10,000 Allied Marines To Land in Japan Tomorrow 24 GERMAN ARCH CRIMINALS NAMED

Terms Are To Be Signed on Sunday

By LEONARD MILLIMAN
Associated Press Staff Writer

America's on-to-Tokyo commander, moved more than 1,000 miles closer to the Mikado's palace today to supervise the initial mass occupation of Japan where the U. S. flag has already been planted by advance echelons.

NIMITZ FLIES FROM GUAM

Admiral Nimitz flew from Guam to Tokyo bay, joining an Allied fleet headed by four modern battle ships which rode at anchor off Yokosuka naval base where 10,000 Americans and British marines and sailors land Thursday.

Coastal Winds Wreak Damage Into Millions

HOUSTON, Aug. 29.—(AP)—A tropical hurricane that blew itself out in East Texas after ravaging the Central Texas coast wrought crop and property damage which may reach \$15,000,000, the Houston Post estimated today.

Meanwhile, work of aiding the homeless went on in stricken areas down the coast from here. The Salvation Army at Houston issued an appeal for clothing for storm sufferers, and the Red Cross put a network of aid facilities into action along 300 miles of coast.

At Bay City, registration of refugees for Red Cross aid begins today in temporary relief quarters. Most homes of the heavily hit community had all utilities services restored and cleanup for storm debris had begun. Bay City rode out 100 mile-an-hour winds Monday night, and citizens came out of shelters yesterday to find hardly a home undamaged. The Hunt Tool company there was heavily damaged and part of the roof of a bank building, was blown away.

The hurricane, which took three lives and injured 13 persons, caught the western end of the Texas rice crop ready for harvesting and the cotton crop likewise suffered enormously. The Matagorda bay area was the hardest hit and crops in Matagorda, Jackson and Wharton counties were reported to be from 80 to 100 percent ruined by the powerful winds and torrential rains.

In Matagorda county, E. L. McDonald, Bay City banker and P. P. Terry, Bay City stockman and farmer, said 85 percent of the rice crop and all of the unpicked cotton were lost.

The total crop damage, they said, would amount to almost \$4,000,000. In addition, there was \$500,000 property damage in Bay City and other Matagorda county towns.

In Wharton county, sheriff T. W. (Buck) Lane stated the damage to rice, cotton, cattle and property would run probably to the \$5,000,000 mark. Rice and cotton fields in the county were battered by the winds and soaked by a 12-inch rainfall.

Practically every building in Palacios was damaged by the hurricane. City power was off and telephone lines were down. Property damage in the exposed coastal community was heavy.

Four More Panhandle Men To Be in States

Four more men from the Texas Panhandle are scheduled to arrive in the States from Europe tomorrow and Friday, according to a special dispatch from the Associated Press.

One of them is a Pampaan, Cpl. Gerald D. Norman, who is to arrive Friday at New York aboard the ship Joseph Warren.

Others: Pfc. Carl D. Sharp, Panhandle; and Pfc. James C. Teas, of Amarillo, are to arrive Friday on the Cody Victory at Newport News, Va.

Pfc. James V. Stewart, Amarillo, is to arrive tomorrow at Newport News, Va., on the SS Monterey.

Gen. Wainwright Eager To Witness Final Surrender

CHUNGKING, Aug. 29.—(AP)—Lt. Gen. Jonathan M. Wainwright, an excellent spirits after his trip here from Manchuria, looked forward eagerly today to seeing at the final surrender ceremonies in Tokyo some of the Japanese commanders who accepted with pompous arrogance the capitulation of his heroic American band at Corregidor.

In particular he hoped to see at the scene of Japan's complete humiliation the one-time commander-in-chief of Japanese forces in the Philippines—Gen. Masaharu Homma, a ruthless victor and an arrogant one.

The 62-year-old hero of the American stand on Bataan and Corregidor has accepted Gen. MacArthur's invitation to go to Tokyo for the surrender ceremonies, a Manila dispatch said. He planned to leave Chungking by plane Thursday, accompanied by Brig. Gen. Lewis C. Beebe, Col. John Pugh, Maj. Thomas Dooley of McKinney, Texas, and T. Sgt. H. Carroll of Paris, Texas, all former prisoners of the Japanese.

10,000 Veteran GI's To Arrive

More than 10,000 veterans of the European war are due to arrive in the United States today.

Homeward bound aboard 11 transports, the returning servicemen will debark in New York, Boston and Newport News, Va. The following army units are represented:

At New York: (Aboard Abraham Lincoln) 775 troops, a rotation (over age) group; (aboard John Dewison) 428 reassignment troops; (aboard Athos II) 3,752 troops, including 189th and 330th ordnance depot companies; 102nd, 110th and See EUROPEAN VETS, Page 8

100-Pound Sack of Sugar Lost Off Car

A large sack containing 20 five-pound sacks of sugar was lost off a car belonging to Neal's grocery, 318 S. Cuyler, this morning.

