TRUMAN ASKS MONETARY AID AND SUPERVISION

Marshall Gets Stern With Moscow

Plea for Big Four Unity Is Stressed Most

MOSCOW—P—Secretary of State George C. Marshall was authoritatively reported today to be developing a much sterner American policy toward Russia in the Council of Foreign Ministers.

Informed diplomats here looked to President Truman's message in Washington today to reinforce effectively the secretary's position.

The mere fact that the President was expected to ask for United States economic assistance to faltering Middle East countries in evident support of a British bulwark against feared Soviet expansion was regarded here as a very strong development of the American line, which is bound to affect the success of the current Big Four conference.

Some diplomatic sources said the action was timed to coincide with Marshall's presence here, so as to tell the Russians in effect that they want to do business on that basis, now is the time to go to work—otherwise the outlook may be gloomy.

Marshall's plea for Big Four unity at the outset of the talks on the German problem was stressed by American diplomats. Marshall is described as being determined to avoid the usual quibbling at Big Four Conferences over what he considers minor points raised by Russian propaganda.

The attitude seems to be one of See BIG FOUR, Page 8

Hopes for Keeping Crop Insurance Plan Dealt Blow

WASHINGTON—AP—Administration hopes of retaining government crop insurance suffered a jolt today with the disclosure that premiums collected from cotton farmers last year fell more than \$20,000,000 short of losses.

This report by Secretary of Agriculture Clinton P. Anderson comes at a time when some budget-conscious members of Congress are hailing at a request by President Truman that \$26,000,000 be appropriated to cover expenses of the program next year.

It is the second time Federal crop insurance has run into serious financial difficulties since its inauguration in 1938.

Losses became so heavy in 1945 that Congress ordered it discontinued. However, the program was revived in 1945 with legislative revisions designed to eliminate some of the excessive risks and to limit government financial obligations to administrative expenses.

Anderson announced today that payment of half of last year's cotton loss claim has been halted because of lack of funds. Officials estimated those claims will total at least \$20,000,000. This is in addition to administrative expenses.

Inasmuch as the insurance is a contract between the grower and the government, officials expressed belief that Congress will vote necessary funds to pay the remaining losses. But some hope was held for any appropriation to continue the program beyond this crop year.

Anderson himself earlier this year wrote a letter to congressmen sharply criticizing the insurance program because of its cost. Later he withdrew much of his criticism, asserting that experience with the 1946 program showed remarkable improvement in cutting expenses.

However, his newest announcement showed that for the \$20,000,000 pounds of cotton farmers paid as premiums for insurance on last year's crop, claims for nearly 170,000,000 pounds have been filed for.

In its annual report, the Crop Insurance Corporation said the cotton loss was due primarily to drought in the western one-third of the cotton belt and to excessive rains, flood and boll weevil infestation in most of the eastern two-thirds of the belt.

Tyler Legion Hall Is Destroyed in Blaze

TYLER—AP—The \$60,000 Tyler American Legion Building, located a block from the downtown commercial center, was almost completely destroyed by fire early today.

Housed in the building were the Tyler Veterans Administration office, an athletic club, a rubber stamp company and the equipment of the local American Legion Post. The VA records were destroyed and only a few items were saved from other offices.

Bert Goss and Robert Stablen, college students who live in the building, said they were awakened by the crackling of the fire and barely had time to dress before escaping. Fire broke out about 5 a. m.

Dallas VA officials said that permanent records were in the Dallas office and thereby safe except for any records made yesterday and not mailed last night.

Police Faced With New Brutal Murders

LOS ANGELES—P—The sheriff's office booked two men on suspicion of murder early today after fingerprints identified the second of two women found brutally slain yesterday, the third and fourth such victims in Los Angeles and vicinity.

Sergeant Robert F. Carney of the Sheriff's Bureau of Investigation said fingerprints sent to the FBI in Washington identified the red-haired woman found along the San Gabriel River near Norwalk, strangled and with her head battered, as Mrs. Mae Lorena Preston, 46, of nearby Bellflower, Calif.

He said the prints were obtained in 1943 when she worked in a steel plant. Sheriff's investigators, however, learned that she was known recently as Mrs. Mae Lorena Lund of the same Bellflower address.

Sheriff's Capt. Gordon Bowers said he had booked Frank Punk, 52, a cement contractor, and his son, Myron, 23, a foundry moulder, of South Gate, near Bellflower and Norwalk, on suspicion of murder after they told of being friendly with Mrs. Preston although denying they knew how she was killed.

Deputies, checking Mrs. Preston's residence, found it unlocked and encountered the elder Punk there. Bloodstains were in the house, tending to confirm an earlier theory that the woman was killed in bed, then taken to the river bottoms.

The other woman slain yesterday was Miss Evelyn Winters, 42, for years a film studio legal secretary who of late had been drifting with a string of bright cars along the road of Joplin, Mo., who was booked on suspicion of murder.

Miss Winters' body, nearly nude, and the head eaten, was found near a string of freight cars along the railroad right of way only a short distance from the city hall. Its discovery was reported by George Franklin Wickliffe, 28 year old transient of Joplin, Mo., who was booked on suspicion of murder.

Police Lieut. Charles King said Wickliffe had traces of lipstick on his mouth and quoted him as explaining that when he found the woman he thought she was asleep or intoxicated and discovered she was dead only when he kissed her.

Detectives said they did not believe he had anything to do with the killing, but he was booked temporarily. He denied killing Miss Winters.

Economy Slate Is Initiated by Appropriation Cut

WASHINGTON—AP—Rep. Canfield (R-N.J.) said today House passage of the \$12,388,029,971 treasury-postoffice appropriation is "the first move of a reorganized Congress to produce real economy in government."

The bill's total is \$897,072,750 less than President Truman recommended for the 1948 fiscal year July 1.

Democrats insisted that \$800,000,000 of the apparent saving is "phony," but Canfield, who piloted the bill to passage as a member of the GOP-controlled appropriations committee, told newsmen: "It should be reassuring to a citizenry demanding an end to deficit spending, a balanced budget, debt retirement and tax reduction."

House passage late yesterday came by a 367 to 9 vote after Democrats were beaten back 107 to 57, in an attempt to set up an indefinite sum for payment of tax refunds. The Appropriations Committee provided \$1,231,000,000 for the purpose—\$800,000,000 less than the President asked.

Including the disputed tax refund section, the House cut the treasury's fund \$882,716,750 under the budget estimate, leaving \$10,857,496,720. The postoffice allotment was pared to \$1,530,783,250, or \$14,356,000 less than the budget estimate.

Before acting on the big appropriation measure, the House passed a compromise \$179,548,668 deficiency appropriation bill which will require OPA to go out of business next June 30 along with the Office of Temporary Controls and the Office of War Mobilization and Reconversion.

The deficiency bill cancels \$2,000,000 which the last Congress appropriated for OPA, but gives the agency \$7,051,752 in new funds to pay its employees their terminal leave compensation as they are discharged.

OPA officials say actually they cannot carry on rent and sugar controls beyond April 30 with the money this will leave them.

Editor of Post Plunges to Death

NEW YORK—AP—Edward P. Flynn, 41, executive editor of the New York Post and the Bronx Home News, died early today in a plunge from a window of his eighth floor apartment during a fire there.

"I'm trapped, I'm going to jump," Flynn was heard to call before he plunged from a kitchen window of the smoke-filled apartment, police said.

As Deputy Fire Chief James E. Crowley reconnoitered the events, Flynn falling from the window, led to the large living room of the apartment to rest on a divan, leaving a cigarette smoldering in the bedroom.

Upon being awakened by the smoke, Flynn found he could not reenter the bedroom, in which the bedding draperies were burning, to reach a fire escape or to get the key to the apartment's night lock. He then rushed to the window, called to residents of nearby apartments, and finally, in panic jumped.

Firemen quickly brought the fire under control.

Telephone Service Halt Slated Here

Although no official word had been received here late this morning, all members in the Northwest district of the Southwestern Telephone Workers Union are scheduled to go into "continuous meeting" tomorrow morning at eight o'clock.

An Associated Press dispatch this morning said Pampa would be among cities affected but neither company nor union officials here had received any official notification.

The continuous meeting, definitely not a "strike," according to union leaders, is in support of Odessa workers, who have walked out in protest to company officials who refused to demote a supervisory worker.

Dorothy Terrell, chairman of the local Telephone Workers Union, said today that the Pampa workers had voted to "go along" with any action taken by district headquarters.

G. H. Neberry, manager of the Pampa exchange said today that, in case the workers do go out tomorrow-morning, any emergency calls will be handled by supervisory workers and any others not out on strike. He said the company headquarters had not yet notified him on the progress of any negotiations.

