'OWL' BANGHART TRIES TO FLEE BUT IS CAUGHT

Escape Also Ends In His Wounding At Penitentiary

CHESTER, Ill., Oct. 12 (AP)—Crouched in the driver's seat and flanked by three prisoner companions, Basil "The Owl" Banghart, "cruelest" of the Factor kidnapers, sent a speeding commissary truck crashing through the gate of Southern Illinois penitentiary today in a short-lived escape that ended in his wounding and recapture.

SIDELIGHTS OF GRID GAME

The most riotous celebration seen here since the Harvesters defeated the Sandies in 1931 was staged by loyal supporters of the Harvesters after the game last night. They "played" the game over and over in cafe, drug stores, and on the street corners until long past midnight.

The most distinguished visitor at the game was Congressman Marvin Jones, who says that the whole Panhandle and not Amarillo is his home, although he maintains an office in Amarillo while not in Washington. The powerful chairman of the agricultural committee of the House of Representatives sat with Tom Rose right before the press box.

George May, staff writer of the Amarillo Globe-News estimated that 1,000 fans from Amarillo attended the game. The Sandie supporters yelled lustily for Capitol Hill. Many were silent when a mpa made touchdowns or gained ground, but their yelling was enthusiastic when Capitol Hill had the edge.

After the game, the high school students, including the pep squad and the football team, were hosted to the Capitol Hill gridsters at a dance at the high school gymnasium.

The Redskins were unable to stay in Pampa Thursday night due to lack of hotel accommodations, but were successful in obtaining rooms for the Schneider Friday night.

HARD-FOUGHT MURDER CASE GOES TO JURY

ALLEGED THREATS DETAIL BY DEFENSE WITNESSES

The murder case of R. W. McQuerry went into the hands of the jury a few minutes before last midnight. No verdict was expected last night.

Arguments in the trial of R. W. McQuerry, charged with the pistol slaying of E. W. (Dutch) Morse of Panhandle here last March 6, were under way last night in the hard-fought case.

Testimony was completed about 5:10 p. m. and the court determined that the case should be completed and in the hands of the jury by midnight if possible.

The defendant was on the stand much of the day. His direct examination chiefly concerned his family troubles, ending in the chance meeting with Morse, husband of Morse's defendant's former wife, at a small grocery store on Craven street, where McQuerry lived with the lessees of the building. Morse held a note for the store, stock and operation.

Bears Help Fred McGahey Win Grid Guess Dollar Bill

Fred McGahey, local high school student, won the second weekly Pampa Daily NEWS Grid Guess Contest and will receive the new \$1 bill awarded to the person selecting the most winners, with nearest scores, each week.

The winner was tied with Stokes Green, Harvester tackle, and Max Kirby of Kingsmill until the result of the Baylor-Arkansas game was received. McGahey not only was one of three persons entering the contest who selected Baylor to defeat Arkansas, but he guessed the actual score of the game.

The Grid Guess contest is proving popular among readers of The NEWS. More entries are being received each week by the Grid Guess Contest editor. Selections should be in the hands of the editor not later than noon Thursday. The schedule for this week appears on the sport page of this issue.

NOTE—Fans are urged to place their guesses as to scores in the space designated.

MINISTER TO ADDIS ABABA WON'T LEAVE

TO BE KEPT PRISONER BY SON-IN-LAW OF EMPEROR

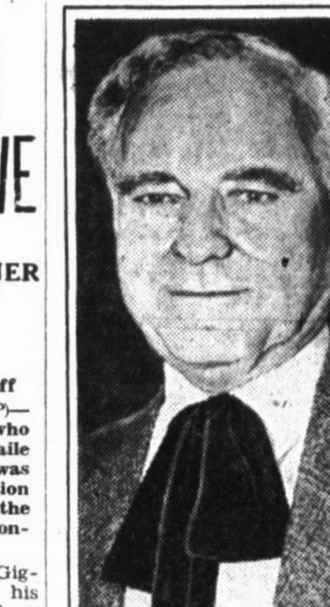

By JAMES A. MILLS Associated Press Foreign Staff ADDIS ABABA, Oct. 12. (AP)—Italy's minister to Ethiopia, who defied an order of Emperor Haile Selassie to leave the country, was taken tonight from the legation and conducted by troops to the home of Ras Desta Damtou, son-in-law of the emperor.

The minister, Luigi Vincci-Gigliucci, refused to receive even his colleagues at Damtou's house, where he enjoys every luxury.

His position was obscure tonight. Although Haile Selassie delivered an ultimatum demanding that the minister leave by 7 a. m. tomorrow, it appeared possible he might relent and allow Vincci-Gigliucci to stay.

Armed soldiers preceded and followed the diplomat when he was taken from the legation, where he was a virtual prisoner, to the home. Haile Selassie was plainly outraged by the minister's action. In a defiant letter to the Ethiopian government, the minister said: "I am staying of my own free will despite the insistence of the authorities that I leave, awaiting the arrival of the two members of the Magalo consulate. I also declare I submit freely to any measures the government may take against me."

BRIDE'S THROAT RIPPED; MAN'S WRISTS HACKED

WASHINGTON, Oct. 12 (AP)—Her throat ripped from ear to ear with a sharp pocket knife, a 21-year-old bride was found in a hotel room here today with a Culpeper, Va., undertaker, whose own ear and wrists were hacked.

The girl, Mrs. Willie Mae Wood, was married only three weeks ago to Herbert R. Wood, of Fairfax, Va., a state highway department employe. W. H. Reager, 50, the undertaker, was removed to a hospital and police said he would survive.

Police quoted Wood as saying that his wife had known the undertaker for many years. Although prostrated by news of his bride's death, Wood talked at length with authorities, giving what they described as "important information."

Anna O'Bannon, 17, Mrs. Wood's cousin, was found in an adjoining room in the hotel and is being held as a material witness. No formal charges were placed against Reager. The undertaker, who is married and has two daughters, was in a See BRIDE, Page 6

LEAGUE PLOTS TO HAMSTRING ROMAN HOSTS

DESIRE TO PERSONALLY PUNISH ITALY INFLAMES ENGLISH

(By The Associated Press.) The mailed fist of Mussolini reached out today (Sunday) to add glory-strewn Adwa formally to the Roman empire.

Thus will the 8,000 Italians massacred there in 1896 be avenged and thus will the first chapter of Mussolini's program of Italian expansion in Ethiopia be written.

But while the Italian soldiers in the Adwa sector made plans last night to welcome their general, Emilio de Bono, to Adwa today for the formal annexation ceremonies, the League of Nations perfected arrangements at Geneva, hampering still further the Roman war horse.

And in England there were martial rumbblings almost as ominous as the roar of guns in Africa. The words of England's young and vigorous diplomat at Geneva, Captain Anthony Eden, echoed in the British Isles: "What is needed is effective action—now!"

TEACHERS WILL BE ENTERTAINED ON OCTOBER 22

AUSTIN, Oct. 12 (AP)—Texas senators thrust aside a state monopoly proposal today but failed to push to final passage a house bill to regulate the liquor traffic through unbroken package sales by licensed dealers.

SENATORS ABANDONED AN ATTEMPT TO FORCE AN ATTEMPT TO FORCE IMMEDIATE PASSAGE WHEN MANY AMENDMENTS WERE PROPOSED AND RECESSED UNTIL MONDAY, 12 TO 12

A rule prohibiting passage of bills would become effective at Monday midnight, and the session will end Tuesday midnight. "It doesn't look so good," said Lieut.-Gov. Walter Woodruff, who earlier admonished senators' failure to pass the bill before the week-end recess would jeopardize chances for enactment this session.

Salary Bill Killed

The senate's delay on it virtually killed chances for passage of a general salary bill for district and county officers removed from a fee basis. Governor Alfred has ranked the liquor and salary bills in the top three "must" subjects, along with the chain store tax.

Defeat of the monopoly plan, 16 to 10, returned the senate to debate on the Bradley house substitute which incorporated the principle of the senate's definition of an "open saloon," prohibiting sale by the drink and consumption on the premises.

Senators Will M. Martin of Hillsboro and Grady Woodruff of Decatur proposed the monopoly plan, advancing in its favor similar arguments as did house advocates in their unsuccessful attempt to substitute it for the private license system.

The liquor bill was changed in numerous sections, although a dry block turned down, 15 to 10, an amendment by Senator Albert Stone of Brenham and other wet leaders to prohibit possession, sale or transportation "for any purposes" of liquor in dry areas.

Bone Dry Law

Possession or transportation for the purpose of sale would be prohibited by the house bill. Stone contended the change was necessary "to make dry areas bone dry," while opponents charged it was "punitive, retaliatory and violative of the principle" of Anti-Prohibitionists. Another amendment by Stone was See GOVERNOR, Page 6

SHADOWS OF THE NEWS

GLIMPSES OF PASSING AND COMING EVENTS

These coming events cast their shadows:

Thursday—Board members of seventh district Federation of Music clubs will have a dinner at the Schneider hotel.

After a thrilling gridiron climax Friday night, in which the Oklahoma City Redskins were repulsed by an 18 to 0 score in truly sensational fashion, Pampans have an emotional rest for a period but face a not inconsiderable task in entertaining a rather large contingent.

The Harvesters will rest, competitively through an open date this week, but actually will be training hard for the first conference game with Lubbock at the Eub City October 26. Lubbock's Westerners defeated Snyder 75 to nothing Friday to continue their menacing improvement. If there is any local football this week, it will be scheduled by the Gorillas and Junior high elevens.

Intensive work was done on the Pampa-Borger road application.

George Briggs, B. C. D. director, and Gilmore N. Nunn, director, joined Hutchinson and Carson county representatives in making a strong plea for hard-surfacing of the road, speaking to the State Highway commission at Dallas. From Dallas, Mr. and Mrs. Briggs drove to Oklahoma City, where Mr. Briggs participated in a program before the Oklahoma City chamber of commerce, which has shown much interest in the project.

Financial sanctions—firm boycotts to stifle Mussolini's credit—are the next measures the league is preparing to slap against Italy in the determination to punish her for the "aggression" of which she has been found guilty by the league.

Money Boycott Ordered

With news of a devastating Italian bombing expedition in south-eastern Ethiopia freshly before them, a financial sub-committee of the league recommended that all loans and bank credits be refused Italy by league members.

"We cannot delay," Capt. Eden said the 50 league members; but a sanctions committee of 17 adjourned until Monday without acting definitely upon an economic boycott which Eden and others have urged.

The problems involved in economic boycotts, the committee found, are "exceedingly complicated" and require more time for study. The action against Italy's pocket-book, however, is expected to be made binding as swiftly as the league machinery can make it so. Italy spoke bitter resentment against the league's action of placing an arms embargo against her and lifting the embargo which had operated against Ethiopia.

"What Hinders The Church?"

"He did run well, who did hinder you that you should not obey the truth? (Gal. 5:7) It is not my purpose in these few remarks to discuss the question of apostasy or can anyone be hindered in running the Christian race. I am sure that we all believe that we can be hindered, because there are three revival meetings now in progress in Pampa. If there were no hinder-causes in the way of the church, why have these meetings? And, also many of us have demonstrated the fact that we believe there are hindering causes by our own lives.

Many of us, like the old lady whose young preacher asked her the question: "Do you fully appreciate the doctrine of falling from grace?" And she replied: "I not only appreciate it, but I practice it, too!"

The very fact that God's people can be hindered is denoted in all the lives of the great men of the Bible, and with many scriptural admonitions. Why should God tell us to take heed if there was no danger?

All the things that hinder the church to-day may be classified under two heads. First, internal, and second, external. What I mean by internal, are those things which arise in the church. Such things as discord, bickering, strife, hatred, and indifference. Satan in the church can do a thousand-fold greater harm to it than he could by working from the outside. Jesus says, "Beware of them that come unto you in sheep's clothing, for inwardly they are raving wolves."

What I mean by external are those things from the outside to hinder the church.

Such things as the opposition of the infidels, Catholicism, Secularism, etc. But the greatest battle we have to fight is those things that come from within and not from without.

Many are the hindering causes in the world today. We are going to only mention a few of the outstanding ones.

Many think that the greatest draw-back to the church today is an unscriptural eldership, but I think that the eldership is just as scriptural as a rule as the preaching. Locally, one of the greatest hindering causes to the church of Christ today is a disrespect for the eldership. Paul said for us to submit ourselves to the elders, or obey them, for they watch for our souls.

Another thing that hinders us locally is unprepared preachers and teachers. After a preacher has preached a few years and is given a place in local work, or as some say, "become the pastor," because the eldership will not submit to his rule, he will cry "unscriptural eldership."

God has ordained that through preaching and teaching men should be saved. (I Cor. 1:21). Since this is true the things we do as preachers and teachers that are prepared and that also lives it daily. Our lives are books open and read by all men. Paul admonished Timothy to study (II Tim. 2:15).

One of the external draw-backs to the church is prejudice. Prejudice means pre-judge, or to judge before you have received all evidence. You meet men every day who can tell you just what the church stands for, what the members of the church believe, who have never read a dozen chapters in the New Testament, and who have never heard a preacher preach one sermon. This is the source of all error among the world as to our position.

I have also seen those in the church just as prejudiced toward the work of the church as those who are on the outside.

Another hindrance to the church is a lack of knowledge. God said, "My people are destroyed for a lack of knowledge." In order to be a Christian one must understand. Jesus said, "These peoples eyes have been closed, their ears have been stopped, lest they see with their eyes, and hear with their ears, and understand with their hearts, and I should hear them." Here Jesus makes conversion depend upon understanding. Bible preacher of old asked, "understandest thou, what thou readest?" And his answer was, "How can I understand unless some man guide me." One must understand his duty and that duty is learned only by Bible study. I mean by Bible study a knowledge of all the Bible properly divided and not just a few petted texts.

