Crowder Takes Third Straight From Cubs 2-1

Achieves First Series Victory In Three Starts And Allows Only Five Hits.

By ALAN GOULD Associated Press Sports Editor WRIGLEY FIELD, Chicago, (AP)—Alvin (General) Crowder, a baseball veteran who served with the United States Army in Siberia, capitalized his experience, with wintry weather today to pitch the Detroit Tigers to their third straight victory and with in one game of their long-sought goal, the world championship.

The 34-year-old North Carolina right-hander turned back the youthful Chicago Cubs, most of whom were in knee breeches when the "General" was carrying a musket on Asiatic duty, and whipped them, 2 to 1, with a brilliantly executed five-hit performance.

HIGH COURT TO DECIDE CITY POWER ISSUE

PANHANDLE PROJECTS ARE INVOLVED IN COURT SUIT

WASHINGTON, Oct. 5. (AP)—The question of constitutionality of another new deal venture—loans and grants to towns and cities for municipal power and water projects—will be placed before the District of Columbia court of appeals here Monday.

Seeking to expedite work on about 30 municipal plants, government attorneys will direct a double-barreled attack against private utilities which claim their investments are endangered if the public works administration proceeds with its plans to aid communities in financing these works.

The whole scheme will be passed upon in a suit involving a \$150,000 loan and grant to Hominy, Okla., for a light and power plant.

Eight other cases pending in the District of Columbia supreme court have been held in abeyance pending this decision. Among the cities involved in the similar proceedings are Russellville, Guntersville, Hartsville, Florence, Sheffield, Tusculum and Decatur, in Alabama; Plainview, Littlefield, Post and Huntsville, in Texas, and Burlington, Kas.

The government will ask the appellate court to uphold the district supreme court's action in denying the Oklahoma Utilities company a temporary injunction restraining Secretary Ickes, FWA administrator, from making the loan and grant to Hominy. Its attorneys also will seek a ruling on new administrative policies governing such financing which were evolved since inception of the Hominy case.

The Oklahoma Utilities company complaint alleged that the original contract between Ickes and Hominy constituted an unconstitutional delegation of power, violated the municipality's rights under state law and would confer on Ickes exclusive determination of such matters as rates, bonded wages. The company also contended its own investment at Hominy would be damaged irreparably and that the government would be competing directly with private industry.

Assistants to Attorney General Cummings have replied in a brief that Hominy loaned the loan and grant and that the city, not the government, would operate the proposed plant and therefore would be the competitor of the company.

LEADERS SEEK A COMPROMISE ON LIQUOR ACT

LEGISLATIVE PROGRAM IS THREATENED BY DELAY

Austin, Oct. 5. (AP)—Wet and dry leaders of the house conferred today on a possible compromise to untangle stalled liquor regulatory legislation and speed action on other special session topics.

Efforts to compromise followed Speaker Stevenson's warning that delay threatened the legislative program. As the house failed to muster a quorum for an initial Saturday session, he called for elimination of sectionalism.

Participating in the conference, Stevenson predicted a liquor control bill acceptable to a house majority could be drafted, eliminating consideration of the 70 amendments. It was reported conferees sought agreement on administrative, license and tax provisions.

Those conferring included Reps. R. Emmett Morse of Houston, Richard Seek, 86, only civil war veteran in the ward, came out with a flat and final: "I'm certain we don't want nothing to do with it."

Close margins frequently decided issues in favor of dries, who downed wets on every important test. Eight working days of the 30-day special session remained and none of the major issues submitted by Governor Allred was settled.

No Increase in Drunkenness Is Seen In Report

No noticeable change in the liquor situation here with respect to drunkenness was indicated in the police report for last month, when of 59 arrests 21 were for intoxication.

Some of the larger cities and counties have reported increased drinking since repeal of the Texas prohibition amendment.

Gray county is legally dry, although no complaints for bootlegging are being filed here. Other arrests were distributed as follows:

Warrantancy 3, affray 1, disturbing the peace 3, speeding 5, other traffic 12, investigation 2, misdemeanor 1, assault 3, theft 2, gaming 6. Of these, 2 were dismissed and 2 were referred to higher court. Fines assessed for the month totaled \$279.50, of which \$182.50 was collected since repeal of the law. Twelve served an aggregate of 20 days in jail, were fined 100 meals.

Pampa building permits totaled \$10,950 last month, or \$50 more than the previous month. Twelve houses were moved in and three moved out. Ike Lewis' \$3,000 permit for camp cottages was the largest.

IDEA OF NEW WAR PLAYED BY VETERANS

Disabled Men In Hospitals Go On Record Against Any More War for U. S.

WASHINGTON, Oct. 5. (AP)—A hospital ward filled with men who know all about war, because they're wrecks of the last one and the one before, today went on record against any more war.

Some were bed-fast. Some were in wheelchairs. Some moved around right jauntily, chatting with their buddies, now indoors, now out in the bright October sunshine.

They had come from many parts of this country for the repeated patchings-up that follow war disabilities. They greeted a reporter with the off-hand camaraderie characteristic of boys in the troop trains fifteen years ago, giving, in picturesque phrases, their varied views on the Italian-Ethiopian war.

From his wheelchair, Dr. W. A. McGovern, of Richmond, Va., solemnly said: "I am very much distressed to think we have to have a war in the world again, with the suffering it means to humanity. I sincerely hope other nations will not be pulled into it."

Thomas Sheridan, of Washington, D. C., had the same idea: "Leave it over there! And I hope Roosevelt won't make the same mistakes that Wilson did in keeping us out of war."

Richard Seek, 86, only civil war veteran in the ward, came out with a flat and final: "I'm certain we don't want nothing to do with it."

Fire Prevention Week to Stress Home Inspection

Fire Prevention week opens officially today.

Pampans generally are urged to inspect their homes for hazards. School children have been given home inspection blanks to distribute. City firemen, working in pairs, will inspect any home to which they are invited.

Civic clubs will include fire and accident prevention in their programs this week. On Tuesday, the Baker school will have a P-T-A program including fire prevention at 3:15 p. m. Sam Houston school's chapel program will be Wednesday at 9:45 a. m. The P-T-A will have charge of chapel at Horace Mann Thursday. Woodrow Wilson's chapel will be Friday at 2 p. m. The fire department is preparing an exhibit of hazards of a program item.

Junior high is expected to hear of Fire Prevention week at 8:45 a. m. Wednesday.

Best Picker of Grid Winners Is J. B. Johnson

The second Pampa Daily News grid guess game contest will be found on the sports page of this issue. Football fans are urged to clip out the form, fill it in, giving what they think the scores of the games will be, and mail to The News by Thursday noon.

