

EXPECT BILL TO BE PASSED DURING WEEK

HOUSE, SENATE VOTE FOR REGULATORY ACT OF DRYS

AUSTIN, Oct. 9. (AP)—The senate state affairs committee today recommended the house liquor regulatory bill, clearing the way for possible floor action this week.

The house bill, passed after more than a week of debate, would restrict sale of liquor to sealed packages by licensed dealers. The senate previously approved the policy of prohibiting sale by the drink.

AUSTIN, Oct. 9. (AP)—The house adopted a resolution today appropriating \$10,000 to continue investigation of the railroad commission's administration of oil conservation laws. A special committee was ordered to complete hearings before next April 1.

The house debated the resolution two hours while the senate, after lengthy parliamentary maneuvering, started considering a house chain store tax bill. The senate state affairs committee cleared the jam around liquor legislation by reporting favorably a house bill to limit sale in unbroken packages.

The special oil committee was alternately criticized for purported failure to investigate operations of major producers and lauded as an instrument through which hot oil has been reduced to a minimum. The house directed that state officials under investigation be permitted to appear with counsel, to cross examine witnesses and summon rebuttal witnesses.

An effort to make all hearings public was defeated. Rep. Morris Roberts of Pettus asserted the indirect results of the investigation were "highly desirable, and that it should keep illegal elements in check while Rep. J. Manley head of Stephenville said the greatest beneficiaries were hotels, cafes and transportation companies used by the committee.

Austria, Hungary Will Not Impose War Sanctions

GENEVA, Oct. 9. (AP)—The League of Nations alignment favoring the punishment of Italy for invading Ethiopia was broken today by Austria and Hungary.

Bern Pfugel of Austria announced that his nation does not accept the report of the council committee of six under which sanctions would be imposed against Italy.

The delegate from Hungary announced that his country was not in a position to endorse the conclusions of the league council which decided that Italy had disregarded its covenants under the League of Nations.

The attitude of the diplomats present was a surprise. The assembly hall was crowded. Such throngs of spectators attempted to witness the deliberations in this crucial moment for the league that police guards had to hold them back with poles.

Experts pointed out that the opposition by Austria and Hungary meant merely, in the event of a vote favoring the sanctioning of Italy, that those two nations would be exempt from participating in whatever sanctions were decided upon.

Duke And Duchess Of Kent Have Son

LONDON, Oct. 9. (AP)—Great Britain, where the arrival of a royal child is something more than another name in the registration books, rejoiced today over the birth of a son to the Duke and Duchess of Kent.

The new prince, third grandson of King George and Queen Mary, is seventh in line of succession to the throne. The birth occurred at the town home of the Duke, third son of the king. The mother is the former Princess Marina of Greece, whom the Duke married last November.

"It's a boy," was the unconventional way many spread the tidings. Crowds passing the city Guild Hall and the home office, where in accordance with established practice bulletins were posted, read the formal words, smiled and passed on the news.

I Heard . . .

R. G. Allen, Don Donovan, and E. A. Allen, pulling long arms from the sheets last night. The call was to determine what is the delayed parachute jump record. No official figures are available, but a jump has been made from about 25,000 feet, with the jumper being 2,000 feet from the ground when the parachute was opened. A man jumping from the height travels at the rate of 150 miles an hour until getting out of the stratosphere, when his speed decreases. He is traveling at the rate of 125 miles an hour at 10,000 feet, and at 115 miles an hour at 2,000 feet.

HOME NEWSPAPER Established April 6, 1907 Official Publication, City of Pampa

(VOL. 29. NO. 159) (Full (AP) Leased Wire) PAMPA, GRAY COUNTY, TEXAS, WEDNESDAY EVENING, OCTOBER 9, 1935. 8 PAGES TODAY (PRICE FIVE CENTS)

Twinkles

All the smart politicians are "summer following" in preparation for the next campaign. Any whose offices have raised them a few things in the next election. That's politics.

One of the regrettable things in this country is that folks disagree too much. And are too hard-skinned to accept reasonable compromises. We do not wonder that missionaries have a hard time explaining all the shades of interpretation which denominations insist upon.

Sr. Mussolini is like all recent dictators in picking on a puny foe to demonstrate his power.

Win or lose, Pampans can thank the Capitol Hill Redskins Friday for providing just the opposition to make us take this football business seriously.

Skippy, the pup, is very, very proud of two new nephews and a niece. And his title of uncle.

Musings of the moment: One newspaper man has died in Ethiopia. It's a bad war, as usual. Mussolini must scent oil; the land isn't worth much. If the Harvesters can't do it, we'll still enough. Coaches Mitchell and Frejman might bring them down and put them through jay-walking exercises.

Brevitorials

WE ACKNOWLEDGE a letter from H. D. Thomas, who now lives at Olton. Mr. Thomas sends us his subscription and asks for something on the 1935 Harvesters. To bring Mr. Thomas up to date, the scores so far this season are: Harvesters 19; Lawton, Okla. 0; Harvesters 19; Bowie of El Paso 0; Harvesters 18; at Childress 0.

ALTHOUGH THE Harvesters have not been scored on this season, the prospects are very, very good for a little plunking to be done in this respect next Friday night by the Capitol Hill Redskins of Oklahoma City. The Sooner state champions, Amarillo, in winning over this team 27-18, had less opposition than Pampa will have this week. The Redskins had not been beaten in 42 games and they were cocky, too. Their attitude here will undoubtedly express their opinion of Texas teams which mar such great records.

FRANKLY, THE Harvesters look great but they are green and do not themselves know what they can do. A small-sized drubbing this week might not do them any harm, some of the fans are saying, but when game time arrives every Pampan will be yelling for points. You know Pampa, and Pampans.

The rest of the schedule: Oct. 18, still unfilled, Oct. 26, Lubbock at Lubbock. Nov. 1, Plainview at Plainview. Nov. 9, Borger at Pampa. Nov. 15, Fort Collins, Colo., at Pampa. Nov. 28, Amarillo at Pampa. . . . Pampa's team must be in top form in meeting Plainview, Lubbock and Fort Collins this year of the Amarillo game, nothing need be said!

THE SAME OLD story is being told in the gas litigation. Big pipeline companies are as usual forcing them to take gas ratably. This legislation was passed at the time when the plea of the gas companies was granted for outlawing of gas stripping. The old policy of take all and make no compromises is continuing. And on the other side of the picture are the gas strippers, operating wide open again because the courts give them injunctions while the pipelines have similar ones. . . . The dear public, meanwhile, will continue to pay the bill for waste and efforts to pass legislation which will enforce ratable taking and proration.

EVERY WEEK is a "week." Next week is Air Navigation week.

Cigaret Levy Is Upheld By Court

AUSTIN, Oct. 9. (AP)—The supreme court today in effect upheld constitutionality of the Texas cigarette tax case in the ex parte case of Sam Kimberlin, cigarette tax enforcement chief in the comptroller's department.

The court denied a writ of habeas corpus for Kimberlin, sentenced by District Judge Sarah T. Hughes in Dallas to three days in jail for contempt for alleged violation of an order restraining interference with the business of the Interstate Tobacco company.

While the court denied the state's contention Judge Hughes was with jurisdiction, it held the lower court ruled erroneously on question of law and fact.

The court held that when cigarettes were delivered by salesmen to purchasers and the purchase money collected "they ceased to be in interstate commerce and become a proper subject for taxation under the provisions of the cigarette tax law."

Pampans and residents of Hopkins (No. 2) community south of the city will meet tonight at a picnic and supper at the community hall. The event, including a short program, will begin at 8 p. m. Pampans will meet at the city hall and leave at 7:30 p. m. Everyone is invited to make the good will trip.

Hauptmann Conviction Upheld

Italians Boast Of Conquests In Fertile Adigrat

BY ANDRUE BERDING. WITH THE ITALIAN ARMIES ON THE NORTHERN ETHIOPIAN FRONT, Oct. 9. (AP)—Gen. Ruggero Santini said today: "When we have Ethiopia, there will never be another Italian who needs to emigrate to America."

The 65-year-old commander of the Italian left column, which captured Adigrat, was pointing out to this correspondent the salient places of the rich valley in which Adigrat is set.

He indicated a mountain behind the town and said: "Beyond is a region still more fertile. Italy will never have to buy grain, cotton, or coffee from abroad."

The terrain is broken up, but is sprinkled with fertile valleys. The word "Adigrat" itself means "cultivated fields." There were plenty of watermelons to be seen.

Verdict Stuns Mrs. Hauptmann

NEW YORK, Oct. 9. (AP)—Mrs. Anna Hauptmann, wife of Bruno Richard Hauptmann, was stunned today when she learned that the New Jersey court of errors and appeals had upheld the death sentence of her husband.

She was unable to talk for a moment when the Associated Press informed her of the decision.

"The she said: 'I don't know what I will do now, but Richard and I will continue to hope in God. I hope and pray that the true facts will come out before they can do anything to my poor man.'"

President Approves 2 Gray County WPA Road Projects

WASHINGTON, Oct. 9. (AP)—President approval was announced today on all allotments of federal funds totaling \$1,790,976 for WPA projects in Texas.

The allotment included the following projects: Childress county: Childress—Improve 100 blocks of streets \$31,022; improve city park \$28,127; improve 19 miles of laterals \$46,881; improve Kirkland road \$39,036; improve Garden Valley road \$47,678.

Gray county: Pampa—Improve road \$9,356; improve Alanreed-LeFors road \$20,000.

Hale county: Hale Center—Construct concrete culverts on county lateral road \$4,100.

Plainview—Improve roads \$21,350; construct road from Hale county line westward to Lamb county \$22,850; pave parkways on Sixth, Seventh, and Eleventh streets \$10,500; improve farm-to-market road for five miles, \$28,200; improve road from state highway No. 38 to south boundary of precinct No. 4 \$22,600.

Lubbock county: Lubbock—Repair schools and improve grounds, \$23,040; improvements at Technological college \$58,060.

Potter county: Amarillo—Improve school grounds \$1,602.

Tom Green county: San Angelo—Improve streets \$85,200; improve streets \$28,200; improve 150 miles of lateral farm-to-market roads \$307,842.

Wichita county: Iowa Park—Community service program \$35,154; road improvements \$2,618.

Wichita Falls—Improve road and drainage \$2,618; community service program \$3,513; improve 69 blocks of streets, curbs, and gutters \$52,085; improve drainage for five miles in precinct No. 3, Iowa Park \$37,320.

Hopkins To Give Supper Tonight

Pampans and residents of Hopkins (No. 2) community south of the city will meet tonight at a picnic and supper at the community hall. The event, including a short program, will begin at 8 p. m. Pampans will meet at the city hall and leave at 7:30 p. m. Everyone is invited to make the good will trip.

Death Sentence Is Affirmed

The most likely avenue of escape for Richard Bruno Hauptmann, under sentence of death in the kidnap-murder of Charles A. Lindbergh, Jr., was cut off today when the highest appeal court in New Jersey, refused to grant him a new trial.

A PERMANENT JOBLESS ARMY IS FORESEEN

LUBIN SAYS ABOUT 3 MILLION WILL NEVER FIND WORK

WASHINGTON, Oct. 9. (AP)—Isador Lubin, commissioner of labor statistics, estimated today that between 2,000,000 and 3,000,000 of America's jobless will never find work again in private industry, but said he had no fear of a "permanent army of unemployed."

The United States, he said, has always suffered from a "shocking shortage" of educational, recreational and health facilities.

The work of creating and maintaining these facilities will eventually absorb the unemployed, he said, but he contended it would be done by the government and not by private industry.

Lubin's views were expressed in an interview in which he analyzed the unemployment problem, and frankly conceded it would be several years before the great bulk of the jobless could find work.

He pictured the employment outlook in manufacturing industries as much brighter than some other lines. Less than 2,000,000 are still unemployed in those industries, he estimated, and they can be absorbed. There is no reason to consider, he said, that 1929 industrial production was the peak.

"It is silly to think that the nation's consuming capacity stops at the 1929 level," he said. "There is no reason why it can't go beyond that."

But the great bulk of the unemployed, Lubin explained, were formerly in the wholesale and retail trades, the railroads, telephone and telegraph, agriculture, professional services, construction and domestic service.

Some of these, such as the million and a half jobless in the construction industry and the 1,000,000 unemployed in domestic service, will eventually find work again, he said, but it will be a slow process. Demands for this kind of work will return to normal only after others are back on the job.

SLATON TO BE QUESTIONED IN WHITE'S DEATH

Skeleton Identified By Wife Through Odd Shoe

AMARILLO, Oct. 9. (AP)—A skeleton found in a shallow grave near here Sunday today had been identified as the remains of G. Victor White, 32, of Amarillo.

Chief of Police W. R. McDowell said that Grady Slaton, convicted robber who had been sought for the last two years as a bond jumper, would be questioned in connection with the case. Slaton was located and arrested at Fort Worth yesterday on advices from Amarillo officers, Chief McDowell said.

White's widow, Mrs. Vivian White, said Slaton and her husband were together when they left here Feb. 18, 1932. She said she had not seen White since.

The skeleton was identified by Mrs. White and other members of the family through a misshapen partly-decayed shoe. White was crippled, causing him to walk on the toes of his left foot. The left leg bones of the skeleton were about two inches shorter than those of the right foot.

A microscopic examination revealed that fragments of a man's coat found in the grave matched in color, fabric, and weave with trousers White left at home.

Slaton was convicted at Tulla in 1933 and sentenced to five years in the penitentiary for robbery of a drug store at Eddy. Officers said he failed to return after being released on appeal bond.

Tulla officers notified penitentiary authorities that Slaton was in jail at Fort Worth.

NEWS CURTAILED

ADDIS ABABA, Oct. 9. (AP)—The Ethiopian government today ordered foreign correspondents to limit their dispatches to 100 words daily, owing to congested communications. A censorship was put into operation.

By JAMES A. MILLS (Copyright, 1935, by The Associated Press.) ADDIS ABABA, Oct. 9.—Ras Seyoum, Ethiopian commander on the northern front, reported early success today in maneuvers of three Ethiopian forces against the Italian right flank, claiming capture of an Italian colonel and 30 other officers.

The Ethiopian government flatly denied the following reports: That Ethiopians had invaded Eritrea; that Italians were using poison gas; that Ethiopians had surrounded

'Black Eagle Of Harlem' Would Recapture Aduwa

ADDIS ABABA, Oct. 9. (AP)—Colonel Hubert Julian, the "Black Eagle of Harlem" rode on a foaming mule into this capital today from nearby Ambo.

Arriving breathlessly at the imperial palace, the irrepressible West Indian negro shouted to bystanders, "The emperor telegraphed me to rush back to Addis Ababa. What's the matter?"

"The war is on, Aduwa has fallen," the spectators answered, whereupon Julian, wearing the uniform of a colonel in the Ethiopian infantry, exclaimed "that he had been riding for 31 hours without rest and had not known of the war."

"If the emperor wishes, I start immediately to Aduwa to help recapture the city," he proclaimed. "I know how to fight the Italians. I knew many of them in Harlem."

With that, he darted into the palace gate, strode past the cages of Halle Selassie's snarling lions and reported to the emperor.

Julian, though claiming 17 years of aviation experience, now serves as commandant of a provincial army camp at Ambo, where he says he is training 10,000 infantrymen.

AMARILLO WILL SEND TRAIN TO FRIDAY'S TILT

Several Hundred To Ride Special To Pampa

A special train, carrying Amarillo football fans to the Pampa Harvesters-Capitol Hill of Oklahoma City football game here on Friday night, will arrive at the Santa Fe depot at 7:15 o'clock. The train will be met by the Pampa high school band, the pep squad, and local citizens.

