"Whenever we add to the powers of government, or permit them to grow, our freedoms are by that much lessened." —Faith and Freedom

Dear Santa:

I am a little girl 5 years old and I have a little sister 2 years old. We have been pretty good and for myself I would like a doll, doll bed, and a electric iron and blackboard.

Thank you Santa Claus Janet and Doris Jean Pruett 317 N. Wells

Will you please bring me a cowboy suit, guns, cowboy jacket, and a ball glove. My name is Dickie Lynn Hefley and I am 6 years old.

Much Love Billie Toepfer 1148 N. Starkweather

I am a little girl 8 years old. I go to Sam Houston School. I am in the second grade and Mrs. Gibson is my teacher.

Much Love Billie Toepfer 1148 N. Starkweather

I am a little girl eight years old. My name is Linda Sue Tribble. I want a doll in a blanket and a red lunch pail.

Much Love Linda Sue Tribble

Please let me remind you that I would like a model fire truck and a little old train and a wind up one.

Much Love Richard Bull Lefors, Texas

I am four years old. I would like to have an ironing board and don't forget my little sister. She is only eight months old.

Much Love Elizabeth Gay Coker 412 N. Ballard

I am a little boy three years old. Please bring me a record player and ranch house.

Much Love Michael Wise 616 N. Wells

Please bring me some size 7 slaps, a teddy bear and lots of candy and nuts.

Much Love Connie Ray Kuntz 1207 E. Francis

P. S. Would like for you to bring me a new pair of shoes too if you have them.

I would like you to bring me a plastic cattle truck. Please bring a pair of Roy Rogers guns \$8.95.

Much Love Dale Goodner 809 Barnes

Hope you are doing fine so you can make your great trip around half the world.

Much Love Jerry Goodner 809 Barnes

I am a little girl five year old since I can't write my sister Brenda is writing it for me.

Much Love Leslie Karen Watkins 1820 Hamilton Pampa, Texas

I want a Bonnie Braids doll and basketball and goal and basket ball pump.

Much Love Dennis Dunn Box 285 Lefors, Texas

SIMPLIFIED MAILING — Mrs. H. W. Waddell, 529 N. Hobart, aids postal authorities during the busy Christmas season by tying her cards in a package. Here she hands the packaged cards to Bob Sanford, superintendent of mails.

Christmas Mail Must Go Now Or Be Late

Parcel post packages must be sent immediately to arrive at their destinations by Christmas, W. B. Weathered, local postmaster, said yesterday.

City Issues New Booklet

For the third consecutive year city taxpayers can get a first hand look at where the city gets its money and where it is spent.

Yule Party Slated Today By VFW Post

Yes, Virginia, and some of you Pampa kiddoes, there is a Santa Claus.

The annual Christmas concert of the Pampa High school choral department will be presented at 8 p. m. Tuesday in the high school auditorium.

Rites Will Be Held Monday For Mrs. Ola Beavers

Mrs. Ola May Beavers, 820 N. Gray, died at 9:20 a. m. Saturday in Highland General Hospital.

Salvation Army Plans Yule Party For 200 Children

Two hundred children will receive gifts and food at 7:30 p. m., Dec. 24, at the Salvation Army chapel, 131 E. Albert.

CALVIN R. (SANDY) JONES dies near Santa Fe

C. R. Jones, Former Lefors Resident, Killed in Accident

Calvin Riley (Sandy) Jones, 25-year-old former resident of Lefors, was killed Saturday when his car hit a culvert 17 miles south of Santa Fe.

Jones, who was believed to have been returning from a hunting trip in New Mexico, apparently went to sleep at the wheel of his car.

Funeral services are scheduled at 1:30 p. m. Monday in Canadian. Burial will be in the family plot at Panhandle.

Sentence Is Suspended On Forgery

A two-year suspended sentence for forgery was handed Billy Wayne Gathler, 21, of Lubbock, Friday morning in 31st District Court by Judge Lewis M. Goodrich after receiving Gathler's plea of guilty.

Escaped Convict Sought In Abilene

Abilene — (AP)— The search for Ernest George Bland, escaped convict, centered in this area Saturday after witnesses to the armed robbery of Safeway store identified him by pictures as the gunman.

Postal Receipts Over Last Year

Local postal officials estimate total receipts for 1951 to surpass those of last year.

Hereford Breeders Directors Will Meet Monday

Final plans for cataloging 27 head of stock for the Feb. 15 sale will be made Monday noon when Top of Texas Hereford Breeders Assn. directors meet in the Schmieder hotel.

VFW Kid Party In Hall Tonight

The Veterans of Foreign Wars local post will entertain a bout 200 children at 6 p. m. today during an annual Christmas party in the VFW hall.

Main Purpose Of Steering Committee Is To Secure Clothing And Toys From Home For Orphans

One of the main purposes of the steering committee is to secure clothing and toys from home for the orphans. Supplies collected locally may be taken to L. P. Fort at the Texas Eastern Disarmament Commission, 206 N. Russell.

Orphan — One of a group of Korean war orphans is made happy with clothes sent them by Americans.

ORPHAN — One of a group of Korean war orphans is made happy with clothes sent them by Americans. This small boy wears a pair of trousers donated by a Pampa family. Member of the steering committee for the newly founded orphanage in Korea is Gene Fort, son of Mr. and Mrs. L. P. Fort, 159 S. Faulkner.

Britain To Make December Payment Of 176 Millions

LONDON — (AP)— Hard-up Britain announced Saturday she will pay both interest and capital installments, totalling 176 million dollars, due Dec. 31 on her post-war loans from the United States and Canada.

Prime Minister Churchill's new government also gave the British pound sterling a small measure of freedom to demonstrate its real value in foreign money markets.

Difficulties Slow Road Work

Cold weather and a faulty boiler slowed down highway work in Roberts and Carson counties on main roadways leading to Pampa.

North of Pampa, on State Hwy. 70, rock crushing crews were forced to stop work at noon Friday but went back to work Saturday morning.

Survivors

He is survived by his wife, Mary; a daughter, Karen, 2; his parents, Mr. and Mrs. D. M. Jones, Lefors, and five aunts, Mrs. Floyd Lee of McLean; Mrs. Ethel Fairchild, Douglas, Ark.; Thelma Mankin of Council Hill, Okla.; Mrs. Charles Burkett of Clayton, N. M.; and Anna Claussen of Groom.

Survivors

Mr. Jones was born in Lefors and attended school there until he joined the Navy in 1944, according to Mrs. Lee.

Movie About Money Growing On Trees Begins New Cycle

By EARL THOMPSON
 The movie about money growing on trees begins a new cycle. The picture is a sequel to the first picture of the same name. It is a story of a man who discovers a way to make money from the air. The picture is a sequel to the first picture of the same name. It is a story of a man who discovers a way to make money from the air.

RECEIVING TOP SCOUT AWARDS — Mrs. Farris Oden, in the picture on the right, presents her husband with the Silver Beaver award, the Scout honor of the annual banquet and program held at the Adobe Walls council here Friday night. Other men who received the award from Scouters during the session at which Scouters and their wives from over the Texas and Oklahoma Panhandles attended. R. J. East of Berger was in charge of the ceremony at which the two men were honored. (News Photos)

Scouters Honor Farris Oden And Berger Sheriff With Top Awards

Scouting's highest honor — the Silver Beaver award — Friday night went to Farris Oden, Pampa, and Sheriff Hugh Anderson, Berger, in one of the most impressive such ceremonies ever witnessed by the Adobe Walls Council, Boy Scouts of America.

The two scouts were called to the stage of the high school auditorium and presented the award in front of 10 other men also wearing the white and blue ribbon with the silver beaver.

Anderson was named because of his work as a Scoutmaster in the district, and Berger because of his work as a Scoutmaster in the district. The award is given to Scoutmasters who have made a significant contribution to the Scout movement.

The picture is a sequel to the first picture of the same name. It is a story of a man who discovers a way to make money from the air. The picture is a sequel to the first picture of the same name. It is a story of a man who discovers a way to make money from the air.

Ten Minutes On Plane Tail Is Too Much

BATTLE CREEK — (P) — Frustrated Lloyd Bowen classified the ten minutes he spent on the tail of a spinning small plane yesterday as the most harrowing experience — and he was a gunner on a B-29 superfort in World War II.

Here's what happened: Bowen, 36, landed his two-place single engine Cessna at Kellogg airport and started taxiing toward a hangar. The engine ticked out in the snow above his car. Bowen alighted to spin the propeller by hand and get the engine started again.

It started with a rattle and almost chopped Bowen down. He wrapped his arms around the rudder as it panned and held on, but the plane didn't stop. He forced the rudder to the side, making the plane run in a circle. Finally, after ten freezing, dizzying minutes, the spinning plane was spotted by the airport tower.

A crash truck sped up. Two attendants jumped off and grabbed the tail with Bowen, who then let loose and ran to the cockpit, forcing in the throttle he'd left too far out in the first place.

Caked with snow and ice when he got off, Bowen got first aid for his frostbitten face and ears. He also got a bruised leg.

Airport authorities said the engine was running around 2,000 revolutions per minute during his wild, but Bowen-controlled spree. At that speed, they said, the plane, without a man's weight on its tail, likely would have taken off and possibly crashed into hangars or nearby homes.

Sweden Asked To Join Commission

STOCKHOLM, Sweden — (P) — The United States officially asked Sweden if she is prepared to join a neutral reporting commission in Korea, the Swedish foreign ministry said today.

The American request was made in Washington by U. S. assistant secretary of state John Hickerson in a conversation with Swedish ambassador Eric Ekman, the ministry added.

Pennsylvania produced two million tons of bituminous coal in 1933. In 1934 the state's output was 202,500,000 tons.

Shamrock Seniors Plan Yule Party

SHAMROCK — (Special) — Hefley said, with all high school seniors will honor a Christmas dance at the Shamrock Country club Thursday night, Dec. 20, Jimmy Hefley, president, said Thursday. Festivities will start at 7:30. Seniors hope to increase

fund with which, next spring, they will make the annual senior trip. All fall they have been selling candy, hot dogs and assorted items to build up this fund. Oysters and scallops are lazy members of the seafood world. In their native element they lie on one side, whereas most other bivalves live erect, standing on the edges of their shells.

SWEETHEART FROM PAMPA — Miss Beverly Brandt, daughter of Mr. and Mrs. Stanley W. Brandt, 427 Warren, was presented last night as sweetheart of the Air Reserve Officers' Training Corps of Texas Technological college in Lubbock. Miss Brandt was chosen by popular vote to be the sweetheart of the cadet wing, actually representing 707 cadets. She was escorted by Robert G. Schmidt, cadet colonel. Miss Brandt was presented at the annual Air Force ball sponsored by the Arnold Air society, a cadet organization. Schmidt is from Lubbock.

Christmas Play To Be Given Today In Irish Church

SHAMROCK — (Special) — Methodist young people present "Still Shines the Star," a Christmas play, at 8 p. m. today under the direction of Mrs. Sam Thompson. Young people on the way to a party run out of gas and find shelter in an old barn. The main story is presented in the form of a vision. Characters include: John — Billy Ryan; Marie — Frederika Abbott; Ruth — Julia Beth Holmes; Mary, Mother of Jesus — Carolyn Dodgen; Gabriel — Tommy Holmes; Angels — Glenda Lee Henderson, Sue Ann Benson, LaDonne and Laverne Vermillion; Joseph — Gerry Mayfield; the infant Jesus — Toni Gall Richerson. Other parts include allegorical figures and spirits. There will be carolers and piano music.

Modern electronic calculators have taken machine mathematics out of the finger-counting stage. The automatic sequence calculator can "remember" numbers or orders, and work an involved computation from start to finish by itself.

BEN PARKS ... To Memphis

Shamrock Cashier Named Official For Bank At Memphis

SHAMROCK — (Special) — Ben Parks, cashier of the First National bank here, has resigned his position to become vice-president of the First National bank of Memphis.

Parks will remain with the local bank until January 1, when he will move to Memphis to assume his new duties. The family will remain in Shamrock until school is out in May. Parks came to Shamrock in 1945 from Boger, where he served in the finance department of the United Carbon company. He is prominent in Shamrock civic affairs, as president of the Booster club, member of the city hospital board and as president of the Shamrock school board. He was vice-president of the board in 1950-51, and became president last spring after leading a ticket of eleven to victory in the April school election. Parks polled 210 votes to lead the field. Other winners got from 169 to 209 ballots. His son, Bennie, is prominent in high school affairs, Irish golf champion and basketball team member. Bennie will remain to finish his high school career, play golf and basketball, and graduate in May. Mr. and Mrs. Parks have three children — Bennie, 18; Joy Beth, 14; and Larry, 4. He is a charter member of the Shamrock Quarterback club.

New Mexico Has Period To Answer Water Rights Suit

WASHINGTON — (AP) — New Mexico has until Dec. 22 to file an answer to a suit by Texas regarding Rio Grande water use, supreme court officials said. Texas has asked permission to sue for an injunction to restrain the middle Rio Grande conservancy district of New Mexico from increasing the amount of water in El Vado reservoir or any other reservoir on the Rio Grande or its tributaries above San Marcial, so long as there is less than 400,000 acre feet of usable water in storage. Texas says these water use terms are part of the Rio Grande compact regulating water distribution. Price Daniel, Texas attorney general, said when he filed the suit Oct. 29 that top New Mexico officials were willing to cooperate with Texas but were unable to get the middle Rio Grande water district to respect the compact. Court officials said the case will be considered in closed session. Linament makes our arm smart, but we've never yet tried to rub any on our head.

Atom History In Making; New Power To Be Tested

By HOWARD W. BLAKESLEE
A Associated Press Science Editor
NEW YORK — (AP) — Our first atomic power — steam-electricity at Arco, Idaho — is expected in the first six months of 1952. This will come from a new kind of reactor, a pile of concrete-shielded uranium in which atoms split. This reactor is housed in a very ordinary-looking building about the size of a large church. The building has been completed for a year. The reactor inside it started only recently. There are no details of any sort, because this is one of the most secret reactors every built, and is the most important.

breeder, even though the power will be insignificant. For breeding it is done in the great plants which will produce industrial atomic power. At Arco the scientists are starting with uranium. The splitting uranium atom will make plutonium. If each split uranium atom makes more than one plutonium atom, then the great goal will be in sight. This goal is to split plutonium atoms to make more plutonium, and also to make a new kind of uranium, known as 233, which does not now exist. Only the success of plutonium-splitting will assure the world of large amounts of atomic power. She said that she was just a little pebble on the beach of his life, so he asked her to be a little boulder.

Stars and Stripes

GRADUATE — Pfc. Clarence R. Hardy, brother of Leroy Hardy, Pampa, was recently graduated from the basic airborne course of the infantry school, Fort Benning, Ga., as a qualified paratrooper. The course is designed to train volunteer officers and enlisted personnel from all arms and branches of service as qualified paratroopers. Students are required to make five jumps from an airplane including one with full equipment. The course is open to officers and enlisted men of the regular army, organized reserve and national guard. Courses range from training recruits to be paratroopers to training commanders and division general staff officers.

of close-quarter fighting with the enemy while serving with the 25th Infantry division in Korea. The badge, consisting of a miniature replica of a Revolutionary war flintlock mounted on a blue background and superimposed on a silver wreath, distinguishes the actual fighting men from rear area and service troops.

Butler is serving with the 27th Regiment, Company G.

Pfc. Jack H. Sawyer, son of Mr. and Mrs. R. H. Hassell, 334 Rider, left Korea the last of November and expects to be home in time for Christmas. He has served 11 months in Korea with the first Marine division as assistant gunner and squad leader.

Pvt. Clarence R. Hardy, Pampa, recently was assigned to B battery, 320th Airborne Field Artillery battalion, Fort Benning, Ga. He was inducted into the army last April and completed basic training at Fort Riley, Kan.

Man Gives Life To Save Partners

CLEVELAND (AP) — A man gave his life to save his two partners when an 11-foot ditch caved in.

George N. Awen, 58, was the hero.

Rudy George, 29, got out of the ditch unscathed. His brother Minor, 34, suffered back injuries and was taken to a hospital.

The men had been partners for 10 years. They were laying a sewer line along a new street. Two feet wide and 11 feet deep, the ditch was 25 feet long.

As a steam shovel bit into a water line 20 feet away, the ditch filled rapidly and the walls began to crumble.

Awen braced his back against some temporary planking on one side, and jammed a knee and his hands against the other side. "Get out," he yelled to his partners.

As the George brothers scrambled for the surface, the cave-in caught Awen. His body was dug from planking and shale an hour later.

Polio Lets Up In Odessa; Christmas Shopping Begins

ODESSA (AP) — The polio situation has improved so much in Odessa that a Christmas parade, once cancelled, will be held.

Merchants yesterday reversed themselves and decided to hold the affair Dec. 19.

No new polio cases have been reported since Tuesday.

School attendance, which dropped sharply when the polio epidemic began, rose to 8,000 yesterday, the highest this month. Enrollment is 9,870.

The count of polio victims stood

at 76 today, ten of whom have died. Theaters were open and Christmas shoppers crowded stores.

If you want to get back on your feet, just get rid of your car.

OVERSEAS — Airman Delbert Patterson, son of Mr. and Mrs. Pat Patterson, Lefors, is serving with the Air Force in Korea.

IN KOREA — Bobby Dunn, son of Mr. and Mrs. H. D. Dunn, Lefors, recently met Delbert Patterson, Lefors, in Suwon, Korea. Dunn has served four years in service, two of which have been spent in the Asiatic theatre. He is a former Pirate athlete.

Two area men are serving aboard the destroyer USS Porterfield in Korean waters. They are Joseph C. Johnson, SA, son of Mr. and Mrs. Charles R. Johnson, Higgins, and Richard F. Elms, seaman, son of Mr. and Mrs. George W. Elms, Lefors.

TO RETURN — Troy Straener, Lefors, now serving in Korea, expects to return home on a "rotation" leave next February.

A veteran of nine major engagements in the Pacific during World War II, the Porterfield was recommissioned from the Pacific Reserve fleet last summer.

Since arriving in the Far East, the ship has worked as a member of Fast Carrier Task Force 77, and as a unit of the United Nations blockading and escort force.

Cantata Planned At Wheeler Dec. 19

WHEELER — (Special) — Mobbie Methodist church will present a Pageant - Cantata Dec. 19 beginning at 7 p. m. The story of the birth of Christ will be depicted in scenes and song. In addition to the adult choir there will be a chorus of angels, shepherds, King Herod, Wise Men, prophets and priest. Special lighting effects have been arranged.

Specials will be sung by W. D. Wheatley, Sidney Mayfield, Clarence Dyson and Rev. Sam A. Thomas. Shirley McCauley sings the Mary solo and Bud Carroll Scribner will take the part of Joseph.

The pageant is the Christmas story as told in Luke 2: 1-21.

BUSINESS ON UPGRADE
SAIGON, Vietnam — (AP) — Vietnam's economy is on the upgrade even though there's a war on against the Communist-led Viet-minh forces.

Increased rice exports are highlighting this trend. The Vietnamese minister of national economy, announced here that rice exports during the first 10 months of 1951 topped 220,000 tons. Vietnamese now optimistically predict that the outgoing shipments will reach around 500,000 tons in 1952.

MEW McLEAN WELCOME — McLean Jaycees look over the new highway welcome signs put up late last week at each city limit on Hwy. 96. Shown above are J. Lester Dysart and Howard Horne on the left and Hickman Brown, McLean Jaycee president, on the right. The slogan on the sign was submitted in a contest by Mrs. R. N. Ashby of McLean. Mrs. Ashby thought up 15 slogans and had two in the final running. Brown said she would have won second place also if there had been a second prize offered. (News Photo)

Shamrock Teachers Sign Oath

SHAMROCK — (Special) — Shamrock teachers signed the loyalty oath required by state law at a special teachers meeting Wednesday.

Supt. Elmer J. Moore called the meeting, at which the oath was read and explained and a list of subversive organizations furnished by the Texas attorney-general's office was read to the group.

All 42 of the Irish teaching staff signed the non-subversive oath and there was no difficulty in completing the project.

Russians Try To Equal U. S. Dark, Weather-Proof Bombers

WASHINGTON — (AP) — The Russians, with an eye on the growing capability of American long-range bombers to strike in darkness or storm at high altitudes, are hastening to get all-weather interceptor planes into the Soviet Air defense system. This was pointed up in information contained in the newly published edition of Jane's "all the world's aircraft," a privately published manual on planes. It comments: "Russian development of night fighter appears to have been rather disquieting to us in early 1950 there became known the existence of a twin-jet. Fighter of modern conception it is credited to Lavochkin (Semyon A. Lavochkin, a Soviet aeronautical designer) though this is not certain.

"This fighter has been said to be a single-seater but in view of the fact that a good deal of radar is housed in the nose it is possible that there may actually be accommodation for a second crew member."

(Some other aviation experts on foreign fleets have reported that at least two all-weather interceptor types are now in use by the Red Air force.

(The extensive radar equipment in all-weather or night-fighters is used for locating hostile bombers and for automatically aiming guns or the plane itself, in the case of fixed gun mounts, at the target.)

Jane's also reports what "is probably the first really successful" Soviet jet bomber. The publication believes this plane is designated as the TU-10, designed by Andrei Tupolev, who also copied the American B-29 to produce what the Russians call the TU-4 strategic bomber.

