Paratroopers Now Ready To Drop On Battlefield

A MILITARY BASE IN JAPAN (AP) — Brig. Gen. Thomas J. Trappell's 187th regimental combat team is ready to drop in on any part of the Korean battlefield.

The 3,000 paratroopers, with 100,000 pounds of equipment, made a successful test jump on Korean soil after being flown to the Taegu area by about 110 planes of the 315th air division (combat cargo).

Dubbed "operation showoff," the maneuver showed off America's ability to move men and equipment swiftly for surprise blows against an enemy.

It also gave the rugged soldiers of the 187th, almost all newcomers since the combat leaps of October, 1950, and last May, a test of their capabilities.

The men have been practicing for months. The jump served to let off steam, one officer said. Only light equipment was taken in the practice operation. But full combat gear is ready for instant use.

The combat cargo command, headed by 33-year-old Brig. Gen. John P. Henebery, of Kenilworth, Ill., had no difficulty in getting planes off the ground one minute apart on the flight to Korea.

Combat cargo has dropped 18,000 tons of supplies to front-line troops in Korea. It has spilled 8,000 men in actual combat jumps and 18,000 in practice drops.

Chance Reunites Mother And Son

LONG BEACH, Calif. — (AP) — Mrs. Katherine Young, 59, was looking in the telephone book for the number of a friend.

The book fell. As she picked it up, her glance caught on a name, Jacob M. Koch. It was the name of a son she had not heard of for 39 years.

A phone call brought about a reunion and disclosed they have been living only 15 miles apart for almost 10 years. Koch, now 40, lives in Inglewood, Calif.

Mrs. Young, since remarried and widowed, lost track of Jacob when he was a year old. His father, Harry, now living in San Francisco, obtained the child after they separated in La Crosse, Wis., she said.

Doctor Suggests Board To Rule On Abortion Hearings

SAN FRANCISCO — (AP) — Legal abortions should be outlawed along with those already prohibited by statute because they are "legalized murder," two prominent surgeons have said emphatically.
A third surgeon said too many permissive abortions were being performed but cited instances in which he said such surgery at least should be considered.
Dr. Samuel A. Cosgrove of Columbia university and Margaret Hague Maternity hospital, New York, and Dr. Roy J. Heffernan of Tufts Medical college and Carney hospital, Boston, favored abolition of the practice. They talked to reporters at the Clinical Congress of the American College of surgeons.
"Anyone who commits therapeutic (legal) abortion today," said Dr. Heffernan, "does so because he is either ignorant of the modern methods of treating the complications of pregnancy or is unwilling to take the time to treat them."
Dr. Cosgrove agreed.
Both Dr. Heffernan and Dr. Cosgrove said modern medicine knows how to take care of pregnant women with bad hearts, tuberculosis, kidney disease and other ailments listed by some authorities as warranting abortion.
Abortion is legal only in cases where doctors say it is necessary to save the mother's life.
Dr. John H. Morton of the College of Medical Evangelists, Los Angeles, told the reporters: "I have seen three women die from vomiting due to the morning sickness of pregnancy. They might have been saved by abortion. I have seen women die of heart trouble complicated by pregnancy."
"This does not mean that all such cases should be candidates for abortion. It does mean that they should be considered. Every woman wanting an abortion should be given a hearing."
Dr. Morton suggested the College of Surgeons require each hospital to have a board to pass upon the necessity for abortion in individual cases. This is done now in many places on a voluntary basis.
He said 60 California hospitals last year reported 801 legal abortions. The number could have been reduced by careful weeding out of some cases, he said.

New York City Has Mock Bomb Attack

NEW YORK — (AP) — A mock atom bomb attack on New York City Wednesday night brought out a 332,000-member civil defense army which battled "destruction" wreaked by make-believe A-missiles and other high explosives.
The 2 3/4-hour drill involved defense volunteers, about 175 hospitals, some night school students, fire equipment from the city's boroughs, New Jersey, and suburban Westchester county; squads of ambulances and police cars.
The general public, not in on the exercise, will get its test during a surprise alert scheduled for the week of Nov. 25.
The drill last night was held to determine how many defense workers would respond to an alert and how they would operate in an emergency. After it was over, New York City's defense director, Arthur W. Wallander, said the workers did a "swell job."

HOW ABOUT THAT?—Yogi Berra mirrors a broad grin after learning he has been named by the Baseball Writers' Association of America as the most valuable player in the American League. Squat Yankee joins Dodgers' Roy Campanella, the National League winner, to become the first catchers to cop the prize. (NEA)

Cooper, Sawyer Score Wins As Mitt Season Opens; Pat Loses

The Panhandle's Golden Gloves season got underway before 1800 excited fans at Amarillo's Sports Arena last night who witnessed some of the best bouts held in the area.

They saw two Pampanns, now in the armed service, gain decisions in their three-rounders. None of the fights on the eight-hour card failed to go the distance, though several looked like they would make it through the nine minutes.

Eugene Cooper, state 160-pound Golden Gloves champion, came closest to scoring a knockout. He had his previously unbeaten opponent, Jessie Bragg of Sheppard Field, down for the nine count three times, but each time Bragg managed to survive the powerful left-handed blow of Cooper. Cooper won the easy decision.

Two other Pampanns met in a 155-pound scrap. Albert Sawyer, representing AAFB, faced Junior Comanche Martin, new stationer at Sheppard Field. Sawyer put on a fine slugging and boxing exhibition to gain the decision over the kid from Comanche, Okla.

A favorite of the Amarillo fans, Irishman Pat McCarthy, twice a state champion, once in Texas and once in California, met too much power and defense in Pete Huizar of Sheppard Field, and 1951 runnerup in the Air Transport Command tournament. Huizar, whose home is in San Antonio, took the decision from McCarthy, whose timing was far from right.

While the three fights listed above were supposed to be the top ones in the card, the one they left was a 147-pounder between two Negroes, servicesmen, Connie Wilson, clever, 175-pound AAFB boxer from New York city, gained a decision over Eddie James of Buffalo, N. Y., representing SAAF. James was 1950 Air Force light-weight champion.

It was one of the few times that two Negroes had met in the ring in Amarillo, and their fine fight met with the full and encouraging approval of the fight fans present.

