Crack Dixie Flyer Wrecked, At Least 25 Are Killed

Pro-Roosevelt Forces Strive To Unify Rank

DALLAS, Sept. 14.—Pro-Roosevelt democrats firmly in control of the party's state machinery, set out today on a course they hoped would bring Texas solidly into the Roosevelt-Truman column next November.

Behind them was a victory over anti-fourth term elements within the party, won at a bitter two-day convention, and before them was a possible court battle, the final showdown in a presidential election contest, which has boiled since May.

Their convention victory featured uproarious approval of resolutions and reports seeking to purge anti-Roosevelt elements, electing all party candidates and participants to stick by party standard bearers, praising the Roosevelt administration, and naming a pro-Roosevelt personnel for the party's executive committee.

The convention directed that the secretary of state expunge the list of electors filed by the anti-Roosevelt controlled May 23 convention and substitute for it a group of new electors including seven of the original electors who had announced they would vote for Roosevelt and Truman.

The action of those dropped was characterized in a committee report as "defiant and contemptible."

"I can understand people being against Roosevelt if they want to be. But I can't understand why they are against him, they don't join the republicans or organize a Byrd party," shouted former gov-

Gray War Chest Committee Turns Down 1944 Quota

A committee from the executive committee of the Gray county community and war chest refused to accept the 1944 quota allotted the county this morning at a meeting of the committee.

Hended by J. W. Garman, chairman of the executive committee, the group composed of E. J. Dunigan Jr., Jack Hanna, Ernest Hanna, and Arthur M. Teed left Pampa at 7 a. m. this morning to attend the meeting.

The Gray county representatives objected strenuously to the alleged practice of allowing a few of the larger communities of Texas from not being figured in with the smaller counties, due to the fact that the largest community chest cities have a separate quota, some of which were reduced as much as 15 percent. The Pampa group objected to the method of arriving at the quotas. They advocated that quotas be based on a formula comparable with the war bond quotas which are worked out by the government representatives after a scientific study of the financial ability of each community.

Wayland D. Townner, of Austin, secretary and general manager of the united war chest of Texas, advised the Pampa group that a state committee had set the various quotas and that there was no one, no group, that could alter the figures set by the state committee.

Gracie Reporting

By GRACIE ALLEN
LOS ANGELES—These presidential election polls certainly are confusing. First a poll comes out that says Dewey will absolutely win. Then they bring out a poll that says Roosevelt will absolutely win. My goodness, what if we wind up with the Roosevelts and Deweys both in the White house?

On second thought that's a very nice picture—the two families sitting around the fireplace and chatting. No, I guess the Deweys don't exactly care for fireside chats. But it might work out, anyway. The men folks could take turns running the country and the women folks could take turns running the house. Of course, Mrs. Dewey might get a little upset the first time Mrs. Roosevelt telephoned to say she would be three months late for dinner.

Daring Raids on Philippines Continue, Chinese Make Gain

EAGER TO POKe ITS NOSE INTO TROUBLE

Here is the first photo of North America's new B-25 Mitchell bomber, with its deadly nose packed with eight .50-caliber machine guns. This new model also carries six more forward weapons, plus two each in waist and tail turrets, making it the most heavily armed battle plane in the world. And that's not counting the deadly load of bombs.

Objectives of War With Japs Are Expected Soon

Oliver Turner of Miami Loses Life in France Action

MIAMI, Sept. 14.—Oliver Turner, a Miami high school graduate of the class of 1939, was killed in action in France August 10, it was reported here today.

The message of his death was received by his parents, Mr. and Mrs. H. L. Turner, 211 N. Purviance.

A veteran of the fighting in North Africa and Sicily, he had been stationed in England for some time prior to the invasion of France on June 6.

Former Resident Dies in Accident

Cpl. Delmer L. Stump, U. S. Marines, was killed in an accident at Oceanview, Cal., September 11, according to a telegram received by his wife, the former Miss Jean Mitchell of Borger.

Harvesting Delayed In Places by Rains

AUSTIN, Sept. 14.—Harvesting operations were delayed in many areas by additional rains, although conditions generally favored later maturing crops, range and pasture grasses, the United States department of agriculture reported today.

Additional Tire Allotment Made

WASHINGTON, Sept. 14.—An immediate additional allotment of 1,000 passenger tires and 1,000 small truck tires for the Lubbock and Panhandle areas of Texas was sought today by Rep. Mahon (D-Texas) in a conference with OPA officials.

German Prisoner Escapes From War Camp at McLean

F. B. I. authorities in Amarillo today reported the escape of a German prisoner, Gunter Arndt, from the McLean prison camp.

Arndt was missing from the camp this morning when officials made their regular 8 o'clock checkup. Police had no information concerning his escape or his whereabouts.

Joy-Riders Use Car, Leave It Undamaged

Patrolman Forest Ritter of the city police department is a fast worker and gets quick results, according to George Taylor, owner of a service station on West Foster.

He Did Not Know About the King

MOSCOW, Sept. 14.—What's going to happen to King Mihai of Romania?

Your Carrier Is Younger Now, Help Him in His Duties

Your Pampa News carrier operates on the "little merchant plan," that is, he buys his papers at a wholesale rate and retails them to his subscribers. The difference between these two rates is his profit.

'What's Buzzin'' To Be Enacted Oct. 3

Headlining the cast of entertainers in the USO camp show, "What's Buzzin'", a musical variety show slated to make its appearance before Pampa army air field military personnel on Oct. 3, is Robert Ramon, former member of the world-famous Corps de Ballet of the Radio City Music Hall.

200 Nip Planes Are Shot Down In 1-Day Foray

By LEONARD MILLIMAN
Associated Press War Editor
Smashing American carrier plane raids on the central Philippines which cost the Japanese 200 aircraft Monday, have continued for three consecutive days, Manila radio reported today.

Turkey Growers Urged to Hury Job

WASHINGTON, Sept. 14.—The army's quartermaster general sent out an urgent call today for turkey growers and processors to hurry up their deliveries.

War in Brief

Western Front—Americans on offensive from Maastricht to Nancy: Deep new gains expected; new Netherlands invasion may flank Aachen; Germans report Third Army plume carries to Meuse river between the Moselle and Rhine; assault on Belfort gateway nears with capture of Villersexel.

Great Atlantic Hurricane Ripping Communications

WILMINGTON, N. C., Sept. 14.—A great Atlantic hurricane, described as one of the most dangerous in recent years, veered northward today after menacing the North Carolina coast, and roared past Cape Hatteras.

Commission Meets In Regular Session

General bills amounting to \$7,986.29 were brought before the city council meeting Tuesday along with library bills amounting to \$46.00.

Most of Dead Reported To Be Soldiers

TERRE HAUTE, Ind., Sept. 14.—At least 25 persons were killed and about 85 injured early today in the collision of two Chicago and Eastern Illinois railroad passenger trains near here.

City of 160,000 In Allied Vise

By DWIGHT PITKIN
Associated Press War Editor
Powerful American armies invading Germany have captured several more German towns in the sector near occupied Rotgen beyond the Belgian frontier, it was announced at supreme allied headquarters today.

Skellytown Man Is Killed After 73 Air Missions

WHITE DEER, Sept. 14.—Mr. and Mrs. C. A. Austin of Skellytown have received the official announcement that their son, Capt. C. A. Austin, Jr., previously reported missing, was killed in action in the European theater of operations July 4.

Casualty Figure Reaches 389,125

WASHINGTON, Sept. 14.—Officially a announced casualty figures among the United States fighting forces have reached a total of 389,125.

Foreign Concerns Indicted by U. S.

SAN FRANCISCO, Sept. 14.—A federal grand jury today indicted several British and German-owned companies, charging they monopolized the world supply of Borax—strategic war chemical—in a cartel described by government attorneys as one of the most ruthless and complete in anti-trust division annals.

WAR CHEST

(Continued from page 1)

out that its war bond quota of \$1,242,720 is only 18.8 per cent of the Potter county quota of \$6,585,000, while the war chest quota is about 33 per cent of the Potter county war chest quota. The Amarillo and Potter county war chest quotas for 1944 is about \$11,000 less than last year in spite of the fact that Gray county and other Panhandle war chest officials had complained last year that Amarillo and Potter county were not paying in proper proportions to the rest of the Panhandle.

Amarillo was one of about a dozen Texas cities not considered with the regular run of counties in setting the county quotas. Their quota was set with a group of larger cities in Texas.

"Our organization is ready and eager to do our fair share and expect to do our part, but we are not going to continue raising more than our fair share," J. W. Garman, chairman of the executive committee said today.

Garman expressed appreciation to the workers of Gray county who did such a "remarkable job in making a success of the war chest drive last year" and solicited their continued cooperation in the campaign this year.

WRECK

(Continued From Page One)

were thrown out along the tracks and some were caught beneath other cars. Most of the soldiers and civilians were asleep at the time of the crash.

Through the wreckage and alongside the tracks lay Purple Heart decorations and Air Medals. Baggage of the soldiers and civilians was strewn for a hundred yards.

For several hours after the collision, which occurred at 2:20 a. m. (Central War Time) on a single track three miles northeast of here, there were conflicting reports on the number of dead and injured. The fog lay heavy over the scene and bodies were scattered hither and yon.

The 16-car Dixie Flyer, enroute to Miami, Fla., had left Chicago at 10:15 p. m. Only passengers carried by the train were railroad employes. Both trains were moving at the time of the collision.

Only one of the dead was identified early in the morning. He was Lewis Rouse of Evansville, Ind., fireman on the Dixie Flyer. His body was pinned in the cab of the locomotive and it took several hours to extricate it.

Nation Sets Record In Oil Production

NEW YORK, Sept. 14.—The nation's oil wells produced more crude oil last week than ever before in history, averaging 4,684,400 barrels daily, the American Petroleum Institute report shows.

The daily average for the week ended Sept. 9 was up 31,750 barrels from the preceding week and compared with an average of 4,353,930 barrels daily a year ago.

At the week's end gasoline stocks aggregated 79,575,000 barrels against 79,321,000 a week and 71,012,900 a year ago. Gasoline production was 14,062,000 barrels compared with 14,265,000 the week before.

Heavy oil stocks rose 859,000 barrels to 80,725,000. Heavy oil output at 2,999,000 barrels compared with 2,893,000 the week before and 2,490,000 a year earlier. Light fuel production at 4,440,000 barrels compared with 4,694,000 the previous week and 4,049,000 a year ago.

Refinery operations at 93.4 per cent of capacity indicated 4,841,000 barrels of crude oil were run to stills daily. The week before operations were at 92.6 per cent for a crude run of 4,592,000 barrels daily. A year ago refineries averaged 4,225,000 barrels daily.