The greatest hindering cause in this world today division among those who profess to be children of God. Divisions are condemned in the Bible in no uncertain terms and are classed with carnality (I Cor. 3:3). It is not my purpose to prove that divisions are sinful, but to simply point out that they are hindering the church. Can we, as the church, prosper when we are divided? There must be unity in order for the church to grow and to show that Jesus is with us. If all the members of the church are not going to church continually and working in unity, the membership is divided, and that is not Christ's will. He prayed for unity among the disciples in the gospel age. Then those of us that are not in Bible study and church, let's not divide the body of Christ this way. If those in Pampa who professed to be Christians were alone in Christ, as we should be, perfectly joined together in the same mind and the same judgment, what great and wonderful things could the church accomplish! Won't you begin today and do your part?

The statement "United we stand, divided we fall," is just as true as if it had been thundered from Sinai or spoken by Christ on the shores of Lake Galilee. David said, "Behold, how good and how pleasant it is for brethren to dwell in unity."

Let me suggest just here that we do not differ over what is in the Bible, but over things outside of the Bible. So let's be careful. Jesus said, "Heaven and earth shall pass away but my words shall not pass away."

Another hindrance to the church is the ungodly members in the church. Many professed Christians do not live a life different from those outside of the church. They gamble, they drink, they curse, they go fishing on Sunday and all such things. These things ought not to be. The world has the wrong conception of the church, and the wrong conception of the teaching of the New Testament. How did they get these wrong conceptions? Not by attending church, for they never go; not by reading the Bible, they never read it, but they got these wrong conceptions by looking at the lives of those who profess to be members of the church.

My brother and sister, do you let the world see Jesus Christ thru your life? A failure upon your part to let the world see Jesus thru you hinders greatly the cause of Christ. If you are one of that many who are not attending church and living as you should, and thereby proving to your neighbor that there is something in being a Christian, won't you start out today making amends for your life. We, the church, are anxious to help you and we need you to help us eliminate these hindering causes of the church.

Will you come today and be reunited to the church, confess your wrongs and short coming and art out looking the world in the face and living a life in which Jesus would like to dwell? We are hoping to see you present today.

To those who are Christians and have never placed your membership, may I say: Are you ashamed for the world to know you are a Christian, and that you are ashamed of the church He died for. No, I don't believe that to be so. I believe it is only negligence on your part. If you are here in Pampa and have never been identified with the church here, won't you decide to do that today? We need you and you need us. The Church of Christ is located 501 N. Somerville. Classes for everyone in Bible Study. Don't forget all the regular announcements and we are expecting you today to be present.—PAUL A. THOMPSON, Minister, Central Church of Christ.—adv.

Texas Tech Will Have Decennial Fete Nov. 9-11

LUBBOCK, Oct. 12.—Governor James V. Alfred has accepted an invitation to attend the Texas Technological college Decennial celebration on the campus November 9, 10, and 11. The governors of New Mexico, Oklahoma, and Arizona have also been invited, and bids will go out soon to the presidents of all Texas colleges and universities.

The program to commemorate the tenth birthday of this baby of Texas schools, which, since its opening in 1925, has grown to be one of the largest colleges in the southwest, will begin Saturday morning, Oct. 9, with a Tech open house. Students will act as guides to show visitors over the campus and thru the buildings, where classes will be in session.

The Tech freshman football team, the Picadors, will battle Amarillo Junior college on Matador field that afternoon. A parade of floats entered by campus social and professional clubs will take place after the game. First prize for the best float will be possession for one year of the silver victory trophy given by the student council and won last year by the engineering society. A dance in the gymnasium that night at 9 o'clock will close the first day.

Scanning New Books

It's pretty difficult for a book on Russian atrocities to awaken American interests now. There have been dozens of them, the atrocities have been enumerated so often their effect is dulled—and so many of the books have been spite work or written to order, or something similar.

No one could be sure about the late George Kitchin's "Prisoner of the Oppu," but this much is definite: the book reads like the horrible truth. Mr. Kitchin was not a practiced writer but a business man. His material is set down roughly as it passed before his eyes. There is none of that too familiar choice of incident to prove a point, that logical succession of events leading toward a predetermined destination.

So that his story of Russia's penal labor camps is convincing. It is a ghastly story; Kitchin apparently was held prisoner by the Oppu because he refused to act as its spy among the Finns in Russia. He was sent to the far north, beaten and frozen and cuffed. He was at last given somewhat preferred treatment because of his business ability, but all about him men were beaten to death, stood in sub-zero weather in their underclothing for hours after being drenched with water, subjected to the most sadistic torture.

According to Kitchin, who died last June in England, this was going on as late as this year. The presumption is that it still is. The story is not particularly pleasant, but it has the terrible fascination of old records of medieval torture.

Thumbnail Reviews

"The Valley," by Nathan Asch (Macmillan): a record of the curious "types" living along a backwoods Connecticut road, as portraits very effective, although the book points nowhere in particular.

"Europa," by Robert Briffault (Scribners): the social record of 30 years before the World War in novel form; a multitude of characters and places and a good deal of social philosophy included.

"The Best Short Stories, 1935," by Edward J. O'Brien (Houghton Mifflin): the annual collection, prefaced by some wise comment on the present-unfortunate tendency toward judging a writer by his political complexion.

Butte, Mont.

"The War of the Copper Kings," by C. B. Glasscock (Bobbs-Merrill): a factually interesting report of the great Clark-Daly-Heinze copper battle at Butte Mont.; the net result of reading the book is to increase one's respect for Senator Clark.

"The Sunk of the Walking Clown," by Harry Stephen Keeler (Dutton): Keeler is a master of interlocking plots and mounting performance; this is a typical performance and a diverting mystery.

"The Soviet Theatre," by P. A. Markov (Putnam): a valuable little book to anyone interested in the Soviet cultural experiments; one of a new set of short works on Russia today.

"The Scandal of Sophie Daves," by Marjorie Bowen (Appleton-Century): how a woman from the gutter became responsible for the gruesome death of the Prince de Bourbon Conde, and achieved the protection of Louis Philippe, guardian of the bourgeois virtues in France for two decades.

"The History of Western Civilization," by Harry Elmer Barnes (Harcourt, Brace).

The encyclopedia urge is still yeasty in the human brain, it appears. Harry Barnes is the latest to succumb to it; he is presenting the history of western civilization in two volumes of approximately 2,000 pages total. Will Durant, if he will be remembered, has begun telling the story of mankind in five volumes.

Dr. Barnes' "The History of Western Civilization" is distinctly in the modern historical tradition. His framework is approximately that of all historians in that it comprises the fact of knowledge we have of the past. But the frame is thickly covered with what would be called "color" in a novel. We are not only told that torture was useful to both lay and ecclesiastical "justice" in medieval times; we are told in detail of the torture, and shown how it relates to the older forms of trial, and how it leads logically down to

Clipper Flying 6,500-Mile Hop

WAKE ISLAND, (Via Pan American Airways Radio), Oct. 13 (Sunday) (AP)—Pan American Airways' pioneering Clipper plane neared the Orient today as it skimmed high over the Pacific toward Guam, goal of its 6,500-mile flight from Alameda, Calif.

The big flying boat—which will be the first aircraft ever to reach the island outpost of the Orient from the east—soared away from the lagoon of this atoll station at 6:29 a. m. today (12:59 p. m., Central Standard Time, Saturday).

Pan American officials said the four-motored seaplane should cover the 1,500 miles from Wake to Guam in 42 hours.

Airways' officials said the performance of the Clipper plane indicated passengers of the future will be whisked from Alameda to Guam in about 60 hours elapsed time.

Inauguration of the world's first trans-oceanic mail service over the course being pioneered by the Clipper awaits only the "go" approval of the postoffice department, Pan American officials said.

OPERATORS INTERESTED IN PROBABLE NEW POOL NEAR PAMPA

PHILLIPS IS LAYING LINE TO TWO TESTS

TAYLOR COMPANY HAS 40 SECTIONS OF LAND LEASED

Gray county may have another oil pool.

If the belief of the W. H. Taylor Oil company and the Phillips Petroleum company that a new pool is about to be discovered south of Pampa materializes, Gray county will continue to be the center of oil interest in West Texas.

So optimistic are officials of the W. H. Taylor Oil company that oil and gas will be found far south of the granite ridge that it has 40 sections of land pooled in a drilling campaign. The Phillips Petroleum company is spending between \$75,000 and \$100,000 laying a pipeline to two tests already in the gas, and to another ready to be drilled in.

The spot being watched so closely by the oil world is located 15 miles south of Pampa and extends to a point 9 miles south and 2 miles west of LeFors in the heart of the big Taylor and Furnaux ranches.

Another point of interest, closer to Pampa, is where the Salsbury Oil company is drilling a test in section 126, block B-2, on the Hayden lease. The rig has been built and spudding in will take place immediately. The location is 2 1/2 miles southeast of the old Bayshore well which was brought in for such an amount of gas that it could not be controlled and had to be abandoned. It is also two miles southwest of production at the west edge of the Bowers-Davidson pool.

The same company has spudded in and started drilling another test in section 178, block B-2, on the McKnight land. It is located two miles north of where tests were made on the Clay land two years ago.

First interest south of the granite ridge was in December of last year when the Texas company brought in its No. 1c Taylor in section 92, block B-2, for an estimated potential of 450 barrels. The test was later completed for 204 barrels. The same company then drilled No. 2C Taylor in section 53, block B-2, and completed it for a gasser, making about 5,000,000 cubic feet.

Clayton and Dwyer then located south in section 51, block B-2, and brought in during April a gas well making 9,900,000 cubic feet of gas.

Clayton and Dwyer then joined with the W. H. Taylor interests and the W. H. Taylor Oil company was organized for the purpose of testing pay in the vast Taylor ranch.

The W. H. Taylor Oil company then made a location for its No. 1c Furnaux in the southwest corner of the southeast quarter, of section 101, block B-2. The hole was drilled into a dolomite formation where it was completed for 2,000,000 cubic feet of gas and 20 barrels of oil. A shot of 250 quarts was placed from 2,933 to 2,950 feet. The hole was bottomed at 2,975 feet.

With the completion of the two tests, the Phillips Petroleum company started construction of 8 miles of pipeline to the area. A main line of 8-inch is being laid for five miles with three miles of cut-off. The Texas company well was connected to the line on Monday with the Taylor well scheduled to be connected at once.

The companies are unable to get oil connections. However, oil from the Taylor well is being used on roads through the ranch. Impassable roads are now easily negotiable because of the oil.

Following the finding of pay in the first test, the Bell Oil and Gas company secured acreage and drilled a well in the southeast corner of section 110, block B-2. It was drilled to the pay, but because of inability to get oil connections, was shut in.

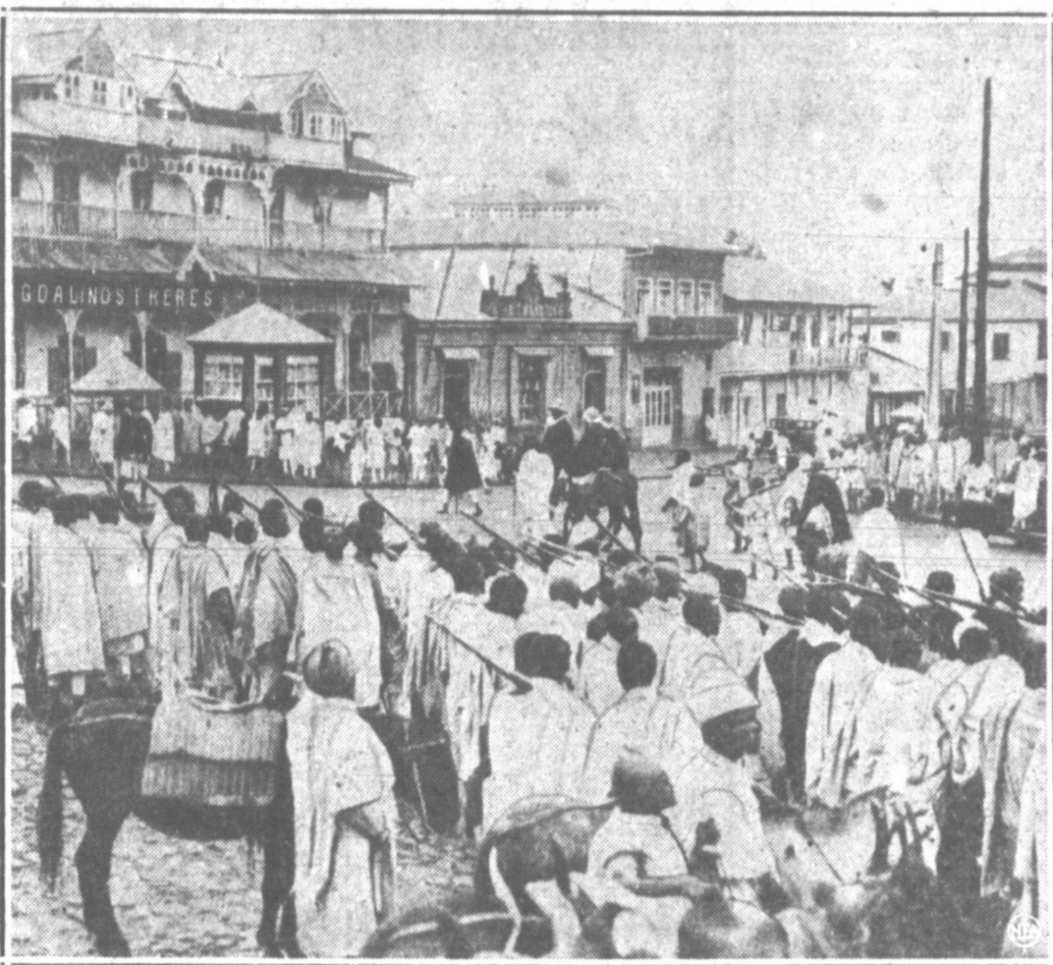

The F. D. Jones Drilling company's test in the southeast corner of the southwest quarter of section 110, block B-2, was next started. The boilers are being moved back after 6,000,000 feet of gas was encountered at 2850 feet. Drilling ahead will be resumed immediately.

