THOUSANDS OF JAPS KILLED ON CAPE GLOUCESTER

U. S. Marines Are Expanding Hold on Cape

ADVANCED ALLIED HEAD-QUARTERS, New Guinea, Sunday, Jan. 2.—U. S. Marines, pushing a mile and a half beyond the air-drome in expanding their hold on Cape Gloucester, New Britain, have counted more than 1,000 Japanese dead and General MacArthur's headquarters said "total (enemy) casualties are estimated at many times this figure."

18 POUNDS OF GUGGLING BLISS

This well proportioned baby weighing 18 pounds 10 1/2 ounces, was born to Mrs. Georg Esslinger, Knoxville, Tenn. Twelve hours after its birth the mother said she was feeling well enough to leave the hospital.

Joe O'Neil Is First Baby Of the New Year in Gray

Six babies—all boys—were born in the two Pampa hospitals New Year's Day. The first baby of 1944, and the little fellow who will receive all the guests from merchants sponsoring the New Year Baby Contest, was Joe D. O'Neil, son of Mr. and Mrs. J. L. O'Neil of LeFors.

Texas Produces 39 Per Cent Of U. S. Oil Output

AUSTIN, Jan. 1.—(AP)—Texas produced 39 per cent of the total U. S. oil output in 1943, Chairman Beauford Jester said today in a summary of state railroad commission administration for the year.

Destroyer Lost, Transport Sunk

WASHINGTON, Jan. 1.—(AP)—The destroyer Perkins was sunk in a collision off New Guinea on Nov. 29, the navy announced tonight. The navy also reported that the coastal transport APC-21 was sunk by enemy aircraft off New Britain on Dec. 17.

Spain Grants U. S. Landing Rights

WASHINGTON, Jan. 1.—(AP)—The American Aviation Daily says that Spain has granted permission to the United States for aircraft to land there. Such permission presumably would mark another step by Spain away from Axis ties.

Bees Were Busy Little Bodies

AUSTIN, Jan. 1.—(AP)—Texas bees were more and busier in 1943 than in 1942. The U. S. department of agriculture reported today that honey production is estimated at 6,526,000 pounds as compared with 5,292,000 pounds in 1942.

Tighter Labor Laws Talked At Capital

WASHINGTON, Jan. 1.—(AP)—Stiffened laws to make wartime strikes a crime were talked at the capital today in swift aftermath to an assertion from a figure high in councils of the United States and the United Nations that recent labor disputes may have delayed victory over Germany.

Red Paper Says Japs Are Losing

MOSCOW, Jan. 1.—(AP)—The Soviet trade journal "War and the Working Class" asserted today that "Japan had lost the strategic initiative in the Pacific and her temporary advantage is a thing of the past."

Moisture Benefits Texas Agriculture

(By The Associated Press) Slow rains which at some points turned to snow or alternated with sleet brightened Texas agricultural hopes by bringing welcome moisture to most of the state on the first day of the new year.

Weather Forecast

Table with weather forecast for Pampa, Texas, including temperature ranges for today, tomorrow, and the next few days.

Allied Invasion Command Works Quietly Preparing for Attack

LONDON, Jan. 1.—(AP)—The Allied invasion command worked with quiet urgency and without a pause for the holiday today, in line with Gen. Dwight D. Eisenhower's slogan promising victory in Europe this year, as squadrons of Allied planes again swept over the channel to drop smothering loads of bombs on Nazi defenses.

Panhandle Welcomes New Year's Rain

Pampa spent a bedraggled, rainy New Year's Day Saturday after ushering 1944 across the threshold of the new year with a bang.

Stoddard Buys Circle Oil Firm

DALLAS, Jan. 1.—(AP)—J. B. Stoddard, independent oil operator, said today he had purchased the Circle Oil company of Houston and its 52 wells in Texas, Oklahoma and Louisiana for a cash consideration of \$1,500,000.

War Veterans To Meet at Austin

AUSTIN, Jan. 1.—(AP)—Problems of employment and absorption into civil life will be discussed by World War II veterans in this area at a meeting here Monday night.

Haggard Joins Amarillo Magazine

WACO, Jan. 1.—(AP)—G. W. Haggard has resigned his position as executive secretary of the Texas Farm Bureau Federation and editor of its state paper, the federation of the present war.

Balkan Action Predicted After Kino Takes Trip

LONDON, Jan. 1.—(AP)—King Peter, youthful exiled monarch of Yugoslavia who has been disowned by the Partisan, Marshal Josip Broz (Tito), was reported to have left Cairo for a "secret destination" today and reports arose immediately that some Balkan development was imminent.

68 Killed During New Year's Weekend

(By The Associated Press) The nation's New Year's weekend celebration reached the half-way mark marred by at least 68 violent deaths.

Bascom Giles To Seek Re-Election

AUSTIN, Jan. 1.—(AP)—Bascom Giles, commissioner of the land office, today became the first state official to file formally for a place in the ballot in the 1944 Democratic primary.

Germans Escape Louisiana Fire

DONALDSONVILLE, La., Jan. 1.—(AP)—Five completely destroyed three frame buildings at the South Louisiana state fairgrounds here today. More than 600 German prisoners of war, housed on the fairgrounds during the sugar cane harvesting season, escaped without injury, camp officials said.

Allied Forces Gain on All War Fronts

Russian armies were within 37 miles of the pre-war Polish border last night as Allied forces ushered in 1944 with gains on all battle fronts. Gen. Nikolai Vatutin's first Ukrainian army paced by tanks and cavalrymen was reported by Moscow to have captured the rail center of Belokorovich, 28 miles beyond Korosten and 37 miles from the old Polish border, and to have driven the retreating Germans out of 300 villages and hamlets.

Stoddard Buys Circle Oil Firm

DALLAS, Jan. 1.—(AP)—J. B. Stoddard, independent oil operator, said today he had purchased the Circle Oil company of Houston and its 52 wells in Texas, Oklahoma and Louisiana for a cash consideration of \$1,500,000.

War Veterans To Meet at Austin

Another Pork Bonus Announced by OPA

WASHINGTON, Jan. 1.—(AP)—The office of price administration announced another pork bonus today, validating spare stamp number two in ration book four for the purchase of five pounds worth of fresh pork and all sausage from Sunday, Jan. 2, through Sunday, Jan. 15.

Biggs Field Bomber Missing

PASO, Jan. 1.—(AP)—Biggs Field officials announced today that a Liberator bomber with five men aboard is missing and is believed to have crashed or made a forced landing last night in the Santa Fe vicinity, 40 miles east of Paso.

ISAW...

Pampa alleys resembling miniature spruce and fir forests—a reminder that nothing appears so Christmas and forelorn as a discarded Christmas tree on the day after New Year's.

Five-One Garage 600 S. Cuyler Pl. 51

NEWS OF OUR MEN AND WOMEN IN UNIFORM

Recent graduation ceremonies at the naval training school for midshipmen on the Northwestern university campus in Evanston, Ill., saw William Ralph McKinney, 23, son of Mrs. C. L. McKinney, 616 N. Frost street, Pampa, receive his commission as ensign in the U. S. naval reserve.

Courses in navigation, seamanship and gunnery comprised the three-month training period. The newly commissioned ensign will now see action with the fleet as a deck officer.

