

## AMERICANS DRIVE CLOSER TO TRUK

Yanks seize Emirau and Elmsauo islands, isolating the Bismarcks, while battleships pound Kavieng on New Ireland. This action follows the taking of Lorengan airport on Manus island, bringing the Yanks closer to Truk.—(NEA-Telemap.)

## Jap Column Stopped, Another Pushes On

(By The Associated Press)  
One of two Japanese columns that have driven into India from Burma has been attacked and driven from three positions overlooking a supply route. The other column, which is the communications center of Imphal has not been reached.  
At sea, Japan's navy has lost a cruiser, a 7-400-ton aircraft carrier, eight supply ships and other small craft to British submarines since Jan. 1, the British admiralty announced today. A second enemy cruiser was torpedoed and two other ships damaged.  
The twin Japanese drives into India, one from the east springing from the border sector near Thangut and other from the southwest in the Tiddim sector, have caught Imphal in a squeeze with enemy forces last reported within 30 miles of the base on both the east and the south.  
Imphal is the southern terminus of the all-weather route which connects with the Assam road to China and which supplies Allied forces in northern Burma.  
Admiral Lord Louis Mountbatten's communique today did not report immediately the position of the Japanese force driving on Imphal from the east but tacitly admitted the other enemy column had penetrated India far enough to endanger the Imphal-Tiddim road. The reports placed this Japanese force on the west shore of Lake Logtak. If the advance continues here, the Japanese will gain the relatively level ground of the Imphal plain.  
In the Southwest Pacific, Allied airmen ripped the New Guinea coast from Wewak to Aitape with more than 200 tons of bombs, destroyed two small freighters, seven

## Workers Ousted From Control Of Mexican Railway

MEXICO CITY, March 24—(AP)—Cracking down with a speed and severity which took even senators by surprise, President Avila Camacho has ousted the unions from the last vestiges of their control of the government-owned railroad system.  
The most surprising feature of the step to untangle the rail network was an order for the general manager of the system to set aside any union contract provisions which "slow up, impede or impair" operation.  
This was as unexpected here as would be New Deal repeal of the Wagner act.  
President Cardenas, predecessor of Avila Camacho, turned the railroads over to workers to manage. Union heads appointed the board of directors, which appointed the general manager.  
This experiment did not decrease bickering between employees and the bosses, and did bring on a string of wrecks which killed more than 50 passengers in the first year of work-operation.  
One of Avila Camacho's first acts was to resume government operation of the Mexican system. The U. S. came to the rescue, sending a technical commission to advise on rehabilitation and offering almost unlimited credits, of which \$4,000,000 has been used.  
This helped, but did not solve the problem.  
The manager ordered mechanics from Mexico City roundhouses to Acambaro to repair locomotives. They refused, citing a clause forbidding employees to be sent more than 35 miles away.  
The management ordered two shifts installed at Acambaro and the employees refused. They didn't want to work overtime and under their contract extra help could not be hired.  
What was apparently the last straw was an inter-union fight which the president solved temporarily by naming a compromise executive committee of the union. The trainmen and boiler-makers, however, objected to the compromise, withdrew from the union, and then struck because their union dues were still being deducted from salaries. After three daily three-hour strikes, the president acted.  
The board of directors of the railroads was abolished and a nine-man advisory board substituted. Labor has two members on this, but commerce also has two. The manager was given full power to hire without regard for union membership, and to discipline workers.

## FDR Asks Neutrals to Aid Refugees from Our Enemies

WASHINGTON, March 24—(AP)—President Roosevelt, reaffirming the intention of America to aid the escape of refugees marked for death by the enemy, proposed in a statement today that the free peoples of Europe and Asia temporarily open their frontiers to victims of oppression.  
The chief executive also told a press-radio conference in a separate statement that America would fulfill its pledge for independence of the Philippines.  
He remarked to reporters that he had quite a bit to offer today on foreign policy, and he spoke in a sarcastic vein of those who, he said, had asserted that this country lacked such a policy.  
Reading the initial paragraph of his statement on refugees, he said it was a very good answer to some people who are wandering around asking bell-hops whether we have a policy. The paragraph said: "The United Nations are fighting to make a world in which tyranny and aggression can not exist; a world based upon freedom, equality and justice; a world in which all persons regardless of race, color or creed may live in peace, honor and dignity."  
Speaking a bit later of persons threatened with annihilation as "Hitler's forces descend more heavily upon these lands" in the Balkans, the president asserted that it was "fitting that we should again proclaim our determination that none who participate in these acts of savagery shall go unpunished."  
"There is more foreign policy, he commented.  
On the matter of the Philippine independence, the chief executive issued a formal statement, acknowledging that today is the 10th anniversary of passage of the Tydings-McDuffie act providing for Philippine independence. That measure was a manifestation of a long existing American-Philippine friendship, Mr. Roosevelt said.  
"It is a source of deep gratification to me," he declared, "to be able to say to the brave people, who are now bearing the yoke of Japanese domination, that the return of freedom to their islands draws closer with each Allied victory. The Philippine government temporarily residing here possesses all the attributes of an independent nation. America will fulfill its pledge."  
On the matter of nations in Europe and Asia admitting refugees, the president was asked whether this country also would open its doors.  
"That's what I would like to see," the president said, "but we are not yet bringing any here, since there were not enough to come, but there were many refugees who have reached a haven in North Africa."  
The president said that an international conference on refugees is being held in London.

The Philippine government temporarily residing here possesses all the attributes of an independent nation. America will fulfill its pledge."  
On the matter of nations in Europe and Asia admitting refugees, the president was asked whether this country also would open its doors.  
"That's what I would like to see," the president said, "but we are not yet bringing any here, since there were not enough to come, but there were many refugees who have reached a haven in North Africa."  
The president said that an international conference on refugees is being held in London.

## Freedom For Philippines Reaffirmed

WASHINGTON, March 24—(AP)—President Roosevelt, reaffirming the intention of America to aid the escape of refugees marked for death by the enemy, proposed in a statement today that the free peoples of Europe and Asia temporarily open their frontiers to victims of oppression.  
The chief executive also told a press-radio conference in a separate statement that America would fulfill its pledge for independence of the Philippines.  
He remarked to reporters that he had quite a bit to offer today on foreign policy, and he spoke in a sarcastic vein of those who, he said, had asserted that this country lacked such a policy.  
Reading the initial paragraph of his statement on refugees, he said it was a very good answer to some people who are wandering around asking bell-hops whether we have a policy. The paragraph said: "The United Nations are fighting to make a world in which tyranny and aggression can not exist; a world based upon freedom, equality and justice; a world in which all persons regardless of race, color or creed may live in peace, honor and dignity."  
Speaking a bit later of persons threatened with annihilation as "Hitler's forces descend more heavily upon these lands" in the Balkans, the president asserted that it was "fitting that we should again proclaim our determination that none who participate in these acts of savagery shall go unpunished."  
"There is more foreign policy, he commented.  
On the matter of the Philippine independence, the chief executive issued a formal statement, acknowledging that today is the 10th anniversary of passage of the Tydings-McDuffie act providing for Philippine independence. That measure was a manifestation of a long existing American-Philippine friendship, Mr. Roosevelt said.  
"It is a source of deep gratification to me," he declared, "to be able to say to the brave people, who are now bearing the yoke of Japanese domination, that the return of freedom to their islands draws closer with each Allied victory. The Philippine government temporarily residing here possesses all the attributes of an independent nation. America will fulfill its pledge."  
On the matter of nations in Europe and Asia admitting refugees, the president was asked whether this country also would open its doors.  
"That's what I would like to see," the president said, "but we are not yet bringing any here, since there were not enough to come, but there were many refugees who have reached a haven in North Africa."  
The president said that an international conference on refugees is being held in London.

## Alley Oop Finds Today Is Last for City Filing

By BROWNWOOD EMERSON  
Rumors of dissension among the Hoy party candidates for the city election to be held April 4 were stoutly denied today by Alley Oop, Hoy candidate for Commissioner 1.  
"By gum, just because I gotta do some work on my own behalf doesn't mean that me 'n' the major and Lil Abner have split," he shouted as he balanced five war clubs in one hand at his Moo residence.  
"Here's the way it yuz: 'My ole pal, King Guz, is as smart a politician as Big Jim Parley and he advised me yesterday that somepahn had be done to liven up the Hoy campaign."  
"He said it wuz important, 'cause the major had almost gummed the works by making a campaign speech in the wrong town the other day, speaking in Shattuck when he thought he wuz in Pampa."  
"But me 'n' Major Hoople and Lil Abner are just as good pals as we've always been. Anybody says different will hafta tangle with me," he threatened.  
Taking King Guz's advice seriously, Alley was plenty busy this morning.  
He first went to the city hall to find out if any other candidates.

