Roosevelt, Nimitz, MacArthur in Honolulu Conference

Peace-Time Issues Still Face Senate

WASHINGTON, Aug. 10—(AP)—The Senate debate on pay for jobless war workers rolled on today, sped by a Democratic attack on Gov. Thomas E. Dewey as a defender of "the vested interests" and a Republican blast against "Polynesian economists."

Adding to the controversy was a side argument on whether a committee clerk can speak to the presiding officer. This involved charges and denials that the clerk was in the Senate as a CIO representative.

Senator Murray (D-Mont.) fighting for the Murray-Kilgore plan of federal benefits for war workers, told his colleagues that this is the program of the Republicans and their presidential nominee:

"To protect the vested interests of American monopoly and business behind a thick smokescreen of defending states' rights x x x to deny to American labor its rightful share in the national income."

Senator Vandenberg (R-Mich.) denounced the Murray-Kilgore proposal to the Senate as the latest step in the program to x x x centralize federal power at the expense of state autonomy.

Contending the federal plan of compensation rates ranging up to \$35 a week would cost the treasury at least \$10,000,000 in two years, Vandenberg said:

"I care not how many Polynesian economists testify to the contrary, we can not spend ourselves into prosperity."

Senator Wherry (R-Nebr.) brought up the matter of the committee clerk by protesting against the actions on the Senate floor of Herbert E. Schimmel, attaché of a military subcommittee. Wherry told reporters he had been informed Schimmel "is in constant contact with the Political Action committee of the CIO."

Wherry, noticing Schimmel speaking to Senator Overton (D-La.) in the presiding officer's chair, demanded to know how a non-member got that right. Overton explained that Schimmel just wanted to know how many senators had listed their names on the speaking list.

Wherry later told reporters that he had asked the Political Action committee not any other committee with special interests to serve out to have a representative on the floor.

But Senator Kilgore (D-W.Va.) head of the subcommittee, told a news conference his group had borrowed Schimmel from the War Production board, that he had no connection with the CIO and was in the Senate floor at the request of himself and Senator Murray.

Japs Try 'Hand-Warming' With Victory at Hengyang

Probably 'Face Saving' Due To Defeat at Guam

WASHINGTON, Aug. 10—(AP)—American submarines, operating in Japanese waters, have destroyed another 16 enemy vessels including one warship, the navy announced today.

The latest bag of the far-ranging submarines, which may have operated in coastal waters of the Japanese homeland, brings to 83 the number of Japanese ships of all types sunk, probably sunk or damaged by submarines alone.

Included in the total are 54 warships definitely sent to the bottom, 11 probably sunk and 14 damaged. The damage to the enemy merchant fleet includes 633 ships sunk, 26 probably sunk and 191 damaged.

A medium sized tanker was included in the latest announcement, thus cutting deeper into the enemy's swiftly dwindling fuel transportation facilities.

CLEAN GETAWAY

Riding in the family farm wagon, a French mother and her little girl arrive behind Allied lines, taking advantage, en route, of their first few minutes of safety to spruce up a bit.

Changes Are Made In Food Rationing

WASHINGTON, Aug. 10—(AP)—Utility grade lamb will become ration-free Sunday along with beef steaks and roasts of the same grade, while point values will be restored not only to pork loins and hams but to canned fish.

The Office of Price Administration, announcing this today, also boosted ration values on all cheeses two to four points a pound and increased point values on farm and process butter in line with the hike to 16 points a pound ordered for creamery butter, effective July 23.

The new red-point charts will be in effect from Sunday through Sept. 2, only half the regular period because of a delay in distributing the August tables.

Police Chief Ray Dudley said as many as 100 patrolmen can be spared from duty will be present.

The conference will open at 1 p. m. in Borger High school auditorium and end at 5:30.

An attendance of 300 officers from 26 Panhandle counties is expected by Sheriff Dale Lane of Borger, Hutchinson county, host for the affair.

Marion Parks, Pampa police department clerk, is a member of the attendance committee, which is headed by J. B. Cook, Spearman, Hansford county sheriff-elect.

T. F. Baughman and Fred T. McIntyre, two FBI officials from Washington, will highlight the meeting. Baughman, firearms and ballistic specialist, will speak on Scientific Aids in Police Cases, and Fred T. McIntyre, coordinator, FBI Law Enforcement Conference, will talk about The Law Enforcement Officer's Viewpoint of Evidence.

The program will be conducted by Dean R. Morley, special agent in charge, FBI, Dallas. His contribution will include remarks on present problems in law enforcement. Other features of the program will be a quiz, in which the officers will participate, and a film, "Kill or Be Killed."

The Borger Wrangler's club will present a rodeo-type exhibition at the Huber stadium from 5 p. m. to 6:30 p. m., followed by a barbecue at Cal Baird's, Phillips. The same club will sponsor a cowboy dance at Legion hall for all visiting officers at 9 p. m.

Production Cut In Ordnance Is Nelson's Stand

WASHINGTON, Aug. 10—(AP)—Top commanders of the army and navy were face-to-face today with an unprecedented request from production chief Donald M. Nelson that they take a look at munitions stockpiles and decide whether the army should not cut production in some items.

Nelson made the challenge by pulling a controversial, suppressed report on army ordnance out of a pigeonhole and sending it to the joint chiefs of staff—Admiral Leahy, General Marshall, Admiral King, and General Arnold.

He issued a statement last night saying he did it "so they can determine whether the adequacy of certain army stocks is such that modification of some procurement programs may be available."

Meantime, the Senate war investigating committee showed an interest in the suppressed document. Senator Ferguson (R-Mich.) saying he thought the committee ought to see it. He asked committee lawyers to look into the matter.

Nelson, as chairman of the War Production board, has no power to decide army needs, and it was the first time he had made a public issue out of that question.

The statistics, V. Lewis Bassie and Irving Kaplan, promptly reported their resignations. These have not been accepted, and there were signs at WF3 that they won't be. Nelson in his statement called Bassie and Kaplan "capable" and said the two men were "completely convinced that the study was objective and technically valid."

Informed sources said the document indicated government intervention in the supply of nearly all ordnance items for the army ground forces, though serious shortages in components of heavy trucks.

Nazis Clamp Down--No More Entertainment in Country

Germany made a drastic move today, raking the bottom of the manpower barrel, to bolster the fighting front with more men, as American armor was believed to be driving into the last 50-mile zone of defense for Paris.

Simultaneously, the army announced the formation of a revolutionary new airborne army—an announcement presaging new blows for victory.

Propaganda Minister Goebbels fanned all public meetings and entertainments in Germany not directly connected with the war in a series of sweeping decrees seeking troops for the Reich's depleted armies.

All domestic servants of foreign extraction were directed immediately into war industry. German servants will go into army uniforms, into war factories or into families with children where servants may be deemed essential.

FDR Pleased With Island Reparation

By HOWARD FLEGER
HONOLULU, July 29 (Delayed)
—(AP)—President Roosevelt concluded his first war-time conference with Gen. Douglas MacArthur today, bringing to a close three days of strategy talks that covered every phase of the quickening Pacific conflict.

The Southwest Pacific command was greeted with a friendly "It's good to see you, Doug," by the Chief Executive.

Mr. Roosevelt arrived July 26 at this fortress island, where two and a half years ago Japanese bombs blasted the United States into the war. He came here from the Marine base at San Diego, Calif., where he boarded a cruiser shortly after his July 20 speech accepting renomination for a fourth term.

With MacArthur at the Pearl Harbor conference table were Admiral Chester W. Nimitz, Pacific fleet commander, and other top-flight war chiefs representing the full scope of the Pacific campaign from pole to pole.

Later Mr. Roosevelt told reporters the meetings planned new developments.

See F. D. R. Page 8

Government May Step in To Halt Trucker Strike

Labor disputes spread rapidly in magnitude across the nation today to keep some 40,000, and possibly double that number, away from their jobs.

Washington and industry sources indicated government intervention was likely in the Midwest truck drivers strike halting over-the-road shipments in at least eight states. Presumably White House action would set the scene for the army or the office of defense transportation to take over.

Major Alex Baxter, chief of the highway branch, army 6th transportation zone, Chicago, estimated 6,000 drivers were out, but Thomas Flynn, acting president, AFL International Brotherhood of Teamsters calculated about 30,000 were affected. There were indications 3,000 more in the Tulsa, Okla., area might stop work.

There was also a wide difference in estimates of the number out at five Paterson, N. J., area plants of Wright Aeronautical corporation. A company spokesman figured the total at 3,200 but estimates by the CIO-United Auto Workers placed it at 20,000.

In excess of 10,000 were idle in Detroit where federal conciliators sought to end walkouts at the General Motors' Chevrolet gear and axle division, involving 7,000, and the Briggs Manufacturing company, about 3,300.

New stoppages included 520 at the Tennessee Products corporation mines, Whitwell, Tenn., and 523 at the Todd-Houston shipbuilding corporation, Houston, Texas.

Shamrock Soldier Is Killed in France

SHAMROCK, Aug. 10—Cpl. Joseph Jefferson (Jiggs) Cain, 25, son of Mr. and Mrs. J. C. Cain of Kellton, was killed in action in France on July 11.

His wife, the former Miss Janie Nicholson, also of Kellton, received the message from the War Department.

Cpl. Cain was in the infantry and had been in service since December, 1943. He left for overseas duty last March, being stationed for a short time in England before going into France with the allied forces on D-Day.

His mother received a short letter from him, written only two days later to influence the results of a vote.

"Life looks short and dreary here, but if the Lord is willing I'll see you again."

He was married two years ago to Miss Nichole and was the father of a daughter, Valene Lucille, who was one year old August 7.

For office machine repairing, Call Garland Pearce 1832-W.—Adv.

WAR IN BRIEF

FRANCE—Allies extend drive toward Paris on 175-mile front; reported within 60 miles of French capital.

PACIFIC—President Roosevelt ends three-day conference on Pacific conflict with MacArthur, Nimitz.

RUSSIA—Soviets launch new drive on Nazis' Baltic flank; extend Vistula bridgehead.

ITALY—Americans occupy all high ground south Arno river; Italian Polish troops launch new drive across Misa river.

CHINA—Chinese, supported by American battleplanes, fight to confine Japs in Hengyang area.

FOUR YEARS AGO TODAY
By The Associated Press
Aug. 10, 1940—British bomb channel island of Guernsey, recently seized by the Germans. Other objectives of British night bombers are seaplane base at Brest, oil tanks near Flushing and munitions factories at Cologne and Ludwigshafen; British say Germans dropping "whistling" bombs intended to terrify those not killed.

