### Army Turns Back 13-Billion-Dollar Fund

#### Old West Lives Again As Buffalo Meat Sold Here

You didn't need a ration book to get a meal out in the West a hundred years ago. All you needed was a good rifle, a good eye, and a buffalo as a target.

Harking back to the old days was an advertisement in yesterday's News listing buffalo meat for sale. "Everybody wants to try it," he said.

The buffalo meat does not require ration points.

One and a quarter buffalo was obtained by the grocer from the 29-section Wheeler ranch of Aubrey Bowers, near the town. He has had a herd of from 75 to 100 of the animals, the grocer said. At the same time the buffalo, 17 months old, were killed for the local market, six others were killed for shipment to Bowie.

Young buffalo provides the best meat. After the animals are 3 years old the meat becomes stringy and tough.

#### Demand For Manpower Reduced

WASHINGTON, Nov. 19.—(AP)—The army's disclosure that it has more money than it needs touched off today a series of developments and comments that gave an entirely new complexion to the nation's war production effort to date, and what's needed in the future.

Out of the announcement that the war department is turning back \$13,000,000,000 to the budget bureau, came these significant turns:

1—The army was pictured as considering the mighty production effort at its expansion peak. Some drastic cutbacks, notably in small arms ammunition, already have been made because enough material is on hand or because battle experience has dictated shifts.

2—The army's manpower needs have been revised downward by more than a half million men and, so, opponents of the father draft promptly seized upon this as another argument for their point.

3—It was disclosed that preliminary steps already are under consideration for government and industry to work out tentative plans to reconvert war factories to peacetime production. Some officials said this would have been done before but there was a fear of giving the impression the war was won and thus engendering a letdown.

Announcement of the giant refund was made by Chairman Snyder (D-Pa.) of an appropriations subcommittee that handles army finances. It immediately brought demands on Capitol Hill for lower taxes, closer scrutiny of federal expenditures and a stop to the father draft.

#### New England Urged To Back State Fight

BOSTON, Nov. 19.—(AP)—Declaring that the states have been "all but reduced to governmental vassals," Rep. Hutton W. Summers (D-Tex.), today called upon New England to take the lead in restoring the people's capacity for self-government.

Summers, chairman of the house committee on the judiciary, in a speech prepared for delivery at the post-war sessions of the second New England conference, declared that "we have built up at Washington a governmental colossus utterly beyond human comprehension of democratic control, regardless of which party or group of officials is in power."

"More and more in the later years," he said, "we have been engaged in the silly undertaking of trying to build a federal organization to function as a general governmental agency. It is inevitable that there shall be extravagance, waste, and inefficiency."

Declaring that the United States was in the initial stages of another great battle between concentrated power and democratic government, Summers said that it was time for the states to "reassert themselves and reestablish their sovereignty as responsible agents of general government."

#### Offensive In Pacific Is Stepped Up

(By The Associated Press)

Allied forces in the Pacific are stepping up their offensives—by land in New Guinea, by sea in the Solomons and by air in the mid-Pacific.

For the fifth successive day army planes, operating from Central Pacific bases, raided the Marshall and Gilbert Islands, presaging the opening of an amphibious offensive intended to cut Japan's stolen island empire in half.

The 7th Air Force planes returned without loss from their raids on Jaluit Island in the Marshalls and Tarawa Airfield in the Gilberts—both repeat performances. They encountered air opposition for the first time. The enemy retaliated by raiding Funafuti in the Ellice Islands, presumably the American base, killing two men and damaging a few planes.

In the North Pacific, a naval task force shelled enemy airfields on Buka for 45 minutes in its second raid within a month on the island, less than 200 miles from the Japanese, once strong fortress of Rabaul, New Britain.

On New Guinea, where warfare has been confined for weeks to aerial raiding, land fighting burst forth again with Australians advancing from Pischhafen to attack strong Japanese forces around Sattelberg who still challenged Allied dominance of Huon peninsula, springboard for an invasion of New Britain.

Bombers again raided Babaul while divebombers supported Allied ground forces on New Guinea and Bougainville Island in the Solomons. Marines on Bougainville, who have killed eight Japanese for every marine lost, were steadily enlarging their beachhead.

As American reinforcements were rapidly poured ashore on Bougainville, Japanese planes sank their first ship in the area—the only thread of support Tokyo propagandists have for the dozens of American ships they claim to have sunk there. It was a small ship and few lives were lost. More than half the attackers were shot down.

In San Francisco, Elmer Davis, head of the office of war information, said Tokyo's fictitious claims of air-sea victories indicated "some kind of internal trouble" in Japan.

China-based American planes supported Chinese troops on the Salween river north of Burma and bombed an enemy airbase and barracks at Kengtung, Burma. They returned without loss.

American-trained Chinese troops opening the way for a new supply route to China's Burma road, advanced another 30 miles in North-ern Burma.