Lemon Juice Recipe Checks Rheumatic Pain Quickly

If you suffer from rheumatic arthritis or neuritis pain, try this simple inexpensive home recipe that thousands are using. Get a package of Ru-Ex Compound, a two-week supply, today. Mix it with a quart of water, add the juice of lemons. It's easy. No trouble at all and pleasant. You need only 3 tablespoons two times a day. Often within 24 hours—sometimes overnight—splendid results are obtained. If the pain does not quickly leave and if you do not feel better, return the empty package and Ru-Ex will cost you nothing to try. It is sold by your druggist under an absolute money-back guarantee. Ru-Ex Compound is for sale and recommended by Cretney Drug Store and drug stores everywhere.

23. (Signed) Colonel Ford.

Major Fields, son of Mr. and Mrs. H. T. Fields of Shamrock, holds several decorations. He was awarded the Distinguished Flying Cross for assisting in the evacuation of President Queson and several members of General MacArthur's staff from the Philippines, and Oak Leaf Clusters in lieu of a second DFC, for 51 combat missions (over 200 hours) in the New Guinea and Solomon island war theater, a congressional citation as a member of the 19th Bomb Squadron, and three congressional citations as a member of the famed 19th bomb group.

He volunteered in the air corps in September, 1940, received his wings at West Coast air corps training center, advanced flying school, Stockton, Calif., on April 25, 1941. He left for Hawaii on Dec. 17, 1941, where he remained until February, 1942, when he went to Australia.

Major Fields returned to the United States in November, 1942, was in Pyote, Texas, for a few weeks, and is now stationed at the Lincoln, Neb., air base. He returned to his base Tuesday after spending his furlough with his parents and grandparents, the Rev. and Mrs. Ed R. Wallace.

SHAMROCK—Capt. Wallace Fields, home on furlough from Lincoln army air base, received a telegram Dec. 23, addressed to Major John Wallace Fields, and the message read, "Promoted to major, Dec. 23, 1943."

SHAMROCK—Sgt. Richard D. Rogers, son of Mr. and Mrs. J. W. Rogers of Shamrock, was graduated last week from the army air forces flexible gunnery school at Fort Myers, Fla.

Sgt. Rogers, who has been in service 14 months, is now qualified as an aerial gunner and will become a member of one of the thousands of bomber crews. He will receive his crew training at an operational training field in the United States.

Aviation Student Jacob W. Garman, III, whose wife, Mrs. Mary L. Garman resides at 1125 N. Charles St., Pampa, is in service at the 304th College Training Detachment (air crew), University of North Dakota, Grand Forks, N. D., and has been appointed to the position of aviation student squadron adjutant.

Aviation Student Garman's rank is equal to that of a cadet first lieutenant. In his new capacity Aviation Student Garman will assist in the training of a large number of his fellow trainees.

The recent promotion of W. C. Corley, presently in the 832nd chemical company, chemical warfare service, Camp Sibert, Ala., to the rank of technical 5th grade has been announced by his commanding officer.

T-S Corley was advanced in rank because of his attention to duty and for displaying soldierly qualities befitting the rank.

Born in Brady, Texas in 1922 he attended the local grammar and high school.

Prior to his entry into the armed forces on Jan. 15, 1943, he was employed as a truck driver.

His wife, Mrs. Zella Theo Corley, resides at Pampa.

In training at the preflight school of the San Antonio aviation cadet center are 245 from Texas, including one from Pampa.

The future pilots receive nine weeks of instruction at the center, learning the fundamentals necessary for actual flight training in primary, basic and advanced schools. They are prepared physically and mentally to attain their common goal.

Paratroopers. Pvt. Clay, who is stationed at Fort Benning, Ga., made his fifth and qualifying jump, a night tactical leap identical to actual combat work in Sicily, which completed his four weeks of jump training.

SHAMROCK—The medal of "expert" in rifle shooting is now being worn by Second Lieut. Alvin C. Vanpool, formerly of Shamrock, because of his accuracy in the range at the West Coast ordnance training center, Camp Santa Anita, Calif.

In compiling the score that enables him to wear the medal of "expert," Lieut. Vanpool fired for record from four positions, standing, kneeling and prone, the latter, Lieut. Vanpool's shooting was done at slow fire and half at rapid fire.

He is the son of Mr. and Mrs. J. A. Vanpool of east of Shamrock.

SHAMROCK—Sgt. Richard D. Rogers, son of Mr. and Mrs. J. W. Rogers of Shamrock, was graduated last week from the army air forces flexible gunnery school at Fort Myers, Fla.

TODAY on the HOME FRONT

by JAMES MARLOW and GEORGE ZIELKE

WASHINGTON, (AP)—The anti-strike law went into effect last July 1 as a strike-stopper but now strikes are averaging 10 a day throughout the country compared with about four a day this time last year.

Federal officials, unwilling to be quoted by name for fear of being mixed in a controversy, say: "It is very possible the anti-strike law is being used by some workers as a stick to beat the boss in obtaining their demands through strike threats which never materialize."

Rep. Smith (D-Va.) who authored the anti-strike law with Senator Connally (D-Tex.)—says the measure needs to be revised to put "teeth" in it.

There were 300 strikes last November but only 144 in November a year ago, according to the government's bureau of labor statistics which compiles the strike figures.

Some of last month's shutdowns were due to the coal mine strikes. But only a few.

While the number of workers involved and the number of manhours lost last month were largely due to the coal mine strikes, the number of strikes was not.

Looking at December's still incomplete figures, federal officials say strikes this month will have been about the same as November's.

During the first three months after the law went into effect at least 97 out of 100 war plants apparently ignored the 30-day cooling-off period prescribed by the anti-strike measure.

In those three months employe representatives filed 197 notices of intention to strike, conforming with the law's requirements. Of that total, 144 subsequently were withdrawn, leaving 53 on which to conduct votes.

In 47 of those 53 polls the majority of employes voted to strike. But only 15 of them actually went so far as to strike. Yet those 15 strikes were only a relatively small proportion of the war plant stoppages.

Only a minute number of the cases in which intention to strike is given actually result in strikes while the number of actual strikes in which no notice is given at all is higher than a year ago.

Here is the background of the anti-strike law, which is supposed to end what is happening.

John L. Lewis last June 23 called off his coal miners' third strike of the year until Oct. 31 to permit settlement of his wage demands.

Two days later, June 25, congress, furious at the mine shutdowns were to cost the nation 40 million tons of coal in 1943, passed the anti-strike law which Lewis vetoed.

The law had two main provisions, both of which have been severely mauled.

1. It provides that whenever a labor dispute in a war plant, representatives of the workers shall file a notice with three government agencies, especially the national labor relations board.

For 30 days after such notice is filed workers and bosses are to continue uninterrupted war production. On the 30th day the NLRB conducts a secret vote to determine whether the workers wish to strike.

Those 30 days—between filing of intention to strike and the strike vote—is supposed to be a "cooling off" period, a time in which bosses where they no longer had a working contract.

On Nov. 1, in keeping with the anti-strike law, the president ordered Interior Secretary Ickes to seize the mines for the government. But the miners did not go back to work until two days later when told to by Lewis who by then had reached a wage agreement with Ickes.

