

British Women, Children Ordered Out of Palestine Stage Is Cleared For New Action

Teachers' Raise Seen in New Year

Teachers in the Pampa system have been notified by the board of trustees that they may anticipate "substantial salary raises" for the 1947-48 school year which begins in September.

The notice was read by Ray Wilson, president of the board, at a call meeting yesterday afternoon. A board spokesman told a reporter yesterday the trustees had been working for some time, determining how much, if any, raise could be made to the teachers in the new year.

It was emphasized that school budgets are made out several months prior to the new year, and that once a year tax evaluations are made, upon which the school financial program is based.

It's always been a policy of the board, it was said, "to carry a little surplus in the treasury. That has been practically impossible for a number of years. It has been impossible to make a change in the finance policy during the year because of a lack of a reserve." The spokesman said he could not say at this time just what the raise would be. The revenues in dollars, he said, are not in yet, but he would not be sure to speculate on how much the raise might be.

The budget for the new year will have to be approved by August 23. The board of organization, upon whose action the budget is predicted, usually sits the latter part of July or the first of August.

The system operating budget outlay for the current school year is about \$533,000, it was said.

Members of the board are Wilson, Clyde Fatherson, M. V. Ward Rayburn Thompson, and George Scott.

In their latest development of the row between cadet senior officers and school officials, the group of approximately 200 voted against seeking to reinstate their commissions on terms laid down by school officials.

The student officers Tuesday night resigned their commissions as a protest against changes in the college disciplinary rules. The resignations also produced a midnight march of students on the home of College President Gibb Guichrist.

Earlier in the day, the cadet officers had unofficially resumed command of their units for regular formations, while an order to stop hazing of students was said to be the main cause of the disturbances.

G. R. White, of Brady, president of the College Board of Directors, issued a statement in which he declared it was his belief that an order to stop all hazing of students was the main reason for the demonstrations.

Cadet Col. Ed R. Brandt, one of eight cadets who did not resign as officers, reported to Corps Commandant Col. Guy S. Meloy, after the meeting that "the seniors won't listen." He said "we have done all we could. We could have gotten a dozen to go with us, but no more."

Brandt and the others who had not resigned sought to persuade the remainder of the group to accept the conditions laid down by school authorities in applying for new commissions.

One of the conditions was that they would pledge obedience to the Cadet Corps orders "without equivocation or reservation." Other points were acceptance of demerits and extra duty.

School officers said the 12 demands of the cadet officers all pointed to retaining the custom of hazing.

White's statement said that the basic policy of Texas A. & M. prohibits the practice of hazing and it was the intent of the Board of Directors to enforce it. He added that the board is wholeheartedly behind any action of the school administration in outlawing hazing.

Last night's action was a reversal of form on the part of the senior officers. Wednesday they were reported to have voted to return to their units and seek restoration of their commissions.

Yesterday, at regular formations, they had unofficially resumed command. School authorities made no attempt to interfere, but said they were proceeding with plans for the selection of new officers.

Last night's meeting came after school officials had laid down procedure for selection of new officers. They said each individual would be approved by the commanding officer and the dean of men before being submitted to the president of the college for final approval.

White's statement said that the basic policy of Texas A. & M. prohibits the practice of hazing and it was the intent of the Board of Directors to enforce it. He added that the board is wholeheartedly behind any action of the school administration in outlawing hazing.

Last night's action was a reversal of form on the part of the senior officers. Wednesday they were reported to have voted to return to their units and seek restoration of their commissions.

Vol. 45 No. 253 (8 Pages) PAMPA, TEXAS, FRIDAY, JANUARY 31, 1947 Price 5 Cents AP Lease Wire

BRITAIN'S ROYAL FAMILY—England's Royal Family posed for this new picture in London as final preparations were being made for the Royal tour of the Union of South Africa, on which they leave today. Left to right: King George, in the uniform of an Admiral of the Fleet; Queen Elizabeth; Princess Margaret and Princess Elizabeth.

Russian Protests Of British-U.S. Plan Stepped Up

LONDON—(AP)—The Moscow radio stepped up its propaganda broadcasts against British-American proposals for reorganization of beaten Germany into a federation of small states today as the Big Four Deputy Foreign Ministers plodded ahead with their task of drafting German and Austrian peace treaties.

In the sharpest of a series of commentaries this week on the London deputies' sessions, the Soviet radio pushed a Russian plan for "economic and political unity" of Germany and charged that the United States and Britain were seeking "permanent Anglo-American guidance in German political life."

The deputies themselves, meanwhile, were embroiled in an argument over Yugoslav charges that an Austrian delegate appearing before the council to oppose Yugoslav claims for parts of Austrian Carinthia should be banned on the ground he had "Nazi connections."

A Yugoslav note made the charge against Hans Piesch, governor of Carinthia, who appeared with Austrian Chancellor Leopold Figl and other Austrian leaders to plead for easy peace terms on the ground their country was nazidom's first victim and not a willing Axis partner.

Piesch denied at a news conference that he had any influence with the Nazis when he took over as governor of Carinthia in 1945.

The deputies took no action on the matter.

Mayor Ferris Oden also said "no comment" when asked by a News reporter if he had a statement. The commission was unanimous in asking for Thompson's resignation but made public no specific reasons.

Thompson's resignation comes in the midst of nearly a half-million dollar water and sewer rebuilding project, part of which—the main outfall sewer line—is already constructed and in use. According to the duties of his office, Thompson would supervise the expenditure of an additional \$350,000 or more for added improvements.

A graduate of Texas Technological College, Thompson is a registered professional engineer and a member of the Panhandle Chapter of the Texas Society of Professional Engineers.

Thompson said this morning that he had no comment to make other than that contained in his letter. He added that he plans to open an office in Amarillo.

Reorganized Cabinet Takes Over Japan

TOKYO—(AP)—A reorganized cabinet of conservatives, with six new ministers included in it, took office today two hours after General MacArthur had issued an order killing the proposed general strike.

Royal Family Leave Today On Sea Voyage

LONDON—(AP)—England bade farewell for three and one-half months today to the royal family, as they made final preparations to board the battleship Vanguard for a 16-day voyage to South Africa.

Traveling by special train to Portsmouth, King George VI, Queen Elizabeth and the Princesses Elizabeth and Margaret Rose were to board the royal family's ship today for a ceremonial display of the RAF, Royal Navy and picked military units.

The Vanguard, the newest and largest of Britain's battle fleet, is scheduled to leave Portsmouth Harbor before dawn tomorrow, escorted by two cruisers, one destroyer and an aircraft carrier.

Because of the cold wave, the King and Queen canceled their plans for a state drive from Buckingham Palace to Waterloo Station, thereby disappointing many pomp-loving Londoners and provincial visitors who, despite the bitter temperatures, expected to show up early to be sure of good spots along the official route.

The Vanguard—fifth vessel of that name in the British Navy—has been magnificently fitted out for its good will mission. Steel cable bulkheads have been brightly decorated with Christmas decorations, and furniture moved from the royal yacht into the royal staterooms. No steps will be made before Cape Town.

Bonita Granville, who at 23 had 16 years in the movie behind her, filed notice of intention to wed J. Devereaux (Jack) Wraether, Jr., Hollywood producer and Dallas, Tex., oil heir. They said they would be married next Wednesday.

As for Frankie, he obtained a permit to carry a gun.

Senate Investigators Urge Further Research in Synthetic Fuel Field

WASHINGTON—(AP)—The Senate Oil Investigation Committee declared today this country couldn't fight another major war if it had to rely on its own oil alone.

It urged "bold steps" to get synthetic fuel production ready. The committee emphasized in its final report, however, that source materials for synthetic fuels appear to be "capable of meeting all domestic petroleum requirements for many centuries," hence:

"It is folly to be apprehensive that this nation is facing a shortage of liquid fuel. Besides O'Mahoney, members of the special committee include Senators Connally (Texas), ..."