It was indicated here that, unless official word to begin the continuous session is received, the local workers will continue on the job. The local union cannot take action on the basis of statements made by wire services, it was said.

Meanwhile, according to the Associated Press, the Southwestern Labor Committee, promised to introduce the aid of the U. S. Conciliation Service office.

A service representative, Charles A. LaValley has been assigned to the dispute. Ordinarily, it was said, the service arranges for a meeting in a certain town and the conciliator presides over it. So far, neither town nor date for such a meeting has been set.

At Waco, a union official said today that workers of the large Northeast division of the union See TELEPHONE, Page 8

Proposal to Outlaw Reds Causes Stir

WASHINGTON—AP—Secretary of Labor Schweienbach's proposal to outlaw the Communist Party in America stirred Congress today.

Rep. Kersten (R-Wis.) heartily seconded the idea after Rep. Hartley (R-N.J.) chairman of the House Labor Committee, promised to introduce a bill to kill the party.

But a member of the House Committee on Un-American Activities, who didn't want his name used now, said there might be two objections:

1. Delicate dealings with Russia might be upset.
2. Outlawing the party might merely drive it underground instead of keeping it at least partly in the open where its enemies can fight it more easily.

It was in answer to questions by Kersten that Schweienbach told the House Labor Committee yesterday: "I think Communists should be excluded from any type of public activity, including the right to run for office. It is in chambers of commerce which to promote in trade unions. They have advocated overthrow of our government and they should not be allowed to have any part in government."

This assertion threw the weight of a cabinet officer squarely behind an idea which many members of the committee have been considering—a provision in a prospective new labor law either to forbid unions to have Communists for officers or to bar Communists as union members.

Hartley went along with Schweienbach on outlawing the whole Communist Party. He said he sees no reason why the committee should point only to unions as objectives in an anti-Communist campaign.

In New York Eugene Dennis, general secretary of the Communist Party in the United States, declared in a statement that "the American people, the followers of the late President Roosevelt and especially See NEW PROPOSAL, Page 8

Five Out of Six Men Trapped in Wreckage Saved

CINCINNATI—AP—The fifth of six men trapped in the twisted wreckage of a collapsed downtown building were brought to the surface today by rescue workers 27 hours after the five-story structure roared to destruction in a cloud of dust.

Latest to be pulled to safety was Wally Peskin, 47, who grinned at sweating firemen and shouted: "I feel like a million."

Three other men have been taken alive from the splintered beams and crumpled bricks. They are:

Delmar Rudd, 19, Covington, Ky., rescued this morning; Sam Ostrov, 42, owner of the Western Fixture and occupied the building, and Roy Bell, 38.

Rudd's father, Al, 42, was found dead.

Still in the dark, gas-filled recesses of the rubble was Fred Eisaesser, 75, who has not been heard from since the structure caved in on a 9 a. m. yesterday.

Young Rudd upon being pulled from the debris had expressed the opinion his father was dead.

"I haven't heard him groaning for a long time," he said.

All six of the entombed men were employed by the Western Fixture and Bar Supply Company. A half dozen other persons were injured in the collapse, but escaped being trapped.

The Rudd boy directed his rescue. "My right arm is caught," he told firemen. "My feet are wedged but not hurting. Dad is a little way to the north of me."

Weather Varies From Fog to Half-Inch Rain

Sombody, Richard, maybe, opened the door and has so far neglected to close it.

Anyway, since yesterday, Pampans have had a taste of fog, rain, sleet, snow, cold wind, thunder and everything but sunshine and the kitchen sink.

Including last night's rip-snorthing thundershower, Pampa has received about a half-inch of moisture and the water was turning into ice and water as it hit the ground.

The forecast for this afternoon and tonight is continued snow flurries and Thursday is due to be colder.

Probe of Good Roads Association Requested

AUSTIN—AP—An investigation of the activities of the Texas Good Roads Association was requested today by the Senate.

An unanimous voice vote adopted a resolution by Sen. G. C. Morris of Greenville requesting the Senate's General Investigating Committee to conduct the inquiry.

The Senate action followed a statement released last Saturday by the organization's president expressing views that present taxes are "sound and adequate" for the farm-to-market road program, estimating that 62 percent of all Texas rural dwellings would be brought within one mile or less of a paved road.

Morris, speaking on personal privilege Monday, criticized the statement as "ridiculous." He charged that the organization's only interest aimed at getting the farmer out of the mud.

A proposal to build more farm-to-market roads in Texas by reallocation of the state gas tax went to the Senate calendar today with the approval of the State Affairs Committee.

The bill would require that the State Highway Department spend at least one cent of the two cents it gets from the four-cents gas tax in building and maintaining rural roads.

A bill to levy an additional one cent gas tax for farm-to-market roads was killed by a house committee earlier this week.

Monday Sen. C. C. Morris, speaking on personal privilege, criticized the Texas Good Roads Association for a statement that it considered present taxes adequate for farm-to-market roads.

"I am sorely disappointed in the so-called farm-to-market road program of the State Highway Department," Sen. A. M. Aiken, author of the bill, declared at the committee hearing yesterday.

He stressed the need for immediate construction of rural roads.

Aiken estimated that one-cent allocation would make about \$15,000,000 available annually.

In the House a bill to appropriate \$55,000 for the State Veterans Service office was tabled, subject to call, by the appropriations committee after several members made strenuous objections. The money would set up a revolving fund for administration of the on-the-job training program for veterans.

"There's only one thing wrong with this bill—the money is handled by the state service officer," Rep. Joe Eyle of Fort Worth said.

Rep. William George Richards of Lockhart said an appropriation to take care of the program could be included in a bill now before the Veterans Affairs Committee which would do away with the state service office and set up a veterans board.

The House Education Committee reported unfavorably a bill aimed at improving teaching standards in Texas. The measure would legalize the status of the State Committee on Accreditation and Certification and employed the committee to accredit schools and issue teaching certificates. A Bachelor's Degree plus certain other courses would be required to obtain a teaching certificate.

The committee approved a measure to exchange teachers with Great Britain and a bill to fix the fee college clearing boards may charge non-resident students.

Greece and Turkey Would Share Fund

Jaycees Working On Long Range Traffic Program

Traffic tests, erection of traffic signs, organization of school traffic patrols, selection of "best drivers" and other phases will be included in a year-round safety program to be inaugurated soon by the Pampa Junior Chamber of Commerce.

Groundwork for the campaign was laid at a meeting last night presided over by Frank Fata, Jaycee Safety Chairman.

Last night's discussion dealt mostly with committee jurisdiction in all divisions of the campaign and with minor changes in the outline of the campaign.

In 1947, the campaign will be divided into two parts—spring and summer. Next year, however, three campaigns may be conducted one each in the spring, summer and fall.

What authority the Jaycee general committee will have to enforce regulations it is planning will be taken up with city officials.

The permanent project committee will study possible new laws and make recommendations to the city on new and improved traffic ordinances. The permanent committee is headed by Harry Hight and William C. Fry.

Another phase of the campaign will feature a school poster contest with cash prizes going to the student presenting the best design for signs to be erected next to each major highway coming into the city. These signs will emphasize size caution and will contain information pertaining to speed limits and other major points.

"Silhouette" signs, to be placed in the center of streets entering school zones are also planned, along with marking signs giving maximum speed limits.

Organization of school traffic patrols will probably be put off until fall, but the committee assigned the program will begin work in the near future on securing equipment for student traffic workers and setting up a permanent program.

Committee chairman will select their workers and draw up outlines prior to the next meeting of the general committee, set for March 21.

Eckern's Application For Hearing Denied

A motion for re-hearing before the state court of criminal appeals by Lincoln Eckern, Pampa, was overruled today.

Eckern was sentenced to three years here last fall on an assault with intent to murder charge, growing out of the shooting of his former step-son, Clarence Arnold.

Editor of Post Plunges to Death

NEW YORK—AP—Edward P. Flynn, 41, executive editor of the New York Post and the Bronx Home News, died early today in a plunge from a window of his eighth floor apartment during a fire there.

"I'm trapped, I'm going to jump," Flynn was heard to call before he plunged from a kitchen window of the smoke-filled apartment, police said.

As Deputy Fire Chief James E. Crowley reconnoitered the events, Flynn falling from the window, led to the large living room of the apartment to rest on a divan, leaving a cigarette smoldering in the bedroom.

Upon being awakened by the smoke, Flynn found he could not reenter the bedroom, in which the bedding draperies were burning, to reach a fire escape or to get the key to the apartment's night lock. He then rushed to the window, called to residents of nearby apartments, and finally, in panic jumped.

Firemen quickly brought the fire under control.

Greece and Turkey Would Share Fund

WASHINGTON—P—President Truman asked Congress today to supply \$400,000,000 and American military advisers to Greece and Turkey—Mediterranean bulwarks against spreading Communism.