The fan winning the most points will receive a crisp dollar bill. Last week's prize went to J. B. Johnson of Pampa. If Mr. Johnson will call at the office he will receive his award.

Mr. Johnson was one of three fans who picked Marquette to defeat Auburn to defeat Tulane.

These events cast their shadows: Monday—Fire Prevention week activities begin; 51st district court will be opened. Tuesday—High school will sponsor Texas All-Stars quartet for benefit of band uniforms fund, 2 p. m. and 8 p. m., at gymnasium.

Friday—Capital Hill of Oklahoma City will meet the Harvesters here at 8 p. m. B. C. D. will participate in program before Oklahoma City chamber of commerce.

COMMITTEE OF SIX IS NAMED TO HANDLE WAR PROBLEMS

By JOSEPH E. SHARKEY Associated Press Foreign Staff GENEVA, Oct. 5. (AP)—The council of the League of Nations appointed a "strategy" board of six to handle the Italo-Ethiopian warfare tonight but failed to take immediate action upon a solemn Ethiopian appeal to "stop the massacre of innocent populations."

A report submitted to the council by its committee of 13 absolved Ethiopia of blame for the African fighting. A member said it inferred Italy was "clearly in the wrong."

Failure of the council to act immediately upon Ethiopia's plea for adoption of military, naval and air sanctions against Italy brought forth later private expressions of reproach from even the most ardent advocates of the league.

League circles heard one of the first actions of the committee of six was to ask the league secretariat to draw up a statement based on the assumption Italy has committed unprovoked aggression.

This statement will be discussed by the committee tomorrow afternoon.

No actual decision of war guilt against Italy was reached by the group, it was said, but its action in directing the secretariat to draft a preliminary document of that nature was held to be very significant.

The strategy committee must make recommendations upon Ethiopia's plea for military sanctions and also must name the aggressor, in a report to the council Monday afternoon. The committee of six went into session tonight immediately upon council's adjournment.

FDR DECLARES ARMS EMBARGO IN HOSTILITIES

WASHINGTON, Oct. 5. (AP)—Frankly recognizing a "state of war" between Italy and Ethiopia, President Roosevelt today declared an immediate embargo on American shipments of "arms, munitions and implements of war" to either nation.

Acting under provisions of the new neutrality act in an effort to assure the United States shall not become involved in the conflict, the president confined the embargo to implements and munitions actually used in warfare.

These included airplanes, airplane engines and parts, rifles, guns, ammunition, poison gas, warships and their equipment. Hereafter, any American who violates the embargo may be punished by a \$10,000 fine, 5 years imprisonment, or both.

If the president chooses, he may later expand the proscribed list to include such things as cotton, copper and other raw materials.

ETHIOPians QUIT CITY BEFORE ITALIANS ENTER AND GO TO JOIN BROTHERS NEAR ADIGRAT

(By The Associated Press)

The war machine by which Benito Mussolini seeks to overcome Ethiopia, oldest continuing empire of the world, was roaring at the gates of Aduwa today; but the knives and spears of Emperor Haile Selassie's black warriors flashed in stubborn resistance.

Adigrat, east of Aduwa, was the scene of the most violent fighting Saturday. There, said reports from the front, was hand-to-hand fighting—the kind the knife-wielding tribesmen of Ethiopia like best. The results were still uncertain.

There was fighting, too, in Danakil farther east along the Eritrean border; and at Mussa Ali where the Italians apparently had not made much headway.

The military situation, as disclosed by dispatches from the various fronts, from Rome and from Addis Ababa, is as follows:

The Aduwa sector: Forces numerically equal face each other on this, the northern front. Italy's advantage lies in her superior war weapons and supplies. Ethiopians are favored by a thorough acquaintance with the terrain, little of which adapts itself to any pitched battles such as the fields of Flanders afforded in the world war.

General Emilio de Bono has 100,000 men, supported by planes, tanks and artillery. From his base at Asmara in Eritrea, he has moved since Thursday across the border in a semi-encircling movement aimed at Aduwa.

All Saturday reports as to the status of Aduwa were contradictory. Military observers suggested that quiet retirement from Aduwa was not unlikely, with Ras Seyoum planning to make a stand against the Italians at some other place better suited to the individual style of fighting favored by the black warriors of Haile Selassie.

Report 63 Killed In Aduwa Bombing

The latest news from Addis Ababa last night recited that there was fierce hand-to-hand fighting on a 22-mile front stretching approximately from Askum (a few miles west of Aduwa) to Adigrat.

The "police measures," as Italy has described its present activity in Ethiopia, were extended even beyond Adigrat to the east, for last reports said fierce fighting was continuing in the Danakil desert area abutting Eritrea.

Casualty figures still are incomplete and vague. One source considered reliable, said the number of killed in the Aduwa bombing was 63. Casualties in the Danakil fighting have been placed at 700 Italian dead and 1,300 Ethiopians. There are as yet no figures concerning the Adigrat casualties.

The Mussa Ali sector: The fierce fighting that was reported yesterday at Mussa Ali is apparently a separate military movement although a part of the general Eritrean army campaign.

The southern front: Mussolini is striking from Italian Somaliland simultaneously with his thrust from the north.

General Rodolfo Graziani is in command of the southern army. Saturday he took Dolo which lies in the extreme south and east section of Ethiopia, against the Italian Somaliland border.

Ethiopian Fear Destruction of Planes

Ethiopian Fear Destruction of Planes: Further east from an Italian force of 15,000 men is bent on taking the oasis of Gerioubi, in the general area of Walway which was the scene of the "border incident" to which the present conflict traces.

The purpose of this advance appears to approach the railroad from the southeast. Already expressions of fear have been voiced at Dire-dawa, a community on the railroad, which is fearful of the destruction Italian planes may wreak.

ASMAR, Eritrea, Oct. 5. (AP)—Two powerful columns of Ethiopian regular troops advanced to a new position late this afternoon in the vicinity of Aduwa as Italian military sources announced the imminence of a major battle.

ADDIS ABABA, Oct. 5. (AP)—Fierce fighting raged today on the northern front, near Adigrat, where Ethiopian warriors engaged in hand-to-hand combat with the Italian troops, fighting with bayonets and daggers enemy forces that used planes overhead.

The number of casualties was not learned. There was further fighting reported on the southern Ogaden front, facing Italian Somaliland, with 2,000 Ethiopians dead.

On the northern front the Ethiopian lines are stretched over a fertile plain en route to Askum, 22 miles south of the Eritrean border. Throughout the day, since the beginning of hostilities, the native women have been rushing to the battle lines with great black jugs of water and Tej (a liquor) on their shoulders. They also bore sacks of corn to the fighters.

