m. and following the meal, parents made tours of the various class rooms where the children's work was displayed. Mrs. George Newberry, president of the Sam Houston PTA, termed the event successful from a financial standpoint.

MRS. TOMMY MARTIN

Mava Jo Blalock Becomes Bride Of Tommy Gene Martin In Clovis

Miss Mava Jo Blalock became the bride of Tommy Gene Martin in a single-ring ceremony held in Clovis, N.M., Saturday, Oct. 27.

The bride is the daughter of Mrs. Josephine Blalock, 800 East Browning, and the bridegroom is the son of Mr. and Mrs. Clyde Martin, east of Pampa.

For her wedding, the bride selected a beige two-piece dress with black accessories. She wore

a corsage of red rose buds. Miss Virginia Jones of Pampa, and Don McLaughlin of Plainview, a cousin of the bridegroom, were the only attendants.

The couple will live here where Mr. Martin is employed in the Research department of the Gulf Oil Co.

The production of hams in the United States alone each year exceeds a billion and a half pounds.

Civic Culture Club To Have Guest Tea

The Civic Culture club will entertain with a guest tea Tuesday in the City Club room. All presidents of local clubs are expected to attend along with other invited guests.

Mrs. H. W. Waters, Mrs. A. C. Houchin and Mrs. Frank Shotwell are in charge of the program which will feature a book review by Mrs. Otis Nace.

Mrs. Roy Johnson will provide music during the registration.

Mrs. McNutt Talks To PTA City Council

The PTA City Council met at 2 p.m. Thursday for a report on "Preventative versus Remedial Dentistry for Children," from Mrs. Lillian McNutt, certified dental assistant.

Mrs. McNutt pointed out that the most neglected age group is from three to nine years, and this is due to lack of attention on the parent's part. She stressed the fact that parents should protect baby teeth and have them examined frequently. A question period followed.

Mr. Knox Knard, school superintendent, also spoke to the group. Mrs. H. H. Hahn, representing the League of Women Voters, urged the group to vote in the coming elections.

Mrs. Sug Cobb, president, presided at the business session during which she asked each PTA unit to send subscriptions of national and state parent-teacher magazines to the library. She also asked all delegates to the state convention to get bus reservations for that trip.

Tips For Tasks

NOTES GIRL SCOUT

By MRS. BOB ANDIS Public Relations Chairman

Concluding Girl Scout Week activities, a conservation quiz contest was given over KPND by Senior Scouts Rochelle Smith, Sally Cobb, Adelaide Skelly, with KPND announcer Kay Fancher.

Citizenship Day was also observed with a radio show with three sisters in Girl Scouting: Rebecca, Martha and Adelaide Skelly. Mrs. H. F. MacDonald, Scout executive, was also present and an informative program concerning the Brownie, intermediate and senior classifications was given.

Last of the week meetings included Halloween parties in celebration of our founder's birthday. Troop 40 was given a surprise party by their committee mothers. A ghost who was "careless on her bike" came to the party and whispered her story, passing to the girls to feel, her brains, bones and cautioning them to be careful. Games were played in teams. Nosing peanuts and pushing balloons across the line were enjoyed as well as Brownie games. Mrs. Robert Coley, transportation committee, with Mrs. John Skelly, Mrs. W. E. Hinton, Mrs. J. G. Shelton comprising the rest of the committee. Mrs. E. O. Wedgeworth, Mrs. O. G. Smith, assistant leader, also met with leader, Mrs. J. O. Steward. Immediately following this meeting troop members met for a business meeting. Work was completed on their aluminum trays and they will begin Christmas craft work soon. At the next meeting curved bar and first class badge work will be outlined for the girls by their leader. Thirteen girls, Mrs. O. G. Smith and Mrs. Slagle attended this meeting with Mrs. Steward, leader.

A short business meeting was held for troop 23 with leader, Mrs. Frank Kelley, explaining proficiency badges for second class ratings. A third-year birthday party was given for the girls by their committee mothers: Mrs. J. T. Goodnight, Mrs. J. D. Wright and Mrs. Bruce Parker. A white cake with the Girl Scout emblem in green icing was served with lemonade before the game hour, which was directed by Mrs. W. L. Waggoner and program aid, Leora Stokes.

rolling and you don't even mess up a mixing bowl! (Mrs. N. A. Briden, 1333 Duncan)

Miss Jackie Briggs And Bill Mac Smith Wed In Henrietta

SHAMROCK (Special) — Miss Jackie Briggs and Bill Mac Smith, former Shamrock high school students, were married at Henrietta Oct. 14.

The former speech star, now a

radio announcer at KWFT, Wichita Falls, and the bride, a bookkeeper at an Enid country club, were united in a double-ring ceremony performed by Judge J. F. Green.

Smith attended West Texas State at Canyon and then became an employee of KEWA, Shamrock, and two Amarillo stations before assuming his KWFT duties last spring.

Smith now handles a "barn dance" program, which also ap-

Merten Club Meets In D. A. Rife Home

Tips on planting strawberries now and care of rose bushes were given by Miss Helen Dunlap at a meeting of the Merten Home Demonstration club last week in the home of Mrs. D. A. Rife.

Miss Dunlap, Gray County Home Demonstration agent, pointed out that strawberries like a rich soil. "You should mulch your strawberry beds with leaves, straw hay or lake grass," she said, "and put it on four or five inches deep. Leave this mulch around the berries because it helps them remain clean during spring rains. To keep the mulch from blowing away, put wire netting over it and weight it down with boards," she said.

