

# PORTS OF BREST, BOULOGNE FALL

## Both Sides Denounced in Democratic Court Hearing

### Investive Is Thrown Two Hours

AUSTIN, Sept. 20.—(AP)—Either side hurled the charge of unclean hands today as Texas' battle over democratic presidential electors went before the state supreme court.

Robert W. Calvert of Hillsboro, pleading for the Roosevelt-controlled democratic executive committee which Roosevelt-Triunvirate pledged election of the September convention certified for the ballot, claimed that the anti-Roosevelt controlled electors named in May are attempting to subvert the party and have no right to come into court with unclean hands.

Flinging the charge back at Calvert was Frank Knapp of Houston, an attorney for the May electors, who asserted the national party itself had attempted to disfranchise a big portion of Texas democracy by refusing to seat at the national convention the full delegation chosen at the state's regular May convention.

Attorney C. C. Renfro of Dallas denied that the majority of the delegates to the Dallas convention were selected on the election issue, and that the test vote at the session was not on that issue, but on the seating of the Dallas delegation.

"If they had the power to remove these candidates, they also could remove candidates for the legislature," he told the court.

Renfro in reference to the soldier vote question, said the May convention had no desire to deprive any citizen of his vote, and was willing for "the nominees of the Rump (pro-Roosevelt) May 23 convention to be placed on the ballot in a column plainly marked Roosevelt-Triunvirate."

James V. Alfred, arguing for the position of the September convention, said the other side was "asking

## Two Palau Islands Virtually In Yank Hands, China Faces Crisis

### VICTORY PLANE

This North American P-51 fighter plane was bought with war bonds sold to members of the LeFors Fine Arts club during the Fourth War Loan drive.

### First American Warship Sunk in Palau Campaign

Palau's two southern most islands were reported virtually in American hands today as Mitchell medium bombers took up the task of knocking out Japanese defenses in the southern Philippines.

Only two isolated Japanese pockets on Angaur island remained to be cleaned up by infantrymen of the 81st division at the southern tip of Palau. The southern portion and most of the eastern coast of rugged Peleliu has been conquered by First division marines, official announcements said.

Later report from John Cooper broadcasting over combined American networks said all but the narrow northern end of the island had been conquered.

Sinking of the first American warship in the Palau invasion was announced by the navy in reporting the loss of three ships, including the mysterious loss of the submarine Flier. A cryptic navy announcement indicated the Flier was either captured by the Japanese or sunk, and part of her crew of 65 was rescued by other American craft.

It was the 30th sub lost from the undersea fleet which has torpedoed 931 Japanese ships, including a record bag of 29 announced yesterday.

Tokyo radio reported the submarines victims included 930 prisoners of war, among them 750 Americans, aboard two Japanese transports torpedoed off the Philippines.

H. O. Olsen, scout executive of the Adobe-Walls council, together with scoutmaster of the seven Pampa troops, will have charge of the collection of the waste paper in the trucks that will end Saturday afternoon. Six army trucks, with military personnel drivers, will accompany the scouts to collect every available scrap of paper.

In mapping plans for the mission, the scout executive said, Friday, Sept. 22, would be devoted to the collection of paper on the north side of the Santa Fe tracks, and Saturday, September 23, would be devoted to the south side.

Garnet Reeves, secretary of the Pampa chamber of commerce, and member of the Pampa salvage committee, has been sold to the American Paper and Stock company, Dallas.

The Negro, under death sentence in the slaying of a San Angelo white woman, was discovered late yesterday in a ranch ravine by Chief of Detective Duke Carver. Detectives G. W. Hutten and J. L. Kirk and J. P. Ashley.

Carver said ten shots were fired before the soldier was stopped. Five of the bullets took effect in the Negro's arms and body, and Carver described his condition last night as critical, but added an early examination had not revealed the extent of his wounds.

The Negro, convicted by a general court martial at the San Angelo army airfield of the "murder of Peggy Lou Arnold by striking her with his fists and kicking her and stamping her on the head and body with his feet," was brought to Fort Sam Houston in July.

### LeFors Club Is Honored On Field of Battle With P-51

Perhaps flying on a mission over Germany today a North American P-51 fighter plane which was made possible through war bonds purchased by members of the LeFors Fine Arts club, during the Fourth War Loan drive, was honored as chairman of the drive, made the "buy a bomber" campaign a special project last spring.

Serial numbers and the amount of the bonds were submitted to Mrs. John Perry of Sweetwater and she announced the success of the campaign.

### Paper Collection Drive Is Planned Here This Week

Mr. and Mrs. Pampan, your door knob will have a poster on it this afternoon, for there are 40 school students engaged in the process of announcing a waste paper drive being launched by Pampa boy scouts Friday.

H. O. Olsen, scout executive of the Adobe-Walls council, together with scoutmaster of the seven Pampa troops, will have charge of the collection of the waste paper in the trucks that will end Saturday afternoon. Six army trucks, with military personnel drivers, will accompany the scouts to collect every available scrap of paper.

In mapping plans for the mission, the scout executive said, Friday, Sept. 22, would be devoted to the collection of paper on the north side of the Santa Fe tracks, and Saturday, September 23, would be devoted to the south side.

Garnet Reeves, secretary of the Pampa chamber of commerce, and member of the Pampa salvage committee, has been sold to the American Paper and Stock company, Dallas.

The Negro, under death sentence in the slaying of a San Angelo white woman, was discovered late yesterday in a ranch ravine by Chief of Detective Duke Carver. Detectives G. W. Hutten and J. L. Kirk and J. P. Ashley.

Carver said ten shots were fired before the soldier was stopped. Five of the bullets took effect in the Negro's arms and body, and Carver described his condition last night as critical, but added an early examination had not revealed the extent of his wounds.

The Negro, convicted by a general court martial at the San Angelo army airfield of the "murder of Peggy Lou Arnold by striking her with his fists and kicking her and stamping her on the head and body with his feet," was brought to Fort Sam Houston in July.

### Oil Men Oppose Petroleum Pact

AUSTIN, Sept. 20.—(AP)—Chairman Beauford Jester of the Texas Railroad commission today began selecting personnel of a committee of oil men to express opposition to the Anglo-American petroleum agreement which has been submitted to the U. S. senate.

Approximately 150 oil operators, meeting informally with the Railroad commission yesterday, approved a resolution condemning what was described as a treaty device inherent in the agreement.

Their complaint was that a treaty requires creation of an international commission which could take over all phases of oil industry regulation in this nation to the exclusion of state agencies. A counter suggestion was that the United States and the United Kingdom, and possibly other nations, set up an international oil compact commission with advisory power only—primarily to encourage conservation of petroleum reserves—instead of an agency with directive authority.

Jester who recently returned from Washington told the oil men: "I look upon it (the agreement) as an international approach to federal control of oil."

His theory was that if the agreement is approved and a treaty set up, this nation must name an agency to implement its part of the treaty and that agency will necessarily be a federal agency with powers superseding state regulations.

Commissioner Ernest O. Thompson asserted that unless the agreement is amended to create an advisory commission—similar in type to the Interstate Oil Compact commission in the United States only—Texas could be subjected to a flood of "cheap foreign oil which will put

### Sentenced Negro Is Wounded in Capture

SAN ANTONIO, Sept. 20.—(AP)—Sylvester Davis, 25-year-old Negro who escaped from Fort Sam Houston prison Sunday, today was in Brooke General hospital here for treatment of wounds received during his recapture on the J. P. Ashley ranch, 17 miles north of San Antonio.

The Negro, under death sentence in the slaying of a San Angelo white woman, was discovered late yesterday in a ranch ravine by Chief of Detective Duke Carver. Detectives G. W. Hutten and J. L. Kirk and J. P. Ashley.

Carver said ten shots were fired before the soldier was stopped. Five of the bullets took effect in the Negro's arms and body, and Carver described his condition last night as critical, but added an early examination had not revealed the extent of his wounds.

The Negro, convicted by a general court martial at the San Angelo army airfield of the "murder of Peggy Lou Arnold by striking her with his fists and kicking her and stamping her on the head and body with his feet," was brought to Fort Sam Houston in July.

### 31 Days Allowed For Panhandle

AUSTIN, Sept. 20.—(AP)—Texas will produce an estimated 2,134,113 barrels daily of crude oil in October, based on a production order issued by the Railroad commission.

The estimated production is 1,113 more barrels than certified for October by the petroleum administration.

The October production pattern included 24 general producing days, including the East Texas field which will be held to 23. The Panhandle remains unrestricted as to producing days in October as in September.

Average daily allowable in October will be 2,304,650 barrels, but production, based on a flow which normally is about 740 per cent less than allowable, is estimated at 2,134,113 barrels. The PAA recommended 2,133,000 barrels of crude oil in October.

Production of 147,700 barrels of distillates and natural gasoline will place the output of all petroleum liquids in Texas at 2,281,813 barrels in October, or 3,813 barrels more than certified by PAA for overall production in this state.

### Gracie Reporting

By GRACIE ALLEN

Consolidated News Features

And we haven't even turned Sinatra loose on them yet!

Imagine what Gracie Allen might happen if Frankie, like some modern Pied Piper, started to work on those Rhine maidens. I can just see Fran Goering sitting in front of the radio in bobby socks as Der Frankie croons: "Ich bin nicht mehr zu look at—nein schoen to see."

She squeals and says: "Ach, Hermann, stop the shooting! I want to hear Frankie! Ich liebe dich dot boy!"

To which Hermann replies: "Stop the shooting? But what about der fuhrer?"

And she says: "All right—one more shot, but be sure you hit him."

I don't know, General Eisenhower, it might be worth a thought.

Five-One Garage, 600 S. Cuyler, Ph. 51.—Adv.

### Don't Laugh, Now—Fuhrer Has Trouble

DONT LAUGH NOW . . .

ROME, Sept. 20.—(AP)—The following order by a Nazi political education officer of the German First parachute division was seized on the Italian front:

"Officers must counteract with all possible means and with conviction assertions made by the enemy as well as even some of our own people that the fuhrer goes mad with rage and when he is in that state he tears down curtains, bites the carpet in his rage and rolls in convulsions on the floor."

The order added that there are witnesses who know Adolf Hitler "is well above such a lack of control," although "many a man in the street if he were exposed to the disappointments which the fuhrer has to bear would have gone under long ago."

