### Auto Use Stamps On Sale June 9

W. A. Thomas, collector of internal revenue, has announced that the new \$5 automobile use tax stamps will be placed on sale in all post offices and major offices of the collector of internal revenue on Saturday June 9. The law requires the owner of every motor vehicle which is used upon the highways to buy this stamp and to display it on the vehicle beginning July 1.

### Auto Use Stamps On Sale June 9

The law provides both cash and full penalties for failure to pay this tax. To protect themselves against unnecessary penalties, Collector Thomas advised owners of motor vehicles not to be misled by false rumors alleging that this tax has been repealed.

The stamps will be sold over the counter at all post offices and major offices of internal revenue collectors. In addition, collectors of internal revenue will fill mail orders when accompanied by cash, money orders or certified checks. Personal checks cannot be accepted for the purchase of revenue stamps.

Motorists will find that the stamps usually will stick better if they dampen the windshield instead of the stamp. They should avoid repeated dampening of the stamp. Motorists who desire to do so may reinforce the stamp with adhesive tape or similar aids. To protect themselves against loss or theft, Collector Thomas advised motorists to keep a separate record of the serial number which appears on each stamp. Motorists also are asked to write on the back of the stamp the make, model, serial number and state license number of the vehicle.

# HONOR DAD

# Hoop Jr. Wins Kentucky Mud Derby by Six Lengths

## Pot O' Luck Finishes Second As 65,000 Spectators Look On

By ORLO ROBERTSON  
 LOUISVILLE, Ky., June 9.—(AP)—Showing the way over practically the entire mile and one-quarter of muddy going, Hoop Jr., today won the 71st and richest of all Kentucky derbies so easily it appeared his 15 rival three-year-olds were in another race.

With Eddie Arcaro in the saddle for his third triumph in America's premier race, the son of Sir Gallahad 3rd carried F. W. Hooper's blue and white silks across the finish line six lengths in advance of Pot O' Luck from Warren Wright's Calumet farm.

Mrs. W. G. Lewis' Darby Dieppe, hoping to be the first grey horse to carry off honors in the classics run for the money was third, beaten a half length for runnerup honors.

Lt. Com. T. D. Bull's Air Sailor failed to land in the money picture by a neck as the other horses finished far back.

## 2 Softball Games To Be Played at Ball Park Today

The Squadron B softball team of Pampa field was on top of the standings of the men's senior softball league as the first week of play ended.

The "B's" hold victories over the Kimboys, 4 to 2, and the Cargray team, 5 to 0.

The Base Communications, the Knights of Pythias lodge and the Pampa Merchants are in a tie for second with one win and no losses each.

The youthful In-B-Tweens and the Kimboys are tied up for fourth spot with a win and a loss each.

Two postponed games will be played off this afternoon at Road-runner Park.

The Phillips 66 aggregation will play the PAAAF Medics at 1:30 and the Knights of Pythias lodge team will play the Base Communications team at 2:30 in a double-header attraction.

No admission price will be charged. The League is operating on a strictly non-profit basis. The members' dues are used for equipment.

Standings of the teams:

TEAM	W.	L.	Pct.
Squadron B	2	0	1.000
Communications	1	0	1.000
K. P. Lodge	1	0	1.000

control of travel if necessary. But he added he hoped such action would not be necessary and that he did not anticipate it.

In a statement issued at his news conference, the chief executive left no doubt that all present restrictions, such as those banning extra equipment for sporting events, the elimination of large conventions and gatherings would not be relaxed.

The combined switchboard system at the Boulder Dam Power station contains more than 5,000 meters, relays and switches.

### THANKSGIVING DAY

A Thanksgiving day every month is suggested by Russell B. Brown, counsel of the IPAA in Washington, in a letter to the IPAA membership. He wrote:

"Unrest in the Middle East; actual warfare which broke out in Syria, and the threat of more to come, suggests a new type of anniversary." On Feb. 6, 1944, Secretary of the Interior Harold L. Ickes (who serves as petroleum administrator for war), announced that a government pipeline would be laid across Saudi Arabia. Had the plan been carried out, we most surely be a military intervenor in that part of the world. The proposal was not realized. Perhaps the date should be observed once a month is none too often to give thanks.

## Detroit Retains American League Lead; Yankees Defeat Boston Red Sox 13 to 7

NEW YORK, June 9.—(AP)—The New York Yankees combined 15 hits and 16 walks off three Red Sox hurlers to defeat Boston 13-7 in a loosely played game before 12,855 paid admissions today. Tuck Stainback highlighted a five-run sixth inning, homering with two on.

## Sports Roundup

### By HUGH FULLERTON, JR.

NEW YORK, June 9.—(AP)—May be its just another false start—remember all those disqualifications last year?—but Dapper Dan Ferris figures a lot of comparatively unknown sprinters may figure in the National A.A.U. championships this year.

