Serving the Counties of Borden, Dawson, Garza, Howard, Lynn & Scurry

## "Home for the Holidays"

Now is the time to start thinking about the upcoming Holiday Season! Plan on attending an idea sharing session on November 5th at 3:30 p.m. in the Borden County District Court Room.

Blanche Chisum, CEA from Scurry County will be

presenting ideas and suggestions for making wreaths. Sherry Etheredge, CEA from Lynn County will be showing examples of gift wrapping. LaRhea Pepper will also be showing fun things to make to decorate your home for the holidays. There will be time

to ask questions and patterns available!

Bring your children, there will be planned activity for them also.

Everyone come get the holiday spirit, refreshments will be served and door prizes will be given away.

## No Place but Texas!

"No place but Texas!"—it costs less to live! a family resource management specialist says.

In other states, families need \$20,517 to maintain an "intermediate level" of living, but in Texas, they need less, Nancy Granovsky reports.

Mrs. Granovsky, on the home economics staff of the Texas Agricultural Extension Service, The Texas A&M University System, cites recent family-budget figures released by the Bureau of Labor Statistics for the "latest-Texas-brag" material.

This brag is no joke, either, she says.

According to the report, Dallas families can buy that same "intermediate level" of living for \$18,301, and Houston families can get it for \$19,025.

These budget figures are derived from what it would cost an urban family of four — that is, an age 38 husband, employed full-time, a non-employed wife, a boy age 13, and a girl age 8 — to buy specific goods and services for a whole year at autumn, 1979 prices.

Dallas and Houston are the only two areas in Texas for which specific data were collected.

There's even more "brag"

to the report: Texas costs less a lower and at higher-budget levels, too.

At the lower-budget level, families in other states would have to spend \$12,585.

However, Dallas families would pay only \$11,687, and Houston families would spend only \$12,100 to maintain the same level of living.

On the "high side," families in other states needed \$30,317 to stay in that living standard. Dallas families who wanted to live at these higher-budget levels only had to spend \$27,004, and Houston families needed \$27,686.

Why? Absence of a state income tax is the major reason.

Con't on P. 4

## EDITORIAL

Voicing my opinion in the Presidential race would be belaboring points already made.

If not Pro Reagan, the editorials we have all read are certainly Anti-Carter.

One thing for sure is that there is a growing discontent in America. If this dissatisfaction is as strong as we understand it to be, our fellow citizens realize that changing the presidents name or that of the party at the top will not affect an immediate salvation, but it will be a step in the right direction.

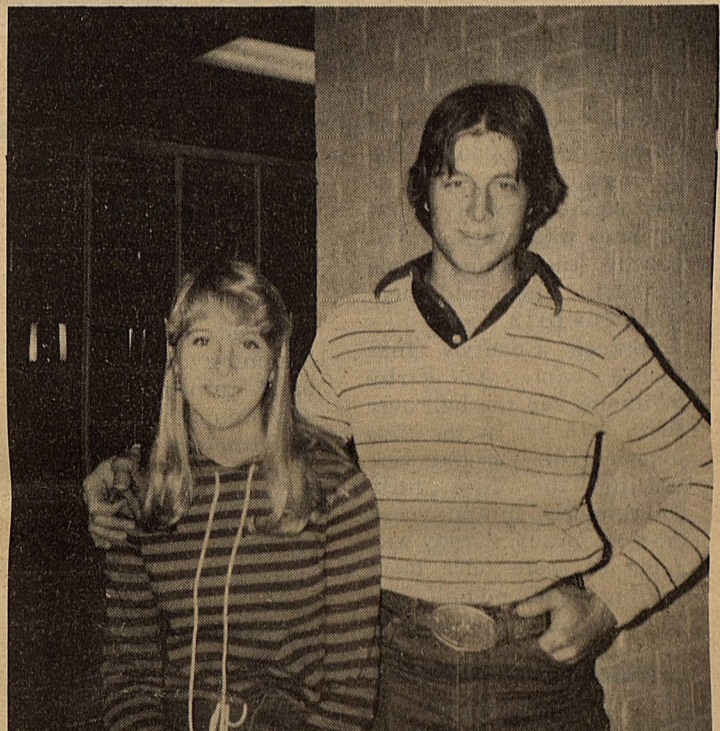

No change of this magnitude can be immediate. It took a relatively long time for the federal government to become the meddling monster that it is. It will take more than one election

to make the fundamental changes in the government necessary to return to our free enterprise system--for which we are all ready.