"In setting out strawberry plants," Miss Dunlap reminded that soil should be worked around the plants. This presses the air from around the plant. Rows should be four to five feet apart.

The bed should be replanted every two or three years. According to Miss Dunlap, produce strawberries do not produce well if they get too thick on the ground.

Miss Dunlap told the group of a mixture to use around rose bushes and other plants whose leaves turned yellow, and the procedure for care of such plants.

Refreshments of coconut pumpkin chiffon pie and coffee were served to Misses Clyde Edmondson, J. C. Steward, Jack Prather, V. Day, John Brandom, P. J. Boyd, A. M. Nash, V. Smith, H. Tomert, Miss Dunlap and Miss Linda Kay Day.

SOCIAL CALENDAR

MONDAY

SAYS FUTURE BRIGHT
JAKARTA, Indonesia (AP)—Hjalmar Schacht, former Nazi financial wizard, said Saturday Indonesia's economic picture is much brighter than is generally assumed abroad.

He was completed a three-month study of conditions for the government and has handed a lengthy report to Premier Soekarno. It is to be published soon.

What's Cookin' In Gray County HD Club Work

BY HELEN DUNLAP
Gray County Home Demonstration Agent

Making strawberry beds was an activity in each home demonstration club during the month of October. Mrs. Fred Haiduk of Grandview recently enlarged the bed she had started by adding about sixty more plants. Mrs. D. A. Rife, president of the Merten club, started a small bed in her flower garden, since she had no larger place for them.

We find that the first daughter plants are strongest and should be the ones to transplant each year. This insures a continuous crop of berries each year. After about two or three years of age, a bed is not found to be profitable.

Some people make the bed on level ground, while others put the plants on ridges. They should be set in well drained soil, and that case planting on the level ground is good, in case the ground may be a little low, it might be best to put the plants on ridges. Irrigation then would be done through the furrow between the rows.

We like to give the plants every chance to get a good start. Holes made large enough to allow the roots to spread out naturally is a great help to getting them started right. By firming the soil about each plant, the air pockets about the roots are pushed out, which helps to ensure their living. Another thing to do at planting time to help insure success is to water each plant well. This helps the soil to set about the roots—similarly as it does after a rain.

Strawberry plants need rich soil. Therefore, well decayed barnyard fertilizer spread on the ground after planting, is a good way to help enrich the soil. Well fertilized soil also requires plenty of moisture. Irrigation should be done often enough to keep the plants moist at all times.

Mulching the bed is useful in a number of ways. It helps to protect the plants against winter weather. Straw, lake grass or hay spread over the plants before the first winter blast will be a big help. It should be about three or four inches in depth.

A good mulch will also help during the fruiting season to keep the berries clean by keeping them from coming in contact with the soil.

A good mulch will also help to keep down weeds and hold moisture. It is not necessary to cultivate a well mulched patch, and irrigation is not necessary so often as in an unmulched one.

Finally, after a few months, the mulch begins to decay. This adds humus to the soil, which prevents the soil from drying out readily.

The Mastodon everbearing strawberry is especially recommended for the Panhandle section of Texas. Everbearing strawberries are different from the ordinary strawberry in that it is able to form fruit buds during the shorter days of the year.

He is the happiest, be he king or peasant, who finds peace in his home. — Goethe

Palaver de Pampa

ISN'T IT BEAUTIFUL, cold, wintry and exciting? ... the snow, I mean. The children can't be any more enthusiastic than little ole Peg, who is just a child at heart until it comes to cleaning up the slushy aftermath! ... But as long as we stay inside and look out, it is beautiful... Why, you can frame a Christmas card just by looking outside any single window.

November's here
And warmth and cheer
Have come indoors to stay!
On snow outside
We shall not ride,
But by the hearth we'll play!

Till dinner's done I cannot wait!
What a splendid night for a fire in the grate—
... But yesterday's ashes are cold and stale...
Aha!... they'll wait for my handsome male!

Already the cherubs asleep, for a wonder!
My lord and I have books to ponder
Now to get records on, and fire burning bright,
From the sick, cross world we'll have success,
And sweet serenity we'll invite,
"And here at home find perfect peace...
But a jagged sound tears through the night —
Rends sweet accord like a naughty elf,
With, "Take those ashes out yourself,
Or get them out of my sight!"

HO-HUM — TWOULD BE NICE if we could have more of those quiet evenings at home, even if "sweet serenity" does get joggled around a bit now and again... Such a busy whirl this week has been... Peg sorta wishes she were twins to get in all the things she wants to do... Which reminds her to wonder how the mothers of twins seem to manage so beautifully what must be at least twice as hard as the role of an ordinary mother... Take for instance, Mrs. M. McDaniel, who in addition to rearing infant twin daughters (and they have two older sons, I believe) finds time for such undertakings as a most charming and intelligent discussion of G. B. Shaw for one of the 20th Century Clubs recently... Mrs. M. V. Ward, whose junior-high-age twin daughters seem to have grown up while my back was turned, puts in many an hour keeping up their identical wardrobes, all of which she makes, we hear... Mrs. George Cree, Jr., whose twins are pre-schoolers, finds time to be president of B. G. K... Saw Mrs. Jack Edmondson and Mrs. Martin Ludeman (she's the one who's always winning contests) talking together recently while their sets of twin girls entertained one another. Believe both of these smartly dressed young women are interested in sewing, too... Aren't there any twin boys, or boy and girl twins in Pampa? ... Believe I'll call Clotilde (Mrs. Fred) Thompson at the "Dead Cat Office" (better known as the Chamber of Commerce), who's handy with all manner of miscellan-