Perry Samuels, the Texas schoolboy, is the best in the country on the times he has recorded, Ferris points out. Other speedy performances have been made by Crosson of Missouri, Van Velzer of Navy, Dickey of Louisiana State, Little Bill Mathias of Washington, D. C., and a couple of Ohio schoolboys, Afzal of Cleveland East Tech and Johnson of Columbus East High.

The most surprising feat of the season, Dan adds, was turned in by an athlete who isn't certain he can enter the big meet here June 29-30.

Navy Lt. Jimmie O'Reilly, former Southern California frosh, came into Florida after a training session aboard a carrier and ran 100 yards in 9.6, 220 in 20.9, broad jumped 23 feet 7 1/2 inches, won the low hurdles in 23.8 and ran on a winning relay team.

## Thousand-Plane B-29 Raids Are Prediction

DAYTON, O., June 9.—(AP)—Thousand-plane B-29 raids that may dump as much as 10,000 tons of bombs upon Japan in a single strike, are in store for the Japanese before the end of the year, the army promised today.

In a message timed to mark the first anniversary of the initial B-29 combat mission—a raid upon Bangkok, Thailand—just a year ago today, Brig. Gen. Orval R. Cook, chief of the air technical service command's procurement division, reported that the Superforts are rolling off production lines at a rate that will double their current strength in the Pacific before the year is out.

With B-29 bases being built ever nearer Japan, General Cook said that 10,000 tons of bombs—an amount greater by far than that loaded upon Berlin during closing days of the war in Europe—easily could be spilled during a single raid.

### SERVICE DEPT.

From June 1, 1944, to June 1, 1945, there were no fewer than five million "participations" in various sports activities at the Bainbridge, Md., naval training center. The most popular was pool (not the swimming kind) ... S/Sgt. Burgess Whitehead, the player-manager, and Pfc. Lee Grissom are listed as the "known quantities" of the headquarters second air force baseball club. That's more than Lee ever was when he pitched for the Reds.

### HAZARD

BILLINGS, Mont., June 9.—(AP)—Pilots swoop low over Billings airport and gun their motors to a thunderous roar before landing. Reason, says airport manager Dick Lovan, is to clear the deer off the runways.

### BONDS KILL JAPS

Our best judgment is that we can defeat Japan quickly and completely with an army which, a year from now, will be 6,968,000. —Adjt.-Gen. James A. Ullo, army personnel director.

A total of \$776,406 was wagered on the race, surpassing the previous high of \$694,870 bet in 1926 when Bubbling Over won.

### Wyse Wins Sixth As Cubs Triumph

CHICAGO, June 9.—(AP)—Although touched for 11 hits, Hank Wyse gained his sixth victory of the season today as the Chicago Cubs bunched seven hits to beat the Cincinnati Reds 5 to 1. It was the Cubs' second successive win over the Ohioans.

veto formula and that the Big Five had failed to answer specifically a number of questions put to them by little countries on how it would work.

Evatt spoke several times. So did America's delegate, Senator Tom Connally (D-Tex) in rebuttal.

Some small countries at least, already were persuaded that full veto authority is necessary. Peruvian Foreign Minister Manuel Gallagher, for example, backed it at a news conference.

Repeating some of the arguments the great powers themselves have made, Gallagher remarked that the veto had been removed from election of judges to a world court, that the Big Nations have the preponderance of military power, and that so long as they stick together there will be peace.

"God bless us," he said, "if fundamental differences develop among the Big Ones."

The fact that the United States will have a veto assures there won't be abuse of an inter-American security system through undue interference by the security council, Gallagher said, adding:

"We want to have our brothers, not strangers, spank us if we are bad."

A move by some of his Latin American colleagues to ease the way for future amendments to a world charter was blocked temporarily when an American spokesman said a Mexican motion, backed by Ecuador, would prevent ratification by the United States senate.

chairman of the house war relief measures committee, in a formal inquiry on government policy, said "There is considerable vagueness as to who is primarily responsible for the conduct of the war" and that while the army and navy were cooperating closely with each other, "the premier is merely a participant in discussions at imperial headquarters."

Under the Japanese system, the army and navy are responsible only to the emperor, not to the civil government, but Ota said, "the nation believes the premier should be responsible for the war direction at this critical stage."

"The Domei account intimated that Suzuki's aim in the present diet session might indeed be to bring the army and navy directly under his authority."

"It did not quote him as replying clearly to Ota's question, but did quote him as saying, 'the guiding principle X X X will be to readjust various aspects of the nation's war structure in order that the decisive battle on the homeland may be fought on a basis of complete national unity.'"

The man parachuted to attend the survivors and build the field where the glider will be sent in, then jerked into the air by the grab-hook of a low-flying C-47.

