Ike, Adlai Make Bids For Farm Votes

27 Killed By Flying Jet

Test Pilot, Observer Die

FARNBOROUGH, Eng. — (AP) — Britain's spectacular new jet fighter, the De Havilland 110, blew up in a fast-er-than-sound flight over an airfield swarming with 130,000 spectators Saturday and killed 27 persons.

John Derry, 30, Britain's ace test pilot, and his observer, Tony Richards, died in the flaming wreckage of the twin-tailed all-weather craft and 18 spectators were killed by falling debris. More than 35 others were injured.

NAMED DEFENSE MOBILIZATION — President Truman named Henry H. Fowler (above) as director of the office of defense mobilization. Fowler, who has been defense production administrator, is a Washington and Virginia attorney. His new job formerly was held by Charles E. Wilson, who resigned last March. (AP Wirephoto)

No Of Adlai Gets Ballot Shivers

Adlai Stevenson gave up as hopelessly "legal and honorable" way to let Eisenhower as a Democrat. He opposed to Adlai Stevenson. Republican nominee favors federalism.

But he urged a Republican-Democratic contest in the general election on Nov. 4.

The governor called for the State Democratic Convention in Amarillo next Tuesday to certify Stevenson as the only Democratic presidential nominee on the Texas ballot.

The governor said he had given up the idea of having both Stevenson and Eisenhower listed as Democrats in separate columns of the ballot, in addition to the Republican column headed by Eisenhower.

He reminded voters that they can split the ticket, scratch both candidates, or stay at home on election day.

Shivers had said Saturday that he could not vote for Stevenson and would not vote in the Republican column.

He said, at his unexpectedly called press conference Saturday, that he will ask the convention to name electors pledged to cast the state's 24 electoral votes for Stevenson.

While final decisions on Shivers' recommendations will be up to the convention, there now appears little likelihood his wishes will be ignored, Shivers said he wanted both himself and the convention free of any charge of "ballot tampering."

A lot of good lawyers, including the attorney general, Price Daniel, have tried to find some legal way of allowing voters to vote for Eisenhower on the Democratic ticket, said Shivers.

"I don't think there's any other way. I'm going to recommend to the convention that we just have two straight tickets — Democratic and Republican."

Stage Star Succumbs In New York

NEW YORK, Sept. 6 (AP) — Actress Gertrude Lawrence, who swept to international stardom in a real life rags-to-riches story rivaling any of her many stage roles, died today.

Friends gave her age as 51. A family spokesman said death was caused by "an acute disorder of the liver."

Miss Lawrence, a trooper in the stage tradition, fought off increasing pains for days last month to continue her performance in the current Broadway musical hit, "The King and I."

"She wouldn't give in," said her husband, theatrical producer Richard Aldrich.

Finally he said, he kept insisting until she agreed to take a leave from her role after the Aug. 16 matinee and entered New York Hospital.

There her illness was diagnosed as yellow jaundice. Still, there did not seem to be cause for alarm.

Early Saturday, however, her condition took a rapid turn for the worse. Shortly after 7 a.m. (EST), with her husband and two close friends — Fanny and David Holtzman — at her bedside she died.

A daughter by an earlier marriage, Pamela Gordon, an artist, was reported flying here from London for funeral services tentatively set for Tuesday.

The stage career was marked by a versatility rarely seen in the theater and a success rarely accorded anyone.

Her father was an interloper in a British minstrel show, and played bit parts when she could get them. Her mother and father were divorced.

ON THE ROAD TO GLORY — Miss Chicago, Joe Hoppe, and Miss Georgia, Neva-Jane Langley (right) hold trophies won in the preliminary competition in the 1952 Miss America pageant at Atlantic City, N. J. Miss Langley won the coveted title. (AP Wirephoto)

Georgia Girl Wins Miss America Title

ATLANTIC CITY, N. J. (AP) — "You very much," she said as she accepted the award.

Neva-Jane Langley of Macon, Ga., won the Miss America Contest Saturday night.

The dark-haired, green-eyed Southern belle was the only debutante in preliminary rounds of the five-day national beauty pageant. She scored in both bathing suit and talent tests.

The new Miss America is 5-foot 6 1/4, weighs 118 pounds. She has a 35-inch bust, 23-inch waist and 35-inch hips.

A student at Wesleyan Conservatory of Music in Macon, Ga., she received the Miss America crown from last year's titleholder, Colleen Kay Hutchens, former Miss Utah.

The Georgia beauty with shoulder-length hair was cheered by the crowd of 15,000 in huge Convention Hall as she stood clad in a white gown with flaring skirts to receive applause.

"I'm very humble and thank you very much," she said as she accepted the award.

Quips, Jibes Give Stevenson Decision

KASSON-DODGE CENTER, Minn. (AP) — Dwight D. Eisenhower and Adlai Stevenson battled Saturday to what looked like a toss-up decision in their first major bids for the nation's farm vote in November.

The two presidential nominees didn't touch off any prairie fires with the farm programs they put before a vast throng of more than 100,000 persons at the National Plowing Contest site in the open fields near here.

And neither of them swept their audience with any electric spark of personality. The crowd stood largely silent through most of their addresses — and pauses for applause mostly were filled with dead silence.

Stevenson may have had a shade the better of it in his quips and jibes at the Republicans. But in the main the audience was quietly attentive and apparently judging one man against the other without a single roaring outburst during the day.

Point by point, the program offered by Eisenhower at noon was roughly the same which the audience heard from Stevenson three hours later when he spoke from the same platform.

The candidates matched polite insults which grew greater response than the programs they outlined for the future prosperity of the farmers.

Eisenhower declared that agricultural autocrats — he coined a word "agricrats" from this — have "been in power too long — far too long" in Washington. And the crowd cheered.

Stevenson drew applause when he quipped that it seemed "my distinguished opponent, Gen. Eisenhower, decided to plow under the Republican farm platform at 'together' in his earlier speech."

The two opponents' programs looked so nearly identical that it took a lot of digging to find the differences.

In the tremendously important field of price supports, Stevenson stood solidly on the Democratic platform calling for support prices at not less than 90 per cent of parity. But he said the 90 per cent program is not necessarily permanent or the only answer to the farm problem.

On this point Eisenhower pledged himself to continue price supports at the present level of 90 per cent of parity for two years — while working out a program which would bring the farmers to a full 100 per cent of parity.

Big ships scattered before the storm and small craft hugged the coastline all the way from North Carolina capes to Cape Cod.

Top winds of the hurricane were estimated at 90 to 100 miles per hour over a small area around the center. Gales extended outward 200 miles from the center.

Ship Sunk As Atlantic Storm Moves North

MIAMI, Fla. (AP) — The savage Atlantic hurricane destroyed a Honduran tanker Saturday as it whirled north-eastward on a course that may thrust its outer gales into the New York - to - Europe shipping lanes some time tonight.

Angry seas churned up by the tropical twister broke the tanker Foundation Star in two 130 miles east of Charleston, S. C. Seventeen crew members were rescued but 10 more were in a missing life-boat and two still clung to the floating wreckage of the 5,500-ton vessel.

The Foundation Star was 300 miles southwest of the center of the hurricane when she was split by the pounding seas. The Miami Weather Bureau said conditions in that vicinity were mild compared to those closer to the storm.

The 5 p.m. Eastern Standard Time advisory placed the hurricane center 430 miles east-southwest of Norfolk, Va., but its far-flung gales were shipping up heavy seas to the coast.

Big ships scattered before the storm and small craft hugged the coastline all the way from North Carolina capes to Cape Cod.

Top winds of the hurricane were estimated at 90 to 100 miles per hour over a small area around the center. Gales extended outward 200 miles from the center.

There was a belated Christmas party on the court-house lawn here Saturday night to make up for the fun little Tommie Yates missed last Christmas Eve.

Tommie is the 4-year-old whose mother beat him unconscious and paralyzed his right side the night before Christmas. For months he has been in a Dallas hospital. His mother is serving a 10-year prison sentence.

Friday, Tommie, with a grin on his face and glint in his eyes, came back to Vernon — to a new home and a new family. He still has a brace on his right leg and he can only say a few words, but he is all smiles.

Drought Areas Will Get Hay

By The Associated Press Agriculture officials started the ball rolling Saturday to get federal aid hay, possibly within a week, for drought-stricken farmers and ranchers in 73 Texas counties.

E. M. Vance, chairman of the state production and marketing administration committee for the U. S. Department of Agriculture, made a "rough estimate" that the farms need one-half to three-quarters of a million tons of feed to keep foundation herds going the next three or four months.

Following a conference with Gov. Shivers and State Agriculture Commissioner John C. White, Vance said his office would message initial orders to the Commodity Credit Corporation's Chicago office tomorrow.

He said the hay made available by President Truman's declaring Texas a drought disaster area will sell at the following prices: legume hay, 36 per ton; mixed hay, \$32 and grass hay, \$28.

Vance estimated the average would be "six to eight to ten dollars cheaper" than what farmers have been paying.

Farmers will place orders with county agriculture committees, which will relay them to the State Agriculture Mobilization Committee, also headed by Vance. Actual delivery of hay from northern points will be handled by local feed dealers, who will get a nominal handling fee, White said.

Hamilton D. McCampbell, 26, of Clarendon, an ex-convict, was returned to Gray County Saturday to face car theft charges here.

Chief Deputy Sheriff Shirley Nickols brought McCampbell back to Pampa from Dickens, Texas, where he was being held.

McCampbell who has served a prison sentence for murder, signed a statement late Saturday afternoon, admitting the theft June 20 of a car belonging to Mrs. May Bond. The car was parked in front of the Oil Well Supply House, 423 W. Atchison, when it was taken. McCampbell later turned the car over on a country road south of town.

Work Is Continuing For 50th Birthday Of Gray County

Work is continuing on preparations for the Gray County 50th Birthday Celebration Oct. 12, 13, and 14th with various committees completing details.

A meeting of the band procurement committee, with Jimmie McCune as chairman, has set up tentative plans for the arrangement of area bands to be here Oct. 13 for the parade.

The days program is to include a luncheon for all members of participating bands. Invitations have been sent to high schools and colleges throughout the area and several bands have already accepted the invitation.

Serving with McCune on this committee are Orland Butler, B. D. Harris and Charles Meech. Mrs. Robert Vail, a local artist, met with the executive committee of the celebration association Saturday to plan the cover for souvenir programs. Mrs. Vail has been designated to prepare the art work for this cover.

Other work includes the designing of the letterhead for stationery to be used for all celebration correspondence. Charles Tooker, an engineer with Cabot in Pampa, has been placed in charge of this project.

Members of the executive committee — M. K. Brown, DeLea Vickers, C. P. Buckler and E. O. Wedgeworth — have from two to six meetings arranged for each day this week to work with committees from the general steering committee of the association.

"Everybody is getting into the swing of things," Brown pointed out, "to help put the celebration over."

Members of the executive committee — M. K. Brown, DeLea Vickers, C. P. Buckler and E. O. Wedgeworth — have from two to six meetings arranged for each day this week to work with committees from the general steering committee of the association.

"Everybody is getting into the swing of things," Brown pointed out, "to help put the celebration over."

Accident Victim Out Of Danger

Shirley Ann Thompson, 6, of 223 E. Francis, struck down by an automobile when she darted out between two parked cars in "doing fine" in a local hospital, according to her physician, Dr. J. F. Elder.

Shirley Ann suffered a concussion and a broken left collarbone when she was hit at 5:30 in front of 314 E. Francis, by a vehicle driven by Mrs. Hugh O'Rourke.

Investigating officers did not cite Mrs. O'Rourke for any infraction of the law.

Air-conditioning service, replacement of motors, pumps, pads and all items for air conditioning. Bert A. Howell Inc, 119 N. Ward, Ph. 152 or 4572. Adv.

Shop Opens Monday Aubrey Dick whose store was burned Nov. 16, will open a new Dick's Pet Shop Monday on Hwy. 273, one-quarter mile south of town.

Having raised birds for 10 years Dick has had a pet shop for four of them. But his interest doesn't stop with birds he also sells fish, Pekinese puppies and bird accessories.

Kennon Will Vote For Ike

BATON ROUGE, La. (AP) — Louisiana Gov. Robert Kennon bolted national Democratic ranks Saturday with the announcement he would vote for GOP nominee Dwight Eisenhower.

"I believe that Gen. Eisenhower represents the best available hope for the United States and Louisiana," he said.

The governor of this deep South, traditionally Democratic state scored Gov. Adlai Stevenson, Democratic presidential nominee, for embracing:

1. "The Truman anti-slavery rights position on the tidelands."

2. "The Truman - Humphrey federal compulsory FEPC."

3. "Truman's plan to limit debate in the U. S. Senate."

Kennon, foe of "Trumanism" for months, declared Eisenhower "appears to me to have the courage and desire to end the Truman era of mink coats, deep freezes, payoffs and rackets in the federal government."

Polio Keeps Girl Lonely

SAN ANTONIO, Tex. (AP) — Little Josephine Pehl has to play by herself nowadays.

Her six brothers and sisters are in the polio ward of a San Antonio hospital. So are two of the 13-year-old girl's playmates — one of them a cousin.

The six are children of Mr. and Mrs. Paul Pehl, a German-American farm couple from the Stonehill community about 75 miles west of Austin.

Dayton Pehl, 14, was admitted Aug. 26. Last Tuesday four more entered — Daniel, 13; Paul Jr., 11; George, 10, and Elaine, Frances, and the sixth, 6-year-old Dorothy, was isolated Thursday.

Late Friday night the hospital report on all of them was "unchanged." Doctors added that there was no sign of Josephine contracting the disease.

Burglars Miss

Burglars jimmied open a side window of the Ogden and Son Tire Shop, 501 W. Foster, Saturday night but got nothing for their efforts, Pampa police reported.

Cruising patrolmen spotted the open window in the building and notified Ben Ogden, store owner, who made a hurried inventory and reported nothing missing.

Investigating officers said the intruders left by opening a side door.

FLYING LOW — An aircraft hangar, being trucked from the Pampa Municipal Airport site on East Browning to the new Perry LeFors Field late Saturday, ran into unexpected hazards during its flight. Clearances weren't wide as expected and the "flight" was halted overnight in the 300 block of East Browning. (News Photo)

Interest Low In Demo Meet

Interest in the Sept. 9 Democratic convention in Amarillo was low among the 14 Gray County delegates last week as Friday night, Hutchinson County even party leaders were uncertain who would or would not be going.

County Democratic Chairman Arnon Sturgeon indicated he might not attend and has made no announcement concerning a pre-convention caucus of county delegates.

However, some of the old line hinted last week they would go to Amarillo. They were non-committal on whether party move-

ments to avoid supporting Adlai Stevenson and at the same time remain in the Democratic ranks.

The same convention voted to support a Democratic nominee Guy Hazlett for the state legislature after failing to find a Republican willing to seek the office.

The convention was held in the Hutchinson County Courthouse at Stineton. Only Hutchinson County delegates showed up out of the five-county 88th legislative district.

Fritz Thompson, veteran Hutchinson County commissioner in the July primary.

The convention was held in the Hutchinson County Courthouse at Stineton. Only Hutchinson County delegates showed up out of the five-county 88th legislative district.

The other counties in the district are Roberts, Hemphill, Ochiltree and Lincoln.

Bumper Date Crop Picked Soon In Iraq

BAGHDAD, Iraq (AP)—September 7.—The date month in Iraq is a blazing sun over the lower Tigris and Euphrates river valleys with average maximum daily temperatures over 100 degrees. It ripens the fruit of the date palms to a deep amber brown. The dates will soon be ready for picking from the country's more than 35,000,000 trees. More than 80 per cent of the world's dates come from Iraq. In the last three years shipments abroad from the port of Basrah on the Persian Gulf averaged more than 300,000 tons annually. Another 100,000 tons or so is consumed inside the country. The export value of Iraq's dates is estimated at more than \$16,000,000 annually. Dates have been cultivated in Iraq since earliest recorded history. Clay tablets found in archaeological excavations have revealed a listing of 50 types of dates grown 4,000 years ago. There are more than 200 different kinds now.

Rain May Make The Difference

NEW YORK (AP) — Umbrellas of men made rain to protect warships and buildings from radioactive or poisonous air are proposed by Jack De Ment, of the De Ment Laboratories, Portland, Ore. De Ment has been granted a patent on the idea. The rain would come from high-pressure nozzles, atop the ships or buildings. They would send curtains of raindrops falling umbrella-fashion far out over the sides. The raindrops would trap and carry down radioatoms loosed from A-bombs or sent out as radioactive clouds. The rain would protect also against poison gases, heat waves, or germs loosed in bacteriological warfare, De Ment said. Just after they are shot out of

Politicians Don't See Eye To Eye

PHILADELPHIA (AP) — Philadelphia City Council was in the midst of a meeting when Dwight D. Eisenhower entered the city Thursday to open his campaign officially with a speech at Convention Hall. Republican Comm. man Louis Schwartz interrupted proceedings to ask council President James Finnegan, a Democrat, if he could be excused to see "the next president of the United States." Finnegan replied, "yes, you may go to see the next republican nominee to lose another presidential election." The nozzles, the raindrops would be given electric charges, the better to attract and hold dangerous atoms and particles.

Texan Saves Three Airmen From Sea

TOKYO (AP) — The Air Force today told how a Texan and his helicopter rescued three U.S. airmen from the sea off North-west Korea Thursday. Lt. Lavene G. Stange, Minneapolis, Minn., parachuted from his crippled saucer jet after downing an enemy MIG jet. Two rescue helicopters flew to the scene. One was piloted by Maj. Roy A. Thompson Lubbock, Tex., and the other by Ens. Thornton Ray, Richmond Calif. Ray arrived first but while maneuvering to pick up Stange, his helicopter crashed into the sea. With Ray was his crewman F. C. Davney of Kansas City. After repeated trials, Thompson and his co-pilot, Lt. Thurman Lawrence Jr. Route One, Beaufort N. C., lifted the three men to safety on a hoist and took them back to Allied lines.

They Make The Paper Money And Stamps For Uncle Sam

WASHINGTON (AP) — The tremendous demand for paper money, postage and revenue stamps has made the U. S. Bureau of Engraving and Printing one of the world's great mass production plants. In an average day the bureau turns out some 130 million items — currency notes, stamps, bonds and other items. While modern printing machinery and a force of 6,000 employees make possible this gigantic production, the key work is done by a small group of artists. Fifteen specially skilled engravers hand tool the intricate designs in soft steel. The tooling is done from one to seven months of painstaking work. Separate portions of a design, such as a portrait, pictorial scene, ornaments and lettering, are usually executed by different specialists. Realistic portrayal of such diverse substances as flesh, clothing, the sky, metal and stone requires fine workmanship. How Engraver Works The engraver works with a steel tool known as a graver, aided by a magnifying glass. He cuts V-shaped lines in the soft steel and occasionally he uses an etching needle in working out the design. The bureau now has eight letter engravers and seven picture engravers. There are only three apprentices, two of whom are letter engravers and the other a picture engraver. Opportunity for engraver employment at the bureau is plainly limited. The apprentice hiring interval could be 8 to 10 years, depending upon the retirement or death of journeymen engravers. The starting age for apprentices, excepting war veterans, is from 16 to 21 years. Besides basic education and training requirements, applicants must demonstrate ability at free hand drawing. Five Years In Training Bureau engravers serve five years of apprenticeship and are required to take three years of study at a recognized art school during that time. Generally they are not rated as full-fledged engraving artists until they have spent an additional five or six years at the work. The salary of a letter engraver is \$8,100 a year. A picture engraver receives from \$8,100 to \$10,000. Pay of an apprentice is on a six-month graduated scale basis. It ranges from starting pay of \$1,940 a year to \$5,183 at the end of the fifth year. At the beginning of the 11th year the salary goes up to \$8,100. When a new currency note or other engraved work is to be produced, a model is prepared by a design artist. It is based upon discussions with officials of the various government agencies interested in the product. How Plate Is Made The model is then reproduced

in soft steel by the engravers. This is known as a die. The die is heated in cyanide of potassium and then dipped in oil or brine to harden it. Next the die is placed on the bed of a transfer press and under heavy pressure a cylinder of soft steel, called a roll, is rolled over the die. The soft steel of the roll is forced into the lines that the lines stand out in relief on the roll. The steel of the roll is hardened, and the design is transferred to soft steel plates again by rolling under heavy pressure. The steel plates with the cut-in impressions are hardened and cleaned and then are ready for the printer. This printing by the engraved-plate method on a distinctive paper, with inks manufactured by the bureau, are the principal means of precaution against counterfeiting. The paper, composed of 50 per cent cotton and 50 per cent linen, contains small segments of red and blue fibers embedded during the process of manufacture. In the fiscal year 1951, the bureau produced a grand total of more than 47 billion items — currency notes, postage stamps, internal revenue stamps, war savings stamps, government checks and other documents. These documents had a total face value of \$243 billion. Internal revenue stamps issued numbered 22,508,000,000, postage bureau used a total of 6,815 tons of paper and 2,400 tons of ink. Cost Of Production The cost of producing United States notes and silver certificates is approximately nine-tenths of a cent per note. The variety of postage stamps is 10 1-2 cents per 1,000 stamps. The bureau was started back in August 1862 when a force of two men and four women worked in a single room of the attic of the main Treasury Building. They separately produced \$1 and \$2 notes which had been printed by private bank note companies. The engraving of plates for the following — November. The printing of revenue stamps was taken over by the bureau in 1876 and of postage stamps in 1894.