PANORAMICALLY: Spied Don Conley out inspecting his water cut-off the day before anyone else realized it was going to get cold... Out riding around in the rain the other day was pretty blonde Louise (Mrs. Stanley) Chittenden... Oh, to look like that in a scarf!... With the inauguration of winter coming so suddenly, lots of parents were out shopping to complete winter wardrobes... (Ever notice, no matter what you spend on new outfits for little boys, they don't seem to get much bang out of the procedure, just so long as they look like everyone else — which today includes owning a coonskin cap — but little girls, and big ones too, like a great charge out of the smallest bit of new apparel... Among the mother-and-daughter teams Peg spotted, all aglow with enthusiasm over the change of seasons, were Helen (Mrs. Howard) Vineyard and Karen; Claudine (Mrs. Bob) Vall and Judy; Yvonne (Mrs. Jim) Arndt (nice to see her out after a recent illness) petites femmes; Frances Mrs. (George) Hofess and her two little nieces... Spied Mrs. Frank Culbertson filling a grocery basket at "deal" (Isn't Elizabeth Flynn a polite checker? ... Likewise the Paul Keims and blonde daughter restocking the family larder at Furr's. Got a glimpse of Mrs. Aubrey Steele in the library (Isn't she a member of the board?) ... Saw Isabel Priest whipping around a windy corner in a pretty, slim violet suit, and Betty McKinney's pretty, friendly face above a becoming pink topper... Hugh Burdette and Gene Green walking along the street chewing some very serious fat... Gene Fatheree having a quick cup of coffee... Pat (Mrs. Jack) Nickols, oblivious to the cold drizzle, enjoying the Odessa game (and wasn't it a thriller?)

DID YOU HEAR ... all those baby chicks making their customary sound (just how would you describe it—cheep, cheeping away?) in a most unconventional setting, the Post Office! ... one day last week? ... DID YOU SEE ... the "dancing dolls" at Horace Mann fun night? ... (One of them, Linda Worley, daughter of the O. B. Worleys, is 'specially cute.)

DID YOU FEEL ... the sudden, cold gusts of wind the toams scuttling into Pampa at precisely three o'clock in the afternoon Tuesday?

DID YOU SMELL ... the floral displays in the local shops during National Floral Week, just passed?

DID YOU TASTE ... the good food at Sam Houston Thursday night? ... Haven't had time to compare fun night results all over town, but am sure all responsible deserve congratulations. But Thursday's weather was so inclement we thought the many people who braved the icy winds and chugged along the slippery streets to make a success of a school event that night certainly reflect a commendable attitude, one which we feel is typical of Pampans... Never saw so many people being fed—over a thousand—nor a better organized system... Spied the Bert Arneys, the John Welchels, the Omer Bybees, the Charles Meeches, the Hugh Laynes (whose lovely little girl, Kayleen, is well again after serious injury in an automobile accident in September), the Frank Dials (isn't their teen-age daughter a sweet young thing? ... Mesdames Calvin Jones and Charles Dunong, the dozens of loyal PTAers briskly knocking off a stint of "K. P."

BLESSED EVENING: The Henry Lanes ... Just back from and just going vacationing, respectively: Mrs. Artie Reber and Mrs. Riley (at B. E. Photo) ... HAPPY HOME: 912 North Gray.

RELIGIOUS NOTE: Since revivals are going on in several of the churches—First Christian and First Methodist and others are to start this week at Central Baptist and Francis Ave. Church of Christ, how about pausing this Sunday morning to praise the fine work being done in the various churches, to remind ourselves of our unique privilege of religious freedom in this country, and to cite a favorite verse of Scripture... Mine is found in St. Mark 7:15: "There is nothing from without man, that entering into him can defile him; but the things which come out of him, those are they that defile the man." ... Send yours, with or without your name... Peg will use one verse, without comment or interpretation, each Sunday... Borrowing a leaf from Wade Duncan, "When you read this, go to church; you'll feel better all day." ... And oh, yes, the First Methodist young people's class is planning a child's supper in the Fellowship hall Tuesday night from 6 to 8... That's another "don't forget" for your calendar!

WEEK'S BEST SALESMANSHIP AWARDS (based on authentic representation of merchandise and genuine interest in and courtesy to the customer) go to Lowell Stark of Penney's shoe department, and to Mrs. Ina Adams, who really knows her piece goods at Murfee's... (If it weren't for the expert advice of people like her, how would ignorant seamstresses like me know how to buy material?)

IF SIR JOSHUA Reynolds were a contemporary Pampan, and if he'd misplaced his "Angel Heads,"—(don't mean to suggest that they were suspended as he painted them. Horrible thoughts keep stirring around—must be last week's Halloween influence creeping in!) Peg can think of six or eight local youngsters who'd make convincing likenesses, or to whom wings would be becoming. (Course—the original was posed by two little cherubs, sketched from different angles) Anyway, didja ever notice the angelic expression—well, part of the time, anyway—of the Roy Kay's' brumet daughter, can't call her name, of Karen Cappa and Sheila Nelson, of Lynne Followell and Nickie Lewter, Carolyn Carver, and for the front row a tiny little darling with a very appropriate name: Celeste Duncan! (Maybe Lynne, Nickie and Carolyn (a senior high schooler, no less!) wouldn't like to be called children, but Peg can remember when they were.

HATE TO HEAR of the Curt Billings leaving Pampa. Cabot is sending him to Boston in the near future. Those who habitually use a certain prefix with the word Yankee should get acquainted with Pat and Curt before they leave... to know that the South has no corner on hospitality!

