FALL OF ADUAWA REPORTED 'IMMINENT'

Twinkles
Embarrassing moments: When we find we are known by the school children mainly as the 'parent' of Skippy, the family pup.

And, to come to think of it, Skippy complains that we failed to mention puppies in the birth statistics.

It looks as if the Republicans are no better at explaining why prosperity is returning than they were at attributing for its departure.

Mr. Roosevelt has our permission to stay out west as long as he likes, provided he doesn't raise too much dust.

We've been thinking about writing some 'notes while strolling,' but decided after noting Cuyler street traffic, that 'notes while dogging' would be better.

Musing of the moment: Big problems do not dismay us, but hanging up of our clothing at night is still a vexing necessity. Watching the new war start, we regret that we were too young to similarly analyze the world war. We hope the former one was not as silly as this one.

Brevitorials
ONE OF THE 'wars' which is being won in this country as to affected individuals is tuberculosis. But while cures are commonly expected, spread of the disease is so great that it is one of the major causes of death.

MORE THAN 4,000 persons, on an average of 11 daily, die of tuberculosis in Texas last year. More than 3,000 new cases were reported. The tuberculosis death rate was 67.2 in 1933 compared with 71.8 in 1930.

BECAUSE OF effective work by health agencies and medical science, the state and national death rates are showing declines. Yet it is estimated that for each tuberculosis death there are nine living cases. . . The Texas state tuberculosis hospital at San Antonio, near San Angelo, has 800 beds and has a long waiting list for both sexes.

TUBERCULOSIS has long been one of civilizations worst diseases. Little was done to control it until the last half-century. Dr. Robert Koch, a German physician, discovered the t. b. bacillus in 1882. Some rather simple facts would greatly help in the campaign against the disease if known and acted upon. Here are some of the facts:

1. Any person, of any age, may have tuberculosis.

2. Babies are especially susceptible.

3. Chronic coughers spread the disease.

4. Most persons have slight t. b. infections at some time in life, often calling it bronchitis, poor recovery from flu or a 'deep-seated cold.'

5. Skin tests will show whether there are t. b. germs in one's system. X-ray tests usually show the extent of active t. b.

6. 'Open cases' of t. b. mean that

PURL DEPICTS ATTEMPTS TO DEFEAT BILL
SAYS HOUSE REMINDS HIM OF DO-DO IN ACTIONS
AUSTIN, Oct. 4 (AP)—A senate committee investigating lobbying during the last session of the legislature today invited Robert W. Lyon of Washington, chain store representative, to testify about activities against chain store tax legislation.

Meanwhile, amid frequent wrangling, it continued questioning former Senator George Purl of Dallas, employee of Lyon, about correspondence in which Purl described efforts to defeat a chain store tax bill. "The trouble is you give long explanations instead of answers," Chairman W. R. Poage of Waco said, addressing Purl. "We never will get through at this rate."

"All right, all right," Purl shot back. Senator Joe Hill of Henderson asked Purl to explain a letter to Lyon, dated March 16, after the house revenue and taxation committee had killed bills proposing a chain store tax and increases in Texas on gasoline and sulphur. The house ordered the bill printed on minority report.

THE action of the house reminds me of that South American do-do bird that flies backward," Purl wrote. "I don't give a d. . . where it is going; it is just trying to see where it has been."

Congressman of Michigan Will Arrive Tomorrow
Congressman Fred L. Crawford of the eighth district of Michigan is expected to stop here tomorrow to visit relatives while en route to Spearman to visit a sister, Mrs. B. B. Kirk.

While here he will be the guest of Judge and Mrs. Ivy E. Duncan, Mr. and Mrs. Charles Stowell, and Art. Herbert and Raymond Kirk. Mr. Crawford is a native of the Panhandle, formerly of Plainview. He went to Michigan to engage in the sugar distributing business.

I Heard . . .
Nary a football fan who went to Childress on Thursday night able to tell what happened to the Harvesters. Were they overconfident? Were they playing their best? Were they up against a great team? Who knows?

Was the victim of one of the Childress thieves who drained all the gas out of my car—all seven gallons. He tried to swipe the dog off the radiator but the thing was chained, Jim Green lost a pair of guide lights off his car and J. M. Dodson lost a "Pampa" tag.

GARNER WILL WEAR COTTON HOSE ON TRIP
In Japan, Vice-President Will Pull Off Shoes And Show Old-Fashioned Sox.
UVALDE, Oct. 4 (AP)—Never much for "show," Vice President John N. Garner has definitely decided on cotton socks for his first long voyage from the American continent.

"I've worn these kind for many years," said "Cactus Jack" as he pulled a pants leg and displayed his black, cotton hose. "Don't think I ever wore more than two pairs of those fancy, striped socks in my life."

But what he wears in his court appearance will be good, he assured his listener. "I'll depend on Mrs. Garner to see that I have a good pair."

Mr. Garner leaves Uvalde Oct. 12 and embarks from Seattle on Oct. 15 aboard the S. S. Grant. He has visited the Panama canal zone twice, but this trip is his first real cruise away from home soil.

THREE SOONERS ARE KILLED IN BANDIT CHASE
Begins Forty Miles Away And Ends In Tulsa
TULSA, Okla., Oct. 4 (AP)—The determination of a Choteau merchant to recover \$70 in stolen receipts and equal determination of the thief to evade capture left three persons dead today and another slightly wounded.

W. L. Lake, 55, Choteau oil station operator.
Owen Barker, 28, Talala farmer, the bandit.
L. N. Myers, 46, Tulsa electric firm employee.

The band uniform fund will benefit from a concert to be given in the high school gymnasium next Tuesday by Odus Echols and his All-Star Texans.

DRYS TURN BACK NEW WET MOVES
AUSTIN, Oct. 4 (AP)—Drys maintained an advantage in the house today during parliamentary maneuvering aimed at obtaining a majority on the conference committee expected to write liquor control legislation.

TROOPS MOVE ON 3 FRONTS IN ETHIOPIA
BOMBING PLANES AND TANKS TAKE HEAVY CASUALTIES
The war of Italy and Ethiopia, launched at gory-headed Addis Ababa yesterday, was popping like firecrackers today on a wide area.

The gunners of the Italians commanded Aduwa, and awaited merely the order that could hardly mean less than the capture of that thriving city of 3,000 persons.

Roars of welcome from 60,000 throats echoed through Los Angeles' vast Memorial coliseum when the presidential procession, as shown above, entered the arena shortly after a half million Californians had poured out of homes and offices to greet the vacationing chief executive.

California Roars Welcome To Roosevelt
Roars of welcome from 60,000 throats echoed through Los Angeles' vast Memorial coliseum when the presidential procession, as shown above, entered the arena shortly after a half million Californians had poured out of homes and offices to greet the vacationing chief executive.

The demonstration of enthusiasm was believed the greatest accorded Roosevelt since he entered the White House. After a wildly acclaimed speech in which Mr. Roosevelt told the great audience that economically "we have come through stormy seas into fair weather," and he and Mrs. Roosevelt, nearly buried in bouquets of welcome, smiled at the cheering crowd, as shown above in a close-up.

Britain Will Demand Quick Verdict On Italy Saturday

Penalties Would Be Assessed On Monday
LONDON, Oct. 4 (AP)—An authoritative source stated tonight that the British delegates are prepared to walk into the League of Nations headquarters at Geneva tomorrow demanding that the league council sit in immediate judgment on Italy's guilt or innocence in the invasion of Ethiopia.

It was likewise stated that Great Britain wants the council to render a quick verdict, thus paving the way for the application of article XVI of the covenant—the article concerned with the application of sanctions, punishments, against any nation which violates the peace of member nations.

PARIS, Oct. 4 (AP)—The French cabinet today accorded Premier Laval a vote of confidence giving him a free hand in the League of Nations' consideration of sanctions against Italy.

ATHENS, Oct. 4 (AP)—Reports that Italy was concentrating heavy forces of men, bombing planes and war supplies in the Dodacanese islands stirred furies of apprehension here today. One report was that 15,000 men already had been secretly landed under cover of night.

GENEVA, Oct. 4 (AP)—The Italian delegation told the Associated Press tonight that Italy was not engaged in war but was applying necessary police measures in Ethiopia. An Italian spokesman said: "We are taking military police measures to establish order in Ethiopia—an action made necessary by the existing disorder and in security reigning on the frontier of our colonies."

Kidnaping Charge Faces Amarilloan
AMARILLO, Oct. 4 (AP)—J. D. Young, 28, was charged with kidnaping here today in connection with the disappearance Wednesday morning of Mary Adams, 15-year-old daughter Mrs. Mae Adams, Amarillo waitress.

ROME, Oct. 4 (AP)—An Italian government spokesman, announcing tonight the capture of Adigrat, 25 miles east of Aduwa, where the Italians were defeated in 1896, was expected to fall either tomorrow or the next day.

LONDON, Oct. 4 (AP)—The British public today was concerned with two matters. The news of the Italian advance into Ethiopia and rumors that British troops were on the move in the trouble zone. Unconfirmed reports current for several days that the troops in India were ready to embark for Aden, on the southern end of the Red Sea, were revived again and went undenied in official circles.

Complaints Will Be Filed Against Offenders

It costs \$32 to pass a school bus which is stopped for taking on or discharging passengers. Fines of \$10 and costs, amounting to \$32, were assessed two offenders in county court yesterday on pleas of guilty. Other charges will be filed immediately. Bus drivers are signing the complaints.

JOE Shelton, bus superintendent, has the full cooperation of school authorities and county officers. Enforcement of the state law is incidental to protecting the lives of school children.

