### Miners Ignore FWR's Back-to-Work Order

#### Nips Mobilize East To Save Stolen Land

By RUSSELL BRINES  
Copyright, 1943, by The Associated Press

PORT ELIZABETH, Union of South Africa, Nov. 3.—Japanese militarists are making every effort to mobilize totally all East Asia in anticipation of Allied attacks which they warn the people will be crucial.

There is ample evidence that the Japanese militarists are attempting feverishly to utilize to the fullest all resources of the manpower reservoir of their newly conquered territories; meanwhile they are reported to be constructing a series of defense lines for a vaunted "last man" battle for

the Japanese empire.

Through censorship and international walls these things are discernible:

1. The Japanese are anticipating a big Allied land smash against Burma.
2. Japanese militarists are still holding sizable and presumably crack forces in Manchuria to protect the rear against Russia and are probably maintaining other key units in The Netherlands East Indies and Malaya.
3. They are exploiting to the limit

See NIPS MOBILIZE, Page 8

#### Jap People Prepared For Long, Hard War

(Editor's Note—Russell Brines, veteran AP foreign correspondent returning aboard the Gripsholm after more than two years in Japanese internment camps, throws new light on conditions in Japan in this dispatch from Port Elizabeth—See the first accounts to come out of Japanese-held territory in over a year. Brines was captured by the Japanese in Manila and transferred to Shanghai in September, 1942.)

By RUSSELL BRINES  
PORT ELIZABETH, Union of South Africa, Nov. 3.—Sweep by a wave of wartime fanaticism and tightly governed by the Japanese people show no indication of any crack in morale despite mounting shortages of commodities, travelers returning from Japan say.

Residence in Japan during two years of the empire's greatest struggle has convinced them the Japanese people will support the war effort under the present circumstances for at least five years more.

The common man's living costs in Japan have at least doubled, despite government-pegged prices they say, and his menu is scanty even by comparison with his common frugality, yet the people patiently await further hardships which they accept as a wartime necessity.

The army is continuing to keep a tight check-rein on both the government and the country. It apparently has silenced all opposition, even the big industrialists who were the last opponents to submit.

Nevertheless the black market is rampant and wartime profiteering is extensive.

The commoner faces the winter with reduced supplies of coal, rice, fish, meat, clothing and other necessities.

Against this backdrop of passive acceptance, the Japanese people are preparing for a long, hard war.

See JAP PEOPLE, Page 8

#### General Urges Men to Develop Killer Instinct

Even the world's best planes, best equipment and training counts for nothing unless American pilots develop a killer instinct. Gen. Aubrey Hornsby, commanding general of the 32d flying wing, Perrin Field, Sherman, told members of the 43-J graduating class today at Pampa Field.

Citing the Jap habit of machine-gunning parachuting aviators and the Germans' fiendish use of booby traps, the general said our pilots must be just as ruthless if America is to win this war.

He named a five-point system for the graduates:

1. Keep on with your work and think of it all the time, have a great regard for the safety measures of the army air forces, don't take foolish chances; be observant, you still have a lot to learn; care for government property as though it were your own; be an officer 24 hours a day.
2. Cadet wing commander of the 43-J class was Lt. James M. Messinger, son of Mr. and Mrs. Charles H. Messinger, San Bernardino, Calif. Honor graduate student was Lt. Edwin O. Cartwright, Jr., son of Mr. and Mrs. Edwin O. Cartwright, Sr., Dallas.
3. Receiving honorable mention as ground school students were Michael V. Redilla, Henry P. Fenard, William R. Warncke, Alan F. Beardslie.
4. Col. Daniel S. Campbell, commanding officer of Pampa Field, introduced General Hornsby and presented wings to the cadet wing commander and honor ground school student.
5. Wings for the other class members were presented by Major Jack Harty, director of training. Administration of the oath was by Capt. Paul E. Daugherty, school secretary; invocation, by Capt. Maurice P. Garner, post chaplain.

A special guest at the graduation program was Capt. Lynn D. Blackwell of Pampa, home on leave from China, where he served with the 14th air force.

Regular dance of the graduating class was held last night, the Texas coffee for parents, cadets, cadet wives, and Pampa hosts, yesterday afternoon.

#### University Tower Is Lighted Again

AUSTIN, Nov. 3.—With the lifting of curfew regulations, the University of Texas tower was lighted again last night—for the third time in nearly two years.

The tower was illuminated in 1941 and 1942 on the occasion of University of Texas football victories over A. & M. College.

#### I SAW...

#### Lewis, Ickes Confer Over New Contract

WASHINGTON, Nov. 3.—President Roosevelt's directive to the nation's coal miners to return today to their jobs in the struck workings, now under government seizure, was generally ignored in the major producing states this morning.

The quiet suspension of activity, begun two weeks ago in scattered wildcat walkouts stemming from continued absence of a working contract, spread to an estimated 460,000 hard and soft-coal miners as conferences looking to some settlement went forward here between United Mine Workers President John L. Lewis and Interior Secretary Ickes, again designated as federal overseer of the pits.

An early morning survey in Pennsylvania, a top producer of both anthracite and bituminous coal, showed no signs of a back to work movement in response to the president's appeal.

In West Virginia, there were no early reports of any mine crews going back to the pits in 600 commercial operations, although a few non-union mines and some strip mines were turning out some small amounts of coal.

Similarly, a survey of mines employing three-fourth of Alabama's 22,000 miners showed no signs of resumption.

The reports generally reflected a lack of any sort of demonstration in the fields, where the Stars and Stripes flew over deserted tips.

Typical was the word from Maryland that "miners just didn't show up."

Indiana still had 7,000 idle, with no evidence of any action pending word from UMW's policy committee.

No major mine was opened in Ohio as the day started.

There were three new work stoppages in southern Illinois.

Against this backdrop of passive waiting in the fields, Lewis went to his third contract conference in 48 hours with Mine Boss Ickes in the massive interior department building not far from the White House.

As on the occasions of his two previous visits there yesterday, he was alone.

Lewis told newsmen he had nothing to say at the moment. He maintained his silence upon leaving the interior department 30 minutes later.

UMW's district presidents, constituting a sub-committee of the union's policy committee, arranged to hear the results of the parleys at an 11 a. m. session. A meeting of the full policy committee—which has the power to call the men back to work—was in prospect for later in the day, but no specific hour had been set this morning.

By reducing the size of the contract, Lewis said, he gave the authority to work out a contract with the union, provided the terms follow the war labor board's rules. The UMW asked wage increases of at least \$150.

See NEW CONTRACT, Page 8

#### First Air-Wac Is Signed Up

Pampa Field's station hospital staff is completing a physical examination for Pampa's first Air-Wac, Miss Wanda W. Frost. Because Pvt. Frost wanted to be sworn in with the All-Texas WAC company in Houston tomorrow, the hospital gladly cooperated with the WAC recruiting officials. She is the daughter of Mrs. Julia Frost, 637 S. Hobart.

After graduating in 1941 from Haskell High school, Pvt. Frost worked in the control tower of the Stamford, Texas, primary flying school. She came to Pampa to live with her mother several months ago, and at the time of her enlistment was employed in the shops of the Cabot Ordnance plant. Since Air-Wacs who enlisted during this current campaign have a choice of 18 job classifications, Pvt. Frost expects to use her control tower experience to good advantage in the air force.

The ceremonies at Houston Thursday will include a speech by Gov. Coke R. Stevenson, presentation of the Texas flag to WAC privates by the American Legion, and a dance in which the new Wacs will be honored guests.

Another Air-Wac from a neighboring town is Pvt. Myrtle Conley, of Perryton. Pvt. Conley had been employed on the staff of the Ochiltree County Herald for several years, and is well known in Perryton. She will be sworn into the Women's Army Corps on Nov. 11, with the next All-Texas WAC company. The ceremonies for this company will be held in San Antonio, and will feature a retreat parade by Wacs stationed there.

#### Italian Cruiser Held By Germans Disabled

ALLIED HEADQUARTERS, Algiers, Nov. 3.—A German-held Italian cruiser of the Regolo class—the Ottaviano Augusto—was put out of commission when American Mitchell bombers hit her in Ancona harbor Monday. It was announced officially today.

Reconnaissance photographs today showed the cruiser had suffered direct hits, and now lies on her starboard side in the harbor with a large patch of oil covering the water nearby.

Mitchell crewmen at first had believed the 444-foot warship was a merchant vessel. They attacked in daylight.

The Ottaviano Augusto, the last Italian cruiser remaining in German hands, carried eight 5.3 inch guns as well as many anti-aircraft guns and eight 21-inch torpedo tubes. Its displacement was 3,382 tons.

#### Reading Matter Is Increased, Although News Cuts Paper Use

To conserve newsprint, The News has cut down on the size of its comic strips and cartoons, reduced the size of the reading type, yet added an additional comic strip and provided several more columns of reading matter.

By reducing the size of the comic strips from five to four columns, even though another comic, Captain Yank, was added, The News saved an entire column of space.

