

Ike Scores Win In N. J. Election

NEWARK, N. J. — (AP) — Gen. Dwight D. Eisenhower soundly defeated Sen. Robert A. Taft in the New Jersey primary, winning at least 31 convention delegates and cutting the senator's margin in the battle for the Republican, presidential nomination.

Eisenhower's edge over Taft in the preferential vote was moving toward the 141,000 mark today. The count lacking 272 election districts out of 3840, showed: Eisenhower, 339,589; Taft, 204,506; Harold E. Stassen, 19,819.

60 Percent Thus, Eisenhower received about 60 percent of the vote, Taft 37 percent, and Stassen 3 percent.

The Democratic election was a one-man exhibition. Sen. Estes Kefauver, the only entrant in the preferential vote, had nearly 140,000 votes, with 458 districts missing.

New Jersey's convention delegates are not pledged, but Gov. Alfred E. Driscoll recently said they should be "morally bound" by the results of the preferential vote.

Of the 38 GOP delegates, Eisenhower appeared to have won at least 31.

Supporters Four known Taft supporters were elected, however, and two more said they are awaiting complete returns before deciding which man to support.

Stassen, a remote third in the popular vote, saw one of his men elected. Nevertheless, Taft himself and his campaign leaders took a cheerful view today about the results.

"We made a little better showing than we expected," the senator remarked in Detroit, where he is visiting Michigan party leaders.

Red Cross Drive Still Shy Of Goal

Loran Burnett, Red Cross field representative scheduled to meet Tuesday night with the board of directors of the Pampa chapter, was called to the Sioux City, Ia., flood disaster area.

However, five board members met with the executive secretary, Mrs. F. W. Shotwell, to discuss means of raising more funds. The goal was \$12,393.

The chapter is planning to use Pampa radio facilities to publicize its activities. Mrs. Horace McBee volunteered to keep a scrap book of chapter newspaper publicity.

Tentative plans were made to sponsor a home nursing training course for the Negro community.

Mrs. Shotwell reported 18 1/2 hours of volunteer office work in the last two weeks. She said Mrs. Tom Capps will handle posters for the Red Cross fire prevention project.

Lefors District Books Audited

R. C. Wilson, superintendent of the Lefors School District, late yesterday reported the district's books to be in "excellent shape," following a special audit made by an Amarillo accounting firm.

Wilson told reporters the audit was made "in fairness to our school business manager, W. E. James, who was critically injured in an automobile crash last week."

A representative of the firm stated that all tax receipts have been verified, and books properly accounted for all money.

Scout First Aid Meeting Planned

Explorers of the Santa Fe district will participate in a first aid meet at 7:30 p.m. Thursday in the Palm room. Winners will vie in the Adobe Walls council meet Friday.

The Explorers will have 12 minutes to solve their problems in diagnosis and first aid. Judging their efforts will be Bob Baldwin, R. L. Hendricks, Jim Ayres, J. R. Bryant, Clem Followell, Ed Collins and George Boy.

Jay Meador of the Cabot safety department will be in charge.

CAB Attorneys Okay Central Permit

Attorneys for the Civil Aeronautics board recommended approval of Central Airlines renewal application, the Pampa Chamber of Commerce reported today.

However, the CAB has not taken formal action. Central has four flights a day through Pampa. The airline has terminal points in Tulsa, Amarillo, Fort Worth and Dallas. The renewal would be in June 1955 under the recommendation.

TALKING MUSIC — Jack Skelly, left, president of the Pampa Community Concert Assn., confers with Mrs. Raymond Harrish, first vice-president, and Dan Poole, organization director, on the possible program for next season. (News Photo)

Expect Sell-Out . . . Concert Campaign Launched In Pampa

Predictions of a sold-out Community Concert membership of 1200 were made last night at the association kickoff dinner.

Artists will be selected at a meeting at 4 p.m. Saturday in the basement of the First National bank. Officials of the association will then know how much they can spend for talent.

One of their features, the De Pair Infantry chorus, has been selected.

After the dinner meeting in the Parish hall, a movie on the life of Georges Bizet was shown.

Steel Industry Set To Fight Truman's Wage Boost To CIO

WASHINGTON — (AP) — The Truman administration today prepared to go over the head of the seized steel industry and give a wage boost to Philip Murray's CIO steelworkers.

Whatever the terms may be, the steel industry was ready to fight back. Its attorneys had papers already drawn seeking a court order to restrain any payment of increased wages out of industry funds.

An historic legal test was in the offing — a court fight climaxing a titanic economic struggle between one of the nation's biggest industries and one of its biggest unions.

Government-sponsored negotiations between the steel industry and Murray's union collapsed last night, with Secretary of Commerce Sawyer, boss of the steel industry under Truman's seizure, saying the time had come for the government to deal directly with the union.

Government-sponsored negotiations between the steel industry and Murray's union collapsed last night, with Secretary of Commerce Sawyer, boss of the steel industry under Truman's seizure, saying the time had come for the government to deal directly with the union.

Pampans To Attend TFWC Conference

Many Pampa clubwomen will attend sessions Thursday through Saturday of the annual spring conference of the Seventh district of the Texas Federation of Women's Clubs, in Borger.

Two Pampans will take part in the program. Mrs. J. W. Garman, Jr., state secretary of the League of Women Voters, will introduce John Ben Sheppard, secretary of state of Texas. He will speak Friday on "Nature's Agreeable Blunders."

Ben Gull, former Republican congressman from Pampa, will speak Friday on "How to Be Influential in Politics."

Women from 49 counties are expected to attend the conference.

KPs Plan Program Thursday Evening

A dinner - entertainment for Knights of Pythias and members of the order's side degree, the Dokesys, will be held at 7:30 p.m. Thursday at the C. M. Jeffries Trucking Co., 121 N. Hobart.

There was no damage. In another fire, believed started by children, a fire burned on a vacant lot at Malone and Reed streets.

Damage Nil In Two Fires Yesterday

Children playing with firecrackers set grass on fire at 12:30 p.m. Tuesday at the C. M. Jeffries Trucking Co., 121 N. Hobart. There was no damage.

In another fire, believed started by children, a fire burned on a vacant lot at Malone and Reed streets.

Flood Punch Expected In Omaha Thursday

No One Injured . . . High-Pressure Gas Line Explodes West Of Pampa

High-Pressure Gas Line Explodes West Of Pampa

High-pressure gas today exploded the pipeline of the Independent Natural Gas Co. four miles west of Pampa near the Borger highway. No one was injured.

Damage will run into several thousand dollars. The explosion shot out into the air 300 feet and left a 30-foot deep crater. A nearby line, believed to be carrying gasoline, was bent by the blast but did not break.

Skellytown The pipeline carries natural gas from Lefors to the Northern Natural Gas Co. in Skellytown.

The shut-off in gas flow was not expected to interfere with production there.

Hugh Burdette and Gene Green own the Independent Natural Gas Co.

Burdette said the explosion was the first serious one on the line in 20 years. He said he thought the 500-pound pressure was too high.

Eye Witness J. E. Combs, an eye witness to the blast, said he saw the gas shoot into the air. He was gardening at the time.

The Portland Gas Co. is 150 yards west of the site of the accident.

James Brice Killed In Korean War

Sgt. James L. Brice, son of Mrs. H. D. Lisle, 510 N. Reberata, was killed in Korea, the defense department announced Tuesday. Previously he was listed as missing in action.

A member of the 24th division, he was among the first to see action in Korea. He would have been 19 years old April 1.

Other survivors include a sister, Mrs. Eldon T. Bennett of Pampa, and brothers in LaPorte and Victoria, Texas.

Former Red Says Americans Went To Moscow School

LOS ANGELES — (AP) — A group of American Communists who went to Moscow in 1932 were taught proficiency in small arms and machine guns and how to build street barricades and overturn autos and streetcars, says a former party member.

Leonard Patterson, 46, New York Negro and former Young Communist League leader, told the conspiracy trial of 15 California Communist leaders yesterday that the purpose of the training was to make the Americans better revolutionaries.

He testified that one of the persons he recruited for the Moscow trip was defendant Loreta S. Stack. He said she won rifle-shooting prizes at a Communist school and was taught to use a bayonet by Red Army instructors.

The defendants are charged with conspiracy to teach and advocate violent overthrow of the federal government.

Free-Lending Bank Celebrates 60th Birth Anniversary

NEW YORK, April 16 — (AP) — A bank that lends money free and has never turned away an applicant for a loan, is celebrating its 60th birthday — with a loss record of less than 1-4 of one percent.

The Hebrew Free Loan society on New York's Lower East Side lends up to \$500 for six months to anyone who can get endorsements from two reputable business men.

It has loaned \$40 million in its 60 years, paying operating expenses from private contributions. Many of these come from former borrowers.

The 725,000 persons to whom it has loaned money include the ill, the unemployed, students for menial convicts, bankrupts and reformers.

Largest Project . . . Huge Highway Bid On 66 Considered

Huge Highway Bid On 66 Considered

Two construction companies, bidding together before the State Highway commission in Austin yesterday, were low bidders at \$1,560,933.80 for paving 11.9 miles of U. S. Hwy. 66 through the southern part of Gray county.

The firms, Austin Road and Worth Construction Co., were around \$200,000 higher than engineering estimates of the job, reliable sources said here today.

Although they were low bidders, no contract has been awarded yet, the State Highway Department district office in Amarillo said this morning.

The Hwy. 66 job is reported as being one of the largest single projects, in money, ever put up for bids by the highway department, outside of bridges, in its history. It is the largest ever put up for bids in Gray county or the Panhandle.

Local engineers, familiar with the project, said the quantities of material to be used "are enormous."

In the same bidding, yesterday, Betty Braden, Barker and Gilven, were low bidders on construction of approaches and underpass in Amarillo and pavement widening between Grant and Birmingham. The bid went in at \$445,450.

Another project for part of U. S. Hwy. 66, west of Amarillo is expected to be one of 32 jobs up for bidding today before the highway commissioners.

Starting at the Wheeler county line, the highway will be split into two ribbons of concrete and asphalt, providing two-lane, one-way traffic on each. For the most part the east-bound lanes will follow old road except for cutting out two sharp curves. The west-bound lanes will be laid on new ground.

In the meantime prime coats of oil and asphalt were being laid on State Hwy. 70 north of Pampa, by two construction firms, John H. Burkner and Sons, returned to the job north of the city limits to finish paving that sector to the county line — a distance of 4.4 miles. Further north, Cooper and Woodruff, Amarillo, are nearing completion of 12 miles of prime coating.

Shamrock To See Circus May 7

SHAMROCK — (Special) — Al G. Kelley and Miller circus will be in Shamrock May 7, under the sponsorship of the local Lions club.

Lions members are raising funds to complete the new city park which they have been sponsoring for about a year.

Baptists To Hear Missionary Here

The Brotherhood of the First Baptist church will meet Tuesday, at 7 p.m. in the dining room of the church.

Guest speaker for the occasion will be Rev. Clyde Hankins, who recently returned from Brazil, after 10 years of missionary activity there for the Southern Baptist convention.

Rev. Hankins is now supply pastor for the First Baptist church, Dalhart, whose pastor, who headed the convention, is in the city.

Dikes Braced For 31.5 Foot Crest

OMAHA, Neb. — (AP) — The guard was up today against a flood punch hardly anyone thought the mad Missouri could throw. And the river was ready with that punch after leaving much of its valley in misery.

The slashing and tearing river — most savage of several now creating havoc in the rich mid-west area — is due to hit the Omaha and Council Bluffs area early tomorrow with a crest of 31.5 feet, much more than man built his best flood walls and levees to stand normally against the Missouri. The walls were originally built for a 26.6 crest.

To meet the Missouri's mad demand, the walls and levees have been braced by fresh boards, more dirt, sandbags, almost everything that can be estimated, 15,000 workers — army men and civilians — could throw up.

In this area the army engineers have staked a bit and some 31,000 persons have been moved out of sections of Council Bluffs that will be flooded if there is a "blow out" and 5,000 in Omaha. In two bluffs that is thousands of the population.

Scene This is the scene that President Truman will view by air at mid-day as he flies into Omaha. Stevenson issued his statement that he will not accept the Democratic nomination for President.

Stevenson's political plans shortly after his scheduled takeoff over the water in Iowa. He will be a flight to Omaha and a meet with the governors of seven states that have been in on flood conditions.

"I have repeatedly said that I expect to be punished by the Missouri, the Mississippi and other smaller mauling streams. I have repeatedly said that I am a candidate for governor of Illinois, I could not accept the nomination for any other office of the army engineers. I think there's a good chance the Missouri can be handled here. If it can't, then the river has scored its biggest victory for every effort has been made here to stop the marauder."

Manpower Drawing heavily upon the Fifth Army manpower to reinforce the hosts of civilians who answered the call of need, the engineers' chief says he believes the federally constructed works will hold everywhere in Iowa, Nebraska, Missouri and Kansas as the river pours onward.

Gen. Pick sees victory within 48 hours of his prior commitment to run the biggest Missouri flood. He for governor and my desire and white man has ever seen, and the desire of many who have who has already favored areas given me their help and confidence in the Dakotas, Nebraska and Iowa. I could not accept the nomination for any other office of the army engineers. I think there's a good chance the Missouri can be handled here. If it can't, then the river has scored its biggest victory for every effort has been made here to stop the marauder."

Moose Elect Earl Miller As Governor

Earl F. Miller last night was elected governor of Pampa. He will hold the office of governor of Pampa in the organization's annual election in Kansas as the river pours onward.

Other officers elected were: Fred reach for the men and machines, Sloan, pilotate, R. M. Behrman, provided, there is no sudden change in the organization's annual election in Kansas as the river pours onward.

Gen. Pick sees victory within 48 hours of his prior commitment to run the biggest Missouri flood. He for governor and my desire and white man has ever seen, and the desire of many who have who has already favored areas given me their help and confidence in the Dakotas, Nebraska and Iowa. I could not accept the nomination for any other office of the army engineers. I think there's a good chance the Missouri can be handled here. If it can't, then the river has scored its biggest victory for every effort has been made here to stop the marauder."

Upstream, the Missouri has handled the land a terrific trouble, although the loss of life has been at a very minimum. So has the Mississippi in areas in Minnesota, Wisconsin and the church built on the Child City Red River of the North in Minnesota, in which all faiths can worship at the same time.

The new officers will be in Iowa and possibly Illinois cities along its southward route to the sea.

Outside the Omaha and Council Bluffs zone, two of the more closely watched struggles against the waters were at Fargo where volunteers worked in shifts to save the veterans hospital, housing some 200 patients, and at Winona, Minn., where a dike break would flood a third of the city.

