

McNeely Has 136-Point Lead in Cage Scoring Race; To Meet Rival Friday

Steers To Shoot For Double Win Over Arkansans

AUSTIN—(AP)—The University of Texas Longhorns are working hard this week to prevent Arkansas from sweeping a two-game series here on Friday and Saturday night to throw the Southwest Conference basketball race into a tie.

The Longhorns will shoot for both games but a single victory will give them undisputed possession of the basketball crown.

The Steers are enjoying for this week at least a 60 point offensive average and a 43 point defensive average against such opponents as Long Island University, Genesius, Oklahoma, Missouri, Oklahoma A. and M., and five Southwest Conference members.

Average for the last eight games has been 6 points.

John Hargis is the only Texas player near the top of the conference scoring list. Hargis ranks second with 335 points for the season and 166 for 10 conference games. Immediately before and after Hargis on both lists are Al Williams and George Kok, both of Arkansas.

Texas has been greatly aided by the balanced scoring of the first seven members of the squad. When opponents have concentrated on one or two men, others have been able to turn on the heat and pull the Longhorns ahead.

Each of the seven first players has been largely responsible for at least one victory.

Individual game averages for the season are: Hargis 15, Cox 9, Martin 8, Langdon 8, Madson 7, Wagner 6, and Hamilton 5.

ACC Stays Deadlocked With Wesleyan Cagers

SHERMAN—(AP)—The Texas Conference basketball race was still deadlocked today. Abilene Christian College retaining its share of the lead with a 50-41 victory over Austin College.

ACC is tied with Texas Wesleyan, which also won last night.

A capacity crowd watched the game. ACC held a 25-14 lead at the half. Ralph Hollywood was high man for ACC and in the game with 17 points.

Big State League To Meet in Gainesville

DALLAS—(AP)—President H. Walter Morris announced last night that representatives of the newly organized Big State baseball league will meet in Gainesville at noon Thursday.

He said the Evangeline league, of which he is also president would meet at Baton Rouge, La., Sunday at 1 p. m.

Golden Gloves Tournament To Reach Quarterfinals Tonight

By CHARLES DUNKLEY

CHICAGO—(AP)—The Golden Gloves tournament of champions tonight reaches the quarter final round with fancy fistfights from three Midwestern cities—Cory, Ind., Cleveland and Sioux City, Iowa—leading the scrap for squad honors in the amateur boxing showdown.

Those three centers advanced five scrappers each after preliminary competition in the eight weight divisions was completed last night before a throng of more than 12,000 in Chicago Stadium.

Tonight's quarter final activity will produce 32 bouts or more from which will emerge a select field for the semi-finals and finals at the Stadium March 7. The latter competition will shape the Chicago squad which will encounter a New York contingent in an intercity rivalry at the Stadium March 28.

Last night's struggling was concentrated in the welterweight, light-heavyweight and heavyweight divisions in which 29 knockouts were scored and some 93 bouts were contested in three rings, operating simultaneously.

Most of the fireworks last night were packed in the 160-pound division which produced a pair of knockout winners. Ralph Jones of Springfield, Ill., slapped a pair of middleweight opponents groggy, while Jack Gilman of Terre Haute, Ind., also registered two technical knockouts in the same division.

Strapping Jerry Locke of Dayton, Ohio, loomed the top heavyweight contender after he turned in a brace of knockouts for the evening.

Another double-knockout winner was Rick Leland of Gary's powerful squad. Leland is a 147-pounder with plenty of sleeping power in either fist.

Two Texas battles remained in the running today for titles in the tournament.

They won their third-round fights last night while three of their teammates were eliminated.

The Texas team was also hard hit by the loss of Ralph Judd, Corpus Christi heavyweight, who was disqualified by physicians because of a badly swollen thumb. Judd injured his thumb in the Corpus Christi district meet, and it was aggravated in a workout Monday.

James "Buddy" Baggett, Dallas flyweight, effectively used his right hand last night to take all three rounds in outpointing Lyle Seydel, Grand Rapids, Ia.

Bill Henderson, Texas Tech junior from Levelland, outpointed Grover Masterson, Chattanooga, Tenn., in a featherweight bout. Henderson got into trouble in the first round when he tried to outbox his opponent. He changed his tactics in the second round and belted Masterson all over the ring for the rest of the fight.

Connie Smith, Los Angeles, won a decision over Wallace Willard, Houston welterweight, by taking the third round in decisive fashion. The first two rounds were fairly even.

