HST Asks Tax Boost

Forecasts Most Difficult Year Of Build-Up

WASHINGTON (AP)—President Truman called today for a 1952 tax increase approaching five billion dollars by boosting "some" rates and plugging loopholes.

But Mr. Truman dropped, for the present, his goal of a pay-a-weigh mobilization, and in seeking new revenue, which many congressional tax leaders say they will not vote, the President did not specify whether the burden should be added to business, income, or excise rates—or all three.

His annual economic message to Congress forecast the "most difficult" year of the annual build-up, large federal deficits, some civilian shortages but few hardships, and a "special" price problem.

Mr. Truman used two major goals for this "year of strain": first, a 5 percent rise in national output, second, one and a third million more men and women at work.

His want-list of legislation was long. It began with a two-year extension of the defense production act, the repeal of "weakening" price control amendments, improved farm price supports, stronger limits on consumer and bank credit, and so on to a total of a dozen laws.

But the shaker, as far as Congress was concerned, was the President's call for a 5 percent rise in the "10 billion dollar or more" tax raise he requested last session, of which he got only about \$2,000,000,000.

Twenty-one of his bills have already passed. He has asked for 15 billion more in the country's tax bill in the last year and a half. Some repeated the declaration privately today.

These Congress members, as well as several White House tax advisers, had expected Mr. Truman to emphasize the elimination of so-called loopholes and "inequities" by which the President says some well-to-do groups have escaped their full share of the tax burden.

Representative Will Speak Here Thursday

Samuel Cobb, state representative from Amarillo, will speak at 7:30 p.m. tomorrow in the Knights of Eltham hall.

Tentative date set for a speech by Curtis Douglas, to the League of Women Voters is Monday in the Palm Room.

Bowers' Condition Improved

The condition of St. Bowers, a patient in Highland General hospital, was reported improved Wednesday afternoon.

Moffett To Sneak In Panna Friday

George Moffett, grand junior warden of Texas Grand Lodge AF and AM will speak at a meeting of the 98th Masonic district at 7:30 p.m. Friday in Pampa's Masonic temple.

All Master Masons, wives, Eastern Star members and husbands are invited.

The 98th Masonic district includes Pampa, Shamrock, Clarendon, Hedley, Wheeler, McLean, Wellington, Quail, Dodsonville, Alandreed and Mobeetie.

Superintendent Of McLean Schools Offers Resignation

McLEAN (Special) Logan Cummings, superintendent of McLean schools for five years, has resigned his post. The resignation was given McLean school board Monday night.

His resignation will become effective at the end of the current school year. Cummings said he informed the board of his plans now so that they might have ample time to fill the position before the 1952-53 school year. Cummings is a school chairman for last year of the Texas Interscholastic League.

"We are reluctant to grant Mr. Cummings his release," said Milton Carpenter, school board president. The board wanted to table the resignation, it hopes Cummings might reconsider the move. However, Cummings said he had decided some time ago to resign from school work.

Carpenter, in speaking for the board, stressed that the move was self-initiated on the part of Cummings. The superintendent said he was leaving so that he might better care for property he holds. He will move to his farm near Wellington. He has property in Wheeler, Collingsworth and Lamb counties in Texas and land in Oklahoma. He said he and his wife had worked hard for several years and decided they wanted to rest and look after their property.

"I hate to leave, in a way," Cummings said, "because of the school board and the people have been so good to me." The relationship between the school and the board and citizens has been wholesome and I appreciate the cooperation given the independent school district by the board and the citizens."

According to Carpenter this morning, no successor is being considered this early. Carpenter said the post would be left open.

For his second drunk driving conviction in less than a month, County Judge Bruce Parker late this morning sent B. L. Sherrill, Amarillo, to the county jail for six months.

Sherrill was given 10 days in jail and fined \$100 and costs on Dec. 31, 1951, in Potter county for drunken driving. His driver's license was suspended automatically then for six months, will be suspended for an additional six months on this morning's conviction.

The Amarillo man was picked up late yesterday afternoon on U. S. Hwy. 56 near McLean by Deputy Sheriff Jimmy Shelton.

Fire Damage Slight

Slight damage was caused to the fence at the rear of the G. K. Reading home, 1200 N. Russell, by fire that spread from a nearby trash barrel.

Firemen received the call at 1:20 p.m. and had the blaze extinguished within a few minutes, the fire department reported.

\$42,000 Is Sought For Airport Work

A supplemental \$42,000 appropriation from Congress for airport development will be asked by the CAA to improve the old Air Force landing field northwest of the city.

The money would match the \$42,000 appropriated by the county commissioners court to seal-coat one runway and install landing lights on the field this year.

Within a few days the first 1952 meeting of the Chamber of Commerce Aviation committee will be called by Chairman Frank Culbertson. Culbertson was recently appointed chairman of the committee to replace Farris Oden who has moved to Amarillo.

Because the present airport lease expires in June and voters turned down a proposed bond issue to develop the field last year, "civil leaders have been in a quandary on what to do" about developing a suitable landing field in order to retain airline service and to provide aviation facilities for local industry.

The northwest field was sold to the county for \$1 in 1947 by War Assets administration. So the county commissioners last year appropriated the \$42,000 for making at least one runway serviceable and install the landing lights. In years following, the airport is to be developed piece meal until a complete post is built up. Assistance by the federal government would speed up the operation.

However, federal aid or no federal aid, at least one runway of the northwest field is destined to be in serviceable condition by the end of June or July.

No Treaty With Red China Declares Japan's Yoshida

TOKYO (AP)—Premier Shigeru Yoshida said today Japan has no intention of signing a peace and trade treaty with Red China.

But, he added, Japan is ready to sign a treaty with Chiang Kai-Shek's Nationalist government in Formosa as soon as legally possible.

Yoshida declared his government's China policy in a letter to U. S. State Department Adviser John Foster Dulles. The letter, dated Dec. 24, was released today.

"There are many reasons to believe," Yoshida wrote, "that the Communist regime in China is backing the Japan Communist party in its program of seeking violently to overthrow the constitutional system and the present government of Japan."

Furthermore, he said, the Sino-Soviet mutual assistance treaty concluded in Moscow in 1950 is "virtually a military alliance aimed against Japan."

"In view of these considerations, I can assure you that the Japanese government has no intention to conclude a bilateral treaty with the Communist regime of China."

Russia lately has sought to win Japan's favor with trade overtures. Yoshida recalled that Japan already has established an overseas agency in Formosa, "reflecting the importance which my government attaches to relations with the national government of China." He added:

"My government is prepared as soon as legally possible to conclude with the National Government of China, if that government so desires, a treaty which will establish normal relations in conformity with the principles set out in the multi-lateral treaty of peace" drafted mainly by Dulles and signed at San Francisco last September.

Rescuers Push Near Stranded

COLFAX, Calif. (AP)—Rescuers snowplowing through deep drifts pushed within two miles of a blizzard-trapped streamliner today — but still faced much work to reach and bring out 222 stranded passengers and crewmen.

The passengers have been snowbound since Sunday aboard the Southern Pacific's luxurious City of San Francisco. They're in Donner Pass, altitude 7,200 feet.

Here's the complicated situation: A rescue train still has 1-1/2 miles to go to reach a highway where it will pick up the passengers.

A highway crew still must open 1-1/2 miles of No. 29 to reach its nearest point — 1-1/2 mile — of the stranded train.

The weather was moderating, at least temporarily, and an S. P. spokesman said all passengers will walk the half mile to the highway. From there they will be taken by automobile the 1-1/2 miles to the relief train, which will carry them the 8 1/2 miles to Sacramento.

The S. P. spokesman quoted Dr. Lawrence Nelson, Truckee, Calif., who reached the train by dog sled, as reporting all passengers were able to walk to the highway. He said those made it, variously reported as 27 to 60, by gas fumes two days ago, had recovered.

LEAVING FOR THE SERVICE — Fourteen men left here shortly before noon today as the area's January draft quota. Leaving were W. T. Strickland, Pampa, Charles Brown, Clarendon; John Hugh Cox, Pampa; Leonard Ham, Clarendon; Roy Johnson, Borger; James O. McKee, Clarendon; Marvin Cullison, Pampa; Colvin Stewart, Shamrock; Charles Gossett, Shamrock; Dilman Lee Thomas, Mobeetie; Duane Littlefield, Clarendon; William Ledbetter, Tully, Kenneth Williams, Pampa and Wesley Trout, McLean. The draft board will send out only four men in February. (News Photo)

Commissioners To Vote Soon On Social Security Measure

County commissioners will be called back into session sometime between now and Feb. 1 to vote on placing county officials under social security.

Small security officials in Austin yesterday told county officials by telephone that accepting or rejecting a social security program for county officials and employees does not require a unanimous vote of the commissioners court nor does it require the presence of all members of the court when the action is taken.

Only a majority vote is needed to accept the program or reject it. To place county officials and employees under social security would cost the county an estimated additional \$7500 per year and a like amount in payroll deductions for about 80 elective officers and appointed employees.

Another problem facing the court on the social security program is whether it wants to make the program retroactive to Jan. 1, 1951, or July 1, 1951, or Jan. 1, 1952.

If the program were made retroactive to July 1, 1951, it would mean that several of the elective officers and some appointed employees would be eligible to retire at the end of the present year on social security pension which would range from approximately \$65 on up. That is, provided Tom Doorn and Wiggins are both under the regulation of 18 football lettermen.

Members are arriving for a national committee meeting beginning tomorrow. Western regional GOP officials planned to study their own problems today.

A similar poll taken at a meeting in Washington a year ago gave Taft 29 votes; Eisenhower 12. Thus Taft is holding his own but apparently Eisenhower has lost strength.

Those results came in the face of an announcement by Eisenhower that he is a Republican and is available for the presidential nomination, although he has said he will not participate in pre-convention campaigning.

Last year's roll gave Stassen four votes, Warren two and one each to the late Senator Kenneth Wherry of Nebraska and Gov. Thomas E. Dewey of New York.

The current canvass reached 85 members. It showed that 42, or almost half are unwilling six months before the GOP national convention to express an opinion either publicly or privately about their party's nominee.

This obviously left a wide field for campaigning among party officials. They ordinarily wield potent influence on the selection of convention delegations from individual states. Taft and Eisenhower supporters are prepared to undertake that kind of campaigning at the meeting here.

Forty of 56 members who expressed an opinion, said they don't believe any candidate can attain on the first ballot the approximately 600 votes needed for nomination. This seemed to indicate state party leaders felt (1) Taft does not have his claimed majority of

League Sets Up Poll Tax Drive Here

The Pampa Provisional League of Women Voters went to work today in a "Pay Your Poll Tax" drive.

Members of the league volunteered their services at a meeting in the city club rooms this morning to sell poll tax applications to residents in their own blocks, or nearby blocks.

A map of the city was broken down into routes and a route designated to each of the members attending the session.

Armed with the yellow application slips, the women intend to put on a concerted drive to sell the poll tax applications, Mrs. Frank Culbertson, president of the group said at noon.

Mrs. J. W. Garman, chairman of the league board of service outlined the project to the prospective poll tax salesladies.

The applications and money will be turned over to the county tax office where the receipts will be made out and mailed to the voters.

100 Percent Birth Registration Here In Year Of 1950

The city of Pampa had a 100 percent birth registration during 1950 as compared with the census tabulations for that year according to a report issued through the State Health Dept. and the Pampa registrar of vital statistics.

During that year 655 babies were born to local residents, including 317 boys and 314 girls. Over the state, 96 births out of every 100 were registered during 1950, the state record disclosed. Tabulations on the 1951 births, James Parna, registrar of births, said this morning.

A new law enacted several years ago makes registering births of children mandatory.

Locally, of the 371 boys born, 357 were white; eight were Negro, five Mexican and one Chinese. Of the 314 girls born, 301 were white, 11 Negro, one Mexican and one Spanish.

Beautiful new colors in Florida Ware at Lewis Hdw.

COMING THROUGH THE WINDOW — The Gray county allotment of 1952 license plates for cars, trucks, trailers, motorcycles and other motorized vehicles arrived here this morning. Receiving the plates through an open window are Chief Deputy Tax Assessor-Collector Jack Beck and a representative of the State Highway Dept. Highway department truck drivers are shown showing the packages from a state-owned truck through the tax office window. The plates will not go on sale until Feb. 1. (News Photo)

Moffett To Sneak In Panna Friday

George Moffett, grand junior warden of Texas Grand Lodge AF and AM will speak at a meeting of the 98th Masonic district at 7:30 p.m. Friday in Pampa's Masonic temple.

All Master Masons, wives, Eastern Star members and husbands are invited.