Results of other fights were: J. J. McMahon, AAFB, defeated Tom McWilliams, Bucks, in 147-pound bout; Irvin Totten, AAFB, decided Larry Prather, Bucks, in 135-pound bout; Sonny Olivera, SAAF, decided Candy Lopez, Borden's, in 119-pound bout; Pete Perez, Borden's, decided Ralph Farusto, SAAF, in 135-pound bout.

Due to the fact that three of the fights scheduled on the card were cancelled due to unavoidable circumstances, Duke Nally, regional director of Golden Gloves, announced that there would be another servicemen fight card at the Amarillo Air Force base Nov. 29. No admission would be charged to the fights and many of the same fighters were scheduled to fight.

SWC Elevens Prep For Tilts

By The Associated Press — Texas Christian and Rice say their squads are hale and hearty for the Fort Worth battle Saturday when they play off the leadership tie of the Southwest Conference.

In the only other conference game — Baylor-Southern Methodist — as many as six Baylor players may be out of action because of injuries.

At TCU yesterday the Frong offensive platoon scrimmaged against the freshmen. No serious injuries resulted from the Texas game. Starting defensive guard Herbert Zimmerman will be back for duty Saturday.

The Rice Owls took things easy yesterday but the regulars will scrimmage the freshmen today as Coach Jess Neely seeks to acquaint them with the Pros' spread formation.

All the Owls came out of the Texas A&M game in good shape. Baylor says it has the longest injury list of the season. Coach George Sauer listed six players as possibly not taking part in the SMU game. The list reads: defensive halfback Red Donaldson, ankle injury; defensive halfback Glen Jones, knee injury; guard Walter Bates, knee injury; reserve end Shelton Brown, chest injury; halfback Mickey Sullivan, bruised leg; and regular right guard John Hancock, who recently had an appendectomy.

SMU got plenty of skull practice yesterday in preparation for the Bears. Coach Rusty Russell showed the film of last year's Baylor-SMU game and gave the scouting reports on Baylor's play this year against TCU and Texas. Coach Ois Douglas criticized the Arkansas Razorbacks for failing to play as a team in losing 47-7 to SMU last Saturday. Following the lecture the team was sent through a long, rough defensive scrimmage in preparation for Tulsa Saturday. More of the same was promised today and tomorrow.

Carswell Bombers Win
FORT WORTH — (AP) — The Carswell Air Force base Bombers defeated the Fort Sam Houston Rangers, 55-14, yesterday for their ninth straight football victory.

RING WARFARE is shown in these pictures taken at the Amarillo Sports Arena last night. In the photo, Comanche Martin prepares to unhook left hook toward Pampa Buddy Sawyer. Sawyer, fighting for Amarillo Air Force Base, gained the decision. In the bottom picture, two-time state golden glove champion Pat McCarthy shoots a wild right toward Pete Huizar, 1951 ATC runnerup. Huizar, a clever dodger, won the decision from McCarthy, popular Amarillo Irishman. (News Photos by Don Duncan, Pampa News staff photographer.)

Spearman, Laketon Select Pampa For Bi-District Game

Pampa, thanks to the efforts of several Chamber of Commerce committees, will be the site of the bi-district Class B playoff game between Spearman and Lakeview. The two clubs will meet at Harvester Park next Thursday afternoon at 2:30.

Officials of the two schools met in Pampa yesterday afternoon to decide their playing site. Spearman designated Pampa as its site and won the toss of the coin, so it will be the home team Thursday. Spearman was the District 1-B champion while Lakeview captured the 2-B crown.

Each city is exactly 76 miles from Pampa. Both teams will be feted at a banquet following the game through the courtesy of the Pampa Chamber of Commerce.

Representing the Lakeview Eagles here yesterday were Supt. Loran Denton and Coach E. J. McNight. Spearman was represented by Supt. H. R. Hartman and Coach Mickey Clabaugh and John Lyter.

Showdown In Border Action

PHOENIX, Ariz. — (AP) — Texas Tech and Hardin — Simmons university are heavy favorites to continue their march toward a show-down championship battle in the Border Conference this week.

Both teams are undefeated in conference play, and if they get by their coming battles on Saturday will meet for the 100th crown at Lubbock Dec. 1.

Only major upsets could trip either club. Tech moves its split-T attack to Albuquerque for a game with New Mexico that will count in conference standings.

Hardin — Simmons will be host to a rebounding University of Arizona eleven, but is believed to have too much ammunition for the Wildcats.

Arizona State college at Tempe is at home to Wyoming and Texas Western plays West Texas and Albuquerque games are at the afternoon, the other two at night.

Frank Adorney, 175-pound halfback on the Navy team, saw three years of service in the Navy before entering the Academy.

But he told the people at the Mungler Place Church football was by no means uppermost in his mind. "Athletics give me a thrill," he said. "But Christ gives me a constant joy."

LEADERS

The Spartans led the first two weeks California barged in for a single week on top and then Tennessee took over for a three-week reign. Michigan State shot to the front a week ago after a rousing 35-0 victory over Notre Dame.

The Spartans lost some lustre against Indiana and drew 38 first-place votes compared with 55 in the previous poll. They get another chance to impress the experts against Colorado Saturday.

There was no change in the personnel of the top ten, but the order of standings underwent a slight shakeup. Illinois, held to a scoreless tie by Ohio State, was the only member of the elite not to win a game.

The fighting Illinois tumbled from third to sixth place while Stanford and Maryland, impressive winners over formidable rivals, pushed to the front of contention.

Stanford leaped to third place on the strength of its 35-14 triumph over Oregon State. Maryland already named as Tennessee's opponent in the Sugar Bowl, smothered North Carolina State, 55-0, and won fourth place.

The Indians, apparently assured of a Rose Bowl assignment, received 18 first place votes while Maryland collected 26. Both rated more than 1,000 points on the basis of ten points for a first place vote, nine for second, etc. Stanford had a total of 1,193 and Maryland 1,167.

TOP TEN

Princeton, working on football's longest current winning streak of 21 games, also moved up a notch, from sixth to fifth. Georgia Tech finished seventh and Wisconsin, Kentucky, and Baylor held firm to their positions of 8-9-10.

Stanford's perfect record is threatened this week by the game in Palo Alto with California. Maryland closes with West Virginia Saturday.

Princeton plays Dartmouth, Illinois meets Northwestern, Georgia Tech clashes with Davidson, Wisconsin opposes Minnesota and Baylor faces Southern Methodist.

