

West Texas near zero over snow cover in the Panhandle. Saturday fair and not so cold.

VOL. 50—NO. 180

Circulation Certified By ABC Audit

Blanket Of Snow Deepens Over Area

The Panhandle's blanket of snow deepened last night and temperatures skidded dizzily in Pampa and over the area. The snow was setting something of a record, according to area old-timers. It is one of the deepest this early in the year. More than an inch fell here. Temperatures dropped to 13 degrees at 7 a. m., from the 26-degree high reported yesterday. At 10 a. m. the mercury stood at 20 degrees, and was still rising. Snow depth varied over the area. Wheeler gauges measured up to three inches of snow. Shamrock had about one and a half inches; McLean had the same and in Canadian, two inches was recorded. Temperatures set the same pace in the area as it did in Pampa. Shamrock had a low reading of 18 degrees at 7 a. m. today, according to Burl Tolson, Irish weatherman. Canadian had 13 degrees and Wheeler and McLean registered temperatures in the same range. The huge beautiful white blanket, stretching over the Panhandle, South Plains and into some areas of the Upper River valley, was relatively dry. Pampa's moisture was about .05 of an inch. Some portions, around Guyton, Okla., in the Oklahoma Panhandle, reported snow up to seven inches. Perryton had five inches. Traffic was slowed considerably and many football games in the Panhandle were either being postponed or game time was being set ahead. All roads were dangerously slick late yesterday and early today. Buses were running late today because of hazardous road conditions from Tucuman west and from Oklahoma City east. Bus officials here said they could maintain schedules between Pampa and Amarillo and between Pampa and Oklahoma City. The early-morning flight by Central Airlines didn't get down at Pampa. Flight 31, scheduled to arrive here about 7 a. m., continued on to its next stop at Woodward, Okla. agents, however, said all subsequent flights would make their landings here and be on schedule. At least three Panhandle football games are due schedule change. Wheeler set up its homecoming game with Panhandle to 2:30 p. m. rather than at the previously scheduled 7:30 kick-off. All field activities such as queen crowning and band demonstrations are called off. Canadian and Clarendon are playing their game at 2:30 p. m. tomorrow. It was slated to be played tonight. Shamrock was still deliberating (See BLANKET, Page 2)

'LAST ROSE'—Yesterday's sudden snowstorm and cold caught flowers as unprepared as it did many humans. Virtually 'the last roses of summer' were caught by the cameraman as they strived to maintain a summer air at the Warren Hassel home.

1952 Presidential Campaign May Hinge Upon Ike's Return

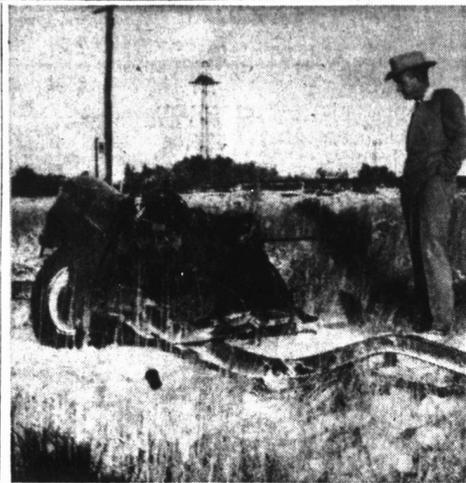

crats may vie with Republicans for the political ear of Gen. Dwight D. Eisenhower on his return to Washington next week. An announcement by Senator Duff (R-Pa) that he expects to talk to Eisenhower during his visit about the 1952 Republican Presidential nomination brought a statement by Senator Olin D. Johnston (D-SC) that he would like to discuss the Democratic nomination with the general. And all this prompted Senator Kefauver (D-Tenn) to tell a reporter he thinks Eisenhower's name might go before both conventions unless the general makes some direct statement of his political affiliations in the interim. Johnston said in an interview that previous conferences he has held with the general have left the impression with him that Eisenhower "is more of a Democrat than a Republican."

President Proclaims Thanksgiving Day

WASHINGTON (AP)—Formally proclaiming Nov. 22 as Thanksgiving Day, President Truman yesterday called on his fellow Americans on that day to "seek divine aid in the quest for peace." "Our hearts impel us, once again in this autumnal season, to turn in humble gratitude to the giver of our bounties," Mr. Truman said. "We are profoundly grateful for the blessings bestowed upon us: the preservation of our freedom, so dearly bought and so highly prized; our opportunities for human welfare and happiness, so limitless in their scope; our material prosperity, so far surpassing that of earlier years; and our private spiritual blessings, so dearly cherished by all. For these we offer fervent thanks to God." Congress in 1941 specified that Thanksgiving day fall annually on the fourth Thursday of November.

... It didn't taste that way to me—you sure the News Want Ad said it was a cinnamon bear.

TANGLED WRECKAGE — Two halves of the late model automobile were twisted bits of metal after an east-bound freight split it in two this early morning at the Humble crossing, two miles west of town. Driver Bobby Baker and his passenger, John T. Hollis, leaped from the 1950-model car an instant before the train struck and dragged the remains a half-mile. At left is the front portion left lying about 100 feet from the intersection. At right is the other half dragged inside the city limits. Neither of the occupants was injured or required hospitalization. This is the second train-car wreck at the crossing in less than 60 days. (News Photo)

Jury Convicts Western Union In New Jersey

BRIDGETON, N. J. (AP)—A jury has convicted the Western Union Telegraph Co. and its local office manager of maintaining a disorderly house where persons placed bets. The huge communications firm issued a statement immediately after its conviction yesterday that it would appeal the decision, which may affect laws governing the interstate transmission of messages. It took the seven-man, five-woman Cumberland county jury six and one-half hours to find the company and its Bridgeton office manager, Charles H. Frake, guilty of the charges. Western Union faces a possible maximum fine of \$1,000 and Frake a \$1,000 fine or three years in prison, or both.

Two Escape Injury As Automobile Demolished By Train At Crossing

The Humble crossing two miles west of Pampa claimed another automobile early today when an east-bound freight ripped a late model car in half and dragged portions for as far as half a mile. Driver Bobby Baker, 725 N. Sumner, leaped to safety an instant before the freight struck, then watched as it tore into his car, throwing off portions until it ground to a stop a half-mile down the track. Neither Baker nor his passenger, John T. Hollis, 731 N. Sumner, was injured in the accident which occurred shortly after 7 a. m. today.

Fine Levied After House Hit With Car

Clifford Gifford, Hoover, pleaded guilty in county court yesterday to a charge of aggravated assault and was fined \$8.00 and sentenced to 30 days in county court. Gifford allegedly drove his car into the side of an apartment house at 323 S. Russell near the room in which his wife was spending the night. The Giffords were reported having marital difficulties. Mrs. M. L. Smith, manager of the apartment, said, "No one was injured by the crash but the house was badly damaged."

Soldier Aids In Test Of Atom Bomb

LAS VEGAS, Nev. (AP)—Radio Active Joe, America's first atomic test soldier, brushed himself off, grunted his chattering teeth, and cracked: "H—hell, Mac. Maybe this thing ain't so bad after all. That Army spokesman are correct. It might be the consensus of the pioneer nuclear shock troops jolted in Exercise Desert Rock yesterday. Joe's own story of life with the A-bomb is slated to be told in part, anyway, at a news conference today. A dozen or more front line soldiers will tell what it was like to be within 10 miles of the powerful blast, through the surrounding desert and mountains, and broke seven store windows in Las Vegas, 75 miles away."

Thief Gets \$200 At Bus Company Office

About \$200 was stolen from the Pampa City Bus Co., 609 W. Wilks, about 9 p. m. last night, Police Chief John Wilkinson said this morning. No arrests have been made. Wilkinson said but one person is under suspect. This person is reported to have left town yesterday morning but could have returned last night, he added. The money was contained in several small money boxes which were found open by bus employees this morning. Report of the theft was made to police about 7 a. m. Entrance was gained through a window on the north side of the building, officers said.

Elizabeth, Philip End Visit; Leave Today On Return Trip

WASHINGTON (AP)—A tired but still smiling Princess Elizabeth and her bouncy husband Philip wind up their whirlwind visit to Washington today. A fast round of eightseeing, a call at the White House to leave bread-and-butter presents with President Truman, and then they're off to Montreal by plane (about 12:30 p. m. CST) on the first leg of their journey back to Britain. Since they came late Wednesday afternoon, Elizabeth and Philip had been wined and dined, stared at, cheered, shaken by the hand, photographed so intensively that they've hardly had time to catch a few winks of sleep in their Blair House bedrooms. It's no wonder if the world's most glamorized couple feel like two thoroughly bushed young people who would like nothing better than to get home, sleep for a week and relax with the kids. They were alert and attentive to everybody, however, at yesterday's big event—a British embassy reception that brought out all the Capital's social lions and lionesses, along with a sprinkling of non-headline folks, and turned out to be the most glittering affair in many a moon. "It was enchanting—perfectly enchanting!" was the breathless verdict of a leading authority—Mrs. Morris Cafritz, who ranks as Washington's No. 1 hostess. Another guest, Mrs. Hiram Cole Houghton, president of the 2,000-member General Federation of Women's clubs, said she didn't see how their royal highnesses did it: "They were so casual and friendly that I couldn't help watching to see if they acted the same with the next 500. They did. The Princess kept right on being sweet and the duke had a personal word for everyone—he'd bend down and ask each lady about a pin or something." Some 2,000 persons trooped into the big brick embassy—supreme court justices, senators, republican (See ROYAL, Page 2)

Commissioners Will Study Hangar Offer

County commissioners late yesterday afternoon tabled for further study the possibility of obtaining a 130 by 160 foot airplane hangar from Eau Claire, Wis., at a price of \$27,500. Commissioners have already budgeted \$12,000 for repair of one runway and installation of lights at the northwest field in the 1952 fiscal year. Another \$30,000, set up for a road leading to the port, cannot be transferred because that money has been allotted to the lateral road fund. Commissioners said they are reluctant to touch the \$42,000 set aside for runway repair because they are in hopes it will be matched by federal funds next year. Also tabled was a proposal by the Davis Electric Co. to rewire and increase illumination of the county clerk's office, Frank Hunt, manager of the electric company, told commissioners the lighting system in the clerk's office is below (See HANGER, Page 2)

'Taint So,' GOP Says Of Claim

WASHINGTON (AP)—President Truman's claim that the truth is the Democratic party's best weapon drew this retort from Chairman Guy Gabrielson of the Republican National committee: "The people know the truth and are prepared to turn to the Republican party for leadership." Mr. Truman made his challenge in a letter of congratulation Wednesday to newly elected Democratic National chairman, Frank E. McKinney. Gabrielson countered in a statement last night.

WINTER FUN — While motorists and other travelers grumbled yesterday at slippery streets, Leo kids took quick advantage of the first snow of the season and broke out sleds. More than an inch of snow that soon became glazed, provided some good sledding for youngsters like L. D. Steele and Marilyn Steele who are shown as they prepare to take off downhill at city park. (News Photo)

Reds Press Allies Balk At Ultimatum

MUNSAN, Korea (AP)—Red truce negotiators pressed Allied delegates today to accept the Communist proposal for a cease-fire buffer zone across Korea—but balked at issuing an ultimatum. Brig. Gen. William P. Nuckols, United Nations command spokesman, said the Communist subcommittee at Panmunjon urged the Allies to give up their demands for Kaesong and accept the Red line. Maj. Gen. Henry I. Hodes, head of the UN subcommittee, asked the Reds if they were issuing an ultimatum. "They refused to answer directly," Nuckols said, "and were evasive, saying that sincerity was necessary on both sides." Two meetings during the day wound up with "no progress." They agreed to try again at 11 a. m. Saturday (8 p. m. Friday CST).