The 98th Masonic district includes Pampa, Shamrock, Clarendon, Hedley, Wheeler, McLean, Wellington, Quail, Dodsonville, Alandreed and Mobeetie.

RAY EVANS ... It was framed E. L. HENDERSON ... Rotary needs help

'A Frame-Up,' Say Clubmen

Officials of three local civic organizations had plenty to say today about Sherman White allegedly appearing before the city commission yesterday to ask for permission during the rule-of-dimes drive Saturday.

Said Ray Evans, now in charge of the Rotary club while George Scott is absent: "I don't think White was asking for protection, he probably was begging for help. Anyway, the whole deal was framed because Commissioners Bob Thompson and Crawford Atkinson are Lions members."

Survey Shows Taft Leads Eisenhower Three To One

SAN FRANCISCO (AP)—Sen. strength among the convention voters and 120 there is not likely to be any Eisenhower sweep such as his rosters have been talking about.

In fact, most of the national committee members predicted a convention flow fight in which the nomination will be decided only after several test votes, and after favorite son candidates have had their complimentary votes and have plumped to one or another of the favorites.

The poll seemed to indicate the GOP race strictly is between Taft and Eisenhower. This has been reflected similarly in previous polls, which included state chairmen and governors.

In most cases, governors will vote to express an opinion have indicated a decided preference for Eisenhower. However, state chairmen, always active in the selection of convention delegations along with the governors, have indicated a preference for Taft.

An Associated Press poll in November of all three officials—national committee members, governors and state chairmen—showed a 42 to 23 margin for Taft over Eisenhower among those willing to vote.

Hwy. Assn. To Ask For State Money

Plans were made yesterday by the executive board of the State Hwy. 70 Assn. to meet with and ask the State Highway commission for funds to complete Hwy. 70 between Clarendon and Turkey.

E. O. Wedgeworth, manager of the Pampa Chamber of Commerce, who attended the meeting, said the board discussed the entire proposed routing of the highway a strip of 20 miles between the two points now is unimproved although right of way has been secured and cleared.

The new strip would give traffic from here a direct outlet and shorter distance to southern points, Wedgeworth said.

Cub Scouts Select February Theme

Theme of Cub Scouts for the Santa Fe district during January is the study of stars, planets and space.

Handicraft project for the month is building planetariums and space costumes. Mrs. E. D. Waters, Cub Scout den mother, will appear on a program at KPDM at 4:14 p.m. today with a group of Scouts in their space costumes.

Markets

By The AP
Markets At A Glance
NEW YORK
 Stocks lower; profit taking de-
 veloped.
 Bonds mixed; rails active.
 Cotton lower; hedging and liquidat-
 ion.
CHICAGO
 Wheat steady to firm; closed
 higher on flour business.
 Corn mixed; liberal offerings; wet
 corn similar to market.
 Soybeans declined with corn.
 Liquidation.
 Hog mostly steady; top \$18.50.
 Cattle steady to 20 cents lower.
NEW YORK COTTON
NEW YORK (AP) — Cotton fu-
 tures prices continued to retreat
 Tuesday under pressure of hedging
 and liquidation. Hedging was lifted,
 reflecting the larger sales of spot
 cotton. At the same time, mill buy-
 ing was limited, reflecting the slow
 demand for cotton goods. Traders
 were discouraged over reports that
 some textile mills are closing tempo-
 rarily because of slow business, while
 other manufacturers are reported
 seeking to reduce wages.
 There was other switching from
 nearby March to later months.
NEW ORLEANS COTTON
NEW ORLEANS (AP) — Cotton
 futures declined in early trading here
 Tuesday but rallied later on trade
 buying and short covering. Closing
 prices were steady, 75 cents to \$1.15
 a bale higher.
OPEN HIGH LOW CLOSE
 March 41.22 41.96 41.92 41.94-96
 July 41.28 41.54 41.23 41.53-53
 October 38.82 39.08 38.56 39.66-68
 December 38.62 38.72 38.45 38.72
CHICAGO GRAIN
CHICAGO (AP) — Wheat dis-
 played considerable strength toward
 the close of Tuesday's Board of Trade
 session but fell grains were inclined
 to drift.
 Shortly after the opening grains
 pushed ahead timidly on some light
 export business and then dropped
 back. During the decline oats reach-
 ed the lowest point since mid-
 October.
 Corn was under commission house
 pressure, and soybeans failed to find
 much support.
 The closing rally in wheat was ex-
 pected to develop today.
 At the finish wheat was 1/2 to 3/4
 higher than Monday's close. March,
 March 18.75-3, Oats were 1/4
 lower, March 91.1-3, Soybeans were
 higher to 2 1/2 lower, January \$2.90 1/2
 - 2 1/2.

"Yes, It's Made a Big Difference in Don"

THERE'S every reason for the father of a hustling carrier-boy to point with pride to his son's progress as a young businessman—the owner and manager of a thriving newspaper route! For many a successful man remembers how valuable his own newspaper-boy experience proved to be—and knows it is even more so for today's teen-agers!

Better than any other spare-time gainful activity, a newspaper route satisfies an enterprising youth's desire to earn his own money, buy his own things, develop his particular talents, and speed up his savings program. Besides, it adds practical training to his regular schooling, teaches him basic business methods, and offers him many special awards and incentives to excel in serving his customers and expanding his route.

But above all, his parents and friends are pleased at the way a newspaper route helps him become more manly, ambitious, resourceful and self-reliant—gain habits and qualities which are stepping stones to success and good citizenship.

It's the Answer to Your Son's Spare-time Problem, Too.
 Urge him to see if there's a route open in your locality, where he, too, may enjoy the benefits of being a newspaper boy. Apply to our Circulation Department.

Man Still Waging War On House Fly

WASHINGTON (AP) — Man is still waging a losing battle in his efforts to rid himself of the common house fly, the Agriculture Dept. reported.
 During World War II, government scientists came up with DDT, an insecticide they hoped eventually would doom the fly and the mosquito.
 But after some time, it was discovered the fly as well as the mosquito was developing a resistance to DDT.
 In a research report the department said laboratory strains of house flies have been bred that spend their entire adult lives and lay eggs while confined in cages thoroughly coated with DDT.
 The department said its scientists now are studying possibilities of using baits along with rigid sanitation as a method of controlling flies.

Polio Foundation Makes Donation

NEW YORK (AP) — The National Foundation for Infantile Paralysis has awarded a total of \$1,775,393 to 24 medical and research institutions for further antipolio work.
 Basil O'Connor, foundation president, said yesterday that the funds would bring to about 29 million dollars the amount provided by the March of Dimes since 1938 to study the disease and to train professional personnel.
 O'Connor said another 120 million dollars has been spent for patient care.

Scouts Meet Thursday

The meeting of Girl Scout Troop 25 is set for Thursday instead of Friday, according to an announcement today by Mrs. D. M. Christian, troop leader.
 The group will meet at the Horace Mann school Thursday at 2:30, she said.

SERMON CLOSES MEET

FORT WORTH (AP) — A sermon was scheduled to close the Baptist statewide evangelistic conference today.
 Dr. R. G. Lee was to deliver the sermon after talks by New Orleans' Dr. J. D. Grey, president of the Southern Baptist convention, and Rev. E. S. James of Vernon.
 About 50 of the visiting preachers are scheduled to hold evangelistic services in as many Tarrant county churches tonight.
 Yesterday, some 9,000 Baptists at the meeting commended various individuals and organizations which they said were "seeking to call our nation to God."

Winter Driving can't worry me!

Pop uses WINTER-BLENDED PHILLIPS 66 GASOLINE
 You're right, young man... you can forget about hard starting, stalling and those other cold weather driving worries with Phillips 66 Gasoline. Right now it's Winter-Blended for quick starting and fast engine warm-up!
 Winter or summer... fall or spring... Phillips 66 Gasoline is controlled to match the season. It's famous for Hi-Test energy, because of the extra amounts of Hi-Test elements it contains. That's why it gives you smooth, power-packed performance. It burns efficiently... helps prevent fuel waste and crankcase dilution! Rely on Phillips 66 all year around to help get the best out of your car's engine!
 Listen to Rex Allen and the Sons of the Pioneers every Monday night over C.B.S.

 LUBRICATE FOR SAFETY EVERY 1,000 MILES

Acheson's Report Correct; It Doesn't Tell Whole Story

WASHINGTON — (AP) — Behind closed doors Secretary of State Acheson told the Senate Foreign Relations committee the position of the free world is somewhat better than it was a year ago.

So far as it goes, that's right. It doesn't go far enough. President Truman, in his message to Congress, gave the rounded picture when he said this is a "crucial year."

A year ago the Chinese Communists had us in such bad shape there was talk we might abandon Korea. Now we have them in a position where they're talking truce. That's some improvement.

Last year when Atlantic pact troops in Europe were in skeleton shape, there was some fear the Russians might attack before spring. Now the number of Atlantic pact divisions is larger.

Last year at this time defense production was far worse off than now. Defense Mobilizer Wilson says that in the past year "we have come a long way along the road toward a mighty America."

While Acheson talked to the Senate's Foreign Relations committee, Gen. Omar Bradley, head of the joint chiefs of staff, was talking to its armed services committee behind closed doors.

Later chairman Russell, Georgia Democrat, told reporters Bradley said the joint chiefs have military plans ready if the truce talks with the Chinese fail. This might indicate we could whip the Chinese if we tried.

But Senator Morse, Oregon Republican and a member of Russell's committee which heard Bradley, also spoke to reporters and he said:

"When we talk about holding a line in Korea because we are not in a posture to conduct an offensive, we had better begin to give the boys what they need."

That would seem to indicate we are not any more anxious for a big offensive, and not more able to conduct one, than the Chinese who have been stalling in the truce talks.

And, Morse said, defense production is "far below what it should be." He called for an investigation of the whole mobilization program.

As for Europe — while we and our Allies have more divisions there now than a year ago, they're hardly enough to stop the Russians on land although we might stop or slow them by atomic bombing.

So, while the Allied position has improved somewhat in the areas just mentioned, it is a long way from a happy ending.

At the same time the picture has darkened in other areas, especially in natural resources, in this country has made it clear we believe the greatest danger to the free world is a Russian attack in western Europe and stopping them, or discouraging them from starting, is our No. 1 job.

It's just possible the Russians don't consider an attack on western Europe their No. 1 job, particularly if they can nibble away at the perimeters and inflict a great defeat on the West without a head-on attack on the West — in the west.

In this past year our strongest ally, Britain, has suffered tremendous setbacks in Iran and Egypt, both part of the Middle East which is vital to the West. The strength and position of the West have been badly damaged there, which is to the interest of Russia.

And while we haggle about a truce with the Chinese Communist in Korea, reports flow from the Far East about a build-up of Communist forces for an invasion of Indochina where another western ally, France, has been fighting off Communist Guerillas for five years.

The struggle in Indochina has drained France of men and money. If an invasion starts there, we'll have to help with troops — which would weaken us elsewhere — or help with planes and ships.

This extension of our forces is an unpleasant thought. Yet, the Far East with its vast wealth in natural resources, is essential to the West. Maybe there won't be an invasion.

But that won't stop the Communists' efforts to communize all Asia, in one way or another. So while we build up in Europe, we could suffer a disaster in the Far East.

WEATHERED IN — It's no wonder these camels appear a bit forlorn in the snow at Chicago's Brookfield Zoo, for it's a far cry from their usual habitat of sun and sand.

Predicted New Car Shortage Already Is Felt By Cadillac

DETROIT — (AP) — Opinions differ widely among auto makers regarding a possible over all new car shortage this year, but for Cadillac buyers it is already here.

As far as Cadillac is concerned the shortage that appeared with the resumption of production after World War II never has been wiped out, despite record output volume.

Cadillac, which marks its golden anniversary this year, built and sold 110,000 cars in 1950, the industry's record year. Last year it turned out 103,200. Despite this second best output volume in its history Cadillac reportedly has something like 85,000 unfilled orders on file.

Like most other car makers Cadillac has its 1952 models in production. They will be introduced within the next couple of weeks. Details, of course, are being kept secret, but industry quarters hear some significant engineering advances are being incorporated in the new models.

It isn't any secret that General Motors has been perfecting a new idea in power steering. Rumor has had it for several months that the steering aid, when ready, would be offered first on the larger cars in the GM line. That would mean Cadillac and Buick's Roadmaster and perhaps the Oldsmobile '52.

It is no secret either that General Motors has redesigned its Hydra-matic transmission to provide a dual performance range. This already has been demonstrated on the 1952 model Pontiacs. It is expected to be announced for the new Cadillac and Oldsmobile lines — and perhaps later in the competing makes that offer Hydra-matic under a contract arrangement with GM.

