No Telephone Trouble Is Expected Here

BULLETIN

WASHINGTON — (P) — The CIO Communications Workers Union today ordered picket lines thrown up around Bell Telephone Co. installations all over the country.

Actually, the union is not ordering a nationwide strike. It is directly merely that those workers already on strike in 43 states put up picket lines.

Pampans can expect no interference in local telephone service, officials of Southwestern Bell Telephone Co. said here today.

Local service will have no interruptions, according to George Newberry, local manager, and there will be little or no disruption of long-distance calls, he said.

The reason, according to Newberry, is the lack of strength of the union here. Of the 140 Bell employees in Pampa, only 17 are union members.

While pickets were expected in some of the larger cities in the southwestern district, none was here.

Newberry said supervisory personnel were putting through long-distance calls with little trouble and that so far, no calls had been refused.

Vote Against Concurrent Celebrations

Top of Texas directors unanimously voted against holding a 50th anniversary pageant concurrent with rodeo performances at a joint meeting last night of the citizens' committee and rodeo association directors.

"We feel that the pageant held simultaneously with the rodeo performances would work a disadvantage to both shows," said Paul Crouch, rodeo association president.

The association maintains its pledge of support and cooperation for a birthday celebration and would go along with the rodeo being held first, followed by the pageant," Crouch added.

Jim Kling, John B. Rogers Production Co. representative, spoke prior to the voting.

The citizens' committee did not decide on engaging professional promotion because of a lack of quorum. Further discussion will be held Friday at 10 a. m.

Plans For Honor Court To Be Made

Members of the Santa Fe district advancement committee, headed by Clifton Kelly, White Deer, will meet at 7 p. m. Friday in the city commission room here to plan for the district court of honor April 21.

The court will include entertainment and presentation of awards to Boy Scouts and Explorers in the Santa Fe district.

Russell Buys Lot In Fraser Addition On Russell Street

The first couple to buy a lot in the Fraser Annex addition yesterday should have little trouble remembering the name of their street, William T. Fraser, developer of the 254-lot sector on the north city limits observed this morning.

They are Mr. and Mrs. Horton Russell whose 75-foot lot is in the 2100 block, N. Russell.

Fraser said the first nine transactions on lots were completed yesterday. The second couple to clear their deed was Mr. and Mrs. William L. Matthews; third, Mr. and Mrs. Roy G. Sparkman; fourth, Mr. and Mrs. Michael O. Wilson, and fifth, Mr. and Mrs. Dale Thul.

All are in the 2100 blocks of N. Russell, Williston and Hamilton.

Fraser reported that the annex is one of seven developments west of Fort Worth approved in total by FHA and GI loan agencies. This approval came through a few hours after title to the entire plot was cleared from oil leases Saturday. Lot values have also been set by the two federal agencies, Fraser added.

Sewer lines in the addition have been laid and dirt work for paving from 21st to 22nd, on Coffee, Hamilton, and Williston, has been completed while dirt work for paving in the same block on N. Russell will be completed this weekend.

Cast iron pipe for water lines is now on the site and will be put in as soon as sewer pipe laying operations along Crawford are finished. The gas company is ready to lay its network, too, Fraser said. Southwestern Public Service Co. has already completed part of its lines while the telephone company will probably extend its present lines.

First construction is due to start on or before July 1.

Court Battle Looms In Steel Strike Seizure

Tornado Hit Glazier, Higgins 5 Years Ago

Tornado warnings in the state and reports of small twisters skipping through the Oklahoma Panhandle, reminded area residents today of a weather story written in blood exactly five years ago.

It was five years ago, today, when the Panhandle of Texas backed in somewhat warmer weather than is prevalent today.

But it isn't the difference in temperature that brings sharply into focus the memory of the weather of that day. For it was shortly after 5 p. m. when the temperature started to dip, and the skies took on a sickly green look.

Then the word was flashed: Glazier and Higgins virtually destroyed by a tornado. Dead and injured were everywhere.

From the time the first flash came in at 7:15 until the dawn of the following day many teams of doctors, nurses, Salvation Army and Red Cross workers labored steadily in relieving the injured and housing the homeless.

Truman's Action Sets Off Uproar Throughout Nation

WASHINGTON — (P) — President Truman seized the vast steel industry today in the name of the United States government, averting a union shutdown of vital mills but touching off a great court battle.

Steel firms blasted the drastic move as an attempt to confiscate private property and rushed into court to block it.

Two major firms, Republic and Youngstown, sent lawyers on a midnight hunt for a judge with whom they could file suit for an injunction charging the seizure as illegal.

Federal District Judge Walter M. Bastian fixed a hearing on the injunction plea today.

Other steel firms were expected to join in the legal fight.

Secretary of Commerce Sawyer whom Truman made boss over the seized industry, ordered the American flag flown over all steel plants and notices posted that they were now government property.

Clarence B. Randall, president of Inland Steel Co., said that "it is unbelievable" that the seizure of the steel mills by President Truman "could happen in a free America."

"From this day on no business anywhere is safe from seizure, for if a steel plant can be taken over without compensation of the owners, the same could happen to any other industry."

Truman said it was his earnest hope the dispute would be settled promptly "unless it is possible to force the steel industry to accept the government's terms."

"They are raising all this hubbub in an attempt to force the government to give them a big boost in prices," the President said.

"They want something special, something nobody else can get. Truman said a steel stoppage would halt production of shells, bombs and planes going to the Korean fighting front."

Truman's action set off an uproar in Congress. Senators Capehart (R-Ind.) and Backer (R-Ill.) said the seizure may jeopardize renewal of price-wage controls legislation before the Senate banking committee today.

Funeral will be at 2 p. m. Thursday in Paducah with Rev. Jimmy Hayes officiating.

Other survivors include a son, Leslie of Santa Rosa, N.M.; 11 grandchildren, 21 great-grandchildren, and two great-great-grandchildren.

Lefors Banquet Scheduled Here

R. B. Johnston will be principal speaker when Lefors High school juniors and seniors hold their annual banquet in Pampa Thursday.

The banquet, carrying out an Easter theme, will be held at 8 p. m. in the Schneider hotel.

Others taking part in the program will be Don Howard, Jr., postmaster; Jack Pflug, who will give the invocation; Russell Herling who is to welcome seniors and Willow Dean McAnich who will give the toast to seniors.

Joe Staley will give a toast to the faculty and L. H. Berryman, senior sponsor, will respond. Sextet from the junior class will sing. Members are Don Howard, Bill Watson, Jack Pflug, Willow Dean and Inogene McAnich and Shirley Teeters.

Guests will be members of the junior and senior classes, high school faculty and class mothers and fathers of juniors and seniors.

Mrs. Roy Gettel and Dr. Landpey, junior sponsors, are directors for the banquet.

The steps forward made by India since her independence were summarized by Dr. Gabriel Sundaram, Hyderabad, India, before the Pampa Rotary today.

Dr. Sundaram, a delegate to the Methodist convention to be held in San Francisco this year, is spending several weeks in Texas, one of them in Pampa, before attending the church meeting on the coast.

He was introduced by Dr. Orion Carter, pastor of the First Methodist church.

Taft Scores Big Victory In Illinois

CHICAGO — (P) — Sen. Robert A. Taft of Ohio scored an overwhelming victory in yesterday's Illinois Republican primary election.

In the GOP presidential popularity contest, Taft snowed under his two major opponents — Harold E. Stassen and Gen. Dwight D. Eisenhower — duplicating his primary victories last week in Nebraska and Wisconsin.

The apparent win control over 45 of the 50 delegates to the GOP national convention in July, which represents a big step toward a date this year.

The primary results are not binding upon delegates.

Early in the tabulation Taft established a victorious trend, which he maintained thereafter.

With more than two-thirds of the precincts counted, Taft led Stassen 6 to 1, and Eisenhower 4 to 1.

Truman without opposition as the Democratic presidential candidate Sen. Estes Kefauver of Tennessee had a huge vote.

There was a small load of votes for Gov. Adlai Stevenson of Illinois in the Democratic column.

Local Blood Drive Slated For Pampans

Pampans will be given the opportunity to donate blood for the armed services, Master Sgt. Davis A. Brown said today.

The city will be a test spot for the Fourth Army's blood recruiting plan. A C-54 plane will arrive in Pampa daily from May 12 to 17 to fly the blood contributed each day to the Fourth Army headquarters for storage.

Sgt. Brown called representatives of various civic groups to meet at 10 a. m. Monday in the Palm room to plan the blood program.

The blood will be sent directly to Korea, the sergeant said.

Thirteen medical technicians will be at the American Legion hall to handle the blood donations during the drive.

City Churches Plan Easter Service Tonight

Church members and pastors will present "The Seven Last Words of Christ" beginning at 8 p. m. as a pre-Easter religious service.

Geologist Sees Ultimate Anadarko Oil Discoveries

Ultimate discovery of new oil reserves in the Anadarko basin is foreseen by a Sinclair geologist. Pat Meholia, district geologist for Sinclair O&G Co., Amarillo, last night told members and guests of the American Petroleum Institute here that with the data accumulated and with the shows of oil and gas in a series of deep tests in the northern Texas Panhandle there was little doubt in his mind that oil reserves would eventually tap a reservoir of major proportions.

He pointed out that subsurface geology of the basin showed traps for oil and gas and that oilmen have drilled into formations which, in other portions of the country, have produced.

Work

"However," said Meholia, "there is much work to be done. Many of our ideas are being changed as new wells are drilled. And, with the extremely high cost of wildcatting and the great amount of space to be explored, it will be a long time before the basin can be developed."

He brought out also, the possibility that oilmen may be producing now the oil they are seeking in the basin. He said it is possible the oil has migrated across the basin and filtered through debris lying against the buried Amarillo mountain range and on into lower dolomite formations higher up.