#### Greatest RAF Fleet Blasts Nazi Capital; Russians March Again

By The Associated Press

Berlin and Ludwigshafen were charred and blackened last night by the largest bomber fleets ever sent against Germany, whose armies were staggered anew and split apart on the Russian front by the losses of Korosten and Rechitsa.

Allied armies in central Italy still were checked by rampaging rivers, but bombers took apart the Grosseto and Terni rail centers north of Rome. Others spanned the Adriatic to attack Athens and Larissa airdromes in Greece and sink a merchant vessel and damage two others in Yugoslavia. Only patrons and cannon fire were active on the front 15 to 105 miles short of Rome.

The Germans said they occupied three more small Aegean islands, Lipsos, Patmos and Ikaria, capturing 240 Italians on Ikaria.

Curiousty, Berlin said the British garrison of Lerde, had withdrawn to Samos although the high command claimed with a profusion of fanfares earlier that the 3,000 British and 5,000 Italians on the island had been captured. Fresh air attacks were reported on Samos, 20 miles north of Lerde.

Fresh peace demonstrations were reported in the Balkans, particularly in Bulgaria. Berlin said Sofia would be evacuated following the American bombing.

Stockholm reported fires set in the suburbs. It was the 87th attack on the reich's greatest city.

The capture of Rechitsa virtually sealed the fate of the White Russian rail center of Gomel, 25 miles to the east. Russian troops surged on that beleaguered city from north, south and east. By capturing Korosten, 90 miles northwest of Kiev, the Russians secured their flank in the Ukraine to the Tripartite marshes, releasing thousands of troops to counter heavy and continuing German attacks on the Kiev bulge in the Zhitomir and Fastov areas.

German attempts to widen their lone gains of the whole fall campaign near Zhitomir broke down, Moscow said, in a writer of Nazi blood and wrecked tanks. At both Korosten and Rechitsa, the Russians said they captured enormous booty including trainloads of material. Korosten is 80 miles from the old Polish frontier.

Smoke of many fires rises over Berlin some eight hours after a recent night of black-busting as RAF reconnaissance planes fly over to take photos. Numbered spots at the river spray: (1) anti-aircraft towers; (2) Zoo railroad station; (3) August Victoria Platz; (4) Greese Stern; (5) Tiergarten; (6); and Nollendorf Platz (7).

Pressure of the Allies in Italy and Yugoslav partisans in the Balkans was reported to have convinced Hitler to dispose 50 divisions in those regions, 10 against the American-British line in central Italy.

The twin aerial smashes at Berlin and the great Rhineland chemical center of Ludwigshafen cost the British 32 bombers—a small percentage of the very large forces engaged. London speculated that the RAF and USAAF were opening the greatest bombing offensive ever mounted.

Large fires and explosions were observed in Ludwigshafen in a raid slightly less intense than the one on the German capital. The Berlin results were shrouded in clouds but...

#### Willkie Wants Southern Vote

ATLANTA, Nov. 19.—(AP)—Wendell L. Willkie, stopping briefly in Atlanta today on a speaking trip to Texas, described himself as "representing the viewpoint of the liberal leaders as well as any man actively discussed for president."

"I can't understand why any liberal in the South can't support me," Willkie told a group that crowded around him as he walked through terminal station.

Willkie, 1940 Republican standard bearer, has not formally announced a campaign for the 1944 nomination but has said he would accept the nomination. Declining comment today on international affairs, he indicated a political purpose in his current activities with the assertion that he could comment on the Southern political outlook "better after I get back from this trip."

He will stop at New Orleans tomorrow and will go from there to Houston and Dallas. He is scheduled to speak at Dallas next Friday.

#### Today's Best LAFF

DEEP IN THE HEART OF—While Don Whitehead (an AP foreign correspondent) was in Cairo a friend of his, leaving on a field assignment, left behind a phonograph and one record—"Deep in the Heart of Texas." The piece entranced Don's Arab house boys. They played it time and time again memorizing every bit of it, including the hand-clap after each bar.

Then came the day Don himself was to go out on assignment. The two Arab boys, arms loaded with luggage, escorted him to the jeep waiting in front. Humming the tune, they came to the "Heart of Texas" line—and clapped. The luggage went in a dozen different directions.

#### Petaun Tries to Quit As Vichy French Head

BERN, Nov. 19.—(AP)—Marshal Henri Philippe Petaun has drafted a new French constitution along democratic lines which the Nazis have prevented him from promulgating, and has renounced Pierre Laval as his successor, a decree also hushed up, it was disclosed today.

The 57-year-old chief of state's abrupt turn from German domination which he had previously declared France honor-bound to follow, was revealed in the publication of a speech he was never permitted to deliver.

Petaun had named Nazi-collaborationist Laval as his successor on Nov. 17, 1942, and gave him power to make laws and issue decrees. After German troops crossed the armistice demarcation line into Vichy French territory.