The TU-10, as described by Jane's, appears to be a light bomber.

Significantly, it is reported to have been put into service by the Soviet Air force in Eastern Germany. The function of a light bomber is to support ground troops by close-up bombing or attacks on rail and highway sup-

Missing Teacher Search Appears At Dead End

BROOKINGS, S. D. — (AP) — Widespread search for a missing 35-year-old woman English teacher appeared to have reached a dead end Friday, the sixth day of her disappearance, as authorities admitted, "we don't know where to look."

The comely Dr. Barbara Morehead, instructor at South Dakota State college, dropped from sight Sunday when she checked out of a hotel at nearby Mars Hill, Minn. Since then, there has been no trace of her.

"She is living up to the title we had for her as a 'mystery woman,'" said H. M. Crothers, acting president of the college.

Dr. Morehead made no close friendships on the campus and had but few acquaintances. College officials earlier believed they might have had a clue in a bouquet of 16 roses which were reported to have upset Dr. Morehead when she received them last week before she vanished. But her former husband in Atlanta, Ga., music teacher, dispelled any mystery about those flowers.

Professor Eugenio Prosperini said he had been married to Dr. Morehead for four years, before they were divorced in 1948. He sent the roses, he explained, after learning that his former wife had received her doctor of philosophy degree. She registered as a divorcee when joining the faculty here.

Dr. Morehead's car was found, locked and abandoned, near Lake Benton, Minn., not far from Mars Hill.

Should U. S. Speed Up Arms At Cost Of Civilian Goods?

NEW YORK — (AP) — Should America speed up the pace of arms production at the expense of civilian goods output, profits and jobs? Or should it slow down the pace already outlined and spread rearmament out over more years to lessen the shock on the taxpayer and the industrial economy?

The debate is growing hotter. Today we have Defense Mobilization or Wilson saying he isn't going to change the pace. He declines to express either some senatorial critics who want more guns quick, and even the weakening of the entire economy.

Wilson says the arms program will go on as planned — \$150 billion to be spent over three years. The pace already outlined, a spread rearmament out over more years to lessen the shock on the taxpayer and the industrial economy?

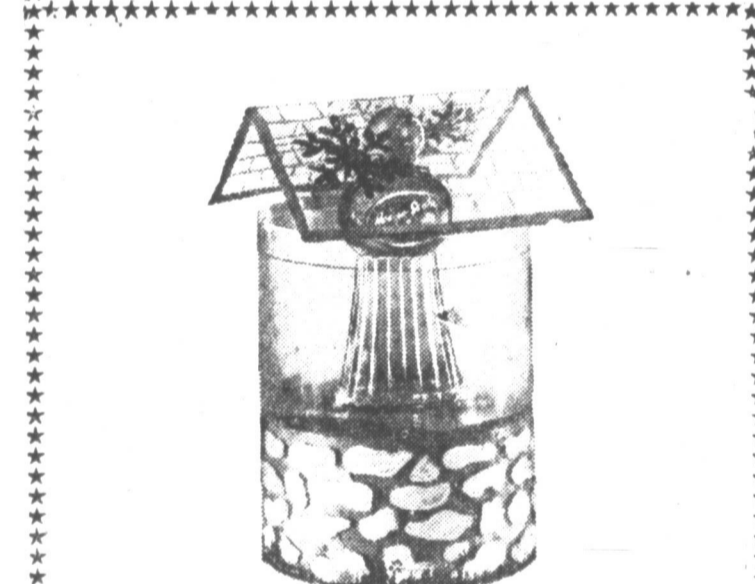

The effect of the present controls — part of the arms program — on their business is called dangerous by a retail group. The controllers congress of the National Retail Dry Goods Assn. tells Price Stabilizer DiSalle that price controls are squeezing their profits badly.

Earnings after taxes of 253 department and specialty stores dropped from 2.9 per cent in the first nine months of last year to 1.4 per cent of sales in the first nine months of this year, they say. They want controls relaxed so they can preserve their profit margins.

Another group worried today are the manufacturers who use scarce metals. Defense Production Administrator Manly Fleischmann warns them to expect further sharp cuts in metal allotments after next March, to make way for the stepped-up aircraft production program then, as planned.

Many plants already have cut back to civilian goods production because of the demands of the defense industries for scarce metals. Thousands of workers have been laid off. Further metal curbs coming after the first of the year threatens more slowdowns in civilian industries and Fleischmann's warning of still more later in the year has many businessmen worried.

Two truck drivers added to the mystery by turning in keys to the machine at the Marshall Sunday morning after Dr. Morehead had retired. The car, still locked and bearing only a slight dent in a fender, remains on the highway shoulder where it was abandoned. There has also been no work from the truck driver, Benton, Minn., not far from Mars Hill.

Book Review Given At Irish Program

SHAMROCK (Special) — Mrs. Bedford Harrison, widely-known Shamrock book reviewer, appeared in assembly Wednesday morning as a special feature of the junior class chapel program.

Mrs. Harrison reviewed "Oh, The Brave Music," by Dorothy E. Smith, a late volume.

Rodney Sutherland, junior president, directed the program, introducing Mrs. Harrison and all other parts.

Preceding the book review, the mixed junior quartet, La Carol Bledsoe, Don Carlton, B. D. Harrington and Paul Couper — sang Christmas songs.

Two Charged In Connection With Negro's Death

TEXARKANA — (AP) — Two Texarkana white men have been charged with murder in connection with the death of an aged Negro woman.

Miller county officers said she had been beaten to death. Her body was found in her home Wednesday.

Charged are Nolan Gibson, 31, and Morris Grigson, 36.

Miller county sheriff W. E. Davis said Gibson was recently released from a veterans hospital in Waco, Texas. He said a member of the family told him that they had requested that Gibson be allowed to come home from the hospital for the Christmas holidays.

The Negro woman, Emma Williams, 70, was found dead in her home by neighbors who became alarmed about her after they did not see her Tuesday.

Miller officers said she had been beaten with a blunt instrument.

Leader Is Named For Irish Red Cross Drive

SHAMROCK — (Special) — Jim Dougherty will serve as chairman for the membership drive in the local Red Cross chapter, R. L. Roberts, Irish chairman, reports.

Dougherty is member of the law firm of Hill & Dougherty. The membership drive will be conducted in March.

Lubbock, Breckenridge Gain State Grid Championships

Westerners Squeak Buckaroos In To 14-12 Victory

By HAROLD V. RATLIFF
DALLAS — (AP) — Daring, dashing Lubbock skinned over Baytown 14-12 Saturday for its second Texas schoolboy football championship in history.

Tremendous touchdown runs by muscular, battering Jim Sides and the accurate toe of Don Jones brought the boys from the South Plains the Class AAA title in the chilly Cotton Bowl.

Sides slashed 63 and 37 yards for scores and Jones kicked both extra points true — and that was the game in this bitter day with football to match.

The Westerners and Ganders threw most everything at each other and Lubbock triumphed because it took more chances. The marvelous piloting job of Charley Brewer — and his passing — speared the Westerners on to the heights.

It was 28 degrees and the crowd of 15,312 suffered, but the football teams didn't seem to mind. There were few fumbles and there were some great pass receptions.

Baytown's line was tough for Lubbock to handle but the Westerners did well on end sweeps. It was on one of those that Sides raked up the first Lubbock touchdown in the second period. He sped down the left sidelines 67 yards without a hand being laid on him. However, Fred Ernest, the Baytown safety man, would have gotten to him had it not been for a terrific block the irrepressible Jones laid on the last Gander defender.

Jones was catching passes, making great blocks and tackles a nd doing everything you could expect of a football player all afternoon.

Baytown drew within a point of Lubbock early in the fourth quarter when, on fourth down, the passback from center went far over the head of Buddy Hill, who was back to kick for Lubbock, and he covered the ball on his 21. Kevin Lounsbury took the ball for a smash into the line, saw he was trapped and lateraled to Jim Walmaley who raced down the left sidelines to a touchdown.

Here Baytown also had center trouble. The passback on the try for extra point was high. Bill Bradbury, who was to hold the ball, leaped up and caught it but as he came down he touched his knee to the ground. So, despite the fact that he passed the ball back to Gerald Orton, the latter couldn't run with it since it was a ruled dead. However, Orton was swarmed by Lubbock players anyway and probably couldn't have made it.

ONSIDE KICK
The Baytown touchdown just made the Westerners mad. They pulled an onside kick on the kickoff with Jim Middleton covering the ball on the Baytown 48. A 15-yard holding penalty slowed Lubbock down only temporarily. Brewer passed to Mike Brady for 16 but Baytown held and Hill kicked out on the Gander 13. Baytown had to kick following a penalty and Lubbock got the ball on the Baytown 37. Brewer handed off to Sides who slammed over left tackle for a touchdown.

When Sides made his touchdown run he brought his total yardage for the day to 110 yards on 15 carries. He was not the ground-gaining leader of the game; however, Lounsbury rolled up 116 on 16 carries for Baytown.

The Ganders swarmed 57 yards for their second touchdown as time was running out. It was scored by Lounsbury on a six-yard smash over left tackle. Orton missed the extra point.

Baytown 0 0 0 12-12
Lubbock 0 7 0 7-14

Baytown scoring: touchdowns — Walmaley, Lounsbury.
Lubbock scoring: touchdowns — Sides 2; conversions — Jones 2.

ARLINGTON MOVES INTO AA FINALS
FORT WORTH — (AP) — Artackle ripped Anson's vaunted line to shreds before 5,000 freezing fans in TCU's Amon Carter stadium Saturday afternoon to post a 26-6 victory and gain a passport into the finals of the conference AA football race.

Playing without the services of their ace fullback, Kenneth Scott, the West Texans couldn't dent the rock-ribbed defensive wall erected by the Colts until deep in the second period after Arlington had already gained a three-touchdown advantage.

The Colts, making their second straight appearance in the semifinals, launched their opening touchdown drive with a merciless attack the first time they got the ball.

With fullback Rusty Gann running amuck, the Colts whipped downfield 65 yards to score, with quarterback Ray Glasgow flipping a 14-yard pass into the arms of Fred Cook in the end zone for the initial counter.

WARREN'S ARMUP
By Warren Hase — News Sports Editor

QUESTION: Who won the first United States Open golf tournament and the first PGA meet?

WELL, SHE'S ALL OVER . . . and the Lubbock Westerners are the champions. Somebody said during the summer that nobody would go through District 1-AAAA undefeated. Lubbock's great football machine not only did just exactly that, but it moved through the best that the rest of the state could throw at it.

The fact that the state champion came out of 1-AAAA was no surprise to this area's fans. And they can expect to turn out many state champions in all sports from 1-AAAA.

There is little question but what the first four clubs in this district could have moved to the state championship finals. But whether anyone but Lubbock could have whipped Baytown yesterday is doubtful. The well-balanced Westerners are the best in the state, and the district is proud of them.

Had a letter this week from Mrs. L. M. Green, who is that the Oilers were going south for spring training next year. It had been rumored, but nothing material on it. Manager Jake Phillips, wintering in Fort Worth, received an invitation from the Cuero Chamber of Commerce to train there, and for the first time in several years the Pampa fans won't get to see their club start the year.

The good weather of south Texas should get the revamped club off to a good start. Lubbock went south last year and looked great (See WARM-UP Page 10)

WINK BEATEN BY NEWCASTLE
WINK — (AP) — Newcastle, with a fourth quarter spurt, won a final berth Saturday in Class A schoolboy football, beating Wink, 35-26.

The winner meets Giddings to determine the Class A championship next weekend. Date and site were not determined immediately.

The game turned out to be a scoring duel between Newcastle's Charles Blanton and Wink's Danny Villarreal. Both tallied three times.

Newcastle drew first blood when Blanton returned a punt 61 yards and then went over from the one. Wink snapped right back with a 66-yard drive, Puz Herring going three yards for the tally.

Taking the kickoff, Newcastle scored again at the end of a 71-yard drive with Billy Hulse going the final 3.

In the second period, Ken Vinson passed to Villarreal for two yards and a tally which climaxed a 63-yard push.

TRADE TOUCHDOWNS
Wink recovered a fumble on its 36 in the same period and Villarreal turned in a sparkling dash. He cut around left end and went 64 to rack up six points.

Only Newcastle was able to tally in the third period. Blanton went over from the one-yard line to cap a 43-yard march and tie the score.

Wink went ahead again, Villarreal making it from the 3 after a series of pass interceptions by both teams. Then Allan Gibbs put Newcastle on top when he kicked a conversion after Stringer had racked up six points on a dash from the Wink 11.

Stringer then iced the game for Newcastle when he intercepted a Vinson pass on the Wink 44. In four plays, Newcastle scored, Blanton going over from the one.

Villarreal was the leading ground gainer with 115 yards in 15 tries. Blanton was a close second with 108 yards in 23 carries. Stringer hit on eight of 10 passes for 109.

Shamrock Boys, McLean Girls Win Shamrock Tournament

Don Fagan Named On All-Tournament

By GEORGE BURRIS
Pampa News Writer
SHAMROCK — (Special) — Shamrock Irish took their own basketball tournament here Saturday night with a 23-19 victory over the strong Briscoe crew in a tightly contested, defensive game.

Shamrock took an early lead on one of Van Pennington's flashy crisp shots and held an 8-3 lead at the quarter. Both teams fought defensively the second quarter, the Irish leading 10-6 at the half.

The Irish lengthened their lead in the third quarter to lead 16-9. A fast and furious fourth left the Irish winners, with Bill Harris leading the Irish scoring with nine points. Tom Helton hit for eight to lead the Briscoes.

McLean girls won the championship with a 46-30 victory over Kellon's girls. The Tigerettes led 18-11 at the half as they appeared to be taking it easy. Bonita Bailey hit for 16 points the first half and 16 more the second to lead the scoring. McLean pulled sharply away in the third and led 33-15 as the first period ended. The Tigerettes coasted in with their second string in the final quarter.

Charlene Harris hit 19 points for Kellon.

In the consolation game of the girls division the Allison girls defeated Wheeler, 26-28. After a tight start Allison pulled steadily ahead although Wheeler rallied in the final quarter. Jean Williams hit 20 points for Allison and Janice Jaco hit 20 for Wheeler.

Named to the boys all-tournament team were Don Fagan, Pampa; Clarence Whitteburg, Wheeler; Troy Jones, Allison; Kenneth Richardson, Kellon; Jimmie Doom, Lefors; Mac Terry, Shamrock; Tom Helton, Briscoe; Noble Daugherty, Briscoe; and Eddie Reeves, McLean.

On the girls tournament team were Bonita Bailey, Sue Lively, Joyce Brumer and Mary Graham of McLean; Jean Williams and Virginia Giddings of Allison; Oanne Shaffers, Viola Kellon; Janice Jaco and Wanda Topper of Wheeler; and Glenda Thompson of Shamrock.

In Saturday afternoon's games, the Briscoe boys, dardkorses of the tournament, swept into the finals with a convincing 32-21 victory over Wheeler Mustangs. Trailing at the end of the first quarter, 10-8, the Briscoes unwound to lead the Mustangs 15-12 at halftime and then rolled on to an easy victory in the second half.

Tom Helton, Briscoe ace, whipped in 13 points to pace the scoring. James Clark hit nine for the Wheeler team.

Coach Scott McCall's Irish again proved dardkorses, also, by taming Kellon, 31-24, to advance to the other finals berth in the boys' division.

Shamrock took an early lead and then coasted through the second half, after leading the Keltons 14-12 at halftime.

Van Pennington returned to form to rack up 14 points to lead the Irishmen's victory. McCall, flashy guard, stood out for the Irishmen's victory. McCall, flashy guard, stood out for the Irish, but George Hendrick, Billy Harris, Mack Terry and Norrell Perkins also looked good.

McLean's champion girls won an overwhelming victory over the helpless Lefors Pirateettes, 55-22. Led by Bonita Bailey and Sue Lively, all-state forwards, they moved Lefors down early. They justified the pre-tournament predictions that they would be difficult, if not impossible, to beat.

The Wheeler boys opened the way.

(See McLEAN, Page 12)

Guerrillas Win Consolation

SHAMROCK — (Special) — The Pampa Guerrillas captured the consolation championship of the Shamrock Invitational tournament here Saturday afternoon by defeating the Allison boys, 33-32, in another thrilling contest. The Guerrillas had lost their opening game to Wheeler, 35-30, and then beat McLean, 43-42.

Taking an early lead, the Guerrillas hung on to it for most of the game, although they held a slim 21-20 margin at halftime.

Ray Cooper paced the B squad's attack with 12 points, four of them charity tosses. Ed Dudley, whose shooting from the foul line moved the Guerrillas to the finals, hit for seven and big Doug Randolph meshed lead.

Allison, victor over Lefors Friday night, 50-33, was handcuffed with the alert Pampa defense. Ray Ault, Allison sharpshooter, was held to a mere six points.

TOURNAMENT ACTION — George Hendrick, Shamrock Irish forward, cocks his arms to fire a shot at the basket during the Shamrock Invitational tournament, while a pair of Lefors Pirateettes stand by to await developments. Irishmen Mack Terry (55) and Van Pennington (44) also watch in hopeful anticipation of a basket. (News photo by Don Duncan, staff photographer)

Carswell Crushes Ft. Jackson, 32-7

COLUMBIA, S. C. — (AP) — Jack-rabbit-fast Loyd Lowe, 150-pound former North Texas State back, was the offensive star of a powerful backfield combination Saturday as Carswell Air Force Base thumped Fort Jackson, S. C., 32-7 in the Service Bowl here.

Lowe scored Carswell's first touchdown on a first period screen pass from quarterback Vernon Glass good for 18 yards. He took off on a 50-yard broken field run for another in the last quarter. Lowe carried 15 times for 179 yards.

Both teams took perfect 10-0 records into the Bowl game in the University of South Carolina stadium. It was sponsored by the Columbia Optimist club.

Glass, who formerly played for Rice, connected with two first quarter touchdowns. The other went to end Bob Fletcher, formerly of Ole Miss, in the end zone from five yards out.

James Jeffrey, Baylor veteran, and Dub Greaves, who played for Tulsa, scored Carswell's other touchdowns.

Jackson got its lone score in the third quarter. Red Jenkins, former Mississippi back, slipped around left end from the five to cap a 77-yard drive.

Mayer Qualifies For Relay Team

AUSTIN — (AP) — Three sophomores and a senior will make up the 400-meter relay team of the University of Texas for the Sugar Bowl track meet in New Orleans, Dec. 30.

The sprinters who qualified for the team are Dean Smith of Graham, Carl Mayer of Pampa, Jim Brownhill of Houston and Charles Thomas of Fostoria.

Kilgore Victor In Texas Rose Tilt

TYLER — (AP) — Kilgore Junior College's Rangers unleashed a punishing ground game to sweep past Northeastern (Okla.) A&M 27-14, in the fifth annual Texas Rose Bowl game yesterday.

Seven fine running backs had a share in the Kilgore victory. The greatest of them all was Ralph Reynolds, 160-pound seatback. Reynolds scored two touchdowns and made 188 yards in 16 carries for an 11.7 average.

Boyd Ray Collins scored the other two Ranger touchdowns.

Reynolds scored on runs of five and 13 yards. Collins' scoring runs were three and 27 yards. Don Gregory kicked three out of four conversion attempts.

Kilgore enjoyed a 14-0 lead at the half and built it to 20-0 before Northeastern scored early in the fourth quarter.

Northeastern could not use its favorite aerial game to an advantage because the severe cold kept receivers from holding onto passes. They first scored after turning to a ground game in the fourth quarter.

Bennie Lee, halfback, ran 29 and 27 yards to set up the first touchdown. He scored from the one.

A pass interference penalty on an 18-yard pass from Jack Chilton, intended for Bob Kaufman put the ball on the Kilgore two. Lee plunged over.

Jim Rusher kicked both of the Northeastern points.

LaVega Moves To Class AA Finals

SAN ANTONIO — (AP) — LaVega's gridiron powerhouse, paced by a quartet of high voltage backs, shortcircuited Donna's bid for the Class AA schoolboy title, rolling to a 38 to 7 victory Saturday.

Billy Keller, a rangy 165-pound track star, raced over and around the Redskins for four touchdowns, hiking his total for the season to 15, as he scored on runs of 27, 23, 94, and two yards. Carroll Daily contributed a 90-yard scoring scamper, and Joe Tyler raced 45 for his tally.

Dailey, a diminutive speedster who suited up for ailing Zolzie Allen, regular quarterback, paced the rate attack with 152 yards rushing closely followed by Keller with 112 and Tyler with 81.

Standing out for Donna in defeat was their great fullback, Steve Curry, who climaxed a 63-yard drive in the second quarter by scoring from two yards out.

Detroit Lions Get Chance For Crown

NEW YORK — (AP) — The National Football League winds up its 32nd season today, with a chance for the Detroit Lions to win their first division crown since 1936 and also a possibility of a tie which would require a playoff.