## Fear of Reds Traced To Nazi Propaganda

One of the finest pieces of Nazi propaganda circulating in the United States is that oft-repeated assertion that when Britain and America fight Germany they will then have to fight Russia.  
That's what Simon M. Davidian, Rotary International Institute speaker, told a Pampa audience in junior high school auditorium last night.  
"I find that kind of propaganda being repeated more here in Texas than anywhere else in the country," Davidian said. "Nothing could be more wrong from the truth. But Hitler wants you to believe it because it is a big help to his effort of trying to divide the Allies."  
Explaining his statement further, Davidian said:  
"Russia is a giant and like any giant she is very difficult to understand. She is not the country she was ten years ago or even six years ago. Frankly, Russia is gradually moving to the right while we here in the United States have been moving to the left."  
"Communism is dead in Russia as a political instrument and the land has state socialism and she seems to be drifting to state capitalism."  
Davidian, appearing as the fourth and last speaker in the Rotary club's Community Forum series and discussing "Russia's Contribution to a New World Order," said that the United States, Great Britain, China and Russia are the natural allies.  
"Each has its own sphere of influence," he said, "each has its own government and all are nations that are able to maintain peace. There will be no peace for us and our children unless we have peace with each other."  
See PROPAGANDA, Page 8

## Vaccination Of Dogs Urged To Prevent Rabies

With one case of a dog found here infected with rabies and with Berger having 22 rabies cases in the past five months, the city today issued a warning to all Pampa dog owners to have their pets vaccinated and tagged.  
Stray dogs picked up will be impounded and a notice posted on the bulletin board at the city hall. At the end of three days, if the owner has not claimed the animal, the dog will be shot.  
The Pampa rabies case was the result of a bulldog being bitten by a rabid dog. A few days later the bulldog died. Its head was sent to the state laboratory in Austin and a report from that agency shows a positive case of rabies.  
"So far as city officials know, no persons have been bitten by either of the two dogs involved."  
The announcement of the city's campaign to prevent rabies was made yesterday by Dr. R. Malcolm Brown, city health officer.  
A. M. Meredith, Berger city manager, was in Pampa yesterday. He told W. C. deCordova, Pampa city manager, that they had been 22 rabies cases in Berger in the past five months.

## Churchill Watches Yank Skytroopers

LONDON, March 23—(Delayed)—Prime Minister Churchill paid a surprise visit to American air-borne troops in the English countryside yesterday and told them they "soon will have the opportunity" of landing upon the soil of Nazi-occupied Europe.  
In company with Gen. Dwight D. Eisenhower, the prime minister witnessed the colorful spectacle of many hundreds of American skytroopers leaping from swift-rolling waves of planes on to the green English fields a few hundred yards from the reviewing stand.  
"You have a great part to play," Churchill told them. "You are specially trained. You are the most modern expression of war."  
It was Churchill's first inspection visit to an all-American unit and the prime minister, in a jovial mood and showing the keenest interest in all the complicated paraphernalia of the American air-borne equipment, paused repeatedly to talk with the men from overseas.

## War Veteran Heads Bergstrom

AUSTIN, March 24—(AP)—A veteran of service in North Africa will head the new command of Bergstrom Army Air Field here.  
He is Col. Sam Davis, who will succeed Col. L. Sallor, who has directed the field since November, 1942.  
Col. Sallor goes to Laurinburg-Maxton army air base at Maxton, N. C., as commander of one of the largest of the troop carrier commands' installations.

## KPDN Will Carry Churchill Talk

Prime Minister Churchill's address at 8 p. m. Sunday will be broadcast over Radio Station KPDN. The Pampa News station, through facilities of the Mutual Broadcasting System.  
Correctly aligned wheels save tires at Pampa Safety Lane.—Adv.

## CIO Launches Drive Against Wage Ceiling

WASHINGTON, March 24—(AP)—The CIO United Steel Workers of America, after more than three months of preliminary fencing, today began the main drive of what may be an epic campaign to smash the Little Steel formula and obtain other concessions in its contract with the steel industry.  
President Philip Murray, flanked by the union's staff of officers, top aides, and a policy committee of about a hundred men, outlined to a six-man panel of the war labor board the basis of 14 demands, a guaranteed annual wage, vacations, dismissal pay, and a joint fund for steel workers in the armed services.  
A brief of the union's case picture the wage earners as the frozen segment of the American economy while industry and the farmers have a guaranteed minimum income now and in the immediate postwar years.  
Highlights of the union's brief:  
1. Economic stabilization, except for wages, has been ignored.  
2. Industrial profiteering, not wages, has caused an inflationary rise in prices.  
3. All corporate profits last year after taxes were 175 per cent above the 1936-39 average.  
4. The farm parity principle completely protects farmers against rising living costs; this principle results in a continued rise in farm prices which in turn causes inflation increases in the cost of living for wage earners.  
5. Labor's percentage of the national income declined from 45.7 per cent in 1929 to 33.3 per cent last year, while corporations' percentage increased from 54 to 66.7 per cent.  
6. Steel corporations have the financial means to meet the union's demands without a price increase.

## O'Daniel Flays 'New Deal Gang'

MUSKOGEE, Okla., March 24—(AP)—Voters of Oklahoma's second district, who will elect a new congressman Tuesday, were urged last night by Senator O'Daniel (D-Tex.) to choose a man who has "not even a speaking acquaintance with the New Deal gang."  
The Texan, an outspoken critic of the Roosevelt administration, spoke at a rally in behalf of Republican E. O. Clark, who will oppose Democrat W. G. Stigler in next week's election.  
While O'Daniel said he was speaking not necessarily for Clark, but for a congress of men "who believe in the constitution of the United States," Republican leaders were clated when he declared:  
"I know of no better reason why any candidate should be defeated than the fact that he may carry with him the blessing of the ruling dynasty in Washington."  
Stigler has the backing of Oklahoma's New Deal governor, Robert S. Kerr, and Senator Moore (R-Okla.) charged that Stigler would be a New Deal "rubber stamp."  
Republican leaders were counting on O'Daniel's speech to offset the appearance of Alben W. Barkley of Kentucky, who will speak in Stigler's behalf Monday in Muskogee and Okmulgee.

**SEVENTH DAY ADVENTIST CHURCH**  
 Corner of Broadway and Fairview St.  
 Rev. Elder LaGrone of Amarillo. Sabbath school every Saturday morning at 10 a. m. Preaching at 11 a. m.

**Sunday School Lesson**  
 Text: Genesis 1:27, 28; Matthew 12:11, 12; Romans 14:19-21; 1 Corinthians 12:26.

By WILLIAM E. GILROY, D. D.  
 A lesson on the sacredness of human life seems something of a mockery at a time when millions are arrayed in war, in the air, on the land, and on the sea, using all the highest devices of invention in the business of killing. But cynical comment gets us nowhere.  
 It is of no avail to wring our hands and deplore war in the presence of ruthless aggression and the perpetration of atrocities. The terrorism which brought on this world war counted on the fact that their terrorism would defeat us. They hoped that our very love of peace would make our destruction easy, and they counted as their allies those whose plea is

always for peace at any price.  
 Most of us believe that peace is neither won nor kept that way. We should like to have avoided war but there was no means of avoiding it if we would preserve our institutions.  
 What, then, about the sacredness of life? How can we talk about it and proclaim it, when we see overwhelming our armies, and rejecting in the victories that mean destruction to masses of our fellow-men? The answer is that just because this is so there is all the more reason for emphasizing the sacredness of life. Every thoughtful person knows that our country is at war today, not because we love war, but because we hate it.  
 This man-made war, brought on by voraciousness of might, is comparable to an epidemic of disease of the sort that has repeatedly scourged mankind in the face of such an epidemic two things are essential: the immediate thing is to fight the disease with every possible weapon and resource.  
 The parallel seems to be exact. To restore to the world the sacredness of human life is the one great and worthy purpose of all who are fighting the battle against the epidemic of ruthlessness and brutality. And in this fight to restore and uphold the sacredness of human life the Bible is still our greatest text book.  
 Our lesson ranges widely in five different passages, but five hundred could as easily have been chosen. First in the basic fact that man is made in God's image; an intelligent being with power of control in the world in which God has placed him. This is the image of God in man, better than a sheep. (Matthew 12:11, 12.)  
 Man, unfortunately, has not always put a proper value upon himself. He has been willing to abuse and mar the body God has given him, and to do evil to his soul. The passage in Romans reminds us of our duty toward one another, and from Colossians is the challenge to remember that it is man's privilege to be like the temple of the living God.  
 This is the world's temperance lesson for the quarter, and its application to man's "cases of our life today is clear and incisive.

**Special Services Are Arranged At Calvary Baptist**

In the absence of the pastor, Sgt. Evert P. Coe, Pampa Air base, will fill the pulpit of Calvary Baptist church Sunday morning at 10:50 o'clock. Sgt. Coe is a Baptist minister serving in the U. S. Air Corps, Pampa Field.

Burt Tewter will have charge of music. There will be classes for all ages in the Sunday school at 9:45 a. m., with C. E. Humphrey as superintendent. Clayton C. Teague is general director of the training union and is expecting to see all ages present at 7 p. m. for a program.

At the evening worship hour beginning at 8 o'clock, there will be a special ceremony when a gold star will be unveiled in memory of the church's first war casualty, Pfc. Donald Stewart, U. S. Marines, 4th Division, who gave his life for his country in the Marshall Islands on Feb. 3. Donald was the son of Mr. and Mrs. Clyde Prince and a brother of Thomas Stewart of this city. The pastor will have charge of this service.

Music will be in charge of Cpl. James D. Havard, PAAF, with Mrs. Havard at the piano.  
 Rev. E. M. Dunsworth has issued a special invitation to men in service to attend these services.

