Ike Hints Mate Must Come 'Clean As Hound's Tooth'

Cites Old Story . . .

President Exulting Over Nixon Furore

NEW LONDON, Conn. (AP) - President Truman exulted quietly Saturday over the political furore involving Republican vice presidential nominee Richard M. Nixon while he spent nearly four hours inspecting the Coast Guard Academy here.

Allies Regain Hill Position

SEOUL, Korea (AP) - Two columns of Allied infantrymen battled their way to the top of Old Baldy Hill in Western Korea early today and recaptured it after a stiff fight with defending Chinese Reds.

An Allied front-line officer reported confused fighting still was in progress several hours later, but said: "We are still on the hill."

The Allied attack was launched from two directions in an apparent attempt to envelop the Reds and cut off their retreat.

First reports from the front said only that Allied forces were on top after a stiff battle.

Thunderous U.N. artillery fire supported the Allied infantrymen as they battled up the scarred eastern and western slopes.

The Chinese answered with intense mortar and artillery fire at both the relief columns and tired U.N. infantrymen who have clung to the southern slopes since Thursday night.

An earlier attempt Saturday to regain Old Baldy was turned back by the Chinese after Allied infantrymen reached within 300 feet of the top.

Fighting raged at eight other points on the Western and Central Fronts Saturday and resulted in at least 600 Red casualties.

U. N. forces braced for new Red thrusts in what appeared Saturday to be a steadily increasing series of attacks on hill outposts.

Near the Panmunjom truce conference site the Reds wheeled up tanks to support a battalion drive on four U.N. hill positions along a 2,000 yard front. Three of the attacks were driven off but the Reds managed to capture a fourth hill for a short time. They were subjected to heavy Allied artillery fire and forced to withdraw.

A front line officer said U.N. troops re-occupied the position without opposition.

Truce Talks Lapse Into Another Recess

MUNSAN (AP) - Truce talks lapsed back into another week-long recess today - the eighth in a row - when a rancorous 22-minute session of communists and United Nations delegations failed to crack the prolonged deadlock on prisoner exchange.

Each side accused the other of propounding lies.

Gen. William K. Harrison, senior U. N. delegate, barely mentioned the prisoner issue. Instead, his 27-minute statement challenged the Red contention that South Korea began the war. He declared: "... You have now arrived at the point where the bigger lie, the better it sounds in your ears."

Gen. Nam Il, top Red negotiator, again insisted North Korea was invaded. He called for acceptance of the Red proposal for return of all war prisoners.

Pampan Hit By Truck

68-year-old man was struck down by an empty gasoline transport truck at 7:45 p.m. Saturday in front of Poole's Drive-In.

J.C. Wilson, 809 Murphy, was that, suffering from bruises and lacerations, was taken to Highland General Hospital. These stitches were taken both in his left arm and over his left eye. He left the hospital after treatment.

Operator of the truck was Finis Augustus Florence, 69, of New London, Tex., according to the investigating patrolmen, Ed Johnson and B.L. Day. Florence is staying at the Davis Trailer Court.

The officers said that the truck was headed east on Brown and apparently proceeding at normal rate of speed when the accident occurred. Wilson had been crossing the street.

MISS GRAY COUNTY CONTESTANTS - Four local girls have been chosen as contestants for the Miss Gray County title in the queen contest during Gray County's 50th Birthday Celebration Oct. 12-14. Contestants will appear on the Chamber of Commerce float in the celebration parade Oct. 13 and on stage at the junior high school auditorium the evening of same day. To be judged on personal beauty, style and culture, the winner will receive an all-expense trip to the Texas State Fair in Dallas the week end following the contest. Pictured are the four contestants already entered. They are Miss Pat Ellis, daughter of Mr. and Mrs. Clyde Ellis, sponsored by Bentley's; Miss Arvilla Patterson, daughter of Mrs. Dee Patterson, sponsored by Behrman's; Miss Sue Kennedy, daughter of Mr. and Mrs. F. F. Kennedy, Creole Oil Company; and Miss Joyce Moyer, daughter of Mr. and Mrs. M. M. Moyer, Gilbert's. All entries are to be mailed to Mrs. Margaret Smith, Box 1942, Pampa. (News Photo)

GOP Nominee Says To Report Expense

ST. LOUIS (AP) - Sen. Richard M. Nixon of California must come "clean as a hound's tooth" out of the present furore over his acceptance of private expense funds if he is to remain on the Republican ticket.

AP reporters can say authoritatively that it is the present attitude of Gen. Dwight D. Eisenhower, the Republican presidential nominee, toward his vice presidential running mate.

Eisenhower can be described accurately as believing that - from the facts the general now knows - Nixon did no wrong in accepting more than \$18,000 in expense money raised by a group of California business men.

But the Republican nominee, who may talk to Nixon by telephone tonight, is insistent that he has all the information on how this money was spent.

Nixon said in a message to Eisenhower Friday that the money was raised "in an earnest and unselfish desire on the part of the contributors to support my fight against Communism and corruption in government."

So far as Eisenhower is concerned, it is known, the Nixon case is not a closed chapter and the future of the California as the "veep" candidate will depend largely on what the trustee's report shows in connection with the expense funds donated to him.

Eisenhower has pitched his entire campaign on a theme of high ethics in government with no taint of wrong - doing.

His position does not imply in any way that Nixon has done anything wrong - but until the public is satisfied with the standards of morality in public and private life Eisenhower has been talking about in his campaign speeches?

If they have, the Republican presidential nominee vigorously will defend Nixon, insist that he be retained on the ticket and probably will join the Californian in contending that the whole incident was a "deliberate smear" against his running mate by Communist sympathizers.

If it turns out, however, that Nixon used the funds to pay for his services and generally to elevate his style of living in Washington and in California, there may be a thumbs down sign from Eisenhower.

This could result in a privately voiced demand that Nixon withdraw, to be replaced by Eisenhower's chosen by the Republican National Committee.

The odds against any such action appear long because Eisenhower hopes that Nixon will come up with an accounting that will

(See IKE, Page 2)

Guill Charges Red Plot Against Nixon

The Communist Party has tried to smear Sen. Richard M. Nixon, GOP vice presidential nominee, in the matter of California campaign funds, ex-Congressman Ben Guill charged Saturday night in a telephone interview.

The plot, Guill continued, was instigated by Sen. John Sparkman who "was endorsed for the U. S. Senate by the New York Daily Worker."

This statement came hard on the heels of an earlier assertion by the Texas Eisenhower-Nixon campaign manager that Ike has a 50-50 chance of carrying the Lone Star State.

"Not one check," he insisted after a telephone conversation with Nixon, "was ever signed by Nixon and he did not know the names of a single one of the 75 contributors to the fund."

That was in reference to the alleged allegations by some Democrats that Nixon was using an excess of campaign funds.

The money in question, Guill continued, "was paid for by Dana Smith, Pasadena, Calif., of the Nixon senatorial campaign in 1950 and also an active member of the Volunteers For Good Government." VGG is a California organization.

This campaign fund, Guill emphasized, has been "an open book to Californians" for the past two years. These people, he added, are "trying to make something out of nothing." What they trying to do, he insisted.

(See GUILL, Page 2)

HUMOR ON THE POLITICAL FRONT - Gov. Adlai Stevenson bursts into laughter as he chats with Sen. William Benton (D-Conn.) on a visit to Connecticut. The Democratic presidential nominee, on a whistle-stop tour of New England, worked not only to win the state's electoral votes but also to help Benton in his re-election campaign. Benton is a stalwart foe of Republican Sen. Joseph McCarthy (Wis.). (AP Wirephoto)

Ike Center Opens Monday

A "Citizens For Eisenhower" headquarters will open at 10 a. m. Monday at 304 W. Foster, according to Mrs. Raymond Harrah, publicity chairman.

The group will be composed of Republicans, Democrats, Independents - anybody who is for Ike, Mrs. Harrah said.

Five bigger-than-life-size pictures of Eisenhower have already been hung and chairs, tables and all manner of campaign paraphernalia are on hand. Much work remains to be done, however, Mrs. Harrah said.

The headquarters will be open from 10 a. m. to 4 p. m. Monday through Saturday, until the presidential election Nov. 4. Anyone interested in promoting the general for president can procure information and campaign material at the center. Telephone service will be installed Monday.

A public meeting sponsored by "Citizens For Eisenhower" originally scheduled for last week will be held sometime this week, Mrs. Harrah commented.

Brothers Seek Out Killer Of Veteran

DALLAS (AP) - A relentless two-month search by two men for the slayer of their brother has resulted in charges of murder against a suspect.

Sheriff Douglas Suggs, 21, was accused Friday in a 1941 stabbing of Joe Gonzales Schaffer, 23, in a downtown doorway last July 27. Schaffer was a Korean War veteran.

Robert Schaffer, 37, and George Schaffer, 32, began their methodical search the day after they buried their younger brother.

Wright Morrow Quits Post As Texas' Demo Committeeman

HOUSTON (AP) - Wright Morrow of Houston resigned as Texas' Democratic national committeeman because he does not work for policies of the national party.

Morrow's resignation prompted immediate speculation that the State Democratic Executive Committee may refuse to accept his offer to step out.

It also brought tart comment from Maury Maverick, San Antonio, leader of the Loyal Democrats who have fostered Morrow since he took the office in 1948.

"It's the best Democratic news we've had in years," Maverick said. "He (Morrow) would have had self-respect enough to have resigned four years ago."

Morrow in his letter of resignation said he can not carry on the functions of the National Committee in view of the action of the recent State Democratic Convention at Amarillo.

The Amarillo convention gravely put Democratic nominee Adlai Stevenson's name on the ballot, then instructed its officers and all Democrats to work for the Republican nominee.

At Austin, Gov. Allan Shivers said he had no comment on Morrow's resignation.

'Howdy Week' To Start At Pampa High School Monday

'Howdy Week' at Pampa Senior High School has been officially declared for Monday through Friday of this week by the student council.

Activities get underway Monday morning with an assembly program and the distribution of name badges for each student to wear throughout the week.

Jack Spencer, former Pampa High teacher, is to be guest speaker at the assembly program and a one-act play, "Box and Cox" is to be presented by the Thespian organization. Miss Billy Hutchins is director of the play.

Public Meeting On Change In Charter Slated Sept. 29

A public meeting on the proposed change in the city charter has been scheduled for 8 p. m. Sept. 29 in the county courtroom.

Held under the auspices of the Pampa League of Women Voters, the meeting will feature speakers both for and against the measure.

Up for the consideration of Pampa voters are amendments to the city charter that would have the mayor and all the commissioners elected by the city-at-large. Since 1947 each of the city's four wards have voted for the commissioners to represent that ward on the city commission - and for no other.

The charter amendment election will be Oct. 4.

At the Sept. 29 convocation, according to the PLWV, both sides will provide a list of not more than six reasons for or against the amendments, and of not more than 100 words in length.

The PLWV will make this material available in pamphlet form immediately after Sept. 29.

The PLWV this year wants to encourage a large vote and an informed vote. It is to attain quality as well as quantity in voting that the league is sponsoring this meeting.

Pampa citizens are urged by the league to attend the meeting.

For Livestock Transportation call Lloyd Kuntz 2030-J or 1802.

Operator Concessions Stave Off Coal Strike Due Monday

WASHINGTON (AP) - John L. Lewis won sweeping concessions from Northern soft coal operators Saturday in a new contract which staves off a strike due Monday.

Lewis, president of the United Mine Workers Union, was expected to insist on - and probably get - the same terms from the rest of the industry.

His agreement with the Northern operators calls for a boost of \$1.90 in daily pay and a 10-cent-a-ton increase in the royalty mine owners pay into the miners welfare fund.

Drive Captains Are Named For Annual Girl Scout Drive

Drive captains for the annual Girl Scout Association began making personal contacts with area businessmen Monday to initiate activities on the general drive.

The campaign is to be completed by Oct. 10, according to Floyd Watson, general drive chairman. Serving as captains are Paul Keim, Larry Jarrett, Rusty Ward, Gene Fatheree, Leslie Hart, E. Roy Smith, Joe Agnew, Tom Rose Jr., J. C. Hopkins, Jack Vaughn, Ralph McKinney, Aubrey Jones, Bill Waters, Harvey Nestell, C. C. Whitney, and Bill Fry.

The association includes Shamrock, Leflore, White Deer Skelly, town and Hopkins in addition to local troops. Sam Malone is chairman of the drive in Pampa.

Future plans for local Girl Scouts were made recently at a meeting of 35 leaders, committee members and other mothers interested in scouting.

A trip for intermediate girls to the Amarillo Air Base via train was planned, with further details to be worked out.

WE HEARD . . .

That Livyn Young was elected Lions Club Sweetheart and Lee Fraser as Junior Rotarian for October at a meeting of the student council of Pampa Senior High last week. The students will be guests of the clubs at their weekly luncheons during the entire month.

**PICKETING FOR LEADERS** — Local Girl Scouts get in the picket line at the Girl Scout office in the city hall in an effort to recruit leaders for approximately 50 girls in various Pampa troops. Standard bearers are Phyllis Trollinger, left, and Rita Cartwright, right. Dejected Scouts on the bench are Nita Cartwright and Martha Robertson, back, and Judy Neef, front. Any local woman interested in answering the girls' plea and becoming a Girl Scout leader is urged to contact Dorothy Station, council assistant. (News Photo)

### Reuben Baggerman Takes Honors In County-Wide Show

The gilt of Reuben Baggerman, Grandview 4-H Club boy, took top honors in a county-wide gilt show sponsored in Lefors Saturday by Sears, Roebuck and Company and the state agricultural extension service.

The prize gilt was one of eight in the show. All were offspring of the first eight gilts given by Sears to county 4-H boys at the beginning of an annual program several years ago.

The first-place winner will be entered in the Amarillo Friday State Fair Monday through Friday of this week. Recognition and awards to the owner of the prize gilt will be given Friday during the day set aside to honor area 4-H and Future Farmers of America Club members.

Others winning cash awards Saturday include Dale Veale, Pampa, whose gilt placed second; Jimmy Rice, McLean, third; Bob Coombes, Pampa, fourth; and Harry Price, Pampa, fifth.

### WRIGHT

(Continued From Page One)

Wallace Savage, Dallas, new chairman of the State Central Committee, commented he didn't think the committee would appoint anyone to succeed Morrow who had political views differing with Morrow.

"So," Savage said, "why accept the resignation? He emphasized he could not speak for the W.P.A. committee.

The state committee is made up almost entirely of close friends of Gov. Shivers, who said he can not vote for the Democratic National conventions presidential nominee.

Morrow became national committeeman in 1949 when the late Myron G. Blalock, Marshall, retired. He came immediately under fire from the party's liberal faction which accused him of having left the Democratic ranks in 1944 to join the Texas Regulars in a battle against Franklin D. Roosevelt.

### PRESIDENT

(Continued From Page One)

couldn't recall, had similar difficulties when Pierce, a Democrat, was elected in 1852.

He told reporters if they would read Stefan Lorant's "The Presidency," they would find a parallel case in the Pierce campaign against Gen. Winfield Scott.

Truman said Pierce's running mate died in Cuba after taking the oath of office.

"If he had come back, he would have found himself mixed up in a lot of things," the President said.

The man elected with Pierce was William R. King, who died shortly after taking the oath of office as Vice president. The oath was administered to him in Cuba, where he had fallen gravely ill with tuberculosis.

The only reference to him in Lorant's book—which termed King "the prim old bachelor"—was a brief reference to his illness and the oath, and a note that he died the day after he returned home.

Lorant, reached at his home in Lenox, Mass., said he believed Truman actually had in mind the 1880 presidential campaign of James A. Garfield.

