

Wheeler Co. Selects Top 4-H Members

By LOUISE COFFMAN
WHEELER — (Special) — Joe Van Zandt of Mobeetie has been chosen as Gold Star winner in Wheeler county this year. He is the son of Mr. and Mrs. C. J. Van Zandt. The 14-year-old boy won the top 4-H county award and the Thomas E. Wilson award for most animal demonstration in 1951. He has shown unusual leadership ability. He has served as county 4-H council president. In the spring he showed the champion and reserve champion at the county calf show and as a member of the grass judging team, he was a contestant at the state finals. He has been an active member of the 4-H club and has attended many encampments, judging contests and livestock shows.

JOE VAN ZANDT
 ...Gold Star Winner

The Leadership Award goes to James E. "Jamie" Clark, son of Mr. and Mrs. J. R. Clark of Wheeler. Jamie has won many honors in his seven years as a 4-H club boy. His award this year was given for his outstanding recreation demonstration. He has served as county junior recreation leader for two years and as council vice president in addition to every other office of the Wheeler 4-H club. He has attended the 4-H roundup twice. Last year he was Gold Star boy in the county.

He has been a member of the county livestock judging team for two years. His highest achievement in 4-H came in June when he tied for high individual at the state contest in livestock judging. He has been feeding calves for several years and now has a registered Hereford project. He is the son of Mr. and Mrs. Joe Pitcock of Kelton.

Sheron Stephens, 14-year-old son of Mr. and Mrs. Frank Stephens of Shamrock, was a awarded dairy achievement award. He has demonstrated a talent for growing out, fitting and showing dairy cattle. Last year his first calf, a Shamrock circle heifer, took ribbons in both of the shows she was entered in. Sheron is reporter for the Shamrock 4-H.

J. E. Rogers, son of Mr. and Mrs. Frank Rogers of Wheeler, is winner of the field crop award. He has carried out his own field crop demonstrations for several years and has influenced his father in planting soil building crops such as rye, vetch, and alfalfa. J. E. is president of the Wheeler senior 4-H club. He also won an award last year. This year he is raising registered Durocs in swine demonstration and has a Jersey dairy project in addition to his field crop.

Achievement award winner, Carrol Pitcock of Kelton, is in his sixth year of 4-H club work.

Woman Admits Killing Baby

LOS ANGELES — (AP) — "I want to kill myself. I just killed my baby."

This hysterical scream by a young mother yesterday sent police to a home in suburban Eagle Rock where they found the body of a 4-month-old boy in a bathtub, stabbed and drowned.

Police said she told them she had tried to kill herself with a gun in September but missed. Yesterday, she told police, she decided she "couldn't stand it any longer. I decided I would commit suicide and do away with my baby."

Until I tried **MCCORMICK TEA** I never knew how invigorating tea could be!

Officials Think Firebug Back Of Hospital Blazes

JACKSON, La. — (AP) — Two officials believe a fire-bug patient is responsible for three fires at the East Louisiana Mental hospital here Tuesday night.

Dr. L. F. Magruder, the superintendent, said there were no injuries and that a check showed no patients escaped during the excitement.

The biggest blaze destroyed a vacant two-story frame building once used to house Negro male patients. Also burned were a paint shop and an old truck parked on the hospital grounds.

Dr. Magruder said, "I don't think there is any doubt that a firebug was at work."

Lacy Richardson, the hospital manager, said, "It seems to me that a fire starting on the second floor of a vacant building—there is no way it could have happened unless a fire-bug patient started it."

He said flames were first sighted in the truck and that the hospital fire truck was putting out the blaze when the old ward building burst into flames. While attention was centered there, the paint shop burned down, he added.

Fire equipment from five communities was used to fight the flaming ward building.

Two hundred Negro male patients were removed from an adjoining structure threatened by the fire.

SCHOOL BURNS

COLORADO CITY — (AP) — About 300 fourth and fifth grade students today were attending classes in three separate school buildings after their building burned Monday night.

The brick structure was valued by school officials at \$150,000. The fire started in the heating plant.

About 4,600 patients are housed in the various buildings of the hospital.

How to Cook Corn
The beauty and flavor of corn is best enjoyed when it is cooked in its husk. To do this, first remove the silk and then place the ears in a large pot of boiling water. Cook for 15 to 20 minutes, depending on the size of the ears. Remove from the water and let them cool. The husks will peel off easily, and the corn will be tender and delicious.

Potent New Blood Medicine Found; May Replace Plasma

NEW HAVEN, Conn. — (AP) — A potent new blood medicine that may replace plasma in some uses was reported Wednesday to the National Academy of Sciences.

It comes from part of human blood. It is rich in chemicals that are especially valuable in fighting shock or treating burns.

An amazing new machine makes this medicine automatically out of whole blood. It actually makes and packages half a dozen or more medicines while a pint of blood is flowing into it from a blood donor's veins.

These new developments in blood were announced by Dr. Edwin J. Cohn, noted Harvard university blood chemist, and Drs. James L. Tullis, Douglas M. Surgenor, William H. Batchelor and Maurice D'hont.

The new medicine is called SPPS — stable plasma protein solution.

The scientists said it is expected to replace plasma and serum albumin, an anti-shock

Bookies Across The Country Ponder Effects Of Tax Law

By The Associated Press

It was hard to lay a bet Friday in many cities across the land. The numbers runners and horse race bookies were shutting up shop temporarily at least.

The odds were against the professional gamblers—a tax miracle worked by Uncle Sam.

A new law, effective Thursday, requires them to register, pay a \$50 annual fee to operate and 10 percent of their gross receipts in federal taxes.

And if they register, their names are available for the police to see. The boys don't like that.

Which is worse, they pondered—a federal jail for failing to pay the tax or a local jail for violating state gambling laws?

On top of that worry was the tax bite imposed in the new law.

Reports of bookie shutdowns came from many places, among them New York, Boston, Baltimore, Los Angeles, New Orleans, Atlanta, Cleveland, St. Louis, Miami, Maine, Rhode Island.

As one Boston bookie put it: "That 10 percent of the handle, brother, that ain't hay."

Some bookies, in Rhode Island, said they already were clearing only six to eight percent. They said they were giving up.

In New York, few street bookmakers were working. Even they were lowering the odds for winners.

Twenty-two of Nevada's 24

state-licensed bookmakers went out of business.

San Francisco's bookies weren't bowing out so quickly—and there were indications that some in other cities merely were laying low to see which way the wind was blowing.

In San Francisco, they operated more surreptitiously than before. The Chinese lottery continued, cautiously. And it was said some bookies were shifting to dice games and cards.

Aside from taking professional vacations, the gentlemen of the fast buck crowd also proved to be shy creatures about registering.

Across the land, they stayed home.

Few turned up at internal revenue offices to register.

Some were mailing forms. They had 30 days to register and 60 days in which to pay the tax.

In Washington, D. C., a test case was filed in district court in an effort to have the law declared unconstitutional. It was brought in the name of Hayes L. Combs, 40.

The complaint said the information Combs was required to give to the Internal Revenue bureau would "tend to incriminate him."

In Baltimore on a visit, Sen. Estes Kefauver (D-Tenn) took a pessimistic view of the betting fraternity's withdrawal.

The former chairman of the Senate Crime Investigating committee said he was afraid the bookies would continue to operate.

But, he said, they'll "go underground."

Memorial Day, May 30, also known as Decoration Day, was first observed in 1869.

It takes out and packages in bags the proteins called gamma globulins. These carry antibodies against disease, and are used against measles and perhaps other diseases.

In another step, the machine produces the SPPS, using a centrifuge, or whirler device.

The machine also can make separate medicines out of outdated blood—whole blood which has been kept beyond the present safety limit of about three weeks.

No bottle is used to collect the blood. Instead, it flows right into the machine.

All But Impossible to Believe!

It is very difficult to believe—but, each month, there are literally thousands of people who pay as much for their motor cars as it would cost them to buy Cadillacs... and, yet, they don't get Cadillacs.

As we said, this is very hard to believe—but the reasons for it make it more or less understandable.

In the first place, a great many people simply don't know what a Cadillac costs. They don't understand that the lowest-priced Cadillac actually costs less than certain models produced by numerous other manufacturers.

They only know that Cadillac is the world's most renowned motor car—and they assume, from this, that it must also be exclusively priced.

Too, some people get discouraged because they can't walk in and order a Cadillac and get immediate delivery—as they can with so many other makes of cars.

This, too, is largely due to a failure to get all the facts and think them through to the inevitable conclusion. You have to wait a while for a Cadillac because so many people want one—and want it so badly that they are willing to wait for it. And that, in turn, is because Cadillac is recognized everywhere as the Standard of the World.

So if you want a Cadillac—and research indicates that a vast percentage of motorists do—come in and talk with us about it.

We'll give you the facts concerning comparative costs. And we will also talk frankly with you about delivery dates, so you may know about what to anticipate.

You really owe it to yourself to do this. For, surely, you don't want to pay the price of a Cadillac—and still not get one!

If we already have your order for a Cadillac—stand firm in your conviction—for each day brings you closer to your heart's desire.

It is true, of course, that you can get quicker delivery on other makes of cars. But, in all the world, there is no other car like Cadillac.

So be patient—and you will have your reward!

Shivers Warns Of Government 'Tidelands Theft' From States

CHICAGO — (AP) — "The Tidelands belong to the states; the national administration is trying to steal them, and I'm against it," Texas Gov. Allan Shivers said today.

Shivers flung the blunt accusation in a speech prepared for delivery to the American Petroleum Institute.

Speaking both as governor of Texas and chairman of the Interstate Oil Compact commission, Shivers asserted: "the incredibly aggressive and cynical attitude of Washington bureaucrats in the Tidelands controversy has reached a new high, or low, within the last few days."

"They propose to invoke the provisions of a federal surplus property act to take over the control and administration of the tidelands."

"In polite language," Shivers continued, "this would be called 'expropriation' without Congressional sanction." In my language it would be called "theft without license."

Should the Interior Dept. actually attempt to take over Texas Tidelands, the governor said he believed "Texans generally will look upon such an attempt as an invasion of states' rights that will put the carpetbaggers to shame."

"Instead of a carpetbag to carry off the loot, the Interior Dept. proposes to use tank cars and freighters," he said. "This demonstrates, I assume, the progress we have made in 85 years."

He accused the federal government of creating the Tidelands controversy, but promised there would be no end to it "as far as Texas is concerned" until every possible defense and resource is exhausted.