The top ten (with first place votes and season's records in parentheses):

Rank	Team	Record	Points
1.	Tennessee	(8-0)	1348
2.	Mich. State	(38-1)	1290
3.	Stanford	(18)	1193
4.	Maryland	(26-8)	1167
5.	Princeton	(8)	814
6.	Illinois	(2)	701
7.	Georgia Tech	(2)	612
8.	Wisconsin	(3)	611
9.	Kentucky	(1)	339

Guerillas End Southwest Fighting Continues

Play Tomorrow With Kentucky Waiting For Winner As Cotton Bowl Foe

The Pampa Guerillas will close their 1951 football season tomorrow afternoon at Harvester Park when they entertain the Plainview Bullpups. Kickoff time is 2 o'clock.

The game will be broadcast by radio station KPND, starting at 2:45.

The Guerillas will be trying to close out an unhappy season on a joyful note. They held two wins and one tie on the profit side of the ledger while debits include losses to Amarillo, Borger, Lefors and Wheeler. The two wins are over Borger and Turkey while the tie was a 13-13 know with the Amarillo Vanigans.

The Guerillas are expected to be strengthened by the addition of several members of the Reapers squad. A ruling from the Interscholastic League last week made the Reapers, who played an eight-game schedule, available to the Guerillas.

The probable starting lineup for the B team will have James Pippet and Travis Taylor at ends; Bob Prigmore and Chick Jordan at tackles; Eugene Bealy and Billy Edwards at guards; and Bill Pippet at center. The probable starting backfield will have J. N. Wright at quarterback, Bobby Wilhelm at left halfback, Jimmy Keel at fullback, and Jean Martindale at right halfback.

DALLAS — (AP) — The Cotton Bowl settled down to a "lets you and him fight" routine today, its troubles all taken care of for another year. It has Kentucky as the visiting team and knows the host eleven is coming up — the winner of the most unpredictable race in Southwest Conference history.

The colorful Wildcats from the blue grass country yesterday voted to accept the Cotton Bowl's invitation and play the Southwest Conference champion, no matter whom it might be, in the sixteenth annual Dallas New Year's day classic.

Kentucky still has to meet Tennessee at Lexington, Ky., Saturday.

The 1950 Cotton Bowl election was made under similar circumstances. Taking a chance the Cotton Bowl invited Tennessee — which still had to meet Kentucky. Tennessee came through with an upset of Kentucky and made the Cotton Bowl look mighty good. Kentucky then went to the Sugar Bowl and beat Oklahoma to end college football's mightiest winning streak. Cotton Bowl officials are making

By HAROLD V. RATLIFF

no bones about it — they'd like for Kentucky to beat Tennessee Saturday. "I'm a real Kentucky fan," smiled Leonard M. Green, Cotton Bowl president.

Tennessee already is in the Sugar Bowl, opposing Maryland. Kentucky, coached by Paul (Bear) Bryant, has played in Texas twice in the three years. The 1949 Southern Methodist beat the Wildcats 20-7. Last September Texas defeated Kentucky 7-6.

Cotton Bowl officials said Kentucky was a happy choice. Its record for the season is 7-3 but all of those losses were by close scores and came when the team was starting the campaign. Since then it hasn't come close to losing one. Cotton Bowl officials also pointed to the fact that Kentucky has one of the greatest and most highly publicized players in football in Vito (Babe) Parilli, who has set all sorts of passing records.

Parilli was in both of those games Kentucky has played in Texas. The Southwest Conference race is a mess. It can be clarified Saturday but the champion can not be determined before Dec. 1. Texas Christian (4-4) and Rice (5-3) are tied for first place in quarterbacks — Parilli and Larry Isbell. There has been considerable discussion this year over which is the better. Both are great ball-handlers and passers.

LIKE BAYLOR

Saturday Texas Christian and Rice play at Fort Worth, Baylor and Southern Methodist at Waco. Texas has one more game — against Texas A&M at College Station, Nov. 29.

Selection of Kentucky meant that the eighth Southern team in the 16 years of the Cotton Bowl would be playing here. Since 1942, when the conference first committed its champion to the bowl as host team, five of the visiting teams have been from the south.

Kentucky will be playing its third bowl game. The Wildcats were in the Orange Bowl in 1950, losing to Santa Clara 21-13, and in the Sugar Bowl last Jan. 1, beating Oklahoma 13-7. Texas, Rice, Southern Methodist and Texas Christian all have been in both the Cotton Bowl and other major bowls. Baylor never has played in either.

Baylor is favored in many quarters to win the conference championship. If so it would match two of the game's finest quarterbacks — Parilli and Larry Isbell. There has been considerable discussion this year over which is the better. Both are great ball-handlers and passers.

Harvesters Holding All The Edge In Thanksgiving Game

The Pampa Harvesters, incensed by their poor showing last Friday afternoon at Borger, went through a short but hard workout yesterday afternoon in preparation for their curtain-closer at San Angelo Turkey Day afternoon. Kickoff time is 2:30.

The rough workout saw the linemen going back to some of the basic fundamentals while the backs confined their work to polishing a passing attack.

Tickets for the Thursday afternoon game which will make the end of the 1951 season, the toughest in the books for the Harvesters as well as one of the best, are on sale at the school business office in the city hall. The game will be broadcast over radio station KPND, starting at 2:15, direct from Bobcat Stadium in San Angelo.

The comparative statistics of the two clubs' season records gives the Harvesters a strong edge all the way. They have almost doubled the Bobcats in every department offensively, except yards gained passing. There the Bobcats have flipped 775 yards, but that has been the main part of their offense.

Judge Accuses College Athletic Programs While Sentencing Cage Fixers

Southwest Draws Fire Of Streit

By ORLO ROBERTSON
NEW YORK — (AP) — Some college athletic leaders were quick today to refute a New York judge's accusation that football and basketball are sordid big business deals.

But a committee of seven college presidents, meeting in Washington, agreed "something must be done" to remove whatever evils are in the intercollegiate athletic program.

And in Chicago, Hugh Willett, president of the National Collegiate Athletic Association, said a substantial majority of the organization's 320 members supported a 12-point program for tighter controls on college athletics.

Basketball and football came under the fire of general sessions Judge Saul S. Streit in a 41-page statement issued yesterday shortly before the jurist sentenced a basketball fixer and five former players from three New York universities to prison terms and gave nine other ex-players suspended sentences.

