"Without a persistent, endless search for truth, liberty is left stranded and unguarded against collectivistic cliches and other barbaric assaults." -Leonard E. Read

Government Orders Materials Control Plan Into Service

WASHINGTON — (AP) — The government has ordered into service a materials control plan similar to one used during World War II. Effective July 1, it will channel scarce steel, copper and aluminum to defense and essential civilian industries.

The order, issued yesterday by the National Production Authority, is one of a series of moves which indicates the economic controls system is being geared for quick conversion to war footing if and when the need arises.

Other orders are being prepared by mobilization officials. They apply to controls over materials, wages, prices and other elements of the nation's economy.

Saying that the "controlled materials" will take several months to get operating smoothly, and would be essential in case of all-out war, NPA Administrator Manly Fleischmann told a newsman:

"If we need it, we'll need it in a hurry."

The same sense of urgency in getting economic controls functioning was plain in the manner the administration is pushing for settlement of the labor-management scrap about Wage Stabilization Board policy.

The fight has been over how much authority the board would have, labor wanting the board to have complete authority, management urging a limited responsibility.

President Truman stepped in and reportedly told both sides earlier this week that if they didn't reach a settlement in a matter of days, he'd do the deciding. He promised to name a board of members representing the public, labor and management couldn't agree on a labor-management public board set-up.

This prodding apparently has been effective. Because the White House said yesterday, after a meeting of the mobilization advisory board, that it expected "substantial agreement" between labor and management by next Tuesday on the wage board problem.

Labor and industry are represented equally on the advisory board with agriculture and public members.

Moves are in the works, too, to tighten price controls. Officials of the Office of Price Stabilization (OPS) say a formula for limiting the prices which manufacturers may charge for their goods will be announced in about 10 days.

And next week, the OPS promised to tighten price controls.

Workmen predict the Canadian River Highway bridge, which collapsed recently, will be open to traffic before the end of the month.

The repair project is under contract to the Harlicks Construction Co. of Fort Worth.

Contract calls for completion of the work in 21 days from last Monday.

Steel is already on the site for the replacement spans, and state highway department crews have completed dirt fill and opened a crossing over the river bed adjacent to the bridge and light traffic is moving through.

Last week, maintenance crews of the department hauled tons of dirt to the river bed to build up a temporary crossing over the quicksand.

MacArthur Asked To Give Address

GETTYSBURG Pa. (AP) — A group of veterans in this historic town has cabled General MacArthur an invitation to give the Memorial Day address in the National Cemetery here May 30.

GEN. OMAR BRADLEY

Bradley Retirement May Be Postponed

WASHINGTON — (AP) — Gen. Omar Bradley may be asked to stay on for another term as chairman of the joint chiefs of staff, it was learned today.

The five-star general, now 58, had planned to take off his uniform and do some hunting and fishing after next Aug. 16. That's the date his two-year tour of duty in the JCS ends.

But President Truman is said to want the "GI general" to remain on.

Bradley would have been eligible to retire five years ago under the 20-year retirement provision of the Army. However, he passed up retirement to serve first as chief of staff of the Army, then as chairman of the joint chiefs.

In the latter post, he has had to handle problems equal to any he encountered either as Gen. Dwight D. Eisenhower's ground deputy in the European war or as Army staff chief.

To the purely military troubles arising from the Korean war and the buildup of American forces in western Europe was added the stormy political controversy which reached a dramatic climax early Wednesday when President Truman fired Gen. Douglas MacArthur. As one of Mr. Truman's chief counselors on military matters, Bradley presumably had to make his recommendation when the President was weighing the question of reprimanding or firing the Far Eastern commander.

Bradley is the first man to hold the JCS chairmanship under the post officially created by an act of Congress. Eisenhower served for six months as a "co-ordinator" for the joint chiefs, an arrangement made by the late Secretary of Defense Forrestal and Mr. Truman. However, that assignment was only by an executive provision. In the meantime, amendments made to the original service unification bill included formal creation of the post of chairman and Mr. Truman asked Bradley to accept the job.

Under a rotation custom of the military, the chairmanship presumably will go next to the Navy, then to the Air Force. It is precedent established in picking the first chairman is followed, Admiral Forrest Sherman, chief of naval operations and the Navy member of the JCS.

(See BRADLEY, Page 2)

Britain Asks Iran Of Safety Measures

TEHRAN, Iran — (AP) — Britain asked the Iranian government today what measures it is taking to safeguard British lives and property as new strike violence threatened in Abadan, center of British-controlled oil operations.

Sir Francis Shepherd called on Premier Hussein Ala to express Britain's concern, after authoritative reports placed the toll from yesterday's riot at three Europeans and nine Iranians dead, and a Briton missing, believed beaten to death.

Ala assured the ambassador Iran was taking strong measures to control the situation in Abadan, where the main operations of the Anglo-Iranian Oil Co. are located. An extraordinary cabinet session on the crisis was held today in the presence of Shah Reza Pahlavi, who is still in bed suffering from appendicitis.

The meeting appointed Gen. Zakaria Shahbakti, former Army commander in Azerbaijan, as governor-general of Khuzistan Province, the troubled area.

(In London, British Foreign Secretary Herbert Morrison told See BRITAIN, Page 2)

Senate Committee Invites M'Arthur To Discuss Views

Taft Foresees Chinese War Before Peace

NEW YORK — (AP) — Sen. Robert A. Taft (R-Ohio) says prevention of a third world conflict "cannot now be accomplished without an aggressive war against Communist China."

Taft spoke last night at a meeting of the Yale Engineering Assn.

"It seems utterly ridiculous to me," he said, "that when there are 500,000 (Nationalist Chinese) soldiers on Formosa, some of them well-trained and ready to go, and thousands of guerrillas in South China with whom they cooperate, we should not permit raids and invasion to make as much trouble for the Chinese Communists as possible."

"I cannot see why such a policy would in any way incite Russia to war unless they're determined to go to war anyway."

"From a moral standpoint," the Ohio Republican added, "we would be wholly justified in a complete invasion of China to punish an unprovoked aggressor. Practical considerations, of course, make it impossible, and no one has proposed it."

"General MacArthur and everyone else knows it would take many American divisions, and that those divisions are not available and will not be for two years. Also I agree that such a general invasion of China might unduly incite Soviet Russia to war."

"If the original sending of American troops to Korea was to prevent World War III — as the President said last (Wednesday) night — then that purpose has been long completely lost from sight," Taft declared.

"It cannot now be accomplished without an aggressive war against Communist China and a punishment of the aggressor, as the North Koreans were punished."

"The President's position is completely inconsistent. He justified an active move against Korean aggression as a means of preventing World War III."

"In the second half of his speech he claims World War III is prevented by a timid war against Communist China, and maintaining a Maginot Line defense against an aggressor which has already accomplished half his purpose."

Five Seized In Narcotics Charge

BROWNSVILLE — (AP) — Five men were held in jail after customs agents seized marijuana and heroin valued at nearly \$75,000.

The men were arrested near Harlingen and Edinburg Wednesday night.

Arrested, charged and held in jail in lieu of bond were Norman Adams, George Spencer, and Calvin Terry Lee, all of Houston, and Raymond Lee Gray and Raymond Alsop of Fort Worth.

There's Little Place In Pampa For Superstition — Or So People Say

By WANDA CAMPBELL. People just aren't superstitious any more!

But somehow when Friday the 13th rolls around we can't help being just a bit skeptical about black cats crossing our path or walking under a ladder and if some want to knock on wood to keep away bad luck on this day, well, that may not help, but it surely won't do any harm!

Superstitions have always existed and have come down to this generation, but they really have their place in our era of knowledge. It's one thing that proves error can persist as strongly as truth.

One of the first things children hear on the playground at school is that old chant, "Step on a crack, you break your Mother's back!" or they'll hear, "Look, you've spilled the salt, throw some over your left shoulder and drive away bad luck!"

Of some one dozen Pampa people interviewed, only three admitted superstitions held water with them. One man remembered tales from long ago when his grandfathers' slaves kept superstitions alive. A mammy, upon seeing children come in the house with a hoe or ax, would scream "get that hoe outta here, chile, and all the bad spirits with it!"

Two women discussing superstition did not believe in perpetuating those stories, but one confessed she didn't like to turn back after starting on a trip.

One man here said he wasn't superstitious, except on second thought, he had always been a

Service Today For Belinda Kay Brown

Graveside services in the Baby Garden of Fairview Cemetery were to be held at 3 p. m. today for Belinda Kay Brown, four-day-old baby of Mr. and Mrs. James Brown.

Survivors besides her mother and father are her maternal grandparents, Mr. and Mrs. LeRoy Matlock, 218 W. Craven and paternal grandmother, Mrs. Eva Brown, McCrory, Ark.

The father of the child is in the Navy, stationed at San Diego, Calif.

Just arrived! Complete stock Healey's Crystal, Lewis Hdw.

RIDGWAY ARRIVES IN TOKYO — General Matthew B. Ridgway, left center, and Secretary of Army Frank Pace, left, are surrounded by newsmen at Tokyo's Haneda Airport. Ridgway said he had made no plans or decisions and departed from the airport for MacArthur's residence. (NEA Radio-Telephone)

Allies Wield Flamethrowers To Rout Reds From Pillboxes

TOKYO — (AP) — Allied troops wielding flamethrowers drove stubborn Reds out of pillboxes today on the western Korean front.

Chinese Communists kept up their strange new tactic of disappearing in one sector, then bouncing back at the allies in another. GIs have tagged it "Operation Mystify."

American airmen still were toting up the score of history's biggest jet battle which swirled Thursday over northwest Korea.

The Fifth Air Force and Far East Air Forces announced their jet pilots had B-29 Superfortresses shot down or damaged 33 Russian-type MIG jets.

More than 200 planes snarled and dived at each other in the hippodromic air battle.

U. S. jets and B-29s shot down eight MIGs, probably destroyed seven and damaged 18. All American planes were reported safe. Two damaged Superfortresses landed in Korea.

Eighty Red jets attacked 32 American Superfortresses and their escort of about 115 F-86 Sabres and F-84 Thunderjets.

Flying on the face of the Red attack and heavy anti-aircraft fire, the Superfortresses dropped about 200 tons of bombs on the Korean side of the Yalu River Bridge, all allied planes are under strict orders not to cross the Yalu River.

Although Eisenhower addressed an official joint session at the close of World War II, it was pointed out that MacArthur is coming home in the role of a commander fired by the President because he persisted in expressing views contrary to presidential policies.

MacArthur and his family plan to leave Tokyo Monday by plane for San Francisco. They will stop overnight in Hawaii. (See SENATE, Page 2)

Concern Reported On Condition Of Sen. Vandenberg

GRAND RAPIDS, Mich. — (AP) — "Concern" was reported today over the condition of seriously ill Sen. Vandenberg, 67, GOP champion of a bipartisan foreign policy, has been ill for months after lung and spinal operations.

Doctors held a consultation yesterday. After being pressed for details, the family issued a bulletin shortly after 1 a. m. (EST) today, mentioning "increasing concern" over the senator's failure to maintain recent "slight improvement."

This was the first departure in three weeks from bulletins which have consistently reported "no change."

Dr. A. B. Smith, the senator's personal physician, made no comment beyond the bulletin today.

Lions Club Stages Final Performance Of Minstrel Tonight

Lions will stage the final performance of their annual minstrel at 8 p. m. today at the junior high school auditorium.

The performance Thursday night drew a crowd of over 900 persons. Comedy numbers, vocalists, dancers and group numbers are all local talent.

One of the show-stoppers is four-year-old Susie Fillmore who does a black-face "pikannony" tap dance.

Bob Townsend does a soft-shoe tap dance.

El Myatt serves as intercolocator of the minstrel. Bill Clements is chairman of the show with MacHyatt, assisting.

Russell Says U.S. Entitled To The Facts

WASHINGTON — (AP) — Gen. Douglas MacArthur today was invited to appear before the Senate Armed Services Committee to discuss American policies in the Far East.

Chairman Russell (D-Ga.) announced the invitation in a statement saying:

"The American people are entitled to know all of the facts involved — except those which cannot be released for reasons of security — about the clash in policies advocated by President Truman and MacArthur in Asia."