Shivers told his audience of oil officials it is the mutual and grave responsibility of the states and oil industry to combat "this trend toward over-centralization of our government." Such a fight, he said, is not "only for the good of the industry but for the welfare of the nation."

The governor said the oil industry also "must pay its fair share of the state's expenses, and sometimes a little more."

"It (the industry) must be in a collective sense, a good citizen. Otherwise the state could not justify a friendly and constructive attitude toward the industry," he advised, adding: "The state, in justice and in common sense, must try to protect all industry—including the oil industry—from excessive and confiscatory taxation."

Longhorn Defensive Club Is At Full Strength For Baylor

By ROBERT E. FORD
DALLAS — (AP) — The University of Texas Longhorns came up with an announcement today that should chill Baylor: The Longhorn defensive team will be at full strength Saturday for the first time this season.

It looked like Texas had a pretty fair defensive team before. It leads the scoreless Southwest Conference in that department in seven games. And the defensive team is just about as much a scoring threat as the offensive starters.

But when the Bruins met the Longhorns in Austin Saturday in a decisive loop game, Texas will have Don Menasco back in the defensive lineup. He's been sidelined with a back injury for some time.

Texas, fresh from last week's victory over SMU and one of the nation's better passers, Fred Benner, has been concentrating again this week on pass defense. Reason is Larry Isbell, spark of the Baylor eleven.

TOWNSEND, MAYES OUT
Fullback Townsend and halfback Red Mayes are the only Longhorns definitely out of the crucial Saturday tilt.

It's a showdown for both teams. The loser will be out of the championship race. Texas is ranked 10th in the nation this week, has a loss on its league record, while Baylor, ranked six-

Here's The Dope

(By The Associated Press)
Texas A&M and Texas are favored to win over Southern Methodist and Baylor respectively this week in Southwest Conference football. But Rice and Arkansas are rated even.

Those were the odds posted today.

A&M is given seven points over Southern Methodist at College Station. Texas is rated the same over Baylor at Austin.

Arkansas and Rice clash at Houston in a night game.

Both teams have a loss and a tie. Texas has two victories in loop play and Baylor has one.

All the Bruins are taking part in drills this week except John Hancock, who recently underwent an appendectomy.

Rice, still in the conference chase with only one loss, takes on powerful Arkansas at Houston in the only league night game of the week-end. Arkansas, which just about killed Texas A&M's chances at the championship last week, has had no rough practice this week because of snow and mud. The Poskers worked out yesterday for the first time this week and Coach Otis Douglas said there would be no scrimmages before the Rice game. The squad is in top physical shape. The Rice Owls yesterday ran

Unknown Tops North-South

PINEHURST, N. C. — (AP) — Soft-spoken, stoop-shouldered Julius Boros, rated as one of the contenders among golf's youngest professionals, nursed a two-stroke lead as the North and South Open golf tournament swung into today's second round.

Boros, shot a steady 34-34-68 over the rugged 7007-yard No. 2 championship course of 11th Pinehurst Country Club to lead Henry Picard, Cleveland, and Tommy Wright, Kingsport, Tenn., by two strokes in yesterday's initial firing by the field of 110.

Sharing third place at 71, one under par, were these five: Tommy Bolt, Durham, N.C.; Francis (Bo) Winger, amateur from Pleasantville, N.J.; and Manuel De La Torre, Milwaukee.

Five more including Sam Sneed of White Sulphur Springs, W. Va., gunning for his third straight here, were bracketed at 72.

WON IN 1939
Old timers here got a bang out of Picard's 70. The former PGA champion, who will be 41 later this month, won his 14th tournament in 1934.

Sneed, still the choice to take down the top money of \$1,500, recovered after an uncertain 36 to bag birdies and seven pars for an incoming 34. It was the tough back side that proved the undoing of several players who had started in sub-par style.

Britain's Ryder Cup team, beaten here in the biennial matches with the U.S. team earlier in the week, came up with three of the first day's 73 shooters—British Open champion Max Faulkner, Harry Westman and Dai Rees.

A mass raising of eyebrows resulted when Frank Stranahan, parless Toledo amateur, came in with 82, 10 over par, after starting with four pars.

Eighteen holes today and tomorrow will be followed by the final round Sunday. Saturday is open to avoid football conflict.

Add 48 More All-Americans

NEW YORK — (AP) — The 44 places on the first two all-America teams have drawn 126 nominations to date — and there will be more before the season ends.

The strongest thing in the Sandie offense is the speed of the club, from the backfield through the line. Tommy Donnell, a scabback dressed in No. 44, is the main speed merchant. He is also the workhorse of the Amarillo club. So far this year he has been called on 94 times and has gained 790 yards on those carries for an average of 8.4 per try. In addition, he has gained 86 yards on the receiving end of passes and throw aerials good for another 69 yards, giving him a total of 945 yards offensively for the season.

But also with him in the backfield are a fine 185-pound quarterback, Jimmy Albright, who carries the ball himself with regularity. He has kept it 68 times this year and managed to average 4.8 yards per try. Another big attacker for the club is Ken Galt, a 170-pound fullback, up from the Yannisians. He has averaged 6.8 yards on 42 tries.

STICK TO GROUND
The Amarillo passing attack hasn't been used too frequently this year. But it can be expected that it will be unfolded Saturday afternoon if the weather holds up. Thus far, the Sandies have unfurled 59 passes, completing 25 for a total of 513 yards, or better than a 20 yard average.

The punting chores are handled by Kenneth McMillen, senior fullback, who carries a 31.2 average for the season. Carter Donald, Carter and Stanley Bull provide plenty of speed at the ends for the Sandies. Bull is a converted back who ripped the Guerrillas to shreds his sophomore year. He stands 5-10 and weighs 168 pounds. Carter stands 5-11 and weighs 155. Both are capable members of the Sandie track squad.

The Harvesters got the day off Monday, but returned to basic fundamentals Tuesday. Yesterday's workout was a long hard one, the Harvesters trying to polish their defense for the hard running of the Sandies.

Tickets for the game were still moving slowly, as the entire stands on both sides of the field were again a long one. Reserved list. The only general admission tickets will be in the end zones.

Demure Major Gives Credit To Pythagoras, Old Greek

By MAJOR AMOS B. HOOPER
Pythagorean Pignin Expert
Egad! Many of my readers were astounded when I predicted Stanford would defeat Washington that was the exact difference between the two — one touchdown.

It was uncanny, if I do say so myself.

I have received tons of letters asking how I achieved this remarkable result, how I contrived to pick other upsets.

I must admit all the credit does not belong to me, but to an ancient Greek named Pythagoras, after whom several horses have been named.

The Pythagorean system is too long and complicated to explain here.

Numbers, mathematics, astronomy, metaphysics are the basis of the system. Angles play an important part, and you know very well how thoroughly schooled in all the angles your correspondent is!

There is a rhythm in football, you know, and Pythagoras regulated the intervals of the scale by mathematical ratios rather than by consonances — har-rump!

I have applied these laws to the gridiron, but I do not suppose there is another person in the world who would understand how I've done it.

Youngster Strong All-State Choice

TEMPLE — (AP) — Doyle Taylor celebrated his sixteenth birthday yesterday. Pretty young for a prospective all-state high school player, but here's what Taylor has done this season in piloting Temple high to the No. 1 spot in Class AAA football:

Tried 85 passes and completed 51 for 1,078 — and, get this, 21 touchdowns.

And the boy has played all season with a brace on his back. He had a major operation of the spine last summer and the brace has to have protection.

Doyle weighs only 158 pounds and is a junior.

They think here if he doesn't make all-state somebody is going to be off their rocker.

Numbers, mathematics, astronomy, metaphysics are the basis of the system. Angles play an important part, and you know very well how thoroughly schooled in all the angles your correspondent is!

There is a rhythm in football, you know, and Pythagoras regulated the intervals of the scale by mathematical ratios rather than by consonances — har-rump!

I have applied these laws to the gridiron, but I do not suppose there is another person in the world who would understand how I've done it.

Demure Major Gives Credit To Pythagoras, Old Greek

By MAJOR AMOS B. HOOPER
Pythagorean Pignin Expert
Egad! Many of my readers were astounded when I predicted Stanford would defeat Washington that was the exact difference between the two — one touchdown.

It was uncanny, if I do say so myself.

I have received tons of letters asking how I achieved this remarkable result, how I contrived to pick other upsets.

I must admit all the credit does not belong to me, but to an ancient Greek named Pythagoras, after whom several horses have been named.

The Pythagorean system is too long and complicated to explain here.

Numbers, mathematics, astronomy, metaphysics are the basis of the system. Angles play an important part, and you know very well how thoroughly schooled in all the angles your correspondent is!

There is a rhythm in football, you know, and Pythagoras regulated the intervals of the scale by mathematical ratios rather than by consonances — har-rump!

I have applied these laws to the gridiron, but I do not suppose there is another person in the world who would understand how I've done it.

Lefors, Canadian Invades Saturday Meet For Crown

The district 1-A football championship will likely be decided Friday night at Canadian when the Lefors Pirates and the Canadian Wildcats clash head on.

The Pirates had their district slate wiped clean when they were given a forfeit victory over the Clarendon Bronchos, a tie the Bronchos had downed the Buccaneers last weekend. The Pirates stomped over the injury-riddled White Deer Bucks, 32-0, while the Bronchos routed Panhandle, 31-7.

GOOD BACKS
The game will feature some hard running backs with husky, 235-pound Tommy Schaefer carrying most of the load for the Wildcats and Ray Dickerson sparking the Pirates' attack. Also expected to get a lot of ball-carrying duty is Jimmy Doon, a boy converted from end to backfield last weekend, and doing a sensational job by scoring seven touchdowns.

Schnafer is the leading scorer in the district with 122 points. In second place is Dean Lewellen of Panhandle with 81. Doon is third with 62 for the season.

The standings to date are as follows:

Team	W	L
Canadian	4	0
Lefors	4	0
Panhandle	3	2
White Deer	2	1
McLean	2	1
Wheeler	1	1
Clarendon	0	1

In other games this weekend Panhandle plays at White Deer and Wheeler travels to McLean. Clarendon draws an off date.

per, Denver; George Wooden, Oklahoma A&M; Nela Petree, Virginia Military Institute; Bob Thomas, Washington and Lee; Hal Faverly, Wisconsin (also defensive).

