Roosevelt Would 'Reluctantly' Accept Nomination

Reporters Given Reply Behind Lock

By HOWARD FLIEGER
WASHINGTON, July 11—(AP)—President Roosevelt declared today he will "reluctantly, but as a good soldier" accept nomination by the Democratic national convention and serve another four years in the White House if elected.

In a letter to Democratic Chairman Robert E. Hannegan, Mr. Roosevelt said he personally wanted to retire and avoid public responsibility and the publicity that "follows every step" of the president.

"But if the people command me to continue in this office and in this war," he added, "I have as little right to withdraw as a soldier has to leave his post in the line."

The president's letter was made public at a White House news conference which grew tense with expectancy when Mr. Roosevelt told 90 reporters gathered in his oval office that the doors had been locked. A reporter said that must mean something important was coming.

Another reporter raised the familiar fourth-term question and, grinning, Mr. Roosevelt disclosed that this time the big news was coming.

He then read the exchange of letters with Hannegan. Hannegan wrote the president in a letter dated July 10 that enough delegates to the party convention starting a week from tomorrow

Japanese Say Big Force Is Nearing Guam

By The Associated Press
Guam, pre-war U. S. Pacific naval base captured by the Japanese four days after the Pearl Harbor attack, and other major links in the Marianas island chain, are plainly marked for American invasion or neutralization.

Adm. Chester W. Nimitz announced light cruisers and destroyers shelled Guam Saturday and carrier-based planes swept in the next day to blast shore installations on Guam and Rota, less than 150 miles south of newly-conquered Saipan.

Tokyo radio announced "a very powerful force consisting of two aircraft carriers and more than 30 cruisers and destroyers are plying the waters northwest of Tinian island," within artillery range of Saipan.

In Gen. Douglas MacArthur's command swept in on Japan's bases in the Carolines, Truk, Woleai, Yap and Palau were hit.

The only sizeable Japanese counter-attack in the Pacific was a six-plane raid on Yank-held Noemfoor island off Dutch New Guinea. A fuel dump was hit but no casualties were reported.

The high command announced today the recapture of Yungfeng, 45 miles northwest of Yungfeng, and said fighting continues near enemy-held Tsingyun, 40 miles northwest of Canton.

In Burma, organized Japanese resistance ceased at Ukhrul, advance base in northeastern India used to cover the enemy retreat from the ill-fated Indian invasion.

2-Year-Old Suit Dropped Today

A settlement of the two-year-old condemnation suit, filed in May, 1942, involving 2,560 acres of land, on which Pampa Army Air field is located, was pending today with notice received by the landowner's attorneys that the Federal government is dismissing its appeal.

This means that the valuation as originally fixed by the commission, comprised of C. L. Thomas, John Turcotte, and C. P. Buckler, stands as set at \$50 an acre. The valuation was ruled in December, 1942.

Judge J. C. Wilson of Amarillo, who appointed the commission, heard the federal government's appeal from this decision when the case was tried in Amarillo in June, 1943. The judge confirmed the valuation originally set.

Then the federal government gave notice of appeal to the Circuit Court of Appeals at New Orleans. The case would have been heard in Ft. Worth in November.

Valuation fixed on the land was \$50 per acre with deductions for lakes if necessary. Improvements were added and crop values also included in the valuation allowance of \$2,500 was granted B. C. Priest.

Other land owners connected with the case were Roy Priest, Mel Davis, C. V. Davis, D. C. Davis, Mrs. Elizabeth Lockhart, B. Lockhart, Ben Lockhart, E. E. Cole, John A. Jennings, Mrs. May Skaggs, and G. P. Risley.

The land in question is located 11 miles east of Pampa.

Drilling Stepped Up Throughout Country

The Oil and Gas Journal said today that throughout the oil country of the nation, from mountainous Montana to the lowlands of the South, drilling has been quickened, despite material and manpower shortages.

At the present time, according to a story by the Associated Press, the industry is in its most vigorous drilling campaign since Pearl Harbor.

An official of the Railroad Commission here, in response to a question from The News as to the reports that new oil wells are being opened in West Texas, said there is one possibility in the North Plains, but that there are not any in this immediate vicinity at this time.

It was recently reported here at Pampa that the acreage in this territory had been reduced from 40 to 20 acres, and an official said today he had heard there would be a return to the old 10-acre regulation. However, he pointed out, he had no official information to that effect.