The "dual performance" consists of two driving ranges — one for long distance highway driving and another for city traffic and mountain driving. By providing something akin to overdrive the one driving range reportedly offers unusual fuel economy, while the other gives full pull and power needed for quick acceleration.

Cadillac's share of the industry's overall output last year was 1.84 percent. Even if this share isn't cut back in the slightly lower allotment given General Motors by the National Production Authority (NPA) it isn't likely to be higher. Thus, with a lower industry output, Cadillac isn't going to catch up with its unfilled order backlog.

It probably wouldn't catch up with it if production quotas were going up instead of down. Most Cadillac owners realize this and aren't uncommon for many of them to take delivery of a new car and place an order for another at the same time.

In advertising and promoting its 1952 model cars Cadillac plans to stress the golden anniversary

POW'S TURN TO NEEDLE — Communist soldiers in U. N. prisoner-of-war camp on Kolo-do Island off Korea busy themselves making socks and gloves for Korean orphans at Pusan.

5 doctors prove this plan breaks the laxative habit

If you take laxatives regularly — here's how you can stop!

Because 5 New York doctors now have proved you may break the laxative habit. And establish your natural powers of regularity. Eighty-three percent of the cases tested did it. So can you.

Stop taking whatever you now take. Instead, Every night for one week take 3 Carter's Little Liver Pills. Second week — one each night. Third week — one every other night. Then nothing!

Every day drink eight glasses of water; set a definite time for regularity.

Five New York doctors proved this plan can break the laxative habit.

How can a laxative break the laxative habit? Because Carter's Little Liver Pills "unblock" the lower digestive tract and from then on let it make use of its own natural powers.

Further — Carter's Little Liver Pills contain no habit-forming drugs.

Break the laxative habit... with Carter's Little Liver Pills... and be regular naturally.

When worry, overeating, overwork makes you irregular temporarily, And never get the laxative habit... with Carter's Little Liver Pills, 37¢ at any drugstore today. You'll be grateful the rest of your life.

Oilmen's Interest In New Congress Session Likely To Center About Cartels, Allocations

WASHINGTON — (AP) — The oil industry's main interest in the new session of Congress probably will concern committee investigations — into steel allocations, charges of a five-company cartel and perhaps other subjects.

It will be watching for any moves for new taxes or attempts to reduce the present depletion allowance, but it doesn't expect this session to do anything about either. The depletion allowance permits a charge-off, for income tax purposes, of 27 1/2 percent of oil and gas income.

The industry will be a keenly interested bystander, of course, to what Congress does, if anything, toward settling the bitter federal-state controversy over ownership of off-shore oil areas, commonly called tidelands. But it is not a party to the dispute.

The steel investigation — one the oil industry will follow closely — will be made by the House Small Business committee, headed by Rep. Wright Patman (D-Texas).

Its inquiry will center on methods and procedures followed by the Petroleum Administration for Defense (PAD) in the allocation of steel for drilling. The committee expects to meet within a few days to make plans for the study.

This committee also is concerned with the charge by Elmer Patman, Austin, Texas, lawyer, that an international cartel arrangement by five big oil companies threatens ruin to the domestic independent petroleum industry. The attorney, a cousin of Rep. Patman, filed his complaint after attending the Third World Petroleum congress at The Hague last May as an observer for both the House committee and a companion Senate group, headed by Sen. John J. Sparkman (D-Ala.).

The two committees may conduct a joint hearing on the allocations. The companies named were Anglo-Iranian, Shell, Standard Oil of New Jersey (including Socony - Vacuum in Middle East), Cal-Tex (Standard of California and The Texas Co.) and Gulf.

The tidelands issue may reach the Senate soon. A bill to give the states title to them has passed the House; that and other measures on the subject are pending before the Senate Interior committee. It is expected to put the controversy before the Senate early in the session.

Also pending before this committee, headed by Senator O'Mahoney (D-Wyo.), is a study of a long-range national fuels policy. The committee's authorization to make the study expires Jan. 31, but since it barely has begun its work on the subject a request probably will be made for an extension of time.

Tennis Champion Teaches Stars How To Play Game

By BOB THOMAS

HOLLYWOOD — (AP) — "Tennis, which was pretty daring at the time," he said. "Then I switched to shorts. When Don Budge and I went to Wimbledon for the Davis cup matches in 1937, the officials of the tournament said I could not wear shorts. Too undignified," they said.

"I started out wearing knickerbockers, which was pretty daring at the time," he said. "Then I switched to shorts. When Don Budge and I went to Wimbledon for the Davis cup matches in 1937, the officials of the tournament said I could not wear shorts. Too undignified," they said.

Frankie is an expert on both. He has played with most of the movie tennis addicts.

Right now Frankie is teaching tournament form to Katharine Hepburn, who is portraying a topflight athlete in "Pat and Mike."

"She is an excellent student," Frankie remarked. "She was a little bit afraid about her form. Tournament tennis is much faster and more exciting to watch."

Fellows, she married you for why she couldn't do all the shots herself. She's good enough, and show some.

Pampa Golden Gloves Champions To Be Crowned Tonight

Fast Bouts, Good Crowd Feature Second Night Play

Pampa's annual Golden Gloves jamboree winds up its three-night stand tonight at the Junior High school gymnasium with a card of over 15 bouts, scheduled to start at 8 o'clock.

The tournament is sponsored by the Pampa Boys Club, Inc., and The Pampa Daily News.

Tonight is champion night, with the various champions of the pee-wee and high school division being awarded their trophies in recognition of the crown they won. High school division winners will be entered in the regional tournament at Amarillo next week.

Another jam-packed crowd witnessed the middle night's action last night. Twelve fast bouts were on the card, with all of the already crowned champions (because they had no competition at their weight) seeing action in exhibition matches.

And one of the champions was beaten. Dan Jameson, Wellington 160-pound winner, lost a decision to Billy Davis. The other two champions, Bobby Wilhelm (135) and Dick Murray (175), turned in decision wins over contestants from the Amarillo Air Force base.

Scotty Davey, popular Pampa scrapper, staggered, chopped and shorted right to the jaw of Drew Warrick of Wellington, for the only clean knockout of the night. Davey will be back in action again tonight.

A TKO was scored by Gary Phillips of Wellington over Darwin Teeters of Lefors in the third round when Teeters was hit and the fight was stopped by referee Dean Webb.

Watt vs Wills
58 pounds: These odds from the fleaweight class put off one of the night's fastest fights, flaring away from the first bell until the last. It was the first ring appearance for Wills, and he made it a good one, gaining the decision after Watt came back with a good second round after a slow start. Both were Pampa Boys Club fighters.

Wills vs Cummings
70 pounds: Gary Wills back for his second straight night, out-punched Jimmy Cummings of Wellington in another toe-to-toe match. The boys started slugging it out from the first bell. There were no knockdowns, but the chunky Wills kept Cummings in trouble much of the time to earn the decision.

Weathered vs Murdock
85 pounds: James Weathered, Pampa, a first night winner, had more than he could handle last night in the experienced Olin Murdock of Wellington. Murdock kept a left jab in Weathered's face, using it very effectively to gain the decision.

Ring vs Redus
100 pounds: Jesse Ring of Pampa, coming back from opening night, faced the experienced J. D. Redus of Lefors. The first round was fast and even, but Ring picked up the lead in the second stanza, dropping Redus for a nine count. Redus evened it in the third canto, sending Ring down for nine. One of the fastest fights of the night, with the decision going to Ring.

Saunders vs Nipper
85 pounds: Another vicious fight with leather all the way. Nipper, a first night winner, had more than he wanted in the Lefors Pirate representative, Cecil Saunders. The Wellington boy tried to trade punches with Saunders until the decision went to the Lefors boxer.

Teeters vs Phillips
105 pounds: Gary Phillips of Wellington, showing lots of class that only experience could have added, outpunched Darwin Teeters of Lefors through two and a half rounds. In the third canto Teeters was hurt and the TKO was awarded to the Skyrocket mittman.

Davey vs Warrick
118 pounds: Scotty Davey of Pampa, a lefthanded crowd-pleaser, used his right hand to turn in a second round knockout over Drew Warrick of Wellington. The boys had a good fast first round, but Davey staggered Warrick in the second, got him near a corner and lashed out with a hard left, followed with a right cross to the head and Warrick was down for the count.

Bennett vs Burton
160 pounds (exhibition): Jimmy Bennett, Pampa, long a pop-

CONOCO No. 1

500 W. Foster Ph. 1313 Pampa, Texas

Fourteen Bouts On Final Night's Card

A full card of 14 bouts has been scheduled for tonight, with a Pampa contestant at every weight. Several of the boys will be making their first appearances. The fights will range from the 70-pounds of the pee-wee division through the heavyweight class of the high school division. Tonight's complete card is:

PEE WEE DIVISION
70 pounds — John Ellis, Pampa, vs. Ronnie Thompson, Wellington.
75 pounds — Gary Watt, Pampa, vs. Benny Dickerson, Pampa.
80 pounds — Gary Wilhelm, Pampa, vs. Elbert Lovink, Wellington.
85 pounds — Frank Smith, Pampa, vs. Olin Murdock, Wellington.
90 pounds — Gary Green, Pampa, vs. Don Hood, Wellington.
95 pounds — Ronnie James, Pampa, vs. Duggie Jameson, Wellington.

HIGH SCHOOL DIVISION
105 pounds — Joannie Malone, Pampa, vs. Gray Phillips, Wellington.
112 pounds — Bobby Malone, Pampa, vs. Eddie Clemmons, Lefors.
118 pounds — Scotty Davey, Pampa, vs. Carroll Welch, Lefors.
126 pounds — Sammy Gaffney, Pampa, vs. Jimmie Thompson, Wellington.
135 pounds — Bobby Wilhelm, Pampa, already champion.
147 pounds — J. N. Wright, Pampa, vs. Gene Beard, Wellington.
154 pounds — Oscar Sargent, Pampa, vs. Foyd Hood, Wellington.

160 pounds — Don Jameson, Wellington, already champion.
175 pounds — Dick Murray, Pampa, already champion.
Heavyweight — Buddy Cockrell, Pampa, vs. Vester Lee Orr, Wellington.
Following tonight's action the champions will be presented trophies and the winning team trophy will be awarded as well as The Pampa News, KPND "toughest fighter" award presented.

Tonight's bouts start at 8 o'clock and they will be broadcast by radio station KPND starting at that time.

ular ring figure in the area, faced Leslie Burton of Amarillo Air Force base by way of Lexington, Ky. Both boys showed a willingness to mix it, and in a free-swinging battle, Bennett gained the decision.

Thomas vs Plumb
147 pounds (exhibition): An all-Air Force fight, both boys, Gerard Thomas of Buffalo, N. Y., and Bill Plumb of Sioux City, Ia., now at duty at AAFB. Both considered novice class fighters. Thomas showed the most know-how and had Plumb in trouble all the way, including a second round 9-count knockdown. The decision went to Thomas.

Davis vs Jameson
160 pounds (exhibition): Expected to be one of the better rights of the evening, it went a little slow most of the time, with the boys tying each other up. Davis kept a heavy right working while Jameson covered up, and the Pampa fighter, and ex-footballer, scored enough points to gain a decision over the Wellington 160-pound champion.

