

Market Briets

WALL STREET
NEW YORK, Jan. 13.—(AP)—Associated stock favorites rose to higher brackets today although market leaders generally operated somewhat apathetically at moderately lower levels.

The listing ranks became well populated after a slightly uneven opening. Declines, running to a point or more at the worst, were reduced in many cases near the close. Blocks of 10,000 to 25,000 shares of United Gas Improvement, off 1/4 to 3/8, helped volume which otherwise was rather slack. Transfers for the full stretch approximated 700,000 shares.

Special situations attracted such bids as appeared. The president's budget message failed to excite speculative and investment quarters as it was about in line with forecasts.

U. S. Medicine Faces Big Job After Victory

GALVESTON, Jan. 14.—(AP)—America's position as a post-war physician helping to provide medical and health care to a stricken, war-ravaged world was envisioned today by Dr. Chauncey D. Leake, dean and executive vice-president of the University of Texas school of medicine.

Simultaneously, Dr. Leake outlined the proposed contribution of the Galveston educational institution toward such a program: "Cautions for the school's need of additional funds for enlarged laboratory and hospital facilities and a greater teaching force to help meet the demands of current and post-war medical education; and—

Warned against what he described as the "tendency toward too early specialization" by doctors.

"It is our general opinion that while the way may be won in Europe this year, it may continue for some time in the Pacific," said Dr. Leake. "It is also our opinion that we will be required to furnish expert medical and health care not only for our own troops who may have to remain abroad for policing purposes, but also for many peoples throughout the world who will not have adequate health services unless this country provides it."

"The great medical schools on the continent of Europe will probably take many years to develop again their former state of efficiency," he continued. "There is not much likelihood that the medical schools of the British Commonwealth of nations can train many more men for medical service than is now the case."

"Russia, of course, has a greater number of extremely fine medical schools, and is turning out an enormous number of skilled physicians. We may have to assist in helping to provide medical teachers in China, as well as in other parts of the world."

"Accordingly, it is our opinion that we will probably be under considerable pressure to maintain a heavy teaching program in medicine for many years to come."

The war is a profound stimulus to medical thinking, observed Dr. Leake.

"We're certainly not likely to revert to our pre-war status of training here at Galveston," he said. "On the other hand, I doubt that there will be very much need to maintain a war-type program. I think there will be an in-

Order Entered In U. S. Suit Against A. P.

NEW YORK, Jan. 14.—(AP)—A special three-judge federal court restrained the Associated Press perpetually from observing by-laws which permit members to consider the competitive effect of an application for membership, but declared that the news-gathering cooperative might restrict admission on other grounds.

The judgment reduced to a formal order the court's opinion of last Oct. 6 in the government's civil anti-trust suit filed Aug. 28, 1942.

Either side now has 60 days in which to appeal to the supreme court of the United States and meantime the judgment is stayed.

In declaring illegal by-laws under which AP members may take into consideration "the effect of admission upon the ability of (an) applicant to compete with members in the same territory and field (morning, evening or Sunday), the court stipulated:

"Nothing herein shall prevent the adoption of the Associated Press or news or amended by-laws which will restrict admission, provided that members in the same city and in the same 'field' as an applicant publishing a newspaper in the United States of America or its territories, shall not have power to impose, or dispense with, any conditions upon his admission and that the by-laws shall affirmatively declare that the effect of admission upon the ability of such applicant to compete with members in the same city and 'field' shall not be taken into consideration in passing upon his application."

This provision respecting adoption of new or amended by-laws was a counter-proposal submitted by the AP and opposed by government attorneys after the court directed each side to draft a form of judgment in conformity with its opinion. The wording of this section was almost identical with the court's opinion, but AP counsel said this and other counter-proposals did not mean that the AP agreed with the opinion or that the proposals represented the position AP might take on an appeal.

The judgment also declared that

Bangkok Attacked By U. S. Planes

HEADQUARTERS 14TH U. S. AIR FORCE IN CHINA, Jan. 14.—(AP)—Unescorted Liberator bombers bombed the Japanese aluminum plant at Takao on the southwest coast of Formosa and the Bangkok railroad yards in Thailand in two night raids Tuesday. It was announced here.

It was the first blow at Bangkok, 1,500 miles southwest of Formosa, by bombers from China bases. (The Japanese announced Wednesday that Formosa had been attacked and said Thursday that Bangkok was raided for more than an hour and a half).

Firemen Fight Two Fires at Once

KNOXVILLE, Tenn. (AP)—The fire department answered a call at a residence. But people rushed up and said the fire was two doors away.

The firemen went right on fighting the residence blaze, but some were dispatched to the second fire which happened simultaneously.

FRIENDLY NEIGHBORS FAIRFIELD, Idaho

FAIRFIELD, Idaho. (AP)—Fairfield residents make the good neighbor policy work. When the residence of Mr. and Mrs. Dai Lee burned to the ground, townspeople held a dance and collected enough to buy the Lees a new house. Later an automobile belonging to Mr. and Mrs. Edward Digson was destroyed by fire. Friends and neighbors chipped in and bought another one.

Your local newspaper has a real job in wartime—fighting on the home front as real and deadly enemies as are met on the battlefield. It wages daily war against them—some visible evils—others invisible and more insidious, because unseen. It fights selfishness, avarice, indolence, complacency... with ideas, information, education in the democratic way of living. In World War II it has taken a stronger and more important place than ever. It has backed every war effort 100% in editorials, news reports, advertisements. It has gone all-out for Victory by encouraging local efforts to conform to the adjustments necessary to wartime living. It has done a big job in educating the public to the importance of sharing, working, giving, and coordinating all attempts with the final purpose of Victorious Peace in mind. It has promoted this day-by-day Americanism until it has become an ideal for all. It has done this willingly—gladly—enthusiastically—with pens sharpened by the realization that America is today one of the few countries where this is still possible voluntarily. And Americans have caught on. They are behind the effort wholeheartedly—t h e y h a v e bought Bonds, they have collected scrap, they have accepted rationing cheerfully and willingly, t h e y have given up peacetime activities for wartime jobs, they have given their children to the country's service. Behind them... serving them with greater strength and force than ever before... keeping them in the paths of Americanism and Victory is the newspaper.

"Sacrifice and Song" Is Sermon Topic For Rev. Douglas Carver

Two timely topics will be discussed by the Rev. E. Douglas Carver, pastor of the First Baptist church, when he preaches Sunday.