Defensive tackles — Bradford Glass, Princeton; Bob Macko, Dartmouth; John Felch, Holy Cross; Oliver Spencer, Kansas; Ken Casner, Baylor; Harley Sewell, Texas; Key Vaughan, Tulsa; Tom Johnson, Michigan (also defensive).

Defensive guards — Ed Duena, Auburn; George Kennard, Kansas.

Offensive guards — Ed Duena, Meyer, Texas A&M; Tom Cosgrove, Maryland; Doug Mosley, Kentucky.

Pair Of Big Contests On National Card This Week

By HAROLD CLASSEN
NEW YORK — (AP) — Two of the season's biggest games are scheduled for this weekend with Notre Dame the guest of Michigan State while Southern California and Stanford tangle on the West Coast for the coast conference Rose Bowl honors.

Only two defeats mark the records of these four teams. Notre Dame lost a thriller to Southern Methodist, 27 to 20, and Southern California was spilled by Camp Pendleton, 27 to 17, in the first half of a gridiron doubleheader on Sept. 29.

Here's how the crystal ball says the games, plus others on Saturday's schedule will turn out:

LIKES TEXAS
Michigan over Notre Dame; the Spartans have had a week's rest to get set and allow their injuries to heal although Notre Dame got little more than a scrimmage in defeating Navy last Saturday.

Southern California over Stanford; any team with Pat Cannamela in its lineup must be feared.

Illinois over Iowa.

Maryland over Harvard.

Georgia Tech over Virginia Military.

Tennessee over Washington & Lee.

Wisconsin over Pennsylvania.

Texas over Baylor; if Baylor wins this one you can be sure it was engineered by Larry Isbell. Texas has the sounder team.

Michigan over Cornell.

Kentucky over Tulane.

Skipping over the others in a hurry:

Hardin-Simmons over Texas Western, Miami over Chattanooga.

Sports Round-Up

By HUGH FULLERTON, JR.
NEW YORK — (AP) — Walter O'Malley of the Dodgers, speaking in support of the farm system, says that Brooklyn lost \$129,318 on its minor league operations in 1950. He calls it a "subsidy" for the minors.

The Phillies' Bob Carpenter, putting the annual cost of running a chain at \$500,000, estimates that it costs \$347,000 to develop one major league player. Both figures add up to one thing: Obviously, a city like Santa Barbara, Calif. (pop. 44,764) can't afford to take a \$70,000 loss on baseball even if that includes the cost of a big tryout school. It can't afford the school either.

The same goes for \$23,000 at Valdosta, Ga. Even Dynamite Goodlo, probably doesn't love Valdosta that much. So while they're "subsidizing the minors" the Dodgers seem to be subsidizing independent opposition right out of business in those leagues.

A minor league kicking the subject around recently suggested: "Why not make it a real subsidy for the Class C and D leagues? Have the major leagues establish a fund to cover losses but let the independent owners operate the clubs on a reasonable financial scale. In the same way, let the clubs use local talent as far as possible, but have the majors set up a pool of young players on which they could draw to fill out their squads." — Dunno. It's just an idea, but maybe it would work.

NO TIME LIKE IT
When Sammy Baugh was heading for the Redskins training camp last fall to start his 15th season of pro football, a couple of Washington writers cornered him and asked: "Sam, is this going to be your last season?" — Baugh paused reflectively before replying: "I don't know; I haven't tried it yet. Maybe last year was."

CLEANING THE CUFF
Heavyweight Dan Bucceroni, who tackles highly-rated Roland LaStarza tomorrow night, asks: "What can I lose? You can't get anywhere waiting for the guys you can lick." — Leading scorer in Big Seven football is John Konek, regular defensive halfback at Kansas. He has collected 43 points on passes, one interception and extra points. Most serious casualty of last week's New Hampshire-Connecticut game was Bill Stearns, N.H. publicist, who missed a step leaving the press box and sprained an ankle. — Rep Sinclair, the Rangers hockey rookie, was a radio disc jockey during the summer. — What the Rangers need is someone to jockey a disc into the goal.

The most common jellyfish on the Atlantic coast is the shimmering "moon jelly", or aurelia aurita, which has eight eyes, tentacles and stingers.

Laffoon Tops Total Offense

(By The Associated Press)
Charlie Laffoon, Sul Ross State's passing and running quarterback, finally got enough yardage together in the two to become the Lone Star Conference's total offense leader, statistics released today by conference publicist Hugh Cunningham revealed.

The 165-pound West Texan, who doesn't appear among the top ten ground gainers and is far down the line in passing, went ahead of Sam Houston's tossing specialist, Don (Cotton) Gottleb, who led the league for several weeks. Laffoon has accumulated 1,053 yards and Gottleb, 985.

Other individual leaders remain the same. Sam Houston's big Mac (Power) Moore increased his rushing leadership as his closest rival, Sammy Carpenter of Lamar Tech, was out of action with an injured leg. Moore has gained 750 yards on 106 runs and Carpenter 607 on 96.

Gavilan Scores KO On Janiro

DETROIT — (AP) — The "keed" from Cuba, welterweight champion Kid Gavilan, traded his famed bolo punch for left hooks last night, and belted Tony Janiro way back down into the middleweight ranks.

Gavilan floored the Youngstown veteran three times in the fourth round of their 10-round non-title bout, and was awarded a technical knockout. It promised him a January date with England's Randy Turpin, one-time conqueror of Sugar Ray Robinson.

Reapers Conclude Season Tomorrow

The Junior High School Reapers, champions of the Panhandle Junior High School Athletic League, conclude their very successful 1951 football campaign tomorrow afternoon at Harvester Park. They will play host to the Elizabeth Nixon whirlwinds, a team they defeated earlier in Amarillo, 7-0. That game was played on a field turned into a sea of mud by a flash flood.

The Reapers will be seeking to close out their season with a perfect record of eight wins and no losses.

Starting time of the game is 3 p.m., and it will be broadcast by radio station KPND.

The probable starting lineup for the Reapers will have E. J. McIlvain and Bill Chalpepper at ends, Ben Sturgeon and John Watson at tackles, Damon Runyon and Huey Burns at guards, and James Hawkins at center. Buddy Sharp will be at quarterback, Harold Lewis, Johnny Morse and Bill Fullenwider in the backfield.

Gary Griffin and Kenney Hinkle were injured in the Borger game last Tuesday and probably will not see action.

Hunting Days On Lake Marvin Set

CANADIAN — Hunting days for ducks and geese on Lake Marvin will be Wednesdays and Sundays and all legal holidays during the hunting season.

The announcement was made by M. B. Pollard, manager at Lake Marvin, who says that there are quite a few ducks on the lake at the present time.

NOBLITT-COFFEY'S FOOTBALL FORECASTS

By Piitts Smith

Stanford at SOUTHERN CALIFORNIA — One of these undefeated Coast juggernauts will have all the answers come Saturday's sun. Moreover, a strong odor of roses will be in smelling distance of the winner. Southern Cal's Gifford and Campanella should barely shade Stanford's Kerkerian and McCall in the game of the year.

NOTRE DAME at MICHIGAN STATE — The tip-off on this one comes a week ago when a Notre Dame scout was ushered from the press box at one Michigan State's games for too much nosing around. The Spartans are favored, but only because they can call on more fresh troops at home.

Yogi Berra Named MVP in American

NEW YORK — (AP) — Yogi Berra, squat New York Yankee catcher, today was voted most valuable player in the American League for 1951 in an astonishing finish to a wide open race.

Tabulation of votes from the 25-man committee of the Baseball Writers Association of America showed Berra, Ned Garver of St. Louis and Allie Reynolds of the Yankees each had six first place ballots.

The result was sure to start tongues wagging around the circuit for Berra slumped badly in September and finished with a .254 batting average. The 26-year-old Berra led the Yankees in runs batted in with 88 and hit 27 home runs.

Berra won on points with a total of 184 on the basis of 147 first place votes, nine for second and so on down to one for tenth.

Garver, baby-faced 20-game winner for the last place Browns, was a close-up second with 157 points and Reynolds, who threw two no-hitters for the world champs, was third with 25 points.

Voting was distributed among 13 players with another 15 receiving honorable mention in the closest finish in years.

With Berra in the American and Brooklyn's Roy Campanella in the National this was the first year two catchers were named most valuable. In fact you have to go back to the league wars in 1924 to find two winners who played the same position — Dazzy Vance, Brooklyn pitcher, and Walter Johnson, Washington fireballer.

No less than eight men drew first place votes in this split ticket election. Phil Rizzuto of the Yankees, the 1950 winner, drew one first but finished 11th.

YOGI BERRA

So did Yankee Eddie Lopat who finished 12th.

Berra won on the strength of five seconds, four fourths, a fifth, two sixths, a seventh, an eighth and two nines. He was mentioned on 22 ballots, more than any other player.

Garver (20-12) pitched the most complete games, 24, and accounted for about 40 percent of the Browns total victories.

Reynolds' second no-hitter clinched at least a tie for the Yankees in the last week of the season. Both Lopat and Vic Raschi topped him in wins but his 17-8 record included seven shutouts.

Orestes Minoza, Chicago, was fourth with 120 points; Bobby Feller, Cleveland, fifth, 118; Ferris Fain, Philadelphia, sixth, 103; Ellis Kinder, Boston, seventh, 66; Vic Raschi, New York, eighth, 64; Gil McDougald, New York, ninth, 63 and Bobby Avila, Cleveland, tenth with 49.

Garver, baby-faced 20-game winner for the last place Browns, was a close-up second with 157 points and Reynolds, who threw two no-hitters for the world champs, was third with 25 points.

Voting was distributed among 13 players with another 15 receiving honorable mention in the closest finish in years.

Irishmen Battle Dumas Friday

SHAMROCK — (Special) — Coach Scott McCall's Irishmen, fresh from a smashing, 39-7 victory over the Dalhart Wolves, will take to Dumas Friday night for the best defensive record in the league, and a fiery offense.

Dumas can throw against the Irish defensive record an offense that has sloughed Perryton, 43-6, Crawford, 33-0, and White Deer, 14-0.

Nevertheless, Dalhart won over Dumas, 7-6, week before last, though Dumas had a TD and an extra point called back on penalties.

Irish scouts report that Dumas is a very potent offense, led by Jack Berry, fullback, and Joe Wery, 122-pound halfback.

CAN WIN CROWN

Coach McCall's Irish racked up 31 yards rushing against Dalhart, while the Dumas crew piled 230. Dumas hurled passes for 31 yards against Dalhart, while the Irish passing clicked against Dalhart for 37.

