(10 PAGES TODAY)

"Liberty will not descend to a people, a people must raise themselves to liberty; it is a blessing that must be earned before it can be enjoyed." —Benjamin Franklin

FLOOD ENIGNS HOUSES — Flood waters from the usually placid and relatively small Minnesota river at Mankato, Minn., laps above the first floors of hundreds of homes in a suburban area April 9. Residents in the area were evacuated as waters from tributary streams continued to pour into the river. (AP Wirephoto)

Crime On Increase FBI Agent Declares

Crime has increased four percent faster than the nation has grown during the past decade, members of the American Legion, its auxiliary, police and defense plants officials were told Monday night by a special agent for the FBI. Resident Agent Carl Perryman, substituting for his chief, H. O. Hawkins, special agent in charge of the northwest Texas area, told the group of almost 50 men and women the nation's population has increased 14 percent since 1940 while the rate of crime has risen 18 percent. Hawkins, it was announced by Commander Billy Davis, was unable to address the group because of a "high brass" official from Washington are in Dallas this week with him. Hawkins was to speak on the aid the general public can give law enforcement officers in combating communism, sabotage, and other subversive activities. Perryman cited several instances where federal laws were passed to help local authorities catch wanted criminals. One of these is the federal law against flight to avoid prosecution. This makes it possible for the FBI to arrest a wanted bank robber, murderer, or other felon, who flees a state after committing a crime, and return him to that state. The same holds true for automobile thefts. Where state officers are hindered by state lines, the FBI may cross them.

Thousands Flee Floods

(By The Associated Press) Floodwaters spilled out over thousands of acres of land in a three-state midwest area today, making more than 12,000 persons homeless. Property damage mounted to an estimated \$3,000,000. Fed by spring rains and thaws, the swollen rivers and streams overflowed into several communities. Minnesota, Iowa and South Dakota. The surging waters covered farm land, highways, and railroads. The Red Cross and National Guardsmen were on the scene in many of the flood-stricken areas. The Minnesota River in western and southern Minnesota was causing the major damage. Some 5,000 persons have been forced from their homes in North Mankato, Minn., other residents along the lowland areas of the turbulent stream were ready to evacuate. Most of the refugees from North Mankato were housed with private families in Mankato, a city of about 18,000, which is on higher ground than the suburb. Only a few dwellings in Mankato have been flooded. There was some hope the flood crest had been reached at North Mankato. The Minnesota held steady overnight, about eight feet above flood stage. Not much rain was forecast for the southern Minnesota area today but weather observers along the stream said that great quantities of snow from the winter season's record fall remained in ravines, gullies and other sheltered areas. A sudden warm spell, they said, would bring new flood dangers. Temperatures have been in the 30's during the last few days.

Legislator Gets Woman's Opinion

AUSTIN — (AP) — Rep. John Crowhurst of Dallas guessed he got the voice of the people today. He displayed a postcard sent to him. All it said: "I am against it." It was signed by a woman in Dallas.

All Officers Reelected: Thompson Retains Presidency Of Pampa's School Trustees

School board member Raeburn Thompson, with one reelection under his belt, claimed still another Monday night when he was unanimously reelected president of the board. A motion, made in proxy by J. C. MacWilliams to reelect all officers for another term, was approved immediately by the board. MacWilliams was the only board absentee. Herman Whitley was reelected vice president and A. C. Troop renamed secretary. Following organization of the board, members discussed place of payment for the first installment on principal and interest on \$1,250,000 bonds which comes due May 1; building a 240-foot fence around the football field and approved payment of bills. The Pampa Independent school district will make payment in the Citizens Bank and Trust Co. on the initial installment on the bonds which are financing the current school improvement program in Pampa. The principal is \$60,000 while the interest is approximately \$27,000. Subsequent interest payments will be made each six months while \$60,000 will be paid annually on the principal for ten years. The remainder will be paid out \$6,500 annually. Discussion of the board centered about place of payment.

Three Men Fined On Intoxication Charge

Three men charged with intoxication were fined \$10 each in Corporation Court today by Judge Clifford Braly. One man pleading guilty to charges was released after paying the \$10 fine. The others were held in lieu of fines.

New Violence Breaks Out On Israeli-Syrian Border

ISRAELI-SYRIAN FRONTIER — (AP) — New violence broke out along the Syrian-Israeli border today as Israeli police were reported fired on while patrolling the demilitarized Galilee area near the Jewish settlement of Engebi. The Israelis returned the fire and the skirmish was reported still going on at 1 p. m. 15 a. m. CST. The reported shooting was announced also by an Israeli government spokesman in Tel Aviv who blamed Arabs for the skirmish. No casualties were reported from the Israelis.

Lions To Stage Public Rehearsal

Final rehearsals for the annual Lions Club Musical and Musical Revue are scheduled for tonight for a public rehearsal. The show will be staged for children will be held at 3 p. m. Wednesday. The performances at 8 p. m. Thursday and Friday nights include a musical and short musical numbers and comedy skits. Tickets may be obtained from any member of the Lions Club or at Clyde's Pharmacy. Proceeds of the show will help the Lions Club to finance some of their charitable activities. For the best in hearing see the Utility Circulating wall heaters. Bert A. Howell, 119 N. Ward, Ph. 152—adv.

Agent Called By Air Force

County Agent Ralph Thomas was recalled to active duty as a major in the United States Air Force and was granted a 21-month military leave by the County Commissioners court Monday afternoon. Assistant County Agent Foster Whaley will serve as acting county agent. Thomas was ordered to report to Tinker Field, Oklahoma City, April 18 — one day less than nine years after he was called for duty in World War II. April 17, 1942. This will be the third time Thomas has served with the armed forces. During World War I he enlisted as a private and served two and one-half months when the Armistice was signed. He served four years during World War II, entering as a lieutenant and coming out a major. Thomas has been Gray county agent since May 1, 1930. Monday's action by the commissioners was the second time he has been granted military leave by the county. Whaley came to Pampa one

Controversy Boils As Mac Presses For More Latitude

Chief Wants To Hit Chinese Sanctuary

The controversy over Gen. Douglas MacArthur's recent statements boiled on three continents today but in Tokyo the United Nations commander indicated he intends to keep right on pressing for greater latitude in the Korean campaign. In a two-hour discussion with Army Secretary Frank Pace, Jr., at his Tokyo headquarters yesterday, MacArthur is believed to have asked for more troops and a freer hand to wage war against the Communist Chinese. MacArthur has repeatedly rallied against Red China's "privileged sanctuary of Manchuria" and in his talks with Pace may have sought the right to bomb Chinese supply bases, Tokyo dispatches said. The supreme commander criticized by Truman administration supporters for urging use of Chinese Nationalist troops in a second front against Red China, authorized a spokesman to deny reports he had been reprimanded for the statement. Informed sources said MacArthur stood his ground in his conference with Pace on his publicly expressed views that have provoked a storm in Washington, Paris, London and other western capitals. In London, a foreign office spokesman said Britain has expressed privately to the United States its concern over the MacArthur row. "Our viewpoint has been made known through our ambassador, Sir Oliver Franks, through normal conversations," the spokesman said. He insisted it was not a formal protest — usually a stern measure. Britain is anxious to keep out of the American political dispute over MacArthur. In Washington the White House maintained silence on any possible presidential rebuke that might be planned for the general. One highly placed congressional source said no drastic action against MacArthur was an immediate prospect, and that Mr. Truman has not yet reached a decision. (See LATITUDE, Page 2)

House Locks Its Doors For Voting On Old Age Benefits

AUSTIN — (AP) — The House locked its doors today to keep members in until it voted on amending the ceiling on old age benefits. Then it voted 58-57 to instruct the sergeant-at-arms to go out and pick up absent members. The Constitution now limits payments for public welfare to \$5,000 a year. Rep. Doyle Willis is author of the proposed constitutional amendment to remove that ceiling. The Fort Worth legislator won a 90-38 vote a week ago on his proposal to help the old folks. It takes approval of 100 of the 150 House members to send the constitutional amendment to the Senate. Set as a special order of business in the House was Rep. Jimmy Adams' anti-slot machine bill, but it was doubtful the measure would be reached today. House Speaker Reuben Senterfitt said some 10 or 12 proposed constitutional amendments had to be disposed of first. Tax debate tied up the House yesterday and representatives quit after prolonged argument over an amendment to slap a tax of 1 cent per 1,000 cubic feet on natural gas. By forcing the House to recess, opponents of the amendment hoped to gain time in which to rally votes against it. There was a possibility the tax measure, by Rep. Jim Lindsey of Texarkana, might not gain further consideration this week. Senate bills have priority in the House on Wednesdays and Thursdays. A bill to create a slum clearance and redevelopment authority so Texas cities could participate in federal funds for such projects was sent to a subcommittee by the House State Affairs Committee last night. A bill to boost the state gasoline tax from 4 to 5 cents per gallon was sent to subcommittee.