In a momentous personal address to a joint Senate-House session, Mr. Truman told the legislators that "the foreign policy and the national security of this country are involved."

He said the "gravity of the situation" had brought him before the joint session.

Should Greece disappear as an independent state, he went on, it "would have a profound effect upon those countries in Europe whose peoples are struggling against great difficulties to maintain their freedom and independence while the repair the damages of war."

As for Turkey, he said its future "is clearly no less important to the freedom-loving peoples of the world than the future of Greece."

Maintenance of its national integrity, Mr. Truman added, "is essential to the preservation of order in the Middle East."

The President added: "In addition to funds, I ask the Congress to provide the detail of American civilian and military personnel to Greece and Turkey, at the request of those countries, to assist in the tasks of reconstruction, and for the purpose of supervising the use of such financial and material assistance as may be furnished. I recommend that authority also be provided for the instruction and training of selected Greek and Turkish personnel."

"Finally, I ask that the Congress provide authority which will permit the speediest and most effective use, in terms of needed commodities, supplies, and equipment, of such funds as may be authorized."

As Congress received Mr. Truman's message Roosevelt recalled her ambassador to London and Washington for "consultation."

This sudden order last night for return to Moscow of Nikolai V. Novikov, Soviet ambassador to Washington, and Georgi Zarubin, diplomatic chief in London, remained officially unexplained.

Mr. Truman at no time mentioned Russia directly in his address. But he attributed the Greek government's difficulties to Communists in these words: "The very existence of the Greek state is today threatened by the terrorist activities of several thousand armed men, led by Communists, who defy the government's authority at a number of points, particularly along the northern boundaries. A world-wide Communist movement is at present investigating disturbed conditions in Northern Greece and alleged border violations along the frontiers of Greece, Bulgaria and Yugoslavia on the other. Meanwhile, the Greek Army is small and poorly equipped. It needs supplies and equipment if it is to retain."

Request in Brief

WASHINGTON—P—Here, in brief, is what President Truman outlined today to Congress: 1. Assist Greece and Turkey in the amount of \$400,000,000 for the period ending June 30, 1948. 2. Send American civilian and military men to Greece and Turkey to help reconstruction, supervise U. S.-furnished aid, and train "selected Greek and Turkish personnel." 3. Make speediest possible use of the money, men, and materials requested. And he said he would ask for more if needed later.

restore the authority of the government throughout Greek territory. "Greece must have assistance if it is to become a self-supporting and self-respecting democracy."

Then the President emphasized that the United States must supply that assistance—that "no other nation is willing and able to provide the necessary support for a Democratic Greek government."

Mr. Truman replied to those who have suggested that Greece is a problem for the United Nations—not for United States action alone. He said the need for immediate action is so urgent that there is no way at this time for the United States to extend the deadline.

Mr. Truman closed by emphasizing the gravity of the steps he proposed. But said the welfare of the United States and the peace of the world are involved—as well as the future of Greece and Turkey.

He used these words: "This is a serious course upon which we embark. "I would not recommend it except that the alternative is much more serious. "The United States contributed \$341,000,000,000 toward winning World War II. This is an investment in world freedom and world peace. "The assistance that I am recommending for Greece and Turkey amounts to little more than 1 tenth of 1 percent of this investment. It is only common sense that we should safeguard this investment and make sure that it was not in vain."

Daniels Auto Rebuilding Shop Almost Completely Destroyed in Flash Blaze

One family was made homeless yesterday afternoon when fumes-fueled and wind-swept flames laid waste the Daniels Auto Rebuilding shop, 219 W. Tenth St.

Damage so far has not been estimated, but Fire Chief Ben White said it would run at least \$35,000, and maybe higher.

Workmen at the shops this morning reported that all but about \$1,000 worth of a \$19,000 upholstery shipment was lost in the fire.

Starting outside of the paint shop in the southwest corner of the building the fumes from lacquer and other combustible materials flashed into flame from a nearby stove, Chief White said.

At 2:07, when the Fire Department received the call, the building was already in flames with smoke pouring out of doors and windows. White said when he got to the fire the entire inside was ablaze from one end to the other. Firemen started sawing the blaze from the south end of the building to keep flames from reaching the barrels of lacquer, paint thinner and paint to prevent the building from blowing up. Inside the fire raged through seven vehicles, one of them a new Mercury belonging to a Miami customer of the firm and one five-ton truck belonging to the Daniels Co. Most of these seven autos and trucks were completely demolished, with the exception of one auto in the paint shop that was damaged slightly, workmen said.

Dense clouds of black and yellow smoke swirled from the building and See BLAZE, Page 8

Truman to Take Four-Day Rest

WASHINGTON—AP—President Truman ordered his "Sacred Cow" in readiness today for a mid-afternoon flight to Key West, Fla., and a four-day rest prescribed by his personal physician.

The chief executive planned to leave Washington immediately after delivering a momentous foreign policy address to a joint session of Congress at noon (CST).

It was the developing Mediterranean crisis behind that appearance which forced Mr. Truman to cancel his plans for a takeoff last Saturday on what had been planned as a 15-day absence from the Capitol.

In announcing the new, bob-tailed version of the 1947 Presidential Proclamation Secretary Charles G. Ross told reporters today: "The President is in tip-top shape but needs a rest." Brig. Gen. Wallace H. Graham, the President's doctor, added that he had ordered the vacation to give the chief executive "sunshine, swimming and relaxation."

Hearing Being Held On Proposed Airline Through Pampa Area

WASHINGTON—AP—Extension of commercial air service from the Old South into Longview, Tex., was urged today by a Longview delegation.

Approval of an application by Delta Airlines to fly into the Gregg County Airport, near Longview, was sought by John Ber Sheppard, attorney, and Fred Miller, county commissioner of Gregg County.

Both planned to testify during the day at a Civil Aeronautics Board hearing on applications of various carriers seeking to expand air routes in the Mississippi Valley area.

Also scheduled for consideration during the day was the application of West Central Airlines, Inc., to operate from Amarillo, Tex., to Blomberg, B. D., via Pampa and Ferris, Tex.

McNeely Trying For 778-Point Scoring Record

NEW YORK—(AP)—Cliff McNeely, of Texas Wesleyan, who long since has clinched this year's title of top collegiate basketball scorer, has set his sights for 778 points, a feat that would wipe out the present single season scoring record of 777 points set in 1942 by Brooks Abramovic of Salem, W. Va.

Currently, McNeely has 710 and whether he will get the necessary 68 points depends on how long Texas Wesleyan lasts in the current NABE tourney at Kansas City. The Texas star probably would be much nearer his goal had he not missed two games in midseason because of an ankle injury.

Runner-up Jim Lacy, of Baltimore Loyola, ran his total of 667 points by scoring 20 points last night although his team was beaten in the NABE.

The top scorers as reported to the Associated Press:

Name-School	G	TP
McNeely, Texas Wesleyan	31	710
Lacy, Baltimore Loyola	32	667
Brown, Humboldt (Calif.)	30	569
Farham, Texas Wesleyan	33	545
Wilson, Anderson (Ind.)	25	515

Bobcat Coach Scores 21 Points Per Game

SAN ANGELO—(AP)—John Klink coaches the San Angelo High School basketball team and illustrates the points laid down for his players on how to best play the game by setting a fast scoring pace.

He performs with the Ellis Parts Indians, this city's contenders in the Texas Amateur Federal Tournament at Galveston Friday and Saturday.

In 13 games the Bobcat mentor has rolled up 275 points for an average of 21.1 per game. His high was 47 for one game and on other occasions racked up 40 and 38.

The Indians, winners of the District 7 TAAF title, have taken 28 decisions in 31 games, averaging 55.8 points against 37 for the opposition.

Ben Johnson Takes Heavyweight Title

HOUSTON—(AP)—Ben Johnson, Houston's former champion, took a clear-cut decision from Eddie Ownby, Corpus Christi, last night to win the Texas heavyweight boxing crown. Johnson weighed 181, Ownby 184.

Johnson dropped the title-holder to the canvas in the third, sixth and seventh rounds. Referee Pepper Smith ruled that the last knockdown was from a low blow, however, and awarded the round to Ownby.

The Corpus Christi fighter took the next two rounds, but couldn't pile up the points to win.

MEETING ENDS

WACO—(AP)—The Texas Association of Hospital Accountants and a two day meeting here today during which they have been studying problems of operating costs and remedies. Seventy-five members have been attending.

Kansas City Tourney Moves Into 2nd Round With No Favorite Determined

KANSAS CITY—(AP)—The 32-game National Interscholastic Basketball tournament moved into the second round of play today without any definite signs of an established favorite for the championship.