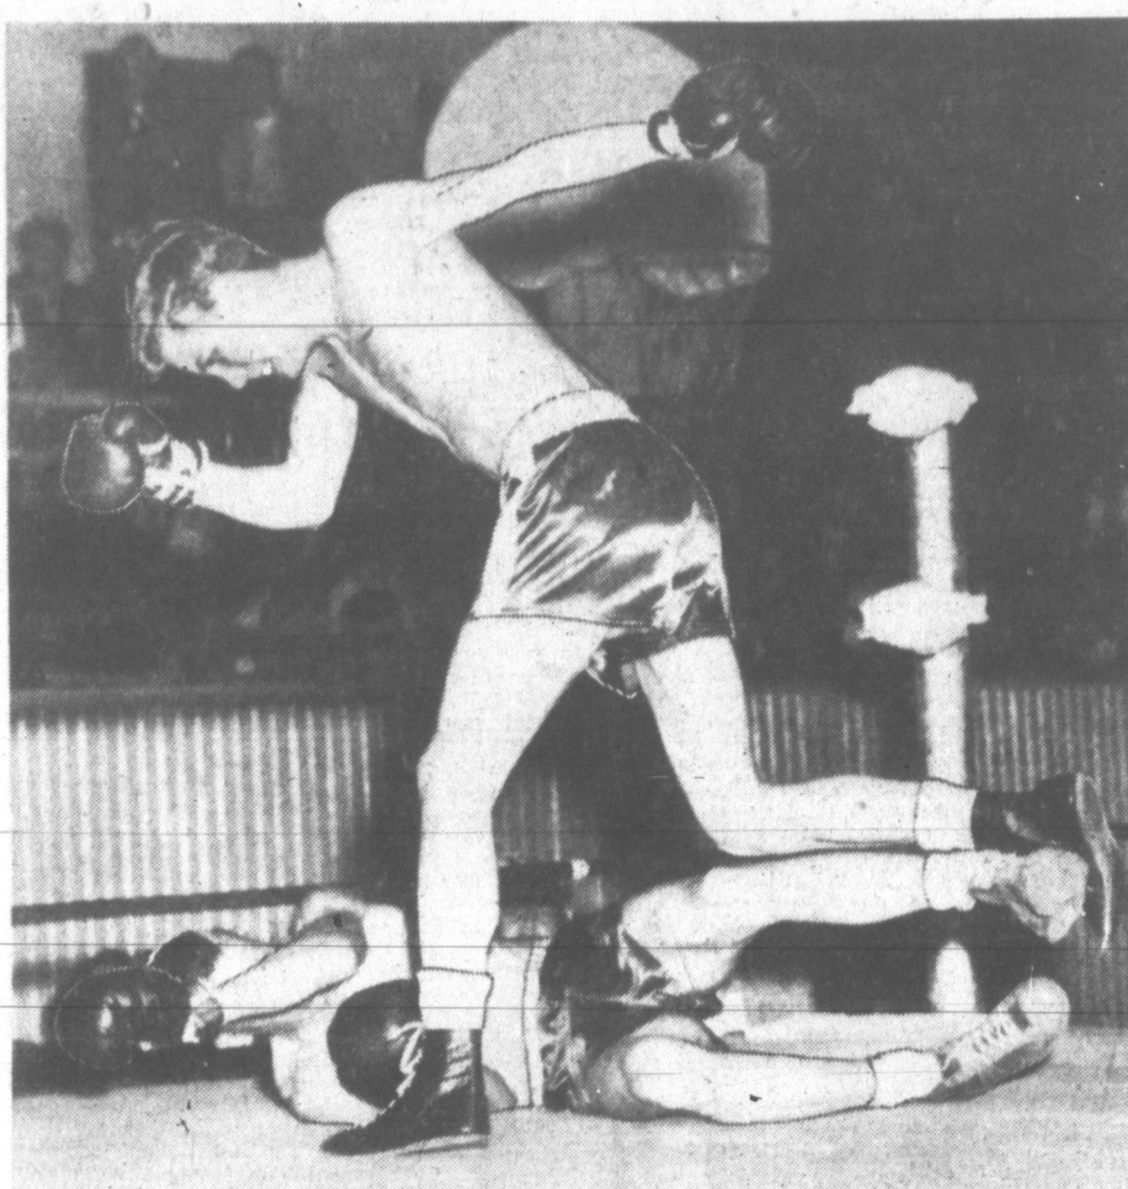

Murray vs McManus
175 pounds (exhibition): Dick Murray, the Pampa 175-pound champion and defending regional champ, gave away the height and reach to Blanchard McManus of AAFB and Phoenix, Ariz. But Murray struck with a lightning left that coupled with a hard right, gave him enough points for a decision.

Wilhelm vs Totten
135 pounds (exhibition): Bobby Wilhelm, Pampa, regional defending champ, looked very good in pounding out a decision over Bob Totten of AAFB and Big Rapids, Mich. Totten, who has fought Amarillo's Pete Perez to two standstills this year, found the wily Wilhelm too much. Wilhelm closed fast to gain the decision.

The ring officials, who also served as judges, were Doug Graham, Dean Webb and Ladell Pugh.

Mobeetie Cagers Divide Pair

MOBEETIE — (Special) — The Briscoe basketball team played the local teams here Monday night, the Mobeetie girls chalking up a 92-58 win. It was a record game so far as time was concerned, total minutes of play was 50, with no time out.
The boys game was more even with the Briscoe lads coming out the winner by two points. Score was 37-30.

CLEAN KNOCKOUT — Scotty Davey finished off flowing through with a hard right that sent Drew Warrick of Wellington down and out for the lone knockout during last night's Golden Gloves activity. Davey thus advanced to the finals of the tournament tonight. Fights will start tonight at 8 o'clock. (News photos by Don Duncan, staff photographer.)

Hustling Harvesters Prep For Amarillo, Borger Tilts

Pampa's Hustling Harvesters, back from an all-victorious trip through the southernmost counties of District 1-AAAA, have been holding long and tedious workouts the past few days in the new fieldhouse in an attempt to get acquainted with the spacious floor prior to the Saturday night opening against the Borger Bulldogs.

The Pack last night picked up its second league win, blasting the Amarillo Sandies. It gave Borger a 2-1 record, and dropped Amarillo below the 500 mark with one win and two defeats. Season ticket books, which have been on sale for nearly ten days, are reported moving fast, and fans desiring to get season tickets to the six district home games are advised to get to the school business office immediately and get their books.

BIG WEEKEND
The Green and Gold swings back into action on Friday night at Amarillo against the Sandies, who have turned into a sharp little sleep since his twins were shooting hot this year. And burning in the backs of the Sandies' memories, and more especially in that of Coach T. G. Hull, will be the spectacular 11-

minute "deep freeze" employed by the Harvesters last year. They will be out to atone for the two blemishes hung on the Black and Gold in 1951. Other Friday night games have San Angelo at Lubbock and Abilene at Odessa. Then on Saturday night the opening of the fieldhouse and the important battle with the highly favored but already upset Borger Bulldogs. Game time is 8 o'clock. There will be no special ceremonies, according to Principal Jack Edmondson. Instead, an Amarillo below the 500 mark will be held at the fieldhouse after it is fully completed. Yesterday the collapsible bleachers were being erected and the roster of the Harvesters was placed on the huge scoreboard. Other Saturday night contests are San Angelo shifting to Odessa and Abilene moving to Lubbock. The Harvesters were having trouble with colds and slight coughs of flu. Coach Clifton McNeely, who will likely get a little sleep since his twins were taken home yesterday) sent sewing in the backs of the Sandies' memories, and more especially in that of Coach T. G. Hull, will be the spectacular 11-

PERFECT LANDING — Jimmy Bennett, Pampa, scores a perfect landing with a left on Leslie Burton, Amarillo Air Force base, and the Jet base airman appears for another perfect landing. The action took place during last night's Golden Gloves, with Bennett gaining the decision. (News photo.)

Longhorns Slay In SWC Race With Victory Over Rice Owls

By CLAYTON HICKERSON Associated Press Staff

The Texas Longhorns stayed in the Southwest Conference basketball title fight today after a 60-53 decision over the cellar-dwelling Rice Owls last night.

But the defending champs had to come from behind to beat the Rice entry after trailing throughout the first quarter.

The Owls led by as much as nine points in that first period while Texas rode to its third conference win in four starts.

SLOW START
The Steers led by as much as 14 points after their slow start, but for the most of the second half Rice held them to their seven-point victory margin.

Sophomore Gene Schwinger hit 26 points for the Owls, 15 of them in the first half. Ted Price, Texas center, and Longhorn guard George Scaling, racked in 16 points each to lead the Orange and White.

The night's play left the defending tri-champs running one-two-three in the flag chase.

Tuesday night's victory put Texas in second place in the title fight just ahead of Texas A & M which has a 2-win, one-loss record. TCU, with four wins, no losses, leads the Conference.

A & M's Aggies will try to catch up with the Longhorns Friday night as they play host to the Baylor Bears at College Station. Arkansas Saturday night will play the host role to winless Rice in Fayetteville.

Oilers Schedule Amarillo Sox Twice

Using the process of getting things ready for the start of the 1952 baseball campaign, Manager Jake Phillips and business manager Ivy Griffin of the Oilers scheduled a pair of exhibition contests with the Amarillo Gold Sox, who will be training camp neighbors in southern Texas.

The Sox will be training at Gonzales and the Oilers at Cuero. On April 3 the Oilers will visit Gonzales to play the Hose and the following day the two clubs will meet at Cuero.

Work done yesterday by the two baseball men consisted of working on obtaining a first baseman to replace Virgil Richardson, former manager who was released outright last fall, and since signed by Clovis. "We hope to have an announcement soon in that regard," said Griffin. "We don't want Jake playing the initial sack unless absolutely necessary."

Further work on the exhibition schedule will be done, as ten other clubs from C through AA classification are training near the spring base of the Oilers.

Borger Bulldogs Bury Sandstorm

AMARILLO — The Borger Bulldogs ripped the Amarillo Sandies apart here last night, 67-43, in a District AAAA game. It was the second win for Borger and second loss for Amarillo.

Five years ago — Charley Trippe signed with the Chicago Cardinals of the National Football League for a reported \$100,000 for four years.

Final Chance To Get Banquet Ducats

Tomorrow is the last chance for Pampa's football fans to obtain tickets to the annual Harvester football banquet. The affair will be staged in the Senior High school cafeteria tomorrow night, starting at 7:30.

The guest speaker for the banquet will be the head coach of the Rice Institute Owls, Jess Neely. He will be introduced by a Rice alumnus, J. W. Graham.

Master of ceremonies will be Randall Clay, ex-Harvester, ex-Longhorn, ex-New York Giant professionally, and now serving with Uncle Sam.

Special music will be provided by the outstanding Frank Phillips Junior College Harmonizers, a mixed quartet that has appeared at several of the local civic club meetings.