**Rev. H. G. Wolter Speaks at Morning Lutheran Service**

The Rev. Henry G. Wolter, pastor of Zion Lutheran church, will speak Sunday on the topic "Convincing Evidence Culled from the Resurrection of Lazarus by Our Lord."  
 During the season of Lent only one service of worship is conducted on Sunday, at 11 o'clock. Services are temporarily being conducted in the Duenkel-Carmichael chapel, 300 W. Browning, until the construction of a chapel has been completed.

**'Signs of Times' Is First Christian Minister's Subject**

In the services of the First Christian church, Sunday, the minister, Mr. E. D. McLean will bring two sermons. The morning sermon, "The Signs of Times" will be an effort to explain how the affairs of the present-day world are related to the eternal plan of God.  
 The evening sermon will be on the subject "The Demands of the Christian Life."

**BUYS BONDS**  
 The brink of Niagara Falls is receding at the rate of two and a half feet a year.

**Harrah Methodists To Hear Davidson**

The subject for the morning message in the revival at the Harrah Methodist church, Sunday will be "Pilgrim Seekers." The text will be found in Job 11:14 "For they that say such things declare plainly that they seek a country."  
 The Rev. Dr. Davidson, pastor of the White Deer Methodist church, who is doing the preaching, says, "Here we have a long line of patri-archs who have tested God and followed His leadership. They have at all times put their faith in Him. He has never failed them thus they are led to declare that they are seeking a country where they might dwell with Him through eternal ages. God is not ashamed to be called their God; for He hath prepared for them a city."  
 The Sunday morning service will be at 11 o'clock. The evening services will be at 8 o'clock.  
 Rev. Eugene L. Naugle, pastor of the church, states that an invitation is given to all to attend these services.

**Revival Meeting Closes At Central Baptist Sunday**

"The revival meeting in the Central Baptist church, under direction of Rev. Joe Hankins will close Sunday. The closing of the meeting has been very gratifying and the closing services will be the greatest sermons of the entire series," said the Rev. T. D. Sumral, minister in charge.  
 Rev. Hankins will speak tonight at 8 o'clock on "The Seven Judgments," Saturday morning at 10 the sermon subject, "How Can I Know I Am Saved." This sermon will be a searching of the Bible as evidence of a believer's security.  
 The outstanding sermons of the week end will be the closing messages Sunday morning at eleven o'clock when Rev. Hankins will speak on "Old Fashioned Regeneration," said Rev. Sumral. "This sermon will show that regeneration is fundamental to a Christian life."  
 Sunday evening, the final subject for the meeting will be "Heaven, The Home of the Soul."  
 In the absence of Mr. Parrell, who has been directing the music for the revival, O. H. Gilstrap will conduct the music for the closing services.  
 Plans for a great closing day in Sunday school and Training Union have been made. Record breaking crowds are expected," the minister concluded.

**Christian Science Sunday Study Topic**

"Reality" is the subject of the lesson-sermon which will be read in all Churches of Christ, Scientist, on Sunday, March 26.  
 The Golden Text is: "The counsel of the Lord standeth forever, the thoughts of his heart to all generations." (Psalms 33:11.)  
 Among the citations which comprise the lesson-sermon is the following from the Bible: "Now we have received, not the spirit of the world, but the spirit which is of God; that we might know the things that God hath given us to us of God." (1 Corinthians 2:12.)  
 The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Mortals must look beyond fading, finite forms if they would gain the true essence of things. Where shall the gaze rest but in the unsearchable realm of Mind?" (Page 264.)

**Rev. Walker Is Speaker Here Sunday Morning**

The Rev. W. B. Walker, district superintendent of the Abilene district, will speak at the morning service at 11 o'clock at the Nazarene church.  
 The pastor will preach at evening service, 8 p. m. An invitation to come and worship in all these meetings has been extended to the public.

**Corsicana Band Plays at Austin**

AUSTIN, March 23 — (AP)—State officials took time off to hear an impromptu concert by the Corsicana state home band in the capitol rotunda today.  
 The band led a parade on the occasion of the state eleemosynary school exhibit here.

**Bishop Seaman Is Episcopal Speaker**

The Rev. Dr. Cecil Seaman, bishop of the missionary district of North Texas, will be the special preacher at the 11 o'clock Communion service in St. Matthew's Episcopal church this Sunday.  
 "Bishop Seaman comes not as a visitor but as an old friend to Pampa. He has visited this city many times, only as bishop of the Episcopal church but also in other capacities," Rev. Edgar W. Henshaw, minister, said. "Recently he was here as the speaker for Pampa Rotary club."  
 In addition to the 11 o'clock service there will be Holy Communion at eight o'clock and Sunday school at 9:45 a. m.  
 This evening the Rev. Henshaw will continue the series of studies on great religious leaders of the world. The leader whose life will be discussed this evening at 8 o'clock is Mary Baker Eddy, the founder of Christian Science. "All services are open to the general public and a cordial invitation is extended to be present," Rev. Henshaw said.

**Women in Church**

By MARY FOWLER

In Warren, Ohio, on behalf of the Protestant churches of the community, Miss Julia Spickard lives and works in a unit of a new government industrial housing project. She visits newcomers on behalf of Warren churches, conducts week-day religious education in after-school hours, carries on vacation church schools in one housing and one trailer area, has organized a Girl Scout troop and other recreational activities, has an interdenominational evening hymn sing with a short talk by one of the Warren ministers in the project recreation building. She expects soon to open a worship service and church school in a new housing area located at a distance from the established churches.

tion and function of women in the church and in secular society is provoking increasing criticism and discontent," says a report to be made to the authorities of the Church of England by a committee authorized by the archbishops of York and Canterbury. The study of the place of women in the church grows out of the difficulty of finding suitable women for deaconess work. Among the changes suggested are that the long dresses and bonnets of deaconesses be "modernized," that they be allowed to administer communion and that they be permitted to marry if they so choose. "Prejudice against women must go from the church as it has gone from the nation," says the committee.

Miss Florence Prouty, R. N., of Kansas City, Kan., has recently organized a "Preventive Medicine Clinic" in connection with Sweet Memorial Institute, the 70-year-old social center conducted by the Methodist church in Santiago, Chile, as a symbol of inter-American friendship. In this work she

has gained the confidence of the best doctors and social workers in Chile, and hundreds of the needy children of the community are crowding the center. In addition, the clinic has the voluntary service of one of the finest women doctors of the city, and of a good dentist who also volunteers his assistance.

**Conducts Series Of Methodist Services**

Beginning Sunday, a series of services conducted each day at 10 a. m. and 8 p. m. The First Methodist church will present Dr. Clus-tor Quentin Smith, above, president of the Oklahoma City university, as speaker.  
 Dr. Smith came to the presidency of Oklahoma City University on June 1, 1941. He has been a builder of schools and colleges, churches and hospitals, where he gained na-

tional recognition in such field. He is listed in Who's Who in America, Who's Who in American hospitals, Who's Who in American Ministry, Who's Who in American Education, and a sketch of his life appears in the National Encyclopedia of American Biography.  
 Before entering the ministry, Dr. Smith attended Knox college and graduated from the Emerson school of Oratory, at Boston.  
 The Rev. E. B. Bowen, minister of the church has extended an invitation to the public to attend these services. James Neilson, director of choir, band and orchestra of the University will be in charge of music.

This Summer, Toughest Yet

Responsible military authorities say we are approaching what will probably be the final summer of the war in Europe. If this is so, then we are also facing the war's most difficult summer. It will require extra effort from those at home.

Nowhere, according to present indications, will this extra effort be needed more than in food production. So before we become too immersed in post-war planning and speculation, let's take a serious look at the prospects.

There are two chief difficulties among the predictable obstacles to raising still another record crop in 1944. One is the scarcity of labor. The other, confusion regarding future of price control and stabilization.

Solution of the second difficulty rests with Congress and the president. Their task is complicated by the shortage of time and by the hot political fight over the subsidy program.

Solution of the first problem rests with women and youths and men out of service. Last year women and boys and girls under 18 made up about 1,500,000 of the 3,500,000 supplementary workers. This year the Department of Agriculture estimates that will have to be 4,000,000. It has assigned to women and youngsters the task of making up the difference.

The implication in this is that the remaining 2,000,000 of the 4,000,000 workers marked a peak figure, and that we cannot depend on getting more imported labor, war prisoners and furloughed soldiers to take up the slack.

It's a job for the ordinary civilian, and the need may be even greater than the Agriculture Department's estimate shows. For since the estimate was issued, draft deferments for farm workers have been tightened, and the agriculture labor force is now at a record low—4 per cent below the figure at the same time last year.

There is every indication that our annual food crop will have fewer producers and more consumers in 1944 than ever before. The armed forces' needs cannot be denied. An invasion of Europe will necessitate heavy replacements, and the liberation of half-starved Europeans will present another outlet for our food supply.

The only solution seems to be for more women and children to continue the excellent job done last year, for more businessmen within reach of farms to give an afternoon or full day whenever possible, for more vacationers to take a holiday of agricultural work.

All this and Victory Gardens too can turn the trick.

An additional shipment of 35,000,000 pounds of butter to Russia has been recommended to the war food administration by its butter advisory committee.

BUY BONDS

1930 PER CENT IN 185 YEARS

(The News and Courier, Charleston, S. C.)

When George Washington became the first President of this country, the national debt was less than \$20 per capita.