Two of the more impressive teams surviving the 16-game opening round session—Marshall College of Huntington, W. Va., and Hamline University of St. Paul, Minn.—are matched at 10 p.m. (EST) in the feature of today's eight-game card.

Marshall set a new tournament team scoring record in defeating Wisconsin State Teachers of River Falls, 113 to 80, Monday and Hamline beat New Mexico University 71 to 49, last night.

Hastings scored an upset in beating Loyola of Baltimore 53-44, in the first round game. Loyola's Jim Lacy, the nation's number 2 point-maker, rang up 20 points, but his team didn't have the scoring balance to cope with the fast-breaking Nebraska.

Cliff McNeely, who leads the nation's scorers with 710 points for 31 games, and his Texas Wesleyan team mates were to meet a tough Beloit (Wis.) College team, champions of the Midwest Conference, at 1:45 today.

Today's schedule opened at 12:30 p.m. with the University of Houston playing Arizona State of Flagstaff.

Hastings meets Southeastern Oklahoma State of Durant at 10:15 p.m.

Other results yesterday included: Eastern Washington 51, Culver-Stockton 48; Southeastern Oklahoma 53, Eastern Illinois 42; Beloit 75, Arkansas State 60; DePaul 82, Oglethorpe 30; Canterbury 68, Western Carolina 55; Northeast Missouri 76, Delta (Miss.) State 58.

Injury Jinx Hits Giants Again, 2 Seriously Hurt

By The Associated Press

The injury jinx that had a great deal to do with the New York Giants finishing last in the National League in 1946 is hovering over them again this season.

In addition to minor injuries possessed by Monty Kennedy, Jack Lohrke, Johnny Mize and Babe Young, Manager Mel Ott has two athletes out with serious ailments, infielder Micky Vitek and rookie hurler Larry Jansen.

Jansen was hospitalized yesterday with fractures of bones in the left side of his face after being struck by a line drive off the bat of Cleveland's Bobby Feller in the second inning of an exhibition game at Tucson, Ariz.

White's arm was fractured in a game recently.

In the game yesterday, Cleveland's rightfielder, Hank Edwards, dislocated a bone in his right arm in the third inning when he fell attempting to catch a fly.

Notes from other training camps: Boston, C. Z.—Manager Leo Durocher declared he plans to shift Jackie Robinson from second to first base. The Brooks manager feels that the post is Robinson's best chance of making the team.

Los Angeles—After watching Bill Nicholson pole a 370-foot homer against Los Angeles yesterday, Manager Charlie Grimm of the Chicago Cubs exuded, "He's taking that free-wheeling cut at the ball again." Nicholson has hit at a 375 clip in four Cub exhibition games.

Orlando, Fla.—Owner Clark Griffith of the Washington Senators is retaining Earl Wooten, fleet outfielder from Chattanooga, as a utility first baseman.

Clearwater, Fla.—Manager Ben Chapman of the Phils said after the 13-1 lacing at the hands of Detroit yesterday that the tryouts for Minor Leaguers is over. Chapman likes the work of pitchers Charley Schanz, Blix Donnelly, Ford Mullen and Ralph LaPointe.

Miami, Fla.—The Browns were singing the praises of rookie first sacker Jerry Witte who belted a homer, double and single yesterday against the Braves.

St. Petersburg, Fla.—The World Champion St. Louis Cardinals open their long exhibition schedule today against the New York Yankees at the new Al Lang Field.

FATHER OF COACH DIES
PADUCAH—(AP)—Funeral services will be held here today for Oscar D. Brothers, 89, father of Coach Buddy Brothers of Tulsa University. He died yesterday in Mineral Wells while on a business trip.

There are more than 640,000 species of insects in the world.

State Health Officer Discusses Cold Causes

AUSTIN—What causes colds? Colds are caused by germs too small to be seen under a powerful microscope, they are known as "Filterable Virus." They are present in discharges from the nose and throat.

They are spread from person to person by sneezing, coughing, spitting, or on any freshly contaminated article, as a drinking glass, which will pass on the infected saliva. A cold is not likely to be passed on during the first 24 hours.

If we could each live like a hermit, apart from others, we would probably "catch cold." People living in Greenland and Labrador, we are told, do not have colds in winter even when exposed to the most severe weather.

The busy person in everyday life cannot avoid exposure to colds. We expect to be sprayed by careless coughers and sneezers. Young children, elderly people and invalids who suffer most from the effects of a cold should certainly be protected from those who have colds.

Children with colds should be kept home from schools, and if rest and light food do not help the cold to disappear shortly, then the family physician should be called. This may not be a cold but even more serious, as most of the communicable diseases start with some of the symptoms of a cold.

What can we do to avoid colds that cause more loss of time from industry and schools than all the other diseases combined? Have your own cup and glass at home and elsewhere; dress for the weather; eat a balanced diet; get plenty of rest; keep away from persons with colds.

Colds are costly. Prevent them if possible.

VERSATILE USES
A commercial use is found for every part of a shark. Its skin is made into leather, its organs field oil, its bones are ground into fertilizer, its head provides glue, and its teeth are used in the manufacture of cheap jewelry.

A STITCH IN TIME -

Adequate wiring is like that proverbial "stitch in time."

Today, many businessmen are finding, as they improve their lighting, that present wiring is inadequate. Luckily it costs little to replace present wiring with adequate wiring, but it is frequently troublesome.

The lesson is obvious. If you are building a place of business or a home, check carefully and make sure that you have adequate wiring for today... and tomorrow.

SOUTHWESTERN PUBLIC SERVICE COMPANY
22 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

Working Toward a Better World

Troop leaders and other adults active in Girl Scouting are slated for special honors during 1947, the 35th anniversary year of the Girl Scout organization. They are being cited for "national service to youth" and for helping girls become better citizens, to build a better world.

Girl Scout leaders of Pampa are being saluted today, the 35th anniversary of Girl Scouting, for the interest they are taking in our girls and for the many hours they are spending to help make them "better citizens to build a better world."

All of the leaders are housewives, many of whom have one or two daughters who are Intermediate or Brownie Scouts.

Among those who are not in their first year as leaders of troops are the following Brownie leaders: Mesdames W. A. Claunch, I. T. Goodnight, J. D. Grundy, E. E. Leland, Harold Osborne, W. E. Moore, Larry Snyder, B. G. Wagoner, and Margarette Martin; and Intermediate leaders: Mesdames Johnnie Cline, Bob Ewing, D. C. Culwell, Watson Welch, Roy Underwood, R. W. Polard, and Earl Murphy. Many of these served as Troop Committee members before assuming leadership of a troop.

Mesdames W. L. Kretzmeier, Emmitt Osborne, Joe Keel, Roland Dauer, E. N. Franklin, Roy Hall, and

Seven-Eleven Club Makes Plans to Hold Boxing Tourney Soon

Members of the Seven-Eleven Club met last evening with Dale Richardson, 1035 E. Francis, to discuss and make plans for the boxing tournament to be held here around the last of this month or the first of April. Jim Wilson, president, presided over the meeting.

Refreshments of cakes and cookies were enjoyed.

Present were Jim Wilson, Jim Bill Windsor, G. D. Holmes, Keith Payne, Don Byars, Jimmie Cline, Tommy White, Mickey McCray, Gene Garrison, Glen Cary, Bobby Hayes, Carroll Smith, Jimmy Cox, Jimmy Campbell, Doug Mills, Hansel Kennedy, Bill Runyan, Buddy Sawyer, Eddy Marlow, and the host.

Serub typhus, a disease common in the South Pacific, is carried by a mite similar to the chigger in the United States.

R. T. Coley are leaders who have been with Brownie Troops for two years or more while on the Intermediate leader list of two years or more we have Mesdames Frank Carter, Carl Stone, and W. B. Franklin. The following have three years or more to their credit as troop leaders: Mesdames Noel Dalton, W. O. Prewitt, Ervin Parsley, O. W. Allison, J. V. Young, J. M. Fitzgerald, and R. E. Neustahl.

Plans have been started for a ceremony to be held this spring in which special recognition will be given to those who have been active in Girl Scouting for a number of years. Those who have been in some capacity in Girl Scouting for five years will receive Five Year pins. An investigation is being made to find whether or not there are any people in Pampa who have been with Girl Scouting long enough to get the 10 and 15 year awards, for recently a neighboring city awarded a 25 year pin to one of its charter members.

Presbyterian Circle 4 to Hear Review by Mrs. George Friauf

Circle 4 of the Women's Auxiliary of the Presbyterian Church is planning an interesting program for their meeting tomorrow evening at 8 o'clock in the West Room of the church, at which Mrs. George Friauf will be guest speaker and will review, by popular request, "The Herdsman" by Dorothy Clarke Wilson, a new novel dealing with the life of the minor prophet, Amos. Mrs. Friauf points out that while the story is not true it is historically authentic. Miss Wilson, also author of "The Brother," writes in a compelling fashion and with deep insight.