THE 17 buses of the Pampa independent district are concerned with a traffic problem made complex by the fact that the passengers are children. Careful study of the situation has convinced drivers that only enforcement of the law can prevent fatalities. Narrow escapes are reported nearly every day.

THE buses are wide. Children in entering or leaving them require more than half the normal care. Inevitably there is occasional pushing as the youngsters leave or

AUSTIN, Oct. 4 (AP)—House authors expressed confidence today that despite senate amendments sufficient time remained to enact their chain store tax measure this session.

GREENBERG IS NOT ABLE TO PLAY IN TILT

TIGER CLOUTER IS OUT WITH INJURED WRIST

WHIGLEY FIELD, CHICAGO, Oct. 4 (AP)—Lynwood (Sheddy) Rowe, after losing the lead one, pitched brilliant relief ball to lead the Detroit Tigers to an eleven-inning 6 to 5 victory over the Chicago Cubs in the third game of the world series, a thrilling battle in which the lead changed three times and Lonnie Warneke, hero of the opening game, failed the Cubs in a relief role.

FIRST INNING
Tigers—Whigley swinging but Hartnett dropped the ball and then had to throw to first for the putout. Cochrane batted through the box and was safe when the ball went through Herman for an error. Gehrigger grounded out, Hack to Cavarretta, and Cochrane to second on the putout. Goslin popped to Jurgens who backed up on the grass to make the catch. No runs, no hits, one error, one left.

Cubs—Galan lashed a single to right, Herman fanned swinging at a curveball. Lindstrom scratched a hit along the third base line on the hit and run play, sending Galan to second. Hartnett grounded to Rogell and the Tigers pulled a double play. Rogell to Gehrigger to Owen. No runs, two hits, no errors, two left.

WHIGLEY FIELD, CHICAGO, Oct. 4 (AP)—Hank Greenberg, Detroit's home run hitter, was withdrawn from the starting lineup for the Chicago Cubs today because of a sprained wrist. Heinie Shuble, replacement manager of the Tigers made this announcement an hour before the start of the third game of the series, when Greenberg's right wrist, hurt in each of the first two games, failed to respond to hours of baking under heat lamps in the Tiger clubhouse.

SECOND INNING
Tigers—Fox fouled to Hartnett on the first pitch. Rogell beat out a slow roller down the first base line and raced to second as the Cubs general manager pitched the ball. It was a single for Rogell and an error for Cavarretta, and Cochrane to get away from him. Owen rolled a bunt to Cavarretta. Clifton grounded out, Lee to Cavarretta. No runs, one hit, one error, one left.

Cubs—Garnare smashed a home run into the right field bleachers. Cavarretta lined to White. Hack pushed a single over Clifton's head. Goslin made a diving stop at the base and followed with a good throw to second base to keep Hack from getting the hit. Jurgens lashed the ball over the third base line and was safe when Clifton failed to hand it. Hack reached third and Clifton was grounded out. Lee batted second.

THIRD INNING
Tigers—Auker lifted a high foul that Hartnett caught close to the boxes near the Tiger dugout. It was brilliant play by the Cub general manager. White rolled out, Herman to Cavarretta. Cochrane walked, the fourth ball being wide. Gehrigger singled sharply past Cavarretta. Cochrane stopping at second. Goslin lined to left field. Lee batted second.

FOURTH INNING
Tigers—Fox popped a high one to Jurgens. Rogell hustled to Herman in

Aged Mother of Dr. Mitchell Is Illness Victim
Mrs. Sarah M. Mitchell, 90, died at 9:10 o'clock last evening at the home of her son, Dr. W. C. Mitchell, 704 N. Gray. She came here from Oregon, Mo., about a year ago to make her home with Dr. and Mrs. Mitchell.

Death followed an illness of several weeks. The body will be sent to LaBelle, Mo., today by Pampa Mortuary. The funeral will be conducted at First Baptist church there Saturday afternoon at 4 o'clock, and burial will be in the LaBelle cemetery beside the body of her husband, who died 29 years ago. Mrs. Mitchell was for many years a member of the Baptist church.

Survivors are two sons, Dr. W. C. Mitchell of Pampa and Harry Mitchell of Galveston, Ill.; and three daughters, Mrs. H. E. Pollock of Colorado Springs, Mrs. Ben Mayo of Eaton, Colo., and Mrs. D. B. Kunkel of Kansas City, Mo.

HARVESTERS WHIP CHILDRESS BOBCATS 19 - 0

GAME MARRED BY PENALTIES AND FUMBLES

PAMPANS LOOK WORSE THAN IN ANY PREVIOUS TILT

By STAFF WRITER
 CHILDRESS, Oct. 4.—A surprising Childress Bobcat team, minus its captain and sparkling James Andrews, battled the big Pampa Harvesters to tie last night and held the Pampans to a 19 to 0 score in the Bobcats' first game.

After an opening spurt that carried them to the 1-yard line before they lost the ball on downs, and a return to the Bobcat goal line that netted the first counter in about four minutes of play, the Harvesters seldom looked like the team that trampled Bowie of El Paso and Lawton, Okla.

Fumbles, three of five being covered by alert Childress players, lack of interference, and penalties set the Harvesters back time after time when they appeared away on a touchdown march. The upline, one M. Smith of East Texas State Teachers college, cost the Harvesters two touchdowns in the last quarter when he stood by and watched a Childress halfback push J. B. Green from under a pass as the latter stood on the Childress pay stripe, and then saw Nix tripped as he took a pass over the goal line.

Had Strong's offense

The Bobcats fought like the animal for which they are named—especially on the defense. Given an offense, the Childress eleven would make things uncomfortable for most Class A teams in the state. They tackled fiercely, and despite their light weight, effectively. In Terrell, center, Childress has one of the outstanding linemen of the year. It will be a mystery if he is kept off the all-state list. His specialty is passing the ball, making the hole, and then getting the opposing halfback out of the way. He also did well at backing up the line.

Harvester substitutes played outstanding games for the visitors. Little Woody Woolridge entered the game late and proceeded to gain 31 yards on four plays through the line. Ellis, a guard, Hamlett, a tackle, and Jones, an end, performed admirably for the Harvesters.

The Harvesters gained 263 yards from scrimmage to 88 yards for the home team. The Pampans led in first downs, 11 to 6. Passing was also in the hands of the Harvesters. Fanning passing four times for 12 yards in gains. Childress passed six times for 49 yards. Three Pampa passes were intercepted with Pampa pilfering one Childress leave.

Game Well Sounded

Sixteen visiting coaches witnessed the game from the grandstand. Representatives from all teams in District 1, Capitol Hill of Oklahoma City, and other teams in the state were present.

The Harvesters took the kickoff and started a march down the field. Stewart and Fanning picked up a first down. Fanning then passed 27 yards to Green. Stewart reeled off 32 yards on an off tackle smash, taking the ball to the 7-yard line. Four tries took the ball to the 1-yard line, where Childress took possession.

Kimbrough booted out of bounds on his 41-yard line and another Harvester march started. Fanning, Stewart, and Drake carried the ball to the 25-yard line. Then Fanning passed 64 yards to Drake for a touchdown. He outdistanced all opposition with a nice burst of speed. Brown added the extra point.

After an exchange of punts, Childress got a break when Drake fumbled, Lanningham recovering on the 43-yard line. A Childress pass netted 11 yards before the offense bogged. Fanning quick-kicked 50 yards to again place the Harvesters in Childress territory.

Just before the whistle for the half, Fanning threw a high wobbly pass down the field into Webb's waiting arms and the Bobcat returned 16 yards before being downed.

Showing their first real form since the opening quarter, the Harvesters started the second half with a first down. Fanning added 11 yards before being chipped in mid-air. He lost the ball and Carter recovered on the Pampa 38-yard line.

Passing and Punting

After an exchange of punts, Noland recovered Stephens' fumble on his 29-yard line. Fanning lost 7 yards on a lateral, and then passed 30 yards to Green. He again passed 25 yards to Brown, who was roughed, but the ball was called back and Pampa penalized. Fanning's next heave was intercepted by Kimbrough on the 44-yard stripe. Childress started short passes for two first downs before losing the ball on Pampa's 34-yard line. Pampa recovered her own punt after Lanningham had returned 10 yards and fumbled, at the quarter. The first play after the quarter

Indians Win 3rd Game From Atlanta 11 To 10 In Tenth

Hooks' Run In First Is Disallowed By Umpire

OKLAHOMA CITY, Oct. 4 (AP)—The Oklahoma City Indians rode high in the Dixie series today with a margin of three games to one for the Atlanta Crackers.

Their second straight victory over the Southern association team last night was an 11 to 10 decision in an unorthodox diamond struggle as you'd want to see. Tonight the Texas league pennant holders and the champions of the deep south met again.

If the Indians win it will be another championship for them. If the Atlantics win the teams will be off again to finish the playoff at Atlanta.

Comment, weird and breath-taking were good adjectives to describe last night's contest, depending on the stage of the game. The Indians' war clubs swung effectively at first and they came into the sixth with a 7 to 3 average advantage.

The Crackers laid down a six-run barrage in the sixth but the Indians tied up the game in the ninth. In the tenth the Atlantics were out of luck in their half of the inning. With the 5,500 fans on their feet Ray Flood whipped out a triple, Easterling and Keesey were walked on purpose, Del Young grounded to Lipscomb whose throw to the plate was too low to catch Flood—and there went the ball game to the Indians.

Hooks' run in the first was disallowed and that might have made the game a different story. The disallow was ruled because the batting order of Harris and Hutcherson had been reversed by mistake when Manager Eddie Moore wrote out the lineup for the umpire.