Unofficial reports reached the capital that Aduwa had been occupied by an unopposed Italian army, the Ethiopians having withdrawn to reinforce their brothers in arms near Adigrat. The town was occupied by women, children and men too infirm for war duty, the reports said.

An official communique to Rome by the advancing army reported Aduwa still in the hands of the Ethiopians, but expected it to be encircled by evening. A similar communication was received at Rome from the Italian commander in Asmara.

Italian officers said they believed the occupation of Aduwa would be "only a matter of hours."

Shortly before the return of reconnaissance planes, Count Galeazzo Ciano, air squadron commander and son-in-law of Premier Mussolini, had announced Aduwa would fall about 3 or 4 o'clock in the afternoon.

Italian aviators, however, returned to report the Ethiopian columns only 20 or 30 miles from the Italian front line.

The Ethiopian regulars were declared to be "extremely strong," although Italian officers declined to estimate their number, after reading the aviators' reports.

Italian troops under General Maravigna were at the gates of Aduwa early in the afternoon with the Ethiopians offering no resistance, Italian military authorities said.

ASMAR, Eritrea, Oct. 5. (AP)—Spirited rifle fire of Ethiopian warriors failed to halt today the speedy, coordinated push of the Italian army toward Aduwa.

Still resistance was encountered at several points when tribesmen dug protecting trench works and blazed away at the advancing enemy. In unprotected villages, the Italian army announced, residents hastily ran up white flags of surrender. Often in open country groups of natives stood their ground, even turning their rifle shots against airplanes dropping deadly bombs from overhead.

Officers said a wide two-day advance had put the Italians within striking distance of Aduwa and that its collapse was "merely a matter of hours."

A search of dead, the Italians asserted, disclosed the Ethiopians had planned a counter-attack upon the fascist columns advancing relentlessly forward.

Prisoners confessed, the Italians said, that they were ready to attack this Italian colony when frustrated by the push of Il Duce's men. Military authorities said they were unable to compute the number of casualties, which were reported heavy.

Italian and Eritrean native troops were said to have consolidated their positions so as to command all approaches to Aduwa. Rifle, machine gun and aerial fire of the invaders, along with the use of tanks, was said to be taking heavy toll.

Behind the army go engineers building an emergency road over the rough country so that supply trains and a great quantity of motorized equipment can follow.

Frogs Capture First Southwest Loop Contest

FAYETTEVILLE, Ark., Oct. 5 (AP)—Texas Christian University averaged two years of defeats at the hands of the University of Arkansas this afternoon by defeating the Razorbacks 13 to 7 before 3,500 fans in the opening game of the Southwest conference schedule.

The Frogs fought valiantly until the final gun, taking the ball on downs on their 6-inch line in the closing minutes to block another T. C. U. scoring drive.

The Texans scored first after repelling a drive which carried Arkansas to the T. C. U. 10-yard stripe. The Horned Frog threat started when Crocrose blocked a quick kick. Meyer recovered and lateraled to Baugh on the Arkansas 35 yard line. Baugh ran the ball down to the 3-yard line where Lawrence scored over left tackle. Manton fell on the extra point.

First blood taken from the Razorbacks peeped up. On the kickoff Lawrence took the ball on his 23-yard line, but fumbled. Arkansas' husky guard, Van Sickle, covered the ball. Then Robbins passed to Benton who was over the goal line for a touchdown. Van Brown converted.

Both teams carried the ball up and down the field for no major threat during the second quarter. Coach "Dutch" Meyer's men scored again on Fred Thorpe's charges in the third quarter. Lawrence took an Arkansas pass on his own 7-yard line, advancing it to his 48. Then Baugh passed to Walls to take the Texans to Arkansas' 37-yard line. Power plays carried the pigskin in the 24 where Baugh tossed again to Walls for the second touchdown. Manton kicked the extra point.

Arkansas then sought to drive down to the goal on a series of passes by Robbins to Poole, Rucker, Howell. They got to the T. C. U. 28 yard stripe where Manton intercepted a pass to kill the threat.

The Frogs went into the fourth quarter somewhat tired and discouraged. The great Texas onslaught took the ball down to the Arkansas six-inch line with McClure, Manton and Kline, advancing on line plunges, but the Razorbacks rallied to hold for down. They then worked a final rally showing green men could do things. Robbins tossed an incomplete pass out, and on the next toss, Lester, all American Frog center intercepted the ball at the 15 yard line as the game ended.

HOUSTON, Oct. 5 (AP)—The football-wise Owls of Rice opened their home season here today with a 27 to 7 victory over a hard fighting eleven from Duquesne University at Pittsburgh, Pa., before a crowd estimated at around 10,000.

The showing of the defending Southwest conference champions was satisfactory to their partisans inasmuch as they were without the services of their triple threat star, Bill Wallace.

With Wallace on the bench because of an injured knee, "Big John" McCauley, the other half of

POP WARNER'S TEMPLE TEAM BEATS AGGIES

The "touchdown twins" led the Rice team to a decisive victory. He was the game's leading ground gainer and scored two of the Owls' four touchdowns.

The Dukes were very much in the fray until mid-way in the third period. Trailing 13 to 7, at half time, they showed plainly at the intermission that they would not be satisfied with "moral victory". McDonald returned the kickoff to his 45 then led a drive to the Rice 5 yard line. There the Owls put on one of their famed goal line stands and the Dukes lost ground in four tries instead of gaining it.

A few plays later, Johnny Neece, side-stepping sophomore from Mexico, found a hole on the Duquesne right side and twisted and stiff-armed his way 60 yards for a touchdown. The game was over for the Dukes and the result was in doubt no longer. McCauley scored his first touchdown after taking a pass from Royall on the Duquesne 20 yard line. A Duquesne back was in the end zone when McCauley grabbed it from his hands. "Big John" led a 70 yard drive a short time later and went over from the one-yard line for a touchdown.

The Dukes' only score came just before the end of the first period, when Zanieski, who was a constant running and passing threat, threw 50 yards to Platuks over the goal line.

Not five minutes later he out-jumped two Aggie secondary men behind the goal line, drew in a "spot pass" Kusko had bulleted over center, and counted again. Doherly, moved back to the 20-yard line after a holding penalty on the first attempt at conversion, booted a perfect placement for the extra point.

Until Renzo's flying feet started functioning, the Aggies had made a valiant stand against the Owls—slightly outplaying them during the first two periods. They made Dave Smukler, dubbed by Coach Warner as the greatest of all fullbacks, be content with a few small gains and some outstanding defensive work during the first period. And then Aggie linemen smashed him for two losses.

He didn't get up after the second time and was led, limping, from the field, not to play again in the game. Only once or twice did he get started but it was apparent a wary line was "gunning" for Smukler on every play.