Forces Clash In War Area

U. S. EIGHTH ARMY HEADQUARTERS, Korea (AP)—Allied Jets and 113 Communist MIGs clashed today in three flashing actions over Northwest Korea. The Fifth Air Force said one Red Jet was shot down and two were damaged in the sudden renewal of air combat. It said all the allied planes returned to their bases. In the first action, 24 F-84 Sabre Jets tangled with 44 MIGs. Lt. Col. George L. Jones, Vero Beach, Fla., and Lt. Richard A. Pincoski, Salamanca, N. Y., were credited with the kill. Sixteen Royal Australian Air Force Meteors took on 25 Russian-type MIGs in a second action. Communist MIGs ranged all the way from the Yalu River boundary to the North Korean capital of Pyongyang. Just north of the capital, they made an unsuccessful pass at a flight of F11 Mustangs piloted by South Africans. In another action near Anju in Northwest Korea, 49 MIGs jumped an escort flight of Sabres and then whooshed over the Yalu to their Manchurian sanctuary. There was no report of losses to either side. The Fifth Air Force said its bag of MIG jets now stands at 22 destroyed, 22 probably destroyed and 23 damaged. B-29 Superfort Gunners have accounted for additional Communist jets.

Tax Investigation Brings To Light Oil Lease Speculation

WASHINGTON (AP)—Widening the federal tax gathering service has produced, as a side-line, an acknowledgement by a high government official that he and another officer speculated on an oil lease. Jess Larson, head of the General Services Administration (GSA), said last night that he and Theron Caudle, assistant U.S. attorney general in charge of income tax fraud prosecutions, were associated in the oil deal. Larson said both he and Caudle lost a little money on the deal. Larson denied, however, that three other men—one a gambler and another with an arrest record in Pittsburgh—were in on the venture. The probe into the outside activities of collectors of internal revenue spread to the Dept. of Justice yesterday when Caudle was called into a closed-door meeting of the investigating House Ways and Means subcommittee. The Justice Dept. official had disclosed that he made an expense-paid trip to Italy last summer to give legal aid to two American wine merchants with financial interests there. Newspaper accounts of Caudle's oil investments had mentioned the names of Frank Na-

Two Vehicles Are Damaged

An accident involving two vehicles yesterday at West Kingsmill and Gray resulted in \$345 damage, police estimated. Involved were Dora Forde Thomason, 1109 Duncan, and Lester Aubrey Jones, 601 E. Foster. Police said Mrs. Thomason was making a left turn off Gray onto Kingsmill when her car collided with the Jones auto going west on Kingsmill. The intersection is bad, officers said, since cars parked in the vicinity obscure vision from both ways. No arrests were made.

No Changes In Absentee Voting

Absentee voting in the Nov. 13 constitutional amendments election showed no change by 11 a. m. today with only three votes cast to date in the office of County Clerk Charlie Thut. Voters expecting to be out of the city on election day have until midnight, Nov. 9, at cast their ballots or mail them to the county clerk's office.

Too Late

LINCOLN, Ill. (AP)—Jack Bushnell ordered some Bavarian china in 1945 while he was on war duty in Germany. He paid \$90 for it and was promised delivery in "a year or so." Jack wanted the china as a gift for his mother. However, she died in 1946.

Mainly About People

Mr. and Mrs. Wes Matlock went to Lubbock today to attend the football game.

The Morgan's fryers, 3 or 3 bedroom furnished house needed by 3 adults. Can furnish references. Call 1100 before 12 noon, or 2824J afternoons.

For Sale, used hot water heater, Montgomery Ward refrigerator, office desks, chairs and used lumber. Inquire Pampa News.

Young lady wanted, full time employment. Must take shorthand and be good typist. Pleasant working conditions, good salary. Apply in person between 2 and 4 p. m. to John R. Kinard, Pampa News.

Southern Club open 1 p. m. daily. Among the Pampa people who left today for the Lubbock game were Mrs. Kay Fancher and Misses Billie Pulliam and Anna Merle Cox.

Reserial services Oct. 28 through Nov. 4. Lefors Methodist Church, Rev. W. H. Marshall, Sonora, Texas, conducting services beginning 7:30 each eve.

If you fail to receive your Pampa News by 6:00 p. m. call No. 9 before 7:00 p. m.

Miss Helen Dunlap and Miss Ruby Potts, Gray County Home Demonstration agents, and Foster Whaley and Bill Goldston, Gray County agents, are in Amarillo today to attend the District 1 meeting of extension agents.

Rummage sale Sat., Nov. 3, Wayside Home Demonstration Club, 514 S. Cuyler's.

W. F. Lofke, Miami, who broke his hip Monday afternoon in a fall in his garage, underwent surgery Wednesday morning. He is resting easily in Worley hospital today.

Dance Sat. nite Southern Club Canadian Valley Boys Orchestra.

Two local men, Harold Henson and Frank Junior Hudgel, pleaded guilty and were fined in county court yesterday on charges of driving while intoxicated.

Henson was fined \$250 and Hudgel \$18.05 along with a sentence of 60 days in county jail. Both were picked up by city police Wednesday night.

Mary Marlin's Heart Belongs To London Now

LONDON—(AP)—Mary Marlin's heart belonged to London today. She washed the irritating old memory of a "Pacific" flop right out of her curly hair with a smashing success in the London opening of "South Pacific."

Miss Marlin tried to carry Noel Coward's musical, "Pacific 1860," nearly five years ago in London. It flopped.

But last night she came back to an enchanted evening and waves of applause for her starring role in the Richard Rodgers-Oscar Hammerstein II show. She said her reception topped even her New York opening night triumph in "South Pacific."

The audience wouldn't let her go until she let them join her in singing a final encore of "I'm Gonna Wash That Man Right Out of My Hair."

Coward was among the celebrities of the British stage who thronged her dressing room. The procession of congratulatory stars predicted "South Pacific" can stay on at the huge Drury Lane theater as long as its producers want to keep it open. It already is sold out for six months.

"I'd love an audience like that every night," the 37-year-old Texan said. "It's the biggest thing that ever happened to me. I hope I can stay in London a long, long time."

Leading roles in the show all are sung by Americans.

Wilbur Evans, singing the French planter's part first done on Broadway by Ezio Pinza, won prolonged applause. So did Muriel Smith as Bloody Mary and Ray Walston as Luther Billis.

Elizabeth and Philip received the guests in front of a marble fireplace in the yellow and white marble paneled ballroom. With them were the British ambassador, big general Sir Oliver Franks, and Lady Franks.

The Princess surprised all the ladies present by appearing in the same outfit she'd worn all day, for wreath-laying at George Washington's tomb and the tomb of the Unknown Soldier, and for a diplomatic reception in the Canadian embassy.

It was a slate blue silk gown with pearl necklace and a diamond brooch. She wore a feather hat and open-toed black pumps. Philip had changed from his naval lieutenant's uniform to a dark blue civilian suit.

Margaret Truman, one of the early arrivals, wore a dark blue frock under a pink cape, and a small blue hat.

Her appraisal of the party: "It was beautiful—simply beautiful."

Lions Hear Problems Of Alcoholism

"Alcoholism is a disease. To cure it one must have a will to live, faith it can be cured and must affiliate with a treatment."

22-year-old Horace Fort, representative of the Wraga foundation, Austin, to Lions club members at a weekly luncheon yesterday.

Fort expressed a desire in getting business groups interested in the seriousness of alcoholism.

"Although it is a little known subject it is a disease affecting four million people in this country—480,000 of whom are women," he said.

He added it is important to realize three things about alcoholism: It is a disease, it can be cured and since it affects the health of people it is a public health problem.

"Fort said the disease is a waste of social and economic value. "Fifty percent of juvenile delinquents come from homes where it is prevalent, and families must realize this."

"Alcoholics Anonymous is one organization that aids in the cure," he said. "Here the alcoholic is no longer alone and feels like he belongs. Knowledge is the answer to the problem. No alcoholic is hopeless."

Vivian Brake, daughter of Mr. and Mrs. W. Brake, 606 N. Sumner, was named sweetheart of the Lions club for November.

Cretney's Drug Will Celebrate 16th Anniversary

In celebration of the 16th anniversary of Cretney's Drug store, 110 1/2 N. Cuyler, food mixers will be given away each day from now until Monday, Huston Deford, manager, has announced.

To be eligible a person need only register, he said. Balloons also will be given away during the anniversary.

Deford has been manager of Cretney's about six weeks. For the past year he has worked in Cretney stores at Amarillo and Plainview. In 1935 he was graduated from the Oklahoma University Pharmacy school.

standard. A sensitive light meter used in the clerk's office showed a five candle power rating when the minimum for efficiency is

30 candlepower, Hunt said.

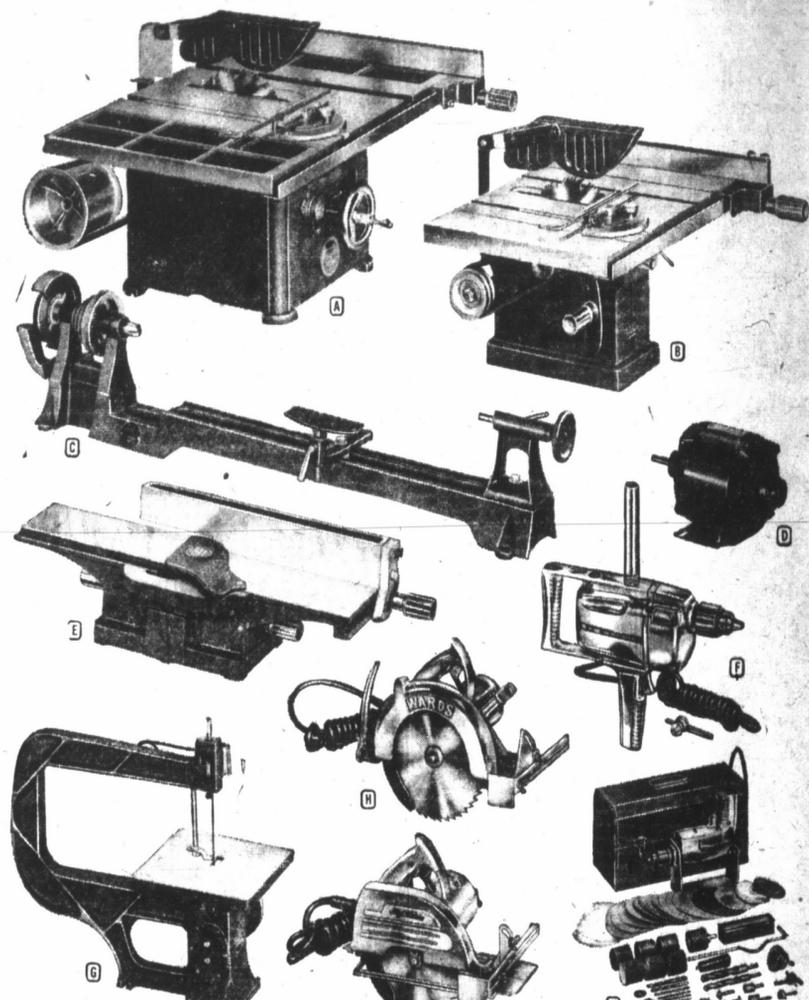

PROPOSED CHANGES

Hunt, with several other electrical men, showed commissioners several proposed changes in the lighting system that would increase room brilliance. Earlier, commissioners awarded

a contract to West Texas Equipment Co., Amarillo, for a tractor to be used in precinct 4 at a net cost of \$6,400. The tractor was priced at \$11,810 with a trade-in allowance of \$540. The other bid was entered by Plains Machinery Co., Amarillo. A contract for another tractor, to be used in precinct 1, was awarded to Plains Machinery Co. at a net cost of \$7,750. The price was \$11,750 but the company allowed a \$4,000 trade-in on the old machine.