Mrs. John Nutting will give the devotional base on Scripture from the Book of Amos and comments from the denominational magazine "Social Progress." Hostesses will be Mrs. Myles Morgan and Mrs. William A. Bennink.

Special music will be provided by Miss Hart Anderson who will sing an arrangement of the 23rd Psalm. She will be accompanied by Mrs. H. A. Yoder.

Anyone wishing to hear this program is invited to attend.

U. S. HONEY
Approximately 150,000,000 pounds of honey are produced annually by the 250,000,000 honey bees in the United States. These bees live in 4,000,000 hives, or colonies.

How women and girls may get wanted relief from functional periodic pain

Cardui, many women say, has brought relief from many forms of aches and pains. It is a functional periodic pain reliever. Like a tonic, it should stimulate appetite, aid digestion, and help build resistance for the "times" to come. Cardui helps relieve pain due to purely functional periodic causes. Try it!

ESA Sorority Issues Invitations To St. Patrick Dance Thursday

Opening the Spring social season will be the St. Patrick's invitation dance which will be given Thursday evening at 9 o'clock in the Southern Club by members of the Epsilon Sigma Alpha Sorority.

The music will be furnished by R. E. Smith and his 12-piece orchestra with three soloists, from Phillips.

Plans for the formal dance were completed at a recent meeting of the sorority at which the following committees were named: invitations, Mrs. Rachel Brumley, chairman, Mrs. Frieda Barrett and Mrs. R. E. Gibbons; decorations, Mrs. Lillian Kelly, chairman, and Mrs. Mary Lindsey and Miss Ursula Jones; and orchestra, Miss ValRue Dyson.

Attending the meeting were Mesdames Iris Ragsdale, Mary Lane, Margaret Dial, Margaret Payne, Frieda Barrett, Jean Haw, Mary Lindsey, Lucille Foster, R. E. Gibbons, Rachel Brumley, and Lillian Kelly; and Misses Adalen Brazil, ValRue Dyson, Wilkie Blakney, Addie Maye Bryan, and Ursula Jones.

Mrs. Wright Speaks At Mother-Daughter Banquet in Lefors

LEFORS—(Special)—Mrs. Carl J. Wright, chosen by Beta Sigma Phi, "the woman of the year" of Pampa, spoke on "Building Today for Tomorrow" at the Mother-Daughter Banquet given by the P.H.A. chapter and sponsor, Mrs. L. B. Penick, in the library of the Lefors High School Friday night.

Under the direction of Miss Loyce Elliott the freshmen girls sang "Mother and the high school girls, composed of Jo Ann Wall, Barbara McCullick, Vesta James, Delma Rickman, Marguerite Crawford, and Sara Arlington, sang "Mother Machine, and "That's Why God Made Mothers."

Carrying out a sprig theme, runners of green and orchid crepe paper were used on the tables with centerpieces of sweetpeas. White tulle, covered with artificial flowers formed a background for the candlelit room.

The banquet, prepared by the Homemaking classes, was served by a group of high school girls.

Guests attending were Mesdames P. H. Browning, A. T. Cobb, G. R. Crawford, J. J. Davis, D. L. Dick, J. V. Guherie, Roy Howard, Joe Hinnicus, W. E. James, R. L. Jeffreys, B. C. Johnson, G. H. Keeton, T. R. Kendall, H. C. Little, Clarence McCullick, C. B. McIntyre, W. M. Phillips, J. D. Redus, F. H. Rhea, D. C. Rickman, M. L. Rippey, A. G. Roberts, F. D. Ross, Oliver Scott, J. A. Aichey, W. G. Staley, E. L. Taylor, William Tiltman, W. H. Wall, E. E. Elliott, W. K. Bagley, R. S. Chastain, H. S. McNabb, E. J. Rowe, W. C. Breining, N. C. Cotten, G. W. James, F. F. Newsum, B. H. Spencer, Y. E. Turnbo, and Miss Melba Knippling.

Nursery Provided at Horace Mann School During P-TA Meeting

A nursery will be provided in the dining room of Horace Mann School Cafeteria tomorrow afternoon during the P-TA meeting, with Mrs. Emory Noblitt in charge. Mothers with small children, wishing to attend the meeting, are invited to leave them in the nursery.

Principal speaker at the P-TA meeting will be Hugo Olsen, Boy Scout field executive, and special music will be furnished by the Horace Mann Choral Group under the direction of Mrs. John Branham. The group will sing a lovely musical story, a cappella.

When small fry are convalescing from colds and have to be amused while still in bed, washable toys are preferable, since they can be kept clean and danger of reinfection avoided.

Legislators to Inspect Sabine-Neches District

BEAUMONT—(AP)—More than one hundred members of the Texas House of Representatives and capital newspapermen and their wives are expected to inspect the Jefferson and Orange Counties industrial area over the weekend, sponsors of the trip have been advised.

The program includes a yacht trip on the Neches waterway, inspection of a dinner, an all-Pullman train will leave Austin Friday with the guests and return on Sunday.

A similar trip for Senators and other state officials is planned for March 29.

Business men sponsoring the trip are asking legislators to view the rapidly growing Sabine-Neches district as a "natural laboratory" for a four-state technological college.

A World War II American armory explosion could hurt 400,000 pounds of ammunition in half an hour.

Civic Culture Club's Topic 'Look at Africa'; Activities Are Planned

Members of the Civic Culture Club met in regular session Tuesday afternoon in the home of Mrs. F. M. Sweeney, Cities Service Camp, for an interesting program on "Africa." During the business meeting, presided over by Mrs. F. M. Sweeney, president, the Council of Clubs reviewed the program on "Africa." It was voted to continue to the Red Cross and Cancer funds; a decision was made to cooperate with the Council of Church Women in the Bundles Week drive; and to back the movement to provide a room for mental patients and a separate place, apart from jail, for juvenile delinquents.

8:00 Beta Sigma Phi.

Pythian Sisters Have Initiation, Social Hour

The Pythian Sisters of Pampa Temple No. 41 met in regular session Monday evening 8 o'clock in Carpenter Hall for initiation of three new members followed by a social hour.

The new members receiving the initiation rites of the Order were Mrs. Lucille Turner, Doyle Tyler and Carl Stone.

Plans were made for a theatre party to be given the winning team in recent contest, and donations were sent to the Pythian Orphans' Home in Weatherford for the March Maintenance Fund and a moving picture machine.

B. M. Baker School P-TA Meets at 2:30 Thursday Afternoon

The B. M. Baker Parent-Teachers Association will meet in the school auditorium tomorrow afternoon at 2:30 for a program on "Encouraging Wholesome Attitudes."

Self-made outlines, turn out to be impracticable because porous or fuzzy skin won't hold them.

An executive meeting will be held at 2 o'clock in Mr. Nuckols' office.

Natural Lip Line Proves to be Best

By ALICIA HART
NEA Staff Writer

Sometimes a girl's attempt to carry lipstick over the lip boundaries, in a heroic effort to make a new mouth for herself, is a mistake. The error is not so much one of faulty as of impracticable design. Self-made outlines, turn out to be impracticable because porous or fuzzy skin won't hold them.

If you're not—the best way to find out is close-seeing in a magnifying mirror—it's better to pass up the alterations and leave your mouth be.

You can, however, always paint on a younger and happier expression by adding a little rouge to the corners of your upper lip. An eighth of an inch of bolting over the boundaries with your lipstick at the corners will do the trick. Because the muscles and fleshy areas of the upper lip conceal all but the effect of adding color, this is really a safe trick to use.

Mission Program on 'Russia' Enjoyed by Lefors YWA Members

LEFORS—(Special)—Members of the Young Woman's Auxiliary of the Baptist Church met in the home of Delma Rickman Monday evening for a Mission program on "Russia."

Questions and answers taken from "The Window of YWA" were discussed, and "Russia's Diplomacy" was given by Nina Pearl Maple.

Cake, coffee and sandwiches were served to Maxine Crossan, Delores Herring, Elissa Jo Gullison, Nina Pearl Maple, Bobbie Joyce Vaught, and Mrs. Ben Cheek, sponsor.

Party Frock

By MRS. ANNE CABOT
The simple, pleasing sort of little party frock which takes no more than an afternoon to make but gives the effect of an expensive dress from a smart shop. Use cross-barred rayon taffeta, flowered printed satins, pastel crepe, sheer organdie or handkerchief linen. Trim the pettli dress with big applique flowers and leaves in a soft, contrasting color.