Meanwhile, wage stoppages and strikes in other war industries were occurring although they had not been seized by the government. In such cases the only penalty for violation of the law's required 30-day notice before striking in a war plant not seized by the government is a civil suit for damages.

The government or a war contractor may sue employes or their representatives if damages can be shown. The department of justice says it has no record of any such suit filed. One labor department expert says:

"It's like this. The walk-outs or strikes may last a few hours or a few days. Bosses, with the workers back, don't want to start another rumble with a court action for damages. So they don't."

WASHINGTON, (AP)—If you're bewildered by the rapid development of the post-war scene—such as the steel workers' walkout and the railroad workers' demands for higher pay—you have plenty of company in the best informed Washington circles.

Some of the confusion and uneasiness in wartime Washington was revealed this week when one of the more highly placed officials charged with keeping down living costs announced the silver wings of Army Air Forces pilots.

The preflight cadets include: Richard E. Cox, 903 E. Francis, Pampa.

Pvt. James Shelton, son of Mrs. B. F. Browder of 1800 South Wilcox, Pampa, has won the right to wear the world-famous wings and boots of the United States army volunteer paratrooper. He made his fifth and qualifying jump, a night tactical leap identical to actual combat work in Sicily, which completed his four weeks of jump training at Fort Benning, Ga.

Much Diplomatic Activity Due In Year of Decision

By WADE WERNER

LONDON, Jan. 1.—(AP)—Diplomatic activity possibly even more intense than that which characterized the closing months of 1943 is in prospect for 1944—the "year of decision" in the calendar of World War II.

Already there is talk of another meeting of President Roosevelt, Premier Stalin and Prime Minister Churchill in 1944 to follow the historic Middle East conferences where, it is understood, actual settlement of multiple detailed problems was left for future discussions.

In any case, here are some of the tasks confronting statesmen and diplomats:

1. Clarification of the status of refugee governments with respect to new leadership arising among patriots fighting inside occupied countries, with the aim of coordinating all efforts toward liberation.

2. Increased diplomatic pressure—parallel with military action such as the bombing of Sofia—to jolt out of the war the Axis satellites whose wagons still are hitched to Hitler's falling star.

3. Encouragements of neutrals such as Sweden to take a tougher attitude toward Germany, and further cultivation of Turkey's new-

ly declared trend toward closer collaboration with the United Nations.

4. Stabilization of political and economic conditions in liberated areas such as Southern Italy.

5. Finally, the pivotal problem of what to do with defeated Germany, how to reorganize her bomb-wrecked industries to serve in rehabilitation, how to carry through the trial and punishment of war criminals.

6. Only after the question of Germany's future status is decided are Europe's future frontiers likely to be discussed seriously.

LIBERATOR BLOCKS NAZI BLOCKADE RUNNER

Nazi blockade runner shown ablaze after bombing by Liberator bomber of British Coastal Command with a Czech flyer at the controls. This was only the

start of trouble for the Nazis, as shortly after 11 German destroyers, probably heading for rendezvous with the blockade

runner, were sighted and in the ensuing battle, 3 German destroyers were sunk and others hit. (British Air Ministry Photo by NEA Telephoto).

Stockholders Try To Oust Head Of Mokan Company

NEW YORK, Jan. 1—(AP)—Formation of a stockholders committee with the stated intention of ousting William G. Maguire as president of the Missouri-Kansas Pipe Line Co. (Mokan) was announced today.

The committee was made up of Howard Satcher, a Philadelphia broker, A. F. Dixon, a director of the company, and J. W. Taylor, of the Security Trust Co. of Delaware and claimed to represent holders of more than 210,000 shares of Mokan "B" stock, of which a little more than 700,000 shares are outstanding in the hands of the public.

In soliciting proxies for any future meeting of the company, the stockholders committee made various charges against Maguire, including active planning to gain control of Panhandle Eastern Pipe Line Co.

The charges were denied by Geoffrey Mellor, vice president of Mokan, who said the efforts of the committee were inspired "by persons whose employment by Mokan has been terminated." He said the charges would be answered in full at a later date.

Early in 1943 Mokan won a seven-year fight with the Columbia Oil & Gasoline Corp. for control of Panhandle Eastern Pipe Line and now owns 65 per cent of that company's stock. Upon termination of this litigation, Maguire was elected chairman of Panhandle Eastern and 25 per cent control was acquired by the Phillips Petroleum Co.

Mokan was formed in 1928 as a holding company and has investments in companies engaged in production, transportation and distribution of natural gas. Early in November directors named a committee, including Maguire, to work out a plan of orderly liquidation of the company which would guarantee continued independent operation of Panhandle Eastern Pipe Line, one of the principal objectives for which the company was formed.

103-Year-Old Musician Dies

DALLAS, Jan. 1—(AP)—Organizer of what was believed to be the first brass band in Texas, Isaac Erwin Tittle, 103, who was born at White Rock, Red River county, while Texas was still a republic, died here yesterday three months before the 104th birthday he hoped to celebrate.

He lived an active life until an illness last week that caused his death. Only a few months ago he had recovered from pneumonia, resumed his daily walks of four or five miles and spent much time beside the radio listening to music and war news.

Tittle taught his younger, blind brother to play instruments, sent him to school and then the two organized a brass band of 16 pieces to tour the state.

He is survived by two sons, James W. Tittle and Raymond H. Tittle, both of Dallas, and eight grand children.

Legion Attacks Selective Service Employment Plan

AUSTIN, Jan. 1—(AP)—The chairman of the Texas American Legion re-employment committee took sharp issue with selective service's recently announced plan for returning war veterans to jobs and called on congress for an immediate clarifi-

cation of what was described as a "highly confused outlook."

Dr. C. H. Brownlee of Austin, the committee chairman, said that while the plan has apparently been serviceable for the relatively few veterans returning to civil life, it is highly inadequate for the future when millions of discharged soldiers will be looking for jobs.

Under the plan recently announced by State Selective Service Director Gen. J. Watt Page, names of discharged soldiers are referred to committees working with local draft boards. These committees in turn are to work with committees representing veterans' organizations, labor, civic clubs, industry and other agencies to facilitate re-employment.

Dr. Brownlee said the selective service act's provisions for re-employment of inductees is widely misunderstood, and that the act itself does not furnish an airtight guarantee that men drafted will be given their old jobs when they return home.

He quoted a letter from war manpower commissioner, Paul V. McNutt, dated March 17, 1943 to Rep. Lyndon Johnson (D-Tex.), in which the selective service act's provision that demobilized men's positions of like seniority status and pay shall be restored "unless the employer's circumstances have so changed as to make it impossible or unreasonable to do so" as basis for his belief that further guarantees should be enacted by congress.

Aided by experience gained in placing veterans of World War I on jobs, the United States employment service has expedited the placing of 20,286 World War II veterans on Texas jobs this year.

The figure was announced by C. E. Belk, state director of the war manpower commission of which U. S. E. S. is a part.

Indicative of the big job ahead Belk declared that placements have increased sharply in recent months—2,752 in October and 3,113 in November. In November the U. S. E. S. also found out-of-state jobs for 433 veterans discharged in Texas.

Hospitalized veterans are given prompt attention, he said, declaring that 3,455 were interviewed in October prior to their release.

Veteran placement has been an integral part of the U. S. E. S. since 1923.

