

THE NEWS BITTER NEAR ST. LOUIS

Brig. Gen. Roosevelt To Be Buried Today

LONDON, July 14 (AP)—Brig. Gen. Theodore Roosevelt, Jr 56, adventurous son of the former president, died Wednesday night of a heart attack as he rested in a captured German truck on the Normandy battlefield. His death came at 11:45 p.m. in his office-bedroom in the converted truck at the conclusion of an arduous day of convincing, encouragement and guidance to the troops of the Fourth Infantry division, of which he was assistant commanding general.

He will be buried today in France in the soil of the country where his brother Quentin was killed in the first World War.

Gen. Roosevelt's only surviving brother, Lieut. Col. Archibald Roosevelt, was wounded in the left leg by shrapnel in the fighting on Biak Island June 19. He was captured at New York he had written that the wound was not serious but that broncho-pneumonia and other complications had developed.

(Another brother, Major Kermit Roosevelt, died in active service with the armed forces in Alaska June 4, 1943.)

Roosevelt, whose cheerful grin was a familiar sight during this war in many an advanced observation post in North Africa, Sicily, Italy and France, was stricken with a slight heart attack five days ago, but he insisted on continuing his strenuous daily tours.

Returning late Wednesday, he admitted he felt tired and told his

son, Capt. Quentin Roosevelt, that the old machine is pretty well worn down. Quentin, an officer in the First Infantry Division, returned to his post only two hours before the general died.

In the last war he fought in France with the First Infantry Division—the division always closest to his heart. Starting as a major, he finished as a colonel and was wounded three times.

In this war, as the first division's deputy commanding general, he rode in the forefront of its amphibious assault landings in Algeria and Sicily. Later he served in Sardinia, Corsica and Italy as liaison officer with the French.

Returned to Britain last March by plane, suffering from pneumonia, the general constantly fretted that he might miss the biggest show of all—the invasion of Europe. But once again—this time as deputy commander of the Fourth Division—he was on hand for the start of battle—and landed with the first wave.

"General Roosevelt really was a battle casualty," said Maj. Gen. R. O. Barton, the Fourth Division commander. "All day long he rode the lines. He spared himself nothing. He had been out at command posts cheering the men, helping commanders and helping me."

Survivors include his widow, Mrs. Eleanor Alexander Roosevelt, three sons, Lt. Theodore, III, U. S. N. R., Lt. Cornelius Van Shaack, U. S. N. R., and Quentin; and a daughter, Mrs. William McMillan, of Baltimore.

Governor Orders Henry Returned To Serve Term

AUSTIN, July 14 (AP)—Gov. R. Stevenson today revoked a three-month reprieve granted May 31 to Claud (Cowboy) Henry, convicted of slaying a San Antonio policeman, on the grounds that \$2,000 had been deposited in a Huntsville bank for a lawyer who aided him in obtaining clemency.

Henry had twice attempted escape from state prison farms, successfully once in a fruitless effort to see his wife, Toni Jo Henry, before she was executed in Lake Charles, La., for the murder of J. P. Calloway, Houston salesman.

In his proclamation Gov. Stevenson said that he had no evidence that any of the money had been improperly used in obtaining the clemency, but that the matter constituted a serious threat to the state's parole system.

Henry's record with the board of pardons and paroles shows that he was sentenced to the district court of Medina county to serve 50 years for the murder in the slaying of Arthur Sinclair. The record also showed:

He had been credited with serving five years and that "he has been guilty of no charge of misconduct since November, 1942."

That in August, 1942, he attempted to escape from the district prison farm by taking a gun away from a guard.

That on Nov. 23, 1942, he escaped from the Central prison farm, was sentenced to the district court of Medina county to serve 50 years for the murder in the slaying of Arthur Sinclair. The record also showed:

That he also had had three other chances to escape, which he did not take.

The pardon board's file on Henry's case also included a letter from District Judge W. W. McCrory of San Antonio, which said in part: "I have always felt that the Cowboy not taken the stand himself and tried to make out a case of self-defense and if his attorneys had not put him on the stand and urged such a defense, that he would never have received over 10 or 12 years, if that much, in the penitentiary."

The governor directed San Antonio officers to arrest Henry and return him to prison.

His proclamation said in part: "I am today revoking the three months reprieve which was given Claud Henry No. 98629 on the time clemency was approved for Claud

President Hopes For Free France in 1945

WASHINGTON, July 14 (AP)—President Roosevelt held out hope today to the "heroic people of France" of their complete liberation from "the menace of Hitler and the puppets of Vichy" during the year ahead.

Saluting the French on "Bastille Day," the President said in a statement: "Together, we shall win, and France shall be free."

U. S. Officials Keep Peeled Eye On Turkey Talks

WASHINGTON, July 14 (AP)—American officials watched Ankara closely today, as Anglo-American-Russian talks continued with Turkey to bring that important neutral closer to the Allies.

While it seems unlikely that the Turks will join the war against Germany at this stage, concrete developments to aid the United Nations and hit Germany appear in the offing.

It had been step may be a severance of Turkish economic relations with the Nazis, who are getting wool, silk, oil seeds, foodstuffs and certain critical metals from Turkey.

The Turks have already cut their overall trade with Germany by 50 per cent, in addition to the complete ban on chrome exports to the Nazis.

Reports from Ankara have shown a sudden increase in diplomatic activity there, and it was learned here that three-way conversations have been going on with the Turks for three weeks now.

De Gaulle Received Loudly at Algiers

ALGIERS, July 14 (AP)—Algerians hailed Gen. Charles de Gaulle as a returning hero today at a parade and ceremonies celebrating Bastille Day.

Tightly packed downtown balconies and overflowing the post-office plaza, crowds cheered and applauded the French National Committee leader who was making his first official appearance since his return last night from conferences in Washington and Ottawa.

French and Allied troops marched past the reviewing stand where De Gaulle stood on the pavement in front of the rest of the committee, taking the salute.

Units of United States, British and South African troops headed the hour-long review.

Former Senator Dies

FAIRFAX, Va., July 14 (AP)—Joseph Little Bristow, 83, former United States senator from Kansas, died early today at his home here after a three-week illness.

Car Makers Look Toward Day When Enemy Is Beaten

WASHINGTON, July 14 (AP)—Top-ranking automobile makers set out today to make plans for partial resumption of passenger car production after the German collapse.

The War Production Board was ready for the group—nine pre-war manufacturers making up its automobile industry advisory committee—with its "blue order" reconversion plan.

Intended to set in operation some time after "X-Day," the unknown date of Nazi defeat, the "blue order" would speed reconversion by having orders for parts and materials placed in advance.

Meanwhile, the Senate Small Business committee proposed a program for giving smaller manufacturing plants a "head start" in reconversion from war to civilian production.

The report recommended "modernization and vigorous enforcement of anti-monopoly legislation" and the maximum utilization of small business in the postwar period.

The WPB "blue orders" would not be filled until the curtailment of war production enabled it to give the 80-ahead signal.

Production of 2,000,000 cars a year has been suggested. This would be about two-thirds of 1939 production.

Eisenhower Believes Germans Bad Shmots

ALLIED ADVANCE COMMAND POST, July 14 (AP)—Gen. Dwight D. Eisenhower believes that German flying bombs which fell in the Normandy beachhead area were not directed there, but probably had fallen there because faulty mechanism took them off their course toward England.

Now that censorship has permitted announcement that the missiles fell in the Normandy beachhead area, it may be disclosed that the Allied supreme commander has received full reports on the incidents and that he discussed them at his most recent press conference.

Eisenhower said no important damage was done.

I SAW . . .

Kenneth Grantham getting off some terrific puns in a football kicking contest downtown last night. They were traveling high, wide, and handsome. Puns like Grantham makes will go a long way toward hitting that target for November 3.

