Navy Wishes Angelo Said Goodbye Sooner

By ORLO ROBERTSON
NEW YORK, Oct. 29—(AP)—Plunging into this week's football selections without any attempt to establish an alibi:
Navy-Notre Dame—The nation's unbeaten No. 1 and No. 3 teams clash. Angelo Bertelli says farewell to the Irish with the Navy probably wishing he had said it a week sooner. Notre Dame.
Army - Pennsylvania—Another game with top billing. Army.
Duke-Georgia Tech—The only

thing certain about this Southern classic is that each team will put 11 men on the field. We pick Tech.
California - Southern California—The Trojans won their first meeting of the season, 7-0, and Howard Callahan has left. But they still look like the top college team of their section in Southern Cal.
Minnesota-Northwestern—Can't see how the Gophers are going to stop Otto Graham, now that the Wildcats are rolling.
Michigan-Illinois—Bill Daley and Marv Peggman to lead the Wolverines to a one-sided triumph in their final game for Michigan.
Texas Christian-Louisiana State—The Horned Frogs have lost four regulars via navy transfers; L. S. U. still has Steve Van Buren. L. S. U.

Sports Roundup

By HUGH FULLERTON, JR.
NEW YORK, Oct. 29—(AP)—Although Macomb, Ill., High school won its game at Havana last week, fans still are demanding a recount on an 85-yard touchdown run by Fullback Don Daniels. ... Looking around after the play, officials could find only 10 Macomb players on the field so they nullified the score. ... The eleven man was there, all right, but so many sideline fans crowded on the edge of the field to watch the run that the missing player was lost in the throng.

Amon Carter Whips Arlington, 16 To 7
The Associated Press
Scattered games last night started off a big weekend of High School football battles.
In two conference games, Amon Carter-Riverside of Fort Worth defeated Arlington Heights of Fort Worth, 16 to 7, and Milby of Houston took a 7 to 0 decision over John Reagan, also of Houston.
Austin of El Paso defeated Cathedral, also of that city, 8 to 0; and Wheatly of San Antonio downed Blackshear of San Antonio, 38 to 0.
Heading the week-ends conference schedule is tonight's battle between Austin's Maroons and Brackenridge's tough Eagles.
The unbeaten, united East Texas powers, Marshall and Lufkin, meet tonight in a feature interdistrict struggle. The winner of this game will be expected to reach the semifinals in the state meet.

Four Of Six Schools Lose Stars To Navy

By HAROLD V. RATLIFF
Associated Press Sports Editor
Southwest Conference football moves into the stretch tomorrow but for a sizable group of stars it will be the end of the season.
Four of the six teams are losing keymen in the Naval Training program.

Joe Parker, a great wingman, will be playing the last time this year for Texas when the Longhorns battle Southern Methodist at Dallas. It also will mark the close for Billy Shaw, guard; Ed Cloud, center, and Bill Squires, tailback, at Southern Methodist.
At Houston, where Rice plays Texas Tech, Charles Malmberg, one of the country's finest tackles, will be bowing out as keyman of the Owl line.

HALE - T.C.U. CENTER
Texas Christian will be without this member of the starting Frog eleven in its November games. Billy Hale at center, who was captain-elect of the '43 Texas Tech eleven until the Navy stepped in and moved him to TCU, has been one of Coach Dutch Meyer's best performers in the line.
At Baton Rouge, where Texas Christian plays Louisiana State, the Horned Frogs will say goodbye to Harry Gardner and Doug Carter, backs; Billy Hale, center, and Dick Smith, tackle.

Only at Fayetteville will the teams leave the field intact after the Texas A and M-Arkansas battle. There are no trainees at Ageland or at Arkansas, so no players will be lost.

Texas, Texas Christian and Texas A and M will be favored to win but Rice appears to have a terrific battle on its hands with the scrapping Red Raiders of Texas Tech.
The Longhorns, moving along with deadly precision, are overwhelming choices over S. M. U. In the case of TCU-LSU it appears a question of the team handling the ball last, as a high-scoring game is in prospect.