The morning message "Sacrifice and Song" will be delivered at 11 o'clock and will be broadcast over KEFD. His sermon subject for the evening hour will be "The Undiscouraged Christ." The night service will begin promptly at 8 o'clock and will feature special musical numbers by the choir under the direction of H. Paul Briggs.

A feature of the morning worship service will be a special musical program by the choir to include an arrangement of "Under His Wings" by Cushing-Sankey and Carrie B. Adams' anthem "The Way Is Long."

"Known far and wide as the church with a musical program, the First Baptist church endeavors at all times to offer the best possible music at all its services," Briggs stated. "Singing helps build morale, and people enjoy the hymn-sings conducted at our church. That is why we major on music and have become known as 'The Singing Church,'" the music director said.

Members of the Assembly of God church met last Tuesday evening to give to their pastor, Rev. Bracy I. Greer, the pastorate for another year. Other results of the annual church business meeting were: J. B. Lindsey, elected assistant pastor; John Rhode, reinstated as deacon; A. E. Wade, elected deacon; and J. W. Barber was reinstated as trustee. All other officers of the church and Sunday school remained the same.

"The past year the church has enjoyed a substantial growth in the enlarging of facilities, and the providing of a basement underneath the church. Improvement of the church property was made possible by the donated work of the men of the church and the liberal giving of all the members and friends. Also many new members have been added this year," said Rev. Greer.

"The church looks forward this year to a time of progress in the extension of the Kingdom of God within the hearts of men, and they have adopted as their motto: 'The church in the heart of Pampa—for the hearts of Pampa,'" he said.

Next Sunday, Jan. 16, will be one of the highlight services of the year when Rev. H. Paul Holdridge (above), superintendent of the West Texas district of the Assemblies of God, will be present to view the progress of the church and to speak in both morning and evening services. Rev. Holdridge studied for the ministry at Southern Methodist university in Dallas.

Members of the Sunday school are urged to be present to help reach the goal of 250 which has been set to greet our superintendent. The public is invited to hear him.

"Divine Surgery" Is Rev. Sumrall's Topic At Morning Service

"Divine Surgery" will be the sermon theme at 11 o'clock Sunday by Rev. T. D. Sumrall, pastor of Central Baptist church. Sunday school under the direction of J. B. Hillman, studying the subject "Jesus Answering His Critics," will begin at 9:45 with classes for each member of the family.

"Divine Surgery" is the work of Jesus, the Great Physician, healing, binding and comforting broken and heavy hearts. This service will be especially dedicated to those who are sorrow and are troubled. "Blessed are they that mourn for they shall be comforted."

"The banished brought back" will be the sermon theme at eight o'clock Sunday evening. Training Union beginning at seven, under direction of much of the actual conflict and struggle with many of the leaders of both China and Japan. He was in Nanking on Dec. 7, 1941, and from that time until the SS Crispinholm brought him the first repatriate he was interned in his own rooms.

At the present time Dr. Paul is under special assignment by the United Christian Missionary Society.

Sunday School Lesson

Text: Mark 2:23-26
By W. H. L. ELLIOTT, D. D.
No man was ever so good in character, or so perfect in his actions, as to be free from disgraces and critics. Good men have turned their heads from what they have done, and have not paid attention to critics; but there are times and circumstances and good judgment make it necessary to answer the critic.

Jesus knew when to be silent and when to speak out. He cared nothing for the critic so far as He himself was concerned. Not all the critics in the world could have turned Him aside from doing what He purposed to do, and the instances that we have in our Lord Jesus Christ are liberally challenging the prejudices of those trying to trap Him.

When He healed the man with the withered hand He knew quite well that the narrow-minded bigots, who cared more for their own prejudices than for the man who was healed, would be angry. He used to use whether He would heal the man on the Sabbath. Jesus had already healed the disciples against those who had found fault with them for eating wheat in the fields when they were hungry—also on the Sabbath.

Jesus met these critics on their own ground, with the plain question whether it was lawful to do good, and to save life, on the Sabbath. They could not answer that and the fact that they could not answer made them the more enraged. Their anger marked them for the hypocrites they were—professing to be righteous above their fellowmen, and pretending to criticize the One who went about doing good, though they were really full of malice and cruelty, quite contented to see their fellowmen suffer.

What allegations have been perpetrated in the name of religion?

These critics of old, Jesus were Pharisees, but we ought not to hold that against the Pharisees of old, Jesus were also many of the truly devout. The word Pharisee has come to have an unkind meaning because of these unworthy Pharisees, but they were really the hypocrites among the most sincere and earnest men of the time. If it is as if we were to read today about certain church members acting in the narrow and meanly a way, we should not at that account condemn all church members, or fail to recognize that among church members are the very best and noblest of men and women. We should distinguish the counterfeit from the genuine; and that is what we should do when we think or speak of the Pharisee.

Jesus answered the critics for their own good. Good men are often misled into wrong ways by the Pharisee thought he was doing right when he persecuted the Christians, but he learned a better way.

Who accuses but some of these Pharisees who criticized Jesus were made to shrill and so boldly with this very purpose? The bad men among them would be spared to further their ends, but if there were any good Pharisees there he would be led to think about himself.

When men met Jesus, they either became better men or their willfulness drove them deeper into evil designs and ways.

Christian Science Sunday Study Topic

"Life" is the subject of the lesson-sermon which will be read in all Churches of Christ, Scientist, on Sunday, Jan. 16.

The Golden Text is: "This is the record, that God hath given to us eternal life, and this life is in his Son" (1 John 5:11).

Among the citations which comprise the lesson-sermon is the following from the Bible: "For thus saith the Lord unto the house of Israel, Seek ye me, and ye shall live" (Amos 5:4).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "We should remember that Life is God, and that God is omnipotent" (page 294).

"Our Lord's First Miracle" Is Topic At Zion Lutheran

"Our Lord's First Miracle" is the topic on which Rev. Weller, pastor at Zion Lutheran church, will speak in the 11 a. m. service of worship this Sunday.

Pastor Weller said his address, taken from John 2:1-11, would present such highlights as "Jesus did perform miracles; that our Lord's miracles revealed His Messiahship; that as our Lord's miracles convinced His disciples so are they convincing today; that the sympathy for man shown by our Lord's first miracle indicates He is always willing and able to provide for us physically and spiritually."

Holy Communion will be served in both the morning and evening services to those members who have announced.

Supreme Court Gets Padre Island Case

AUSTIN, Jan. 14.—The supreme court today took up its second imposed study of the question of who owns Padre Island, and all it had to do was mentally digest documents, photos of records and maps and transcripts of testimony conservatively estimated to weigh more than 100 pounds.