POST-WAR OUTLOOK: Visitor to Russia Foresees Trade Boom With that Country

WASHINGTON, July 14 (AP)—A tremendous postwar boom in trade with Russia is foreseen by Eric Johnston, president of the United States Chamber of Commerce. He began work today on plans to translate in dollars-and-cents orders the information he obtained on a lengthy tour of the Soviet Union.

Based on conversations he had with Marshal Stalin and other top Soviet officials and also on personal observations made during thousands of miles of travel, Johnston said:

1. Russia is looking to this country for an imagination-staggering supply of mining and industrial machinery, railway and hydro-electric equipment, ships, trucks and road building tools and machines. She needs these things to rebuild wrecked

Russians Continue Twin Drives to West; Guam Is Dealt Pre-Invasion Hammering

2 Admirals Give Lives For Emperor

By J. B. KRUEGER
Associated Press War Editor
An avenging U. S. Navy, unceasingly hammering Guam into shape for invasion, today grimly underscored the mortal blow struck Japan at Saipan by revealing the deaths of two Japanese admirals on this island lying only 1,500 miles from Tokyo.

Adm. Nimitz disclosed last night that Vice Adm. Kiyohide Nagumo, commanding the Central Pacific area, met death on embattled Saipan July 7, one day before the Marianas capital island toppled. With him a Rear Adm. Yano, otherwise unidentified.

Far southward on New Guinea, thousands of trapped enemy troops threw themselves against encircling Allied forces near Aitape. Many of the 45,000 men trying to break free to Jap-held Dutch New Guinea were slain in attacks preliminary to a full-scale battle. Their fate seemed as sure as that of Admiral Nagumo's, but American lives were in the balance too.

Guam, largest and most southerly of the Marianas, quivered under at least nine straight days of aerial blasting plus four days of warship shelling through Tuesday. Tokyo radio said new attacks were made Thursday by aircraft and warships, including a battleship. Gun positions, blockhouses and warehouses were targets.

The pattern of bombardment precisely followed the technique of the Gilbert and Marshall Islands invasions. Guam, whose mountains offer the same rugged defense possibilities as Saipan, was wrested from U. S. control Dec. 13, 1941.

Admiral Nagumo led the Japanese attack on Pearl Harbor 31 months ago, and he commanded the carrier fleet blown out of the water at Midway July 3-6, 1942. His end, perhaps during hara-kiri, illuminated Saipan as a Japanese Pearl Harbor, comparable to Oahu not only in geography but as the hinge of Japan's inner ocean defense.

"It is now clear," said Admiral Nimitz, "that Saipan—standard was

Auto above gives some idea of the size of the Kerford Quarry, near Atchison, Kas., now called America's largest refrigerator because it has been leased by the War Food Administration to store from 60,000 to 70,000 tons of perishable foods. Modern blast-type refrigerating units are being installed in the big "icebox," which is expected to be operating by Aug. 1.

Election Supplies To Go Out on Monday

Election supplies for the first Democratic primary election of July 22 will be assembled Monday at the county clerk's office, ready for distribution to the presiding judges. County Clerk Charlie Tate said today, following a conversation with John V. Anstow, chairman of the Gray County Democratic Executive committee.

Voters were reminded of two important deadlines coming up next week. First of these is Monday. That is the last date on which voters in cities of 10,000 and over can correct their certificates to be eligible to vote. This is in reference to voters moving from one precinct to another, and to newcomers.

Tuesday is the last day on which absentee ballots can be cast. On Thursday the county clerk is to send absentee ballots to presiding judges. Although July 22, date of the first primary, is usually considered only as date of the election, it is really a three-point political date since Saturday is the day set for precinct conventions and also the day on which unofficial returns are to be transmitted to the secretary of state at Austin, with midnight as the deadline.

Precinct convention have not been the rule here and when held have been routine.

Report on Returns
Since it is customary for the returns in Gray county to be telephoned in to the county chairman at the county clerk's office by precinct judges, as soon as the tallies are complete, it is expected that the same practice will be in effect this year, but no definite statement was made by the county committee to date on this point.

Harking back to the horse and buggy days is the lagard way in which returns are made to county chairmen. There is a three-day period allowed between the date of the election and the deadline, which is July 25, the Tuesday following the election. Presiding judges make the returns.

There are 97 candidates listed on the official ballot. Actually, there are 98 candidates, since R. L. Templeton of Wellington is a candidate for state representative of the 122d district, opposing Ennis C. Favors of Pampa. Templeton's name was omitted from the ballot here because his application was not correctly attested. Votes for him in this county will have to be via the write-in method.

Two Precinct Contests
Offices on the ballot range from governor to precinct chairman.

See ELECTION, Page 8

Second in Series Of Concerts Tonight

The Pampa Army Air Field post band, under the direction of W/O Ken Carpenter, will present the second in a series of scheduled summer concerts tonight at 8 o'clock in the Central Park.

The program will include selections from George Gershwin's "Porgy and Bess," "My Heart at the Sweet Voice," "Samson and Delilah" by Ste-Saens, "The Last Round-Up," a trumpet quartet composed of 1/Sgt. Al Fish, S/ Sgt. Nick Mutu, Cpl. Jack Townsend and Pfc. Val Cammarata will play "The Trumpeters" by Leitner, a hymn, after which the national anthem will be played, closing the program.

Last Friday night, an enthusiastic crowd of more than 300 persons attended the concert, and that many or more are expected tonight.

Intent to Murder Charges Are Filed

FORT WORTH, July 14 (AP)—Two charges of assault with intent to murder were filed in justice court here today against Marvin Beatty, candidate for state representative, in connection with the stabbing last night of Beatty's opponent, Lt. (jg) Marvin B. Simpson Jr., and the latter's father, Marvin B. Simpson Sr.

The elder Simpson, with knife wounds over his heart and in the abdomen, was reported at a hospital here to be in "serious but not critical condition."

Lieutenant Simpson, seeking reelection, was confined to his home pending further examination by his physician. He is in the maritime service.

The dispute which resulted in the stabbing took place at a political rally held on a school grounds here, and occurred just after young Simpson had made a speech criticizing Beatty's former record as a justice of the peace.

Beatty, who made \$1,000 bond in each charge, said he was sorry it happened and that he had written the elder Simpson a letter of apology.

WASHINGTON, July 14 (AP)—Sen. O'Daniel (D-Texas) assailed today as a "newspaper-reading lunatic" Arthur R. Treanor, director of the War Production Board printing and publishing division, in choosing a vice-presidential candidate and that "it's not going to be a cut-and-dried convention" pointed today to a lively time at next week's Chicago gathering.

These forecasts, the first by Governor Robert E. Kerr of Oklahoma, the convention keynote, and the second by Mayor Edward J. Kelly of Chicago, came as politicians still awaited the expected pat on the back from the White House for Henry A. Wallace, who wants to be President Roosevelt's running mate again.

With time running out fast—the convention is to meet Wednesday and to ballot for the vice-presidential nomination one week from today—there were these other developments:

(1) Henry Ward, associate editor of the Paducah, Ky., Sun-Democrat and a close friend of Senator Alben Barkley, said that Barkley has approved a plan for his name to be presented for the job Wallace now holds and to be kept in nomination until a candidate is named.

(2) The CIO Political Action committee emerged at Washington into the National Citizens Political Action committee, out to work for the reelection of a Roosevelt-Wallace ticket and for the election of a "progressive Congress."

Chairman Edney Hillman and President Philip Murray of the CIO said they are committed to Wallace

PACIFIC—Tokyo reports new attacks Thursday on Guam by aircraft, warships.
CHINA—Chinese begin direct attack on Tengchung, Burma road control center.