Regulation May Cut Price Speculation

If OPS Regulation 16 works the way government heads think it will, there will be no more price speculation in food commodities at least for the duration of the emergency. Local area grocers learned this Monday afternoon from Ted Gehring of the OPS' food division at a clinic held in the County Court Room. Grocers have until April 30 to complete price lists and notify Lubbock office of OPS of their classification as a business. However, grocers do not file charts with OPS but must keep them at their place of business for review by OPS enforcement officers. Gehring explained ceiling prices on dry groceries and perishables of the Board of Directors of the Top of Texas Rodeo Association. A committee composed of R. D. Mills, Art Rankin, Irvin Cole and Bill Graham was appointed to make a study of the cost of building permanent type bleachers on the east side of the arena, and providing a walk from the

Cuts Out Booster Trips: Rodeo Group To Survey Cost For New Bleachers At Arena

General plans were formulated for the 1951 rodeo and horse show at a meeting Monday night in the production of the show, the group voted to discontinue the booster trips, and to distribute advertising material in cars. The board voted to maintain the same prize money after finding by comparison the money provided a walk from the west side of the arena to the east side. To cut down the rising cost in the production of the show, the group voted to discontinue the booster trips, and to distribute advertising material in cars. The board voted to maintain the same prize money after finding by comparison the money provided a walk from the west side of the arena to the east side. To cut down the rising cost in the production of the show, the group voted to discontinue the booster trips, and to distribute advertising material in cars. The board voted to maintain the same prize money after finding by comparison the money provided a walk from the west side of the arena to the east side.

Firemen Check City Dump Blaze

What could have turned into a damaging prairie fire at 9:30 a. m. today was checked by city firemen at the dump ground, but only after a half acre of grassland was burned out. Fire Chief Ernest Winborne said a smoldering fire on one trash pile, that burned yesterday, was blown to a south pile this morning by strong north winds. The fire jumped from there to a field lying south of the dump grounds where firemen finally checked it in less than an hour. Winborne said he did not know who owned the grassland that was burned.

DONATES TO CANCER DRIVE — Mrs. A. R. Killen, 116 N. Ballard, contributes to the 1951 Cancer Crusade which began Monday. Mrs. Killen's brother died of cancer in 1949, and her mother, who was an invalid for several years, died of cancer in August, 1950. (News Photo)

Mercury Dips As Cold Front Strikes Texas

(By The Associated Press) A stampeding cold front hit the Texas Panhandle early today, cutting visibility with its swirling dust to five miles at Amarillo and causing gusts of wind up to 60 miles per hour at Delbert. At 7:30 a. m. today, wind velocity in Pampa was 28 miles per hour, according to the gauge at Central Air Lines. By 10:30 the wind was blowing at 40 miles per hour with gusts of 60. Temperatures jumped from a high 46 at 8 a. m. today to a low 38 at about 10:45 a. m. Temperatures of 24 to 32 degrees were forecast for the Panhandle tonight. The front moved in out of the northwest and was rolling swiftly in a south, southeasterly direction. No severe cold was anticipated elsewhere but the entire state could expect scattered showers and buffeting winds. And while the Panhandle was blasted by high winds and sand storms, the rest of the state was for the moment, enjoying fair and spring-like weather. Yesterday the tail-end of another front that crossed Texas brought equally weather, thunder storms and hail to the Gulf Coast area. Hail damaged tomatoes, corn and truck gardens in the Youkum area and broke windows in downtown and residential areas of Gonzales. The weather bureau said the squall line boiled up on the upper coast across the bottom of the state to the lower Rio Grande Valley. But the whole mess cleared before daybreak. Today the squall line boiled up on the upper coast across the bottom of the state to the lower Rio Grande Valley. But the whole mess cleared before daybreak. Today the squall line boiled up on the upper coast across the bottom of the state to the lower Rio Grande Valley. But the whole mess cleared before daybreak.

Austin V. Mason Is Found Dead In Home Late Monday

Austin V. (Smoky) Mason was found dead about 7:45 p. m. Monday at his home, 417 Hazel St., by A. W. Bowers, a neighbor. Authorities said that Mason apparently had got up from his bed Monday morning, walked to the kitchen and suffered a heart attack. Funeral arrangements are pending the arrival of Mason's son, Russell, of Wichita, Kans. Mason was formerly in the laundry business here.

Connally Reveals Plans For Campaign

DALLAS — (AP) — The Dallas Morning News today quoted Senator Tom Connally as saying he would be a candidate for reelection in 1952. The Washington Bureau of the News said that Connally has told friends he is ready to take on all comers, including Gov. Allan Shivers. "I hope the Governor won't run," Connally said. "I hope nobody will run. But if Mr. Shivers or anyone else enters the race, I'm ready." Shivers has made no announcement of his political plans for 1952. Connally, 71, has been a Texas senator since he defeated Senator Ernest Mayfield in 1928. Before that he served five terms in the House.

Miami Man Elected To Company Board

TULSA, Okla. (AP) — John W. Bruce of Miami, Texas, has been elected chairman of the Carter Oil Co. board. Carter President O. C. Schorp said Bruce will take over the newly created job June 8 when his term as a director of Standards Oil of New Jersey expires. Bruce graduated from the University of Texas in 1927 and was a field geologist for Humble in that state.

Sixteen Area Men Leave Pampa For Army Service

Sixteen men from Gray, Robs, Wheeler and Donley Counties left the county court house this morning for induction into the armed forces at Amarillo. A total of 50 others left from Pampa, or arrived in Amarillo from colleges, for pre-induction examinations at the same time. The quota for inductees this month for Local Board 52 was set from 33 to 17 in accordance with a recent directive affecting all draft boards. However, two area men, one a Pampa, volunteered before their called time, making the two youngest men from the April quota. This brought the list to fifteen, plus one transfer from Montana and one man left over from the March quota made 17 men actually going to Amarillo for induction. Those volunteering were Dewain Jackson Wheeler, who left Mar. 27, and Lynn Dale Cooper, Pampa who left April 2. Those leaving for induction this morning were: O. C. Cox, Robert L. Bonaal, Louis J. Kelp, Billy Joe Bond, Bob Green, and John W. Frost, all of Pampa; Wayne Lowe, Duane W. Naylor, and Jerry W. Morgan, all of Clarendon; Bob E. Phelan, Odell Morrow, and James King, all of Leila Lake; Freddie Smith, and Jack Collie, both of McLean; Billy Joe Anderson, Shamrock; and Harry Hardin, Miami. The transferred man was Vernon F. Holler, Montana. The May quota, local board officials said, will be filled easily for induction, but the 46 physical examinees may be hard to raise. For May, the local board will use 16 men left over from April plus seven others to make their quota of 23.