MacArthur, relieved of his Pacific command by the President, is ready to fly to the United States and is expected early next week. He has indicated through an aide his willingness to appear before congressional groups.

The move by the armed services committee assumed that the general will have at least a limited congressional forum for his views.

Republican leaders in Congress have been insisting that MacArthur should be asked to address a joint Senate - House session.

Meanwhile, MacArthur's former President sentiment was reportedly being renewed and the president of Remington - Rand, Inc., confirmed reports that the general will become an executive with his firm.

Senator McFarland of Arizona, the Democratic leader, said no final decision on giving MacArthur a congressional hearing has been made.

He said he had talked to House Speaker Rayburn of Texas about the matter and would confer with him again.

Others predicted the administration would bow to the inevitable and would like to keep MacArthur's appointment on an unofficial plane similar to that on which Gen. Dwight D. Eisenhower recently reported to lawmakers at a meeting in the Library of Congress.

Although Eisenhower addressed an official joint session at the close of World War II, it was pointed out that MacArthur is coming home in the role of a commander fired by the President because he persisted in expressing views contrary to presidential policies.

MacArthur and his family plan to leave Tokyo Monday by plane for San Francisco. They will stop overnight in Hawaii. (See SENATE, Page 2)

Heavier Communist Air Activity Seen

TOKYO — (AP) — Lt. Gen. George E. Stratemeyer said today the Red air force is preparing to mount new air assaults in Korea.

The U. S. Far East Air Forces (FEAF) chief said the Communist air arm may soon strike at allied ground troops and installations.

Allied airmen cannot "destroy the enemy fighter in its nest," Stratemeyer said, "on only recourse is to blunt the attack once it is launched and we must be constantly alert."

His warning came in an interview after history's biggest jet battle. The United Nations ground troops, he said, were being snarled and dived at each other in the hippodromic air battle.

There is unmistakable evidence that the Communist air force is contemplating a marked intensification of their operations in and over Korea.

These are major indications of the buildup.

Existing airfields and allied forces are being repaired "and restements and camouflage being constructed."

Six or more new airstrips, capable of supporting limited staging operations for Red fighters are in the process of being snarled out of the rice paddies in North Korea.

An increasing number of Red MIG-15s have been sighted in the vicinity of Antung airfield. Some Red planes may penetrate to the strategic Antung airfield.

Three Pampans, Amarilloan Injured in Head-On Crash

A head-on collision five miles west of Pampa Thursday at a substation which investigated the two cars and injury to three Carson County Sheriff's department men and one Amarilloan.

Irven L. Timms, 35, 847 S. Faulkner, was the driver of the Pampa car which was traveling west when it collided with a car driven by Martin Charles Coffman, 31, of Amarillo.

Timms was still in a local hospital today, but his doctor did not believe his injuries to be serious. Coffman was taken to an Amarillo hospital and the extent of his injuries is not known.

Two other occupants of the Timms car, A. B. Converse, 24, 618 N. Frost, and V. L. Welch, 26, 414 S. Sumner, were slightly injured, but were released today morning from a local hospital where they were brought by a passing motorist just after the accident.

Investigations were incomplete at noon today, according to High-

Search for a lucky four-leaf clover.

Summer In Korea Sets Two Fighting Texans To Musing

By WILLIAM C. BARNARD

SOMEWHERE IN KOREA (AP) — Two soldiers stood washing their faces in the middle of a Korean brook. Water gurgled over their Army shoes. Overhead the sky was clear and a bright sun was beaming.

"Looks like spring is here for sure," said Cpl. Willie L. Watkins, Bridgeport, Tex. "Those hills over there make me think of the Texas Cap Rock country — now that we've got some sun."

"Sure does," said Master Sgt. Ben D. McCandless, Clovis, N.M. "Looks like the country between Crane and Odessa. I used to live at Crane."

"Understand, I don't like it here even if it does look a little like Texas," mused husky 21-year-old Watkins. "But I guess the important thing is that this damned country is finally warming up some and we're still around. Even this little creek isn't so cold now."

A creek like this saved my life a few months ago. A machine gun got after me and I dove in the water and crawled along with just my nose sticking out. Bullets were going over my head and smacking into the bank on the other side. I finally got out of range but for a minute or so I thought I'd had it."

Watkins sloshed water over his jeep. "This here's my third

jeep," he said. "I got two others shot out from under me."

"I wouldn't take nothing for my experiences in this war but nobody could pay me to go through them again."

His parents, Mr. and Mrs. Claude Watkins, live on a star route, Bridgeport. A grandmother, Mrs. James Solenburg, lives in Corpus Christi, Tex.

SENATE

(Continued from Page 1)

A top aide to the general has said Mr. Arthur is willing to appear before Congress.

Senate Republicans apparently were lined up almost solidly behind a resolution by Senator Wherry of Nebraska, the GOP floor leader, for a joint meeting, starting this month, to hear support of Democratic Senators Eastland of Mississippi and McCarran of Nevada. It also had the backing of some other Democrats who didn't want to be quoted by name.

One of these told a reporter he thinks the split over Far Eastern policies dramatized by the President's firing of MacArthur has cut so deep that there can be no hope of unity until President Truman replaces or so I thought I'd had it."

The senator added that he doesn't expect the President to take any such action.

The national headquarters of the "MacArthur for President" committee here declared that the former over MacArthur had generated renewed demand for him as President.

Ervin Hohensee, executive secretary of the committee, said in a statement last night that "hundreds of letters, telephone calls and telegrams" had been received by the committee since President Truman deposed MacArthur. Many inquires have been received as to what can be done to promote the general's candidacy," Hohensee said.

He added that "these supporters have been told to start MacArthur for President clubs and make the general's popularity known to him by such an overwhelming wave of public support that he will succumb to the will of the people, and allow us to have his name placed in nomination next year."

The statement did not say on what party ticket MacArthur's name might appear. He was named as a Republican candidate in 1948. He said that he would not seek the nomination but would accept it if called by the people.

James H. Rand, president of Remington-Rand, Inc., confirmed last night that General MacArthur will become a board member and executive of the big business equipment concern. He spoke to reporters aboard his 130-foot yacht in the Port Myers, Fla., yacht basin.

He said MacArthur will "assume an active part" in Remington-Rand affairs within 90 days. Rand said he understands MacArthur wants to make his home in Connecticut.

Rand would not comment on a report that MacArthur will be paid \$100,000 a year. He said details would be worked out in a meeting he expects to have with MacArthur in Washington or New York in a few weeks.

Wherry said last night that MacArthur "needs no defense" but is entitled to his day in court because the American people "are waiting for his words of wisdom."

The Senate minority leader spoke over the Mutual Broadcasting network in answer to President Truman's address Wednesday night. The President said he removed MacArthur because he felt the general's actions in the Far East might touch out a general war.

men battled to quell the blaze in the old three-story building, within a short walk of Dallas' biggest hotels.

Two firemen were overcome by smoke.

GOVERNMENT

(Continued from Page 1)

authority for the government to build defense plants will be one additional power to be added. He said the request would be limited to those plants having little peacetime value.

The Controlled Materials Plan, or "CMP," as industry knows it from World War II days, will set aside specific quantities of steel, copper and aluminum for defense and defense-supporting industries.

In order to help determine the quantities, NPA administrator directed 131 industries to file reports on future needs of the three metals on forms to be provided by May 1. They ranged from machine tools and oil field equipment to locomotives and tin cans.

A second set of 31 industries were excused from filing. These included automobiles, refrigerators, radio and television sets and most consumer goods items.

Fleischmann said the lists are "tentative" and do not necessarily mean all industries on the first list would get metal allocations and the others would not.

What will happen is that once NPA gets figures on how much of the three metals will be needed for the rearmament program, plus such supporting needs as shipbuilding, transportation, communications and the like, so much will be set aside for those purposes.

What remains will be available for civilian goods. Fleischmann predicted a "substantial balance" would be left over. And he promised that NPA would do its best to see that the remaining amounts of the metal are fairly distributed among non-defense manufacturers.

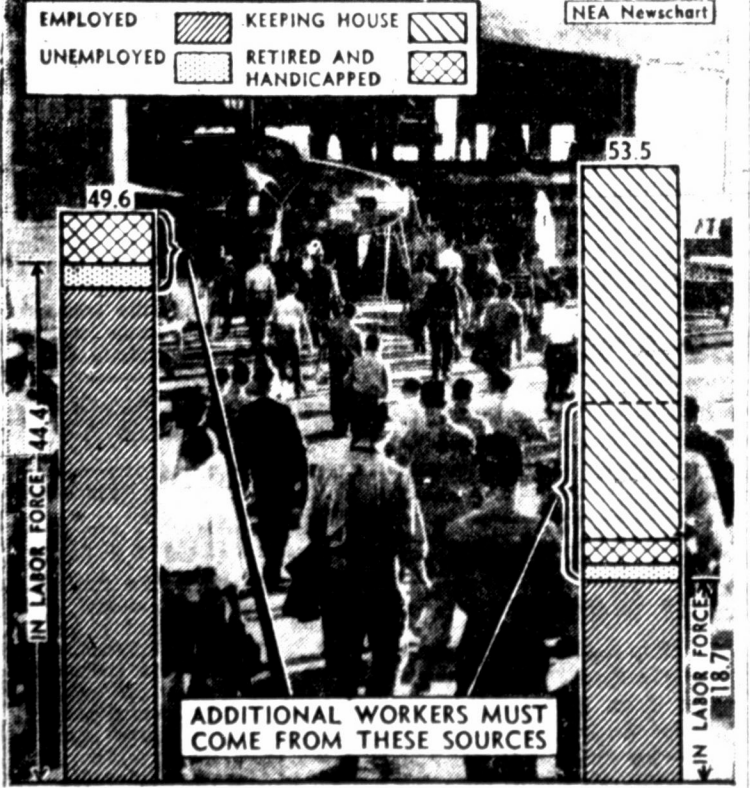

Up to now, producers of essential items have gotten priorities from NPA. But Fleischmann said the priority system allows a "hunting license" a permit to go out and buy scarce materials. The CMP, on the other hand, is "a cashiers' check on the known supplies" — guaranteeing that the producer will get the material.

Dallas Restaurant Destroyed By Fire

DALLAS — (AP) — Thousands burned Commerce Street between Ervay and Akard last night in the heart of downtown Dallas and watched a spectacular fire destroy a restaurant.

The fire broke out about 9:45 p. m., about an hour after the restaurant closed. Some 150 fire-

HELP WANTED—MALE AND FEMALE

MEET OUR DEFENSE PRODUCTION GOALS, according to Defense Mobilizer Charles E. Wilson, the number of workers in defense work will have to be boosted three to four million in 1951. Most of these new workers must come from the 38,000,000 persons of working age who are not in the "labor force," as the Newschart above illustrates. These include housewives with grown children, older persons and the handicapped. The major impact of defense production on civilian industries, Wilson warns, lies ahead. Washington planners say a real pinch in manpower will come next fall.

Big News In '51 Corn Crop

By OVID A. MARTIN

WASHINGTON (AP) — The corn crop promises to make big news this year for a change.

From the planting season, starting this month, to harvest time in the fall corn will be watched closely by top-ranking government officials, politicians, food processors, speculators, food retailers — and the observing consumer.

Few persons may realize it, but corn is the basis of the American diet. It is the raw material from which most of the vital vitamins in the production of milk and poultry products. It is used in many other foods — corn meal, breakfast cereals, syrups, starches and the like.

Corn is grown on more acres than is any other single cultivated crop. Annual production has been running more than three times that of wheat.

Official surveys indicate that farmers may not plant enough corn this year to meet grain

needs under the defense program. Farmers report shortages of labor and machinery.

At the moment local representatives of the Agriculture Department are making farm-to-farm visits in the Midwestern corn belt urging farmers to meet government planting goals.

This unfavorable outlook comes at a time when the consuming public — armed with increased buying power fed by defense spending — is demanding more and more meat. This demand has pushed prices to very high levels.