2 Major Labor Strikes Exist Over Nation

By The Associated Press
The war labor board today was the center of attention involving two major labor disputes over wages.
One decision by the WLB caused a work stoppage of more than 6,000 war workers in 10 Chicago and Joliet, Ill., can manufacturing plants, while a board official's report placed a threat of a strike vote over a nation's glass plants employing some 35,000 AFL union members.
The employees in the can manufacturing plants, engaging 100 per cent in war work, left their jobs yesterday in protest against the sixth regional war labor board's decision granting them only a portion of their wage demands.
The work stoppage was described by Gordon H. Kelloog, vice president of the American can company as endangering the highly perishable pea and cherry packs this season. About 5,000 of the 6,300 who quit were left seven of the company's Chicago area plants. Other employees, members of the CIO United steel workers, halted work in

Famed 'Yoo-Hoo' General Awarded New Assignment

WASHINGTON, July 14 (AP)—The War Department announced today that Lt. Gen. Ben Lear has been assigned to command of the army ground forces, relieving Lt. Gen. Lesley J. McNair who has been given "an important overseas assignment."

McNair has commanded the ground forces since March, 1942. While on an inspection trip in North Africa in April, 1943, he was wounded by shell fragments. Lear assumed temporary command of ground forces at that time.

Lear, former commander of the Second Army, was assigned a year ago to the army group, a pool of general officers which is drawn upon for unspecified assignments.

Lear was born in Hamilton, Canada, on May 12, 1879. He came up from the ranks after enlisting in the First Colorado Infantry volunteers on May 1, 1898.

He is a veteran of much overseas service, having served in the Philippines, Cuba and other places. He was on the war department general staff in the First World War.

While commanding the Second Army, headquartered at Memphis, Tenn., in 1941, General Lear presided

O'Daniel Assails WPB Paper Official

WASHINGTON, July 14 (AP)—Sen. O'Daniel (D-Texas) assailed today as a "newspaper-reading lunatic" Arthur R. Treanor, director of the War Production Board printing and publishing division, in choosing a vice-presidential candidate and that "it's not going to be a cut-and-dried convention" pointed today to a lively time at next week's Chicago gathering.

NOT CUT-AND-DRIED: All Signs Beginning to Point Toward a Lively Convention

By The Associated Press
Predictions by Democratic leaders that "the boys will have a little fun" in choosing a vice-presidential candidate and that "it's not going to be a cut-and-dried convention" pointed today to a lively time at next week's Chicago gathering.

These forecasts, the first by Governor Robert E. Kerr of Oklahoma, the convention keynote, and the second by Mayor Edward J. Kelly of Chicago, came as politicians still awaited the expected pat on the back from the White House for Henry A. Wallace, who wants to be President Roosevelt's running mate again.

With time running out fast—the convention is to meet Wednesday and to ballot for the vice-presidential nomination one week from today—there were these other developments:

(1) Henry Ward, associate editor of the Paducah, Ky., Sun-Democrat and a close friend of Senator Alben Barkley, said that Barkley has approved a plan for his name to be presented for the job Wallace now holds and to be kept in nomination until a candidate is named.

(2) The CIO Political Action committee emerged at Washington into the National Citizens Political Action committee, out to work for the reelection of a Roosevelt-Wallace ticket and for the election of a "progressive Congress."

Chairman Edney Hillman and President Philip Murray of the CIO said they are committed to Wallace

"and we have no second choice," Hillman called Governor Thomas E. Dewey, Republican presidential nominee, "the spokesman for (Herbert) Hoover."

(3) Dewey declared in an Albany speech, "One of the big tasks of the next few years will be to bring government closer to the people and to bring the people closer to the practice of self-government." And, he said, "That we shall succeed in restoring government that is close to the people I have no doubt."

(4) Senator Harry S. Truman of Missouri reiterated at Kansas City that he does "not want the vice-presidency." Governor Kerr, who also has been mentioned as a possible choice, although not as frequently as Truman, said at Chicago that he is not a candidate.

(5) Senator Hatch (D-N.M.) said at Washington that he does not favor a clear-cut issue between Democrats and Republicans on foreign policy but that "I am afraid of no issue of a weak vaccination program, if both parties and their top men are afraid to take determined stands."

The Wallace followers had included both Barkley and Truman, along with Republicans on foreign policy but that "I am afraid of no issue of a weak vaccination program, if both parties and their top men are afraid to take determined stands."

Ladies, we have plenty of clothes the wire. Lewis Hardware.—Adv.

"How Long to Burn a City?"

LONDON, July 14 (AP)—Herbert Claiborne Bell, U. S. representative on the Allied War Crimes Commission, expressed belief today that the Germans would attempt to destroy occupied Europe before their defeat, as a preparatory measure for another war.

"That destruction will be beyond anything the world has ever seen," Bell told an interviewer.

He spoke after a German military broadcast saying that "Paris with 200 or 300 men carrying 50-pound sacks of incendiary

encompass the heart of our nation, we shall turn the fortress of Europe into a whirlpool sucking in all these destructive forces with a roar which will blot out everything except the call for blood," Bell asked bitterly:

"How long does it take to burn a city?"

"All the destruction they have done in four years to London is nothing to what they could do to Paris with 200 or 300 men carrying 50-pound sacks of incendiary

bottles, in four hours.

"I do believe they will attempt the destruction of the occupied part of Europe, their purpose being part of a systematic process of enslavement while they remain relatively strong. And write that in capital letters—STRONG."

Bell said he based his belief on what he saw happen to Poland while serving as minister to Hungary, and on the study of Nazi philosophy while he was in Portugal.

Glamor and Comfort Is the 'Net' Effect of Your Hair After Swim

WANDA MEADE: Looks lovely after a swim.

Glamorizing a head emerging from a swim as drizzly as a seal's is no mean trick but it's easily put across with hairnets. If you say "prove it," I can because I've learned the technique from fashion model Wanda Meade, who looks as glamorous after a dip as she does in a ball. The trick, she explains, is to use two coarse-fibered Dache nets of different colors to confine wet hair pushed up to the top of your head or done up in pin curls to dry. "Wrap one net around the back of your head and tie it in front," says Wanda, "just as you do when you confine awpeet hair. Over that net place another over soaked front hair, carrying the ends behind you and knotting at the back of the head. That done, Wanda sticks into her netted head a few artificial flowers fished out of her beach bag. Any kind of flowers will take the curse of a handaged head, but if you are a color schemer, you can follow her cue and use posies that repeat the two poster-bright shades of your nets.

Bingo Party Is Planned by Royal Neighbors Lodge

Royal Neighbors of America met this week in the Merten building with Oracle Edna King in charge of the business meeting. Plans were made for a Bingo party to be held in the home of Mrs. Ruth Kreis, 525 Hughes, July 18 at 8 p. m. An apron party was also planned for lodge members to be held at the Royal Neighbor hall, July 25. A rummage sale will be sponsored by the group on August 5. During the social meeting birthday gifts were presented to Gertrude Deatrage and Edna King. Attending the meeting were: Marion Chandler, Nellie Ford, Edna King, Edna M. Boone, Fouch, Iva Ward, Edith West, Gertrude Deatrage, Doris Thomas, Maxine Bennett, Ola Pay Emerson, Neva Matlock, Lillie Mae Timmons, Minnie Norman, Ruth Kreis, Wanda Macomb. Mr. and Mrs. E. E. Eljer of Green were visitors.

By RUTH MILLETT

There's a judge in Indianapolis I'd like to meet. Why? Well, I'd like to say "nice going" to him—if you can be that informal when talking to a judge. There are probably thousands of other mothers—bringing up small children they know are not angels, but certainly don't regard as "nice" who would tell him the same thing, perhaps a bit more elegantly.

Here's the story: A married couple who own an apartment house in Indianapolis brought suit against another couple who had been tenants for nine years on the grounds that the presence of the ten-year-old son violated the OPA nuisance regulation.