"We dropped you a case of beer," announced Maj. George Gardner, of Cleveland, in a radio conversation on a supply flight.

"That's the best news we've had yet," replied a Filipino paratrooper, using a parachuted walkie-talkie.

The trio of survivors—WAC Cpl. Margaret Hastings, Oswego, N. Y.; Lt. John B. McCollum, Trenton, Mo.; and Sgt. Kenneth W. Decker, Kelso, Wash.—are being treated for injuries by parachuted medical supplies and are in good condition.

The six-foot natives of hidden valleys have made no menacing move although known to war on each other. However, they have been slow to make friends. Walters' men are armed.

In the first flight over the 25-mile long valley by a newsman since the tragedy occurred, I saw the six-foot natives who ran for cover as our plane dropped to within 50 feet of the ground. One native took to a ditch and covered his head with his hands. There are an estimated 50,000 or more natives in the valley. Its green swamps, extensive farmlands, trees and walled villages, neatly arranged as any city park, comprise one of the most strangely beautiful sights imaginable.

WASHINGTON, June 9.—(AP)—Sixty-four percent of the men in the marine corps divisions fighting on Okinawa are buying war bonds on the pay allotment plan.

The navy, announcing this today, said more than 92 percent of its civilian employees are investing an average of 11 percent of their gross pay in bonds.

Meanwhile the treasury announced that individual purchases of bonds in the 7th War Loan reached \$4,845,000,000 or 69.2 percent of the \$7,000,000,000 goal yesterday.

Japanese opposition on tiny Tarakan island, off the opposite coast of Borneo, virtually has been ended by Australian and Dutch troops.

In his communique today (Sunday) Gen. Douglas MacArthur made no mention of any new invasion in the Borneo region. He said bombers had destroyed heavy tank magazines on Labuan and the Brunai bay sector. These raids on Borneo, heaviest yet launched from Philippines and East Indies bases, were directed against Labuan island and Brunai. Plans as well as air defenses in widely separated areas. Light naval units destroyed a Japanese fuel dump at Sandakan, northeast Borneo port.

American doughboys on the northern Luzon front in the Philippines gained eight miles along the Gagan valley road and liberated Solano town. Tank files hit that area with 330 tons of bombs.

Ground forces on Mindanao island further compressed the Japanese in the mountains northwest of Lavo.

New aerial blows against Japan were reported by the Superfortress command at Guam and Tokyo.

Between 100 and 150 B-29s hammered aircraft plants at Nagoya, Naruo and Akashi with "excellent results." All the Superfortresses returned safely.

Tokyo said that three hours later about 50 fighter planes from two Jima straddled the same general industrial region of Honshu island.

Tokyo acknowledged that one of every 15 homeland Japanese had been left homeless by air raids. Total homeless reached 4,800,000, most of them in Tokyo, Nagoya, Yokohama, Osaka and Kobe.

Addressing an emergency session of the Japanese Diet in bomb-battered Tokyo, Premier Kantaro Suzuki said Nippon is in "the most critical situation in the history of the nation." The Diet was directed by Emperor Hirohito to surrender virtually all its powers to the cabinet, which will rule by decree.

The premier rejected any idea of unconditional surrender and told the Japanese they have but one choice—"to fight to the last."

The Emperor, in a brief imperial rescript, called on his people to "fulfill the purpose of the holy war" while Suzuki declared "Japan is fighting a war to uphold the principle of human justice." He predicted repulse of any American invasion of the Nippon homeland but warned of new shortages of food, munitions and transport.

Hitler's last-minute marriage in the ruins of Berlin with the last vestiges of his empire tumbling about him was disclosed by Marshal Zhukov to a group of American, British, French and Russian correspondents.

Eva Braun—the only woman whom Hitler is said to have loved—besides his mother—was said in the capital to have flown to Berlin in the last days of the battle to be by Hitler's side.

Zhukov said "It is well known that two days before Berlin fell Hitler married Eva Braun." He added that the Russians had found references to the marriage in the diaries of Hitler's personal adjutants.

"All the evidence now indicates that our universities are going to have a difficult time in the years immediately ahead to maintain their freedom. The forces of reactionism are strong, and they are bent upon controlling education and all other liberal forces in our society."

Dr. Clyde R. Miller, professor of education at Columbia university teachers college, told the symposium "there are grounds aplenty for optimism" and that he thought the future "will see more and more men of the type of Homer Rainey in universities."

"The people who run colleges and universities are the same people who run our great business institutions and our government and churches," Miller said. "True, many didn't give significant leadership in the fight against fascism—certainly not since the rise of Mussolini and Hitler."