School buses, and cars secured through the Board of City Development and Junior chamber of commerce will meet the train and take the Amarillo fans to Harvesters field. The buses and cars will also bring the trippers back to the train after the game. The train will leave for Amarillo at 11 o'clock.

Amarillo asked for 200 reserve seat tickets and intimated that more might be needed. The tickets went on sale both here and in Amarillo at 1 o'clock this afternoon. Seats are on the east side of the field, General admission and reserve seat costs \$1.

The game on Friday night will be the most important until the Thanksgiving Day game with the Amarillo Sandies. Amarillo defeated Capitol Hill, 27 to 18, last Saturday in Amarillo. All eyes are now on the Harvesters. Can they down the Redskins by as large a margin? Can they even defeat the Redskins? The queries will be answered at Harvesters field Friday night, beginning at 8 o'clock.

Fisher To Break News To German

TRENTON, N. J., Oct. 9. (AP)—It probably will be late this afternoon before Bruno Richard Hauptmann leaves the court of errors and appeals has upheld his conviction in a lower court.

Col. Mark O. Kimberling, warden of the state prison, said he would not inform Hauptmann of the decision but would wait to see if C. Lloyd Fisher, chief of defense counsel, comes to the jail.

Kimberling said he would let Fisher break the news to his client if he arrives by 3 p. m.

B. C. Heare of Miami transacted business in the city this morning.

Ethiopians Wage Flank Offensive

By JAMES A. MILLS (Copyright, 1935, by The Associated Press.) ADDIS ABABA, Oct. 9.—Ras Seyoum, Ethiopian commander on the northern front, reported early success today in maneuvers of three Ethiopian forces against the Italian right flank, claiming capture of an Italian colonel and 30 other officers.

The Ethiopian government flatly denied the following reports: That Ethiopians had invaded Eritrea; that Italians were using poison gas; that Ethiopians had surrounded

Aduwa, massacring the Italians; that Edaghamus had been captured; and that the war minister had left.

Another Ethiopian chieftain, Ras Kassa, cooperated in the flank movement with an army 80,000 strong, Ras Seyoum reported, marching toward the Sett river on the border of Italy's colony of Eritrea.

Bedjazmatch Ayelu, with a third force, also was reported moving. See ETHIOPIA, Page 8.

NEW TRIAL IS DENIED BRUNO BY HIGH COURT

TRENCHARD TO RESET EXECUTION DATE IMMEDIATELY

(Copyright, 1935, by The Associated Press.) TRENTON, N. J., Oct. 9.—New Jersey's highest court condemned Bruno Richard Hauptmann today to the electric chair.

By unanimous decision 13 members of the court of errors and appeals upheld the Bronx carpenter's conviction by a Flemington jury last February 13 for the murder of little Charles A. Lindbergh Jr. March 1, 1932.

One by one in a tense court room they said "no" to the arguments, which Hauptmann's counsel had urged in making their appeal last June 20.

To the charge that Attorney General David T. Wilentz had gone far beyond his privilege in exhorting Hauptmann during the final summing up, the high court held that no ground for review was created, especially "in the absence of objection at the time by Hauptmann counsel."

The court held also that Hauptmann had not been improperly treated in Wilentz's cross examination "in the absence of objection." The Hauptmann counsel's contention that the state changed its theory of how the crime was committed between the opening and closing of the trial is no reason for reversing the lower court, the decision stated.

The decision was read by 73-year-old Justice Charles W. Parker. Judge Sustained.

As to the argument that Justice Thomas W. Trenchard, who presided at the Flemington trial, was unfair in his charge, the high court said: "It is always the right, and

See HAUPTMANN, Page 8.

Schools Observe Fire Prevention Week In Programs

Fire prevention week programs are being held in progress this week. Fire Chief Clyde Gold spoke at school chapel in the gymnasium this morning and at noon gave a demonstration of hazards before Rotarians in a program sponsored by the Lions club. Sam Houston school observed fire prevention. Tomorrow this school will send a class to the fire station for an inspection tour. Pupils from Hopkins No. 2 school also will visit the station. Other civic clubs of the city will have demonstrations.

The campaign against fires and accidents will be continued throughout the year.

Pampans To Attend State Road Meet

George Briggs, B. C. D. manager, left this afternoon for Dallas to attend tomorrow a session of the State Highway department.

A hearing for road men of Gray, Hutchinson, and Carson counties tomorrow was arranged by Gilmore N. Nunn and H. Otto Studer this week in Austin. The Pampans had a private conference with Chairman Harry Hines of the highway commission and also sought the influence of the governor on hastening work on the Pampa-Borger highway.

Mr. Nunn will fly to Dallas tomorrow, joined possibly by other Pampans, Carson and Hutchinson counties will be represented at the same hearing.

From Dallas, Mr. Briggs will go to Oklahoma City to participate in a program before the Oklahoma City chamber of commerce on the same subject.

I Saw . . .

Red Fanning, Harvester quarterback, having a big boil on the back of his neck lanced by a doctor. Red hopes the thing will be nearly well by Friday night.

Entries in the "grid-guess" contest and the fans at today noon were equally divided on their prediction of the results of the Pampa-Capitol Hill game. The most optimistic guess came from Wheeler where a fan guessed Pampa would win 20 to 0. The most pessimistic came from Pampa and the fan guessed the Harvesters would lose 20 to 0.

West Texas: Probably occasional rain tonight and Thursday; colder Thursday and in north and west portions tonight.

EDITORIAL

CLASS CONSCIOUSNESS AMONG FARMERS

Although the farmers of America have long had organizations and cooperatives, a steady stream of tracts from the department of agriculture today is re-interpreting farming to farmers and seeking to make their thinking uniform on economic phases of their condition.

Every day THE NEWS receives several envelopes full of publicity matter and tracts from the department. Some of these apply to crops not grown here. A tract which arrived yesterday can be summarized by saying that farm folk eat more and better, live longer, and have larger families than city folk.

Despite poor sanitary facilities in many farm homes, there is said to be less sickness among the farm population than among the city population and there is statistical evidence that the duration of life is considerably longer. The bureau of the census publishes what are known as expectation of life tables. From a survey made in 15 large cities and among farm people in 1920, it was learned that the new-born child is likely to live 6 or 7 years longer on the farm than in a large city, and even young people at the age of 17 are likely to live 3 to 5 years longer in the country than in the city.

In 1920, there were just about enough children in cities of over 100,000 population to hold population even. The cities grew because of immigration from Europe and migration from the farms. In 1930, the census showed from 20 to 25 per cent deficit in these larger cities in number of children necessary to retain their population. In the small cities, there was a 10 per cent deficit.

On the other hand, in the village population there was a 30 per cent surplus in children and in the farm population a 50 per cent surplus above the number needed to maintain a stationary population. With immigration from Europe now greatly reduced, it is clear that the cities are dependent on farm and village not only for a permanent increase of population but to prevent a decline a few years hence. If the birthrate declines much further and no increase in immigration is permitted, the natural increase in the rural population will not be enough to prevent a decline in city population, nor in the total population of the nation.

Before the depression, it was found, the farm families were consuming about 50 per cent more protein, 50 per cent more calcium, 40 per cent more phosphorus, and 30 per cent more iron than the standard ration necessary for good nutrition, while the working men's families had barely enough protein and had a deficiency of 16 per cent in calcium, 10 per cent in phosphorus, and 15 per cent in iron. Farm families ate 40 to 100 per cent more meat, eggs, milk, fruits, and vegetables than did the working men's families, who depended more on cereals.

By way of contrast, city families of course have better homes, more conveniences more amusements. The depression falling heavily on farm families, combined with the drought to endanger the rural food supply. The government, we are told repeatedly in the AAA tracts, is trying to achieve "parity" for the farmer—that is, to restore his buying power in terms of the articles he must sell to buy what he needs.

Crop curtailment, while raising prices, also reduces volume and to that extent lower buying power. The answer to the problem is the encouragement of foreign trade. This encouragement is being given, but:

"1. Making of trade agreements with other countries is bound from their very nature to be a slow process.

"2. A large part of American sales during the 1920's was the result of unwise American lending rather than sound purchasing power among America's customers. In order to restore this volume of sales, on a sound basis, purchasing power abroad would have to be built up by letting in an increased volume of imports in this country.

"3. Increased production in many parts of the world has both increased competition for world markets and cut the available markets for United States exports by supplying their needs from local sources. This is true of farm as well as industrial products."

THE NEW DEAL IN WASHINGTON

BY RODNEY DUTCHER

NEA Service Staff Correspondent
WASHINGTON.—When Mr. Jim Landis was made chairman of the Securities and Exchange Commission it was widely remarked that Wall Street received the news with a serene equanimity which contrasted sharply with the financial community's last-year conception of Mr. Landis as a red, red radical who lived in a red house in Georgetown with other red, red radicals and was a serious menace to certain Wall Street methods.

The story behind this complacent acceptance of the young braintruster is that Landis, as a member of the commission, has been more lenient than Wall Street expected—and much more lenient than many warm friends of the securities and stock market act had hoped.

In this he supported the retiring Chairman Joseph P. Kennedy, Roosevelt's gift to Wall Street, who established "reasonable" policies government issuance of securities and who enthusiastically endorsed Landis as his successor.

Irreconcilables in and out of SEC, believers in stringent regulation, who figure you can't feed wolves without hurting the sheep, now bemoan further probable continuance of the Kennedy influence through appointment of SEC General Counsel John J. Burns, whom Kennedy brought here from a Boston judgeship, to commissionerhip vacated by Landis.

Although Burns' appointment would give the commission a majority of three New Englanders, he is able and is objectionable only to those who feel that he gets along altogether too well with big New York lawyers who are seldom up to any public good when they come down here on business bent.

The general effect of certain Kennedy-Landis policies has been to permit corporation balance sheets in security-floating prospectuses which fail to give the investor a true picture of the company's financial status.

Modified registration requirements have been the SEC's boon to Wall Street. This, it has been charged, permits alternative methods of making statements which are even easier than some of the requirements for listing on the New York Stock Exchange.

Although the commission permits cockeyed balance sheets which in themselves would tend to deceive investors, it does require an accompanying accountants' report which explains that if the balance sheet were figured up in another way the results would be different.

CAPITOL JIGSAW

By HOWARD C. MARSHALL

AUSTIN, Oct. 9 (AP)—Congressman Wright Patman of Texas looked calmly into the eyes of former State Senator George Purl of Dallas, sitting opposite at a small table, and asked:

"Is Mr. Purl present?"
Purl gazed as calmly at former Governor Dan Moody, beside him, who arose and answered:

"Mr. Purl is within the room."
Patman repeated his question, after which Purl said he would decline to answer on grounds stated by "counsel."

It was a part of Patman's attempted investigation into chain store lobbying in Texas.

Purl, a representative of chain stores, challenged Patman's authority to conduct the hearing without other members of a congressional committee.

Patman indicated the former senator would be cited for contempt.

Whatever the impression over the state, the lobbying inquiry, taken up by a senate committee after the Patman effort, created intense interest among members of the legislature.

The committee began one session Senator J. W. E. H. Beck of DeKalb stalked in and addressed Chairman W. R. Poage of Waco:

"I'd like to get a little statement in the record," he said. "I'd like to say I told a lobbyist I would eat all his meals, drink all his liquor and vote against all his bills."

"You want to get that in the record?" Poage laughed.

"Well, maybe not," Beck replied. "There's too much in the record now."

Centility and proper politics, most politicians agree, go hand in hand. Governor Allred believes it.

He was pleased with the election of G. H. Nelson of Tahoka as a successor to the late Senator Arthur Duggan.

"Mr. Nelson is a very fine gentleman," the governor said. "He was a very loyal supporter of mine."

GOLDEN AFTERGLOW
DENVER, Oct. 9 (AP)—A decade ago an aging Denver churchman comforted a lonely English immigrant girl, who lay critically ill. She recovered then, but died recently after an emergency operation. Her will, filed for probate today, left the \$10,500 estate to the clergyman, the Rev. John W. Hudson, 83.

BOULS, INJURES MAY KEEP HARVESTER REGULARS OUT OF FRIDAY BATTLE

THREE PAMPA ELEVEN'S WILL PLAY FRIDAY

RED FANNING AND NOBLITT UNABLE TO SCRIMMAGE

Three Pampa football teams will be in action this week, five of them at home and the other on a foreign field. The Harvesters will meet the Capitol Hill Redskins of Oklahoma City at 8 o'clock Friday night under the lights at Harvester field. The Junior High team will meet Miami here at 3 o'clock Friday afternoon. The Gorillas will be in Alamo on that afternoon.

The Harvesters will be a letterman short in the starting lineup. Coach Odus Mitchell announced following a long practice yesterday afternoon, when it was determined that Leon Noblitt had a broken bone in his left hand. The hand had been causing Noblitt trouble for more than a week. He favored it in the game in Childress and played only a portion of the time.

Replacing Noblitt in the center of the line will be Donell Sparlin. He was unable to play early in the season because of an arm injury received during the summer vacation when he was pummed by a horse. Sparlin has been showing much improvement in the last few weeks, especially on defense.

Coaches also indicated that there might be other changes in the starting lineup, one at a guard and the other at a tackle position. Some of the early season substitutes have been showing such a willingness to play football that they have been outshining the regulars in practice.

Some of the first string, when given a new assignment, remark, "I can't do that, you'll have to get someone else to handle that job." Coaches now plan to let the boys at their word and let them warm the bench. They have been given every chance, but now the time has come to get down to business.

Red Fanning, Harvester quarterback, is going through a siege of boils. He was unable to scrimmage yesterday afternoon because of a stiff neck. Showers and Woolridge worked in the backfield in place of Fanning. Coaches expect the red-headed passer and punter to be ready Friday night.

Capitol Hill will be here with the strongest team that has faced the Harvesters this year. Smarting from a 27 to 18 loss in Amarillo last Saturday, their first in 44 games, the Redskins will be shooting the works against the Harvesters. The visitors will be more experienced, having all played together last year and will be older than their opponents. The Harvesters will have a slight weight advantage.

The Gorillas will attempt to break into the win column in Alamo, playing the newly organized Longhorns, Class C team. The Gorillas have been facing opposition out of their class in past games.

Miami is expected to prove stiff opposition for the Junior High boys who lost a hard game in last week. The youngsters are being worked hard this week and several new boys will probably appear in the starting lineup against the Warriors.

CORNELL TEAM BELIEVES HOPES OF GIL DOBIE

ANOTHER DEFEAT MAY BE STARING MENTOR IN THE FACE

NEW YORK, Oct. 9. (AP)—Gil Doble of Cornell has plenty of reason to be gloomy this season. It was in early September that the mentor of the big red team, starting his 10th campaign above Cayuga's waters, called the clan together and predicted that Cornell would have an "average" team. Coming from Doble, this was something of a boast.

Then came the "warmup" games. St. Lawrence, vanquished 14-0 last year, turned on her bigger rival 12 to 6 and Western Reserve followed with a 33-19 shelling.

The "warmup" games are over now. Ahead lie some of the major teams with which Cornell used to joust on even terms, but which this year shape up as much too big to handle.

Syracuse, which licked the Ithacans 20-7 last year, is gathering speed for another kill. Then will come some of the best teams in the east: Princeton, Columbia, Dartmouth and Pennsylvania.

Cornell may weep with Brown, which, having lost for the first time in history to Rhode Island state, has Dartmouth, Syracuse, Harvard, Yale, Columbia and Colgate to tackle before the season is over.