Dumas is probably stronger than the score indicates, because it was a muddy field against Dalhart, whereas the Irish could, though still damp.

Winner of the District 1-AA game will probably meet Tulla, which subdued Canyon, 12-0, last week in the District 2-AA race.

Shamrock can take the 1-AA crown by whipping Dumas, provided either Dalhart or Dumas beats the Phillips Hawks. Should Hawks power on to two victories, the race would be knotted and the Irish and Hawks champions, by virtue of the Dumas is expected to be one of the toughest, if not the very toughest, foes the Irish have met.

Touchdown Twins Pace Shamrock

SHAMROCK — (Special) — Don Carlton and Jimmy Pennington, Irish right and left halfbacks, continue to be the "touchdown twins" of Irish success this fall.

Carlton racked up three TDs and added three extra points in the 39-7 victory over Dalhart here last Friday. He now has 29 points in the last three games. He did not get to play the first five due to a wrist injury two days before the season opener at Childress Sept. 7. His absence was a grave strain on the Irish offense.

Jimmy Pennington, best plunger in the Irish lineup, rolled for two more TDs, running his total to 11, with one extra point plunge, a total of 67 points. Jimmy has scored at least one TD in each of the eight games, and against Childress, Memphis and Perryton he made the lone Irish TD.

OFFENSE STARS

Carlton raced 15 times with the oval against Dalhart, totaling 164 yards rushing or 11 per carry. He compiled 101 against Phillips and 102 against Perryton, for a three-game total of 367, or 122 per clash.

Pennington racked up 54 in the Dalhart combat, mostly in hard line drives, averaging 4.5 in 12 plunges. Carlton's gains came mostly on end sweeps.

Jimmy Pennington now has 67 in the eight games, or 8.6 per game, including five mud games of eight.

Dalhart was astonished by the Irish offense. The Dalhart radio broadcaster told his listeners: "We have heard a lot about the

Fighting Harvesters Head For Two-Mile Offense Mark

The Fighting Pampa Harvesters passed the mile and a half mark in total net offense last Friday night at Lubbock in losing to the Westerners, 33-7. To date they have racked a total of 2722 net yards through a running, passing and by penalties against a net total of 1877 for their seven opponents.

They should pass the two-mile mark sometime in the next two games.

Halfback Billy Davis has been the leading individual offensive leader with a total of 785 net yards, 861 on the ground and 94 more on pass receptions. Darrell Wilson is second with 526 on the ground, 86 more through passes, for a total of 612. Davis is also the leading scorer.

The complete statistics, team and individual for the season, are as follows:

Aggie Tackle Is Full-Time Man

COLLEGE STATION — (AP) — Jack Little, Texas A&M's iron man tackle, isn't interested in whether the two-platoon system is kept in or legislated out of football — he's ready to play all the time anyway. He has been averaging over 40 minutes per game and would gladly do the other 20.

Last Saturday, he played an even 58 minutes, leaving the game only in the waning minutes because of a charley horse.

His afternoon's work included a top offensive game and an equally good job at the same spot on defense.

It wasn't just last Saturday that Little turned in a stellar performance. He was picked as lineman of the week on offense for his devastating blocks against Oklahoma.

This junior from Corpus Christi carries 220 pounds on a 6-3 1-2 frame.

Since the first day of college athletics at A&M, Little has blossomed. As a sophomore defensive player, he was tabbed by a pro scout as the best-looking tackle prospect in the conference.

Little started the season as offensive tackle, substituting in defense when a strong and hard needed against opponents. After a 60-minute game against Oklahoma, he played only briefly against Trinity but was in long enough to make two hard tackles.

Starting with the Baylor game, he saw double duty on offense and defense, covering the right terminal and flat from a defensive end position. Against Arkansas, he was the only Aggie who didn't leave the field when the ball changed hands.

Thus he came closest to fulfilling his hope of doing two jobs at once. He just plays all the time, offense and defense.

SPORTS MIRROR

(By The Associated Press)

Today a year ago — Eddie Sawyer of the Philadelphia Phils was named manager of the year.

Five years ago — Colonel W.H.S. Wright won the individual military title at the national horse show in Madison Square Garden.

strong defense of the Irish, but no one dreamed they had so powerful an offense. Our prediction of a Dalhart victory was based on ignorance of this offensive power.

Carlton's return to uniform against Phillips in the eighth conflict was apparently the signal for the Irish to open up. They have been potent ever since, and Pennington no longer has to be the workhorse, but can take turns carrying with Carlton.

Major Leagues Lose Attendance

NEW YORK — (AP) — Major league baseball attendance dipped about seven percent to 16,213,626 in the unofficial figures for the 1951 season.

Ten of the 16 clubs showed a decline, the most startling being the Boston Braves' 48 percent drop to 487,488 and the Detroit Tigers' 42 percent decrease to 1,132,847.

Reflecting the vivid improvement in the club under Manager Paul Richards, the Chicago White Sox improved their 1950 attendance by 70 percent with a draw of 1,329,000. The Philadelphia A's also showed a marked gain on their sorry '50 figures, moving up 51 percent with a paid total of 465,469.

Both the disappointing Philadelphia Phillies and Chicago Cubs dropped off 28 percent to fall below the million mark.

The world champion New York Yankees led both leagues with 1,951,464, about six percent below their 1950 attendance. Cleveland was next with 1,704,984.

Brooklyn topped the National with 1,329,431, followed by the New York Giants' 1,133,867. Each indicates a 12 percent increase.

International Tourney Started

LAREDO — (AP) — Golfers from Texas and Mexico teed off here this morning in the second annual 72-hole international amateur golf tournament.

Favored to lead the field is the defending champion, Capt. Fred Moseley, San Antonio.

The tournament will run through Sunday at the Casa Blanca Country club.

Expected to provide strong competition for Moseley is Dudley Krueger, Austin, twice champion of the Texas public links tourna-

Guerillas At Yans Friday

Too many Yauigan teams caused a mixup in the Guerilla football schedule and the game originally scheduled for this afternoon has been moved back to tomorrow afternoon at Amarillo.

Guerilla schedule called for them to play the Yan Whites this afternoon, but the Yan Gold team is playing Lubbock. A check with Amarillo coaches this morning by the Guerilla coaches showed that

ment and a runner-up in the national meet.

Entered in the tournament also are Billy Erfurth, Brownsville; Invitation champion; Gabriel Belmont, Mexico's top amateur; Bobby Maxwell, brother of U. S. Amateur champion Billy Maxwell, and Syl Polack of Mexico City.

Like Aging Prizefighters, Wonder Drugs Losing Punch

SAN FRANCISCO — (AP) — The wonder drugs are losing their punch like aging prize fighters, and doctors are beginning to speculate on where their next antibiotics are coming from.

Penicillin, streptomycin, aureomycin and chloromycetin all are less effective against microbes now than they were two to four years ago, says a study made by Dr. Dwight M. Kuhns, Dr. Matthew H. Fusillo and Dr. Monroe J. Romansky of Walter Reed Army hospital, Washington, D.C. Their study was presented as an exhibit at the clinical congress of the American college of surgeons.

The most striking example shown was the weakening of penicillin against golden staphylococcus, a germ which causes abscesses and boils.

In 1947, the Army doctors said, the survival rate of this microbe was only 30 percent in test tubes involving standardized doses of the drug. In 1948 and 1949 59 percent of the microbes survived the same dose.

In 1950 the survival rate was about 61 percent. It probably would have gone higher, the experimenters reported, except for the fact that some of the test microbes were taken from Army personnel just returned from Korea. Against these Korean germs the drug still was 65 percent effective.

The Korean germs probably were more susceptible than the same kind of germs in the U.S. because penicillin has been used

here eight years and only one year in Korea.

Against this same germ streptomycin, once 95 percent effective, dropped to 76 percent.

Streptomycin did show a small gain in effectiveness against colon bacteria and against some other intestinal microbes. Chloromycetin also made a slight gain in potency against the germs that cause eggs to sour.

Physicians can get around this weakening tendency by giving heavier doses but they can't continue that indefinitely.

However, some of the older antibiotics still are effective against diseases such as gonorrhea and certain forms of tuberculosis.

Some newer antibiotic drugs are taking the place of penicillin and streptomycin, the Army doctors said, but they added a warning that these too may lose their kick eventually.

However, there is one bright spot in the picture for the future. The antibiotics come from organisms which undergo evolutionary changes just as do the disease microbes. New strains of killer drug producers may be found to turn out new weapons against the tougher microbes which are surviving the older antibiotics.

C OF C MEETING HELD
 ABILENE — (AP) — The first meeting of the West Texas Chamber of Commerce officers nominating committee was being held in Sweetwater today. A second meeting is scheduled for Nov. 14-16.

THAR'S URANIUM IN THEM THAR HILLS!—First discoveries of uranium in Chile's fabulous "Valley of the Moon," above, were announced by President Gonzalez Videla. Geologists of the U. S. Atomic Energy Commission, working with the Chilean Development Company, made the important find. Large-scale investigations will follow in this mineral-rich northern desert area, which produces a third of all copper consumed by U. S. industry—500,000 tons a year. Photo shows South America's biggest copper mine at Chuquibambilla, in the Valley of the Moon.

Colonial Period Is Reflected In Home Furnishings, Color

By LYNN HARDESTY

New York — Decorative motifs that are definitely "American" in type mark the season's trends in home furnishing. The popular patterns in textiles, for instance, show many scenes of American suburbia, of cities and farm life. Early homespun weaving effects have inspired textures in the new carpets. Even the painted spatter-dash finish for floors, beloved by colonials, is being simulated by the manufacturers of floor coverings.

Indicative of another trend is the emphasis being placed on informality and comfort in the traditional lines. A chair, for instance, suggests the easy "captain" type of other days, but has more sophisticated lines. A bedstead has a headboard that can be inclined to a convenient angle for those who enjoy reading in bed.

Important as a revival are rooms with off-white walls. These are seen as settings for traditional as well as modern furnishings.

And then there is the vogue for ceilings painted a sunny yellow. Begun as a decorator's device to make a dark room appear brighter, this color, in variations including clear jonquil yellow, the warm yellow of sunlight, mustard or a pale cinnamon yellow, go surprisingly well

Filipino Baby Flown To U. S. For Operation

SAN FRANCISCO — (AP) — An 11-month-old Filipino child with pins in her stomach and lung was in St. Francis hospital Monday while specialists decided whether to operate on her here or in Chicago.