# Miss Maureen Riley Becomes Bride Lt. Ernest Grey in Church Ceremony

Lt. and Mrs. Ernest R. Grey

Marriage vows were solemnized for Miss Maureen Riley, daughter of Mr. and Mrs. C. E. Riley, 909 E. Francis, and Lt. Ernest R. Grey, son of Mrs. Ernest Grey, LaFayette, Ind., June 3 at 3 o'clock in the First Baptist church.

The double ring wedding ceremony was performed in a beautiful and impressive setting of candlelight, before an altar banked with palms, gladioli and peonies, with the Rev. E. Douglas Carver, pastor, officiating.

Traditional wedding marches were played softly, with Mrs. E. Douglas Carver at the piano, for the processional and the recessional. Miss Willadean Ellis sang "Because" and "Always," accompanied by Mrs. Carver.

Maid of honor was Miss Eddie Zane Graves, who wore a street length peach dress with a picture hat, and white accessories. She carried a Colonial bouquet.

Capt. Paul J. Kreuzkamp attended the bridegroom as best man.

The bride was given in marriage by her father, C. E. Riley, and she was attired in a gown of white satin with net skirt, and sweetheart neckline with petal sleeves and seed pearl trim, and a fingertip veil. For something old and borrowed, she wore a string of pearls belonging to the bridegroom's mother, and she carried a bouquet of white carnations, centered with two white orchids, with white satin streamers attached.

The bride's mother wore a brown dress with pink trim and pink accessories, and her corsage was of white gardenias.

Mrs. Grey, mother of the bridegroom, wore an aqua sheer dress with white accessories, and a corsage of white gardenias.

Following the ceremony a wedding reception was held in the home of the bride's parents. The bride, assisted by the bridegroom, cut the four-tiered wedding cake, which was later served to forty guests who registered in the bride's book. The table was centered with spring flowers, and the cake and punch bowl were placed on either side.

Lt. and Mrs. Grey left immediately following the reception for a wedding trip to Denver, and upon their return will go to Richmond, Va., where the bridegroom will attend the Adjutant General's school at Camp Lee, Va.

The bride chose for traveling a white summer weight suit of gabardine, with black accessories. Her corsage was of white orchids.

Mrs. Grey attended Pampa high school and at the time of her marriage, she was employed at Pampa army air field as a stenographer.

Lt. Grey attended Purdue university and was employed by Aluminum Company of America at LaFayette, Indiana, before enlisting in the Royal Canadian air force and later into the United States AAF. He served in the Aleutian theater, before being stationed at the Pampa army air field.

Out-of-town guests attending the wedding and reception included Mrs. E. W. Short, Delson; Mrs. Ernest Grey, mother of the bridegroom, LaFayette, Ind.; Mr. and Mrs. W. A. Riley and daughter, Darlene, and S/Sgt. and Mrs. N. E. Riley all of Berger.

## Lt. Kathryn LaMaster Becomes Bride Sgt. Judice in Double Ring Ceremony

Lieutenant Kathryn LaMaster became the bride of Sgt. Samuel Judice, of Houston, Saturday evening in a double ring ceremony performed in the home of her parents, Mr. and Mrs. W. B. LaMaster, in Perryton, with the Rev. Ward H. N. Gregg, pastor of the First Christian church Perryton, officiating.

Mrs. Debs Riley sang "Always" and "I Love You Truly," before the vows were exchanged, and Mrs. A. K. Wilson played the traditional wedding marches.

The living room was decorated with bouquets of white roses and gladioli, and the mantle, before which the couple stood, was banked with gladioli and lighted with candles.

Mrs. Ellis Kelly, sister of the bride, served as maid of honor, and she wore a dress with a fitted bodice of blue lace, and full skirt, and her shoulder-bouquet was of pink carnations.

Ellis Kelly attended the bridegroom as best man.

Given in marriage by her father, the bride wore the wedding gown which was worn by her mother at her wedding. It was fashioned of white lace and designed with high neckline, long fitted sleeves and full skirt. She wore a tiara of pearls, which also belonged to her mother, and carried a white Bible topped with orchids and white streamers.

The reception was held immediately following the ceremony, and

## Pampa Women Included on TFWC Executive Board

AUSTIN, June 10—Two former state presidents, Mrs. J. W. Fincher of Houston, and Mrs. Volney W. Taylor of Brownsville, have been given top appointments to the Texas Federation of Women's Clubs State Board by the newly elected president, Mrs. Florence Johnson Scott, of Rio Grande City. Mrs. Scott announced her new board personnel from her office in TFWC headquarters here today.

Mrs. Fletcher, who served as TFWC President 1931-33, has been named chairman of the state board of trustees, an appointment which controls the care and maintenance of the state headquarters building.