The sugar fell off the car as the driver turned the corner from Tying on to Cuyler street just south of the underpass. The driver said that the sack could not be found when he went back to pick it up.

Please, please, the owners said, "we would like to have the sugar for the store."

FOR FUTURE FARMERS: VETERANS ELIGIBLE FOR FARM PRIORITIES AID

Returning veterans who are farmers or who plan to take up farming are eligible for priorities assistance to enable them to purchase new farm machinery.

This was made known here today by Evelyn J. Mason secretary for the agricultural adjustment agency.

According to Secretary Mason, the county AAA committee has been authorized to issue a certificate to the farmer-veteran giving him a priority for a certain piece of machinery or equipment.

In addition, if a veteran wishes to purchase used army equipment from the smaller war plants cor-

Marshall Charged In Japanese Attack

WASHINGTON, Aug. 29.—(AP)—Gen. George C. Marshall, army chief of staff, was held partly responsible for the Pearl Harbor disaster by an army board of inquiry but President Truman, in releasing the report today, said the criticism was "entirely unjustified."

The panel's three volume reports fully advised of the growing tension long awaited army and navy reports on the events leading up to Dec. 7, 1941, said he sided with Secretary of War Stimson in rejecting the findings as to Marshall.

The report said that Marshall, who was sharply critical of Rear Admiral Husband E. Kimmel, Admiral Harold R. Stark and Maj. Gen. Walter C. Short.

Mr. Truman told reporters that if court martial proceedings were indicated prompt and fair trials would be held.

General Marshall, the army report said, "failed in his relations with the Hawaiian department in the following particulars:

(A) To keep the commanding general of the Hawaiian department fully advised of the growing tension of the Japanese situation which indicated an increasing necessity for better preparation for war, of which information he had an abundance and Short had little.

(B) To send additional instructions to the commanding general of the Hawaiian department on November 28, 1941, when evidently he failed to realize the import of General Short's reply of November 27, which indicated clearly that General Short had misunderstood and misconstrued the message of November 17 (42) and had not adequately alerted his command for war.

Intrepid Marine Reported Alive

ABOARD USS ANCON, Tokyo Bay, Aug. 29.—(AP)—Maj. Gregory Boyington, 32-year-old irrepressible marine ace of the south Pacific who was convinced no Japanese airman could kill him, was reported alive today nearly 20 months after he vanished in a cloud during an air battle over still unconquered Rabaul.

The report was flashed to this communications ship from the American cruiser San Juan.

Details were lacking. The report was believed to have come from a Japanese pilot guiding the cruiser into Tokyo bay or from Yankee airmen on Atsugi airdrome near Tokyo.

Boyington won the Congressional Medal of Honor for his air exploits. Officially credited with sending 26 enemy planes to their destruction in Pacific actions, Boyington nevertheless is believed by his Black Sheep squadron of Corsair pilots to have shot down at least 40.

He was last seen Jan. 3, 1944, tailing a Japanese plane into a cloud near Rabaul.

Voluntary Enlistment In Service Resumed

WASHINGTON, Aug. 29.—(AP)—President Truman today ordered the resumption of voluntary enlistments in the armed forces.

Such enlistments were suspended Dec. 5, 1942. Today's order revokes that suspension with a view to adding to military forces during the period they are needed for the occupation of Germany and Japan.

Pampa Enrolls in W. Texas Bureau Of Development

According to F. O. "Red" Wedgeworth, manager of the local chamber of commerce, Pampa has enrolled in the West Texas Industrial Development bureau, which was organized out of the West Texas chamber of commerce with membership made up of towns affiliated with the West Texas chamber.

Final phases of the industrial survey are expected September 1, and will be used with this organization in connection with West Texas expansion.

The industrial survey of 250 pages is being prepared by Bert C. Blanton, Dallas consulting engineer and business economist, who reports that the survey-reports should be delivered to the local chamber of commerce around Sept. 15.

Pampa's industrial survey is being made at an estimated host of \$1250 and includes agricultural, financial, commercial, industrial, and economic surveys of Pampa.

E. W. Hardin, president of the West Texas chamber, said, in a letter received here recently, that the line has now come for West Texas to concentrate on reconversion problems and on fostering economy into a new era of peace.

"With the end of our two terrible wars and with our favorable freight rate parity decision there has been an increasing number of industrial inquiries about this area," Hardin said.