The quickest way to do this might be the analogy Ronald Reagan used when he said that if you take away a teenagers allowance that is the fastest way he knows of stopping unnecessary spending--immediately.

To date there have been fifteen absentee votes cast--not exceptionally high for a Presidential year.

We would like to see a 100 percent voter turn out in Borden County. The voice of rural America must be heard loud enough to become a reckoning factor in the change of the federal government.

Miss Gena McLeroy was crowned Most Beautiful of Borden High School during a Beauty Pageant last Tuesday night. Keil Williams was chosen Most Handsome by classmates.

## McLeroy crowned Most Beautiful

Gena McLeroy was crowned Most Beautiful of Borden High School last Tuesday, October 21 during the annual Borden County Beauty Pageant. Keil Williams, "Most Handsome" crowned the new Most Beautiful and Troy King, also a candidate for Most Handsome presented Gena with a bouquet of roses. Gena is the daughter of Mr. and Mrs. James McLeroy of Gail. Keil is the son of Mr. and Mrs. Roger Williams of Eastern Borden County.

The stage was decorated beautifully in fall leaves and each contestant emerged from a giant pumpkin to model their street clothing and then long dresses.

Jana Edwards, daughter of Mr. and Mrs. Jarrell Edwards was chosen first runner up. Second runner up, Tina Wimberly, is the daughter of Mrs. Gerald Boyd of Gail. Roxie Wolf, third runner up, is the daughter of Mr. and Mrs. Vernon Wolf of Vincent Route, Coahoma. Teresa Wimberly, also the daughter of Mrs. Gerald Boyd, was fourth runner up.

Other young ladies chosen among the top ten beauties were Shellie Peterson, Lisa Smith, Talley Griffin, Kay Copeland and Kim Wills.

The remainder of the 19 participants were Kelley Richardson, Stephanie

Top Five Beauties in Beauty Pageant-Gena McLeroy, Jana Edwards, Tina Wimberly, Roxie Wolf, and Teresa Wimberly.

## Coyotes Hold Grady

It is not easy to go into a football game with a team that outweighs you 40 pounds and has beat you 36-0 in a prior game. The young Borden Coyotes proved that they have what it takes when they played Grady the second time around. They held them this time 18-12.

Borden County's first score came as Kirby Williams ran the ball over with 1:41 left in the first quarter. Grady scored twice during the first half bringing the midtime score to 6-12, Grady. Grady was able to score once more during the second half. The final score of the evening

came when Kirby Williams passed to Oscar Gonzales with 2:12 left on the clock.

## Gail Band News

The band would like to express its appreciation to the friends and parents who attended the Texas Tech Marching Festival. The band turned in a good performance and received criticism to help prepare for the U.I.L. Marching Contest to be held Tuesday, November 4, 1980. While the band did not win its class, we did again valuable experience as Jones Stadium is also the site of the U.I.L. Marching Contest. The band will be working hard to polish and clear up small mistakes in time for U.I.L.

Winners in the various classes were Class A-Sundown, Class AA-Ropes, Class AAA-Littlefield, Class AAAA-Lamesa, Class AAAAA-Lubbock Coronado.

## Pep Rally

Coach Roemisch introduced a new player during the pep rally. Bric Turner, a seventh grader has joined the team to bring

## Government Class To Hold Mock Election

The Borden County High School Senior Government class will conduct a mock presidential election Monday, November 3 in the high school conference room. The Seniors, who are now studying the Constitution and its requirements of the President, are sponsoring the event as part of a class project.

In order to vote, qualified people must have registered with one of the class members. The registration committee is comprised of Tammy Telchik, Maurice Herridge, Charla Vaughn, and Joie Brummett. These people have the forms necessary to register. Deadline for registration is Friday, October 31. According to standards set by the class, any school

personnel, community member, or student (sixth grade and up) will be eligible to register.

Other committees and members are as follows:  
1. Publicity: Talley Griffin, Suzanne Walker, Van York, Danny Holmes

2. Voting Booth: Keil Williams, Cole Herring, Troy King, Ricky Smith

3. Voting Procedures: Sharla Herring, Bart McMeans, Becky Miller, Jana Edwards

4. Ballots: Anita Massingill, Gayla Newton, Heather McPhaul, Tina Wimberly

Polls will open at 9:15 Monday morning and close at 2:30 in the afternoon. Results will be posted Tuesday morning.