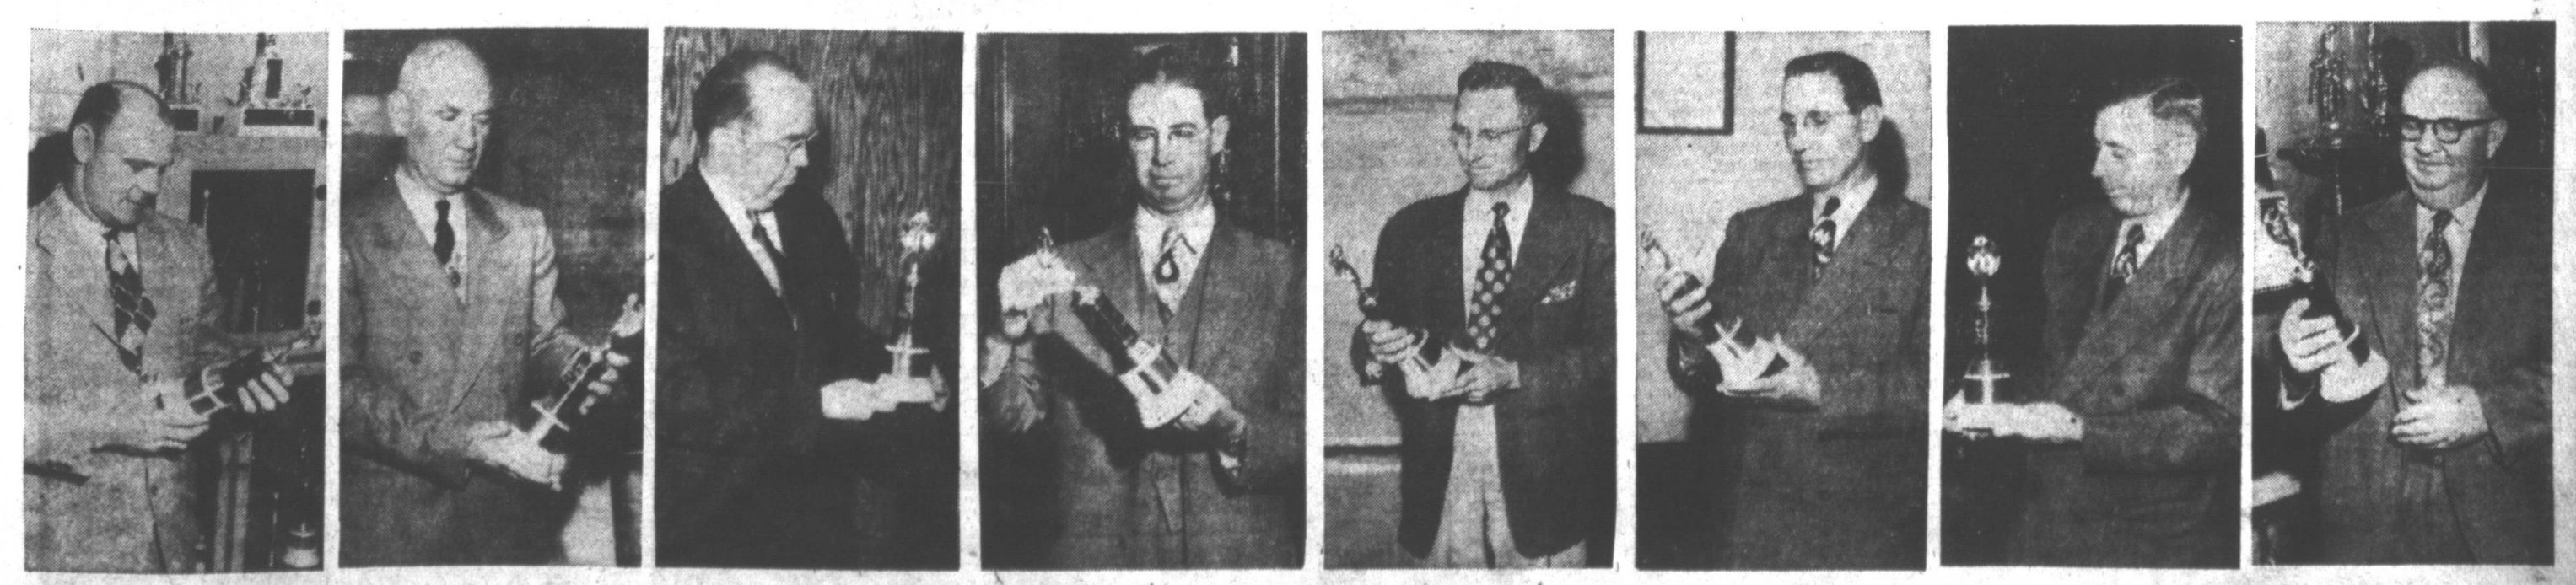

Detroit, topping the National Conference with a 7-3-1 record, meets the 49ers in San Francisco, and a Lion victory would assure them the right to meet the Cleveland Browns in the title game Dec. 23.

Cleveland, the 1950 league champions, clinched the American Conference title last Sunday by defeating Pittsburgh. If the Lions can beat San Francisco, they'll meet Cleveland for the championship next Sunday at Detroit.

The other teams wind up this way:

Cleveland at Philadelphia.
New York Giants at New York

Area School Officials Receive, Praise News' Outstanding Athlete Awards

W. D. CARRICK, Supt. Wheeler schools — "I think that this is a very fine idea and an outstanding program. I am very happy to accept this trophy for Wheeler High School."

A. H. GORDON, Supt. Miami schools — "I consider it a very worthwhile award because it should tend to provide incentive for the boys in our athletic program."

A. H. BRAEZEALE, Supt. Canadian schools — "Canadian High school has as one of its slogans: 'Sportsmanship — then victory.' We feel that the recognition of ability is worthy but we feel that recognition of outstanding qualities of citizenship is worth more. Those qualities of fair play will carry over into adult life and are the things which we emphasize."

ELMER J. MOORE, Supt. Shamrock schools — "This is one of the finest things ever done to promote good sportsmanship. I think it is an excellent idea and am very pleased to accept this trophy for Shamrock High School."

HUELYN LAYCOCK, Supt. White Deer schools — "I think that this trophy and the idea behind it is very nice. After it gets established it will have a very good meaning behind it for the school's athletes."

LOGAN CUMMINGS, Supt. McLean schools, chairman District 1-A — "We feel that this trophy will go a long way toward promoting good sportsmanship as well as the competitive spirit among the students. We are mighty happy to receive it for the McLean schools."

R. C. WILSON, Supt. Lefors schools — "This award for the outstanding athlete of the Lefors school is a very fine thing. It will bring out the finer qualities of all of our boys and girls. I am sure that every one of our students will exert every effort in the hope of winning this trophy."

L. R. REAVES, Principal, McBeattie High school — "This outstanding athlete award is a very outstanding project and am very pleased to receive it and appreciate it very much."

Boys Clubbers Meet Lockney

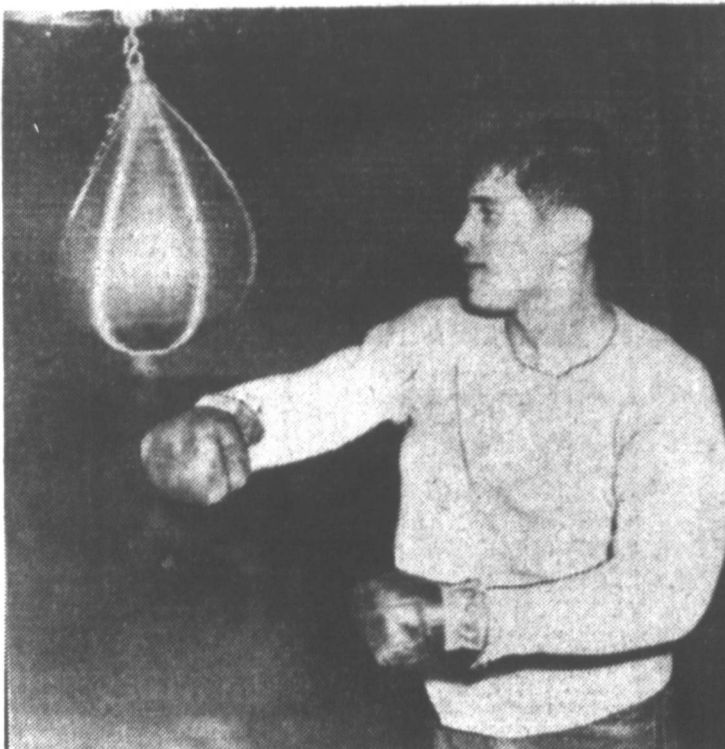

The Pampa Boys Club, Inc., boxing team will open its 1951-52 season next Thursday night in the junior high school gymnasium by hosting the travelling Lockney American Legion team.

The Lockney Legionnaires are sponsoring the team composed of boxers from Lockney, Plainview and Hales Center in an effort to stimulate amateur boxing in West Texas. They bring their own portable equipment with them and also bring some of the best fighters in this part of the state.

In a 15-bout card last Friday night Lockney won a three-out-of-five match from the Plainview Kiwanis and Plainview Spanish club teams.

Fight time Thursday night will be 8 o'clock.

Among the Pampa fighters who will appear on the card are Bobby Wilhelm, regional 135-pound high school champion, Dick Murray, Jimmie Bennett, and Donnie Ray. Durwood Lynch, Ray Ferguson and other top boxers from the Pampa area. It is hoped that a card of 15 bouts can be arranged.

GETTING READY for the district Golden Gloves tournament to be held in Pampa Jan. 14, 15 and 16 are the Wilhelm brothers, Bobby, left, and Gary, Bobby is defending regional 135-pound champion team will meet the Lockney American Legion squad at the district meet. The boys are shown working on the speed bags at the

The boys are shown working on the speed bags at the

Harvester Cagers Rack Cats For Fourth Straight Victory

The Pampa Harvesters made it four in a row Friday night by trampling the Childress Bobcats, 59-32, at the Junior high school gymnasium, before a light crowd of cage fans. The issue was never in doubt as the McNeely coached Green and Golders rang up a 24-3 first period lead.

The first string played less than one half of the contest, letting the all-junior five see much more action and play a major role in the high scoring contest.

In all fairness to the Bobcats, it should be remembered that they had but four days to work-out for basketball, their football season just being concluded seven days before. They looked rough, had no particular attack set up and seemed generally ragged in their play. Coach Vernon Johnson constantly shifted his lineup, giving all of the boys an opportunity to see action, and giving himself an opportunity to look over his candidates under fire.

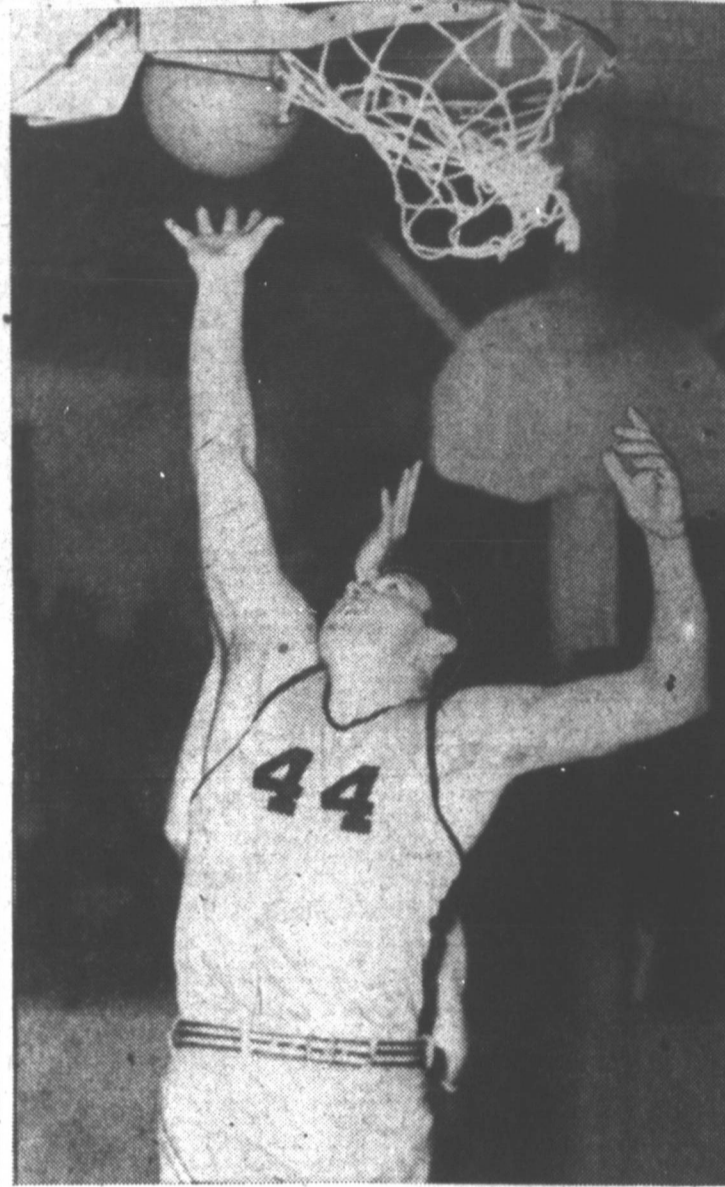

The first and second string centers paced the Pampa scoring parade, which fell four points short of its season's average of 62 points per contest. Duane Jeter and Buddy Cockrell each pocketed 10 points, six of Cockrell's coming from the free throw line. Next highest scoring honors were also divided between boys from the first and second team. Marvin Bond dumped in four field goals and a free throw and did Roy Pool, keeping the Harvesters scoring well spread out.

Tommy Smith played a fine defensive game, time and again breaking up Bobcats' passes, twice stealing the ball for solo dashes to paydirt. Off the board it was the Brothers Bond, Jimmie and Marvin, along with Cockrell, Jeter and Woods, who controlled the action.

Marvin Bond tossed in a free throw in the first second of play, which was matched a short while later by Leroy Knott. But that was the last time the Bobcats were even close enough to the Harvesters. They trailed at halftime, 34-12, and at the start of the final quarter, 50-20. Cockrell slightly injured his left knee, twisted in football, but was able to continue play and appeared none the worse for the action.

The Harvesters will return to action next Tuesday night when they move to Phillips to play the potent Blackhaws. Phillips has won five and lost two thus far. Joe Hayes crew dropped a 60-43 contest to Amarillo Friday night. The only other loss was handed them by Canyon. The Hawks were victors in the McLean tournament last weekend.

In other games around the district Friday night, The Borger Bulldogs clobbered Fort Worth Polytechnic, 60-36. Last night Amarillo was scheduled to entertain the Portales Rams.

OVER THE EDGE goes the ball as big Buddy Cockrell drives under for a layup shot during Friday night's game at the junior high school gymnasium between the Harvesters and Childress. Cockrell, playing on the second string, tied for scoring honors with 10 points. (News photo.)

Time Is Here For Golden Glovers To Start Working For 1952 District Meet

Golden Gloves time is right on top of us once again, and plans have about been completed by the Pampa Boys Club, Inc. for their annual first derby held in conjunction with The Pampa Daily News.

The local district meet will be held in the junior high school gymnasium on the nights of Jan. 14, 15 and 16. Winners from the Pampa district go on to Amarillo to fight in the regional event. Open division winners there will not be entered in the state tournament at Fort Worth in February.

Those good enough to cope with the opposition face it at them all go as the Fort Worth Star-Telegram team, and entered in the national Golden Gloves event.

FILL OUT BLANK

In filling out the entry blank, boxers under 18 must get their parent's signature and permission. Mail the blank to the Golden Gloves Editor, Box 901, Pampa, Texas. Boxers may work out at the Boys Club any afternoon from 5-7 p.m. No invitation is necessary.

Last year the Pampa high school division team won second place in the regional tournament, losing to Shamrock by one point. The high school division district winners last year were:

105 pounds — Eddie Clemmons, Lefors.

112 pounds — Jimmy Mosteller, Skellytown.

118 pounds — L. B. Coberly, Lefors.

126 pounds — Sammy Gaffney, Pampa.

135 pounds — Bobby Wilhelm, Pampa.

147 pounds — Cordell Pugh, White Deer.

155 pounds — Durwood Lynch, Panhandle.

169 pounds — Jimmy Howard, Panhandle.

175 pounds — Dick Murray, Pampa.

Heavyweight — No champion. In the pee-wee division last year's champions were:

70 pounds — James Warner, Lefors.

75 pounds — Donnie Maples, Lefors.

80 pounds — Ronnie James, Pampa.

85 pounds — Jerry Herring, Lefors.

90 pounds — Darwin Teeters, Lefors.

95 pounds — Jimmy Malone, Pampa.

100 pounds — Bobby Malone, Pampa.

Many of these champions will be returning to fight again, and some will be entered in the open division this season. The open division, which has usually had trouble getting fighters, is expected to provide plenty of good competition this year.

Golden Gloves Entry Blank

All contestants in open division must be 16 years of age or over.

Fill out the blank below and mail to Golden Gloves Editor, Pampa News, Box 901, Pampa, Texas.

NAME

The Pampa District Golden Gloves tournament is scheduled for Jan. 14, 15 and 16 in the junior high school gymnasium.

Amarillo Jets Fight Monday

AMARILLO — The third home fight card of the season for the Amarillo Air Base boxing team will be fought here Monday night at the Sports Arena. The bouts will start at 8 o'clock.

Ten bouts have been scheduled so far between the Jet base boxers, Sheppard Air Force base, and Amarillo club fighters. Some of the top fights on the card will be these:

112-pounds: Edward Andrada, Amarillo Golden Glover representing Borden, vs. Dicke Don Wood, SAFFB.

170-pounds: Johnny Burton, SAFFB, vs. Howard Lee, AAFB.

118-pounds: Pete Huizar, SAFFB, vs. Jesse Salazar, Borden.

135-pounds: Pete Perez, Borden, vs. Del Owens, Wichita Falls.

130-pounds: Willie Banks, SAFFB, vs. Ernest Bruce, Reese AFB.

FINE BOXER

Huizar has been one of the finest boxers to appear in an Amarillo ring in a long while, and currently holds three straight wins over Amarillo competition.

Another top attraction will pit Donald Gyles, Amarillo regional heavyweight champion, against Campbell "Wild Man" Woodman of Wichita Falls. Woodman was a semifinalist in last year's state tournament and decided Calvin Pyle of Amarillo in the first round.

Another attraction will be the bout between the popular Bob Totten, AAFB lightweight, against teammate Gerald Thomas in the 135-pound class. Totten holds three straight victories, also.

WARMUP

(Continued from Page 9)

all season long. A good start means a lot.

Next biggest news was probably the fact that the Lubbock Hubbers swapped their little infield general, Jackie Wilcox, to Lamesa for second baseman Jess Jacinto Wilcox, more or less figured as the main reason the Lubbock infield so steady, played with Lamesa in 1949 for a while. The deal was started at the winter meeting in Columbus by Jay Haney and Paul Dean. Dean will have to hunt a far way to find a new short fielder like Wilcox turned out to be. It wasn't too many years back that you could have gotten him for some broken bats and broken shoelaces. Playing the keynote with Jackie Sullivan in 1950 made him a star in his own right.

Amarillo's Gold Sox also did some bartering, picking up a veteran receiver in John Moran, a free agent. The Gold Sox will have to do some chipping on their roster, too, now having 12 veterans under contract.

Several of the clubs in the league tried to reverse a decision they made at the regular fall meeting when they set the limit at seven veterans. It requires a unanimous vote to raise it, and a pair of straight-thinking owners refused to stray from the lower veteran limit.

We're glad to see that. We don't believe that Class C baseball is to be a graveyard for veteran ballplayers, but instead a proving ground for the young ones. It's too expensive for most Class C clubs to carry many veterans and it slows down the game and distracts from the color. Most fans, it has been our feeling, would rather see hard-barging trying youngsters who will boot a few now and then, but who won't quit, than veterans who just sit around waiting for the 1st and 15th of the month and their paycheck.

And speaking of paychecks, old coach Martin, who managed the last three seasons, got into a long-winded conversation with Sam Levy, baseball manager for the Milwaukee Journal during the winter meeting. He's had Levy about the situation at Milwaukee, and why he quit you know, seasons in the WFL. He said he's getting \$36,000, which ain't bad, of another great basketball tour-

Oilers To Train In South Texas

The Pampa Oilers will make Cuero, Tex., their spring training base next spring according to an announcement made yesterday by Doug Mills, president of the club. It will be the first time in several years that the professional baseball club has taken its spring training away from home.

"We don't like to take the team away from the fans," Mills said, "but we feel that the benefits gained from the warmer climate will bring the fans better baseball when the team comes home. The last few years, you will recall, the weather hasn't been ideal for baseball during the spring training season here."

START MARCH 26

The Oilers will open their spring work on March 26, almost four weeks ahead of the start of the championship campaign. All members of the club will report on that date, according to Jake Phillips, new playing-manager. Ordinarily, the pitchers and catchers have started work earlier in an effort to be ready to throw batting practice when the rest of the club arrived.

The Cuero site was selected upon invitation of the Cuero Chamber of Commerce. A ballpark is being made available and maintained for the Oilers, and plenty of competition will be available for spring training exhibition games. Cuero, located south-east of San Antonio, is surrounded by spring training bases of other teams of similar and higher classification.

Kentucky Cagers Still Being Sought

LEXINGTON, Ky. — (AP) — How to induce some University of Kentucky players to testify they work in a basketball fix puzzled investigators from the New York district attorney's office today.