He said Garfield was attacked by Democrats as being among senators and congressmen who accepted valuable stock from railroad interests in the Credit Mobilier scandal of 1847.

Garfield specifically was accused of receiving \$200 in dividends from such stock. The figure itself became a sort of campaign keynote or slogan of his opponents, who chalked it on buildings and signs. Garfield was elected, nevertheless.

The newspapers read by Truman on his journey Saturday included the Washington Post, supporting Gen. Dwight D. Eisenhower, the Republican presidential candidate, and which suggested Nixon's withdrawal from the ticket.

## Drought Said Worst In Texas History

FORT WORTH (AP) — The U. S. Soil Conservation Service said Saturday the Southwestern drought is the worst in Texas' history.

Neighboring Oklahoma, Arkansas and Louisiana are in better shape. They have been hit hard in some areas by months of dry weather. Crop yields, especially corn, have been greatly reduced — but most range and pasture lands are in condition to recover fairly well, the conservation service said.

The blistering sun and dry weather have cost Texas farmers an estimated one hundred million dollars in crops alone and untold losses in pasturage. Receiving rains must fall before the experts can tell how much Texas forage has been baked beyond recovery.

The service's regional office analyzed reports from 410 field offices — 230 of them in Texas — for its four-state drought survey.

The service used these checkpoints in determining that Texas' drought is the worst yet: area involved, duration, effect on land cover, persistent heat and scanty rainfall.

Louis P. Merrill, regional director of the conservation service, said the present drought has been in effect an average of 27 months in key areas — and as long as 34½ months in South Texas.

The drought of 1916-1918 lasted an average of 24 months. And

the big dry spell of the 1933-36 "Dust Bowl" days hung on for an average of 24.4 months.

However, from the standpoint of area covered, the 1933-36 drought was worse nationally than the current one. In the Great Plains states, including Texas and Oklahoma, the Dust Bowl spread through 1,203 counties.

The conservation service's report shows a broad, uneven belt of the worst drought condition—poor to very poor soil cover and poor to very poor moisture — running from Brownsville, at the southern tip of Texas to the Red River on the Oklahoma border. It covers nearly half the state.

This belt follows the Rio Grande northwest into the Big Bend and far West Texas. Its eastern edge angles into Central West Texas, then veers sharply east and north to the Red River.

There are big patches of this condition in El Paso's far west corner of the state, in the Panhandle and South Plains and in North Central Texas.

Most of the rest of Texas shows fair to good soil cover but poor to very poor moisture. This condition prevails in Oklahoma, Arkansas and Louisiana. However, Oklahoma also has big strips of the worst drought condition joining Texas' bad strips in the Panhandle and at the Red River.

**DOOMED** — New York's Fifth Avenue will soon say good-by to the last relic of its 19th-Century grandeur remaining between 12th and 61st Streets. It's the old Gould mansion, built nearly 100 years ago, pictured above as it looked in 1908. In 1868 the famous Helen Gould was born there. The site will be occupied by one of two 15-story office buildings to be erected by Ivor B. Clark.

### IKI HINTS

(Continued From Page One)

show only payments of bills for travel, hiring extra help and such other expenditures.

The California senator said in his message to Eisenhower that "the facts will show that not one cent was spent by me for personal use."

Eisenhower is not inclined to underestimate the politically damaging effect of the disclosures about Nixon.

He feels there is no legal question involved, although Nixon said he did not report the expense money as income.

But if Nixon's actions don't measure up to the highest moral standards Eisenhower has laid down, then Eisenhower apparently is convinced that he can not continue the Californian on the ticket, and will make an issue of corruption in government.

The Republican nominee obviously is impressed with Nixon's forceful campaigning and his youth. The senator is 39, and Eisenhower has been urged to cast in on his youth accent in his campaign.

Eisenhower can be said to have known little about Nixon before the latter was nominated. He talked to the Californian only briefly before that time. But Eisenhower has obvious affection for his partner on the ticket and belief in the latter's honesty.

### Pampan To Edit Tarleton Paper

Miss Betty Howard, daughter of Mr. and Mrs. F. A. Howard of Pampa, will edit the student newspaper at Tarleton State College, Stephenville, this year.

Miss Howard, a senior at the two-year college, is a business administration major. She graduated from Pampa High School with the Class of '51.

She is studying journalism in addition to her major at Tarleton.

operating a motor vehicle without a driver's license.

### Wheeler Seeking Cotton Pullers

SHAMROCK (Special) — Cotton pullers are urgently needed in Wheeler County. The harvest is slow because of the serious shortage of pullers, gimmers report. The three gins in Shamrock and Twitty have processed 189 bales and the Traders Compress has handles 200 bales of this year's crop. The best cotton of the county seems to be coming from the sandy land around Keltor. While most of the cotton ginned is of

### Irish Girl Scouts Slate Annual Drive

SHAMROCK (Special) — The annual fund drive for the Shamrock Girl Scouts will be held from Sept. 10 to Oct. 10. Perry Bear, drive chairman, asks contributors to give their donations to solicitors when they call or mail a check to him at 202-294 North Main Street, Shamrock. The money from the drive is retained in this area for promoting the Girl Scout program. A pretty good grade it is fairly short staple.

## K&F Club To Hear Admiral ... Inside View Of Jap Occupation Slated

ADM. BENTON W. DECKER ... describes occupation

An inside view of the occupation of Japan, from a man who was one of the chief protagonists of it, will be given to the members of the Knife & Fork Club when the guest of honor will be Rear Admiral Benton W. Decker, who for four years under the jurisdiction of General Douglas MacArthur, was the United States commander of the great Japanese Naval Base at Yokosuka. As such, Admiral Decker played an important part in the occupation and what he has to say on the subject is of historical interest and helps us Americans to understand better the ticklish situation which confronts all of us in the western Pacific.

### Former Pampan Wins Scholarship At Texas Tech

Mrs. Beverly Brandt Ross, a graduate of Pampan High School and outstanding on the forensics team in 1949, has been granted a \$100 speech scholarship at Texas Tech.

Mrs. Ross, who lives at 2221 15th St., Lubbock, was one of seven upperclassmen and five freshmen to share in a \$1,200 speech scholarship fund, sponsored by nine individuals in Lubbock and the Texas Society for Crippled Children. She is a charter member of the National Theatrical Society's Group 1010, and was selected wing sweetheart of the Air Force ROTC in 1951. Other upperclassmen to receive scholarships in speech were Gail Littleton, Perryton; Eleanor Lincoln, Levelland; Mary Newman, Shallowater; E. J. Tarbox, Jr., Darroutzett; Harriet Henderson, Lubbock; and Pat Edwards, Fort Worth. Freshmen included Betty Hamilton and Virginia Carr, both of Lubbock; Mary Braselton Plainview; Bayard Foster, Mertzon; and Alice Dickson, Dallas.

The affair, according to Clinton Evans, local president will be held in the high school cafeteria Oct. 2. It is expected that a large number of the members and hand to hear Admiral Decker.

"Benny Decker, was retired in the summer of 1950 at the age of 54, was one of the youngest flag officers in the history of the modern Navy to have earned his retirement. In Japan, he made a remarkable record for his rebuilding and reconstruction work and for his friendly administration of the Japanese people.

Decker was graduated from the Naval Academy in the spring of 1919, making the fourth generation that a Decker had been an officer in the United States Navy. He married a San Diego girl in August of that year and established a home there. His two sons, both graduates of the Naval Academy and now lieutenants, are keeping the family tradition alive. Decker is one of the best-known Masons to have been raised while in the Navy and he played an important part in the re-establishment of Christianity in Japan. He is especially proud of the fact that the Pope made him a Knight Commander of St. Sylvester for his work.

### County Tries 68 Felonies In 2 Years

Gray County had only 68 felonies tried in district court for the two-year period ending Aug. 31. Of that total, there were 46 convictions carrying a composite sentence of 67 years in the penitentiary and 91 years suspended, according to records in the district clerk's office.

The charge of theft of more than \$50 accounted for an even 20 indictments in district court. But hard on the heels of persons accused of theft were those up in court for forgery and burglary. Nineteen indictments were for burglary, 18 for forgery.

Remaining indictments were scattered among those charged with burglary and forgery. There were 15 of each. Thirteen of those accused of theft were convicted. And there were two convictions for swindling and one for assault with intent to murder.

Penitentiary terms, in the two-year period, included 22 years each, for burglary and forgery; 21 years for swindling; and 18 years for theft.

Aggregate suspended sentences totaled 35 years, for burglary; 18 years, for theft; 21 years, for swindling; and 13 years, for forgery.

The person was put on probation for four years on a forgery charge. At present there are 21 cases — in varying categories — on the district court docket.

### White Deer Lions To Sponsor Annual Carnival Oct. 11

The White Deer Lions Club will sponsor its annual carnival Oct. 11, on main street and in the Richardson Motor building. A turkey and ham shoot at 1 p. m. on the White Deer Gun Club Range will begin activities and other carnival attractions begin at 6 p. m. Food concessions rides for children and booths have been planned for the event.

All proceeds, according to Lion President T. C. Jackson, go toward the Lion-sponsored community projects. Two in progress now are Boy Scout activities and the installation of traffic control signs and street markers.

### Shamrock Bank Deposits Climb

SHAMROCK (Special) — Deposits in the two Shamrock banks have increased \$287,263 during the past 11 months and are \$8,136 greater than they were two months ago according to statements made by officials of the bank this week. Total deposits in the First National and Farmers Merchants State Banks at the close of business Sept. 5 were \$4,533,492. The First National Bank has \$2,817,888 on deposit and the F & M, \$1,992,597.

While loans at the two banks are slightly higher than a year ago they are less than two months ago. Current loans total \$1,277,651 as compared with \$1,270,105 on October 10, 1951 — an increase of only \$7,547. The First National Bank has \$723,160 in loans. The F&M Bank has \$554,491 in loans.

The deep portions of the sea have a temperature of 2 or 3 degrees above the freezing point of fresh water.

LOCOMOTIVE DUE FOR CELEBRATION — Santa Fe's Locomotive No. 1, the Cyrus K. Holliday, is to be on display Monday and Tuesday of Gray County's 50th Birthday Celebration Oct. 12-14. The steam-powered giant of another era will be parked across the street from the Schneider Hotel during its stay here. 60 feet long and cars are 20 feet shorter than passenger cars in use. Few alterations have been made on the locomotive. The tender is now. The cowcatcher and heavy parts on the engine are made of wood. Yellow passenger cars and the cab also are of wood. The train is equipped with a smoke stack of a shape all its own, airbrakes of ancient vintage, holders on each side of the catwalk for flags, a wooden vestibule between the two cars and the old rods which gave rise to the phrase "ridin' the rods." Fueling system is unchanged on the locomotive; the fireman must shovel coal without assistance, but the old oil light has been converted to electricity. Everyone here for the celebration will be invited to inspect the locomotive.

When the highway to Alaska through Canada was first opened to the public, Canada required permits from motorists who wished to use the road. Now the increased number of service stations and other aids to travelers have made such permits unnecessary.

### Domestic, Foreign Crude Stock Drops

WASHINGTON (AP) — The Bureau of Mines has reported stocks of domestic and foreign crude petroleum totaled 264,350,000 barrels on Sept. 12, a net decrease of 1,315,000 barrels for the week. Domestic crude decreased 941,000. Foreign crude decreased 374,000. Daily average production was 6,461,000 barrels, an increase of 19,000. Runs to stills averaged 7,059,000, an increase of 38,000 above the revised figure of 7,021,000 barrels for the preceding week.

### Free Book on Arthritis And Rheumatism

How to Avoid Crippling Deformities

An amazing newly enlarged 44-page book entitled "Rheumatism" will be sent free to anyone who will write for it. It reveals why drugs and medicines give only temporary relief and fail to remove the cause of the trouble; explains a special non-surgical, non-medical treatment which has proven successful for the past 33 years. You incur no obligation in applying for this instructive book. It may be the means of saving you years of untold misery. Write today to The Bail Clinic, Dept. 2533 Excelsior Springs, Missouri.

## HOW MUCH FUN do you get from a GALLON OF GAS ?

"MILES PER GALLON" is something everyone talks about—and Buick owners take pride in telling us that they're doing OK on this score.

But the kind of miles is important too. The real pay-off you get when you own a Buick is in what happens while you're turning gas into power.

Every drop of gas sets off a tiny tornado of compacted energy in Buick's Fireball 8 Engine.

You swoop from a standing start to any speed the law or good sense permits with effortless smoothness, thanks to Dynaflo Drive.\*

You soar over the road with magnificent levelness—buoyed by big soft coil springs on every wheel—coddled by a dozen other features which make up Buick's million dollar ride.

The car holds direction like an airliner on the beam. You snug into turns with sure-footed

poise—ease your grip on the steering wheel and feel the car seek a straight course again like a compass points to the pole.

This is travel as you've always hoped to find it—relaxed, carefree, luxurious, happy—while you leave the miles behind.

Yes indeed—life's different in a Buick. How different you should find out firsthand.

How about letting us give you a sample—any day you say?

Equipment, accessories, trim and models are subject to change without notice. \*Standard on Roadmaster, optional at extra cost on other Series.

WHEN BETTER AUTOMOBILES ARE BUILT

WILL BUILD THEM

# Canadian Seeking To Form New Bank

CANADIAN (Special) — An effort to organize a new bank for Canadian was made Wednesday when more than fifty persons met at city hall here and subscribed nearly \$200,000 for stock and named eight men to a board of directors for the proposed bank. One position on the nine-man board was held open for the man who will be chosen to run the bank if a charter is granted. Named to the board were R. T. Kelley, Joe Reid, G. B. Matthers, Frank McMorde, Charles Wright, Bud Webb, Frank Shaller and Pat Huff.

Members of the newly-elected board held a meeting following the stockholders' session to go over details of the charter application is planned at the present time. Plans were to file a charter application with the State Banking Commission as quickly as details can be worked out. The charter application will probably seek to capitalize the new bank for \$175,000 but board members indicated that the figure might be higher.

There were 59 subscribers to the foundation fund, and all are residents of this immediate area. Names of the subscribers were not made public since the list is still not complete. Subscriptions ranged from \$500 to a maximum of \$10,000, and stockholders voted to set the par value of stock at \$10 per share.

The move to organize a new bank began about two weeks ago when a delegation of interested men went to Austin for an informal conference with the State Banking Commissioner. Arrangements were made for the charter.

## Community Sing Scheduled Today

Community Singers will meet at 2:30 p.m. today at the Church of God, Reid and Campbell. The public is invited to the singing. Elmo Hudgins will be in charge of the session. He said he expects new books to arrive in time for today's meeting.

DR. J. W. MARSHALL leads revival

## Dr. Marshall Guest Preacher In Central Baptist This Week

Dr. J. W. (Bill) Marshall, president of Wayland College, Pampa, will be in Pampa this week to conduct services at 7 a.m. and 8 p.m. daily at Central Baptist Church.

Bill O'Brien, director of education and music of the church, will be in charge of congregational singing and Mrs. O'Brien will accompany at the organ. Mrs. Chester O'Brien Sr. is to direct Bible study each day for the women.

Wayland students from foreign countries are to be special guests at each evening service.

## Annual Farm Field Day Set For Oct. 7

The annual field day at the Amarillo Conservation Experiment Station will be held Oct. 7.

Sponsored by the Amarillo Chamber of Commerce, the livestock and agriculture committee and experiment station personnel, it will feature many elements of general farm interest. On the day's program are discussions and talks on farm problems, a tour of dryland pastures and even a chat on weather prediction. The public is invited.