To obtain complete tissue pattern, applique pattern, finishing instructions for the Yoked Frock (Pattern No. 5527) sizes 1, 2, 3 included, send 15 cents in COIN plus 1 cent postage. WE, THE WOMEN

Common Faults Kill Feminine Charm

By RUTH MILLETT
NEA Staff Writer

No woman is charming enough to seem charming while—
Listening with her mind on something else.
Pointing out flaws in another woman.
Speaking crossly or impatiently to a small child.
Saying, "How do you do," when introduced to a person for the third time.
Coming in presenting upon her physical defects.
Making frequent Ruth Millett and unnecessary apologies.
Bragging about how she got the best of someone else.

Mrs. F. W. Shotwell was program leader with an interesting talk on "Look at Africa." She stated that the fact that the King and Queen of England are now making a tour of Africa shows its importance to England. Since this is the native country of the Negro race we find this race dominating Liberia and Ethiopia are the only independent countries of Africa, all others are governed by European countries.

England, France and Belgium, said Mrs. Shotwell, have made large investments in Africa. Since that country is rich in mineral deposits 98 percent of all diamonds and 50 percent of the gold used in the world come from there. Most of the animals found at zoos and circuses also come from Africa.

Delicious refreshments were served to Mesdames Emmett Carter, A. D. Hills, L. J. McCarty, E. A. Shackleton, Sweeney, J. B. Townsend, Katie Vincent, John Brandon Lloyd Rinehart, Powell, Emma D. Usorie, Kenneth Meyers, D. W. Coffman, R. E. Dauer, and Erwin Thompson.

Panhandle Council Joins Girl Scouts' Birthday Celebration

PANHANDLE—(Special)—The Panhandle Council of Girl Scouts is joining with other Scouts over the world in observing the 35th anniversary of the founding of the organization in Savannah, Ga., in 1912.

Leaders, troop committee members and council members joined with the Brownies and Girl Scouts in attending church at the First Baptist Church Sunday morning, where Rev. Herbert Brown, pastor, preached a sermon appropriate to the occasion.

On Wednesday a program will be given by the girls for a joint high school and grade school assembly.

213 N. Cuyler Pampa, Texas

NEW ORDERS

keep the telephone waiting list long

For every single hour of the working day last year we were able to offer telephone service to 289 people who had ordered it in the five states we serve.

And every hour 288 more persons ordered telephones!

That's why the telephone waiting list at the start of 1947—235,460 names long—is only a little shorter than a year ago.

But it isn't the same list it was a year back, by any means. Most names on it, by far, are new ones. That's because we connect telephones in proper turn just as fast as equipment becomes available in a particular part of town.

And the equipment we have—switchboards and cable and all the ranks of humming machinery in a telephone central office—is bearing up under an extra load much heavier than we engineered it for.

Part of this load has been for new telephones. Part has been caused by greater use of all telephones. The result: More people getting more service than ever before. And it's good service most of the time in most places.

In 1946 we were busier than we'd ever been before. In 1947 we'll be doing still more, working all day and every day.

A job depends on a steady flow of equipment and materials, of course. We have the experience and the people to see the job through. As fast as we get the equipment—and this year we'll spend \$95 million for it, compared to last year's \$67 million—we'll put it in and connect telephones to it.

That's why we think 1947 will top 1946 in telephone work. And that means more telephones ringing in the homes of more people now doing without, and a service growing better than before.

IF STOMACH BALKS DUE TO GAS AND BLOAT

Help Get Food Digested to Relieve Yourself of This Nervous Distress
Do you feel all puffed-up and miserable after every meal, taste sour, bitter food? If so, here is how you may get blessed relief in helping your stomach do the job—it should be doing—in the digestion of its food.
Everytime food enters the stomach a vital gastric juice mixes flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.
To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-chronic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients.
Also, SSS Tonic helps build-up non-acidic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red blood you should rest better, sleep better, feel better, work better, play better.
Avoid punishing yourself with over-doses of soda and other alkalis which counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps Build Sturdy Health.

Race Is on for "Deepest Well"

OKLAHOMA CITY — (AP) — The world's deepest drilled well, a Superior Oil Company wildcat in Caddo County, Okla., was down to 17,766 feet yesterday.
The well has been deepened 508 feet since it hit the record of 16,668 feet at 8 a. m. (Central Standard Time) Feb. 3 and broke the record that afternoon.
Drilling started at the well, the No. 51-11 Weller, in May 1946. It is located in NW NW NE of 11-28-12W, Caddo County.

Industrial Shutdown Beginning to Ease

BERLIN (AP) — Germany's industrial shutdown, enforced by power shortages and the prolonged freezing of water transportation, is beginning to ease and reactivation of industry in the western zone is expected by April 1, Col. Lawrence Wilkinson, deputy chief of the American military government's economic division, said today.
Dried snake venom 23 years old has been found as poisonous as when fresh.

NEW ORLEANS FUTURES

NEW ORLEANS, March 11 — (AP) — Cotton futures declined here today under heavy home liquidation, which was stimulated by weakness in other commodities. Closing prices were steady \$1 1/2 to \$2 3/4 a bale lower.
Open—High—Low—Close
March... 35.52 35.53 35.02 35.20-25
May... 34.62 34.65 34.05 34.14-16

October... 30.90 30.61 29.53 29.47-48
December... 29.20 29.20 28.69 28.66

NEW ORLEANS SPOT COTTON

NEW ORLEANS, March 11 — (AP) — Spot cotton closed steady \$1 50 a bale lower today. Sales 5,368. Low middling 36.90, middling 34.70, good middling 33.15, receipts 5,402, stock 209,658.

Leaves From a Correspondent's Life Note Book

By HAL BOYLE
NASSAU, Bahamas — (AP) — A flight of wealth from more disturbed lands may bring this colorful sea-girt British archipelago—long a playground of the rich—its fourth flood tide of prosperity since Christopher Columbus landed in 1492.
Columbus, the first disappointed tourist, came seeking gold. In the centuries since then the leisurely Bahamians have convinced later wayfarers they should bring their own gold if they wanted any fun.
First privileged class to enjoy this blue and coral paradise were the pirates, including the notorious Blackbeard.
Prosperity came again during the blockade running days of the American Civil War, when the desperate South sent over its cotton and household treasures in exchange for arms and ammunition. This trade enabled British colonial officers to build most of the government buildings still standing in Nassau.
Profits garnered during the prohibition when staid rum runners found here ample supplies of Scotch and rum, supplied the funds for the island's fine roads.
One local liquor dealer made so much money—the activities were all legal on the British side—he built a fine 35-room steel-anchored mansion on a ridge overlooking the sea.

Carson County Free Library Celebrating Ninth Anniversary

PANHANDLE — (Special) — The Carson County Free Library is this week celebrating its ninth anniversary.
It was on March 12, 1938, that this library was officially opened as a county-wide project with Mrs. Letha Gramer as librarian. The trustees at that time were Mrs. George P. Groat, Panhandle, chairman; Mrs. M. C. King, Panhandle; Mrs. R. H. Grimes, White Deer; Mrs. Earl J. New, Skellytown; Mrs. Charles Walker, Conway, and County Judge J. C. Jackson. The book collection numbered well over 2,000 volumes, many of them gifts of the Grange Club and the Murrie Hill Library.
Carson County Free Library acknowledges an indebted to all of the clubs of the county. Their united efforts were responsible for the establishment of the library with the Carson County Federation named as sponsor.
In the past nine years the library has grown in many ways. The "book-car" branch building in Skellytown has been added better and more attractive rooms have been secured for the main library in Panhandle, as well as for the branches in Groom and White Deer. The Bookmobile was purchased and began operation in December of 1938. This library on wheels assures complete county-wide coverage. The book collection consists of some 11,000 volumes and the library maintains subscriptions to almost 100 leading periodicals and newspapers.

EPIDEMIC COLDS!

Here's help to AVOID and RELIEVE miseries
With epidemic colds still spreading, health authorities suggest these simple health rules: Eat simple food. Drink plenty of water. Get plenty of rest. Avoid crowds and people who have colds.
If you Do Catch Cold
Relieve distress with the best-known home remedy you can use—rub on warming, comforting Vicks VapoRub at bedtime.
Why Results Are So Good
VapoRub's relief-bringing action starts to work instantly... and keeps working for hours in the night to soothe distress, relieve discomfort.
If the miserable symptoms of your cold are not relieved promptly—or if more serious trouble seems to threaten—call in your family doctor.