The present schedule, the Oil and Gas Journal says, indicates that the present "healthy situation" will be maintained into 1945. If drillers continue at their present pace, approximately 20,300 wells will be completed by the end of 1944. This compares with 17,284 in 1943 and 18,150 in 1942. The all-time high: 32,560 in 1937.

Wildcaters have opened such a vast amount of new territory that the nation's "5000 rotary drilling rigs haven't been able to keep up with the demand."

Oklahoma's prospects seem brightest of all. Claude V. Barrow, veteran oil editor of the Oklahoma City Daily Oklahoman, declares the Sooners state is on the threshold of its greatest expansion program since the great Seminole and Oklahoma City booms.

A half dozen territories have been opened in West Texas, while new discoveries in Alabama and Mississippi have raised hopes of the agricultural South, and the Gulf coast will extend the gulf country into Florida. Tremendous new horizons have been opened in Wyoming and Montana and 12 new fields have been moved into the Elk Hills naval reserve in California.

From the Northwest to the Southeast, operators are ready to drill at the hundreds of new locations. They are just waiting for the moment drills are available.

Convicted Man Gets 30-Day Reprieve

AUSTIN, July 11—(AP)—A 30-day reprieve for George Johnson, sentenced in Bowie county to die in the electric chair July 28, for conviction of murder, was granted today by Governor Coke R. Stevenson.

The new execution date is Aug. 27. The governor customarily grants one 30-day reprieve in each capital case.

Wheat Harvesting Almost Done

Harvesting of the 1944 wheat crop in Gray county is 90 per cent complete, the county farm agent's office said today. The wheat will average 20 bushels to the acre, placing in prospect one of the best wheat crops here in 20 years.

A shortage of railroad cars is still a bottleneck. Many farmers are dumping wheat on the ground at their farms instead of bringing it to town and dumping it on vacant lots near elevators. There is 30 per cent of the Gray county crop on the ground.

Marvin Jones, War Food Administrator, according to the Associated Press, was in the Panhandle today, surveying the wheat transportation situation. Jones was quoted as saying he would call the director of the defense transportation and urge prompt action on the suggestion of the Railroad Commission that refrigerator cars be used to supplement regular box cars for wheat in the period from June 27 to July 1, on one farm of E. D. Clements, (400 acres) the biggest acreage; D. B. Pearson, son Birdwell, Ray Wright, J. B. Cartwright, H. J. LeMaster, Mrs. T. M. Wright, Chris Bruner (combine destroyed). Birdwell fire damaged a truck owned by a Mangum, Okla. man hauling wheat for Birdwell.

3-Mile Cortège Pays Tribute To World Churchman

DALLAS, July 11—(AP)—A funeral procession estimated at three miles in length wound its way to Grove Hill cemetery yesterday where last tributes were paid to Dr. George W. Truett, one of the world's greatest churchmen.

Four thousand six hundred persons were in the First Baptist church, which Dr. Truett served as pastor for 47 years, to hear Dr. Louis D. Newton, Atlanta, Ga., Baptist minister, deliver the funeral sermon. One thousand more sat in Sunday school rooms equipped with a loud-speaker arrangement, while added hundreds stood in sweltering sunshine outside the church.

Six truck loads of flowers were taken to the cemetery to bank the grave of the man Dr. Newton termed "the most inspiring Christian I ever knew." They came from London and many states of the nation—Roman Catholics, Methodists, Presbyterians, Episcopalians and Jews.

"They will be done" was the scriptural key to the life of the man who converted thousands, inspired church-sponsored education and medical advancement, preached to men on battle fronts and brought together the leaders of war-separated countries on the common ground of Christian belief, Dr. Newton declared.

In front of the pulpit, from which he had delivered thousands of classic sermons, the body of Dr. Truett, who died Friday, lay in a casket covered with a blanket of white roses. To the right stood an opened floral Bible inscribed with the Biblical phrase, "They Be Done," and to the left stood a white floral cross.

Seated behind the pulpit were the speakers for the service—Dr. Newton, Dr. Robert H. Coleman, for 42 years the pastor's assistant; Dr. E. D. Head, president of the Southwestern Baptist Theological Seminary at Fort Worth; Dr. W. W. Connell, Editor Emeritus of the Baptist Standard, and Dr. W. O. Lewis of Washington, secretary of the Baptist World Alliance, which Dr. Truett once served as president.