Specialists and hospitals in both cities have offered to take care of the child, Elvira Difuntorum, without charge.

The baby was flown from the Philippines after the Manila Junior Chamber of Commerce had raised \$2,000 and President Elpidio Quirino offered to take care of any other expenses. No bronchospasm in Manila was small enough for the operation.

Elvita, daughter of a \$2 a week Manila laborer, swallowed nine pins last Tuesday but got rid of seven.

She was accompanied on her flight by a pretty Filipino nurse, Mrs. Manuela "Nita" Batista, and Dr. Jose Reyes, a Manila physician.

Dr. Reyes said after consultation with doctors at St. Francis hospital that he would "think it over" before deciding where the operation would be performed.

St. Francis officials said they were fully equipped for the operation and San Francisco has several specialists who have offered to remove the pins.

Dr. Paul H. Hoinger of Chicago was reported also to have offered to perform the operation without charge.

PRINCESS PRESENTS GIFTS—Princess Elizabeth presents to President Truman a looking glass (background) for the renovated White House in Washington Nov. 3. Mrs. Truman is at left in the White House Rose Garden ceremony. The princess also gave the President a pair of candelabra. The gifts are from her father, King George VI. (AP Wirephoto)

with walls in shades of blue, cream or gray.

One-color rooms are now smart. A bedroom seen recently had the spread, textile headboard covering, chair upholstery and curtains in a rich golden yellow. The walls, ceiling and woodwork were painted a pale yellow. A most distinguished study has been done all in gray. Harmonious accents are introduced by contrasting hues in the accessories. The trim is painted to match the walls, but off-white would also have been effective.

Daring, but often used on walls of recently decorated rooms, are the new shades of a not-too-bright terra cotta, a dull brick red, a soft coral and a deep rose. For a living room emphasizing the Southwestern ranch house air, primitive brownish red walls were a successful foil for furniture in brown wood upholstered in a harmonizing deep lavender fabric. In keeping with the air of an old house, the broad board flooring was stained a medium shade of brown. Sofa pillows, lamp shades and curtains brought in brilliant notes of vermilion, yellows and blues.

The Pushon coal deposits near Mukden, Manchuria, have the thickest bed — 417 feet — of bituminous coal in the world.

Milwaukee Bank Robbed Of \$92,571

MILWAUKEE — (AP) — Three men held up a busy neighborhood bank Wednesday while their leader counted off the time and escaped in a heavy snowstorm with \$92,571.

The holdup occurred at mid-morning in the northwestern branch of the First Wisconsin National bank, the largest in the state, located about five miles from the downtown shopping district. The same bank was held up 27 years ago by a six man gang taking \$300,000 in cash and bonds.

Two men stood guard near the door, holding sawed-off shotguns, while a third vaulted over a low railing.

Only a few minutes had elapsed according to witnesses, when one of the armed men at the doorway started to count in a loud voice: "Twenty-two, 21, 20..."

When he reached "seven" Wahl said, he shouted: "Come on boys, let's get out of here."

The money-carrying member of the trio dashed for the door and his two companions followed. They leaped into a black sedan, described as a 1946 to 1948 model, and drove away on the icy streets. Traffic throughout the city was a virtual standstill due to a six-inch snowfall, but witnesses said the getaway auto skidded westward on a route which, if followed, would lead out of the city in about three miles.

Hook, leaf, modern and floral patterns in soft decorator colors. Rubberized back.

"Murder" in Quotes

by Julius Song

THE STORY: My name is James (Jimmy) Malloy and I've been acquitted of the murder of Charlie Berman, who bribed a corrupt official to get my lease on state land, where I maintained an amusement park. My life is now a legal way to get my land back. After my acquittal, I returned home and just after I finished taking a shower, I have a visitor, Cleo Casano, once Charlie's girl, but now the girl friend of his brother Earnie. Cleo tells me that she knows I didn't kill Charlie, but someone else was to have visited him that night and she was to be in the next room listening. She doesn't know who the murderer was.

VI
EARNIE BERMAN had known his brother was going to have a lot of money in the house that night. He could have doubled back for all Cleo knew. Friends could have furnished his Cleveland alibi. Any friends of either of the Berman brothers would have been capable of such a thing. "The money was gone," I told Cleo Casano. "Of course I didn't search Charlie Berman's body, but the sheriff's men never turned up any money. But they might have found it and concealed it." Cleo shook her head. "You don't think I'd have passed up a roll like that if it had been there, do you?" "I didn't think she would have. "Well, you certainly have a heart of pure calluses to be able to sit silently by while I went on trial with my life at stake." "Nobody ever seriously considered the possibility of your going to the chair for murdering Charlie Berman. Everybody sympathized with you. Besides, you had a clever lawyer. Gene Sawyer got over the idea that a good war record while Charlie made his money in the black market. After he'd stolen your lease

whiskey. The stuff burned all the way. "So you think I can take what you've told me and turn up Charlie Berman's killer?" I said: "I wouldn't have to turn up the killer to clear myself. All I need to do is to take you to the sheriff."

Cleo smiled cryptically. "Oh, yeah? I'm afraid you couldn't make me repeat my story to the sheriff. Besides, you wouldn't after I've done my share to clear this up and get both of us off the hook. I wouldn't have come here if I'd have thought there was a chance of your turning me in. A girl can tell when a guy's a heel."

It was a build-up, but it was a cinch to work. She had me and she knew it. She confidently changed the subject. "Now, about Earnie. He and a muscle bum named Babe Tussig are going to work you over if they can. Earnie figures he has to do it to save face after the jury freed you. Babe will help him."

I didn't answer her. I was thinking of what Gene Sawyer had said. If I carried a gun to protect myself from Earnie Berman and had to shoot him, I would be worse off than I would be if I took a beating. No, I wasn't going to kill anybody. Neither an instinct for self-preservation or an impulse to become what people thought I was could make me do that. "If you don't have another gun," said Cleo very seriously, "you'd better get one. Earnie means business. I hate to think of what he would do to me if he knew I'd come here to warn you."

"I'll give you three guesses," said a voice from the doorway. We both turned. Cleo let out a little yip. Earnie Berman stood there. The man behind him was a head taller, and he had the low, sloping shoulders of a prizefighter. Berman walked into the room, and the big man followed. The latter would be Babe Tussig. (To Be Continued)

St. Louis Digging Out After Weather Delivers Knockout

ST. LOUIS — (AP) — This giant city of the Mississippi River valley started to shake the snow from its shoulders Wednesday hoping to get back on its feet after the weather delivered a surprising, near knockout punch. The weather forecast for the day was somewhat encouraging for St. Louis and the surrounding area. Higher temperatures and cloudy skies — but no snow — was forecast. Hundreds of laborers worked through Tuesday night clearing away tons of snow that brought traffic and business in this city of 3,000,000 to a virtual standstill. But surrounding areas aren't quite sure the worst is past. High winds and sub-freezing temperatures Tuesday night made roads hazardous because of ice, and though most roads remained open, traffic moved slowly.

ON PROBATION
HOUSTON — (AP) — Mrs. Jewel McNeese, 36, has been placed on probation for five years after pleading guilty to fatally shooting her husband, Luna K. McNeese, 53, last June 17. Criminal District Judge A. C.

Winborn stipulated that Mrs. McNeese must be returned to Atlanta, Ga., and treated for her mental illness. He placed her in the custody of her son, Tommy McNeese, 20, and his grandfather, Mrs. E. D. Ledbetter, 72.

New Fashion As Well As Fabrics Now Greet Buyer Of Boys' Clothes

NEW YORK — Mom has a willing helper today in her endless campaign to make Junior look like a little gentleman. In fact, around 200 helpers. That many exhibitors are showing their spring lines here at the market week display of the Boys' Apparel & Accessories Manufacturers Assn. (BAMA, for short). Good grooming and pride in personal appearance is just as essential as academic accomplishments in molding character in a child — that's the way one of the exhibitors, with a conservative junior-apparel line, puts it. Prices of the spring lines are about the same — some are lower — than last spring. The exhibitors explain that fabric prices are about the same as last year, but labor and other costs are rising, so that large price cuts aren't featured. Some exhibitors show a marked trend to synthetics and blends with wool — giving price resistance of their customers as the reason. Buyers are cautious. Many store representatives are frank in saying they'll go slow on ordering, to see how long the present tendency of consumers to hang onto their money will continue. But others admit that with the big increase in the number of small fry sales next spring can't be too poor. Several exhibitors say buying is brisker than they had expected. One buyer, from Little Rock, says frankly, "we learned the hard way we are unable to out-guess price structures." In buying for his store, he says, "we shall try not to be influenced by the price of cotton futures at Memphis or by apt wool at Melbourne." In short, he'll order conservatively but not try to be over-smart about hoping for price cuts later. BAMA itself has a word of reassurance for hurried parents who can't control their pride and joy for a trip to the clothing store: Such parents are often at a loss to figure just what would fit him, if he isn't there to try it on. By the fall of 1952, says

Search Resumed For Dr. North

ALPINE — (AP) — State and federal officers began their search again Tuesday for Dr. Robert N. North who disappeared in the Big Bend National park in 1947. Yesterday Dr. Ross Maxwell said that the FBI laboratory had reported that bones found near North's abandoned car were not those of a human. The FBI said the bones came from "a member of the deer family." The former Lansing, Mich., osteopath's car was found last September stuck in the sand of a dry gulch. clothes made by its 228 member firms by next fall, said BAMA.

Ike Would Have Advantage; He Hasn't Talked Too Much

WASHINGTON — (AP) — If General Eisenhower runs for President he has one big advantage over anyone who runs against him.

He won't have to apologize for very much he ever said on poverty much he ever said on problems, which are dynamite for most politicians.

And there's a good reason: he's never said — publicly, anyway — enough on any of the three subjects to make voters very mad.

It's easy for the opponents of most men running for office — because they've said so much for so long on so much — to dig back and find their own words against them.

Not so with Eisenhower. While he was in the Army he kept his lip buttoned, which is the wise thing for any Army man to do.

And later, when he became President of Columbia university, you can tell by reading the files how carefully he tried to pick his way.

In fact, those files seem to show Eisenhower as a man who very gingerly dipped his toe in the water before taking a dive.

PERSONAL FREEDOM

His favorite subjects for speeches on domestic problems — while he was at Columbia and before being called back into uniform — seemed to be preserving free enterprise and personal freedom and avoiding centralized government.

