

TIGERS ROUT ROOT IN FIRST FRAME FOR FOUR RUNS TO WHIP CUBS 8 TO 3

HENSHAW HIT IN 4TH FOR 3 MORE SCORES

HURLER BRIDGES STOPS CHICAGO COLD TO EVEN SERIES

NAVIN FIELD, DETROIT, Oct. 3 (AP)—The Detroit Tigers climbed right back into the world series fight today, hammering three Chicago pitchers savagely to win the second game behind the fine pitching of Tony Evers. Evers, who stands off left field, Root was taken out of the box and replaced by Roy Henshaw. A diminutive southpaw Goslin walked. Fox lined to Herman and the Cubs completed an easy double play, Herman to Cavarretta, Rogell grounded out, Henshaw to Cavarretta. Four runs, four hits, no errors, none left.

FIRST INNING
Cubs—Goslin walked, Herman grounded to Bridges and the Tigers engineered a double play, Bridges to Rogell to Greenberg. Lindstrom lanned, swinging and the crowd let loose with its biggest roar of the series. No runs, no hits, no errors, none left.

Tigers—White looped a Texas league single into short left field. Cochrane lashed a hit down the right field line for a double, scoring White. Gehring singled to center scoring Cochrane. Greenberg smashed a home run high into the open stands off left field. Root was taken out of the box and replaced by Roy Henshaw. A diminutive southpaw Goslin walked. Fox lined to Herman and the Cubs completed an easy double play, Herman to Cavarretta, Rogell grounded out, Henshaw to Cavarretta. Four runs, four hits, no errors, none left.

SECOND INNING
Cubs—Hartnett banded out, Gehring to Greenberg. Demaree grounded out by the same route. Cavarretta grounded sharply to Greenberg and went out. Root also played as Bridges came over to take the toss from the first baseman. No runs, no hits, no errors, none left.

Tigers—Owen fanned. Bridges grounded out, Hack to Cavarretta, White walked, Cochrane lifted a short fly to Galan. No runs, no hits, no errors, one left.

THIRD INNING
Cubs—Hack walked. Jorges lifted a high fly to Fox. Henshaw hoisted a short fly that Goslin caught after a hard run in short center field. Galan lifted to White in right center. No runs, no hits, no errors, one left.

Tigers—Gehring walked as Henshaw missed the plate by a foot with a low curve. Greenberg grounded to Jorges and the Cubs pulled a double play. Jorges and Herman to Cavarretta. Goslin lifted a high fly to Galan in left center. No runs, no hits, no errors, none left.

FOURTH INNING
Cubs—Herman fanned on a called third strike that broke sharply over the outside. Rogell to second, lifted a towering fly that Gehring caught in short right. Hartnett smashed a clean single through center for the first base hit off Bridges. Demaree's short fly was caught by White. No runs, one hit, no errors, one left.

Tigers—Fox raised a pop fly that Hack grabbed after the wind almost pulled it away from his grasp. Rogell fanned on a called third strike. Owen was hit by a pitched ball and single on his leg. Owen stopped at second base. White walked, the fourth ball being away outside, and the bases were filled. Cochrane up, ball one, it was a wild pitch and Owen ranced home while Bridges went third and Herman to second. Cochrane walked and the bases were filled again. Gehring smashed a

Mayor Proclaims Fire Prevention Week For City

Fire uncontrolled is one of the most serious problems that confronts us today, by reason of the fact that it has taken a heavy toll in the number of people burned to death annually and by reason of the further fact that this form of waste has proven to be a heavy financial burden on each of our citizens.

Prior to a very large degree is preventable by the proper application of the laws of fire prevention and fire protection.

Now therefore, I, W. A. Bratton, mayor of the City of Pampa, do hereby proclaim the week of Oct. 6 to 12 as Fire Prevention week in that during which week I most respectfully urge our citizens and commercial organizations, our school officials and teachers, and our citizenship as a whole to cooperate and work with the fire chief, fire marshal and city officials in an effort to control this useless loss of life and property by fire. Every home and place of business should be inspected carefully and all fire hazards removed.

In testimony whereof I hereunto sign my name and affix my seal of office on this 30th day of September, A. D. 1935.

W. A. BRATTON, Mayor.

WORDS by O.E.H.

Words are things — BYRON

Twinkles
As we write this, a stray kitten is climbing up our coat-tail, up our back, and perching on our shoulder while purring sweet nothings. But, my dear Miss Kitten, dogs are our weakness.

Today's simile: As futile as Skippy (family pup) chasing a long-legged jackrabbit, whom he considerably resembles.

Times have changed, growl the West Fester grouch, until the trouble with his women folks is men, wine, and song.

Borger reports a horse show successful in all things but one — the size of the crowd. But you don't have to have fish to be fishing, and we understand that the most important thing at a horse show is the horse.

We understand that blocking in polo is about as important as in football. Only in polo it is the horse which is trained.

Musing of the moment: Once more it must be observed that no modern war can be glorious. Civilization can only be retarded by such convulsive wasting of its manhood and materials. So it is with local wars. A warning community slips backward to the amusement and, often, benefit of neighboring rivals.

13 PAMPA BOYS AND GIRLS ASK FOR NYA HELP

Applications Filed With Weathered; Others Due

Thirteen applications for NYA funds had been made up to yesterday to County Supt. W. B. Weathered. These were from Pampa. Other applications were expected as follows: McLean 4, LePors 3, Alanreed 1.

Applications are first made to school principals, who refer them to a committee. The committee in turn files approved applications with Supt. Weathered. The quota has apparently been reached in this county.

A total of 8,547 jobs will be given Texas high school students if school officials take immediate steps in presenting applications to the National Youth Administration, Lyndon B. Johnson, state director, said yesterday.

In securing funds allocated to each county in Texas participating in the \$6 per month high school aid program, the student, the principal and the county superintendent must follow certain necessary and definitely outlined steps.

"An eligible student, that is, one who is between the ages of 16 and 25, now in high school, single, whose family is certified for relief, who has ability to do high grade work in school, and who without financial assistance could not attend school, files application with the principal of the school he wishes to attend," Johnson pointed out.

"The principal, whose duty it is to place all applications received by him, also submits a list, in duplicate, of the eligible applicants to the Social Service Department in the county for verification of the relief status of the students' families. After jobs have been prorated among schools throughout the county, the principal of each school submits a project application in affidavit form asking for his quota of jobs at \$6 per job, together with the

ULTIMATUM ON PASSING BUSES IS GIVEN HERE

Fines To Be Sought By Drivers and Attorney

Passing of stopped school buses in violation of state law must stop. Vigorous prosecution of offenders will be launched. School bus drivers will take the numbers of cars involved and sign complaints against the drivers. County Attorney Sherman White has pledged his cooperation in prosecuting the cases. Heavy fines have resulted in the past when such cases were tried in county court.

The law forbids passing of school buses stopped to take on or discharge passengers. The statute was written to save lives. Many narrow escapes lately have aroused the drivers who are charged with the children's safety.

Motorcycle officers will follow the buses frequently to watch for offenses and run down the motorists who fail to stop when the school buses do. This is no "educational" campaign, it was emphasized, and no "warning." Prosecution will be with the intention of obtaining the convictions under the law.

Lupe Velez Gets Punch In Eye In Argentine Scene

BUENOS AIRES, Oct. 3 (AP)—Lupe Velez, the Mexican motion picture actress, was reported in newspaper dispatches from Cordoba to have received a punch in the eye yesterday afternoon during a scuffle in a theater.

Lupe quarreled, according to these dispatches, with the theater manager and an actor, Fernando Ochoa, who is part of her act in a stage appearance at Cordoba.

Lupe, it was claimed, did not like the theater facilities.

The manager was reported to have believed that the actress made a move to draw a revolver from her handbag. A whole group of persons clamped down on her and somebody hit her in the eye.

She appeared at the night performance as usual.

Officers Study In Troop School

Pampa's troop school met at its new headquarters in the office of County Agent Ralph Thomas on the third floor of the courthouse last night. Thirteen members attended.

R. G. Christopher conducted a course of study on infantry, battalion and regimental troop trains. The meeting was the third of the fall series.

DRINKS BANNED

AUSTIN, Oct. 3 (AP)—The house today voted 89 to 54 for sale of distilled liquors in unbroken packages with dispensation by the drink prohibited.

Mrs. R. C. Graham and Mrs. Robert Snider of Lindsey, Okla., have been guests in the J. H. Jones home, 511 N. Yeager, the past few days.

COUPLE KILLED IN CAR WRECK AT SHAMROCK

THREE BADLY INJURED IN COLLISION OF TWO CARS

SHAMROCK, Oct. 3.—A man and a woman lie dead here following a head-on automobile crash yesterday near Lela.

The dead woman, Clara Watson, 25, a resident of Arkansas who has been visiting relatives here, was removed from the wreckage with her head badly mangled. Finis Bumpers, 21, of Shamrock, received a crushed head. Both died instantly.

Critically injured in the crash were Frank Moore, Shamrock, who occupied the car with Miss Watson, and two other men. He had a badly lacerated head, broken ribs and bruises. Rex Warren and Lee Thompson, also of Shamrock, rode in the same car. Both were injured, but not critically, it is believed.