TEXANS STOP SMUKLER BUT FORGET VINCE RENZO

By ELLIX R. McKNIGHT Associated Press Staff Writer

TELE. Oct. 5 (AP)—Bounding Vince Renzo, some "shakes as a tap dancer his teammates will tell you, was a merry patterer today to bring in "Pop" Warner's Temple University Owls a 14-0 winner over Texas A. & M. in a bitter intersectional game here.

Renzo, the 170-pound sophomore second string halfback played the starring role in two plays that demoralized and crushed the Aggies.

He snagged the opening kickoff after half time on his five yard line, started bouncing down the center of the field, swerved to the right and hustled 95 yards to a touchdown. Perfect blocking make it easy.

Not five minutes later he out-jumped two Aggie secondary men behind the goal line, drew in a "spot pass" Kusko had bulleted over center, and counted again. WHITE DEER, WHEELER WIN; MEMPHIS AND L'FORS IN TIE

WHITE DEER, Oct. 5.—Batting against weight, White Deer this afternoon won her first conference game by defeating the new Phillips high school squad of Whittenton, 19 to 0, on Buck Field in White Deer. Phillips threatened within the 10-yard line in both the second and fourth quarters but were unable to break the Bucks' stubborn defense.

Two touchdowns in the first quarter and one in the fourth aided McCollum's men in making up a perfect score of three victories and no defeats thus far in the season. Horner, Moore and Crowley made long gains for the markers.

The Bucks tackle Claude here next Friday.

Wheeler Wins Again
WHEELER, Oct. 5.—The Wheeler Mustangs won their second conference victory of the season on Friday, defeating a scrapping Mobettie Hornet eleven, 12 to 0.

Wheeler scored in the second quarter when Weeks crashed thru from the 4-yard line after Ford had made a long run to place the ball in scoring distance. Weeks passed to Ford in the third quarter for the other counter. The pass was good for 25 yards.

Mobettie threatened in the first and last quarters. Tillman, Wheeler right tackle, left the game in the first quarter with a badly injured ankle. Wheeler led in first downs, 6 to 4.

The Wheeler Colts will play Magic City on next Friday night.

LeFors, Memphis Tie
MEMPHIS, Oct. 5.—Inability to add points after touchdowns cost Memphis or LeFors a win last night when the two teams battled to a 12 to 12 tie under the lights at Owl field. The outcome of the game will probably be decided on penetrations if there was a margin in that department. If not, first-downs will decide the outcome. The official outcome of the game has not been announced.

Tulane, Tennessee, Kansas State Defeated In Upsets

CAPITOL HILL GO FRIDAY TO PROVIDE 'DOPE'

Pampa's Green and Gold clad Harvesters will meet their toughest opposition of the year on Friday when the Capitol Hill Indians of Oklahoma City swoop down on Pampa for the yearly meeting of the two teams.

Not since 1931 has a Harvesters team defeated the Indians, and not since then, until yesterday in Amarillo, had a Capitol Hill team met defeat. The Indians had gone 42 games without a loss. The team was tied once in 1932 and 1933.

Coach Jim Lookbaugh and his assistant, Perk Whitman, will bring a team of veterans to Pampa. All 11 of the Indian starters were either regulars or substitutes on the championship team last season.

The game will give a comparative slant on the respective strength of the Harvesters and Amarillo Sandies. The two district one favorites will not meet another common foe until the conference season gets under way.

Lubbock on Friday threw a hat in the ring as a district contender by holding the highly touted Abilene Eagles to a tie score, 7 to 7. Plainview also gave warning to the "big three," Amarillo, Pampa, and Lubbock, by defeating the Clovis Wildcats, 1933 and 1934 New Mexico champions, 24 to 6.

FALL HOLIDAY COLORS DECK CLUB PARTIES

BRIDGE GAMES TAKE ON HALLOWEEN ATMOSPHERE

Mrs. I. B. Hughey entertained five guests with the Queen of Clubs at her home Thursday afternoon, at bridge tables appointed in Halloween colors.

Packages wrapped in the same black and orange motif went to Mrs. Walter Biery, who scored high for guests, Mrs. Carl Smith, high for club members, and Mrs. Max Mahaffey, second high.

An attractive salad course was served after the games to Misses J. H. Kelley, Filcher, Biery, A. Schnaufer, and Miss Fern Hughey, guest players; and Misses B. O. Lilly, H. D. Keys, C. R. Lawrence, Mahaffey, Smith, Carl Boston, and L. N. McCullough, members.

MRS. BAKER IS HOSTESS AT HOME

A table of guests and one of Linger Longer club members played at tables decorated for Halloween at the home of Mrs. Jack Baker Thursday afternoon.

Table covers, tallies, and refreshments were in the holiday colors. Garden flowers completed the decorative note for the bridge games. Special club guests were Misses Bert Whaley, P. Hollinghead, R. P. Dirksen, and Frank Dial. Members playing were Misses Sug Cobb, Clyde Oswalt, Carlton Nance, and Miss Mary Sneed.

Fire Prevention Urged for P-TA Safety Project

By MRS. J. M. CRAIN, Amarillo Texas Congress of Parents and Teachers State Publicity Director

"Four hundred sixteen persons burned to death in Texas last year," according to Miss Olga Juniger, state chairman of safety for the Texas Congress of Parents and Teachers. Miss Juniger urges that Texans prevent this terrible loss of life by closer observation of the simple rules for fire prevention.

"During fire prevention week," which comes this year from October 6 through 12, Texans should check home hazards, the safety of public buildings, and encourage safety patrol and fire drills in all schools," continues Miss Juniger.

While safety is presented throughout the year, fire prevention week is the annual check-up period. Miss Juniger asks that program committees in local units of this week stress the dangers connected with the use of gasoline, kerosene, open fires, gas, electricity, and matches.

"Fire prevention is a business, my business, good business," is one motto that should be used often throughout the second week of October. "Children should be seen and not hurt," and "Accidents don't happen; they are caused," are two sayings that should be published also. Only heart disease, cancer, and cerebral hemorrhage were more deadly than accidents for the last year.

Coordination of safety activities with those sponsored by other committees has also strengthened the program. Legislation, character education, citizenship, library service, health, and recreation are the committees that have aided much along this line.

"You and not the government must control accident and the individual must adopt the ABC's—Always Be Careful—before there will be an appreciable reduction in the number of accidents. Traffic accidents especially in the homes and on the highways, are showing a yearly increase in Texas. To reduce the number of accidents the population should make a constant study of the causes and results of hazards as well as learn to think quickly in case of an emergency. Posters on the chief hazards and demonstrations showing an emergency kit could be effectively used.