PTA Study Group Finishes Course

Members of the Woodrow Wilson Parent-Teacher Assn. study group Monday night completed the 12-hour course, "Growing Toward Maturity." The group met at the home of Mrs. Perry G. Franklin, 513 N. Magnolia, with Mrs. John Sexton and Mrs. C. L. Dittmore as leaders. Attending the meeting besides the leaders and hostess were Mrs. Clayton Dunham, Mrs. Glenn Maxwell, Mrs. E. A. McLennan and one guest, Mrs. Frank Kelley.

First Aid Students Study Atomic Defense

The "Atomic Defense" lesson included in the First Aid class taught in the Girl Scout house this week, will begin at 7 p.m. Wednesday. Mrs. J. M. Fitzgerald is teaching the first aid course for Scout leaders and members of the Girl Scout Assn. Mrs. Harold Osborne, training chairman, reports the course is being well attended.

RODEO

(Continued from Page 1) given here equals and many times surpasses prizes given in similar shows. Paul Crouch, president of the association, was appointed to select sub-committees to handle various details of the rodeo which is set for August 7-11. Officers of the rodeo association are Crouch, H. L. Ledrick, vice-president; A. L. Mills, treasurer; and E. O. Wedgeworth, secretary.

Rescuers Recover Miners' Bodies

EVLETH, Minn. (AP)—Rescue digging ended in the spruce lion ore mine at 6:15 a.m. today with the recovery of the body of the second of two miners trapped by a cave-in last Friday. Late last night—more than 82 hours after the roof collapsed in a tunnel 564 feet below the earth's surface—workers found the toe of a boot worn by Frank Putzel, 43.

Earlier yesterday, the body of Putzel's companion, 53-year-old Frank Korcha, was recovered. He was badly crushed. Three shifts of 30 miners each had been laboring night and day in the hopes that Putzel and Korcha would be found alive. The work was slow and arduous. They could progress no more than a few inches an hour.

Officials of the Oliver Iron Mining Co. operators of the mine, said death was probably instantaneous in both cases.

Panhandle Forms Junior Chamber

A Junior Chamber of Commerce has been organized in Panhandle by a group of young men with the assistance of several Pampa members. Officers were elected for the new organization. Richard Nunn was chosen president; Friday Bloesch, first vice-president; Clyde Poston, second vice-president; Gene Skiggs, secretary and Tom Mose, treasurer.

Navy Reinstates Training Leave

Navy recruit leave has been reinstated and training periods extended from 9 to 11 weeks. Eighth Naval District headquarters in New Orleans has announced. Navy headquarters said the order was effective as of April 1, bringing the training period for the recruits back to the January level. Training periods were reduced last January due to the critical need for personal effort and because of the capacity limitations at the recruit training centers.

The granting of recruit leave again permits trainees to take a maximum of 14 days leave after graduation. The Navy pointed out, however, that the recruit leave is not added time off, but counts as annual accrued leave.

Wheeler Student To Be Honored

WHEELER (Special)—Miss Ruby Simmons will be among the students honored at the special "Honors Day" at Texas State College for Women in Denton on April 12. Miss Simmons, a senior home economics education major at TRCW, achieved this honor by maintaining a high scholastic average this year. She is the daughter of Mrs. C. L. Killingsworth of Wheeler.

PHYSICIST DIES

OLSO, Norway (AP)—Dr. Wilhelm Bjerknes, 89, called the father of modern meteorology, died last night. The Norwegian physicist took the initiative in 1918 in establishing the Meteorological Service at Bergen.

Voting is compulsory in Argentina.

Spy-Hunt Reaches Into Old Records

NEW YORK (AP)—The government's hunt for more Russian spies is extending into espionage activity dating back more than 20 years. U.S. Attorney Irving H. Saypol says.

Some of the new suspects, Saypol says, "have been active in the Communist party."

They operated in "not only atomic but other fields," he adds. The U.S. attorney told news-gatherers yesterday that his men are gathering evidence dating from the late 20's and early 30's to 1948. The data will be given to a grand jury, Saypol said.

Saypol said on Sunday that new arrests were to be expected in espionage investigations that culminated in the death-sentence convictions of Julius Rosenberg and his wife, Ethel.

Choir Will Enter TIL Music Contest

Pampa High School's 62-member A Cappella Choir Friday will enter the Inter-scholastic Music Contest in Canyon. Three ensembles, the Senior Girls' Sextet, the Junior Girls' Sextet and Boys' Quartet will compete.

Five soloists, Bettye Jackson, alto; Katrina Grainger, soprano; Jo Ann Hash, soprano; Carolyn Carver, soprano and Ronald Still, tenor, will enter contests.

The choir is under the direction of Kenneth Baumgardner.

PRICE CUT

(Continued from Page 1) premiums to receive the goods kept as well as freight costs after April 5.

Gehring suggested grocers obtain price lists from their normal suppliers as an aid in setting up their ceiling prices.

The grocers were told the regulation is effective April 5 and they must have their price lists ready by the opening of business April 30.

Their classifications, Gehring added, are stores doing a 1950 volume of \$75,000 or under; Class 1, and stores doing a volume of \$75,000 to \$375,000, during the same year; Class 2.

LATITUDE

(Continued from Page 1) decision on the burning question. While administration supporters generally increased their criticism of MacArthur for urging use of Chiang Kai-shek's troops, Rep. Joe Martin of Massachusetts, the House Republican leader, supported a move to bring MacArthur home to report personally to Congress on the Pacific situation.

In Tokyo, Rep. O. K. Armstrong (R-Mo.) told the American Chamber of Commerce he did not think MacArthur exceeded military authority in his recent policy statements. He added that any action to recall the general "at this time would be the greatest victory for communism since the fall of China."

Baptist Mary Class Has Luncheon Meeting And Installs Officers

The Mary Class of the First Baptist Church held a luncheon meeting in the church dining room.

A red checked table cloth set the scene for an Italian spaghetti luncheon. Pottery figurines were used for decoration. Mrs. C. E. McMinn, the teacher, gave the invocation. Mrs. E. C. McCollum, outgoing president, called for monthly reports from all officers, after which she introduced Mrs. H. M. Stokes, department officer. Mrs. Stokes installed new officers and gave them an outline of their duties.

Officers are Mrs. Joe Brown, president; Mrs. Arnold Jones, membership vice president; Mrs. R. M. Chisholm, secretary; Mrs. Lois Cudney, asst. sec.; Mrs. H.H. Threalt, fellowship vice president; and Mrs. Milton McKinney, stewardship vice president; group captains: Mrs. E. C. McCollum, Mrs. D. R. Morris, Mrs. W. S. Marsh and Mrs. W. A. Greene, and Mrs. H. G. Sharp, members in service.

Others present were Mrs. W. B. Franklin, Mrs. Jewel Scaet and Mrs. Edd Mackie.

In behalf of the class Mrs. McMinn presented gifts to the installing officer, Mrs. Stokes, and to the outgoing president, Mrs. Collum.

Ruth Ashe was given at the teacherage. Her daughter, Mrs. Harry Davidson, Misses Alexander Pat King and Peggy Pemberton were co-hostesses.

Mrs. Carr's Pupils Will Be Presented In Second Pianoforte Recital Tonight

At 8 o'clock this evening in the First Methodist Church, Mrs. May Foreman Carr will present her pupils in the second of two pianoforte recitals. The first was presented at 8 p.m. Monday.

This evening's program will open with a piano duo, "In a Chinese Temple Garden" by Ketyelby, which will be played by Betty Osborne and Patricia Reynolds. The first movement of Mozart's Concerto in d Minor will be played by Charlotte Call, with Mrs. Carr playing the orchestral parts on the second piano.

A piano duo, "Espans" by Charrier, played by Joan Lumsford and Mrs. Carr will conclude this program.