The judge ruled that the eight-month-old baby and his parents couldn't be ousted from their home and in doing so he said: "There is more at issue in this case than the matter directly before the court. There are thousands of wives of members of the armed services living in small homes in Indianapolis and in Marion county who have small children or who are awaiting the arrival of babies. Should they be put out of their homes because they have babies? This court does not believe this policy should be followed here and this court will not permit such tactics.

REMEMBER TO LANDLORDS

Indianapolis' uniformed fathers and fathers-to-be have one load off their minds now. They don't have to worry, while they are busy fighting a war, for fear their wives may be kicked out of their homes. If judges in other courts could come out just as emphatically with the stand that human beings aren't nuisances just because they aren't old enough to vote, fight a war, own an apartment house or have their own—thousands of other servicemen could rest easier in their minds. It might be well also to remind the landlords of the country that the boys who are fighting this war for them were "nuisances" only a few short years ago. But aren't we all thankful for them today—evident the landlords on whose walls some of them may once have left smudgy finger-prints?

Second South Texan Gets Highest Medal

WASHINGTON, July 14 — (AP) — The second South Texan to win within a period of four months the nation's supreme award—the Congressional Medal of Honor—is sharpshooter Sgt. James M. Logan of Lubbock.

Sgt. Logan received the medal for helping secure the beachhead at Salerno, Italy—first foothold of American forces on the European mainland.

The Congressional Medal was awarded posthumously in April to Seaman First Class Johnnie David Hutchins of Lissa, Tex., who died aboard a LST during the landing at Lae, New Guinea, in 1943.

The 23-year-old Logan was awarded the medal for killing three Germans with three shots, then killing a sniper after racing 200 yards across open terrain and breaking into a house. The medal is to be presented in a ceremony overseas.

'For All of Life' Is Studied When Methodists Meet

Members of the First Methodist W. S. C. S. met in homes of members Wednesday for their regular business meeting and for mission study of the book, "For All of Life."

Circle one met in the home of Mrs. J. E. Ward, 103 North West. Mrs. Dan Letch presided at the business meeting, and gave the devotional from "The World Outlook."

Hrs. Henry L. Jordan reviewed three chapters from the study book "For All of Life," and briefly sketched the last three which concluded the book. Also on the program were Mrs. John Hessey, Mrs. Ed Weiss and Mrs. Thurman Cline.

Mrs. H. E. Carlson closed the meeting with a prayer. Refreshments were served to 16 members and two guests. Mrs. W. H. Hubbard, and Mrs. Arthur Heltn.

Mrs. Fred Carey, 721 North Gray, was hostess to circle two. Mrs. H. McBeck opened the meeting with prayer. Mrs. Sherman White had charge of the business meeting, and Mrs. Joe Shelton gave the devotional. Her subject was "Master and Lord."

Mrs. Lee Harrah reviewed the first three chapters of the book of the lesson study, "For All of Life" and gave the high points of the last three chapters which concluded the book. Mrs. McBeck closed the meeting.

Refreshments were served to 15 members and two visitors. Mrs. Edwin Vickers and Mrs. Irwin Cole.

Circle three and four met with Mrs. J. E. Kirchner, 432 Hill. Mrs. J. K. Sweet gave the devotional, and Mrs. Kirchner reviewed the book, "For All of Life."

Refreshments were served to seven

Doughboys, Officers Will Honor 'Teddy'

By HAL BOYLE WITH AMERICAN TROOPS IN NORMANDY, July 14 — (AP) — Brig. Gen. Theodore Roosevelt, Jr., "Teddy" to his troops—will be honored tonight with full military honors in the land he twice fought to free from the Germans. (Main story on Page 1.)

Roosevelt, one of the most colorful and best loved generals in the Army, died from a heart attack late Wednesday night after an exhausting tour of the front which he made against his doctor's advice. He refused to rest despite the fact he had suffered a slight attack only four days before.

Lt. Gen. Omar N. Bradley, commander of the first Army, and Maj. Gen. Joseph Lawton Collins, commander of Cherbourg and commander of the U. S. Seventh Corps, and scores of doughboys will attend the burial ceremony in an American cemetery.

His son, Quentin, a captain in the first infantry division which his father once served as deputy commander, also will be present. The fourth division band will give a musical salute.

Gen. Roosevelt came ashore with the fourth division on invasion day under fire as assistant commander.

Circle five met in the home of Mrs. W. D. Waters, 1234 Christine. Mrs. L. N. Atchison gave the devotional, and Mrs. Walter Daugherty reviewed three chapters from the study book, "For All of Life."

Her subjects were grace of living, inspirational worship, and all of life for Christ.

Mrs. O. R. Terry dismissed the meeting. Refreshments were served to 12 members and one visitor, Mrs. Walter Purviance.

Slight Decrease in Vegetable Prices

HOUSTON, July 14. — (AP) — A slightly downward trend in fresh fruit and vegetable prices for the week July 13-19 was indicated in community maximum prices released by the Houston district OPA and effective Thursday in all Jefferson and Orange county stores.

Apples are down one cent per pound to 29 cents and plums will sell for not more than 21 cents. Watermelons are on the community maximum price chart for the first time at five cents the pound.

Retail prices have varied since the opening of watermelon season and indications are the new official ceiling will have little effect other than to insure against a repetition of last year's unprecedented prices of as high as eight cents, an OPA announcement said.

USO Camp Show To Play One-Day At Air Field

USO-Camp Show "It's A Pleasure" will play a one-day engagement at Pampa Army Air Base August 1.

This show is one of the many which are constantly on the road visiting every Army and Navy installation in the United States where facilities are available to put on an entertainment.

USO Camp Shows are that branch at the United States Organizations which supplies live entertainment to the armed forces both at home and abroad. It was established at the request of the military authorities in November, 1941. It is supported by the American people through the National War Fund.

Camp Shows have four main circuits: The Victory Circuit presenting full-size musicals and variety revues, dramas, and concerts at Army posts and Naval stations with theatres large enough to accommodate them; The Blue Circuit offering smaller companies where posts have limited theatre facilities; The Hospital Circuit which furnishes specialized entertainment in wards and auditoriums of all Army and Navy hospitals in the United States; and the Foxhole (Overseas) Circuit which takes shows to wherever our fighting forces are located.

Attendance at these shows is limited to the personnel of the post.

Yanks Are Thinking About Trip to Berlin

NEAR ST. LO, France, July 14 — (AP) — The Allied advance in Normandy has been slowed by hedgerows, natural obstacles which must be reduced one at a time if the enemy makes a determined defense. One officer jester:

"Our slogan is: the Russians in Paris, the British in Caen, and the Americans in St. Lo—by Christmas."

But once the Allies are out of the hedgerow country, many of the troops say, the Germans are going to need more than bicycles to get back to Berlin ahead of the Yanks.

Chanute Soldier Breaks Situp Mark

Lanky Pvt. Bill Harrell, former basic trainee at Sheppard field, is the new unofficial world's situp champion, having completed 6,666 situps in 7 hours and 15 minutes at Chanute field, Ill., authorities here have been informed.

Private Harrell, 18, whose home is in Nashville, Tenn., passed the former record held by Ed Spratt, stationed at Keiser field, Miss.

Harrell started with 100 situps at Sheppard field in May, and continued to practice nights in his barracks until he could do 2,000. Finally he reached that mark, and from there kept on soaring.

Fruits and Berries Are Home Canning Favorites This Year

The trend this year is to put up more fruits and berries than vegetables. That's because experience shows that good commercially canned fruits and berries cost more than home-canned, whereas commercially canned vegetables frequently cost less.

CANNED BERRIES (except strawberries) (X). Wash in drain well. For firm berries, add 1/2 cup sugar to each quart fruit, cover pan, bring to boil, and shake pan to keep from sticking. Pack hot; cover with hot liquid. Adjust lid. Process at 212 deg. F. for 15 minutes.