The producers, who had threatened to discontinue operations, agreed to continue filming and to attempt to settle differences with employees at round table conferences.

Mexican Says Black Market in Cinema

MEXICO CITY, July 11—(AP)—A "black market" in which a few Mexican motion picture producers pay excessive salaries to actors and technicians and excessive prices for film was blamed today by Jorge Negrete, Mexican movie star, for differences between producers and employees.

Negrete, secretary of the movie actor's union, made the accusation at a conference, called by the interior ministry, between producers and actors.

Salvador Elizondo, president of the producers union, had complained against constant increases in production costs.

The producers, who had threatened to discontinue operations, agreed to continue filming and to attempt to settle differences with employees at round table conferences.

Submarine Is Lost In Training Run

WASHINGTON, July 11—(AP)—Loss of the 20-year-old submarine S-28 during training exercises in the Pacific was announced by the navy today.

The sub carried a complement of about 60 men and was under command of Lieut. Comdr. Jack C. Campbell.

The navy did not disclose where the S-28 was lost.

"The depth of water makes it impossible to salvage the submarine, and hope has been abandoned for the recovery of the missing personnel," the navy said.

"There was no survivors," the navy said.

It added that next of kin of all casualties had been notified.

The S-28 was commissioned in December, 1923. She is the 25th submarine to be lost since the war started and the second lost in training exercises during that period.

The other submarine lost in training was the R-12, sunk off the east coast of the United States.

Soviets Near East Prussia Borders

By The Associated Press
American troops bursting forward in new offensive slugged today to a point within two miles of St. Lo, junction-bastion of central Normandy, and ripped through Nazi defenses in two sectors farther west on their flanking 48-mile front.

In eastern Normandy, British-Canadian forces struck ahead a mile across the Orne river east of Caen against the Germans making a fierce stand in the suburb of Vaucelles, and occupied the west bank of the Orne on a four-mile stretch from Caen's outskirts.

Americans Gain 2-3 Miles

U. S. troops and tanks, advancing under a pulverizing artillery barrage, gained from two to three miles in the drive on St. Lo, and other doughboys farther northwest also pounded forward, seizing four towns in a few hours.

One of these columns striking south from Carentan captured La Mauvergie and La Roserie four miles from Periers, and another hitting west from the Vire river seized Haut Verney and Le Mesnilangot three miles beyond fallen St. Jean de Daye.

Spearheads of Lt.-Gen. Omar N. Bradley's American first army, jumping off under the screen of a pulverizing artillery barrage, reached the outskirts of Luzerne and Mesnil-Roxelin, just north of the road junction in the heart of Normandy.

Coordinated Attack on St. Lo

The attack was coordinated from the north and northeast of St. Lo. Fall of that city of 15,000 would force a German withdrawal from the remainder of the Cherbourg peninsula, and Nazi lines were under steady, heavy pressure along a front curving 40 miles to the sea.

The attack opened after hundreds of field guns belted steadily for hours, wrecking German hedgehog positions and numbing the nerves of even some of the most fanatical Nazis holding the line.

British-Canadian forces to the east meanwhile cleaned out nests of resistance southwest of Caen, running into stiffening opposition.

McCormack Hits At Republicans' Platform Plank

WASHINGTON, July 11—(AP)—The chairman of the Democratic platform committee, John W. McCormack, said today he expects full agreement at Chicago next week on a plank calling for "sound and international action to prevent war and assure permanent peace."

McCormack, the majority leader in the House, pointed a verbal rocket at the Republican declaration of policy.

"This is no time to compromise on the future peace of the world as the Republican platform did," he told the Associated Press by telephone from Boston. "The Republican platform is negative on one of the living issues of today—permanent peace."

Panhandle Lipstick Army Helps Reap Golden Grain

By JANE BARA
This year farmers are wearing lipstick and the elevator attendant, chic, but capable, weighs wheat on the platform scales.

It's wartime, and women are sharing the responsibility of handling the biggest wheat crop the Panhandle has seen in 20 years.