The judges assigned to the case will have to refer to documents that date back to 1811, they will have to consider the effect on the case of treaties, constitutional provisions and statutory enactments designed to validate titles based on Spanish and Mexican grants of land; they will have to consider a mass of court decisions on this point.

The men in the foxholes would give most any thing, to enjoy the privilege that is yours to meet in a Bible Class without fear of molestation or being bombed. Do not abuse the right to worship which is being protected for you.

We especially invite every man to attend the Bible Class. You are occupying your community your influence.

Party Position On Negro Vote Explained Here

By DAVE CRAVENS
Associate Press Staff

One of Gerald C. Mann's last official acts as attorney general of Texas was supervision of the preparation of a brief for submission to the United States supreme court, summing up what is generally conceded to be Southern Democracy's legal position in the exclusion of Negroes from primary elections.

Working with him were Richard W. Fairchild and George W. Barcus, assistant attorneys general.

The attorney general is intervening in the case, not as a legal representative for the Democratic party, but in his official capacity because the question "is of such importance to the citizenship of Texas."

A Houston Negro, Lonnie E. Smith, is suing for damages allegedly sustained when he was barred from voting in the 48th precinct in Harris county in a 1940 primary. He lost his case both before the district court and the fifth federal circuit court of appeals.

Smith's attorney, William H. Hastie of Washington, argued when the case first came up Nov. 12 that in a 1941 case from Louisiana, all the justices of the supreme court "agreed that the right to vote in a direct primary election which the state has made an integral part of the procedure of choice among candidates for congress or which in fact effectively controls such choice, is secured by the constitution as fully as is the right to vote in a general election."

Mann, Fairchild and Barcus do not skim lightly over the contention of Smith's lawyer which in effect says that nomination in a Texas Democratic primary is tantamount to election.

"It seems to be urged that the right to participate in the party procedure exists where the party is always successful in procuring the election of its candidates," he said.

"At what stage of the political life of a party would this 'right' come into existence? Will success on the first occasion after the organization of the party give rise to the right, or must there be a longer period of gestation? If, after a long period of

Tourists Can Take Out Five Quarts

MEXICO CITY, Jan. 14.—(AP)—Tourists are permitted to leave the country with five liters (a little more than five quarts) of alcoholic drinks, the national economy ministry has informed customhouses.

Each tourist may take out 100 pesos (\$20) worth of each of a list of items including jewelry, blifolds, sarapes and cotton, wool and artificial silk articles.

Two kilograms (about 4 1/2 pounds) of meat may be taken out.

success, the party loses an election, is the right lost? For what period does it remain dormant; how much success, after a loss, does it take to reverse the right? If a party is always successful in statewide elections, but not in particular district elections, does the 'qualified elector' have the right to participate in the primary for the selection of candidates for the state-wide election and not for the selection of candidates for the district election?

Social Security Head Pleads for Tax Hike

WASHINGTON, Jan. 14.—(AP)—A. J. Altmeyer, social security board chairman, declared that freezing of the social security tax at the present rate of 1 per cent during 1944 would create a moral obligation for congress to "subsidize" old age pension recipients in the future by more than \$1,500,000,000.

"The American Federation of Labor joined Altmeyer in pleading before the house ways and means committee that the rate be allowed to increase automatically to 2 per cent as of Jan. 1.

Typhus Menace In Naples Spreads

CAIRO, Jan. 14.—(AP)—A typhus epidemic is now raging in Naples 50 times as extensive as it was in October and has become a potential menace to the Allied war effort, although the disease has not spread to the troops, Brig. Gen. Leon A. Fox of Birmingham, Ala., said today.

Fox, who is field director for the United States typhus commission, declared "Naples is now seriously threatened and the menace can be expected to extend to Southern Italy."

P-51 Revealed As Long-Range Fighter

U. S. FIGHTER BASE IN ENGLAND, Jan. 14.—(AP)—The newest and longest range single-engine fighter plane in the world, the American P-51B Mustang, was disclosed today to have destroyed at least 14 German craft in the great air battles of Tuesday.

The improved Mustang, one of the fastest fighters in operation, is a major addition to the United States army air forces. It is an improved version of the P-51 which has mowed down scores of Axis planes in the Mediterranean and Pacific and has been used with great success by the RAF.

OPA Is Against Rationless Pork

WASHINGTON, Jan. 14 — (AP) — Demands in congress for a pork rationing holiday—and from one senator for a temporary suspension of all meat rationing—ran into fresh opposition from the office of price administration.

Answering the demands, OPA Rationing Chief Col. Bryan Houston asserted that actual pork scarcities are developing in the Pacific and Atlantic coast regions. This means not only that a pork holiday is unfeasible, he said, but that a new spare stamp for purchasing pork will not be issued upon expiration Saturday by the one currently in use.

Honorary A. P. Chief Attacks Federal Ruling

WASHINGTON, Jan. 14 — (AP) — Frank B. Row, honorary president of the Associated Press, president of the Washington Star, and for 50 years a director of (AP), commented as follows on the federal court judgment in the government's anti-trust action against the Associated Press:

"Speaking for myself alone I may say that this decision comes to me as a bitter disappointment.

"For more than 50 years I have devoted a very large part of my life to further the interests of the Associated Press, believing that thus I was taking a part in what Victor P. Lawson described as an 'adventure in altruism'.

"The Associated Press was founded in its modern form by a comparatively small minority of American newspapers in order to assure its members that they would receive a comprehensive, accurate and unbiased non-partisan report of the world's happenings, one that would be free from religious, political or economic tinge and without sinister private control; a non-profit making organization and one in which its members were free to select their associates.

"The Associated Press never accepted all comers as members. Its membership was limited to those organizations repudiated any desire for monopoly but on the other hand holds that competition is vital to the best interests of both readers and non-members of the Associated Press. For at least in my opinion, a news service that is a monopoly will also be a static service.

"For more than 40 years the Associated Press was given a clear bill of health by the department of justice; two attorney generals studied its status and decided that it was without legal blemish.

"Now comes this decision and I confess that I wonder at an octogenarian Alice in Wonderland.

"The special court in a majority opinion, but with a very vigorous opinion, decided that although it neither has nor seeks a monopoly and does not seek to impede competition it nevertheless is in violation of the anti-trust laws.

"The majority decision however if legislation is pending a federal court can by decree make the Associated Press a public utility in effect and that if this should result in the extension of competing services that would not be an actionable wrong.