Vincent O'Connor, assistant district attorney, announced Friday night that "other" U. K. players are involved in a scoring fix, presumably in a game played last season.

But the players have attorneys who won't permit them to be questioned, O'Connor because O'Connor has no warrants for their arrest and no proof they are involved.

O'Connor said he is "hopeful" the players under question "will come over to the side of law and order." He said the point shav- ing was "that" some of the players in New York but the negotiations were completed in Kentucky where there is no sports bribery law.

O'Connor indicated he has the evidence against New York fixers as proof that a bribe was paid. He said the players will not be prosecuted.

Turkey Shoot Continues Today

LEFORS — (Special) — Despite the low temperatures one of the largest crowds of the season gathered at the Lefors gun Club, 2 1/2 miles west of here, for the first of a two-day shoot, sponsored by the club.

Offered as prizes are turkeys, hams and bacon.

The shoot will continue throughout today, when some of the father and son team match while the special events are scheduled. One of the features will be a contest of trap shooters from a group of trap shooters from Amarillo AFB together with other area servicemen who are home on Christmas leave. A number of other novelty events also will be scheduled.

Portable Game To North Carolina

GREENVILLE, S. C. — (NEA) — North Carolina trounced Furman, 100-57, in basketball, but the Tar Heels had to go the long way around to do it.

Scheduled for Textile Hall, here, it was immediately obvious the floor wouldn't do. It had been newly varnished, had not sufficiently dried. Powder sprinkled on the fans trooped along.

Casner Joins North

MOBILE, Ala. — (AP) — The North's line in the Jan. 5 Senior Bowl today added Kenneth Wayne (Ken) Casner, tackle from Baylor University.

Earlier the North added Bill Dwykins, little all-America guard from Florida State University.

WHAT IS YOUR QUESTION ON THE SAFETY INSPECTION LAW?

This is the first in a series of ads intended to answer some of the many questions we have been asked on the safety inspection law. A great many questions have arisen concerning the why, what, when, where and how come. This series of ads will attempt to explain the workings of the law for you.

QUESTION: How soon can I have my car checked?
ANSWER: "Starting about Dec. 20th," is the answer given by the Dept. of Public Safety.

This question is answered first because it is the most common one.

Two factors will determine the actual starting date, (1) approval of the inspection stations by the Highway Patrol, and (2) distribution of the printed material by the state. The Highway Patrol has been checking applicants for almost two months now and, without doubt, their phase of the program is very nearly completed. Biggest bottleneck in getting the inspection underway has been the tremendous amount of printing necessary. Manuals, stamps, forms, bonds, etc., are coming through now and will be distributed very soon.

So, the Dept. of Public Safety says, "Some, maybe not all but some, stations will be in operation about Dec. 20th."

Tex Evans Buick Co. will be ready when the state gives the "GO" sign. The very latest word in front-end, brake, and light checking equipment is being installed and will assure you an accurate, impartial inspection.

The Highway Patrol has been checking applicants for almost two months now and, without doubt, their phase of the program is very nearly completed. Biggest bottleneck in getting the inspection underway has been the tremendous amount of printing necessary. Manuals, stamps, forms, bonds, etc., are coming through now and will be distributed very soon.

So, the Dept. of Public Safety says, "Some, maybe not all but some, stations will be in operation about Dec. 20th."

Tex Evans Buick Co. will be ready when the state gives the "GO" sign. The very latest word in front-end, brake, and light checking equipment is being installed and will assure you an accurate, impartial inspection.

Many Hunters Still Shoot First, Ask Questions Later

By HANK ANDREWS
NEA Special Correspondent
CLEVELAND, O. — (NEA) — Some "hunting incidents" of 1951 make a self-respecting hunter squirm with shame. "Hunter." Actually, some sportsmen are fearful that stringent restrictions on going afield may ultimately be the result.

Typical reports that come to various state game commissions read like this:

At Marquette, Mich., two boys playing in a field were wounded at dusk when mistaken for deer by hunters.

Also in Michigan, one deer hunter is believed to have been murdered and robbed of a buck he shot by another "hunter."

In Maine, six hunters were killed and six more wounded when "mistaken for game."

In Ohio, a hunter shot himself in the foot while sitting on his bed and loading his shotgun. No one yet has figured out why he loaded his gun at that time.

I heard of a case of one hunter in the north woods who was eating a sandwich while he rested against a tree a few years ago. The sandwich was partially covered by a snake, which someone apparently thought was a deer's white tail, and drilled the hunter between his eyes.

Bird and animal lovers — and

there are more of them than most people realize — also are upset by hunting antics.

Dr. Clarence Cottam, U. S. Fish and Wildlife Service associate director, reported the other day a hunter shot a rare whooping crane. There are only 30 of these birds left and they face extinction.

At Huntington, W. Va., a hunter shot two whistling swans, which are protected from shooting.

Pennsylvania, which prohibits hunting of bear cubs, reports that many cubs were killed during their recent season. Says the report: "In most cases, the hunters who shot the youngsters let them lie where they fell. There was an outstanding example in Cameron County where a mother bear and her three babies were slain."

Two eagles were shot in Ohio this fall.

It's no wonder that some farmers are prompted to bring in their cattle and paint "cow" on the side of them.

What's the answer to this annual blood-letting of man and protected wildlife?

Some experts urge stricter law enforcement with penitentiary sentences for killing or wounding another hunter. Some say city kids should be educated in the schools as to the differences between a mallard and a swan — a deer and a man.

Some urge that hunters be required to pass a safety examination, just like an auto driver is, before being allowed into the field.

Too many hunters are still shooting first and asking questions later.

HERE'S HOW — Roy "Deck" Woldt, freshman basketball coach at Southwestern State college, Weatherford, Okla., diagrams a play for Bob Hickey, Lake Valley, left, and Don Lennburg, Custer City, two of his players. Woldt, from Sturgeon Bay, Wis., performs with the Oilers during the summer season.

Cuppers Whitewash Swede Net Team

By GAYLE TALBOT
MELBOURNE, Australia — (AP) — America's Davis cuppers put the finishing touches on their one-sided walloping of Sweden in the interzone final Saturday as Ted Schroeder and Tony Trabert repeated their singles victories of opening day.

Trabert racked up the USA's fourth straight triumph at the expense of Lemart Bergelin, 6-1, 10-8, 6-4, after which Schroeder polished off Sven Davidson, 6-2, 6-2, 6-1, to complete a whitewash job.

Bergelin, after dogging it for the first two days, finally produced some real tennis against Trabert, but it was too little and much too late. The second set of his encounter with Tony was the high point of the matches which supplied ardent Australian fans with all too few thrills.

Another surprising crowd of approximately 7,000 braved a chilling wind to watch the matches which meant nothing except to the final score officially at 5-0.

The trouncing given the Swedes was a somewhat hollow victory for the Americans. They had hoped at least to receive a stiff workout in preparation for the challenge round against the Aussies in Sydney, Dec. 26-28.

But they didn't even get that

Woldt Doubling As Player, Coach At Oklahoma School

WEATHERFORD, Okla. — They were roommates and Henry (Special) — Roy J. "Deck" Woldt, a junior at Southwestern State college, is doubling this season as a reserve on the varsity basketball team and as coach of the freshman five. In 1950 he earned a letter in football but passed up the grid sport this fall to take over his job of coaching the yearling Bulldogs.

It was by merest chance that the personable professional baseball player came to enroll at Southwestern more than 10 years after he graduated from high school in Sturgeon Bay, Wis. Already past 30, he began work toward a college degree because of Bob Henry, an Amarillo High school product who was playing baseball and basketball at the Weatherford college.

ROOMMATE SALESMAN
Henry was pitching for the Elk City semi-pros in the summer of 1949 when Woldt left the Oklahoma City Indians to join the powerful Oklahoma club.

and Captain Frank Shields knows little more than he did before the matches began.

Immediately after the final match, Shields officially named the four who will face Australia — Schroeder, Trabert, Dick Savitt and Vic Seixas.

SPORTS AFIELD

By TED KESTING
K. M. Bradford, a really experienced outdoorsman, pointed out a new angle on deer hunting the other day. He says that if you can find a buck's bed before the season, you'll get a buck during the season.

How do you hunt bedded deer, you ask? Doesn't the deer have all the advantage, lying alert and quiet, hearing every sound near him? Well, he has an advantage all right, enough so a bungler will seldom see or even hear him when he gets up and gits. On the other hand, he can be had, and all it takes is a reasonable amount of brains, care and experience.

First, of course, pick country that should hold bucks. Maybe it is a series of high pockets on a ridge, always a favorite spot. Maybe it's a deep dry canyon on a hot or windy day. Maybe it's a cedar thicket or a rocky point, or a dense stand of myrtle. Wherever and whatever it is, hunt it as if you knew there was a buck inside.

Taking advantage of wind and cover, move ever so slowly, stopping often to look and listen. Make no big sounds or quick movements which hand the advantage to the deer. Even if he suspects a foreigner he doesn't necessarily up and spot, particularly if he doesn't know just where you are. His nose may give him a whiff, or his ears a sound, but this may cause him to lie closer rather than flee.

Work the cover very thoroughly. Some places can't be done by one person, in which case don't waste your time without a companion. Don't walk in plain view anywhere that you can avoid it. Skulk like the buck, skirt the edges, move slowly around new exposed views and keep out of sight and sound until the last minute. Look for fresh signs, whether it be droppings, urinations, new tracks or brush croppings, for deer leave much sign near the bedding area.

Study your objectives before you move up on them. Above all else, go slowly. Try to figure where the buck is apt to be lying and how to approach him from his blindest spot. A deer's eyes are not too sharp at best, and even quite close he will seldom identify anything that is still even though he may be aware of its presence.

This kind of hunting puts a premium on brains and experience. It means that you are a better hunter each year, better able to size up new country and better able to hunt the covers you know.

Pampa Cadet On All-Company 11
LEXINGTON, Mo. — Cadet Bobby R. Seitz, voted a berth on Wentworth Military academy's company all-star football team at a meeting of company coaches here, according to Capt. Karl Berninger, athletic director. Seitz played end on Company C's grid eleven during the season just completed.

Five companies engaged in the intramural competition, making a serious bid for the campus championship.

The company league is considered very important at Wentworth, since it provides a training ground for future varsity candidates.

Dunbar Dragons Win
SHAMROCK (Special) — Shamrock's Dunbar Dragons, colored high school cagers, edged Wellington 25-23 last week in the colored cage opener.

Quill Thomas hit for seven points and Cleo Peace for six to pace the Shamrock Tiger crew in its win.

Eddie Joe Ford hit for six for the Wellington Panthers.

Last year the Dunbar crew were among the best quintets in the area, entering the Childress playoffs.

Shamrock Athlete Wary About Ring
SHAMROCK — (Special) — Jimmy Pennington, Irish grid half-back, is after new laurels in the basketball sport. Jimmy proudly recounted the two and half minutes he played against the National Guard crew Tuesday night, adding with a grin, "I made two points."

Jimmy racked up 74 points to lead the Irish scoring in football. He was one of the tougher Irish boxers last season at 160.

Because he is fearless and hard-driving, Irish fans expect a lot of Jimmy on the court. He did not play basketball for the Irish last year.

Jimmy said this week he wasn't too keen about returning to the boxing ring. In fact, he indicated he probably wouldn't put on the gloves. But meantime he's going after a basketball job with all the fire he has.

And any Irish opponent will tell you it's a lot of fire.

SPORTS MIRROR
(By THE ASSOCIATED PRESS)
Today's year ago — Jimmy Pennington outpointed Glen Flanagan in a ten-round bout in Madison Square Garden.

Five years ago — The Chicago Bears captured their seventh National Football League championship by defeating the New York Giants 24-17.

Ten years ago — at the request of the Army, the Rose Bowl site was transferred from Pasadena, Calif. to Durham, N. C., where Duke and Oregon State were scheduled to meet New Year's Day.

Maryland, Clemson Blacklisted By SEC

SEC Pulls De-Emphasis

By ED YOUNG
RICHMOND, Va. — (AP) — The University of Maryland and Clemson College will play in football bowl games on New Year's Day at the cost of becoming athletic outcasts of the Southeastern Conference.

Because they accepted the bowl bids without conference permission, both institutions yesterday night were placed on one-year probation by delegates to the league's most controversial meeting.

Debate forbids any other conference team to meet either Maryland or Clemson in football during the 1952 season. Six games thus were removed from Maryland's schedule for next autumn and five from Clemson's.

In addition, the punishment—imposed by a 100-vote after stormy debate—deprives the two colleges of any vote in conference matters during the calendar year 1952.

NEW ORLEANS — (AP) — The Southeastern Conference Saturday emphasized football de-emphasis.

During the final session of the SEC's annual meeting, vote casting college presidents, taking guidance from head coaches and athletic directors, changed their minds and ruled that freshmen can remain on varsities until Sept. 1, 1953.

The ruling is a complete reversal of action taken 18 hours previously. During Friday's session, freshmen were ruled off varsities effective on Sept. 1, 1952.

The final chance for the SEC to modify its pro-bowl stand and align itself with other conferences and groups opposed to post season games passed Saturday morning.

No change was made and none was anticipated. The SEC is still a bowl league and apparently its 12 members will accept any invitation to any bowl anywhere.

The conference executive committee was ordered to study athletic scholarships during the next year and to prepare recommendations about the various kinds of scholarships.

Only in minor matters did the SEC go into de-emphasis during the two-day meeting. And then the SEC didn't go very far.

Possibly the most de-emphasis came when presidents reduced spring training from six weeks to 20 working sessions. Another move, which has members so confused several say they aren't sure just what it means, is a limitation of 30 football scholarships per institution annually.

UNTOUCHABLES
 — Officials of both "untouchable" institutions said they were profoundly shocked at the conference action. But they said they expect little difficulty in filling their spots in their football cards.

"We can find four or five players in the local area," Coach J. B. H. Johnson said. "I don't think we will have any trouble," remarked Dean A. G. L. of Maryland. "I am sure the schedule will not be affected."

Meanwhile Tennessee in the Sugar Bowl at New Orleans on New Year's day.

"I prepared a possibility that Clemson may have to drop only four conference foes. The conference's traditional game apply in one case of course required by a statute of the state."

The clause was inserted, a delegate said, because the conference presidents were not sure that Clemson's traditional game against South Carolina was not required by act of the state legislature. The contest is not so required but here appeared some chance the legislature might make it that way before the 1952 season.

LOYOLA OF LA SETS New Pass Mark
NEW YORK — (AP) — Led by Don Klosterman, Loyola University of Los Angeles threw and completed more passes last season than any college football team in history.

The Lions, who won only three of nine games, launched 324 aerials and completed 164 both ways. With Klosterman doing most of the tossing, these passes accounted for 1895 yards, top mark this season.

Loyola averaged 36 passes a game, completing 18.2 of these for 210.6 yards. Nevada set the all-time record for yardage in one season, averaged 255 aerial yards a game in 1948.

Final statistics released by the NCAA service bureau disclosed that Missouri's air offense was second best last season, gaining 176.2 yards a game to 173.4 by Southern Methodist and 173.3 by Colgate.

Princeton, mainly on Dick Kazmaier's deadly shooting, had the best percentage, completing 60.7 percent of its passes. The Tigers tossed the ball 117 times and had 71 completions.

Kentucky led for the second straight year in touchdown passes, with 19 scoring heaves. Last season, the Wildcats had 27 touchdowns.

Every major team threw at least one scoring pass except Mississippi State, which lofted 137 (completing 49) without once hitting pay dirt.

INDEPENDENT
 The two colleges, Maryland and Clemson, were still independent after probation had been ordered.

Howard, not an official delegate to the conference meeting, stood up moments after the probation vote had been taken to explain.

"I'll tell you, I don't think it's right and I just want everybody to know I don't think it's right."

Said Eppley: "We have no regrets except that the conference saw fit to take this unjustified action."

At least one open football date on the schedules of both teams appeared certain to be filled. They will play each other. After the punitive action was taken Friday night, the conference in a special ballot voted to allow the two offenders to face each other next fall.

Maryland formally asked the conference Friday afternoon for permission to play in the Sugar Bowl. The request was turned down, 14-3. Clemson had sealed its fate several weeks ago when it polled circuit members for permission to play in the Cator Bowl, received a negative answer, and accepted the bowl bid anyway.

Lefors Cagers Defeat McLean
LEFORS — (Special) — The Lefors Independent cagers shipped by the McLean Independents, 73-67, in a hard-fought game on the local hardwood Friday night. The McLean five led at the half, 36-25 and 58-32 at the end of the third period. But the Lefors team packed a hurricane finish into the final period to score the victory margin. Holding McLean to only nine points and racking up 21 points for themselves.

McLean hit 15 of 26 free throws while Lefors made only 12 of 22.

High scorer of the evening was C. Smith of McLean, with 23 points. Leon Crump, Lefors center, was second high with 17 points.

Among the defensive standouts were John and Sam Haynes, McLean brothers, while Bob Burchfield, newly elected Lefors player-coach and his teammate Crump, starred for Lefors.

The game will be returned on the McLean maples Tuesday night. The Lefors Independents have also tentatively scheduled a home and home series with the Shamrock National Guard, coached by H. W. Callan. Other games are desired by the locals and may be scheduled by either writing or phoning Bob Burchfield.

Clemson Officials Call It "Raw Deal"
By ROBERT MOORE
RICHMOND, Va. — (AP) — Clemson College officials said Saturday the school "got a raw deal" and that the Southeastern Conference was "unfriendly" in punishing it for accepting a football bowl invitation without permission.

The conference Friday night placed Clemson and the University of Maryland on probation for one year beginning January 1, and stopped a virtual schedule boycott against their football.

Denied permission to play, Maryland and Clemson indicated they would keep their New Year's Day bowl engagements. Maryland plays Tennessee in the Sugar Bowl. Clemson faces Miami of Florida in the Gator bowl at Jacksonville.

NOT JUST AND FAIR
 "It is not just and fair," said Robert Franklin Poole, Clemson president. "The conference was unfriendly."

Only football was affected by the schedule boycott. Under the action, Maryland and Clemson can play only league football games required by state law and each other.

Dr. Les W. Milford, faculty chairman of athletics at Clemson said, "We were penalized for being honest. We got a raw deal."

R. E. L. of Moultrie, Ga., member of the Clemson athletic council for 25 years, told a reporter he was "for getting out of the Southern Conference."

Dr. Poole said he planned to pose of seventh graders, hold present the athletic matter to Clemson's athletic council and the board of trustees.

Men are like steel. When they lose their temper they are worth...

Georgia Peach Is Still In Baseball
TWIN FALLS, Idaho — (AP) — Tyrus Raymond Cobb, one of baseball's grand men, will celebrate his 65th birthday Tuesday.

Cobb, who has become a million-dollar man since his active baseball days, is no longer officially associated with the game. But he has kept close to it in recent weeks by advising Twin Falls residents who purchased a franchise in the Class C Pioneer league as a community enterprise.

Cobb was one of the men they turned to for advice. Through his efforts Twin Falls solved its player shortage.

Representatives of the club, armed with letters and advance spawork by Cobb, came back from the baseball meeting in Columbus, O., with a full working agreement with the San Francisco Seals and partial working agreements with the Detroit Tigers, Cleveland Indians and Boston Red Sox.

From his winter home in Atherton, Calif., Cobb has screened several candidates for the Twin Falls managership, and it is expected he will be a guiding light behind the new club in its first season.

Cobb maintains three residences at Atherton, near Lake Tahoe in Nevada and a third in Twin Falls.

While not paid the fantastic salaries of modern day baseball men, Cobb wisely invested money in two struggling young companies. One, the Coca Cola company of his native state, Georgia, has made him a wealthy man. He is also one of the largest stockholders in the General Motors corporation.

As the Pirates were eliminated from tournament play, Allison girls eliminated Shamrock, 31-20, in the consolation game Friday night. Coach McLean's girls showed future potential, but were not hitting.

Excellent guarding by Allison girls, Jean Ford, and a timely throw out the Allison girls in the second half, after the Allison net 20-7 at the half. Jean Williams again hit for 18 of Allison's points, while McLean Griffin scored for the Irish.

Skellytown Cage Team Gets Rest
SKELLYTOWN — (Special) — The Skellytown basketball team, coached by Bert Isbell, rests until Jan. 10 after breaking even in its first two games of the junior high school season.

The Panthers downed the Groom Juniors, 47-25 in their opening game and then fell to Claude last Wednesday, 16-8.

Herice Preston led the scoring in the opener with 27 points and he and Ray Johns each hit for half the six-point total in the Claude game.

The Skellytown B team, coached by Dr. Poole, will be returned on the Skellytown maples Tuesday night. The Lefors Independents have also tentatively scheduled a home and home series with the Shamrock National Guard, coached by H. W. Callan. Other games are desired by the locals and may be scheduled by either writing or phoning Bob Burchfield.

Shamrock Tournament
 (Continued from Page 5)
 tournament Friday with a 35-30 victory over the Pampa Pirates. David Johnson, Mustang guard, poured in 14 points to pace the Wheeler crew to victory. Pampa's Randolph hit for 10 points as a late Pampa rally failed to overcome the Mustangs.