These dolomite formations are about 3500 feet below the surface of the Panhandle and are (See GEOLOGIST Page 3)

City Plans Annual Clean-Up Here April 21 Through May 3

Pampa will hold its annual clean-up and paint-up campaign April 21 to May 3.

Plans for the drive were made this morning at a meeting of the fire prevention committee of the chamber of commerce.

Dick Pepin, city manager, said 400 to 600 loads of trash were hauled away during the 1951 campaign. He said the city was willing to cooperate again in the drive because it adds fire prevention and promotes health.

Jim Perkins, chairman of the fire prevention committee, said "We should get the PTA's and ladies clubs interested in this project."

Civic clubs will be asked to participate in the drive and school officials indicated their willingness to help.

Attending the meeting were Fire Chief Ernest Winborne, Sam Regert, Woodrow Wilson principal; Aaron Meek, of Sam Houston; McHenry Lane, of Junior High; Homer Craig, of Baker County School Supt. Bert Nuckols; Bruce Brooks, president of the Negro chamber of commerce; Kirk Duncan, Joe Fisher, Ray Salmon, Lawrence West and Chamber Manager E. O. Wedgeworth.

Realtors Hear State President

Four steps to successful real estate businesses were outlined today by Raymond P. Estes, president of the Texas Real Estate Assn., at a meeting of Pampa realtors.

He advised securing lists, a five percent commission, telling only the truth, and closing the deal with "perfect understanding" among parties.

Estes said the group had 6500 Texas members and was effective in influencing desirable legislation.

M. P. Downs, president of the Pampa Real Estate board, said meetings of the local group will be held on the first and third Tuesdays of the month at noon in the Schneider hotel.

Guests will be members of the junior and senior classes, high school faculty and class mothers and fathers of juniors and seniors.

Mrs. Roy Gettel and Dr. Landpey, junior sponsors, are directors for the banquet.

Soldier Gets Long Letter

PASADENA — The John Klotzle, now in Korea, will be relieved by his mail-bagging partner when he receives a "whole-sale" letter from home.

Jobs Plentiful Over In Japan

TOKYO — Engineers and teachers among Japan's 21,885 university graduates this spring will find job hunting fairly simple, a Kyodo News Agency survey showed today.

The demand for engineers is more than three times the number of graduates and there are three teaching jobs for every two graduates.

Dr. Logan's Wife

Frankly, Dr. Surinov, I am not willing to sit out the period during which you are proved safe or unsafe by the FBI. If you put yourself in my place, you will understand that I must act conservatively in a way that best protects our company. You can stop on the way out at the bookkeeping department for your check which will include an extra month's salary in lieu of notice.

Mr. Starr had given it to him straight. "Dr. Surinov," he had said, "I found yesterday I was interviewed in your behalf by a young man whose credentials were in order. He was a federal investigator. He advised me that you were being considered for a government-subsidized research job at Angels Hospital. He asked me questions about you. I answered them freely. You've done a good job here. I've had nothing to complain of. But I confess that I was annoyed that you had not been sufficiently straightforward to advise me that you were contemplating leaving our laboratories. I saw fit to phone Angels Hospital for further information as to when the project would get under way. I spoke to the superintendent, Mr. Cota, who told me in no uncertain terms of the shady circumstances under which you were asked to leave the hospital. I regret that I did not check into that at the time you came here. I thought you left the hospital job for this one because of the salary increase. Mr. Cota made it clear that there was no research project planned at Angels for which your services would be accepted. I assume therefore that the federal man used that as an excuse to protect your position here until their investigation of you was completed.

"We have a lot of government contracts at this time, as you know. Question was—who was hunting for Government-subsidized research projects—hogwash. If there'd been such a thing afoot, Pelletier would have told him about it. Still, the FBI was not apt to invent excuses to protect a man's job while he was in the process of being cleared. Also, the FBI was the smell, not the cheese. Was Cota the cheese? First blackmail, now persecution. Why? He had put so little of himself into this room, there was little to take out. A slide-rule, a Geiger counter, a fountain pen, a film badge. He took them with him to the locker-room where he changed back into his street clothes. He picked up his check at the bookkeeper's office on his way out. He drove his car out of the parking lot, turned west to the hospital. He was a car and a few thousand dollars ahead of the last witch-hunt.

When Peter reached his desk, he found a message—Jennet Logan called. It was on the metal stool, absently played with the piece of paper on which her name was written. There was no point in calling her now. He had no job, he wasn't even sure he had a future, at least not one he could ask her to share.

He looked down the alley of the room where eight white-gowned, white-capped technicians sat at the counters filling assembly lines of bottles with gloved hands. "I'm just a nurse to a bunch of milk bottles," he had growled to Walter Pelletier not long ago. He was glad to be relieved, however forcibly, from the tedium of the work, wondered why he had stuck it out this long—probably because it was as good a place as any to come and brood about Jennet. Highly paid brooding it had been, too. But it was not pleasant to be fired even from a dull job, and worse still was the sense of being hunted. He felt it in his belly again, the sick light belly-fear of the pack, of the posse, of men against one.

He backed away, sat down on the rim of the lounge chair and crossed his arms on his chest. Cota, relieved of his fear of violence, rested his weight on the edge of the high, carved banquet chair.

He drove his car out of the parking lot, turned west to the hospital. He was a car and a few thousand dollars ahead of the last witch-hunt.

PETER was not surprised that Cota refused to receive him. Word came via the secretary that he was "tied up" and unable to see Peter except by appointment. Peter pushed past the girl, flung open the door of the superintendent's office.

Maxwell Cota was standing at the window, his back to the door, when Peter charged in. Cota wheeled at the sound, his face darkening with sudden blood, and he scurried up the step behind his desk, his hand under the center panel. Thus aproned, he ordered shrilly, "Stay where you are, Surinov—if you know what's good for you!"

"I came," Peter said evenly, without slackening his advance. "To ask you a few questions, Mr. Cota, and I don't care if you have your hand on a howitzer." He reached across the desk and raised Cota from the floor by the lapels. Then he saw the black arm-band on Cota's limp-swinging sleeve, and he remembered Pelletier's mentioning the death of Cota's crippled sister. Ashamed by the jarring version of Cota as hostile brother instead of hostile superintendent, Peter released his grip.

He backed away, sat down on the rim of the lounge chair and crossed his arms on his chest. Cota, relieved of his fear of violence, rested his weight on the edge of the high, carved banquet chair.

May Close N. Y. City Airports

NEW YORK — (AP) — Queens' four city councilmen said this week they will demand the closing of New York City's two big airports—La Guardia field and Idlewild.

Aroused by Saturday's flaming air crash into a crowded residential center of Jamaica, Queens, the four said they will put their demand before the city council at its next meeting April 22. Their resolution calls upon the city administration to take steps to cancel the lease allowing the port of New York authority to operate the two huge airports. Incoming and outgoing planes must fly over Queens' borough. Five persons were killed and five homes destroyed Saturday in the crash of a cargo plane.

Antibiotics Aid Stock Growth
HALIFAX, N. S. — (AP) — Feeding of poultry and swine with foods spiked with special antibiotic ingredients, a process started in Nova Scotia a year ago, has apparently produced better birds and animals at reduced costs, agricultural officials announced.
Use of the antibiotics brings the stock along quicker, making it ready for marketing at an earlier date. However, the goods have little effect on egg production, said one authority.

Counterfeiters, T-Men To Swarm In Senior Play

The stage of the auditorium at Pampa High school will be swarming with counterfeiters and T-men when the senior class gives performances of "Mr. Barry's Etchings" April 17 and 18. The high premium prey for government T-men as well as for a gang of bogus bill distributors in the forthcoming comedy is an amiable jack-of-all-trades named Jud Barry. Though Mr. Barry had long confined his talent for expert engraving to cathedrals, he turned out a perfect fifty dollar bill one day, just to amuse himself. At the time he didn't intend to go into competition with the Treasury Department, but when he finds such worthy causes as children's hospitals and a reform candidate for mayor in need of money, Mr. Barry anonymously comes to the aid of the various needy with bundles of his counterfeit fifties.

The dizzying complications that follow, in which Jud Barry finds himself involved with the underworld, government sleuths and even the movies, provide some of the most hilarious scenes in stage comedies.
Reuel Casey will be seen in the leading role of the misadventure Mr. Barry.
The senior class' presentation of "Mr. Barry's etchings" is being directed by Miss Billie Hutchings, speech teacher at PHS.

27,000 Texans are telephone employees

ONE OUT OF EVERY 7
Texas telephone people has been in the business **21 YEARS OR MORE.**

There is a social organization in the telephone business called the "Pioneers." The only requirement for membership is 21 years or more in telephone work. In Texas, 4,100 telephone men and women, or one out of every seven, are "Pioneers." Some have almost 50 years of service. As a group, they represent 110,700 years of telephone work.

The average length of service for all Southwestern Bell people is 8 1/2 years, despite the fact that many new employees have been added in recent years. People usually stay with jobs they like. The long service of so many telephone people is good evidence of how well they like their work... and how pleasant you are to work for.

Where you find people interested and happy in their work, you find people who are good citizens and good neighbors. We're justly proud that the telephone business attracts capable men and women. We're proud that so many of them make a career of telephone work. It's people like this who keep Texas' telephone service equal to the world's best.

CHICAGO GRAIN
CHICAGO—Grains firmed Tuesday at the Board of Trade and commercial demand for corn.

The May contract in wheat developed the best advance for that grain. The new crop deliveries were influenced by the report of good to excellent progress in winter wheat sections. Buying in corn was the result of a better cash market and light receipts from the country. Tuesday's receipts were estimated at 64 cars.

At the finish wheat was 1/2 to 1/4 higher than yesterday's close. Cost-Plus Policy Threatens Economy

A strong hint that the federal government will be forced away from the cost-plus policy of armament procurement was dropped this week by Rep. Walter Rogers in his weekly newsletter.

