## 'Cats for Defense' Wanted by U. S. Weather Station Here to Combat Growing Rat Menace

Out at the Pampa U. S. weather bureau station, east of the city, the atmosphere is mousy-gray and the weatherman is bluer than he is on days when he forecasts sunshine and a whopping big shower falls. It's no military secret to reveal that the personnel of the station is reading up on strategy with emphasis on the story of the Pied Piper. Reason is that rats have infiltrated the weird Flash Gun setting of vanes, tubes, and graphs. They chew up soap for a cocktail, take a cleansing powder for soup, and wind up dessert with eating "welcome" off the door mat.

## Post-War Policy Approved

### Senate Will Open Debate Next Monday

WASHINGTON, Oct. 21—(AP)—The senate foreign relations committee approved without change today the Connally resolution pledging the United States to join with free and sovereign nations in the establishment and maintenance of world peace.

### LACK OF FOOD CAUSED THIS SCENE IN BENGAL

Complete exhaustion from lack of food has descended upon this entire family, only a small portion of the thousands starving in the worst famine that has hit the Bengal province of India in years. Although food is being rushed to their aid, the death toll is still mounting rapidly. (Photo by NEA photographer Frank Cancellare for War Picture Pool from NEA Telephoto.)

## Allies Gain Slightly In Italy as Nazis Flee From Crimea

Strong waves of British bombers pounded the great German industrial air trade center of Leipzig last night and Mosquito planes stung Berlin and western German targets. The aerial offensive gathered weight as Allied armies in Italy made slight gains north of the Volturno river and pressed into the central mountains to seize the towns of Busso and Oratino. It was the first attack "in strength" on Leipzig, which lies 111 rail miles southwest of Berlin and is outranked only by the capital and Hamburg as a trade and industrial center. Six lighter raids were made on the city early in the war. The British lost 17 black-winged bombers.

## Aussies, Japs Are Locked In Bloody Battle

ALLIED HEADQUARTERS IN THE SOUTHWEST PACIFIC, Oct. 21—(AP)—Several thousand Japanese and Australian troops waged a bloody battle today in the jungle a short distance north of Finschhafen, New Guinea, with the enemy on the offensive. From strongly-held positions at Sattelberg, 15 miles inland, the Japanese achieved some success in a drive to join another force on the coast and thus form a solid line along the Song river. The river mouth, toward which the enemy is on the move, is five miles north of Finschhafen. This counter-offensive cost the Japanese more than 200 men Thursday in fierce action against elements of Australia's famed ninth division which captured Finschhafen Oct. 2 and before that had gained battle glory at El Alamein in Egypt against the Germans.

## War Ration Book 4 Registration Opens

Gray county residents began receiving their fourth ration books as issuance of War Ration Book 4 started at public schools over the county today. The books will be issued tomorrow and Saturday, at all public schools, with the exceptions listed below. There will be no registration at the high school Saturday where issuance of books will be confined to today and tomorrow. At the junior high school, registrars will remain on duty up to 10 p. m. Saturday.

## Texas Also Part Of U. S., Says Colonel

Texas should be sufficient address for anyone from the Lone Star state, but a colonel at the advanced quartermaster school at Camp Lee, Va., doesn't think so. In fact, the colonel vowed that if there was one thing the officer students from Texas at the school would be taught, if nothing else, was that Texas was a part of the United States of America.

## Everyone Should Contribute To Pampa Community Chest Drive

Pampa's advanced gift drive for the Combined Community chest campaign, which opens officially next Monday, had reached a total of \$8,500 today. Attention today was called to the fact that this year's drive, unlike any drive ever conducted in Pampa, is a one-drive cleanup for the entire year with your contributions going to some 20 various welfare organizations.

## Germany Holds 'Crisis' Parley

LONDON, Oct. 21—(P)—The third "Crisis conference" in a little more than two weeks has been held in Germany to shore up Nazi morale for the winter. A meeting of the chief agents of Nazi "justice" was announced last night by the German news agency DNB in a broadcast recorded by the British ministry of information.

## Treasury Head Sees Suffering

WITH THE FIFTH ARMY IN ITALY, Oct. 21—(AP)—Secretary of the Treasury Morgenthau traveled through forward areas of the Italian front with Lt. Gen. Mark W. Clark today and had high praise for British and American soldiers and for AMG's work in restoring the city of Naples.

## Meat Rationing Due for Aussies

PARLIAMENT HOUSE, Canberra, Oct. 21—(AP)—Premier John Curtin announced today that Australia's war cabinet has decided to introduce meat rationing for civilians next January.

## Germany Holds 'Crisis' Parley

T. B. Develops After

Texas Airman Downed

ABOARD THE HOSPITAL SHIP ATLANTIS AT GOETEBORG, Sweden, Oct. 21.—(AP)—Tech. Sgt. John H. Gardner, 23, radio man of Yoakum, Texas, was among 13 wounded Americans who boarded this vessel yesterday for the voyage home in the war's first exchange of disabled military war prisoners between the Allies and Germany.

Gardner was forced to bail out at more than 20,000 feet when his plane was shot down in the May 17 raid on Lorien.

From a cot on the hospital ship, he told this story of his adventures after enemy fighters and anti-aircraft had crippled his ship.

"My parachute pulled me up with a jerk, injuring a lung. Later, I developed a touch of tuberculosis. I landed six miles off the shore in the Bay of Biscay and was picked up by a French fisherman after 25 minutes.

"I can't swim, but my Mae West kept me afloat. A German patrol boat later took me aboard and I rode around the bay until 11 p. m. that night before being landed with eight or 10 other Americans.

"We were taken to Frankfurt for interrogation. I wasn't until Aug. 1 that the tuberculosis was noticed and I was transferred to a hospital near Munich."

Gardner, a leather goods salesman before joining the U. S. air force last January, has a sister, Mrs. R. E. Burt, of Houston, Texas, and a brother, Clyde, in the coast guard.

He said an American physician, Maj. Fred Beaumont of Council Bluffs, Iowa, who was captured in Tunisia, treated him for tuberculosis.

"As a result of good care," he said, "the illness, which was noticed and treated by the American Red Cross packages I got along all right. The worst thing was that a letter from home didn't have a chance to reach me, because I wasn't a prisoner long enough."

ing to know that the soldiers (Allied) cemeteries are neat and well taken care of. The soldier has a chaplain to say the last rites, also a firing squad. Quite different from the "Jap" skulls one sees lying around."

Corporal Thurston was formerly a plant clerk of the Cabot companies. He was inducted into the army on Feb. 25, 1942, and has been overseas since May of this year.

His address is Cpl. Paul J. Thurston, ASN 38101170, APO 503 Unit 1, Postmaster, San Francisco, Calif.

Cpl. Grady Joe Groves, 19, son of Mrs. T. G. Groves, Box 311-C, Route 2, Pampa, is now on maneuvers with the 1st Cavalry Division, 3rd Squadron, 13th Cavalry, at Ft. Lewis, Wash.