The Crackers started with Bill Schmidt on the mound, Bud Thonsh as relief in tonight's contest with Lipscomb whose throw to the plate was too low to catch Flood—and there went the ball game to the Indians.

Moore was expected to call on Lindsey or Harry Kelley to start pitching in tonight's contest with John Niggeling probably will be in the box for Oklahoma City.

ARKANSAS AND TCU TO PLAY ON SATURDAY

BOTH ELEEVENS EXPECT TO SPRING AIR ATTACKS

(By The Associated Press.)
 The tricks Southwest conference teams intend to spring on "touch" competition on widely scattered gridirons tomorrow were in the bag today as the seven teams stood ready to defend records of no defeats this season.

Coch J. R. Meyer's Texas Christian Horned Frogs, considered in good condition and ready for battle, were en route to Fayetteville to meet the Arkansas Porkers in a conference tilt. Sam Baugh, the passer; Jimmy Lawrence, Dutch Kline and Taldon Manton, had assignments in the backfield, and the line was built around All-American Darrell Lester at center.

The Razorbacks reported they were ready to break up any Frog air attack and at the same time were prepared to take the overhead route to the goal line. Dwight Sloan, 153-pound halfback, was lost to Arkansas when he underwent a tonsil operation yesterday.

Coch Matty Bell said his Southern Methodist Mustangs were "looking better" as they prepared to travel to Tulsa tonight for their game with Tulsa university.

A trip to Tyler was on the Texas Aggies' program. There they planned to make ready for "Pop" Warner's Temple Owls in a game tomorrow. The Aggies gave much of their time this week to the practice of defensive and offensive tactics designed to meet anything the Owls offer.

The University of Texas Longhorns faced a trip to Baton Rouge where they will resume hostilities with the Louisiana State Tigers. Coch Jack Chevigny said the Steers were in good shape.

At Houston the Rice Owls polished off plays designed to stop Christy Flanagan's Duquesne Night Riders. Bill Wallace, who received a leg injury in the L. S. U. game, remained on the sideline yesterday.

Kriel, sophomore tackle; Rose, rangy center, and Orenshaw, backfield performer, still were on the bench where they will resume Morley Jennings, "none too well pleased with the looks of the Bruins" wound up practice for a game at Waco tomorrow night with Texas A. & I.

Freezing Weather Is Forecast For 3rd Series Tilt

Pitchers With Young Arms Chosen By Managers

By EDWARD J. NEIL
 CHICAGO, Oct. 4 (AP)—It took the coldest day in the past ten weeks to cool off the hottest club in baseball—that and a skinny, little right hand curve ball heaver named Tommy Bridges—so today, Kimbrough passed 19 yards to Lanningham at the whistle.

Both teams were passing freely in the last minutes of play after Stewart had picked up 14 yards and Woolridge added 14 yards more. Kimbrough passed 19 yards to Lanningham at the whistle.

with its warm blood and rubber pitching arms.

The youngsters are big Bill Lee, from Plaquemine in the bayou country of Louisiana, and Elden Leroy Auker, an underhanded leftie in a pitching way only, from Norcator, Kan.

They're new comers to this frigid fracas, but as far as records go they were the best pitchers in their respective leagues last season.

They may wind up just more fodder for the frozen free swingers, just as the veteran Charlie Root, little "Pee wee" Henshaw, and a big elemental looking right handed Fabion Kowalk, finished up all covered with lumps, after that 8 to 3 trimming yesterday, by the revived Tigers.

Auker won 18 games for the Tigers during the warmth of the lamented summer, Lee 20 for the Cubs.

The Cubs love that home park of theirs, but today the gamblers like the Tigers.

It may have been colder some of those days when Army and Notre Dame played football in the Yankee stadium, but for downright nasty, treacherous, piercing freeze the heights and depths of Navin field won some kind of a prize yesterday as the Tigers, smothered 3 to 0, by long Lonnie Warneke in the opening game, finally came into their own.

Under these circumstances, with the pitchers blowing on their fingers between heaves, it was quite remarkable that the 1st-pound Bridges, instead of pitching beautiful six hit

ball, wasn't blown clear off the premises.

Not was it strange that Root failed to get a man out before he left in the first inning after Jo Jo White singled, Cochrane doubled, Charley Gehring singled, and Greenberg, coming out of his long slump, blasted a home run into the left field stand—four runs and the ball game.

ITALY GIVES OWN SIDE OF WAR CAMPAIGN

CLAIMS NATIVES ARE BEING TREATED KINDLY

By JOHN EVANS
ROME, Oct. 4.—The Italian forces were reported officially today to have swept forward again "all along the front" in Ethiopia.

An official communique announced that in yesterday's operations, Italian airplanes replied to Ethiopian artillery and rifle fire in the vicinity of Aduwa and Adgrat by bombing enemy forces.

The Italian advance met little opposition from Emperor Haile Selassie's troops, the communique said. Inhabitants of native villages along the line of march were described as greeting the invading forces by waving white flags at their approach.

The Italian forces, it was announced, immediately made provisions for distributing food and supplies among the natives who were described as being in a "state of extreme misery."

Italian planes paved the way for the advance of the troops by dropping leaflets on the villages, showing the natives they had nothing to fear unless they opposed the advance.

Sanctions can only increase danger of European war without halting Italian occupation of Ethiopia, informed Italian circles said today.

The "wheel of destiny" of which Mussolini spoke Wednesday during Italy's vast, one-day mobilization has started rolling, they declared. Italy does not think it will be stopped by sanctions.

Italians resented bitterly reports that Anthony Eden of England and Premier Laval of France had evolved a three-point program for application of economic sanctions against Italy, but insisted sternly: "These efforts came too late to stop us."

They asserted Il Duce meant what he said when he dismissed the Ethiopian question in his mobilization speech with a brief review of what he called Ethiopia's bad faith and shouted the words:

"That's enough!"

Italy will answer any execution of a financial or economic boycott by League of Nations members, informed Italians said, with application of social and civic discipline for which their nation is ready and patriotically prepared.

In this connection, it was recalled that more than a year ago, Mussolini warned his followers that they might have to face a lower standard of living with regard to material things to achieve the universal prestige of a great nation.

To a lifting of the arms embargo against Ethiopia and granting of financial assistance, Emperor Haile Selassie, informed spokesmen said, Italy would respond with the "making of an indelible record of its friends and enemies."

Fascists have believed that a war in Europe is virtually inevitable and that those who sacrifice their friendships over a colonial campaign are storing up untold grief for themselves in another conflagration.

SAULT STE. MARIE, Mich., Oct. 4. (AP)—A howling, snow-filled gale halted Great Lakes shipping over a wide area today, disrupted communications, and drove at least two vessels around.

J. M. Dodson returned last night from a business trip to Vernon.

NEW YORK, Oct. 4. (AP)—A "sharp rebound of retail buying from the moderate recession of a week earlier" was cited today in the weekly trade review of Dun & Bradstreet. "With the sudden drop in temperatures, real fall weather brought a quick rebound in buying at retail, taking up all the slack that the recurrence of summer heat had caused a week earlier," the survey said.

TRIO EXECUTED
RALEIGH, N. C., Oct. 4. (AP)—Three young mountain men were electrocuted at State's prison here today for the robbery and murder

of William Thomas, 75-year-old merchant and great uncle of two of the trio. They were Robert Thomas, 23, Oris Gunter, 20, and Arthur Gosnell, 21.

(Continued from page 1)

there is "activity" and that sputum contains the bacillus.

7. Often several or many years elapse between infection and breakdown with the disease. Most infections are in childhood.

8. Tuberculosis is not inherited. It is acquired by contact with an "open case."

9. An "arrested case" sometimes called "cured" after several years of recuperation, is not dangerous, and if the person who overcame the disease received sanatorium or other skilled treatment, such an individual should be an important factor in teaching others to understand the disease.

10. Lowered resistance is almost universally the cause of t. b. infections. Fast living, over-work, and under-nourishment lower body strength. Disease, especially flu and pneumonia, open the way for t. b. germs to start work.

11. Symptoms of t. b. are depressed feeling, night sweats, prolonged cough, hemorrhage, and considerable loss of weight. Other diseases can cause these symptoms, but it is safe to suspect t. b. Indigestion, ease of fatigue, pains in the chest or abdomen, poor recovery, blood-spitting, slight afternoon fever, hoarseness—these are to be suspected.

12. Often a debilitate feeling, indigestion, and a slight fever or fast pulse are the only indications. This is especially true of those overworked, who are well-fed and who think they are immune. Fat persons have t. b., as well as thin or medium ones.

13. Climate has little effect as a "cure". Surgery and other treatments are for the more advanced cases. Absolute rest, a varied and selected diet, and relaxation of mind will cure most cases in the early stage. Rest at home is rarely as good as supervised rest and discipline in a sanatorium. Rest—cures range from 8 months to two years.

14. "Beginning cases" when properly diagnosed and rest taken, usually result in permanent recoveries, such as that of Vice-President John Garner, for instance. But it takes years of careful living to be safe. And the same mistakes which gave the disease its opportunity the first time will serve it just as well a second time.

15. Tuberculosis should not cause dismay. It may right well give a better appreciation of living, result in a saner attitude toward life, result in a life span longer than that of the average person—who may die of other diseases or in a car wreck.

International Sunday School Lesson
By DR. J. E. NUNN

General Topic: Isaiah Portrays the Suffering Servant.

Scripture Lesson: Isa. 52:13 to 53:12; John 19:17-37.

1. Who hath believed our report? and to whom is the arm of the Lord revealed.

2. For he shall grow up before him as a tender plant, and as a root out of a dry ground; he hath no form nor comeliness; and when he shall see him, there is no beauty that we should desire him.