A and M should beat the lowly Porkers but it's how they do it that will be of most interest. The Aggies, considered chief challengers to Texas for the title, must beat Arkansas decisively to retain their status because the Longhorns, crushed the Razorbacks 34-0.
Last week your correspondent picked two winners out of three with the other game ending in a tie, so, heartened by luck, we give them like this for tomorrow, knocking on a wooden head with the supplication that luck continue (antepeated crowds in parentheses).
Texas vs Southern Methodist at Dallas, 3 p. m. (12,000)—Can't see anything but a comfortable victory for Texas.
Texas Christian vs Louisiana State at Baton Rouge, 8 p. m. (20,000)—T. C. U. in a loose scoring joust.
Rice vs Texas Tech at Houston, 3 p. m. (6,000)—Rice might finally win one but we doubt it.
Texas A and M vs Arkansas at Fayetteville, 2 p. m. (5,000)—The Aggies by two touchdowns or so.

GEORGE NEEF
No. 13 Back
This 17-year-old Pampa wing-back, George Neef, son of Mr. and Mrs. G. H. Neef, has had two years with the Reapers, one with the Harvesters, is an expert pass receiver and is speedy. Neef weighs 150 pounds.

Score Record Favors Lubbock

Pampa High school's football squad arrived in Lubbock this afternoon, ready for their first away from home conference game to be played tomorrow afternoon against the powerful Lubbock Westerners.
The 38 man squad left Pampa early today. At 2:15 tomorrow afternoon, Radio Station KPDN of Pampa will give listeners the preliminaries of the game, then 15 minutes later switch to a play-by-play account.
On the basis of past records, the Westerners are favored for since 1933 they have won eight and lost two of the games against the Harvesters.
The margin was only one touchdown in four of the eight games won by Lubbock, however, at 6 to 0.
In the period 1933-1942, the Westerners scored 109 points against Pampa while yielding 67.
Coach Otis Coffey will likely have a surprise in spring on the Westerners in a new backfield star who has been "kept under wraps" so far this season.
This may serve to upset all the dope of comparative scores of the past 10 years:
1933, Pampa 0, Lubbock 6.
1934, Pampa 13, Lubbock 6.
1935, Pampa 0, Lubbock 6.
1936, Pampa 0, Lubbock 7.
1937, Pampa 21, Lubbock 8.
1938, Pampa 0, Lubbock 6.
1939, Pampa 0, Lubbock 6.
1940, Pampa 7, Lubbock 20.
1941, Pampa 13, Lubbock 30.
1942, Pampa 13, Lubbock 14.

Rogers Smith Bertelli Of Lubbock Field

LUBBOCK, Oct. 29—(AP)—Angelo Bertelli, Sammy Baugh, John Kimbrough? Poof! Take a gander at Rogers Smith of Lubbock Army Air Field.
Says Dell Morgan, coach of Texas Tech who has known plenty of football stars:
"Rogers Smith is the greatest triple-threat left halfback in the nation, and I am including all the Notre Dame backs, all the Southwest conference backs, and all the touted all-America backs for this year."
"None, you can have all your ball players, all the stars of the game, but if there ever were two all-

Americans, one was Jim Thorpe and the other is Rogers Smith."
Smith is credited by Morgan with not only beating Texas Tech single-handed but winning two more games for Lubbock air field.
The 185-pounder played four years at Rising Star, Texas, High school; performed as a freshman at Tech in 1940, and was the varsity's leading ground-gainer in 1941 and 1942.
This year at LAAF he was called upon to face his old school twice. Although he had reported just the day before, in that first game, which LAAP lost, Smith carried the ball for 92 yards, threw five passes for 156—one gaining 70 yards—scored two touchdowns and converted for all the army points.
Then he really began to roll, carrying LAAP to victories over South Plains Army Air Field, Fort Bliss Commandos and Tech. Here are samples of his work:
Fort Bliss—Ran 56, 40 and 42

yards for touchdowns; threw a 62-yard pass for another.
Texas Tech—Ran for 101 yards, completed two passes for 96 yards—one for 50 to set up a touchdown—converted once and kicked a 12-yard field goal to win the game.
"Smith is the hardest man in football to tackle," says Morgan, "because he uses his brains—knows when and how to twist and turn."

THE OLD JUDGE SAYS...

"Good morning, Doc. Your good wife tells me you're working night and day now that so many of the younger doctors are in the army."
"That's right, Judge, and I'm glad I'm still able to do it. Had a long letter from Harry... that bright young fellow I was broken in to take over my practice. He said the boys in the service are getting the best medical care of any armed force in our history. They really should with all those brilliant doctors and plenty of supplies to work with."
"Speaking of supplies, Doc, not many people realize that a large part of the war-alcohol required to make the medical supplies that are being used right this minute to alleviate pain, combat infection and save human lives, is produced by the beverage distilling industry. This entire industry stopped making whiskey over a year ago and has been working night and day producing nothing but war-alcohol."
"Nobody knows better than I, Judge, what an important contribution to our war effort that really is."

