Court Dismisses Three Drug Case Defendants City Conducts Hearing On Annexation

State Rests; Defense Presenting Witnesses

Members of the Muleshoe City Council met Wednesday morning in special session to consider several pressing legal matters.

Although a public hearing was conducted on a proposed annexation of three parcels of land to the City of Muleshoe, no member of the community was present at the meeting

to present any comments. One area is an eight acre tract of city owned property with only a water well and well house. This tract is located on the west side of West Ithaca Street between the Co-op Elevator and the Muleshoe Co-op Gin.

The second area is a 331.08 acre tract of city owned property which is north and east of the present city limits. Both the city airport and the Muleshoe Country Club golf course are located on this particular piece of property.

Muleshoe Country Club is the third piece of land to be annexed into the city. It was explained that the Country Club is provided with all city services at this time and the improvements include the club house, golf cart storage barns, a swimming pool and the greens keepers residence. It is 10 lots, consisting of approximately two and one half acres of land.

After discussion of the pending annexation, city council members closed the public hearing.

Another portion of the meeting concerned Parkridge Addition, Installment Number Two. Also, council members heard amended restrictive covenants of Parkridge Addition, Installment Number One.

Included in the Parkridge Addition, Installment Number Two. Also, council members heard amended restrictive covenants of Parkridge Addition, Installment Number One.

Included in the Parkridge discussion was a motion to Cont. page 7, Col. 1

Area People Attend CPR Class Here

Several local and area people are attending a CPR (Cardio Pulmonary Resuscitation) instructor's class in Muleshoe. Mrs. Kenneth McGehee of the Parmer County American Heart Association, is conducting the course.

Mrs. McGehee showed the new film from the AHA concerning Cardio Pulmonary Resuscitation and demonstrated all the individual steps of CPR on a mannikin. Each person who participated in the workshop performed the individual steps of basic life saving, and studied the seven booklets relating to each step.

Participating in the classes were Jerry Mick and John Blackwell; Debbie Hoover; James Williams; Sue Bush; Betty Jo Davis; Imogene Tiller; Brenda Black; Brenda Scott and Elizabeth Watson.

CONSTRUCTION CONTINUING...Construction is still underway on the Agriculture Housing complex on East Sixth Street in Muleshoe. Many of the units are nearing completion, although the overall project is still under construction. The cinder block housing units will be occupied by agriculture workers on completion, with a target date for completion possible late in November. Paving has been added, providing easier access to the units. Nearly 50 units are under construction, featuring two and three bedroom housing units for families.

Area Youths Participate In National 4-H Week

During the past year, 139 Bailey County youth were active in the 4-H programs conducted. They will join nearly 5.5 million young people from across the nation, including more than 100,000 in Texas, in observing National 4-H Week, October 1-7. Activities this year will center on the theme, "4-H Freedom To Be."

Locally, the 4-H Clubs at Muleshoe, Progress and Y-L have jointly been in-
Salvation Army Fund Drive Winds Up Here

Jeff Peeler, coordinator of the Salvation Army program in Bailey County, reported that the recent fund raising drive has concluded.

Peeler said he would like to express his appreciation to the workers in the campaign and the persons who contributed. A total of \$858.50 was collected. Some of the funds will be used in Bailey County to help transients who are going through the county and need assistance and some will be sent to the Salvation Army headquarters in Dallas to be used in disaster areas.

He explained that in the event of a local disaster, funds will be returned from the Dallas headquarters for use in this area.

involved in the 4-H Fair in September; Food Show in November; June Dress Review; April Horse and Beef Judging; April Method Demonstrations and last year, the Christmas Parade.

They also participate in leathercraft projects, craft classes, educational programs, first aid training and studying drug programs. In addition, each of the three county 4-H clubs has projects on an individual member, or individual club basis.

Although the 4-H banquet had initially planned for October 2, during National 4-H Week, the date was changed to October 23, to avoid conflicts with other activities.

Band Director Gives Program For Kiwanis

Charles Faulkner, band director at Muleshoe High School was guest speaker for the Muleshoe Kiwanis Club Friday morning and explained the band program for the school.

He spoke of the desires and aims of the band program and said there are 68 students in the high school band; 65 in the junior high school band and 42 in the beginner band.

Director Faulkner stated that other than learning to read and play music, the band was to learn discipline, to start at one place and look forward to working for something for the future. He stated that there is a misconception on band competition.

He said that a Number 1 does not mean that you were first in the district, but that you were superb in your performance. According to the band director, a student could be in football, basketball, track, a cheerleader and also be a band student for four full years of high school.

Faulkner showed the Kiwanis a film of last year's UIL Marching Contest and stated that the band looked very good in that performance.

Commissioners To Consider Long Agenda

Members of the Bailey County Commissioners Court will meet Monday in an all day session and expect to be very busy throughout the day.

Following minutes, Frank Ellis will meet with the court at 10 a.m. to discuss the current ambulance services provided by Singleton-Ellis Funeral Home.

This will be followed by payment of county bills before representatives of the child welfare services meet with the court at 1:30 p.m.

This will be followed by a discussion of the Bailey County jail situation and of the County-City Dispatching services in law enforcement.

3-Way Eagles Fly Past WTC On 39-8 Score

The Three Way Eagles added another notch to the winning side of their record Friday night, when they soared over and through West Texas Christian on their home field. In winning their fourth straight game in this season, the Eagles saw the score widen to 39-8.

Leading the Three Way Eagles in chalking up 408 yards on the ground were tailback James Simpson and slotback Tommy Tucek.

In the first, the Eagles went out front 20-0 on a 30-yard punt return by Simpson, who came back with a three yard run to paydirt, while Robert Layton scored from the five.

In the third, Tucek slammed through for 40 and 44 yard TDs and Simpson had a one yard TD run in the fourth.

The WTC Texans scored on a 30 yard punt return in the fourth.

around Muleshoe

Wednesday night, at the annual Agricultural Chemicals Conference in Lubbock, Joe King, of Western '66' in Muleshoe, was presented the annual Agriculture and Chemicals award.

He and Mrs. King were among the estimated 400 persons who heard former Secretary of Agriculture Earl Butz, as guest speaker.

Mr. and Mrs. E.C. Geary of Borger, were weekend guests in the home of her mother, Mrs. Maude Kersey.

While here, the Gearys and Mrs. Kersey visited one of Mrs. Kersey's sisters in Portales, N.M.

Earl Richards of Muleshoe Co-op Gin reported to police Friday morning that unknown persons had thrown a beer bottle and rocks through office windows at the gin.

The incident was checked by Muleshoe City Police Chief Johnny Richards and City Police Lieutenant J.R. Carpenter.

At presstime, Berlin Harvey, 58, was reported to be in serious condition at Methodist Hospital in Lubbock where he is being treated for a gunshot wound to the head received in a shooting incident near Muleshoe on September 6.

District FFA Elects Slate Of New Officers

During a meeting of the Littlefield District Future Farmers of America last week, at Sudan, a new slate of officers for the 1978-79 year were elected.

Included in the election was a new officer from Muleshoe. New officers chosen included David Steelman, president, Bovina; Thurman Myers, vice president, Muleshoe; Charleson Steinbock, secretary, Lazbuddie; Mike DeLoach, treas., Sudan; Randy Richardson, reporter, Whiteface; Ken Kittrell, sentinel, Amherst and Roger Reddins, parliamentarian, Whitharrel.

NEW OFFICE BUILDING...Major remodeling is presently underway at a building on West American Blvd. Originally constructed as the Dinner Bell Restaurant, the building will be occupied by Joyce Shafer, accountant, and her staff. The building has been divided into what will be ultra-modern offices, complete with a conference room. The outside decor will be in the Spanish motif.

At approximately 3:30 p.m. Friday, as District Attorney Jack Young announced the state was resting their case in the trial of seven persons charged with being a part of a "combination for the manufacture, to dispense and distribute methamphetamine (speed)" the court dismissed the case against three of the defendants on trial.

District Judge Pat Boone explained to the jury following a long recess and consultation with all attorneys, both state and defense, who were in the courtroom, the reason for dismissing the charges against the trio.

He told them that upon the court's determination, and following the lack of evidence presented against James Cunningham, Craig Cheney and Ron Shirey that the court had removed the question of guilt or innocence and had made a judgment of acquittal in their cases.

Judge Boone said that although he had dismissed the trio from further prosecution, his decision plays no part in considering the innocence or guilt of the remaining defendants, Wilford Fritz Gallegos; Jerry Rang Clayton; Gary Foster Leui and Dee Carter.

Gary Foster Leui took the stand in his own defense. He was questioned initially on direct examination by his attorney, Gale Warren, of Friona. Leui told the jury he was born in South Dakota and had lived there all his life until mid-December, 1977, when he came to New Mexico to visit Jerry Rang Clayton, who he had met when both attended a mechanic's school in Denver, Colo.

New Ordinance Is Proposed By City Group

Members of the Muleshoe City Planning Commission met Thursday morning and approved a proposed mobile home park ordinance after checking the proposed ordinance on a page by page basis.

The amended ordinance will be presented Muleshoe City Council members for their approval. The new ordinance would govern future mobile home parks in the city and will provide guidelines for developers of mobile home parks.

HARVEST DISPLAY...Jackie Buckner looks over a display she put together depicting 'Harvest Time' in this area. Grandpa and Grandma stand beside the windmill and feed shock at Sunset Vegetable and Fruit Stand on West Highway 84. They are looking over the miniature watermelons, pumpkin, cataloupe, apples, beans, tomatoes, onions, potatoes, peas, okra, peppers, cucumbers, cotton, squash and pears. All the fruits and vegetables are real miniatures. Also included in the display in the lower right is a tiny cabin, an outhouse and wagon.

some three to four years ago.

He testified that he did not know any of the other defendants, and in fact, did not meet most of them prior to the night of the raid on December 22, at a remote farmhouse in western Bailey County.

Although Leui did testify that he made the trip with defendants Hal Tibbets, Charlie Jenkins and Jerry Rang Clayton to a chemical company in Houston, that he did not ever at any time, hear any discussion of speed or of a laboratory.

He further testified on direct examination that he had never been in the farmhouse where the laboratory was supposed to have been operating until approximately 11:30 p.m. on the night of the raid by county and state law enforcement officers.

On being cross-examined by District Attorney Jack Young, Leui said he formerly worked in a custom shop as a mechanic and had been in New Mexico for at least a month prior to his arrest on December 22, 1977 by law enforcement officers at the farmhouse.

He also said that al-

Longhorns 34-0 Win Over Owls

Charleson Steinbock and Russell Windham made sure the Lazbuddie Longhorns were winners Friday night, as they were the impetus for a 34-0 win over the Silvertown Owls on the 'Horns home field.

Steinbock scored three touchdowns, the first by running a 16 yard touchdown at the beginning of the second. Windham added another couple of TDs in the second to take a 20-0 lead over the Owls.

Dennis Steinbock hit two of three extra point tries before halftime.

Charleson Steinbock put the 'Horns way out of reach of the Owls in the third with a one yard TD and a 54 yard pass reception to widen the score to the final 34-0.

The Longhorns are now 3-0 for the season and had five first downs with 208 yards rushing and 94 yards passing.

Steinbock led the rushing with 22 carries for 115 yards, and quarterback Andy Russell completed four of seven passes, two of them good for points.

LATEST ARRIVALS

Mr. and Mrs. Walter Lemons of Lubbock are the proud parents of a new baby boy born Sept. 26, at 8:07 p.m. in the West Plains Medical Center. He was named Nicholas Karl and weighed eight pounds and fifteen ounces. He has one brother, Michael.

Grandparents are Mr. and Mrs. Maurray Lemons of Muleshoe and Mr. and Mrs. Carl Schulte of Happy. Great-grandparents are Mr. and Mrs. W.O. Simpson of Lovington, N.M.

Texas Tech Registration Sets Record

Texas Tech University's fall enrollment of 22,745 has set a record, surpassing, by 165, the former high of 22,580 for 1975.

The 1978 figure shows a .7 percent increase over the 1975 total and a 1.7 percent increase over last year's total, according to Dr. Robert H. Ewalt, vice president for Student Affairs.

The 1977 enrollment was 22,358 and the 1976 total, 22,176. This fall's unofficial figure is based on a head count at the end of the 12th day of class, Ewalt said.

"We are gratified with our increased enrollment and the new record, particularly at a time when college and university enrollments are leveling off in many areas," Ewalt said.

There are 12,803 males enrolled as compared with 9,942 females at Texas Tech.

By classification, figures show 7,717 freshmen, 4,382 sophomores, 3,555 juniors and 3,706 seniors. A total of 2,858 students are enrolled in the Graduate School. The School of Law has enrolled 527 students. Figures do not include the Texas Tech University School of Medicine.

burn, president; Blanche Johnson, vice president; Lena Hawkins, Secretary; and Lois Witherspoon, Treasurer.

Meeting will be held the third Friday of the month at the Muleshoe State Bank.

Those present were Miss Nora Wilmer, Miss Lucille Flowers, Bonnie Haberer, Doris Taylor, Edith Fox, Adelyn Swafford, Blanche Johnson, Ruth Williams, Beatrice Blackburn, Mr. and Mrs. H.M. Laney, Lois Witherspoon, Carrie Lee Bishop, and Lena Hawkins.

RECIPE

By Sarah Ann Sheridan

This recipe can be used as a family main-dish meal or doubled for club suppers.

