

PAMPANS, GREEKS TAKE ATHENS

Yanks Enter Shell-Torn Aachen from Three Sides

Petitions Are Circulated On Junior College

More than 375 qualified voters of Pampa and the surrounding area have signed petitions asking that an election be called to create a junior college district. The petitions will be presented to the Pampa independent school board at the first opportunity, with the request that it be forwarded immediately to the State Board of Education at Austin, C. A. Huff, president of the Pampa board of city development, announced Saturday.

The petitions, which have been circulated by members of the board of city development and members of the post-war planning committee of that organization, may yet be signed by any qualified voter in the Pampa independent school district. For the convenience of voters who have not yet had an opportunity to sign one of the petitions, extra copies were made yesterday and left at several downtown locations, it was said.

It will be recommended that the original petitions, if possible (and if not, copies of the petitions) be placed in the library of some other suitable location on the proposed junior college after it is constructed to start the history of the college, by showing the signature of citizens who helped start the institution.

"It occurs to me that all citizens should be proud as the years go by, to watch the growth and development of the junior college, its service to the youth of this section, and to know that they had a part in starting the college by signing the petition," Huff said.

"Our committees have endeavored to see as many citizens as possible, but it has been difficult for many to find time to devote to the task," Huff said. "By placing the petitions in downtown store locations, we feel every interested citizen will have an opportunity to sign one of the petitions."

Remark Was His Personal Belief, Asserts Hershey

WASHINGTON, Oct. 14.—(AP)—"I am sure," Lewis B. Hershey, selective service director, wrote President Roosevelt today that his remark last August about demobilization to which Gov. Thomas E. Dewey has referred critically, was his "personal opinion in a field over which I have no responsibility."

"That fact, I am sure, was understood by all present," Hershey said in a letter made public by the White House. The original comment was made at a news conference.

Governor Dewey has quoted General Hershey as saying it would be as cheap to keep men in the army as to create another agency to take care of them. Dewey used this in a speech in which he charged the Roosevelt administration was afraid to let men out of uniform because of a prospective jobless period after the war.

Hershey told the President today that he has been and still is a republican.

He concluded: "The publicity that has been given to my reply to you is completely out of accord with the facts of the matter. I trust that this information will make clear the circumstances under which the subject matter was discussed."

Hit-and-Run Victim's Condition Is Worse

SHAMROCK, Oct. 14.—(AP)—The condition of Peggy Bohler, 6, victim of a hit-and-run driver Wednesday when she was returning to school from lunch hour, was reported by hospital authorities tonight as "worse."

The child, daughter of Mr. and Mrs. Charley Bohler, has been unconscious suffering from a fractured jaw and leg and a possible concussion of the brain.

Meanwhile, M. L. Simpson, paratrooper on furlough here, has been charged with the offense since blood was found on the front fender of his car. He is under \$1,000 bond pending trial. He has denied the charge.

Turtle Mascot Was A-Hangin' 'Round

SHEPARD FIELD, Oct. 14.—(AP)—Pete, turtle mascot, was left behind when the 313th technical school buson left Shepard field. Pete disappeared.

Today, a year later, Chief Warrant Officer Benjamin Franklin found a turtle at a nearby post building. On its hard gray and yellow shell was inscribed "313th TSS."

WAR IN BRIEF

LONDON — Germans increase resistance as Americans battle through Aachen house to house; Russian and Yugoslav armies break into Belgrade while Red army in north poised to invade East Prussia; British occupy Greek capital of Athens.

PACIFIC — Superfortresses drop heavy load on Formosa, following three-day pounding by carrier-borne aircraft.

Serviceman Is Sought For Murder

HOLLYWOOD, Oct. 14.—(AP)—George Bauerger's generosity to servicemen, sheriff's investigators said today, may have led to the slaying of the 20-year-old hedges in her apartment last Wednesday night.

The Hollywood canteen hostess had been accused to giving rides to soldiers and sailors, entertaining them at night clubs and loaning them money, her friends told the officers.

"She had the means to do it and was interested in servicemen," said Mrs. Rose Gilbert, secretary to her father, George Bauerger, wealthy oil and mining man. "She used to show them the sights and foot the bill."

From manifold finger prints in the apartment and on her automobile, found abandoned yesterday in a Negro residential district ten miles away, investigators hoped to develop a clue to the man who, they believe, assaulted her and then thrust a wire cloth down her throat and left her floating in an overflowing bathtub.

Dr. Frank R. Webb, county autopsy surgeon, said his examination showed Miss Bauerger had been strangled to death. There was no water in her lungs, he said, and no indication that she had drowned.

Search centered on a soldier who, Miss June Ziegler, a friend of the dead girl who had served as a hostess with her at the Hollywood canteen Wednesday evening, told officers "kept cutting in on her all the time" and forcing Miss Bauerger to jitterbug with him.

The sheriff's Lt. Garner Brown said she had been raped.

Dewey Turns To Doubtful States

ALBANY, N. Y., Oct. 14.—(AP)—Pressing his campaign in the doubtful states, Gov. Thomas E. Dewey, on the eve of his departure for St. Louis, arranged to make a major campaign address in Pittsburgh the night of Oct. 20.

The republican presidential nominee, who will leave tomorrow afternoon for a speech in St. Louis Monday night, dealing with what he has called "the urgent need for honesty and competence in our national government," did not announce his Pittsburgh subject.

There was immediate speculation, however, that this speech, which will follow the governor's talk on "This Must Be the Last War" at the New York Herald-Tribune forum Oct. 18, would deal largely with the problems facing industry and labor in the postwar reconversion period. Thus far, he has made no "business" talk as such, but has touched on the subject in several speeches.

There was no comment from the State college at the White House announcement that President Roosevelt had declined to talk on the Herald-Tribune forum, which he

Pampan Missing In Pacific Area

First Lt. Leonard E. Walker, who graduated from the Pampa high school in 1939 and enlisted in the service Feb. 4, 1940, is reported missing in action somewhere in the Pacific, according to a message received by his mother, Mrs. E. Mae Porter, 307 W. Francis.

Born Aug. 29, 1921, at Wilson, Okla., he received his wings as a transport pilot in March, 1943, and had been overseas for the past 19 months.

Holder of the Distinguished Flying Cross, he attended West Texas State college at Canyon for a year and a half.

Surviving, in addition to his mother, are his sister, Mrs. W. L. Porter, of Borger, and his grandparents, Mrs. Emma Black, of Pampa. He was engaged to Miss Johnnie Scott of Amarillo.

Efficient courteous service at Gunn-Hinerman's.

Tokyo Makes Wild Claim To Sinking Of 12 Carriers

State Officials Decline Lowering War Chest Quota

Judge B. H. Powell, Texas chairman of National War Fund, Inc., in a letter to J. W. Garman, chairman of the executive committee of Gray county war chest fund, has refused Gray county's petition to lower its war chest quota, it was revealed Saturday.

The refusal, coming after debate from both the Gray county group and the representatives of the United War Chest of Texas, was in some measure expected in that the state officials had refused to comply with the request prior to the last petition made by Gray.

The county executive committee has called a meeting to be held Monday morning, at which time it is expected the state officials may see the resignation of the entire Gray county group.

Headed by Chairman Garman, a delegation met with state officials of the National War Fund, Inc., last month to lower the 1944 War Chest quota of \$18,432, which had been allotted Gray county.

The committee, composed of E. J. Dunigan, Jr., Jack Hanna, Garnet Reeves, and Arthur M. Teed, met the state officials at the Amarillo air field where they were refused lowering of the figure. The Gray representatives refused the allotted quota and objected strenuously to the alleged practice of allowing a few of the larger communities from not being figured in with the smaller counties, due to the fact that the largest community chest cities have a separate quota, some of which has been reduced as much as 15 percent.

The Pampa delegation objected further to the method of arriving at the quota, and advocated that war chest quotas be based on the formula

Tomorrow Last Day To Mail Gift to GI

Tomorrow is the last day for mailing packages to servicemen overseas, the deadline having been moved up by the postoffice department from Oct. 15 (today) until tomorrow because Oct. 15 fell on a Sunday.

Many Pampans were rushing for last-minute purchases Saturday, and postoffice officials were quite busy here taking care of the mailing. Monday is expected to be a heavy day, also.

RELIC

Remember those spiked German helmets pappy brought from France as souvenirs of World War I? This one was found in a German village by its wearer, Capt. Carl Randall, of North Conway, N. H., who intends to bring it home with him.

TODAY'S WAR MAP

This telemap shows today's picture of the German front with a closeup of the Aachen area where American doughboys were reported last night to be fighting house to house in the historic city of 165,000.

Regulars Say They Won't Back Down

AUSTIN, Oct. 14.—(AP)—Merritt H. Gibson, campaign manager for the Texas regulars said today that "Texas regulars are not going to withdraw in favor of the republicans or anybody else."

Gibson's statement was in comment on an assertion by Harry L. Seay, chairman of the state democratic executive committee that the "Texas regulars, new party formed by anti-Roosevelt democrats, will withdraw in favor of the republican candidates for presidential electors."

"I predict," said Seay, in a formal statement issued in Dallas, today, "that the little group of frustrated politicians who call themselves the Texas regulars are going to go through the motion of withdrawing in favor of the republican candidates for presidential electors."

Said Gibson: "Harry Seay is not only frustrated but he is evidently flabbergasted. Fellow-traveler Seay whines about the republicans being the same politician who is in bed politically with Earl Browder and Conrade Hillman."

"We represent the white section of the democratic party and will continue to fight until the battle is won."

Questioned as to the possibility that Senator W. Lee O'Daniel might participate in the Texas regular campaign, Gibson said: "O'Daniel and the Texas regulars have a common goal. We believe he is wholeheartedly in favor of our program and if that is his position we welcome his support and the support of the thousands of patriotic Texans who oppose the destruction of constitutional government in this country at the hands of the New Deal."

Gibson would not say whether or not O'Daniel would figure as a candidate in the Texas regular party for whom their electors would cast their votes in the event they re-

Candidate Button On the Safe Side

You can go all out for one or the other of the presidential candidates if you wish, but Carl Wilson, keeper, has his own ideas about keeping his friends friendly in an election year.

Wilson wears a candidate's picture in his lapel but it is neither Dewey nor Roosevelt. In fact it is none of the six 1944 candidates for president.

It seems that Wilson was rummaging through some old things in a trunk out at his house the other day when he ran across a campaign picture of William McKinley, the 24th president of the United States inaugurated in 1897.

So Wilson decided he would wear this campaign picture instead of one of Dewey or Roosevelt. The picture is suspended from a tiny red, white and blue ribbon pinned to the lapel with a safety-pin. Above the photo is the one word "protection." The bottom line carries the name, "William McKinley."

"Why," says Wilson, "they tell me he was a good president."

Merchant Association Meeting To Be Held

Annual membership meeting of the Pampa Retail Merchants Association, Inc., will be held at a luncheon Tuesday noon in the basement of First Methodist church.

Della Dean, secretary-manager, said the luncheon will take the place of the annual banquet and will be a business session only.

Members are urged to attend. Mr. Dean said, due to the fact that two directors are to be elected.

A report of the year's activities will be given by the secretary. The luncheon is to begin at 12 o'clock noon.

2,000 Nazis Fight On in Doomed City

American infantrymen slowly battled from three directions toward the center of burning Aachen last night, and elsewhere on the western front fighting flared violently. Meanwhile, British and Greek troops occupied Athens, the ancient capital of Greece, after being put ashore by the British navy and planes of the U. S. 15th air force in new landings.