A cramming contest! No, these are the students who made the voting booth for the Senior Government Class election. Back-Cole Herring and Troy King. Front-Ricky Smith and Van York. The booth was welded together during shop class.

the total players for Junior High to 18.

Joe Villanueva gave the team talk. He reminded his team that Grady had beaten them 36-0 and was looking for an easy win. "We are going to fool them" he said.

Shawna Vaughn received the spirit jug for showing

the most school spirit. Presentation was by Rene Telchik.

## Coyotes Beat Hermleigh

The Coyotes beat Hermleigh last Friday 50-38 to bring their season record to 5-2 and loop record, 2-1.

The Coyotes scored first as Sam Williams carried the ball over from one yard out with 3:12 left in the first quarter. Junior Benavidez kicked the two point conversion, giving the Coyotes an 8-0 lead.

Kenny Riley received a pass from Kevin Roemisch and ran 18 yards to put the Cardinals on the board with 27 seconds left in the first quarter. Hermleigh followed 8-6.

Sammy Williams scored again in the second quarter on a 20 yard run. The kick was no good. Soon after, Mike Peterson raced over from 6 yards out with 6:40 left before halftime, enlarging the Coyotes advantage 20-6.

A minute later, Jones ran for 27 yards to score for the Cardinals. Mike Nachlinger kicked the P.A.T. The score was 20-14, Coyotes.

Sam Williams made his third touchdown of the night on a 52 yard run and Junior Benavidez kicked the P.A.T. Roemisch passed to Ted Olsen for an 18 yard TD pass. The conversion try was no good.

Early in the third quarter, quarterback Jym Rinehart took the opening kickoff and raced 65 yards to score. Benavidez's kick made it 36-20.

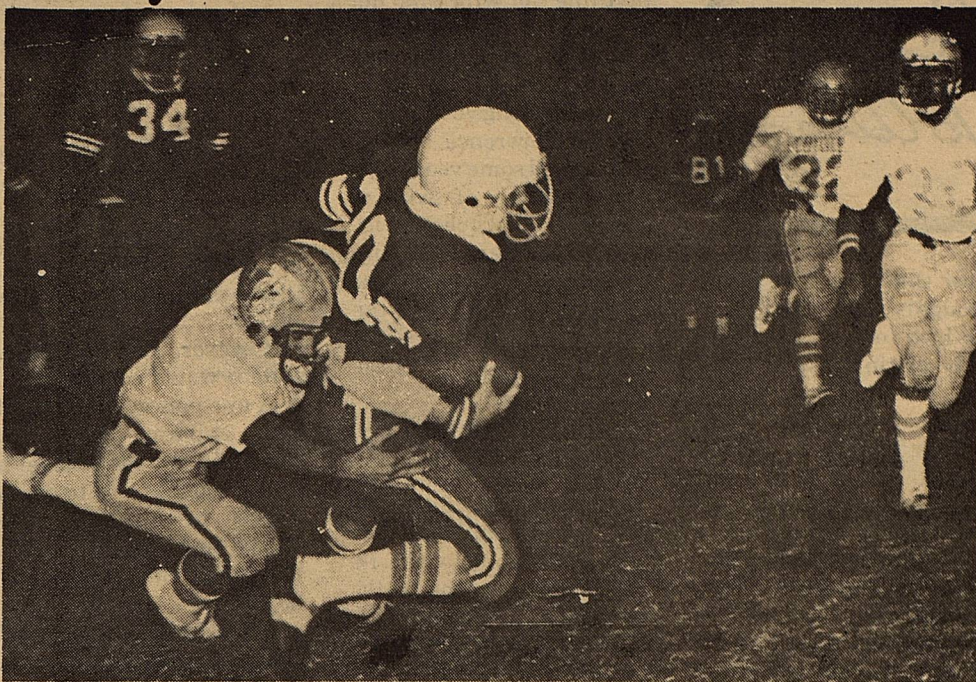

Rinehart continued to pace the Coyote third period effort as he recovered a Cardinal fumble at the Borden County 23-yard line, then passed to Troy King for 35 yards to set up shop on the Hermleigh 2 yard line. Peterson ran over on

the next play and with 4:15 left in the quarter, Gail led 42-20.