"This Congress is going to demand the application of business principles in military expenditures and they are going to get it," he said after discussing the cost-plus policy and bringing out the salary increase given one official by transferring from a government agency to another agency which is financed in whole (through cost plus) by the federal government.

Rogers declared, "The tremendous cost of the preparedness program is all the more reason for exercising business principles. Unless some of the tactics employed in obtaining the materials and weapons necessary for defense are changed our entire economy could be in danger."

Two Types
The Pampa congressman said he had particular reference to the cost-plus contracts "that are still highlighting this country."

He added that the two general type contracts—cost plus fixed fee and cost plus fixed percentage fee—encourage spending and invite "all kinds of schemes."

He cited one example of a government official, Gen. Thomas Farrell, who had been employed by the atomic energy commission as assistant general manager at a salary of \$17,500 per year. Farrell was hired away from AEC by the newly organized ARO, a corporation designed to make contracts with the Air Force and to operate the aerodynamic wind tunnel at Tullahoma, Tenn., at a salary of \$30,000 per year.

Fallacy
ARO, Rogers added, is operating on a cost plus fee and Farrell's salary still comes from the taxpayer's pocket. Farrell was considered an able and capable man by the AEC, but added it was a perfect example of the "fallacy of cost plus policies." He compared the transaction to a housewife bidding against her husband at an auction.

However, Rogers said that ultra-secret weapons, such as the atomic powered submarine, may be justified on cost plus since they could not be publicly let up for bids which would give away their secrets and also because many are of experimental nature.

Necessary
He declared the "great bulk of cost plus contracts can be done away with," this is vitally necessary now because it is one way military expenditures can be cut without endangering the preparedness program.

Rogers predicted that a lot of this type of thinking will be seen shortly in Congress when the appropriations bills come up.

He concluded with reporting that many civil functions have been cut as soon as they came up and that those seeking increases in budgets got similar treatment—out.

Test Yourself On Correct Play

When today's hand was played in a team match, both South players reached a contract of four hearts. One declarer found a subtle but simple way to make his contract.

In both rooms West opened the nine of spades, East won with the ace and returned a spade, hoping West could ruff. Dummy won with the king of spades, and declarer drew trumps with the ace and jack. He next led the deuce of diamonds from dummy. East played low, and South won with the king of diamonds.

Up to this point the play in both rooms was identical, but here the two declarers parted company. Decide for yourself how you would have continued—as you

suming that you could not see the hands of the declarer.
In the first room South led his remaining diamond and put up dummy's jack. East took the ace of diamonds, and desperately returned the king of clubs— and South found he had to lose two club tricks no matter how he sequenced.

In the second room declarer thought more carefully about the diamonds and clubs. It would do him no good to discard only one club from his hand, which would still leave him with two losing clubs.

It would do him no harm to set up no diamonds at all in dummy. The club situation would remain unchanged by not luck in diamonds.

It would make a difference, however, if he could somehow set up both of dummy's discard picture cards. In short, he needed two further diamond tricks and a club cost him nothing to try for them.

Since there was only one chance, South led his remaining diamond, and played low from the dummy. East had to play the ace, exactly as declarer had hoped, and now the game was in the bag.

East returned the king of clubs, but South won with the ace, entered dummy with a trump, and discarded two clubs on the queen and jack of diamonds. He could then cheerfully give up one club trick.

\$11 Billion Collected In March Taxes

WASHINGTON — (AP) — The government collected a record-breaking \$11 billion dollars in taxes last month. Announcing this today, the Treasury department said the government still is in the red for the current fiscal year.

Income taxes accounted for almost 10 billions as the tax intake for March, 1952, was listed at \$10,800,486,271. This tops the previous record, set in March, 1951, by nearly 2 billions. Last year the total was \$8,810,645,576.

But the government still was \$3,338,783,697 in the red through the third quarter of the fiscal year that ends June 30.

The federal deficit dropped from \$8,305,276,752 on March 14 to 3 1-3 billions on March 31.

At this time last year, the government had a surplus of just over 5 billions.

With three more months to go, treasury officials said they would not be surprised to see the deficit for the year run only 5 billions rather than the \$8,200,770,000 forecast in President Truman's budget message.

Amarillo Future Teachers Of America Present Program At Delta Kappa Gamma

Students interested in entering the teaching profession were special guests at a meeting of the Beta Delta chapter of Delta Kappa Gamma recently in the city club rooms. Members of the Future Teachers of America Club of Amarillo and the sponsor, Miss Carmen Ulm, were special guests and presented the program.

"Encouragement I have Received to Enter Teaching" was discussed by Yvonne Covender. Ann Harrison sang "Smoke Gets in Your Eyes" and "All the Things You Are."

Gail Aikens, state president of F.T.A., outlined the procedure for organizing a club and named some of the activities of a student teacher. Teacher assistance, student tutoring, class work at school, church work, and community and civic work were within the duties of the future teachers. Miss Aikens urged Pampa and White Deer students to organize clubs and to become affiliated with both state and national organizations.

Mrs. Kenneth Walters introduced Miss Ulm, who gave a history of the Amarillo F.T.A. club. This club was organized in October, 1947, with 34 members; it has grown to its present membership of 127. Clubs are named for outstanding educators. The Amarillo club is the Erdman club, having been named for Miss Louisa Grace Erdman, a former instructor of some of the charter members and at present, an instructor at West Texas state college. Miss Erdman has been helpful to the club in many ways, and contributes numerous books to the club library and addresses the members each year.

The state organization of the F.T.A. was organized in 1950. There are now 58 schools in Texas as with both state and national affiliation. District IX of F.T.A. had nine schools represented at a meeting of the organization in Canyon in 1951. These clubs are sponsored by West Texas State. The 1952 state convention will be held in Denton.

Mrs. Walters introduced the two visiting administrators, Superintendent Knox Kinard and Principal L. J. Edmondson, both of Pampa. Miss Gertrude Golladay introduced the White Deer student

From the annals of the delectable, the delicious, the divine, comes the recipe for Banana Apricot Chiffon Pie. Take the tropic glamor of banana, the tartness of apricot, the sweetness of orange, put them all together and you have a fascinating blend for a chiffon pie filling.

With a texture as light and refreshing as its flavor, this will be your party pie. Or serve it just for the family when you want it to be a very particular dinner they will particularly enjoy. To capture the very peak of delicious, mellow banana flavor in your chiffon pie, choose bananas that have yellow peel flecked with brown. These bananas are at peak of ripeness, sweetness and digestibility.

BANANA APRICOT CHIFFON PIE

- 1 package orange-flavored gelatin
 - 1 cup hot water
 - 1/4 cup sugar
 - 1/4 teaspoon salt
 - 1/4 cup orange juice
 - 2 ripe bananas
 - 1/3 cup apricot puree
 - 1/2 cup heavy cream, whipped
 - 1 baked 9-inch pie shell
1. Dissolve gelatin in hot water. Add sugar, salt and orange juice. Chill until cold and syrupy. Peel bananas and cut into slices about 1/8-inch thick. Combine bananas and apricot puree. Add to gelatin mixture. Beat with a rotary egg beater or electric mixer until thick and fluffy. Fold in whipped cream. Turn into pie shell. Chill until firm. Makes one pie.
- Important: To prepare apricot puree, drain stewed or canned apricots thoroughly. Rub pulp through a sieve.

Twentieth Century Culture Has Annual Guest Day Tea

Mrs. Margaret Kirk of Spearman, a woman who is playing a part in recording the history of the Panhandle, was guest speaker at the annual Twentieth Century Culture club guest day tea Tuesday afternoon in the City Club room.

The speaker, whose feature articles appear regularly in the Amarillo Daily News, has been writing since she was 14, although she wasn't trained to be a writer.

"Writing," Mrs. Kirk said, "is something I wanted to do and did, and it has been a satisfying hobby, bringing me in contact with all kinds of people in all walks of life."

Mrs. Kirk specializes in features about pioneer life and people, and emphasizes the importance of our knowing what is behind the wealth and prosperity we enjoy today. During her talk she displayed a number of her articles, explaining how the idea for the story was born, and the chain of events that led to the ultimate publication of the story.

"And it's the publication of the article," Mrs. Kirk explained, "and the feeling I am helping preserve a cross-section of life on the Plains that keep me writing. Unlike the idea of many people, a writer works as hard as a school teacher, a nurse or any other professional woman. There is nothing hit and miss about writing — you have to keep working at it to get any where. Long hours of research and thought go into every newspaper article."

Mrs. Kirk, a busy homemaker and club woman, expressed the belief that every woman should have a hobby. A hobby you "bury yourself in" is insurance against being unhappy and neurotic — the type of person nobody enjoys knowing she said, "If you don't have a hobby, you might try feature writing. It will bring insults, and heartbreaks, but it will bring lots of enjoyment, too, not only to the writer, but to those big people and little people whose story you tell."

Mrs. Myles Morgan also introduced the speaker and also introduced Mrs. Dudley Steele who was the narrator of a short pantomime, "Passport to Yesterday," in which all club members had a part. The play, written and directed by Mrs. Steele, gave highlights in American history from the discovery of America up to the present day. The humorous play followed the program subject of the year, "What's Right With America."

The tea table was covered with a white lace cloth and was centered with a miniature May pole from which rainbow colored ribbons extended. Under the May pole were tiny hand-made baskets filled with mints. Sweetpeas, the club flower, surrounded the punch bowl and nosegays were placed at intervals on the lace cloth.

Mrs. Mike Wilson was in charge of the guest book which was decorated with green and yellow ribbon. Guests registering were Mmes. J. B. Veale, Jr., Kenneth Meaders, Ralph McKinney, Ralph Gardner, Harold Murray, Ralph Sidwell, L. W. Jolly, Paul Taber, J. O. Dumas, Charles Wooley R. E. Dobbin.

Mrs. Nace Presents Civic Culture Program

Mrs. Otis Nace presented a program on "Current American Literature" at the Civic Culture club meeting Tuesday in the home of Mrs. John Brandon.