Swedish Meat Balls

- 1 lb. ground beef
- 1/2 lb. ground pork
- 1/2 c chopped onion
- 1/2 c cracker crumbs
- 1/2 c milk (fat free)
- 1 T shortening
- 1 t cornstarch
- 1 T sugar
- 1/4 t nutmeg
- 1 t salt
- 1 egg
- chopped parsley

Mix ground beef and pork. Saute onion in shortening-add to meat. Add mixed cracker crumbs, milk and cornstarch to meat. Then add mixed egg, nutmeg, sugar, salt and parsley to meat. Chill 1 hour before shaping balls about the size of a walnut and brown in skillet.

Gravy:

- 3 beef bouillon cubes
- 3 c water
- 5 T flour
- 1 1/2 T lemon juice
- 3 bay leaves (optional)

Remove browned balls from skillet, then blend flour in remaining fat. Add other ingredients, meat balls and cook slowly in the oven for about 1 hour at 300 degrees. Serves 6.

A thread will tie an honest man better than a rope will do a rogue.

Nursing Home Birthdays Honored

Birthdays were celebrated September 28 at 2:30 in the Muleshoe Nursing Home by four residents.

The occasion was sponsored by the Needmore Community Club. They served refreshments of cake and punch. Entertainment was given by Francis Hamilton, on the piano. Beaver's Flowerland gave corsages to the honorees.

Those celebrating their birthdays were Will Stacy, Annie Brown, Edna Henderson and Annie Nicholson. Stacy, 91, was born September 1, 1887. He was a previous resident of Kalene and has been a resident of the nursing home since May 5.

Edna Henderson, 79, was born September 22, 1899. She previously lived in Muleshoe before moving to the home on August 10. Annie Nicholson, 101, celebrated her birthday on September 20, she has been a resident at the home since October 9, 1970. She is a long time resident of Muleshoe.

BIRTHDAYS HONORED...A birthday party was given Thursday afternoon for four people of the Muleshoe Nursing Home by the Needmore Community Club. Pictured left to right, are Edna Henderson and Annie Brown. Not pictured are Annie Nicholson and Will Stacy.

LIBRARY DONATION...Mr. and Mrs. David Smith of Muleshoe joined other Friends of the Library with a \$25.00 donation to the Friends organization. Mrs. Smith, right, presented Anne Camp, left, with a check.

Progress 4-H Elected Officers

Progress 4-H met September 19, in the West Camp Community Center, at 7:30 p.m. Retiring president, Greg Harrison, presided over the business session. New officers were elected and votes were taken as to where the meetings would be held.

New officers are, President, Jimmy Gleason; Vice president, Curtis Hunt; Secretary, Jecinda Gleason; Treasurer, Delia Shaw; Historian, Sally Lunsford; Parliamentarian, Darin Shaw; Reporter, Tori Hunt; Recreation leader, Greg Harrison; and Council delegates Delia Shaw and Kelli Harrison. The new adult leaders are Mr. and Mrs. Donald Harrison and Mr. and Mrs. Steve Bass.

The club voted and the monthly meeting will be held every third Tuesday of each month at 7:30 p.m. at the West Camp Community Center.

Members attending were Greg and Kelli and Allen Harrison; Delia and Darin Shaw; Johnny and Connie Puckett; Curtis and Tori Hunt; Chris Hopkins; Barry Bass; Michael Davenport; Casey Farmer; Jimmy, Jacinda, Jerry and Jay Gleason; Sally, Betsy and Susan Lunsford; Tracy Tunnell and Wesley and Ricky Rasco.

New members to join were Chad and Jamie Roberson; Terry and Bug Snell; Annette and Pat Davis and John Isaac.

County Extension agents Linda Mullins and Spencer Tanksley, also attended.

Parents present were Mr. and Mrs. Robert Lunsford, Mr. and Mrs. Dale Roberson, Kimberly, Mr. and Mrs. Robert Hunt, Mr. and Mrs. Donald Harrison, Mrs. Jerry Gleason, Mrs. Al Davis, Mrs. Steve Bass, Mrs. Eugene Shaw, Mrs. John Snell and Mrs. Wayne Tunnell.

The next meeting will be October 17, at 7:30 p.m. in the West Camp Community Center.

Mandi Lee, Seaton Repeated Vows

Miss Mandi Kay Lee, of Wilson, and Rickie B. Seaton of Lazbuddie were united in Marriage August 26 at 3 p.m. in St. Joseph's Catholic Church at Slaton. Monsignor Peter Morsch, priest of the church, officiated.

Parents of the couple are Mr. and Mrs. Bobby Lee of Wilson and Mr. and Mrs. Jim Seaton of Lazbuddie.

The bride, given in marriage by her father, wore a formal length gown of white organza, fashioned with a Victorian Neckline of scalloped chantilly lace, full length bishop sleeves with a deep cuff. The empire bodice had a sheer yoke accented with lace and pearls. The full A-line skirt consisted of lace edged with tiers that cascaded into a chapel length train.

The headpiece was a Juliet cap of matching lace holding a lace edged veil of illusion. Her bouquet was a cascade of white and mauve silk roses and leaves with white bows and streamers.

For something old the bride had a penny minted in her birth year in her shoe. Something new was

her gown and something borrowed was a silk handkerchief from Japan, borrowed from the groom's mother. She wore a pearl necklace, gift from the groom and the traditional blue garter.

The decor of the church was two spiral candleabras and an archway entwined with greenery. The pews were marked with white bows.

Miss Tracy Lee, of Wilson, served her sister as Maid of Honor. Miss Kerrie Lee, of Wilson, sister of the bride and Miss Sherrie Seaton, of Lazbuddie, niece of the groom, were bridesmaids.

The maid of honor and bridesmaids wore formal length gowns of dusty rose Quiana. They wore A-line dresses fashioned with a gathered ruffled neckline. Each carried a single, long stem silk burgundy rose accented with dusty rose and burgandy ribbon.

Best man was the groom's brother, Jimmie Dale Seaton of Lazbuddie. Russell Windham and Scotty Windham, also of Lazbuddie, served as groomsmen. Ushers included Terry Hill of Hart, Mike Windham of Lazbuddie, and Harrol Redwine, brother-in-law of the groom from Lazbuddie.

Candlelighters were Ty Mayfield and Tod Mayfield, cousins of the bride from Panhandle. The groom, his attendants, and the ushers wore dusty rose tuxedos with white ruffled shirts. The groom had a white rose bud boutonniere and the attendants wore white carnation boutonnières.

Jill Mayfield, cousin of the bride from Panhandle and Susan Redwine, niece of the groom from Lazbuddie, served as flower girls. The flower girls wore floor length dresses of beige and rose colored shades. It was high waisted, with a drawstring scoop neckline and short sleeves. They carried white straw baskets with rose colored ribbons.

Mrs. Harrol Redwine, sister of the groom from Lazbuddie was organist. She accompanied Mrs. Danny O'Donald, sister of the groom from Canyon, who sang "If" and "The Wedding Song."

The bride's mother wore a formal length gown of mauve knit. It was a bouso fashion with tie belt and cap sleeves. The groom's mother wore a formal length powder blue gown. Each added a white

MR. AND MRS. RICKIE B. SEATON [nee] **MANDI KAY LEE**

orchid to their gowns. Miss Becky Verkamp of Wilson, registered the guests.

A reception followed the ceremony in the Catholic Hall. Laid with a white lace tablecloth, the bride's table featured silver and crystal appointments. The four tiered white wedding cake was decorated with dusty colored roses and bells with lace and bows accented the border of the cake. Banana slush punch and mints completed the decor of the table. Presiding at the table were Miss Becky Verkamp and Miss Charmone Mears of Wilson and Miss Joyce Chandler of Monahans.

The groom's table, laid with a beige cloth from Mrs. E.A. Seaton, grandmother, featured a centerpiece of silk flowers, consisting of daisies, sweet peas, larkspur and nasturtium in shades of yellow, apricot, and orange blossoming from a chocolate colored ceramic spittoon.

The groom's cake was a round chocolate cake accented on top with a spray of roses and forget-me-nots in colors coordinating with the centerpiece. The centerpiece and cake were made by a friend, Mrs. Jim Collum of Lazbuddie. Serving at the groom's table were Miss Barbie Seaton, niece of the groom and Miss Kathy Menefee, second cousin of the groom both of Lazbuddie.

Serving as rice girls were Miss Mandi Mouser of Wilson and Miss Susan Redwine, niece of the groom from Lazbuddie.

Members of the houseparty were Mrs. Glynn Moore, Wilson; Mrs. Walter Steen, Wilson; Mrs. Sylvester Verkamp, Wilson; Mrs. Tommy Bednarz, Wilson; Mrs. Gilbert Steinhouser, Wilson; and Mrs. Scotty Windham, Lazbuddie.

As her going away ensemble, Mrs. Seaton wore an outfit of dusty rose Quiana. It was a blouse

with a gathered neckline and short sleeves. The skirt was an A-line style gathered on a waist band. She accented her garment with a white silk corsage and pearl necklace.

The bride is a graduate of Wilson High School and will graduate from Texas Tech University in December. The groom is a graduate from Lazbuddie High School and attended Texas A&M University. He now farms near Lazbuddie.

After a wedding trip to Ruidosa, N.M., the couple will make their home in Lazbuddie.

A rehearsal supper was hosted by Mr. and Mrs. Jimmie Seaton on August 20 in the bride's home at Wilson. Assisting with the supper were Mr. and Mrs. David F. Donnell, and Linda, aunt and uncle of the groom from Brazoria, and Mrs. Scotty Windham of Lazbuddie. Approximately 35 people were present.

Art Assn. Will Feature Artist

The Muleshoe Art Association will have a regular meeting October 11, from 2 to 4 p.m. at the Art Loft. Larry Hilburn will be the guest artist.

Hilburn will also be teaching a week workshop on October 10 thru 13. Afternoon and evening classes are available at the Art Loft. He will also give a one man show at the Art Loft on October 8, from 2 to 4 p.m.

He maintains his gallery in the historic Wengert Patio on Kit Carson Road. In 1952, he began exhibiting in Taos at the original Blue Door Gallery. During these twenty odd years, his work has become established internationally, with collectors living in every state and 27 foreign countries. Many of these works are found in church-

es, colleges, banks and private businesses as well as private homes.

His works in oils, watercolors, drawings, and graphic media vary in style and mood, ranging from realism to semi-abstract.

The artist, who lives year-round in Taos, spends much of his time working at his studio or sketching in the countryside.

Remember the Lease Program sponsored by the Art Association. Pictures may be leased for \$15 a year. This will be original painting done by area artists. Come by the Muleshoe State Bank and pick out a painting to rent on October 11, from 2 to 4 p.m. Debby Davis will be there to help you. For further information, you may call her at 272-3592.

The yearbooks were distributed and the program for the year was discussed. Thank you notes were read from Francis Brown, Doris Bartholf and Mrs. A.C. Neely.

Izette Shain gave a report from the summer workshop of the Caprock District of Texas Federation of Women's Clubs. Fern Gilbreath led the group in a

discussion about the bazaar to be held in November.

The next meeting will be an all day meeting to work on items for the bazaar. It will be October 12, at 10 a.m. The location will be announced later.

Members present were Mrs. Walter Bartholf, Mrs. H.L. Blackburn, Mrs. Joe Costen, Mrs. Wilma Thompson, Mrs. Rufus Gilbreath, Mrs. Ed Johnson, Mrs. T.L. Kent, Mrs. Barry Lewis, Mrs. A.C. Neely, Mrs. Luther Pitts, Mrs. Charles Shain, Mrs. Doyle Turner and Mrs. T.R. White.

Thought works in silence, so does virtue. One might erect statues to silence.

Belinda Magby, Morris United In Home Wedding

Miss Belinda Gay Magby and Randy Lee Morris were united in a single ring ceremony on September 22 in the home of the bride's parents. Rev. Joe Stone, from the Assembly of God Church, officiated.

Parents of the couple are Mr. and Mrs. Boyd Magby of Muleshoe and Mr. and Mrs. Billy Pease of Dexter, N.M.

The couple repeated vows in front of the fireplace. A pedestal sat in front of the fireplace, topped with an arrangement of white dai-

sies, flanked by pots of yellow chrysanthemums. The traditional "Wedding March" was selected from a tape.

Escorted and given in marriage by her father, the bride wore a long, white organza gown fashioned with an empire waistline. The scoop neckline had a pointed collar. The full Alencon lace sleeves were gathered by long fitted cuffs. The full skirt featured a wide ruffle topped with lace trim. Her hairpiece was a daisy circled with baby's breath. She carried a bouquet of yellow and white daisies, greenery and baby's breath accented with yellow streamers tied in love knots, daisies and baby's breath.

The traditional something old was a handkerchief belonging to her grandmother, Mrs. W.W. Wilson. Something new was her dress, something borrowed was a necklace from her mother and she wore the traditional blue garter.

Tonya Magby, sister of the bride of Muleshoe, attended the bride as maid of honor. She wore a long yellow organza gown, printed with floked daisies. It had a round neckline with an empire waistline. Long cuffs gathered the full sleeves. The full skirt was edged with a ruffle. She wore a spray of baby's breath in her hair. She carried a nosegay of yellow and white daisies, and yellow streamers and bows.

The groom was attended by Bobby Dodd, the best man of Muleshoe. The mother of the bride wore a floor length beige gown of floral Quiana knit. It was fashioned with prin-

cess lines and long sleeves. The groom's mother, wore a black pantsuit. They wore corsages of white daisies.