In Montana where the Milk river has sent 785 families fleeing, caused an estimated \$2,000,000 damage and flooded 200 acres a new rise was imminent after the Frenchman Creek dam collapsed to send a new flow of water down the creek toward the Milk.

Good fir, 2x4 and 2x6, \$1.25 per hundred. White House Properties. If it comes from a hardware store we have it. Lewis Hardware.

BEN GULL, . . . speaker.

GAS EXPLODES — High-pressure gas ripped a hole in the pipeline of the Independent Natural Gas Co. west of Pampa this morning. Escaping gas and repairs to the line will cost several thousand dollars. No one was injured. Line in background was bent but was not broken. (News Photo)

ROMAN BANQUET — Pampa High school students Tuesday night held a Roman banquet in the cafeteria. Before the banquet honor students sacrificed themselves. Pictured is Marilyn Fitzgerald, who headed the banquet.

Mainly About People

J. A. Miller, recently dismissed from the Austin Texas, is being held by his parents, Mr. and Mrs. Jesse Miller, 1014 E. Denver, during the holidays.

Owner will sell equity in 2 bed room home, 533 Magnolia, N.W. fenced yard, FHA loan call 92-77.

Six Owens' Cafe, 304 W. East, will close Wednesday. Work for opening date at new location, 615 W. Foster, White Way Drive, Inc.

Curb Service at Phaisman Cafe, Amarillo Highway.

The family night social at the Moose lodge scheduled for Friday, a night has been temporarily postponed, it was announced today.

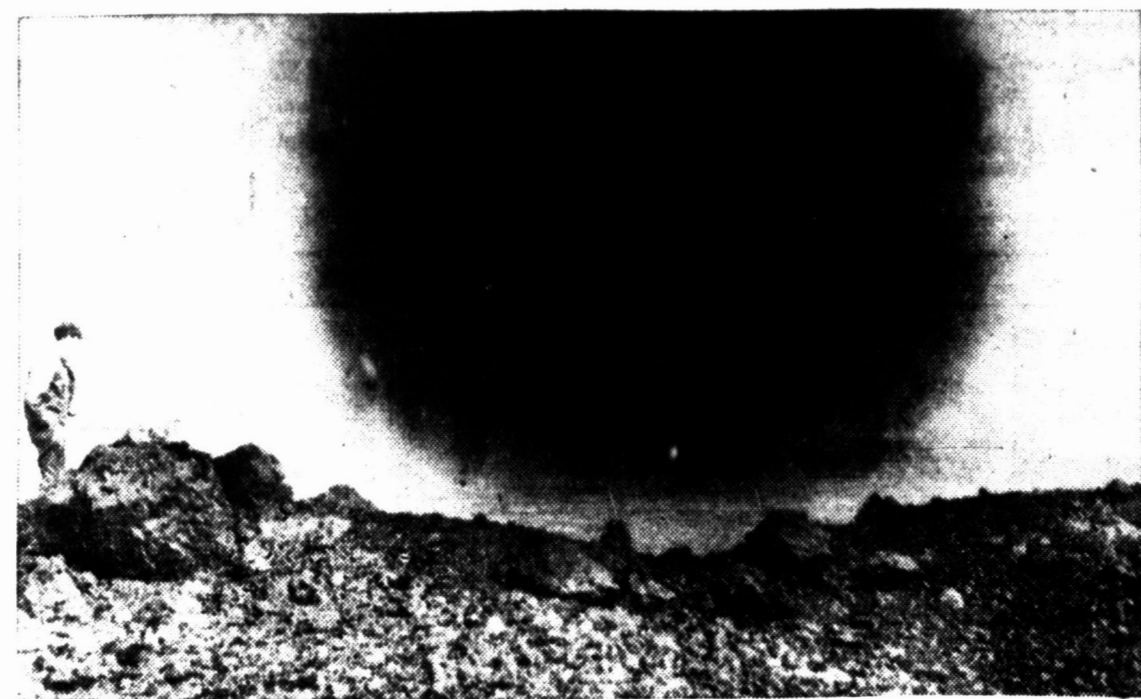

Truman Greet Latin American Ambassadors

WASHINGTON, Apr. 10. — President Truman considers the inauguration of American States Latin American Ambassadors as a step toward the elimination of the barrier to human liberty and happiness.

The President made the statement at a White House reception for the Latin American Ambassadors, who are arriving at the White House today.

Truman personally greeted each ambassador arriving at the newly-relocated White House.

He said the OAS's new chapter, effective Dec. 13, "was a long history of this organization."

SEES DIRT FLY — J. R. Combs heard the mid-morning blast and saw the dirt fly 300 feet after gas exploded in the pipelines of the Independent Natural Gas Co., four miles west of Pampa. The blast left a crater 80 feet deep and 50 feet in diameter. (News Photo)

Shamrock Lions Sponsor Revue

SHAMROCK (Special) — Lions club members here are presenting "Shooting Stars," a musical, at Clark auditorium here April 21-22 for the benefit of the Lions Park fund.

They are bringing Pamela Stone, Kansas City, to Shamrock to direct the program, which will present to be a big TV broadcast.

All the characters will be impersonated by Shamrock citizens. Lions club members have staged other affairs to bring in funds to advance the new city park on West Highway 66.

More Dentists Face Army Call

MILWAUKEE, April 10. — (AP) — The Armed Forces are faced with a shrinking supply of dentists and by July 1 will start calling up those in priority three, says Brig. Gen. Louis Renfrow.

Renfrow, deputy director of selective service, said that the pool of priority one and two dentists is diminishing rapidly. Dentists in all three categories have been trained partly or entirely at government expense and have had less than the required amount of military service after professional training.

"In the next year we not only have to start replacing about 3,000 Armed Forces dentists who have served their time but we also have to start building up to a goal of about 6,500," Renfrow told the Wisconsin State Dental Assn.

Mother Keeps Vigil At Son's Bedside

JOHNSON CITY, Tenn. — (AP) — A soldier son who wasn't expected to live until his mother could arrive showed marked improvement as she kept watch by his bedside.

But 22-year-old Sgt. Irwin T. Sturges was still on the critical list at a veterans hospital here. He was injured Saturday when his car overturned near here while he was on pass from Langley Air Force base, Va.

His mother, Mrs. Lois Sturges, arrived late Sunday after a rail-and-air race from her home at Enid, Okla. Sure that a mother's faith had led her to see her son alive again, she has been at his bedside almost without interruption ever since.

Harvesters Grid Schedule Complete

Pampa Harvesters today completed their football scheduling with the preparation of a contract with the Duncan, Okla., Tigers.

The interstate grid match, the first for the Harvesters in many years, will be played in Harvesters park Oct. 3.

The game was scheduled to replace the cancelled Plainview tilt, Plainview bowed out in order to play Amarillo.

Plainview will have to pay an undisclosed amount for the forfeit, but the school officials believed they could make up the money in gate receipts.

Girl, 11, Given Artificial Arms

COLUMBUS, O. — (AP) — Eleven-year-old Joann McCarty kept swinging her new artificial arms and smiling at how natural they look.

Joann, adopted daughter of her uncle and aunt, Mr. and Mrs. Orville McCarty of Columbus, was born without arms.

The ones a Shriners group gave her have hands for appearance or hooks for utility. Joann must learn to operate the hooks with her back muscles.

That shouldn't be hard for a girl who learned to do most everything with her toes—even threading a needle and feeding herself.

But arms are so much better.

Markets

MARKETS AT A GLANCE

By the AP

NEW YORK — Stocks — lower; bond — lower; calls in supply.

CHICAGO — Wheat — steady to firm; export and new flour business — less to weak; flour — mixed, advanced toward the close.

HOUSTON — 10 to 25 cents lower; top 100 — unevenly strong to 50 cents lower.

KANSAS CITY LIVESTOCK

KANSAS CITY, April 10. — Cattle 5000, calves 1000, slaughter steers and heifers somewhat unevenly but fairly active, mostly steady, cows steady to strong, mainly from dealers and billow calves unchanged; stockers and feeders in choice fed steers largely 20.00-25.00; good to low choice fed heifers 20.00-25.00; utility and commercial cows 20.00-25.00; bulk canners and cutters 20.00-25.00; hogs mostly 24.00 down to 26.50; commercial to choice vealers 27.00-34.00; commercial to choice 27.00-34.00.

Hogs 5000, fairly active, uneven, 15-20; lower, mostly 25; lower than Monday's averages; choice No. 1, No. 2 and No. 3, 20-25; butchers mostly No. 2 and No. 3, 14-15; heavier weight very scarce; choice hickory No. 1, 10-12; hickory No. 2, 7-10; hickory No. 3, 5-7; hickory No. 4, 3-5; hickory No. 5, 2-3; hickory No. 6, 1-2; hickory No. 7, 1-2; hickory No. 8, 1-2; hickory No. 9, 1-2; hickory No. 10, 1-2.

NEW YORK COTTON

NEW YORK, April 10. — Cotton futures turned weak Tuesday under pressure of speculation. The confidence of traders was shaken by the sharp decline in securities, continued poor outlook demand for cotton goods and the reported more harvesters abroad.

Declines in early trading extended to about \$1 a bale. The market then rallied temporarily on active mill buying and short covering, but there was no follow through to the demand with the heavier selling encountered in the reaction to cover a substantial volume of futures against raw cotton operations.

Some cotton prices were 50 cents a bale higher to 20 cents lower than the previous close. May 4.50, July 4.00 and Oct. 3.50.

CHICAGO GRAIN

CHICAGO, April 10. — Grain was inactive at the 10-cash level today and followed an erratic course with the exception of wheat.

Feed grains failed to follow the lead of wheat, and corn worked lower with wheat.

At the 10-cash level, Monday's close, May 1.52-1.53, Oct. 1.27-1.28, lower to 1.26, higher, May 1.24-1.25, lower to 1.23, higher, May 1.22-1.23, 1.24-1.25.

CASH GRAIN

Wheat, No. 1 hard, according to protein and billing 2.68-2.73; Sorghums, No. 2 yellow milo, per 100 pounds, 2.10-2.15.

Nominal cash prices on grain delivered local dealers by truck, were as follows:

No. 1 wheat 2.28

No. 2 yellow milo 2.56

AMARILLO CASH GRAIN

Price, all nominal, quoted by the Amarillo Grain Exchange, based on bids and offers changed as follows: Basis carloads on truck or in storage, freight and tax 100% by Texas common points, interstate rate, or Texas Gulf ports, domestic rates.

Wheat, No. 1 hard, according to protein and billing 2.68-2.73; Sorghums, No. 2 yellow milo, per 100 pounds, 2.10-2.15.

Nominal cash prices on grain delivered local dealers by truck, were as follows:

No. 1 wheat 2.28

No. 2 yellow milo 2.56

102-Year-Old Woman Survives Daughter

WILKES-BARRE, Pa., April 15. — Mrs. Teofila Smatko of nearby Nanticoke, a native of Poland, who came to this country at the age of 2, died yesterday.

Among her survivors is her mother, Mrs. Anna Phlo. Both lost their husbands in mine accidents within a year of each other more than 50 years ago.

Mrs. Smatko was 81; her mother is 102.

Father Vows To Fast Until God Moves In

CHARLESTON, W. Va., April 10. — (AP) — Charles Lovejoy, 22, got a year's sentence in jail for involuntary manslaughter, and his minister-father says he will fast until God is moved on the throne in behalf of my boy.

Papa Works Out Solution To His Telephone Problem

COLUMBUS, Ohio — (AP) — He, moon and pop, been having trouble getting the kids away from the telephone lately? Take a lesson from the Dickinson family of Columbus. They used to have the same trouble. They don't anymore.

Papa (Hal D.) Dickson figured there was only one solution—give the kids their own phone. So he did, complete with private listing in the telephone directory.

The Dickinsons have five telephones on two outside lines. Three of the phones are on the number under Papa Dickinson's name. The other two instruments are for the kids, listed under Pampa's name in the directory as "children's telephone."

"We started this thing five years ago when all seven of our children were living at home," said Mrs. Dickinson. "Five of our children are still here, and are still making a lot of calls."

The Dickinson's monthly phone bill runs to about \$30, but they feel it's well worth it. They've

Shamrock Seniors Plan Senior Trip

SHAMROCK — (Special) — Shamrock high school seniors with a B average or higher will be exempt from the final examinations as in past years, while others probably will be given exams early in order that they can accompany the graduating class on their annual senior trip the final week, May 19-23.

Those who made B or higher took their last six weeks exam week before last and now can ride on in to the cap and gown. Seniors have not decided where they will go on the trip, Jimmy Hefley, senior president, said last week-end. Hefley said the upperclassmen have accumulated a fund of \$600 for the trip, which they hope to augment with a senior play. "The importance of Being Young" at Clark auditorium April 21.

All year long they have sold candy and soft drinks at athletic events, sponsored dances to build up the senior trip fund.

ON BRIDGE • JACOBY

Even Experts Must Guess At Times

By OSWALD JACOBY

From Miami, where an important bridge tournament is being held all this week, comes a letter from a non-expert.

"Please criticize the bidding of the accompanying hand," he writes. "All four players in the game are retired businessmen, and none of us will ever be an expert. Despite our limitations, we try to play seriously, and this hand has upset us."

"Six diamonds was set, of course, since South was bound to win two heart tricks if he just sat tight and waited for the tricks to fall into his lap. But

The Prince Of Make Believe And His World Of Puppets

By HAL BOYLE
CHICAGO — (AP) — One way to success is to conquer the world another way is to build your own private world.

That is the way Burr Tillstrom chose a long time ago, when he was a child. Now at 34 he is America's Crown Prince of Make Believe, and millions share his private world.

It is the mad, wistful, happy world "Kukla, Fran and Ollie," a television show about puppets and people that for five years has been turning children into grownups and grownups into children.

The show has been telecast through more than 1000 performances, and its followers are addicts rather than fans. There are some who firmly believe that "Kukla, Fran and Ollie" have done more for Chicago than even Mrs. O'Leary's cow.

Groups To Honor 106-Year-Old Vet

AUSTIN — (AP) — Thomas Evans Riddle, one of Texas' remaining confederate veterans, will celebrate his 106th birthday at the Texas confederate home for men today.

A party in his honor will be held from 2 to 4 p.m. at the home of Mr. and Mrs. J. A. McCutcheon. McCutcheon is superintendent of the home.

I'm holding out for KASCO. It controls D.O. KASCO DOG FOOD. It's Dog-licious!

Truman To Fly Over Flood Area

WASHINGTON — (AP) — President Truman today asked seven mid-western governors to meet with him at Omaha tomorrow to discuss measures for dealing with the flood emergency.