As a result the West Texas chamber is launching an industrial advisory program.

Rayburn Believes Tax Rate To Be Lowered

BONHAM, Aug. 29.—(AP)—Asserting that although taxes must remain high in the lifetime of present payers, Speaker of the House Sam Rayburn predicted yesterday that Congress will reduce national taxes somewhat when it reconvenes next week. It will be the first peacetime session in almost four years.

Rayburn also told a Dallas News reporter of possible legislation on three other postwar matters. A revamp of social security laws which will provide liberalization of unemployment compensation, strengthening of laws designed to insure veterans of their old jobs, and a disposal of surplus properties.

EUROPEAN VETERAN IN PACIFIC GETS PRIORITY

WASHINGTON, Aug. 29.—(AP)—The picture on the discharge of people from the armed services is changing. It will change more here's the score, up to date.

Will a veteran of the European war—when sent to the Pacific—be discharged if he becomes eligible for discharge?

Yes, the war department says. He will be returned to the United States as fast as transportation permits.

Further, once in the United States he will be released unless he has skill in any one of these three critical categories:

Mechanics who fit artificial limbs, radio transmitter attendants and electro cardiac specialists.

Men in those categories may be

Erstwhile Bigwigs Will Face Tribunal

LONDON, Aug. 29.—(AP)—The four major Western Allies today named 24 Nazi leaders and Prussian military chiefs—among them Herman Goering, Rudolf Hess, Wilhelm Keitel and Karl Doenitz—as defendants in the first mass trial of Germany's arch criminals early in October.

HESS WAS ONCE SECOND MAN

The list furnished the first evidence that Hess, deputy fuhrer for all Nazi party affairs until 1941, when he made his sensational flight to England, was considered mentally able to stand trial with his one-time associates. Hess once was successor-designate to Hitler.

The list also included the name of Martin Bormann, Hitler's secretary. There had been no evidence previously of Bormann's whereabouts despite unconfirmed reports that he and Hitler had perished together. Bormann was Hess' successor as deputy party leader.

The full list follows:

HERMAN WILHELM GOERING, who was designated successor to Hitler in September, 1939, and directed the Nazi air offensive.

RUDOLF HESS, JOACHIM VON RIBBENTROP, former champagne salesman who directed Nazi intrigue in half a dozen European capitals as Germany's foreign minister.

ROBERT LEY, chief of the Nazi party organization, and chief of the German labor front.

ALFRED ROSENBERG, Reich leader for ideology and foreign policy and propagandist who took leading role in anti-Semitism in Germany.

HANS FRANK, who was governor general of Poland and an S. S. general.

Point System Is To Be Revised in Matter of Days

WASHINGTON, Aug. 29.—(AP)—Key officials said today a revised point system for speeding army discharges will be started soon, possibly within days. All that's needed is a green light from General MacArthur.

The possibility of almost immediate adoption of the new point system was cited by both Chairman May (D-Ky.) of the House military committee and Major Gen. Stephen G. Henry, assistant army chief of staff for personnel.

Henry announced the revised formula yesterday at a committee hearing.

Henry told the committee the present point system was based on MacArthur's need for thousands of combat troops until he was certain he would not encounter trouble occupying Japan.

The revised set up, which applies only to enlisted men, calls for:

1. Recomputation of points, which are now figured as of May 12. This will boost all scores several figures.

2. A cut from 85 to 80 in the number of points needed for a discharge.

3. Shipment overseas only of men with less than 60 points. The present figure is 75.

4. Virtual abandonment of the policy of keeping men in service.

Planes Evacuate Ship Survivors

KANDY, Ceylon, Aug. 29.—(AP)—The evacuation of 300 prisoners of war from Japanese war camps in Thailand, some of them survivors of the U. S. cruiser Houston, began today by plane from Bangkok.

The cruiser Houston had not been heard from since the battle of the Java sea in 1942 until the prisoners were found in Thailand.

The first group was composed of approximately 122 former prisoners. Starting tomorrow, men released from Petuburi camp near Bangkok will be flown out.

The released prisoners were described as "generally in pretty good condition. Evacuation planes will fly the men to Calcutta.

Dirksen Tried To Avert War Early in '39

By HOWARD COWAN
AP Newsfeatures

WITH THE U. S. THIRD ARMY IN GERMANY—Dr. Herbert von Dirksen, Germany's ambassador to England at the outbreak of war, Sept. 1939, emerged from six years of self-imposed exile with the quiet observation: "I tried to tell them but they wouldn't listen." "They" were Hitler and Ribbentrop.

Dirksen is under house arrest at his modest country place in southern Bavaria. Tall and wellbuilt, with close-cropped hair, wearing a comfortable sports jacket and knickerbockers, he looks younger than his 63 years.