A reception was held following the ceremony at the Magby home. Serving were Tammy Lane and Mrs. Rich Magby, sister-in-law of the bride. The bride's table was laid with white lace over white satin. It was centered with a candleabra with four yellow candles. The bride's bouquet centered the candles and it was surrounded by greenery. The three-tiered, columned cake was decorated with yellow flowers. It was topped with bells and white doves. The cake was made by Mrs. Arnis Morris, the bride's aunt. Punch and mints were also served.

For a wedding trip to Ruidosa, N.M., the bride wore a two piece navy, knit dress, fashioned with a pleated blouse. She wore a

MRS. RANDY LEE MORRIS (nee) BELINDA MAGBY

John St. Clairs Honored On Anniversary

Mr. and Mrs. John St. Clair celebrated their 50th Wedding Anniversary, September from 2 to 4 p.m. at the Muleshoe State Bank Community Room. The reception was hosted by their children.

St. Clair and the former Edity Dyer were married September 27, 1928, at Hale Center by a Baptist minister of a local church. They lived in Quemado, Texas and Fence Lake, N.M. before moving to Cotton Center where they spent 19 years. They have lived in their present home near Muleshoe for 23 years.

The St. Clair's children are, Mr. and Mrs. Johnnie St. Clair of Muleshoe; Mr. and Mrs. Raymon Hadley, Texico, N.M. and Mr. and Mrs. I.V. Pierce, Spearman.

Their grandchildren attending are, Mrs. Jana Cox, Monahans; Darlita Pierce, Lubbock; Karen Hadley, Canyon; James Pierce, Spearman, Keith James, Allen Hadley and Jessica Jane Hadley, Texico, N.M.

Johnny Lee St. Clair, a grandson had surgery at the Methodist Hospital in Lubbock three days before the reception and was not able to attend.

The registration table was covered with an ecru

lace cloth. A board covered with white lace and the invitation covered the table. A gold feathered quill was used to sign in guests. The guest book was a gift from Johnny Lee St. Clair and Jana Cox.

The serving table was laid with a gold cloth, with white lace overlay. Crystal appointments were used. The three tiered columned cake was topped with a gold 50. An arrangement of gold silk flowers made by the daughters and daughters in law was used as a center piece. A gold fountain was used to serve the punch.

Special guests were Mrs. St. Clair's brother, Mr. and Mrs. Carl Dyer, Albuquerque, N.M.; Two sisters, Mr. and Mrs. M.K. Fisher, Sr., Cotton Center and Mr. and Mrs. Laymon Elkins of Olton, and an uncle, Mr. and Mrs. T.B. Dyer of Dimmitt.

Special friends that attended the affair were Mrs. Owen Boliver, Mrs. Annie Bogart, Mrs. Mae Hill and Mrs. Callie Fort, all of Belen, N.M.; Mr. and Mrs. J.L. Petty, Frankston and Mr. and Mrs. Earl Weir of Geronomo, Oklahoma.

There were 231 guests to attend. They came from Hereford, Spearman, Plainview, Hale Center, Cotton Center, Abertathy, Olton, Hart, Lubbock, Morton, Bovina, Springlake, Earth, Littlefield and Texico, N.M.

T.S.T.A. District XVII Workshop Held In Lubbock

On Wednesday, September 20, Muleshoe had a delegation of local teachers attending the T.S.T.A. District Workshops held at Coronado High School in Lubbock.

Registration began at 5 p.m. followed by a dinner at 5:30. The general session presided over by Janice Posey, president of T.S.T.A. District XVII, began at 6 p.m. with Frank R. Mullican giving the invocation. Janice Posey introduced Archie Roberts and his staff, who brought the group up to date on T.S.T.A. affairs. Before going to separate discussion groups, Frank R. Mullican, president elect of the district, gave workshop directions.

Lucy Faye Smith who is on the State Executive Committee, acted as recorded for the critical issues in Educational group. Virginia Bowers, who serves on the district political education commission, was on the program in the political education discussion group. Other local teachers attending these workshops were Mike Richardson, chairman of the district resolutions committee; Elizabeth Watson, member of the district Constitution committee; Eloise Wilson; Treva Taylor and Pat Watson.

groups from 7:15 to 8:30 p.m. included human relations, instruction and professional development, political education, professional rights and responsibilities, public relations, teacher personal services, legislation, teacher education and professional standards, and critical issues in education.

Workshop discussion

TOPS Has Weekly Meeting

The TOPS Club met Thursday, September 28, at 6:30 p.m. in the meeting room of Bailey County Electric.

The meeting was called to order by Mrs. Dan Vinson, in the absence of Mrs. Jones, the leader.

Mrs. Waylon Harris gave the roll call with the weight recorder. Twenty members weighed in.

The weekly queen was Mrs. J.O. Parker with a tie for first runner up, Mrs. Buria Vinson and Mrs. Beulah Gatewood and second runner up, Mrs. Lanny Knowles.

Mrs. Waylon Harris celebrated her birthday.

The can-can was drawn by Mrs. Harold DeLoach. She was able to accept it.

The meeting was dismissed with the Goodnight song.

Success is making more money to pay the taxes you wouldn't be paying if you hadn't made so much money in the first place.

Court...

Cont'd from page 1

though he had met many of Jerry Rang Clayton's friends during the month or more he had been in Clovis, that he or Clayton did not use drugs at any time until the night of the arrest. On that night, he admitted injecting 'speed' and said it was for the first time. He told the court that on that night, he had the injection of speed at the farmhouse, after being "talked into it."

Leui said, on cross examination, that he had spent all of his life in South Dakota, which was a farming country, and that there were no drugs in South Dakota. He also said that at no time was speed, the manufacture of speed, or a laboratory mentioned in his presence.

Leui was followed on the stand by Wanda Roberts of Floyd, N.M., who testified that she was an aunt of

Dee Carter, one of the defendants. She testified to telephone calls made to her telephone number and from her telephone number in Floyd.

On cross examination, it was brought out that Mrs. Roberts is the mother of David Roberts, who was indicted, along with 29 other persons, following the December, 1977 raid of the farmhouse and eventual grand jury investigation. Although she told the court that the charges against her son had been dismissed, District Attorney Young, stated firmly that the charges had not been dismissed in Bailey County, although the State of New Mexico failed to approve extradition for Roberts.

Court was to resume with defense witnesses on Saturday morning.

City...

Cont'd from page 1

accept water rights, a motion to approve the plat and dedication, a motion to approve the amendments to the restrictive covenants and a motion that no building permits are to be issued for lots that have been platted, but where no street paving has been provided.

Don Harmon, representing the developers of Parkridge Addition, agreed the lots would be paved at a future date.

All the Parkridge Addition motions were approved by the council.

Council members discussed at length a proposed ordinance concerning rate schedules to be charged by Southwestern Public Service Company in the City of Muleshoe, and including an effective date for such rate schedules, and providing several conditions under which rate schedules can be changed, modified, amended or withdrawn.

In another section, the council approved and certified the tax roll for the city. It was noted that real property values are \$28,396,456 and personal property is \$15,493,627.

4-H...

Cont'd from page 1

"For many," he added, "4-H is opening doors to a lifetime of personal growth and fulfillment. In learning by doing, through educational projects and through community involvement efforts, 4-H is providing useful guidance and direction to young people and making them more responsible and sensitive adult citizens."

Weatherizing Grant Funds Are Available

The Texas Department of Community Affairs announced that the South Plains Community Action Association, Inc., at Levelland, has been awarded a \$18,010 contract under the Weatherization Assistance for Low-Income Persons Program for eligible persons residing in Bailey, Cochran, Garza, Hockley, Lamb, Lynn, Terry and Yoakum Counties.

Ben F. McDonald, Jr., executive director of TDCA, indicated that funding for this 12 month contract, which began September 1, 1978, is made available through TDCA's Economic Opportunity Division by the U.S. Department of Energy.

Through this contract, homes of the elderly and handicapped, low-income persons will be improved through the use of storm windows, caulking, insulation and wall repairs to reduce energy consumption and high energy costs to the home dweller.

Additional information on the contract may be obtained by contacting the Economic Opportunity Division of the Texas Department of Community Affairs, Box 13166, Capitol Station, Austin, Texas 78711.

Clements Believes Race In 'Dead Heat'

Gubernatorial candidate Bill Clements today said a recent poll shows that the governor's race in Texas is in a "dead heat" with a huge bloc of Texas voters undecided as to whom they will vote for in Nov.

Clements made the statement as he released a poll showing that of those voters who have made up their minds in the governor's race, 33 percent are committed to John Hiss, 31 percent are committed to Bill Clements, 1 percent is committed to Mario Compean and 35 percent are undecided.

The poll, taken by V. Lance Tarrance and Associates of Houston during the week of Sept. 13-17, asked 1,001 Texas voters by telephone, the question: "Even though the elections for offices such as Governor and Senator won't be held until November, who have you made up your mind to vote for Governor of Texas between John Hill, Democrat; William Clements, Republican; and Mario Compean, Independent?"

Clements said, "These results match my experience to date: that the electorate is now evenly divided--one third each for myself and my opponent, with one third uncommitted and evaluating which candidate will give the management and leadership to Texas that we must have."

These results match our phone bank operations, which have already contacted approximately 250,000 Texas voters. I am satisfied with the validity of these statistics."

Clements also said, "It is important, however, to view these figures in their proper perspective, that is the identification of the hard-core or committed vote at this time. The results of this campaign research are intended for internal purposes, namely the identification of the voters, undecided at this time, with whom we must communicate during this active, final phase of the campaign."

Clements stated, "Traditionally the candidate with the better name identification has stepped out front in early surveys, and that has been the case this year. After all, my opponent first ran for governor in 1968. He has continued to do so with full access to state resources for the last 10 years. For better or for worse, he is well known. He has coveted the office of governor and will use it for the Carter Administration."

One of the key reasons for this large number of undecided voters, Clements said, is the large number

TEXAS WATERFOWL FORECAST IS GOOD

Recent heavy rains over most of the Texas Panhandle and South Plains along with a higher breeding population in major nesting areas of the northern plains and Canada should furnish the Texas waterfowl hunter with plenty of targets this fall.

Recent surveys in the duck producing areas showed an eight percent increase in the number of breeding populations of various species of ducks. Texas waterfowl hunters will have a chance to try their luck as the High Plains mallard management unit opens for both ducks and geese on Oct. 31, 1978 and continues through Jan. 21, 1979.

This mallard management unit is that area of the state lying west of a line from the International bridge at Del Rio, thence northward following U.S. highway 277 through San Angelo to Abilene, thence along State Highway 351 from Abilene to Albany and U.S. highway 283 from Albany to Vernon, thence easterly along U.S. highway 183 to the point of intersection with the Texas-Oklahoma state line in Wilbarger county.

The remainder of Texas east of this line will have a duck season from Nov. 4 through Nov. 26, 1978 and Dec. 16, 1978, through Jan. 21, 1979.

Texas is divided by U.S. highway 81 and the goose season west of this highway will be the same as duck from Oct. 31, 1978, through Jan. 31, 1979. East of this highway, the goose season will be from Nov. 4 through Dec. 8,

Consumer Food News

Best buys at Texas grocery markets this week include fryer chickens, turkey parts, eggs, frozen orange juice, cooking greens and dry yellow onions. Mrs. Gwendolyn Clyatt reports.

Also, brown sugar and confectioner's sugar has sale prices--with an eye on upcoming holidays, she says.

Mrs. Clyatt is a consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A & M University System.

This week's price-quality trends include the following:

POULTRY... Both whole fryer chickens and mixed parts are bargains, and turkey parts have low prices in some markets. Medium-size eggs usually are the best buy currently.

FRESH VEGETABLES... Dry yellow onions in heavy supply have attractive prices in many markets. Cooking greens--mustard, collards and turnips--and others from local truck farms have excellent quality at reasonable prices.

Other economical items are cabbage, carrots, corn, bell peppers, squash and potatoes. Buy only small amounts of sweet potatoes, since current supplies are not cured. Late fall and winter supplies will be cured, and they will keep longer.

More attractive prices appear on eggplant, broccoli and cauliflower.

1978 and Dec. 16, 1978 through Jan. 21, 1979.

Greenhead mallards are the most popular species of duck in West Texas and this bird is traditionally the most numerous on the lakes and streams of north-west Texas. The breeding population of the mallard was down seven percent from last year and is 13 percent down from the 1955-77 average.

Shooting hours for ducks and geese will be one-half hour before sunrise and sunset daily during this regular waterfowl season.

Only shotguns no larger than ten gauge which are plugged permanently to a three-shell capacity and fired from the shoulder are legal.

All duck and goose hunters must have a federal migratory waterfowl stamp signed by the holder in their possession while hunting or bagging ducks and geese. These stamps can be purchased at most U.S. Post offices.

More information is listed in the new Texas Migratory Game Birds pamphlet available at all license vendors and P&WD offices across the state.

Conservation To Elect Director

An election for a director to serve in Zone Five on the Blackwater Valley Soil and Water Conservation District Board is scheduled for October 10, at the Maple Co-op Gin in Maple, announced Doug Bales, chairman of the board. The election will be held from 7:30 a.m. to 10 a.m.

Bales said state law decrees that to be eligible to vote in a soil and water conservation district director's election, a person must own agricultural land within the subdivision where the election is being held. The person must also live in a county all or any part of which is in the district and the voter must be 21 years old.