It was never before that women, beyond the war, but for the current reign of King Wheat all hands and every possible skill must be utilized to the hilt. Therefore, quite naturally, out of the market

One city-bred woman turned farmer to the extent of doing research work on varieties of wheat grains.

Another enthusiastic worker goes to work in the wheat field just as the sun comes up and can tighten the brakes of a combine as well as any man. She gets grease up to her ears, but she smiles and says, "It does wonders for the figure and anyway, I've always wanted to get tangled up in machinery."

More women have listed their availability with the Gray County agent's office than there are positions to fill. This is because of the shortage of wheat storage space, and it has become necessary that truck drivers do their own scooping. Thusly, employers are reluctant about hiring women to do such heavy work.

And so it goes—scores of "city women" who, with fear and trepidation turned farmerette last summer to save America's crops from going unharvested in the face of manpower shortage—are getting down to business again this summer—without any qualms at all. In fact, they seem to be enjoying the change of occupation, and friends and relatives are offering their help if needed.

26 Governors To Confer With Tom Dewey Aug. 2-3

ALBANY, N. Y., July 11—(AP)—Gov. Thomas E. Dewey, Republican nominee for president, will join with 25 other G.O.P. governors at St. Louis August 2 and 3 in a conference he said today would deal with the "area of responsibility and obligation as between the states and the federal government and how these obligations to the people can best be performed."

Dewey said at a press conference that "every single Republican governor has indicated his great pleasure in coming and says he expects to be there."

In outlining the purposes of the St. Louis meeting, the governor declared:

"There has been continuing debate, ever since the New Deal took office, over the area of responsibility as between the states and the federal government.

"That discussion has covered topics such as employment services, the aids to agriculture, particularly centering around the use of land grant colleges; the responsibilities for relief, the effort three years ago to federalize unemployment insurance entirely, and, of course, the very large field of taxation in general."

Dewey said the conclusions reached would "not only serve as a basis for united opinion in the Republican party on an issue which splits the Democratic party wide open, but even more important, will serve to eliminate the constant and serious friction after a Republican administration takes office next January."

Texas Oil Output Reported Unchanged

TULSA, Okla., July 11—(AP)—United States crude oil production declined 18,950 barrels daily in the week ended July 8 to 4,563,550 barrels daily, the Oil and Gas Journal said today.

Kansas output dropped 8,500 barrels daily to 266,200; Oklahoma, 400 to 337,900; Louisiana, 1,500 to 360,050; California, 900 to 948,850; Illinois, 1,100 to 207,450; Michigan, 500 to 51,400, and the Rocky Mountain area, 5,850 to 120,650.

Production in eastern fields increased 600 barrels daily to 67,600 barrels. Production in Texas was unchanged at 2,036,400 barrels daily and in East Texas at 360,550 barrels daily.

Some Thoughts For Wartime Voters

For the first time in 80 years and the second time in this country's history, Americans are going to elect a president while fighting a war. The November election is bound to have its peculiar moments.

A good, workable set of non-partisan rules might be called, edited enough, from the highly partisan keynote speech of Governor Warren of California before the Republican National Convention.

"This war cannot be fought and won as Republicans or Democrats. This is an all-American war. There is a place for every American in it. There is no place of honor for any American who is not in it."

"In or out of office, Republicans and Democrats should share the responsibility of winning the war. The generals who command our armies, the admirals who command our fleets are no more Republican or Democrat than the miles and the fleets which they command."

"There is room for honest differences among us. There is no room for disunity. We can be of differing minds. But we must be of one heart. There is no place among us for malcontents."

"We are in no mood for torchlight jubilation. Whether we win or lose a party is less important to us than whether we win as a people."

LIQUOR—Homer Ferguson, Michigan's brilliant Senator and ex-prosecutor, is solely responsible for the sixty-million-gallon liquor holiday recently authorized by the War Production Board.

The ironic feature of his one-man performance was that the former Production Board chairman, and now General if the Dewey-Bricker ticket should win, never touches the stuff that others...

As a member of the McCarran committee investigating whiskey conditions and shortages, the keen-eyed Senator noted that the supply of alcohol for war needs, including requirements for the manufacture of synthetic rubber, far exceeded the present and prospective demands.

Senator Ferguson submitted his report to Donald M. Nelson, War Production Board chairman, and to Rubber Director Bradley Dewey. They consulted their statistical aides, who had supplied the data which would support even the most extravagant assumptions of distilling for beverage purposes.