"Commercialism and over-emphasis in intercollegiate football and basketball are rampant throughout the country," said Judge Streit. He said the nation's schools are courting an "atomic ethical scandal."

The jurist blamed college authorities, alumni and coaches—labeling as "despicable" the attitude of many big-time coaches. He advised the schools to clean house in a hurry or have Congress or the states do it for them.

Judge Streit singled out Oklahoma, Texas, Texas A&M, Southern Methodist, Pennsylvania, Tennessee, Maryland and Kentucky as examples of over-emphasis in football. Kentucky is the only one of the group involved in the basketball point-fixing scandal that has reached more than 30 players from seven schools and referees.

The judge called a college athlete a paid commercial and said academic standards for athletes are a laugh.

University of Oklahoma athletes are required to maintain proper scholastic standards, university President Dr. George L. Cross said in answering Judge Streit's statement that one Oklahoma football player was taking introduction to geography and loaded his program with theories of basketball, swimming games and volleyball in his senior year.

GRADUATE PACE
"We are interested in having all our athletes make steady progress toward graduation," Dr. Cross said.

The reaction of Bud Wilkinson, Oklahoma football coach, was to go into the records and announce that football lettermen have been graduated at a 92 percent pace since he became coach of the Sooners.

"If Judge Streit will give us the name of the Oklahoma football player he was referring to, we will be glad to make the player's scholastic record public," the judge did not name the player in his lengthy statement.

The judge's statement that Southern Methodist awards 154 athletic scholarships annually brought from athletic director Matty Bell a question as to what was wrong with his school granting such scholarships.

"Well, it isn't any of the judge's business in the first place and in the second place these scholarships cover all sports, not just football. These are given to boys, who, in the main, would be unable to attend college without the assistance. I wish this judge would just let some of the fine boys we have in athletics. Our athletes are among the finest young men in the country and it is that way at most of the colleges."

REBUTTALS
Dana X. Bible, University of Texas athletic director, conceded the collegiate football program "may have gotten off-side a little bit" sometimes but declared the good in football far outweighs the bad.

"It's just another indication of the need for a committee like this," said Dr. John A. Hannah, president of Michigan State and head of a special committee set up by the American Council on Education to look into sports.

That was the only comment on the judge's blast from the committee of seven college presidents but before the jurist made his statement, Hannah told reporters:

"We realize we must be responsible for the total operation of the university. We have a real concern in the protection of the integrity in higher education."

"We start with the assumption that there is much good in college sports. We want to preserve what's good and take the evil out."

Tennessee's rebuttal came from President C. E. Brehm who said in a statement:

"We don't think the athletic department has over-emphasized athletic activities to the detriment of our academic program. We are maintaining high academic standards and the boys who play on the football team have to conform to those standards if they continue in school."

Maryland's answer to Judge Streit's statement that 60 Maryland's 97 players are from other states was given by Geary Eppley, dean of men and chairman of the athletic council.

PRESSURE FOOTBALL, No. 2 How U. Of Maryland Gets Football Man

By HARRY GRAYSON
NEA Sports Editor
COLLEGE PARK, Md.—(NEA)—The Federal Bureau of Investigation did not exactly ferret out Lynn Beightol, but the University of Maryland got its football man.

Beightol, 37, was the most publicized player in the history of Cumberland, way across the state. Beightol passed Cumberland's Fort Hill High to an all-conquering season, was the All-State's most valuable player. He's the ideal split-T quarterback, six feet one, 175 pounds — passer, runner, punter and Gibraltar on defense.

Notre Dame's Frank Leahy flew to Cumberland for a heart-to-heart talk with Beightol and his father. Other famous coaches either visited Beightol or sent their right-hand men.

The governor of the Blue Grass State wrote on behalf of the University of Kentucky:

BIG BIDDERS
More than 30 colleges, two dozen of them on the big time, bid. Among them were Princeton, Pennsylvania, Penn State, Pittsburgh, Tulane, North Carolina, Syracuse, Duke, Kansas State, Holy Cross, William and Mary, West Virginia, Lehigh, Temple, Washington and Lee, VMI, Wake Forest and VPI.

Pa. Waikote said you'd be amazed at some of the propositions, but doesn't choose to divulge the amounts of the cash offers.

Young Beightol made a number of trips to various campuses, twice going to Notre Dame. The proposals finally were narrowed down to two — those of Maryland and Notre Dame. At Maryland he was taken in hand by Tommy Webb, who played at Maryland and is now one of J. Edgar Hoover's boys. A number of Maryland players have been graduated to the FBI.

FBI INFLUENCE
To further impress and entertain Wonder Boy Beightol, Webb

game, last September, was built at a cost of one million dollars, so Maryland's high pressure football program simply has to succeed.

Maryland has a football man at its head, President H. C. Byrd having played at Western Maryland, Georgetown, George Washington and Maryland before coaching and being the Old Line's athletic director from 1912 to 1923. He became vice-president during the fag end of his athletic run.

LIBERAL VIEWPOINT
Combatants moved around at will during Curley Byrd's playing days, and the distinguished educator points to the transfer rule as one of the major improvements.

Big Jim Tatum tells of his cousin, Halfback Kirk Gibson, beating Wofford for The Citadel with a field goal in the early '20s. The following fall, Gibson helped Wofford smack The Citadel by 60-odd points. The next autumn he was on the South Carolina side which tripped both The Citadel and Wofford.

So, you see, there is an exceedingly liberal football viewpoint at College Park.

Dr. Byrd launched Maryland's major football program when he brought Clark Shaughnessy from Stanford in 1942.

Coach Jim Tatum clinched the deal with a trip to Cumberland. Beightol got one of Maryland's 60 football scholarships, which means a free ride and \$15 a month, plus three years in medical school with all expenses paid. Notre Dame made its regular four-year offer, plus three years at any medical school the lad might choose. At the moment, as this makes clear, the youngster believes he wants to study medicine.

few from out of the state," he said. "Probably not so many as we now have but the bulk of our students from outside of Maryland and the District of Columbia come from Pennsylvania, New Jersey and New York."

Bible Defends The Football Programs

AUSTIN — (AP) — Athletic director Dana X. Bible of the University of Texas is getting tired of criticism of football.