Harrison Upped To Lieutenant General

MUNSAN, Korea (AP) — Maj. Gen. William K. Harrison, senior U. S. delegate to the Korean armistice talks, was promoted Saturday to lieutenant general and given a new assignment. Gen. Mark W. Clark, U. S. Far East commander, said Harrison will continue temporarily as chief Allied truce negotiator. His new assignment is deputy commanding general of the soon-to-be-activated U. S. Army Forces Far East (USAFEF) with headquarters at Camp Zama, south of Tokyo. The new command will consolidate most of the present operations of the Japan Logistical Command and the Headquarters and Service Command, the Army said.

City Of The Angels Has Earthly Puzzle

LOS ANGELES (AP) — The city is 171 years old but it still is not sure how to pronounce its name. A jury of experts and civic leaders appointed by the mayor threw up its hands in despair Thursday as the city celebrated its 171st birthday. The jury foreman said the panel is deadlocked over whether the "c" should be hard or soft. In his birthday message, Mayor Bronson dealt mostly on the problem of pronunciation. How would he pronounce it? He wouldn't say. His talk referred to the City of the Angels as "our city."

Best Years 80-89, Says Psychologist

By FRANK CAREY

WASHINGTON (AP) — Your best chances of having an annual income of a million dollars or more will come when you are between 80 and 89 years old, an Ohio University psychologist reported today. Dr. H. C. Lehman presented statistics to the annual meeting of the American Psychological Association (APA) showing that in general, people who become bigshots in politics, diplomacy, college administration, military life, industry, commerce and the high courts of the land usually are at least 50 years old. He also reported that a man's best years for producing creative work — like writing books, painting pictures, or doing big things in science — are usually in the thirties or early forties. In the field of leadership in politics and other endeavors — as distinguished from men who are outstanding in creative fields — the psychologist gave these figures: The most likely age to become president of the United States is anywhere from 50 to 54; ambassador, senator, or boss of the Army from 60 to 64; Supreme Court justice or speaker of the House of Representatives, 70 to 74; a college president, 50 to 54. About those million dollar plus incomes: Dr. Lehman failed to state the attributes of the folks who received them; all he said was that oldsters between 80 and 89 — without necessarily working — are the folks who most usually receive them. He had a separate category for receivers of earned annual persons 60 to 64. On the age differences between the "creativity" and "leadership" fields, Dr. Lehman offered this view: "It appears that the conditions essential for creativity and originality, which can be displayed earlier than those social skills and eminence and which inevitably must wait, not upon the insight of the leader himself, but upon the insight of society about him."

Mainly About People

Among the student officers returning early for the campus leaders' conference at Stephens College for Women in Columbia, Mo., will be Edith Eugenia Ellis, daughter of Mr. and Mrs. Thomas H. Ellis, 1421 Charles. Miss Ellis is Fielding Smith Hall Stephens Independent Association president. The conference begins Sept. 11.

Fall hats and accessories at Helene's 111 W. Francis.

Mrs. T. A. Higgins has had as a guest her sister, Mrs. Roy Wynn of El Dorado, Kan.

Want to buy, used Clarinet, call 1569-J-1.

Erlan Eller, former Pampa, leaves today for Honolulu where he has accepted a position as art instructor in a school there. He has been at the University of California, Los Angeles, as a student and teacher and came to Pampa to visit his mother, Mrs. M. F. Eller, 418 N. Frost, and other relatives before going to Honolulu.

Monarch 26-inch bicycle in good condition, Ph. 5483-J.

Mrs. Florence Wyatt and Houston Doswell, Dallas, are visiting in the home of Mrs. Wyatt's mother, Mrs. Fred C. Fisher, and other relatives.

Luzier's Cosmetics, Ph. 4146.

Keep well groomed by regular appointments at Vogue Beauty Shop, call 511, Nell Walker McGowan.

Mr. and Mrs. Joe Shelton are in Durham, Okla., this week end where they were to attend the funeral of her aunt, Mrs. Dan Wylie.

Student wants ride to Austin by Sept. 9, share expense, Ph. 3807-W.

Sale, Rat terrier pups ph. 1974-J3.

Dale McLaughlin, son of Mr. and Mrs. Claude McLaughlin, 913 Ripley, left Tuesday for Roswell, N. M., where he enrolled in New Mexico Military Institute.

Piano instructions, classes start Sept. 8 (Mon.) Ph. 1914-W. After Sept. 9 Ph. 933-J, Angela Duncan.

Gerald and Ray Mobley, sons of Mr. and Mrs. John Mobley, 2314 Alcock, returned recently from a two-week trip through Texas, New Mexico, Colorado, Wyoming, Nebraska, Kansas and Oklahoma.

Fuller Brushes 514 Cook Ph. 2152-J.

Mr. and Mrs. Henry Lane Jr. and daughters, Pamela and Becky, left Saturday for Oklahoma City where they will make their home.

Tri-chem colors, Cynthia Carnes 414 E. Browning Ph. 1431.

Mr. and Mrs. J. B. Owens, south of Pampa, left for Bakerfield, Calif. This week end to spend a month's vacation. They will visit relatives.

Christian Kindergartens, opening Sept. 8 at Hobart St. Mission, call Mary Lou Douglas Ph. 4879-R.

Mr. and Mrs. H. H. Butler are spending the week end in Cliney with their daughter and son-in-law, Mr. and Mrs. DeWayne Straley, who has been ill with polio, was to go home from the hospital this week end.

Oxygen equipped ambulances, Ph. 409-Ducel-Carmichael.

Four Pampa girls are among the new students accepted for admission to Stephens College for Women, Columbia, Mo., for the fall term. They are Linda Fraser, daughter of Mr. and Mrs. W. T. Fraser; Carol Ann McClelland, daughter of Mr. and Mrs. Luke C. McClelland; Jacqueline Marchant, daughter of Mr. and Mrs. Jack D. Marchant; and Betty Ann Williams, daughter of Mr. and Mrs. D. E. Williams.

Miss Mary Lou Douglas, who holds a Master's Degree in Religious Education from Southwest Seminary in Fort Worth, has arrived in Pampa to open a kindergarten for pre-school children. Her parents are M. and Mrs. R. K. Douglas, former residents, who recently moved from El Paso.

Mr. and Mrs. Bill Wilson have moved from Pampa to Berger where he is enrolled at Frank Phillips Junior College. Mrs. Wilson is employed in one of the college offices.

Clara Maguire is entertaining several house guests this week. Her mother, Mrs. Emma Holcomb, Duncan, Okla.; her sister, Mrs. Minnie Nixon, Hobart, Okla.; her daughter, Mrs. Howard Brady, and granddaughter, Pat Brady, both of Dallas.

ELTON POE Fund Chairman

METHODIST

(Continued From Page One)

Carl Emerson, Harvey Graham, John McFall and Neeley Rogers. Rev. Hall is the chairman of committee and Dr. J. Edmund Kirby, superintendent of the Pampa District, is ex-officio chairman.

In the financial drive Coe will be assisted by the following staff of officers:

Pettit, associate chairman of solicitation, with Mrs. E. L. Hall, Mrs. L. F. McDaniel, Mrs. Chester Andrews, Autry and Mrs. Rogers, as committee members.

Autry, associate chairman of mechanics, and committee members B. T. Clemens, Bill Clark, McFall, John Walton and Andrews.

Cullison, associate chairman of education; committee members, Mr. and Mrs. Graham, Margie Graham, Mrs. Joe Nelson, Francis Leaning, Rogers and Shirley Emerson.

And Ila Pettit, associate chairman of the women, and committee members Ruby Autry, May Bell Coe and Mary Jaie Emerson.

First Farm Show In Southwest Scheduled Oct. 1

The first annual Southwest soil management demonstration and plowing contest has been announced for Oct. 1 at the Panhandle farms on U. S. Highway 60, 15 miles west of Panhandle.

Junior stubble mulch plowing contests with 4-H and FFA boys of the Panhandle participating; grass judging contests for adults and juniors tractor driving contests for boys and girls and educational demonstrations and exhibits are on schedule for the event.

Bands, free entertainment, farm machinery, chemical and home equipment exhibits will complete the show.

Invitations are to be sent to farmers, county agents and vocational agriculture students and teachers in Kansas, Colorado, New Mexico, Oklahoma and Texas to attend.

Knox Parr district extension agent, Annillo, is chairman of the reception committee and has asked that all residents of the area send names to him of anyone who would be interested in receiving an invitation.

Pampa GI Prefers Japan To Korea

Cpl. Emmett R. Riggs, 20, son of Mrs. C. R. Riggs, 1012 Jordan, recently spent a five-day vacation from the Korean front on a rest and vacation leave in Japan.

A squad leader in Hdqts. Co., 14 Inf. Regt. 25th Inf. Div., Cpl. Riggs stayed in one of the finest hotels in Japan and enjoyed many luxuries unobtainable in Korea.

Prior to entering the service in July, 1951, he was graduated from Pampa High School and attended Texas Tech for one year.

Riggs left for the Far East right after completing his basic training at Camp Roberts, Calif.

Now You See It, Now You Don't

NEW YORK (AP) — Navy planes and boats were sent to Toms River, N. J., Friday to look for a reported unidentified submarine but found no evidence of any undersea craft.

Announcing the search had been discontinued, a spokesman at Eastern Sea Headquarters here said: "Immediate steps were taken to dispatch aircraft and surface ships to the scene of the reported sighting. No evidence was obtained which would indicate that the object sighted, insofar as known here, was a submarine."

Dr. Campbell Better

Dr. W. L. Campbell, Pampa dentist, was reported "slightly improved" late Saturday night by members of his family.

No visitors outside of the immediate family are being admitted to Dr. Campbell's room in Worley Hospital. Dr. Campbell suffered a heart attack Friday noon.

Bond has been set at \$1,500 for Adella Johnson, 411 Elm, who has been charged with forging at least 2 checks, totalling \$193 on O. C. Vance. She is in county jail in lieu of payment of bond. Miss Johnson was arrested by sheriff's deputies Wednesday afternoon at her home.

Bond Set At \$1,500

Adella Johnson, 411 Elm, who has been charged with forging at least 2 checks, totalling \$193 on O. C. Vance. She is in county jail in lieu of payment of bond. Miss Johnson was arrested by sheriff's deputies Wednesday afternoon at her home.

8 Persons Cited

Eight cases have been handled in justice of the peace court, seven of them for driving without an operator's license.

Those cited for no driver's license and the fines assessed are Harold E. Humphrey, Billy Stephens, Marion H. Isbell and Margie M. Armstrong, all \$10; Marvin Harris, J. W. Harris and Arthur Simmons, all \$14. Simmons in jail in lieu of payment of fine.

Bill Sullins was fined \$21 for trespassing on a state hatchery.

New Hours Set By Local Stores

Local retail stores went off summer hours this week and are now operating on a regular schedule as set up by the retail merchants committee of the Chamber of Commerce.

Stores will be opened from 9 a.m. to 5:30 p.m. from Monday through Friday and from 9 a.m. to 7 p.m. Saturday.

This announcement was made by Ed Myatt chairman of the merchants committee.

Private Schools Of Texas Will Ask Financial Support

DALLAS (AP) — Texas' privately supported colleges — faced with money problems — are preparing a united appeal for help from big corporations.

The executive board of the Baptist General Convention of Texas has filed the go-ahead for seven Texas Baptist senior colleges to join the Texas Foundation of Voluntarily Supported Colleges and Universities.

The foundation's purpose would be to help more than a score of hither educational institutions in the state, most of them sponsored by religious groups.

The foundation's purpose would be to solicit money from big corporations.

Rev. L. D. Morgan, pastor of the First Baptist Church at Pasadena, Harris County, said the foundation would ask funds from "reputable corporations."

"The schools are having a mighty hard time financially," Morgan added. He is a member of the Baptist Executive Board's plans and policies committee.

He explained that 60 per cent of the money contributed to the foundation would be distributed equally among member institutions. The rest would be divided among the schools on the basis of enrollment.

The foundation is scheduled to be formally organized in Sept. 29 at Baylor University in Waco.

McLean Man Likes Old-Time Farming

McLEAN (Special) — About a mile and a half south of McLean, lives a little old man of Dutch ancestry who is combining the 1800 mode of farming with 1952 thinking.

W. M. Spangler, a native of Ohio, does all his farming with two small ponies, 15 years old, weighing about 800 pounds each. Yet he has a part of his forty acres plowed to a depth of 20 inches and has visible proof that such practices pay cash dividends.

The cost of deep plowing is \$10.00 per acre, one half of which is paid by the soil conservation service. On the deep plowed land Spangler planted higan and estimates that it would produce approximately two tons per acre had he been fortunate enough to get a stand — but the stand is poor due to faulty seed used in planting.

Adjoining this plot is a field of maize which has been burned badly by the hot dry weather and the yield will be small, if it is able to mature at all. On the deep plowed land the feed green of ground to head, and the heads are of giant size, large enough to cover the brown of a man's hat and weighing about two pounds each.

Spangler came to the Texas Panhandle 35 years ago and lived near Panhandle and in Amarillo. He came to McLean in the late 20's. He is 83 and small of stature, weighing only 120 pound. He lives alone and says he hopes he can outlive his ponies so that they won't fall into unkind hands and wind up in a soap factory.

Vets Need Cash To Go To School

Veterans who are planning to go to school under the Korean GI Bill of Rights have been advised by the Veterans Administration to take along enough money of their own to tide them over for about two months.

There are several reasons, the VA explained. One is that under the law GI education and training allowances can't be paid till sometime after a veteran actually completes each month of training. Others include the time consumed in submitting and receiving certifications and the computation by the VA of each GI allowance.

Allowances for veterans training full time in schools and colleges under the new Korean GI Bill are \$110 for those without dependents, \$135 for those with one dependent and \$160 for those with more than one dependent. Allowances for part-time training are somewhat lower.

Shotwell Grandson Stricken By Polio

Hugh Shotwell, grandson of Mr. and Mrs. F. W. Shotwell of Pampa, was stricken with polio Friday and is now receiving treatment at West Texas Polio Center in Plainview.

Pampa Saturday from the 5-year-old boy's parents, Mr. and Mrs. F. W. Shotwell, Jr., of Lubbock.

The disease is still in its early stages, the parents said, and the seriousness of the attack could not be determined Saturday. The boy's grandparents were to go

White Deer Has 645 In Its Schools

WHITE DEER (Special) — Total enrollment for the White Deer Independent School at the close of the first week of the new school year is 645, according to Huelyn Laycock, superintendent.

At the Skellytown Grade School, 255 are enrolled; and 180 are enrolled in the White Deer Grade School. The high school at White Deer has 179 enrolled.

The three schools in the district have a total of 42 faculty members for this year.

Magic Exhibition Sparks Local Show

An exhibition of magic by "The Great Roy" was featured Friday night in the junior high school auditorium by the Doherty Men's Fraternity of the Cities Service Oil Co. Pampa.

Youngsters — and their elders — filled perhaps a third of the orchestra seats and even huggled over the rail in front of the stage to watch the endless flow of magical tricks.

"The Great Roy" is the stage name for R. C. Hughes, a travel agent for the Wabash Railroad who dabbles in magic as a hobby.

Also featured at the pre-entertainment was "The Squeaky Door Pair," a quartet of barbershop enthusiasts. Decked out in handle-bar mustaches were E. O. (Red) Wedgeworth, Fanny Schultz, Mack Haatt and Dude Ballthrop.

Piano music was provided by Miss Charlotte Call.

Doherty's Men's Fraternity was founded in the early 1930's by Henry L. Doherty for the express purpose of providing entertainment and educational programs to both area employees and the public.

Recruiter Coming

A recruiter for the United States Marine Corps is scheduled to be at the Pampa Postoffice Thursday between 9:30 a.m. and 2 p.m.

He will interview prospective applicants and accept applications for enlistment.

Grass Fire Put Out

City firemen at 8:30 a.m. Saturday extinguished a small grass fire on West Brown adjacent to Oiler Park. The grass was ignited by burning trash. There was no damage.

13 Teachers On Skellytown Staff

SKELLYTOWN (Special) — Thirteen teachers joined Principal D. V. Biggers at Skellytown Elementary School this week to begin the 1952-53 school year.

The building has been completely remodeled during the summer months.

Faculty members include Mrs. Amy New, first grade; Miss Peggy Pemberton, first and second grade; Mrs. Katie Strickland, second grade; Mrs. Ruby Smith, third and fourth grade; Miss Pat King, fourth and Miss Wilma Watkins, fifth.

Clinton Isbell, coach and social studies, Alvin Smith, industrial arts and social studies; Miss Ruby Maxton, language and art; John Sears, mathematics; and Cleo Sears, language arts and Miss Joe Moddy music.

Red Cross To Meet

Board members of the local chapter of Red Cross will meet Tuesday at 7:30 p.m. in the Red Cross office. Ross Buzzard, newly elected chairman, will assume his duties at that time.

Hot Spots Of Tomorrow . . . French Feverishly Building Bar To Red Invasion Route

By LARRY ALLEN
TIENTSIN, Northeast Indochina (AP) — High in mist-laden mountains facing Communist forces are feverishly building what someday may be the first strong line of defense against attack by Red armies against Indochina and Southeast Asia.

Troops are hacking and slashing their way through dense jungles and thick forests to the tops of the mountains commanding all the area around the town of Tien Yen.

By torch, they are clearing vast mountain stretches of vegetation and trees. As fast as a strategic spot is burned, clear thousands of soldiers and Nung tribes men dig into the red clay and start erecting concrete bunkers.

Already, a formidable line of defense has sprung up. Scores of heavily garrisoned fortifications around Tien Yen. Building of the line goes on day and night.

Tien Yen is a name unknown in the world's news but over night it may become the banner headline — if the Chinese Communist armies attack Indochina to aid the Communist-led Vietnam.

Tien Yen on the Tien Yen River and strategic colonial highway route No. 4, lies smack in the heart of one of the most logical routes of invasion of Northeast Indochina.

This town of 5,000 people, mostly of the Nung minority group, lies just 60 miles south-

east of Langson now held by the Vietnam. Langson is just 60 miles southeast of Langson. Langson is just 15 miles from the border of Kwangsi Province in Red China.

Road communications through Langson are good, and it's almost a sure bet that if the Chinese Communist attacks, from Langson they naturally would aim a Tien Yen. That automatically would constitute a threat to Haiphong, chief port of entry for American supplies for the French Union forces in Northern Indochina.

The fall of Tien Yen would cut off the French-held border strong point of Moncay, opposite the Chinese city of Tong Hing, in Kwangtung Province, from all communication with Haiphong except by sea.

Simultaneously, the Chinese Communists could move southward on colonial route No. 1 from Langson, directly towards Hanoi. French Army headquarters city 85 miles away.

If the Chinese Communists attacked directly at Moncay in the extreme northeastern tip of Indochina, it still would be up to the defenders of Tien Yen to try to halt the invader. Tien Yen bars the way by land to the port of Haiphong.

Thus, their's an increasing speedup in the building of the Tien Yen line. Even though it isn't completed, it looks more formidable than the once-famed "Maginot Line" in France — and its defenders look capable of doing a first-rate job on any invader.

In command of 5,000 French Union troops at work on the defense line is Lt. Col. Henri Chevreau, a colonial infantry officer from Paris. Thousands of other troops are within easy distance.

Col. Chevreau smiles and shrugs his shoulders when asked if he thinks the Chinese Communists are going to attack Indochina.

Nothing Can Beat A Good, Long Hike

MILLINOCKET, Me. (AP) — An elderly umbrella-toting scholar finished a summer-long hike on the 2,000-mile Appalachian trail Wednesday by marching up and then down Maine's Mt. Katahdin in a windy rainstorm. "I'm not tired—I could start back again," said 72-year-old retired Temple University professor, George S. Miller.

Miller said he started in Georgia last April 18 and traveled on foot all the way here except for a ferry trip across the Hudson River.

48th Bird Dog Meet

MARION, Ill. (AP) — The 48th National Quail Futurity — a major bird dog contest — has been scheduled at Crab Orchard Lake in Southern Illinois, starting Nov. 3. At stake will be \$3,000 prize money and trophies.

In the early days of the automobile, closed cars were rare because they were expensive and hard to build.

HELMETS FOR SALE — Oskar Scharbow, left, displays in his Berlin antique shop window part of his collection of Prussian war helmets. One he holds dates back to around 1840.

World Looking For Record Output Of Crops This Year

By ROBERT E. GEIGER
WASHINGTON (AP) — Crops are so big this year there probably is more food in the world than at any time since before World War II.

Harvests of the breadstuffs — wheat and rye — have been so bountiful the volume is expected to set the new world records. The crops of corn and rice, also basic parts of the diet of hundreds of millions of people, will approach the record.