Private Zuerker's wife resides at 311 N. Wynne, Pampa; Private Parks' wife, Oleta A. Parks, at LeFors.

GROOM—Groomtender J. Britten, Box 36, Groom, daughter of Mrs. C. F. Britten of this town, was recently promoted to the rank of sergeant in the Women's Army corps at Camp Stoneman, Calif.

Private Zuerker's wife resides at 311 N. Wynne, Pampa; Private Parks' wife, Oleta A. Parks, at LeFors.

SHAMROCK—Sgt. Dee L. Troxell, son of Mr. and Mrs. S. T. Troxell of Route 2, Shamrock, is now training as a radio operator-summer at the Harvard, Neb., air base.

**Mark One Off**  
Like a marking finger, an explosive geyser spurts skyward alongside a Jap ship bombed by U. S. planes in Hansa Bay, New Guinea.

### WAR CHEST

(Continued from Page 1)

man Garman today was this: "Everybody must do his part this year."

Employees are asked to contribute the equivalent to two days wage or salary.

In the past, local managers of various firms (some with small interest in the firm) were not called upon because they had made a contribution under the firm name.

But, this year—in order to reach the \$38,000 goal—these managers will be expected to make individual contributions in addition to their firm contributions.

"Since employees are to be asked to give two days' pay, certainly the manager, even if he does have a share in the business, should contribute," Garman said. "Where a fellow completely owns the business, he will be gauged accordingly and will be asked for only one sum."

In addition to the Salvation Army, Boy Scouts, Girl Scouts, Legion Welfare, and Hi-Y, all local units, a Chest contribution also will be split up with USO, United Seamen's Service, British Relief, China Relief, Netherlands Relief, Greek Relief, Polish Relief, Russian Relief, Yugoslav Relief, War Prisoners Aid, Czechoslovak Relief, French Relief, Norwegian Relief, U. S. Relief for European Children, and Refugee Relief. All these welfare agencies are included under your one donation—instead of in separate drives as in the past.

Business firms and establishments throughout the Pampa area are expected to contribute at least 60 per cent of the entire \$38,000 in the current advanced gift drive which opened Monday.

Individual and employe solicitation will begin next Monday.

"We're going to have to take a big spurt in contributions if our quota of the total is to be met," R. C. Hughes, chairman of the advanced gifts committee said today.

### Ben Bernie Will Be Buried in Flushing

LOS ANGELES, Oct. 21—(AP)—Friends in the film colony and in radio former vaudeville associates and a legion of fans will pay final respects tonight to Ben Bernie, "The Old Maestro" whose baton has marked its last measures.

The bandleader's body will lie in state from 9 to 11 p. m. in a mortuary chapel, then will be sent tomorrow to Flushing, L. I., for interment.

Jovial, cigar-chewing Bernie, who kidded himself as heavily as he did sponsors of the broadcasts that brought him fame, died yesterday at his apartment in nearby Beverly Hills after a typical trouper's fight against eight months of illness. He was 52.

One of the decade's top entertainers, Bernie came from New York's East Side, fount of many another amusement world headliner. His career, stemming from poverty, encompassed jobs as toy violin salesman, vaudeville actor and, after 1923, orchestra leader.

### Army to Ration Milk Supplies

DALLAS, Oct. 21—(AP)—The eighth service command has laid its plans to meet an expected critical milk shortage this winter, the quartermaster branch announced today.

All units, organizations and activities within the command, comprising Texas, Oklahoma, Louisiana, Arkansas and New Mexico, will be supplied through sales commissaries on a priority basis.

Hereafter post exchanges, service clubs and officers' clubs no longer can buy milk on independent contract, but must take their turn at the sales commissary after all other essential army needs have been met, it was explained.

PHILADELPHIA, Oct. 21—(AP)—The Phillies announced last night they had signed Al Verdel, 22-year-old righthanded pitcher from Trenton, N.J., who won 36 games and lost six for Fort Dix before he was discharged recently from the army.

Army planes now can carry their own de-mountable hangars, to be set up in front-line areas.

### RATION

(Continued from Page 1)

They also may be obtained at the places of registration.

Unless a person cannot obtain an application blank elsewhere, there is no need to call at the county rationing board office, located on the second floor of the court house, in order to get War Ration Book 4.

It is essential that all persons applying for War Ration Book 4 at the time of making application for the new book, which cannot be otherwise issued to them.

The schedule of registration at six points over the county was received too late to benefit those who planned to register today, but the complete schedule is as follows: McLean, 4 p. m. to 10 p. m. today and Friday; 8 a. m. to 5 p. m. Saturday; 4 p. m. to 8 p. m. today; 9 a. m. to 8 p. m. Friday; 9 a. m. to noon Saturday.

Back, after school today and tomorrow and all day Saturday.

Hopkins, 4 p. m. to 8 p. m. today and tomorrow; 9 a. m. to 4 p. m. Saturday.

and Friday; 8 a. m. to 5 p. m. Saturday; 4 p. m. to 8 p. m. today; 9 a. m. to 8 p. m. Friday; 9 a. m. to noon Saturday.

Back, after school today and tomorrow and all day Saturday.

Hopkins, 4 p. m. to 8 p. m. today and tomorrow; 9 a. m. to 4 p. m. Saturday.

### Mother of Pampa Man Dies Yesterday

Mrs. John W. Harris, 69, mother of C. T. (Shorty) Harris of Pampa, died yesterday afternoon at her home in Henderson after a long illness. Funeral services will be held at Henderson at 4 p. m. tomorrow.

Besides the son here, Mrs. Harris is survived by five other sons and six daughters.

Mr. Harris was called to Henderson early this week and was at the bedside of his mother when her death occurred yesterday.

### Flying Men Will Stage Big Rodeo

EAGLE PASS ARMY AIR FIELD, Oct. 21—(AP)—Army flying men, accustomed to sailing through the air with the greatest of ease, will try to reverse this accomplishment at a rodeo this week.

The rodeo will be held at Eagle Pass today, Saturday and Sunday for the benefit of the air field's enlisted men's welfare fund.

### Board of Control Turns Back Money

AUSTIN, Oct. 21—(AP)—The board of control has announced it has turned back more than \$4,000,000 to the general fund of unspent funds appropriated for the last biennium.

Of this amount, \$3,198,420 was originally appropriated for buildings which the board found were not needed. The board spent \$219,000 for buildings during the two year fiscal period, partly for a new unit at the Terrell state hospital and in remodeling the confederate home for men at Austin.

These two jobs, the board said, provided ample facilities to eliminate waiting lists at state hospitals.

### Oil Hearing Is Set for Nov. 19

AUSTIN, Oct. 21—(AP)—The railroad commission has just set Nov. 19 as the date for its next statewide oil position hearing. The hearing will be held here at the Austin hotel.