The committee recommended that Congress adopt this five-point program:

- 1. Laws stimulating exploration and development at home. Encouragement of conservation.
- 2. Use of government facilities to promote research in manufacture of synthetic liquid fuels.
- 3. Encouraging free competitive enterprise by tax reforms to "restore the incentives for the rise of private capital in new ventures."
- 4. Research, full disclosure to the government of the principal terms, conditions and obligations by which American companies undertake to carry on the petroleum industry abroad.
- 5. A foreign policy to promote full development of oil resources of the whole world for all people.

Senate Democrats Ready for Fight On Tax-Cutting

WASHINGTON—(AP)—Senate Democrats readied a fresh assault on the Republican tax-cutting program today as GOP House members outwardly patched up their differences with this declaration:

Republicans favor a 20 percent cut over—but not necessarily one-fifth off for every taxpayer.

Senators Lucas of Illinois, a member of the Democratic Policy Committee, scheduled a national radio speech tonight (9:45 p. m. CST—NBO) urging the Republicans not to forget the "little man" when they reduce taxes.

Lucas told a reporter he is pleased to note that the new majority party "did an about face" in deciding to support President Truman's request for extension of the high wartime taxes on so-called luxuries.

That bill, blocking an otherwise automatic drop July 1, passed the House in a 299-107 vote.

He acted reluctantly after he was unable to extract from opposing sides an agreement as to the amount of partial time at issue in the historic suit.

The court left the way open overnight for both sides to stipulate the time elements and thus avoid prolonging the extended hearing.

"The court is almost out of patience with you men for not letting the court set the walking time," Justice Brandeis warned opposing counsel Thursday.

His statement came at the end of a trying day of arguments, for and against partial pay by labor, industry and the government.

The U. S. Supreme Court has directed the district judge to determine in detail the time spent by ..."

Solon Against Foreign Exploits

WASHINGTON—(AP)—Senator Moore (R-Okl.) today declared the United States should guard against permitting a foreign nation to explore oil resources here.

In a concurring report filed in the Senate with the Senate Oil Investigating Committee's final report, Moore said reciprocity "should be limited to the citizens of foreign countries."

"Likewise," he added, "the United States government should respect such policy by refraining from engaging in the petroleum business abroad."

Bridges Calls On Marshall To Stand Firm

WASHINGTON—(AP)—Senator Bridges (R-N.H.), charging that Russia's aim is to turn Germany into a "satellite and ally" called upon Secretary of State Marshall today to stand firm at the Moscow Foreign Ministers' Conference.

"If Moscow succeeds in the great design of merging Russian manpower and German technical discipline, the last chance of saving democratic civilization will be lost," Bridges declared in a statement prepared for the Senate.

"That is why the scheduled Big Power Conference in Moscow (March 10) is so terribly important. It is there that our new secretary of state will have his first and most decisive test."

Bridges, a member of the Senate Foreign Relations Committee, issued the statement four days after Senator McMahon (D-Conn.) told his colleagues he suspected Russia of building an atomic plant in the Ural Mountains that this country "may be in mortal danger."

"Whatever accomplishments we can claim in recent months, came after we stiffened our policy with an injection of the iron of self-respect."

"Let's not forget," he continued, "that our representatives traveled a hard road, a humiliating road, before they reached, at long last, a policy of so-called 'patience and firmness'."

While declaring that "there is still a lot more patience than firmness in the amalgam," the New Hampshire Republican added:

"We count on Secretary Marshall to resist the efforts of a noisy minority, typified by Henry Wallace and his fellow-traveling courtiers."

Impatient Judge Calls Rehearing Portal-Pay Case

DETROIT—(AP)—A United States district judge, his patience frayed, ordered today to rehear conflicting testimony in the M. Clements Potters Co. case, forerunner of \$4,000,000 in portal-to-portal pay claims.

Federal Judge Frank A. Picard, in whose court the case originated in 1942, said he will take added, new testimony beginning today.

He acted reluctantly after he was unable to extract from opposing sides an agreement as to the amount of partial time at issue in the historic suit.

The court left the way open overnight for both sides to stipulate the time elements and thus avoid prolonging the extended hearing.

"The court is almost out of patience with you men for not letting the court set the walking time," Justice Brandeis warned opposing counsel Thursday.

His statement came at the end of a trying day of arguments, for and against partial pay by labor, industry and the government.

The U. S. Supreme Court has directed the district judge to determine in detail the time spent by ..."

Revue Rehearsal To Be Held Tonight

The Top 7 Texas Revue to be presented Monday and Tuesday night under auspices of the BGC Sorority will go into rehearsal again tonight, beginning at 7, at the Junior High Auditorium.

There are about 30 members of the cast in this extravaganza.

It is being written and produced by Ken Bennett, with the assistance of Danny Steuber. Jack Nigmo will be master of ceremonies.

SAYS HE KILLED 'BLACK DAHLIA'

VOORHEES, 35, war veteran bus boy, who phoned Los Angeles police and announced, "I killed the Black Dahlia," is shown with Los Angeles homicide officers.

Voorehes refused to give additional details of his alleged killing of Elizabeth Short, 22-year-old beauty whose nude body was found mutilated on Jan. 15.

Churchill Says British Failed Pledge to Jews

LONDON—(AP)—Winston Churchill urged the British government today to surrender its Palestine mandate to the United States unless the United States joins Britain "on a fifty-fifty basis" in a new policy for the Holy Land.

Almost simultaneously, the Palestine government ordered the evacuation of British women and children to the United Kingdom, in a decision apparently foreshadowing new action against terrorism in the mandate.

Churchill, speaking in House of Commons debate, declared:

"We have broken our pledges to the Jews. Having made a similar pledge, we have no right to say that we have to stay there for motives of honor."

"If there is no call to honor, then the responsibility of stopping civil war in Palestine between Jew and Arab ought to be borne by UNO (the United Nations) and not by this poor, overburdened and heavily injured country."

The former Prime Minister referred to talks in progress here aimed at reconciling Jewish and Arab claims in Palestine and said:

"When the present conference is over, unless the United States comes in with us on a 50-50 basis to shoulder an agreed policy, there is no mandate at the feet of the United Nations."

Britain, which conquered Palestine from the Turks in the First World War, administers it under a 1922 mandate from the League of Nations, held by some to have expired last year. The Labor Party government has shown no disposition to leave Palestine.

Senior Class Play Shows Again Tonight

The second showing of "Big-Hearted Herbert," Pampa High School senior class play, will be presented tonight at eight o'clock in the High School Auditorium.

The play, directed by Ruth Stapleton, head of the dramatics department, is a comedy centering on the problems of teen-age youths and their families and friends and the attempts by Herbert, father of the play, to keep control of his household.

Harmony Group to Hold Meet Tonight

A local chapter of the Society for the Preservation and Encouragement of Barber Shop Quartette Singing in America will be organized tonight, when local harmony enthusiasts hold their third meeting in the Palm Room at 8.

All interested persons are invited to be in attendance. Entertainment will be furnished by a group of the society members from the Lubbock chapter.

Invite Your Friends to Listen.

SERMON TOPICS: FEBRUARY 2nd:
11:00 a. m. "Why Send for Peter?" (Will use chart).
7:30 p. m. "Riches in Christ."

"THE CHURCH OF CHRIST" BEGAN BY WHOSE AUTHORITY?

1—NOT BY THE AUTHORITY OF MOSES!
1—Moses predicted that God would raise up a prophet like unto himself, and that all who would not hear him should be destroyed. Deut. 18:15-19. 2—Peter used this prophecy and applied it to Christ. Acts 3:18-26. 3—Moses was the lawgiver for Old Testament time, but Christ is the lawgiver for the New Testament age. Jo. 1:17. 4—Jesus contrasted his law with Moses' law and proved his to be authoritative. Mt. 5:21-48; 7:28, 29. 5—The writer of the Hebrew letter contrasts both the New Testament teachers, and teaching with the Old Testament teachers, and teaching. He shows that the Old has been done away and that it is no longer the authority. Heb. 1:1-2; 2:1-4; 10:8-10.