SUPPORT FOR MARTIN
LONGVIEW, Texas, Aug. 10—(AP)—In a prepared statement, Fred Erisman of Longview, who ran third in the attorney general's race in the July Democratic primary, says he will personally support Jesse E. Martin, Fort Worth, in the run-off.

Five-One Garage, 600 S. Cuyler. Ht. 51.—Adv.

PARIS IMMEDIATE GOAL?

Above, Arc de Triomphe, in Paris, the monument commemorating Napoleon Bonaparte, where Hitler so boastfully paraded with the fall of France in 1940. Will the Yanks parade here soon?

The Germans, confronted by a powerful 175-mile British-Canadian-American arch, called the fight a "battle for Paris."

They had abandoned without a serious fight the key city of Le Mans, 110 miles from the French capital, apparently giving up all idea of a stand along the Alencon-Le Mans-Tours line, and their next comparable system of lateral communications ran from Orléans northward through Chartres—approximately 50 miles from Paris.

The new air-borne organization, consolidating all Gen. Dwight D. Eisenhower's paratroopers, glider troops and necessary flying personnel into one outfit approximately the size of a full army, is headed by Lt. Gen. Lewis H. Brereton, a veteran of the Pacific, Mediterranean and European theaters who formerly commanded the American ninth air force.

In Italy, the Vatican took steps today to help the Allies relieve the desperate plight of the population of Florence, while Canadian troops, aided by 250 Italian patriots, mopped up hostile Fascist elements in the Allied-held southern portion of the city.

Transportation facilities to send flour and other necessities to the Archbishop of Florence, Elia Della Costa, for distribution to a population suffering from food and water shortages was asked by the Vatican.

At the same time Italian and Polish troops in the Adriatic sector launched a new drive across the Misa river line. The Poles attained the first objectives of the thrust and captured Francavilla, only a mile south of the Cesano river, which is less than 40 miles below Rimini.

A grave new Russian flanking threat to both East Prussia and Warsaw in the area "west of the upper Narew river," a famous battleground of the last war, was disclosed today in the German communique.

"West of the upper Narew river, repeated Soviet attacks were either beaten off or checked," the Berlin bulletin said.

Miss Edith Dorsey And Temple Atkins Mary in Shamrock

Special To The News.
SHAMROCK, Aug. 10.—Miss Edith Dorsey, daughter of Mr. and Mrs. Charles Dorsey of Childress, became the bride of Mr. Temple Atkins, Jr., son of Mr. and Mrs. Temple Atkins of Shamrock August 5.

The wedding took place at the home of the bride's parents with the Rev. Orion W. Carter officiating.

Vows were spoken before an improvised altar of gladioli and tall-man roses, and tall white tapers furnished illumination.

Candles were lighted by Mrs. A. R. Farmer and Mrs. Margaret Harrison. Mrs. Bob Sexaur sang, "I Love Thee" with Mrs. Bess Barnes at the piano, who played traditional wedding music.

The bride was attractively attired in a navy blue dressmaker suit. Her corsage was of red roses and lilies of the valley.

Immediately following the ceremony a reception was held. Wedding cake and punch were served to about 50 guests.

The serving table was laid with a cloth of lace, centered with a crystal bowl filled with tall-man roses.

Out-of-town guests who attended the wedding included Mr. and Mrs. Temple Atkins, Sr., of Shamrock, Mr. and Mrs. Deskin Wilson of Ington, Mr. and Mrs. Bob Sexaur of Memphis and Mrs. Arthur Howard of Memphis.

Mr. and Mrs. Atkins left following the reception for Houston, where they will make their home.

Mrs. Boatright Has W.M.S. Program At Shamrock Meeting

Special To The News.
SHAMROCK, Aug. 10.—The W. M. S. of the First Baptist church met Monday at the church for the Royal Service program and monthly business meeting.

Mrs. Roy Boatright was in charge of the program which was given by the Many More circle.

The meeting opened with the song, "The Old Road." The theme of the program was "Extending the Realm of the Kingdom to the Indians in America." Misses Nell Adams, Marnie Sanders, Edna Puetz, Zenna Gierhart, Paula Biedsoe, Cora Lummus and Lorena Wall, and Misses Carabeth Wells and Nadine Nichols.

Mrs. Boatright discussed "The American Indians." Mrs. E. A. Nichols, Sr., had as her subject: "First Papago Indian church and the South American Indians." The program closed with the topic, "Southern Baptists and Their Indian Neighbors" by Mrs. George Stanley.

Special prayers for the Indians were led by Mrs. Holmes and Mrs. Bill Wilson.

Mrs. B. F. Kersh presided over the business session during which time the annual election of officers was held. Mrs. Roy Boatright was elected president, Mrs. Charles Green, vice president; Mrs. Norman Patrick, recording secretary; and Mrs. B. F. Kersh, corresponding secretary and treasurer.

Mrs. P. T. Boston dismissed the meeting with prayer.

Members present were: Misses B. E. Blasinger, Boston, Nichols, Holmes, Kersh, Wilson, Boatright, Patrick, Derr and Stanley.

Mrs. Floyd Arthur Is Shower Honoree

Mrs. Floyd Arthur was the honored guest recently when a pink and blue shower was given in the home of Mrs. Elmer Roberson with Mrs. Kit Autry, Mrs. R. L. Gilpin, Mrs. Bob Graham as co-hostesses.

Guests included Mrs. John McFall, Mrs. C. E. Ford, Mrs. A. McClen-don, Mrs. W. M. Brannon, Mrs. Margaret Taylor, Mrs. E. H. Collins, Mrs. R. E. McKittrick, Mrs. T. O. Chambliss, Mrs. W. R. Cook, Mrs. E. W. Rhoden, Mrs. George Gideon and the honoree. The hostesses served a refreshment course.

Sending gifts were Mrs. O. G. Smith, Mrs. L. F. McDaniel, Mrs. C. W. Tolle, Mrs. George F. Hood, Mrs. S. C. Hopkins, Mrs. Huelio Monkers, Mrs. J. L. Youngberg and Mrs. I. E. McCamey.

Religious Film To Show Tonight

A moving picture, dealing with the life of the Apostle Paul, in dramatic story form, is to be shown in the Central Baptist church tonight and in the Calvary Baptist church Friday night, at 8:15 p. m.

"It is a picture with many thrills, including Paul's conversion, much of his ministry; mob scenes, court trials, Lydia comes into the picture, the fortune girl, then her conversion, makes an outstanding scene. An earthquake destroys the Philippiian jail, which brings about the conversion of the jailor," said the Rev. J. A. Williamson.

A scientific temperance talkie will precede the above.

The program is brought here by Rev. Williams and Rev. Woodie W. Smith. The public is invited to attend.

USO Dance Set For Tonight At Recreation Hall

USO officials announced today that another in a series of dances will be held at the Pampa Army Air Field Recreation Hall.

The dance, for G. I. and trainees, will be informal and junior hostesses from the Borger USO, under the supervision of E. A. Brunoehler, will be special guests.

Pampa Junior Hostesses and Victory Belles will be picked up by their hostesses and taken to the Pampa base.

Lawn Party Held For Sunday School Class in Shamrock

Special To The News.
SHAMROCK, Aug. 10.—Miss Be Lummus was hostess to the Victory Sunday School class Thursday evening when she entertained with a lawn party at her home on North Main.

Ice cream, cakes and cokes were served and the group was entertained with accordion numbers by Mrs. Carabeth Wells, and group singing. These included Misses Nell Adams, Marnie Sanders, Edna Puetz, Zenna Gierhart, Paula Biedsoe, Cora Lummus and Lorena Wall, and Misses Carabeth Wells and Nadine Nichols.

Loyal Women Meet For Bible Study

Mrs. W. E. Speed opened the meeting of the Loyal Women's Sunday school class of the First Christian church when they met Wednesday in the church for their regular Bible study and business meeting.

Mrs. Roy Moore taught the lesson. Attending were Mrs. R. A. Mack and daughter, Kay; Mrs. C. H. Mun-roy; Mrs. C. L. Shearer; Mrs. W. E. Speed; Mrs. A. A. Temann; Mrs. H. R. Kees; Mrs. J. R. Moore; Mrs. C. W. Lawrence.

The Social Calendar

SUGAR—Book four stamps 30, 31 and 32 valid indefinitely for five pounds each. Stamp 40 good for five pounds for home canning through Feb. 28, 1945.
SHOES—Book three Airplane stamps 1 and 2 good indefinitely.
GASOLINE—12-A coupons good for three gallons through Sept. 21. B-3, B-4, C-3, and C-4 coupons good for five gallons.

We, the Women

By RUTH MILLETT
 On his eighty-first birthday Henry Ford said: "Maybe the women should be running the world; I believe they could do a better job."

When Henry Ford brought within reach into the homes of middle-class American families—it looked as though men would always be behind the steering wheel. Women, it seemed, would never be anything more than back seat drivers.

Yet look at women today. From taking over the chauffeuring for their families they have taken over the steering wheels of trucks, tractors, and even sometimes of general's jeeps.

Well, it may be the same in government. Though there are a considerable number of women active politically, and though women are now members of the Army, Navy and Marines—the great majority of women are still politically nothing more than back-seat drivers.

They get together in their clubs to study and discuss politics and decide on issues. And as club women they can do some back seat driving the politicians have to listen to—for when they are at all united their voice is strong and loud.

IN DRIVER'S SEAT
 But even so about all they do politically is criticize the driver, and offer him suggestions. But that is probably just the stage women are in—and another day they are more and more eager to get into the driver's seat to see what they can do themselves.

You know how it was with the same thing in politics—even though she is a little slow about deciding that she could do a better job of running the world from the driver's seat than men seem able to do.

Fala Goes Along, But No Sightseeing

HONOLULU, July 29.—(Delayed)—Fala came 2,000 miles aboard the presidential cruiser to Hawaii but he got only a glimpse of fabled Waikiki from the deck.

Recently lightened quarantine laws confining canines were not relaxed even for Fala, and President Roosevelt asked no special favors for his five-year-old Scottie.

So Fala lolled aboard, well behaved and well loved by officers and crew. A presidential aide kept a close watch over the Scottie's welfare with daily telephone calls to the ship.

Only incident: A sailor plucked one of Fala's hairs for a souvenir.

BACKACHE, LEG PAINS MAY BE DANGER SIGN

Of Tired Kidneys

If backache and leg pains are making you miserable, don't try to push on, but do something about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking poison out of your blood. They filter out the waste matter from the blood. If they become weak and stop working properly, the waste matter stays in the blood. Then poisons may start making backache, rheumatic pains, leg pains, loss of sleep and energy, putting up nights, swelling, puffiness under the eyes, headache, dizziness, nervousness, frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 50 years. They give happy relief and will help the 10 miles of kidney tubes flush out poisons from the blood. Get Doan's Pills.