For raspberries and other soft berries, fill jars with raw fruit and shake down for a full pack. Cover with boiling syrup made with juice. Adjust lids. Process at 212 deg. F. for 20 minutes. To make syrup for berries and fruit; boil sugar and juice or water for 5 minutes. Remove scum.

SYRUP Thin—1 cup sugar, 2 cups water. Moderately thin—1 cup sugar, 2 cups water. Medium (for sour fruit)—1 cup sugar, 1 cup water.

BLACKBERRY AND RHUBARB JAM (about 10 glasses, 6 fluid ounces each). Four cups prepared fruit, 7 cups sugar, 1/2 bottle fruit pectin. To prepare fruit, crush completely about 1 quart fully ripe blackberries. Grind about 1 pound rhubarb; do not peel. Combine fruits. Measure sugar and prepared fruit into large kettle, mix well and bring to a full rolling boil over hottest fire. Stir constantly before and while boiling. Boil hard 1 minute. Remove from fire and stir in bottled fruit pectin. Stir and skim for 5 minutes. Pour quickly. Paraffin at once.

RASPBERRY JAM (School of Nutrition, Cornell University) (about 6 glasses, 8 fluid ounces each). Two cups chopped apples, including peel and cores, 2 quarts crushed raspberries, 5 1/2 cups sugar. Wash apples. Cut up fine and boil in water to float, until soft and mushy about 20 minutes. Press through bag. There should be 1 cup apple juice. Wash raspberries, drain and wash them. Add apple juice and sugar. Cook rapidly until mixture sheets from spoon, about 20 minutes. Turn into sterilized hot jars and seal.

CANNED CHERRIES (Water bath) (X). For pitted cherries, follow directions given above for firm berries. For cherries with pits, follow directions for firm berries but add a little water to prevent sticking. Process at 212 deg. F. for 15 minutes.

CANNED CHERRIES No. 11 (Water Bath). Place washed pitted cherries in sterilized, hot jars. Cover with boiling syrup made by boiling together 1 cup sugar and 2 1/2 cups water. Adjust lids. Process 20 minutes for pints, 25 minutes for quarts.

CHERRY AND GOOSEBERRY. Four cups prepared fruit, 2 cups sugar, 1/2 bottle fruit pectin. To prepare fruit, pit about 1 quart fully ripe sweet cherries. Add about 1 quart fully ripe gooseberries; crush thoroughly or grind. Measure sugar and prepared fruit into large kettle, mix well and bring to a full rolling boil over hottest fire. Stir constantly before and while boiling. Boil hard 1 minute. Remove from fire and stir in bottled fruit pectin. Stir and skim for 5 minutes. Pour quickly. Paraffin at once.

Market Briefs

NEW YORK WALL STREET
NEW YORK, July 13—(AP)—The stock market found the going a bit difficult today but selected issues made the grade under their own steam after leaders generally had tripped over early selling.

Losses ran to a point or more in the morning for steel and rails although even then scattered spots of resistance were present. Dealers, except for stable blocks of low-priced performers, divided as offerings were withdrawn in many cases. Toward the finish extreme reactions were reduced or cancelled and the plus ranks were fairly well populated. Turnover approximated 3,300,000 shares.

Contending the trend with more or less success were Studebaker, Willys-Overland, Goodyear, International Harvester, Bendis, Eastern Air Lines, American Airlines, American Telephone, Sears Roebuck and Curtis Publishing. Officers most of the time included U. S. Steel, Bethlehem, Chrysler, Western Union, A. T. & T., Texas Co., Radio Corp., De Font, Santa Fe, Southern Railway and Douglas Aircraft.

Thunderbolts in France Itching For Fight With Elusive Enemy

By Lieut. WILLIAM H. McCHESNEY
Writer for NEA Service
ADVANCE NINTH USAF BASE
IN FRANCE July 13—Fighting in France in the air, at least, hastened to a lot different from what most of us expected. We are getting all our opposition from the ground, not from the Luftwaffe. Even before the invasion started,

Republic Thunderbolts dare Luftwaffe to come up and fight.

I had been on 25 missions and I have yet to see a single German plane in the air. All I've seen of them is vapor trails.

Flak is something else. The Germans have small cannon and machine guns mounted on just about every vehicle. They throw up a lot of stuff. They have an advantage, too, because of the terrain. In Africa the ground was flat and you could strafe a convoy from almost any direction. Usually you went in at a 55-degree angle to the road and swung the plane's nose to spray a wide area.

But in France there are high trees along all the roads and you have to fly straight down the road to hit troop movements. The Germans know exactly where you're going to fly. So they just throw up a wall of fire and you've got a lot of tricks, too. Sometimes they leave trucks or tanks in ditches. They

look like they're disabled. But when you fly over them, hidden ack-ack guns open up on you. And they've got flak guns hidden in nearly all the wooded areas.

We're lucky to be flying Republic Thunderbolts (P-47s) because they seem made just for this sort of operation. They're really tough airplanes. They'll keep flying and fighting even with a lot of damage. One of our pilots came back with two 20-mm. cannon shells in his engine.

RUN LIKE RABBITS

There's nothing over there which will take on a Thunderbolt head-on. We've got too much fire power on them. But we have to be careful about tanks. They can hit us in ground strafing if we aren't careful. We have shot up roads so much that the Germans don't move on them much except at night. They also go through woods a lot. It's getting hard to find any targets.

It's funny. The last few days I've begun to think of the enemy as rabbits. Nearly ever ytime we see any enemy soldiers, they're running like the devil for the woods or ditches. I guess I'd be doing the same, but it certainly looks funny from the air.

We keep trying to catch a Jerry plane. Every time one of our flight leaders spots one we nearly leap off our kings trying to get him, but no luck.

Keeping Jerry from the sky like this certainly means a lot to our troops. It means they can move up right on the roads in the open day or night. And they certainly are moving up. Our boys on the ground are certainly doing a swell job.

ANTS TO MEET

CHICAGO, July 14—(AP)—The American Democratic national committee, an anti-administration organization, announced it would meet in Chicago during the time the Democratic national convention is in session here. The Democratic caucus opens next Wednesday.

Casualty Figures Compare With Total Of Last World War

WASHINGTON, July 14—(AP)—Announced American battle casualties in the present war are approaching the total casualties incurred in the First World War. Unreported results in the last three weeks of heavy fighting in France possibly have brought the total past the 1917-1918 mark.

A total of 157,028 Army casualties announced today by Acting War Secretary Patterson brought to 235,411 the overall total of officially announced casualties on the ground, in the air and at sea. The First World War's overall total was 278,628.

Today's announcement, however, contained "very few" casualties from the Normandy front and none of the heavy Navy losses on Saipan. Inclusion of 24,162 previously reported casualties in France, up to June 20, and the announced 15,053 casualties on Saipan bring this war's total to 274,626.

The overall Army-Navy total was an increase of 8,415 over a previous report covering the period through June 13. Army dead increased 1,218; the Navy 260.

The Army casualties announced today include 33,240 killed; 77,449

wounded; 38,142 missing and 38,197 prisoners.

The Navy list is composed of 20,362 killed; 14,127 wounded; 9,439 missing and 4,651 prisoners in 93 games for Los Angeles last season. He made five passed balls.

Corn Crop Slighted, 'Old Drive' Saved

LESTERVILLE, Mo., July 14—(AP)—"Old Drive," a 10-year-old dog, described by his owner, Jake Light, as "the best coon hound in Reynolds county," was freed last night from an Ozark mountain cave in which he was imprisoned for 10 days.

Rescuers chopped through the last foot of a 20-foot limestone bluff, and pulled "Old Drive" out of the hole as he whined gratefully. His sides were gaunt and his legs and feet swollen.

The dog slipped into a crevice during a raccoon hunt July 2 and dropped into the underground cavity. Neighbors with picks, drills and dynamite, worked 18 hours a day boring through the rugged hillside to reach the cave.