By 1820, in the Administration of James Monroe—after all the difficult years of organization and adjustment; after our war with the "Trials pirates"; and after our War of 1812 with Great Britain—the national debt had been reduced to \$9.45 per capita.

At the end of the Van Buren Administration, the national debt amounted to only 21 cents per person.

Even after the Mexican War, the per capita figure was only \$2.30; and at the conclusion of the awful four-years tragedy of the Civil War, each American's average share of the public debt was only about \$78.

This steadily whittled down to only \$17 by the time of the Cleveland Administration, 34 years later; and the Spanish-American War brought the figure up to only \$19.32.

When Woodrow Wilson became President in 1913, the per capita debt was only \$12.26; but as a result of our participation in World War I, this figure had been boosted to \$228.32 when Wilson left office.

Common Ground

By R. C. BOILES

"I speak the best word of honor, I give the sign of democracy, by the holding which I have just counter-part of on the same terms."

On Limiting Ownership and Taxation

Many supposedly consistent people are contentedly sitting in clubs, on screens, stage and radio for the last 17 years. They're one of the most successful teams in show business.

It took a year to break up the act. After 17 years the Radio Rogues are folding up, with Eddie Bartell checking into the army in a few weeks. It was dapper Eddie and Jimmy Hollywood who started the act back in 1927, introducing rapid fire mimicry which was destined to earn them a fortune.

There were always three Radio Rogues, but Eddie and Jimmy were the stars. The third Rogue was the straight man and during their long association Eddie and Jimmy "wore out" eight different straight men.

The boys figure they have done close to a thousand different impressions of theatrical and radio stars and national figures. And one of the complaints of Eddie and Jimmy was in New York before the war when they were doing the voices of Hitler and his stooges in a parody for the Orlan and Johnson show, "Hellszapoppa."

Some Nazis discovered they were the voices and one day when Eddie and Jimmy left the theater a young burly gent took a swing at them. But missed.

TWO HAVE LASTED IT YEARS

Only two impersonations survived those 17 years, were continuous parts of the act. One was Kate Smith, the other Amos 'n' Andy. Jimmy Durante, Eddie said, "has been in and out so many times we lost track."

Oddly enough, Jimmy and Eddie were actors in dramatic tear jerker in night club, "The Last Mile," with dashes of Shakespeare, before they introduced rapid fire mimicry to the nation. At the height of the gangster era in Chicago, they were playing in "The Last Mile" in a South Side theater.

"That's when we quit," Jimmy said. "Why, little kids in the front row were tougher than some of the actors playing killers on the stage."

Speaking of gangsters, Jimmy and Eddie will never forget the time they were playing in a New York night club. "Just as we were leaving the building one night, Jimmy said, 'a couple of George Raft-like characters walked up to us, stuck a gun in our ribs and said, 'Boys, you're going to do a benefit tonight.'"

From the above, it is evident that the Rooseveltian fallacies of taxation to limit ownership can result only in less production and thus a lower standard of living for the working men and fighting men of the community.

On the question of taxes the learned Justice had the following to say:

"Taxes, when thought out in things and results, mean an abstract of a part of the annual product for government purposes, and cannot mean anything else. Whatever form they take in their imposition they must be borne by the consumer—that is, mainly by the working men and fighting men of the community. It is well that they should have this fact brought home to them, and not too much disguised by the form in which the taxes are imposed."

The above is exactly what this column has been saying. There is no possible way by taxing the rich to help the poor. The sooner the great mass of people realize that the consumer eventually pays the taxes, the sooner we will have an honest economical government and an ever-increasing wage for all workers.

which was taken off the market, inflicting scarcity on them. Now when release of the excess supply might give American consumers adequate butter rations, the proposal is made to dump the butter elsewhere in order to support prices and the consumers are gypped again.

The situation would not have arisen but for the stupidity of the administration in overbuying, and to that stupidity it now seems on the verge of adding bad faith to the consumers by keeping the butter away from them in order to make them pay more for available supplies.

The plan is not only dishonest, it is economically unnecessary. There is a far greater demand for butter at present prices than can be met. The government could be disposed of not by cutting prices but by lowering ration points demanded for butter. It is the scarcity of ration points, not the scarcity of cash in consumers' hands, that is cutting butter sales at present.

THE LIQUOR SHORTAGE WILL CONTINUE

(The Chicago Tribune)

All-out investigation of the liquor industry is now being shaped up by the reorganized senate judiciary subcommittee under Pat McCarran of Nevada. It will take the form of not only turning over to local district attorneys and the department of justice any evidence considered for prosecution, but also providing background for reform legislation.

The committee is not interested in prohibition, pro or con, but as a side issue it is interesting itself in the present liquor shortage. Under the late Senator Frederick Van Nuys of Indiana the committee did a certain amount of fumbling around on the liquor shortages last December without coming to any conclusions. Now, with an enlarged committee staff under J. G. Sourin and with George M. Moore of the Congressional Joint Committee on Non-essential Federal Expenditures slated to become chief investigator, Senator McCarran's committee is moving ahead.

Distillers have been asked to prepare data for the committee, and so have executive agencies of the government dealing with alcohol matters.

Maybe It's Here: Leaves From The Editor's Notebook

By ERSKINE JOHNSON

If you are betting on a date when the war will end, here are a couple of tips. If we have to slug our way through France to Berlin, don't risk your money on anything short of late summer, 1944. If you already have bet on early summer, explain it by saying that the Germans won't wait for Stalin to reach Berlin—they will capitulate to us, in preference. If you don't like either of these, what's your own line?

The cold-blooded treachery of Nazis in Italy, who used the white feather to entrap and murder a platoon of Canadians, takes us back to Indian-fighting frontier days. Then our forefathers were facing savages who pretended to be nothing else.

There is an old saying that birds of a feather flock together. This may account for the sympathetic accord between Nazis and Japanese. Now the Nazis will have to learn what the Japs already have—that once we have discovered what we are up against, we can be ruthless, too.

Incidentally, just who was it that said our quarrel is exclusively with Hitler's gang, that the German people are nice folks?

You don't see—as much chicken salad these days—with ration points on pork and real. . . . What British and U. S. will do with Hitler remains to be seen—if there are any remains when Russia gets through. . . . Living in the past or future keeps you from getting your full fun out of the present. . . . Even a pedigreed dog can enjoy life if too much care isn't taken of him when he's young. . . . Since the Germans block the way to Rome, what is more appropriate than blockbusters?

OFFICE CAT

A woman had decided to go on a diet. That, of course, is not news, but what occurred later makes a story. The woman on a diet was in a department store the other day. A light from an elevator on a certain floor, the woman saw a woman walking towards her. She certainly was fit.

She said to herself, "What an awful looking woman! Why doesn't she take more pride in her appearance? Why didn't she fix herself up more prettily before she left home?"

Then suddenly the woman realized she was looking in a mirror.

Jim—I got mad at my girl on Sunday night and she went to church. Bill—What happened then? Jim—I went there looking for her. The sexton said: "Are you looking for salvation?" Then I said "No—I'm looking for Sal Jones."

Visitor—That worker seems frantic. What's the matter? Foreman—Oh, the poor fellow is deaf and dumb and he just hit his thumb with a hammer and can't find a pad and pencil.

Secretary Ickes formally bowed to the budget when he dismissed Robert Lovett, Virgin Islands secretary, because his retention in the Executive branch is the mere act of withholding dollars, it abolished the National Resources Planning Board, and virtually wiped out the domestic section of the Office of War Information. It forced the dismissal of reputed "radicals" by providing in specific language that no cash shall be used for the payment of salaries to them.

The two groups have been quietly framing a comprehensive program of legislation that will redefine their relationship with the Federal authorities. It will be introduced in House and Senate with the backing of the owners and of the heads of the unions involved principally John L. Lewis, president of the United Mine Workers.

It will have the support of Democrats and Republicans. It has been drawn with the unspoken approval of Secretary Harold L. Ickes, Fuel Administrator, and Fred M. Vinson, Economic Stabilizer. The Administration, however, may not give its formal blessing to the scheme until it has assumed final legislative form.

Although it will be modeled on the Guffey Coal Act, which expired last July because of Congressional refusal to extend its life, it will not bear the name of the Pennsylvania Senator because of his low estate on the issue of the coal industry's most certain defeat if he sponsored it.

FACTIONS—The main objective will be to guard against postbellum absorption of the federal government and price-cutting wars, strikes, lookouts, deflation, bankruptcies and, eventually, Government ownership. The measure will also contribute to an orderly demobilization of the peak operations necessitated by the need for additional production.

This change of heart on the part of the "coal barons" and workingmen's representatives is a significant development. The operators put up a stiff fight against enactment of the original Guffey Act, assailing it as a step towards federalization. Mr. Lewis was one of its chief advocates, and the labor lobby won credit for its final passage.

The mine chieftain soon soured on the bill because, in his opinion, the agency named to administer it was a do-nothing body susceptible to White House orders. When he broke off friendly relations with F. D. R., he abandoned the legislative orphan, and obtained his ends by threats of strikes. Now both sides apparently prefer specific statutory regulation to personal paternalism or outright confiscation.

The danger in Washington's intervention in the U. M. W.'s disputes is that it will teach a lesson. The fact that many executive powers will be continued for several years after the armistice, and that Uncle Sam may interfere in the event of general demobilization, has disappeared from recent experience that it is dangerous to place too much trust in politicians.