The commission also ordered a hearing Oct. 30 to determine what rules should be established to prevent waste of oil and gas in the Permian field of Harris county, and to determine what remedial measures should be required to relieve the charged water sands in the field.

### Capital Divorce Suits Increase

WASHINGTON, Oct. 21—(AP)—Washington courts are handling approximately 30 divorce suits a day, records showed today, and authorities trace most of this unprecedented traffic to unsettled wartime conditions.

Since July 1, there have been 484 divorces granted, 420 of them unopposed. During the past fiscal year, 1,900 divorce cases were handled, as compared with 480 in 1939.

### F. D. R.

(Continued from Page 1)

ing legislation was headed for the amendment mill as opponents protested any changes in immigration during wartime. Advocates say it would be a center of Sino-American relations.

Rep. James W. Wadsworth, of New York, was proposed as a 1944 Republican candidate for the vice-presidential nomination. His sponsor, Rep. Eaton, of New Jersey, says Wadsworth is probably the most influential member of the house of representatives. Wadsworth hedged, saying: "I appreciate the compliment but I can't take it seriously."

### 11 U. S. Airmen Killed in Canada

EDMONTON, Alta., Oct. 21—(AP)—Eleven American airmen were killed when their big bomber crashed Saturday in the Yukon territory and two other airmen were killed the next day when their searching plane crashed up nearby. United States air force officers announced.

The bomber crashed on an inaccessible lake. The pilot and crew chief of a single-engine plane engaged in rescue efforts Sunday morning were killed near the same spot. The causes of the accidents were under investigation. Names of the dead were withheld.

### Dean of FBI Agents Honored

WASHINGTON, Oct. 21—(AP)—The dean of FBI agents, James G. Findlay, was called to headquarters to receive a medal from Director J. Edgar Hoover for remarkable attention to duty.

Findlay, vigorous at 62, never has missed a day for illness since he joined the federal bureau of investigation in August, 1911.

### This Tomato Has Sting In It

WILMINGTON, Del., Oct. 21—(AP)—Mrs. Francis Dougherty picked a tomato in her victory garden, wiped it on her apron, and ate it.

Doctors have been trying for two weeks now to locate in her body the needle which had been fastened in the apron.

### BRITISH

House Applauds Plea for Rise in Crude Price

WASHINGTON, Oct. 21—(AP)—A large segment of the house got up before the normal breakfast hour today to view an exclusive showing of war-action movies and hear discussions of the war's progress by the army's top leaders.

Several hundred congressmen gathered in a closely guarded congressional library auditorium for the special program, arranged by the war department, presumably the affair was to meet repeated demands of house members that they be given some "inside" information such as senators recently received from five colleagues who toured the war fronts.

Attendance was restricted to house members. They were cautioned at the outset that much of the program was strictly off the record.

Speakers during the three-hour period including secretary of War Stimson, Gen. George C. Marshall, army chief of staff, whose subject was "The Military Situation;" Maj. Gen. George B. Strong, who talked on "The Strength of the Axis;" Brig. Gen. F. A. Armstrong, who discussed "Strategic Bombing: Germany;" Lt. Col. Emmett O'Donnell on Far East Air Problems; Brig. Gen. Lawrence S. Kuter on the general air war; and Maj. Gen. W. D. Styer on logistics.

Government To Crack Down On Whiskey Prices

WASHINGTON, Oct. 21—(AP)—The government is getting ready to take a tighter grip on whiskey prices in about two weeks.

That will benefit those who still can buy whiskey—now scarce but not as scarce as it seems—from a regular dealer. Bootleggers make their own prices.

This is what one government source says:

1. There has been a lot of whiskey hoarding by dealers since the government—wanting alcohol for war purposes—stopped whiskey-making after Oct. 8, 1942.

2. In stores all over the country would-be purchasers are being turned away by dealers who have taken whiskey off their shelves and are selling it from under the counter to their regular customers.

3. Since the demand is greater than the supply, these dealers are parceling out their supplies because they want to stay in business as long as possible.

4. Bootlegging—or black marketing of whiskey—is growing. Whiskey shipments have been stolen on the way from the distillery to the warehouse; bootleggers have been buying up whiskey at regular prices from regular dealers for resale at their own prices.

But government figures show there is enough whiskey on hand in this country to last more than two years at regular consumption rates. Normal consumption is about 140 million gallons a year.

(Last year because of increased purchasing power, the distilled spirits institute says, consumption was 190 million gallons.)

This is the story behind the upcoming price controls to be issued by the office of price administration.

That agency froze prices at which distillers—the manufacturers—could sell whiskey. That freeze, at levels of March, 1942, affected only those brands on the market at that time.

After the price freeze order new brands—and new kinds under the same brand—began to appear.

To handle this problem, OPA ordered distillers to charge for the new brands prices most comparable to the price for the same kind of product issued by a competitor.

After looking at the prices charged for these new products, OPA said:

"Such prices have been too high in too many instances either through willful or unintentional errors in comparing prices for the purpose of comparing a new brand with one sold in the base period (March, 1942)."

That was a nice way of saying there was a lot of chiseling going on.

Meanwhile wholesalers and retailers prices were frozen at the prices charged for those brands on the market in March, 1942 but then, it was said at OPA, there were large violations.

Finally OPA tried to solve the matter by establishing fixed mark-ups, which means:

The wholesalers and retailers were allowed by OPA to charge a certain fixed percentage of increase between what they paid for a bottle of whiskey and for what they sold it.

But the OPA still is not satisfied the public is being charged properly, and is preparing new regulations based on its own investigations and information supplied by the industry.

They will state in dollars and cents per case a distilled's maximum price.

Then right down the line, with the price of a new brand fixed at a definite figure, the wholesalers and retailers will be permitted to charge only a certain price since they will be governed by the mark-up regulations mentioned above.

Those dollar-and-cent ceilings, of course, are to apply to the new brands. The old ones are still governed by the March, 1942, freeze.

Time—and public demand—will show how effective the new controls can be.

Walking Wigwams

Gas sprayed from attacking enemy planes won't harm soldiers wearing "anti-gas wigwams," like these of celophane-like substance demonstrated in chemical warfare drill at Mitchell Field, N. Y. The individual tents, supplementing gas masks, allow soldier to strike back at attackers by poking his rifle through the covering.

Dallas Indicts Amarillo Pair

DALLAS, Oct. 21—(AP)—Within two hours after two burglary charges and a charge of theft of over \$50 had been filed against him, R. C. Campbell of Amarillo was indicted on all three counts by the Dallas county grand jury Wednesday.

His wife, Mrs. Claudine Campbell, after her case was taken directly to the grand jury without charges

having been filed, was also indicted for burglary.

Campbell is charged by Dallas police with theft of an estimated \$1,200 worth of personal articles belonging to Mrs. L. H. Miller and theft of approximately \$600 worth of personal property belonging to Mrs. B. O. Winters.