Mrs. Taylor, who represents Texas club women on the executive committee of the Nation's largest women's group, as general federation treasurer is the new TFWC parliamentarian of the seventh district in Texas, state president, 1933-36, is the only woman to serve in that capacity for three years.

The nine important departmental chairmanships will be held for the next two years by Mrs. U. L. Willie, Matador, American citizenship; Mrs. J. Thomas Davis, Stephenville, American home; Mrs. A. T. Carleton, Houston, education; Mrs. John J. Perry, Sweetwater, fine arts; Mrs. Preston Dial, San Antonio, international relations; Mrs. Bob Barker, Fort Worth, legislation; Mrs. Stanley Boykin, Fort Worth, post war planning; Mrs. Sam Cox, Mexia, public welfare; and Mrs. T. M. West, San Antonio, war service.

The executive committee members, the eight district presidents, and a trustee from each district complete the state board. President of the seventh district is Mrs. Raymond Harrah of Pampa, and trustee from the district is Mrs. O. B. Jackson, Plainview. Mrs. George Hepper, Pampa, has been appointed to serve with the comparative government section of the American citizenship department.

## Shamrock Christian Women Have Meeting And Elect Officers

SHAMROCK, June 9—Mrs. J. A. Winchester was elected president of the Christian W. M. S. at the meeting held by that organization at the church Monday afternoon. Other officers elected were: Mrs. P. Gardner, vice president, and Mrs. T. M. Dickey was re-elected as secretary-treasurer.

Mrs. Sallie K. Fleming was leader of the program and Mrs. T. M. Dickey gave the devotional. The theme of the program was a general study of the Philippines.

Those taking part on the program included Mesdames J. O. Stribling, J. R. Brewer, George Miller and Winchester. The meeting was dismissed with the missionary benediction.

Those present were Mesdames Fleming, Stribling, Brewer, Miller, Winchester, Dickey and Gardner.

# Miss Louise Almond, Robert Hogan Exchange Vows in Double Ring Rites

Mr. and Mrs. Robert Hogan

Miss Louise Almond, daughter of Mr. and Mrs. Rupert H. Orr, 404 N. Hill, and Robert (Chuck) Hogan, son of Mrs. Minnie Hogan, 606 N. Nelson, were married June 3 at 2:30 p. m. in the First Baptist church, with the Rev. E. Douglas Carver, pastor, officiating.

The double ring ceremony was read before an altar which was decorated with two tiers of candelabra, flanked on either side by palms and large baskets of Picardy gladioli and white peonies. An appropriate bouquet of mixed sweetpeas adorned the piano, and bouquets of spring flowers were arranged throughout the church.

Wedding music included the traditional wedding march, "Entre," and the recessional, by Rosinni. Miss Willadean Ellis sang "Always," by Irving Berlin, and "I Love You Truly," by Carrie Jacobs Bond, accompanied at the piano by Mrs. E. Douglas Carver.

Mrs. Jack Morris was matron of honor, and she wore a dress of light blue crepe, with black accessories and a corsage of white carnations. Jack Morris attended the bridegroom as best man, and Winfred Vaughn and Harold Anderson served as ushers.

The bride, given in marriage by her step-father, Rupert H. Orr, chose for her wedding a white linen street-length dress, trimmed with wide English lace, a bridal hat of powder blue feathers with a shoulder-length veil, and accessories of powder blue. Her corsage was of red rosebuds. For something old, she wore a small lavender; for something blue, she wore a pair of powder blue earrings; for something borrowed, she carried a white linen handkerchief edged in blue; and for something new, she carried

white doekin gloves. The bride's mother wore a crushed grape two-piece dress with black accessories and a corsage of white carnations. The bridegroom's mother wore a black two-piece dress trimmed in rose, with black accessories, and a corsage of pink rosebuds. Immediately following the ceremony a reception was given in the home of the bride's parents. Mrs. Jack Morris and Miss Willadean Ellis presided at the lace covered table, which was centered with an arrangement of mixed sweet peas and flanked on either side with tall white tapers in crystal candelabra. The silver coffee service and the three-tiered wedding cake were placed at either end of the table.

### Loos Carnival To Have Its Thrills And Attractions

Thrilling rides, 'entertaining shows and appealing attractions.' That is the menu of entertainment to be offered the people of Pampa and Gray county by the combined forces of the American Legion and the Veterans of Foreign Wars when the Greater United Shows open their annual engagement on the Brown street show-

grounds, opposite the Ball Park, tomorrow night. The carnival completed a successful engagement in Amarillo last night, under sponsorship of the American Legion, and the carnival equipment is due to arrive in this city late today via the Santa Fe railroad. Under the personal direction of J. George Loos, scores of workmen will start at once to transfer the showgrounds into a gigantic amusement park and by opening time tomorrow night all rides, shows and attractions will be in readiness for the formal opening.