THRUST—Capitol Hill and the White House are now giving a spectacular demonstration of the truth of the old saw that two wrongs do not make a right. The lawmakers are engaged in admittedly shoddy and unhealthy practices in order to curb F. D. R.'s alleged misuse of the funds and powers they granted him during the New Deal's honeymoon and in the national defense crisis. Congress has resorted to an almost unconstitutional exercise of its appropriating authority to check the Executive branch. It has merely acted of withholding dollars, it abolished the National Resources Planning Board, and virtually wiped out the domestic section of the Office of War Information. It forced the dismissal of reputed "radicals" by providing in specific language that no cash shall be used for the payment of salaries to them.

Secretary Ickes formally bowed to the budget when he dismissed Robert Lovett, Virgin Islands secretary, because his retention in the Executive branch is the mere act of withholding dollars, it abolished the National Resources Planning Board, and virtually wiped out the domestic section of the Office of War Information. It forced the dismissal of reputed "radicals" by providing in specific language that no cash shall be used for the payment of salaries to them.

The two groups have been quietly framing a comprehensive program of legislation that will redefine their relationship with the Federal authorities. It will be introduced in House and Senate with the backing of the owners and of the heads of the unions involved principally John L. Lewis, president of the United Mine Workers.

It will have the support of Democrats and Republicans. It has been drawn with the unspoken approval of Secretary Harold L. Ickes, Fuel Administrator, and Fred M. Vinson, Economic Stabilizer. The Administration, however, may not give its formal blessing to the scheme until it has assumed final legislative form.

Although it will be modeled on the Guffey Coal Act, which expired last July because of Congressional refusal to extend its life, it will not bear the name of the Pennsylvania Senator because of his low estate on the issue of the coal industry's most certain defeat if he sponsored it.

FACTIONS—The main objective will be to guard against postbellum absorption of the federal government and price-cutting wars, strikes, lookouts, deflation, bankruptcies and, eventually, Government ownership. The measure will also contribute to an orderly demobilization of the peak operations necessitated by the need for additional production.

This change of heart on the part of the "coal barons" and workingmen's representatives is a significant development. The operators put up a stiff fight against enactment of the original Guffey Act, assailing it as a step towards federalization. Mr. Lewis was one of its chief advocates, and the labor lobby won credit for its final passage.

The mine chieftain soon soured on the bill because, in his opinion, the agency named to administer it was a do-nothing body susceptible to White House orders. When he broke off friendly relations with F. D. R., he abandoned the legislative orphan, and obtained his ends by threats of strikes. Now both sides apparently prefer specific statutory regulation to personal paternalism or outright confiscation.

The danger in Washington's intervention in the U. M. W.'s disputes is that it will teach a lesson. The fact that many executive powers will be continued for several years after the armistice, and that Uncle Sam may interfere in the event of general demobilization, has disappeared from recent experience that it is dangerous to place too much trust in politicians.

THRUST—Capitol Hill and the White House are now giving a spectacular demonstration of the truth of the old saw that two wrongs do not make a right. The lawmakers are engaged in admittedly shoddy and unhealthy practices in order to curb F. D. R.'s alleged misuse of the funds and powers they granted him during the New Deal's honeymoon and in the national defense crisis. Congress has resorted to an almost unconstitutional exercise of its appropriating authority to check the Executive branch. War Today

By DeWITT MACKENZIE

Japan's General Tojo is straining hard to make capital out of the Nipponese "invasion" across the northeast border of India from Burma, and it's more than passing interest to find him trying to build a political sensation out of it with the claim that the so-called Indian national army, with headquarters in Burma, is participating with the idea of liberating India.

There is thus far no major threat, either military or political, against India. Allied headquarters minimize the importance of the attack. However, I'm sure they don't mean for us to dismiss lightly any enemy invasion. We cannot forget that this great sub-continent is the chief Allied base for the final smash against Japan. It's complete security is vital.

Chungking is shocked by the development. Unofficially the feeling is expressed in the Chinese capital that the invasion is "supplying the Japanese propaganda guns with the best ammunition they've had in months."

The attack has come in the Chindwin river area of western Burma, where the enemy has driven two or more columns across the border into the primitive Indian state of Manipur. The invaders apparently are headed for Imphal, capital of Manipur and terminus of a good highway which connects

There must be the forthright recognition that in a machine age the great mass of humanity must work for wages. This is not to say that the channels of opportunity for individual enterprise will be closed—Henry J. Kaiser.

### Mrs. W. G. Nation Is Honored With Going-Away Party in Waters Home

Honoring Mrs. W. G. Nation who is soon moving to Amarillo to make her home, a group of her friends met Tuesday in the home of Mrs. H. W. Waters, 629 N. Front street, for a covered dish luncheon.

### Mrs. Kate Allen Is Honored With Dinner in Shamrock

Special To The NEWS. SHAMROCK, March 24—Mrs. H. C. Gordon entertained with a dinner party at their home recently.

The affair was given in honor of Mrs. Kate Allen who is leaving soon for Pine Bluff, Ark., to make her home.

A St. Patrick motif was carried out in table decorations. Following the dinner the group played dominoes for entertainment. The guest list included the honoree, Mrs. P. Gardner, Mr. and Mrs. Jim Winchester, Mr. and Mrs. Matt Clay, Mr. and Mrs. George Weems of Wheeler, and Rev. and Mrs. H. W. Nicholson.

### Mrs. C. T. Locke Is Miami Hostess

Special To The NEWS. MIAMI, March 24—Mrs. C. T. Locke, assisted by Mrs. R. B. Haynes, was hostess to the W. M. S. of the Baptist church Monday afternoon with seventeen members in attendance.

Mrs. W. F. Locke gave an inspiring devotional, and Mrs. J. H. Gentry was leader for the "Royal Service" program, and was assisted in discussion, subject of "Our Work in Europe," by Mrs. Dan Graham and Mrs. E. Sides.

During the business hour plans were discussed for the offering for Buckner's Orphans' Home.

A social hour followed and the hostess served refreshments.

### Great News for Asthma Sufferers

A Real Expectorant That Loosens Thick, Choking Phlegm. Spend 40c today at any good drug store for a bottle of Buckley's CANADIOL Mixture (triple acting). Tonight at bedtime pour yourself a teaspoonful, let it lie on your tongue a moment then swallow slowly. Feel its instant powerful effective action spread through throat, head and bronchial tubes. Starts at once to loosen thick choking phlegm making breathing easier.

No claim is made that Buckley's is a cure for Chronic Bronchitis or Asthma, but sufferers often find Buckley's CANADIOL Mixture (the largest selling cough medicine in all Canada) eases coughing spasms and loosens up that choking phlegm which seems to clog the tubes and makes breathing difficult. It helps many to rest a better night's rest. Take good advice—try Buckley's tonight—satisfaction guaranteed or money back.

### Methodist Women Meet in Home Of Mrs. J. McFall

Members of the McCullough Methodist W. S. C. S. met in the home of Mrs. John McFall this week when Mrs. O. G. Smith opened the meeting with prayer.

Mrs. McFall, president, had charge of a short business meeting and Mrs. L. F. McDaniel led the devotional. Chapter three of the book, "Who Are America," was given in review by the study leader, Mrs. E. N. Franklin and "Unity a Challenge to American Democracy," by Ben Ward was also reviewed in part.

The closing prayer was given by Mrs. McFall. Those attending were: Mrs. W. M. Brannon, Mrs. E. H. Franklin, Mrs. Enid Graham, Mrs. O. G. Smith, Mrs. Ben Ward.

### Panhandle P.T.A. Gives Reports At General Meeting

The Panhandle Parent-Teacher association met Thursday afternoon with Mrs. A. M. Femberton presiding.

Mrs. L. B. Weatherly, finance chairman, reported that the annual amateur contest held on March 10 had netted the amount of \$134.65.

Mrs. Chas. Franklin presented the Service flag representing approximately 250 Panhandle High School ex-students and graduates now serving in the armed forces of our country. The flag was selected by the recently appointed war activities committee, of which Mrs. Victor Held is chairman.

Miss Aletia Hastings made a report on the Publicity-Procedure Record Book. Miss Hastings stated that the book has been completed and sent to Tampa to the district chairman of record books, Miss Nettie Beth Hagins, procedure chairman, collected and had typed all the reports of officers and chairmen.

Delegates to the district conference, which is to be held in Pampa, April 4, were elected.

Mrs. G. C. King, program chairman, presented the following numbers:

The High School choral of about 75 members, under the direction of Miss Elsie Porter, and accompanied by Miss Frankie Sewell, sang two groups of selections.

The Reverend James Todd spoke on the subject, "Teen Age Attitudes That Demoralize."

Refreshments were served to 65 persons by mothers of the fifth and sixth grades. Room representatives of these rooms are Mrs. J. O. Murray, Mrs. C. E. Lyles, Mrs. Troy Dowlen and Mrs. Lynn Armstrong.

All officers and chairmen are urged to attend the Parent-Teacher board meeting at 4:30 o'clock Thursday afternoon, April 6, at the high school building.