Detective W. H. Miller said Mrs. Miller went to Amarillo and identified a portion of her belongings as well as some property taken from Mrs. Winters.

Inspector of Detectives Will Fritz said the accused couple was being held in jail at Amarillo.

Crude Output Breaks Records

WASHINGTON, Oct. 21—(AP)—Production of crude oil broke all records in August, averaging 4,214,000 barrels daily, the bureau of mines reported.

However, the daily average demand of 4,342,000 barrels also was a record, and therefore total crude stocks of domestic origin declined 128,000 barrels daily during the month.

August production gained 101,000 barrels a day over July, 1943, and 329,000 over August, 1942. Texas alone increased its output by 101,600 barrels a day over July, producing an average of 1,727,100 barrels.

Louisiana had a gain of 5,800 barrels daily and California an increase of 3,100. The Midwest continued to decline.

August runs to stills were 4,094,000 barrels a day, up to 201,000 from July. Finished gasoline stocks dropped 2,127,000 barrels during the month, totaling 60,669,000 barrels on Aug. 31, or 10,700,000 less than on Aug. 31, 1942.

The price index for petroleum and petroleum products in August, according to the bureau of labor statistics, was 63 compared with 62.8 for July and 60.7 for August, 1942.

This Fellow Makes Habit of Escaping

ATOKA, Okla., Oct. 21—(AP)—Ernest Cleveland Herring who says he has escaped six times from Texas prison farms, is writing in jail for Texas officers to come and get him again.

He was captured here Tuesday by Harry Bronsfield, a garage mechanic, after an 18-mile chase.

State highway patrol officers said Herring represented himself at a garage as being with the owner of an automobile left there. While Bronsfield was getting the bill, they said, Herring sped off but wrecked the car in a ditch 18 miles from here. Bronsfield had given chase, caught Herring when he sought to run away from the wreck and turned him over to Sheriff L. O. McBride.

In jail, Herring told officers he escaped from the Retrieve prison farm in Texas in June of this year, was arrested in Kansas and returned to Texas, but escaped by kicking the officers' car door open.

(The latter escape was at Dallas, Texas, the first of this month.)

Total State Tax Income Hits High

CHICAGO, Oct. 21—(AP)—The nation's total state tax revenues will pass the five billion dollar mark this year—representing an all-time high—despite a sharp drop in gasoline levies, the federation of tax administrators said today.

Although gas tax revenues show a decrease of almost 30 per cent, the federation said state tax revenue for fiscal year 1943 will reach \$5,099,000,000 compared to the previous high of \$4,975,000,000 for 1942.

### Wallace Flays Monopolies In Oil, Transport

DALLAS, Oct. 21—(AP)—Vice President Henry A. Wallace says "the day of accounting has come" and that "destructive practices in transportation and suppressive governmental policies under which monopoly thrives must now yield to the needs of the common man."

Wallace charged in an address to civic and labor leaders here last night that a transportation monopoly has cheated the public of cheap transportation and full industrial development, and was seeking still further power, and added: "Private rate bureaus and rate-making conferences through which railroad bankers and railroad managers have been able to exact from the people unconscionable rates for rendering an indispensable service must be stripped of their power and their activities confined to legitimate practices in the public interest."

"A clean-cut declaration of legislative policy must insure to the newer forms of transportation an opportunity to develop without suppression. Competition must be restored."

He said the interstate commerce commission did not now prescribe all transportation rates as many believed, that actually more than 99 per cent of the charges set by private rate bureaus and conferences of the carriers became "effective without action by the commission."

**Legislation Planned**

"Those who guide the destinies of the railroads," the vice president said, "propose to solidify and make permanent their empire through the enactment of legislation designed to permit the creation of a permanent monopoly of public transportation under the control of the railroads."

"In the name of efficiency and economy, and under the slogan 'preserve the enterprise system' it is proposed that congress permit the creation of 'integrated transportation systems,' each of which would control and operate all rail, motor, water and air transportation facilities throughout large geographic areas."

"If the railroads are able to establish such regional monopolies they will be in position to hand out favors or penalties to every community in the United States."

Wallace asserted congress should revise "our transportation laws to insure the utmost development of each form of transportation. The interstate commerce commission should protect the public interest in transportation in accordance with the direction of congress."

**Express Rates Hit**

Wallace asserted that "the early promise of cheap transportation by highway and waterway has been largely nullified" through carrier conferences which raised the rates.

"Not satisfied with eliminating competition in surface transportation, the railroads have even extended their control to the airways to prevent any competition from the carriage of air cargo. Through an exclusive contract between Railway Express Agency (which is owned by the railroads of the country) and the domestic airlines, air express rates have been maintained far above the competitive level and the movement of cargo by air has been effectively retarded."

Wallace said the empire of the West and South which has produced so much of the wealth of the nation particularly "has been drained dry by the tolls of monopolies, the most important of which is transportation. Discriminatory rates are keeping the South and the West in a colonial status."

"The people in those areas, he said, 'have experienced the effects of excessive transportation charges—the high cost of the necessities of life and the inability to market the products of their labor.'

"Disproportionate and high rates have limited consumption and have penalized the farmer for producing abundantly."

"The independent oil men of Texas know what the fight against monopoly means. They know that giants in the industry have employed price wars to drive them from the market and they have used conservation measures as a

### 10 Lose Lives In Utah Hunting Season

SALT LAKE CITY, Oct. 21—(AP)—Utah's hunting season, entering its seventh day today, already has cost the lives of 10 persons, an average of almost two a day.

The duck hunting season opened last Friday and two hunters died in a traffic accident that day. The 10-day deer season began Saturday. Four fatalities were recorded Tuesday. The frozen bodies of Owen Ash, 31, of Pleasant Grove, and Ronald Malcom, 31, of Provo, were found in 18-inch deep snow in the Timpanogos mountain area.

Charles I. Grimm, about 40, was injured fatally when a car struck him while he was lying ill on a mountain road. Alva J. Barney, 51, of Lake Shore, was killed by a stray bullet.

William Hunter, 25, of Pleasant Grove, member of a party of six which included also Ash and Malcom, was found Tuesday afternoon, his arms frozen around a tree. He was taken to a hospital.

One member of the group, Merling Remington, 31, of Provo, still is missing. Two made their way to safety.

### PAAF Shares In Air Forces Safety Award

Pampa Army Air Field today shared credit with other units of the army air forces for the award of honor for distinguished service to safety, which the National Safety Council recently presented to General H. H. Arnold, commanding general of the air forces.

Writing to Col. Daniel S. Campbell, commanding officer of Pampa Field, Robert A. Lovett, assistant secretary for war, said the entire PAAF command shared in the honor.

"Credit for the air safety record which inspired the award should be shared by you and your entire command," he said.

"You have helped effect a reduction in the rate of army aircraft training accidents during fiscal 1943 as compared with the previous year. This reduction was achieved during a year in which there was over 190 per cent more flying than in the present year."