For one thing, Senator Ferguson is a loyal and thorough-going Republican. He played a quiet but key role at the recent G.O.P. convention in Chicago. He could have helped the party's chances by losing his district without any forewarning to Messrs. Nelson and Dewey.

War Today

By DEWITT MacKENZIE. Associated Press War Analyst. The new and heavy attacks on the islands of Guam and Rota by American warships and bombers are a nature accompaniment of our capture of the Salpan air and naval base which has been one of the enemy's main hideouts.

The war is moving very fast in the Pacific. The fresh assaults on Guam and Rota certainly presage neutralization of these bases and it's not unlikely that we shall occupy them. I believe we may expect similar operations in the immediate future against other major Japanese bases in the inner defense arc—Truk, Yap, Palau and Bonin, all of which are now within reach of our big bombers.

But after we have neutralized and perhaps occupied these islands, where do we go? It would indeed be interesting to know what ideas are being nursed by those two energetic and resourceful old campaigners, General MacArthur and Admiral Nimitz, now that we have possession of Salpan. Certainly what this pair has in mind could bring no joy to a harassed Nipponese government which 12 days ago, during the height of the bloody struggle for Salpan, broadcast to us public:

"We, the 100,000,000 people of Japan, must realize now, if ever, that the outcome of the battle of the Marianas (the group of which Salpan is the main island) will exert a very serious influence upon the future war situation."

Well, we'd likely to emanate from this volcanic island which American forces have won at heavy cost to their own ranks, and with the annihilation of an estimated 19,000 of the fanatical Japanese warrior son of 20,000 which elected to fight to the death? There are several possibilities for Salpan is at the crossroads of the Japanese empire and will provide Uncle Sam's super-bombers with a land base less than 1,500 miles from Tokyo and about the same distance from the Philippines.

This means that when we have completed neutralization of the few islands in the Japanese defensive arc we shall have cleared a pathway which will permit of direct assaults against the Dutch East Indies, the Philippines and perhaps against Japan itself. So won't we long before we are at close grips with the Mikado's main forces.

USO Open-House Held for 1200 Men in Uniform

Open-house was held Sunday for the largest number of people since the beginning of the Pampa USO, according to Mrs. Julia Pagan, director. Pre-flight students from the local base, along with PAAF enlisted men, Childress and Amarillo based men, totaling over 1,200, thronged the USO from 10 a. m. until midnight. During the day sandwiches, milk, cold drinks, cake and pie were served from the snack bar with Mrs. C. C. Crawford and Mrs. Rosamond Lovell in charge. Mrs. Jack Hanna and Cpl. Ced Piehl gave piano music during the afternoon. A profusion of flowers decorated the USO, furnished by the Pampa Garden club. Assisting during the day were: Virginia Nelson, June Lonham, Thelma Osborne, Juanita Osborne, Velma Osborne, Lillian Snow, Virginia Winsor, Ann James, Maurine Jones, Mrs. George Walstad, Ida Mae Jones, Mrs. Jack Hanna, Judge Sherman White, Mrs. Rosamond Lovell, Mrs. Ann Giese, Mrs. Paul Tabor and Mrs. Doc Schwartz.

The Social Calendar

WEDNESDAY
Viernes club and their families will have a social in the City park at 8:30 p. m. The Social Women's class of the First Christian church will meet at 2:30 at the church. Order of Rainbow for Girls will have a swimming party and a slumber party in the home of Shirley Poole. W. M. S. of the First Methodist church will meet. Farrington H. D. club will meet. First Presbyterians will have an ice cream supper in celebration of Fellowship night.

Moving Pictures To Be Shown At Salvation Army

Free movies will climax the program when the Salvation Army holds the first in a series of community night entertainments at the Citadel at 831 S. Cuyler tonight at 8:15 o'clock. The program will be under the supervision of Captain and Mrs. Hershel Murphy, local officers, and is planned for social and recreational purposes when refreshments will be served following the program. Special piano, accordion, vibratone and guitar music will be a feature of the evening with congregational and chorus singing. Camp songs familiar to the children of Salvation Army will also be sung. Climaxing the evening of activities will be the movie, "The Sports Parade" will be shown. It is a movie of gala ice skating and skiing. An invitation has been extended to the public to attend and plans are being made to offer community night twice monthly at which time Salvation Army film on war activity will be shown with news reels and travelogue.