In the unpublished decree directing France back to the democratic constitution of 1875, Marshal Petaun stated his intention of retaining powers as chief of state until his death, unless the new constitution he drafted is ratified.

The refusal to broadcast Petaun's speech over the Vichy radio, and the failure of his decree to appear in the official gazette has created a crisis.

The marshal, according to a reliable informant, has sent his resignation to the cabinet.

Laval and his advisors continued today their efforts to change his mind, and although the result cannot be foreseen, Petaun at least has thrown down the gauntlet.

The text of the address he had prepared for delivery was published in the Swiss Journal de Geneve today.

French-Spanish border reports reaching Madrid said the Nazis were making frantic preparations to take over if the Vichy government collapses.

The aged marshal has adamantly refused to tell the French people of his prepared speech.

#### Farmers Need Support Prices, Jones Asserts

CHICAGO, Nov. 19.—(AP)—While congress debated the white-hot issue of prohibiting subsidy payments, "Wax" Food Administrator Marvin Jones urged today continuation of use of Commodity Credit Corporation funds for this purpose in 1944, rather than "abandoning something we have for something that may look better."

Support prices are needed by the farmer to meet production goals, Jones told the Illinois Agricultural association in a prepared speech.

"We are all working toward the same objective on the problem of preventing inflation," the administrator said. "Naturally there are differences of opinion as to the methods we should use."

"The use of Commodity Credit Corporation funds helped to get our record food production this year. It proved successful. It worked. We want to continue it for 1944."

Jones said that the WPA is insisting on all possible allocation of steel for farm machinery for the remainder of this year and for 1944.

"Farm machinery production for the year beginning July 1, 1944," Jones stated, "will be at the rate of 80 per cent of the high production of farm machinery for the year 1940. This is second only to the production in 1937 which was the highest of many years. The big production in those two years provided a fortunate backlog of supply to help meet the situation of the past year or two when agriculture had to share the nation's steel supply with others."

#### Foxhole Hunch Lucky For Him

WITH U. S. FORCES ON BOUGAINVILLE, Solomons, Nov. 19.—(AP)—An army specialist whose name and work are unmentionable because his job is an army secret, played a lucky hunch on the Bougainville beachhead.

He had two foxholes, one well sandbagged and clean. The other was just a hole in the ground.

When bombs whined down Monday, he leaped into the hole in the ground. A bomb landed directly on the fancy foxhole. The specialist was covered with sand, but uninjured.

During heavy fighting it became necessary to send forward some radio equipment so Davenport loaded it on the back of a mule and made the trip although wounded by the explosion of a mortar shell.

He now is recuperating in an army hospital at Ashford, W. Va., but expects to come home by Christmas.

#### Movie Cashier Spots Film Star Big Boy Williams Right Off

It didn't take long for Faye Maynard, LaNora theater cashier, to recognize a motion picture player when he bought a ticket at the theater yesterday afternoon.

The cashier spotted him at once. He was Guinn (Big Boy) Williams. Not that Big Boy is hard to identify, as he is 6 feet tall and weighs 225 pounds.

Williams left here today to return to Hollywood after coming to Pampa from San Angelo where his party celebrated the 50th wedding anniversary. He came here for a visit with Ted Harris, a brother-in-law, an engineer with the Pampa office of the Texas Railroad commission.

After seeing the show at the LaNora, Williams conversed with Manager Carl F. Benefield and last night the latter took him to Pampa Field where he made a brief talk before the showing of motion picture there.

"I'm not much on talking, but if I had a horse I could show you some riding," he told the soldiers.

Williams was released from the army in September of this year because of his age. He served in World War I and was given an honorable discharge as a lieutenant; his honorable discharge this time released him from the army as a private.

The actor's latest picture is "Hands Across the Border," with Roy Rogers, a super-western.

Williams is a native Texan. He was born in Decatur in 1900.

Pictures in which he has appeared include "Silver Queen," "American Empire," and "Lure of the Islands," in 1942; "Billy the Kid," "Swamp Water," and "The Bugle Sounds" in 1941. "Dodge City," 1939.

#### De Marigny Draws Gas Conviction

NASSAU, Bahamas, Nov. 19.—(AP)—Alfred De Marigny, who won acquittal last week of a murder charge, today drew a 100-pound (about \$420) fine—or a three-month prison sentence if he fails to pay it—for illegal possession of gasoline.

His close friend, Marquis Georges de Videlou, was fined the same amount and paid immediately, but De Marigny filed notice of appeal.

Magistrate S. E. Field said the only reason he did not sentence the two men to prison is because he might thus have delayed their deportation.

#### MacArthur Aid Probe Indicated

WASHINGTON, Nov. 19.—(AP)—Senator Chandler (D-Ky.) said today he may ask the military committee to inquire about the amount of supplies being shipped to General Douglas MacArthur's Southwest Pacific forces.