OUR MEN IN SERVICE

The Pampa News encourages postcards and letters on men and women in service. Identity subject and write plainly, so we can get you up on it.

HOME ON FURLOUGH

Pvt. Ed Myatt of the army airway communication system, Selfridge Field, Detroit, and Mrs. Ed Myatt and daughter, Marilyn, have been visiting friends and relatives here for the past week.

GRADUATES

MIAMI—Lt. Wallace Locke is home after having graduated at Freeman Field, Seymour, Ind. On his return he will take transition training at Columbus, Ohio.

VISITING

MIAMI—Soldiers home recently were: Sgt. Mark Arrington, Fort Sill; T. Sgt. Walter Coffey, North Fort Lewis, Washington; Sgt. Dale Kent, and Pvt. Leland Ethel, Okla. A and M.

TEXANS-IN-BRITAIN CLUB

From "somewhere in Britain" comes word that Cpl. Glen H. Day, son of Mr. and Mrs. Alvin A. Day, 817 N. Russell, is a charter member of the Texans-in-Britain club formed at the air service command depot.

Scores of men and women from Texas are assigned to this depot and are a member of this club. They meet periodically to exchange news from home, sing the songs of their range and plan for reunions after the war.

"SOMEWHERE IN ENGLAND"

Cpl. Rex Bradford, son of Mr. and Mrs. Denzil E. Bradford of 206 W. Brown, has been assigned to an air service command depot "somewhere in England." He and a score of others are helping to keep our fighters and bombers flying over western Europe in support of our advancing armies.

Cpl. Bradford, graduate of Pampa High, was employed as a mail clerk by the Pampa post office.

IN HOSPITAL

Mr. and Mrs. J. W. Crivler of 422 N. Ogley, received word this week for the first time in five months that their son, Jerry Crivler, Seaman 2 C, is in a naval hospital "somewhere in the Pacific."

Crivler attended Pampa schools before joining the navy.

Romania Ready To Work for Freedom, Says Peace Head

By DANIEL DE LUCE

MOSCOW, Sept. 14.—The chief Romanian peace delegate, Lucretia Patrascanu, declared yesterday that his country was ready to renounce all its manpower "to protect the war for liberty from which the Romania of tomorrow will emerge free, democratic and independent."

Of the armistice concluded with the United Nations, Patrascanu declared: "We don't have any right to be dissatisfied with the terms." He is minister of justice and a leader of the communist party in Romania.

"It is for the people to decide whether King Mihai will remain as king," he told a press conference.

The first election in his surrendered country will be held for an assembly which will draft a new constitution.

"The most important and immediate question is military cooperation of the Romanian and Soviet armies," Patrascanu said, "the Romanian people will spare no sacrifice in fulfilling their role in the war against Germany and Hungary."

He declined to disclose terms of the armistice, but said Romania would carry them out "without reserve and with perfect harmony." He expressed the opinion that Romania would have the right to demand reparations from Germany, asserting that "German bombings of Bucharest in the last three days of August did more damage than five months of American and British attacks, although that was considerable."

To keep your tea kettle fresh, boil a weak solution of bicarbonate of soda solution in it periodically and then wash with soap and water.

Blue Ration Tokens To Be Discontinued

Use of blue ration tokens will be discontinued after October 1, as a result of removal of many foods from rationing, according to Cpl. L. Wood, acting food rationing officer for the district office of price administration. The following steps are to be observed by shoppers:

Consumers may use their blue tokens just as they always have used them, until September 17. Beginning September 17, retailers will not give blue tokens to consumers for ration change.

From September 17 through September 30, shoppers will be able to spend their blue tokens only in groups of ten. If necessary, during this period, they may pool tokens to make up units of ten. Fewer than ten tokens cannot be used.

Housewives should be sure to use all their blue tokens by September 30, because after that they cannot use them.

UNITY

(Continued From Page One)

error James V. Allred, permanent convention chairman. Fifteen electors named at the May convention announced they would vote for Sen. Harry F. Byrd of Virginia because the Chicago national convention in Texas had demands which freed them from supporting the national nominees, by authority of resolutions passed at the May state convention.

These resolutions were wiped out by the September convention which also certified to the secretary of state the names of Franklin D. Roosevelt and Harry S. Truman to be printed on the general election ballot.

This was a departure from custom, although a state statute authorizes the practice. It was expected that anti-Roosevelt forces would pitch a court battle on this action as well as on the convention's attempt to replace the electors.

The convention swept out of office most of the party executive members who have served for the past two years.

Harry S. Seay of Dallas was chosen chairman of the executive committee, succeeding George A. Butler of Houston. Mrs. Fannie Campbell Womack of Palestine was selected vice-chairman, an office formerly held by Mrs. Frank O. Martin of Waxahatchie. W. H. Kittrell, Jr., of Dallas was named secretary, replacing Charles E. Simons of Austin.

A new post-director of education and organization was created and assigned to Mrs. Alfred Taylor of Austin long prominent in the pro-Roosevelt intra-party battle.

Mrs. Clara Driscoll of Corpus Christi was elected national committeewoman from Texas and assumed the position. Mrs. H. H. Weisner of Seguin had been elected national committeewoman at the May convention.

At Corpus Christi Mrs. Driscoll explained that Mrs. Weisner had been seated by the national committee.

"My hope is that she will prove as loyal to the democratic party as I have been," said Mrs. Driscoll who held the committee post for many years until she resigned last May.

Seay gathered the new committee for its first meeting when the convention ended, announced it would watch reaction to the convention's action and then meet in Dallas at a later date. Meantime, he said, committee members should organize pro-Roosevelt forces in every precinct.

Myron G. Blalock, democratic national committeeman from Texas, advised the convention not to use harsh and ill-considered methods of campaigning lest they drive too many people "across the fence."

He said statewide Roosevelt headquarters would be opened soon, probably in Dallas.

Throughout the convention emphasis was placed on party loyalty, an echo of the election fight.

After the state convention adjourned, an anti-Roosevelt group headed by E. B. Germany of Dallas issued a statement that "under the plain provisions of the constitution the action taken by the September convention is of no binding or legal effect whatever."

The prepared statement said the "CIO New Deal coalition" was able to control a bare 51 per cent in the Dallas convention, "while our friends of constitutional government registered more than 49 per cent of such votes."

Germany in an interview with the Dallas News last night, added "we now believe strongly that one-half of the democrats and all of the Republicans in Texas are against Roosevelt."

RAIDS

(Continued From Page One)

hit on Zamboanga island last Friday. Fifty Japanese planes were shot down and another 150 caught by surprise on the ground and wiped out. The attackers, who attacked to within 200 miles of Manila, had a heavier toll still to report, Nimitz indicated.

The strike was carried out Monday (U. S. time) simultaneously with a carrier raid and warship bombardment of the Palau islands, 600 miles east of the Philippines. The double blow is indicative of the tremendous power Adm. William H. "Bull" Halsey's third fleet is bringing to bear in invasion-threatened Philippine waters.

Big land-based bombers continued their destruction of Japanese air facilities on the southern approaches to the islands—Halmahera and the Celebes. An airbase at Zamboanga in the southwestern corner of Mindanao was hit by air patrols while heavier squadrons smashed forward Nipponese airbases to the southeast on Ceram and Boeroe islands.

Nimitz again reported the almost daily blows bracketing Japan. This time four islands in the Kurile chain northwest of Tokyo were hit as bombers from the Carolines struck at two, 750 miles southwest of the Nipponese capital.

Strategical air forces in southeast Asia that have been pounding enemy transportation lines for a week concentrated on Mouzoun in central Burma and the Mandalay-Lashio railroad leading toward China.

Hospital, Health, Accident and Life Insurance Howard Roberts, 109 N. Front, Ph. 341.

Pfc. and Mrs. Robert Beede are the parents of a son born Sept. 4, at a local hospital. The baby has been named Robert LeRoy, Jr. Pfc. Beede is in the army air corps, stationed in New Guinea. Mrs. Beede is the former Sylvia Belle Gray.

Mr. and Mrs. H. L. Ledrick have as guest in their home, Mrs. Ledrick's mother, Mrs. Tom Blair of Enid.

PIN-WORMS GO! New Treatment Gets Real Results

Anyone who has ever had Pin-Worms knows how tormenting and embarrassing the itching and burning can be. There is a new way to eliminate the ugly crawling creatures once they get a foothold inside the body. Millions of poor, rich and poor, children and grown-ups—have suffered in silence with the miserable Pin-Worms. Doctors have tried for years to find a way to deal with this pest. Old-fashioned worm "wax" usually worked on Pin-Worms. Today, thanks to an important scientific discovery (a remarkable known as gentian violet), a new and highly effective treatment has been hailed by doctors. This drug is the vital element in P.W. the new Pin-Worm tablets developed by the laboratories of Dr. D. Jerome Son, America's leading specialists in worm medicines. P.W. makes it easy to destroy the creatures. Don't take chances with Pin-Worms! Just ask your druggist for P.W. and be sure to follow directions. P.W. means Pin-Worm relief!

Specialized Training Program Is Expanded

The war department has recently authorized expansion of the army "specialized training-reserve program for 17-year-olds. Those signing up under the program will not be inducted into the army until they are 18, at which time they will be given the opportunity to apply for flight training leading to pilots, bombardier, navigator, or gunner's wings. Col. Charles B. Harvin, commanding officer of Pampa army air field, announced today.

The training is only open to young men who have not reached 18. The youths may also be enlisted into the enlisted reserve corps, unassigned, after which they are sent to college at government expense if found qualified for such training until they are called to active duty when they reach the age of 18. For those in college at the time they become 18 or in high school, it is the policy to let them finish the semester before calling them to active duty.

One of the advantages of college training, Colonel Harvin indicated, is that it gives one a better chance to compete with other young men for ratings and the type of work the individual might do in the army. Interested young persons may obtain further information from the AAF examining board at Pampa army air field or by calling Capt. Evan K. Bell, extension 323, at the local air base.

More Mumps Cases Are Now Expected

AUSTIN, Sept. 14—With the opening of the school term an increase in the incidence of mumps is to be expected. This is due in part to the fact that mumps is essentially a childhood disease and the contagion factor exists before the symptoms appear.

Mumps is transmitted by direct contact with an infected person and with articles freshly soiled by the secretions or discharges from the mouth or nose of persons having the disease. It takes from 12 to 28 days for mumps to manifest itself after the infection takes place. The disease can be easily transmitted, but one attack usually establishes immunity although second attacks sometimes occur.

A virus is responsible for this infection, the characteristic symptom of which is a painful swelling of the salivary glands. Sometimes there is an involvement of other portions of the body causing disturbances in the digestive, nervous, circulatory and genito-urinary systems. The disease is usually accompanied by a temperature rise which more often than not is mild.