A technicolor moving picture depicting the history and service of the library has been filmed. It has been shown in many places in the United States and in 1946 was shown during the Book Fair at the Benjamin Franklin Library in Mexico City, D. F.
Members of the library board for 1947 are Mrs. R. F. Surratt, Panhandle, chairman; Mrs. M. C. King, Panhandle, secretary; Mrs. Hubert Lemons, Panhandle; Mrs. T. G. Fields, Groom, Mrs. E. H. Grimes, White Deer; W. H. Price, Skellytown, and Judge Reece Beddingfield.
The library staff includes Mrs. Janice Boughton librarian; Mrs. Minnie Garner library assistant; Mrs. Zona Cornutt assistant Groom Branch; Mrs. Ida Shubring, assistant Skellytown branch, and William Buchanan, assistant White Deer branch.

Advertisement for Conoco Nth Motor Oil.
It weathers a typhoon's fury... and OIL-PLATES your engine!
ON ANY SHIP IT TRAPS, a typhoon hurls almost unbelievably destructive force. Yet an even greater force works quietly for the ship's safety, for within its plates and frames, particles of steel are bonded together by nature's strong constructive power... the mighty force of molecular attraction!
WHEN YOU CHANGE FOR SPRING to Conoco Nth motor oil, that same natural force of molecular attraction bonds molecules of a special lubricating ingredient to molecules of metal! So close is this molecular bond that cylinder walls and other fine-finished working surfaces are actually OIL-PLATED!
BECAUSE OIL-PLATING STAYS UP on cylinder walls... doesn't all drain down even overnight... a change to Conoco Nth gives you EXTRA protection when you first start your engine "dry"... EXTRA protection from corrosive acid action when your engine is idle... EXTRA protection from sludge and carbon caused by wear... EXTRA smooth, cool, silent miles.
STOP AT THE RED of Your Conoco Mileage Merchant. Continental Oil Company
Make a date to OIL-PLATE... NOW!

Bull Sells for \$6,600 at Fort Worth Stock Show

FORT WORTH—(P)—A Hereford bull, Plus Return 1st, brought the top price of \$6,600 at the first day of auction at the Southwestern Exposition and Fat Stock Show.

F. D. Jones and M. D. Whitte of Dallas purchased the animal which was consigned by Moseley and Carpenter of Medina.

The T-Bone Ranch of Wichita Falls paid the top price for a female—\$2,455 for Willie M. Both animals were sold by Larget and Stevens of Merkle.

In yesterday's judging J. P. Heath of Argyle showed the champion Rambouillet ram.

The best Rambouillet ewe award went to Rob Richardson of Iraan. E. P. Whittington of Glen Cove had the champion Delaine Merino ram. Champion Hampshire ram and ewe were exhibited by Oklahoma A. & M. College.

Martha Sue Smith of Banner, Okla., had the best Duroc barrow. Walter Harris, Jr., of Apache, Okla., had the champion Poland China barrow and the best pen of three. Champion Berkshire barrow was shown by Minnie Lou Ottinger, Hydro, Okla., she also had the champion pen of three. Dale Stover of Carnegie, Okla., won the awards for the best Chester White barrow and pen of three.

Last night's rodeo results:

Calf Roping: Leo Brannon, Waco, 21.3; S. G. Russell, Abilene, 22.7; Bud Bassham, Fort Worth, 25.2; Clifton Kay, Clarksville, 27.3; Bob Rashed, Weatherford, 33.4; P. H. Thrash, Granbury, 48.1.

Steer Wrestling: Royce Sewall, Brownwood, 12.4; Joe Tompson, Carlisbad, N. M., 14.3; Todd Whitley, Bethel, Okla., 16.8; Buck Sorrels, Tucson, Ariz., 32.6; Bill Linderman, Billings, Mont., 41.8; Joe Mendes, Visalia, Calif., 46.2.

Best Baraback Bronc Rides: Jim Schumacher, Phoenix, Ariz., first; Wilbur Plaugher, Fresno, Calif., second; and Scoop Davis, Jacksboro, third.

Best and Only Saddle Bronc Ride: Vic Schwart, Wichita Falls.

Best and Only Brahma Bull Ride: Todd Whitley, Bethel, Okla.

Winners in the cutting horse contest:

First, Boots, ridden by Emery Birdwell, Graford; second, Miss Aledo, owned by Bob Crosby, of Roswell, N. M., and ridden by Shorly Dixon of Aledo; third, Cowboy, owned and ridden by Margaret Montgomery of Ozona; fourth, Eddie, owned by Mill Creek Ranch and ridden by J. W. White, Mason.

Business Picks Up, More Help Hired

LONGVIEW—(P)—The Daingerfield Chamber of Commerce has voted to employ a full-time paid secretary to handle the many inquiries it has been receiving since the announcement that the Lone Star Steel Company has purchased the Daingerfield steel plant.

The level of the Gulf of Mexico is actually about 3 inches higher than that of the outer Atlantic.

Relief At Last For Your Cough

Cremulson relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Cremulson with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREMULSON for Coughs, Chest Colds, Bronchitis.

Take the Laughter

Copyright by Karen DeWolf Distributed by NEA SERVICE, INC.

THE STORY: Sherry and Mona read a cottage together in one of Hollywood's most exclusive resorts. She works in an insurance office and is making a play for her married boss, George Brothers. Sherry keeps house, wants to write, worries about Mona's interest in Brothers. Two of the court come in one evening to borrow an iver. They are Sandra, who is French—and Tony, who is Australian.

SHERRY pushed back her chair from the desk and stared at the paper before her. Whatever rhymed with "dust"? She had made a list of words that did along the margin of the paper. They began trust, rust, just. She had to be careful because many words did not suit the spirit of the poem. It was to be a fantasy—the tragedy of a woman who had "lived."

"I live all alone in a castle of dreams." She crossed out "live" and put "dwell." From there on it went quite easily. She changed a word here and there and read it pleasedly. It sounded sad, too heartbroken to be hurt any more. That was just what she had wanted. Maybe people would read it and wonder at her having suffered so, at her age. Maybe the boys would think she had "lived."

Sherry had seen them a lot. She had met Kris too. He was older than Tony and Sandra and at first Sherry had been uncomfortable with him. He was Danish and blond with steely eyes and a long scar down one cheek that he had got from dueling. He had been introduced to her as Captain Kris-topher Ludovic Van Rantmann. And he had clicked his heels and bowed stiffly like Tony and had kissed her hand. His manner was arrogant, and he had a way of speaking that was like giving orders.

Sherry had decided he was altogether detestable. "I'm not going to like you!" she thought. But she had.

Kitchen Proves Most Dangerous Room in House

NEW YORK, N. Y.—The kitchen is the most dangerous room in the house, statisticians of the Metropolitan Life Insurance Company warn, estimating that about 6,000 Americans a year lose their lives, and many times that number are injured as the result of kitchen accidents.

"The modern kitchen is a combination factory, bakery, cannery, laundry, butcher shop, restaurant and general household workshop, not to mention playground," the statisticians point out. "In industry, where similar hazards exist, state officials and trained employees look after accident problems and help to control them. But in the home this is the family responsibility—and usually falls on the shoulders of the woman of the house. She should know where the chief dangers lie."

Burns and scalds, the statisticians report, claim more than 2,000 lives a year in kitchen accidents. This is exclusive of several hundred additional fatalities resulting from fires which start in the kitchen and spread to other rooms. Many more women than men are fatally burned in the kitchen, the reasons being that they spend more time around the stove and that their clothing is a greater fire hazard than men's clothing.

Falls, a large proportion of which occur when the victim is merely walking about the room, rank second with about 1,500 deaths a year.

Stricter Eye on Immigration Is Being Forecast

MEXICO CITY—(P)—Stricter enforcement of immigration laws through ratification of a new joint U. S.-Mexican agreement was forecast yesterday by a Foreign Office source.

The recommendations made by a joint immigration commission are designed to return workers now illegally in the U. S. prevent further border jumping, and secure standard wages for Mexicans authorized to work in the U. S.

The U. S. would have to round up and return to the Mexican border about 119,000 wetbacks (Mexicans illegally in the U. S.), informants said. Some would have their status regularized and be returned to the U. S. to jobs under approved work contracts. Others would be returned to Mexico.

The major recommendations, reported by the Foreign Office Feb. 6 are:

1. Increased border precautions to prevent illegal entry into the U. S.
2. Investigation by U. S. authorities of the possibility of legal action against employers who hire Mexican wetbacks.
3. Return to the U. S.-Mexican border all Mexican wetbacks currently in the U. S. in order that a selection of workers can be made.

Professional Pharmacy Richard Drug 107 W. Kingsmill The 1940

their status regularized, and some returned to work in accordance with contracts approved by both governments.

Mexico also requested the U. S. to admit in the future only emigrant workers with approved labor contracts, and nationals bearing properly vised passports.