Headed by the famous Monty Beehlers dog, monkey and pony circus, there are shows that appeal to each and every member of the family. Riding devices ranging from the miniature ones for the children to the sensational Whip, Tilt-a-whirl, Fly-o-planes and others for the grown ups and with nearly two score of amusement stands complete the glamour packed midway.

The carnival will be in operation nightly for two weeks with members of both the American Legion and Veterans of Foreign Wars present at each performance to act as guides to the various attractions, manning all gates and ticket boxes. J. W. (Jake) Goeman of the American Legion and Mike Roche of the Veterans of Foreign Wars are co-chairmen for the combined post and both commanders request all members that can devote one or more nights for carnival duty to contact them at once.

WASHINGTON, June 9.—(P)—The "Little Big Inch" pipe line, laid from Beaumont, Texas, to Linden, N. J., for movement of military gasoline, is now supplying civilian petroleum products to the Atlantic seaboard.

Deputy petroleum administrator Ralph K. Davies, who made the announcement, also said that "unexpected developments" had made possible temporary release of a few tankers from military to civilian service between gulf coast and east coast points.

If life apparently has lost its zest, you again may be able to enjoy life as you did in your youth. If added years have slowed down your vim, vitality and youthful pleasures, here is an inexpensive method that may change your whole outlook on life. Just ask your druggist for Casella stimulating tablets (either 45 or 200, the 200 size costs much less per dose). Take as directed on label and feel the thrill of living again. Don't feel old and worn out at 40, 60 or more. Take these tablets regularly until you feel that you have regained the pleasure of living you once enjoyed. Why be discouraged? Why not try Casella tablets and regain the vim and zest of a much younger man? Women too, will find Casella tablets beneficial.

### 'Bring on the Girls', With Veronica Lake, Sonny Tufts Opens at LaNora

Two girls usually make an eyeful, but Paramount's gay technical production "Bring on the Girls," has hundreds of them and Eddie Bracken and Sonny Tufts are determined not to let any of them get by.

Lovely Veronica "The Hair" Lake and Marjorie Reynolds are the main

feminine attractions in this one, but if you don't choose to rest your gaze on these two, there are plenty more.

Johnny Coy, new dancing sensation, is one of the best hoofers to come out of Hollywood and he lives up to his well-earned reputation in this one.

"Bring on the Girls" is showing at the LaNora theater today through Wednesday.

In a fun-festival of music and mirth, the Andrews Sisters, with Leo Carillo and Elyse Knox, star in "Moonlight and Cactus" at the Rex Sunday, Monday and Tuesday.

Built along the western lines, the film has good songs and Carillo and Eddie Quillen are funny.

### Soldier Happy To Learn He's an American at Last

FRAMINGHAM, Mass., June 9.—(P)—A 27-year-old American soldier spent the "30 most harrowing days" of his life when he was captured by his own troops and held as a wounded "German" prisoner of war.

Corporal Gilbert J. Beamesderfer of Ephrata, Penn., a Cushing general hospital patient recently granted a 90-day work furlough, was a squad leader in the 35th division of the Third army before events became too confused for comfort.

He remembered leading his men against a German machine gun nest in France and being hit in the left arm.

Then apparently he got mixed up with some captured Germans and when he awoke he was in a hospital. Just before they gave him ether, a surgeon spoke to him re-assuringly—in German. Beamesderfer, who speaks German, grinned and answered in the enemy language.

Hours later an American lieutenant passed by, and Beamesderfer asked: "what happened?" have we been captured?"

"Be quiet," the lieutenant said. "You're all right. You're with your buddies."

"Buddies, hell!" Beamesderfer screamed. "Get me out of here. I'm an American!"

The officer smiled and left. Germans posing as Americans were nothing new. After ten days in France, the prisoners, including Beamesderfer, were transferred to a POW camp in England. Finally he managed to nab an interrogator.

"I'll tell you things about Pennsylvania that no one could tell you unless he's actually been there," Beamesderfer said desperately.

They called him a Philadelphia nurse. He told her about the unique customs of the Amish, descendants of German settlers of eastern Pennsylvania. The nurse was impressed.

Camp officials cabled Washington for his fingerprints. They established Beamesderfer as Beamesderfer. On the 30th day of his imprisonment, an officer burst into his tent and announced:

"I am happy to inform you that you are an American at last!"

### Work Now Begun on Coating City Streets

Employees of the city street department, working under L. D. Haggard, have started on the seal coating over 84,000 yards of the city's asphalt streets.

All holes will be filled and a coating of asphalt and rock poured on the surface.

According to City Manager W. C. deCordova, the work will require about four or five weeks depending on the availability of labor and materials.