Van Fleet Enroute To Korean Front

HONOLULU (AP) — Lt. Gen. James A. Van Fleet left Honolulu late yesterday for the Korean War front and his new command as head of the U. S. Eighth Army.

Van Fleet stopped here briefly. His plane is due in Tokyo early Saturday. Japanese time for about noon Friday, EST.

Van Fleet succeeds Lt. Gen. Matthew B. Ridgway, who replaced the dismissed General MacArthur. Van Fleet, veteran field commander in Europe in World War II, has recently been commander of the U. S. Second Army.

POPE RECEIVES ROYALTY

VATICAN CITY (AP) — Pope Pius today received Princess Elizabeth of England and the Duke of Edinburgh in private audience.

BRADLEY

(Continued from Page 1)

probably will be the eventual successor to Bradley.

Rumors have persisted that Defense Secretary George C. Marshall intends to carry out some time this year the attempt he has made at least twice before to get out of public life. However, friends of the secretary say they know of no indication that Marshall will seek to retire in the immediate future.

Mr. Truman twice has called Marshall back from the beginning of retirement — once to become secretary of state and then to take the defense secretaryship.

One of the two remaining members of the first Defense Department administration, Assistant Secretary Mark S. Leva, submitted his resignation yesterday. Leva, who has been in government service since 1946 and before that served as a naval officer during World War II, told Mr. Truman he thought that after 11 years he would like to resume law practice. He wrote his resignation on March 22, but Mr. Truman asked that he stay on until a successor could be chosen. The President named in his place Dan Kramer Edwards, now mayor of Durham, N. C., and a World War II infantry officer.

Leva's resignation leaves only William J. McNeil, assistant secretary for budgetary matters, as the remaining member of the original Forrestal group.

(Morrison said two British and an Italian seaman and nine Iranians were killed in yesterday's riot, and that eight Britons, two of them children, were injured.)

Troop reinforcements with armored cars arrived in Abadan today but tension remained high. "The oil field areas are quiet and agitators have now concentrated in Abadan," one source said, adding that while only about 40 percent of the workers

THE BATTLE OVER STRATEGY IN THE FAR EAST -

DISAGREEMENT between Gen. Douglas MacArthur and the Truman Administration over broad policies in the Pacific and how the Korean war should be conducted has caused an international uproar. The two Newsmaps above outline the main facets of the opposing views.

This Is ABC On MacArthur Fuss

By JAMES MARLOW
WASHINGTON — (AP) — This is an ABC on the big fuss over General MacArthur's ideas and those of the Truman administration which led the President to oust MacArthur early yesterday.

MacArthur has supporters, particularly among Republicans in Congress. Billed down, this is the MacArthur school of thought:

1. Although this country and its Atlantic Pact partners are making big plans for defense of Europe, in case Russia attacks here, the big fight against communism has to be made in Asia.
2. MacArthur's hands were tied. He was not permitted to use his full strength in the Korean war against the Chinese Communists or to fight it the way he, as general in command, thought best. If this continues there can only be a stalemate, with men and materials chewed up needlessly.
3. Billed down, this is the opposite viewpoint:
 1. A lot more than just the fighting in Korea is at stake possibly outbreak of war in Europe. The great danger is Russia, not China. So we can't afford to get too deeply involved in Asia, such as allow war with China, which we might do if MacArthur were allowed free rein.
 2. The United Nations which are in the Korean fighting with this country — keeping their eyes on the European powder keg — are hoping to find an end to the fighting in Korea by reaching some settlement with China that would let them concentrate on Europe. But if MacArthur followed his ideas, such peace might be impossible.
 3. Further, the Truman administration was misled at MacArthur for repeatedly popping off with suggestions which might upset this country's other plans for Europe, and perhaps spoiling chances of peace with China.

County Count Made Official

The bureau of the census has given Gray County a population count of 2,728 in its final official tabulation for Texas.

The figures for the 1950 ten-year nose count put Harris County in the number-one spot — 806,701 people. State population stands at 7,711,194.

The county-by-county breakdown, reported by the A.P., showed three counties having less than 1,000 population; 13 with more than 100,000; 91 counties with populations ranging from 1,000 to 10,000 and 147 with population figures between 10,000 and 100,000.

The smallest county in the state, according to census figures, is Loving with a population of 227.

While Lubbock County barely squeezed into the six-figure population bracket, Potter County — its bitter population competitor — remained with Gray County and the other five-figure counties. Lubbock counts a population of 101,048 as compared to Potter's 73,366. According to the A.P.'s report of the census figures, Lubbock stands at the bottom of the six-figure counties. Wichita County is the top county in the five-figure group with a population of 98,493.

There were no breakdowns for cities included in the report.

Production For Success

By WAYNE OLIVER
NEW YORK — (AP) — Why haven't we had the shortages in civilian goods that so many forecasters were warning of a few months ago?

A complete answer would be a complex one, for a lot of factors are involved. But the main reason is that we now are able to produce a great deal more than at the start of World War II — more than the average person realized and perhaps more than some of the forecasters realized.

Production capacity has increased so much that despite the defense program we have surpluses in a number of lines, price cutting in a few and scattered layoffs of workers.

And while we probably are little more than halfway to the peak of the defense program, a good part of what's to come will be taken care of by still more expansion of production.

So even at the peak, it looks now as if there would be more jobs along with guns, and more television sets along with tanks, than had been expected. There still may be some shortages, but not as many or as severe as had been forecast.

The scope of the production expansion is emphasized when you compare outputs and capacities of some of our major industries with ten years ago.

Steel capacity, for instance, has risen from 85 million tons a year to well over 104 million, or more than 22 percent, and still is growing fast.

Automobile production capacity is nearly double what it was before the war. Last year's output of a little over eight million cars and trucks, for instance, compared with not quite four and a half million in 1940 and the pre-war record of five and a third million in 1929.

Freight car capacity has increased in the past decade from about 85 and one-half million tons to 90 and one-third millions. While that's only a little over five percent, carrying capacity has gone up by a much greater percentage due to increased speeds of freight trains and more efficient handling of cars.

Another spectacular growth was registered by the natural gas industry which has more than doubled its output in the past decade and added greatly to the nation's sources of fuel and power. Its output rose from three and a third trillion cubic feet in 1940 to nearly seven trillion in 1950.

Singapore Short On Its Medical Service

SINGAPORE — (AP) — The chief surgeon at Singapore General Hospital says medical services in this British crown colony have "lagged behind the times."

The surgeon, Mr. B. M. Johns, asserted it was "fantastic" that in a colony like Singapore with more than 1,000,000 people there was only one ear, nose and throat specialist to serve the entire island, and the Federation of Malaya and surrounding territory.

Johns said there was a tremendous demand for medical services but his department could hardly cope with the situation because of lack of staff and facilities.

Game Called

INDIANAPOLIS — (AP) — A sandlot baseball game broke up in a hurry when Donald Jones, 23, a student pilot, had switch trouble and had to land his plane on the diamond, flattening the backstop.

Mac's Disobedience Poses Big Question

By HAL BOYLE
NEW YORK — (AP) — Behind the national sadness and angry controversy over the dismissal of Douglas MacArthur there is a great question mark.

Did this great general of the Army deliberately sound taps on his own splendid military career?

Was he only taking a "calculated risk" in repeatedly defying Washington, or was he trying to provoke his dismissal to dramatize to the American people his own strongly held views on the world's political and military danger?

This question today is in the minds of many who know the general and know his past. But the secret is locked behind his own sturdy corn-cob pipe.

Why at the age of 71 did this lifelong soldier violate the first principle of the soldier's trade — unquestioning obedience to his superior officers?

But the record clearly shows that the general twice disobeyed an order by President Truman to clear all statements on military policy with the department of state.

He knew the soldier's code. He twice broke it — and for that the President relieved him. MacArthur knew the price and he has paid it.

He cannot question the authority of the President to take the action he did. Had ex-artillery Captain Harry Truman served under MacArthur in WWI and twice disobeyed his orders it is likely Truman would have been court-martialed. MacArthur him-

Plans Developed For Lions Show; Dr. Bonner Speaks

Final plans developed for the Lions Club Minstrel at the luncheon meeting Thursday with Bill Clemens, chairman, calling on the committee to complete their work.

Dr. D. P. Bonner spoke to the group, showing where each dollar donated to the Cancer Crusade is sent and what it benefits.

"Cancer," the doctor pointed out, "is second only to automobile deaths and heart disease as a killer."

He outlined the ways in which the crusade money is spent for research, service to the cancer-stricken and education for the public and for doctors.

The 1951 national goal in this cancer drive is \$500,000, the doctor said.

Ralph Thomas, member of the club, who has received a recall to the Air Force, was honored by his fellow members. He is to report to Tinker Field in Oklahoma City April 16.

The nation's most destructive fire in 1950 was a \$4,000,000 loss of 56,000 acres of forest and 28 buildings on the El Capitan Indian Reservation, Conchos, Calif.

Curfews In Malay Used Against Reds

JOHORE BAHRU, Malaya — (AP) — The State of Johore has joined others in the Federation of Malaya in enforcing curfews with the idea of breaking up Communist terrorist activities.

The curfew imposed here means that all persons must remain indoors from 6 p. m. to 6 a. m., until further notice, unless especially authorized to be out. All persons are required to buy their essential foodstuffs inside their own towns, villages and resettlement areas. They will not be allowed to carry any foodstuffs out of these areas. This is to make it impossible for Communist terrorists to obtain food from these sources.

French Lead Europe Tourists To India

NEW DELHI — (AP) — Frenchmen formed the largest single group among the 3,386 Europeans who visited India during 1950.

Home Minister C. Rajagopalachari told Parliament that the 539 Frenchmen who visited India during 1950 were tourists, others were businessmen, missionaries, dentists, artists and officials. Eighty-five Russians visited India in 1950. The home minister said that 3,892 visas were granted to Americans during the same year.

RELAX AND LIVE LONGER!

Relieve Tension By Sitting In Nature's Most Comfortable Positions

ContouRest is easily adjusted into the "Feet Above the Head Position" prescribed by medical authorities as restful to the heart and an aid to circulation.

You owe it to yourself to take a 5-minute trial in a ContouRest. It will give you the comfort thrill of a lifetime. Every home needs at least one ContouRest Chair. Perfect for relaxing and reading, it is an ideal addition to any living room, bedroom or den. You'll get lifetime service from its rugged construction.

ContouRest is available in beautiful covers of durable Boltaxflex, a washable vinyl plastic and fine boucle with a rubberized back. Decorator colors are Morocco, Kelly Red, Chartreuse, Mint Green, Rodeo Tan, and Steel Gray. Matching wood trims are Salem Maple, Ebony, Mahogany and Blonde.

WITHIN REACH OF ANY BUDGET!

AMAZINGLY PRICED BELOW ANY SIMILAR CHAIR, AND LESS THAN MANY ORDINARY CHAIRS!

Who can measure the length of a thought! Especially the thought of a child! A good thought is like the acorn, which becomes the Live Oak tree, which may live for a thousand years. Some thoughts are much longer than that. Aristotle urged upon men the 'golden mean,' and many business men today are following him; he lived three hundred years before the beginning of our era. The decalogue, or Ten Commandments, are long thoughts about how women and men should live. Perhaps the thoughts stirring in this child's mind have been dropped there by a parent or by a teacher or by a neighbor. Isn't it rather wonderful that you and I can start a train of thinking and of living, in a child, that may go on forever? How long is "forever?" That is how long some thoughts are.

Can you remember a word spoken to you in the long ago? Some of us treasure what seemed a chance thought passed to us by a careful teacher many years ago. When the soil is right and a mind is eager to know, seeds are precious. Have you learned a lesson that you count of great value? Do you wish that someone had passed it to you when you were young? Then why not do for some other child what you wish had been done for you? Would you not like to live forever in the esteem of another? Perhaps the child is our opportunity for some worthwhile immortality. Help her leave for posterity some long thoughts. What a pity that a good thought or a bit of wisdom we have garnered through many years should die with us! It does not need to die. The child near you is the good soil into which you may drop the good seed thought. "A sower went forth to sow." Every woman and every man is a sower. Is the seed good that we sow? What will the harvest be, for the thoughts we are putting into the minds of retentive childhood? Your thoughts and mine may become inspiring or discouraging thoughts to these precious persons that we love. Is it important then that we think straight, clean, sweet, kind, loving thoughts? These should be long thoughts. Attend your church regularly.

YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that furnish a nucleus for a better citizenship and a stronger character. Stepsmen today are making a difference in these perilous times. Then we with our children should go to the church of our choice on Sunday. You in the church and the church in you - form a combination for the READER.

A Hymn Is Born

BY CLINT BONNER

Softly And Tenderly

A quiet man is heard around the world

Visitors were barred from the sick room. Dwight L. Moody, the evangelist who had stirred 50,000,000 listeners on two continents, had preached his last sermon. A gentleman in his early fifties waited outside in the hall. It was December, 1899, and cold, but the quiet man had come to Northfield, Mass., from his home in West Liverpool, Ohio, to pay respects to the man who, with Singer Ira D. Sankey had "reduced the population of hell by a million souls."

Will Lamartine Thompson's gift of music and poetry was matched with "a fine character of sincerity, simplicity and righteousness." He wrote his first song at 1663 at the age of 16, and 10 years later, while studying at Boston's Conservatory of Music, came out with "Gathering Shells by the Seashore." The hit swept the nation from shore to shore and gathered a fortune for the youthful composer who left for Germany to further his musical education and returned to write "My Home on the Old Ohio" and "Under the Moonlit Sky."

At the crest of fame and fortune at 40, the mild-mannered composer-poet turned his back on secular compositions and turned his pen to writing hymns. He

opened a music store, set up his own publishing house for church songs and bought a two-horse wagon. While Sankey, with the voice that could be heard a mile, was singing to the multitudes in America and England, Will Thompson was driving his team of horses in Ohio and singing his own hymns in rural homes. When he found no piano he simply unlashed the one on his wagon and played his own accompaniment to his "Lead Me Gently Home, Father." "There's a Great Day Coming" and "Jesus Is All the World to Me." At the same time, poets by the thousands streamed down Moody's sidewalk trail to Sankey singing of Will Thompson's "Softly and Tenderly Jesus Is Calling." The echo swept into South Africa and was translated in Hawaii.

Through the door of his sick room, Dwight L. Moody heard someone mention the name of Will Thompson. Ignoring doctors' orders, the dying evangelist demanded that he be admitted. Feebly taking the "Bard of Ohio" by the hand, he said, "Will, I would have rather written 'Softly and Tenderly Jesus Is Calling' than anything I have been able to do in my whole life." The song:

SOFTLY AND TENDERLY

Softly and tenderly Jesus is calling,
Calling for you and for me;
See, on the portals He's waiting and watching,
Watching for you and for me.

Time is now fleeting, the moments are passing,
Fasting for you and for me;
Shadow is gathering, death-beds are coming,
Coming for you and for me.

Why should we tarry when Jesus is pleading,
Pleading for you and for me?
Why should we linger and heed not His earnest,
Earnest for you and for me?

Oh! for the wonderful love He has promised,
Promised for you and for me;
Why should we linger and heed not His earnest,
Earnest for you and for me?

HD Clubs Plan Landscaping For Highland General

Landscaping for Highland General Hospital was taking form on paper Thursday and today under supervision of the Home Demonstration Clubs.

Details of the plans are still incomplete, but Mrs. Mary Ann Duke, home demonstration agent, said the landscaping will consist of shrubbery, trees — transplanted from the Court House — and hedge.

Accompanied by County Judge Bruce Parker, Mrs. Duke spent several hours on the hospital grounds yesterday on a survey to determine a layout before completing her drawings.

CHRISTIAN SCIENCE Euzelian Class Elects Officers

The tragedies of mortal existence so often attributed to God are seen to be no part of His creation according to the Lesson-Sermon titled "Are Sin, Disease, and Death Real?" to be read in all Churches of Christ, Scientist, on Sunday, April 15. The Golden Text observes, "He that is our God is the God of salvation; and unto God the Lord belong the issues from death" (Psalms 88:20).

Also from Psalms is this Bible citation, "For the word of the Lord is right; and all his works are done in truth." A more detailed explanation that God's plan for His children is not both good and bad is seen in this statement taken from pages 74 of the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "If sin, sickness, and death are as real as Life, Truth, and Love, then they must all be from the same source; God must be their author. Now Jesus came to destroy sin, sickness, and death; yet the Scriptures aver, 'I am not come to destroy, but to fulfil.' Is it possible, then, to believe that the evil which Jesus came to destroy, sin, sickness and offspring of the divine will?"

What's RIGHT?
You go into a store and a clerk goes to some trouble to show you merchandise, though you do not find what you want. WRONG: Walk out of the store without thanking the clerk because you feel annoyed at not finding what you want. RIGHT: Thank the clerk for trying to help you.

You make a telephone call in order to register a complaint. WRONG: She smokes anyway, yourself. RIGHT: Give your name. If you are not willing to do so, don't make the call. An anonymous complaint is the worst kind of bad manners.

You hire someone to do a small job in your house or yard. WRONG: Don't ask in advance how much it will cost, but feel free to protest if you think you are being overcharged. RIGHT: Settle the matter of cost before the work is started.

PAMPA NEWS, FRIDAY, APRIL 13, 1951 PAGE 5

Women's Groups Of First Methodist Meet In Homes For Study And Business

Circle one of the Women's Society of Christian Service of the First Methodist Church met in the home of Mrs. Irving Cole. With Mrs. Price Dosier in charge of the business.

The circle voted to send a supply box to a Negro school in Austin.

Mrs. F. F. Barnhart gave the devotional and Mrs. Henry Jordan conducted a question and answer forum on the oil situation in the Near East, with Mrs. R. I. Davis discussing the political and economic life of the countries in the Near East. Mrs. Davis gave the closing prayer. Refreshments were served to 19 members.

Mrs. J. V. Kidwell will be hostess to the April 18 meeting. Mrs. Charles Wooley was hostess to circle two. Mrs. Doyle Osborne, chairman, presided over the business meeting and Mrs. John Dodge presented the devotional. "Rendering service to others," Mrs. O. L. Brummett prepared the worship center, using as the theme, "The praying hands," and gave the story of the picture to the group. Mrs. Brummett was leader of the study. She was assisted by Mrs. J. E. Kirchner and Mrs. W. R. Campbell. Mrs. R. W. Lane dismissed the circle with prayer. There were 12 members present.

Mrs. R. W. Lane will be hostess for the April 18 meeting. Circle three met with Mrs. Rayburn Thompson with 11 members present. Mrs. H. R. Van Sickle presided at the business meeting.

Mrs. F. W. Shotwell taught the third lesson on the Near East, and pictures were shown. Mrs. Van Sickle and Mrs. John Sweeney gave the opening prayer and the program. Mrs. C. W. Berry closed the meeting with the devotional.

Circle four met in the home of Mrs. Joe Gargile with 13 members present. Mrs. Joe Shelton gave the opening prayer and Mrs. Sherman White conducted the business session.

The group voted to send a donation to Scarlat College.

Mrs. Guilford Branson and Mrs. C. D. Anderson gave the devotional and Mrs. Shelton spoke on the topic "At Home With Mohammed." Also on the program were Mrs. D. D. Anderson, Mrs. W. E. Jarvis and Mrs. Lee Harrah.

The next meeting will be a covered dish luncheon in the home of Mrs. W. E. Jarvis.

Circle five met in the home of Mrs. George Newberry with Mrs. Paul Brarrah as co-hostess. Coffee and cake were served to 13 members and two new members, Mrs. Clint Caylor and Mrs. Ray Bradley.

Mrs. Joe Wilkinson, chairman, presided over a short business session. Mrs. W. L. Boosa continued the study of "Rural Prospects," and Mrs. Buck Seitz gave the devotionals.

The next meeting will be with Mrs. Charles Shelton.

There were 17 members present for the meeting of circle six. Mrs. Bob Curry was hostess with Mrs. Ed Williams as co-hostess. The chairman, Mrs. Raymond Hargah, presided and opened with the thought for the day. Mrs. L. M. Hicks, study leader, was in charge of the program, and was assisted by Mrs. J. E. Thompson, Mrs. Kenneth Meaders, Mrs. Bob Curry, Mrs. Joe Key, Mrs. Jim Chase and Mrs. J. G. Sills. Mrs. Hicks dismissed the group with prayer.

The April 18 meeting will be held in the home of Mrs. Hicks. Mrs. W. Purviance and Mrs. A. A. Schuneman were hostesses for circle 7 in Mrs. Purviance's home at 802 W. Francis.

Coffee and rolls were served to 11 members and one guest. Mrs. H. H. Boynton conducted the business session and Mrs. Purviance led the study. Assisting her were Mrs. M. K. Griffith, who talked on "Home Ideals," Mrs. A. D. Pruet, whose topic was "Life on the Alps" and Mrs. E. P. Hollingshead, whose subject dealt with American rural life.

The next meeting will be held in the home of Mrs. Coy Palmer, 683 Lowry.

The church parlor was meet-

EVANGELIST — The Rev. Floyd LaMonyon of Lawrence, Okla., will conduct services at 8 o'clock each evening, beginning Sunday and running through April 29, at Kingsmill Church. Assisting him will be his wife, who is also a minister. Mrs. LaMonyon also composes songs and will lead the special music and singing, which will be a feature of each service. Betty Clay of Eureka Springs, Ark., will also assist in the meeting. The pastor, the Rev. Pearl Yeakley, has invited everyone to attend services.

Canadian Play Cast Entertained In Home

CANADIAN (Special) — Members and director of the faculty play cast were entertained after regular rehearsal this week in the home of Mr. and Mrs. Malouf Abraham.

Present were Mr. and Mrs. Preston Hutton, Miss Lucille Wilbanks, Miss Reita Austin, Joe Page, Dee Henry, Curtis Babcock, J. B. Reid, Francis Bernson, Tom Abraham, Louise Zytch, Utah Atkins, Mrs. John Waters, Mrs. Marion Karr,

Marilyn Witt, Mr. and Mrs. H. W. Pruitt, A. H. Breazeale, and the hosts, Mr. and Mrs. Abraham, Mr. and Mrs. Red Owens, and Mrs. Tom Abraham.

No matter how handicapped we are, we can always give something, if it is only a bright smile, a kind word, or a helpful act.

— Helen Keller

Abraham: Ancient Immigrant, Pioneer

By WILLIAM E. GILROY, D. D. Horace Greeley advised young men to go West, with our American West was still comparatively unsettled. But ages before Greeley, or the existence of our American Continent was even suspected, a young man in the far-off Eastern country of Ur in Chaldea heard an inward voice urging him to go West, and he set out for distant Palestine.

So Abraham was not just an ambitious young man, seeking to strike out for himself, and attain material success in a new land of opportunity.

There was a deeper meaning to his leaving home and his quest. Apparently that environment was idolatrous, but Abraham had a vision of a spiritual God. His quest was for a new environment of life and faith.

It is often suggested that the God of the early Israelites was a tribal deity; but there is something larger and finer in the God of Abraham. Two passages, at least, make this plain. Abraham's prayer for Sodom (Genesis 18:23-33) reveals a high conception of God, a being with whom man could reason in the faith that the God of all the earth would do right.

And only a man with a high moral sense, and with a vision of a good God, could have acted as Abraham did in the matter of the threatened strife with Lot.

Many correspondents have inquired about my rhymed introduction to the Bible. (I mentioned some time ago that I had written one for my grandchild.) It will be some time before it is in print, but the following extract may be of interest:

"This Abraham was a man of peace,
Willing his interest to release,
If thereby he could peace attain;
While Lot sought all he could to gain.

In that day wealth was found in cattle,
And herdsmen oft were wont to battle.
For pastures and for watering places —
A cause of strife among all races.

When Abraham saw his men, and Lot's
In strife about the choicest spots,
He said to Lot, "Let no strife be of herdsmen between thee and me."
And looking over all the plain,
Abraham said to him again:
"If you go east, then I'll go west;
If west you choose, I'll take the rest."