The patient suffering with this disease should be isolated from other members of the family immediately upon the suspicion that mumps exists, and the family physician should be called promptly. Dr. Geo. W. Cox, State Health officer advises, "In the meantime, complete rest in bed is indicated. The doctor's orders should be followed strictly. Violating his instructions can lead to serious injury which may permanently affect the individual."

Police of 8 States Seek Missing Man

PHILADELPHIA, Sept. 14—(AP)—Police of eight states were searching today for Dr. Walter Hughson, nationally known authority on diseases, who disappeared mysteriously Monday night.

Hughson left his research laboratory in suburban Abington Memorial hospital saying he felt ill and was going home. He drove away and his whereabouts have not been known since.

REASON KANSAS CITY — Two youths charged with robbing a filling station explained to police that they had reasons for their action. One needed money for a loan. He had borrowed \$25 so he could pay a recent court fine. The other said he needed cash so he could play poker.

Former Pampan Is Hopeful for Early End to Europe War

Don C. Pumphrey, 316 N. Somerville, has it from his brother, Lt. A. T. Pumphrey, that the war in Europe is on its "last leg". Lt. Pumphrey, who gives a rather optimistic view of the war from his personal angle, was wounded a few days ago while on duty over France. He formerly resided here at Pampa for about four years.

Enlisting from here, he has been in service four years, had been in England about three months prior to his going into active duty. The son of Mr. and Mrs. A. T. Pumphrey, Sr. of Leedy, Okla., he is not married.

In a letter to his brother, Lt. Pumphrey relates the story of having been in France but for a short while when he is shot down in his cub plane, which is used in spotting enemy fire points for allied artillery.

He writes from a hospital in England: "Back in England again after a very brief stay in France. France is a beautiful country, but very dangerous. I encountered a number of Messerschmitts last Monday and came out second best. Was wounded in left shoulder and left leg by fragments of 20 mm. cannon projectile. Managed to land my plane after being injured, but the

Water Conservation Talks On October 2

AUSTIN, Sept. 14—(AP)—A statewide water conservation conference will be held here on October 2, C. S. Clark, chairman of the board of water engineers, said.

Clark urged that "all Texans interested in the development of Texas water resources" attend this meeting which will seek to accomplish the following:

1. Re-organize the Texas water sheds association, or form some similar organization to coordinate the plans and activities of the various interests in Texas with regard to development, conservation and utilization of the state's water resources.
2. Promote and support all meritorious water conservation projects which will furnish employment to returning soldiers.
3. Work for all needed and helpful legislation, both state and national, pertaining to water conservation, and vigorously oppose legislation which threatens to interfere with state rights in the control, distribution and use of the state's rivers and streams.

New Electors' List Is Named

DALLAS, Sept. 14—(AP)—Newly nominated democratic electors with the names of those repudiated by the September convention are, by congressional districts: (Names of those named at the May convention are in parentheses.)

1. R. D. Sanders, Sulphur Springs. (Otto Atchley, Texarkana).
2. Jim Strong, Carthage. (Edward Lee, Tyler).
3. G. C. Harris, Greenville. (Olin McWhirter, Greenville).
4. George W. Eddy, Dallas. (Mrs. F. R. Carlton, Dallas).
5. P. L. Henderson, Bryan. (P. A. Burk, Corsicana).
6. W. N. Foster, Conroe. (T. G. Tilford, Nacogdoches).
7. Pat N. Pahey, Houston. (John W. Crocker, Houston).
8. E. A. Hawes, Jr., Wharton. (Ernest A. Bosl, Schulenburg).
9. Dr. W. L. Crowthwaite, Waco. (John Mann, McGregor).
10. H. P. Johnson, Alvarado. (Arch Rowan, Fort Worth).
11. W. W. Dowd, Chapman's ranch. (P. J. Mosser, Alice).
12. Mrs. Dallas Scarbrough, Abilene. (Fred Brown, Eastland).
13. Robert Lee Bobbit, San Antonio. (John Wheeler, San Antonio).
14. Al-jarge, H. G. Lucas, Brownwood. (Mrs. Clara Driscoll, Corpus Christi, replacing T. J. Holbrook, Austin, and E. B. Germany, Dallas. Actually the convention substituted 16 electors, 15 for those who have

Oil Producers' Meet Can Be 'Important'

WASHINGTON, Sept. 14—(AP)—A hearing on problems concerning independent oil producers in the re-conversion period, set by the house small business committee for September 20-21 at Austin, can be "highly important" to the nation's independent oil men, says Russell Brown, general counsel of the Independent Petroleum Association of America.

In a letter to Ralph T. Zook, president of the association, Brown pointed out that the committee after an investigation in April, 1943, recommended an increase of 25 cents a barrel in the price of crude

Oil Producers' Meet Can Be 'Important'

announced they would not support the party's national nominees and one because of a resignation.

The resignation came from H. W. Rampy of Winters who is a candidate for the legislature and who preferred not to be a nominee for elector at the same time although he had announced his support for the Roosevelt-Truman ticket. J. W. Phillips of Brownwood was named in Rampy's place.

Make This Barcel Recipe To Lose Ungainly Fat

If you are overweight, perhaps due to over-indulgence in food and not due to any glandular disturbance, why not try this inexpensive home recipe to help bring back alluring curves and graceful slenderness.

Here is a recipe that can be used inexpensively at home. Just get from your druggist 4 oz. of liquid BARCEL CONCENTRATE. Add enough grapefruit juice to make a pint. Then just take 2 tablespoonful twice a day. Wonderful results may be obtained quickly.

Now you may slim down your figure and lose pounds of ugly fat without back breaking exercise or starvation diet. It's easy to make and easy to take and pleasant. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, return the empty bottle and get your money back.

WAGS GO TO THE DOGS FOR LIBERTY
BATON ROUGE, La. (AP)—Bottered by the nocturnal cut-ups of stray dogs who came to visit Shaggy "Willie," the WAC mascot, the commanding officer of the Harding Field WAC detachment, last week offered three-day passes to watchful WAGs who succeeded in corralling any of the unwelcome guests. Before the week was out, three WAGs came proudly tugging canine captives and immediately were given 72-hour leaves plus badges announcing their appointment as "Official WAC Dogcatcher."

Mrs. Purviance Entertains Club

Members of the El Progresso club held their first meeting of the season in the home of Mrs. W. Purviance, 802 W. Francis, with Mrs. D. V. Burton presiding over the meeting.
 Mrs. Burton introduced new officers after which Mrs. Robert Boshen gave the invocation.
 Members answered roll call by telling of their summer accomplishments.
 Mrs. W. R. Ewing welcomed the new president. The El Progresso club voted in favor of the minute of prayer as proposed in the council of clubs meeting last week.
 Attending were Meses. Robert Boshen, George Briggs, C. P. Bueckler, John Andrews, D. V. Burton, W. R. Ewing, T. D. Hobar, P. C. Ledrick, Gerrie McMurtry, Dave Pope, James Todd, G. C. Walstad, B. E. Finley, Mrs. May Blair.
 A social hour was held following the business meeting.

Officers Elected At Civic Culture Club Meeting

Civic Culture club members met at the home of Mrs. Irvin Cole when a 1 o'clock luncheon program was held with Mrs. Cole, Mrs. J. B. Townsend and Mrs. Willis White acting as hostesses.
 Corsages were presented to each member and guest and new officers for the year were installed by Mrs. Townsend, past president.
 Officers are: president, Mrs. A. D. Hill; vice-president, Mrs. Emmett Gee; treasurer, Mrs. E. J. Kenney; corresponding secretary, Mrs. G. R. Rhodes; city council representative, Mrs. G. R. Rhodes; reporter, Mrs. Roy Kilgore.
 As a program feature, Lt. Robert Kilgore spoke on England and of Army life. Lt. Kilgore returned to the States from England in June.
 Members attending were Mrs. Margaret Bunting, Mrs. Katie Vinson, Mrs. A. Shackleton, Oia Isbell, Mrs. John Howard, Mrs. G. R. Rhodes, Mrs. L. J. McCarty, Mrs. Emmett Gee, Mrs. E. J. Kenney.
 Guests were Mrs. John Kilgore and Miss Nita McCarty.
 The next meeting will be held in the home of Mrs. John Howard, September 26.

Evening Auxiliary Has First Meeting To Plan Activities

The first regular meeting of the Women's Episcopal Evening Auxiliary met last night in the home of Mrs. S. B. Parks, 1305 Mary Ellen.
 During a business meeting over which Mrs. Parks, president, was in charge, plans were made for a tea to be held September 28. Mrs. H. M. Wilgus, Mrs. J. G. Doggett and Mrs. Michael Bara were appointed as a committee to make plans. Announcement was made by Mrs. Edgar Henshaw that United Thank Offering boxes were to be brought to the church September 26.
 Following a business meeting a program was held and plans were made for the next meeting to be held in the home of Mrs. Doggett, 915 N. Somerville.
 Mrs. Parks served chocolate pie, tea or coffee to the following members:
 Mrs. H. M. Wilgus, Mrs. H. D. McWaters, Mrs. Charles Russell, Mrs. Edgar W. Henshaw, Mrs. Michael Bara.

 Bell H. D. club will meet.
 W.M.S. of First Methodist church will meet.
THURSDAY
 Rebekah Lodge will meet at 7:30.
 Winsome class of the First Baptist church will meet.
 Le Ross club will meet.
 Sub Deb club will meet.
 Hopkins W.M.S. will meet at 2 p. m. in the Community hall.
 Grandview H. D. club will meet.

Cecil Yarborough Heads New Bureau

AUSTIN, Sept. 14—(AP)—The newly-created job of "director of safety education" in the state department of education will be filled by Cecil Yarborough, former head of the instructional division of the education department.
 R. B. Reader of Houston, president of the Texas Safety association, said that after long planning by the association, the education department and other state agencies, it was decided to establish this department in the hope of reducing accidents among school children.
 The Texas Safety association will underwrite the expense for this office, until convening of the legislature in January when it is hoped funds will be provided to carry on the work.

Pampa Delegates Attend Baptist Meeting at Amarillo

Delegates from Pampa attended the 54th anniversary of Palo Duro Baptist association when they met with the First Baptist church here on Friday evening, Sept. 12.
 The Rev. Carson Taylor presented a discussion on the current liquor control and the Rev. Douglas Carver, minister of the First Baptist church here, discussed the Centennial Evangelistic Crusade in relation to the standard which the southern Baptists have set in winning one million souls to Christ during the next year.
 The Rev. Paul B. Cullen, Borger, gave the annual sermon at 11:45 entitled "Priesthood of All Believers."
 Attending from the First Baptist church in Pampa were:
 Rev. and Mrs. Douglas Carver, Paul Briggs, associate pastor, Mrs. E. L. Anderson, Mrs. Ella Burke, Mr. and Mrs. T. B. Solomon, Mrs. A. J. Young, Mrs. J. A. Meek, Mrs. C. L. McKinney.
 From Central Baptist were Mrs. O. H. Gilstrap, Mrs. G. E. McMillan. From Amarada Mission E. G. Barrett and Richard Bynum attended.
 The Rev. E. M. Dunsworth of Calvary Baptist was selected president of the organization here.

