

1,000 RAF Planes Hit Axis Plants

LONDON, Feb. 25. (AP)—The RAF last night took up the two-day assault on German aircraft industry, flying 1,000 bombers from Britain to Schweinfurt and other formations from Italy to Steyr, after the British force hit the same targets in simultaneous daylight blows from both the western and southern bases.

Today great fleets of daylight bombers crossed the channel to carry the battle into its sixth consecutive day. The RAF's night-riding bombers were guided to Schweinfurt by the flaming wreckage left only a few hours before by the American daylight raiders.

The RAF's night-riding bombers were guided to Schweinfurt by the flaming wreckage left only a few hours before by the American daylight raiders. The British bombers added still further damage to Schweinfurt's sprawling ball bearing plants and to the German aircraft factory at Steyr, in old Austria.

U. S. headquarters announced that the powerful American aircraft which flew from the west and south yesterday shot down 156 Nazi planes. Eighth air force bombers downed 83 Nazi planes during the day. Schweinfurt and fighter plane factories at Gotha while their accompanying fighters accounted for 37 others in terrific air battles.

The British-based American forces lost 49 bombers and 10 fighters; the Italian-based formations lost 16 Fortresses and three fighters with two other fighters missing; and the RAF's night losses were 35 bombers. Tuesday's two-way punch, the first of the series of simultaneous assaults from west and south, the combined American forces shot down 133 German fighters.

The British announcement said that last night's heavy assault on Schweinfurt actually was carried out in two separate raids. "Schweinfurt, the German center of ball bearing production, was the main objective and was attacked twice during the night," it said.

Argentine President Out Again

Farrell Takes Over, Replacing Pedro Ramirez

MONTEVIDEO, Feb. 25. (AP)—Vice President Gen. Edelmiro J. Farrell took over the reins of Argentina's nine-month-old military government today after Gen. Pedro Ramirez had vacated the presidency in a sudden political upheaval regarded as another palace coup.

Full significance of the upheaval was not immediately apparent in Montevideo, as strict censorship was clamped down in Buenos Aires before any details could be transmitted abroad. There seemed no question, however, that the situation was the direct result of smouldering opposition within Ramirez's cabinet which was fanned into flame when he decided to break relations with the Axis powers Jan. 26.

It remained to be seen what effect Farrell's assumption of the presidency would have upon Argentine foreign relations. The change in the presidency apparently was accomplished without bloodshed or violence, although there were reports that "military forces" had been used.

The action of Ramirez in stepping down from the presidency was attributed officially to ill health. The first Associated Press dispatch to come from Buenos Aires after a news blackout imposed by Argentine censors was limited to a war department release of a statement signed by Ramirez and addressed to the Argentine people. It said: "Exhausted by the intense tasks of government which make it necessary for me to take a rest, on this date I delegate the reins of government to Vice President Gen. Edelmiro Farrell."

This statement came hours after reports of a government turnover had been circulated here and was followed by a period of complete silence on developments in the Argentine capital. It was presumed, however, that the entire Ramirez cabinet went out of office with him.

Oilmen Fear U. S. Agency Is Permanent WASHINGTON, Feb. 25. (AP)—Texas Railroad Commissioner E. O. Thompson said there is "growing fear" that an effort will be made to make the petroleum administration for war headed by Interior Secretary Ickes a permanent organization. Speaking for the Texas railroad commission, which handles oil railroads in a statement issued here, he had been in touch with representatives of most of the 20 states who were to take part here today in a conference with Ickes to discuss the proposed controls over the oil industry and that their views were the same as his own.

Thompson said no one held back praise for the "jam up" job PAW has done, but he added "it is now clearly apparent to operators in the field that some of the many ramifications of the petroleum administration may now be dropped and efforts centered on those functions that are still essential."

API Hears Talks on Red Cross, Methods of Treating Oil Wells

Blood plasma collected and distributed by the American National Red Cross is making brothers of all men over the globe, the Rev. Robert Boshen, pastor of the Presbyterian church and a member of the board of Pampa Red Cross chapter for the past five years, told an audience of 200 persons last night in the junior high school auditorium. Reverend Boshen's talk was a part of the two-section program of the first monthly meeting of 1944 of the Pampa chapter of the American Petroleum Institute, and the minister's speech was in conjunction with the opening of the annual campaign on March 1.

"For ages men have sought to find out the answer to this business of brotherhood. The ancient cave-dwellers had a rite in which blood of one man flowed into the blood of another, making them blood brothers," the pastor said in the introductory part of his speech. "Use of blood plasma on the Red Cross' use of blood plasma, the speaker said, is in this way not to take life but to save it through its nurses and blood plasma in a hundred other ways."

Addressing the workers directly, Johnson added: "You men who are asked to serve have a great responsibility. Every person cannot engage actively in the drive, but you can help them to take their part in it by being prompt in your calls and urging the use of an uncollected dollar may mean one pint of blood less for a wounded soldier."

Joe Key, chairman of the Gray county Red Cross chapter, and Joe Wells, general drive chairman, issued a joint statement today in which they urged the people of Pampa and Gray county not to wait for the solicitors to call, but to estimate what they would give for a pint of blood to save the life of a loved one or friend who is wounded, or to assure him a few comforts such as the Red Cross gets to the men on the battle fronts—and then take or mail a check to the American Red Cross, City Hall, Pampa, Texas.

The advanced gift drive now is under way and will last through March 1. On Wednesday, March 2, the individual roll call will begin and run throughout the entire month. Names of advanced gift committee workers were announced today as follows: L. H. Johnson, chairman; Farris Oden, Frank Culbertson, W. T. Fraser, J. E. Murfee, Jr., E. J. Dunigan, Mel Davis, Dave Finkelshteyn, Fred Thompson, Dr. W. C. Jones, Lynn Boyd, B. O. Lilly, F. E. Hoffman, Paul Kaskishe, Ray McKernan, C. P. Buckler, Carl J. Wright.

Allies Place 10 Divisions On Beachhead

ALLIED HEADQUARTERS, Naples, Feb. 25.—(AP)—German forces ringering the Anzio beachhead, now swollen to 10 divisions, pecked at American-British lines yesterday in two fruitless attacks southwest of Carroceto and the Fifth Army steadily improved its positions, it was announced today. The enemy likewise in light force assaulted French positions on Monte Alate a mile and a half east of Terelle on the Cassino front, but artillery fire broke up the thrust, and on the lower Garigliano sector German probing attempts were blocked.

Despite a seven-inch snowfall in the mountains around Cassino, Allied troops improved their positions on Monte Casselone, the mountains west of the village of Cairo, midway between Cassino and Terelle. The new German division added to the line which have been maintaining the Anzio beachhead for some days was said to have been brought from northern Italy. The two beachhead attacks were launched by only a company of infantry in each case—usually about 200 men. They were repulsed with heavy losses to the enemy, it was announced.

Although the Germans maintained close contact against the Allied beachhead, the passing of another day, the fifth, without major developments gave the Fifth Army valuable time to strengthen its defenses against an expected third full-scale German offensive. The Germans continued to make a number of nuisance infiltrations around Allied positions, but a Fifth Army spokesman said these were being kept under control. Patrols sent out by the British Eighth Army under German positions still firm. Allied mortar fire tore into a considerable German movement in the Arrelli area inland from the Adriatic coast.

Mediterranean air forces flew 960 sorties yesterday in operations ranging from a second heavy bomber attack in two days on an aircraft parts factory at Steyr, Austria, to routine patrols over the beachhead where only four German planes were observed during the day. Thirty-six German planes were shot down by the Steyr raid by gunning fighters. Twenty-one Allied planes were lost. Another formation of Fortresses attacked an oil refinery at Fiume with good results, a communiqué said. Spitfires destroyed 13 enemy aircraft on a Yugoslav landing ground, setting eight ablaze and riddling others. An Australian Kitty-bomber sank a 5,000-ton enemy merchantman with a direct hit off the coast of Yugoslavia.

Coastal air force Lightnings and Spitfires raided Castelluccio harbor near Leghorn for the second successive day and highways on the island of Corfu off the Greek coast. Spitfires also shot up enemy motor transport at Valona. Tires for West Texas Sought WASHINGTON, Feb. 25.—(AP)—Reps. Mahon, Thomason and Worley of Texas—who yesterday appealed to War Food Administrator Marvin Jones for help in obtaining an increase in the number of farm implement tires allocated for their area—said the need is particularly acute in West Texas because most of the farm operations there are motorized. Mahon said the office of price administration had ordered 1,050 such tires released in Texas here past few days but remarked that the number is insufficient to fill the requirements. He asserted that Jones assured them the WFA would cooperate with OPA in seeing that as many tires as possible are released but held out little hope that the number would satisfy the demand.

Typoid Fever Cases Increase Over State AUSTIN, Feb. 25.—(AP)—County and city health units were requested today by the state department of health to be on the alert against an increase in typhoid fever. The department said that the 14 cases reported during eight counties for the week ending Feb. 19 were greater than for any week since last summer. Beaumont Area Is Held Vital to War BEAUMONT, Feb. 25.—(AP)—War Production Board Chairman Donald M. Nelson said in an interview yesterday that the area in and around Beaumont, with its oil refineries, synthetic rubber plants, shipyards and lumbering is contributing as much toward the war effort as any area in the country. Nelson and WFB Vice Chairman Charles E. Wilson arrived here yesterday from Washington for a two-day inspection of Sabine-Neches industrial plants.