"I warned them from the start," he said, speaking excellent English, "particularly after the Czechoslovakian crisis. I warned them that Poland must not be molested. I tried to tell them England was prepared to fight—and France as well—and that England was not so degenerate as they thought."

Dirksen went to London in May 1938, after five years as German ambassador to Tokyo (1933-38), and five years as German ambassador to Moscow (1928-33).

"The week-end crisis which began May 21, 1938, came up soon after my arrival," he said, reviewing the 16 months he spent in London during the critical days of 1938-39. "There was talk we had mobilized our army on the Czech border, but it was not true—not at that time. The tension mounted during the summer." Dirksen continued, "what with Hitler's violent speeches, the Anschluss and finally the Fuehrer's vicious attack on the Czechs in a speech at a Nazi party rally in Nuremberg in September."

Dirksen said he went home to see Hitler personally and to report the dangerous situation in respect to Britain.

"Von Ribbentrop wouldn't see me," he said, "professor to be too busy. I did discuss matters with Rudolf Hess. He just looked at me and said nothing. I told him about the British desire to settle things peacefully, that the Czechoslovakian affair was exciting the people very much, and that England would go to war."

As for Hitler, "He sent word he didn't want to see me," but Dirksen insisted on personally delivering a letter from Prime Minister Neville Chamberlain, a cordial note saying Viscount Runciman was being sent to Prague as an observer.

"Hitler scowled and said he didn't like it."

"He said Sir Ian Hamilton had told him that Runciman was an old-style democrat, possibly even a leftist. But he accepted the letter and hurried away."

Dirksen was not present at the peace negotiations which decided Czechoslovakia's fate—the first session at Berchtesgaden; the second five days later, at Bad Godesberg, and the final one at Munich.

"Sir Horace Wilson told me that Chamberlain was ready to make concessions but that it would be difficult because of parliament, public opinion and the press. He said we must give him time and not bring pressure."

"I quickly relayed this to von Ribbentrop, but he was very stiff, and snapped, 'Three days.'"

"Hitler was even worse. He never asked advice of me or of others who

Wallace Speaks For Murray Bill

WASHINGTON, Aug. 29.—(AP)—Secretary of Commerce Wallace told senators Tuesday the Wagner-Murray job assurance bill "represents the conservative way of attaining full production and full employment."

The alternatives, he told a senate banking subcommittee, are totalitarianism or a control of economy, which "obviously would mean the end of the free enterprise system."

"The full employment bill does not call for a planned economy," the former vice president said.

Ira Mosher, president of the National Association of Manufacturers, told the committee he was opposed to the measure as drawn and proposed a program of "full-employment-plus" as an "alternative" plan.

Mosher recommended that congress adopt as a national policy "elimination of all special favors and all special privileges."

Mosher's specific recommendations included:

1. More vigorous enforcement of the anti-trust law.
2. A progressive but gradual reduction in tariffs.
3. International agreements to eliminate cartels.
4. A general overhauling of the national labor policy.
5. Development of the agricultural program, by farm leaders, "which will assure that farming will be restored as a free, self-supporting, profitable division of our economic system."

Arizonans Request 3,000-Bed Hospital

WASHINGTON, Aug. 29.—(AP)—President Truman has received a ten-stallon cow-puncher's hat—and a request for a 3,000-bed veterans hospital near Phoenix, Ariz.

That hat was presented by a delegation of Arizonans on the sunny south lawn of the White House, after they had informed the president that the veterans hospital situation in their state has reached a critical stage.

The President smiled and waved the hat for the benefit of a battery of news photographers.

"This will take John Garner by storm," he chuckled.

Investigation of Slaying Continues

ATOKA, Okla., Aug. 29.—(AP)—Arraignment of the three teen-age

youths charged with murder in the hitch-hike slaying of a Kansas merchant mariner may not be for several days.

Sheriff L. O. McBride said further investigation would be made before the boys were brought into court.

The sheriff and County Attorney W. H. Parker returned last night from Austin, Texas, with two of the three boys. The two—Oma Dixon, 14, and Ernest Entland, 15—were taken in custody near there soon after the slaying of Me-

Graw E. Streckenfinger about midnight August 20. Billy Slusser, 17, is held in jail here. All three boys live in Austin.

Sheriff McBride said he would take one or more of the boys to the scene of the slaying five miles south of Kiowa to hunt for a re-

volver, two hats and a shirt allegedly hidden there.

Poor Digestion? Headachy? Sour or Upset? Tired-Less?

Do you feel headachy and upset due to poorly digested food? To feel cheerful and happy again your food must be digested properly.