2—BY THE AUTHORITY OF CHRIST, "THE CHURCH OF CHRIST" BEGAN!
1—God revealed his will to Christ. Mt. 11:27. 2—God "gave him authority to execute judgment, because he was the son of man." Jo. 5:25-29. 3—God speaks to us today through his Son. Heb. 1:2. 4—The message of Christ is from God. Jo. 12:49, 50. 5—All who are to be saved must hear Christ. Mt. 17:9; Acts 3:19-23.

3—CHRIST EXECUTED HIS AUTHORITY THROUGH HIS APOSTLES.
1—Before his death Jesus promised the authority to those who would follow him through the regeneration. Mt. 19:27, 28; Jo. 20:22, 23. 2—After his death Christ commissioned the apostles by his authority. Mt. 28:16-20. 3—The apostles had the word of reconciliation given unto them. 2 Cor. 5:18-20.

4—THE APOSTLES WERE GUIDED BY THE HOLY SPIRIT.
1—The Holy Spirit was to be sent to the apostles; not to the world. Jesus said, "I will pray the Father, and he will give you another comforter, even the Spirit of truth; whom the world cannot receive." Jo. 14:16-17. 2—The Holy Spirit came to teach the apostles all things and to bring to their remembrance all that Jesus had said to them. Jo. 14:26. 3—The authoritative teaching that Christ was to do, by the Holy Spirit, through the apostles, was to convict the world of sin. Jo. 16:7-15. 4—After Jesus ascended to heaven, the apostles went to Jerusalem and waited for the Holy Spirit to come. Acts 1:4-5. 5—The Holy Spirit came on the first pentecost after Jesus ascended. Acts 2:1-4. 6—The Holy Spirit came by the authority of Christ. Acts 2:33. 7—The apostles preached Christ as the Spirit gave them utterance. Acts 2:1-36. 8—People were convicted of their sins by the apostles' preaching, and they asked what to do to be saved. Acts 2:37. 9—By the authority of Christ, the Spirit guided apostles' "spoke unto them, Repent, and be baptized everyone of you, in the name of Jesus Christ for the remission of sins, and ye shall receive the gift of the Holy Spirit. Acts 2:38. 10—"Then they that gladly received his word were baptized; and the same day there were added unto them about three thousand souls." Acts 2:41. 11—AT THIS TIME "THE CHURCH OF CHRIST" BEGAN BY THE AUTHORITY OF CHRIST HIMSELF.

Friends, I have shown you that "The Church of Christ" began by Christ's authority. I know it began by his authority according to his promise. Mt. 16:18-20; 28:18-20; Lk. 24:44-53; Acts 2:1-47. Can you tell me by whose authority the church you are a member of began? If you are a member of any church besides "The Church of Christ" that church started by the authority of some man or group of men. So you will have to go to man's writing to find the authority for the church you are a member of. There is no scriptural authority for any church but "The Church of Christ."

5—BUT WHAT HAPPENED TO "THE CHURCH OF CHRIST" WHEN THE FIRST MEMBERS DIED?
"The Church of Christ" was about three thousand strong from the beginning. But each member was subject to death. Every one that obeyed the gospel of Christ on the day of pentecost, died in process of time. But did "The Church of Christ" die when the charter members died? If there was no way provided for the Church to be replenished, then it ceased to be when those members died. But there was a way provided by which "The Church of Christ" continues. THE QUESTION NEXT WEEK WILL BE: "BY WHOSE AUTHORITY DOES 'THE CHURCH OF CHRIST' CONTINUE?"

Attend the services of "The Church of Christ." See if we don't teach all the truth; and nothing but the truth. If we fail in any way tell us about it. COME! LET US REASON TOGETHER!

THE SALVATION ARMY
Caretaker, Beulah Carroll, corresponding. Services will be held at 111 E. Albert, Wednesday—Services at 8 p. m. Sunday—Sunday school at 9:45; morning worship at 10:30; evening worship at 7:30 p. m. Young People's service, 7 p. m.; Evening service, 8 p. m.

SUNDAY SCHOOL LESSON
JESUS, THE GIVER OF LIFE
Scripture: John 4:34-51; 5:12-9.
By WILLIAM E. GILROY, D. D.
Those whom the world counts great constructors of the modern world have for the most part disregarded human nature. They have cared only for how many, suffered and died that they might realize their ambition. They have cared little for the human soul. They have turned into a shambles of destruction and terror the world they considered as swept all in his path.

In contrast, Jesus of Nazareth stands as a representative and giver of life, healing men's bodies, seeking their souls, and caring for the whole life of the man of more abundant life. Like the shepherd seeking the wandering sheep, Jesus has been concerned for the lost and the publican. The 99 and one illustrate most fully the life-saving attitude of Jesus.

I have been surprised that in the distribution of the atomic bomb on Japanese cities, no one so far as I know, has referred to the children in the cities in the American Northwest by "bombs" carried by the Pacific by Japanese balloons.

The destruction of whole cities, even the destruction of the world, is a complete. But these Japanese cities were destroyed in an instant, and the people were destroyed. And except in the matter of mass figures, in what respect is the killing of innocent Japanese civilians inherently worse than the killing of innocent American children?

"Can we hope for any real peace in the world until the atomic bomb that destroys even a single innocent child is destroyed?" This is the question that mankind is in a form of mass destruction.

Jesus saw things for what they were, inherently and not according to size or number.

In general, we tend to measure disaster according to the number of its victims. But the value of the life of the single person brings as acute a suffering to the heart as the death of a million. In spite of the fact that the name may appear only in a long list of casualties.

Jesus was above all else a Saviour (rather than a healer of bodies and a restorer of physical life). If he had been primarily a healer and a restorer of life, the Gospel records would compare him with the many other miraculous healers and restorers.

As it is, the miracles seem to be recorded as evidence of the Master's deep sympathy for the suffering and as proof of his power to help and heal beyond that of any symbols of His supreme mission as the healer of souls and the giver of eternal life.

Calvary Baptist WMU
Circles in Session

The Blanche Grove Circle met with Mrs. Collier Webb and the opening prayer was given by Mrs. B. F. Walker. Mrs. Webb taught the mission book "His Golden Cycles." The closing prayer was by Mrs. S. L. Love. Sandwiches, cookies and cakes were served by the hostess.

Mrs. Jack Williford was hostess to the Kathleen Mallory Circle. The meeting was opened with prayer by Mrs. C. G. Shelton. Mrs. Delmar Britner was elected Circle secretary-treasurer. The mission book was reviewed by Mrs. L. P. Forte on the subject, "Missions in the Bible." The hostess served jelly roll and coffee to those present.

Sunbeam Bands Have Social Hour Jan. 29

The pre-school and school age Sunbeam Bands of the Central Baptist Church joined for a social hour Wednesday evening at their regular meeting time in the Church basement, with several of their mothers in attendance.

Barbara Conklin, president of the Shining Light Sunbeam Band, called the meeting to order. The "Three-Ray Watchword" was repeated, followed by the song "Be a Little Sunbeam." Prayer was offered after which "Let's Form a Chain of Friendship" was sung. The game of "A-Hunting We Will Go" was played by the entire group.

The Mary Martha Circle served Dixie cup ice cream and punch. The following mothers and children: Mesdames C. R. Lockhart, N. L. Sharp, B. A. Stephenson, Perry G. Franklin, A. H. McPeak, George Futch, E. L. Higginbotham, Gray V. A. White, E. R. Conklin, Edgar Flint, Yeager, Lewis Shelton, W. L. Ayers, Mrs. G. L. Lunsford, WMS president, Jimmy Ragsdale, Young People's secretary, and F. Webb Sunbeam Band leader. Charles Lockhart, Nancy Sharp, Gail Simpson, Janice Franklin, Tommy McPeak, Cletus Lunsford, Tony Jack Maples, Glen Ray Hurrell, Doyle Pugh, Jimmy Killian, Roger Ayers, Myrna Sue, Jerry and Nancy Higginbotham, Sonja White, Keith and Kenneth Yeager, Gayla Gray, Sue Stephenson, Nanette Flint, Norma Killian, Naomi Stephenson, who presided at the punch bowl, and Joyce Roenfeldt, pianist for the evening.

MORE FOOD
American civilians in recent years have been getting about 10 percent more food per capita than they did in 1925-1929, despite the fact that about a fourth of the food output went to the military, land-sea, and for other emergency war uses.