Recreation Plans To Be Discussed AUSTIN, Feb. 25.—(AP)—Present day problems and postwar planning in recreation will be the subject of a joint conference here March 2, 3 and 4, said Alvin B. Engelstein, president of the Texas Recreation association. The conference will be attended by the Southwest District Recreation association, the Texas Recreation association and the Texas Beach and Pool association. Roosevelt Handed 72 to 14 Rebuke and Bill Becomes Law

WASHINGTON, Feb. 25.—(AP)—With its galleries overflowing with curious spectators, a determined senate today climaxed the congressional revolt against President Roosevelt's to bill veto by making the measure a law with votes to spare. The overriding vote was announced by Vice President Wallace, presiding, as 72 to 14—or 16 more than the necessary two-thirds majority. At that instant the bill, which congressional sources estimate will yield about \$2,315,000,000 in additional revenue annually, became law. Majority Leader Barkley, principal figure in the drama as a result of his sharp denunciation of the president's veto message in the senate on Wednesday, stuck by his announced intention to vote to override Mr. Roosevelt.

The house acted quickly yesterday, setting aside the veto by a vote of 299 to 95. The spectators, chattering like a theater crowd at an opening, turned into hushed silence as the reading clerk began droning through the words of the veto message. Although the veto has been the subject of almost constant conversation and much bitter controversy, it was the senate's first formal notice that the president had turned down the tax bill. Senator Barkley's dramatic resignation as senate Democratic leader yesterday only furnished visual proof of a

FDR, Absent From Washington, Isolated Self From Presidential Party. Feb. 25.—(AP)—President Roosevelt, slow to shake off effects of a recent attack of influenza, is getting a measure of rest and relaxation away from politically stormy Washington. He is isolated personally from representatives of the press. But it would be inaccurate to say that he is isolated also from the repercussions of his veto of the second wartime tax bill since special facilities permit him almost instant communications with the White House. The chief executive himself had disclosed that he was out of town when he urged senate majority leader Barkley not to resign in protest against the tax bill veto. No official explanation of his absence has been forthcoming.

seemingly inevitable break between the White House and Capitol Hill. The senate Democrats promptly demonstrated a new independence by unanimously re-electing the genial, ruddy-faced Kentuckian to the position. The house used votes, not words, to make plain its displeasure over the tax veto. Democrats joined republicans in rolling up a 299 to 95 vote to override the veto yesterday. The senate followed suit today. Barkley helped clear the atmosphere by dispatching a letter of friendship to President Roosevelt last night, but even the generally conciliatory tone of this missive did not completely bridge the gaping breach between the executive and legislative branches of the government. Barkley made it clear that in the future there must be cooperation both ways. Although expressing the deepest desire for continuation of the traditionally cordial relations between the two, Barkley declared: "In this great crisis of our nation's history we must all seek some common ground upon which we can meet and have confidence in one another. That applies to all branches of government. If we cannot trust one another in this tragic period of the history of our nation and of the world, how can the people trust us?"

It was evident that Barkley was willing to go a long way to smooth the way. See SENATORS Page 6

Germans Free 350 American Civilians IRUN, Spain, Feb. 25.—(AP)—German occupation authorities at Biarritz, France, have made arrangements for some 350 American civilians interned as enemy aliens in German-controlled territories to join the American diplomatic party at Lisbon which is being exchanged for German nationals. Announcement of the new repatriation was made at the last minute as the diplomatic internees were leaving Germany, and apparently was intended as a precedent to initiate exchange with the United States of this new category. The civilian internees will include almost all United States citizens in the German internment camps of Europe, and some German citizens on the old Austro-German frontier. It was believed a note to the state department asked that the possibility of liquidating the camp for German enemy aliens at Croyat City be examined.

East Texas Iron Plants Assisted WASHINGTON, Feb. 25.—(AP)—The E. F. McCrossin Engineering Co. of New York has signed a contract with owners of idle blast furnaces in Pembroke, Fla., and Wells, Mich., and war is expected to begin immediately on disassembling them for removal to Rust, Texas, to initiate production of iron. The plants are to be used for processing East Texas iron ore.

Today's Best LAFF DEFLATION NEW BRITAIN, Conn.—A policeman waiting for the start of a session of the New Britain police school casually remarked to a stranger outside the meeting room, "I suppose they'll have some winding up from Washington to speak to us." "Probably will," agreed FBI Agent L. L. Menuter, the speaker of the evening. Get Tractor Tires at Dixie Tire Co.—Adv.

Americans Sweep Shipping Lanes Clean of Japs

(By The Associated Press) American naval forces, prowling the Pacific without challenge, were disclosed today to have carried out new forays to sustain the brilliant record of assaults on Japanese island bases and shipping. The famed "Little Beaver" squadron swept shipping lanes far north of the Solomons Tuesday in what was termed the most daring surface raid ever attempted in South Pacific waters. A Japanese destroyer or minelayer and two cargo ships were sunk along with four barges loaded with nearly 1,000 Nipponese. 73 of whom were picked up by the U. S. Navy. The raid, camp in for its second naval shelling and the big guns were turned on Duke of York Island of Rabaul to complete the no-loss mission.

"We are tightening the blockade of the enemy's Bismarck bases," Gen. Douglas MacArthur said in announcing the naval action, "and we now dominate sea lanes to the north due to effective neutralization of the enemy's air bases in the Admiralty, New Ireland and New Britain groups." In between sea-borne attacks on Truk and the Marianas, carrier planes showered 30 tons of bombs on three islands of an unsuspected Marshall's atoll Sunday. It was the sixth carrier strike of the war at the besieged mandated group. Japan today acknowledged the loss of 4,500 troops and 2,000 civilians at Kwajalein and Roi islands in American capture of Kwajalein atoll nearly three weeks ago. U. S. figures place the enemy dead at 8,122 against 286 Americans killed. Preliminary reports indicate the same loss-ratio prevailed in the just-completed occupation of Eniwetok, 380 miles west of Kwajalein.

The Tokyo radio previously told the Japanese of heavy damage suffered in the U. S. carrier attack on Truk Feb. 16-17. What it failed to mention, however, was that American battleships sailed close enough to the vaulted naval bastion to sink a Japanese cruiser trying to flee. The bold American maneuver was described in an interview at Pearl Harbor by Lt. Cmdr. William G. Privette, Chapel Hill, N. C., a torpedo squadron commander. Lt. Cmdr. Harry W. Harrison, 33, Miami Beach, Fla., a fighter squadron commander on the same carrier, related that after the first day's attack he saw only nine of about 30 ships left afloat in two anchorages, and three of them were burning. The officers agreed that Japanese air opposition was weak. Between 19 and 26 enemy ships were announced as sunk Japan, with unusual frankness, admitted the defeat. See AMERICANS Page 6

Worley Voted To Override Veto WASHINGTON, Feb. 25.—(AP)—The following is the way Texas voted when the house overrode President Roosevelt's veto of the tax bill. To sustain: Patton. To override: Beckworth, Dies, Fisher, Gossett, Luther A. Johnson, Kleberg, Lanham, Mahon, Mansfield, Russell, Thomas, Thomason, West and Worley. Paired to sustain: Lyndon B. Johnson and Patton. Partisans Invade Dalmation Isle LONDON, Feb. 25.—(AP)—Yugoslav Partisan troops have landed on the Dalmatian island of Brac just south of the port of Split and have taken a heavy toll of German forces garrisoned there, a communiqué from the headquarters of Marshal Josip Broz (Tito) said today. The communiqué, broadcast by the Free Yugoslav radio and recorded by the Associated Press, declared the landing was a "complete success." No further details were reported.

New Luxury Taxes Effective April 1 AUSTIN, Feb. 25.—(AP)—Increased excise taxes on cosmetics, liquor, beer, telephone and telegraph messages, will not be effective until April 1, the office of the collector of internal revenue said today. F. B. Parsons, chief collector for southern district of Texas, said if the new tax law had become effective Feb. 19, the levies would have been due after March 1. Five-One Garage 609 S. Cuyler Pl. 51

U. T. Regents Convene Today AUSTIN, Feb. 25. (AP)—University of Texas regents foregather today for committee sessions to be followed by a formal meeting. The agenda includes a report on the Hogg foundation and discussions concerning a university patent policy, a university press, a survey of medical and health needs of Texas, and a contract for admission as students of ex-servicemen and women under the veterans rehabilitation administration.

Huntsville German Prisoner Escapes DALLAS, Feb. 25. (AP)—The Dallas federal bureau of investigation office reported that a German prisoner of war, Edwin G. Kluckman, 26, escaped from Huntsville prison camp last night. Kluckman is not known to speak English, said the bureau, giving this description of the man: Five feet 6 inches; weight 144 pounds; with grey eyes, black hair, fair complexion and a scar on the left cheek.

Oranges, Liquor Don't Mix Well AUSTIN, Feb. 25.—(AP)—Oranges and liquor didn't mix for a Houston trucker. A liquor board inspector found 140 cases of illegal liquor under the oranges. The trucker and three helpers paid fines. The liquor was confiscated.

Today's Best LAFF DEFLATION NEW BRITAIN, Conn.—A policeman waiting for the start of a session of the New Britain police school casually remarked to a stranger outside the meeting room, "I suppose they'll have some winding up from Washington to speak to us." Registration Open Today For Red Cross Home Nursing Courses

Registration for Red Cross home nursing courses is now open to women of the Pampa community, according to Mrs. W. R. Campbell, home nursing chairman of the Pampa Red Cross chapter. A large number of women have indicated their intention to take the course, she reported.