The taking of Athens was announced in a special Allied communique which also disclosed the fall of the adjacent port of Piraeus. There was no mention of resistance.

At Aachen, as the men of Lt. Gen. Courtney H. Hodges' U. S. First army routed the German defenders from houses and cellars in the flaming city, long lines of civilians streamed out into American lines. Back of the U. S. positions were badly-beaten Nazi infantry and tank columns mustered from the Arnhem area in a fruitless attempt to relieve the dwindling Aachen garrison.

Heavy Aerial Support Is Given

Allied planes supported the doughboys drive into Aachen's center where it was estimated 2,000 Nazi soldiers still fought on. The escape corridor was reported by an American officer to be virtually closed.

In Holland, strong German forces attacked Canadian troops astride the south Beveland causeway in an attempt to open an escape gap for German garrisons on the islands of the Schelde river estuary. Other Canadian troops pushed a mile toward the Leopold canal where their comrades hold a bridgehead.

On the southern end of the western front, a German communique said the U. S. Seventh army had swung over to the attack in strong force on a broad front east of Remiremont, 30 miles north of the Belfort gap leading into Germany.

British-based bombers numbering 2,200 and escorted by 1,100 fighters poured more than 8,500 tons of explosives down on German rail and canal communications behind the Nazis' western defenses. Duisburg, communications city 35 miles north of Cologne, was hit by 5,600 tons of bombs in the daylight raid.

Cologne, 36 miles east of Aachen, was blasted by 1,000 Liberators and Flying Fortresses in a heavy aerial punch at German supply lines. Other bombers struck at Saarbrücken.

Big-Vote States Attracting FDR

WASHINGTON, Oct. 14.—(AP)—President Roosevelt may carry his fourth term campaign personally into Pennsylvania, Ohio and Illinois in addition to his home state of New York, where an aggregate of 135 electoral votes is at stake.

It was said authoritatively today that these states are high on the Presidential itinerary now under consideration, although the White House said no dates or places are ready for announcement.

Coinciding with an announcement by Presidential Secretary Stephen Early that Mr. Roosevelt had declined an invitation to speak next Wednesday night on the New York Herald-Tribune forum, democratic spokesmen said the chances are good that he will speak in Philadelphia, Cleveland and Chicago, probably after his address in New York City next Saturday night.

Early's statement that the President is "talking about" other appearances came after publication by the White House of a letter to the President from Adolf A. Berle, Jr., assistant secretary of state, which accused Governor Thomas E. Dewey, republican presidential nominee, of making a "surprisingly dishonest effort" in his Charleston, W. Va., speech to make it appear that the present administration secretly hopes to "set up a communist system."

The White House also made available to reporters, although not as a White House document, a compilation of some of Dewey's quotations from administration speeches, testimony or documents. Each quotation was followed by a fuller quotation from the same record, speech or document in obvious design to develop the contention that Dewey had distorted the meaning.

Mr. Roosevelt's campaign constituents, it was learned, have talked of speeches at Detroit, St. Louis, Buffalo and the twin cities of Minnesota, but the likelihood of their being included in a swing is regarded by them as slim compared with others higher on the tentative list. The President probably will not go west of Chicago in any stumping tour, one spokesman said.

Greater Power—More Death: British Design World's Most Destructive Aerial Weapon

LONDON, Oct. 14.—(AP)—The air ministry announced tonight that the RAF has been breaking dams, seawalls, and submarine pens recently with a new-type, 12,000-pound earthquake bomb which it described as "undoubtedly the most destructive air weapon ever used."

The big weapon combines great penetrative power with a terrific blast effect, the air ministry said, adding: "No other bomb used in this war, either by ourselves or by the enemy, has had these two advantages."

"Even the old-type, 12,000-pound factory buster detonated on the surface and destroyed its target by the blast alone," the ministry observed.

The blast of either one makes that of the Nazi flying bomb look like a toy.

The new bomb is three times the size of the original Blockbusters, one of which is known to have destroyed at least 80 buildings during an attack on Emden. That would mean that under the same conditions the "earthquake" might flatten up to 100 buildings.

Scientists estimate that its blast damage covers an area of approximately 80,000 square yards.

It is streamlined so that it will penetrate the earth even from moderate altitudes. It carries a delayed action fuse, so that the bomb does not explode until it is inside or under its target. The head contains the heaviest possible charge of a "very powerful explosive."

Its extraordinary penetrative power was shown in recent attacks on the submarine pens at Brest. They were among the strongest shelters ever built by man, with concrete roofs 12 feet thick.

The new bombs also have been used with great success in knocking out formidable German long-range weapon sites. One of them dropped on a hillside in France buried hundreds of flying bombs the Germans had stored in limestone caves.

It took only one to put the big German battleship Tirpitz out of action, probably for the duration. They also were used to drain the vital Dortmund-Ems canal, to crumble the sea walls around Walcheren Island off the Dutch coast where the Germans had long-range guns and to smash the Demba dam in southern France.

Gas wells tested in Gray county during the week included wells on the W. P. Dial lease.

OIL AGREEMENT IDEA IS GAINING GROUND Some of the laymen think there is too much noise being made about the Anglo-American oil agreement...

Dr. Joseph Poque, in Oklahoma City, last week for the compact session, pointed out the needs of an agreement, and we think the idea sound. Other speakers attacked the agreement itself and probably stretched a few points.

Greatest danger it appears is not in the agreement as written, but the course of the agreement after the Washington conference. President Roosevelt rushed the agreement over to the senate and asked approval of it as a treaty.

dent Roosevelt rushed the agreement over to the senate and asked approval of it as a treaty. This was a typical new deal procedure. If approved by the senate, the agreement-treaty would set precedent for every cock-eyed idea anybody dreams up from here on out.

GAS WELL FIRE CHICKASHA, Okla., Oct. 14.—(AP)—Oklahoma Natural Gas company crews today attempted to extinguish a fire in the company's No. 1 Chandler unit on the west edge of the Chickasha gas field in Grady county.

The gas became ignited from unknown causes when the well was opened Friday night to repair a leak. Within a few minutes the 136-foot steel derrick crumpled and buried the drilling tools.

The well was in process of completion in the deep charbon sand zone.

JAPS' OIL COMING FROM NETHERLANDS Stiff writer of the New York Times adds this bit of information: "A great proportion of Japan's fuel for her ships, planes and heavy mechanized equipment—estimated by some as high as 90 percent—long has been drawn from the Netherlands Indies."

"A large section of this vital fuel line is now well within the 800-mile cruising range of the forward based Catalina, and is threatened with complete disruption."

TULSA MAN HEADS STRIPPER ASSOCIATION Howard J. Whitehill, Tulsa, was elected president of the National Stripper Association, at a meeting of the executive committee in Dallas this week; he succeeds J. D. Sandefer Jr. of Breckenridge, Texas.

N. W. Shirella, Owensboro, Ky., was elected vice-president; Harold B. Feil of Ardmore, executive vice-president, and Fred Schumann, Wichita Falls, secretary-treasurer, were re-elected.

Edmond Oil Field Extended a Mile TULSA, Okla., Oct. 14.—(AP)—The West Edmond oil field, most important strike in the United States in recent years, was extended a mile southward this week and surpassed the great Oklahoma City field in total acreage.

Discovered in the spring of 1943 by doogelbugger ace Gutowski, the West Edmond field now sprawls over a three-county area extending more than 11 miles from north to south and more than three miles from east to west.

Four new producers were added to the field during the week, increasing the total to 14, and more than 100 rotary drilling rigs were in operation, making this the most active area in the nation.

The Denver producing and refining company announced it was dismantling its idle refinery at Gainesville, Tex., and moving it to Edmond. The plant has a capacity of 1,500 barrels daily.

Gracie Reporting Consolidated News Features HOLLYWOOD—I'm beginning to think the best thing to do with the war criminals is to put them into some of these poor kitchens.

George a cup of coffee. I've seen an exhibition. Goodness, they're frightening!

Everything either pulls out, slides under, or tucks between. From the looks of the gadgets, it would be easier to fly a B-29 over Tokyo than to make

One thing, though, you'd never be bothered with ants. The home planner told me an ant would never enter a kitchen like that. Neither would a cook.

The last post-war kitchen I saw was painted in shades of orange. The color psychologist told me orange was soothing to the nerves. I can imagine what my Irish cook would say if I asked her to work in a kitchen painted in orange!

A high grade dairy cow may produce as much as 10 tons of milk in a year.

Market Briefs

NEW YORK WALL STREET NEW YORK, Oct. 14.—(AP)—Scattered activity and industrial made-up leadaway in today's stock market although many pivots lacked bidding fuel.

The desire for liquidity over the week-end kept numerous customers to neutral territory. Special situations added individual issues.

Dealings showed appreciably after the opening but advanced were a shade in the majority near the final hour. Transfers ran to around 55,000 shares.

United Corp. Preferred and Kennecott touched peaks for 1944. Gold & Stock Telegraph jumped several more points on odd-lot transactions. Ahead at intervals were North American, American Water Works, Graham-Paige, L. I. Case, Sears Roebuck, Westinghouse and U. S. Steel. Stumblers included Chrysler, Chesapeake & Ohio, American Can, United Aircraft and Western Union.

Chinese Go 'Crazy' Over Basketball

MIAMI BEACH, Fla., Oct. 13.—(AP)—The Chinese, says L. Hal Surface, have "gone crazy" about the American game of basketball.

The former ranking tennis star from Kansas City has just returned from 33 months in India and China as an army air forces special services officer.

Of the Chinese basketball players he said, "They'll make tough world competition some day."

(The Pampa News encourages letters and cards on men and women in service. Identify subject and write plainly, so there will be no chance of mistake.)

AWARDED AIR MEDAL WITH CLUSTERS Captain Walter F. Cars, 23, has been awarded the air medal with two bronze oak leaf clusters. It was announced by the 15th air force headquarters.

SOMEWHERE IN THE PACIFIC In a letter to relatives in Pampa recently, Hollis Brown told of his experiences in the Pacific. With the letter, Brown enclosed a picture of captured Japanese equipment.

Formerly employed as a plant designer in Houston, Capt. Cars entered the air corps in December, 1941. He received his wings and commission at Mather field, Calif., June, 1942, and did work as a fly-back instructor before transferring to combat flying. Capt. Cars' wife, Betsy F. Cars, resides in Pampa.

RADIO TECHNICIAN Pvt. Clarence C. Teague, Jr., has just been graduated from the Scott Field, Ill. radio school of the army air forces training command. His training at this field saw him complete a course in radio operator-mechanics.

Now qualified for further duty as a skilled radio technician on the world's many battle fronts, he may become one of many technicians serving as members of the American bomber crews.

GRADUATES FROM GUNNERY SCHOOL Naaman L. Williams, 22, has recently graduated from the Kingman army air field flexible gunnery school in Arizona.

As a student runner at the Kingman school, Williams went through a ground school course and following that was given two weeks of air firing before being presented with his gunnery wings.

PROMOTED TO WARRANT OFFICER Marine Warrant Officer Hollis W. Glass, son of Mr. and Mrs. Lawrence W. Glass of Benton, Ark., has been promoted to that rank and named adjutant of an air group headquarters squadron at El Toro, marine corps station Santa Ana, Calif.