He's willing to admit the collegiate football program has some faults, but yesterday's blast by New York Judge Saul S. Streit, roused Bible's ire.

Bible accused Streit and others of "throwing verbal brickbats at football a long, long time" and falling to see its good side.

"And I'm not trying to preach a sermon," said the man who has been playing, coaching, or directing football 45 of his 60 years.

Recently elected to the newly organized Football Hall of Fame, Bible declared football has the following virtues:

1. Football training makes boys better competitors, thus helps them in a competitive society.
2. "Football has educational value."
3. Football gives thousands of boys a definite program of action.

"Where would these youngsters be and what would they be doing if there were no football program?" Bible asked, observing that Texas has some 800 school-boy teams.

NOT TEXAS
He said Judge Streit's charge that schools bribe top athletes to enroll would not apply to Texas. "I like the idea of boys selecting schools instead of schools going out and selecting boys," Bible philosophized.

The Southwest Conference limits athletic scholarships to room and board, tuition and fees, and \$10 a month for laundry. Bible said the limitation forestalls competitive bidding for players.

To Judge Streit's charge that scholastic demands are eased on athletes, the athletic director said

afternoons," says one official, "and Bowie and Laurel throw meetings at us this October."

But Maryland has committed itself and as long as Curley Byrd is running the works, you are perfectly safe in wagering that the Terrapins will be running at the opposition.

Luck Of Irish Holds To Get Shamrock Into AA Playoffs

SHAMROCK — (Special) — Luck of the Irish! You've heard that expression all your life, but until now you've never known what it means.

Shamrock's bi-district competitors, who meet Tulsa here Thanksgiving afternoon at 2:30, had some close shaves as they swept both to an undefeated season and the District 1-AA crown.

First example was in the Wellington game, when, trailing 19-12, big Dwayne Hager crashed through to block a punt and Bobby Campbell covered in the end zone. Carlton came in, although injured, and converted to knot the count at 19-all.

Oct. 5 against Memphis, Bobby Campbell crashed through to block a punt on the Cyclone 31 and Jimmy Pennington shortly after crashed over for a TD to give the Irish a 7-0 victory in a joggren-muddy field.

Against Perryton, the Irish drove to the goal to knot the count at 6-6 with only one minute left.

Flaming Cats Used In Commando Raid

CAIRO, Egypt — (AP) — The Newspaper Al Ahran has reported that Egyptian underground commandos sent flaming cats racing through a British airport in the Suez Canal Zone to touch off fires in several shops.

The paper said the "Ismailia Commandos" wrapped a number of live cats in oil-soaked rags, ignited them and turned them loose at the airport. While the blazing cats streaked through the shops, the paper said, the commandos then cut off the water supply. Other commandos slipped into a hangar and set fire to a plane during the excitement.

At this point, the paper said, the commandos fired at the British soldiers on the field with tommyguns and then withdrew.

Bull Bullies Sunday Drivers

ALEXANDRIA, Va. — (AP) — A huge black Angus bull bulldozed Sunday drivers on a heavily traveled highway for 12 hours until it finally went too far and charged a trailer truck.

The impact overturned the truck and killed the bull.

Before the wreckage could be cleared another car ploughed into the truck. Driver of the car, Marine Sgt. Shafter Collins, 21, stationed at Quantico, Va., suffered chest injuries and shock.

The bull was valued by its owner, Harry E. Alward, Bailey's Crossroads, Va., at \$1,800. Damage to the truck was estimated at \$2,800.

Texas Is Leading Southern States In Road Projects

Texas leads all southern states — though not all 48 — in mileage of federal aid highways under construction, a report of the Public Roads Bureau shows.

Texas is credited with 672 miles, as of Oct. 1, 1951.

In addition, the state has 104 miles of highways for which plans have been approved but not yet placed under construction.

Estimated cost of the Texas roads now being built is \$60,329,000. The roads for which plans have been approved will cost an estimated \$11,066,000.

Veterinarian Says Good Feed Will Stop Cattle Loss

COLLEGE STATION — (AP) — A Texas A&M veterinarian said the feeding of good quality hay and grain supplements will prevent further losses of East Texas cattle to white muscle disease.

Dr. C. M. Patterson said Friday large numbers of cattle are dying from the condition. "It is a result of the prolonged drought which has materially interfered with the production of good feed and pasture."

The white muscle disease is traceable to an inadequate intake of vitamin E, Patterson said. Cattle are dying in large numbers, he said, but swine and sheep also are susceptible.

Russian Complaint May Be Red Herring To Cover Blunder

WASHINGTON — (AP) — The latest Russian complaint concerning Trieste is viewed by officials here as an attempt to divert world attention from what they consider a blunder made by Soviet Foreign Minister Vishinsky at Paris.

Vishinsky told the UN general assembly last week that he had stayed awake all night laughing about Western proposals for disarmament.

The iron curtain countries' press made no mention of this in reporting Vishinsky's speech. And the belief here is that the Kremlin sees now that a serious proposal for ending the arms race comes too close to the lives and fortunes of people to be dismissed with ridicule.

It was against this background that State Dept. Press Officer Lincoln White said American officials are convinced Russia's new charges about Western military development of Trieste was an effort to revive an old issue as a diversion. The Soviets are "beating a dead horse," White asserted.

The essence of the Russian charges, in notes given to ambassadors in Moscow, is that the United States, Britain and France are carving up the Trieste territory to establish military and naval bases.

The note also revived old complaints that the Western powers have long violated the Italian peace treaty which provided for division of the port city and the surrounding territory between Italy and Yugoslavia.

These charges, White said, have been answered before, both direct to Moscow and in the UN.

He added that there had once been some talk about the possibility of building up Western military strength at Trieste to assure speedy assistance to Yugoslavia should that country be attacked from beyond the iron curtain. But he said any basis that ever existed for this kind of development had been swept away with the working out of a military aid arrangement between Yugoslavia and the Western Nations.

Now It's For 'Good Behavior'

The Economic Cooperation Administration, as the Marshall plan is now called, has come up with a new gimmick for use in giving away American money to foreign governments. Formerly, the test foreign nations must pass before dipping into Uncle Sugar's pocket, was "performance and need." Hereafter, if the case of Australia is a criterion, the test will be "good behavior."