3. He is despised and rejected of men; a man of sorrows, and acquainted with grief; and he hid as it were our faces from him; he was despised, and we esteemed him not.

4. Surely he hath borne our griefs and carried our sorrows; yet we did esteem him stricken, smitten of God, and afflicted.

5. But he was wounded for our transgressions, he was bruised for our iniquities; the chastisement of our peace was upon him; and with his stripes we are healed.

6. All we like sheep have gone astray; we have turned every one to his own way; and the Lord hath laid on him the iniquity of us all.

7. He was oppressed, and he was afflicted, yet he opened not his mouth; he is brought as a lamb to the slaughter, and as a sheep before his shearers is dumb, so he openeth not his mouth.

8. He was taken from prison and from judgment; and who shall declare his generation? for he was cut off out of the land of the living; for the transgression of my people was he stricken.

9. And he made his grave with the wicked, and with the rich in his death; because he had done no violence, neither was any deceit in his mouth.

10. Yet it pleased the Lord to bruise him; he hath put him to grief; when thou shalt make his soul an offering for sin, he shall see his seed, he shall prolong his days, and the pleasure of the Lord shall prosper in his hand.

11. He shall see of the travail of his soul, and shall be satisfied; by his knowledge shall his righteous servant justify many; for he shall bear their iniquities.

12. Therefore will I divide him a portion with the great, and he shall divide the spoil with the strong; because he hath poured out his soul unto death, and he is numbered with the transgressors; and he bare the sin of many, and made intercession for the transgressors.

Golden Text: With his stripes we are healed. Isa. 53:5.

Introduction

"Isaiah was the greatest of all the glorious line of Israel's prophets, the St. Paul of the Old Testament. Frequently he refers to himself as the son of Amoz, but his person nothing more is known. The prophet himself informs us that his ministry was during the reigns of the four following kings: Uzziah, Jotham, Ahaz, and Hezekiah. He was probably prophesying during the great crisis of his life, which is vividly recorded in the sixth chapter of his book, an event which occurred in the year of King Uzziah's death, 740 B. C. He was active at least as late as the siege of Jerusalem in 701 B. C., and thus his prophetic ministry extended at least over a period of 40 years. His book is 'the great masterpiece of Hebrew literature.' (Geo. L. Robinson). In no other book in all of the Old Testament is Christ revealed in such fulness or with such glory and beauty as he is in the prophecy of Isaiah. Isaiah is referred to directly by name thirteen times in the Gospels, and it has been estimated that the book of Isaiah is quoted or referred to more than two hundred times in the New Testament.

Second Half of the Book Isaiah

The second half of the book of Isaiah, consisting of the last twenty-seven chapters, is the sublimest and richest portion of Old Testament revelation. It forms a single, continuous prophecy which occupies the same position in the prophetic Scriptures as the book of Deuteronomy in the Pentateuch, and the Gospel of John in relation to the Synoptic Gospels. It may be called the prophetic, Messianic epic of the Old Testament." (David Baron).

Prophecy of the Messiah.

Commentators and Bible scholars seem to rival each other in their praise of this marvelous portrait of the sufferings of the servant of God. "It looks as if it had been written beneath the cross upon Golgotha. It is the most central, the deepest, and the loftiest thing that the Old Testament prophecy, outstripping itself, has ever produced." (F. Delitzsch). "There is nothing, indeed, like this chapter even in the New Testament itself; there is no other single scripture—in the whole of the Word of God—in which the sin-atoning death of the Son of God is set before the faith of a sinner as it is here."

The Lowly Messiah v. 2.

"He hath no form nor comeliness, and when we see him, there is no beauty that we should desire him." "A literal interpretation of these words would almost lead us to regard the Saviour as positively unattractive in appearance, but the prophet is referring rather to his state of moral abasement than to his outward aspect. In other words, he had no beauty in the way of external splendor, which it was expected the Jewish Messiah and the coming King of Israel would assume. There were no robes of royalty on his person, no diamonds sparkled on his brow, and there was no spectacular retinue in his train. He was of humble rank, poor in this world's goods, and without eminent associates. He had disappointed the expectation of his nation and was not the Prince that they desired.

Our Sin-Bearer v. 6.

"And Jehovah hath laid on him the iniquity of us all." "If God

TWO COUPLES ARE COMPLIMENTED WITH DINNER - DANCE

APPROACHING WEDDINGS OF BOTH HONORED

MISS FAULKNER AND MR. GREEN WILL WED TOMORROW

Entertaining with a dinner-dance at Schneider hotel, Mr. and Mrs. Lynn Boyd, Mr. and Mrs. Clinton Henry, Mr. and Mrs. Mel Davis, and Ed Dunigan honored Miss Virginia Faulkner and E. L. Green Jr., Miss Margaret Buckler and Russel G. Allen last evening.

Miss Faulkner and Mr. Green are to be married tomorrow, Miss Buckler and Mr. Allen later this month.

Decorations of autumn flowers centered about a white wedding bell at the table where the bridal parties were seated. Table appointments were in brilliant color, accented with the brilliant coloring of garden flowers in the favored colors of both brides-elect.

Dancing to orchestra music entertained 25 couples. The guests were members of the two wedding parties, families and intimate friends of the honorees.

ROSE FESTIVAL OPENS TYLER, Oct. 4. (AP)—Fifty thousand persons jammed this town today to witness the Rose festival parade. With 73 entries, the parade was termed the largest in East Texas history.

To Lead Revival

The Rev. J. C. Sizemore, pictured here, will begin at two-week revival at Central Baptist church Sunday. He has been pastor of Tabernacle Baptist church of Amarillo the past 7 years, and claims 4,339 converts, more than one each day, during that time. His church has increased by 1,921, receiving by baptism more than 100 persons each year the past five years. Rev. Sizemore has conducted 30 revivals during his ministry in the Panhandle, 14 of the number in Amarillo. He is to speak twice daily in services here. The Rev. John O. Scott, Central Baptist minister, invites the public to hear him.

Many Attend the Group Study of Christian Women

Rural work of the church was the study subject for group of First Christian Women's council Wednesday afternoon. The meeting was at Mrs. N. W. Gault's home, with Mmes. R. P. Shields, R. L. Allston, and R. M. Sigal as co-hostesses.

Mrs. A. L. Burge presented the devotional topic, "Seek and Ye Shall Find." Lesson discussions were: Rural Friends by Mrs. R. P. Hancock; Our Own Rural Work, Mrs. Clyde Oswald; Cooperation—a Way Out, by Mrs. C. A. Stewart.

Special numbers were vocal solos by Mrs. Roff, accompanied by Mrs. Jack Wilkinson.

The group leader, Mrs. W. E. Noblitt, was named to attend the Christian church conference at San Antonio this month.

A surprise shower was given Mrs. George Desern at the close of the meeting. Gifts were attractively arranged in a pink and blue basket and presented by members of the group.

Delicious refreshments were served to Mmes. Glenn Poits, Burt Graham, C. L. Shearer, Wilkinson, Burge, O. N. Frasier, C. P. Bastion, Ed. Zmotomy, C. E. Cary, Bert Isbell, Shelby Gantz, Oswald, B. C. Fahy, Noblitt, E. A. Twentler, Mary C. Horner, C. A. Stewart, Desern, Katherine Jones, E. M. Fleming, W. S. Fannon, J. E. Johnston, C. W. Moot, H. C. Jones, Hancock, Allston, Gaut, H. D. Sical, S. A. Blevins and R. M. Sical, all members.

Visitors were Charlotte Moore, Mrs. Childers, Mrs. Joe B. Jones, Mrs. C. L. Austin, Garnet Barrett, Mrs. Roff, and Mrs. John Mullen.

Band Leader For School Arrives

Band organization at Horace Mann school is being completed this week with the arrival of Lloyd Harmer, new director, who found a group of enthusiastic students awaiting him.

Several other new teachers have taken their places in the Horace Mann faculty since the school term started. They are Eugene Mann, who acts as coach and teaches a fifth grade room; Miss Marjory Savage, second grade; Miss Margaret Baldwin, sixth grade; Miss Mary Reeve, first grade.

Mississippi farmers purchased more cottonseed meal, a state-grown product, during September, 1935, than during any previous September within a decade.

CLUB COUNCIL TO GIVE LUNCH AT CONVENTION

WILL ENTERTAIN THE DELEGATES FROM MUSIC CLUBS

Cooperation with music clubs of the city in entertaining the annual convention of seventh district federated music clubs on Oct. 18 and 19 was voted by the City Council of Women's clubs at its meeting yesterday morning.

The council planned to entertain delegates to the convention with a luncheon. Definite details are yet to be decided. The three music clubs, Junior and Senior Treble Clef and the Philharmonic Chorus, are all affiliated with the council.

Mrs. A. H. Doucette spoke further to the council concerning the school children's songests which clubs of the district will sponsor during Texas Centennial year. She explained that the mass singing is planned solely as a school project.

Women's clubs of this county hope to see all school children join in the songests that will be held next spring. June 19 has been set as the date for the state songfest in Dallas, when pupils from all over the state will meet and sing in one huge chorus. Mrs. Doucette has been named by the district federated club music chairman as leader of the plan for this county. The club council has already voted to sponsor the plan.

Mrs. Raymond Harrah, council president, was in charge of the meeting. Club representatives present were Mmes. Harry McEwen, Gladys Robinson, M. P. Downs, Paul Jensen, B. C. Fahy, C. T. Hunkapillar, George Walstad, Glen Pool, S. A. Hurst, J. W. Garman, Dave Dodger, F. C. Cuberson, Arthur Teed, Bob Chafin, Clyde Gold, Olin E. Hinkle, J. M. Dodson, John Skelly.