How To Relieve Bronchitis

CREOMULSION relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly always the cough or you are to have your money back.

WHO ELSE WILL HELP THEM

If you're like most people, you're waiting around to "let George do it." Sure, you've contributed something, but you've got the idea in the back of your mind that there are millions of other people all over the United States who are contributing, too.

The thing you've got to remember is that those millions of other people are pretty much like yourself. They're expecting the other fellow to carry on the work, which adds up to a handful of folks to give all they've got and a multitude of once-or-twice contributors.

Men don't go to the battlefield once or twice. Women and children don't experience the wartime starvation and illness once or twice. The job we've got ahead of us—the job of winning this war—calls for the kind of people who give all they've got! Not once or twice. Get the habit of including the war in your budget. Be thankful you don't suffer the horrors, the realities of war right in this country. Be thankful that all you're asked to do is give.

The thing you've got to remember is that those millions of other people are pretty much like yourself. They're expecting the other fellow to carry on the work, which adds up to a handful of folks to give all they've got and a multitude of once-or-twice contributors.

Men don't go to the battlefield once or twice. Women and children don't experience the wartime starvation and illness once or twice. The job we've got ahead of us—the job of winning this war—calls for the kind of people who give all they've got! Not once or twice. Get the habit of including the war in your budget. Be thankful you don't suffer the horrors, the realities of war right in this country. Be thankful that all you're asked to do is give.

Market Briefs

WALL STREET

NEW YORK, Oct. 28.—(AP)—Utility preferreds pushed up in today's stock market but light profit taking in recently strong specialties such as the liquors tended to shift most leaders to the minus ranks.

Prices began to slip here and there after a fairly steady opening. Transfers were around 800,000 shares due to early sizable blocks of low-priced issues which were virtually unchanged.

Stock touching pacts for the year or longer included senior shares of Electric Power and Light, American Power and Light, and J. L. Case common. In front most of the list were Consolidated Edison, Sears Roebuck, Oliver Farm, Philip Morris, Du Pont and Austin Nichols "A".

Among losers were Schenley, American Distilling, distillers, Corp-Sosagram, National Distillers, U. S. Steel, Bethlehem, Chrysler, U. S. Rubber, Santa Fe, Chesapeake and Ohio, Douglas Aircraft, Eastman Kodak, U. S. Gypsum and Westinghouse.

At Chicago wheat was up 1/2 to 1 1/2 cents a bushel. Cotton, toward the finish, was 5 cents a bale higher to 20 cents lower.

Girl Whose Eyesight Is Dimming Sees Soldier Boy Again

OMAHA, Oct. 29.—(AP)—Sixteen-year-old Ruby Boydelen whose world is growing dim and blurred, had a new courage today in her valiant fight—she has seen her fiance-soldier, Pfc. Everett Watkins, 20.

The story begins at the little Henry Boydelen farm outside Bern, Kans., where last May Ruby and her mother were cutting out dress goods. "Why, mother," Ruby said, "what makes you look so funny? Your ears stick out. Your face is lop-sided." But it was something in Ruby's eyes that had gone "lop-sided." A

doctor at Sabetha, Kans., said it was caused by diabetes, and in Omaha a specialist told her an operation might save her eyes, but there was no promise of success, Ruby learned.

Ruby cried. But if this must be, Ruby said, she must see Everett first. And Everett was at Sheppard Field, Tex.

Through the Red Cross a trip was arranged for Everett, whose home is in Sabetha. He came to Omaha, where he found Ruby in a hospital. Because it was decided to delay the operation for at least a month Everett brought Ruby home, just as he had done when they first met two years ago at a dance.

Soldiers Study Nazi Mentality

LONDON, Oct. 29.—(AP)—The present war is "Hitler's revolt against civilization" rather than a mere struggle for territory, Maj. Gen. John C. Lee, commanding officer of the U. S. army services of supply, European theatre of operations, told representatives of the United States, British and Canadian armed forces in the opening session of a three-day course in international affairs.