There are more cattle in the world than ever before. Even with sugar is the greatest ever produced. These are estimates of U. S. officials who say it is good news, but not good enough.

While crops are bigger there are a lot more people in the world than ever before. Even with larger supplies of food available, there would be less for each person to eat if it all were divided equally. Population experts estimate enough people to fill another nation almost as large as the United States have been added to the world since the war.

Accurate crop statistics aren't available for the Iron Curtain countries. It is outside these nations that U. S. government experts estimate total food supplies are slightly larger than just before World War II. But they say the amount available for each person is a "shade less" than in

Supplies, of course, aren't evenly distributed. Some nations still have to ration some products. And

the world has money hungry people. The Mutual Security Agency made a study of Europe, outside the Iron Curtain, and its report says the farm production of Western Europe now is about 12 per cent above pre-war. "But due to population gains, per capita output is just approaching the re-war level," it adds. All of this year's crops aren't harvested. Some, in southern countries, are just being planted. But reports from most of these say planting conditions in most places are better than last year. On that basis officials say the early crop prospects are better than a year ago.

The planet Neptune has a density of about .24 that of the earth. The word "nerve" originally meant tendon, but now refers to the structures through which the brain sends messages to the body, including much of the brain itself.

Korea-Bound Sergeant Meets Dream Girl In New York Taxi

NEW YORK (AP) — A New York City taxicab was a bit of heaven Friday night for a Marine sergeant and the pretty Bronx girl he had thought he wouldn't see again before leaving for Korea.

Their meeting in a taxi, with a kiss, ended a week of longing for Sgt. Hugh E. Kidd Jr., 22, of Baton Rouge La., and Patricia Hayes 20 of the Bronx. But the young couple said there will be no engagement just now.

Kidd arrived here Friday from Camp Lejeune N. C., on a special and final four-day pass. He leaves for Korea Monday.

He had spent his Labor Day holiday in a fruitless, 1,600-mile hunt for Patricia, even going to Boston on a tip she might be there. It turned out later she was off for the week end with some girl friends.

But his pass was up and he had to return, dejected to camp. Then Marine officials came through with the special pass.

For awhile circumstances continued to keep them apart. Patricia was waiting in a newspaper office while the sergeant expected her at a television studio.

Then they managed to get together on the phone. He grabbed a taxi and picked her up outside the newspaper office as the men stood by on the sidewalk. It was their first brief moment of privacy.

Kidd said that they had decided against making any plans because of his impending departure for Korea. But he added: "As soon as I get back, the first place I'm going to head for is right to New York City."

He and Patricia left for a quiet dinner together after the television program.

School Officials Honored At Tea

SHAMROCK (Special) — Almost a hundred people attended the fellowship tea for the faculty of the Shamrock School. The Business Woman's Circle of the Baptist Church W. M. U. was hostess for the afternoon with teachers who are members of the circle forming the receiving line.

Members of the Adult Department of the Baptist Sunday School were also guests of the circle.

In the receiving line were Misses J. F. Short, George Howard, C. V. Wood, Mildred Scruggs and Irmen Bryan. Mrs. Paul O'Neal president of the W. M. U. acted as official hostess during the afternoon.

The program included an introduction of the faculty. Mrs. Gaston Harbor presented each teacher with an apple as she gave a limerick including their names to introduce them to the other guests. Autumn colors were featured at the serving table with its brown cloth and floral arrangement of yellow mums.

Free Book On Arthritis And Rheumatism

HOW TO AVOID CRIPPLING DEFORMITIES

An amazing newly enlarged 44 page book entitled "Rheumatism" will be sent free to anyone who will write for it.

It reveals why drugs and medicines give only temporary relief and fail to remove the causes of the trouble; explains a specialized non-surgical, non-medical treatment which has proven successful for the past 33 years.

You incur no obligation in sending for this instructive book. It may be the means of saving you years of untold misery. Write today to The Ball Clinic, Dept. 2348, Excelsior Springs, Missouri.

ATOM-BOMBER KILLER—This is a trial-flight view of Britain's new Gloster Javelin jet fighter, designed specifically to fight off enemy jet bombers carrying atomic bombs. The world's first twin-engine fighter of the triangle-wing type, the Javelin flies faster than sound—660 mph at sea level. It is 57 feet long, with a 52-foot wingspan. The tip of its tail is 17 feet from the ground.

Boyle's Column . . . Kindergarten Sets Pattern For Little Americans' Future

By HAL BOYLE

NEW YORK (AP) — Kindergarten is what makes or breaks a man. Millions of future little American husbands, trudging to school for the first time, will learn that this month.

A kindergarten is a "garden of children." But it is also a wilderness where small two-legged bits of protoplasm—part dirt, part demon, part angel—speed up their sad and wonderful transformation into human beings.

It separates the boys from the girls, and sets them forever upon their separate paths. There a young fellow will meet and have to try to cope with all the adventures he will encounter in later life—love and loss, victory and disaster, achievement and failure, pride and fall, and golden friendship ever betrayed, ever rekindled.

Life in Miniature

That these adventures are small-scale makes them no less affecting to the half-grown denizens of this classroom. A mouse gets as much fun from a piece of cheese as an elephant does from a ton of hay, and a headache hurts him as much.

So it is with children. The kindergarten which seems to envious grownups a lost Eden is to the small fry a kind of battlefield. The wounds they receive there are immortal; first scars are longest remembered.

Looking back on my own kindergarten days, however, I find that is the only period of my life I would truly wish to relieve. This is not because it was an altogether happy time, for it was not that. I don't recall weathering any despair deeper than I knew at one time or another in kindergarten. Nor reaching any higher peaks of joy.

Joy Of Self Pity

The fine thing then was that any emotion I went through had a poignancy never attained later. I savored even my moods of despondency almost as much as my fallow pleasures. A child enjoys his self-pity because he feels nobody in the history of the world has been so put upon. When he grows older he knows this isn't so, and that robs him of most of the fun of feeling sorry for himself.

In college a fellow picks up a lot of detailed knowledge, but it is in kindergarten that he learns the basic principles that will guide him through life. Here are a few I learned the hard way:

1. If you don't like to doff your cap to older people to be polite, don't wear a cap.
2. Never hit a person of the opposite sex when she's down, even if she is bigger than you—and particularly when somebody is looking.
3. Don't lend your last marble, because if you do you won't have anything left to play the game yourself.
4. And Don't Brag
5. Never tell all you know. I made the mistake of confiding to a pal I had a crush on a little girl in kindergarten—a talented creature, she could toe-dance at five. The next day even the big bullies in the second grade were teasing me about it, and I had to call off the whole affair.

5. Don't brag about your gal.

BEST

In our kindergarten galloping was a high art, and I was the best. I still think so! One day while we were wheeling around the room, gallop . . . gallop . . . gallop I called over to the teacher, who was pounding the piano. "Look at me, Mrs. Steele, look at me now!"

Just then my flying boot hooked the big flat hoof of a red-haired little filly ahead of me, and down she went on her fat little face and up again she came in tears, with both fists swinging. I don't recall ever galloping in public again.

Yes, a wise man can learn most of what he needs to know about life in kindergarten.

Shivers Thinks It's Okay To Split Ballot

AUSTIN (AP) — Gov. Allan Shivers thinks it will be perfectly all right for Texans to split ballots any way they want to in the November election.

He told a press conference that he believed there was nothing morally or legally wrong with splitting a ticket.

"I think that's what a voter ought to do if he thinks that's best," the governor said, after explaining that he would vote Nov. 4 — but not for Democratic Nominee Adlai Stevenson. He said he won't mark a Republican ballot either.

"I hope the state convention at Amarillo Tuesday can work out some plan to permit me to vote my conscience and at the same time not desert the Democratic party," he said.

Recently after splitting with Stevenson on state ownership of tidelands, Shivers said he probably would "go fishing" on general election day. He said yesterday that was only a figure of speech to indicate he was in a quandary and he regretted having used it.

Shivers said he believed Stevenson and Sparkman should be on the Texas ballot under the Democratic label. There have been some suggestions of replacing them on the state Democratic ballot with Eisenhower and Nixon.

Today the Houston Post advocated editorially that the Amarillo convention put Eisenhower and Nixon on the ballot under a column headed Texas Democratic Party, Stevenson and Sparkman would be in a column headed National Democratic Party.

The Post said this arrangement "would seem to meet the commitments made in Chicago and the position which Governor Shivers and Atty. Gen. Price Daniel have publicly taken."

At the press conference yesterday Shivers also denied that his

Wheeler 4-H Club Wins First Honors

SHAMROCK (Special) — The Wheeler County 4-H Club Livestock Judging team, coached by County Agent Ray Seigmund, won first place honors in the junior livestock judging contest at the North Plains Fair in Perryton last week. The team members are Jimmy Harris and Lawrence Whitley of Kelton and Joe VanZandt of Mobeetie.

Harris was high-point man in the contest and Whitley was second high. VanZandt ranked sixth in the individual scorings.

This is the second time the Wheeler County 4-H Club Livestock Judging Team has entered the North Plains Fair Contest and brought home top honors.

What's the MOST SURPRISING THING about this BUICK?

2-door, 6-passenger Special Sedan.

WE'LL tell you the answer to that one — it's the figures on the price tag.

For some reason, lots of people just can't believe they can buy a Buick at a price so close to "the low-priced three."

Maybe it's because a Buick seems so much better and bigger.

Maybe it's because they think Buick has so much more power and room — which is true.

Maybe it is because so many distinguished people own Buicks — which is also a fact.

But the fact remains — if you can afford a new car, you can own a Buick — so let's see what you get.

You get the thrilling power of a Fireball 8 Engine, that's a gas-saving high-compression valve-in-head — as much power as you can get in cars costing \$300 to \$400 more.

You get as much room as you'll get in cars costing hundreds of dollars more.

You get a ride that cost an honest-to-goodness million dollars to develop.

You get the silken smoothness of Dynaflex Drive.*

You get big-car comfort, styling, durability.

Don't take our word for it. Come in and see for yourself why so many folks are stepping up to this great car this year.

Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series.

Gaps Remain To Be Filled Before Horned Frogs Can Be Formidable Team

his is the first of a series of reports on the progress of the Southwest Conference football teams. The first includes seven of the regulars from last fall's offensive platoon and six of the defensive platoon. With men who started on the defensive line, good manpower and team in the Cotton Bowl against an additional speed, the Texas Horned Frogs should have a strong framework of experience on both teams. But there are some questions there are gaps to be filled and it will have to be answered in two instances these holes are a hope to retain their South Gator. Keith Flowers the Conference Football All-American linebacker who was a member of the 1951 campaign and Bobby Jack Floyd, the back which they won five of their slugging fullback who played such a prominent role in the offense.

Other telling losses include: Ernie's mobile and may prove more effective against passes if somewhat weaker against runs than Flowers. However, replacements of Flowers and Floyd are main problems. At the start of all work, Bill Fowler loomed as the offensive fullback. He played fullback in 1951, but was displaced by a knee injury. The leg now seems whole again. Bill Doty, a junior letterman, will back him up. Bobby McEachern of Austin, 185-pound five-year senior, is being groomed to replace Flowers. He's mobile and may prove more effective against passes if somewhat weaker against runs than Flowers.

On offense, the Frogs will operate exclusively from Coach Dutch Meyer's spread formation. Some new plays and refinements have been added. Use of the spread offense means that the tailback position again will be of top importance. For he will be the passer, punter, runner and play selector. Bartosh McKown Back, 185-pound five-year senior, have fine talented performers at the spot. They are Gilbert Bartosh, senior from Granger who led the conference in total offense in 1950; Ray McKown, this year; Danny Powell, a fine passer from Archer City who missed last year with a bad knee; Ronald Clinkscales, most promising sophomore who runs the hundred in 9.6, and Fowler, who can be pressed into service if needed. As a matter of fact, all the tailbacks will learn two or more positions in the backfield and several of them may be in the game at the same time. Barring a long run if bad luck or injuries, the Frogs should have very strong tailback operations all season.

On defense, the tailbacks will guard. Bill Sikes, 220-pound squadman of last year, looms at left tackle. On defense, ends Charles Rogers and Wayne Martin are back. Morgan Williams, one of the best young linemen in the sector last year as a soph, has been moved to left tackle with R. C. Harris, a letterman, playing the right. Three veteran guards, huge Hal Lambert, seniors Bill Buck and James Glenn, are on hand. For the defensive secondary, little Marshall Robinson is back at safety. Ronald Fraley and Sammy Morrow at the halfbacks. On the whole, Coach Meyer looks for a more poised and effective offense. He feels that the team will have a greater threat for long breakaway runs and that the pass receiving should be better. He said he hopes the defense, which he coaches personally, will be improved, especially against passes. He looks for better punting. Next: Texas.

Loy Heath Holds Lead In Women's Handicap Tourney

Floy Heath, smooth swing-26-74; Oak Alee Whittle, 104-25-79; Pampa golfer, took the midway point lead in the Pampa Golf Association handicap tournament Saturday with Beth Heiskell, 93-9-84. 44-18-19-66, one stroke ahead of Marge Austin and Maureen Nimmo, who turned in 93-9-84.

Defending champion Nola Faded led the turn in the 36-hole day play tournament with a 52-103-31-72. The ladies will conclude their tournament this morning with holes started at 9 a. m. Other 18-hole scores were: Lynn Austin, 101-29-72; Virginia Over, 122-49-73; Masia de Hovener, 91-18-73; Opal Samples, 100-103-31-72.

istrict Picks New President

LUBBOCK (AP) — Frank Monahan, superintendent of schools at Lubbock, was elected president of district J-AAAA at a meeting of representatives from 12 districts held here Saturday. He succeeded Floyd Honey of Abock, who has been acting as honorary chairman after the resignation of Bryan Dickson of San Angelo.

Area Women To Meet On Tuesday

The Panhandle Women's Golf association holds its final meeting of the 1952 season at Amarillo Country Club Tuesday. The Phillips Country Club girls had an almost secure lead on a place with an aggregate of 2128 strokes. Ross Rogers of Amarillo has taken over second place with a 2155 total, four strokes ahead of the Pampa Country Club ladies. Host Amilo CC is fourth with 2188 and member of Borger trails with a 2289. All Pampa ladies who can attend the Tuesday meeting are requested to leave their names at beginning: The Human Story Of

What's Happened To The West Point Cribbers?

from a nightmare of ruined plans and altered lives.

Giants Drop Dodgers Twice, 6-4, 7-3

Oilers Close Home Season In Victory Over Abilene, 12-5

The Pampa Oilers closed their home season in victorious fashion last night with a rousing 12-5 victory over the Abilene Blue Sox. The win moved the Oilers to one and one-half game out of last place as they embarked on their final road trip of the season.

First stop is this afternoon at Amarillo, where southpaw Connie Swenson will face the Gold Sox. A single recently scheduled for tomorrow night then the Oilers shift to Borger for a doubleheader Tuesday night and a single game Wednesday to close the season. The Oilers played errorless and sometimes brilliant defensive ball last night to give right-hander Max Meyer his nineteenth victory of the season. He will get a shot at No. 20 the last day of the schedule against the Gassers. Pampa punched and pounded out 18 hits off right-handed fireballer Mike Gazella, recently sold by the Houston Astros to the Philadelphia Phillies to Oklahoma City for 1953 delivery. Biggest offensive chubber was third baseman Don Moore, who picked up a perfect fifth of five-for-five. Norm Auerbach closed in with four runs driven across.

The club's traded runs in the first inning, scored by Don Moore, Auerbach driving Weldon Day home with the Sox tally and Moore's first hit scoring Hal Haynes with the Oilers' initial score.

The Oilers scored two more in the second on two hits and an error, the big blow a clutch double by Deck Waldt. But the Sox tied in the top of the third on a pair of hits with a walk sandwiched in between.

In the third the Oilers got three more runs on three hits and took the lead for keeps. A single by Norm Auerbach drove Phillips and Moore home and then Auerbach came in when Bowland's throw to second, trying to get the stealing Sanchez, went into centerfield.

The Oilers scored three more in the fourth, using a double and two errors to do so. An error, a single by oore and a double by Morris Shipman added two more in the sixth. Moore's fifth hit tied Waldt with the final Pampa run in the seventh.

The Sox picked up a pair in the fifth after two were out, putting together four straight hits, but that was all of their scoring effort. Brilliant outfield catches by all three gardeners, Phillips, Waldt and Shipman, aided Moherg's cause as well as some fine fielding all the way around.

EDITOR'S NOTE: This is the first of seven dispatches in a dramatic human report of what has happened to the West Point cadets since their ignominious dismissal a year ago in the cribbing scandal. Their stories are told in words and sketches by Murray Olderman, versatile sports writer-artist for NEA Service.

By MURRAY OLDERMAN
NEA Staff Correspondent
NEW YORK (NEA) — Where are the West Point cribbers? The morass of scandal and ex-cadets were more than a year old. Time has cushioned the first shocks of indignation. They still have the rigid honor code at West Point. They still play football there. If a recent faceted release from Vanderbilt is to be believed, it's better than the hollow brand of 1951, to wit:

"Regular linebacker Bob Ferris who last year was the best sophomore lineman at Vanderbilt in the past decade, has transferred to the U. S. Military Academy as a part of the rebuilding program for Army's team."

But what of the ex-cadets, the boys branded as cribbers and dismissed en masse in the Aug. 3, 1951, upheaval? What of 38 of them who were to have been the finest football team in the land last year?

This fall many become eligible to play football again on campuses as diverse as William Jewell and Villanova, as far flung as Syracuse and Houston. NEA has painstakingly ferreted out their stories of the last 12 months, their desperate scramblings to continue college educations, their attempts to forget the nightmare of ruined plans that engulfed them and altered their lives.

They remain sharply acute of the public glare, and sometimes stigma, thrust upon them. "If you happen to see Col. Blaik," said Jack Erickson, a tackle from St. Charles, Ill., who migrated to Iowa State "tell him I remember what he said about going to another school and showing the people what real men were."

"I'm not ashamed of being one of the famous, or should I say infamous 38," said Gene Phillips of Sacramento, Calif., who will

play left half for Villanova. "I do feel some resentment toward the cadets who led to remain in the Academy and to the many guilty ones disregarded by the officials during the cribbing investigations."

Bitterness lingers over what Erickson calls the "incorrect and unfair manner in which the investigation was handled." As of last Spring 22 boys had not returned to their home towns.

Vic Pollock, a 26-year-old half-back with prior air corps service as a gunner over Europe, with 75 missions, the air medal and three clusters, morosely washed his hands of college football with his dismissal.

"I decided I'd had enough of that phony rah-rah," shrugged disillusioned Vic, zealously sought by a dozen schools before West Point. Ignored by them afterward, Pollock will play pro football with the Pittsburgh Steelers. So will fabulous fullback Al Pollard, rejoining the Philadelphia Eagles. But 35 of their teammates enrolled in other schools last fall.

Three must sit out another season of ineligibility, 15 have "quit the game" but 17 will play college football this fall.

They are: Filipki and guard Bob Volonino, Villanova; Erickson and halfback Walt Walker, Iowa State; quarterback Gil Reich, Kansas; fullback Elmer Stout, tackle Lew Ziegler, Oklahoma A. and M.; center Bob Hans, Tulsa; tackle Hardy Stone, Mississippi State; tackle J. D. Kimmer, Houston; guard Jim Peyton, center Bob Orders, West Virginia; fullback Bill Rowekamp, halfback Don Mackey, Missouri; end Al Conway, William Jewell, and about going to another school and showing the people what real men were."

It Took 3 Years But It Came

CLEVELAND (AP) — "I had to hit a bad pitch to do it," Luke Ester said Saturday while discussing a blow for which he had waited three years.

The homer—with two aboard—was the first he had ever clouted off the pitching of Chicago's Billy Pierce. And the time almost made the wait worthwhile. It produced six runs on Friday night as Cleveland trimmed the White Sox, 3-0, and moved to within 2 1/2 games of first place New York.

"The ball was so close I caught it on the handle but real solid," the Indian first baseman continued. "I hit that fella pretty good but right at somebody's foot of the time. He's a good pitcher, everybody else."

Pierce horse-collared him. Then though, and tough for me like Easter is an expert on how to hit a fielder would appear it. For 37 straight times — from midseason 1950 until last month — Pierce and last week he hit a triple against him at Chicago. Last month East got a single from Friday night the bag left-handed infielder hit his 29th four-base blow of the season.

He smacked Pierce's first throw to him in the fourth inning. The ball taking off with a flat, low trajectory just cleared the right field fence some 360 feet away. It was so low that runners Bobby Avila on third and Larry Loby at first held up to see if a fielder would appear it.

The southpaw held the tribe hitless until that fourth. Then Avila singled down the third base line. Doby let one pitch go by and belted the second into right field for another single. After that came Easter.

And Easter came right back Saturday to slug two more round trippers out of Cleveland Stadium in the first of a tremendous 425-foot clout into the center-field stands.

Alfred C. Glassell, Jr., of Houston, Texas, is the captain of the U. S. team which will compete in the 9th International Tuna Cup Match at Wedgeport, Nova Scotia, Sept. 10-12.