Honeymoon's Over

"Hey, what did you give me a traffic ticket for?" the teenager yelled to the cop. "I was too young to vote." And thereby hangs a tale of the cold war being waged in Yonkers, N. Y., between the police and motorists. Before the election, a motorist had to do something special to get a ticket. A referendum was coming at which voters were asked to approve a \$500 pay increase for city employees. After all, according to Safety Commissioner O'Hara, "it was only human for them to avoid offending motorists whose support they wanted in the referendum."

The Nation's Press

OPPRESSION, INC. (The Chicago Tribune) The Arab countries called upon the United Nations assembly, now in session in Paris, to look into the charge that France was oppressing the Moroccan people. The motion was referred to the steering committee which voted not to place the matter on the agenda. The vote was 6 to 4, with four abstentions. Among the nations which voted for European imperialism was the United States. This was the first time that the United States has sought to keep such an item off the agenda; hitherto the American position has been that any complaint ought to be examined and debated on its merits.

Better Jobs

By R. C. HOILES

A Most Harmful Speaker A friend of mine remarked the other day that he had just heard a speaker whom he regarded as a very dangerous person. It was a speech made at the Lions Club in Santa Ana by Robert S. Hicks, superintendent of El Monte high school. This friend confided that the dangerous people in the United States are those who think they believe in free enterprise and give lip service to it, but actually do not understand and advocate and do a lot of things that are the very antithesis of free enterprise.

No Socialistic School Teachers

He is reported to have said: "I have yet to find a teacher that is the least bit socialistic or pink in some 16 years as superintendent of El Monte high school." Then he is quoted as saying: "Free, tax supported schools are the very sinews of our way of life." Of course, Superintendent Hicks does not define what he means by "socialistic" or "pink," nor does he define what he means by "our way of life." If the first official document of this country, the Declaration of Independence, is to be used as a guide to determine "what our way of life" is, then tax supported schools are not a part of "our way of life." Simply because they are generally believed to be a part of it.

Looking Sideways

Freddy was just about what the columnists and the aristocrats ordered when the "playboy" assignment came along. . . . He had no visible means of support, he spent money like water (some day I want to meet someone who spends water like money), he always managed to have an heirless for a wife and I have run into him all the way from Bucharest to Mexico City. . . . I never saw him, but I know he was a playboy because he had a number of wives and a number of mistresses.

Baxter's Views

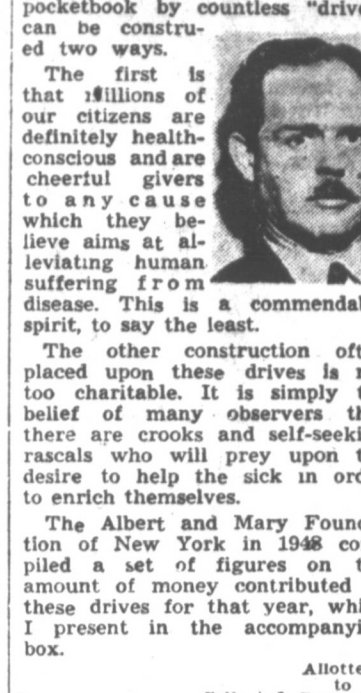

DAVID BAXTER 'DRIVES' The terrific amount of money extracted from the American pocketbook by countless "drives" can be construed two ways. The first is that millions of our citizens are definitely health-conscious and are cheerful givers to any cause which they believe in. The other construction often placed upon these drives is not too charitable. It is simply the belief of many observers that there are crooks and self-seeking rascals who will prey upon the desire to help the sick in order to enrich themselves.

LONDON — The British professional unioner is a hard-boiled cynic with no compunction against butting into the domestic affairs of any other country, including ours, where he is now making himself a name as a chief in secret cooperation with Americans for Democratic Action, the CIO and elements of the A.F. of L. He has no respect for anything good unless it can be put to some special use of the socialist conspiracy whose political manifestation in Great Britain is similar to Hitler's National Socialism. Although the British Parliament is the model which is erroneously held up to the world as the finest example of "democratic" popular government, British unioners, having first invaded, then controlled it, feel that they have, so to speak, had their way of it and now hold it in contempt. Without the slightest hesitancy two spokesmen for the British Trade Union Congress informed me that it was the practice of unions to put "labor" members of Parliament in their fee by outright subsidies intended, obviously, although they denied it, to buy their votes for that, to buy their votes for unionism and socialism in all cases arising.

Taft 'Fairly Successful' in Quashing Anti-Labor Charge

By RAY TUCKER WASHINGTON — Senator Robert A. Taft's literary effort to repudiate his reputation as an "evolutionist," as evidenced by publication of his recent book on foreign affairs, is matched in the domestic field by a fairly successful attempt to discredit the charge that he is anti-labor. He has recently won the left-handed praise, if not the ballot-box support, of powerful labor factions. Taft's accomplishments in this field have escaped general notice, but they have made a deep impression in union circles. He has shown a willingness to modify the Taft-Hartley act in a manner that removes many of its original restrictions on unionizing workers. As evidence of his avowed desire to treat capital and labor fairly, there is the fact that he was joined in the modification movement by such a radical as Senator Hubert Humphrey of Minnesota, a Farmer-Labor Democrat.

WASHINGTON — The other labor relief measure sponsored by Senator Taft also had the backing of Senator Humphrey, who once headed the Americans for Democratic Action, which represents the Roosevelt wing of the party in power. Although it was on the verge of passing the Senate, it was finally returned to committee because of jurisdictional rivalries it provoked within the unions. The bill eliminated the provision for representative NLRB elections in the building trades unions. Indeed, it seemed to violate the general philosophy of the Taft-Hartley act by requiring construction workers to join the union seven days after they went on the job. The legislation was originally designed to give more freedom to employers from labor union domination.

Entre Nous Hears Report From Two Recent Visitors To Girlstown, U. S. A.

Mrs. W. S. Tolbert was hostess to the Entre Nous club when the group met Friday in the home of Mrs. A. B. McAfee for a report on Girlstown.

Special guests were Mrs. Frank Lard and Mrs. Marguerite Nash who told of a recent visit to Girlstown. The club has selected Girlstown as its project for the year.

Mrs. Lard, in giving the history of the town, said, "When Miss Amelia Anthony was 18 years old, a girl who needed help came to her, and it was then she decided she wanted to help all girls grow into good citizens."