Saturday's football program, with most of the "warmup" games over, shaped up attractively. The football-minded in New York were caught between two desires, one to attend the battle between Purdue and Fordham and the other to see Chick Meehan's Manhattan outfit stack up against the classy Louisiana State aggregation.

In Cambridge, Mass., a large turnout was expected for the annual Holy Cross-Harvard game. Duquesne and Catholic university were giving the pickers something to worry about.

Kansas State and Marquette, Kansas and Michigan State and Wyoming and Denver shaped up as good Friday games.

Iowa was ready to tangle with Colgate in another Saturday game. Other contests expected to prove interesting were: Penn-Yale, New York university-Carnegie, Minnesota-Nebraska, Southern Methodist-Washington university, California-Oregon, St. Mary's-College of the Pacific, Tennessee-Auburn, Florida-Tulane, Duke-Clemson, and Maryland-North Carolina.

ONLY A FEW DISTRICT GAMES TO BE PLAYED THIS WEEK-END IN INTERSCHOLASTIC LEAGUE

By BILL PARKER, Associated Press Sports Writer. The sixteen class A football districts of the Texas interscholastic league are warming up to their annual championship marathon, and this week will see the playing of several outstanding games. Several scattered games have been played but it will be another week before the big parade really starts.

The various district schedules and championship games for this week-end follow:

District One	W	L	T	Pct.
No district game played to date and none scheduled this week-end.				

District Two	W	L	T	Pct.
Brownwood	1	0	0	1.000
Eastland	0	1	0	.000
Only district game played to date.				
District Game This Week				
Thursday at Brownwood—Clisco vs. Brownwood.				

District Three	W	L	T	Pct.
No district game played to date and none scheduled this week-end.				

District Four	W	L	T	Pct.
El Paso Austin	1	0	0	1.000
El Paso Fabens	0	1	0	.000
Only district game played to date.				
District Game This Week				
Friday at El Paso—Yeleta vs. El Paso high.				

District Five	W	L	T	Pct.
Wichita Falls	1	0	0	1.000
Quanah	0	0	1	.000
Electra	0	0	0	.000
Childress	0	1	0	.000
Vernon	0	0	0	.000
Only district game played to date.				
District Game This Week				
Friday at Wichita Falls—Vernon vs. Wichita Falls.				

District Six	W	L	T	Pct.
No district game played to date and none scheduled this week-end.				

District Seven	W	L	T	Pct.
Mason	2	0	0	1.000
Paschal	1	0	0	1.000
Polytechnic	0	0	1	.500
Stripling	0	0	1	.500
North Side	0	1	0	.000
Mineral Wells	0	2	0	.000
No district games scheduled this week-end.				

District Eight	W	L	T	Pct.
Team—				
Corpus Christi	1	0	0	1.000
Texarkana	0	1	0	.000
Edinburg	0	1	0	.000
Kingsville	0	1	0	.000
Only district games played to date.				
District Game This Week				
Friday at Corpus Christi—Browns vs. Corpus Christi.				
Friday at Edinburg—Kingsville vs. Edinburg.				
Friday at Robstown—Harlingen vs. Robstown.				

District Nine	W	L	T	Pct.
No district game played to date and none scheduled this week-end.				

District Ten	W	L	T	Pct.
Team—				
Gladewater	1	0	0	1.000
Texarkana	0	1	0	.000
Sulphur Springs	0	0	1	.000
Only district games played to date.				
District Game This Week				
Friday at Kilgore—Texarkanas at Kilgore.				

District Eleven	W	L	T	Pct.
Team—				
Mexia	1	0	0	1.000
Lufkin	0	1	0	.000
Only district game played to date.				
District Game This Week				
Friday at Mexia—Henderson vs. Mexia.				

District Twelve	W	L	T	Pct.
Team—				
Cleburne	1	0	0	1.000
Corciana	0	0	1	.000
Bryan	0	0	1	.000
Waxahachie	0	1	0	.000

San Antonio	1	0	0	1.000
Brackenridge	0	1	0	.000

ARKANSAS TO PLAY IN FIRST TILT AT NIGHT

THOMSEN BLAMES HIS SOPHOMORES FOR TCU DEFEAT

By BILL PARKER, Associated Press Sports Writer. When Coach Fred Thomsen orders his University of Arkansas gridemen on Carroll field Saturday night at Waco to engage the Baylor Bears, it will be the first night game in Razorback football history. It also will be the first night game in Thomsen's coaching career.

The flood lights should not bother the Razorbacks, and playing at night when the air is a bit chilly should aid them since the temperature will be more like that of the Ozark hills.

This will be Saturday's only Southwest conference game. Each team has won and lost six games since the start of their football rivalry in 1921.

Even though they lost last Saturday's opening conference game to Texas Christian, the Razorbacks gained 229-yards to 190-yards for Texas Christian and outscored T. C. U. in first downs, 15 to 13.

In an after-game discussion, Thomsen blamed mistakes by inexperienced sophomores for Arkansas' defeat. Thomsen pointed out that Robbins and Jeffries failed to play the ball but played the man when Lee Walls caught Texas Christian's winning touch-down pass.

The strategy in Saturday's game at Shreveport between Homer Norton's Texas A. & M. Aggies and Curtis Parker's Centenary college gentlemen should be worth the admission price.

These opposing coaches know each other's system from the ground to the sky. They worked together at Centenary for a number of years. Norton as head coach and Parker as his assistant. When Norton resigned to accept his current position

College Teams Are Weakened By Casualties

(By The Associated Press.) Injuries threatened to weaken Southwest conference football teams today as they settled down, some of them behind locked gates, to the business of studying the plays of week-end opponents.

The Texas Christian Horned Frogs drilled for their game with Tulsa university without the services of Drew Ellis, left tackle, who suffered chipped bones in his right ankle last week.

Coach Homer Norton of the Texas Aggies had to shift tackles because of injuries. He substituted John Whitfield and Warren Church for Selmer Kirby and Martin Lindsey, who had leg injuries. Kirby was not expected to be in the lineup against Centenary at Shreveport Saturday.

The Texas Longhorns buckled down to heavy drilling for the Oklahoma university clash Saturday at Dallas without their star quarterback, Charley Johnston, who was out with a fracture of a small bone in his left arm.

All regulars on the Southern Methodist squad except Jake Smith, versatile halfback, were in good condition. Smith nursed an injured shoulder, but it was hoped he would be able to play against Washington university at St. Louis Saturday. Hard scrimmage was marked off the Mustangs' work program.

"Ox" Larry, tackle, and Ken Clark, end, were on the injured list at Baylor university and it was feared they would not see action against Arkansas at Waco Saturday night. Coach Morley Jennings promised "over-time secret work" for the Bears.

The Arkansas Razorbacks reported no injuries as they worked hard on tricky plays designed to stop the Baylor Bears.

Gridiron plays as offered by the freshmen squad gave the Rice Owls trouble as they drilled for another inter-sectional contest.

Mrs. E. W. Voss, Mrs. E. A. Hampton and Mrs. Harry E. Hoare were Amarillo visitors this afternoon.

TOTAL OF 551 SCHOOLS ARE PLAYING FOOTBALL IN TEXAS

AUSTIN, Oct. 7.—Enrollment in football sponsored by the Texas interscholastic league this year totals 551 schools, the first time in the history of the league that more than 500 schools have signed up.

Roy B. Henderson, athletic director of the University of Texas bureau of public school interests, has announced. This is an increase of 78 schools over last year. Final enrollment for participation in this sport includes 89 school in Class A, 448 in Class B, and 114 in Class C.

Caution in regard to the care of the physical well-being of its football players has been given to each school by Mr. Henderson. He pointed out that even when every precaution has been taken looking to the protection and safety of the players there are hazards enough in football.

NAVIN TO ADD 10,000 SEATS TO DETROIT BASEBALL PARK

DETROIT, Oct. 9. (AP)—A big slice of that world series gate is going to stay right in the ball park where most of it was earned.

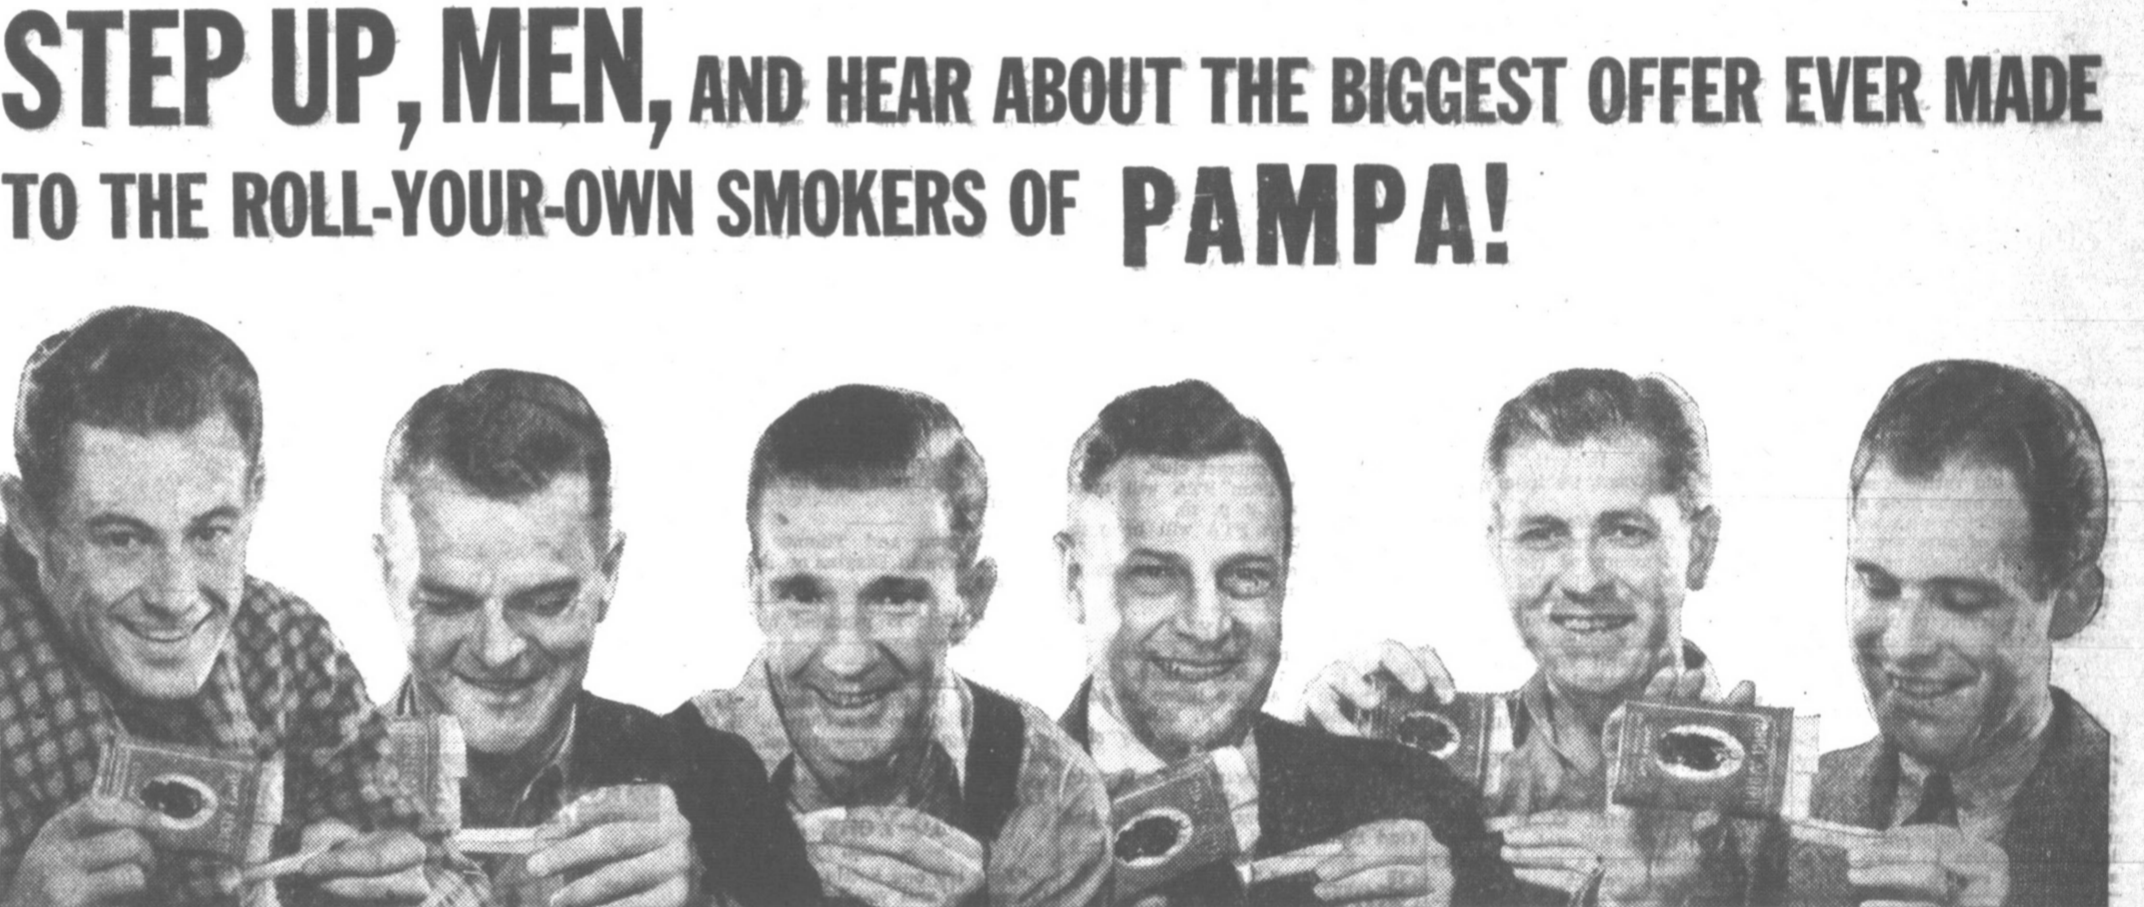

Frank J. Navin, president of the Detroit baseball company, has announced that he would spend \$500,000 this winter in enlarging the seating capacity of Navin field so that his champion Tigers could play to a bigger house next season.

Navin told a group of 800-business men who paid \$5 each for the privilege of crowding their knees under the same banquet table with the Tiger players at a "victory dinner" last night that his plans would add 10,000 to 12,000 permanent seats.

Navin wryly suggested at the banquet that Detroit's automotive engineers might concentrate their efforts on an arrangement whereby 300,000 fans, the number who applied for series tickets, might be crammed into 48,000 seats in case the Tigers come back at the head of the league next year.

INJURED CRITICALLY

WICHITA FALLS, Oct. 9. (AP)—H. C. Langford, 38, Dallas life insurance salesman, was in a critical condition in a hospital here Wednesday from injuries he received late Thursday night in an automobile accident near Mankins. He suffered skull and other head injuries. He apparently lay in his car for several hours before a passing motorist discovered him and called an ambulance. A brother, Mont D. Langford of Wichita Falls, said he apparently went to sleep at the wheel.

UNUSUAL YOU-MUST-BE- PLEASED PLAN EARNS INSTANT ACCEPTANCE HERE!

THE PLAN: Roll yourself 30 swell cigarettes from Prince Albert. If you don't find them the finest, tastiest roll-your-own cigarettes you ever smoked, return the tin with the rest of the tobacco in it, and we will refund full purchase price, plus postage.