Class and Friends Entertain Thursday

Mrs. R. W. Logan and Mrs. Lloyd Garrison entertained the T. E. L. class of LeFors Baptist church and other friends Thursday afternoon with a shower honoring Mrs. Lee Freeman. A color note of pink and blue was stressed in decorations and refreshments.

Present were Mmes. Haney, Newman, Lapiro, Leach, Kourt, Wilson, Barrett, Delver, Butrum, Cooper, Proctor, Whitwell, Wilkerson, Bacus. Gifts were sent by Mmes. Merle Love, Peoples, Cooper, Slaton, Love, and Shaw.

Childress Has Crack Pep Squad And Drum Corps

Childress may not have the best high school football team in the state, but she takes a back seat to no school when it comes to a crack drum corps and pep squad. Last night between halves in the Pampa-Childress game, the drum corps and pep squad put on a march that would make army regiments hang their heads.

Dressed in blue knit two-piece suits with white hats, the lassies with drums led a pep squad of nearly 100 girls, dressed similarly, up and down and across the field in intricate formations. At the head of the drum corps was a beautiful Childress girl who could "out-step" any drum major in the business. By her side was a uniformed boy, about three years of age, carrying a small drum which he beat with gusto.

The pep squad is led by four boys, all in white, and carrying large megaphones.

A well uniformed band rendered music during the game and between halves when the band and pep squad left the field.

Pampa fans who witnessed the spectacle talked of bringing the Childress drum corps and pep squad to Pampa for a paid performance.

Lancaster Talks On 'Spiritualism' To Kiwanis Club

Rev. C. E. Lancaster was guest speaker at the Kiwanis club meeting Friday in the Schneider hotel talking on "spiritualism." The meeting in charge of Lee Waggoner, was held as a part of the International organization program which sets forth this week as "Spiritual Week" for all Kiwanis clubs.

Dan McGrew was nominated by the club as a candidate for the office of District Governor of the Oklahoma-Texas District of Kiwanis. During the six years the local club has been active, no member has been elected to a district office and a strong campaign is being planned to elect Mr. McGrew.

ANTI-RED UNION SUGGESTED ATLANTIC CITY, N. J. Oct. 4 (AP)

An alliance between the American Federation of Labor and the American Legion to combat communism was suggested by Matthew Woll, vice president of the federation.

Mr. and Mrs. M. K. Brown of San Antonio are spending a few weeks here. They have recently returned from a trip through the western states, western Canada, and Alaska.

TEACHERS ARE WMS' GUESTS AT RECEPTION

WOMEN OF METHODIST CHURCH ENTERTAIN INFORMALLY

Fall colors and an informal atmosphere welcomed about 80 members of the Pampa school faculty who were entertained at First Methodist church last evening by women of the Missionary society.

Bouquets of flowers in yellow, orange, and brown shades decorated the basement room. A trellis built before the stage was covered with fern and flowers in the same colors. Music as guests arrived was by Mrs. W. L. Brummett and pianist, Miss Willie Reece Taylor and B. C. Wallace, violinist.

Guests were greeted by Supt. R. B. Fisher, the Rev. Gaston Foote, Mrs. Poole, Mrs. Lance Webb, Mrs. John Hessey, Mrs. W. Purviance, and Travis Lively. Mrs. Paul Jensen and Mrs. R. A. Baker presided at the registry.

Mrs. Sherman White and Mrs. W. E. Ewing poured tea from a table covered with lace over yellow, centered with a silver bowl of orange and yellow flowers, and lighted with yellow candles in silver holders. Sandwiches, cookies, and mints were served with the spiced tea.

Rev. Foote welcomed the guests in the name of the church, and Travis Lively in the name of parents. Mr. Fisher responded. Each hostess directed a group of guests in school-day games, then the crowd divided according to birth months, and each group presented a stunt suggestive of a month of the year.

Mrs. Purviance was hostess chairman, assisted by Mmes. C. W. Foote, Joe Shelton, Luther Pierson, Jensen, Fisher, Webb, Boynton, Gampbell, Baker, Waters, J. M. Turner, Harold Wright, A. B. Whitten, and S. A. Hurst.

LeFors Class in Visit To NEWS

Grade 7-B of LeFors Junior high school, numbering 35 pupils, visited the Pampa Daily NEWS this morning while making a tour of interesting places in the city.

The class was brought here in a school bus driven by Emmett Galvin. Mrs. Roy Calvert is the teacher.

The children found the newspaper so interesting that they were reluctant to leave.

P-T-A Starts Welfare Work

CLOTHING AND SHOES ARE ASKED FOR STUDENTS

Clothing for school children who need it will be collected by Parent-Teacher associations starting next week, and the Dollar-a-Year Shoe club fund will be started again at once. It was decided by a board meeting of the Parent-Teacher council yesterday.

This welfare work, a major project of the association in recent years, will be continued to enable many underprivileged students to remain in school. Definite plans for the shoe club are yet to be made, but collection of clothing will begin as P-T-A units meet this month.

Invitations will be sent to all parents of school children to attend the meetings, and to bring usable discarded clothing for the thrift room. Other Pampans will also be asked to contribute to the room's stock of wearable school clothing.

The board meeting yesterday was followed by the annual school of instruction for new officers and workers in the organization. Mrs. Claude Lark, second vice president of this district, introduced the program by explaining the purpose of the school.

Mrs. Lewis Goodrich of Shamrock, district parliamentarian, was the only out-of-town speaker. She conducted a parliamentary drill. Mrs. C. T. Hunkapillar, state school chairman of education, spoke on curriculum, and Supt. R. B. Fisher spoke briefly.

Duties of officers were discussed by Mrs. W. E. Hutchinson, and duties of room mothers by Mrs. A. L. Burge. Committee duties were explained by Mmes. E. M. Keller, R. B. Fisher, Aubrey Cox, W. Purviance, C. R. Nelson, L. L. McCole, J. W. Garman, W. B. Murphy, J. H. Hulme, Luther Pierson.

Mrs. Garman was in charge of music and led group songs. Tea was served to close the school by Mmes. Murphy, Frank Shotwell, and E. A. Shackleton.

Mothers Band to Study Problems Of First Graders

Mothers of first grade children at Horace Mann school organized under sponsorship of Horace Mann Parent-Teacher association this week, at a meeting held in the school auditorium.

Mrs. J. D. Wilton was elected president. The purpose of the organization is to study needs and problems peculiar to pupils just starting their school careers.

At the meeting they heard talks by Miss Llewellyn Shelby, school health director; Miss Josephine Thomas, principal of the school; Mrs. George Clark, Mrs. J. L. Lester, and Miss Mary Reeve, first grade teachers.

The complete lower jaw bone of a mastodon, which roamed over Kentucky and Indiana during the Great Ice Age, has been placed in the University of Kentucky Museum of Geology. It was found near Lawrenceport, Ind.

Members will be received at this service, so if you cannot be at the communion service and place your membership with us, do it at this hour. This vespers hour takes the place of Christian Endeavor and the night service. "Come with us and we will do this."

FIRST CHURCH OF CHRIST, SCIENTIST
901 North Frost.
"Unreality" is the subject of the lesson-lesson which will be read in all Churches of Christ, Scientists, on Sunday, Oct. 6. The Golden Text is: "What is the chief thing to the wheat? saith the Lord" (Leviticus 23:25).
Among the citations which comprise the lesson-lesson is the following from the Bible: "The wicked worketh a deceitful work; but to him that doeth righteousness shall be a sure reward" (Proverbs 11:18).
The lesson-lesson includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Jesus' demonstrations lift the chaff from the wheat, and unfold the truth and the

reality of good, the unreality, the nothingness, of evil" (page 269).

Federal Tire Store Will Be Open Tomorrow

The Federal Tire Store, owned by N. L. Thomas and Roland Parkhill will have its formal opening tomorrow. The new store, which will be an exclusive tire store, is located north of the post office.
The new store will do both a wholesale and retail business as well as tire repairing and vulcanizing.
BEWARE OF THE PIG
DELAWARE, Ohio (AP)—William Harsh has a brood sow to help him

keep trespassers off his farm. Glade Ballard was strolling through woods in which "no hunting" signs were posted, when the sow left her litter of seven and attacked him. A physician treated him for leg lacerations.

PRISONER
NEW YORK (AP)—Charles Bick will probably be a little more careful in the future about when and where he does his telephoning. He

went into a cigar store telephone booth to make a call and came out to discover the clerk had closed the store for the night and locked him in. He finally attracted the attention of a passerby who called police. They had to remove a glass panel from the door to get him out.

RELATIVE OF PAMPAN, HERO OF GOLIAD, WROTE OF PLANS FOR MEETING MEXICAN ATTACK

Background details of the famous Texas battle of Goliad are contained in a letter owned by Mrs. M. O. Pickett of Pampa and written to her great-uncle, Jack Ferguson, by his brother, J. G.

J. G. Ferguson's letter was never dispatched and the writer died at the massacre. The missive later showed up in old papers at Waco and was sent to the family.

he letter follows:
Goliad, Texas
March 2, 1836

To J. A. Ferguson,
Dear Brother:
I am now within the walls of this town, waiting for the enemy, which we are daily expecting, for they have already besieged San Antonio, only one hundred miles distant, and report tells us that 2,000 troops are coming on to attack this place. Our number of men consists of about 400, all of whom are volunteers from the State with the exception of about thirty regulars. Our Commander is Col. Fannin, and I am sorry to say the majority of the soldiers do not like him, for what cause I don't know, without it is because they think he has not the interest of the country at heart, or that he wishes to become great without taking the proper steps to attain greatness.