First Methodist WSCS
Circles Met Wednesday

The five circles of the First Methodist Church Women's Society of Christian Service met in various homes Wednesday afternoon to continue their study on "Stewardship."

Circle 1—Met with Mrs. G. F. Branson, with Mrs. Luther Pierson presiding over the business session. Mrs. John Hessey gave the devotional and Mrs. Claude Henderson was elected chairman of the children's work committee. Mrs. Knox Kinard presented the lesson on "Stewardship" from the study book. There were 13 present with two visitors.

Circle 2—Met with Mrs. H. P. Barnhart with 16 present and one visitor. Mrs. Carl Boston, Mrs. R. W. Lane had charge of business and the following were elected to office: Mrs. W. L. Boosa, secretary of Christian Social Relations and Church Activities; Mrs. E. P. Hollingshead, secretary of youth work. "Blessed Assurance" was sung and Mrs. Lloyd Stallings gave the devotional. Mrs. Ralph Thomas taught the lesson from the third and fourth chapters of the study book. Mrs. Lane dismissed the group with prayer.

Circle 3—Met with Mrs. W. R. Campbell, WSCS president, with 16 members in attendance and two visitors. Mrs. Irvin Cole presided over the business meeting at which it was voted to make cup towels for "Boys' Ranch" at St. Asa. "Sweet Hour of Prayer" was sung, after which Mrs. Josephine gave the devotional and led in prayer. Mrs. Henry Jordan and Mrs. Frank Wilson presented the lesson and the meeting was dismissed with a mission prayer.

Circle 4—Met with Mrs. C. E. Boswell who gave the devotional, telling of "Steward of God's News" and "Christian Stewardship." She also read Scriptures from various chapters of the Bible on "Stewardship." Mrs. J. E. Kirschman, chairman, presided over the business meeting during which the members voted to send cup towels to "Boys' Ranch." Roll call was answered by telling stewardship practices followed by different Biblical characters. Mrs. F. W. Shottwell taught the lesson on the second chapter of the study book. There were 13 present.

Circle 5—Met with Mrs. A. E. McLennan who conducted the business session with 11 members present. Mesdames Charles Lynch, Loyde Caldwell and Douglas Nestel presented the lesson on "Stewardship of the Person" and "Locating the Solution of Present Problems of Relationship."

MAKING SLIPPERS
Make your own louncing slippers. Cut down a pair of old worn leather moccasins, and then sew zig-zag fashion a pair of heavy pure wool athletic socks to the leather base. Embroider the socks with colorful designs, to complete this pair of colorful ski-style slippers.

Before the outbreak of the war most clothes pins were made of wood, but they are now being offered to the public in plastic and aluminum.

Love Is Christian Science Subject for Sunday, February 2

"Love" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, Feb. 2.

The Golden Text is: "Beloved, let us love one another: for love is of God... He that loveth not knoweth not God; for God is love" (I John 4:7, 8).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And this commandment have we from him, that he who loveth God love his brother also" (I John 4:21).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Love is the most simple and profound counsel of the inspired writer" (page 572).

Mobeetie Items
Special to The News
MOBEETIE—Mr. and Mrs. Allen Williams returned Sunday from Shamrock where they were called by the death there on Jan. 19 of Mrs. Williams' mother, Mrs. Maude Lewis. Mrs. Lewis was a frequent visitor here and was well-loved by everyone who knew her. The community extends sympathy to Mrs. Williams in her bereavement.

Rev. R. L. Cooksey, "Aubrey Greenhouse and Ed Johnston made a business trip to Sulphur Springs last week.

Mr. and Mrs. Billy Morgan and Mr. and Mrs. Aubrey Ruff were visitors in Miami Sunday.

Mr. and Mrs. Albert Newman and Helen visited in Pampa Saturday. Harry Patterson, Pampa, visited in Mobeetie Saturday.

Mr. and Mrs. S. H. Salley returned last week from Colorado City, N. M., where they were called by the death of Mrs. Sally's brother-in-law, Mr. Moore. Mrs. Moore returned with them. The community extends sympathy to them in their bereavement.

Rev. R. L. Cooksey and family and

WE, THE WOMEN

Missing Empties Are a New Problem

By RUTH MILLETT
NEA Staff Writer
Because there is an acute bottle shortage, dairymen, soft-drink makers, and brewers are putting on a campaign to get housewives to round up and return an estimated 25,000,000 empty milk bottles, 10,000,000 soft-drink empties and an unguessed-at number of idle beer bottles. They have hired Steve Hannegan, Associates—high-pressure public relations concern—to make housewives empty-bottle conscious.

Whenever a kid yanked for a pocketful of such wonderful stuff and Mamma said firmly, "No money today—now run along and play," there was always, happily, one last resort. The youngsters could get out his wagon, hunt around for an empty milk bottle or two, and head for the corner grocery—to turn the empty bottle into pennies, then hand back the pennies for candy.

Alhambra Club's Program Features Club Recreation

WHITE DEER—(Special)—The Alhambra Community Home Demonstration Club met with Mrs. Charley Bell on January 28 for a program featuring club recreation. Mrs. Reed Hill, who was in charge of the program, stated that a good recreation leader should know the games she plans to lead well enough to direct her group capably, should suit her games to her group, and should take part in all games.

Las Cresas Club Is Planning Dance Soon

A dance to be held soon was planned by the Las Cresas Club when they held their business meeting Tuesday evening in the home of Miss Patty Rutherford, 1331 Charles. Feb. 7 was set as the tentative date for the dance which will be held in the Terrace Grill.

Indian Corn

Indian corn (so-called because it was first found cultivated by the American Indians) is cultivated from Canada to Argentina and as a result of its importation into Spain by its discoverer, is grown in parts of Europe, Asia, Africa and Australia.

Recoding of Grid Rules Due at Kerrville Meeting

BOWLING

By HAROLD V. RATLIFF
KERRVILLE—(P)—The rules of football will be recodified within the next year. W. J. Bingham, chairman of the National Rules Committee, said today as his group entered its first business session.

The Harvard athletic director explained that there had been no recodification since 1929 and it was time to get them in better sequence for a better understanding.

He made this announcement at the same time that he predicted there would be few rules changes this year. This doesn't mean there won't be a number of them submitted for discussion.

The American Football Coaches Association, represented by Lou Little of Columbia, Ray Morrison of Temple and Tad Wieman of Maine, has five moving the ball in 20 yards instead of 15 liberalization of the substitution rule to allow substitution of two men when the ball is dead but time is still running, reducing time-outs per half from four to three in the event the substitution rule is instituted, declaring the ball dead if the try for point after touchdown is blocked and doing away with the running or double shift which last fall served often to draw teams off-side.

It is the forty-third annual meeting of the NCAA group, with one of the men who made the first session in 1905—Amos Alzo Stagg—in attendance. Stagg, 84-year-old coach of Susquehanna, was praised by Bingham in this manner: "No member we ever have had in all these years has been more for progress. He is a grand old man."

Also attending the meeting for the first time is a high school advisory committee representing 14 states that still use the collegiate rules of football.

Gridders Wait On Department For Approval

NEW YORK—(P)—The War Department today held the key to the professional football fortunes of Army's All-America stars, Glenn Davis and Doc Blanchard.

And while the nation's grid-fans eagerly awaited a decision on the stars' request for four-month furloughs so they might play for pay, the two rival major leagues girded for battle over the services of the touchdown twins.

In announcing yesterday that Davis and Blanchard—along with their teammate, Ed Barney Poole—had applied for leaves, the War Department said only that the requests had been received and were under consideration.

All three members of Army's three-year unbeaten powerhouse are in the class which will be graduated in June. West Point officials say their request is without precedent. The leaves, if granted, will be from the Regular Army.

If the War Department grants the requests, it will result in a dollar war between the All-America Conference and the National Football League.

Davis has been drafted by the San Francisco 49ers of the All-America loop, and the Detroit Lions of the National circuit, while Blanchard has been selected by the Brooklyn Dodgers of the All-America Conference and the Pittsburgh Steelers of the National League.