Each day, Nature must produce about two pints of a vital digestive juice to help digest your food. If Nature fails, your food may remain undigested—leaving you headachy and irritable.

Therefore, you must increase the flow of this digestive juice. Carter's Little Liver Pills increase this flow quickly—often in as little as 30 minutes. And, you're on the road to feeling better.

Don't depend on artificial aids to counteract indigestion—when Carter's Little Liver Pills aid digestion after Nature's own order. Take Carter's Little Liver Pills as directed. Get them at any drugstore. Only 25c.

Rice Crops Suffer Millions in Damage

LAKE CHARLES, La., Aug. 29.—(AP)—Homer Brinkley, president of the American Rice Growers association, estimated Tuesday that the rice crop in the western end of the Texas rice belt had suffered millions of dollars in damage from the hurricane which moved inland from the Gulf.

Brinkley said the damage was particularly heavy in the stricken Bay City area, and that "it is entirely possible that but little of the crop can be salvaged."

The damage also "must have been extremely heavy" as the storm moved from Bay City in or near the Ey Campo-Garwood area to the north of Bay City, although the wind probably had lost some of their intensity, Brinkley said.

Pampa Girls Are Returning Home After Attending National Camp

Misses Sharilyn Rose Pocock and Elsie Ruth Graham are returning home from the National music camp at Interlochen, Mich., having completed the eight weeks of training in music, the allied arts, and summer sports under the supervision of nationally known instructors. They were two of the 650 students enrolled for the eighteenth season of camp.

"This has been the most successful season in the camp's history from the standpoint of enrollment and accomplishment," stated Joseph E. Maddy, president and musical director of the camp. "We have had a faculty of 96 of the finest teachers in the country and the formation of approximately 60 small ensembles gave the students the benefit of individual coaching in addition to their work in the band and orchestra."

During the summer more than a hundred programs were given including orchestra and band concerts, dance recitals, student and faculty concerts, radio drama and opera presentations, and weekly broadcasts.

Sharilyn Rose is the daughter of Mr. and Mrs. John Pocock, 1113 W. Montague, and she was enrolled in the high school division. She studied piano and was a member of the string orchestra and string ensemble as well. She also played the violin in the National music camp high school orchestra.

Elsie Ruth is the daughter of Mr. and Mrs. Burt M. Graham, 213 N. Nelson, and she was also enrolled in the high school division. She was a member of the theory class, and played with the National high school orchestra, and also took private lessons.

Clemmons-Harris Rites Announced
Mr. and Mrs. J. W. Clemmons, 409 Zimmer, announce the marriage of their daughter, Betty Jane Clemmons, to Charles H. Harris, son of Mr. and Mrs. Herbert Harris, of McLean.

Vows were exchanged in rites which were performed July 7, in Sayre, Okla.

The bridegroom is employed at Kellerville, and the bride will remain here in the home of her parents for the present.

Dry Brush Aids Skin Circulation

MISS RIORDAN: Smooth.

By ALICIA HART
NEA Staff Writer

You think you know how to get the maximum cleanliness out of a bath, but do you?

Before you slung and walk off, answer these:

Do you draw a clean tub and rinse off the soapy residue before you step out? Marjorie Riordan, "The Time, the Place and the Girl" beauty, asks this one and some more.

Do you use a softener like borax or a scented powder or "meal," to release tension of water in order to tap freer lather from your soap?

Do you scrub your skin first with a dry brush—to work up friction and improve the circulation—then soap the bristles to make short shift of dirt or oil that clogs skin pores?

Do you dry down thoroughly after a bath—using talcum to absorb more moisture? Failing to, says Marjorie, is one of the reasons why dry skin is a problem.

PIN-WORMS GO! New Treatment Gets Real Results

People don't like to talk about Pin-Worm infection. Sometimes they are too embarrassed to mention the tormenting rectal itching. And in many cases they have not known of any effective way to deal with this pest that lives inside the human body.

Today, thanks to a special, medically recognized drug (gentian violet), a highly effective treatment has been made possible. This drug is the vital ingredient in P-W, the Pin-Worm tablets developed in the laboratories of Dr. D. Jayne & Son.

The small, easy-to-take P-W tablets act in a special way to remove Pin-Worms. So if you suspect Pin-Worms in your child or yourself, get your druggist for a package of JAYNE'S P-W right away, and follow the directions. Satisfaction guaranteed.

It's easy to remember: P-W for Pin-Worms!

Wainwright Thanks People of America

SAN FRANCISCO, Aug. 29.—(AP)—NBC's Correspondent Stefan Andrews quoted Lt. Gen. Jonathan Wainwright as saying in an interview at Chungking Tuesday that he was the "happiest man in the world and feeling 20 years younger than he did ten days ago" before being released from a Japanese prison camp in Manchuria.