Reductions in the size of the crossword puzzle, the editorial page cartoon and the comic cartoons, Hold Everything and Funny Business, resulted in the saving of 27 inches of space, or two columns and six inches for all regular cartoon features.

The main body type appeared in a new form for the first time yesterday. While the actual size of the type remains unchanged, the space between the lines was cut down a fraction of an inch, which means a gain of one and a half inches of reading matter per column, or over a half column per page.

All these space savers mean more, not less, news and features for our readers. It means that we will be able to publish in six pages all the news and features formerly requiring eight pages, a saving of two full pages of vital newsprint.

#### All Chicago Cops Not Gang Busters

CHICAGO, Nov. 3.—Not all of Chicago's policemen slug hoodlums and engage in gunfights with gangsters.

Timothy O'Connell, who retired from the department today after more than 30 years of service, spent the last 15 years on traffic duty and says he has seen little excitement.

He never has fired a shot in his life and the only time he ever used his police club was years ago when he clubbed a runaway horse.

#### AMERICANS BATTLE JAPS FOR CHOISEUL, BOUGAINVILLE

Airborne Yanks and New Zealanders fighting all the way

capture another Solomon Island. They landed on the island of Choiseul and are driving south-

eastward along the coast. Bougainville was invaded Monday.

#### Republican Victories Raise Hopes for 1944

(By The Associated Press)

Triumphant Ike's Eastern seaboard contest, Republicans viewed the off-year election returns today as a signpost on the road which they hope will lead back to the White House in 1944.

In their first day of solicitation from house to house, workers in the women's division turned in \$900 yesterday.

J. W. Garman, general drive chairman, today was loud in his praise for the city's school teachers who have contributed wholeheartedly to the fund. School pupils also have come through in great shape, Garman said.

"I would like to ask all workers who have cards to please get out and make their calls," Garman added.

BUY VICTORY STAMPS

nominee for president in 1940, said in New York.

"The returns from New York, New Jersey, Kentucky, Philadelphia and other places all point one way. The country is tired—very tired of the present national administration."

In Washington, Rep. Martin (R-Mass.), former Republican national chairman, said the election returns "clearly indicate the trend is

Fullingim Predicts Defeat of Germany, Japan by Next Year

Archer Fullingim, city editor of The News on leave of absence from the Seabees in the South Pacific, believes Germany will be defeated by March, 1944, and Japan will be conquered six and a half months later.

He explains his predictions in a letter to Tex DeWeese, managing editor of The News.

"My main diversion out here is studying maps and I have the strategy of the war all figured out, also have my own timetable."

"It calls for the war with Germany to be over by March 30, 1944, and the war with Japan to be over by Oct. 15, 1944."

"I think the decisive battle of the European war will be fought on the Po river in Northern Italy and that we will win that battle by Nov. 30. Germany may give up then but the odds are that she won't. I figure Russia will have Kiev by November, also the Dnieper river and Odessa by Dec. 15. Warsaw by March 1. I estimate that we'll have Vienna by February and will cross the Channel in February."

"I think that the decisive battle in the Pacific will be fought between Truk and Marshall and Gilbert islands when the Jap fleet will be destroyed. My timetable shows we'll have Wake by April, Myer by May, the Marianas by June. That's the Central Pacific approach and the most important."

"Then the No. 2 approach lies up with the No. 1. Just named. We'll take Rabaul by March, Truk by April, Guam by June."

"The No. 3 approach: Burma by January, Yangtze by Burma by June, Indo-China via Thailand by April, Singapore via Malaya by July."

"No. 4: Kuriles via Paramushiro by June, Jap mainland by August. Or come there by landing at Davao—my guess, not official—after the fall of Rabaul and Truk."

HANLEY HASKELL

#### Pampa Is \$14,000 Short of Goal In War Fund Drive

With only two days to go before the deadline, official reports show today that Pampa has raised \$24,000 of its \$38,000 goal in the Community War Chest campaign.

However, chest officials said they still had no reports from the downtown employes division, industrial employes division, Pampa Air Field, and only partial reports from the women's and rural divisions.

It is believed that when reports from these groups are turned in the figure will come within reaching distance of the goal.

In their first day of solicitation from house to house, workers in the women's division turned in \$900 yesterday.

J. W. Garman, general drive chairman, today was loud in his praise for the city's school teachers who have contributed wholeheartedly to the fund. School pupils also have come through in great shape, Garman said.

"I would like to ask all workers who have cards to please get out and make their calls," Garman added.

#### Marshall Is Still Favored as Leader

LONDON, Nov. 3.—(AP)—Formal establishment of an Allied high command for the assault on Europe from the west is expected here to be an early sequel to the Moscow conference.

The appointment of a high Russian officer to serve as adviser and liaison officer on the invasion chief's staff is regarded as logical.

The assumption that Gen. George C. Marshall, United States army chief of staff, will become commander-in-chief of the U. S.-British invasion forces never has been abandoned in London and no rival to him for this appointment so far has appeared in military speculation.

#### Severance Tax On Gas Proposed

AUSTIN, Nov. 3.—(AP)—A special session of the legislature, possibly within a year, to consider a severance tax on Texas natural gas intended for export became a fair prospect today.

At a press conference Gov. Coke R. Stevenson said the severance tax matter would be included in his recommendations "when we have a session."

He added he had not discarded the idea of an extraordinary session in advance of the regular session slated for January, 1945, but neither had he decided definitely to order one.

The governor made the statement in connection with a discussion of a proposed pipeline to carry Texas natural gas to West Virginia, a proposal opposed by the governor on the grounds that such carriers will deplete a natural resource that should remain in Texas to aid in industrial development of the state.

His idea is that a severance tax on such gas is used to discourage its exportation.

#### U. S. Cracks Western Nazi Line in Italy; Bougainville Stormed

By The Associated Press

The German army, losing a fight for its very life in south Russia, reeled back in disordered retreat today to within 120 airline miles of Rumania as tenuous Swedish reports told of serious disturbances in Germany and the imposition of a state of emergency in Berlin and other cities.

The Crimea was bypassed and left far behind. Co-sacks thundered 40 miles across the desolate Nogaik steeps beyond the peninsula. Seizing Skadovsk on the Black sea, the Red army was near Rumania and only 104 direct miles from Odessa. The Soviets were but 65 miles from Nikolaev at the mouth of the Bug river, toward which the beaten Germans apparently were retreating.

Far to the north where the terrible Russian winter has started plains of ice and snow, the Russians said they captured a height of great importance near Vitebsk.

Reports of disorders inside Germany were cited in the Svenska Dagbladet of Stockholm, quoting travelers reaching Malmo from Denmark. The Swedes said rigorous police control had been tightened through Germany. Austria was a focal point and Himmler was said to have reinforced his guards there.

The American Fifth Army captured the heights of Massigno ridge and nearby Mount San Croce to crack open the western end of the German line in central Italy. Slow and painful gains up to three miles routed the Nazis from Pratella and Gallo, in areas nine miles from Venafro and Isernia. The Garigliano river was in full view; the last heights before Venafro were won; new high ground was captured covering the upper Volturno river valley.

German opposition was hardened by tanks. The British Eighth Army bridged the Trigno river again and worked on the Germans with caution. The Germans communique said enemy resistance pockets were reduced.

Civitavecchia, north of Rome, Ancona and Ancona on the Adriatic were bombed by the Allies. The city was said by the Swiss "no longer to exist."

Lt. Gen. Carl Spaatz' new whip-saw 15th U. S. Army announced the destruction of at least 30 German planes yesterday in its initial raid on the Messerschmitt plane works at Wiener Neustadt, 27 miles south of Vienna. The number of bombers at Italian bases had been increased greatly; that Spaatz was ready to match aerial blows at German air bases was said by the British.

Yugoslav partisans divided their

#### Hunt Murder Clues Point To Convict

WACO, Nov. 3.—(AP)—A net of circumstantial evidence is being drawn more closely around a 50-year-old paroled convict held in connection with the double murder of Waco, Temple, Houston and Galveston.

This was disclosed last night by Sheriff Sam Hutson, whose investigation led him from Littlefield to Waco, Temple, Houston and Galveston.

Sheriff Hutson gave the following as facts which officials have dug up in connection with the case:

Shortly after the blood-soaked and bound bodies of the 36-year-old physician and his 26-year-old wife were discovered early last Tuesday, the convict telephoned from the Pampa penitentiary, 500 air-line miles distant, seeking to establish an alibi that he was in the Gulf coast city the day before and the day after the slayings.

The killer used overshoes in approaching the Hunt residence. These left a track which fitted overshoes which fit the convict.

The convict had about \$100 when he was arrested as a parole violator after the Hunts were slain, but insisted it was part of \$720 he had borrowed from a woman friend in Galveston, 500 air-line miles distant, seeking to establish an alibi that he was in the Gulf coast city the day before and the day after the slayings.

The Keetons were the same type as those used by a robber who trussed up Mr. and Mrs. Leno Keeton at Lubbock in March, 1940.