Relieve misery fast—externally. Rub on VICKS VAPORUB

### Juvenile Delinquency Discussed By McGrew, Murray, Hill at Meeting

Special To The NEWS. WHITE DEER, March 24—Dan McGrew, city judge, and Paul Hill, juvenile officer, both of Pampa, and Frank Murray, county attorney of Carson county, participated in a

### American Composers Discussed at Forum Club in Shamrock

Special To The NEWS. SHAMROCK, March 24—Mrs. Shirley Draper was hostess to the Forum club recently.

Flowers of the season were artistically arranged about the rooms. Mrs. W. R. Wooten was leader of the program on "Fiesta Arts."

Famous American composers, "Edward McDowell—The Classic, George Gershwin—The Modern and Irving Berlin—The Popular," was given by Mrs. M. A. Whittehurst.

A quartet, composed of Mrs. Walter Pendleton, Jr., Mrs. Draper, Mrs. Lyle Holmes and Mrs. Roy Boatright, sang "Indian Dawn" and "Sylvia," accompanied at the piano by Miss Mary Elizabeth Pendleton.

Mrs. Jack Shull closed the program with a group of poems. Refreshments were served during the social hour. The guest list included Mrs. Mmes. Walter Pendleton, Jr., Boatright, Edward W. Ryan of Boston, Mass., E. K. Caperton, J. H. Caperton, Walter Darlington, Jack Montgomery, H. M. Thomas, Hereford and Hubert Tindall, Miss Pendleton and Miss Mary Smith.

Members present were Mrs. M. A. Barkley, E. K. Bechtol, Sol Blonstein, Ralph Coburn, Rufus Dodgen, Holmes, Ansel McDowell, R. F. Risinger, Al Ryan, S. Q. Scott, Shull, Wooten, Whittehurst and Selbert Worley.

### 'Mother Russia' Is Reviewed By White Deer Club

Special To The NEWS. WHITE DEER, March 24—Miss Corinne Landrum gave a review of the book, "Mother Russia," at a meeting of the Venado Blanco Club, Tuesday evening, in the home of Misses Gladys Holley and Odessie Howell.

Following up the study of Russia, Mrs. Wendell Mixson played several selections from Russian folk music.

Mrs. H. A. Freeman conducted a quiz on general information.

A copy of "The Robe" was presented to Miss Howell, who made the highest score on the quarterly Time magazine tests.

Present were Mesdames Juno Duval, H. A. Freeman, Olye Jordan, Wendell Mixson, E. C. Morris, Chester Strickland, Walter Thompson, Tyson Cox and C. W. Watson; and Mesdames Audrey Bray, Claudia Everly, Viola Holmes, Corinne Landrum, and the hostesses.

Manual training as a school subject originated in England in 1858. The Continental Congress tried to raise money by a lottery in 1777.

### County Budget Law Studied by Members Of White Deer Club

WHITE DEER, March 24—The Alambra Community Home Demonstration club met this week with Mrs. C. E. Terry to study the county budget law and its enforcement in Hutchinson county.

Mrs. E. B. Jones gave the report from the official organ explaining the proposed amendment of Section nine of Article eight of the Texas State constitution, which will be voted on at the general election in November. This proposed amendment would not change county tax rates, but would allow current funds to be distributed as needed in the county, rather than by using surpluses in the general fund alone.

Mrs. Buel Gray, chairman, introduced a program on county budgets. Mrs. Gray informed the club members that an estimate on the county budget is made in July by the county clerk, who is the county budget officer, is filed with the county clerk in public hearing between August 15 and the levy of taxes, adopted before October 15, and filed with the state comptroller.

Mrs. Gray gave estimated, and actual receipts and expenses in Hutchinson County for the past several years, explained what per cent of the tax dollar went into different funds, and explained the sinking fund.

Mrs. R. L. Harlan explained how an amendment is made to the Texas State Constitution, and the club held a round-table discussion on how to get the public to study the proposed amendment.

Before the meeting adjourned, Mrs. E. B. Jones told of several prizes played by old timers in Collingsworth county.

All members were present. The next meeting will be in the home of Mrs. E. B. Jones on April 16.

### Miami Study Club Discusses School System at Meeting

Special To The NEWS. MIAMI, March 24—Mrs. John H. Gentry was hostess to the Child's Study club Friday afternoon when the entire membership of fifteen were present.

Mrs. R. B. Haynes was program leader and gave an informative and interesting discussion of the Miami school system. Mrs. Roy Davis supplemented the program with a quiz on divorce.

Mrs. Allen Vanover plans to entertain the senior class of the high school with a formal reception; time and place to be announced.

A social hour was enjoyed and refreshments were served by the hostess.

### Worthwhile Club Has Meeting In W. H. McBride Home

Mrs. W. H. McBride entertained members of the Worthwhile Home Demonstration club Tuesday when Mrs. G. H. Anderson was elected delegate to represent the club in the Panhandle H. D. club council.

Mrs. Allen Vanover was given credit for having the neatest work on made-over clothing. Miss Millie Schaub, Gray county home demonstration agent, gave helpful hints on how to create storage space and ways to protect clothing stored.

Refreshments were served to: Mrs. G. H. Anderson, O. G. Smith, Allen Vanover, D. L. Landrum, M. Taylor, C. C. Matheny, W. H. McBride, W. E. Johnson and Miss Schaub.

### Penhandlers Meet In Shamrock For Varied Program

Special To The NEWS. SHAMROCK, March 24—The Penhandlers club met at the home of Mrs. Margie Fleener recently, with Mrs. J. M. Porter presiding.

Original articles were read by Mrs. G. H. Aldous, Mrs. Fleener, Mrs. A. R. Hugg, Mrs. T. E. Trostle and Mrs. A. M. Smith.

Mrs. George Stanley gave an article from "Writer's Magazine" on "A Good Article is One That Sells."

Refreshments were served at the close of the program to the guests: Mrs. M. M. Baxter and Mrs. Robert Baxter, and to the following members: Mesdames George Forch, John E. Harvey, Hugg, Smith, Trostle, Aldous, Porter, Tisdal and Stanley.

### The Social Calendar

Friday. Epiphany Club will meet in the community hall at 2 p. m. Friday. Epiphany Club of the First Baptist church will have a covered-dish luncheon.

### Marriage Ritual Is Read For Shamrock Couple in Home Ceremony, March 18

Special To The NEWS. SHAMROCK, March 24—In a pretty home wedding, Miss Virginia McPherson, daughter of Mr. and Mrs. Carl McPherson, became the bride of T/Sgt. Harry Clay, son of Mr. and Mrs. H. M. Clay, Saturday afternoon at 5 o'clock.

Beautiful in their simplicity wedding decorations arranged for the occasion. Outlining the nuptial space were branched candelabra and bowls of golden forsythia were placed about the rooms.

Rev. Edw. C. Derr performed the single ring ceremony. Candles were lighted by S/Sgt. Henry L. Page of Harmon General Hospital, Longview, Texas. Mrs. Burford Reynolds presided at the register.

Given in marriage by her father, the bride was lovely in a dress of white jersey accented with gold accessories. She carried a white Bible topped with white carnations, tied with white streamers. Her "something old" was a locket belonging to her maternal grandmother, Mrs. J. M. Greenfield, and for something "borrowed" she wore a sapphire bracelet belonging to Mrs. Theo Nichols.

Mrs. Walter Pendleton, Jr., was matron of honor. She wore a dress of powder blue, with blue and black accessories. Her corsage was of yellow carnations.

Cpl. Burford Reynolds of Garden City, Kans., served the bridegroom as best man.

Both bride and groom are graduates of the Shamrock High school with the class of 1938. Mrs. Clay is a graduate of Texas Tech at Lubbock and has attended West Texas State College at Canyon. For the past two years she has been a teacher in the Shamrock schools.

T/Sgt. Clay completed two years work at the University of Missouri.

### Announcement

### Still Scooping 'Em Up

Vern Stephens continued to scoop 'em up throughout off-season. Brilliant young shortstop of St. Louis Browns was sheet metal stockroom clerk at Wilmington, Calif., shipyard.

### Draft Hegira Hurting Yanks

NEW YORK, March 24.—(AP)—The Yanks are going, and at the rate the world champions are departing for the service perhaps it is slightly prophetic when skipper Starke Keckley had the boys participating in a potato race yesterday. The American league race will be just that to them if the migration continues.

ROY WEAVER is the latest definitely to be lost. It was learned yesterday he can expect to go into the service April 1.

In addition to McCarthy's woes, Jack Phillips, a combination outfield-infielder, announced he would leave today to meet his board at East Aurora, N. Y., April 1.

Just a week ago the Yankees lost catcher Bill Dickey and second baseman Joe Gordon and with Weaverly who played center field part of the time last year, gone, the club has lost its backbone, as the saying is, the strength of a team is through the middle.

NEWS OF OTHER CAMPS: Medford, Mass.—If Manager Joe Cronin of the Boston Red Sox has his way, first baseman Tony Lupien will be an all-field hitter this year. Cronin is trying to teach the left handed batter his knack of murdering outside balls.

Wilmington, Conn.—Infielder Whitey Wittelmann appears to be the only Boston Brave having trouble at the Choate school camp. Yesterday he threw his right elbow out of joint in batting practice and today he's due to have a eye cast removed.

College Park, Md.—The Nats are now planning their third base hopes on the arrival, from Cuba, All Manager Ossie Blugie knows about him is what he got from shortstop candidate Pedro Gomez via the raised interpretation of Alex Carrasquel.