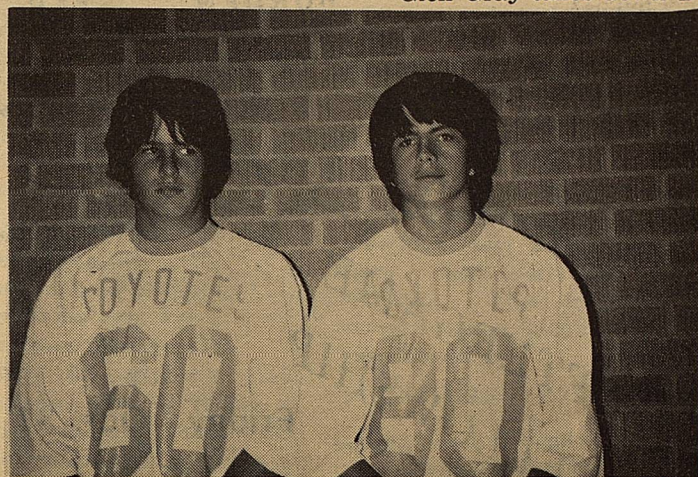

With 2:50 left, Riley ran another Hermleigh touchdown. King blocked the PAT. Roemisch threw to Olsen soon after for another TD.

The Coyotes clinched the victory with 6:10 left to play in the game as Rinehart tossed to Bart McMeans. Benavidez kicked the P.A.T.

Riley made his third touchdown of the evening for Hermleigh, but the time soon ran out on the clock and Borden County had another win in their pocket.

Glen Gray takes down Dennis Jones of Hermleigh. Also pictured No. 34-Kenny Riley of Hermleigh, Maurice Herridge and Junior Benavidez.

Now that you have been thoroughly indoctrinated as to how to vote, the next task is getting you to the polls. The apathy of those registered to vote (and that figure is pitiful) is mind boggling. It is estimated that less than half of those registered will actually pull the lever—that some 75 million who are voting age will not bother.

Why—why, for goodness sake don't people exercise their privilege of helping direct the course of history?

There have been lots of second guessing and high falutin sociological theories voiced explaining the reasons for the nation's indifference and malaise. Some say folks just don't care—that their vote doesn't matter—that they tried it once and it didn't make a dent in the way things turned out. Some say they don't trust the system—or that they are just little, plain people and aren't a part of the system.

There are many who have worked their telephone ears off and walked their feet to nubs only to lose the good fight. This year they are embittered and believe it impossible to elect a conservative. And then there are those who simply don't know what is at stake—they don't understand nor have they been told the real issues by the candidates. The campaign has been a scurrulous one. Reagan was put on the defensive immediately and has had

little opportunity to do anything but wipe mud out of his eyes. Carter has meanly continued to ask questions implying, "Are you still beating your wife?"

David Lawrence of U.S. News asked some years ago: "Irrespective of who is elected, the real question is: On what course will the ship of state sail in the next several years? How will the next Administration answer, for instance, these question:"

He then listed 6 questions which he felt the voters deserved to have answered but that had been glossed over in the game of party politics. That was in 1964—the year of the really big smear—the year Goldwater was thrown in a mud hole early on and never was able to climb out. That was the year a lot of us became disillusioned.

But Lawrence's questions that went unanswered then carry more pertinence today—and they still go unanswered. We listen to the innuendos and accusations and some of us try to ferret out the course the nation will take. A lot of us realize what is at stake. Yet 25 percent have yet to unravel the campaign rhetoric and are still undecided. This election will be decided by that undecided vote—and most likely right here in Texas. But more important are those who have lost interest, given up and won't vote. Some say, "Well they deserve what they get!"—that may be but I don't deserve what they will get. You and I who have gone to the trouble of studying platforms and voting records don't deserve what the apathetic are apt to foist upon us. So what to do—get out the vote—the future of US is at stake in 1980.

## Texas

Con't from P. 1

But what if you aren't part of a four-member urban family?

Other report figures the same story.

For example, single people (under age 35) trying to maintain an intermediate level of living in Dallas would pay \$6,405. In Houston, they would pay \$6,659.

However, in any other state it would cost \$7,180.

A one-parent family with two children trying to maintain the lower level of living would have to spend \$8,882 in Dallas -- and \$9,196 in Houston. But in any other state it would cost \$9,564.

What do these "made-up" budgets really tell us, though?— and what do they not tell us?

Mrs. Granovsky says they do not tell us what it really costs people in Texas to live.