And so the peace was won that day,
If warring men took Abraham's way.
The world might have an age of peace;
Perhaps forever wars might cease;
From strife might find a welcome calm
By catching up' with Abraham.

Faithful Workers Sunday School Class Installs Officers

Officers were installed at a meeting of the Faithful Workers Class of the First Baptist Church in the home of Mrs. G. H. Anderson Thursday.

Mrs. J. H. Tucker, teacher, gave the invocation and Mrs. Rufe Jordan was installing officer.

New officers were Mrs. James A. Hopkins, president; Mrs. Elmer Wilson, membership vice president; Mrs. R. E. Montgomery and Mrs. W. R. Cook, fellowship vice presidents; Mrs. James Culpepper, ministries vice president; Mrs. John Wheelchel, assistant; Mrs. Don Pumphrey, publicity vice president; Mrs. G. H. Anderson, secretary; Mrs. Dean Cason, assistant.

Group captains: Mrs. W. G. Salsbury, Mrs. L. B. Studabaker, Mrs. Spencer Mallock, Mrs. J. N. Tate and Mrs. C. W. Hill; members in service: Mrs. E. L. Glenn.

Lunch was served on small tables in the living room. Tables were decorated with spring flowers.

Guests were Mrs. J. H. Rich-

ey, class mother, Mrs. W. H. Akerr and Mrs. Rufe Jordan.

Other members present were Mrs. Minor Langford, Mrs. C. F. Allford, Mrs. Bob Clements, Mrs. Stanley Brandt, Mrs. E. L. Tarrant, Mrs. Lester Brown, Mrs. Homer Doggett, Mrs. S. E. Waters, Mrs. W. E. Jordan and Mrs. Lee Garrison.

Help others and you are helping yourself, help yourself and you will help others.

AN OSTRICH WITH STEMS LIKE THAT?—The fine-feathered creature, left, that struts onto the stage in the fall. Even at the London Hippodrome has all the appearance of an ostrich—except for a pair of shapely feminine gams. Shaking off her disguise, right, dancer Renita Kramer of Estonia does a fast-stepping dance in her long-feathered dress. Then she folds back up into her ostrich shell and exits.

Dispassionate View On Firing Difficult

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

The average citizen probably is finding it difficult to view dispassionately President Truman's firing of General MacArthur.

As an admirer of MacArthur's great military record, your columnist can understand the average citizen's position. Like many of my readers, I wish that the chief executive could have found some other method of solving his problem.

Still, we are bound to recognize that Mr. Truman did have a problem. This was, as he states, MacArthur's failure to give "whole hearted support to the policies of the United States government."

That brings us to the pith of the whole controversy. Even if MacArthur disagreed militarily with his instructions, he had no right to refuse to comply, because under the Constitution the President is the commander in chief of all the armed forces.

But, you demand, supposing MacArthur felt sure he was courting disaster to follow Washington instructions, was he still "carry on"? No, he could express

his views to the President and if that didn't work he could resign his command and return to America for a showdown.

Failure to support Administration policies, however, would be dangerous and might be disastrous. Under our form of government the President and his secretary of state are responsible for foreign policies, and some highly important ones were involved in the Asiatic operations. He has been wrong in not referring to Washington. The sum and total of this imbroglio is that some distrust and discontent was created among the western allies, much to the gratification of Russia. Britain's rejection of the firing of MacArthur has been an expression of relief by British officials who hold that the chances for making peace with Red China in Korea have been improved. There was similar comment in much of Europe.

And does this end the controversy? Apparently not, for Senator Wherry (R-Neb) has announced that MacArthur agreed in a telephone conversation to "carry on"? No, he could express

gress and discuss his dismissal by the President. A joint session still has to be arranged.

Such a development must, of course, and fuel to an already hot fire. Recognition of this apparently was in the mind of General Dwight D. Eisenhower, Atlantic pact commander, when he expressed the hope in Koblenz, Germany, that MacArthur wouldn't return to the United States and become the center of controversy and acrimony. Eisenhower and MacArthur, by the way, are old friends as well as comrades at arms.

Whether MacArthur's appearance before Congress would be wise may be a matter of debate. It might help clarify the situation for that average citizen.

School Officials Attend Conference

Four area school officials are attending the 1951 Elementary Education Conference in Austin this weekend.

From Pampa, Miss Josephine Thomas, principal of Horace Mann Elementary School, and Archie R. Roberts, high school assistant principal, are attending. J. A. Beam, Lefors and D. V. Biggers, Skellytown, are in Austin.

The Texas Elementary Principals and Supervisors Assn., the Texas Education Agency and the University of Texas are sponsors of the conference.

Routine Walk Covers Ground

KANSAS CITY, Mo. — (AP) — If he can hold out for a few more years, George R. Ross will have walked around the world — 25,000 miles — just getting to and from work.

"It's two and one-half miles from my house to my job," says Ross, 75, a fireman in a boiler room for 55 years. "Using five miles a day as an average for the round trip I figure I have walked 17,160 miles since 1939."

The Bureau of Mines says the U.S. is not only the largest manufacturer of nitrogen compounds but the largest importer.

Gulf Workers Given Awards

Nineteen local Gulf employees received service awards at a dinner Wednesday at Hotel Berger.

The diamond and ruby service buttons were awarded for periods of service ranging from ten to forty-five years.

H. D. Bell, who has been with the company 45 years, was given a special button at the dinner, held in connection with Gulf's 50th Anniversary Celebration.

J. P. Stephens, H. M. Hassell and E. K. Shirley received 30-year awards.

In the 25-year group were D. T. Fuller, T. H. Rhea, Howard Schroeder, E. Menefee, S. C. Churchill, J. F. Lindley and W. E. Crownover.

E. T. Lewis received recognition after 20 years of service. In the 15-year group were D. A. Rife, Goldie Blevins, M. A. Jones, B. C. Gidley and B. P. Wray. B. A. Cunningham and N. A. Tucker received awards for 10 years of service.

No Glamor For Rosie, Winnie

FORT WORTH — (AP) — Rosie the Riveter and Winnie the Welder are on their way back. Forty out of every 100 new workers being hired by the giant Convair B-36 plant here are women. There are now about 5,000 women among the 28,000 employees, and several hundred more are added each month. All start at \$1.07 an hour for the training period.

The women workers are not glamour gals. All jewelry must come off because of moving machinery. Hair must be covered by nets or bandannas. No tight-fitting sweaters are allowed because they interfere with freedom of movement. Finally, the rule is "medium loose-fitting was h-slacks, ankle length."

BLOOMING BEAUTY — Jennine Holland, of Houston, Tex., 1951's Maid of Cotton, takes time out from her busy schedule to get a close-up look at the famous Washington cherry blossoms, which are almost in full bloom. In background is the Jefferson Memorial.

Television Is Creating A Shortage Of Midgets

By RICHARD KLEINER
NEW YORK — (NEA) — Definitely no pun intended, but there is a shortage of midgets these days. And it's all on account of that old electronic devil, television.

Between appearing in production numbers and coming on in costume for commercials, midgets are almost as big in TV as the low-cut dress.

So, for small people like George Day, Ivor Boden and Elsie Schultz, times are good. Elsie is three-foot-tall, Ivor an even four feet, and Ivor towers two inches over the four-foot mark. The three of them are about to embark on a new stunt—playing three bear cubs named Dandy, Handy and Candy.

Being tiny isn't such a hard life, the three insist. In the first place, things are always looking up. And it's easy to choose a career, since most midget-busines in one form or another. Finding jobs wasn't always easy, but TV changed that.

George, Ivor and Elsie have played rabbits, kittens and other forms of diminutive animal life. The two men — George is 39 and Ivor 36 — have sung, danced and for many years were in an acrobatic troupe.

All of them maintain that being small is no handicap to being happy. Elsie is a pleasant-looking 50, happily married with two regular-sized daughters and a new grandchild. George and Ivor say they get a great kick out of living, and miss none of life's pleasures.

It's very simple, says George. "If we can't reach something, we just pull over a chair or a box and climb up on it."

But there are three things that give them trouble—crowds, clothing, and food.

Crowds, especially a crowded elevator, can be brutal for a small person. They get jammed up against belt buckles and brief cases and tortured by elbows and women's purses. The New York subway in rush hour is like a torture chamber to a midget.

Clothing presents a different sort of problem. The men say they can use boys' shoes, hats and, with alterations, shirts. But boys' suits aren't cut stylishly enough for them, so they have to have their suits made to order.

Stars Are Careful On Friday The 13th

By BOB THOMAS
HOLLYWOOD — (AP) — Hedy LaMarr stays in bed today. Are you that wary of Friday, the 13th?

Probably not, but then you're probably not as aware of omens and luck as actors are. Actors, you see, are an emotional lot; that's their business. So it's no wonder they bear all manner of superstitions.

Movie stars also owe a large part of their success to chance. You can't blame them for harboring tokens that might sustain their luck and shunning

things that might hex them.

There is a whole catalogue of show business superstitions. Most noted are the prohibitions against whistling in a dressing room or putting a hat on a bed. Each star usually has his own personal quirk, too.

Bob Hope thinks it's bad luck to do the first scene of a picture right the first time. This is akin to the omens on winning the first pot in a poker game.

Spencer Tracy, on the other hand, says it's bad luck to repeat the last line of a picture before the time comes to shoot it. He never says the line until the scene is filmed.

Joan Crawford makes it a point to wear a new pair of shoes in the first scene of her pictures. Others are concerned with shoes too. Betty Gable and Jimmy Stewart both have good-luck shoes they wear in at least one scene of each picture. Gene Tierney puts on her shoes before anything else.

Claudette Colbert and Ruth Roman always enter and leave a building by the same entrance (except in case of fire, I presume). For some obscure reason dating back to her vaudeville days, Judy Garland will not sing with any orchestra that contains a yellow cornet.

Peggy Dow holds to a notion which is apparently native to the South — don't look at the moon through trees. Lana Turner always has red roses in her dressing room. It's expensive, but nice.

Trone Power is the No. 1 good-luck charm boy. He has 150 of 'em. Dick Powell is a spilled-saltover-the-shoulder addict. Josephine Hull advises: if you forget something when you leave the house, don't return for it.

Prague Planning For Women Barbers

PRAGUE — (AP) — If everything goes according to plan, the time will come when there won't be a man barber left in Prague. The men who now work in the barbershops will be in offices or mines or factories, and women will be working in their places.

The women already have a toehold. They make up the entire staffs of three of the 1,620 barbershops in this city of a million people. The plan — in line with a broad manpower program in Communist-led Czechoslovakia — is to cut the number of shops to 500 — all staffed by women. Girls of 15 now are being trained as barbers in a technical school.

or else order a sandwich and let it go at that.

Elsie, who keeps house, has one other problem. Everything in her home is normal-sized, except her kitchen sink and stove. She had to have them cut down "otherwise I'd be hopping up on chairs all the time and never get my housework done."

They all say they're not sensitive about their size, and joke about it even among themselves. George, for example, accepted a cigarette and mentioned he didn't start smoking until he was 30. "Well, then," said Elsie, "you can't say that stunted your growth."