WOULDN'T IT BE NICE IF ... we could all be as sweet and considerate as Mrs. Leora Rose; as willing to serve our fellowman as Hazel (Mrs. H. H.) Hahn; as altruistic as Mrs. Oatis Nace; as cheerful company as Zenobia (Mrs. J. R.) Holloway; as pretty as cheerleader Bobbie Tucker, who really made a hit at West Texas' homecoming last weekend... Peg's also gotta admit coveting the fine soprano voice of Dorothy Peacock; the pleasant manner of Mrs. Grundy Morrison; the quick wit of Mrs. W. R. Campbell.

BUT, ALAS, not only lack I all these virtues, but I can't be "a perfect angel" either, as was Johnnie Donaldson at the Country Club dance the other night... (Weren't she and husband, Dr. Joe, just too clever for words in illuminated celestial garb?) ... No, I'm not an angel perfect or otherwise, but I can be, lo! indeed I am.

USE WARD'S CONVENIENT MONTHLY PAYMENT PLAN

Murder in Quotes

by Julius Long

THE STORY: My name is James (Jimmy) Malloy and I've been acquitted of the murder of Charlie Berman, who specifically stole an amusement park from me. Charlie's brother, Earnie, got me out of jail. But my lawyer, Gene Sawyer, thinks he knows how to get my property back because it is an amusement park. Charlie got my place through bribery, which can't be proved, but an old law places the burden of justification of the contents of the park who therefore had no right to refuse to receive my lease.

I was so stunned that I couldn't even nod my head. I avidly read the case marked in the book. Though I was not a lawyer, the language was so clear that I could grasp the basic ideas. Under the law, I still had a right to my resort lands at Queen Lake!

"Now the thing to do," said Gene Sawyer, "is to file a suit to quiet title right here in this county. Also a suit for ejectment. Berman took possession of your property, his brother Earnie's been running it ever since his murder. You can get it back—maybe not before this season ends, but you can collect an awful lot of damages for Berman's unlawful use. I've already drawn a petition. Sign it; I'll file it yet today."

From a drawer, he produced a stapled document. I hastily read it, then affixed my signature. Gene smiled with satisfaction, added carelessly:

"You can fire your lawyers at the state capital. Tell them that I've been very unethical, but that I'll get your land back and won't charge you a cent of fees until I do. As for my fee for defending you for Charlie Berman's murder, I'll wait for that, too. You can keep your convertible."

I shook my head. "You overwhelm me. I don't know what to say."

that bathed my face as I let my convertible out on the highway to Queen Lake. The car had been stored for five weeks, ever since that day in June when I had been arrested.

I had known it was going to happen, but not so quickly as it did. A trip to Queen City to buy a couple of shirts had been my last ride before going to jail.

A siren that seemed almost in my ear brought me out of my reverie. A highway patrol car had pulled up along-side mine I glanced at my speedometer. I was doing 85.

I slowed and stopped on the berm. The patrol car stopped behind me.

A six-foot patrolman got out of the car and came up to mine. "What do you think this is, Daytona Beach?"

"Skip the lecture and write a ticket," the patrolman gave me a double-take.

"You're Malloy, aren't you?" "That's right. And you can give me a ticket for not having a driver's license, too. It's in my wallet back at the jail. I didn't feel like going back there."

"That's all right, fellow. Glad you got a break with that jury. Just take it a little easy from here on in."

I couldn't believe it. The patrolman walked on back to his car. I drove on, holding the convertible to a sedate 50. In my time I had collected enough speeding citations to paper a wall. I was allergic to highway cops. They all knew it. But now one of them had given me a break out of sympathy. And he had said that a jury had given me a break. He knew that I was guilty of speeding, but he had let me go. And a jury knew that I was guilty of murder, and it had let me go.

I recalled Gene Sawyer's quote of Maurois. Maybe a guy could have his life molded to a certain extent by public opinion, but not to the point of becoming a murderer. Not even if everybody, including your own lawyer, thought you were one.

(To Be Continued)

Its' very sad, Delreia, so let's see it. I want to test my tear-proof mascara.

Discussion Hour Held Weekly For Informing Military Men

By REILMAN MORIN (For Hal Boyle)

NEW YORK (AP)—There has been a good deal of criticism recently of that phase of military training known as troop indoctrination and education.

The camps, is a discussion hour, "I and E," as they call it in held once a week for the trainees.

The basic purpose is to explain to a drafted man why it was necessary to put him in uniform, why he may have to fight, what the dangers are that confront his country.

Presumably, anyone old enough to read knows that there is such a thing as Communism in the world, that it represents the suppression of human liberties, and that, therefore, the United States must be its major target.

Actually, the Army knows that very few are aware of that basic, brutal fact.

The program has been criticized on the ground that it is inadequate, that the topics are poorly chosen, and that many of the instructors are ineffectual.

The professional soldiers have an interesting answer to the fundamental difficulty, that is, the fact that very few draftees know "why" they were drafted.

They say, "A young man, if he has not learned at home that his country is threatened by the Communists it is almost too late to start learning when he is actually in uniform."

They point out that an infantryman has an awful lot to cram into his head about weapons and tactics during the relatively short period of basic training.

They can not afford to take more than one hour a week; they say, for the purposes of "indoctrination."

Ten years ago, no soldier was in any doubt. The issue was bitterly clear. This country had been attacked. There had been a Pearl Harbor.