French Lick, Ind.—Things were looking up today for Manager Jimmy Wilson of the Cubs, who was in camp this morning. He and outfielder Andy Pafko would drift into camp this week end. Both have been holdouts.

St. Louis, Mo.—Seven veterans are in the tentative lineup for the St. Louis Cardinals game Sunday with the fourth ferrying command team from Memphis. They are Johnny Ropp, Stan Musial, Walker Cooper, Ray Sanders, George Kuroski, Danny Lilwhiler and Marty Marion.

French Lick, Ind.—Arrival of first baseman Hal Trosky and outfielder Gny Curtright yesterday brought the White Sox roster to 33 as Manager Jimmy Dykes prepared squad for first exhibition of season tomorrow against Detroit at Evansville, Ind.—Manager Frankie Frisch of the Pirates, informed that slightly more moderate weather was predicted for today, Monday. "Bring it on—that's what we're waiting for. We've got to play a game Sunday with the Indians and a couple of workouts would be too good to be true."

Bloomington, Ind.—The way the weather is behaving, Manager Bill McKechnie is worried because his Cincinnati Reds can't get any outdoor batting practice. "Our pitchers are far ahead of the hitters in conditioning," he said.

Lafayette, Ind.—Roger Cramer, starting his 15th major league season with his first workout of the year yesterday, says he'll be ready for Tigers' opening exhibition Saturday. If so, he'll go back to center field, restoring Hostetter over to RP and sending Eaton back to his normal place on the mound staff.

Cairo, Mountain, N. Y.—Frency Bordaeray, Dodger holdout, and Prexy Rickey are farther apart than ever—from a mileage standpoint. Bordaeray came here yesterday and discussed terms with Rickey, who returned to New York while Rickey left for the Springfield, Mo., camp of the St. Paul club.

Lakewood, N. J.—The New York Giants' list of holdouts was down to six today, and only one—Ace Adams—is regarded seriously. He is asking a 100 per cent salary boost. He is expected in camp late today.

SYRACUSE, N. Y., March 24.—(AP)—The Women's International bowling congress announced today that it will present an ambulance plane to the United States army air forces at LaGuardia Field, New York City, April 8.

### Sports Roundup

By HUGH FULLERTON, JR. A basketball referee does plenty of work during a game—but the game's devotees seem to like nothing better than thinking up new tasks for the ref. . . . This week-end the coaches will be arguing out the proposal to "soak" leading scorers in goal when a defense player touches the ball on its descending arc toward the basket.

SHORTS AND SKELLS In spite of reports to the contrary, Miller Gil Doods says he was born in Reiger, Kans., and not in Nebraska. . . . Best-named entry in the "Senior Derby" (at a quick look) is Mrs. H. L. Finch's II, who never started as a two-year-old. . . . The acquisition of Abel Gilbert, from Ecuador via Mercersburg Academy, led Coach Bob Galbraith of Penn State to enter a two-man swim team in the N. C. A. A. meet this week-end. The other is navy trainee Leigh Weehling. Too bad Galbraith didn't have a third man to make it "Ready, Wash and Abel." . . . The Oklahoma Aggies have hopes of converting Bob (Foot-jills) Kurland into a high jumper. Seems the best leapers the school ever had could just clear their own height and it never-foot Bob, who bettered six feet in high school, can equal that feat he'll set a world record.

NO PEP TALK NEEDED Just before the St. John's-Kentucky basketball game the other night, the Rev. Cyril Meyer, St. John's dean, received a letter from Pvt. Francis Harten, one of his former pupils now on the beachhead at Anzio, wishing the Redmen luck in the invasion tournament. Fr. Meyer told Coach Joe Lapchick and while the team rested between the halves, with the scored tied, Lapchick told the boys: "After St. John's had won, Fr. Martin asked: 'Did you tell them about the letter, Joe?' . . . 'Yes,' Lapchick replied glumly, 'but when they dropped seven points behind, I thought I'd read out the wrong letter.'"

BUY BONDS My greatest sports thrill came in the dramatic ending of the eighth and final game of the 1921 World Series between the Giants and Yankees at Polo Grounds. Score was 1-0 in the Giants' favor as the Yankees went to bat in the last inning, with a real wrecking crew coming up—Aaron Ward, Babe Ruth, Home Run Baker and Wally Shang, who had been batting .333 that series. Ward got on first but Ruth went down. Baker hit a screamer which Johnny Rawlings, Giant second baseman, knocked down. Johnny fell as he swiftly retrieved the ball and, while almost flat on his back, whipped it to George Kelly, nailing Baker at first.

Like a flash Kelly relayed to Frankie Frisch in time to get Ward sliding into third as he tried to advance two bases on the play and the series was ended.

TYLER, March 24.—(AP)—Blaine Rideout, who with his brother, Wayne Rideout, now assistant Tyler High school athletic coach, set world track records a few years ago, is at a naval base in the Marshalls.

Blaine, a first class pharmacist's mate, saw action on Namur and other sectors in the conquest of the Marshalls, according to a letter to Wayne. They earned fame as the distance-running twins of North Texas State Teachers College.

### Phillips Cagers Win Second Close Tourney Contest

DENVER, March 24.—(AP)—Two teams of drill-toughened army fighting men maneuvered tonight against stand-by powers of independent amateur basketball in semi-finals of the National A. A. U. basketball tournament.

The Fort Warren Quartermasters from Cheyenne, Wyo., who slammed the once highly regarded Hollywood 30th Century-Fox out of the tourney 45-43 last night, play the Denver Ambrose Legion caged old codgers in one semi.

The Colorado Springs army all-stars ex-colleagues who barely knew each other until a couple of weeks ago, meet Bartlesville, Okla., Phillips '68—defending champion and having a hard time of it—in the other. The all-stars, from three military posts, eliminated Dow Chemical of Midland, Mich., in a second round upset.

Phillips pulled up from behind in the last minute to squeak by Firest Dairy, Bellingham, Wash., 44-39. Phillips had to come from the rear to beat Denver's Lowry Field Wednesday.

The old men of Ambrose Legion worked smoothly in beating Milwaukee Alkan-Bradley 56-37. The army all-stars lagged behind the Boeing Bombers of Wichita, Kans., but snatched the other quarter-final victory, 49-42.

Fort Warren beat 20th Century-Foxers with a 43-foot field goal 10 seconds from the game's end.

BUY BONDS North Texas Track Ace To Run Again In Texas Relays DENTON, March 24.—(AP)—J. B. Outlaw, the one-man track team from North Texas State, will make his third appearance in five years at the Texas relays in Austin, April 1.

Outlaw, a distance runner, participated in 14 relays in 1940 and 1941, winning fourth in the 3,000-meter event the first year and running on the distance medley team in 1941. He will enter the 3,000-meter race this year.

Outlaw made his first appearance of the season at Fort Worth last week, winning second in the mile run at the Southwestern Exposition meet.

BUY BONDS Gil Dodds To Try For 2-Mile Record CLEVELAND, March 24.—(AP)—The Knights of Columbus games at the arena command the nation's track spotlight tonight as scores of performers on the big-time board circuit continue their ceaseless efforts to shatter those previous tenth-second records that never seem impregnable.

The feature event is the Columbian two-mile in which Gil Dodds launches an assault upon the record which Greg Rice set here last year.

### China Clipper Cagers To Play Creole Team

BEAUMONT, March 24.—(AP)—Two of the finest girls high school basketball teams in the South—China's unbeaten Clippers and the Academy of Immaculate Conception of Opelousas, La.—meet here next Thursday night in a game expected to attract 3,000 fans.

China boasts a winning streak of 70 straight games. Opelousas is state champion of Louisiana and in the last five years has won its parish (or county) title five times and the district championship four times, losing only in 1941.

All proceeds from the game will go to the Red Cross. C. C. Alexander, China high coach, announced.

China has played to packed houses all season and is pronounced by Coach Alexander to have the best high school girls team he ever has seen—and Alexander coached the famed Eldorado Eagles of several years ago when they ran their winning streak to 115 games.

Barbara Self, 16-year-old former champion, has scored 1246 points this season—an average of almost 34 per game.

Wanda Hargroder leads Opelousas in scoring with 485 points. The team, coached by Mrs. Earl Perry, has rolled up 804. China shows a total of 2,004.

BUY BONDS Pampan Will Fight On Longhorn Card AUSTIN, March 24.—(AP)—Navy talent dominates the card as 14 University of Texas intra-mural fighters battle for honors here Saturday night.

The contestants: Johnny Turner of Pampa vs. A. J. Ender of Cool, Calif., 175. Frank Flock of Galveston vs. Roy Zuefeldt of Dallas, 129 pound class. Bruce Thomas of Dallas vs. Warren D. Culwell of Dallas, 127.

Richard Walker of Los Angeles vs. W. S. Winn of Fort Worth, 135. James Berler of Austin vs. John Hill of Kilgore, 145. William Connell of Fort Worth vs. Ken Larson of San Francisco, 155.

Deo H. Caspary of Rockport vs. George Lemmon of Dallas, 165.

BUY BONDS Rice Owls Renew Neeley's Contract HOUSTON, March 24.—(AP)—Trustees of Rice Institute yesterday announced that Joe Neeley's contract as athletic director and head coach, due to expire Feb. 1, 1945, has been renewed for an additional five years.