How to RUIN DRESSES AND LOSE FRIENDS

IT'S tragic how some girls lose their friends and ruin their dresses because of perspiration odor and stains. And there's no excuse for it. It's easy to save dresses, it's easy to save friends.

Use Arid, the new cream deodorant that helps keep your armpits dry and removes the odor from perspiration. Arid is safe and dependable for these five reasons:

1. Arid does not irritate skin. Does not rot dresses or men's shirts.
2. Prevents under-arm odor. Helps stop perspiration safely.
3. A pure, white, antiseptic, stainless vanishing cream.
4. No waiting to dry. Can be used right after shaving.
5. Awarded Approval Seal of American Institute of Laundering—harmless to fabric. Use Arid regularly.

Arid is the largest selling deodorant. Sold at all stores selling toilet goods—39c and 59c a jar. (Plus Tax)

Fowl Hunting Period Gains By Ten Days

WASHINGTON, Aug. 10.—(AP)—Hunters may shoot more waterfowl over a longer period this fall and winter under liberalized hunting regulations announced today.

The open season will be 80 days, 10 longer than last year.

The general daily bag limit for ducks remains at 10, but an additional bag of five mallards, wildgeons, and pintails, singly or in the aggregate, is allowed.

The fish and wildlife service, which drew up the regulations, refused to permit the taking of waterfowl by means of bait or with the help of live decoys, as urged by some hunters.

Dr. Ira N. Gabrielson, fish and wildlife director, said the more liberal regulations were due to the steady increase in the continental migratory game bird population.

Open seasons on wild ducks, geese, and coot will be from November 1 to January 20.

Regulations covering shooting hours and the number of shells permitted in guns are unchanged from last year.

With respect to ducks, hunters will be allowed to include redhead and bufflehead ducks in their bag limit of 10, instead of shooting only three a day as last year.

The daily bag limit on geese and brant remains at two.

Only one wood duck may be included in the daily bag.

Daily bag limit for coot is 25; for sora, 25; for other rails and gallinules, 15 in the aggregate of all kinds; woodcock, four; mourning and turtle dove and white-winged dove, 10 in the aggregate of both kinds; and hand-laid pigeons, 10.

A hunter must not have in his possession at any one time more than 20 ducks in the aggregate of all kinds (except American and red-breasted mergansers, of which he may possess 25), and in addition 10 mallards, wildgeons and pintails, singly or in the aggregate. He is limited to possession of one wood duck.

Possession limit for white-winged doves was reduced from 20 to 10 birds.

Open season on mourning or turtle doves: Texas, in Kinney, Uvalde, Medina, Bexar, Comal, Hays, Travis, Williamson, Bell, Falls, McLennan, Hill, Navarro, Henderson, Smith, Gregg and Harrison counties, and all counties north and west of these, September 1 to October 25; in rest of Texas, but not including Cameron, Hidalgo, Starr, Zapata, Webb, Maverick, Dimmitt, LaSalle, Jim Hogg, Brooks, Kennedy and Wilbrey counties, October 20 to December 14; in these latter counties, September 15, 17, 19, 21 and 24, from 12 o'clock until sunset, and October 20 to December 9, from one-half hour before sunrise to sunset.

In these same 12 South Texas counties, the white-winged dove may be shot September 15, 17, 19, 21 and 24, from noon until sunset. This dove may be shot in Arizona, September 1 to September 15.

The first American game law was established in 1694, setting a closed season on deer in Massachusetts.

\$40,000 Damage Suit Filed Against Dorsey

LOS ANGELES, Aug. 10.—(AP)—A \$40,000 damage suit against band leader Tommy Dorsey was filed yesterday by a 32-year-old actor, Antonio Icaza, of Pomona, who claimed he was injured at Dorsey's home during a fight in which screen actors Jon Hall and Edward Norris also suffered Sunday cuts and bruises.

Seven John Does and two Jane Does likewise were named in the complaint, which charged that Dorsey pursued Icaza with threats as the pre-dawn battle raged on Dorsey's balcony in the course of a party early last Saturday.

Icaza's suit declared he was struck on the side of the head with a bottle assertedly hurled by Dorsey.

Novel Fact On Electoral Vote Is Pointed Out

The startling, but nonetheless true, statement that "under unusual circumstances twelve people would outvote 50,000,000 in choosing a president" of the United States next November is made by George T. Renner, professor of geography at Columbia University's Teacher's College, in an article discussing the makeup and functioning of the Electoral College in the September issue of The American Magazine.

The nation's eleven most populous states possess 263 electoral votes so to obtain the 266 essential for victory it would be necessary for a candidate to carry one other state, says Professor Renner who for the sake of simplicity assumes that all 131,669,275 persons listed in the latest national census are voters.

"A political party might carry the elections in the 11 large states plus Nevada by a margin of one citizen's vote each time, meanwhile receiving not a single vote in the other 36 states," writes Professor Renner. "With only these 36,292,840 popular supporters, the party would therefore have 266 electoral votes and could name the president. This despite the fact that 95,376,435 citizens were opposed to him.

"In this instance, the votes of the 12 citizens who provided a majority of one vote in 12 state elections would outweigh the votes of 59,083,695 citizens."

Professor Renner points out that the Electoral College makes it possible for the 13 least populous states with 6,052,000 people and 46 electoral votes to nullify the political desire of New York's 13,497,000 with their 47 votes. He adds:

"If the candidate carries all the 37 smaller states, he will have 268 electoral votes—enough to become president—although he will have the support of only 59,083,610 people. This is 6,751,028 less than a majority (again assuming that 131,669,275 persons vote) and 13,502,665 less than the unsuccessful opposition would receive."

Guamanians Had Not Given Up Their Hope

A CHAMORRO REFUGEE CAMP, Guam, Aug. 3.—(Delgado)—The inhabitants of Guam had many doubts about their future, but never gave up hope that the Americans would return to this island.

One of the reasons the Japanese closed the churches was because the natives insisted on praying for the Americans to return, said Pity R. Kamminga, commissioner of Guam town.

Kamminga, whose father came from Holland, laughed as he told how the Japanese looked through his house for an American flag. They threw a pillow from side to side without discovering the flag sewed inside. That was the work of his niece, Juana, a dressmaker who said she unwillingly used to cut down American marines shirts to fit the Japanese.

Mrs. Anna Underwood, whose husband was postmaster of Guam from 1915 until the Japanese seized the island Dec. 10, 1941, related that the Japanese declared less than a week ago that the Americans would never retake Guam. Japan had wanted the island for 35 years and wouldn't let it go, she quoted Japanese as saying.

The New York City transit system carries two billion passengers annually.

Keeps them free of blood-sucking insects. Appetite, health and egg production good. Costs very little. Money back if not satisfactory. CRETNEY'S

'Queen of the Road' Begins Trip to Texas

CHICAGO, Aug. 10.—(AP)—Wanda Dietrich, 40, self-styled "Queen of the Road," combined love and business yesterday as she began her wedding trip to Texas behind the wheel of her heavy-duty truck. Her mechanic-bridegroom beside her.

The 285-pound woman truck driver and Austin McCoy, 49, were married last night at Joe's Doghouse, a North Side saloon where they met five months ago. After the nuptials, Wanda told the guests: "I got to make this haul to Texas, honeymoon or no honeymoon, and Ausky's coming right along. He'll come in handy, too. He's a mechanic, isn't he?"

WASHINGTON, Aug. 10.—(AP)—The first stoves will be removed from rationing August 15. When coal-wood laundry stoves and gas ranges with non-metallic outside back or side panels come off the rationed list, the Office of Price Administration announced.

Nationwide rationing of stoves went into effect about a year ago.

The Portuguese brought the orange from China to Europe in 1547.

Increase Shown In Week's Carloadings

The Santa Fe System carloadings for week ending August 5, were 28,188 compared with 21,521 for same week in 1943. Cars received from connections totaled 14,293 compared with 12,180 for same week in 1942. Total cars moved were 42,481 compared with 33,701 for same week in 1943. Santa Fe handled total of 42,514 cars in the preceding week of this year.

More than 35,000 trains run in the United States every day, seven days a week and 365 days a year, and with very few exceptions they run without accidents, local Santa Fe officials announced today.

The increase in the volume of transportation performed by the railroads has far outdistanced the fatality rate.

Last year the railroads performed an amount of passenger service that was 269 per cent greater than in 1940 and 207 per cent greater than in 1938.

Increased Rail Loads Outstrip Fatalities

More than 35,000 trains run in the United States every day, seven days a week and 365 days a year, and with very few exceptions they run without accidents, local Santa Fe officials announced today.

The increase in the volume of transportation performed by the railroads has far outdistanced the fatality rate.

Last year the railroads performed an amount of passenger service that was 269 per cent greater than in 1940 and 207 per cent greater than in 1938.

COMMISSION WOUNDED

LONDON, Aug. 10.—(AP)—The Colonial Office has announced that Sir Harold MacMichael, outgoing British high commissioner for Palestine, was slightly wounded in Jerusalem Tuesday when his car was ambushed. His wife was unhurt, but two staff members were seriously injured.

They Can Laugh at the Germans, But It's Hard to Take From Home

By KENNETH L. DIXON
WITH THE AEF IN ITALY, July 31—(Delayed)—Soldiers still fighting along the Italian front and air men still flying daily missions against the enemy air getting just a little bitter these days about all the optimistic speculation back home over how soon the war will end.

It isn't that they weren't cheered by news of internal strife in Germany and other optimistic trends. And they won't deny things now are looking a lot brighter.

But, they remind you of these things:

1. Until the shooting stops, there is no peace.
2. The shooting has not stopped.
3. As long as the war continues, the smart soldier does not let his mind dwell on the possibilities of an early peace or a quick return home.
4. Knowing full well how demoralizing such thoughts can be, German propagandists are taking full advantage of all Allied optimistic talk.

Points one and two need no further discussion. If they aren't obvious, read the latest—and continuing—casualty lists. A soldier doesn't have to see the dead and wounded daily. Point three is something everyone knows all along any

front. With the war's end seeming to be somewhere in the dim and distant future and the chances of going home equally far away, the average soldier slips into a fatalistic frame of mind—which may be the best mental status for a fighting man.

For instance, I knew a sergeant who gained considerable fame for his almost fool-hardy courage. He volunteered for countless patrols. Once, he served as a one-man tank trap, taking on two Tigers with Molotov cocktails. Several times, he cleaned out German machinegun nests either single-handed, or else he led squads which did the job. Stories about him were legion.