During the business meeting Mrs. A. D. Hills was selected delegate to the Borger convention with Mrs. J. E. Townsend as alternate.

Refreshments were served to Mmes. D. W. Coffman, Hills, Emmett Gee, H. E. Van Sickle, Irvin Cole, Henry Link, M. N. Moyer, J. B. Townsend and three guests. Mrs. Nace, Mrs. Bob Brandon and Rogena Thompson.

Giants Swap For Elliott To Help Fill Gaping Outfield

By RALPH RODEN
Associated Press Sports Writer.
The pennant stock of the New York Giants and the Brooklyn Dodgers is on the ascent today.

It appears that Clem Labine, slated to fill the big shoes of Private Don Newcombe of the United States Army, will make the grade while the Giants' hopes are brightened by the acquisition of Bob Elliott, veteran slugger from the Boston Braves.

The Giants obtained Elliott late last night for pitcher Sheldon Jones and an estimated \$50,000. Elliott, a holdout with the Braves, came to terms quickly and will report to the Giants at Tulsa, Okla., tomorrow.

In Left Field
Manager Leo Durocher plans to stick Elliott in left field, a spot left vacant by the injury to Monte Irvin, who suffered a broken ankle in a recent exhibition game.

The Giants can use Elliott's big bat. The National League champions were beaten, 5-0, by the Cleveland Indians in Houston, Tex., yesterday. Bob Feller and George Zerkvink blanked the Giants on eight hits.

Brooklyn doesn't expect Labine

to win 20 games but the Brooks wouldn't be surprised if the husky 25-year-old curve ball artist did hit that magic number recently with a swelling on his pitching elbow, became the third Dodger pitcher to go nine innings yesterday when he turned back the Boston Braves, 4-1, at Richmond, Va.

The youngster, a former Army paratrooper, said after the game that his arm was improved.

Vinegar Bend Wins
The Dodger hopeful, who gained the spotlight last year when he won five games and lost one, allowed the Braves eight hits. The Dodgers six hits included two home runs by Duke Snider and one by muscle man Gil Hodges.

Vinegar Bend Mizell, prize Cardinal rookie, allowed only one hit in five innings as St. Louis nosed out the Philadelphia Phils, 9-8, at Winston-Salem, N. C. The Phils came to life after Mizell departed and jumped on Red Munger for seven runs in the seventh inning.

Maurice McDermott blanked the Athletics on two hits for seven innings but the Athletics landed on Jim Atkins for four in the eighth inning to beat the Boston Red Sox, 4-3, at Lynchburg, Va.

Minnie Minozo banged out four hits to lead the Chicago White Sox to an easy 8-4 victory over the Pittsburgh Pirates at New Orleans.

Horae runs were the big factors in the remaining games.

Dee Fondy homered with two out and one on in the last of the ninth off Satchel Paige to give the Chicago Cubs a 5-4 decision over the St. Louis Browns at Oklahoma City, Okla.

The Washington Senators out-slugged the Cincinnati Reds, 10-9, at Bluefield, W. Va., in a game featured by seven homers. Seven home runs also were hit at Atlanta, Ga., where the Detroit Tigers trounced the Crackers of the Southern Association, 10-4.

Gassers Purchase Carnett Again

BORGER — The Borger Gassers have repurchased the contract of Eddie Carnett, 28, from Albuquerque. Carnett formerly managed the Gassers, but was sold to the Dukes in midseason last year.

Carnett formerly pitched in the majors for the Chicago White Sox, Chicago Cubs and St. Louis Browns. He is currently in the insurance business in Borger, and plans to play with the club only when they are staying at home, making no road trips in order to devote more time to his business.

Carnett said there was a possibility that he may be able to work out his insurance business so that he can make all the road trips later in the season.

Last year he hit .314 and had a won-lost record of 9-7 with both clubs. His earned run average was 4.69.

Sports Roundup

By GAYLE TALBOT
NEW YORK — (AP) — The coming baseball season promises to be much richer for the return of Rogers Hornsby, manager of the St. Louis Browns. The Rajah, probably the greatest right-handed hitter who ever lived, was away far too long.

A man who loves the game as Hornsby does is able to drill its finer points into younger players with his sure hand should never have been permitted to wander near the outer fringes ever since 1937, conducting baseball schools and managing in the minors. He belongs in the big time, and President Bill Veck of the Browns deserves credit for having brought him back.

Under Hornsby the Browns will be no laughing stock. They will be a colorful, fighting ball club and they will help attendance all around the American League. They will not finish last and they could finish as high as fifth if any one of several pitchers delivers as he has sworn to do for his manager.

Commander Loyalty
For some reason not easily discernible, Hornsby commands a fierce loyalty both from his younger players and from veterans who have been cast off by other clubs. Several of the latter, in particular, such as Shortstop Marty Marion and Pitcher Tommy Byrnes, can be counted upon to give it a terrific try. Perhaps they feel they have a common bond with the man who was an outcast for so long.

All the Rajah's waking hours are devoted to baseball. In spring camp at Burbank he was up at 7 a. m. and demanded that every one else rise at the same miserable hour — even the writers attached to his club. It took us two sulphuric mornings to convince the girl on the switchboard that we were a free literary agent.

When he isn't on the field, Hornsby is sitting in the lobby with a toothpick between his strong teeth, talking baseball with all comers. There was a sign over his favorite location this spring saying "Hornsby's chair," and there were no interlopers. We asked him one night if he hadn't ever been interested in football or basketball or some other sport, and he said no.

"Why should I?" he asked. "There's enough to do learning all there is to know about baseball. I'm still trying to learn."

Listeners Well
In the line of his lobby sitting Hornsby gets his cars beaten off by some strange characters, but he doesn't appear to mind. There was one we recall who said he had a sure-fire scheme which would increase Browns' attendance by a half-million. Maybe it was a million. The only difficulty was that he meant to keep it a secret until Hornsby signed the papers.

Another night a long, tall boy blew in from Chicago and introduced himself to Hornsby. He said he was both a pitcher and a third baseman, depending upon which the Browns needed most. He had come all the way and landed broke because he was absolutely confident that Hornsby would sign him the moment he saw him throw.

Hornsby told the boy where to sleep and one of his coaches, Bill Norman, to give him a warm-up the next morning. This, we thought, might turn out to be the story of the spring — an unknown yahoo breezing in and making everybody's eyes pop. That night we asked Norman about it.

"Threw like a girl," he said. "Couldn't even get the ball up to the plate. I walked away after he had tried five or six times. He came over then and wanted to know when we could give him a trial at third."

Childress Nears Schoolboy Finish

ODESSA — (AP) — In just three weeks Joe Childress will ring down the curtain on one of the greatest schoolboy track careers in history.

The Odessa High school star is expected to win both the 100 and 220-yard dashes in the Texas Interscholastic League meet in Austin May 3. If he does he will duplicate the feat of Charley Parker who while running for Thomas Jefferson of San Antonio won both dashes in the state meet three straight years.

In three years Joe has won 30 races and lost two. His best times have been 96 in the 100 and 211 in the 220. Sixteen times he has been under 16 seconds in the 100. He holds 13 records and ties for two more.

Saturday in the district meet here Childress tied his best marks made as a high school sophomore. He thus showed that an injury received in football last fall had healed perfectly.

Joe suffered a fractured vertebra and there were doubts at the time that he would be able to return to track and attain the brilliance he had known.

Childress also runs on the Odessa 440-yard relay team and only once has an Odessa relay team with Childress on it been defeated. That happened in 1950.

The only sprinters to ever beat Childress were Charles Thomas of Cleveland and Bob Moore of Freeport. Thomas defeated him in the 220-yard dash at Fort Worth in 1950. Moore in the 100 at the Texas Relays last year. But he later defeated Thomas.

Thomas and Dean Smith today are the star sprinters of the University of Texas. Smith never did defeat Childress in high school.

Wanna Be Oiler Batboy This Year? Here's How You Can

Hey, kids! How would you like to be batboy for the Pampa Oilers this summer? You would? Well here's how you can be!

The Pampa Daily News and Radio Station KPDN, in cooperation with the Pampa Oilers, is going to sponsor a contest to select a batboy for both the Oilers and for the visiting team. The job will last all summer and you can get a free Oiler uniform in the deal besides getting to be on the field with the players and know them personally.

Here are the rules of the contest:

1. Boys between the ages of 13 and 16 are eligible.
2. Entrants must be attending school in the Pampa area.
3. Entry must be made on a contest blank which appears on The News sports pages or on a sheet of paper that carries the information requested on the official entry blank.
4. Each boy must write an entry of 50 words or more telling why he wants to be the 1952 batboy.
5. This entry must be in the words of the boy and sincerity, honesty, clarity and originality of statement will be the basis for selection of the six-boy field for the finals.
6. The entry of each boy must be signed by his parents or guardian.

To the Winner
And here's an outline of the winners' duties. He must preside over the bats of the Oilers while the runner-up will become batboy for the visiting team. Both boys will be provided with uniforms which become their property at the end of the season. The parents of the winner will receive season passes to all home games while the parents of the runner-up receives passes for 25 home contests. The third place winner will become the alternate batboy serving for the winner or runner-up in case of enforced absence and his parents receive passes to 10 home games.

The fourth, fifth and sixth place boys will receive a league baseball autographed by all members of The Pampa Oilers.

More Details
Now, here are the rest of the details:

All of the letters of entry, along with the entry blank, must be mailed into The Pampa News, Batboy Contest, Box 901, Pampa, Texas, before midnight of April 15. Next morning, a three-man committee composed of the Oilers' business manager, Ivy Griffin, Coy Palmer, manager of KPDN, and Warren Hasse, sports editor of The Pampa News, will select the six best letters as well as investigate the background of the boy as far as desirability is concerned.