'Christian Response To Suffering' Title Of LeFors Society

The W. S. C. S. of LeFors Methodist church met recently when Mrs. R. L. Jordan, president, had charge of a business meeting, and had charge of the program on "Christian Response To Suffering."
 Mrs. Vane Harless talked on "Medical Mission" and Mrs. Leroy Spence on "Breast Hospital" at M. F. Tibbets on "Seward Hospital, Alaska."
 The next meeting of the Society will be held in the home of Mrs. R. L. Jordan, September 26.
 Members attending were: Meses. N. S. Daniel, Vane Harless, Dan Johnson, R. L. Jordan, N. C. Jordan, Clyde Rodscape, Leroy Spence, M. F. Tibbets.

Club Activities Planned at Hopkins Meeting Tuesday

Mrs. C. F. Jones was hostess to members of the Hopkins Home Demonstration club when they met yesterday for their regular business meeting.
 Mrs. T. O. Phillips, secretary, opened the meeting and plans were made for club activities for the 1945 club year. A report on the State Convention at Austin was given by Mrs. L. O. Ericson, delegate.
 Members chose yellow and green as club colors and the chrysanthemum as club flower.
 A recreational period followed the business session directed by Mrs. C. F. Jones.
 Refreshments were served to the following members:
 Mrs. John Linton, Mrs. R. W. Orr, Mrs. L. O. Ericson, Mrs. T. O. Phillips, Mrs. Barton Rigging, Mrs. Paul H. Rice, Mrs. W. E. Melton, Mrs. George Reeves, Mrs. Joe Montgomery, Mrs. J. W. Markee, Mrs. C. J. Jones.
 A rug-making demonstration will be given at the September 26 meeting in the home of Mrs. J. W. Markee.

Shirtwaist News

Cut carrots and other long vegetables lengthwise. Their cells are long and less of the nutrient qualities will escape in cooking.

You'll agree that no wardrobe is complete without shirtwaisters—those reliable little dresses that give you a neat, trimly-dressed feeling. This well-designed classic fills the bill perfectly. The fly-front effect and skirt pleating give it a distinctive touch. Rich colors and unusual buttons will add to its smartness.
 Pattern No. 8696 comes in sizes 34, 36, 38, 40, 42, 44, 46 and 48. Size 36, short sleeves, requires 3 1/2 yards of 39-inch material.
 For this pattern send 20 cents, in COINS, your name, address, size desired, and the PATTERN NUMBER to The Pampa News, Today's Pattern Service, 1116 Sixth Avenue, New York 19, N. Y.
 The new fall and winter issue of "FASHION" is now ready—32 pages. It's a complete guide to your fall and winter wardrobe. Send for your copy. Price 15 cents.

'Back-to-School' Dance Scheduled Friday Evening

A "Back to School" dance will be sponsored Friday evening following the Pampa-Phillips football game, by members of the Kit Kat Club and Seven-Eleven club members.
 Dancing will start soon after the game and will continue until 1 o'clock, honoring members of both teams.
 Colorful decorations have been planned for the Country club. Mrs. V. L. Boyles and Mrs. Raymond W. Harlan, sponsors, will attend.

Ration Calendar

MEATS, FATS, ETC.—Book four red stamps A8 through Z8 and A5 through G5 valid indefinitely.

SUGAR—Book four stamps 30 through 33 valid indefinitely for five pounds each; stamp 40 good for five pounds for home canning through Feb. 28, 1945.
SHOES—Book three airplane stamps 1 and 2 good indefinitely.
GASOLINE—12-A coupons good for three gallons through Sept. 21. B-3, C-3 and C-4 coupons good for five gallons.

World Organization To Keep Peace Is Discussed at Meet

Special To THE NEWS
WHITE DEER, Sept. 14—The White Deer Creek Farm Bureau met with Mr. and Mrs. A. R. Northcutt, Friday evening, for a round-table discussion of a world organization to keep the peace.
 Mrs. Alex Gray led the discussion and asked the following questions of Farm Bureau members:
 1. Do you favor any sort of international organization for keeping the peace?
 All members were agreed that some such international organization is necessary. Some favored using an existing organization like the League of Nations, but most members preferred a world court, made up of all nations of the world, with representatives elected by each nation, possibly in proportion to their advancement in democratic principles and according to natural resources. It was suggested that Germany and Japan should be educated to the principles of fair play and self-government for a generation before being allowed representation on the world court.
 2. Do you think regional courts should be set up for each region or continent?
 Should the members be elected or appointed?
 It was agreed that members of regional courts should be elected, and that these courts should serve until the world court, as our state legislatures serve under the national legislative body, but should not be made up of the same members.
 3. Do you favor a world police force, strong national armies, or regional armies?
 Opinions varied somewhat on this question, with some favoring national armies to serve under the world court, and others a world air force with the sole purpose of spotting any re-armament program in any of the nations, and with the keeping of national law and order inside the nations left up to the nations themselves. It was also suggested that there must be decent economic standards over the world so that there would be no incentive for aggression.
 A. R. Northcutt suggested that Farm Bureau members inform themselves on world peace plans and continue to discuss the same questions.
 Following the discussion, Miss Margaret Moser, county agent, gave tips on fall gardening and proper amounts of grain, mash, and green feed for laying hens.

Husbands! Wives! Want new Pep and Vim?

Thousands of couples are weak, worn-out, exhausted, unable to enjoy life. For new pep, vitality, try **Chlor-Tonic Tablets**. Supplies them with iron, too, and the most powerful health builder.
 For sale at all drug stores everywhere
 —in Pampa, at Grothey Drug Store.

How to Ruin Dresses and Lose Friends

It's tragic how some girls lose their friends and ruin their dresses because of perspiration odor and stains. And there's no excuse for it. It's easy to save dresses, it's easy to save friends.
 Use **Armid**, the new cream deodorant that helps keep your armpits dry and removes the odor from perspiration. **Armid** is safe and dependable for these five reasons:
 1. **Armid** does not irritate skin. Does not rot dresses or men's shirts.
 2. Prevents under-arm odor. Helps stop perspiration safely.
 3. A pure, white, antiseptic, stain-less vanishing cream.
 4. No waiting to dry. Can be used right after shaving.
 5. Awarded Approval Seal of American Institute of Laundering—harmless to fabric. Use **Armid** regularly.
Armid is the largest selling deodorant. Sold at all stores selling toilet goods—39c and 59c a jar. (Plus Tax)

Mrs. Northcutt will be in charge of the program. A short skirt will also be presented by the H-4 Club, directed by Mrs. Alex Gray.

Unemployment after Germany's Capitulation Can Be Measured

By JAMES MARLOW
 WASHINGTON, Sept. 13 (AP)—War Mobilizer Byrnes tells President Roosevelt: The fear of prolonged unemployment following victory in Europe is exaggerated.
 He says this because the unemployment problem immediately following Germany's war can be measured fairly well.
 (The unemployment situation after Japan collapses will be discussed later in this story.)
 Behind Byrnes' statement is this reasoning of government experts: Germany folds, war production is cut 40 per cent, most likely in things like aircraft, some merchant shipping, tanks, guns, small arms and other material for the ground forces.
 The other 60 per cent of present war production continues for the fight against Japan. But the 40 per cent cut throws between 4,000,000 and 5,000,000 workers out of jobs. That does not mean all of the 4,000,000 or 5,000,000 have to roam the country for new jobs.
 For the work-stoppage will occur in two kinds of plants:
 1. Where they used to make civilian goods—like tank factories which turned out automobiles—and change back to automobiles within a few months.
 These workers will have the best chance of finding jobs by just waiting around for them to open up again. They are supposed to have saved money to tide them over the wait.
 2. Specialized plants built for war use only, like powder plants and some merchant shipyards. These offer small chance of change-over to civilian work.
 These workers will have to scurry around for jobs.
 But fight now many jobs are crying for help, such as: service industries like laundries, and trades, like retail stores. They'll provide jobs for some of the suddenly jobless war workers.
 At the same time, stopping war production in industries like steel and textiles should cause no unemployment.
 The mills, which have been turning out armor plate, can swing over rapidly to steel for automobile bodies. Looms, which have been making tenting and mosquito netting, can swing over to overalls and dresses and will need more workers than they have now.
 But there is this other side to the unemployment picture:
 After the European war, soldiers will start coming back to civilian life. There will be 1,000,000 or 2,000,000 of them. Some have jobs waiting for them, jobs unutilized in their absence. Others, by going back to their old jobs, will cause the dismissal of temporary wartime workers.
 And many soldiers will have no jobs to which to return, or will not return to their old ones, preferring a new kind of work.
 All this will mean a fresh army of job-seekers.
 And then: As the war with Japan continues, war production may be reduced from that 60 per cent figure mentioned earlier as supplies pile up. That means more job shifting, more job searching.
 Thus the country will, gradually, have a chance to get back on a peacetime basis and let its workers shift back to civilian jobs, but it will be a continuing problem.
 But when Japan folds undoubtedly there will be a sudden wrenching. The rest of the purely wartime plants will then shut down permanently.
 Other industries, like aircraft, which grew prodigiously in war, will have to contract to some kind of peacetime work or close down altogether.
 So Byrnes, although apparently not pessimistic about employment following Germany's end, must have been thinking of that long, hard, total problem of employment.

Government Will Reimburse Colleges

WASHINGTON, Sept. 14 (AP)—State and municipal colleges which charge little or no tuition were assured yesterday that the government will pay them more than the customary fee when war veterans enroll for study.
 The veterans administration has ended a long period of worry over the controversial tuition problem by announcing that:
 1. Public institutions may bill the government at their "non-resident" rates, regardless of whether the veteran is a resident. These rates are generally higher than resident rates—anywhere from \$30 to \$300 higher for a scholastic year.
 2. Otherwise, the customary tuition shall be charged, except that no college, whether public or private, shall be paid less than \$10 a month tuition for a full-time veteran trainee. This is exclusive of standard fees such as library, infirmary, or laboratory fees. Limited allowances would be made for standard, necessary supplies.
 If the college is on the quarter system, the minimum tuition will be \$30 a quarter, or \$90 a scholastic year. If on the semester system, the minimum is \$40 a semester, or \$80 a scholastic year.
 These decisions were made just in time for the first fall term of government-financed education for veterans. It was announced that about 10,000 veterans have applied for study at institutions of their own choice, and that 5,000 of them have already been determined to be eligible and are waiting for the opening of the new college year.
 Eventually, between 800,000 and 1,000,000 veterans are expected to attend school at government expense.
 The decisions appear to be that nearly all public institutions will be paid considerably more than would be the case if the veterans administration had insisted on a strict interpretation of the "customary tuition" phrase in the G. I. bill of rights.
Social Security Answers Question
 Following is today's question answered by Social Security on old-age survivor's insurance:
 "Is everybody covered under this law?"
 No. Only employees of business or industrial concerns are covered under Old-Age and Survivors insurance provisions. Farm work, domestic service, government service, jobs in churches, public schools, public libraries, charity hospitals, and other non-profit institutions are not covered under the law. Persons employed by these organizations do not have social insurance protection and do not pay social security taxes.
 Every business or industrial establishment comes under the law regardless of the number of workers employed. A store or a shop having only one employee is covered just the same as a big plant or business concern which has a thousand employees.
 For further information call or write Social Security Board located here at Pampa.