But then someone made the mistake of telling that sergeant he had been recommended for rotation leave—and during the few days which elapsed before it was approved and he was pulled out of line to go home, he was a changed man. His mind, which long accepted the likelihood of death or injury, suddenly rejected it in favor of going home to his wife and child, alive and whole. He stayed glued to his fox-hole until his orders came through—and not a soul blamed him.

Figuring that as a pretty average reaction, you can imagine what it does to a fighting man who is seeing men die around him every day when he hears that all the big shows are saying the war will be

over any week now—or gets a letter stating that "it looks like you'll be home in time for the football season this fall, Johnny."

As for point number four, all winter and all spring, Germans have been firing propaganda leaflets over the lines and broadcasting radio speeches, saying in effect:

"The war's almost over, Yank. It's too bad you're going to be killed right at the last, isn't it?"

Luckily, the doughboys still can laugh at anything the German propagandists say.

But, it's a strange, ironic twist of war that soldiers spirits are shaken and embittered somewhat by the well meant but unwitting words of the folks back home. They have to be strengthened by the utter disbelief in the same words when they're spoken by the enemy.

Wide Representation At Banquet Tuesday

Nine towns and communities were represented at the Chamber of Commerce banquet held Tuesday night in the high school cafeteria when Homer Price Rainey, president of the University of Texas, spoke on the junior college movement here.

The people and places represented were Colonel and Mrs. Charles B. Harvin, (he is commanding officer of the Pampa Army Air Field); Captain and Mrs. W. E. Harding, PAAF; C. C. Brown, superintendent of schools at Groom; Dr. John L. Witt, Groom; Dr. C. A. Plerle, Canyon; Prof. J. L. Duffot, Canyon; Prof. F. E. Savage, Canyon; Boone McClure, Canyon; Dr. J. A. Hill, president of WTSC, Canyon; Fred Herbst, president of the Chamber of Commerce, Borger; A. A. Meredith, city manager, Borger; S. M. Clayton, city commissioner, Borger; Joe Cooley, manager of the Chamber of Commerce, Borger.

Mr. and Mrs. E. M. Ballengee, Miami; Judge and Mrs. J. E. McKenzie, Miami; Chester Strickland, superintendent of schools at White Deer; E. C. New Regulations Set Up For Allotment Of WPB Newsprint Quotas

WASHINGTON, Aug. 10—(AP)—Population and circulation growth exceeding 74 per cent in a newspaper's trading area make the newspaper eligible to appeal for an increase in newsprint tonnage under new procedures fixed by the War Production Board.

The revised standards, effective as of August 3, also permit increases in a newspaper's basic quota to compensate for the addition of supplements, substantial increases in news content, and increases in frequency of issuance which took place in 1941 and 1942.

To recognize early efforts at paper conservation, WPB said, increase will be allowed to compensate for reductions in the width of newsprint rolls effected in 1941.

Wherever appropriate, WPB said, grants made to publishers upon approval will be made in the form of increases in the basic tonnage allotment and will carry forward into future quarters.

WPB set up a formula to govern the granting of extra tonnage to cover extraordinary growth in population accompanied by increases in newspaper circulation. The adjustments are not automatic, WPB cautioned, and no publisher may adjust his own tonnage without filing an appeal with WPB as in the past.

In reckoning population gains, WPB said, the "best available evidence" should be used. In addition to census figures, this was officially declared to include ration book issuances, estimates of military, postal, and local officials, housing authorities, telephone, gas and electric companies, employment and labor agencies, chambers of commerce, transportation agencies and others. Lacking conclusive evidence, weight may be given to increases in newspaper circulation, excluding gains resulting from promotional sales efforts.

Circulation increase alone, without submission of evidence of accompanying population growth, makes a newspaper eligible for an increased paper allotment under certain conditions. If the average circulation for the second quarter of 1943 was more than 10 per cent greater than the average for the year 1942, WPB ruled that the newsprint quota "shall be increased to the extent of such circulation increase in excess of 10 per cent."

IT'S WORTH IT
SCHENECTADY, N. Y.—A \$500 reward for information leading to recovery of a \$500 bill which he lost was advertised today in a Schenectady newspaper.

The owner explained that the missing bill had sentimental value.

CITATION BY PUBLICATION THE STATE OF TEXAS
To: Avery A. Dobson

GREETING: You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock a. m. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday, the 11th day of September, A. D. 1944, at or before 10 o'clock a. m. before the Honorable District Court of Gray County, at the Court House in Pampa, Texas.

Said plaintiff's petition was filed on the 28th day of July, 1944. The file number of said suit being No. 7632.

The names of the parties in said suit are:
Leta P. Dobson as Plaintiff, and
Avery A. Dobson as Defendant.
The nature of said suit being substantially as follows, to wit:
Suit for divorce and custody for minor child.
Issued this 28th day of July, 1944.

Given under my hand and seal of said Court, at office in Pampa, Texas, this 26th day of July, A. D. 1944.
(SEAL)

MIRIAM WILSON,
Clerk Court, Gray County, Texas.

Troopship Honors Texas General

DALLAS, August 10.—A giant super-troopship named for a Texas general, Wilds P. Richardson, became the 200th vessel launched since the war began by U. S. Steel's Federal shipyards in New Jersey, it was announced today.

The General W. P. Richardson was the ninth of the 20,000 ton "super-troopships" built to carry scores of thousands of young fighting men to world battlefields.

The late Brigadier General Richardson, a veteran of the greatest American battle of the last war—the Meuse-Argonne offensive—was born in Hunt, Texas, on March 20, 1861. He died in 1929 after a long army career.

Sponsoring the sleek, swift ship at its launching on the Kearney, N. J., ways was Mrs. Louise Hampton Somervell, wife of Lieutenant General Brehon Burke Somervell, Chief of the Army's Services of Supply.

War In Germany—Wash Your Plate!

LONDON, Aug. 10.—(AP)—An example of total war, as announced by the German radio:

"In restaurants at Konigsberg, customers must go to the kitchen with their plates, have their plates filled and then before leaving the restaurant, must wash their plates so that all waiters and male kitchen staff members can dig."

'What's in a Name?' Better Not Ask

HOLLYWOOD, Aug. 10.—(AP)—Did someone ask "What's in a name?" Well, Sol Lesser started a film called "Three Is a Family." First, Hattie McDaniel, the negro character actress, announced she was expecting her first baby in the fall.

Then Mrs. Arthur Lake, wife of the leading man, said she was due for motherhood, also in the fall or early winter. Then Henry and Phoebe Ephorn, who wrote the screen play, became parents of a baby girl.

And Tuesday Cindy, a cat that had been hanging around the set, gave birth to three kittens.

British Don't Think Much of the One That Has Himmler Killed

LONDON, Aug. 10.—(AP)—British officials say they have found nothing concrete to confirm that Heinrich Himmler had been assassinated, as related by a German army intelligence officer captured by Britons in France.

"This appears to be a rumor current among the soldiers, but too many details are lacking—such as the time Himmler is supposed to have been killed—to let us put much credence in it," one official said.

Captured Germans, a Normandy dispatch said, related their information was only what they had heard. The officer's story was that Gestapo Chief Himmler had been killed in a new outbreak against the Nazi hierarchy which also resulted in wounding Reichsmarshal Herman Goering.

Wax came into use for candles in the 12th century. In China candles of vegetable wax have been in use for centuries.

Science Advances In Technique On Long Operations

By HOWARD W. BLAKESLEE Associated Press Science Editor

CHICAGO, Aug. 10.—Surgical operations can now last four to six hours with the patient leaving the operating room in perfectly good condition, thanks to use of blood transfusions during the operation.

This report, by Dr. Warren H. Cole of the University of Illinois College of Medicine, says that although it has been known for three or four decades that blood transfusions were beneficial to a patient under operation, it is only in the past four or five years that the value has been appreciated fully.

This lag was due, he says, to failure of most surgeons to realize how much blood a patient was losing during an operation. The surgeon saw the loss only in small quantities, during the interval between cutting a blood vessel and clamping it against the vessel.

"A study of several reports," Dr. Cole says, "reveals the astounding fact that the average blood loss in removal of a breast for cancer is over 700 cubic centimeters. The loss in brain operations may be still higher. On many occasions in major operations the loss may be as high as 1500 to 2000 cubic centimeters."

The failure to appreciate this, he adds, has been the chief factor in the past in making long, extensive operations impracticable because of the risk of shock followed by death. Under the new practice of restoring the loss immediately as many as five or six transfusions may be given during one surgical operation, totalling two-and-one-half to three quarts.

Surgery, said Dr. Cole, has progressed through two stages, and is about to enter a third. The first was the stage of operative techniques and antiseptics, or asepsis. The second, climaxed by the transfusion discoveries, was based on application of knowledge of physiology of the body.

The next step will be the chemical stage, the use of drugs such as sulfas and penicillin to furnish added safeguards.

Now's Time To Hit Pay Dirt With Hoe

By ROBERT E. GEIGER AP Features Writer

DENVER—Now is the time for all good Americans to plant their fall victory gardens. That's the first and most important midsummer day's chore for the man with the hoe.

Second, he should spray or dust for bugs and disease control to keep the garden healthy.

Third, tend crops carefully. In hot weather plants decline rapidly if they receive insufficient water, or are watered heavily at the wrong stage of their growth, and if weeds are permitted to choke them.

Plant Now For Fall
Even if the growing season in your community is short, there are many vegetables that can be planted and brought to maturity after the first crop has been harvested.

One of the most important things to remember about planting a fall garden is this: Use early varieties, not late. Varieties are described as "early" because they mature more rapidly than "late" kinds.

In considering what varieties to plant, consult your community's frost chart, available at your county agent's office or possibly at a seedsmen's.

This chart shows when frost may be expected. Don't plant any frost-susceptible varieties that will mature after the first average frost date. In this class of vegetables are tomatoes, peppers and beans.

On the other hand, some vegetables are improved by frost. Included are parsnips, which mature in the ground all winter for spring eating; collards, brussels sprouts, late cabbage, turnips and carrots. Beets, turnips and rutabagas are best for storage, of course, if they are from the fall crop. July and even August are planting dates for the best storage crops in most parts of the nation.

Wave Of Pests
Weather reports indicate there has been a wet season in many parts of the nation, producing insects and disease.

There is a shortage of the best insecticides but many substitutes will do an effective job if applied at the proper time.