Shamrock Forum Club Meets With Mrs. R. Dodgen

Special To The NEWS. SHAMROCK, Feb. 25.—The Forum Club met in the home of Mrs. Ruth Dodgen Thursday afternoon. Mrs. E. K. Bechtel was leader of the program on "Biography." The following program was given: Revolutionary War, Paul Revere, Mrs. B. F. Risinger; Civil War, General Robert E. Lee, Mrs. Ralph Coburn; World War I, Marshal Foch, Mrs. Aissel McDowell; World War II, Winston Churchill, Mrs. Winifred Lewis.

Refreshments were served at the close of the program. Guests included Mrs. Roy Boatright, Elaine Puckett, Walter Darlington, Jr., E. K. Caperton and Miss Bettie Boatright of Cordell, Okla. Members present were Mrs. R. M. Barkley, Bechtel, Sol Blonstein, Coburn, Shirley Draper, Lyle Holmes, Gus Lewicki, McDowell, Risinger, Scott, M. A. Whitehurst, Lewis and Seibert Worley.

Miami Young People Entertained In Home

MIAMI, Feb. 25.—Members of the Young People's department of the Methodist church and guests were entertained recently in the home of Mr. and Mrs. W. L. Russell, with Mr. and Mrs. W. D. Allen assisting. After an evening of games and music, the hostesses served refreshments to 35 attending. Mrs. Theo Jenkins, superintendent of the young people's department, and Mrs. Hall Nelson, counselor, and their husbands were among those present. Members of the Young People's department are being entertained once each month by a group of parents, and the next hostesses will be Mrs. Lawton Hofer and Mrs. Chas. Terry.

COUGHS or Bronchial Irritations Due to Colds

Here's good news for the people of the U.S.A. Canada's greatest cough medicine is now being made and sold right here. You can have a bottle of this cough medicine in your home. It's called "Buckley's CANADIAN Mixture." You can get it at any drug store. It's the only one you ever used—only one you should use.

Beginning early in March the course will be taught by local instructors. Miss Dolores Frey, Red Cross nurse from the Area office in St. Louis who had been engaged to conduct the courses, has been injured in an automobile accident, and will be unable to accept the assignment. "Prevention of illness is a major objective of the course," Mrs. Campbell said. "Just as a prime consideration of Red Cross first aid is accident prevention, the home nursing program is a Red Cross method of helping the American people avert illness or shorten its run."

She pointed out that already many persons in the Pampa community have been in previous home nursing classes conducted by the Pampa chapter, and are now relieving overworked physicians by guarding family health and caring for persons who are ill. "These Pampa women are part of a huge army of 533,483 persons throughout the United States who were helped by Red Cross last year to wage war on illness," she said. Although this concerted effort for home nursing is a result of the wartime gain on normal facilities, it is a need which will continue in peacetime. With the return from the battlefield of disabled servicemen, the American woman who has learned home nursing will feel more secure in meeting her post-war responsibilities.

"The goal of the Red Cross in providing this service is to prepare at least one person in every home to protect the health of the family and to provide good nursing care when the need arises," Mrs. Campbell concluded.

Mrs. Fred Thompson Hostess At Sunday School Class Tea

Mrs. Fred Thompson was hostess with a tea in her home yesterday for members and guests of the J. O. Y. Sunday school class of the First Baptist church.

Mrs. Z. H. Osborne presided at the guest register, and musical selections were played with Mrs. L. B. Paden at the piano. Mrs. J. A. Meek poured tea at an attractive table with rose buds and lighted candles forming the centerpiece.

Mrs. Kermit Lawson, special guest of the afternoon, reviewed the book, "Christ at the Peace Table." Mrs. Lawson and Mrs. Meek were presented corsages by the class. Registering were: Mmes. Paden, J. T. Keeney, E. B. Porter, Meek, E. Kilpatrick, Osborne, E. J. Zachry, S. C. Hanks, Cecil Miller, W. B. Frinklin, Autry Holmes, Don Egerton, L. L. Allen, H. Paul Briggs, Charles Walton, Fred A. Carver, T. H. Lockhart, T. J. Watt, Robert Page, Bob Tripplehorn, Rufe Jordan, Herman Dees, A. G. Crawford, Don Whitebury, A. B. Lockhart, and Thompson.

Guests were: Mmes. Lawson, Alma Roberts, W. E. Abernathy, and Mrs. Myron Spencer of Trinidad, Colo.

BUY BONDS. We, the Women

By RUTH MILLETT. In Los Angeles a judge granted a young woman a divorce when she complained that her husband objected to her smoking, derided her clothes, ridiculed her friends, disapproved of her general conduct, and the keep her eyes cast down as she walked along the street so that she couldn't look at other men.

The judge said that constituted cruelty—which just goes to prove that there is no more tolerance, respect and agreeableness demanded of husbands today than used to be expected of them.

Back in Gramma's day, a husband would have been expected to object to his wife's smoking—no matter how many cigars he smoked in a day himself. And no woman would have expected a judge to say a husband was cruel because he derided her clothes, ridiculed her friends and disapproved of her general conduct.

And no woman would have expected a judge to say a husband was cruel because he derided her clothes, ridiculed her friends and disapproved of her general conduct.

Couple Is Married In Formal Ceremony At Pampa Post Chapel

Lieut. Mary P. Cavanaugh, army nurse corps, became the bride of Lieut. Herbert S. Fisher, at 9:30 last night in a formal ceremony at the Pampa Army Air Field Post chapel with Lieut. Warren E. Murphy, assistant post chaplain, officiating.

The bride, who was dressed in regulated army nurse uniform, carried a prayer book from which hymn streamers caught with spilt carnations. She was given in marriage by Lieut. Col. Euclid M. Smith, Post surgeon. Maid of honor was Lieut. Helen R. Ehne, who also wore the regulated army nurse uniform. Lieut. Donald G. Sell served as best man.

Lieut. L. Martin Pearsall played "O Promise Me," "Moonlight and Roses," "Because," "I Love You Truly," and "Indian Love Call," at the organ during the ceremony. After the ceremony a reception was held in the officer's club. The couple will reside at 942 E. Francis in Pampa.

BUY BONDS. Mainly About Pampa And Her Neighbor Towns. A marriage license was issued here yesterday to Paul Gordon Wilson of Belton and Blanche La Rue Eagle of Panhandle.

BUY BONDS. The Belvedere Cafe Has the Beer for its dancing couples, who may dine or dance and drink beer, and they can also take Beer home. Open every night and on Sundays.

Methodist Women Study Schools In Service Meeting

Executive board session preceded the regular meeting of the First Methodist Women's Society of Christian Service Wednesday afternoon at the church. Mrs. W. Purviance opened the board meeting with a brief devotional from the scriptures. "Let not your hearts be troubled," Reports were given by each officer, and Mrs. Purviance read complete lists of all standing committees. Sixteen officers were present.

After singing hymns, Mrs. Joe Shelton opened the afternoon meeting with the devotional on "Faith" and closed her remarks by reading Grace Noll Crowell's "Faith," "Poems of Courage." "Students in Our Schools" was the program topic. Mrs. Hugh Anderson, each member answered roll call by naming a school maintained by the Women's Society of Christian Service. Schools discussed during the afternoon were Ritter Hall Wesleyan College, Athens, Tenn.; Jesse Lee Home, Sewart, Alaska; National Training School, Ketchikan, Alaska; Mo. Holding Institute, Laredo, Tex.; Scarritt College, Nashville, Tenn.; Vasti School, Thomasville, Georgia. Speakers and subjects were: "Alicia from Alaska," Mrs. Langdon; "Mary, Japanese-American," Mrs. Ed Weiss; "Jose from Mexico," Mrs. T. Cluge; "Dina from Brazil," Mrs. "Daphne from England," Mrs. Dan Leitch.

BUY BONDS. LeFors Arts Club Meets On Tuesday. "Juvenile Delinquency" was the topic of discussion for the LeFors Arts club on Tuesday evening, Feb. 22.

BUY BONDS. Mrs. L. B. Penick, program leader, explained the present causes of juvenile delinquency and parental responsibility in preventing these crimes. Vesta Grace James and Mary Joyce McDaniels gave the answers to the juvenile delinquency problems and offered some solutions.

BUY BONDS. Mrs. V. C. Holder with Birthday Party on Thursday. Mrs. V. C. Holder was hostess at a party yesterday afternoon honoring her son, Bobby, on his ninth birthday. Games were played, and prizes were given to the winners. Cake and ice cream were served to the following: Connie Dumas, Joan and Jim Parker, Freddie Woods, Don Davis, T. L. Smith, Ronnie, Donald Tommie, and John Mullins, Eva Made Allen, Ann Pollard, Bobby and Jerry Holder.

BUY BONDS. Announcement. Miss Lily Hundley, returned missionary from China, will speak tonight at 7:30 at the Central Baptist church, telling of her experiences as a missionary. The public is invited to attend.

BUY BONDS. IS YOUR CHILD A NOSE PICKER? Other warnings are: uneasy stomach, nervousness, itching nose. If you ever suspected roundworms, get Japne's Vermifuge today! JAPNE'S is America's leading proprietary worm medicine; used by millions for over a century. Acts gently, yet drives out every worm. Demand JAPNE'S VERMIFUGE.

BUY BONDS. The Marine Corps Romance that began with Calumet — as told to Kate Smith by Mrs. William D. Sayle.

"WHEN I was a girl I toured the Midwest and the South as a Calumet demonstrator," writes Mrs. William D. Sayle, of Crane, Ind. "And that's how I met my husband, Marine Corps!"