Three-quarters of a mile southwest of the Taylor No. 1 test on the Furnaux, the Taylor Oil company made a location for its No. 2 Taylor in the center of the northwest quarter of section 79, block B-2. Pipe is being set at 2,750 feet. The line was topped at 2,340 feet. Officials of the company believe the test will be better than the No. 1.

Determined to find out the extent of pay in the area, a location for the W. H. Taylor No. 3 Taylor has been made in the northeast corner of section 42, block B-2. It is located 4 1/2 miles east of the Taylor No. 2 test. The test was spudded in Thursday.

Geologists believe the company's No. 3 test the most promising of

OIL MEN WILL ATTEND API IN DALLAS NOV. 4

PRINCIPAL SPEAKER TO BE GOVERNOR MARLAND

Oil men from every oil producing state in America will attend the sixth annual convention of the Independent Petroleum Association of America which convenes in Dallas, November 4 and 5. Members of the association include independent producers, marketers, refiners, drilling contractors and royalty owners.

Principal speaker will be Gov. E. W. Marland of Oklahoma, who is also chairman of the Interstate Oil Compact commission.

E. L. Smith, Mexico, chairman of the general committee of the convention, said that "in many ways the convention would be the most important in the history of the Independent Petroleum association," and urged "that every independent attend."

"Subjects such as federal control, technical developments, marketing possibilities and taxation," Chairman Smith continued, "would engage the attention of the convention."

Other problems that will come up for discussion are: Limitation of imports, federal allocation of quotas for movement, limitation of withdrawals from storage and the creation of a federal agency to administer the law. Such proposals, the chairman said, were outlined and approved by the association's convention in Fort Worth last December but congress adjourned without acting on these matters.

"Policies that underlie the activi-

ties of the I. P. A. of A. and the program that it will follow will be determined at Dallas," Mr. Smith explained. "And every independent is therefore vitally concerned and should attend the convention for his place in the future of the industry."

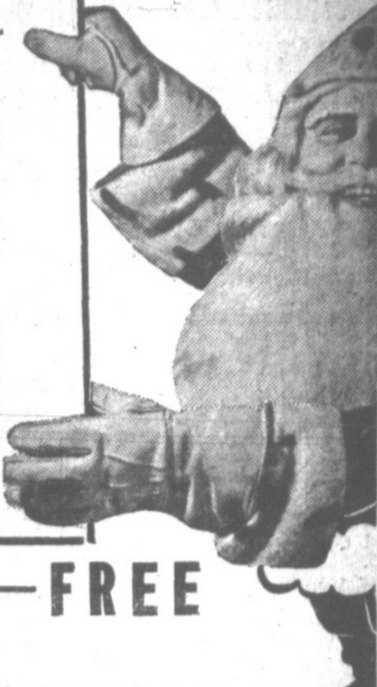

is at stake the same as that of all of us." The two-day convention will include reports by the various executive officers of the association, by the various committees and addresses by some of the outstanding

independent oil men of America. Ralph B. Lloyd, chairman of the California Emergency committee, will discuss "The California Situation," which is of vital concern to the entire oil industry.

BOYS WILL REORGANIZE NEW SCOUT TROOP THURSDAY NIGHT

Members of Boy Scout troop No. 80, and boys who have been asked to join Troop No. 17 which has been inactive for more than a year will meet next Thursday night at 7 o'clock in the basement of the First Methodist church for the first meeting under a new scoutmaster.

Troop 80 has been inactive for several months. All members of that troop which has 18 Scouts enrolled, are requested to be present. In addition, boys who were asked by Archer Fullingim, the new scoutmaster of troop 80 to join troop 17 when plans for reorganization of the latter troop were being considered, are also urged to be present. Plans for reorganization of 17 were dropped by Mr. Fullingim when he was appointed scoutmaster of troop 80.

Twelve-year boys not members of a troop, who desire to join the Boy Scouts are requested to see Mr. Fullingim, Everett Westbrook, formerly scoutmaster of troop 80 recently resigned.

RESETTLEMENT

DALLAS, Oct. 12. (AP) — The new loan program of the resettlement administration was put into effect this week in the Rio Grande Valley, V. R. Smith, director of resettlement in Texas, announced today. It will be in operation throughout the state before the end of October, he added.

REFINANCING JOB

WASHINGTON, Oct. 12. (AP) — Treasury officials raced toward completion of an \$8,000,000 refinancing job tonight, expressing gratification that another such undertaking will not be necessary for more than four years.

Mrs. Roy Kretzmeier is convalescing in Worley hospital following a major operation.

Hugh Johnson Will Speak on Homecoming Day

CANYON, Oct. 12.—General Hugh S. Johnson, former ring master of the N. R. A. and now former critic of the Roosevelt administration, will be the head line attraction for the annual Home Coming at the West Texas State Teachers College Nov. 2. The college was able to secure General Johnson for this occasion only because he happened to be on a vacation trip early in November. He will make only three speeches in the west.

The college is inviting all of Northwest Texas to join them in their celebration, and tickets to the Johnson lecture at 10:30 will include a barbecue dinner to be served at noon.

Preceding the Johnson lecture there will be a massed band concert with high school and college bands of Northwest Texas participating under the direction of C. E. Strain.

The afternoon attraction will be a football game between the St. Benedict Ravens and the West Texas Buffaloes. The evening will be given over to receptions, parties and an ex-student dance in charge of the Pi Omegas and Epsilon Betas.

VISITORS MAKE TWELVE DOWNS TO FIVE FOR LOCALS

Gloriously, before a crowd of more than 5,000 persons, the Pampa Harvesters met the demands of a trying occasion and vanquished the Capitol Hill Redskins of Oklahoma City, 18 to 0.

In the throng were about 600—probably more—Amarillo fans who came by a special train and car to see how the 1935 Harvesters compared with the team that last week defeated Capitol Hill 27-18 at Amarillo. The Sandies yesterday nosed out Pashall at Fort Worth, 14-13. So, it may be noted, the Potter county folk can have their usual quota of worry before they follow the Golden Sandstrom here for the Thanksgiving game.

Sooners Dangerous

Actually, the visitors did about everything but score, and were threatening every time they took off around ends or passed. Their sky casts, however, were turned into two touchdowns by the alert and speedy Harvester back. Most thrilling of many great plays was Fullback Chubby Stewart's 90-yard foot race after he stopped a Redskin scoring threat by snatching a forward pass and literally outrunning a quartet of speedy punters.

This was in the third quarter. A few minutes later, Drake intercepted a Capitol Hill pass and raced 35 yards to the Redskin 2-yard line, from where Brown bucked it over. Brown had scored in the second quarter in a short plunge after the Pampans had gained 33 yards in crushing scrimmage.

Goal Unscored

Equally thrilling was the great defense exhibited whenever the Pampa goal was threatened. Pampa goals have not been pierced this season.

Capitol Hill found a Harvester weakness in delayed bucks and used several to advantage before the Green and Gold defense tightened. Then sweeping end runs, with Baker falling in behind five-man interference, kept the Redskins in considerable trouble. Flat zone passes next had to be worried about as the Redskins varied their attack.

Defense Recovers

On every occasion, the Harvester defense recovered itself before damage could be inflicted. The line particularly showed to advantage in diagnosing plays, getting Redskin ball carriers for 41 yards in losses behind their line of scrimmage.

The Harvesters gave visiting coaches little information regarding their varied offense. Only four plays were used during the game, and after the lead had been established in the third quarter the Harvesters were content to play defensive football, not making a single first down in the last half.

Capitol Hill collected 12 first downs to 5 for the Harvesters, but that record of statistics means nothing. Four of the first downs were handed Capitol Hill by Harvester coaches who substituted often late in the game. Two other first downs were made through penalties, of which the Harvesters were victims, especially whenever near play.

Losses Considerable

The Redskins outgained the Harvesters rushing, but the losses were also on the side of the visitors. Passing also went to the Redskins who heaved 20 passes, completing five for 70 yards and having three intercepted, two resulting in touchdowns. Pampa tried only six passes, completing one for 21 yards and having one intercepted.

The first quarter was one of straight, hard football, with the Harvesters having the advantage in yardage and downs. The Oklahoma men were thrust back under the shadow of their own goal line from where Brown went across in the second quarter.

Capitol Hill took the ball to the Harvester goal line in the half when a great stand prevented scoring before the whistle.

Taking advantage of the breaks in the third quarter, the Harvesters allowed the visitors to run up yardage in midfield and then suddenly gave a great stand preventing scoring before the whistle.

A few minutes later, Drake took one out of a Redskin receiver's hands and went near the goal line from which point Brown made another sparking thrust for a touchdown.

No-Extra Points

The Harvesters failed in all three attempts to kick the extra point, which will be remedied before the next game when points after scores may count vitally.

The entire Harvester team played outstanding ball. There were more coordinators than ever before. The line charged hard and even and defensively showed up in fine style. Blocking and interference clicked more smoothly.

There were no outstanding players, but a developing line of steady ends. The work of Stokes Green and Hartman at the tackle positions stood out. Green was especially effective on the defense, while Hartman's strong points was in opening holes. Moore and Burke Green gave their best exhibition of the year at guard. Noland's play was particularly effective. Sparlin, playing his second game at center, was a power in backing up the line. Nohitt, despite a broken bone in his left hand, got in the game in

Junior Seconds Swamp Midgets

Junior high's second string team swamped a team of LeFors midgets 20 to yesterday afternoon at Shaw field, LeFors. The bigger Pampa boys ran roughshod over the coming Pirates. Oswald Jones accounting for two touchdowns and Robinson and Hubert one each. Extra points were made on plunges.

The team was accompanied to LeFors by Tom Herod, Junior high coach. Bill Bronson, coach of the LeFors Pirates, is bringing on his juniors for future service with the Pirates.

The Pampa starting lineup: Rumble, left; Miller, left; Lewis, left; Isbell, center; Barrett, right; Hughes, right; Weatherford, right; Jones, qb; Robinson, lb; Hickman, rb; Hubert, rb. Substitutes—Perkins, Bailey, Smithers, Dunaway, Dull.

Skeet Club To Be Reorganized

Pampa's skeet range, installed by the Pampa Hardware and Implement company and managed by Olan Barnary, has been sold and a skeet club will be organized by a group of enthusiasts. The local club will affiliate with the Southwest Skeet association, which is planning an active year in 1936.

The first shoot under the new owners will be held at 2 o'clock this afternoon. The range is located a half mile east of the city limits on Highway 60.

Persons interested in joining the club may get in touch with Mr. Barnard, Tom Perkins, Roy Wismelmer or M. N. Chastain. Club members will be able to shoot at less expense than on the open range.

GORILLAS ARE STILL WITHOUT SCORING PUNCH

ALANREED CLUB TAKES THEIR MEASURE 6 TO 0

Without a scoring punch, the Pampa Gorillas fell 6 to 0, before the Alanreed Longhorns Friday afternoon in Alanreed. Four times during the game did the Gorillas get inside the Longhorn 20-yard line, but they were unable to go on to the goal line, once losing the ball on the 8-inch line.

Gilliam, one of the most promising players uncovered this season, romped 35 yards on a cut-back to score the Longhorn touchdown. The point after touchdown was not allowed when officials ruled that the player holding the pass, and who faked a punt, and faked, had his knee on the ground when he took the ball from center.

The Gorillas took the long end of the first downs, making 10 to 4 for Alanreed. The Pampans also had a wide advantage on yardage.

In the first quarter the Gorillas took the ball to the Alanreed 6-inch yard line before losing it on downs. The march was 89 yards 6 inches. The next quarter saw the Gorillas go from their 30-yard line to the 5-yard stripe before losing the ball.

Gilliam's romp across the goal line followed a long completed pass. The Longhorns were effectively stopped by the Gorilla defense excepting for a few passes and sweeps.

Alanreed has its first football team and the youngsters are taking to the game like veterans. The Longhorns meet their toughest conference foe of the week on Friday afternoon when they go to Lakeview.

The Gorillas do not have a game scheduled for this week. Coaches Dick Demard and Bill Anderson are looking for competition, however. Practice sessions this week will largely feature development of a scoring punch. The boys showed marked improvement Friday over previous plays.

(6) No employee of the Pampa Daily News is eligible to participate in this contest.

Belmont Race

NEW YORK, Oct. 12 (AP)—He carried the label of a quitter as he went to the post today, but a few minutes later when 18 of the country's ranking two-year olds dashed down the widener chute, it was Tintagel in front, carrying the silks of Marshall Field to victory in the 46th running of the futurity at Belmont park.

The bay son of Sir Gallahad III had won five of his eight previous starts largely because of his early speed but when the real tests confronted him he had folded up in the stretch. Today, however, with a crowd of 30,000, he refused to quit and coupling the new found stamina with his famous speed, finished the six and one-half furlongs length in front of Hal Price Headley's Hollywood to earn \$67,620—the winner's share of the turf's second richest prize amounting to \$84,420.

With Silvio Coucel in the saddle, Tintagel, yet to meet defeat on the wider course, shot out of the pack in the first furlong and with the little Bronx veteran speaking words of encouragement in his ears staved off the closing challenge of his rivals. Hollywood, a 20 to 1 shot, just managed to take the place by a head from Walter M. Jeffords' fleet Jean Bar, seeking to duplicate the 1919 performance of his famous sire, Man O' War.

There were those in the crowd who packed the Westchester racing association plant, for the final day of the meeting, that had faith in the field colt with the result he was quoted at 7 to 1 in a wide open betting race. The victory boosted his total earnings for the year to \$76,270 and to the top of the money his previous race, was held at 8 to 1.

The disappointments of the race were Elmer Dale Shaffer's Coldestream and C. V. Whitney's Red Rain.

The wheately stable's Spark, coupled with his stablemate, Teufel, and William Woodward's Granville as the third choice at 18 to 5, made the best showing of the highly regarded colts. PONIES STAGE AERIAL SHOW TO WIN 35-6

Washington University is soundly beaten by SMU in Scoring Avalanche.

ST. LOUIS, Oct. 12 (AP)—Southern Methodist university's Mustangs, showing the bombing attack that has placed them among the southland's greatest aerial troupes, smothered Washington university today, 35 to 6, before more than 10,000 persons.