The White House announced Truman will leave Washington by plane at 7 a.m. (EST) tomorrow for a flight over the flood area. The plan is to land at the Offutt Air Force base south of Omaha sometime between 1 and 2 p.m. (EST) for the conference with the governors.

six clubs would have been set, if West had only passed instead of running out to six diamonds. And five spades would have been set, if West had passed instead of doubling.

"It looks bad for West, but the truth is that nobody at the table had any clear idea of what contract could be made and what man's bluff instead of bridge, and this disturbs us."

"How would the experts handle this type of hand?"

If the experts got off to a bad start, they would probably have to do their share of guessing at the end. An expert West would pass five spades, however, since he would foresee that a runout to six clubs would give him a headache.

The principal lesson for a non-expert comes at North's first chance to bid. If he acts wisely at that time there will be no more guesswork in the bidding.

South's opening bid of three clubs (not a bad idea, despite the fact that the hand is likewise a

legitimate opening bid of one club) indicates a long, strong club suit in a hand that has very little defensive strength. Such a bid usually shows less top-card strength than is required for a normal opening bid of one.

North looks at his own hand and sees that his own defensive strength consists of a possible spade trick. (He can hardly count the ace of clubs when South has announced a very long club holding, and when North also has four in the suit.) In short, North can see at once that his side is practically defenseless against the opponents but that his side ought to have a good play for ten or eleven tricks at clubs.

North should therefore jump at once to five clubs as a combination shot. Such a bid will surely keep the enemy out, and there will probably be a good play for the contract.

Veterans Seal Show As Majors Open Door On New Season; Bums Win

By JOE REICHLER
Associated Press Sports Writer

Who said youth must be served? Apparently that doesn't go in baseball. At least it didn't in Tuesday's major league inaugurations.

Two dozen rookies, the most in more than 20 years, saw action as the 1952 season got underway. And while the majority of them did little more than fight off their nervousness, up stepped the grizzled veterans to steal the show.

Here's how the oldsters practically blanked the youngsters:

Boston — A chilled gathering of 4,694 watched 34-year-old Preacher Roe still the Braves' bats with seven hits as Brooklyn edged out a 2-2 victory. Roy Campanella, Brooklyn's 31-year-old catcher, rapped out three hits, the last scoring two mates to highlight the Dodgers' three-run uprising against southpaw Warren Spahn in the fifth.

Pitchers Duel
Early Wynn, Cleveland's 32-year-old righthander, saddened 25,037 Windy City spectators, outpitching lefty Billy Pierce to give the Indians a 3-2 triumph over the White Sox. Wynn doled out six harmless hits, holding rookie Hector Rodriguez and Bill Wilson to a harmless double.

Detroit — St. Louis unveiled five

freshmen in its opener against the Tigers but it was the pitching of Ned Garver and the hitting of 34-year-old Marty Marion that was responsible in the 3-0 victory over the Bengals. Garver allowed only six singles, one of them to rookie Ben Taylor. He fanned nine. The day's largest crowd, 45,112 including Queen Juliana of the Netherlands — saw Garver help his own cause with two singles.

St. Louis — Red Schoendienst, one of the Cardinals' "old guard" hammered a first inning homer to get the Redbirds off to a lead they never relinquished. Pittsburgh came within one run of wiping out St. Louis' early 3-0 lead behind right-hander Gerry Staley but 37-year-old relief pitcher Alpha Brazie stopped the Pirates cold, retiring the last four batters to give the Cards a 3-2 victory. A night game

crowd of 15,850 saw the Pirates use four freshmen but it was a homer by Ralph Kiner that accounted for the Bucs' first run and a single by the much-travelled George Metkovich that scored the other.

President Pitches
Washington's Walt Droppo doubled in two runs. Ted Williams' triple accounted for the other as the Boston Red Sox shut out the Senators, 3-0. Mel Parnell, the sterling southpaw, issued only three hits as he whipped the Nats for the 10th straight time. They have never beaten him since May 28, 1948.

Rookies Fave Throneberry Jimmy Piersall and Ted Lepia of the Red Sox collected two hits among them but the most notable achievement of this trip probably was Lepia's catch of the first ball tossed out by President Harry S. Truman.

Incidentally, the President also is a veteran. It was his seventh and probably his last presidential toss. A crowd of 25,869 attended.

Cincinnati — Four rookies appeared in the lineup — two each for Chicago and Cincinnati — but it was a third inning grand slam homer by 23-year-old Hank Sauer and a run-scoring pinch hit single by 31-year-old Gene Hermanski that enabled the Cubs to beat the Reds, 6-5, in 10 innings.

Blustery, cold and wet weather ruined the opening day attempts of the New York Giants and Philadelphia Athletics. Weather permitting, the Giants will inaugurate their season tonight against the Philadelphia Phillies while the Athletics will stick to daylight with the New York Yankees as their opponents.

Jim Melton Hurls One-Hitter As Fort Worth Blanks Dallas

By CHARLEY ESKEW
Associated Press Sports Writer

Fort Worth banked on the one-hit pitching of 21-year-old James Melton. Shreveport went on a 15-hit rampage.

Last night, Fort Worth blanked Dallas for the second successive

time, winning 5-0. Shreveport pushed 10 runs across the plate in the second inning to whip Beaumont 12-4.

The other two games were typical Texas League hurling duels: San Antonio stopped Houston 4-3 and Tulsa nudged out Oklahoma City 3-1.

Bloop Hit
Only Dallas' Clyde Perry, ordinarily a weak hitter, could get a hit for Fort Worth in the Fort Worth victory. And his single that ruined a no-hitter was of the powder-puff variety, dropping over short left field. Melton, a rookie up from Abilene, gave up two walks, both to Eagle Catcher Dick Aylward. He fanned four.

Meanwhile, the Cats scored four runs — two in both the second and sixth — off former major league Jack Kramer, who took the loss in his Dallas debut. Odert Hamric's inside the park homer off Kramer in the sixth and Wayne Belardi's double and two singles paced Fort Worth at bat.

George Brown's three-run homer highlighted Shreveport's seven-hit attack in the second inning against Beaumont. Hank Wynn, the loser, was routed in the second as the first of four Roughneck pitchers, Arnold Atkins, scattering nine hits, went all the way for the win.

Tulsa won its first game of the season after netting a run in the second and two in the third on Earl York's homer. Bob Carley, the Tulsa hurler, bested Rudy Paynich in a duel that went the route. Tulsa managed five hits, Oklahoma City six. Russ Burns homered in the fifth for the losers.

Houston fell from a tie for the league lead when successive singles by Harry Schwegman and Jack O'Donnell drove in pinch runners Jim Post and Bill Hopkins with the deciding tallies in the ninth inning.

George Eyrich, leaving the game after Schwegman's hit, sustained the loss for Houston.

Oklahoma City ... 5-0
Tulsa ... 3-1
Fort Worth ... 5-0
San Antonio ... 4-3
Beaumont ... 12-4
Shreveport ... 10-0
Dallas ... 0-0
Oklahoma City ... 3-1
Houston ... 4-3
San Antonio ... 4-3
Beaumont ... 12-4
Shreveport ... 10-0
Dallas ... 0-0

Arrangements Set For Cage Banquet

Final arrangements were made yesterday morning for the annual Pampa Harvester basketball banquet to be held April 29 in the Fabry Room under the sponsorship of the Chamber of Commerce.

Coach Tom Savelle, assistant to Hank Dba, lead coach of the famed Oklahoma Aggie basketball team, will be guest speaker for the Aggie games of this past season.

Tickets for the banquet will be placed on six sides at the Chamber of Commerce, Leder's Jewelry and Richard Drug. The price is \$1.50 per plate.

Highlight of the night will be the presentation of the "Hustling Harvester Award," a trophy symbolic of the boy showing the most spirit and hustle all season long. In its third year, the trophy was first won in 1950 by Jimmy Howard and in 1951 by Marvin Bond, a member of this year's team. The election and presentation will be made by Coach Clinton McNeely, Harvester basketball coach.

Miksik On Shelf

CINCINNATI — (AP) — Eddie Miksik, the Chicago Cubs star second baseman, is expected to be sidelined 10 days with a pulled muscle in his right leg.

Miksik aggravated the old injury yesterday when the Cubs shaded the Reds 6-5 in the season's opening game.

FINALISTS — The above six boys have been selected as finalists in the Pampa Oiler Batboy Contest as a result of their letters telling why they desired the job. They are left to right, top row, Teddy Vickers, Wayne Nolen, Rabbit Ramirez; left to right, bottom row, Billy Brown, Earl Cooper, Cecil Reynolds. From these six will come the winner after a week-long voting by the fans. (News Photo)

Voting Starts Today As Six Batboy Finalists Are Named

OFFICIAL BALLOT
PAMPA OILER BATBOY CONTEST

(Vote for one by circling)

Cecil Reynolds, 420 N. Crest
Billy Brown, Box 453
Wayne Nolen, 510 N. Roberta
Teddy Vickers, 615 N. Faulkner
Earl Cooper, Star Route 2
Rabbit Ramirez, 310 W. Atchison

(Mail or deliver ballot to the BATBOY CONTEST, care of PAMPA DAILY NEWS, BOX 901, PAMPA, TEXAS, before midnight, April 22.)

Here they are, the six finalists in the Pampa Oilers Batboy Contest selected from the many letters received in response to the contest. From these finalists will come the Oilers' and visiting team's batboys for this summer at Oiler Park.

Teddy Vickers, 615 N. Faulkner; Wayne Nolen, 510 N. Roberta; Rabbit Ramirez, 310 W. Atchison; Earl Cooper, Star Route No. 2; Billy Brown, Box 453; and Cecil Reynolds, 420 N. Crest.

Now for the second and final phase of the contest. On the sports pages today is an official batboy contest ballot. All the neighbors and readers who want one of these boys to have the honor of being the Oiler batboy this summer should check his name on the official ballot and mail it to the BATBOY CONTEST, c/o PAMPA DAILY NEWS, BOX 901, PAMPA, TEXAS, or else just bring it into The News, or give it to the boy and he will see that it is turned in.

Notes MUST be on the official ballot!

Deadline
The boy with the largest number of votes turned in by midnight of April 22 will be declared winner of the contest and shall serve as batboy for the Oilers this summer. His parents will receive season passes to the game, and the boy will receive an Oiler uniform.

The runner-up will be the batboy for the visiting team and will also receive an Oiler uniform. His parents will receive 25 passes to the Oiler games.

The third place winner will be alternate batboy in case of the enforced absence of either of the other two. His parents will be given 10 passes to Oilers games.

The other three finalists will each receive an official West Texas New Mexico League ball autographed by the league president and all of the Pampa Oilers.

Remember, all ballots must be in by midnight April 22. The winner will be announced in The Pampa News the next day, and that night will go to work at Oiler Park when the Oilers open their season against the Berger Gassers.

Boys, it's up to you from here on. Recruit your votes. Organize your neighborhood, your classroom, your paper route and any other means you can get to the voters. Knock on the doors during your campaign. A great summer's entertainment is in store for you.

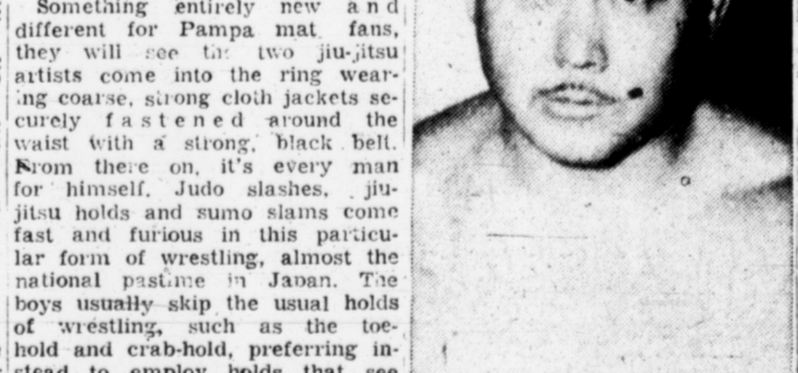

To you boys who sent in letters, but didn't win don't be discouraged. Another contest will be held next year and these six finalists won't be eligible. Next year may be your year to win.

Judo Jacket Match Feature Of Tonight's Mat Program

Sesue Oyama, a bigger-than-usual Jap fresh out of Tokyo Japan, a few months ago, pits all of his "black belt" judo magic against a fellow countryman, George Lopez, in a judo jacket match main event tonight at the Southern Club. The doors open at 7 o'clock.

Something entirely new and different for Pampa mat fans, they will see two judo artists come into the ring wearing coarse, strong cloth jackets securely fastened around the waist with a strong, black belt. From there on, it's every man for himself. Judo slashes, judo just holds and sumo slams come fast and furious in this particular form of wrestling, almost the national pastime in Japan. The boys usually skip the usual holds of wrestling, such as the toe-hold and crab-hold, preferring instead to employ holds that see use of the jacket.

The main event is two-out-of-three falls, 60-minute time limit. In the semi-final, 45-minute, two-out-of-three falls, a really colorful character, Scotty McFarland of Edinburgh, Scotland, meets

GEORGE LOPEZ
strongboy Johnny Pavich of Hungary. McFarland, new to the circuit, dons his native country's garb of kilts before entering the ring. And while the knee length, dress-like apparel may look sissyish, he disproves that thinking in a hurry with his ability.

The opening event on the card had badman Benny Trudell, the Canadian choker, doing battle with another new comer, Ray Duran, who deserves to be forewarned about what lies ahead for him. This is a 20-minute, one fall affair.

The matches will be broadcast, as usual, by KPND direct from ringside at 8:05.

Robinson is 3-1 Favorite

CHICAGO — (AP) — More than 19,000 fans will pack Chicago Stadium tonight to watch reckless Rocky Graziano try to blast the middleweight crown off Sugar Ray Robinson.

At 9 p.m. (CST) the matting Graziano, his steaming right cocked for an opening, will start bulldozing his way in toward Robinson — the masterful stylist with lightning in each fist.

Most observers think the clash won't go more than eight rounds of the scheduled 15. Robinson is a 3-1 favorite and odds are even that he will score a knock-out inside eight heats.

"I hope I can get it over quickly, but if I have to go 15 I'm ready," said Robinson. "Graziano is a guy who can take you out with one punch. I think he's more dangerous than Randy Turpin."

Robinson wears 11 inches of hemstitching around his eye from gashes opened by Turpin when he lost his middleweight title to the Briton and won it back in a rematch in London last year. Rocky undoubtedly will be sniping at that old wound.