Presbyterians To Have Ice Cream Supper Here

The June fellowship event at the First Presbyterian church will be an ice cream supper held on Wednesday night at the church at 8 o'clock. "Members and friends of the church are invited to attend and new-comers to the church are especially welcome to come and to take this opportunity to become acquainted," said the Rev. Robert Boschen. Informal recreation in the game room and on the lawn will follow the supper.

'How to Make Rugs' Studied By Victory Demonstration Club

Lesson one on "How to Make Rugs" was presented by Miss Millie Schaub when members of the Victory Home Demonstration club met recently in the home of Mrs. W. M. Brannon. "Woolen materials, especially blankets, make the best rugs," she said, "because they are more receptive to the dye and clean more easily, although burlap, overalls and khaki are also very good. Rayon hose when braided make ideal table mats," she concluded. Color combinations for different rooms were studied and the making of rugs was then demonstrated. During the business session an all-day meeting and covered dish luncheon was planned for next Friday, July 14, in the home of Mrs. Odie Cox. The Red Cross project will be completed at that time. Refreshments were served to the following: Mrs. D. E. Bump, Mrs. W. M. Brannon, Mrs. T. L. Christberg, Mrs. Odie B. Cox, Mrs. Ray Robertson, Mrs. R. N. Rhoten, Mrs. Clyde Sisson, Mrs. T. J. Watt and Miss Schaub.

We, the Women

By RUTH MILLETT
The United States Cadet Nurse Corps has exceeded its first year quota of 65,000 student nurses by 500. How come, when WACs and WAVES are having so much recruiting trouble? It can't be just because Uncle Sam is financing the education of the girls who go into the Cadet Nurse Corps. The girls who go into the WACs and WAVES are getting valuable experience at their tasks, and many of them are being given specialized training. The reason the girls aren't hesitating to become cadet nurses is probably because nursing isn't anything new for women, and so the girls' families and the men they know aren't prejudiced against it. But the idea of American girls going into the army and navy, CLARENCE QUALL'S STUDIO PORTRAITS, COPYING and KODAK FINISHING 117 W. Foster Ph. 852

and Marine Corps as regular service women is just too new and different for many people to approve. Maybe Uncle Sam would have done better at recruiting women for jobs in the army and navy if he hadn't offered them the chance to become service women, but had offered them the chance at a job, instead of an opportunity to get into uniform. BACK THE FIFTH The male is the weaker sex in spierland.

PIN-WORMS Now can be Beaten!

The misery of Pin-Worms has been known for centuries, and many doctors have sought a way to deal with this dreadful pest that lives and grows inside the human body. Today, thanks to an important scientific discovery, a new and highly effective treatment is being hailed by medical authorities. It is based on a remarkable drug known as gantian violet. This drug is the vital element in P-W, the new Pin-Worm tablet developed by the laboratories of Dr. D. J. Jaye & Son, America's leading specialists in worm medicines. P-W makes it unnecessary for you or your child to suffer in silence with the embarrassing rectal itch caused by Pin-Worms, or to take chances on the real distress they often create. The small, easy-to-take P-W tablets act in a special way to destroy Pin-Worms. So watch for possible warning signs such as: itching seat and nose, uneasy stomach, bed-wetting, nervous fidgeting. If you suspect Pin-Worms, ask your druggist for a package of P-W and follow the simple directions carefully. It is easy to remember: P-W for Pin-Worms!

Picnic Supper Is Held For Members Of Merten Club

Mrs. C. B. Haney entertained members and families of the Merten Home Demonstration club with a picnic supper Friday evening at her home on the Merten lease. Following the supper, games were played with Mrs. H. H. Threault directing. Old-time songs were sung by the group. Guests attending were: Mr. and Mrs. T. L. Sirman, Mr. and Mrs. W. E. Coop, Mr. and Mrs. D. A. Caldwell, Mr. and Mrs. J. C. Steward, Mr. and Mrs. Frank Bailey, Mr. and Mrs. Allen Say, Mrs. Etta Logan, Mrs. H. H. Threault, Lillian Watkins. Douglas Threault, Atha Belle, Mary Jo and Ruth Helen Steward, Marilyn Hammett, Linda Mae Burba, Janette Etheridge, Etta Francis Haney, Beth Bailey and Eddie Ray Caldwell.