General Wainwright, hero of Bataan and Corregidor, arrived in Chungking today.

"My heart goes out to President Roosevelt, to the war department and to the American people for their kind understanding of the misfortune that befell me on Bataan and Corregidor," Wainwright said in the interview. "I am most sorry that I cannot thank President Roosevelt in person. To the American people I say—thank you with all my heart."

WALL STREET
NEW YORK, Aug. 28—(AP)—Assorted stocks continued to reach for eight-year highs in today's market although light selling on the lengthy recovery was sufficient to stall many leaders.

Transfers were around 1,300,000 shares against 1,570,000 yesterday.
Contesting offerings were U. S. Steel, Bethlehem, Goodrich, U. S. Rubber, United Aircraft, American Can, Kennecott, Baldwin Locomotive, American Smelting, Du Pont and Standard Oil (N.J.). Behind most of the time were Southern Pacific, Baltimore & Ohio, Southern Railway, Chrysler, Goodyear, Douglas Aircraft, Eastman Kodak, General Electric, Texas Co. and North American "Thinness" of the market was exemplified by a rise of six points for Squibb common on a single 10-share transaction.

'SWISCONSIN' MARKS ITS 100th BIRTHDAY
NEW GLARUS, Wisconsin—(AP)—The little town of New Glarus, the Swiss settlement which introduced Swiss cheese to America, is now 100 years old. But the town council has put off celebration of the event until all her sons and daughters have returned from war service.

The council, however, looks forward to honoring the memory of the band of 122 immigrants who reached the green Wisconsin hills in August, 1845 "just as soon as we are together again."
The settlers left their native canton, Glarus, in Switzerland because of a disastrous crop failure. By mutual consent it was decided that a number of families should emigrate to America to make their homes. Money for the journey was provided by the people of the settlement.

To this day many of the customs and traditions of Switzerland survive here. The names of leading citizens—Legler, Strauffacher, Streiff, Schindler, and Buerst can be traced back to the Swiss pioneers. The organization of the town government portrays the background of the homelands and New Glarus even boasts a choral organization known as the Maennerchor—and another called the New Glarus 'Fodelers.

Cubs. Win, Gain Game as Cards Lose; Feller Wins 2nd

Knights, Odd Fellows Win First Tilts of Senior League Playoff

Sparked by the six-hit pitching of Junior Gage, who whiffed 11 Squadron B batters, the Knights of Pythias went into the second round of the playoff of the senior softball league by beating Squadron B in the first game of a double bill last night.

In the second, the Odd Fellows moved on into the top half of the second round with an 8 to 3 win over the Pampa Merchants.

Tonight, the two winners — the Knights of Pythias and the Odd Fellows — will meet in the battle of the winners, while the two losers, Squadron B and the Merchants — will play.

The Squadron B-Merchants game is scheduled to start at 7:30 at Roadrunner park and the Knights and the Odd Fellows will play immediately afterward.

The Knights of Pythias got only even hits off Mathis, the Squadron B hurler, and they went down swinging three times, but a home run in the first inning with one on by Bill Tidwell after Mangal had singled in Stephens helped the Knights' cause a great deal.

Pate was in fine form as he hurled the Odd Fellows to victory in the second contest. The Odd Fellows blasted out five runs in the first off Johnson, the starting Merchant hurler.

Johnson was relieved by Bill Parker, who pitched good ball the rest of the way.

After tonight's games, the loser of the K. P.-Odd Fellow contest will play the winner of the Squadron B-Merchants game. The winner of the K. P.-Odd Fellows game draws a bye in the third round.

The loser of the first game tonight is automatically eliminated from the playoff.

No admission price is charged for the games.

'Ish' Henry Is Lost To Flyers

Their hopes of winning almost gone, the Pampa Flyers will leave for Houston early Saturday morning where they will play the Waco CIS Wolves in the Flyers' third game of the Houston Post semi-pro baseball meet.

The Flyers have won one and lost one in the double-elimination meet. Sunday, Aug. 19, they dropped a 3-2 game to Ellington Field of Houston but came back on Monday to beat the strong Houston Heights Dodgers 2-1.

Two losses are necessary to eliminate a team from the meet. A loss to the Waco CIS team, coached by Hoot Evers, would be curtains for the Flyers.

The hopes of victory were further dashed today when it was announced that Lt. Jettan "Ish" Henry, classy right fielder of the Flyers, had been transferred to another post.

Henry had been a mainstay of the Flyer outer garden all year long and, although his average was barely 270, Henry's hitting in the clutch—left little to be desired.