Tommy Barron, middleweight from Sherman, lost a close decision to Bob Stover, Cincinnati, O., who used his longer reach to advantage.

Tom Adams, Brownfield, light heavyweight, dropped a close decision in a tough fight with John Tucker, Columbus, O.

Penelope Girls Make Way Into State Meet

HILLSBORO—(AP)—Penelope, winner of 32 games out of 33 this season, will represent District 1 in the Texas High School Girls Basketball Tournament here in March.

Penelope, conqueror of Aquilla, three times state champion, in the Hill County race, beat Forrester 40-20 in the district finals.

North Texas' Hopes Fade After Defeat

COMMERCE—(AP)—East Texas State bowed out North Texas 50-57, in the final two minutes of a Lone Star Conference basketball game last night.

The defeat dropped North Texas another notch behind the leading University of Houston quint.

National Tourney Teams Lining Up

NEW YORK—(AP)—With West Virginia and Kentucky, two of the most powerful fives in the country, already in the fold, the National Invitation Basketball Tournament field for 1947 begins to shape up as one of the best since the 1935 inaugural.

The announcement of Kentucky's acceptance was made yesterday, thus assuring the tourney of its 1945 winner, now rated by many as the No. 1 outfit in the country. West Virginia was named Monday.

Those regarded as in the running include Duquesne, only unbeaten college five in the country. Navy, Notre Dame, Syracuse, Rhode Island State, St. Joseph's of Philadelphia, Miami, Bradley, Western Kentucky, Texas Wesleyan, Texas, City College of New York, St. John's of Brooklyn, Fordham, Long Island U., New York U., Santa Clara, North Carolina State, Arizona, St. Louis, Oklahoma and Missouri.

Zaharias Starts in South Atlantic Meet

ORMOND BEACH, Fla.—(AP)—Mrs. Mildred "Babe" Didrikson Zaharias, who has won or shared five Florida golf titles this winter, led a stellar field of women golfers today into the qualifying round of the South Atlantic Tournament here.

Sports Round-Up

(An AP Newsfeature)
By HUGH FULLERTON, JR.

NEW YORK—(AP)—Al McCoy, Boston Yanks scout, said the college football teams I've seen are going to be bigger, faster and more experienced than ever in history next fall, and while the members of those teams aren't going to pay very heavy income taxes, they're going to be better fixed, economically speaking, than most people.

Know who can't get either a new house or a new car, let alone both?

One Minute Sports Page

If 20-year-olds mean anything, Philadelphia's Billy Fox has a good chance to win the light heavyweight title from Gus Lesnevich on Friday. Tommy Loughran, another Philadelphiaan, took it 20 years ago. Philadelphia's Jack O'Brien, 22 years before him. The Oklahoma A. and M. wrestling team has won 46 dual meets in a row, but that ain't a record. From 1921 to 1932 the Aggies took 12 straight.

A pair of Clemson College pitchers, Freshman Joe Hazel and Soph Joe Landrum, have turned out offers of \$8,000 and \$7,500, respectively, to sign with major league baseball clubs.

Mice Going, Kid

In the days of housing shortages, Biggie Munn found it rather puzzling when he failed to dispose of his Syracuse, N.Y., house quickly after he took the Michigan State football job. "Eventually Munn traced it to his five-year-old son, Mike, who delighted in showing prospective buyers around the place. At one stage on each tour Mike's remark was: "Here is where Daddy catches a lot of mice."

DiMaggio To Have Second Operation

SAN JUAN, P. R.—(AP)—Joe DiMaggio was scheduled to be flown to the United States today to undergo a second operation on his heel, but the New York Yankee ballhawk is expected to rejoin the Bombers at Lehigh St. Petersburg, Fla., base March 11.

Hillsboro, NTAC To Meet for JC Crown

HILLSBORO—(AP)—Hillsboro Junior College and Vocational Institute will meet North Texas Agricultural College here tomorrow night in the first of a three-game series for the Texas Junior College Conference Central Zone basketball championship.

Hillsboro won its way into the play-off by defeating Clifton 40-34.

Reapers Play in Tourney Friday

Champions of the Panhandle Junior High Basketball League, Pampa's Junior High Reapers will enter a special Junior High Tournament in Amarillo Friday.

The tournament will include entries from four of the five Junior High Schools in the league—Pampa, Horace Mann, Elizabeth Nixon, and Sam Houston, the latter three being Amarillo schools.