#### Turkish Ambassador To Berlin Recalled

By WILLIAM B. KING

ANKARA, Nov. 19.—(AP)—The Turkish ambassador to Berlin returned to Ankara today after a week on conditions in Germany as the popular Istanbul newspaper Tanin published an editorial which appeared to be a preliminary step to preparing the Turkish people for eventual war against the Axis.

The Turkish diplomat, Safet Arkan, returned while Franz von Papen, German ambassador to Turkey, was conferring with Adolf Hitler in Germany—presumably about the Allied Moscow conferences and European conditions in general.

Tanin, whose editor is a member of the national assembly, has been maintaining an independent course and its content therefore could not be considered a government line. Nevertheless importance was attached to the article, said the Turkish Foreign Minister Numan Menemencioğlu's recent talks with British Foreign Secretary Anthony Eden in Cairo were "obviously not merely informative."

Certain words in the communication issued after Menemencioğlu had held a lengthy conference with the peoples party parliamentary group early this week on his return from Cairo, "give us the key to the puzzle," the editorial continued.

"The communique," it added, "said that the foreign minister had explained Turkey's activity in the light of the necessities of the Turkish-British alliance. Turkey's position is now very definite."

"One—Turkey is England's ally."

"Two—Turkey's relation or friendship with any other power has not modified her understanding with England."

"Three—Turkey is not without sides in the British-German war."

"Four—Turkey always is ready to put into practice her obligations under the alliance."

Then, on the other hand, the editorial said, "the party conference early this week on his return from Cairo, 'give us the key to the puzzle,' the editorial continued.

### Jew Massacres In Kiev Related

MOSCOW, Nov. 19.—(AP)—An eyewitness account of Jewish massacres in Kiev during the early days of its occupation by German troops has been given by the newspaper Izvestia by Dimitri Griov, a resident of Kiev, who said he saw hundreds of men and women stripped naked and then shot at the edge of a gulley into which their bodies dropped on a great pile.

In the account, distributed by this news agency, Griov related: "Several days after the Germans entered Kiev I went to Lvovskaya street. An incessant procession of people was streaming through it and both sidewalks were lined with German patrols. This human stream kept flowing for three days and three nights without interruption.

"The Germans were driving the Jews to Babiy Yar gulley beyond the city. I also stealthily made my way to that place. I was able to stand the sight of what I saw there only for 10 minutes and after that everything went black before my eyes.

"The Germans forced people to undress and then methodically gathered their clothes and loaded them on trucks. In separate trucks they

put underwear. Then they tore off from people—there were men and women among them—rings and watches. If they had any dragged them up shivering from cold or mortal terror at the edge of the gulley and shot them.

"The Germans did not spend any bullets on little children; but simply hurled them alive into the gulley."

### Constance Bennett Will Take Stand

NEW LONDON, Conn., Nov. 19.—(AP)—Attorneys for Constance Bennett won the right to put the movie actress on the witness stand immediately in her court fight to prove that the late Philip M. Plant was the father of 14-year-old Peter Plant, thus entitling the boy to share in a \$500,000 trust fund.

The trust fund was established by Commodore Morton Plant for his step-son Philip, who directed that it should go to his mother should he die without issue.

Trustees of the Morton Plant estate contend that Peter was adopted by Miss Bennett after her divorce from Philip and was not born to her, as she insists, of her marriage to him.

### Old Laughing Joe Is Back in Jail

FORT WORTH, Nov. 19.—(AP)—Laughing Joe Werle, the fast talking bandit who boasted he'd be "out before Christmas" when he left here late last summer to start serving 55 years in prison for robbery in Tarrant county, today is in Huntsville penitentiary hospital nursing a sprained ankle, result of an escape attempt.

Huntsville authorities informed the Star-Telegram that Werle slipped out of a building at Eschman prison farm Tuesday night, but gave up without resistance when he stumbled 100 yards away and sprained his ankle as officers pursued him.

A companion in the escape attempt, Joe Williams, sent up from Harris and Walker counties, kept going and was not captured until Wednesday afternoon in the Trinity river bottoms on prison property.

### Pravda Praises U. S. Relations

MOSCOW, Nov. 19.—(AP)—The Communist party newspaper Pravda, in an editorial on the 10th anniversary of the beginning of diplomatic relations between the Soviet Union and the United States, pointed to increasingly friendly relations between the nations, and gave warm praise for American aid during the war.

Pravda gave credit to President Roosevelt for helping to eliminate much of the misunderstanding of the Soviet Union.

"In the past," Pravda said, "President Roosevelt had to overcome quite a number of harmful prejudices and wrong opinions about the Soviet Union which existed among Americans, partly because of lack of

knowledge of real conditions and also because of the hostile position assumed by some people.

"Such people still exist in the United States, but they have become unmasked. These are not only enemies of the Soviet Union but enemies of their own country as well. Secretary of the Interior Ickes in a public speech said these people would like Hitler to win the war."