The Keetons were left under the influence of an anaesthetic.

The convict learned about the use of anaesthetics while a nurse in a Nebraska prison several years ago.

Hutson said the convict held in the Hunt case was arrested and questioned in the Keeton robbery but was never charged.

#### Widow of Oakes Describes Break

NASSAU, Bahamas, Nov. 3.—(AP)—In the silence of a crowded courtroom gripped by the drama of the moment, the widow of Sir Harry Oakes told in tones sometimes halting, sometimes firm, today of a family break which followed Sir Harry's marriage to the daughter of the man he now is accused of killing.

Even the red-robed, white-wigged chief justice dropped his voice while Lady Eunice Oakes testified in the Bahamas supreme court against her dashing, twice-divorced son-in-law, who is charged with bludgeoning and burning the multi-millionaire Sir Harry to death last July.

"We tried to make the best of a bad bargain," the mourning-clad woman said, after the handsome defendant married red-haired Nancy Oakes, then 18 years old.

But Nancy became pregnant before she recovered from a near-fatal attack of typhoid fever. Lady Oakes related and Sir Harry's resentment caused ill feeling between the baronet and de Marigny.

She said that Nancy stuck with her husband and moved away from her family.

Then, and the witness' voice now was firm and cold, de Marigny wrote to the eldest Oakes' son, Sir Sidney, "the most diabolical letter a man could write to a child of 15 about his parents."

#### Italians Scuttle Liner at Shanghai

PORT ELIZABETH, South Africa, Nov. 3.—(AP)—Eyewitness confirmation that the 18,000-ton Italian passenger liner Conte Verde was scuttled by her crew at Shanghai after the Italian capitulation was brought here today by passengers on the exchange ship Gripsholm.

When the Chinese exchange ship Teta Maru left Shanghai Sept. 20, passengers could see the Conte Verde lying on her side. Shipping men said she was so cleverly scuttled she will be useless except for scrap.

#### Pay Your Newsboy Promptly to Insure Receiving Paper

Maybe it doesn't seem too important to the subscriber—but it is highly important to your Pampa News carrier that he be paid regularly each week for the paper he delivers to your home.

It also becomes important to the subscriber now.

Once a subscriber becomes delinquent the paper will be stopped and it cannot be reinstated. No renewal will be taken by the News for the duration. This policy has been adopted because of the paper shortage.

So, if you want your paper to be delivered regularly—pay your newsboy regularly every Friday evening or Saturday morning—preferably, but not compulsory, a week in advance. That helps the boy. Try to have the correct amount for him. News carriers operate on the Little Merchant Plan. They are in business for themselves, operating solely on their profits from your payments.

Be sure your bill is paid so your newsboy can keep up his earnings and so your paper will not be discontinued.

For complaints on delivery, service will be maintained from 5:30 to 9:30 a. m. weekdays and from 7:30 to 7 p. m. Sundays. Phone comments to 666 between those hours.

#### Today's Best LAFF

VOICE FROM THE GRAVE  
CHARLOTTE, N. C.—Clifford Cochran, driver of a suburban bus said he halted at Sugar Creek, church to take on a passenger when a voice from the historic cemetery nearby said, "hold that bus."

Cochran said the passenger jumped off the bus without even getting his change—shouting for help—and disappeared in a cloud of dust.

Cochran said a soldier-ventriloquist passenger apologized, explaining he had heard of Southern superstition and wanted to check up on it.

Just Look Ladies! We have National Pressure Cookers. Lewis Hardware Co.—Adv.

### Protein Feed Situation Vital To Panhandle

The protein feed situation is still one of the most important problems now confronting farmers and ranchers of the Texas Panhandle, Rep. Eugene Worley, of Shamrock, said today in a letter from Washington. This is brought about through increase in cattle population but no corresponding increase in high protein feed, which means, of course, that the feed supply will

be insufficient but not necessarily desperate. Repeated conferences with officials of the department of agriculture, war food administration and others Worley states have helped to secure the following results: "The Texas Panhandle has been officially recognized as a drought area and every possible effort is being made to see that our section is among the first to receive supplies of high protein feed. The soybean crop from the North and East is being transported to the South to be crushed by our mills. Although the crop, which will show an increase over last year's production, is being shipped as rapidly as possible, shortage of boxcars is delaying movement to some extent. It is hoped that soybeans will be received in sufficient quantities to greatly relieve the present acute condition.

### HEALTH QUIZ

Do you have headaches?  YES  NO  
 Do you lack pep or vim?    
 Do you get irritable easily?    
 Do you feel depressed—nervous?

Everybody knows that poorly digested food often causes a headachy, sluggish condition.

But you may not know that Nature must produce each day about two pints of the vital digestive juice—liver bile—to help digest your food.

If Nature fails—food doesn't digest properly—you may get irregular. And the amount of this vital digestive juice may be still further reduced. Thus, digestive upset and sluggishness can follow each other in a vicious circle that keeps you feeling rotten. Therefore, take Carter's Little Liver Pills because they start bile flowing quickly—often within thirty minutes. When bile flow increases—you may help your digestion. You're on your way to feeling grand all over again. Remember—you can't get these same results from laxatives that fall to stimulate the flow of bile. If you feel headachy, listless, irritable or depressed, get a 25¢ package of Carter's Little Liver Pills at any drugstore today. Take as directed. Tomorrow see how fit and alive you'll feel!

"So far as cottonseed cake is concerned, I am officially advised that no government agency is handling distribution but it is being left in the hands of industry to be moved through regular trade channels.

"As of Oct. 16, estimates of the war food administration for the entire United States show about 3 billion bushels of corn, about 835 million bushels of wheat, 330 million bushels of oats, 1,150 million bushels of rye and 100 million bushels of grain sorghums are available."

### Plainview Pilot Brings Fort in after Dive From 15,000 Feet

WASHINGTON, Nov. 3—(AP)—The Flying Fortress "Short Stride" has added survival of a 15,000-foot vertical dive to its combat record.

The army reported today that the controls were damaged by enemy fighters as the plane started back from a recent attack on Germany.

Four men bailed out, but six stayed with the plane as the pilot, first Lt. Eldridge G. Shelton, Jr., of Plainview, Texas, and the co-pilot, Flight Officer Robert W. Collett, Hudson, Mass., struggled to regain control and finally leveled it out just above the North sea.

"During the dive," the army reported "the pilot and co-pilot were suspended vertically upside down, while other crew members, shells, clothing, ammunition boxes, instruments and other equipment pitched in a whirling jumble inside the plane."

Besides the pilot and co-pilot, those still with the plane when it finally reached Britain included Tech Sgt. Arthur P. Christen, San Jose, Calif., top turret gunner.

boards for induction.

Those accepted by the Seabees reported at Lubbock, also those accepted by the navy. Those who will serve in the army reported at Ft. Sill, Okla., and marines at San Diego, Calif.

Those reporting for the army are: George F. Henderson, Jr. (aviation cadet), Climer L. Roberts, Johnny T. Cobb, C. W. Crafton, Jr., Neal Gipson, Vernon F. Davis, Edwin Watts, Billy H. Jackson, and Maurice Koeger. Seabees—Raymond York, (volunteer), Ralph Griffiths, (Palmer county transfer).

Navy—Robert E. Wright, Leonard F. Fowlledge, Cleve W. Parsons, and Jim Swan. Marines—Cecil R. Lister, Roy Lee Lawler, William Calvin Davis, Const. Guard—George H. Campbell.

### NEWS OF OUR MEN AND WOMEN IN UNIFORM

**LeFORS**—Pfc. Truman M. Guthrie, son of Mr. and Mrs. Hubert M. Guthrie, Box 336, LeFors, was recently awarded the army good conduct medal by his commanding officer at Carlsbad Field, N. M. The medal is given to enlisted men who have served in the army for a year or more and have demonstrated faithful and exact performance of duty and whose behavior has been such as to receive commendation.

**Clarence E. Davis**, son of Mrs. Ora Davis, 229 N. Dwight, Pampa, was recently promoted from first lieutenant to captain at a U. S. 8th fighter wing base in England. Captain Davis was known throughout Texas as a bond and warrant dealer. He is a graduate of the engineering college at the University of Cincinnati and Texas Technological College, Lubbock.

**SHAMROCK**—Pfc. Lloyd P. Washam, who attended school here, has been awarded the Order of the Purple Heart. He was hit in his left eye by shrapnel in a Southwest Pacific action. Parents of the soldier, who has been overseas two and one-half years, reside at Marysville, Calif.

Now taking final training at Seattle is Ensign S. E. (Red) Spill, base 11494 graduate of Canadian High school, and former Northeast Texas State college (Denton) student, where he was an all-star football player on the Canadian football team.

**Second Lieut. Thomas W. Sweatman**, Jr., son of Mr. and Mrs. T. W. Sweatman, 318 N. Gillespie, Pampa, has reported for duty with the seventh ferrying group air transport command, Great Falls, Mont. He reported Oct. 23 and was assigned to the 90th ferrying squadron.