The pictures of these six finalists will appear in The Pampa News on April 15, along with an official Batboy Ballot. The ballot then becomes the only official form. The ballot will appear in The News daily until April 22. That night at midnight is the final night of voting, which is open to all readers of The News. The winner will be announced the next day in time for the opening game.

The boy receiving the most ballots will be the Oilers batboy, the

Mays Asks Deferment

BIRMINGHAM, Ala. — (AP) — Willie Mays, New York Giant outfielder, today plans to appeal to Alabama Selective Service Headquarters at Montgomery for deferment of his draft orders.

The appeal will be based on hardship grounds. The 20-year-old Negro athlete said he is the chief support of his nine brothers and sisters. His stepfather is unemployed.

Mays, chosen National League rookie of the year in 1951, has been ordered by his Fairfield, Ala., draft board to report for induction May 16.

Tough Canucks In Tag Match

The Montreal Canadians of the ring, Badman Benny Trudell and Awful Alex Kasaboski, team up tomorrow night at the Southern club to try to overcome the powers of just and right, represented by Gory Guerrero and George Lopez, in an Australian tag team match. The one-hour, two-out-of-three fall affair, will be the windup half of a double main event being offered by Promotor Howard Vineyard.

The opening event, also with a time limit of one hour, two-out-of-three falls, will feature a pair of very capable gent, popular Billy Hickson of Knoxville, Tenn., and Tommy "The Body" Martindale, of Milwaukee, Wis. Both have appeared here before and need little introduction to the local fans. Both are fast and wrestle by the book.

But the tag match should really produce the fireworks. Trudell and Kasaboski are two of a kind inasmuch as the rules are concerned. Neither knows them — or at least appears to — and anything goes once they get inside the ropes. Teamed together they could really commit mayhem on somebody.

But Guerrero and Lopez are pretty capable boys, too. Both from Mexico, Guerrero has great agility and speedy footwork while Lopez is a judo artist, and holder of the Black Belt, fifth highest step in judo.

Tickets for the affair will be on sale at the Southern club at 5 p. m. tomorrow. At 4:45 tomorrow afternoon some of the wrestlers will be interviewed over KPDN, from studio A, and then tomorrow night KPDN will broadcast the matches, starting at 8:05.

Frnka At Austin

Frnka arrived here yesterday and said he would move his family to Sherman after the close of school this spring.

Sports Looking To Higher Finish

By OTIS HARRIS
Sports Editor Shreveport Journal
SHREVEPORT, La. — (AP) — There will be more voltage in the Shreveport Sports this season after an eighth-place finish in 1951.

Although the new-broom treatment of the team was not as ruthless as had been anticipated, the club is believed to have been laterally strengthened with new blood, with a new manager as the point of origin.

Mickey Livingston, 37, who caught part of the 1951 season with Fort Worth and finished with Brooklyn, succeeded Francis (Salty) Parker at the helm and the big "holler guy" has been a human dynamo while trying to whip together a face-lifting job on the team.

Livingston, who hit .307 for Fort Worth, is expected to do the bulk of the catching with Maxlee Koss, a .380 hitter last season at Marion of the Western Carolina, as his understudy. A third catcher, J. W. Jones, is set to see six weeks after a knee operation.

Three veterans of the 1951 pitching staff are back. They are Jim Wills, 15-10, and Joe Budny, 6-10, and Hugh Sooter 15-13. Budny, who pitched for the Pirates last season with a 6-2 record here and at Monroe; Claude White, who had 11-11 at Monroe; Melvin Tappe, 18-4 at Corpus Christi; Bill Tremel, a recall from Temple where he had 7-6.

Infielders
First base is between two holdovers, Bob Belford (.266) and Alton McAfee (.226). Chicago Garcia's opposition at second was dissolved when Charley Harrington, who shared the spot last season with Garcia, was named manager of the Sports team at Monroe. Short is between the veteran Bobby White, who was the team's captain last season and was a .231 hitter, and Joe Koppe, who was optioned last season to Corpus Christi and hit .304 there.

Jim Ackeret, from Augusta of the South Atlantic where he batted .295, has no opposition at third.
Jim Ackeret, from Augusta of the South Atlantic where he batted .295, has no opposition at third.

The outfield shapes up this way: George Brown in left, Joe Szekely in center and Harry Elliott in right.
Brown, 29, last season, has been shifted from right to left, Szekely and Elliott were with the Sports in the last week of the 1951 race.

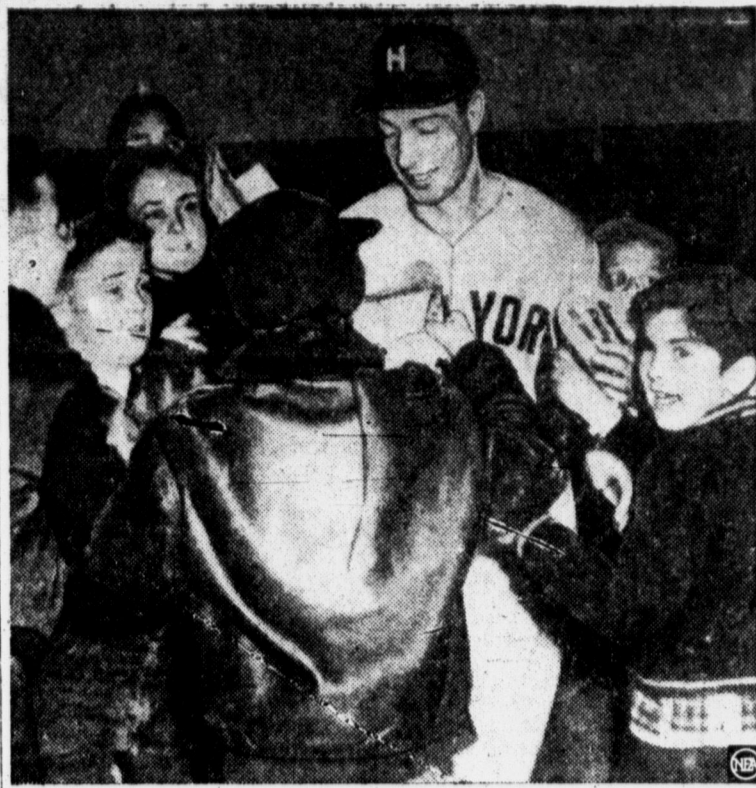

Szekely hit .262 last season for Texarkana and Elliott, converted into a pitcher line operative from a catcher, batted .391 for Alexandria of the Evangeline in six games here last season, Elliott hit .429.

Help Still Coming
Bill Evans, who played center last season for the Sports and hit .277, will not report until June when he graduates from North Carolina State with an engineering degree.

A late development may alter the complexion of the outfield. It involves Bob Di Pietro, who has been assigned to the Sports by the Boston Red Sox. Di Pietro hit .306 for Scranton of the Eastern League last season and made the all-star team. The year before he batted .300 at Birmingham of the Southern.

Two other late arrivals on the Shreveport scene may change things up in the field. They are Bob Bachmann, a second baseman, and Mike Romelo, a shortstop. Both had been holdouts.

Shreveport's success in exhibition games has been an encouraging sign of improvement. Its victories include two each over Houston and Oklahoma City and one over Beaumont.

PRIDE OF THE SMALL FRY.—Although the Pirates' Ralph Kiner, to Giants' Sal Maglie and the Browns' Ned Garver and Marty Marion were also on hand, it was Joe DiMaggio the youngsters besieged for autographs during an All-Star exhibition game at Los Angeles. The famous Clipper, who will be on television with the Yankee games this season, came out of retirement to make a pinch-hit appearance. (NEA)

Golfing Thrills: Mangrum 63 At Chicago

By LLOYD MANGRUM
As told to Frank Eck

My top golfing thrill came in 1948 the day I shot a 63 in the world championship at Tam of Shanter.

The reason I got such a kick out of that round was because of a talk I had with George May a few days before. I had told him the pros never would break the course record of 65.

The next day two men—Ralph Guldahl and Dutch Harrison—both came up with 64's.

Then in the world's championship I had shot a 72 the first day and was quite a way back of Sammy Snead. He had a 66.

I had to shoot a 63 in order to get in the playoff. I got it. George always walks with me when I play his Tam of Shanter course. But this day he wouldn't walk the last two holes.

When he learned I had birdied the 17th he waited for me to need a par for a 63.

I saw George with tears in his eyes and he was saying to the people around him "He can do it. He can do it."

I recall hitting a perfect drive. My second shot hit the edge of a tree. But it fell out of the leaves and landed 40 feet from the hole. I then chipped six inches from the cup.

That 63 at Tam was one of the three perfect rounds of my life. I had a 64 at Augusta in 1941, and a 65 at Santa Anita in 1941.

(Lloyd Mangrum, who represents Chicago's Tam of Shanter course, has been among the first five in money won the last four years. He won the U.S. Open in 1946 and was runnerup last year. Currently he is the leading money winner of 1951.)

Tomorrow: Al Brosh.

Six Harvesters In Sandie Golf Meet

Coach Johnny Austin will send six Pampa Harvester golfers into the first annual Sandie Invitational Golf Tournament Friday afternoon, run in conjunction with the Sandie Relays.

Harvesters who will participate, Austin said yesterday, are Tommy Cox, Dibreil Stowell, Ronnie Mullins, Darrel Godfrey, Steve Burdette and Bernard McNamara.

The first four were entered in the District I-AA golf tournament at the Amarillo Country Club last weekend, and came out with third place behind a pair of Sandie golf squads. The Sandies will be favored to repeat their victory Friday.

Giving them the most competition will probably be the Oquessa Bronchos, who lost in the Oquessa Relays golf meet by one stroke to the Sandies.

Nearly 100 golfers from 12 different schools are expected to participate in the meet.

Tea off time is 10 o'clock in the morning.

Irish Organize Amateur Team

SHAMROCK — (Special) — Shamrock will organize its baseball team for the summer battles in the State-Line League to-night, says Fermond Rushing, manager.