"Now she has 65 girls, and one matron to every 10 girls. The girls call the matrons 'aunts,' Mrs. Lard said.

The town is incorporated now and all girls are allowed to attend the church of their choice.

Mrs. Nash pointed out that it cost \$40 a month to keep each girl, and they are allowed one dollar a week for spending money.

Girlstown is located 273 miles southwest of Pampa. A refreshment table, carrying out the Thanksgiving tradition, was served to Mrs. J. C. Farrington, Ruth Spearman, C. C. Stockstill, W. D. Stockstill, Doyle Osborne, C. A. Atigoro, Guy Farrington, A. E. McAfee, C. W. Bowers, Norman Walberg, Boyd Brown, the hostess, Mrs. Nash and Mrs. Lard.

After gifts were opened, cookies and hot spiced punch, poured by Mrs. Carl Zybach, mother of the honoree, were served from a table laid with a white embroidered linen cloth over blue. The center piece was pink carnations tied with blue satin ribbon on a reflector. Favors were nut cups in the form of miniature shoes.

Those attending were Mesdames Leslie Webb, Carl Casler, Thomas Gray, C. W. Callaway, Fred Teps, Vance Stickley, Jim Hutcheson, Emma McElreath, John Q. Davidson, Carl Zybach, Miss Nancy Williams, Louise Zybach, the hostesses and the honoree.

Decorations for the event were carried out in a Thanksgiving theme.

Asia Discussed At Baptist Circle Meeting

SHAMROCK — (Special) — Asia was the central topic for discussion at the meeting of the Business Women's circle of the First Baptist church last Monday.

Mrs. Edward C. Derr, wife of former Pastor Derr of the Shamrock church, discussed "Whither Asia?"

Mrs. Mary Bledsoe spoke on "Colonialism, Feudalism, Communism, Nationalism and Religionism."

Concluding speech was Miss Monnie Gill's "Hope For the Future in Asia."

Mrs. Joe L. Wells, Mrs. Coy Palmer, Mrs. R. D. Goodnight, Mrs. G. H. Newberry, Mrs. Pascal Massey, H. A. Yoder, Mrs. Dale Hoffman, Shamrock, Mrs. Bonnie Brothers and Mrs. Ernest Blake, Mrs. Fred Vanderburg, Hopkins.

Window shopping is one pleasure that women are unable to resist. It seems that the more actual shopping they do, the more enticing are the window displays, the more time spent "just looking." The result is that they come home exhausted and haven't made all the purchases that were planned.

Tiredness is more the consequence of aimless wandering and walking about than anything else. Does your shopping trip leave you weary? Shopping can be fun when it is planned systematically. You should make out a list of the

things you must buy, also the stores in which you are going to shop for them. Carry a comfortable large purse but don't fill it up with so many things that you just can't find anything! Keep your change handy and separate from your wallet with the bills in it.

If you want to stop for a minute to freshen up your face and change your makeup before your luncheon date, carry a small bottle in good quality witch hazel in your bag so that you can go over your face and neck and feel, and look, refreshed. Always see that your bag contains a compact, handkerchiefs, cleansing tissues, lipstick, comb and, oh yes, don't leave the house before you put that shopping list in your bag!

Put some system into your shopping. It makes for efficiency. With planning you can "take it easy" and allow yourself the luxury of looking at all the things that you might want to buy in the near future and the things that you will probably never buy—but you can dream, can't you?

Part of being tired comes from the mental strain of knowing that there are things to be done and wondering where on earth you are going to find the time in which to do them. Make your plans carefully, carry them out, then you won't be worrying when glancing through that divine lingerie and trying on hats. When you finally get home you should allow yourself a few minutes of utter relaxation.

A shopping spree is fun when you know how to expend your energy as wisely as you spend your money.

All of us, at least once a year, should ask ourselves this question: "What kind of neighbors are we?"

This column is the answer to a request from a working woman who says she is no crank and has never had trouble with a neighbor. But the family next door is so noisy and thoughtless of others that her sleep is broken night after night and it is impossible for her to ever sleep late on her days off from work.

As she says: "They are probably so used to their own noise, they don't realize how disturbing it is to their neighbors." And that is usually the situation when a neighbor is a nuisance; the annoying behavior is so routine it is not recognized for what it is.

So it is well for a family now and then to check up on what kind of neighbors they really are.

A few questions that should be asked are: Do we let a pet or pet's annoy the neighbors? We shouldn't expect neighbors to be as fond of our pets as we are ourselves, or half as willing to excuse their behavior.

Do we disturb the neighbors by loud and unnecessary racket, such as the constant banging of doors, the loud playing of a radio or phonograph or untimely practice on a piano by a child?

Do we yell for the children to come to supper in shrill voices or shout at them in anger?

Do we let late parties grow loud and noisy?

Do we neglect our yards so they are an ugly blot on a street of well-kept lawns?

Do we borrow too frequently? Do we let our children "ave" in our neighbors' yards and in their houses?

Beta Sigma Phi Makes Holiday Activity Plans

Plans for the Beta Sigma Phi sorority's traditional Christmas doll and wardrobe were made at a meeting of the group Monday night in the City Club rooms.

The doll will be displayed in the Pampa Hardware window beginning December 15, and will be given away December 22.

During the business session the group planned to enter a float in the Christmas parade to be held late this month.

Mrs. Jim Poole presented a program on oratory, giving the history of oratory in America. She traced the origin of oratory, outlined its growth and explained that today there are enough lecturers to meet the demand of colleges, civic clubs, universities, conventions and banquets all over the country.

She pointed out that the best speakers adjust their talks to their audiences as Claire Booth Luce does. Considered the greatest woman lecturer of this time, Mrs. Luce gives the same lecture each time, but adjusts it to her audiences.

Attending the meeting were Mesdames Poole, Todd Cone, Bob Quick, Norman Fulps, E. D. Young, David Tubbs, Grover Heiskell, Dortha Kurtz, Betty Brock, John Phelps, Fred Meyers, Ken Reeves, Stanley Childs, Louis Sills, Willis Price, Jr., Leymond Hall, Virgil Hamilton, B. M. Nicky Hilton Romance Good For Many A Night's Sleep

By HENRY MCLEMORE
Things That Keep Me Asleep at Night: Is Betsy von Furstenburg going to marry Nicky Hilton? ... Is Nicky Hilton going to marry Betsy von Furstenburg? ... I worry so much about their romance that I've worn out two pillows since it burst into flower. As a soporific, it is almost as good as was Nicky and Liz' romance.

sworn in on a spittoon, in respect for his father, of Gene of the red galluses.