He Gave Us Texas, And Now It's 'Tall Talk from Texas'

A Texas soldier in North Africa, addressing his fellow Texans, said: "Our job here is to promote good neighborliness. We've got to be friendly with the natives. If they say Africa is bigger than Texas, agree with them."
 Late in 1943, a Texas commentator predicted it would take five more years to finish the war: one year to whip the Germans, one year to whip the Japs and three years to get the demyankees out of Texas!
 A recruit from the North was sweating at his first experience with the heat of a Texas summer. He remarked to an old Texan standing nearby: "I'll cure he glad to get back to Michigan." The other replied: "I reckon a man has to be born and raised here to stand the weather." The Michiganander exclaimed: "What! You mean to tell me that folks live here when there ain't no war!"
 These are three of the nearly 500 Texas jokes from the newest book about the Lone Star State, entitled "Tall Talk from Texas," by Boyce House, whose previous book, "I Give You Texas" has reached 10 editions, 60,000 copies, within a year. The Naylor Company, San Antonio, is the publisher.
 "Tall Talk from Texas" has a lot of the old-time favorites that Texans never got tired of, like the recipe for making coffee in West Texas: "After it boils, throw in an iron wedge and, if the wedge sinks, add more coffee." And the one about the man who, seeing that he was about to be overtaken by a blue norther, put spurs to the thoroughbred he was riding and tried to outrace it. When he reached the barn and dismounted, he found the horse's forequarters in a heavy ladder and his hindquarters frozen. Of course, pneumonia developed and proved fatal to the animal.
 And if you don't happen to know what an Amarillo kite is, "Tall Talk from Texas" tells you. An Amarillo kite is an iron shutter with a leg chain for a tail.
 Most countries of the world use a standard time based on one of the even hour meridians as reckoned from Greenwich.
 The town of Kingstons was originally the capital of New York state.

Baseball World Is Watching Cardinals

By JACK HAND Associated Press Sports Writer American league world series stous gained a few points today as the four idle contenders, with nothing else to do but wait for the schedule and sunshine to catch up with them, analyzed the fate of the St. Louis Cardinals who had lost their first season series since 1940 and dropped 11 of their last 15 games.

Pittsburgh became the first club in four years to beat the Cards over a season's play when they swept another doubleheader last night, 7-3 and 10-5, for a 12-10 edge in games. The Red Birds haven't beaten the Pirates in their last 10 meetings, a tie being their best effort.

Frankie Frisch has had the Pirates rolling in high gear at a .763 clip since Aug. 9 and at the 600 season mark for the first time as the Cards dipped below .500.

The National league leaders were having pitching trouble with Harry Brecheen failing to go the route in the opener and Max Lanier suffering his fifth successive defeat in the second. Rip Sewell and Xavier Renshaw took credit for the pit wins despite two Cardinal homers by Johnny Hoop and one each by Ray Sanders and Ken Oden.

Rainy weather in Philadelphia robbed the American league of its only scheduled action, pushing back until tonight an Owl tie between the eluding Yankees and the Athletics.

Once again, idle Detroit, a half game back, had a chance to move in front by .008 if New York should lose.

Chicago clung to fourth place in the National by downing Cincinnati, 2-1, in the second game of a doubleheader on Frank Scory's three-run homer after Harry Gumbert had turned them back in the opener, 4-1. Philadelphia at New York and Boston at Brooklyn doubleheaders were rained out.

Scientists call photosynthesis—the process by which plants transform water and carbon-dioxide into carbohydrates—the key industry of all life.

Harvesters In Skull Practice This Afternoon

Pampa's Harvesters held their final afternoon scrimmage yesterday before tomorrow's game with the Phillips Blackhawks. Sessions this afternoon will be devoted entirely to skull practices.

A broadcast of the session yesterday over KPZN added color to the workout and seemed to give the boys added zeal. Indications all point to what will probably be one of the most exciting opening games in many years.

Officiating at the game will be a main known over the entire nation for his fine work. He is Ab Curtis, dean of the Southwest Conference officials.

"No other game in this region can boast such fine officiating," Coach Ois Coffey said in the broadcast yesterday.

General admission tickets are on sale at downtown drugstores, it was announced. Student tickets are 30 cents, and adults' 60 cents. Some good season seats are still left.

Officers' Teams To Meet This Afternoon Two games in the officers' softball league are scheduled for 4:30 o'clock this afternoon on Pampa army air field diamonds, the results of which will not threaten the top position of the Shores Sluggers, who have played and won three games.

This afternoon's games pit the Brown Bombers and the Friederichs Foul Balls against each other, while the Humphrys Heavy Hitters meet the champion team, Shores Sluggers.

Standings to date show the Heavy Hitters in second place with four games played and one lost. The Brown Bombers have lost four out of five games, and the Friederichs have lost three out of three tries.

SPORTS for Victory

Football Begins Throughout State This Week, Phillips Plays Here

The Texas schoolboy football campaign opens from the Panhandle to the Gulf this week with some of the top-rated teams clashing in important inter-district games.

There are 45 titles on the class AA schedule, bringing 60 of the states 108 schools into action. Standout games: Odessa at Lubbock. Chickasha at Amarillo. Breckenridge at Abilene.

McAllen at Corpus Christi. The Masonic Home-Denison and Paschal-Waxahachie battles rate tops for the week. In each instance they match teams ranking among the favorites for district titles.

There also is one inter-sectional game, Bowie (El Paso) meeting Las Cruces, N. M. San Angelo's defending state champion Bobcats open with a class A opponent, meeting Ballinger at San Angelo.

ville, Arlington Heights (Fort Worth) at Mineral Wells. District 10—Navasota at Bryan. Weatherford at Hillsboro. Paschal (Fort Worth) at Waxahachie. District 11—Bonham at Gladewater. Nacogdoches at Longview. Kaufman at Athens. Lufkin at Tyler. Henderson at Elmore. District 12—Jacksonville at Overton. Palestine at Mexia. District 13—No games scheduled. District 14—St. Mary's (Fort Arthur) at Port Neches. Conroe at Huntsville. District 15—Texas Military Institute vs. Jefferson (San Antonio). McAllen at Corpus Christi. Burbank (San Antonio) at Kerrville. Harlandale (San Antonio) vs. Brackenridge (San Antonio). New Braunfels at Austin. Uvalde at San Antonio Tech. District 16—Friday: Donna at Harlingen. La Feria at San Benito. Edinburg at Mission.

Name Grid Man Will Play With Amarillo

Softspoken Dick Fullerton, who was mentioned for all-American gridiron honors back in 1939, is back over his old favorite spot again.

The former Pittsburgh grid star is throwing blocks and tackles for Amarillo field's Sky Giants, and is expected to occupy the center position when the field's first football team moves into action Saturday against the University of New Mexico.

Fullerton, 26, weighs 191 pounds and is 6-foot 1-inch tall. His accurate tosses from center make his backfielders' job easy, and his blocking and tackling make him one of the most feared men in the Sky Giants' lineup.

Fullerton won his college gridiron laurels on one of the greatest col-

College, Service Teams Into Action

Two games this week will mark the opening of the college and service football season in Texas. Southwestern university is the only college playing a game, the Pirates meeting Galveston air field at Galveston Saturday night. Two service teams swing into ac-

tion. The other one is Amarillo army air field, which travels to Albuquerque, N. M., to play New Mexico University. This game also is Saturday night.

Next week finds a full college schedule except for the University of Texas and Southern Methodist. West Texas state meets Oklahoma A. and M. Texas Christian plays Kansas. Southwestern meets Louisiana Tech. North Texas Aggies battle Tulsa. Texas Tech clashes with Lubbock army air field. Texas A. and M. tangles with Bryan army air field. Rice engages Galveston air field and John Tarleton plays blackland army air field.

In service football Ellington field plays the Rice B squad, and Amarillo air field takes on South Plains army air field.

The old Spanish mission at Santa Barbara, Calif., has been in use continuously since its founding.

'Little Steel' Formula Becomes One of Big Political Questions

By JAMES MADLOW
WASHINGTON, Sept. 13.—(AP)—The war labor board and the administration are faced with one—or two—very important home front decisions:

1. Whether to break the "Little Steel" formula, established in 1942 to keep wages in check.
2. Whether—if the decision is made to break the formula—action is to be taken before election day, November 7.

Such action would please the workers but probably not some other blocs of voters.

Specifically the decision will involve about 1,800,000 workers in the steel, automotive, meat packing, aluminum, electric textile and flat glass industries. All have cases pending before the board.

All are asking wage increases which would break the little steel formula. They are asking for other things, too. Such as guaranteed annual pay, vacation pay, dismissal pay.

Actually the decision involves many millions of workers. If the WLB broke the formula for those mentioned other workers would pile in, asking increases.

From information obtained at WLB it seems that if a decision is made before November 7—one way or the other—it will mean a fast job by the WLB.

Last February the WLB established a 6-man fact-finding panel to examine and report on the claims of the steel workers and the details of the companies.

This week the panel without recommendations will turn over its findings to the WLB in a 500-page report.

Meanwhile, workers in other industries—meat packing, aluminum, electric, textile, flat glass and automotive—have put in wage demands. Separate panels were set up to

hear those cases and report back to WLB.

The last of those panel reports is not expected to reach WLB before the end of September. It was said at WLB that—since all the cases involve the little steel formula—the board will take no action until those final reports come in at the end of this month.

Then the board can do one of two things:

1. Decide against the workers and refuse to break the little steel formula although some of the other workers might be granted pay for night work.
2. Or investigate further. In that case, the board would call a hearing for all persons interested in breaking or preserving the little steel formula.

If, having received the last panel reports by the end of September and having decided on No. 2, the board would set a hearing date. The board probably would give all interested persons at least about two weeks' notice.