Lt. John A. Houston has selected a very capable player to fill Henry's shoes, however.

He is Junior Austin who is, at present, hitting a neat 294 in 34 official trips to the plate. Austin doesn't have the experience that Henry had, but Houston believes he will develop into a fine outfielder.

Houston will probably field the following line-up Saturday: (batting averages are in parentheses): Red Evans, left field (.243), John Bukley, shortstop (.368), Mal Mick, first base (.382), Elmer Berry, catcher (.315), Marty Knell, second base (.303), Junior Austin, right field (.294), Cleo Peety, center field (.228), Dick Koch, third base (.143) and Walt Petrisky, pitcher (.288).

Petrisky, only regular hurler remaining on the Flyer mound staff, has won eight and lost one this year. Dan Williams, latest addition to the hurling corps, has won his only start.

Sports Round-Up

By HUGH FULLERTON, JR., NEW YORK, Aug. 29.—(AP)—Distance may lend enchantment—but not to a guy who has to ride a great distance in a bus between night baseball games—that's the theory being followed by Arthur Ehlers, newly-appointed minor league promotion director.—As president of one of the "bus leagues"—the Interstate—Ehlers has a good idea of the importance of distance and he hopes to bring about a number of realignments when he gets around to re-organizing disbanding leagues and starting new one.

LOOKING WAY AHEAD
Once things are started again in all sections, Ehlers has some realistic promotional plans—but he wants to work slowly to be sure there are enough players to go around and that leagues don't spring up just to die down again.—He already has sounded out the "farm" directors of various major and big minor clubs about a meeting at which they'll outline their needs and eventually he hopes to provide aid and incidental intelligence for small club business managers to help them operate their clubs successfully.

HEADLINE HEADLINER
No explanation needed for this line by Ben Greenstein of the Wilmington, Del., Journal-Every Evening: "As Feller throws so goes the pennant in the American League."

ONE-MINUTE SPORTS PAGE
Spud Chandler, who has picked up a good many extra pounds as athletic director at Moore general hospital at Swanton, N. C., is running around the mountains trying to shed it so he can report to the Yanks before long in pitching condition.—The Philly Eagles plan to fly to and from Buffalo for their Sept. 2 exhibition and the Green Bay Packers are dickering with the same outfit — National Skyway Freight Corp. Naturally, you wouldn't expect passenger planes to transport that much beef on the hoof.

Carloadings Are Down from 1944's
The Santa Fe system carloadings for week ending August 25, were 26,031 compared with 26,505 for same week in 1944. Cars received from connections' totaled 10,768 compared with 14,197 for same week in 1944. Total cars moved were 36,799 compared with 40,702 for same week in 1944. Santa Fe handled a total of 26,175 cars in the preceding week of this year.

Hal Newhouser Cools Browns; Yankees Win

By JACK HAND AP Sports Writer
St. Louis dreams of another sportsman's park world series appeared faded today with the winning streaks of the Cardinals and Browns broken while the Chicago Cubs followed by Arthur Ehlers, newly-appointed minor league promotion director.—As president of one of the "bus leagues"—the Interstate—Ehlers has a good idea of the importance of distance and he hopes to bring about a number of realignments when he gets around to re-organizing disbanding leagues and starting new one.

After six straight wins the champs were halted by Cincinnati last night, 3-2, by the slender margin of Eddie Miller's eighth inning home run off reliever Red Barrett, trying unsuccessfully to become the National's first 20-game winner.

Southworth gambled on rookie Glen Gardner from Rochester to beat Cincinnati, perhaps hoping to conserve talent for the weekend series with Chicago.

Grimm celebrated his 46th birthday in happy fashion by trimming Pittsburgh, 6-3, with the help of Peanuts Lowrey's three-run homer off Fritz Ostermueller, Hank Borowy, the fellow who doesn't win in late summer according to Larry MacPhail, registered his fifth victory against two losses for the Cubs. By the combination of events Chicago's lead was stretched to 3½ games.

Brooklyn took a firmer grasp on third place by a 7-1 romp over the Phillies with Les Webber going to the relief of Art Herring who gave way to a shoulder ailment after two innings.

As the New York Giants and Boston were not scheduled, the Dodgers now hold third spot by two full games.

Hal Newhouser cooled off the Browns in the American League feature, 10-1, allowing only four hits on his way to his 21st victory. The lean Detroit lefthander struck out nine and coasted home with the help of some heavy home run thumping by Roy Cennabe, Hank Greenberg and Bobby Maier.

CUB-KILLER

Harry Brecheen
Harry Brecheen is one of the reasons why the Cubs only have a two-game lead in the National League race. The big Card hurler, who won 16 games last year, stopped the Cubs in the first game of the Cardinal-Cub series with only four hits. He will probably have his chance to do it again.