Both backfield stars have indicated they would like to play on the same team and owners of eleven concerned in both circuits were laying plans to bring this about not only to oblige the two stars but because the lure at the gate would be greater if the duo performed on the same club.

Sports Round-Up

BY HUGH FULLERTON, JR.
CANTON, N. Y.—(P)—Things you hear from snowdrifts in the "North Country" . . . Syracuse athletic authorities were so annoyed when Biggie Munn quit them abruptly to go to Michigan State that they gave Ribs Baysinger a flat order that no contracts were to be broken in hiring his new assistants. One result is that the new head coach has had quite a job getting the kind of helpers he wants.

ONE-MINUTE SPORTS PAGE

Villanova, which stopped Army's basketball winning streak the other night, has high hopes of doing the same thing in the opening football game next fall . . . Claude Vosselle, Bill's younger brother, will get a tryout with the Giants at Phoenix next spring . . . Bo McMillin, Indiana's noted after-dinner speaker who also coaches football, really wowed 'em at the recent Texas grid banquet with the aid of a grass skirt and a lei . . . Most complete summary of Rocky Graziano "bribe" inquiry observed so far is the AP photo showing Ruben Shank, the guy Rocky was supposed to fight, slicing baloney.

END OF THE LINE

When Joe Gordon was traded to Cleveland, he had played 1,000 games for the Yankees and had made just 1,000 hits . . . The Sporting News is trying to assemble a complete list of college baseball coaches, together with their playing records. How about including their scouting connections? . . . When the grid Giants signed Indiana U. center who was sought by the youthful All-America Conference, would you say they were taking Cannandy from a baby?

Chandler, Frick To Take 'Bull by Horns' To Halt All Gambling

NEW YORK—(P)—With both Commissioner A. B. (Happy) Chandler and National League President Ford Frick promising to "take the bull by the horns" today to ferret out the gambling menace to professional sports, the weekend baseball meetings here give promise of producing the most fireworks in years. Not only will the gambling angle be thoroughly aired today and tomorrow but the business agenda also lists such important items as guaranteed minimum wages for World Series players, revised barnstorming rules for major leaguers and the players' pension fund.

Harvesters Play Sandies Tonite; Meet Perryton Tomorrow Night

Riding on a three-game winning streak, Pampa's Harvesters meet the Amarillo Golden Sandies tonight at eight o'clock in the Amarillo High School Armory. The game is a District 1-AA Conference affair. Amarillo also boasts a winning streak, having racked up six straight victories since losing to Graham in their only loss in 15 starts. The Sandies will include four conference affairs, placing them on top of the "heaven" in the district.

Both Coaches T. G. Hull of Amarillo and Otis Coffey of Pampa will probably stick by their usual starting line-ups. They are: Amarillo, Bob Henry, Boone Pickens, Jewell McDowell, Jimmy Carter and Larry Wartes. Pampa—Charlie Laffoon, Calvin McAdams, Bill Speer, Derrell Davis and Malcolm Fagan. Also ready to go for Pampa and due to see action are Raymond Hernandez and DuB Gamblin.

Tomorrow night, the Harvesters will travel to Perryton for a game with the Rangers, who lost to Pampa, 46-27, in a game played here earlier in the season.

Other district games tonight include Berger at Brownfield in a battle for cellar honors and Lubbock at Plainview.

Professional Only Six Months, Jim Clark Leads Field in Tucson Open

TUCSON—(P)—Top-notch veterans of goldom had to catch up with 29-year-old Jimmy Clark—a professional less than six months—as the \$10,000 Tucson open tournament progressed into the second round today.

Clark equaled the competitive course mark with a seven-under-par 63 while older hands at the business lagged behind.

Ben Hogan, Hersey, Pa., odds-on favorite, was in a tight spot in a first round score of 35-32-67, which was still good enough to crack par 35-35-70. Actually more than 30 of the 118 entrants shaded par on New York's lower East Side.

The young Californian led Clayton Heeter, with the lowest first nine count of the day, a 30, took 34 on the incoming stretch for his 64.

Jim Turnesa, White Plains, N. Y., with 33-32 and Herman Scharau, Bloomington, Ill., with 34-31, tied for the first 18 holes.

Monie Stratton Gets High Honor

PHILADELPHIA—(P)—Texas Monie Stratton last night was hailed as the "Most Courageous Athlete of 1946." Philadelphia sports writers voted their annual award to Stratton for his comeback with the Sherman nine of the East Texas League.

With an artificial right leg Stratton won 18 games and lost eight of the 27 he started.

Now 33, Stratton was target shooting on his mother's farm near Greenville, Texas, in November of 1938 when his revolver accidentally discharged. An amputation was performed the next day, ending a career he was supposed to be a promising baseball career. He was with the Chicago White Sox at that time.

"I'll pitch again with the help of an artificial leg," he vowed, and capped his comeback last year. Beside his impressive record, Stratton was voted the best right handed pitcher in the East Texas League.

Loop Must 'Clean Up or Close Up'

OPELUSAS, La.—(P)—A dictum of "clean up or close up" has been handed the scandal-ridden Evangeline League by its president, J. Walter Morris following a declaration by Judge W. C. Brennan, that five players are now on baseball's ineligible list.

"There are other players under suspicion and it's got to come sooner or later," Morris told a pre-season meeting of the league here yesterday, adding that the investigation into charges that league players consorted with gamblers and conspired to throw games, "is not completed by a hell of a sight."

"The National Association has spent more than \$50,000 on this investigation and it isn't through yet. This report, naming five players, is not all."

"I'm not going to let up and the National Association is not going to let up if it has to spend \$50,000 to clear this up," he said.

A 33-pound Mackinaw is the largest trout catch made by a fisherman in Wyoming to date.

Rocky Fighting For Ring Life In Bribe Probe

NEW YORK—(P)—Rocky Graziano fought for his fistie life before the State Athletic Commission today, while the district attorney aimed the big guns of his gambling and bribery investigation on undercover tight managers with gangster and criminal records.

Boxing's latest "Golden Boy" at the box office was summoned to appear before the fistie fathers this afternoon to tell his story of a \$100,000 offer to throw his scheduled Dec. 27 fight against Ruben Shank of Denver. The fight was called off because Graziano complained of an ailing back.

District Attorney Frank S. Hogan said he was "more interested" in uncovering undercover criminals who control fighters through "fronts" acting as managers of record than he was in any other phase of his wide investigation of gambling and fixing.

Graziano already has told his story to the district attorney—how three men approached him in Stillman's Gymnasium, mid-town training base of most fighters, and made the bribe offer, and that he thought it was "a game."

In the repetition before Chairman Eddie Egan and his fellow commissioner, Dr. Gilman D. Powell, Rocky-a-Bye Rocky will be battling against possible suspension or revocation of his license.

The commission conceivably could mete out any or all three punishments to the knockout-specialist from New York's Lower East Side for failure to report the bribe offer to authorities, but most observers regard such drastic action as unlikely.

These "bash boulevardiers" point out (1) that New York's boxing law does not stipulate any penalty for failure to report a bribe offer, (2) that the Shank-Graziano fight was not held.

Unbeaten in three starts this year, the Carver twins are seeking games with the Amarillo stars here next week. Carver has already beaten Berger and Childress and will probably play the two teams again.

Joyce Kathryn Brake Dies at Home Here

Joyce Kathryn Brake, 12, daughter of Mr. and Mrs. Stanley Brake, 606 N. Somerville, died this morning at the family home.

Besides the parents, also surviving are a sister, Vivian; grandparents, Mr. and Mrs. V. Haiduk of White Deer; grandmother, Mrs. Ellen Brake of Pampa.

Funeral arrangements are pending. Duesel-Carmichael in charge.

Trippi, Boss Unhurt As Auto Overturms

ATHENS, Ga.—(P)—Charlie Trippi, Georgia football star, and his new boss, Charlie Nidwell of the Chicago Cardinals professional football team, were shaken up but escaped with minor injuries when their motor car overturned twice near here late yesterday.