"We've neglected our corn crop maybe, but Old Drive was worth it," said Light, with tears in his eyes.

What about travel conditions?

Travel conditions are different than they were in pre-war days.

Let's look at the facts:

Throughout the land, tens of thousands of men and women of our armed forces are now traveling across the country by rail.

The families of our fighting troops are taking trips to "see the boys" before they shove off for overseas.

Executives and war workers of essential industries are traveling between various plants on important missions.

It all adds up to this: More passengers than ever before are crowding the trains on the Santa Fe.

We are required to handle this unprecedented volume of passenger traffic with practically the same equipment we had in 1941. Building new passenger equipment has not been permitted since Pearl Harbor.

Our government has issued instructions to the railroads under Interstate Commerce Commission Service Order No. 213, effective 12:01 am June 27, to displace or remove any passenger in any accommodation upon any train, in order to provide necessary space for sick or wounded service personnel, and their attendants, transported pursuant to a medical certificate. We hope there will be little of this.

We of the Santa Fe will do our best to carry all the passengers we can, as quickly and comfortably as we can, but we ask this before you plan a trip this summer:

Unless your trip is essential, can't you put it off until we have a little better opportunity to carry you in the traditional Santa Fe manner?

THAT OL' NORTON MAGIC

Joe D. Crawford, youthful hypnotist from Rolling Fork, Miss., came forward to offer his services to the Texas Aggies after Coach Homer Norton looked over his grid prospects and remarked that "our only hope of winning this coming season is by hypnosis." Crawford, who wants to play tackle, is shown trying his mystic powers on the coach himself.

Blue Jerseys Cost Less So Harvesters Wore That Color

It won't be longer than two months now before Athletic Director Otis Coffey's pigskin warriors of 1944 will be practicing again for the gridiron wars. They'll have better equipment, by far, despite war time curtailment, than was ever dreamed of back in the roaring 20s. R. C. Wilson, county auditor, and 1921 Harvester quarterback, says that back in those days the school furnished football pants only. Getting shoes, helmets, and jerseys was up to the players. This resulted in an odd lot of uniforms. Then the school got generous and bought jerseys, too. They were blue because getting this color was cheaper. The jerseys had white striped sleeves. Green and gold jerseys would have cost more. Occasionally, the town band, directed by the late Alex Schneider Sr., played at the games. DeLea Vickers was one of the bandsmen. Pampa High school students held pep rallies then before games, but there was no organized cheering at the contests. "The fans yelled as the spirit moved and groaned likewise," says Wilson. In those days, when Pampa had less than 1,000 population, the football field was in The Flats. Rides Was Treat On the days of the games, Pampa High school football players got a special privilege. They rode to the field in a school bus. On other days, they had to walk. The Model T Ford was the favorite conveyance for the fans, but there was a scattering of Essexes, Stephens, Chalmers, Buicks and Dodges. Some of the boys were granted the loan of the family automobile for the game, a rare treat in those days when parental control was stronger than now. There were no pennants at the games but fans let it be known by crepe paper or ribbon arm bands or handbans, which team they favored. In those happy days, there was no conference after each play. The gridsters called signals from position. This, says the former quarterback, is the most noticeable difference in the play of the 20s and today. Pampa High school had no season schedule until 1920. In that year, the Harvesters won two games out of seven. Early day opponents were

Wilson's charts, graphs, and debit and credit now for R. C. Wilson, above, but time was when he was field general of the Harvesters as quarterback of the high school eleven back in the torrid 20s.

Tigers Mangle Chicago, 9-1

By JACK HAND
Assorted Press Sports Writer
Can Ted Williams, Joe Dimaggio, Bobby Feller, Johnny Vandermeer and scores of big leaguers in service pick up where they left off when they come marching home from war? The question that has puzzled club owners and fans alike was partially answered yesterday when Dick Wakefield, recently "detached" from the Navy's Iowa pre-draft school stepped into a Detroit uniform and banded out two hits in the Tigers' 9-1 slaughter of Chicago.

Judging from first day impressions, it may not be so tough for the stars to resume their careers. The \$52,000 dandy has been away from the big show for only half a year after hitting .316 and leading the league in total hits and doubles at a rock. Others making a more violent change may find the readjustment more difficult. Wakefield's two hits helped the Tigers rout Orval Grove with an eight-run spurt in the second as Paul (Dizzy) Trout coasted to his 11th win. St. Louis held its 2 1/2-game margin in the American flag race by scoring three times in the 10th for a 4-1 victory in the second game after bowing to Cleveland, 6-5, in the opener of a two-night doubleheader. Chief Reynolds won and Al Smith lost for Cleveland, with Nels Potter getting the St. Louis victory and Sig Jakucki the defeat.

The Brooklyn Tigers are busy denying reports that All-American Creighton Miller has signed to play with them, arising from the fact that Miller has been visiting the night spots with Capt. Dan Topping and that Dan is losing a press luncheon Monday. But it is a cinch he will sign eventually. . . . As a result of Tuesday's clotting, the National League all-stars finally have a better batting average than the Americans. Over a 12-game stretch, the Nationals have hit .258 and the Junior League's .256.

THEM'S FIGHTIN' WORDS
When Joe Nuxhall, the Reds' 15-year-old pitching farmhand, stormed off the mound after an unsuccessful debut at Birmingham, a veteran fan remarked: "He acted just like a child."

SERVICE DEPT.
Organization of a third air force football team is under way at Morris field, Charlotte, N. C. It will be in a class with the second air force team from Colorado Springs and some of the tough Navy clubs it has scheduled. While operating the sound truck at a recent Camp Ellis, Ill., baseball game, Pvt. Harry Schmale realized many a GI's wish. A hurry call came in and Schmale followed over the sound system: "Col. Stoke, report to the announcer immediately."

Had Lucky Seat

Pretty Jeanne Crain, above, had a lucky seat when she went to see a play in Los Angeles. It was directly behind screen talent scout Ivan Kahn. He turned around, saw Jeanne—and now she's a sure-enough Hollywood star.

Biggest Propeller Now in Production

INDIANAPOLIS, July 14—(P)—Edward F. Thiels, manager of the Curtis-Wright Corporation's propeller division, disclosed Thursday the Indianapolis plant had started assembling a four-blade hollow steel propeller for use on a large four-engine land plane. The propeller is the largest in quantity production in this country. The blades of the new propeller are 16 feet, 9 inches from tip to tip. The propellers are designed to absorb about 3,000 H. P. each.

Sports Roundup

By HUGH FULLERTON, JR.
NEW YORK, July 14—(P)—One objection to Jack Zeller's latest proposal of moving baseball players up on the big leagues only through the draft route might be that it isn't quite legal. . . . That's a touchy subject in sports when club owners long have protected their interests through a sort of "job freighting." But this corner recently cooked up an idea for dealing with high school and college kids through a system akin to the pro football "draft" (it sounded swell, too) only to hear from some wise baseball men that it infringed the player's rights and never would stand a legal test. Zeller, incidentally, suggested the same sort of thing in connection with his newest anti-farm move and from here it appears that the two proposals will come under the same general heading.

ONE-MINUTE SPORTS PAGE

The Brooklyn Tigers are busy denying reports that All-American Creighton Miller has signed to play with them, arising from the fact that Miller has been visiting the night spots with Capt. Dan Topping and that Dan is losing a press luncheon Monday. But it is a cinch he will sign eventually. . . . As a result of Tuesday's clotting, the National League all-stars finally have a better batting average than the Americans. Over a 12-game stretch, the Nationals have hit .258 and the Junior League's .256.