"I am confident I'll win by a knock-out," said Rocky.

No Standouts, Says Ed Arcaro

NEW YORK — (AP) — Eddie Arcaro, who has ridden more Kentucky Derby winners than any other jockey, said today "I still don't see any standout horses" for the \$100,000 gallop at Louisville's Churchill Downs, May 3.

The 36-year-old Cincinnati Butler, who will handle the Calumet Farm's Hill Gall this time, says it's impossible to go out on a limb for any of the three-year-olds.

"At this time, that is. No stick-out may appear until just before the race because most of the top candidates have never hooked up with one another this year."

RECORD CATCHER
Luke Sewell is the only major league baseball player to catch three no-hit no-run games. The three catchers were Wes Ferrell in 1931, Vernon Kennedy in 1936 and Bill Dietrich in 1937.

VARY WITH THE YEARS
The star in the Little Dipper, which we call the Pole Star, is not a permanent occupant of the post. One called Alderamin, in the constellation Cepheus, will take over the post about 7500 A. D., and Vega, in Lyra, will do likewise about 14,000 A. D.

Civic Clubs To Sell Opening Day Tickets For Local Oilers

Three civic clubs, the Kiwanis, Lions and Rotary, will enter into competition to sell opening day tickets for the first game of the Pampa Oilers 1952 home season. The opening game is the night of April 23. Griffin, business manager of the Oilers, announced last night that the three clubs had agreed to sell the opening day tickets of a competitive basis with a just reward of a major portion of the receipts from the opening game and from another game later in the season. Tickets are now on sale and may be obtained from members of these civic organizations. A league-donated attendance trophy goes to the club with the largest paid opening day attendance, and the Oilers are going to make a determined effort to take it away from Albuquerque's Dukes. With good weather,

it is quite possible that result may be achieved. Griffin has obtained special style tickets for the opening game, which will sell for \$1. Griffin also said that the Oilers would be back in town sometime Thursday, taking two days to make the trip from their spring training base at Cuero, which they vacated, without sadness, this morning. The weatherman didn't treat the club too well while in South Texas, forcing cancellation of several games and the missing of many workouts. The Oilers will open their home exhibition season at Oiler Park on Friday night against the Amarillo Gold Sox at 8:15. Manager Jake Phillips hasn't announced his pitching selections as yet, but Pampa fans will likely get a look at some new moundmen because of the fact that veterans George Payte and Mack Hyde threw the last game. Don Moore, veteran catcher, arrived in camp Saturday and now all hands are ready. Stan Barkowski, veteran outfielder, purchased from St. Hyacinthe of the Provincial League last week, was due to report into Pampa today from his Milwaukee home. The Oilers will return the Gold Sox game on Saturday at Amarillo and then close their spring exhibition series with an afternoon game at Oiler park against the collegians of Southwestern Oklahoma State Teachers.

Sports Roundup

By GAYLE TALBOT

NEW YORK — (AP) — The Giants were sitting around in the locker room peeling off their uniforms after yesterday's opener against the Phils had been called by rain, and manager Leo Durocher was parrying questions from a dozen writers in his adjoining office.

The subject principally was Dick Wakefield, the winning pitcher who just had been signed to a two-year contract as a pinch-hitter, an act broadly comparable to a last-hour reprieve from the governor. Nobody else had wanted the strange young outfielder even a little bit. Leo, who never does things by halves, has said he was crazy about Wakefield when somebody asked him what he thought he could do about the Wakefield disposition.

"Disposition?" he yelled. "What in hell do I care about his disposition as long as he hits that ball for me? All I can tell you is that I like him and everybody on this club likes him and he's tickled to death to be with us. That's good enough for me and I'll tell you Dick's going to do all right."

Durocher Treatment "I never saw him before in my life and I'm not paying any attention to the things they say about him not liking to play baseball. He says he wants to play baseball now for us and that's all I'm interested in. He'll get a chance from me."

The listeners knew they were being subjected to the Durocher treatment, most of them having heard the same routine on other occasions, but they didn't mind. They knew that Leo really meant, or at least thought he meant, what he was saying, and they also knew that he had been getting some amazing results the past two years by pouring on the old oil.

Two seasons ago the St. Louis Cardinals decided that Jim Hearn was too interested in golf and other pursuits to pitch any longer for them, and they let Leo have him at the waiver price. Leo told Jim that, personally, he probably was the greatest pitcher in the National League, and Jim has come very near proving him correct.

Soaps up the Boys The "new" Durocher devotes a lot of time to soaping up the boys, and they respond to it by putting out a little extra for him. We are convinced that the present generation of players will extend their selves more consistently for a manager of this type than they will for the martinet of the old school. Not that Durocher can't still be a tough little man when he needs to be, but he has learned when to turn it off and on.

Don't worry about him not knowing all about Wakefield. Somewhere in his desk he has the full "book" on the handsome young Detroit boy who was to have been one of the greatest sluggers in history before he went off to war. He knows of each of Dick's big stops since the Tigers gave up on him, how he couldn't even stick in the Coast League, how the Cleveland Indians sent him packing this spring and how the Chicago White Sox wouldn't even let him put on a uniform after that. Leo knows, but he's enough of an egotist to believe that he can succeed in igniting a spark where the other managers failed. He has started by giving Wakefield the big hello and making him feel welcome, and we have a feeling that any Giant who doesn't follow suit in a big way will be, shall we say, admonished.

With a pennant possibly at stake, it is worth a try. Wakefield, the spoiled bonus baby, has demonstrated that he can still hit when he feels exactly like it. All Leo has to do is make this a permanent condition.

Cooper Wins At Sheppard WICHITA FALLS — Eugene Cooper, Pampa's socking middleweight sergeant, decided Harold James of Alexandria, Ark. Force Base here last night in his first night of fighting in the Southwest Area Boxing Tournament of the Air Force. Two other Amarillo teammates also turned in wins. They were lightweight Jesse Woodward and light heavyweight Darrell Hargrove. Cooper was unable to dispose of his opponent in his usual manner, but managed to keep his left hand working enough to rack up the victory on points.

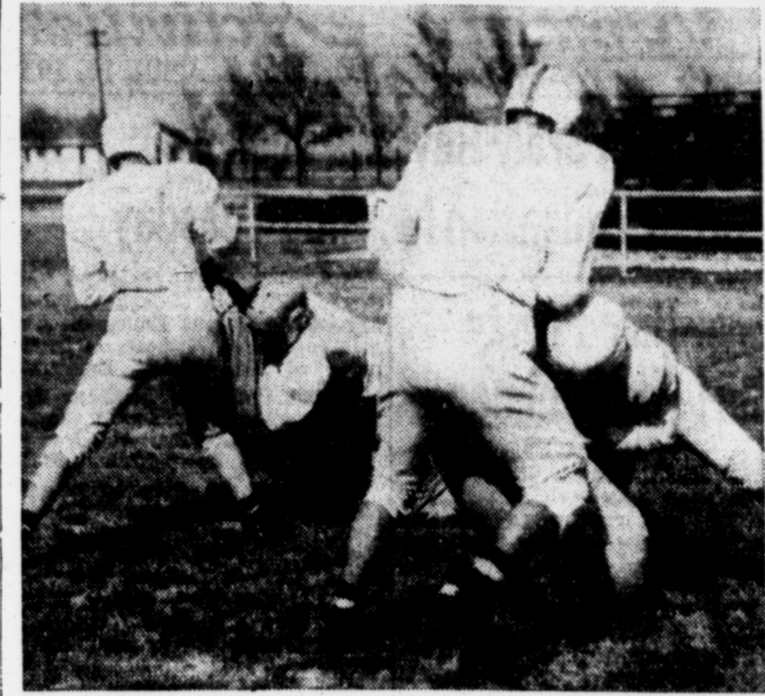

Gulf Coast Loop Opens Tonight By The Associated Press The Class B Gulf Coast League enters its second season tonight — the fourth professional circuit in Texas to start the campaign. Opening games find Lake Charles at Laredo, Texas City at Galveston, Fort Arthur at Corpus Christi and Harlingen at Brownsville. Brownsville, which won the pennant last year, is looking for a turnout of 5,000 tonight. This might take the attendance trophy. The Gulf Coast League will have the same membership as last year. Pitchers for the opening games will be: Texas City at Galveston — Jim Neely vs Ramon Roger. Port Arthur at Corpus Christi — Bart DiMaggio vs Jim Heller. Harlingen at Brownsville — Roger Powell vs Stan Peck. Lake Charles at Laredo — Bob German vs Jose Cendan. Leagues already under way in Texas are: the Texas League, Big State League and Arizona - Texas League. The Sooner State League, of which Sherman is a member, starts tomorrow night. The Longhorn League opens April 21 and the West Texas - New Mexico League April 23.

Blind Bill To Toss At Kansas LAWRENCE, Kas. — (AP) — Blind Bill Bangert, former University of Missouri and Purdue football star, will use the Kansas Relays here Saturday as warm-up ground in his bid for a berth on the United States Olympic team. Bangert, who lost his eyesight in recent years because of a rare allergy, will participate in the shot put Saturday. While it's officially an exhibition here, Bangert is dead serious about winning a spot on the U.S. Olympic team. The 6 foot 5 inch 285 pound athlete heaved the 16-pound iron 56 feet 5 3/8 inches in an exhibition at the Missouri High school indoor track meet at Columbia, Mo., this spring. That toss compares with a putt of 54 feet 7 3/4 inches by Darrow Hooper, the relays defending champion from Texas A&M, at the Texas Relays.

Golfing Thrills: Keiser's '46 Win Topped Ben Hogan

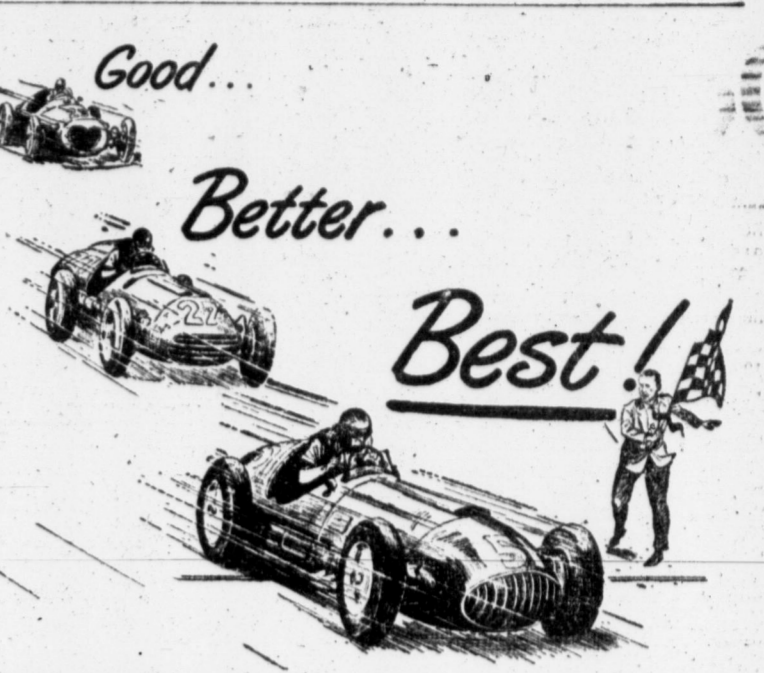

By HERMAN KEISER As told to Frank Eck AP Newsfeatures Sports Editor My big thrill was winning the Masters in 1946. I won it 15 months after getting out of the Navy. I believe the 7 iron shot I hit on the green, 12 to 15 feet from the hole, was the big one. It was a slick green and I 3-putted. It looked like I might get a tie or get beat by Ben Hogan, but Hogan finished second. Another big golf thrill came when Chandler Harper and myself won the Miami Billmore four-ball tournament in 1942. We beat Byron Nelson and Henry Picard. Picard dropped a 40-foot putt on the last green for a birdie and I holed a six-footer to beat them 1 down. (Herman Keiser, born in Springfield, Mo., in 1914 was the nation's fifth leading money winner in 1946 with 19,000. Since quitting the tour in a 1949 trail in 1949, Keiser has been home pro at the Lost Creek Country Club, Lima, Ohio. Tomorrow: Dutch Harrison)

Harvester Gridders Open Spring Workouts

THROWING A SHOULDER — A pair of Harvester linemen throw a pair of shoulders into a pair of blocking dummies held by another pair of Harvester linemen during yesterday afternoon's initial workout of the spring football season at Harvester Park. A large rebuilding job lies ahead for the football coaching staff, with only three veterans returning to form the nucleus of the club. (News Photo)

Thirty-six Pampa Harvester football hopefuls donned the moleskins and pads yesterday afternoon at the Green and Gold gridsters opened their spring training period at Harvester Park. It was an easy workout, marred by the high wind. Little contact work was done, but there was enough activity so there will be some sore muscles today. Coach Tom Tipps handled the ends, where he has a searching job to do to replace all but two of last season's wingmen; Coach Aubra Nooncaster was in charge of the backs, where he must build an entire new backfield—and more important, seek out a quarterback; and Dwain Lyon was in charge of the other linemen. Workouts will continue daily until May 10, when a night game with the Exes is tentatively scheduled to complete the spring workouts. Until then it will be hard work, day in and day out, as the coaches try to rebuild a District 1 AAAA contender around three returning lettermen: Tackle Buddy Cockrell, Center Tommy Sells and Halfback Ed Dudley. While the Harvesters were working hard, Coaches Wayne Frizzell and Weldon Trice were sending a large group of Guerrilla footballers through their paces, also. The Guerrilla team is composed mainly of last year's championship Reaper football crew, but there may be some boys who will show enough ability in spring training to move up to the Harvesters by this time next fall moves around. An interested observer to the workouts was Harold Lewis, brilliant Reaper halfback of last season, who is being counted upon heavily for next year's Harvesters. Lewis is wearing a cast around his back to protect a cracked vertebra. He will be out of action until fall. The African buffalo doesn't get the publicity that the more spectacular elephants, lions, and rhinos do, but many big game hunters rate it as the most dangerous to hunt of all African animals. A buffalo bull will trample and paw a victim for hours.