Play will start at 4 o'clock Friday afternoon in the Amarillo High Armory with Sam Houston and Elizabeth Nixon playing.

Pampa will oppose Horace Mann at 5 o'clock.

The two losers will play at seven o'clock and the two winners at eight. The championship team will be awarded a trophy. Jess Cleary and Etina Cain will officiate the games.

In regular season play, Pampa finished first, Horace Mann second, Berger third, Sam Houston fourth and Nixon fifth.

Leaves From a Correspondent's Life Note Book

By HAL BOYLE
KEY WEST, Fla.—(AP)—Key Westers live on the last stepping stone between Florida and Cuba, and like all island peoples they cherish their freedom and don't like faraway folks in Washington, D. C., telling them what they can't do.

Thereby hangs the tale of Fallo and Aristophanes, a classic yarn in this former pirates' haunt that has become America's southernmost tourist resort.

When the late "noble experiment" known as prohibition was a law in the books but a laugh in the land, the Florida Keys became flourishing terminals for rum runners from Cuba and the Bahamas.

Fallo and Aristophanes took no part in such new enterprises. They simply kept on serving drinks as usual in their small bar across the alleyway from their big frame house.

There without ceremony or protocol natives and visitors could sit in the cool shadow and avoid the shimmering heat outside, nursing tall concoctions of ice and rum and wonderful colors.

Every large old Key West frame house has a railing with banisters carved in individual designs. So proud were Fallo and Aristophanes of their little bar that in the wooden railing on their home they had carved a pattern of hearts, wine and flasks and rum bottles. It is still there on the old paint-peeling porch.

Nobody thought it unusual that Fallo and Aristophanes should continue to shake the townspeople's thirst. It was all open and above board, just as drinking always had been in Key West for two centuries.

But in time a federal revenue agent called, was served a friendly highball, and soon the bewildered owners found themselves on trial for violating the dry laws. They were convicted and sentenced to a year in jail.

"You must understand we have only done our duty," the officials said regretfully. "You will have to go to jail. But there is no hurry. Come when you are ready."

Politely Fallo and Aristophanes picked the quarters in the jail which each desired. Then they moved in their furniture and their families. And so with music and plenty of good home-cooking, they faced their arduous year in jail.

A woman writer, learning belatedly of their conviction, phoned the jail to volunteer her help. To her surprise Fallo and Aristophanes answered the call themselves.

"Come right over," they said hospitably.

The mystified lady came to the jail shortly afterwards.

To slake the thirst raised by the delicious arroz con pollo (chicken with Saffron rice and plimnetos) Fallo and Aristophanes, thoughtful as ever, served the nice lady-wine. In Key West it was the thing to do.

Population of the world has more than doubled since 1800.

Relief At Last For Your Cough

Cremulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Cremulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREMULSION
for Coughs, Chest Colds, Bronchitis

Texas Today

By JACK RUTLEDGE
Associated Press Staff
Orange has blossomed. The once sleepy little sawmill town on the banks of the Sabine has become a minor metropolis.

It is an old town. Plantation-like buildings still dominate. But they're being crowded now by modern structures.

Orange, straddling the Louisiana border, nestled in the piney woods and basking in the mildness of a sunny Gulf of Mexico climate, had a population of 7,000 not long ago. During the war it zoomed to over 50,000 because of shipyards and other war projects.

It has dropped to about 35,000 today, but a new boom is in prospect through a \$100,000,000 DuPont plant that will make nylon salt. (Get all those zeroes in the hundred million dollar figure Elmer.)

Its growth was so rapid Orange was caught with its accommodations down. It has only one hotel. It didn't have enough homes. A lot of paving had to be done as new buildings began to border streets that didn't exist except in name.

Old buildings were converted to new and strange uses, like the church that moved to new and bigger quarters. The original church, steeple and all, is a busy restaurant featuring seafood.

To solve the housing shortage, the government built literally thousands of new homes. They're still there, surrounding the town like a bright, lacy fringe.

Some of the oldtimers felt Orange was big enough. Growth and progress upset the town's peace and quiet. But Orange is growing anyway.

The shipyards are still active. The Navy is there in force with its mothball fleet, which it is processing so ships will keep for any eventual emergency. There's the DuPont plant. There's shipping. There are a lot of other things.