Market Briefs

NEW YORK WALL STREET

NEW YORK, July 10-(AP)-Customers turned to the selling side here and there in today's stock market but enough buying appeared to lift selected issues fractions to a point or more and the 7-year high division was well populated.

Top marks, reached in the forenoon, were reduced or cancelled in numerous cases near the close. Big blocks of low-quoted performers expanded volume to around 1,500,000 shares. Commonwealth & Southern came out in transactions of 1,000 to 34,000 shares, about unchanged at \$1.

Coca-Cola jumped several points on a few deals. Ahead most of the day were Sears, S. Steel, Bethlehem, General Motors, Chrysler, Southern Pacific, Omnibus, Montgomery Ward, Sears Roebuck, American Airlines, Braniff Airways, Eastern Air Lines, Western Union A. and United Aircraft, Laguardas were Santa Fe, Great Northern, Wily-Overland, Texas Co., U. S. Rubber, North American, Allied Chemical, Kennecott and Woolworth.

to play.

Not to be denied the privilege of a game, the Harrah team challenged a group from the spectators bleachers. After considerable persuasion, a boys team was recruited to play a practice game with the Harrah team.

As the boys were considerably larger than the girls, rules were adopted whereby the boys were to bat left handed and the girls were to be given six outs. After an inning or two, the boys allowed the girls 10 outs. With the aid of the umpire, the girls finally wound up with a victory when the game was called for darkness in the third inning, the score: boys 22, girls 23.

The Harrah team is under the supervision of Mrs. Raymond Shannon, teacher, assisted by Mrs. J. Deering. Members of the team yesterday included the following: Rose Mary Deering, Bonnie Roberts, Lanora Riley, Homerun Imogene Ray, Earlean Henderson, Bernice Riley, Annie Dolores Owens, and Jackie Patton.

DALLAS, July 11.—(AP)—Indications are strong that the Texas league will resume operations next year after laying out two seasons and a survey shows that, with one exception, the parks could be reopened tomorrow.

In fact, in at least three instances, they're better off than when they closed to professional baseball in 1942.

Take Fort Worth: Panther park is being used for amateur games, games by Negro teams and a weekly wrestling show and Secretary John Reeves says expense of upkeep, taxes, etc., are being paid, that some painting and repair work have been done and the place is in better shape now than the last year the league operated.

Then, there's San Antonio where the school board athletic department owns the field. Last year more was realized from rental to an army league for two nights weekly and Sundays, and to independent teams, than from the Missions of the Texas league in 1942. Actual figures were \$16,018.17 from rental and concessions; The Missions paid \$7,500 and total field receipts were \$7,600. This year receipts so far are \$10,730. The board spent \$3,000 on the club house, stands and fences this spring.

At Houston, Buft stadium was given over to the city recreation department by the St. Louis Cardinals, owners of the franchise, with the understanding that any profits from gate charges or concessions would be split 50-50. Last summer each organization received \$10,000. This year the figure is due to be higher with the South Coast Semi-Pro league and Negro major league games drawing well. In fact, according to reports, the Cardinals are making more out of the park now than they did when operating in the Texas league.

Shreveport's park is being used by semi-pro without profit but the plant is in shape to start again at an anytime.

Stout stadium at Beaumont is in excellent shape. It is used by semi-pro clubs on week-ends and frequently for rodeos. Little repair is needed—just a bit of paint and everything would be shipshape.

Oklahoma City's park is used for service baseball, rodeos and the like. Although probably not making a profit, revenue serves to defray maintenance costs and the park would be ready for use with a little work.

Dallas' park is in good condition and considerable revenue is being realized from Negro games.

Tulsa's park is used only for Sunday amateur ball with no profits being realized. Officials estimate it would cost \$15,000 to \$20,000 to put it in shape for Texas league reopening. A new roof is needed on the stands, along with a new lighting system and new fences.

Busby Bill Carmichael, secretary of the Texas High School Coaches' association, says the annual coaching school scheduled for Wichita Falls August 7-11, "seems to have more interest this year than any since the war started. The number of fellows looking for jobs on the upswing. However, plenty of schools still need

NEW YORK, July 11.—(AP)—Bucky Walters, Cincinnati's star righthander who is expected to start for the National leaguers in the all-star game at Pittsburgh tonight, is with-out question the king of night game pitchers in the major leagues.