### Herrenvolk Prefer Remaining Behind

WITH THE AMERICAN FIRST ARMY, Sept. 20.—(AP)—Although spearheads of the U. S. First army are pointed through the Siegfried line toward the heart of the Rhine-land, thousands of German civilians are remaining in their homes in direct disobedience to Nazi party orders for evacuation.

**FOUR YEARS AGO TODAY** (By The Associated Press)

Sept. 20, 1940—Brig. Gen. George Strong of U. S. army, returning from London, says German air raids have failed to do serious military damage; both British and Nazis exchange new night blows in air.

### By DWIGHT PITKIN

Associated Press War Editor

The mighty allied airborne army today poured sky troops and supplies for the fourth straight day into the fight for the water barriers of the Rhine delta, thwarting Germans attempts to hold up the battle of Germany by suicide stands in isolated Atlantic ports.

Allied airborne troops and ground armor were moving at blitzkrieg speed in beating back the Germans in Holland on direct approaches to Berlin from the west.

The Germans suffered two major losses in their fights for Atlantic ports which they attempted to destroy and make unusable while they dug in along the west wall.

Allied headquarters announced that all organized resistance in the great Brittany part of Brest had ceased and German troops were cleared from the nearby peninsula to which the Brest garrison had withdrawn.

The channel port of Boulogne also apparently fell to the allies. The commune said, "On the coast we captured the citadel and Mont Lambert in Boulogne." Algiers radio said the Boulogne garrison surrendered.

### Germans Beaten in Air

"The advance of allied forces in Holland has continued rapidly," the communique said. "Ground troops made contact yesterday with more airborne formations. Eindhoven is in our hands and our armored units have advanced nearly 40 miles to the area of Nijmegen."

The Germans took a beating in the air. Allied fighters and fighter-bombers cooing the airborne operations knocked down 26 enemy aircraft against a loss of nine fighters.

RAF heavy bombers kept up the assaults on communications centers feeding German forces in the west wall, which is now threatened at its northern flank by the big offensive in Holland. In night operations the RAF pounded the twin towns of Munchen-Gladbach and Rheydt behind the Siegfried line north of besieged Aachen.

### Resistance Stiffening

The American First army invading Germany ran into "heavy determined resistance" east of the German-Luxembourg sector. Farther south the U. S. Third army made gains south of Metz against stubborn resistance.

Rains that turned the front into a quagmire, bogging down armored operations, were said to have slowed the American armies from the sector west of Cologne south to the Belfort gap.

The Russians' Baltic offensive which has captured nearly 3,000 communities in four days menaced the German hold on Riga and moved powerfully toward clearing the Germans from Estonia, Latvia and Lithuania. Moscow said the drive was paving the way for the autumn offensive, "expected to be bigger than anything to date." Red army tank and motorized infantry units were said to have pushed deep into Riga's defenses.

An unconfirmed Stockholm report said Finnish troops had moved against German forces in northern Finland. Under the armistice agreement reached in Moscow with Soviet Russia and Britain, Finland is required to remove German troops remaining in the country. The allied German units in northern Finland, under the armistice agreement, reached in Moscow with Soviet Russia and Britain, Finland is required to remove German troops remaining in the country. The allied German units in northern Finland, under the armistice agreement, reached in Moscow with Soviet Russia and Britain, Finland is required to remove German troops remaining in the country.

The victims were Carl J. Stecklein, 58, a stock clerk at the Denver modification center, and Mrs. Ola E. Woolsey, 41-year-old widow employed there as a learner mechanic.

The witness, Mrs. Mary Ellen Davis, a clerical worker at the same plant, told detectives and police that Stecklein yesterday shot Mrs. Woolsey three times while they were sitting in the front seat of his car, then stepped out and fired a shot into his forehead.

The trio had set out together for the plant, Mrs. Davis said. Stecklein halted the car on the lawn of a park and accused Mrs. Woolsey of "running around with other men." Turning to Mrs. Davis, he said, "You are going to witness me killing 'Ola' and 'myself'." The woman told police.

Stecklein, said detectives, is survived by his widow and son, George, living in Hays, Kansas. Mrs. Woolsey's survivors include an 11-year-old daughter, Billie Lea, who lives in Denver, and a sister, Mrs. Dollie May Hendricks, of Plainview, Texas.

Mrs. Woolsey, whose husband, William G. Woolsey, died four months ago in San Antonio, Texas, came to Denver from Plainview, Billie Lea told Detective Joseph Holmdrake.

The county agent said that OPA ceiling price on the grain was \$2.08 per hundred pounds. This, according to the agent, is \$1.30 per hundred pounds under the price quoted in the release from Washington.

At present, Gray county loan value from the Commodity Credit Corporation is \$1.50 per hundred pounds at harvest time, which, said the agent, is approximately 25 to 35 cents under the normal price.

Grain growers in Gray county produced a bumper crop this year, but the yield is somewhat down due to fact that fewer acres were planted. The main difficulty, the agent said, lies in the harvesting of the grain. The shortage of manpower will cause much of the grain to be cut and put in bundles, therefore help will be needed in shocking grain sorghum.

The present wage scale for persons shocking the grain is 50 cents per hour, transportation to and from the fields, plus meals for the day. All available persons are urged to contact the county farm agent for this work.

Referring to the purported critical condition in other parts of West Texas, Rep. Mahon said Director Monroe Johnson of the office of defense, transportation promised to see whether additional freight cars could be found to help move the crop.

CCC officials were said to have agreed to see whether pre-fabricated bins could be scrapped up from other grain-producing areas and sent into West Texas, for sale to farmers at a cost of approximately 10 cents per bushel capacity.

Mahon also conferred with war food Administrator Marvin Jones and war production, board officials, in a manufacture of industrial alcohol.

### Man Gets Five Years For Selling Morphine

DALLAS, Sept. 20.—(AP)—A sentence of five years in a federal penitentiary for theft and sale of morphine syrettes from parachute first aid kits has been meted out to Lonnie O. Blakny, former foreman of the Fifth ferrying group's parachute department at Love field.

### Wind Disturbance Reported in Gulf

NEW ORLEANS, Sept. 20.—(AP)—A tropical disturbance in the eastern part of the Gulf of Mexico was reported today to be increasing rapidly in intensity and moving west-northwestward at the rate of 10 to 12 miles per hour.

## Congress Is Prepared for Capitulation

WASHINGTON, Sept. 20.—(AP)—Congress claimed victory today in its race against time to prepare for the collapse of Germany, polishing off the last of four major pieces of legislation marking out the road to peace.

Leaders said the lawmakers probably will recess late this week and return home until after the November elections. A bill creating an overall reconversion office is all that is needed to complete the four-point postwar legislative program, most of which has been whipped into shape since Allied troops began storming across France.

This program embraces: 1. Creation of an office of war demobilization and reconversion, to coordinate the program for shifting from a war to a peacetime economy. This legislation maintains "states' rights" in the administration of unemployment compensation.

2. Machinery for the disposal of \$100,000,000 of war accumulated government property, under the supervision of a three-member board.

3. A system of terminating war contracts involving billions of dollars and intended to facilitate industry in speedily shifting from the production of weapons of war to civilian goods.

4. The "GI Bill of Rights," providing benefits for war veterans. Shorn from the post-war legislation.

See CONGRESS, Page 6

## Gray Maize Crop Will Be Shipped With No Trouble

Although a release by the Associated Press said government help in West Texas bumper crop of maize, Gray county agent Glenn T. Hackney said today there will be little trouble in disposing of an estimated 600,000 bushels of the crop.

Rep. Mahon (D-Texas) said from Washington yesterday that lack of storage space and freight cars was causing tremendous daily financial loss to growers. He estimated the new yield to be in excess of the 1943 Texas crop of 72,000,000 bushels.

Hackney pointed out that Gray county will begin the shipping of from 12 to 20 million bushels of grain direct from the field to the consumer in the drought-stricken areas of East Texas, immediately after the first frost.

The county agent said that OPA ceiling price on the grain was \$2.08 per hundred pounds. This, according to the agent, is \$1.30 per hundred pounds under the price quoted in the release from Washington.

At present, Gray county loan value from the Commodity Credit Corporation is \$1.50 per hundred pounds at harvest time, which, said the agent, is approximately 25 to 35 cents under the normal price.

Grain growers in Gray county produced a bumper crop this year, but the yield is somewhat down due to fact that fewer acres were planted. ### A-3 Gas Coupons To Be Worth 4 Gallons

DALLAS, Sept. 20.—(AP)—District office of price administration officials said gasoline A-3 ration coupons which become valid Sept. 22 will be good for four gallons of gasoline each instead of the three gallons as has been the case.

OPA said this will not mean that coupon holders will receive any more gasoline than usual, however, as the new series contains only six coupons instead of eight. Gasoline coupons B-3 and C-3 will expire at midnight, Sept. 30.

### Man Gets Five Years For Selling Morphine

DALLAS, Sept. 20.—(AP)—A sentence of five years in a federal penitentiary for theft and sale of morphine syrettes from parachute first aid kits has been meted out to Lonnie O. Blakny, former foreman of the Fifth ferrying group's parachute department at Love field.

### Legion Auxiliary Officers Are Installed Monday

American Legion Auxiliary held its annual installation of officers at the City club rooms Monday evening. Mrs. W. C. deCordova acted as installing officer and Mrs. Al Lawson acted as installing sergeant-at-arms.

The following officers were installed: President, Mrs. L. R. Stout; first vice-pres., Mrs. L. R. Franks; secretary, Mrs. Hupp Clark; historian, Mrs. Roy Sewell; chaplain, Mrs. Corda McBride.

Members of the auxiliary voted to take a program and refreshments to the hospital at the Pampa air base with Mrs. Roy Hall in charge of the program and Mrs. W. C. deCordova in charge of the refreshments.

The unit also voted to sponsor the "Prayer for Victory" program. Members made arrangements to buy material to line lap robes for the Red Cross program.

After the meeting refreshments of individual ginger cakes and coffee was served to the following:

Mmes. L. K. Stout, Hupp Clark, Al Lawson, E. J. Kenney, W. C. deCordova, Roy Sewell, Nellie Ford, Roy Hall, L. R. Franks, Corda McBride and Miss Marcheta Hall.

**VARIETY OF USES**

NEW YORK—A large quantity of riding spurs have been announced for sale by the office of surplus property of the treasury department which described them as suitable for "attractive paperweights or bookends and can be easily converted into ashtrays and souvenirs."