Warrant Officer Glass is the husband of the former Mazelle Kirby

of Pampa. They are now living in Anaheim, Calif.

STUDENT Flight Officer Jesse D. Enloe is now a student at the four-engine pilot school at Roswell army air field, New Mexico.

Rice Pockets Fumbles To Defeat Tulane

By SKIPPER PATRICK NEW ORLEANS, Oct. 14 (AP)—Tulane's flashy Green Wave pocketed their fumbles in the second and third quarters here today to score a 21-0 victory over Rice in a game that outlasted Rice Institute team.

HOME FROM OVERSEAS Marine Cpl. Vernon E. Purcell is at home after having served overseas 23 months. He spent most of this time in Hawaii.

Tulane's first team struck for two quick touchdowns in the third period. Fullback Harry Robinson drove between guard and tackle from the 3 yard line after a 63 yard drive. Fullback Carl Russ fumbled and Bill Scruggs missed Walmsey with a couple of passes.

PROMOTED SHAMROCK—Mr. and Mrs. Mill Williams have received word that their son, Harold, has been promoted to corporal. Corporal Williams is stationed at Avon Park, Fla.

Another Shamrock man to be promoted is Martin Exum, son of Mrs. Joe Tate Exum, stationed at Norman, Okla., has been promoted to staff sergeant.

BACK AFTER FOUR AND ONE-HALF YEARS BACK AFTER 4 1/2 YEARS Staff Sgt. Douglas V. Keyser, son of Mr. and Mrs. H. E. Keyser, is visiting with his parents who live at 612 N. Sumner.

Slick-tipped Dub Jones got the third and final touchdown in a couple of minutes later when he took in Bucky Sheffield's punt on the Greenies' 35-yard line and slipped down the east sideline where he picked up good blocking and scored standing up.

Ed Smith is head football coach. Fred Smith is head basketball coach. James Smith is the new freshman football coach and Frank K. Smith is principal. They're not related.

Pampa Woman Dies From Heart Ailment Mrs. Maude E. Casidy died Saturday, 4:30 a. m. at the Worley hospital of a heart ailment. She had been ill for only a short time.

Mr. Smith... PUEBLO, Colo., Oct. 14 (AP)—If you want to participate in athletics at Centennial high school, you'll have to see a man named Smith—and that takes in a lot of territory.

Survivors are three daughters, Mrs. Elsie Novotny of Bokchito, Okla., Mrs. Letitia Myrnes of Pampa, and Mrs. Violet Lee of Wheeler; three sons, Orvel Casidy of Borger, Lloyd Casidy of Pampa, and Clarence Casidy of White Oak, Okla.; and three great grandchildren.

There are, actually, white blackberries.

California is named after an imaginary island figuring in an oldtime romance.

First General Is Made Prisoner WASHINGTON, Oct. 14 (AP)—The war department disclosed today that Brigadier General Arthur W. Vannaman of Milville, N. J. has been captured, the first American general officer to become a prisoner of Germany.

General Vannaman's internment in Germany was disclosed in an announcement of award to him of the Legion of merit for prior service in this country as commander of the Oklahoma City air service command.

Services To Be Held For Mouthrop Infant Funeral services will be held Monday at 10 a. m. for the infant son of Lt. and Mrs. Lynn Mouthrop, Brunow Apt. No. 2. The baby died at 8:20 Saturday morning. Lt. Mouthrop is an instructor at PAAP.

PAAP Veteran Is Guest Speaker Experiences in the North African, Tunisian, and Sicilian campaigns were related to Pampa Kiwanis Friday when Capt. Milton Severson, overseas veteran and now commandant of cadets at Pampa air field, addressed club members at their noonday luncheon.

Newsletter From Our Congressman By GENE WORLEY Member of Congress An encouraging announcement was made this week when the War Production Board officials stated that the production of tires for civilian use will be increased in 1945. It was pointed out, however, that very little rubber would be available for pleasure driving.

to 18.5 million tires. This compares with an original schedule for 1944 of 30 million tires which was reduced to 20 million during the year, and with a peacetime production of almost 50 million tires for new cars and replacement needs. Production during the first three months of 1945 is being scheduled at the rate of 2.5 million a month or 30 million a year.

Services Held Friday For Former Pampan Funeral services were held Friday in Vernon for Mrs. Frank Jewell. The Jewells resided four miles south of Pampa until last May when Mr. Jewell was transferred by the Humble Oil and Refinery Co.

Survivors are her husband, Frank, two children, Bobby and Mary Katherine, her mother, Mrs. Teltha Martin of 453 N. Stark-weather, a sister, Miss Oletha Martin, teaching in Woodrow Wilson school here, and an unnamed sister in Houston, and a brother overseas.

Among the guests were Lt. (jg) Steve Matthews, former Pampa city manager, who is home on leave after Atlantic convoy duty. Lieutenant Matthews spoke briefly on his most recent duties as voting officer aboard his ship. In this capacity he accepts the absentee ballots of servicemen voting in the presidential campaign.

Caliao, chief port of Peru, was ruled by Drake and others in the 16th century and in 1746 was completely wiped out by an earthquake.

Satirical Skit Is Strongly Criticized BUFFALO, N. Y., Oct. 14 (AP)—A Twentieth Century club skit lampooning Mrs. Franklin D. Roosevelt has resulted in the resignation of Mrs. Norman E. Mack, former democratic national committee woman, from the club.

The skit, entitled "My Day," was "the worst exhibition of bad taste I have seen in my entire life," Mrs. Mack said. "Regardless of political affiliations, such a cruel, mean attack on the wife of the leader of our nation is unbelievable. Mrs. Roosevelt has been my friend for 35 years. x x x"

Mrs. Edward Sharpe, president of the club, where Mrs. Roosevelt is scheduled to speak Thursday, said the skit was "very pleasant and not unfriendly satire. If Mrs. Roosevelt had been here, I am sure she would have enjoyed it as much as our members did."

Five vice-presidents of the United States have become presidents—Adam, Jefferson, Van Buren, Theodore Roosevelt and Coolidge.

Waitress wanted at Schneider Hotel.

The Rev. Russell G. West, minister of the Brethren church, leaves this afternoon to visit friends at Camp Hood and Camp Barkley. Mr. West states that if anyone has friends or relatives at either of these camps and would like for him to visit them, he would be glad to do so, if they will get in touch with him by mail or telephone. His telephone number is 497-W.

Belvedere sells Beer to take out. Open daily 1 p. m. Dancig 7 p. m.

SHAMROCK—Pc. Archie Dean Southard of Camp Bowie is visiting with his parents, Mr. and Mrs. A. D. Southard, Pc. Southard's wife has been their guest for the past few weeks.

SHAMROCK—Cpl. B. F. Kersh, who has been here on furlough visiting his parents, Mr. and Mrs. Jack Kersh, left last week for Columbia, S. C. where he is stationed.

SHAMROCK—Mr. and Mrs. John Cadra have visiting them in their home, their son, Pfc. Edward Cadra, who is stationed at Charleston, S. C.

SHAMROCK—George Porch, who volunteered for service a few months ago, has received his call and will report to Oklahoma City soon. Porch will have the honor of chief petty officer as a machinist mate in the navy. He is to be stationed at Bainbridge, Md. Mrs. Porch, a school teacher, will remain in Shamrock to teach.

Guests in the home of Mr. and Mrs. M. B. Watkins this week are Lt. and Mrs. Zade Watkins. They are here visiting with Lt. Watkins while enroute to Lincoln, Neb., where he will enter a B-29 school.

Mrs. De Ann Lewis, James Foran and Staff Sgt. Doug Keyser were in Amarillo yesterday for the game between Norman and Amarillo.

WAR CHEST (Continued from page one)

used to determine war bond quotas which are worked out by government representatives after a scientific study of the financial ability of each community has been made. During the Amarillo conference, Wayland D. Towner, of Austin, who is state secretary and general manager of the National War Fund, Inc., advised the Pampa group that a state committee had set the quotas and that there was no other way around that could change the allotments.

Gray county's group in turn pointed out that the county was ready and eager to do its fair share and expected to do its part, but that they would not continue raising more than a fair share.

Not satisfied with the outcome of the Amarillo conference, the Gray county war chest executive committee called a meeting to hear suggestions as to whether or not Gray county should accept the \$18,432 quota and reenter the drive, or continue steadfast in its convictions.

IN FRANCE Pvt. Charles A. Winborne, 19, is serving in France with General Patton's 3rd army.

In Winborne's letters to his parents, he can't praise General Patton enough.

Winborne joined the army in March of 1943 and went overseas 13 months later. Before being sent to France, he was stationed in England.

Private Winborne is the son of Mr. and Mrs. J. E. Winborne of 1001 W. Wilks and the grandson of Mrs. L. B. Kinman of 831 W. Kingsmill.

RUGGED LIFE FOR COUPONS

After leaving the printer, your gasoline ration coupon is under suspicion and doomed from then on. It is christened by the motorist, goes through the soiled hands of the gasoline retailer and in the end is ground to bits as pictured above. Finally, wastepaper salvage gets the ground coupons.

English Village Is Set Aright When Stake Is Driven Into Witch's Grave

SCRAPFAGGOT GREEN, England, Oct. 14.—(AP)—As an eerie end to one of England's weirdest witch tales, the villagers of this little Essex town have driven a new stake through the grave of a woman buried at the stake and buried two centuries ago to peg the spirit they say disturbed their nights.

Over the telephone to London, Town Councillor Arthur Sykes told how he and seven of his neighbors Thursday rolled back the big boulder that marked the witch's last resting place, and he added, "We had the first quiet night's sleep in many a day."

This is Sykes' story—and he added a bit petulantly: "I'm a practical man, but there's been a lot of queer things around here."

He started—"the queer things"—after a bulldozer, widening a road so that military vehicles could use it, pushed aside the boulder which generations of the townspeople be-

lieved marked the resting place of the "witch."

What sort of "queer things?" "All sorts," said Sykes. "Being chinged at midnight. Clocks going wrong. Chickens disappearing. Things being moved and no sense to it."

Some of the townsfolk definitely were becoming alarmed, he reported, and they wondered what would happen next. So they decided to take action and consulted Harry Price, who had written a book on "spirits."

He furnished them, Sykes said, with the instructions for setting this one to rest. The villagers did the rest, even to measuring the grave "by the inch," said Sykes, "to be sure of doing it proper" before driving the stake and rolling back the boulder.

"Mind you," he said, "I'm a practical man, but—"

Councillor Sykes recounted the tales of the villagers—of churchbells being rung at midnight, of sheep wandering from exitless fields, and added:

"Yesterday the old church clock was found to be two hours slow and I can't remember it ever being wrong before."

Builder Charlie Dickson tells of scaffolding poles which strong men can hardly lift being found scattered about like toothpicks. A dead chicken was found with its neck twisted . . . but no one in the village had lost a chicken.

At one of the local pubs, Landlord Bill Reynolds scoffed at the tales. At least, he did until the evening when a customer complained about falling over a huge rock outside the pub door.

Price, who has put to the test innumerable stories of witches, ghosts and their ilk, said the trouble at Scrapfaggot Green is caused by a poltergeist, a noisy mischievous spirit the existence of which many people accept.

"It has been proved that poltergeists exist," Price said. "I have listed more than 500 cases of such spirit tricks. Many of them have been put down to the influence of witches."