But today the issues are by no means so clear.

There are many thoughtful and responsible men who say that we never should have gone into Korea at all. There are others who believe that, tactically, the war has been bungled.

Sometimes, during the arguments about "indoctrination," my mind would wander over toward the Communists, remembering how they meet the problem.

Wheelerite Fined On Assault Count

Wayne Turner, Wheeler, was fined \$50 and costs Thursday in justice court on a charge of simple assault and was released to the sheriff's office for payment.

Turner and Don Kuykendall, local cab driver, were allegedly involved in a fight last week with M. J. King, who later preferred charges against both. Kuykendall was fined \$50 and costs in justice court Tuesday.

Turner was brought back from Wheeler Wednesday by Chief Deputy Sheriff Shirley Nichols.

They meet it with wonderful Communist directness — by putting a political officer with every unit. He doesn't fight. His main job is to spy and savor-drop on the soldiers, to listen for any expressions of disloyalty or doubt that "our great leader" is really a great leader.

If he hears anything along that line, the end is quick and certain for that soldier.

Maybe that is more effective than "I and E." Probably it is. But as long as this is America, we will prefer to meet the problem of "indoctrination" the hard way. It's a lot better in the long run.

Australia's first parliament was opened May 9, 1901.

Korean War Casualties Are Listed

UNITED NATIONS, N. Y. (AP)—Casualties among United Nations forces fighting in Korea have passed 100,000. Most of the dead, wounded and missing are Americans.

The Defense Dept. in Washington said U. S. losses have been 95,592 — about 95 percent of the UN total — since the war started June 25, 1950. The latest American tabulation lists 34,393 killed in action, 12,568 missing, and 68,641 wounded.

Total announced casualties among other UN forces were 5,975.

Casualties among the North Koreans and Chinese were much higher. The Pentagon estimated Communist losses through Oct. 13 at 1,402,504.

Losses among the Republic of Korea forces swelled the anti-Communist figures considerably.

Through June the South Koreans, who are not members of the United Nations, had lost 212,514 men. That made an announced losses totaling 312,711 among units fighting under UN command. Like the South Korean computations, many of the figures are old.

Those reporting more than 100 men dead, wounded or missing, were Britain, 2,265; Turkey, 1,920; Canada, 380; Greece, 312; The Netherlands, 162; The Philippines, 161; Australia, 137; Thailand, 135.

Nations with fewer casualties included Belgium, Luxembourg, Colombia, France, New Zealand, The Union of South Africa, and Ethiopia.

Sub-Contractors Needed By USDC

Subcontractors are needed at the Lubbock U. S. Dept. of Commerce - National Production Authority office, A. C. Jackson, district manager, announced yesterday.

Small manufacturing plants, fabricators and machine shops are requested to contact the Lubbock district USDC-NPA to file plant and manufacturing facilities so information will be available for armed forces procurement officers as well as prime contractors.

Wheeler Honors Its 4-H Members

By LOUISE COFFMAN
WHEELER — (Special) — The Wheeler 4-H club is one of the most active in the county and has perhaps the widest range of projects. They are raising rabbits, swine, dairy and beef cows and field crops.

Rabbits are popular with the boys who say their meat is equalled only by chicken. Many town boys who cannot have a larger demonstration have taken

advantage of the 4-H rabbit projects. Burley Owens has a fine set of breeding animals and one of the best bucks in the county. Other boys raising rabbits are Buck Rogers, Floyd Ray Morris, Malcolm Belote, Jackie Johnson and Carol Daves.

Wheeler club calves have made good show records and several boys are feeding calves both for sale and for show in the spring.

Swine projects cover breeding stock, market hogs, and show hogs in nearly all breeds. Many potential swine breeders are among the 4-H swine demonstrators. Bears program girls and boys have improved the quality of the swine herds in Wheeler county and many of the swine in 4-H work are registered breeds.

Burley Owen and J. E. Rogers have Jersey heifers this year as their demonstrations. Others are planning to raise dairy heifers or dairy cows for their projects.

Jamie Clark and J. E. Rogers have complete field crop demonstrations for several years.

The Wheeler 4-H club is divided into two clubs this year, senior and the junior. Senior club officers are: president, J. E. Rogers; vice president, Reggie Barr; secretary-treasurer, Burley Owen; reporter, Tony Weatherly; Junior club officers are: president, Dean Sims; vice president, William Whitener; secretary-treasurer, Richard Lee Smith; and reporter, Francis Pride.

Shamrock Juniors Steal Carnival Show

SHAMROCK — (Special) — Shamrock juniors stole the show at the Halloween carnival, even if their queen candidate, Martha Ann Turnbow, didn't win.

Observers agreed their act entitled, "Old Maid's Convention" was one of the top performances of the festival.

Don Carlton, Paul Cooper, Jimmy Pennington, Bobby Johnson and others brought the roof down with their false wigs and other feminine apparel.

Carlton, dark-haired right half-back ace of the Irish grid crew, became a blond, with an enormous shock of straw-colored hair. Mrs. Inez Montgomery is junior sponsor.

THE OUTPOST

By KAY FANCHER

This week we are going to start a new feature in the Outpost. We want to acquaint our readers with some of the personalities that we serve with in the National Guard. Today we will review one personality and in the future, we will try to bring in some other people that are members of our unit.