Last year's profits of a pop dispenser in a government building in Washington topped the pay of a congressman by \$4,000. There's more in soft drinks than in soft soap.

### Fall Shawl Story

By EPNIE KINARD  
NEA Staff Writer

NEW YORK—The three-cornered shawl, alluring head or shoulder wrap of the 1860's, bows to a modern encore as a cocktail, dinner or street dress accessory for fall and winter, and boasts still another function which 19th century belles never thought of. It can be tied up, like a Gypsy's sash, and carried as an arm-slung bag.

The vogue for shawls of all sizes is going great guns and new collections show some large enough to enfold a Spanish dancer; some as small as a man-sized handkerchief. But more beloved is the dress that can put on a shawl act with flying fringe, bouncing pompons or flashing paillettes.

Newest and most practical use of the shawl-enslaved dress is the one that outfits a girl for the street. Gives her a warm and fluttering head wrap that can, if its gay enough, pass for a hat; that can be draped decoratively over shoulders; that can be tied up and used as a bag.

Fulfilling all of these requirements are the two outfits (above) which Samuel Kass launched in recent collections. At the left is a one-piece woolen dress and matching shawl in a new soft blue, called "Neptune," which uses rings of the same shade to outline, scarf, edge the skirt and make the pompons that button up the dress.

A "flame blue" red makes the woolen dress and matching shawl shown at the right, which uses baby pompons to embellish the shawl and peacock blue leather belt and buttons to trim the dress.

### WAC Assigned To Special Services

Lt. Jeanne E. Thompson, member of the Women's Army Corps, who arrived at Pampa army air field last week, has been assigned to duty as assistant special services officer.

She was formerly a WAC training officer at Daytona Beach, Fla.

A graduate of Craddock (Va.) high school, she studied pre-medical courses at William and Mary for two years and medical technology at the University of Pennsylvania.

Before entering the army on August 1, 1942, Lt. Thompson was a medical technician in Norfolk, Va.

### Girls! Don't forego this help because of an old TABOO

For 62 years many girls have sought relief in CARDUI's 2-way help. Some take it as a tonic; it usually stimulates appetite, aids digestion by increasing flow of gastric juices; thus helps build energy and resistance for needed days. Or take it, as directed, 3 days before "your time"; CARDUI then often aids in relieving functional pain.

This time try CARDUI

### Birthday Party Given in Archer Home This Week

Mrs. Howard Archer honored her son, Mickey, with a party this week celebrating his first birthday anniversary. The party was held in the home of his grandmother, Mrs. J. L. Harrison, 634 S. Gray.

Little guests were presented with paper hats and pictures were made. Ice cream and cake were served to Linda Gail Culppepper, Wayne Lee Harrison, Dale Edmond Coffin, Cassandra Coffin, Mickey Archer, Miss Dorothy Barrett, Mrs. J. W. Harrison, Mrs. Clarence Coffin, Mrs. James Culppepper, Mrs. J. L. Harrison and Mrs. Archer.

Sending gifts were Mrs. Lora Payne, Mr. and Mrs. R. V. Archer, J. L. Harrison, Richard and Joe Archer, Mr. and Mrs. T. C. Harrison of Ft. Worth, Sharon Griffith and Pat Thomas.

### "THOSE NEIGHBORS"

PITTSBURGH—They were neighbors in suburban South Hills and the children in time in time did the parents. Each family decided to move and each, unknown to the other, bought homes across the city in the North Hills. The other day they looked out across their back yards and found they were again—neighbors!

### SKIN IRRITATIONS OF EXTERNAL CAUSE

Acne, pimples, eczema, factory dermatitis, simple ringworm, tetter, salt rheum, bumps, (blackheads), and ugly broken-out skin. Millions relieve itching, burning and soreness of these miseries with simple home treatment. Gross to work at once. Aids healing, works the antiseptic way. Use Black and White Ointment only as directed. 10c, 25c, 50c sizes. 25 years' success. Money-back guarantee. Vital in cleansing is good soap. Enjoy famous Black and White Skin Soap daily.

### SOCIETY

#### Junior High P.T.A. To Meet Tomorrow For Program, Tea

Junior High Parent-Teacher association will meet tomorrow at 2:45 at the school auditorium when Mrs. Glenn T. Hackney will act as program chairman and Mrs. R. W. Tucker will give the devotional. As a special feature, Miss Evelyn Thoma will give violin selections.

Following the program a tea will be held in honor of teachers with Mrs. V. L. Hobbs in charge.

An introduction of all teachers will be made by Winston Savage, principal and Mrs. W. R. Campbell, president, urges all parents to attend in order that they may become acquainted with teachers and with each other.

#### Group Pampa Men Serve Watermelon To 120 at USO Club

A watermelon feast, with 120 attending, was held this week at the Pampa USO. Roy Bourland, Joe Shelton, Bill Jarvis, G. F. Branson, Sherman White served watermelon to men from Pampa army air field.

Following the feast two telephone calls were awarded.

Volunteers at the USO have been Gerry Jordan, LaNell Scheilagen, Irvine Scribner, Polly Hughes, Mrs. Roy Hall, Mrs. W. D. Kelly, Mrs. G. K. Reading, Mrs. Dick Sullins, Essie M. Leaverton, Anna Belle Cox, Margaret Taylor, Eva F. Hutton, Ruby Johnson, Ann Glese, Mrs. Earl C. Casey, Phyllis Casey, Mrs. Margaret Taylor.

Mrs. H. E. Symonds, June Latham, Ida Mae Jones, Mrs. Edwin D. Butler, Mrs. George Walstad, Jr., Maurine Jones, Mrs. Emmett Gee.

#### LeFors P.T.A. Meets Tomorrow

Members of the LeFors P. T. A. will meet tomorrow evening at 8 p. m. at the High school for a business meeting.

The devotional will be given by the Rev. N. S. Daniel and Mrs. E. R. Reeves will speak on what Parent-Teacher membership means to teachers. Mrs. Cliff Vincent will speak on what P. T. A. membership means to parents.

A friendly-get-together will be held following the meeting, in the school library.

Mrs. Vincent, publicity chairman, urged all LeFors parents to attend this meeting.

### The Social Calendar

**THURSDAY**

LeFors P.T.A. will meet at 8 p. m. at the school.

Junior High P.T.A. will meet at 2:45.

The world's first electrically run railroad train was operated in the United States in 1887.

#### Rev., Mrs. West Are Honorees at Birthday Shower

A surprise birthday dinner and shower honored the Rev. and Mrs. Russell G. West, Sunday, when members and friends of the church and the Brethren gathered at the church.

Rev. and Mrs. West celebrated their birthdays of September 10 and 12. Guests showered the honorees with gifts including a 96-piece set of china.

Women of the church announced two meetings this week with the Pampa women's circle meeting today in the home of Mrs. Anna Patrick, 624 N. Frost.

Pioneer Boys club is continuing their work toward securing funds for relief projects by shocking feed after school each day.

#### 'Community Mission' Is Program Monday At Baptist Meeting

The First Baptist W. M. U. met Monday at the church for a program of "Community Missions." Opening prayer was given by Mrs. F. E. Leech and the business meeting was in charge of Mrs. Garnet Reeves.

Mrs. C. L. McKinley had charge of the program and those participating were: Mrs. J. A. Meek, who spoke on "Entrusting the King in our own Community," Mrs. Rufe Jordan, who gave the devotional, and Mrs. F. E. Leech, giving the "Blessed of Community Missions" and Mrs. Douglas Carver, who spoke on "Ways and Means of Missions." Closing prayer was given by Mrs. T. B. Solomon.

Attending were Mesdames F. E. Leech, C. L. McKinley, C. H. Wilkie, Paul Briggs, Floyd Yeager, Rupert Orr, A. L. Prigmore, A. A. Day, Howard Giles, E. L. Anderson, Gladys K. Davis, W. B. Franklin, C. E. Willingham, Bob Allford, D. A. Caldwell, J. A. Meek, A. J. Young, W. H. Lewis, J. C. Porter, Allen Vander, T. B. Solomon, Ella Brake, L. L. Allen, T. J. Worrell, Douglass Carver, Garnet Reeves, Dr. J. Anderson, R. W. Tucker, Don Edgerton.

#### Buffet Supper Is Held in Home of Mrs. Annie Moore

Mrs. Annie Moore, 207 N. Gray, entertained Sunday afternoon when a buffet supper was held. Watermelon was then served to 18 members of the Methodist church Sunday school class.

Attending were Mrs. Alice Mullins, Mrs. Nellie Ford, Mrs. Jennie Ward, Mrs. Kate Stuart, Mrs. Lou Ella McIntire, Mrs. Etta Britton, Mrs. Dolly Barnhart, Mrs. Lu Parks, Mrs. Rosie Andrews, Mrs. Doris Lawson, Mrs. Della Ward, Mrs. Mary Yeager, Mrs. Corda McBride, Mrs. Pannie Skaggs, Mrs. E. Plank.

**BOOKS**

of Today

By JOHN SELBY

"One Man's War," as told to Pete Martin by Sgt. Charles E. Kelly (Known as "GI-Joe")

A short book called "One Man's War" turns out to be extremely interesting and perhaps worth considerable study. It is Sgt. Charles E. Kelly's story, and Sgt. Kelly is the famous Pittsburgh Kelly who is, up to now, the Sgt. York of this war. It is the perfect story—the boy brought up as his himself, marks on the wrong side of the railroad tracks who goes into this war without benefit of ideology, simply as another chore in the succession of chores that is the army, and makes himself a great and fabulous hero.

There aren't more than a half-dozen readers, mostly likely, who won't like Sgt. Kelly and his honesty. But the ones with good literary taste will feel like turning one Pete Martin over their knee and dusting his pants. Mr. Martin, or the editor of the Saturday Evening Post which, I believe, published "One Man's War" in the first place, somewhere between Kelly's doubtless highly colored narrative and the printed page, the story got all phoned up. It sounds like those patriots for the day who talk about "GI-Joe" with trembling voice at every opportunity.

Kelly got into the army because it seemed a good idea; he didn't quite know why. He went over the hill while in training, for exactly the same lack of reason. He took his punishment, made a good soldier, got to Italy, moved down Germany by the score, won the Congressional Medal of Honor and the Silver Star, and was the first enlisted man to be so honored in this war.

