Pampa Prepares For Part In United War Chest Drive

Joint Civic Meeting Set For Thursday

Definition and purpose of the United War Chest campaign will be explained to members of Pampa's three service clubs, Rotary, Lions and Kiwanis, at a joint meeting to be held at 12 noon Thursday in the basement of the First Methodist church. The joint meeting will replace the clubs' separate luncheons this week.

Speakers will be Fred DeCoster, director of the Amarillo Community Chest, who also will speak at 10 a. m. to the Women's Council of Clubs in the city club rooms, preceding the noon meeting; and Floyd Wright, Amarillo, publicity director of the United War Chest of Texas for the Panhandle.

At a meeting of the executive committee of the Pampa Combined United War Chest, held last night at the city hall, S. D. Stennis and Arthur M. Teed were named to prepare the local organization's by-laws.

The Pampa United War Chest will merge various money raising organizations, ordinarily scattered throughout the year, into one big drive, along with the United War Chest of Texas campaign.

Budgets of three organizations, the Boy Scouts, Girls Scouts and Salvation Army, were approved by the executive committee for inclusion in the campaign, which is to be open officially on Oct. 25, to be announced later. An advanced gift drive, a prelude to the campaign, will begin Monday, Oct. 18, with R. D. Dick Hughes as chairman.

Attending the executive committee meeting were J. W. Garman, chairman of the Pampa United War Chest; J. E. Murree, Jr., Frank Smith, E. J. Dunigan, Jr., W. B. Wethered, A. J. Beagle, R. G. Hughes, Garnet Reeves and J. M. Collins.

FDR Asks Labor For Greater War Efforts

BOSTON, Oct. 5.—(AP)—President Roosevelt sent his felicitations to the American Federation of Labor convention today for accomplishment of a "splendid task" by American wage earners and called upon them for an even greater effort until the peace is won.

The president also asked the federation's continued help in stabilizing the domestic economy and told the delegates "we anticipate a good deal of success in the roll-back of prices which will stabilize and reduce the cost of living essentials."

The president's message was a letter to President William Green, expressing regret that he could not attend the convention. "Please," said Mr. Roosevelt, "assure the attendance and all of the constituent membership of my gratification at the splendid task that has been done by American wage earners in turning out the munitions and implements of war."

Corn Crop Is Good News On Food Front

CHICAGO, Oct. 5.—(AP)—A corn crop of about three billion bushels, record largest in 23 years, was a virtual certainty today as the yellow grain raced to a victory over early autumn frosts.

The result of corn's battle with time was good news on the food front, because it is the most important grain for feeding to livestock and poultry. A small crop automatically would have meant less supplies of meat, eggs, milk, butter and other foods next year.

Planted late last spring, the crucial point about the crop was its ability to mature before killing frosts reduced the yield. Another two weeks without the frost undoubtedly would produce considerable improvement in the quality of grain harvested, experts said, but they added the bulk of the bumper crop now was out of danger.

Corn was severely damaged along the mid-Atlantic and in the southwest during the hot days of summer, but this loss has been made up by a record in Iowa, the heaviest producing state.

STATE DEBT DECLINES ASSETLY, Tex., Oct. 5.—(AP)—Deficit of the state general fund stood at \$22,125,255, a decline of \$6,899,507 in the last year, the state treasurer announced in calling for payment of \$280,374 in state warrants through last Jan. 15.

LEADS AIR ATTACK ON ITALY

ITALY — (AP) — Gen. James H. Doolittle, pioneer in the development of aeroplanes, hero of the bombing attack of Tokyo in April, 1942, and wearer of the Congressional Medal of Honor and all other official decorations for gallantry and distinguished service, clinaxed his dramatic military career thus far by directing the war from the skies in the capture of North Africa. Strategic Air Force. An intrepid soldier, he has also qualified as a wartime champion of industry. Before taking up active combat duty in the present hostilities he rendered important assistance in supervising the conversion of automobile factories into plants for the manufacture of airplane parts.

Here's a Story That Is Guaranteed To Do Something to You!

BY C. YATES McDANIEL
ALLIED HEADQUARTERS IN THE SOUTHWEST PACIFIC, Oct. 5.—(AP)—Komal and Tsukioka. These are names that won't be forgotten by the men who fly for General Douglas MacArthur.

Komal and Tsukioka were the Japanese officers responsible for the beheading of a young American airman according to the "Samurai code" of the Japanese, the code of feudal warriors.

The shocking execution came to light in the diary of a captured Japanese soldier who had to admit in his bloody recital that the American was "more composed than I thought he would be."

"The execution was the first such violation of international law reported since last April when it was announced that the Japanese had executed several American fliers captured in the bombing of Japan a year before."

The diary, dated March 29, said the airman was 23 years of age, an instructor in the transport command at Port Moresby, New Guinea, and was a member of a bomber crew shot down near Salamaua by anti-aircraft fire on March 16. Verbatim translations from the diary as released by MacArthur headquarters included the following:

"Tal commander (sub-lieutenant first class) Komal told us he had been decided to execute him and he was to be accorded a Samurai's death."

"The prisoner of war totters forward with his arms tied. His hair is cut close. x x x I feel he suspects what is afoot, but he is more composed than I thought he would be. x x x"

"At the execution ground, Lieu- See STORY Page 8

Oregon Police Hunt Girl's Sex-Slayer

PENDLETON, Ore., Oct. 5.—(AP)—Spurred by an autopsy report which said 16-year-old June Reiman suffered from blood poisoning following a beating by an assailant who attempted to rape her, authorities today intensified their search for her slayer.

The girl's bruised, partly nude body was found in a thick one-fourth mile from her farm home Sunday night by her father after she failed to return from aqueduct hunting.

Yanks, Cards Tied 2-2 At End of Fifth

At press time today, the New York Yankees and the St. Louis Cardinals were tied 2 and 2 as the first game of the 1943 World Series went into the sixth inning.

Spurgeon (Spud) Chandler, outstanding major league pitcher of the year, was on the mound for the Yankees, opposed to the Cardinals' southpaw, Max Lanier.