Canadian Band In WTSC Homecoming

CANADIAN — (Special) — Canadian High School's Wildcat band went to Canyon Saturday, for the West Texas State college homecoming. The band marched in the homecoming parade and participated in the mass band performance at the half of the West Texas-Raidin Simmons football game. The Buffalo band was joined by eighteen Panhandle high school bands in this production.

Churchill Gives Post To Eccles

LONDON — (AP) — Prime Minister Winston Churchill chose Economist David Eccles today to be minister of works. Eccles, 47, is one of the most outspoken leaders of the young progressive group in the Conservative party. His new job is one of the lesser ministerial posts. The ministry supervises construction and maintenance of public buildings.

Canadian Endeavor Sponsors Box Supper

CANADIAN — (Special) — Senior Christian Endeavorers of the First Christian church, Canadian, sponsored a box supper and Halloween party Monday night in American Legion hall. Thomas Gray, pastor of the church, served as auctioneer. Games were played during the evening. Products from the sale of the boxes went to the organization's movie projector fund.

Plan To Sell Oil Crisis Afoot

WASHINGTON — (AP) — The United States is planning a major effort next week to produce a settlement in the British-Iranian oil crisis.

Prime Minister Winston Churchill's new Conservative government may be asked to send a high level British team here to undertake formal negotiations with Iranian Premier Mohammed Mossadegh. Kasem Hassibi, Mossadegh's chief expert on nationalization of the huge Anglo-Iranian oil company's holdings, arrived in the United States today on special summons from the premier. It was understood that American officials are prepared to tell Britain's Foreign Minister Anthony Eden that in their view the only settlement possible is on which provides for a complete end of Britain's organized oil operations in Iran and a final liquidation of the old Anglo-Iranian Co.'s holdings.

The British have been deeply concerned with production arrangements since otherwise there would be no oil to market. These arrangements might be worked out more between Iran and the United States than in the formal negotiations with Britain, because of the Iranian government's distrust of the British and its desire to avoid any evidence of a carryover of British influence in Iranian oil management. As American experts see the situation the British are confronted with a fairly simple choice. They can either decide to negotiate on a formula which the Iranians may be expected to accept — which

Texas Firm Plans To Own More Stores

HOUSTON — (AP) — Federated Department Stores, Inc., which owns two major Texas establishments, plans to establish seven more. Stores will be built in Amarillo and Wichita Falls. Fred Lazarus, Jr., president, said. He declined to name the other sites, but said they would be in medium and small cities. The firm operates Foley's here and recently purchased Sanger Bros. in Dallas.

The new stores will be operated as a division of Federated under the name "Fedway." Outlay for the seven stores will be more than \$20,000,000, Lazarus said. Some animals can go for as much as 100 days without organic food, but die in from five to 10 days without water.

Man Who Returned From Dead In Coma

LONG BEACH, Calif. — (AP) — Melvin Eugene Hewitt, 27, who was brought back from the dead when doctors massaged his heart, entered his 28th day in a coma. Hewitt, an El Monte, Calif., laborer, had been dead about 15 minutes when doctors cut open his chest and massaged his heart. After the treatment, he started breathing but has never regained consciousness. At the veterans hospital here, officials said Hewitt might live for months without regaining his senses. X-rays of his skull show no fracture or injury and his heart action is described as good. Hewitt, a Navy veteran, was knocked down in front of a cafe Oct. 3, during an argument over a world series baseball game, police said.

Fighting Harvesters Tackle Lubbock Westerners Tonight

Crucial Battle Sees Club Set

Tonight's the night! The two hours that all Pampa football fans have waited seven days for has finally arrived and by 10:30 tonight they will know just how good their hopes of having a state championship football team are.

The Fighting Harvesters, hoping to run their winning streak to twenty straight conference victories, left by bus early this morning for Lubbock and tonight's engagement with the Westerners. They primed themselves for any type of weather with a thirty-minute workout yesterday afternoon in the swirling sleet and snow at Harvester Park.

The long range weather forecast for Lubbock tonight was for clear and cool weather, but you know about the weather. Over a half inch of rain hit Lubbock Tuesday night and a cold snap followed it in. Yesterday afternoon a heavy mist fell all day and freezing weather was to rule in last night. The site of the game, Jones stadium, where Texas Tech plays its games, has a good turf and should be in good shape. Lubbock did not get the

Go, Harvesters, Go!

Anyone wishing to send a telegram of best wishes or good luck to the Pampa Harvesters may do so by addressing it to the Harvesters, c/o Hilton Hotel, Lubbock. The team will leave for the field around 7 p. m.

heavy rain that hit the Panhandle last weekend, again getting off to a bad start. The Harvesters were their full equipment for yesterday's outdoor workout, which was devoted mostly to running through plays and working a little on defensive sniffs in the wind and rain. And they will be taking full equipment, all the way down to itchy, long-handled drawers to Lubbock.

AT FULL STRENGTH
The team was at full strength. Even reserve guard W. Vengard, who missed most of the season with a cracked collar bone, was back in uniform and ready for limited action tonight if needed. Buddy Cockrell, Roy Pool and Don Burns, who had minor injuries earlier this week, were fit and ready for the clash.

The Westerners were also ready for the clash, which is the schoolboy game of the weekend, the third straight such appearance in the district as well as the leading entry man, having averaged 9.2 yards every time he has been called upon.

In addition, the Westerners have a pair of quarterbacks, Buddy Hill and Charley Brewer, who could make anybody's hall club with the exception of the Harvesters, who boast a pretty good duo of signal callers themselves. Both Lubbock quarterbacks are capable passers, as they regularly do in the team's offense, as proven here last weekend. The football special, which was to leave at 2:15 today, had a good group of fans and more were expected to join the caravan at Amarillo.

The district lead hangs in the balance. Both are the only two teams in the district remaining unbeaten. Pampa has a record of 10-0 in the district, while the Westerners must yet win a de through Odessa and Abilene. If they should throw the Harvesters, and we sincerely doubt that they can, the race could well finish in a triple tie.

The standings at present are:
Pampa 3 0 1.000
Lubbock 3 0 1.000
Odessa 2 1 .667
Abilene 1 1 .500
Amarillo 1 1 .500
Dodge 0 3 .000
San Angelo 0 3 .000

In other games tonight the Amarillo Sables, conquerors of Borger last weekend, journey to San Angelo and Abilene swings back into action against Odessa at Abilene.

Kickoff time is 8 p. m., and the game will be broadcast in Pampa over radio station KPDN, the broadcast starting at 7:40.

It is indeed at home that every man must be known by those who would make a just estimate either of his virtue or felicity; for smiles and embroidery are alike occasional, and the mind is often dressed for show in painted honor and fictitious benevolence. — Samuel Johnson

BEST QUARTET of backs in the state is this fearsome foursome that will be facing the rugged Lubbock Westerners tonight at Lubbock in the top schoolboy game of the state. They are, left to right, halfback Billy Davis, quarterback DeWey Cudney, fullback John Young and halfback Darrell Wilson. Running behind a top line, they will be trying to keep the Harvesters in the select circle in the state.

Bobby Dillon, Top Defender, Ready For Mustangs Saturday

AUSTIN — (AP) — Tomorrow in the Cotton Bowl at Dallas you will see in action once more the fellow who's called the best defensive back in America.

It may be the last appearance in the big saucer for Bobby Dillon, who has had some of his greatest moments there.

Only his team, Texas, winning the Southwest Conference title could get him back into the Cotton Bowl.

That's quite possible all right, although Texas has lost one conference game and can't afford to lose another.

Dillon will be guarding against the passes of Fred Benner as Texas battles Southern Methodist in a game due to draw over 70,000.

Bobby loves his defensive chores but he'll tell you there's nothing more embarrassing than a missed tackle by the safety man, of which he is one, or a touchdown pass over his head.

SPOTLIGHTED
"You are really spotlighted out there at safety," says Dillon. "If you miss a tackle, everyone in the stands is able to quickly identify the goat. And if you let a pass receiver get behind you, the coach quickly finds room for you on the bench."

Fortunately for Texas, those miscues have been rare since Dillon moved into the safety position against SMU in 1949. Dillon intercepted one of Benner's aerials that day and he distinguished himself for the remainder of the season. He intercepted two more passes and returned 11 punts a total of 209 yards, his average of 19 per return being the nation's third best that year.

Although he did not become a regular until the seventh game of his varsity career, Dillon had achieved results early. The first time he handled the ball he ran a punt back 55 yards against Texas Tech, and he went 20 yards for a touchdown the first time he carried the ball from scrimmage in his collegiate debut.

Bobby blossomed into full-scale stardom as a defensive back for the Longhorns in 1950, his junior season.

LONG RUNS
The personable halfback, who lost the sight of one eye when 10 years old, returned a punt 84 yards for the deciding touchdown against Baylor last year, clinched the victory over TCU with a 46-yard runback of an interception, almost pulled the Oklahoma game out of the fire with a 50-yard return of an intercepted pass, and clinched his regular season play with a 50-yard punt return against Louisiana State.

His full-season figures as a junior credited him with 134 yards on 10 rushing attempts, 334 yards on 15 punt returns (the nation's third best figure again) and three runbacks of intercepted passes for 91 yards.

Bobby has concentrated on the defense this season. He has excelled on punt returns, running back 42 for 181 yards, and he has returned three interceptions 23 yards. He has added a lot of sharp tackles to his exploits, dashing from his deep position to get Sooner halfback Frank Silva for the safety that gave Texas its 27 triumph over Oklahoma.

Bobby gets a kick out of returning a punt, but a pass interception gives him even greater pleasure, "because that's taking the ball away from the opposition against their will."

Over 200 Games Set For Schoolboys

By The Associated Press
More than 200 games will be played tonight in the Texas Inter-scholastic league football campaign with Pampa at Lubbock in the headliner.

The starting lineup for the Westerners remained the same as in other games with the backfield of Brewer, Northington, Sexton and Sides and Jones and Brady at ends, Elliott and Manning at tackles, Gafford and Lowrey at guards, and Tatum at center.

The team was in excellent shape with no injuries and all boys ready for the game of their school careers.

The feature game of Class AAA sends Stephenville to Weatherford. Stephenville is an unbeaten, untied team but faces in Breckenridge a major threat to its District 2 championship aspirations.

In Class AA Stamford and Anson get together at Stamford in the state's highlighter. They are undefeated and untied and are fighting for first place in District 3.

Abernathy meets Lockney at Lockney in the feature of Class A. Lockney can sew up the District 3 title by beating undefeated, untied Abernathy.

Only a few games were played last night. In Class AAA Woodrow Wilson beat Forest 12-6 in the Dallas district fight. In the Houston district Jeff Davis licked John Reagan 21-14 to leave Lamar the only undefeated team in conference play.

In Class AA Diamond Hill (Fort Worth) whitewashed Birdville 27-0 in a District 11 conference game. Pleasant Grove beat Grand Saline 12-0 in a non-conference test and Refugio downed Granado of Class A 27-12.

In Class A Lyford won a conference game in District 32 over La Feria 21-12. La Joya beat McAllen B 20-0 in a non-conference contest.

The game matches the east and west half winners for the crown of the District 1-A Junior High school league.