Powered by two smooth running and passing backs, Bobby Wilson and Capt. Harry Shuford, the Texans rolled up a 29-6 half time lead ending them to coast through the third period.

Then, in the final period, the southerners sent the Missouri valley eleven into a tail spin, opening up another passing attack that led to another touchdown.

Wilson counted twice; Shuford, Ray Ackers and Herb Gunes each. Maurice Or U.S. M. U.'s splendid place-kicker, booted a goal from the field and two extra points after touchdowns.

One of the Southern Methodist bombs burst in the face of the Washington team three minutes after the opening kickoff. After a blocked punt and a 16-yard pass, Wilson faked off the Washington right end for seven yards, scoring with the aid of co-ordinated blocking, which featured the Mustangs' attack throughout the contest.

Driving for more blood, S. M. U. was stopped on the Washington 12, from where Orr looped a place kick to give his team a 10-0 first quarter advantage.

Bob Finley, halfback, who like Wilson lives in Corsicana, Texas, played a major part in the second period advance. He fixing a pass to Ackers to account for the second touchdown.

The fleet-footed Wilson and the rampant fullback Shuford astonished the fans with two touchdowns later in the period. Each was the result of intercepted passes. Wilson ran 70 yards for a touchdown after receiving the ball on a lateral from Jim Russell, who had intercepted a heave from Bukant. Shuford grabbed another Washington forward and streaked 74 yards to the goal.

grand national steeplechase, a test of 3 miles, for fourth time since 1930 when Snapback withstood a long drive to beat Mrs. Dodge Sloan's National Anthem by a half length. The winner earned \$6,650.

Gophers Smash Nebraska Dream

LINCOLN, Neb. Oct. 12 (AP)—Nebraska's dream of a national football championship lay trampled in the sod of Memorial stadium tonight.

Minnesota, undefeated since 1932 and rated as the national champion of 1934, bowled the Cornhuskers over today, 12 to 7, in a bruising battle, witnessed by 36,000 spectators, biggest crowd to see the Cornhuskers in action since 1925.

Seldom has such football drama been packed into sixty minutes of any game. Almost before the tense, howling fans had settled in their seats, Minnesota had scored. From then on until the finish it was a desperately waged conflict, with the Cornhuskers rallying magnificently in the fourth period, and missing two chances to win by inches. CRIMSON TIDE IS VANQUISHED IN 20-7 ROUT

Rose Bowl Champs Beaten; Tennessee Loses; Georgia Appears As Dark Horse.

(By The Associated Press.)
Rising from the ashes of an early season defeat by Vanderbilt, Mississippi State overwhelmed Alabama, last year's Rose Bowl champions 20 to 7 Saturday as Tennessee downed Auburn 13 to 6.

Alabama's loss dashed championship hopes of supporters of the team that swept to national honors last year while Tennessee's victory over the strong Auburn outfit placed it in a position of a leading contender for Southeastern conference honors in spite of a trouncing by North Carolina of the Southern conference.

Kentucky, rated as one of the southeast's powers this year, showed to good advantage in its first conference test by whipping Georgia Tech 35 to 6. Kentucky has lost only to Ohio State of the Big Ten conference.

The chances of the University of Georgia also were rated higher and the Bulldogs took on the look of a possible dark horse Saturday after defeating Furman, 31 to 7 in a homecoming foe, supporters regard its early performances as impressive.

Louisiana State retained its previous rating among the best of the southern teams with a 32 to 0 march over Manhattan, L. S. U. still to get a test in the conference.

Tulane, smarting from the drubbing Auburn gave it, took its revenge on Florida by defeating the Gators 19 to 7. Saturday's game was Florida's first in the S. E. C. Friday night Vanderbilt got a 6 to 3 setback in an inter-sectional clash with Temple but remains in the conference race with a victory over Miss. State. Mississippi easily routed Sewanee 33 to 0, Friday night and also is unbeaten in the loop.

TCU Wrests 13 To 0 Bruiser At Tulsa University

TULSA, Okla., Oct. 12 (AP)—Texas Christian university ran around end and passed its way to a 13 to 0 victory over the University of Tulsa in a slow game here today.

Tulsa played on even terms until the middle of the third quarter when the Christians began their scoring offensive.

It was Kline, the Frogs' husky half, that showed his teammates the Tulsons way.

One of his runs, late in the third, was good for 43 yards, but even then the Frogs could not score from the 19 yard line.

Starting on the Tulsa 44 yard in the fourth quarter, the Frogs scored after six plays. Baugh's 30 yard pass of the season's largest crowd, Clark dashed around right end for 17, Baugh then passed to Roach, who lateraled the ball to Clark on the 20, and he ran to the Tulsa five before J. Wickhamson tossed him.

The four downs to pick up the five yards and Baugh was over by inches on a right tackle plunge. McCall added the extra point from placement.

The game was marked by penalties, hard play injuries. It was up with that Woody Estel, Tulsa center, suffered a broken leg. TCU's star center and captain, Darrell Lester, suffered a bad cut under the eye and was forced out before the first half was up. He has a bandage under his eye, which required one stitch.

Baylor Upsets Arkansas 13-6

WACO, Oct. 12 (AP)—A magnificent second period battle and one of football's greatest thrills, a 33 yard run with only three minutes to play, gave Baylor university a 13 to 6 victory tonight over a stout fighting University of Arkansas team that was virtually eliminated from the Southwest conference championship by the defeat.

The break occurred in the second period when Baylor was trailing 6 to 0. After a gallant goal line stand that repulsed Baylor's attack, Jack Holt, attempting to punt from behind Arkansas' goal line, fumbled the ball and John Williams pounced on it for a touchdown to tie the score at 6-all.

The run that brought an estimated crowd of five thousand up with cheer happened with only three minutes to play when Bob Masters, Baylor halfback, reached into the air and intercepted Jack Robbins' forward pass and raced untouched for 33 yards, a touchdown and a Baylor victory. Clarence Gernand kicked goal from placement.

Morris Sands Looks Good To Fans Of Hilliard

DALLAS, Oct. 12 (AP)—Skilled backs, using all the running and passing tricks that Coach Jack Chevigny brought down from Notre Dame, had a great day behind a victory line to give the University of Texas a 12-5 decision over Oklahoma University's Sooners here today.

Except for a brief spurt Coach Bill Jones' second stringers put on in the second period, the Sooners were battered and outplayed.

Longhorns backs, nearly all of the ten who played, camped in Oklahoma territory during the bigger part of the game and twice pushed down to Oklahoma's 10-yard line only to fall on scoring tries.

Only once did the Sooners crack the Texas 25-yard line that was a successful play for their touchdown. Raphael Boudreau, a cunning substitute back, bulletted a 25 yard pass that "Bo" Hewes snatched a yard behind the Longhorn goal stripe. Boudreau's foot accounted for the extra point.

Swan Dive Scores
Morris Sands, a backfield surprise Coach Chevigny sprang in his opening lineup, started the Steers with a rush when he gathered in the opening kickoff on his goal line and pranced down the sidelines to midfield before Corbett, safety man, begged him.

Jay Arnold, a crashing halfback, took up the torch and burrowed through Oklahoma's line for two first downs on the 28 yard line. Sands, rested from his long run, switched around right and, sidestepped and stiff-armed six tacklers and drew up on the two yard line.

Pitzer did a perfect "swan dive" over the center of the line and Texas had counted within five minutes of the opening whistle. Arnold missed conversion.

Soon after the kickoff the Steers were at it again with Sands, Arnold and Pitzer carrying to the Oklahoma's 13 yard line. There the Sooners came out of their dream and stopped the Steers after two passes had failed.

Coach "Bill" shot eight substitutes into his lethargic lineup and things started happening. Cox a substitute end, scooped up Gillebreath's fumble again and added the touch. Boudreau shot his perfect pass to Hewes for the counter.

Sands Dazzles
The Oklahoma lead was doomed to live only eight minutes. A couple of broozy Texas substitute backs, Aichison and Collie, placed the ball on Oklahoma's 37-yard line with twisting dashes and then Pitzer faded deep and passed to Gillebreath on the Oklahoma 15.

It was a brace for Gilbreath across the goal line and Texas was invincible from there on.

Sands, a running back who had Texas fans remembering the sleek runs Eolin Hilliard used to give them, dashed every time he put his hands on the ball. Arnold and Pitzer picked holes and drove through them.

Texas went to the air often and effectively. They were a greatly improved team over the bunch that took a licking from L. S. U. last week. Van Zandt, end, and Captain Joe Smart, guard, played bruising defensive games, matched only by the smashing tackling Pete Smith, Oklahoma end, and Robertson, back, displayed.

Robertson put on a whole of a defensive scrap while in the game. Broeden, Corbett and Baer did most of Oklahoma's offensive work, but Baer figured in five fumbles that proved costly to the Sooners.

Nellie C. Ford returned Thursday from Peabody, Kan., where she visited two weeks with her mother, Mrs. E. M. Miller, and family.

MISSOURI IS VICTOR MEMORIAL STADIUM, COLUMBIA, Mo., Oct. 12 (AP)—

The University of Missouri cleared the first big hurdle in its path back to football glory by defeating a stubbornly-battling University of Colorado team 30-6. The victory dropped a week ago on a futile, fumble-filled team which knew what to do but didn't know just how to go about doing it. It rose today on a crisp, clever, conscientious team which not only knew what to do, but knew how to do it.

SCHREINER BEATS A. & I. KINGSVILLE, Oct. 12 (AP)—

The Schreiner Institute Mountaineers of Kerrville disregarded tradition tonight as they passed their way to a 7-0 victory over Texas A. & I. It was the first time in five years the A. & I. eleven had been defeated on their home gridiron and the first time in four years the team had been whipped by any except Southwest conference opponents.

LEFORS, McLEAN, GROOM AND WHITE DEER WIN GRID GAMES

Groom In Victory
CLARENDON, Oct. 12.—A surprising team of Groom Tigers from District 2 trounced Clarendon last night and defeated the champions 20 to 0 in a bi-district battle. Groom has become a threat in the neighboring district, along with White Deer and Panhandle.

Freshmen Are Held SHAMROCK, Oct. 12.—

Shamrock being rated at two touchdowns better than the visitors showed a surprising offense and a stone wall defense to hold the favored Irishmen.

The old dope bucket was upset, Shamrock being rated at two touchdowns better than the visitors since Sayre nosed out LeFors, 7 to 0, and then Shamrock defeated LeFors 19 to 0.

Bucks Are Strong

WHITE DEER, Oct. 11.—White Deer Buckles showed flashes of scoring places, at times slowing up, in their second conference game with Claude Mustangs, taking the game to the score of 31 to 0.

The Mustangs after the kick-off fumbled, the Bucks recovered and on the first play went over for a touchdown. Two touchdowns were made by the Bucks in the first quarter, two in the third and one in the fourth.

Coach McCollum believes that if he can iron out some of the kinks his men will be able to give other opponents a hard time in the conference some stiff opposition.

Tigers Beat Memphis

MEMPHIS, Oct. 12.—The Mo-Lean Tigers issued a threat in the district last night by defeating the Memphis Owls, 19 to 7. Coach Allen fielded a well balanced eleven which clicked from whistle to whistle. The win gave the Tigers two against no losses in the conference race and wrecked Memphis' chances of getting back in the running after tying LeFors.

time to get a man behind the line and break up several passes.

The backfield was on its toes all the way. W. J. Brown, little halfback, gave a stellar performance in carrying the ball for two touchdowns. Defensively he was also on the alert. Drake showed great speed and defensive ability. Fanning, despite a bolt on the back of his neck, played most of the game. Stewart showed remarkable speed and defensive work. Showers gave a great exhibition of punting into wind and intercepted a Redskins pass.

Substitutes inserted late in the game continued the work of the regulars in keeping the Harvester pay stripe from being crossed in four games.

Capitol Hill presented a well-balanced team, making a deep formation, with the backfield almost on the line of scrimmage. Sweeping end runs, with L. Baker carrying the ball gained much yardage and would have added more but for the fact that Baker was too fast for his interference.

Corn, quarterback, Kemp, fullback, and Lamb, a substitute, gave speedy exhibitions of ball carrying. Head and shoulders above anyone else in the Redskins line was Captain Speege. On offense he rounded up and down behind the line, smearing plays galore. Brown, a tackle, and Hughes, a guard, also gave some nice exhibitions of blocking and tackling.

The Harvesters have no game scheduled for this week. Should a strong foe appear, Coach Mitchell will play a game, otherwise the Harvesters will rest for two weeks before their encounter with the surprising Lubbock Westerners in Lubbock.

There will be no more visiting at Harvester field during practice sessions, Coach Odus Mitchell announced yesterday. From now until after Thanksgiving, excepting on announced days, the Harvesters will practice behind closed gates. Fans are urged to stay away from Harvester field.

Coach Mitchell will have open days when fans will be invited to the park. Notice will be made thru the columns of THE NEWS, Mitchell announced.

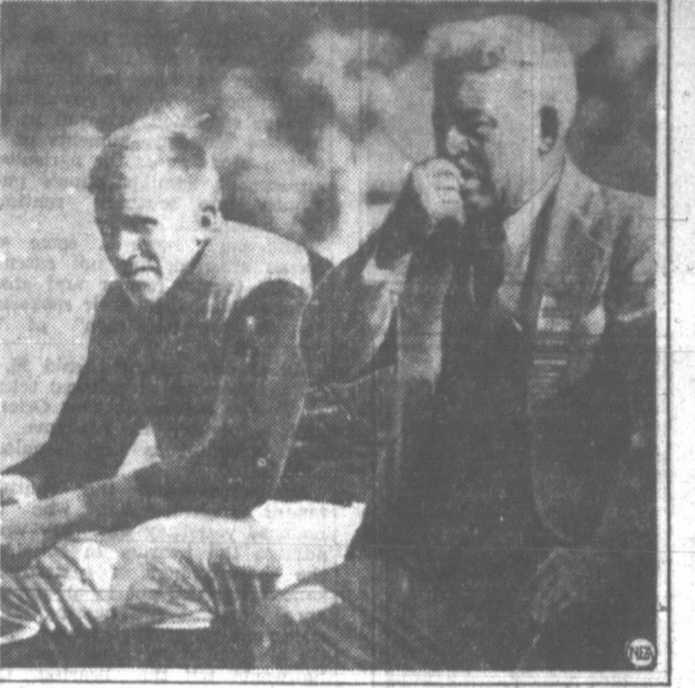

The game play by play: FIRST QUARTER. Game Captain Drake of Pampa won the toss and the Harvesters took the wind advantage at the south goal. J. R. Green kicked off, and Lamb hit the line for no gain. Kemp made 2 yards at the line. When Speege tackled Drake, he was hit and there was no return. Stewart rammed the Sooner line for a yard. Fanning ran around his right end for 6 yards. Stewart hit center for 8 yards and a first down. Drake went 2 yards at the line. Speege stopped Fanning after a yard. Fanning passed over the end zone.