The navy is now seeking civilians skilled in trade for work at Mare Island, Vallejo, Calif., and Hunter's Point Drydock, San Francisco. Laborers and mechanic learners are needed at the naval ammunition depot, Hawthorne, Nev. Only women will be accepted as mechanic helpers, and men as laborers. Information can be obtained from the civil service and navy stations in Amarillo.

**LUBBOCK**—Army 12 and navy V-12 examinations will be held at Texas Technological college Nov. 9. Bulletins and identification cards may be secured from Dr. H. L. Kent, liaison officer for the college. No one will be admitted to the examination without a certified admission card signifying eligibility. The same examination will be taken by both army and navy candidates, but the test does not obligate applicant to enlist in the service. Over 300 men took this test on the campus last April 2. The next test will be held in April, 1944.

**SHAMROCK**—Of the 24 Wheeler county men included in the last draft call, nine were accepted by the army, four by the navy, two by the Seabees, three by the marines and one by the coast guard. Five of the group were rejected. Seven other men, making the call total 31, were transferred to other

**Community WAR CHEST**

**Give! ... HELP THEM ALL**

**GIVE GENEROUSLY NOW**

A world at war is a world of ever increasing suffering. 1943 has brought more and more demands for aid from the charities that you support when you cooperate with the Community War Chest Drive. In order to carry on their fine work, they are in imperative need of more funds. They ask you, at this one big drive period of the year, to show them that you are behind their efforts—don't let them down!

Your contribution will help to ease the burdens of needy Americans here on the home front.

Your contribution will help to care for the needs of our men and women in the service overseas.

Your contribution will help to alleviate the suffering of the innocent victims of the War abroad.

### Pitts-Pollard Vows Are Said Here October 30

Miss Emogene Pitts, daughter of Mr. and Mrs. Z. H. Pitts of Clarksville, Ark., and Cpl. Harold A. Pollard, son of Mrs. C. A. Pollard of Durham, N. C., were married October 30, at the First Presbyterian church with the Rev. Robert Boshen reading the marriage ritual.

Mrs. H. A. Yoder offered wedding music, including "Ave Maria," as a prelude to Mendelssohn's "Wedding March." "Because" was played softly while vows were exchanged.

The altar was decorated with tall white baskets of white and gold chrysanthemums flanked by cathedral candelabra.

Miss Wanda Brewer attended as bridesmaid wearing a gold suit with black accessories. She wore a tapering shoulder corsage of white carnations.

Pvt. Charles Milnes attended Cpl. Pollard as best man.

The bride was dressed in a soft grey wool gabardine suit with brown accessories. Her tapered shoulder corsage was of white carnations.

Mrs. Pollard is a graduate of the College of The Ozarks, Clarksville, Ark., and is Physical Education director of Pampa High school.

Cpl. Pollard is attached to the Medical Corps stationed at Camp Chaffee, Ark., where he will return today. Mrs. Pollard will continue her work in the Physical Education department at Pampa High school.

WHEN A COLD stuffs up the nose, causes mouth breathing, throat tickle and night coughing, use this time-tested Vicks treatment that goes to work instantly... 2 wags at once!

At bedtime rub good old Vicks VapoRub on throat, chest and back. Then watch the PINEAPPLE STIMULANT action bring relief from distress.

IT PENETRATES to upper breathing passages with soothing medicinal vapors. It stimulates chest and back muscles like a warming, comforting poultice... and it keeps on working for hours, even while you sleep—to ease coughing spasms, relieve muscular soreness and tightness—and bring grand comfort! Try it tonight... Vicks VapoRub.

### Beta Sigma Phi Concludes Rush Month Activities at Halloween Dance Saturday

Miss Katherine Ward and Mrs. Roy Johnson were joint hostesses at a regular meeting of Upsilon chapter of Beta Sigma Phi sorority Monday night in the home of Miss Ward.

Continuing the study of "Paths to Loveliness," a program on "Poetry" given with Miss Johnnie Davis as leader. Mrs. C. A. Vaught discussed "Poetry People Live By" after which Mrs. Raymond W. Harrah read two selections.

Preceding the program, Mrs. W. G. Gaskins, vice-president and membership chairman, presented large round saddle leather compact topped with the gold sorority crest to seven pledges, Mrs. Michael Bara.

### Mrs. Montgomery Is Sponsor At Party

Mrs. Joe Montgomery of Hopkins was hostess at a Halloween Party Thursday night in the community hall to entertain the Primary Sunday school class. Assisting Mrs. Montgomery were Mrs. G. C. Blalock, Mrs. Marvin Stone, Mrs. Jimmie Thurmond and Miss Mary Cavender.

Various games were provided for group entertainment and prizes were awarded to Gwendolyn Thurmond, wearing a "Gypsy" costume, and to Jay Chisum who wore "Gr nddada's" costume.

Children gathered around candlelight and were served hot chocolate and cup cakes with black and orange decorations. Jimmie Orr, Mary Horton, Leon Willingham, Jay Shumate, Marva Sue Stone, Sandra Mason, Mava Joe Blalock, Richard Lorenz, Nancy Harrison, Donald and Carol Morton, John Hutsell, Berdine Laycock, Alma Ruth Aliverson, Joe Simpson, Leon Martin, Billy Ruth Bennett, Jay Chisum and Gwendolyn Thurmond were present.

**Loss of Fortress Listed as Mystery**

A UNITED STATES FLYING FORTESS BASE IN ENGLAND, Nov. 3.—(AP)—The Flying Fortress "Raider Second" on which Staff Sgt. Leverage Piller of Hallsville, Tex., was a tail gunner, was a mystery casualty when a number of bomber were lost in a recent raid on Germany.

Other fliers reported that the plane, piloted by Lt. George Lohlein, Queens, N. Y., was not observed to receive any battle damage and that all engines were running although the aircraft was losing altitude when last seen over an island off the Dutch coast.

No one was seen to bail out and the plane apparently was under control when last observed. Consequently it was given a good chance of landing safely. Piller, 22, is the son of Mrs. Pearl Hearn, of Lufkin, Tex.

**Mrs. L. C. O'Neal Entertains Group**

The Bell club entertained the young people of their community Saturday evening in the home of Mrs. L. C. O'Neal with 39 persons attending.

Various games were offered in keeping with Halloween celebration and pumpkin pie topped with whipped cream was served with hot chocolate to the group.

Mrs. Ernest McKnight was in charge of entertainment.

**BUY VICTORY STAMPS**

**"Burma Surgeon" To Be Given In Review**

By Mrs. T. Price

"Burma Surgeon" by Dr. Gordon S. Seagraves, will be reviewed by Mrs. Trevor Price at the meeting of Circle Four of the Women's Auxiliary of the First Presbyterian church on Thursday evening, November 4.

Mrs. Dudley Steele will be hostess at her home, 117 N. Starkweather, at eight o'clock.

"Burma Surgeon" is the full-length story of an American doctor, who long before World War II threatened, was carrying on his own war against malaria, dysentery, plague, and all manner of bodily disorders in the North Shan states. However, at the outbreak of the war in Burma, Dr. Seagraves was commissioned a major in the Medical Corps to care for the wounded. Through days and nights of Japanese bombing, he performed emergency operations amid the flames of burning towns. When the order came, Dr. Seagraves joined the retreat with General Stilwell.

Though the book is written in the midst of war, it is not primarily a war book; instead it is a doctor's book about his work and those who helped him in it.

One reviewer has said of the book, "If 'Burma Surgeon' doesn't put new courage for whatever life offers into the hearts of its readers, it will be because those readers haven't hearts. It is a life tale more exciting than an adventure concocter could whip up."

### NEW PUMPKIN-MINCE PIE

Easy on ration points—easy on the budget—and a real treat for the whole family.

Two old-time Thanksgiving favorites get together in this unusual pie. Not only nutritious, but easy to prepare with Mixmaster to give the filling and the crust a smooth, even texture, or can be made by hand if you haven't one.

**PIE CRUST:** 1 cup sifted all-purpose flour, 1/2 teaspoon salt, 1/2 cup shortening, 2 to 3 tablespoons ice water.

Sift flour and salt together into large Mixmaster bowl. Add part of shortening. Beat at No. 1 speed until mixture looks like meal. Add remaining shortening. Mix only until particles are size of a pea.

**Parent-Teachers To Sponsor School Of Instruction Here**

Pampa Council of Parents and Teachers will sponsor a school of instruction beginning Thursday 2 p. m. in the Junior High school auditorium.

Miss LaNelle Scheihagan will begin the program by conducting a "Sing-Song" followed by an address by Winston Savage, district vice-president, using "District Relations to Local Unit," as his subject theme. L. S. the will speak on "What Part Has the Principal in the Administration of Local Unit?"