A crowd of 70,000 fans witnessed the opening game, played in Yankee stadium in New York.

Score by innings:
St. Louis . . . 1 0 0 1-2
New York 0 0 0 2 0-2

Badoglio Pledges Democratic Italy With No Fascists

ITALIAN HIGH COMMAND HEADQUARTERS IN ITALY, Oct. 2.—(Delayed)—(AP)—A Democratic Italy in which former Fascist leaders will have no place was pledged today by Premier Marshal Pietro Badoglio in his first interview with Allied newspapermen.

The 72-year-old military leader, who took over the reins of the Italian government at the request of king Vittorio Emanuele when Benito Mussolini resigned July 25 told for the first time the details of the former dictator's fall from power.

Picturing the dunes of a raven who was out-talked by Adolf Hitler at their last meeting July 19, Badoglio said that Mussolini was prepared to tell Hitler Italy could no longer continue the war but was unable to speak after listening to the Nazi leader's unbroken two-hour tirade.

After being placed under protective arrest, Badoglio said, Mussolini wrote him a note expressing appreciation for being saved from the fury of the people. He also said Mussolini had declared that he wanted to devote his life to the Catholic church.

The close relationship between Mussolini and his son-in-law, Count Galeazzo Ciano, turned to sheer hate in the last days of Fascism, Badoglio said, as Ciano became a more and more active opponent of the Duce's actions.

Badoglio declared he would begin organization of a new government "as soon as practically possible."

"I am delighted that my country is on the right road again," he said. "Italy always has been a friend of American and British. Many Americans and Britons fought with the Italians in the last war, and I am perfectly certain that the same results will be obtained in this war."

Fascism in Italy is dead, he said, declaring that at the end it "broke apart like a rotten apple."

"The morning after the announcement of Mussolini's fall not a single person even wore the fallen regime's insignia," Badoglio added.

New Yorker Proposes Taxing Retail Sales

WASH., Oct. 5.—(AP)—A 10 percent "Victory" retail sales tax estimated to yield \$6,000,000,000, M. L. Seidman, chairman of the tax was proposed to congress today by committee of the New York board of trade.

Seidman appeared before the house ways and means committee after the treasury's proposal for \$10,500,000,000 in additional income and excise levies appeared to have been virtually scrapped by adverse congressional reaction.

"If ever a federal sales tax is justified, now is the time," Seidman said. "I would allow no exemptions. I know the force of the argument of exempting this or that from such a tax, but it is not valid today."

Representative Taber (R-N. Y.), ranking Republican on the house appropriations committee, and Senator Byrd (D-Va.), member of the senate finance committee, previously had suggested a federal sales tax in public statements.

Army Transfers Commander Of Dalhart Field
DYERSBURG, Tenn., Oct. 5.—(AP)—Shift in the commands of the Dyersburg and Dalhart, Texas, army air bases was disclosed today by the Dyersburg public relations officer.

First Inning

With the count two strikes and one ball, Klein lifted a lazy fly to Landell in center field.

After looking at one ball and one strike, Walter drove Stainback back almost to the right field wall with a long fly.

Mudal picked out a three and one pitch and lined out to left center. No runs, no hits, no errors, none left.

YANKIES:
With the count two strikes and one ball, Stainback lined to Kurovski.

With a one and one count, Crosetti rolled to Marion and was thrown out.

Johnson was called out on strikes. No runs, no hits, no errors, none left.

SECOND INNING
CARDINALS:
On the first pitch, W. Cooper bounced a single off Johnson's glove.

Kurovski laid down a perfect bunt to sacrifice Cooper to second, Chandler to Gordon, who covered first.

Sanders struck out on three pitches.

Litwile walked on five pitches. With the count one and one, Marion sliced a double over Etten's outstretched glove, scoring W. Cooper, but Litwile was thrown out at the plate, Stainback to Dickey.

One run, two hits, no errors, one left.

After working the count to three and two, Keller lifted a high foul into the stands causing the crowd to roar, but then he was called out on strikes.

Gordon looked at one ball and bounced to Lanier who threw him out.

With the count two and two, Dickey grounded to Kurovski and was thrown out.

No runs, no hits, no errors, none left.

THIRD INNING
CARDINALS
Lanier rounded to Gordon who See SERIES Page 8

OPA Warns Auto Dealers on Sales

The office of price administration (OPA) announced penalties today for dealers in new automobiles who refuse to sell cars to holders of ration certificates, on a first-come, first-served basis.

The sanctions, effective Oct. 9, follow many complaints concerning dealer discrimination, OPA said, most of them from essential users of cars, such as war workers and doctors.

Amendments to the rationing regulation provide that dealers found guilty of this practice after a hearing may be prohibited from acquiring or disposing of rationed cars, except to other dealers.

Also, dealers who refuse to sell a car will not be permitted, after the date of refusal, to add the usual storage charge to the maximum price. This applies not only to the car he would not sell, but to all others he may hold.

Jester Sees Oil Shortage 500,000 Barrels Per Day

WASHINGTON, Oct. 5.—(AP)—Chairman Benford H. Jester of the Texas railroad commission, supporting pleas for a crude oil price increase to stimulate exploration, told a house naval sub-committee that maximum production from all known oil fields in the country next year would fall short of anticipated 1943 needs by 500,000 barrels daily.

Jester testified yesterday that Texas, as the largest oil producing state, had been called on for increasingly greater withdrawals, and added:

"Texas can produce without waste 175,000 barrels per day more than the 1,999,000 barrels per day it is called upon to produce in October."

The Texan remarked that petroleum administrator for war Harold Ickes had recommended a minimum price increase of 35 cents a barrel but that the office of price administration had turned it down and left the question up to economic stabilization director Fred Vinson.

Meanwhile senator Thomas (D-Okla.) introduced a bill providing that in establishing maximum prices for oil under the price control act, "consideration should be given to the necessity for finding, developing and producing additional crude petroleum." The measure specified that the ceilings should not be 25 cents or maintained at less than 25 cents per barrel above the present ceilings.