"Since those days our whole family have become Calumet fans—my mother, mother-in-law, and my daughter and daughter-in-law. "And now my husband is back in the Marines again. And I am still praising Calumet!"

"YOUR FAMILY is the loyal kind, I can see that," Mrs. Sayle, "Kate replies. "Of course, we all understand you in the case of our gallant Marine Corps!"

"But we women who do home baking understand your loyalty to Calumet, too—it's because of that famous Double-Action that makes success so sure."

"I'm sending you a rather out-of-the-ordinary Calumet recipe—easy, and it's low on the war-scarce ingredients—which is mighty important these days when 'Food Fights for Freedom!'"

Try Kate's Oven-steamed Pudding. 1 1/2 cups sifted Swans Down Cake Flour, 2 teaspoons Calumet Baking Powder, 1 egg, beaten until thick and fluffy, 1/2 cup sugar, 1/2 cup milk, 1/2 teaspoon vanilla.

SAVE! BUY BIG WARTIME ECONOMY-SIZED 25oz. CAN! CALUMET The Double-Acting Baking Powder A PRODUCT OF GENERAL FOODS

SPLEND

'Task Force' For Farms Is Planned

CHICAGO, Feb. 25—(AP)—The nation's agricultural army will have its own "task force" in the 1944 food production battle, a WFA expert says.

Col. Philip G. Bruton, war food administration director of labor, says the plan is to establish and maintain a mobile force of about 200,000 able bodied interstate and foreign workers who can be shifted on short notice to save threatened crops in critical labor shortage areas.

The "task force" would constitute only a small, emergency unit of the labor force of 12,000,000 persons who will be required at the peak of the nation's harvest. If production of another record crop to meet war demands is accomplished, he says.

WFA officials meeting Thursday with extension directors and farm labor supervisors from 12 Midwest states in the third of regional conferences said 4,000,000 of the total would be temporary or seasonal workers, including 800,000 women and 1,200,000 children, recruited from cities and villages in the U. S. crop crops community mobilization program.

With at least half of the 1,700,000 farm workers facing possible induction under new selective service regulations, senate farm committee members and four major farm organizations in Washington have begun a movement for modification of the revised draft rules.

"No one is trying to protect farmers from the draft," said Senator Bankhead (D-Ala.), "but we are concerned about food production."

The movement to relax the regulations has been endorsed by the American Farm Bureau federation, the National Grange, the National Council of Farmer Cooperatives and the National Cooperative Milk Producers federation.

Originally, a farm worker, in order to be entitled to draft deferment was required to produce eight war units—a measure of production computed by selective service. Under the new rules he must produce 16 units, and Bankhead estimates that with 69 per cent of the workers having produced more than 16 units in 1943, and allowing for some deferments on other bases, about half of the 1,700,000 now deferred workers face induction.

Hannegan to Speak At Dallas Saturday

DALLAS, Feb. 25—(AP)—State Democratic leaders here say that the response to a month-long campaign to raise \$108,000 in Texas for the Democratic party has been "generous," but adds no definite figures are available because reports from some districts are incomplete.

The campaign will be climaxed here with a dinner Saturday night, when Democrats from over the state gather to hear an address by Robert E. Hannegan, chairman of the national Democratic committee.

Former governors of Texas and the governors of Oklahoma, Texas, New Mexico, Louisiana and Arkansas have been invited to the banquet. Gov. Coke Stevenson of Texas, former Gov. Pat Neff of Waco, Gov. Homer N. Adkins of Arkansas and Gov. Robert S. Kerr have accepted.

Also expected for the occasion are Missouri's Sen. Harry Truman, Oklahoma Rep. W. C. Dancy of Tulsa and Texas Reps. Wright Patman, Texarkana; Paul Dillard, San Antonio; Lyndon Johnson, Austin and Eston W. Sumners, Dallas.

Myron C. Black, Marshall, national committee man from Texas, will be hosts at a luncheon Saturday to which all members of the state Democratic executive committee have been invited.

The only known U. S. source of tantalum is in the Black Hills of South Dakota.

From where I sit...

by Joe Marsh

Bob Newcomb was reading me a letter the other day—from his son in the Marines. Dick Newcomb's somewhere in the South Pacific, thousands of miles from home, yet he writes to ask:

"Tell me, Dad, do they still pitch horseshoes back of Ray? Is Johnny keeping my tools in shape? Are the trout still biting in Seward's Creek?"

Makes you realize what the men over there are thinking about. Sure, they're fighting for Democracy and Freedom and a Better World Tomorrow.

But the things they dream of coming back to are the little simple pleasures that mean home to all of us—like a home-cooked meal, a glass of beer with friends, a game of horseshoes in the backyard.

From where I sit, one of our most sacred obligations here at home is to keep those little things exactly as they remember them—to keep intact the world they're fighting for.

Joe Marsh

Every Little Bit Counts

With small, but willing hands, these Italian youngsters, do a man-sized job of repairing roads in Italy. Volunteers all, paid regular wages by U. S. government, they're pictured working under supervision of Sgt. Joe Scydowski (rear) of New Britain, Conn.

AMERICANS

(Continued from page 1)

struction of 18.

Associated Press Correspondent Vern Haignand, who accompanied "Little Beaver" Squadron on its successful patrol-raid beyond the Solomons, said the destroyers combated the one-busy shipping lines. "All they want is 10 pesos a week (about \$2) to live on and to go to the bluff."

Mexico City is a place of striking contrasts: the old and the new, the rich and the poor, those who have not enough to eat and those who have too much. You leave the street where gaily-clad charros wear sombreros costing 1,000 pesos, and before long you are on the desert, where the Indians still live in miserable straw huts. They milk agave plants with old pumps for pulque, wrap themselves in serapes at night. All they want is 10 pesos a week (about \$2) to live on and to go to the bluff.

Mexico City is a city culture, however, and those who do not speak Spanish have little difficulty in understanding themselves. The Mexican you approach or who waits on you probably speaks English.

A French star speaking his own language was appearing in a farce at the Bellas Artes, the finest theater in Mexico City. Ninety per cent of the audience of 3,000 were Mexicans, yet it was obvious that they understood the lines perfectly. We didn't, and felt rather ashamed.

There are so many interesting trips to be taken that you can't keep up—to Acapulco, Guadalupe, the pyramids, Tepozotlan, the volcano of Paricutin, Xochimilco, Cholula. If you want to go in for mountain climbing, Popocatepetl challenges from a range so close that you feel that you can almost reach out and touch it.

Acapulco, where saliffish bite and fight, is Mexico's Hawaii. All the miracles are supposed to have happened in the quaint Church of Guadalupe. The Texas and California missions were conceived 500 years ago in Tepozotlan's unbelievable chapel of gold. Xochimilco, Mexico's Venice. You ride gondolas in the light of the silvery moon. Little Cholula has 365 churches, one for every day in the year.

There is no gambling in Mexico outside of the government lottery and the newest and best-appointed racetrack in the world. Practically everybody sells lottery tickets. It apparently is an honestly-conducted venture devoted to social welfare—hospitals, etc.—that nets more than \$24,000,000 a year.

Mexico City has several jal-alai fronts, including the world's biggest and best, but they are shut down save for occasional matches between sports and is something in the way of a recommendation.

Nowhere on earth is there as much sports activity as in Mexico City. On Sunday alone there are 2,000 baseball, 1,000 soccer and 105 softball games. This is in addition to golf, tennis, racing, the bullfights and boxing at night.

Night life? Immediately following cocktails and dinner. At Ciro's for example, you dance to Everett Hoagland's music and that of a Mexican orchestra. At Sans Souci, you catch rhabba rhabba dancer, who performed at Buckingham Palace. She put Cuban rhythm in evening dress.

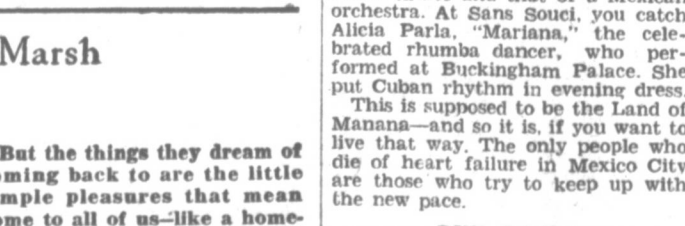

This is supposed to be the Land of Manana—and so it is, if you want to live that way. The only people who die of heart failure in Mexico City are those who try to keep up with the new pace.

Denison Postwar Development Seen

DENISON, Feb. 25—(AP)—The huge Denison dam, expected to start power production in 1945, was described yesterday for North Texas and southern Oklahoma civic leaders as the focal point for developing great postwar industrial enterprises.

The utility firm which will distribute the power is yet to be chosen, but a transmission line is under construction from the dam to the Texas Power & Light Co. switching station near Sherman. In Washington recently, negotiations were reported being carried on between T. P. Lewis, Dallas, of the war power administration for the dam electric output.

FUNNY BUSINESS

"He got hungry!"

Last Quadruplet Dies in Alabama

DECATUR, Ala., Feb. 25. (AP)—Dianne Hutto, last of the quadruplets born to the 23-year-old wife of an army paratrooper Tuesday, Thursday in Benevolent hospital.

Death, as in the cases of her two sisters and brother, resulted from "weakness and prematurity," hospital attaches said.

Her mother, Mrs. Spencer Edmund Hutto, 23, was in good condition. The father, Pvt. Hutto, 28, is here from Fort Benning, Ga.

Leach To Judge Stock In Pampa Show Next Week

T. L. Leach of the agricultural department, Texas Technological College, will be the judge at the sixth annual Gray county Junior Livestock Show, Thursday, Tom Cox, director of the show has announced.