"While this award is gratifying recognition of past efforts, the future presents a real challenge to us. We will, in the current fiscal year, fly many more hours in faster and larger planes. It will, therefore, call for even greater efforts to protect our flying personnel and to keep our accident rate down. This added effort will, I know, be gladly made by all, and I wish you every success."

"Please convey my congratulations to the officers and men of your field," he concluded.

Certificates of the award accompanied the letter and have been distributed to the various organizations at Pampa Field.

### Pan American Sued By Crash Victim

NEW YORK, Oct. 21—(AP)—Jeanne M. Rognan of Los Angeles, who formed with her husband, Roy, the comedy dance team of Lorraine and Rognan, filed today two Federal court actions for \$400,000 as a result of her husband's death and her injuries in the Lisbon Clipper crash which cost 23 other lives last February.

Mrs. Rognan sought \$250,000 from Pan-American Airways, Inc. for the death of her husband and \$150,000 for her own injuries. In addition she asked \$5,500 for loss of her baggage.

The dance team was part of a USO troupe on its way overseas to entertain servicemen.

### DOG BITES WOMEN

WASHINGTON, Oct. 21—(AP)—A quarantine of all dogs in the Washington area was sought today by health authorities after disclosure that the dog which bit two women was infected with rabies.

Competitive screen to conceal their attempts at domination of the industry. By their control of railroads and pipelines, the oil trusts have sought since the 1870's to fasten their grip on the oil resources of the nation.

"Control of pipelines by the major oil companies strangles the industry."

"If and when congress does its duty, the people of the West and South will have more industry. Their children will find opportunity at home. The output of the entire nation will increase as the surplus labor of the South and West becomes more skilled in the full utilization of Southern and Western natural resources for the benefit of the entire nation."

### Britain Develops World Air Plans

LONDON, Oct. 21—(AP)—Lord Beaverbrook has disclosed that Great Britain has an "extensive and complete" plan for post war civil aviation ready to present to an international conference.

The publisher, lately appointed Lord Privy Seal, told the house of lords this plan was adopted at a recent empire air conference in London and awaited only the approval of the dominion governments.

Speaking in response to a request from a former air minister, Lord Londonderry, for a statement on United States of America and particularly upon Russia."

## From where I sit...

by Joe Marsh

Dan Miles allows he's swimming right in style these days. Dan's always made a point of finishing up whatever food was put before him. "Don't make sense to waste food just to be stylish," he says.

Now out comes an etiquette authority who says it's wartime fashion to take only what you're going to eat—and finish it up clean—because "Food Fights for Freedom."

As Doc Mitchell says, "Most folks eat too much anyway. Man and boy, I've watched this town

for years, and 75% of us dig our own graves with our teeth."

From where I sit, this new style in eating may lead to moderation, and moderation has never hurt anybody.

In fact, you find moderation and tolerance go hand in hand... whether it's what you eat or what you think... Or whether one man prefers a moderate glass of beer when you yourself would rather have a soda.

Joe Marsh

Judging Points, Rules For Flower Show To Be Held Friday Are Given

Mrs. Hugh Morrow, chairman of the schedule committee, announced the schedule for the annual chrysanthemum show of the Pampa Garden club which will be held Friday afternoon, October 29, from 3 until 8 o'clock. The show will be held in the city club rooms.

- Rules for the exhibit are: 1. All types and varieties of flowers will be accepted. 2. Exhibits may be entered from 9:30 until 12:00 o'clock Friday morning.

The classification under which exhibitors may display their flowers will be as follows: A—Specimen flowers which shall consist of one flower of large or exhibition type such as daisy, pompon, korobon, button. B—Display, which shall be three or more in one variety of the following: Exhibition, Ecoson, Azelium, Pompon type, Button.

Eyeball-Eyebrow Exercise Gives Alert Expression

ALEXIS SMITH: Expressive.

By ALICIA HART NEA Staff Writer

If you weren't born beautiful, then make the most of your best features, as have many of Hollywood's most successful stars.

"An expressive face and alert eye can overcome the fact that your nose is too long or your chin too sharp," says beautiful, talented Alexis Smith, soon to be seen in "Thank Your Lucky Stars."

And here are two exercises which the star recommends for adding sparkle to the eyes and expression to the face: "To give your eyes a bright, alert look, roll them around in their sockets 20 or 30 times without moving your head," she advises.

Fixing the eyebrows is a great expression aid, she has found. "Practice raising and lowering both brows till even the thought of a smile is registered with them. Follow this by flexing first one brow and then the other."

Do these exercises daily and a happy expression will become a habit. OPA ceiling prices and other wartime interests. Attending were: Meses W. M. Brannon, Orville Ward, Odie Cox, A. L. Weathered, T. J. Watt, Emil Steubgen, R. D. Page and Mrs. Julia Kelley.

Victory H. D. Club Elects Officers

Victory Home Demonstration club members met Monday afternoon in the home of Mrs. Emil Steubgen when new officers were elected. Mrs. Steubgen was elected president; Mrs. J. T. Watt, vice-president and council representative; Mrs. Orville Ward, secretary-treasurer and finance chairman; Mrs. W. M. Brannon, education, expansion and council alternate; Mrs. R. D. Page, reporter; Mrs. Odie Cox, assistant reporter and exhibit committee chairman; Mrs. A. L. Weathered, recreation chairman. Mrs. Julia Kelly, Gray county Home Demonstration agent, gave a short talk and advised the group to plan family parties, children's parties and to become acquainted with

Author of "Short Grass and Longhorns" Is Complimented by Penhandlers Club

Special To The NEWS. SHAMROCK, Oct. 20.—Miss Laura V. Hamner of Amarillo, author of "Short Grass and Longhorns," was complimented with an informal reception, sponsored by the Panhandlers Club, of Shamrock, Friday.

The affair was given in the home of Mrs. J. M. Porter at Wheeler. Club members assisted the hostess in receiving the guests and in the dining room. Mrs. George Porch presided at the guest book.

Mrs. Clyde Whittle and Mrs. J. M. Caperton of Shamrock, presided at the punch bowl. The lace covered table was centered with an arrangement of dahlias, which were presented to the honoree by O. T. Nicholson.

Miss Alice Porch gave a number of piano selections as the guests arrived and opened the program with a vocal number. "Just a Wearying For You."

Mrs. W. F. Locke of Miami, was the speaker of the afternoon, and gave a review of "Short Grass and Longhorns."

Miss Hamner responded to unanimous request and told the group something of the background of the story.

The regular meeting of the club was held in the morning with Mrs. John B. Harvey presiding. Mrs. Margie Fleener was leader

of the program on "Original Historical Stories." She gave a discussion of the value of local unwritten history.

Mrs. Porter read an original historical story, "Too Much Mother." As a prelude to Mrs. A. H. Hing's historical narrative, "Old Vincennes," Mrs. Fleener played "On The Banks of the Wabash."