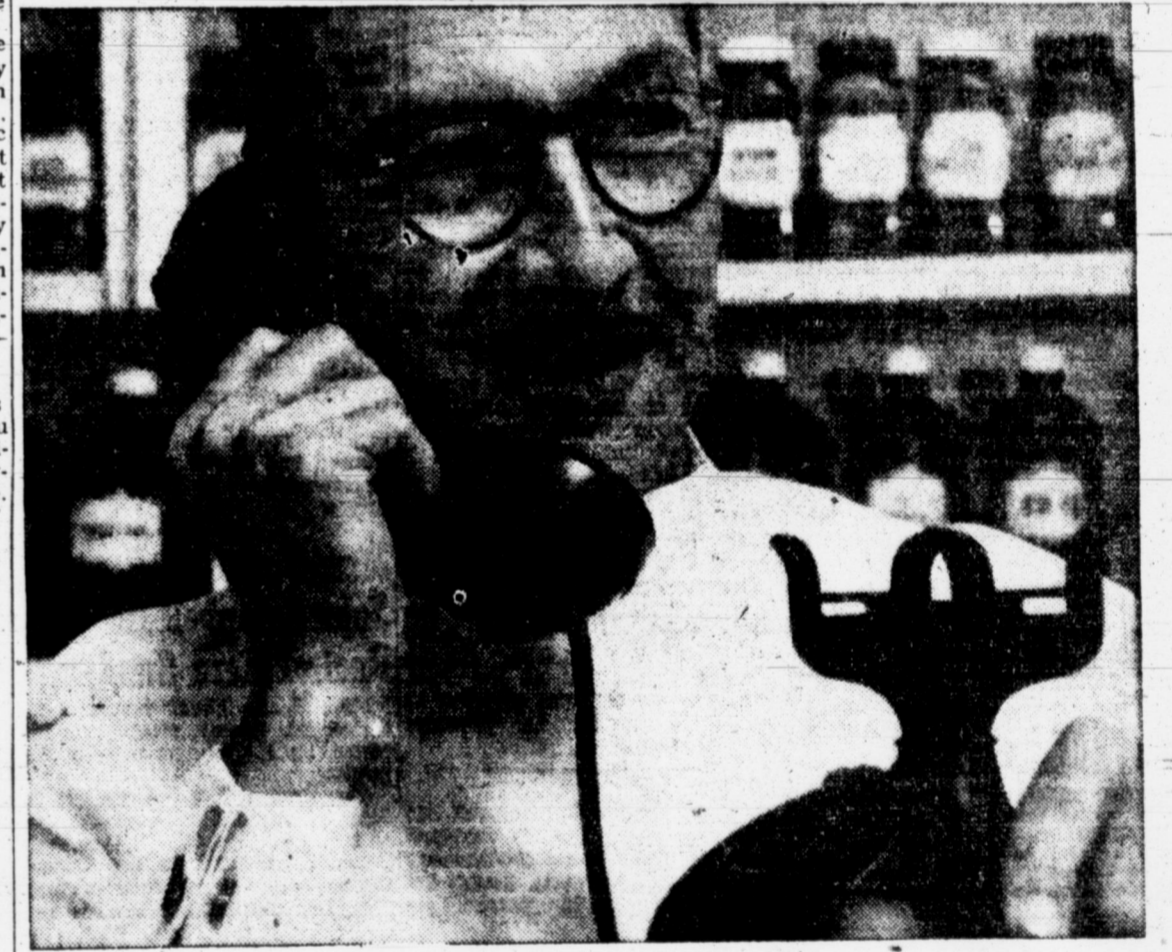

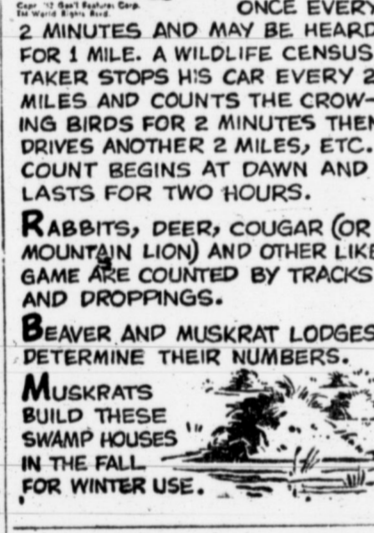

Ambitious Houston Bidding For Southwest Loop Berth

HOUSTON — (AP) — Bustling ambitious University of Houston is going after a spot in the Southwest Conference. Seeking to rival Rice Institute, already a member of the conference, for the sports affections of Houston, the school with 13,000 students — one of the biggest colleges in the Southwest — will make its bid when the faculty committee of the conference meets in Dallas May 9-10. University of Houston is the second school to make application in less than three weeks. Texas Tech, long a bidder, entered a formal application March 29. University of Houston will be seeking entrance in its fourth conference since football because a varsity sport in 1946. The Cougars started in the Lone Star Conference, then entered the Gulf Coast Conference and last year was in the Missouri Valley Conference. It will be the second time for University of Houston to seek a place in the Southwest Conference. It made application in 1948 along with Texas Tech and Hardin - Simmons. At that time the conference was voted not to expand and also not to consider any applications for admittance within three years. Tech Coach Tacks A red salmon, marked in Alaskan waters by the U. S. Bureau of Fisheries, was caught in a Siberian stream 44 days later, traveling 1,300 miles in that time.

SPORTSMAN'S DIGEST BY Hal Sharp

CENSUS COUNTING OF WILDLIFE A RINGNECK PHEASANT... USUALLY 'CROWS' NO MORE THAN ONCE EVERY 2 MINUTES AND MAY BE HEARD FOR 1 MILE. A WILDLIFE CENSUS DRIVER STOPS HIS CAR EVERY 2 MILES AND COUNTS THE CROWING BIRDS FOR 2 MINUTES THEN DRIVES ANOTHER 2 MILES, ETC. COUNT BEGINS AT DAWN AND LASTS FOR TWO HOURS. RABBITS, DEER, COUGAR (OR MOUNTAIN LION) AND OTHER LIKE GAME ARE COUNTED BY TRACKS AND DROPPINGS. BEAVER AND MUSKRAT LODGES DETERMINE THEIR NUMBERS. MUSKRATS BUILD THESE SWAMP HOUSES IN THE FALL FOR WINTER USE.

It could happen in your home. Sneezes and sniffles invade the family circle... a quick call to the druggist...

Your prescription is on the way

BUSINESS TELEPHONES HELP MAKE YOUR HOME TELEPHONE WORTH MORE THAN IT COSTS

"YOUR PRESCRIPTION, MA'AM." How much easier and quicker it is to let a simple telephone call go shopping for you. Think of the time and steps to be saved by being within telephone reach of practically every business in your community. You can place orders by telephone... make appointments... make reservations... make inquiries. And the Yellow Pages of the telephone directory are a storehouse of valuable shopping information. MANY A MERCHANT rings up extra sales that couldn't possibly come to him without the help of the telephone. Today's businessman employs telephone service as a right-hand man—a dependable, hard-working partner that ties together all his business affairs. No other means of communication comes close to delivering the speed and accuracy he needs for a profitable business operation—at anywhere near the low cost of telephone service.

IN THE PAST TEN YEARS, the busiest we've ever known, the number of telephones in service has doubled. And as we add new residence and business telephones, your service grows in value. You can call more people, more people can call you. At the same time, telephone rates are up far less than our costs of providing this expanded service. So... your "up-in-value" telephone service today is the best buy it has ever been.

Every "Hello" is a good buy

Marriage Won't Last Under Arbitrary Rule

By RUTH MILLET
The Cleveland, Ohio, wife who in 1949 had her lawyer draw up a set of rules for her husband to sign and live by recently admitted the rules didn't save the marriage and divorced the husband she claims broke them all. That, of course, was inevitable. No adult can force another adult to live by a set of rules and expect any happiness to result. Yet, it is surprising how many husbands and wives do have unspoken rules they expect their spouses to live up to or else. Then, when the "or else" happens, the marriage is regarded as an out-and-out failure and divorce is accepted as the only alternative.

The couple who really want a marriage to last would do well to forget rules, except as the rules apply to themselves. It is quite all right for a wife to try to live up to a set of rules she has made for herself, but quite another thing for her to expect her husband to live up to a set of rules she has made for his conduct. In marriage, as well as out of it, human beings are just human beings. Their good qualities are opposed by faults and frailties.

So the best attitude for a lasting marriage is for each partner to appreciate and play up the other's good qualities and try hard to overlook those that are not so good. That is the only chance they have of bringing out the best in each other and keeping their marriage happy. When either a husband or wife takes a "you-do-this way or else" attitude he's playing with dynamite.

CHILDREN LIKE IT!

Sound Off

By A Leaguer

Rather than a detailed report on the recent convention of the League of Women Voters to Texas I will touch briefly on what I thought to be its outstanding features.

The complete sincerity and devotion to purpose of every member of the state board and planning committee was evident from the moment the convention opened. The women of these groups were tireless in their efforts to make the purpose of the League more effective and in helping each of us understand how it could be done. Although a Dallas newspaper mentioned that the parliamentary procedure was lousy, there was a very determined effort to hear every delegate who had anything to say and to weigh suggestions offered for their possible contribution to the League purpose.

Much convention time was spent adopting the state program and current agenda. The League's method of doing this has been said by some authorities to be the best example of democracy working that there is today. It is our hope that every member of the Pampa League will become familiar with this procedure. The emphasis the League puts on members (except the Board of Directors) being active in the political party of their choice was very stressed. Mrs. India Edwards, Democratic National Committee woman, and Miss Bertha Atkins, Republican National Committee woman, spoke to us on "Why and how to be active in a political party." Mrs. Martin Rowe, League National Board member, conducted a school for political effectiveness that emphasized the importance of the precinct convention. The considered judgement of the group who participated in this discussion was that one vote in the precinct is as effective as one thousand in the general election. Moral—let's all take part in our party's precinct convention May 3!

The state organization plans the completion this year of a "know your state" study as a basis for possible constitutional revision. This subject was very ably discussed at the convention by Judge Virgil T. Seaberry of Eastland. In fact, the Pampa delegation thought he was so good that we wish it were possible to have him speak locally. This was election year for the state organization. The voting was done on a voting machine. This was a new experience for many of us.

We came back from the convention a fully accredited Local League which means that we have expanded our responsibilities as well as privileges. Let's all use each opportunity to further our purpose—promoting political responsibility through informed and active participation in government—By Mrs. F.M. Culbertson

Give Hair Pretty Curl For Summer

By ALICIA HART
NEA Beauty Editor
If your hair has consistently refused to respond to all pin-curling efforts on your part, better take time out to review the important hair setting steps.

First, understand that you do not need training to give your hair a professional set. With a little practice you will be able to do a perfect job. To begin with, your hair should be dry, or if it is terribly unmanageable, you may use a small amount of hair dressing. Massage your scalp and give your hair a thorough brushing.

Next, part your hair as you usually do, and begin the pin curling at the part, with the hair nearest your forehead. The width of hair—that you section off will influence the type of curl you will get. A little hair, for instance, will give you a tight curl, while just the opposite is true if you are trying to achieve a looser wave. The ideal width is one-inch.

Before you start to roll each curl, you may dampen the strand of hair with a little water, cologne or your favorite wave-setting lotion. But some women's hair takes a perfect set without dampening. Experiment and find out what is best for you.

When you are ready for the actual pin curling, hold the strand of hair straight out from your head. Twist the ends into a point. Roll from this—in a circle—up close to the scalp. Place the curl tight and flat against your scalp, and insert two bobby pins in a criss-cross fashion. Continue to make as many curls as you think will give you the desired effect.

Of course, keep in mind whether you want the finished hair style to sweep away from your face (if so, hair must be rolled off the face in the form of a tightly curled "question mark"), or towards it (reverse the curl, bringing it forward and toward your face).

Learning how to set your hair so that the results make the effort worth while is simple, and will take very little of your time.

Book Review Tonight In Behalf Of Annual County Cancer Drive
Mrs. Otis Nace will review Ruth Moore's "Candlemas Bay" at 8 p.m. today in the City Club room in behalf of the Gray County Cancer Crusade.

Social Calendar

WEDNESDAY
2:00 p. m.—The following First Baptist church circles meet: Ruth Meek circle with Mrs. H. B. Taylor; Eunice Leach with Mrs. J. B. O'Bannon, 119 N. Purviance; Ruth Simmons circle with Mrs. S. C. Burke, 636 N. Zimmer.

THURSDAY
3:30 p. m.—Girl Scout Troop 24, 40 will meet in the Horace Mann school.

FRIDAY
3:00 p. m.—Girl Scout Troop 25 will meet in the Horace Mann school.

Saturday
8:00 p. m.—The following Girl Scout troops meet: Troop 4, Sam Houston cafeteria; Troop 39, Rotary House.

Sunday
8:00 p. m.—Delta Kappa Gamma will present Miss Evelyn Oppenheimer in a book review in the Sam Houston school auditorium.

Rev. Replogle To Begin Revival Here
Rev. D. Alfred Replogle of Philadelphia, Pa., will be guest evangelist at a series of meetings beginning tonight at the Church of the Brethren.

Party Line with Billie Pulliam 11:00 A. M. Monday Thru Friday
Sponsored by Malone-Keel Pharmacy Necchi Sewing Center

CONCERT DINNER: Mr. R. F. Ewing, campaign chairman of the Pampa Community Concert Assn., and Mrs. A. A. Schuneman, secretary, discuss the 1952-53 concert season with Daniel Poole, organization director for the Community Concert service, at a dinner Tuesday night that launched the membership drive here. The campaign headquarters at Southwestern Public Service Co. will remain open from 9 a. m. to 5 p. m. and membership renewals will be accepted there. (News Photo)

The Pampa Daily News

One of Texas' Five Most Consistent Newspapers

We believe that one truth is always consistent with another truth. We endeavor to be consistent with the truths expressed in such great moral guides as the Golden Rule, the Ten Commandments and the Declaration of Independence.

Should we, at any time, be inconsistent with these truths, we would appreciate anyone pointing out to us how we are inconsistent with these moral guides.

Published daily except Saturday by The Pampa News, Atchison at Somerville, Pampa, Texas. From six all departments. MEMBER OF THE ASSOCIATED PRESS. (Full Listed With). The Associated Press is entitled exclusively to the use for publication on all the great news printed in this newspaper as well as all its news departments. Entered as second class matter under the act of March 3, 1879.

SUBSCRIPTION RATES

By CARRIER in Pampa 25c per week. Paid in advance (at office) \$2.00 per 2 months, \$6.00 per six months, \$12.00 per year. By mail, \$2.50 per year in retail trading zone, \$3.00 per year outside retail trading zone. Price for single copy 5 cents. No mail order accepted in localities served by carrier delivery.

Criticism Being Stifled Abroad

Col. Robert R. McCormick, editor and publisher of the Chicago Tribune, said on his return from a 20,000-mile airplane tour of four continents that American newspapers in Europe which are against the present Democratic administration are rarely seen on the newsstands there.