Rushing and Jimmie Tallant, a homerun ace of 1951, attended a meeting at Wheeler last week, when an eight-team league was set up. Miami, Wheeler, Briscoe, Kelton, Mobeetie, Allison and Canadian are others in the loop.

Shamrock's Green Sox, who were fourth last year, will meet Wheeler here May 4; Canadian there May 11; Mobeetie here May 18; Briscoe there May 25; Allison here June 1; Kelton there June 8; and Mobeetie here June 15.

Following a week's rest, the Irish will enter the second half of the home-and-home series, starting June 29. All games will start at 2:30, Rushing said. A second-half schedule has not yet been drawn.

Rushing urged all interested persons to contact him.

Training Camp Baseball Briefs

By the Associated Press
SHREVEPORT, La. — (AP) — Outfielder-Third Baseman Bob Elliott, slated to report to the New York Giants in Tulsa, Okla., tomorrow, probably will be the club's regular left fielder.

Elliott was obtained from the Boston Braves late last night for Sheldon Jones and an estimated \$50,000. He played third for the Braves last year.

NONFOLK, Va. — (AP) — Manager Casey Stengel of the New York Yankees apparently has decided on his outfield setup for the season.

Hank Bauer will be in right field, Mickey Mantle in center and Jackie Jensen and Gene Woodling will alternate in left field. Mantle was given the "center-field" post yesterday.

CHATTANOOGA, Tenn. — (AP) — Dizzy Trout, recovered from a virus throat infection, is expected to pitch for Detroit Tigers today in the opening of a two-game series with Chattanooga.

Righthander Virgil Trucks is laid up with the same kind of infection.

OKLAHOMA CITY — (AP) — Shortstop Marty Marion provided the punch and the sag for the St. Louis Browns yesterday as they lost to the Chicago Cubs 5-4.

Marion collected three of the Browns' seven hits and drove in three runs on two doubles. He also booted two chances for the only St. Louis errors.

LYNCHBURG, Va. — (AP) — Harry (The Cat) Brecheen, a veteran, and Wilmer (Vinegar Bend) Mizell, a rookie, took the St. Louis Cardinals' pitching spotlight today.

Brecheen was slated to hurl against the Philadelphia Phillies here today and Mizell, who snapped the Phils' five game victory streak yesterday, was named to start in the opening city series game against the St. Louis Browns in St. Louis Saturday.

Mizell gave up just one hit in five innings against the Phils at Winston-Salem, N.C. The Cards won 9-8.

WICHITA, Kas. — (AP) — Catching is the Chicago Cubs' chief worry, says Wid Matthews, personnel director.

"Harry Chiti may go into the army and Bruce Edwards' arm is still a question mark," Matthews explains. "Uncle Sam is baseball's silent partner now. The loss of keymen to the services can make a big difference."

ATLANTA, Ga. — (AP) — Despite a poor showing in the Grapefruit League this spring, Manager Paul Richards says the Chicago White Sox are "ready as they will ever be" to start the American League season.

Richards is mainly concerned about his pitchers, especially Saul Rogovin who still is nursing a sore arm.

LYNCHBURG, Va. — (AP) — Manager Eddie Sawyer today named right-hander Howie Fox to work the opening game of the Philadelphia city series with the Athletics Saturday at Shibe Park, in Philadelphia.

Russ Meyer was named to hurl the Sunday contest for the Phils.

BOSTON — (AP) — The Boston Braves were enroute home today after losing the odd contest in their nine-game series against the Brooklyn Dodgers.

The 5-4 loss yesterday in Richmond Va., left the Tribe with a 12-15 mark against major league clubs in the exhibition circuit.

CHARLESTON, W. Va. — (AP) — Four home runs yesterday ran the Washington Senators' circuit count string to 15 this spring, 16 in the last four games and all but one off Cincinnati.

Washington beat Cincinnati 10-9 at Bluefield, W. Va., yesterday, with the aid of the four homers. Second Baseman Cass Michaels has hit four of Washington's 15 four-baggers.

SHREVEPORT, La. — (AP) — On the basis of spring performance, Cleveland Manager Al Lopez forecasts a "terrific year" for Pitcher Bob Feller.

Yesterday, at Houston, Feller shut out the Giants in seven innings on five hits. He struck out five. The Indians won, 5-0, beating the Giants for the 10th time in 12 tries.

Blue Sox Buy First Baseman

ABILENE — The Abilene Blue Sox have announced the purchase and signing of First Baseman Stanley Machinsky. Machinsky is expected to plug the gap left when Ed Fenebel was sold last winter.

Machinsky, 20 and lefthanded all the way, was purchased from the Pittsburgh Pirates. A limited serviceman, he broke in last year with Butler, Pa., of the Middle Atlantic Class C League, hitting .317 for a seventh place club. His 155 hits included 43 doubles, 15 triples and 11 home runs plus 143 runs batted in.

Lefors Volley Squad Victors

LEFORS — (Special) — The Lefors boys and girls volleyball teams won 2-1-2 games from the Wheeler teams here last night. In the boys games, Lefors won 15-12 and 15-10.

The B team girls won the first game 15-4.

Then the high winds interrupted power service, the lights went out, and the game was called. This afternoon the Pirate teams play at White Deer.

Some Question Value Of Tours

NEW YORK — (AP) — Are spring tours necessary? Do they bring more harm than good? It would be interesting to hear such athletes as Monte Irvin, Red Schoendienst, Joe Collins, Billy Martin, Vern Benson and several others on the subject.

None of these lads will be in the lineup when the major league season opens next Tuesday. All are on the sidelines nursing serious wounds suffered in exhibition games while conditioning themselves for the championship race.

The most serious, of course, is Ed Fenebel, who broke his compound fracture and ankle dislocation suffered by Irvin. The injury, a shattering blow to the New York Giants, occurred while Irvin was making a routine slide into third base in an exhibition against the Cleveland Indians at Denver.

Monte, the key man in the Giants' offense, is expected to be out for at least half the season, and maybe all of it.

Schoendienst, one of the shining lights of the St. Louis Cardinals, broke the third finger of his throwing hand against the Phillies in Clearwater, Fla., and will miss at least the first week of the campaign.

Benson, a teammate, broke an ankle in a game against the Boston Braves in Bradenton, Fla., and is not expected back until the middle of June.

Martin seemed a cinch to open the season at second base for the New York Yankees when he broke his right ankle sliding into second base while demonstrating his art for a Joe DiMaggio television show. As a result he will not be ready until mid-May.

Collins, the regular Yankee first baseman, suffered a serious spike wound on his foot in a game against the Braves and will miss the first two weeks of the campaign.

Others currently nursing injuries of sorts include Peeeweese of the Dodgers, (swollen finger); Gil Coan and Irv Noren, Senators, (leg injuries); Sid Gordon, Braves (charley horse) and Harry Brecheen, Cards (elbow chips).

BENEFICENT BUREAUCRATS

By WILLIAM HENRY CHAMBERLIN (The Wall Street Journal)

Talk of "giving" people their income mocks old concept that a man earns and can keep fruits of his labor.

Sometimes a casual remark, uttered without much thought or reflection, can do a great deal of harm.

Mr. Porter, as head of OPA, had worked out a nice neat series of charts and graphs, showing what the "stabilization" price for their steaks and tenders.

Mr. Johnston's Bureaucratic "We": Now there is again hot pursuit of that will-of-the-wisp called stabilization. And Mr. Eric Johnston, shortly after he resigned, wrote an economic stabilizer, dropped a remark which, if taken at face value, would portend a complete revolution in traditional American values.