Neeley came to Rice from Clemson as head coach in 1940 under a five-year contract. "I was made athletic director in June, 1942.

"I have many many friends since coming to Houston," a statement from the trustees said, "and we feel sure that these friends will be pleased to know that he will be with the institute for an additional period."

BUY BONDS Fort Worth Eleven Will Play Dodgers FORT WORTH, March 24.—(AP)—The Brooklyn Dodgers of the National Professional Football league will play a Fort Worth semi-pro team here Sept. 4, Labor Day. The local team will be made up primarily of workers in the Consolidated Vultee plant but will be open to others interested in appearing in the game. The Dodgers will train in Texas this year.

BUY BONDS—TWA FLIGHTS LISTED WASHINGTON, March 24—(AP)—Transcontinental & Western Air, Inc. (TWA) crossed the ocean 3,159 times in two years of contract operations for the Air Transport Command, Jack Frye, president, announced.

### PROPAGANDA

(Continued from Page 1)

only as these four nations work together.

"It really isn't a question now whether we can trust Russia—the real question is, can Russia trust us? Russia has taken a terrific beating in this war. She has as many men as we have in our armies; she has lost ten to fifteen million civilians, and millions—as high as fifty or sixty—are made to serve the purposes of the Nazis. She lost her bread basket, her only mercury mine, her best coal fields, her steel mills as large as Japan, Italy and Poland put together, and her largest dam."

Discussing the question: Why doesn't Russia give the Allies air bases near Japan? Davidson said: "The time has not come for that. The Japs have a million soldiers in that area, guarding it like a cat watching a mouse. Stalin knows he has only one real enemy to fear—the Germans. He holds Japan as sort of a trump card to demand more help and assistance from Britain and the United States. If Russia will help us fight the Japs the job will be much easier and will take a year off the war. But Russia's first job is to get the enemy off her soil and she's doing a valiant job."

"She has already met 300 divisions of the Germans and she means to fight to the end. In a measure Russia has carried the brunt of the battle with Germany and she made it possible for us to save our civilization and way of life but she also saved millions of lives of our sons and she's doing a valiant job."

During the question period somebody asked Davidson what would happen to Russia if Stalin were to die. He answered it by saying: "The same thing that would happen to the United States if Roosevelt were to die. Russia is prepared to carry on."

He contrasted the Russian system of organizing its army with the American selective service system.

"In the United States," he said, "we make the mistake of taking key men from the home front and putting them in the armed services. In Russia no valuable home front man are taken into the army. The government will not even allow them to volunteer."

"Russia believes that key men should be kept in their proper spots. Only the best day I was at A & T college here in Texas and a professor was showing me through a wonderful laboratory that had been set up for new experimental developments. I asked him how many they had in that class. The professor told me none. It made me sick at heart. He said all the students had gone into the service."

"In Russia they would have been kept on their experiments. All of our modern scientific discoveries are being made by young people. Still we take them from their effort, stop progress and put them in a place where they would not serve their country one-half so well. That is only one example of our system. There are thousands more."

luggers and 23 barges and smashed ground installations.

Wewak's defense system has been pounded with more than 2,000 tons of bombs this month in a drive to knock Japan's No. 1 supply and air base in New Guinea out of usefulness. After March 15, the enemy was unable to offer any air interception from any of the four Wewak airbases.

In the Central Pacific, where American airmen have instituted shuttle bombing of Japan's Marshall Island bases, Ponape and Kusaie, Carolines island guardians of the mighty enemy base at Truk, were raided in a 70-ton assault and four designated Marshall islands were hit.

BUY BONDS—ALLEY OOP (Continued from Page 1)

other than the boy and his bonafides, had fled. They hadn't.

Alley learned that absentee voting was due to start tomorrow and end on April 1, or three days before the election.

He was greatly cheered at no new candidates having been listed, since today is the last day for candidates to toss their chapeaus into the circle.

Alley sprinted across W. Kingsmill to the court house. He went to the third floor where District Judge W. R. Ewing, sorely pressed for jurymen, almost got him to serve, but Alley got off with the excuse that he had no one to feed his dinosaurs.

Next he went to the ration board and applied for extra points for hay for his dinosaurs. He had promised a dinosaur to every person who votes for him.

The ration board said it would consider Alley's application. To show his appreciation, Alley agreed to plaster a poster reading "Is this trip really necessary?" on the back of each one of his saurs.

Directly in need of feed, though, for the herd, Alley persuaded the ration board to let him have some of their obsolete forms as a protein feed. "My animals like printed paper," he explained. "And since I don't know when I'll get the hay, this two-carload lot of paper will sure help."

Alley took off then to look out for his dinosaurs. He was last spotted this afternoon galloping dinnny I down E. Foster. Alley stopped at a filling station to put in a call to Dan E. Williams, manager of the election, to tell him he wanted his name in big type on the ballot.

"It gotta be as big as Dinny, or else—" he threatened.

BUY BONDS—PETAIN (Continued from page 1)

wily politician in the worst sense of the word. He often has changed his political coat to meet the needs of the moment.

Petain never has understood nor liked Laval.

Their only common meeting ground is their mutual hatred of Communism. That serves as only a feeble link because Petain has indicated to his close associates that he is not sure Laval wouldn't turn Communist if he thought it would save his political skin.

### Financial Secrets Of Trade Unions

(The Chicago Tribune)

The tax measure which congress recently passed over the President's veto contains a provision which would require labor unions for the first time to report to the government how much money they take in, where it comes from, and what they do with it. Farm cooperatives and several other classes of organizations are obliged to make similar reports. According to Sen. Byrd, the one big reason why Mr. Roosevelt vetoed the measure was that the CIO, which has a nation-wide organization working for the fourth term, would be compelled to tell about its campaign expenditures.

The Roosevelt administration, which had many thousands of employees playing the question and answer game with business men, has always been against having inquiries directed at the unions. Business concerns L. a single year have filled out as many as 35 million questionnaires, some calling for statistics which could only be provided after months of work by large staffs of accounting employees. Almost any little bureaucrat could prepare a schedule and demand information from corporations—information which might be already available, or useless when obtained.

The information derived by the elaborate questionnaires, and from corporate income tax returns, has been published and used in elections. The largest amount ever handed over to a political party by any contributor came from a trade union in the election eight years ago, and was unknown at the time to the members of the union. Now that the government is requiring workers to pay dues under the maintenance of membership clause, the general public is entitled to know what happens to the money. The provision for reporting financial operations could well be extended to other organizations, such as the Carnegie Peace Foundation, which are attempting to influence public opinion with vast sources of income not subject to taxation.

The act gives the treasury the power to ask almost any questions it chooses, but Philip Warden of our Washington staff, after a talk with the internal revenue department, recently got the idea of no very detailed information would be sought. Although it must be clear to every one that congress intended that its members at the public should be informed about the financial operations of the unions, the treasury people indicated that it is intended to keep all information confidential, and in any event would not ask about campaign gifts. Certainly if the returns are made and filed, they will serve no useful purpose unless they are made public. Otherwise the whole purpose of the law is defeated.

departmental committee which has been set up to see what can be done about adding refugees has been operating successfully and that Prime Minister Churchill and Marshal Stalin have been advised fully of what is being done in the Philippines.

He said in areas subjected by aggressor men, operations could be "being starved or frozen to death or murdered in cold blood in a campaign of savagery."

Remembering that the United Nations intend to pursue the guilty and deliver them up to justice can be done, Mr. Roosevelt appealed directly to the German people and to "every man everywhere under Nazi domination" to show the world by his action that he does not share the "insane criminal desires" of Hitler, who is committing crimes against humanity, the president said, in the name of the German people. He asked Germans and others to hide the victims Hitler seeks, help them to cross borders to safety and try to keep them from the hangman's noose.

Yugoslav Partisans of Marshal Tito (Josip Broz) killed 500 enemy troops in bitter fighting the last few days in Eastern Bosnia, a broadcast communique said today.

It added that Partisans routed several hundred Germans and Chetniks near Trebinje in previous operations and destroyed three railway stations in Slovenia.

BUY BONDS—Colonel Neff Dies At Brooke Hospital (SAN ANTONIO, March 24—(AP)—Funeral services for Lieut. Col. John Keeler Neff, 31, who died at Brooke general hospital yesterday, will be held at the Fort Sam Houston post chapel Saturday. Interment will be in the Fort Sam Houston cemetery.

It was less than 30 days ago that Col. Neff was awarded the Legion of Merit by Gen. Douglas MacArthur for his work in training an engineer amphibian regiment that served overseas.

He is survived by his widow and small daughter, Jean; his parents, Dr. and Mrs. Frank A. Neff of Wichita, Kans., and two sisters, Mrs. Ann Neff McVey, Wichita, and Mrs. Mary V. Neff, Chicago.

### Montgomery Still Expects Long War

(LONDON, March 24—(AP)—The European war may last a year or longer, Gen. Sir Bernard L. Montgomery declared today in an address saluting the British ground forces he will lead in the forthcoming invasion and calling for full cooperation on the home front.

"We are preparing to take part in the biggest tug of war the world has ever seen, and if anyone should let go of the rope, then we lose the match," said the colorful general, who won fame as the commander of the British Eighth Army.

"How long will the pull last? No one can say for certain. It may last a year, it may take longer. But it will be a magnificent party and we shall win. It will be a proper job for the proper men."