By agreement made with the war department in May, 1943, the U. S. E. S. interviews discharged veterans to obtain information regarding their former type of employment, service record, home town, former job and preference as to location of new job.

In many cases, Belk said, discharged soldiers were given referrals to jobs at the time of the interview and in almost every case the veteran found that he was being considered for a specific job when he arrived at his destination.

R. J. Gatling invented a machine gun during the Civil War that fired 250 shots a minute and later was adopted by the armies of nearly every nation.

Expecting a Baby?

MOTHER'S FRIEND helps bring ease and comfort to expectant mothers.

MOTHER'S FRIEND, an exclusively prepared emollient, is useful in all conditions where a bland, mild anodyne massage medium in skin lubrication is desired. One condition in which women for more than 70 years have used it is an application for massaging the body during pregnancy... it helps keep the skin soft and pliable... thus avoiding unnecessary discomfort due to dryness and tightness. It refreshes and tones the skin. An ideal massage application for the numb, tingling or burning sensations of the skin... for the tired back muscles or cramp-like pains in the legs quickly absorbed. Delightful to use.

Highly praised by users, many doctors and nurses. Just use any drugist for Mother's Friend—the skin lubricant. Try it tonight!

BEHRMAN'S "EXCLUSIVE BUT NOT EXPENSIVE"

UNDAUNTED AND UNAFRAID WE MEET THE NEW YEAR

THE UNFALTERING LIGHT OF LIBERTY CHARTS THE PATH TO "UNCONDITIONAL SURRENDER"

The torch of liberty still burns bright in America while elsewhere it is dimmed and quenched by the treachery of blood-crazed nations that have fanatically followed the hollow orders of dictatorships. Now it is time to celebrate the breaking of a new year . . . a year in which to continue to bear high our

traditions of bravery and gallantry . . . one in which to share the brilliance of the ideals we cherish and the complete Victory we shall win. We, the merchants resolve to grasp tightly our hold on freedom and carry it exaltedly through another year . . . to dedicate it to constructive service for those who keep faith in us!

OUR New Years Resolution!

**TO HELP SPEED VICTORY
... AND PEACE**

It matters not what your occupation is, the fact remains that if we do our jobs well, be they on the production line, in the kitchen, at the office, we shall be speeding the victorious return of our fighting heroes. Community cooperation is a vital part of winning this war . . . respecting rationing regulations . . . Civilian Defense activities . . . conserving what we have and buying no more than we need.

Start THE NEW YEAR RIGHT

**BUY
WAR BONDS**

As the clamor of the New Year bells still rings joyously and clearly in our ears and hearts, we join the chorus to wish that your new year will bring new found happiness. We wish to acquaint you again with our perennial pledge to continue conducting our business so that you find it a pleasure to trade year in and year out with us. We also re-echo our prayers for re-united homes safe from the viciousness of warfare.

"Your Home Owned Utility"

\$3,048,000,000.00

of Political Medicine Yearly in the United States

What does this mean for:
SICK PEOPLE
PHYSICIANS
THE PUBLIC

Political Medicine for America

On June 3, 1943, Senator Robert F. Wagner of New York—for himself and Senator James Murray of Montana—introduced in the Senate, Bill 1161.

If the recommendations in this Bill are enacted into law, they will destroy the effectiveness of medical care in the United States.

The Bill proposes to raise annually by taxation—from payrolls mostly—approximately *Twelve Billion Dollars*. Of this sum an amount estimated at *Three Billion, 48 Million Dollars* (\$3,048,000,000.00) is to be allocated to provide medical care by the government.

What Political Medicine Will Do to Your Physician

Physicians would be paid by government. Presumably they would work eight hours per day instead of twenty-four hours.

There would be little incentive for your physician to become more skilled in the art of medical practice. His advancement would depend upon his influence with politicians rather than on his skill or the character of his work.

Your physician would not develop initiative—he would have to adopt the methods and prescribe the treatments and medicines determined by superiors.

Your physician would have little, if any, personal interest in you who are compelled to visit him, merely because you are on his panel.

State Medicine—political control of medical service—always has, always will develop doctors who are politically amenable, who cater to the ward committeeman or the precinct captain rather than to the needs of human beings who are their patients.

For the true physician—political control of medical care means incompetence, professional deterioration and the forfeiture of self-respect.

What Does Political Medicine Mean for Sick People?

It means that they must depend upon a doctor who:

Is paid by the government—is presumably working eight hours per day. The emergency sickness must wait until the doctor is on the job;

May not be the doctor of their choice, but the one that has been assigned by a political bureaucrat;

Cannot have a personal interest in patients who come to him because they are compelled to do so;

Is less knowing and less efficient because he must follow methods and prescribe remedies that are fixed by his bureaucratic superiors;

Since his job is political, is more interested in pleasing or appeasing his political bosses than he is in curing his patients.

Often human life depends upon a physician's skill—shall he be made subservient to politicians?

What Does Political Medicine Mean for the Public?

\$3,000,000,000.00 annually of extra payroll taxes—an average of about \$120.00 yearly for each family;

150,000 additional bureaucrats to tell patients where to go and doctors what to do and how to treat human beings who are sick;

The sacrificing of the highest level of health and the most effective medical care ever known;

Doctors—to care for loved ones—who are first political stooges and henchmen instead of self-respecting human beings and—

It is understood that, if the Medical Profession is regimented, it will represent a decisive step forward toward establishing centralized Federal Control of all the professions and industry, and the destruction of Freedom of Enterprise in the United States.

What Has American Medicine Done?

Under the American system, American Medicine—American Doctors—have developed the most effective and the most widely distributed medical care that has ever been provided for any comparable number of people anywhere at any time.

In 150 years, the average number of years a man will live has been nearly doubled. In 1790 the average was 35 years. Today it is 62 years.

A child born in 1942 has the prospect of living 12 years longer than a child born in 1900.

In the last 40 years, the death rate per 100,000 people has been reduced from 1,755 to only 1,060.

During this period, typhoid fever almost has disappeared; smallpox has been subdued; diphtheria practically has been conquered; pernicious anemia, tuberculosis, diabetes, and a score of lesser ailments are being brought under control.

In 1942 the United States had the highest general level of health and the lowest death rate ever known for a like number of people under similar conditions.

The Question

Unless a tidal wave of protest forewarns the sponsors, this Bill or similar proposals may be enacted into law. The question to be answered is a simple one: Do you want medical care for the sick to be provided by Bureaucrats, Politicians, or by Doctors?

Longhorn Ramblers Little Tougher in Cotton Bowl

Glenn Dobbs Stages Great One-Man Show

By HAROLD V. RATLIFF
DALLAS, Jan. 1.—(AP)—The nation's No. 1 pass offense and the season's top pass defense fought to make the 70th stadium today the eighth annual Cotton Bowl, Texas staging off repeated Randolph Field drives that carried deep into Longhorn territory by timely interceptions.

The great Glenn Dobbs had the Longhorns reeling in the last half with his passing, running and punting but always there was an orange-shirted Teran bobbing up just when winning pay-dirt needed to take a Dobbs pitch.

A crowd of 15,000—less than half the number that bought tickets—huddled under rain and sun to see the first tie game in the history of the bowl and to marvel at the one-man show put on by Dobbs, the All-American. Dobbs gave Randolph Field a lead in the first period when he passed to Tex Auld for 15 yards and a touchdown. Walter West kicked the extra point.