The game has been rescheduled for Tuesday night, Nov. 6, at McLean. Kickoff time will be 7:30. If weather forces a postponement, the date of Nov. 8 has been selected.

Bad Weather Is Pre-Game Forecast

By CHOC HUTCHESON
LUBBOCK (Special) — Football fans, who will jam Jones stadium tonight to bulging capacity, will witness the top schoolboy game in the state in temperatures of near 40 degrees and lower with a possible drizzle. The turf weatherman knows what he is talking about. That was the forecast here for the contest which pits two unbeaten, untied eleven vying for the District 1-AAAA crown and possibly the state championship right here.

Over 1,000 general admission tickets remained unsold here last night as the inclement weather moved in. A heavy snowfall last night covered the ground of Tech's beautiful football stadium but the turf was expected to be solid and good underfoot.

The starting lineup for the Westerners remained the same as in other games with the backfield of Brewer, Northington, Sexton and Sides and Jones and Brady at ends, Elliott and Manning at tackles, Gafford and Lowrey at guards, and Tatum at center.

The team was in excellent shape with no injuries and all boys ready for the game of their school careers.

Referee Involved in Pro Cage Fixing Of Three 1950 Games

By TED MEIER
NEW YORK — (AP) — A basketball referee was accused today of taking \$3,000 in bribes to help fix three professional games in November a year ago.

Sol Levy, 41, of Brooklyn, listed as a full-time official for the National Basketball Association, the country's major professional cage circuit, was booked on a charge of bribery at 3:35 a. m. (EST). He had been questioned for several hours.

Thus the basketball gambling scandal, disclosed in college games last January, has implicated an official for the first time as well as drawing in the professional side of the sport.

Altogether 32 players from seven schools, CCNY, Long Island, NYU, Manhattan Bradley Toledo and Kentucky were involved before Levy's arrest.

"I didn't do anything," Levy declared at the Elizabeth Street police station where he was booked.

SOLICITING AND ACCEPTING
Police said the specific charge against Levy accused him of soliciting and accepting \$1,000 to use his influence to shove Boston's points in the Boston Celtics-Washington Capitols game at Washington Nov. 11, 1950. Boston won the game, 78-77.

District Attorney Frank Hogan said Levy was involved in two other NBA games last November; the Boston-Indianapolis game at Boston Nov. 12, 1950 and the Syracuse Nats-New York Knickerbockers game at Syracuse, Nov. 12, 1950. Boston won the Nov. 12 game, 78-75 and Syracuse the Nov. 19 tilt 97-83.

Hogan said Levy was supposed to call personal fouls and other rule infractions, such as running with the ball, in favor of the team supposed to win over or under the point spread. The district attorney pointed out 75 personal fouls were called in the Syracuse-New York game. Of these 46 were against New York and 29 against Syracuse.

Levy, an assistant coach under Clair Bee at Long Island nine years ago, was the first referee taken into custody. While he was booked, Vincent A. G. O'Connor, assistant district attorney, said Levy made "certain admissions" during seven hours of questioning.

O'Connor said Levy had been associated with Salvatore Solazzo, confessed fixer of college games, and Edward Gard, former Long Island University star and one of the 32 players implicated.

THE PAYOFF
Gard introduced the two men, O'Connor said. Then on the day before each of the three games, Levy met Solazzo in an automobile at 42nd Street and Broadway, the heart of the theatrical district. There, O'Connor said, Levy received \$1,000 for each of the three games.

The Levy disclosure came a few hours after the NBA had opened its 1951-52 season with games at Rochester and Syracuse, Washington is not in the league this year.

Maurice Podoloff, league president, was not immediately available for comment at his New York hotel. Several weeks ago he barred two Indianapolis players, Alex Groza and Ralph Beard.

SPORTS MIRROR
By The Associated Press
Today a year ago — Walter F. O'Malley, new Brooklyn Dodger president, announced that Buzzy Bavasi and Freeco Thompson had been named vice-presidents of the club.

Five years ago — Princeton's up and coming Tigers pulled the upset of the day by toppling previously unbeaten Penn, 17-14.

Ten years ago — The underdog Green Bay Packers snapped the Chicago Bears five-game winning streak with a surprising 16-14 victory.

Twenty years ago — Harvard, with five straight triumphs without a setback, stood atop the Ivy League.

Pirates Meet Bucks Today I-A Race Resumes Action Tonight

LEFORS (Special) — Despite the rain and snow that has blanketed the region the past couple of days, Coach Frank Bronchos of the Clearwater Pirates met Lefors Pirates running through intensive offensive and defensive drills each afternoon this week in preparation for tonight's game with the White Deer Bucks at White Deer.

The Pirates, 7-19 loser to Clearwater on Shaw Field in a game which has since been forfeited to Lefors, has high hopes of upsetting the Bucks, losers to Canadian last weekend, 13-32.

While the Bucks succumbed to Clearwater and the Bucks to Canadian, the game should prove to be a dilly. The Pirates haven't forgotten last year's loss to White Deer, 14-27, a game also contested at Whip Deer before the reorganization of District 1-A.

Comparative scores this year make the White Deer boys big favorites. The Bucks' Jackie Freeman and Don Carpenter are expected to run and pass the Pirates dizzy, with huge Guy Thornburg, White Deer center, primed to stop the Pirate thrusts in his role of chief linebacker.

The Pirates have worked all week in an effort to perfect a defense for the wily Bucks, admittedly one of district 1-A's top teams, despite their loss to Canadian.

Stop Suffering
NO MATTER HOW LONG YOU HAVE SUFFERED, or what drugs you have put in your body, you can now hope for MIRACULOUS RELIEF with natural HOPE MINERAL TABLETS. In a few days, you will see results. The black poisonous waste will begin to leave your body and you will feel a wonderful change. Mother Nature has blended traces of FIFTEEN DIFFERENT MINERALS in the human body. If your body is craving just one of these to start your lazy organs working again.

Nature Heals
More and more doctors are turning back to nature for cures. Penicillin was discovered in a natural mold growth; raw onion will kill bacteria; and a new substitute for blood plasma has been found in Ginkgo plants. NATURE PROVIDES! HOPE MINERALS come from the earth, manufactured in nature's own laboratory. There is absolutely NO ALCOHOL in Hope Mineral. It will not give you that false lift which wears off when the alcohol wears off.

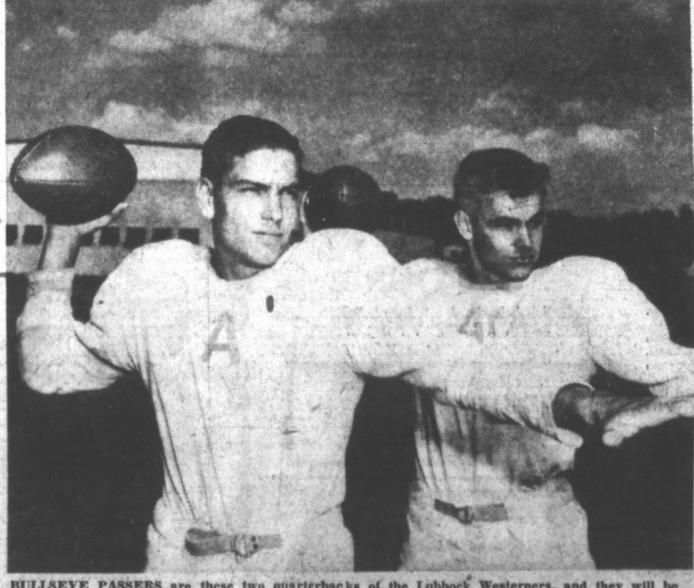

The intestine is the most important organ in your body — and it is also the most abused. When you feel and look Old Before Your Time, lose that sparkle and feel dead tired, maybe your body is craving something.

New Life
Not only will you FEEL results with HOPE MINERAL, but you will SEE the results. Watch your elimination a few days after using HOPE MINERAL. You will see the waste that is leaving your body and you will realize the minerals are doing their work. The years will begin to slip away and you will want to tell your friends and all the world about these wonderful minerals. SOMETIMES we suffer so

long, we forget what it is to be healthy. THE DOOR TO HEALTH is open to you. When you are nervous, dull, tired, lack ambition and sparkle, have dizzy spells, when your powers are weakened and life seems to have no meaning — try HOPE MINERAL.

Guaranteed
Don't Suffer Another Day. We urge you to try a bottle of HOPE MINERAL TABLETS. Use it and if you are not wonderfully satisfied, we will gladly refund your money. PRICE \$1.35

BULLSEYE PASSERS are these two quarterbacks of the Lubbock Westerners, and they will be trying to fire their aerials for touchdowns against the Harvesters tonight at Lubbock. Left to right, they are Buddy Hill and Charley Brewer. Hill has the leading percentage, connecting 55 percent of his tosses.

WARREN'S ARM UP

By Warren News-News Sports Editor

"The highways are glassed with ice between Amarillo and Lubbock," said the Highway Department. "Drive fast and you'll get there quicker," was the sage advice of one of our little playmates around the office. "It's snowing in Lubbock," chirped in Choo Hutcherson, news and sports reporter for radio station KCBF in Lubbock. With those happy thoughts in mind we pack our luggage and point the car southward toward the Hub city, where tonight the hub of the schoolboy football race, and more particularly the district I-AAAA chase, will be unfolded. Out of this contest will come the team that will be pointed out as the one to beat for the state championship. Of course, there are possibilities of upsets further along the route, but the winner of tonight's contest between the Westerners and the Fighting Harvesters is going through the rest of the season as a marked club.

There is little question in our mind who we think will win. We've followed the band of Harvesters long enough so that we don't think that they can be beaten by Lubbock, and it's with that thought in mind that we will be watching tonight's game. A look at who Lubbock has played this season builds up our hopes for tonight. They opened with Plainview and won 27-6, one point offensively and six points defensively worse than Pampa. Second came Capitol Hill of Oklahoma City, 29-13 victims, swamped later by Odessa. The third win came over Sweetwater, 39-15, again one point offensively and two points defensively lighter than Pampa's win. North Side of Fort Worth succumbed, 36-6. North Side still hasn't won a game, losing seven straight. Amarillo was swamped 47-7, Borger, 41-13 and San Angelo 40-6. Just how much each club played their first string in these games of course, means a lot. But we'll still take Pampa's Fighting Harvesters.

Enough of that. The more we get about it the nervousier we get. Let's take a shot at the rest of the games. In the district, first, we like Amarillo over San Angelo and Odessa over Abilene. The Lefors Pirates should trim the White Deer Bucks in this snowy and Canadian shouldn't be hurt enough to trim Clarendon. Around the country tomorrow, starting with the southwest conference games, Baylor to nip TCU, Rice to ease by Pitt, Southern Methodist to upset the Steers, and Texas Aggies to trim Arkansas's Hogs.

Elsewhere the Texas Tech Red Raiders over Texas Western, California to take UCLA, Colorado Aggies to swamp Brigham Young, Oregon to route Idaho, Stanford over Washington State, Washington over Oregon State, Wyoming, to trim Montana, Wisconsin to best Indiana.

Dun Goode Holds Rushing Lead
TUCSON, Ariz. — (AP) — Dunny Goode of Hardin-Simmons continues to lead the Border Conference football players in rushing, total offense and scoring. Goode's net rushing gain of 500 yards puts him far ahead of the pack, the latest conference statistics issued today reveal.

Second in rushing is Buzz Welker of Arizona State College at Tempe with 477 yards net gain. Bob Hart of Hardin-Simmons is second to Goode in total offense. The quarterback has made 45 yards rushing and 533 passing to lead in that department, for a total of 578 yards on total offense.