Instead, they say what a "standard" marketbasket of goods and services costs in two areas of Texas and in other regions of the United States. This marketbasket includes items ranging from food and housing to toothpaste and taxes, but it certainly does not cover everything Texas residents or those of other states really buy, the specialist adds.

However, the "made-up" budgets do provide one thing: a way to compare budget costs across the United States, and, no matter how they do it, the answer is still the same.

It costs less to live in Texas.

Plan ahead for Christmas gift giving to save time, money and frustration.

First, decide how much money to spend and resolve to stay within that limit.

Use the following money saving tips to reduce gift expenses:

-Take advantage of sales and specials. Buy gifts at bargain prices whenever possible.

-Use imagination in choosing gifts. Try new types of stores and items.

For example, instead of one large present, consider several small, related gift items, or combine purchases with homemade items.

-Make your own gifts if you sew, bake, paint or are skilled in other crafts.

These may mean more to the receiver than a bought item.

-Buy Christmas cards, supplies and decorations for the following year during after season markdowns have gone into effect.

-When the family group is large, consider drawing

names instead of buying gifts for everyone.

-Set aside a place at home for storing gift items and wrapping supplies.

-Be realistic in the amount of money you budget for special occasions. Spend only what you can afford. Substitute money with time, effort and skills.

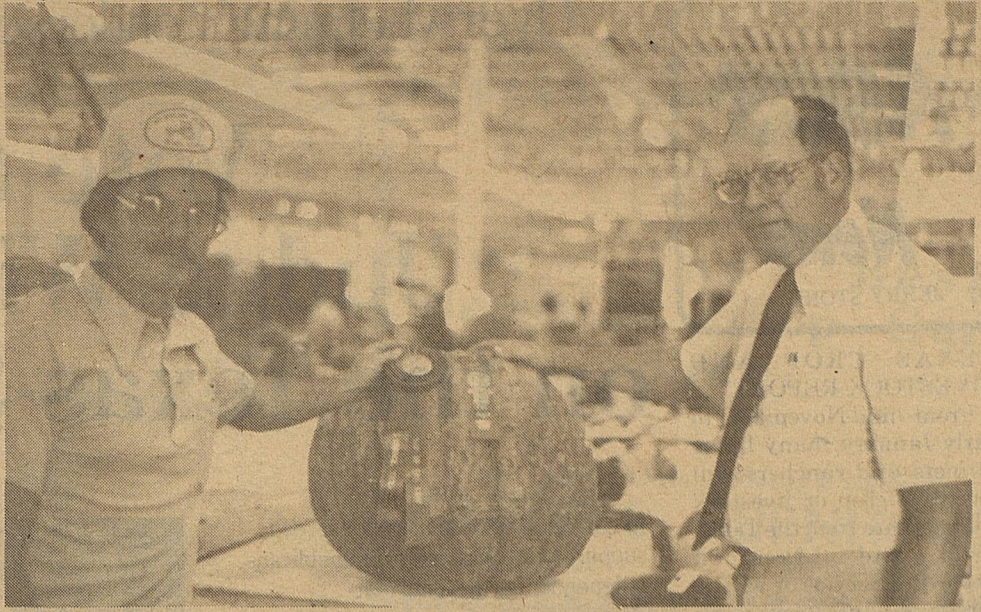

-Make gift-giving a joyful experience for the giver and the receiver. Don't kill the pleasure by wrecking the family budget!

Here are a few recipes of some "Kitchen Cosmetics" that you may want to try. Put in a decorator bottle, on container, these could be unique and inexpensive gifts:

**UNSCENTED HAND LOTION**

- 1 pound unibase
- 8 oz. glycerin
- 4 oz. mineral or baby oil
- 8 cups distilled water
- 4-5 drops food coloring.

Mix oil, glycerin and unibase with a mixer. Gradually add water and food coloring. This makes a large amount of lotion. For 80 ounces of lotion the

This Borden County pumpkin, shown by Mike Toombs of Fluvanna, recently won 1st place and was awarded a "top of the crop" ribbon in the Panhandle South Plains Fair in Lubbock. Dr. Roland Roberts, judge of fruits and vegetables is shown with Mike and his prize pumpkin. The pumpkin weighed 82 lbs., was 5'6" in circumference and 17 1/2" in diameter.

approximate cost is \$12.00 for 1 oz the cost is 15 cents.

For scented lotion, substitute 4 oz of bath oil for mineral or baby oil.