Texas came back to tie the score in the second quarter also on a pass play with Ralph Ellsworth, who climbed out of a sick bed to play 60 minutes of football, doing the honors.

It was a fumble by Dobbs that set up the play. The teams had settled into a punting duel, sparring for an opening on the slippery field. Randolph Field a lead in the history of the bowl and to marvel at the one-man show put on by Dobbs, the All-American.

Dobbs carried the ball 16 times for 110 yards and completed 13 of 26 passes for 51 yards. His ball-carrying average suffered through the loss of 40 yards on passing attempts.

Texas ran its three pass interceptions back 45 yards—almost as much as Dobbs gained on his three completions.

The Longhorns got Randolph Field in a hole in the opening minutes of the game by marching down to the 21, but a pass interception by West stopped the drive. Ellsworth attempted to pass but the ball was intercepted by Calahan.

A little later Dobbs caught Texas flat-footed with a 68-yard quick-kick and the Longhorns were in trouble most of the time from then on. Once the Ramblers got down to the Texas seven but the fighting Longhorns rose up to smother every attempt, getting up for a Calahan yard loss at right end on fourth down.

Dobbs was the game's great star but the running light was Calahan who smacked the Eastern line and whipped the ends for a net 44 yards. West was second high gainer with 36 yards.

Line stars were Joe Parker, Texas All-American, end and Martin Ruby, huge Rambler tackle.

Steve Van Buren Upsets Texas Aggies 19-14 in Orange Bowl

MIAMI, Fla., Jan. 1.—(AP)—Red-headed Steve Van Buren, the moving force from Baton Rouge, took 1944's Orange Bowl football championship right out of a Texas A. & M. showcase today and sent it home to Louisiana State university, freight paid, on the long end of a 19-14 score that thrilled 27,000 fans.

The Aggies, minus their great yearling star, Marion Flanagan, fought all the way. True to the promise of Coach Homer Norton, they "gave 'em Texas" with a showing of 36 passes. But L.S.U.'s Bernie Moore had set his defense well, and the Bayou Tigers held off the Aggie rally with successive interceptions when it counted most.

Van Buren, the hard-running, 200-pound halfback, gained 172 of L.S.U.'s net 181 yards from scrimmage. In the first quarter, he put Louisiana State ahead when he broke through on a double-reverse to score standing on from 31 yards out. Later in the same period, he faked back to his 30 yard Guard Carl Janneck had recovered an Aggie fumble, and he hit Ed Burton Goode for a second touchdown.

The Texans came back late in the second quarter also on a pass play with Ralph Ellsworth, who climbed out of a sick bed to play 60 minutes of football, doing the honors.

It was a fumble by Dobbs that set up the play. The teams had settled into a punting duel, sparring for an opening on the slippery field. Randolph Field a lead in the history of the bowl and to marvel at the one-man show put on by Dobbs, the All-American.

Dobbs carried the ball 16 times for 110 yards and completed 13 of 26 passes for 51 yards. His ball-carrying average suffered through the loss of 40 yards on passing attempts.

Texas ran its three pass interceptions back 45 yards—almost as much as Dobbs gained on his three completions.

The Longhorns got Randolph Field in a hole in the opening minutes of the game by marching down to the 21, but a pass interception by West stopped the drive. Ellsworth attempted to pass but the ball was intercepted by Calahan.

A little later Dobbs caught Texas flat-footed with a 68-yard quick-kick and the Longhorns were in trouble most of the time from then on. Once the Ramblers got down to the Texas seven but the fighting Longhorns rose up to smother every attempt, getting up for a Calahan yard loss at right end on fourth down.

Dobbs was the game's great star but the running light was Calahan who smacked the Eastern line and whipped the ends for a net 44 yards. West was second high gainer with 36 yards.

Line stars were Joe Parker, Texas All-American, end and Martin Ruby, huge Rambler tackle.

Georgia Tech Wrecks Tulsa Hopes, 20-18

NEW ORLEANS, Jan. 1.—(AP)—Georgia Tech's Ramblin' Wreck discarded his famed razzle-dazzle offensive soon enough to smash to a 20 to 18 last quarter victory over Tulsa's Golden Hurricane here today before 50,000 fans in the most sweltering game in Sugar Bowl history.

Georgia Tech had to travel 79 yards for the game-winning touchdown with the final quarter half gone. Fullback Ed Scharfwerdt, the great Eddie Prokop, Tech tailback and Scharfwerdt alternated in ripping the Tulsa tackles in the drive. Prokop, the yard slacker off tackle was the longest try of the surge.

The hustling Hurricanes struck with lightning fury for a touchdown in the first five minutes of play, going 36 yards on the ground and in the air for their first score.

Clyde Leflore, 166-pound triple-threat quarterback, led the Hurricanes with a perfect screen pass on the Georgia Tech 15-yard line and Shedlosky had blockers to spare when he crossed the Tech line.

Leflore's try for point from placement was wide, but Tulsa strengthened its bid for a victory when little Jimmy Ford, 145-pound scatterback, drove 71 yards. Ford chased 76 yards for a touchdown on the first play of the second quarter.

Leflore again missed the try for point and Georgia Tech got back in the game by driving 71 yards to score with Fullback Frank Broyles smashing across from the one-foot line. Broyles' 26-yard pass to Ed Scharfwerdt, however, ended a five-yard penalty against Tulsa.

Ford's 68-yard punt that rolled dead on the Tech 6-yard line and a fumble by Broyles set up Tulsa's second touchdown of the second quarter. Ed Scharfwerdt, however, ended a five-yard penalty against Tulsa.

Leflore missed his third try for extra point and with the wide kicks went Tulsa's chances of victory. He missed his fourth try for extra point in the third quarter, but the passing game of the Hurricanes kept them in the game.

The West, coached by Orin Holmgren of Washington State and T. T. Guck's show of Santa Clara, tied the count near the end of the opening quarter.

Wede Meyer passed five yards to Ed Scharfwerdt, who passed to Philbos over the line. Taverner's attempted conversion failed.

The West put the ball into play on its 41-yard line. Wede Meyer tossed a 30 yard pass to John Quarterback from Washington State college, who raced 35 yards for the score. The wet ball splattered off Norberg's foot on the attempted conversion and the score was tied 13-13.

Freshmen Star As East, West Tie, 13 to 13

By RUSS NEWLAND
SAN FRANCISCO, Jan. 1.—(AP)—Faced by three college freshmen from their old teammates, East and West battled to a 13 to 13 tie on a rain drenched field today in the 19th annual championship football game played before a capacity crowd of nearly 60,000 fans.

It was Herman Wede Meyer, 19-year-old first year lumbar of St. Mary's, who drove 71 yards to score with Fullback Frank Broyles smashing across from the one-foot line. Broyles' 26-yard pass to Ed Scharfwerdt, however, ended a five-yard penalty against Tulsa.

Ford's 68-yard punt that rolled dead on the Tech 6-yard line and a fumble by Broyles set up Tulsa's second touchdown of the second quarter. Ed Scharfwerdt, however, ended a five-yard penalty against Tulsa.