In that case—always provided the board quickly decided upon a hearing after receiving those final panel reports—the hearing would be in mid-October. The hearing would consume perhaps a week and be finished by the third week in October.

It's possible that the board might reach a decision—for or against the workers—between the third week in October and election day, November 7. But it would have only two weeks in which to do it.

But the decision of the board, if favorable to the workers, would hardly be more than a recommendation to the president and would be a direct decision by the board itself.

The reason the president in effect has told the board to preserve the little steel formula and the board is likely to leave it up to him to break it, if it is to be broken.

But events in Europe—an end to the war before WLB acts—may complicate this whole problem. This will be explained in another story.

'The Town Without a Toothache' Becoming Famous Over World

(By The Associated Press)
With 700,000 bushels of Irish potatoes harvested, a crop which grossed more than \$500 per acre, and 6,000,000 bushels of wheat stored, Deaf Smith county is prepared to answer more than 1,900 letters from all sections of the United States and 17 foreign countries requesting every conceivable item grown within the county from prairie grass to drinking water.

In 1942 Hereford, the county seat, became known as "the town without a toothache," following a discovery by a local dentist, Dr. George W. Heard, that the ratio of tooth decay in Deaf Smith county was practically nil. Many chemists attributed this to the mineral content of the drinking water and health-giving qualities of the soil.

Requests began pouring in for wheat, vegetables, livestock and produce. People in 17 states requested and received jugs of water.

Now Hereford intends to capitalize in its storehouse of nature's wealth. E. E. Posey, secretary of the chamber of commerce, has copyrighted the "Toothache" slogan and has certified more than 100 other trade names to protect his community's reputation as a promoter and get-rich-quick scheme.

He has one letter from a Seattle woman, who has been receiving Hereford water and grass for many months, stating she recently saw a package of "nice brown rice from Deaf Smith county, Texas," on a shelf in a Seattle store. Hereford residents this. Rice doesn't grow there.

City and county officials realize developments in manufacturing and distribution of home-grown products cannot materialize until after the war. "But we can keep our assets before the miasma of the nation," reason officials. "We have acres of legitimate concerns stating they intend to market our products after the war. We intend to expand the knowledge of what the county offers until that time."

Plans are under way to employ a publicist to work toward that end. Financing such a plan may be through a bond issue brought about by both the city and county.

In the meantime Posey and Sank Ramey, local railway express agent, continue to ship dripping water all over the nation. There is no charge for their service. Jugs and barrels are filled from the city water supply, neighbors irrigation wells or the Ramey windmill. The receiver is asked to pay only the freight or express charges.

These civic boosters also fill requests for beef, lamb, poultry, butter, eggs, milk, vegetables, wheat, barley, oats, alfalfa and any other item requested. Letters stating the water has improved the teeth of babies and otherwise praising the Deaf Smith county food products are ample remuneration for their time and trouble, Posey and Ramey declare. "But we want manufacturers located here if they intend to capitalize on our county and city name," they say.

Lubbock Man Cited For Heroic Deeds

DALLAS, Sept. 14.—(AP)— Hoyt E. Altman, son of Mr. and Mrs. Martin Altman, Lubbock, a seaman second class, U. S. navy, received a special commendation from the commanding officer of a navy air station in the Pacific, where he is stationed, the Eighth navy district here has announced.

The 19-year-old bluejacket received his citation along with seven other men for displaying outstanding courage and skill in line with duty as fireman on an Aug. 17 fire fighting crew.

The commendation read: "Arriving at the scene within two minutes (2) after a gasoline fire was observed to break out during a fueling operation in which aviation gasoline was being pumped from a 2,000-gallon tank truck into an R-5-D airplane, disregarding safety in approaching without hesitation to close quarters in the face of intense heat of flames and imminent danger of explosion of thousands of gallons of highly volatile aviation gasoline in the tank truck and plane, and promptness and skill on his part and on the part of the other members of the crew, prevented an explosion which would in all likelihood have taken the lives of the operators of the tank truck and plane crew, and destroyed several hundred thousand dollars worth of property of the United States navy. For his courage, skill and devotion to duty under these extremely hazardous circumstances, he is hereby commended."

The practice of inhaling snuff became common in England during the 17th century.

The word grenade was taken from the French word for pomegranate, because of a resemblance in shape to the fruit.

Peanut Hay Develops Good, Fertile Soil, Declares Frio Farmer

COLLEGE STATION, Sept. 14.—Frio county farmers have demonstrated that cover crops coupled with terracing maintain the fertility of their soil. Turning under cow peas as a green manure crop has been the favorite practice. A. R. Strong achieved a notable success in rebuilding his soil by this method. When he bought his farm 20 years ago, the land was seriously depleted. But by planting and turning under a crop of cow peas annually, along with the judicious use of lime, he has restored it to one of the most productive farms in the county.

Latest peanut hay came into the picture as a profitable soil builder almost by accident. Frio county is a big producer of peanuts. To offset the labor shortage farmers adapted the combine to peanut harvesting, but the process left the vines on the ground.

According to N. H. Hunt, county agricultural agent, farmers speculated as to how much they were losing.

Berlin Announces Anti-Hitler Arrest

LONDON, Sept. 14.—(AP)—The German radio announced last night the arrest of a Gen. Lindemann, accused in the July 20 alleged plot on Hitler's life.

The broadcast said the "general"—whose head had a reward of 500,000 marks had been posted—was caught in the house of a half-Jew spy against the night promoters and get-rich-quick schemes.

He has one letter from a Seattle woman, who has been receiving Hereford water and grass for many months, stating she recently saw a package of "nice brown rice from Deaf Smith county, Texas," on a shelf in a Seattle store. Hereford residents this. Rice doesn't grow there.

City and county officials realize developments in manufacturing and distribution of home-grown products cannot materialize until after the war. "But we can keep our assets before the miasma of the nation," reason officials. "We have acres of legitimate concerns stating they intend to market our products after the war. We intend to expand the knowledge of what the county offers until that time."

Plans are under way to employ a publicist to work toward that end. Financing such a plan may be through a bond issue brought about by both the city and county.

In the meantime Posey and Sank Ramey, local railway express agent, continue to ship dripping water all over the nation. There is no charge for their service. Jugs and barrels are filled from the city water supply, neighbors irrigation wells or the Ramey windmill. The receiver is asked to pay only the freight or express charges.

These civic boosters also fill requests for beef, lamb, poultry, butter, eggs, milk, vegetables, wheat, barley, oats, alfalfa and any other item requested. Letters stating the water has improved the teeth of babies and otherwise praising the Deaf Smith county food products are ample remuneration for their time and trouble, Posey and Ramey declare. "But we want manufacturers located here if they intend to capitalize on our county and city name," they say.

GI DOGS DENVER — A lieutenant colonel and two majors dived in Buckley Field's GI dog show. No pampered pooches here, just the dogs that scratch around an army camp.

"Sad Sack," won the most sought after prize, for the competition here was keen. His title: dog with the most confusing lineage.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just make a **TRU-PASTEETH**, the alkaline (non-acid) powder, on your plates. Holds false teeth firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get **PASTEETH** at any drug store.

CAN'T KEEP GRANDMA IN HER CHAIR
She's as lively as a youngster—Now her Backache is better—Many sufferers relieve nagging backache quickly, ease their troubles, and enjoy life by using the **EXCESS** kidney pills. The kidneys are Nature's chief organs, taking the excess acids and waste from the blood. They help most people, even those with a flat back.

When disorder of kidney function, serious poisonous matter to remain in the blood, may cause nagging backache, rheumatism, leg pain, loss of pep and energy, vertigo, dizziness, swelling, puffiness under the eyes, headaches and dizziness. Frequent or constant messages with stinging and burning sensations shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for **EXCESS** kidney pills, used successfully by millions for over 40 years. They give kidneys a rest, and wash out the 15 million of kidney toxins that poison our veins from your blood. Get **EXCESS** kidney pills.

Engineers Are Asked To Review Request

WASHINGTON, Sept. 14.—(AP)—The House Rivers and Harbors committee has adopted a resolution asking the army engineers to review a report on the channel connecting Palacios, Tex., with the intracoastal waterway.

The Palacios chamber of commerce asked that the project be extended to include privately constructed docks and terminals.

It is believed the first Sunday school in the United States was opened at Roxbury, Mass., in 1674.

Post War Planning By Farmers Is Urged

TOFEKA, Kans.—Farmers can prepare themselves to withstand any economic shocks that may result from the coming of peace, if they will "atten" their farms now for possible lean years ahead, according to an article in the September issue of Capper's Farmer.

Describing how farmers can gear their operations to meet the competitive conditions of postwar years, the article cites a 4-point farm improvement program which L. E. Marrs, owner of a group of farms near Sidney, Ohio, has developed to assure his future security.

"To Mr. Marrs the notion that depression can be ordered out of the postwar picture is plain wishful thinking," the article points out. "So he has engaged in a program of practical finger-crossing. His farms in Shelby county are being readied in wartime to withstand any shocks that may come after peace. He is improving both the productive capacity and the physical plant of each unit."

Marrs' 4-point postwar recipe for security includes:

1. Storing up a reserve of fertility that will carry into, and if possible through a lean year.

totaling \$648 and averaging \$30 each, went out. Williams urges all veterans who are interested in the benefits to be had under the servicemen's readjustment act, to contact a commission representative. The commission has 23 offices and 137 itinerant service points throughout the state. Duration of readjustment allowances vary from eight weeks minimum to 23 weeks maximum depending on length of service in any branch of the army, navy, marines or coast guard.

Man Lay Wounded, Directing Fire

HEADQUARTERS, European Theater of Operations.—(P)—While his own and enemy fire passed over his head, Staff Sergeant Raymond D. Saunders, of Wichita Falls, Texas, lay wounded for four hours on a Normandy battlefield. He was acting as spotter for his machine guns which had been placed in an alternate position behind him when he was pinned down by cross-fire, and wounded.

A shrapnel burst hit him in the left leg and left chest. A first-aid man who came to his rescue under fire was shot. Eventually the firing let up and he crawled back to his own position. Sgt. Saunders was recently being treated for his wounds at a United States army general hospital in England. He formerly worked in a bottling plant in Wichita Falls, Texas. His wife, Thelma, lives there.

In 1766, Rhode Island enacted laws for the preservation of the oyster, to keep coastal beds from being scraped bare.

Marauders' Leader Praises Very Highly Quality of Ordnance

Brig. Gen. Frank Dow Merrill, famed leader in Burma of Merrill's Marauders who recently returned to this country, expressed his deep appreciation of the excellent supply service of the ordnance department, army service forces, in the China-Burma-India theatre.