Reapers Open Grid Season On Oct. 3

The Panhandle Junior High School Athletic Conference will open its 1952-53 season on Sept. 26, it was decided at a league meeting yesterday in Amarillo. It was also decided to expand the league to seven clubs for the new season.

Along with the former members—Pampa, Borger and Horace Mann, Elizabeth Nixon and Sam Houston, all of Amarillo—Austin of Amarillo and Dumas were brought in to the circuit.

The basketball league will enroll ten members the same section from football plus Phillips, Canyon and Price College.

The Junior High School Reapers open their conference season on Oct. 3, drawing a bye the first game. Game sites were not determined at the meeting but should be announced shortly. The seven football teams will play a single round-robin practice games.

Representing Pampa at the meeting were Aubrey Frazier, Wayne Tripp, Pernal Scoggins and McHenry Lane.

J. E. Ferguson of Sam Houston is president of the organization and Lee Williamson of Elizabeth Nixon is secretary.

The Reapers, about 70 strong, started workouts last week and immediately ran into injury trouble when first string quarterback Buddy Sharr received a broken rib. How much it will hinder him this year remains to be seen. Right now the problem confronting Coaches Frazier and Tripp is cutting the field down to workable size and rebuilding a unit comparable to last year's unbeaten championship club.

Catcher Ralph Houk of the New York Yankees was a Ranger during World War I. He rose from a private to the rank of major.

Fuller Weekend Of Action This Friday

Football in the area swings into fuller activity this weekend with several area games on the schedule.

In the biggest game, AAA Shamrock Irishmen, who defeated Dalhart Friday, go against the Quannah Indians at Shamrock.

The McLean Tigers will host the Sitmet Rattlers at McLean in the Tigers first game of the year and the White Deer Bucks go to Groom to open their season.

In six-man football, the Mobeetie Hornets face the Miami Warriors at Miami.

Chisox Grab Win In Extra Innings

DETROIT (AP) — Rookie shortstop Harvey Kuenb bobbed an 11th inning grounder and second baseman Johnny Pesky threw away a potential double play ball to permit the Chicago White Sox to score the winning run in a 4-3 battle Saturday that saw the Chisox use 19 players and the Detroit Tigers 15 players.

Shamrock Irish Down Wolves 20-7

By GEORGE BURIS
Pampa News Correspondent
DALHART (Special) — Scott McCall's 1952 Irishmen rolled to three touchdowns in the first half and went on to subdue the Dalhart Wolves, 20-7, here Friday night.

After the first set of downs when the Irish were forced to punt, they settled down and quickly moved 52 yards for a first quarter TD. The Green and White recovered a Wolf fumble on the Irish 48 about four minutes after the kickoff and drove relentlessly to the goal. Don Carleton ripped off a pretty 21-yard play the first time. The Irish swept on the Irish 19 and then cracked over from the Dalhart extra point. Carleton added the extra point.

Both teams sparred for the next few minutes and then the Irish started a second drive just before the first canto ended. The Irish driving Irish picked up their seventh first down as the quarter ended on the Wolf 36.

York Looks Good

Jack York, playing a stellar game as the new Irish quarterback, ripped off gains for seven and 11 yards as he found no pass receivers open and a fourth down pass was good to left end Norrell Perkins, but short of a first down by inches on the Wolf 20, because of a previous five-yard penalty against the Irish.

Dalhart, sensing its coming defeat gambled on fourth down and failed on a line play at their own 19 and then the Irish struck again. Jimmy Pennington, Carlton's running mate at half back, skirted right end for 19 yards and TD standing up. Carlton again kicked goal to run the total 14-0.

Later in the second stanza the Irish recovered a Wolf fumble on the Dalhart 43 and again York quarterbacked his Irish on a series of around plays to the two-thirds where Carlton bulled over for the final Shamrock TD. Carlton's kick was blocked and the Irish led at halftime 20-0.

McCall's inexperienced line gave

a good account of itself and the Irish continued to drive in the third canto. Shamrock thought it had a fourth TD midway in the third period, when Jimmy Pennington raced around right end for 27 yards to the Wolf goal, but a 15-yard penalty nullified the sparkling scamper and the Irish lost the ball on downs. Pennington snake-danced beautifully through a bewildered Dalhart secondary.

Wolves Score

Dalhart's only score came in the third quarter when York hurled a pitchout which was fumbled and the Wolves recovered on the Irish nine. Dalhart made it on the second drive when Jimmie Hammett, Wolf halfback, swept left and from the Irish seven. Mansker kicked goal to make the score 20-7 Shamrock.

Shortly afterward the Irish drove 90 yards to the Wolf one, where Johnny Hartwick, fullback, lost the ball on a fumble and the Wolves quickly booted out of danger.

Shamrock experienced backfield performed with precision as Pennington and Carlton, 74-point receiver, carried the mail. Jack York showed great form as a new T-formation quarterback and the line completely new for 1952, held the hapless Wolves to 53 yards—rushing.

Although it is early, the Irish gave warning that they will not be down for favored teams in the 3-AA conference, but will provide good competition again in the McCall tradition.

Linemen Paul Coe, and Norrell Perkins led the new line, but all the forward wall showed up to limit the Wolf offensive.

McCall's Irish tackle the tough Quannh Indians at Shamrock Friday night. The true 1952 strength will be tested then.

1-A Football Race Looks Wide Open

By DON BLAKE
Single "A" football in District 1 is apt to be rough and tumble this year with all six schools looking for the trophy.

Canadian's Wildcats last year's champions, have to be figured as the team to beat although the north Panhandle outfit is minus the Scheel brothers and their great center, Buddy Gross. They will be bolstered by such as Ben Mathers, J. B. Waterfield, Bill Fiewellen, Ray Ramirez, Jimmy Adeock, Don Conklin, Tom Mitchell and the hot Buddy Hoover. Clarendon, the other "big" school, will field the heaviest team in the region and the Broncos must be reasoned with when final returns are in. Tom Harrell and Jim Moore have a host of returns including Murf, Meyers, Traum, Bain, the Clifford boys Lefew and Hall, among others.

White Deer has been pointed at by many as the top favorite. Coached by James Love former Lefors mentor, the Bucks are expected to be an outstanding club. Returns include Don Carpenter, the Eller boys, and many other speedy, strong athletes.

Dark horse of the district will be the McLean's Tigers; led by Max Williamson, 1-A's best back in 1951. In fact, many fans expect the Gray County Bengals to be the top aggregation of the district. It's quite possible, for the Tigers will field an almost sea of team, backed by reserves from the championship junior high school team of 1951. McLean will be helped by the addition of Webb district, annexed in the spring. One notable back, James

Smith, is from Weeb district and lettered at Lefors as a freshman. The Webb boys are reported eligible for competition this year.

Hard luck team of 1951 Panhandle's Panthers, will have to be watched this year for the Cats are coming out with blood in their eyes. Considered by many to be the district's best team last year, the Panthers did not hit their stride until mid-season, too late to contend for the district flag. Coaches Truelove and Williams will put on experienced club on the gridiron, led by the great Dean Lewellen. He is backed by such stalwarts as Don Neely, Walter Martin, Jim Naylor and Jimmy Don Mitchell. Mitchell a light boy, is considered in a class with Jim "Strawberry" Holston Panther star who now coaches at Frank Phillips College.

Young, green and a brand new coaching staff mark the Lefors Pirates 1-A runner-ups last year. Losing eight starters by graduation, the Buc's are rebuilding from end to end and back to back. New to 1-A, but experienced in the business is H. W. Callan, recently named head football coach succeeding his brother, Bob. "H" has been assistant at Shamrock several years. At Lefors he will be helped by C. H. Keeton an ex-Pirate and West Texas State end. Callan played college ball at Midwestern.

Among his candidates for the Lefors varsity are co-captains Billy Watson and Jimmy Doom. All in all, District 1-A looks to be well-rounded and any team might cop the title, although Canadian, Clarendon and White Deer must be considered favorites.

Final Organization Of 1-A Scheduled

McLEAN — Final organization plans for the District 1-A football conference will be completed next Tuesday night at McLean, when superintendents and coaches of the six member schools will meet for an Executive Committee session.

Superintendents, who made up the executive committee, will work out final details of the season's conference plans. Paul Kennedy, superintendent of the McLean Schools, has succeeded former McLean superintendent Logan Cummings as district chairman.

Coaches will work out agreements regarding game officials for conference games, and schedule "B" team games and Junior High coaches will organize the district's Fee Wee football league schedule.

Teams in the conference are Canadian, McLean, Panhandle, Lefors, White Deer and Clarendon.

Warriors Lose To Follett, 28-14

MIAMI — Coach Frank Craig's Miami Warriors opened their 1952 football season at Follett Friday afternoon, losing a 28-14 decision in a non-conference game.

David Beon turned in the longest run for the Warriors, 30 yards, for one touchdown while a pass from Don Bryant to Bobby Poore, covering 15 yards, accounted for the other score.

The Warriors lost one of their key offensive men in the first quarter with an ankle injury when Alenzo Mitchell was hurt. But he isn't expected to be out of the lineup long.

Bill Russell played a fine defensive game at center while Poore, Bryant and Beon all looked good on offense.

Next Friday the Warriors entertain Mobette at 2:30. The remainder of the schedule is: Sept. 12 Mobette here; Sept. 19, Darrouzett here; Sept. 26, Mobette there; Oct. 3, Follett here; Oct. 10, Kelton at Wheel here; Oct. 17, Sunray here; Oct. 24, Booker there; Oct. 31, Darrouzett here.

Texans Down 'Skins, 27-14

SAN ANTONIO (AP) — The Dallas Texans had their first victory in National Football League competition today and everybody felt better, especially about the quarter-back situation.

That had been the weakness of the new team in the national pro league until Friday night. Then Bob Celeri played the kind of football that had been expected of him. His passing and generalship and Buddy Young's brilliant running brought the Texans a 27-14 victory over the Washington Redskins in an exhibition that drew 19,025 fans.

The Texans now have a record of three victories and one loss in the exhibition grind. They eat Brooks' Center of San Antonio 34-7 and Carswell Air Force Base 27-0 before losing to the Philadelphia Eagles 24-7 in their first game against NFL competition. Next Friday night the Texans play the mighty Detroit Lions in Dallas.

Last night's loss was the third straight for Washington. The Redskins played their first game under Coach Curley Lameau, who succeeded Dick Todd after they lost their first two games.

Passes y Celeri to Dan Edwards and Dick Wilkins gave the Texans two touchdowns in the second period and they never were behind. Celeri scored the third touchdown on a nine-yard dash around left end.

Young, whose brilliant running featured the second half, scored the fourth Dallas touchdown on an eight-yard heave from George Taliaferro. Don Klosterman added three extra points.

The Redskins who lost three touchdowns on penalties, scored once in the second and third period.

Jack Dwyer, on his first play as a Redskin, went 68 yards for the first Dallas touchdown late in the second period and Fullack Chuck Drazenovich smashed over from the one in the third for the final score.

George Thomas added the extra point. The Redskins rolled up 13 first downs to 11 for the Texans and made 124 yards rushing to 147 for Dallas. But the Texans went 20 yards in the air to 36 for Washington.

Big Rebuilding Job Faces Canadian Coaching Staff

CANADIAN — Coaches Dean Henry and George Austin last week began the task of rebuilding the Canadian Wildcat football team after graduation wrecked the 1951 championship club by taking 14 lettermen.

With 12 lettermen returning, plus a host of good freshmen and sophomores, Wildcats hopes aren't too low for the upcoming season. With the season opener coming up this weekend, Sept. 12 at Spearman, the Wildcat coaches have five experienced backs returning.

These mainstays are Pat Tippe, now weighing in at 156 pounds; Dean Hoover, a speedy 137 Raymond Ramirez, who handled a lot of quarterbacking assignments, weighing 140 and J. T. Hill, speedy 138 pounder also bidding for a spot in the starting backfield in Jerry Green, 131 pounds, who sparked the "B" team backfield last year.

In the forward wall, Danny Conklin, a solid 226-pounder Roy Flowers, 157; Orla Curmutt, 174; Tommy Mitchell 163 and Jack Matthews, 153 pounds will probably be the mainstays this year.

All of them lettered last year and Mitchell and Conklin were first team regulars.

Flowers and Curmutt, who played at tackle positions for the most part of last season, are being groomed for end positions. Both are Juniors.

Matthews and Mitchell will probably hold down a guard position and Conklin is slated to plug a big hole at tackle.

Harmon White, weighing in at 159, is the only experienced candidate for the center position. White earned a reserve letter at guard last year. Also working for a spot are Billy Chumbley, 162 pounds, Jimmy Reid, 155 and Dale Cain.

Other candidates for the team and their weights (some have not yet weighed in) are Dale Cain, J. Frank Newton (145) and Lee Henderson (123), ends; Joe Parra (149), Kenneth Ballard (142), John Briggs (157), Hines (195) and Bill Swires tackles and Eugene Schoenhals, Hoppy Hathis (117), Charles Cole (117), Ston Hodges (136), Leonard Shafer (150) J. R. Ronald Bentley, Larry Price (193)

Harvesters Slate Complete Program

Pampa Harvester students, for the first time have a full sports program offered them at Pampa High. District 1-AAAA competition will be held in football, basketball, baseball, track, golf and tennis.

Coaches Tom Tipps, Aubra Nooncaster and Dwaine Lyon will handle the Harvester footballers. Coach Clifton McNeely will handle the basketballers.

Tipps and Nooncaster will coach the track squad, Lyon and Orville Lewis the baseball team, McNeely the netball and Weidner Trice the Harvester golfers.

The well-rounded program will offer the Harvesters not only a chance to compete in all sports, but also the opportunity of winning the annual Amarillo News-Globe all-sports trophy awarded to the school amassing the most points based on finishing position in each sport. The Green and Gold held a satisfactory lead at the end of football and basketball last year but failure to participate in other sports with enthusiasm gave the lead to Odesa.

Robstown Downs Weslaco, 28-20

By the Associated Press
Robstown beat Weslaco 28-20 in the feature game of the Texas schoolboy football season opening Friday night.

There was only a scattering of games played, all in the lower divisions. The upper classes—AAAA and AA—Do not start until next week.

Eugene Helbert sparked Robstown to its victory, scoring three touchdowns. He made two runs of 66 yards and one for 44.

Shamrock beat Dalhart 20-7, French Beaumont lost to Kirwin Galveston 27-0, Burnett beat Weslaco 35-0 and Lyford swamped Bishop 31-0.

Giddings is defending state champion in Class A.

Saturday night Roscow plays at Andrews and Sinton at Donna.

Pampa News Award Awaits Performers

With the start of the Inter-scholastic League athletic season, Pampa athletes are reminded that their actions on the athletic field, school room and practice field will all be watched and weighed by their coaches toward selection of the winning team for the Pampa News Award.

The awards are presented to the schools in White Deer, Lefors, McLean, Shamrock, Wheeler, Mobette, Canadian and Miami by "The Pampa News".

Basis for selection of the winner is on the student's scholarship, sportsmanship, leadership and athletic ability.

Last year's winners were Ben Mathes, Canadian; Melvin Bigam, Lefors; Bonita Bailey, McLean; Charles Clark, Miami; Bill Leonard, Mobette; Pennington, Shamrock; David Johnson; Wheeler; and Carl McCabe, White Deer.

Of this group, one person has a chance of being the first two-time winner at a school, that person is Bonita Bailey brilliant all-state girl basketball player of the McLean Tigers, who last year became the first female winner.

The announcement of the 1952-53 school year winners will be made in May at the conclusion of the sports season for each school.

Dozen Veterans Back To Hornets

MOBETTIE (Special) — The Mobettie High School Hornets a member of District 1-B opened fall football practice Sept. 1 under returning head coach Charles Cash.

Twelve returning lettermen will make the Hornets a strong favorite in the six-man football chase. Members of the district are Sunray, Booker, Follett, Darrouzett, Kelton, Miami and Mobettie.

The Hornet's schedule for 1952: Sept. 12 at Miami; Sept. 19, Kelton here; Sept. 26, Miami here; Oct. 3 open date; Oct. 10 at Follett; Oct. 17, Kelton here; Oct. 24 at Sunray; Oct. 31, at Boker; Nov., at Darrouzett.

Coach Cash is still seeking a game for Oct. 3. Any six-man team with an opening that weekend is asked to call Coach Cash.

Seitz Bids For Post

LEXINGTON, Mo. (Special) — Cadet Bobby R. Seitz, Pampa, Texas, is working out and competing for a varsity berth at Wentworth Military academy's football camp here, according to Capt. John Read, athletic director.

Informants were issued to the cadets today. The first few days are being devoted to conditioning exercises. Later in the week the prospective griders will undergo a more intensified training program in preparation for the tough schedule facing

Wentworth's Varsity Players This Year

Spitsbergen is bleak, mountain and more than half covered with perpetual ice, says the National Geographic Society.

Dykes Wins Split Decision Over Gil Turner in Garden

By MURRAY ROSE

NEW YORK (AP) — Gil Turner will get a return crack at Bobby Dykes in Philadelphia next month and if the return is anything like Friday night's thriller, Quaker City fight fans are in for a treat.

Dykes, a 6-foot bag of bones with a sting in each hand, roared from behind at Madison Square Garden to gain a narrow split 10-round decision over the 21-year-old Philadelphia Negro. It was a sizzler all the way and on upset, Turner was the 2-5 favorite.

The two welterweight contenders had signed to meet in a return within 40 days and George Katz, Turner's manager, said his beaten gladiator will be ready. Dykes said he'd be happy to oblige.

"With no television, we'll do jobs in Philadelphia with the same old Katz Turner usually backs them to the rafters in his home town."

Poor Crowd

Friday's bout was telecast nationally and the slim crowd of 4,144 paid \$11,269. The scrap, on the basis of the fighters' styles figured to be good and was even better. Both the fighters and the promoting International Boxing Club were disappointed in the gate. Each fighter received \$3600 plus another couple of thousands each out of the gate. Turner, in suffering the second defeat of his young career after

winning 32 straight, needed two stitches to sew up a cut over his right cheekbone and one stitch for a gash over his left eye.

The decision was close as you could make it. Referee Percy Scazzzo and Judge Harold Barnes each voted for Dykes, a Texan now living in Miami. Judge Jack Gordon scored for Turner, 5-4-1. The AP scorecard gave it to Dykes, 6-4.

In the fifth round from a series of punches and a push was trailing on the scorecards of all three officials going into the third round. The handsome, dark-haired Southerner then took over the offensive from the pace-setting Turner and gave him a most beaten lesson through the final two heats.

Bobby shot over stinging left jabs to Turner's bleeding face, clipped in short left hooks and then crossed up his rival with sharp right and left combinations. Sturdy Gil rallied in each round with short-lived flurries as he tried frantically to make up ground. But the cool, clever Dykes calmly picked off most of Gil's punches and tied him up.

Early rounds

Through the first two rounds, and for a stretch from the fifth to the seventh, it looked like Dykes would never finish. The aggressive Turner stormed after him in opening rounds with furious attacks and after blowing Turner, in suffering the second defeat of his young career after

Lorenzo May Capture WT-NM Crown If Season Hangs On

It's going to be close but Pat Lorenzo of Borger might possibly get to bat enough times to capture the West Texas - New Mexico League batting championship. Based on the system that is to be eligible for the crown a player must go to bat a total number of times equal to the total number of games played by his club multiplied by 2.6. Lorenzo would have to get to the plate approximately 370 times.

As of Sept. 2 he had been to bat 305 times and led the league with a .410 average. This was 13 points below Bob Fernandez of Lubbock, but Fernandez doesn't have a chance to get to bat enough times. Another new face, that of Bob Hobbs of Amarillo, moved into third place among the league's hitters, but he too will not get to the plate enough.

Among the boys certain to be at bat enough, Don Stokes has taken over the lead from Cully Rikard with a .360 average. Windy Eldridge of Borger is second with .359 and Rikard third with .358 followed by Les Mulchay of Amarillo with .356 and Joe Fortin of Lamesa with .354.

Merv Connors of the Gold Sox jumped way out in front in the home run chase with 42, three more than teammate Mulchay and four ahead of Jim Matthews, junior Pioneer utility man. Francis Rice of Clovis continued as runs scored and total bases leader.

In the pitching department Ray Machado of Lubbock continued as the workhorse and Juan Montero of the Hubbers as strikeout king. (Includes all games through Sept. 3 except Amarillo at Clovis on that date and Borger at Lamesa Sept. 2.)

'Hot Rodders' Get Hot Praise From Psychologist

CHICAGO, Ill. (NEA) — You may think that a "hot rod" is nothing more than an overgrown juvenile delinquent who should be barred from the streets and highways as a safety menace. But don't bet on it.

Actually, the much maligned young speed demon tends to be an uncommonly safe driver—and the evidence for that statement is a scientific study by Chicago psychologist Percy E. Seagle.

Seagle found that the hot rod driver is normally far less "accident-prone" than the average driver because his activities are categorized into "constructive" pursuits. He is thus likely to suffer personality problems which lead to bad driving habits.

"The hot rod driver is in reality a force for safety," Seagle concludes, "because he better understands the limitations of his car and himself."