Edward Johnson, another Shamrock resident and driver of the car in which Bumpers met his death, escaped with painful lacerations.

The injured are in a Shamrock hospital. Relatives of the dead woman are being sought in Rollin, Ark.

Death also claimed a longtime resident of the Shamrock community yesterday when Bill Finch died as a result of a charge from a shotgun. Mr. Finch was crawling through a fence when the gun accidentally discharged.

It was reported that Clara Watson, killed in a car wreck at Lela yesterday morning, was a resident of Pampa. Miss Watson was a resident of Rollin, Ark., and had been visiting with relatives in Shamrock.

U. S. And Japan Reach Agreement On Cotton Deal

WASHINGTON, Oct. 3 (AP)—The United States and Japan have reached a tentative "gentlemen's agreement" on a voluntary restriction of Japanese cotton textile exports to the Philippines and formal announcement is expected next week.

That the agreement had been reached became known today after a conference of Francis B. Sayre, assistant secretary of state, with a delegation of the Cotton Textile Manufacturers and Exporters association.

No details of the voluntary limitation on cheap textile exports by the Japanese were divulged, but it was said the proposed agreement was satisfactory to American textile interests. Several technical details remained to be settled.

Hiroshi Saito, the Japanese ambassador, after a brief conference with Secretary Hull, also told newsmen he expected an agreement to be announced soon.

Negotiations had been in progress several months as a result of Japan's capture of the lion's share of the cheap textile market in the Philippines during the last two years.

BURNS TO DEATH

MCKINNEY, Oct. 3 (AP)—Fire which destroyed their two-story farm home nine miles northwest of here last night took the life of Winston Kerr, 16, and critically injured his father, A. D. Kerr, who tried to rescue the youth. Cause of the blaze was not determined immediately.

I Heard . . .

Women Die In 'Italy's Hour Of Vengeance'

War Drums Throb In East Africa As King of Kings Mobilizes Ten Million

By WADE WERNER
Associated Press Foreign Staff
(Copyright, 1935, by The Associated Press.)

GENEVA, Oct. 3.—Emperor Haile Selassie today flashed to the League of Nations the protest that attacking airplanes had smothered 78 bombs into Aduwa, Ethiopia, damaged the Red Cross hospital with civilian casualties, and brought war into Africa.

The air raid, declared the king of kings, was accomplished by four planes.

League authorities said war between Italy and Ethiopia now was a fact.

The council committee of 13 met suddenly to discuss the emergency which had arisen. Its members were expected to confer frequently until Saturday when a report will be submitted to the league council.

LONDON, Oct. 3 (AP)—The Addis Ababa correspondent of the Exchange Telegraph agency reported today that 1,700 persons had been killed and wounded in an Italian air bombardment of Aduwa.

ADDIS ABABA, Oct. 3 (AP)—Fierce fighting and the retreat of Italian forces was reported tonight from Tigre province, the buffer between Eritrea and the interior of Ethiopia.

The Italians, who had advanced across the border, were reported to be fleeing with their airplanes covering the retreat.

PARIS, Oct. 3 (AP)—The correspondent of the newspaper Le Temps at Asmara, Eritrea, reported today that the 14th and 15th Italian bombing squadrons had opened hostilities in Ethiopia at 6 a. m. today (9 p. m. Wednesday, Eastern Standard time). The bombed Ethiopian trenches and barricades.

The correspondent said the Italian army, divided into many columns each comprising units of regular troops and black shirts, crossed the Mareb river into Ethiopia during the night on pontoon bridges.

Before the march, according to the dispatch, Count Galeazzo Ciano addressed the black shirts, declaring that the "hour of vengeance" had arrived.

The correspondent said that the first concentrated Ethiopian resistance was encountered at Askum about 15 miles from Aduwa.

ADDIS ABABA, Oct. 3 (AP)—The Ethiopian government today told Laird Vinci-Gigliotti, the Italian minister to Ethiopia, to get out of the country a few hours after official government advice told of the bombing of Aduwa by Italian airplanes with civilian casualties.

The Italian envoy was handed his passports and he will leave tomorrow.

(This action in international affairs usually is preliminary to the breaking of diplomatic relations between nations.)

An official communique said a battle was under way against the Italians in Agame province—the area that lies between the Italian colony of Eritrea and Aduwa.

Early in the day, Emperor Haile Selassie proclaimed the general mobilization of his 10,000,000 subjects.

When Vinc leaves the country he will go out on a special train guarded by emperor's troops armed with machine guns and rifles to prevent any possibility of reprisals by the

'DOWN WITH MUSSOLINI' IS CRY IN OUTBURST OF FRENCH

By CHARLES FOLTZ
Associated Press Foreign Staff
PARIS, Oct. 3 (AP)—French officials, considering sanctions against Italy unavoidable, were officially reported today trying to keep the conflict from spreading by keeping anti-Italian measures within bounds acceptable to Mussolini.

"The situation is dangerous, but not fatal," one official told the Associated Press.

"Mussolini's speech (to mobilized Italy yesterday) makes it easy for the league to find him the aggressor because he spoke of his army marching," the official said.

"Mussolini, however, said he would accept economic and financial sanctions.

WAR FLASHES

PARIS, Oct. 3 (AP)—It was announced today that Premier Laval of France and Anthony Eden of Great Britain have agreed on League of Nations action for the immediate rupture of financial and economic relations with Italy.

PARIS, Oct. 3 (AP)—Premier Laval announced today that France and Great Britain would "continue in close collaboration" at Geneva in the Italo-Ethiopian dispute.

Officials said at the end of their conversation, Eden and the French premier had agreed on the following three points:

1. The immediate rupture of financial and economic relations submitted to the approval of the League of Nations.

2. The lifting of the arms embargo against Ethiopia with financial assistance to Emperor Haile Selassie for national defense if necessary.

3. The prohibition of the purchase of Italian goods by members of the league and likewise the sale of goods from league members to Italy, also forbidding the sale or transportation of any war munitions to Italy.

BERLIN, Oct. 3 (AP)—Germany today officially adopted the peace declaration of President Roosevelt of the United States as its viewpoint in the outbreak of an Italo-Ethiopian war. "Through this comprehension and a firm condemnation of an act of aggression which still today does not regard the Briand-Kellogg peace pact as an empty letter," said Diplomatiches Politische Korrespondenz, which the foreign office has authorized for use as the reich's official policy, "the American administration has marked the United States as a factor for peace which will be well received by the American people without exception."

LONDON, Oct. 3 (AP)—The Reuters correspondent at Addis Ababa today quoted Emperor Haile Selassie as saying in an interview: "I have received the news that the first bombs dropped by Italian airplanes on Aduwa, fell on the Red Cross hospital there killing and wounding nurses."

PARIS, Oct. 3 (AP)—The Italian embassy announced this evening that "Italian troops are about to occupy several advanced positions beyond the Italian lines."

MEXICO CITY, Oct. 3 (AP)—A small group of demonstrators, shouting "death to Mussolini," stoned

See WAR FLASHES, Page 8.

Stirring Call To Defend Ethiopia Is Issued Today

ADDIS ABABA, Oct. 3 (AP)—The text of the Ethiopian proclamation for mobilization, promulgated today by Chancellor Haile Wolderoufe, follows:

Soldiers, group yourselves under your chiefs, obey them with one heart, repulse the invader!

Those who because of infirmities or feebleness cannot participate actively in this sacred struggle can assist by their prayers.

The opinion of the whole world is revolted by this unprovoked aggression against Ethiopia.

God will be with us! Long live the emperor and Ethiopia!

otherwise. But it confirms that England lacks selfish interest, and may strengthen opinion for enforcement of the league covenant.

Several persons were injured in a clash between police and a group demonstrating against Mussolini at Toulouse as 50 Italians left for Italy and military service.

Hundreds of demonstrators invading the railroad station there as the Italians were about to leave shouting: "Down with Mussolini and war!"

Police reserves were called and dispersed the demonstrators after fighting through the station waiting room and out on the platform.

None of the Italian conscripts was injured.

A representative of the Italian See FRENCH, Page 5.

PLANS OUTLINED TO OBSERVE FIRE PREVENTION WEEK HERE

Pampa's excellent fire record, which promises to increase the insurance credit from 15 to 25 per cent by next March 1, was discussed by the Fire prevention board this morning. Fire Chief Clyde Gold presided.

Next week is Fire Prevention week. Civic clubs and the schools will have special programs. Home inspections will be urged and free

inspection service offered by the fire department which, however, will make no repairs.

Prevention of accidents, including fires, is the goal of the Red Cross in a campaign overlapping Fire Prevention week. Chairman Alex Schneider is providing placards and literature for use next week.

While ordinarily public interest is hard to obtain when fires are infrequent, it is hoped that the nearness of the increased insurance credit will serve as a desired goal. Fire losses here to date this year amount to only \$1,815.98.

Every home, however, has hazards. These include faulty electrical connections and appliances, gas leaks, and accumulation of trash, old clothing, etc. in closets, attics, garages, and other places. The NEWS will cooperate next week by

CAPITOL CHATTER

BY CHARLES E. SIMONS

CONFIDENCE IN U. S. COMES FROM EUROPE

If the return of the million-dollar gate to the prize-fighting racket made it seem as if happy days were here again, with the voice of the turtle being heard in the land once more, the latest news about gold shipments has a similar sound.