"Duties of Officers" will be discussed by Mrs. Cliff Vincent of LeFors, district vice-president. Mrs. A. A. Proctor, county president, will speak on "City and County Council," and "Programs in Detail and Yearbooks" will be given by Mrs. Luthar Pierson, "Room Mothers" by Mrs. H. M. Stokes, "Parent Education" by Mrs. C. E. Cary, district chairman; "Founders Day" by Mrs. W. C. Hutchison; "History" by Mrs. E. A. Shackliff; "Health and Summer Round-up," by Mrs. Claud Lard, district chairman; "Hospitality," by Mrs. V. L. Hobbs; "Publications," by Mrs. M. F. E. Hobbs.

Climaxing the afternoon a question box will be conducted by Mrs. E. L. Anderson, president of the City Council.

Anderson urges all members and officers of Parent-Teacher Association units to attend.

**BUY VICTORY STAMPS**

**HOME FRONT FORECAST**

By ANN STEVICK

NEA Staff Correspondent

WASHINGTON—New sources of edible fish have been found by fish experts sent from the department of interior to check waters around various Central American and Caribbean countries. At present the same kind of mission is going forward secretly in a South American country, though why it should be secret is obscure. In many cases, an abundance of edible fish has been found to bolster the international food supply, but few facilities for getting them.

**PRESERVING FOLL**

Questionnaires are being out from the agricultural extension service to get figures on the year's production of home-preserved foods, canned, dehydrated, or otherwise. The report won't be out till December, but informed guessers say it will show a vast food supply put away on shelves throughout the country.

**RED CROSS RATION**

To keep Red Cross doughnuts and other food supplies moving to your friends in the armed services overseas, the Red Cross now gets a special allotment of ration stamps. Previously Red Cross has been without a ration stamp allotment to turn over to manufacturers from whom they bought supplies. Consequently manufacturers found it difficult to supply them and keep up replacements of rationed materials.

**ODDS AND ENDS**

New bywoms will have higher ceiling prices. The recent increases on broom-corn are being passed on to the consumer at about the rate of 6 cents per broom. The Victory Garden Advisory committee is considering submitting the pointed recommendation that pressure canners be available at the beginning of the canning season next year instead of at the end.

Prisoners of war in the United States earn 80 cents daily for their labor.

### Mrs. James Todd To Represent Pampa At Panhandle Library Meeting, November 6

Two hundred library leaders from the United States and Canada analyzed their wartime duties during four sessions of a Library War Institute, sponsored by the American Library Association in Chicago. This session was followed throughout the nation by similar institutes.

Next Saturday, November 6, librarians of the Panhandle district will hold an institute at Amarillo in the Women's club room at 1:30 o'clock. Judge W. N. Stokes, associate justice, Amarillo will preside.

Mrs. James Todd, Pampa Public Librarian will discuss, "What can librarians do to promote reading and thinking on war and postwar issues" at the meeting.

Trustees of all libraries as well as librarians are urged to attend.

### The Social Calendar

**THURSDAY**

W. M. S. of the Central Baptist church will meet at 1 o'clock for a covered-dish luncheon. Royal service and business meetings will be held at 2 o'clock.

### Miami Club Studies "Self Development" At Recent Meeting

MIAMI, Nov. 3.—Mrs. C. C. Carr was hostess to the members of the Home Progress club Thursday afternoon when 10 members and one guest, Mrs. C. C. Shield, were present.

Mrs. Lee Stanford gave the opening prayer and a short business session was held when plans were completed for the guest party to be held Friday afternoon, Nov. 12, at the home of Mrs. C. T. Locke.

Mrs. Stanford gave the program on "Self Development," giving pointers on acquired physical, mental and spiritual attributes. She then conducted a written quiz on the subject, each one judging himself.

The hostess served a salad course during the social hour.

The critic presented a discussion on new words.

### It used to be TABOO for girls to discuss this kind of help

Nowadays, thousands of women who suffer from purely functional periodic pain rely on the 2-way help of CARDUI. Started 3 days before the time and taken as directed, many find it brings relief. As a tonic, it often perks up appetite, increases flow of gastric juices, thus aiding digestion and helping build resistance for times most needed. A 62-year record says: "Try CARDUI."

**GOOD NEWS DES MOINES**—It isn't often that a man gets a pay boost from \$172 per month to \$310 overnight.

That, in effect, is what happened to Corp. Cyril G. Wolfe, 42, when President Roosevelt signed the bill increasing dependency allotments.

Corporal Wolfe has a family of 12 who will receive increases—his wife, 10 children and his mother.

**DIONNE'S QUINTUPLETS**

use **MUSTEROLE** for **CHEST COLDS**

To Promptly Relieve Coughing and Make Breathing Easier

At the first signs which many warn of a cold—the Dionne Quintuplets' chests, throats and backs are rubbed with Musterole—a product made especially to promptly relieve coughs and sore throats due to colds, to make breathing easier and break up local congestion in the upper bronchial tract.

Musterole brings such wonderful relief because it's MORE than just an ordinary "cure." It's what so many Doctors and Nurses call a modern counter-irritant. Since Musterole is used on the Quints—you can be sure it's just about the BEST cold-relief you can buy!

**IN 3 STRENGTHS:** Children's Mild Musterole for children and people with tender skin; Regular for ordinary cases; and Extra Strong for stubborn cases.

The Other League

WAR HAS PUT COLLEGE FOOTBALL IN TWO LEAGUES-- THE VERY STRONG AND THE OTHERS GETTING FUN OUT OF THE GAME. HOWIE ODELL OF YALE.

Card Outfielder Best in National

By TED MEIER. NEW YORK, Nov. 3. (AP)—Stan Musial, the Donora, Pa., outfielder who batted 357 for the championship St. Louis Cardinals during the past season today was named National League's most valuable player for 1943. The selection was made by a committee of the baseball writers' association. Out of a possible 336 votes the National League batting champion received a total of 267, getting 13 of 24 first place votes. Runner-up to Musial was his teammate, Catcher Walter Cooper, who received five first place votes and a point total of 192. Big Bill Nicholson, of the Chicago Cubs, who socked the most homers, 29, and drove in the most runs, 228, came third. He also received five first place votes and a total of 181 points.

Vernon Likely Next Opponent Of Harvesters

Trying to fill in an open date, every effort was being made by Pampa High school today to match a football game for the Harvesters here this Friday night. Vernon appears the most likely contender of all the teams contacted. Others have been, Lamasa, Midland and Big Spring. The Vernon school was to let Pampa school officials know sometime today whether or not a game could be arranged for this week. The team from below the caprock has already won its district championship.

Rose Bowl Team To Be Made Known In Next Fortnight

LOS ANGELES, Nov. 3. (AP)—Southern California's opponent in the Pasadena Rose Bowl game New Year's day will be announced in about two weeks. Arnold Eddy, business manager of athletics for the Trojans, said the Pacific Coast Conference committee appointed to arrange details for the game is expected to make a formal announcement about Nov. 15. The game probably will bring together the Trojans and the University of Washington. The Rose Bowl game always has been a Pacific Coast Conference party. The conference winner selected an Eastern opponent in other years. This time the picture is different. What Eastern team could the Trojans get? They would like Notre Dame or Purdue or the Army, but travel limitations and opposition of the Irish, the Big Ten and West Point to post-season contests seems to indicate clearly that it's going to be strictly a West Coast affair Jan. 1.

Sports Roundup

By HUGH FULLERTON, JR. NEW YORK, Nov. 3. (AP)—For some time boxing men have been arguing that their favorite sport will enjoy a post-war boom as a result of the first training service men have received. Now comes the first real evidence we've seen backing up their speculations. Tech. Sgt. Jim C. Lucas, a Marine combat correspondent from Tulsa, Okla., sends back a story of how the Marines revived boxing interest in New Zealand during their stay there. They stirred up so much fan and participant interest that Capt. C. E. Mullaney, chairman of the New Zealand Amateur Boxing Association, presented a loving cup to the G.O. "That is, unless he displays more skill with the 650-word vocabulary, of which Winston Churchill is an exponent, than the girl editors of the Keukonian, Keuka College weekly. Their recent experimental fling at basic produced this immortal sports prose: "The players of 1944 gave feeble competition to the girls of 1947. The more young daughters made the record 10 to 4. Brown, Bremen, Shay, Colones, Armstrong, Bryant, Mack, had the most possible regular power to make the ball go. Brown had good control to send the ball. "The girls of '46 will keep the baseball cup again this year for they gave the girls of '45 a deadly blow in the event Wednesday, 16-1. And consider this: "The girls in yellow dress gave pleasure to the girls in green dress as they did send only seven girls about the square. Credit for having ten runs goes to the more old girls. "Quaint? No, basic. Basic English and sports writing apparently must remain strangers by force of basic's limitation to 18 verbs: "Come, get, give, go, keep, let, make, put, seem, take, be, do, have, say, see, send, may, will."