Mr. Martin writes Kelly's story in the first person. That being the case, he should use Kelly's vocabulary. I'll bet Kelly never said "This was a worrisome thing" in his life, but is made to say it in the book. He is constantly made to write "peer" instead of "look," "rib" for "kid," "horrible example" for "dope." He is made to describe dried beans as "queer, wispy-looking things" and to write about souring milk of human kindness and "burning thirst." Kelly comes through in spite of it, but it's tough on him.

New York city has 578 miles of waterfront.

A periscope on cars, instead of the little old mirror? . . . Doors that slide? . . . Or a sunshine top? Bring 'em on! 'Till then, however, my one main idea is to keep this car rolling. I need to. You can start naming motor oils or anything else that you think's helpful. First though, I want to warn you not to let engine acids do their worst damage, when you can easily outsmart them by getting your engine's insides OIL-PLATED. Listen, right on a can of Conoco N<sup>th</sup> motor oil you'll read about N<sup>th</sup> oil's modern synthetic. It works something like magnetism. That's how it makes metal surfaces keep hold of OIL-PLATING. Then what if the engine explosions produce deadly corrosive acids, as every expert and his brother will tell you? Those acids still wouldn't gnaw direct at fine steel that's shielded by OIL-PLATING—a real acid-fighter! It fights for your car. While waiting for new ones—who knows how long?—don't delay switching to Conoco N<sup>th</sup> oil.

Blue Tokens Good In Groups of 10

Blue tokens are now valid only in groups of ten, district Director Howard R. Chabson, reminded consumers today, as retailers stopped giving blue tokens as ration change.

with a neighbor to make ten in order to obtain rationed processed foods. Although after September 30, housewives cannot use their blue tokens, retailers have an additional nine-day period in which to dispose of their tokens.

Operator Hearings Begun at Austin

AUSTIN, Sept. 20.—(AP)—Railroad Commissioner Ernest Thompson was called today as the first witness before a hearing of the house of representatives committee on small business, studying post-war problems of independent oil operators.

Two other members of the committee headed by Rep. Wright Patman were here for the two-day session: Rep. Evan Howell (R-Tex.) and Rep. Estes Kefauver (D-Tenn.).

Others slated to appear before the committee include Railroad Commissioner Olin Culberson, George Livermore of Lubbock, J. P. Coleman of Wichita Falls, and A. E. Herman of Amarillo.

Nine times as much castor oil is used in industry as for medicinal purposes.

During World War I, the birth rate in Europe dropped almost 30 per cent.

Mike H. Alloway Services Today

Funeral services will be held at 2 p. m. Thursday for Mike H. Alloway, who died in Borger yesterday.

Survivors are his wife, Faye, two sons, Solton and Kamel, one daughter, Janet and one cousin, Said Alloway, who died in Borger yesterday.

Services will be at the First Baptist church with Rev. Douglas Carver officiating, and burial will be in Fairview cemetery.

Members of the Masons will serve as pallbearers, and will be in charge of the services at the grave.

LONG DELIBERATION CHICAGO—Ira Wainingham, who waited 30 years for his wife to come home, has given up and obtained a divorce.

"One day when I came home from work, she wasn't there," Wainingham, 55, a private chauffeur, told Superior Judge Joseph Sabath.

He said he was married in 1911 and his wife left home three years later.

Gov. Martin Lays Railroad's Help

Gov. Edward Martin, of Pennsylvania, in a recent address before the Brotherhood of Railway Conductors at Harrisburg, lauded the activity of railroad men and railroad management as one of the "major achievements of the war."

He said, "the job that is being done by both railroad men and railroad management is one of the major achievements of this war. Their work is one of the most powerful arguments in favor of the free enterprise plan, under which work is voluntarily done by labor and management."

100 Flight Engineers Put on Flying Pay
More than 100 B-25 flight engineers at Pampa army air field were put on flying pay this month and will draw in addition to their base pay at the end of the month an additional half of their base pay.

44-Feeds

100 Flight Engineers Put on Flying Pay
"Flight engineer" is the commanding officer of the crew chief or head mechanic of a plane who is responsible for the immediate maintenance and daily inspection of an airplane in his care and in flight makes minor repairs if necessary. A specialist, the flight engineer usually has a civilian mechanical background in addition to intensive mechanical training in army air force schools. To draw flight pay the flight engineer must fly a minimum of four hours each month.

23 Quality for Medals at PAAF

Twenty-three Pampa army air field enlisted men of Section A qualified for three types of medals as awarded for their shooting ability with the U. S. army 45 calibre pistol and carbine on the local air base firing range during the past 10 days.

23 Quality for Medals at PAAF

Thirteen qualified for medals for shooting the carbine and 10 for pistol.

23 Quality for Medals at PAAF

The following qualified as experts with the carbine with scores ranging from 172 to 184: Pvt. Frank Lombardo, range instructor, who made a score of 184; Cpl. Aniello E. DiDono, guard, and Pfc. Charles J. Corona, MP, each with scores of 183; Sgt. Tom S. West, MP, score 177; and Pvt. Raymond F. Hein, guard, scored 172.

23 Quality for Medals at PAAF

Five guard unit enlisted men also qualified as carbine sharpshooters. Pvt. Wilson S. Howell scored 162; S. Sgt. William B. Kennedy, 157; Pvt. Emmet Doss, 155; Pvt. Aaron Alper, weapons repairman, 155; S. Sgt. Elio C. Finelson, prison NOC, 151.

23 Quality for Medals at PAAF

These men of the guard unit received carbine marksman awards. They were: Pvt. Holland Bell, 148; Pvt. Jose D. Barera, 145; and Pvt. Robert L. Kay, 133.

23 Quality for Medals at PAAF

Two MPs qualified as pistol experts. They were Sgt. Clarence L. Hubenak, who scored one point more than the other member of the duo, Pfc. William Weaver, who shot a score of 86.

23 Quality for Medals at PAAF

Five other members of the guard unit made scores ranging from 73 to 83 for sharpshooter awards. They included, with scores, Cpl. Walter B. Parker, 83; Pvt. Leonel F. Cuba, 82; S. Sgt. James E. Shoemate, 81; Pfc. Weston R. Abbott, 75.

23 Quality for Medals at PAAF

The remaining three of the group, also guard unit members who earned marksman awards were: Cpl. Clifford E. Lawson, 72; Pvt. Luther L. Harrold, 171; and Sgt. Edwin G. Albers, Jr., 67.

Potato Loan Rate Schedule Is Set

WASHINGTON, Sept. 20 - (AP) - The war food administration has announced its schedule of rates under the 1944 Irish potato loan program.

Potato Loan Rate Schedule Is Set

The rates will range from 29 cents a hundred for potatoes in storage in some western areas to \$1.81 for those in warehouse storage in Louisiana, parts of Texas and a few states east of the Mississippi.

Potato Loan Rate Schedule Is Set

They will be payable on demand not later than next March 31.

A wastepaper campaign will be conducted here at Pampa Friday and Saturday. Watch this paper for instructions, and keep saving paper. (Story on Page 1.)

He Drifted Hopefully . . . But Rescuers Arrived Too Late

ELKHART, Ind., Sept. 20 - (AP) - The sheer drama of an airman's last days adrift in the Pacific on a life raft.

The horror of a Japanese plane diving at the raft, piercing his legs with machine-gun bullets.

His love for a sweetheart he planned to marry on his next leave.

And, just before death, his longing for "Mom's cooking."

All this was unfolded by Mrs. Henry Clevenz, mother of Jack Cooper, 23, of Elkhart, a radioman on a navy torpedo plane that was shot down June 15.

The mother piece together the story - from Cooper's sketchy but graphic log released by the navy, a letter from his squadron commander and also from the commander of a naval vessel that picked up the life raft on July 21 about four days after her son died on it.

Sprinkled through the notations scratched laboriously on paper leaves of his wallet were frequent endearments to "Helen" of "Big Eyes," Miss Helen E. Checchio of Elkhart.

She and Cooper had set their wedding date for his next leave.

The log is released by the navy: July 6 - Mom: Wings are in sewing kit, am entitled to all stars and more. Be sure to check ins, etc.

July 7 - Mom: I'm glad to hear of Helen. I've always loved her. Love kisses same for you Mom, Dad and all.

July 8 - Weak. Can't catch fish.

No rain. . . Love big eyes.

July 9 - Little rain. Headed west.

July 10 - Rain last night very weak land close somewhere.

July 11 - Nerves flew crazy. No sea. Left eye bad shape.

Still have water. Drifting NE.

July 12 - Little cloudy no planes no land headed north P. M. Jap Nell saw me. . . Strapped him in both legs.

Bandaged them. Drifting E.

July 13 - Very weak from loss of blood. . . Land in sight. No food since the 4th. . . 6 ounces of water left. . . Going east

OUR MEN IN SERVICE

(The Pampa News encourages postcards and letters on men and women in service. Identify subject and write plainly, so

GROUP COMMENDED According to public relations, Flight Officer Tommy Solomon, son of Mr. and Mrs. T. B. Solomon, 417 W. Francis, had a bird's eye view of the Aug. 15 invasion of Southern France.

AWAITING REASSIGNMENT First Lt. Leo C. Fletcher is now at the army air force redistribution station in Santa Monica, Calif., awaiting reassignment.

AT PREFLIGHT Cadet John C. Schwind, son of Mr. and Mrs. L. J. Schwind, 215 Sunset Drive, is receiving his preflight training at San Antonio aviation cadet center.

GI Joe Will Get Best at Paris

PARIS, Sept. 20.—(AP)—A luxury club for enlisted troops of all allied nations—the pet idea of Gen. Dwight D. Eisenhower—will be opened Oct. 1 in the internationally famous Grand hotel.

Changes To Be Made In Highway Office

DALLAS, Sept. 20.—(AP)—Imminent changes in boundaries of the highway transport department of the Dallas region, office of defense transportation, will cause an employee reduction of about 160, says E. P. McCallum, Jr., region director.

Paper Hears Rumors On Demo Anti Stand

FORT WORTH, Sept. 20.—(AP)—The Star-Telegram says it has learned that "several of Texas' anti-fourth term electors have been approached with the argument that continued opposition to the national administration might endanger the state's community property law, with respect to income taxes, and depletion of reserves' allowance given Texas oil men on income tax returns."

the Star-Telegram from Austin that a recommendation to eliminate the 900,000 a year to go untaxed in Texas on the theory that oil withdrawal would be a source of revenue for the state.

and Thursday at which the oil question might come up. He said all Texas congressmen are for retention of both measures and pointed out that Speaker Sam Rayburn appoints members of the ways and means committee in which any change would originate.