Legal qualifications state that a candidate for the office of a soil and water conservation district director must own land in the zone he represents, be 21 years of age and be actively engaged in farming or ranching. He must live in a county all or part of which is in the district.

Zone Five of the district generally included an area from the state line east to the refuge and south to the

Cochran County line.

Current members of the board of directors of the Blackwater Valley SWCD are Doug Bales, chairman, Muleshoe; Jimmy Wedel, vice chairman, Muleshoe; J.R. Carter, secretary, Needmore; Lewis Wayne Shafer, member, Needmore and W.C. Eubanks, member, Maple.

Bales added that the purpose of the Blackwater Valley SWCD, with headquarters in Muleshoe, is to promote sound soil and water conservation programs on farms and ranch lands within the districts and to serve as a voice for

farmers and ranchers on conservation matters and other issues affecting private property rights of landowners.

The district board of directors coordinates the conservation efforts of various local, state and federal agencies and other organizations and has authority to enter into working agreements with those governmental agencies and private concerns to carry out its purpose.

He concluded, "All conservation programs managed by the district are of voluntary nature to the landowner or operator."

Officials scheduled the first spraying of insecticide in the 15th year of the High Plains boll weevil control program for September 25.

Weather permitting, aerial applicators using 12 planes within a few days will have sprayed ultra-low volume Malathion on 190,000 to 200,000 acres of weevil-infested cotton along the eastern edge of the High Plains.

The program, a producer service of Plains Cotton Growers, Inc., Lubbock, has succeeded each year since 1964 in preventing the spread of boll weevils across the concentrated cotton acreage west of the Caprock. Its cost is born jointly by Plains cotton producers, the U.S. and Texas Departments of Agriculture. USDA matches funds contributed by producers and the TDA.

The acreage of infested cotton mapped for spraying in the first application this year is well above the 142,000 first sprayed in 1977. Officials explained, however, that spraying last year began almost three weeks earlier on September 6.

This year weevil populations have been much smaller than normal as a result of an excellent kill on weevils in the 1977 program, plus a cold, dry 1977-78 winter and continued drought in the spring and summer. According to PCG Field Service Director Ed Dean, this fact made it possible to delay early spraying without endangering overall program effectiveness.

"In addition," he continues, "in this way we were able to avoid aggravating this year's exceptional bollworm threat and at the same time reduce program costs."

Ultimately it is expected that an aggregate of between 850,000 and one million acres will be treated this year. Spraying will be on a 12-day schedule, anticipating that three applications will be completed by the end of October. Soon after that time either harvesting or cold weather will destroy the weevils' food supply.

Objective of the program is to kill a high percentage of weevils in the fall before they leave the fields and enter hibernation sites, thus greatly reducing the numbers available to infest young cotton each spring.

USDA in late August, following bid invitations to aerial applicators all over the nation, awarded contracts to the two lowest bidders. One will operate in Unit I, flying from a base in Matador. The other, in Unit II, will be based at Spur.

Successful bidders this year were Pedigo Flying Service of Silverton, Texas, and Kimmel Flying Service of Houston, Miss. The two contracts were let for an average of \$2.26 per gallon of insecticide, which Dean calculates will result in a per-acre cost of just over 21 cents, slightly below the 1977 cost.

"Understanding A Growing Community"

The Big Plus Share Loan*

The Easy Way Of Borrowing Money

First Federal offers its customers an option of easily borrowed money at a low interest rate:
The BIG PLUS SHARE LOAN is designed to meet your expenditure needs without having to exhaust your savings account:

- Money for Emergencies
- Money for Enjoyment
- Money for Necessities
- Fast Money When You Need It

Characteristics of the BIG PLUS SHARE LOAN:

- **Maximum Loan:** Up to 90% of your Savings Account
- **Term:** Up to 1 year, renewable annually
- **Repayment:** Required interest payment every 3 months. (Interest is 1% above earning rate of savings account.)

Example: (If a loan was secured on a passbook savings account earning 5 1/4% compounded daily, the interest would be 6 1/4% per annum)

If you desire you can borrow up to 90% of the amount in your savings account, using your account as collateral. This way, although you receive the cash, your account is undisturbed and continues to earn the full interest on the full amount.

Your repayment cost is principal plus 1% above the earning rate of your account.

Sound easy? It is!
Stop by First Federal and we'll give you the facts.

Mules Tale Salutes Senior Football Players

Auto Mechanics Off To Good School Year

The 78-79 Auto Mechanics class is off to a great start. This year there are six girls and nineteen boys enrolled in the class. They are all proud of having six girls in the class, which is more than they've ever had before.

The students are anxious to get to learning about how to work on engines and vehicles. They will also train in leadership and management, under the expert guidance of Walter C. Shain.

All students work on live projects (vehicles and engines) which come to the shop at the High School for

repairs. Students have a greater interest in their work, by working on live projects as opposed to mock-up or teaching aides. Joe's Garage has donated a '72 Chevrolet pick-up to Auto Mechanics. They are really grateful to him, because they needed some parts, which could be salvaged from it. Joe has also donated a 428 Ford irrigation engine, which Auto Mechanic students are re-building. He is furnishing the parts required to do so.

If they sell the engine, the money made from it will go to the VICA fund. All money-making projects are confined to the class working on vehicles and engines.

All of the students will work on a project of their choice, on which they will demonstrate their writing skill as well as their mechanical ability.

Students belonging to VICA (state and national) will enter their projects in the area meet. It will be held in Lubbock, later in the year. After the area meet, there will be a state meet in Houston, which all students hope to attend.

Little Mules Down Tulia By 8 - 6

The Little Mules of M.H.S. traveled to Tulia last week and fought it out with the Hornets in one of the most defensive games that a fan could hope to see. The Little Mule defense fought a physical Tulia team to a 0-0 deadlock at half time, while the offense was more or less stifled by the Hornet defense.

The second half saw the offense move the ball much better, but they still could not get a sustained drive going. Then the Hornets struck paydirt with 3:54 to do in the third quarter, but the defense showed its character by stuffing the Hornets on their stingers when they attempted to run across the extra points. That is the way the score stood 5 minutes into the fourth quarter. The Little Mules turned the ball over to Tulia on their own 47 at that point. The defense was called upon again to put out the fire, and that they did. With hard hitting that is becoming so characteristic of that group, they caused the Hornets to cough up the ball. The offense took the ball then, and after losing 1 yard on 3 plays, Monty Hysinger then connected on a 45 yard T.D. pass to Ronnie Angeley. Hysinger then connected with Trent Kirven in the back of the end-zone on a pass for two points which proved to be the difference in the game.

The game was not over, however, until the buzzer blew. The Hornets fumbled the kick-off after the touchdown, and the Little Mules recovered. The offense then went in and picked up a first down and ran out almost 4 minutes of the clock in eight plays. Then the defense came in and sounded the death knell for the Tulia Hornets, making the final score, 8-6.

J.V. Players Beat Tulia Slim 15 - 14

On September 21, the Muleshoe J.V. had it's third game of the season, against the Tulia Hornets at Tulia. The Mules won by a score of 15-14.

On the third play of the game, after breaking his helmet, Charles Walker entered the game and ran for a 65 yard T.D. and Cody Crittenden kicked the PAT. The Hornets scored, but the Mules defense held them on the try for two points.

The Hornets scored again and the score was 14-6 until late in the 3rd. Charles Walker then scored again on a 60 yard TD run. Crittenden kicked the PAT to tie the game at 14 all, but Tulia was off sides, so the penalty moved the ball one and one-half yards from the goal line. The Mules went for two points and took the lead 15-14.

The defense then made two great goal line stands that allowed us to hold on to the win.

Our players were a little flat after last week's game with Lazbuddie, but when the pressure was on in the 4th quarter, they really responded. The outstanding defensive player was Mike Mills with two interceptions. The outstanding offensive player was Wesley Rasco who played very well in the second half, destroying Tulia Middle linebacker. Charles Walker had well over 200 yards in the game.

CHARLES BRISCOE

Best of MHS

Charles Briscoe's defensive play in the Tulia game; Muleshoe 21, Tulia 0; earned him the "Best of MHS" award this week. Congratulations to Charles on his first of the game 68 yard punt return.

Charles, a senior, is the son of Ms. Pearl Johnson. Charles is active in F.T.A., sports and drama.

When asked to comment on the football team he replied, "The football team has great leaders and players along with a terrific coaching staff. I believe the team will prove that we are champions, if we keep up our unity and stay healthy."

Light is to reading what facts are to intelligence.

Mulette Maneuvers

With the football season almost half over, the Muleshoe High girls continue to work hard in preparation for the oncoming basketball season. Coach Brandon reports, "We have a large number of players out and a good nucleus of returning players to build on."

At this time, offensive and defensive fundamentals are the main order of the day in preparing for the 5 player game this year. Conditioning will be important also, and I'm very pleased with the girls attitudes and their will to work. It has been great and I appreciate each girl's effort!

HERO Hoopla

This week, the HERO chapter would like to recognize two outstanding HECE I students.

Linette Newman is the sixteen year old daughter of Mr. and Mrs. Bobby Newman. She is a member of FTA and Band. She is the secretary for the HERO organization. Linette works at Bob Stovall Printing and has been employed there for five months. She says, "HECE-HERO is a very good organization. It seems to really get you started working and it gives you an idea of what it is like. You are able to learn just that much more about your job."

David Flowers is the 17 year old son of J.M. Flowers and he says he really enjoys being a HERO member. David has been employed at Piggly Wiggly for five months. Congratulations to these students!

LINETTE NEWMAN

DAVID FLOWERS

Coaches Comment

As we take a week off, I would like to commend the football players and coaching staff for a great effort in making the Mules 3-0 so far this year.

We would like to thank everyone involved for their support of our football team the past three weeks. We are very proud to say that we are undefeated and because of the fans' spirit, it makes it more important to us. We now have a seven game winning streak at home since we defeated Tulia 21-0.

I believe we are improving every day, as we must to compete for the district 3AA championship. Mule Mania is spreading rapidly through the high school and town, so lets get excited and defeat Abernathy.

Julie Barnhill Named New FHA President

Future Homemakers of America selected officers for the 78-79 year during the past week. Members were allowed to sign up for the office of their choice and by secret ballot the following officers were elected from the upper classes: President - Julie Barnhill, First Vice President and Program - Tena Landers, Growth Chairman - Tammy Webb, Projects Chairman - Juanita Lozano, Recreation - Melissa Allison, Publicity - Carrie Hall, Secretary - Gina Angeley, Treasurer - Carla Shafer, Historian - Deborah Stevens.

Junior Varsity Volleyball Girls Defeated

The girls' Volleyball team traveled to Plainview this past Monday for a tough game of action. This was the Junior Varsity's first game of action, and they competed very well against the Plainview Bulldogs. They were defeated by a slim margin of 13-15 and 12-15. The girls representing the Junior Varsity were Sandra Palomin, Betty Manganare, Irma Daniel, Beatrice Reyner, Debbie Reyna, Yolanda Garcia, Juanita Lozano, Sylvia Hodges and Delores Flores. The Junior Varsity's next ballgame will be Monday at 6:30 against Farwell Varsity team.

The Varsity team was also defeated Monday by Plainview. They worked hard against the Bulldogs but were not able to defend their tough offense. The Varsity girls will travel to Denver City for a tournament Sept. 29 and 30. The girls will play Dunbar, a school in Lubbock, for their first game.

School Pictures

Individual pictures will be made of all high school students Tuesday morning, October 3, at 8:30 a.m. in the high school auditorium. Students are encouraged to have their pictures taken because a package will be available which is ideal for exchange among students. Also, the company will furnish a black and white glossy of each student to the annual staff for use in the 1979 Muletrain.

TWIRP Week Plans Made; Rules Given

The FTA will sponsor their annual Twirp Week, October 2 through October 8. The week starts off with the Powder Puff game Monday night at 7:30. Admission for the game is \$1 per person. The coronation of the Kings and their escorts will be at half time.

During Twirp week everyone must abide by these rules:

1. Boys cannot talk to girls unless they buy a permit first.
2. Girls must walk boys to class and carry their books.
3. Girls must ask boys for dates. They must also drive and furnish everything.
4. All girls playing in the powder puff game must have dates to the game.
5. Boys cannot take girls to school.

If any of these rules are violated the students in violation will be subject to Kangaroo Court.

Why is it that most people get so excited over nothing?

The Mighty Mules are off to a good start, having defeated all their opponents to date under the leadership of head coach Mike Wartes, Mike Mayberry, Ruben DeLeon, Steve Taylor, Don Eiland, Randy Crook, Ronnie Jones, Robert Brandon and Roger Morris.

The senior players have led the team in spirit and enthusiasm. The Mule's Tale salutes the Senior players and will be following them to state.

Jeep Shanks, a running back for the Mules, is the 17 year old son of Mr. and Mrs. Gerald Shanks. He is active in F.T.A., Student Council, N.H.S. and all sports. He commented, "We have worked extremely hard this year getting to be 3-0. With the great character of our team and the willingness for continued hard work, we could possibly be the best team in Texas, come playoff time."

Larry Hooten is the 17 year old son of Mr. and Mrs. Robert Hooten. He plays corner and is a member of F.T.A. and Student Council. He had this to say, "I believe that if we keep working hard and keep a good attitude that there is no limit to how far we can go this year."