Dr. Marshall is an internationally-known speaker and leader among Southern Baptists. He holds a Bachelor of Arts Degree from Texas Christian University, Fort Worth, and a Master of Religious Education from Southwestern Baptist Theological Seminary, Fort Worth.

He has also attended the University of Kansas and Baylor University, Waco. Following the Baptist World Alliance in Stockholm, he toured Europe and the Holy Land and since then has travelled extensively in Formosa, Hong Kong, Japan, Philippines and Hawaiian Islands.

In the summer of 1951 he went on a preaching mission to the Orient and interviewed many of Free China's foremost leaders, including Generalissimo and Madame Chiang Kai-Shek.

Dr. Marshall is known in Baptist circles as "The Flying Parson" as he pilots his own plane to meet his speaking engagements, sometimes three in one day as far apart as 100 miles.

## Canadian Officers Receive Two-Way Radio Hook-Up

CANADIAN (Special) — Installation of two-way radio sets in city police and sheriff's department cars here completed a nine-county police radio hook-up in the northeastern Panhandle.

Police radios are now in operation in Hemphill, Moore, Ochiltree, Hansford, Sherman, Gray, Hutchinson, Lipscomb and Carson counties.

Installation of a base station in the sheriff's office in the courthouse here is to be made within the next five or six weeks. In the meantime Canadian and Hemphill county officers are maintaining communication with base stations at Perryton and Pampa.

Units already installed are in the cars of Sheriff Clyde Risley, City Marshal Clint Ward and in the official car of J. T. Hamby, brand inspector. Another unit is to be installed by the State Game Department in his car operated by Warden Woody Pond here.

Cooperation with the State Highway Patrol gives the officers in the nine-county hook-up quick access to the state police radio network.

# Stars and Stripes

Cpl. Junior A. Minnick, son of Mr. and Mrs. George Minnick, 926 E. Campbell, is on his way back to this country from Korea. Entering the Army Oct. 10, 1950, Minnick was sent first to Ft. Sill, Okla., then to Camp Chaffee, Ark., for his basic training. He remained in a cadre unit at Camp Chaffee until Dec. 4, 1951, when he was transferred to the Far Eastern theater. The corporal was stationed near Pusan, Korea, until Sept. 12, 1952, and is now on his way back to Ft. Sill. Minnick attended Pampa schools and worked at Sunshine Dairy for three years before entering the service.

NOW IN JAPAN — Pvt. Glen A. Stafford, son of Mr. and Mrs. E. M. Stafford, 1140 Terrace, arrived recently in Japan and is now serving with the 24th Infantry Division, Stafford's unit, which is now receiving intensive security forces on Hokkaido, a field training, is part of the northernmost island in the Japanese chain. The division spent 19 months in Korea before it rotated out of the front lines early this year. Stafford arrived in Japan Aug. 23. He entered the Army last January and took his basic training at Ft. Knox, Ky.

TO GO OVERSEAS — Pvt. W. C. Nelson, 20, son of Mr. and Mrs. Oscar Nelson, 939 S. Banks, has received his wings at Ft. Benning, Ga., and is now at Camp Kilmer, N.J., awaiting assignment to overseas duty. Pvt. Nelson completed 17 weeks of basic training at Camp Roberts, Calif., with the Seventh Armored Division before joining a seven-day leave before heading for the airborne outfit, Nelson had in for Camp Kilmer.

Cpl. Bobby G. Green, son of Mrs. Myrtle Green, 620 Roberta, is now serving with the Japan

WITH THE 25th INFANTRY DIV. IN KOREA — When it comes to that "home" touch mother always knows best. Pfc. Frank Bean, son of the Rev. and Mrs. S. M. Bean, Shamrock, wrote a letter home telling of men working to beautify the 27th Infantry Regiment's rest and recuperation area in Korea. By return mail Bean received a small package containing pe-

from the 47th "Viking" Infantry Division at the Southern Alabama camp. He will undergo a rigorous schedule, composed of a wide range of military subjects from military courtesy and field sanitation to machine gun and bazooka familiarization. After he finishes his primary training, Pvt. Brown will be eligible for reassignment for further infantry or specialized training.

A clerk in the cargo operations branch of the Second Transportation Major Port, Cpl. Green entered the Army in April, 1951. Before being ordered overseas, he was stationed at Ft. Hood, Tex. Pvt. William R. Brown, son of Mr. and Mrs. James A. Brown, 305 N. Hobart, has arrived at Camp Rucker, Ala., for his initial infantry training. Inducted in Pampa Aug. 21 and processed at Fort Sill, Okla., he will receive basic training

several tents and already flowers are sprouting. He commented, "They may not be standard operational procedure but our tents are starting to look like homey little cottages. Bean planted the seeds around Read The News Classified Ads

### LOST 33 POUNDS WITH THIS HOME RECIPE

Barcetrane is the original grapefruit juice recipe for taking off ugly fat. It's simple. Just go to your drugstore and ask for four ounces of liquid Barcetrane. Pour into a pint bottle. Add two ounces of grapefruit juice. Then take just two tablespoonsful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves—if reducible pounds and inches of excess fat don't seem to disappear almost like magic from neck, ribs, bust, abdomen, hips, calves and

### Vet Unemployment Payments Slated To Begin Oct. 15

Payment of unemployment compensation to veterans will begin Oct. 15, according to the local Texas Employment Commission officers.

This action is authorized under the Veterans Readjustment Assistance Act of 1952, signed by President Truman July 16. Title IV of VRA provides for payment of unemployment compensation benefits totaling \$675, which is to be paid at the rate of \$26 a week to unemployed veterans who have served for 90 days or more and have some service recorded on or after June 27, 1950.

Under the provisions of Title IV, benefits are payable only for weeks of unemployment which occur after the 90th day following enactment of the act.

Claims by veterans can be filed at any of the 82 local offices of TEC throughout the state. The veteran is not entitled to Title IV benefits for any week of unemployment completed before the 31st day after his discharge, if eligible for mustering-out pay of \$160; before the 31st day, if eligible for MOP of \$200; or before the 31st day, if eligible for MOP of \$300.

To receive benefits a veteran must be unemployed, he must file a claim, he must register for work and he must be available for work.

For further details, veterans may check with the local TEC office.

### Milk Producers Maintain Ratings

All Pampa milk producers and distributors have retained their Grade A ratings over the past six months, according to A. N. Thorne, dairy inspector for the Pampa Health Department.

The continued high ratings were based on inspection and analysis of company plants and producers during the six-month period. Companies included in the semi-annual report are Sunshine Dairy Foods Pampa; Plains Creamery and Borden Creamery, both of Amarillo; and Kelly Creamery, Elk City, Okla.

The ratings are based on United States Public Health Service

OFF TO COLLEGE: Pictured at the local railroad depot on the morning they left for Stephens College in Missouri are Miss Betty Williams, daughter of Mr. and Mrs. Dan Williams; Miss Linda Fraser, daughter of Mr. and Mrs. Bill Fraser; Miss Carol McClelland, daughter of Mr. and Mrs. Luke McClelland; and Miss Jacqueline Merchant, daughter of Mr. and Mrs. Jack Merchant. The girls attended Pampa High school last year.

### Petticoat Set Of 1685 Had It All Over Today's Lady Tycoons

By DOROTHY ROE

Associated Press Women's Editor Today's highly emancipated lady bankers and corporation presidents had nothing on the petticoat tycoons of old New York in the year 1685.

Some of these bonneted lasses bossed whole fleets of ships, influenced the world balance of trade and cleaned up on a little discreet piracy on the side.

These stimulating bits of history in the rights-for-women annuals are set down by Dunbar M. Hinrichs in his just-published novel, "Mrs. Captain Kidd."

Hinrichs, who worked out the comprehensive automobile insurance policy now in general use, retired from General Motors Insurance Company at the age of 43 to devote himself to writing. After his daughter, Nancy, voiced a burning interest in pirates, he delved into research on the life and times of Captain Kidd and discovered that the bold captain's wife was even a more colorful figure than he.

The demure but iron-willed Sarah married Captain Kidd at the age of 21 — and he was her third husband. Says Hinrichs:

"That gives you a general idea of the pace of life back in pre-revolutionary New York. The ladies then were fully as active and welded just as much influence on affairs as they do now

standards with which all milk producers and distributors must comply.

even though they did not vote and many could not read or write."

Mrs. Captain Kidd was one of the latter, but the fact that she could not sign her name did not deter her from amassing vast wealth and property, and sitting in on the inner councils of political plotting of the day.

Even though he finally was tried for piracy and hanged for murder in England, Captain Kidd was not a pirate, says Hinrichs, but sailed as a duly licensed privateer under the flag of England, and when he seized a ship's cargo it was always from the fleet of a nation with which England was at war.

In colonial New York, both men and women were highly fashion-conscious. They had their garments made according to the fashions worn by miniature dolls shipped from Europe.

Clothes were relatively expensive, even then. Mrs. Captain Kidd, for instance, gladly paid \$10 for a petticoat but complained bitterly at the price of 50 cents for a side of venison.

### Irish Fire Department Gets Commendations

SHAMROCK (Special) — Shamrock Volunteer Fire Department has recently received two letters of commendation and cash gifts totaling \$75. One of the letters and a \$50 check came from the Oil Well Servicing Company of Pampa. Writing for

the owners of the company, E. C. and R. C. Sidewell, K. F. Chalmers thanked the fire department for their services during a recent fire at their drilling rig near Shamrock.

The other letter and a \$25 check was sent by H. L. Tesperstrom of the United Carbon Co., east of Shamrock. In a letter addressed to Mayor Bob Douglas he commended the department for their immediate response to a call for ladders and pumoter equipment to rescue three employees who were overcome with gas while working on an elevated platform. He stated that but for the prompt action the three men might have been lost.

Both ancient Egypt and ancient Greece defied great physicians.

### Polio Retains Record Pace

WASHINGTON (AP) — The Public Health Service has reported that the number of new cases of infantile paralysis in the United States has hit a record high for the fourth straight week. The agency listed 4,032 cases in 47 states—New Mexico was missing during the week that ended Sept. 13. There were 3,824 new cases the previous week, including 29 from New Mexico. Usually, incidence of polio starts to drop early in September. The total for the "disease year" period were not available, but

which started with the week ending April 5 reached 30,071 up to Sept. 13, more than 2,000 more than the total of 28,060 listed in the same period of 1949, the previous record year. Minnesota reported 405 new cases last week, the highest weekly total for any one state this year. Illinois had 302 new cases. Texas still continues to lead in polio cases reported since Jan. 1, with 3,462, including 151 last week. Next comes Iowa with 2,033, Michigan with 1,995, Illinois with 1,977, Ohio with 1,751 and California with 1,713. Thus far there have been 22,391 cases since Jan. 1, 1952. Figures for the comparable 1949 period were not available, but

Oh, Come Now! RICHMOND, Va. (AP) — Richmond Professional Institute is offering a course this year in "puttering." A part of RPI's adult education program, it's intended to teach men and women how to putter around the house to better effect. Among other things, the course includes basic fundamentals of electricity, plumbing, woodworking, use of tools, minor home repair — and how to stay within the family budget. during all of 1949 there were 42,033 cases.

# Pirates Open Season With 19-0 Victory Over Rattlers

## Greens Gossip

By HOGAN O' SNEAD

Been a cool and quiet week at the golf course the past several days. It ought to be busier this week though, with the golfers getting sharpened up for the club tournament next Sunday. Heard that the Jaycees had barred Ivan Noblitt from this because he killed too many rattlers last year. Seems as if Ivan, with his good handicap, ought to be a help to the club. Speaking of that tournament, Johnny Austin said that he is going to need the names of all the contestants by Wednesday if possible so that he may work out the handicaps. So all you chairman or club representatives in charge better get to work. Had several fine rounds fired this week. Marge Austin and Raymond Harrah, the old lefthander, both turned in their best rounds of 39's. Wonder if Harrah's helped him any against Doc Key? And Johnny Payman slipped around the front nine in 33 with a double bogey on No. 7. Johnny needed only 13 putts on 12 holes as he and Cletus Mitchell, who tossed in three birdies, showed Jack Nimmo and the pro, Johnny Austin, how easy the course really is.

Got lots and lots of golfers going over to Hereford for the pro-am and tournament this week. The pro-am is on the 25th, and the tournament runs on the 26th, 27th and 28th. Forman, Mac Austin and John Ramsey are three who plan to stay for the tournament, too.

And Mac Austin got a new motorscooter this week. So now when he has to go out on the course to bring in somebody for an emergency phone call, he can bring them with him. He's got a rumble seat on the new put-putt.

The Harvester golfers had their initial meeting of the year last Wednesday with their new golf coach, Weldon (I'm over the measles now) Trice. They elected co-captains for the coming season with Darrell Godfrey and Buster Carter being named to the honor. The boys got their practice schedule worked out and other questions answered as they prepare for what should be their biggest year of golf in the school system. It is the first time the sports has been recognized with a coach from the school be assigned to handle the golf squad. We'll be seeing all you civic clubbers around the course this week. I imagine that Johnny will be giving an unusual number of lessons.

CUB COBERLY ... goes 51 yards

## Godfrey, Carter Golf Co-Captains

Darrell Godfrey, a senior, and Buster Carter, a sophomore, have been selected by their teammates to captain the 1952-53 Pampa High School Harvester golf team. The selection was made this week at a meeting of the golfers with their golf coach, Weldon Trice, at the Pampa Country Club.

For the first time, this season the Harvesters will be assigned a coach by the school. In the past Professional Johnny Austin of the Country club has served as instructor and has taken the team on all trips.

Approximately 30 boys from senior and junior high schools are working out each afternoon for two hours at the country club course. Some dual meets with nearby schools may be scheduled before the winter season finally sets in.

## Hornets Pound Out 46-0 Win

MOBEETTIE (Special) — The Mobettie Hornets evened their season's record here Friday afternoon as they rolled to an easy 46-0 victory over Kelton's Lions.

Coach Charles Cash's Hornets held a narrow 6-0 lead at half-time. Joe Seitz having capped a sustained 35-yard drive in the second quarter with the only touchdown of the half.

But Seitz came back and roared to four more touchdowns in the second half while Wayland Newman intercepted a pass and ran it back 20 yards for another and Jerry Taylor scored the other TD on a fake pass play.

Taylor's blocking and Seitz' hard running featured the Hornets offense while Barris Ward, George Kilcrease and Floyd Patton sparked the line on defense and Taylor, Newman, Bobby Goller and Jerry Simpson looked good in the defensive backfield.

Next week the Hornets open their league season against the Miami Warriors at Miami. Game time is 2:30.

## Hacker Checks Cardinals, 4-1

CHICAGO (AP) — Warren Hacker, the Chicago Cubs' straggled right hander, checked the St. Louis Cardinals Saturday 4-1.

Stan Musial the Cardinals' center fielder and the National League's leading batter, went hitless in four official times at bat, and as result his average dropped to .3333 compared to Frankie

Tipps was tackled in his end zone by Don Moore.

# Sandies Upset By Redskin 11

AMARILLO — The Amarillo Sandies opened their home season Friday night losing a well-played 18-12 contest to the Capital Hill Redskins of Oklahoma City. Time ran out on the Sandstorm as they marched 67 yards in the fourth quarter only to have time run out for them with the ball, and the winning touchdown, on the Redskin 2-yard line.

Failure to convert extra points was costly. Missing two of them meant losing a tie.

The visitors scored the first time they got their hands on the ball, which was when the game was three and a half minutes old. The Sandies missed on a fourth down bid for four yards and the Redskins took over on their own 37. On the first play Don Raper, Redskin fullback, went the entire distance and the Redskins booted the extra point to take a 7-0 lead.