The prominent U. S. publisher was quoted in one of the trade journals recently as saying:

"Newspapers and periodicals which criticize the Democratic administration are not circulated in Europe and rarely are seen in the racks and files of the United States information service, which has a branch in every embassy, legation and consulate abroad."

The colonel points out that the government spends more than a million dollars annually for subscriptions to certain newspapers and news weeklies which print favorable material about the administration and its policies. There is one thing certain that Col. McCormick's Tribune would be listed among the missing. We doubt very seriously if the Tribune editorially has ever said anything about the Fair Deal which could be construed as a compliment.

Europeans who take the time to check the "administration" newspapers must think that everything is "ginger-peachy" with Truman and his gang. If one wished to theorize, this could be one of the reasons why so many Europeans were shocked when they learned that Truman would not seek re-election.

They probably thought everybody in the United States was crazy about the fellow from Missouri.

Penalizing Taxes Impede Growth

The Sears, Roebuck and Co. annual report for 1951 includes a statement with respect to the effect of the excess profits tax on the expansion of that company. We would like to pass that statement on to our readers. It is:

"It is appropriate in this connection to discuss federal taxation under the present law. The tax on corporate income is divided into regular federal income tax and an excess profits tax. All income is currently taxed at the regular rate of 52 per cent. Income above the 1946-1949 average earnings is designated as 'excessive' and is subject to an additional excess profits tax of 30 per cent, a total tax rate of 82 per cent.

"The management recognizes the need for high taxes in this period of rearmament, but points out that such a tax burden penalizes efficiency and growth. In the case of Sears some of the increased earnings resulting from the expansion program of prior years are only now being realized, and under the present tax law 82 per cent must be paid to the government. The effect of this large tax assessment is to stop further expansion and to deny stockholders a fair return on their investment in additional facilities. To illustrate the impact of the excess profits tax on the company: in 1950 and 1951 this tax approximated \$43,900,000, an amount which could have built six of the larger 'A' stores and nine medium-sized 'B' stores, giving employment to approximately 6,000 additional persons.

"Intelligent political economy and limitation of government spending programs within endurable limits would reduce the tax burden and encourage private enterprise to expand and develop industry, thereby increasing the economic strength of the nation."

More Capitalists

The Exchange, a magazine published by the New York Stock exchange, observes that "a sampling of the first corporation annual reports to appear this year indicates that the trend toward wider ownership of shares of industry made important headway in 1951."

As a general rule, the number of shareowners in corporations increases but slightly from one year to the next. Last year, however, there were many notable gains, in companies representing almost every field of endeavor — motors, utilities, aviation, rubber, farm equipment, tobacco, chemicals and so on.

As a corollary development, the size of the average holdings in most companies is becoming smaller. This is a logical result of the accelerating spread of share ownership. Today's typical stockholder isn't the wealthy man with huge blocks of shares. He is the man of moderate means, who invests a part of his savings in the stocks of corporations in which he has faith.

This growth in the number of shareholders is one of the best signs of the times. The man or woman who has a direct financial interest in any corporation has a direct financial interest in the free enterprise system which makes that corporation's existence possible. And that kind of man or woman isn't apt to fall for the glib socialist-communist line — or to support laws and policies whose end result would be the destruction of a free economy and free government itself.

The more people who own shares in America, the safer and stronger America will be.

Public School Teacher Concludes Public Schools Wrong In Principle

The more people study the public school question, the more they come to conclude that tax supported schools are wrong in principle.

I received an interesting letter the other day from Mirjan Crenshaw, a public school teacher from Bonham, Texas. It was so thought provoking and interesting that I wrote her asking permission to quote from her letter. In giving me permission to publish it, she wrote:

"Yes, of course, you may publish my letter if you care to do so. I wrote it with no thought of publication and don't remember exactly what I said, but I certainly can get acquainted with your point of view in my writing, and I never say anything privately that I'm not willing to say publicly if there is a point in doing so."

"Would public schools were more people who were willing to say publicly what they know would be of use to their fellow man."

In her original letter she wrote: "I have learned from an editorial in the Dallas News the bare fact that you have dared to attack the public schools as wrong in principle. Please let me know how you can get acquainted with your point of view in detail. I hope that it is now, or soon will be, available in book or pamphlet form."

"I, too, have come to the conclusion that public schools are wrong in principle, having been driven to this point of view reluctantly after many years teaching. In fact, I have a manuscript dealing with the matter, which I hope to publish sometime, probably at my own expense, as I believe that publishers would not be eager to attack such a sacred cow as the public schools."

"I'm filled with admiration for your own courage, both moral and intellectual, and would be glad to help you if I could. When I see your own approach to the subject, I can come nearer telling whether or not I have anything to add to your thunder. You may or may not know the hopelessness of the situation, as the teacher sees it, from inside the public schools."

In answer to this letter I sent Miss Crenshaw several articles I had written on the subject explaining that public schools could not teach moral principles. Then I received a letter from her stating:

"I'm delighted to know that your opposition to public schools is based on fundamental moral and religious grounds, for it is there, it seems to me, that the issue really lies, though, certainly the superficial idiocies of the public schools offer a wide field for criticism. My teaching experience was all in the public schools, where I slowly but surely reached the conclusion that any institution so consistently and hopelessly wrong must be wrong in principle, not just a coincidental wrong in policy and personnel."

Then she showed appreciation for Frank Chodorov's articles on public schools. Then she concluded by saying:

"I'm really grateful to the Dallas News for steering me in your direction. There was a time when I thought that positively nobody would tolerate any questioning of an institution that took children from their parents' hands for the biggest part of their waking hours."

In another letter Miss Crenshaw writes: "You might be surprised to find out how many public school teachers feel a deep disgust for public school practices. The trouble is that most of them are still in the

state where I was a few years ago. They think that the all too apparent evils by which they are surrounded are an accidental result of circumstance and personnel rather than an inherent part of the system. Perhaps they don't have the courage to face the ultimate issue. But they do admit freely, at least among themselves, that all is not well with the system."

"I agree with you heartily about the Magruder quotations, and about textbooks in general. And I've read and heartily endorse 'God and Man at Valley'."

It is indeed encouraging to know that there is at least one public school teacher who goes to the root of the public school question and realizes that it is a moral issue—that public schools violate such moral laws as the Stealing and Coveting Commandments and the Golden Rule.

It is useless to hope that the United States will cease drifting toward socialism so long as the youth of the land are indoctrinated in tax supported schools that are based on the belief that might makes right and the end justifies the means that materialism need not be government by moral law.

LOOKING SIDWAYS

By WHITNEY BOLTON

In the business of going around meeting people, and when the sting is sharp and right, writing about them, you can get a star day every now and then. A day in which you sit down with a good friend and throw the pencil away and just talk. It was that way the other afternoon, when I sat down with the first girl I ever sent a picture to in my life. It happened to be a picture of her and not of me. It was in natural color and about the size of a mugshot. A great big splash of her which met her full in the face every time she came to work.

About the time she must have gotten sick of looking at it, I took it down from a studio wall and sent it out to her ranch with a note: "Do you want this thing?" I got a note back by the same messenger: "Naturally, I'm a dame."

This girl's name is Ann Sheridan, an airport restaurant waitress, and she was whisking through New York on a tour designed to sell three pictures in which she had appeared. We sat on a sofa in a rooming house and she cut out in the room and brought up a time when we both worked at the same film factory. She remembered a trip to Mexico, when she fell in love with the place and became a regular visitor. A week-end after week-end, getting on a handshake basis with the best bull fighters alive.

"I didn't know it until after the war, but I found out it was a serious problem to Navy intelligence," she told me. "It scares me now. If that's the kind we still have the place is due for a shake-up. One of the boys ran into me in an airport restaurant somewhere and said: 'Miss Sheridan, you've got a time decoding your cables to friends in Mexico. We held one up a week because you said in it: 'Excuse me, I'm a dame.' It was code and very sinister. It turned out that there are two extinct volcanoes named that and you were just sort of kidding. What do you say to a guy like that? Didn't they ever look at a map of Mexico?"

The telephone was ringing about every 30 seconds and we jammed talk in between, but what I got out of it was that Annie had reached the point in her life when she was allowed to pick her own screen stories before making them. "They used to buy them and cast them with a note," she said. "You know how it was; you got a note by messenger, and if it was in the morning telling you to report to Wardrobe at 8 a. m. the next day for fittings for the role of Randy in 'Kings Row.' That was it, like that or not. They bought a yarn, but you in it, no discussion, no maybe, be there or else. Some of them sneezed up the place a little and you couldn't help yourself. At least I got to read them now and my opinion is solicited. I liked 'Woman on the Run' and 'Just Across the Street' if it is the ticket buyers don't like them they can blame A. Sheridan of Denton, Texas. I helped pick them. Apart from that, nothing much is changed out of place, your money, \$15,000 having some repairs done on your house—fourteen hundred these days you get a new window in the kitchen and your front door painted. I had my hair done, you read in a magazine that 'Ann Sheridan is terrified at the enormous costs of rebuilding her house. It is said she has spent more than \$85,000 on it. Indeed, friends say that she has spent so much on reconstruction that she can't afford to furnish it and lives in beautiful, large rooms without a stick of furniture in them. 'Dose Street' and 'It and sometimes I'd like to kill them.'"

She said a play producer had asked her to do a play in New York next season.

"What's the humor?" she asked. "Did they run out of actresses or something. I'd be about as much help to a play as would the plague. I'm all right where I am. I've never been on a stage in my life. How can they expect someone like me to come on and do a play? Are they nuts? Plays cost important money to produce. How do they know if they are any good or sell a ticket? Hollywood pictures are a dime a dozen. New York and it's no guarantee. Look at Teresa Wright. Her play folded in Boston before it ever got to New York. It wasn't her fault, it was the play. But her name didn't pump like into it. Let's let Sheridan make movies and somebody else make plays. But don't let them make plays for me. I'm unavailable for that scurrage."

We talked for an hour and it seemed like ten minutes. And neither of us ever mentioned the word "oomph." I had a feeling that the one-time oomph girl looked back on that period in her life as one in which the merry-go-round turned all the time, day and night, but the air was bad. Also, I can remember at least six performances so excellent that no oomph

National Whirligig.. TV Not Entirely Responsible For Kefauver's Popularity

One day each week this veteran Washington newspaper correspondent devotes his column to answering readers' questions of general interest on national and international policies and personalities. Questions may be sent direct to Easy Tucker at 6308 Hillcrest Place, Chevy Chase, Md.

BY RAY TUCKER

WASHINGTON — "Don't you think that Senator Estes Kefauver's primary victories in New Hampshire, Wisconsin and Nebraska," asks Mrs. L. J. Y., "were due largely to his appearance on television during his investigation of crime and political corruption? As I recall, you recently discounted television as a political force."

Answer: It would be foolish to deny that Senator Kefauver's television appearances on the television screen did help to make him known.

Now do I mean to insist that this new medium of bringing candidates before the voters, like radio, will not have an effect in politics, government and international affairs.

Television statistics, however, suggest that there were more important factors operating for the young Tennesseean. There is no radio station in New Hampshire for instance. Although 15,848 sets were shipped into the state last year, most of them

All For A Nickel!

McLemore Hails Newspaper As The Best Buy In America

By HENRY MCLEMORE

The best bargain in America is an American newspaper. It gives you more for less than any product in this country. I don't say that because I'm a newspaperman and possibly prejudiced, but because it's the cold truth. A department store with seven basements, and a sale every four minutes, never provided the values that a newspaper costing three cents or five cents does.

Think of what you get when you buy a newspaper. World Wanted ads which guide you to elephant tusks that need polishing if you're an elephant tusk polisher. Cooking lessons by hot stove sisters who advise on the best way to make leftover ant-eater go further, and how to surprise your luncheon guests with broiled typewriter ribbons.

Gossip columns tell you when Clark Gable has a toothache, thus saving you the trouble of following Clark Gable around to find out when he has a toothache. Most newspapers print advice from a Handy Man Around the House telling you how to change an old hat rack into a beautiful Lazy Susan, and how to reconvert an old-fashioned kitchen into a midget kitchen which will bring gasps of admiration from your friends.

All for a nickel or less every day, and all done on the level by people who know what they're talking about.

the public by newspapers, magazines and his own speeches long before he went on the screen. But not even the press gallery on Capitol Hill, which is not exactly a modest crowd, suggest that they "made" Kefauver.

ERRED — In answer to letters from several readers, the writer gladly admits that he erred when he suggested that President Truman might profit from the book about him entitled "Mr. President." In explanation it should be noted that the royalty arrangements were generally unknown when the speculative article was written.

"President Truman receives not a penny from publication," writes Roger W. Straus Jr., one of the publishers. "The normal publisher's royalties are divided between the editor, William Hillman, and the photographer, Alfred Waggoner. The selling royalty will be divided between them, and amounts to 75 cents a copy.

"There has been a great deal of speculation on this point, and we have tried to make clear exactly what the situation is. I certainly have no axe to grind in this matter as a good registered Republican, but this book is, in fact, a normal publishing operation."

DO-GOODERS — "We have here a large number of 'New Dealers' and do-gooders of the Franklin D. Roosevelt strain," writes W.G. McC. of Albuquerque, N. M. "Lately, they have been abusing Truman and the Democrats. They express private admiration for Governor Warren, but they boost Eisenhower publicly.

"They hate such men as Taft, Dirksen and MacArthur. Quite a few have recently changed their registrations from Independent or Democrat to Republican. What is their game?"

LEGITIMATE — Answer: This crossing of the political line happened in numerous states where cross-voting is permitted, and in general registration shifts.

It simply means that these Independents and Roosevelt Democrats prefer a prospective Democratic or Repub-

Clearing House

Articles for this column are preferred to be 300 words or less in length. However, longer articles may be printed.

To the Editor:

Why does Truman favor Eisenhower as the Republican candidate? Surely there can be only one answer. What difference does it make if the president's name is Truman or Eisenhower as long as he is still a New Dealer? In other words, what's the difference in a Republican New Dealer and a Democratic New Dealer, if any? Most certainly, if Truman can name the Republican nominee (as it is conceded he will name the Democratic nominee) then he can't lose, no matter who is elected.

It must be very gratifying to Truman to see the enthusiasm shown by the Republicans for Eisenhower (his choice). What we need is a complete change and the only way I see to get it is to nominate and elect Robert Taft as the next president.

Did we know what Eisenhower's politics were four months ago? And are we certain even now? Most surely you don't have to wonder what Taft's politics are. No one has ever suggested running him on a Democratic or New Deal ticket. But the New Dealers say he is an isolationist. If he is then so is Churchill of England. Does Churchill come to this country to hand out favors to us or does he come to get all the favors he can for England? Sure, he comes for favors and he knows just where to go to get them too. Believe you me, he is for England first, last and all the time yet he is known as the greatest statesman of our day.