Wayne Ware plays defensive corner for the Mules. He is the 17 year old son of Mr. and Mrs. Wayne Ware. He commented, "We have a great coaching staff and a great team going for us this year. If we put our potential and ability together we will be #1. We are #1!"

Timmy James is the 17 year old son of Mr. and Mrs. Willy James. Timmy plays split end and is in F.T.A. and enjoys all sports. He commented, "We have a great team and if we keep the good efforts and keep pulling for one another we will end up on top."

Doug Cowan is the center for the Mules. He is the 17 year old son of Mr. and Mrs. Harold Cowan. His activities include Student Council, F.T.A. and Annual Staff. He had this to say, "I think what the '78 Mules have is great. It is something that not everyone gets to have. I feel that we will take advantage of this with the hard work and dedication this team has. We will continue our winning ways."

Dan McVicker is the 17 year old son of Mr. and Mrs. J.E. McVicker. Dan plays defensive tackle for the Mules. He enjoys football, golf and is in F.T.A. He commented, "I think everyone's effort this year is just super. We have great coaches and great attitudes, but you haven't seen our best yet! We have just begun to win!"

Jerry Wheat is the 18 year old son of Mr. and Mrs. Dwan Wheat. He plays tight end. He likes all sports and commented, "I think we will have a great year. We have the greatest coaches around. We also have the greatest cheerleaders and fans. If we continue working hard, we will win district and State too."

Dave Poyner, 17 year old son of Mr. and Mrs. Paul Poyner, plays linebacker and defensive end. Dave is

Student Council

Student Council met Tuesday, September 26 to continue their plans for the Ex's tea to be October 13. Committees were set up and a food list was passed around to all people wanting to bring food. Also committees were set up to re-write the Student Council Constitution.

A decision was made on the entertainment for next year. It will be a pantomime skit.

The District XVII president of F.T.A. and a member of the Blackburn - Moore F.T.A. Chapter. He participates in Speech as a debater. Dave said, "I think that the Muleshoe Mules have the best coaches and cheerleaders in the country; and with the confidence and enthusiasm on the team, we won't be stopped until the State championship!"

George Villareal is the 18 year old son of Mr. and Mrs. Jose Villareal, Sr. He plays defensive end and kicker for the Mules. He is in football and track and comments, "I think the team is doing a super job. The offense is doing a good job moving the ball. The defense is doing a super job keeping the other team out of our own goal line; but then we still need to improve and keep getting better to reach our main goal: to win district, and that means take one game at a time and then we can go all the way to State!"

Brent Burrows, defensive corner for the Mules, is the 17 year old son of Mr. and Mrs. Olan Burrows. His activities include Speech, F.T.A., snooker and needpoint. He commented, "This is the year of Mule Mania!!! A lot of people are just now understanding what that means. It means that no team can work harder, play harder, have more pride or be more enthusiastic than the 1978 Mules. Therefore, there isn't any team that can beat the Muleshoe Mules."

Marty Livingston plays defensive tackle for the Mules. He is the 18 year old son of Mr. and Mrs. H.E. Newsom. Besides football, he is involved in F.T.A. He had this to say, "Our team is getting better all the time, but we still haven't made our goal. With the help of our coaches and the enthusiasm of our team we will be there before long."

Keith Hawkins is the 17 year old son of Mr. and Mrs. Eugene Hawkins and plays defensive cornerback. He is the FFA President, a member of F.T.A. and Student Council, and one of the football captains. He commented, "Victory takes hard work and dedication, and sometimes sacrifice, but the rewards are great! It's like knowing you are doing something important for your team and feeling a sense of responsibility and accomplishment. It means doing something you believe in. I know 37 men that are working their tails off. Their dedication is incredible and they will sacrifice anything. We know what it takes and we love it!!! Thanks for your support."

Dickey Suddeth is the 18 year old son of Mr. and Mrs. Dave Suddeth. Dickey plays flanker and is a member of F.T.A. and plays basketball and golf. His comments were, "I think with the attitude we have there should be no reason for us not to enter the State playoffs! If we can keep our team unity we will be hard to stop!"

Mark Harmon is the 17 year old son of Mr. and Mrs. Don Harmon. Mark plays linebacker and is Student Council president, senior class president and is a member of F.T.A. His comments about the team were, "We have a good team this year because we have worked hard. We believe in each other and our coaches, the simple fact is we are Winners!"

Mike Dale plays guard and is the 18 year old son of Mr. and Mrs. Gary Dale. He is active in F.F.A. and F.T.A. He commented, "We work good together as a team. We want to win district, and I believe we can!"

Drama Group Will Produce 'Everyman'

One of the productions being put on by the Muleshoe High School Drama students this year is "Everyman." It is a morality play that was written in the early 1300's. The story concerns "every man" who must face judgment. Before "Everyman" is taken before God, he may solicit his earthly friends to come with him and give evidence of his deeds on earth.

The cast members are Agnes Lopez, Ernie Vela, Lauri Burgess, Janet Shain, Dusty Puckett, Lori Hartline, Adam Larado, Lori Butler, Brian Powell, Tim Sain, Cyndi Ratliff, Vivian Briscoe, Marlin Bynum, Denise Peterson, Kristi Henry, Donna Hawkins and Jeff Meeks.

Steve Turner is the 17 year old son of Mr. and Mrs. Royce Turner. He plays offensive tackle for the Mules and is active in F.T.A., Student Council and FFA. Steve's comments were, "I think if we continue to work as hard as we have these past few weeks, nothing can keep us from winning the district championship!"

Abel Ontiveroz is the 18 year old son of Mr. and Mrs. Abel Ontiveroz. He plays left tackle for the Mules. He is a member of the art club. He commented, "We have a team that is capable of winning the district 3-AA champs. But we have to do it as a team because as the saying goes 'there is no No. 1 in teamwork!'"

Wade Wilson is the 18 year old son of Leon Wilson. He plays defensive tackle for the Mules. Wade is active in F.T.A. and golf. He commented, "We have a good team if we don't let down. It's a tough road!"

Clayton Ramm plays strong guard for the Mules, and is the 17 year old son of Mr. and Mrs. Ernest Ramm. He is a member of F.F.A. and F.T.A. He commented, "We have a lot of team unity among the team and everyone works for the team instead of himself. With this unity, hard work, and dedication we will win district!"

Charles Briscoe, the 18 year old son of Ms. Pearl Johnson, plays free safety for the Mules. He is active in F.T.A., drama and basketball. He had this to say about the Mules, "If the Mules learn a new lesson from every victory, we will prove that we are champions in this sport!"

Gaylon Strahan, a defensive guard for the Mules, is the 17 year old son of Mr. and Mrs. Don Strahan. He commented, "I believe this is the best team Muleshoe has ever had and if we keep up the hard work, we can go all the way!"

Dickey Suddeth is the 18 year old son of Mr. and Mrs. Dave Suddeth. Dickey plays flanker and is a member of F.T.A. and plays basketball and golf. His comments were, "I think with the attitude we have there should be no reason for us not to enter the State playoffs! If we can keep our team unity we will be hard to stop!"

Mark Harmon is the 17 year old son of Mr. and Mrs. Don Harmon. Mark plays linebacker and is Student Council president, senior class president and is a member of F.T.A. His comments about the team were, "We have a good team this year because we have worked hard. We believe in each other and our coaches, the simple fact is we are Winners!"

Mike Dale plays guard and is the 18 year old son of Mr. and Mrs. Gary Dale. He is active in F.F.A. and F.T.A. He commented, "We work good together as a team. We want to win district, and I believe we can!"

Terry Shafer is the 17 year old son of Mr. and Mrs. E.J. Shafer. Terry plays offensive tackle for the Mules. He is active in basketball, track and is a member of F.T.A. Terry comments, "We have the best football team Muleshoe has ever had. The Mules have pride, unity and the winning edge. This will take us to the play-offs."

Monty Jones, the 17 year old son of Mr. and Mrs. Crispin Green, plays defensive corner back. Monty is a member of F.T.A. and runs track.

David Dominguez is the 17 year old son of Mr. and Mrs. Julian Dominguez and plays offensive running back for the Mules.

Senator Tower Speaks For Press Conference

For some months now, my opponent has been waffling on his vote for the AFL-CIO labor "reform" bill. There remains much misunderstanding in many people's minds regarding this bill-and the evidence seems to indicate that it will be brought back in the next Congress. Therefore, labor law "reform" remains a major issue of this campaign. There is a simple question to which my opponent owes the people of Texas an answer.

That question is: If he were presented once again with the labor "reform" bill, would he vote for it again? Or would he participate in a filibuster to kill it?

As George Meany said when we managed to kill the bill for this year in the Senate, "We only had 59 votes and we needed 60." My opponent should clearly and unequivocally state whether he intends to be that sixtieth anti-Texas vote.

It is clear the labor bosses think my opponent will be their 60th vote to pass the bill. As Sherman Fricks, the Secretary/Treasurer of the Texas AFL-CIO, said in the August edition of the "Labor News," "...you all know how important the Labor Law Reform Bill is. We may have lost the fight to pass that bill this year, but that is not the end of it. The fight goes on. Whether we will win depends on who wins at the ballot box."

As my opponent himself said in the June issue of the "Labor News," the union leadership can rely upon him "not to promise what I can't deliver, but maybe to deliver more than I can promise." In that same article, my opponent went on to say to the unions, "If you can give me not just mild support but active support, you're going to have someone who's going to be there when you really need me."

With the vote as it was in the Senate, we can be sure the union bosses would not hesitate to call upon my opponent to live up to his promises when they try to bring that bill back next year.

My opponent has said several false and misleading things about the labor "reform" bill that need clarification. For one, thing, he says now that he did not vote for the bill until it was watered down in the House so as not to impact too severely on Texas.

This is patently false. In fact, there were numerous votes on amendments to that bill in the House. On every one which the unions considered important to

You Have
Don't go around complaining. You have one less leg to stand on when you kick.
-Republic, Marathon, Ia.

their position, my opponent voted the solid union line. This was acknowledged in the "AFL-CIO NEWS" of October 15, 1977, where the six most important votes on labor "reform" were analyzed from the union position, and my opponent's name is clearly set forth as voting for the union position on all six.

Another thing my opponent says is that this bill is of little consequence to Texas, that it merely corrects what he and the unions regard as inequities in the law. The Senate sponsor of the so-called "reform" bill called it "the most sweeping revision of national labor relations policy since the passage of the Landrum-Griffin Act 17 years ago," and George Meany said of it that "nothing is more important to the (organized) labor movement at this point in history." (Valley Morning Star, 5/24/78)

Make no mistake as to what the unions are really after--the repeal of the right to work permitted under Section 14(b) of the

Taft-Hartley Act. Thomas P. Donahue, the Executive Assistant to George Meany, said on August 9,

1977, that "...the decision to put aside, for now, our efforts to repeal Section 14(b) does not mean that we have, in any sense, abandoned that effort." In fact, Meany himself analyzed the so-called labor "reform" bill by saying it deals with approximately half of the union objectives. In House subcommittee testimony on September 8, 1977, Meany said "This is the year to revamp the first aspect of the Act (National Labor Relations Act)...Then let's get on to the second portion of the NLRA--the collective bargaining process, the strike, the picket line, the boycott, union security and Section 14(b)." Another union boss, Winn Newman, the General Counsel of the International Union of Electrical, Radio and Machine Workers, AFL-CIO, called the labor "reform" bill "in fact a limited, minimally acceptable bill."

We can only wonder what sort of deal has been cut between the unions and my opponent, given the clear weight of evidence regarding the intentions of the union bosses to bring back the labor "reform"

bill in the next Congress and to go on to attack the right to work itself. Why does my opponent claim to be for the right to work and say he'll "take another look" at the labor "reform" bill if it comes up again before deciding whether he will vote for it a second time?

The President of the Texas AFL-CIO, Harry Hubbard, has been quoted in his union newspaper that he feels confident my opponent's voting record for the unions will improve if he is elected. Why is he so confident of this? The only conclusion that seems possible is that there is a covert agreement between the unions and my opponent--otherwise, why would my opponent be so strangely silent on this issue?

It is high time for my opponent to answer this simple question:

"If you were elected to the Senate and the labor "reform" bill came up again, would you or would you not vote for it once again? If you would now oppose it, would you participate in a filibuster to kill it?"

The people of this state deserve more than waffling and evasion. They deserve a clear, forthright, unequivocal answer to these questions.

GETTING WITH IT...Hector Orozco, left, levels a long fist to the chest of Raul Garcia, as he counters with a slam at Hector's chin during Golden Gloves practice at 214 East Avenue D last weekend. They are just two of the more than 50 local boys who are participating in the newly reactivated program in Muleshoe.

Smaller Crop Brightens

Cotton '78 Price Outlook

Prospects for a smaller cotton crop than was expected earlier this year have improved the price outlook despite sagging demand.

With deteriorating crop prospects in West Texas and California, U.S. production may be down to about 11 million bales instead of the 11.8 million estimated by the U.S. Department of Agriculture Crop Reporting Board on Aug. 1. The 1977 crop totaled 14.4 million bales.

"The shortfall points to a price level somewhat higher in the second half of 1978 than the average of 49 cents per pound received by Texas producers during the first half of the year," notes Dr. Carl G. Anderson, cotton marketing specialist with the Texas Agricultural Extension Service. "However, supplies are expected to be adequate to meet disappearance. This means that carryover of cotton at the end of the 1978-79 season will be only slightly less than the 5.4 million bales on hand when the season started."