Those appearing this evening will be Betty Osborne, Patricia Reynolds, Bill Atkinson, Beryl Nash, Grant and Courtney Campbell, Barbara Hoover, Judith Baer, Janis Foster, Wadene Thomasson, Evelyn Fulfer, Marilyn McDaniel, Marlene Sharrod, Lynette Powers, Charlotte Call, Patsy Stovall, Stanley Douglas, Rebecca Breining, Phoebe Osborne and Joan Lumsford.

Last night's performers included Barbara Hoover, Nina Ruth Robinson, Beryl Nash, Ray Baker, Marcile Gilson, Grant Campbell, Courtney Campbell, Carolyn Sue Minniear, Carl Graves, Joyce Gordon, Dixie Rhoades, Peggy Gordon, Rochelle Smith, Wanda Forducy, Marcella Waters, Ruth Fulfer, Berna Lou McMinn, Marilyn McDaniel and Patricia Reynolds.

Miss Phoebe Osborne, artist pupil of Mrs. Carr, will be heard in an individual recital Sunday afternoon, April 22, and will be assisted by Miss Dorothy Meers, violinist.

These programs are open to the public.

SOCIAL CALENDAR

Business and Professional Women will meet in the City Club Room this evening. The business meeting will begin at 7:30, will be followed at 8 by a showing of the film on cancer, "Breast Self Examination." Other women who wish to see the film may go to the club room at 8 o'clock.

Mrs. Lewis Tells Of Florida Trip For Entree Nous

Mrs. Holly Gray was hostess to the Entree Nous Club Friday afternoon. Mrs. Joe Lewis gave the program, telling of her recent trip to Florida. One of the highlights of the trip included a visit to the Keys. Mrs. Lewis said Key West is the only frost-free city in the United States, and was known as Coral Island. She said, also, that there are more than 500 varieties of fish in the surface waters.

While in Florida Mr. and Mrs. Lewis visited with their son and his wife, Mr. and Mrs. Farrington Lewis, formerly of Pampa. Mrs. Lewis also told of their trip through the American Museum of Atomic Energy in Oak Ridge, Tenn. While in Oak Ridge they visited with Lt. Col. and Mrs. Walter Carrs. Mrs. Carrs is the former Beryl Tignor of Pampa.

Mrs. Lewis told the club members that Oak Ridge has a population of 30,000, and that it is made up entirely of government employees.

Floral arrangements and refreshments were in pink, white and green. Roll call was answered by each member giving the culture of her favorite flower. Members present were Mmes. Ruth Spearman, Boyd Brown, C. W. Bowers, Guy Farrington, A. B. McAfee, Maye Skagggs, J. C. Farrington, Doyle Osborne, C. A. Tignor, Joe Lewis, E. A. Shackleton, C. C. Stockstill, O. H. Ingrum and the hostess.

Police Auxiliary Plans Party, Studies Project

At a meeting of the Police Auxiliary in the home of Mrs. F. E. Dyer, 600 N. Dwight, tentative plans for a bingo party were discussed. The remainder of the evening was spent working on textile painting, the present project of the club.

Refreshments were served to Mrs. J. O. Dumas, Mrs. A. B. Turner, Mrs. P. C. Wynne, Mrs. Jesse Taylor, Mrs. E. J. Robertson and David, Mrs. C. H. Godfrey and Mrs. O. E. Payne.

The next meeting will be in the home of Mrs. E. J. Robertson, 315 Hazel, on March 13. Three guests were present, Mrs. Syle Riddle, Mrs. W. B. Benton and Mrs. Ernie Barnett.

Whatever it is your duty to do, you can do without harm to yourself.—Mary Baker Eddy.

Wayside HD Club Gives Party And Plans Box Supper

The Wayside Home Demonstration Club gave a party in the club house recently with Mrs. R. E. Montgomery and Mrs. Skeet Roberts as hostesses. Refreshments of salad, sandwiches, pie and coffee were served to approximately 40 adults and children.

The club will hold a box supper in the club house April 20. The supper will be open to the public, with those attending taking boxes.

The club will hold an all-day meeting in the club house next Friday. A packed lunch will be served at noon and upholstery will be studied as the program for the day.

DON'T ROB YOURSELF OF POISE AND SELF-ASSURANCE

Are you so conscious of your excess weight that your poise and self-assurance is suffering? You needn't be that way—not when it's so easy to take off extra pounds without starvation diet or tiresome exercise. It's amazing how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all, and costs little. It contains nothing harmful.

Just go to your drugist and ask for four ounces of liquid Barconatrate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take two tablespoonsful twice a day. That's all there is to it.

If the very first bottle doesn't show you the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just recheck. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloated appearance—how much better you feel. More alive, youthful appearing and active.

HERE IS THE PROOF
"I have gotten wonderful results taking Barconatrate," writes Louise Bonham, Brookston, Texas. "When I started I weighed 230 pounds, I now weigh 160, a total loss of 70 pounds. I feel 100% better and am glad to recommend Barconatrate very highly to anyone."

McLean Opens Rodeo Season

McLEAN, Texas — The rodeo season will open here Friday, Saturday, and Sunday, April 20, 21, and 22, when the annual three-day rodeo is sponsored by the Floyd-Corbin-Florey Post 315, American Legion.

The three performances will be held in the rodeo arena in the northwest part of McLean. The first performance will be at 8 p.m. Friday. The second, Saturday at 2 p.m. and the final performance at 2 p.m. Sunday.

A parade will be held Saturday morning, George Terry, commander of the Legion post, stated. Any organization, or neighboring town is invited to enter floats.

Six events will be held, with a total purse of \$1,200 in prize money. The events will be saddle bronc riding, bareback bronc riding, bull riding, bulldogging, calf roping, and ribbon roping. The purse in each event will be \$200, with an entry fee of \$10 for each event.

Stock for the show is being furnished by Tom Harlan of Kerville.

Highlight of the rodeo performances will be the clown antics of Buddy Heaton and his educated horse, "El Rocho." Heaton, from Kansas, appeared in the Legion rodeo here last year. Bob Sherrod, general chairman of rodeo arrangements, explained.

The American Legion will also sponsor two dances, the first Friday night following the rodeo performance, and the second Saturday.

Two booster trips are being planned under the chairmanship of Howard Horne. The first trip to advertise the rodeo will be Saturday, April 14, and the second Monday, April 16.

With more than 11,000 members, the daisy family depends on bees for fertilization.

Calves To Be Given To Wheeler Youths

WHEELER — (Special) — County Agent R. D. Seigmund and Kenneth Crouse left for Clayton, New Mexico immediately following the Dairy Day Show in Wheeler. They plan to purchase club calves for at least two 4-H club boys.

Jamie Clark, who had the winning club calf this year, is in the market for a New Mexico calf and Crouse will be looking for a future winner for his son, Earl.

R. WRIGHT ARMSTRONG

Pampa To Send Delegates To High School Meeting

Plans are underway at Pampa High School to send a representative group of seniors to Amarillo Friday for the Education for Citizenship Program, sponsored by the Amarillo Chamber of Commerce and Amarillo College.

Feature speakers on the program are Representative Harley Sadler of Abilene, member of the Texas legislature, who will speak on "The Responsibilities of Citizenship," and R. Wright Armstrong, vice-president of the Fort Worth and Denver Railroad, who will speak on "The System of American Opportunity."

High school seniors will be in attendance from within a radius of 100 miles of Amarillo and some 25 or 30 counties will be represented.

Responsibilities as future leaders and citizens and some of the problems confronting free enterprise economy will be the program's main theme.

This is the first project activity of the taxation and legislation department of the West Texas Chamber of Commerce in the Amarillo area in its newly reorganized program of activities.

Wheeler Farm Bureau Meets

WHEELER — (Special) — The Wheeler County Farm Bureau will meet April 12 to form plans and projects for the coming year. The meeting, in the American Legion Hut in Wheeler, will include a round table discussion among farmers to determine how the bureau can best be of service to its members.