At the close of the morning session Miss Hamner gave an informal talk on the lives of the pioneer settlers of this region.

A covered-dish luncheon was served at the noon hour.

The guest list included, the honoree, Miss Laura V. Hamner of Amarillo; Mrs. W. F. Locke and Mrs. E. C. Wilson of Miami; Mrs. W. W. Gulnatty, Lampasas; Meses. Ralph Oldham, Gerland Key, H. E. Mathews, Emmett Taber, Jack Davis, John Dunn and W. A. Finsterwald of Mobeetie.

Mmes. J. A. Bryant, Ed Watson, D. A. Hunt, Ansel McDowell, Luther Parks, D. E. Holt, R. J. Holt, R. E. Holt, Albert Hayter, Anna McLaughlin, Clarence Robin, Archie Hibel, Jr., F. M. Robinson, Ernest Lee, J. A. Callan, A. B. Crump, J. A. English, G. C. Mobley, Tom Britt, C. N. Wofford, Lloyd Davidson, R. E. Griffiths, Q. S. Puckett, Jr., J.

Mrs. Tom Brown Is Hostess To Club

Special To The NEWS. SHAMROCK, Oct. 19.—Mrs. Tom Brown was hostess to the Times club Friday afternoon.

Roses and pot plants were arranged about the entertaining rooms.

Mrs. A. C. Hallmark presided and led the program on "Factory, Food and Inflation."

Roll call was answered "What I am doing to help the war effort." Mrs. Glenn White discussed "Food" and Mrs. J. A. Ebeling, "Labor."

Miss Shirley Brown favored the group with a number of piano selections.

Miss Brown and Miss Jeanne Clay were guests and the following members were present: Meses. P. H. Boston, Ode Call, Walter Darlington, Jr., J. A. Ebeling, A. C. Hallmark, T. H. Sonnenburg and Glenn White.

M. McIlhenny, Victor Hall, and Jimmie Mitchell of Wheeler; Mrs. J. H. Caperton, O. T. Nicholson, Frank DuBois, S. E. Britt, M. M. Baxter, Clyde A. Whittle, and Meses Alice Porch and Annette Whittle of Shamrock.

Club members were, Meses John B. Harvey, Margie Fleener, G. H. Aldous, A. R. Hugg, George H. Porch, T. E. Trestle and the hostess.

**Fiji Island Girls Dance Tatalala Any Time For Texas Sailor Who Hands Out Many Gifts**

By FRED HAMPSON  
 SUVA, Viti Levu, Fiji Islands, Oct. 10—(Delayed)—(AP)—For awhile Chief Commissary Steward "Weis" Weisinger of Houston, Texas, had the women of Nasuri village dancing the ta ta la la (Weis simplified it to tra la la) almost any hour of the night or day.  
 Weisinger, stationed at a navy air base here until a recent transfer, got into the good graces of the chief of the tribe at Nasuri. He did this with judicious donations of chow, skivvy shorts (which the natives consider the ultimate in haberdashery), and other odds and ends.  
 "Anything you want — you ask for," the chief told him.  
 A few evenings later Weisinger heard some of the boys around camp say they'd like to see the native dance, the ta ta la la.  
 Ordinarily the ta ta la la is reserved for serious occasions and is usually accompanied by sips and gulps from the cava bowl. The sailors, who try anything in the way of refreshments once, say the cava bowl is nothing but murder and that it's a good thing for the

natives they don't dance the ta ta la every night.  
 However, Weisinger, learning of his mates' desire to see the dance, remembered the chief's offer.  
 The gang hunted up a couple of jeeps and jounced over to Nasuri. They got there just as one session of the ta ta la la was breaking up.  
 Weis asked the chief for an encore and the chief told the girls to go through the routine again. The women staggered back for another go at the ta ta la la (and cava bowl), blinking their surprise. Some islanders say this probably was the only time in the history of Nasuri that they had two straight ta ta la las.  
 Weisinger's influence on the Nasuri ta ta la la is only one example of the influence of American doughboys on natives of these islands.  
 Seaman James McAbee of Corpus Christi, Texas, says they're even threatening to change the Fijian word of greeting—"Boola." Boola, like the Hawaiian aloha includes practically everything in the way of good wishes.  
 You walk down the street in Suva now and say "boola" to a group of natives and it's a 10 to 1 shot they'll smile with delight and reply, "boola-joe."

**ALLIGATOR BAG** — It's just talk, people said of oft-heard reports that a large alligator was roaming the wilds of the Colorado river country.  
 But four hunters returned yesterday, claiming they shot the alligator—and exhibited photographs to prove it.  
 The hunters believe the 500-pound 'gator escaped from a Needles park 40 years ago.

**House Views War Pictures**

WASHINGTON, Oct. 21—(AP)—Both sides of the house applauded a speech by Rep Gossett (D-Tex.) in which he asserted that "the office of price administration is the only agency of the government that does not agree" that a boost of 35 cents a barrel in the crude oil price is needed to stimulate wildcat exploration for new fields.  
 "Like the awkward private in the army, they think everybody is out of step but themselves," Gossett added.  
 He predicted that civilian and military transportation "will suffer a complete breakdown within a very short time," if the increase is not granted and said there were 15,000 stripper wells in his district operating at a loss because the oil price was not high enough to cover production costs.  
 Rep. Thomason (D-Tex.) concurred in Gossett's statements and added that an increase is necessary

**Regents to Meet With Professor Committee**

AUSTIN, Oct. 21—(AP)—The University of Texas board of regents will meet with a committee from the American Association of University Professors to discuss faculty tenure questions at their November session.  
 The regents have only a small calendar of routine business to consider at their October session here this week-end, Secretary Leo Haynes said.  
 (In Washington, Ralph Himstead, secretary of the American Association of University Professors, said that the association's committee members who will confer with the regents had not been chosen, but would be in time to attend the November session.)  
 (The association has asked the board to reconsider its failure to reappoint three economics professors, and is studying other professors to save thousands of independent operators from going out of business.)

faculty changes at the university. The regents at their last meeting expressed willingness to discuss the matter with the association.)  
 Originally the regents had planned to meet this week at El Paso, but inability of several members to make the trip caused postponement of the session on the campus of the College of Mines and Metallurgy.

 Every coast town of Norway is on a fjord.

**Tired Kidneys Often Bring Sleepless Nights**

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up nights. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep. When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headaches and dizziness.  
 Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

**IF YOU CAN SMELL IT Don't buy it!**

Does your coffee "bite" like a serpent's bark? Is one package "good" and another "terrible"—or tasteless, or weak, or rancid? Well, there's a reason... maybe two or three. To be sure, a coffee that doesn't have certain good qualities to begin with won't gain them by lying on a grocery shelf.