Lefors girls edged the Allison ladies, 32-25, after apparently having an overwhelming victory. Lefors led, 12-1 at the half, and was in front by 22-1 as the final canto opened. Allison sprang to lead, and laced the nets for 24 points in the final frame to bring a tremendous scare into the Lefors crew before vowing to win by six narrow points. Wanda Williams of Allison ran wild the Lefors crew before bidding Williams hit for 21 points for in the final canto to rack up 18 points.

Kelton boys ended the Friday morning session with a 17-11 victory over Allison. Kelton clung to a precarious lead throughout the second half, being ahead by 24-23 with two minutes left. They hit for free shots as Allison got too anxious, but Allison's final bucket fell one point short and Kelton froze the ball the final 20 seconds. Kenneth Richardson led the Keltons with 11 points, while Troy Jones hit for seven to pace the Allison.

AFTERNOON ACTION
 Shamrock Irish boys took the Friday afternoon opener with a 24-25 win over the Lefors Pirates. Lefors took an early 8-2 lead and then the Irish began to edge upward. They caught Lefors at the end of the first quarter, 10-10, pulling well ahead in the second canto, and led at halftime, 25-16.

Coach Scott McCall's crew coasted in to win in the second half, after leading, 29-19, at the three-quarter mark. Center George Hendrick led the Irish scoring parade with 18 points, and Billy Harris with 8, but Finlay Van Pennington was held to four points. Melvin Bigham and Dickie Davis led the Pirates with seven points each.

Jimmy Doom, star Pirate griddler, stood out in floor play and teamwork.

McLean's terrific girls smashed Shamrock, 42-15, in the second Friday afternoon tussle. The Tigresses held an 8-2 edge at the quarter, an awesome 22-3 margin at the half, 29-5 at three quarters, and then coasted home.

Bonita Bailey, sparking McLean forward, ran wild as usual to hook 24 points as Irish guard Jenny Ford trimmed Bailey's usual 30-point points but could not reduce her to average scoring.

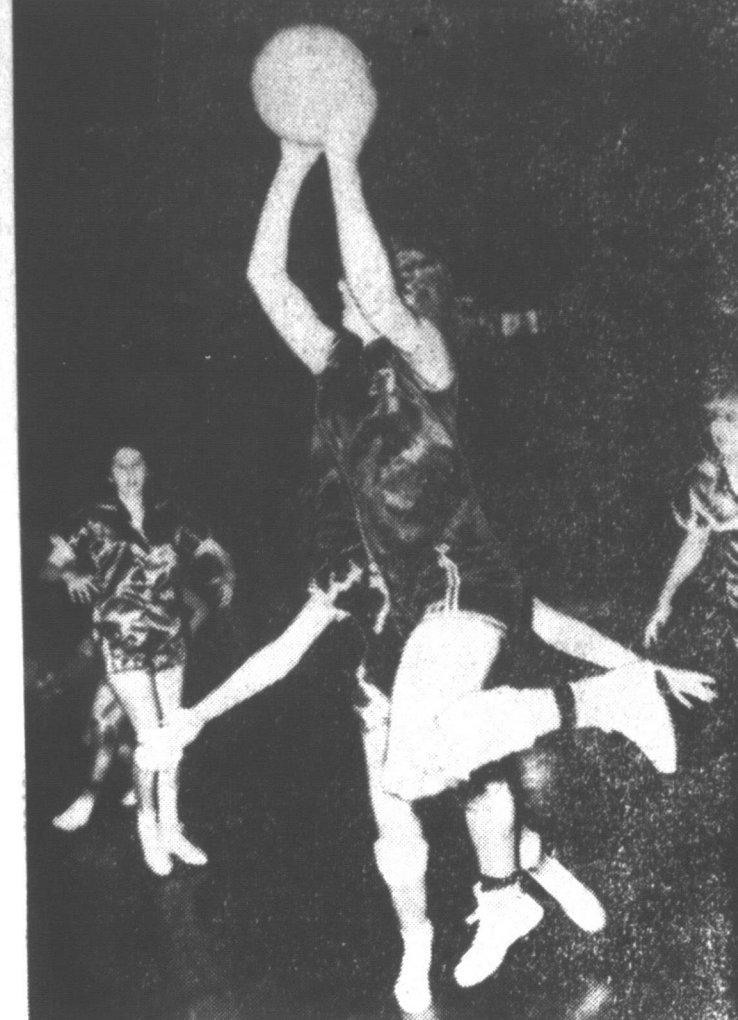

Caroline Dodgen, freshman Irish forward, paced the Green and White with 8 points. Coach McCall's girls showed improvement over the game with Wheeler's last week and hooked up for the 15 points in the last period.

McLEAN UPSET
 Briscoe's sharp boys took favored McLean to the cleaners Friday afternoon, 39-30. The Tigers, one of the better area crews, were tied with Briscoe, 18-18 at the half, but in the final quarter the Briscoe lads pulled sharply away to win.

Eddie Reeves, McLean scoring star, was held to eight slim points, six of them free shots as the smooth Briscoe Briscoe outplayed the Tigers. Tom Helton, Briscoe sharpshooter, rattled the nets for 15 points, and was easily the standout player.

Kelton's girls, drawing a bye into the semifinals, whipped Wheeler 21-9, in a hard battle. McLean barely paced Wheeler, 20-11, at the half, but were tied at the half 12-11. Kelton won in the fourth quarter, led by Joanne Shaffer, who hit for 13 points. She was outdistanced by Wheeler's Janice Jaco, who hooked 15 points.

Allison called Lefors in the consolation semifinals, 30-33. Leading all the way, the Allison boys swept to overwhelming victory in the final half Ray Ault, Allison forward, poured 17 points in the nets. Forward Russell Herring, hit 14 points for Lefors.

HIGH SCORING GAL — Bonita Bailey, brilliant McLean forward, twists into her favorite jump shot to score 24 points against the Shamrock girls during play at the Shamrock Invitational tournament which ended last night. Bonita is only a junior, and a top candidate for all-state honors in girls basketball. (News photo.)

SHAMROCK TOURNAMENT

Guerillas Defeat McLean In Thriller
 The Pampa Guerillas took a super thriller, 43-42, from McLean in the final 30 seconds after trailing most of the game here Friday night. The Guerillas were paced by Ed Dudley, who hit for 16 points on four field shots and eight charity tosses.

Pampa won by hitting 17 of 21 free shots.

McLean took an early lead but Pampa knotted the game at 7-7 with 6 minutes gone and then went ahead as Randolph hit from 15 feet out. McLean came back to lead 11-9 as the first period ended. Dudley put Pampa ahead again 13-12 with a one-hand shot after 13 minutes in the second period.

McLean led by 18-17 at the half.

Pampa went ahead by a point on Cooper's set-up as the third quarter opened. The game saw-sawed and McLean led 32-31 at the third-quarter mark. Pampa tied it 42-42 with two deadly free shots by Dudley and then went ahead moments later as Dudley hit another free shot with less than 30 seconds left. Pampa eased in to win.

 Shamrock Irish boys took the Friday afternoon opener with a 24-25 win over the Lefors Pirates. Lefors took an early 8-2 lead and then the Irish began to edge upward. They caught Lefors at the end of the first quarter, 10-10, pulling well ahead in the second canto, and led at halftime, 25-16.

Coach Scott McCall's crew coasted in to win in the second half, after leading, 29-19, at the three-quarter mark. Center George Hendrick led the Irish scoring parade with 18 points, and Billy Harris with 8, but Finlay Van Pennington was held to four points. Melvin Bigham and Dickie Davis led the Pirates with seven points each.

Jimmy Doom, star Pirate griddler, stood out in floor play and teamwork.

McLean's terrific girls smashed Shamrock, 42-15, in the second Friday afternoon tussle. The Tigresses held an 8-2 edge at the quarter, an awesome 22-3 margin at the half, 29-5 at three quarters, and then coasted home.

Bonita Bailey, sparking McLean forward, ran wild as usual to hook 24 points as Irish guard Jenny Ford trimmed Bailey's usual 30-point points but could not reduce her to average scoring.

Caroline Dodgen, freshman Irish forward, paced the Green and White with 8 points. Coach McCall's girls showed improvement over the game with Wheeler's last week and hooked up for the 15 points in the last period.

McLEAN UPSET
 Briscoe's sharp boys took favored McLean to the cleaners Friday afternoon, 39-30. The Tigers, one of the better area crews, were tied with Briscoe, 18-18 at the half, but in the final quarter the Briscoe lads pulled sharply away to win.

Eddie Reeves, McLean scoring star, was held to eight slim points, six of them free shots as the smooth Briscoe Briscoe outplayed the Tigers. Tom Helton, Briscoe sharpshooter, rattled the nets for 15 points, and was easily the standout player.

Kelton's girls, drawing a bye into the semifinals, whipped Wheeler 21-9, in a hard battle. McLean barely paced Wheeler, 20-11, at the half, but were tied at the half 12-11. Kelton won in the fourth quarter, led by Joanne Shaffer, who hit for 13 points. She was outdistanced by Wheeler's Janice Jaco, who hooked 15 points.

Allison called Lefors in the consolation semifinals, 30-33. Leading all the way, the Allison boys swept to overwhelming victory in the final half Ray Ault, Allison forward, poured 17 points in the nets. Forward Russell Herring, hit 14 points for Lefors.

SEC Pulls De-Emphasis
NEW ORLEANS — (AP) — The Southeastern Conference Saturday emphasized football de-emphasis.

During the final session of the SEC's annual meeting, vote casting college presidents, taking guidance from head coaches and athletic directors, changed their minds and ruled that freshmen can remain on varsities until Sept. 1, 1953.

The ruling is a complete reversal of action taken 18 hours previously. During Friday's session, freshmen were ruled off varsities effective on Sept. 1, 1952.

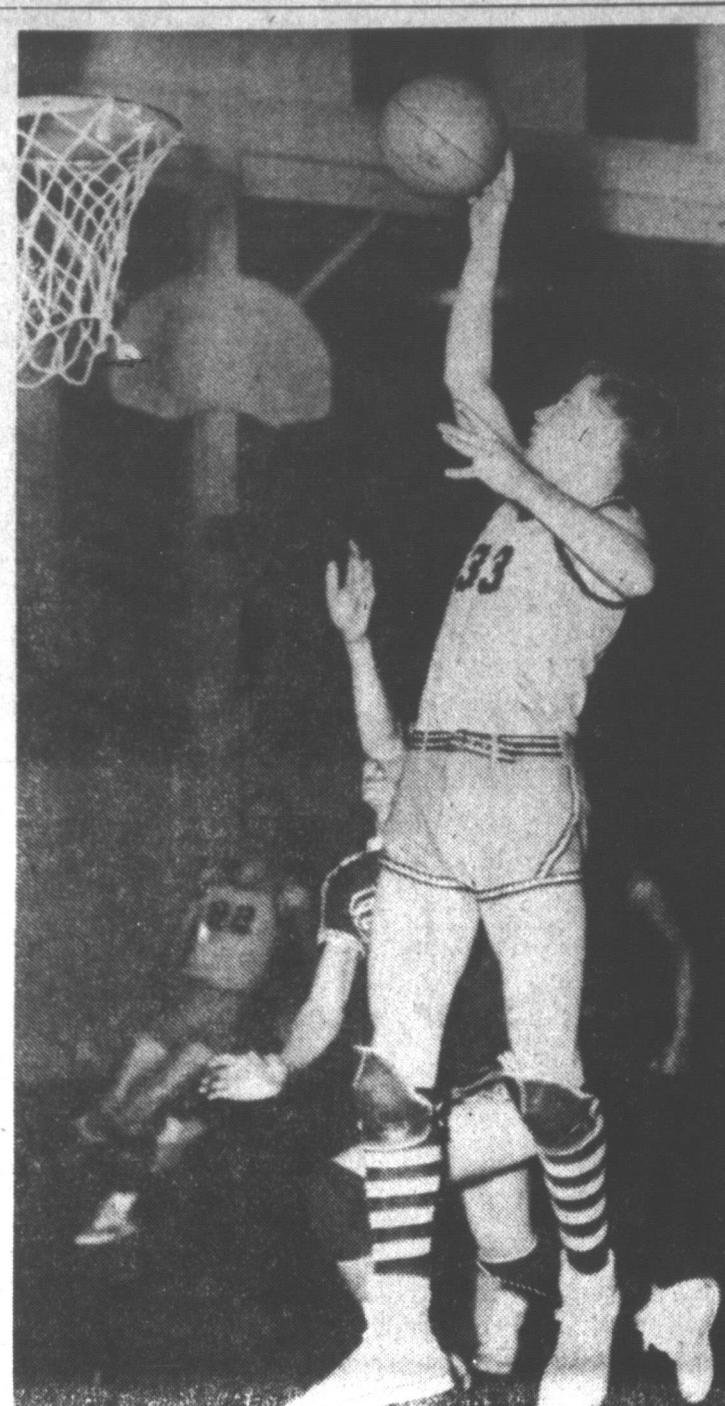

The final chance for the SEC to modify its pro-bowl stand and align itself with other conferences and groups opposed to post season games passed Saturday morning.

No change was made and none was anticipated. The SEC is still a bowl league and apparently its 12 members will accept any invitation to any bowl anywhere.

The conference executive committee was ordered to study athletic scholarships during the next year and to prepare recommendations about the various kinds of scholarships.

Only in minor matters did the SEC go into de-emphasis during the two-day meeting. And then the SEC didn't go very far.

Possibly the most de-emphasis came when presidents reduced spring training from six weeks to 20 working sessions. Another move, which has members so confused several say they aren't sure just what it means, is a limitation of 30 football scholarships per institution annually.

UP AND IN — Marvin Bond, senior Harvester forward, goes high into the air to drop two points through the net during Friday night's contest against the Childress Bobcats. Bond hit for nine of the Harvesters' total of 59 points as Pampa racked up its fourth straight win. (News Photo)

Warmath Returns To Head Maroons To Pepperdine
STARKEVILLE, Miss. — (AP) — The man who gave Mississippi State's football teams stalwart forward lines in 1939, 1940 and 1941 — Murray Warmath — is the college's new head coach.

Selection of the assistant Army coach to succeed Arthur (Slick) Morton, who resigned last week, was announced Friday. Warmath came here as line coach under Allyn McKeen in 1939 after graduating from the University of Tennessee where he learned his football under Gen. Bob Neyland.

During the three seasons he coached the Maroon line, Mississippi State won eight and lost two in 1939, won nine and tied one in 1940 and in 1941 won the mythical Southeastern Conference championship, winning eight, losing one and tying one.

Buffaloes Lose To Pepperdine
LOS ANGELES — (AP) — Center Bob Morris played the backboard like he owned them Friday night and dunked 15 points besides in leading Pepperdine College to a 64-59 basketball triumph over West Texas State.

The Texans were no match for the speedy Peps, who led all the way. The game was the second in a series of three here for West Texas, which beat Los Angeles State Thursday night, 61-44.

Morris shared scoring honors with center Troy Burrus of the Texans, who also sank 15 points. West Texas played UCLA last night, losing one and tying one.

Last Big Time Football Bowl Season May Be Drawing Near

NEW YORK — (AP) — In a little more than two weeks the college football season ends in a gaudy burst of bowl games—possibly the last on a "big time" scale.

The committee of ten college presidents appointed by the American Council on Education has recommended unanimously that bowl games be abolished.

Despite the cloud over them, bowl sponsors went ahead with plans to put on their New Year's Day games in a brilliant setting of parades and gala festivities.

As usual, the big four are the Rose, Sugar, Cotton, and Orange Bowls.

The Rose Bowl at Pasadena, Calif., has precedent being back to 1902 and as its attractions the champions of the Big Ten, Illinois, and the champions of the Pacific Coast Conference, Stanford. Stanford has been beaten once and Illinois has been tied.

BEST MATCH
 The Sugar Bowl at New Orleans has matched two unbeaten teams — Tennessee, the No. 1 football power of the land, and Maryland, the No. 3 team. Not in recent years have two such highly placed elevens met in a bowl game.

In all 13 post-season games will be played between now and Jan. 5, when the North-South game at Mobile, Ala., winds up the proceedings.

With the college presidents gunning for bowl games, and the Big Ten, Illinois, and the Coast Conference have agreed to meet for the next three New Year's days in the Rose Bowl. In addition, the National Broadcasting Corporation has agreed to pay \$1,500,000 for television and radio rights to the Rose Bowl over that period.

The opponents in the Cotton Bowl at Miami are Georgia Tech, with a single tie against ten victories, and Baylor, with one tie and one defeat.

Other bowl encounters New Year's Day with team records are: Gator Bowl, Jacksonville, Fla. — Miami (Fla.) (7-0-3) and Clemson (7-0-2); Sun Bowl, El Paso, Tex. — College of Pacific (6-0-4) and Texas Tech (6-0-4); Tangerine Bowl, Orlando, Fla. — Arkansas State (10-0-1) and Stetson (8-2-1); Salad Bowl, Phoenix, Ariz. — Houston (5-0-5) and Dayton (7-2-0); Oleander Bowl, Galveston, Tex. — San Angelo, Tex., Junior College (6-0-2) and Hinds (6-0-1); Steel Bowl, Birmingham, Ala. — Texas College (4-1-2) and Bethune-Cookman Junior College (6-2-0); Prairie Bowl, Prairie View, Tex. — Prairie View College (8-0-1) and Arkansas A&M (6-1-2).

Three bowl games will be played on Saturday, Dec. 29. College seniors from a variety of big schools will oppose each other in the East-West game in San Francisco, and the Blue-Gray game at Montgomery, Ala. In addition, Brooke Medical Center of Texas (9-0-1) meets Camp LeJeune Marines (6-0-3) in the Cigar Bowl at Tampa, Fla.

On Christmas Day, picked college seniors meet in the North-South game at Miami.

Officials Named For Cotton Bowl

DALLAS — (AP) — Officials for the 1952 Cotton Bowl football game between Texas Christian and Kentucky were announced by the Cotton Bowl Athletic Association yesterday.

Cliff Shaw, of Little Rock, will referee, Jules Turghard, of Cincinnati, Miss., will umpire, Jack Freeman, of Dallas, will be line judge, Buch Cheves, of Atlanta, will be field judge, and Al Buschman, of Dallas, will be the timer.

OPENING — Joe F. Langford, branch manager of the new Sherwin-Williams paint store, 113 S. Caylor, now open for business, has announced the formal opening of the store for Dec. 18, when door prizes and gifts will be given to each person registering at the store. Mrs. June Robbins is branch cashier and Calvin Weaver, Dallas, was in charge of decorating the store. (News Photo)

MISS CAROLYN BOYLE
... Director

Yule Cantata Slated At Local Church

"The World's Redeemer" by Fred B. Holton will be presented at the First Christian church tonight at 7:30, according to announcement by Rev. Henry Tyler, church minister.

The annual Christmas cantata will be directed by Miss Carolyn Boyle, church choir director and director of the Pampa Junior High school choir. Miss Charlotte Allison will present the prelude. Featured in the cantata, vocal solos will be by John Wallace, Mrs. Dorothy Peacock, and Miss Boyle.

Other special selections will be by W. C. Chapman, soprano, and Mrs. W. R. Harlen, alto, in a duet; Tracy Cary, tenor; B. R. Blunt, bass; Dorothea Blair, soprano; Miss Marcille Waters, soprano; and Mrs. Chapman, soprano.

Chapman and Miss Ouida Williams, soprano; Kenneth Baumgardner, Reggie Mayo, bass; John Wallace, and Miss Blair and Miss Waters in a soprano - alto quartet.

Other special numbers will be presented by the choir. A quartet composed of Miss Boyle, Mrs. Morris, Max Pressnell and Shultz.

Others who will appear in the chorus are Miss Pearl Spangh, Mrs. C. W. Sowell, Mrs. C. H. Drilling, Mrs. O. W. Allison, Mrs. Ray Dudley, Misses Joann Pritchard, Joyce Gordon, Joan Wolford, Nancy Pressnell, Sonja Prall, and Nva Ann Brown, sopranos.

Mrs. A. N. Meadows, and Misses Monta Sue Williams and Ayanell Hoge, alto; Homer Craig, Billy Wicker and Henry Tyler, tenors; and C. W. Stowell and O. W. Allison, basses.

FORT WORTH LIVESTOCK
FORT WORTH — (AP) — Most classes of cattle and calves lost 50 cents to \$1 per hundred during the week, with in between grade calves and shorted steers and yearlings \$1 to \$1.50 lower. Butcher hogs and sows closed steady with a week ago, but feeder pigs were 12 lower. Most classes of sheep and lambs drew fully steady to stronger prices during the week.

Comparative prices: slaughter steers and yearlings 20.00-25.00; slaughter cows 12.00-27.00; 12-18 month steers 20.00-25.00; stocker calves 20.00-25.00; stocker yearlings 22.50-28.00; stocker steers 20.00-22.00; stocker cows 20.00-27.00.

Closing hog top 15.50; sows 15.00-16.00.

KANSAS CITY LIVESTOCK
KANSAS CITY — (AP) — Cattle compared with last week's close: slaughter steers 50-75 lower; heifers weak to 50 off; utility and commercial cows 1.00-50; extremes 2.00 lower; canners and cutters 50-1.50 off; bulls steady to strong, instances 50 higher; heifers and killing calves little changed; feeder steers 800 lbs up weak to 50 lower; good and choice fed steers 20.50-24.25; commercial 19.00-20.00; steers 27.50-30.00; few loads high choice and prime heifers and mixed yearlings 24.25-35.50; good and choice heifers 20.00-24.00; commercial heifers 25.00-29.00; utility and commercial cows 20.00-24.50; late; top on bulls 28.50; vealer top 36.00; good and choice feeder steers 800 lbs up 50.00-23.15; good and choice stock calves 22.00-27.00 but high choice absent.