"Whether this would not be an actionable wrong I, of course, as a layman have no opinions to offer but I have no hesitation in saying that I think that whether actionable or not it would certainly be an unconscionable wrong both to the press and to the people."

Lost Destroyer Is 2,100-Ton Brownson

WASHINGTON, Jan. 14 — (AP) — The navy has reported that a destroyer sunk by Japanese planes at Cape Gloucester, New Britain, Dec. 27, was the 2,100-ton U. S. S. Brownson.

At the same time the navy announced that there were 30 survivors of the U. S. S. Saint Augustine, a gun boat which was sunk off Cape May, N. J., Jan. 6.

Next of kin of all casualties aboard the two ships have not been notified.

The sinking of the Brownson by enemy bombers during the landings of United States troops at Cape Gloucester previously was announced in a communique issued by Allied headquarters for the Southwest Pacific, without the ship being named.

The navy said that 208 members of her crew survived.

Jesse Jones Recovers From Leg Injury

HOUSTON, Jan. 14 — (AP) — Secretary of Commerce Jesse Jones, who had been confined to his apartment here since Dec. 23 with the flu and a leg injury, expects to return to Washington shortly, his office announced today.

Jones' injury was the result of an accident which occurred the day after he reached the city. Mrs. Jones and he were going to the home of friends for dinner. The driver of the car became confused as to the destination, and Jones got out of the car to inquire directions.

Returning, he started across the street to his automobile, when another car struck him and knocked him to the pavement. He returned to his apartment without assistance, but his physician found that a bone in one leg had been broken, the muscles and tissues badly bruised, and the ankle severely sprained.

While Jones has been going to his apartment since the accident, he has been in daily communication with his offices in Washington.

His injury prevented his making inspections he had planned of operation of numerous war plants in Texas and Louisiana, especially those manufacturing 100-octane gasoline, synthetic rubber and magnesium.

Bank Declares Its Innocence

NEW YORK, Jan. 14.—(AP)— The Chase National Bank has pleaded innocent in federal district court in two indictments charging it with conspiracy and violation of the trading with the enemy act in allegedly financing a refugee diamond merchant accused of trading with Axis nations.

The plea was entered by Emmet P. Smith, vice president of the bank, in the bank's behalf. Judge Henry W. Goddard set Feb. 1 for hearing motions.

The indictments by a federal grand jury charged the Chase bank and Leonard J. A. Smit, an international dealer in industrial diamonds, with "conspiring and engaging in illegal sale and export of industrial diamonds in violation of the trading with the enemy act."

1945 May See More Tires, Tubes

WASHINGTON, Jan. 14.—(AP)— Along with the greater taxes that will be rolling in 1945, automobile tires and tubes probably will be rolling along in three times as great a number as in 1943.

The hint comes from the new budget which lists 1945 tire and tube taxes as \$18,280,000 and estimates the 1945 take at \$72,000,000.

Military Establishments On Coasts Are Being Reduced

WASHINGTON, Jan. 14 (AP)—Military establishments in the coastal areas of the United States are being reduced in order to augment overseas, and the army's eastern and central defense commands are to be consolidated in a further move to free military forces for combat assignments.

Secretary of War Stimson made these announcements on behalf of both war and navy departments. In connection with army-navy coastal defense reduction, Stimson said a considerable number of units, retained in the coastal areas for training, would be available for coastal defense in case of emergency.

It was noted that the number of installations along the coasts might be reduced, in addition to the transfer of personnel from those areas. The consolidation of the two defense commands will be effective Saturday, and Lt. Gen. George Gruener, commander of the eastern defense command, will head the consolidated command with headquarters in New York City.

There was no mention of the first Army, which heretofore has been commanded by the same general who headed the eastern defense command, suggesting the possibility that large numbers of troops which have been stationed along the Eastern Seaboard may be destined for combat operations overseas.

These developments were the latest in a series of recent steps reflecting the gradual de-emphasis of continental defense in favor of overseas expansion. Among these have been discontinuance of the civilian aircraft warning service, and the announced closing of 69 army air forces installations in various parts of the country.

Further evidence that the war no longer is expected to hit the continental United States came in an announcement Wednesday night by the war department and the office of civilian defense that no more practice blackouts and alerts will be held in the interior. Such practices will continue in coastal areas, but

'Pay-Day Drinking' Attacked by WCTU

WASHINGTON, Jan. 14 (AP)—'Pay-day drinking' and 'week-end sprints' which they said were seriously retarding war production and slowing up victory, were advanced by prohibition advocates Thursday as prime reasons for enactment of a national wartime ban on hard liquor sales.

The opening of a new prohibition crusade before a house judiciary sub-committee considering legislation by Rep. Bryson (D-SC), to outlaw for the duration beverages containing more than one-half of one per cent alcohol by volume, drew a capacity crowd to the hearing room. Dr. Elizabeth Smart, legislative representative of the Women's Christian Temperance Union, introduced the witnesses called here by the National Temperance and Prohibition Council.

The first was Dr. Wilbur L. DuBois, Milwaukee chemical engineer and food chemist, who discussed the problem of industrial absenteeism and blamed much of it on "short illnesses." He attributed about 12 per cent of all absenteeism to "week-end sprints."

He also referred to "excessive drinking at pay-day" and said surveys had disclosed that many industrial workers spend much of their pay-day period in saloons. Dr. George W. Crabbe, superintendent of the Anti-Saloon League, read a prohibition council denunciation of liquor as a "non-essential, luxury enterprise" having no place in a war program.

only on Sundays.

Recently the nationwide dim-out was eliminated and earlier, the thousands of volunteer airplane spotters were relieved of their duty.

A "coastal area" is defined as all the territory of a coastal state. In this particular order, Pennsylvania and Vermont were included, because of their proximity to the coast, but the Gulf Coast states were not.

Blue Demon Center Loses 'Tall' Record

CHICAGO, Jan. 14 (AP)—For the first time this season, George Mikan, De Paul's elongated basketball center, will not be the tallest player on the floor when the Blue Demons meet Valparaiso, (Ind.) university tomorrow night.

Mikan, leading Midwest college scoring with 257 points in 13 games, is 6 feet, 8 1/2 inches. Assigned to check his scoring in tomorrow night's encounter are a pair of guards—Milt Sehon and Don Warnke—6 feet, 9 inches and 6 feet, 10 inches, respectively.

Death Takes First Backer Of Frange

CHAMPAIGN, Ill., Jan. 14 (AP)—Mike Tobin who was the first to sound the trumpet for Harold (Red) Grange when the latter was starting his collegiate football career at the University of Illinois, died last night at the age of 64.