But Taft is called an isolationist for being a true American. If we want the taxpayers' money shoveled over to England, France and all the other OPA countries over there then we should stay with the New Dealers and we will get just that.

Bid For A Smile

When John Barrymore played in stock companies he arrived in a small town to play a part in a one-night stand. He had arrived a little earlier than he had expected and he had to wait down Main Street to pass the time. As he strolled past a vegetable stand he stopped to chat with the proprietor. Barrymore—Are there any forms of amusement in this town? Proprietor—If you care to wait until tonight, I think there will be a play at the Ophelia.

Barrymore—You think there will be a play? Proprietor—Well, there must be. The way folks around here have been buying ripe tomatoes it couldn't be anything else.

Would-be Employer—Have you any references? Would-be Employee—Sure, here's the letter: "To whom it may concern, John Jones worked for us one week, and we're satisfied."

can candidate. They probably registered as Republicans when they thought Truman might run again. It is entirely legitimate, of course, although Eisenhower's policies may disappoint the so-called "liberals," if he enters the White House. Ike's backers cite this shifting of affiliation as one of his strongest assets. It may be.

PAMPA

An Abundant Natural Gas Supply

For heating or cooling, Pampa makes constant use of its nearest and most plentiful resource — natural gas. From 14 wells, pumped through 140 plus miles of pipe, comes the world's cheapest fuel to heat virtually every home in Pampa; to run the majority of Pampa and Gray county industries; and in 2,000 cases, to preserve food and drink in gas powered refrigerators. Not only does Pampa boast a natural gas supply second to none in the world, but one holding the highest BTU (British Thermal Unit) in the nation and the nation's second lowest gas rate. To keep the gas flowing steadily, and maintain the utility's rec-