Congress Asked To Close OWI Office

WASHINGTON, Oct. 5.—(AP)—Representative Gavin (R-Pa.) recommended to congress that it abolish the Office of War Information and turn over to an American untrammelled press, where it rightfully belongs, the handling of the news.

Speaking in the house on observance of Newspaper Week, Gavin declared that Americans "are given the fullest measure of control of their existence through the public newspapers."

Freedom of Press in Germany? Why, Hitler Even Tells Editors How to Write Headlines

(EDITOR'S NOTE: In observance of National Newspaper Week, The Associated Press asked its former chiefs of bureau in Axis capitals to describe how the press is throttled in those countries. In subsequent articles, Richard Massock will tell the Italian story and Max Hill will write about Japan.)

By LOUIS F. LOCHNER
Former Chief of Associated Press Bureau in Berlin

HOLLYWOOD, Oct. 5.—(AP)—When, a little over a year ago, I returned to our United States after five months internment by the Nazis, many a friend in the newspaper profession gripped to me and said: "You've been set up for our American press after Pearl Harbor. It's no different from what the Nazis are doing," some fellow journalists would exclaim.

I could not help laughing at this ignorance of what press control under Nazism means. Our war censorship under the able direction of Byron Price is concerned solely with keeping from the enemy such information as may help him militarily.

But beyond that, the widest thinkable latitude for expression of dissent, of criticism, of individual viewpoint obtains in our country any non-Nazi German editor would jump at the chance to work in his country under conditions anywhere similar to ours. And even many a faithful Nazi would join him.

Early in the Nazi regime, propaganda Minister Joseph Goebbels pretended to encourage criticism. He assured the German press that "constructive" criticism was welcomed, and that the regimentation of the press applied only to that form of subversive activity which, under the guise of criticism, sought to undermine the new third reich of Adolf Hitler.

The editor of one of the Ulstein publications—I believe it was the "Greue Post"—guilelessly took the "little doctor" at his word and aired a few grievances which, as I read them, seemed innocuous enough. The editor was promptly removed on Goebbels' orders. Nobody after him dared criticize.

Americans Facing Cigaret Shortage

WASHINGTON, Oct. 5.—(AP)—Americans are facing a cigarette shortage, the commerce department said today.

Noting growing demands that may end the 1943 consumption to nearly 30,000,000,000 cigarettes, the department said manufacturers already were dipping into 1944 and 1945 reserves "to satisfy the need for 35,000,000,000 to 50,000,000,000 more cigarettes than the industry can buy tobacco to make."

Noting growing demands that may end the 1943 consumption to nearly 30,000,000,000 cigarettes, the department said manufacturers already were dipping into 1944 and 1945 reserves "to satisfy the need for 35,000,000,000 to 50,000,000,000 more cigarettes than the industry can buy tobacco to make."

Nation Warned of Critical Shortage Of Beef by Jan. 1

CHICAGO, Oct. 5.—(AP)—A livestock industry leader said today that a "critical" beef shortage is in the making, threatening to be "more acute" than it was last spring.

He said that the number of feeder cattle shipped into the corn belt from the western ranges in the last three months was 21 per cent fewer than for the same period a year ago.

Unless there is a "very decided" increase in feeder cattle during the next three months, the outlook for finished beef early next year will be "grim," said George A. Schmidt, chairman of the board of directors of the American Meat Institute.

In an address at the annual business meeting of the institute, comprising the industry's major packers, Schmidt asserted that unless "quick and remedial measures are taken there is grave danger that millions of Americans will be clamoring for beef by spring or before."

He said the solution must be found "outside the realms of the livestock and meat industry."

The industry, he said, was aware of some of the "minor contributing factors which cause this 'critical condition.'" But, he added, governmental agencies must "remove the uncertainty which encompasses present un satisfactory cattle feeding returns to those who have a large stake in the important segment of livestock production. Livestock raisers are also disturbed because of a threatened imposition of price ceilings on cattle."

U. S. Ship and Plane Production Lagging

WASHINGTON, Oct. 5.—(AP)—U. S. production of ships and planes lagged slightly in September and though there was some effort in planning about it, there were strong indications today that accent on quality, rather than quantity, was partly responsible.

Military authorities reported that aircraft output either would approximate August's 7612 planes or fall below it. Schedules were thrown out, it was said, by decisions to change models—which often means "souping up" fighters and bombers to greater performance. The actual figures probably will be available in two weeks.

Rear Admiral Howard L. Vickery, vice chairman of the Maritime Commission, announced that U. S. shipyards turned out 160 merchant vessels during the month, four less than August, and eight short of the goal for September.

3 Killed When Bus Hits Dynamite Truck

VICKSBURG, Miss., Oct. 5.—(AP)—Three children were reported killed and several others seriously injured in the collision today of a school bus and a dynamite-laden truck.

Investigating authorities said the vehicles apparently crashed head-on between Filley and Onward. The bus was en route to a school at Cary.

Joan and Daughter, 'Doing Splendidly'

HOLLYWOOD, Oct. 5.—(AP)—"Doing splendidly" was the hospital report today concerning Miss Joan Berry, 24, and the baby daughter who her father she alleges to be film comedian Charles Chaplin.

The 6-pound 6-ounce infant, named Carol Ann, was born at 10:30 p. m. Saturday. Miss Berry told reporters who crowded into her hospital room:

"She's just what I wanted—a girl."

Nazis Pulling Stakes To Run From U. S. 5th

By RICHARD McMURRAY
Associated Press War Editor

The Algeris radio asserted today that the American Fifth Army was 85 miles from Rome to which Marshal Albert Kesselring was swiftly withdrawing his mauled German divisions.

The point of nearest approach to the Italian capital was not announced and there was no confirmation.

Allied headquarters said the Fifth Army advance continued. Montesarchio, seven miles southwest of Benevento, was seized. The Eighth Army beat off a German counterattack in the Ternoli area of the Adriatic and received reinforcements.