In answering the question why fire prevention week is held at this particular time, Miss Juniger says: "Because it was on October 9, 1871 that Mrs. O'Leary's cow kicked over the lantern and supposedly started the Chicago conflagration."

Vesper Study to Continue Today

The second period in the school of missions at First Presbyterian church will begin at 5 o'clock this evening. This vesper study and worship, followed by a fellowship hour, takes the place of the Christian Endeavor and night service.

Five age groups are studying Latin America. A fine crowd showed enthusiastic interest last Sunday.

The church will observe communion at the morning hour and a group of members will be received then. Those not able to be present to unite with the church at that time will be received at the vesper hour.

Children of pre-school age who accompany their parents to the morning service may spend the hour in a nursery where a competent woman will be in charge.

JUNIOR CLUB'S WORKERS FOR MEET NAMED

COMMITTEES WILL AID IN ENTERTAINING CONVENTION

Committees to assist in entertaining the seventh district music club convention here on Oct. 18 and 19 were named from Junior Treble Clef club, one of the hostess groups, at a meeting Thursday afternoon.

The club met in the home of Miss Ann Sweetman and planned its share in entertaining the convention.

On the decorations committee, Miss Sweetman was named chairman with Miss Willie Reece Taylor as assistant. Miss Virginia Mason is chairman of the favors committee and Miss Margaret Beck assistant. Misses Mary Parker and Eleanor Patrick were appointed on a ticket committee.

Miss Parker was elected as Junior Treble Clef delegate to the Council of Women's clubs.

After a short choral practice, delicious refreshments were served to Misses Ruth Clay, Parker, Taylor, Sweetman, Beck, Mason, Clotilde McCallister, and a new member, Miss Patrick.

Growth Reported Last Month For Women's Classes

Progress in every phase of work was reported as women's classes of First Baptist Sunday school met Wednesday evening in monthly session. Addition of 23 new members to the department last month was one gain.

Althean class, composed of young married women, was transferred from the young people's department to the adult department, bringing the total enrollment to 288. The enrollment during September was 217, and the average attendance was 116.

A large group of members left the department last month to become teachers or leaders in other departments.

Members reported 1,046 visits made in the interest of the Sunday school and church last month, 60 telephone calls, 109 letters, 32 baskets of food to the needy, 70 bouquets to the sick and bereaved. Seven women from the department became members of the church.

In a rearrangement to care for growth in the entire Sunday school, the department has been assigned the main auditorium as a meeting place for opening exercises Sunday morning at 9:45. Members are urged to be present today, and all women eligible for these classes are invited.

Guests to Speak In Gospel Temple

A series of sermons by guest speakers is scheduled for the first of the week at Full Gospel Temple. The Rev. Mr. Shields, founder and president of the Shield of Faith Bible Institutes at Amarillo and Fort Worth, will speak this morning and evening.

He is well known here, and his friends are invited to hear him in these two messages.

The Rev. A. C. Bates, district superintendent, will speak Monday and Tuesday evenings, preceding the fellowship meeting Wednesday afternoon and night, and at all-day services Thursday.

The Rev. H. E. Comstock, pastor, invites the public to attend all these services.

Freshman Girl From Pampa Chosen as "Bride"

Miss Lois Wise, Pampa student in Texas Wesleyan college at Fort Worth, was chosen in a campus election to represent the new students in the Old and New Student wedding, an annual social event outstanding on the school's calendar.

She was designated as Miss New Girl for the wedding, and was given away at the ceremony by representatives of the Y. W. C. A. organization. The wedding was held in the fine arts auditorium on the Saturday night following the formal opening of school.

Immediately after the ceremony a formal reception was given in the Ann Waggoner hall parlors. Miss Wise was at the head of the receiving line. The ceremony and reception were attended by the entire student body and a large group of friends.

The daughter of Mr. and Mrs. W. D. Waters, Miss Wise is a graduate of Pampa high school, where she was popular in campus activities. She is becoming one of the favorites of the freshman class at Texas Wesleyan, reports from the office of Tom W. Brabham, college president, say.

White and Gold Banquet To Be Given Youths

Department colors of First Methodist young people will furnish the theme for their white and gold banquet Friday evening. This is an annual fall event in the department. Parents of members will give the banquet.

Dr. Burke Cuipepper, who will be conducting a revival in the church, will be the guest speaker. George Lane is to be toastmaster. J. P. McConnell, department president, will greet the guests. Ben Horne will present a white and gold emblem to the department, and Earl Shiras, vice president, will accept it.

Music will include quartet numbers by Leona Hurst, Betty Elkins, Ethel Wilder, and Colleen McMahahan, accompanied by Miss Helen Martin; a violin solo by Miss Willie Reece Taylor accompanied by Miss Ann Sweetman; and accordian solos by Mrs. Jeff Guthrie.

After the program the group will attend the evening church service.

Gold and bronze shades of giant chrysanthemums

glowed in the background of greenery at the altar and choir alcove. A huge bowl of the flowers, arranged with autumn leaves, was placed on the organ, backed by a trellis covered with smilax. Candles were fastened to the central trellis and to small ones on each side. Behind them was a row of synthetic palms.

Fall candelabra held white tapers at the center of the altar, flanked by tall baskets of chrysanthemums and small trellises. The altar rail and choir rail were banked with fern, palms and baskets of chrysanthemums were on either of the altar.

The aisles carpeted in white for the bridal party, were marked with small bouquets of chrysanthemums fastened to alternate pews.

Russel G. Allen and Siler Faulkner Jr., ushers led the way down the west aisle, followed by Miss Margaret Buckler and Miss Margaret Chapin Chandler, bridesmaids. Mrs. Frank E. Lowther of Dallas, matron of honor, walked alone.

Little Donald Thut, son of Mr. and Mrs. Charles Thut, was the ringbearer and Jan Sanders, daughter of Mr. and Mrs. P. Sanders, the flower girl. They preceded the bride, who was on the arm of her father.

Her gown of ivory satin, had yoke and cuff insets of French point 'Alencon lace. It was cut on renaissance lines with a slight train. A long train was formed of the 'ell, which had pockets of satin inserted at the end. Fashioned of 'bridal illusion with lace edge, it 'lung from a halo cap with a band of the same lace that decorated the 'ress, studded with seed pearls and 'aught with small clusters of orange 'blossoms. The arm bouquet was of 'white roses and lilies.

Dresses of the attendants, also in renaissance period design, formed a symphony of fall tones. All were of transparent velvet, with high necklines, standing collars, and full sleeves gathered at the wrist.