Publisher J. B. Quigley has a young editor and his wife, Mr. and Mrs. J. Cullen Browning, who have put new life into the town's paper, the Leader. The plant is located so close to the Sabine you can open

"The orchestra leader's compliments, sir! He yields to the soup, and would like to request 'O! Buttermik Sky!'"

SHAMROCK—(Special)—A Bible program was given by members of the Thursday Literary Club when they met in the home of Mrs. Ben Skidmore Thursday afternoon.

Mrs. L. S. Griffin was leader of the program. "History of the English Bible" was given by Mrs. W. Y. Burden.

"Worthwhile Ways of Reading the Bible" was given by Mrs. Hubert Bratcher, and Mrs. H. T. Fields discussed "Old Testament Prophecies."

The social hour was turned into a birthday party honoring Mrs. B. A. Zeigler, who is the only charter member of the organization.

A birthday cake topped with lighted tapers was cut and the honoree was presented with gifts from those present. Miss Rankin favored the group with a number of vocal selections.

Special guests were Mrs. Enid Rankin, Miss Patricia Rankin and Mrs. Elmer Moore. Members attending included Mmes. Zeigler, H. C. Weatherly, R. C. Lewis, A. N. Holmes, L. S. Griffin, Charles Green, H. T. Fields, L. E. Davis, J. B. Christner, W. Y. Burden, Hubert Bratcher, and J. R. Benson.

Weak, Watery Blood Blamed for Making Men and Women Look and Feel Older

THAN THEIR YEARS

How do you feel at the end of a day? That old time pep and drive lacking? Have you checked-up on your blood strength lately? Thousands now regarding glowing good looks and vitality through the release of vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of red blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a general run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is uniquely effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh all out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

Montgomery Scores TKO Over Angeleno

LOS ANGELES—(AP)—Bob Montgomery of Philadelphia, the New York-Pennsylvania recognized lightweight champion, scored a technical knockout over Jack Barnum of Los Angeles in the seventh round of their scheduled non-title 10-rounder before 10,000 fans at Olympic Auditorium last night. Montgomery weighed 138; Barnum 141½.

Saturday Bridge Club Entertained

SHAMROCK—(Special)—The Saturday Bridge Club was entertained by Miss Helen Palmer at her home on South Madden Saturday afternoon.

Mrs. Robert Grady was recipient of high score prize and Mrs. Bill Cantrell received the low award. Refreshments were served at the close of the games to one guest, Miss Ruth Zeigler, and the following members: Mmes. Walter Pendleton, Jr., Harry Clay, Baxter Purcell, Scott McCall, and Dorothy Reynolds.

The wavelength of light is about one fifty-thousandth of an inch.

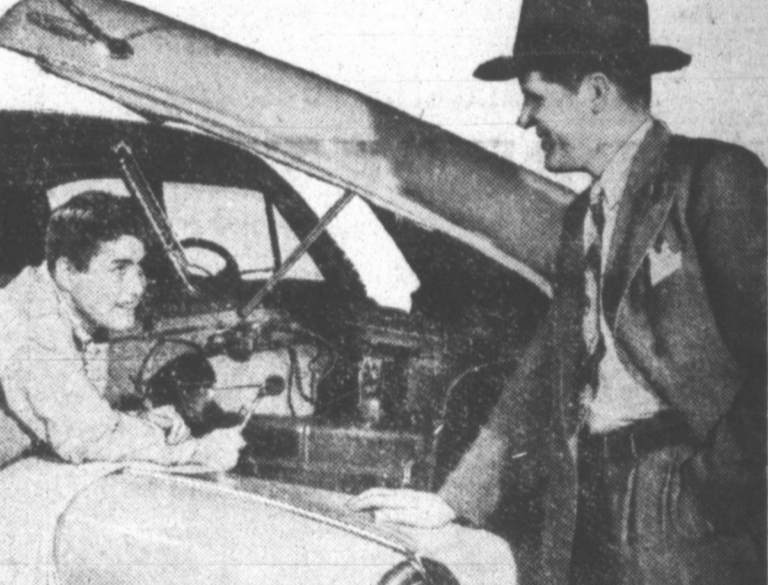

TO MARKET, TO MARKET TO BUY A NEW PAIR.

POLL-PARROTS
Pre-Tested in Actual Wear.

Poll-Parrots have the good looks children want, the kind of fit and support they need, the long wear, children's shoes must give. Pre-Testing on the feet of active youngsters has made this superiority possible... without guesswork... for your child's protection.