On last Friday, February the 28th, we started to San Antonio to attack the enemy at that place, but we only got two miles from town and camped for the night, and next morning a council of war was called, when it was concluded that we had better return here and put the town in a better state of defense, which, upon the whole, was good policy, not only in that respect, but others, one of which is this: All of our provisions in the bread line was miles below here, and it was necessary that we should stay in order to keep the Mexicans from cutting off our supplies, which no doubt would have been done, and they may do it yet, for there are no troops at either place to hinder them from doing so.

Provisions are very scarce and have been I have had to live three days at a time on bull beef and coffee, but now our coffee has given out, and without new supplies, our bread will be gone in a few days, and then it will be beef all the time.

We are not prepared by any means to stand a siege, inasmuch as we neither have ammunition, nor provisions save what we might make deslve battle.

I think I stand a good chance for being Sergeant Mate to the army at this place as soon as there is something to do in that line.

The situation of the country is of a high, dry character, no local causes for disease of any kind, and the land is first rate. Though with all advantages, it is no country for me. My dislike to the country is a want of society and government both of which will hardly be realized shortly, for it is filled up with people who are for their own emolument, to the exclusion of others, and when that is the case you may judge of things as you see proper.

My time of service will be out April 19th, and unless things change for the better, if I should live you will see me as soon after that time

Like Seasoning Herbs
In the old-fashioned garden herbs for flavoring food were grown in abundance. When mature, they were gathered, dried and put away for kitchen use.

Much the same story about Black-Draught. This popular, vegetable laxative is made of selected, scientifically approved, medicinal herbs, dried, finely ground and packaged for convenient use.

"I'd rather take Black-Draught than any kind of laxative," writes Mr. Clint L. Paul, of Caryville, Fla. "I take Black-Draught for constipation and headache that comes from the trouble. I had such severe headaches I would have to quit work, but Black-Draught regulates the bowels and helps me and relieves these headaches."

BLACK-DRAUGHT recommended to all who occasionally need a good, reliable laxative. (Adv.)

short right field. Owen grounded out. Jurgens to Cavarretta. Lee, working an over-hand curve with his feet ball, showed much better control in this inning. The big Cub right-hander was slow and had the Tigers guessing. No runs, no hits, no errors, none left.

Cubs-Demaree filed to White who signalled around the outfield before making the catch. Cavarretta grounded out. Gehring to Owen. Hack grounded out to Owen unassisted—the ball took a bad hop but Owen made a nice glove-hand stop and beat the batter to the base. No runs, no hits, no errors, none left.

FIFTH INNING
Tigers—Clifton lined out to Lindstrom who made a pretty running catch in left center. Auker fanned, waving his bat at a fast curve. White singled sharply to Owen unassisted—the ball took a bad hop but Owen made a nice glove-hand stop and beat the batter to the base. No runs, no hits, no errors, none left.

Cubs—Jurgens walked. Lee sacrificed, Auker to Gehring, advancing Jurgens to second. Galan singled to right, scoring Jurgens. Galan ran to second when Cochran misplayed the throw from the left field and failed to recover the ball in time to stop the Cub outfielder from advancing. Herman's sharp drive caromed off Owen's glove for a base hit. Sending Galan to third. Lindstrom rolled to Gehring and the Tigers pulled a double play, Gehring to Rogell to Owen. It was a close decision at first base and the Cubs put up a mid-swing. One run, two hits, one error, one left.

Cubs—Hartnett batted out. Gehring to Owen. Demaree walked. Cavarretta batted to Auker and Demaree was forced at second. Auker to Rogell. Cavarretta reached first on the fielder's choice. Hack to Cavarretta was thrown out at second, trying to steal No runs, no hits, no errors, none left.

SIXTH INNING
Tigers—Gehring popped to Hack who came all the way across the infield to make the catch between the pitcher's box and first base. Goslin lashed a single to right. Fox smashed a hit down the right field line for three bases, scoring Goslin. The ball caromed off the corner and the field boxes and was handled poorly by Demaree. Rogell up. On the second ball pitched to Rogell Fox was trapped on third base on Hartnett's snap throw to Hack. Del Baker protested and was chased off the coaching box at third. Rogell was called out on strikes. One run, two hits, no errors, none left.

Cubs—Hartnett batted out. Gehring to Owen. Demaree walked. Cavarretta batted to Auker and Demaree was forced at second. Auker to Rogell. Cavarretta reached first on the fielder's choice. Hack to Cavarretta was thrown out at second, trying to steal No runs, no hits, no errors, none left.

SEVENTH INNING
Tigers—Owen filed out to Demaree in deep right. Clifton walked. Gerald Walker batted for Auker. Walker grounded to Jurgens and the Cubs retired the side with a double play. Jurgens to Herman to Cavarretta. No runs, no hits, no errors, none left.

EIGHTH INNING
Tigers—White walked. Cochran lifted a short fly that Jurgens grabbed on the run in short left field. Gehring lined a hit to right for two bases. The ball caromed past Demaree and hit the screen. White batted to third. Goslin singled down the first base line, scoring White and Gehring and tying the score. Demaree held down to only one base. Fox then hit a heavy past Jurgens for a double and stopped at second. Rogell singled sharply through the box scoring Goslin and sending Fox to third. Warnke was now pitching for the Cubs and Schoolboy Rowe was warming up for the Tigers in the dugout. Owen up. Strike one swinging and Rogell was trapped between first and second base on an attempted steal. White he was being run down and tagged out. Fox crossed the plate. Owen lined to Cavarretta. Four runs, four hits, no errors, none left.

Cubs—Lindstrom lifted a high fly that Goslin caught near the low stands. Hartnett filed to White. Demaree fanned. No runs, no hits, no errors, none left.

NINTH INNING
Tigers—Clifton fanned, swinging so hard that he missed his balance and fell to the ground. Rowe grounded to Cavarretta. White fanned, swinging. No runs, no hits, no errors, none left.

Cubs—Cavarretta filed to Demaree in right center. Hack lined a single past Rogell. Jurgens was called back to the bench and Chuck Klein went to pinch hit. Klein bunched a single between third and short, sending Hack to second. O'Dea batted for White and lined a hit to right scoring Hack and sending Klein to third. Galan filed to White in deep center and O'Dea remained at first. Herman grounded out, Clifton to Owen. Two runs, two hits, no errors, one left.

TENTH INNING
Tigers—Larry French, veteran southpaw, went to the box for Chicago as the game went into extra innings. Klein went right field. Demaree to center and Lindstrom to third base. Hack moved over to short, replacing Jurgens. Cochran hoisted a high foul that Lindstrom caught outside the third base line. Gehring lifted a high fly that Klein plucked under the foul line a few feet from the low stands. Goslin smashed a hit to right center for two bases. Fox popped to Cavarretta who made a pretty running catch behind first base along the foul line. No runs, one hit, no errors, one left.

Cubs—Lindstrom smashed the first pitch to the screen in right center for two bases. Hartnett batted along the first line, sacrificing Lindstrom to third as he was thrown out. Cochran to Gehring. Demaree grounded to Rogell to Owen, and Lindstrom was held at third. Cavarretta grounded out on the first pitch, Gehring to Owen. No runs, one hit, no errors, one left.

ELEVENTH INNING
Tigers—Rogell lined a single past Hack. Owen bunted to Lindstrom and Rogell was forced at second. Owen reached first. Clifton's roller got away from Lindstrom as it took a bad hop. Lindstrom was charged with an error as Owen reached second and Clifton got to first. Rowe fanned, swinging. White lined a single to center scoring Owen and sending Clifton to third. White ran to second on the throw-in as the ball got away from Hartnett. Cochran fouled high to first. One run, two hits, one error, one left.

Cubs—Hack grounded out. Clifton to Owen. Klein batted, pinch hitting for Steve Stephenson a rookie catcher, batted for French Stephenson fanned on a called third strike. No runs, no hits, no errors, one left.

A Supreme Achievement in Gasoline Chemistry

An Amazing Stride Forward in Gasoline Quality

THIS is the story of a new . . . decidedly different . . . decisively superior gasoline.

A gasoline made by a process utterly novel in the petroleum industry.

A process developed, proved, and perfected in the Phillips laboratories and refineries. A process which not only gives you a vastly improved motor fuel, but also plays an important part in conserving our country's valuable petroleum reserves.

Pioneered by Phillips, this miracle of modern chemistry rearranges the atoms of high-explosive vapors and transforms them into stable, high-octane, outstandingly active gasoline.

This is the superlative product which will now enrich and fortify every gallon of Phillips 66.

The result is a gasoline more obedient to your wishes than ever before . . . a gasoline which actually steps up pick-up and peeps up power still further . . . a gasoline which yields more mileage because it gives up more of its energy to each piston stroke . . . a gasoline so lively that it sets new records for fast starting.

Note well the name of the process: Polymerization—orPOLY, forshort. Mark the word well in your memory,

PHILLIPS 77 AVIATION
2¢ extra per gallon
Today's Biggest Value in Premium Gasoline

because it is acclaimed as today's greatest advance in gasoline manufacture. Never before in the history of refining has any invention excited so much attention and interest. Again, Phillips has blazed a new trail! Again, Phillips leads in lifting the quality of motor fuel to higher levels of performance and value!

Remember, Phillips 66 is everything it has always been, PLUS! That "plus" is POLY. Hence, when you *Phill-up with Phillips 66 POLYmerized*, at no increase in cost, you can confidently expect that this greater gasoline will set new standards of service and value for your money.