The person we are going to talk about today is the battalion commander, Lt. Col. James T. Clarke. Col. Clarke's career with the Armed Forces of the United States in a long and varied one. It all began in college, when he spent four years in the R.O.T.C. Before we get ahead of ourselves, let's say that the colonel was born in Monterrey, Mexico, in between then and

college we don't know too much about the life of Col. Clarke, but we do know that he is a graduate of Texas A&M, with a Bachelor of Science degree. Col. Clarke was first commissioned a second lieutenant in the Organized Reserve Corps in 1924. In 1929, he became a second lieutenant in the Texas National Guard, and in 1937 he became a first lieutenant.

In 1940, Col. Clarke was called to active duty with the Army as a first lieutenant. In 1941, he was made a captain in the regular Army and in 1943 his rank was raised from captain to major. Col. Clarke was released from active duty after World War II, and in 1947 became a major in the Organized Reserve Corps. In 1949 the major became a lieutenant colonel in the Texas National Guard, and at the present time he commands the 474th Field Artillery Observa-

tion battalion, with headquarters here in Pampa.

During World War II, Col. Clarke served in Europe and was awarded the Bronze Star for meritorious service.

At the present time, Col. Clarke is employed as a senior chemist at the Phillips plant in Borger.

By the way, you young men who would like to enlist in the National Guard, if you enlist before your 18 1/2 birthday, you are eligible to receive a 1-D deferment from your draft board. If you have any questions about the National Guard, phone any day of the week, or come out and visit us at the National Guard armory in Recreation Park, 3-4 miles east of Pampa on the Miami Highway.

PAMPA NEWS, SUNDAY

Shamrock C of C Plans St. Pat Fete

SHAMROCK — (Special) — Chamber of Commerce directors are studying the possibility of having the famed annual St. Patrick's Day celebration here next March 17.

The session, which attracted numerous visitors in the Pampa and western Oklahoma area, was held until last March, when a decision to abandon it because of the war was made. It probably will be held in 1962, officials indicated last week.

If so, bands from a dozen neighboring areas will be invited, and prizes offered in various contests.

SHAMROCK — (Special) — Supt. Elmer principal at Penhandle School conference at Edward M. Moore is safety director of Congress of Parents and Teachers. He is serving his seventh year as head of the Irish school nineteenth in education.

ugh for both of us and I'll go to the movies with you!"

Here's a forecaster who expects a mild winter—it might be silly to buy that big, heavy mink coat this year!"

HM-M! SHORT, EM?

WHO WAS HERE LAST NIGHT, DORY?

OH-HM... POPO, A COURSE!

IN' INDIA RUBBER MAN— SIR ROCKO, TH' MUSCLE MAN— AN' A PAL OF HIS, A SWORD SWALLOWER...

OKAY! BUT TELL TH' LAST ONE HE'D BETTER STICK TO HIS DIET OF HARDWARE.

AND LET BOOTS SILVER ALONE!

PHIL CERTAINLY WAS LUCKY, MRS. FINN— IN BEING ABLE TO BREAK OFF FROM THAT WIDOW SO EASILY!

YES, INDEED, FLOSSIE! AND I'M SO GLAD MR. CLANCY CONVINCED HIM THAT THE BOOK WOULD BE A MISTAKE, TOO!

HE WAS GOING DOWN TO SEE THE PUBLISHER THIS MORNING, WASN'T HE— TO CALL THE WHOLE THING OFF?

YES! AND I IMAGINE THE PUBLISHER WILL BE VERY HAPPY ABOUT IT!

CALL IT OFF? YOU'RE JOKING, OF COURSE, SHERIFF! IT'S ALREADY IN PRODUCTION!

OH, YES! AND I WANT TO CONGRATULATE YOU FOR DOING SUCH A SPLENDID JOB! I FIRMLY BELIEVE IT WILL BE ONE OF THE MOST POPULAR BOOKS ABOUT GOLF THAT HAS BEEN PUBLISHED IN YEARS!

JUICY EAK!

YOU KNOW, SIR, IT MAKES ME FEEL BAD TO THINK THAT THEY HAD TO KILL THAT COW SO WE COULD HAVE STEAK!

YEH, I'M KINDA TOUGH!

WHEN I THINK OF THAT POOR COW WITH THOSE BIG BROWN EYES A POOR HARMLESS INNOCENT CREATURE— SNIFF!

HOW CAN THEY BE SO CRUEL? SNIFF! SNIFF! IT'S AWFUL! BOO HOO!

TAKE IT AWAY, BRING ME A COUPLE OF EGGS!

SAVED MUTT! IT'S BACK AGAIN! MAKE IT TWO EGGS EYES OPEN!

OKAY, SO I GRABBED YOUR TWIRP DATE TONIGHT! SO TOMORROW NIGHT YOU GET MINE! AND WHAT A DISH!

BUT HILDA SAYS NO FANCY BABES!

DON'T WORRY! HILDA DOESN'T KNOW THIS COOKIE SO SHE CANT YAP ABOUT ELMAS NAME ON YOUR TAG!

GIMME ANOTHER SOUP, BUGS!

LOOKS LIKE YER TRYIN' FER A NEW RECORD, CICERO.

WHERE YA PUTTIN' ALL THEM SODAS, KID?

SUP, SLUP, SLUP!

DOES THAT ANSWER YOUR QUESTION?

LISTEN, ELMA... I CANT MAKE IT TOMORROW NIGHT, SO I GOT YOU A STAND IN THE BEST PART!

I'M GONNA RIG THE DEAL SO THIS LARD CHARACTER HASTA PICK UP THE CHECK INSTEAD OF YOU!

SOUNDS LIKE RUN. SURPRISE PARTY... ON HIM!

"It never worries the scrobat when there are no seats for his kids!"