Price said he may make a trip to look further into Scrapfaggot's own case. Meanwhile, the villagers would be awfully grateful if he'd hurry.

\$4,150 Raised For Texarkana's Part in Drive

DALLAS, Oct. 14.—(AP)—Arthur Temple, Texarkana lumberman, told the House committee on campaign expenditures this week that a leaflet headed "41,000 is a lot of money," which he said mentioned Rep. Wright Patman (D-Tex), was circulated by the committee for constitutional government in New York and not by the local Texarkana group.

The committee has been investigating whether the CCG has been engaged in politics. Temple and E. M. Biggers, Houston printer, yesterday testified before the congressional group in its closing session here.

Temple told the committee chairman, Rep. Anderson (D-NM) and two other committeemen, Rep. Sparkman (D-Ala) and Rep. Callings (D-Ark) that he was familiar with the leaflet mentioning Rep. Patman.

The Texarkana lumberman replied: "That depends on your point of view when Anderson asked him whether he considered the Patman reference favorable or unfavorable."

Temple said he recalled that the leaflet referred to Texarkana's part in the national debt, and to Patman as being in favor of spending.

Sparkman asked Temple if he had seen in leaflets distributed by the committee for constitutional government any statements directed against the President.

Temple said he recalled "a good many statements directed against the philosophy he represents."

He added that there was a difference, in his opinion, between statements directed at an individual and statements directed at the "philosophy of government" with which an individual was connected. "When you discuss philosophy of government you include a lot of people," he said.

He said the local committee in Texarkana was conducting a school quiz contest on the constitution.

Temple testified that approximately \$4,150 was raised at Texarkana for the committee for constitutional government after a dinner there in April at which former Indiana Rep. Sam Pettengill spoke.

He said that the money went to the headquarters of the organization, and that the local group received back 35 per cent to be used for quiz contests on the constitution.

Temple told the committee he participated in sending out a letter before the Pettengill dinner which said that an effort would be made to organize the first congressional district, but that the reference was not to political organization.

TOKYO

(Continued From Page One)

14 ships probably destroyed, 26 ships damaged, 57 small surface craft sunk or damaged.

In four days of carrier aerial strikes, from Monday through Thursday, the Yank naval fliers visited the Ryukyu, Formosa, the Pescadore's and the Philippines. In all, their bombs destroyed between 520 and 525 planes, sank or damaged 143 ships, not including 87 small surface craft.

The navy said not a single American surface ship was damaged. Forty-five U. S. planes were lost. The Japanese claimed the sinking of a half dozen carriers and four warships and destruction of 160 planes.

The Japanese continued to win their only successes in embattled China. The Chinese high command announced the fall of Kweiping to the invaders after bitter street fighting during which every soldier of the defending garrison met death. Kweiping is an important southern town in Kwangsi province.

Kweiping, a key river town, is 70 miles south southeast of Lichow, toward which the Japanese are driving in an effort to outflank Kweilin, Chinese defense hub.

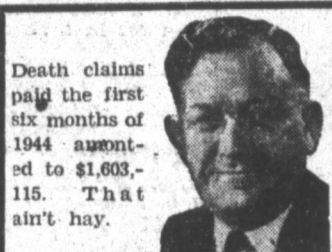

Gen. Fu Chung-si, deputy chief of the Chinese general staff, predicted Kweilin would be China's Stalingrad. He said the outcome of the battle for the city will be the turning point of the war on the Asiatic continent.

Meanwhile American airmen continued to smash Japanese river shipping in China. Their baz included 330 sampans loaded with troops and supplies.

In northwestern Burma the Japanese appeared to be ready for a last ditch stand at Tiddim, where they are virtually trapped.

The Congressional Record, official publication of the U. S. congress, once was named the Congressional Globe.

About 400,000 men and 100,000 women have left Canadian farms since 1939.

Death claims paid the first six months of 1944 amounted to \$1,003,115. That ain't hay.

Overdose of Sleeping Powder Declared Cause Of Evangelist's Death

OAKLAND, Calif., Oct. 14.—(AP)—A coroner's jury Friday returned a verdict that Evangelist Almee Semple McPherson died last Sept. 27 "from an accidental overdose" of sleeping tablets.

The jury of 13 persons, including four women, deliberated only a short time.

A pathologist told the jury the evangelist had died "of shock and respiratory failure due to overdosage of a barbitol compound" and a kidney ailment.

The witness, Dr. Mary Ruth Oldt, said she had examined the stomach contents.

Coroner Mark L. Emerson asked Dr. Oldt whether the death could have been accidental.

"It could," she replied. "A person could get in such a stage of forgetfulness that he may not remember how many he has taken of these pills."

REGULARS

ceive a majority. His only opponent was: "The election is not going to be on Nov. 7 but on Dec. 13 or else in January."

The executive committee of the Texas regulars in a campaign strategy meeting today adopted a budget and issued a statement asking ministers to join in their campaign from their pulpits.

Former State Senator Roy Sanderford of Belton, said the budget called for "a most vigorous newspaper, radio and public speaking campaign throughout the state during the next three weeks."

Sanderford said campaign contributions from \$1 up would be sought.

"We are asking republicans, democrats and everyone else interested in defeating the Roosevelt, Truman, Hillman, Browder, communist, socialist coalition to join with us on election day."

The Ford theater in Washington, in which President Lincoln was shot, was dedicated Feb. 12, 1892, as a national museum.

V Notes RED CROSS VOLUNTEERS

By MRS. H. H. HAINC

A global program of war service and production is being conducted right here in the schools of Pampa by members of the Junior Red Cross, H. A. Yoder, chairman of Junior Red Cross or the Pampa chapter, said today.

"Without leaving their classrooms, children of Pampa schools can contribute to the happiness and well being of servicemen and school children all over the world," the chairman declared.

Through the production program, local Red Cross Juniors can produce comfort and recreation items for shipment to hospitalized and able-bodied servicemen in all parts of the world.

"The Junior Red Cross right here at home actually engages in international activities. The value of this program in contributing to the morale of our servicemen as well as children throughout the world is immeasurable. But even more important is the deep sense of participation in the life and activities of the world which Juniors get from

their personal efforts. Because of serving today in Junior Red Cross, these children are learning the importance and means of becoming good citizens of the community and the world tomorrow," Mr. Yoder declared.

The international committee of the Red Cross has advised that the Japanese authorities will permit American prisoners of war and civilian internees held in the Far East to send 10-word cable messages collect to their families in the United States, according to an announcement by Basil O'Connor, chairman of the American National Red Cross.

Mrs. Hal Suttle, local chairman of the prisoner of war sub-committee, states that the apparent reason why so few cablegrams have been received to date from prisoners of war held by Japan. Therefore, the American Red Cross has requested the international committee to arrange for each United States citizen held in the Far East to dispatch, collect, one 10-word cablegram a year.

Pending final approval of necessary appropriations by government departments to meet the expense of the collect messages, the American Red Cross will underwrite the plan.

Military authorities declare that the comfort kit is second in importance to the surgical dressing; it is a "must" item. Recently the production department of the Pampa chapter accepted a quota of 500 comfort kits, to be returned unfilled. This is a rush order, and Mrs. C. N. Ochiltree, sewing chairman, emphasizes the urgency of getting them made at the earliest date possible.

"These unfilled kits are given to the men coming out of combat, in order that they may have some place

to keep their toilet articles. Men come out of action with nothing, and must be supplied with soap, tooth brush, razor blades, etc. all over again. They need something in which to put these little personal and comfort items. Let us see to it that some men does not have to do without because of our delay," Mrs. Ochiltree said.

Circle 5 of the W.S.C.S. of the Methodist church will meet at 9 a. m. next Wednesday in the home of Mrs. W. D. Waters to work all day making comfort kits, except for time out during the covered-dish luncheon and one hour in the afternoon to be given to mission study.

Mrs. Ochiltree reports that at the recent conference of Red Cross workers in Amarillo the story was told of an Amarillo woman whose son had written her, telling of the pleasure he had received from using the comfort kit which had been given to him upon embarkation. The mother of this service man came to the Red Cross and said she wanted to give \$1 each month from her allotment so that some other mothers' sons might also have a kit.

"If every mother of a serviceman in the Pampa community would make one of these comfort kits, the good work can go on. The Red Cross furnishes the material, and workers in the production department do the cutting. All that remains to be done is the sewing, which is really quite simple," Mrs. Ochiltree explained.

A called meeting of the board of directors of the Pampa chapter will be held next Tuesday evening at 7:30 in the City Commission room.

Mrs. Arma Blackney, field representative from the area office in St. Louis, will be in Pampa from Nov. 1 to 17 to instruct the Home Service corps. Classes will start Nov. 2 for the 56-hour course, and the first 25 women who register for it will be the ones permitted to have the instruction.

"The work of the Red Cross nutrition service has been greatly expanded to meet wartime conditions," states Miss Clara Brown, nutrition chairman, in reminding us to listen to "Food for All" over KPDM at 8:15 to 8:30 a. m. on Mondays and Saturdays. "Through nutrition classes, emphasis has been placed on the importance of proper nutrition in relation to physical fitness, the food rationing program, and food conservation."

Last Tuesday the production department shipped these articles: 11 sweaters, 1 army mufflers, 30 pairs

wristlets, 19 army-helmets, 41 pairs socks, 24 pairs gloves, one convalescent robe one night shirt, 13 lap robes, six afghans, nine quilts, 13 housewives (filled sewing kits), one "tee sock" (filled sewing kit), 35 pairs knee pads, 35 ditty bags, navy, unfilled; 39 old style comfort kits, unfilled.

In commenting on the shipment, Mrs. R. J. Epps, production chairman, said: "We regret that the shipment was not complete, because several garments were not turned in on time, as had been promised. However, rather than delay the shipment for lack of these few items, we decided to send in all we had on hand."

The members of the Sub Deb club and the sponsor, Mrs. J. B. Massa, assisted Mrs. Raymond Harrah, comfort kit-chairman, in filling the 422 kits shipped recently. Mrs. George Hepper and Mrs. L. M. Hicks also lent a hand, and Mrs. Harrah is most appreciative of the efforts of the entire group.

Numerous magazine subscriptions have been donated recently to the Prisoner of War camp at McLean, for our soldiers who serve as guards there, and to Pampa army air field. These groups: A.A.U.W. #25; Junior Red Cross #435; First Christian church, two subscriptions; Mrs. Carl Wright, 11 subscriptions.

Other organizations or individuals who wish to provide reading matter for the prisoners of war, may send a copy might like to subscribe for daily newspapers. None are being received at present.

Mrs. W. R. Campbell, in charge of the entertainment program for the hospital at PAAP, reports that the Eastern Star members, Mrs. O. A. Wagner acting as leader, and Mrs. Dudley Steele in charge of the program, gave the entertainment last Wednesday evening. Next week the American Legion plans a program to be given under the direction of J. R. Martin.

The eastern district of the North Plains camp and hospital council met at PAAP last Wednesday. Mrs. J. B. Massa, chairman of the local camp and hospital committee, reports that Canadiana has donated one divan and some books; Miami has given two victrolas, records, one rocking chair, two card tables, and cards.

Needed for two rooms at McLean Prisoner of War camp are: divans, chairs, tables, game tables, pictures, ivy wall baskets, radios, games.

The camp and hospital committee of the Pampa chapter will meet Monday, Oct. 16, at 8 p. m. in the City Commission room in the city hall. Representatives of all local organizations are invited to attend.