These Young Men Are GOING PLACES

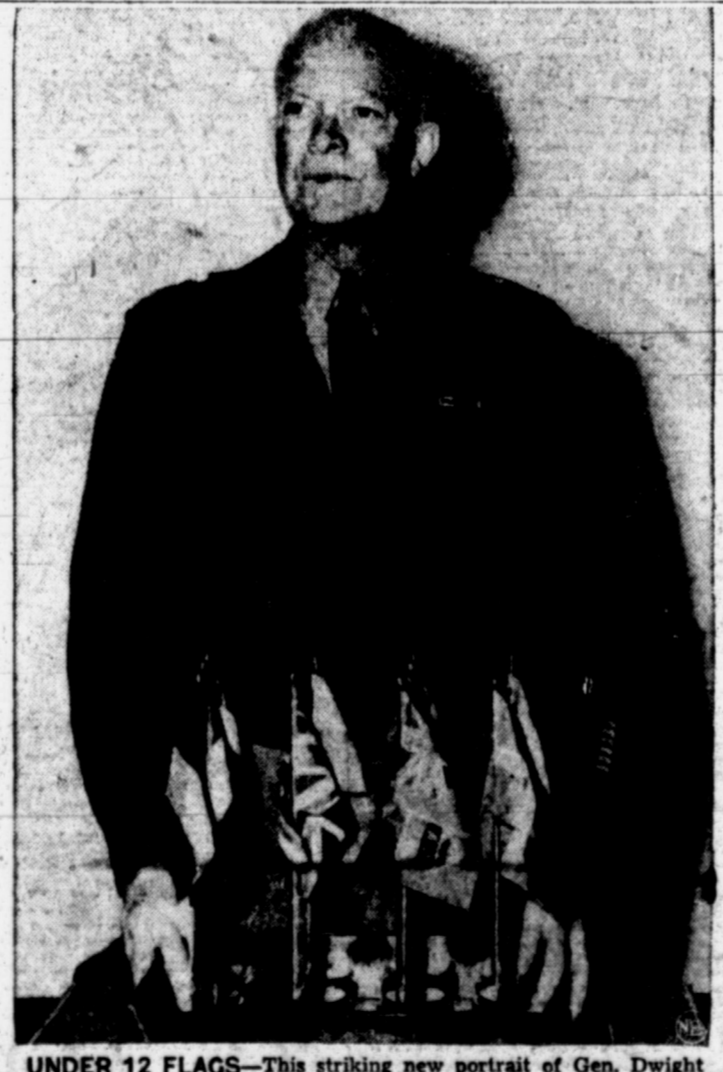

IT'S a big step in the right direction when an ambitious youth takes over a newspaper route in his spare time, as his first business venture. It marks him as a young man who is going places in life—an excellent example of the American system of Free Enterprise at work.

Aided by one of our carrier advisors, he finds it both thrilling and profitable to own and operate a growing newspaper route. He learns a lot about modern business methods that will enable him to step ahead of lads who lack this basic "know-how."

And, by increasing his route month after month, with good service and alert salesmanship, he enjoys extra money for clothes, sports, hobbies and good times—as well as boosts his college savings fund and his chances for advancement in his chosen career!

Does YOUR Son Have a Route?

If not, encourage him to apply for the next one open in your locality—where he, too, may use his spare time to earn, learn and save. You'll be proud to see him going places and doing things—pointed out as an up-and-coming young business man! Ask our Circulation Department about it.

UNDER 12 FLAGS—This striking new portrait of Gen. Dwight D. Eisenhower was made as he formally activated the North Atlantic Treaty Organization's Supreme Headquarters in Paris. Before him is a tray containing miniature flags of the 12 nations he is serving. (Photo by NEA-Acme Staff Photographer Max Winter.)

The "Voice of Defense" Reports to 'Texas

In times like these, when our way of life is threatened, Texans turn to their fastest, most dependable means of communication—and ask—

Is our telephone system prepared to handle its vital role as the "Voice of Defense"...

Here's part of the answer. There are twice as many telephones serving Texas as there were before World War II. Thousands of miles of long distance circuits have been added. Over 17,000 more telephone men and women are on the job to see this new emergency through—skilled, experienced people, tested and proved in many emergencies. But preparedness means continued growth. We're looking ahead and working ahead to keep telephone service one of Texas' greatest assets in its defense efforts.

SOUTHWESTERN BELL TELEPHONE COMPANY

TURF LUCK—Proving that racing has its ups and downs, the Grand National Steeplechase took on this battlefield look at the first jump at Aintree, Eng. Only three of the 36 starters crossed the finish line, with Nickel Coin, 40-1, the winner; Royalton, No. 10, far right, second, Derrinstown third. (NEA)

The Cinnamon Kid Dislikes Orphanage

By HAL BOYLE

NEW YORK (AP)—Of all the thousands of homeless children in Korea the one I can't forget is Huey Long.

He looked like a weeping person with a crew haircut the first time I saw him the night the American army pulled back through burning Seoul in early January.

Dwight Martin, another correspondent, and I were touring the darkened city. It was lit only by a half-dozen acre-wide fires.

On the steps of city hall stood a small, forlorn boy, all alone and weeping bitterly. Loaded troop trucks roared by. Across the way pitiful groups of plodding refugees were outlined against the flames.

We halted our jeep and talked to the crying boy. He spoke a few words of English he had picked up from soldiers. He let us know that he was eight years old and an orphan. When we asked him his name he said:

"Hong Ku He."

Right away we decided that Huey Long was easier to remember than Hong Ku He, and Huey Long he became. What would we do with him? If we drove off, we felt he would die of starvation.

But no refugee family wanted the burden of a strange child in that desperate hour. Dwight, who was children of his own, finally sighed and said:

"Jump in, kid." He climbed into the jeep, we swaddled him in a blanket, and the tears stopped as if by magic.

Huey fell asleep that night on the floor of the command post of the 27th Regiment with his mouth full of crackers.

It was a twelve-hour ride through freezing weather back to our press camp at Taegu. Huey went without a whimper. Every once in a while he would soak his head out of the quilt and sing a few snatches of "My Darling Clementine" and then sink back and fall asleep.

Huey immediately became the pet and autocrat of the press camp. He also acquired some new nicknames—"The Cinnamon Kid," "Little Pot Belly," and "Charlie Company."

When "Oncle Dwight" went to Tokyo, "Oncle Haul"—as he called me—had to take over as foster father. He was a hard child to handle. Through interpreters he told us that his father had died, his mother had been killed in an allied bombing raid and he had been put into an orphanage but had run away from it twice.

Bedtime was always stormy. Usually two correspondents finally had to pick him up and carry him spreadeagle style to his cot.

But in the morning our little man always became a lonesome affectionate little boy again. He got up before the birds. He would try to crawl into our bedrolls to snuggle. Then he would go around and pat each sleeping correspondent on the cheek, grunting "ugh" whenever he found one that hadn't shaved.

Then he would begin to sing, over and over: "Jesus loves me, this I know,"

"For the Bible tells me so." After an hour of this, even the sleepiest newsmen decided it was time to get up and face an Army breakfast.

Huey barely called me by name. He regarded me as his houseboy, "where's my American property,"

I became so fond of Huey Long I decided to try to adopt him legally. An Army chaplain talked me out of it.

"If you take him to America he will be on exhibition all his life. It is better for him that he stay here with his own people."

When I left, Huey wept a little. A few weeks later correspondent friends—other "new oncles"—smuggled Huey into an orphanage supported by U. S. soldiers. He seemed happy there for a few days. But recently I got a letter saying:

"Huey has run off again. And the orphanage staff say they don't know what to do with him if they get him back. He was beginning to pay too much attention to the little girl orphans."

At last reports "The Cinnamon Kid" was still AWOL. And now I wish I had brought him home. He was a wonderful little alarm clock. I miss his birdlike pat on the cheek in the morning. And my conscience tells me I should have done more for him.

Butcher Decides On Discretion Over Valor

There were no questions asked when butcher Jack Watson was cutting up some roasts in his shop and a great deal of about shetland pony size" came in, selected the biggest one, and stalked out with the choice cut in its mouth.

The eighth graders' concluding number was a tap dance by Miss Ryers accompanied on the piano by Miss Abraham.

Sophomores presented a musical reading, by Roberta Schoenhals accompanied by Barbara Kendall. During the course of the reading, ridiculous hats were modeled by Jane Wells, Christine Schaefer, Willadean Willmoth, Tommy Mitchell, Dannie Conklin, and Jackie Matthews.

Jo Ann Webb sang accompanied by Jan Waters. Stan Douglass played an accordion solo.

Pampan To Attend Clinic At Akron

R. E. Sell, manager of the E. F. Goodrich Stores and one of the two employees selected from this district to attend a merchandising clinic in Akron, Ohio, leaves Saturday for the two-week training program.

The clinic is held each year as a training for promotions to outstanding employees of various districts.

Sel land A. M. Furr of Muskogee, Oklahoma, will represent the Oklahoma City district composed of Northern Oklahoma, Texas and New exto.

The local manager came to Pampa nine months ago from Dahlart.

Bank Deposits Drop in Pampa

Bank deposits in Pampa dropped off slightly from April 24, 1950 to April 9, 1951. A call for condition of banks from the comptroller of currency disclosed.

Although the First National showed deposit gains of more than \$300,000, the Citizens Bank and Trust Co. showed a drop of more than \$400,000.

Total deposits in Pampa at the close of business, April 9, were \$17,519,427.89 as compared to \$17,615,571.21 at the close of business April 24, 1950—a drop of \$94,143.32.

Total deposits at the First National Bank at the close of business April 9 were \$11,931,768.25 as compared to \$11,995,775.47 on April 24, 1950, an increase of \$335,992.78.

The Citizens Bank and Trust Co. on April 9 held deposits totaling \$5,587,659.44 as compared to \$5,617,795.74 on April 24, 1950, a decrease of \$403,136.30.

Over the state, however, the trend was toward general increases in deposits, an Associated Press dispatch reported Tuesday afternoon. Some cities reported new financial records.

Midland reported an all-time high as deposits there zoomed from \$37,720,573 in April, 1950, to \$49,349,170 as of Monday—a gain of \$11,628,597 for the town's two banks. Deposits also were up \$976,049 since the Dec. 30 call.

While most Texas banks' totals ran into the millions, deposits in Houston and Dallas banks ran into the billions.

Houston's 25 banks held total deposits of \$1,223,402,789 with Dallas' 22 banks holding a total of \$1,200,972,800.

Style Show Given At Canadian By Homemaking Class

CANADIAN—(Special)—An assembly program was given in the high school auditorium Tuesday morning by the eighth grade homemaking class and the sophomore class.

Aladelle Williams was mistress of ceremonies.

A style show was presented by the girls modeling skirts they had made. Letty Ebers played a piano background for the show, and Donna Abraham and Ruth Ann McDaniel were commentators.

Freda Mathews, Wanda Rowley and Shirley Northrup sang one selection, as did Donna Abraham, Donna Ramsey, and Eleanor Forgey.

Another song was presented by a group comprised of Miss Forgey, Barbara Norvill, Phyllis Karnold, JoAnn Cole, Lois Hildebrand, Kathleen Riley, and Evadeen Stroud. LaJuana Ballard was accompanist.

The eighth graders' concluding number was a tap dance by Miss Ryers accompanied on the piano by Miss Abraham.

Sophomores presented a musical reading, by Roberta Schoenhals accompanied by Barbara Kendall. During the course of the reading, ridiculous hats were modeled by Jane Wells, Christine Schaefer, Willadean Willmoth, Tommy Mitchell, Dannie Conklin, and Jackie Matthews.

Jo Ann Webb sang accompanied by Jan Waters. Stan Douglass played an accordion solo.

Harvester Nine Clash With Sandies; Thinclads Race At Canyon Saturday

Cook Is Tabbed For Mound Duty Against Sandies

The Harvesters open their 1951 north half of District 1-AA baseball campaign at 4 o'clock this afternoon in Oiler Park against the Amarillo Sandies.

It's the second game of the season for Coach Edwaine Lyon's nine. The Pampans edged Dalhart 4-3 in their season opener. Amarillo has seven games under its belt, winning five and losing two.

Right-hander Jimmy Cook will start for the Harvesters. He hurled five innings against Dalhart and allowed five hits and three runs. If Cook can't silence the Sandstorm hitters, Coach Lyon probably will call on his south-paw moundsman, Wayne Hardin. The left-hander worked two frames against Dalhart. He gave up one hit and no runs in the two-inning stretch.

Probable starters for the Harvesters are:

Elmer Wilson will start at second base. He will hit in the number one hole. At leftfield and batting in the number two slot is Ed Dudley. In the three hole is third baseman Bobby Seitz.

Clean-up hitter for the Harvesters is catcher Buck Smith. Rightfielder Eddie Scheig bats in the fifth position, and first sacker Tollie Hutchens is in the sixth slot. Batting seventh will be either Jim Bob Cox or James Clough at short stop. Centerfielder Lawrence Rice hits in the number eight hole, and Cook hits ninth.

The bear so often mentioned in Scriptural writing is the Syrian bear, distinctive for its gentle disposition.