A check up with vocational teachers at McLean and Pampa and the county agent's office indicates that about 20 baby heaves and from 35 to 40 fat pigs will be exhibited and placed in the sale at the show.

Among the calf exhibitors will be the following: Vernon Baggerman, who exhibited the grand champion calf last year, will have another calf this year. Johnny Baggerman, whose calf was second in the senior class last year, will have two calves this year and a young one in the junior division.

Donald Wilks Vincent, whose calf was 4th in the senior class last year, has another calf and his younger brother, Reuben, will be an exhibitor for the first time.

Don and Gale Montgomery will have calves in the show again this year. Don's calf last year placed second in the junior division.

Donald Wilks Vincent, whose calf was 4th in the senior class last year, has another calf and his younger brother, Reuben, will be an exhibitor for the first time.

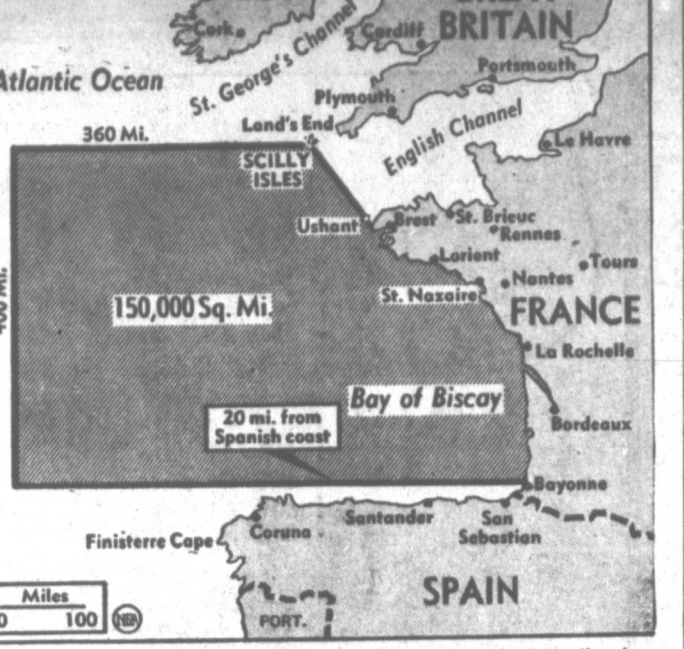

John Spearman, who exhibited the 3rd and 6th calves in the senior class last year will have two calves in the show again this year. Other exhibitors in the calf division include Doyle Lee, Abos Harris, Jr., Glenn Harris and perhaps others.

The fat pig division will find Jim McCracken, Bill Reeves, C. W. Osborn, Johnny Chilton, Don Walberg and Johnny Baggerman, winning exhibitors of last year, with entries in the show again this year. New exhibitors in this division include Kenneth Preston, Kenneth Davis, C. A. Myatt, Roy Nelson and others.

The sales committee, headed by Irvin Cole, reports the following business firms and individuals have signed up to purchase a calf at the show:

Brumley Food Store, Harris Food Store, McDonald Implement Company, Harvester Feed Company, Mitchell's Grocery, Panhandle Lumber Company, First National Bank, Lann R. Roberts, Gunn-Hinnerman Tire Company, Lyman Boy Lumber Company, Tull West Implement Company, Southwestern Electric Service and the Citizens Bank and Trust Company.

Britain Warns Neutrals: "Keep Out"

By declaring "dangerous to shipping" the 150,000 square miles indicated by shading on the map above, and warning that all vessels enter the area without permission at their own risk, Great Britain clamped tight pre-invasion blockade on the Bay of Biscay. Warships and plane patrol, plus mining of the blockade area, virtually shuts off approach to France by ships from Spain and Ireland.

SENATORS

(Continued from Page 1)

out the turmoil which for 48 hours threatened to rip the Democratic party into dissident pieces at the beginning of a presidential campaign.

Mr. Roosevelt took the first step toward harmony Wednesday night when he urged Barkley to reconsider his intention to resign.

Barkley told a Democratic caucus he was determined to go through with his resignation. In accordance with his wishes, it was accepted. The Kentuckian left for his private office. A few minutes later a delegation called on him to announce he had been reelected unanimously on an eye and no vote. He accepted the draft—and came out of the tangled situation with vastly increased prestige.

The tax bill which touched off the long-brewing trouble is estimated by congress to yield \$2,315,200,000 over a full year's operation. Discounting a social security tax freeze, Mr. Roosevelt calculated it would bring the treasury less than \$1,000,000,000. He had asked for \$1,500,000,000. The new excise rates will not take effect until April 1.

At the outset of today's session vice president Wallace recognized Senator Pepper (D-Fla.)

His voice trembling at times with emotion, Pepper boldly proclaimed his unwavering devotion to "liberalism" and Franklin D. Roosevelt.

With full knowledge, he said, that he stood with a small minority against overriding the veto, Pepper solemnly declared:

"I have nothing to gain except the inestimable satisfaction of expressing my own conviction."

If the issue simply were overriding the veto of a tax bill passed by congress, Pepper asserted, he would have voted with the majority. He said, said, that the defeat of the president on the tax bill might alter "the permanent course and character of our party."

Taking the floor after Pepper finished, Senator Lucas who usually support administration policy, said he disagreed with the Florida senator on the issue involved in the overriding vote.

"I'm voting on the issue of tax legislation, and tax legislation alone," Lucas said.

Wallace roll call followed.

Within a few minutes after the vote was announced the galleries thinned and senators hurried to the cloakroom.

Thus ended another act in the capital's most stirring political drama in years.

Added Newsprint Relief Not Sighted

SAN ANTONIO, Feb. 25—(AP)—Texas Newspaper Publishers Association delegates today entered into the last of their two-day conference devoted to discussions of wartime newspaper problems.

Harold S. Poley, executive vice president of the Powell River Sales Co., of Vancouver, B. C. told the group that he saw "no relief (in the matter of obtaining additional newsprint) until after the war and then there will be a year and a half thereafter before we can increase shipments. Our plant in Canada is sending to the newspapers of the United States a 16 per cent increase over 1939 shipments."

Lewis Huff, Dallas, of the war production board, described the salvaging of waste paper as a method of alleviating the heavy demand on pulp for war material.

Denison Postwar Development Seen

DENISON, Feb. 25—(AP)—The huge Denison dam, expected to start power production in 1945, was described yesterday for North Texas and southern Oklahoma civic leaders as the focal point for developing great postwar industrial enterprises.

Dime Paid For 12 Dead Japs

BOUGAINVILLE, Northern Solomons, Feb. 25—(AP)—The "Dime a Dozen Club" has been organized among American soldiers who volunteer as snipers to pick off Japanese in the jungles of Bougainville.

The commanding officer will award a dime for every 12 enemy troops killed. The club members agree it's a "reasonable price."

RED CROSS

(Continued from Page 1)

adding steam coils to wooden vats; use of chemicals.

He told of the use of four types of treaters, outlined how to determine the kind best adapted to oil men's needs.

Preceding the program, R. B. Saxe of Berger, chairman of the chapter, explained that the meeting was the first held this year and the first of a series of six that would be held; that the API was a trade association designed to promote the oil business; and in addition, desired to do all it could to aid all patriotic endeavors.

Saxe recalled how the API had aided in the scrap metal campaign last year, as well as the 1943 Red Cross roll call, and mentioned Joe Wells and Walker Dean as members of the local chapter heading committees in the current drive.

He introduced Don Carmichael, Berger, chapter secretary-treasurer, Wells and Dean. Wells made a brief talk, and introduced the Reverend Boshen, while Saxe introduced Glasgow.

Dallas Bowsher, program and entertainment committee chairman, was in charge of the program.

Preceding the meeting, Glasgow was a guest of the chapter at a supper at the Schneider hotel.

New Massacres By Germans Reported

MOSCOW, Feb. 25—(AP)—A Red Star dispatch from Krivoi Rog says the Germans had destroyed that mining center in the Dnieper bend and executed 17,000 Russian civilians and buried them in a mine at Valivka.

The Red Star's correspondent, Maj. Khiren, said the Red army discovered the bodies at the bottom of the mine.

more. The out-of-town letter rate remains at 3 cents. The in-town letters, beginning 30 days hence, must carry 3-cent rather than 2-cent stamps. Air mail charges rise from 6 to 8 cents per ounce.

5. The social security payroll tax rate is frozen at 1 per cent for the rest of 1944.

6. Numerous changes become effective in the war contracts renegotiation law, including an amendment which opens the way for contractors to appeal to the courts from renegotiations they consider unfair. Next Dec. 31 is set as the termination date for renegotiating war contracts for recovery of "excessive profits," although the president is given an option to set the date forward or backward as much as six months if he deems it necessary.

7. Labor unions, farm cooperatives and other organizations are required to make annual financial statements to the treasury, although no tax is imposed.

There is no increase in the corporation normal or surtax rate of 40 per cent.

The new law embodies myriad stipulations affecting business and industry, intended to deal with war profits, erase discriminations, close loopholes and encourage industrial production.

It exempts from taxation sums to servicemen and women as matter out pay.

It makes duty free the importation of lighter weight newsprint, during the war emergency.

Jug, Chick, And Byron Favorites In Orleans Open

NEW ORLEANS, Feb. 25.—(AP)—The dopesters leaned to Harold "Jug" McSpaden, Byron Nelson and Fyt. Melvin (Chick) Harbert today as 43 professionals and 38 amateurs began play in the first round of the \$5,000 New Orleans open golf tournament.