One of the worst pests this summer has been the potato and tomato pest. Tests at experiment stations have shown the tomato pest may be controlled by dusting or spraying plants every week or 10 days with wettable sulphur. The treatments should continue until the fruit is well formed. If dusted the sulphur should be applied full strength; if sprayed at the rate of one heaping teaspoonful to each gallon of water.

Liquid lime sulphur spray is recommended for potatoes, but is injurious to tomatoes.

Another destructive pest this summer has been the bean beetle. In small gardens the bugs may be picked by hand from the bean leaves. Clusters of yellow beetle eggs, laid on the undersides of leaves, should be destroyed.

In larger gardens a rotenone spray or dust may be used but rotenone is sold only in limited quantities.

Spray For Bean Beetles
Dr. George M. List of the Colorado State College experiment station recently reported cryolite is a good poison for bean beetles. It is applied as a spray, six pounds to 100 gallons of water.

Beans that have been dusted or sprayed should be washed thoroughly before they are eaten.

More than eight beetles to ten feet of row is heavy infestation, calling for treatment.

Spraying or dusting should be done soon after the adults appear and before egg-laying starts; again just as the eggs begin to hatch freely and, last, when larval injury is approaching its peak.

Missourians to Vote On House System
JEFFERSON CITY, Aug. 10.—(AP)—Missourians will vote in November on whether they want a new one-house legislature or their present two-house system.

There's Loophole In OPA Gas Regulations

By FRANCES J. KELLY

WASHINGTON, Aug. 10.—(AP)—There is a loophole in the national gasoline rationing program, big enough to fly a sports biplane through.

Owners of private airplanes can demand gasoline to carry them on a vacation trip to the Yellowstone or a fishing trip to Florida, and their local ration boards must hand them the requested rations.

The only requisite is that gasoline be used in the plane, not an automobile.

Officials of the Office of Price Administration conceded today they are helpless to do anything about the situation under present regulation. Conferences have been held, however, looking toward a possible revision of the rule.

Flying clubs and other spokesmen for the private plane owners declare the amount of gasoline their ships use is negligible when compared with the nation's overall gasoline consumption. OPA has no way of ascertaining just how much gasoline the private fliers use, as their gallonage is lumped with other non-highway use fuel, including that used in stoves, motorboats, tractors and stationary engines. There are 22,367 licensed planes in operation.

Thomas P. Henry, president of the American Automobile association, urged that the unlimited plane-fuel regulation be "immediately repealed."

Ft. Wayne Slayings Rouse Community

FORT WAYNE, IND., Aug. 10.—(AP)—Investigation of the recent slayings of three Fort Wayne women was spurred today by the posting of awards of \$5,000 in each case for information leading to the arrest and conviction of the killers.

The nude and battered body of the latest victim—Phyllis Conine, 17-year-old High school girl—was found Sunday several miles south of the city. Missing since Friday, her skull had been fractured and there were evidences of strangulation. Condition of the body prevented determination whether she had been raped. Her purse was found yesterday several miles from the scene.

First victim of the series of slayings was Wilhelma Haaga, who staggered into a farmhouse last Feb. 2 beaten so badly she was unable to tell what happened. She died three days later.

Last May 22, the body of Anna Kuzeff, 22, war plant worker, was found along a dark road on the western edge of the city. She had been raped.

The combined military and naval air forces of the United States constitute the world's largest air power.

College Puts Youth
In the Air for Peace

AP Features
EASTON, Pa.—Too young for the Army Air Forces but old enough for the same rigorous training that air cadets receive, 50 boys, 14 to 17 years old, are learning aviation at Lafayette College, literally from the ground up.

They do more than fly, these youngsters selected from more than 1,000 who applied when the college announced its new and unique program.

In hot classrooms they spend their summer "vacation" sweating out navigation, meteorology, higher mathematics and other abstruse subjects an airman must know.

They thrive on it, too. "A more enthusiastic and intelligent group of boys could not be found," says Prof. Paul B. Eaton, former technical advisor to the Chinese government, who directs the program.

Flying instructor Edwin Braden concurs: "They learn fast, much faster than we did when we were boys."

The boys, who come from many parts of the country and live at the college, do their flying afternoons at the Easton airport. If any are scared, they'd die rather than confess it. Some were ready after a few lessons to solo but none is old enough to qualify for a license and none is allowed to go up without an instructor.

This aviation program is a development of Lafayette's boys engineering guidance conference, founded in 1934 to help youngsters discover their aptitudes and give them the right start toward careers. Lafayette tries only to give the boys a basis for later training. It tries to make the process pleasant, too. There are sports, theatricals and campfires when the day's flying and studying are over.

Disney Begins German
Language Cartoons

HOLLYWOOD, Aug. 10.—(AP)—The Walt Disney studio next week will begin making a sound track in the German language for its cartoon film "Bambi".

This probably will be the first entertainment film in German made in this country since the war started. Disney's prosaic announcement is parting for the reopening of the European market.

This is the first Disney picture since "Snow White" of six years ago, to have a German narration.

MRS. F. L. BROOKS, Owner
M. M. SPENCER, Auctioneer

This is a hero's homecoming. Pfc. Wilmer J. Bass, patient at Crile General Hospital, Cleveland, O., has but one arm free to return the embrace of his mother, Mrs. Lela Bass, Flint, Tex., but her heart is full. Pfc. Bass, shortly after picture was taken, was awarded the Silver Star for gallantry in action on the Italian front by Maj.-Gen. James L. Collins.

Question of Cotton and Rayon
Will Be Investigated Soon

WASHINGTON, — (AP)—Rayon, chief challenger for the throne of King Cotton, will have its claims scrutinized during the next congressional session by a Senate investigating committee headed by a long-time cotton champion, Senator Bankhead (D-Ala.).

Racks of rayon dresses, side by side with cotton clothes in department stores, rayon stockings, rayon underwear, rayon cord fabrics inside rubber tires—these invasions have progressed deeper than ever during the war years into fields once served by cotton.

Distributed cotton interests, therefore, will have a keen eye on the inquiry into the rayon-cotton rivalry.

As approved by the Senate in the crowded day before adjournment, a resolution by Bankhead calls for a \$5,000 investigation into these phases of the rayon threat: extent of rayon use and its effect upon the national economy, cost of producing rayon, materials and manpower used, and extent to which government agencies have encouraged and financed rayon production.

Raw cotton, estimated by an agriculture department expert at approximately 10,000,000 bales, lies stored in the nation's warehouses awaiting a slack period in the whirling pace of cotton mills as they fill record-high orders for the army, navy and home front.

How did this stockpile develop? In former years, explains the agriculture expert, this country's fields averaged approximately 12,000,000 bales, about half of which was used domestically and the remainder exported.

Since U. S. entrance into the war, however, cotton exporting has been almost entirely cut off. Though heavy war orders have consumed some of this excess, a big portion of the former export cotton must be stocked on warehouse floors for lack of mills and manpower to process it.

With each new planting season the surplus grows and the rayon threat looms larger. Recent widespread use of rayon for the cord fabrics in rubber tires in a step into probably the largest industrial field, once dominated by cotton. The rayon industry claims its product now has almost a 15 per cent wedge into the total textile fiber consumption of this country.

At the agriculture department, specialists are busy seeking new uses for cotton to avert cut-throat competition between the two fibers, one planted and picked by the tenacious, tenant farmer methods of the South, the other processed from wood pulp. A sharp decline in cotton usage, Senator Bankhead fears, may leave thousands of Southern farm families without traditional means of livelihood.

Can cotton meet the rayon challenge with cheaper, mechanical production methods? Should rayon, a comparatively new industry, be held in check to preserve the established cotton dynasty? What is the chance for southern cotton, in competition with the cheap labor fields spreading in Brazil, China, India, Egypt?

The Bankhead committee will concern itself with these and many other aspects of the cotton future, as it appears for a possible upheaval in the long-established, cotton economy of the South.

What Will Happen To
'Uncovered' Workers
After War Is Over?

By JAMES MARLOW
WASHINGTON, Aug. 10.—(AP)—Millions of additional workers have built up during these war years credits toward old age and survivors insurance benefits. But what happens to them when the war ends?

These are the workers that have come out of the so-called uncovered jobs—that is, jobs not covered by those benefits under federal law—like farm and domestic workers.

Also included in the group are the self-employed, the employees of nonprofit religious, educational and humane organizations, and the employees of federal, state, county and local government.

After the war many thousands of these un-covered workers who have been in "covered" jobs during the war, will drift back to the "un-covered occupations" or into retirement.

But, when they do, the old age and survivors insurance protection which they built up during the war years will decrease while they work in non-covered jobs. And they may lapse entirely.

For instance, The old age and survivors insurance protection is operated by the federal government through the social security board.

That insurance became law in 1936 and has been in effect since Jan. 1, 1937.

Since that time employers and their workers in "covered" jobs have had to pay 1 percent of the salary earned by the workers. Employer and employee each contributed 1 percent on the salary earned by the worker.

The idea is this: A person 65 or older who has quit regular employment is entitled to the payments, provided he has worked in "covered" employment and, of course, made his 1 percent contribution.

And his wife may also get benefits when she is 65.

But—and this is the point to be remembered by workers who have moved into "covered" jobs and intend to move out of them—a worker

THERE GOES THE FIRE!

BATON, N. M.—A city garbage truck whisked merrily past the fire station belching smoke. Fire Chief W. D. Moore panted after it afoot, gave up, ran back and got the fire truck for pursuit.

Several blocks later the firemen caught up with and put out the fire.

SIDE GLANCES

"I turn those political poll-takers over to my wife nowadays—they get more opinions from her than they bargain for!"

is entitled to old age insurance only if when he is 65, he has worked at least half of the time since the law went into effect, Jan. 1, 1937.

McNutt plumps for a social security program that will take in all classes of workers and broaden benefits even to include disability insurance. Now he only pays 1 percent cause a titanic fight in congress in the year ahead.

Of course, the workers would have to stand a greater share of the expense. Now he only pays 1 percent of his salary for old age insurance. The boss pays another 1 percent. In addition, the boss pays 3 percent of his payroll for unemployment insurance.

Under the set-up McNutt is talking about, employers and employees each would pay 6 percent of payroll and wages, making a total of 12 percent, which would cover unemployment and old age benefits.

HOME WORK
SEATTLE—A housewife phoned police to say that she wasn't out of bed yet, and someone was pounding on the basement door, attempting to break in.

The police came sirening out and found—a meter reader, trying to get to the basement meter.

4-H'ers Help Boost
State Milk Output
To meet wartime needs, U. S. milk production during the first half of 1944 was 61.6 billion pounds which is an increase of 14.2 percent over the 1937-41 corresponding period average. Rural boys in Texas contributed appreciably to this increase through participation in the National Kraft 4-H Dairy Production Activity.