Transatlantic liners are bringing the metal to America once more, even as in the good old days before the crash. Latest estimates are that fully a billion dollars' worth will be brought in before the trend changes. If so, we shall have the distinction of holding around \$10,000,000,000 in hard metal in our vaults, with no citizen permitted to get so much as a peek at it.

What the effect of all this may be is something for the economists to worry over. It is what has caused this movement that is interesting.

Europe is sending over gold simply because foreign investors have a relatively greater confidence in the future of this country than they have in their own.

The threat of war, never very far removed from Europe, is right down around the houseposts these days. The rhythmic crash of the feet of marching men on the pavement may have a sweet sound to the militarists and the dictators, but it is the sort of thing that scares an investor out of his wits.

In addition, Europe's various dictators have yet to prove that they know just what to put in baby's bottle to promote growth and health. Such men as Hitler and Mussolini came to power as a result of agonizing economic crises, but they are not miracle workers.

Putting Parliament in jail and ruling the nation thru the voice of one man may save a lot of lost motion, but it does not automatically end unemployment and balance budgets.

By way of contrast, over on this side of the Atlantic there is a great nation which seems as little likely to go to war as any country on earth—and which stands the best chance of all of coming out of it comparatively unscathed if war does develop.

It is also a democracy, with a form of government firmly established in the affections of the people; and whatever may be said about the faults of democracy these days, a blind man could see that the American government has a greater stability than the jerry-built dictatorships of Europe.

Added up, this simply means that European investors see in America the one nation that can look to the future with some measure of confidence.

In the face of that, some of our own frantic fears look rather silly. Can't we at least have as much confidence in our own future as Europe has?

AUSTIN, Oct. 2 (AP)—The state would be forced to get a larger bill if all the tax bills introduced at the special session of the legislature were enacted and the levies collected.

One measure, introduced by W. E. Pope of Corpus Christi, would raise approximately \$100,000,000 if adopted. It would levy a three per cent tax on nearly all classes of commercial transactions including such necessities as housing, food and clothing. It was the most far-reaching bill on taxation that has been offered.

Rep. Roy Hotheinz approached the problem of raising more revenue with a proposal to place a 10 per cent production tax on all natural resources. It is calculated that Texas produces yearly approximately 370,000,000 barrels of crude oil that sells at an average of \$1 a barrel, and thousands of tons of sulphur marketed at about \$18 a ton. Revenue from these sources at the rate proposed would operate all state departments and possibly leave a surplus.

The activity in proposing tax legislation is attributed to the necessity of raising several million dollars annually for old age pensions. The minimum estimate of the probable cost is \$5,000,000 but some members of the legislature place the maximum at \$85,000,000.

There has been speculation as to possibilities for passage of a sales tax for old age pensions. For years there has been a concentrated movement in this direction but it always has been blocked in the house. However, the need of finding new revenue to pay old age pensions has caused many members, heretofore opposed to a sales tax, to modify their views.

Rep. Bob Alexander of Childress, an outspoken sales tax opponent at previous sessions, proposed the levy at the first meeting of the house revenue and taxation committee. Other former opponents have swung over to its side. All qualify their adherence by stating it would be for old age pensions only.

Governor Allred, however, is uncompromisingly against a general sales tax for any purpose, including old age pensions, and believes other sources of revenue could more equitably be tapped. He would prefer to hike the sulphur tax, assess the chain stores and pass a selective luxury tax.

THE NEW DEAL IN WASHINGTON

By WILLIS THORNTON
NEA Service Staff Correspondent

WASHINGTON—The men who run the Republican party are a close-mouthed crew. It is virtually unheard-of for a correspondent to be able to get one of them off to a quiet corner and persuade him to spill party secrets under the mellowing influence of distillation or brew.

Democratic politicians incline to be a bit more chummy.

Just the same, there is news to be had out of the secret sessions of the Republican executive committee here:

The G. O. P. machinery is in the hands of the same staunch crowd, which in type has changed little since the Old Guard steam-rolled Teddy Roosevelt out of Chicago in 1912, on the theory that it was better to lose an election with Taft than to lose grip on that party machinery.

This means that another conservative "back to normalcy" campaign is much more likely than a candidate and platform tainted by liberalism or compromise with the New Deal.

The party chiefs are obsessed with the idea of raising a walloping big campaign fund. Some of them are sure it will be the biggest ever collected.

Tentative plans call for heavy expenditures in individual congressional districts with the aim of recapturing the House. (The G. O. P. knows it can't possibly win the Senate next year).

The unemployed, who have been something of a problem, will be told they're the victims of Roosevelt policies which are bound to keep them in the serfdom of work relief or the dole unless Republicans reassume command.

Most of the big shots in the party seem to be aiming for another "smoke-filled room" nomination. At least, few minds are now made up.

The candidate will have to be one who will represent the dominant forces in the party and yet not confirm the impression that the party is primarily representative of huge corporations and multimillionaires.

It's yet to be decided how much independence and progressivism he should be able to profess. At this writing it doesn't seem that Borah will enter the picture for a while.

The platform will be largely one of protest. Attack strategy as to specific New Deal measures is largely dependent on supreme court decisions and there's still an aching space for the bright boy who can think up a good plank for the farmers.

One heard plenty about the candidacy of Col. Frank Knox of Chicago, but what one heard oftenest was that the party wasn't very likely to nominate a man who hadn't held public office.

Nevertheless, Knox has what looks like an active, widespread organization and will figure in the convention.

Various "ghosts" of other years were flitting on the fringes of the G. O. P. meeting—Larry Richey, Hoover's Man Friday; ex-Senators Jim Watson of Indiana, Dave Reed of Pennsylvania—now a national committeeman—and Hiram Bingham of Connecticut, and such once puissant congressmen as John Tillson of Connecticut and Franklin Fort of New Jersey.

Conspicuous insiders included, Committeemen Charlie Hilles of New York, who wants the candidate picked at the convention and not before, and J. Henry Roraback of Connecticut, who owns utilities, insurance companies, and banks—the two most powerful Republican bosses in the east.

New air-cooling equipment installed in Capitol. It remains to be seen whether the machinery can survive a filibuster.

BOOTS AND HER BUDDIES

Everybody's Happy

WELL, FOLKSIES—HERE YA ARE BACK HOME

YEAH—THERE'S OUR SHACK

DERN MY HIDE, I AIN'T NEVER GONNA LEAVE IT AGAIN

WAIT'LL I STOP! HEY!

C'MON, HAT

I'M A'COMIN'

FRECKLES AND HIS FRIENDS

FINE TEAM YOU ARE! THE SCRUBS HELD YOU EVEN!! AREN'T YOU PROUD? YOU MUST ALL BE DIETING ON LADYFINGERS AND CREAM PUFFS!!

SATURDAY WE HAVE A PRACTICE GAME WITH LEESBURG... THEY'RE SUPPOSED TO BE THE WEAKEST TEAM IN THE CONFERENCE! I WONDER!!

HERE...TAKE THESE AND PASS ONE TO EACH MAN!

WHAT ARE THEY, COACH?

THEY'RE TICKETS TO THE GAME! I WANT TO MAKE SURE YOU ALL HAVE ONE!!

BUT WHY DO WE NEED TICKETS?

WELL, THE LEESBURG TEAM SAYS THEY'RE GOING TO SHOVE YOU FELLOWS RIGHT OUT OF THE STADIUM... AND I THOUGHT YOU MIGHT LIKE THOSE TICKETS TO GET BACK IN!!

MITCHELL LEADS HARVESTERS INTO HIS OLD HOME TOWN FOR GAME TONIGHT

PAMPA ELEVEN TO OUTWEIGH BOBCAT TEAM

LOCALS ARE FAVORED TO WIN BY BIG SCORE

The Pampa Harvesters of Coach Odus Mitchell and J. C. Prejan will meet their third opponents of the year tonight when they tangle with the Childress Bobcats. It will be their first game away from the home field and fans and coaches are wondering how the reapers will act away from home.

Two of the Harvester conference games will be on foreign fields against stiff opposition. Lubbock has always been a stubborn foe but this year the westerners of the Green and Gold will have to meet a mighty Plainview Bulldog eleven. The Plainview line is said to average nearly 180 pounds per man, with the backfield light and fast.

Tonight's game in Childress is not expected to exert the big Harvesters who will have a wide advantage in the weight department. The Bobcats will be materially weakened when it was learned that Andrews, captain and letterman end, will be unable to play. The fiery leader of the Bobcats was injured in an automobile accident last week. Early this week it was believed Andrews could play but his physician yesterday announced that another week would pass before Andrews could take the field.

Garland Terrell, lineman, who was expected to miss because of a leg injury, will be in the starting lineup. Other members of the squad are ready for the game.

Coaches and players left this morning for the Bobcat lair to rest for the game, to begin at 8 o'clock. The lineup that played in the two previous games is scheduled to get the nod.

Many Pampa fans plan to drive to Childress for the game. Quarterly reports will be received by The NEWS.

CHILDRESS, Oct. 3.—Hoping to at least make a creditable showing the Childress Bobcats are all set to take the field here Thursday night against the powerful Pampa Harvesters of Coach Odus Mitchell.