THEM'S FIGHTIN' WORDS

Pampa Nine Plays Amarilloans Sunday

Toughest competition of the season will face the Pampa Oilers Sunday when they cross bats with the strong Amarillo Bombers in an out-of-town game at the Orange Camp Luna, N. M. team to a 2-1 score in a 16-inning game, Luna coming out the winner. Sunday will start at 3 p.m. and will be played at Roadrunner park. On the mound for the Oilers will be Bob (Ballon Ball) Hoyer, Bailey, Arly Stephens as his battery mate. Rest of the Oilers players will be Mangel, s; Ridgeway, 2b; Arrington, 1b; Fulemwidler, cf; Hogan, 1b; Stevenson, 3b; and Cook, cf. A game had been slated for 6 p.m. Wednesday with the Pampa Oilers but was called off on account of wet grounds. There is a possibility that the same will be played next Wednesday.

Traffic Fatalities In Texas Increase

AUSTIN, July 14—(P)—Traffic fatalities continue on the increase in Texas, the state department of public safety reports. In the first five months of 1944 151 persons were killed compared with 128 last year in the same period. The report was through May. In that month a year ago, 24 persons were killed compared with 25 in May this year.

BACK THE FIFTH

NOVA VS. OMA TONIGHT

DETROIT, July 14—(P)—Lou Nova, boasting a 14-light winning streak in his comeback campaign, tackles Leo Oma tonight in a ten-round heavyweight bout at Olympia stadium. Nova is a slight favorite over the former Detroit star who has met with good success in eastern rings. **BACK THE FIFTH**
COTTON PRICE CONTROL CANCELED
MEXICO CITY, July 14—(P)—Deeres fixing the price of unprocessed cotton in Mexico were canceled yesterday by order of President Avila Camacho. Growers in the area south of Brownsville, Texas, had objected to the ceiling prices.

Gripplugs MP As Coming Heavyweight

PITTSBURGH, July 14—(P)—Jimmy Gripplu, who manages fight business and practices "hexing" and ledgerism as a hobby, believes he is going to pull a heavyweight champion out of the hat by the time this war is over—and a corporal of the military police at that. "If I could close my contract for our bout with Joe Louis we'd have it right away," the bushy-haired hypnotist-magician said today. "But the army won't let Louis fight." Party of the second part in the conversation was Melio Bettina, one-time holder of the New York crown and today rated fifth among the heavyweights by the National Boxing association.

BACK THE FIFTH

NAZIS GET SPOILS

ALGIERS, July 14—(P)—A letter from a French prisoner to relatives in Algiers states that Germany is forcing some Allied war prisoners to share their parcels of clothing and foodstuffs with German needy. The letter has been turned over to Henri Frenay, French commissioner for war prisoners, who plans to register a complaint with the Swiss government. France's protecting power inside Germany.

New Mexican Wins Steer Tagging At Calgary Stampede

CALGARY, Alta., July 14—(P)—(Canadian Press)—Homer Pettigrew, Springer, N. M., equaled the world's record for steer decorating at the Calgary exhibition and stampede today as he tagged his steer in 3-15 seconds. In the North American saddle bronco riding competition, Louis Brooks, Pittsburgh, Okla., world's champion all-round cowboy, captured the top day money, followed closely by Jerry Ambler, Klamath Falls, Ore., and Bill Hancock, Roswell, N. M. Brooks was second to Pettigrew in the steer decorating with a time of five seconds.

BACK THE FIFTH

SOX HURLER TO RETURN

CHICAGO, July 14—(P)—Thornton (Lefty) Lee, White Sox pitcher, whose services for the season were believed ended Sunday when he suffered a break in his left forearm when hit by a line drive, says he will be back in uniform in a couple of weeks and will be ready for mound duty early in August. The big southerner, one of the Sox lefties, said an examination disclosed that the break involved a small bone and that the injury has not impeded the movement of his elbow or fingers. Do away with Red Tape, Boards, Bureaus and Regulations—Vote for **LAMARR BAILEY FOR CONGRESS** (Political Advertisement)

Esquire Sponsors All-American Boys' Baseball Classic

First annual event of its kind, the All-American boys' baseball game, sponsored by Esquire in conjunction with 28 newspapers, will be played at the Polo grounds in New York on August 7. The game will be between two teen-age boys' teams, one managed by Connie Mack, the other by Mel Ott, and made up of outstanding boy ballplayers from all over the country. Held for the benefit of the national committee of physical fitness, the game will directly assist the committee's project for living war memorials. If the committee has its way, it will become a general practice across the country to erect memorial playgrounds, swimming pools, baseball diamonds, gymnasiums, and football stadiums. Instead of what Esquire terms "goshawful statue in the public park, in memory of heroes of this war."

TENTH MOVES EAST

KANDY, CEYLON, July 14—(P)—Then Tenth U. S. Air Force has moved its headquarters from Calcutta to Assam in northeast India. It now is operating as a distinct unit with the Eastern Air Command.

Brethren Lead In Boys' Junior Softball League

Brethren-Nazarene and Presbyterian top the boys' junior and senior softball leagues respectively, in the list of standings for the period ending July 13, announced today by Commissioner Huey W. Laycock. Each team has played five games and won all of them for a 100 percent record. The boys' junior leaders kept their record clear yesterday with a 16 to 9 win over Calvary Baptist. Holy Souls Crusaders lost by a four-run margin, 13 to 9, in the boys' senior loop. Incidentally, all games carded last night were played, the first time this has happened. Tonight, the Harrah Dodgers tangle with the boys' junior loop leaders while First Methodist and First Baptist will vie in the boys' senior circuit. No girls league games are slated. No reports were received by the commissioner to make possible listing standings in the feminine loop.

BACK THE FIFTH

TRIAL GAME AT DALLAS

DALLAS, July 14—(P)—The triangular baseball game idea approved to Dallas tomorrow night when Karlen Brothers, Wyatt Metal and Lockheed Aircraft try the new plan. Each team will bat three times and field three times against the others in the unique nine-inning game. **BACK THE FIFTH**
Six players who batted over 300 in the International League last season are playing in the majors this year. **Vote for BRUCE L. PARKER** for your County Attorney. He has been here long enough to know the problems which face the county attorney, and has the ability to handle. Elect a man of proven ability. (Political Advertisement)

IC-4A ELECTS OFFICERS

NEW YORK, July 14—(P)—Earl R. Yeomans of Temple was elected president of the Intercollegiate Association of Amateur Athletes of America at an executive committee here yesterday. Ogen D. Miller of Yale was named vice-president, and Asa S. Bushnell, former Princeton director of athletics, secretary-treasurer. **BACK THE FIFTH**

THE OLD JUDGE SAYS...

"Judge, I've had a lot of calls for that book you took out last week. . . . Tell the 'Boys Back Home.' How did you like it?" "Fine, Sarah, fine. . . . it's just the kind of book I like to get hold of. . . . I enjoyed every word of it. Wish I could have been along with the author myself. . . . actually living with the man right on the fighting fronts. He got mighty close to them and they certainly opened up their minds and their hearts to him." "There were lots of new things in the book I hadn't seen in any other reports from front-line writers. But there was one question the man asked the author that I have seen time and time again in these stories. That was 'Are you going to put prohibition over on our soldiers again. . . . and without getting our votes?' I noticed that, too, Judge, and I think the least we can do for those fighting men who are doing so much for us is to respect their wishes on that subject."

Steps Taken To Harness Polio

Health officers in southern states took new steps this week to prevent spread of an infantile paralysis outbreak centered in North Carolina where 770 cases and 18 deaths have been reported.

In Kentucky eight reported new cases brought the state's total to 129, with four deaths.

Georgia's health officers, returning from a conference in Raleigh, N. C. ordered a 21-day quarantine at home for all Georgia children returning from North Carolina epidemic areas. They also ruled that permission to return must be granted by health departments of both states. Nine polio cases have been reported in Georgia.

Baptists, Methodist, and Presbyterians were advised against attending their summer retreats in North Carolina.

More than 100 volunteer Red Cross nurses from every southeastern state have gone into North Carolina to man emergency hospital centers in the Piedmont and upper Piedmont sections where outbreaks is heaviest.