The Pampa Garden club supplied the flowers for the dedication of the organ at the chapel at PAAP last Tuesday evening. Members of this club are to be commended for their contribution to this service.

Mr. and Mrs. Dan Kennedy recently received a letter from their son, Sgt. Richard A. Kennedy, in which he said, "I want you to remind me to donate twice to the Red Cross when I return home. The Red Cross is the canteen on wheels on every airstrip in the Pacific, and believe me, those doughnuts and the coffee taste pretty good. They even serve sandwiches and milk, if they are where they get it. In Hawaii they serve fresh pineapple."

Sgt. Kennedy, known to his friends in Pampa as "Dick," went by air Tuesday evening to New Guinea. From there he went to Townsville, Australia. He sent colored pictures of this town to his family, and Mrs. Kennedy says it appears to be a delightful place fronting the bay. Later, Dick, who is a meteorologist in the air force, returned to northern New Guinea where he is at this time, although he cannot state the exact location.

Only 8,000 surgical dressings remain to be made from the present quota. Supervisors hope that all those who like to make the 4x4's will give as much time as possible next week, in order to complete them. "One energetic and faithful worker, who asks that her name not be used, received a letter from her son-in-law last week, telling of his being wounded and hospitalized recently. "I am glad that they are partly responsible for my speedy recovery from wounds. If all women could be shown how vital they are, they would not need to be urged to give their time."

"Heavy casualties are being suffered on all fronts," states Mrs. C. P. Buckler, surgical dressings chairman. "We dare not let the succeeding flow of surgical dressings. If all our workers will come down for two or three hours this week, we can get this quota off hand, and send it on the way to the fighting fronts."

Molly Jean Nelson was honored on her eleventh birthday anniversary with a party at the home of her parents, Mr. and Mrs. Jerry P. Nelson, 921 W. Wilks Friday.

Games were played and refreshments of ice cream and cake was served to the following guests: Ruth Ann Barrett, Donna Conley, Betty Nelson, Jan Dell Dickey, Audrey Nell Choate, Sue Lynn Mc-Pall, Druella Anderson, Billy Rex Campbell, Dibrell Stowell, Don Nelson and the honoree.

Cooperation With School and Home Is Speaker's Topic

Cooperation by the home and school and the good results of such cooperation in a child's life was stressed in a talk by Mr. W. B. Weathered at a meeting of Woodruff P. T. A. held at the school Thursday afternoon.

Plans were discussed for a Fun Food and Frolic Night to be held the night of October 27 at the school house, to which the public is invited.

Despite their (the Germans) desperate mobilization of their last resources, they do not have full manpower needed for the defense job. But that does not mean that our task will be anything but difficult. Secretary of War Henry L. Stimson.

More than half of all U. S. fires occur in homes.

Dr. A. Debo, Author, Guest at Beta Delta

Dr. Angie Debo, author of "Frontier City" and other historical novels based on Oklahoma history, was guest of Beta Delta chapter of Delta Kappa Gamma sorority and of Mrs. Dan Busch last week when the sorority met in the City club rooms for its "Back-to-school" meeting.

There were 23 members attending. Miss Odessie Howell who played the part of "teacher" carried out the program theme and conducted a business session. Rose-bag lunches were supplemented by coffee from the club room urns and served by Misses Eva Payne-Hutton, Ila Pool and Anna Belle Cox.

Miss Claudia Evers, sorority president, gave details on the coming regional meeting of October 28 which is sponsored by the two state officers of this region, Miss Annie McDonald, president of Pi chapter, and hostess of the meet; and Miss Evers, state publicity chairman.

Author of the recent book, "Separate Star," Miss Grace Erdman, Amarillo, will be students. Chapter members of Delta Kappa Gamma of the Panhandle are invited to be guests of Pi chapter, October 28.

Mrs. L. K. Stout is mailing special cards, with details on the coming year as outlined by the state and national organizations were presented of the club by the president, Miss Evers. Yearbooks will be out soon, she stated.

Junior High P.T.A. Will Meet Thursday

The Junior High school Parent Teachers' association will meet at 7:30 p. m. on Thursday, Oct. 19, 2:45 in the Junior High auditorium.

Winstor Savage, principal, will give a report of the health survey among Junior High students. October 19, 2:45 in the Junior High auditorium.

Special music by Mrs. Edgar Payne and devotional by Mrs. Bill Taylor.

The Social Calendar

MONDAY
Pampa Public Library will meet at 5 o'clock in the City club rooms.

W.M.U. of the Central Baptist church will meet at 7:30 p. m. in the City club rooms.

Dewey-Bricker Club To Formulate Plans At Monday Meeting

A meeting of the Dewey-Bricker club will be held Monday afternoon at 2:30 in the district court room, according to an announcement made by Mrs. Raymond Harrah, Gray country chairwoman.

"At this meeting definite club plans will be formulated," said Mrs. Harrah. "We urge all Pampa men and women to attend the meeting whether they intend to become members or not. The club is not a republican party organization, but open to all independents, and anti-new deal democrats."

Book Review Will Be Given Monday By Mrs. Pratt

"The Steep Ascent" by Ann Morrow Lindbergh will be reviewed by Mrs. Bruce Pratt at the regular monthly meeting of A.A.U.W., Tuesday, 7:30 p. m.

The author describes her book as a fictional account of a flight over the Alps. "It gives a woman's impressions of the beauties and the dangers of flying," Mrs. Pratt says, "and almost every line is sheer poetry."

Hostesses will be Miss Lillian Mullins, Mrs. Joan Bradley and Mrs. Samuel Irwin.

Tommy Libby Is Given Birthday Party in Home

Mrs. Orville Libby, 761 N. Cuyler honored her son, Tommy, on his eighth birthday anniversary with a party, given in their home last week.

A birthday cake decorated with eight candles was featured and after games were played on the lawn, which were served ice cream and cake.

Guests were Bruce McDonald, Caroline Ann Dudley, Ida Jalisco Isbell, David Rodney Scaggs, Oscar Rodney Skaggs, Carol Latus, Janice Gale McDaniel, Francis Libby, Billy Libby, Alfred Perry Collins, Ray Berry, Laboma Jo Clapp, Shirley Ann Clapp, Charles Vance, Cleotaden Howell, Leslie Diverson, Sandra Sue Libby and the honoree, Tommy.

Two Texans Awarded Purple Hearts

SHAMROCK, Oct. 14—A brother and a brother-in-law of Weldon Nash, Shamrock Texan linotype operator, have been presented Purple Hearts for wounds received on foreign battle fields within the last few weeks.

Pvt. Charles R. Nash, 19-year-old brother of the local resident, was wounded on the Gothic line in Italy on September 24, and is receiving treatment in a hospital in Italy. The son of Mr. and Mrs. J. C. Nash, Sr., of Calvert, Texas, the youth has been in service one year.

S/Sgt. C. T. Rushing, husband of Nash's sister, was wounded in action in France on September 8.

In a single pre-war year, the United States imported more than 3,000,000 pounds of paprika from Hungary.

'When G. I. Joe Comes Home' Is Program for Club

El Progresso Study club members met last week with Mrs. Carl Jones as hostess. The subject for the day was, "When G. I. Joe Comes Home." The leader, Mrs. Lenora McMurry, gave an interesting talk on the problems of the returned service men who come back physically unharmed, showing that they too have many emotional problems to overcome.

A round-table discussion by all club membership was held on disabled service men and steps being taken for rehabilitation. At the conclusion of the program the hostess served refreshments to the following members:

Misses John Andrews, C. P. Buckler, D. V. Burton, W. R. Ewing, B. E. Finley, T. D. Hobart, C. P. Ledrick, Lenora McMurry, Dave Pope, Geo. Walstad.

El Progresso will meet Oct. 24, with Mrs. Dave Pope as hostess.

We must create a basic tax law which can be expected to remain simple and generally stable. It must be one which can be adjusted from time to time by changes in rates without requiring a complete revision once a year or oftener.—Thomas E. Dewey.

The area of the continental United States is 3,026,789 square miles, of which 53,018 square miles are water.

In 1942 about 46.3 per cent of Italy's working population was engaged in agriculture and fishing.

Bridal Shower Is Given Miss Bailey In Saathoff Home

A miscellaneous shower honoring Bonnie Bailey bride-elect, was given last week in the home of Mrs. H. A. Saathoff.

Games were played and guests winning prizes then presented them to the honoree. Tiny sandwiches, cake and hot chocolate was served to the following guests:

Mrs. L. W. Sanders, Mrs. J. P. Heath, Mrs. A. G. Crowson, Mrs. Vera Fendergrass, Mrs. E. N. Osborne, Miss Shirley Biegel, Miss Vantell Alexander, Miss Est. Ballard, Miss Brilla Willis and the honoree.

Sending gifts were Mrs. Douglas Hestler, Mrs. M. F. Eller, Miss Dean Wilkinson, Miss Osha Gilmore, Miss Al Hoyler.

"Say It With Flowers"

"Say It With Flowers" is not a national slogan, but extends around the world. Excerpt of a letter received by us from a soldier overseas in China:

"You might be interested in knowing that there are many flowers in China, but unlike the States, there seems to be no such thing as a florist. In the city near here, there is what is known as the "circle" where several streets converge. In the center is a little park with a sidewalk around it, and completely around the walk, the flower vendors sit all day, selling their flowers to passers-by. There are of course, quite a few varieties, but we do not have at home, but a great many of them are the same. Most of them are not quite as good as the ones at home, but their flowers do come nearer living up to our standards than anything else I've seen in the Orient."

Powerful Love Story In "White Cliffs of Dover"

M-G-M's "The White Cliffs of Dover," which opens at the LaNora Theatre today, to run through Wednesday, is a powerful love story which spans the years of World War I and World War II. It is also a triumph for Irene Dunne, last seen in "A Guy Named Joe."

As an American visitor in England, Miss Dunne meets Alan Marshal in England. She falls in love with him immediately, and after a brief courtship, marries him. Their love is idyllic, but it is interrupted by the outbreak of war. Marshal answers the call to arms and never gets a chance to see his son.

Time passes quickly and another World War has interrupted many a peaceful home and fireside. Again Miss Dunne makes a sacrifice, this time sending her son off to combat against the Nazis. But this is not all. She gives unselfishly of her time, spending days and nights on Red Cross duty in a British hospital. Her son is brought to the hospital mortally wounded, and with her at his side he breathes his last.

Miss Dunne's performance is by far the greatest in her cinematic career. She gives the warmth and color to a role that requires the utmost in perfection. Supporting her are Alan Marshal, who also gives a sterling account of himself as her lover and husband; Frank Morgan, as her father; Roddy McDowall, as her son in youth, and Peter Lawford, her son grown up. Also, there are such fine actors and actresses as C. Aubrey Smith, Dame May Whitty, Gladys Cooper and Elizabeth Taylor.

AT THE REX
What less are to Betty Grable, what music is to lyrics, "timing" is to an actor.

In one of the finest exhibitions of this subtle technique, Phil Baker, star of 20th Century-Fox's "Take It Or Leave It," brings to the screen his inimitable suave humor, versatile pantomime and droll manner in the sparkling screen adaptation of his famed radio program.

"Take It Or Leave It" opens today to run through Tuesday at the Rex Theater, with Phil Silvers, Edward Ryan, Marjorie Massow and Stanley Prager heading a brilliant featured cast.