With the exception of Co-captain James Andrews, all of the boys will be ready to go. Garland Terrell has a leg injury, but will be in shape for the game.

Andrews received a deep gash in his head last Friday afternoon in an automobile accident and will be out of uniform for another week. His injury is not serious but enough to keep him out of play. His loss is keenly felt, as in addition to being a brilliant performer, he is the sparkplug of the team.

Plans are complete to handle a crowd probably 3,000 expected to see the game. A Pampa team has never played here, although Coach Odus Mitchell has many Childress followers, and many fans of this section are eager to see the club in action.

BILL RENNER
THIS YOUNGSTOWN OHIO, BOY, JUST ALL LAST SEASON DUE TO INJURIES, MAY GIVE MICHIGAN ANOTHER DRESSING ATTACK REMINISCENT OF THE DAYS OF BENNY FRIEDMAN AND HARRY NEWMAN

WACO, TEMPLE AND CORSICANA 'BIG THREE' IN DISTRICT 12

WACO, Oct. 3.—(AP)—Waco, Temple and Corsicana are expected to wage a three-way battle for football honors in district twelve with Cleburne as the "dark horse."

SPORT SLANTS

ANCEIL HOFFMAN remained in the ring at the Yankee Stadium after the battered form of Max Baer had departed to the dressing room. A few minutes later Buddy Baer climbed through the ropes to fight Ford Smith. His lips were drawn in a grim, straight line.

THE fourth round, wasn't it? he asked. Hoffman nodded. The bell clanged. Buddy bit his lip and turned to face his man.

HE seemed listless — his heart was not in his work. From the first flurry of punches it was apparent that the younger of the Baers was in for a rough evening. Smith, conqueror of Art Lasky in his last previous start, gave away almost 30 pounds to the youngster and then set about handing Buddy a neat lambasting. Only in the second of the six rounds did Buddy land with any effect and then only in a short rally. Buddy was a mighty relieved youngster when the final bell sounded. The judges' decision in favor of his opponent did not bother him to any noticeable degree.

WHILE on all sides tribute was being paid to Joe Louis' fistic prowess, Promoter Mike Jacobs busted himself outlining the Bomber's future. Julian Black and John Foxborough had given him a verbal contract for Louis' services for the next five years. Jacobs intends to give Louis the opportunity to fight frequently if he desires and already has lined up several prospects for a November bout.

TOM BRIDGES IS DETROIT'S FADING HOPE

TIGERS BELIEVE HE'LL STOP CUBS OR NO ONE WILL

BY EDWARD J. NEIL, Associated Press Staff Writer.
DETROIT, Oct. 3.—They had to see them to believe them, the Detroit Tigers of Mickey Cochrane, and now it's up to Tommy Bridges, one of the finest curve ball pitchers in the American league to stop these impertinent Chicago Cubs if they're to be stopped short of baseball's world championship.

DETROIT listened to all those stories of Charley Grimm's young upstart, the 21-game winning streak that sailed away the National league championship in the stretch, of the fire and dash, ease and nonchalance of youth. But you can't expect people who fought Dizzy Dean and his St. Louis roughness through winter games only a year ago to be worried by a lot of youngsters, even if the youngsters are good.

BUT now the Tigers know, and unless Bridges can do something today against 36-year-old Charlie Root, the oldest man on the Chicago ball club, the 1935 world series will head for its three-game session in Chicago Friday with the American league champions hanging on the ropes.

THERE'S a terrific suspicion abroad that they're ripe for the long count right now, but no one will come out and say that definitely until Tom Bridges, who beat Dizzy Dean last fall in St. Louis, has had his fling. Tommy may not get around to it today, because the weatherman, blowing alternately hot and cold, dry and wet, for the past couple of weeks, has turned weepy again. The skies looked like the Tiger worshippers, about to break into tears at any moment. Showers through the night, and more forecast today, left some possibility of a postgame rowdy pitch ball shifts to Chicago. If that happens the clubs will stay here until the second game has been played.

WITH one fall to their credit, thanks to the brilliant pitching of Long Lon Warneke, now the undisputed hurler champion of Arkansas, the Cub kids are on top and plan to stay there. They knew Warneke, pitching brilliantly, would shut out the Tigers as he did, 3 to 0, allowing only two hits, handcuffing the sluggers who are the American pennant part.

ROWDY Pitched Well.
The Chicagoans have their fingers crossed today, however. There may be trepidation—if these young high and hard riding baseball cossacks know anything that approaches concern—in the hearts of the Cubs, today, and a couple probably will never know it from anything they can see. There's another awesome portent for them on baseball's wall. In the five world series, in which the Tigers have played, they have never lost a game before the end of them if they did not win the last game, either.

THEY lost yesterday, before slightly less than 48,000 backers who rate their ball team higher than Boston does the Cabots and the Lodges, and they lost with their own Arkansas hero, Lynnwood Slaughter, in good enough against any but Warneke at his best.

ROWDY'S control was perfect. He fanned eight. He made a bad throw for an error between a first inning double by Artie Gish and a sacrifice and another single by Gabby Hartnett, the balance-wheel for this youthful crew. It meant two runs and the ball game, although Frank Demaree slapped a fast ball far up into the left field seats for the third run, just for good measure in the ninth.

G-MEN Falter.
The Tigers might as well have stayed home for all the impression they made on Warneke. The lanky veteran, a big cud of tobacco bulging one cheek, his face as expressionless as Joe Louis' and just as cold, calmly put the crusher on them as thoroughly as ever the negro drilled his left home. Lonnie's speed ball sang over the corners, his crackling curve and screw ball dipped around the edges.

Lubbock, Plainview, Borger Face Tough Foes This Week

Westerners Will Go To Abilene On Friday

All teams in District 1 will see action this week, but none of them conference games. Most of the tests will be of the strenuous type.

THE Pampa Harvesters will invade Childress tonight. The game was scheduled for Friday, but the coming of a big circus for that night necessitated changing the date. The big Pampa team is doped to run roughshod over the Bobcats, who will be without their captain and star pitcher, James Andrews. He was injured so badly in an automobile accident last week that he will be out of uniform for another week, late reports say.

AMARILLO'S Golden Sandies will meet their stiffest opposition of the year on Saturday afternoon when the Capitol Hill Indians of Oklahoma City attempt to break the record of no defeats for the Sandies on Butler field. Capitol Hill will send a brilliant team of veterans to Amarillo. They will be outweighed considerably, however.

THE Sandies have two victories tucked away, both by large scores. Capitol Hill defeated two college freshmen teams and swamped the Clinton high school eleven. On the following Friday, Capitol Hill will engage the Pampa Harvesters, giving the first comparative strength of the Sandies and Harvesters for the season.

A crippled Lubbock Westerner team will invade Abilene on Friday afternoon, anticipating a bad drubbing. The Westerners lost three backs and two linemen in a 6 to 0 loss in El Paso last Saturday night. One or two of the cripples might see action during the game, Coach Weldon Chapman reported after a hard practice of reserves.

PLAINVIEW Bulldogs, recognized as the dark horse eleven of the district, will welcome tough competition from the Clovis Wildcats Friday night. Clovis, twice New Mexico champions (1934-35) will take a big, experienced team to Plainview for the game.

PLAINVIEW boasts a huge line with a light, shifty backfield. Two victories against strong opponents are behind the Bulldogs.

BORGER'S Bulldogs, with their teeth drawn by opening of the new Whittemburg high school, will meet the W. C. Stripling team from Fort Worth Friday night under the lights at Alamo stadium. Borger coaches have been working long and hard with the material available and their efforts are reaping fruit.

THE Bulldogs opened the season with a win over their old rivals, Perryton, but lost a 13 to 12 letup to the crack Hereford team last week.

CUBS ON THE THRESHOLD

Nineteen-year-old Phil Cavarretta's home run in the second inning off the slants of Paul Dean gave the Chicago Cubs a 1-0 victory over the St. Louis Cardinals in the first game of the "crucial" series in the Cards' home town. The above photo shows the young first sacker scoring on his circuit clout that gave Lon Warneke a well-earned victory, and the Cubs their 19th straight.

take a big, experienced team to Plainview for the game. Plainview boasts a huge line with a light, shifty backfield. Two victories against strong opponents are behind the Bulldogs.

BORGER'S Bulldogs, with their teeth drawn by opening of the new Whittemburg high school, will meet the W. C. Stripling team from Fort Worth Friday night under the lights at Alamo stadium. Borger coaches have been working long and hard with the material available and their efforts are reaping fruit.

THE Bulldogs opened the season with a win over their old rivals, Perryton, but lost a 13 to 12 letup to the crack Hereford team last week.

Oklahoma City Wins Second Game From Crackers 8 to 3

Indians Score Five Runs In Seventh To Clinch Win

OKLAHOMA CITY, Oct. 3.—(AP)—The Oklahoma City Indians, Texas leaguers who came from cellar to garret in one season, now have a leg up on the Dixie series.

THEY rose up in all their might last night to hammer down the Crackers of Atlanta, Southern asterisk pennant winners, 8 to 3, and that gave the Redskins a margin of two games to one in the Dixie playoffs.