Jim Walker of Texas Western is the leading pass receiver in the loop with 23 passes for 257 yards and three touchdowns. Charles Sanford of New Mexico Aggies leads in punting with 24 for a total of 902 yards or an average of 37.6.

Goode's 11 touchdowns make him the scoring leader with 66 points. His teammate, Billy Davis, and Jim Turner of Texas Tech are tied for second place with seven TD's each for 42 points.

In team records Tempe holds lead with a net gain of 408.5 yards a game in six games. Total yardage gained was 2,431, made up of 1,228 by rushing and 525 by passes. Second place is Hardin-Simmons with an average of 343.3 per game for six games — 1,475 yards rushing and 604 passing for total of 2,079.

British Sure Of Ryder Cup

PINEHURST, N.C. — (AP) — A supremely confident British Ryder Cup golf team went into today's four matches against the United States convinced that it was going to regain custody of the huge trophy which has remained in American hands for 16 years.

The visitors were certain that after today's four matches over the No. 2 Pinehurst Country Club course and Sunday's eight singles they'd be entrusted with the care of the cup which has eluded them since they won the 1935 matches at Southport, England.

Today's 36-hole matches lined up this way: Jackie Burke of Houston and Clayton Heafner of Charlotte, N. C., vs. British Open champion Max Faulkner and David (Dai) Rees.

Ed Oliver of Seattle and Henry Ransom of St. Andrews, Ill., vs. Art Lees and Charles Ward. Sam Snead, PGA champion, of White Sulphur Springs, W. Va., and Lloyd Mangrum, Niles, Ill., vs. John Panton and Jimmy Adams.

U.S. Open champion Ben Hogan of Fort Worth and Jimmy Demarest of Ojai, Calif., vs. Ken Houlifield and Fred Daly. Under the two-ball system the players will hit alternate shots.

The British have won only two of the eight matches and have never prevailed in this country. But they firmly believe this is their year. From Arthur Lacey, non-playing captain, on down, they'll tell you that this time it's going to be different.

Lacey says he has the best balanced, best-conditioned team England has ever sent to America. Faulkner, the 35-year-old British Open champion, said that he didn't see "how we can lose." Our boys are playing to win. It's been difficult to decide which eight of our 10 players should play in today's foursomes.

Shamrock Faces Tough Dalhart

SHAMROCK — (Special) — Shamrock Irishmen go into the stretch in conference play this week with the Dalhart Wolves, conquerors of top-rated Dumas. Dalhart will probably get the nod from sports writers.

But Dalhart will meet the same awesome Irish line that has stymied the Wolves thus far and left the Irish the only undefeated AA eleven in the Panhandle. Down on the South Plains, Brownfield also has an undefeated record, but both are tied.

Tough from end to end, the Irish line — Van Pennington and Bobby Campbell, ends; Billy Harris and Dwayne Hager, tackles; Eugene Collinsworth and Mack Terry, guards; and Billy York, center — has held the seven opponents to 44 points, while the Irish were racking up 129. Childress, Lefors and Memphis were blanked by the Irish, while McLean and Perryton scored one TD each. Only Phillips, with 13, and Wellington, with 19, have dented the Irish goal posts.

WINS CLOSE ONES
Meanwhile, Dalhart has won four games by margins of one or two points, cracking Dumas, 7-6.

Dalhart, with one win and a lost, rates a percentage of 1,000. Shamrock (one win and one tied) .750. Dumas (one win, one lost) .500. Phillips (one tied; counting half won) .500. Perryton trailing with zero for two, and .000.

Six seniors are in the big line all but Campbell graduating next spring. Last year all were all-district and three Collinsworth, York and Terry, were all-regional.

Billy Frank Pavlovesky, a boxing star, is another ace guard in what is virtually an 8-man stone wall. These men are the true test of both Dumas and Dalhart. If, as many think, neither Dumas nor Dalhart has met anything comparable to the Irish line, their magic reputations may be marred. Friday night will tell, in part.

Fort Ticonderoga is located at a point commanding the waters connecting Lake George and Lake Champlain in Essex county, N. Y.

The old Court House museum in Vicksburg, Miss., occupies the Warren county court house built by slave labor.

The U.S. Secret Service, Treasury department, warns that there is more counterfeiting today than at any time in the past 16 years.

OOOF—Toronto goalie Al Rollins and teammate Fern Flaman, defenseman, tumble to the ice after making diving stop of Detroit's Glen Skov's desperate shot in last minute of their National Hockey League game at Detroit. The Canadians won, 3-2. (NEA)

Top Teams Face Easy Card Tomorrow, Except Illinois

By ED CORRIGAN
NEW YORK — (AP) — Except for Illinois which faces a rough assignment against Michigan, virtually all the top college football teams in the country are figured to fatten their averages tomorrow as the season starts into the home stretch.

The only outfit that possibly might be in for trouble other than the Illinois is Baylor, which, if you want to go by the record, should have no trouble snapping on Texas Christian. But it's a Southwest Conference game and they don't go by form down that way.

Baylor is the conference leader and boasts the only undefeated record in the circuit besides Texas. Texas A&M is at Arkansas and Southern Methodist plays host to Texas in other games that will have a big ten card on the race.

BIG TEN CARD
Illinois, tied for the lead in the Big Ten — another surprise based on pre-season calculations — will have no cinch in defending champion Michigan, although Johnny Karras has not been stopped. The Illinois ace has scored ten touchdowns in five games, and if the Wolverines are going to win it, they'll have to think of some way to put the crimp on Karras.

Three other Big Ten games are on the card. Minnesota visits Iowa, which has an entertaining westerner and Indiana plays Wisconsin at Madison.

In the Pacific Coast Conference, California is figured to be a heavy choice over UCLA. Southern California, makes a cross-country trip to New York to meet Army.

Stanford has a date with Washington State. The Indians, unbeaten and untied after six games, are the favorites.

Other top games on the coast include Oregon State at Washington and Idaho at Oregon. Tennessee, riding along at the top of the heap, despite what has turned out to be a weak schedule — primarily because the South in general has been unusually weak this year — tangles with North Carolina. The Tarheels have lost four games, but they're capable of putting up a better battle than Tennessee Tech did last week when the Vols won, 68-0.

Maryland and Georgia Tech, two of the other better teams in the section, entertain foes that might well have stayed home. Missouri faces the unenviable distinction of playing Maryland, the No. 4 team in the country with a record of 5-0, while Duke, beaten twice, enters the lair of the Yellow Jackets who seem determined to give Tennessee a battle for Southeastern Conference honors.

Kentucky which finally seems to have found itself after a miserable start, plays Miami of Florida.

Reapers Playing Borger Tuesday

The Junior High school Reapers, their scheduled game with Borger postponed yesterday because of the weather, will face the Poodles in Borger Tuesday afternoon at 2:30. The following Friday, a week from today, they will battle Elizabeth Nixon at Harvester Park.

The Reapers have already clinched at least a tie for the championship and need but one more win to assure them of the clean-cut title.

DOTS ALL, BROTHERS
Quenico's Marine grid team is suffering from a corps rule which allows each team to have no more than five officers on the field at any time — penalty 15 yards. Two thirds of the squad is commissioned. Give an amateur coach a lot of credit for the success of Washington and Lee's pass catchers, Bob Thomas and Talbot Trammell. Bill Chipley, now in the rug business, spends his spare time tutoring them. George Keough, Indiana U. ticket man, came home after a frantic homecoming weekend and wearily collapsed on the nearest chair. The chair also collapsed.

Spotlight in Southwest Sat. For Important Grid Contests

By HAROLD V. RATLIFF
Associated Press Sports Editor
Texas Christian and Baylor get together at Waco tomorrow in the headline game of Southwest Conference football but it is actually of no more importance than another one.

Kilgore Rolls To Another Victory

By The Associated Press
Mighty Kilgore rolled on undefeated in Texas Junior College football last night. The Rangers won their seventh straight game by smashing Henderson County of the Texas Junior College Conference 61-7.

Kilgore is a member of the Big Six conference. Victors of the South Texas Conference didn't do so well. Victoria lost to the University of Houston, 28-7.

Most of the other junior college teams in Texas have games tomorrow night. Tarleton State and Schreiner play at Kerrville and Arlington State at San Angelo in Pioneer Conference games.

Wharton and Del Mar clash at Corpus Christi in the South Texas conference. Claco will meet Allen Academy at Bryan and Blinn plays Navarro at Brenham in Texas Junior College conference tilts.

Carver Cagers Open Practice

Carver High school's boys and girls basketball teams started practice Wednesday afternoon in their new gymnasium with 17 candidates for the boys squad and 18 for the girls team.

The boys team is coached by C. E. Tety and co-captained by Edward Russey and Wesley Gary. They will open their season against Borger at the Carver High gymnasium on Dec. 14. It will be the first game in the new building.

The girls are coached by Irene Boyd and A. Connors and captained by Mary Helen Roland. Last season the boys won 18 and lost four while the girls won 18 and lost two.

Here's Why, So Be Most Careful

AUSTIN — The seasons are set, bag limits established and prospects call for pretty fair hunting for most of Texas. But the routine will not be complete until the "forms" are distributed.

The "forms," according to the Chief Clerk, go to the game wardens to cover casualty reports. On the theory that stressing the grim side in advance might save sordid details later, the Chief Clerk explained a potent section or two in the "forms."

This one implies the more common causes of hunting casualties: Intentional discharge of firearm. Victim moved into line of fire without warning. Victim covered by excited victim unseen by shooter. Victim mistaken for game.

Or— Shooter stumbled or fell. Trigger caught in brush. Clubbing game or cover. Removing weapon from boat or vehicle. Crossing fence. Didn't know it was loaded.

The Chief Clerk suggested sportsmen study these main causes of hunting accidents, become more safety conscious and help curb tragedies afield.

WIDE OPEN TILT

The Texas Christian-Baylor tilt, due to be a wide open, wild offensive affair, will draw the largest crowd ever to see a football game in Waco. Over 35,000 are due to be in the stadium when these ancient rivals battle it out.

Figuring who will win this one is a problem, that is on a comparative basis. While TCU beat A&M, which tied Baylor, and licked Arkansas worse than did Baylor, TCU also lost to Texas Tech 33-19 and Baylor whipped Tech 40-20.

This game features a duel between a problem, that is on a comparative basis. While TCU beat A&M, which tied Baylor, and licked Arkansas worse than did Baylor, TCU also lost to Texas Tech 33-19 and Baylor whipped Tech 40-20.

On a comparative basis, Texas should rate the nod. Texas beat Rice 14-6 and Rice licked SMU 28-7. But past records mean nothing in this game. Southern Methodist has plenty of its backers predicting victory.

TOUGH FOR AGGIES
A&M faces a tough afternoon against Arkansas at home and on homecoming day. The Razorback line, one of the biggest in the country, will tower over the A&M forward wall. Both teams are cluttered with injuries but there's nothing wrong with the Razorback line.

All three of the conference games will be on homecoming day. Rice will go against one of the finest passes in the country when it plays Pittsburgh. That, however, appears to be about all the Panthers can boast. Bob Bestwick completed 28 passes for 345 yards last week against Michigan State, even better than Benners did against Notre Dame.

Rice took care of Benners very well indeed, however, and Bestwick probably will see his completion average in a slump. Our prediction record last week was much better than the week before but it still lacked much of the sensational — two wins, one loss and one tie. There isn't much hope of improving this week but here goes:

Texas — Southern Methodist — The Longhorns will need to score at least three times to win; we believe they will — Texas by a touchdown.

Baylor-Texas Christian at Waco — You can't figure an upset either way in this one; Baylor by the closest margin possible.