Phil Baker, cast as "himself" in the surprise entertainment film of the year, presented Director Benjamin Stoloff with somewhat of a problem, for many of Baker's scenes are centered around the actual happenings on his popular air show "Take It Or Leave It."

"It's all right for an actor to throw something extra into the airwaves when he feels an audience responding, but acting before the camera requires a close adherence to the script," mused Director Stoloff. "Could Baker's scenes be filmed on schedule yet retain all the spontaneous humor, pantomime and subtlety featured cast."

With his vast knowledge of the West, Sherman chose the country around Kanab, Utah, as the section in which Technicolor values are highest. Included in this area are Zion, Bryce and Grand Canyon National parks. It is largely a sandstone country which weather and subterranean upheavals have transformed into a veritable melange of color.

But despite nature's generous bounty, a 20th Century-Fox construction crew still had plenty of work. They had to build a fort and a group of pioneer homes in Johnson's Canyon against the towering vermilion cliffs. An Indian village was erected in one part of Paria just above the old town there. With the assistance of R. E. Redden of the Utah state engineers department, three dams were rebuilt, replacing those made effective by a rush of water which brought seven feet of silt down and filled the small lakes the dams had created.

At the Crow Reservation, 13 miles east of Hardin, Mont., 20th Century-Fox scouts located the annual Sun Dance—a marathon which lasts 73 hours without food or water—and which is ritual with the tribes. Thousands of Indians from all over the United States and Canada gathered for the event.

Through long pov-wows with the Crows and numerous Indian agents, the studio obtained permission to photograph on the reservation everything that was needed for the authenticity of the picture. Nothing was especially staged. The spectacular buffalo hunt audiences will see on the screen is the Crow's annual hunt by which they provide meats for their winter needs. White men were permitted to participate for the first time.

The planet Venus is completely enveloped in a layer of clouds.

OPENING TODAY AT THE LANORA

Alan Marshal and Irene Dunne in a tender scene from "The White Cliffs of Dover," inspiring story based on Alice Duer Miller's famous poem.

Director Stoloff need not have worried. Baker's assurance that if he could make an unchoreographed program click off on schedule, he would certainly have no trouble with the same type of program on rehearsed lines, brought to the fore the actor's extraordinary sense of "timing."

AT THE CROWNS
As far back as Hollywood can remember, the dramatic and colorful figure of America's greatest frontiersman-hero, "Buffalo Bill," and the thrilling story of his action-packed life, have stood as a tantalizing challenge to the movie makers. For here was a theme that called for spectacular scope and production during such as no studio could yet presume to attempt.

But today, the word out of Hollywood is that "Buffalo Bill" has, at long last, been brought to the screen by the producers of the unforgettable hits, "Jesse James" and "Western Union" . . . 20th Century-Fox . . . and with all the business, sweep, action and Technicolor that marks it, the mightiest thrill spectacle and adventure picture ever filmed. Starring Joel McCrea, Maureen O'Hara and Linda Darnell, the picture, which was directed by William A. Wellman, is scheduled to open today to run through Monday at the Crown theatre.

With the filming of "Buffalo Bill" in Technicolor, Harry A. Sherman, dean of producers of Western pictures, realized a dream of many years. He's made films all over the far West, and long before color was commercially practicable, he used to complain to associates that black and white was a consistent lier on his beloved terrain. It was not until "Buffalo Bill" that he was able to do anything about it.

With his vast knowledge of the West, Sherman chose the country around Kanab, Utah, as the section in which Technicolor values are highest. Included in this area are Zion, Bryce and Grand Canyon National parks. It is largely a sandstone country which weather and subterranean upheavals have transformed into a veritable melange of color.

But despite nature's generous bounty, a 20th Century-Fox construction crew still had plenty of work. They had to build a fort and a group of pioneer homes in Johnson's Canyon against the towering vermilion cliffs. An Indian village was erected in one part of Paria just above the old town there. With the assistance of R. E. Redden of the Utah state engineers department, three dams were rebuilt, replacing those made effective by a rush of water which brought seven feet of silt down and filled the small lakes the dams had created.

At the Crow Reservation, 13 miles east of Hardin, Mont., 20th Century-Fox scouts located the annual Sun Dance—a marathon which lasts 73 hours without food or water—and which is ritual with the tribes. Thousands of Indians from all over the United States and Canada gathered for the event.

Through long pov-wows with the Crows and numerous Indian agents, the studio obtained permission to photograph on the reservation everything that was needed for the authenticity of the picture. Nothing was especially staged. The spectacular buffalo hunt audiences will see on the screen is the Crow's annual hunt by which they provide meats for their winter needs. White men were permitted to participate for the first time.

It's Tough War Assert Veterans

TEMPLE, Oct. 14—(AP)—Interviews with wounded soldiers at McCloskey General Hospital here indicate the toughness of the fighting on all of the battle fronts of the world.

Take Pvt. Arturo Ramos of Laredo, Bataavia gunner with the Second division, severely wounded by a shell that killed several of his buddies in a French village.

"I passed a large ditch on the way into town," he related. "It happened to look back and saw a movement in the ditch. I went back and when I got there, noticed the ditch was covered with a roof of logs and dirt. I called for anyone in there to come out with hands up. I heard a jabber of voices but no one came out."

"I threw in a hand grenade and the noise stopped. I threw in another. Pvt. Higginbotham, a Texan, spread the interior with a full clip of bullets. We didn't stop to look in. . . . That's a good way to get your face blown off. . . . We went on with the others to take the town."

From Salerno to the Rapido. . . . "It was the worst of all. . . . To Anzio, into the Villetti breakthrough where he was first wounded, to invasion No. 1 near Cannes, France, west of Salerno. . . . Trivino, Jr., 36th division veteran from Brownsville, before a mortar knocked him August 24.

Legionnaires To Meet at Shamrock

SHAMROCK, Oct. 14—Shamrock has been chosen as the site of the 1944 district convention of the American Legion, and the Charles DeStazo Post No. 68 will serve as host.

In a telephone conversation Wednesday morning District Commander Henry Trubel of Tulsa notified commander of the local post, S. L. Draper, that Shamrock was "it."

The convention, the highlight of Legionnaire activities, will be held Saturday and Sunday, Nov. 18, 19, with representatives of American Legion posts of 21 counties as guests. Commander Draper stated that making the preparations are being made to entertain 300 to 500 delegates.

The convention was held in Borger last year.

The program for the two days and nights has not been worked out, but notables among Legionnaires of this area will be present.

Commander Draper has appointed the following committeemen and urges them to begin preparations along their specified line:

Program—Flake George, J. H. Caperton, J. A. Winchester, S. L. Draper and Bill Walker.

Advertising—E. K. Caperton, Jack Montgomery, Bedford Harrison and Bob Roach.

Registration—Bedford Harrison, J. H. Caperton, Flake George and Bob Roach.

Food—Bill Walker, F. F. DuBose, O. C. McPherson, L. E. DePew, C. T. Palmer, C. D. Galbreath, Royce Lewis, J. C. Woolly, E. K. Bechtol, L. E. Davis, M. A. Keith, M. W. Burcham, W. Z. Baker, P. T. Boston, H. S. Rippy, W. Y. Burden.

The Palisades of the Hudson in New Jersey are an unbroken perpendicular cliff of colored basalt 300 to 500 feet above the river.

Hannegan Says It's Whispering Campaign

NEW YORK, Oct. 14—(AP)—Democratic national chairman Robert Hannegan said Friday "apparently there is a whispering campaign going on and being intelligently about the President's health."

Hannegan made the comment at a press conference after calling attention to a newspaper story quoting Vice Admiral Ross McIntire, the President's personal physician, as saying "The President's health is perfectly okay."

The democratic chairman said that he had found President Roosevelt "very vigorous. The picture of health."

NEW YORK REGISTRATION
NEW YORK, Oct. 14—(AP)—New York City registration has totaled 1,974,846 after 536,396 signed registration books yesterday. The four-day total in 1943 was 1,824,846.

The Eiffel Tower in Paris was erected by the engineer Alexandre Gustave Eiffel as a feature of the Paris Exposition of 1889.

Twin Girls Are Buried at Shamrock

SHAMROCK, Oct. 14—Funeral services were held at the Clay funeral chapel Thursday afternoon at 2:30 for Morine and Maxine Moore, twin infants of Mr. and Mrs. Edwin Moore of Magic City.

The twins were born in St. Mary's hospital at 4 a. m. Wednesday.

Rev. Watt Lummus was in charge of the rites and burial was at Shamrock cemetery.

Survivors include the parents, two brothers, J. H. and Doyle, and two sisters, Janice and Carmen, and three grandparents, Mr. and Mrs. J. A. Moore, Shamrock, and Mrs. John Ashley, Blythe, Calif.

Make This Barcol Recipe To Lose Ungainly Fat

If you are overweight, perhaps due to over-indulgence in food and not due to any glandular disturbance, why not try this inexpensive home recipe to help bring back alluring curves and graceful slenderness.

Barcol is a recipe that can be used inexpensively at home. Just get from your druggist 4 oz. of liquid BARCOL CONCENTRATE. Add enough grapefruit juice to make a pint. Then just take 2 tablespoonsful twice a day. Wonderful results may be obtained quickly.

Now you may slim down your figure and lose pounds of ugly fat without back breaking exercise or starvation diet. It's easy to make and easy to take and pleasant. Contains nothing harmful. If your very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, return the empty bottle and get your money back.

DUST BOWL LIGHTING

Look at the diffusing bowls on your lamps and fixtures. Are they clean and bright? How about the lamp bulbs, and the shades, too? Dust and dirt can rob you of as much as 50 per cent of your light. That is light you are paying for, and need for easy seeing. So make sure your lamps and fixtures stay clean.

Home lighting equipment should always be at top efficiency. Reading, writing, drawing, sewing—all home tasks—involve intense eye work. Often more actual study is carried on at home than in school!

In cleaning up, you may find some empty sockets. There's no better time to fill them up. Most electric dealers now have light bulbs in all common home sizes, so you can secure what you need. Be sure you put the RIGHT SIZE bulb in each lamp or fixture!

It's a good time to study the arrangement of your lamps, too. Make sure they are placed for easy, comfortable seeing, so that you have neither glare in your eyes nor shadows on your work.

Paxson Captures Prevention Prize In Observance

In a brief assembly Wednesday morning Mr. Garnet Reeves presented five dollars to the grand prize winner, Jean Paxson, for the best fire prevention theme in the senior and sophomore classes.

Receiving first prize in the sophomore class was Drusilla Boyd; second prize of three dollars went to Guineette Killingsworth; and third prize was Peggy McDonald who received one dollar. In the senior class winners were Jean Paxson, winning the first prize, Naomi Harrell, second prize; and Marjorie Roth, the third prize.

After Johnny Campbell, student body president, made announcements he turned the program over to Dr. Osborne, who in turn introduced Mr. W. L. Waggoner, who addressed the students on the subject of fire prevention.

Mr. Waggoner stated that if all the money that went up in smoke in Pampa last year had been saved, it would maintain a nice place for the teens to spend their time.

The grand prize theme has as its title "Fire Versus Victory." It states that most Americans are too much concerned about the war front to pay much attention to the common-place subject, "Fire Prevention." But when headlines are changed from "Allies Advancing on All Fronts" to "One Hundred Fifty-Four Killed in Circus Fire," we begin to realize to some extent how disastrous fire can be.