WHILE Jack Brillhart held the Atlantics back with steady pitching, the war clubs of the Indians smashed out base hits until finally in the seventh inning Bob Durham was knocked out with a 5-run rally.

BRILLHART needed the aid of his armament of a postgame rowdy pitch ball shifts to Chicago. If that happens the clubs will stay here until the second game has been played.

KAHL AND ENOCHS WILL LEAD TULSANS AGAINST MUSTANGS

TULSA, Okla., Oct. 3.—(SP)—Underdogs—but fighting underdogs—the University of Tulsa Golden Hurricane will meet the Southern Methodist university Mustangs for the first time here Saturday afternoon at 2:30 o'clock before an anticipated throng of more than 15,000 fans.

A rejuvenated Hurricane will trot out on the field to meet the famed Mustangs on their first invasion of Oklahoma gridiron. Oklahoma fans will have their first opportunity to see the spectacular S. M. U. aerial circus and all the show tricks used by Matty Bell's men.

IT will be a battle all along the line. Howard Clarke, Chig Enochs and Joe Kahl, the Tulsa speedsters, will fight it out with Robert Wilson and "Jackrabbits" Smith, of S. M. U., for touchdown honors. Wilson and Smith were the two high-scoring in the southwest last year and are well on their way to a similar record this year.

TWO All-Americans will fight it out for fullback honors when Harry Shuford, Mustang captain, and Tack Dennis, Tulsa captain, meet. Shuford is the passing end of the aerial circus, as well as a kicker and punter. Dennis is the sparkplug of the Tulsa offense on the ground and in the air.

COLLEGE GRID TEAMS FACING HARD BATTLES

TCU-ARKANSAS GAME HOLDS SPOTLIGHT IN SOUTHWEST

By The Associated Press
Southwest conference eleven, expected to bump into the stiffest competition they have been up against this year in week-end battles, prepared today to put on the pressure in polishing up their plays.

COACH "Dutch" Meyer of Texas Christian said he hoped to perfect a defense that would stop the Arkansas university aerial attack before he puts his Horned Frogs on the train for the trip to Fayetteville tonight for the opening conference battle.

MEANTIME, at Fayetteville, Coach Fred Thomson, says that "the Frogs don't look good enough" to lose no time in building up an aerial attack and a defense to stop the Frogs.

WHILE the Duquesne university Dukes, 42 strong and armed with a Notre Dame system and machinery for an air attack, were en route to Houston, the Rice Owls turned their thoughts to defensive and offensive tactics.

A light practice was on the Texas Longhorns' program today before they entrain for Baton Rouge to meet the Louisiana State Tigers Saturday night.

THE Southern Methodist Mustangs, not "especially impressive" to Coach Matty Bell, prepared to work off rough spots before leaving for a tussle with Tulsa university. Bell indicated he was counting on Robert Wilson as the spearhead of his attack.

THE Texas Aggies, expecting plenty of competition from the Temple university Owls of Philadelphia at Tyler, had no promise of a let up in running scrimmage against plays the veteran Pop Warner is expected to use.

COACH Morley Jennings, tickled because he believed he had found a man to fill the left end position, was optimistic as he marched the Baylor Bears through practice for a night game with the Texas Arts and Industries eleven. Jennings' said John Williams would fill the end position.

WHEELER, Oct. 3.—The conference game between the Wheeler Mustangs and the Mobeetie Hornets, scheduled for Friday in Mobeetie, has been changed to Wheeler and will be played as a night game. The kickoff will be at 8 o'clock, under the new lights at Mustang field.

THE Mustangs will be badly crippled because of competition from the Tackle, Tillman, 170, and Newkirk, 170, both first string tackles, having been injured so seriously in last week's game with Memphis that they will be out of the game this week. Bob Tillman, brother of the injured tackle, and Shipman, will replace the regulars in the starting lineup.

WHEELER'S flashy backfield of Weeks, Cain, Norman, and Ford still mix them up as they did in the past.

SPUD CONTROL IS DEBATED IN AAA HEARING

WASHINGTON, Oct. 3. (AP)—The Plebian potato, which almost overnight has become a symbol of a mighty political and economic quarrel, was given a hearing at the AAA today...

The AAA called the hearing, officials said, to find out what farmers and consumers think about the question of potato control—rapidly shaping up as a chief talking point for the 1936 campaign...

As the witnesses gathered, they found themselves confronted by a situation perhaps unique in recent annals of the government: A cabinet member, Secretary Wallace, was declaring flatly that he doesn't want to enforce an act passed by congress and that he is "going to do all I can to avoid enforcing" it...

The law seeks to clamp an iron-bound system of compulsory control on potatoes. It provides for quotas for potato growers with a prohibitive tax on production in excess of quotas, and is armed with jail penalties for willful buyers or sellers of bootleg potatoes...

Low prices for the tuber had brought strong demands from some chief producing areas that congress do something about it. The control bill was the move congress decided upon. It was supported by some democrats and some republicans, including Senators Bailey (D-NC) and Borah (R-Ida)...

Bailey argued that AAA restrictions on other crops led farmers to turn to growing more potatoes. The AAA denied this.

FRIENDS GIVE SHOWER Friends surprised Mrs. Edd Bennett with a shower Tuesday afternoon. After the many gifts were presented, refreshments were served to Mrs. Jesse Mayes, E. E. White, W. E. Knight, Louis Turner, L. H. Hunter, Tom Meek, Isabella Arms, A. D. Reed, C. C. Cisselle, and Florene Mount.

FLUSH OUT 15 MILES OF KIDNEY TUBES Medical authorities agree that your kidneys contain 15 MILES of tiny tubes or filters which help to purify the blood and keep you healthy...

If you have trouble with too frequent bladder passages with scanty amount causing burning and discomfort, the 15 MILES of kidney tubes may need flushing out. This danger signal may be the beginning of nagging backache, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes and dizziness.

If kidneys don't empty 3 pints a day and so get rid of more than 3 pounds of waste, poisonous matter may develop, causing serious trouble. Don't wait. Ask your druggist for DOAN'S FILLS, which have been used successfully by millions of people for over 40 years. They give happy relief and will help to flush out the 15 MILES of kidney tubes. Get DOAN'S FILLS at your druggist.

HIGHEST COURT TO PASS SOON ON LINT LAW

SUPREME COURT WILL CONVEY MONDAY FOR SESSION

WASHINGTON, Oct. 3 (AP)—The American farmer soon will learn whether compulsory limitation of crop production is constitutional.

The supreme court, which begins its fall term next Monday, already has promised to pass on the validity of the AAA amendments passed last session and a decision probably will be announced within a few weeks.

Other legislation which will be affected by the court's ruling in this case are the Kerr-Smith tobacco control act and the section of the AAA amendments passed last session to tax potato production in excess of a definite quota. All these laws have been passed since President Roosevelt took office.

The Bankhead act imposed a tax of 50 per cent of the market price of all cotton ginned above a fixed quota. To show compliance with the act a grower must attach a certificate to the cotton saying it either is exempt or the tax has been paid.

Lee Moor, a Clint, Texas, cotton planter, in asking the supreme court to pass on the dismissal of his suit by lower courts, asserted:

"It is imperative that an authoritative decision be now given by this court showing just how far congress may carry regimentation of agriculture and business.

The continuance of this legislation is increasing, with enormous rapidity, the raising of cotton in foreign countries, and threatening the very existence of the principal southern industry."

Among other things, Moor contended the act violated the constitutional provision that no person should be deprived of property without due process of law.

He originally brought suit against the Texas and New Orleans railroad to compel it to ship some of his cotton which had no tags.

The federal district court at El Paso ruled that if he wanted to test the act he should pay the tax on the amount produced above his quota and bring suit to recover on the ground the amount had been unlawfully collected.

The fifth circuit court of appeals held that Moor could sue the railroad for damages for its refusal to ship the cotton. It said it was not convinced that congress had exceeded its power in passing the legislation.

Gold Shipments From Europe To U. S. Increase

PARIS, Oct. 3 (AP)—The flight of gold from Europe continued today as anxiety over the Italo-Ethiopian conflict was heightened by reports that the African empire had been invaded by Italian troops.

The new shipments to the United States include 17,000,000 francs (about \$1,015,000) in the York Benariga, arriving in New York next Tuesday.

Financial circles reported that the Normandy, reaching America next Monday, also will carry a large amount of gold. They estimated that \$70,000,000 worth of gold has left France since September 1.

Bankers, however, described the situation as "not alarming." Even without the threat of an Ethiopian war, they explained, there are, besides the anxiety over the Memel elections, "normal reasons" for gold movements.

BAMBINA DIET PHILADELPHIA, Oct. 3 (AP)—Elaime Donio, aged 3, will live with her mother. The court so decreed when it learned that her diet in the home of her father consisted of spaghetti, peppers, whisky and coffee.

Allred And Wife To Welcome Mrs. Roosevelt Today

AUSTIN, Oct. 3 (AP)—Governor Allred said he and Mrs. Allred would fly to Fort Worth to welcome Mrs. Franklin D. Roosevelt there late today.

Mrs. Roosevelt was scheduled to address the southwest regional conference as chairman of the national women's committee of the 1935 mobilization for human needs.