"In this activity," State Boys Club Agent, L. L. Johnson said, "4-H'ers learn good milk production methods and demonstrate them to others as a part of the Food Fights for Freedom program, and thereby contribute to the improvement of the dairy industry in their own community."

Outstanding records of milk production and demonstrations, Mr. Johnson added, are rewarded with medals, War Savings Bonds, National 4-H Club Congress (Chicago) trips, and college scholarships respectively to the highest rating and second place county participants, eight state top ranking members in two classes, 10 sectional winners, and six national champions.

Mainly About Pampa and Her Neighbor Towns

Jimmy Baldrige, son of Mr. and Mrs. Bus Baldrige, 1326 Charles, has returned from a visit with his aunt, Mrs. J. F. Atwood, at Ennis. Play safe this year with your hair. Permanents given by Mr. Yates always "TAKE". Shoppe open Sept. 1st.

Mr. and Mrs. C. H. Byrd, of Lamesa, were Pampa visitors over the week end.

In respect to our many friends and customers who observe Sunday as their day of rest and to cooperate with the war effort, regarding tires and gasoline. The Belvedere Cafe closes on Sunday beginning August 13th, and will remain closed on Sundays for the duration.

Miss Pat Elliott, 1238 Charles, has returned from visiting with her brother, Edward, at Hondo.

Courtesy Cab, 24 hr. taxi. Ph. 441.

Wanted—Boys to deliver Pampa News routes. Apply at Pampa News Circulation Dept.

First Lieutenant Byron L. St. Clair, former Texas state policeman, stationed in Pampa, is now at Camp Shelby, Miss. He has been assigned to Fort Benning, Ga. Lieutenant St. Clair had 26 months' service in the Aleutians.

Nels B. Niekke has returned to Hill's Perislan Beauty Salon and will appreciate the patronage of her friends and customers. Ph. 720.

7/Sgt. and Mrs. C. D. Stephens have returned from Galveston on a 15-day furlough from Galveston en route to Ardmore, Okla., where he will be stationed as an instructor.

Mrs. D. E. Lowe and daughter, 522 N. Faulkner, have returned to Pampa from a two-weeks' vacation in Houston.

CHILDRESS—Miss Jewel Williamson of Kirkland has been elected to teach in the Wichita Falls schools during the 1944-45 term. She formerly taught at Cary and Kirkland.

WHITE DEER—All nine voting precincts in Carson county will be used for the Democratic second primary of August 26. W. L. Hoyle, county chairman, has made known. There is one county-wide race, that between Mrs. Opal Cleck of Pampa and Mrs. Fannie Williams of White Deer, for county-district clerk.

MIAMI—A honorable discharge from the U. S. Army of the dog belonging to Sam Holt Barber of Miami, has been announced. The dog served on a sentry duty in New Guinea and at Camp Robinson, Ark. from which point he was discharged.

CHILDRESS—Attending the Texas High School Coaches association coaching school at Wichita Falls are Cotton Weidman, head coach, and his assistant, M. B. (Bo) Graham, of Childress High School.

BORGER—Three Borgans were inducted into the Women's Army Corps at Ft. Sill, Okla., last week. They were Fannie Frances Costa, Jeanette Easterling, and Eveline Conley.

PLAINVIEW—Like Pampa, Plainview is having its housing troubles. Plainview city council has voted to purchase a plot of land on the northeast edge of the city limits to provide homesites for transient laborers. The ground was bought from Elmer Sorenson for \$2,500 and consists of three blocks. Mayor J. N. Jordan said water would be piped to the site.

OUR MEN IN SERVICE

(The Pampa News encourages postcards and letters on men and women in service. Identify subject and write plainly, so there will be no chance of error.)

HOME ON LEAVE
William Irvin Molesworth, gunner's mate, second class, is home on a 30-day leave from the Pacific area. He is visiting his sister, Mrs. J. M. Nichols. Molesworth, 20, joined the Navy on Dec. 22, 1941. He received his boot training at the Great Lakes Ill., Naval Training station. Molesworth was graduated from Pampa High school in 1940. He has been stationed in the South Pacific for the last 10 months, but following his leave, he will be stationed in Washington.

STATIONED AT AUSTIN
George Frank Friau, Jr., son of Mr. and Mrs. George Frank Friau, Sr., 806 N. Somerville, is among a contingent of new men to join the Naval V-12 unit in training this summer at the University of Texas, according to Captain R. J. Valentine, unit commanding officer.

IS BASIC STUDENT
George Herman Neef, 18, is a basic student in the Navy V-12 Unit at North Texas Agricultural College, Arlington, according to the Naval Public Relations office at Oklahoma City.

Seaman Neef is the son of Mr. and Mrs. George H. Neef, 1420 Alcock. He is a 1944 graduate of Pampa High school where he excelled in football and track.

AWARDED MEDAL
Staff Sergeant Lorence A. Nelson, husband of Mrs. Hazel N. Nelson, Pampa, was recently awarded the Good Conduct Medal at an advanced Fifth Air Force Service Command base in the Southwest Pacific.

A parachute rigger in his unit, S/Sgt. Nelson entered the Army in April, 1942, and has been overseas for 11 months. He is also entitled to wear the Asiatic Pacific Theater ribbon with one Bronze Star for participation in the New Guinea campaign.

Prior to his entrance into the Army, S/Sgt. Nelson ran a clothes cleaning business. His parents, Mr. and Mrs. Louis J. Nelson, live at Flint, Mich.

RETURNS FROM SEA DUTY
Ensign J. D. Livingstone, USNR, of Grandview, recently returned to the Navy's Armed Guard Center at New Orleans after spending the past two months at sea as commander of a Navy gun crew aboard a supply-laden merchant ship.

He enlisted in the Navy March 20, 1942, and was a chief petty officer when he received his commission as an officer October 28, 1943. Before entering the service, he was physical education instructor at Pampa High school. His wife, the former Manerva Hall, lives in Grandview. He has two children, Mr. and Mrs. J. H. Livingstone.

IS CITED
Pvt. John H. Rogers, son of Mrs. Lena M. Rogers, of Shamrock, has been cited by his regiment of the 36th "Texas" Infantry Division and awarded the Combat Infantryman Badge for actual participation in combat while serving on the Fifth Army front in Italy.

Pvt. Rogers is the first youth from the Shamrock area to have been presented the new award.

Cookies, Crackers Will Cost More Soon
WASHINGTON, Aug. 10—(AP)—After August 14 you will pay a little more for cookies, crackers, toilet and crumbly sold to retailers by specialty wholesalers, the Office of Price Administration announced.

The slight increase results from new ceiling based on the highest price of March, 1942, rather than on the previous "fixed mark-up," OPA said.

Alcoholics Being Saved by 'Capsule'
NEW YORK, Aug. 10—(AP)—"Thought capsules" are contributing to rehabilitation of alcoholics, says Edward McGoldrick, director of the bureau of alcoholic therapy.

Of the 17 "thought capsules" this is typical.

"I know I must abstain from alcohol, not merely for the sake of others, but first and foremost for my own self-esteem. x x x I do not need alcohol. x x x I know from my own personal experience that drinking never solved a problem for me.

Canned food that has been properly packed, heated and sealed will keep indefinitely.

"Boy, am I sitting pretty!"

It takes girls with oomph and energy to handle the job these days. And the boys say I'm doing swell—thanks to this delicious, whole grain food makes me the pop gal of the office. There is a difference in oats—It's the flavor!

Too Much Weight—More Exercise!
WASHINGTON, Aug. 10—(AP)—Army show, a WAC parade, a general's discerning eye and a survey combined to produce this edict:

Fifteen minutes of physical training daily for all members of the Women's Army Corps in the military district of Washington.

The reason: The survey showed that 67 out of 95 enlisted WACs gained an average of 9½ pounds each since entering the service.

HIS BIRTH RIGHT
NEW YORK—Jockey Johnny Lomax was born in Wakefield, England, and won the \$10,000 Wakefield Stakes at Jamaica on William Ziegler's Esteem.

Fisher Rites Will Be Held Tomorrow

Funeral services for Mrs. Thelma Geneva Fisher, 38, wife of Wilber L. Fisher, Standard employee, who died Tuesday morning in an Albuquerque, N. M., hospital, will be conducted at 3 p. m. tomorrow in the chapel of the Dunkel-Carmichael Funeral home, by the Rev. Robert Boshen, pastor of the Presbyterian church. Burial will be in Fairview cemetery.

Bearers will be J. C. Jarvis, E. A. Harris, T. B. Virgine, Hardy Boyd, W. W. Denham, and Ray West.

Cigarets Are Still On Shortage Lists

Recalling the old bootlegging days, when stratosphere prices were paid for Choctaw beer, other kinds of home brew, and for red eye, white eye, and other kinds of whiskey, is the way in which most Pampans are buying their cigarettes.

They don't have to sneak up dark alleys. It's true, but it pays a cigarette-buyer to be a good customer and friend of some drugist, to keep informed on when cigarettes are received, and to buy all he can while the buying is good.

Prices of cigarettes have not been increased but they are as scarce here now as they were a fortnight ago.

What's the reason for the cigaret famine?

One wholesaler said he attributed it to the fact that many men who once pulled their own are now buying the tailor made for the first time in their lives, due to farther wage checks.

Other reasons given, from various sources, include a shortage of cartons, shortage of labor in factories, and a rumor that the shortage has been created by tobacco farmers holding out their crop for the price higher.

Cigarets join cigars in the hard-to-get item list. There has been a shortage of cigars for months.

Adults Asked To Stay Out of Pool

John W. Andrews, city park superintendent, and the Pampa police had a new problem this week in convincing adults that they should not poach on children's preserves.

Twice in two days the superintendent has had to call on police to ask adults out of the Rotary club, wading pool, designed for children under the age of 7, in Central park.

The first case involved two women who were wading merrily in the pool when they were politely asked to take note of the age limit specified on the sign.

Their response was a boorish "go to" and it took the presence of one of Chief Ray Dudley's men to convince the grown-ups that what the park superintendent meant was that said.

The next day, a man was wading in the pool. Asked to get out, he made a soap-box oration on the amount of taxes he paid, but again the police were called and the children's lost province restored to them.

"Maybe it's second childhood," city officials consoled themselves today.

New City Water Well On Test Yesterday

Pampa's new water well No. 4, was put on test yesterday, and produced 640 gallons of water a minute.