### Marian Anderson Weds Draftsman

BETHEL, Conn., Nov. 19.—(AP)—Marian Anderson, negro contralto, and Orpheus Fisher, a draftsman employed in a Danbury factory were married here July 24, it was disclosed by Town Clerk Leonard L. Bailey.

The couple was married by the Rev. Jack Grenfell, pastor of the Bethel Methodist church.

### Ships to Be Named For Texas Pioneers

HOUSTON, Nov. 19.—(AP)—Ships under construction at the Houston Shipbuilding Corporation yards will be named for four men who took part in the early development of the Southwest.

Launching dates will be announced later.

To be honored are John W. Gates, who helped develop the first Texas oil fields and founded Port Arthur; Anthony F. Lukas, discoverer of the Spindletop oil field near Beaumont; Charles Morgan, who established citizenship service between New York and Texas ports and developed the Louisiana and Texas railroad; and William Becknell, who headed a trading expedition to Santa Fe in 1821 and was the first to trace the Santa Fe trail.

### Use for Army Camps Offered

NEW YORK, Nov. 19.—A proposal that military camps be used after the war as schools of citizenship training, which the nation's youth would attend for at least six months, was advanced today by Dr. William Mather Lewis, president of Lafayette college.

In these schools, he said, students of 17 or 18 would be trained for national civil and military service, would study government and "be taught their duties as responsible members of a great nation."

If you don't put happiness into life, you won't get happiness out of it, no matter what you do or who you are.

### Kate Smith swaps stories again with Mrs. Rusco of Los Angeles, California

**YOU REMEMBER** the Rusco family, don't you? They're the folks who wrote to Kate Smith last March, telling her about baking 110 dozen cookies and 5 cakes each month for the boys at Camp Callan. Well, Mrs. Rusco has written Kate again, and this time—

"We are still going to Camp Callan every month," Mrs. A. L. Rusco says. "We've been experimenting in our kitchen, and how the soldier boys gobble them up!"

"Thanks a lot for your interest in what we call our 'little bit on the road to Victory!'"

**"YOU KNOW,** Mrs. Rusco," Kate answers, "when you first wrote me about the hundreds of cookies and cakes you were baking with Calumet, with never a failure, I surely was impressed."

"And now when I hear that you're still spending so much time and effort baking for our soldier boys, well—Mrs. Rusco, I'm proud of you!"

"Seems your family's mighty active—and I bet when mealtime comes they want hearty filling food. Next time you give them a piping hot stew, try these fluffy Calumet Dumplings to go with it!"

### Tips from the Readers

Today we have all sorts of plans for that Thanksgiving dinner, but before we get too involved, this column would like for one of our readers to send in a recipe for H. A. Milton. Mr. Milton says he wants a recipe for some "real honest-to-goodness red hot chili." If someone has a recipe that is straight from Mexico, please send it in and we will publish it for Mr. Milton.

But getting down to business: A grand way to celebrate Thanksgiving this year is to share your turkey dinner with one of the boys from our PAAF. Soldiers would enjoy nothing better than spending this great American holiday in a real American home.

You may have to trim the traditional menu, but plenty of the good old Thanksgiving treats are still untouched by wartime restrictions.

**THANKSGIVING MENU**

Oyster Cocktail  
Roast Turkey  
Candied Sweet Potatoes  
Escalloped Onions or Turnips  
Hollis  
Crisp Celery  
Victory Garden Green  
Tomato Pickles  
Harvest Salad  
Steamed Cranberry Pudding  
Cranberry Sauce  
Coffee  
Cracked Nut

If cranberry sauce or jelly is preferred for the main course in the menu substitute steamed fruit pudding, pumpkin pie or ice cream and date cookies for the dessert.

Since STUFFING is one of the important parts of the feast, here is a good stuffing to fill a 10-pound bird. Mix lightly 10 cups day-old bread, crumbled, 1 cup cooked diced celery, 2 teaspoons salt, 2-3 cup melted margarine (of course you can use butter if you have plenty), 1/2 teaspoon pepper, 1-3 cup minced onions, 2 teaspoons dried or finely chopped parsley, 1/2 teaspoon powdered sage and 1-3 cup hot milk.

To keep stuffing in fowl light and fluffy, loosely drop it into cavities and never press down. Merely shake a little to get the stuffing in place. It must have space to expand while cooking. If you have stuffing left over it can be baked separately in a shallow baking dish.

Place the stuffed TURKEY on a rack in an open roaster and allow about 35 minutes per pound for a bird weighing from 8 to 10 pounds, 30 minutes per pound for one that weighs from 10 to 15 pounds and 25 minutes for the fowl that weighs over 15 pounds. The temperature should be about 300 degrees, which is moderately slow. Baste after 30 minutes with 1-3 cup fat melted in a cup of boiling water. Use drippings in the pan when this is gone.