While the close balance between production and takeoff will cause the market price to be sensitive to news about any changes in worldwide production, the overall price increase will likely be small. Due to the sluggish demand, a much larger drop in production than now anticipated will have to develop to trigger a substantial jump in price, believes Anderson.

Even though planted acreage in Texas is close to that of last year, the crop is suffering from lack of moisture and hot weather. So it may fall short of the 3.7 million bale crop estimated by the Texas Crop and Livestock Reporting Service in early August. This compares with 5.5 million bales last season and 3.3 million bales in 1976. However, production prospects are better in other major cotton growing areas.

"The higher price earlier this year has apparently encouraged foreign producers not to reduce cotton acreage as much as planned earlier," notes Anderson. "Foreign production is expected to slightly exceed the 49.3 million bale crop estimated for the 1977.

RECIPE

By Sarah Ann Sheridan

Early apples are beginning to reach the market in some areas. Apples are delicious raw, in salads, with meat dishes, cooked plain and in cakes and pies. A caramel icing blends well with this cake.

Apple Cake

- 3 c grated apple (tart)
- 3 c flour
- 2 c sugar
- 2 eggs
- 1 t cinnamon
- 1 t soda
- 1/2 t salt
- 1 c nuts
- 1 1/2 c salad oil
- 1 c raisins
- 2 t vanilla

Beat eggs and add salad oil, then dry ingredients. Fold in vanilla, nuts, raisins and apples. Bake in greased 9 x 13 inch pan at 325 degrees for 1 hour. Cool and frost with Caramel Frosting.

Caramel Frosting

- 1/2 c butter
- 1 c brown sugar, packed
- 1/4 c milk
- 1 t vanilla
- 2 c or more confectioners sugar

Melt butter, add brown sugar and boil over low heat for 2 minutes. Add milk and bring to a boil. Cool and add confectioners sugar. Add pecan halves to top.

MULESHOE ASSEMBLY OF GOD
517 S. First
Rev. Joe Stone

ESSENTIAL TOO!

The boys on the field are carrying the bulk of the game, but all the boys on the bench are eagerly awaiting their opportunity to get in the game. Some will get to play, others won't, yet each is essential to the team. During practice each week their efforts help build a better team.

To function properly, a church must work as a team. The Pastor and his associates carry most of the load. Many others are needed to help train and teach, or do many other tasks. However whether or not you can serve the Lord in some capacity, *your presence in the worship services does help you and others too.*

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

MHS Debate Team Attend WT Workshop

The West Texas State University's UIL Model Debate was held in the Activity Center Ballroom of W.T.S.U. on Sept. 23. Attending were Mr. and Mrs. Kerry Moore, and debaters Debra Stevens and Scott Baker. Jeff Meeks and Dana Brewer attended as observers.

Elementary

Students

To Watch Play

This year the Children's Theater production is "The Six Who Pass While the Lentils Boil." It is under the direction of Mr. Kerry Moore, and will be put on November 6-7 at 8 p.m. and on the 8th of Sept. at 9 and 10:15 a.m., for grades kindergarten through 8th.

The story is about a queen who steps on the ring toe of the King's great-aunt. Now she must hide to keep from being beheaded.

The characters are Prologue, you, Butterfly and Devicebearer played by Wayne Precure; Boy, by Lupe Rosales; Queen, by Tyree Wagon; Mime by Julius Briscoe; Milkmaid by Carla Shafer; Blindman by Carroll Precure; Ballad Singer by George Vela; and Dreadful Headman by Rickey Carlson. Stage crew and props include Vivian Briscoe - makeup; Christine Vela - lighting; Costumes-Mrs. Dorine Harbin; and Director-Mr. Moore.

MHS Graduate Shows Works To Art Class

Randy Whalin, a graduate of Muleshoe High School, who is presently attending T.S.T.I. in Amarillo, attended all Art classes on Friday, Sept. 22, and gave a most informative and interesting presentation concerning art careers, his school, and various media used. His display proved the excellence of Randy's work.

He is now employed by the Texas Panhandle Library Association in addition to his free-lance work as a commercial artist and his continued studies.

Almost anyone can give advice that is not worth taking.

The debaters left at 8:30 a.m. and debated the Amarillo High team at 10:30. Thirty schools from the West Texas area were represented.

Congressional Candidate Duo Visit Campus.

Just recently the senior class had the honor of hearing both candidates who are running for U.S. Congress District 19.

The Republican candidate, George Bush, spoke on Tuesday. Bush is originally from Midland. He based his platform basically on government spending and inflation. Afterwards he visited on of Mrs. Jean Allison's civics classes, where he was questioned further.

Kent Hance visited M.H.S. on Thursday. Hance is originally from Dimmitt. He bases his platform on agriculture. Hance has had experience in the State Senate.

After each candidate spoke, questions were asked by the students and both commented on the caliber of questions that were asked.

Homecoming Supper Set By HERO

The HERO chapter will be sponsoring a pre-game Homecoming supper Friday, October 13, from 5-7:30 p.m. prior to the game between Muleshoe and Dalou. Tickets are \$3.00 for adults and \$2.00 for children, and may be purchased from any HERO member. Smoked barbecue brisket, red beans, scalloped potatoes, hot buttered rolls, cherry cobbler, iced tea and coffee will be served. Call 272-4360 for delivery and carry out orders. Beat the Wild-cats!!!!

OSHA Barred From Funding Dust Standard

Senate action prohibiting the Occupational Safety and Health Administration (OSHA) from spending funds before May, 1979, to enforce the cotton dust standards was hailed today by National Cotton Council President Lon Mann.

Action came on passage of an amendment offered by Sen. Bennett Johnston (D.-La.) to the Labor-HEW Appropriations bill.

"We are encouraged by passage of the amendment. The Council had applied for a stay of the standards pending judicial review, but was turned down by the Labor Department," Mann stated.

"If the amendment can be retained in the House-Senate conference on the bill, enforcement of the costly and highly inflationary standards will be delayed until the Congress has the opportunity to examine their impact and feasibility," Mann said.

Among co-sponsors of the amendment were Long, Tower, Bentsen, Bumpers, Hodges, Eastland, Bartlett, Danforth, Baker, Sasser, and Ford.

Cotton Check-Off; Profit For Growers

"Cotton producers' per bale assessments for research and promotion are paying off--now and for the future," said Dukes Wooters, president of Cotton Incorporated, at an area-wide growers' meeting to report on the fiber company's progress.

Cotton growers from the area met and talked with Wooters and three other representatives from the Cotton producers' fiber company: Dr. George Slater, vice president of agricultural research and development; Brian Jones,

associate director of textile chemistry research, and Libby Clark, director of public relations.

Cotton producers, Don Anderson of Lubbock, a member of the Cotton Board, and L.C. Unfred of Tahoka, a member of Cotton Incorporated's Board of Directors, served as co-chairmen for the meeting. Anderson cited the federal law that specifically prohibits the use of funds collected from cotton producers for research and marketing to be used to influence legislation. He

added that cotton growers cannot look totally to government programs to achieve optimum prices for cotton or to guarantee them a profitable future in cotton production.

Wooters went on to discuss the growing success of the company's high-cotton program -- Natural Blend [TM] fabrics -- for putting more cotton into men's shirts and bed-sheets. "Cannon Mills has just expanded their 60 cotton/40 polyester sheet line for fall," he reported, "and soon we will have a

major retail chain selling a Natural Blend sheet under their own label."

The planned introduction of a 100 percent cotton no iron men's shirt by Arrow next spring could be cotton's "turning point," according to Wooters.

George Slater discussed the vital importance of another kind of "clean cotton" research needed to solve the byssinosis problem. "The new cotton dust regulations make it imperative that our research continue in finding an effective means of con-

trolling dust from farm to mill," he asserted. Cotton Inc. has invested more sinosis research.

Meanwhile, Slater continued, cotton farmers are seeing their costs of production reduced and their yields improved as a result of Cotton Inc. research. The successes of early season cotton amount to a revolution in certain areas, he remarked, while mulling and improved gin feeding systems are saving farmers money.

Libby Clark spoke about the important role local

women can perform for cotton. "Today, it is the consumer who is king," she said, "and cotton women are potentially a valuable consumer force. Women make most of the shopping decisions in this country," she pointed out, "and women in the cotton industry are equipped to take a leadership role in their communities and stores on behalf of their fiber."

Miss Clark discusses retail promotions sponsored by local Cotton Wives organizations in the Cotton Belt.

SALLIE ROBINSON

Sallie Robinson Services Held Last Friday

Funeral services for Sallie D. Robinson, 93, of Muleshoe, and formerly a longtime resident of the Maple community, were conducted at 2 p.m. Friday in the First Baptist Church in Morton, with Rev. Paul McClung, pastor, officiating. He was assisted by the Rev. Alfred Richards, a Baptist minister from New Deal. Burial was in Resthaven Memorial Park in Lubbock, under direction of Singleton-Ellis Funeral

Home of Muleshoe. Mrs. Robinson died at 6:25 p.m. Tuesday in West Plains Medical Center in Muleshoe following a lengthy illness.

Mrs. Robinson had moved to Muleshoe from Maple nine months ago. She was born in Atlanta, Tex.; and had lived in Maple for the past 25 years, moving there from Frederick, Okla. She was a member of First Baptist Church. Survivors include two sons, Robert Sanders, Muleshoe and Harold Sanders, Aiken, S.C.; two daughters, Mrs. Helen Robinson, San Antonio and LaVern Self, Hempstead; three brothers,

R.W. Joyce, Shawnee Mission, Kan.; M.E. Joyce, Natchitoches, La.; and E.C. Joyce, Sweetwater; 11 grandchildren and several great-grandchildren.

Louie Baker Buried Friday At Lazbuddie

Funeral services for Louie Baker, 60, were conducted at 2 p.m. Friday in Singleton-Ellis Chapel of the Chimes with the Rev. H.D. Hunter, pastor of the Community Church, officiating. Burial was in Lazbuddie Cemetery under direction of Singleton-Ellis Funeral Home. Baker was found dead in his mobile home at Maple near noon on Tuesday. His death was ruled of natural causes by Bailey County Justice of the Peace K.B. Martin.

He was a native of Lynn, Ark. and a veteran of World War II. He was a welder. Survivors include a brother, Burl, of Lovington, N.M.

W. Michael Blumenthal, Treasury Secretary, on tax cut: "I hope the committee will not let its enthusiasm run away and report out a bill that is too big."

Harold Brown, Defense Secretary: "If the Navy keeps building a small number of very expensive ships, it won't be able to do its job."

Local Resident Mother Dies At Levelland

Sarah Addaline Lee, 84, of Levelland, mother of Wylie Lee of Muleshoe, died at 6:15 p.m. Monday in Roberts Nursing Home in Morton. Funeral services were conducted at 2 p.m. Thursday in Smith Memorial Chapel in Levelland, with George Hogland, an elder of the Third Street Church of Christ in Levelland, officiating. Burial was in the City of Levelland Cemetery under direction of Smith Funeral Home of Levelland.

Mrs. Lee was a native of Live Oak County and was a member of the Church of Christ. Survivors include three daughters, Merle, Mary Jenkins and Robbie Wood, all of Levelland; three sons, Wylie, Muleshoe; Gene, Kingsland and Billy Dean, Strings; two sisters, Mrs. J.W. Dilbeck, Salinas, Calif. and Mabel Meeks, Round Mountain, Calif.; a brother, Robert Dowd, Redland, Calif.; 12 grandchildren and 19 great-grandchildren.

AMMIE PEARL STACY

Pearl Stacy Rites Conducted At Spur Friday

Ammie Pearl Stacy, 83, a Muleshoe resident since May, died at 11:45 a.m. Wednesday in West Plains Medical Center in Muleshoe following a lengthy illness. A native of Mississippi, Mrs. Stacy had lived in Lubbock for 43 years before moving to Killen prior to moving to Bailey County.

Funeral services were conducted at 2 p.m. Friday in the First United Methodist Church at Spur with the Rev. Archie Echols, pastor, officiating. Burial was in Spur Cemetery under direction of Singleton-Ellis Funeral Home.

Ammie Pearl Stacy was married to Will Stacy on November 3, 1912 in Buckholtz and she was a Methodist. Survivors include her husband, Will; four sons, D.D., Carrizo Springs; D.R., El Paso; W.L., San Antonio and W.O., Copperas Cove; a daughter, LaNelle Stancell, Muleshoe; 14 grandchildren; 21 great-grandchildren and one great-great-grandchild.

New Designs Shown In '79 Ford LTD, Mustang

The all-new 1979 model Ford LTD and Mustang are now on display at Muleshoe Motor Company at 1225 West American Blvd.

Ford Motor Company invested more than \$1.2 billion to redesign and re-engineer its full-size and sporty specialty car lines for 1979--the first time in 14 years that Ford Division has introduced two entirely new and different domestic car lines during a single calendar year, according to Robert Hooten, owner.

Only the ninth all-new full-sized Ford in the company's 75 year history, the redesigned LTD has more head room, leg room and shoulder room for 1979. There is a full range of two and four door sedans and station wagon models with the LTD's traditionally long list of optional equipment choices.

Standard LTD sedans and station wagons have single rectangular headlamps, while top-of-the-line LTD Landau models and Country Squire station wagons are distinguished by a unique grille treatment with dual rectangular headlamps. All models continue to offer a high level of standard equipment including power steering, power front disc brakes, steel-belted radially ply tires, an automatic transmission and V-8 engine.