Unbeaten Randolph Will Play Marine Team November 13

SAN ANTONIO, Nov. 3. (AP)—Unbeaten Randolph Field has a game Nov. 13 with a Marine team but it isn't Southwestern Louisiana Institute, says Lt. George A. Walker, athletic officer, regarding a proposal at Dallas for a contest on that date between the Ramblers and SLI. Randolph is scheduled to play the Ward Island Marines at Corpus Christi and Lt. Walker said he knew nothing of a Rambler-SLI contest proposed by Captains Charles J. Maitel and Andrew R. Davis of the Marine Corps in Dallas last Saturday. Randolph would be interested in a post-season game with SLI or any other team but prefers to play in San Antonio, Walker added.

German Prisoners Lost in Snowstorm

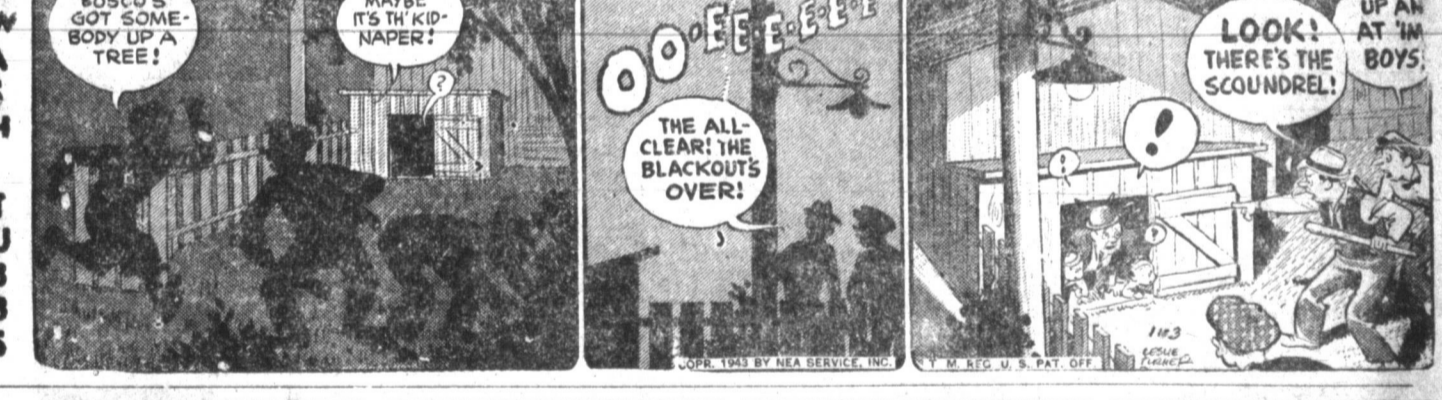

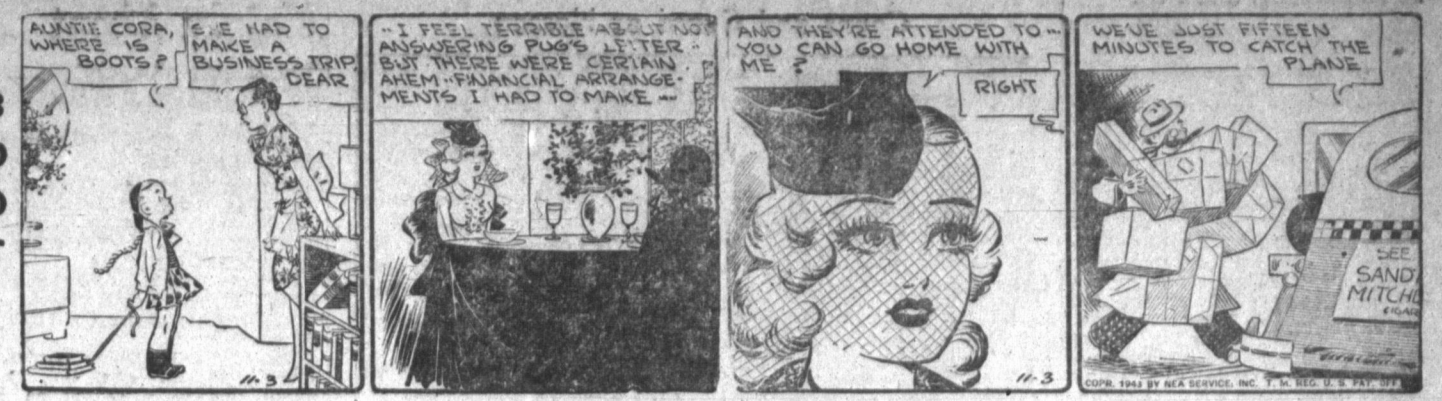

WINNIPEG, Nov. 2. (AP)—After a night in snow-covered bushlands, 19 German war prisoners were back today in a fuel wood camp from which they had been missing since Sunday. An official statement from the camp, in Riding Mountain national park, said the prisoners became lost in a snowstorm. They had not "planned or carried out an escape," the statement added.

Ex-Harvester Back Now Stationed At Syracuse Airdrome

Lt. William W. (Bill) Haner, Harvester back on the 1933 and 1934 team, is now stationed at Syracuse Field, Syracuse, N. Y., where he is assistant provost marshal of the base. He was rated an honorary All-American football player in 1938. Bill attended junior high school here a half-year, then went through all grades in Pampa High school graduating in 1935, after which he graduated from Rice institute, Houston. He enlisted in May, 1942, graduated from officer candidate school, Miami Beach Fla., where he received his second lieutenant's commission in March, 1943. On October 18, he was promoted to the rank of first lieutenant. "Bill played two years on the Guerrilla football team here, preceding two years on the Harvester team. He is the son of Mr. and Mrs. Frank Haner, Route 2, Seminole. Lieutenant Haner is married. His wife resides in Houston where Bill was employed by the Folger Coffee company before he enlisted in May, 1942.

Bishop Denounces Jewish Beatings

BOSTON, Nov. 3. (AP)—Bishop G. Bromley Oxnam, Boston area of the Methodist church denounced the alleged beating of Jewish boys as an apparent expression of incipient Fascism and, in a prepared statement, demanded, "who is flooding the nation with anti-Semitic literature and why?" Declaring that "the beating of Jewish boys is not the work of hoodlums," Bishop Oxnam expressed hope that Jews, Catholics and Protestants could unite "in demanding that these beatings stop and that steps be taken to discover and destroy the dangerous forces that lie back of them."

Packer End Leads Pro League Scoring

CHICAGO, Nov. 3. (AP)—War or no war, things apparently are returning to normalcy in the National Football League. Don Hutson of Green Bay again leads the loop in scoring and pass receiving. The great Packer end, who holds 11 individual records more than any other player in the league's history—had a slow start this fall. Beset with grief, first at the loss of a young brother in the Pacific war theatre and then with the death of his father, the 30-year-old veteran was not the Hutson of other years. But against New York Sunday he had one of his greatest days, breaking five of his own league records, snagging two touchdown passes and kicking five extra points. His 17 points gave him a season total of 54, ahead of Bill Paschal of New York who is second with 48, and Harry Hopp of Detroit, third with 42. In nabbing seven passes he boosted his season figure to 23, overtaking Wilbur Moore of Washington who dropped to second place with a total of 20. Hutson's teammate, Tony Canadeo, has regained ground-gaining honors from Harry Clark of the Bears. He has 339 yards in 63 attempts while Clark shows 327 yards in 68 ball-carrying efforts. Sid Luckman of the Bears continues to lead all passers in completions as well as yards gained—62 touches good for 1,188 yards and 14 touchdowns. Also hurling 14 scores, Washington's Sammy Baugh is second with 52 completions for 811 yards. Baugh tops the punters, having raised his average distance to 45.4 second with 38.1 average in 28 boots.

Skeet Champion Shoots On Range At Pampa Field

Pampa Army Air Field officers and soldiers were treated to an exhibition of championship skeet shooting at 2:30 Tuesday afternoon, when Grant Iseing, national professional skeet champion and the only man to ever earn a place on both All-American skeet and trap shooting teams, displayed his talents on Pampa Field's skeet range. Iseing, who has been shooting in competition since 1935, has been smashing clay pigeons for the past 27 years, having blasted his first target at the age of 10. He is the only marksman to be a member of both skeet and trap shooting All-American teams, a member of which he was in 1937. He was on the All-American skeet shooting team from 1936 to 1940, when he turned professional. Champion Iseing is traveling over the nation, teaching members of the Air Forces how to shoot. His services are donated for the duration of the war by Montgomery Ward and Company. After giving an exhibition of shooting skeet from the hip, with the gun upside down, with one hand and shooting doubles with the shotgun behind his hip, Iseing shot a round of skeet with Col. Daniel S. Campbell, commanding officer, Maj. James Gough, Capt. Robert Johnson, Lt. Gordon from Blackland Flying Field. He also instructed a number of officers in the proper way to handle a shotgun, and improvement was noticed immediately in smashed pigeons. When questioned as to the number of shells he has shot, Iseing estimated that he has, in the past eight years and shoots more shells in his exhibition in one year than his ordinary hunters shoot in a lifetime. Iseing is expected to be available on Pampa Field's skeet range for the next two weeks.