**ALWAYS OBSERVE ONE CAUTION**  
 If you can smell the coffee in the package, don't buy it! It means the freshness of the newly ground coffee is evaporating. When freshness evaporates, losses simultaneously occur in flavor and strength and richness. A package this week, though of identical blends, won't taste like last week's.

**ESCAPING AROMA MEANS LOSS**  
 To eliminate any such possibility, we developed for ADMIRATION Coffee, when tin went to war, a special, scientific, aroma-proof package. It's called the Triplex LAMO FILM Package. Admiration's wonderful aroma can't leak from it unless of course the package is dropped or its seals are otherwise loosened. Four walls of treated paper lock in the goodness, three of which are moisture-proof.

**MOISTURE CAUSES RANCIDITY**  
 Moisture seeping into freshly ground coffee causes rancidity. ADMIRATION's Triplex LAMO FILM Package is twice sealed against moisture. First in the inner liner. Here two sheets of grease-proof paper are bonded together with rubber. The second proofing is in the cellophane wrapped around the entire package. For extra precaution, the cellophane is heat-sealed.

**ADMIRATION IS ALWAYS FRESH**  
 Buy your Admiration Coffee in the Lamofilm package—and save the difference. You'll enjoy a roast of the finest green coffee money can buy, expertly and consistently blended. Each package tastes exactly like the one before... for Admiration's freshness is fully protected. TUNE IN PARKER WILLSON AND HIS GANG, 12:30 NOON WEEKDAYS, MONDAY THROUGH FRIDAY, LONE STAR CHAIN.

Same Old Stagg.

Amos Alonzo Stagg, 81-year-old Yale and Chicago football immortal in his 54th season of coaching, is as enthusiastic as any College of Pacific player as he leaps from bench in moments of excitement.

Mighty Mites-North Side Top School Grid Battle

By HAROLD V. RATLIFF Associated Press Sports Editor

The Texas schoolboy football field turns into the stretch this week with conference games scheduled in every district and with at least two or three battles counting heavily toward championships.

Masonic home's mighty mites, the boys who were not supposed to play this year, meet their toughest foe and the team that will show them if they should harbor title hopes when they clash tomorrow night in the top battle of not only the Fort Worth district but of the state.

North side is the opposition and it is the only game matching undefeated teams.

Masonic home officials announced last winter that the Mites would not roam the gridiron this season—that they were too little and too few. But popular demand from the legions of Mason fans in Texas changed that.

They're back with bells on when the campaign opened. Today they are undefeated and united and it is generally conceded that if they can hurdle strong north side eleven they will become favorites for the district title despite the fact that Poly, another member, also is unbeaten and untied.

In Central Texas Waxahachie tackles Bryan in a game expected to virtually determine the championship of the B bracket of district 10.

All told there are 46 games scheduled in the state, 35 of them conference affairs and only seven inter-district struggles.

Few of the 14 teams with perfect records appear in danger outside of masonic home. John Reagan of Houston might stumble against Brackenridge (San Antonio) but the others should come through without trouble.

USC Only Hurdle Before Rose Bowl Bid For Stagmen

LOS ANGELES, Oct. 21.—(AP)—The "Grand Old Man" of football, Amos Alonzo Stagg, seemingly has only one more hurdle to accomplish with his amazing College of the Pacific team to insure an invitation to the Rose Bowl New Year's game.

If the Stagmen can beat the heavy, experienced and withal speedy Trojans of Southern California here Saturday in one of the nation's outstanding contests, there are only three minor foes for the Pacific to conquer.

Even if the military service cuts deeply into the 81-year-old grid master's personnel, he should have enough left to beat St. Mary's Nov. 6, San Francisco University, Nov. 20, and the Pleasanton, Calif., Navy in the windup.

Reversing the intermediate court's holding, Justice Sharp's opinion said: "When a business, otherwise private in nature, becomes affected with the public interest, such business may be reasonably regulated by the state under police power."

The court of civil appeals construed the definition of a real estate dealer as including only one who is in the business of furnishing names of prospective customers. In our opinion, such construction is erroneous. The holding overlooks the plain and specific language used in the act.

It prohibits any dealer or salesman from paying any part of his commission to a person not licensed under the act in consideration of services. The language is plain and unambiguous."

BUY VICTORY STAMPS—If I had to pass a law, every labor organization would be required to make a public accounting of its funds and would be required to elect officers by secret ballot at stated intervals not exceeding two years.

WLB Chairman William H. Davis.

Real Estate Act Upheld by Court

AUSTIN, Oct. 21.—(AP)—The state's real estate license act has been upheld by the supreme court.

In a written opinion by Associate Justice John H. Sharp, the court held that an individual who furnishes the name of a prospect to a dealer for compensation, thereby himself performs the act of a dealer within the meaning of the license act.

The court's ruling was in a case from Jefferson county, in which Herbert Roedenbeck sued W. W. Gregory to recover one-half of a commission earned by Gregory on the sale of lands to a purchaser whose name had been furnished by Roedenbeck to Gregory.

The trial court's judgment was in favor of Gregory on the grounds that Roedenbeck did not have a real estate dealer's license. The court of civil appeals reversed the trial court, holding that the act was not applicable to a case where party merely furnished the name of a prospective purchaser and that the act would be unconstitutional if applied to this transaction.

Reversing the intermediate court's holding, Justice Sharp's opinion said: "When a business, otherwise private in nature, becomes affected with the public interest, such business may be reasonably regulated by the state under police power."

Sports Roundup

By HUGH FULLERTON, JR.

NEW YORK, Oct. 21.—(AP)—Indications are that the usual indoor track meets will be held next winter, but not as usual. Promoters are going ahead with their plans knowing that they'll probably have Gil Dodds (divinity student), Bill Hulise (research chemist) and Don Burnham (medical student) to run the mile races.

As for the other athletes, A. A. U. Secretary Dan Ferris says he can't even be sure from day to day who is in the armed forces and who isn't. "We found that our arranging meets for Gunder Haegg last summer," explains Dan, "one week we had five sprinters in a race; the next week three of them were gone."

New books published by the U. S. Naval Institute to aid physical training instructors in the aviation program are titled: Basketball, Boxing, Wrestling and Labor Engineering. The last is recommended to graduating college athletes—it gives the proper technique for using a pick, shovel, post-hole digger, etc.

ONE-MINUTE SPORTS PAGE Stan Musial's new three-year contract with the Cards calls for something over ten G's next season with raises to follow each year. Watch for Henry Armstrong to start another comeback soon after the first of the year. And here's hoping the first guy he fights hits him just hard enough to knock the idea out of Hank's head. When Bill Kinney of the

Rock Island, Ill., Argus ran a buck hunting story a day too soon last week, he captioned the next day's correction: "Lay That Shotgun Down, Boys."