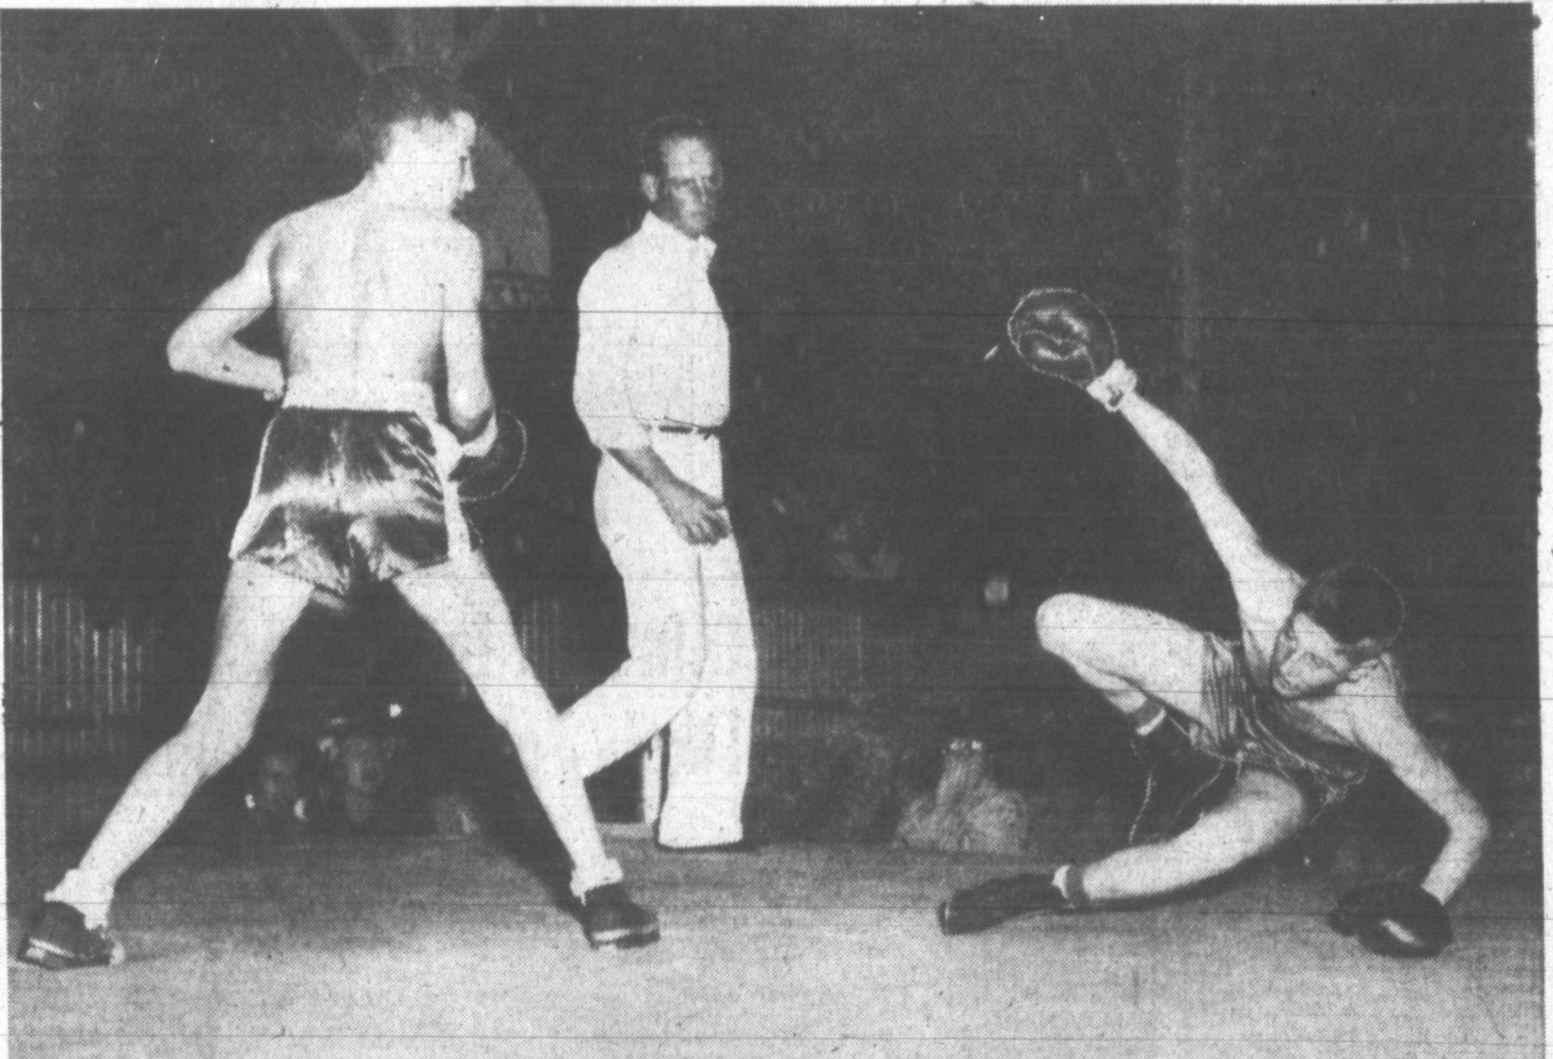

Tickets for the banquet may be obtained at Leders, Noblitt-Coffey, Clyde's, Richard Drug and Malone and Keel.

Highlight of the night will be the presentation of the "Fighting Heart Award."

Coach Neely will show a movie of one of the Owls' games following his talk.

Each had played three games. Amarillo was still in the game at halftime, trailing 27-24. But the Bulldogs roared back and put the bite on the Sandies the third period.

Mack Carter was the game's leading scorer with 20 points, followed closely by three teammates, James Morgan with 13, Bishard 12, and Newlan 11. Jenkins led Amarillo with nine.

OOPS — J. D. Redus, Lefors Pirate Golden Glover, falls canvasward after catching a hard right from Jesse Ring of Pampa. This action took place in the second round. In the third canto Redus changed the situation by dropping Ring for a nine count. The referee is Doug Graham. (News photo.)

Louis Gains Entrance Into San Diego Open Golf Meet

By NORMAN BELL

SAN DIEGO, Calif. — (AP) — Former heavyweight boxing champion Joe Louis was the winner today in his fight to gain Professional Golf Association approval to play in the San Diego Open tournament tomorrow.

Louis claimed it made him the first Negro, amateur or professional, to gain such approval. The decision to accept his entry as an invited amateur was announced last night by Horton Smith, PGA president.

Louis was paired with Smith and another PGA national commiteeman, Leland Gibson of Kansas City, as a starting threesome tomorrow.

B'N CPILLER
Smith expressed pleasure at this arrangement.

Smith also announced that the PGA ban would stand against another Negro, Los Angeles professional Bill Spiller.

He said Spiller lacked PGA approval as a professional and also was subject to a long-standing tradition based on the PGA by-law that all members must be white.

Louis declared the by-law did not prevent Spiller being named an approved player by the PGA and insisted the ban was "just because he is colored."

The former ring champion said he would play, even though Spiller was ruled out, but that he would continue his fight to gain equal rights for Negroes in golf.

He said it was the last sport in which racial prejudice now exists and that the PGA rule was the major reason.

CONGRATULATIONS
Louis said he had nothing against Smith and that when he called him "another Hitler" earlier in the week "it was not him personally but the things he stood for."

The former champion said he had received congratulatory telegrams on his fight from such figures as Jackie Robinson, first Negro player in white professional baseball, and movie actor Adolphe Menjou.

Smith said he expected that the PGA annual meeting next November would take some action to clarify the situation and possibly establish a uniform code with other golf organizations of the approval of players.

He insisted the PGA rules were not intended to "be difficult for any one but only to protect the game."

Ten years ago — Ray Robinson stopped Fritz Zivic in the 10th round of their scheduled 12-round bout in Madison Square Garden.

WHAT HAPPENED? — The mixed expressions of the crowd during last night's bout between Cecil Saunders of Lefors and Bobby Nipper of Wellington makes one wonder what happened. Some cheer, some laugh, some stare, while others chew nails, scream, pick, or just sit deadpan. The final night of Golden Gloves action is due tonight, starting at 8 o'clock, in the Junior High school gymnasium. (News photo.)

Not Presidency Says Comiskey, Jr.

By CHARLES CHAMBERLAIN

CHICAGO — (AP) — "I want more money and a contract—they don't pay off on titles."

That's the demand of Chuck Comiskey, whose resignation as vice president and secretary of the Chicago White Sox will come before his mother, Mrs. Grace Comiskey, club president, and the board of directors Friday for review.

"All this talk about me wanting to become president of the club now is a lot of bunk," he said. "That's not the bone of contention. The president still can't be fired by the directors in our organization. Titles mean nothing."

"My relations with my mother are amicable," he said. "After all she is my mother, and besides she is a wonderful baby sitter."

"Just being a Comiskey isn't enough. There is a misconception that being a Comiskey assures me of a solid position with the club. This is not true. In fact, there has been talk by the board of firing me in the past."

"I am 26 and feel that I must have job security that a contract would provide, and feel that I am worth more than \$10,000 per year, especially after having part in last season's great success of the White Sox, financially. It is well as their first division finish."

Ball Should Not Be Brought Back Higher Than Should

(Fifth of an instructive series written and illustrated for NEA Service)

By BUDDY BOMAR

Former Match-Game Champion

During the third step, I am half way through my approach. The ball reaches the top of the backswing as the right foot slides forward into position.

My body is bent forward slightly. I am ready to move into the final step.

The body is bent at approximately a 45-degree angle from the waist.

My knees are bent. The left arm is extended forward to balance and compensate for the ball which is behind the body.

Many bring the ball back too far on the backswing, incorrectly believing that extra speed will knock down more pins. The ability to send the ball into the 1-3 pocket is more important than trying to blast the pins out of the pit.

Bringing the ball back too far on the backswing also tends to turn the body away from the target.

The right arm has brought the ball straight back and is ready well as their first division finish.

Don't turn the wrist in the backswing. The right hand, wrist, arm and shoulder work as a unit. Keep the arm well extended, but don't let it stiffen.

If you are bringing the ball back too far, it will seem uncomfortable to you. You will feel the backswing pull you out of position. Generally, the ball should not

READY—Buddy Bomar's body is bent forward slightly. He is ready to move into the final step. (NEA)

be brought back any higher than the shoulder.

The exact length of the backswing is something you should determine through experimentation.

NEXT: The delivery.

TV Viewers Get Extra Attraction

DALLAS — (AP) — Television viewers in the Dallas area had a little added excitement last night.

A TV announcer asked wrestler Duke Keo Muka if a chop blow across the throat hurt. "Sure does," said the Duke and hit announcer Charles Boland of KRLL-TV across the throat. Boland went down in the center of the ring.

A flurry of blows, and the wrestling arena announcer hit the canvas. Two policemen snapped handcuffs on the Duke, who later paid a \$100 fine and costs for fighting.

Justice of the Peace Bill Richburg said Keo Muka didn't give reason for the added TV attraction. "Just pleaded guilty," said Richburg.

Sheriff Bill Decker said the announcers were not hurt.

The canto ended, but the junior Irish came back in the final stanza to hit seven points against three for the Kellerville crew.

Hill's junior boys again lost a contest, being shellacked, 28-5, by the Kellerville juniors.

They did not register in the first canto, as Kellerville took a 7-0 margin, which they increased to 12-0 at the half. In the third canto the Irish junior boys racked up three points, Kellerville leading 17-3 three-quarters through. They hit 10 in the third canto, drawing for 11 against two for the Irish to within a single point, 18-17, as in the final frame.

Home Court Advantage Not Enough In Last Night's Play

By TED MEIER

NEW YORK — (AP) — The home team in college basketball games generally is supposed to have a big edge.

But things didn't work out that way last night for Michigan State, Yale, North Carolina State, Harvard and Rice. They all played at home — and lost.

Noire Dame drubbed MSC, 56-48, thus avenging the Irish's 66-52 defeat on their own court last month, a setback that snapped a 20-game home winning streak for the Irish.

Cornell whipped Yale, 60 to 52, to move into a triple tie with Penn and Princeton for the lead in the Ivy League.

Louisville invaded Raleigh, N. C., to trim N. C. State, Southern Conference champions, 73-68.

Dartmouth beat Harvard, 60 to 59, in overtime, for its first Ivy League victory.

BILLIKENS WIN Texas moved into second place in the Southwest conference by defeating Rice, 60 to 53. It was Texas' third conference victory in four starts.

St. Louis, ranked fifth in this week's Associated-Press poll, opened its eastern trip by whipping New York University, 75-66. Holy Cross swamped Providence 106-77.

Eastern Illinois State, one of the nation's unbeaten small college teams, scored down its usually high scoring offense to defeat Quincy, 22-16.

In other games, Siena won its 10th straight, a 81-52 conquest of Iona; St. Johns of Brooklyn took Manhattan, 63-53; South Carolina beat Clemson, 71-65; Arizona State (Tempe) licked Hardin-Simmons, 66-62; and Santa Clara dumped St. Mary's (Calif.), 65-51.

Saner Levels Forecast For '52

NEW YORK — (AP) — More emphasis and a return to "saner levels" in college sports was forecast for 1952 by an overwhelming majority of sports writers and sportscasters participating in the annual Associated Press poll.

"Many of them believe, too, the current campaign for de-emphasis especially in football, will be successful this year. They predicted tighter control by college presidents, less subsidizing, and less stress at winning at any cost."

In answer to the question: "What do you believe will be the outstanding trend, characteristic, or development in sports in 1952?" Pete Norton of the Tampa (Fla.) Morning Tribune put it this way:

SENSIBLE LEVELS

"The return to more sensible levels in college sports with colleges discovering that those gigantic buildings on the campuses of our schools were erected mostly by tax money for educational purposes, and not for the sole purpose of developing football teams."

"This trend will be gradual in some parts of the country but by 1953 will be firmly on the way. Some coaches will be unhappy, but public opinion is strongly in favor of the schools regaining complete control of sports."

Fred Russell of the Nashville (Tenn.) Banner predicted: "Less stress on winning at any cost; further efforts to weed out undesirable elements in sports; economy in sports operation; and possible reduced admission prices in the hope of increasing attendance."

The view of Norton and Russell about summed up the opinion of three-fourths of the 215 sports authorities who replied to the questionnaire.

Several felt public pressure will force unlimited television of all sports, and forecast failure for any

Canadian Invitational Set For Thursday Opening

CANADIAN — The annual Canadian Invitational Basketball tournament will get underway here Thursday afternoon with the Shamrock and Wellington girls teams meeting at 2 o'clock.

The first boys game pits Shamrock against Briscoe at 3 p.m.

A total of 12 boys and 12 girls teams are entered. The finals will be held Saturday night in both divisions.

The complete first round games for both brackets are as follows:

Girls bracket: Shamrock vs. Wellington, 2 p.m., Thursday; Briscoe vs. Miami, 4 p.m., Thursday; McLean vs. Darrouzett, 6 p.m., Thursday; Kelton vs. Canadian, 8 p.m., Thursday; Panhandle vs. Samnorwood, 9 a.m., Friday; White Deer vs. St. Mary's, 11 a.m., Friday.

Boys bracket: Shamrock vs. Briscoe, 3 p.m., Thursday; Miami vs. Wellington, 5 p.m., Thursday; Darrouzett vs. McLean, 7

Irish Juniors In Even Break

SHAMROCK — (Special) — Coach B. L. Hill's junior high girls racked up a seventh win against two losses in downing Kellerville, 25-20, there Monday night.

Connie Lewis paced the Irish scoring, netting 15 points. Switzer and Gossett hit nine each for the Kellervilles.

Shamrock took a 5-0 quarter lead and held an 11-7 margin at the intermission. Kellerville whooped 10 in the third canto, drawing for 11 against two for the Irish to within a single point, 18-17, as in the final frame.