Texas A&M — Arkansas — A weak vote for the Aggies.

Rice-Pittsburgh — Rice ought to win this one with comparative ease; Rice by three touchdowns.

NOT A WEIGHT LIFTER—A dozen decoys Terry Thomas of Bellefonte, N.Y., is so gaily hefting on one decoy weighs less than two of the old-fashioned wooden ones. Also, the featherweight rubber Dura ducks can be rolled into a fist-sized package and carried in the pockets of a hunting jacket. (NEA)

Local Adventist Church Members Urged To Start Red Cross Training Programs

Pampa Seventh-day Adventist church members were urged today to step up their Red Cross first aid training program, by Mrs. Walter Noel, leader of the local church's health and welfare organization and first aid instructor. This directive came from the denominational leaders meeting in Cleveland, Ohio, last week for their annual Autumn Council.

Mrs. Noel explained, "Since first aid training was launched eight months ago as part of the church's civil defense program, 8,000 members have completed junior, standard or advanced courses. The program has also

produced 85 accredited Red Cross instructor-trainers and 400 instructors, according to J. Wayne McFarland, M.D., medical director of the project.
Two new first aid classes will be started during the first week of November by Mrs. Noel.
During the ten-day Autumn Council session which ended October 31, the Adventist churchmen heard leaders of the denomination's ten-overseas divisions report that, "Prospects were never brighter for Christian missions in most areas of the world. The political and economic conditions created new and difficult problems for the missionary also stimulate a deeper interest in the gospel as the only remedy for the tears and distress of vast areas of the world's population."

Pastor Wilhelm Mueller, Adventist church leader from Berlin, reported a 75 percent membership increase in Germany since the war and the rebuilding of 253 of the 450 church buildings destroyed by bombs.
In response to appeals for more workers and enlarged facilities, the council voted the largest foreign missions budget in the history of the church. The \$17 million total for overseas and special projects at home does not include local church funds.
Adventists have established nearly 800 schools since 1948, making a total of 4,438 colleges, academies and elementary schools around the world, E. J. Johnson, statistical secretary, announced. During the same period 13 new hospitals were opened, a \$5,865,400 expansion program for the church's medical school, the College of Medical Evangelists, passed the council. The project includes \$750,000 for the establishment of dental school on the Long Beach, California, campus of the medical college; and a \$2,300,000 hospital building and other facilities for the Los Angeles division. The Adventist medical school which is fully accredited by the American Medical Association, supplies doctors, nurses, dietitians and technicians for the church's 106 hospitals and 87 clinics throughout the world.

Central Baptist Circles Meet For Book Reviews And Bible Study Wednesday

Book reviews highlighted meetings Wednesday of the Central Baptist church circles.
Reviews of "Pioneering With Christ in Chile" and "Highway in the Desert" were given at the various meetings held in the homes of the church women.

The Little Hunday circle met in the home of Mrs. Cecil Cargill with Mrs. Nolan Cole presiding. It was decided the group would sponsor the Royal Ambassador class led by Mr. Arthur Nnn and Dean Jennings, and provide refreshments and entertainment for the group.
Mrs. Ralph Higgins reviewed "Pioneering with Christ in Chile." The next meeting will be held at the church.
Cake and coffee were served to the following: Mmes. Charles Thomas, Ralph Higgins, Nolan Cole, R. E. Warren, Cecil Cargill, Noah Jones and Wayne Cobb.
Mrs. Dean Jennings was hostess to the Mary Martha circle which met Wednesday. Mrs. J. F. Webb led the opening prayer and Mrs. Hal Upchurch gave a review of the WMU convention. Mrs. Ralph Prock closed the meeting with a prayer.

Women's Group To Wage War On Traffic Accidents

The Texas Federation of Women's Clubs have declared War on Accidents that annually kill 5,500 Texans and injure thousands more. Mrs. G. W. Gress, President, City Federation of Women's Clubs, called a meeting at Amarillo today at which time hundreds of District and Local Presidents and other interested members, met in a workshop session to tackle the problems of accidents confronting the citizens of this State and Nation.
Mrs. J. M. Collier, State Safety Chairman, from Mumford, Texas; Mrs. Agnes Beaton, Director of the Women's Division of the Automotive Safety foundation Washington, D.C. and Mr. J. O. Musick, General Manager of the Texas Safety Assn., were to be the agenda to acquaint the members with the problems and to suggest ways and means of accident prevention that can be utilized by local Federation Clubs.
Local clubs throughout Texas have evidenced an interest in accident prevention and Mrs. Collier in the agenda to acquaint the members with the problems and to suggest ways and means of accident prevention that can be utilized by local Federation Clubs.

Local clubs throughout Texas have evidenced an interest in accident prevention and Mrs. Collier in the agenda to acquaint the members with the problems and to suggest ways and means of accident prevention that can be utilized by local Federation Clubs.

CHRISTIAN SCIENCE

That sin and its consequent suffering are destroyed today through turning wholeheartedly to God will be stressed at Christian Science services Sunday. The subject of the Lesson-Sermon is "Everlasting Punishment" to be read in all Christian Science churches on November 4.

The Golden Text in these words states (Lamentations 3:39, 40): "Wherefore doth a living man complain, a man for the punishment of his sins? Let us search and try our ways, and turn again to the Lord." Bible selections to be read will be: "The Lord is my strength and my shield; my heart trusted in him, and I am helped: therefore my heart greatly rejoiceth; and with my song will I praise him" (Psalm 28:7). And from "Science and Health with Key to the Scriptures" Mary Baker Eddy says: "Through the whole, some chastisements of Love, we are helped onward in the march towards righteousness, peace, and purity, which are the landmarks of Science. Beholding the infinite tasks of truth, we pause—wait on God. Then we push onward, until boundless thought waiks enraptured, and conception unconfined is winged to reach the divine glory" (p. 323).

This is the true nature of home - it is the place of Peace; where we love is home.

Wheeler Girl Pledges Baylor Social Club

WHEELER — (Special) — Miss Peggy Rodgers, daughter of Mr. and Mrs. R. L. Rodgers of Wheeler, has pledged Pi Alpha Lambda, women's social club on the Baylor University campus.
She is a Junior at Baylor this year and majoring in home economics. She is a member of the Tri-Delta honorary home economics sorority and the Baylor Panhandle club. Miss Rodgers is a graduate of the Wheeler high school.

Briscoe PTA Has Party

WHEELER — (Special) — The Briscoe PTA sponsored a "Spook Sale" at the Briscoe auditorium Halloween night. A take off on the traditional box supper, the auctioneer auctioned the spooks to the highest bidder. Each spook bought a box with supper for two. The PTA arranged a "Womanless Wedding" staged during the evening.

Mrs. G. S. Vineyard Elected President At Council Of Clubs Meeting Thursday

Mrs. G. S. Vineyard was elected vice president of the Council of Clubs at a meeting of that group Thursday morning. She will fill the vacancy left by Mrs. Rusty Ward who recently moved from Pampa.
Two new organizations, The League of Women Voters, and Pampa Art club, were admitted to the council.

Francis Avenue Church Of Christ Plans Meeting

Horace W. Busby, of Fort Worth, one of the most widely known evangelists in the Church of Christ, will begin a series of meetings here Sunday morning at the Francis Avenue Church of Christ.
The meeting will last one week with morning services at 10 and evening services at 7:30.

Mrs. C. C. Wilson Speaks In Miami

MIAMI — (Special) — Mrs. C. C. Wilson was guest speaker at a recent meeting of the Home Progress club which met in the home of Mrs. L. A. Maddox. Her subject was "Winning An Investment."
As a special feature of the program, Mrs. C. H. Mulkey conducted a geography quiz.

Attending were Mmes. C. W. Bowers, C. G. Carr, J. V. Coffe, Ross Cowan, A. H. Gordon, W. L. Lard, J. K. McKenzie, W. L. Russell, W. C. Scott, Hettie Seiber, R. E. Thompson, R. E. Webster, and one new member, Mrs. W. D. Allen, and Mmes. Maddox and Mulkey.
Two guests were present, Mrs. Faye Morrison and Mrs. Wilson.

Wheeler PTA Meets

WHEELER — (Special) — The Wheeler PTA met on Thursday in the grade school auditorium. A talk, "The School in our Community" was given by Cecil Paddock. Following two musical numbers by the sophomore chorus Mr. Paddock explained "Educational Standards and Objectives."

Clarence Whittenburg, an outstanding F.F.A. boy, displayed a vocational agriculture exhibit. The Wheeler Board of Education were the PTA's guests of honor.

Nazarene Church Youth Organization Has Social

The Crusaders For Christ, youth organization of the Nazarene church, were entertained with a Halloween-social this week in the home of Mr. and Mrs. Edwin Ammons, 1036 S. Dwight.
Halloween theme was carried in games and refreshments.

Attending were Leon Black, Gary and Devaire Green, Marvin and Jimmy Bond, Leon Bradshaw, Reba, Jean and Don Fagin, Doris Huffhines, Betty Rollins, Dorothy Gray, Shirleen Ferrell, Lynn Love, Gail Trollinger, Mrs. Lois Fagin, Mr. and Mrs. Jeff Romines, Mr. and Mrs. Jimmy Green and Mr. and Mrs. Ammons.

Calvary Baptist Youth Have Fellowship Hour

Nearly 50 young people were present for the Calvary Baptist fellowship in the church basement Sunday night.
Mr. L. E. Godwin, educational director, led the choruses and Miss Joyce Pixler presented special music.

Clarence Spencer presented a devotional on "Love," and the closing prayer was given by Sam Randolph. Geraldine Willis, Nelda Henry and Leta Laverty were in charge of refreshments.

Published daily except Saturday by The Pampa Daily News, Inc., 506 So. Broadway, Pampa, Texas. Phone 666. All departments. MEMBER OF THE ASSOCIATED PRESS. Full Leased Wire. The Associated Press is entitled exclusively to the use of all news dispatches. Entered as second class matter under the act of March 3, 1879.

Subscription Rates: By CARRIER in Pampa 25c per week. Paid in advance (at office) \$5.00 per 2 months, \$6.00 per 3 months, \$12.00 per 6 months, \$24.00 per year. By Mail, \$7.50 per year in retail trading zone; \$12.00 per year outside retail trading zone. Price for single copy 5 cents. No mail order accepted in localities served by carrier delivery.

We believe that one truth is always consistent with another truth. We endeavor to be consistent with the truths expressed in such Great Moral guides as the Golden Rule, the Ten Commandments and the Declaration of Independence.

Should we, at any time, be inconsistent with these truths, we would appreciate anyone pointing out to us how we are inconsistent with these moral guides.

Should Americans Die For The UN?

Often little things are good guide posts toward a better understanding of momentous things. There probably isn't an American alive today who is not conscious that American lives are being lost daily in what is called a United Nations war in Korea.

The fact that we are bleeding ourselves white to pour money, men and material into the fight of vital consequences to all of us, particularly those who have lost loved ones in the "police action."

The answer to "how did we get in this spot?" is not a simple one but there is a simple way in which we could get off the spot by getting out of the United Nations.

As an illustration of how we happened to get into the UN and why there are millions who still think that we are following the right course in Korea, we have just received a propaganda envelope from the Photographic and Visual Information section, United Nations, New York.

The specially printed envelope carried 15 cents in stamps. Just how widespread this particular mailing piece has been is not stated but the envelope, sent first class, carries a message in English, French and Spanish.

Inside were six excellently conceived photographs arranged by ten inches, and a four-page pamphlet telling about plans for observance of "United Nations Day, Oct. 24."