The Eighth Army advanced ten miles north of Ternoli to near the mouth of Trigno river, 40 miles from the important port of Pescara (pop. 51,800). A lateral road, leading from Pescara to Rome. But everywhere German resistance stiffened.

Powerful Allied air fleets wrecked bridges in Bolzano, blocking, temporarily at least, the Brenner Pass reinforcement route to Germany. They also bombed Pisa, 170 miles north of Rome. Some planes used Italian bases.

On the Dodecanese island of Coo off Turkey, the hard-pressed British garrison was supported by bombers from the Middle East, and from Northwest Africa. They blasted German invasion troops on Coo and struck Nazi airdromes in Greece from which the enemy apparently sprang.

Turkish reports said some British officers had fled from Coo to the mainland, suggesting unfavorable developments. A terse Middle East communique said "fighting continues."

The Germans said they had completed the evacuation of Corsica, French island 100 miles south of the homeland.

Elsewhere in the world war were these developments:
See YANKS Page 8

Frankfurt Takes Another Pounding

By ROBERT STUDEVANT
LONDON, Oct. 5.—(AP)—Roaring over the blasted German city of Frankfurt less than 12 hours after American Flying Fortresses delivered a precision blow there, RAF heavy bombers last night dumped another load upon that war production center while a smaller fleet of night bombers struck Ludwigshafen.

The Germans could scarcely have had time to put out the fires and reorganize their defenses after the American daylight attack on the important Frankfurt industrial sector when the RAF returned to the scene and gave the city its 38th battering of the war, and the fourth major British blow in as many nights.

The great bomber fleet ranged over much of the Rhineland during the night delivering the main attack on Frankfurt—exceeding 500 tons—and a force of Lancasters made a subordinate raid on Ludwigshafen which with its twin city of Mannheim across the river, has been blasted 50 times previously.

From all of these operations, which included Mosquito attacks on other objectives in northwest Germany, 12 airplanes failed to return. The attack on Frankfurt, city of more than half a million and the site of many motor, chemical and rubber line works, was the RAF's first substantial raid there, and the 18th major Allied attack in a little more than a fortnight of thundering heavy bomber activity.

Returning bomber crews reported that large fires were eating through sections of the city. Ludwigshafen and Frankfurt are almost equidistant from Britain—between 420 and 450 miles. Ludwigshafen is located on the Rhine about 50 miles due south of Frankfurt on the river Main.

Crowd of 70,000 Fans See Cardinals Seek Second World Crown

Chandler And Lanier Pitch Opening Game

By SID FEDER
NEW YORK, Oct. 5—(AP)—The New York Yankees and the St. Louis Cardinals today for the start of a World Series that was as close as butter on your bread to everyone except the gambling guys getting on the brawl.

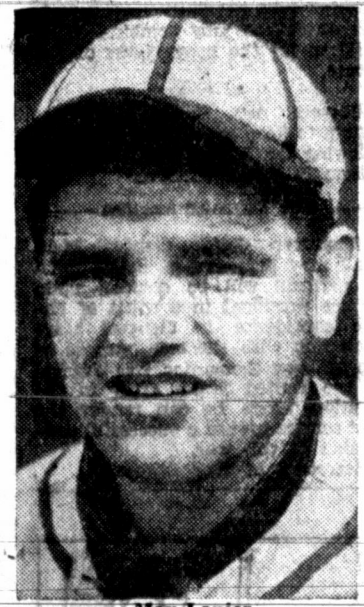

Spud Chandler

With Spud Chandler, the ex-Georgia footballer and lately hot-pitcher in the American League, a top-sided 5 to 8 1/2 choice to give Max Lanier a lesson in the plain and fancy art of throwing a baseball in the opening shindig, the Bronx Bombers drove into the annual fall fust the shortest pitch they've been in more than a decade.

But while the gambling guys put the Yanks on a 5 to 7 1/2 pedestal to win back the world championship in this return match with the St. Louis Swiftees—whether it takes four games or the legal limit—just about everyone else (including the hundreds still looking for series tickets and a place to sleep) were making this return match of the 1942 taffy-pull strictly a case of "you pays your money and you takes your choice."

From all angles it was a hair-pulling "rattle" between the speed and allround hitting of the "Sweethearts of St. Lou" against the noted pitching edge and the extra-base blasting of the Bombers. And in this corner, riding along with the guy packing the kavo punch, likes the Yanks to get those "bombs away" and on the target in five games or less.

But in spite of the merry-go-round the betting boys are starting to spin around the premises, the crystal ball was popping up with almost a guarantee that all records for series financial jackpots would get the spot-remover treatment for the opening game today. The annual ten-party was shooting at the \$9,502 "high" mark hit by the Cards and the Yanks in their Sunday game here a year ago.

Max Lanier

The choice of Lefty Lanier, with a record of 15 wins against 7 losses for the just-concluded campaign still had the quiz contest cooking on the front burners right up to the time the barrier was sprung. The National League cheering and chowder society insisted Billy the Kid Southworth named Lefty Max as his first flinger because he's been staidler lately than Mort Cooper, the Cards' 21-game winner, and because Mort's been straightening out a shaky soubonne.

On the other hand, the American Leaguers, always grabbing at an "angle," insist that Cooper's walling isn't nearly as woeful as it's cracked up to be, and the only reason Lanier became the fair-haired flinger for game No. 1 was because neither Billy the Kid nor Moanin' Mort wanted any part of Chandler, whose earned-run average for the just concluded campaign is the lowest in two decades in the junior loop.

BUY VICTORY STAMPS

Seven Southpaws In Same School Class

There should be some good south-paw pitching talent come out of Pampa school rooms in the next few years.

Seven of the 32 students, or approximately one-fourth of the pupils in the third grade class taught by Miss Lillian Mullins at East Pampa school, are left-handed writers.