Lassies Have Tough Weekend

SHAMROCK — (Special) — Coach Scott McCall's girls had a tough weekend, dropping three straight court contests Friday afternoon and night.

Wheeler's girls, whom the Irish Lassies had beaten by 28-27 a week before, suddenly began to shell the Lassie crew and plastered them with a 46-25 defeat in the opener for their tourney play, Friday afternoon at 3:15.

Glenda Porter, one of three good Wheeler forwards, slashed the nets for 25 points, as much as the entire Irish crew in a neatly unbelievable exhibition.

DODGEN PACE-SETTER Carolyn Dodgen led the Irish scoring with eight points, followed by Mary Seitzler with seven and Modene Griffin with six.

McCall's girls then took time out from the Wheeler tournament to journey to McLean for a regularly-scheduled contest with the extra-tough McLean Tigerettes, one of the region's great girls teams, Friday night at 7:30.

McLean's girls best Shamrock only 41-19, and were very hard pressed the first half, as the Irish Lassies played inspired ball. Bonita Bailey, champion McLean forward with a reputation for making 30-odd points per game, found tough Irish guard Jennie Ford a mystery and made only five points the first half. Then Jennie fouled off, then Glenda Thompson, second Irish regular guard went off, giving Miss Bailey a "ee" hand with the second at Irish guards. She proceeded to rack up 21 total points for the game, mostly against second-string guards.

McLean led by 16-9 at the half and 29-16 at the three-quarter mark. Carolyn Dodgen hit for seven points to pace the Irish attack.

Then the girls lost to the Briscoe girls in the semi-finals of the consolation bracket Friday next at 9:30. Briscoe led all the way, taking a 31-24 win, but not before Modene Griffin, Irish forward, had hit for 16 points, most any Irish forward has hit in several games.

Irish Lassies will battle in the Canadian tourney Friday.

Repeat of the NCAA's restricted television program.

NFL Owners Open Meeting

NEW YORK — (AP) — Club owners of the National Football League open their three-day annual meeting here today, with the question of the New York Yankees one of the major items on the agenda.

Ted Collins, owner of the Yanks, is upset by the fact the NFL schedule deprived him of two home games because the dates interfered with the world series.

Collins, who has been swimming in red ink as far as the Yank-football fortunes go, said he'd demand "equality with every other member club in the league." He wants six home dates at Yankee Stadium after the baseball season has ended.

Pigskin Disappearing As Essential Football Material

By GEORGE BOWEN

WHITE SULPHUR SPRINGS, W. Va. — (AP) — Is the pigskin, irreplaceable part of football since it was invented in 1869, going to disappear?

The football rules committee of the NCAA plans to at least open the way to that possibility today.

It is expected to give final approval to provisional permission for use of a ball covered with a material besides leather which has been the standard requirement for 82 years.

A rubber cover is behind the change. Manufacturers of a rubber covered ball showed their product to the rules committee and said it had been used in 1300 college, high school, service and professional games last season.

The National Federation of State High School Athletic Associations earlier this month approved use of a rubber ball specifically if a conference or opposing coaches agreed.

Cracking down on rough play, the committee has tentatively approved adding striking with the forearm, elbows and locked hands to the use of fists and knees which make the offender subject to disqualification. Up until now, 15 yards was the punishment.

It also made it mandatory instead of discretionary for officials to throw out of the game any player who is a flagrant offender of the rules on personal fouls.

On clipping, the rewritten rule states simply, "blocking an op-

ponent other than the runner, from behind" is a foul.

For the last two years it has been a violation to hit an opponent from the rear only below the waist. The penalty for defensive holding will be increased from five to 15 yards.

In order to make coaches think twice about sending in a substitute just for the purpose of punting while the clock is running, the rule will be changed to charge a time out. It has been only a five-yard penalty which hasn't deterred coaches since they intended to kick anyway.

Harley B. Bulls, Former Pampan, Is New Minister Of Music In Wichita Falls Floral Heights Methodist Church

HARLEY B. BULLS

Harley B. Bulls, former minister of music at the First Methodist church here, has been elected minister of music at the Floral Heights Methodist church in Wichita Falls. Bulls who was in Pampa from 1948 until 1951, had been studying for an advanced degree at North Texas State college, Denton, before his acceptance at the Wichita Falls church. He led his first choir service there Sunday.

Bulls and his wife, Anne Williamson Bulls, who were married only a month ago, were guests of honor at a reception given last week by the church music committee.

Mrs. Bulls, a native Pennsylvanian, is a graduate of Westminster Choir college Princeton, N. J., where the couple met. For three years she was soprano soloist for the Westminster choir. She holds her master of music education degree from North Texas State college. She has served as minister of music in the First Presbyterian church, San Marcos; teacher in Southwest Texas State college and taught in NTSC department of music until her marriage in December.

Bulls is a graduate of Panhandle A&M college, Goodwell, Okla. Westminster Choir college and taught in public schools for eight years. He entered the Army and served 42 months directing a band. Of that period, 19 months were spent in the Aleutian Islands and Alaska.

As a member of the Westminster Symphonic choir under the direction of Dr. John Finley Williamson, Bulls sang with the New York Philharmonic orchestra under the leadership of Bruno Walter, Charles Munch, Leopold Stokowski and others.

JuanNell White Is Party Honoree

CANADIAN — (Special) — A farewell party was held in honor of JuanNell White Sunday night, in Fellowship Hall of the First Christian Church, Canadian.

Miss White is moving to Brownfield, Texas, and plans to leave Canadian Saturday, January 19.

A gift was presented to the honoree. Refreshments of cookies and soft drinks were served to Gary Gray, Gene Martin, Gilbert Forrest, Jerry Green, Jack Scales, Louise Zybach, Mary Ellen Tepe, La Juana Ballard, Mrs. Furman Williams, Mrs. Calvert Norris, and the honoree.

Adney Pursley - John Parker Engagement Announced At Entertainment Tuesday

MISS ADNEY PURSLEY

The engagement of Miss Adney Pursley, daughter of Mr. and Mrs. Ervin Pursley, and Mr. John Parker, son of Mr. and Mrs. T. B. Parker, was announced at an entertainment Tuesday night in the home of the bride-elect's grandmother, Mrs. C. P. Pursley, Mrs. J. T. Cornutt, the bride-elect's aunt, assisted.

The wedding date, January 24, and "Adney and John" were engraved in small white scrolls tied in orchid ribbon.

Miss Anna Merle Cox presided at the guest register which was decorated by Mrs. C. P. Pursley in the bride-elect's chosen colors, orchid and white.

The table was laid with a white cloth and centered with an arrangement of orchid carnations flanked by white candles. Crystal and hand-painted china were used. Miss Sarah Parker presided at the silver coffee service. Others assisting were Miss Ann Berry and Miss Clarice Parks.

Miss Juanita Haynes of Miami, played musical selections during the evening.

Miss Pursley is a senior in the local high school and Mr. Parker is attending Borger Junior college.

About 100 guests registered. Among the out-of-town guests was the bride-elect's grandmother from Miami.

Ruth Robbins Gives Concert In Shamrock

SHAMROCK — (Special) — Robert Reeves, Irish musical director, reviewing the piano concert by Ruth Robbins here Friday night said the pianist was "artistic and representative of many periods of music."

Reeves, a violinist himself, with stage experience, said the pianist "sings a lullaby on her piano."

He referred to one Brahms Rhapsody as played like "a true rhapsody, with feeling, color and tone."

He praised Debussy's "Reflections in the Water," Miss Robbins' intelligent use of the pedal and her own musical feeling gave much to the interpretation of this number. Her playing was almost orchestral at times, Reeves said.

He explained that in "Malaguena," Miss Robbins aptly brings out the Spanish instruments represented. One could almost hear the Spanish guitar accompanied by the little Spanish harp so frequently found in Old Mexico.

Central Baptist Class Has Social

Officers of the Fideis class of the Central Baptist church met recently for a covered dish supper and business meeting with Mrs. Ken Browning, president.

Prayers were given by Mrs. A. L. Moore and Mrs. V. W. White.

Attending were Mmes. A. L. Sikes, E. W. Hogan, H. W. Zybach, Nancy Alexander, Gilbert Forrest, Jerry Green, Jimmy Gene Martin, Thomas Gray, Robert Webb, Mr. and Mrs. Tom Gray, Mrs. Furman Williams, Mrs. Mmes. Browning, Moore and White.

Doris Leggit, district agent of Amarillo.

The next meeting will be held on January 25 in the home of Mrs. Jim Chase, 1330 Hamilton.

Make An Early, Attractive Start For After 40 Beauty

By ALICIA HART NEA Beauty Editor

The care you give your skin, hair and figure when you are 30, will definitely determine how you will look at 40. It's like learning to save when you are very young. You can't see any reason for it, but how pleased you are to have a bank account in later years.

As you grow older your skin texture and tone will change. Fine expression lines come into view; and you may notice a slight puffiness or sagging. The natural skin oils begin to function less efficiently. It's up to you to prepare for these signs with creams and massage. Apply a good lubricating cream to your face and neck every night, using sweeping upward strokes. If you think you need a special eye or throat cream, by all means, use one.

Since your hair is destined to turn gray, in time, you will be a wise planner if you never relent in your daily brushings. You might also give your hair a weekly oil treatment, if it is inclined to be dry. Only hair that is in perfect condition will keep its beauty when the change comes.

Of course, your figure can easily thicken and become manly-looking unless you make exercises an important part of your daily life. Just a few minutes in the morning and in the evening will suffice.

There's certainly nothing wrong with growing older. In fact, it is actually quite nice. Maturity brings with it so many privileges and comforts. The point is to accept and act your age, and yet look as young as you feel.

When electrical appliances are to be washed, unplug all cords and turn switches to "off" before actual scrubbing.

An aid to keeping freshly shampooed hair as clean as possible between washings is to tuck cotton down into the bristles of your hair brush.

Choose children's play clothes that are made with a new spot-resistant finish that is durable and washable.

Churchill Can Be Counted On To Do The Unpredictable Thing

By ED CREAGH
WASHINGTON — (AP) — "One thing you must remember about Mr. Churchill," said the visiting Englishman, "is that he was thrown from a donkey at the age of four — and landed on his head."
Then he grinned at our staid expressions and went on to explain himself:
"I'm not suggesting there is anything wrong with the old boy's head now. Far from it. But you can always count on him to do the unexpected, just as he was doing when he was four."
"So, I'd go easy, if I were you," he said, "on forecasting what he's likely to tell your Congress when he addressed it Thursday. He may surprise you. He may surprise even himself."
One of the reporters around the table, an American, nodded.
"Like before, D-Day in the late war," he said. "Churchill, you know, was dead set against an invasion of the south of France. Fought it at the Quebec conference and kept right on fighting."
"Well, we did push into southern France, and who should turn up on the deck of a destroyer offshore, giving his V-sign, cheering the boys on — but good old Winnie."
We mullied that one for a while. Then the Englishman said: "He's one of the few great men this century has seen. No doubt about that. But he can act like a spoiled child on occasion."
"At one of the biv three conferences during the war — Yalta, it must have been, and he's told this story himself — Churchill stormed out of a party because Stalin and Molotov were pulling his leg over the question of what to do with Germany."
"The Russians went after him, clapped him on the back and said what amounted to, 'rats, old boy, come back and have a nip. We were only playing.' They had the devil of a time convincing him."
"Great kidders, those Russians," said one of the Americans, sourly.
"Churchill, though," another said, "has a priceless sense of humor himself. It's a dry, deliberately nonsensical kind of humor — more American than British. Yet he adds his own John Bull touch to it."
"Back in 1943 he visited Niagara Falls and a young reporter asked how he liked it. Churchill said he'd seen the falls long before the reporter was born — back around 1900, as I remember."
"Well," the kid said, "have they changed much?"
"Churchill looked as if he were deliberating. Then he said, with that chuckle of his: 'The principle seems the same. The water still keeps falling over.'"
Five pitchers who operated exclusively in this century won 300 or more major league games during their careers.
"Four times in his career, Mel Ott was walked five times in a game."
"You can pay attention, and you can't buy Better Aspirin. St. Joseph ASPIRIN. WORLD'S LARGEST SELLER AT 10¢."

STILL GOING STRONG—"Bronco Charlie" Miller, last of the pony express riders, sounds off with a coach driver yell as he nears his 102nd birthday anniversary in New York.