Miss Buckler's gown was a gold 'chad, 'minous, and Miss Green's 'the deeper orange. Both carried 'ronze chrysanthemums, Mrs. Low 'ther, whose dress was the at' low 'opper leaf shade, carried yellow 'hrysanthemums.

Little Miss Sanders wore white 'satin, with subdued pinks in the 'long skirt and tiny puff sleeves. The 'ring bearer wore a white satin suit 'with full-sleeved blouse, and carried 'the ring on a white satin pillow 'with long tassels hanging from 'each corner.

The bride's mother was gowned 'in rust colored transparent velvet 'with metal chold sleeves, and wore a 'corsage in gold and bronze tones.

Mrs. Lynn Boyd sang a solo, Still 'Is the Night, preceding the wedding 'march, which was played by Miss 'Lorene McClintock at the organ.

The Wedding Chorus from Wagner's 'Lohengrin" was used as the 'processional.

The bridal party was met at the 'altar by Mr. Green and his best 'man, Clarence N. Barrett. The 'recessional, to the Mendelssohn Wed 'ding March, was down the east aisle.

After the ceremony a reception at 'the Faulkner home was attended 'by close friends of the couple. Mrs. 'Faulkner and members of the wed 'ding party formed a receiving line.

Palms and chrysanthemums decorated the rooms. The dining table was centered with a wedding cake topped with miniature bride and groom, in a bed of lilies of the valley. A lace cloth over yellow satin covered the table. It was lighted with white candles, and bowls of white flowers were placed at either end.

Mrs. Charles Thut served punch, and the wedding cake, after it was cut by the bride, was served by Mrs. P. O. Sanders.

Mr. and Mrs. Green are to live in Houston, where he recently assumed the position of regional supervisor of the oil and gas division of the district deputy supervisor in the commission office here the past year, climaxing several years of service with the office. He is the son of Mr. and Mrs. E. L. Green Sr. of Chandler.

Miss Faulkner is a member of one of Gray county's oldest and most prominent families. She attended Pampa schools, graduating from high school here and studying later in Stephens college, Columbia, Mo. Popular in the city's social life, she has also given her time to club work and has been a member and officer in both the Twentieth Century Forum young women's federation club, and the City Council of Women's clubs.

The wedding was preceded by a series of parties that have contributed largely to the fall social program here.

Out-of-town guests here for the wedding included Mrs. C. W. Forrest of Dallas, aunt of the bride; G. V. Terrell of Austin; Mrs. Gene Lassiter of Austin, and R. E. Newsome of Houston.

ETHIOPIA LOOKS TO BELGIAN COLONEL TO DEFEAT ITALIANS

By EDOUARD TRAUSS BRUSSELS, (P) — The former manager of a fascist periodical in Belgium may help lead the army of the Ethiopian emperor against Italian invasion in the event that war becomes an actuality.

Col. Reul, until recently, has been one of the most active members of the fascist movement in Belgium, with the position of general manager of the fascist periodical "L'Action Nationale."

Signs Two-Year Contract

One of the directors of this publication was recently named a commander in the Order of the Italian Crown, at the instigation of Il Duce himself.

Colonel Reul, who is only 53, with a reputation as a brilliant military strategist, has reportedly signed a two-year contract as chief-of-staff of the Ethiopian forces.

He and other former Belgian officers under his command, it is stated in military circles here, probably will replace the original Belgian military mission to Addis Ababa in the event of war.

The action of the Belgian officers, in contracting their services to the African empire started an official investigation by the Belgian ministry for national defense, with a possibility that some of the officers may be recalled.

Wounded in World War

The Belgian colonel is regarded here as well equipped in training and experience for whatever duties may be given him. He is thoroughly familiar with colonial conditions, having spent three years in active service in the Belgian Congo.

He was among the first to be wounded in the world war, a bullet piercing his throat and depriving him of speech for a year. Subsequently he was attached to the Belgian general staff in charge of organization of canal transportation.

Still later he was sent to the Congo with a similar mission of organization transportation by water, returning to Brussels at the conclusion of the war to interest himself in real estate business and politics.

RATES LOWERED TO 4 PER CENT ON FARM MORTGAGES BY GROUPS

FRENCH LICK, Ind., Oct. 4.—The 600,000 farmers who own stock in the Federal land banks through their national farm loan associations in excess of \$100,000,000 have built a permanent cooperative first farm mortgage system which is an important factor in the farm lending situation as such will continue to have a wholesome effect on interest rates and terms of farm mortgages. This statement was made here today by W. I. Myers, Governor of the Farm Credit Administration, at the annual meeting of the Mortgage Bankers' Association of America.

Governor Myers cited the fact that interest rates on farm mortgages averaged around 8 per cent 19 years ago when the banks were chartered and that these permanent cooperative institutions since then have made loans at 6 per cent on a rotating basis. Following the establishment of the Farm Credit Administration, he said, rates have been pushed down to the all-time low in this field—4 per cent.

The governor stressed the fact that these banks are not government agencies, but are the property of the farmers owned practically 100 per cent of the stock and that they now own nearly half, and the way is open for them again to own them completely.

"Because these banks have been temporarily called upon to handle emergency refinancing loans through government appropriated funds, there may be some justification for the misbelief that they are not cooperative and belong to the government," the governor conceded. "People forget the Federal land bank Noll, LePors; Spurge Moore, Miami.

Hemphill Field Day Attended By Many Persons

Hemphill county's first Hemphill field day held recently was highly successful, according to H. M. Cantrell, county agent, who said 103 persons attended.

The meet was held at the R. T. Alexander and H. H. Smith ranches. Geo. W. Barnes, beef cattle specialist of A. & M. college, assisted by Charles Watson, Sherman county agent, and Bill Felton, vocational agriculture instructor at Sayre, Okla., did the judging. Men, women, girls, and club boys judged in the four classes.

Dick Cann, assisted by Frank Lattimer and Buck Harris, prepared the steaks, coffee, and other eats. Women of the party contributed pastries.

After-dinner talks were made by R. T. Alexander, Geo. W. Barnes, E. S. Brainard, Jake Tartar, Judge E. J. Pickens, R. T. Morris, Mr. Ross, Bill Felton, Charles Watson, Oscar Forney, P. J. Fronger, Luther Hunter, J. C. Studer, Jett McMurry, O. E. Combs, J. M. Gex, Furman Sawyer, Sam Isaacs, S. E. Allison, and M. H. Smith.

Pampa Youths Are Held in Jail for Childress Thefts

CHILDRESS, Oct. 5.—Six Pampa youths were held in jail here, three of them charged with a series of petty thefts from parked automobiles at the Childress-Pampa football game last night.

The other three are charged with drunkenness and will be tried in justice court.