Seagle's findings are borne out by the experiences of several communities, notably Pomona, Calif., which have instituted hot rod safety programs. Hard hit by the souped-up auto craze, these cities found a solution to the traffic problem by setting up special "timing strips" where the youthful enthusiasts could carry on their activities in privacy and safety.

The results have been excellent. With the "timing strips" provided a safe outlet for their speeding tendencies. The hot rodgers have become model motorists on the public streets and highways, removing the primary objection to them.

On a larger scale, the National Hot Rod Association each year sponsors a National Speed Trial on the famous Utah Salt Flats. Attracting more than 700 entries from the U. S., Canada, Mexico, the Hawaiian Islands and Alaska, the seven-day festival of speed is the hot rod "World Series" and has a remarkable safety record.

The cars, with supercharged engines and special fuels developed by their drivers, attain speeds of more than 200 miles per hour. Prizes to the top drivers include a \$1000 college scholarship and a large gold cup donated by Seagle's employer, Marsmont Automotive Products, Inc. But they are not awarded for speed alone. Aiso considered are safety of construction, excellence of workmanship and the driver's contribution to automotive engineering knowledge.

Experts are admittedly amazed at the mechanical skill common to hot rod enthusiasts and consider the movement a vast developer of prospective engineers. It should be encouraged as such, they say, to help alleviate the present engineering shortage.

COMPETITION COUPE built from a 1934 Ford starts off on "hot rod" speed trial. This car made a top speed of 146 mph, but can't be driven on street because it has no transmission.

FATHER-SON TEAMWORK by Ike and Monte Trone of California did the face lifting job on the 1934 Ford. It has all highway safety requirements, can be used on street or in speed trials.

Red Raiders Expected To Be Strongest In Border History

By MURRAY SINCLAIR

TUCSON, Ariz. (AP) — The border conference is likely to have a grid champ this fall, Texas Tech and Arizona State College at Tempe.

Both schools play four league games. Both should win them all. They do not play each other, and the conference crowns on playoffs. Last time the conference had a league game this fall.

Hardin - Simmons University, West Texas State and Texas Western will likely scrap for fourth place honors. New Mexico A&M will probably wind up in the rear. Arizona State College at Flagstaff is dropping out of the Border Conference and will play only one league game this fall.

Strongest In History

Tech is expected to have one of the strongest teams produced in the 21-year history of the circuit. It has toyed with most loop teams in winning four straight undisputed titles.

The Tech Red Raiders have more than three full teams of lettermen returning from the squad that last year drubbed Texas Christian, Southwest Conference champ, 23-19. The Texas school has the most players, the biggest players and the toughest schedule of any conference entry.

Unless the Raiders become overconfident they can look on their conference games this year as breathers as they set their eyes on bigger game such as Rice, Baylor, Tulsa and North Carolina State.

Offensively Tech has a fine backfield, excellent line and plenty of reserves. And there is nothing wrong with its defensive units. Tech is building for the day when it hopes, it will be given membership in the strong Southwest Conference.

Arizona State at Tempe led the nation in ground gaining in 1951. Ten members of the string of offensive team that set the record are back, including the full backfield. Yet one of the backfield starters of last year will have to move back to make room for John Henry Johnson, tabbed as one of the fleetest and finest players on the Pacific coast before transferring from St. Mary's.

Five Years Later Burnett Gets Paid

By HAROLD V. RATLIFF

DALLAS (AP) — Five years and a million dollars later found, Dick Burnett basking today in the glory of a Texas League pennant.

The man who does things with a flourish, and changes his mind when convinced he's wrong, finally reached his goal Thursday night. But he had to do it, through recapitulation to chain baseball.

Burnett came into the Texas League in 1948 with his pockets full of oil money and a boast that he would buy himself a pennant. He even tried to buy the St. Louis Browns franchise in the American League.

For three years he shelled out the cash, this including some \$60,000 paid to Charley Grimm, the ex-big league manager, who was brought here three years ago to pilot Dallas as \$30,000 a season — a fabulous minor league salary. Grimm's club died, he got better than the two before him — it finished in the second division. Burnett paid Grimm off on his three year contract, setting for a reported \$60,000.

Then Burnett said he couldn't win going it independently because the chains had them. So he formed a working agreement with Cleveland.

L. D. Meyer who had managed one of his "farm" clubs in East Texas, came in to pilot the Dallas club. Through the help of Cleveland, Dallas wound up its third year but lost in the playoffs.

This season with six players being furnished by Cleveland, among them Dave Hoskins, the sensational Negro pitcher who won 21 games, Burnett led the race most of the season. Thursday night the Eagles clinched the pennant for the straightway leader by beating Fort Worth 1-0.

Burnett was a happy man. He said it was worth the million dollars and he also said he felt just as good about the job as he did when he helped Cleveland last year. "After all," he said, "we developed the men Cleveland sent us."

Indian Power Drops Brownies

CLEVELAND (AP) — The booming home-run bats of big Luke Easter and Larry Doby powered by an 8-3 victory for the second place Cleveland Indians over the St. Louis Browns Saturday as Bob Lemon hurled a five-hitter for his 18th win of the season.

In the fifth, sixth and part of the seventh.

It was Turner's first fight since he was stopped by Welterweight Champion Kid Gavilan last July. He weighed 150 1/4 to 151 for Dykes and manager Katz said the weight slowed down his fighter. Turner weighed 144 1/2 for Gavilan.

Simpson To Stay Few More Days

Herb Simpson, outstanding Negro first baseman of the Albuquerque Dukes, was recovering well this weekend in Highland General Hospital. He received a skull fracture last Monday night after being hit in the head by a pitched ball at Oiler Park.

It was expected that Simpson would be permitted to leave the hospital sometime this week although he will not be able to play any more this season.

Replacing him in the lineup is Bobby Munoz, who broke his ankle early this year, also in a game against the Oilers.

Ed Sudol, Oiler athlete, was released from the hospital Thursday after being kept in the head by a pitched ball, but x-rays showed no serious injuries.

JUST A DAY!

"of Course, it's ELECTRIC"

THAT'S ALL IT COSTS TO COOK THE ELECTRIC WAY. MOST MODERN BY FAR OF ALL COOKING METHODS THERE ARE

What's more, the low cost of electric service is only part of the real economy of electric cooking. Cleaning and decorating costs will be cut, too, and your walls and curtains stay shiny bright. Cook the modern electric way every day for just pennies — and bank on big savings in cleaning and decorating.

Sports Roundup

By GAYLE TALBOT NEW YORK (AP)—To an extent which might surprise the average football fan, the backfield who likes out around this coming fall and speeds through a broken field is a touchdown, reliably, will not be lugging leather at all. The chances are good that he will, in reality, be rambling with that old rubber.

It is estimated by the manufacturer, having proved itself in big trials that the Voit rubber football competition last year, will be used in something like 10,000 games this year, ranging from high school through the National Professional League. It was used in only about 3,000 games last season.

After years of experimentation, the makers of the rubber ball have succeeded in matching the old reliable leather spheroid to such a remarkable degree that it apparently is difficult to tell them apart by feel, smell or otherwise. They pass the same, kick the same and bounce the same, if we have not been seriously misled.

So why change? Well, for one thing, it seems that the rubber ball sheds water better. It gets wet, but it doesn't absorb the moisture and take on weight. Never becomes waterlogged. The makers claim that one of them can be used right through a game when the ducks are flying low and give precisely the same performance in the last quarter that it gave in the first.

Among smaller schools, particularly where money still is somewhat scarce, this can prove quite an item in the course of a season, the rubber people point out. You use only one ball per game instead of maybe three or four. Apart from its superiority in rain and snow, they say that their brainchild stands up to six times that normal wear and tear of its predecessor.

During its big-time advent last season, college teams were permitted to use the rubber ball only through the special permission of these conference presidents. In its major league debut, Georgia Tech defeated Louisiana State by 25 to 7, and both teams, especially Tech, said they thought it was a great invention.

Since then the ball has been used in a manner by all the nation's leading organizations, including the National Collegiate Athletic Association, and its use will be contingent only upon the consent of the opposing coaches.

The Voit Company which pioneered the use of rubber sports articles, says that every school in the Pacific Coast Conference has season, and that the Washington Huskies will use one in their opening football for the coming year. In the South, they say it will be used by Alabama, Vanderbilt, Duke, North Carolina, Tennessee and other leaders. The pass-happy Southwest Conference also is claimed as a convert, as well as the Conference of the Midwest.

Within five years, the rubber ball boosters predict, you won't be able to find a leather football outside the trophy cases.

Steak Housers Softball Kings SHAMROCK (Special) — Champion of the Shamrock Softball League is the K. C. Steak House team, managed by Ernest Smith. The Cops took the championship honors with a 20-2 victory over the Reds in the final game of the four top teams. The championship game was played on the McLean diamond. The K. C. team came out on top in the regular league play, Western Auto placed second; Mess's, third and Ward Motors, fourth. In the single game play-off, K. C. won over Ward, 20-9; and Meads won over Western Auto, 9-7. K. C. then took out the Bakers for the top honors.

Other teams in the Shamrock League were National Guard, Independent Irish, United Carbon and Montgomery Chevrolet. Play was held through most of the summer with games on Monday, Tuesday, Thursday and Friday of each week.

Toyoon Suspended ABILENE (P) — Johnny Toyoon, San Angelo second baseman and member of the Longhorn League all-star team, was suspended indefinitely and fined \$50 Friday for attacking an umpire.

League President Hal Sayles said Toyoon's assault on umpire Orville Eckstein Thursday night.

There are few Americans who know the story of George Catlin. Yet Catlin did for the American Indians exactly what Audubon did for our native birds. He painted their pictures on the spot and also left us written records of the Indian way of life.

He was born in Wilkes-Barre, Pennsylvania, on July 26, 1796. He was a child of the wilderness and until the day he died the wilderness kept its hold on him. By the time he was nine he was an expert with the single-barrel shot gun. His family wanted him to be a lawyer and he did pass his bar examinations but might as well have spared himself the effort, according to biographer Moran Tudury.

From 1819 to 1822 he was supposed to be practicing law. Actually, most of his time was spent drawing pictures of court-room characters. Finally he gave up law and enrolled in the Philadelphia Academy of Fine Arts. One day he visited Rembrandt Peale's Museum and discovered several portraits of Indians that were part of the exhibition. From then on until his death in 1872 his life was to be devoted to one purpose alone. It was to make a pictorial record of the Indians and the Indians and to make a pictorial record of their way of life before they vanished from the American scene.

Everywhere he traveled he found the strange details of a form of life unique on this earth. He was revolted by the Indian practice of scalping — but this revulsion didn't prevent him from investigating it. So far as the Indian was concerned, he was told, it was never wanted. A scalp was evidence that you had killed an enemy — proof like that you had conquered. To be genuine, a scalp had to show the crown of the head. This prevented a deceitful warrior from taking two scalps from the same head.

The Indian horses and Comanche horsemanship thrilled Catlin. By gifts of plug tobacco he persuaded one young warrior to demonstrate. Although armed with bow and arrow, this Comanche was able to hang securely on the side of his horse while going at breakneck speed. Completely screened from the enemy, he fired arrow after arrow under the horse's neck. The secret of this eye-flying feat was due to two things. A short halter went around the horse's neck, both ends braided.

Both ends of which were braided into the animal's neck and withers. This formed a loop which hung down under the horse's neck. It was a kind of sling into which the rider's body rested, half-supporting his legs over the horse's back and clinging to it with his heel.

These and many more were the things that George Catlin saw — and that he set down in words and paint. He left us a living picture of the American Indian and the thunderous western scene.

Six Texans in Top Golf Winners CHICAGO (P) — Six Texans are still among the top 25 money winners of golf so far this year. Julius Boros of Mid-Pines, N.C. is the leader with \$35,882.97 with Cary Middlecoff of Memphis, Tenn., second with \$30,739.98.

Jack Burke of Houston ranks third with \$19,003.33; Lloyd Mangrum of Dallas seventh with \$13,422.74; Tommy Bolt of Houston 11th with \$10,619.34; Earl Stewart of Dallas 25th with \$5,711.66; Ben Hogan of Fort Worth, 24th with \$5,625, and Henry Ransom of Richardson 25th with \$5,468.66.

Burke is the leader in contention for the Ryder Cup team with 407 7-12 points. Mangrum is fifth with 314 1-8. Burke also is fourth in contention for the Vardon trophy with a stroke average of 70.78. Sam Snead of White Sulphur Springs, W. Va. is first with 70.32.

Reds Nip Cubs In Mound Duel CHICAGO (P) — Pitcher Grady Hatton's eighth inning fly scored Ted Kluszewski with what proved to be the winning run Saturday as the Cincinnati Reds edged the Chicago Cubs in a 3-2 hitter before a ladies' day turnout of 10,996 in wind-blown 64-degree weather.

will keep him out of league play the rest of this season and probably extend into next season.

Green's Gossip

By HOGAN O'SNEAD

Got a bunch of lovely ladies playing their final rounds in the Pampa Women's Golf Association annual handicap tournament this morning. The time is 9 a.m. and these ladies can hit that ball good. You ought to come out and watch them fire in this 36-hole medal tournament.

For long knocks that are straight down the fairway, watch Mayra de Bowell. The girls are going to pass a five-minute hunting rule on her. Not for searching for her ball, though, but for her tee.

Well the Top O' Texas has come and gone again, and it had its greatest year this season. Much thanks goes to Johnny Austin, Melvin Watkins, Ham Luna and the many, many others who put in so much time and effort to make everything perfect for the visiting golfers. The work got Ham down though. He is in Wesley Hospital. We're hoping for his speedy recovery, Ham.

Hottest round of the tournament was probably the six-under par Jack Williams had when he eliminated Clare Freeman, who was even par, on the fourteenth hole. Clare came into the tent to turn in the result of his match, like all good golfers should, claiming he ran into a championship flight trophy hunter.

The course survived the tournament pretty well with only the big putting and the small practice greens getting tired. The tee boxes were well whipped, too, but recover rapidly. And we do need some rain badly.

Pampa And FWGA Floy Heath is supporting a brand new bag as a result of her play in the pro-amateur. Winnings made it possible. The tournament, cost Johnny Austin his parcel, though, somebody from out of town borrowed it and forgot to return it.

The Panhandle Men's Golf Association is expected to resume play the first week in October at Huber while the Women's group plays Tuesday at Amarillo Country Club. The annual Civic Club Tournament is tentatively slated for Sept. 21. The Kiwanians are defending champions for the second straight year.

For a other fine tournament, many golfers will be going to Herford on the 25th for a pro-amateur followed by four days of tournament. Prizes are a 100 set of irons for all flight winners. Clyde Posey is the popular host professional.

Johnny has been swamped with young golfers again, now that school has started. He had about 30 junior high and high schoolers out the first few days. Weldon Trice will coach the Harvesters this year.

Work is being done on the fence in an effort to keep the cattle and pigs from breaking on to the course as they have been the past month. If they don't quit we may have a ham and beef barbecue.

And one again, our congratulations to Johnny and all the other connected with the fine seventeenth annual tourney. It was great.

Corn contains more protein than any other dry cereal.

Oilers, Blue Sox Divide Twin Bill

The Pampa Oilers and the Abilene Blue Sox opened a battle for the league basement here Friday night by breaking even in a twin bill.

The Oilers took the opening game, 7-6, behind the southpaw slants of Ted Gardner. The nightcap went to the Hose who took Votaw for a 7-4 victory.

The two clubs lumbered through the doubleheader like the cellar dwellers they are, playing listlessly and without enthusiasm. The Sox jumped on Gardner for three runs in the first inning, Mel Stein opening with a single, going to third on a double by Weldon Day. Both held while Akins popped out and then Sanchez let a ball get by him Stein scoring and Day moving to third on the passed ball. Art Bowland followed with a single, going to third on a double by the Jack McClain followed by a single by Nellie Davis plated Bowland with the third run.

Pampa went behind 4-0 as the Sox added another in the second after two were out on a walk, an error and Bowland's second straight hit.

The Oilers got one back in the second on an error by Davis and a walk and a single by Gardner. They added a pair more in the third on four hits and an error by McClain and then went

ahead in the fourth as Deck Woldt homered, and Doug Lewis followed with a triple and scored on Phillips' single.

The Sox regained the lead in the fifth. A walk to Bowland, a single by McClain, a sacrifice by O'Keefe, a wild pitch and a single by Huffman making the score 6-5 Abilene. But Pampa hit for two more in the bottom of the sixth on two hits and a three base error by Stein as he threw into centerfield when Deck Woldt sacrificed. With the throw went the game.

In the night cap the Oilers drew first blood getting to the batter George Locher for four runs on five hits in the first inning. Little did they know at the time that that was their supply for the game.

The Sox bounced back with four in the third on four hits, a walk and a hit batsman and then took the lead in the fourth, on an unearned run with one rouser. After Stein fanned, Jay walked and Akins shot a single to short left to plate Locher with the lead and winning run.

But just for good measure, home run over the leftfield fence in the seventh with Pat O'Keefe who had singled, on base.

Hubbers Spike Lamesa's Hopes

By THE ASSOCIATED PRESS In the West Texas-New Mexico League playoffs: Clovis, with pennant, Albuquerque, Amarillo and Borger.

That's the line-up with only four games to go in the season. About the only significant change in Friday night's activity around the circuit was Amarillo's moving into sole possession of third with a split twin bill with Albuquerque. Albuquerque turned Jess Priest loose in the open for Priest's 15th victory — 4-1.

But Amarillo came back in the nightcap with a 9-2 victory that used up four Albuquerque hurlers, including starter Hinchman who gave up seven hits in 1-1-3 innings before he was yanked.

Clovis continued its winning ways with a 10-5 verdict over Borger, which dumper that team a half game behind the Amarillo Gold Sox out of a tie for third. It was Jack Gaines' 15th triumph, despite his being tapped for 14 hits — with help from homers by Winston Havenstrite and Frank Benites.

Lamesa's efforts for a playoff berth were spiked at nearby Lubbock with crafty Ray Machado holding the visitors to seven hits while his mates got 8 for 9 runs. Chick Howard and Jim Schindler were the big guns, each driving in three Lubbock runs. Ed Arthur, the first of a quartet of Lamesa hurlers, was charged with the loss.

The race for the cellar continued a deadlock at Pampa, as the Pampa Oilers and the Abilene Blue Sox split a twin bill that left them tied for the booby prize. Pampa won the opener 7-6 behind southpaw Ted Gardner, while Abilene won the nightcap 9-4.

P. E. At PHS

Phase one of the physical fitness testing program was begun at P. H. S. on Thursday morning when four students were selected from each of the five P.E. classes to assist the instructor in administering the tests to their respective classes.

Students which were selected were as follows: First Period — Billy Davis, Clemon Hemsell, Clarence Horton, Ronnie Martin. Second Period — Gerald Mubley Jim Ward, Dale Kelly, Don Crump. Third Period — Linden Shepherd, Carl Bond, John Caruth, Travis Taylor, Fourth Period — Darrell Seitz Jack Gilpatrick, Charles Sarter, Ronald McDaniel. Fifth Period — Jessie Honaker, Jerry Bruce, David Cartwright, Terry Kotara. Tests were immediately initiated with the leaders acting as the "guinea pigs" of the new system. Jerry Bruce set what might well become an all-school record of 210 consecutive sit-ups.

Phase one of the tests consists of: sit-ups — push-ups — chin-ups — bar — and a quarter mile run. Phase one will continue into next week when Phase two tests of curriculum — respiratory endurance, will begin.

The P.E.D. at P.H.S. extends a cordial welcome to Burkhard Brehm who comes to us from Bergneustadt, Germany, where his father is a member of the teaching profession. It shall be interesting to note his reactions to P.E. American style. He should feel right at home later in the fall when soccer is the major P. E. activity since soccer is one of the leading sports of Germany. Burkhard is very fond of tennis and would welcome the opportunity of a few fast sets. Call 769 if you would like to arrange a match with Burkhard.

Some of the new equipment ordered for the P.E.D. has begun to arrive and will soon be utilized by the 175 boys enrolled in P.E. classes to improve their physical condition. The generous sports program, as indicated by the variety of game equipment, should do much to prepare the students of today for their position as citizens of tomorrow.

Interest is being generated at P.H.S. in the P.E. tumbling and trampoline team and for the in-

Stengel Spanks Surprised Yanks

WASHINGTON (P) — Casey Stengel read the riot act to his players Friday night for the first time in his four-year tenure as manager of the New York Yankees.

Stengel gave the players a tongue lashing in a railroad dining car en route here after dropping a 3-2 decision to the Philadelphia Athletics.

The players were eating and playing quiz game they have labeled "20 questions" when Casey called for silence.

"Who won today?" he thundered. "If you want to play any quiz games, I've got a game for you. Each one of asks himself, 'Who am I. What did I do to earn my salary today.'"

Stengel declared, "This is no laughing matter. You can't depend on the Browns, the White Sox or some other club to win a trampoline program. Try outs for the tumbling and trampoline team will begin next week with practice sessions in the mornings between eight and nine A.M. Plans will be announced in the very near future."