Phillips Gives Report On Hobart Test

Phillips Petroleum company yesterday released the following report on its No. 1 Hobart well in Gray County. The test is located in Sec. 26, Blk. 3, T&GN survey. The following is the report from 8370 to 8888 feet:

Operators drilled in sand from 8370-85 feet and found a show of sand with oil stain and odor. Shale was encountered between 8380-88 feet.

A drillstem test from 8369-86 feet recovered a show of gas. They cored ahead between 8389 to 8401 recovering some black shale and some sand with a little odor. Cored 8401-14 recovered 12 feet coarse sand with odor and stain. A drillstem test from 8392-8414 with 600-foot water blanketed, recovered 400 feet water, 80 feet water and mud and 60 feet salt water.

Circulation was lost at 8550 feet. After regaining circulation, operators drilled ahead to 8562 feet. Cored from 8562-78 feet recovering four feet black shale, two feet sand with some saturation, and one foot of black shale. Cored from 8576-90 feet and recovered three feet black shale, one foot light sand—oil stained—and a half feet sand—oil saturated—and one foot shale, two feet sand with shale laminae—oil stained—and three feet, two inches saturated sand.

Cored from 8590-93 feet recovering two feet coarse sand with oil stain; cored 8593-8610 recovering three and one half feet conglomerate and sand with odor; two feet, three inches gray shale and three inches sand with odor.

Operators ran drillstem test from 8585-8610 feet, 540-foot water blanketed, tool was open one hour with a show of gas to the surface in 15 minutes; recovered 428,000 cubic feet gas; 360 feet fresh water; 360 feet oil and gas; 180 feet salt water and mud and 810 feet salt water.

Core from 8610 to 8627 feet recovered three feet conglomerate with some saturation and some free oil around the pebbles; cored ahead to 8640 feet recovering two feet conglomerate, description the same.

Drillstem test was run from 8623-40 feet, open one hour, 10 minutes with 540-foot water blanketed, recovered three gallons free oil; 420 feet of fresh water, estimated one percent oil; 90 feet oil-and-gas-cut mud—two percent oil and 90 feet salt water.

Cores from 8640-53 recovered 3 inches conglomerate; six inches granitic wash; two feet dolomite; one foot laminated shale and dolomite with a trace of coal; one foot of dolomite; one and a half feet dolomite and shale laminae; one foot shale; three inches dolomite; six inches shale; three inches dolomite—slightly saturated—with a trace of oil stain and odor and three inches tight, arcose sandstone.

Operators drilled with rock bit to 8700 feet through streaks of dolomite, sand, sandy dolomite and drilled dolomitic sand and dolomite from 8700-19 with some stain and odor.

Drillstem test from 8700 - 19; tool open one hour; 540-foot water blanketed; recovered 540 feet fresh water; 60 feet slightly gas-cut mud, slightly salty; Cored from 8719-34 feet recovering 12 and one-quarter feet dolomite and shale laminae. No shows.

Operators drilled ahead through dolomite and sandy dolomite to 8738 1-2 feet—no shows. Drilled through saturated sandstone from 8738 1-2; drilled dolomitic sand from 8763-71 with good odor and saturation.

Drillstem test from 8769 - 71 feet was run with 540-foot water blanketed; tool open one hour; recovered 510 feet fresh water a trace of oil; 30 feet oil and gas-cut, slightly salty mud; 90 feet salt water.

Drilled ahead with rock bit from 8770-80 in cherty sandstone; drilled ahead from 8780 to 8826 feet in dolomitic sandstone; continued drilling ahead to 8888 in dolomite, slightly shaly, limey and dense.

Operators began changing 4 1/2 inch drillpipe to 3 1/2 inch, lost circulation, now attempting to regain.

Pampan's Sister Is Killed In Accident In Electra Friday

Mrs. Y. C. Johnson of Electra, sister of A. C. Cox, 908 E. Francis, was killed in an automobile accident in Electra about 4 p.m. Friday.

Mr. and Mrs. Cox will leave today for Electra. Funeral services are pending.

Mrs. Johnson is survived by her husband, a daughter, two sisters Mrs. Anna Weaver of Alamo, Mrs. N. M. and Mrs. Ethel Deleshaw of Bovina, Texas; four brothers, Earl Cox of Fort Worth; Neely Cox of Dallas, Texas; Jesse Cox of Greggton and A. C. of Pampa.

She also leaves her mother, Mrs. F. M. Cox of Electra.

Mr. Cox said he believed the car driven by M. and Mrs. Johnson was in collision with one driven by an Electra youth. The Johnson's car overturned and Mrs. Johnson was killed instantly.

Wheeler USO Drive Short Says Chairman

SHAMROCK — (Special) — Bill Walker, Shamrock chairman of the Wheeler county USO drive, reports that contributions are not coming in fast enough to meet the drive.

Walker said the drive will end Nov. 15 and he urged county residents to bring in or mail in the contributions as soon as possible.

PAMPA NEWS, SUNDAY NOV. 4, 1951 PAGE 21

Wildcats Continue To Set Area Pace

Wildcats continued to set the pace in the Panhandle last week as four new tests were staked in the area. Two wildcats were dry and abandoned. New tests were staked in Armstrong, Childress, Potter and Roberts. H. L. Hunt will drill a 9000-foot venture in Armstrong and another is to be drilled in Childress.

Standard of Texas has staked a 7500-foot test in Potter county, 10 miles west of Amarillo and Sinclair staked a location on its No. 10 Lips.