(Signed) R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, North Carolina

- 5 REASONS WHY PRINCE ALBERT CAN MAKE THIS OFFER:**
- 1 Choicest, top-quality tobacco is used in Prince Albert.
 - 2 Prince Albert is "crimp cut" for easy rolling and slow, cool burning.
 - 3 Mild, mellow flavor assured by special "bite-removing" process.
 - 4 Packed right—in tin. No nother—no waste. Tobacco keeps in prime condition.
 - 5 Two ounces in every tin. "You Must Be Pleased"

Above is printed the most attractive offer, we believe, that has ever been made to roll-your-own smokers.

It is made to show the true satisfaction of smoking the best. And to show the added enjoyment of rolling a tobacco that admittedly is at the top in mildness—coolness—and fragrance.

Already, changing to Prince Albert has become a state-wide movement!

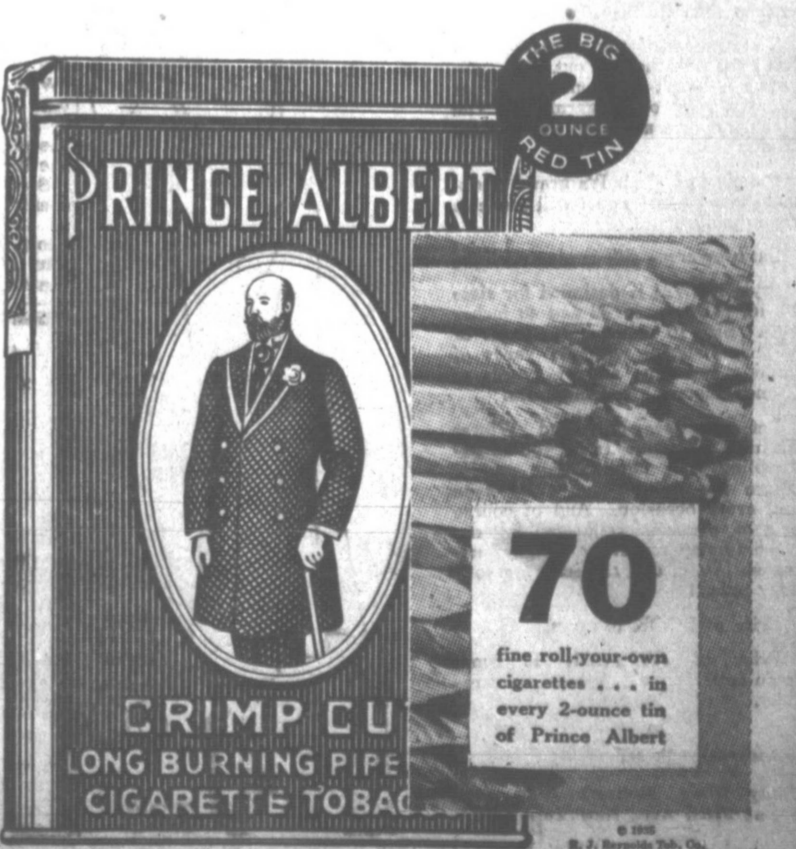

What you do—Simply go to your dealer and get Prince Albert. Roll and smoke 30 cigarettes. If you don't say they are the best roll-your-own cigarettes you ever had, the makers of Prince Albert will return your full purchase price, plus postage, just like it says above.

What to expect—Here's the reason such a straight-from-the-shoulder no-risk offer can be made. We know that in Prince Albert, we've got the quality—the taste and aroma—the top-of-the-morning flavor that men are looking for. Men who have once tried Prince Albert are satisfied with no other brand.

So now we ask that you, too, try Prince Albert. Test Prince Albert under our positive you-must-be-pleased guarantee. Note the special "crimp cut." That makes Prince Albert so easy to roll—assures you a fine firm cigarette. And, thanks again to the "crimp cut," Prince Albert burns slower and gives a cooler smoke.

The big 2-ounce economy tin—Prince Albert is packed right—in tin. No fuss or bother. No untidiness or waste. Your tobacco always in prime condition. And you are assured of your full money's worth in the big red economy tin of Prince Albert... around 70 of the finest roll-your-own cigarettes you ever made.

So start today to roll Prince Albert. And remember, Prince Albert is a mighty fine, mellow smoke in a pipe too.

PRINCE ALBERT THE EASY-TO-ROLL JOY SMOKE

TWENTIETH CENTURY CLUBS START THEIR STUDY COURSES

CONTRAST OF GOVERNMENTS IS DISCUSSED

LIFE UNDER VARIOUS RULES IS TOPIC OF GUEST

Contrasting the governments of Russia, Germany, England, and the United States in their effect on the life of the people, E. B. Fisher was guest speaker for the Twentieth Century club program yesterday afternoon.

Mrs. I. B. Hughey was hostess at her home for this, the first regular meeting of the season. Mrs. F. M. Culbertson was leader of the program on government. Members answered roll call with national government news, and gave their entire program hour to Mr. Fisher.

He spoke from observations made on a trip to Europe this summer, stressing differences in living conditions for the average citizen of these various countries and showing how differences in the government account for these conditions.

Mr. Fisher wore a Russian blouse which he explained is the usual costume of a middle class resident of the Black sea area. It was of linen, handmade and hand embroidered. The hostess served pumpkin pie and coffee after the program. Mrs. A. H. Doucette and Mrs. Ben Williams, new members of the club this year, were welcomed by the other members. Mmes. Clifford Braly, W. A. Bratton, W. R. Campbell, Culbertson, J. M. Fitzgerald, R. B. Fisher, W. T. Fraser, Ray J. Hagan, Hughey, B. C. Low, Roger McConnell, R. Earl O'Keefe, Tom Rose, Edwin Vicars.

Sin Is Subject Of Evangelist's Sermon Tuesday

"It's the jungle in the heart of the wildest and not the jungle the cat is in that makes him wild," Dr. Burke Culpepper told a large audience last night in speaking on the subject, "What Makes a Wildcat Wild?"

Dr. Culpepper is preaching in a two week's revival at the First Methodist church. He speaks each morning at 10 and each evening at 7:30.

The evangelist announced that he would deliver a message tonight that will wake up Pampa and everybody is urged to hear him. Dr. Culpepper spoke last night on the origin and results of sin. "Sin was born in an angel's heart, next in a woman's heart and then in man's imperial will," the speaker declared.

Giving a scathing rebuke to "cussers," the evangelist said, "I have no respect for cussing stewards, deacons or elders. A man cusses because he would rather cuss than to pray. No man ought to be allowed to practice medicine who will cuss in the presence of pure women."

"You can't laugh sin out of the world," Dr. Culpepper declared during the course of his message. "Today people are trying to defy man, humanize God and minimize sin. The same will power that will carry a man to hell will carry him to heaven. You can live right in Pampa as well as anywhere else."

Speaking of influence the evangelist said, "A man lives longer after he is dead than before he dies." At the close of the message hundreds of people thronged about the altar to shake Dr. Culpepper's hand pledging themselves to work for a great revival in Pampa.

Perfect Lingerie For Your Fall Frocks

That Assure Slim Straight Lines

BY ELLEN WORTH

Today's pattern includes the slip with fitted brassiere and the bloomers, as seen in the small views.

The design of the attractive slip has been well thought out. You will notice it hasn't any conflicting lines to mar your outer garment. The bloomers have a shaped yoke at the front.

Simple to make! It's grand "pick-up" sewing and its cost will prove so remarkably small.

Satin or crepe silk is nice medium.

Style No. 723 is designed for sizes 14, 16, 18 years, 36, 38 and 40 inches bust. Size 16 requires 2 1/2 yards of 35-inch material with 2 3/4 yards of binding for slip; and 1 1/4 yards of 35-inch material for bloomers.

Let the new Fall and Winter Fashion Magazine assist you in assembling your family's fall clothes. There are designs for every type and every occasion. And of course one of our perfect-fitting patterns is obtainable for every design illustrated. Don't delay! Send for your copy today!

Price of BOOK 10 cents.

Price of PATTERN 15 cents (coin is preferred). Wrap coin carefully.

Address your orders to: N. Y. Pattern Bureau, Pampa Daily News, Mohawk Bldg., 21st St., at Fifth Ave., New York City.

OFFICE CHANGES ARE MADE AS MORE THAN 100 MEMBERS OF B. M. BAKER ASSOCIATION MEET

Fire Week; State Birthday Are Observed

Takes Office

More than 100 members of B. M. Baker Parent-Teacher association were present for the meeting yesterday afternoon when Mrs. Roy Holt was chosen president to succeed Mrs. Cecil Lunsford, resigned, and the necessary changes in other offices were made.

Mrs. J. L. Anderson was elected vice president. Mrs. Holt, Mrs. Claude Lard and Mrs. Earl Roof were named delegates to the Parent-Teacher council and Mrs. Roof was appointed membership chairman in Mrs. Holt's place.

The program topic was Spiritual Growth of the Child, with the Rev. C. E. Lancaster, First Baptist pastor, as speaker. The program also observed fire prevention week and the state Parent-Teacher congress' birthday.

Fire Chief Clyde Gold spoke, and presented a demonstration showing the danger of substituting pennies for fuses plugs in household emergencies when the lights go out.

Mrs. J. M. Turner, president of the city Parent-Teacher council, talked on the state birthday, and lighted candles honoring the state founder and her followers.

The attendance prize went to Mrs. J. P. Arrington's room. The annual membership drive was announced, to be conducted through the pupils. The room securing the most members will be entertained by the membership committee.

Circles Meet in Study Hours at Members' Homes

Continued study in the book, Toward Christian America, made up programs for First Methodist Missionary circles Monday afternoon. The chapter title was Taking Stock of the Present.

Mrs. Harold Wright was hostess to circle one at the home of Mrs. Sherman White. After a devotional by Mrs. Joe Shelton, the lesson was directed by Mrs. Frank Shotwell.

Topics were: Racial Problems, by Mrs. Caryle; Christian Establishments and Religious Education, Mrs. Shotwell; Itinerant Evangelism, Mrs. R. A. Baker; Evangelism Through Other Institutions, Mrs. Shelton; Church Adjustment and Development, Mrs. M. E. DeTar. Refreshments were served to a guest, Mrs. B. C. Wallace, and 15 members.

Two hostesses, Mrs. S. C. Evans and Mrs. W. J. Foster, entertained circle two at the home of Mrs. Evans. Mrs. J. E. Ward gave the opening prayer and Mrs. H. B. Carson the devotional. Mrs. A. L. Patrick, lesson leader, was assisted by Mmes. Foster, Sackett, W. R. Ewing, Price, Ward, Babione, Montgomery.

Pumpkin pie, coffee, and mints were served after the study hour. Fifteen members of circle three met with Mrs. A. B. Whitten, 907 Twiford. Mrs. Lee Harrah led the devotional and Mrs. Paul Jensen taught the study course, assisted by Mmes. Waters and Weaver.

The hostess served a delicious plate lunch, with Mmes. Harrah, W. D. Waters, and E. J. Husband, assisting her.

Mrs. J. G. Noel was hostess to circle four, which had Mrs. Travis Lively and Mrs. Gaston Foote as study leaders. Mrs. C. R. Nelson conducted the devotional. Mrs. Tolbert was a guest, and 17 members were present.

CIVIC PROJECT FOR FORUM IS TO BE CHOSEN

AID TO STUDENTS IS PLAN SUBMITTED FOR YEAR

Welfare work among school children will likely be the service project of Twentieth Century Forum for this year. Several projects were discussed as the first meeting of the season was held yesterday, but final decision will be made at the next session.

Miss Margaret Buckler was hostess at her home to the club. R. B. Fisher was guest speaker on the program topic, Progress in Education. He spoke of new educational methods in this nation, and also of present conditions and aims of education in European countries which he visited this summer with a party of school leaders.

Mrs. Arthur Teed, new president, welcomed the new club members, Mrs. William S. Dixon and Mrs. William Finley. Discussion of the club project was directed by Mrs. Frank Perry, Mrs. C. N. Barrett, and Mrs. Robert Chafin, members of the project committee.

A gift from the club was presented to Miss Buckler, whose marriage to Russell C. Allen is announced for the last of this month.

Individual pumpkin pies and coffee were served to Mmes. Barrett, Roy Bourland, Chafin, Dixon, A. B. Goldston, Arthur Holland, T. R. Martin, Max Mahaffey, Gilmore Nunn, M. C. Overton, Per Arthur Swanson, Teed, Dick Walker, Finley, and the hostess.

P-TA at Horace Mann Will Hear R. B. Fisher Talk

Supr. R. B. Fisher will be the speaker to Horace Mann Parent-Teacher association tomorrow afternoon, discussing World Citizenship. The state Parent-Teacher birthday will also be observed with a candle-lighting ceremony. Group songs will open the program. Mrs. Benedict will sing a solo and Martin May will play a violin solo. The business session will be in charge of Mrs. A. L. Burge. Refreshments will be served at the close of the meeting.

Canadian News

CANADIAN, Oct. 9.—Mrs. T. R. Tipps and Mrs. Grace Menzie visited in Pampa yesterday.

Mr. and Mrs. Roy Chastain are the parents of a 6-pound daughter, born Monday at Canadian hospital.

W. E. Pritchard attended a convention of railroad men in Amarillo yesterday.

A. Dawson and Thomas Glenn Newton were in Higgins on business yesterday.

Frank Cole is reported quite ill at his home here.

A post commander's button was presented by the American Legion Monday night to E. J. Cussen. E. C. Fisher made the presentation.

Dallasite Ends 10-Year Search

"Just try one bottle of Gordon's Compound and you will never try any other remedy," declared Mrs. W. A. Nitcher, 4113 Elm street, Dallas, after searching for ten long, suffering years for relief from a stomach trouble undoubtedly caused by excess acid. Gas, bloating after meals, heartburn, heavy, burning feeling in the stomach—she had all these. Gordon's brought relief at once. She used 8 bottles, no longer needs it. Recommend it to others suffering with such troubles.

The Social CALENDAR

THURSDAY
Homemakers class of First Baptist church will entertain with tea at the home of Mrs. Jack Horner, 811 N. West. All members are invited.

Mrs. Fred Bozeman will entertain Eight Heats Contract club.

Woodrow Wilson PTA will meet at the school, 3 p. m.

Sam Houston PTA will have its regular meeting.

Horace Mann PTA will meet at the school building.

FRIDAY
A prayer meeting and social for First Baptist Homemakers class will be held at the home of Mrs. C. W. Briscoe, 407 N. Hill.

Garden club meets in city club room, 9:30 a. m.

Mrs. E. W. Hogan will entertain New Deal bridge club.

Royal Neighbors will meet in the Odd Fellows hall, 7 p. m.

Show of Magic Will Emphasize Revival Subject

"Hog Pens" will be the sermon subject this evening at Central Baptist church, where the Rev. J. C. Sizemore of Amarillo is conducting a revival. Preceding the sermon, a demonstration of magic will be presented to emphasize some sermon truths.

A large crowd last evening heard the evangelist speak on the subject, "Walking Skeletons," using as his text Ezekiel's sermon on the valley of dry bones. The speaker stressed the need of spiritual development in the life of the average person.

Services are being conducted each evening at 7:30, and in the mornings at 10 o'clock. The Rev. John O. Scott, pastor, invites the public to join his congregation in attending these meetings.

Coming to Speak

The Rev. C. Y. Dossey, pictured here, will arrive in Pampa next week to conduct revival services at First Baptist church. He is a state evangelist in the Baptist church, and is known as a speaker by many members of the local church. The public is invited to hear him, beginning Sunday, in daily services.