Leflore missed his third try for extra point and with the wide kicks went Tulsa's chances of victory. He missed his fourth try for extra point in the third quarter, but the passing game of the Hurricanes kept them in the game.

The West, coached by Orin Holmgren of Washington State and T. T. Guck's show of Santa Clara, tied the count near the end of the opening quarter.

Wede Meyer passed five yards to Ed Scharfwerdt, who passed to Philbos over the line. Taverner's attempted conversion failed.

The West put the ball into play on its 41-yard line. Wede Meyer tossed a 30 yard pass to John Quarterback from Washington State college, who raced 35 yards for the score. The wet ball splattered off Norberg's foot on the attempted conversion and the score was tied 13-13.

Wede Meyer passed five yards to Ed Scharfwerdt, who passed to Philbos over the line. Taverner's attempted conversion failed.

The West put the ball into play on its 41-yard line. Wede Meyer tossed a 30 yard pass to John Quarterback from Washington State college, who raced 35 yards for the score. The wet ball splattered off Norberg's foot on the attempted conversion and the score was tied 13-13.

Wede Meyer passed five yards to Ed Scharfwerdt, who passed to Philbos over the line. Taverner's attempted conversion failed.

Projans Trounce Huskies 29-0 in Rose Bowl Surprise Party

PASADENA, Calif., Jan. 1.—(AP)—Surprising even their staunchest adherents today the University of Washington dizzy and won their seventh Rose Bowl football game in as many tries, 29 to 0.

A despatch short ender at 1-2 to 1 odds, Southern California came up with a brilliant passing game that just couldn't miss and its rugged line, contributing its peak performance, repeatedly stacked Washington's powerhouse runner, Sam Robinson. The official attendance was 68,000.

The Trojans scored all four touchdowns on passes and picked up two points on an automatic safety in the fourth down play by the Washington quarterback, Gerry Austin, the ball rolling into the end zone.

Washington had completed its names for the 16th passes they tried for 112 yards and made eight first downs to the Huskies' seven.

The Trojans out-gained Washington on the ground, 141 yards to 132, completed nine of the 16 passes they tried for 112 yards and made eight first downs to the Huskies' seven.

Akins was the big threat for the invaders. He frequently gained when the SC line appeared to have him trapped. His average was 5.67 yards in nine tries.

EL PASO, Jan. 1.—(AP)—A final quarter forward pass, starting Tallback R. W. MacGruder of San Marcos, gave Southwestern of Texas a 7 to 0 victory over the University of New Mexico in the Sun Bowl today.

The 32-year loss, from Fullback R. L. Cooper, clogged after the underdog New Mexico Lobos had been defeated by the highly touted ground game of Southwestern's Pirates through three quarters and eight minutes of the final period.

Twice before New Mexico halted the Pirate thrusters on the nine-yard line and the gun had saved them from the first half.

The Pirates took the ball at the start of the fourth quarter on the 12. A pass, MacGruder to Cooper, made 27 and the two backs hit the line for a first down, and MacGruder broke loose for 22 yards to the New Mexico 19.

Sports Roundup

By HUGH FULLERTON, JR.
New York, Jan. 1.—There's deep snow in the north country this New Year's day and on its smooth surface the nameless athletes of the Royal Norwegian Air Force are writing another colorful chapter in sports history. Remember last winter when a couple of Norwegian boys known only as "Ola" and "Sivurd" dominated ski competition? They couldn't reveal their family names for fear that their folks back home in Norway would suffer if the Germans learned that they were training at Little Norway in the Catskills. Today they are competing in the national tournament, and he's an expert on skis, as demonstrated by winning a six-mile cross country race over icy terrain by a five-minute margin over his rival.

REAL SPORTS HEROES
—Kjet recently returned to Little Norway after serving action in the air over Europe. . . . We don't know how he got to the training base in the first place, but the chances are he'd have a thrilling story to tell. . . . Now their aim is to go back to Norway as free men to restore their country. And it is a fine tribute to their favorite sport and to sport in general that these boys, when they have leisure time, choose to devote it to such competition.

SERVICE DEPT.
A new basketball brochure from the Great Lakes naval training station tells the past basketball duties of the stars of the past two seasons. . . . From the 1941-42 team that won 31 of 36 games: Frank Baumholtz dribbled his way through 10 seasons of full runs to Murnan, made an outstanding performance in the African theater and now is in the Southwest Pacific; George Rung, still playing in the North Atlantic theater; Jim Van Arsdale, on the amphibious staff of the European theater; Ernie Andrus, after service in Alaskan operations is training for the sub command at Miami; John Lohlinger, on duty in Alaska; Jim Currie, commands sub chaser in North Atlantic; Bill Menke, flying navy FBY plane in South Pacific. . . . Of last season's even more successful squad, Wilbur Schumacher and George Sobek have been assigned to sea duty in the Caribbean; Bob Lillibridge is on submarine duty and Lee Huber in the amphibious command in the Pacific. Bob Daves has been assigned to the sub-chaser command in amphibious warfare.

John Pesky Named 'Man of the Decade'

WICHITA, Kan., Jan. 1.—(AP)—John Pesky, former Boston Red Sox infielder, was named by the National Baseball Congress today as its man of the decade.

The award, made by the semi-pro organization on its tenth anniversary, was among several given leading sandlot players and teams for their achievements in the last 10 years.

Pesky played ball with the Silverton, Ore. Red Sox in 1938 and 1939. Other awards: Leading pitcher—Yancey Caudle, formerly of Mt. Pleasant, Tex., who established a record of nine consecutive victories in national tournament competition over a three-year period, 1939 to 1941.

Leading hitter—Monty Basgall, Enid, Okla., with an average of .586 in 1940.

Most consistent state champion—Baton Rouge Essos, who annexed the Louisiana state title six straight years, 1937 to 1942.

Wrecks Tulsa Hopes, 20-18

NEW ORLEANS, Jan. 1.—(AP)—Georgia Tech's Ramblin' Wreck discarded his famed razzle-dazzle offensive soon enough to smash to a 20 to 18 last quarter victory over Tulsa's Golden Hurricane here today before 50,000 fans in the most sweltering game in Sugar Bowl history.

Georgia Tech had to travel 79 yards for the game-winning touchdown with the final quarter half gone. Fullback Ed Scharfwerdt, the great Eddie Prokop, Tech tailback and Scharfwerdt alternated in ripping the Tulsa tackles in the drive. Prokop, the yard slacker off tackle was the longest try of the surge.

The hustling Hurricanes struck with lightning fury for a touchdown in the first five minutes of play, going 36 yards on the ground and in the air for their first score.

Clyde Leflore, 166-pound triple-threat quarterback, led the Hurricanes with a perfect screen pass on the Georgia Tech 15-yard line and Shedlosky had blockers to spare when he crossed the Tech line.

Leflore's try for point from placement was wide, but Tulsa strengthened its bid for a victory when little Jimmy Ford, 145-pound scatterback, drove 71 yards. Ford chased 76 yards for a touchdown on the first play of the second quarter.

Leflore again missed the try for point and Georgia Tech got back in the game by driving 71 yards to score with Fullback Frank Broyles smashing across from the one-foot line. Broyles' 26-yard pass to Ed Scharfwerdt, however, ended a five-yard penalty against Tulsa.