Five books and other school supplies were taken from the car of Supt. A. W. Adams, a flashlight and other articles were taken from other automobiles, and gas tanks of several cars, including one belonging to Harry Hoare, Pampa newspaperman, were drained.

The six youths were picked up by Constable Charley Lynch, his deputy, Mack Mote and O. K. Huddleston, state highway patrolman. The three charged with theft will be tried in juvenile court.

Read the charges today.

DAD'S ASLEEP AGAIN!

"Dad can't read much longer than half an hour any more, he seems to get sleepy." ... A very common occurrence.

Maybe it's not Dad's fault. Good light means a lot to eyes that are no longer young. When older people put aside reading or other close work as if it were just too much for them, it may be because eyes have rebelled against poor light.

Reading means much to older people. Protect their eyes by providing enough light for every task. Just call our nearest office and say, "I would like to have our lighting measured with a Light Meter."

Our representative will call with this new instrument for measuring light and will show you just how much light you should have to safeguard the eyesight of every member of your family. There is no charge for this service.

Premier Mussolini, and with Duce's two sons, Vittorio and Bruno, participating, are unusually active.

Report Pass Taken

LONDON, Oct. 6 (Sunday) (AP)—The exchange telegraph correspondent with the Italian forces on the northern Ethiopian front reported early today the second Italian army corps, operating a right wing, had overcome strong resistance offered by Ethiopians at Gashalla pass, six miles from Aduwa. The Italians took 28 prisoners, the correspondent said. Aduwa was reported held early today by 7,000 Ethiopians.

Fall of Aduwa Today Predicted

ASMARA, Eritrea, Oct. 5. (AP)—Count Galeazzo Ciano, son-in-law of Premier Benito Mussolini and commander of the "desperate" air squadron, announced shortly before noon today that the Ethiopian town of Aduwa would fall around 3 or 4 o'clock in the afternoon.

In the early afternoon Italian troops under Gen. Mariavigna were at the gates of Aduwa, the goal of Italy's 40-year-old desire for revenge, with the Ethiopians offering no resistance.

Dusting The Covers Of Texas History For THE TEXAS CENTENNIAL CELEBRATION OF 1936

(Note: This is one of a series of articles taken from the 800 special collection of the family archives in the University of Texas library. The collections cover all periods of Texas history, from the earliest days of the Spanish missionaries in the province of Texas, through the colonial era, to the present. This series of articles presents interesting excerpts from a number of these family collections, some chosen for their significance in the development of the empire of Texas, others for their personal human interest in portraying personalities, economic conditions and social conditions.)

AUSTIN, October 5.—Even the earliest letters of R. R. Peebles to his friend, David J. Baldwin, reflect the unsettled political conditions that existed between the North and the South. Peebles was a Northern sympathizer who happened to reside in Texas at the time of the outbreak of the civil war, and his open expressions of his attitude toward slavery and toward the principles involved in the war, as shown in his letters to Baldwin, caused his arrest and imprisonment when this correspondence was found in Baldwin's possession. These letters are now deposited in the family archives collection of the University of Texas library.

One of these early letters, written before the outbreak of hostilities, is dated Pleasant Hill, September 22, 1850, and reads as follows:

"Your letter of the 12th Inst. is just now read, and you may depend it has gladdened my heart exceedingly. I was just in the right humor for a kind and friendly notice, outside of our home precincts. I have now on hand, two half written letters to you; that I don't finish, because, some how or other, I couldn't get the right start. I mean to write this one down to the second or third page — anyhow, sense, or nonsense—You have acted wisely, in my opinion, by giving my friends, Doct. Albertson and Mrs. French, a call in your afflictions. I never thought however, that you could be permanently injured in your ankle, but I well knew that you suffered, at times, dreadfully, and I am glad you have gone to the right source, as I certainly have reason to believe in Mrs. French's transcendent clairvoyant powers, and I also believe that they are exerted not all the time for pecuniary considerations. Certainly she has through Doct. Culbertson sent me, at one time and another, as kind and as interesting messages and prescriptions, as the 'Good Samaritan' or Old Philanthropist himself, could have sent. And while on this subject, and as you are in the way, you can do me a great favor by ascertaining from them how much I am still indebted for those same, besides the interesting picture sent me at my friend Sheldon's instance, and which I promised to compensate for. I will forward a draft on Mess. Wakeman

Diman & Co. for the amt. when ascertained.

Barbara is still bad off, though better within a week past than she had been for several months. I wonder if Mrs. French could take one more look at her, by coming to see me through this letter and letting me know whether her case is really hopeless or not? If she is I would be very glad.

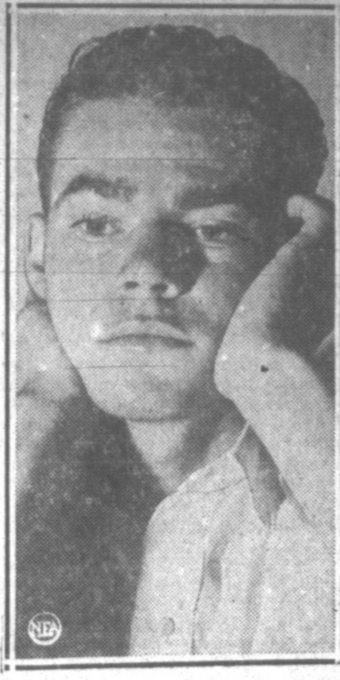

"I am pleased you do not think things so bad in the North as we most of us, conjecture. But to tell you the truth, I never thought the Union so much in danger as has been often represented, to us. In the first place, I don't think the North desires a dissolution and in the next if only S. Carolina, in the South, is to effect it—I guess we'll be safe for a long time to come. Ever since I can remember anything of politics it was that state which has threatened break-up and never accomplished that or any other thing to entitle her to the merit of any rank or position on any such question. Gen. Jackson scored her into fits when she urged nullification, and ever since she has been but a little more than a quasi-state at best, sometimes voting a dummy vote for president and once not even voting at all—as if she thought her course, could just settle the question of the preannounced of these United States.

"I am not even afraid of old Abe Lincoln—though of course I am for Douglas, and I like the latter's answers to the questions propounded to him in Virginia, relative to what should be done in case of Mr. Lincoln's election. I believe with you that congress has no reason to fear the people of that territory shouldn't determine for themselves what sort of institutions they will tolerate—even to polygamy, just as well, as in their state capacity. In other words, if the Mormons want two or more wives why should they not have them in their territorial as well as state regulations. The Constitution of the United States not in conflict thereto and so of slavery or wharfs or banks, etc.

"I wish I could go round with you in a carriage, while you have to remain in New York. I think we could see things together in our own way, of great interest to us both. I have seen a number of Mr. Thom's letters in the telegraph which are very interesting in themselves—but I would rather have one from you about what you have seen.