For a manicure-mix equal parts of egg yolk, pineapple juice and lemon juice. Soak nails for 15 minutes. This mixture serves as a nail bleach and a cuticle softener.

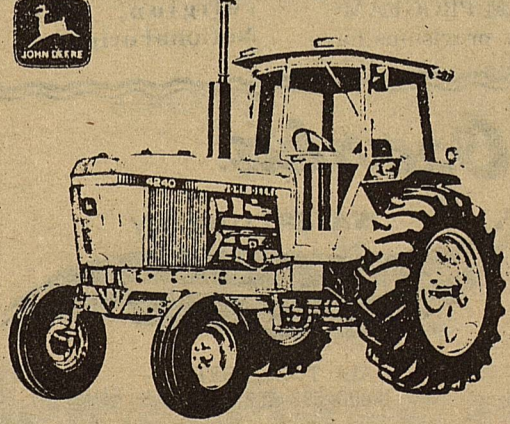

**FURNITURE POLISH**

- 1-3 cup boiled linseed oil
- 1-3 cup turpentine
- 1-3 cup vinegar

Pour all ingredients into container and shake well before using! The approximate cost of one cup is 54 cents.

### TEXAS CROP AND LIVESTOCK REPORT

From mid-November to early January, many Texas farmers and ranchers will receive a crop or livestock questionnaire from the Texas Crop and Livestock Reporting Service or will be personally interviewed by the Service's field staff. All of the estimates published by the Texas Crop and Livestock Reporting Service are based on the data provided by Texas farmers and ranchers, County Extension Agents, ASCS offices, and many others in agriculture. This cooperation provides the necessary data which is, in turn, returned to farmers and ranchers and others in the form of accurate estimates, which are so essential in making the wisest production and marketing decisions. Each farmer or rancher receiving a questionnaire is urged to fill it out carefully and return it promptly to the Agricultural Statistician in Austin. Individual reports are confidential and used only for state and county estimates.

#### 1981 NCA NOTICES

1981 crop year normal crop acreage (NCA) notices will be mailed October 28, 1980. Producers are requested to plan their NCA requirements now for the 1981 crop year. As in the past, any producer on the farm may request the county committee to reconsider any entry on the form he/she believes is incorrect or inequitable. The request must be in writing and delivered to the County Office within 15 days of the mailing date shown. This will give producers in Borden County until November 12, 1980 to file request for additional NCA acreage.

The County Committee has a limited reserve, however the State Committee has held in reserve an acreage that will be available to meet bonafied needs, based upon the producer's written appeal, where a change in farming operations has occurred.

#### EMERGENCY FEED PROGRAM

Livestock producers that have not applied for assistance under the program are still offered an

# Overwhelmingly endorsed by 82% of the Texas lawyers. Vote to Keep Judge Will Garwood on the Texas Supreme Court

Judge Will Garwood has widespread support from Democrats, Republicans, Independents, three former governors, four former attorneys general, 11 former Supreme Court justices, 15 Texas Bar presidents.

Texas lawyers endorsed Judge Garwood by 82%. He won local judicial preference polls by 86% in Dallas, 86% in Houston and 80% in Fort Worth.

Judge Garwood is the choice of so many because he's fair-minded, non-partisan and better suited to the job through personal qualifications and superior training.

He has over twenty years experience in private civil law practice. He served with the Judge Advocate General's Corps, U.S. Army, and was first in his class every year at The University of Texas School of Law, receiving his LLB with honors.

*"The appointment of Will Garwood to the Texas Supreme Court sounds like a chapter of Texas history repeating itself. The Garwoods have a long record in the judiciary. Will Garwood's grandfather, Hiram Garwood, was county judge of Bastrop County in 1888 and at one time president of the Texas Bar Association. W. St. John Garwood, son of the county judge and father of the new associate justice, was the first Houstonian to be named to the Texas Supreme Court in 80 years. . . . This three-generation record of public service is in the finest Texas tradition"*

- HOUSTON POST

*"Garwood's legal credentials are, to put it modestly, magnificent."*

- DALLAS MORNING NEWS

Look for the name Garwood on the ballot. It's worth the effort.

Pol. Adv. paid for by Texans for Judge Will Garwood, a Nonpartisan Committee: Duncan Osborne, Treasurer, 121 East 8th, Suite 318, Austin, Texas 78701.

opportunity to apply. To be eligible, the producer must be feeding his livestock in quantities above normal. He **must not** have sufficient feed for his eligible livestock and have suffered at least a 40 percent loss in feed and pasture production.