Cases reported in other southern states are: Mississippi, 27; Virginia, 28; Louisiana, 28; Alabama, 9; Florida, 13; South Carolina 16.

BACK THE FIFTH

County singers will meet at the McCullough Methodist church Sunday afternoon at 2:30 for their regular meeting. Committees will be appointed and arrangements will be made concerning the four-county fifth Sunday singing in Pampa July 29-30. Everyone is invited to bring their song books and attend.

Memorial Services For Ens. B. A. Davis To Be Held Sunday

ENS. B. A. DAVIS

Memorial services for Ens. Bonner A. Davis, 21, son of Mrs. Gladys K. Davis, 415 N. Gray, who was killed in a plane crash at sea in the Pacific are May 23, will be conducted at 11 a. m. Sunday at the First Baptist church here.

He was born at Running Water, March 21, 1923, and moved to Pampa with his parents when he was 5. Ensign Davis was graduated from Mason High in Michigan in 1940, after which he attended WSTC at Canyon for two years.

Enlisting in the USNR Aug. 8, 1942, he didn't leave Pampa until Dec. 18, 1942. He received his wings at Pensacola, Fla., Sept. 29, 1943, and was commissioned an ensign. Before enlisting in the USNR, he was employed by the Cabot shops.

Ensign Davis is survived by his mother, four sisters, Mrs. T. J. Watt, Mrs. Cecil Collum, Margaret and Grace Davis, and two brothers, Billy Jack and Jerry Clark. He is buried in the First Baptist church in Pampa.

Mrs. A. L. Prigmore, Mrs. Rufe Jordan, and Mrs. R. W. Tucker will arrange flowers for the service.

BACK THE FIFTH

Services on Sunday For Mrs. Nora Cooper

Funeral services for Mrs. Nora L. Cooper, 55, native of Lipcomb county, who died Tuesday at her home in Miami, will be conducted at 3 p. m. Sunday at the Home Baptist church by the Rev. Russell West, pastor of the Church of the Brethren in Pampa. Burial will be in the Miami cemetery.

Mrs. Cooper was a member of the Church of the Brethren here. The funeral is being held at the Baptist church in Miami since there is no Brethren church in the Roberts county capital.

pallbearers will be Ralph Converse, Zeke Simpson, Herman Jones, Amos Harris, Cecil Hubbard, Charlie Ellington and C. P. (Doc) Persley.

Arrangements are by Duenkel-Carmichael Funeral home Pampa.

BACK THE FIFTH

GOVERNOR

(Continued From Page One)

Henry, I had no knowledge of any deposit of money in Escrow to be paid to an attorney when clemency was granted. I am now informed that such deposit had been made and that the sum deposited was \$2,000. I am further informed that Claud Henry had knowledge of the transaction and his failure to disclose the arrangements made during the concealment of a material fact.

"I have made considerable investigation of the matter. There is no evidence that the money was improperly used or that it had any influence whatever on the board of pardons and paroles in recommending clemency. The sum involved, however, is a very considerable one and is sufficient to furnish a basis for rumors which undermine the integrity of the parole system. These rumors are current among other convicts in the penitentiary. The effect of such rumors is to cause many convicts to believe that it is necessary to have money in order to be considered for clemency. I desire to dispel such belief in the most emphatic terms.

"Our parole system is based on the merit of the individual. Credit is given to a convict for good behavior and for good work. Fair and impartial investigations are made by the board of pardons and paroles and a record is kept of every individual case which discloses the progress made in earning clemency. When the time arrives, each case is given thorough consideration. When clemency is extended, the recipient is required to report to the parole board in some county, which said board is composed of good men who are serving without pay and because of a desire to lend every assistance to the parolee in an effort to rehabilitate him and to make him a good member of society.

"When it is discovered that a large fee has been paid in an effort to secure the benefits of clemency, it is demoralizing to the entire parole system. It is evidence to my mind that the convict who attempts to secure benefits by money, which would not otherwise be extended to him, is not rehabilitated sufficiently to be trusted loose on society. His viewpoint in that respect is all wrong. He sets a bad example before other inmates and accomplishes nothing in his favor.

"I cannot allow the circumstances of this case to go unnoticed. Claud Henry should return to the penitentiary and remain there until he learns that the good record he makes is the only basis for consideration of clemency in his case. That record is measured by his good behavior, good work, and his mental attitude toward his responsibilities as a member of society.

The proclamation was concluded with an order directing Henry's return to the penitentiary to serve the balance of his sentence.

AMERICANS

(Continued From Page 1)

Wino, the Russians drove to within 28 miles of Kaunas, former capital of the Lithuanian republic.

Besides announcing the abandonment of Pinak, today's German communiqué reported a withdrawal in the Old Polish sector west of Luck, which lies 110 mile south southwest of Pinak. Berlin broadcast said the Russians had penetrated to an area east of Luck, 45 miles from East Prussia, but had been driven out. The Russians said they were 18 miles from the rail center.

In Italy, American forces captured an Italian town, southeast of Livorno and drove on two miles through San Luce, almost due east of the port city. On the American right wing French troops, in a two mile battle, captured the town of San Gimignano and La Caserte.

Britain-based bombers renewed assaults on the continent and Berlin reported another big attack from the Luftwaffe.

built up by the Japanese as the principal fortress guarding the southern approaches to Japan. The island lent itself well to defense, and elaborate fortifications manned by picked Japanese troops testified to the importance which the enemy attached to the island. The seizure of Saipan constitutes a major breach in the Japanese line of inner defenses.

Saipan is a thousand miles closer to Japan than Pearl Harbor is to California.

Troops mopping up the island also captured Maniagassa Island, lying in Saipan's important Tanapag harbor. They oulled 16,000 Japanese and had many more to inter. More prisoners were taken.

Japanese driving down the Hankow-Canton railway again encircled Hengyang, resuming the siege three days after the Chinese broke it July 7. The bombed, blasted city still held out but the enemy apparently was putting increased aerial pressure into the offensive to slice China in two.

Tokyo radio said its fliers were using airfields at Changsha and Hengyang, forcing U. S. airmen to withdraw to bases 600 miles away.

The Japanese broadcast that its planes destroyed 69 aircraft in a raid on a U. S. base at Kwelin 180 miles southwest of Hengyang. The 14th U. S. air force countered these unconfirmed raids by slashing at extended enemy supply lines.

Chinese driving toward a junction with Allied forces in Burma all but surrounded Tengchung in Yunnan Province and began a direct attack on the walled city. Tengchung gives the Japanese control of the China end of the Burma road.

Ensign Boston was in training at Tulane University, New Orleans, before going to Harvard. He is at home in Shamrock.

Speaker Cites Value Raw Cotton Export

DALLAS, July 14.—Export of the raw product is the lifeblood of the cotton industry, declared Major Burris C. Jackson of Hillboro, in opening the fifth annual Cotton Research Congress here Thursday.

Without exports, he added, there is no hope of maintaining cotton as one of the nation's major industries. Jackson is chairman of the statewide cotton committee of Texas sponsors of the congress.

The program for the three half-day sessions is keyed to the general theme, "How cotton can meet today's challenge." Each session will deal with an individual phase.

James D. Prewit, acting director of the Texas Extension service at the opening session, and two farmers, W. Claude Terry of Dallas county, and F. O. Masten of Cochran county, spoke on methods of reducing costs in growing cotton. H. F. Smith of the Texas Agricultural Experiment station, discussed the use of mechanical equipment for chopping, dusting, stripping and picking.

Dr. H. G. Johnston, entomologist for the Texas Extension service, speaking on the value of insect control, said that insect pests alone cause an annual loss from full yield in Texas of a little more than 900,000 bales of lint cotton, and that there is a corresponding loss of cottonseed amounting to about 452,180 tons.