Houston P-TA to Collect Clothes For Pupils' Use

An executive board meeting at 2 o'clock will precede the program of Sam Houston Parent-Teacher association tomorrow afternoon. Mrs. F. M. Culbertson, president, asks that all board members be present. Members are reminded to bring their contributions of usable clothing to the meeting at 3 o'clock, to be given to students who do not have suitable garments for school.

The Rev. Gaston Foote, First Methodist minister, will be the speaker. His subject is Spiritual Development of the Child in Home and School. Mrs. Carl Boston, program chairman, is in charge.

SAFETY LAWS ARE DISCUSSED BY BPW CLUB

State Body Favors Licenses for Motorists

Highway safety measures recommended by state Business and Professional Women's clubs occasioned an interesting discussion at the Pampa club's business meeting last evening at the city club rooms. Grace Pool, membership chairman, and members of her committee were hostesses.

The state organization has submitted resolutions asking that the legislature require drivers' licenses and compulsory liability insurance of all motorists. These resolutions were discussed at length by the Pampa club, and tabled for further study.

Irene Irvine spoke briefly on Membership, Christine Cecil on Fellowship, and Mary Lou Downs on Attendance.

Plans were made for the October social meeting, which is to be a Weiner roast and scavenger hunt. The meeting place will be announced later.

Mrs. P. H. Schumaker and Dorothy Landrum were club guests. Members present, in addition to those on program, were LaVerne Ballard, Clara Lee Shewmaker, Mary Runyon, Lillian Jordan, Mildred Overall, Ola Nellis, Alta Lagow, Kathie Beverly, Lottie Schneider, Vera Lard, Audrey Fowler, Dee Polson, Mabel Gee, Gladys Robinson, Lola Carroll, Ruba McConnell, Gertie Arnold.

Revival to Begin Friday at LeFors Holiness Church

LeFORS, Oct. 9.—A revival in the Pentecostal Holiness church here will start Friday evening with sermons by the Rev. Isador Cohen of New York, a converted Jew.

Members of the church at Pampa who have heard Rev. Cohen speak there are expected to attend the services. Visitors from McLean are

Ministers Will Talk to P-TA on Spiritual Growth

Two visiting ministers who are speaking this week in Pampa churches will be on the program of Woodrow Wilson Parent-Teacher association tomorrow afternoon. The subject is Spiritual Growth.

The Rev. J. C. Sizemore of Amarillo, evangelist at Central Baptist church, will give the devotional talk on Home, the Foundation of Spiritual Growth, and the Rev. Burke Culpepper, speaker in the First Methodist revival, will discuss How Parents and Teachers May Cooperate in Spiritual Training of Children.

Fire prevention will be the subject of a brief talk by Mrs. Annie Daniels, Woodrow Wilson principal. Mrs. Tom Duval will lead the opening sing-song, and Miss Willie Reece Taylor will play a violin solo.

The program is to begin at 3 o'clock.

Pure Gold Class Elects Officers

Officers were elected for Pure Gold class of First Baptist church, when Christine Dickinson was hostess for a business meeting in her home Monday afternoon.

Hazel Pearce was elected president, Gwendolyn Underwood, Cleo Barrett, and Billie McGowan vice-presidents. Rita Holmes secretary, Christine Dickinson reporter.

Punch and cake were served to them and to Evelyn Kentling, Inez Hawkins, Rosemary Hinkle, Dorothy Scott, Mildred Kinchloe, Velone Anderson, Evelyn Benton, Maurine Pearce, and the teacher, Mrs. W. D. Benton.

Also expected, says the Rev. R. R. Robinson, who has recently been assigned the pastorate at LeFors to succeed the Rev. J. A. Bell. "We feel that these messages will be inspiring and helpful to all, and take this opportunity of inviting everyone to be present at the revival services," the pastor announces.

REVIEW GIVEN IN CLUB RULES TO OPEN YEAR

CULTURE CLUB LEARNS FROM PLAYLET AT MEETING

A parliamentary playlet reviewed for members of Twentieth Century Culture club at the start of their season yesterday, the rules they need to practice for a smoothly-functioning club year. Mrs. F. E. Leech was program leader.

The club met with Mrs. C. S. Boston, and the new president, Mrs. Clyde Gold, was in charge of a business meeting. Members voted to cooperate with the City Council of Women's clubs in the county songfest and beautification programs.

Mrs. R. S. Lawrence was appointed representative to the council to fill an office vacancy. Mrs. Olin E. Hinkle has acted as representative until the appointment was made.

Roll-call was answered with parliamentary rules. Mrs. Leech was assisted in presenting the program by Mmes. C. H. Schulkey, Marvin Lewis, Boston, and Hinkle.

Others present were Mmes. Crawford Atkinson, Joe Burrow, Jim Collins, N. W. Gaut, Gold, H. D. Keys, Lawrence, H. P. Lusby, A. M. Martini, L. N. McCullough, L. L. McColm, and J. P. Wehrung.

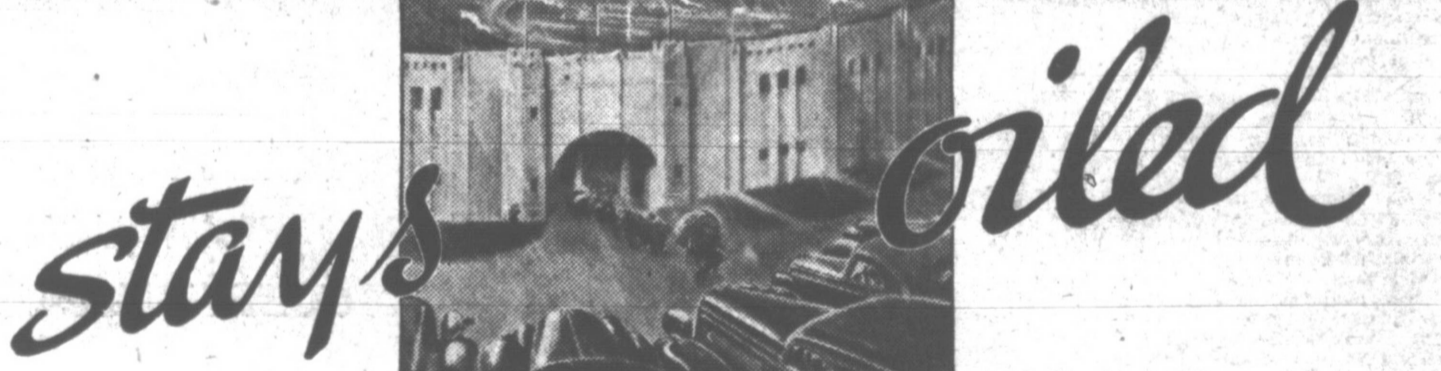

FOR STUFFY HEAD

YOUR CAR'S COLD TOO . . . SO MAKE SURE YOUR ENGINE

And please don't think you are going to read this same sort of thing about a "whole raft" of winter oils.

The clean-cut difference in favor of Conoco Germ Processed Oil is this: when the thermometer goes down there is a *Hidden Quart* of Conoco that doesn't. It can't. It stays and stays—becomes a lasting part of every surface in your engine.

The Germ Process . . . fully patented . . . makes this alloyed oil blend with metal remarkably, forming your *Hidden Quart*. Then no matter how long your car is parked or garaged in the coldest cold, you come out to a well-oiled start . . . not merely because fine paraffin-base Conoco Germ Processed Oil is free-flowing, but because the *Hidden Quart* is up on guard before any oil could even begin to flow.

Gone are the warm-ups that chew up your engine. Nor need you fear highest speeds, or hardest winter pulls. That's when Germ Processed Oil puts its high-durability film between you and repair men. It's not only light-bodied enough for winter, but tougher, too.

AND . . . road tests of cars with conventional babbitt bearings, and with the new copper-lead, high-lead, and cadmium-alloy bearings, prove Germ Processed Oil far better than plain mineral oils for all bearings!

Whether you're driving a '35 model or a "veteran," drive it in today for your Conoco man's winter help. Continental Oil Company, Established 1875.

Make sure your engine *stays oiled* GERM PROCESSED MOTOR OIL

DRIVE ON ACCIDENTS IN THE HOMES LAUNCHED BY RED CROSS AS YEAR-ROUND DRIVE LOCALLY

The Pampa chapter of the Red Cross is launching a campaign to eliminate accident-causing hazards in the home today.

"It is the chapter's purpose," Mr. Schneider said, "to make the homes of this community safe. Home accidents are due to carelessness, negligence and lack of knowledge and most of them are preventable.

According to Mr. Schneider, millions of persons are injured in the home each year. Last year more than 34,000 were killed and the number permanently disabled by accidents occurring in the home ran into six figures.

"People do not realize that the home is not safe," Mr. Schneider stated, "and it is the purpose of this Red Cross program to correct this erroneous belief."

A program of this nature, he pointed out, is necessarily largely educational in character.

The Pampa chapter will campaign against dis-interest and fallacy through the medium of the written and spoken word.

A comprehensive public speaking schedule is being arranged through an intensive effort to make children and parents aware of the very real danger which lurks in the home itself.

The Red Cross believes that knowledge of first aid will do much to prevent home accidents.

Individuals, civic and social clubs and business groups are being contacted. Many have already pledged their aid.

"Special home inspection forms have been prepared," Mr. Schneider said, "and are being introduced into the homes here through the children in our schools."

Arrangements have been made with school superintendents, principals and teachers so that school children will receive these books, take them home and conduct an actual inspection of the home to eliminate accident-causing hazards with the help of parents or relatives and return the blanks to the school, where they will be forwarded to the Red Cross for compilation of statistics to indicate what type of home accident hazard is most prevalent.

This home safety campaign will also include farm safety and safety while at work on the farm. Because of the inaccessibility of farms and the difficulty of securing accident statistics pertaining to them, little safety pioneering has been done in this direction.

"Preventing unnecessary death and alleviated human misery," Mr. Schneider, chapter chairman, pointed out, "is a chartered obligation of the Red Cross, and home safety," he said, "is a natural outgrowth of First Aid, a Red Cross service which has been in effect for some 25 years and is annually responsible for saving many lives."

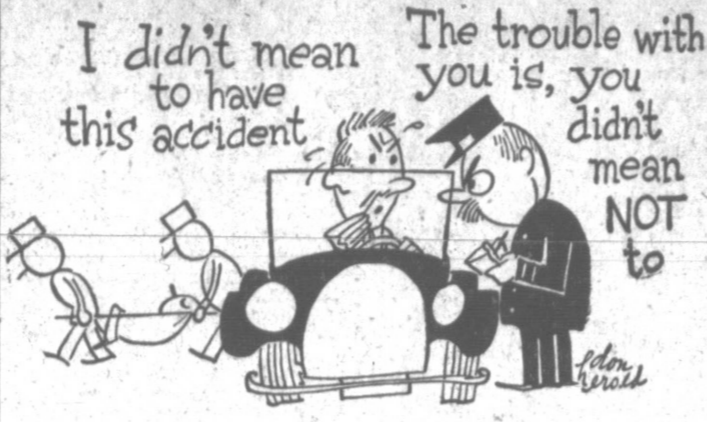

"The accident prevention campaign," he said, "will be carried out on a nation-wide scale and each of the nearly 13,000 Red Cross chapters and branches will play a part."

Coffee, while all right for many people, happens to disagree with me. Yet I used to be always yielding to the temptation to drink it. Finally I wrote a note to Mrs. Herold: 'I'll give you \$50 the next time I drink coffee. Coffee doesn't tempt me any more. I've got a bet on myself. I've made it exciting. NOT to drink it.'

Somehow, each of us has got to make careful driving exciting, each to himself. Maybe we ought to make bets with our wives or somebody on our careful driving.

1-MINUTE SAFETY TALKS

By Don Herold

PAVED WITH NO INTENTIONS

Nobody intends to have automobile accidents.

The trouble is, not enough people intend NOT to.

The whole point is, danger is interesting, and safety is rather dull.

"I've often said that the reason we have wars is that wars are entertaining, while peace is just blah.

We will never have peace until we can find ways to make it as thrilling as war.

Peace games, contests, parades, music, travel, etc.

Coffee, while all right for many people, happens to disagree with me.

Yet I used to be always yielding to the temptation to drink it.

Finally I wrote a note to Mrs. Herold: 'I'll give you \$50 the next time I drink coffee.'

Coffee doesn't tempt me any more. I've got a bet on myself. I've made it exciting. NOT to drink it.

Somehow, each of us has got to make careful driving exciting, each to himself. Maybe we ought to make bets with our wives or somebody on our careful driving.

We have got to get excited about NOT having accidents.

It might be a good thing if everybody drove slowly around his block before starting anywhere in his car, just making up his mind NOT to have an accident on that trip.

What this country needs is one hundred million people with the firm intention NOT to have automobile accidents.

It is the only way to lick out appalling automobile accident toll.

We could cut our million accidents a year into a half million IF WE WANTED TO.

One way is to decide to be something of a nut on safety.

When we remember that in the last 10 years more than 290,000 persons have been killed, and between eight and ten million have been injured in automobile accidents, we have to admit we ought to do something about driving and walking carefully.

CHAPTER 19 COLLAPSE

The sleepy clerk at a downtown hotel looked mildly astonished when Emily asked for a room.

He hesitated a moment, then succumbed to the elegant elegance of her clothes and luggage.

"If anyone asks for me," said the young woman who had registered as Miss Felton, "I am not registered here."

The clerk's eyes widened, then narrowed. "Very well," he said at last.

It might have been the significant look in the clerk's eyes, or it might have been the reaction from strain.

But as Emily turned to follow the uniformed back of the bell-boy she crumpled silently, like a puppet when the string is released, into a pitiful little heap upon the tiled floor.

There was a breeze that blew the immaculate curtains almost horizontal. There was a crack in the ceiling strongly suggestive of the Mississippi river and its tributaries.

There was a pungent, clean smell of disinfectants.

And finally, there was a nurse whose uniform was as crisp and white as the blowing curtains.

Emily addressed the nurse faintly. "What is this place?"

The nurse's voice was as crisp and immaculate as her uniform. "The Lookout Sanatorium."

"How did I get here?"

"You fainted at a hotel last night and the house physician there decided that this was just the very place for you."

She spoke cheerily, as if this were the Ultima Thule of all the nice places in the world.

Last night, Emily could remember now that a great many people had been fussing over her, and that someone had made her drink something.

At the memory of all that preceded last night her mouth quivered.

The nurse saw the quiver. "It's about time for you to drink this, I think," she gave Emily a glass with a straw in it.

The next time she awoke it was dark. She felt much stronger; able to smile at the crisp nurse and to drink some broth that was hot and smelled very good.

It was amazingly easy to tell him about it; far easier than telling her mother would have been.

She began with the street carnival and went bravely through to the nightmare of two days ago.

And when she had finished his mouth looked grim. He was consigning all the Frances Feltons to perdition.

"It's my fault," Emily said. "It's ridiculous for a person almost twenty-five years old to blame anyone but herself for a mess like this.

But loving people — your family, I mean — is like being caught in a web. Even if you break the web it still clings to your fingers."

"Suppose we leave them out of it," Dr. Warde suggested. "They'll manage to worry along. Let's talk about you and what you want to do next."

Edwin Barnes get a job, tomorrow.

U. S. Bank Bans Credit To Italy In Trade Deals

WASHINGTON, Oct. 9 (AP)—Officially confirmed today—a disclosure that the United States Export-Import bank has decided against granting credits to facilitate the sale of American goods to Italy.