Amarillo struck back in the first quarter with a touchdown on a pass from WRK Alexander to David Kent but Bob Frazer's extra point try hit the goal post.

The Redskins scored again in the first half and the Sandies picked up a loan touchdown in the third period, again missing the extra point. Then the clock stopped their final touchdown drive, which appeared unstoppable in any other way as the Sandies marched through the Redskins' defense toward paydirt before a cheering crowd of 11,000 spectators.

The alert Pirates took advantage of Rattler's fumbles to protect their shutout, five times falling on lost balls. But it was the strong passing attack of the visitors that spelled the difference. With Watson doing most of the passing the pirates amassed nearly 120 yards through the air while the ground game netted 128 yards to 109 for the Rattlers.

Next weekend the Pirates travel to Memphis to face the Golden Cyclones.

## Cardinals Tip McLean Tigers

MCLEAN (Special) — Touchdown hungry Tigers of McLean High lost the second game of the season to a hard charging, fast, aggressive eleven from Price College of Amarillo Friday night. It was the Cardinals' game all the way.

Big Tom Keely, a fast wingback, just would not be stopped. The final tally was 19-0.

Even though they were outplayed from the start, the Tigers put on an excellent exhibition of fight, too. Co-captain Wayne Smith of the Tigers saw little action due to a stubborn arm injury. Back Eddie Reeves only played a very few minutes due to a knee injury and 225-pound Joe Crockett did only limited service. Hard, aggressive playing saw plenty of penalties for both teams and many of them came at very critical times.

One such break came about the middle of the 4th quarter, the Cardinals drew a clipping penalty that set them back to the one yard line. The Price Cardinals mixed fast ground play with passes that kept the Tiger's guessing as to just what to expect. The game saw a revival of the old statute of liberty play that set off action for a touchdown for the Cards. Aside from spurts of brilliant line charging that broke up the Cardinal play and a quick opening of same for the Tigers it was all Price.

Again, Ricky Mantooth and Rodney Gunn were the principal ground gainers for McLean and while he was in the game, tackle Joe Crockett made his presence felt.

McLean plays another non-conference game at Wheeler next Friday night.

## Westerners Top Bulldogs

LUBBOCK — The defending state champion Lubbock Westerners opened their title defense here Friday night with a rousing 47-0 whipping of the neighboring Flatview Bulldogs.

The Westerners scored in the first three minutes of play when Sammy Garner sliced over right tackle for 15 yards, and from then on it was all Westerners.

Coach Pat Pattison's speedy backfielders raced around and through the bewildered Bulldogs scoring on several lengthy runs. Jimmy Wells raced 52 yards for the second touchdown, Wells again went 20 yards for the third, Jimmy Berkley took a pass from Ray Day for 40 yards for the next touchdown. Red Noland scampered 85 yards on the second half kickoff for the next TD. Buddy Hill passed to Berkley for four yards and the next cracked over from the two for the final score.

Next week and the Westerners entertain the Highland Park Scotians.

## Freeman Due To Move To Tulsa

One of Pampa's top golfers is leaving the area. Clara Freeman, a major threat in any tournament he enters, received word Saturday that he is being transferred to Tulsa, Okla., home of the Kewanee Oil Co.

Freeman, former Top O' Texas and Pampa city golf champion, has been in the Pampa area for the past five years. He was runner-up in the city tournament this year, losing to Max Hickey. Freeman must report to the Tulsa office on Oct. 1.

He set the course record, 63 on Aug. 22, 1951. It was tied this year, on Aug. 28, by pro Johnny Austin.

Temperate and Arctic seas have more life in them than do tropical seas.

Although some forms of insects live near or in the sea at the shoreline, there are believed to be no truly marine insects.

Baumholtz' runner-up mark of .3316.

# White Deer Bucks Roll Over Amarillo Yannigans, 40-12

CORDELL PUGH ... returns kickoff

## Cardinals Tip McLean Tigers

MCLEAN (Special) — Touchdown hungry Tigers of McLean High lost the second game of the season to a hard charging, fast, aggressive eleven from Price College of Amarillo Friday night. It was the Cardinals' game all the way.

Big Tom Keely, a fast wingback, just would not be stopped. The final tally was 19-0.

Temperate and Arctic seas have more life in them than do tropical seas.

Although some forms of insects live near or in the sea at the shoreline, there are believed to be no truly marine insects.

Baumholtz' runner-up mark of .3316.

WHITE DEER (Special) — The White Deer Bucks captured their season's home opener here Friday night with an easy 40-12 victory over the Amarillo Yannigans. The Bucks dominated the action until late in the fourth quarter when Coach James Love gave his reserves an opportunity to play, and the Yannigans picked up a pair of touchdowns.

The Bucks' scoring was well spread out with each touchdown being scored by a different player. And all of the scoring plays were long ones, the shortest a 20-yard scamper by Roy Eller.

Gerald Hunt started the scoring with a 26-yard touchdown run in the first quarter after another touchdown had been called back by a clipping penalty. Ronald Mills ran the extra point across and the Bucks had a lead they never gave up.

They scored two more times in the first quarter after another touchdown had been called back by a clipping penalty. Ronald Mills ran the extra point across and the Bucks had a lead they never gave up.

They scored two more times in the first quarter after another touchdown had been called back by a clipping penalty. Ronald Mills ran the extra point across and the Bucks had a lead they never gave up.

# Ex-West Pointer Sparks Jayhawks Past Horned Frogs, 13-0

## Whitewashing First In 43 For TCU

By SKIPPER PATRICK  
LAWRENCE, Kas. (AP) — Gil Reich, former defensive star at West Point, blossomed into a brilliant attacking quarterback Saturday by engineering the Kansas Jayhawks to a 13-0 victory over Texas Christian in a major inter-sectional football game.

Reich, a 187-pound senior from Steeften, Pa., passed for both Kansas touchdowns against the defending champion Southwest Conference Horned Frogs. He reached halfback John Konek with a 14-yard toss in the first quarter and hit Bob Blandberry, another half, with a 3-yarder in the final period.

About 25,000 fans turned out for the game, first on the National Collegiate Athletic Assn.'s nationally televised program. A morning fog that stopped in a supply condition, but on just before the kickoff left the turf any footing Kansas was the superior team.

**Snap's Scoring Spring**  
It was the first time Coach Luch says the Frogs have been shut out since the Rice game 9-0 in 1947-48 games ago, and Reich one of the boys turned out of the military academy in the early days of the 1920's was in the defensive lineup every time TCU appeared on the field.

Only in the final quarter after the snap first passed away the returned did the Texas Jayhawks, with Reich, move down the field and score on the 12-12 yard line and again to the 12 yard line. Reich had a 12-yard pass to Konek.

TCU managed only 85 yards in the first half and 128 through the air against the Kansas who led a 14-0 lead in the 12-12 yard line in the 12-12 yard line.

**Errors Start**  
TCU's mistakes proved costly in the opening minutes, Ronald Gunkle, a 16-second touchdown scoring on a quarterback, fumbled the opening kickoff and Reich recovered it. Reich immediately stopped itself with a fumble on the 12-yard mark, but it didn't let the TCU men out of the crack before the second touchdown.

## Civic Clubbers To Battle Next Week

The fourth annual Civic Club Golf Tournament between the Rotary, Jaycees, Lions and Kiwanis Clubs of Pampa is scheduled for next Sunday afternoon at the Pampa Country Club. The Kiwanis Club is the defending champion for the second straight year. The Rotary captured the initial tournament played in 1949.

The tournament, which is expected to be played in its usual legitimate manner, will be a handicap affair, putting all players on an equal basis with the low team average score deciding the winner of the traveling Plaque symbolic of the championship. In addition to the team award, other special prizes will be given to the best putter, and other special fetes.

The annual awards banquet will be held at the Country Club on Tuesday night, Sept. 30. George Aulbach, colorful Amarillo Country Club professional will be guest speaker for the banquet and will bring along some action pictures of many of the "old pros" such as Bob Jones, Walter Hagen, Gene Sarazen, etc.

All members of the four civic clubs are eligible to enter the tournament. Entry fee is \$3, which covers the cost of the banquet as well as the green fee for playing. Tee off time is 1 p.m.

## Five Ex-Harvesters To Lead New Mexico Aggies

STATE COLLEGE, N. Mex. — Heading the group are: Dal Gantz (40) guard; Gerald Matthews, (55) center; Jimmy Hayes (37) halfback. Gantz and Hayes were regulars last year and with a season's college experience behind them are expected to be important cogs in the backfield in high school, has been shifted to an end position and has earned a starting berth as left end on the defensive platoon. Broyles is expected to see a lot of action at the tackle position.

## P. E. At PHS Tuesday Meeting To Settle Baseball

The Physical Fitness Testing Program at PHS, entered the fourth and final phase this week, and all records, including the physical fitness final scores, should be available within a few days. Phase four measures the individual's athletic ability.

Phase Two, tests of agility, is based on the number of push-ups an individual can perform in 20 and 40 second periods. The 20 second test is used as a measuring device because it requires the coordination of many muscle groups at one time.

Phase Three, tests of endurance, consists of a 200 yard shuttle run against time and the measurement of the distance that can be run in 6 seconds. The results of these two events are combined to form a composite score. Phases Two and Three have been completed and the best records and scores are presented by class period.

**PHASE TWO** — 20 Sec. squat thrusts, Bobby Malone, 18 3-4; 60 sec. squat thrusts, Fred Randall, 38. Test points earned — Bobby Malone 122. Clarence Horton 113.

**2ND PERIOD** — 20 sec. squat thrusts, Jimmy Keough, 14 3-4; 60 sec. squat thrusts, Gerald Mobley, 38. Test points earned — Gerald Mobley 122, Jimmy Keough 121.

**3RD PERIOD** — 20 sec. squat thrusts, Eddie Collum, 11 3-4; 60 sec. squat thrusts, Wendell Powell, 40. Test points earned — Wendell Powell 114, Norman Frost 100.

**4TH PERIOD** — 20 sec. squat thrusts, Richard Cowan 12, J.T. Lamberson 12. 60 sec. squat thrusts, Edgar Tucker 34. Test points earned — Richard Cowan 98, Edgar Tucker 95.

**PHASE THREE**  
**1ST PERIOD** — six second run, Derral Davis, 44 yards, 200 yd. run, Derral Davis, 28 seconds. Test points earned — Lloyd Ataway 75, Tommy Clark 75, Derral Davis 66, Bobby Malone 66.

**2ND PERIOD** — six second run, Dale Kelley 44 yds.; 200 yd. run, Derral Bozarth 29 seconds. Test points earned — Jim Ward 66, Derral Bozarth 66, Frank Brockman 66, Gerald Mobley 63, Don Crump 63.

**3RD PERIOD** — six second run, Rodney Been 47 yds.; 200 yd. run, Jon Cantrell 28 seconds. Test points earned — Jon Cantrell 72, Billy Light, 69, Charles Martin 69.

**4TH PERIOD** — six second run, J. T. Lamberson, 48 yds., 200 yd. run, J. T. Lamberson 28 sec. Test points earned — Ronald McDaniel 69, J. T. Lamberson 67.

**5TH PERIOD** — six seconds run, Oscar Sargent 46 yds.; 200 yd. run, Oscar Sargent 27 sec. Test points earned — Von McIlvain 67, Oscar Sargent 65.

A questionnaire was presented to the student body this week to determine student interest in an intramural program. The extent of the program, which will probably be organized next week, will be governed by the results of the questionnaire.

This game of flag tag football is a little difficult for P.E. student Oscar Sargent, winner of the Fighting Heart Harvester football award last year. Sargent, who is ineligible for all-harvester play this year, can't seem to remember that it is illegal to tackle the runner in P.E. football.

**Runners-Up Serving Notice On Schoolboy Grid Champions**  
By BRUCE HENDERSON  
Associated Press Staff Writer  
Things are liable to get a little crowded out in front before this 1952 Texas schoolboy football race is over.

That was made abundantly clear to the four defending state champions Friday night as the campaign shifted into high gear with just about every team seeing action.

The powers that missed the championship boat last year served early notice they're out to evict the reigning teams without too many formalities.

However, the champs had something to say about that.

Lubbock, sitting astride the AAAA throne, showed its liking for the status quo by promptly trouncing AAA Plainview 47-0. It was Lubbock's first contest of the season.

**Baytown Strong**  
Baytown, who lost to Lubbock in last year's finals, dispatched a hefty Lamar Houston squad 28-13 for its second straight win.

In one of the most closely watched games of the night another team to be reckoned with in AAAA, Wichita Falls, displayed its talents by blanketing defending AAA champion Breckenridge 13-0.

To the student body this week to determine student interest in an intramural program. The extent of the program, which will probably be organized next week, will be governed by the results of the questionnaire.

### Poultry, Pork And Dairy Foods Expected To Be Slim Next Year

WASHINGTON (AP) — Current production trends point to a slimmer diet of dairy products, eggs, poultry and pork next year. Beef may be the only livestock food that will hold its own with this year's supply. This general outlook is drawn from several recent Agriculture Department reports showing that the production of milk, chickens, and hogs is declining. These downturns were said to reflect the fact that rising costs are discouraging many producers. The fall pig crop—which will become the pork supply next spring and summer—is expected to be 9 per cent smaller than last year's. Milk production during the first eight months of this year was down 1,300,000,000 pounds from area of ancient Mesopotamia. Iraq today occupies most of the area of ancient Mesopotamia.

### Mild-Mannered German Is Busy Weaving Pattern Of Hate

By TOM REEDY  
BERLIN (AP) — In a secluded quarter of East Berlin a white-haired, milk-mannered woman is weaving a pattern of hate. From her office streams a steady flow of orders to the schools of East Germany, to the publishing firms, to the Communist party lower levels and all avenues of public enlightenment. The orders from the "minister for public education" determine what youth shall be taught and the older generation compelled to believe. The yardstick is simple and crude: Love the Kremlin; hate the capitalist West. This motherly looking woman has had her share of experience in hate. She is Frau Else Zaisler, 30 years a Communist, and the wife of East Germany's most feared hater, Wilhelm Zaisler. The two are a potent team in the Communist regime whipping 18 million Germans into the Red orbit. Frau Zaisler has the task of poisoning the mind against Western concepts. Wilhelm, a chief of the security police, deals in bodies. Both have lived in the shadow of intrigue and terror for decades. Today they are enjoying the reward of high-paid jobs and a tremendous influence in the Soviet zone. Only the true Communist of 20 or 30 years' fealty to Moscow knows either of the Zaislers by sight. Else was born in the industrial Ruhr of good middle-class parents. She met Wilhelm in the roaring 1920s while both were studying at an Essen teachers' college. In a city where the Krupp gun barons dictated every facet of life, the two turned to communism. Wilhelm was an immediate ardent disciple of Lenin's works. Else was reluctant for a time but finally joined in 1926. Wilhelm had to get out of Germany soon after their marriage to avoid prosecution for a political slaying in the Ruhr. Else bore their daughter, Renate, in lonely seclusion. Renate is now secretary and interpreter for her father. While Wilhelm worked for the Communist International in Manchuria and China, Else remained

### Draft To Call 2,336 Texans

AUSTIN (AP) — A Texas draft call for 2,336 men during November has been announced by State Selective Service headquarters. The quota is Texas' share in the national November call for 27,000. State Director Paul L. Wakefield noted that Texas' share in the national call dropped for November under the October quota of 2,733 even through the national calls for the two months were identical. "Such factors as enlistments credited to the state and the number of men in the various age and classification groups have an effect on the way we share in the national quota," Wakefield explained. Local boards will be issued their quotas under the November call about Oct. 6.