Suspended U. S. Attorney Testifies He Did Not Consider Contribution Bribe Evidence

SHREVEPORT, La. — (AP) — A suspended U. S. attorney, under cross examination testified he did not consider a \$60,000 "campaign contribution" offer as concrete evidence of a bribe attempt.
Harvey L. Carey is on trial in U. S. district court here, accused of asking a \$60,000 bribe for Texas oil man Lewis Hart, to quash pending perjury charges against Hart and four of Hart's employees.
Under cross examination by special government prosecutor W. R. Smith, the suspended attorney said, "I thought Hart was seeing me out for a bribe."
Smith then read part of the J. S. code which states that the mere offer of a bribe which is not reported to federal authorities is a felony.
Carey testified he did not consider Hart's offer of a campaign contribution a definite bribe offer, because it was not an overt act.
The suspended attorney said Hart never actually made any attempt to hand over any money during their first meeting on Dec. 4, 1950, and that was the reason, Carey said, he did not consider it a bribe.
Under questioning, Carey testified he told two friends, W. C. Rentell of Dixie, La., and J. T. Means of Shreveport, La., about Hart's alleged bribe attempt but he had not notified the FBI or the attorney general's office in Washington.
The suspended attorney said he could not "recall specific details of what I told the attorney general's office in Washington about the Hart bribe attempt" when he made a trip there late in December, 1950.
Carey resumed his testimony Monday as the first witness in his own defense.
The trial was recessed Thursday.

besides trapping Hart he wanted to find out "if the federal petroleum board was involved in the acceptance of a \$60,000 campaign contribution."
Twice Babe Ruth hit home runs in consecutive games with the bases loaded.
Babe Ruth led the American League 13 times in slugging percentage and Rogers Hornsby nine times topped the National League in the same department.

Conflicting testimony was given by Carey and Hart during the trial's first week.
Hart, 68, testified Carey was willing to settle the pending perjury charges "for a \$60,000 campaign contribution."
But the 35-year-old Carey, suspended by Atty-Gen. Howard McGrath only five months after being nominated to the post by President Truman in August of 1950, said he was trying to catch a briber by stringing Hart along.
Carey told the jury "never at any time did I intend to accept the bribe."
The suspended attorney said

LISTEN TO THE ADS IN THE OLD NEWSPAPERS THAT LAMP WAS WRAPPED IN... ROAST BEEF, TWENTY-ONE CENTS A POUND, BUTTER, SEVENTEEN... COFFEE, NINETEEN CENTS A CAN... AND MEN'S SUITS, EIGHTEEN BUCKS, AND THE LATEST MODEL CARS, SIX HUNDRED FIFTY... AND.....

I ALWAYS LET REDDY DO IT!

Smart lady. When it comes to the hard work of washday, she lets Reddy do it. With an automatic washer — and Reddy's dependable electric service — washday is no longer a day of drudgery. Just put the clothes in the washer, set the controls, and Reddy takes over. Automatic washers will handle any wash day task, too, from large flat pieces to your daintiest linens. Gone forever are scrub boards, rinse tubs, hand wringing — all the back break of wash day.
See your electric appliances dealer now. Live the modern way — the "Let Reddy Do It" way — by installing an automatic electric washer in your home now.

LET'S WORK IT OUT WITH REAL APPLES

IN THIS PROBLEM I HAVE TO DIVIDE ELEVEN APPLES AMONG FOUR PEOPLE

FIRST WE KNOW EVERYBODY GETS TWO WHOLE APPLES

NOW WE'LL CUT UP THE REMAINING THREE APPLES IN HALVES

YOU'VE GOT TO CUT THESE HALVES IN QUARTERS

IT'S NO USE--THERE'S ONLY ONE WAY TO DO IT

WE'LL HAVE TO MAKE APPLESAUCE

Alley Oop

GEE! IT LOOKS LIKE OL' DINNY'S KINDA GONNA HAFTA STAY HERE IN TH' 20TH CENTURY NOW!

WELL... THAT'S THAT!

...THE PARTS OF THE TIME-MACHINE MOST AFFECTED BY THE BLAST SEEM TO BE MORE SCATTERED ABOUT THAN DAMAGED.

OH, I DUNNOB. I'D SAY I'D TAKE ABOUT THAT...

Little Doc

HELLO BO, YOU'RE ONE DOG I DON'T MIND HAVING ON MY ROUTE.

WHAT'S NEW MR. RICH?

I S'POSE YOU'VE HEARD THE GOSSIP ABOUT PASSING A LAW TO KEEP DOGS TIED UP.

DO YOU FAVOR IT?

I'LL TELL YOU, THE DOGS I HAVE TROUBLE WITH ARE THOSE FENCED UP IN YARDS. THEY RESENT YOU COMING IN.

SOME DOGS ARE DOGS, BUT NOW TAKE BO, I'D MISS HIM IF HE DIDN'T WALK THE BLOCK WITH ME. I'M NOT TAKING SIDES ON THIS THING. I HAVE TO GET ALONG WITH EVERYBODY.

Ozark Ike

AS THE GAME STARTS...

UH--PLAY NUMBER 21, BOYS?

NOT SHOT!

OOPS... WE DONE UP SOME--WHAR?

SHOOT.

Buzz Sawyer

NOW ABOUT THIS TROUBLE YOU'RE HAVING?

WELL, SEVERAL YEARS AGO FRONTIER OIL LEASED 200,000 ACRES IN SOUTHEAST UTAH, NOW WE GO TO PUT DOWN A TEST WELL ON THE HAWKS RANCH, AND TROUBLE STARTS.

WHAT KIND OF TROUBLE?

FIRST, THREATENING LETTERS, THEN EQUIPMENT DYNAMITED, THE COOKHOUSE BURNED, RECENTLY, BULLETS WHISTLING IN THE DARK.

ANY SUSPECTS?

SEVERAL, INCLUDING THE OWNERS OF THE RANCH--THE HAWKS BOYS. BUT WE CAN'T GET THE GOODS ON ANYBODY. THAT'S WHY WE SENT FOR YOU.

Chris Welkin

AFTER I CAME ABOARD THE FLYING TRIANGLE, MR. 7 BECAME A TREACHEROUS HOST. I WAS TRAPPED...

AND THEN YOU BECAME INVISIBLE AND MR. 7 COULDN'T FIND YOU?

YES, ROCKY STARR, YOU EARTH-MEN LIBERATED ME, BUT NOW WE ARE DRIFTING IN SPACE... COMPLETELY LOST!

THEN LET'S GET ORGANIZED. FIRST WE'LL ROUND UP ANY SURVIVING ICHTHUSIANS...

A QUESTION, PLEASE... WHO AMONG US CAN PILOT THIS SHIP?

Mutt & Jeff

JEFF HOW COME AFTER ALL THESE YEARS YOU NEVER SHAVE OFF THOSE WHISKERS?

OH, I DID LOTS OF TIMES BUT THE NEXT DAY THEY GREW RIGHT BACK ON AGAIN!

BESIDES THEY'RE MY TRADE MARK JUST LIKE MY TOP HAT!

YOU KNOW, JEFF IT'S THE STRANGEST THING BUT AFTER ALL THESE YEARS PEOPLE STILL GET US MIXED UP!

WHAT DO YOU MEAN?

SOME PEOPLE DON'T KNOW WHICH IS WHICH! THEY THINK I'M JEFF AND YOU'RE MUTT!

WHEN YOU FELL DOWNSTAIRS THE OTHER NIGHT, DID YOU KNOCK YOUR NOODLE AGAINST THE BAN-ISTER?

GUESS IT'S TOO MANY COP TAPS ON THE WIG, OR AN OVERLOAD OF DRAGON OIL!

THIS MIGHT EVEN SHAKE THE PRICE OF BOURBON

Vic Flint

COME ON INSPECTOR BEFORE SPORT FEEDER SLAUGHTERS ANOTHER VICTIM THAT GUYS DESPERATE HELL STOP AT NOTHING!

MEANWHILE, SPORT STAGGERS THROUGH THE STORM TRYING TO GET HIS BEARINGS.

A FENCE! THE ROAD MUST BE ON THE OTHER SIDE OF IT.

SPORT DOES NOT SEE THE DARK SHAPES HUDDLED TOGETHER AGAINST THE BUZZARD.

CAN'T TELL WHERE I'M GOING, BUT I'VE GOT TO GET WARM!

Little Doc

THANKS FOR CARRYIN MY BOOKS!

WILL YA BE MY GIRL?

THE MAN THAT BECOMES MY BEAU MUST BE RICH, HONEST AND COURAGEOUS, SMART, STRONG, AND HANDSOME.

ONE WHO IS KIND TO EVERYBODY, BUT LOVES ONLY ME!

HOW LUCKY WE MET

Wash Tubbs

HASNT YOUR INDIGNATION AT MISS TULLIS COOLED OFF A WEE BIT BY NOW, EASY?

IT HAS NOT! THAT BIRD-BRAINED FEMALE PUT ME IN AN AWKWARD SPOT--FOR NO GOOD REASON!

FURTHERMORE, I'M AFRAID SHE'S BEEN A BAD INFLUENCE ON YOU, TANE! YOU--WELL, YOU LET YOUR IMAGINATION RUN AWAY WITH YOU--

I LIKE THAT! SHE'S A REAL INSPIRATION! DID YOU READ HER NOVEL? IT'S SO ROMANTIC!

I TRIED TO COMING DOWN ON THE PLANE. PUT ME TO SLEEP, I DON'T GO FOR THAT SENTIMENTAL MUSH!

HEY, YOU! PULL OVER TO THE SIDE OF THE ROAD! AND DON'T TRY ANY FUNNY STUFF!

Boots

BUT, PUG, COULDN'T YOU SEE THE PROWLER YOU FOUND OUTSIDE LAST NIGHT?

TOO DARK.

I'M LATE, BOOTS! SEE YOU!

SOMETIME I'LL FIX--SAY, I DIDN'T DIG THAT HOLE--AND IT WASN'T THERE LAST NIGHT!!

Mickey Finn

HOLLIHAN--I JUST STOPPED IN TO SHOW YOU THIS BECAUSE YOU WERE SO SURE THAT MY BOOK WOULD BE A FLOP!

\$4,560??! THIS IS FOR ROYALTIES?

THAT'S RIGHT! AND IT'S JUST FOR THOSE THAT HAVE BEEN SOLD SO FAR!

CLANCY WAS RIGHT, PHIL! YOU OUGHT TO PUT IT IN THE BANK AND KEEP MUM ABOUT IT!

THAT'S EXACTLY WHAT I'M GOING TO DO! I'M NOT LETTIN' ANYBODY DON'T WORRY!

DON'T YOU THINK THAT CALLS FOR A CELEBRATION, COVINO?

Penny

WHY THE GLOOM, AGNES?

MY FATHER AND I HAVE BEEN ARGUING AGAIN.

THAT'S NOTHING--ALL FATHERS ARE LIKE THAT.

I KNOW.

BUT MY FATHER'S BEEN USING CHILD PSYCHOLOGY ON ME FOR QUITE SOME TIME...

...AND I'M AFRAID HE'S GOING TO RUN OUT OF IT SOON AND REVERT TO THE OLD!

Freckles

QUICK! DID YOU DREAM OF THE GOAT LAST NIGHT, LARD?

NAH! I DREW A BLANK!

THIS IS SERIOUS, MORTON. CHEER UP, GENTS! DR. MORTON IS ABOUT TO TAKE OVER THIS CASE!

JUST LEAVE IT TO ME! I'LL DROP OVER TO YOUR HOUSE THIS EVENING!

GOSH! DO YA THINK I'LL WORK?

BUT DEF! MY DREAM REGULATOR IS GUAR-ANTEED TO CHANGE YOUR NIGHT-MARES INTO NIGHT--GOATS!

Donald Duck

IT'S FIVE GALLONS OF ICE CREAM FOR YOUR BIRTHDAY PARTY!

OH, BOY!

YOU CAN INVITE ALL THE LITTLE FRIENDS YOU WISH!

GET READY! WE'LL BE RIGHT BACK!