In the regular field, operators staked 13 locations — which included the four new deep tests — and completed 17 of which four were oilers for 223 barrels, seven were gassers for 46,533 MCF and six were plugged wells.

Irish Plan For Christmas

SHAMROCK — (Special) — Santa Claus is coming to Shamrock Nov. 29, reports the local chamber of commerce. Chamber officials promise plenty of candy treats for the youngsters in continuing an annual affair.

Shamrock will be well decorated this year, the C. C. said, because new type Christmas decorations have been ordered for Main street.

Latest aluminum and fiber glass garland designs will assure latest performance, including brilliant night-time glow and lively daylight reflection, they say.

There will be 12 streamers including garlands and bells, and also a wreath with a star inscribed. They will be strung from the water tower northward on Main to the First Baptist church.

Pat Ryan, Irish C. C. secretary said the decorations and candy treats are being financed with contributions, and at the present time they are about \$200 short.

The great Barrier reef, the world's largest known coral expanse, stretches for 200 miles along Australia's northeast coast.

Loving, Field, Weed, Moses, Pictown, Stetson, Sunset and High Lonesome are towns and villages in New Mexico.

Mr. One Million And Family To Begin New Life In Texas

FRANKFURT, Germany — (AP) — Mr. One Million sat down and gathered his wife and two daughters around him.

He smiled at the reporters, straightened his tie and waited for the questions.

Press conferences aren't new to Mr. One Million these days. He used to be plain Alexander Ranezy, farmer and hotel manager in a Czech town. Then he and his wife, Julia, and daughters Lydia and Erika, fled the tramp of Russian boots in 1945, migratory population known as displaced persons.

Eventually, the International Refugee organization got into the Ranezy future. Now they are going to Texas to start a new life.

And Ranezy became displaced person No. 1,000,000 to be resettled by the IRO.

Ranezy seemed pleasantly bewildered by all the publicity simply because of a resettlement number, but he's getting used to it.

He and his family are going to Midland, Tex., where he will work as a gardener and handyman for William Penn. Mrs. Ranezy, a dressmaker, will work, and Lydia, who is 21, wants to go to school. Little Erika 10 will enter school too.

How does it feel to be going to America?

To a man who has managed his family through Europe's darkest days the answer would take a long time, especially in a tongue still new.

So Alexander Ranezy summed it up in one word for a news conference: "Fine."

Mama Ranezy grinned and so did Lydia and Erika.

They are to sail Friday from Bremerhaven aboard a U. S. Transport.

Why did they run from Russian troops in 1945?

"We were afraid of them, as soldiers. We know what would happen to us."

They wanted to go back but were afraid, and then in 1948 the Communists took over Czechoslovakia.

"A big Texas sergeant sent it to me after he got home. A nice man, but I don't know his name."

"Maybe you'll see him there," said Mama Ranezy.

"I don't know," said her husband. "I have heard Texas is a big place."

Kiwanis Club Asked To Support Drive Against Alcoholism

Horace Fort, representative of the Wrage foundation, Austin, urged Kiwanians at a weekly meeting Friday to support a drive to stamp out alcoholism.

"This disease, which affects four million people in this country, is out of control today," he said. "This is because of the indifferent attitude of the public. People should not laugh when they see a drunk person. He may be an alcoholic and need help."

Fort said a survey shows Tyler, Texas, with fewer youths who drink than any other city in the state. This is because youth centers are backed by business men and because the community has functioning an efficient Alcoholics Anonymous organization, he explained.

"No alcoholic is hopeless. One's thinking, not the inability to withstand liquor must be treated. Knowledge is the answer to the problem and everyone must help to conquer it."

Special guests at the meeting were wives of Kiwanis members.

Shamrock Revival Said Successful

SHAMROCK — (Special) — Shamrock Methodist church was the scene of the "most successful mission in recent years" reports Rev. S. M. Dummam, Irish Methodist pastor.

As a part of the Texas-wide celebration of "Methodist Evangelistic week," Shamrock was the center of the 25-church drive in the Clarendon Methodist district. Evangelistic sessions ended at Shamrock Friday.

Shamrock Banker Named Director

SHAMROCK — (Special) — A. O. Nicholson, vice-president of a Dallas bank, was elected to the board of directors of the Farmers and Merchants State bank of Shamrock last week.

He fills the unexpired term of the late Dr. J. A. Hall.

Others on the board of directors include: O. T. Nicholson, O. A. Laycock, E. P. Ristinger and Ben A. Skidmore.

About two-thirds of the human body is made up of water.

The acreage of Irish potatoes grown in North America has dropped from 3.6 million in pre-war years to 2.5 million in 1950.

The Yale university art gallery in New Haven Conn., was founded in 1832 by Col. John Trumbull (Washington's aide-de-camp) and Benjamin Silliman.

COVERED WAGON, 1952 MODEL—Something new for your lawn next summer is this California redwood chaise longue with a "covered wagon" canopy. Wheels permit easy movement to any part of the lawn. It was shown recently in Chicago.

THUNDER IN THE NORTH

Map spotlights latest potential trouble spot in Europe. Russia has threatened reprisals if Norway allows the North Atlantic Pact Organization to establish bases on Norway's Arctic islands of Spitsbergen and Bear. As map shows, the islands are within bomber range of Russia's great naval bases at Kronstadt and at Porkkala in Finland. Russia bases its threats for reprisals on a nine-power pact signed in 1920 and a note sent in 1929 which allegedly "assured" Russia that Norway would never join in aggressions against the Soviet Union or permit her territory to be used for such purpose.