"You wear them in your sleeves to keep from getting finger cramps while making political speeches!"

### Japanese Barber's Best Customer Won't Shed Coat

By JOHN RANDOLPH  
TOKYO (AP) — Barber Noboru Kaizu's best customer — hair clip and mustache — trim twice monthly — is a bit formal. He won't even shed his coat for a shave. But then, who remembers seeing Emperor Hirohito without a coat? East must hold the jack of spades. South's bidding indicated that he held only four spades, so East was marked with three trumps. Hence the defenders would still get the same single trump trick whether or not Ruston dropped his king. The full beauty of the play became apparent later on. East was bound to win his jack of spades in time to lead a heart, and this gave West two heart tricks in addition to the club and the ace of that suit. South leads a second spade and West must win with the king. Now, what? If West leads hearts, South's king will win a trick. If West leads anything else, South gets in to draw the last trump. Then South can run the diamonds, discarding one heart from the dummy. Thus only one heart trick is lost and, declarer makes his contract. The Emperor always bows deeply when he steps down out of the chair. Kaizu, of course, always bows back. Kaizu says the Emperor never talks politics when he is in the chair. As a matter of fact, Hirohito doesn't say much of anything. "But, I don't mean that his majesty is aloof," the imperial shave and shampoo artist explained. "I just think his majesty is silent by nature." Kaizu let down his own hair in a long magazine article which sheared another strand of the privacy that traditionally shrouds the Emperor. In the first place, imperial barbers are somewhat new in Japan. As far as anyone knows, Kaizu is only the second imperial barber in 2,600 years of recorded Japanese history. In the old days, emperors wore their hair long and there was always some high-born court lady around to do it up. But with the adoption of Western ways, the emperors were caught between ancient custom and modern styles. The Emperor Meiji, who ruled until 1912, was strong on dignity and never let a com-

### JACOBY On Bridge

### Any Great Play Demands Thought

By OSWALD JACOBY  
Written for NEA Service  
The man who dives from the top of the Empire State Building into a small barrel of water is always very matter of fact about his feat. "You need only four feet—two inches of water," he will say, and he will go on to prove that anybody at all could do it. The same thing is true of certain high dives at the bridge table. There's always a logical explanation later on, but they still look pretty good. For example, take the beautiful play made re-

cently in a rubber game by Perry L. Ruston. Ruston opened the king of clubs and was allowed to hold the trick. He continued clubs, and dummy's ace won. Now declarer led a low trump from dummy to the ace of spades in his own hand, and Ruston executed his high dive by dropping the king of spades. There was a logical explanation, of course. Declarer surely would have tried a finesse if he had held the jack of spades. Since no finesse was anticipated,

### IT'S your DEAL

## You'll Like Honeymoon Bridge

By OSWALD JACOBY  
Written for NEA Service

"Please settle an argument," requests a Memphis correspondent. "The game was four-handed Canasta, and I was dealt a red three. I put it down on the table but forgot to draw a card for it. Hence I had to play on for a while with only ten cards in my hand."

"As the hand proceeded, I developed four sixes, four sevens, and a pair of deuces. Finally, I got a third deuce, so I put my entire hand down. I didn't care which way I put the deuces as long as all three of them were used to make one canasta or the other."

"One of the opponents then challenged my meld. He said I didn't have the required count, which happened to be 120 points for both sides."

"I said I was melting out concealed. I pointed out that no minimum count is required when a player melds out concealed."

"My opponent's wife then got into the act. She said I was not allowed to meld out concealed, since my failure to replace a red three left me with a short hand. The opponents then found a book and read out a rule to that effect."

"I have two questions in connection with this. First, is there such a rule? Second, is it fair to quote the rule in a home game between neighbors?"

To both questions.

To begin with, it is easier to meld out concealed with only ten cards than with a full normal hand of 11 cards. This advantage is undeserved, and therefore the laws provide that a player who has failed to replace a red three may not meld out concealed.

Now for the second question. Is it fair to stick to the rules in a home game? Yes, because there is no other sensible course to follow.

In a friendly game you may decide to overlook important infractions of the laws, but you can't afford to overlook important infractions. For example, you

may ignore the fact that a player touches the top card of the stock pile and then decides to take the discard pile. Such a rule is not ignored in a match game, but it may be overlooked in a home game.

But you can't let a player enjoy an undeserved advantage. You must allow the laws to equalize the situation. That's one of the important reasons for having laws in a game.

In the case being discussed, therefore, the attempted meld is not legal.

### Arm Shots May Clear Cataracts Without Surgery

By ALTON L. BLAKESLEE  
NEW YORK (AP) — Shots in the arm promise to clear up eye cataracts without surgery, it is announced in *Science*, journal of the American Association for Advancement of Science.

Several badly blinded persons have regained "practically normal vision" after a series of the shots. Cataracts are a fogging of the lens of the eye.

The injections are protein material obtained from the lenses of fish eyes. Just how they act to clear up human cataracts is not yet known.

The new discovery is announced by Drs. R. F. Shropshire, Jacob R. Ginsberg, and Mendel Jacob of the Cataract Institute, South Kewright, New York.

The usual treatment for cataracts is cut out the eye lens and substitute strong spectacles. A British surgeon is substituting plastic lenses for the damaged human ones.

The injection treatment looks promising, says the report describing treatment of 26 patients. They got three injections a week.

In the first 14 patients, the eye lenses became clearer, less opaque, after six shots, after 30 injections, several patients who were nearly blind and completely incapacitated had practically normal vision, the scientists reported. Most of these first 14 were men and women 60 to 70 years old.

Another 12 patients, 34 to 70 years old, also showed improvement from the shots. Fifty more persons are being tested now.

The shots have not caused any allergic reactions, or other signs of trouble, the report said.

### Tattoos Can Be Touchy Problem

TORONTO, Canada (AP) — Out-of-date love affairs are John V. Branting's stock-in-trade. The 34-year-old Swede makes a living removing unwanted tattoo marks.

He says he has a secret formula for removing love-knots and has treated customers in many parts of the world, men and women alike.

Nothing, he points out, can be more embarrassing than having the name of last year's girl friend—or boy friend—tattooed complete with heart and arrow in a spot where the new one can see it.

"People usually get tattooed on a foolish impulse," he says. "They soon regret it. I've had people come to me the day after they got tattooed, to have it taken off."

He thinks his biggest job was the tattooed lady of a circus in Australia. She had herself covered with markings to get the job, then lost it when the circus went bankrupt.

Then there was the Australian man who had him remove the names of his girl friends inked on his arm—all 25 of them.

### Texas Tops Record

NIAGARA FALLS, N.Y. (AP) — A Texas test pilot's 1,234-mile hop to Niagara Falls Tuesday broke every known non-stop distance record for helicopters.

Eilton J. Smith, 31, of Ft. Worth, covered the distance from his home town in 12 hours, 57 minutes and 30 seconds, flying a Bell Model 47D-1. Auxiliary tanks boosted the craft's fuel gallons to 157.

### Railway Birthday

JERUSALEM (AP) — The Jaffa-Jerusalem railway line, the oldest in the Holy Land, recently celebrated its 50th anniversary.

The anniversary coincided with the inaugural runs of the first three diesel locomotives acquired by the Israel State Railways. For the time being they are destined for freight and passenger trains on the Haifa-Tel Aviv line in the coastal plain.

## Dunninger Admits That Being A Mentalist Has Drawbacks

HOLLYWOOD (AP) — Being a mentalist has its drawbacks, admits Joseph Dunninger, the famed mind reader and magician.

He is here to help mastermind the filming of "Houdini," based rather loosely on the life of the great escape artist.

Dunninger, who was a colleague and friend of Houdini, has performed his mind-reading feats in night clubs and theaters and on radio and television. While this has proven extremely profitable to

him, there are other considerations, too.

"For instance," he began, "a few years ago I was to be interviewed by a magazine writer. When she arrived, she didn't ask any questions. She wanted me to guess what she was asking."

"I tried to explain that I could not, such as her mother's name or a series of digits. We argued about it for half an hour, but she wouldn't give in. Sure enough,

the story came out that I had failed to read her mind."

Dunninger's reputation naturally precludes any card play. When he was appearing at a Las Vegas Casino, the management requested that he stay away from the black jack table.

We discussed the current state of the magic business. Dunninger sighed that it is in bad shape. Every other person is an amateur magician, he said, but there are few good professionals. Gone

are the Thrustons and Houdinis. "Of the bigtime shows, only Blackstone remains," he remarked. "and he still puts on a good act."

"The trouble is that there are only two big vaudeville houses left — one in Canada and one in New York — the Palace. I think there is a big future for magic in television. But today's youngsters have only a few tricks. Those are expended in one week in TV."

### Learn all the secrets of fragrance from Helena Rubinstein's Beauty Consultant

Do you know which fragrances are right for your skin? Do you know how to use fragrance? When to use it? And how to make it last and last?

Now you can learn all the fascinating secrets of fragrance! World-famous beauty authority Helena Rubinstein sends her personal Beauty Consultant here to tell you the fragrance for you—in an individual consultation. It's a chance you won't want to miss!

Learn exciting new ways with fragrance!

**TWO FREE GIFTS!**

Just think of it! You get 2 important fragrance gifts from Helena Rubinstein with your personal consultation. First, a valuable booklet on fragrance that tells you all the secrets you want to know! You'll refer to it for years! You'll also receive a large gift facon of Helena Rubinstein's precious White Magnolia—a fragrance created to glorify the loveliest women.

This week only. Make your appointment now.

You'll learn why certain fragrances suit you. How fragrance can add interest and excitement to your life. You'll learn everything from an expert. And you may be astonished to discover how much more feminine... charming... yes, alluring, your personality can become. You'll also get an expert make-up and skin analysis...all without obligation.

### FOR A YOUNGER, "UPLIFTED" LOOK

## Helena Rubinstein's New Contour-Lift Film

The only cosmetic of its kind to give you a 24-hour a day beauty lift!

USED BY DAY, under make-up, Contour-Lift Film provides a firming base... gives you a younger, prettier look. Notice the difference in the pictures! At right, the girl has smoothed on Contour-Lift Film to wear as an invisible cosmetic base. USED AT NIGHT, Contour-Lift Film helps tighten, "lift" and firm aging contours.

As a special introductory offer, Helena Rubinstein gives you her famous Estrogenic Hormone Oil with Contour-Lift Film—free of extra cost! She makes this offer for a limited time only...so act now!

**750 VALUE—BOTH FOR ONLY 5<sup>00</sup>**

Estrogenic Hormone Oil (2.50 value) (for extra beauty under the surface of the skin) with Contour-Lift Film (reg. 5.00) (to tighten, "lift" and firm contours)

Complete instructions with every package. Limited time only!

# They're Building Their Own

"A home is what you make it," the saying goes, and pictured on this page are a group of Pampans who are making their homes as they want them because they are building all, or at least a part of their houses, and doing the decorating.

Top left, Mrs. J. L. Jenkins watches son Jimmy put the finishing touches on the pine-paneled hall in their new home on Duncan street. Mr. Jenkins worked 14 months on the house, and they recently moved into the finished rooms. Two bedrooms are being decorated now, and Mrs. Jenkins, in between visits with three-month-old Johnny, is busy with draperies. Mr. Jenkins did all the plumbing and electrical work on the house, and even made forms for the cement blocks he used in building the house.

Top right, the O. L. Brummett family puts finishing touches on their modern home at 515 Yeager. Left to right are Mary, Mr. Brummett, Jane, Mrs. Brummett,

Larry and Russell, Larry is making a face at the work of his little sister but even Jane has been "carrying and handing," because when families build houses because when families build houses Mr. Brummett, a teacher in the school system, has worked two summers on the house. The Brummetts moved into the house recently, and they are finishing the interior now. Mr. Brummett built the house from ideas his wife accumulated from magazines. Below right, Mr. and Mrs. C. C. Whitney, and their children, Kerry, left, and Tip, right, spend a typical evening, working on the interior of their new redwood home in Fraser addition. The house shows lots of glass and other modern details — and lots of work. Mr. Whitney works on the house "after hours" at the Celanese plant, and Mrs. Whitney spends a part of every day at the new house. Like all the children helping build or decorate new homes, Kerry and Tip think painting and sandpaper-

ing are more fun than work. touches on their new home at 2132 N. Russell. After the carpenters left the Russells went to work July 4 textoning, painting and now they are living in their Early American home. The young Russells have a picture-story of their home during the various building stages. But they don't need pictures to remind them of the work they did themselves. They remember that part well—especially textoning the ceilings!

Many other Pampans are building homes here. Some, like the Brummetts, are anxious to start another house and profit by the mistakes; the Whitneys built several houses before this one. And though some builders say, "Never again!" they still look at their accomplishments with a little extra pride that stems from the work they put into a house to make it a home.

WELL, PEG HAS FINALLY gotten back into the old routine—what with school, club work, and all! And by the time I've gotten my little Indians off to school and Mr. Peg to work, I'm ready to drop in the chair and take a breather and a second cup of coffee.

YOU KNOW WITH THE Clyde Beatty Circus in town recently, the LaPampa featuring "The Greatest Show on Earth," and the Ringling Brothers, Barnum and Bailey Circus in Amarillo, people have certainly been circus conscious. Of course, the young'uns heard all about the Clyde Beatty Circus at school so there wasn't any doubt how things were going to turn out—for me, that is. Well, we made it in time for the first performance. Despite cotton candy whizzing by on one side and toy monkeys on a stick brushing past on the other, I managed to see the show. Saw quite a few familiar faces too. Most of them brought their children (or was it the other way around—the children brought them.) There was Pebble Carter, the Lewis Chamberlains, who along with their children brought Douglas Nelson's two daughters; Clayton Husted; Frances Cree and her three boys; Nan Egan and sons. Then Peg saw the Smiley Hendersons, Mrs. Joe Fischer, Connie Hill, Rae Elder, the Harold Millers and little Mike, Sybil Weston and her grandson, Charlie Roberts, Mrs. Marvin Bowman, Rev. Tom Johnston, who loves a circus as well as anyone; and Rev. Lyle Albright. Those lions, tigers, and elephants must have brought back some familiar sights to Rev. Albright, who spent some time in Africa several years ago as a missionary. It doesn't seem to matter how old you are or how young, when the circus comes to town we all enjoy it—especially when we see it with children!

PEG HEARD THAT Mrs. W. C. Mitchell, Mrs. I. B. Hughey, Mrs. Siler Faulkner, and Mrs. B. W. Rose were hostesses at the country club bridge luncheon Friday. And speaking of country club activities, there was a bi-weekly dance last night at the club with the H. E. Schwartzes, Paul Tabors, Jim Triplehorns, and the F. F. Kennedy as hosts.

SORRY TO HEAR that the young Louis Sills and their daughter Cindy have moved from Pampa. He was transferred to Lubbock by Stanolind. Both Louis and Janice always had a bright smile and a ready hello, and little Cindy was as pretty as a picture.

PEG WANTS TO WISH a speedy recovery to Mrs. Doyle Osborne, who has been in Worley Hospital following a major operation. Irene is such a sweet person and Peg hopes she is soon up and around. Also our heartfelt congratulations to C. T. Jackson, of White Deer, who are parents of a girl; the Harold Belts, who had a boy; the Bert Jabellis of Skellytown, a girl; the William Kelleys, a daughter; the Roy Lemons, a daughter; the Walter Guys, a son; and the Warren Hasses, a six pound, four and three-fourths ounce daughter! These babies were all born either on Monday or Tuesday at the Highland General.

- Born on Monday, fair in the face;
- Born on Tuesday, full of God's grace;
- Born on Wednesday, sour and sad;
- Born on Thursday, merry and glad;
- Born on Friday, worthy gift;
- Born on Saturday, work hard for your living;
- Born on Sunday, you will never know want.