Guerrillas Swap Two Game Dates

A pair of changes in the Guerrilla football schedule for this fall were announced this week by Coach Weldon Trice.

A game originally scheduled at Amarillo on Oct. 9 has been set back a week to Oct. 16. On the earlier date, the Guerrillas will go to Lefors for an 8 p.m. game with the Pirates.

The Guerrillas open their season Sept. 18 against either the Amarillo Gold or White Yarnigans at Pampa. Game time is 7:30. They will be the first Pampa team to swing into action. The Harvesters will play at El Paso later that night.

the pennant for you. A game like today's is going to cost each man \$6,000. Cut out the nonsense and start thinking seriously about baseball."

There was a hush over the car as Stengel sat down and resumed eating. Then players silently finished their meal and trooped out of the car without a word.

Coal was first mined from the frozen ground of Spitsbergen in 1900.

READ RECENTLY about a time auction held at a club party. Contributors wrote their services on slips of paper and then they were collected and auctioned to the highest bidder. The winners pay the treasurer, and arrange with donors for delivery. Some of the bargains that were grabbed by eager bidders included: baby sitting, two hours; four hours of painting, two hours of ironing, (oh, for that much help!) three hours of lawn mowing — and on and on. Reminds us of the March of Dimes every year. People offer cakes, pies, dogs and all that, but has anybody ever offered time? That's something anybody can use, and one thing I covet. Just can't help wishing there could be more time for the things I mean to do. Maybe this year Ben Ogden and Paul Brown can get some contributions of time in trade for contributions to the March of Dimes — still think they are the funniest two in radio, and wish there were more occasions to have them on the air!

THIS SOUNDS SO QUICK, Peg must try it. Don't guarantee it will work, but a well-known company sent the recipe out. It is a cookie recipe that calls for only three ingredients ... no flour or sugar. Really unusual. Mix 1-1/3 cups (15 ounce can) sweetened condensed milk, 1-2 cup peanut butter, two cups raisins. Drop by teaspoons on well-greased baking sheet. Bake in 375-degree oven (pre-heated) about 12 minutes. Remove from pan at once. (Also let Peg hear if it works.) While discussing recipes — thank you, Mrs. H., for that wonderful cake recipe. Especially appreciate that because it came from such a distance ...

PANORAMA: Nice to see the young John Frisbys back in Pampa ... she's the E. J. Dunigan's daughter ... Mrs. Ray Kuhn, we hear, is a wonderful seamstress ... Another one of those nice people to know is Mrs. Chilton Hill ... Like the wonderful back yard of the John Hesseys ... Sorry to see these summer barbecue nights fading ... Notice the women and men are getting the bowling leagues organized for the year ... wonderful pastime and wonderful people operating the alley ... Buck and Elaine Riddle are the popular owners ... The W. E. Jarvis home is a lovely place ... Also hear the H. O. Darbys have moved into their new home ... Young Mrs. Travis Liveley (Elaine) has such a pretty, pretty smile ... Nice, friendly fellows: Dick Stowers, Ed Myatt, Jay Meador, J. C. McWilliams (but then Peg's said before the McWilliams were a favorite family) ... See lots of school teachers back in town after being away for the summer ... Person I'd like to "trade kitchens with" this week is Mrs. Charlie Duengel ... Jean spends a lotta time there and is a good cook ... had the room redecorated not long ago ... now the working are seems perfectly planned ... Peg'd like to try it and see! ... dunno how she manages to keep her golf game and culinary skill up to par ... Mrs. Waldon Moore is an attractive person ... Seems interested in many Pampa projects ... girl scouts, etc. ... Mrs. Loyse Caldwell is one of the officers in the First Methodist women's group ... They're planning new fall programs ... These PTA officers, study club officers, etc., are busy as can be with year book work ... all the checking and double-checking it takes to compile them and then, most maddening of all, is the fact that there's always some change coming up during the year ... Don't you like Mrs. Carlton Nance? ... He's always got a smile for you, too ...

THIS WEEK our collegiates are streaking back to school, and their excitement is contagious. All the talk of new friends, new surroundings and new studies sound quite wonderful to a "middle-aged feeling" matron. It's interesting how many are entering West Texas and Tech—close to home. Store windows are full of wonderful collection of clothes to delight any college gal. Watch for the splashes of olive greens, reds, browns, and grays in windows! Pampa girls, most of them regular Miss Fashion-Plates, will be sure to tuck some two-piece and some tweeds into their luggage. Like the way they're mixing fabrics again—tweed with velvet (they've been doing that in little-girl coats a long time), wool and jersey, and even wool jersey with satin trim. You know, there's practicability in this season's "no definite silhouette" and really it seems as if we are getting an unending selection in color, fabric and design! By the way, 'bout the nicest things we've heard about in a long time were the style shows (for young and old) at some of our shops. ... freshments, music 'n everything! Definitely an incentive for shopping. Especially the music.

WE'LL MISS the college bunch. Won't seem right not having pert little Linda Fraser out leading the high school cheering section, but we know Sue Stewart will do a good job. Band majorettes, Jill Chapman, Harriet Schwartz, Vivien Brake and Jacqueline Merchant, are all seniors, aren't they? Course the ex-Harvesters will be missed, and all others who contributed to life at high school—Carolyn Carver, Donna Conley (isn't Donna planning to go into some phase of engineering?), Pat Ellis (cute as a bug), Jimmy Orr, Ann Perkins, and all the others. There'll be students to step into the spots they leave vacant, but still we're gonna put this particular group of young people in a very special place in our memory.

FALL AND WINTER activities at the Country Club are all planned, and they promise a lot of fun. Bridge luncheons, a bowery dance, fall and Christmas formal, buffet suppers, breakfast dances, and the family nights. D. E. Holt, the J. B. Maguires, Johnnie Hines, and Henry Reynolds, were in charge of last night's dance—the first of many for the coming year. Got to give the entertainment committee credit for a well-organized series of events: That committee is made up of the Clayton Husteds, D. E. Williams, Joe Donaldson, Riley Reynolds, Haskell Maguires, George Cress (Jr.), L. C. McMurrys, O. B. Worleys, Ralph Sidwells, W. F. Jordans, Demaris Holts, and Mr. and Mrs. H. E. Schwartz.

SCHOOL ISN'T SO BAD after the kiddoes are big enough to walk their way home, and don't require taxi service. We're still not sold on a bike trip to school every day, eh, and that reminds us, one group is still thinking on the "little a bike" campaign, and one organization has details on it. They may, or may not, adopt the plan for Pampa, but when you stop to think, it sounds like a splendid plan—but lots of work. By the way, when you stop to think, don't forget to start again. ...

If you're a dual personality — homemaker and job-holder — this is for you.

Home economics experts warn that there is a limit to the kind and amount of physical work you should do after a day at the office. The best approach, they say, is not to take pride in accomplishing an unreasonable amount of work in one 24-hour period. Much better, the experts suggest, to keep cheerful and happy in getting essential tasks done.

Women who hold down two jobs should remember a cardinal rule of systematic homemaking, according to the home economists: equip your home as neatly as possible with time-saving aids, such as efficient appliances, easy-to-clean surfaces of quickly wiped clay tile in kitchen and bathroom, and furniture which requires little care other than occasional dusting.

Don't attempt the impossible at home if you work for a boss from 9 to 5, the experts continue. Let the women who have all day for homemaking indulge in the "extras." Here are four basic standards to maintain to keep a home the way you want it:

1. Cleanliness for health and family satisfaction.
2. Simple comfort for privacy and relaxation. Make every room as well equipped for personal ease as possible.
3. Convenience of home arrangements for all who live in the home. Too many houses and apartments are styled for appearance's sake and not for livability.
4. Orderliness to make it simple for everybody in the family to locate things in a hurry. This will eliminate cries of "Darling, where is the zewing kit?" and other requests which mean leg-work for the lady of the house.

As ever,
PEG O' PAMPA

Price-Ward Formal Wedding Solemnized In Dumas First Presbyterian Church

The Dumas First Presbyterian Church, decorated in the bride's chosen colors of pink and white, was the setting for the recent marriage of Miss Patricia Rhea Price, daughter of Dr. and Mrs. Karl Dietrich and Mr. Earl Gene Ward, nephew of Mr. and Mrs. A. T. Rogers of Tylet.

The Rev. Paul Hebbarger of Dalhart officiated at the double-ring service. The altar was flanked by wispert from castelbra holding white tapers. Windows in the building held clusters of tall white tapers. Large floor baskets contained gladioli and pink delight roses interspersed with lemon leaves. Smaller bouquets were placed on each side of the cross which stood at the altar. Pews were marked with white satin streamers knotted with ties of the valley.

Preceding the ceremony, Mrs. J. K. Millice played "O, Perfect Love" and "Ave Maria." She accompanied Miss Joan Palmer who sang "The Lord's Prayer." The bride was given in marriage by her father. She wore a gown of white nylon tulle and chantly lace. The tulle skirt, with insets of chantly lace, was topped by a lace bodice. Long, tapered sleeves came to petal points at her wrist, and the yoke of French illusion was scalloped with small lace flowers, each centered with a tiny seed pearl.

Her fingertip veil of French illusion fell from a lace cap dotted with seed pearls. She carried a bouquet of lilies of the valley backed with lacy white marine encruste with loops of seed pearls, and centered with a white orchid.

Mrs. Jack Curtis of Pampa was matron of honor. She wore a pink nylon organdy ballerina gown, and a pink nylon net headdress. She carried a colonial bouquet of pink delight roses and white carnations on pink lace.

Fred Simmonds of Wichita Falls was best man. Usners were Richard S. Coon of Amarillo and Jack Curtis.

A reception in the home of the bride's parents followed the ceremony. Miss Karen Pieratt, the bride's sister, presided at the guest book.

The bride's table, covered with a white lace cloth, was centered with a floral arrangement in a silver bowl. White candles in silver holders flanked the centerpiece. Mrs. Frank Carter of Pampa presided at the punch bowl, and Mrs. Sam Huggins of Dalhart served the white wedding cake.

The bride was graduated from Ward Belmont High school in Nashville, Tenn. She attended the University of Texas.

The bridegroom has been stationed at Pendleton Army Base in California, and this will attend school in Sherman where the couple will live. Relatives present out-of-town relatives present for the ceremony were Mr. and Mrs. Glen Reck of Guymon, Okla.; Mr. and Mrs. Bess Brown, Guymon, Okla.; Mr. and Mrs. L. M. Price, of Stratford the bride's paternal grandparents.

MRS. EARL GENE WARD

Social Calendar

MONDAY
 2:30 p.m. — Pampa Art Club meeting in the City Club Room.
 7:30 p.m. — Official board meets in the First Methodist Church Chapel.
 8:00 p.m. — Jaycee - Ette board meeting in the home of Mrs. Art Attegut.
TUESDAY

Miss Dianne Ammons Honored With Party

Miss Dianne Ammons was honored recently on her seventh birthday with a party in the home of her parents, Mr. and Mrs. C. O. Ammons.

The honoree's brother, Darryl, played "Happy Birthday" on the piano, after which refreshments were served. Bubble gun and balloons were favors.

Those present were Nancy and Jean Chaffin, Sue Davis, Lydia Perkins, Vivian Brake, Harriet Finkelstein, Phebe Carter, Greta Miller, June Montgomery, Marva Su Stone, Christine Pierce, Claudette Matheny, Wynell Weatherred, Carol Dial, Norma Qualls, Betty Osborne, Pat Reynolds, Carol Paxson, Nancy Harrison, Mary Willis, Glenda Dudley, Janice McWright, Patsy Darby, the honoree and hostess.

Kit Kat Klub Honors Sponsor

Miss Jill Chapman was hostess at a surprise pink and blue shower recently honoring the Kit Kat Klub sponsor, Mrs. Dave Point.

Punch and cake were served before gifts were presented to the honoree.

Attending were Misses Ann Myers, Kren Kay Ammons, Mage Keyser, Wylie and Pat Tidwell, Lou Ella and Dickie Sargent, and Sharon Kay Powell. Two sent gifts who were unable to attend, Vickie Wilde and Debra Vandenburg.

Miss Joyce Pfeiffer, Mr. Bernard Brown Wed In Formal Ceremony In Raton, N. M.

St. Patrick's Catholic church in Raton, N. M., was the scene of the marriage August 25 at 10 a.m. of Miss Joyce Ann Pfeiffer, daughter of Mr. and Mrs. Frank Pfeiffer of Raton, and Mr. Bernard F. Brown, son of Mr. and Mrs. J. P. Brown of Pampa.

Rev. Francis J. Kums, C. M. of Pampa, officiated at the double-ring ceremony. The church was decorated with bouquets of white and lavender gladioli.

Van D. Benedetti, organist, accompanied Mr. Franklin Saunders who sang "Ave Maria," and "The Rosary."

Mrs. Ben Baker, Jr., who wore a lavender taffeta and net gown, was matron of honor. Her heart-shaped picture hat was of lavender nylon net. She carried a semi-cascade bouquet of white carnations interspersed with net.

Bridesmaids were Misses Sue and Linda Pfeiffer, sisters of the bride; Miss Zula Margaret Brown, sister of the bridegroom; Miss Betty Thomson of Oklahoma City and Mrs. Patsy Morrow, sorority sisters of the bride; and Miss Elizabeth Lackey. The blonde attendants wore lavender net dresses with colonial capes. They carried semi-cascade bouquets of yellow carnations interspersed with net. Bridesmaids were dressed in identical yellow gowns and carried bouquets of lavender carnations. The bridesmaids wore matching heart-shaped hats.

Mr. Pfeiffer gave his daughter in marriage. She wore a white slipper satin gown fashioned with a flowered lace yoke and full-length sleeves that tapered to points over her wrists. Her nylon net veil was attached to a lace halo held with a crown of braided net studded with seed pearls. She wore a pearl necklace, a gift of the bridegroom, and carried a white pearl rosary, a gift from the bridegroom's mother.

MRS. BERNARD F. BROWN

Mrs. Frank Shotwell Speaks At Council Of Clubs Meeting

The Council of Clubs met recently in the City Club Room for a report from Mrs. Frank Shotwell, Red Cross Executive who discussed the Blood Donor program.

Other business included discussion on the change of the City Charter, some plan for helping Public Library, and returning and beautification of the club rooms.

The following committees were appointed: calendar chairman, Mrs. Betha Chism; telephone chairman, Mrs. Shotwell; refurnishing, Mrs. Jack Vaughn, Mrs. Bob Curry, and Mrs. Clifford Braly.

The Council of Clubs meets the first Thursday of each month at 9:30 a.m. in the City Club Rooms.

Surprise Social Held Miss Nancy Alexander

CANADIAN (Special) — Miss Louise Zybach was hostess to a "come as you are" breakfast recently in the home of her parents, Mr. and Mrs. Carl W. Zybach.

Guests included Nancy Alexander, Dorothy Bernson, Opal Pyeatt, Mary Ellen Tepe, and Norma Bernson.

Nancy Alexander Entertains Friends

CANADIAN (Special) — Miss Nancy Alexander entertained a group of her friends recently in the home of her parents, Mr. and Mrs. Ralph Alexander.

Attending were Misses Opal Pyeatt, Norma Bernson, Barbara Hall, Louise Zybach, Dorothy Bernson, Mary Ellen Tepe, Sammie Krehbiel, and the hostess.

Miss Nancy Alexander, a graduate of Johnson and Mrs. Frank Miller, sister of the bride, were in charge of the party.

The reception was held at the Raton Country Club following the ceremony. The bride's table was centered with a three-tiered wedding cake in the shape of a cross crepe dress with purple accessories and topped with three miniature wedding bells. Mrs. Howard Lackey served cake.

Mrs. Brown, mother of the bride, wore an iridescent brown gown, Mrs. Raymond Morrow, Mrs. C. Sweeney, Mrs. V. A. Doggett, and Mrs. Harry McBride presided at the crystal punch bows. Mrs. Brown is a graduate of Johnson and Mrs. Frank Miller, sister of the bride, were in charge of the party.

Miss Barbara Mitchell, sorority Raton High school and attended Loveto Heights college in Denver, Colo., and Mrs. Floyd Loveto of the University of New Mexico, where she was affiliated with Chi Omega sorority.

Mr. Brown was graduated from Pampa High school and attended St. Louis University the University of New Mexico, where he was a member of Pi Kappa Alpha fraternity. He is now province chairman for the Newman clubs of New Mexico, Arizona and Texas.

Mr. and Mrs. Brown will make their home in Albuquerque.

Out-of-town guests included Mr. and Mrs. W. L. Cox and Steve, Rev. Francis J. Kums, C.M., and Mrs. C. L. Sullins, Mr. and Mrs. J. P. Brown, and Miss Zula Margaret Brown, all of Pampa, Mr. and Mrs. J. E. Brown of Albuquerque; Mr. and Mrs. C. V. Johnson and Mrs. Frank Miller of Johnson and Mrs. J. E. Brown of Albuquerque; Mr. and Mrs. C. V. Johnson and Mrs. Frank Miller of Johnson and Mrs. J. E. Brown of Albuquerque; Mr. and Mrs. C. V. Johnson and Mrs. Frank Miller of Johnson and Mrs. J. E. Brown of Albuquerque.

MRS. OREN H. ELLIS, JR.

Methodist Church Chapel Is Setting For Wedding Of Miss McDaniel, Mr. Ellis

In a formal ceremony solemnized September 1 at 7 p.m. in the First Methodist Chapel, Miss Barbara McDaniel, daughter of Mr. and Mrs. W. O. McDaniel, became the bride of Mr. Oren H. Ellis, Jr., son of Mr. and Mrs. Oren Ellis of Stephenville, Texas.

Rev. T. M. Johnston officiated at the double-ring ceremony read before an altar decorated with baskets of yellow gladioli and chrysanthemums, flanked by white candelabra in braced candle-bra.

Mrs. Roy Johnson played a prelude of nuptial music preceding the ceremony, and played the processional from "Lohengrin," and the recessional by Mendelssohn. Mr. Roy Johnson, accompanied by Mrs. Johnson, sang "Because," "I Love You Truly" and "The Lord's Prayer."

Miss Alice Stephenson of Burleson was maid of honor, and Miss Carolyn Cole of Stephenville and Miss Charlotte McGlasen of Cleburne, were bridesmaids. Miss Dotty Rightsell of Pampa was junior bridesmaid. Attendants wore nylon orchid net gowns over taffeta, fashioned with full skirts and strapless bodices and full, ruffled capes of net. They wore matching hats of net and carried bouquets of yellow chrysanthemums. Miss McGlasen and Miss Cole are cousins of the bridegroom.

Kay Graves of Stephenville was best man. Groomsman were Mr. Burnaby Munson of Wharton and Mr. Reagan Hicks of Luling. Michael McDaniel, brother of the bride, was junior groomsman. Ushers were Edgar G. Harris of Monchans and Daniel L. Hudson, Jr., of Bryan.

The bride, given in marriage by her father, wore a gown of chantilly lace and white slipper satin with a yoke of French illusion. They covered buttons extended down the back of the lace bodice which topped a gathered satin skirt, which extended into a fan-shaped train. The full-length sleeves tapered to points over her hands.

Her three-tiered fingertip veil of French illusion was attached to a Juliet cap encrusted with pearls. Her bouquet was white orchids, gardenias and siphonitis.

For her daughter's wedding, Mrs. McDaniel selected a smoketinted dress with matching accessories. The bridegroom's mother wore a powder blue lace dress and a coral velvet hat with jewel trim. Both wore gardenia corsages.

A reception in the church parlor followed the ceremony. The bride's table was laid with a beige handmade lace cloth. Miss Betty Boswell presided at the punch service, and Miss Pat Williams served the wedding cake. Miss Etta Francis Harney secured names for the bride's book.

When the couple left for a wedding trip to Colorado, the bride traveled in a beige gabardine ensemble with brown accessories. She wore an orchid corsage.

After September 15, the couple is to be at home in Austin where they will study at the University of Texas.

Mrs. Ellis is a Pampa High School graduate. She was a member of the Kit Kat Klub and Quill and Scroll. She was graduated from Tarleton State College in Stephenville, where she was freshmen favorite and cheer leader.

Mr. Ellis was graduated from Stephenville High School and Tarleton State College, where he was Cadet Colonel and outstanding first and second year man. Out of town guests included Mr. and Mrs. Bras J. Cole and son, Davis, and Mrs. and Mrs. Henry Ellis of Stephenville; Mrs. C. V. Cover, of Dallas Mrs. Donna McCully, Mrs. Jimmy Elliott, and Mrs. Robert Andrews of Electra; Mrs. Buddy Laudermilk of Amarillo; Miss Carolyn Cole of Stephenville; Miss Charlotte McGlasen of Cleburne; Miss Alice Stephenson of Burleson; Mr. Ken

Groves of Stephenville, Mr. Burnaby Munson, Wharton; Mrs. Reagan Hicks of Luling; Edgar Harris of Monchans and Mr. Daniel L. Hudson of Bryan.