The meeting is also planned to obtain new members for the bureau. Paul Macina, president, hopes the open planning of the

schedule will convince many farmers of the benefits the bureau can bring them.

Two projects of the past year were a barbecue in August and the recent Dairy Day Show in Wheeler.

The capybara, a mammal of Central and South America, is believed to be the largest rodent.

Medical Group Opens Meet

Three Pampa doctors will participate on the program at the Panhandle District Medical Society meetings which began today at 9 a.m. and will continue through Wednesday. Dr. Raymond Laycock will lead a discussion period under the section on obstetrics and gynecology of which Dr. Edward S. Williams is secretary.

Dr. Marvin C. Overton, Jr., is chairman of the section on surgery.

The meeting will be held at the V. F. W. Hall, 1401 West 8th, where a banquet will be held tonight at 7:30. Dr. A. W. Traweck, Matador, will be honored at the banquet as the oldest doctor in the Panhandle District Medical Society.

PHS Choir Gives School Program

The Pampa High School assembly Wednesday will be the annual A Cappella Choir program. The assembly will be broadcast at 1:15 p.m. over radio station KPDM and transcribed by KPAT for later release.

Don't Be Satisfied With Symptomatic Relief
YES, HADACOL MAKES IT POSSIBLE TO RELIEVE THE CAUSE OF
Aches and Pains, Stomach Distress, Weak, Run-down Conditions and Nervousness When Due To Lack of Vitamins B₁, B₂, Niacin and Iron In Your System

Mrs. A. Plonka of 3202 S. Alameda, Chicago, Ill.: "My daughter Carmelita, who is 10 years old and in the fifth grade, had always been underweight and I had to positively force her to eat. She had no interest in food whatsoever, but I knew that she had to eat. When we were visiting my mother in Missouri over the Christmas holidays she suggested I give Carmelita HADACOL. I bought a large bottle of it that same day and was amazed at the change in Carmelita. Her appetite picked right up and she now eats three hearty meals a day plus in-between snacks. I have really praised HADACOL, and highly recommend it."

C. E. Moncus, 221 Columbus St., Montgomery, Ala.: "Quite some time ago I began to have indigestion and sour stomach. My food just didn't digest right. I'd get a full, 'gassy' feeling after I ate. This affected my appetite and my weight. I was run-down, too. My wife started taking HADACOL and so did my daughter. I saw how much it had helped them, so I started taking it. And HADACOL has certainly helped me, too. My stomach never bothers me any more. I have a terrific appetite and have gained weight. I have lots of energy and just feel good in every way. I think HADACOL is wonderful. I wish I could tell everyone just how wonderful it really is."

Mrs. W. O. Jones, 7244 N. Bell St., Chicago, Ill.: "I am a housewife and mother of three children. I had been feeling very run-down, would tire so easily, and just felt listless. My mother-in-law suggested I take HADACOL, as she had heard of it through friends of hers. I just took it for a few days, when I noticed I was feeling stronger and seemed to have more energy. I continued taking HADACOL and it has certainly built up my strength. I am no longer run-down, don't tire nearly as much. I am now on my sixth large bottle of HADACOL, and intend to continue taking it."

William J. Dunlap, 4404 Froer St., Apt. 2, Detroit, Mich.: "Along with the pains I suffered my body had a tired, worn-out feeling. I had to force myself to keep going. I read about HADACOL and decided to give it a try. Am now on my fifth bottle and would not be without an ample supply. My first bottle gave me astonishing relief, and at this time of writing I feel better, without a pain or ache. Am a dairy employee, 54 years old. Veteran of two world wars. Active overseas in both. I have given your HADACOL every praise to friends and relatives and know some are using it with just as astonishing results as I myself have found."

Give HADACOL A Chance To Help YOU

If your system lacks these essential elements, you will be amazed at the wonderful results HADACOL can bring you, as it has to thousands of other fine folks who suffered a deficiency of Vitamins B₁, B₂, Niacin and Iron, which HADACOL contains.

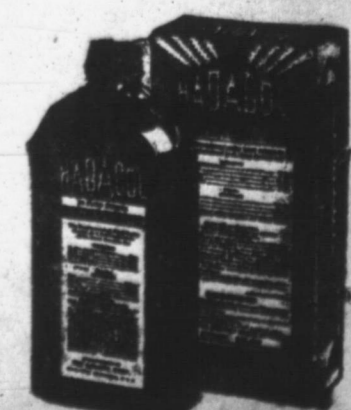

run-down condition, and annoying aches and pains, if due to a lack of Vitamins B₁, B₂, Iron and Niacin in your system. Don't go through life suffering with conditions caused by such deficiencies when relief may be as close as hand as the nearest drugstore for sufferers from these deficiencies. Buy HADACOL today. Trial size bottle only \$1.25. Large family economy size, \$3.50. Refuse substitutes. There's only one true and genuine HADACOL.

**About 450
Attend Beef
Field Day**

About 450 persons including a Pampa group attended the first Annual Field Day for beef cattle improvement at PanTech Farms Saturday.

The day's activities began with an inspection of 70 bulls used in the feeding test, with the highest individual rate of gain going to stock owned by George Coffee of White Deer. Emmett LeFors of Pampa also received a high rating in this test which was proposed in order to determine the inheritability or rate of gain of the bulls in the test.

Following the cattle inspection, guests, including the county agents from the Panhandle, were introduced.

Dean W. L. Stangel of Texas Technological College gave a summary of beef cattle research done at Texas Tech since its beginning.

The results of PanTech beef cattle improvement investigations were given by L. A. Maddox, Jr., animal husbandman of the farms.

Dr. R. T. Clark, National Coordinator of Beef Cattle Research, Denver, discussed the national level of the research work being done.

Jay Taylor of Amarillo spoke briefly on the value of beef cattle investigations. His talk was followed by a question and answer period led by L. A. Maddox.

BUTTONS AN' BEAUX SHARON SMITH

"It just doesn't do a thing for me!"

Assistant Gray County Agent, Foster Whaley, and members of the agriculture committee of the Pampa Chamber of Commerce attended the field day.

Three Pampa cattle breeders cooperating in the project were M. C. Overton, Jr., Frank Carter and Emmett LeFors.

Receiving a gold watch in recognition of 30 years service will be V. H. Taylor, producing department. F. J. Frair of the same department will be given a 25-year diamond-studded service emblem.

Further information regarding the examinations and applications may be obtained from the secretary, board of U. S. Civil Service Examiners, or at the post office here.

England is the world's largest importer of apples, pears, grapefruit and oranges.

**Two Pampans Due
Honors At Texaco
Banquet Saturday**

Two Pampans will be among the 46 employees of The Texas Company and The Texas Pipe Line Company honored at the annual service award dinner Saturday, April 14, at the Herring Hotel in Amarillo.

D. J. Gribbon, superintendent of the producing department, in making the announcement said a reception will be held at 6 p. m. followed immediately by the dinner.

Receiving a gold watch in recognition of 30 years service will be V. H. Taylor, producing department. F. J. Frair of the same department will be given a 25-year diamond-studded service emblem.

**Civilian Air Base
Openings Available**

Three positions at Lowry Air Force Base have been announced available by the Civil Service Examiners.

Salaries of these positions range from \$3,100 to \$3,825 per year. The positions are in navigation basic aerodynamics, automatic flight control equipment.

Further information regarding the examinations and applications may be obtained from the secretary, board of U. S. Civil Service Examiners, or at the post office here.

England is the world's largest importer of apples, pears, grapefruit and oranges.

**Gilstrap Asks
More Thought**

In comparing the present situation with the times of early growth and development of this country, Bill Gilstrap, guest speaker Monday at the membership luncheon of the Pampa Chamber of Commerce, said, "We need to give more thought and force to the things that first made our country great."

He recalled the first great leaders of this country who made our system one under which we have freedom in labor, in markets and freedom in investments.