"It is vital that we know our enemy," he said in urging a close study of German mentality. "Our soldiers want to know why—why are we fighting? Why does the Nazi react

as he does? What of the future?"

Recalling the approach of the first anniversary of the landing in North Africa on Nov. 7, Lee said: "One day, and the enemy may well know it, we shall propose another day for historic remembrance—the day that we overran Europe from this direction. The enemy will never forget that day, either, I promise you."

FUNNY BUSINESS

Errand for Q-74

By Malcolm Taylor

ENZELL'S STORY CHAPTER XXIX YOU never told me how you got your stuff," Imhoff shouted to Enzell, to make himself near over the roar of the engines. Stein had been tied up with left-aver strips of Schroeder's bed sheet, which Pat had brought in her raincoat pockets, and everyone had settled down as comfortably as possible. "Let's have our yarn."

"Too much noise," protested Enzell. "What's the matter with the intercom?" said Rick. The suggestion was adopted and everyone soon fitted out. Enzell was silent a moment. "Berlin was where I first got a hint of this business. I went there on quite another trail, some U-boat stuff—which I never got and took a job as a waiter in the Adlon."

the building and fell into conversation with the sentry. There was my chance! I held past the car; then, making sure I wasn't observed, picked the simp's lock on the luggage compartment with a bit of wire I carry for the purpose. It was the work of a minute to lift the lid, climb in and close it down over me. These top-flight Nazis were sure I wouldn't leave the factory; and now I had a froi-row seat.

"Everything went like clock-work. Once in the car and on their way again, did they talk!" "Lack had been with me so far—but now it broke. A blow-out! I was out of the luggage 'ace and down the road before the chauffeur could leave it. It of course the seep in the rear gave the show away.

"In Stuttgart I wrote and mailed the Zellen letter and also, in case one of my messages got into Gestapo hands, a letter to one Stolz in Bingen in meaningless code. Then I broke north, juggling up in Frankfurt, sneaked out to Wiesbaden to park my stuff in the library there and mail the G's letter. Then back to Frankfurt to go to earth in the jail. "The rest of the story you know," Enzell concluded matter-of-factly. The little audience of three which had listened quietly without interruption now burst into excited comment. Rick's voice shrilled somewhat plaintively. "I say," he protested, "I catch the drift of most of what's been afoot but there's one thing everybody but me seems to be in the know about. What is this 'stuff' of yours anyway, Enzell—shouldn't I ask?" (To Be Continued)

Parade, Tennis Match Details Are Announced

base headquarters and air base squadron at the air field.
Between the doubles and singles matches, WAC recruiting officials and Pampa Field officers will present a brief ceremony on behalf of the WAC's, including talks by Colonel Campbell, Lt. Emma Yukna, Pampa WAC recruiting officer and Lt. Evan K. Shelby, Pampa Field WAC recruiting officer.

The Budge-Alloo match, scheduled to start at 3:30 and which will be broadcast over KPDN, will afford court fans of Pampa and vicinity the opportunity of seeing the man who before entering the army was acclaimed the "world's greatest tennis player."

Budge needs no introduction to local tennis followers. Through the late '30's and early '40's his was the greatest name in competitive tennis. He won the national singles title in 1937 and 1938, after gaining the finals in '36 before losing to Fred Perry. He teamed with Gene Mako to win the national doubles crown in '36 and '38 and joined forces with Alice Marble and Sarah F. Fabyan to win the '37 and '38 mixed doubles titles.

After turning professional in 1939, Budge ruled the "play-for-pay" ranks with equal brilliance. He and Bill Tilden toured the country for two seasons with other "big name" court stars in exhibitions that drew hundreds of thousands of spectators.

Allou was a ranking national amateur player before enlisting in the army. In 1941, he was captain and star of the famous Rollins College Winter Park, Fla., tennis team, was ranked 11th in the national amateur ratings and was undefeated in collegiate play. During his amateur net days, when he played in tournaments all over the nation, he won titles in California, Canada, Nebraska and numerous individual club tournaments.

Allou has been playing tennis seriously since he was 15 years old and is considered one of the game's finest all-around stars. In competition on local courts during the past summer, Allou impressed observers with his powerful backhand and brilliant net game. He will be a worthy opponent for the more publicized Budge.

Bleachers have been set up on the high school courts to accommodate 1,200 fans. Additional accommodations have been made for the Pampa Field band, which will perform during the matches as well as lead in the parade.