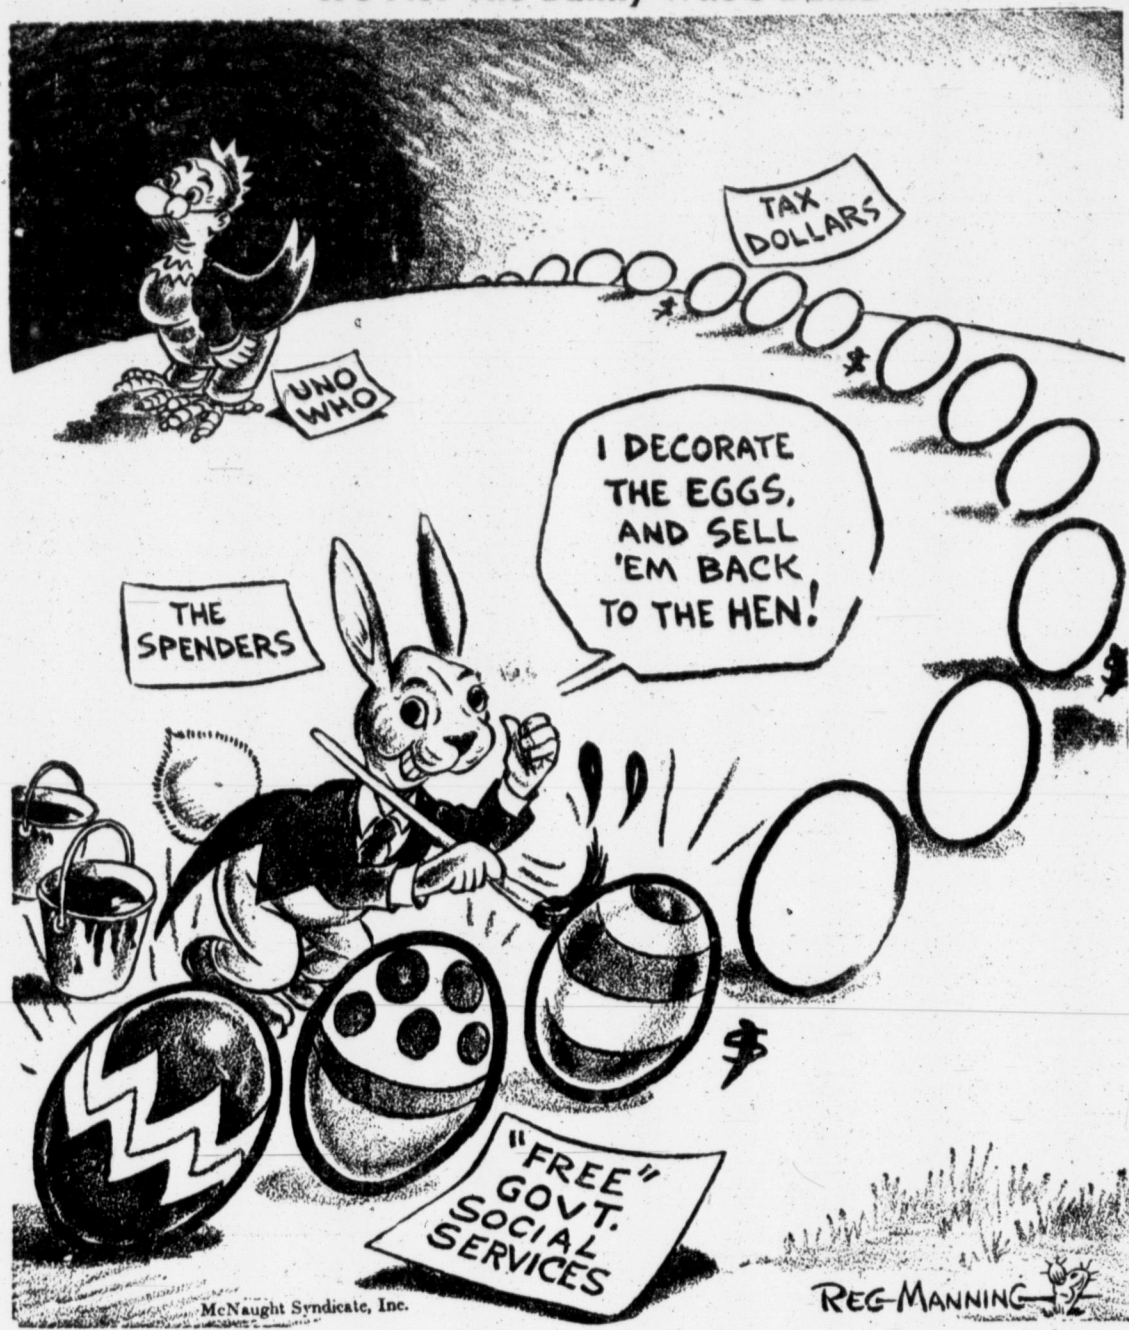

Under this ideal, not perfectly realized, but never nearly achieved, every American, regardless of birth or creed or ethnic origin or social status, could go just as fast and as far in life as his energies and ability would take him.

Truman Advised By 'Liberal' Lawyer In Steel Wage Dispute

By RAY TUCKER WASHINGTON — Leon H. Keyserling, an arch-apostle of heavy government spending, direct and indirect pumping and printing and drastic federal controls over business and industry, is the man who frames wage-price policies for President Truman.

It was this 44-year-old "new deal" lawyer who was the key figure behind scenes in the Truman-Wilson controversy over wage increases in steel.

When Keyserling instead of Wilson is far more important in forecasting future trends than is generally realized. As against this choice, the issues involved in the dispute leading to the mobilization director's resignation were relatively insignificant.

TRENDS — As chairman of the President's Council of Economic Advisors, Keyserling has sold Truman on the idea that deflation is the most immediate threat to the nation's economy.

How Come England Became So Socialist?

I have heard several people wondering why England, that had a reputation for being a conservative nation, became so socialist.

The inexperienced voter doesn't realize that when he puts an extra tax on the man who produces wealth, he is really hurting the working man.

When the 16th Amendment that started the United States on the road to Socialism.

When the 16th Amendment was first passed it was contended that the tax would never be very progressive and that it would never take very much even from the wealthy.

Preview Of Circus Brings Out The Little Boy In Henry

By HENRY McLEMORE

Have you ever seen an elephant getting a final fitting? The final fitting, mind you, for a golden suit that is supposed to make her look like a butterfly?

I saw and heard all of this in Madison Square Garden last week two days before the opening of Ringling Brothers circus.

Thanks to the fact that I am a newspaperman, and that John Ringling, Non-owner and producer of Ringling Brothers, is a good friend of mine, I was able to stroll and wander around the Garden two or three days before the circus opened.

I followed him and he showed me Mademoiselle Toto and Gargantua II, two of the prettiest young gorillas you ever laid your eyes on.

The Doctor Says

By EDGAR P. JORDAN M. D.

Ulcerative colitis is unfortunately a comparatively rare condition, but one about which several readers have asked me to write.

Actually, it is probably not correct to speak of it as a single disease since there are several varieties which behave somewhat differently and which may require different kinds of treatment.

The cause or causes of ulcerative colitis are still not entirely understood. Infection may play a part, but there is no agreement on any one theory.

Among other possible causes which have been investigated is the emotional factor. Here, too, there is doubt as to whether this is a primary cause.

When a patient is found to have ulcerative colitis, the usual procedure is to try medical treatment first. If this has failed, it is in the form of the disease, not more than five or ten out of one hundred will need surgery.

PAMPA

Home of Modern Schools

Pampa, with one of the lowest school tax rates in the state has, in spite of this, one of the most modern public school plants. Estimated value of public school facilities here is more than three million dollars. This multi-million dollar figure covers eight plants, nearly all of which have undergone recent additions and improvements. In this program are auditoriums, classrooms and gymnasiums in each of the four grade schools, a new

Negro school and a new \$325,000 field house at the high school. School enrollment, now at 4912, is increasing with city growth, to the extent that still other additions to present facilities are expected within the next two years. Faculty population, to keep pace with the growing enrollment, has grown to 170 teachers. Total affiliated credits have been built up to 59½, considered an excellent rating for systems of this size.

In the interest of building PAMPA, the following individuals, business, industrial and professional firms join in presenting this series of informative pages designed to show why PAMPA is a better town.

Buzz Sawyer

YOU DO LOOK BETTER NOW THAT YOU'VE SHAVED.

THOSE FIERY EYES SEEM TO SOFTEN JUST A LITTLE.

STRANGE—HOW DO YOU WANT? IT'S A BAD HABIT OF MINE—WHEN I FIND MYSELF IN THE DESERT, I CAN'T RESIST EXAMINING THEIR WALLET.

Jackson Twins

WHAT IS TAKING THE TWINS SO LONG?

AFTER THEY DECIDED WHAT TO WEAR, THEY STARTED IN ON WHO DRIVES FIRST.

NOW THEY'RE ARGUING ABOUT WHAT ROAD TO TAKE. I'LL WANT A QUIET COUNTRY ROAD AN' JAN WANTS TO GO BARRELLIN' UP THE TURNPIKE.

HEH HEH! I'VE GOT IT ALL PLANNED FOR EM!

ALL READY, TERNITE!

COME IN HERE A MINUTE, GIRLS!

TEN MINUTES LATER...

WHILE WE GO OUT TO GO TO THE LIBRARY WE'VE GOT TO GO TO THE RADIO TO GET THE NEWS.

WHY DON'T YA HOP OVER US IN A HELICOPTER?

Blondie

I'M COMING—BE READY FOR YOUR KISS!

YOU JUST HAVE A MINUTE TO CATCH YOUR BUS!

SMACK!

I DON'T KNOW WHAT THE NEIGHBORS MUST THINK.

Alley Oop

LOOKIT MY HAT! IT'S RUINED!

SORRY 'BOUT THAT, PARDN'ER, BUT I JUST CAN'T ABIDE FOLKS ARGUING WITH ME!

BUT THIS IS OUR DIGGIN', YOU DIRTY CLOWN! YOU GOT NO RIGHT RUNNIN' US OUT!

I'M TAKIN' OVER! IF YOU CLOWNS WANTA GO ON LIVIN', SHUT UP AN' BEAT IT!

YACT LIKE YOU'D TOOK A HARD RIGHT TO THE CHIN! DON'TCHA REALIZE TH' FIX WE NOW FIND OURSELVES IN?

OH, WE'RE NOT IN HALF AS BAD SHAPE AS HE IS!

Wash Tubbs

I WONDER WHERE BO PICKED UP THIS DOG... HE'S NO STRAY, LET'S SEE IF HE HAS A LICENSE.

CALL UP THE DOG POUND AND FIND OUT WHO TOOK OUT THAT LICENSE. THEN PHONE THEM THAT WE HAVE THEIR DOG.

YAH... DIS IS MR LAKE'S RESIDENCE... HE'S OUT LOOKING FOR HIS DOG NOW... I'LL HAVE HIM CALL US AS SOON AS HE'S BACK.

A MAID ANSWERED AND SHE'LL HAVE HIM CALL US AS SOON AS HE'S IN.

Ozark Ike

LET'SY'S LOST HIS CONTROL!

TH' BUGS HAVE TH' THIRD RUN ON TH' THIRD, WITH NOBODY OUT!

THREE BASES ON BALLS IN TH' NINTH!

WHAT A SPOT TO PITCH TO TH' OZARK KID!

...BUT I GOTTA FINE IT IN THERE OR ELSE!

(GULP) THAR GOTS TROUBLE FOR SOME 'BODY!

Chris Welkin

NEWS OF THE ATTACK ON CHRIS IS FLASHED TO THE SPACE PLATFORM.

A CHANGE IN PLANS—STRIKE THE WEAPONS OFF IN AHEAD OF THIS JOB.

WHAT GIVES PACKY?

...SOMEBODY'S GOT IDEAS DOWN-STAIRS, TROUBLE FOR US MAYBE.

AND DOWN-STAIRS... THE SUPPLY SCHEDULE TELLS US ALL WE NEED TO KNOW, WE'LL HAVE FOUR HOURS TO DO OUR JOB.

Mutt & Jeff

HELLO, MRS. GUFFY! I HAVEN'T SEEN YOU IN A LONG TIME! HOW ARE YOUR CHILDREN?