Savoldi Attempting To Jinx Mauriello

NEW YORK, Nov. 3. (AP)—Lee Savoldi is using psychology in an effort to worry Tami Mauriello in their return 10-round bout at Madison Square Garden Friday night. Mauriello is a 7 to 5 favorite to repeat the victory he scored over the Paterson, N. J., heavyweight in the Garden year ago, but it seems he has become annoyed at Savoldi's playing on his nerves. Usually Mauriello moves from his home in the Bronx before a major fight and stays with his trainer at a downtown hotel. When he came to the hotel, however, he found Savoldi had already taken up quarters, so off went Tami to another hotel. When Savoldi announced he would finish training at Stalman's Gym on Eighth Avenue, Mauriello, who was already working out there, protested: "I'm a steady customer and if Savoldi comes in I'm moving out." "I guess we have Mauriello worried," said Bill Daly, Savoldi's manager in announcing Savoldi would wind up his practice chores at another gym. Both were pronounced in good shape after an examination yesterday. Mauriello tipped the scales at 191 pounds, Savoldi at 192.

Ferrari Dies

(By The Associated Press) Gen. Giuseppe Francesco Ferrari, 78, a former Italian minister of state, died at his home in Lercio, Italy, a Berlin broadcast said today.

BUY VICTORY STAMPS

# REPUBLICAN

(Continued from page 1)

Willkie actively supported Hanley, President Roosevelt and James A. Farley backed Haskell, although the president's support was confined to a vote cast at his Hyde Park home.

**NEW JERSEY**—Former Senator Walter Edse, Republican, defeated Vincent J. Murphy, Newark's Democratic mayor, for the governorship despite a better than 100,000 majority for Murphy piled up in the Hague-dominated Jersey City area.

**PENNSYLVANIA**—Acting Mayor Bernard Samuel of Philadelphia, Republican, was elected to a regular term in that office over the Democratic candidate, William C. Bullitt, former ambassador to Russia and to France, for whom President Roosevelt had spoken a good word. The state continued Republican.

**KENTUCKY**—This normally Democratic state produced a real horse race for governor with Republican William Weaver trailing Democrat J. Lyter Donaldson by only a few thousand votes with hundreds of districts uncounted.

**Harrison Spangler**, Republican, trounced the Democratic challenger Dewey himself was able to pile up last year against a split field—was considered a more than ordinary tribute to the governor. The Republicans fought the campaign on Dewey's record as executive.

One immediate assumption was that Dewey's stock would rise considerably in the 1944 GOP presidential convention though he has insisted that he intends to serve out his full term in Albany, which has two years more to run. There has been some talk in the party of "drafting" him.

Dewey's organization got in some surprising licks in New York City where the governor first made his name as a racket-busting prosecutor. The Democrats carried the city as usual but only by a fraction of the majority they generally hurl against the upstate Republican vote.

Edge's election in New Jersey gives the GOP a majority of the governorships for the first time since 1928. With his inauguration in January, the party will have 25 of the 48 state executives. This would put the Republicans in control of every populous state outside the "Solid South" except Indiana.

While other factors also were involved, it appeared that organized labor was set back in two of the important contests. Murphy, defeated by Edge, had union backing dating from his tenure as an official of New Jersey's American Federation of Labor. In Detroit, Frank Fitzgerald, rolled up an early lead, then slid to the trailing position behind Mayor Edward J. Jeffries who was on his way toward a third term. The election was non-partisan.

Detroit's recent race riots were an issue in the campaign and Fitzgerald, conceding his defeat, touched on the subject by saying he would continue to strive to "secure the city in the interest of peace, safety and goodwill."

The GOP retained two congressional seats vacated by party members. In New York's 32nd district, Hadwen C. Fuller won over Democrat Norman F. Ward, as successor to the late Rep. Francis D. Culkin. With some returns yet to be counted, Republican D. Emmert Brumbaugh had an apparently safe lead over Democrat Edna Marsden in the 23rd Pennsylvania district. This vacancy was created by the resignation of Rep. James E. Van Zandt.

New England also yielded some interesting mayoral campaigns. For the first time since 1933, Hartford, Conn., elected a Republican mayor, William H. Mortensen. Bridgeport gave Socialist Jasper McLevy his sixth term.

Party leaders were confounded in the New York state supreme court contest, Thomas A. Aurelio, attacked by District Attorney Frank S. Hogan as having been supported by a big time slot machine operator, appeared the winner even though both major parties had repudiated him.

The election was routine in Virginia and Mississippi, Democrats coasting in as expected in local contests.

## Pampa Man Wins Condemnation Suit

D. W. Osborne of Pampa was awarded \$23,518 in a condemnation suit tried in federal court in Amarillo recently.

The suit was based on 320 acres of land 5 miles south of Pampa along Highway 16, owned by Osborne and taken over by the federal government.

At the time the government filed its suit, it tendered the owner \$13,575 which it claimed was all Osborne was entitled to receive.

The jury last week allowed Osborne \$50 an acre for his land. Minimal interest, severance damage, and crop damage was settled by agreement with the government for \$5,918 additional, making a total judgment for \$23,518.

## BOUGAINVILLE

(Continued from page 1)

time in fighting the Germans and the Yugoslav war minister, Gen. Mihailovic. They asserted they freed 800 Italian prisoners and repulsed Nazi attacks in Bosnia, Dalmatia and Croatia.

Fighting around a fuming volcano, American Marines challenged the Japanese hold on Bougainville, last and strongest position in the Solomon Islands northeast of Australia. Gen. MacArthur reported a Japanese cruiser and destroyer force was intercepted Monday night, fought and turned back before it could reach the invasion scene.

The Japanese were bombed in Burma and China. Far graver news for Japan was the Berlin radio dispatch saying four or five Allied battleships, three or four carriers, seven or eight cruisers and 10 destroyers had been transferred from the Mediterranean to the Indian ocean which bathes Burma and Malaya, Australia and the Dutch East Indies.

## Count and Guard at Nassau

These are two of the most-photographed figures in the Oakes murder trial at Nassau. Count Alfred de Marigny, lighting a cigarette, is charged with the slaying of Sir Harry Oakes last July. Constantly at his side is Nassau detective Lieut. John Douglas, who testified for the prosecution, quoting de Marigny as saying Oakes "should have been killed anyhow."

## Today on the Home Front

By JAMES MARLOW and GEORGE ZIELKE

**WASHINGTON, Nov. 1 (AP)**—The West Coast Plan, a combination hope-and-final-try in getting enough workers for war production, is just swinging into action and war manpower commission officials said today its success or failure would not begin to appear before another month.

That plan is the most drastic yet attempted in this country but, although there is plenty of pressure behind it, it lacks the compelling authority of a national service act—a labor draft—which could force workers into jobs needing them.

The plan has been in operation about a month in five West Coast areas—San Diego, Los Angeles, Northern California, Portland and Seattle—where the worker shortage is critical. The plan would force workers into jobs needing them.

In that month, WMC officials say, the needs and remedies have been studied as a preliminary to action now under way.

The plan depends essentially upon

the cooperation of management and labor rather than upon force although there are ways of getting a non-cooperating employer into line.

Government agencies could cancel his contracts or refuse priorities on materials necessary to keep his plant going. In that way he would have to shut down and his workers would be thrown upon the labor market.

But there is a large hole in the plan: Little final pressure could be applied to a non-cooperating manufacturer of a most essential product, like warplanes, for even if he disregarded the plan altogether his plant still would have to be kept in operation.

The plan's intention is to make the best possible use of workers and to get workers into jobs that need them least. It works like this:

Two main government committees are set up, an urgency committee and manpower priorities committee. Their members are usually representatives of the same agencies: WMC, War Production Board, Office of Defense Transportation, Army, Navy, War Food Administration, Maritime Commission and Small War Plants Corporation.

The urgency committee draws up a list of plants in order of their importance to the war. A warplane plant and a navy ship repair yard might top the list. Behind them in order might come a cargo-ship-building yard, a shell-loading plant, and a tank factory.

The government committees go to the extent of placing ceilings on the number of workers a certain plant may employ or even order the number of its workers reduced to free them for jobs in plants on the urgency list.

In the highly critical areas government agencies oppose operation of plants for civilian or military goods which could be made elsewhere. No new contracts are to be given in such critical zones.

## NIPS MOBILIZE

(Continued from page 1)

of their abilities raw materials which are all being diverted to war production and in which considerable forced labor is being used.

4. The controlled press is preparing the people of Asia for long, defensive battles ahead.

Morale in Japan appears to be unshaken, although some unrest is reported in other parts of the empire. The militarists and gendarmes are enforcing compliance with vigorous measures, while an extensive propaganda campaign is attempting to sell the idea of protecting Asia against British-American "imperialism."

General indications are that the Japanese plan to use Burmese, Indian and Thai troops as much as possible in the defense of Burma. Chinese "peace preservation corps" are being trained to take over patrol duty in thinly garrisoned areas in China. My impression is that Japanese land forces will fight most desperately for The Netherlands East Indies and Malaya, whose raw materials are vital, and the strategic areas of central and north China and Manchuria, from where the Allies could threaten Japan's vital industrial areas from the air.