LAMAR LIVELY, son of Mr. and Mrs. T. C. Lively, has been home on leave. He left this past week for his base in Kentucky and was to drive his sister, Mrs. Bob Duket, and her two little girls as far as his destination, and they were to go on to Georgia to join their husband and father who is now stationed there.

PEG SHOULD HAVE BEEN THERE: The E. H. Johnsons (Edith and Ernest) had a christening of their new fireplace and patio on Sunday evening. Attending were the Roscoe Pirtles and their lovely daughter, Norma, who is home from college with a nice new degree; and the James Hinsons and their little dimpled daughter, Robin Michelle. Missing was the Hinsons' nephew, Bobby "Red" Hinson, who returned to his home in Durham, North Carolina, after spending the summer with his uncle and aunt. The menu? Ernest Johnson's special barbecue, sliced tomatoes, baked yams, iced tea, coffee, chocolate cake and homemade ice cream (Roscoe Pirtles' specialty).

- Speaking of chocolate cake, here's a recipe that is won-der-ful!
- |                     |                    |
|---------------------|--------------------|
| 2 eggs              | 2 cups sugar       |
| 2 cups cake flour   | 2 cups cake flour  |
| 1-2 cup Crisco      | 1-2 cup sour milk  |
| 8 tablespoons cocoa | 1-2 teaspoons soda |
| 1 cup boiling water | 1-2 teaspoon salt  |
- Mix and beat sugar, cocoa, Crisco, salt and eggs. Add soda to milk. Add flour and milk alternately to first mixture, beating well. Add hot water and stir. Bake in two layer pans in moderate oven. (350 degrees).
- |                       |  |
|-----------------------|--|
| 3 cups powdered sugar | 1-2 cup brown sugar                                |
| 2 tablespoons karo    | 1-2 cup butter                                     |
| 1-4 cup sour cream    | 7 tablespoons cocoa mixed with 1 tablespoon butter |
- Vanilla

WHEN PEG MENTIONED the Pennsylvania Dutch Days awhile back, didn't know I'd get first hand information on it. Thanks, \_\_\_\_\_, for sending the Lebanon, Pa., News, which had a long article on it, part in German. Quote: "Well die Pa. Deutsche Dage an Hershey Park sinn nau ferbel. Ich deet gleiche eich Ebbes zu schreife von ewee witziche Parre, der Frank Ruth von Bernville, under Clarence Rahn ron Temple. Die her alle zwee wunnerbar gut g'schdetzt em letschte Runnerschdagg." What am I SAYING? Anybody know?

- I may be small
  - I may be stout
  - I may have blue eyes
  - But there's a doubt
  - I may have red hair or even black
  - But one thing for sure
  - (And that's true fact) is I'm

MRS. JOHN ELBERT COOKE

**Mr. and Mrs. John Elbert Cooke At Home Here Following Recent Wedding**

Miss Dolores Cramb became the bride of John Elbert Cooke in a ceremony read September 14 in Hobart Street Mission. She is the daughter of Mr. and Mrs. R. B. Brummett, and he is the son of Mrs. J. M. Cooke, Mineola, Texas.

**Recent Bride Is Honored At Party In Stephenville**

Mr. and Mrs. Oren H. Ellis, Jr., who were married here September 1, were honored at a reception recently in the home of Mr. Ellis's parents, Mr. and Mrs. Oren H. Ellis, Sr., of Stephenville. Before her recent marriage, Mrs. Ellis was Miss Barbara McCannel.

The bride, given in marriage by her father, wore a white lace dress styled with short sleeves. Her veil was attached to a scalloped tulle, and she carried a bouquet of white carnations on a white Bible. The traditions of something old, new, borrowed and blue were carried out. For something borrowed and blue, she wore a necklace and earring set her sister wore at her wedding; and something old was a xperience in her shoe.

The bride's mother wore a navy tulle dress with gray accessories, and a corsage of white carnations. A reception followed in the home of the bride's grandmother, Mrs. C. P. Roop.

When the couple left for a trip to Mineola, she wore a purple nylon dress with orchid accessories and a white carnation corsage. The couple is now at home at 118 N. Purviance.

Mrs. Cooke was graduated from Pampa High School last May. She was a member of the Theta Rho seven years, and was state president the past year. She is now employed by the local Montgomery Ward store.

The bridegroom was graduated

**Brides-Elect Complimented With Fall Parties**

Pre-nuptial courtesies for Miss Jane Branson, who will become the bride of Mr. Bob Ward Sunday, September 28, and Miss Donna Washington, bride-elect of Mr. Wayne Sims of Lefors, continue this week. The Washington-Sims wedding is to be solemnized September 26.

Most recent of the entertainments for Miss Branson was a dessert-bridge Friday in the home of Mrs. H. R. Thompson. Mrs. Ray Thompson was co-hostess.

Bridge prizes won by guests were presented to the honoree along with a wedding gift from the hostesses.

Guests included Mmes. J. B. Maguire, Jr., Norman Fuips, Raymond Hall, Dorthea Kurtz, and G. F. Branson, the honoree's mother.

Others present were Misses Joyce Wanner, Frances Allman, Elias Plants, Nova Anne Brown, Gerry Carruth, Patricia Lively, and Sara Parker.

Mrs. W. J. Haley and Miss Ellen Haley entertained with a coffee service.

The table was covered with a linen cloth and centered with a cornucopia filled with colorful grapes and fern. Table appointments were in crystal and silver. Mrs. Roy McKernan presided at the coffee service.

Miss Joyce Wanner registered the following guests: Mmes. E. L. Campbell, Fred Neelage, L. J. Schweiker, R. W. Stowers, F. F. Smalling, Dorthea Kurtz, J. W. Garman, Jr., Frank M. Carter, Inez Carter, Harold Wright, V. J. Jamieson, Lee Cady, G. F. Branson, and Misses Patricia Lively, Gerry Carruth, Joyce Wanner and Sara Parker.

The home of Mrs. Y. E. Turnbull was the scene of a shower honoring Miss Washington. Hostesses included Mrs. Turnbull, Mrs. Delbert Paterson, Mrs. Bill Morris, Mrs. Billy Washington, and Mrs. O. B. Schiffman.

The honoree and her mother, Mrs. James Washington, Sr., presented corsages of orchid chrysanthemums.

The serving table was laid with a lace cloth and centered with an arrangement of orchid gladioli and chrysanthemums. Cake, decorated in the honoree's chosen colors, of orchid and white, was served with punch. Miniature rolling pins were plate favors.

Mrs. H. L. Turnbull played piano selections during the afternoon.

Guests who registered in an orchid and white tulle guest book, included Mmes. M. G. Tate, Dewey Belmont, Dennis Taylor, W. B. Barnes, Stella Walden, A. F. Cornelson, Joe Wheeler, Bob Schiffman, Harold Sims, Elizabeth Marshall, Russell Kennedy, Gene Barber, Ray Jordan, Joan Paronto, Bill Simms, R. T. Jinks, Howard Sims, Tom Eckert, Bob

Mr. and Mrs. George Shields. Mr. and Mrs. Ellis Jr., left Friday for Austin where they will enroll as junior students at the University of Texas.

MRS. J. T. CRAWFORD, JR.

**Miss Ellen Prather Becomes Bride Of J. T. Crawford In Skellytown Ceremony**

In a double-ring ceremony solemnized Sept. 13, in the Skellytown First Baptist Church, Miss Ellen Ann Prather, daughter of Mr. and Mrs. Jack Prather of Pampa, became the bride of Mr. J. T. Crawford, son of Mr. and Mrs. J. T. Crawford, also of Pampa.

Rev. Eugene Brand officiated at the double-ring ceremony read before an altar decorated with baskets of pink gladioli.

Mrs. C. D. Bishop attended the bride as matron-of-honor. She wore a ballerina-length green satin gown with a lace peplum and collar, and wore a pink carnation corsage.

Ushers were Kenneth Crawford, brother of the bridegroom, and Jack W. Prather, brother of the bride. Cpl. Harold Barrett, was best man.

The bride, given in marriage by her father, wore an ivory slipper satin gown. The gown was styled with a lace peplum and long sleeves that culminated in points at the wrists. She carried out the wedding traditions, and carried a white lace-covered Bible topped with an orchid. Her veil was attached to a scalloped tulle.

For her daughter's wedding, Mrs. Prather selected a black crepe with matching accessories, and the bridegroom's mother wore a blue crepe dress with British tan accessories. Both wore white carnation corsages.

A reception followed the wedding ceremony. The bride's table was covered with a handmade cloth and centered with a three-tiered wedding cake. Mrs. A. W. Geiger, Mrs. Clyde Revas, and Miss Phyllis Casey assisted at the reception.

When the couple left on a wedding trip Mrs. Crawford wore a two-tone brown suit with beige and brown accessories. They are now at home at 210 N. Gillipias.

Mrs. Crawford was graduated from Pampa High School in 1948. She is a past Worthy Advisor of the Order of the Rainbow, and has been employed by Bell Telephone Co.

**Justin McCarty original**

### WHAT'S COOKIN' IN GRAY COUNTY HD CLUB WORK

By HELEN DUNLAP  
Home Demonstration Agent

The new assistant county home demonstration agent, Miss Faye Burns, will begin her work in Gray County Monday, Sept. 22. This is the work received from Miss Doris Leggett, District Agent with the Extension Service. Miss Burns is a graduate of Abilene Christian College and has had additional home economics training in the University of Colorado. Miss Burns lives on a farm in Scurry County, where she was a 4-H club member before she attended college. Her work in Gray County will be largely with the 4-H groups.

During the past few weeks, I have been working with the 4-H girls in readiness for Miss Burns. We have had training schools in foods and in the writing of records. The records of two girls were entered in state contests, while others have entered their records in county contests. Those who make the highest scores will be awarded gold and silver medals during achievement week this fall. One girl entered her baking and record in the Tri-State fair exhibit Saturday. The outcome of this exhibit will be learned soon.

Another thing we have done to help prepare for Miss Burns is the election of officers for 1953. They are as follows:

GRANDVIEW president Carolyn F. Wallin, vice president, Anita Stamps secretary, Mary Margaret Fields, council delegate, Myrna Haiduk.

McLEAN: president Betty Dickerson, vice president, Patricia Wiggins, secretary, Deann Clayton, council delegate, Sandra Key.

ALANREED: president, Kay Stubbs, vice president, Sandra Trout, secretary, Norma Gilbert, council delegate, Patsy Wilmoth.

HOPKINS: president, Joy Vandenberg, vice president, Gay Vandenberg, secretary, Jeannie Hopkins, council delegate, Fay Harrison.

WAYSIDE: president, Joy Morgan, vice president, Janet Osborne, secretary, Lynda Stevens.

PAMPA JUNIOR HIGH: president, Norma Jean Simpson, vice president, Ann Price, secretary, Marilyn Moore.

Another event in the 4-H program that was planned at the last 4-H council meeting was the holding of a rummage sale on October 4. Every club member is urged to bring clothing for sale by Friday, October 3.

No doubt, one of the first things Miss Burns will do is to help oversee the judging of the gold star girl nominees. This must be completed and the name of the highest scoring girl must be in the state 4-H Club office by October first.

All 4-H girls and their leaders are looking forward to an interesting program under the leadership of their new county leader.

### Sound Off

By A Leaguer

In seeking solutions to problems of government, the League of Women Voters recognizes the value of discussion. Less and less should we sit passively while a speaker talks at us. In the League's unit discussion groups the leader guides the members through the available facts, sees that both sides of the question are fairly presented, that each member has a chance to speak up, and that discussion is confined to the subject under consideration.

As an example of this plan operates, we present a condensation of a recent unit meeting considering the Human Rights Declaration of the United Nations.

LEADER: "The Human Rights Declaration is based on the belief that there can be no peace in the world as long as the festering conditions that bring about war are allowed to remain: starvation, disease, ignorance, suppression of personal freedom. If people benefit from something, they ought to have it, and they should be required to legislate for it."

The Declaration is a statement of the rights that are declared to be the birthright of every human being, but in itself is not binding upon any nation. The group within the framework of the United Nations that drafted this declaration desires to transmit this into a covenant which would be adopted into the law of the land.

The Department of State of the U.S. and the President strongly favor adoption of the covenant. Considerable opposition has come from various quarters. The Ericker Amendment would nullify any means to make the covenant part of the law of this nation.

The Declaration Human Rights goes much further than our own Bill of Rights. It enters more into the realm of the social and philosophical; member nations would engage themselves to promote such things as adequate housing, the right to join labor union, an adequate living standard. This goes further than just agreeing; if we promote something it means we have to do something to insure that, for example, laborers in Cairo get better pay, that stevedores in Algiers are provided fair working conditions.

Are these rights or privileges?"

MEMBER: "In our country we believe that we are endowed by our Creator with certain inalienable rights, inherent rights. If the government grants these to its people, cannot the government also take them away?"

ANOTHER MEMBER: "As I understand this, the government can abrogate this at any time."

THIRD MEMBER: "It seems to me that, if we are to sacrifice

### Methodist WSCS Has Circle Meeting

Among the outstanding meetings of the First Methodist Church Women's Society of Christian Service was the Circle Six meeting in the church parlour with Mrs. G. W. Cone as hostess and Rev. Lyle Albright, guest speaker.

Mrs. Raymond Harrah introduced the speaker, who spoke concerning his experiences as a missionary in British West Africa. He pointed out that earlier missionaries had difficulty separating Christianity from culture. "Now the marked differences brought about by Christian influences are in health, sanitation, home life, respect for women, and agriculture," he said.

Mr. Albright concluded his talk by saying that Christians have a great missionary work here at home, that in Africa the drawback is ignorance; here, indifference.

Thirteen members were present. The next meeting will be in the church parlour.

Circle One met in the home of Mrs. W. B. Howse. Business was conducted by Mrs. W. C. Hutchinson, chairman, who opened the meeting with the Lord's Prayer. For the devotional, Mrs. Bob McCoy read a sermon written by Dr. E. Gaston Foote on stewardship, entitled "I Belong." Mrs. Hutchinson led the study from "These Rights We Hold" by Dr. Fred L. Brownlee. The next meeting will be in the home of Mrs. J. E. Kitchman, 120 Mary Ellen, with Mrs. O. L. Brummett as co-hostess. Nineteen members were present.

Mrs. R. I. Davis, with Mrs. A. Elder as co-hostess, entertained fifteen members of Circle Two. Mrs. Frank Bailey was welcomed as a new member.

The meeting was opened with prayer by Mrs. Joe Shelton, circle chairman, after which she conducted the business meeting. Mrs. Al Lawson, study leader, introduced the lesson and was assisted by Mrs. Walter Scott and Mrs. Shelton. Mrs. E. F. Jackson gave the devotional. The next meeting is to be with Mrs. E.K. Elkins. The meeting was dismissed with prayer by Mrs. Lawson.

Circle Three met in the home of Mrs. Claude Byrd with eleven members and two guests present. Mrs. R. W. Lane, chairman, opened the meeting and conducted the business meeting. A devotional was given by Mrs. Tom Johnson on "Fellowship of Prayer," something which the group offered sentence prayers. The lesson was brought by Mrs. Lee Harrah on Africa using the text "African Heritage" by Emory Ross. The next meeting will be in the church parlour with Mrs. C.W. Berry as hostess.