Governor and Mrs. Allred planned to have lunch with Mr. and Mrs. Elliott Roosevelt, the president's son, Friday and go to Tyler Saturday to attend the Rose festival and Temple-A. & M. football game which was dedicated to the chief executive.

They planned to return to Austin Sunday to welcome Mr. and Mrs. Jesse H. Jones, who accepted an invitation to be guests at the mansion. A portrait of Jones, chairman of the reconstruction finance corporation, will be dedicated in the senate Monday.

TUGWELL TO MEXICO

HARLINGEN, Oct. 3 (AP)—Rexford Guy Tugwell, under-secretary of agriculture, said he would start for Mexico City today after a trip through the Rio Grande valley to Laredo.

Tugwell, in quest of information on the Mexican fruit fly, praised the work of Paul A. Holdale in fighting the fruit pest.

— BY MARIAN SIMS —

Chapter 14
ABOUT JUDITH

"I'm sorry," Emily said finally, laying a hand on his. "I wish I could say I'd marry you, but I can't. I don't want to marry anyone, yet, and I don't love you that way."

"But you do like me? And there's no one else?"

"No," she said. "There's no one else." Nothing, she thought, but the memory of an ecstasy that was very different from this—an ecstasy that hadn't endured.

"I'm perfectly willing to wait," he said eagerly, as if he hadn't known that "I've always loved you and I always will, but I don't want to hurry you. I just wanted you to know it, and I hoped that — you might love me."

"I'm sorry," she said again. "I wish I could say I did."

"Will you try?" he pleaded.

After all, loving Edwin would make existence a much simpler thing. Loving Edwin would probably solve all the problems that were tormenting her. If you loved him perhaps you wouldn't notice his little peculiarities, or, noticing them, wouldn't mind.

"Yes," she said at last. "I'll try. But I'd rather not talk about it any more for a long time. If I ever find that I can care about you, I promise to tell you."

"And you aren't mad with me for telling you? Nothing will be changed?"

"No," she said slowly, "nothing will be changed."

He got out of the car then, and went to her infinite relief he made no move to take her in his arms. He would keep his word scrupulously, she knew.

Then he went back to his car and drove away.

Her predictions to Jack Cushing were justified. They organized a bridge club of two tables that was to meet once a week for luncheon. It was decided that everyone should put up twenty-five cents a meeting, which was to be given to the winner instead of a prize.

"But for heaven's sake don't say anything about it," Eleanor Mobley had laughed, "or our fond parents would have a stroke. They'd have no objection to our winning a box of powder that didn't match our complexion, or a pair of stockings that didn't fit, but this is gambling!"

Everyone laughed, and no one mentioned it at home.

Even the girl scout troop materialized, Emily, "having nothing else to do," they said, was the ideal person to take charge.

She accepted the charge, and spent hours learning to tie six kinds of knots and to make a fire with no paper and only one match. The girls adored her, and wanted to spend all the time that was taken up with school and scouting at her house, but the tasks filled endless hours that would have dragged, and their devotion was soothing to her pride.

She rebelled at the Women's Club. They needed "new blood and new enthusiasm" they said, but she decided that there were plenty of years ahead for that.

And so she laughingly resisted Frances's attempts to enlist her interest.

"This was to be my year of play, darling! Before long I'll have to go back to Ardmore to get some rest. Give me a year or two of grace and then I'll give up frivolity and turn my attention to civic problems."

And Frances, who had the gift of yielding in relatively unimportant things the better to win in important ones, had dropped the subject.

Occasionally she "helped out" at the Elston Public Library. The library was small and struggling, but she loved the contact with books and with people who came to read them.

A mutual love of books was as strong a tie as children or golf, and she managed, very tactfully, to introduce a few discriminating readers to her own favorite authors, thereby earning their lasting gratitude. If boredom ever overwhelmed her she had decided that the library might be the best escape that Elston had to offer.

She had given up for the present the idea of leaving home, not because of Frances's arguments, but because of Jeffrey's obvious delight at having her there.

They had always loved each other deeply and almost wordlessly, but now they had discovered companionship, and Jeffrey's pleasure was accomplishing what Frances's insistence might never have achieved alone.

The two of them took long walks, talking eagerly of the things that she was discovering and that Jeffrey had known for a long time, and it seemed to him that he was happier than he had ever been before.

And because there were no crises to divide the time into periods, days slipped evenly and swiftly past, and the year of play was half over before she realized that it had begun.

Early in March Judith wrote one of her characteristic scrawls. Judith's letters arrived about once a year, a really remarkable record, she herself admitted.

There had been the letter acknowledging Emily's wedding present, and containing a vivid and graphic description of her home and her husband, Aubrey was a lamb, and probably the only person alive who would put with a crazy Carroll.

The place was heavenly, and much more scientifically run than Carrollton. Aubrey even managed, with farm prices what they were, to make the place pay.

"You'd like him," Judith added carelessly. "He reads things; can you imagine it? Not just market reports, but books by people I never even heard of."

In this letter, her fourth in more than three years, Judith had been ill.

"I'm still pale and interesting-looking, but the state won't last long. I'm sure. Why won't you come and see me? Of course being in school was a wonderful alibi, but I should think they could spare you for a little while now. Can't you come next month?"

Emily wanted to go, but Frances, remembering Judith's demoralizing influence, managed to circumvent her. It necessitated a counter-offer of a trip to New York with Jeffrey, and Jeffrey, an unconscious party to the conspiracy, was so eager for her company and so boyishly elated over the prospect that she accompanied him from a sense of duty.

She enjoyed the trip, even while she thought regretfully of the pleasure of seeing Judith again. But before too long, she hoped, she might escape from Elston, and while she stayed she wanted to do everything in her power to please Frances and Jeffrey.

It was Friday afternoon in early September, and the Board of Control of the Elston Public Library was holding its monthly meeting. Emily locked absently out the

Texas Utilities Companies Would Restrain Ickes

WASHINGTON, Oct. 3 (AP)—Two Texas utilities companies have filed suits in District of Columbia Supreme Court to prevent Secretary Ickes, public works administrator, from advancing loans for municipal power plants in four Texas cities.

The Texas utilities company sought to block loans of \$154,000 to Post, \$126,000 to Littlefield, and \$150,000 to Plainview. The Gulf States Utilities company protested against a proposed \$200,000 loan to Huntsville.

It was claimed by both concerns that their investments in the cities valued at \$520,000, would be endangered.

The filing of these suits yesterday increased to eight the number of cases pending in the Supreme Court. Final decisions in all of them will be deferred until the District of Columbia court of appeals acts in a test case involving a loan to Hominy, Okla., for a similar power plant. The decision is expected at the court term beginning next Monday.

Mrs. Roosevelt To Make Speech In Fort Worth

FORT WORTH, Oct. 3 (AP)—Mrs. Franklin D. Roosevelt, wife of the president, was en route here by plane today to visit her son, Elliott Roosevelt, and to talk tonight before the Southwestern Regional Welfare conference.

She bid President Roosevelt goodbye at San Diego, Calif., late yesterday when he started on a southern cruise.

Mrs. Roosevelt planned to go directly to the home of her son upon arrival here and remain as his guest the rest of the week, making her only public appearance tonight.

Arrangements were made to seat 3,700 persons in the First Methodist church auditorium for her speech.

Italian Troops March Into Ethiopia To Battle Blacks

'Defensive Movement' Is Ordered By Mussolini

BY JOHN EVANS.
(Copyright, 1935, by The Associated Press.)
ROME, Oct. 3.—Italian troops marched into Ethiopia today in reply to the general mobilization proclaimed by Emperor Haile Selassie.

The troops, it was announced officially, "have occupied some advanced position beyond our lines."

An official communique said the advance was a defensive movement against a "direct and immediate menace."

It Duce's fascist legions may have penetrated Ethiopian country while their chief spoke to 20,000 black-shirts at home, assembled yesterday in a great, one-day test mobilization.

Officials did not indicate when the forward movement started, merely giving out the communique and denying charges by Haile Selassie in a telegram to the League of Nations of bombardments of Ethiopian villages by Italian airplanes.

The action started as a consequence of Ethiopia's imperial call to arms, the official communique said, and the high command in Eritrea "received orders to act accordingly."

"Negus's telegram to the league speaking of bombardment of villages causing casualties among women, children and aged is an old, much-used expedient, the tendentiousness of which is evident," the Italian government asserted.

In explanation of the orders transmitted to the East African military leaders, the government announcement said Ethiopian mobilization "represented a direct and immediate menace for Italian troops in our two colonies in East Africa."

The announcement said Haile Selassie's offer to withdraw his forces 30 kilometers (about 18 miles from the defined frontier) was "only a strategic move, destined to aid better the mobilization and aggressive intentions of the Ethiopian troops."

The text of the communique follows:

"The order of general mobilization in Ethiopia, issued under pressure of a warlike and aggressive spirit fomented among tribal chiefs and warriors, which has for some time been proclaimed in a loud voice and which has ultimately imposed war against Italy, represents a direct and immediate menace for Italian troops in our two colonies in East Africa."

"The menace is aggravated by the fact that creation of a neutral zone announced from Addis Ababa with specious motives constitutes only a strategic move destined to aid better mobilization and aggressive preparations of Ethiopian troops."