"In quality and quantity," General Merrill said, "ordnance battle tools and ammunition left nothing to be desired. Ordnance efficiently supplied the 5,000 American troops under my command with complete combat equipment in duplicate—two rifles, two bayonets, an extra supply of hand and rifle grenades, two ammunition belts—two of everything. So abundant was the ordnance materiel placed at our disposal that our biggest problem was to decide what to leave behind. "After we entered the jungle, we received our ordnance replacement weapons and ammunition by air. There was no time for the field repair of our weapons because we were a fast moving outfit operating in hostile territory. In 100 days we marched 750 miles down some of the toughest country in the world against unrelenting Jap opposition.

DO "PLATE-SORES" BOTHER YOU? If your "GUMS" itch, burn, or cause you discomfort, druggists will return money if the first bottle of "LETO'S" fails to satisfy. **CRETNEY DRUG STORE**

But so efficient was the ordnance supply system that our entire force, if the need had arisen, could have been furnished with a complete set of battle tools in 12 hours."

According to information received today by Capt. R. M. Smith, commanding the Pantex Ordnance plant, Amos, Tex., of which Certain-Seed Products corporation is prime contractor, General Merrill said that in five major battles and 30 minor skirmishes the Marauders cut the Japanese 18th division to pieces, leaving only approximately 400 survivors. He estimated total Japanese casualties in the north Burma campaign at between 8,000 and 9,000 men, while U. S. casualties were relatively light and not one American soldier was taken prisoner. Wounded Marauders were evacuated by air.

In one 20-minute fight, the Marauders accounted for 350 Jap casualties. General Merrill attributed the jungle superiority of the Marauders to the dependability of ordnance small arms, the quick-firing marksmanship of his men, and the free-wheeling unorthodox style of the American brand of campaigning as contrasted with the Japanese slavish adherence to the rule books.

In the battle for the town of Myitkyina, the Marauders brought into action the famed ordnance 75-mm howitzer which had been disassembled and dropped by air. Sev-

eral veteran field artillery sergeants, who had voluntarily accepted the rank of private in order to join in the expedition, gave a superb example of their specialty, dropping howitzer shells by rule of thumb 50 yards in front of the attacking Marauders. The capture of Myitkyina airstrip and the fall of the stubbornly defended nearby town ended the Marauders' first Burma campaign.

In the Chinese language the same word may often serve as noun, adjective, verb or adverb.

Freight Company's Request Turned Down

SAN ANTONIO, Sept. 14.—(P)—Motion of the Red Arrow freight lines for a rehearing in the case of Red Arrow freight lines vs. E. O. Metz of Cameron county, was overruled here yesterday by the fourth court of civil appeals. The plaintiff was allowed 15 days in which to file a second motion for a rehearing.

Smoke Signals

The senate has begun discussion of the Dumbarton Oaks conference and the American plan for a world security organization which "leaked" from that secret conference. And the very first day of debate was marked by a smoldering speech reminiscent of the smoke screen laid down in the senate during the League of Nations debate 25 years ago.

The American plan was subjected to a partisan attack by Senator Eustace C. Dill of South Dakota, who credited President Roosevelt with its authorship. He charged that the plan gave the President sole power to declare war, made him an "absolute despot" and that it was a "betrayal" of the American people. He also charged that the plan was a "betrayal" of the American people.

The question of an international security organization has thus far kept pretty clear of politics and it would be too bad if it started slipping in that direction. There is no reason why it should. Even the most pessimistic republicans must admit that the organization, once formed, will endure beyond Mr. Roosevelt's tenure of office, however long.

The Nation's Press

OIL RESERVES
 The New York Sun

Pessimistic predictions that the world will exhaust its petroleum reserves in two to five years have been brought from Wallace E. Pratt, geologist and vice-president of the Standard Oil Company of New Jersey, the assertion that "it is hardly conceivable, unless wars are to continue unceasingly, that the United States will suffer a critical shortage of liquid fuels within the foreseeable future." The statement appears in an article in the current issue of the Journal of Business, a publication of Chicago University.

Although consumption has increased steadily, says Mr. Pratt, the volume of proved reserves in this country has grown with remarkable uniformity. On the same basis, he argues, it is fair to assume that the present proved reserves of the world, amounting to 51,000,000,000 barrels, ultimately should be enough to supply 100,000,000,000 barrels of oil in this country alone. There are four promising areas in which to search for more oil: the Gulf of Mexico, the margins of the Caribbean Sea, the East Indies and land bordering on the Arctic Ocean in North America, Europe and Asia. All along this Arctic fringe are pronounced seepages making evident even to laymen that a wealth of petroleum must be not far beneath the surface.

The fact that we are living on top of this big reservoir of liquid gold does not mean, however, that it will be wasted, Mr. Pratt says. His article was prepared before the recent Anglo-American petroleum agreement was announced, but in it he urged the establishment of a commission to fix international quotas and insure fair and orderly distribution somewhat as outlined by that understanding. There is little reason to fear that, used with prudence, the great stores of petroleum still below ground will be exhausted in short order.

THE WAY OF COMMON SENSE

(The News and Courier, Charleston, S.C.)

Liberal spokesmen in New York who say that "any presidential candidate who betrays 70 per cent of the people of his state" in the Electoral College would never dare go home again, would be ostracized if not lynched by his in-laws, are speaking in ignorance, though not in sincerity. In the Electoral College they will probably vote for Senator Harry Byrd. They will be true to their trust. If the Rooseveltians or the Republicans should be successful in November, their factors will vote for their respective candidates. If they selected so to do they would be ostracized. Lynch-

Common Ground

By E. C. HOLES
 "I speak the plain word of truth. I give the sign of democracy. By God I will accept nothing which is not the counterpart of me on the same terms."
 —WALT WHITMAN.

The Martyr Type

We are suffering most from the martyr type of individuals. The people who think they have some short-cut way of reducing poverty. If only the rest of the people would turn the management of their property over to the State, as has been the trend in the last thirty years.

This class of people was brought to my attention by the visit to my office of a young man who claimed to be a representative of the Quakers. He was traveling over the country as an employee of Quaker groups in the interest of what he thought was freedom.

When he was questioned, however, it was evident he had little conception of freedom. He thought because he was working for less than he could get elsewhere that he was entitled to a job when those who were supporting him failed to continue to do so.

He even believed that the big industrialist should not be permitted to discontinue production and throw people out of work who could not be sold. He could not seem to see that the State, by compelling a man to produce something that he did not believe was most needed, was interfering with that man's freedom.

This young man was having a wonderfully good time going over the country, thinking he had some magical way of rapidly reducing poverty. His whole plan, when analyzed, resolved itself into having the State manage the production rather than have it managed by those who had saved enough to have it.

Work Resumed at Houston Company

HOUSTON, Sept. 14.—Shipbuilding production by the Todd-Houston Shipbuilding Corporation was under way again today after two unions called off their protest.

Work was resumed last night after members of Local 731 of the Welders Union and Local 466 of the Boilermakers Union, both affiliated with the A. O. U. L., dropped their protest.

The decision to return to work came after telephone and conference between J. P. McCollum, and Dr. Edwin A. Elliott, chairman, 16th regional labor relations board.

Col. Ike S. Ashburn, industrial personnel director at the yard, said Monday and one yesterday were involved in a dispute over the plant employees between 8,000 and 9,000 workers each shift. Ashburn said 20,000 employees were involved in the dispute which had delayed work that continued operations were impossible.

Army Teaching Robbery

Many people think that when the soldiers come home we will have a better government. They do not seem to know what the Army is doing to them. The Army, including the Commandant-in-Chief, is teaching many of the soldiers to be robbers.

The Army requires the soldiers renting property to turn in the amount of rent they are paying. Then the Army reports this to the Federal Reserve Bank. The bank then reports this to the Treasury Department in many cases, reduces the rent.

If the soldier continues to pay what every American should pay—a free market price—for the property, and it is above the ceiling price, he is disobeying laws sanctioned by the Commandant-in-Chief and subject to a fine of \$5000 and a year's imprisonment. This he has to give up his ideas of freedom and liberty in order to obey the man-made dictatorial laws.

Many of the Army men who believe in the American way of life resent this order from the highest officers of the Army that compels them to rob the owners of the property. They think that the military police in the long run will make it difficult for anyone to rent property.

It is strange that we are fighting government tyranny in Europe when, as the colored soldiers and sailors, we are being taught to be more wet pig like "we."

We hope, has been abandoned for all time in South Carolina. However, the new motto of the new Republic, champion of the Heilemites.

In a fairly close contest between the Republicans and the Democrats, 89 votes in the election to the house of representatives, where South Carolina, Louisiana, Montana, Wyoming, New York and Pennsylvania each would have one vote.

MAYBE IT'S HERE:

Leaves From The Editor's Notebook

A lot of bright old fellows, who are getting interested in television. According to the Scientific American, a bank in Long Island, N. Y., says 22 per cent of its depositors are saving to buy television receivers, while only 13 per cent craved new motor cars. And still more forward-looking fellows are saving their money for helicopters.

"There," says an interested bystander, "is something to tell grandpa." But don't be too sure of surprising him. There are a lot of grandpas just as much interested in such new scientific marvels as are the high school and college boys.

On Vimy Ridge, on the French eastern border, stands a gleaming white monument. It commemorates the Canadian capture, in the last week of that strongly fortified height, Allied troops sweeping recently through this sector found the monument undamaged and not even scarred.

For the last four years this monument has heaped beholders as the remembrance of a great victory over the same German foe, and as a symbol of a better day to come. Now the day is at hand, and the monument has fulfilled its mission. May it never be needed for inspiration in another war.

A business house, going thru its files, found a code of dress instruction for its women employees dated 1914. One clause suggested that cosmetics of any sort were out of place in a business office.

Another clause forbade hats too large to fit into a locker. How time changes! And will girls' dress and habits of today seem as odd 30 years from now? Very likely. In human affairs there is nothing more sure than change.

In a fairly close contest between the Republicans and the Democrats, 89 votes in the election to the house of representatives, where South Carolina, Louisiana, Montana, Wyoming, New York and Pennsylvania each would have one vote.

As both national parties and their candidates are in policy hostile to South Carolina and other states insist upon the rights reserved to the states, it will be the part of prudence under the constitution to gain now what advantage they can.

In a close contest, one or another of the leading parties and candidates would treat with the South. The only way to insure the safety of the South's safety could be extended from them.

More than that, the power of these states, again described as in "rebellion," would receive pledges for a fair share of federal patronage.

The gentlemen now in office in South Carolina think that their one chance of holding on to patronage and getting subsidies for the state is in the success of the Roosevelt ticket. They are wrong. Their chances would probably be better if they should join with those asserting the independence of their state, the national Democratic party having turned against, having "ostracized" any and all Southerners who, like Mr. Byrnes, aspire to the vice presidency or the presidency.