Come in and choose from our complete selection.

SMITH'S QUALITY SHOES
207 N. Cuyler Phone 1440

We'll keep the song in its heart

You know the song well.

It's the lilting melody of a double-quartet of Buick cylinders all sweetly in tune. The humming harmony of Fireball power soaring you up the hills, winging you blithely along the straightaway.

It's one of the reasons you bought a Buick in the first place—why not keep it?

You can—if you make certain your car is not merely serviced but cared for as something this fine should be.

If you see that it gets not just an occasional oil change or body wash or battery check, but the thoughtful, expert, understanding attention that keeps your Buick always a Buick at its best.

It's to do just this that we equip our shop with special tools to do the job right and in the shortest time—keep our parts department stocked with parts approved by Buick engineers as right for the job—build our staff around people who specialize in knowing what makes Buick "tick."

It's the reason we look on every job that comes in not merely as work to be done—but as a result to be achieved.

The cost of such car care is no greater than the same amount of ordinary servicing. The return is far greater in the long-run smoothness, satisfaction and car life you get.

If you care about your Buick—let us care for it.

12,000 REASONS FOR GOOD CARE

Compared with your Buick, a fine watch is a piker. Your Buick has one hundred times as many parts—12,000 of them—and every one planned and produced for its own special job.

Knowledge of these parts, how they're designed and what care they need, is important in such seemingly simple jobs as:

- Proper lubrication
- Clutch and brake adjustment
- Engine tune-up
- Care of cooling system
- Alignment of steering gear
- Adjusting shock absorbers for easiest ride

It's safer to get Buick care in all such matters.

THE NEW DEAL AND THE ATOM

Few positions in our government entail greater responsibilities than those which face the members of the Atomic Energy Commission. It is not necessary to emphasize the vital importance of guarding our secret knowledge of atomic fission, and of directing that knowledge toward peaceful and useful ends.

Nor is it necessary to argue that the members of the commission should be of the highest caliber obtainable. They—and perhaps their chairman in particular—should first of all be men of incorruptible loyalty to the United States.

MACKENZIE'S Column

By DeWitt MacKENZIE
AP Foreign Affairs Analyst
Highly disputing the report brought us by Lt. Gen. John R. Hodge, commander of U. S. forces in Southern Korea, regarding Russo-American relations in that Oriental hot-spot.

The general, who is back in Washington to make a report of his stewardship, says he has given up trying to negotiate with the Soviet authorities, for unification of the country under a Russian government, as provided for under the Moscow agreement of 1945.

The general further states that the Russian radio has acknowledged Soviet occupation of Korea, and that the army in the Muscovite northern zone of occupation. That, on thumb-nail, is the highly uncomfortable situation in Korea.

THOUGHTS

I pray for them; I pray for the world; I pray for the peace which you have just given me; for they are Thine.—John 17:9.

THE B-S-T BILL

WASHINGTON, (NEA)—Of the 50-odd labor bills which have been introduced in Congress, something like the B. S. T., or Ball-Smith-Taft bill, now seems to have the greatest light for first action by Congress early in March.

NATIONAL WHIRLIGIG

Common Ground

By R. C. HOILES
Economist Writes N.A.M. President On Meaning Of Free Enterprise

There are few words that have so many different interpretations as the phrase "free enterprise". Earl Bunting, the new president of the National Association of Manufacturers evidently thinks from his statements that we can have free enterprise where the individual worker is prevented from making an individual labor contract; where the individual cannot even use his conscience or his best judgment as to his worth; where all people are not permitted to help establish values.

Mr. Bunting in writing to me makes this statement: "I think it is not at all unreasonable that bargaining agents should bargain for all the employees in an appropriate bargaining unit." I sent John W. Scoville, former economist for Chrysler Corporation and now consulting economist, a copy of Bunting's letter together with my answer.

Enterprise Freed From What? "When we talk about free enterprise, I think we mean that he is free from control or dictation from the government. It seems to me that when employers or employees are free to bargain collectively, they are not free, and in such a situation they do not have free enterprise.

Free enterprise means that all parties to a business transaction shall be free. When you employ a man, he is free to accept or refuse the offer, and he is free to bargain collectively if he so chooses.

Free enterprise means that all parties to a business transaction shall be free. When you employ a man, he is free to accept or refuse the offer, and he is free to bargain collectively if he so chooses.