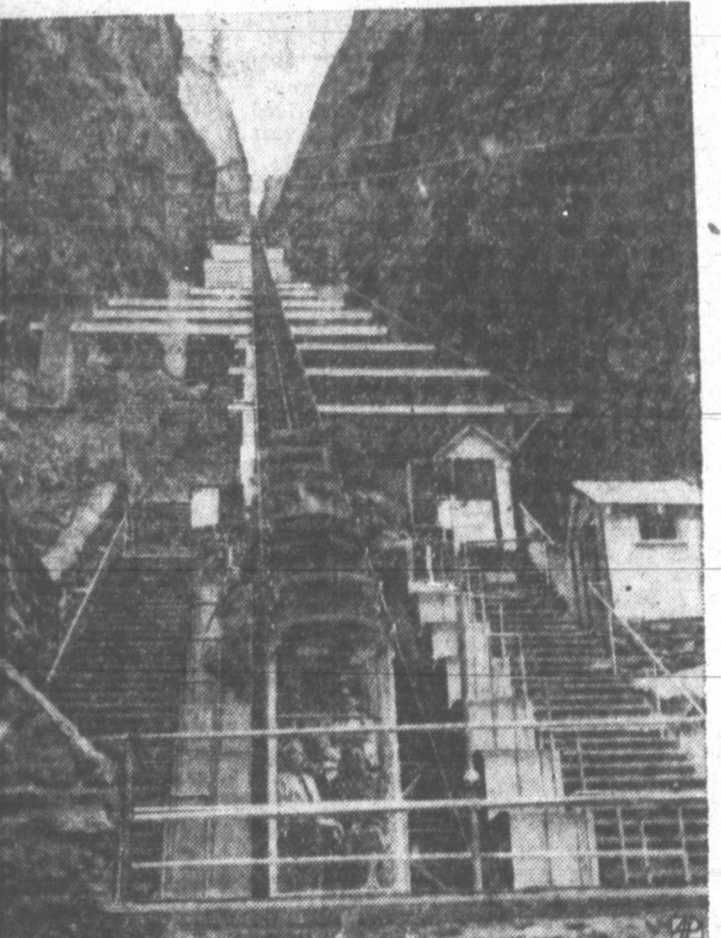

MEET THE GUEST, UNCA DONALD...

PECULIAR? PERS--AND WHY THE NICKNAME?

HE DOESN'T CARE MUCH FOR ICE CREAM!

ENTERING NEW MEDIUM - Aetor Alfred Lunt coaches soprano Eleanor Steber at rehearsal of Mozart's Così Fan Tutte, his first stage direction in the Metropolitan Opera House.

JOB HAS UPS AND DOWNS - Mrs. Dorothy Arko, Postmistress at Royal Gorge, Colo., takes her mail off incline railway for transfer to regular train after descent down gorge.

USING WHILE BUILDING - Despite fact that construction is still going on, this modern Tokyo school is already in use as children walk on concrete canopied stairways.

Cord of Thanks

And we know that all things work together for good of them that love God, to them who are called according to His purpose. - Roman 8:28 Where has he gone since yesterday? And left us lonely here? Tonight he seems so far away. Who yesterday he reached his home. No map of ours, on sea or land his journeyings may trace. We only know he's reached his home. And oh, he knows since yesterday, And he'll be learning fast. The mists of earth are cleared away. The sun of truth in radiance glows. All shadowless and bright. Indimmed by any cloud of earth. Undimmed by any night. And he has grown since yesterday, And he'll be growing still. The bonds of time and sense and space. That linked his eager will. Were dropped like shackles from the soul. In that first upward flight. The weary feet no more the splint, freed and light. O dear, familiar yesterday, And and strange today. Yet who would call the glad soul back To rouse the resting day? Or who would wish that he might share Our sorrow's fall and strife. Who loosed from death and all its pains. Has entered into life? PROMY JOE SNOW Our sincere thanks to our many friends of the Shell Oil Company, Calvary Baptist Church, Assembly of God Church and our other friends during our recent sorrow. Mr. & Mrs. C. A. Snow & family Mr. & Mrs. E. P. Snow Mr. & Mrs. A. C. East

International Air Pervading Hollywood As Stars Imported

HOLLYWOOD — (AP) — American movie fans can expect to see more German actors on the screen and more films about Germany.

German actors and film subjects have been seen in such 20th-Fox movies as "The Big Lift," "The Desert Fox" and "Decision Before Dawn." The studio is now planning "The

President Names Wm. H. Draper, Jr. Roving Ambassador

WASHINGTON — (AP) — President Truman Monday nominated William H. Draper, Jr., New York banker and chairman of the Long Island transit authority, as roving ambassador in Europe under the mutual security act.

Draper will have the title of special representative in Europe. He will represent the government as a whole and be responsible to the president.

The White House said that the director for mutual security, providing coordination, continuous supervision and general direction of the economic and military assistance programs.

The White House pointed out proposals for improvement of the treaty organization are under active consideration.

WHY IT COSTS MORE TO MAKE WAR—The revolutionary fighting equipment demanded by today's war is far more complex and costly than that of World War II. The three contrasts in equipment illustrated here were cited as examples of this point by Defense Mobilizer Charles E. Wilson in his fourth quarterly report to the President titled, "The Battle For Production."

Huge Artillery Gun Needed To Deliver New Atomic Shell

WASHINGTON — (AP) — The artillery gun for shooting atomic shells may be fired with a conventional propelling charge like any big caliber gun. No nuclear explosive is needed to throw the missile at the target.

Design and a major problem in the design of the weapon, a model of which was shown to the joint congressional committee on Atomic Energy, probably has been to hold the weight of the gun down to a point where it is practical for battlefield use.

If the words used by Chairman McMahon (D-Conn.) of the committee were used advisedly, the new weapon appears to be a gun instead of a rocket launching device. He described it, in talking to reporters, as an "artillery gun" designed to handle atomic shells.

A weapon used tactically on a war front would not need unusual range, only enough to hit enemy troop positions, field fortifications or concentration points close behind the lines. The huge power of an atomic explosion thus would not be required to propel the atomic-charged shell from the gun.

Gen. J. Lawton Collins, Army chief of staff, said in a radio interview last month that artillery capable of firing atomic missiles has been tested. He said that didn't mean "it has been tested as an atomic weapon; it doesn't have to be."

That seemed to point pretty definitely toward the idea that the model which congressmen saw probably was not too radical in design, except perhaps for the bore and length of its tube.

While the packaged size of atomic explosives has been reduced considerably since the days of the Hiroshima atomic bomb, it is doubtful that the diameter of the package still could be fitted to standard existing weapons.

The biggest mobile gun used by the Army is the 240-millimeter howitzer. That is a bore of slightly under ten inches. A caliber of even double that size would create a hefty weapon for easy mobility on a battlefield, although not an impossible weight.

A 240 millimeter howitzer weighs 25,000 pounds, the carriage for moving it about 39,000 pounds. To double that bore might bring the complete weapon assembly up to a weight of approximately 60 tons. But 60-ton tanks are considered by some military men as practical for battlefield use.

The maximum effective range of a 240 mm Howitzer is 25,255 yards (about 14 miles), ample to get the dangerous explosion area of an atomic burst well away from friendly troop positions.

A howitzer is a high-angle of fire weapon, the 240 mm having an elevation of 65 degrees. Such a high angle could be of use for particular type of atomic bombardment where deep penetration of a shell might be needed to penetrate an underground fortification.

Detonating the atomic shell over or at the target should have imposed no seriously critical problem. The standard proximity fuse (the electronic device which explodes a shell or bomb as it reaches a point above a selected target) would provide for the air burst effective for anti-personnel and general demolition purposes.

Because the propelling charge presumably would be non-atomic, with no nuclear explosion occurring at the gun location, there would be no problem of shielding for radiation. But the peculiar nature of atomic materials and weapons undoubtedly will create special handling and storage problems for the atomic artillerymen.

Among other questions is the matter of whether final adjustment of the projectile's trigger mechanism will have to be made immediately preceding the firing. This will call for highly specialized technicians, in addition to the other specialized members of an atomic gun crew.

Beyond that will be the problem of field commanders to decide what situations call for

Prison Inmates Kill Two Guards In Escape Try

SAN QUENTIN, Calif. — (AP) — Two San Quentin inmates, using a 12-inch scissor-blade and a double-edged ax, killed two guards in an attempted prison break Monday night. Two other guards and one of the convicts were injured.

Warden Harley O. Teets, who took over only three weeks ago, was visibly affected. He succeeded veteran Warden Clinton T. Duffy, who was appointed to the California adult (parole) authority.

Guard Charles D. Wiget, 31, was waylaid in the prison library and stabbed to death. Guard Vern A. Mackin, 38, was killed in a prison movie projection room.

Richard M. Sims, Jr., Marin county district attorney, named Eugene Burwell, Los Angeles robber, and James Alton Rogers, serving a term for attempted murder in San Francisco, as the killers.

Sims said this is what happened: Burwell and Rogers were plotting to escape. They had the scissors blade, a double-edged ax and a six-inch knife. They bound librarian inmate Joseph E. Wolfe, 22, Los Angeles burglar.

FEIGNED ILLNESS — Rogers climbed on a library table and feigned illness. When Wiget came in Rogers grabbed him and Burwell stabbed him. Burwell was stabbed in the lung during the scuffle.

Guards Ralph E. Dascombe and Virgil F. Stewart stepped into the darkened library seeking Wiget. The guards were beaten and slashed in the face.

Burwell and Rogers ran to the mess hall where a basketball game was in progress. They told Guard Mackin they wanted some records from the motion picture projection booth. Mackin took them to get the records.

Mackin was stabbed three times and killed in the booth, which overhangs the mess hall. The attack on Mackin attracted other guards who captured the two in the booth.

Warden Harley O. Teets reported Burwell, a Negro, said he "blew the top," and planned to kill Wiget for "discriminating" against him.

Production Of Steel Breaks All Records — NEW YORK — (AP) — Production of steel in the United States in 1951 topped all records by more than eight million tons, the American Iron and Steel Institute reports.

In a preliminary report, subject to revision, it placed total output at 105,132,424 net tons of pig iron and steel for castings. This compared with 1950's previous record of 96,836,075 tons.

For casual wear, slip-ons are softer, true lounging styles such as the classic moccasin.

"Really good help is hard to find! Why, we haven't hired a man with a better than 130 bowling average in over a year!"

Homeless French Waif Dies In Korea To Repay Kindness

HOUSTON — (AP) — A homeless French waif who died in Korea trying to repay the kindness shown him in the United States will be buried in his adopted country.

Cpl. Alexander Stewart, 22, was killed in action Dec. 28. But the casualty list doesn't tell how the youth asked — and got — the help of a congressman in transferring from the safety of Japan to the Korean battlefield. It doesn't tell how he came to America twice as a stowaway before Congress passed a special law to let him stay here legally.

Mrs. A. Axelrod of Houston, his foster mother, said last night she would bring the body home for burial. "I know that is what he would have wanted me to do," she said.

At 22 the corporal was an old hand at war and fighting. When he was 12 he ran away from an orphanage in Alsace, joined the underground and finally escaped to North Africa. He was adopted by the 133rd Regiment of the 24th Infantry division and fought with them for five years—North Africa, Sicily, Anzio.

When the war was over Axelrod slowed away on a troop ship and came to America. Members of the 133rd gave him \$200 and he struck out on his own. When he tried to enlist in the U. S. Army he discovered he was an alien. Back to France he went.

There was no record of his citizenship there. Again he stowed away on an American ship and arrived in Galveston, Texas, July 4, 1947.

His foster mother then was an assistant U. S. district attorney handling immigration cases. She became interested in Alex and interested others, among them Rep. Albert Thomas (D-Tex.). Thomas introduced a special law in Congress to let Alex stay here as an immigrant. The measure passed in August of 1950. A few days later Alex enlisted in the U. S. Army, and was sent to Japan.

"Alex became very tired of Japan and wrote that he wanted to get into action," Mrs. Axelrod said. "About a month later I got a letter from Rep. Thomas saying that Alex had written asking for help to get in the fighting. Rep. Thomas said 'I hope I haven't done the wrong thing by seeing that he gets his wish.'"

Mrs. Axelrod remembers Alex as a timid, intense boy to whom devotion meant the utmost.

Your Most Important VISITOR Each Day

• THIS YEAR, perhaps more than ever before, your newspaper boy will be a very important person in your life. Day after day, he will deliver a package of history-making world news, eye-catching news pictures, thought-provoking editorials, side-splitting comics, entertaining lectures, and money-saving store offerings.

Nothing else will give you so much exciting news, so much valuable information, or so much reading enjoyment — for so small a cost — as your daily newspaper! It's the only place where you can find the complete story of each day's events — and "read all about it" at the time you choose, for as long as you like.

Yes, having this newspaper delivered to your home is by far the best way to keep pace with all the momentous happenings that are making headlines here and elsewhere. If you're not reading it EVERY day, a word to our office or your carrier will start immediate delivery. Remember, you'll never know ALL that's happening until you see your daily newspaper!

Pampa Daily News

"How about working out a buffer zone for a few minutes?"

DO YOU KNOW —
— who are "Suds" and "Marshall" AT THE ELECTRIC SUPPLY? One is the owner — the other, the store manager.

The other day — this remark was heard: "People like to trade where they KNOW and where they LIKE the folks at the store." GET ACQUAINTED WEEK . . . will be a week devoted to "Let's get to know him and her" — in our neighborhoods — at our churches — at our stores. One swell idea — don't you think?

GET ACQUAINTED WEEK
a treat for you!!

There's nothing like giving folks what they want