Ford's 68-yard punt that rolled dead on the Tech 6-yard line and a fumble by Broyles set up Tulsa's second touchdown of the second quarter. Ed Scharfwerdt, however, ended a five-yard penalty against Tulsa.

Leflore missed his third try for extra point and with the wide kicks went Tulsa's chances of victory. He missed his fourth try for extra point in the third quarter, but the passing game of the Hurricanes kept them in the game.

The West, coached by Orin Holmgren of Washington State and T. T. Guck's show of Santa Clara, tied the count near the end of the opening quarter.

Wede Meyer passed five yards to Ed Scharfwerdt, who passed to Philbos over the line. Taverner's attempted conversion failed.

CABBAGES & QUEENS

By JANE BARA

A NEW YEAR SUPPLICATION

Dear Lord, I pray that through this year I may live close to Thee, And let Thy hand close out all fear...

The above poem was written by Dollie Davis Smith of Cleburne, Texas, who is the Texas Poet Laureate. She promises to send us more during the year.

Most of us feel that 1944 will be a better year. True, the year ahead of us will be an eventful one. The second year of war found U. S. women busy on both the home and war fronts.

And so it is—off with the old and on with the new. This year women, as well as men have been profoundly affected by the great war news of the year—councils of Roosevelt, Churchill, Stalin and Chiang Kai-shek.

What you hear never seems as important as what you overheard. Now that we have Christmas wrapped up in tissue paper and cotton and stored away until next time—we can shake the icicles and mistletoe out of our hair and take a look-see at our Christmas cards.

Now we can all spend the week end cleaning our shoes and over-shoes after our big snow we feel like life-long shine boys.

Next to crackers, hats are the worst home-breaker-upperers we know of. A hat can do much more damage than the ordinary cracker-eater-in-bed type or woman.

We always thought we were as lucky as a guy with a new automobile, eight new tires and a T book when we found a whistle in a box of cracker jacks.

O THE PITY OF IT ALL!—A group of ladies were gathered around a tea table at a hotel when a four star general walked by.

Here's a favorite story of the man who was concerned with whether his farm was in Poland or Russia international boundaries being what they are these days.

WHICH COUNTS MOST?—a pretty face, a shapely figure, or a warm response? They seldom all come in the same package.

This week the mails have been heavy. Curious souls could not wait for this issue of C. and Q. to find out IF Mrs. Henry DID or DID NOT go back to bed after her midnight maneuvers!

Open-House To Be Held Today At Ledrick Home

Mrs. George Walstad, Sr. and Mrs. Dude Halthrope will be senior hostesses at an open-house at the Lee Ledrick home, 505 E. Kingsmill, this afternoon from 2:30 until 5:30.

Miss Honeycutt Becomes Bride Of Sargeant L. Stark

Special To The NEWS. SHAMROCK, Jan. 2—Miss Ola Mae Honeycutt, daughter of Mr. and Mrs. A. L. Honeycutt of Lela, became the bride of Sgt. Lytton Stark, son of Mr. and Mrs. A. L. Stark of Plainview, Texas December 25, at 1 p. m.

The wedding took place at the home of the bridegroom's parents in Plainview, with the Rev. J. E. Black of the Church of Christ, reading the vows for the impressive single ring ceremony.

The bride wore a coral ensemble blue street-length dress of navy blue trimmed in red and white with matching accessories.

Immediately following was the wedding dinner served buffet style. The bride and bridegroom served the three-tiered wedding cake, which was topped with a miniature bride and soldier.

Next to crackers, hats are the worst home-breaker-upperers we know of. A hat can do much more damage than the ordinary cracker-eater-in-bed type or woman.

The Viernes club met Friday afternoon at 3 o'clock in the home of Mrs. W. E. Abernathy for their regular monthly meeting.

Members of the Women's Auxiliary of St. Matthew's Episcopal church will meet Wednesday at 2 o'clock at the church for election of delegates to the annual meeting of the auxiliary for the entire district.

An executive board meeting has been called by Mrs. C. E. McMinn, president of the Central Baptist W. M. S., to be held preceding the luncheon which will be held at 1 o'clock.

This luncheon is being held in place of the scheduled silver tea, and will be held at the church.

Polar bears have been known to drift from Greenland to Iceland on cakes of ice.

Trend-Setter

CHIC contrast in both fabric and color makes this beige and black suit by Howard Greer one of the most striking successes in the new trend of two-toned ensembles in mixed fabrics.

Miss Maxine Holt Becomes Bride Of Ensign William R. Milliron

Miss Maxine Holt, daughter of Mr. and Mrs. Roy Holt, 533 S. Russell, became the bride of Ensign William R. Milliron of Los Angeles, Calif., in a ceremony read December 23 at Sayre, Okla.

The bride wore a coral ensemble blue street-length dress of navy blue trimmed in red and white with matching accessories.

Following the ceremony the couple left for New York City. The bride traveled in a teal-blue suit of soft wool with black accessories.

Further details of the marriage ceremony have not been received.

Christmas and New Years have gone by and I still get all choked up inside at the thought of not having been able to be home as always I can't help it.

Dear Mom, Christmas and New Years have gone by and I still get all choked up inside at the thought of not having been able to be home as always I can't help it.

Dear Mom, Christmas and New Years have gone by and I still get all choked up inside at the thought of not having been able to be home as always I can't help it.

Hayes-Suagee Vows Said In Church Ceremony

In a double ring ceremony, Miss Frances Elaine Hayes, 814 Somerville, daughter of Mr. and Mrs. H. G. Hayes, 3771 E. 2nd, street, Tulsa, Okla., became the bride of Freeman Suagee, Norman, Okla., son of Mrs. M. A. Suagee of Tulsa.

The bride wore a coral ensemble blue street-length dress of navy blue trimmed in red and white with matching accessories.

The bridegroom attended high school at Bartlesville, Okla., and one year at Bartlesville Junior college. He received his B. A. degree from the University of Oklahoma.

Following the ceremony the couple left for New York City. The bride traveled in a teal-blue suit of soft wool with black accessories.

Further details of the marriage ceremony have not been received.

Miss Ernestine Francis, Sargeant James M. Wood Wed Christmas Day

Miss Ernestine Francis, Pampa, daughter of Mrs. T. V. Donald of Ft. Smith, Ark., became the bride of S-Sgt. James M. Wood, son of Mr. and Mrs. James Wood, Sr., of West Helena, Ark.

The bride wore a coral ensemble blue street-length dress of navy blue trimmed in red and white with matching accessories.

Following the ceremony the couple left for Memphis, Tenn.

Further details of the marriage ceremony have not been received.

USO MUSES

(Continued from Page 9)
 It. They did everything possible to see that none of us had anything but a Merry Christmas, and everyone did just that.
 Let us instead give thanks that such things as Christmas, as we know it, without prejudice or restriction are still and will always be possible in this wonderful land in which we live.

Your son,
 Bill
TYPICALLY GI: Written with a Sheaffer lifetime or a tooth sharpened pencil, more or less fluently, with or without dotting the "i's," the above is sufficiently typical.
 Though the Christmas festivities have already given way to the celebrations of greeting the New Year.