From their 29-yard line, the visitors sent Kemp running right end for 11 yards, a first down. The Pampans stopped him at the 10-yard line. On a delayed kick, he repeated for 8 yards, a first down. The Pampans stopped him at the 10-yard line. On a delayed kick, he repeated for 8 yards, a first down. The Pampans stopped him at the 10-yard line.

SECOND QUARTER. Crouch replaced Baker. Sooner halfback. Fanning dived for a yard. Brown ran down the left side, cut in for 2 yards. Pampa's first touchdown. J. R. Green's kick for point was wide. Lamb went in for Wilson. Sooner left halfback. J. R. Green kicked off for Pampa to Kemp, who ran it back a few yards to Capitol Hill's 10-yard line. Capitol Hill was penalized 5 yards for excessive time. Kemp hit the line for 9 yards, then Nolan stopped the next drive for a 4-yard loss. Kemp picked up 4 yards at left tackle. Korn got off a bounding punt for 54 yards to Fanning, who toted it back to Pampa. Pampa took the ball on her 35-yard stripe, where Drake got a yard at the line. Fanning hoisted a 27-yard punt to Speege. Speege stopped Fanning after a yard advance. Fanning pointed out of bounds 24 yards away. Capitol Hill's 28-yard mark. Pampa took time out.

Kemp hit the right side for 3 yards. He fumbled, but heave from center, losing 4 yards. On a spinner, Nolan drove Kemp for 2 yards. Korn picked up 4 yards at left tackle. Fanning passed around the wind and Nix took it but fumbled on Capitol Hill's 6-yard line. After a yard advance, Korn pointed out 48 yards to midfield. Both sides were offside. Stewart of Pampa failed to gain. Brown made 2 yards at the right end. Fanning ran across the field at left for no gain in exact midfield. Fanning passed straight up for no advance. times before he was sent in, and then after he had pleaded with Coach Mitchell to let him go in there to attend to the sore. Coach Mitchell adjusted the bandages and the red-head, his face drawn with pain, roared back into the game.

Panning suffered excruciating pain because of the bolt on his neck. It was necessary to call time out three times to attend to the sore. Coach Mitchell adjusted the bandages and the red-head, his face drawn with pain, roared back into the game.

The first tackle of the tussle was made by Stokes Green, who in the Grid Guess contest, conducted by the Pampa Daily News, guessed that Pampa would beat Capitol Hill 13 to 0. This was the guess that was closest to the actual score.

The referee in the game last night was Masters, who with Gib Jackson officiated last spring in the basketball tournament at Canyon when the Harvesters, with Stokes and J. R. Green as members of the team were defeated by Lamesa.

The west stand spectators witnessed the ejection of an inebriate by Sheriff Earl Talley. The sheriff found the man lying on the ground by the Harvester dugout. There was a noticeable bulge to a hip pocket as the sheriff assisted the man off the field.

The jury hearing the McQuery murder case had ringside seats in chairs next to the chalk on the 40-yard line. It was reported that several prospective jurors who disapproved themselves so they could attend the game, felt somewhat chagrined when they saw the jurors sitting on the sidelines in choice seats.

Some of the classiest "strutting" ever seen in the Panhandle was by Robert Kilroe, twin of Richard, as he led the Harvester band as drum major. He wore one of the new uniforms which will be worn soon by all members of the band. Robert, although not yet as adept as his predecessor, Paul Schneider, is rapidly learning to twirl the baton with abandon and finesse. However, what he lacks in stick hurling he makes up for in fancy stepping.

The public address system, a new innovation at Harvester field, was operated by Frank Monroe at the "mike" and Ernest Cobb on the information-gathering end.

Coaches Mitchell and Prejean stated yesterday morning that the fans who "roasted" them after the Children's game were "speaking to them" Friday night and Saturday morning. Many of the "professional" football fans were "down" on the team after the Children's game, and the abilities of the coaches and the boys suffered in the discussion of the "curb stone coaches."

According to Mr. May of the Globe-News, Coach Blair Cherry of the Sandies will not sleep any between now and Thanksgiving as a

result of the Pampa-Capitol Hill game. He predicted that the Amarillo mentor will begin practicing his squad on Butler field behind locked and guarded gates. The 75-0 annihilation Lubbock meted out to Snyder Friday indicates that Pampa and Amarillo before the Turkey day classic. It is already apparent that Lubbock will be the Big Bad Wolf of the district one race, and that Pampa and Amarillo will have cause to be afraid of the Westerners.

Lubbock papers are printing frightening stories of the Pampa team. Westerners fans openly chortle

and snoot at Coach Mitchell's claim that his team is inexperienced and green. Recently Collier Paris of Lubbock's Avalanche sarcastically wrote: "Most discussed topic among the coaching fraternity is Coach Odus Mitchell's frantic jockeying to get his huge Harvesters out of the favorite's saddle. "If you enjoy reading prose of the tear-jerker sort, have a talk with Mitchell and ask him how are things in the Big Green football camp? "You will get back a word-painting of desolation and befuddlement. In your mind you will see Mitch standing there on the 'ere and yellow sod of Harvester Field, desperately trying to fill his grid-iron puzzle-picture together with pieces that don't fit. He is surrounded by nine lonely lettermen, and a group of spavined and inexperienced Carnegies who can't make a clear distinction between a cross-back and canvas hammock. And all the while enemy warriors from Lubbock and Amarillo are skulking on the horizon, itching to haze the puny Pampans."

MINES BEATEN. ROSWELL, N. M., Oct. 12 (AP)—A line plunging back, Homochick, tore through the gridders of the Texas School of Mines of El Paso twice in the initial half to give the New Mexico Military Institute eleven a 13 to 6 victory here today. The Miners scored their sole touchdown in the first seven minutes of play. A line buck gave the Cadets one extra point.

Ernest Thompson Is Charged With Discrimination

AMARILLO, Oct. 12. (AP)—Independent oil operators meeting here today charged that Col. Ernest Thompson, chairman of the state railroad commission, had "leaned backward" in an effort to be impartial to his home section, causing discrimination against the Panhandle field.

Thompson, who attended the meeting, declined to comment, other than to say that the matter would be taken up at a meeting of the commission at Austin Thursday.

Speakers said the Panhandle field, second largest in the state, had been cut to 10 per cent of its daily potential, with 20.88 barrels per well the average daily allowable. Proration tables were offered in support of a claim that the field was the most stringently prorated in the state.

The operators said they would ask the commission Thursday to increase the per well production to 25 barrels. The low allowable, they charged, is conducive to waste as it is preclude reconditioning at a cost of \$1,500 per well.

COACH IN ACCIDENT
S. E. Hargrove and C. V. Fee of Pampa were treated for minor cuts and bruises at Worley hospital last night after an accident in which Hargrove's car and that of Odus Mitchell, Harvester coach, collided.

Neither Mitchell nor Bill Anderson, local teacher, was injured, although the coach's knee was bumped. Mitchell's car struck that of Hargrove when the latter started to turn across the Amarillo highway near the city limits to go down a side road. Both cars were considerably damaged. The teachers had been to Canyon.

ORMSBY BAND WILL BE HERE ON WEDNESDAY

With a floor show of nine "big time" acts, featuring beautiful girls, catchy tunes and novelty dances, Frankie Ormsby's orchestra is coming to Pampa at the Pampa Ballroom.

On Wednesday night, Ormsby and his orchestra, direct from northern and eastern engagements at the best hotels and night club, will present for Pampa a new and novel dance program.

A full evening's dancing to the music of Frankie Ormsby's recording band in conjunction with a Ted Snyder, Tenor.

full forty-minute floor show will make the engagement here one of the season's outstanding novelties. Ormsby is not only a personable young director but also one of the country's finest saxophone players. His band and floor show have filled engagements at the Riverview ballroom, Des Moines, Ia., Swiss Gardens, Cincinnati; Penn Nite Club, Indianapolis and the Merry-Ground Club, Cleveland.

COURT RECORD

TRIAL

(Continued from page 1)
with the statement that he was going to "give you (Morse) what you have been wanting a long time."

Says Morse Shot Her
McQuerry said she was shot by Morse. He said she had seized his hands when Morse drew a pistol, but that he threw her back at Morse as the latter fired one time. Mrs. Morse crumpled upon the floor. McQuerry then, he said, drew a pistol from his jacket and fired at Morse several times until he fell—an explanation which required that Mrs. Morse be shot from behind.

This debatable point, bearing upon which man fired first, was still in controversy when testimony ended. City Officers Jeff D. Guthrie and G. D. Holmes, two witnesses recalled to the stand by the State, testified that they found powder burns on the back of the coat worn by Mrs. Morse, and only one bullet hole—at the back. The coat and other clothing were not retained by them but were kept several months by a sister of Mrs. Morse, then turned over to Calhoun.

Puts on Coat
The special prosecutor produced the coat, dress, and slip which Mrs. Morse identified as those she wore when shot. She held up the slip and dress, which were bloody about the bullet holes, back and front and donned the coat. The coat had a hole in the back and two holes in the front—one through the collar and one directly beneath where the large collar partly covered the left breast.

The prosecution next called Drs. R. A. Webb and W. B. Wild, both of whom testified that in their opinion the bullet entered at the front and emerged at the back. They based their opinion on the size and formation of the two bullet holes. They said the bullet wounds of Mr. and Mrs. Morse were similar in size.

Threats Detailed
This latter testimony was admitted over defense objections that the clothing had not been in official custody and that the physicians were not ballistics experts.

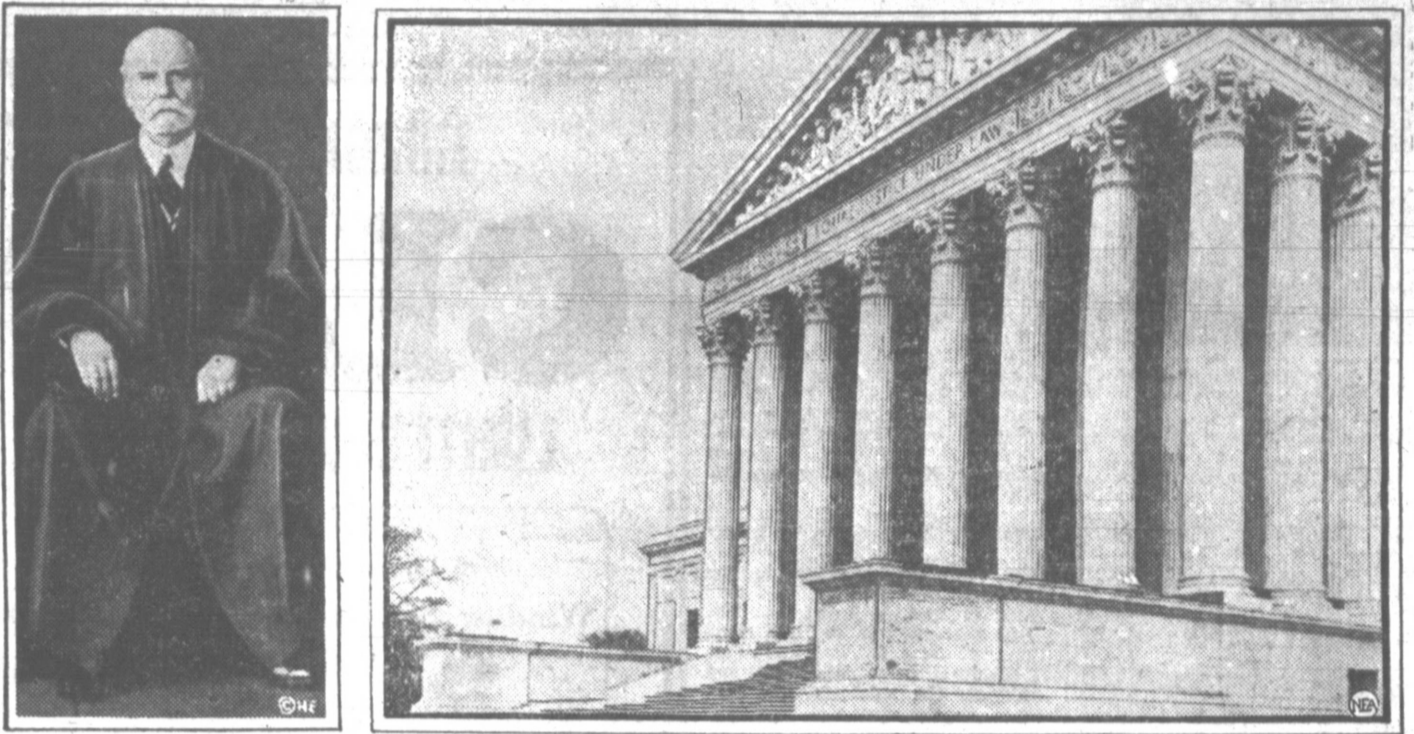

Under Defense Attorney John Sturzen's questioning, McQuerry testified that many of his friends had told him of threats made against his life by Morse. He said when he walked into the store and saw Morse, he was afraid and walked to the back, where he obtained a pistol belonging to the manager of the store, Mr. Larson. Then, he added, he walked back into the store and sat on a counter, saying, "Dutch, why can't you let well enough alone and stay away?"