FUNNY BUSINESS BY HERSHBERGER

Wet or waxed floors, worn linoleum or other floor coverings, unanchored small rugs, and pails or other objects left around on the floor are in many cases the immediate cause.

Gas poisoning, often caused by liquids on the stove boiling over and putting out the flame, and poisoning by roach powders, rat poison and other poisonous compounds mistakenly used for flour, baking powder, or other food products, add to the death toll.

Texas Today

By JACK RUTLEDGE Associated Press Staff

ANIMAL CRACKERS: Ector J. Stockton, rancher and oilfield worker from Oilschalk, near Big Spring, captured and killed an eagle that measured six feet four inches from wing tip to wing tip.

So what, you ask? So this: The manner in which Mr. Stockton caught his eagle is not recommended for armchair eagle-catchers. He left his car when he noticed the bird, and when he got near, the eagle took off. But he had waited too long—the eagle, that is. Mr. Stockton grabbed it by the tail. A battle ensued. Mr. Stockton finally snatched up a stick

Carson County Boys Place in Stock Show

PANHANDLE—(Special)—Carson County 4-H and FFA boys' entries placed well in the recent Amarillo Fat Stock Show, considering the competition, according to County Agent J. P. Smith.

Five calf and 13 pig places were earned with Paul Carrol ranking highest with his calf placing 13th. Roman Homen placed 14th, Douglas Coffee 17th, Don Ketchum 23rd and Roy Hodges 27th.

Leroy Thornburg placed second on one of his Poland pigs and sixth on a pen of three. Don Ketchum placed fourth on his Foand litter; George Collis, fourth, with his Hampshire pig; John Gripp, fifth with his Chester. White lightweight pig and Patsan Haddock was in fifth place in the heavyweight Chesters; second in pen of three and second in litter contest. Richard Ditten placed fifth in pen of three and third in litter. Ronald Ditten was fourth in his Chester White litter.

Carson County was judged third for the best pigs exhibited.

Blaze

(Continued from Page 1)
were carried by a heavy wind over the midsection of town, even permeating City Hall and disrupting the afternoon session of the City Commission.

Firemen snaked over 2,700 feet of main hose and laid it into four lines to battle the blaze. Burning oil and clearing fluid floated on top of almost eight inches of water inside the building as firemen struggled to wash it out the doors.

Robert McCain, a workman at Daniels who turned in the alarm said the fire traveled so fast that he was half choked by the time he reached the phone.

Mr. and Mrs. Jess Gates and their three children, living in a three-room apartment adjoining the east side of the building lost everything, but the clothes they were wearing and a refrigerator, washing machine and some odd pieces of furniture, immediately after the firemen reached the scene a second alarm was turned in and the third truck was dispatched. Struggling through the parked cars of curious onlookers and crowds of people that got inside the wire fence, firemen finally extinguished the blaze at 3:55 p. m.

A new 1947, nine passenger DeSoto sedan, recently purchased by J. C. Daniels, was parked outside when it was driven away by Mrs. Daniels shortly before the blaze, workmen said. Daniels himself was in the garage when the fire broke out, according to Fire Chief Ben White.

The building, housing one of the busiest firms of its type in the city, was completely ruined and will probably have to be rebuilt, according to the chief.

There were no injuries reported. Water on the inside, from hose lines, rose as high as nine inches in some places.

Both firemen and workmen at the

Commission Turns Down Application On Pipe Usage

The City Commission yesterday afternoon refused to grant the request of a local contractor to use three-inch soil pipe instead of the legal four-inch pipe for inside sewage lines as prescribed by city ordinance.

The Commission based its decision on the facts that the four-inch soil pipe is now available and the wartime emergency over.

George Thompson, former city engineer, applied for the position of consulting engineer on the water and sewage projects soon to be under way, for the city. The application was tabled for the present for further study on the projects by the Commission.

Both the Water and Street Departments were given new equipment yesterday afternoon when the Commission accepted the bids of the Lewis Motor Co. for one and one-half ton stake bed Studebaker truck and a one-half ton Studebaker pick-up truck. The stake bed truck will go to the Street Department and the pick-up to the Water Department. The Street Department's truck was purchased at a cost of \$2,031.88, less federal tax, and the pick-up truck for \$1,178.69, less federal tax. City Manager Garland Franks said that he did not know just how much the discount on both vehicles would be.

The Commission also took advantage of the new fire credit rating and renewed fire insurance policies, with extended coverage, on several city buildings for a five-year period.

Several hours were devoted to the parking meter problems and various policies practiced by the old Commission were taken up. No decisions were made, but a resolution is expected to be written on the meters or may even be put into the now existing ordinance on them.

plant said that there were no explosions of any kind before or during the fire.

Although Daniels could not be found this morning it was reported that he was able to salvage a few of his books from the ruined office. A gaping hole, burned in the roof, provided firemen with one way of pouring gallons of water on the inside.

In the early stages, dense smoke kept hoesmen from seeing what they were doing inside until they finally got the fire under control and then wiped it out completely.

Employees of Daniels worked most of the night and today in cleaning up the debris inside the shop.

The U. S. Bureau of engraving and printing was set up in 1894.

Belgian Coalition Cabinet Resigns

BRUSSELS—(AP)—Prince Charles, Regent of Belgium, accepted today the resignation of Premier Camille Huysmans and his left-wing coalition cabinet, which has been in office since last Aug. 2.

The four Communist members of Huysmans' cabinet resigned yesterday in a dispute which followed a boost in the price of coal and the Premier, a Socialist, decided last night that he would be unable to continue in power without Communist support.

Marshall in the lengthiest statement said he considered the report on demilitarization from the Allied Control Council satisfactory, but agreed with Molotov that unsatisfactory progress had been made in the destruction of the German war potential in heavy industry.

Marshall added, however, that removal of heavy industrial plants as reparations in line with decisions agreed upon at Potsdam could be completed only when the four zones of occupied Germany were unified economically. If Germany's economic industry is continued, Marshall declared, it will be necessary to have a higher level of industry than if there is economic unity.

There are some things we can learn from Russia. One of them is to take education more seriously, and to take ideas more seriously.—Assistant Secretary of State William Benton.

The trend of U. S. policy, which closely paralleled that of the British, became apparent as the Council began probing the enormously complicated problem of Germany, with the Eastern and Western powers badly split at the outset.

Foreign Minister V. M. Molotov of Russia launched an immediate attack on the American and British conduct of the Western zones of occupation in Germany when detailed discussions began last night, asserting flatly that demilitarization and destruction of the German war potential—meaning heavy industry—

Steel sets the pace for progress

YOUR garage man can pound a dent out of your steel fender—and make it as good as new. Made of almost anything except steel, your fender would have a hole in it, or else you would have to buy a new one. The gears of your car can now stand five times as much wear as the best gear steel of twenty years ago. And so it goes for thousands of things you buy. Better and safer automobiles, better watches, better shovels, better refrigerators—all start with better steels that come out of the research laboratories of steel companies.

American Iron and Steel Institute

Shell Oil Strike Set for Midnight

HOUSTON—(AP)—Shell Oil Corporation at Deer Park Refinery workers will strike at midnight unless a settlement is reached at a conference scheduled for today. Members of the Oil Workers International Union Local 367, employed at the plant, voted nine to one for the strike, it was said.

About 1200 of the 1600 union members at the plant voted in the election yesterday. Votes tallied up to this morning showed 984 for the walkout and 120 against, G. H. Candler, president, said.

The meeting today is being held in the office of James O. Hubbard, U. S. Conciliation Service. Privately, union spokesmen say there is little chance of anything coming out of the meeting which will stop the strike.

Telephone

(Continued from Page 1)
would begin holding continuous meetings tomorrow morning at eight.

Thirty-four towns are included in the division, which covers all towns within a boundary line that runs from Dallas to Gatesville, to a line between Waco and Temple, then to the Louisiana border, up to Oklahoma and back to Dallas.

In Austin, Rep. George Elliott of Odessa attacked the strike in an address which drew heavy applause from the floor.

Terming the strike the "candy bar strike," he said the work stoppage rose over charges by employees that the non-union supervisory employe had not distributed Christmas candy sent by telephone users on a proper basis.

The supervisory worker, Mrs. Elizabeth Allen, supports a 10-year-old daughter. She is a widow.

Constipation Risky in Bad Colds

Retained undigested food becomes putrefactive, causes toxins, which overload the liver and other vital organs of the body, lessening your resistance to colds and other winter ills and interfering with their treatment. Why take this chance when you can take Calotabs? Calotabs thoroughly yet pleasantly act on every foot of your intestines, sweeping out toxin-laden putrefactive foods and virus-laden mucus, enabling you to more effectively avoid or fight a cold. Nothing acts like good old Calotabs. Use as directed. 10c and 25c at all druggists.

Take CALOTABS