It will likely be 10 days, however, before the well can be tied in with the city water system. J. E. Mass, water department superintendent, said that before this could be done, there remained the job of setting up a transformer bank, hooking up a pump, and tying the well into storage.

Work on the well, located in the northwest section of Pampa, began on June 10.

Former Pampa Mayor Entertained as GI

Saturday, August 5, was a big day in the life of S/IC Fred Thompson, former Pampa mayor.

On that date, he and 249 other men and officers of the 36th Infantry, were guests at the 70th weekly function of the Masque's servicemen's morale club, 1765 N. Sycamore, Hollywood, Calif.

The men were given a dinner and entertainment. Ex-Mayor Thompson has mailed home to his wife a copy of the program, which bears the autographs of many "green" stars including those of Charles Coburn and Brenda Marshall.

JAPS

icans at the crucial battle.

The last organized enemy resistance on Guam ended Tuesday, Adm. Nimitz disclosed. The end came after 19 days of rugged battling. Hungry, ragged and cornered the enemy garrison was chewed to bits by explosives from warships, planes and troops.

The first U. S. soldiers to join the China ground fighting fired anti-aircraft guns point-blank at Japanese positions on Sunghsan mountain in Yunnan province. Capture of Sunghsan would clear a 25-mile stretch of the Burma Road west of the Salween river.

In North Burma Allied troops captured Taungni, 10 miles below Mogaung on the road to Mandalay.

Systematic reduction of Japanese planes in the New Guinea theater brought the total enemy dead to at least 7,007, Gen. MacArthur reported.

RATION

(Continued from Page One)

scarcity in nearly all sections of the country." OPA said.

To compensate for more red-point food being restored to the ration list than is being taken off, a new red stamp—D5 in ration Book Four—will become valid Sunday and be good indefinitely. OPA announced, however, that red stamps will be validated at the start of each monthly ration period rather than every fourth Sunday. The number of points provided will be 30 or 40, depending on the length of the ration period.

Under this policy, a new set of stamps, probably three good for a total of 30 points, will be validated Sept. 2, rather than Aug. 27.

Except for cheaper cuts that have been point-free since May 4, the three top grades of beef and lamb—choice, good and commercial—remain on the ration list.

The new charts list farm or country butter at 12 points a pound, up from eight points, and process butter at six points, a two-point hike.

Such cheeses as Cheddar and Colby are raised two points a pound to a new value of 12 points. Cream, Neufchatel and creamed cottage cheese go to six points an Italian, Munster and Limburger pound from four, while Swiss, are assigned a new value of eight point sa pound, up from four.

F.D.R.

(Continued from Page One)

ferences against the Japanese, and he reiterated America's Pacific war goals: to retake and free the Philippines and to drive Japan to unconditional surrender.

The Chief Executive coupled with his conferences detailed visits to Pearl Harbor and other military installations, converted from the Japanese-brought havoc on Dec. 7, 1941, into an island bristling with battle and sea and air fighting power. He termed the conversion the "most amazing... heh ah ever seen."

Admiral Nimitz and General MacArthur—the latter wearing a leather field jacket—went aboard the President's ship to greet the Chief Executive as soon as he arrived at Pearl Harbor.

With them and Nimitz in later conferences were Admiral William F. Halsey, commander of the third fleet, Lt. Gen. Robert C. Richardson, Jr., Central Pacific army commander, and war chiefs representing the North, South and Southwest Pacific theaters.

Mr. Roosevelt termed his visit to the birthplace of the war a highly successful three days. Sea-tanned and smiling, he swapped almost an hour of questions and answers with Pacific war correspondents and White House reporters.

We are going back to the Philippines, Mr. Roosevelt said, and MacArthur going to be a part of the operation. You can't say, he smiled, whether the general is going back directly or by way of North Africa but he is going back and are going to give the islands their independence.

Our goal still is unconditional surrender for all our enemies, he said, whatever is required, he continued, we are going right through to clean up the Japanese.

The president visited virtually every military operation on the island—from a deadly advanced training course in jungle fighting to the hospital care of the wounded from Salipan and Manila. He reviewed the Seventh Division, veterans of Attu, Kiska and Kwajalein.

He made seven brief talks in two days, all of them delivered to servicemen who looked up from their jobs in surprise to see the President of the United States rolling up in a jeep-escorted open touring car.

Mr. Roosevelt—his Panama hat and seersucker suits made conspicuous among the military uniforms which surrounded him—waved and nodded from his open car as he passed rows of soldiers, sailors, Marines and service women.

Virtually all scars of the Japanese attack had disappeared from the island long before the President put into Pearl Harbor, which he last visited 10 years ago. In place of the wreckage were acres of fighting planes, tanks and other battle equipment. He saw sugar cane plantations of two years ago now converted into forests of war equipment, and land reclaimed from the sea to become huge air base.

During his stay Mr. Roosevelt and his staff talked with Lt. Gen. Millard F. Harmon who bossed army operations in the Philippines, the Solomons; Vice Admiral Charles A. Lockwood, commander of submarine operations in the Pacific; Rear Admiral Charles A. Powell, commander of the Pacific fleet air arm, and many others.

The President appeared tremendously impressed by the speedy development of all military functions on the island. He made several references to it both in his news conferences and in brief talks he made here and there.

Mr. Roosevelt said he asked General MacArthur to take greeting from the Chief Executive to the men on the Pacific fighting fronts and to tell them we are going to bring them back as soon as the safety of the country will permit.

The President was accompanied to Hawaii by White House military aides—Admiral William D. Leahy who is chief of staff to the President; Maj. Gen. Edwin M. Watson, his military aide; Rear Admiral Wilson Brown, naval aide, and Rear Admiral Ross T. McIntyre, surgeon-general of the navy and the President's personal physician.

Also in the group were Samuel I. Rosenman, special counsel to the President, and one of Mr. Roosevelt's close personal advisors, and Elmer Davis, Director of the Office of War Information. Davis said he was not a member of the presidential party and explained he came to the Pacific to review OWI operations. However, he helped handle press relations.

Honolulu was alive with rumors—all of them wrong—that the closely guarded navy compound where the President stayed would be the site of a meeting with Prime Minister Churchill or Generalissimo Chiang Kai-shek. Actually the whole affair was an American huddle.

Mr. Roosevelt said he will report to the nation on his Pacific trip—his first war journey this year—but gave no indication of a date.

Montezuma, ancient Aztec king, first introduced chocolate to the Spaniards.

Skilled Workers To Go Back to Jobs

HOUSTON, Aug. 10—(AP)—The 523 skilled workers at the Todd-Houston Shipbuilding corporation who yesterday walked off the job were to report today for work, says Joseph Delaney, district representative of the international brotherhood of boiler-makers, Local 489 (AFL).

Delaney's statement came after a meeting of the local last night, and in which he said that "there was a difference of opinion and the trouble

has been ironed out."

Ike S. Ashburn, the firm's industrial relations director, said yesterday the walkout was caused by a demand by riveters, chippers, caulkers and tank testers that certain foremen be discharged.

Washburn said the men worked under a contract specifying no walkouts, strikes or lockouts.

He said a committee of stewards came to him and demanded the discharge of certain foremen.

Tex Hughson Mows Chisox In 9-1 Finale

By JACK HAND

(Associated Press Sports Writer)
Boston's hopes for its first pennant since 1918 faded today as Tex Hughson rapped homers, the Red Sox failed to gain on the front-running Browns by their 9-1 slaughter of Chicago. It was their 13th triumph in 15 starts against their White Sox "cousins."

Al Zarilla protected St. Louis' 6½-game margin over Boston by cracking a game-winning homer in the ninth inning to stop the New York Yankees, 3-2, as the Browns grabbed their ninth straight.

Hal Newhouse matched Hughson with his 18th win as Detroit topped Washington, 4-2, and Early Wynn suffered his 10th successive loss. Newhouse with 18, and Teammate Dizzy Trout with 17, took over the race for high game winner all to themselves with Hughson hanging up his glove for the duration.

Al Smith slugged home two runs in the first inning and then settled back to pitch Cleveland to a 4-3 edge over Philadelphia, sprinkling eight hits.

The St. Louis Cardinals, hot after

Yankee Maid Wins 19th Hambletonian

GOSHEN, N. Y., Aug. 10—(AP)—Last winter A. L. Derby could have sold Yankee Maid for \$30,000. Today, the Wichita, Kas., coltman was thankful that he had turned down E. J. Baker's offer for the bay daughter of Volomite rules the three-year-old trotters after her easy straight-heat triumph in the 19th Hambletonian.

Loss of only one of her five two-year-old starts in taking the 1943 juvenile title and beaten once in the same number of trips to the post this season, Yankee Maid already has won close to \$40,000—a good investment on the \$1,500 derby paid as a yearling for the half-sister to the world's champion trotter, Greyhound.

Choice of a crowd estimated at around 15,000, Yankee Maid lost little time in justifying her position as the favorite in light harness racing's most famous race. She took the lead after a quarter-mile in the first heat and went on to win by five lengths in 2:05. In the second mile, Henry Thomas shot her to the front, going into the first turn, and she never was headed as she won by four lengths in 2:04.

BETZ, SEGURDA FAVORED
RYE, N. Y., Aug. 9—(AP)—The eastern grass court tennis championships open today at the West Chester Country Club, Pauline Betz of Los Angeles, is top seeded in the women's singles while Francisco Segura, of Ecuador, heads the men's rankings.

SEABISCUIT'S BROTHER
CAMDEN—Sea Base, driven out to the last ounce to graduate in a mile maiden event at Garden State park, is a full brother of Seabiscuit, world's second greatest money-winner.

A Labor day flag clinching in the National, upped their margin to 17½ by trimming the Phils, 4-2, with Reliever Max Danier getting the nod over Ken Raffensberger. It was the 73rd win in 100 starts for the Cards, tying a league record.

Brooklyn pulled out of the cellar as Curt Davis scattered 10 Chicago blows for a 5-2 edge over Chicago's Hank Wyse. Fritz Ostermuller picked up win No. 10 for Pittsburgh at New York's expense, 4-3, although he gave 10 safeties and the Boston Braves outslung Cincinnati, 9-6, to give Al Javery the nod over Arnie Carter.

Mama's Sugar
POINTS WITH PRIDE TO HER PLEDGE TO FREEDOM

Yes, Mama's Sugar knows that a store room full of home-canned fruits and vegetables is more than a wish for the war to end... it's a visible pledge to freedom through help on the home front. So, can't all you can with the sugar that's noted for particularly fine results... 100% Pure Cane Imperial Sugar. Imperial is extra fine granulated to dissolve quickly, impart full sweetness and make syrups and preserves rich and smooth.