HOUSTON, Sept. 14.—Shipbuilding production by the Todd-Houston Shipbuilding Corporation was under way again today after two unions called off their protest.

Work was resumed last night after members of Local 731 of the Welders Union and Local 466 of the Boilermakers Union, both affiliated with the A. O. U. L., dropped their protest.

The decision to return to work came after telephone and conference between J. P. McCollum, and Dr. Edwin A. Elliott, chairman, 16th regional labor relations board.

Col. Ike S. Ashburn, industrial personnel director at the yard, said Monday and one yesterday were involved in a dispute over the plant employees between 8,000 and 9,000 workers each shift. Ashburn said 20,000 employees were involved in the dispute which had delayed work that continued operations were impossible.

Many of the Army men who believe in the American way of life resent this order from the highest officers of the Army that compels them to rob the owners of the property. They think that the military police in the long run will make it difficult for anyone to rent property.

It is strange that we are fighting government tyranny in Europe when, as the colored soldiers and sailors, we are being taught to be more wet pig like "we."

We hope, has been abandoned for all time in South Carolina. However, the new motto of the new Republic, champion of the Heilemites.

In a fairly close contest between the Republicans and the Democrats, 89 votes in the election to the house of representatives, where South Carolina, Louisiana, Montana, Wyoming, New York and Pennsylvania each would have one vote.

As both national parties and their candidates are in policy hostile to South Carolina and other states insist upon the rights reserved to the states, it will be the part of prudence under the constitution to gain now what advantage they can.

In a close contest, one or another of the leading parties and candidates would treat with the South. The only way to insure the safety of the South's safety could be extended from them.

More than that, the power of these states, again described as in "rebellion," would receive pledges for a fair share of federal patronage.

The gentlemen now in office in South Carolina think that their one chance of holding on to patronage and getting subsidies for the state is in the success of the Roosevelt ticket. They are wrong. Their chances would probably be better if they should join with those asserting the independence of their state, the national Democratic party having turned against, having "ostracized" any and all Southerners who, like Mr. Byrnes, aspire to the vice presidency or the presidency.

NEWS BEHIND THE NEWS

The National Whirligig

By ALBERT LEMAN

SUPPLIES—We are mourning a speedy victory in Europe not only because of the valor, mobility and hitting power of our field armies but because we are about to witness, as well as the culmination of a wisely planned and long sustained program to cut off Germany's means to fight.

This last phase so far has been less spectacular than the brilliant dashes of Bradley's and Montgomery's sprinters have been. But its possible results are among the reasons why field troops could not stand in France, Belgium and Holland and may not even be able to hold the West Wall for long when Eisenhower rolls up his battering-ram.

Experts on economic warfare point out that we have been turning off the faucets—tap by tap—through which poured a stream of supplies to the Wehrmacht. Now when the flow is most needed, it is reduced to a trickle.

HOPELESS—This curtailment may have a profound effect on the German GHQ. It is tomorrow's battle—not today's—that plagues generals. They always hope that they can counteract the ill fortune of the moment.

But when confidential reports from the supply services show that no more ammunition, oil or food can be delivered to the front lines, the logical military knows that the jig is up. Commanders are then prone to wave the white flag to stop useless bloodshed.

The start of the retreat at the climax of the First Battle of France can be cited as an example. He still had men, ports, ships and space for maneuver. But when he was certain that his arsenal was empty, he quit.

Gest

KEY-OPEE
 NOW THAT DR BRONSON'S EXPEDITION HAS ARRIVED IN PALESTINE (90 B.C.) I'M SURE WE'LL FIND THEM IN EZION-GEBER.
 FEELING BETTER, EH? FINE! AND NOW CONCERNING YOUR FORGOTTEN PAST, I THINK WE'VE A NEW CLUE.
 ALL RIGHT THERE, YOU, THE NEW SLAVE—WE'RE READY FOR YOU—COME ALONG.
 AND YOU REALLY DID KNOW THE MASTER BEFORE HE LOST HIS MEMORY? HOW PERFECTLY THUNDERING!
 OKAY, DEARIE, MAKE THE MOST OF YOUR OPPORTUNITY.

MECHANS
 IF YOU MAIL THAT PICTURE OF HILDA'S FEET I GUESS I'LL START HER ON A NEW CAREER! AND IF SHE ACHIEVES SUCCESS SHE WON'T HAVE ANY USE FOR COMMON PEOPLE LIKE US!
 IT'S FUNNY, SEEING YOU DO HOUSEWORK MR. GRUBBLE! HA-HA!
 OH, YEAH? WELL, I'M ONLY DOING IT BECAUSE HILDA IS TRYING TO SAVE HER FEET!
 BUT I AIN'T TRYING TO SAVE MINE!!

**McCormack Attacks
Dewey's Speeches**

WASHINGTON, Sept. 14.—House Majority Leader McCormack of Massachusetts Tuesday accused Governor Thomas E. Dewey of "brazen disregard of the truth to get votes" when he charged the democratic administration with failing to plan for demobilization of the armed forces.

McCormack told the house that the republican presidential nominee "hit below the belt" in his recent Philadelphia and Louisville speeches, "in an attempt to create a false issue."

Discussing Dewey's charge, McCormack said that "he will stop at nothing to try and get votes."

Dewey, in his opening campaign speech at Philadelphia quoted Maj. Gen. Lewis B. Hershey, director of

selective service, as having said that "we can keep people in the army about as cheaply as we could create an agency for them when they are out." Of this quotation, McCormack said:

"General Hershey has absolutely no connection with the war department x x x. Governor Dewey knows or ought to have known that General Hershey has nothing whatsoever to do with demobilization."

The democratic leader said that the war department announced demobilization plans the day before Dewey's Philadelphia speech and furthermore that congress has considered the question in detail.

"Why did Governor Dewey make this charge? There is only one inference to draw and that he made it in an attempt to obtain a political advantage. x x x

"The effect of his charge is of such a nature that it might confuse in the minds of the troops an official order of the war department with a willful, political charge which can only deceive our men and to influence their loved ones at home. His purpose is to get votes."

Europe's smallest of the continents, with the exception of Australia.

**Nimitz Recommended
For Full Admiralty**

WASHINGTON, Sept. 14.—President Roosevelt asked the senate Tuesday to make Adm. Chester W. Nimitz's present temporary navy rank as a full admiral effective as of Dec. 31, 1941.

The nomination would not change the war-time rank of the admiral, now commander-in-chief in the Pacific, but would date his commission back to the start of 1942.

The President also asked the senate to make Adm. Royal E. Ingersoll's rank effective from July 1, 1942. Ingersoll, from La Porte, Ind., is commander in chief of the Atlantic fleet.

**NAZI REPEAT
OLD LINE NAMES**

NEW YORK.—(AP)—In World War I the Germans had a "Siegfried line" and also a "Wotan" line on the western front, showing that the Nazis had not been pioneers in invoking the names of ancient Teutonic heroes.

The earlier Siegfried line, considerably shorter than its World War II namesake which parallels the Rhine, was created in 1916 as an outpost of the northern part of the Hindenburg line. It protected the supply depots of Douai and Cambrai. The Wotan line was another protective installation, 12 miles long.

Both positions were overrun by the British in the autumn of 1918 and became death traps for the Germans.

**Crown Prince Goes
Home With 'Jesse'**

WITH AMERICANS IN THE MAGINOT LINE, Sept. 11—(Delayed)—(P)—Crown Prince Jean of Luxemburg went back home with the Americans in a jeep driven by Capt. William "Jesse" James of Dallas, Texas.

Capt. James zigzagged all over northern France and bumped across one railroad trestle because of a blown up bridge, to get his royal passenger safely into the capital city of the grand duchy.

**Australian Disputes
Senator's Statement**

CANBERRA, Australia, Sept. 14.—(AP)—Prime Minister John Curtin yesterday flatly denied that the Australian government knew a Japanese fleet was sailing toward Pearl Harbor before the Dec. 7, 1941, attack.

Commenting on a statement in the United States congress that Australians had spotted the fleet and warned Washington, Curtin said, "This is pure invention. Our cables had no data regarding the Japanese fleet."

(Rep. Marnes, Indiana republican, told the house yesterday that "there appears to be an abundance of evidence" such information was relayed to Washington by Australia 72 hours before Pearl Harbor was bombed).

Market Briefs

NEW YORK WALL STREET

NEW YORK, Sept. 13.—(P)—Stocks moved lower almost from the start today and under increased late selling leaders registered declines ranging from fractions to around 2 points.

Volume for the five hours was approximately 800,000 shares, largest in about a week and accounted for by the late hour session. Sellers appeared influenced by the market's failure to extend the slow advance of the two previous sessions, taking this as a sign of an unfavorable technical position.

Stocks in lower ground in the final hour included Goodrich, U. S. Rubber, Chrysler, U. S. Steel, Montgomery Ward, Sears Roebuck, Douglas Aircraft, North American, Santa Fe, Southern Pacific, and Great Northern.

CHICAGO GRAIN

CHICAGO, Sept. 13.—(P)—Feed grain futures were unsettled in dragging markets today, but wheat held strong, supported by a broad short-covering movement and a lack of offerings which trade sources attributed to commodity credit corporation purchases and the government loan program.

At the close wheat was 1/4-1/2 higher than yesterday's finish, September \$1.57 1/2. Oats were 3/4 higher to 1 1/2 lower, September 57 1/2-58. Rye was off 1/2-1 1/2, September 84 1/2-85. Barley was 1-1 1/2 lower, September \$1.00.

**Hutchinson County
Seeks New Highway**

AUSTIN, Sept. 14.—(P)—At the monthly statewide highway commission hearing Wednesday, Grayson county asked the commission's help securing federal funds to construct a bridge over Mineral creek on county road between Denison and Gordonville, and an increased federal allotment for construction of a bridge across the Denison dam reservoir between Whitesboro, Texas, and Madill, Oklahoma.

Hutchinson county requested designation and construction of a highway connection between Sinton, Texas, and Guyton, Okla. The fact that Phillips Petroleum company recently built a 100 octane gasoline plant on the state line at this point, makes this road likely to be considered.

Cook county asked advisement on what the federal government plans to do about the inter-regional highway system in order that they may make postwar plans accordingly.

**Texans Work Toward
Conservation Plans**

COLLEGE STATION, Texas, Sept. 14.—(P)—Nine Texans banned together today to launch a program of cooperation between agencies working with agriculture to promote soil building and soil and water conservation over the state.

The nine Texans named at the meeting included Frewit, director A. E. Conner of the Texas agricultural experiment station; V. C. Marshall, Austin, administrative officer of the U. S. soil conservation service; Paul Walsler, Temple, soil conservation service; Dr. Ide P. Trotter and F. R. Alexander, Texas A. and M. college.