Tells of Shooting
Morse made the first move, the defendant said, and drew his pistol while Mrs. Morse held McQuerry's hands. While he was jerking loose, he saw Morse moving and pointing a pistol at him, trying to get Mrs. Morse out of the line of fire. He asserted that Morse unintentionally shot his wife in the back when she was pushed into the line of fire. He shot Morse, he said emphatically, "to keep him from shooting me."

The State brought out that McQuerry had been tried and acquitted on a beer complaint, and that on another occasion in the back when she refused five times in one day "on minor charges."

Mrs. Betty Larson had testified that Morse said, after McQuerry destroyed a slot machine owned by Mrs. Morse, that "McQuerry is on his way to keep on until I have to kill him." Bill Hughes said he warned Mrs. Morse that Morse had been heard to say that he was going to kill the defendant if he had a good opportunity. Mrs. Larson backed McQuerry's statement that Morse dis-

Supreme Court Meets for Momentous Session in Stately New Home

Ready at last to house its distinguished occupants, Chief Justice Charles Evans Hughes, left, and his eight associates, shown in top photos, assembling for their fall term, is the imposing new \$10,000,000 Supreme Court Building, pictured above, a citadel of gleaming white marble and bronze. Of classic design, the pretentious "temple of justice" stands across the broad expanse of park in front of the ancient, historic Capitol. In its lofty courtroom, a poem in marble and walnut, the nine robed jurists face a momentous session. Their decisions on the AAA, TVA, the federal housing program, Bankhead Cotton Act, and other New Deal legislation may shape the political issues of 1936.

played a pistol while Mrs. Morse grappled with the defendant. Mrs. Morse said she and her husband came to Pampa March 6 to talk to lawyers about a property suit brought against them by McQuerry, but that they "were seeking to avoid trouble."

LEAGUE

(Continued from page 1)
to "enforce peace" has had no effect upon Il Duce's determination to continue his "civilizing" campaign in Ethiopia.

The Italian press, bitter against Great Britain, is charging the League of Nations is under a "British mandate," and that the program of sanctions was "drawn up in London."

In the face of the league's action, there were new ship sailings from Naples Saturday with troops and war materials. Fourteen ships were hurriedly loading munitions at Naples for imminent departure for East Africa.

In London there were more and more indicators of an increase of war sentiment. What turn it will take can not yet be foretold; but England is beginning to think definitely in terms of war possibilities.

Edith Cavell Remembered
London afternoon newspapers "played" the twentieth anniversary of the shooting of Edith Cavell, English world war nurse who was shot by the Germans as a spy. They linked that tragic episode with the possibilities of a new "European conflagration" arising from two dynamite-loaded questions:

1—Will Italy allow ships carrying arms and munitions to Ethiopia proceed unmolested through the Red sea?
2—Will the League of Nations powers attempt to enforce the arms embargo against Italy by searching ships bound for Italian ports?

It was pointed out in the London papers that complications of this precise nature strained relations between Great Britain and the United States during the world war almost to the breaking point.

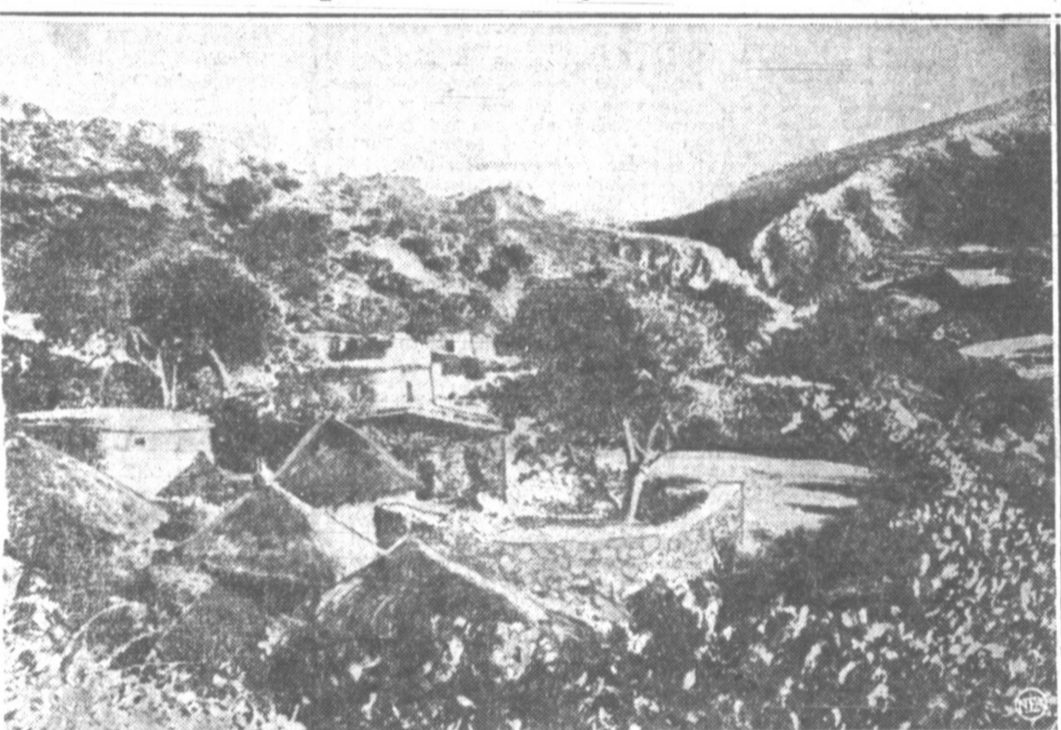

There were other martial signs in the British capital. Industry's spokesman, Sir Francis Joseph, pledged to the government full cooperation in supplying "the sinews of war—adequate armaments."

The leader of the opposition in England, C. R. Attlee, pledged labor's support to sanctions against Italy, and spoke stirring of "this filthy butchery in Abyssinia."

The British air defense ministry decided to organize a training center for instruction in methods of meeting air raids and gas attacks—unusual measures for peace times.

There was a report that British warships are making arrangements to remove 800 British civil employees with their wives and children from the island of Malta—one of England's outposts in the Mediterranean, and dangerously close to the Italian mainland.

Aduwa Captured In Italy's First Offensive

Clinging to the bleak, rugged hills of northern Ethiopia, the native city of Aduwa was captured in the first phase of the Italian offensive to avenge the annihilation of the Italian army there nearly 40 years ago. Here is a view of part of the town, with the fort from which the Ethiopians launched their historic attack on the 1896 invaders in the left foreground. The Italians made the town the target of several aerial bombing raids, in which nearly 100 persons were reported killed.

Admits \$250,000 Insurance Fraud

John J. Kemp, \$1,000,000-a-year insurance broker, pictured following his arrest in New York City, admitted to police that he converted to his own use more than \$250,000 paid by stage and screen celebrities as insurance premiums. Forgery of a check payable to Mrs. Will Rogers led to his arrest.

bringing with them their forces of riflemen and arms, were Degiac Haile Selassie Gugsu and Degiac Kassa Arala. The former, a cousin of the emperor, aspires to the throne. He is friendly to Italy, he said, because he wants his country to progress.

The degias (chieftains) has long been a foe of Ras Seyoum, the leader of the armed forces in the north. Italy is reinforcing her Mediterranean positions as her bitterness toward Great Britain grows; and Great Britain still has her fleet riding at anchor strategically in the same waters.

Harrell Infant's Funeral Is Held

Joretta Sue Harrell, 1 year and 8 months old, died yesterday morning in a local hospital, victim of pneumonia. She was the daughter of Mr. and Mrs. Johnnie Harrell, residents of the Metten lease south of Pampa. Mr. Harrell is with the Moran Drilling company.

Survivors are the parents, two sisters, Wanda and Joyce, and two brothers, Johnnie and Kenneth. Funeral services were conducted yesterday afternoon at 4 o'clock in the Amarada Mission with the Rev. E. G. Barrett officiating. The body will be sent overland to Erick, Okla., this morning by Pampa Mortuary.

Sharecroppers' Lot Deplored

MEMPHIS, Tenn., Oct. 12. (AP)—Spokesmen for the cotton belt today added new testimonials to the success of the government's acreage reduction program in curing the economic ailments of the cotton producer as the agricultural adjustment administration's public inquiry into southern sentiment was concluded.

The cure, however, some witnesses asserted, has not extended to the tenant farmer and sharecropper, labeled by their spokesmen as "the forgotten men" of the new deal.

As it now operates, said H. C. Nixon, professor of political science at Tulane university, New Orleans, and a planter in Alabama, the AAA program is the "landlord's code."

Spokesmen for the southern tenant farmers union, who announced yesterday that they would address the hearing in behalf of the sharecroppers of eastern Arkansas did not put in an appearance today at the hearing. In a statement released yesterday, Walter Moskoff of Truman, Ark., said he would tell the hearing that "equal benefits" for the sharecroppers would be necessary to prevent "continued abuse" by landlords.

Texas Tech Is Tied By De Paul

CHICAGO, Oct. 21. (AP)—A battering De Paul university football team, seeking to avenge last year's humiliating 48 to 19 defeat at the hands of the Red Raiders of Texas Tech, held the southern visitors to a scoreless tie in Soldier field today.

Twice during the final quarter the De Paul backs intercepted Texas passes and raced them to within striking distance only to see their drive for markers smashed by the visitors fast charging and powerful line.

Flashy offenses blunted by steady lines, the equally matched teams battled through three periods of the game in midfield. De Paul, unable to gain consistently through the line or off the Texas flanks, opened an effective aerial attack in the second half but it failed to carry the ball within scoring distance.

Coches Pete Cawthon of Texas Tech sent in his shock troops to open the game, substituting their first stringers at the start of the second period, with Byrd and Baze going in at the halves. Duval at quarter, and Beauchamp at half.

adopted, requiring drug stores, to make periodical reports which would be public records, of purchases of medicinal whiskey. As a compromise it was made applicable to stores in both wet and dry areas.

Stone said it was designed to "cut out these drug store saloons in dry territory."
Other amendments intended to tighten restrictions on sale of medicinal whiskey charged fees and prohibited holders of wholesale drug liquor dealers licenses from selling to licensed drug stores for other than medicinal purposes.

The fee for a physician's permit was cut from \$10 to \$10 and for retail druggists from \$500 to \$150, but the fee for a wholesale druggist permit was raised from \$10 to \$250.

The tax on still wine of less than 14 per cent alcoholic content was cut from 10 to two cents a gallon, and of still wine of 14 to 24 per cent from 60 to five cents.

Builder Of First Lubbock House Dies

LUBBOCK, Oct. 12. (AP)—The first man to build a house in what now is Lubbock, C. W. Mallard, 89, died here this afternoon. He had been ill several months. Recently he was injured in an automobile accident near Snyder.

It was in 1890 that Mr. Mallard came here. From lumber freighted by wagon from Amarillo he built a two room house. A few other houses had been moved to here from North and from South Lubbock townships, but none had been constructed on the present city site.

For 12 years Mr. Mallard lived in Crosby County, where he was a county commissioner. He moved with his family back to Lubbock 25 years ago.
Funeral rites will be read at First Methodist church Sunday afternoon, Dr. L. N. Lipscomb, officiating.

GENTLEMEN'S AGREEMENT WASHINGTON, Oct. 12. (AP)—

Opening the way for a projected settlement of trade relations in the Pacific, the United States and Japan today concluded a "gentlemen's agreement" under which Japanese cotton textile exports to the Philippines will be limited to 45,000,000 square meters annually during the next two years.

Here is how a WARD Floor Furnace will pleasantly warm your rooms

A SIMPLE TURN of a key. That is all you have to do. The WARD Floor Furnace, hidden out of sight beneath the floor, does all the rest. (All you see in a WARD warmed room is a handsome register at floor level.)

Our Automatic Safety Pilot lights the noiseless burners. Immediately warm, pure air begins to circulate. Cradle Circulation... an exclusive WARD improvement... draws cold air from floor level into the furnace, down against the sealed sides of the combustion chamber... sends it back to every corner of the room... warm, fresh and constantly changing.

Another WARD feature... Bit-in Thermo-Control... regulates the temperature, keeps it as you want it. A WARD Furnace almost thinks for itself.

Fumes, odors, burnt gases are vented to the outside, never can contaminate the air you breathe. Sweating walls, frigid floors, cold corners are done away with.

WARD heat is healthful heat... comfortable, economical heat. See the WARD Floor Furnace today in our display room.

ANNUAL CARNIVAL IS PLANNED BY 200 MEMBERS ATTENDING HORACE MANN P-TA MEETING

October 29 was set as the date for the annual Halloween carnival sponsored by Horace Mann Parent-Teacher association, when a business session followed the regular program Thursday afternoon.

About 200 were present at the meeting, an unusually large attendance due to efforts of room mothers who have recently visited in the homes of pupils and invited parents to attend the association programs and become members.

Fire Chief Clyde Gold presented a demonstration on fire prevention. Martin May, pupil in the school, played a violin solo. The Rev. Lance Webb gave the invocation after group singing. Mrs. George Nix was program chairman.

In the social period, the anniversary of the state Parent-Teacher congress was observed. Mrs. J. M. Turner gave the history of the congress, and lighted candles honoring Mrs. Ella Carruthers Porter, founder, and all state presidents. An offering was made for the state endowment fund.

CHURCH WILL SEND LAYMEN TO MEETING

CHRISTIAN MEMBERS TO ATTEND WORLD CONVENTION

Approximately 20 members of First Christian church of Pampa plan to attend all or part of the international convention of Christian churches which meets in San Antonio, starting Tuesday.

This convention meets annually and is attended by representatives of Christian churches in Mexico, Canada and United States. This year fraternal delegates from Australia, Great Britain, Germany, Russia and many of the mission fields will be present.

An unusual effort is being made to get laymen of the churches to attend. Harry Hines, chairman of the state highway commission, an elder in First Christian church, Wichita Falls, has been appointed leader in the movement to promote a large attendance of men.