"The 1979 Mustang is a fun-to-drive car with body-styles, options and performance features that will appeal to a variety of new-car buyers," Hooten explained. "It is one of the most versatile cars we have ever offered, and is sportier and roomier than last year's models."

Offered in two and three door body styles, Mustang has four engine choices including a new turbocharged 2.3 liter power plant, and a long list of convenience, decor and functional equipment options.

Several trim and equipment combinations are available, including top-of-the-line two and three door Ghia models and a sporty three door Cobra. All models are fully instrumented with a tachometer, trip odometer and gauges for fuel, temperature, oil pressure and alternator. Rack and pinion steering, front disc brakes, a front stabilizer bar and new

strut type front and four bar link and coil rear suspension systems are standard.

Built on a 100.4 inch wheelbase, the "new breed" of Mustangs is only four inches longer than its predecessor, but has 20 percent more interior room. Back seat passengers gain the most, including five more inches of leg room. Two door models carry a full 10 cubic feet of trunk space and three door models have a cargo volume of more than 32 cubic feet.

"The LTD and the Mustang will be our one two punch in 1979," he said, "but we are equally excited about some of the changes that have been made to the Pinto and Thunderbird."

Pinto has undergone major styling changes both inside and out for 1979. Sedans, three door Runabouts and station wagon models all have a new front-end design including rectangular headlamps and a new hood, grille, fenders and bumpers. Inside, there's a new instrument cluster with large, rectangular pods housing European-style warning lamp indicators, a miles and kilometers speedometer and the fuel gauge.

A new Cruising Package for three door models and new ESS option groups for sedans and Runabouts are added to a long list of appearance and equipment features designed for an expanding youth market.

Pinto is offered in four basic models with a list of more than 60 options. The Pinto Pony--a two door sedan--is Ford's lowest priced car. There also are Pinto sedan, three door Runabout and station wagon models.

"The Pinto represents an outstanding value for small car buyers, and that is the primary reason why more than 2.5 million Pintos have been sold since the car's introduction," Hooten said. "For 1979, Pinto continues to offer a value packed lineup suited to a variety of lifestyles and budgets, and its sportier design, long list of standard features and expanded list of options should broaden its appeal even more in the years ahead."

The Thunderbird is another Ford Division car line that has received a

face lift for 1979. The standard model, the Thunderbird Landau, and a new top-of-the-line Thunderbird Heritage all have a bold new grille and a redesigned taillamp treatment.

The new Thunderbird Heritage has notable exclusive features including a unique formal padded vinyl roof, two monochromatic exterior paint themes and the extensive use of leather interior trim. Speed control, 36 ounce cut pile carpeting, an AM/FM stereo search radio, power windows, power door locks, a six way power driver's seat, air conditioning and adjustable tilt wheel steering also are part of the Thunderbird Heritage's standard equipment package.

Other 1979 model product highlights by car line include:

FIESTA
Ford Division's fuel economy leader, the German-built Fiesta offers new car buyers the small car look of the 1980's and a sporty image for today.

The front wheel drive subcompact is powered by a 1.6 liter engine teamed with a fully synchronized floor mounted four speed transmission. Driveability is enhanced by rack-and-pinion steering for precise control and a modified MacPherson strut front suspension system for directional stability.

Built on a 90 inch wheelbase, the car weighs less than 1,800 pounds, and is offered as a three door hatchback in four trim levels -- standard, Decor, Sport and Ghia. The Fiesta has several new exterior and interior trim colors, plus a recently introduced dealer installed tape stripe treatment to dress up its lineup for 1979.

FAIRMONT
The 1978 Ford Fairmont is ending its introductory model year as the most successful new car nameplate ever introduced by a domestic manufacturer.

For 1979, Fairmont offers a range of models from two and four door sedans and station wagons to the sporty two door Futura coupe. Fairmont continues to offer crisp, clean lines, mid size roominess at a compact price and fuel economy unsurpassed in its class.

Ford's 2.3 liter four cylinder engine with four

speed manual transmission is Fairmont's standard power team. For 1979, a four speed overdrive manual transmission replaces the three speed manual as a standard equipment with Fairmont's optional 3.3 liter Six and 5.0 liter V-8 engines.

New options include tilt wheel steering, speed control, a remote control decklid release, a premium stereo sound system and performance instrumentation. Power door locks, a flip up open air roof, power windows and a power seat also were added to Fairmont's list of options late in the 1978 model year. New trim options include top-of-the-line Ghia appointments for all models and a new sports group for Futura.

GRANADA
Granada, a car line with looks and features of far more expensive models, offers several new design and technical features for 1979 to enhance its market value even further.

Available in three distinctive series -- Granada, Granada Ghia and Granada ESS -- Granada two and four door models can be readily tailored to suit a variety of buyer preferences.

Four new exterior colors and two new vinyl roof colors have been added for 1979, plus a paint and tape treatment option in five color combinations. Interior trim changes include new sew style seating and all vinyl door trim with carpeted lower panels for the Ghia and models with the Interior Decor or ESS flight bench seat options.

Granada's standard power team combines Ford's proven 4.1 liter six cylinder engine with a new four speed overdrive manual transmission which includes an enclosed single rail shift mechanism and weight saving aluminum housings. A 5.0 liter V-8 and an automatic transmission are optional.

The 1979 model LTD II provides spaciousness with traditional low profile styling in a convenient mid size package.

Seven new exterior and two new interior colors, plus new front and full vinyl roofs are added to the LTD II's appearance choices for 1979. Inside, there are new fabric selections for the LTD II Brougham, and all models have a standard flight bench seat with a fold down center armrest.

New LTD II options for 1979 include a 27.5 gallon fuel tank for extended travel and an AM/FM radio with a cassette tape player.

The LTD II is available in two door hardtop and four door pillared hard top models in two series -- the LTD II and LTD II Brougham. A standard 5.0 liter

BANNER SALES Ford dealers have all-new Mustang and full-sized LTD models for 1979 and are predicting record new-model car and truck sales for the months ahead, according to Walter S. Walls, Ford Motor Company vice president and Ford Division general manager. The division expects to sell approximately two million cars and 1.4 million trucks during the 1979 model year, including 340,000 Mustangs and 500,000 LTDs. The redesigned and re-engineered 1979 LTD (background) has more headroom, leg room and shoulder room than last year's model, and Ford's "new breed" of Mustang offers a variety of body styles and performance features including a 2.3-liter turbocharged engine that is standard on the Mustang Cobra shown here.

V-8 and optional 5.8 liter V-8 (standard in California or with high altitude emission systems) make up the LTD II's power plant lineup.

ON VEHICLES INSPECTED

PHILADELPHIA -- More than three million cars and light trucks in the Pittsburgh and Philadelphia areas will have to be inspected annually for exhaust pollution levels as a result of a consent decree approved by U.S. District Court Judge Louis Bechtel.

You do not have to be present to win.

- New breed.** Mustang '79 has been completely restyled. Totally engineered to be racy, roomy and quick.
- New handling.** With new suspension, plus rack and pinion steering, you get good cornering control, responsive handling and parkability.
- New performance.** Your pick of four spirited power teams. The sporty floor shift 4-speed manual transmission and 2.3 litre engine are standard. Optional power teams are: 2.8 litre V-6 with 3-speed SelectShift and 4-speed manual, 5.0 litre (302 CID) V-8 with 4-speed manual overdrive and SelectShift, and the new 2.3 litre Turbocharged engine with 4-speed manual transmission.
- New economy.** New breed Mustang, up to 190 pounds lighter than last year's Mustang, has been EPA-rated at 00 mpg city, with standard 2.3 litre engine and 4-speed manual transmission.
- New choices.** 2 and 3-Door Hardtops and 2 and 3-Door Ghias, and 3-Door turbocharged Cobra. Each model is also roomier inside, trimmer outside than Mustang was last year.
- Standard feature highlights.** 2.3 litre engine/4-speed manual transmission, floor shift (Turbocharged 2.3 litre on Cobra) • Rack and pinion steering • New suspension • Dual rectangular headlamps • Quarter louvers • High-back bucket seats, vinyl trim • Woodtone instrument panel appliques • Stalk-mounted wiper/washer, dimmer, horn controls • Cut-pile carpeting, and more.

MONEY MAKING FARM TOOL.

It's the soil testing probe. The start of maximum profits from your fertilizer program.

Now is the best time to get soil samples. We are ready to help you get them and have them tested. We can examine the lab analysis together, and arrive at a fertilization program that meets your crop goals.

That way, you won't waste money by applying too much fertilizer; or rob your yield potential by applying too little.

Fertilizer is the single biggest contributor to crop profits. Soil testing is the most important factor in profitable fertilizer programs.

Come in and see us. Or call today for a soil test.

Soil test now. Profit later.

Federal Officials View Pest Programs

Top officials from the U.S. Department of Agriculture and the Environmental Protection Agency took a first hand look last week at Texas' program of integrated pest management and the needs of farmers and ranchers to use some controversial

chemicals regulated by the federal agencies. Dr. Rupert Cutler, assistant secretary of agriculture for conservation, research and education, and Steven D. Jellinek, assistant administrator for toxic substances, EPA, spent two days in West Texas,

talking with scientists, ranchers and farmers and touring rangeland and farms.

Their visit, at the invitation of Dr. Perry L. Adkisson, vice president for agriculture and renewable resources at Texas A&M University, focused on two chemical agents and their use in an integrated pest management program. The two agents are the herbicide 2, 4, 5-T, and sodium monofluoroacetate (Compound 1080).

The herbicide is used as one tool in the control of mesquite and other brush in West Texas. Compound 1080 is used to curtail depredation by rodents on domestic crops and rangeland forage and a coyote predadicide to curb depredations of livestock.

The first day, the officials visited the Texas A&M University Agricultural Research and Extension Center at Lubbock for a morning briefing. The implementation and the research base for the state's pest management programs were explained by Dr. Daniel C. Pfannstiel, director of the Texas Ag. Ext. Serv., and Dr. Neville P. Clarke, director of the Texas Agricultural Experiment Station.

The group then flew to Guthrie, where they conferred with ranchers, farmers and other research and Extension specialists, and toured the Pitchford and 6666 ranches. By helicopter and land vehicle, they saw the conditions the producers face.

Summarizing the tour were Dr. O.D. Butler, associate vice president for agriculture and renewable resources, TAMU; John B. Armstrong, president of the Texas and Southwestern Cattle Raisers Association; Dr. Charles Scifres, professor of range science at TAMU; Dr. Pete Jacoby, rangeland brush control research project leader, TAES, Vernon; Dr. Clarke; Dr. Frank Dost and Dr. Sheldon Wagner, both Oregon State University; and Norman Rousselot, president of the Texas Sheep and Goat Raisers Association.

In a news conference that evening in Lubbock, Cutler and Jellinek noted that their agencies' positions on the chemicals seek to both minimize the cost of brush and predator control for the farmers and ranchers and also protect the health of the people.

Both said the visit was helpful. "We have to make decisions for the lives of people and the livelihood of farmers," Jellinek said. "It helps being able to see what the farmers and ranchers are doing and get their opinions."

He noted that the problem of mesquite on ranges and pastures is apparent and that it is clear that 2, 4, 5-T has been effective in conjunction with chaining, as it has been used in Texas.

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams

TEXAS PRESS ASSOCIATION

AUSTIN — Republicans are fielding a record number of candidates in congressional races.

Highest GOP hopes are pinned on George W. Bush, 31, of Midland, and Tom Loeffler, 31, of Mason.

Bush is running against State Sen. Kent Hance, conservative Democratic nominee for the 19th West Texas district seat held by retiring U.S. Rep. George Mahon of Lubbock.

Loeffler is contesting former State Sen. Nelson W. Wolff of San Antonio, Democratic nominee for U.S. Rep. Bob Krueger's 21st district seat.

Another close race pits Waco oil and gas distributor Jack Burgess, 40, against Democrat Marvin Leath, 46, Marlin banker, in District 11. The seat was held for 40 years by Rep. W. R. "Bob" Poage of Waco.

Some Republicans see an outside chance for Wes Moore of Fort Worth against ultra conservative Democrat Phil Gramm of College Station in District 6 which is being vacated by Rep. Olin "Tiger" Teague.

Still others feel Bill Fisher, 34, of Abilene, could possibly defeat Democrat Charles W. Stenholm of Stamford in District 17 which was repre-

sented by Rep. Omar Burleson of Anson since 1946.

Other Republican congressional candidates include Leo Berman, 42, of Arlington against Martin Frost, 35, of Oak Cliff and Dallas lawyer Tom Pauken, 33, against Rep. Jim Mattox, 35, of Dallas.

Veteran Republican Congressmen Jim Collins of Dallas and Bill Archer of Houston are safe for re-election.

Republicans contested Democrats in 21 districts out of 24.

Tax Repealed

A hundred and twenty five Texas cities notified Comptroller Bob Bullock they will repeal the one per cent local sales tax on residential gas and electric bills effective October 1.

Another 127 informed Bullock they will retain the tax. Some 900 cities levy the local-option, one per cent city sales tax.

Bullock estimated Texas homeowners and renters will enjoy a \$150 million tax break with repeal of the state's four per cent tax on residential utility bills.