To continue: Stores that advertise, "We're Losing Money on This" — "Come in and Buy a Cashmere Coat for \$18.20" ... Automobile companies that say, "This is the last word in engineering," then come out next year with the last, last word in new design, which makes the car you bought last year look like the last, last thing.

Things That Keep Me Awake at Night: The callousness of the swivel chair Air Corps officer who ordered one million and a half gray dress gloves for the corps. The Washington "fat cat," although a flyer, didn't have enough sense, apparently, to know that the fine tradition of the Air Corps was not established in parades, but by attacking without fear all and any aircraft. When a flyer peels off for the attack he is not worrying about gray dress gloves ... Let us taxpayers give Senator Ives of New York a low bow for having exposed a sheer shot of thieving. A completely honest administration would remove the man who ordered the gloves as soon as it heard about such a Fancy Dan leech on the taxpayers' veins.

Statements I Suspect of Having Very Little Truth in Them: Women tell me that nylon stockings keep their legs warm in winter. I believe that is only an excuse to buy another dozen pair of nylons. Advertisements of foundation garments which paint them as pretty. To me they look like strait jackets with lace. All statements made by losing football coaches about over-emphasis on football. I never heard a winning coach, whose team was headed for a Bowl, object to scholarships that take care of players.

The winning Princeton team of today was founded by Fritz Crisler in the early 1890's. By some miracle great football players suddenly started going to Princeton, and they've been going there ever since. As soon as Princeton loses they'll drop down to what has always been known as the "Big Three," but should always be known as the "Little Three."

Note to Herman Hickman: You are the greatest lineman I ever saw play. But has the New York press gone to your head? You're becoming known as Smart Herman. Big Eatin' Herman, and Wit Herman. However, you'd better win some ball games. In sport, a clown can be funny if he produces, but he has to go back to the busy leagues if he can't. Dizzy Dean was a funny man, but he could throw it good and win it. As an old friend, I'll just tell you to watch your step.

Predicts Taft Is A Winner

HOUSTON — (AP) — "Bob Taft could beat the socks off" President Truman in a presidential election, Rep. Dewey Short (R-Mo.) says. Short, here Friday, said Taft has "character, ability and courage." And he added, "Eisenhower has too, but he is not as experienced as Taft." The Missourian also spoke against "this federal grab of the tidelands." "If it's left up to a bunch of bureaucrats in far-off Washington," Short said, "you'll never get any oil. If you leave it up to the states, oil will be produced."

"How much longer does this diet of yours last? My friends are telling me I look terrible!"

It Is Official; Shivers Proclaims Thanksgiving Day

AUSTIN — (AP) — Governor Allan Shivers has made it official. Nov. 22 is Thanksgiving in Texas.

Next year, under a new state law, Thanksgiving will be the last Thursday in November. Shivers had announced last summer he would proclaim Nov. 22 as the official day this year.

His proclamation said: "Whereas, Thanksgiving is one of the most revered of our national and state holidays, and its appropriate observance is a custom deeply engrained in the heritage of America and Texas; and

"Whereas, almost since the inception of this great nation the people of practically all states have each year set aside one day for giving thanks for the many benefits of life we enjoy in this great land; and

Here's How It All Wound Up, Soldier

HOLLYWOOD — (AP) — To Corp. Wayne Holder: In case you missed the broadcast, Lubbock high beat Odessa high Friday, 21-7. Sometimes it's hard to pick up broadcasts on a troopship bound for Japan. But radio station KFI broadcast the score for you, anyway. You recall, before you shoved off for Japan Thursday night, you called your mother, Mrs. Marian Holder of Lubbock, Tex., and said: "I've just got to know how that game comes out." Well, the minute the game was over she called a newscaster at KFI and told him, "I thought maybe they'd be listening to your news broadcasts on his ship." "Will you put it on?" she asked. The newscaster couldn't refuse.

Swedish Academy Awards Nobel Prize To Own Member

STOCKHOLM — (AP) — The Swedish Academy Thursday awarded the 1951 Nobel prize for literature to one of its own members, Par Lagerkvist, author of the novels "The Dwarf" and "Barabbas." Lagerkvist, who is 60 years old and a playwright, poet, essayist and writer of short stories as well as a novelist, will receive a check for 167,612 crowns (\$32,357) from King Gustav Adolf at the Nobel prize presentation ceremony to be held in Stockholm on Dec. 10.

The selection of Lagerkvist for this year's literature prize was not unexpected here. He was mentioned among contenders in 1949 and again in 1950, running second to American novelist William Faulkner in the academy's balloting in the latter year. He is the fourth Swede to win the prize. Previous Swedish winners were Selma Lagerlof, Verner von Heidenstam and Erick Axel Karlfeldt.

In choosing Lagerkvist, the academy, of which he has been a member since 1940, clearly followed the wishes of the donor of the prize, Alfred Nobel. Nobel stipulated that the writing

China Plans Oil Expansion

MOSCOW — (AP) — A high Chinese Communist military and political leader was quoted in Soviet newspapers as saying China plans a vast expansion of her oil industry to catch up with "basic world producers" in the coming five to 10 years. Gen. Chu Teh, commander of the Chinese Communist armies, was quoted as telling a Chinese audience this expansion would be attained with the assistance of Soviet oil specialists.

Tin Pan Alley Honors Composer

NEW YORK — (AP) — Tin Pan Alley gave a big birthday party Friday night for W. C. Handy, 78-year-old Negro composer of the "St. Louis Blues." But the affair, held in the Waldorf-Astoria hotel, meant even more to Handy, almost totally blind from the effects of the eye disease, glaucoma. It marked the launching of the Blind, Inc., a nationwide organization with a problem of rehabilitation, social service and medical aid among needy Negro blind.

Lefors Library Club Elects New Officers

LEFORS — (Special) — Re-election of the Lefors High School Library club officers was made necessary recently because those elected at the first of the year now hold offices in other major clubs of the school. The new officers selected were Eva Mae Rutledge, president; Shirley Herring, vice president; and Marie McPherson, secretary. Committees and chairmen were appointed by the new president.