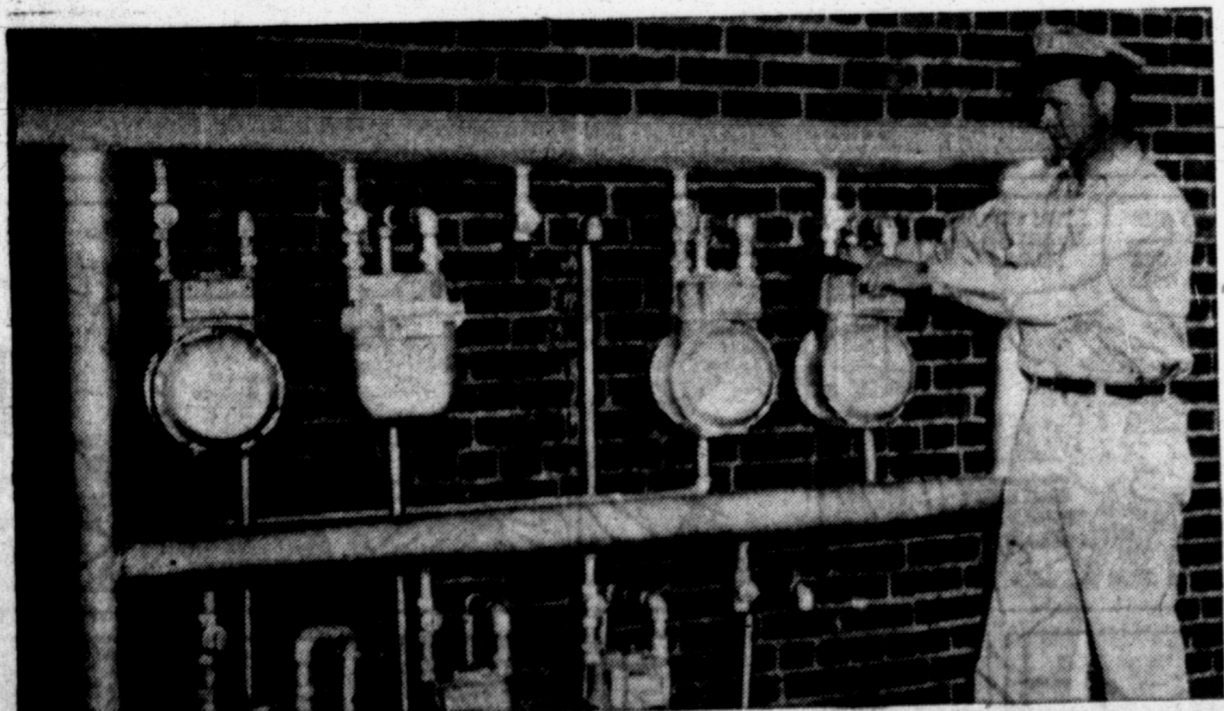

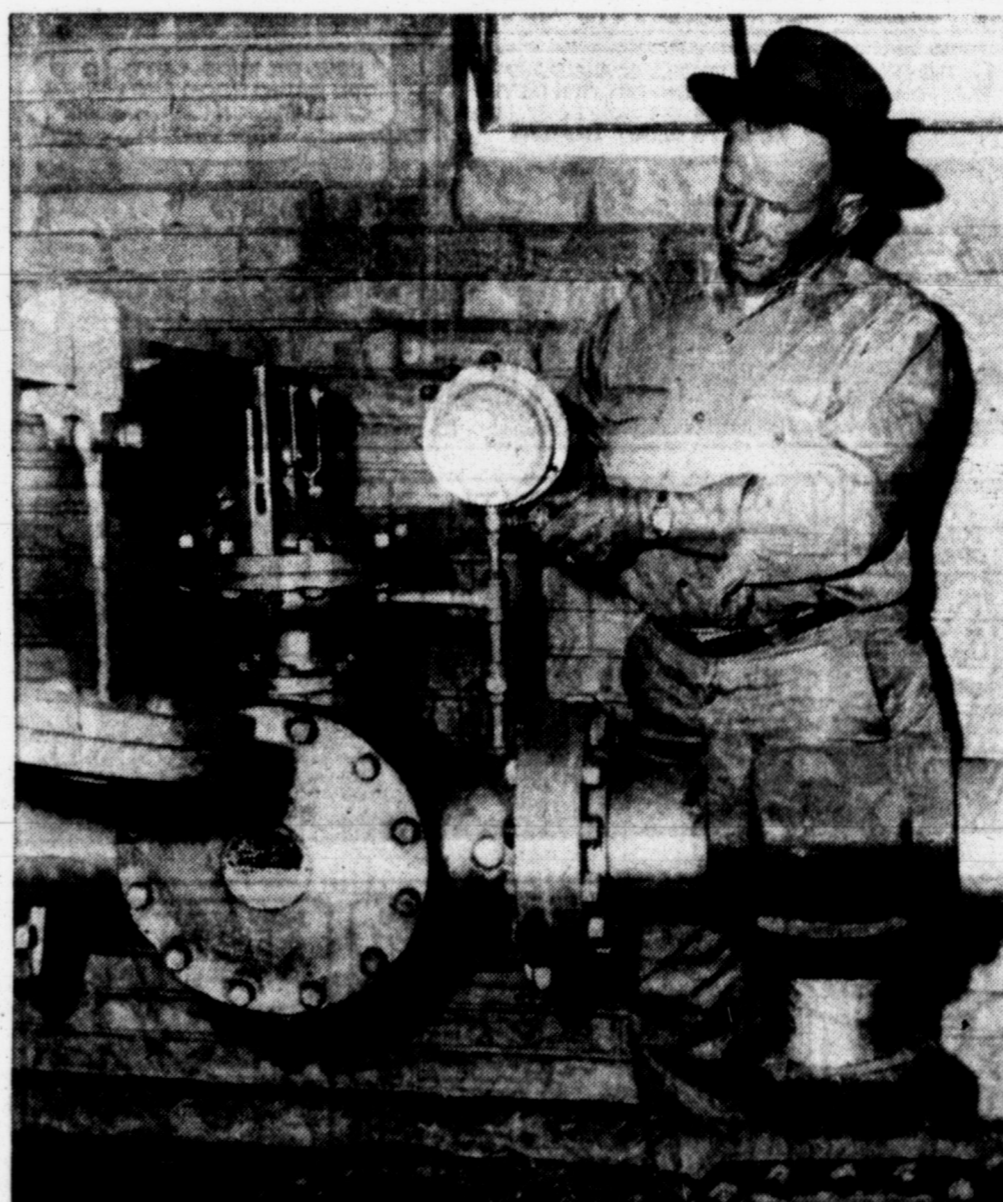

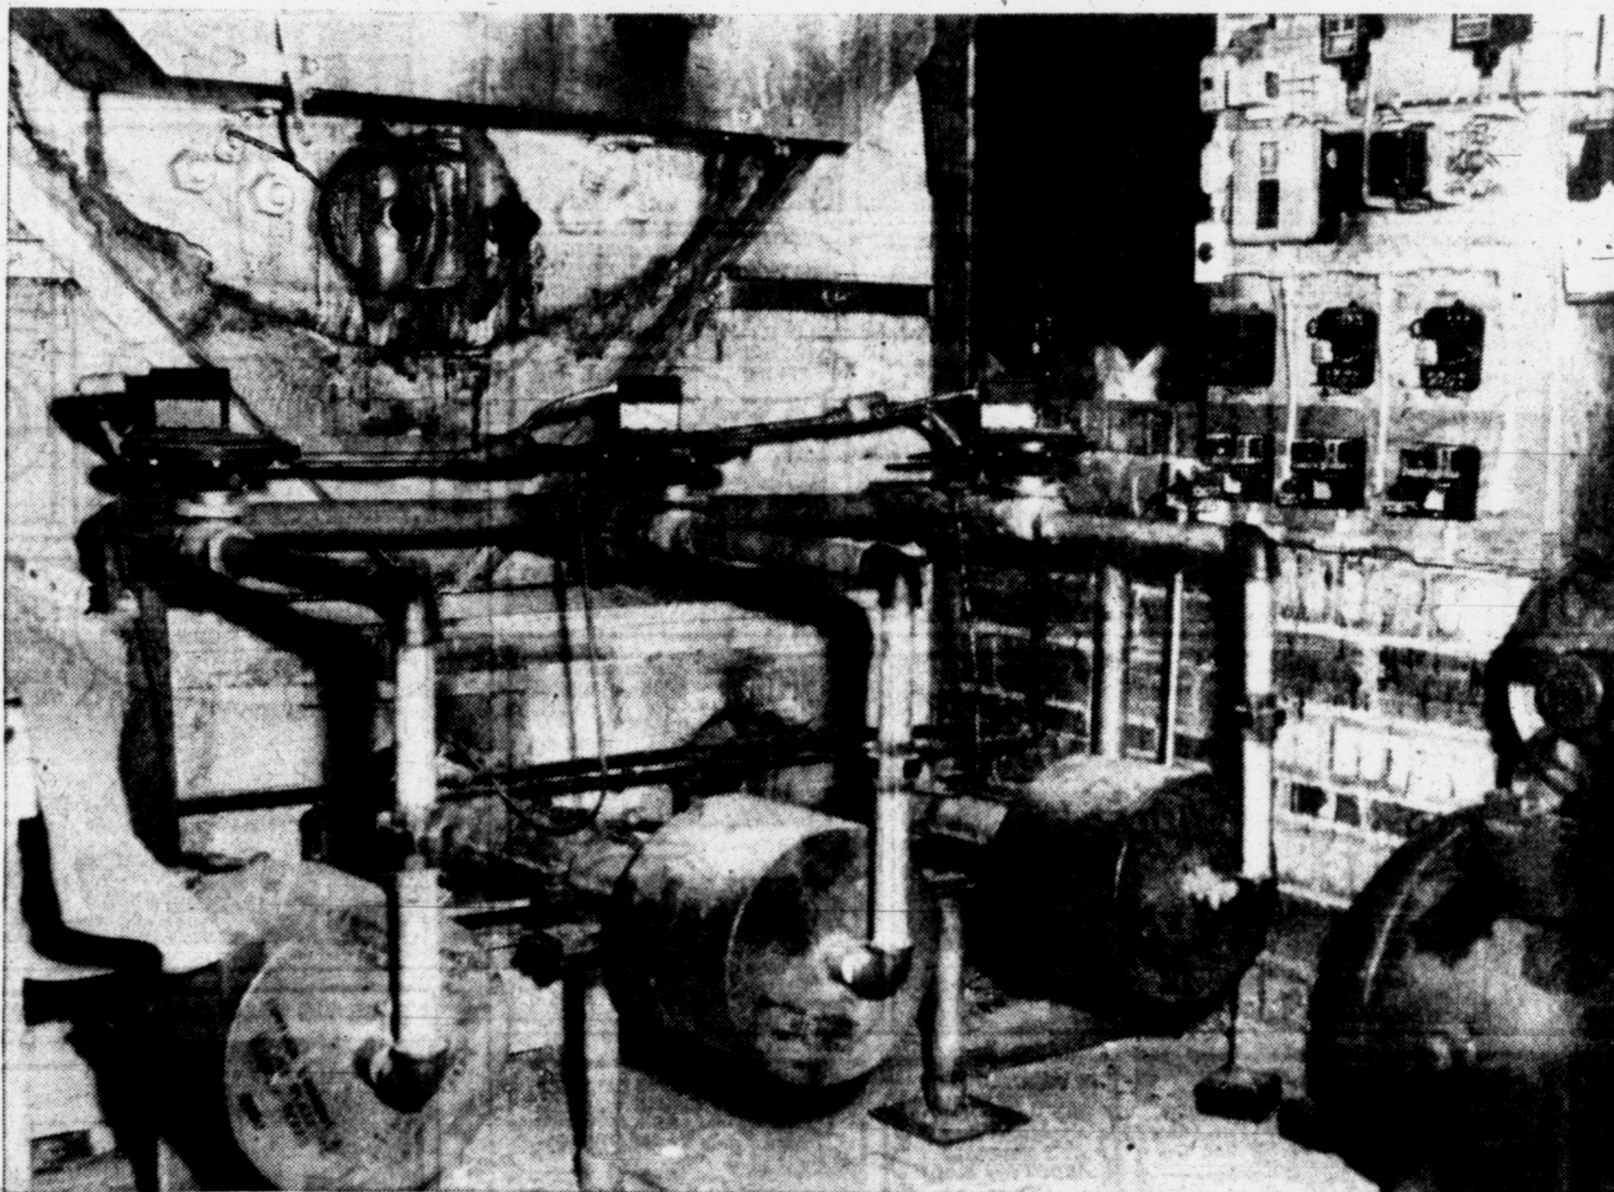

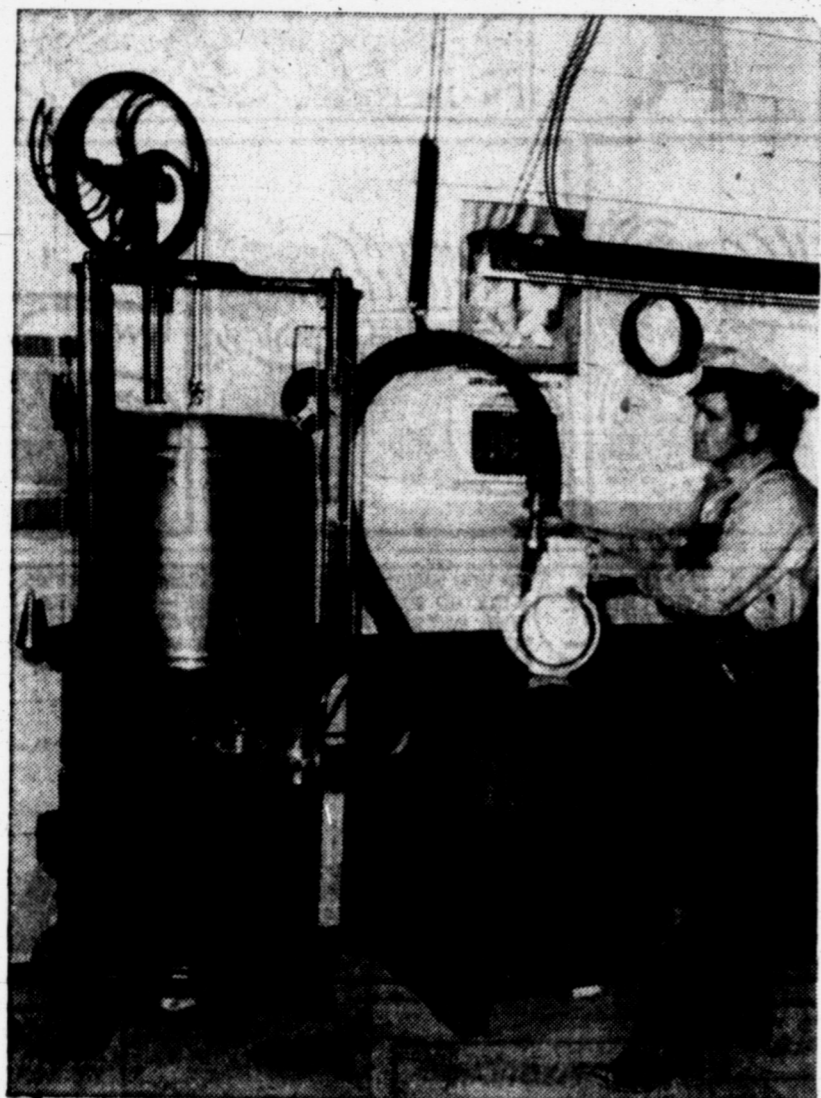

ord of 22 years without an interruption of service, service men work round the clock, 12 months a year, to guard against falling line pressure, riding the miles of line to watch for leaks, and check wells against possible freezes and breakdowns. A weather eye is kept by the pressure men for cold fronts so every home and industry school, church and hospital will be amply supplied. Pampa's gas service has increased and is increasing its operations as the city grows with every new home, every new industry or commercial enterprise locating in Pampa—at the Top o' Texas.

In the interest of building PAMPA, the following individuals, business, industrial and professional firms join in presenting this series of informative pages designed to show why PAMPA is a better town.

White Deer Alumni Hold Fourth Meet

WHITE DEER—(Special)—Approximately 250 graduates of White Deer High school and guests turned out for the fourth Alumni Association banquet, Saturday evening, in the new grade school gymnasium.

A nautical theme in the school colors was carried out. A miniature ship was launched on the stage. The side of the bleachers was decorated with blue and white paper and life-preservers hung along the rails. Blue and white paper also covered the tables.

Dick Hughes, prominent Pampa businessman and a student here in the early 1920's, was toastmaster. E. R. Cleavinger of Canyon, mathematics teacher and athletic business manager in the mid-30's, gave the invocation.

Winfield Powers, substituting for his brother, Clayton, president of the association, gave the welcome. Supt. Huey L. Aycock launched the good ship, the S. S. Alumni. Ed Mysick of Amarillo, contractor who built the new grade school, entertained with a brief magic act; the high school sextet sang three numbers and pupils of the Jeanne Willingham Beaux Arts Studio in Pampa, presented several dance numbers.

Chimexing the program, Nathan Edwards, who instituted the as-

DEVELOPED PLASTICS

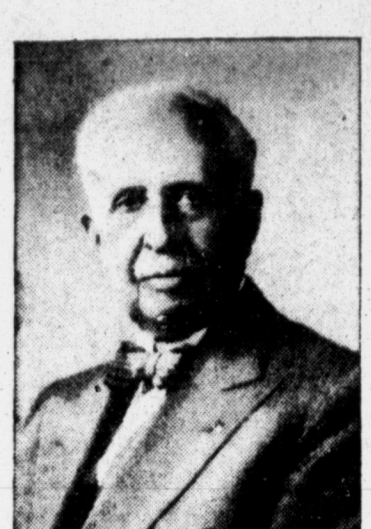

The first plastics were developed by John Wesley Hyatt, a young American printer, in 1863, according to the Encyclopedia Britannica.

sociation and served as its first president, presented to the new high school, which is to be completed next spring, a \$400 trophy case as a gift of the alumni.

The Class of 1941 had the largest number present, 11 of its 57 members with their wives, husbands, or guests making a total of 29. In number of actual members present, the Class of 1952 led, with 14 of its 29 members in attendance.

Mrs. Neal Edwards was the only representative from the first graduating class, that of 1918. Twenty-eight classes were represented by one or more members.

Outgoing officers of the association are Clayton Powers, president; Henry Urbanczyk, vice-president; and Mrs. Marvin Milliken, secretary-treasurer. New officers are Henry Urbanczyk, president; Kenneth Huey, vice-president; and Pat Hood, secretary-treasurer.

Wayne Johnson Heads Lions In Skellytown

SKELLYTOWN—(Special)—Wayne Johnson has been elected president of a newly formed Lions club in Skellytown. Johnson was among officers elected at a joint session of men from White Deer and Skellytown to form the club.

Other officers included M. McIntyre, vice president; Jinks Little, secretary-treasurer; Luke Geurin, Lion tamer; Bert Isbell, tail twister.

All men who joined the new organization by today were considered charter members.

Directors were to be named at a meeting to be held at 6:30 p.m. today.

Wingtip Fuel Tanks Predicted

BURBANK, Calif.—(AP)—A top aircraft engineer predicts that wingtip fuel tanks will appear on commercial airliners within three years. He said they'll give the planes a smoother ride and will add more range to flights.

Clarence L. Johnson, Lockheed Aircraft Corp.'s chief research engineer, said tip tanks will be necessary when turbo-prop engines come into use on commercial planes. The turbo-prop consumes fuel as much as 54 percent faster than conventional engines.

The 600-gallon tip tanks, standard on military ships, curb vibration and strengthen an airplane wing in flight, Johnson said, despite their loaded weight of 3,900 pounds apiece.

Junior-Senior Banquet Planned At Shamrock

SHAMROCK—(Special)—Shamrock juniors may use the old juke box for the dance to follow their junior-senior banquet here April 25.

Plans originally called for the Am-Jets, jive specialists at the Amarillo air base, to provide music for the affair, but they were unable to secure the jet band.

Plans are complete for the banquet itself, except for the work

In carrying them out. The affair will be held at the American Legion home, with Rodney Sutherland, junior president, as master of ceremonies.

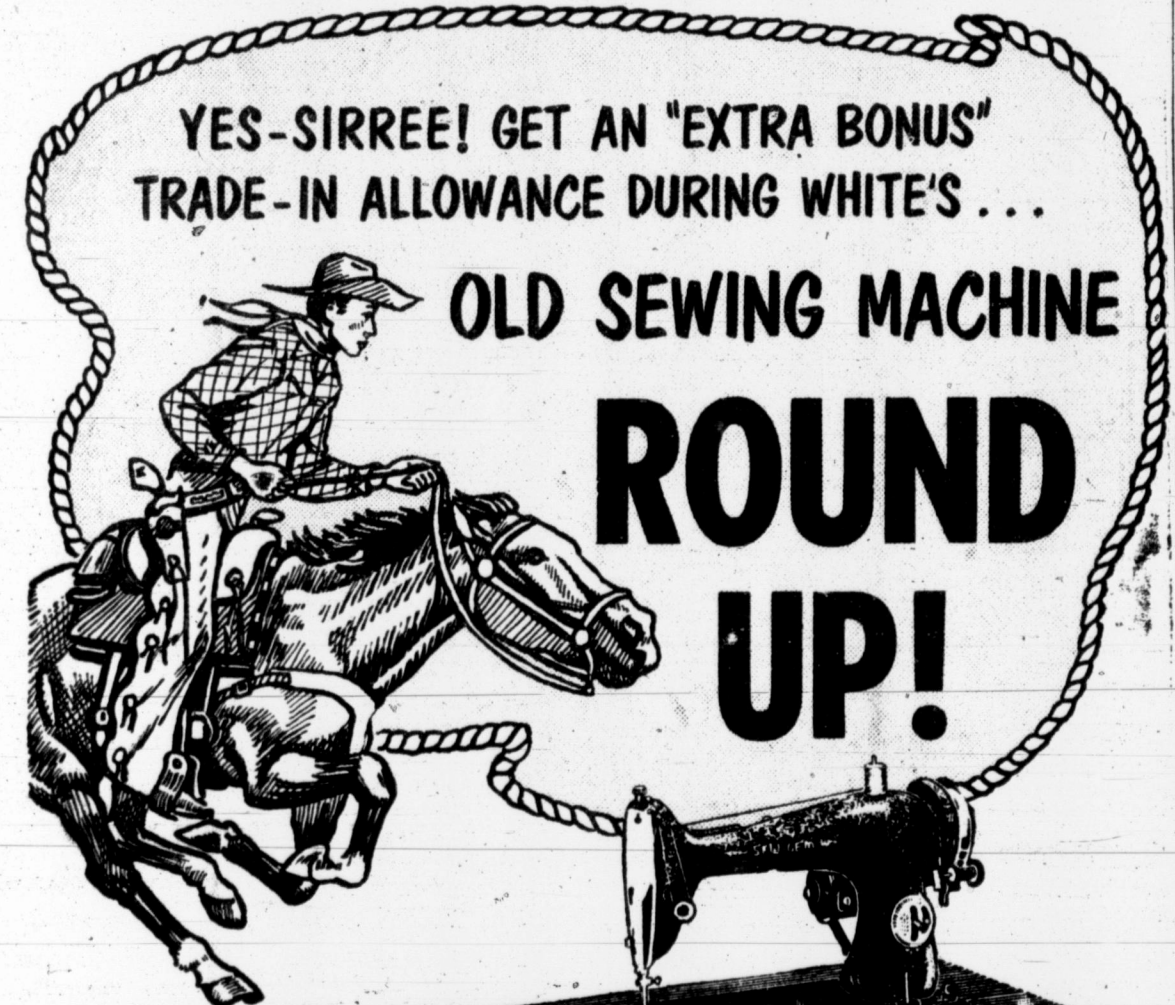

If you would have the nuptial union last, let virtue be the bond that ties it fast. Nicholas Rowe

Shamrock Teachers Re-Elected

SHAMROCK—(Special)—The Shamrock school teachers have been re-elected for 1952, reports Supt. Elmer J. Moore.

Moore was re-elected in February and his election re-affirmed at the first board meeting last week after the school election which returned five incumbents and added Rufus Dodgen and Glynn Bell to the board.

Re-elected in the high school were: Miss Helen Borth, homemaker; W. H. Callan, social science and coach; Mrs. Tammie Coburn, English; Kenneth Laycock, social science; Scott McCall, social science and head coach; Mrs. Inez Montgomery, librarian and math; Clarence Morris, coach and industrial arts; Miss Mary Phillips, commercial; Robert C. Reeves, band; Mrs. Dorothy Jo Taylor, math and science; Mrs. Kathleen Smith, English. E. M. Burkhalter was re-elected high school principal.

Junior high teachers include: Arthur Wells, principal; Mrs. Orla Barrett, Mrs. Irene Bryan; Mrs. Bertha Derr; B. L. Hill, social science and coach; Mrs. Naomi Kromer; Douglas McLemore; and Mrs. Francis Young.

North Ward teachers returned are: Mrs. Lucille Zeigler, principal; Mrs. Mary Joyce Abbott; Mrs. Janet Laycock; Mrs. Jewel Lee; Mrs. Elsie Hood; Mrs. Geraldine Howard; Mrs. Ruby Potts; Mrs. Stelle Short; Miss Geneva Zeigler; Miss Ruth Zeigler and Mrs. Vauda Wood.

Mrs. June Harvey, principal; Mrs. Katie Close; Mrs. Letha LeWallen and Mrs. Lorraine Reeves were rechosen at South Ward elementary.

Supt. Moore will be commencing his eighth year, assuming charge in 1945.

Death Dims Future For DP Family

NEW YORK—(AP)—Death dimmed the dream of a brave new life for a displaced Pole and family as a trans-Atlantic plane neared Idlewild airport yesterday.

With Edmund Matuszewski were his wife, Martha; their 16-month-old son, Joseph; and twin daughters, Veronica and Angelika, four months old.

Only minutes from a landing, the girls began to turn blue. Stewardess Madeline Mullin administered oxygen. The pilot radioed the airport for stand-by help.

Doctors gave more oxygen. They said both the babies had pneumonia.

Angelika survived but Veronica died.

The Matuszewski family were enroute from Germany to Chicago.

The father, tears in his eyes, murmured to an interpreter: "Strange to think we had dreamed of this day."

Former Nazi Pilot Pays War-Time Bet

SANTA ANA, Calif.—(AP)—Early in 1943 a German Luftwaffe captain boasted the Nazis would sweep their foes out of the skies. A captured American bomber pilot wagered the best bottle of brandy available after the war that the German was wrong.

Early this month David Farrell, of Santa Ana, the wartime pilot, collected. The loser, Capt. Waldemar Wuehke, now living in Bogota, Colombia, remembered the bet when he met a New York woman in South America. He sent \$10 back with her. She sent it to a sister in Compton, Calif., who gave it to Farrell's father in Long Beach.

Since the former captain doesn't drink, he turned the winnings over to the boys' fund of the Santa Ana Optimist Club.