Harvesters Build Up Air Attack, Defense

Taking stock of their experience in the game last Friday against the Weatherford, Okla., Eagles, Pampa Harvesters have been given "the works" in practice on pass offense and pass defense yesterday and today as the team prepares for its first trip of the season.

On Friday night, the Harvesters will go to Lawton for a game there against the powerful Lawton Wolverines.

In workouts Monday, the Harvester squad had 30 minutes alone on pass defense, and then 15 minutes on pass offense in the opening shindig. Coach Coffey also had the high school gridsters working out on passing, blocking and punting.

To avoid stiffness, he let 22 first

receiving formations, kick-off, signals, and again on pass offense and defense.

Coach Coffey was encouraged by improvement from the "hospital" list. McCracken, whose slight knee injury kept him out of the Weatherford tilt, is now ready to go. He got to play a bit on the two weeks before he is able to play again.

Campbell, who suffered a bruised hip, is still on the doubtful list. Boyles' knee is still stiff and the Kerbow's hurt shoulder will likely keep him out of the Lawton game.

If the Harvesters win the game against Lawton, they'll really have something to crow about for the Lawton gridsters are about the toughest the Harvesters will have to face this season, with the possible exception of Amarillo.

The Harvester line has been improved by the return of Turner, who had been out because of a bruised knee. Bridges has recovered from a bruised chest and is back with the squad.

On the other side of the picture, however, there is Manry, who is getting around on crutches due to a ligament injury in the Weatherford game and it may be two weeks before he is able to play again.

Campbell, who suffered a bruised hip, is still on the doubtful list. Boyles' knee is still stiff and the Kerbow's hurt shoulder will likely keep him out of the Lawton game.

If you judge by a letter from Carter Wald of The Lawton Constitution, the Lawton Wolverines are "only fair," but anyone who knows Oklahoma football knows that Lawton always has a good football team.

A green line and victories due to weak opposition, says Wald, are drawbacks. Not that winning is a drawback, but he infers that three straight wins is to be discounted because the Wolverines won over such teams as Hobart and Marlow and Anadarko. The latter is Pampa Coach Charles C. Criswell's former team.

Lawton whipped Hobart 26 to 0, opening the season, then blanked Marlow, 26 to 0. Last Friday night the going was a little stiffer but the Wolverines won from Anadarko by a comfortable margin, 59 to 12.

Outstanding players of the Wolverines are the veteran backs, Pete Warren, right halfback, 160 pounds; Jack Jones, quarterback, 150; Emmet Meraz, left halfback, 145; also Paul Callahan, tackle, 172. All are seniors, but Callahan has not had as much experience as the others. Warren, Meraz, and Jones each do the triple chore of punting, passing, and running.

Last year Lawton won six games, lost two, and tied one.

Lawton 6, Altus 19; Lawton 13, Central of Oklahoma City, 20; Lawton 0, Duncan 0; Lawton 20, Chickasha 0; Lawton 45, Frederick 0; Lawton 46, Walters 0; Lawton 6, Ardmore 0; Lawton 27, Anadarko 0; Lawton 13, El Reno 0.

Notice that each of Lawton's six victories was a shut-out and you will be inclined to discount Wald's statement that Lawton is only "fair."

Head coach at Lawton is Julius (Jui) Johnston, new to Lawton High school, former coach of the Camerton Aggies, Lawton, and for three years before that head coach of the New Mexico Aggies. War has practically ended football at the Sunshine state school.

Buck Kinsey is Jui's assistant. He was with Lawton last year. Gene Hancock, former head coach, is now in the army.

The Pampa-Lawton game will be played at Lawton's Roosevelt stadium, starting at 8:30 p. m., on Friday.

Number, name, weight, and position of Lawton's starting lineup for the game against the Harvesters: 47, Butemeyer, 148, lb; 98, Munn, 214, lb; 74, Enslay, 150, lb; 75, Scott, 168, c; 84, Neal, 156, 1st; 92, Callahan, 172, rt; 91, Kenyon, 170, lb; 35, Jones, 150, qb; 49, Meraz, 145, lb; 76, Warren, 160, rrb; 45, Johnson, 150, fb.

Sports Roundup

By HUGH FULLERTON, JR.
NEW YORK, Oct. 5—(AP)—A peculiar thing about this World Series is that the experts who have been watching American League baseball all season generally are picking the Cards to repeat, while the National League followers go for the Yanks.

That apparently reflects their opinion of 1943 baseball while they're still picking on the basis of what it used to take to win.

Billy Southworth still is playing the percentages in naming Max Lanier to start today, letters are supposed to be the Yanks' weakness so he'll fire southpaws until something cracks.

Joe McCarthy, as usual, leads with his ace.

And with that two-day interval after the clubs leave here, it'll give one or the other the chance to become the first three-game winner since Stan Coveleskie in 1920.

DOWN THE MIDDLE.
One way of figuring the strength of a ball club is to rate them on the catcher position. Here are a few tips on this may be that the Cards have completed 180 double plays this season and the Yanks have grounded into 137, just four short of a record.

ONE-MINUTE SPORTS PAGE
Branch Rickey and Church Dresen sat together at the Garden fights last night—which can be interpreted any way you please.

But don't expect any announcement from Rickey about Leo Durocher's status as Dodgers manager until the series future has died down. Looking over the week-end results, Pres. Jack Mara of the grid Giants announced: "We scored four touchdowns—Eshmont made two and Principle two."

The sad part of it, to Jack, is that Eshmont is playing for Del Monte Pre-Flight and Principle for the Sampson Naval Station.

Bobby Ruffin's victory over Beau Jack reminded some of the more literate fight followers of Harry Markson's favorite scrambled quote: "Punches roll off him like a duck takes to water."

SERVICE DEPT.
All in a name: Marine Cletus "Books" Foffenberger, who gave major league managers plenty of headaches, pitched for the "Yanks" in the Parris Island league this summer. He won 15 of his team's 51 victories, lost only four games and hit 377.

Keesler Field, Miss., will have a post football team this season—just a year after a big-time grid program was ruled out.