Double Feature at Post Club Thursday

Double-barreled feature slated for Thursday night in the Enlisted Men's service club at Pampa army air field for enlisted men and on-

the-line trainees is a dance at 8 preceded by an hour pop-concert by the post orchestra.

AUTOMOBILE PARTS Good supply, especially in Ford parts. Expert mechanical work done. Long's Service Station and Garage On Amarillo Highway

RECAPPING

Now's the TIME to Recap!

has kept America's cars and America's trucks on the highways—and it is going to be necessary to recap both passenger car and truck tires for months to come!

The Cold Facts Are Simply This—

That in both passenger car tires and truck tires the situation is more critical THAN AT ANY TIME SINCE PEARL HARBOR! At the beginning of 1944, the rubber director said "30,000,000 passenger car tires would be made this year." But due to shortages of labor and materials, which now is mostly cord fabric, the industry will do well to make 14,000,000 passenger car tires.

We ACTUALLY NEED 75,000,000 tires to put everybody on new tires that needs them.

With these facts, it's obvious that recapping of tires will be necessary for months to come.

### Cabot Carbon Co. Seeks Plant Near Guymon, Okla.

The Oklahoma state corporation commission was put on the spot again Monday at Oklahoma City when the Cabot Carbon Co., of Pampa, sought permit for the United States government to construct a channel process carbon black plant near Guymon in the Oklahoma panhandle. Case is under advisement.

The channel process gets from 1.35 to 1.75 pounds of carbon black per 1,000 cubic feet of natural gas. Other processes recover as high as 11 pounds per thousand. The commission for years has guarded Oklahoma's supply of natural gas and in the past has refused permits for channel process plants, except in instances where no other market was available.

Cabot would construct and operate the plant under lease from the Defense Plant Corporation. Plant would cost \$1,500,000; would require 30,000,000 cubic feet of gas daily, for which Cabot would pay 4 cents per thousand feet. (Carbon black now sells for around 2 cents per pound.) Permit for the plant would be for duration of the emergency and six months thereafter.

Operators in the Guymon-Hugoton field opposed permit for the Cabot's channel process plant, with Phillips Petroleum, Cities Service Gas, Republic Natural Gas and Slickly Oil the most vigorous. (Phillips is one of the largest manufacturers of carbon black in the world, using several processes.)

At the hearing, Phillips representatives renewed an offer to Cabot to furnish 30,000,000 feet of casinghead gas daily in the South Euclid field of New Mexico at a price of 2 cents per thousand, or "pc-sibly less," since that amount of gas now is being dissipated into the air.

Other company attorneys argued that use of the channel process, consuming high grade "sweet" gas—ideal for domestic consumption—is wasteful. They cited rulings of the Texas Railroad Commission which prohibit use of "sweet" gas for carbon black, except to prevent dissipation of the product.

### Ration Calendar

**MEATS, FATS, ETC.**—Book four Red stamps A8 through Z8 and A3 through G3 valid indefinitely.

**PROCESSED FOODS.**—Book four Blue stamps A8 through Z8 and A5 through L5 valid indefinitely. Use of blue tokens will be discontinued Oct. 1.

**SUGAR.**—Book four stamps 36 through 38 valid indefinitely for five pounds each; stamp 40 good for 5 pounds for home canning through Feb. 28, 1945.

**GASOLINE.**—12-A coupons good for three gallons through Sept. 21; 15-A coupons in new basic ration book good for four gallons each from Sept. 22 through Dec. 21 (ration unchanged despite change from three to four-gallon value). B-3, B-4, C-3 and C-4 coupons good for five gallons.

### BREST

(Continued From Page One)

rade 20 miles above Aachen, and east of Simpelveld, seven miles above that ruined city.

Perhaps the greatest steeling of Nazi resistance was along the west wall defenses from well north of Aachen to Trier. The U. S. First army was on or across the Reich's frontier almost everywhere along an 80-mile front.

Yanks and Germans fought in the streets of Aachen. Some enemy troops held out in the factory district of by-passed Stolberg, six miles farther inside Germany. Americans were shelling Duren, 15 miles beyond Aachen and 30 from Cologne. Prun, eight miles inside Germany and 45 from Cologne, also was being softened by U. S. shells.

German civilians were defying Hitlerian orders to evacuate the Rhineland.

On the Third army front, Americans threw back German armored blows and advanced to the area of Dieuze and Baccarat, respectively 25 miles northeast and 29 southwest of Nancy.

Gerbeviller, midway between Baccarat and Charnes, was freed. Germans were being snopped up six miles northeast of Pont-a-Mousson. Further gains were made south of the fiercely-defended fortress of Metz, but these were not detailed by supreme headquarters.

There was no further official news of the American Seventh army, fighting west and south of the BelFORT gap.

### HEARING

(Continued From Page One)

ing the court to approve of something that will operate as a fraud on the voters of Texas.

These gentlemen in effect have vacated and organized a new party, and they are attempting to embed the name of the democratic party and the vote of the party," he asserted.

The question before the court was whether the September convention in Dallas has authority to rescind the action of the May convention in Austin, which named presidential electors conditionally bound to support the party's national nominees.

In the Kilday case, he said the supreme court extended the time of filing because the nomination had occurred at such a time that the public did not have time to know what was happening.

The ruling of the court will go a long way to protect the people's right to vote," he declared.

Latham had announced he would certify to county officials the names of electors chosen at the May convention. These were not pledged to support the national party's nominees.

The arguments were heard before Chief Justice James P. Alexander, Associate Justices John H. Sharp and Richard Critz, and the six members of the court's commission of appeals.

Half an hour before the arguments were to start, the austere-appointed courtroom was filled with spectators and lawyers, as Texas electors came to a new showdown. As the arguments started, the room was packed to the walls.

Calvert emphasized the fact that forces supporting the national convention's nominees for president and vice-president won control of the September convention.

It is an undisputed fact that the democratic party has always chosen its elector nominees at the May convention in accordance with party usage and custom since 1905," he said.

Knapp declared opposing attorneys had failed to cite one authority indicating the power of the September convention to rescind the May convention's actions.

"The September convention lacked authority, regardless of reason or cause, to substitute the electors under the statutes of Texas," he said. "The power does not exist to withdraw a nominee, and the nominee has a vested right which cannot be taken away."

He quoted from the encyclopedia Americana which stated that originally electors were to exercise independent choice, but "in fact they never have and only register and accept the office under the tacit pledge to register the will of the people."

### DEWEY

(Continued From Page One)

mier Stalin, Dewey stressed that the peace we seek must not hang by the slender thread of personal acquaintance of any two or three men.

Bricker, before traveling on to Harrisburg, posed these questions at his Pittsburgh stop:

"Is the new deal planning to meet the postwar employment problem by keeping our boys in the army and navy x x x by employing our workers in government-owned plants at taxpayers' expense?"

Woodville Rogers of San Antonio, attorney for the September convention, shouted:

"The great democratic party has the right to throw out its enemies. No man has the inherent right to enter a party he has fought for years, nor the right to come into court unless he has clean hands."

### Leaves From A Correspondent's War Notebook

By SID FEIDER (Substituting for Hal Boyle)

SOUTHERN FRANCE, Sept. 7—(Delayed)—The last time Gen. Jean de Lattre de Tassigny was around these parts, he was the hunted instead of the hunter.

That was when his wife and son helped him escape from prison at Riom, where he was supposed to spend 10 years for being one of the few French leaders who told the Germans "you're going to have to fight for it" when they cracked down on what was left of France in November, 1942.

Now he is back as commander of the French armies. Through his brilliant strategy Marseille and Toulon were taken in the early days of the campaign with outnumbered French forces.

His popularity is tremendous with the French people in this area. He is overwhelmed by the populace in every village and town he enters.

"I believe I could be elected to the town council here," he said smilingly when he returned to Montpellier near Marseille last week and received an ovation that nearly took the roof off every house in the village.

The people recalled that he returned victoriously just a year to the day after he escaped from prison. And they remembered that he had defiantly ordered out the troops and posted artillery on the road in an effort to stop the Nazis from over-running southern France 22 months ago—an order which resulted in his imprisonment.

The record of De Lattre, who was born in Moulleiron-en-France—the same town as Georges Clemenceau—is clear on one thing—he is a bitter enemy of the Boche.

It was in Tunisia that he first tangled with the collaborators. As commander of troops there he said flatly that he would fight any attempt of the collapsing Nazi army in Africa to use Tunisia to escape.

It was not long before he was transferred to Montpellier, where apparently Vichy thought he was out of the way. But when the Germans started coming down the road there was De Lattre waiting to oppose them.

He might have succeeded, too, but Vichy officers in the pay of Pierre Laval imprisoned him.

De Lattre escaped after a year in prison after executing a carefully thought-out plan.

He started coming down the road there to smoke a cigarette; his son picked that moment to throw a rope over the wall, and De Lattre went over the top.

### Ex-Soldier Held

Joseph Pastori, above, medically discharged soldier, is shown as he was held in Chicago as alleged blackmailer of at least 12 Joliet, Ill., wives of overseas servicemen. Women charge he threatened to expose their "in-discretions," and say his silence was bought with clothing, jewelry and cash.

### CONGRESS

(Continued From Page One)

lation were provisions, originally written by the senate, for back-home travel pay to war workers, up to \$200 a family, and unemployment insurance for 3,100,000 federal employees.

Discussing the program with newspaper men, George emphasized particularly a need for future revision of tax laws to encourage private enterprise while Colmer listed other subjects to be dealt with later as public works and re-employment, agriculture, foreign trade and the future of the merchant marine.

### New 'A' Ration Valid Tomorrow

Motorists of Gray county who failed to make application for the new "A" basic gasoline rationing book are left out in the cold. For the new gasoline rationing coupons become valid at midnight.

"Over two-thirds of our 6,000 Gray county motorists have made application for the new book, but there are still a number who have not filed the request," said Miss Lucile Douglas, chief clerk of the Gray County OPA war price and rationing board, today.

Unless motorists make a last-minute rush in filing their applications they will be minus their gasoline rationing.

Applicants are again reminded that the cover from the old "A" gasoline ration book, properly signed, must accompany the application when it is filed, or mailed, to the local office.

### Crops Are Helped By State Rainfall

GERMANS ON CRETE

AUSTIN, Sept. 20—(AP)—Growing crops and farming operations in general benefited from conditions in the week ended September 18, the U. S. department of agriculture reported today.