Seats Sold Out for All Star-Green Bay Contest in Chicago

CHICAGO, Aug. 29.—(AP)—Soldier field, the huge stadium on Chicago's lake front, isn't big enough to accommodate all the fans who want to see the all-star football game tomorrow night.

Arch Ward, sports editor of the Chicago Tribune, sponsor of the grid classic, said today if accommodations were available, the crowd would number more than 135,000. Ward said the ticket demand for the year's clash exceeds any previous all-star event. Some 90,000 are expected.

Simmons Selected All-American Boy

NEW YORK, Aug. 29.—(AP)—Sixteen-year-old Curtis Simmons, of Egypt, Pa., early today was honor-

ed as the All-American boy of the annual Esquire All-American boys baseball game at the Polo grounds.

Simmons helped Babe Ruth's east team gain a 5 to 4 triumph over Ty Cobb's west outfit before 23,027 fans last night. He pitched the first four

innings, then was shifted to the outfield for the last five. His triple in the ninth started a three-run rally that won the game.

(Continued from Page One) munity is estimated at more than \$150,000. The damage in Calhoun county was estimated at a million dollars and at \$250,000 in Fort Lavaca. The cotton crop was ruined, Bayfront industries and buildings were totally wrecked and every house in town was damaged. Red Cross workers have arrived and the American public safety patrol and army helpers from Aloe and Foster field were aiding. Highway 35 into town was still closed last night. Citizens were looking among the debris for an iron cross said to have been brought to that area by LaSalle from France. For many years the cross had been on the front of the Episcopal church there. Last night the city still was without water, power or communications.

The Missouri Pacific station at Blessing, north of Pampa, was damaged and the Masonic lodge building there was blown off its foundations, sheriff Salter said. At Sealy, W. E. Schier, president of the Sealy oil mill, estimated his mill lost \$1,000,000 worth of business. Eighty percent of the cotton crop, 40 percent of the rice and 30 percent of the corn crops there were destroyed. Sixteen inches of rain fell and rural roads were under water.

The trial probably will get underway early in October in a little courtroom at Nuremberg.

Reconversion

(Continued from Page One) week, perhaps to 36 hours, "probably necessary to assure full employment in the years ahead." Other developments from congress: There were loud protests against continuing the draft. A house committee has approved a bill to abolish the three-man surplus property board and to put one man in charge of the task of selling billions of dollars worth of unwarmed government goods and property. Now for the news outside of congress: Homes—Builders are aroused over a proposal under consideration for the government to control prices of new home construction. The national association of home builders has asked its members to shower President Truman with protests. Corporations—The securities and exchange commission said corporations have ample funds for the task of reconversion and expansion. The S. E. C. estimated about 47 billion dollars in available corporate wealth, after allowing for taxes and other debts. More goods for you—The WPB has started a survey of all the major manufacturing industries to find out when their peacetime products will be available in quantity. Film for snapshots—There should be a good deal of it by October 1. Cameras—A pretty good supply of simple ones by Christmas. Complicated ones later. Typewriters—Over 120,000 expected to be produced by January 1. But commercial firms have ordered them in advance. You may have to wait. Butter—Starting Sunday it will take only 12 ration points to get a pound. Now it takes 16. Leather—WPB removed restrictions on using leather in a lot of things like luggage, belts, and wallets. WPE said there's enough leather now to increase shoe production "substantially and rapidly." OPA said rationing will end when WPB says production is fast enough to meet the nation's needs. It's your guess. Always mend, or patch tears in sheets before you launder them.

Repair Work Being Done at Two Theaters

Rest rooms of the Rex and Crown theaters, which have been closed recently, will be open again soon according to Carl Benefiel, local manager of the theaters. Workers are at the present time installing the walls and floors in the rest rooms and are painting the fronts and lobbies of the theaters. Benefiel said this was necessary work and in the line of maintenance; however, plans are underway for a general remodeling of the Rex and Crown theaters and work will begin as soon as materials and workers are available.

Order Is Issued Against Borger Man

The United States district court at Amarillo issued a restraining order August 27 against John A. Yantsou, Borger landlord, the district office of price administration has announced. Instituted by OPA, the suit seeks a temporary and permanent injunction forbidding unlawful eviction of H. A. Bruce from a house in Borger owned by Yantsou. The restraining order also forbids the sheriff of Hutchinson county from taking action under a judgment rendered in county court of Hutchinson county August 21 in favor of the landlord. Hearing on the case has been set for September 4, according to Frank R. Murray, OPA attorney who filed the suit.