Inevitably, this sensational gasoline will be the talk of motordom. It is now obtainable at all Phillips 66 Stations. Why not be among the first to try a tankful, and benefit from its unrivaled excellence and economy?

AN INVITATION FROM THE PRESIDENT
Polymerization is a scientific revolution in the making of gasoline. This newly invented process produces premium quality motor fuel, not by physical separation of the crude petroleum as heretofore, but by chemical reconstruction of the lighter gases. Based on my 31 years' experience in the oil business, I can assure you that Phillips Gasoline plus POLYmerization is the finest motor fuel that can be produced by the most modern refinery methods. I invite you to try a tankful of this unprecedented gasoline. After you do so, I will be glad to have you write me any comments you care to make.

Frank Phillips
PRESIDENT, PHILLIPS PETROLEUM COMPANY, BARTLESVILLE, OKLA.

General Salary Bill Outlined

AUSTIN, Oct. 4 (AP)—The senate state affairs committee today recommended a general salary bill proposing pay increases for officers removed from the fee basis. Commissioners courts would be empowered to fix salaries for district officers and for county officers in counties of 20,000 population or more between certain minimums and maximums. The bill also prescribed minimums and maximums between which commissioners court could set salaries for all precinct officers and for county officers from a fee basis was optional. Salaries for all district attorneys were set at \$3,600, and for county attorneys doing the work of district attorneys, \$3,900. Minimums and maximums for county judges, sheriffs, county clerks, county attorneys, district clerks and assessor-collectors of taxes ranged from \$2,100 to \$3,000 in counties with a population from 20,000 to 25,000 to a top of \$5,000 to \$6,500 in counties of more than 150,000 population.

FOUR TEAMS IN DISTRICT 13 RATED EQUAL IN GRID RACE

HOUSTON, Oct. 4 (AP)—The time once was that it was reasonably safe every September to pick John Reagan as the Houston city and district 13 football champion. That day has passed, but the Heights institution will put an aggregation on the field this season which may be as good as the famed elevens of yesteryear. The district 13 race apparently will be another four-team affair. Jeff Davis, San Jacinto, and Sam Houston, the other members of Houston's "big 4", are by no means willing to concede that the Bulldogs will again sit on the throne which they were forced to relinquish in 1933. Milby of Houston and Conroe are considered out of the running, although Conroe probably will be stronger than last year. The Montgomery county oil capital has a new coach, Joe Lagow, who was a guard on the championship Rice squad last season. Some observers predict that Jeff Davis, the 1934 titlist, will repeat notwithstanding Coach Roy Needham's doleful declaration that he needs backs ends, and tackles. Needham's teams of other years have been adept in overhead play and if he can find a fair passer the Panthers probably will be in the thick of the championship fight. The Reagan squad includes 11 lettermen and several other youths who played in some of the games last fall. Indications are that the

CONTROL OF FIRE-BLESSING

Fire is a roaring monster—destructive, death-dealing, all-consuming.

Fire is man's greatest material blessing—molding, giving power, making food edible for humans, driving away cold, making our modern communications and transportation possible.

Next week is Fire Prevention week. By this we mean that it is a week dedicated to preventing fire from getting beyond control. It is no reflection on fire, but on humans, that its blessings quickly become menaces. We have fires due to two main causes: Carelessness and arson. Carelessness is the greatest killer, one of the greatest destroyers.

Fire is like speed and power; useful beyond almost anything else when used as needed, dangerous when beyond control. Fire literally blazed the way for civilization. Fire makes everything "go," including humans. Digestion is a form of combustion. With combustion goes power and waste. Life is combustion; life ends, but living goes on.

Fire and accidents go hand in hand; same causes, same results. It is fitting that accident prevention should be combined this year with fire prevention. It is wise that Pampans plan to make home inspections next week, and every week. We have a new season. We are making new stove connections—preparing to use fire through the companion blessing of gaseous fuel.

No home is without hazards. Some have poor house wiring, some worn-out appliance wires, some gas leaks. The law of average is inexorable. Some Pampans will die this year, or next, because of an unremoved hazard. It may be a child, even yours.

Call it Fire Prevention week, but make it "Fire Control and Accident Prevention Week."

THE NEW DEAL IN WASHINGTON

By WILLIS THORNTON

NEA Service Staff Correspondent

WASHINGTON. — More than a year before election, the administration has counted up the 41 electoral votes of the six New England states and virtually kissed them goodby.

Everyone here admits New England is sore and the general idea is that hardly anything can be done about it. Optimists hope that business will improve to the point that Roosevelt can hold Massachusetts and Rhode Island, which he captured in 1932 while Maine, New Hampshire, Vermont and Connecticut were reasserting their traditional Republicanism.

Traveling recently in that northeast corner of the nation, your correspondent undertook to learn more about this state of affairs. There were many hangers of that brand of Republicanism commonly called "reactionary" and no area is more horrified by the "spending program."

But the big boil on the New England neck is the state of its textile industry and Roosevelt is generally blamed for the failure to reduce the size and pain.

The New England viewpoint was ably outlined to me by Basil Brewer, publisher of the New Bedford Standard-Times.

Brewer was one of many New Englanders who felt the cards were stacked against the northern cotton-textile industry when Roosevelt appointed to investigate conditions and problems a committee consisting of Secretary Hull, a low tariff man; Secretary Wallace, high priest of the processing tax; Secretary Roper, whose background and interests are southern; and Secretary of Labor Perkins. The committee's report, Brewer says, was a "washout."

The south's low wages and abundant cheap labor supply, the AAA cotton processing tax, and Japanese textile imports, are the chief sore spots and the first factor is primarily in the tendency of northern mills to move south.

Recently the big Pepperell Manufacturing company reported a last-year business of about \$29,000,000 and a loss of about half a million. The concern paid some \$4,000,000 in processing tax and New England feels that if there had been no processing tax such a company would have had something between an even break and \$3,500,000 profit.

The AAA replies that the tax is uniform among all mills and that losses would have been the same without it, because cotton textiles is such a fiercely competitive industry.

The Pepperell company recently estimated it could pay 10 per cent above southern wages and operate profitably. But the average textile wage differential between north and south is placed at from 15 to 17 per cent.

With NRA and its code-fixed differential out and an apparent strong New England prejudice against "tinkering with the Constitution," conservative business men feel organized labor could solve the problem by a hard-organization campaign in the south—with fewer strikes in the northern high wage area, where its ranks are strong.

Here arises another complication, because cotton farmers averaged only \$400 cash income last year (it was \$242 two or three years ago), indicating a large cheap labor reservoir which would threaten higher wage structure.

BARBS

Mussolini calls Italian tennis team home from Paris. He probably figured this was no time for his subjects to be playing love games.

Sacramento lad injured in tussle with bear. Which explains why that Yankee Stadium affairs was news.

Babe Ruth has been given a pass to the ball parks. That makes 10,000 in all, counting those given him by wary pitchers.

Auto magnate heads temperance drive. To keep people from taking to drink, he might consider removing space in his cars for back-seat drivers.

And more real news, too, now that beer is being put up in tins, is the headline: Customers Get Beer Canned.

Now that a Detroit heavy walloped a Baer, the question is: what will a Detroit team do to the Cubs?

General Johnson Will Be Speaker For Homecoming

CANYON, Oct. 4. (P)—Ex-students of the West Texas State Teachers college from every section of Northwest Texas are expected to return for the annual Home Coming on November 2 when General Hugh S. Johnson will be the headliner for the forenoon program.

Preceding Johnson's appearance there will be a massed band concert with high school bands from the region participating. The bands will be guests of the college for the day.

Football with the West Texas Buffaloes contending against St. Benedict's Ravens will be the feature of the afternoon.

A barbecue with John Snider in charge will be the noon day feature and all sorts of ex-student reunions will take place throughout the day as the program unfolds.

Professor L. F. Shetty of the history department is general chairman for the Home Coming program and T. M. Moore of the Agriculture department will run the barbecue.

Indianapolis Open Meet Begins Today

INDIANAPOLIS, Oct. 4. (P)—Big guns of the professional golfing ranks, including the open champions of four countries, fired their best shots here today in quest of the \$5,000 prize money in the Indianapolis open tournament.

Pat Neff was necessary to gain the first round leadership. Hal the field, opening the play yesterday, was led by Abe Espinosa. Chicago professional, whose one-over-par 71 gave him a temporary lead by three strokes. Most of the first-day shot-makers encountered trouble from the strong, chilly wind.

The low 150 at the end of today's play will be eligible for another 18-hole round tomorrow, with the 60 low professionals and ties, and 15 amateurs will finish the tournament with 36 holes Sunday.

THIS BURNS 'EM UP WACO (P)—President Pat Neff of Baylor university, formerly governor of Texas, invoked Baylor tradition as he fired three co-eds off the university payroll for smoking. There had been a standing rule against smoking on the campus since the university was founded, and Neff said students would have to do their smoking, if any, "on their own time and off the campus."

COUNT CIANO DROPS FIRST AERIAL BOMBS

ITALIANS FOLLOW AIR SQUADRON INTO ETHIOPIA

(Copyright, 1935, by The Associated Press.)
ASMARA, Eritrea, Oct. 4.—Italian cavalry and infantry swept father into Ethiopia today behind an air squadron flight in which Vittorio and Bruno Mussolini, the premier's two sons, participated.

The flight was undertaken by the "lion's head" squadron under the express orders of the high command. The planes penetrated to an objective beyond the frontier.

Upon their return, several hours later, it was announced they had "brilliantly completed their mission."

On the ground, the troopers and infantry moved within sight of Aduwa—where the Italians hope to wipe out the memory of their defeat of 40 years ago.