Soil moisture was adequate except in parts of the Panhandle and widely scattered areas elsewhere. A few grain fields were up to a stand and volunteer gains afforded some pasturage.

Livestock were in good condition.

and generally were making nice gains as a result of improved range feeds and pastures.

Cotton harvest was almost completed in South Texas. In other areas the cooler weather which followed general rains slowed up maturity and cotton was opening slowly in many areas. Pickings started in the south high plains, west Texas, and in the low rolling plains, but peak harvest was not expected to be reached before late September or early October.

Corn harvesting continued in all areas except the high plains, where the crop is nearing maturity. All winter vegetable areas have a good moisture supply.

Beans, eggplant, peppers and tomatoes were growing well. Early planting in the non-irrigated districts was more active than usual.

Djerba, off Tunisia, is the largest island on the Mediterranean Barbary coast.

A Little Light on our Family Tree

Way back when choker collars were the latest fash, electric light really cost money. For example, around 1910 that 100-watt bulb, which our friend holds so proudly, set the purchaser back \$1.45. Today, the 100-watt bulb costs 15c. Furthermore, it gave only half as much light then as your present-day 100-watt lamp.

Most electrical dealers now have enough lamp bulbs in all common home sizes. With fall evenings here, lighting becomes doubly important in the home. Studying, sewing and other seeing tasks will require longer hours of eye work indoors. NOW is the time to fill those empty sockets with the right size bulbs. Light up for safety, too. Falls, due to poorly lighted halls and stairways, take an alarming toll each year. One accident may cost you more than many bulbs.

No matter how you look at it, good home lighting is cheap. So, be sure you have enough for every seeing need.

Southwestern PUBLIC SERVICE Company

# Harvesters Planning Bulldog Defeat

## Gridsters Prep For Tough Clash Friday

Which formation will kick Friday is the day Coach Gene McCullum, of the Midland Bulldogs, has appointed as the day he shall pull his "T" formation out of the bag to defeat (he says) the fast moving Harvesters.

"It's going to be tough sledding but I think I am going to emerge the winner," said Coach McCullum.

Meanwhile Coach Otis Coffey has also been drilling and training his Harvesters in the art of pouring through a line with a "T" formation that promises to offset anything that McCullum can attempt.

No contest was waged between these two teams last year. Midland, termed "good" but not among the toughest, will bring six lettermen to combat the Harvesters in the high school stadium for their initial game of the 1944 season.

Last year McCullum carried his eleven to victory in five out of the nine opponents placed before the Bulldogs, while Coffey carried his team to pay dirt in six out of ten games.

Midland defeated Austin, of El Paso, Abilene, Big Spring, Brownfield and Lamesa and saw defeat from the hands of San Angelo, Sweet Water, Odessa and Plainview.

Beginning the 1944 season with the Harvesters, the Bulldogs will feature Bill Richards, M. C. Hale and Red Roy, all backs, and Edwards at center, who promise good material to be used in the contest.

Campbell, Grantham and Cree whom it shall be recalled starred for the Harvesters in their victory over the Phillips Blackhawks by a score of 13-0, before over 3,000 spectators, last Friday night, will, according to Coach Coffey, pour through the Midland line to bring Pampa victory, thereby listing the Harvesters undefeated thus far in the season.

To eliminate the congestion at the ticket windows, there will be an advance sale of tickets for the Harvesters-Bulldog game in all local drug stores. Fans of both teams are requested to purchase their tickets

## Eisenhower's Yanks Hinder Texas Leaguers

DALLAS, Sept. 20.—(AP)—Texas league club owners will meet here next month to consider bringing back professional baseball—and it appears the whole thing rests with Gen. Dwight Eisenhower and his Yanks.

Shreveport pretty well spoke the sentiment of the clubs in announcing it would favor resumption if the war in Europe is over by spring.

League officials say this would release enough men to not only stock the independent clubs but cause the major league clubs holding franchise rights to need places for their surplus players.

It is argued that the latter clubs would want to operate minor league farms rather than turn loose ball players they could not place.

Dallas announced it would favor resumption without strings attached when the club owners meet October 21, the date set after a meeting scheduled for April 18 was postponed on request of the major league clubs interested in the Texas league—the St. Louis Browns, operators at San Antonio; the St. Louis Cardinals, owners at Houston; and the Chicago Cubs, part owners of the Tulsa franchise.

Oklahoma City wasn't in favor of suspending operations two years ago. Resumption, now independently owned, is optimistic it will be able to go with the rest of the league. Fort Worth announced last year it would favor resumption with the end of the war.

## Shores Sluggers To Combat Brown Bombers at PAAF

Unbeaten in the officers' softball league at Pampa army air field, the Shores Sluggers will clash tomorrow with the third-place Brown Bombers, while the second-place Humphrys Heavy Hitters aim to keep the Friederichs Foul Balls in the cellar. Both games will be played at 4:30 p. m. on local air base diamonds.

Standings in the four team league show Shores' Sluggers with five wins and no losses and the Humphrys Heavy Hitters placing second with three wins and two losses. The Brown Bombers won two and lost three, and the Foul Balls are in the cellar with five losses.

In advance, to insure full benefit of the contest.

# SPORTS for Victory

## Sports Roundup

By HUGH FULLERTON, JR.

NEW YORK, Sept. 20.—(AP)—Any pro football league that can get control of the Yankee stadium and the Los Angeles coliseum will have the upper hand in the furious post-war competition that is likely to take place—so far three leagues are projected—the all-American conference, the United States league and the trans-American league—besides the established national league—they're all planning to invade New York, Boston, Philadelphia, Chicago and Los Angeles, which also figure in the national post-war plans being having three or four clubs in existing coast circuits—in the key cities only those two fields would fill the major league bill. The all-American conference, through Mrs. Lou Gehrig, figures to have an "in" at Yankee stadium, but so does the trans-American league, which awarded a New York franchise to J. Basil Maguire, whose wife is one of the Ruppert heiresses. The Los Angeles coliseum is city-owned but is controlled by the colleges that play their big games there and so far they've turned a very chilly shoulder toward all pro propositions.

## SUCCESS STORY

Herman Lewin, boss of the box office dept. for Mike Jacobs, had just finished reading "how to win friends and influence people" when the author, Dale Carnegie, walked in to buy seven \$10 tickets to Friday's Joe Baksi-Maustello fight—a few minutes later Carnegie walked out with seven top-price \$12 tickets.

## SHORTS AND SHELLS

Has anybody noticed that one reason why Baltimore won the international league pennant was that the park, not the club, caught fire?—two of the games postponed when the Baltimore ball park burned couldn't be played off and thus the Orioles having fewer games, finished .007 ahead of Newark—look for Villanova to become a football power in Pennsylvania about Nov. 1. It is the only college in the state where marine trainees will be retained and stands a good chance of picking up good material from Penn state, Bucknell and Muhlenberg—similar transfers are scheduled to about a dozen other colleges—Ray Dumont, baseball's "wrong way" man from Wichita, Kas., is due in town tomorrow and likely will find New Yorkers running the wrong way through traffic, as usual.

## EGG-CESSES

LOS ANGELES.—Yes, says C. A. Dillings, it's true. His red hen laid five eggs in one day. Two medium size, three a little smaller.

## Razorbacks Open With Missouri U.

FAYETTEVILLE, Ark., Sept. 20.—(AP)—It's not the pass conscious razorback football team of former years that's coming out of Ozark hills this fall to represent the University of Arkansas but it definitely isn't the southwest conference doormat, eleven of the past seven seasons.

With a wealth of veteran line material and a newly-fashioned backfield that has the desirable characteristics of power; speed and versatility, Glen Rose is getting set quietly to spring some surprises in his debut as head coach of Arkansas.

Gloomy Glen isn't sticking his neck out about chances of his all-civilian charges in the tough southwest conference. All he'll say is that the team should show some improvement over the 1943 aggregation of 4-F and 17-year-olds that won only a single conference game.

Rose, who developed the winning habit back in the 1930s when his Arkansas basketball team won five conference titles, returned as head coach of the Razorbacks last spring after a discharge from the army. In 1942, he coached the powerful Camp Grant team that was rated one of the strongest of army service eleven.

Eight of the ten lettermen and two reserves Rose inherited from 1943 Coach John (Buc) Tomlin are considered almost certain starters this year.

One half of the backfield will be made up of veterans who saw 1943 duty in the line. They're handyman Leon Pense, the 185-pound all-conference guard, and Alton Baldwin, a speedy triple-threat in high school who played at an end position a year ago.

Two hard-hitting freshmen backs who scale near the 185-pound mark—Tommy Donoho and Frank Schumchik—make up the rest of the starting backfield.

Opening in front of this quartet will be Melvin McGaha, 190, and Lamar Dingler, 180, at ends; Jim Young, 192, and Charley Johnson, 183, tackles; Bob Cope, 192, and Henry Ford, 198, at guards, and Earl (Red) Wheeler, 208, at center.

McGaha was a reserve end a year ago. The others won varsity letters.

Rose has added the much-discussed "T" formation to the Arkansas short punt offense routine, and it isn't likely the Razorbacks will entirely abandon the aerial offensive if Pense and some of the new boys clock in expected fashion.

Arkansas opens a tough 11-game schedule against the University of Missouri in St. Louis on Saturday.

The war has produced many surprises, but none more important than the discovery that a modern empire does not necessarily disintegrate under the shock of war. The century which has annihilated space has produced a mass longing for keeping together in protective groups.—Miss Silen Wilkinson, chairman British labor party.

## Death Ends Record of TCU Former Coach

SPOKANE, Wash., Sept. 20.—(AP)—The big, quiet guy in the bow tie, whose football teams were big but never quiet in winning three times as often as they lost, is gone from the football bench. Francis A. Schmidt, 58, died last night.

A coaching career 26 years long and 175 victories high, which began in Oklahoma, left its mark in Arkansas and Texas and Ohio and Idaho, was closed out with the death of Schmidt, who came to a hospital here from his home at Moscow, Idaho, two weeks ago. His physician said the coach's health had been failing gradually for half a year.

The University of Idaho, where Schmidt fielded his last team in 1942, failed to renew his contract last March. It had joined other schools in a wartime abandonment of football the previous autumn, but the coach remained over winter to help with the physical training of navy students.

The Schmidt team became a TCU legend in the southwest, where he broke into coaching in Arkansas in 1910 after tussling with law for three years following his graduation from Nebraska with an LL. D. in 1907.