Since the big show is being played under the lights at Forbes field, the figures for Walters' night work take on added significance.

Bucky has started nine after dark games for the Reds and hasn't been knocked out yet, a remarkable feat in itself. He has won eight of the nine and boasts a seven-game winning streak under the arcs.

The only game he lost at night was a 2-0 affair to the Phils on May 18 when Southpaw Ken Raffensberger quelled the Reds with a three-hitter.

Altogether, Bucky has worked 94 innings in the nine games, a couple of which went overtime. He yielded only 66 hits in this span, his best effort a two-hitter against Pittsburgh at Forbes field for a 3-0 triumph on June 20. During this same period he issued only 24 walks, hit one batter and fanned 22, indicative of his effectiveness in the pinches a total of 83 opposing runners were left stranded.

None of the American league twirlers can approach Walters' mark. Hank Borowy, of the Yanks, has yet to start a night game while Tex Hughson, on the Boston Red Sox, won the one arc contest he worked.

Bob Muncie, of the St. Louis Browns; Butch Leonard, of the Washington Senators, and Bob Newsome of the Philadelphia Athletics, appear the best night game twirlers on the American league squad, according to the records.

The complete night game marks for the pitchers on both squads: National: Walters, Cincinnati, 8-1; Sewell, Pittsburgh, 1-0; Andrews, Boston, 1-0; Voiselle, New York, 1-2; Raffensberger, Philles, 2-5; Tobin, Boston, 0-1; Javery, Boston, 0-2; American: Bob Muncie, St. Louis, 2-0; Hughson, Boston, 1-0; Trout, Detroit, 1-0; Leonard, Washington, 3-1; Newsom, Philadelphia, 2-1; Grove, Chicago, 2-3; Page, New York, 1-0; Borowy, New York, 0-0; and Newhouse, Detroit, 0-1.

Sports Roundup

By HUGH FULLERTON, Jr.

NEW YORK, July 11.—(AP)—If experience counts, the National league should have a big edge in tonight's all-star fray at Pittsburgh. . . .

all but seven of the National leaguers have appeared in previous all-star shows and the American has eleven newcomers. . . . Mel Ott hasn't missed a game since 1934 and will set a record by appearing in his eleventh tonight. Another Giant, Joe Medwick, started at the same time and skipped only last year; he's representing his third club, a doubtful distinction shared by the Yankees Rolfe Hemsley and the Red Sox Bob Johnson. . . . Rick Ferrell is the only player who gets clear back to the first all-star game in 1933 but he has been absent since 1938.

Texas Aggies Enter Houston Swim Meet

HOUSTON, July 11.—(AP)—Texas A. and M. college will enter a crack team of swimmers and divers in the Y.M.C.A.'s Centennial water tournament July 18-21, Aggie Swimming Coach Arthur Adamson informed meet officials.

Entry of the Aggies brings to three the number of university squads which will compete in the city's first major swimming competition in several years. Rice and the University of Houston announced last week that they would enter

teams in the senior men's division. Adamson, former New Zealand Olympic champion, said his 3-year-old son, Van, would also compete. The meet is open to all boys and men in this area.

On the front southwest of Caen. The German position west of the Orne appeared hopeless in the long run, but the fanatical Nazi opposition against the drive of both the British and the Canadians was forcing the fighting line back temporarily in some spots and limiting progress to a few hundred yards in others.

Part of the loss of power of Montgomery's punch was caused by bad weather, which made it impossible for the Allied Air Force to put in strong, close support. The Russians maintained spectacular gains on the eastern front, thrusting into Lithuania within striking distance of the East Prussian frontier. Wide enveloping advances threatened entrapment of two German armies in the north.

HARVEST
(Continued From Page One)

owner predicts harvest would be piled on the ground until Christmas unless railroad car bottleneck eliminated. Panhandle—Harvest nearly over. Estimated Carson county production, 5,000,000 bushels. One farmer, Charles Overstreet, averaged 60 bushels on 60 acres of E. C. Harris' land. Grain firms not buying any wheat last week and storing in on ground; cars loaded as soon as received. Many trucked wheat to Amarillo.