"The aim of the chamber of commerce member is to devote himself to all things for the good of the community," Gilstrap said.

FAST
Pure, dependable, reliable, versatile aspirin. It's aspirin at its best. 10 tablets 10c. **St. Joseph ASPIRIN**

ALSO **ST. JOSEPH ASPIRIN FOR CHILDREN**

THE ORIGINAL aspirin for children bearing St. Joseph name. 1 1/4 grain tablets assure accuracy. Orange flavored.

"and always look to the future!"

Gilstrap, former Pampa, now division manager of Southwestern Public Service, lauded the development of the Pampa Chamber of Commerce, and traced briefly the growth of chamber of commerce systems during the last 500 years.

Gene Fathere, president of the local chamber, presided at the meeting and introduced various committee leaders who gave reports on their work to the some 150 persons present.

Reports were given by W. B. Weathered, coordinator of highway committees; Quentin Williams, agriculture committee; Pinkey Vineyard, military affairs and industrial mobilization.

The 81 new members of the Pampa chamber were encouraged to offer suggestions to the industrial committee by Joe Key, chairman, who told of the ob-

servance of Texas Industrial Week just ended.

A heavy three-wheeled carriage, propelled by steam cylinders, was built in Paris in 1769. Its top speed was three miles an hour.

Fair Enough-Pegler

By WESTBROOK PEGLER - SAN FRANCISCO

self near Stanford University. I thought me of the Hoover Tower on the campus, a tall square spire of documents bearing on peace and efforts to preserve and disturb the same.

In this tower, so far from the Waldorf Tower in New York, I found a collection of New York letterhead fronts whose literature seemed to me to be bellicose.

I am taking the long way around to analyze the half-dozen fronts which do business out of Mr. Goldsmith's and will drop that shoe in due time.

The Hoover library, among other works, accumulates propaganda published for peace and war, examines it and files in cabinets just to keep the record straight.

This analysis listed 160 more or less harmless, habitual journals of fronts of a type which I have never recently described as synthetic.

Washington (NPA) - Half-way between U. S. capitalism and British Socialism, a new economic system is emerging in West Germany.

Washington (NPA) - Half-way between U. S. capitalism and British Socialism, a new economic system is emerging in West Germany.

Washington (NPA) - Half-way between U. S. capitalism and British Socialism, a new economic system is emerging in West Germany.

universe in the names of their private "foundations."

People lost their sense of humor and proportion and when that happens you get Ka-p-p-a dragons.

The breakdown named 11 fronts, all in New York. Three had the common address of 8 West 40th St. There were two each at 32 East 51st St. and 1270 Sixth Avenue.

Abou Ben Goldsmith had joined some out of these at Frank Kingdom, who got a salute from the committee on un-American activities, also joined nine but ran second in the alphabetical order.

Excuse me, now. I have to write to Senator Pat McCarran, of Nevada, a front letterhead front which has some eastern money in cow and cactus states.

Excuse me, now. I have to write to Senator Pat McCarran, of Nevada, a front letterhead front which has some eastern money in cow and cactus states.

Better Jobs

By R. C. HOLES

School Teacher's Double or Socialist Standard

I have been reproducing questions and answers made by public school teacher J. T. Acree of Colorado Springs. In the last article Mr. Acree contended that the Constitution was a better guide for the general welfare than the Declaration of Independence.

Secretary: "What exceptions in the Declaration of Independence would you make to promote the general welfare as a guide for human conduct?"

Answer: "I read it last week Mr. Holes, but I have forgotten the exact wording of the first portion of it—the Declaration of Independence."

Secretary: "Principles don't change, do they, with time or place?"

Answer: "That is correct." Question: "The Golden Rule isn't too old is it?"

Answer: "No." Question: "And doesn't the Declaration of Independence pretty well agree with the Golden Rule and the Commandments?"

Secretary: "I think so." Question: "Isn't that the guide to determine the general welfare?"

Answer: "No, because the general welfare of necessity includes a considerable degree of material welfare which was not considered, I think, at the time the Declaration was written."

You will note he contends that the principles in the Declaration of Independence change with time or place. In other words, he is contending that men can change natural laws. He is contending that a certain course of action can be right at one time and can be wrong at another time.

Mr. Truman is particularly upset because he does not regard the defeat as one affecting mere detail of his military arrangements. He looks upon it as a major repudiation of his broad foreign program.

Freedom Of Discussion

By RAY TUCKER

WASHINGTON - President Truman feels in the mood to write another of those angry, unprintable midnight letters, but this time his literary victim would not be the Marxes or John L. Lewis.

The White House holds the Arizona, and the Administration Whip Senator Lyndon Johnson of Texas, responsible for the restrictions which the upper chamber imposed on sending more than four divisions abroad as reinforcements for General Eisenhower's European army.

UPSET - The adverse vote was 49 to 43. As a former member of the Senate Mr. Truman cannot understand why his legislative agents could not have swung over at least three of those adverse ballots.

Mr. Truman is particularly upset because he does not regard the defeat as one affecting mere detail of his military arrangements. He looks upon it as a major repudiation of his broad foreign program.

Oops, That Fifth Tire Deal In Again

By JAMES MARLOW

WASHINGTON - (AP) - This is a sweet one.

You drop in on a dealer to buy a new car. There's a ceiling on the price he can charge you. O.P.S. - Office of Price Stabilization - has put a ceiling on the price of new cars.

Pretty good, you say. With that ceiling, he can't hike the price just because cars are harder to get now.

But he'll get around that, if he's a chiseler, by loading the new car down with a lot of unwanted accessories.

So you see a car you like, without any accessories, and you say: "What's the price on this?" It's, say, \$1,800. That's the ceiling price. "I'll take it," says you.

"Good," says the dealer, "and by the way, I suppose you know there are only four tires with this car. No spare."

"What's that again?" says you. "Sorry," says the dealer. "Government order." He's right, too. NPA - National Production Authority - ordered carmakers, effective April 1, to ship their cars to dealers with no more than four tires. No spares on new cars.

Why? Because NPA, which controls materials to be sure the armed forces get all they need, wants to save rubber. The rubber which manufacturers save by omitting a spare tire on passenger cars will go into tires for trucks.

Well, since it's for the good of the country, it's all right. But it does put you into a kind of stew, personally. True, a car with four tires is better than a car with only three.

But a car with only four isn't so good when you have a flat with any one of them. So you say to the dealer: "My goodness, what am I going to do without a spare?"

"Oh, I can sell you a spare," said the dealer. "I have a few new tires on hand." Maybe some dealers won't have any spares at all, although most of them probably have since it's customary to have some kind of supply.

Some of them may chisel on this fifth tire business. For example, Jones got a new car from the manufacturer, complete with five tires, but only four carmakers not to ship any more with five tires.

Jones, with this pre-April 1 car, takes off the fifth tire and now pretends he got the car after April 1. With only four tires, so he can make a little extra dough by selling you the fifth one from his alleged supply.

SPECK SPECULATES

Local baseball fans can get a glimpse of what to expect in the West Texas - New Mexico League chase at Oiler Park tomorrow night.

Martin has already said if his pitching comes through the Dukes would finish on top of the league.

The Oilers looked impressive in their 10-3 victory over Amarillo Sunday afternoon.

Pampa also has three reliable starters in George Payte, George Washington Matthews and Carl "Red" Dial.

The Oilers should provide area baseball fans an interesting season this year.

Several of the geyser, hot springs and pools in Yellowstone Park have to be cleaned annually of objects thrown in by tourists.

Thirty-one species and one subspecies of birds were counted on one winter day in Shenandoah National Park, Virginia.

The only commercially important emerald mines in the western hemisphere are on Colombia.

Preview Of '51 League Race Set For Oiler Park Diamond At Eight Wednesday Night

By AL McPHERSON Albuquerque Tribune A preview of the 1951 battle of the two favorites in the West Texas-New Mexico League race is set for Oiler Park at 8 o'clock Wednesday night.