Capt. Arlo Klum and Lieut. Herman Rohrig have organized a squad of permanent party men and are trying to book some home games.

When the Fort Sheridan WAC contingent heard that a post grid team was being organized, Pfc. Lucille Turiglatto suggested this cheer: "Limburger, Roquefort, Philadelphia cream; yeah, Fort Sheridan, you're a scream!"

POINTED REMARKS
W. Henry Johnston, Lawrence College publicity director, has figured it out that Marquette's gridsters will be 2,483 points better than Lawrence Saturday.

He's figuring the number of red points at the prevailing rates for beef and the hilltoppers will have considerable weight advantage.

Irish At Top In National Grid Ranking

By HAROLD CLAASSEN
NEW YORK, Oct. 5—(AP)—If you are trying to figure out the winner of Saturday's football clash between Notre Dame and Michigan you might want to take the advice of 108 of the nation's sports writers who list the Irish as the country's best and Michigan second.

The same experts also tried to help you decide who is going to win the Navy-Duke scuffle at Baltimore the same evening by placing the Mid-Idies in fourth place on the first Associated Press poll of the young sports and the Blue Devils in fifth. Army grabbed the third rung.

Fifty-three of the voters rated the Irish, winners of both their games to date by top-sided scores, as the No. 1 outfit while 36 decided that the Wolverines were the best.

None of the other elevens among the 35 to receive consideration drew more than four first place votes, with Pennsylvania, Purdue, Iowa Pre-Flight, Minnesota and Southern California rounding out the top ten.

Probably the biggest result of the naval lend-lease system is the rise of Southwestern University, Georgetown, Texas, hardly known outside the Lone Star state previously, which grabbed eleventh place in the present poll ahead of Dartmouth, Louisiana State, Northwestern, Georgia Tech, Oklahoma, Tulsa and Ohio State, 1942 mythical champions. The Buckeyes collected 23 points and are 18th in the ranking.

The leading elevens with total points (first place votes in parentheses):

Notre Dame (53)	977
Michigan (36)	880
Army (4)	631
Navy (3)	616
Duke (4)	575
Penn (1)	434
Purdue (2)	392
Iowa Pre-Flight (2)	251

Minnesota (1) 237
Southern California 179
Second Ten: Southwestern 123, Great Lakes 112, Memphis Naval Air Technicians 95, Dartmouth 59, Del Monte Pre-Flight (2) 57, March Field 25, Louisiana State 24, Ohio State 23, Northwestern 18, College of Pacific 17.

North Carolina 13, Colorado College 12, Georgia Tech 12, Washington 10, Holy Cross 8, Texas North Texas Aggies 8, Tulsa 6, California 6, Princeton 2, St. Mary's Pre-Flight 1, Oklahoma 1, Texas Christian 1, Texas A. & M. 1, Georgia 1.

Experts Predicting 5 To 7 Game Series

NEW YORK, Oct. 5—(AP)—The World Series is an open book to the sports scribes, but opinion is about evenly divided on how to read it.

Most of the experts here to cover the opening of the diamond classic today agreed that the Yankees and Cardinals would need from five to seven games to reach a decision, but beyond that it was every man for himself.

If there was any trend in the selections, it was that writers who have watched the American League most of the season favored the Cardinals while those in the National League backed the Yankees.

This probably meant that neither club looked as good this year as the ones which won the championships in 1942.

Here is a sampling of the scribes' viewpoints:

Sid Mercer, New York Journal-American: Yankees in six games.

John Carmichael, Chicago Daily News: Six games, all right, but I

Experts Predicting 5 To 7 Game Series

like the Cards.

Jud Bailey, Associated Press: The Cardinals to repeat.

Sid Feder, Associated Press: The Yanks in five on better pitching.

Chilly Doyle, Pittsburgh Sun-Telegraph: Playing the first three games at home gives the Yanks enough edge to win.

Joe Williams, New York World-Telegram: The Yanks in five or six.

Al Buck, New York Post: I like the Yankees' pitching in five.

Irving Vaughn, Chicago Tribune: I'm hedging in favor of the Yanks.

Hugh Fullerton, Jr., Associated Press: Yankees—six games.

Jack Cuddy, United Press: St. Louis will do it in seven.

Casey Adams, International News Service: Yanks in six.

Max Case, New York Journal-American: Yanks in six.

Texas League Contemplating 1944 Start Up

DALLAS, Oct. 5—(AP)—The Texas League will discuss the question of resuming operations next season at a meeting of the directors here Nov. 13, President J. Alvin Gardner announced today.

This date was selected for the annual session by a majority vote of the club members, Gardner said.

It will be an all-day meeting, held in the Texas League office.

The League did not operate this season due to the manpower and transportation situations but indications are that it will decide to start up again in 1944.

The clubs will be represented at the meeting by the following: Beaumont, Ernest Lorber; Dallas, George Schepps; Fort Worth, Stanley A. Thompson; Houston, Eddie Dyer; Oklahoma City, H. O. Pope; San Antonio, William O. DeWitt; Shreveport, Bonneau Peters; Tulsa, Don Stewart.

Champ Beau Jack Loses To Ruffin

NEW YORK, Oct. 5—(AP)—Bobby Ruffin, a "Fancy Dan" from Long Island, is in line today for a shot at the lightweight title as a result of his upset victory over the ex-lightweight champion, Beau Jack.

Ruffin, so little regarded in the betting that the odds went as high as 10 to 1, punched out an unanimous decision over the former Augusta, Ga. shoeshine boy before a World Series even crowd of 14,449 at Madison Square Garden last night. The gross gate was \$43,429.

Congress May Not 'Go' For Tax Proposal

WASHINGTON, Oct. 5—(AP)—"Ouch!" was the first general reaction to the treasury's suggested program for boosting the federal income tax.

But the second reaction appeared to be: "Congress won't go for it."

The treasury suggestions are significant primarily as a standard of comparison as congress works on a new tax bill, which may wind up with no particular resemblance to the treasury's plan except for one thing: Taxes will be higher.