He moved into college coaching at Henry Kendall college, later Tulsa university in 1915, and his teams started fans with their unorthodox, "razzle dazzle" football. He moved on to Arkansas in 1922 and in 1929 to Ohio state university, where he coached both football and basketball to Texas Christian, where Schmidt teams won two southwest conference titles in each sport.

Ohio state university took Schmidt into the western conference, where he garnered another crown and added to his victory list. Over the 26 years his teams lost only 57 games and tied 1.

FORT WORTH, Texas, Sept. 20.—(AP)—Two southwestern conference championships in football and basketball, including one undefeated grid team, are written into the conference records opposite the name of Francis A. Schmidt, former Texas Christian university coach who died last night at Spokane, Wash.

Schmidt, who came to TCU from the University of Arkansas, piloted the Horned Frogs to southwest conference football titles in 1929 and 1932 and to basketball championships in 1931 and 1934. The 1932 football team was undefeated. His TCU coaching span covered the years 1929 to 1943, at which time he went to Ohio state as head coach.

Under Schmidt's tutelage, TCU grid teams played 55 games, won 45, lost six and tied four for a percentage of 82—more than 200 points better than his closest rival. While Schmidt coached at TCU, the Texas Aggies, southern Methodist and Rice finished grid teams failed to win a game over the Frogs.

Under Schmidt's tutelage, TCU grid teams played 55 games, won 45, lost six and tied four for a percentage of 82—more than 200 points better than his closest rival. While Schmidt coached at TCU, the Texas Aggies, southern Methodist and Rice finished grid teams failed to win a game over the Frogs.

## Willie Pep KO's Charley Lewis

HARTFORD, Conn., Sept. 20.—(AP)—Promoter Mike Jacobs of New York's Century Athletic club watched Willie Pep, featherweight champion, stop Charley (Cabe) Lewis in eight rounds here last night in a rain-swept ring, and immediately signed the Hartford flash for a 15-round title fight in Madison Square Garden September 28.

Pep's opponent will be Chalky Wright, Los Angeles, from whom Pep took the title in November, 1942, and who has earned his way back to a title match with a string of victories.

Pep was at his best in halting Lewis, the Cuban-born New Yorker, and he had to be.

The Cuban forced the fighting all the way, took Pep's best punches and landed plenty of his own, before running afoul of a murderous left in the eighth. Up to that time Lewis was making his best showing of the scrap, having hurt Pep in a wild swinging seventh round.

## Dorrell Is Named Opponent to Zivic

GALVESTON, Texas, Sept. 20.—(AP)—Artie Dorrell's opponent in a 10-round, main bout here Tuesday night will be Artie Dorrell, Tyler middleweight, says Promoter Frankie Edwards.

Zivic, former world welterweight title holder, is stationed at San Antonio's Camp Normoyle, while Dorrell is at Amarillo army air field.

## He Was Glad To Be Late This Time

SOUTHERN FRANCE, Sept. 10.—(Delayed)—(AP)—Whether Sgt. Bob Blair is a horseplayer or not he just lost a photo finish and doesn't mind saying he doesn't care a bit.

Sgt. Bob, who is from Plainview, Texas, operates around this front as an artillery section chief. The other day Jerry started pouring a barrage on his position and Bob made a baseline for his foxhole. When he was about 20 feet away a German shell beat him to it. Bob recognizes odds in a hurry. He didn't go near any foxhole for the rest of the day.

## CLUE

SHAWNEE, Okla.—City bus drivers say they can spot an out-of-town woman auto driver instantly. If she gives the correct signal for a turn, she isn't one of the local girls.

The most we can hope for is that taxes will be designed to produce the minimum interference with factors and forces leading to full employment.—Roy Blough, treasury department tax research director.

The failure to recognize that this war is a world illness and not due solely to German belligerency is the background for some well-meaning but futile suggestions as to a cure.—Dr. William Selfritz of U. of Pennsylvania.

## Tigers Hold Lead Over Big League Nines

By JACK HAND (Associated Press Sports Writer)

Boston was practically eliminated, New York was tottering on the brink and St. Louis was a faltering second to the league-leading Detroit Tigers today after the most important 24 hours of the American league season.

Steve O'Neill's Tigers, who had never been on top until Sunday, had opened up a game and half gap on the Brownies by knocking off the Yanks in the opener of a crucial series while St. Louis and Boston lost.

Detroit's 4-1 victory over New York's ace, Hank Borowy, took most of the wind out of the champs' sails and disappointed the Browns who had been counting on the Yanks to help pull the Tigers back toward the pack. The Brownies were shut out, 6-0, in 11 innings by the dungeon-bound Washingtons. Distaster struck Boston at Cleveland where the Red Sox bowed 18-2 to Steve Bronk's efficient nine-hit tossing.

World series fever began to hit the motor city with 28,290, the year's largest weekday turnout, at Briggs stadium, watching the home club move three full games in front of the Yankees.

St. Louis took a heart-breaking loss when Washington scored six in the 11th after blowing a chance in the last of the 10th when Denny Galehouse's single with the bases loaded hit base runner George McQuinn to retire the side.

With Hal Trosky hitting three doubles, Chicago kayaked Jess Flores with a pair of three-run innings to down Philadelphia, 6-3.

Pittsburgh at Brooklyn and a twilight doubleheader between Cincinnati and Philadelphia in the National were rained out. The other clubs had an open date.

## Swivel Team Smashes Way To Top Place

Section C swivel chair softball team at Pampa army air place smashed their way to top place Monday at 8:30 p. m. by a score of 11 to 7 in a fast game with the hard-hitting Section B squad.

A combination of "Mac" Robinson's fancy twirling and three home runs when they were needed clinched the game for the C-X swivel chair squad.

Other game played Monday was between the Medics and PLM with the pill rollers taking the mechanics to the score of 14 to 6.

Games Monday place the Section C swivel chair squad in top place with Sections B and C in second and third respectively.

Only other game scheduled for this week is the clash between the Headquarters and Section B squads, with the game slated for Wednesday.

## Have a Coca-Cola = Soldier, refresh yourself

... or a way to relax in camp

From southern camps with their moss-hung cypresses to camps near the north woods, there's one place soldiers can relax—the Post Exchange. There they settle down to "shoot the breeze" together. Have a "Coke", they say. Coca-Cola is a refreshing reminder of what they left behind. On "Company Street" in camp as on Main Street at home, Coca-Cola stands for the pause that refreshes. In your own refrigerator, ice-cold bottles of Coca-Cola are a symbol of a friendly way of living.

BOTTLED UNDER AUTHORITY OF THE COCA-COLA COMPANY BY **PAMPA COCA-COLA BOTTLING COMPANY** 204 N. BALLARD PHONE 279

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".

## Along the "Route to Tokyo"

13,147 miles of track serving the Southwest

SANTA FE SYSTEM LINES One of America's Railroads—All United for Victory

Santa Fe, as the map below shows, is an important lap on the "Route to Tokyo."

That's why, during the past several months, travelers have seen armies of "Men at Work" all along our lines.

Capacity of our yards has been increased.

Curves have been ironed out so trains may get around them faster.

New Diesel "head ends" are pulling bigger loads up mountain grades.

Ingenious Centralized Traffic Control Systems have been installed at important points so the same rails can carry 50 per cent more traffic.

A new Santa Fe bridge is now being built across the Colorado River.

We have enlarged our capacity to meet the increasing loads of war. There will be no slackening of our job until the war is completely won.

Sen. Ball Says Hull's Door Is Open to Solons

WASHINGTON, Sept. 20.—(AP)—Senator Ball (R-Minn.) told his colleagues yesterday that the position the senate will take on a proposal to establish an international peace organization "remains one of the biggest question marks confronting the statesmen working to draft that instrument" at the Dumbarton Oaks conference.

Although the first phase of the security talks originally were scheduled to last only three weeks, the Russian, British and American delegates are in their fifth week of conversations with indications pointing to the possibility that full agreement may not be reached before the Russians depart to make way for China's delegation.

Taking sharp issue with those who insist that the use of United States military forces to suppress aggression should have advance congressional approval in each instance, he declared: "Can any one who went through the debate prior to Pearl Harbor, who witnessed the depth of America's hatred for war believe that the necessary declaration of war in such a case, or even a resolution authorizing use of our forces, could be passed by congress in less than a month?"

"There are three individuals in this senate who could and would stop it for at least a week, and we all know it. What then becomes of our pledge? Hitler conquered Poland in 26 days. While congress debated and other nations waited for us to act, the aggressors would move, their conquests would be made, and the council and we would then face the task of ousting the aggressor instead of stopping his conquest."

Ball did not identify the three senators in his prepared speech in which he disputed claims by some members of his party that the Dumbarton Oaks conference is clouded in secrecy. He said Secretary of State Hull's door "is always open to senators seeking information on foreign policy."

"Despite all the charges, if one were to judge by the rather detailed reports appearing in the press and also on the floor as to what is happening at Dumbarton Oaks, the secret seems to be more fancy than fact."

General's Wife Just Reads Papers

DALLAS, Sept. 20.—(AP)—Mrs. L. H. Breerton, wife of Lt. Gen. Breerton who commanded the first allied airborne army in its invasion of Holland, says she has to "read the papers to find out what is happening."

"The general never lets me in on any military secret," said Mrs. Breerton, who added that the first news from Holland "didn't surprise me a bit." She explained, however, that she didn't have any inside information about the event.

Mrs. Breerton, formerly of Wichita Falls, moved to Dallas last November to live with her parents, Mr. and Mrs. W. B. Larkin.

SHAVEN AND SHORN The Nazi government has ordered all abodebodied male barbers and hairdressers to the front and has turned over domestic shaves and haircuts to women. The Nazis have reason to believe, from recent happenings in France, that several battalions of Deilhaus must have been slipping away at the locks of the once-mighty Wehrmacht.

TOKYO PAPERS PLEASE COPY!

MILLIONS MORE GALLONS of 100-octane aviation gasoline for Uncle Sam's super bombers blasting Japan's war industries will flow from this huge plant recently completed by The Texas Company on the Pacific Coast. This rounds out a nationwide program of refinery expansion by Texaco to meet vast wartime demands. Officials say the new plant is also capable of producing new super aviation fuels, even more powerful than 100-octane, as soon as the armed forces give the go-ahead signal. Photo shows part of giant super fractionator tower.