# Texas Land Commissioner 'Shocked' by Suit

## Giles Declares Government Intent Shown

Biscom Giles, Texas land commissioner, has stated that "I was shocked to learn that the United States attorney general, Francis Biddle, had filed suit against the Pacific Western Oil corporation to prevent it from taking oil and gas from the submerged areas adjacent to the state of California."

Comr. Giles pointed out that Texas is in an entirely different position from California, yet this suit does demonstrate the intent of the federal government toward the ownership of the navigable waters by the states. "This attitude on the part of the federal government is directly opposite to the control of these areas that has existed from the inception of this government. This appears to be another unwarranted attack upon state's rights by the federal government," Comr. Giles said.

Texas three and one-quarter million acres of submerged lands along its gulf coast and its million acres of land underneath the riverbeds of the state include millions of acres of oil reserve, of an estimated value of more than \$150,000,000.

"The first congress of Republic of Texas adopted an act fixing the republic's seaward boundary three mariner's leagues, or 10 1/2 miles, out from shore line, extending from the mouth of the Sabine river to the mouth of the Rio Grande," Giles said.

"Evidence also shows," he continued, "that when Texas came into the union and was annexed as a

## News of Interest To Oil Men

state December 29, 1845, it was with the understanding that the state retained full ownership of the public lands within the three-league limit, and that both the federal congress and the congress of the Republic of Texas agreed to this.

"Furthermore," he said, "after the birth of the republic of Texas March 2, 1836, this nation was recognized as a member of the family of nations by the United States, France, Holland, Great Britain, and approximately 15 tribes of Indians. Thus the Republic of Texas was given recognition as to her jurisdiction, her sovereignty, and her title to all lands, specifically to the lands underlying the waters of the Gulf of Mexico a distance of three mariner's leagues from her shore."

"The United States supreme court has repeatedly ruled," Comr. Giles added, "that the same right and title and ownership of submerged lands granted to the original 13 states of the union is vested in other states subsequently admitted to the union."

"Texas has even a stronger claim to its public domain and submerged lands than other states," Comr. Giles added, pointing out that "when negotiations were first begun to annex the Republic of Texas to the United States the republic proposed a treaty by which it would have ceded all of its public domain to the United States in return for the payment of the public debt of the republic of Texas. This, however, was rejected by the senate of the United States, and congress specifically refused to accept title to the public domain of the republic."

"It is difficult for me to conceive of any legal basis for contending that the United States has any title to the submerged land abutting upon the coast of any sovereign state of the United States, but more especially the sovereign state of Texas."

"I confidently assert that the title

to the submerged lands below low-water mark extending three leagues into the Gulf of Mexico belongs exclusively to the sovereign state of Texas, subject only to the right of the government of the United States to regulate commerce in and upon the waters over-lying said lands."

"Any claim of title or further assumption of power on the part of the United States would unquestionably be an encroachment upon the constitutional rights of the sovereign state of Texas and in violation of the solemn agreement of annexation," he asserted.

"The filing of this suit is a serious cloud and slander on all of the states involved, as well as the titles of those individuals who have expended great sums in developing the same. The public school fund of the state of Texas would be seriously crippled and the state would be compelled to defend endless and expensive litigation in order to prevent any encroachment upon its rights as a sovereign state of this great nation," Giles continued.

"It must be remembered that the treaty, by which Texas was annexed to the union, was between two sovereign powers, the people of which in the main were of the same blood and spoke the same language. By that treaty the title of the lands of Texas remained and still remain in the state. Texans beware of the desire for centralized power," Comr. Giles urged.

## Oil Union Favors Fair Employment

FORT WORTH, June 9—Local 208, composed of Fort Worth members of the Oil Workers Intl. Union-CIO, was on record June 6 for continuance of the President's committee on fair employment practices.

Rep. A. Willis Robertson (D-Va.) of the house ways and means committee proposed that the excess profits tax be replaced on the first day of the year following Japan's defeat. He expects to offer his repealer as an amendment to business tax relief legislation expected to be considered soon.

Recent statement of PAW that more wildcats should be drilled in order to increase reserves is being interpreted in quarters here to mean that present reserves are sufficient to take care of immediate requirements, but that when the cut-back comes after V-J day the United States must have a backlog of production.

## Pacific Pipeline Permit Studied

HOUSTON, June 9—(P)—Application of the Pacific War Emergency Pipe Line, Inc., for permission to construct a pipeline from West Texas to Los Angeles, Calif., was taken under consideration by the pipeline sub-committee of the district 3 supply and transportation committee of PAW.

T. E. Swigart, chairman of the sub-committee, said that the committee, after close study of the question, will make its recommendations to the supply and transportation committee, who, in turn, will recommend to the PAW what action should be taken.

Stripper Subsidies Termed Insufficient

WASHINGTON, June 9—(P)—A petroleum industry spokesman told the house banking committee that the government subsidy program for "stripper" wells has met with only limited success.