PERSONALITY Beauty Shop
 Totie Chappell, Owner
 Alene Taylor, Beautician
 109 W. Foster Phone 1172

the glow of the former still lingers. . . . And so, too, does the flavor of the Christmas dinner which many a GI found himself eating in the homes of generous Pampans. . . . And who can forget Rev. Boshen of the Presbyterian church leading the singing of the His Kit songs at the chile supper Christmas evening. His rendition of "Pistol Packing Mama" — a hilarious knockout. . . . Also the local men of the town, matching in efficiency the star waitresses of any cafe, waiting on us. We'll remember them 'cause they looked so cute in their aprons, wouldn't take any tips, and didn't spill any chili in our laps. . . . If you didn't shave, you could trade your razor blades for cigarettes and if you didn't smoke, you could do vice-versa but every GI that poked his nose into the USO got both. A small gift but a swell gesture. . . . Nothing was lacking at the formal Christmas dance. Even Santa Claus was present. So was every GI under 30 and every pretty girl in glamour rags. . . . Members of the post orchestra did a little hokey playing (could call it AWOL) to dance or sit one out with some irresistible. But no complaints, rather compliments for a

fine job. . . . Eddie Allaire was the GI who sat in the chair in the middle of the room first. Thuly he got to kiss Jeanne Wilgus—Some contest! Wonder how his leg (which was broken in 97 places in the mad rush to sit down first) is getting along. . . . One, two, three, Jerk. And one guy reminded us of the fourth step because he thought it was a polka, but everyone else knew it was a conga and they swayed and kicked in the right fashion. . . . Christmas in Pampa meant a good time for anyone who wanted a good time.
 The coming of the New Year brings to mind these considerations. For over a year the USO in Pampa has been functioning for the benefit of Pampa Field's enlisted men. For over a year the people of this town have wholeheartedly cooperated with the USO in seeing that the benefits were of the highest order and never ceased. We, who are stationed here, are almost entirely dependent on the USO and the people of the town for our recreation and entertainment desire to show our gratefulness and appreciation by wishing everyone in the city of Pampa the happiest and most prosperous of New Years.

Prop Wash
 Many cadets and their wives are grateful to the people of Pampa for opening their homes to make the holidays enjoyable for them. Several instructors invited their students for Christmas dinner. Some had the wonderful opportunity of going home while the rest of us enjoyed Christmas dinner on the post. It was delicious—turkey and all the trimmings.
 Everyone was overjoyed to be able to spend the two nights and two days away from the post—a Christmas present which the cadets thoroughly appreciated. A few unlucky fellows were stranded in San Antonio.
 Cadet and Mrs. Kenyon Adams were one of the lucky ones who were able to spend the holidays with their parents in Oklahoma City.
 Mr. and Mrs. R. E. Kingston of San Antonio spent the Christmas week-end with their son and his wife. Cadet and Mrs. R. E. Kingston, Jr.
 Cadet and Mrs. Earl T. Davis and his parents, Mr. and Mrs. J. B. Davis of Kaw City, Okla., visited relatives at Easter.
 Mr. and Mrs. W. T. Sexton and Mrs. Roger Hampton visited Cadet and Mrs. David H. Hampton.
 Miss Peggy Fazio of Tarkio, Mo., arrived Wednesday to spend a few days with Cadet and Mrs. Robert Marti, 611 N. West.
 Rehearsals are in full swing for the big Variety Show given by cadets and their wives for their own enjoyment next Tuesday evening at the post.
 A Coffee in honor of the graduating class of 44 will be held next week. Where it will be held is a secret until next Tuesday. Come to the Cadet Wives' club meeting next Tuesday afternoon at 2:30 to find out all the details about the coffee and enjoy chatting and exchanging ideas with other wives.
 Hats off to three MP's who cheerfully(?) pushed a careful of cadets wives out of a snowdrift Tuesday night. This snow is a treat to those wives from the far south who have seen very little of it before. They are even discovering what frost-bitten feet are.
 Christmas holidays are over and we are all looking forward to the New Year with renewed hope and courage. The horizon is a little brighter now than at this time last year and a happy year it would be indeed, if all hostilities would cease and peace would reign.
 With all our hearts we wish you all a Happy New Year.

Teeth Decay Less In Southwest, Says Army
 WASHINGTON, Jan. 1. — (AP) — Go Southwest young man—if you want to keep your rate of tooth decay the lowest.
 There's fluorine in the drinking water down there, and the vegetables, fruit and milk are described as being proportionately high in mineral elements.
 This comes from a report of studies made on the incidence of tooth decay among several thousand army aviation cadets representing every state in the union, and now stationed at San Antonio, Texas.
 The report was made in the Military Surgeon by Capt. William W. Senn of the army dental corps who said the men studied should give a good cross section of the incidence of dental decay in the various states.
 The studies showed that:
 1. The incidence of decaying, missing and filled teeth was lowest among cadets hailing from Texas and Oklahoma. They had an average of only nine defective teeth apiece. Arizona, Montana and New Mexico men were next lowest with an average of 11 apiece.
 2. The incidence was highest among men coming from the State of Washington — the cadets from that locality showing an average of 21 defective apiece. Close contenders for that rating were Vermont, Massachusetts and Maryland, with an average of 20 per cadet; and Wisconsin, Utah, Oregon, New York and Maine, with 19.

Ickes Will Close PAW After War
 WASHINGTON, Jan. 1. — (AP) — Interior Secretary Ickes, who is petroleum administrator for war and president of the Petroleum Reserves Corp., says he does not believe any form of government control over the domestic oil industry will be necessary after the war and he intends to close the PAW.
 But when asked if the same plan applied to PRC, Ickes answered: "That has nothing to do with the domestic situation," and declined to elaborate.

We, the Women

By RUTH MILLETT

A soldier in New York is sent overseas, and his young wife picks up their baby and starts the long trip to her father's home in the Middle West.
 An officer is ordered to a new post, and his young wife picks up their baby and starts the long trip to her father's home in the Middle West.
 A skilled worker gets a job in a war plant, and when his wife has found living quarters his wife is an 20-month-old baby face a hard train trip to join him.
 Railroad stations and trains are filled with very young mothers carrying babies and leading toddlers by the hand. In ordinary times they would "stay put," but now they either travel or live apart from their men.
 And though in even the smaller towns, clubwomen meet trains to give doughnuts and coffee to soldiers and speed them on their way — not much has been done to make things easier for the war worker's or fighter's wife who is traveling with a baby or small child.
 Yet it would be quite simple for a woman's club in every town to take over the job of helping out the mother who is traveling with an infant or small child.
 Most of the trouble that a young mother with a baby encounters is connected with getting on and off and changing trains.
 Hard as it is to get porters in most places now, a mother often has to carry a baby in one arm and its necessary traveling equipment in the other. And often a young mother has to manage a frisky 2 or 3-year-old as well as an infant.
A WORTHY PROJECT
 So it would be a good idea for the clubwomen of a town looking for a worthwhile project to work out a system whereby one or half a dozen of them, depending on the size of the town, would be in the station all during the day and until midnight—ready to help mothers on and off of trains and watch their babies while they send telegrams, get a bite to eat, or get a little rest.
 An arm-band could identify them, and they might fix up a corner of the women's rest room or the general waiting room in small stations as a corner for children.
 There is plenty of hospitality and help available to soldiers and war workers on the move, but not yet much help for their young wives traveling with babies.