The table was centered with orchid asters flanked by white fans. Twenty guests were present. Among the other courtesies for the bride, was a breakfast given by Miss Carolyn Cole of Stephenville and Miss Charlotte McGlasen of Cleburne, both members of the wedding party.

Attending were Mrs. W. O. McDaniel, Mrs. Oren Ellis Sr., Miss Alice Stephenson of Burleson and Miss Dottie Rightsell of Pampa.

The table was centered with white orchid asters. Places were marked with miniature hats like the attendants wore. The bride's place was marked with a miniature bridal cap and veil.

The bride was complimented with a miscellaneous shower recently with Mrs. Jack Stutton Miss Betty Boswell, Miss Nina Spearman, Miss Joyce Harrah and Miss Patsy Williams as hostesses.

The honoree and her mother, Mrs. W. O. McDaniel were presented corsages in the bride's colors, orchid and white.

The refreshment table was covered with an embroidered cloth and centered with a bouquet of orchid asters.

About 45 guests attended.

A rummage sale was planned during the business session, conducted by Mrs. Jack Vaughn. Attending were Mmes. Vaughn Tom Tipps, Floyd Watson, Bill Waggoner, Ed Myatt, John Garman, Roy Taylor, Jack Nimmo, Deleon Sanders, Jim Arndt, Bud Johnson, Elmer Francis, Art Aftergut, Clifton McNeely and James Roming.

Guests were Mmes. Rusty Ward

Thoughts

For who knoweth what is good for man in this life, all the days of his vain life which he spendeth as a shadow? For who can tell a man what shall be after him under the sun?—Ecc. 6:12.

Life is a place of service, and in that service one has to suffer a great deal that is hard to bear, but more often to experience a great deal of joy.—Count Leo Tolstol

ENGAGED: Rev. and Mrs. R. G. Sloan, 322 N. Wells, announce the engagement and approaching marriage of their daughter, Miss Betty Mae Sloan to Mr. Floyd M. Baxter, son of Rev. and Mrs. G. H. Baxter of Hooker, Okla. The wedding will be solemnized late this month.

White Deer WSCS Has Mid-Summer Christmas Party

WHITE DEER (Special) —The Woman's Society of Christian Service met recently in the home of Mrs. R. A. Thompson with Mrs. Laura Jo Skaggs as co-hostess.

The mid-summer Christmas party was held and gifts were brought to be sent to School and Community Center at Farmington, N.M. The gifts were placed under a Christmas tree. The meeting opened with the singing of Christmas carols. Mrs. Everett Butler gave the devotional, and Mrs. J. A. Cooley gave a Christmas reading. Mrs. W. L. Potter closed the program with a prayer.

Mrs. Russ Howard conducted the business meeting, after which refreshments of punch and colored cookies were served to 19 members and guests.

Bob Miller, Dale Thut, and Mary Lou Duekel, and Elaine Pogue. Hostesses, Mrs. Aftergut, Tipps, Bill Stockstill, and Myatt, served at 8 p.m.

"Tender beef served in a tomato sauce with onion seasoning — that's the description many folks give of that favorite, swiss steak."

A swiss steak need not always be the same. Of course, preparation is always by the braising method; only the ingredients vary. For instance, you can braise the beef in a tomato sauce and serve small onions on the side, preferably cooked with the meat. Or you can cook onion slices and fresh or canned tomatoes with the meat. The beef may be round steak, chuck or flank steak. Cooked by the moist heat method these less tender cuts of meat become tender and tasty.

Here are the steps to follow for braising steak, according to the meat cookery expert Reba Staggs. First of all, dredge the meat with flour, then thoroughly brown it on both sides in a small amount of lard or drippings. Next, add liquid (from 1-4 to 1-2 cup), cover the meat closely and let it cook slowly until it is tender. You may need to add more liquid during cooking, but always keep it at a minimum.

INDIVIDUAL SWISS STEAK
1 round steak, cut 3-4 to 1 inch thick
1-4 cup flour
1-2 teaspoons salt
1-8 teaspoon pepper
2 to 3 tablespoons lard or drippings
18 pearl onions
2 cups tomatoes
Cut round steak into 4 to 6 individual servings. Combine flour, salt and pepper and pound seasoned flour into steaks. Brown in lard or drippings. Place onions on meat and add tomatoes. Cover and cook in a slow oven (300 F.) for 45 minutes to 1 hour or until tender. 4 to 6 servings.

Oilfield Activity In Panhandle Sets Slow Pace Second Week

Oil field activity maintained a second week of reduced activity in the Panhandle last week as area operators staked out new locations and completed but five. Of the completions, three were oilers for a high 528 barrels while two were plugged wells.

Gulf Oil Corp. filed an intention to deepen its No. 3 John Haggard in Roberts County. New depth will be 6900 feet. Originally it was slated for 4,500 feet.

Hardy Sailor Is Ready For Another Trip

By JOE WING

NEW YORK (AP) — After four years' sailing around the world alone, Al Peterson is home from the sea — dead tired, dead broke, and eager to sail away again. Peterson is going to work now at his old trade of mechanic to pay for board and room, and expects to have to sell his good sleep Stornoway, too, but he has his eye on more adventures. Just when and where he is not sure.

By completing the long voyage home, Peterson became one of a half dozen men who in the past 35 years have managed to pilot small boats around the world singlehanded.

What makes a man do a thing like that? Peterson, a slow spoken, rather taciturn chap, now 40 years' old, couldn't say very well.

"I have been thinking and planning for it for 10 years," he said. "My parents are dead and I have few close relatives, and that made it easier. I've always hung around boats. I just felt like going."

So he saved his money, bought the Stornoway, a 35-foot double ender with gaff rig, provisioned and fitted her for a long voyage and set sail for Miami.

What did it cost? About \$15,000, Peterson figures, including the \$8,000 spent for the sloop.

Slight Rise In Rig Total
 DALLAS — A total 2513 rigs were active in oilfields of the United States and Canada for the week of September 1, 1952, according to a report to American Association of Oilwell Drilling Contractors by Hughes Tool Company. This compares with 2470 reported a week ago, 2336 a month ago, and with 2927 in the comparable week of 1951.

A comparison by principal areas for the past two weeks shows:
 Pacific Coast, 157, down 3 Oklahoma, 302, up 13 Kansas 146 unchanged Rocky Mountain 250 up 12 Canada 166, up 9 Ark-La-Tex 1, up 6 West Texas & New Mexico 470, up 6 Gulf Coast, 485, up 7 Illinois 123 down 6 North Texas 274, up 4.

Riddles Held Key To Election Results

(Second of four columns reporting the results of a national poll of newspaper editors on political prospects, trends and issues.)
 By PETER ERSON
 NEA Washington Correspondent
 WASHINGTON (NEA) — Answers to half a dozen riddles will determine the result of the 1952 presidential election campaign. These are the riddles, all of which have been put to the 700 U. S. newspaper editors receiving this column for a national poll on political trends and issues:
 What Southern states will Republicans be able to carry, if any?
 Will Taft Republicans support Eisenhower, or not vote?
 Will the Dixiecrats support the Democrats, or Eisenhower?
 Will Northern Negro majorities vote Democrat or Republican?
 Which farm policy plank has the greatest appeal to rural voters?
 What are the determining issues for the independent voters who hold the balance of power to swing the election one way or the other?
 A fourth of the editors replying to this questionnaire believe the GOP will carry no Southern states. These editors come mostly from the Southeast, the Southwest and the border states of the Midwest are most familiar with local politics. It is the editors of the North who think the Solid South can be cracked.
 Thirty-four per cent of the editors believe the GOP will take Texas and the highest Republican hopes are on the Lone Star state. Twenty-two per cent think Virginia will go Republican, 15 per cent pick Florida, 8 per cent South Carolina,

"What was my wife doing in here, Bilby? Trying to sneak something of a personal, domestic nature into my campaign promises?"

McLean Has New School

McLEAN (Special) — The new elementary school building is now completed and ready for occupancy, according to an announcement by Charles Cousins, business manager of the McLean Independent School District.
 Building contractor B. F. Horne presented the keys to school authorities Aug. 30. The board accepted the building with reservations pending arrival and installation of minor parts of the heating system delayed because of steel shortages.
 The one-story structure is modern in every respect. Designed by Norfziger and Lawrence of Oklahoma City, it consists of 14 classrooms, a cafeteria, an office and teachers' lounge. The furniture also is of the most modern style which will make the school the last word in both construction and furnishings.
 It is located just a block from the high school facing on Main Street. Built at a cost of \$141,350 with furniture costing \$6,977.25 it is a dream-come-true for patrons of the district. And it will get its first group of occupants Monday morning, when youngsters from parts of four counties flock in to begin the 1952-53 school year.

Tiny Plastic Lense Restores Sight Lost By Cataracts

CHICAGO (AP) — Little plastic lenses are being put into human eyes, replacing eye lenses lost through cataracts.
 Dr. Harold Ridley of London, England reported this new step in eye surgery.
 The eye specialist takes out the clouded lens, and substitutes a little disc of a clear, pure plastic. The lightweight plastic almost floats in the eye, and the patient doesn't feel it there. It is held in place by the iris, which is a muscle, and a membrane in back of the normal lens. The plastic lens does the same job.
 There is no distortion in vision, and no need for thick cataract spectacles that magnify highly, Dr. Ridley said. The patient can move his eyes to see things at his side. He can see through the plastic lens as soon as bandages are removed.
 In three years, Dr. Ridley has done 65 of the lens substitutions, and other doctors elsewhere have done 47 of his patients, Dr. Ridley said. 13 have normal vision, and 26 others nearly normal vision. Vision is under par in the other eight. Three persons have plastic lenses in both eyes.
 Plastic tubes can sometimes substitute for part of the human esophagus or gullet damaged by cancer or other disease, said Dr. Edgar F. Berman of Mt. Sinai Hospital, Baltimore.
 Strips of tubing four to nine inches long have bridged sections of diseased gullets removed in operations on 30 persons in the last two years, he said. The plastic tube may remain in permanently, or be removed after being surrounded by growth of a fibrous sheath.

Bloodmobile Will Visit Shamrock

SHAMROCK (Special) — The Red Cross Bloodmobile will be in Shamrock on Thursday, October 2 to give residents of Shamrock an opportunity to give blood to wounded Americans in Korea. It will be the first time citizens have had the privilege of making even a token sacrifice for wounded Americans on a fighting front. A minimum of 300 donors must be signed during the Blood Drive campaign now being organized.

PREY OF SEA—This 78-foot launch rests like a joy on rocks under a cliff where it was swept by heavy seas near Sydney, Australia. Eight men aboard scrambled up cliff to safety.

Nationalist Guerrilla Troops Harassing Commie Mainland

TAIPEH, Formosa (AP)—A Chinese Nationalist military source says about 20,000 island-based Nationalist guerrillas are conducting commando-type raids "at least every other day" against the Communist mainland.

The source, a general officer in the Mainland Works Department from Formosa and are in daily radio contact with Taipei headquarters.

The Mainland Works Department is a little-publicized branch of the Nationalist Defense Ministry. The department controls guerrilla activities on the islands skirting the mainland, along the Yunnan-Indochina border and in South China.

The general, who asked that his name not be used "because the Communists know too much about me already," said the purpose of the raids was to tie down regular Communist army troops so that Peiping cannot use them in Korea or elsewhere.

He said the guerrillas operate in small groups, staging lightning raids against Communist granaries, warehouses, rail lines and supply depots.

Stargazers To Study Mysterious Fireballs

ALBUQUERQUE (AP)—Stargazing scientists are holding sessions here which may shed some light on mysterious green fireballs which have streaked across the Southwestern sky in recent months.

About 25 members of the Meteorological Society are at the University of New Mexico for the group's 15th annual convention. More were expected to arrive today.

Dr. Lincoln La Paz, head of the University's Institute of Meteoritics, said the scientists also will discuss problems to be faced if men ever board a rocket ship to the moon.

Communist 21st Army units are among them. That's what we want them to do when we really invade. Their best troops will be right on the coast, just where we want them.

Recent Communist broadcasts have admitted that guerrilla activities are particularly widespread in South China.

Beauties Ask Character In Their Men

By BOB THOMAS

HOLLYWOOD (AP)—What do beauty contest queens seek in a husband? Handsomeness and wealth aren't important, they say. He must be sincere.

Time was when glamor girls only went for men who were both. The girls are now looking adonises or loaded with dough, or for elements of character, according to my survey of nine beauty winners.

Surveying beauties is not bad work, especially when they are attired in flesh-colored bathing suits. That's how the nine were dressed for undressed, according to how you look at it) for their roles as Martian Amazons in "Abbezz and Costello "Go To Mars." The girls were selected from the Miss Universe contest for chance at movie success.

Questioned about what they wanted in their future husbands, they replied:

Miss New Jersey, Ruth June Hampton of Merchantville — "I want him to be sincere, ambitious and have good character. He should be a typical man, not a pretty boy. I like rugged men."

Miss Germany, Renate Hoy of Berlin — "First of all, he should have sterling character. Secondly he should have enough money so we don't starve. I would like a man tall, dark and blue-eyed, or tall, blonde and blue-eyed."

Miss Louisiana, Jeanne Thompson of Baton Rouge — "The main thing I want in a man is sincerity. There is too much insincerity in the world, and especially in Hollywood where it is taken for granted."

Miss Michigan, Judy Hatule of Detroit — "I want a man who is tall, broad-shouldered, handsome, wealthy, intelligent, an actor and with the same religion as I am."

TENTALIZING—In Berlin, Germany, a pretty model dries herself off after a dip from her combination tent and rubber dinghy. The dinghy is divided into two equal parts to form the walls of the tent, while a canvas sheet, attached around the two halves, serves as top, back and front cover for the boat tent. After "roughing it" for a night, she simply folds the tent back to a dinghy and paddles home.

that I have. Of course, I won't find a man like that. So the main things I'll look for are sincerity, faithfulness and honesty. I really want a man who will keep our family together."

Miss Sweden of 1951, Anita Ekberg of Malmo — "I want a man who will look at me and like me. I don't mind if he looks at other women; he wouldn't be normal if he didn't. But I don't want him to like other women. He should be handsome, but that isn't essential. The main things are that he should be smart, have a sense of humor and like to do crazy things, as I do."

Miss Welcome to Long Beach, Jeri Miller — "The most important thing is compatibility. We should have understanding and respect for each other. He should be tall, but not necessarily handsome. Wealth is desirable but not essential."

Miss U. S. A., Jackie Loughery of Brooklyn — "I don't care if he's tall or handsome, just so he's rugged. I'd like him to be in show business, because that's what I'm interested in. He doesn't have to be a college graduate, but he does have to have something on the ball."

Miss Hawaii, Eliza Edsman of Honolulu — "He's have to be athletic; I love athletic men. Also intelligent and the life of the party. He should be tall, dark with dark hair, but not necessarily handsome."

Miss Montana, Valerie Jackson of Missoula — "He's sincere, truthful, happy, handsome, helpful around the house, loves dancing and sports. He's also 6 feet 3, weighs 207 pounds and —"

Valerie had a pretty good blue-print of the guy. She explained that she has already found and married him. He's Air Force Lt. Alan Jackson, currently of Korea.

Restricted Trademarks Losing Business For German Firms

By HANNS NEUERBOURG
DUESSELDORF (AP) — The Association for German Trademarks says German exports could be upped by one billion marks (238 million dollars) yearly if foreign firms were prohibited from using brands which were confiscated during World War II.

Producers of eau de cologne, soap, hair tonics and other products claim they are losing about 50 per cent of their potential sales abroad because foreign firms "sail under a false flag."

The association asserts that French firms alone export 340 million marks (\$80,920,000) worth of goods yearly which bear German trademarks.

Trademarked German products ceased to be exported during the war. Earlier, many German firms had set up foreign branches which produced and sold the original product. During hostilities, the branches were taken over by foreign interests. These bought confiscated trademarks from their own government.

The association says that in

several cases after the war, German firms which wanted to resume selling their trademarked goods abroad were forced to cancel contracts because former branches obtained court injunctions against their old parent companies.

The association charges the foreign goods sold under German trademarks usually have nothing in common with the original German product — except the name.

Most former enemy countries, however, have agreed in principle to restore German trademark rights after a "peace contract" is signed with the West German republic.

So far, the Bonn government has settled the trademark question in trade agreements with such foreign countries as Turkey, Egypt, Pakistan, Australia, Bolivia and Cambodia.

W. A. Sims Installed Commander Of Shamrock Legion

SHAMROCK (Special) — W. A. Sims has been installed as commander of DeShazo-George Post of the American Legion. Outgoing Commander J. W. Blake, Jr. opened the meeting and introduced installing officer, Shirley Draper, 18th District Vice Commander. Acting sergeant at arms, Harris Zeigler, presented the candidates for installation.

W. R. Ritter was installed as first vice commander; George Howard as second vice commander; Guy Hardin as adjutant; Bob Roach, Sr. as historian; Glenn Richardson as chaplain; Norman Patrick as child welfare chairman and Kurt R. Curfman as sergeant at arms.

During the business session Membership Chairman Ritter, outlined plans for an intensive 60-day membership drive to be held during September and October.

He said there are 152 members now holding 1953 membership cards — a total of eight more than half the total membership in 1952. The slogan for the 1953 membership campaign is "You Can Count On Me for '52."

Shamrock Rotary Hears Newsman

SHAMROCK (Special) — Trenton Davis, circulation manager of the Amarillo Daily News, was guest speaker at the Rotary Club ladies night in Shamrock recently.

Approximately 130 rotarians, their wives, and other guests were served barbecued steaks on the lawn at the Stuart Tisdal home.

Mr. Davis was introduced by Stuart Tisdal, who served as master of ceremonies for the annual affair. The speaker discussed the world economic situation and the prospect for the youth of today.

The musical portion of the program presented Travonnia Hatter and Lenora Alsop of Willow, Oklahoma in songs and monologs. Dudley Alsop introduced the girls.

A delegation of six couples represented the Canadian Rotary Club at the meeting.

W. H. Walker and Darrel Hale were in charge of the food arrangements.

Entries Sought In Flower Show For State-Line Fair

SHAMROCK (Special) — Mrs. J. H. Caperton director of the Flower Show Division of the State-Line Free Fair, has welcomed entries from all amateur flower growers who live in the area.

Winners of the various classifications will be awarded blue, red and white ribbons with rosettes going to the three outstanding entries of the show. Entries will be received from 8 a.m. until 11:30 a.m. Sept. 19. Judging will be Friday.

Entries will be accepted as follows: Division 1 — Single specimens of roses, dahlias, iris, and gladioli. Division 2 — Entries of two or more blooms of dahlias, zinnias, asters, petunias, snapdragons, verbena vinca (or periwinkle), marigolds, torch tithornia, straw flowers, cockscomb, cosmos, and nasturtiums.

Division 3 — Arrangements — rose, dahlia, gladioli, iris, dried material, terrace, mass line in a basket, kitchen, dining table, dining room, cup and saucer, miniature, small vegetable and fruit, fruit and flower, shrubbery, and flowers in a naturalistic container such as shell rock, wood etc. Pot plants both flowering and foliage will be accepted from owners who have had them at least 3 months.

Shamrock Firemen Hosts At Barbecue

SHAMROCK (Special) — Shamrock Volunteer Firemen were hosts Tuesday night to more than 125 guests at their annual chicken barbecue held in the Community Building.

The event has become a tradition past several years and has turned into an occasion of appreciation at which the "smoke eaters" show their gratefulness to those who help them with their duties.

Attending were the firemen's wives and children and as special guests—the personnel of the telephone company, peace officers, highway patrolmen, members of the city council, and representatives of the press and radio.

Huey Cook served as master of ceremonies. A musical program featured a vocal trio composed of Paul Cooper, Don Carlisle, and B. D. Herrington and songs with guitar accompaniment by Robby and Wanda Hammack.

Guill Addresses Young GOP Group

WACO (AP) — About 100 McLennan County Young Republicans heard a pep talk Friday night from Dwight Eisenhower's state campaign manager and planned a door-to-door campaign to get out the vote for the Republican Presidential nominee in November's general election.

Sen. Guill of Pampa, chief of

care if just so in to be use that's le doesn't luate, but something man of e to be men. Also of the all, dark of neces Jackson incere, me, help- ves danc- so 6 feet id food blue- explained oupd and Force Lt. of Korea.

IS IT NOT WONDERFUL? THE REDS HAVE SAVED OUR FIELDS FROM THE LOCUSTS!

BUT I SEE THEY HAVE NOT KILLED IN YOUR TREES.

HOW COULD THEY? ONE CANNOT SPREAD POISONED BAIT IN TREES.

HUMPH! IN MY SMALL VILLAGE WHERE THE AMERICAN PLANES SPRAYED, NOT ONLY ALL THE LOCUSTS ARE DEAD, EVEN IN THE TREES, BUT THE FLIES AND MOSQUITOES.

THIS WE DO NOT BELIEVE.

WE MUST SEE FOR OURSELVES.

YES, SHOW US, ONAR.

THE ANSWER IS STILL NO, DADDY! I'M FOR THE OTHER MAN. AND ABLE, BUT EVEN FOR HIM I WOULDN'T STAND UP AND TRY TO LOOK CUTE AND TWINKY?