LOYAL ORDER OF MOOSE MOOSE HOME PAMPA, TEXAS
401 E. BROWN

VETERAN FIRST SACKER—Virgil Richardson will be back at his old familiar post, when the Oilers test the Gassers in Oiler Park Saturday, but new men will be throwing the ball to the Pampa first baseman Saturday. Newcomers Nelson Davis, Gil Castillo and Luis Suarez will complete the infield. (News Photo)

Oilers Clash With Gassers Saturday

Supply exceeded demand, so Manager Seitz sold an infielder to the Borger Gassers and sent an outfielder back to Austin. Infielder Gaspar Dee Toro, who came up from Del Rio this year, was sold to the Gassers Thursday and reported to Manager Eddie Carnett today. Outfielder Jack Wadsworth, whom the Oilers picked up from Austin, was sent back to his old club by the Pampa pilot.

Manager Seitz has juggled his lineup for the Oilers' exhibition game against the Borger Gassers Saturday. If the weather is favorable, the game will be played at 8 o'clock Saturday night. The contest will start at 2:30 in the afternoon if the weather looks unfavorable.

The Oilers manager is still in need of two pitchers. However, he was told that he would get two hurlers from Sherman before the season opener against Borger here next Friday.

Seitz received another jolt Thursday, when catcher Jerry Squires told him that he had to take a month's cruise with the Navy by the first of June. Squires is in the Naval Reserve and attends weekly meetings at Amarillo. The commander informed him at the last meeting that he would have to take the cruise.

The Oilers go to Borger for an exhibition date with the Gassers Sunday afternoon. For Saturday's game, Seitz will start right-hander Carroll "Red" Dial. He will pitch the first five innings, and the lefty George Washington Matthews will finish out the game.

Sunday it will be right-handers George Payte and Mack Hyde on the hill for the Oilers.

With the addition of third baseman Nelson Davis, the Oilers will have a different lineup for Saturday's tilt. Manager Seitz said Thursday he would shift second baseman Deck Woldt to centerfield.

Woldt has played the outer pastures before. He was an outfielder with Clovis in 1947. Francis Rice will take over Wadsworth's space in rightfield, and Hank Chatellier will remain in left.

It'll be Davis at third. At short Cuban combination of Luis Suarez and Gil Castillo. The veteran Virgil Richardson will be at first. He is the only returning infielder from last year's nine, with the exception of Woldt.

Bill Whitehorn will be behind the plate Saturday. Along with Whitehorn in the catching department are Squires, Don Roddy and Fred Lujan.

White Deer To Hold Track Meet Saturday Morning

Seven high schools entered teams in the pre-regional track meet at White Deer Saturday. The cinder carnival gets underway at 9:30 in the morning and will run straight through.

Fast time is expected in all the track events. Tracksters from White Deer, Phillips, Farwell, Morse, Turkey, Lazbuddie and Dumas are entered in the one-day show.

Mile champions Dale Imel of White Deer isn't expected to have much trouble winning his favorite event. He has captured seven straight victories in the mile run. He took the mile race at the Fort Worth Track and Field Meet several weeks ago. Imel hasn't had anyone to best him in the mile this year.

Strong competition will be furnished by White Deer, Dumas and Phillips with the Blackhawks having the inside track for the team championship.

Gold track shoes will be awarded to first place men, and ribbons will go to second and third place. Admission to the meet is free.

Pampa Finished Second 6 Times At District Meet

The Amarillo Sandies has carried off the District 1-AA track title every year since 1944, and they look like a shoo-in Saturday at Canyon, where the district schools collide in the annual track carnival.

Coach A. R. Nooncaster's thinclads haven't made a strong showing this year. They failed to score at the Fort Worth Track Meet earlier in the season, but they picked up four points at the Odessa track show.

The Pampa mentor wasn't too optimistic about the Harvesters' chances at Canyon Saturday. However, he was hopeful of his relay quartets picking up some points.

Sprinter Elmer Wilson, member of the relay team, is ready to run after pulling a leg muscle Wednesday.

The Harvesters have been shadowing the Sandies at the district meet for the past several years. In 1944, the Sandies copped the meet with 82 points. Pampa was second with 55.

Amarillo did it again in 1945, scoring 81 points to Pampa's 36. In 1946 was the same story. Amarillo 70, Pampa 49.

Things didn't change in 1947. Amarillo 59, Pampa 39. In 1948, with sprinter Red Maves and hurdler Darrell Davis, the Harvesters were edged by the Sandies, 57-1-2. Pampa 49-1-2. Amariello ran away with it again in 1949, 87 to Pampa's 35-1-2 points.

The Borger Bulldogs came in second in 1950, but the Harvesters dropped the sport that year. Amarillo scored 102 points in '50 to Borger's 29.

About all Borger, Plainview and the Harvesters can hope for Saturday is — who'll have the honor of finishing in second place.

The preliminaries get underway at 10 o'clock Saturday morning in all running events. Finals in all field events except the high jump start at 9:30. Finals start at 1 o'clock in the afternoon.

Pampa entries: 120-yard high hurdles — Reggie Mayo and Alvin Ward. 100-yard dash — De Wey Cudney, Elmer Wilson and Billy Davis.

440-yard dash — no entry. 200-yard low hurdles — Ward, John Young and Mayo. 400-yard relay — Wilson, Cudney, Harold Smith and Jimmy Hayes.

880-yard dash — Young, Winsell Nichols and Earl Brewer. 220-yard dash — Cudney, Hayes and Davis.

1-mile run — Howard Musgrave. Mile relay — Hayes, Davis, Harold Courson and Smith. Broad jump — Bobby Seitz, Wilson and Smith.

High jump — Don Burns, Musgrave and Richard Qualls. Shot put — Buddy Cockrell and Jerry Walker. Discus — Cudney.

By BERN KANTNER
Clovis News Journal

CLOVIS, N. M. — (Special) — Inexperienced and weak pitching, no outfield, good catching and an adequate infield. That's the description of the Clovis Pioneers less than 10 days before the 1951 West Texas-New Mexico League swings into action.

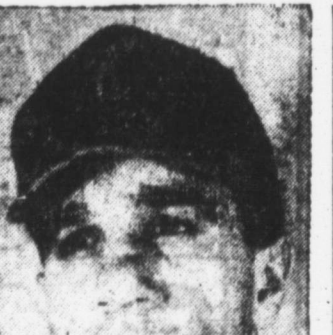

And unless more than a half dozen weak spots are strengthened, the Pioneers will find themselves uncomfortable reclining in the same slot they wound up the last campaign — seventh.

Manager Charlie Bushong, who was the fifth pilot in a parade of managers last year, finds himself facing a difficult task as he prepares to usher in his first full season as field boss. The experienced 111-lb second-sacker, who was obtained in a trade for slugger Bob Moniz last summer, is starting from scratch. Only five players, himself included, with the Pioneers at the finish of the 1950 chase are back.

And two are pitchers who were far from world-beaters in the pennant scramble which saw Clovis perched deep in the lower division for the fifth consecutive season. They are Lefty Eddie Garrett and Ernie Aiken, righthander, who between them won three games. Garrett took care of all three while losing 12. Aiken, then a rookie, joined the club about mid-season, won none and dropped five.

Catcher Frank Calo, Manager Bushong says utility man, and Robbins are the others who helped the Pioneers squeak past Abilene to take seventh place in the final week of the regular season. The rest of the squad, at this moment, consists mostly of inexperienced talent and graduates from Class D ranks.

The Pioneers, owned and operated by the Clovis Baseball Club formed by a group of 25 prominent businessmen here, have a working agreement with the Chicago Cubs — an affiliation which win-starved local fans

FRANK CALO

only Fred Edward Lee has reported. And he is out with an ankle injury presently. George Mendoza, leftfielder last year, has failed to come to terms. And James Grimes, veteran with Springfield, Mo., last season, still is in training with Des Moines of the Class A Western League.

Things got so bad as the Pioneers opened their exhibition schedule that Manager Bushong had to call on Business Manager Ray Bauer to don a uniform and play rightfield. Len Santi, second string catcher, played left and Bob Pennington, third baseman from the Class D St. Augustine, Fla. Club, patrolled center when the Pioneers played El Paso last Saturday.

Catching and the infield appears to be well taken care of. Frank Calo who came here in exchange for second baseman Jess Jacinto is looking better than ever. He'll give the Pioneers strength behind the plate.

For the inner works, the Pioneers shape up like this: Chuck Novoiny at first. He hit .356 with Clovis in 1948. He has been idle since then and is making a strong comeback bid. If his fielding holds up, he has the berth cinched.

Manager Bushong at second. The diminutive pilot has had all sorts of experience, ranging from Class C to Triple A.

Either Bruce Millan or Willard Ehrhardt at short. The former is assigned here from Janesville, Wis., of the Class D Wisconsin State League. Ehrhardt was the sparkplug of the Pioneers last year until he broke his hand in May and was lost to the club for nearly three months. He is working out with Des

Shamrock To Enter Team At Memphis

SHAMROCK — (Special) — Coach B. L. Hill takes his track crew to Memphis Saturday for the District 2-A field and track meet. Hill's charges will compete with other district schools, but toughest foes will be Memphis and Wellington.

Several weeks ago the Irish took part in a triangular meet against these two at Memphis and the Cyclone piled up 49 points in its home ground against 31 in Wellington. Skyrocket will add 29 for the Irish. Prospects are not considered extra bright.

Hill expects his crew to make a better showing in this season however, as they have since had experience at the White Deer and Panhandle invitational track and field meets.

Hill has been successful in particular in the dashes, relays and pole vaulting. Don Lee, 100 and 200-yard dash, has won a second, third or fourth in several meets. Vernon Tarbet has placed in the pole vaulting, while the relay team has also shown promise.

Last year Tarbet won the district pole vaulting match, but it is reported that Memphis is not now equipped for the event.

"I am going to enter three men in every event," declares Coach Hill, "even if I have to carry them to Memphis personally. Other teams come loaded with entries. That's one reason they can pile-up so many points."

Hill is also assistant football coach, junior high coach in football and basketball, in addition to his high school track duties.

The Memphis meet will close the track and field program for the Irish. They have no baseball program, and the spring grid drills, now in progress, will last throughout April. Hill will join the other three coaches — Clarence Morris, H. W. Callan, and Head Coach Scott McCall — in training gridlers after the Memphis battle.

Managers Sing Pitcher Blues

(By The Associated Press) — It's an old tune, but as long as there's baseball, major league managers will sing it. It's a short one and goes like this: "Give me another pitcher."

With the official opening of the majors only three days away, most managers were asking a long eleventh hour effort today to bolster their mound staffs — with the possible exception of the Boston Red Sox and the New York Giants, both Steve O'Neill, Sox skipper, and Leo Durocher of the Giants, can sit back and watch the scramble.

The Cleveland Indians? A good lipoff on what the Tribe thinks of its hurling depth can be found in yesterday's box score. Johnny Vander Meer pitched his 20th straight hitless 12 years ago? Vander Meer looked on with the Indians on a trial basis last week.

He got into one inning against the New York Giants at Winston-Salem, N.C. yesterday and was pounded for seven hits and five runs while the "Giants" were running up a 13-6 triumph.

When a roosting wild turkey is attacked by a horned owl, it will instinctively duck its head and flip its tail over its back. This often causes the owl to slip off, allowing the turkey time to dive to safety.

Indians Down Eagles, 7-4; Missions Tap Sports, 18-9

(By The Associated Press) — The Texas League, generally considered a pitchers' loop, may not live up to its reputation in its 56th season if games continue to go as they are now. Hitters definitely had their day in games played last night as three of the four contests featured free hitting and only two of the eight starting pitchers was able to finish their games.

Only Dallas let the fans down as home clubs won their home openers in three of the four tilts. Oklahoma City defeated Dallas 7-4 to spoil Lake night for Eagle fans. Fort Worth beat Tulsa 6-3; Houston edged Beaumont 4-3 in ten innings, and San Antonio exploded for ten runs in a big seventh inning to swamp Shreveport 18-4.