The best information is that 650,000 Japanese troops are still in Manchuria as a bulwark against Russia and to prevent any use of Siberia by the United States.

All available evidence tends to show that Japanese lines in China are thinly held and that the war there is virtually stalemated.

Some reports are that the Japanese have only 94,000 troops in the Philippines.

## Aluminum Output More Than Needed

**WASHINGTON, Nov. 3 (AP)**—Aluminum production has just about exploded the early wartime fear of a scarcity.

Fed by a national scrap drive the industry now produces every three months more than 100,000,000 pounds in excess of requirements.

## Mainly About Pampa And Her Neighbor Towns

Leaving tonight to return to his station at Camp Claiborne, La., is Pvt. Howard E. Cook, here on furlough the past week visiting his mother, Mrs. J. A. Cook.

For Sale—Maple baby bed with excellent innerspring mattress, also Maple rocking chair, 618 N. West, Phone 1417.

Mrs. Lena M. Burge received a letter from her son, Cpl. D. C. Burge this week saying he had landed in Australia. The letter was dated Oct. 14.

Help wanted—Doorman, good opportunity for right nature elderly man preferred. Apply La Nora Theatre.

Mrs. Frank Foster left Sunday for Chandler, Okla., where she was called because of the illness of her brother.

Wanted Beautician at The Charles Street Beauty Shop, phone 160.

Mr. and Mrs. W. A. Vance and family were week-end visitors in Pampa. They also visited their parents in Groom before returning to Liberal, Kan.

Need a home? I'll sell you three complete rooms of furnished house or rent the house. Close in, 303 Sunset Drive, Phone 1548.

Mr. and Mrs. Herman Tolbert and son David of Camp Wolters, Tex., were week-end visitors in Pampa. They also visited their parents in Groom before returning to Liberal, Kan.

Miss Joyce Turner, daughter of Mr. and Mrs. J. M. Turner left Saturday to attend Southwestern university in Georgetown, Tex., where she will be a freshman this year.

Mrs. H. D. Solsbury returned Sunday from Duncan, Okla., where she visited her brother, Kenneth Patterson who returned to Duncan on a leave after serving 10 months overseas.

Mr. and Mrs. O. L. Boyington of Oklahoma City are in Pampa visiting their son and daughter-in-law, Mr. and Mrs. Bill Boyington.

Mrs. J. P. LaCasse visited a few hours Sunday with her son A/C Wynold LaCasse in Amarillo, A/C LaCasse was enroute to Elkhart, Field, Tex., where he is a navigation cadet. He expects to receive his wings in January.

Mrs. J. E. Tout, formerly Dorothy Jane Day returned from Seattle, Wash., last week to make her home with her mother, Mrs. Marie Day Horn. Mrs. Tout's husband, Ensign J. E. Tout, sailed from Seattle for overseas duty. Mrs. Horn is visiting her husband this week in Salt Lake City, Utah.

Mrs. Finis Jordan has returned from Hot Springs, Ark.

Sgt. Don L. Saitz who recently graduated from gunnery school at Kessler Field, Miss., now enroute to Salt Lake City, is in Pampa visiting his parents, Mr. and Mrs. H. M. Saine, 404 1/2 N. Cuyler. Mrs. Saine's mother, Mrs. Cordelia O'Leary of Stillwater, Okla., is also a guest in the home.

## NEGRO ELECTED JUDGE

**NEW YORK, Nov. 3 (AP)**—Francis E. Rivers, negro graduate of Yale and the Columbia law school, was elected yesterday city court justice, defeating his Democratic opponent, Joseph T. Higgins, 166,631 to 143,858 votes.

## Coal Chronology

(By The Associated Press) Here are the highlights of the six-month controversy which has shut down the nation's mines a fourth time:

April 1—Mine contract expires but is extended 30 days while United Mine Workers and operators negotiate a \$2-a-day wage increase demand.

April 22—Dispute certified to war labor board.

May 1—Miners strike and President Roosevelt orders government seizure of mines.

May 2—UMW announces 15-day truce, orders mining resumed.

May 17—Mining truce extended through May 31.

May 25—WLB refuses miners' demands for a \$2 wage increase; refers portal-to-portal pay demand to negotiations or courts.

May 26—UMW and operators resume collective bargaining.

June 1—Miners stop work a second time.

June 3—President Roosevelt orders miners' return to work.

June 4—UMW calls off strike, effective June 7.

June 21—Miners strike for third time.

June 22—UMW policy committee orders mining resumed until Oct. 31 providing government keeps control of mines.

July 23—UMW President John L. Lewis decides to appear before WLB in support of a proposed "model" Illinois wage contract.

Aug. 25—WLB turns down Illinois agreement as involving a "hidden wage increase."

Sept. 23—UMW and Illinois operators sign second proposed wage pact, raising daily earnings \$1.50 a day.

Oct. 26—WLB disappears second Illinois contract, proposing alternative plan to raise earnings \$1.12 1/2 a day.

Oct. 28—WLB refers strikes of more than 60,000 mines to White House.

Oct. 29—President Roosevelt promises "decisive action" if UMW policy committee fails to halt strikes by Nov. 1.

Nov. 1—Most mines shut down.

## Civilian Draft Bill Prepared By Clare Luce

**WASHINGTON, Nov. 3 (AP)**—War department and selective service interest in national service legislation may lead soon to house committee action on a civilian draft bill applicable to men only.

Introduced by Rep. Luce (R-Cal.), the bill is now before the military committee, but Chairman May (D-Ky.), an avowed opponent for immediate hearings or other committee action.

Other committee members disclosed, however, that "pressure from downtown," as well as sentiment among the committeemen, may cause the chairman to change his mind. Both the war department and selective service officials, they said, are in favor of the bill as a means of curbing further drafting of fathers for military service and also for effective use of available manpower reserves.

Mrs. Luce's bill would create an army and navy maintenance corps made up of draft-age men who have not been inducted into the armed forces.

This trained corps would be available for use by industry unable to obtain manpower elsewhere. Its members would be subject also to

induction into the armed forces when needed. They would receive the basic service pay, but an employer using them would pay into the treasury the prevailing wage rate for civilian employees.

Men would be put into the corps on a selective basis and would be those who "can best leave their present activities and endeavors with the least comparative disruption to the economic and social structure of the nation."

To accomplish that objective, men would be inducted into the corps in this order:

Volunteers, men who leave an essential occupation without the approval of their draft boards; men who fail to transfer from one essential occupation to another at the direction of their draft boards; men who absent themselves from essential work without proper cause, single men under 38 who are classified 4-F, single men over 38, married men under 38 without children and

classified 4-F, married men over 38 with children and classified 4-F, men under 38 with pre-war children.

**BUY VICTORY STAMPS**  
The area and population of India are roughly equal to those of the whole of Europe, excluding Russia.

**Ask yourself these Questions when you buy a laxative**  
Ques. Why has Black-Draught been such a favorite laxative with four generations of users in the Southwest? Ans. Because it is purely herbal, and usually prompt and thorough when directions are followed. Ques. What's another reason for Black-Draught's great popularity? Ans. It costs only 25c for 25 to 40 doses. Get Black-Draught in the familiar yellow box today. Caution, use only as directed.

**THE OLD American Virtue of Thrift STILL LIVES ON!**  
BACK in the days when Thanksgiving was new, thrift was the first law and the abiding rule.  
The happiness and health of the earliest Americans—yes, even their very existence—depended upon their frugal, saving ways.  
And today, with Americans putting big percentages of their incomes into War Bonds, thrift has come into its own again.  
We must all sacrifice and skimp and save to help win this hardest of all wars!  
Please join in this pledge: "I won't buy anything—anything at all—that I don't really need."  
And for the things you simply can't get along without, come to Penney's!  
Penney's specializes in thrift and savings.  
Penney's way of doing business keeps operating expenses very low. The result is savings for Penney's—and these savings are passed on to our customers—as they always have been—in the form of lower prices.  
Shopping at Penney's is so important today—when dollars must stretch further than ever!

**NEW CONTRACT**  
(Continued from page 1)  
a day. Most of the operators consented to only 88 cents. The WLB suggested \$1.12.  
The fourth strike in the soft coal fields this year meant crippled war industries and prompted Ickes to forbid dealers to deliver coal to any home which has more than a 10-days supply. Deliveries were limited to one ton.  
Ickes also diverted 2,000,000 tons of soft coal on trains toward industrial plants. The secretary urged home owners to share their extra supply with neighbors who need help.  
Union miners in the field were outspoken in continuing the strike until instructed by UMW headquarters to do otherwise. John J. Hanratty, union official at Birmingham, asserted that Ickes and Lewis "can reach an agreement" if the WLB "would quit playing politics." He said he hoped for a solution "within the next 48 hours."  
Said Jim Eubank, president of the local in Fayette county, W. Va.: "I am not going back to work."