Free enterprise means that all parties to a business transaction shall be free. When you employ a man, he is free to accept or refuse the offer, and he is free to bargain collectively if he so chooses.

So They Say

I don't know of a single Texan in Congress who is not doing his best for the welfare of the country. That is more than you can say for a lot of Missourians.

You cannot treat labor as a commodity in a free market. Labor is a person.—Harold E. Stassen.

When an employer doesn't like the thing for him to do is to get out of there and go to work for someone else.

Mass moral education will have to be tried in a wholesale manner. Civilization will have to be sold on the aspirin level.

I must declare to the House my own conviction that the Germans are as odious in defeat, as abject and self-pitying and unwilling to face up to facts as they are arrogant and vicious in victory.

By Peter Edson

Employer might use this section to put over a pay cut. Or suppose wages were higher when the dispute arose than when the board took it over. The employer would have to restore the higher rate and he might get stuck for back pay.

On the other hand, employees who struck during the 90-day cooling-off period would lose their rights to be rehired. In short, the 90-day cooling-off as here set up might well be a period in which employer and employee would seek to force the other to violate the truce. It might promote, rather than quiet, strikes.

Title II of the B. S. T. bill covers several labor practices. Section one aims to limit the collection of welfare funds like John Lewis's or Caesar Petrillo's royalties. This would make it unlawful for an employer to pay anything of value to any representatives of his employees. It would also make it unlawful for the employer to receive such payments.

Exemption would be granted for employer payments to trust funds for health insurance, or pension plan administered solely for the benefit of his own and no other employees. Terms for such payments would have to be specified in union contracts, however.

Here the Senate bill goes far beyond present National Labor Relations Board practice. NLRB has not yet admitted that welfare funds can be made subject to collective bargaining. Taft says they should be within the above-mentioned limitations.

Gracie Reports

By GRACIE ALLEN
Man has been warned repeatedly about fooling around with scientific inventions, and, sure enough, he's finally gone too far.

Out of the new developments in radio and radar has come a devilish device called the "husband detector." Gone are the days when husbands could sneak in late after an evening "with the boys," with one of these gadgets installed in the house, a wife is awakened in the night, her right-blooming spouse enters. Or, if she prefers, the "husband detector" will remain silent, simply recording the exact moment he got home so that she'll have the evidence in the morning.

If science continues to stick its atomic nose into marriage, they're going to take all the fun out of it. There'll be no more sparring between husband and wife trying to find out what the other did all day—or night. They'll simply sit in front of their television screens and watch. Of course, that might be fun, too.

Gas reserves totaling an estimated 23,900,000,000 cubic feet lie in southwestern Kansas.

Highway Will Be 'Split' in McLean

McLEAN—(Special)—Tentative plans for the "splitting" of Highway 66 through McLean have been made following a conference between Highway Engineers and City and County officials.

If a plan to widen the route through McLean is approved, the highway through McLean will be divided into two, one-way lanes one block apart, one lane for east-bound traffic and the other for west-bound tourists.

The second lane, to be opened south of the present route, will be built provided right-of-way can be secured from the Rock Island Railroad.

Under the proposed widening plan, the highway through the south part of Gray County will be of two 24-foot lanes, each 30 to 35 feet apart and would form a "Y" at each side of McLean.

The widening would necessitate the moving back of the football field at the west side of McLean. Confering here with business leaders were County Judge Sherman White, G. K. Reading, resident engineer of Pampa, and Guy Lott, Amarillo, district engineer.

The firebox of a big locomotive is often large enough to hold an automobile with room to spare.

WASH TUBS

I TELL YOU I WON'T LET YOU PUT THAT HORSE IN THE GARAGE! BUT POP--THE GARAGE IS COLD!

IF I CAN BE COLD, I DON'T SEE WHY THAT HORSE CAN'T! IF YOU'RE SO COLD, PUT ON AN EXTRA BLANKET!

I COULDN'T FIND ONE! NONSENSE! THERE ARE FOUR OF THEM IN THE CEDAR CLOSET!

IF YOU MUST KNOW, I PUT THEM ON THE HORSE!

YOU THINK LEONARD IS HEADED FOR A NERVOUS BREAKDOWN? BUT WHY IS HE DRIVING HIMSELF SO HARD?

TO FINISH A JOB STARTED YEARS AGO... BEFORE HE LOSES THIS HOUSE AND HIS EQUIPMENT LIKE THE OTHER PROPERTY!