Officials for the tennis matches will be Capt. Paul Daugherty, umpire, and Ms. Jamie Gough. Lt. William Fagen, Lt. Edward Sharrett, Lt. Edwin Morris, Lt. Robert Bjorn, Sgt. James Foley and Ray Ellis, linesman.

The Liberty Bus company will run special buses to and from the high school tennis courts Sunday afternoon in order to furnish transportation for those wishing to attend the tennis exhibition.

Buses will leave the main station immediately after the parade or at about 2 p. m., and will return to the high school at the conclusion of the tennis matches.

According to Hugh Johnson, Liberty bus manager, a fare of 10 cents will be charged each way.

Brutal Littlefield Slaying Case Victims Pictured

inquired how could he answer that. He said his questioner was getting down to the matter of specific language.

He was asked, also whether, if the senate adopts the pending resolution, he would feel bound by it. That is hard to say, he replied, adding that he might not like it. But he expressed the view that some declaration of general sentiment would be fine.

A reporter said there had been some feeling that the resolution, if adopted, would relieve him of the responsibility of submitting any international agreement on collaboration against war to the senate for ratification. That, said the president, is a new one to him.

Security Trading Rules Tightened

NEW YORK, Oct. 29.—(AP)—The New York Stock Exchange tightened restrictions governing trading in securities before they are issued by advising members to require, whenever possible, that 40 per cent margin be provided by purchasers of "when-issued" securities, the same as required for ordinary transactions.

MRS. HUNT

(Continued from Page 1)

dence, he said, of a telephone call by the man from a West Texas town to Galveston during that period. The suspect was under parole on the Galveston county parole board, and was not allowed to leave the county without permission.

(The Rev. E. H. Gibson, parole board chairman, said the convict twice had left the county without permission but whether these were on dates which would interest Hutson and Gault was not disclosed.)

The background of facts and leads on which the officers were working was:

On May 21, 1942 Dr. Hunt, a rather handsome man of about 36, was called to the outskirts of Littlefield at midnight. There, he testified later, he was shot after he met a couple he identified as Dr. and Mrs. William R. Newton, prominent residents of Cameron, Tex. In Dr. Newton's trial in August for assault on murder Dr. Hunt the latter testified he and Newton were classmates at the University of Texas medical branch in Galveston; and that while Hunt interned in a Houston hospital he and Mrs. Newton, then a nurse and unmarried, were friends.

Dr. Newton was given a seven-year sentence, which he appealed. In Cameron Tuesday Dr. Newton appeared stunned by the news of the double slayings in Littlefield, and said he never had any ill-feeling toward Hunt.

The convict came into the case because of a long criminal record dating back to 1917 and including a sentence to the Nebraska state prison. The suspect was credited with knowledge of anaesthetics, learned during his term in Nebraska and possibly at a university in Texas. This angle intrigued Hutson and Gault because apparently anaesthetics were used in killing Dr. and Mrs. Hunt. Their daughter, six-year-old Jo Ann, told officers that a "big bad man" had shoved her into a closet during the slayings, and dashed a liquid on her that smelled like gasoline. Because the lightly-gowned child slept soundly through a cold night, officers deduced the liquid probably was chloroform or other anaesthetic.

The suspect was well-known in West Texas towns and had lived in Waco, a fact to which Hutson attached some importance.

The sheriff said the convict was not under a charge and that there probably would not be one for several days at least. He is being held under revocation of parole issued by the governor's office yesterday Hutson revealed.

Nazi Soldiers Prepared For Shock at Home

NEW YORK, Oct. 29.—(AP)—German officers have been told to have a "serious and comforting word" with men going on leave because "hard shocks await these men at home."

The office of war information said this was disclosed by one of two Nazi high command manifestos obtained by the Allies.

One, addressed to the officers and dated July, 1943, declared:

"They (the soldiers) will see a picture of dreadful devastation such as they have never known before. Perhaps they will find all their goods and chattels gone and everything destroyed. The families at home whom the soldiers must now meet have been through harder times even than many front-line soldiers who have withstood heavy action."

"The officers also were directed to have a further talk with each man returning from leave to tell him 'how wrong it would be to spread wild stories among his comrades now.'"