Home Folk in on 'Little Secret'

PARIS, Sept. 20.—(AP)—The U. S. army newspaper Stars and Stripes has cautioned Americans at home that the war is not yet won. In an editorial illustrated by a picture of troops pinned down in a ditch by German mortars and machineguns, the newspaper said: "These Joes have a life or death job x x x and when the kraut quits, he will quit—not a minute before."

"That is something all of us should understand, here and back home. If there is a gold brick in the army who figures it's all over and why not relax, he ought to study this picture. If there is a worker at home who laps up the headlines and decides to sleep all day, he ought to think of himself in this ditch. If there is an employer who is letting the vision of tomorrow's profits slow down today's production, let him look—and get on the ball."

The editorial said that if the news soldier in the picture could turn and speak, he would say: "The day I quit, I'll let you know. That's the day you can quit too. Until then, won't you play along?"

Leaves From A Correspondent's War Notebook

By JOSEPH DYNAN (Substituting for Hal Boyle) LYON, France, Sept. 8.—(Delayed) (AP)—The breath-taking liberation of France is winning new friends and regaining old ones for democracy, but the French communist party still is aggressively on the upgrade in the southeastern sector.

"The French people have long been thankful for and influenced by the Russian victories on the eastern front," said one official member of the right-wing of the resistance movement. "Now the western democracies are showing that they also are powerful and able to win victories. They are restoring the confidence of many Frenchmen in democratic ways."

This official added that the communists, nonetheless, are probably the strongest single bloc in his area, which is highly industrial, and also bears the scars of the Maquisard partisan organization.

"If an election were held today the communists probably would get 40 per cent of the votes. In the rural sections they would probably be so strong—probably only 30 per cent," he said.

Other persons corroborate these statements in general, placing communist strength at a somewhere from 30 to 60 per cent, including followers who are not party members.

As pictured by their press spokesmen, the communists were not social democracy, then communism. They are urging the nationalization of WLB for an increase?

If that happens, the wage adjustment will be a long-drawn-out process, and all labor might not benefit for a year or more.

And this doesn't include those professional workers who come under the treasury controls. They might be even longer in getting a wage adjustment since they are not governed by a percentage increase in salary.

FATHER HELPS

Jane Dillard, Fort Worth, winner of the 100-meter breast stroke at the Women's National Outdoor A. A. U. swimming championships held at Kansas City, Mo., is shown being helped into her robe after winning by her father-coach, "Pop" Dillard. (NEA Photo).

Ed Simmons Leaves Attorney General

AUSTIN, Sept. 20.—(AP)—Ed Roy Simmons, a member of the attorney general's department for nearly six years, has resigned to enter private practice in Corsicana. Attorney General Grover Sellers in announcing the resignation of Simmons, said: "I am sorry to see him go. He has made a splendid record during his service with the state and will be difficult to replace."

Simmons joined the attorney general's department in 1939 during the administration of Gerald C. Mann and has headed the oil and gas, highway, insurance and county matters since then.

A native of Freestone county, Simmons practiced law in Teague prior to his state appointment. An organ stop is not a key, but a rank of pipes, each sounding one note.

Cartoon strip titled 'LETTERS TO THE EDITOR' and 'GAZI'. It features a man reading a letter and a woman responding. The letter discusses a search for a girl named Gazi. The woman's response is humorous, mentioning 'TRY AND PROVE IT!' and 'YOU'LL HAVE COMPETITION FROM 2,540 OTHER GIRLS!'.

Cartoon strip titled 'CAPTAIN YANKE'. It shows a man in a military uniform (Captain Yankee) interacting with a woman. The woman asks if he is present, and he responds with a pun: 'I'M HERE WITH STONE WHEN MY BACK IS TURNED!'.

Cartoon strip titled 'WASH TUBS'. It depicts a man and a woman in a laundry room. The man is washing clothes, and the woman is talking to him. The man says, 'FOR TWO AND A HALF YEARS JAPS HAVE VAINLY SOUGHT THE GUSSE, SERGEANT LINK AND HIS MEN.' The woman replies, 'THEY WERE HERE RECENTLY, BUT—'.

Cartoon strip titled 'OUR BOARDING HOUSE'. It shows a man and a woman in a boarding house. The man is talking to the woman about a robbery. The woman says, 'EGAD, MARTHA! DURING OUR YEARS OF MARITAL BLISS YOU'VE OCCASIONALLY PREYED ON MY FINANCES—BUT YOU'VE ALWAYS BEEN AS FRANK AS A STAGE ROBBER!'.

Cartoon strip titled 'MOLLY CAN'T QUIT HER JOB HERE'. It shows a man and a woman in a room. The man is talking to the woman about her job. The woman says, 'MOLLY CAN'T QUIT HER JOB HERE! WHY? BECAUSE THESE SLICKERS COME IN HERE JUST TO SEE HER!'.

Cartoon strip titled 'WELL! NOW YOU'VE DONE IT! WHAT DO YOU THINK HE'LL DO WHEN HE COMES TO?'. It shows a man and a woman in a room. The man is talking to the woman about a situation. The woman says, 'ON THE THEORY THAT LOSS OF KNOWLEDGE THAT WE'VE DONE BY A BLOW CAN BE RECORDED BY ONE!'.

Cartoon strip titled 'WHOEEEE! JUST BEING AT HOME'S A VACATION WITH THE HOBBS GONE!'. It shows a man and a woman in a room. The man is talking to the woman about a vacation. The woman says, 'IF IT'S A MALE PUG, I'M NOT IN THE MOOD.' The man replies, 'IT AIN'T THAT KIND OF A HE—IT'S YOUR BOSS'.

Cartoon strip titled 'HALP! HALP! TH' MONSTER IS LOOSE!'. It shows a man and a woman in a room. The man is talking to the woman about a monster. The woman says, 'TH' M-MONSTER? ACK-SHULLY! EVAH SHULLY! BUT I'VE GOT IT'S FOOTPRINTS IN ITS BARRICADE THAT DOORS!'.

Cartoon strip titled 'MOLLY CAN'T QUIT HER JOB HERE'. It shows a man and a woman in a room. The man is talking to the woman about her job. The woman says, 'MOLLY CAN'T QUIT HER JOB HERE! WHY? BECAUSE THESE SLICKERS COME IN HERE JUST TO SEE HER!'.

# Market Briefs

## NEW YORK WALL STREET

NEW YORK, Sept. 19—(AP)—Buying of steel, motors, rubbers and rails rallied the stock market today and while volume on the combats was nothing to cheer about, it was about double that of Monday's second slowest session in more than a year.

Top gains were reduced in most cases near the close. Transfers approximated 700,000 shares.

In front of the greater part of the proceeds were U. S. Steel, Bethlehem, General Motors, Chrysler, U. S. Rubber, Goodrich, Santa Fe, N. Y. Central, Great Northern Southern Railway, Montgomery Ward, Westinghouse, Du Pont, Anaconda

and Union Carbide. Aircraft, including Douglas, stumbled over profit cashing on the recent hike in this group.

## Phillips makes millions and millions of pounds of BUTADIENE

**AND I CAN'T GET EVEN ONE SYNTHETIC RUBBER TIRE**

Naturally it seems strange to A-card motorists that they still can't buy a single tire . . . when they read of the production miracle which almost overnight has achieved an annual output rate of 836,000 tons of synthetic rubber, exceeding by more than 25 per cent the previous all-time peak of our crude rubber imports from the Malay States and the Dutch East Indies.

The reason, of course, is that rubber is ammunition, that rubber is fighting power: in tires for planes, and combat trucks and cars . . . in life rafts and landing boats . . . in bullet-sealing tanks . . . in aircraft carrier wiring . . . and in essential domestic transport service.

Even with victory on the horizon, the best informed estimate now is that synthetic rubber tires will not be generally available to all motorists much before the middle of 1945. That is why every patriotic driver will do everything in his power to coax every last bit of mileage from his tires.

You can get help to do just that by calling on your Phillips 66 Service Man. His *Tire-Saving Service* includes checking air pressures at least once a week . . . inspecting for nail holes, cuts, and bruises . . . examination of the tire carcass to warn when re-capping is necessary . . . and crisscrossing with the spare every 3,000 miles.

Why not enlist the cooperation and aid of the nearest Phillips 66 Service Man? Drive in at any Orange and Black 66 Shield . . . the sign of famous Phillips 66 Gasoline and Phillips 66 Motor Oil.

# Life for Johnny Jones comes wrapped in PAPER

Blood plasma is saving thousands of Johnny Joneses. Plasma—life blood itself—goes out to the battlefield in fragile containers. But they won't break. They get to Johnny all right—because they're packed in a *paper carton*.

Without that paper carton, Johnny's chances wouldn't be so good. So help him out—save your waste paper.

Remember also that paper wraps or makes 700,000 vital war articles—bomb parts, camouflage strips, "K" Ration containers, gas mask canisters, supply parachutes . . . Johnny Jones, on a distant battlefield, needs those things made from waste paper. Make sure he gets them.

## SAVE A BUNDLE A WEEK SOME BOY'S LIFE

**THIS AD SPONSORED IN THE INTEREST OF THE LOCAL WASTE PAPER CAMPAIGN!**

# THE IRON CROSS

For Destroying Waste Paper

Everyone who wastes paper by throwing it away or burning it deserves this little tribute from our enemies. For he is serving their cause! Waste paper supplies a multitude of vital articles used by the men on our fighting fronts. It makes shell containers, bomb rings, gas mask containers . . . It wraps food, blood plasma and ammunition.

Right now waste paper is desperately needed! We've got to collect two million extra tons this year. Won't you do your share? Be proud that you've made it possible to win the war faster . . . Bring our boys home sooner!

INSTRUMENT PANELS ARE MADE OF PAPER

TRAINING TARGETS ARE MADE OF PAPER

GAS MASK CANISTERS ARE MADE OF PAPER

**They'll Be To See You Are You Ready?**

**FRIDAY and SATURDAY, Sept. 22-23**

Boy Scout troops in Pampa will pick up bundles of waste paper, properly tied and left at the curb. They especially want good grade magazines and old books because of their high quality paper. Have a fall house-cleaning and help clean out the Axis at the same time!

Magazines and Books: Tie them in bundles about 18 inches high.

Corrugated and Cardboard Boxes and Cartons: Flatten them out and tie them in bundles about 12 inches high.

Waste Paper (Magazines, Envelopes, etc.): Flatten and pack down in a box or bundle, so that it can be carried.