Mr. Hood's Mother Dies in Arkansas

Word was received here this morning of the death of Mrs. T. C. Hood, Fayetteville, Ark. mother of J. Ernest Hood, city secretary. Mrs. Hood died yesterday afternoon at 2 o'clock of pneumonia contracted following a broken hip suffered in December. Funeral services will be held in Fayetteville Sunday afternoon.

Other survivors include the widow and a daughter, Mrs. Earl K. Harris, Helena, Mont.

Sports Boom in 'Full Swing' at Univ. of Arizona

TUCSON—(P)—The University of Arizona served notice to fellow members of the Border Conference today that its athletic teams are sitting pretty.

Coach Fred Eke's basketball contingent tops conference standings and looks like a cinch to retain the championship.

With one exception, every member of the track and field team which won the Border Conference title last year is back, and Coach Limey Gibbins has a few likely new prospects.

Seventy-two candidates turned out for baseball last fall.

The Wildcats have most of the men who won the conference golf title in 1946 plus a few new stars, including Charley Lamb, Arizona state-amateur champ.

In swimming, Arizona will enter the full team which won every event in the Border circuit's first swimming-diving meet a year ago. The university also is sending out a strong tennis battalion, including

Stanky Reveals New 'Rumba' Plate Stance To Draw More Walks

MOBILE, Ala.—(P)—The Rumba is coming to the baseball diamond—or so says Eddie Stanky of the Brooklyn Dodgers.

Stanky's unorthodox stance at the plate earned him more walks than any other National League batter last year and the little second sacker plans to make it even harder for opposing hurlers to pitch to him this season.

He's been taking Rumba lessons, he said here yesterday, and has hit on a "Rumba twist" which he guarantees will drive pitchers wild.

"It will have plenty of new movements and I mean fancy!" he explained.

Color-Blindness

Men are said to be color-blind more often than women. The ratio, according to an eminent scientist, is about four to one.

Tom Van Fleet, Class A singles and doubles champ.

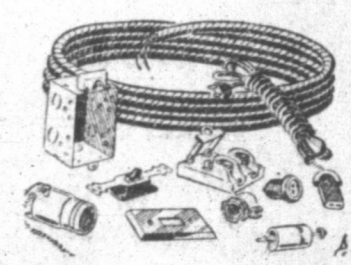

Football is still a few months off, but the entire 1946 squad, minus guard and end, will be available next fall.

TEXAS TODAY
 By JACK RUTLEDGE
 Associated Press Staff

Someone got Frank Crenbaum's goat—literally.

Mr. Crenbaum lives at Hillsboro. He is president of the Hillsboro Lake Park Association. Two years ago a goat strayed on the association's grounds.

Mr. Crenbaum became quite attached to the animal. He fed and housed it. But now, the goat is missing. Someone, he said, got it.

Something new was added at Greenville—a weary, lost and forlorn carrier pigeon. Weather-beaten and exhausted, it landed in the office of Constable Lon Maret in the court house. It is receiving the best of care.

They don't know if it's a homing pigeon that lost its way home, or a carrier pigeon that lost its message. Anyway, it has a serial number attached—AUS-46-28528.

A fish known affectionately as "Big Red" still eludes sportsmen in Bayview, near Brownsville. He's something of a legend, and if he keeps on eluding fishermen, he may be safe for keeps. He'll be too big for keeping size.

He has been hooked many times. Once he was even caught and the happy fisherman had him in his arms. But he either squeezed too hard or Big Red gave an extra vigorous flap of his tail. He slipped out of the man's arms and flopped back into the water.

What is thought to be the first turkey egg laying test in the world is underway at Stephenville. It is conducted at Stephenville. It is legal, and runs from Jan. 1 through May 31.

Animals, though, are not popular inside the city limits of Dallas. University Park officials previously have made known the fact that snakes and reptiles are unlawful pets.

And now a farmer with 19 hogs was haled to the city pound. The squalling hogs lent a pig-sty odor to the swank neighborhood, and

Hospital Escapee Is Renowned Captured
 VICTORIA—(AP)—Sheriff W. F. Crawford announced last night that Tiburcio Deanda, 26, who fled from a hospital here Sunday five days after a major abdominal operation to escape transfer to the state penitentiary was captured yesterday at Sandia, Jim Wells County.

Deanda, under a two-year sentence on a conviction of passing worthless checks, was rearrested by Victoria Deputy Sheriff Lorenzo Garcia.

Garcia reported by telephone that Deanda seemed none the worse for his experience.

From where I sit ... by Joe Marsh

Sam Hackney Reports on the U.S.A.

Sam Hackney and the missus just returned from a trailer trip around the country. They're tired, and glad to be home, but mighty impressed with what they saw.

As Sam reports—every section has something different; a different way of talking; different tastes in food and drink; different laws and customs. But bigger than all these differences is the American spirit of tolerance that lets us live together in united peace.

"Of course," says Sam, "you run into intolerance from time to time. Individuals who criticize another's right to speak his mind; enjoy a glass of beer; or work at any trade he chooses. But those are the exceptions—and we're even tolerant of them!"

From where I sit, more of us ought to make a trip like the Hackneys—to realize firsthand how America is bigger than all its many differences... how tolerance of those differences is the very thing that makes us strong.

Joe Marsh

THE JOY OF WORKING

From The Daily Oklahoman

Two small stories of recent days present a contrast in personal outlook that is too sharp to be ignored. Both have to do with seniors in high school, but there all similarity ends.

The first is the story of a senior who has found a way to conquer the difficulties that face him. He has found remunerative employment in his afternoon hours and on Saturdays. Every second week he receives a paycheck for \$32 to \$35. And when he can find an extra hour he works in a print shop for 65 cents an hour. He is learning the printer's trade in school. Next September he will enter college and "work his way through school."

The other story is of a high school senior who is completely discouraged. His family is having a very hard time getting by in this era of excessive prices. In commenting upon his unhappy financial status this student writes despondently, "What have we to look forward to but work?"

Well, what else but work has any American worth his salt looked forward to? What else but work and the hardest kind of work, awaited the pioneers who came to the seaboard and engaged in the conquest of the wilderness? Those people all expected work and all of them were more than willing to work. Most of them, as a matter of fact, thoroughly enjoyed working. And while this discouraged student may not believe it, it is a fact nevertheless that life has few thrills that are greater than the thrill of working at a hard job and making a success of what we call living.

The tragedy of life does not lie in the work we do to earn our daily bread. It lies in the inability to obtain an honest job. There is the supreme sting of depression. The saddest of all sights is a street or a highway filled with jobless men searching desperately for the means of earning a livelihood. And what is more inspiring than the sight of a community filled with people going cheerfully about their daily tasks and thanking God for remunerative employment?

MACKENZIE'S

KEEPING A-BOMB SECRET OF PRIME IMPORTANCE TO U. S. IN FOREIGN DEALING

By J. M. ROBERTS, JR., Chief Foreign Affairs Analyst (Subbing for Mackenzie)

Foreign policy as well as military security is involved in the newly displayed interest of Congress and of David Lilienthal in the security of U. S. atomic secrets.

The information control agreements which we hope to attain would stand as powerful precedents for control of all war and just to find that such agreements are possible would be an important step.

Congress has passed a law requiring absolute secrecy in certain fields of atomic development while permitting publication in other fields when approved by the new Atomic Energy Commission which Mr. Lilienthal is to head.

Lilienthal describes in the Smyth report, officially approved account of Manhattan district and its work which was published soon after Hiroshima, as the greatest breach of security since work on the bomb began.

HOFFMAN'S TAMING

WASHINGTON—(AP)—(NEA)—The way responsibility—like a cold wet towel—can be wrapped around the dome of a hot-headed politician to sober him up, is sometimes amazing to behold.

Gracie Reports

By GRACIE ALLEN

Well, I see where democracy is really working in some ways in Japan. Emperor Hirohito, the ex-son of Heaven, was just one more of 31,000 losers in the recent imperial poetry contest.

In the old days, if any contestant had beaten the Emperor in a poetry contest, he'd have been shot immediately. Come to think of it, after reading it, after thinking of it, after winning a lot of poetry prizes, he would probably be shot anyway.