"Houston people were all well at Houston day before yesterday—but we have had the strongest norther for several days past that I ever

saw so early in the season—Denise fever prevails to some extent at Galveston. It is said to hold same relation to yellow fever that John the Baptist did to Christ—but I don't know myself.

"I would look over this letter and correct it somewhat if I could only read it—but it got cold while I went to dinner and I can't help it now. Please excuse. We are all well except Barbara—No case of cough yet with us—Have a hope for a top-cotton crop."

ROOSEVELT

cruiser Houston, the president has kept in constant communication with Washington by radio. Upon receiving official advice that the Italian-Ethiopian clashes had resulted in a "state of war," he directed Secretary Hull to issue the embargo proclamation.

Issuance of the proclamation, and clamping of the embargo, were made mandatory by the neutrality act, as soon as it had been determined that a state of war existed.

Carefully maintaining a neutral position, however, the Roosevelt proclamation, made no attempt to define either Italy or Ethiopia as the "aggressor."

On Sept. 25, the president issued a proclamation declaring that after Nov. 25, persons exporting listed "arms, ammunition and implements of war" must obtain licenses from the newly-established national munitions control board. These were divided into six categories:

1. Rifles, machine guns, guns and howitzers, ammunition over 26.5 caliber; grenades and bombs, tanks, and armored vehicles;
2. Warships of all kinds, including airplane carriers and submarines;
3. Air craft equipped with machine guns and bombs, and their accessories;
4. Revolvers and automatic pistols;
5. Air craft and equipment other than those in category 3;
6. Lancers, projectors (chemical throwers), flame throwers, mustard and other similar poisonous gases.

Shipments of actual war munitions to Italy during 1935 have amounted to less than \$500,000 mostly airplanes and plane parts. No munitions have been shipped to Ethiopia.

Louisiana State Raps Texas 18-6

BATON ROUGE, La., Oct. 5. (AP)—Louisiana State University tonight handed the University of Texas a thumping 18 to 6 grid defeat.

The Louisianans, revenging themselves on the Southwest conference for last week's loss to Rice, scored a touchdown in the first period, wore down a stubborn Longhorn defense, and hung up two more in the final period.

The Texans started strong and ran over their tally to score first in the opening quarter. They never seriously threatened after that.

LEGISLATURE ATTENDS CIRCUS HUNDRED PER CENT AT AUSTIN

By HOWARD C. MARSHALL
AUSTIN, Oct. 5. (AP)—The legislature took out virtually 100 per cent for the circus when the world's "biggest and best" recently came to town.

It could afford to. All the members and most of the employees had passed. They left off considering problems of state, including a proposal to increase taxes on circuses, and went to the show.

Governor Alfred and his party of about a dozen had the best seats under the big top, on the front row opposite the main ring. They were free ones too.

Included in the group were Mrs. Alfred and the two Alfred boys, Jimmie, Jr., and David; L. G. Phares, director of the department of public safety, and Mrs. Phares, and Edward Clark, the governor's secretary, and Mrs. Clark.

A husky highway patrolman, six shooter on hip, carried Clark's 20-month old baby with a satchel of accessories.

It was at the end of a long hearing and the revenue and taxation committee was tired.

Many tax bills had been reported, a few had been killed, and someone wanted to know how much revenue authors of the bills favorably reported estimated would be produced.

It was a standing joke that authors usually greatly overestimate what their bills will do and that estimates in general are guesswork. "Say," shouted Rep. Bob Alexander of Childress, addressing the questioner: "I know what you're trying to do. You want to keep us from getting too much money."

"You think we're playing a game of black-jack and you're afraid we'll go bust!"

Speaker Coke Stevenson is a practical man and knows a few things about life.

The day before the legislature convened Horace Sessions of Ballinger, newly-elected member, informed Stevenson his seat would

be crusted and he had heard a constable was looking for him with a subpoena. Sessions asked Stevenson's advice.

"Advice?" Stevenson queried. "A high school boy ought to be able to figure that out. Get out of town."

Plug To Run For Sooner Office In Grudge Campaign

OKLAHOMA CITY, Oct. 5. (AP)—Pocketing his first pay check, Professor Henry Plug, who appealed to the state supreme court to force approval of his contract to teach at Carey school, announced today he will be a candidate for county superintendent of schools next spring.

Plug said he was planning to enter the race to defeat Jim Warram, incumbent, who refused to approve Plug's contract until forced to do so by the supreme court.

40 Women And 32 Children Killed In Air Bombing

PARIS, Oct. 5. (AP)—The Havas News Agency reported from Addis Ababa tonight that 40 women and 32 children were killed in the recent air bombardment of Aduwa and Aksum, it announced further, resulted in the killing of 45 Italians, including some officers, taken prisoners.

Frank Converse Is Shot In Head In Pistol Mishap

Frank Converse, longtime resident of this community, is in a critical condition at Worley hospital, where he was rushed late Friday afternoon after a bullet from a .45 automatic pistol had creased his skull from between his eyes to the top of his head, causing a compound fracture.

Converse, accompanied by his wife and daughter, and a brother-in-law, Wayne Kelley, was returning from Oklahoma when the accident happened. Converse was leaning the automatic when it accidentally discharged, Mrs. Converse said.

if any were to develop. They also contended the entire proceedings were well within the bounds of the national recovery act and the public works administration act.

Taking cognizance, however, of a Missouri decision in a similar case holding against the government on these points, Cumming's attorneys will seek to have the court rule on the new policy issues promulgated by avoid legal pitfalls in the previous plan.

This procedure, which was applied in the Hominy case, calls for PWA to make a loan to a community for a municipal project, with the community having final jurisdiction over such matters as where the money will be kept, how it will be spent, wages, hours, and rates, and jurisdiction in contracting disputes.

Then, when certain conditions are met, a grant, in addition to the loan, may be made.

REFUSES INJUNCTION

Central Church of Christ

501-No. Somerville Paul A. Thompson, Minister

We always pay our bills on the first of the month and never think of passing them by. But how often we pass by—the debt we owe to our God. The first of the month is here. Let's start off the month of October by going to church. This is a debt we owe God, so lets pay it.

When you stop to think of it, how careless, indifferent, unconcerned we are about ourself and our friends spiritually. I am making this special plea to EVERY CHRISTIAN. Be present and let's get in to the work and do all the good we can while we are here. If you have children that are not in Bible Study, won't you come today and bring them? This is not only a privilege, but it is also your duty to God, your creator.

We extend to everyone a cordial invitation to come to the church where the spirit of Christ is manifested daily. We will expect you. Will you come?

Program For This Week

Let's all be there and help out in the work.