HE'S BURIED HIMSELF HERE-- TOO BUSY TO RAISE THE MONEY FOR PAYING OFF THE DEBTS HE INHERITED WITH THE PROPERTY!

Teacher Pay

(Continued from Page 1)

him by the controller.

He made no recommendation for an increase in the per capita apportionment for schools, nor for a minimum salary for teachers. He recommended increasing the rural aid appropriation of the general fund by \$10,000,000 annually.

Meanwhile, Rep. Sam C. Sellers of Waco proposed another tax bill. It would remove the four-cent highway tax on gasoline, replace it with a two-cent processing tax on all gasoline products. Sellers figured it would bring in \$188,800,000 annually. He would set aside 31.91 percent of it for schools.

He joined Bean's bill and several others aimed chiefly at natural resources. In the Revenue and Taxation Committee.

A proposed constitutional amendment to set up a redistricting board obtained a favorable report from a Senate committee yesterday. Under terms of the amendment, the board would redistrict the State for legislative representation if the lawmakers fail again to act, as they have for more than 20 years.

The Senate's Labor Committee last night recommended passage of two bills by Sen. Ben Ramsey of San Augustine which would outlaw secondary strikes, boycotts or picketing of public utilities to the extent of interfering with service. Labor representatives had opposed both bills at a public hearing.

Some of the craters of the moon have been found to be 100 miles across.

Albert Felsman Dies

Services Tomorrow

Albert F. Felsman, 77, a resident of Pampa for 12 years, died yesterday afternoon at 5 o'clock in a local hospital. He had been ill about two months.

A native of Coatsburg, Ill., Mr. Felsman moved to Pampa from LaBelle, Mo., 12 years ago.

He is survived by a daughter, Mrs. W. H. Hawkins, Pampa; a son, Harold, six grandchildren and one great-grandchild.

His wife, Mrs. Mary Felsman died here May 16, 1945. Mr. Felsman will be buried by her side here.

Funeral services will be conducted from the Duenkel-Carmichael Chapel tomorrow afternoon at 3 o'clock with the Rev. B. A. Norris, pastor of the First Christian Church, officiating.

Burial will be in Fairview Cemetery. Palbearers will be Raymond Parker, Henry Lane, R. K. Douglas, D. V. Burton, John Andrews and Bill Bell.

Veterans to Get New Privileges March 1

After March 1, veterans will only have to show their discharge papers in order to purchase surplus items for their personal use on the veteran set-aside list. This will apply to regional set-aside lists, soon to be created as well as to the national set-aside lists of property.

Harold S. Gish, acting chief, veterans section of the Dallas regional office of War Assets Administration, said the new set-aside list supplements but does not take the place of the national set-aside list, it was emphasized.

Legal Records

Marriage Licenses

County Clerk Charlie Thut yesterday granted a license to wed to: Earl L. Richardson and Lela Mae Poe.

Realty Transfers

H. L. Nay to G. D. Chambers and others; All of Lots numbered 9, 10, and 11 situated in Block 2 of the Cherokee addition of the city of Pampa.

M. L. Lunsford and wife, Beatrice Lunsford, to Milford L. Robinson and wife, Ethel I. Robinson; All of Lot number 4 situated in Block 43 of the Talley addition of the city of Pampa.

William A. Hall and wife, May Belle Hall, to B. B. Altman and others; All of Lots numbered 6 and 7 situated in Block 3 of the city of Pampa.

Hall addition of the city of Pampa.

A suit in compensation was filed yesterday in the offices of District Clerk Dee Patterson by W. R. Smith against the Traders and General Insurance Co.

Intoxication Fines Paid in City Court

Corporation Court Judge Clifford Braly yesterday afternoon fined one man \$15 on charges of intoxication and levied fines of \$15 each on a man and woman on charges of disturbance of the peace. One overtime parking charge was fined \$1.

This morning Judge Braly placed one man under \$100 bond to appear Friday morning on charges of intoxication and excused another man on similar charges. One teen-age boy voluntarily gave up his driver's license until May 6. The youth had been arrested for speeding earlier in the week.

In bombing attacks on Japan late in the war, B-29's used a secret 16-foot linear antenna radar termed EAGLE bombing system.

Trusteeship

(Continued from Page 1)

Senator Wiley (R-Wis.), a member of the Foreign Relations Committee told reporters: "I think Russia's approval is a good omen for future collaboration between the two greatest nations in the world. It will mean the brushing aside of a lot of superficial misunderstandings."