OH, THEY'RE MARRIED NOW!

MY DAUGHTER, DOLLY, MARRIED A WONDERFUL MAN! HER HUBBY BRINGS HER BREAKFAST IN BED EVERY DAY! HE DOES THE WASH AND SCRUBS THE FLOORS FOR HER! SHE DON'T HAVE TO LIFT HER L'V FINGER! SHE'S A REGULAR LADY!

BUT MYSON JOE!—OH, HE MARRIED A REAL NO-ACCOUNT WOMAN! HE HAS TO BRING HER BREAKFAST IN BED EVERY DAY! SHE DON'T DOA THING AROUND THE HOUSE! MYSON, JOE, DOES EVERYTHING! HIS WIFE'S A NO-GOOD!

WELL, -- THAT'S MOTHERS FOR YA!

Bugs Bunny

I LIKE THIS VASE, BUT IT LOOKS A BIT TARNISHED!

HEY, ELMER, STEP OVER HERE A MINUTE!

GLADLY!

THAT'S MUCH BETTER... I'LL TAKE IT!

Pencil's Pop

DON'T TAKE YOUR SHOES OFF DEAR, WE'RE GOING TO THE MOVIES!

HOW COME YOU ALWAYS DECIDE THINGS? I'M THE MAN OF THE HOUSE!

FROM NOW ON I'LL GIVE THE ORDERS! I'LL MAKE THE DECISIONS!

NOW GET YOUR COATS! WE'RE GOING TO A MOVIE... AND THAT'S FINAL!

GEE, I'M GLAD WE MARRIED HIM!

OUT OUR WAY

By J. R. WILLIAMS OUR BOARDING HOUSE with MAJOR HOOFLER

NOT HURT, EH? BUT BOY, I'LL BET YOUR WHOLE PAST LIFE FLASHES THROUGH YOUR MIND IN A MESS LIKE THAT!

NOT MINE! HAIN'T THIS ONE ENOUGH TO THINK ABOUT RIGHT NOW, WITH-OUT THINKIN' ABOUT ALL TH' REST OF THEM?

THE DOLEFUL BELL TOLLS BAD NEWS, MISTAN MAJOR! THAT HOSS WE INVESTED IN, "DRIFTING BOAT," DRIFTED IN LAST!

PSHAW! CHEER UP, JASON! HERE'S A TENNER TO HEAL YOUR WOUNDS! AFTER ALL, AS CICERO SAID, NOTHING DRIES SOONER THAN A TEAR—HEH-HEH!

THE OLD BOY MUST HAVE A ROLL THAT A COBRA COULDN'T SWALLOW!

RIGHT! USUALLY A LOSS OF A DIME MEANS A MOURNING BAND ON HIS ARM!

ALL HE HAS TO DO IS TEAR OUT A FEW MORE STAMPS!

TOO MUCH OF THE SAME

Vic Flint

YOU MEAN YOU AND ZAL ARE ON THE LEVEL ABOUT CUTTING ME IN ON THE WORTHMORE JEWELS?

ABSOLUTELY, TUB!

YOU KNOW WHERE THE OLD PENTON WAREHOUSE IS DOWN ON THE RIVER?

YEAH, SURE.

THE JEWELS WILL BE WAITING FOR YOU IN THE MIDDLE OF THE WAREHOUSE FLOOR, AT MIDNIGHT!

O.K., I'LL BE THERE, TORSO!

SEE, SHE AND RAL MUST REALLY BE SCARED OF ME!

IF I LIKE TO BUY TWO VERY THIN, HOLLOW STEEL RODS, PLEASE, ABOUT SIX INCHES LONG.

Little Doc

SORRY, ARE YA HURT?

NO, I'M ALL RIGHT, MISTER.

BUT WHY DON'T YA WEAR A WRIST WATCH?

Wash Tubbs

IF YOU COWARDLY DOPE SMUGGLERS HARM EASY WHILE HE'S STILL DAZED, COQUINA, I'LL SEE THAT POLICE—

LET TH' LITTLE WILDCAT HAVE IT, NICK! SHE KNOWS TOO MUCH!

THEN WE'LL GET GOING! HERE'S TH' STUFF I PUT IN THIS BAG. WHAT TH'—

OOF!

THAT WAS A BIG MISTAKE, PAL! YOU OUGHTA KEPT QUIET TILL WE LEFT!

Boots

AND FURTHERMORE, GOLDWORTH MACPHERSON, WHEN YOU BLAME MY FAMILY FOR A SILLY BUSINESS DEAL, THAT THEY HAD NOTHING TO DO WITH—

OH, PUG!

I'D LIKE TO TALK WITH YOU!

GEE, PROF. BIGGINS, I'M SORRY! BUT GOLDWORTH—

OF COURSE, BUT I WANTED TO TALK ABOUT, SOMEONE ELSE!

Mickey Finn

THE SCORE FOR THE SECOND GAME—HULLIHAN 142, FINN 95! HULLIHAN NOW LEADS BY 127 PINS!

HA! HA! I HAVEN'T ENJOYED ANYTHING SO MUCH IN YEARS!

AND PHIL WAS GOING TO WRITE A BOOK ABOUT THIS SPORT! HO! HO! HO!

DON'T LET UP ON HIM, HULLIHAN! BEAT HIM BY 50 PINS IF YOU CAN—TILL END HIS BRAGGING FOREVER!

I WON'T LET UP ON HIM, DON'T WORRY! I'VE WAITED TOO LONG FOR A CHANCE LIKE THIS!

LET US IN, PLEASE!

Penny

I JUST SAW ROGER SMITH—MY HE'S A HANDSOME BOY ISN'T HE?

HE WAS! MOTHER!

I'VE HEARD HE'S AT THE HEAD OF HIS CLASS, AND THAT HE'S A STAR ATHLETE TOO!

HE WAS.

WHAT DO YOU MEAN, 'WAS', DEAR?

WELL, HE WAS MY DATE...

NOW HE GOES WITH JENNIFER?

Freckles

HERE COMES THAT WEARY GUY NOW COOKIE! STRUT SEE YOU LATER!

THIS'LL BE A BREEZE!

THE OLD HANKY DROP WILL DO FOR THIS SIMPLE REASANT!

OOF! WHY CAN'T THEY TEACH US THROUGH EAR-PHONES WHILE WE'RE SLEEPING?

SAY! HOW'S ABOUT HELPING A LADY?

IF I TRIED TO PICK UP YOUR HANKY, YOU'D HAVE TO PICK ME OFF THE SIDEWALK!

Donald Duck

UNCA DONALD, WE JUST BUSTED A WINDOW IN THE KITCHEN!

HUH? AND YOU'RE TRESSING UP OF YOUR OWN ACCORD??

YES, AND WE'RE THE ONES WHO SPILLED THE... YOUR FISHIN' GOD... HUH?

PERSPECTIVE . . .
"Six months to live," said the doctors. The man smiles gently; perhaps he had been expecting the verdict but in any case his attitude was one of peaceful serenity. "Ah," he said, with a sigh of genuine satisfaction, "now I will have time to do the things I have not been able to find time for in half a century."

'Bataan Day' Resolution Gets Okay Of Senate

WASHINGTON — (AP) — The senate has passed and sent to the house a resolution designating Wednesday, April 9, as Bataan Day, marking the 10th anniversary of the fall of Bataan.

The measure calls for public display of the U. S. and Philippine flags, and "appropriate services" in schools and churches.

The resolution, proposed by Sen. Lehman (D-Lib-NY), was approved by voice vote yesterday.

The Washington Senators have three players nicknamed "Mickey." They are Vernon, Harris and Grasso.

Local Businessmen Vote For Conservative Policy

A down-the-line conservative vote was cast by the 19th Congressional District business and professional men, and their employees, in the last issue of "The Mandate" ballot published by the National Federation of Independent Business, the organization reported today.

The Pampa unit was even more conservative than the overwhelming conservative vote cast by the balance of the district.

Five issues were put to the businessmen—all concerning legislation now pending before the Congress—on the straw ballot. These centered on increasing minimum wages to 1.25 per hour; unification of armed service purchasing; curbing government censorship of news; compelling the government to give an accounting on disposition of social security funds; and federal participation of unemployment benefits.

Opposed

The Pampa unit voted against the increased minimum wage law by 98 per cent with two per cent abstaining. The balance of the district stood 90 per cent against the minimum wage law, eight for it and one per cent not voting.

Local businessmen liked the idea of unifying purchasing by the armed forces by an 87 per cent vote with 11 per cent objecting to it. Two per cent rode the fence. The rest of the district stood 90 per cent for the unification while eight per cent were against it and two per cent failed to venture a guess on it.

But they want the news in Pampa, and lots of it, according to the vote. Ninety per cent said President Truman should not be allowed to indirectly or directly censor domestic news; eight per cent would permit the power; and two per cent skipped the question. The score was not quite so high over the rest of the district as only 83 per cent stood for "no censorship" while 11 per cent okayed it and three per cent declined voicing an opinion.

Want Accounting

An overwhelming majority of Pampa members also wanted to know "what goes" with the dollars and cents paid into social security and would compel the government inform the taxpayers on how and what it is spent for. The "yeas" scored 87 per

cent of the vote; the "nays" 10 per cent, and two per cent abstained from opinion. The rest of the district was somewhat more harsh on the question as 90 per cent would force the issue while nine per cent voted against. One per cent rode the fence.

Get paid more for not working at federal expense? Absolutely, positively not, said Pampa by a flat 100 per cent. The "no" vote was almost as heavy over the balance of the district with 94 per cent against it. Four per cent would spend federal funds to help states pay off on unemployment compensation which would increase the weekly payments. Two per cent again refused to vote.

Bob Garbrecht of New York is the only non-Texan on the Rice football roster with the exception of border resident Buddy Edwards of Texarkana, Ark.