Some of the income tax suggestions to which congress undoubtedly will give serious consideration are:

1. A more complete system of withholding taxes from paychecks.
2. Elimination of the victory tax as a separate levy.
3. Amendment of the 1943 victory tax to permit everyone to use the postwar credit immediately.
4. Elimination of the earned income credit in figuring normal income tax.

As to the suggested lowering of exemptions for married couples and increasing of surtax rates, congress will, as usual, write its own ticket.

The treasury didn't go into details about extending the withholding deduction from wages and salaries except to say it should "collect substantially the full liability with respect to the higher salary and wage brackets." This would eliminate a lot of declarations of estimated tax which at present are required of about one in every three taxpayers in addition to their regular final yearly returns.

Under the present system, the withholding deduction is designed to cover single persons with wages and salaries up to \$2,700 a year and married couples up to \$3,900. Those in higher brackets must file declarations even if their income is entirely from regular wages and salaries.

Patman Takes Rap At Steel 'Fraternity'

DALLAS, Oct. 5—(AP)—Representative Wright Patman said here today that the "fraternity boys" of the steel industry, representatives of big steel, may have temporarily halted plans for production of steel in the southwest but that construction of a steel mill at Daingerfield, Texas, was unofficially approved by Donald Nelson before he left for England.

Patman is in Texas to attend the opening of a blast furnace at Daingerfield by the Lone Star Steel company.

"It is well known," he said, "that the steel division of WPB is controlled by big steel representatives. Two years ago they claimed they had enough facilities for the manufacture of steel in an effort to protect their monopolistic interests in the east."

"The Daingerfield mill is needed as insurance against unforeseen shortages."

YANKS
(Continued from page 1)

AIR WAR—Heavy RAF bombers blasted the German city of Frankfurt, 12 hours after Flying Fortresses and Thunderbolts of the U. S. air force had pounded an airplane factory by day and destroyed 75 Nazi fighters at the cost of 15 heavy bombers. The great war production center of more than half a million was hit with more than 800 tons and a smaller attack was pressed against Ludwigshafen and the Rhineland. The British lost 12 planes. It was the fourth successive night blow at Germany. By day, the Allies had struck St. Dizier in France, North Sea objectives, shipping off Holland and rail and water communications in northern France.

PACIFIC—The Japanese beheaded another American flier. U. S. destroyers sank or shattered 40 Japanese barges as Japanese apparently sped evacuation of Kolombangara in the Solomons. Allied troops on New Guinea moved up the Ramu river to envelop the Nipponese strung along the north coast between captured Finschhafen and Madang. Senator Chandler, back from touring the war fronts, demanded more help for General Stilwell, Chennault and MacArthur, saying we were apt to lose our China bases unless air was sent swiftly.

RUSSIA—The Red Army's great summer offensive bogged down in the mud of autumnal rains on the uneasy banks of the Dnieper and in White Russia. But 4,000 more Germans fell in "local" engagements. Red planes sank six barges and destroyed 100 trucks of the last Nazis fleeing into the Crimea from the Caucasus. Behind the Russian line, enormous efforts were in progress for the winter. Supply lines were being built, men were being massed.

WASHINGTON—Diplomats boldly asserted that Turkey would fight Germany when the time is right, probably in the spring.

LONDON—Admiral of the Fleet Sir Andrew Browne Cunningham, hero of the Mediterranean, became First British Sea Lord. He succeeded the ailing Admiral Sir Dudley Pound.

UNREST—The Vichy radio said France is on verge of civil war. A new wave of sabotage was reported in France and the Netherlands, and also in Rumania.

SEA WAR—The Germans asserted without confirmation that submarines sank a destroyer and seven cargo ships of 59,000 tons in the Mediterranean. A Greek submarine was lost.

Bribery Charge Against Ration Clerk Dismissed

DALLAS, Oct. 5—(AP)—George C. Harrington, former Fair Park ration board clerk, has been cleared of a charge of accepting gratuities with intent to influence official acts.

The charge was dismissed on recommendation of U. S. District Attorney Clyde O. Eastus.

Eastus said gifts were made by the men and others in appreciation of advice given them and were not intended and did not influence official action.

Daily Allowable Up In Texas Last Week

AUSTIN, Oct. 5—(AP)—Average daily allowable oil production in Texas for last week was 2,006,818 barrels, an increase of 62,224 barrels over the previous week, the railroad commission reported.

Number of producing wells increased 75 to 100,071.

Allowable by districts: 1-25,095, 2-139,505, 3-504,519, 4-167,245, 5-28,954, 6 outside East Texas-107,875, East Texas 372,035, 7B-30,720, 7C-29,394, 8-359,903, 9-182,612, 10-87,399.

Corn and Cutie

This is that tall corn you've been hearing about, but it was grown in Washington state, not in Iowa. Barbara Yarrow of Seattle stands beside the 10-foot cornstalk.

STORY

(Continued from page 1)

tenant Komal faces the prisoner and says: 'You are to die. I am going to kill you with this Japanese sword according to Samurai code.'

The prisoner is made to sit on the edge of a water-filled bomb crater. When I put myself in his place, the hate engendered by the daily bombing yielded to ordinary human feelings.

"The 'Iai' commander draws his favorite sword, the famous 'Osamura.' First he touches the prisoner's neck lightly with the sword. Then he raises it overhead. His arm muscles bulge. The prisoner closes his eyes for a second and at once the sword sweeps down.

"Swish. It sounds at first like noise of cutting, but it is actually blood spurting from arteries. The body falls forward. Everybody steps forward as the head rolls on the ground.

"Dark blood gushed from the trunk. All is over. There lies the head like a white doll.

"I realize that the emotions I felt just now was not personal pity but manifestation of magnanimity that becomes a chivalrous Samurai."

Then, the diary continued, a medical man took the sword, rolled the American's body over on his back and slit the abdomen open with one sweep, commenting, "these thick-necked white bastards are truck-bellied, too."

The body was then buried.