Hogs compared with last Friday uneven, lights and butchers scaling 260 lbs down 15-25 lower; heifer weights 25-40 lower; closing top 15.25 on choice No. 1 and No. 2's weighing 210-225 lbs to shippers; most 190-260 lbs grading choice No. 2 and No. 3's at 17.50-18.10; choice 160-180 lbs 17.25-18.00; sows 25 lower at 14.50-16.00.

Local Man Held As Burglary Suspect

A Pampa man was held for questioning last night in the break-in of the Francis I Green home, 825 N. Russell, according to police reports.

The break-in occurred about 8:15 p.m.

The suspect was detained after Billie Wicker, Pampa News carrier boy, went to the nearby home of Bud Anderson, Pampa News city editor, and reported "something funny is going on at the Green home."

Anderson's wife called police while Anderson and Wicker went to investigate.

On arrival of police, the suspect, who lives in the neighborhood, was picked up and taken to the police station for questioning.

Couple Booked In Connection With Child's Death

LYNNWOOD, Calif. — (AP) — An expectant mother and her husband have been booked on suspicion of manslaughter in connection with the death of their three-year-old daughter, who was apparently beaten to death with a broom handle. Police said there were ugly black and blue marks over most of the body of Phyllis Louise Ingrassia. The eyes were swollen shut, lips cut and puffed and the arms seemingly broken, officers said.

Arrested Thursday were Paul B. Ingrassia, 27, railroad freight worker, and his wife, Anne, 28, who is expecting her fourth child next month.

Police Chief Paul W. Kerr said Mrs. Ingrassia issued a statement admitting the slaying, saying she had trouble with Phyllis wetting the bed, "and one day I hit her with a stick of wood. I lost my temper and I don't know how many times I hit her."

Officers said the woman told them the child seemed all right when she put her to bed Wednesday night, although "there were blue marks on her body and I was afraid to ask for help."

Next morning, police quoted Mrs. Ingrassia, Phyllis fell down and refused to drink water when it was offered her. She called firemen who worked for an hour in a vain effort to revive the child.

Lieut. Claire Dedrick said an investigation has disclosed that Phyllis was born in Chicago and sent to a foster home. After the birth of the couple's two sons the "little girl was brought here, but seldom was seen outdoors, neighbors say.

Three Fined

Three men were fined a total of \$55 yesterday in corporation court on charges of intoxication. They were picked up by city police Friday night.

YULE PARTY

(Continued From Page One)

economics classes said they wanted to help. By noon yesterday the old dolls looked like they had just come from the store shelves.

One of the strangest tales to come out of the toy repair program came when Denny "pooh-poohed" the idea that plastic toys could not be repaired. They were actually the easiest, Denny reported, and explained the technicalities involved in bringing them back to shape where they are hardly recognizable as a "used toy."

Denny said he was given much cooperation by merchants handling stock and equipment needed to repair and repaint the toys, including baling wire, sandpaper, paint, brushes, glue, and other necessary items.

Working in cooperation with the VFW annual Christmas party, Denny went ahead in a friendly competition with them. As Denny and his crew collected and repaired toys, members of the veterans' organization contracted for the purchase of 235 new toys. There should be close to 800 big, intermediate, and small toys, including dolls, tricycles, wagons, cars, trucks, fire engines and others, Denny said.

But it won't be all toys. There will be sacks of candy, fruit and nuts for each child, plus entertainment.

The candy, fruit and nuts were sacked by members of the auxiliary. Entertainment will be a show by a local magician and Coy Palmer will be on hand to lead the children in singing and also sing for them.

In all, many underprivileged children will be a lot happier when they go home today than they were Saturday. Thanks to the VFW, Denny, his students and the women and girls from the American Legion and VFW auxiliaries and high school economics classes.

Although the old - toy collection period is over, toys will still be accepted and picked up by Denny until Tuesday night. All toys left at the Pampa News or with Denny between now and Tuesday will be turned over to the Negro section next week.

FOOT TROUBLE

ST. LOUIS — (AP) — Chalk up the traffic cop as a victim of this streamlined age.

For, say St. Louis patrolmen, today's traffic officer just doesn't have a satisfactory place to plant his foot while writing a ticket for a motorist.

No running boards, sighs Lt. J. A. McNamara, a veteran of 33 years. Things were different he says, in the Pierce-Arrow and Stutz Bearcat day — when a cop could lecture with dignity.

McNamara adds that now with the low-slung cars, the policeman has to bend over so far that a lecture just isn't worth the effort.

TOPS ALL — Sgt. Ben Elliott of Philadelphia, Pa., wounded veteran of the Korean fighting and now a patient at Walter Reed Hospital, Washington, D. C., created his own fancy bonnet in an amateur hat-designing contest. G.E. patients at the hospital held a fashion show to display their creations. The contest was sponsored by the Ladies Auxiliary of the Jewish War Veterans.

'Twas The Week Before Christmas'

News Photos by Don Duncan

The week before Christmas — such a wonderful, magical time of the year. The excitement of shopping trips, the gaiety of parties, the fun of decorating the tree and the home, and the delight of a kitchen filled with the aroma of Christmas goodies — that's the week before Christmas.

Among the parties this week are church socials, Scouting functions, home demonstration and 4-H club entertainments, club and sorority events. It's all a part of the season, a time when social gatherings best express the good feeling we want to share with those about us.

All homes in Pampa will have some decoration, large or small, and the enthusiasm is the same in the very young and the very old. Decorating is a part of the frivolity of the Yuletide, but necessary all the same.

And Christmas day centers about the dinner — the culinary achievement of the year. The week before the turkey is selected, the mellowing fruit cake checked and Grandmother's best cranberry sauce recipe reviewed.

The shopping trips provide the gifts for the loved ones, and the beloved Santa's gifts to the children add the final touch of merriment to the occasion, and it's in the children's eyes we see the true meaning of Christmas — happiness, peace and contentment on the day commemorating Christ's birth.

SHOPPING — Part of the hustle and bustle of Christmas is due to Christmas shopping, which is always doubly interesting with some young fellow like Jim Thompson, pictured above with his grandmother, Mrs. Tina McCallister. Local stores have filled their counters

with Christmas toys, and that has made shopping for bicycles and dolls fun for children and adults, too! Jim is the son of Mr. and Mrs. Fred Thompson, 1115 Christine. (News Photo)

COOKING — Much Christmas activity is centered about the kitchen where tempting traditional favorites are in the making for the holidays. Turkey, dressing, cranberry sauce and fruit cake are musts on the menu, and many women like Mrs. Marguriete Nash, 932 Hobart, pictured above, delight in making cookie cutouts for the small fry who may be out Christmas caroling

during the last busy week. Mrs. Nash has made bears with raisin buttons for eyes, reindeer with a bit of cherry for the nose, bells and stars with glitter, and numerous cookie squares with painted designs. She hangs the cookies on her tree and has them ready to serve to youngsters and frequent holiday callers. (News Photo)

PARTIES — The glitter of those extra special party dresses comes near matching the sparkling enthusiasm of Pampa teenagers who every year take the spotlight with Christmas parties. Miss Carol McClelland, pictured above, models a holiday formal for her mother, Mrs. Luke McClelland. Christmas is a time for getting to-

gether with friends and business associates, and the season is filled with Scout parties, church socials, office get-togethers, sorority and club entertainments. Parties help make the season of good cheer. The McClellands live at 1814 Charles. (News Photo)

DECORATING — Trimming the tree, wrapping the gifts and decorating the home are also vital in preparing for Christmas. Wilma Voss pictured under the tree in her home at 411 Texas, puts finishing touches on her ceiling-high tree, with gifts for friends and relatives nearby for wrapping. Decorating the exterior of

the home has been on a competitive basis since the annual home decoration contest began several years ago. But wherever the decorating is — on the tree, on a gift, or outside the home — it's always the most colorful part of Yuletide. (News Photo)

TWAS THE NIGHT BEFORE CHRISTMAS — well not quite, but since we're bent that way in thought let's talk about it this week and next. And how about a bit of planning for the holidays. Found a few good suggestions I'd like to pass along.

CHRISTMAS EVE MENU — Scalloped oyster, oven crisp potatoes, tossed salad, hard rolls, butter, sugar cookies (in Christmas shapes, of course), and hot cranberry punch (recipe follows). Doesn't that sound as though it ought to set visions of sugar plums dancing in their heads? To make the cranberry punch just simmer one quart of cranberries in 1 1/2 quarts of water until flavor is strong enough. Strain and add the juice of a dozen lemons (frozen juice or lemonade may be substituted). Add two cups sugar and enough water to make a total quantity of one gallon. Simmer about ten minutes. This can be served as is immediately, piping hot with a whole clove in each cup, or stored in refrigerator until serving time and add a quart of gingerale plus a quart of pineapple sherbet or ice cream and finely crushed ice.

ALSO IN THE MENU LINE — would like to pass along a suggestion I overheard was used by one of the 20th Century clubs at a recent luncheon or dinner. Cut core from a purple cabbage and place cut side down on a relish dish. Cover with cocktail-pick-borne-relishes to fashion an unusual porcupine centerpiece.

PAMPANS WHO REMEMBER the visit of the charming Swiss fellow who moved to South America, who came up here last April to get acquainted first-hand with Cabot products which he sells, may recall his animated description of Christmas in his native Swiss village. He said Christmas there was wonderful and not so commercial as he finds it to be in the Americas. The Santa rides through town on a donkey about a month ahead of time to see if the children have been good enough to deserve presents before making them in his workshop. This prompts the children to put on their best behavior. He should have stuck around for the Santa Day parade to see the same effect here! They still burn candles on their trees and everyone goes to midnight mass and sings carols in the streets. Then comes the food. They don't stop at turkey. Oh no. Every family has a whole ham cooked at the bakery in a special fashion, having been first wrapped (the ham that is) in a blanket of dough, and then baked slowly to attain a wonderful flavor and crustiness. The dough covering also serves to seal in the succulent juices of the ham. Isn't that a mouth-watering idea?

BUT BETTER THAN FOOD, and if not better, almost as good as the music, is the poetry of Christmas — So hard to make a choice but this one has a "littlest angel" quality we love. Its author is unknown but it's called:

There's a beautiful legend that's never been told
It may have been known to the Wise Men of old—
How three little children came early at dawn,
With hearts that were sad to where Jesus was born.

One could not see, one was too lame to play;
While the other, a mute, not a word could he say.
Yet, led by His Star, they came there to peep
At the little Lord Jesus with eyes closed in sleep.

But how could the Christ Child, so lovely and fair,
Not waken and smile when He heard their glad prayer.
Of hope at His coming, of faith in His birth;
Of praise at His bringing God's peace to the earth?

And, then, as light softly came through the door,
The lad that was lame stood upright once more.
The boy that was mute started sweetly to sing—
While the child that was blind looked with joy on the King!

OH WHAT A WONDERFUL heartwarming season. It fills one's cup to overflowing, to see the many extra things people do. Let all who think it is a commercialized sacrilege drive by the park and meditate on the hours of professional art work given gladly to beautify the community and to pay tribute to the Holiest of Days.

LAST WEEK WE NEGLECTED to mention that a good laugh was had by all present at the coronation of the Household of Martha's of the Holy Souls church recently. A. A. Schuneman was called to draw the stub for the ham which was given as a door prize. Who should win the ham but Floyd Imel! (They're Pampa's two bank presidents, you know!) Whereupon Mr. Schuneman donated a five dollar bill to be drawn, but specified that the Citizens Bank and Trust was not eligible for the drawing!

WOULDN'T IT BE NICE if we could all win an electric range like Mrs. H. R. Cadberry did in Nohitt-Coffey's open house last week. 'T would be just a right handy time to break in a new one. Also gotta bit o' envy in my system for Pampa's newest Queen for a Day ala Moose. Mrs. A. C. Phelps made a most attractive "haul" in the gala event Monday night. And did you hear — Mrs. Tommy Townsend forgot her wish? Think Mrs. Jim Cunningham is a mighty attractive person. Guess what? Chamber of commerce is not only a dead cat office. Now it's a barber shop! Spied petite Clotilde "The Versatile" Thompson giving herself a new coiffure with big clipping shears! Mighty pert results too. Week's most gracious telephone personalities: Mrs. May Foreman Carr who deserves lush orchids for "The Messiah" performance Friday night — and Mrs. Hardy Pitts, a conscientious club member. Wish I could borrow some of the vitality of Sandy Williams. Jimmy McCune is another who's got "verve". Mary (Mrs. Lloyd) Wilson is such a sweet person, and has a lovely voice, too. Lots of musical talent in Pampa. 'Twill be sad to lose the Virgil Motts when they move to Waco shortly after Christmas. They've added a lot to the life of Pampa, musically and otherwise, since they've been here.

DON'T YOU KNOW Christmas will seem almost tame to the Paul Crossmans compared to the pleasure of having both their service men home at once?

PANORAMICALLY, everyone had a fine time at the Kiwanis banquet Thursday night. That Borger quartet was most entertaining. Smiley Henderson, definitely impresses us as being pretty 'Albertine' material as was his predecessor, Les Hart. And they both have attractive wives. Ever notice how much diminutive brunett Charles Hart looks like Jane Wyman, but whereas Jane Wyman won an "oscar" for not saying anything, Charles deserves one for her sparkling conversation. Joe Gordon introduced all the past presidents, including A. C. Troop, Fred Thompson, Red Weathered (whose capable wife is a budding writer of juvenile fiction, we hear). Also Jimmy Massa, L. N. Atchison, Fred Shroyck, Sr., Clyde Caruth and Herman Whitley. So glad to see "Atch" up and on the road to recovery after his serious illness and surgery some months ago. Another of the gayest seasonal parties was the Citizens Bank formal dinner dance at the Country Club Wednesday. Mrs. V. L. Boyles, among guests, looked especially pretty. So did the pretty bunch of feminine employees they have. Spied a goodly number at the beauty shop the afternoon before. So very sorry to hear of the illness of Doris Wedgeworth. She's such a favorite person in the many Pampa groups where she's known. She has our very best wishes for a complete recovery, and by Christmas, too, we hope. Sam Houston PTA had a distinguished speaker and a charming young woman all rolled up in one. Janie Seliger from Borger, Thursday. She used to give a radio program in Borger, we understand, and from the sound of her pleasant low voice, we imagine it was a most popular one. According to pretty 'Albertine' Triplehorn's introduction, the program was interrupted momentarily by the arrival of her small son, on whom she now practices her fine theories of psychology, gleaned in post-graduate studies at a Chicago university. We were certainly glad to hear one psychologist endorse the paddle as a sound means of discipline. But ever more warmed by her strong affirmation that a hug and a kiss from a mother who was at home when her children came in from school (and who didn't drown their young aspirations with adult cynicism) was all anyone could ask. That's a whole of a big order, though, come to think of it. One which I bet few of us can measure up to. Just makes us ever so sad to contemplate the departure of the Farris Odens, who'll be moving to Amarillo early in the new year. We hope it is a wrench for them, too. It's so hard for the youngsters to say goodbye to life-time friends — and to change school loyalties. Petite Becky is already nostalgic about saying goodbye to her little fourth grade friends, even though she'll be close enough to come back real often, but we think Jon is taking it harder than anyone, on account of his fondness for basketball and his loyalty to the Harvesters! Hear the Top o' Texas pharmacists are planning a nice dance to entertain the ladies. Herman Foster, retiring president, deserves much credit for getting this group started. Bet Ruth (Mrs. Harvey) Nenstel can draw an easy breath now as she hands the gavel of the Presbyterian Women's auxiliary over to Virginia (Mrs. L. W.) Jolly. Heard lots of comment about Ruth's animated report at the annual congregational meeting of the church. Speaking of Presbyterians, imagine the Nelsons will be glad to get their houses enlarged and renovated. But then, who wouldn't? Dr. and Mrs. Orion Carter held open house Saturday. They're glad the redecorating was completed before Christmas. Merdalee Cooper (Mrs. M. E.), Viola (Mrs. Rufe) Jordan and Kathryn (Mrs. Dudley) Steele are perennial favorites among the seasonal entertainers, it seems. Haven't had the privilege of hearing all of them perform but we think they're always on some of the Christmas programs so bet they're good. If you think this week has been busy with all the aforementioned plus "Messiah," basketball game and Christmas parties by every circle, Sunday School class, Scout troop and civic or study club, envision next week! One just can't afford to

First Baptist WMU Circles Meet For Mission Study And To Plan Annual Christmas Parties

First Baptist church circles met this week for Bible study and to plan annual Christmas socials.

The Eunice Leech circle met with Mrs. Jennie Kenney. Gifts were brought to be given to Buckner's Orphan home. Mrs. Del Schief gave the opening prayer, and Mrs. O. B. Schiffman gave the closing prayer.

Refreshments were served to Misses Joe Foster, Paul Turner, A. McClenon, Fred Carver, Ella Gurley, Hulle Beard, Tucker Schiffman, O'Bannon, Kenney and Schief.

At a meeting of one of the newest church circles, the name Vada Waldron was selected as the name of the group. They met in the home of Mrs. H. C. Grady, Jr. Mrs. W. S. March read from Luke 2, and an offering was given to the Lotie Moon Christmas offering.

Attending were Misses M. V. Bailey, W. S. Marsh, E. D. Shelhamer, Bob Triplehorn, three new members, Mrs. Tom Rose, Ralph McKinney, and Floyd Watson, and one visitor, Mrs. R. W. Tucker.

Mrs. Frank Bonner Honored At Shower

Mrs. Frank Bonner, Jr., was honored at a bridal shower recently in the home of Miss Adney Parsley.

Other hostesses were Misses Ann Betty, Virginia Jones, Clarice Parks and Mrs. V. W. McClelland and Mrs. Tommy Martin.

The table was covered with a white cloth and centered with a blue and white arrangement of chrysanthemums.

Miss Berry presided at the punch bowl and Miss Parks registered guests.

A bachelor is a guy who doesn't believe it is un lucky to postpone a wedding, so long as you keep on postponing it.

miss the high school choir's annual Christmas music festival Tuesday. Believe a comparable program is being planned by each of the grade schools on Thursday night and church affairs on Wednesday, and then vacation and only a few more days until the big event.

Busy as a whole county of cranberry merchants, or not, I'm every bit as excited as the Injuns (oh brother, that speaks volumes!) But then I'm just a child at heart, and also

MR. AND MRS. RAY JONES

Patton - Jones Wedding Vows Read Dec. 9 Here

Miss Bonnie Ottolene Patton, daughter of Mr. and Mrs. Otto D. Patton of Pampa, became the bride of Mr. Ray Franklin Jones, Jr., son of Mr. and Mrs. R. F. Jones, Laketon, in a formal ceremony read at 4 p. m. Sunday, December 9, in the First Christian church here.

J. P. Crenshaw officiated at the double-ring ceremony read before an altar flanked by baskets of gladioluses and greenery and tapered candelabra.

Linda Joyce McDonald, cousin of the bride, lighted candles, and flowergirls were Leslie Watkins, cousin of the bridegroom, and Patricia Stuckey, cousin of the bride.

Immediately following the ceremony, the couple left for a

SAFETY FIRST

If lights are desired in windows during the holiday season, never use candles. Keep curtains and other flammable material pulled back at least six inches from any electric light. Use non-inflammable decorations of glass or metal. After Christmas presents have been opened, remove all gift wrappings and packing material from your living room and dispose of them.

GLASS TOP FOR HER

If Mom has a favorite table or desk, give her a different practical Christmas gift by putting a glass top on it. The wood finish against scratch. The glass top not only protects and stains, but also enhances its beauty.

WHAT'S COOKIN' IN GRAY COUNTY HD CLUB WORK

By HELEN DUNLAP
Home Demonstration Agent
Aluminum foil, with its many uses, is wonderful in preserving natural flavors in food cookery. Have you ever used it in roasting a turkey? If you want a most delicious flavored bird for the Christmas dinner, why not try it? You will not need a roaster. Any pan, large enough to hold the bird will do.

Prepare the bird as usual and wrap the aluminum foil around it well. It should extend over itself several inches to prevent the escape of juices. Now on both sides, complete the seal by folding the foil over itself several times. The turkey, thus sealed, is placed in a pan large enough to hold it. Use any good timetable for roasting. The temperature will be between 300 and 350 degrees and the time will depend upon the weight.

If you have never tried roasting turkey by this method, we suggest you try it this year. The juices are cooked in the meat, and the flavor is delicious. The drippings for gravy will be held inside the metallic paper.

Aluminum foil is also good to use in broiling steaks, chops and fish. This is the way it is done. Line the broiling pan, under the rack, with the foil. Turn the edges up all around to hold in the drippings for gravy making. You may broil several vegetables in the same pan, and thus save fuel by the use of aluminum foil. It is done by wrapping each vegetable, such as corn and carrots in separate aluminum foil-shaped bags. Twist them tightly at the top and place in the boiling water. You not only have well flavored vegetables, but you preserve the vitamins and minerals. By this method, you seal in odors. It is your own "waterless" cooker.