#### CROP DISASTER

Remember you must file your application for disaster credit **before** plowing, grazing, or making other use of the failed crop acreage. If the crop is harvested, then you must file within 15 days after harvest is complete for the crop in question.

It is very important that requests are filed timely as you could lose your disaster payments.

#### DROUGHT DISASTER LOANS

The Small Business Administration's (SBA) declaration No.1900 for drought has brought much

needed assistance to the agriculture industry in Texas.

The disaster victim is eligible for crop losses sustained during the 1980 growing season providing the crop was in the ground during the incident period of the declaration, regardless of the harvest date. Partial crop losses will be computed only after harvest and determination of actual yield.

The following formula will be used to compute eligible loss:

*Acres planted x established yield x percentage of loss x market price (less insurance received, less ASCS low yield payment and other recoveries) equal eligible loss.*

Farmers and ranchers have until February 12, 1981 to file their physical loss applications under this declaration. Agriculture-related

businesses have until May 12, 1981 to file for Economic Injury Disaster Loans. Producers in Borden County are eligible for losses during the period 5-30-80 through 8-5-80 due to drought conditions.

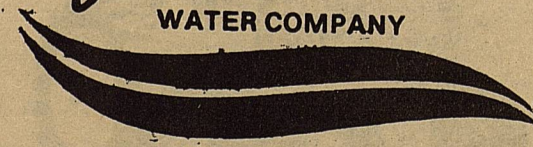

1981 FARM PROGRAM Disaster provisions have

been extended and will cover the 1981 crops.

Eligibility for participation in all programs administered by ASCS is established under law without regard to race, color, religion, sex, or National origin.

# Vote for Greater Banking Convenience

Passage of Proposition 1 on the November 4th ballot will open the door to even greater banking convenience. This simple change in the law will allow Texas banks to place unmanned teller machines at convenient locations for faster service, night or day. These teller machines are becoming a convenient option for handling routine banking business.

*"Round-the-clock banking at unmanned tellers is convenient, safe and a positive step toward avoiding unnecessary credit card use. . . moreover, it is an energy saver — instead of traveling across town to a bank, an unmanned teller can be built in your neighborhood."*

— San Angelo Standard-Times

*Proposition 1 "will make life easier for bank customers. . . (it) will eliminate many, if not all, of the tortuous lines seen clogging drive-in bank lanes."*

— Houston Chronicle

*Proposition 1 "has gained widespread support as the amendment faces voters Nov. 4."*

— Orange Leader

*"Off-premises unmanned teller machines should be approved by Texas voters."*

— San Antonio Light

People in forty other states already have this convenient banking choice. It's time Texans did, too.

# Vote for Proposition 1 November 4th.

Political advertising paid for by Convenience Banking Committee, Box 1451, Austin, D. E. Benham, Treasurer.

# The next 4 years could be our last 4 years.

**D**on't think it couldn't happen. It has happened—in ancient Rome and modern day England. Mighty Rome fell because its all-powerful government spent the treasury dry on free food and circuses for the masses as its once powerful armies became weak and impotent.

England has fallen from its lofty peak of power because it dealt with Hitler from a position of military weakness to bring about World War II—and then turned to the economic chaos of socialism after the war.

Now America has a choice. Shall our country return to those principals that made it the greatest in man's history or continue on our present path to moral, military and economic decay? Each of us has the sacred right—and duty—to make this choice on November 4th.

Since this very well may be our last choice, lets look at how the men who wish to lead us during the next 4 years stand on the vital issues that will determine our country's future ...

**IF OUR COUNTRY IS TO SURVIVE, WE HAVE GOT TO HAVE A CHANGE.**

Never before has our nation been in such danger. In just 4 years the moral, economic and military foundations of our country have been so weakened that we are now dangerously vulnerable to the selfish desires of our enemies throughout the world. Getting us into wars has been the sad record of Democratic Presidents throughout our history and our present leadership is no exception. Every war that American boys have died in since 1914 has been started during a Democratic Administration.

This adv. has been paid for by Rich Anderson. This communication not authorized by the candidate or the Reagan Bush Committee.

## HOW THEY STAND:

THE VITAL ISSUES THAT WILL DETERMINE AMERICA'S NEXT 4 YEARS.			
	REAGAN	CARTER	ANDERSON
30% tax cut over next three years	FOR	AGAINST	AGAINST