Circle Four met at the home of Mrs. John Hasey. Mrs. Glenn Radcliff, chairman, presided at the short business meeting. A short review of study books was given by Mrs. H. P. Doherty, Mrs. Wm. T. Cass and Mrs. John Hodge. Mrs. Carlton Nance gave the second lesson from "Toward Understanding the Bible" by Georgia Harkness. Mrs. Radcliff led the Lord's Prayer following the study. Chocolate cake, cheese crackers and iced tea were served to 13 members and one guest. The next meeting will be with Mrs. H. H. Butler, 100 Baer.

The home of Mrs. Jim Thompson was the meeting place of Circle Five. Banana bread and coffee were served to eight members and one guest. Mrs. J. B. Veale presided at the business session. Mrs. Ed Williams led the group in prayer, and presented study "African Heritage." Mrs. Jim Thompson reported on the book, "Africans on Safari" by Leslie C. Sayre. The devotional was given by Mrs. Robert Curry. The next meeting will be in the home of Mrs. Bill Stephens, 712 Deane Drive, with Mrs. Don Duggan as hostess.

Mrs. George Eyer was hostess here present. Mrs. D. A. Hutson to Circle seven with nine members introduced as a new member. The Lord's Prayer and presided Mrs. A. B. Whitten, circle chairman led the group in repeating over the business session. Mrs. Melvin Stephens told a story from "Accent on Liberty" edited by Mabel M. Shelby. Mrs. R.W. Home Missions and Human Rights Karr presented the study on from the text "These Rights We Hold." The Universal Declaration of Human Rights was discussed. The next meeting will be in the home of Mrs. J. L. Chase.

The home of Mrs. E. L. McCauley was the meeting place of Circle Eight with thirteen members present. Mrs. J. W. Lemons,

### Vada Waldron Circle Has Mission Study

The First Baptist Church Vada Waldron circle met recently in the home of Mrs. Ralph McKinney for home mission study presented by Mrs. Ivan Noblitt.

Mrs. J. W. Graham, Jr., chairman, presided.

Attending were Meses. Tom Rose, Bob Trippelhorn, S. B. Spert, Jeff Bearden, H. C. Gray Jr., and George Snell.

The group will meet next week in the home of Mrs. Noblitt.

chairman, presided. Mrs. Paul Bowers presented the study from "Toward Understanding the Bible" assisted by Mrs. H. H. Boynton. Mrs. Cleo Hoyer and Mrs. Weldon Carter. Mrs. McCauley presented a musical devotional. Mrs. Boynton dismissed the group with the reading of "Why I Read the Bible" and prayer. The next meeting will be in the church parlour with Mrs. R. C. Parker and Mrs. Weldon Carter as hostesses.

Circle Nine met in the home of Mrs. Joe Donaldson. She acted as chairman in the absence of Mrs. Nennie. Mrs. Millien conducted the study from "Toward Understanding the Bible." Mrs. Bromert reported on "How your Bible Grew." Mrs. Donaldson on "Refuges who wrote Scriptures." Mrs. John Brewer on "The First Jewish Bible" and Mrs. Joe Wells on "The Bible in English." Twelve members and one visitor were present. The next meeting will be held in the home of Mrs. Millien.

Mesquite trees of the American Southwest, Chile and Argentina can send roots 40 to 50 feet down to find water.

### Mrs. Roy Tinsley Elected Worthwhile Club Leader

MRS. ROY TINSLEY

Mrs. Roy Tinsley was re-elected President of the Worthwhile Home Demonstration Club in a recent meeting in the home of Mrs. O. A. Wagner.

Other new officers include Mrs. J. L. Carlton, vice-president; Mrs. R. F. McCallip, secretary; Mrs. W. W. Estes, treasurer; Mrs. O. G. Smith, council representative; Mrs. Ray Robertson, alternate, and Mrs. Wagner, parliamentarian.

Refreshments were served to Meses. A. A. McElrath, E. E. Engle, N. L. Welton, Carlton, P. G. Turner, Smith, W. G. Kinzer, George T. Adams, Nash, Cude, G. L. Lunsford, and one new member, Mrs. Dewey Johnson.

Mrs. John A. King, 526 N. Faulkner, will be hostess at the next meeting.

### Southwestern Public Service Wives Form Club

Wives of Southwestern Public Service employees met recently to organize a club, which has been named "the Southwesterners." Mrs. Floyd Lassiter was elected president at the meeting held in the home of Mrs. Joe Chudej.

Other officers are as follows: Mrs. Omar Bybee, vice president; Mrs. Chudej secretary; Mrs. Buck Moore, secretary of treasury; Mrs. W. T. Seitz, program chairman; Mrs. E. M. Culbertson and Mrs. Evert Revard, card and cheer committee; Mrs. Charlie Winborne, parliamentary; and Mrs. Jim Stinnett, reporter.

Plans for a social were discussed during the meeting, and business from preliminary meetings was announced, and by-laws of the organization read.

Refreshments were served to Mrs. Leonard Husted, Bybee, Moore, Seitz, Lassiter, Pat Fincher, Culbertson, Revard, Norman Flaherty, Kenneth Homon, R. E. Boyce, Odie Calcate Stinnette, and one out-of-town member, Mrs. O. J. Gidden of Lefors.

Mrs. Colocate will be hostess to the group Oct. 6.

### Mrs. Hillard Is Honored At Party

Mrs. Clyde Edmondson honored her mother, Mrs. Etta Hillard, with a surprise birthday party recently in the Edmondson home. Mrs. Hillard recently moved here from St. Augustine, Fla.

Three tables of different games were played during the evening. Canasta prize to Mrs. Hazel Jay, domino prize to Mrs. Chester Williams, and bridge prize to Mrs. Margaret Wallace.

Gifts were presented to the honoree.

A white cake decorated with pink roses and 16 tiny pink candles served with ice cream.

Attending were Mr. and Mrs. Dale Pinson, Mr. and Mrs. Bill McCracken, Mr. and Mrs. V. Smith, Mr. and Mrs. Chester Williams, Miss Wallace, Mrs. Oma Ramon, Miss Pauline Williams, Mrs. Jay, Mr. and Mrs. Edmondson, and the honoree.

### Mrs. Sterling Bearden Is Shower Honoree

Mrs. Sterling Bearden was honored with a pink and blue shower recently in the home of Mrs. Floyd Crow, assisted by Mrs. Don Egerton, Mrs. W. T. Green and Mrs. Clifford Bixler.

The honoree was presented a corsage made of pink and blue baby socks.

The refreshment table was decorated in pink and blue with three storks used as centerpieces. Cake and punch were served.

Participating in the shower were Mrs. George Henderson, Jr., H. S. Hullender, G. L. Craddock, Harold Craddock, Merle King, C. L. McKinney, L. L. Stovall, Wilson Hatcher, J. A. Reeves, Floyd Barrett, Park Brown, Paul Barrett, C. C. Mahey, W. Rheudani, Tommie Phillips, Jack Crump, Mark Winton, Gordon Bayless, A. B. McPheerson, O. G. Trimble, M. J. Porter, H. C. Wilke, and the hostesses.

### First Christian CWF Meeting Held Here

Mrs. Leland Finney and Mrs. Jim Cunningham presented the program at a Christian Women's Fellowship meeting recently in the church parlor.

During the meeting, a letter from Home thanking the organization for clothing and food sent recently.

Mrs. R. A. Mack gave the devotional, and Mrs. Walter Higgenbotham presented a vocal selection.

### American Women Murdering Groceries

By DOROTHY ROE  
AP Women's Editor

Turn down the fire, girls, you're murdering groceries. You're cooking on all four burners, and things are much too hot. So says Florence Carhart, head dietician at the New York Institute of Dietetics, where they turn out hundreds of expert chefs and dieticians every year.

The amount of good, expensive food burned up in America every day would feed a large-sized army, says Miss Carhart, who allows as how the greatest and most common mistake of the U. S. housewife is overcooking the family meals. Says she: "You can lose as much as four pounds on a 12-pound roast, if you cook it at high temperature. At the present price of meat, that's like burning up \$4."

Miss Carhart's opinion is upheld by eminent authorities in the nutrition field, such as Dr. Stefan Ansbacher, medical director of the Rybutor Laboratories, Vitamin Corporation of America. In a recent study on the loss of vitamins in meat during home preparation and storage, he concluded: "Losses in nutritive value can be and are serious under some conditions. Thiamine and pantothenic acid are both soluble in water and destroyed by heat. Those losses are greater at high temperatures and increase with the length of time of heating or storage."

Thus the housewife who cooks her vegetables a long time in a lot of water, and shrivels her roast in a blast-furnace oven, not only is burning up the grocery budget but also may be starving her family.

Both Dr. Ansbacher and Miss Capehart recommend cooking vegetables in as little water as possible for a short time, and saving the cooking liquid for soups, gravies and sauces. Meats, they agree, should be cooked at low temperatures—in an oven of not more than 350 degrees—to avoid loss of nutritive value, weight and flavor.

tion, accompanied by Mrs. Burl Graham.

Attending were Mrs. H. J. Pickett, Mack, Graham, Finney, Higgenbotham, A. A. Tietman, Roy Tinsley, J. F. Meers, James Holbar, C. H. Darling, Bill Kinser, Luke Savage, Bert Kiser, L. G. Frasier, and Glen Nickols.

The group will meet next Wednesday for a business meeting in the church parlor at 2:45 p.m.

A milk cow which takes 8 to 10 gallons of water a day in normal weather may drink 15 to 18 gallons or more in very hot weather.

There is a distinction between mentally deficient persons whose minds are not sufficiently developed and the insane whose minds are abnormal.

### SOCIAL CALENDAR

- MONDAY**
- 2 p.m. — First Baptist Church circles will meet for Week of Prayer observation. Lillie Hundley, Vada Waldron and Ellouise Cauthern circles in charge of program.

## Leading A Dog's Life Not Such A Bad Racket These Days

By SAUL PETT  
NEW YORK (AP) — And so, fellow Americans, here we have a minority group of 22—Are they better off today than they were under Coolidge?

Are they eating better in 1952 than they did in 1928? Are they better housed and better clothed? Are they enjoying more of the fruits of public health and scientific research? Are they better protected against discrimination?

The fact is, friends, that dogs are better off today than at any time in our history.

Who says so? The National Dog Welfare Council, which selflessly and quietly has been sponsoring National Dog Week since 1928.

In almost every respect, dogs have moved spectacularly forward to a better world. In 1928, the average dog ate only leftovers from the family meal. Today America, its conscience awakened, spends no less than 175 million dollars a year on prepared dog foods alone.

In 1928 this great country of ours had only between seven million and eight million dogs, says the council, and to our great shame many of them were homeless. Today, according to Raymond J. Hanfield, executive secretary of the council, there are about 22 million dogs and comparatively few are homeless.

In 75 per cent of the dog-owning homes, our great, selfless American housewife feeds the dog most of the time, the husband about 14 per cent and the children about 10 per cent of the time.

We hear much about discrimination. Would you believe it that not too many years ago virtually all hotels in this country would not accept a guest and his dog?

Today, we can proudly report through the Dog Welfare Council, more than 3,500 hotels and motels from Maine to California take in dogs with their owners. Only two years ago, there were only 1,600 such places which welcomed dogs.

Today, the average dog in the United States is 3.9 years old, says the council, and looks years younger. He can look forward much longer than his forebears, why?

Because, friends and neighbors today there are more than 4,000

veterinarians who work primarily with dogs as compared to a mere handful in 1928. Because today our great nation spends 50 million dollars a year on dog remedies and veterinary services. Because today a dog can get almost the same medical attention a human does, from surgery to the latest aseptic techniques and miracle drugs.

In 1928, in the words of the council, "Dog shelters and pounds often were decrepit and unsanitary. Today kennels and pounds for the most part are housed in buildings, staffed by trained people."

But did we stop there? We did not. To keep a minimum floor of self-respect under our dogs, to prevent idleness from leading them into the streets, in 1931 alone we spent five million dollars on some of the finer things in life for dogs—collars, leashes, blankets, nail clippers, cushioned baskets and toys.

But bright as this picture is, we can not be complacent. A forward-looking American can not, dares not, ignore the fact that most city housing projects will discriminate against dogs, that many cities still divert tax money collected in licensing fees to purposes other than our faithful dogs.

These are sobering facts to remember, friends, as we observe National Dog Week, Sept. 21 to Sept. 27. It is something to remember at the poles.

### OFF TO SCHOOL

Rissy-Missy

In this combed broadcloth one piece dress with tiny companion check piping on collar, cuffs, belt, and tie. Skirt inserts also are of the check. Colors: Brown with brown-white; Navy with Navy-white; and green with green-white. Sizes: 7 to 12.

## Harry Sees What He Wants To See

We're all aware of the psychic phenomenon whereby a man can make himself see only what he wants to see, hear only what he wants to hear, and remember only what he wants to remember.

So when President Truman says he is unaware that any mess exists in Washington we must be patient and tolerant and remember about psychic phenomena.

But at the same time we happily are free to point out that we think he is wrong, dead wrong. And by "we" is meant all the Republicans, nearly all the Democrats, and Adlai Stevenson, who has flatly declared that a mess does exist in Washington and that he is going to clean it up.

Furthermore, newspaper readers and the radio and television audience — lacking the psychic compulsion to forget certain things — recall all too vividly the big Washington stories about corruption, graft, bribery, influence peddling.

And they recall just as well as the ineffectual measures taken by the administration to stamp out these evils. The people have no reason to want to forget these things. On the contrary — shocked and deeply offended by them — the people have every reason to want to remember them. And they want positive, determined steps to eradicate them.

There is just one more point to take up here and that is that maybe President Truman doesn't know what the word "mess" means. You find people sometimes who go through life with an imperfect understanding of a fairly common word.

Like, for instance, you'll sometimes find a fellow who thinks a tycoon is one of those big storms out around the South Pacific, that a typhoon is a big, fat captain of industry, that a buffoon is something you job into whales, and a harpoon is a joker.

Webster's New International Dictionary, a fat, authoritative tome weighing as much as a bucket of rocks, has a whole list of meanings for the word "mess."

Most of them have to do with meals, particularly as applied to the ones seamen eat. That's not the meaning we have in mind, Mr. President. Meaning Number 2 says mess can mean the milk given by a cow at one milking. Not that one, either, Mr. President. Nobody's sore about the milk some cow gave down in Washington.

Meaning Number 3 says mess can mean food given to a beast at one time. Nobody's begrudging a horse his hay.

But with Meaning Number 4 we begin to get some place. In fact, we arrive.

Meaning Number 4 says mess can mean, "A confused, inharmonious, or disagreeable mixture of things; a medley; a hodgepodge; hence, a situation resulting from blundering or from misunderstanding; a state of confusion, embarrassment, or the like; a muddle; a batch."

That's what we mean by mess, Mr. President. All those things.

## Controls Forever?

It has long been obvious that some men in key government positions want price and wage controls of a permanent nature, instead of the theoretically temporary type we are burdened with now. A bill to bring about that end is on paper, and it will probably be offered to Congress if and when the time seems right.

That time may never come — the last Congress showed less stomach for even materially relaxed price controls than did any of its recent predecessors. However, the fact that responsible government officials seek permanent controls is evidence of one of the most dangerous and contagious of the bureaucratic diseases. The official who would willingly give up power is so rare as to be a museum piece. Officialdom, by its very nature, always wants more and more power, more and more authority to order people about — and, of course, more and more of our money to pay the bills. Controls are sold to Congress and the public on the grounds that they are necessary to deal with a temporary emergency. Then, regardless of what happens to the alleged emergency, every conceivable effort is given to continuing them forever on a "controls for controls' sake" basis.