This decision, while in line with the recently enunciated American neutrality policy, was made by the Export-Import bank last August at a time when Italy was reported to be preparing for its expedition into Ethiopia.

Officials said several applications for loans to help finance the sale of cotton and other materials to Italy were pending at that time.

They added that the same decision probably would be made with regard to Ethiopia in case the question should ever come up.

The officials said that the decision with regard to Italy was taken in the light of her preparations for war and other considerations.

The bank was established to provide longer term credits than commercial banks were willing to extend for the manufacture and sale of goods to foreign countries.

To date it has agreed to finance \$25,767,860 worth of foreign trade.

THIS SOCIAL WHIRL. EVANSTON, Ill., Oct. 9 (AP)—Members of the Junior League, working for the community chest, are now taking turns at giving "coffee" at 9 a. m.

The purpose is to fortify the workers with coffee and rolls before they start off to make their "collections."

ITALY CLAIMS JUSTIFICATION FOR CAMPAIGN

SAYS NO U. S. HOUSES IN ETHIOPIA WILL BE BOMBED

BY GEORGE JORDAN, Associated Press Foreign Staff. ROME, Oct. 9 (AP)—The Italian government underook today to justify before the world its tactics in Ethiopia.

A government spokesman announced that Italy's northern army was making every effort to restore regularity to civil life in captured Ethiopian territory and to lead natives to feel themselves better off under the Italian flag than under the rule of Emperor Haile Selassie.

Leaders of public opinion simultaneously pointed to the symbolism in the release of flocks of doves of peace, while Premier Mussolini reviewed young fascist officers yesterday.

Il Duce told the officers they must temper the souls of blackshirt youths "like steel."

The officially inspired press described efforts of the army advancing out of Italy's East African colony of Eritrea to raise the Italian tricolor as a symbol of "civilization." Italian sources said they wished the world to see that their trucks and pack trains were bringing order and efficiency to a "barbaric" kingdom.

They declared they desired Americans to feel that the Stars and Stripes, painted on Ethiopian roofs, would render their fellow Americans in the empire safe from Italian aerial bombs.

They wished Americans furthermore, they said, to believe that Italy appreciated President Roosevelt's neutrality as being only what Italy would expect from every country.

Shipping circles, however, expressed disappointment at the losses, expected after Mr. Roosevelt's warning to Americans to stay off vessels of the belligerent countries.

SOME OF RURAL RESETTLEMENT PROJECTS WILL BE ABANDONED

WASHINGTON, Oct. 9 (AP)—Abandonment of some of the rural community projects which his organization took over recently from NERRA was forecast today by Dr. Carl C. Taylor, rural resettlement director.

About 15 of the 39 communities "inherited" in various stages of development—from planning to actual construction—are being moved along toward completion, Dr. Taylor said, but the rest are being held up for investigation.

"Some of the projects, in which land purchasers' agreements with prospective residents have not been made, definitely will be abandoned," he asserted.

"Some of these were set up on land that isn't good enough," the director explained. "Some were set up with farms too small to support the families working them.

Some of them were set up with what might be termed sub-normal housing. Still others were set up to accommodate clients we do not consider eligible—persons without previous farming experience and others too old and decrepit."

Dr. Taylor's organization is swinging away from the idea of subsistence homesteads and part-time employment in new industries as a solution for farm families unable to make a living in their present locations.

It is developing projects of its own, he revealed, to move such families "into better farming situations"—both in communities of new farm homes and by infiltration into going and successful farm neighborhoods. Part-time industrial employment will be relied upon only in sections where it already is available, he said.

CIVIL SERVICE EXAMINATIONS The United States Civil Service Commission has announced open competitive examinations as follows:

Under card-punch operator, \$1,250 a year, alphabetic duplicating punch operator, \$1,400 a year, junior tabulating machine operator, \$1,440 a year.

"Camels don't get your Wind"

SAY THE DETROIT TIGERS 1935 WORLD CHAMPIONS

Here's the line-up on the smoking preference of the new world champions:

19 OUT OF 22 OF THE TIGERS SMOKE CAMELS

Today Detroit glories in its first World Championship! These 1935 Tigers have punched out a story of courage and energy that stands among the masterpieces. They could "take it!" What do the Tigers say about smoking? Here's Mickey Cochrane, dynamic Tiger manager: "One thing the team agree on is their choice of cigarettes—Camels. 19 of the 22 regulars smoke Camels. The Tigers say they can smoke all they want because Camels are so mild that they don't get their wind or upset their nerves."

How about taste? Jo-Jo White says: "Camels always taste better." You'll like Camel's mildness too. Camels never upset your nerves or tire your taste.

THE TIGERS "BIG FOUR" PITCHERS

ELDEN AUKER (left), SCHOOLBOY ROWE (next to Elden), ALVIN CROWDER (next to Schoolboy) agree with TOMMY BRIDGES (right), who says: "I smoke Camels because I can smoke as many as I like. Camels don't affect my wind or give me jumpy nerves."

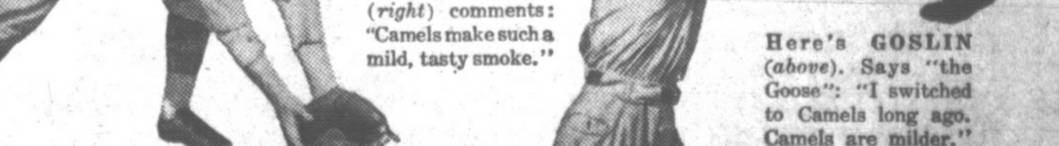

DETROIT WALKS OFF WITH BASEBALL'S BEST GIRL!

And OWEN! "I light up a Camel to refresh my energy," says Marvin (left).

GERALD WALKER (right) comments: "Camels make such a mild, tasty smoke."

Here's GOSLIN (above). Says "the Goose": "I switched to Camels long ago. Camels are milder."

I ALSO THINK THAT CAMELS ARE MILD... BETTER FOR STEADY SMOKING

COSTLIER TOBACCO'S

Camels are made from finer, MORE EXPENSIVE TOBACCOES... Turkish and Domestic... than any other popular brand. (Signed) R. J. Reynolds Tobacco Co. Winston-Salem, N. C.

Legal Notice

ORDINANCE NO. 173
AN ORDINANCE WHEREBY THE CITY OF PAMPA, TEXAS, AND THE SOUTHWESTERN BELL TELEPHONE COMPANY AGREE THAT THE TELEPHONE COMPANY SHALL CONTINUE TO ERECT AND MAINTAIN ITS POLES, WIRES, ANCHORS, CABLES, MANHOLES, CONDUITS AND OTHER PLANT CONSTRUCTION AND APURTANCES ALONG, ACROSS, OVER, THROUGH, ABOVE AND UNDER ALL PUBLIC STREETS, AVENUES, ALLEYS, PUBLIC GROUNDS AND PLACES IN SAID CITY, UNDER CERTAIN CONDITIONS, REGULATIONS AND RESTRICTIONS, AND THAT THE CITY SHALL RECEIVE AN ANNUAL PAYMENT AND THE RIGHT TO USE CERTAIN FACILITIES OF THE TELEPHONE COMPANY, ALL AS HEREIN PROVIDED.

WHEREAS, the Southwestern Bell Telephone Company, hereinafter referred to as the "Telephone Company," is now and has been engaged in the telephone business in the State of Texas, and in furtherance thereof, has erected and maintained certain items of its plant construction in the City of Pampa, Texas, hereinafter referred to as the "City," for many years pursuant to such rights as have been granted it by and under the laws of the State of Texas, and subject to the exercise of such reasonable rights of regulation under the police power as have been and are also lawfully granted by and under said laws to said City; and

WHEREAS, it is to the mutual advantage of both said City and said Telephone Company that a contract-agreement should be entered into between the Telephone Company and the City establishing the conditions under which the Telephone Company shall operate in said City;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY OF PAMPA THAT:

Section 1—Construction and Maintenance of Telephone Plant and Service.

The poles, wires, anchors, cables, manholes, conduits and other plant construction and appurtenances, used in or incident to the giving of telephone service and to the maintenance of a telephone business and system by the Telephone Company in said City, shall remain as now constructed, subject to such changes as under the limitations and conditions herein prescribed may be considered necessary by the City in the exercise of its lawful powers and by the Telephone Company in the exercise of its business of furnishing telephone services; and said Telephone Company shall continue to exercise its right to place, remove, construct, and reconstruct, extend and maintain its said plant and appurtenances as the business and purpose for which it is or may be incorporated may from time to time require, above and under the public streets, avenues, alleys, and public grounds and places within the present limits of said City, and within said limits as the same from time to time may be extended, subject to the regulations, limitations and conditions herein prescribed.

Section 2—Supervision by City of Location of Poles and Conduit.

All poles to be placed shall be of sound material and reasonably straight, and shall be so set that they will not interfere with the flow

Legal Notice

charge for use and occupancy of the streets, alleys and public places of the City and lieu of any other imposition other than the usual general or special ad valorem taxes now or hereafter levied.

Section 3—Facilities to be Furnished by City as Additional Consideration.

In addition to the consideration set forth in Section 7, the Telephone Company shall reserve for and hold, subject to the use of the City, such wire space as may be required from time to time by the City upon the poles now owned or hereafter erected by the Telephone Company in the City for the use of the City's police and fire alarm system; provided that the required wire space shall not exceed the wire capacity of one cross-arm on any one pole. The location on the poles of this fire and police wire space shall be determined on specific applications for space, at the time the applications are received by the City, and shall be allotted in accordance with the considerations for electrical construction of the United States Department of Commerce, Bureau of Standards. In its wire construction on the poles of the City, the City will follow the suggestions and requirements laid down for wire construction in the Rules and Regulations of the Bureau of Standards of the United States Department of Commerce, and such wires shall further be constructed, maintained and operated in such manner as not to interfere with nor create undue hazard in the operation of the telephone system of the Telephone Company.

Section 4—Operation and Maintenance of Telephone Plant.

The Telephone Company shall maintain its system in reasonable operating conditions at all normal times during the continuance of this contract-agreement. An exception to this condition is authorized in effect when service furnished by the Telephone Company is interrupted, impaired, or prevented by fires, strikes, riots or other occurrences beyond the control of the Telephone Company, or by storms, floods, or other casualities, in any event which events the Telephone Company shall do all things, reasonably within its power to do, to restore normal service.

Section 5—Temporary Removal of Wires.

The Telephone Company on the request of any person shall remove or raise or lower its wires temporarily to permit the moving of houses or other bulk structures. The expense of such temporary removal, raising or lowering of wires shall be paid by the person or party or parties, and the Telephone Company may require such payment in advance. The Telephone Company shall be given not less than forty-eight hours advance notice to arrange for such temporary wire changes.

Section 6—Tree Trimming.

The rights, license, privilege and permission is hereby granted to the Telephone Company, its successors and assigns, to trim trees upon and overhanging the streets, alleys, sidewalks and public places of the said City, so as to prevent the branches of such trees from coming in contact with the wires or cables of the Telephone Company, all of said trimming to be done under the supervision and direction of the City Commission or of any City official to whom said duties have been or may be delegated.

Section 7—Annual Cash Consideration to be Paid by the Telephone Company.

To indemnify the City for any and all possible damage to its streets, alleys and public grounds which may result from the placing and maintenance therein or thereon of the Telephone Company's poles, conduits or other telephone equipment or apparatus, and to compensate the City for its superintendence of this contract-agreement, and as cash consideration for the same, the Telephone Company agrees to pay to the City annually a sum of money equal to one and one-half per cent (1 1/2%) of the gross receipts for the preceding year received by the Company from the rendition of local telephone exchange transmission service within the corporate limits of the City. The first payment hereunder shall be made April 1, 1935, and shall be equal in amount to one and one-half per cent (1 1/2%) of the said gross receipts for the year 1934; thereafter payments shall be made annually on April 1, as herein provided. The said sum of one and one-half per cent (1 1/2%) of the gross receipts aforesaid shall be paid and received in lieu of any tax, license, charge, fee, street or alley rental or other character of

Legal Notice

charge for use and occupancy of the streets, alleys and public places of the City and lieu of any other imposition other than the usual general or special ad valorem taxes now or hereafter levied.

Section 8—Facilities to be Furnished by City as Additional Consideration.

In addition to the consideration set forth in Section 7, the Telephone Company shall reserve for and hold, subject to the use of the City, such wire space as may be required from time to time by the City upon the poles now owned or hereafter erected by the Telephone Company in the City for the use of the City's police and fire alarm system; provided that the required wire space shall not exceed the wire capacity of one cross-arm on any one pole. The location on the poles of this fire and police wire space shall be determined on specific applications for space, at the time the applications are received by the City, and shall be allotted in accordance with the considerations for electrical construction of the United States Department of Commerce, Bureau of Standards. In its wire construction on the poles of the City, the City will follow the suggestions and requirements laid down for wire construction in the Rules and Regulations of the Bureau of Standards of the United States Department of Commerce, and such wires shall further be constructed, maintained and operated in such manner as not to interfere with nor create undue hazard in the operation of the telephone system of the Telephone Company.

Section 9—Attachments Not Herein Affected.

Nothing in this ordinance contained shall be construed to require or permit any electric light or power wire attachments by the City or for the City. If light and/or power attachments are desired by the City or for the City, then a further separate, non-contingent agreement shall be prerequisite to such attachments. Nothing herein contained shall obligate or restrict the Telephone Company in exercising its right to voluntarily enter into pole attachment, pole usage, joint ownership, and other wire space and facilities agreements with light and power companies and with other wire using companies which may be privileged to operate within the City.

Section 10—Period of Time of This Ordinance—Termination.

The rights, licenses, privileges and permissions granted to and contracted for by the Telephone Company herein, its successors and assigns, shall be for a full term and period of Twenty (20) Years from and after the time this agreement goes into effect.

Section 11—No Exclusive Privileges Conferred by This Ordinance.

Nothing herein contained shall be construed as giving to the Telephone Company any exclusive privileges.

Section 12—Successors and Assigns.

The rights, powers, limitations, duties and restrictions herein provided for shall inure to and be binding upon the parties hereto and upon their respective successors and assigns.

Section 13—Partial Invalidity and Repeal Provisions.

If any sections, sentence, clause or phrase of this ordinance is for any reason held to be illegal, ultra vires or unconstitutional, such invalidity shall not affect the validity of the remaining portions of this ordinance. All ordinances and agreements and parts of ordinances and agreements in conflict herewith are hereby repealed.

Section 14—Acceptance of Contract-Agreement.

The Telephone Company shall have thirty (30) days from and after its passage and approval to file its written acceptance of this ordinance with the City Clerk, and upon such acceptance being filed, this ordinance shall effectuate and make binding the contract-agreement provided by the terms hereof.

APPROVED THIS 23rd day of September, 1935.

W. A. BRATTON, Mayor.

C. S. STINE, Acting City Secretary.

Italians Rule Over Rich But Small Region

BY ANDRUE BERDING.
(Copyright, 1935, by The Associated Press.)
WITH THE ITALIAN ARMIES ON THE NORTHERN ETHIOPIAN FRONT, Oct. 9.—Italy's northern army ruled today over a rich Ethiopian region as large as the states of Rhode Island and Delaware combined.

The Italian domination extended over a district 60 miles deep on a 60-mile front for an area of 3,600 square miles.

This correspondent, on a 26-hour visit along the front, found the natives apparently accustomed to the fascist occupation and going about their daily duties as though nothing out of the ordinary had occurred.