Louis Michael Tobin had been publicity director of the university's athletic department for more than 21 years and was widely known in the collegiate sports world. He had been in ill health since last summer, after suffering a heart attack.

Study of State Salaries Planned

AUSTIN, Jan. 14 (AP)—The increased cost of living and its effect on salaries of state employees is a possible subject for inquiry by the senate's general investigating committee.

Chairman Houghton Brownlee of Austin announced he would poll other committeemen on the question after Senator Fred Mauritz of Ganado had given his consent. Three other senators compose the committee.

Brownlee said the group might also study the soldier vote question with the idea of seeing "if we can be of any assistance."

He declared the committee, if it agreed to consider the worker salary situation, might broaden the inquiry to include cost of living and salaries of county and municipal employees although he did not indicate what the group hoped to accomplish by the expanded study.

Texas Sports To Show Rise During 1944

Editor's Note: Here is another of a series of stories seeking to throw light on future developments in fields of Texas sports. Sports editor Harold V. Ratliff outlines the shape of athletic things to come.

By HAROLD V. RATLIFF DALLAS, Jan. 14 (AP)—A marked upward trend is indicated for most branches of sport in Texas this year.

Golf is due to advance with a flourish as it moves toward another major contribution to the war effort. The Southwest conference plans an expanded program with more spring sports than last year.

The amateurs of the AAU and the AAF have mapped full schedules. Professional sports probably won't be up to standard, with little boxing in prospect and few signs that the Texas league will resume operations after a year's lay-off.

Texas League cities were rather optimistic a month or so ago and at a meeting here decided to start up in 1944 if there was enough player talent available. Now this does not appear probable.

One official put it thus: "A quick ending of the war or at least enough progress to forecast an end soon will be necessary before the league can hope to resume operations."

President J. Alvin Gardner will wait until February for the meeting which will decide whether to start. John C. Jester of Dallas, a member of the national advisory committee of the Professional Golfers' association, indicated a war relief program to include a number of tournaments from coast to coast. This program already has begun on the Pacific Coast and will move South.

In Texas there will be at least one tournament as part of October play at the Texas open at San Antonio Feb. 10-13 with \$7,000 in war bonds making up the prize list.

The U. S. treasury has given its backing to the national tournament program, Jester said. George Aufbach of Amarillo, president of the Texas PGA, favors holding the Victory open again in Dallas. This event last year brought \$3,000,000 in war bond subscription, and was one of the major events of the country.

Jester also revealed plans for a match between Texas and Illinois in some sports. Especially is the industrial and army centers were showing large increases in basketball and other sports.

Shortage of equipment is a handicap in both the major and minor leagues, died of lobar pneumonia here last night. Eberfeld's death at the age of 69 ended a colorful career that saw the wiry shortstop rise to manager of the old New York Highlanders, predecessors of the Yankees, and of several other major league teams. He reached the peak of his career in the 20's in the role of pilot of Southern association teams one of which, Little Rock, won its first championship under his guidance in 1920.

Larkin to Battle Bob Ruffin Tonight

NEW YORK, Jan. 14 (AP)—The "Garden Jinx" haunts Tipoy Larkin tonight as the crafty Garfield, N. J. lightweight steps into the big New York arena for his 10-round bout with Bobby Ruffin, 135-pound contender from Long Island. It's 6 to 5 and take your pick with 14,000 expected to pay \$45,000 to see who is right.

It's been three times and out for Larkin in his Garden star bouts. Al "Bumby" Davis, Lewis and Clark, Beau Jack have put the crusher on the pride of Jersey each time that he has started to move into the heavy sugar. He's been very successful in other clubs where he holds wins over welter champ Red Cochrane, Chester Rico and Freddy Archer, two-time conquerors of Beau Jack.

Motta To Fight Fritz Zivic In Detroit Tonight

By WATSON SPOELSTRA DETROIT, Jan. 14 (AP)—Jolting Jacob La Motta of New York returns tonight to the Detroit ring where he scored many knockouts and made lots of money in 1943, but there's scant support for Jake's notion that he'll flatten easy Fritz Zivic, the former waterweight champion from Pittsburgh.

The 22-year-old La Motta, eight years younger and nine pounds bigger than the flat-nosed Fritz, is a short-prize favorite to seize a 2 to 1 edge in the fistie series that started in Pittsburgh and reached Detroit via New York. La Motta is under contract to come in at 161 pounds.

With 10,000 fans expected to pay \$25,000 for the 10-rounder at Olympia stadium, receipts for this curious series matching a middle-weight and a welter will pass the \$150,000 mark. The previous three scraps grossed \$127,000, which is championship dough in most any division.

La Motta and Zivic would like to continue to pick up the kick of money, but Fritz, father of three children, reports next week to his draft board at Pittsburgh where he expects to be called up. Incidentally, Zivic says his last professional appearance as a civilian is his 20th pro fight.

This is contrary to all known records. Fritz's last knockout of Ozzie (Billdog) Harris at Pittsburgh 10 days ago as his 180th bout, but it's almost as hard to win an argument from Fritz as it is to win a fight.

Zivic, who says he thought he won all three previous scraps, is predicting a knockout over La Motta, whose biggest successes came in Detroit last year. Jolting Jacob picked up nearly \$75,000 while winning a Class B league, planning Sugar Ray Robinson and losing only in a rematch with Robinson. No wonder he calls Detroit his lucky city.

Player Shortage Balks Expansion Of Grid League

By CHARLES CHAMBERLAIN CHICAGO, Jan. 14 (AP)—Sparring the player situation for 1944 and finding it short, the National Football League was hesitant today to follow through with expansion plans until after the war.

Club owners shovelled a pile of unfinished business into their brief cases after winding up their two-day midwinter meeting yesterday. Each team will draft 30 campus gridders. Last year's raft of 300 graduates netted only 23 recruits, many of whom entered military service before the season closed.

The league probably will vote on whether to grant Buffalo a franchise so it can operate this fall, thus preserving a balanced circuit of 12 teams. A unanimous vote is needed for acceptance, and this may be the toughest year in history in 104 games—half the number played the previous year—there was an average of 14-50 penalized fouls per game, compared with 12-41 in 1942 and an all-time low of 9-66 in 1932.

Landis' Son No Baseball Player

MISSION, Jan. 14 (AP)—Lieut. Keen Landis, one of the newest fighter pilots produced at Moore field, doesn't go in for the sport that his father is so famous for.

His grandfather is Kenesaw Mountain Landis, high commissioner of organized baseball. Before Lieut. Landis entered the air forces, he won letters in football and rowing at Princeton university but never took a try at the diamond sport.