You may want some extra seasonings in your stuffing, so you can put in the cooked giblets chopped. (Most persons want the giblets for the gravy, however.) Raisins, prunes, nuts (chestnuts, walnut or peanuts), mushrooms or apples are good. A cupful is enough to flavor this amount of stuffing.

Test the turkey by carefully piercing with a long tined fork under a leg or wing. Never pierce in the breasts as this would let out juices and flavors as well as mar the appearance of the royal bird.

**SWEET POTATOES** can be candied by using half molasses, maple or corn syrup if shy on sugar. Boil sweet (allowing one per person) until tender. Cool and peel. (This can be done day ahead.) Halve the cooked potatoes and arrange in shallow, greased baking pan. For 10 potatoes, boil together for 10 minutes; 1 cup dark brown sugar, 1/2 cup water, 3 table-spoons margarine or butter, 1/2 teaspoon cinnamon, 1/2 teaspoon salt and 1/2 teaspoon pepper. Pour over the potatoes and bake 30 minutes in moderate oven.

A jellied salad saves last minute preparation time. **HARVEST SALAD** is easy to make. Dissolve a package of lemon or orange gelatin in 1 2-3 cups boiling water or fruit juices. Cool and let thicken slightly. Stir in 1 cup chopped cabbage, 1/2 cup cooked green beans, 1 tablespoon each minced onion, chopped pickles and olives. Add 1-3 teaspoon salt, 1/2 teaspoon paprika and 1 tablespoon vinegar or lemon juice.

The dessert usually vies with the turkey in lusciousness for this feast, so try this steamed **CRANBERRY MOULD**. It is economical and simple to make. Mix together 3 cups flour, 5 teaspoons baking powder, 2-3 teaspoon salt, 1 cup sugar, 2-3 cup milk, 1 cup washed, halved cranberries, 2 eggs, beaten, 1/2 cup shortening (melted), 1 teaspoon mace and 1 teaspoon grated lemon rind. Fill a greased mold 2-3 full. Cover tightly and steam 3 hours. Serve hot with cranberry sauce.

Hull Speech Praised By Envoys, Solons

WASHINGTON, Nov. 19 (AP)—Comment on Secretary of State Hull's address to congress by Lord Halifax, British ambassador.

"It was a very fine speech. It was very evident that he got a fine impression of the spirit of cooperation evident at Moscow."

F. T. Orekhov, first secretary of the Russian embassy, who attended in the absence of the ambassador.

"I welcomed the opportunity to hear Mr. Hull make a great speech. It was my feeling that Mr. Hull's report will give everybody a clearer understanding of what was accomplished at Moscow, and will create better understanding among the Allies."

Chairman Connally (D-Tex) of the senate foreign relations committee.

"It was a distinguished address. With clarity and broad statesmanship, the secretary outlined the basic issues of peace and war."

Chairman Bloom (D-NY) of the house foreign affairs committee.

"A wonderful speech delivered by a great American, a great statesman."

House Minority Leader Martin and the house, of course, was pleased to get it first hand. It was an innovation which was pleasing to the House. It was particularly gratifying to have his assurance that no secret agreements were arrived at in Moscow."

Harvesters At Full Strength In Game Today

Just this game—and then, Amarillo.

That was the thought today in the minds of Pampa's great Harvesters team of 1943 as they played the invading Mangum, Okla., high school football team this afternoon at Harvesters field.

Amarillo's high-riding Golden Sandies come to Pampa Thanksgiving day for the annual classic. Last year the game was played at Butler Field in Amarillo, and Pampa took a 39 to 7 whipping, the worst defeat the Harvesters had taken from an Amarillo team in the 13 years of IAA competition.

In the Mangum game today, the Harvesters, for the first time this season, were up to their full strength.

Before the kick-off this afternoon Coach Otis Coffey said that Dick Manry, 158-pound back, who has been out of the games most of the season on account of injuries, would likely see action today.

Officials in today's game were Hinger, referee; Knowles, field judge; and Davis, headlines.

Lineups in today's game, with Mangum:

Pampa	Pos.	Mangum
Joe Cress	L.F.	W. Pyle
Louis Allen	L.T.	G. Fleming
Bobby Curtis	L.T.	G. Fleming
Jerry Kerbow	L.T.	D. Robertson
John P. McKinley	R.T.	B. Jones
Clayton Nabilt	R.T.	T. Nelson
Reynold Bridges	R.E.	D. Caffey
Gene Robbins	Q.B.	Don Nichols
Merle McCracken	P.B.	W. Pierson
Charlie Boyles	L.M.	W. Starr
Billy Washington	R.T.	J. Farmer

(By The Associated Press) Scattering skirmishes, none meaning anything in district conference standings, opened the week of play in Texas schoolboy football last night.