Aduwa, a village of 3,000 persons, held by the Italians in revenge for their crushing defeat there 40 years ago, was hard at work undoing the damage inflicted by the aerial bombardment last Thursday, the opening of the hostilities.

The Italian consul at Aduwa, reported missing for several days, had returned to his work.

Paralysis Vaccine Is Called Unsafe

MILWAUKEE, Oct. 9. (AP)—Warning that the Kolmer of Philadelphia infantile paralysis vaccine may not be safe was issued to the American Public Health association today. The somewhat similar Brodie, or New York vaccine, was declared apparently safe but probably ineffective in preventing poliomyelitis.

The Philadelphia vaccine has been given recently to about 12,000 children and adults in infantile paralysis epidemic areas, the New York vaccine to about 8,000 persons in similar areas.

They are made differently. Dr. John A. Kolmer of Philadelphia makes his by "attenuating" the virus, or disease organisms which cause infantile paralysis. This attenuation does not kill them, but weakens them to make them presumably safe for use as a vaccine.

Dr. Maurice Brodie by the New York method kills the paralysis virus supposedly 100 per cent dead before using their bodies as vaccine.

Dr. Kolmer told the health officers that of the 12,000 vaccinated, to the best of his knowledge, only eight had come down with infantile paralysis.

BRIGHT EYES ADD BEAUTY TO THE PLAINEST FACE

Using the eyes in poor light is the surest way to make them dull and listless. Frowns and wrinkles are another result of eyestrain.

Scientists agree that eyestrain — whether it be due to insufficient light or to uncorrected eye defects — is one of the principal causes of fatigue; not only of the eyes, but of the entire body. Headaches, nervousness, even indigestion, are often traced directly to the eyes.

Eyestrain is insidious. You may not be conscious of it until the harm is done. That is why it is so important to have your eyes examined and to have your lighting checked by an expert.

Let one of our lighting specialists measure your light and recommend the simple changes that are needed for better seeing. It's a free service — just phone the time most convenient for you.

BRIGHT STOCK SCARGER THAN IN 50 YEARS

FIRST EFFECT OF WAR ON PETROLEUM IS NOTED

TULSA, Okla., Oct. 9. (AP)—The first effect of war talk on petroleum prices has become evident during recent weeks as the price on bright stock, indispensable in the manufacture of lubricants, has risen sharply.

"Bright stock is scarcer now than it has been at any time in five years," one of the principal dealers in the mid-continent said.

Most of the heavy buying has been on a speculative basis, with purchasers believing that the price will advance still further. Eastern dealers have bought up and are still buying all bright stock that appears for sale on the mid-continent market.

Other divisions of the refinery market also have continued strong, but with no advances. Gasoline was unchanged, both in Chicago and in the mid-continent area. At Chicago third grade hovered around 4 1/2 cents a gallon and regular was 4 cent higher.

One break came in the natural gasoline market in Texas, which was off 1/4 of a cent early this week due to a production increase in the Texas Panhandle. The price went from 4 cents flat to 3 3/4.

More cheering news to strengthen oil prices was the drop in crude oil production, reported by the American Petroleum Institute to have been 43,600 barrels last week, bringing the daily average production to 2,710,000 barrels.

In field work Oklahoma City joined with Rodessa in Louisiana and Oxford in Kansas to command attention.

Late last week the British-American No. 1 Mary Green came in, estimated to be good for 5,000 barrels a day. The well, 1,100 feet from the Oklahoma governor's mansion, extends the Oklahoma City field one and one quarter miles.

In Rodessa the latest completion was the United Gas Public Service Co. No. 1 Rodessa Oil and Lease Co., completed Monday, flowing 52 barrels an hour on 1/2 inch choke, and what is more important, no water. The well is the most distant from the fault line of any in the field.

Oxford was extended two and one half locations north during the week to the Kansas-Kansas potential production, due largely to Oxford, is the highest in the history of the state, the corporation commission reported. Kansas' 19,959 wells have a potential of 675,287 barrels daily, the commission reported.

Mrs. R. B. Haynes of Miami was a visitor in Pampa yesterday.

The Man Who Knows

Whether the Remedy You are taking for Headaches, Neuralgia or Rheumatism Pains is SAFE is Your Doctor. Ask Him

Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations

BEFORE you take any preparation you don't know all about, for the relief of headaches or the pains of rheumatism, neuralgia or neuralgia, ask your doctor what he thinks about it—in comparison with Genuine Bayer Aspirin.

We say this because, before the discovery of Bayer Aspirin, most so-called "pain" remedies were advised against by physicians as being bad for the stomach; or, often, for the heart. And the discovery of Bayer Aspirin largely changed medical practice.

Countless thousands of people who have taken Bayer Aspirin year in and out without ill effect, have proved that the medical findings about its safety were correct.

You can get real Bayer Aspirin at any drug store—simply by never asking for it by the name "aspirin" alone, but always saying BAYER ASPIRIN when you buy.

Bayer Aspirin

Alfred Urges Legislature 'To Get Something Done'

The PEOPLES COLUMN

ANOTHER PEDAGOG "BRAIN TRUSTER"

Saturday morning, Oct. 5th, in the Amarillo Daily News, Supt. W. B. Irvin of the Perryton, Texas, public schools, deposes and says that we have a "brain trust" in his section due to popping into the air from gasoline plants of two billion cubic feet daily of dry and sour gas.

If Prof. Irvin is really interested in his subject and wants to become a one-man "brain trust" for the protection and preservation of the Texas Panhandle gas field, he can get competent and correct information from a number of reliable sources. However, he should remember that "brain trusters" recommended that we "throw under" our wheels a "corn" heap of other "natural resources" while ten million men and women were out of work and needed food and clothing.

There undoubtedly is a proper place for school teachers, but in our opinion they are being rather in the administration of government, not in advising the courts regarding a business of which they apparently know nothing.

In retutation of Prof. Irvin's statements:

(A) The assertion that the drought experienced in the Texas Panhandle was caused by "sour gas" is just plain silly. There is not now and hasn't been any appreciable amount of sour gas popped to the air from gasoline plants. The residue from sour and casinghead gas is sold by the gasoline plants to the carbon black plants for the manufacture of carbon black. More than 90 per cent of the carbon black manufactured in the Texas Panhandle is sold to automobile tire manufacturers—and more than 75 per cent of the present day automobile tire is just plain old Texas Panhandle carbon black.

Undoubtedly Prof. Irvin can find out what caused the drought in the Texas Panhandle by asking someone who knows. Maybe the same reason will explain the cause of the drought in other states where they do not own gasoline plants. Our opinion is that the drought was caused by lack of rain.

(B) It is an "economic tragedy" that a large amount of dry gas is being popped to the atmosphere, but until certain of the pipeline companies comply with the law mentioned by Prof. Irvin and discontinue draining acreage which they do not own or operate without due compensation, it is likely that this condition will exist.

(C) So far as we know, the records of the gasoline plants are not falsified, as insinuated by Prof. Irvin. Certified statements are made monthly to the oil and gas division of the Texas Railroad commission setting forth the actual intake and disposition of gas.

(D) Pipeline companies as well as gasoline plants have obtained temporary injunctions through the courts until such time as it can be ascertained whether or not we have a law that is constitutional and that it can be enforced by the Railroad commission.

(E) There are not a million farmers, either dirt or otherwise, in this territory. The mis-statement of facts by Prof. Irvin in this regard is comparable to the balance of his article. If we did have a million farmers in this territory and each farmer had a wife and three children we could account for the location of five million Texans. The population of Texas in 1930 (Lincoln Library) was 5,824,715, including Perryton, and we assume that there are several million Texans who live south of the Panhandle.

There may be farmers in Ochiltree county who think that dry gas popped into the atmosphere from plants located in the gas producing area is "making a desert out of their top soil," but a visit to their country agricultural agent will undoubtedly relieve them of this false notion.

Also, we never heard of a farmer refusing a royalty check from a gasoline plant resulting from the sale of gas taken from his acreage.

(F) The statement that "the strata of dry gas that we can see on the horizon anywhere north of the Panhandle gas fields" is absurd. He probably has reference to smoke from the carbon black plants.

The manufacture of natural gasoline from natural gas and the subsequent sale of the residue to the carbon black plants or for domestic or commercial use is a legitimate business in the state of Texas, and these plants together with their gathering and distributing pipelines represent an investment of millions of dollars, pay heavy taxes to the state and counties in which they are located, and employ a great many men who spend their income in Texas.

In answering Prof. Irvin's statement of Oct. 5th, we merely attempted to put before the public the truth about Panhandle gas, and it is to be regretted that he would let his good name be exploited for the questionable benefit of others who should be able to take care of themselves.

(From an employee of a gasoline plant.)

Asks Laws On Liquor Salaries, Chain Store Tax

AUSTIN, Oct. 9. (AP)—The Texas legislature today faced the prospect of another special session immediately to establish a system of old age pensions and provide revenues. The current meeting will end Tuesday.

Legislative leaders sought to clear the way for liquor legislation and a bill to place county and district officers on salaries in response to a plea by Governor Alfred for prompt action on the people's business. The governor, in a special message, said he would feel justified in calling another session for pensions at once if liquor, salaries and chain store tax were passed.

Lieut.-Gov. Walter Woodul ruled out of order an amendment to the senate's pension bill proposing a three per cent sales tax, sustaining a contention the tax provisions would alter the purpose of the bill as reported by the committee.

As the senate opened pension debate, Senator Roy Sandertford of Belton advocated the tax in a substitute for the committee's draft of his original bill, from which the sales tax was stricken out.

Within a few minutes of the governor's message the house sent the senate a liquor control bill prohibiting sale of distilled spirits by the drink and providing for sale of unbroken packages by licensed dealers. Wet leaders lost by 10 votes a last effort to permit sale by the drink under local option and joined in speeding the bill to final passage.

The house bill would vest liquor administration in a board of three to be appointed by the governor.

House action clarified the liquor legislation situation, the senate previously passed a separate bill prohibiting sale in broken packages. The definitions in the senate bill were incorporated in the house proposal.

The chain store tax, passed by the house, occupied a favorable position for prompt action in the senate. The house began consideration of a salary bill after defeat of an attempt to give a pension bill right-of-way. Speaker Coke Stevenson said it was evident no tax bills to pay pensions could be passed at this session and threw his weight behind the movement to pass legislation in accordance with the governor's views.

"The legislature simply must get something done during this session," Governor Alfred stated. "The liquor traffic is at present totally unregulated. The state is losing tremendous revenues. There is no semblance of an orderly handling of the liquor traffic."

"All of us, both wets and dries, must concede that it will be nothing short of deplorable if this condition continues beyond the end of the session."

The governor pointed out that unless the salary bill was passed officers would be without compensation after January 1. He recommended night sessions to complete prime legislation.

UNION DETERMINED

GALVESTON, Oct. 9. (AP)—M. J. Dwyer, district president of the International Longshoremen's association, said today that the union would stand by its original contract demands and that he saw no way to avoid a strike at 8 a. m. Friday.

TROTSKY CRITICALLY ILL

COPENHAGEN, Oct. 9. (AP)—Reports reached Copenhagen today that Leon Trotsky, exiled former Bolshevik leader, has been lying in an Oslo hospital for three weeks, critically ill with tuberculosis.

Prince Albert in New Ad Drive

Announcement has just been made of a special free offer to roll-your-own smokers in connection with an extensive campaign of advertising now being undertaken in The NEWS on Prince Albert.

Prince Albert is the leading smoking tobacco brand of R. J. Reynolds Tobacco company, who have authorized the new campaign and the new free offer.

Here are the terms of the plan as it is described: Simply go to your dealer and get Prince Albert. Roll yourself 30 cigarettes from Prince Albert. If you don't find them the finest, tastiest "roll-your-own" cigarettes you ever smoked, return the tin with the rest of the tobacco in it, and the manufacturers will refund your full purchase price, plus postage.

This offer, designated as a you-must-be-pleased offer, is signed by R. J. Reynolds Tobacco company and is displayed at all dealers, as well as in large frequent newspaper advertisements.

In addition to this "no risk" plan, the Prince Albert advertising quotes the opinions of smokers who have rolled their own cigarettes with Prince Albert for many years, and are noted for turning out well-rolled cigarettes in quick time. The reader is invited to compare himself with the published rolling speeds of other smokers.

At Texas ports and Lake Charles, La., unless full demands were met by steamship men.

AFL SEETHES WITH BATTLE OVER UNIONS

INDUSTRIAL UNIONISM IS FOUGHT BY CRAFTS

ATLANTIC CITY, N. J., Oct. 9. (AP)—Intensified, undercover electioneering in the fight of craft against industrial unionism spread today among delegates at the American Federation of Labor convention.

Awaiting John E. Lewis, head of the United Mine Workers who personifies the industrial union cause, youthful representatives of about 50 of the smaller unions took the initiative in aligning delegates' votes.

James B. Carey, president of National Radio and Allied Trades and understood to have the miners' approval, formed the group into vote-getters to sound sentiment and report hourly progress.

The hastily formed organization refrained from making public the unions it encompassed, but among them were bookkeepers, accountants and others of the clerical groups.

Among the 31,000 votes represented at the convention, the in-

dustrial adherents already declared 13,000 were ready to oppose craft union organization when the first clear-cut issue was presented.

Such an issue may come in a direct move by industrial unionists for federation endorsement of their type of organization or in determination of jurisdictional questions in which craft and industrial unions are opposed.

The craftsmen claimed 16,000 votes and appeared confident of victory.

Secretary Perkins of the labor department in an address yesterday cited growing "recognition of the right of labor to bargain collectively" and economic improvement "based on the assumption of raising wages to improve the standard of living."

The executive council suggested studies of legislation to replace the NIRA, but among delegates demands were made for a constitutional amendment to authorize congress to control labor conditions and restrict the supreme court's power to pass on the constitutionality of such laws.

Italy Protests Envoy's Ejection

GENEVA, Oct. 9. (AP)—Italy protested to the League of Nations today against Ethiopia's announced intention to eject the Italian minister, Luigi Vinet-Gigliucci, and his staff from Addis Ababa.

Joseph A. C. Avenol, secretary-general to the league, received this telegram from Fulvio Suvich, Ital-

ian undersecretary for foreign affairs: "I have the honor to refer to a communication made to the secretary by the Ethiopian delegate concerning the invitation by his government to the Royal minister and the staff of the Royal Italian legation to leave Addis Ababa, and inform your excellency that the Italian government is obliged to reject most categorically protests against reasons put forward to justify such a decision."

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning Fairly Sober

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks punk.

Laxatives are only makeshifts. A mass bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up." Harshness, gentleness, yet amazing in making bile flow. Italian government is obliged to reject most categorically protests against reasons put forward to justify such a decision.

Read the circuses today.

BRITISH READY TO MEET CRISIS IN PARLIAMENT

Session Is Called To Meet Week Earlier Than Usual

LONDON, Oct. 9. (AP)—Following a cabinet meeting, an authoritative source disclosed today that parliament will be summoned Oct. 22— one week earlier than the regular date—should the international situation necessitate such action.

The government ministers were in session two hours and 10 minutes. No plans were announced for any other meeting before the cabinet's next regular session expected Oct. 15.

Reports said that a general election would be called for late in November. It was understood that the cabinet did not make a definite decision on the question of shortening the parliamentary recess by one week but that the ministers expressed the opinion that the events at Geneva may make an earlier meeting necessary.

They were well aware that the official government opposition, the labor party, had requested a special meeting of parliament in view of the Italo-Ethiopian war.