"The continued ready aggressions, recited in an Italian memorandum, to which Italy has been subjected for the last decade, is thus to enter a phase of greater proportion and more extensive importance in which our apparent grave and immediate dangers, and elementary reasons of security compel us to act without delay."

"The high command in Eritrea therefore has received orders to act accordingly. Italian troops have occupied some advanced positions beyond our lines."

Premier Mussolini will not call the occupation of Ethiopia a war, his closest collaborators said.

But to any nation which might persist in trying to apply warlike sanctions against Italy, they considered the term "war" applicable.

"To acts of war, we shall respond with acts of war," bands of uniformed revellers chanted today, repeating in cheers and songs Mussolini's militant words.

While extolling the premier-dictator's speech of yesterday as a "clear exposition of Italy's case," the officially inspired press hastened to caution that these words "did not menace anyone" in Europe.

Mussolini's associates nevertheless said he took his stand in the address during the vast, one-day test mobilization throughout the kingdom and that he intended to begin promptly an advance on at least a section of Ethiopia.

"Jubilant fascist black-shirts considered the mobilization pledge of 20,000,000 males from all walks of Italian life to support Il Duce's Ethiopian program as a direct warning to Haile Selassie."

Mussolini's unformed millions were heartened by the knowledge that their party ranks, in the extraordinary call on the nation for support, were augmented by other millions of Italians who joined the rally in the name of the fatherland, regardless of whether they were fascists.

In fact, most of Italy's population of 44,000,000 listened avidly to the message from their leader.

Italian sources took pride in a survey showing that Il Duce's message went by radio from Brenner Pass in Northern Italy to Italian Somaliland in Africa, penetrated the whole of Europe, and extended as far east as Japan and as far west as the United States.

'Lady In Red'

Fighting deportation to Rumania, Mrs. Anna Sage, "the woman in red" who claims sole credit for putting John Dillinger on the spot, is shown here in her Chicago attorney's office. She declared federal agents had promised to halt deportation action for vice convictions after she had "turned up" the desperado and said she had been in hiding, fearing gang vengeance.

Medical Charges To Relief Clients To Determine Aid

Continuation of special medical service charges by local physicians over the state on the basis of a State Medical association contract will determine whether or not Texas relief clients will continue to receive medical service grants after Oct. 1, it was announced today by State Relief Director Adam R. Johnson.

The Medical association has informed the Relief commission that the executive council of the doctors' organization voted Sept. 15 to end on Oct. 1 the agreement by which special rates were allowed relief clients, in the belief that the emergency period for which it was established has ended. The association has been granting such special medical service charges since Nov. 24, 1933.

"In view of this notification," Johnson announced, "granting medical service to relief clients will be discontinued unless such services are rendered voluntarily by local physicians on the basis of the previous contract charges, as our funds are extremely limited in this transition period into the work program."

Greece Calls 3 Military Classes For Army Service

ATHENS, Oct. 3. (AP)—The Greek government today called up three military classes to report for service as a precautionary measure in view of the international situation.

The war minister was said to be considering a mobilization, but it was announced: "No decision has yet been made."

Greek shipowners instructed their captains not to take cargoes either to or from Italy.

They also cabled instructions to their masters in the Far East not to return by way of the Suez canal but instead, to round the Cape of Good Hope.

The Piraeus insurance brokers defined certain Mediterranean "danger zones," especially in the neighborhood of Italian and Egyptian waters. Increased insurance rates are being asked for those areas.

130 PERISH IN FIRE
LONDON, Oct. 3. (AP)—A Reuters (British) News agency dispatch from Canton reported today that at least 130 Chinese, including a troupe of 25 actresses, perished in a fire aboard the motorship Sensen near Tungkwan, after the ship was attacked by pirates. The dispatch said the pirates fired the ship after raking the vessel with machine gun and rifle fire from the shore of the Canton river.

LEAGUE WILL CONSIDER WAR ON SATURDAY

COUNCIL DECIDES HOSTILITIES BEGAN TODAY

By WADE WERNER
(Copyright, 1935, by The Associated Press.)
GENEVA, Oct. 3.—The dreaded war between Italy and Ethiopia started today, in the view of the League of Nations, with official Ethiopian reports of an Italian air bombardment of Ethiopian villages and a battle raging in Agame province.

That a state of war existed, if not officially declared, was considered by league officials to be evident in a message from the government of Premier Mussolini, referring to "the warlike and aggressive spirit" fomented by leaders of Ethiopia "who have long been demanding war with Italy and who have succeeded in imposing war."

The league council was officially convoked for an emergency session Saturday morning to deal with the conflict.

The Italian message, signed by Fulvio Suvich, undersecretary for Foreign affairs, asserted Ethiopia's aggressive spirit had found its latest complete expression in general mobilization of the Ethiopian forces—an act which Italy called a direct immediate threat to Italy's troops in East Africa.

The telegram to the league from Addis Ababa said information received from Ras Seyum indicated that Italian military airplanes bombarded Aduwa—where Italians were defeated forty years ago—and Adigrat, taking numerous victims among the civilian population, women and children, and destroying numerous houses.

The telegram said the battle was being fought in the province of Agame.

League officials said telegrams would be issued tonight convoking the special league council for Saturday morning.

League officials said it was desired to convoke the session sooner but Anthony Eden, British minister for League of Nations affairs, was not yet in Geneva, Premier Pierre Laval of France had a vital cabinet meeting tomorrow, and Baron Pompeo Aloisi of Italy had to be given time to arrive from Rome.

It was not announced immediately whether the league assembly would meet this week to deal with the emergency.

The league expected Italy to submit a comprehensive argument for self defense—as indicated in the Suvich telegram today—but it foresaw that Aloisi would, as heretofore refuse to sit at the same council table with the Ethiopian representative.

A Mussolini communique had already made it known, however, that Italy would not leave the league until the league clearly took on itself the responsibility for "measures which strike at Italy."

13 ROTARIANS FROM CANADIAN PROVIDE WEDNESDAY PROGRAM

Thirteen members of the Canadian Rotary club, headed by John Caylor, president, attended the meeting of the local club yesterday and provided the program. Those making the trip in addition to Mr. Caylor were the Rev. Fred Dawson, Clay Allen, R. M. Hoody, Russel Carver, Earl Worley, L. A. McAdams, Fred Cooks, Joe Reid, H. W. Cantrell, Carl Studer, Harry Wilbur and Bob Matthews.

The friendship among communities and especially between Pampa and Canadian, was discussed by Mr. Wilbur who expressed the pleasure of good inter-city relations. Mr. Cantrell told the clubs of the AAA program of the administration and explained the benefits and the accomplishments.

Other visiting Rotarians were R. B. Hunsley and P. A. Zimpfer of Amarillo.

AIR ATTACK

Ethiopians—who appear to be enraged by the bomb raid news—against the Italian diplomat.

The three American mission hospitals here unfurled enormous Red Cross flags today while the United States legation put up its largest American flag as warnings to bombing planes.

Anti-aircraft guns, set up around the capital limits, fired practice bursts, using real bullets for the first time.

Women, Children Killed

A battle raged in Agama province, the commune reported, after destruction of property as well as death to women and children in bombardments of Aduwa—where an Italian expeditionary force was crushed 40 years ago—and of Adigrat.

The king of kings whose general mobilization order set his native followers on the march to the front, protested to the League of Nations, alleging a violation by Italy of Ethiopia's frontiers, and a rupture of the league covenant.

Rasse Youm, governor of East Tigre province, bordering on Italy's quarter of Eritrea where nearly a quarter of a million Italian troops have been massed, conveyed the first news of the bombardment to the emperor and reported that the results of the still-raging battle were unknown.

While historic Aduwa, Ethiopia's "Yerchu" slept in the morning hours of today, Mussolini's airplanes bombarded the city, the government announcement said, as a prelude to what might prove one of the most bloody wars in the history of the dark continent of Africa.

Drums Sounded News

Word that numbers of women and child non-combatants were killed and injured horrified the king of kings, who dispatched his pro-

Hugh L. Kirby Of Kingsmill Dies Suddenly

Hugh L. Kirby, 43, a farmer residing in the Kingsmill community for many years, died suddenly at his home last night. Although feeling unwell for several days, it was not until yesterday that Mr. Kirby was confined to his bed.

Surviving are his wife and one daughter, Mazelle Kirby, and one son, Millard Kirby. Other survivors are his mother, Mrs. Belle Kirby, a sister, Mrs. Maggie Armour, and four brothers, John M., Charles E., Brodie, and Odie, all of Kingsmill.

Funeral services will be conducted at 2 o'clock tomorrow afternoon in the Frances Avenue Church of Christ with the Rev. C. E. McKenzie, pastor, officiating. Burial will follow in Fairview cemetery under direction of the Malone Funeral home.

Palbearers will be Alphonzo Moore, S. O. Skinner, Julius G. King, H. E. Lyman, M. Maness, and G. G. Frahrer.

BASEBALL

line single to center scoring Bridges and White, and sending Cochrane to third. Fabian Kowalk, a rugged right-hander who came up from the Buffalo Internationals this year, replaced Henshaw in the pitcher's box and pitched the first pitch directly at Kowalk and was thrown out at first. Three runs, two hits, no errors, two left.