Affiliation Promised To Pampa 'Y' Association

Superstitions Say Friday 13th Unlucky

"I'm staying home next Friday thirteenth." That is the conclusion one boy came to after he was late to school, flunked a math test, lost his jacket, and his mother's Schaffer fountain pen Friday.

He suggests that nobody test fate for him hereafter. Hide all ladders which unvary students might stumble under, avoid mirrors that might be broken, cap all salt that might be spilled, and tie up all the black cats.

This might be a suggestion to Miss Virginia Vaughn who has a black tabby named LS-MFT. Suggestion: Stay in bed with the covers over your head.

A TOAST!

Birthdays may come. But when it's your time they come, oh, so slow!

October 8: John A. Baggerman, J. Moore Jones, Anita Lane, Doris Shackelford, Betty Thompson; October 9: Don Rowe; October 10: Louis Allen, Richard Hughes, Jim Wilson, Billy Washington; October 11: Don Kephart, Cecil Link, J. H. Reeves; October 12: Jeannine Conyers; October 13: Patsy Cox; October 14: Patsy Dixon, Ronald Lewter, Jim McCracken, Kenneth Rose.

Officers were elected at the first regular meeting of the new Pampa chapter of the Tri-Hi-Y, October 8.

They were president, Shirley Sone, vice-president, Marjorie Roth and secretary-treasurer, Joanne Holden. The club's sponsor is Mrs. Joe Fischer. Although this is an entirely new club, having no connection with the one which was disbanded last year, all old members were asked to return to membership. There are approximately seventeen members, several of whom are graduating seniors.

New pledges were considered last Thursday night. Plans are being made for these future members to go through formal initiation and presentation in assembly programs this year. The club also plans to attend socials once a month with the Hi-Y club.

Bill Nellis, president of the Hi-Y, was elected vice-president of the North Texas Tri-Hi-Y and Hi-Y conference at Amarillo, October 7. Mrs. Fischer, who attended the conference, reported that affiliation has been promised with the National Hi-Y association. Other Hi-Y members of the Pampa chapter present were Charles Spencer, Dick McCune, Don Morrison, and Jack Hood.

J. R. Lane To Lead Honor Society For Coming Year, Many Projects Formulated At First Meeting Wednesday

Fish and Sophs Nominate Class Officers With Run-Off This Week During Home Room

Council Moves Service Honor Roll To Front Hall as Project Is Renewed

Lowerclassmen have taken first steps for class organization. Nominations Wednesday at home room are listed below:

Sophomore—president, Bill Ray; vice-president, Art J. Berry and Bill Speer; secretary, Bill Speer and Jean Frait; and vice-president candidates, Rosalie Bradford, Drusilla Boyd and Helen Kiser were chosen for secretary.

The freshmen have seven nominations for president but no one for vice-president. The two highest will be president and vice-president, respectively. The ones elected are Pat O'Rourke, Richard Hughes, Stanley Stein, Don Lane, Warren Jones, Burke Morry, Frank Greene, For secretary and treasurer are Marjorie Dixon, Eida Jane Wyatt, Adell Rod Davis.

The final election will be held Wednesday in homeroom period.

Sponsoring the sophomore class are Mrs. J. B. Austin as head sponsor with the following teachers helping her: Mr. W. A. Adams, Mrs. Dan Busch, Mr. A. L. Jones, Mrs. E. L. Norman, Mr. Henry Siler, Mrs. May Stange, Miss Ruth Stapleton, and Miss Carolyn Surratt.

The head sponsor of the freshmen class is Mrs. Leslie Hart, with Miss Mary Kathryn Cox, Miss Dorothy Hoyle, Mrs. Jessie McMurry, Mrs. Hortense Miller, Mrs. J. C. Patislo, Mrs. John Rankin, Miss Madge Rusk, Miss Katherine Simmons, Mr. C. O. Criswell, and Myles O. Morgan.

Organizing for 1944-45 the National Honor society met at 3:30 Thursday afternoon. This group chose as their leaders for the coming year John Robert Lane, president; Jean Paxson, vice-president; Jean Reggle, secretary; Mary Jo Gallemore, treasurer; and Juanita Reeves, parliamentarian.

Members of this organization were elected to the society last year by the members of the Pampa High school faculty upon the following qualifications: character, scholarship, leadership, and service. This spring eligible juniors and seniors will be given membership in this honorary organization.

General plans for the year were discussed. Campaigns to impress upon the student the importance of conduct and high standards were formulated. The local chapter is now making plans for the presentation of an assembly for either book week or National Education week. They also intend to make cultural contributions to the Little Harvester.

In the meeting at 7:30 next Monday night for further business in the home of Miss Clarence Braun, sponsor, the membership will choose a social chairman, program chairman, and a bulletin board chairman.

Members present Wednesday were Anna Barnett, Jean Reggle, Dorothy Bradford, John Robert Lane, Bonnie Nell McBee, Jean Paxson, and Juanita Reeves.

Wednesday afternoon following the junior-senior class meeting in the auditorium, students in room 114 held a short homeroom meeting and elected these social committeemen: Nadine Kelley, Peggy Kelley, and Marjorie Wilson.

The room planned a hayride for Thursday as their first homeroom affair of the year.

glimpses of glamour

By Wanda Jay

As the fashion pendulum swings into the winter season, up we come with the most "deliciously" looking clothes any girl could wish.

Leading the fashion parade this week was Marilyn Keck in a stunning dress of lime green. This new line of chaireuse is quite popular with the girls on the campus.

Betty Casada looked quite the little-girl type last Tuesday in a red and white checked dress that was bedecked in ruffles and red ribbons.

Joanne Holden's white wool skirt with weikat to match also created much attention in school last week. These little two piece jobs are simply perfect for the young in heart, because they're so extra whip-smart, so right for school, so super perfect!

"Say, speaking of something super, have you seen Betty Holt's gay, plaid taffeta blouse with a huge (and I do mean huge) bow? If not, take a gander—you won't have to look twice.

My nomination for "sweater girl of the week" is Loretta Wilks. Did you see Loretta Tuesday in a striking pink sweater with pink flowers in her hair? No? Well, ask some of the masculine gender about her—they'll tell you.

Also looking pert last week, was Patty Gossett in a glimmering gold corduroy dress with buttons down the front. Another cutie was Billy Don Crowson in a vivid red pinafore. So taking Billy Don in a red pinafore I remain fashionably yours until next week.

Cheerful Little Earful

Lt. Richard Cox is stationed at Liberal, Kansas. He is pilot of a B-24, Richard graduated in 1941. He was outstanding during high school days in the Capella choir and the Harvester band.

Pvt. Melvin Howe is home on a short leave before continuing on to Fort Leonardwood, Missouri. He is in the infantry. Melvin graduated from Pampa High in 1943.

Seen around the halls of PHS this past week were Randall Schultz and Derrel Hogsett, both former students. They were on leave from the Navy, stationed in San Diego, California. They went through boot training together which they just finished.

S I-C Herbie Maynard who graduated from PHS in 1941 is now at sea serving as a gunner on the USS Brooklyn, New York.

Lt. A. C. Cox, Jr., is now stationed at Blackland Army Air field in Waco, Texas. He has been in the Army for about two years. A. C. was in the Capella choir and he played baritone in the Harvester band. He graduated in 1939.

Seen in the halls Monday were Billy Gambin and Dale Harrell who are home on ten day leaves. Dale has been overseas for 15 months, and "Billy" is going directly overseas after his leave is up. Both sailors made the statement that they are interested in blondes, brunettes, and redheads.

Everyone in Pampa was glad to see the smiling face of Earl O'Brien in town again. Earl has been stationed at the Great Lakes Naval Training base in Chicago, Illinois. He graduated with the class of '44, and did outstanding work as president of the Harvester band and also as vice-president of the Student Council.

J. C. Hopkins, who graduated from PHS in 1944, is stationed at MacDill, Florida. He played on the Harvester football team during his junior and senior years in high school.

James Hart is doing basic training at Camp Hood, Texas. James, who played on the Harvester team for two years graduated in May, and left for service in August. He is expecting a visit from his parents, Mr. and Mrs. E. C. Hart, soon.

Home on a 30-day leave is Olon Lee Riley who has seen active service in the South Pacific for 22 months. He is a former student of Pampa High school and joined the Navy in 1942.

Pfc Ferrell Yearwood, a former student, is somewhere in the South Pacific at the present. He joined the Marine Corps in 1943 and was sent overseas just a few months ago.

Word has been received that Pfc. John Tom McCoy has arrived safely in England. He stated "I did not even have to lean over the rail on my trip over."

Pvt. Bryan Buck is stationed at Camp Hood, Texas, and is in the anti-tank division.

2nd Lt. Wayne Roby is now stationed at Stockton Field, California, and is taking his combat training. He graduated in 1941 and was in the National Honor Society. He says "I am happier here than I have ever been since my enlistment in the Army."

Cadet John Wayne Brown is taking his training at Fort Collins, Colorado. He is training on a B-25 as a pilot and graduated from Pampa High in 1942. He later attended Wayland College.

Pvt. Archie W. Miller, an engineer in the Air Corps is stationed at Romulus, Michigan. He joined the Army when he was a senior. Archie played the trumpet in the band in '43. He has a 21 day leave.

Pvt. Bob Gilchrist, stationed at Fort-Sill, Oklahoma, is in the Post Chemical Warfare. He graduated in '41. He will be here until October 15.

Joyce Stone in 104 Is 'Pokey-Huntus'

"Pokey Huntus," a pantomime, was given in junior home room 104 during their Wednesday meeting. The main characters were Chief Power Can played by Louise Clark; Captain John Smith played by James Kinzer; and Pokey Huntus played by Joyce Stone. The reader was Lucille Smith. Coca-Cola was served to all.

Sagebrush-

by the Sage

Have you noticed Sylvia Olsen and David Caldwell walking down the halls together? They sure make a cute couple don't they?

FRESHMAN PERSONALITY

NAME: Robert Fatheree
NICKNAME: Hobie
FAVORITES: color—blue; food—cherry pie; drink—chocolate soda; actors—Bud Abbott and Lou Costello
actress—Dorothy Lamour
PERSONALS: hair—dark; eyes—blue; height—5 feet and 4 inches; shoe size—8; pet peeve—smart alecks

Guess who was seen in the halls Monday? None other than Clark Gilbert.

New "steadies" around PHS are Don Loshner and Irene Hoggatt.

Mr. Hayden, a janitor, was seen returning Miss Brannon's fly swatter to her Thursday. This is the third time it has been broken. As Mr. Hayden gave it to Miss Brannon he asked to please swat flies not the students.

Nominations for PHS pin-up boy: eyes—Joe Cree; eye lashes—Whimpy Vaughn

It seems as though the Ardell Seeds and Norma Jean Beagle like each other quite a lot. They can be seen, between periods, strolling down the halls together.

The Glauder - Schulkys romance has gone on the rocks during this past week.

The Sage would like to explain to Bob Cochran that reconversion is nothing like conservation.

Willie Clay sure had Joanne Holden worried Monday night when he appeared at her house with a bandage on his knee and explained that it was seriously injured Tuesday morning. Billy was seen at school minus bandage and without a sign of an injury. Now just what is going on?

Anna Lou McCoy has been receiving letters regularly from Jerry Moore, an ex-PHS student.