Special interest was attached to the fact that Capt. H. F. C. Crookshank, the secretary of mines, went to 10 Downing street while the cabinet was in session there. His portfolio is not included in the cabinet, and it was believed there might be some connection with his call and the fact that Great Britain exports a great amount of coal to Italy.

Herndon Convicted

A jury in 31st district court yesterday afternoon found J. A. (Speedy) Herndon guilty of assault with intent to kill Sheriff Earl Talley, and fixed his sentence at three years in the penitentiary. His attorney, Frank Ford of Decatur, waived argument. The jury, which was out about 1 hour 15 minutes, was composed of W. H. Blakney, Jack Stephens, S. C. Jones, W. J. Carruth, W. Mullinax, Horace Smith, G. C. Stark, H. McBee, E. J. Schmidt, Lacy M. Cox, E. C. Murrell, and J. L. Nance, foreman.

Doble On Trial

Charged with rape, August Doble of Kingsmill was on trial today in a dramatic witness box appearance. He denied the charge and said it was a "frame-up from start to finish." The prosecuting witness described their alleged relations and, during testimony, acknowledged having had relations with another person. Doble has been in jail since his arrest. Date of the offense mentioned in the indictment was last December 10. Testimony closed shortly before noon.

Two Are Charged

Mary Frances Hefner and E. L. Robertson have been named in a complaint filed in Justice Young's court charging the unlawful taking of \$100 from Homer Crabtree. Date of the offense was given as October 6. Arrests were made by city officers.

Nocturnal Rain

Rain amounting to 27 of an inch fell last night. The downpour, of short duration, was accompanied by an electrical display and thunder. Today was slightly cooler and overcast.

Band Benefited

About \$60 was netted yesterday from the benefit concert at the high school gymnasium by Odus Echols and his All-Star Tuba and Euphonium band. This fund, while not as much as hoped for, will enable the high school band to order its new uniforms. Some money will be provided by the athletic association. Red Fanning, high school student, sang with the visitors. The numbers, and Arvo Goddard was seen in acrobatics. Two crowds enjoyed the music.

To Name Board

Presidents of Gray county civic clubs will name a county parole board of five which will be official by the secretary of state. This board will be advisory to the state parole board and will make reports on paroled and pardoned men and women of this county.

May Organize

Presidents of civic clubs are considering formation of a Gray County Tuberculosis association. Such a group would retain most of the proceeds from sales of Christmas seals, and would work chiefly through the schools in the county, striving to prevent spread of the disease. Tests and educational work would be sponsored. The State Tuberculosis association is urging the formation of a county unit.

Two Licenses

Marriage licenses have been issued to Len English and Mrs. Mae Sparks and to Leonard N. McAnally and Mary Ellen Bailey.

Jones in Telegram

Telegrams from Congressman Marvin Jones to Sibley Faulkner and Gilmore N. Nunn this afternoon said that WPA projects had been approved for Gray county aggregating an expenditure of \$29,000. This sum includes \$20,000 for the Alarwood-LeFors road and \$9,000 for another road, location of which was not stated. The county has several small road projects asked. Mr. Jones said it was his understanding that the projects would be placed on the state approved list, from which the state director can choose which will be started first. Other approvals are expected soon.

ETHIOPIA

(Continued from page 1)

steadily to the north. This capital, however, after a night during which it was plunged into deepest darkness as a precaution against feared Italian air raids, received in reports from the three battle fronts only a blurred impression of the general situation.

One report from the southern front near the border of Italian Somaliland, said two Italian planes collided while bombing Geriogub, in Ogaden province.

There were no immediate fresh reports from the central front around Mount Mussa Ali, in the corner formed by the boundaries of Ethiopia, Eritrea and French Somaliland.

Observers considered it not impossible that harrying of the fascist forces on the northern front around Adawa had begun. Ethiopians believed the Italians would halt their advance until their present position was consolidated and their communications made secure.

(By The Associated Press.)

Debating the punishment of Italy for its aggression against Ethiopia, the steering committee of the League of Nations decided today on the creation of a commission to supervise sanctions.

The debate of the league assembly on sanctions was delayed until later today. Delegates did not expect a final vote on sanctions before tomorrow.

The specific question before the members of the assembly was the approval of the report of the council of the league, which labeled Mussolini an aggressor and said he resorted to war in violation of his covenants.

The approval, to impose sanctions, does not need to be unanimous in the assembly.

If nations do not speak against sanctions, they will be counted as favorable. A delegate does speak against it, it was explained in the announcement of procedure, his nation will be regarded as free from participation in sanctions.

Quiet on Front

On the Italian front in Ethiopia, an official communication said, it was "a quiet day."

The Italians were in possession of a fertile strip of northern Ethiopian plateau land comprising about 3600 square miles. The principal towns in this area are Adigrat and Adawa. A Reuters (British Agency) dispatch, said Aksum, the only city of the Ethiopians, had also fallen. But there was no further confirmation of this. The Ethiopian government denied that Adagannus, near Adigrat, had been captured. The Italians announced yesterday the town had been taken.

The general appearance of the area now occupied by the Italians is something akin to sections of West Virginia. The terrain is broken up. But it is interspersed with fertile valleys. The general altitude, however, is considerably higher.

The correspondent found men at work in the fields, harvesting the oat crop and threshing it with antiquated implements. Women, many with babies on their backs, were helping.

The roads about Arigrat and Adawa still showed the effects of heavy bombardment. But the engineering corps of the fascist armies were repairing them rapidly.

"Within 24 hours after we reached Adigrat," General Santini said, "150 trucks loaded with food, supplies and ammunition began arriving."

Cover Adawa and Adigrat flew the Italian tri-color. To the invaders, this was the symbol of fascist "civilization." On every hand the invaders sought to instill confidence among the natives in the Italian government. They were seeking—as a justification of their aggression—to maintain an orderly colonial regime in what they had called at Geneva a "barbaric kingdom."

Some natives, when they met the correspondent, gave the fascist salute, arm extended aloft. In the past, there has been friction between this area—which lies against the Italian colony of Eritrea on the Red Sea—and the interior provinces. The towns now held lie in Tigre province, governed by Ras Seyoum, commander-in-chief of Emperor Haile Selassie's armies in the north.

At one time, it was reported the Italians had offered Ras Seyoum the throne, under Rome's protection, if he would aid the invading forces. But Seyoum remained loyal to the emperor.

Selassie Satisfied

He has more than 300,000 troops under his command. Upon him, the emperor is relying to demonstrate the effect of the night raids on Italian lines, of the sniping tactics from the hills.

Although the Italians are advancing from the south, from Italian Somaliland, as well as from the north, Emperor Selassie is satisfied his forces in the field—numbering now in the neighborhood of 750,000—can turn back the Roman legions of Il Duce and keep them from the mountainous interior.

Today brought an end to the pretense of diplomatic cordiality which has existed ever since the invasion started six days ago.

The Italian ambassador packed his belongings, ready to take the first train out. He received authorization to do so from Rome today. The Ethiopian Charge d' Affaires in Rome was ready to leave for home on the first boat.

THINKS OF WIFE

TRENTON, N. J., Oct. 9. (AP)—Bruno Richard Hauptmann's first words after hearing of the ruling of the court of errors and appeals against him today were: "My God, what a fine anniversary present for Anna." The Hauptmanns will have been married ten years tomorrow.

GREELY WEAKER

WASHINGTON, Oct. 9. (AP)—Major General Adolphus W. Greely, 91-year-old former arctic explorer and army officer, was reported "a little weaker" today at Walter Reed hospital. Greely, who headed an exploring party of 25 north of Greenland in 1861 from which only seven returned alive, has been in failing health for several months.

MARKET BRIEFS

NEW YORK, Oct. 9. (AP)—The stock market drifted aimlessly about today with firmness in a handful of specialties the sole feature. Closing prices were irregular, fractionally lower to around a point higher among the most active shares. Sales approximated 800,000 shares.

CITIZENSHIP ACT UPHELD

AUSTIN, Oct. 9. (AP)—The supreme court today upheld the right of the city of Cross Plains to cancel \$67,000 in revenue bonds issued for improvements to the water and sewer system. The court said the bonds, held by J. M. Radford and others, were invalid because issued without the authority of an election.

NO COMMENT

BALTIMORE, Oct. 9. (AP)—Col. Charles A. Lindbergh said today he had no comment to make on the decision of the New Jersey state court errors and appeals upholding the conviction of Bruno Richard Hauptmann for the kidnaping and death of Charles A. Lindbergh, Jr.

CHICAGO GRAIN

CHICAGO, Oct. 9. (AP)—Official reports indicating urgent need of rain in northwestern parts of the domestic wheat belt did a good deal to make wheat prices average higher today.

Wheat closed easy at the same as yesterday's finish to 3/4 lower, Dec. 1.04 3/4, corn 1/4-1/2, off, Dec. 61 1/4, oats 1/4-1/2 down, and provisions showing 12 to 22 cents decline.

GRAIN TABLE

its terse summary. There were no high speed communications to carry the story to a sensation-hungry world, fortunes were not spent on feature stories and photographs and there was no paternal government to assume maternal charge of the youngsters.

Louis Brown, in Bonham yesterday, said Mrs. Couch was his sister and the babies were pretty children, as "alike as five black-eyed peas."

As he tells the story, there were two physicians in attendance on Mrs. Couch but they were unable to save the quintuplets. The babies lived only five hours.

Unlike Dr. Dafoe, who rose from obscurity as a kindly Canadian backwoods physician to fame as a baby specialist for his work with the Dionne quintuplets, the Texas doctors who cared for Mrs. Couch and her offspring have long been forgotten. Not even their names can be recalled.

Mother Dead now. Mrs. Couch, 36 years old then, had three girls and two boys. Brown states the "word-of-mouth" information received by the Graham paper seems to have differed with respect to the quintuplets. There also was a discrepancy in the family name, which the paper carried as "Thompson," but which Brown says was "Couch."

Brown, who lives near the old Couch home, said Mrs. Couch's husband died a few years afterward and she later was remarried to "Pink" Jones, a farmer east of Bonham. She, too, is dead now.

General Wolters Dies Of Heart Attack Tuesday

AUSTIN, Oct. 9. (AP)—The family of General Jacob F. Wolters plans today to return the body to Houston, his home, for funeral services.

The noted former Texas national guard leader, also prominent in political and legislative circles, died here yesterday of a heart ailment after a brief illness. He was 64 years old.

A private railway car was made available for removal of the body to Houston. Services were set for 3 p. m. at Christ Episcopal church here and interment in Forest Lawn cemetery.

Bishop Clinton S. Quin and Dr. James DeWolfe of Houston and the Rev. James S. Allen of Austin will officiate.

Both houses of the legislature adopted resolutions expressing sorrow at his death. Ten senators eulogized him in addresses at a night session.

For many years he commanded the 56th cavalry brigade, Texas national guard, and was advanced to the rank of major general upon retirement in 1934.

He commanded troops on martial law duty in numerous instances, the last and probably most notable in the East Texas oil field during former Governor R. S. Sterling's administration.

He was well known in legislative circles. Many years ago he served as a representative. In recent years he was general counsel and legislative representative for the Texas company.

PHILANTHROPIST DIES

DALLAS, Oct. 9. (AP)—P. P. Martinez, wealthy cigar manufacturer and philanthropist, died here today at the age of 81. Born in Santander, Spain, he came to the United States in 1863 and lived in New Orleans until 1870, when he moved to Dallas and opened a cigar store.

HAUPTMANN

(Continued From Page 1)

often the duty, of a trial judge to comment on the evidence and give the jury his impressions of its weight and value."

As to the claim that the evidence was insufficient to prove the commission of a burglary, the court held that the stealing of a child and its night-dress constituted sufficient evidence.

Hauptmann was in the death house at state prison when the court acted.

Three courses, none of them affording any great hope for the prison-pale Bronx carpenter, are now open to his attorneys.

1. An appeal to the board of pardon, which could commute his sentence to life imprisonment. (Such appeals are rarely granted.)

2. An appeal for a new trial on the grounds that new evidence has been discovered since the first trial. (One of Hauptmann's lawyers said recently that such new evidence had been found.)

3. Appeal to the supreme court of the United States.

In taking up point by point the defense arguments, the high court held among other things, that the admission in evidence of the ladder—vigorously opposed by Hauptmann's counsel at the time—was proper.

The ladder was an important part of the state's case against Hauptmann. It was found in the Lindbergh home and was used, the state charged, in the kidnaping. An expert testified that wood that went into its construction came from Hauptmann's home in the Bronx.

Not a "Circus." The court stated also that the regular presence in court of Col. Charles A. Lindbergh was no reason for it to reverse the conviction. It overruled the contention that the trial was a "circus."

Col. H. Norman Schwarzkopf, head of the New Jersey state police and the man who directed the search for the kidnaping-killer, commented.

"Justice is served." Col. Charles A. Lindbergh at Baltimore said he had no comment to make on the decision.

Edward J. Reilly, who directed the Hauptmann defense but who had no part in the appeal, said the decision was probably "judicially correct," but that he still believed Hauptmann was innocent of the murder.

It was planned at the prison to notify Hauptmann of the court's action late today. Throughout all the days of suspense he has maintained the iron calm that impressed court observers during his trial.

No advance indication had been given by the court that the Hauptmann case decision was ready for announcement. The case was No. 99 on the list of 106.

The entire court of 16 members

More G-Men Are Called To Stand In Snatch Trial

LOUISVILLE, Ky., Oct. 9. (AP)—The government called more G-Men to the witness stand today in its effort to link Mrs. Frances Robinson, 24, and her middle-aged father-in-law, Thomas H. Robinson Sr., with the \$50,000 kidnaping of Mrs. Alice Speed Stoll, Louisville society belle, on October 10, 1934.

The Robinsons are on trial before a federal court jury on a charge of complicity in the kidnaping for which Thomas H. Robinson Jr. is now hunted by federal agents. Federal agents testified late yesterday concerning the arrest of the elder Robinson.

M. C. Falkner, agent at Chicago last year, testified that the elder Robinson had told him he received a telephone call from Robinson Jr. the night of October 8, 1934, which he found a plot of a diagram of the Indianapolis apartment, where Mrs. Stoll was held prisoner, in Robinson Sr.'s own hand, in his room.

Entering the third day of the trial, the government continued to trace the trip of the \$50,000 ransom from Louisville through Nashville, Tenn., Guthrie, Ky., and Terre Haute to Indianapolis where it vanished.

Divorce Given Barrymore Wife

LOS ANGELES, Oct. 9. (AP)—Dolores Costello and John Barrymore, whose screen romances led to their marriage seven years ago, were divorced today, the blue-eyed former film star claiming desertion.

Barrymore, winner in the recent so-called "love derby" from New York here over his former protegee, Elaine Barrie, was far away, having embarked several days ago from Miami, Fla., in his yacht Infanta.

Miss Costello testified the actor

Fire Like Sin, Says Culpepper

"Sin, like fire, is mysterious in origin, pitiless and painful," said Dr. Burke Culpepper, Methodist evangelist in a talk before the Rotary club today. He labeled his talk a "sermon," and made it in keeping with Fire Prevention week.

The program was opened by a safety demonstration by Fire Chief Clyde Gold and Tom Eckard who showed the danger of defective wiring, worn-out light cords and other careless handling of electricity.

Visitors were Russ Allen, J. L. McMahon, Chas. Maisel, Frank Culbertson, and Rotarians W. E. Reardon, Monroe, La.; S. A. Allison and John Caylor, Canadian; and Arch Hunsley, Amarillo.