WE'VE HAD ENOUGH OF HEARING, "BUT YOU DO LOOK ALIKE!" CAN YOU REALLY HEAR EACH OTHER'S CLOTHES?

AN ALL THE TIME THEY'RE THINKING "WHAT A PAIR OF FREAKS!"

DON'T TELL THE TWINS THAT THE BOSS IS BEHIND ALL THIS? THEY'LL FEEL THEY HAVE TO DO IT FOR MY SAKE!

I'M NOT GOING TO TELL 'EM HOW TO THINK! IF THEY LIKE THE OTHER FELLOW, THAT'S THEIR BUSINESS!

GOOD FOR YOU, JIM! I HOPE B.T. WILL AGREE WITH YOU!

IF HE DOES, IT'LL BE THE FIRST TIME IN FIFTEEN YEARS!

MY GOODNESS--IT SAYS HERE THAT THE PRESIDENT SHOOK HANDS WITH 2500 PEOPLE AT A RECEPTION YESTERDAY.

HE ALSO SIGNED 350 DOCUMENTS AND HAD SIX CONFERENCES WITH CABINET MEMBERS AND FOREIGN AMBASSADORS AND AT NIGHT HE SPOKE AT AN OFFICIAL DINNER.

DAGWOOD, PROMISE ME YOU'LL NEVER RUN FOR PRESIDENT!

I PROMISE.

NEWS STAFFERS ARE TRYING TO GET INTO THE HOUSE TO SEE THE MAGIC CARPET BEING UNROLLED.

IF OOOO KNEW TH' MAGIC WORDS FOR "GIDDAP, WHICH GEE ANY HAWK COULDN'T SHE STEER YOUR OL' CARPET BACK HERE TO US?"

YES, BUT EVEN IF I WERE MINDED TO GIVE HER THE SECRE... THE SECRET...

...IT WOULD TAKE A MORE POTENT MAGIC THAN ANY I POSSESS TO GET IT TO HER!

THAT'S RIGHT, BUT, BUSTER, WE'VE GOT IT!

EHP YOU HAVE SUCH MAGIC?

YEH, ONLY WE HAVE SUCH A LONG-DISTANCE TELEPHONE!

COME ON... IF YOU LIKED PLAYING WITH SUSIE, LET'S GO NEXT DOOR TO HER HOUSE. OLD NEHER ISN'T HOME.

THEY FORGOT TO CLOSE THE FRONT GATE. LET'S GO.

THE FOLKS HAVEN'T LET ME GO OVER THERE LATELY.

SHE'S INSIDE... YOU CAN HEAR VOICES TALKING... WE'LL WAIT 'TIL SHE COMES OUT.

OH, MOM! IT'S UNCLE NEHER ON THE PHONE... HE'LL BE HERE IN A FEW MINUTES.

LOOK... IT BOUNCED STRAIGHT UP IN THE AIR!

HOW 'BOUT THAT... TH' LUCKIEST KETCH AH DONE EVUH MADE!

WELL, THAT'S ONE WAY UP LOCATIN' A FLY BAWL. ACTUH LOSIN' SIGHT UP IT!

GRAB IT, OZARK!

HEY, OZARK... HAVEN'T YOU FORGOTTEN SMACKING?

SOMETHING WENT WRONG, VANE. THE CREW SHOULD HAVE ESCAPED WHEN THE SHIP CRASHED.

WHO'LL KNOW IT WASN'T AN ACCIDENT?

NO ONE, IF YOU DON'T GET SCARED AND START GIVING THE WRONG ANSWERS.

AND AS CHRIS PREPARES TO BOARD A PLANE FOR FISSION FLATS TO INVESTIGATE THE FREIGHTER CRASH...

WANT SOME COMPANY?

OKAY, AMAIZA, I'M EATEN UP WITH CURIOUSITY. WHAT'S YOUR MISSION?

YOU NEEDN'T BE SO SINGU. CHRIS... I HAVE BUSINESS IN FISSION FLATS, DO!

MUTT, LOOK AT THIS THREATENING LETTER I JUST GOT!

WHAT ABOUT?

OH, THIS IS AWFUL! IT SAYS IF I DON'T KEEP AWAY FROM THIS FELLOW'S GIRL HE'LL SHOOT ME!

WELL, WHY DON'T YOU JUST KEEP AWAY FROM HER THEN?

I DON'T KNOW WHICH ONE IT IS--

-AND THIS MUG DIDN'T SIGN HIS NAME!

IT WAS A GOOD POKER GAME, BUTT, EVEN I GOT LOST!

SHH!! YOU WANT MY WIFE TO HEAR?

YOU DON'T HAVE TO WORRY, BECAUSE YOU WON!

SHH!! YOU WANT MY WIFE TO HEAR?

DOES YOUR GRANMA ALLUS GIVE YOU THIS DELIGHTFUL ROOM AN' FEATHER BED WHEN YOU VISIT 'EM, ALLEN?

I KNOW WHAT YOU'RE THINKIN', BUT I'LL TAKE TH' WORST, CUZ I GOT YOU INTO IT! BUT CAN'T YOU STAY UP ON TH' BANKS A LITTLE LONGER AT A TIME?

NO--MY HANGIN' MUSCLES GIVE OUT! HAFTA COME DOWN 'TO REST 'EM!

THAT WAS A NEAT DEAL YOU MADE WITH COL. BACKSTRETCH, MAJOR! GETTING \$500 FOR A FILLY THAT WON'T RUN BEATS FALLING OUTA BED ON YOUR HEAD!

HEH-HEH! WE DID ENJOY A FULL SEASON OF SPORT GRATIS, AND MY CAMPAIGN FOR PRESIDENT FLOURISHED WHEREVER WE WENT!

MISTAH MAJOR, I HEAR LOTS OB FOLKSES SAY THEY VOTE FOR YOU ON ACCOUNT OB NONE OB DEM STAMPEDE CONVENTIONS!

WHO DO YOU SUPPOSE THERE'S ONE WAY TO FIND OUT? I'LL PLUG HER THROUGH--AND PLUG MYSELF IN.

GOOR! MUSHY'S LISTENING!

I WANT TO SPEAK TO MR. VIC FLINT, THE PRIVATE DETECTIVE.

I'M NOT PLAYING!

DID YOU HEAR ME?

I'M NOT PLAYING IF YOU'RE GOING TO CONCERN YOURSELF!

GIG TELLS ME YOU'RE A GOOD WORKER, BILL. SAYS WHEN YOU TACKLE A JOB YOU DO IT WELL!

I GET BORED DOWN NOTHIN'. MY OLE MAN SAYS I'M RESTLESS!

ME, TOO, BUT IT'S REST-LESS GUY'S WHO DO BIG THINGS, IF THEY PUT THEIR ENERGY TO THE RIGHT USE!

YEAH, I GUESS, ME. I LIKE JET PLANES AND SPORTS BEST, ESPECIALLY TH' FIGHTS.

AT LEAST, HE SEEMS MORE CIVIL, EASY... ESPECIALLY TO CATHY.

WHY DONCHA INTERDISCE ME TO YOUR RICH FRIENDS NEXT DOOR SOMETIME, CATHY?

THE RIGGS' HAVE A WILL, IF YOU'RE NICE!

MRS. RUGGLES: I AM MISS WHITE, YOUR SON DAVEY'S FIRST GRADE TEACHER!

ALREADY?

OH, MY! NOW WHAT HAS DAVEY BEEN UP TO?

OH, NOTHING TO BE GREATLY ALARMED OVER, BUT...

NOTHING LIKE GETTING OFF ON THE RIGHT FOOT, I ALWAYS SAY!

GOSH! IT'S THE PICTURE THAT WAS IN ALL THE STORES, UNCLE PHIL--ADVERTISING YOUR BOOK!

WELL, PHIL--I TOLD YOU THEY'D MAKE THE MOST OF ALL THAT GOLF PUBLICITY YOU HAD!

HEY! EVERYBODY! COME HERE--QUICK! LOOK WHAT'S COMING!

IS THIS WHAT YOU PAY HIM TO DO? LET HIM PLAY ON HIS TIME!

GIVE HIM YOUR ANSWER ON ELECTION DAY! VOTE FOR PETER R. FLOPP! AND GIVE VOTE GUYER WHO WILL WORK!

NOT ON YOUR TIME!

FATHER, WILL YOU PLEASE GET MY HOCKEY STICK?

WHY DON'T YOU GET IT YOURSELF?

I CAN'T, IT'S UNDER A LOT OF JUNK. IF YOU DIDN'T HAVE A LOT OF JUNK AROUND...

IF YOU KEPT THINGS NEAT AND IN ORDER YOU WOULDN'T HAVE ANY TROUBLE. GET IT YOURSELF.

IT'S UNDER A PILE OF YOUR JUNK OUT IN THE GARAGE.

THE ANTI-WHICKLE PATROL RIDES AGAIN!

DING DONG DING DONG

YOU'RE A WHICKLE! ICK! ICK! ICK!

PUBLIC PETTING IS PROOF POSITIVE YOU'RE A WHICKLE!

I GIVE UP! NO MATTER HOW HARD I HIT 'EM, THEY JUST FLOAT!

SHH!! YOU WANT MY WIFE TO HEAR?

SHH!! YOU WANT MY WIFE TO HEAR?

MAYBE YOU SHOULD TAKE VITAMINS, UNCA DONALD!

Defense Secretary Lovett Will Reject Another Tour

WASHINGTON (AP) — Secretary of Defense Robert A. Lovett, who once told a congressional committee he yearns for private life, is letting near his goal.

The Texas-born banker has spent 10 years in Washington service, left it twice and then returned. He now is rounding out a year as head of the federal government's biggest and strongest department.

Recently, Lovett was asked by newsmen if he would consider an invitation to remain as defense chief if tendered by the next president. No, he said, he would not; his tour of duty would be over.

Lovett has worn well. He keeps his somewhat sardonic sense of humor. His diplomatic experience in the business world (and, indeed, a former undersecretary of state) serves him as he works through the conflicting requests, suggestions, demands and mandates of the administration. Congress and the public are not the only ones who have benefited from his presence.

Because Lovett was a veteran of World War II before he came back for his present tour of duty, he knows the military officials and the problems. That, too, has helped him.

He has made few changes in operating the Defense Department since he took over. In fact, Congress pretty much fixed the form of the original unification law and subsequent amendments.

Lovett is the fourth secretary of defense. Each of them have been different mannered men.

James Forrestal, first man to take the post created in 1947, had an enormously difficult task awaiting him. His was the job of inducing the Army, Navy, Marines and Air Force to lay aside service jealousies and competition for missions and money.

He chose persuasion and pleas. He accomplished much, but never quite succeeded in ending the longstanding rivalries and bickering.

Next there was Louis Johnson, big, aggressive, determined to settle with iron fists such issues as Air Force - Navy feud over B36 bombers, supercarriers and the missions of the various services in a war, the medicine he used was strong, but it didn't work much better than Forrestal's persuasion.

He was replaced by Gen. George C. Marshall. Decades of a soldier's career, where regulations and command position are the machinery of administration, had made a pattern for Marshall. He preferred to cope with the broad, level policy questions, left the business management of the defense establishment to his deputy, Lovett, and other officials.

Perhaps because his procedure was familiar to his former military colleagues in the Pentagon and also because of some little awe with which he was looked upon by the White House and in some quarters of Congress — he appeared to be embroiled in fewer controversies than his predecessors.

By FRANCES TUCKER ALBUQUERQUE, N. M. (AP) Bob Hagy makes women's hats that husbands like too because they wear like iron. They should. They are iron. Starting as a joke and turned into a thriving business.

In 1950 Hagy told Miss Madalynne Kelly, a friend, he was going to make her an iron hat for Christmas. He did. And she, ever willing to go along with a gag, wore it to a cocktail party.

Well, cocktail parties being what they are and women being what they are — every woman at that party wanted an iron hat. So Bob was in business. Overnight he was a designer of women's hats.

The 52-year-old Hagy is an ornamental iron designer by vocation, employed by the Gilbert Iron Works in Albuquerque. His boss, Walter E. Gilbert, helped him design that first hat for Miss Kelly, picking out dainty flowers and leaves for it. The first one was a coronet type. Now Hagy makes almost any style — beanie, turbans, bridal hats, hats with iron feathers — anything a woman could imagine.

Although iron, the hats are lighter than most women's hats. The daintiest one, which consists of small iron bands decorated with wrought iron flowers, weighs only one ounce. The heaviest model Hagy makes is a latticed coronet type — weighs four ounces.

Iron hats are no more expensive than most women's hats, and not nearly so costly as other originals. The price for a Hagy-hammered hat usually runs from \$7.50 to \$12.50.

JACOBY On Bridge

All Should Know About This Play

By OSWALD JACOBY Written for NEA Service

If I ever write a book called: "What Every Bridge Player Should Know," I will surely include the correct lay by East at the first trick in today's hand.

When this hand was actually played, East hadn't read my book and therefore came up with the wrong answer.

West opened the six of spades, and East won with the ace. He didn't see anything wrong with it since he had been taught "third hand high," at his mother's knee.

East continued with the queen of spades, and South held off. South won the third spade and promptly went after the clubs.

East could take the king of clubs, but here the defense unwisely rested. East could not lead another spade, and South easily won the rest.

As everybody has noticed by now, I hope, the correct play by East at trick one is the queen

of spades. If East makes this play naturally and automatically, South will feel compelled to take his king immediately.

If he fails to do so, he runs the risk of winning no spades contract at all. For all he can tell West has the ace of spades, and this is his only chance to stop the suit.

After South wins the first spade trick, he cannot make his contract. He needs at least two club tricks and he will therefore quite naturally try the club finesse. East will thereupon take his king of clubs, lay down the ace of spades, and lead a third spade, permitting West to take the rest of the suit.

The whole point is that East loses nothing by playing the queen of spades at the first contract. If West has the king of spades, East's queen will win the first trick. If South has the king of spades, he is bound to win a trick with it sooner or later, and the defense should make every effort to force South to win the trick sooner rather than later.

Prettiest Blind Girl In US Sought

NEW YORK (AP) — They're seeking the most beautiful blind girl in the nation in a new contest sponsored by the Associated Blind, Inc.

The contest, which ends Nov. 1, is aimed at helping raise \$250,000 for the Associated Blind to use in training blind people to become self-supporting.

More than \$5000 worth of merchandise has been offered as prizes, the Associated Blind said yesterday in announcing the contest.

The 1929 Geneva convention governing treatment of war prisoners was not signed by Russia.

GIRL SCOUTS BEGIN ACTIVITIES — Local Girl Scouts get into the swing of training activities for the 1952-53 year as the Pampa Girl Scout Association plans to begin its annual fund campaign with an advance drive in Pampa tomorrow. Pictured are two local Scouts as they serve as chairmen of the fund campaign in the Girl Scout Little House. Serving refreshments is one of the varied activities in which the girls receive training in scouting. Seated are Ed Myatt, left, fund chairman for the association, and Floyd Watson, general chairman of the current campaign. The Scouts are Shella Nelson, left, and Becky Palmer. This year's goal was set at \$7,750 at a meeting of the association Friday night in the home of Dorothy Statton, council assistant. (News Photo)

Chinese Nationalists Trying To Attract American Capital

By STANLEY RICH ALBUQUERQUE, N. M. (AP) — This last retreat of the Chinese Nationalists is going to try to attract American capital.

The United States government has extended to Formosa its investment guaranty program.

This encourages American investment abroad by: 1. Guaranteeing full convertibility of profits into dollars.

The idea here, as elsewhere, is to rebuild the economy with the help of American investments instead of congressional appropriations to lift some of the burden from the United States taxpayer.

Under the guaranty plan, if the Communists invaded Formosa and confiscated, say, a 10-million-dollar fertilizer factory, the U. S. government would see that the American investors got their money back.

Mav officials say there are plenty of investment possibilities. For example, the need for power is great, and mountainous Formosa has lots of hydroelectric power potential.

PARDON THE INCONVENIENCE — Shippers watch for "detours" as U. S. International class race at Marblehead, Mass., passes highway construction sign hung by pranksters.

Canadian High Has First Assembly Of The School Year

CANADIAN (Special) — First assembly program of the year for Canadian High School was held Friday in the high school auditorium.

Master of ceremonies was Supt. A. H. Breazeale. The high school chorus, directed by Mrs. Joe Page, led the student body in group singing.

The new cheerleaders were introduced. They are Christine Schaefer, Sandy Wilkinson, Kathleen Riley and Nancy Keahy. Also presented were two new faculty members, Nay Benich, science and shop instructor, and Johnny Sims vocational agriculture head.

All class officers were introduced to the assembly. In order they are the president vice president, secretary - treasurer, sergeant - at - arms and sponsor.

Seniors — Stan Douglas, George Vinson Betty Jean Pigg, Stan Hodges and Mrs. Marion Karr.

Juniors — Carolyn Price, Roy Flowers, Glenda Hill, Orla Curmuth and Mrs. Barbara Truitt.

Sophomores — Charles Vinson, Jerry Green, Pat Tippa, Billy Hines and Mrs. Maudaline Hutton.

Freshmen — Zella Flowers, Tommy Brooks, Erbin Crowell, Clay Reames and Miss Elizabeth Crow.

Eighth Grade — Dennis Hill, Joyce Cleveland, Texa Peterson, Darrell McPherson and Mrs. Hub Hekt.

Seventh Grade — Johnny Grist, Kelly Wilson, Harold Ballard Larry McFather and Mr. Mose Dameron.

Football also held the spotlight. Introduced by their coaches were Dell Krahbiel and Darrell McPherson captains of the Pee Wee football team, and Danny Conklin and J. T. Hill, captains of the Wildcat football team.

Principal H. W. Truitt welcomed visiting "exes" and made several announcements before dismissing the assembly.

WE HEARD ...

That Mr. and Mrs. John G. Hamilton Los Angeles, are the first to accept an invitation to attend the Gray County 50th Birthday Celebration in October. Hamilton, Los Angeles, are the first theatre in Pampa.

Russell has been a News carrier for about three months delivering newspapers to residents on Alcock from the 1900 block all the way to Price Street.

Stretches on his route include Davis, Doyle, Perry, "Rider" and Baer.

Russell is in the sixth grade at Sam Houston School this year.

He likes school and his favorite subjects are arithmetic and spelling.

He has lived in Texas most of his 11 years. He was born here, moved to California for two years and then has been back in Pampa for nine years.

During the summer when Russell had lots of leisure time he played baseball, just any position, went swimming frequently and went to all the movies about the army and war that he could.

His favorite stories are mystery, such as the Hardy Boys series. When he gets out of school, he wants to get in the marines or the air force; he hasn't decided which for sure.

Russell may be reached by phone at 4862-W.

LOBSTER CHOWDER

To make lobster chowder use a cup of cooked or canned lobster (cut in small pieces) to a quart of rich milk. Add about three tablespoons of butter and salt and freshly - ground pepper to taste. Allow the chowder to stand at least half an hour before serving to develop good flavor.

Pampa Concerns Will Sponsor National Home Week Contest

More than \$2000 in awards will be given during the observance of National Home Week in Pampa Sept. 14-21, according to an announcement Saturday.

Plans for the observance, to be sponsored by the realtors, lumber dealers and home builders of Pampa were completed and regulations set up at a meeting of a representative committee, Friday in the office of Jay Thompson, Hughes Development Company.

The official name given to the competition during the week is "Parade of Homes." Contestants will be required to visit seven or more homes during certain hours.

The hours of visitation set up are from 2-7 p.m. Sept. 14 from 5-7 p.m. Sept. 15 through Sept. 18 from 4-7 p.m. Sept. 20 and from 2-4 p.m. Sept. 21.

Regulations set up at the meeting are as follows: Any member of the sponsoring realtors, lumber dealers or home builders is eligible to win a prize. Awards are limited one to each family. To be eligible to enter the contest, one must be either 21 years of age or married.

At the first participating home, each contestant will be given a certificate that will have listed the addresses of all the participating houses. As each house is visited the certificate will be stamped or signed by the builder or his agent holding open house. Homes need not be visited in the order listed.

After the completion of the tour of homes, the certificate with name and address of the contestant will be put in a sealed box provided in each home. Only those certificates which bear seven stamps or builders' signatures will be eligible for a prize.

Mr. and Mrs. E. F. Hollis' son, Russell, 425 N. Rider, is today's Pampa Daily News' presentation of carrier boys.

WELCOME TEACHERS
WE'RE GLAD TO HAVE YOU BACK WITH US AGAIN
PAMPA, in our opinion, has as fine a group of teachers as will be found anywhere in any town or city in the State of Texas. We feel that our schools are efficiently managed and supervised. We further believe that our children have the very finest opportunity to receive a good high school education in our fully equipped and accredited modern high school.
Our school system in Pampa is worthy of every ounce of support we are capable of giving. We should boost it, take an interest in what is going on, and lend encouragement and co-operation wherever needed and whenever asked.
There should be no strife, no bickering, gossiping or knocking, but a continuous pulling together to the end that no school system anywhere will outdo ours. It can be done with the co-operation and support of every person in Pampa and community.