LOYAL ROOTER — Manager Hershel Martin's number one rooter in his son, Johnny, age four. Manager Martin will bring his Albuquerque Dukes to Oiler Park for an exhibition game at 8 o'clock Wednesday night.

up with four veteran returnees as mainstays in Bob Spence (16-11), Don Cantrell (20-8), Walt Stenberg, (8-8) and Steve Logomarsino (8-4).

Back with the Dukes, after a season with Sweetwater, are Leo Zamora and portlander Lou Lockhart who may replace any of the other four vets in Martin's "Big Four."

Zamora has shown well in two spring exhibition games but Lockhart has not been tested yet.

Manager Hershel Martin's 1951 Albuquerque Dukes are bent on becoming the first team in the 12-year-old history of the loop to win three straight championships.

The Oilers looked impressive in their 10-3 victory over Amarillo Sunday afternoon.

Pampa also has three reliable starters in George Payte, George Washington Matthews and Carl "Red" Dial.

Amario, could be used for both pitching and utility but is still a holdout in Milwaukee.

The number-one backstop is Bill Hinson. He was catcher for the Salt Lake City Bees in the Pioneer League last year.

The Duke infield isn't suffering either. Alan Maul is at first base following a .382 season with Sioux City in the Class A Western League.

Two baseballers are battling for the key position, Fred Hadden and Don Chioia, also via Sweetwater, are dueling for the second sack slot.

Back in the outer garden will be the "old master" Manager Martin. The 41-year-old manager is fighting it out for the third outfield position.

Pitching — experienced and deep. Catching — Untested. Infield — Veteran but shallow. Outfield — One question mark. Hitting — Promising.

Chioia hit .318 in '50. In the outer garden will be the "old master" Manager Martin.

Amario, could be used for both pitching and utility but is still a holdout in Milwaukee.

Back with the Dukes, after a season with Sweetwater, are Leo Zamora and portlander Lou Lockhart.

Ratiff Predicts Freshman Will Be Eligible In SWC

By HAROLD V. RATLIFF AP Sports Editor DALLAS — (AP) — It's a safe bet — oops! Mustn't use that term in speaking of college athletes in view of the basketball situation — it's a safe prediction that the Southwest Conference will make freshmen eligible for varsity sports at the spring meeting of the faculty committee.

Why? Well, if surrounding conference make freshmen eligible and the Southwest doesn't, the freshmen will be going to the other conferences.

Want to be a top track coach? Mrs. Louis Anderson of Corpus Christi can tell you how. Mrs. Anderson, wife of the sport editor of the Corpus Christi Caller, once was a school teacher.

He was crouched at the finish line, watch in hand, waiting for the fourth man to come across. The fourth place man came across all right — but it was a student manager who was rushing to hand a sweat suit to the athlete who had finished first.

And there was the snafu when the judges picked Notre Dame for the first and second place in one heat of a relay race.

It happened that an Oklahoma man had the number 191 but that position in the relay race was the number of a Notre Dame man.

He picked Notre Dame because of the upside down number on his jersey.

It didn't take long to straighten the situation out but it caused plenty of confusion while the fellows were scurrying around to see what was what.

SHAMROCK — (Special) — Jack Mitchell, former University of Oklahoma star quarterback, delivered the principal address at the annual athletic banquet here Friday night.

Busy Sports Schedule Set For Harvesters This Week

The Harvesters go after their second straight baseball victory at Mobeetie this afternoon. Coach Dwayne Lyon's Green and Gold baseball crew knocked out Dalhart 4-3 in the season opener here at Oiler Park last Friday.

Probable starters for Pampa are: Buck Smith, catcher; Dudley, pitcher; Tolle Hutchens, first base; Elmer Wilson, second base; James Claunch, short stop; Bob Byrtz, third base; Jimmy Cook or Alvin Ward, left field; Lawrence Rice, center field; and Eddie Scheig, rightfield.

On the track front, the Harvesters thinclads go to Borger Wednesday afternoon for a pre-district warm up against the Bulldogs.

Track Coach A. R. Nooncaster will take his cinder men to the District Track Meet at Canyon this Saturday.

The Harvesters' quarter-mile relay quartet made their best showing at the Odessa meet two weeks ago.

Roughnecks Lack Power To Make Strong TL Bid

By BILL SCURLOCK (Written For The AP) BEAUMONT — (AP) — Beaumont's Roughnecks finished in front over the long haul last year, but to win up on the Texas League top this season or anywhere within whispering distance of a solid first-division berth, Manager Harry Craft must have a lot of everything in nearly every category — and fast.

The cry goes up for stronger pitching, needed power and capable backstopping.

He was crouched at the finish line, watch in hand, waiting for the fourth man to come across.

It happened that an Oklahoma man had the number 191 but that position in the relay race was the number of a Notre Dame man.

It didn't take long to straighten the situation out but it caused plenty of confusion while the fellows were scurrying around to see what was what.

SHAMROCK — (Special) — Jack Mitchell, former University of Oklahoma star quarterback, delivered the principal address at the annual athletic banquet here Friday night.

Longhorns Bounce Baylor Bears, 5-1

By The Associated Press Big Falls, University of Texas Longhorns were all alone at the top of the Southwest Conference baseball standings today.

They knocked off the only other unbeaten team in conference play yesterday, lopping the Baylor Bears, 5-1, behind the three hit pitching of Jim Ehrler.

In other games, Texas Christian edged A.M., 5-4, and Southern Methodist defeated Rice, 9-3.

Ehrler struck out 16 Baylor batters and got two of Texas' seven hits.

Texas Christian banged three A.M. pitchers for 11 hits and scored three runs in the fourth inning and two more in the sixth.

Cubs Do All Right In Draft Bargain

By RALPH RODEN AP Sports Writer The Chicago Cubs don't figure to go far in the National League pennant race, but it appears they have come up with the best of a decade in more than a decade in a r-o-o-k-i-e rightshander (Mark) Lowm.

Lowm, drafted from Brooklyn's Montreal International League team for \$10,000, is the apple of Manager Frank Frisch's eye.

The 25-year-old New Yorker has been thrust through the spring training grind and may turn out to be the best draft purchase since the Cubs drafted Hack Wilson in 1926 from Toledo.

Lowm is extremely fast, has an average curve that sometimes is real good. His control and changeup pitch have improved.

Lowm pitched the Cubs to a 5-1, five-hit victory over Little Rock yesterday. He worked the first eight innings and never was headed after the fifth when Hank Sauer poled a three-run homer.

Another neat pitching job was turned in by little Con Marrero of Winston Salem, N.C. Marrero hurled a Washington 2-0, still in victory over Ken Raffensberger and the Cincinnati Reds.

Mitchell Speaks At Grid Banquet

SHAMROCK — (Special) — Jack Mitchell, former University of Oklahoma star quarterback, delivered the principal address at the annual athletic banquet here Friday night.

Mitchell, now assistant coach at Texas Tech, Lubbock, and replaced DeWitt Weaver, Tech head coach, previously stated, who couldn't come.

Irish Pep Squad girls were hosts to the banquet at the school cafeteria, opening at 7:30.

Rev. S. M. Dunnham, pastor of the local First Methodist Church, gave the invocation, while his son, Herral, Irish parading star, "Kicked - Off" as toastmaster.

"First Quarter" consisted of "a few words" by Kathleen Tindall, a senior peppy.

A musical number by Bobby Hammock was the second quarter, while the third canto was the introduction of Mitchell by Supt. Eimer J. Moore.

Cubans Figure In Big Spring Plans

BIG SPRING — (AP) — Big Spring, as usual, is favored to win the Longhorn League pennant.

The reason is obvious: Those terrific Cubans.