This information was unsolicited and probably was sent to every newspaper in the daily field.

Just how much this single propaganda effort on the part of the one-world United Nations followers cost would be difficult to figure. But it's easy to figure out who is going to pay for it — whatever it cost. It will be the widow trying to live on her pension while the government causes more and more inflation. It will be the veteran trying to rear a family and establish a home. It will be the housewife trying to figure out a way of providing her family with proper food and a clean shirt within her budget. It will be you and you and you.

And for what? To convince you and you and you that it is perfectly all right for your sons and daughters to give their lives in Korea for the United Nations? The cost of this propaganda is admittedly nothing in the face of the terrific bill that the United Nations is presenting to the American people. But it does illustrate the manner in which your dollars and your sons' little ones' lives are being used to talk you out of more dollars — and the lives of American youth.

Continue To Sweat, Taxpayers

Few Americans heard the message, but recently Representative George H. Egan, made a report to the House of Representatives and to the nation. Quoting in full:

"Figures are now available on the end of the fiscal year which departed on June 30, 1951, unannounced and unannounced, the executive branch of the Federal Government wound up its work with 2,486,755 civilian employees on your payroll, to whom we paid out the sum of approximately eight and one-half billion dollars in wages."

"Just to keep things moving along on a fine, high level, your federal agencies added 15,678 men and women to the rolls in June, in civilian offices alone, and the military departments hired 97,952 civilians to keep them company."

"If you are wondering what these people are all doing, you have many folks right alongside you. Some of these who are wondering are included in the 18th of those employed. They are put to work at trivial tasks which many of them find impossible to justify. Others simply sit around waiting for assignments. A filing clerk employed in one office tells me, Representative Egan goes on, 'that she is paid \$50 a week for work that a 10-year-old could do and she is ashamed to take the money.'

"Sweat on, Mr. Taxpayer, sweat on."

Young John Jones got home for the college holidays quite late. In fact, it was almost two o'clock in the morning. But John Jones couldn't wait to talk to his girl. So he called her up, and got the wrong number.

"John—Girl, I'm sorry. I'm terribly sorry for disturbing you."

"Sleepy Girl—Oh, that's all right. You don't disturb me. I had to get up to answer this confidential telephone answer."

Baxter's Views

DAVID BAXTER

Better Jobs

By R. C. HOLES

Fraternity and Liberty Senator Jack B. Tenney has made quite a study of Frederic Bastiat's works. In his clip sheet, called the "Sun Features," he has been having a series of articles on Bastiat.

Since I introduced Senator Tenney to Bastiat's writings, I am glad to see that he is a convert to the beliefs on government set forth by Frederic Bastiat.

Here is what Senator Tenney writes in his column in "Sun Features": "Frederic Bastiat was criticized by a contemporary 'of going only half way' in his theories. 'You have stopped at liberty,' wrote his critic. 'I go on to fraternity.' Bastiat's answer must have effectively ended the matter—as it should end today. 'The second half of your program,' he stated, 'will destroy the first!'

"Fraternity may be defined as the condition of relation of brotherhood; brotherly affection. It is the objective of such legislation as Fair Employment Practice Acts and racial and religious discrimination laws. Observing racial and religious intolerance among individuals, political demagogues turn to law for the solution of the problem."

"To the extent that the political demagogues are successful, to that extent is liberty destroyed. The law is force. When the law is invoked to regulate the emotions, the bigotry, the intolerance, the biases and prejudices of its citizens, compulsion and force follow. Fraternity cannot be commanded nor enforced and attempts to do so inevitably create hatred and chaos."

In the process freedom is destroyed, not alone for the intolerant, but for those the law seeks to protect as well.

"Fraternity—brotherly affection—is only possible in an atmosphere of freedom. It is impossible without liberty. Liberty and fraternity are inseparable. Liberty is the condition of the individual, and it cannot be legally enforced without liberty being legally destroyed."

"The great popular fallacy of the last hundred years is the pervading idea that government must be philanthropic. The liberal concept of government is justice—and the inevitable conclusion is that you can't have justice and government philanthropy at the same time. A choice must be made."

"Either the state shall guarantee to every citizen the free and offensive use of his faculties for physical, intellectual, and moral self-improvement or liberty be abolished."

"The socialist and the Communist fight and nourish the idea that the state should undertake the planning, thinking, production, the welfare, the education and morality of the nation. The Socialist deludes himself that this can be done while democracy and freedom is preserved."

"The Communist, more realistic and brutal, knows that socialism is impossible without dictatorship."

The Doctor Says

By EDWARD P. JODRAN, M. D.

Written for NEA

Anyone who has a long-lasting cough should beware. One of the most serious complications which can be brought about by a cough is a condition known as bronchiectasis.

Bronchiectasis is a chronic condition in which the bronchial tubes become permanently dilated and packed with mucus fluid or pus. The involved areas of the lungs are commonly described as looking like a bunch of grapes.

Coughing usually brings up a heavy mucus sputum, often having a foul odor. The diagnosis depends on the physical examination, including an X-ray film. A remarkable instrument called a bronchoscope, by which the dilated pockets can be seen, is helpful.

Once bronchiectasis has developed, the first step in treatment is to find out if the condition which produced the bronchiectasis is still active and to use whatever means one can to attack the underlying cause.

The medical treatment of bronchiectasis was formerly not very successful. Lately, however, there have been some good results reported from penicillin usually given by the inhaling method.

The other method of treatment which is satisfactory for many of those with bronchiectasis, even when the condition has advanced to surgery. The part of the lung affected with bronchiectasis can be removed by surgery pretty successfully and this has undoubtedly saved a good many lives.

For those who are unfortunate enough to have developed an advanced type of bronchiectasis, surgery is probably the only good hope of restoring health and preventing untimely death.

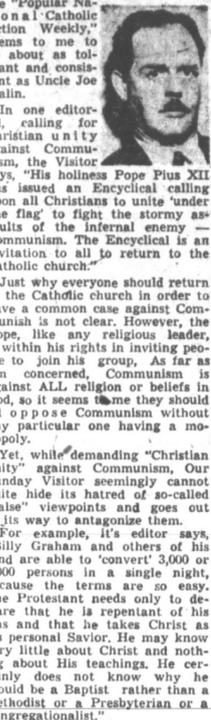

Since bronchiectasis can come from many different causes, a person who has a long-continued cough, regardless of what is producing it, ought to try to get at the bottom of the trouble early and stop the difficulty before bronchiectasis has had a chance to develop.

When all heat is removed from an object, the temperature is called absolute zero.

The Homecoming

McNaught Syndicate, Inc.

Now, before you say anything, let me tell you how much I saved you.

Rising Tide Of Bureaucracy

By NICHOLAS E. PETERSEN

The United States was the first country in the history of civilization to preserve the preservation of individual freedom. In establishing the "New Order of the Ages," the Continental Congress recorded in the Declaration of Independence a list of grievances against the tyrannical King George III, among which were: "He has erected a multitude of new offices, and sent hither swarms of officers to harass our people, and eat out their substance."

One hundred and seventy-five years later we find a swarming bureaucracy within our borders that threatens individual freedom — our most precious heritage.

From 1920 to 1930 the trend of government civilian employment ran practically parallel with the growth of the country's population and of non-government workers. Since the early 1930's, however, government employment has moved sharply above the other two factors, as is shown on the accompanying chart. The aggregate number of persons employed by Federal, state, and local governments in July, 1951, not including the armed forces, is estimated at around 6,356,000. This represents a gain of more than 100 percent since 1930, or four times the rate of growth of the United States population during the period. The most spectacular gains have been made in Federal civilian employment in the executive branch, which in the last two decades has increased by 320 percent, or ten times the rate of increase in total non-government employment.

The trend of government employment has moved sharply above the other two factors, as is shown on the accompanying chart. The aggregate number of persons employed by Federal, state, and local governments in July, 1951, not including the armed forces, is estimated at around 6,356,000. This represents a gain of more than 100 percent since 1930, or four times the rate of growth of the United States population during the period.

This mushroom growth of government, particularly in the federal field, is of serious concern to everyone in this country as bureaucracy becomes an ever-growing wedge between the people and their government.

Under a regime of bureaucracy, government is presided over by a group of irresponsible to the people, but that rules by directives instead of laws enacted by representatives. There is created a spendthrift dynasty that perpetuates itself in power, and the extension of government control is accompanied by a withering of individual freedom. When power is concentrated in a centralized authority that determines the economic, social, and political policies of a nation, the system of checks and balances is scrapped.

Joseph Alsop, writing in the Visitor, says he's against totalitarianism, yet he favors dealing with Tito. "Morally," he says, "I disapprove of the Chinese Nationalist regime; but politically I could not avoid the conclusion that alliance with the Nationalists if they were appropriately aided and guided by us would serve American interests. In these matters it seems to me that practical national interests must be the test rather than moral feelings."

No moral feelings, eh? Just practical politics.

Bid For A Smile

Bill—You know, ever since I was a kid I've looked under my bed before I've gone to sleep to make sure no one was there—until three months ago.

Will—What happened then?

Bill—I forgot where I was and did it one night when I had the upper berth on a train.

Tenant—I want you to stop that woman on the fifth floor who's yelling at her husband.

Superintendent—Who is she?

Tenant—My wife, of course.

A man in a small town had been paying six dollars a week for his hair. He had a barber who had increased. Finally his landlady said that she must either quit or raise his hair to eight dollars.

Landlady—Mr. Castle, I shall have to raise your hair to eight dollars. The man looked up with a start, then in a tone of consternation, he said: "Man—Oh, Mrs. Smith, don't. It's all I can do now to eat six dollars' worth."

Jim—They say that paper can be used to keep a person warm.

Jack—You're telling me. I once had a mortgage that kept me sweating for twenty years.

Patient—I'm glad I attended your lecture on insomnia, Doctor.

Doctor—Did you find it interesting?

Patient—No, but it cured my insomnia.

Mopsy Gladys Parker

NOT BAD FOR HER FIRST TRY.

National Whirligig

By RAY TUCKER

WASHINGTON — The present investigation and belated housecleaning of Internal Revenue will not prevent a recurrence of the orgy of scandals in this tax-collecting bureau until the dead-end secrecy surrounding every-day operations involving billions of dollars annually is broken down by congressional action. That will probably be the most constructive result of the King revelations.

Internal Revenue is a far more hush-hush agency than the Atomic Energy commission, year in and year out. It does not welcome inquiries except about the most routine matters.

It never gives out information on tax deals, compromises and giveaway agreements, although it is the taxpayers' money which is being dished out.

It has no press information section of any value. It pretends to do business in the dark.

SECRETIVENESS — A searching congressional inquiry will disclose to the political mishandling of money in this agency exceeds the amounts which have been handed out to partisan favorites by the Reconstruction Finance Corp. and other federal agencies.

But these behind-the-scenes operations are screened from public view on the ground that they are confidential, legal transactions.

There may have been some justification for this withholding of information when Internal Revenue was conducted in a businesslike manner. Congress has contributed to the secretiveness by barring publication of tax returns and related transactions.

But the growing tendency of recent administrations including GOP regimes, to transform this department into a political pawnshop indicates the need for basic reform.

It is no accident that almost every commissioner of Internal Revenue in recent years, as well as the heads of major field offices, have been party hacks. Nor is it surprising that President Truman opposes placing these jobs under Civil Service as recommended by members of the Civil Service commission.

LEEWAY — It is these politically appointed and part-time officials who pass upon the refunding of taxes to individuals and corporations, and it is to be expected if they favor generous contributors to party treasuries. It is they who fail to demand payment from or prosecute delinquents, if the latter happen to be administration favorites, or prescribe harsh terms for political enemies.