The one per cent city sales tax on utility bills will be automatically repealed in all Texas cities effective October 1, 1979, unless they

vote by May 1, 1979 to continue the tax. Cities were given the option of repealing the tax by October 1 this year, the same day the state tax was lifted. San Antonio, Dallas, Fort Worth and Austin were among major cities which voted for immediate repeal. Houston declined to repeal.

Building Sought

The Texas State Department of Highways and Public Transportation again is trying to build a new headquarters in Austin—this time a \$10 million structure in the Camp Hubbard area.

The department several years ago picked a site in downtown Austin south of the capitol and directly across the street from the governor's mansion. Loud protests were raised by conservation and historic groups, claiming the structure would dominate the capitol and increase traffic.

Building plans finally were abandoned on order of the legislature after the site had been cleared. The old site is now a parking lot, with some public park features.

DHPT officials told Legislative Budget Board it will seek a \$10 million appropriation for a multi-story building near where several department units already are located. The department operates from five locations here now—three of them leased.

AG Opinions

The Open Records Act does not require release of names of rape and attempted rape victims. Attor-

ney General John Hill said in a new opinion.

In other recent opinions, Hill concluded:

Statutes do not authorize Gaines County to provide day care to all children, although the county may provide day care to some children, or under some circumstances. Legislation would be necessary to authorize counties to provide general day care services to all children.

A county clerk has a duty to provide mailed written notice to all assumed certificate holders under the Business and Commerce Code, and he is not relieved of the duty by budget limitations. Commissioners courts have a duty to provide adequate funds.

The State Board of Examiners of Psychologists may not require that applicants for certification as subdoctoral personnel have taken coursework from board-certified psychologists.

Courts Speak

The State Supreme Court wiped out an Austin district court finding that dry forces won a June local option election in Abilene.

The Court of Criminal Appeals held that judges in death penalty cases must designate psychologists or psychiatrists for indigent defendants at state expense.

A November 1 hearing has been set in the Supreme Court on the question of whether a bank or a depositor must suffer the loss when a swindler raises the amount of a check.

The high court upheld a Houston court finding that Kroger Company owes \$75,-

000 in damage to a woman held by security guards who thought she stole cigarettes.

The Supreme Court also affirmed Houston Court of Civil Appeals findings that the University of Houston had the right to force retirement of tenured professors at age 65.

Short Snorts

Texas Railroad Commission set the statewide oil production allowance for October at 100 per cent of market demand, with the exception of 10 fields.

The state will take over primary management of \$195 million a year in federal grant funds to finance construction of wastewater treatment facilities.

Applications for permits to drill oil and gas tests in Texas dropped from 17,427 to 14,123 for the first eight and a half months of 1978.

Texas Department of Health reported 396 animal rabies cases. Through all of 1977, a total of 389 such cases were reported.

The 900 cities levying a local sales and use tax received \$70.1 million in September. Income from the levy for the year is \$306.5 million, an increase of 16.3 per cent over the same period of 1977.

The School Land Board and other Boards for Lease will hold an oil and gas lease sale in the General Land Office February 6.

Motor vehicle registration applications for October renewals under the year-round registration system are in the mail.

TOWER TALKS

by U.S. Senator for Texas
JOHN TOWER

Tough Talk on Inflation

WASHINGTON—The President's new get tough policy to battle inflation can't be faulted for its aims.

Few will disagree tough measures are necessary if the Administration expects results on its promises to whip double-digit inflation robbing the purchasing power of every American.

What is troubling about reports on the President's new inflation offensive is its direction. Having tried the voluntary approach without much success, the President apparently has concluded tough measures will center around wage and price "standards." That has a familiar ring to it: the inevitable denials signaling the prelude to wage and price controls.

Should the "standards," or whatever else he calls them, prove ineffective, however, he will have proceeded too far in the direction of controls to turn back, despite word games denying such a progression.

It's hard to imagine a worse eventuality. Wage and price controls, as a means to short-circuit higher prices, have been tried before. Their impact on an economy tied to free market principles, proved unworkable and ineffective. They also proved disruptive. No one was satisfied controls were administered fairly.

But conceding tougher measures are needed to curb inflation raises the question: Are there other options the President might consider? Well, his arsenal is not that limited. He could make headway by training his sights on a few of the real sources, not the imagined ones.

In the construction industry, for example, inflation has soared at near uncontrollable rates. The Federal government itself contributes because the Davis-Bacon Act provides the Department of Labor shall establish "prevailing wages" on all projects involving Uncle Sam.

Davis-Bacon, alone, contributes between 5 and 15% to the excess cost of construction, according to the General Accounting Office. And that amounts to a \$1-3 billion bite out of the taxpayers' pockets annually.

Suspending the Davis-Bacon Act is an option the President has.

While labor wages have increased sharply over recent years, productivity has steadily declined. The gap between the two continues to widen, which accounts for inflation's continued strength in this country.

Extracting a commitment from labor unions to accept pay increases tied to productivity increases is another Presidential option. It should be pursued.

Scheduled increases in the minimum wage and in social security taxes contradict the Administration's aims to hold down inflationary trends fostered by government.

Postponing these increases, set for January, as many of us have urged, is an option open to the President.

The Administration has criticized government for unnecessary costs to taxpayers. He could join the battle many of us have waged on waste, inefficiency and the expense of regulation—expected to cost taxpayers some \$102 billion next year—by pledging his support for measures giving Congress strengthened oversight over the executive agencies responsible for unnecessary regulation and cost.

Realistic monetary and fiscal policy, instead of reliance on deficit spending, would help tremendously. Coupled with tax reductions to increase investment and stimulate economic activity, they would slow inflation's sharp momentum. These are options he has.

Clearly, several approaches to stemming inflation are available. Measures which force us in the long run to rely on wage and price controls shouldn't be considered among them.

Muleshoe Motor Co.

Introduces . . .

1979 Ford LTD.

A new American road car.

- More hip room
 - More leg room
 - More acceleration
 - More economical to operate
 - More handling ease
 - More visibility
- ...than last year's Ford LTD!

Friday, Oct. 6th

New 1979 LTD, engineered to be a new American road car, meets today's driving demands. With more room, acceleration, handling ease, and visibility than last year's LTD.

More room. LTD's totally new design offers full-size comfort on long trips. With more hip room, legroom, shoulder room, trunk space than the '78 LTD. Official U.S. Government figures show LTD with more interior room than any other full-size, comparably priced car. Yet it's easy to handle, easy to park.

Economical to operate. A reduced maintenance schedule helps keep operating costs low. And LTD's standard V-8 engine has been EPA-rated at 00 mpg city.

Easy handling. LTD's new suspension system helps give you the maneuverability and handling ease you look for in a full-size car.

Comfort. The new Ford LTD combines the room and riding comfort of some of the world's finest cars. Come in today and see why we call LTD a new American road car.

Welcome To Muleshoe

Mr. and Mrs. John Riley, Jeremy & Michael

This week we welcome Mr. and Mrs. John Riley to Muleshoe. Riley came to us from Amarillo where he was associated with Chrysler Coop. he is now associated with Muleshoe Auto Parts. John & Sue have twin sons, Jeremy and Michael, 2 years old. As hobbies they both enjoy fishing, water skiing and hunting. They now reside at the 14th Street trailer park.

New Mercury Marquis Heads Lineup For '79

The 1979 model year will mark phase two of a massive re-engineering of Mercury products with the introduction of the all new Marquis and Capri. Phase one was initiated last year with the 1978 Zephyr. The Marquis and Capri offer increased vehicle agility and fuel economy with a new four-link coil-spring rear suspension and a new lightweight cast center-section rear axle. The introduction date for all 1979 Mercury products is October 6. For 1979, the Marquis, available in two-door, four-door and station wagon versions, is the showcase car marking the 40th anniversary of the first Mercury model. The car will offer engineering advances in body, chassis and engine design. There are 25 models in the six car lines for 1979—eight models in the Marquis line, three in the Bobcat and two in the Monarch line, four models are available plus two ESS options and in the Cougar line there are three models and a Brougham option. Throughout the Mercury line, technical improvements have been made. There has been a weight reduction in most 1979 engines through the use of lightweight materials. The four cylinder 2.3 liter (140-CID) 2V engine, standard on the Capri, Zephyr and Bobcat, features weight reduction and ignition refinements while the 2.8 liter (170.8-CID) 2V engine available on the Bobcat and Capri offers a new design camshaft with extra power for passing and climbing. The 5.0 liter (302-CID) engine is optional on the Capri, Zephyr and Monarch and standard on all Cougar and Marquis models, except the Marquis station wagon in California. New on the electronic scene for 1979 is a second generation of electronic engine controls, EEC II, standard on the Marquis optional 5.8 liter (351-CID) engine. Other advances include a fully electronic AM/FM stereo search radio with Quadra-sonic-8 tape player, an electronic digital (date/elapsed time) clock and a more sophisticated speed control including a

"resume" feature. Following is a rundown on what is new in the Mercury car lines: **CAPRI** The Capri will feature a blend of European and American automotive styling and engineering for 1979. **BOBCAT** The 1979 Bobcat, sports its first major styling changes since its 1975 introduction, featuring revised front and rear end treatments plus several new options and functional improvements. The Bobcat's front-end restyling includes a bright sloping vertical theme grille and single rectangular headlamps, a new more-sloping hood and a bright bumper with black rubber end caps. The rear end is highlighted by new horizontal tail lamps on the three door model, with the station wagon retaining its three pod vertical taillamp configuration. The Bobcat, available in the standard three door runabout and station wagon and the Villager station wagon, will offer five new body colors and two new interior colors. **MARQUIS** The 1979 Marquis offers a multitude of state-of-the-art engineering advances in body, chassis and engine design. While the car is 17 inches shorter and more than 800 pounds lighter than its predecessor, it has room for six persons, a spacious trunk and is more fuel-efficient. Despite its trimmer exterior, the 1979 Marquis will have more usable interior space than its predecessor. As in 1978, the new Marquis will include three series, the Marquis, Marquis Brougham and Grand Marquis, available in two and four door versions and a four door Marquis station wagon. Standard equipment includes automatic transmission, solid state ignition, power steering, power brakes, concealed electric windshield wipers, a day night rear view mirror, a Flight Bench front seat and a deluxe sound insulation package. **ZEPHYR** Entering its sophomore year in the Mercury line is the Zephyr equipped with functional refinements and a broad new array of options for 1979.

A new four speed overdrive manual transmission will be standard with the optional 3.3 liter six cylinder and 5.0 liter eight cylinder engines. Another power team offering will extend the 3.3 liter engine availability to station wagons with the California emissions system. Power seats, windows and door locks, and a flip-up/removable Moonroof, all introduced as optional equipment during the 1978 model year, will continue to be available on the new Zephyr. New items for 1979 will include speed control, a tilt steering wheel, an electric trunk lid release and performance instrumentation. The last

option will include a tachometer, trip odometer and engine gauges. The Zephyr is available in seven Models: Two and four door sedans both in the base and ES type entries, a Z-7 Sports Coupe and two four door station wagons. **MONARCH** The new Monarch features numerous mechanical refinements, black out grille treatment on all models and significant interior trim revisions within its major option groups. The 1979 Monarch is available in two door and four door base and Ghia versions with an ESS option. New in Monarch's me-

chanical refinements will be a single rail shift design on the standard four speed manual overdrive transmission, also available in Zephyr and Capri. **COUGAR** The 1979 Cougar line will retain its mid sized dimensions, and the top-of-the-line Cougar XR-7 model will be enhanced with subtle styling changes. Cougar includes base two and four door models and a two door XR-7. The Cougar Brougham is an option. The XR-7's grille will sport a body color tape treatment and black and bright accents. Rear-end styling is revised with new wraparound taillamps. The XR-7's Chamois Decor Group option will be available in a second interior-trim combination for 1979. Heading the list of options will be a modified long range fuel tank, increasing capacity 28 percent to 27 gallons.

Sodseeding Can Stretch Pasture

Overseeding pastures with winter grasses can provide for additional fall, winter and early spring grazing. But producers should carefully consider all aspects of sodseeding or overseeding before investing time and money. In the sodseeding process an annual grass or legume is seeded into an undisturbed perennial grass pasture. The key aspect of this planting is that the base or permanent pasture is not greatly disturbed, points out Don Dorsett, forage specialist with the Texas Agricultural Extension Service. The most common sodseeding operation is to seed a winter annual grass or clover into a bermudagrass pasture. "With sodseeding, the land is used during a normally unproductive period, usually winter," contends Dorsett. "Other advantages are that sodseeding extends the green grazing period of a pasture by providing high quality winter annuals. Land preparation costs are minimized, and by applying fertilizer, the permanent pasture is usually improved. An additional advantage is that animals do not bog down as readily in sodseeded pastures in wet weather." On the other hand, there are also some disadvantages of sodseeding. "The success of sodseeding depends on both fall and spring rainfall. Since the grasses are generally planted late, they furnish only limited fall and winter

HEAT PUMP

"THE ELECTRIC SAVINGS MACHINE"

SAVING FOR THE FUTURE

Coin banks help teach children how to save for the future. You can save for the future, too, with the electric heat pump. That's why we call it the electric savings machine. This efficient heating/cooling system can deliver as much as two units of heat for every one heat unit of electricity it uses. But the savings don't stop there. With fuel costs expected to rise during the next two decades, the electric heat pump is a smart investment that will save energy today and in the future. It's never too soon to start saving... with the electric heat pump. Start today before your future gets here. You'll be glad you did.

CALL US ABOUT THE HEAT PUMP