'Tobacco Kid', 69, Dies In Tennessee

CHATTANOOGA, Tenn., Jan. 14 (AP)—"The Tobacco Kid," fiery little Norman Eberfeld, whose baseball career spanned more than three decades in both the major and minor leagues, died of lobar pneumonia here last night.

Eberfeld's death at the age of 69 ended a colorful career that saw the wiry shortstop rise to manager of the old New York Highlanders, predecessors of the Yankees, and of several other major league teams. He reached the peak of his career in the 20's in the role of pilot of Southern association teams one of which, Little Rock, won its first championship under his guidance in 1920.

Lakeview Cagers To Battle Pampa Quintet Tonight

Seeking to straighten out their record, the Pampa Harvesters basketball team will be out to defeat Lakeview in a game at 7:30 tonight in the junior high school gymnasium, first of double-header.

Lakeview is the only high school team that has beaten the Harvesters this season, downing the Pampa basketballers 30 to 25 in the Hedley tournament.

At 4 P. M. Monday, the Harvesters are slated to go to Mobeetle for return games to the double-header played here last Tuesday. The Harvesters A squad won over Mobeetle 30 to 20.

Next Tuesday night, Panhandle and LeFors will send their first string hoopers here for games with the Harvesters. Starter will be the team between the Pampa and LeFors A quintets. It will be the first time this season the Harvesters have played LeFors, and the second time they have played Panhandle. The Harvesters swamped the Panhandle Panthers 46 to 11 in the first game of the Harvesters season.

To date, the Harvesters have played six games, winning four and losing two, scoring 185 points to their opponents 131, for an average of 30.8 to 21.8.

Minors To Use War Workers, Students

NEW YORK, Jan. 14 (AP)—Baseball's lower class minors, planning a limited expansion in 1944, may have the answer to player shortage jitters in the use of schoolboys and part time defense workers.

Class B league, the twin ports, operating around Duluth, Minn., and Superior, Wis., plans to go to the barrier on a twice-a-week schedule. A \$200 monthly salary of need and talent recruited from local defense plants and school rooms.

Joe Donnelly, former president of the Ohio State league, already has organized his circuit to enter the Class D field along with the Pony and Appalachian, only 1943 finishers.

1943 Roughiest Year In Southern Grid

LAKE WALES, Fla., Jan. 14 (AP)—The war was rough on collegiate football last season, but the game itself was no slayer, either at least in the south.

The Southern Football Officials' association report on 1943 shows it to be the roughest year in history in 104 games—half the number played the previous year—there was an average of 14-50 penalized fouls per game, compared with 12-41 in 1942 and an all-time low of 9-66 in 1932.

Sandies to Play Angelo October 6

SAN ANGELO, Jan. 14 (AP)—Lubbock, Denton and Amarillo are on the 1944 football schedule of the State Champion and Angelo Bobcats in addition to the six district opponents and Ballinger of Class A.

The ten-game schedule was announced by school officials as follows: Sept. 13—Ballinger at San Angelo, Sept. 22—San Angelo at Lubbock, Sept. 29—Denton at San Angelo, Oct. 6—Amarillo at San Angelo, Oct. 20—Lubbock at San Angelo, Oct. 27—San Angelo at Midland, Nov. 10—San Angelo at Big Spring, Nov. 24—San Angelo at Sweetwater, Nov. 30—Arlington at San Angelo.

San Angelo will start spring training March 1 and 73 boys have already signed as candidates for the team. Another assistant coach has been named. He is Von Rhee Beane, Greenville High school and Vanderbilt university star. He will work with Head Coach Jewell Wallace and Assistant Coach E. M. Erwin.

Hubbell Boosts For Oklahoma U. Cagers

NEW YORK, Jan. 14 (AP)—Carl Hubbell, the famous meal ticket of the New York Giants, is quite a basketball fan. The other night, when in town to discuss farm club operations with the front office, he attended one of Ned Jinx's Madison Square garden doubleheaders.

Hubb was toward Conn, coach of N.Y.U., that Oklahoma university is even tougher than the Oklahoma Aggies. Apparently he hadn't read the 1943 season schedule which carried the score Oklahoma A. and M. 59, Oklahoma 40.

Cotton Wads Secret Weapon In Cage Tilt

CHATTANOOGA, Tenn., Jan. 14 (AP)—Credit two wads of cotton in muffling the scoring spree of Hixson High school's basketball ace.

In two games the player so unerved the opponent guarding him by wisecracking and friendly insults that the Hixson forward was able to connect with 34 points.

Sports Roundup

By HUGH FULLERTON, JR. NEW YORK, Jan. 14 (AP)—Boxing is a funny business. . . Six years ago a kid hitch-hiked from Long Island City to New Jersey trying to get his first professional fight. . . He finally found a spot in a four-rounder at Passaic and did so well that Co-Producers Angelo Pucci and George Kobb gave him an extra dose besides the \$10 they had promised. . . Tonight the kid, Bobby Ruffin, fights Tippy Larkin in the main bout at Madison Square garden (the fight the war an assist for their being there).

Larkin's manager is Angelo Pucci and George Kobb is the announcer. The main bout on the card where Ruffin made his pro debut was between Freddie (Red) Cochrane and Johnny Rohrig. Cochrane is on navy duty in California. . . Rohrig will be honored with an introduction from the ringmaster. He recently returned from the war zone, his ankle shattered during the battle for Salerno.

Arkansas and Owls Open Series Tonight

HOUSTON, Jan. 14 (AP)—Rice and Arkansas open an important series in Southwest conference basketball here tonight—the first of four games to bring six of the seven teams into action this week-end.

Rice and Arkansas each has won two and lost none and are considered top quintets in the championship race. Tomorrow night, in addition to the second Rice-Arkansas tilt, Baylor will meet Texas Christian at Fort Worth and Texas will clash with Texas A. and M. at Austin.

Coleman, Conroe To Hold Cage Tourneys

CONROE, Jan. 14 (AP)—Sixteen teams will compete in Conroe's eighth annual basketball tournament opening today. Included are all seven of the Houston high schools. Other entries are Big Sandy, Goose Creek, Huntsville, Livingston, West Columbia, Ball (Galveston), Conroe, Robstown and Lufkin.

Dalharton Only '43 Texas Golden Glove Champion Returning

FORT WORTH, Jan. 14 (AP)—There will be at least seven new champions in the Texas Golden Gloves this year. Included are all seven of the 1943 title-winners is back. He is Manny Ortega, the Dalhart boy who fought out of Biggs field last year and won the featherweight crown.