Masonic Home defeated Amon Carter-Riverside 32-0 in the Fort Worth district game. District 3, Davis of the Houston district beat Sam Houston 37-0.

Graham crushed Burk Burnett 47-0 in District 2.

Spokane plays at San Angelo tonight in the week's feature game. This contest not only matches undefeated, untied teams but will determine the leadership of District 3.

Kiaco meets Bryan at Bryan for the District 10 championship in another important game on tonight's schedule.

SPORTS ROUNDUP

By HUGH FULLERTON, JR. NEW YORK, Nov. 19 (AP)—Drum Beater Harry Markson is beginning to wonder if the 135-pound boxing division wasn't misnamed "lightweight" when it should have been "welterweight."

"Because," he says, "the lightweight title always is a matter of confusion. That leads right up to the fact that Robert Montgomery and Beau Jack will fight for the New York-Pennsylvania version of the title tonight and ten days later Sammy Angott, who regained the N.B.A. championship by whipping Sluggo White, will appear merely as a 'leading contender' when he fights Bobby Ruffin in the same ring."

The lightweight and bantamweight titles are the only ones that haven't been "frozen" for the duration, which explains the concentration of chaos.

Adding a few more items on the same subject, besides two world champions and one ex-champion, the next two green cards will present the lightweight champions of Louisiana (Ruffin) and of Texas (Mike Della) who fights in a prelim tonight.

BUY VICTORY STAMPS ONLY ONE '42 FROG CAGE PLAYER BACK FOR TCU 1943 TEAM PORT WORTH, Nov. 19 (AP)—Twenty men reported to Coach Hub McQuillan after first call for basketball this week, but only one of them was a member of the 1942 Frog cage squad—Zeke Chromister, letterman from last season.

Four of the 20 candidates have earned varsity letters at other schools—they're Navy V-12 men. These are Neal McFarland, S. M. U.; Bruce Johnson, Commerce Teachers; Jack Vaughn, Texas Tech; and Joe Wick, Butler university, Indianapolis, Ind.

Gene Hicks from Abilene College and Stuart Allen from Oklahoma A. & M. were up-and-down last year.

Mr. C. U. officials have not determined definitely about basketball competition for the coming season. There seems to be some hesitancy about depending heavily upon Navy material after suffering so many transfers from the football squad. However, there is no semester ending during the middle of the basketball season. The present term closes March 1, which would carry through the cage schedule.

Pierce came to Corsicana from Texas A. & M. college where he was freshman coach. He was also southwestern center at A. & M., finishing his career as a gridster in 1929 on the great team of that year which was undefeated.

He joined the navy in the spring of 1942 and was connected with the regional office of the naval air primary training command at Dallas. In 1938 Pierce was a private in the U. S. army. From 1922 to 1925 he was in the officers reserve corps.

Ponies, Rice TCU Aim For Third Place

By HAROLD V. RATLIFF Associated Press Sports Editor

The Arkansas Razorbacks go after their second victory of the season tonight in a joust with Oklahoma A. & M. at Fort Smith, Ark., but most of the fireworks of the waning Southwest Conference campaign will be set off at Fort Worth where Texas Christian plays Rice.

It's the continuation of a round-robin for third place in the conference race and Texas Christian, Rice and Southern Methodist each is aiming at the spot.

Rice, loser of three games, plays its final against T. G. U. and should be unable to finish higher than a tie for first with Arkansas.

Next week T. C. U. and Southern Methodist wind up the round-robin.

Meanwhile Texas and Texas A. & M. are building their spirit for a tremendous flare-up at College Station Turkey Day when the title goes on the line.

Southern Methodist is not idle this week although not playing a conference game. The Mustangs, who have managed only one victory all season—both conference and non-conference—will engage the spirited Red Raiders of Texas Tech at Dallas.

Having guessed two games out of three last week (dern those Arkansas Razorbacks and their first conference victory in three and a half seasons) we now submit these stabs for tonight and tomorrow (anticipated attendance in parentheses):

Friday—Arkansas vs. Oklahoma A. & M. at Fort Smith, Ark., 8 p. m. (10,500). Looks like the Razorbacks ought to nose through.

Saturday—Rice vs. Texas Christian at Fort Worth, 2:30 p. m. (5,000). Rice has crossed us up more than any other team when we picked them to lose: Won't be caught this time! Rice.

Southern Methodist vs. Texas Tech at Dallas, 2:30 p. m. (4,000). The Mustangs ought to take this one but they better watch Tech in the final period.

BUY VICTORY STAMPS ONLY ONE '42 FROG CAGE PLAYER BACK FOR TCU 1943 TEAM PORT WORTH, Nov. 19 (AP)—Twenty men reported to Coach Hub McQuillan after first call for basketball this week, but only one of them was a member of the 1942 Frog cage squad—Zeke Chromister, letterman from last season.