Anyway, the world is getting very cooperative. The Japanese are cooperating with General MacArthur, President Truman is cooperating with the Republicans, and I have hopes that George may eventually have eye-to-eye with the shop I buy my hats from.

NO EXAGGERATION

(The Cleveland Trust Bulletin)

It is no exaggeration to say that all of the major ills with which the American economy is now beset would be well on the way to correction if there were assurance that production would not be interrupted by strikes in major industries, if workers would put forth their best efforts to earn through increased productivity the high hourly wages they currently receive, and if to management were sufficiently generous to ensure a heavy and continuous flow of new capital into the expansion of old business enterprises and the development of new.

Fainer Saves Two; His Only Child Dies

BAY CITY—(AP)—An injured father whose heroic efforts probably saved the lives of two persons today mourned the loss of his only child after a pleasure ride Tuesday night ended in tragedy.

WILL IT LAST?

On Hoffman's committee the Republican leadership has put a formidable array of smart, tough politicians. George H. Bender of Ohio is ranking Republican. With him are six members of the all-powerful House Rules Committee—Rich of Pennsylvania, Wadsworth of New York, Harness of Indiana, Brown of Ohio, Ritzley of Oklahoma, Chenoweth of Colorado.

NATIONAL WHIRLIGIG

WASHINGTON BY RAY TUCKER

COMPROMISING — A careful reading of the recent legislative messages of several key governors now running for the 1948 Presidential nomination caused Capitol Hill Republicans to decide to scrap earlier plans for extremely restrictive legislation against organized labor's millions of voters.

SWEDEN PLAY

Sweden does not even approximate the wealth in natural resources of Russia or America, yet her per capita income is far above Russia's and is almost as high as America's. What is the secret of this prosperity? For twenty years Sweden has been trying to copy the formula for national prosperity in observing nations all around the world.

WHOLESALE THINKING

I found everywhere a spirit of wholesome living and fair play. I found everywhere a spirit of wholesome living and fair play. I found everywhere a spirit of wholesome living and fair play.

DROP — The seemingly concerted outburst of gubernatorial advice has caused considerable concern at GOP headquarters here.

AGREEMENT — Gubernatorial agreement on this political and controversial question may have been accidental, although several of them huddled in a friendly way during a recent visit to the Capital, but their unanimity has caused the suspicion that they must have compared notes.

PLATFORM — Governor Kim Sigler of Michigan condemned restrictive legislation aimed at labor, and declared that the state's responsibility should be limited to assisting labor and management to solve their mutual problems.

Mild Capital

Juneau, the capital of Alaska, only had 53 days of zero weather in 33 years, although Alaska usually is thought of as being a cold country.

LOOKING AHEAD

By GEORGE S. BENSON President—Harding College, Searcy, Arkansas

The people of Sweden are very sturdy with more than half of them passing the age of 70. The health of the people is remarkable, the personal appearance of the people on the streets excellent. Almost without exception they are neat, clean, and well-dressed.

WHOLESALE THINKING

I found everywhere a spirit of wholesome living and fair play. I found everywhere a spirit of wholesome living and fair play.

AGREEMENT — Gubernatorial agreement on this political and controversial question may have been accidental, although several of them huddled in a friendly way during a recent visit to the Capital, but their unanimity has caused the suspicion that they must have compared notes.

PLATFORM — Governor Kim Sigler of Michigan condemned restrictive legislation aimed at labor, and declared that the state's responsibility should be limited to assisting labor and management to solve their mutual problems.

Mild Capital

Juneau, the capital of Alaska, only had 53 days of zero weather in 33 years, although Alaska usually is thought of as being a cold country.

WILL IT LAST?

On Hoffman's committee the Republican leadership has put a formidable array of smart, tough politicians. George H. Bender of Ohio is ranking Republican. With him are six members of the all-powerful House Rules Committee—Rich of Pennsylvania, Wadsworth of New York, Harness of Indiana, Brown of Ohio, Ritzley of Oklahoma, Chenoweth of Colorado.

WHOLESALE THINKING

I found everywhere a spirit of wholesome living and fair play. I found everywhere a spirit of wholesome living and fair play.

AGREEMENT — Gubernatorial agreement on this political and controversial question may have been accidental, although several of them huddled in a friendly way during a recent visit to the Capital, but their unanimity has caused the suspicion that they must have compared notes.

In Hollywood

BY ERSKINE JOHNSON NEA Staff Correspondent (Johnson heard on KPBN Monday thru Friday, 3 p. m.)

HOLLYWOOD—Before his recent marriage, the fourth one, Louis Calhern was talking things over with his third wife, Natalie Schafer, who insists: "We didn't become friends until we were divorced."

WORKING GIRL

Benay, one time Broadway musical comedy star and radio singer, needs the money she's getting for her role in the picture like I need a Santa record album.

INFLATION NOTE: They're saying that no one talks turkey in Hollywood any more. It's always phrasing it under class.

ALL-ROUND ATHLETE

It always happens in Hollywood

The Doctor Can Prescribe—

THOUGHTS

In the fear of the Lord is strong confidence; and His children shall have a place of refuge.—Proverbs 14:26.

Give God thy broken heart, His whole will make it.—Edmund Prentiss.

My Affections? Tomlin is back on the musical scene with a new song, "20-Cent Cotton, 80-Cent Meat, How in the World Can a Poor Guy Eat?"

So They Say

Push-button warfare be damned! The trouble is that the American people get to thinking in terms of our pushing the buttons, and lose sight of the fact that if there were a war tomorrow it would be the same tough slugging match that the last one was.—Dr. Vannevar Bush, Army-Navy scientific research chief.

Every man and every woman is working one day in three for the government.—Sen. Robert A. Taft (R) of Ohio.

I want to put on 20 pounds to improve the curves a little.—Actress Mariene Dietrich in Europe.

If somebody takes my money I am sad. If they nationalize my factories, I get angry. But if they start monkeying with what's inside, with the unheard, the unseen, my religion, my tastes in music, my tastes in literature, my tastes in philosophy, then I object and then shoot.—Czech Foreign Minister Jan Masaryk.

Arbitrator Accepted In Maritime Dispute

NEW YORK (AP)—The American Merchant Marine Institute announced today that the National Maritime Union (NMO) and the negotiating committee for 39 steamship companies and agents on the Atlantic and Gulf coasts have agreed to accept Paul Kleinsorge, Stanford University Professor, as arbitrator in their wage dispute.

The union seeks a 25 percent wage increase and the bargaining began Dec. 27 under a wage re-opening clause in the NMO contract. Hedy Stone, NMO treasurer, said the contract covered 90,000 maritime workers.

Secretary of Labor Lewis B. Schwelb last week named Prof. Kleinsorge as arbitrator. He is now arbitrating three maritime cases on the West coast.

Palestine

(Continued From Page 1) their own risk. They were told they were considered "unessential civilians."

Government officials remaining here will be placed in security areas—either military camps or compounds—where guards can be maintained.

U. S. Consul General Lowell C. Pinkerton said he had cabled Washington for instructions.

Cornel Wilde Finally Hits The Big Time

By BOB THOMAS

HOLLYWOOD—It can now be confirmed that Cornel Wilde has arrived. For some time his salary (about \$3,500 per week) has been up there with the best of them, but he never quite made the winner's circle, meaning the elite group of stars who share the modern dressing room building at 20th-Fox. Now after six years at the studio, he has made it. Cornel is moving into the suite vacated by Carmen Miranda.

Louis Hayward has the inclination that he might produce some "Monte Cristo" films himself, since the stories are in public domain. Naturally this doesn't set well with Edward Small, who has been producing them. With the studios laying off many workers, there's a new and sometimes glamorous "32-20 Club" around the unemployment insurance offices these days. Some of the town's well known names are there. When Keenan Wynn returned to MGM after the Van Johnson-Eve Yeman elopement, an assistant director asked him: "What's new?"

Ginger Rogers visited her old pal Clark Gable on "The Hucksters" set and told him she was looking for a story to start them both. What act is it? Retakes on Barbara Stanwyck's "The Other Love" will cause a slight delay in her European trip with husband Bob Taylor, but they'll be off soon.