The other champions either are gone from this area, do not plan to defend their titles or have become ineligible. . . BUYS BONDS PAGE LOU NOVA SOUTH ORANGE, N. J., Jan. 14—Coach Honey Russell considers Bob Wanzor, now of Colgate, the finest floor man and "digger" he ever coached at Seton Hall.

Probe of GOP Army Survey Is Demanded

WASHINGTON, Jan. 14. (AP)—Chairman Green (D-RI) of the senate elections committee demanded that the war department investigate a sampling of political thinking among American troops in England, reported by Chairman Harrison Spangler of the Republican national committee to have shown a trend toward his party.

Calling attention to war department circular 41, of Feb. 5, 1943, prohibiting any personnel "polls, ballots or 'straw votes' on opinion research, other than those which have been authorized by the war department," Green said in a letter delivered by messenger to Secretary of War Stimson:

"Press reports of Monday state that Mr. Harrison Spangler, chairman of the Republican national committee, sponsored a survey of political opinion among our armed forces in England.

"In common with other members of the senate I am deeply concerned with this matter, since it occurs in the midst of a method to insure the right of secret ballot to every member of the armed forces as provided in the bill sponsored jointly by Senator Scott Lucas and myself.

"Having in mind the language of war department circular No. 41, dated Feb. 5, 1943, and issued by Chief of Staff Gen. George C. Marshall, I believe that although investigation should be made by the war department, I would appreciate being advised if the war department has instituted an investigation and if so, having a complete report when ready."

Spangler told newspapermen in Chicago that an informal survey by four reserve officers in England showed a Republican trend.

what you feel like when you see

All the crewmen on the extra train were injured, including Engineer J. B. McCall and Fireman J. E. Sanderson, both of Brownwood; Conductor Schultz and brakemen M. L. Craft and J. E. Kirkpatrick, all of Temple. McCall and Sanderson jumped before the collision. Sanderson struck the rails of a siding and was hurt seriously. None of the crew of the regular train was injured.

Among the seriously hurt were Mr. and Mrs. Troy Lee Bean, Garvin, Okla.; Mrs. M. L. Painter, Dallas; and Mrs. L. F. Carter, McGregor, Texas.

Those injured themselves, the Beans were thankful. They were taken to an Abilene hospital after they lost their 3-year-old daughter in the confusion when she was found uninjured in a Coleman hospital 50 miles away.

Luck was with J. L. Bothwell of Chicago, freight traffic manager of the Santa Fe, and Mrs. Bothwell. They occupied a private car at the end of the California-bound train but were in the diner at the time of the crash and escaped injury.

Engineer McCall, Fireman Sanderson, and brakeman Kirkpatrick were in hospitals at Brownwood, in addition to Pullman conductor Clarence D. Mee of Dallas and Thomas Ferguson of Fort Worth, and Porter James H. Pullman of San Antonio.

In the Coleman hospital, where it was reported they came nicely through the night, were:

Mrs. L. F. Carter, 56, McGregor, Tex., both legs broken.

Lester Gentry, 47, Mo., shock.

Mrs. Janie Bailey, 52, Garvin, Okla., shock.

Mrs. Irene Andrews, 19, Garvin, Okla., daughter of Mrs. E. M. Andrews, Emanuel, Mo., shock.

Mrs. David W. H. Norfleet, 19, Westfield, Tex., shock.

At Abilene, the injured were:

Mr. and Mrs. Troy Lee Bean, Garvin, Okla.

Mrs. Lucille McFarland (M.L.) Painter, Dallas.

Bill Biggers, Marine from Camp Parks, Calif., whose mother lives in Fort Worth.

F. R. Delmarco, soldier from Camp Bowie, Brownwood.

Prospects In Oil

(The Chicago Tribune)

Ralph T. Zook, president of the Independent Petroleum Association of America, says that if the war continues the nation faces a shortage of half a million barrels of crude oil daily during the last quarter of this year, and that such a shortage can only be met by the elimination of all A and B gas ration cards and seriously reduce C card allowances.

Mr. Zook and his association are appealing for the enactment of the Disney bill, already passed by the house, which is intended to stimulate the opening of new oil wells by authorizing a 35 cent a barrel increase in the price of crude oil. He charges that "those who are insisting on 'holding the line' on a basis of political expediency may be placing the security of the United States in jeopardy."

The independent oil operators, Mr. Zook notes, have pleaded for two years for price priorities and price increases that would stimulate prospecting and opening of new wells. "Let us keep the record clear," he says, "that the oil industry has recommended time and time again what, in their opinion, is necessary, and each time it has been refused and repudied by the same crackpot theory (of subsidies) that is absolutely unworkable."

It is well known that there are wide differences of opinion between the big oil companies and the so-called little fellows, or independent operators. The big companies seem to have the inside track in Washington. One of their men is Mr. Ickes' chief deputy as petroleum administrator for war. Mr. Zook has stated the case for the small operators. If, as he predicts, the nation suffers further reduction in its civilian gasoline allowances during this year, the country will want to know why. Mr. Ickes and the administration have not been more sympathetic to those who say that their proposals will avert a petroleum shortage.

TODAY on the HOME FRONT

by JAMES MARLOW and GEORGE ZIELKE

WASHINGTON, (AP)—President Roosevelt told congress to let firearms alone but he put no ban on boxing gloves.

His announcement this week that congressmen may not serve in "active components of the armed services" advised the warlike one to keep their seats. It was like saying, "Boys, you can slug it out right here because I'm closing the door."

The president spoke out just as two Democratic house members were ready to abandon congress for the army.

His announcement will help keep party lines intact at a time when the Democrats' margin over the Republicans in the house is, to a Democrat, disturbingly thin—thinner than any time since 1930.

From now on every seat in the house is being fought for and every favorable Democratic vote is a precious commodity to the president and his Democratic administration.

Death Takes Mother Of Pampa Resident

Mrs. Annie Naomi Cook, 58, a resident of Perryton and of Ochiltree county for 36 years, died at 8:15 this morning in a Pampa hospital.

Funeral arrangements are pending, but the services will be held at the Perryton Methodist church, of which Mrs. Cook was a member. Burial will be in the Perryton cemetery. Rites will probably be held Sunday.