Four of the 20 candidates have earned varsity letters at other schools—they're Navy V-12 men. These are Neal McFarland, S. M. U.; Bruce Johnson, Commerce Teachers; Jack Vaughn, Texas Tech; and Joe Wick, Butler university, Indianapolis, Ind.

Gene Hicks from Abilene College and Stuart Allen from Oklahoma A. & M. were up-and-down last year.

Mr. C. U. officials have not determined definitely about basketball competition for the coming season. There seems to be some hesitancy about depending heavily upon Navy material after suffering so many transfers from the football squad. However, there is no semester ending during the middle of the basketball season. The present term closes March 1, which would carry through the cage schedule.

### Three Texans In Washington Know Cattle

WASHINGTON, Nov. 19.—(AP)—There are three Texans here who unquestionably know more about the cattle business than any other three men this side the Golden Gate.

They're Congressman Richard M. Kleberg of Corpus Christi, partner-owner of the King Ranch; Brownsville's tall, quiet-speaking Rep. Milton West, a former Texas ranger, and Judge Joe Montague, attorney for the Texas and Southwestern Cattle Raisers Association, who divides his time between Washington and Fort Worth.

They blame the current meat crisis on the office of price administration and say the newly announced price control program will only make bad matters worse.

### German Winter Line Will Be Hard to Break

By DON WHITEHEAD

WITH THE FIFTH ARMY IN ITALY, Nov. 19.—(AP)—Determined to hold their Garigliano river line all winter if possible the Germans have concentrated the bulk of their defensive strength along the Fifth Army front in a desperate bid to halt the Allied advance on Rome.

This strategy became increasingly clear today as American and British patrols probed the enemy's so-called winter line—a deep series of pill-boxes, gun emplacements, trenches and barbed wire entanglements blasted out of the rocky mountains.

For the first time since Allied troops fought their way ashore on the beaches of Salerno the Germans have fallen back while they fortified six positions—and no one has any illusions about the bitter, bloody battles that must be fought before the enemy is dug out of the hills.

The valley running from Cassino to Rome between towering fog-covered mountain passes is the natural road for the army to follow.

And because it is the natural avenue to Rome the Germans have thrown up their heaviest defenses and massed the greater part of their troops in the vicinity, with the Apennines on their left flank standing as a guard against the British Eighth Army.

In addition to holding the strong positions on heights commanding the valley the enemy has had a friendly ally in the weather. Steady cold rains have swollen streams and inundated bypasses along the Fifth Army's supply lines as well as subjecting troops to exposure in muddy silt trenches.

But for the first time in a week the skies were clear today and a bright sun shone on the muddy front giving the Doughboys and Tommies a chance to dry their clothing. Also for the first time in several days the air force had a chance to strike at the enemy.

The strain on the troops has been great and the rugged mountain fighting is underscoring once again the fact that war is a grim game for tough resilient youth.

### Today on the HOME FRONT

WASHINGTON, (AP)—Senator Pepper (D-Fla.) has indicated he would make a last ditch stand if necessary to have congress grant one million dollars to move 600 doctors into areas needing them critically.

The money would be used this way:

Three hundred physicians and dentists, appointed to the U. S. public health service, would be sent into doctor-shortage communities and be paid regular health service salaries by the government.

The other 300 would receive up to \$500 to cover expenses of moving into the needy locations and then would be given \$250 a month for three months to give them time to get established.

When the house and senate appropriations committees last spring were considering the first appropriation bill for 1944, both turned down a proposal to include \$175,000 to provide only 70 doctors for communities needing them.

The house committee called the \$175,000 program inadequate and unjustifiable and said it was willing to consider any plan the health service suggested.

Finally the whole program, approved by the health service, was revised upward to the million-dollar figure.

But on Nov. 4 the house committee again refused the request.

Without minimizing the need for doctors, the committee "hesitated to embark on a program like that with doctors to be paid for out of federal funds."

Recently Pepper went before the senate committee and asked that the one million dollars be included. Here are estimates by the war manpower commission's WMC program and assignment service—composed of physicians who determine what doctors are essential for a community and what ones can be commissioned in the armed services—on what the military drain on doctors has done:

By the end of this year there will be 54,500 doctors in the armed services, leaving for private practice 85,000, exclusive of interns or resident doctors in hospitals or those on regular assignments such as physicians employed by insurance companies.

At the time of Pearl Harbor, physicians were unevenly distributed. New York had about 1 to every 610 civilians; Alabama had 1 to 1,980. Now New York has 1 to 970 and Alabama 1 to 2,640.

At the end of this year 28 states with a population of 54,500,000 will have a ratio of physicians less than 1 to every 1,500 civilians, a danger point.

Supporting the million-dollar proposal, besides the health service, are Dr. Frank Lahey, former president of the American Medical Association and now chairman of the directing board of FAAS; the army's surgeon general Norman T. Kirk; and Dr. Lahey's PAAS has named 213