Baked vegetables, such as potatoes, are wonderful, and you will like rolls, muffins, coffee cake and other breads prepared

El Progreso Has Christmas Social

El Progreso Study Club met in the City Club room last week, with Mrs. Carlton L. Nance as hostess. Roll call was answered with Christmas poems and interesting bits of Christmas lore. Mrs. H. H. Tyler urged members to cooperate with the Business and Professional Women's club in helping make Pampa beautiful in Yuletide decorations and the true Christmas spirit.

Mrs. Knox Kinard was in charge of the program. Everyone sang Christmas carols led by Mrs. Harold Wright with Mrs. Bob McCoy accompanying. Miss Inez Clubb, social science instructor at the junior high school, told a Christmas story this way. When you reheat breads, use a medium hot oven. Should you forget them for a few minutes, you may have no fear of their burning.

And baked apples melt in your mouth! Prepare them according to your favorite recipe. Gather the aluminum foil and twist at the top.

These are only a few of the many uses of this metallic material used in cookery. You will use the flavor of these foods. Why not try some?

Merten Club Has Christmas Social

The annual Christmas dinner for Merten Home Demonstration club members and their families was held Friday night. A turkey dinner was served by club members with Mrs. J. C. Steward in charge.

Gifts were exchanged during the social hour, and Mrs. Clyde Edmondson directed a canasta game. Mrs. A. B. Whitten won high-score for the ladies, and Mrs. D. A. Rife won high for the men.

Attending were Messrs. and Mrs. Bill McCracken, V. Smith, A. B. Whitten, J. C. Steward, Clyde Edmondson, D. A. Rife, V. S. Day, C. A. Jones, A. M. Nash, P. J. Boyd, John Brandon, Jack Prather and Mrs. L. H.

Methodist WSCS Has Christmas Program

One of the outstanding programs of the season was presented Wednesday in the chapel of the First Methodist church for the Women's Society of Christian Service. A medley of Christmas carols was played by Mrs. Roy Johnson and Mrs. Joe Key read "I Heard the Bells" by Longfellow.

Mrs. Ed Williams, secretary of spiritual life of the W.S.C.S., introduced the theme of the program, "Each Offered His Best," by reviewing the meaning of Bromert, H. H. Treat and T. G. Groves.

Also present were Mr. and Mrs. A. L. Shanks, W. T. Cass, Jr., Miss Helen Dunlap, Atha Bell, May Jo and Ruth Helen Steward, Linda Bromert and Mrs. Lacy Lee.

Girl Scout Troop 22 Entertains Parents

The year's membership stars were awarded at a meeting this week of Girl Scout Troop 22 to which parents were invited. The troop presented a play, "Buzzie's Babies," with Vicki Osborne serving as announcer.

The cast included Patsy Dial, Celia Fowler, Jeaneane Price, Barbara Arney, Jeannine Leith, Ann Price, Sondra Sullins, Sandra Williams, Judy Neslage, and Carolyn Anderwald.

Gifts were exchanged following the membership awards, and the serving of refreshments. Attending were Mr. and Mrs. Tom Anderwald, Mr. and Mrs. Merton Leith, Mr. and Mrs. Traylor Price, and Mr. and Mrs.

Tom Price, and Mrs. Bert Lane, Gaynell Grundy, Darlene Arney, Elmer Darnell, Margaret Darnell, Eulins Moore and Sher Dial, Charles Fowler, J. A. Hyatt.

Grundy, Walter Hyatt, Waldon Moore, Fred Neslage, Dick Sul-lins, M. K. Williams and Mrs. Harold Osborns, troop leader. Also present were Carolyn er metals.

Librarian Resigns Post At Shamrock

SHAMROCK (Special) — Shamrock's First Methodist church will present its annual Christmas cantata at 5 p. m. today, reports Rev. S. M. Dunham, pastor.

Mrs. Lyle Holmes directs a collection of Gounod themes entitled "Glory to God," with Mrs. Cabot Brannon at the organ. Proceeding from the cantata, they will offer an organ and piano ensemble of Christmas carols, Dunham said.

The hardest job to do is to do a little job well.

Cantata To Be Given At Shamrock Today

SHAMROCK (Special) — Shamrock's First Methodist church will present its annual Christmas cantata at 5 p. m. today, reports Rev. S. M. Dunham, pastor.

Mrs. Lyle Holmes directs a collection of Gounod themes entitled "Glory to God," with Mrs. Cabot Brannon at the organ. Proceeding from the cantata, they will offer an organ and piano ensemble of Christmas carols, Dunham said.

The hardest job to do is to do a little job well.

Lefors Opens "Teen" Town

LEFORS (Special) — Formal opening of Lefors new youth center was held last week at Mr. and Mrs. Jim Trout opened "Teen Town."

While "Teen Town" is designed primarily for Lefors youth, Mr. and Mrs. Trout invite teenagers from over the area. They will chaperone the room with Mrs. Louise Hogan and Mrs. Sherry Jennings as hostesses. Jackie Taylor also is on hand to greet area youngsters.

Finished in a two-tone green and pink motif, "Teen Town" features a soda fountain and snack grill, besides the bandstand and dance floor.

Bob Eishop, Lefors High school senior was master of ceremonies for the opening with Billy Sam Coberly and Loyd McNaught on the program. Also on the opening program were the Pirate Plunderers, Lefors string band.

Irish Frosh Hold Christmas Party

SHAMROCK (Special) — Freshmen celebrated Christmas with a class party at the old high school gymnasium here Thursday.

Members of the beginning high school class exchanged gifts and played party games. The session lasted from 7:30 to 10 p. m.

Freshmen will have a picnic in the spring, Mrs. Tammie Coburn, sponsor, said.

Mrs. Coburn sponsored the Christmas party. She was aided by Jim Mundy, class president, and other freshmen leaders.

Allison Church Is Sunday School Host

WHEELER (Special) — First Baptist church of Allison will be host to the North Fork Assn. Sunday School Group Rally Monday evening, December 17. The program will begin at 7:30 p. m. with representatives from the Baptist churches of Allison, Briscoe, Kelton, Mobeetle and Wheeler.

Training has been chosen for the theme of the meeting. A song service will be followed by the scripture reading and prayer by Harry Wofford. Rev. L. E. church and Rev. Carl Lamb, pastor of the Allison church will be the speakers for the evening.

Protect Her From Rain With Parasol

There isn't the slightest doubt that the lady who receives an umbrella on Christmas morning will also receive a gift of happiness and safety on the stormiest of days.

For newest umbrellas are meant to cater to a lady's individual tastes. There are gay flouncy fashions, strikingly tailored fashions with long slim handles, and even umbrellas that fold away to pocket-book size. These may be had in a variety of fabrics ranging from nylon to plastic and just about any color of the rainbow.

It's father who is put on the pan if he doesn't bring in the bacon.

SANTA COMES TO LEFORS — Santa Claus came to Lefors Friday and little Danny Mack Martin, son of Mr. and Mrs. C. A. Martin of Lefors, wears a wondering look on his face as he poses with St. Nick in the high school. Santa's visit was sponsored by Lefors Lions club and businessmen and was held in the high school when cold weather changed plans for a parade. Santa's helpers gave away more than 700 sacks of candy to Lefors youngsters. (News Photo)

Irish Couple Parents

SHAMROCK (Special) — Michael Reese is the name of the new boy born Monday to Mr. and Mrs. Paul R. Perkey of Shamrock. Michael is their first child. Mrs. Perkey is the former Helen Ruth Ford.

The good things come to those who hustle while they wait.

NEVER TOO OLD

We believe that one truth is always consistent with another truth. We endeavor to be consistent with the truths expressed in such great moral guides as the Golden Rule, the Ten Commandments and the Declaration of Independence.

Communists War Against Religion

Release of Archbishop Aloisius Stepinac from his prison in Yugoslavia is another demonstration of how fast the Communist party line can change to meet changing conditions.

In general whenever a Communist nation gets in a tight spot and needs aid and comfort from the western world, the war against religion is relaxed. When things look better, the war is resumed.

Marshal Tito of Yugoslavia is in a very tight spot indeed. He remains a communist, but he has broken away from the main office at Moscow and has set up a branch office.

In today's world with its hot and cold wars, there isn't any middle ground for Tito and Yugoslavia. He must get on one side or the other.

The archbishop was sentenced to 16 years of hard labor in October 1946 on charges that he collaborated with the Germans in World War II.

But the former vodka-swilling pals have fallen out and now Tito is making a new move to better his publicity relations.

It is a basic tenet of Communism that religion must be stamped out. After the Russian revolution churches were converted into museums.

Stalin tossed the fundamental teaching of Karl Marx out the window for the duration and he appealed to the pride of the Russian nation by recalling the military glories under the czars.

So it is premature to begin believing that Marshal Tito's release of Stepinac means that freedom of religion is about to be restored in Yugoslavia.

There will probably be concessions made but there can be no change in the fundamental antagonism that Communism holds for religion.

They do not sleep happily in the same bed.

BAXTER'S VIEWS

JESUS AND CAESAR

R. C. Hoiles, a newspaper publisher of Santa Ana, California, recently wrote an editorial on Jesus' statement to render unto Caesar the things that are Caesar's and to God the things that are God's.

Hoiles felt that this needed clarifying, since it seemed to contradict Jesus' teaching that a man can be loyal to two masters.

According to what light I have on this matter, I might venture the suggestion that in denying that EVERYTHING was Caesar's by declaring that SOME THINGS were God's, Jesus was certain.

This old absolutism in government is not dead in our day, either. Not long ago a school principal of Colorado Springs, answering questions put to him, flatly stated that government had a right to do things it would be wrong for an individual to do.

What if the government was as revolutionary a statement as a man could make. This old absolutism in government is not dead in our day, either. Not long ago a school principal of Colorado Springs, answering questions put to him, flatly stated that government had a right to do things it would be wrong for an individual to do.

What if the government was as revolutionary a statement as a man could make. This old absolutism in government is not dead in our day, either. Not long ago a school principal of Colorado Springs, answering questions put to him, flatly stated that government had a right to do things it would be wrong for an individual to do.

These men were rendering to God the things that are God's and to Caesar the things that are Caesar's. The laws of God in practice—condensed in the Golden Rule—are laws advancing individual liberty.

Other Hebrews knew God's law, too. But they disregarded it and bowed down and served governments even though in direct conflict with the laws of God.

Stalin like Tito has not hesitated to relax his fight against religion when it serves his purpose. The most recent time was during World War II when the Germans were at the gates of Moscow and something had to be done to attract the Russian people to continued resistance.

They do not sleep happily in the same bed.

Better Jobs

By R. C. HOILES

How Labor Unions Depreciate The Dollar And Destroy The American Way Of Life

Here is more of a speech made by Philip Cortney before the Third Virginia World Trade Conference.

If one wants to know how the government can serve to produce better jobs, I can think of nothing better for him to do than to read this speech, which I am reproducing in serial form.

Under the sub-heading of "Unions and Inflation" Mr. Cortney says: "The power of the unions has grown tremendously since 1941. Why? Simply because we had full employment and inflation. This is no coincidence. Trade labor unions are thriving on inflation and their bargaining power is increased out of reason and balance when we have full employment.

"Mr. Truman keeps promising full employment and higher and higher wages, and then he blames the selfishness of businessmen for the inevitable result which is inflation. (During the election campaign he also promised higher wages to the workers, higher prices for the farmers' product and lower prices for the housewife. You know the result.)

"The truth is that full employment is 90% inflation (as the 'Economist' said the other day). We can't have full employment, higher and higher nominal wages, and a sound dollar.

"When unemployment gets under a certain percentage of the employable workers, the bargaining power of the labor unions is the greater as when business is good the employers do not resist increases in wages. As wages rise, costs rise, and the prices of the products rise. In our country, the cost of living goes up because the prices for agricultural products are tied up to the prices of industrial goods by the so-called 'parity' formula.

When the cost of living goes up, the workers are asking for higher wages, and the farmers get automatic increases for their products. This is the famous rising spiral of wages and prices, which destroys the purchasing power of the dollar.

"In his last book, Professor Slichter states: "Nothing less than the integrity of the dollar is at stake, because people cannot afford to hold over a long period of time a sum of money in a fixed number of dollars if the value of the dollar steadily drops.

"The community may be forced to choose between social justice and collective bargaining to fairly drastic control and accepting a dollar that does not command confidence because it is expected to fall in value. That will be a hard choice. Nevertheless it looks as if the country will eventually have to decide which alternative is the lesser evil.

"If we should decide that we need permanent wage controls, we shall also have to control profits and having thus blocked the price mechanism we shall get a regimented controlled economy.

Counting Straws And Making Hay

SPOTLIGHT FOR THE NATION

AS PERILOUS AS WAR ITSELF

By SENATOR HARRY F. BYRD

Secretary of the Treasury Snyder was recently quoted in favor of giving the American people a mental rest for a couple of months. From thinking about taxes, this statement implies two things. First, that the Administration will try to impose a yet heavier tax burden upon us. Second, that it devoutly hopes that during the present adjournment of Congress, the taxpayers will neglect to speak their minds to their Senators and Congressmen about the latest tax burden they have just begun to shoulder.

Between the day in 1789 when George Washington took oath as our first President and April 30, 1945, the month in which Mr. Truman inherited the presidency, the United States Government collected some \$77 billion in taxes. Between April 30, 1945, and June 30 of this year—all within the life of the present Administration—the Government's total tax collection was \$260 billion. In six years, the Truman Administration has taken more from the American people than all the domestic taxes our Government levied in the entire history of the United States.

Our choice is clear: If we do not abolish collective bargaining, we shall get either a worthless dollar or a regimented economy.

"I have said before that full employment means, for all practical purposes, a condition of our economy when there are only a few million unemployed people. Last my definition of full employment draw demographic utterances I wish to make two comments. First, the less powerful the bargaining power of the labor unions, the smaller will have to be the number of involuntarily unemployed to preserve the functioning of the price mechanism and the flexibility necessary for the operation of a free enterprise system.

Does anyone who understands simple arithmetic believe that the United States Government can long continue to spend at the rate of \$37.45 billion a year? No wonder the Administration expects to cut defense appropriations by \$10 billion, next year's budgets should approach this \$77 billion figure.

There can be little reduction in Government expenditures until Congress regains control over them. "The time has come," testified Lindsay Warren, Comptroller of the United States, "for executive officers and final and conclusive authority over their spending operations, to re-evaluate them and to determine whether some or all of them should be repealed or greatly modified."

Floodgates Of Spending Are Open

By THURMAN SENSING

There are those who think that the reason Russia is not inclined to go to war with the United States now is that she believes we shall spend ourselves into destruction in the course of time and her ends will be gained without the necessity of fighting.

There is plenty of reason for believing that such a theory is valid. It is a well-known fact—well-known at least to students of economics and political science—that the habit means ways to destroy a nation is to destroy its economy. And one of the surest ways of destroying its economy is for a nation to indulge in extravagant spending, living beyond its income and ignoring its debts.

We had a candidate running for the office of President of the United States in 1932 who said this, "Any nation, like any family, can for a year or so spend more than it earns, but poor and I know that a continuing deficit that habit means ruin for a poor house." Those were true words as we have ever spoken—yet we have ignored them ever since. In fact, we have ignored them so long without apparent disaster that there are those who now believe we can ignore them forever. Such is not the case.

We have accumulated vast resources of wealth in this country by the time we started on this spending spree 20 years ago, wealth that would last quite a while even at the rate we have been spending it. Our capacity to produce and replace destroyed material goods is also enormous, and that has helped to delay the final reckoning.

But there is a limit to all things even at the rate we have been spending it. Our capacity to produce and replace destroyed material goods is also enormous, and that has helped to delay the final reckoning.

There can be little reduction in Government expenditures until Congress regains control over them. "The time has come," testified Lindsay Warren, Comptroller of the United States, "for executive officers and final and conclusive authority over their spending operations, to re-evaluate them and to determine whether some or all of them should be repealed or greatly modified."

International Whirligig... Peasant Opposition Constant Peril To Communist Regime

By JOHN FISHER

Increasing unrest in the Soviet Union itself, especially in the non-Russian segments of the U.S.S.R. This tension—in conjunction with the current headlined purge in Czechoslovakia and the less publicized man hunt in Bulgaria—is one of the reasons why Vishinsky and other Red diplomats keep hinting about an agreement to slow down the armament race and to prohibit atom bombs.

Realists do not foresee successful revolts in the near future either in puppet lands or Russia. But they are aware that the strain of matching the free world's economic and armament pace is telling on Moscow.

By concentrating everything on heavy industry and armaments, Stalin has made the consumer the "forgotten man." His toll is marked by endless overtime and his living lacks food, clothing and housing space. The Muscovite masses—unused to better standards—may take it. But satellites, non-Russians and peasants won't.

Two of the Kremlin's greatest fears today are fear of the non-Russians, who comprise more than half of the population of the Soviet Union, and fear of the peasant masses. Both are so hostile to Moscow that it would be smart for American propaganda to promise eventual liberation to Ukrainians, Byelorussians, Armenians, Georgians, Balts and other subjected peoples in the U. S. S. R. and restoration of land to the peasants.

Communists abroad boast of the treatment given racial minorities in the Soviet Union. Actually they are regimented and oppressed. Recent persecution has been directed against Jews, Armenians and the Moslems and Mongolians in the Uzbek, Turkmen and Kazakh republics.

American Jewish committee officials charge that the so-called Jewish autonomous Province of Birobidzhan has been abolished. About 25 million Jews are held in concentration camps. Anti-Semitism now is widespread in Russia. The trend also is evident in Czechoslovakia in the arrest of two prominent Jewish Communists, Vice Premier Rudolf Slansky and Otto Sling, Communist party secretary.

Refugee American—Armenians, who had been lured back to Soviet Armenia by stories of prosperity, report that the ancient Armenian Christian church is a captive and that its members are being persecuted. Moslems in the Soviet Union also are abused by atheistic Communists.

The suffering endured by Lithuanians, Latvians and Estonians is well known. The Navy is taking a heavy cruiser and two aircraft carriers out of mothballs next month.

The Quincy rejoins the fleet to become the 15th heavy cruiser on active duty. Two Essex class carriers, the Ticonderoga and Intrepid, will be reactivated as soon as they are modernized. The Ticonderoga, now at Bremerton, Wash., goes to New York, and the Intrepid, at San Francisco, moves to Newport News, Va.

ans has made these martyrs constant foes of Moscow. Among the greatest internal enemies of the Kremlin are the Ukrainians, Byelorussians and the Caucasian peoples.

For years their nationalist leaders have opposed Russian imperialism under both czars and commissars. Most of Russia's political prisoners come from these several groups. Each prisoner leaves behind approximately five relatives who forever hate Russia and would welcome a chance to strike in revenge.

FARMERS RESIST Concentrated in the rich-soil Ukraine are both nationalist animosity and peasant smoldering wrath. In the days when Stalin was forcing a new agricultural system on unwilling farmers, about five million Ukrainian peasants were starved to death or killed in the state-imposed famine. Bitter memories linger.

Communist faces peasant resistance everywhere, including anti-Stalinist Yugoslavians. The plowshares may prove more effective than the sword in destroying the Red system.

Today even in Russia the farmer is the one economic class whose will has not been bent by the Kremlin. He holds a sort of whip hand over the Politburo because a greater and more efficient agricultural production is an absolute must in support of the Soviet industrial and military program.

The early Bolsheviks wooed and won peasants by promises of land from the confiscated estates of the aristocracy. But scarcely had the parcels been distributed before Moscow inflicted such a heavy production tax in quotas of livestock and grain that the new property owners were permitted to keep only 30 pounds of grain per individual.

In 1929 Stalin junked this individualistic system and introduced the collective farm—a large state-owned farm on which farmer owners worked as day laborers. When peasants resisted some of the worst forms of the Red Terror were used to coerce them. In the Ukraine the death penalty was imposed on starving peasants who gleaned fields after the harvest. As late as 1938 large numbers were permitted to shoot themselves.

During the war the Germans dug up one huge grave in which peasant corpses had been stacked like logs in a deep pit. The hands of each had been tied by a rope behind the back and a bullet hole was in each skull. The case not only was reported by the Nazis but also by the anti-Nazi Ukrainians.

The 1951 Soviet harvest is said to be good with crops about five percent higher than last year. But livestock output is below estimates and needs. In fact, there is less livestock than in 1946.

When collectivization was started in 1929 the farmers slaughtered their cattle to keep them from the state. The war destroyed still more. Soviet records claim that the Nazis stole 11 million heads of cattle, 20 million pigs and 27 million sheep and goats.

Navy Takes Craft Out Of Mothballs

WASHINGTON (AP)—The Navy is taking a heavy cruiser and two aircraft carriers out of mothballs next month.

The Quincy rejoins the fleet to become the 15th heavy cruiser on active duty. Two Essex class carriers, the Ticonderoga and Intrepid, will be reactivated as soon as they are modernized. The Ticonderoga, now at Bremerton, Wash., goes to New York, and the Intrepid, at San Francisco, moves to Newport News, Va.