Glenn Mickens, a 21-year-old Oiler second year man, set the Tulsa Oilers down with five hits to pitch the Fort Worth Cats to their 6-3 win before an opening night crowd cut to 1,715 fans by 45-degree weather. The Cats won the game with a four-run blast in the third inning at the expense of starting pitcher Dave Jolly. The Oilers called in two relievers before the game ended.

The Dallas Eagles paraded four hurlers to the mound but could not find the stopper to the rampaging Indians. The Indians took a seven run lead before the Eagles could break the ice as 4,922 fans saw them held to only five hits by Oklahoma City pitching.

Clarence Beers, Roughneck pitcher and a former Buff, was only two outs away from a 1-4 shutout when Larry Higgins caught a fat one and lifted it over the left centerfield wall to send the game into an extra inning. Houston scored three runs in the last of the ninth, after Beaumont had counted two in their half of the frame, for the win.

The San Antonio Missions rallied for ten runs in the seventh inning to thrill 3,508 opening game fans and take an 18-9 victory over the Shreveport Sports in a wild and weird game. Ten pitchers worked in the game and 27 bases on balls were given up.

Tonight the clubs remain at the same sites. Houston entertains Beaumont; Oklahoma City is at Dallas; Shreveport at San Antonio and Tulsa at Fort Worth. Shreveport, 003 320 100-9 4 4; San Antonio, 000 000 10 15-18 11 1; Budny, Muffett, Auman, Bunch, Tremel, Willis and Benites; Albrecht, Freels, Eiscan, Tassin and Mancuso.

Beaumont 000 001 000 2-3 8 1; Houston 000 000 001 2-4 8 1; Beers, Bagwell and Tappe; Maziarz and Fueselman, Phillip.

Okl. City 000 030 100-7 11 1; Dallas 000 000 400-4 5 4; Paynick, Henson and Jones; Albers, Erickson, Clodfelter, Vahely and Aylward.

Tulsa 000 201 000 000-3 5 2; Fort Worth 014 100 002-6 9 2; Jolly, Muffett, Jacobs and Williams; Mickens and Sherry.

Port Arthur Checks Lakers Behind Doud's Relief Job

(By The Associated Press) — The Gulf Coast League, playing its first year in Class B, is proving a question mark to the fans. They can't decide if the games will be close, hard fought battles or wild runfests. And apparently the players can't either.

Pitchers had their day in the opening games Wednesday night but last night was a different matter. Some were not so close and one was a complete run away.

Port Arthur made it two in a row over Lake Charles behind the fine relief pitching of Earl Doud. Doud took over in the sixth after the Lakers had staged a three-run rally and shut them out the rest of the way.

Harlingen . . . 100 300 111-7 13 3; Brownsville . . . 002 021 000-5 9 4; Ramsey, Caldwell and Harshaney; Clay, Blanco and Faucett.

Laredo 000 232 870-22 15 3; Texas City . . . 000 010 300-4 10 3; Errante and Castro; Belakow, Salgado, Haney, Franks and Zavalta.

Galveston . . . 010 120 000-4 7 1; Corpus C. 100 120 001-5 11 4; Garcia, Meyers and Calvino; Mink and Trench.

Port Arthur . . . 200 002 210-7 9 2; Lake Charles 020 003 000-5 7 2; Sterling, Doud and Hummel; German and Chosen.

HOUSTON — (AP) — The University of Houston's tennis team lifted Rice Institute, 4-2, yesterday.

HOUSTON — (AP) — Tulsa University and the University of Houston split even in a golf match yesterday, each winning three events.

COLLEGE STATION — (AP) — The second triangular track and field meet of the season between Texas A&M, Texas and Rice is scheduled here tomorrow.

SPORTS MIRROR Today a Year Ago—New York Rangers beat Detroit, 3-1, to tie the final Stanley Hockey Cup Playoff series 3-1-1.

Five Years Ago—New York Giants purchased Minneapolis American Association Baseball club from Mike Kelley for undisclosed amount.

Ten Years Ago—Cornelius Warmerdam cleared 15 feet 2 5/8 inches for new pole vault record at Palo Alto, Calif.

20 Years Ago—Former heavyweight champion Jack Dempsey announced at Reno, Nev., he planned to sue Estelle Taylor for divorce "at her request."

Lady Golfers Get In Practice Licks

DALLAS — (AP) — Women professional golfers got in final practice licks today for the 36-hole opening round of the Weather-vane Golf Tournament.

The cross-country meet opens here tomorrow at Lakewood Country Club.

Heading the entry list is Babe Dirlikov Zaharias, defending champion.

The nuthatch builds its nest in the decayed trunks of trees, so that its young may eat the insects that flourish in this habitat.

Managers Sing Pitcher Blues

Managers will sing it. It's a short one and goes like this: "Give me another pitcher."

Managers will sing it. It's a short one and goes like this: "Give me another pitcher."

Jackson Twins

Panel 1: "THERE YOU SEE? IN SPITE OF GETTING UP AT FIVE, WE STILL HAVE ONLY ELEVEN MINUTES TO SPARE!"

Panel 2: "HEY, HALF THE TWINS ARE MISSING! IT'S JAN! I'LL GO LOOK FOR HER!"

Texas Draft Call In May Cancelled

AUSTIN — (AP) — The draft call for 3,112 Texans next month has been cancelled.

State Selective Service Headquarters announced the action yesterday following the national order delaying May inductions.

May pre-induction physical examinations for 6,807 men were cancelled by the state order.

Selective Service State Director

Paul L. Wakefield said the April induction call for 2,075 men from Texas will be filled. The current call originally was for 4,150 but was cut in half late last month by national order.

However, orders for induction and pre-induction physical examinations have already been sent out by Local Board 52 to more than 50 men.

By 9:15 a.m. today local draft officials still had received no word from the state director at Austin concerning changes of the May quota of men from Gray, Roberts, Donley and Wheeler Counties.

THIS SPECIALIZED CHILDREN'S ASPIRIN
IT'S YOUR CHILD'S NEEDS

Tablets are 1/4 of adult tablets which assures accurate dosage. No need to break them. Healthful orange flavor.

ST. JOSEPH'S ASPIRIN FOR CHILDREN

If you are ambitious, want a Nite Club business of your own, with a moderate cash investment, for the stock of merchandise and deposit on your lease, write to Address S-5 Care of Pampa News for an interview.

Carbon in combustion chambers of automobile engines is quickly removed by a blast of rice without taking off the cylinder head. The spark plug opening is used to reach the inside with a new device called a head-on carbon blaster.

Mrs. Harry Wilbur Named President Of Canadian P-TA

CANADIAN — (Special) — Mrs. Harry Wilbur Jr. was reelected this week to serve for the 1951-52 school year as president of the Canadian Parent-Teachers Assn.

Mrs. George Carver was reelected first vice-president; and Mrs. G. B. Mathers was named to succeed Mrs. Jimmy Forrest as second vice-president. Mrs. Ted Rogers was elected to succeed Mrs. Earl Blackmore as third vice-president.

Mrs. Clint Scott was named secretary to succeed Mrs. Leslie Webb; and Mrs. Lee George chosen treasurer, succeeding Mrs. Sam Wangen.

Election and installation of officers for the new school year was held at the PTA meeting Monday afternoon, in the high school auditorium.

Mrs. Harvey K. Parker gave devotional and a musical program was presented by students.

Patricia Wyatt played a piano solo, and a medley of vocal duets was presented by Barbara Kendall and Joanne Webb, accompanied at the piano by Jan Waters.

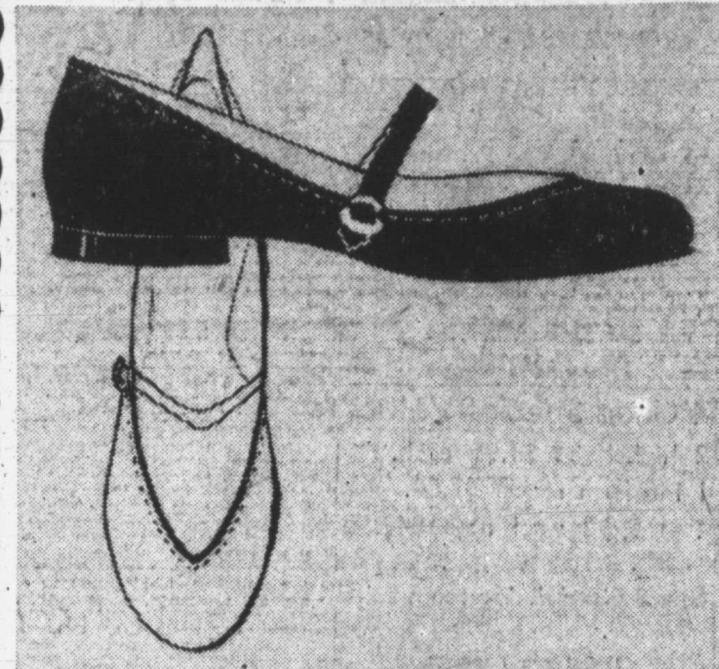

A declamation speech was given by Jan Waters.

Room awards for attendance were won by the seventh grade class.

SLEEPY WAKEFULNESS — Robins sing and mackerel swim while asleep, elephants sleep standing up, and ants, on awakening, yawn and stretch like human beings, according to a French naturalist.

PROBLEMATIC FUNDS — Disposing of surpluses of public funds once was such a problem that, in 1836, the U. S. government began lending the excesses to the states, and in that year \$25,000,000 was so distributed, according to the Encyclopedia Britannica.

(Continued from Page 8)

The National Council of Churches, "Would you kindly let us know if the C.I.O. publication mentioned above has quoted you correctly? We hope to learn that it hasn't. We are also praying that you divorce yourself from all official connection with the National Council of Churches which you have already favored with appointing one of its vice presidents, Dr. Arthur S. Fleming, as 'Man Power Czar' and this in spite of his close association with the most radical pro-Socialist element in the National Council, and his reported 'Socialist bias.' Frankly, we are alarmed and concerned, and all the more so when we read in the Chicago Tribune for February 24th, 1950 that 'Edward T. Cheyfitz, a former C.I.O. union official'—and 'a former Communist'—was instrumental in naming Michael V. DiSalle to head the price office and DiSalle in turn brought in Eric Johnston, Cheyfitz's boss in the Motion Picture Association, as head of the economic office. We can't help but wonder what goes on. We are frankly concerned for the future of our country.

"Thanking you, we are,
Yours sincerely,
W. O. H. Garman
Vice President"

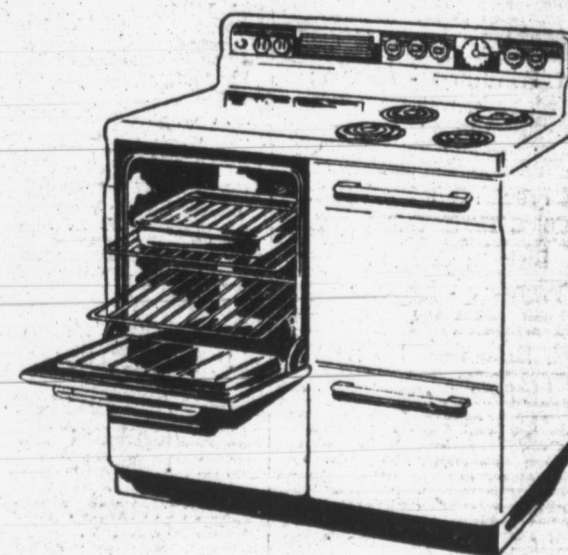

For Cooler Kitchens

ELECTRIC COOKING

There's a Make and Model for You

There are thirty different makes of electric ranges available in the Panhandle-Plains-Pecos Valley Area served by this company. Each make offers several different models. The choice is literally unlimited. Pick the one for you, now... before the heat of summer is upon you.

As you read this advertisement keep in mind that there are less than 60 days before June 21st, the first day of summer. The days are already showing signs of the summer heat to come. Think now of your kitchen. Will cooking be cool? Will it be a pleasure? Or, will excess heat from present cooking methods cook you instead of the food. Electric cooking is cool... there's no unwanted heat. All heat is transferred to utensils. Keep cool when cooking. Enjoy yourself and stay refreshed. Cook electrically.