Urging a general price increase in crude, Russell B. Brown, general counsel of the IPAA declared it is necessary to bring about extensive exploration for new oil. Referring to the subsidy program which became

effective last August for such wells, Brown testified, "It has prolonged the life of some wells that would have been abandoned, but it has not supplied funds in the amount nor at the places that would stimulate exploration."

## Civilian Fuel Stocks Are Reported Higher

NEW YORK, June 9—(P)—Substantial increase in stocks of civilian grade gasoline, light and heavy fuel stocks and total production of gasoline was reported Thursday by the American Petroleum Institute for the week ended June 2. There was a large drop in military gasoline inventories.

Civilian grade gasoline stocks increased 377,000 barrels to 48,642,000, the institute reported. Light fuel stocks stood at 29,819,000, up 635,000 from the week ended June 1.

Military gasoline stock slumped 802,000 barrels to 40,554,000. Total gasoline production of 15,317,000 barrels was an increase of 123,000.

Crude oil production decreased 3,059 barrels, totaling 4,857,715 and compared with 4,552,750 a year ago.

Refineries operated at 88.4 percent of capacity and ran to stills 4,804,000 barrels of crude daily, compared with 4,950,000 barrels the week before.

### War Chart Means Joy for Certain American Homes

By RUSSELL BRINES  
WITH FIFTH AIRFORCE Luzon.—(P)—In a little office at this base, quiet, serious men maintained an unusual war chart. It totals life, not death.

Amid the vast figures of war, the current total is small—2,300. But it gives keen satisfaction to those who have watched it grow, since the first number was entered last September. For each of those numerals, there is joy in some American home; a solemn, thankful toast drunk by sweating patriots in some dusty airfield tent.

The chart details the 2,300 airmen who have been rescued from otherwise certain death on the lonely ocean stretches marking this aerial battlefield.

It is the record of the fifth emergency rescue group, Fifth air force, the oldest and largest aerial rescue force in the Southwest Pacific.

Throughout the thousands of miles flown by American bombers and fighters in their blockade against Japan's southwestern empire, the rescue group is at hand. The force has assigned to it flying boats, B-17 bombers, crash boats and transport planes. Submarines and destroyers are on call.

Some months ago, the first American raid on Balikpapan, Borneo, staged from Biak island, was the longest overwater assault of its type. Hugging the fringe of islands along the route, a screen of destroyers waited at rendezvous point. Rescue planes went in with the bombers.

Before departure, pilots were told where they could expect rescue if their planes were crippled too badly for the return to base.

The chosen islands were uninhabited and selected carefully from strong enemy bases scattered near them throughout this Japanese-held area.

The rescue group hovered over Ormoc bay, Leyte, when American forces landed amid the thunder of Japanese guns. One flying boat succeeded in taking off with 60 men. A dozen is considered a full load.

One-man rescues are handled with the same thoroughness. When 2nd Lt. Hugo Canclolo of the 58th fighter group went down south of Formosa, giant waves engulfed him. Other fighters dropped rafts, which he never saw because of the waves. A flying boat was unable to alight; a destroyer couldn't make it. Finally, he was saved by a submarine.

QUESTIONS AND ANSWERS ON SERVICEMEN'S PROBLEMS  
By DOUGLAS LARSEN  
WASHINGTON.—Here are some questions asked by wives of men in the navy:

Q. What is meant by "M. A. Q.?"  
A. "M. A. Q." means a monetary allowance in lieu of quarters for dependents. It is paid only to enlisted men in the first three grades of rank and they must make an amount at least equal to it payable to their dependents in a Class-E allotment. When a serviceman is receiving a monetary allowance in lieu of quarters, his dependents are not eligible for a family allowance at the same time.

Q. Is a grandparent eligible for allowances?  
A. If the grandparent has stood in "loco parentis," which means in place of parent, to the serviceman for at least one year prior to induction, and is dependent upon him at least for substantial support, the grandparent may be eligible for a family allowance of \$37.00 per month. The wife also would be eligible for a family allowance of \$50 per month.

Q. My dentist just told me that I would have to have all my upper teeth pulled out and would need an upper plate. My husband is overseas, with the navy and I don't see how I can afford to pay for this work. Is there some way the navy can do this for me free?  
A. The navy does not give free dental care to members of the family of servicemen. If it is impossible for you to pay for the dental work yourself, go to the nearest Red Cross chapter for aid.

Q. What medical care am I entitled to with my husband in the navy? Are wives of officers eligible for the same care as those of enlisted men?  
A. Regardless of rank, dependents of army and navy personnel are eligible for medical attention to the extent that facilities are available at a particular location. There is a slight charge for hospitalization and for medicine if it is not stocked in the dispensary.