The official version of yesterday's bombing of Aduwa and Adigrat follows:

"After bombing the fortifications at Aduwa, Count Galeazzo Ciano son-in-law of Il Duce, flew over Adigrat. There he dropped his remaining bombs upon an armed group as the fortifications directed a heavy fire at his plane. The squadron returned to its base after completing the operations without a casualty."

Moving forward without noteworthy obstruction, the fascist troops forded the shallow mountain torrents of the Mareb river.

They pushed on steadily by new paths to the village of Daro Tacle equidistant between the river and Aduwa.

The advance column of Eritrean cavalry encamped only 20 kilometers (about 12 miles) from Aduwa, commanding all approaches.

General Emilio de Bona, commanding the Italian colonial forces issued a proclamation to tribesmen of the Mareb river sector, telling them the Italian troops were advancing and warning them to go about their businesses tranquilly to avoid a conflict.

"We to all those who diffuse false notices or disturb public order!" said the proclamation, addressed to frontier tribesmen in Ethiopia and Eritrea alike. "I shall be inexorable!"

It was issued simultaneously with a proclamation at Mogadiscio, Italian Somaliland, declaring both Eritrea and Somaliland to be under full martial law.

The Mareb hitherto marked the borders of Italy's colony of Eritrea and the Tigre region of Ethiopia.

Details of the advance, reported to military quarters here, indicated it was ordered by General De Bona almost before the echoes of Mussolini's radio speech to the mobilized Italian millions died away yesterday.

During the advance, an air squadron led by Count Galeazzo Ciano Mussolini's son-in-law, bombed the fortress of Aduwa yesterday in reprisal for reported artillery fire from the Ethiopian side, which molested scouting of the territory.

Count Ciano himself launched the first aerial bombs over Aduwa, officials said, while leading a squadron of seven bombardment planes. No loss was suffered by the Italian squadron, the authorities said. The extent of casualties in Aduwa was unknown.

The vantage point gained by the cavalry permitted them to swarm down upon Aduwa virtually at will. The village of Daro Tacle dominates the Aduwa basin.

Italian officers were jubilant at the precision with which their first advance took place. They explained with great gratification that the same territory was relinquished by Italy after the rout at Aduwa in 1896, and that this was the first time since then that an Italian army had crossed the Mareb.

GRID HAZARD
ALLENTOWN, Pa. (AP)—Hulma Thomas, tackle on the Allentown high school football team, came through a stiff scrimmage in tip-top condition. When he stubbed his toe against a locker door, receiving a gash that required three stitches. He will be out of the next game.

WRITER PICKS WARNER TEAM OVER AGGIES

SAYS TEXAS AND TCU SHOULD WIN GRID BATTLES

BY HERBERT W. BARKER, Associated Press Sports Writer. NEW YORK, Oct. 4 (AP)—A few football shots in the dark (or at least in a deep twilight): Princeton-Pennsylvania: This looks like the best game of the day. An extremely uncertain ball game for Penn. California-St. Mary's: Rushing for the bomb-proof shelters. California.

Texas A. & M.-Temple: It's a long trip for Pop Warner's Owls, but the easterners look like winners just the same. Michigan-Michigan State: The Rice-Duquesne: Can't get beyond Rice on this one. Army-William and Mary: The Virginians had no luck with the Navy last week and tangling with the Army immediately afterward comes under the general heading of a big mistake.

Carnegie Tech-Notre Dame: The Tartans' narrow squeak with Case last week indicates they're in for a trouncing. Michigan-Michigan State: The dope points to Michigan State. Navy-Mercer: The Tans look much too good.

Ohio State-Kentucky: From this corner, it seems Ohio can win this one by sheer force of numbers, but by no other method.

Wisconsin-Marquette: A stab in the dark. Wisconsin.

Iowa State-Nebraska: It will be a terrible shock if Lloyd Cardwell and the other Cornhuskers lose this one.

Louisiana State-Texas: An extremely timid ball game for Texas.

Indiana-Centre: Indiana.

Arkansas-Texas: Indiana: A nod in Christian's direction. Georgia Tech-Sewanee: The engineers of Tech.

Tulane-Auburn: Tulane. San Francisco-Stanford: Stanford will have to fight for this one.

Chapter 15
ESCAPE

The chairman looked uncomfortable. He had a reluctant admiration for Emily, but she was far too small and too pretty to be so strong-minded. She ran the library beautifully, though, and she was a decided social asset, so there was no question of dismissing her.

"I think it is quite important," he said blandly, "that they be kept from old as well as young. We cannot pander to the low tastes of the majority."

"Then why expect the majority to read your books?" Emily demanded. "You have to choose, you know." She rose, smiling charmingly into their astonished faces. "If there's no further business I shall ask you to excuse me."

She found the reading-room full to the window-sills with school children, whom the assistant was valiantly trying to quell. Her head ached with their demands and with the September heat.

The clock seemed to be moving backwards, Emily decided wearily. Almost an hour until she could usher the shuffling children out and go home for a quick swim before dinner.

She began to catalogue a shipment of new books, and wondered if it wouldn't be simpler to phone for William and the car instead of trudging home in the dust and heat. It seemed ridiculous to be driven home from work by a chauffeur, but there was no sense in wearing a hair shirt just because you could afford a silk one.

In the end she decided against phoning, and found Edwin, who had expected to be busy waiting for her outside. He helped her into his car solicitously, grateful for the welcoming smile she bestowed.

"You look tired," he said gently, with a glance at the heavy shadows beneath her eyes.

Emily's lids drooped. The light was brilliant and grateful after the still, heated darkness of the library.

"I am. September in Alabama ought to be deleted from the calendar."

He was shifting gears, staring hard at the gray-blue pavement ahead of him. The pavement was mottled with shadows from the great elms that almost met overhead.

"Are you—going to work on there another year?" he brought out at last.

"I haven't decided yet. After my outburst this afternoon they may regret having urged me to."

He looked perturbed. If Emily insisted on working, he considered the library the most genteel calling she could have chosen. He read very little himself, but he had the non-reader's almost superstitious respect for books.

"I hope you didn't offend them," he said.

She smiled ruefully. "I did worse. I offended their prejudices. It was the heat, I think; spontaneous combustion." She told him what had happened.

His perturbation deepened. "But, Emily, I think they're right. There's enough unhappiness and immorality in real life—"

"Without reading about it in books," she broke in and finished for him. "I don't understand why they haven't put you on the board."

He looked so hurt that she was ashamed of herself. Edwin had a positive genius for provoking caustic comments that you immediately regretted. She hastened to change the subject, but her mind went on turning over the problem with which it was involved.

Could she resign herself to another year of it? She had lain awake a good many nights recently wrestling with the problem. She had to decide it soon, she knew, because the longer she put it off the more incapable she would be of any decision.

roadster had been enjoyable only in fair weather.

Edwin swung the car into her own driveway, and the air was immediately cooler with the mist of innumerable sprays. The lawn was green-gold in the fading sunlight, purple in the shadows; not even September, she thought disrespectfully, dared to lay its searing hand upon Frances Felton's gardens.

"Won't you stay for a swim?" she asked him lazily. "The prospect of one has kept me going all afternoon."

He hesitated, because he wanted so badly to stay, and because he had never outgrown his youthful lack of self-confidence in her presence.

"I'd like to—very much."

"Then I'll see you in ten minutes. There's a suit for you in the bath-house."

The jade-green water, amazingly cool, was like a tonic. She dove and swam like a porpoise, trying valiantly to shed the day's lethargy, while Edwin watched her with a dog-like devotion. He swam as he drove; precisely and efficiently, without exerting any more speed or effort than the occasion demanded.

If it were a case of rescuing someone he would put forth the last vestige of his strength, and if that was insufficient, would quietly and matter-of-factly drown, without ever realizing that he had been heroic.

It was a pity, she thought for the hundredth time, that all the major virtues were so uninspiring to live with.

The swim over, Edwin hesitated at the door of his car. The stiff straw hat in his hand. "Are you—doing anything tonight?"

The same question, hopefully and hesitantly put, Edwin still went through the formality of asking for evenings that had been his for two years. This time she surprised him.

"Nothing but going to bed." She smiled to soften the answer. "But you must be sure to come tomorrow night."

His face glowed, thanking her for the twenty-four hours of anticipation with which she had presented him. He drove almost gaily away.

Dinner was on the terrace, beautifully cool in the September dusk. Frances looked very young in the muted light, but her husband's face looked shadowed and old. Emily felt the old surge of pity for Jeffrey, who had been sentenced to spend his life in the rarified atmosphere of his wife's deities.

She hated to shatter the evening's peace by introducing a controversial subject, but there was no choice. She could postpone the discussion but she couldn't avoid it. She drank deeply of her iced coffee.

"Mr. Small asked me at the meeting today about the winter."

Her mother glanced sharply at her. "About taking the library, you mean?"

"Yes. My year is up this month." "What did you tell him?"

She could see that Frances had guessed at her intention. "I told him I hadn't decided yet."

Frances ate her salad daintily. "If you are still undecided—it seems to me an excellent position to have."

She had been very dramatic and consistent about Emily's working. Emily had seen her, fairly glowing in her own consistency.

"I'd hardly call it a position. Sixty dollars a month and no authority whatever. I could make the thing a success if they'd only give me a chance."

"But the money," Frances pointed out. "is secondary."

"No, it isn't," Emily said quietly. "It's humiliating to think that what you do is only worth sixty dollars a month. That's why I want to go away!"

Her mother's head came up. Her father's fork clattered against the plate. A momentary breeze fluttered the shaded candles.

Emily experiences defeat, tomorrow, but not in the usual way.