They're all pretty safe subjects in this country at this time. Democrats as well as Republicans could vote for a man who said he was against letting any administration in Washington get too much power. No harm in that.

It wasn't original with Eisenhower to be for free enterprise, of course, but since he's for it, no one will quarrel with him among Democrats and Republicans. Anyone who's against it couldn't be elected anyway.

And as for freedom for the individual, both Democrats and Republicans have been insisting for years upon the importance of preserving just that. It's one of the main themes in this government's argument against Communism.

But even on such subjects as these you can see, in reading the files, that Eisenhower at Columbia, newly out of uniform, sort of felt his way along, getting a little more positive as he got a little more used to repeating the same ideas in speech after speech.

AN INTERNATIONALIST

In the field of foreign affairs Eisenhower seemed much more emphatic. He is an internationalist.

Hints From Moscow Suggest Stalin Relinquishing Power

By WILLIAM L. RYAN
AP Foreign News Analyst

Between-the-lines hints from Moscow suggest that Joseph Stalin has relinquished at least some of the active control of his Soviet dictatorship.

The censored dispatches reporting the celebration of the revolution's 34th anniversary give an impression that new authority has fallen to two men — Georgi Maximilianovich Malenkov and Lavrenty Pavlovich Beria, the power twins of the Politburo.

The dispatches give no indication that either Stalin or his old Bolshevik deputy, Vyacheslav M. Molotov, was present at Tuesday night's revolution anniversary celebration at the Bolshoi theater, the most important gathering of the year for Soviet officialdom.

Stalin of late has gone to a Black Sea resort when Moscow's zero weather begins.

The Soviet press generally lists Politburo leaders in the order of their importance. This is the way the dispatches listed the Politburo last night:

Beria, Malenkov, K. E. Voroshilov, I. A. Bulganin, L. M. Kaganovich, N. S. Khrushchev, A. N. Kosygin, A. I. Mikoyan, N. M. Shvernik, A. A. Andreyev.

In pictures of the May Day celebration published in the Soviet press last May, Malenkov was shown at the right hand of Stalin and Beria next to him occupied the sixth spot in the order of importance at that time.

The order now suggest a Politburo of devoted Stalinists.

The subject of Stalin's health is taboo in Russia, but there have been indications that it has been going downhill. He has been absent from many important gatherings since he turned 70 in December, 1949.

Malenkov and Beria are a mighty combination. Malenkov, a protégé of Stalin, controls the Communist party apparatus much in the way Stalin himself controlled it in his own rise to power. Beria is head of the vast police system of the world's biggest police state. He has been considered closer to Stalin than any other Politburo member.

Neither of these two was present at the anniversary celebration of the revolution one year ago today. Speculation then was that they were with Stalin, wherever the Soviet master was resting, and it may have been at that time that Stalin made a decision to confer added leadership upon the two men.

Molotov's stock has been slipping for several years and Malenkov's has been going up. Molotov is credited by most diplomatic observers with being the architect of the Soviet policy of constant belligerent pressure upon the West. Malenkov, on the other hand, although he is ruthlessly sworn to the policy of Communist domination, is an apostle of caution, like Stalin before him.

If these two men finally assume the full power, it probably will mean a tighter policy state than ever. The indications of this are already at hand. Beria's speech last night made many glowing promises and painted a picture of mighty Soviet production advances, but there also was present in unmistakable terms a stern warning to all — Communist party members and ordinary workers alike — that the crackdown was only just beginning.

Researcher Urges Addition Of Fluorine To Water

DALLAS — (AP) — A federal dental researcher has decried "resistance and indifference" to suggestions that communities add fluorine to their drinking water in an effort to reduce tooth decay.

Dr. John W. Knutson of the U. S. public health service, declaring that just a year ago, several national health organizations endorsed "controlled water fluoridation," said:

"At present only 118 communities in this country are flourishing their public water supplies.

"I say 'only 118' because at that rate it will require 15 to 20 years to bring about fluoridation of the 38,750 public drinking water supplies in this country.

Saying there is evidence that a two-thirds reduction in tooth decay can be expected among children drinking water containing a tiny amount of fluoride from birth, Dr. Knutson told the 48th annual meeting of the Southern Medical Assn.:

"Nevertheless, there are signs that this remarkable public health measure is not being accepted on the basis of scientific evidence alone, and that action is being delayed and postponed, not only by those who are conservative and slow to move on new methods, but also by those who are misinformed, misled by half-truths, rumors, and emotional prejudices."

He added:

"The job of educating the public regarding the benefits of water fluoridation has just begun, and our promotional efforts will have to be increased markedly if we are to counteract, successfully, resistance and indifference based on misinformation and misunderstanding."

Actress Brings Irish Baby Home

LONDON — (AP) — Movie Actress Jane Russell arrived home Wednesday with a fair-haired, blue-eyed 15-month-old Irish boy who was handed to her at an airport by his sobbing mother.

Miss Russell, who has been touring Europe in search of another baby to adopt, took the child from the mother's arms before she departed last night. The child began to wail and reached back towards his mother, and then Miss Russell, too, broke into tears.

"I don't think I can do it — I don't think I can do it," cried the actress. But she was helped aboard with the child, who was identified on the passenger list as Thomas Kavanagh.

The mother would not identify herself, nor tell newsmen why she was letting the boy leave.

Miss Russell insisted this was not officially an adoption, since there are immigration difficulties barring such an action just now. She said the baby is going to her California home as her guest.

The Pampa Daily News, or telephone the school and contributions will be picked up.

Connally To Make Several Speeches

MARLIN — (AP) — U. S. Sen. Tom Connally says he will make a number of speeches in Texas during the Congressional recess but none of them will concern politics.

Connally has announced for re-election.

In commenting on the visit of Gen. Dwight D. Eisenhower to Washington, Connally said:

"General Eisenhower rendered gallant and distinguished service in World War II. I hope now in peacetime that he will be successful as commander in chief of the North Atlantic Defense Treaty agreement. He is exerting pressure and influence on the Western European free nations to build up their defensive strength and to carry out the program of the North Atlantic treaty."

Many Toys Needed As Potential Gifts

Many toys still are needed as potential Christmas gifts for needy children in Gray county, Herbert Denny, county vocational training teacher, said.

Denny requested last week all broken and unused toys be given the vocational training class at the high school for repair. Distribution will be made Christmas, he said.

The American Legion, Red Cross, Salvation Army and various women's organizations will be contacted soon, Denny added, for help in distribution. He urged that toys seemingly beyond repair be donated since many parts still are usable.

Those wishing to donate toys may bring them to school or

"Really, Eddie, I'm just taking Physics I again because I like physics!"

Aircraft Worker Guilty Of Rape

FORT WORTH — (AP) — A Fort Worth aircraft worker, 33, yesterday was convicted of raping his 12-year-old daughter and was assessed a 50-year penitentiary term.

He blamed his admitted alcohol drinking, claiming he picked up the habit while in an Army hospital.

"I'm sorry I did it. I'm ashamed," he told the jury.

The state asked the death penalty.

The girl told the court her father raped her several times.

But she said she still loved him. The defendant's wife, step-mother of the child, also is under a rape indictment. She is charged with aiding her husband in the assaults on the child.

The first year that rayon yarn production was recorded was 1900.

Power Pact To Join Six States Completed

TULSA, Okla. — (AP) — A public and private power pact which will join six states was completed yesterday, Southwestern Power Administrator Douglas C. Wright reported.

The rough draft of the agreement was written in a two-day session here, he said. The meeting was the second in a scheduled series of three.

The SPA and 15 private utility firms from Arkansas, Texas, Louisiana, Missouri and Kansas took part. A similar contract, under which the SPA and private companies share electric energy, was reached last year by SPA and two Oklahoma utilities.

The contract will be polished for signing at another meeting Nov. 15.

Personal To Women With Nagging Backache

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slurred-down kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache — feel miserable, minor bladder irritations due to cold or wrong diet may cause cringing up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills — solid diuretic. Used successfully by millions for over 40 years. It's amazing how many times Doan's give happy relief from those discomforts — help the 15 million kidneys and filters flush out waste. Get Doan's Pills today!

Employment Sets Record Over Texas

The number of people on jobs in Texas during September rose nearly 8000 to a new high mark of 2,660,000. The new employment figure, which does not include workers holding jobs on farms, represents the sixth consecutive month this year that all existing employment records have been shattered, the Texas Employment commission in Austin has reported.

Factory employment in September rose 1800 to an estimated 461,000, and nonfactory jobs increased 6100 to reach the 2,099,000 mark, TEC said.

The agency said that still higher employment levels during the rest of the year can be expected. After-Christmas cutbacks in trade may bring about a temporary dip in the uptrend, but the annual winter lull may be of briefer duration than usual.

Retail trade led other industries in the employment field, with the addition of some 4800 workers to employer payrolls during the August-September period. A further jump of 13,800 is expected to take place between September and November. TEC said that these changes are seasonal and fairly well follow those of 1948 — the year the agency released its first statewide estimates — and subsequent years.

Helping to augment the retail trade job increase and push September employment to a new peak was the transportation equipment industry, which includes aircraft and shipbuilding repair. The industry added 2300 workers during the August-September period, and employers in the industry forecast some 4000 more workers will be given jobs by mid-November.

Contract completions and delays reduced employment some 900 in the apparel and other fabric products industry. Textile mills suffered likewise. Mining, which includes petroleum and natural gas production, experienced its first job loss since October of last year. Employment in the industry during that month was pegged at 107,200, but by August this year it had risen to 117,800. A drop of 700 in September was the result of release of college students employed during the summer, and added seasonal influences. A further drop is in prospect. The cotton harvest drained off some 2000 farm hands from private house-

hold employment. The workers are expected to rejoin the non-farm labor force when cotton is harvested, TEC continued.

Major John Andre, British soldier, was captured behind American lines, where he had gone to negotiate an attack on West Point with Benedict Arnold in 1780, and was hanged as a spy in Tappan, N.Y.

All In A Lifetime Things To Worry About

Two Dream Of Death; Then Die
(By The Associated Press)
Two men woke up from bad dreams and met sudden death. In Fort Worth Rudolph W. Loewewitz dreamed Saturday night that he shot himself to death. He told his wife of his dream and she said to forget it.

Sunday he jumped up from a chair and announced: "I think I'll kill myself." He grabbed a pistol from under a mattress and committed suicide while his family looked on.

In Tell City, Ind., 77-year-old Nick Laurent dreamed he was crawling on his hands and knees. When he awoke he was falling out of a second-story window of his apartment. He apparently had crawled out of bed in his sleep and made his way to the window.