Edward G. Robinson returns within two weeks to start preparing for "I Heard Them Sing," in which he'll play a barber who watches a small American town grow. Mr. Robinson is touring South America.

Portal-Pay

(Continued From Page 1) employees on his Pottery Company premises after they punched the time clock and before they actually began production.

In his original decision in 1943, Judge Picard discounted this time. He held the employees entitled only to payment for the few minutes each day when he said they were at work before the starting whistle. The Supreme Court, reversing Judge Picard's ruling, held that it was working time and must also be compensated for. Walking time is the time spent by the employees in proceeding from the time clock to the work bench.

The high court also stressed the "De Minimis" doctrine and this tricky legal issue arose time and again Thursday.

Under "De Minimis" the law need not concern itself with trifles. The Supreme Court, in effect, said that if Judge Picard finds that the total time involved in the Mt. Clemens case is trifling "in the light of the realities of the industrial world" he may dismiss the case without assessing damages.

Engineer

(Continued From Page 1) office here to take up consulting engineering.

The engineer's resignation comes on the eve of a city election which will probably see the entire present commission return to private life under the new ward system of city government recently voted here.

A successor for Thompson has not been named nor has the commission made any recommendations for the naming of one.

Thompson's letter of resignation reads:

"In the regular meeting of the City Commission held January 27, 1947, the commissioners asked the city manager to request my resignation of the city engineer effective February 1, 1947. As no specific reasons were given, I will refrain from comment on that subject.

"Mr. Franks, in my close association with you, I have learned to deeply respect you as both an efficient administrator of public affairs and as an esteemed personal friend. It is my desire that this friendship shall never cease, and I will look forward to seeing you as often as possible in the future.

"During the 16 months that I have been the city engineer of Pampa, I have worked harder and more diligently than on any other job in my career, because such a job requires more concentrated effort and long-range planning.

"I believe that the majority of persons who are familiar with the details of my work will back up this statement.

"There is nothing that I have done nor decisions that I have made as city engineer which I would want to hide. It has been my sole purpose to carry out the orders of the city manager (which are determined by the policies set up by the commission) to the best of my engineering ability and according to best engineering practices.

"Therefore it is with no regret nor apologies that I gladly hereby respectfully submit my resignation as city engineer of Pampa, to be effective February 1, 1947, as requested."

Tax-Cutting
(Continued from page 1)
They proceeded to exchange verbal shots at close quarters. No blows were struck, but both roared at the other: "Don't you take hold of me."

In the House speech, Engel had contended that Knutson's bill would help the rich instead of the poor and might spell Republican defeat at the polls in 1948. In the cafeteria encounter, Knutson replied that Engel's bill proposing the largest relief for the low income brackets would cost the government \$8,600,000,000 in yearly revenues.

After Marlin's announcement that the 20 percent cut remains a Republican objective, but that there is no commitment on the "across the board" method, Engel said he was satisfied.

Knutson was silent on the possible fate of his own bill.

CARE OF PLANTS
For potted plants in general an open soil with plenty of decaying root fibre is best as a basis. Cactus can grow in a mixture of gritty sand and leaf mould, but geraniums prefer heavy clay loam.

Love Has Two Faces

By Irene Lonnen Ernhart Copyright, 1947, NEA SERVICE, INC.

THE STORY: Cassie Fletcher is the main support of her family and feels such a burden of responsibility toward them that she surrenders Mike Carrell's proposal of marriage, even though she is in love with him. When Leni, her spoiled 17-year-old sister, and wealthy Lon Cavendish try to elope, they are headed off by Cassie and Parker Hamilton, a friend of Leni's. Leni vows she'll get even. Some months later, Cassie meets Parker Hamilton accidentally and he drives her home. He asks to see her again.

IX
"I GUESS so," Cassie agreed reluctantly.

"How about a movie tomorrow night, or maybe dancing somewhere if you'd rather. His eagerness puzzled her a little.

"A movie," she said. "I'll pick you up about seven. Okay?"

Cassie nodded. "Don't bother about getting out in the rain." She opened the door and made a run for it up the walk.

None of the family had noticed the car apparently. Papa was engrossed in his paper, and the rest were in the kitchen. Cassie took off her coat in the bedroom, hung it up.

"Any mail?" she asked Mama as she came into the kitchen. She'd long since given up hearing from Mike, and there was no one else who'd write, but the habit of asking persisted.

"None for you. Leni got a letter from the Cavendish boy, I think." "Funny, isn't it," Leni said, looking up from her books spread on the kitchen table, "that you never heard from Mike?" She smiled triumphantly. "You thought he was crazy about you, didn't you?"

Cassie froze for an instant. It was the first time she had ever heard anything like that from Leni.

"I didn't expect to hear from him, Leni," she answered quietly. A tremor of feeling went all the way through her.

"OUT OUR WAY" BY J. R. WILLIAMS
"AH, HERE'S A MACHINE JUST STARTIN' A JUT! OH, WHITE, TAKE THAT TOOL CUT! WE WANT TO TEST THIS NEW CUTTIN' STEEL!"

"WHY STRONG MEN WEEP! HE WORKED HIS HEAD OFF TO GET SOMEONE ELSE THAT SNAP-NOW THEY'LL RIP IT OFF IN MINUTES!"

"IT WOULDN'T BE SO HARD TO LIVE NOW IF YOU HADN'T LIVED IN A DAY WHEN A CUT WAS A VACATION WITH PAY."

Russian

(Continued From Page 1) the Yugoslav charges yesterday but informed sources said Deputy Foreign Minister Fedor T. Gousev of Russia took a serious view of the accusations.

The question of Germany's future form of government has not yet been raised formally in the session, but the Moscow radio for several days past has been stressing Polish, Czech and Yugoslav statements to negotiators favoring a unified Germany.

British and American plans for federalization of Germany, Radio Commentator Lenin said, "conceal plans for establishing complete rule of foreign monopoly and capital in German economy."

The deputies took no action on

Bridges

(Continued From Page 1) to steer American foreign policy back into the blind alley from which it has only recently emerged.

President Truman last fall fired Wallace as secretary of commerce after the then cabinet officer publicly criticized what he termed Secretary of State Byrnes' "get tough with Russia" policy.

Bridges, recalling the ringing tributes paid to Byrnes upon his retirement earlier this month, said they sprang from a public awareness of the "great handicaps" under which he started his term as secretary.

"Everyone knows," the Senator continued, "that he inherited a sorry mess of appeasement and political muddling from the war years." He added:

"The popular applause—let's be candid about it—is not for the secretary who was obliged, in the first stage of his work, to make the best of shabby and shameful bargains at the expense of other people's freedom."

"It is, rather, for the secretary—aided by the able counsel of our two colleagues, Senator Vandenberg and Senator Connally—who showed himself firm, persistent and conscious of principle in the latter stages of his work."

Lashing out at what he said historians probably will call "the great American surrender at Yalta," Bridges said the United States dissipated its "moral prestige" among people of the world "when we allowed Russia to grab the territories of its neighbors and impose its control on a hundred million people through the old familiar strong-arm methods."

"For our gifts of appeasement we have been paid off in contempt, broken pledges, calculated delay

and confusion—all of this against a backdrop of worldwide anti-the world's greatest representative American propaganda."

"The plain truth is that for all will not do to put all the blame their supposed softening of attitude on Russia. We can hardly shrug off our share of responsibility." They hold "This attitude of gratefulness for what they've grabbed and are proud signs of Soviet cooperation, Bridges ceeding at double speed to consign went on, "is behavior unworthy of a ideate the empire they've carved for fourth-rate nation under the shade-

Italy's formal request yesterday for a share in writing the German peace treaty and some qualified informants expressed belief the matter would be referred to the Moscow meeting of the foreign ministers in March for final decision.

Another protest concerning the procedure which makes the Big Four the only full participants in writing the treaties also faced the deputies today. External Affairs Minister Louis St. Laurent of Canada made public in Ottawa last night a declaration demanding an equal voice in writing the peace because Canada had a full share in fighting the war and has "no escape from the consequences of a bad peace."