CAN WITH TEXAS' OWN IMPERIAL SUGAR

Goose Creek Express Joins South Gridders

WICHITA FALLS, Aug. 10—(AP)—The South edged into the favorite's spot today to win the annual all-star football game of the Texas High School Coaching School.

Arrival of George Walmley, the Goose Creek Express, boosted the stock of the southerners to trim the North in tomorrow night's battle and this narrow margin the boys of the Texas Interscholastic League's upper bracket have built up in nine previous games. The North has won six games and tied one.

Walmley, one of last fall's greatest backs, got here in time for the third practice session of the South squad and fitted like a glove in the double wing-back offensive Bobby Dodd, backfield coach of Georgia Tech, is fashioning for his charges.

Meanwhile, the North outfit practiced on the complicated formations given them by Jeff Cravath, Southern California coach. Rail birds have noted some rather unsatisfactory work with the T among the Northerners and expressed the opinion that the boys would find this formation hard to handle in a game after only four days practice attempting to master it.

Coming with Walmley, who now is at Rice, was Bill Taylor, brilliant Goose Creek wingman, who added punch to the South line.

Everyone is agreed it should be a great game with Walmley matching passes and runs with Bobby Layne, the great Highland Park (Dallas) player who now is at the University of Texas.

The coaches today announced their probable line-ups as follows: North—Jimmy Watson, Midland, and Bob Buschman, Woodrow Wilson (Dallas), ends; Robert Edge, Sunset (Dallas), and Embury Walton, Fort Worth Tech, tackles; Jerome Buxkemper, Ballinger, and Orr, Vernon, guards; Douglas MacDonald, Highland Park (Dallas), center; Bobby Layne, Highland Park, quarterback; Gene Spiers, Abilene, and Billy Lynch, Amarillo, halfbacks; Jack Halfpenny, Sunset, fullback.

South—Charles Green, Breckenridge, and J. T. Watson, Henderson, ends; Alan Sparkman, Jefferson (San Antonio), and Pete Kotlarich, Galveston, tackles; Pete Odams, McAllen, and Woody Gatewood, Waco, guards; Bob McKinney, Lufkin, center; Judd Helmcamp, Austin (Houston), quarterback; Frank Torneo, Cameron, and George Walmley, Goose Creek, halfbacks; Tom Daniels, Kerrville, fullback. Kotlarich suffered a hand injury in yesterday's scrimmage but found no bones were broken and is expected to be ready to play.

GRAHAM GOLF CHAMPION
MAMARONECK, N. Y., Aug. 9—(AP)—Samuel J. Graham, of Greenwich, shot a 39-38-77 yesterday to win the senior championship of the Metropolitan Golf association. Robert Shreve, of Elizabeth, was second with a 42-36-78.

HAGG SLEWS DOWN
STOCKHOLM, Aug. 9—(AP)—Gunder Haegg, world famous Swedish track star, won the 1,500-meter event in a meet at Vaestervik yesterday in the comparatively slow time of 3:53.2.

Sports Roundup

GOSHEN, N. Y., Aug. 10—(AP)—Still horsing around—when Arch Derby, the Kansas oil-man, bought Yankee Maid for \$1,500 two years ago, he thought so little of the filly that Henry Knight assured him he could have his money back any time he felt dissatisfied—with \$18,467 for yesterday's Hambletonian victory, earlier triumphs in three other stakes and the prospect of winning several other good purses this year, Derby isn't likely to be around asking for his money back.

HAMBLETONIAN HAYSEE
Here's the kind of thing that makes the buggy whip derby something to remember: The weather-beaten faces and keen, unwavering eyes of the horsemen—the stores in Goshen with their signs: "Closed Hambletonian afternoon." The chatter of starter Steve Phillips as he gets the horses lined up, and his casual remark between races that he's never heard of a heat that took an hour and three quarters to get off under the old starting system.

Tack room topics: Kentucky's Walnut Hall farm, which boasts of having had the sire or dam of the winner of every Hambletonian, has the sires of four of yesterday's six money winners and the dam of another. When 71-year-old Ben White, who could have been the oldest driver in the Hambletonian, was taken sick just before the race, he was replaced by his son, Gibson, who was the youngest driver—Apparent indications of a trend in harness racing: Hambletonian day brought Goshen its record \$211,852 Mutuel Pool. The coatively small Hamburg, N. Y., track hit \$120,000 on its closing night—the 100-year-old historic track hasn't been used this year and is grown up to grass while

Texas Pitcher Wins 18th Game

By JOSEPH B. KELLEY

BOSTON, Aug. 10—(AP)—Baseball veterans and rookies, executives and ushers, fans without exception, baseball writers—all spoke of Tex Hughson today, and they spoke in superlatives.

Said the veteran Hugh Duffy who has seen them come and go for a half century: "He's one of the best boys I've ever seen. He's got everything. He's good for the boys to have around, keeps 'em in good spirits."

"And he's got it here," concluded Duffy pointing to his heart.

Hughson yesterday turned in his 18th victory of the season which he started late, becoming the first major league hurler to win that many games this year. He beat Chicago's White Sox 9 to 1.

His manager, Joe Cronin, described Tex who goes into the navy Aug. 28 as "not only a baseball player's ballplayer but a manager's ballplayer."

Jimmy Dykes, manager of the Chicago White Sox who got only four hits and one run off Tex yesterday, added his praises, too. "He's a great guy," said Jimmy. "The recipient of these compliments grinned.

"I sure wanted to win that one, how 'bout those two hits. Just when I start to hit I gotta go," he commented.

Hughson leaves tomorrow for his farm home in Kyle, Texas. There for the first time he'll see his new son, Stanley Carleton, who will be three weeks old Sunday.

Wind sails were tried for propulsion of railway cars during the 19th century.

Stanford Golfer In Quarter-Finals Of Western Amateur

CHICAGO, Aug. 10—(AP)—Betty Jean Rucker, 23-year-old Stanford University junior from Spokane, Wash., carried the hopes of the Women's Western Amateur Golf tournament today as she squared off against defending champion Dorothy Germain of Philadelphia.

Another outstanding quarter-final match today sends medalist Sally Sessions of Muskegon, Mich., against Georgia Tainter of Fargo, N. D., a 1941 semi-finalist.

One of the favorites, Phyllis Otto of Omaha, Neb., meets Mary Jane Jarman of Hammond, Ind., and Mrs. H. M. Simos of Evanston, Ill., for-

mer Minnesota state champion, tees off against Peggy Kirk of Finlay, Ohio, a semi-finalist last year. Miss Rucker demonstrated some of the most remarkable golf of the tournament in yesterday's second round by defeating Ruth More of Florida, Ill., 6 and 5, after firing three birdies on the last four holes and winding up the match four under par.

The Gutenberg Bible, in the possession of Yale University has been in an underground vault since war began.

American Shoppers Break All Records For Buying in 1929

By JAMES MARLOW

WASHINGTON, Aug. 10 (AP)—American shoppers are breaking their 1943 spending record, which made the 1929 boom year look like peanuts.

They're spending on the kind of things they always bought—food, clothing, repairs for their homes, jewelry—although they can't buy all the things they used to buy.

Figures on retail sales for the first six months of 1944, just completed by the commerce department, go much beyond the first six months of 1943.

They indicate what is likely to happen in the last six months of this year.

This story deals only with retail sales to the buying public. That is, sales by food stores, restaurants, department stores, clothing shops, drug stores, places like that.

It doesn't include sales by manufacturers or wholesale business firms to the government.

In the first six months of 1943, retail sales were \$29,774,000,000. In 1944 they were \$32,113,000,000, an eight percent increase. If that rate of in-

crease is maintained the rest of this year, and it probably will be, retail sales for all of 1944 will be some- where between \$6 and \$8 billion dollars, a new record.

In 1943, for the year, retail sales totaled \$63,818,000,000. In 1929 they were only \$48,450,000,000.

The big increase has been in non-durable goods: food, meals in restaurants, clothing, gasoline, drugs, liquor, fuel, ice, cigars, flowers, or you name it.

On non-durable goods, Americans, between January 1 and June 30 of 1944, spent \$27,407,000,000. In the same period last year they spent \$25,359,000,000.

On durable goods, jewelry, furniture, building materials, automobiles and auto parts, they spent in the first six months of this year \$6,640,000,000. In their first six months of 1943 they spent \$4,415,000,000.

Furniture was the only line of goods listed by the commerce department which showed a decrease this year.

Here are notes on some of the items which showed increased spending:

Food—undoubtedly there were more sales of finished foods, which would boost the cost. At the same time there probably was wide chiseling on things like meat through upgrading. This means you often paid for better cuts than you received, all of which would raise the total of money spent.

Clothing in apparel stores—many lines of cheap clothing had disappeared, so shoppers had to pay more. Automobile—used car prices soared. More auto parts were placed on the market.

Jewelry—spending surged in March, to beat the tax which went into effect April 1, then it slowed.

Houston Man Heads State Traffic Group

DALLAS, Aug. 10 (AP)—Leland D. Smith of Houston heads the Texas Industrial Traffic League as that group's new president, succeeding L. O. Langley of Dallas.

Other officers elected at the league's annual meeting yesterday included L. M. Sheppard, Waco, and F. H. Fredricks, Beaumont, vice-presidents.

Western Senators Moy Filibuster on Flood Control Bill

WASHINGTON, Aug. 10 (AP)—Western senators' objections to phrasing in the flood control and rivers and harbors bills probably will result in a filibuster, Senator Overton (D-La.) declares.

"I accused the western people at the New Orleans rivers and harbors meeting of planning just that thing,"

Overton told a reporter. The Louisiana senator is chairman of a Senate commerce subcommittee which handled the two big bills.

Representatives of the arid and semi-arid states of the West are seeking language which would establish a national water policy which would give priority to domestic and irrigation uses over navigation.

"In view of the tense war situation, I think it would be most in-

opportune to take up on the floor of the Senate any domestic measures of a controversial situation," Senator Robertson (R-Wyo), a member of Overton's sub-committee, said in an interview.

"The conflict aroused by these bills could extend over many months. Twenty-two senators, eastern as well as western, have joined in amendments to protect the interests of their states and, if the proponents of the bills seek action during the critical war and election period, they must accept the blame for

using up the time of congress for this purpose."

Overton said he hopes to get the bills passed before the fall election.

SPURNED SPOKANE, Wash.—The soldier said, "No, thanks," after a girl wearing dark glasses asked him if he would like to dance. He felt sort of silly a little later when manager Al Peyerabend of the Spokane Frolic club informed him he had just said no to movie actress Kay Francis.