"It seemed like 100 years before I hit the ground," he said as he told nurses of his dream just before he died in a hospital.

Major John Andre, British soldier, was captured behind American lines, where he had gone to negotiate an attack on West Point with Benedict Arnold in 1780, and was hanged as a spy in Tappan, N.Y.

Consumption of meat in the U.S. in 1951 is expected to be about 147 pounds per person.

"Imagine the boss telling me to find time at home to write to my friends in the army, navy and marines! Not a spark of patriotism!"

Milk Fund Drive Raised To \$1242 For Needy

To date \$1242.80 has been raised in the Pampa Milk Fund drive, Ivy Duncan, drive chairman, announced Tuesday.

The drive was set up to provide milk for underprivileged children in Pampa. Lt. Fred McClure, commander of the local Salvation Army, said 89 children now are being supplied with milk. Fifteen more should be helped, and by the end of the year, the number probably will reach 120, he added.

McClure explained that the cost to supply milk to one child for a year is \$44. Cabot Carbon Co. has agreed to match contributions, dollar for dollar, up to \$3000.

Contributions may be made payable to the Milk Fund and deposited in either of Pampa's banks. The fund will be administered by McClure and his wife. Serving on the committee under Duncan are E. L. Green, Jr. and L. McClure.

ACTING PRESIDENT DALLAS — (AP) — Dr. Arthur M. Sampley, poet laureate of Texas and professor at North Texas State college, has been elected acting president of the Poetry Society of Texas.

The society also announced Monday night these other new officers:

tered by McClure and his wife. Serving on the committee under Duncan are E. L. Green, Jr. and L. McClure.

PILES' MISERY Robbing You of Pop?
The Serious Relief of Soothing Formula From Pampas Hospital

Thanks to experience with more than 70,000 cases at their famous Clinic, Thornton Minor doctors have developed a really effective soothing pile medication. Now you can buy that formula at your drug store. This "comforting" formula relieves the pain and burning that pile misery robs you of sleep and joy! Believe that nerve-shattering itch, pain and burning, this hospital-proved way. Ask for Thornton Minor ointment or ointment at drugstore—today!

LADIES!

THIS WEEK END ONLY!

NIGHT OWL JUST CALLED. JAN? THEY GOT THERE ALL RIGHT. AND NOW BEANPOLE IS MARKING HOKE'S EXAM!

I'LL STAY BY THE PHONE!

THERE'S THE HALF. FOLKS, AND A BIG HALF IT WAS FOR MIDWALE FLYING UP 1500 LEAD OVER GARDENTOWN!

ANY NEWS, JILL?

THE LAST REPORT WAS THAT BEANPOLE WAS ON THE LAST PAGE AND SMILING! THEN HE NIGHT OWL RAN OUT OF NICKELS!

THIS IS GOING TO BE CLOSE! NOW LET'S SEE. SIN A EQUALS THIRTY TOUCHDOWNS-ER, I MEAN DEGREES! CORRECT! NOW LET'S ADD IT UP!

Blondie

I CAN'T FIND THE WORD I WANT IN MY LITTLE DICTIONARY.

I'LL GET YOU MY BIG DICTIONARY.

YOU'LL FIND WHATEVER YOU WANT IN THERE.

I NEVER REALIZED THAT WORDS WERE SO HEAVY, BEFORE.

Alley Oop

WHOW! SUCH SMOKE! I'M BLINDEN A BATT I'VE NO IDEA WHERE I AM AT!

THIS HEAT! IT'S AWFUL! THE WORST I'VE FELT OH, NO! MY GOS, I'M STARTIN' TO MELT!

BEHOLD TH' STRATEGY OF NERO! NOT ONE OF TH' ENEMY HAS COME THROUGH TH' FIRE!

YES, YOUR HIGHNESS, BUT LOOK! TH' FLAMES HAVE CLIMBED TH' PALATINE! TH' WHOLE OF ROME IS THREATENED!

Bo

RUNNING AWAY FROM HOME ALONE ISN'T AS MUCH FUN AS I EXPECTED.

I WISH TRIK WAS ALONG, HE KNOWS WHERE TO LOOK FOR FOOD.

HERE'S THE POISONED MEAT SCRAPS TO FEED THOSE RATS.

THANKS, JOE.

IF WE DON'T GET RID OF SOME OF THOSE PESTS, FOLKS WON'T TIE UP THEIR BOATS AT OUR DOCK ANY MORE.

Ozark Ike

A DANDY DAY FER FOOTBALL, OZARK... THINK WE'LL BEAT THEM VULTURES?

NOTHIN' KIN WILDCATS, DINAH...

...CEPT THAT! THOMPKINS, OUR OWN MASCOTS?

A-STRUTTIN' RIGHT ACROSS OUR PATH!

OH, NO, HE AIN'T! 'CAUSE WE'RE GONNA OUTFIGHT TH' RASCAL BY TURNIN' BACK AN' GOIN' IN THRU ANOTHUR GATE!

Buzz Sawyer

MR. SAWYER, I'D LIKE TO EXAMINE YOUR CREDENTIALS.

AND WHO ARE YOU, SIR?

PERHAPS THIS POLICE BADGE WILL EXPLAIN.

OH! A DETECTIVE!

WE'VE BEEN WATCHING YOU, HMM! PASSPORT SEEMS TO BE IN ORDER. NOW, IF YOU PLEASE, YOUR PERSONAL PAPERS.

AND MAY I ASK WHY? I'LL ASK THE QUESTIONS, SAWYER! COME, YOUR PERSONAL THINGS - YOUR WALLET!

Chris Welkin

THAT'S NO METEOR ON THE VIDEO-MAGNIFIER, DR. WILLIAM J.Q. BUDD! AND IT COMES FROM OUTER SPACE! PROOF THAT MAN ISN'T UNIQUE IN CREATION!

CHEMICAL REACTIONS ARE THE SAME AS FAR AS OUR TELESCOPES PROBE! WHAT'S FUNNY ABOUT ORGANIC EVOLUTION FOLLOWING THE SAME LINE EVERYWHERE?

DOUBLE PHAM! MAN STANDS ALONE! THE SU-PREME ACHIEVEMENT OF CREATION! LET US NOT UNDERRATE OURSELVES!

SOMETHING ELSE! MOVING TOO SLOWLY FOR A METEOR, DOC! IT'S SOME SORT OF A MISSILE!

EVERYTHING YOU SEE IS A SPACE SHIP!

Mutt & Jeff

CERTAINLY THE GOVERNMENT IS ALWAYS LOOKING FOR NEW IDEAS!

GOOD! I'VE BEEN WORKING ON ONE!

WHAT'S THAT?

I HAVEN'T GIVEN IT A NAME YET, BUT IT'S A BRAND NEW IDEA!

WHAT DOES IT DO?

NOTHING! BUT IT DOES NOT USE ANY GAS OR OIL, AND I CAN SAVE ALL THAT MATERIAL!

WELL, WHAT GOOD IS IT IF IT DOESN'T DO ANYTHING?

I DON'T KNOW, BUT IT'S A NEW IDEA AND I CAN ALWAYS IMPROVE ON IT - MAYBE!

Bugs Bunny

HEY, SYLVESTER! WATCH WHERE YER GOIN', YA SILLY FELINE!

CRASH!

SYLVESTER, WHERE ARE YA ALL RIGHT?

I'M MORE THAN ALL RIGHT, GUVNOR...

I'M IN PARADISE!

PINN A HADDE FISH CO.

Donald Duck

IT'S GRANDMA AND GRANDPA! THEY'RE HERE!

OH, MOTHER! IT'S SO GOOD TO SEE YOU!

YOUR FATHER SOLD THE BRICK YARD! HE'S FINALLY RETIRED!

THE POOR MAN WORKED HARD ALL HIS LIFE! FROM NOW ON I WANT HIM TO HAVE IT EASY!

JUST TAKE THEM UPSTAIRS, DEAR!

OUR BOARDING HOUSE

WHAT HAPPENED? YOU WENT TO SLEEP WITH A LIGHTED CIGAR IN YOUR MOUTH, THAT'S WHAT!

IF I HADN'T HAPPENED IN, YOU AND THAT PRAIRIE GRASS ON YOUR CHIN WOULD HAVE GONE UP IN SMOKE LIKE CHICAGO!

EGAD! COULDN'T YOU HAVE SMOTHERED IT GENTLY WITH A TOWEL, INSTEAD OF POURING A NIAGARA FALLS INTO MY FACE?

TRUST A WOMAN TO MAKE A BIG FUSS ABOUT UM! IS IT STILL SMOLDERING?

CAREFUL! WANT ANOTHER DOSE?

HAW! THAT GUY ALMOST HAD YOU, DIDN'T HE? NOW HOW YOU GOIN' TO GIT RID OF SUCH A TOUGH CHARACTER?

WELL, YOU PINCH HIS ARM AFTER AWHILE, AN' IF HE DON'T HOLLER, IT'S ASLEEP! THEN I'LL GO OUT AN' GIT RIDDA HIM!

Vic Flint

THE PRIVATE EYE AND THE MYSTERY WRITER, DISCUSSING THE PERFECT CRIME! HAW! HAW! HAW! WHO SAYS THERE CAN BE.

BUT FLINT AND I AGREE THERE ISN'T ANY PERFECT CRIME, SPORT. YOU'RE THE ONE WHO SAYS THERE CAN BE.

WELL, LET'S GO HAVE OUR CHAT, HAW! SO I CAN GET BACK TO MY HOT STOVE.

WHILE YOU TWO ARE GONE, ONE OF YOU MIGHT THINK OF A PERFECT CRIME TO PULL ON THE OTHER.

THAT'S A GOOD! SURE! I'LL FLIP TO SEE WHO'S WHO! HAW! HAW!

AND WE'LL LET YOU DECIDE IF THE CRIME REALLY WAS PERFECT!

Little Doc

GOLLY, CINDY, YOUR COMPOSITION ON "THE DOG IS EXACTLY THE SAME MINE"

HOW DID THAT HAPPEN?

IT'S THE SAME DOG!

Wash Tubbs

SAILING HEADLINE, NEXT DAY!

I'M SORRY, ARABELLA, BUT THESE ARE THE ONLY GREEN HANDS AS CREW, MISS OAKES!

WE CAN'T SAIL WITH A COUPLE OF WHARE KATS, AND TWO GREEN HANDS AS CREW, MISS OAKES!