For the fifth straight year, co-owners Pat Stacey and Al Atton are depending on the Cuban supply through Joe Cambria's farm system.

Cambria is a scout for Washington of the American League and supplies a flock of clubs in the country with Cuban players each year. Big Spring is one of them.

In four years of this, Big Spring finished first in the Longhorn League three times and finished second in the other two.

A helicopter can send 2,000 acres of forest land in a day compared to one acre by a man.

THE STORY: Tim Reese, a crippled veteran, who has kept "Jean" in his home, has been invited to help with the design of the new Jean. Tim leads Jean on an evening ride to the beach, and a beautiful woman, although accidentally her service to Tim is mercenary. Tim tries to walk as a result of an operation, and Jean is surprised to see Tim. He watches Jean with the award for the "Best of the Year" at an exclusive fashion show, and has seen Paul Panzier's Jean partner, accept a gold mannequin as the designer. Tim is surprised when he receives an credit. Tim sends a note to Jean, and she realizes a serious situation confronts the Jean, meets Tim, she manages to see Tim, troubled mind and the tense situation.

She was very close to him and her voice was soft, personal, as she said, "Suppose we call the shop 'Teresa's' darling? That is how we met and how it all began." It was Mr. Panzier's turn to be silent as he considered Jean's words. He had not expected this and it promised complications which he did not like to think about.

"I see. A miracle. He walks now." He watched her even more carefully. "Will he be having him around very much, do you suppose?"

"Very much, I'm sure." "It was a moment before he spoke again. "It could prove very awkward, couldn't it?"

"She smiled coolly. "I don't imagine he'd be very happy standing around watching you take the bow for his creations."

"His being around could prove very awkward for ME—is that your point?"

"That's about it, sis." She, still smiling, pointed to the gold mannequin on the table by the fireplace. "I'm afraid he wouldn't care to have you decorate your apartment with his trophies."

"Just about."

"Your mood, sweet, still eludes me. Do I get the faintest of hints that you may not be—let us say—eager in helping me to solve the problem?"

"It was evident she was enjoying his predicament. "I'm not sure what it solved."

GLASSY CHASSIS—This, clearly, is an automobile. It was designed so you can look right inside and find out how your new auto perks. The transparent chassis makes full use of plastics, glossy fluorescent lacquer and ultra-violet ray lamps to show complete engine and chassis operation. Plymouth engineers in Detroit spent 18 months building the display.

Model Airplane Meet Scheduled

DALLAS — The 20th Annual National Model Airplane championship meet will be held at the Naval Air Station here during the week of July 23. It will be the second straight year for the meet to be held here and the fourth consecutive time for the Navy to play host to the model airman.

Only 29 First-Year Pupils For Wheeler

WHEELER (Special) — The school census to determine how many first graders will enroll here next year has registered only 29 future first graders. Last year there were 50 enrollees. Any parents who have children who will be six on or before Aug. 31 are urged to contact Supt. H. O. Carrick and register the children.

There is a possibility that there will be a kindergarten in the school this year. If 15 to

20 children are registered for this pre-school training a teacher will be found and a kindergarten established. Mrs. H. W. Coffman has volunteered to file the names so the school board can determine how many are interested.

Since the federal mint was established 158 years ago, the government has produced approximately 31,600,000,000 coins of all types.

Boon To Bad Hearts:

New Powder Takes Salt From Foods

By ALTON L. BLAKESLEE
ST. LOUIS — (AP) — For heart patients, a new white powder takes half the forbidden salt out of their food after they've eaten it. That means tastier food, and even regular restaurant food, for many people with congestive heart failure, high blood pressure, and cirrhosis of the liver. The powder helps them get rid of excess water, to lose weight, and to reduce the work load on the heart. The powder is a resin (trade name resodex).

It soaks up sodium, by electrical attraction, in the intestines and carries it out of the body. Sodium is the culprit in common table salt, which is bad for people with the heart condition or high blood pressure. Sodium causes water to be held in the body, and leads to water swellings. More of a load is placed on an already over-worked heart. Patients often can't eat foods that contain sodium, or can't have salt in cooked foods, or add salt to their foods. The diet is monotonous and hard to stick to.

But half the sodium in foods on the dinner plate is removed harmlessly by the resin, the exhibit shows. This means some salt and tastiness in foods for many people with mild heart trouble. Others still can't have any salt, but benefit by taking the powder. The powder itself is harmless, odorless and almost tasteless, except for a chalky flavor. It can be sprinkled on foods, or can be taken in ice cold soft drinks or fruit juices, three times daily.

The tiny particles of the powder exchange negatively charged atoms for positively charged atoms of sodium. The resin contains some potassium, which it surrenders in the stomach. Later on, in the intestines, it also picks up some potassium, but there is no over-all loss of needed potassium. It also gives up ammonium atoms in the stomach. These combine with chloride atoms to make a mild diuretic, that is, a chemical that helps the body get rid of excess fluids.

A drug to heal stomach ulcers also is offered. It also is a white powder, which turns green when mixed with water. It contains chlorophyll, the green coloring matter in plants. The chlorophyll helps to speed the healing of an ulcer, but just how is not known. This drug (tradename chlorosium powder) contains an anti-acid and powdered okra, which forms a protective coating on the ulcer. The chlorophyll in the powder is released slowly to promote healing. A medical report says it brought relief of pain and healing of ulcers in 58 out of 75 persons who had stubborn ulcers. They did not have to eat special diets, and were allowed to continue smoking and drinking.

Faculty Positions Open At Wheeler

WHEELER (Special) — Faculty positions are open in the Wheeler Schools for football coach, home economics teacher, first and second grade teacher and high school English instructor. Contracts offered to faculty members holding these positions have been rejected.

At the school board meeting Thursday night the board voted to extend contracts to Mrs. Ebb Farmer, first grade; Mrs. Mary Hubble, intermediate grades; Mrs. A. O. Vampool, third grade; Miss Celeste Wiley, fourth grade; Mrs. Cecil Paddock, language arts and intermediate grades; Barney Teague, grade school principal; John Horgan, social studies in intermediate grades; Bill Knighton, eighth grade and grade school coach; B. K. Barhan, high school science and

driver education; Mrs. W. O. Carr commercial studies; Ike Sewell, agriculture; Cecil Paddock, high school principal, and Patrick Boddy, band director. W. O. Carrick, superintendent, has also been offered a contract. The teachers have 30 days in which to accept or reject the contracts. The school board hired Bookman to drive one of the school buses and as a janitor to fill a recent vacancy.

**NOW! Something Entirely New in Family Cars —
The All-Purpose Sedan!**

The New **Nash Rambler** For 1951!

Smashes All Records!

In the 1951 Mobilgas Economy Run the Nash Rambler Convertible Sedan (with overdrive) smashed all records for gasoline mileage—averaging 31.05 miles to the gallon. The Nash Statesman (26.12 M.P.G.), and Nash Ambassador (25.92 M.P.G.) also won trophies. There's a real proof of Nash economy!

HERE'S THAT IDEAL CAR you've been waiting for... the perfect combination... the new Double-Duty Rambler.

Here's the smartest of custom sports sedans—fine needle-point upholstery 'n' everything. A flip of the back seat and it's a big load carrier. It's America's lowest-price car of its type—and you get a deluxe radio... the famous Nash Weather Eye Conditioned Air System... directional

signals... electric clock, things that cost you \$200 or \$300 extra on other cars—all included in the low price.

Rugged? It's all-steel Airflyte Construction that can never rattle.

Performance? It's the hottest, easiest-handling car in traffic you ever had hands on—and it delivers up to 30 miles to the gallon! Come in and drive the Rambler All-Purpose Sedan!

Custom Equipped at no Extra Cost!

New Nash Rambler "All-Weather" Convertible Sedan... all the thrill of the open car with the safety and weather-snug comfort of a sedan. America's lowest-price custom convertible sedan!