Harbert crowded into the tight little circle of favorites yesterday in the pro-amateur tourney. He shot a four-under-par 68 to lead the professionals, pounding out six birdies.

Harbert is on leave from the air forces training command at Lincoln, Neb. He recently finished fourth in the San Antonio open with a 378, despite the fact "it was the first round of golf I'd played in five months."

McSpaden and Nelson also came by their status with the experts legitimately.

McSpaden has won three out of five big winter tournaments and Nelson has been dogging his heels most of the way, winning the San Francisco open.

McSpaden carded a 70 yesterday to tie with Jimmy Hines for second best individual score. Nelson was one over par with a 73 but said his game was "just about what I expected."

Pepper Says He Still Has Pepper

OKLAHOMA CITY, Feb. 25.—(AP)—Pepper Martin said tonight he might not be quite as fast as in the days when he was stealing all bases in sight, but that he could still beat a lot of fast men in a 90-yard-or-even 60-yard-race.

Martin will play for the St. Louis Cardinals again this season after a four-year layoff.

Cager With Bad Heart Breaks Major College Scoring Record

By CHIP ROYAL
AP Feature Sports Editor
NEW YORK—Ernie Calverley always has been on a winning team. That's why the Rhode Island State basketball ace was tickled pink when the army air corps took him March 28, 1943.

Ernie says he cheered when he was assigned to Keesler Field, Miss. Three months later he was ordered to take a physical examination.

Ernie Calverley looks like undernourished son of librarian, but scored 303 points in 11 games.

STRIKES SPARE!

By JIMMY SMITH
Kingpin of the Temples
Greatest producer of strikes is the hook, but it is the most difficult deflection to master.

In rolling a hook the ball is held so the "V" between thumb and forefinger points toward the head pin. The ball is released on the alley anywhere between eight and 12

The hook boards from the right hand gutter depending on the run of the alley. This is determined by experimentation.

The ball tracks in a straight line toward number three or six pin. Shortly before reaching the pins it breaks sharply into the one-three pocket.

This reduces deflection of the ball off the pins and carries through to catch the five pin even, thereby often getting strikes where straight balls would leave two pin spares or splits.

Also the spinning ball imparts its spin, causing spitter strikes which you seldom get with other types of rolls.

Turn To Page 10 For Additional Sports

eye to the fact that from that time on, he played night and day, summer and winter, indoors and outdoors.

The team that boasted Ernie Calverley always won the championship as it grammar school, high school or college. He was a member of the Rams who won the New England honors last year. That's why Ernie is sure they can't miss again this year.

The fans who saw Ernie perform recently in Boston against North-eastern will agree that he has plenty of stuff. He was battered from one end of the court to the other, forced out of the game with an injured ankle, limped back when the team didn't have any other substitute, and made 19 field goals and 10 fouls good during the evening for a total of 48 points.

It's a funny thing about Calverley's heart. It doesn't bother him playing basketball even though doctors have gone on record as saying the cage sport is tough on the ticker.

As a matter of fact, Ernie is usually tagging at the traces to get Coach Frank Keane to keep him in the game the full 40 minutes.

Talk of Curbing Kurland Reminds Iba of Babe Ruth

By NEA Service
STILLWATER, Okla., Feb. 25.—Controversy over what to do about Bob Kurland, Oklahoma A. & M. seven-foot basketball player, reminds Coach Hank Iba of the days when Babe Ruth was slamming out homers.

"There was talk of higher fences," says Hank, "and every winter there was more talk of legislation to 'break up the Yankees.' Time cured it all, however, and that's the way it will be with Kurland."

"Bob, you know, one of these days will graduate."

It must be noted that Iba spoke without enthusiasm.

Miami Opens Cage Tournament Tonight

SPECIAL TO THE NEWS.
MIAMI, Feb. 25.—A basketball tournament in which eight teams will participate will be held in Miami tonight, Saturday and Saturday night.

The first game will be played at 7 tonight. This will probably be Kelson and Adrian. Claude and Miami will play the second game; LeFors and Hight; Shild; Cronon and Vega, fourth; two games Saturday morning, two Saturday afternoon and two or three Saturday night. Winners will play winners, and losers will play losers.

Two trophies will be awarded, one to the undefeated team and one to the consolation bracket.

An all-tournament team will be selected by the coaches and officials of the tournament.

A special award will be given the best all-round boy decided by sportsmanship, technique, courage and generalship.

NOT ALL THE ANSWERS
Dunham maintains that a good schedule and sound coaching will do the trick. . . . Back in 1928, Western Michigan took on Chicago and Notre Dame, its first major rivals; for the past 10 years Western Michigan has made a .534 average against Big Ten colleges. . . . The boys like to play this kind of opposition, the college provides plenty of good coaches and as a result the varsity had a turnout of about 60 candidates to spend money on baseball. After the war I am planning to send the baseball team on a tour of the Middle West and East, playing representative schools.

ONE MAN'S OPINION
"Any college can do the same thing if the athletic heads are willing to work," Dunham argues, "if the teams are consistently poor, it means that the coach is lazy."

Childress Whips Lubbock to Take Bi-District Title

CHILDRESS, Feb. 25.—The Childress Bobcats won the bi-district basketball championship of District 1-AA and 2-AA here last night when they defeated the Lubbock Westerners 54 to 25 in a rough game.

The Bobcats had defeated Lubbock in the first game of the series at Lubbock Tuesday night 38 to 23.

Jumping into the lead in the first round, the Bobcats never relinquished their margin and won without trouble.

Curtis Cotton, Childress, center, led the scoring with 16 points.

Loss Of Players Doesn't Faze Mack

PHILADELPHIA, Feb. 25.—(AP)—The war wiped two more names off Connie Mack's Philadelphia Athletics roster today, but he is downhearted? No.

Told that Outfielder Joe Moore is joining the navy and Infielder Rip Radcliffe plans to stay on his Tulsa, Okla., war plant job, Connie commented:

"I'm quite sure we won't lose any more players now, though no one can tell. We've a number of 4-F men and men discharged from the service."

Make Things Hum-um

Bob Hume, Michigan's track captain and his twin brother, Ross, a team in themselves, form half the Wolverines' championship two-mile relay quartet, which triumphed in Millrose games at Madison Square Garden. Ross captured Big Ten mile title last year.

Game Every 45 Minutes In State Cage Play-Off

AUSTIN, Feb. 25.—(AP)—Schoolboy basketball teams from all parts of the state will play off one game every 45 minutes for three days in the annual state tournament here next week.

The interscholastic league today completed the tight schedule, and all that remained was to fill in the names of the competitors which will be decided before this week-end in regional play-offs, said Rodney J. Kidd, league athletic director.

The tournament starts Thursday at 9 a. m., and ends Saturday night. All except Saturday morning games will be played in Gregory gymnasium at the University of Texas.

One round of the tournament will be moved to Austin High school due to conflict with registration of university students for the spring semester on Saturday morning.

Finals on Saturday afternoon and Saturday night will be returned to Gregory gym.

Regional play-offs in the state's eight regions are being held this week, with winners due to be determined by this week-end, Feb. 26, Kidd said. Certification of winners to the state league headquarters here must be made by regional chairman promptly, he added.

Twenty-four teams—regional winners in each of the three conferences—are expected to compete in the state tournament, representing the state's flashiest basketball talent out of an estimated 9,000 schoolboy players who started the season.

Kidd said 784 schools entered the tournament this year, compared to 568 last year with 6,864 players participating.

Schedule for the tournament:

Thursday—9 a. m. to 12:45 and 2 p. m. to 3:15; Conference B preliminary round; 3:15 to 5:45 and 7:15 to 9:45. Conference A preliminaries, at 45 minute intervals.

Saturday—9 a. m. to 11:30, semi-finals Conference B; 11:30 to 12:45 and 2 to 3:15, semi-finals Conference A; 3:15 to 5:45 and 7:15 to 9:45. Conference AA preliminaries.

Saturday—9 to 11:30, semi-finals Conference AA; 11:30 to 12:30, consolation Conference B; to 3:15, finals Conference B; 3:15 to 4:30, finals Conference A; 4:30 to 5:45, consolation Conference A; 8 to 9:15, consolation Conference AA; and 9:15, finals Conference AA.

Hoosier Klein Vows He's Still Good at 39

PHILADELPHIA, Feb. 25.—(AP)—Charles Herbert Klein shed his clothes, his dignity and several pounds today in a determined—not to say violent—attempt to prove that he's still rugged enough, at 39, to knock the hide off anything a National league pitcher can throw.

The hard-hitting Hoosier is so serious about his comeback as a player that he made the acquaintance of a rowing machine, lifted a flock of weights, pedaled an imaginary half-mile on an elevated bicycle and even submitted to incarceration in a steam cabinet.

And although this display of pre-season training might cost the Phillies front office money, on the theory that a batter is worth more than a coach, General Manager Herb Pennock looked on with beaming approval.

"If he's in as good shape as he looks, he's really going to see a lot of action," Pennock said.

Mexico City Extends Hipodromo Season

By NEA Service
MEXICO CITY, Feb. 25.—The current meeting of the Hipodromo de las Americas, now in its second season, has been extended to May 21. The additional racing period gives the Hipodromo a total of 95 days of racing. Approximately \$200,000 (U. S. C.) additional will be distributed to horsemen in overnight races and stakes.

The total disbursement for the entire racing season from Oct. 23 to May 21 in purses and stakes to owners will amount to \$714,450 (U. S. C.).