But that it might not be the end of the story was suggested by General MacArthur's headquarters. Appended to the press release as though to be remembered for future reference, was the footnote naming Sub Lieutenant First Class Komal as responsible for the killing. Komal was the next senior officer responsible was Lieutenant Commander Tsukioka.

Fordham Game Out; Horned Frogs Idle

(By The Associated Press)

At least one Southwest Conference event, Texas Christian, will be idle this Saturday because of cancellation of a game with Fordham, where football was dropped this season. The remaining members of the circuit, however, are busily working out for Saturday's scheduled contests.

All five of the games will be played against non-conference teams.

At College Station Texas A. & M. was preparing to take on Louisiana State on the Aggies' home field.

Texas U. Longhorns had a light workout yesterday but today say they are ready to launch stiffer drills to ready them for their tussle with the Oklahoma Sooners at Dallas.

Leg injuries were bothering Coach Jess Neely's gridders at Rice Institute, but Neely is hopeful that every member of his squad excepting Bob Zelman will be ready to appear against Tulane at Houston.

At Dallas, Southern Methodist footballers took it easy awaiting definite word whether Saturday's game with the Navy Memphis even will be cancelled. The fracas is set for Saturday in Memphis' municipal stadium, about 25 miles from the naval base, but the navy department's ban on off-the-base games, so navy spokesmen in Memphis believe, leaves little hope that the game will be played.

Seaback RRhoody Nicholas, with a twisted knee, was the lone casualty on the Arkansas U. squad as the Razorbacks opened the week's practice for their engagement with William Jewell college of Liberty, Mo., at Fayetteville.

Bloc Is Formed To Decentralize Heavy Industry

WASHINGTON, Oct. 5—(AP)—A bloc to "decentralize heavy industry," including steel, was formed by members of the house and senate yesterday at a meeting which was held by senator Connally (D-Tex.) that the war production board was declining to permit expansion of the iron and steel industry where such expansion would bring competition to big corporations now dominating the field.

Connally declared that the government has \$20,000,000 in a plant to produce pig iron at Daingerfield, Texas, and Texas has \$1,000,000 in it, but WPB's not going to let us build a steel plant there or anywhere else in the country, if they can prevent it.

Approximately 75 senators and representatives attended the informal meeting called by senator McCarran (D-Nev.) and agreed on appointing a steering committee of seven in each house.

McCarran said he would introduce a resolution for establishment of a special committee of the senate to "deal with the problem."

McCarran told the group that 32 states had coal deposits, 34 iron deposits and 27 both, but only 13 had some iron and steel production while 14 had no production whatsoever.

States which have both iron ore and natural coal deposits in usable quantity and quality, but which produce no iron or steel, include Arizona, Arkansas, Idaho, Iowa, Montana, Nevada, New Mexico, North Carolina, Oklahoma, South Dakota, Tennessee, West Virginia and Wyoming, McCarran said.

McCarran called for the establishment of a governmental agency to deal exclusively and directly with mining problems and interests, independent of control by existing government agencies.

Senator Connally said he is "very heartily" in favor of McCarran's plan.

(At Dallas, chairman Wright Patman (D-Tex.) said his house small business committee and the senate Truman committee, of which Sen. Connally is ranking democratic member, have investigators at work checking the part which Patman said big steel companies are playing in preventing approval by WPB of a steel mill at Daingerfield.)

(Patman had stopped at Dallas enroute to Daingerfield where today he is to light the battery of 78 coke ovens for the Lone Star Steel company's blast furnace.)

"We want to let the people know how the big steel companies have used the war to try to promote their own interest and to keep down any competition," Patman said.

threw him out.
Klein was thrown out by Gordon.
Walker took a strike and then fled deep to Stainback.
No runs, no hits, no errors, none left.

YANKEES:
Eiten looked at one ball, and then grounded out to Marion.
Lindell struck out but had to be thrown out, W. Cooper to Sanders.
Chandler picked out the first pitch and drove a clean single to left for the first hit off Lanier.
Stainback struck out.
No runs, one hit, no errors, none left.

FOURTH INNING
CARDINALS:
Mustard rolled to Gordon and was thrown out.
W. Cooper bounced to Crossetti and was tossed out.
Gordon came over behind second base to take Kurovski's hot grounder and threw him out on a good play.
No runs, no hits, no errors, none left.

YANKEES:
Crossetti rapped a roller which Klein took near first base and threw to Lanier in time for a put-out, but Crossetti ran into Lanier on the bag and the pitcher dropped the ball. Crossetti was safe and Lanier charged with an error. Klein received an assist.
On the first pitch Crossetti stole second as W. Cooper made a high, vain throw.
Johnson bunted safely, sending Crossetti to third, as Sanders fielded the ball and was unable to tag Johnson or beat him to the bag.
With the count one and one, Keller grounded into a fast double play, Klein to Marion to Sanders, Crossetti crossing the plate to tie the score.

With the count three balls and one strike, Gordon slammed a home run into the lower left field stands. Dickey popped to Marion.
Two runs, two hits, one error, none left.

FIFTH INNING
CARDINALS:
Gordon ran over back of second to make a great stop of Sanders' grounder but his throw was too late to catch the runner and it was a hit. Eiten, in indignation, over the decision at first, threw the ball to the ground toward home plate and as it rolled almost to the Yankee dugout Sanders raced to second. It was an error for Eiten.
Littwiler fled deep to Lindell.
Sanders went to third after the catch.
Marion homered to Gordon and was thrown out while Sanders was held on third.
After taking two strikes, Lanier looped a single into short center scoring Sanders with the tying run. Klein forced Lanier at second, Johnson to Gordon.
One run, two hits, one error, one left.

YANKEES:
The Cardinals' run in the top half of the fifth was unearned! If it reached first safely when his grounder to Klein took a bld bounce and hit him in the chest, dropping dead at the second baseman's feet. He was unable to locate the ball and was charged with an error.
Lindell fanned. Chandler also struck out. Stainback raised a high fly to Littwiler.
No runs, no hits, one error, one left.