FIFTH INNING

Cubs—Cavarretta grounded to Greenberg on the first pitch and was safe on the first baseman's fumble, combined with his poor toss to Bridges. It was an error for Greenberg. Hack rolled out, Bridges to Greenberg and Cavarretta ran to second base. Jurgas dropped a hit in short right just over Gehring's head and Cavarretta scored home with the first Chicago run. Kowalk grounded to Greenberg and Jurgas was forced at second, Greenberg to Rogell. Galan rolled along the first base line with a half top shot and was safe when Greenberg dropped Cochrane's throw. It was another error for Greenberg and Kowalk reached second. Herman lined out to Owen. One run, one hit, two errors, two left.

Tigers—Goslin grounded out. Herman to Cavarretta. Fox lifted a high fly that Lindstrom caught in the short center. Rogell singled sharply over Owen's head but was pegged out to stretch it to two bases. Galan to Jurgas. No runs, one hit, no errors, none left.

SIXTH INNING

Cubs—Lindstrom walked. Hartnett grounded to a double play. Rogell to Gehring to Greenberg. Demaree smashed a long hit against the screen in left center for two bases. Cavarretta grounded sharply to Gehring and was tossed out at first. No runs, one hit, no errors, one left.

Tigers—Owen popped to Hack. Bridges rolled out. Kowalk to Cavarretta. White dribbled the ball along the first base line and reached first when Kowalk hit him in the head with the ball. White scrambled to his feet and dashed to second as the ball caromed toward the stands but was pegged out on Cavarretta's throw to Herman. An error was charged to Kowalk. No runs, one hit, one error, none left.

SEVENTH INNING

Cubs—Hack filed out to White. Jurgas walked. Kowalk beat out a roller to Owen who did not attempt to throw to first. It was a scratch hit for the pitcher and sent Jurgas to second base. Herman dropped a hit in short left field off the first pitch, scoring Jurgas. Kowalk, Herman ran to second on the throw in. Lindstrom popped to Greenberg. Two runs, two hits, no errors, one left.

Tigers—Cochrane walked, the fourth ball being low and inside. Gehring grounded to Herman and Cochrane was forced at second. Herman to Jurgas. The Tiger manager blocked the Cub shortstop's attempted throw to first base and Gehring was safe. Greenberg was hit by a pitched ball, moving Gehring to second base. Goslin filed to Galan in left center. Fox caromed a hit off Kowalk's leg, the ball rolling to right field. Gehring raced home but Greenberg was called out on a close decision at the plate on Demaree's throw to Hartnett. No runs, one hit, no errors, one left.

EIGHTH INNING

Cubs—Hartnett hoisted the first pitch to Fox. Demaree's high foul was caught by Owen near the lower boxes. Cavarretta lifted a short fly to Fox. No runs, no hits, no errors, none left.

Tigers—Rogell lashed a hit down the first base line for two bases. Owen bunted again and was tossed out, Hartnett to Cavarretta as Rogell went to third on the sacrifice. Bridges fanned swinging. White bunted in front of the plate and was tossed out. Hartnett to Cavarretta. No runs, one hit, no errors, one left.

NINTH INNING

Cubs—Hack lined the first pitch to center for a single. Jurgas popped to Rogell who made the catch on the grass behind third base. Edlin batted for Kowalk. Klein lifted the first pitch to Goslin. Galan filed to Fox. No runs, one hit, no errors, one left.

Score by innings: R H E Chicago 000 000 200—3 6 1 Detroit 000 300 100—3 9 2 Errors: Greenberg 2, Kowalk 1. Run: batted in—Cochrane, Gehring 3, Greenberg 2, Jurgas, Herman 2, Fox. Earned runs—Chicago 2, Detroit 7. Two base hits—Cochrane, Rogell. Home run—Greenberg. Sacrifice—Owen. Double plays—Bridges to Greenberg; Herman to Cavarretta; Jurgas to Herman to Cavarretta; Rogell to Gehring to Greenberg. Left on bases—Chicago 7, Detroit 6. Bases on balls—off Henshaw 5, (Goslin, White 2, Gehring, Cochrane); Kowalk 1, (Cochrane); Bridges 4, (Galan, Lindstrom, Hack, Jurgas). Strikeouts—by Henshaw 2, (Owen, Rogell), Kowalk 1 (Bridges); Bridge 2 (Lind-

stream, Herman). Runs and hits—Root 4 runs, 4 hits (pitched to 4 outs); off Henshaw 3 runs; two hits in 3 2-3 innings; off Kowalk 1 run, 3 hits in 4 1-3 innings. Hit by pitcher—By Henshaw (Owen); Kowalk (Greenberg); wild pitch—Henshaw. Losing pitcher—Root. Umpires—Quigley (NL) plate; McGowan, (AL) first; Stalk (NL) second; Moriarty (AL) third. Time 1:50.

COLUMN

ent, too casual, too prone to assume that nothing can be done.

WE WAGE MANY wars. We make brilliant records in some. Uncle Sam permitted gangsters and kidnapers to astonish the country, then he declared war. This war is never won, but the honors right now belong to Uncle Sam. We war on fire. We spend millions for fire engines, firemen, fire prevention campaigns. Next week is Fire Prevention week. A program for Pampa was being outlined today. Mayor Bratton has proposed the week. It's not just another week.

PREVENTION OF accidents, especially those due to fire, is the local goal this year. Prevention of all accidents will be stressed. Special attention will be given to accidents in the homes and on the farms. In this, the Red Cross chapter is cooperating and furnishing campaign material. THE WAR IS ON!

THE FORT WORTH Junior chamber of commerce won first in activities during the last year through a traffic safety contest. The speaker stressed that his group's campaign SAVED LIVES. The local campaign, too, can save lives. Mental discipline alone is the answer to the traffic problem and, in a large degree, the fire and home accident problem. Campaigning will not affect many persons. It will not stop accidents. But it can provide the facts which, used by intelligent and thoughtful persons, will save lives and property.

FRENCH

consulate who accompanied his countrymen to the train was given a heavy police guard to return to the consulate.

Approximately 30,000 Italians reside in the Toulouse region and it is reported that the Italian authorities have notified 4,000 of them to return to Italy for army service.

As regards the situation in Ethiopia, French officials foresaw prompt action by the league.

They awaited a response from authorities at Djibuti, French Somaliland, to a request for confirmation of the reported hostilities in Ethiopia, expressing anxiety about the Djibuti-Addis Ababa railroad which they said would be unprotected in Ethiopia, except by Ethiopians.

Mrs. C. J. Kennedy of LeFors was admitted to Pampa-Jarrett hospital last night.

PAMPA BOYS

students' applications properly executed," Johnson said.

A placement committee, composed of the county superintendent, the case worker in charge of that county and the city school superintendent, in school districts having a scholastic population of 500 or more, will determine the amount of funds that each school in that county shall receive.

Part-time jobs assigned to students are designed to provide socially desirable work, such as clerical, library, campus improvement, playground supervision, assistance to high school nurses in giving physical examinations and in rendering first aid, acting as traffic officers at nearby elementary schools as safety measures, assistance in laboratories, and similar worthwhile capacities.

"Unless school officials throughout the state take immediate action in submitting high school aid applications, it will be necessary for the National Youth administration to take those funds declined by negligent offices and distribute them

elsewhere, probably in metropolitan centers," Johnson said.

WAR FLASHES

(Continued from page 1)

The Italian legation here last night, breaking several windows.

After marching in front of newspaper offices, the demonstrators who identified themselves as members of the "anti-imperialist league," proceeded to the legation. There speakers criticized Premier Mussolini and Italy for developments in Ethiopia.

Poles broke up the meeting, but made no arrests.

A movement to demand that Mexico break diplomatic relations with Italy in protest against that country's "provoking war" was started by the same organization.

ORAN, Algeria, Oct. 3 (AP)—Six French submarines arrived at this point today. France's naval base nearest to Gibraltar.

The submarines Phaque and Narval arrived from Toulon. The Catalan, sous-marin, was in the bay and Morse, escorted by the naval tugs Le Fort and Le Tenace, came from Bizerte.

ITALIAN GENERAL HEADQUARTERS, ASHAMA, Eritrea, Oct. 3 (AP)—Officers of the Italian bombing squadron "desperate" who yesterday flew along the frontier between Eritrea and Ethiopia reported today that heavily reinforced Ethiopian outposts were encamped within two miles of the border.

POULTRY
CHICAGO, Oct. 3. (AP)—Poultry, live 39 trucks, hens steady, springs firm; hens 17 1/2-20; leghorn hens 14 1/2; rock springs 17 1/2-21, colored 16 1/2-18; rock broilers, 20; colored 20; bachelors 12-14; leghorn chicks 16; roosters 15; turkeys 14-18; white ducks 4 1/2 lbs up 17, small 14 1/2; colored ducks 14; geese 14.

NO FIRE DAMAGE

A pan of clothes soaking in a cleaning fluid on a stove ignited this morning at 621 South Russell street. The fire department was called, but before it arrived the blaze had been extinguished. The call was the first of the month.

Mr. and Mrs. J. W. Robinson are the parents of a daughter, 8 pounds, 4 3-4 ounces, born last night at Pampa-Jarrett hospital.