Mrs. Cook is survived by her husband; three sons, Claude L. Dumas, W. C. Dallas, J. C. Paris; two daughters, Mrs. J. B. Jones, New Orleans, and Mrs. John Kirbie, Pampa; ten grandchildren; mother, Mrs. Lou Gravelly, a sister, Mrs. W. E. Kennedy, four brothers, Roy, Jake, and Will, all of Carrollton, and Earl, Richardson.

last in the thickest of battles and of which the total loss now is known to be 50.

This added another to the 59 bombers already listed as missing and officially established the total cost of the decisive blow as 60 bombers and five fighters — 65 the heaviest loss in any U. S. air operation of the war.

The official statement also disclosed that the Americans had dispatched a bomber detachment against two other objectives in addition to the three aircraft centers of Berlin that constituted the major targets.

These were a railway component manufacturing center at Bielefeld, 55 miles northwest of Dortmund and 200 miles west of Berlin, and armament installations at Meppen, on the Dortmund-Ems canal, 50 miles south of Emden.

Of the enemy warplane factories, that at Ochsersleben, said to be the most important producer of Focke-Wulf 190's, apparently was dispatched against two other objectives in addition to the three aircraft centers of Berlin that constituted the major targets.

At Ochsersleben, the American announcement said, "the main machine shop of the plant received at least nine direct hits. The whole area is seen in later photographs to have caught fire." Bursts also were observed in all other sections of the sprawling factory as well as "on a highly camouflaged group of buildings."

It was disclosed officially that American fighters included the new U. S. P-51B Mustang, lowest-range single-engine fighter plane in the world. An improved version of the P-51, which has been in action for months in the Mediterranean and Pacific, the new plane is expected to face any land invasion of the continent.

German propaganda outlets continued an impression of the American fighters that the weight of the attack had forced the Germans to strength into the defense.

"It was openly admitted by authoritative military quarters," said a Berlin transoceanic broadcast, "that Luftwaffe squadrons which have caught fire." Bursts also were observed in all other sections of the sprawling factory as well as "on a highly camouflaged group of buildings."

MOTHER

sat a few seats farther from the left, reading and talking.

Moore said he and Marvin were "talking and laughing when suddenly there was a deafening crash and the next thing I knew both the child and the end of my broom were gone."

The family was en route to Winslow, Ariz., where Mr. Young is an employe of the Santa Fe railway.

The poignant note of the death of a child was heard as Marvin is hurt in a train wreck. We got to stay until he gets well.

As she stood in the bone-chilling wind she reiterated she must get to the hospital.

Repeatedly kindly soldiers passing by tightened the blankets enveloping her and her other son, tucking them close.

Two youthful Texas soldiers, cousins, fervently thanked the impulse that made them move from the rear to the center of the death car a scant few minutes before the accident.

They were L. E. Brown, 19, son of Mr. and Mrs. A. A. Brown; and W. A. Brown, 19, son of Mr. and Mrs. L. F. Brown, Fort Worth. They swore under their breaths as they tried to get warm before the railway station stove while waiting for an ambulance.

"I don't know exactly what did happen," said L. E. Brown. "I was just sitting there and all of a sudden it hit. I looked down and my shoe and hat were ripped off altogether. I don't have any idea what did it. He gingerly displayed an injured foot."

W. A. Brown said they just happened to move to safety. "We just didn't like where we were sitting and decided to take a vacant seat up farther. Oh boy, we had been sitting right at the back of the car."

Capt. Elias Lesson of the Camp Earleley station hospital, whose home is in Little Rock, Ark., apparently was the only doctor on the train. As soon as he realized what had happened he began trying to administer first aid to as many as possible.

"We tried to chop the car apart to get the people out," Capt. Lesson said. "With the sedatives I had with me I treated all I could. One woman had a compound fracture. A Negro had a deep gash in the side of his head. I made a tourniquet of a leather belt and applied pressure with two spoons. People were wonderful, trying to help, but three boys suffering from shock were wandering about the car trying to give first-aid and were doing more damage than good."

force yesterday in a two-pronged attack, first by heavy bombers and then by medium bombers.

Heavy bombers and their protective fighters also shot up to Perugia, in central Italy, 90 miles due north of Rome, and delivered a sharp blow at enemy installations.

Medium bombers attacked airfields in many places, dropping showers of high explosive and fragmentation bombs among hangars, dispersal areas and runways in a favored Allied bombing pattern which has been known to wipe out whole blocks of enemy air strength.

Other Allied formations lashed at railway yards at Isola, 18 miles northwest of Cassino; at Colferro, at dock installations at Formia, on the coast just above the western end of the Fifth Army line and at enemy shipping off the Yugoslav coast near Sibeni.

Ten enemy aircraft were destroyed during yesterday's operations for an Allied loss of five.

Record Winter Vegetable Crop Is Predicted

AUSTIN, Jan. 14. (AP)—The United States department of agriculture today forecast a record production of winter-season commercial vegetables in the United States, with Texas crops counting heavily.

For the nation, the combined production of 17 crops for which estimates were based on conditions as of Jan. 1 should be 37 per cent greater than last year and 53 greater than the 19-year (1933-42) average.

The department simultaneously issued a citrus production forecast indicating production of grapefruit in the U. S. to be 49,533,000 boxes. This is an increase of 346,000 boxes above Dec. 1 indications, due to slight increases in both Texas and California, but is nearly a million boxes under last season's crop.

The United States orange crop, including tangerines, is now estimated at 97,244,000 boxes compared with an indicated crop a month ago of 96,600,000 boxes. Prospective production for the 1943-44 season is 7,928,000 boxes larger than the 68,316,000 boxes harvested last season. All states report an increase over last year except Louisiana and the Florida tangerine crop.

The estimated production of 3,100,000 boxes for Texas is the same as that indicated Dec. 1, but this production is 560,000 boxes larger than 2,550,000 boxes produced a year ago.

Conditions during December were favorable in Texas and Arizona citrus areas.

Citrus Juice Subsidy Will Be Announced

WASHINGTON, Jan. 14. (AP)—The administration plans to launch a new subsidy program today, despite protests from congress.

Economic Stabilization Director Fred M. Vinson revealed to two legislators last night that he has signed a directive establishing a subsidy for grapefruit juice canners.

Senator Pepper (D-Fla.) and Rep. Green (D-Fla.) said they were told the war food administration would announce the program today, and agency officials confirmed this expectation.

Reluctant to raise congressional anti-subsidy circles, Vinson and WFA Director Marvin Jones had resisted pressure of Florida citrus interests for more than a month before approving the order. The citrus representatives wanted higher prices, rather than a subsidy, but agreed to accept the latter plan when they were told President Roosevelt's "hold the line" order prohibited any consumer price boost.