BUY BONDS

Curtains Tomorrow For SW Cage Season

COLLEGE STATION, Feb. 25.—(AP)—The last shots of the 1944 Southwest conference basketball campaign will be fired tonight and tomorrow night when the Arkansas Razorbacks—seeking a double victory and a tie for the championship—clash with the luckless Texas Aggies.

Arkansas has nine victories and one loss—the lone defeat at the hands of Rice, which already has finished its schedule with eleven wins and one reversal. The Aggies haven't won a conference game; in fact, haven't come close to winning one. The opposition has scored an average of 63.9 points against the Cadets.

Therefore, should A. and M. rise up and beat the Razorbacks it would be the major upset of the season.

Market Briefs

WALL STREET

NEW YORK, Feb. 24.—(AP)—Large scale buying of utilities and industrial specialties helped offset profit-taking in recently advanced rail stocks today and market favorites advanced fractions to a point with isolated climbers registering wider swings.

Turnover of more than 1,600,000 shares was one of the best of the year to date. Principal activity, however, was in the forenoon when blocks running to 25,000 shares of low-priced power and light company issues dotted the ticker tape. The day closed after midday.

Patsy & Clifford pushed up one point. In front were western Union "A", Consolidated Edison, North American Public Service of N. J., American Can, Decca Aircraft, Warner Bros., Paramount, Sears Roebuck, Montgomery Ward and U. S. Oxygen. Stocks, Motors, Rubbers and Coppers were narrow. Laureate included Bank of Chicago & Ohio, N. Y. Central, Texas Co. and General Electric.

FORT WORTH GRAIN
FORT WORTH, Feb. 24.—(AP)—Wheat, No. 1 hard 1.71 1/2-77; No. 2 white milo per 100 lbs. 2.30-33; No. 2 white kafir 2.28-31; Oats No. 3 white nom 94-95; Corn and barley at northern shipping point ceiling prices plus freight.

CHICAGO GRAIN
CHICAGO, Feb. 24.—(AP)—Grains advanced today on buying which came mainly from local traders, some of which were attributed to covering by previous short-sellers. The market opened lower, 7/8 cent dropping about a cent, and then reversed itself after the first half-hour. From that time on, the trend was upward. Buying expanded after the house overrode the president's veto of the tax bill. Although there is nothing in that bill which has any influence on grain prices, traders were watching the Washington political scene closely. They saw a possibility that the clash between the president and congress might have a reflex on price control legislation when it comes up for renewal later this year.

Final prices were at the day's high. Wheat closed on gains of 1-1/8, May \$1.50. Oats were up 1/2 cent, May 79 1/2. Rye was about 1/4 higher, May \$1.25 1/2.

CHICAGO GRAIN TABLE
CHICAGO, Feb. 24.—(AP)—Wheat: Open High Low Close
May 1.50-1.68 1.71 1.65 1.67 1/2
Sep 1.64 1.65 1.63 1.65 1/2
Dec 1.64 1.65 1.64 1.65 1/2

Sid Patterson Gels Commission in Navy

Sid Patterson, manager of the Pampa Motor Freight Lines here, received notice yesterday afternoon of his appointment as a lieutenant (jg) in the United States Navy with orders to report for active duty at San Diego, Calif.

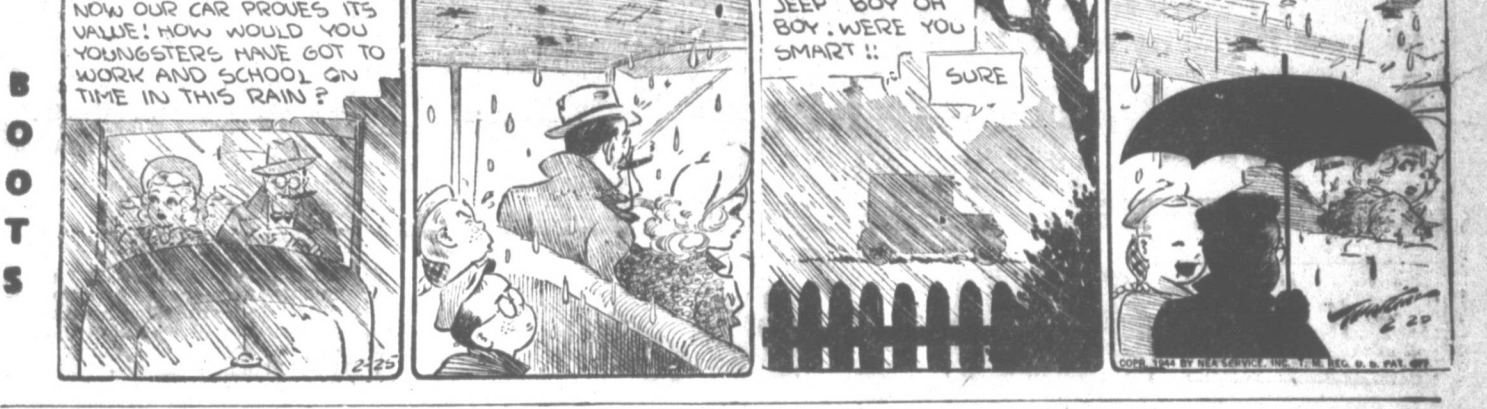

Lieut. Patterson, a graduate of the University of Oklahoma in 1934, will take over duties in the transportation division of the naval air center at San Diego. Mrs. Patterson and her two children Jo Ann, 4, and Sid, Jr., 19 months, will remain in Pampa for the present.

Lieut. Patterson will leave Pampa next Thursday after visiting with his parents in Norman, Okla., over the coming week-end.

Manager of Radio Station KPDM from 1937 to 1940, Patterson entered the transportation business with Pampa Motor Freight Lines in 1940 and has held the post of manager for that company up to the present.

Today's Sacrifice Can be Tomorrow's Happiness

The War Bonds you buy today are the blue prints of peace... from which to build a better life after Victory is won. For... there won't be any happiness tomorrow if you fail in your duty to fight for all you hold dear... and if you can't fight with a gun you CAN buy War Bonds... 25% of your weekly pay if possible! There can be no sacrifice too great! no luxury is so much a part of daily living that you can't do without it if it means more money for War Bonds. Invest in the future happiness and security of your family by purchasing all the War Bonds you can now.

WE HAVE A PLAN for the FUTURE...

We're using 25% of our income to buy War Bonds now. Of course it means doing without a lot of little pleasures and comforts—but nothing about war can be pleasant or comfortable! While our boys are dying for freedom, the least we can do is back them up buying the bonds that can help end this war soon! Now here's our plan for the future: when Victory is won, we'll have enough money in War Bonds to buy and furnish the home we've always dreamed of; the electrical equipment and car we shall have done without so long.

How about your family's plans for the future? Buy as many War Bonds as you can, to win the Victory and to help provide for your peacetime happiness.

Chewing Gum, Marbles Opens Gilbert Homes

By PAUL BEAM
 ADVANCED BASE TFF U. S. AAF, Central Pacific, Feb. 25—(AP)—Take along a carton of chewing gum and some dime store marbles when you go shopping in the Gilbert Islands and you'll bring plenty of souvenirs and maybe get invited to a native dancing party.

Lava Lava (bright colored cloth) is the standard of trade. Chewing gum and marbles were the opening wedge I used to pry myself into the good graces of the local chamber of commerce in two villages.

Here is one system that worked on two different atolls:

Stroll through the village and indicate a willingness to trade for almost any native gadget. Take a look at everything they bring out of their palm thatched houses but be careful and don't handle the merchandise because if you take anything in your hands they consider a deal has been made. When the bargaining price is too high, give them a grin and a free stick of gum to prove you are still friends. Another native will offer the same type of mat or basket at a lower price. The grin is easy because the chocolate colored Gilbertese are natural comedians and can put a joke across without words.

Lacking bright colored cloth I traded off a sheet, half a dozen pair of undershirts and shorts. A slightly faded but still deliciously colored Hawaiian aloha shirt and a half carton of cigarettes for three large bed size mats, four or five fine baskets and a grass skirt.

In one village I stood around half an hour, doling out an occasional stick of gum and admiring the babies and children were shooting marbles out of a ring on the ground, calling "knuckles down" in imitation of me. They left out a subdued whoop of pleasure every time they shot a marble out of the circle.

There were no signs of gambling games, but the Gilbertese would

The German photo above, obtained through a neutral source, shows a 2 1/2-ton 88-mm. cannon being loaded on an ME-323 "Gigant." Germans claim the "Gigant" is world's largest land aircraft, 93 feet long, with 181-foot wingspread. Reports say it carries 130 men and their equipment.

make natural crack shooters. When I gave a boy another stick of gum in reward for a good shot, the older caught on quick and started waging their gum on the new game. The combination of gum and marbles proved irresistible to all of the villagers, and after the English-speaking boy vouched for me—with gestures—the village fathers accepted me as a friend.

Worley Stops Work On Vote Bill to Get Windmills Repaired

WASHINGTON, Feb. 25—(AP)—Congressmen of necessity sometimes have to spend a lot of their time on national matters, but they seldom consider anything in their district too inconsequential to take up promptly when their constituents back home are interested.

For example: Rep. Gene Worley of Shamrock, up to his neck in work on the soldiers' vote bill by virtue of his sponsorship of the legislation in the house, got a call from his Panhandle district saying that high winds had wrecked a lot of windmills.

Repair parts were needed urgently but priorities had to be obtained from the war production board. He lost no time in taking the matter up with the WPB.

Badminton Tourney Starts at Baylor

WACO, Feb. 25—(AP)—Competition in Baylor university's USO-sponsored fifth annual badminton tournament opens here today.