REVERSE PLAY

In a game against the Cheltenham Jayvees at Philadelphia the other day, halfback Stewart Webster of the Willow Grove Bears took the ball on the ten yard line and galloped 80 yards downfield. Then, thinking he had touched the goal, he touched the ball down and walked away. A Cheltenham end (still unidentified) picked it up and started the other direction. As he reached midfield, the gun sounded, the end stopped and the son did the game.

SERVICE DEPT. Standout performers in a recent soldier boxing show at Reykjavik, Iceland, included Privates Joe Agnello of New York and Nick Sullio of Boston and Corp. Milton Scott of Lafayette, Ind. Might be that the prize for the winners—a trip to England to compete in the "T. O. Tournament"—had something to do with the spirit the boys showed.

One of the spectators was Leland Morris, U. S. Minister to Iceland, who admitted that he "majored" in boxing and track at Penn in 1907-08. Lieut. (jg) Jim Decker, former Syracuse U. drummer, isn't exactly sorry he's heading for overseas duty when he thinks of the two good footballers, Bill Maveko and Pete Morrow, playing for Cornell and Colgate, respectively, in the Orange-Archbold stadium Saturday.

BUY VICTORY STAMPS Baers Assigned To Ohio Air Base DAYTON, O., Oct. 21.—(AP)—Sets Max and Buddy Baer, former boxers, will arrive at nearby Patterson Field Oct. 25 on permanent assignment to the air service command headquarters, the ASC special information office announced today.

The Baers will begin immediately a tour of army air force bases within the United States to promote physical education in the camps.

### Cast of Characters in Oakes Case Is Like Dramatic Play

NASSAU, Bahamas, Oct. 21—(AP)—Like the cast of characters of a great play, the men and women whose names figure in Nassau's sensational murder trial might have been chosen by a master dramatist.

Sir Harry Oakes, the slain man, was a fabulous figure who spent his youth roaming the world in search of gold. Put off a train in Canada because he could not pay the fare, he was befriended by a Chinese merchant who staked him to a prospecting trip. Oakes discovered an incredibly rich mine and became

one of the world's wealthiest men. He surrendered his American citizenship and was knighted by the British king for his philanthropies. Oakes came to Nassau to escape taxes on his income which at one time was reputed to be \$40,000 a day.

Marie Alfred Pouquereaux de Marigny, the dashing young defendant, is the scion of a titled family of France which settled in the British island of Mauritius about the time of the French revolution. Internationally known as a yachtman, he was twice wedded before his romantic marriage to the beautiful 19-year-old daughter of the man he is accused of murdering.

Nancy Oakes de Marigny defied parental objections to marry de Marigny, and when news reached her of his arrest on a charge of her father's murder, hastened to his side and proclaimed her faith in his innocence. She will testify for him.

Lady Eunice Oakes, widow of the slain man, was a noted beauty in Sydney, Australia, when Sir Harry met her during his world-roving days. When he made his fortune he married her and took her to live in a magnificent palace he built at Niagara Falls. She will testify for the crown.

The Duke of Windsor, royal governor of this colony, who gave up the throne of England for love, took the first step in the murder investigation when he summoned two Miami, Fla., detectives to assist the local police.

Harold G. Christie, the Bahamas real estate developer who advertised he could sell "a lot or an island," became Sir Harry's business associate and was a house guest on the fatal night of July 7-8. He discovered the body.

Capt. James O. Barker and E. W. Melchen, the Miami officers called into the case, developed evidence that resulted in the arrest of de Marigny.

Frank Conway, New York police identification expert, examined a fingerprint which was found in the death room. He testified it was de Marigny's.

Raymond C. Schindler, private detective, was retained by Nancy de Marigny in the fight to free her husband.

Prof. Leonard E. Keeler head of Northwestern University's crime laboratory and developer of the "lie detector," was called in by Schindler to examine the evidence.

Maj. Herbert Pemberton, head of the Bahamas police, led the local investigators.

Godfrey S. Higgs, chief defense counsel, is the youngest member of the governor's council which conducts the government of the colony.

Eric Hallman, attorney general of the Bahamas, is conducting the crown's case against de Marigny.

Alfred F. Adderley, negro special prosecutor for the preliminary hearing, is assisting in the prosecution.

Sir Oscar Bedford Daly, king's counsel, is chief justice of the Bahamas supreme court, and presides at the trial in crimson robe and white wig.

**Income of Doctors Hits Record High**

DALLAS, Oct. 21—(AP)—Estimated total gross income of physicians engaged in independent practice in the United States reached 1,087 million dollars in 1941, a level exceeding that of any previous year and 60.6 per cent above the 1933 depression low, according to an article in the October Survey of Current Business, monthly publication of the department of commerce.

Total net income, estimated at 640 million dollars, also reached a new maximum in 1941 at a level 73.9 per cent above 1933, it said.

The average gross income reported for 1941 was \$8,324 and the average net income \$5,047.

### Pampans Receive Thanks for Their Gifts of Food

Pampans were quick to respond to a request made by Khiva temple, Masonic organization, for the donation of canned foods for the Texas Scottish Rite Hospital for Crippled Children at Dallas.

In less than a week, Pampa women turned in to Fred Radcliff, Gray county potestale's aid of Khiva temple, 50 cases of peaches, plums, pears, and preserves.

These were shipped to the hospital where the foods were received Saturday. In a letter of that date Miss Annie Yaurie Little, superintendent of the hospital, wrote to Radcliff:

"We want to thank you and your friends for the canned goods you sent us this morning."

"It was extremely generous of all of you and we do not need to tell you how badly needed canned foods are, it is so difficult to get a variety of canned foods at this time."

"We appreciate your kindness very much and hope that you will be able to visit us some day so that we may thank you in person."

Reason for the appeal for canned foods was that the hospital, like other institutions, is feeling the pinch of food rationing. The hospital heads can never know exactly how many patients they will have which makes it difficult to figure out food requirements.

One of the patients in the Scottish Rite hospital is the son of Mr. and Mrs. Don Salsbury of Pampa, who is suffering from polio. His was the first case in Gray county this year.

The appeal for canned foods was made all over the Panhandle by the Khiva temple, Amarillo, which has jurisdiction over the counties of this part of the state.

Need for canned foods will likely continue and others wishing to donate supplies of this kind are asked to get in touch with Radcliff at the Radcliff Supply company, 1244 Barnes, telephone 1220.

### Normandie Salvaging Job Nearly Finished

PHILADELPHIA, Oct. 21—(AP)—The \$6,000,000 job of salvaging the U. S. S. La Fayette, once the French luxury liner Normandie, is almost completed. A. C. W. Sieck, told members of the engineers' club at a meeting here.

Sieck, consulting engineer for Merritt Chapman and Scott Corp., the salvage company, said the work will be completed well within the 17-month time limit set by the navy. He added that 6,000 tons of furniture and 10,000 tons of mud have been removed from the La Fayette, which capsized at a New York pier following a fire, Feb. 10, 1942.

Pumping to refloat the 80,000-ton liner began Aug. 7 last.