Senator Hickenlooper, also member of the committee, commented: "I am glad that Russia has agreed to a policy and principle entirely justified by the facts and the sacrifices we made in bringing the war in the Pacific to a successful conclusion."

Russia generally had been expected to side with British and Australian contentions that the whole issue should be postponed until a peace treaty is concluded with Japan.

Marshall said that so far as he knew no other country had given its advance backing to the American plan.

Deputies

square miles of Austrian Carinthia, supported by Russia and opposed by the other three powers.

2. Definition of "German assets" in Austria to be distributed as reparations. The Western nations wanted the definition to rule out former Austrian property seized by the Germans, but the Russians sought a looser definition.

New Road Work Will Start This Summer

PANHANDLE—(Special)—Five miles on the farm-to-market highway west of Panhandle will be constructed this summer, according to County Judge O. R. Beddingfield.

Construction will begin at Highway 117 north of the city and go to the air beacon. Plans have been made to straighten out the road at the railroad crossing on the branch line to Borger. The right of way has been increased from 60 to 80 feet with farmers donating the land for the extension.

U. N. Site Is Freed From Gift Taxation

WASHINGTON—(AP)—President Truman signed today a bill freeing from approximately \$2,500,000 in gift taxes John D. Rockefeller, Jr.'s donation of an \$8,500,000 New York City site for the United Nations headquarters.

Mainly About Pampa and Her Neighbor Towns

Hinds Services Are Scheduled Tomorrow

Funeral services will be held at the White Deer Methodist Church tomorrow afternoon at 3 o'clock for Robert G. Hinds, 59, who died yesterday in Odessa.

Mr. Hinds was a pumper for the Parker Drilling Co. at Penwell, Tex. He is survived by his wife, one son, Eugene and a daughter, Lorraine, all of Penwell, and one sister, Mrs. C. J. Ward, McAllister, N. Mex.

Burial will be in the White Deer Cemetery under the directions of the Hubbard Funeral Home of Odessa.

Insurance Company Shows Large Gain

Southwestern Life Insurance Company has recorded in 1946 a growth of \$67,345,654 in insurance in force—more than twice the business gain attained during 1945. C. F. O'Donnell of Dallas, president, announced. He made the figures known in releasing the Company's 44th annual financial statement to policyowners.

Southwestern Life, he reported, now has a total of \$580,047,004 insurance in force. Assets increased \$14,676,067 during 1946, to a total of \$137,037,582.

Election

(Continued from Page 1)

next five days after the election to canvass the vote. City Manager Garland Franks said the Commission may meet tomorrow morning to canvass the vote. Candidates who intend to run for the general election on April 1, have only until midnight of this coming Saturday, March 1, to file petitions.

The number of names on these petitions will have to represent 5 percent of the total vote cast at the last general city election—or 5 percent of 69 votes.

Both Graham and Carter stated they have no intention of running again in the regular general election of April 1. City Attorney R. F. Gordon said this morning if his resignation is rejected he will continue to serve as city attorney since he resigned only to permit the incoming Commission a free hand to hire whom they choose.

By 4 p. m. a total of 1097 ballots were cast. This increased to 1373 votes by 6 p. m. and the remainder came in by 7. Total ballots cast by wards were: Ward 1, 751 votes; Ward 2, 629 votes; Ward 3, 278 votes and Ward 4, 273.

Indications of any warm campaign for the regular election were nil this morning. Officials expect that little opposition, if any, will develop on the April ballot.

Flaws can be detected in metal by means of transmitted waves similar to sound through a new X-ray process.

Safety Tanks CUT FIRE HAZARD

Actual accident experience has proved the safety features of these leakproof and spillproof tanks. Extensively used by large fleets.

TULL-WEISS INTERNATIONAL TRUCK - TRACTOR SERVICE

DARK SPOTS are DANGER SPOTS

Ten people are injured in accidents in American homes every minute. That means 600 an hour, and there's a good chance that such an accident will hit your home soon. Having plenty of electric bulbs on hand to immediately refill empty sockets is one good form of insurance against home accidents.

Falls like this are often most serious. Too many homes have dim spots in corridors, unused rooms, or on stairs. Falls in these places can be extremely painful and cost a lot of money. One good insurance against having such places is to make sure you always have an ample supply of light where it is needed most and seeing that you have electric outlets installed in your home wherever they are needed.