Seeded first and second in men's singles were Lt. Carl Lange of Camp Howze and St. Louis and Sgt. Stig Larson of Camp Wolters, both nationally-ranked players. Larson and L. N. Douglas of Baylor, also nationally-ranked, hold top seeding in men's doubles.

Wac Dell Varkhull of Camp Hood and Seattle, Wash., only woman ever to cop national singles, doubles and mixed titles, and Mary Honaker of Baylor and Waco, Southeast women's champion, are due to fight it out for top women's honors.

Larson and Wac Varkhull have been seeded first in mixed doubles, with Douglas and Honaker No. 2. Wac Varkhull and Charlotte Lane of Denton hold a slight edge over the field in the women's doubles.

Finals are scheduled for tomorrow night.

Joe Tinker Wants Baseball Unchanged

ORLANDO, Fla., Feb. 25—(AP)—Joe Tinker, 63-year-old diamond veteran whose exploits as a member of the famous "Tinkers-Evers-Chance" double play combination thrilled fans four decades ago, thinks the game of baseball has been perfected to the point that it will require no major changes for years to come.

"They can't change baseball," the gray-haired former star said today as he relaxed in a lawn chair at his Lakeside home where he is convalescing after four weeks in the hospital. He was critically ill of influenza and complications.

"If they lengthened or cut down on the 90 feet between bases it would ruin the game," he observed.

Griffith Given Fake Chance To Make Hall of Fame

By NEA Service
 WASHINGTON, Feb. 25—Clark Griffith is conceded the best chance of crashing baseball's Hall of Fame when the next election is held, Jan. 15, 1945.

Griff won more than 200 games as a pitcher, was a successful manager and the Washington club's president was named the game's outstanding executive of 1943.

The Old Fox spent part of two centuries on the diamond and is in a position where much attention focuses on his work, keeping him in the attention of those accredited to propose new members.

Mexico Organizes New Baseball League

TORREON, Mexico, Feb. 25—(AP)—Mexico has a new professional baseball league, comprising Northern Mexico cities, which was formed yesterday under the name, the National League.

The season opens April 13 for the league, whose membership includes Torreon, Saltillo, Chihuahua, Parral, Gomez Palazto and another club to be named.

The total effect has been to strengthen the morale to resist, rather than to give up.

Dodds To Receive Sullivan Memorial

FALLS CITY, NEB., Feb. 25—(AP)—It will be a proud moment for Gil Dodds, Boston divinity student from the tracks, when he receives the James E. Sullivan Memorial trophy in New York Sunday night—his reward for being selected the country's outstanding amateur athlete in 1943.

And Lloyd Hahn, Southeast Nebraska farmer who started the star miler on his way to fame on the track, will be equally proud and regrets he will be unable to attend the Sullivan presentation.

Layton Hired As Director's Rider

MIAMI, Feb. 25—(AP)—J. R. Layton, who only two years ago gave up racing dogs to begin riding horses, will have the coveted seat atop the favorite in tomorrow's \$15,000 Flamingo stakes—thanks to a lucky break.

The skinny jockey wasn't burning up the tracks until Trainer G. R. Bryson happened to notice his style of riding and decided that it is "made to order" for Director J. E. Oso, the good looking colt which will be the public's choice in the big Hialeah event for three-year-olds.

Henie Beats Nazis To 451 Trophies

BEVERLY HILLS, Calif., Feb. 25—Sonja Henie, who won 10 straight world and three Olympic figure skating championships, has 451 trophies in her room in her Beverly Hills home. The Golden Girl values the collection at \$462,000. The trophies were gotten out of Oslo before the Nazis checked in, were secretly in New York for some time, reached their ultimate resting place only this season.

Texas Aggies Call Baseball Recruits

COLLEGE STATION, Feb. 25—(AP)—Nine boys with high school pitching experience were among the 96 who reported yesterday to Coach Homer Norton and heard him outline plans for the Texas Aggie 1944 baseball season. Official practice begins March 1.

"We will not beat everybody but we will beat somebody—and we all will have a lot of fun," said Norton.

What, No Butcher?

MILWAUKEE, Wis.—Whose sons are playing college basketball? Diversified are the professions and occupations of dads of boys who make up Marquette University's first string squad this winter.

Two are doctors, two factory foremen and two electricians. The other 10 include an insurance man, realtor, watchmaker, undertaker, petri-wholesale milliner, chemist, merchant, machinist, war manpower official—and a coach, William S. Chandler, Sr., of the Marquette quintet.

Politas Win First Game

ST. LOUIS, Feb. 25—(AP)—The Politas girls' basketball champions from Mexico, broke a three-game losing streak Wednesday night by defeating the Emerson Electro Co. girls' team 26 to 19.

Three More Yanks Sign

NEW YORK, Feb. 25—(AP)—Signed contrary to pitcher Ernie Bonham, infielder Don Savage and Coach Johnny Neun were received today and raised to 10 the members of the New York Yankees officially in the fold for the 1944 big league baseball campaign.

Government Life Insurance Carried by More Than 90 Per Cent of U. S. Navy Personnel

WASHINGTON, Feb. 25—(AP)—Government life insurance is carried by more than 90 per cent of U. S. Navy personnel.

German Civilian Morale Improves, Says AP Writer

(Taylor Henry, writer of the following dispatch, arrived in Spain Thursday after being a prisoner of the Germans since November, 1942. He was chief of bureau for the Associated Press at Vichy when the Germans took over there, and was interned. He is returning to the United States with 600 other citizens of the Americas including 88 wounded U. S. aviators who are being exchanged for a similar number of Germans.)

IRUN, Spain, Feb. 25—(AP)—American diplomats, newspapermen and relief workers left Germany after 13 months of internment with this generally-expressed opinion:

Germany can be defeated on the actual field of battle although morale in that country actually has been strengthened during the last six months.

One of the most striking points to an observer inside Germany is the fact that the defeat of the Nazis must come through the defeat of their armed forces.

There is almost no sign visible to a careful observer that an internal collapse is worthy of consideration as far as the people as a whole are concerned.

Equally striking is the decrease in German fighting strength which became apparent as their morale increased.

One of the most essential points on which competent observers of the American interment group are convinced is that the American and British people must be made aware that there is no possibility of an internal collapse among the German people since such has come in 1918, and that victory will depend on force of arms.

From January to June, 1943, German people such as came in 1918, termment can honestly be described as neither good nor bad. It seemed as if the mass of the German people did not have a war on their hands.

In the last six months the situation has changed completely. With losses on the eastern front and the air raids, the Germans have begun to realize that they have a war on their hands.

The total effect has been to strengthen the morale to resist, rather than to give up.

The German consulate general in Milan has announced that German shall henceforth be the official language in Italy.

Testimony In Phillips Trial Being Heard

OKLAHOMA CITY, Feb. 25—(AP)—Fred Lowe, state witness and self-identified pay-off man in a parole conspiracy case against former Gov. Leon C. Phillips, testified in Phillips' trial Thursday about his part in the \$8,000 shakedown of a convict's wife.

Lowe, who has told of cutting Phillips in for \$500 of his own \$1,500 share of the money, said he broached the offer to the former governor the subject of obtaining clemency for the prisoner, Dr. J. W. Eisinger, a life term.

The witness declared he told Phillips that \$1,000 had been offered by W. A. Strong, a former legislator who was employed by Mrs. Eisinger to try to get her husband

released early in 1942.

It was suggested in talking with Phillips that the money might be used to hire an attorney, the witness said. Such a procedure is not unusual.

Lowe testified he knew nothing of a contract that the convict's wife had made with Strong to pay \$8,000 cash for a pardon, and that he had been led to believe that the \$1,000 was about half of what Strong was to get.

Another state witness, C. D. McNally, erstwhile private investigator, testified he told Phillips of the \$8,000 deal after a parole had been issued for Eisinger. He said the governor expressed surprise at the amount and said he had been informed it was about \$6,000.

McNally also related that Phillips picked up the telephone and declared he would have those two men arrested, but that he was dissuaded by his own parole investigator, Robert P. Fitzgerald, with the reminder that Fitzgerald had recommended clemency for the

Oil Economy Sound, Says Bank Head

NEW YORK, Feb. 25—(AP)—Analysis of factual data from 30 oil companies indicates the oil economy is functioning soundly and effectively, Joseph E. Fogue, vice president of the Chase National bank, says.

Fogue told the American Institute of Mining and Metallurgical Engineers the American petroleum industry generates the capital needed for its expansion almost entirely from its own operations.

Quoting from a study over a nine-year period made of operations of 30 companies producing 84 per cent of the nation's total output of crude oil and 79 per cent of that run to stills, Fogue estimated the industry increased its crude production by 57 per cent and refining capacity by 43 per cent, compared with an expansion of 25 per cent in gross fixed assets, 19 per cent in net fixed assets and 11 per cent in borrowed and invested capital.

"The combined results of the group indicate a declining trend since 1927 in the capital expenditures for each barrel of crude oil produced," he said. He estimated capital expenditures for the nine years amounted to \$650,000,000 of which 58.3 per cent went into crude oil producing facilities.

Fogue said the sound economic structure of the industry was due to the conservative policy of paying out a relatively low percentage of net income in the form of dividends. "The net working capital of the group increased \$380,000,000 over the period," he said, "and the industry is in a favorable position of liquidity."

The former governor has asserted that he received nothing, did not know of the payoff when the parole was issued, and that he offered to help Mrs. Eisinger afterwards but that she did not accept his proffer.