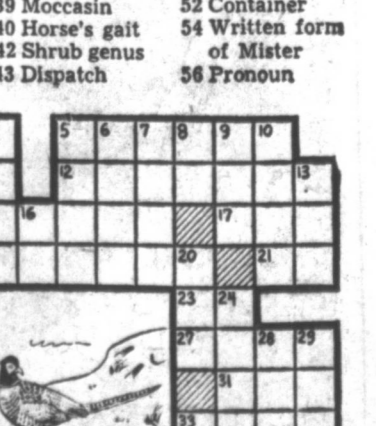

living the world has ever known. Yet our national debt, which we have made no effort to pay and which we apparently expect to bequeath to our children, now stands at better than \$250,000 million, compared with \$255,000 million last June 30. There is every prospect it will continue to climb and climb.

We desperately need a return to economic sanity in this country before it is too late. The flood gates of spending must be closed.

There can be little reduction in Government expenditures until Congress regains control over them. "The time has come," testified Lindsay Warren, Comptroller of the United States, "for executive officers and final and conclusive authority over their spending operations, to re-evaluate them and to determine whether some or all of them should be repealed or greatly modified."

MOPSY

I'VE DECIDED TO STOP LOOKING FOR MY IDEAL MAN AND LOOK FOR A HUSBAND INSTEAD.

Gladys Parker

Q—Could a person live on a diet of milk alone?
A—No; although milk comes nearer than any other single food to affording all the essentials of a complete diet, it is deficient in iron, copper and manganese, which are needed in small amounts, as well as in Vitamin A and D. A person living on a diet of milk exclusively would develop anemia and other disorders due to the vitamin deficiency.

Q—What was the status of the national debt of the United States in 1857?

A—In 1857 not only had all the debts of the United States been paid, but there was on hand a great and growing surplus. A bill was passed in 1836 for distributing the surplus revenue among the states, according to population.

Q—What was the status of the national debt of the United States in 1857?

A—In 1857 not only had all the debts of the United States been paid, but there was on hand a great and growing surplus. A bill was passed in 1836 for distributing the surplus revenue among the states, according to population.

Awards, Trophies Are Presented At Canadian Assembly

CANADIAN (Special)—The Junior class was in charge of an assembly program in the Canadian High school auditorium Thursday.

George Vinson served as master of ceremonies.

La Juana Ballard led the student body in group singing. Jo Ann Webb accompanied on the piano.

Reverend Carter McKemy, new minister of the First Presbyterian church, Canadian, spoke on the true meaning of Christmas.

Miss Marilyn Witt, Wildcat band director, reported on the band clinic at Lubbock which was attended by several members of the band. She announced that Gilbert Forrest and Stan Douglas had won positions in the all-state band.

Mrs. Ora Curmutt, president of the Band Boosters club, presented awards to seventeen band members. Senior band jackets were awarded to Norma Bernson, Dorothy Bernson, Joyce Curmutt, Mary Lou Love, Kenneth Smith, Louise Zybach and to Miss Witt. Chenille lyres were awarded to Richard Waters, Jeanie Job, Victor Witt, James McCroan, Anne Rathjen, Don Morrow, Glenn Morris, Charles Cook, Bobby Mathews, Carol Turner and Robert Nix for four years in band.

Charles Cook, president of the Wildcat band, presented Miss Witt with a Christmas gift from the band.

The Juniors presented two skits from their play, "Seventeenth Summer" which they staged that night.

Coach Dee M. Henry announced the names of the boys who made district and regional football teams. He presented Ben Mathers with the individual sportsmanship trophy he won at the McLean basketball tournament. Football co-captains Don Schaefer and Bill Flewelling presented the district championship trophy to the school. Basketball captain Frank Young presented the second place trophy the boys team won at the McLean tournament. Superintendent A. H. Breazeale accepted the trophies on behalf of the school.

A fast dye for white camels was one of the camouflage projects developed by the defenders of the Anglo-Egyptian Sudan during World War II.

PRIZE-WINNING HOME DECORATION — Above is shown the Bob Andis home, 1710 Mary Ellen, which won last year's home decoration contest sponsored by the Business and Professional Women's club. The Andises proved that a prize-winning display

doesn't have to be an expensive one, nor must a lot of work be entailed. The decoration was made by the two Andis youngsters, Bobby Lee and Linda Kay, with a minimum of labor and money. (Smith Photo)

Youngsters Whip Up Prize Winner:

Andises Prove Decorating For Christmas Not Expensive

The general impression among people is that winners in the home decoration contest are the ones who spend the most time and money in decorating.

Mr. and Mrs. Bob Andis, whose home won the top prize last year, contradict this belief.

"We let our daughters, Bobbie Lee, then 8, and Linda Kay, who was five, do the decorating. We didn't spend any money and only a little time," Mrs. Andis explained in a recent interview. Their window silhouette of the wise men and the manger scene delighted passing motorists who wondered how the effect was achieved. It was generally believed the forms were large figures which threw shadows on the windows.

Actually, the scenes were miniature mantel ornaments which had been in the family five or six years and were originally purchased at the dime store. The small figures had always been used under the Christmas tree, but last year, Bobbie Lee wanted to get the scene up higher so it would show through the large picture window.

After a little experimenting, the girls brought their toy table up from the basement and placed the nativity scene on that. Mrs. Andis helped them place the proper lighting behind the scene which blew it up to the full size of the 54-inch window. They used goose-neck lamps from a bedroom, propped them on books on the floor and tried it at different distances until just at the right size was shadowed on the window. The wise men were placed on the piano, with lights behind them.

The walls of the Andis living room have three large windows. Two frosted windows flank a clear window.

When the house was designed, Mr. and Mrs. Andis turned thoughts to Christmas-time, and planned that their Christmas tree would be placed in the center

Rural Telephone Service Is Set Up In Shamrock Area

SHAMROCK (Special)—Rural area in the Shamrock region are receiving telephone service for the first time, 191 of them, according to George Newberry, Pampa, district Bell manager.

Twitty, Kelton and Bethel areas are receiving the new service, with installation expected to be complete for 252 families by February 1.

Other areas to receive the service include Lela, Dozier, Samnorwood, Magic City and Pakan. Service is being extended as far north as 13 miles from Sham-

Santa Claus Plans Visit To Wheeler

WHEELER (Special)—Santa will be in Wheeler Wednesday afternoon. He will bring his reindeer to Wheeler but will be met at the edge of town by Jack Garrison in the new city fire truck. He will have sacks of candy, nuts and fruit for all the boys and girls who come to the county court house square to see him. A section of the square will be roped off for the children.

Preceding the arrival of Santa Claus students from the five schools, in the north half of Wheeler county will participate in a program on the west side of the court house square beginning at 2 p. m. Students from Mobeette, Briscoe, Allison, Kelton and Wheeler will sing Christmas carols directed by W. D. Whitley, musical director in Wheeler and Mobeette schools.

Also in the program will be the Wheeler band under the direction of Mrs. Patrick Boddy and the Briscoe - Allison - Kelton band under the direction of Ed Chenette. The bands will accompany the carollers. A group of accordianists will play during the program.

Arrangements have been worked out by some of the merchants of Wheeler working through the chamber of commerce. The musical program has been worked out by County Superintendent Jesse J. Dyer working with Supt. J. L. Wilmoth of Kelton, O. K. Henson of Briscoe, Noble Doughty of Allison, L. R. Reeves of Mobeette and W. O. Carriek of Wheeler.

World's record for the most rainfall in a single day is believed to belong to Baguio, Philippine Islands, with 45.99 inches.

Keller-Skeller Romance Said Trouble With U.S. Marriages

By HAL BOYLE
NEW YORK (AP)—A lady marriage broker has said the trouble with matrimony in America is "the helter-skelter romance."

Mrs. Edna Wilder makes a business of bringing together wife-seeking men and husband-seeking women.

"The marriage broker eliminates the helter-skelter romance," she said. "Arranged marriages are three to four times as enduring as marriage based solely on instinct, because the people who go into them are more sincere. They know what they want, and they have gone to a lot of trouble and expense to get it."

Miss Wilder is executive director of the American Association of Marriage Brokers. The organization is holding its first annual convention here to adopt a code of ethics and launch a drive to win greater public confidence.

No one knows for sure how many marriage brokers, marriage counselors and social introduction centers there are in the United States. But Miss Wilder puts the number at "certainly fewer than 1,000."

"Sixty per cent of our clients are women, and about 40 per cent are men," she said. "This is be-

cause there are more women than men, and also because women are more marriage-minded. They take it more seriously. It is the men who are most interested in superficial romance."

Who goes to a marriage broker? Well, they don't usually announce it, but — "Parents with 18-year-old daughters or sons in college come to us. So do people right up into the 70's and 80's. We've had widowed clients looking forward to a third or fourth marriage. They're sold on the marital status."

"But mostly they are women in their late 20's or early 30's, and men in their early or late 30's. Usually they have become weary of frivolous dates, the rat-race or ordinary social gatherings. They want help in finding someone with their own tastes in life."

The rates of marriage brokers vary. In New York they contract to arrange 10 appointments between people of similar background for a set fee. In other sections they limit their services to a period of time — such as three months — after which a new contract must be made.

The fees? They average: girls from 20 to 30 — \$100; from 30 to 40 — \$150; from 40 years up — \$200. Men, the lucky creatures, only have to pay a flat \$50. That shows who is looking for whom.

PORTABLE TYPEWRITER
Consider the portable typewriter for giving to a student this Christmas. No school child is too young to be a candidate for such a fine gift. No person is too old to find one useful.

Area Oilmen Step Up Pace In Panhandle Field

Stake 19, Final 23 For Week

Panhandle oilmen stepped up their pace last week by staking 19 new locations and filing 23 completions of which nine were new oilers for 735 barrels, 14 were gasers for 90,594 MCF gas, seven were plugged holes. One of the plugged wells was a wildcat abandoned by Lamar Hunt Trust Co. on its Johnson lease in Childress county. The well was plugged at 4845 feet.

Father Mohr brought the verses of his song to Franz Gruber, the organist. Gruber's setting of the music to the inspired words was almost spontaneous.

'The Song Of Christmas'

When the people of the little Alpine town gathered for Christmas worship there was no sound from the organ, for it was out of repair. But the organist strummed his guitar and, joined by Father Mohr, sang "Silent Night, Holy Night."

An organ repairman arrived a few days later, heard the song and song it when he got home.

Icy Winds Can't Deter Oil Prospecting In The Dakotas

By FRED MOEN
BISMARCK, N. D. — Icy winds are howling over the frigid North Dakota prairies, but hardy oil-drilling crews just button up their coats a little tighter and sink their bits deeper into the Williston basin.

Spurred on by four oil discoveries in the last eight months, oil hunters aren't letting the wintery blasts slow them up in staking out how much territory there is in the oil-bearing formations are believed to be "pinch" out and granite is found at much shallower depths.

The latest oil strike was in the Math Iverson No. 1 well, operated by M. B. Rudman and Critchell Parsons, Dallas, independents.

A drill stem test in the Madison formation from 8360 to 8500 feet flowed 40 gravity oil at the rate of about 40 barrels per hour.

The well is being drilled deeper. The Math Iverson is on a line with three Amerada Petroleum Corp. wells which produced oil. All are located on the Neeson anticline, an arched rock structure, in northwestern North Dakota, near Tioga.

Thirteen miles separate the southernmost well, Amerada's Clarence Iverson No. 1 the state's first commercial producer, and Amerada's Bakken No. 1, the northernmost well.

Oil was produced from the Clarence Iverson in two horizons of the Devonian, 10,490-530 and 11,630-680. Most of the production has come from the higher level but Amerada has shut off the well and has moved up to test the Madison formation. This formation was passed up previously.

Oil from the Devonian was a high paraffin base, necessitating the frequent cleaning of the production pipe. Production has been at the rate of about 250 barrels per day.

Amerada's best looking well to date is the Dillard No. 1, located one and one-half miles northeast of the Clarence Iverson. This showed a 133 foot oil section, 8308-8329 feet, with tests flowing up to 50 barrels per hour, also in the Madison.

Officials don't know yet how big the oil field is. Some geologists think the Clarence Iverson and the Bakken may be in different fields. Only further drilling will tell.

Amerada is drilling a fourth well located about 40 miles south of the Clarence Iverson, and has announced plans for four other wells, two of which will be just northeast of the Dillard, one northwest of the Dillard and the other about 20 miles south of the Clarence Iverson.

The fourth well now being drilled, the Risser No. 1, has been tested four times between 8525 and 8663 feet but has produced only traces of oil.

All of these wells are in the deepest portion of the trough-like Williston basin, which covers most of North Dakota, eastern Montana, southern Saskatchewan and northern South Dakota.

But the oil search isn't confined to western North Dakota. Five un-

SWEET-TOOTHED
COLUMBUS, O. — (AP) — A honey of a family in distant Tasmania is looking around for new uses for the sweet stuff.

Harold R. Beer, who lives on the island off the Southeast Australia coast, raises bees and his family uses about 60 pounds per year for each of its five members. The average American family uses one and two-thirds pounds per person per year.

In order to get further mileage out of their crop, Beer recently wrote the Ohio State University extension service to get their booklet, "Honey and Honey Cookery."

Arrest Of Jewel Thieves May Solve Other Burglaries

NEW YORK — (AP) — The expected arrest of an international gang of 18 jewel thieves may solve a series of hotel and apartment burglaries here in which more than \$1,000,000 worth of gems has been stolen in the past 18 months.

A high-ranking New York police official, who asked that his name not be used, last night predicted the roundup of the gang, most of whom are in Canada and are Canadians.

The same official said the expected arrests may solve the spectacular jewel thefts pulled off in New York.

The official added that 10 of the gang are known to be in Toronto, one is in Vancouver, B. C., two already are in prison and another is expected to be seized shortly. The remaining two were not accounted for.

Reds Did Not Intend To Keep Terms Claimed

TOKYO — (AP) — An Allied broadcast to Korea said the Communists "inadvertently revealed that they never had any intention of treating prisoners of war in accordance with terms of the Geneva convention."

An information bulletin quoting excerpts from the "voice of the United Nations command" broadcast said this may have been the Reds' "biggest blunder in the armistice negotiations."

The bulletin was labeled "not an official release. It was distributed to correspondents in Tokyo by the public information officer at general headquarters."

"A wave of popular resentment at the complete lack of Communist decency in the matter of war captives has swept the free world. The Red admission that they would not abide by the terms of the convention came as a direct reversal of the promise made to the UN command early in the war by the North Korean foreign minister Pak Hung Ung. At that time he told the world that North Korea would strictly observe the principles of the Geneva convention concerning prisoners of war."

"In response to that promise, the UN command has endeavored to make the Reds live to their word. But on Dec. 13, the Communists bluntly warned the subcommittee on agenda item four not to interpret 'in your favor' the sudden admission that the Communists are not abiding by the terms of the convention have anything to do with their constant refusal to let representatives of the International Red Cross visit their camps? Is the Red announcement intended as a preliminary cover-up for conditions the International Red Cross may find if the prisoners ever are released? Is there any more sinister reason behind this secrecy?"

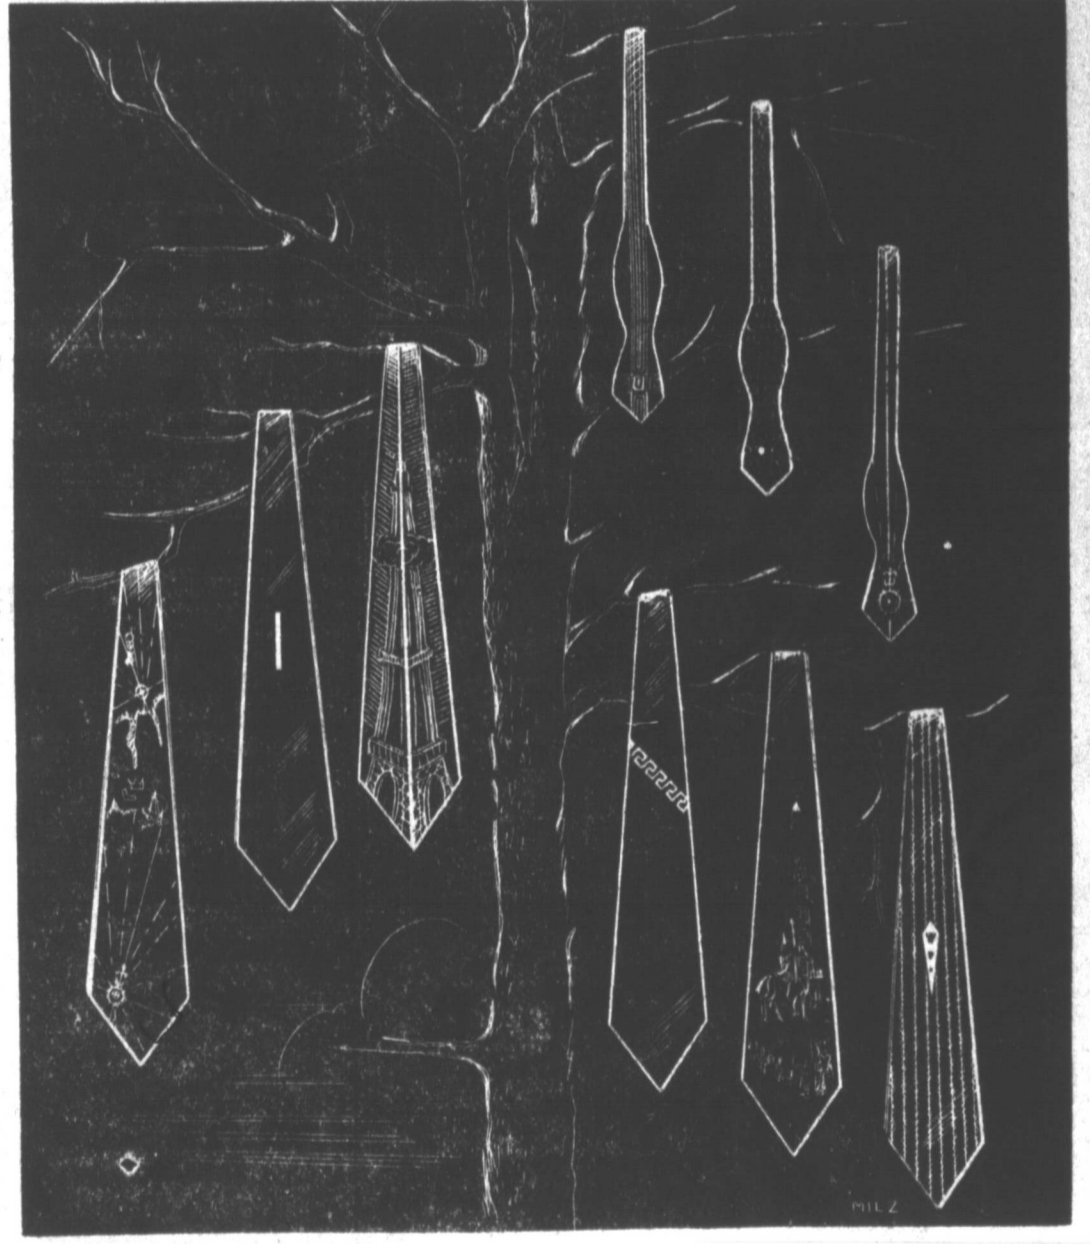

"If the Communists had any hopes of gaining world sympathy for their motives this latest announcement always noted that the Reds fight a no holds barred war. But world resentment rises sharply when the Communists announce that they are using the same tactics with defenseless prisoners."

A world of WONDERFUL GIFTS for the Home!

Open 'til 8 p. m. Through Saturday

Something for every name on your list at prices that go easy on Santa's budget.

JUST IN TIME FOR LAST-MINUTE SHOPPING

VALUE

Fine China Table Lamp

HAND DECORATED IN 27K GOLD

CHOICE OF COLORS

NATIONALLY KNOWN

Design and Quality You'd Never Expect at OUR LOW PRICE!

Think what even one lamp like this will do for your home! Mirror-smooth fired china base in Green or Ivory with floral motif, Blue or Coral. Glossy rayon satin shade to match, with two-tone rucheing and trim. Full 24 inches to top of china finial. Delightful in pairs...

FIRST AT THIS PRICE

Each only **\$3.88**

OCCASIONAL CHAIRS

WHITE'S Christmas Price

\$29.88

For beauty in the home -- and a chair for that extra space in the home.

Card Tables

With all metal frames and steel double-braced legs, All washable top.

WHITE'S CHRISTMAS PRICE

\$6.49

Keep your ears open for those "I wish I had" Christmas hints that are gifts for the home... you'll be surprised how many gift problems you'll solve!... "Mom" has sighed often for a certain table or chair for that empty corner or wall space. "Pop" complains about his lack of places to put his special pipes or books. And the junior set voice loudly their wishes in this direction! Shop for home gifts and please all.

2-Pc. KROEHLER Living Room SUITE

A Wonderful Gift For The Whole Family

\$179.88

ONLY \$3.00 WEEKLY

SMALL AMOUNT DOWN

Nationally known KROEHLER furniture at a price to fit your budget. Smart wood trim design. Spacious seating. Three reversible spring-filled cushions. Its comfortable "Val-U-Bill" construction assures years of satisfactory service. Your choice of the newest fabrics.

COME AND GET 'EM!

They Won't Last Long At This Unheard-of Price of

Cocktail-Ends, Lamps or Step Tables

\$8.88