BUT I CAN'T AFFORD TO CANCEL THIS CRUISE. WE'VE GOT A LOAD OF VOYAGING DUDES BOOKED TO SAIL!

DIDN'T YOU SAY TO CANCEL THIS CRUISE, THEY PRETEND TO BE PART O' THE CREW ON THOSE TRIPS? WHY NOT ACTUALLY USE 'EM TO HELP THIS TIME?

YEAH! THEN WITH MISS OAKES AS FIRST MATE AN' GINGER BUNCE IN COMMAND, WE'LL BE ALL SET!

THE GERTIE B. OAKES WILL SAIL ON SCHEDULE, MR. BUNCE... EVEN IF I HAVE TO GO ALONE!

Boots

JUG! HELP YOURSELVES, BOYS!

M-M-M, Y'BAKED ALL THIS FER US, DOLL?

WOOF!

OH, OH! TH' FRONT DOOR BELL!

Y'HEARD TH' LADY, DOG-FACE! SEE 'TIS!

Mickey Finn

WHAT'S PHIL GOING TO CALL THE BOOK, CLANCY?

HE'S GIVING IT A VERY TRICKY TITLE, SCHULTZ, -TO CATCH THE EYE OF WEEK-END GOLFER! HE'S CALLING IT "A 65 ON SATURDAY."

HA! HA! HEUGHT TO WRITE ANOTHER ONE - AND CALL IT "163 ON SUNDAY."

YOU SAID IT! THAT PUBLISHER MUST'VE BEEN HIT BY A CAR RECENTLY - OR FELL OUT OF BED ON HIS HEAD!

WHAT'S THE BOOK GOING TO SELL FOR, PHIL?

\$3,000 A COPY! AND MISSULLAN, THE PUBLISHER, THINKS THE FIRST EDITION WILL BE SOLD OUT BEFORE CHRISTMAS!

YOU'RE NOT LIKED YET, DEAR! THE SHERIFF'S BOOK WILL MAKE A BIG PROFIT, WON'T IT?

HELLIE - I'M GOING TO TELL YOU THE TRUTH - ABOUT THE SHERIFF'S BOOK!

Penny

PENNY I DON'T LIKE YOU TO GO TO SCHOOL DRESSED LIKE THAT.

WHAT'S WRONG WITH IT I'D LIKE TO KNOW?

IT'S BAD TASTE, IT'S PRACTICALLY ALL WE HAVE AT SCHOOL THIS YEAR.

WELL, MOTHER, ADOLESCENTS AND JUVENILES ARE PRACTICALLY ALL WE HAVE AT SCHOOL THIS YEAR.

HONESTLY SOMETIMES I'D LIKE TO SHAKE HER UNTIL HER - OH, WHAT'S THE USE?

Freckles

SOMETHING TERRIBLE'S HAPPENED, LADY!

YEAH, I KNOW! IT HAPPENED LAST NIGHT!

I MEANT TO RETURN ALL YOUR THIRP TAGS THIS MORNING - BUT I'VE LOST ONE!

HOLY SOCKS! THE FULLEST ONE, TOO!

THIS IS SIMPLY FRIGHTFUL! BUT I HAVE AN IDEA HOW TO PUT YOU AHEAD OF MORBID MORTON!

IT BETTER BE GOOD! I'M SO FAR BEHIND, EVEN THE 8-BALL IS OUT OF SIGHT!

Donald Duck

SOMETHING SHOULD BE DONE ABOUT THAT!

AND I'M GONNA DO IT!

DONALD DUCK!

THERE YOU ARE GOOD FOR ANOTHER 3 HOURS!

RECORD NUMBER OF PRISONERS—Gray county yesterday sent the largest number of prisoners to Huntsville at one time in more than 10 years. Sheriff Rufe Jordan and Deputies Shirley Nickols and Buck Haggard loaded six on board a prison wagon. The county's prisoners were joined by one from Potter County and seven from other points in the Panhandle, making a total of 14 sent yesterday. They are shown above as they were being led from the court house here onto the truck. (News Photo)

Rayburn To Speak At Dedication

BONHAM — Veterans administration center, a modern "old soldiers home" will be dedicated here Sunday by Speaker Sam Rayburn and two top men from the veterans administration in Washington. The center consists of a group of 12 buildings, including a 50-bed hospital and living quarters for 288 domiciliary patients. Guest speakers besides Rayburn will be Vice Admiral Joel T. Boone, the VA's chief medical director, and Gen. Carl R. Gray Jr., administrator of veterans affairs. Some patients already have been admitted to the center. An open house will be held at the center from 2:30 to 5:30 p.m. Ceremonies begin at 1:30. Visitors will be allowed to tour buildings and grounds. The contract price for the 12-building installation was \$4,400,000 with \$1,000,000 going for equipment. The 104-acre tract was bought for \$250,000. The center will employ about 175 persons with an estimated annual payroll of \$750,000.

PERMANENT (Continued from Page 1) board of regents was authorized to invest part of the permanent fund in building bonds. Two years later, in 1932, the amendment was repealed and limited investments to bonds of the United States and civil sub-divisions. However, donations "limited to specific purposes" were included in the amendment. The amendment's supporters also point to what other colleges are doing throughout the United States with their permanent funds and endowment funds using 15 well known colleges and universities as examples. These include the universities of Pennsylvania, California, Washington, Yale, Harvard, Johns Hopkins, Brown, Princeton and others. They contend that these schools have realized a higher yield on investments than has the University of Texas and Texas A&M through government bonds. They further argue that interests on bonds has consistently decreased during the past years. But opponents agree that the increased revenue to the schools' operating funds would be improved but point to the market procedure of pay-off in case of failure or bust — the common stockholder is the last to be paid if there is anything left. Income from the permanent fund after fund administration expenses are deducted are divided by law between the University of Texas and Texas A&M; the former receiving about two-thirds and the latter approximately one-third. The two schools have also pledged a substantial portion of the income to meet interest and principal requirements on \$15,000,000 par value bonds issued in 1949 to construct permanent buildings and improvements on the two campuses. So there lies the gamble — continue with a moderate income with the greatest possible safety for the permanent fund or increase income at the risk of possibly losing part or all of the principal at some future date.

Two Fined \$350 For Transporting Liquor Two persons were fined \$350 and costs in county court yesterday on charges of transporting liquor in a city area. They are Carrie F. Lewis who was fined \$250 and costs, and Corfield Riley, fined \$100 and costs. The former previously has been fined on a similar charge.

Rites Today For Ray Baumgardner

WHEELER — (Special) — Funeral services for Ray Baumgardner, Fort Stockton, husband of a former Wheeler resident, are to be held today in the Baptist church in Fort Stockton.

Baumgardner was killed when he attempted to bail out of his light plane Tuesday morning after the plane developed flight difficulties. His parachute caught on the plane and they crashed together.

He was president of the Fort Stockton Air Field and had been flying aircraft for 30 years. He was an instructor in the Air Force during World War II at the Tulsa base.

Survivors include his wife, Doris, and one daughter, Nancy Ray, 9. Mr. and Mrs. Percy Farmer, Mr. and Mrs. Cecil Bailey and Mr. and Mrs. Lowell Farmer, all of Wheeler, are in Fort Stockton for the funeral. Mrs. Baumgardner's parents, Mr. and Mrs. J. L. Bailey, live in Wheeler.

Election Slated By OU Alumni Saturday

Election of 1952 officers will be held at a meeting of the North Plains Oklahoma university alumni at Bunavista Saturday. The 1951 O. U.-Colorado homecoming film also will be shown. All alumni are urged to attend the meeting in the Bunavista cafeteria at 8 p.m. The capital of the Hashemite Kingdom of Jordan is Amman.

Rotary Hears Explanation Of Driver's Responsibility Law

Pampa Rotarians yesterday heard the new driver's responsibility law explained by Patrolman Bill Wells, representing Capt. Polk Ivy of the Amarillo district office of the Texas Highway patrol.

Wells told Rotarians the law does not make insuring a vehicle mandatory, but said the provisions setting up driver responsibility make it the next thing to compulsory insurance. Drivers involved and found to be liable in an auto wreck where there is a death, injury or property damage, can have their drivers and registration licenses revoked by the state until they are released from liability by settlement, agreed contract, or civil court action, the patrolman said.

Wells said many wrecks are caused by persons irresponsible both financially and in attitude of driving, adding that the new law will help a great deal to keep that type of driver from the highway. From a statistical standpoint the young patrolmen quoted

White Deer Civics Class Has Program

WHITE DEER — (Special) — In observance of American Education week, the civics class taught by David Grayson will present an assembly program at 2:15 p.m. Friday in the Methodist church.

NEW TRIAL DENIED (CANTON) — (Special) — The murder conviction of U.S. Denny was heard today for the court of criminal appeals after a motion for a new trial was denied yesterday by Judge A. A. Dawson. Denny was convicted Oct. 18 of the shooting of Steve W. Bolt, 80, George Dickson, 41, and Ben Taylor, 59, were killed in the same shooting, which occurred June 12. Denny was assessed a life term for the month of November.

modern school; Lavelle Rhoades, the budget for the local schools and Billy Hill, a comparison of the local school with those in other states. Barbara Lewis will serve as chairman. Other members of the class have made posters and cartoons illustrating the topics for discussion. Read The News Classified Ads

Three Men Are Fined

Three men were fined a total of \$45 in corporation court today for traffic violations. Fines for reckless driving were levied on Russell H. Hayden who paid \$25 and John J. Shannon, \$15. William T. Pierce was fined \$5 for driving without an operator's license.

EAT PLENTY AND TAKE OFF UGLY FAT

Many people have reported amazing results with this home recipe. It's easy—no trouble at all and costs little. Just go to your drugist and ask for 4 ounces of liquid Barcostrane. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take two tablespoonful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain pounds and inches of excess fat don't just seem to disappear almost like magic, from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back.

Lost 39 Pounds "I was really happy and surprised with the results of liquid Barcostrane," says Mrs. Lillian Flowers, 214 Burnett St., San Antonio, Texas. "I have lost 39 pounds and feel so much better and look 10 years younger."

Lost 15 Pounds "Mrs. D. C. Baker, Box 81, Bryan, Texas, writes us as follows: 'I weighed 215 pounds when I commenced to take Barcostrane. After one month I have lost 15 pounds and am going to continue taking it until I am down to 160 pounds. I have several of my friends taking Barcostrane and they are losing weight also.'