No one need suffer any illusions as to what permanent "tough" controls would do to the country — there is plenty of historical precedent here and elsewhere. You can tell a manufacturer that he can charge only so much for an article at wholesale. You can tell the retailer that he must sell it to his customers at such and such a price. But you can't force the manufacturer to make it or the retailer to stock it if the legal price is too low to allow some kind of profit. That simple example shows why, in the long run, controls always create scarcity. And when that happens everyone suffers except the black-market operators.

Most important of all, controls always lead to a political dictatorship of the economy, and when we reach that point we can quit talking about individual freedom and representative government — for they will no longer exist.

## Better Jobs

By R. C. MOILES

### "The Christian's Political Responsibility"

Here is the final installment of the article from Faith and Freedom, "The Christian's Political Responsibility." I am continuing to quote from this article under the sub-head:

**What Should Be Done?**  
"What lines of action, then, are indicated by the political principles we have established?"

"In accord with the first principle, (if man's law conflicts with God's law, man's law must be repealed and God's law obeyed) we should re-assess our laws and measure them, law for law, against God's moral law. If there is conflict, we should work for repeal of these man-made laws which do not square with moral law. Also, we should screen all proposed legislation against this same high standard. It is our Christian responsibility to do so.

"In accord with the second principle, (the Christian cannot transfer to government his personal moral responsibility) we must strengthen our efforts to live up to our own Christian duty and not expect government to require others to carry our responsibilities for us.

"In accord with the third principle, (government is only men, and as the power of these men increases so does their corruption) we have only one alternative. We cannot know, in advance, the degree of corruptibility of candidates for public office; and we certainly cannot know the potential corruptibility of the thousands of men they appoint to government posts. All we know is that power corrupts, the corruption increases as power increases. Therefore, all we can do, consonant with our Christian political responsibility, is to minimize the power and size of our government.

"In accord with the fourth principle, (to the extent that government does more than keep the peace, its power is used against the people) we should stop asking the government to assume more and more responsibilities—responsibilities that should be assumed by the individual himself.

"In accord with the fifth principle, (Governments can only aid in securing freedom for men. To win universal freedom, all must obey God) we should cease trying to 'organize' world freedom by economic, military and political means—by force. Simultaneously, we should spend more of our time, effort and money voluntarily teaching the Word of God—the word of love—in our own and other lands.

"If the helplessness of the Christian seems insurmountable, if the way of righteousness appears dark, look to the Bible. Look at the scattered few who fled from destruction at the time of the Crucifixion, the remnant against Rome, against civil and ecclesiastical government—the remnant that turned the world upside down."

"Participating in political life, however, on the scale implied by these principles, will require that Christians do much more than merely vote. Casting our ballots in every election—whether voting for the local school board or President of the United States—is a must. Our personal moral responsibility—which distinguishes us from the animals—depends upon the exercise of our freedom of choice morally.

"Apathy among much of the electorate can be explained to a great extent by the fact that many people are convinced there is no choice in voting—that there is no choice between major parties or candidates on principle. Here is a situation in which the Christian should exercise his political responsibility in ways more important than the casting of his ballot.

"It seems certain there is a large and growing segment of the American people who feel they have no choice between the major party candidates and platforms. In the last two presidential elections both major parties polled fewer votes than they had in the previous election—the first time this has happened to both parties twice in succession in our history. Traditional, as our population has grown, our two major political parties have polled more votes with each presidential election.

"If millions of Americans feel their major political parties offer insufficient alternatives in principles, then certainly it is the Christian's political responsibility to help discern where principle lies—and to fight for principle first, instead of party. For, if almost half of our potential voters are spurning the polls on principle, then America is in poor political health indeed.

"The Christian should bring his influence to bear upon his family, friends, business associates and political party—to emphasize the importance of principle over expediency. The Christian should prefer going down to defeat with a candidate whose principles are based upon the Moral Law, to winning 'victory' with a candidate whose proposals are popular, expedient and in violation of the Law.

"The Christian should be a 'doer of the word' and not a 'hearer only' in relation to politics as in everything else. In all his social and political contacts he should use his influence to bring political convictions, political candidates and political platforms into conformity with Christian principles.

"Applying Christian principles to politics will take all the intelligence and courage the Christian can muster. He will be called 're-

## You're On The Wrong Page

## Down South Allee Let Cat Out Of The Bag In Definition Of Socialism

By THURMAN SENSING Southern States Industrial Council Nashville, Tennessee

There are those who say they do not believe in socialism but do believe in such things as the Brannan plan for agriculture or the Ewing plan for health insurance. They are certainly deluding themselves when they say this—and the danger is that they may be deluding others.

The advocates of the "planned economy" of which the two plans mentioned above are illustrations, believe in socialism whether they know it or not—for socialism and the planned economy are one and the same.

This fact was quite well set forth in a speech I heard Prime Minister Allee of Great Britain make while I was over there about three years ago. In the course of his speech he made this statement, "It is the function of socialism to control the blind economic forces that govern the affairs of man."

In making this statement, Mr. Allee "let the cat out of the bag"; he revealed the fundamental beliefs of the proponents of socialism—that people are not capable of governing themselves; that they are "blind"; that they are "actionary" by one clique and "radical" by another. He will be labeled crackpot, dangerous.

"A final word to you, the reader of this message: Be not discouraged nor disheartened by the onset of slavery all over the world. Do not let the corruption that is eating at America's heart feed upon your own. Stand fast therefore in the liberty wherewith Christ hath made us free, and be not entangled with the yoke of bondage."

"As long as one true Christian is left upon this earth, the sun will not have set upon man's hope for freedom. For the power of one man, be he a son of God, is limitless."

It is simply contrary to common sense to believe that any individual or group of individuals can be more interested in a person's welfare than he is interested in it himself—yet that is what the planned economy means. That means that everybody bows to a line that everybody is encompassed within the plan, that individualism and freedom are dead.

That it does not work in the practical sense, we have seen many clear illustrations, not only in history but in our own experience. Great Britain accepted the planned economy in the nationalizing of her industries—and Great Britain has been brought to the brink of bankruptcy thereby. The two main products of Argentina have always been a patient and meat. Now, after inaugurating the planned economy two or three years ago, Argentina is importing wheat and serving meatless days! We have seen the corruption and inefficiency resulting from our own controls here in the U.S.A. The planned economy defeats its own ends. Nature and freedom will not be denied.

### Reds Slant Hate-America Air Shows Toward Kids Of Europe

By JOHN FISHER

Moscow brain trusters conceived the idea of hog-tying prisoner states by making the Soviet Union self sufficient, or as they describe the project, "building Communism on an internal resource, on savings resulting from Socialist accumulation, achieved by Soviet industrial enterprise."

But the menace is not less because we cannot hear fresh gunfire. The great Red bog constricts right now seem to be digesting captive states and peoples. It is consolidating its gains, molding 800 million isolated human beings into thought-controlled robots and all its allied governments into abject puppets.

The process of conformity is less difficult in the U.S.S.R. Most Muscovites never have tasted liberty. Even their church—in other lands a link to outside friends—is historically Russian Orthodox and now at top levels subservient to Marxist Mammon. Except for Ukrainian Georgians and similar non-Russian folk with individual cultures, Soviet regimentation is confronted by no vital social obstacles.

Satellites are not so tractable. The United States could afford to have its economy disrupted by a work stoppage of such magnitude in a major strategic and domestic industry.

The Truman administration, hoping to retain the labor vote for the November elections, refused to invoke the Taft-Hartley Act to bring the strike to an end. Attempts by President Truman to seize the steel industry failed when the courts declared such action unconstitutional. The strike was eventually settled when Mr. Truman called a conference of the principal disputants.

Another strike which would represent an even greater threat to the economy, not only of the United States, but also of many other countries, has now appeared on the horizon. John L. Lewis, leader of the United Mine Workers, has formally notified the Federal Mediation Service that a dispute exists in the coal field—a step that must be taken under the Taft-Hartley Act, at least 30 days before a strike can be called.

If Lewis decides to call the workers out after the 30-day period, the Government can still issue, under the Taft-Hartley Act, an 80-day no-strike injunction. However, because the nation will be in the midst of the presidential election campaign at that time, it is doubtful whether the Democrats, as the party in power, would use this controversial measure.

And so another major strike seems to be imminent with the people of the United States powerless to do anything to prevent it. The hope is that the next administration will be able to effect, by the use of individuals like John L. Lewis and other union autocrats who seem intent upon guiding the destiny of a great nation through the indiscriminate and substantially irresponsible use of the strike weapon.

**LESS FREEDOM—MORE FREEDOM**  
(Christian Economic)  
If flying the Confederate flag means that more or less unconsciously people are upholding the constitutional republican form of government, which dignifies the individual rather than degrades him; if it means they are protesting against our strongly centralized federal government in favor of more and better state and local government; and that they are protesting against the socialistic form of government now so urgently advocated by many in high places—then we are ready to join them in protest against the trend toward statism and to help emphasize the resurgence of the people's desire for simpler government with less functions and a return toward the ancient liberties of our fathers.

Another slant on the Communist attitude toward education is in the trial of Father Josef Marsalek, a Catholic teacher in a Czech grammar school. ## The Doctor Says

By EDWIN J. JOELAN, M.D.

Every fall a considerable number of people—usually hunters—come down with a disease known as tularemia, or rabbit fever.

This is a germ disease which is rather widespread in several animals, including squirrels, cats, dogs, woodchucks, muskrats, foxes, coyotes, mink, raccoons, meadow mice, rats, pheasants and several other animals. The germs that cause the disease are found in the blood and tissues of these animals.

Tularemia generally begins with a lump under the skin. The lump appears from one to four days after exposure to infected material. Since the places most exposed in skinning infected animals are the hands and arms, the lump is most frequent in these areas.

After about a week the lump becomes an open sore—ulcerated. If it starts on the hand or arm, the lymph glands in the arm pits become enlarged after a short time. The glands are tender and painful and may become filled with pus.

A rapid rise in temperature to 104 or even higher is characteristic. The fever rises and falls and may even become normal for short periods while the infection is still active.

Severe fatigue both during the active stage of the infection and even for months or years afterward is common. A form of tularemia pneumonia is not unusual. Tularemia should be avoided if at all possible. It isn't pleasant at best. Hunters should wear gloves while handling or skinning rabbits or other game.

Until recently tularemia was a long-lasting and disabling disease. In streptomycin a treatment has been found which promptly cures a high percentage of the victims of this disease.

### College Calls Irish Students

SHAMROCK (Special) — Approximately 70 students from the Shamrock area left for colleges and universities recently. More than a fourth of the number enrolled at Texas Technological College in Lubbock. They are: Joris Betenbough, Dudley Coleman, Bernice Close, Albert Purcell, Bryan Close, Clois Smith, Virgil Snell, Ted Sonnenburg, Laverne Purkey, Gene Hammill, Dan Glover, Roger Kohls, Wendell Phillips, Billy York, Van Pennington, Mack Terry, Floyd Ray, Ronald Gooch, Evelyn June West, Glenn Terry and Emery Shepard.

Eleven students attending West Texas State College: Shirley Lee, Martha Montgomery, Katherine Smith, Jane Wooley, Nova Joris, B. D. Harrington, Sheila Stephens, Alice Wilkerson, Paul Hartwick, Loretta Barnett, and Patsy Roark.

Patsy Porter will return to North Texas State College at Denton, and Jane Skidmore is transferring from Baylor University to East Texas State College in Commerce. Jimmy Hefley and Billy Pavlovsky will attend the University of Arkansas at Fayetteville, and Bernice Lewis will return to the University of Oklahoma at Norman.

Ray Lacey Zeigler and Royce Laycock will be students at the Southwestern Branch of the University of Texas School of Medicine at Dallas. Claude Caperton, Jr. will attend the University of Texas Dental School at Champaign, and Johnnie Walker will be enrolled in the University of Texas Medical School at Galveston.

Shamrock will be represented at the University of Texas by: Joel and Harold Sanders, Marvin Tindall, Sandra Hager at Oklahoma A&M; Stillwater, and Marilyn Grogan. Local students at Texas A&M College Station are: Paul Roper, Gilbert Strubbing, Carl Wall, Donald Jeffers, Kenneth Wampler and Donald Payne.

Dwayne Hager is enrolled at Tulane University in New Orleans; Kathleen Tindall returned to Stephens College at Columbia, Mo.; Bill Burden is at Kemper Military School, Booneville, Mo.; Dewayne Grimsley is attending the University of Kansas at Lawrence; and Patricia Reeves is a student in Amarillo College.

Cora Frances Briggs and Rose Mary Lanham are student nurses in Western Oklahoma State Hospital in Clinton. Wynona Lister is attending school of beauty culture in Lubbock. Junelle Sims, Mary Beth and Margaret Sue D'Spain are students at Abilene Christian College. Troy Poole is doing his third-year work at the University of Houston.

**Baby Volcano Titled**  
TOKYO (AP) — Japan today named the world's youngest volcano and said the fiery mother may have produced twins. The Myojin Reef is the name selected by the Hydrographic Division of the Japanese Maritime Safety Board, it honors the fishing boat Myojin Maru, whose crew discovered the eruption Tuesday about 200 miles south of Tokyo.

Crew members said the mouth of the volcano is clearly visible above the water and a column of fire can be seen. Also visible is a fairly large island to the west and a smaller one to the south.

Although some forms of insects live near or in the sea at the shoreline, they are believed to be not truly marine insects.

### Merchants Are Expecting Dollars To Start Rolling In

By SAM DAWSON  
NEW YORK (AP) — Stores expect the dollars to roll in more merrily from now until Christmas.

They don't look for any avalanche, but they figure the public at last is ripe for buying more. And they have some well-sounded arguments.

But many a customer isn't ready. He says that the stores are filled with things he'd like, but in many cases the prices are lower than last fall and show few signs now of going still lower.

**Factors Favor Buying**  
After the average man, however, pays the high food bills, makes the payment on the costlier house his family wanted, gets the kids ready for school, pays the higher fares, rates and needed services, he hasn't much left for things he may want but could do without.

Merchants know that. But they think that this fall potential customers are going to have more money to spend—and more compelling reasons for parting with it. Their reasoning runs this way:

Employment is high. Some think it may increase by half a million before Christmas.

Wage increases granted this summer—and others on the fire—should swell the sum of money available for spending.

Credit Rise Seen  
And it's been almost two years since the public had its last big fling at buying. Some goods purchased then need replacement. And final payments on installment debt incurred then are being made—releasing part of the family income for renewed buying. Also curbs on credit are dead now, and on the cuff purchasing is rising again.

Against these arguments to show that retail trade should be on the upgrade until Christmas are some caution signals: Price resistance is still strong among customers, and they don't

panic easily as they did early in the Korean War.

Retail prices average out four per cent lower than a year ago, meaning that a greater volume of goods must be moved if dollar sales are to surpass last year's totals.

**Store Costs Up**  
Much of the present boom rests on the defense program—both the tax spending for military good, and the private to make defense items. And the timetable for this defense buildup has changed several times already—and could again after election.

Store operating costs keep edging higher in many cases, so that sales volume increases don't necessarily mean much profit-wise. Still, many retailers are feeling better this fall.

After months of painful mark-downs and hand-to-mouth buying, most stores now have inventories back to favorable working levels. Over-all retail inventories are running 10 per cent below a year ago.

**Night Opening Helps**  
Some stores have succeeded in either paring costs or stopping the rise of operating expenses. Such devices as night opening have brought more business through store aisles in many places.

And the customers are coming back.

Retail sales hit their low point in April, then started to rise. There was a bubble in mid-summer, due to the steel strike and torrid temperatures. But sales are on the increase again.

The Department of Commerce says retail sales for the first seven months are running two per cent ahead of a year ago, with September expected to show much better than that.

Although some forms of insects live near or in the sea at the shoreline, they are believed to be not truly marine insects.