Charles L. Thomas is the convention committee chairman in the local church. Among those who will attend are: Mr. and Mrs. Henry Lovett, Mr. and Mrs. Fred Gantz, Mr. and Mrs. Billy Taylor, C. A. Clark, Mr. and Mrs. Toy Duncan, Roy McMillen, and Mrs. C. F. Bastion, Mrs. Don Hurst, Mrs. C. I. Austin, Mrs. Emory Noblitt, Mr. and Mrs. J. B. Townsend, Mr. and Mrs. John S. Mullen, James Todd.

The Women's council here, scheduled to meet Wednesday, will be postponed to the following Wednesday since several leaders will be in San Antonio.

Hallowe'en Party Is Surprise on Boy's Birthday

Thursday afternoon was an enjoyable one not only for surprised little Gene K. Smith, 4-year-old son of Mr. and Mrs. R. E. Smith of Phillips camp, but for his 17 little guests at a birthday party.

All the guests arrived wearing Hallowe'en false faces and congregated in the living room before Gene K. returned home. As he opened the door he was greeted with a chorus of noisy "Boo's."

The honoree was required to guess the identity of each little friend behind the mask, and succeeded in recognizing 10. Gift packages were then opened to the amusement of all the youngsters.

The living room was decorated with balloons, horns, and small pumpkin faces which added gaiety to the occasion. Balloons and horns were favors for the guests, who immediately started a noisy reception. Games were enjoyed, and a big parade over the yard with horns playing and balloons floating. Candles on the birthday cake were lighted to the tune of Happy Birthday to You, sung by the children.

Room mothers and first grade mothers of B. M. Baker school will be entertained at 2:30 at the school.

Show Hostesses

Mrs. Glen Pool, above, as president of the Garden club will be one of the hostesses for the fall flower show Tuesday at First Presbyterian church annex.

Other hostesses for the show are Mrs. K. W. Bunch, Mrs. Joe Gordon, Mrs. J. M. McDonald, Mrs. Glen Pool, and Mrs. Ray Hagan from 7 to 8:30.

Plans for the show were completed at the Garden club meeting Friday morning. It was announced that a contest in beautification of service station grounds. The tree-planting program among school children will also be continued.

These are all phases of the city beautification program which is a major project of the year. Exchange of plants is urged among club members.

New members present Friday were Misses Paul Jensen, J. K. Redman, Tom Clayton, Charles Woolley, Tom Ellis, S. B. Pagan, Landrum, L. R. Hartell and Tex Evans. Twenty-four other members were present. New yearbooks were issued as dues for the year were paid.

Mrs. Boyd Leads Program Mrs. LeRoy was in charge of the program on fall planting. She discussed Transplanted Perennials and Planting Annuals. Seeds of larkspur, poppies, and other annuals planted in the fall should be sown late so they will not germinate at once, she said. They should be planted where they are to bloom.

Mrs. P. C. Ledrick spoke of September and October planting for early bloom, and told how cuttings should be rooted.

Mrs. H. C. Schoolfield's subject was Bulbs. She advised that they be grouped to enhance the beauty of the beds, and that they be planted at intervals so there will be blooms from early spring to late fall.

The club expressed regrets that Mrs. R. F. Dirksen, an active member who has assisted in many projects, is soon to leave Pampa.

All Members of Bridge Club Play

Mrs. Fred Boseman entertained Eight Hearts contract club at LeNor connection Thursday afternoon. All the club members were present for the games and refreshment courses of sandwiches and coffee. Appointments were in white and silver.

Miss Verna Fox scored high, Mrs. Jake Bass second high, and Mrs. O. M. Prigmore low. Mrs. Dallas Culwell was successful in a cut for the traveling package. Other players were Mrs. Buey Morgan, Mrs. George Sharum, Mrs. Frank Rosch, and the hostess.

Shower Honoree Receives Lovely Array of Gifts Mrs. Paul Keese entertained at the home of M. O. Treadwell with a shower for Mrs. Treadwell's daughter, Mrs. A. Swafford. Many gifts were presented, and contests enjoyed. Mrs. George Reynolds and Mrs. W. H. Simpkins were winners in the games.

GARDEN CLUB EVENT BEGINS TUESDAY NOON

CONTESTS TO BEAUTIFY CITY ANNOUNCED AT MEETING

Fall flowers will be on display Tuesday at the semi-annual flower show sponsored by the Garden club. It will open at 1 p. m. in the annex of First Presbyterian church. Everyone is invited to visit the display at an cost, and everyone who has flowers is asked to enter them.

Entries must be made by 12 o'clock noon. All varieties of flowers are wanted. The last show held by the Garden club had 149 entries of 14 different varieties, and members hope for an even larger display.

Out-of-town judges are being secured to award places in each division. Out-of-town garden enthusiasts are also being invited to make entries and to visit the show. An especial invitation was sent to the McLean Garden club.

Open to the public from 1 to 3:30 p. m., the show will have members of the Garden club as hostesses. Mrs. K. W. Bunch and Mrs. Joe Gordon will receive entries from 9 a. m. to 12.

RAIL JOURNEY THRILLS FOURTH GRADE ON EDUCATIONAL TRIP

Train trips are novelties to many children of this motorized age, but fourth grade students at Horace Mann school are now experienced travelers by rail.

About 100 girls and boys boarded a Santa Fe passenger here yesterday, rode to White Deer and caught a later train back here. I. W. Pruntice, trainmaster; E. A. Tusha, traveling passenger and freight agent for the eastern division and W. H. McEachern, agent for the western division, came from Amarillo to act as guides.

Another Job for Pampa

The vanguard of a very desirable convention will arrive in Pampa Thursday. We speak of the Seventh District Federation of Music Clubs, whose executives will arrive on that day to complete plans and launch the meeting which will last through Saturday morning. Three hundred and fifty delegates are expected.

This convention comes to Pampa for several reasons. One is to recognize the excellent musical organizations which Pampa boasts, and the teachers and musicians who have been well known for their ability. Another reason is that this city's hospitality, business energy, and remarkable growth have captured the interest of this section.

The delegates will be expecting much of Pampa and Pampans. They must be housed, they must be made to feel welcome. The call to Pampans to help house the visitors should be given an instant and complete response.

It will be one of the most worthwhile conventions in Pampa's history. Let us show our appreciation; let us live up to the things expected of us; let us be true Pampans as the word is understood far and wide in this territory.

THE NEW DEAL IN WASHINGTON

BY RODNEY DUTCHER

NEA Service Staff Correspondent

WASHINGTON.—Gen. Hugh S. Johnson, according to a tip which has mildly perturbed certain insiders here, has written an article for an anti-administration national magazine in which he excoriates liberal brain-trusters in the New Deal.

Grapevine reports say the Johnson blast is to be published with considerable ballyhoo and that the general will undertake to prove that Roosevelt, though a fine fellow himself, has been deluded by reformers of the Tugwell and Frankfurter types, who are mentioned by name.

Thus far no one has followed the example of the once powerful Donald Richberg, who wrote to the Saturday Evening Post warning of consequences if it published a Johnson article as derogatory to himself as he had heard it was going to be.

But more than one brain-truster who has befriended Johnson in the past admits considerable interest.

War in Ethiopia found most diplomats here admitting they were having an unusually difficult time forecasting the fast moves on the European chessboard.

They figure Mussolini himself has experienced some surprises, as they're sure he felt he had reason to believe he could proceed without interference for either England or France.

Anglo-German and Franco-Italian understandings of early summer seem to have been unsorambled into an Anglo-French front against Mussolini and, potentially, against Hitler.

But the belief among some well-informer close observers—which may be blown sky-high overnight—is, briefly:

England, France, and Italy have agreed that there is to be no European war at this time. League of Nations sanctions will be applied gradually against Italy, allowing Mussolini to mop up Ethiopia to a point where he can claim victory and save his face.

The league will then engineer a peace agreement, terms yet to be arranged, but will make enough concessions to enable Mussolini to boast of them at home.

Such a theory is, at least, no more fantastic than the idea of a general European war. It includes the belief that Mussolini dares not court war with England.

It proceeds to the conclusion that neither Britain nor many other league members will concede peace terms to Italy which would be much more advantageous than the league offer which Mussolini already has turned down.

You can even hear predictions here that eventually this outcome will mean, as the Italian people come to realize they were handed a lemon, the downfall of Mussolini. (The prophets are willing to bet as much as a dollar on it.)

Russian Communist agents are nowhere near busy in this country as some viewers-with-alarm would have you believe. Chief center of secret Communist preparations for revolutionary effort are Germany and Japan.

Russians believe those two nations are likely to attack her in concert and hope to be able to foment uprisings at home which will weaken their military effort at the front.

CAPITOL JIGSAW

By HOWARD C. MARSHALL

AUSTIN, Oct. 11 (AP)—Senator Tom DeBerry of Bogalusa was arguing in the state affairs committee for a motion to instruct a sub-committee to report a liquor bill by Monday.

The sub-committee had been out since the first week of the session without reporting a bill and Senators W. K. Hopkins and T. J. Holbrook explained they needed still more time.

DeBerry said he wouldn't like the Hopkins-Holbrook bill anyway. Hopkins and Holbrook are wet while DeBerry is dry.

"We might surprise you," Hopkins countered. "Yeh, I know what kind of a surprise it would be," DeBerry retorted.

"It would be a surprise like a nigger boy get. He saw a woodpecker in a tree and shinned up to investigate. When he reached the woodpecker's hole a great big black snake poked its head out.

"Well, it just knocked that boy right out of the tree and flat on his back. He shook his head, opened his eyes and said: 'Uh, huh, I sho' surprised you.'

Governor Alfred understands the difficulties of a stenographer's work, for before he began his public career he was a court reporter. In fact, five of the "Alfred boys" were reporters.

If his own stenographer makes a mistake he is not critical. He has been known to grab a pen and help correct papers rather than insist on rewriting.

A good memory, he said recently, is a court reporter's best asset. Very few, he said, can catch every word. Some witnesses add to the difficulties by not talking plainly or saying nothing at all.

"The old joke about the court reporter had plenty of meaning in it," the governor said.

"The reporter looked up from his desk and asked the witness his answer to a question.

"I shook my head," the witness replied.

"I heard it rattle," the reporter said, "but I don't know which way you shook it."

ORMOND BEACH, Fla., Oct. 12. (AP)—John D. Rockefeller Sr., 96-year-old millionaire industrialist and philanthropist, today came back to "The Casements," his Florida estate here, for another winter and spring of simple living.

MORNING STAR

— BY MARIAN SIMS —

Chapter 22
EDWIN WRITES
Anne waved a fork at Steve. "Go tell Vi we're ready to make the omelet, and that I'll be ready by the time it is. And don't come back."

He went reluctantly out, and she heard him bang on Viola's door and repeat the message. Then he ambled into the living-room and an instant later the sound of the piano reached them.

Emily lifted her head and stared at Anne. He was playing, with feeling and a beautiful precision the Chopin scherzo in G sharp minor. Anne answered the question in her eyes.

"It's his real calling, of course. But he says he hasn't the attributes of greatness, and that being a second-rate musician is worse than being second-rate in any profession in the world. So he works on a newspaper."

Viola came in, managing in spite of her scented and shining cleanliness to look a little untidy. She nodded cordially to Emily and went capably to work on the omelet.

When supper was ready they served themselves from the buffet, then gathered round the table. It was a lively meal, and again the conversation was reminiscent of Ardmore.

A voice from the living-room interrupted them. "Am I too late?"

Everyone shouted at once at the man who appeared in the doorway, and there was a general shuffling to make a place for him at the table.

He was very different from Jed and Steve. A man in early middle age, Emily guessed, beautifully groomed, dressed in a light suit. He laid a casual hand on Anne's shoulder in greeting and Anne's eyes flamed for an instant and then were quickly veiled. She said carelessly: "Charles, you haven't met Mrs. Barnes over there, Mr. Kincaid."

He bowed, found a plate with an air of being much at home, and helped himself from the buffet. Steve Young said solemnly: "I ate all your caviar."

Charles Kincaid sat down. "Thank heaven for that. I hate caviar, just as I hate all kinds of fish roe. It gives me the creeps to think of all the billions of fish that I'm depriving of life at every bite."

"All the more reason to like it," Steve insisted. "It isn't often you have a chance to do so many favors at one fell swoop."

Charles Kincaid drove Emily and Charlotte home a little later, saw them into the house and bade them a courteous goodnight. Emily stared thoughtfully after him.

"He's quite different from the rest of the masculine element there. Where does he come in?"

Charlotte waited until they were upstairs before she answered. "He's really a prince, and I'm frightfully in love with him. He has a neurotic invalid for a wife: a female invalid that won't divorce him and won't live with him."

"Why doesn't he divorce her?" Charlotte shrugged. "Ask me another. Because Anne doesn't insist, I suppose."

Days in Birmingham passed for the most part pleasantly and quickly, but during the odd moments that she couldn't fill, or when she had gone to bed and had no resources but her own thoughts, all the unsolved problems from which she had fled came trooping down upon her.

Then she knew that this was only a reprieve. She was like Joshua who had stopped the sun for a brief span; but afterwards the sun had gone inexorably on its way.

She had cried over Edwin's letter, so like Edwin himself in its resignation.

"If only he would threaten to beat me!" she thought wildly. "It would do us both good."

She wrote urging him to divorce her if he wished and Edwin replied quite characteristically that he was willing for her to divorce

Barrymore Pal Pays Fine For Diamond Ring

NEW YORK, Oct. 12. (AP)—It's perfectly true, Elaine Barrie said today, that she paid the government a \$2,000 fine for failure to declare a diamond ring she brought into this country last June.

What is more, the young woman added, John Barrymore gave her the money to pay the fine because "you see, the ring was my engagement ring from him."

"Mr. Barrymore gave me the ring in Havana last June just a few days before I returned to the United States," said Miss Barrie, 19-year-old former protegee and admirer of the actor. "It was at a dinner party—there must have been twenty or twenty-five people there."

Miss Barrie and her mother had accompanied Barrymore on his yacht Infanta on a cruise to Cuba last June. After several days, there, she returned to the United States by plane.

Miss Barrie said she had no intention of evading payment of duty on the ring, but had simply "forgotten about it."