The other manifesto, addressed to the soldiers themselves, attempted to prepare them for the destruction caused by Allied air raids in their home cities and advised that they share "some of our force, our will, our confidence" with civilians there. An Associated Press dispatch from Bern, Switzerland, quoted a dispatch in the Swiss newspaper Gazette de Lausanne as reporting a "psychological collapse" within Germany, caused primarily by the Allied air offensive.

RATION

(Continued from Page 1)

Pineapple in No. 2 1-2 cans goes from 31 to 36 points.

Beets go down to 5 points from 8 for a No. 2 can. A No. 2 1-2 can of pumpkin or squash will cost 15 points compared to 21 previously.

The value of a 46-ounce can of grapefruit juice is reduced from 4 to 3 points, but a No. 2 can of pineapple juice will cost 12 instead of 10 points.

Values of such tomato products as catsup, chili sauce and tomato sauces are increased 1 to 3 points. Pickled, spiced and branched fruits, more perishable than ordinary canned foods, were removed from rationing to move out all old stocks in wholesalers' and retailers' hands, OPA said.

Dried and dehydrated soups and peas and lentils, listed at zero value for several months, have been dropped from the chart.

A zero value still is assigned to citrus marmalades in connection with rationing of fruit spreads. Supplies are plentiful, OPA said, but they are brought under ration control because of their importance in the over-all picture.

WASPS Transferred To Training Command

(Continued from Page 1)

PORT WORTH, Oct. 29.—(AP)—For the first time since establishing its women's flying training detachment, the AAF training command soon will receive three contingents of WASPS (women army service pilots), graduates of its own school at Avenger Field, Sweetwater, Tex.

Two classes of WASPS, scheduled to be graduated Nov. 13 and Dec. 18, will be assigned immediately to the three flying training commands. An additional 18 WASPS, also alumni of Avenger Field and currently on duty with the air transport command, will be transferred to the training command.

Training command officers expressed the opinion that the flying training commands probably would order the women to pilot, bombardier, navigator and gunnery schools for various types of flying duty.

Four will be used to buy processed foods. They will be valid through Dec. 20. In addition, the last blue stamps in book two—X, Y and Z—may be used through Nov. 20.

WAR CHEST

(Continued from Page 1)

Wilson; Tex DeWeese, Sam Houston; Sherman White, junior high, and Frank Smith, senior high, E. J. Dunigan will have charge of the parochial school solicitation.

The manpower shortage on the drive got so bad this morning that Co-Chairman Smith couldn't find a speaker so he made a flying trip to Horace Mann school.

The Pampa chest campaign is slated to end officially one week from today, Friday, Nov. 5.

At noon today, Mrs. Geneva Schmidt, fund treasurer, reported that approximately \$17,000 had been turned in. This included cash and pledges and leave \$21,000 to be raised with only seven days to go.

Drive officials said today that anyone not called on or who perhaps was not in when the solicitor called should drop by the office of J. W. Garman, general drive chairman, at the West Texas Gas & Power company, and leave the contribution.

"This will prove a big help," Smith said today. "Because of the shortage of manpower on solicitation it is impossible for solicitors to call back two or three times."

The city-wide house-to-house canvass in charge of Mrs. E. L. Anderson, Pampa P. T. A. Council chairman, will start off early next Tuesday morning. This part of the drive will give the women of Pampa a chance to make their contributions.

It's fun for you... BUT WORK for your eyes!

Eyes are now being used at least 20% more in the home than they were a year ago... based on a recent survey of over 3,000 people in 914 families. Because of this, remember that lots of things which are fun for you, are work for your eyes. There's extra need to watch your light and guard eyesight!

"Yes siree, it'll whistle tomorrow!" Many a man now gets a big kick out of being the repair man around home. But you'll spend less time at it and see better if you avoid glare by having the right size bulb in your fixture.

"This plane's going to be a honey, sis"... and so's that new doll dress. But close work like this means greater risk of eyestrain. See that the lamp they work by is close enough and has at least a 100-watt bulb in it.

It's a game now for Mom... but how she works at it, trying to mangle everything, including Dad's socks, last longer! If she'd only move the lamp back close to her elbow, she'd find mending less tiring, and less strain for her eyes.

HOW TO GET MORE OUT OF LIGHT!

- 1 Keep bulbs and reflectors clean - - - dust and dirt waste more light than you think.
- 2 Replace dark shades or shades turned yellow, get more light.
- 3 When you buy a lamp bulb, buy carefully; be sure it's the right size to protect eyes.