My nomination for "sweater girl of the week" is Loretta Wilks. Did you see Loretta Tuesday in a striking pink sweater with pink flowers in her hair? No? Well, ask some of the masculine gender about her—they'll tell you.

Also looking pert last week, was Patty Gossett in a glimmering gold corduroy dress with buttons down the front. Another cutie was Billy Don Crowson in a vivid red pinafore. So taking Billy Don in a red pinafore I remain fashionably yours until next week.

X-Student Presents X-Rays to Classes

Home on furlough from the Billings General hospital at Fort Benning Harrison, is Pvt. Bill R. McNitt who entertained biology students at PHS Tuesday with x-ray photos made during his training.

Pvt. McNitt showed several different views of the skull, arms, hands, legs, and neck. He explained how the bones were joined together, how arms and legs move only one way. A white line showed the skin layer. The soldier made drawings to explain some of the points. He passed around a hand book showing the machine which which the pictures were made.

Students concluded after seeing the gruesome pictures of the whole body that "beauty is in reality only skin deep."

McNitt graduated from Pampa High in 1942, and has been in the Army a year and a half with four months work in training for ex-ray technician.

Mr. A. L. Jones and Mrs. J. B. Austin's classes heard the lectures.

Spanish Plays Highlight Second Year Classes

"Que Senorita," "Un noche in la Taberna," and "En la Tienda de Departamentos," Spanish plays, were the highlights of the week, in the second year Spanish classes. Translated these mean: "What a Woman," "A Night in the Tavern," and "In a Department Store."

"What a Woman" was played by Frances and Edna Mathieu, Juanita Reeves, Kathryn Rose and Elva Jean Anderson with Frances as leading lady. Kathryn, Betty Jo Coffey, Helene Marie Hagergy and Guineette Killingsworth composed the cast of "A Night in a Tavern," which was based on a night in a Spanish night club. Players in "In a Department Store" were Loretta Marsell, Mildred Foster, Betty McCrate, Dorothy McCandless, and Melba Morgan who portrayed a scene in a department store.

Miss Virginia Vaughn is the teacher of the Spanish classes. "The plays, besides being enjoyable, were very helpful to all," she said.

Physical Ed Students Take Up Basketball

In full swing are the girls' P. E. classes under the direction of Miss Dorothy Hoyle. Five new mirrors may have a definite effect on the girls.

Tapping and tumbling promise future fun for the girls. Basketball is the game now in progress. Each class of girls has been divided into teams with captains:

First hour—Drusilla Boyd, Mary McWhorter, Dolores Burnum, June Myatt, Joyce Parker.

Second hour—Dolores Watson, Zina Kennedy, Mary Kitchens, Colleen Voyles.

Third hour—Dorothy Culberson, Peggy Melton, Mary Hunter, Betty Jo Peoples, Joy Pratt.

Fourth hour—Jean Beagle, Doris Jarvis, Eddie Jane Graves, Wanda Cobb, Mary Lou Elbow.

Fifth hour—Nickle Frasher, Ida Riley, Kiser, Betty Bruner, Alice Jean Robinson, Dorothy Mott.

Sixth hour—Avis Kelley, Beba Joyce Bain, Patsy Pierson, Claudine McWhorter, Wanda Sue Campbell.

On Monday afternoon Miss Dorothy Hoyle directs senior scouts in a recreation, aviation program.

Whinnery Sees Sign Names His New Game

An interesting fact about Mr. Whinnery's classes is his original game which he calls horolla. This game is something of a combination of basketball, football and soccer. He had his game and was trying to name it when he saw horolla printed on a sign. He says he decided to use that word and has since referred to the game as horolla.

With enrollment so great in each of the five gym classes, Coach Whinnery has organized his boys in sections. While one group boxes, others wrestle, play volleyball or basketball, and tumble.

Coach Whinnery teaches five gym classes each day with more than 25 to the class. At the sixth hour he begins Gorilla football practice which lasts until 5:30.

Boys in Pampa High have their choice of activity, but must have two credits for graduation.

it's your trust

Invasion of a man's privacy is perhaps the greatest of all crimes. In school we are all one great body of students and yet, there is one place which should be ours individually—our lockers.

When moving into the new building our predecessors decided against the use of locks on the lockers, displaying their trust in the student across the aisle—the student with which we live, each day. We, the student body of the school, have chosen to follow the example of our forerunners.

When you invade the privacy of one's locker you break your own honor. You break a trust that has been put in you by your fellow student, your friend. You hurt yourself—a hurt that will stay with you for time to come.

you may be in his shoes

Have you ever tried to get up in front of 913 students and talk? It is quite a task for most of us and we enjoy a nice attentive audience.

In previous assemblies the student body, in several cases, have paid little respect to the speaker and visited with their neighbors or whistled and sometimes burst out singing. This sort of person is usually the one who has never had the duty of a speaker.

So, from now on let us go to assembly with the idea of listening while the other fellow voices his opinion. We might learn more, and even enjoy hearing a voice other than our own.

—K. R.

Custodians Evaluate Pampa High Students

Did you ever consider how the janitors feel about the building in Pampa?

Headman for keeping the building in good shape is Mr. L. M. Mitchell, who says that students are generally a thoughtful group but for their benefit, he would like to suggest a better looking hall would serve a little help from them.

Mr. Frank Hayden keeps the gym. He says that according to his impression, "Most students are the right type. Only a few deliberately misbehave."

The greatest laxity is perhaps in the cafeteria, according to general opinion as well as a hint from Mr. M. O. Rogers. He asks that students carry out the usual cafeteria customs and bring their trays to the window when they are finished and drop all loose napkins and candy papers into the trash baskets.

Ellie Mae Dorsey, has recently been employed to take care of the building in place of Mr. K. S. Rimmer, who resigned.

In Miss Dorsey's care of Ella Mae's work, Lyle Gant has come to work the past week.

Ten History Classes Take Mock Calling Poll

Students could vote this year, how would the election run in Pampa High?

Would you really like to know? A cross section of students from history classes taught by Mrs. Dan Busch, and Miss Mary Kathryn Cox show Roosevelt again in the presidential chair.

In Miss Cox's class vote for Dewey was 29, and for Roosevelt 31.

In Mrs. Busch's class 133 students were in favor of Roosevelt, and 40 for Dewey.

Students agree that teachers provoked thought but were careful not to influence the discussions which preceded the election.

The voting took place as in civilian life with printed ballots as copied from a current magazine.

Freshman Science Classes Make Visit To Chemistry Lab.

The thrill of the week for freshmen in general science class Thursday when Mrs. Jessie McMurry accepted an invitation to bring her students into the chemistry lab where Mrs. Martha Fischer's students distilled water. Students learned that distilling is only one method for purifying water—the other two, the use of chemicals and boiling.

Recent reports have been based on water pumps used at the fire station and private water systems. They learn that municipal systems use compressed air for pressure, while private homes receive power from elevated tanks.

Other experiments this year have included these: difference in the weight in a quart of milk and a quart of water; presence of air in porous materials; pressure of the atmosphere by water and glass method; gas taken from air when iron rusts; clarification of water by use of alum.

Cocoanut on Display From Miami Beach

A varnished coconut in the hall was on display in an English room, a present from Cpl. Harry Joe, a Chinese boy, who is in the Army Air Corps, Venice, Florida.

Cpl. Harry Joe sent the coconut while on a three-day leave with three of his buddies at Miami Beach. They rented an automobile in order to see the sights. This was his second leave to spend at the beach.

Senior Who's Who

This is the beginning of an individual write-up of each of the 120 seniors which will serve as a final tribute from the Pampa High school to those who will not return to the school next year. Those will be run in alphabetical order and will appear each Sunday.—Ed.)

Born in McLean, Texas, on November 14, 1927, Ophelia Alters wishes to go to business school to study stenography. Her hobby is collecting "gopher" backs, and her favorite song is "Dance with a Dolly." Other favorites include chicken for food and English subject.

Anna Lois Alford was born in Rollins, Wyo., on March 2, 1927. Her hobby is art and her favorite song is "The Day After Tomorrow." Other favorites are bananas and chicken for food and choir for subject. Her activities include Spanish club, choir, and sextet.

Ina Lee Bidwell was born at McLean, Tex., on November 27, 1926. Her hobby is photography and her favorite song is "Swinging on a Star." Other favorites include fried chicken for food and science for subject. She plans to be a laboratory technician. During her high school career she has served as library assistant and member of the band.

Columbia University is the choice of Dorothy Marie Bradford, who plans to be a laboratory technician. She was born in Spearman, Tex., on December 8, 1926. Her hobby is piano and during her high school career she has been a member of the National Society and served as library assistant.

it's your trust

Invasion of a man's privacy is perhaps the greatest of all crimes. In school we are all one great body of students and yet, there is one place which should be ours individually—our lockers.

When moving into the new building our predecessors decided against the use of locks on the lockers, displaying their trust in the student across the aisle—the student with which we live, each day. We, the student body of the school, have chosen to follow the example of our forerunners.

When you invade the privacy of one's locker you break your own honor. You break a trust that has been put in you by your fellow student, your friend. You hurt yourself—a hurt that will stay with you for time to come.

TRAMCAR OF DEATH

An Aachen tramcar with "V13" painted on the side is being loaded with German ammunition. It was later rolled downhill into Aachen where it exploded. (Signal Corps Radiotelephoto from NEA Telephone).

Jap Lieutenant Fully Military

By ASABEL BUSH
BIJAK ISLAND, Dutch New Guinea.—(AP)—Outposts guarding an American infantry bivouac in Biak's interior plateau were amazed one morning recently to see a column of eight unarmed Japanese marching briskly toward them across the grass-covered plateau.

necessarily from strict attention to do so.
"The officer marched down the line until he came to the Jap GI," Jensen said, "and slapped him sharply across the face."
Then the procession moved on in to camp, the enemy officer holding his men as closely in hand as before.

A. & M. Extension Agent Succumbs

COLLEGE STATION, Oct. 14.—(AP)—George W. Orms, 68, district agent for the Texas A. & M. college extension service and the oldest employe of the organization in length of service, died Wednesday at his home in Bryan.

Since October, 1935, Orms had been district agent for extension district four comprising Dallas, Tarrant and 15 adjoining counties. He was appointed to the extension service in March, 1907, as special agent at Monroe, La.

Sinatra Is Cause Of Small Riot

NEW YORK, Oct. 14.—(AP)—Heavy police reinforcements were dispatched to Times Square Thursday as a police-estimated crowd of 25,000 teen-age Frank Sinatra fans stormed the Paramount theater where the singer is appearing on the stage.

The shrieking, shouting crowd rushed police lines about the theater, ripped the shirt of one patrolman and smashed the window of the ticket booth. Several persons fainted in the street.

Police said the Columbus day holiday was responsible for the extra-large crowd of school-age boys and girls.

More than 200 policemen were stationed in the area shortly before noon after several outbreaks of disorder in the early morning. An estimated 2,000 girls in sweaters, bobby socks and saddle shoes and boys in polka-dotted bow ties were at the theater at 7 a. m., police said.

Acting Assistant Chief of Police Inspector John W. Conway estimated the crowds at 25,000 at 11 a. m. in addition to about 5,000 inside the theater.

When Sinatra made his first appearance on the stage, the audience stamped their feet, screamed and ran up and down the aisles.

The outbursts were too much even for Sinatra, who several times asked for quiet and threatened to forget about the show unless the uproar subsided.