Under existing law, regulations and Internal Revenue's allergy against publicity, there is no way by which the public can obtain information of these sleight-of-hand deals. Even a congressional committee must obtain White House approval before it can investigate a known criminal's returns or expose official favoritism to friendly politicians.

When total tax collections amounted to only six billions a year, as they did as recently as Hoover days, Internal Revenue was a relatively unimportant factor in the nation's economy, and in the affairs of individuals and corporations.

But now that annual revenue is reaching the \$70 billion figure, it is doubtful if Congress will continue to permit it to operate as clandestinely as it does now. There is too much leeway for "honest graft."

QUESTIONABLE — Although they do not involve tremendous amounts of money, several recent transactions show how the present system works to dispense taxpayers' contributions on the basis of political partiality or friendship. It should be noted that none of these transactions were made public until the press learned of them by accident and insisted on getting the facts.

General "Ike" Eisenhower, for instance, was allowed to pay only the capital gains tax of 25 percent on his history of World War II, instead of the regular income tax of 70 or 80 percent on his \$500,000 profit. It is not known how many other administration biographers and historians were given this same privilege. Many tax lawyers regard the allowance as questionable.

The late John P. Hartford was permitted to list as a bad debt the \$196,000 he lost when he loaned \$200,000 to Elliott Roosevelt. Since he made no real attempt to collect the money owed him, which is a legal requirement before a deduction can be claimed, this deal's legal validity is also dubious.

IRONIC — Friendly enemies will cross swords — or words — when the Southern Governors' conference assembled at Hot Springs, Ark., on Nov. 11, in view of the fact that House Speaker Sam Rayburn will make the principal address at the annual dinner of these anti-Trumanites. The Texan may not find the audience or atmosphere as congenial as he would wish.

Rayburn was invited by Host Governor Sidney S. McMath of Arkansas, who is almost the only pro-Truman man of the 16 state executives to attend. Inasmuch as Sam has carried the torch for both the Roosevelt New Deal and the Truman Fair Deal, he must either make an innocuous and unimportant talk, or antagonize his listeners. He will not be an entirely welcome figure.

To make it more ironic, the rebellious Southern Governors are expected to discuss the strategic details of their program for blocking a Truman nomination next year, or for defeating him if he seeks reelection.

When the 48 governors held their annual conference at Gatlinburg, Tenn., a few weeks ago, Host Governor Gordon Browning solved this ticklish question by asking John Foster Dulles to be the speaker.

This DRAMA of LIFE

A PARTNERSHIP, a pain, a doctor, a life and a responsibility. That's the record. That's the beginning of your child. "Suffer little children, and forbid them not, to come unto me; for such is the Kingdom of Heaven," thus reads one of the sweetest verses from the dearest book. That is the commission which came with your little girl and your little boy. Teach them; love them; guide them... the spiritual assets of every life and of every home. *You are their ideal, you are their champion.*

HAVE YOU A HEART? Of course you have. And yet, it is not your very own. For hearts were given us that we might give them away. Then, give yours to your child... to your family. The Kingdom belongs to them. Accept the responsibility of parenthood in a spirit of humility. "Mighty Lack a Rose" today but what will he or she be like tomorrow? Your child has a right to a sense of Divine concern. Take him to Church where faithful souls teach the word of God. For they alone will be able to bring to pass the dreams that have urged us on. May we invest our best in our greatest assets; the child of today; the woman and man of tomorrow. *May we be their hero, their ideal, their champion, in this "drama of life."*

YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice with our children should go to the church of our choice to form a combination for good. Be a regular CHURCH-GOER and a daily BIBLE READER.

Rotarians Get 'Inside Dope' From Engineer, Radio Man

Rotarians Wednesday got the "inside dope" on what a mechanical engineer and a radio program director go through in their professions.

Two short classification talks were made by Bob Clark, mechanical engineer for Celanese Corp. of America and Kay Fancher, program director of radio station KPND.

Clark told Rotarians one of the most important tasks of a mechanical engineer during plant construction is to determine soil foundations and then design the foundations. One of the more complicated tasks is the laying out of pipeline systems and employing the proper metals at the proper places.

Time — radio's life blood — must be constantly kept in mind by a radio station program director in supervising each day's program, Fancher told the club. He explained that every second of the day has to be accounted for and placed on work sheet, an announcer's daily guide. The work sheet, he added, must be used in conjunction with another series of papers telling the announcer what to say at the specified time. Fancher also said that non-sponsored programs referred to as sustaining programs — are not paid for by the federal government as many people believe.

He also outlined the coordination needed between the desk

engineer and announcer to make each day's work click.

George Scott, Rotary president, announced Capt. Polk Ivy, chief of the Panhandle district of the State Highway patrol, is scheduled to speak at next week's meeting.

UN Delegates Now In Paris For Session

PARIS — (AP) — U.S. Secretary of State Dean Acheson arrived in Paris Thursday to work "for an effective world-wide system of collective security" at the United Nations session opening Nov. 6.

Acheson, Warren Austin, Philip Jessup, Mrs. Franklin D. Roosevelt and other American representatives on the U.N. delegation arrived aboard the Liner America at Le Havre. A train brought them to Paris shortly after noon.

Both Acheson and Austin issued prepared statements to newsmen at the station.

Austin said that "agreement on a truce in Korea would be a significant step that could lead to a peaceful solution of many issues."

Acheson declared that "the gains which Europe has been making day after day toward unity of spirit and unity of action are of great importance to the rest of the world."

Austin recalled in his statement that the United Nations met in Paris in 1948 "in the shadow of the Berlin blockade and the imminent danger of conflict created by that blockade."

CHAIN OF EVENTS
"Here in Paris we began the chain of events that led to the solution of that problem."

"I look forward to similar progress at this assembly. Agreement on a truce in Korea would be a significant step that could lead to a peaceful solution of many issues. The aggression against the United Nations wishes to help toward free independence and united nationhood had endangered peace everywhere. The end of that aggression would encourage peace everywhere."

Others arriving included Rep. John W. Vorys (R-Ohio), Rep. Mike Mansfield (D-Montana), Ben Cohen and Channing Tobias, delegates or alternates.

PRESENTS CREDENTIALS
NEW DELHI, India — (AP) — Chester Bowles, the new U.S. ambassador to India, presented his credentials Thursday to President Rajendra Prasad in a ceremony at Government House. He and Mrs. Bowles, along with top embassy staff members, were luncheon guests of the President.

JACOBY ON BRIDGE

Starting Play Brought In A Slam

By OSWALD JACOBY
Written for NEA Service

There's probably no such thing as a new play in bridge, but once in a great while we see something that looks stragglingly original. My good friend Johnny Crawford cooked up the new idea that brought home a slam in the hand shown today.

West opened the ten of hearts, and the hand looked easy for a moment. Crawford planned to win the heart with dummy's king, draw trumps in two rounds (he hoped), cash the ace of hearts, ruff a heart, cash the ace of diamonds, and ruff a diamond.

He could then take a club finesse to East in such a position

NORTH (D)		2
♠ 862		
♥ A K 2		
♦ A 5		
♣ A 10 9 5 2		
WEST		
♠ 9 7 3		
♥ 10 8 5		
♦ K 10 9 3		
♣ 8 3		
EAST		
♠ None		
♥ Q J 8 7 4		
♦ Q J 8 4 2		
♣ K Q 7		
SOUTH		
♠ A K Q J 10 5 4		
♥ 3		
♦ 7		
♣ J 6 4		
Both sides vul.		
North East South West		
1 ♠ 4 ♠		
6 ♣		
Pass Pass		
Opening lead—♠ 10		

This plan came to nothing because of a trick. (A club return would give declarer a free finesse, and a diamond or heart return would allow dummy to ruff while South discarded a club.)

This plan came to nothing when East failed to follow on the first round of trumps. It was now impossible to draw trumps and still leave a trump in dummy.

Crawford thought this over for a minute or so, and decided that he could make the slam if he could manage the play so that North, East, and South hands came down to three clubs each. He could then lose a club finesse to East and be assured of a club return to dummy's ace-ten.

To bring this situation about, Crawford led out five rounds of trumps, discarding two low clubs from the dummy. East actually discarded five diamonds on the five trumps.

Crawford thereupon took the ace of diamonds and ruffed a diamond. East had to discard two hearts, since a club discard at any time would be obviously fatal.

Now Crawford could take the ace of hearts and ruff a heart—

FROM NINE TO FIVE

How do you like that? There's at least thirty minutes work here and he expects me to do it in half an hour!

G. M. Singleton Due Phillips Award

G. M. Singleton, chief operator at the Lefors plant, received a 25-year service award from Phillips Petroleum Co. on Nov. 1. Singleton was first employed with the company as a laborer in the Pantex district. He lives in McLean, Texas.

and East was left with exactly three clubs. As planned, Johnny led the jack of clubs and let it ride; whereupon East could take one club trick but no more.

Curiously enough, East could not save himself. If he had discarded one diamond and four hearts on the five trumps, Crawford would next take the ace of hearts and ruff a heart while dummy still had the ace of diamonds. This would force East to discard two more diamonds, whereupon Crawford could take the ace of diamonds and ruff a diamond. East would be reduced to his three clubs, exactly as desired.

The game of baseball originated in Ireland some thousand years ago.

Korea Bound GI Visits With Son After Court Order

LOS ANGELES — (AP) — A soldier bound for Korea had a long visit with his 4-year-old son Thursday but he had to go to court for that privilege.

Pvt. John E. Badgwell told Superior Judge Mildred Lillie Wednesday he had not seen his boy, Mickey, since April. His mother-in-law, he said, refused to let him come near without a doctor's certificate.

The mother-in-law, Mrs. R. W. Winters, explained, "Well, he might have a cold."

The court told Mrs. Winters not to interfere again under penalty of seeing her daughter go to jail. The daughter has been ordered to allow the soldier "reasonable visitation" rights.

Patricia Willmoth Gold Star Girl For Hemphill County 4-H

CANADIAN (Special) — Patricia Willmoth, a member of the Junior Homemakers 4-H club at Geny, recently was selected Hemphill county Gold Star Girl for 1951.

She has completed three-year demonstrations in clothing, both construction and care; food preparation and poultry. Food preservation was added to her demonstrations in 1951. In the three years she has made 22 garments. At the county 4-H Girls achievement event held in August, Patricia won first place in her class on her dress and on

her cinnamon and whole wheat rolls.

She has served her club as reporter and president. In May she was selected by her club to attend the District Leadership camp held at Canon.

Six percent or more of nickel, when added to chromium stainless steels, produces a series of improved corrosion-resistant alloys known as austenitic chromium-nickel stainless steels.

Canadian Seniors Present Program

CANADIAN (Special) — The senior class presented an assembly program in the Canadian High school auditorium Oct. 26.

The entire class was on the stage as the curtain opened and the school alma mater was sung. Fifteen cheers for the seniors were followed by fifteen for Jeannie Job, senior candidate for carnival queen.

Johnny Morris escorted Miss Job to the stage.

Donald Hodges made a campaign speech for the senior candidate and candidates from the three other high school classes were presented. Representing the junior class were Beth Bryant, sophomore, Daisy Kriebel, and freshman, Jo Ann Cole.

Pampan Pledges Tech Fraternity

LUBBOCK — Jerry Davis, sophomore management major from Pampa, is a pledge in the Beta Upsilon chapter of Delta Sigma Pi, national business fraternity.

Davis, the son of Sam Harrelson of Pampa, is one of 26 pledges to join the fraternity this year at Texas Tech.