She also managed to insert insidious bits of information that tore at her daughter's heartstrings. "Your father has looked very badly of late. I had him go to Dr. Morgan for an examination, and there is no organic trouble; but he seems to me to have broken a good deal lately. In spite of his protests I'm having Williams drive him to and from the office regularly now; the walk was tiring him too much."

Dr. Ward's note came too: a brief, paternal scrawl saying that he would be in town next week, and that he hoped she would have dinner with him. His talk was at four o'clock, and the meeting would surely be over by six.

She answered the note promptly, assuring him that she would be ready any time after six.

Dr. Ward arrived at the appointed time, greeted her bruski but warmly, and took her to dinner at the Southern Club.

Having ordered dinner, he looked at her keenly and professionally across the snowy table.

How Much Are Your Eyes Worth to You?

Your eyes are the most precious of your possessions. There isn't enough money in the world to buy them.

And yet a very large majority of people neglect their eyes—and abuse them with poor lighting. Check with your eyesight specialist—that's the first step. Then make sure your lighting is adequate to prevent further eyestrain.

Do you know that defective vision exists among 20 per cent of grade school children; 40 per cent of youths from high school through college age; and over 60 per cent of all adults?

Eyesight specialists and illuminating engineers have been giving careful study to eyesight conservation and have joined in a nation-wide "Better Light-Better Sight" activity to develop better seeing conditions.

Practically all stores selling portable lamps are joining in this movement. Ask to see the new I. E. S. Better Sight lamps "with the tag." Floor and table models, all scientifically designed to make studying, reading, sewing, and all other close visual tasks easy and comfortable. And the prices are low.

The members of our home lighting department, with the aid of a Light Meter, a wonderful and very simple device that measures light, are ready and anxious to bring to you, free of charge, the benefit of their training and experience in helping you to solve your lighting problems. Phone us for an appointment.

3 YEARS TO Pay!

How Much Are Your Eyes Worth to You?

Your eyes are the most precious of your possessions. There isn't enough money in the world to buy them.

And yet a very large majority of people neglect their eyes—and abuse them with poor lighting. Check with your eyesight specialist—that's the first step. Then make sure your lighting is adequate to prevent further eyestrain.

Do you know that defective vision exists among 20 per cent of grade school children; 40 per cent of youths from high school through college age; and over 60 per cent of all adults?

Eyesight specialists and illuminating engineers have been giving careful study to eyesight conservation and have joined in a nation-wide "Better Light-Better Sight" activity to develop better seeing conditions.

Practically all stores selling portable lamps are joining in this movement. Ask to see the new I. E. S. Better Sight lamps "with the tag." Floor and table models, all scientifically designed to make studying, reading, sewing, and all other close visual tasks easy and comfortable. And the prices are low.

The members of our home lighting department, with the aid of a Light Meter, a wonderful and very simple device that measures light, are ready and anxious to bring to you, free of charge, the benefit of their training and experience in helping you to solve your lighting problems. Phone us for an appointment.

COLBERT HERE IN FINEST OF RECENT FILMS

DRAMATIC THEME IS USED IN COMEDY ROLE

In a picture that is easily the best she has had since the now immortal "It Happened One Night," Claudette Colbert today is at La Nora theater. "She Married Her Boss," the star's newest vehicle, gives her every opportunity to display the piquant charm that has so endeared her to the movie-going public.

The film is, in essence, a comedy, but enough of the dramatic runs through it to give it backbone. And Columbia has supplied it with a supporting cast that smacks of genius. Headed by Melvyn Douglas and Michael Bartlett, Miss Colbert's two leading men, "She Married Her Boss" boasts also of the services of such sterling players as Raymond Walburn, Jean Dixon, Katherine Alexander, Edith Fellows, a child star who is as delightful a brat as has come this way in many a moon, and Clara Kimball Young, who comes out of retirement to do very well in a small part.

Miss Colbert the "Tops." But, of course, it's Miss Colbert all the way. Vivacious, intelligent, disarming in her frankness, she leaves no doubt in your mind that she is deserving of the highest honors the movies can bestow upon her.

As Julius Scott, a painfully efficient private secretary to Leonard Rogers—played by Douglas—she gets in trouble when she is careless enough, as the title has told you, to fall in love with and marry her boss. Rogers is a dyspeptic young man who has had an unsuccessful marriage; his life is being made further unhappy by an unmanageable, spoiled 9-year-old daughter and an old-maidish, bitter sister who runs—and ruins—his household. All this, Julia Scott inherits when she unsuspectingly says, "I do."

Marriage for Convenience. Not knowing that Rogers has married her mainly because her efficiency and orderliness—so evident in the office—would be a blessing in his utterly confused home, Julia sets about to become just a loving wife, refusing to do anything about the office, which, in turn, becomes a beehive of incompetence.

All of which adds up to a lot of unimportant misery for the newly-weds; Michael Bartlett, however, arrives on the scene as Richard Bareley, a playboy-business man, and promptly falls in love with the heavy-hearted bride. For the rest of the amusing tale, you'll just have to see the picture.

ZANE GREY STORY IN REX FILM

Zane Grey's newest and greatest story of rip-roaring outdoor adventure, "Thunder Mountain," coming today to the Rex theater, brings George O'Brien back to the screen as a two-fisted, virile, fighting hero of the lawless west.

Adapted from the new best-seller novel by the Homer of America's plains, "Thunder Mountain" is an engrossing story of the Idaho gold rush, of a man who gambled on a woman's love and lost, but could not be dowered.

Barbara Fritchie is the lovely but faithless beauty in this picture. An eastern girl, she encourages her father to stake O'Brien in his search for gold, hoping to share in his fortune.

President-Elect Of P-TA Honored

Mrs. Roy Holt, recently elected president of B. M. Baker Parent-Teacher association for another term, was honored by the Baker school faculty Wednesday afternoon.

Mrs. W. B. Bounds, Miss Claire Fuller, and Mrs. J. P. Arrington acted as hostesses. Mrs. Holt was presented with lovely flowers with expressions of appreciation for her work for the school. Sandwiches, cake, and coffee were served. All teachers in Baker school were present, and Supt. R. B. Fisher, Mrs. Claude Lard, and Mrs. Earl Roof.

PRESBYTERIAN CHURCH

L. Burney Shell, minister. The vesper hour at First Presbyterian church will be held again this afternoon at 5 o'clock. The mission study is proving very helpful as well as interesting to all ages. The special number for the worship period will be furnished by the young people. The juniors and intermediates, as well as the children have their own worship service. Bring your sandwiches and leave them at the door as you come in, and remain for the fellowship hour, 6 to 7 o'clock. The public is cordially invited to take part in this service which takes the place of evening service and Christian Endeavor.

... And She Married Her Boss

Charming Claudette Colbert has a comedy yet dramatic role in "She Married Her Boss," a scene from which is pictured above.

STATE BIRTHDAY OF P-TA HONORS FOUNDERS' IDEAL

Revival Speaker Will Preach for Services Today

A full auditorium again greeted the Rev. J. C. Sizemore, speaker in Central Baptist revival at the Friday evening service. Five additions to church membership resulted from his sermon. He will speak at all services of the church today. The public is invited to hear him today and during next week, when meetings will start at 10 a. m. and 7:30 p. m. daily. Music for the revival is in charge of H. E. Pearce. The Friday morning sermon was on "Necessity of Spiritual Growth." He compared spiritual development with depths of water, saying, "The trouble with many Christians is that they play too close to the edge of the pool, where snakes and frogs are." Friday evening the subject was "What Doest Thou Here?" He put the question to four groups: The backsliders, the indifferent church member whose membership is in another town, the indifferent local member, and the non-member.

High School P-TA Will Start Year

High School Parent-Teacher association will have its first meeting this term on Thursday afternoon, in high school library. It will begin at 4 o'clock. Election of a president will feature the business hour. All members and prospective members are urged to be present.

WMS at Skellytown Hears Boad Review

SKELLYTOWN, Oct. 12.—The Women's Missionary society of Skellytown Baptist church met with Mrs. Lewis Wednesday. A lesson in the book, "A Wandering Jew in Brazil," was discussed by Mrs. Stanley. Refreshments were served to 10 members. It was announced that the next meeting will be an all-day quiting with covered dish luncheon at the home of Mrs. Carol next Wednesday. Everyone interested in this kind of work is invited to attend meetings of the society.

GOOD SHOW TO BE GIVEN AT BENEFIT EVENT

NEWS AND THEATER TO HELP NEEDY OF PAMPA

Pampans who attend La Nora theater next Wednesday, Oct. 16, will enjoy a good show as well as do good turns by contributing usable garments to Pampa's needy.

The NEWS and the theater will give benefit shows all day, with everyone admitted free who presents a good usable garment or a pair of shoes. Children's clothing is particularly in demand. Many children will be unable to continue in school unless given clothing immediately.

For the first time in his 15 years as a film actor, Roscoe Karns plays a semi-romantic role in his latest picture.

Featured with Lee Tracy and Gail Patrick in "Two Fisted," Paramount comedy coming Wednesday to La Nora theater, Karns wins a screen sweetheart in the film at the fadeout. Grace Bradley plays opposite the comedian in the production.

Cast as a moronic prize fighter whose manager is wisecracking, fast talking Lee Tracy, the two find themselves suddenly transplanted from the boxing ring to a Park Avenue mansion. Kent Taylor, wasterl playboy hires them to put him in condition to handle his crooked brother-in-law who is willing to give his wife, Gail Patrick, a divorce providing she gives him the custody of their small son, Billy Lee, heir to a large fortune.

Tracy and Karns are installed as butlers in the household to hide the real purpose of their being there. Hilarious complications develop as the two try to impersonate servants in a swanky Park Avenue home. They even stage an exhibition boxing bout as entertainment to a group of Taylor's society friends. Events reach an uproarious climax with the suspected kidnapping of Billy while the fighting match is taking place.

Miss Bradley appears as Billy's nurse, making a perfect foil with whom Karns falls in love. Tracy, too, has his romantic interlude in the person of Florence Lake, feminine fast talking counterpart of the rapid speech actor.

Until his appearance in "Two Fisted," Karns was cast steadily in strictly comedy character parts with no heart involved. The nearest he ever got to a screen romance was in a film in which he constantly referred to "Maggie." However, "Maggie" proved to be a sweetheart in name only.

Others in the cast are Samuel Hinds, Akin Tamiroff, and Gordon Westcott. James Cruze directed.

Passion Play To Be Sponsored by P-TA in Amarillo

AMARILLO, Oct. 12.—Vernon Hendry, director of the Passion play to be presented in Amarillo, has arrived in the city with his musical director, Murray Meeker, and business manager, Lee Shrophire. Mr. Hendry in the role of the Christ will be the only member of the cast not recruited locally. He served during the World war and following his discharge from the army traveled extensively over Europe studying variations that mark the offering of Passion plays in various sections.

Among their first tasks will be the assembling of dramatic and musical talent to the number of about 250 Amarillo people who will participate in the "Drama of all Dramas" which will be sponsored locally by the Amarillo Council of Parents and Teachers at the high school auditorium October 25 and 28. Passion play headquarters have been established at 706 Polk street.

Class Has Prayer Hour and Social

Homemakers class of First Baptist church met with Mrs. C. W. Briscoe Friday afternoon for a prayer service and social hour. Mrs. Owen will preach a sermon which he is delivering throughout the district of North Texas on Christian Marriage and the Modern State. The public is invited to attend. Arrangements may be made for baptisms or confirmation at the time of this service.

Return to Greek Throne Is Near

Return to the throne of the country from which he has been exiled for 11 years is believed at hand for George II of Greece, shown here in a recent picture. With George Kondylis, royalist leader, premier of the new cabinet, the way has been opened for the exile, deposed and banished in 1924, when the Greeks decided to have a republic.

WEDDINGS

her daughter, Fairy, to David Ramey of Panhandle. Mrs. Elizabeth Volmer entertained at her home in Amarillo Monday. The wedding date announced was Nov. 2. Miss Dorothy Harper of Amarillo, bride-elect of Joe Tooley of Panhandle, was honored with a shower at the home of Mrs. Joe Long in Amarillo last week.

MOBETTE, Oct. 12.—A reunion of the Worthington family was held at the home of Mr. and Mrs. L. W. Love last Sunday. Relatives were present from the states of Washington, New Mexico, and various cities in Texas.

DRAPERY SWEEPS INTO STYLE VIEW
PARIS (AP)—Greek goddesses and Egyptian sirens have inspired the Paris evening gowns for 1936. Drapery is the watchword. It is everywhere—veiling shoulders, molding hips, flowing backward in sculptured folds and making some of the most picturesque gowns the fashion world has created since the war. Every designer has used it in his own fashion, working with the soft crepes, chiffons, velvets and laces which best lend themselves to the molded effect.

RANK ADVANCE IN CAMP FIRE WILL BE MADE

Girls Finish Work For Highest Order

Checking work that has been done during vacation toward achieving the highest rank of Camp Fire Girls, members of the Tatapochon group met Thursday afternoon at the home of Anna Mae Jones for a business session.

Work of the fall has just been started by this group. Reports of summer vacations were made, telling of visits to various states. The rank of torchbearer, highest in Camp Fire work, will be conferred on girls of the group as soon as record books covering their year's activities are approved by national headquarters.

Five are asking advancement for work in homecraft, one each in health, camping, and music. All girls in the group are at work now, earning money for their year's dues.

A Halloween party was planned and committees appointed. Jessie Marie Gilbert and Edith Beckham will be in charge of entertainment; Betty Homer, Myra Seeds, and Edna Mills of decorations; Katherine Ward and Herma Beckham of refreshments.

Next Thursday the girls will meet again at Anna Mae Jones' home, 511 N. Yeager, to start on a hike and steak fry.

Pupils' Mothers Invited to Tea

Mothers of first grade pupils at B. M. Baker school, and all room mothers are invited to a tea at the school building Wednesday afternoon at 2:30. The summer health roundup sponsored by the Baker Parent-Teacher association will be closed at that meeting and Miss Llewellyn Shelby, school health director, will speak.
